(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) ~~(The)~~ Except as provided in section 7(3) of this act, the department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred seventy dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred seventy dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred seventy dollars.

(4) When the department reinstates a person's driver's license following a suspension, revocation, or denial under RCW

Sec. 9. RCW 46.20.342 and 2015 c 149 s 1 are each amended to read as follows:

(1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. (c) A person who violates this section when his or her driver's license or driving privilege is, at the time of the violation, suspended or revoked solely because:

(ii) ~~(the)~~ The person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW(~~(?)~~);

(iii) ~~(the)~~ The person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents(~~(?)~~);

(d) For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Sec. 10. RCW 46.20.391 and 2012 c 82 s 2 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide, vehicular assault, driving while under the influence of intoxicating liquor or any drug, or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, may submit to the department an application for a temporary restricted driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue a temporary restricted driver's license and may set definite restrictions as provided in RCW 46.20.394.

(2)(a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or ~~((pay a traffic ticket under))~~ respond pursuant to RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license.

(3) An applicant for an occupational or temporary restricted driver's license who qualifies under subsection (1) or (2) of this section is eligible to receive such license only if:

(a) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed vehicular homicide under RCW 46.61.520 or vehicular assault under RCW 46.61.522; and

(b) The applicant demonstrates that it is necessary for him or her to operate a motor vehicle because he or she:

(i) Is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle;

(ii) Is undergoing continuing health care or providing continuing care to another who is dependent upon the applicant;

(iii) Is enrolled in an educational institution and pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion;

(viii) Presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program for which a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect for no longer than fourteen days; and

(c) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW; and

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first-class mail to the driver that the occupational driver's license shall be canceled. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection; and

(e) The department shall not issue an occupational driver's license under (b)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (b)(iv) of this subsection.

(4) A person aggrieved by the decision of the department on the application for an occupational or temporary restricted driver's license may request a hearing as provided by rule of the department.

The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose occupational or temporary restricted driver's license has been canceled under this section may reapply for a new occupational or temporary restricted driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

NEW SECTION. Sec. 11. A new section is added to chapter 46.20 RCW to read as follows:

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5172 with the following amendment(s): 5172-S.E AMH HOFF TANG 109

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to stabilize, strengthen, and protect our state's agricultural workforce and economy, it is the intent of the legislature to pass the laws necessary to protect

NINETY FIFTH DAY, APRIL 15, 2021

2021 REGULAR SESSION

farmworkers and to provide agricultural employers with certainty and predictability.

The legislature intends to address the historical exceptions of agricultural work from overtime standards from both the federal fair labor standards act and the state minimum wage act when they were enacted over 60 years ago. Excluded from the opportunity to earn overtime pay, farmworkers across our state remain among our state's poorest workers. A United States department of labor study in 2016 found that nationally, 30 percent of farmworker families live below the poverty line, almost double the poverty rate of American families overall. The state department of health found that the current novel coronavirus pandemic has had a significant and disproportionate impact on farmworkers. The virus' risks to essential farmworkers from potential workplace exposures are compounded by systemic barriers to testing, prevention measures, and medical care.

The legislature also intends to avoid disruptions within the state's vital agricultural sector. While Washington is well known as the national leader in apple production, the state's agricultural sector is incredibly diverse: Over 300 crops are harvested, and a variety of livestock are raised on over 35,000 farms across the state. The robust size of our agricultural sector means our state overall ranks in the top 10 nationally in the size of our farm labor force. Agriculture is a cornerstone of our state economy. Uncertainty from recent legal decisions regarding overtime standards are compounding the pandemic's disruptions to the food chain and the safety challenges of operating during a public health crisis.

The legislature intends to provide clear overtime standards to reduce litigation between parties in this key sector of the state's economy during the challenges and additional costs brought on by the novel coronavirus and to protect the security of our food supply chain. This act's transitional approach is reasonable to achieve the legislature's purpose of increasing the safety of an at risk and essential workforce, increasing the public welfare of low-income individuals by removing a historical barrier to their earning potential, and maintaining the food security and economic security provided by a stable agricultural sector.

Sec. 2. RCW 49.46.130 and 2013 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this section, no employer shall employ any of his or her employees for a workweek longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

(g) Any individual employed ~~((4) on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and furbearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; or (ii) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; or (iii) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption)) as an agricultural employee. (h) Any industry in which federal law provides for an overtime payment based on a workweek other than forty hours. However, the provisions of the federal law regarding overtime payment based on a workweek other than forty hours shall nevertheless apply to employees covered by this section without regard to the existence of actual federal jurisdiction over the industrial activity of the particular employer within this state. For the purposes of this subsection, "industry" means a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (section 3(h) of the Fair Labor Standards Act of 1938, as amended (Public Law 93-259));

(j) Any individual licensed under chapter 18.85 RCW unless the individual is providing real estate brokerage services under a written contract with a real estate firm which provides that the individual is an employee. For purposes of this subsection (2)(j), "real estate brokerage services" and "real estate firm" mean the same as defined in RCW 18.85.011.

(3) No employer shall be deemed to have violated subsection (1) of this section by employing any employee of a retail or service establishment for a workweek in excess of the applicable workweek specified in subsection (1) of this section if:

(a) The regular rate of pay of the employee is in excess of one and one-half times the minimum hourly rate required under RCW 49.46.020; and

(b) More than half of the employee's compensation for a representative period, of not less than one month, represents commissions on goods or services.

In determining the proportion of compensation representing commissions, all earnings resulting from the application of a bona fide commission rate is to be deemed commissions on goods or services without regard to whether the computed commissions exceed the draw or guarantee.

(4) No employer of commissioned salespeople primarily engaged in the business of selling automobiles, trucks, recreational vessels, recreational vessel trailers, recreational vehicle trailers, recreational campers, manufactured housing, or farm implements to ultimate purchasers shall violate subsection (1) of this section with respect to such commissioned salespeople if the commissioned salespeople are paid the greater of:

(a) Compensation at the hourly rate, which may not be less than the rate required under RCW 49.46.020, for each hour worked up to forty hours per week, and compensation of one and one-half times that hourly rate for all hours worked over forty hours in one week; or

(b) A straight commission, a salary plus commission, or a salary plus bonus applied to gross salary.

(5) No public agency shall be deemed to have violated subsection (1) of this section with respect to the employment of any employee in fire protection activities or any employee in law enforcement activities (including security personnel in correctional institutions) if: (a) In a work period of twenty-eight consecutive days the employee receives for tours of duty which in the aggregate exceed two hundred forty hours; or (b) in the case of such an employee to whom a work period of at least seven but less than twenty-eight days applies, in his or her work period the employee receives for tours of duty which in the aggregate exceed a number of hours which bears the same ratio to the number of consecutive days in his or her work period as two hundred forty hours bears to twenty-eight days; compensation at a rate not less than one and one-half times the regular rate at which he or she is employed.

(6)(a) Beginning January 1, 2022, any agricultural employee shall not be employed for more than 55 hours in any one workweek unless the agricultural employee receives one and one-half times that agricultural employee's regular rate of pay for all hours worked over 55 in any one workweek.

(c) Beginning January 1, 2024, any agricultural employee shall not be employed for more than 40 hours in any one workweek unless the agricultural employee receives one and one-half times that agricultural employee's regular rate of pay for all hours worked over 40 in any one workweek.

An agricultural employee does not include a dairy employee.

(9) For the purposes of this section, "dairy employee" includes any employee engaged in dairy cattle and milk production activities described in code 112120 of the North American industry classification system."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that substance use disorder is a disease and should be treated using a public health, rather than a criminal justice-centered, approach. Existing laws criminalizing the possession of drugs have been ineffective in reducing drug use and preventing substance use disorder. These laws cause significant harm to individuals who use drugs by disrupting and further destabilizing their lives. It also contributes to an increased risk of death, the spread of infectious diseases, mass incarceration, the separation of families, and barriers to accessing housing, employment, and other vital services. Furthermore, even though research shows that drugs are used and sold at similar levels across all races, laws criminalizing the use of drugs have disproportionately impacted minority communities.

This act takes the important first step of reducing the crime of possession from a felony to a gross misdemeanor and institutes greater opportunities for treatment. In coordination with this act, the legislature intends to increase funding for programs that have a proven track record of assisting individuals to break free from substance use dependency. These programs include LEAD (law enforcement assisted diversion/let everyone advance with dignity program); HOST (homeless outreach stabilization transition teams); peer-run clubhouses; opioid treatment network; project for psychiatric outreach for the homeless; mobile opioid treatment grant; peer support programs; and family navigators.

The purpose of this act is to save lives and to help transform Washington's approach to drug use from one based on criminalization and stigma to one based on science and compassion.

PERSONAL PRIVILEGE

Senator Sheldon: "Mr. President, it was with extreme sadness to hear Senator Liias say that Senator Paull Shin had passed on today. I served a long time with Senator Shin and admired him greatly. When you got to know Senator Shin and his personal story, it was impossible to have a bad day. He was such a kind gentleman. Took his role as a senator so serious. And worked with people across the aisle and really around the country. He was really a rock star in Korea. Executive branch of our United States government used him, and he helped them in many ways in the contacts he made. So, it's very sad to hear that he is gone but my Session Aide, Bev Burnley, worked for him for a long time as well, and we all admired Paull and certainly will miss his smiling face. And he always gave you a handshake when you talked to him during the day and when he said good morning to you. I'll always remember that handshake, firm, and earnest. That was Paull Shin in my memory. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Keiser: "I want to thank Senator Sheldon for his comments, and I would ask for the Lieutenant Governor and presiding officer to call for a moment of silence. We've been very busy today. I believe it's time for us to take a few minutes and center ourselves on the loss of a very valued colleague. Thank you."

content by resin type used for each category of covered products that are sold, offered for sale, or distributed in or into Washington state, including the total postconsumer recycled content resins as a percentage of total weight. The report must be submitted in a format and manner prescribed by the department. A manufacturer may submit national data allocated on a per capita basis for Washington to approximate the information required in this subsection if the producer or third-party representative demonstrates to the department that state level data are not available or feasible to generate.

(b) The requirements of (a) of this subsection apply to household cleaning and personal care products in plastic containers beginning April 1, 2026.

Beginning June 1st of the year following the first year that minimum postconsumer recycled product content requirements apply to a category of covered product, the penalty must be calculated consistent with subsection (2) of this section unless a penalty reduction or corrective action plan has been approved pursuant to subsection (3) of this section.

(b) A producer that is assessed a penalty pursuant to this section may pay the penalty to the department in one payment, in quarterly installments, or arrange an alternative payment schedule subject to the approval of the department, not to exceed a 12-month payment schedule unless the department determines an extension is needed due to unforeseen circumstances, such as a public health emergency, state of emergency, or natural disaster.

(2) Beginning June 1st of the year following the first year that minimum postconsumer recycled product content requirements apply to a category of covered product, and annually thereafter, the department shall determine the penalty for the previous calendar year based on the postconsumer recycled content requirement of the previous calendar year. The department shall calculate the amount of the penalty based upon the amounts in pounds in the aggregate of virgin plastic, postconsumer recycled content plastic, and any other plastic per category used by the producer to produce covered products sold or offered for sale in or into Washington state, in accordance with the following:

(a)(i) The annual penalty amount assessed to a producer must equal the product of both of the following: The total pounds of plastic used per category multiplied by the relevant minimum postconsumer recycled plastic target percentage, less the pounds of total plastic multiplied by the percent of postconsumer recycled plastic used; multiplied by 20 cents.

(ii) Example: [(Total pounds of plastic used x minimum postconsumer recycled plastic target percentage) – (Total pounds of plastic used x postconsumer recycled plastic percentage used)] x 20 cents.

(b) For the purposes of (a) of this subsection, both of the following apply:

(i) The total pounds of plastic used must equal the sum of the amount of virgin plastic, postconsumer recycled content plastic, and any other plastic used by the producer, as reported pursuant to section 4 of this act.

(ii) If the product calculated pursuant to (a) of this subsection is equal to or less than zero, the department may not assess a penalty.

(3)(a)(i) The department shall consider granting a reduction of penalties assessed pursuant to this section for the purpose of meeting the minimum postconsumer recycled content requirements required pursuant to section 3 of this act.

(ii) In determining whether to grant the reduction pursuant to (a)(i) of this subsection, the department shall consider, at a minimum, all of the following factors:

(A) Anomalous market conditions;

(B) Disruption in, or lack of supply of, recycled plastics; and

(C) Other factors that have prevented a producer from meeting the requirements.

(b) In lieu of or in addition to assessing a penalty under this section, the department may require a producer to submit a corrective action plan detailing how the producer plans to come into compliance with section 3 of this act.

(4) For the purposes of determining compliance with the postconsumer recycled content requirements of this chapter, the department may consider the date of manufacture of a covered product or the container of a covered product.

(5) A producer shall pay the penalty assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 4 of this act in the form and manner prescribed by the department.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

- (1) Strong consumer protection and antitrust penalties are critical to protecting consumers and ensuring a fair marketplace;
- (2) Strong penalties ensure accountability, deter violations, and ensure a level playing field for businesses;
- (3) Washington currently does not provide strong penalties for violations of the state's consumer protection act, which prohibits unfair or deceptive acts or practices and unfair methods of competition;
- (4) Washington's penalty for unfair or deceptive acts or practices has not kept pace with inflation, and has not increased since 1970;
- (5) Washington's penalty for unfair methods of competition has also not kept pace with inflation, and has not increased since 1983;
- (6) Consequently, Washington has one of the lowest consumer protection penalties in the United States;
- (7) Twenty-four state legislatures representing more than 200 million Americans have passed enhanced penalties for violations that target or impact certain vulnerable populations, but Washington does not have an enhanced penalty;
- (8) Many Washingtonians are hurting financially due to the impacts of the global pandemic;
- (9) Washington's weak penalties place Washington consumers at greater risk; and
- (10) Washingtonians deserve strong consumer protections to ensure entities that illegally, unfairly, and deceptively go after their hard-earned dollars are held accountable.

Sec. 2. RCW 19.86.140 and 1983 c 288 s 2 are each amended to read as follows:

Every person who shall violate the terms of any injunction issued as in this chapter provided, shall forfeit and pay a civil

For unlawful acts or practices that target or impact specific individuals or communities based on demographic characteristics including, but not limited to, age, race, national origin, citizenship or immigration status, sex, sexual orientation, presence of any sensory, mental, or physical disability, religion, veteran status, or status as a member of the armed forces, as that term is defined in 10 U.S.C. Sec. 101, an enhanced penalty of \$5,000 shall apply.

For the purpose of this section the superior court issuing any injunction shall retain jurisdiction, and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

With respect to violations of RCW 19.86.030 and 19.86.040, the attorney general, acting in the name of the state, may seek recovery of such penalties in a civil action.

By December 1, 2022, and every five years thereafter, the office of the attorney general shall evaluate the efficacy of the maximum civil penalty amounts established in this section in deterring violations of the consumer protection act and the difference, if any, between the current penalty amounts and the penalty amounts adjusted for inflation, and provide the legislature with a report of its findings and any recommendations in compliance with RCW 43.01.036.

Sec. 3. RCW 4.16.160 and 1986 c 305 s 701 are each amended to read as follows:

(4) "Gross misconduct" means a criminal act in connection with an individual's work for which the individual has been convicted in a criminal court, or has admitted committing, or conduct connected with the individual's work that demonstrates a flagrant and wanton disregard of and for the rights, title, or interest of the employer or a fellow employee.

Sec. 2. RCW 50.20.010 and 2021 c 2 s 8 are each amended to read as follows:

(1) An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week in his or her eligibility period only if the commissioner finds that:

(a) The individual has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the commissioner finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(c) The individual is able to work, and is available for work in any trade, occupation, profession, or business for which the individual is reasonably fitted.

(f) As to weeks which fall within an extended benefit period as defined in RCW 50.22.010, the individual meets the terms and conditions of RCW 50.22.020 with respect to benefits claimed in excess of twenty-six times the individual's weekly benefit amount.

(2) An individual's eligibility period for regular benefits shall be coincident to his or her established benefit year. An individual's eligibility period for additional or extended benefits shall be the periods prescribed elsewhere in this title for such benefits.

(3)(a) For any weeks of unemployment insurance benefits when the one week waiting period is fully paid or fully reimbursed by the federal government, subsection (1)(d) of this section is waived.

(b) For any weeks of unemployment insurance benefits when the one week waiting period is partially paid or partially reimbursed by the federal government, the department may, by rule, elect to waive subsection (1)(d) of this section.

(4) During the weeks of a public health emergency, an unemployed individual may also meet the requirements of subsection (1)(c) of this section if:

(a) The unemployed individual is able to perform, available to perform, and actively seeking suitable work which can be performed for an employer from the individual's home; and

(b) The unemployed individual or another individual residing with the unemployed individual is at higher risk of severe illness or death from the disease that is the subject of the public health emergency because the higher risk individual:

(1) With respect to separations that occur on or after September 6, 2009, and for separations that occur before April 4, 2021:

(a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant obtains bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of ~~(the)~~ the claimant's training and experience.

(A) The claimant pursued all reasonable alternatives to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The claimant's usual compensation was reduced by twenty-five percent or more;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs; or

(a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant has left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the claimant's training and experience.

(b) A claimant has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:

(i) The claimant has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant made reasonable efforts to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The claimant's usual compensation was reduced by twenty-five percent or more;

(vi) The claimant's usual hours were reduced by twenty-five percent or more;

(vii) The claimant's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs;

(xii) During a public health emergency:

(A) The claimant was unable to perform the claimant's work for the employer from the claimant's home;

(B) The claimant is able to perform, available to perform, and can actively seek suitable work which can be performed for an employer from the claimant's home; and

(I) Was in an age category that is defined as high risk for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department

of health, or the equivalent agency in the state where the individual resides; or

(II) Has an underlying health condition, verified as required by the department by rule, that is identified as a risk factor for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides.

(4) Notwithstanding subsection (1) of this section, a claimant who was simultaneously employed in full-time employment and part-time employment and is otherwise eligible for benefits from the loss of the full-time employment shall not be disqualified from benefits because the claimant:

(a) Voluntarily quit the part-time employment before the loss of the full-time employment; and

(b) Did not have prior knowledge that the claimant would be separated from full-time employment.

Sec. 4. RCW 50.29.021 and 2021 c 2 s 16 are each amended to read as follows:

(1)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; ~~((e))~~

(ii) RCW 50.20.050 (1)(b) (v) through (x) or (2)(b) (v) through (x); or

(iii) During a public health emergency, the claimant worked at a health care facility as defined in RCW 9A.50.010, was directly involved in the delivery of health services, and was terminated from work due to entering quarantine because of exposure to or contracting the disease that is the subject of the declaration of the public health emergency.

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW

50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer, except as provided in subsection (4) of this section.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) ~~((#))~~, (2)(b) (iv), (xi), or (xii), or (3), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) Benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (2)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) Upon approval of an individual's training benefits plan submitted in accordance with RCW 50.22.155(2), an individual is considered enrolled in training, and regular benefits beginning with the week of approval shall not be charged to the experience rating account of any contribution paying employer.

(h) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(i)(i) Benefits paid during the one week waiting period when the one week waiting period is fully paid or fully reimbursed by the federal government shall not be charged to the experience rating account of any contribution paying employer.

(ii) In the event the one week waiting period is partially paid or partially reimbursed by the federal government, the department may, by rule, elect to not charge, in full or in part, benefits paid during the one week waiting period to the experience rating account of any contribution paying employer.

(j) Benefits paid for all weeks starting with the week ending March 28, 2020, and ending with the week ending May 30, 2020, shall not be charged to the experience rating account of any contribution paying employer.

(3)(a) A contribution paying base year employer, except employers as provided in subsection (5) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster, or to the presence of any dangerous, contagious, or infectious disease that is the subject of a public health emergency at the employer's plant, building, worksite, or other facility;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(v) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who qualified for two consecutive unemployment claims where wages were attributable to at least one employer who employed the individual in both base years. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(vi) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035;

(vii) Worked for an employer for ~~((twenty))~~ 20 weeks or less, and was laid off at the end of temporary employment when that employee temporarily replaced a permanent employee receiving family or medical leave benefits under Title 50A RCW, and the layoff is due to the return of that permanent employee. This subsection (3)(a)(vii) applies to claims with an effective date on or after January 1, 2020; or

(viii) Was discharged because the individual was unable to satisfy a job prerequisite required by law or administrative rule.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

(4) When a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits paid that are based on the originally filed incomplete or inaccurate report or reports.

(5) An employer's experience rating account may not be relieved of charges for a benefit payment and an employer who reimburses the trust fund for benefit payments may not be credited for a benefit payment if a benefit payment was made because the employer or employer's agent failed to respond timely

or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer's agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.

(b)(i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:

(A) At least three times in the previous two years; or

(B) Twenty percent of the total current claims against the employer.

(ii) If an employer's agent is utilized, a pattern is established based on each individual client employer that the employer's agent represents.

NEW SECTION. Sec. 5. If any part of sections 1 through 4 of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of sections 1 through 4 of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of sections 1 through 4 of this act. Rules adopted under sections 1 through 4 of this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 6. A new section is added to chapter 51.32 RCW to read as follows:

(1) For health care employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases which are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The health care employee must provide verification, as required by the department by rule, to the department or the self-insurer that the employee is in quarantine or has contracted the disease after exposure to the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by clear and convincing evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home or other location not under the employer's control, on leave from the employee's employment, or some combination thereof, for the period of quarantine outlined for the disease immediately prior to the employee's date of disease contraction or period of incapacity resulting from exposure to the disease which is the subject of the public health emergency.

(4)(a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the worker as part of a federal or state program for these employees during the public health emergency, total temporary disability benefits are not payable for the same period of time covered by this federal or state program.

(5) Costs of claims allowed under this section shall not affect the experience rating of employers insured by the state fund. When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(6) For purposes of this section:

(a) "Health care employee" means an employee of any health care facility or other organization that provides emergency or medical services who has or likely has had direct contact with any person who has been exposed to or tested positive for any infectious or contagious diseases which are the subject of a public health emergency.

(b) "Health care facility" has the same meaning as in RCW 9A.50.010.

(c) "Public health emergency" means a declaration or order that covers the jurisdiction where the employee was working on the date of exposure concerning any dangerous, contagious, or infectious diseases, including a pandemic, and is issued as follows:

(i) The president of the United States has declared a national or regional emergency; or

(ii) The governor of Washington declared a state of emergency under RCW 43.06.010(12).

(7) The presumption in subsection (1) of this section takes effect on the day the national, regional, or state emergency is declared and continues until this declaration is revoked.

(8) The provisions of RCW 51.28.055 concerning time limits for filing claims for occupational disease apply to claims covered under this section.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MESSAGE FROM THE HOUSE

April 5, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5193 with the following amendment(s): 5193-S.E AMH LAWS H1303.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds with roughly \$4,700,000,000 in the state unemployment insurance trust fund, Washington entered the COVID-19 pandemic with one of the strongest and best-funded trust funds in the nation. During an unprecedented time, the state's unemployment insurance trust fund provided critical economic support to Washington workers and businesses through unemployment benefits and helped bolster the state's economy.

The legislature recognizes that the employment security department maintains a recession readiness team that prepares the agency to respond to economic changes, helping employers and employees plan for the future. Based on experience with past recessions, the employment security department's readiness team prepared contingency plans for a possible economic crisis. During the great recession, there were approximately 61,000 continued unemployment insurance claims in September 2008, rising to a high of approximately 173,000 claims in January of 2010, a period of 16 months. During the first three months of COVID-19, unemployment insurance claims were more than double those filed during the great recession, a time period that was seven times longer. From February 2020 to April 2020, unemployment insurance claims went from approximately 62,000 to approximately 447,000 claims. The sudden magnitude of claimants overwhelmed the system; contributing to Washingtonians waiting months for their earned benefits and facing deep economic insecurity.

The legislature finds that, despite conscientious economic emergency planning by the employment security department, claims processing issues are central problems encumbering the

employment security department's ability to timely meet a suddenly increased demand for benefits. Immediate additional measures to facilitate rapid and equitable provision of unemployment benefits now, and enhanced preparation to do so in future economic downturns or emergencies, are critically important.

The legislature further finds that a federal retroactive funding model that looks back instead of preparing for potential economic shocks ahead was a major contributing factor to the challenges faced by all states during the COVID-19 pandemic in quickly paying benefits to unemployed workers. Our employment security department cannot quickly scale up for increased workloads and new programs if its administrative funding is based on funding that looks backward instead of forward.

Amid an unprecedented need for benefits and stresses on our unemployment insurance program, the legislature intends to create a pool of qualified unemployment insurance claim adjudicators, reduce claimants' need for assistance, assure transparency of claims processing performance measures, and make other system enhancements. Together, these systems enhancements will ensure quicker claim resolution and benefit payment; thus providing critical economic support during future unemployment crises.

NEW SECTION. Sec. 2. A new section is added to chapter 50.12 RCW to read as follows:

(1) The employment security department must create a training program to prepare a reserve force of skilled unemployment insurance claim adjudicators who can be available quickly when claims volume demands.

(2) The program must:

(a) Be open to both state and other public employees and private citizens;

(b) Be of sufficient quality that persons completing the training and any required continuing education would be ready to work as an unemployment insurance claim adjudicator within one week of commencing employment with the employment security department; and

(c) Provide a certification of completion to participants who complete the program.

(3) The office of financial management must collaborate with the employment security department to assist the department in identifying agencies with current state employees who meet the minimum qualifications for unemployment insurance claims' adjudicator. Employees at other agencies, who meet the minimum qualifications of the unemployment insurance claims' adjudicator classification, may, upon approval of their agency, attend required training provided by the department. In designated times of high unemployment claims, current state employees who have completed required training and who are otherwise qualified may be selected to assist the department in processing unemployment insurance claims or related activities. The office of financial management may adopt rules or issue guidance to assist in the implementation of this provision.

(4) By October 1, 2021, and each year thereafter, the employment security department must provide a report to the house of representatives committee on labor and workplace standards and the senate committee on labor, commerce, and tribal affairs, or successor committees, on the number of persons with current certifications under subsection (2)(c) of this section, the number of people employed by the department and over what period of time, and the adjudicator training and hiring costs.

NEW SECTION. Sec. 3. A new section is added to chapter 50.12 RCW to read as follows:

(1) The department must designate department employees to assure that letters, alerts, and notices produced manually or by the department's unemployment insurance technology system are written in plainly understood language and tested on claimants before they are approved for use. Criteria for approval must include comprehensibility, clarity, and readability. If the messaging of any letter, alert, or notice falls short of those criteria, manual methods of producing a comprehensible version shall be considered while the department waits for their unemployment insurance technology system to incorporate required modifications.

(2) Determinations and redeterminations must clearly convey applicable statute numbers, a brief explanation of pertinent law, outline of relevant facts, reasoning, decision, and result.

(3) The department will work with an unemployment insurance advisory committee comprised of business and worker advocates to explore:

(a) Establishing thresholds that will trigger automatic adjustments in department staffing assignments and phone agent staffing levels;

(b) Establishing a pilot to provide a caseworker approach to the claims of a group of claimants with that casework carrying over to reemployment services;

(c) Increasing language access, including by providing translation of notices sent to claimants as part of their unemployment insurance claims; and

(d) Frequency of the initial and continuing training to meet the needs of section 2 of this act.

(4) Dedicated toll-free phone lines must be established for claimants who lack computer skills or access to computers, claimants with disabilities, and claimants with limited English proficiency.

NEW SECTION. Sec. 4. A new section is added to chapter 50.12 RCW to read as follows:

The department must:

(1) Maintain an online data dashboard.

(2) Provide quarterly reports with performance metrics that include:

(a) Updates of unemployment rates;

(b) Total numbers of claims paid, amount compensated, claims denied, claims pending in adjudication, claims on which payment has been halted for review, pending appeals, appeals redetermined by the department, and appeals sent to the office of administrative hearings;

(c) Claims center phone statistics including call volume, hold times, abandoned calls, repeat calls, and all-circuits-busy messages for both claimants and employers;

(d) Ratio of staff phone agents to employers and ratio of staff phone agents to claimants;

(e) Number and dollar total of overpayments imposed and overpayment waiver approval rate; and

(f) The percentage of unemployed persons in the state receiving benefits (reciprocity rate).

NEW SECTION. Sec. 5. (1) By September 1, 2021, and at least quarterly through September 1, 2022, the employment security department must provide a report to the house of representatives committee on labor and workplace standards and the senate committee on labor, commerce, and tribal affairs, or successor committees, that includes:

(a) The department's progress in implementing this act;

(b) Updates on any new federal programs or funds received by the department for unemployment compensation and administration and the use of such funds;

(c) Any software or technology issues related to claims processing, including any issues causing claim delays or inaccurate automated notifications;

(d) Updates on the department's protocols and process for protecting sensitive data; and

(e) Any other relevant unemployment issues, or information related to enhancing the unemployment insurance system, as determined by the department.

(2) This section expires December 1, 2022."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5194 with the following amendment(s): 5194-S2.E AMH CWD H1377.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. INTENT. The legislature recognizes that student completion rates for workforce training certification and degree programs at community and technical

colleges are far lower than desirable to ensure that students may utilize the opportunities of postsecondary education to lift themselves and their families out of poverty and to meet our state's student achievement council road map goals, including for 70 percent of Washington residents to have a postsecondary certification or degree to meet workforce needs. The legislature recognizes that first-generation college-attending students, students with disabilities, and underrepresented minority students face far greater obstacles to apply, remain in school, and complete programs. This disparate impact greatly affects our state's commitment to equity.

The legislature recognizes that offering tuition financial support to first-generation and underrepresented minority students is necessary for students to enroll and attend college but must also be accompanied by proven supports for them to complete their degrees or workforce training programs.

The legislature recognizes that there are mentorship and advising programs based on strong evidence that have been proven to be successful in greatly increasing retention and degree or workforce training completion rates for first-generation students, underrepresented minority students, students with disabilities, and for all students at community and technical colleges. It is the legislature's intent that successful programs such as guided pathways be implemented at all community and technical colleges with the goal of doubling completion rates (as measured by completion in six years) for students in the next eight years. To accomplish this goal, the legislature intends to achieve full implementation of research-based programs to improve student outcomes, such as guided pathways. The legislature affirms that all students receiving Washington college grants, college bound scholarships, or federal Pell grants should receive the supports, including mentoring, that have been proven to increase completion rates.

The legislature further finds that research establishes that students from underrepresented minorities are far more likely to complete degrees or workforce training certification programs if the faculty and staff of the college reflect the diversity of the student body. Therefore, the legislature intends for the state's community and technical colleges to develop and implement plans to increase faculty and staff diversity.

NEW SECTION. Sec. 2. FINDINGS. The legislature finds that there is a need to expand investments in community and technical colleges for the purpose of guaranteeing both equitable access and educational success for all residents of the state, particularly for students from communities of color and low-income communities. The legislature finds further that equality of opportunity for all students requires investments to support services that are critical to: The success of students of color and low-income students; provide systemwide equity initiatives intended to make community and technical college campuses welcoming, benevolent places; overcome the digital divide for all students; and provide qualified and available counseling throughout the community and technical college system. The legislature also finds that a more full-time, stable, fairly compensated, and diverse community and technical college faculty is necessary to enhance student success and to improve the mentoring available for a diverse student body. The legislature also finds that resources for student aid and workforce investment need to be adequate to meet the needs of all students in the state, particularly those from families of color and low-income families.

NEW SECTION. Sec. 3. DIVERSITY, EQUITY, AND INCLUSION STRATEGIC PLAN. (1) Beginning July 30, 2022, all community and technical colleges must submit, on a biennial basis, strategic plans to the state board for community

and technical colleges for achieving diversity, equity, and inclusion of all races on their campuses.

(2) Colleges must create their strategic plans using an inclusive process of stakeholders including, but not limited to, classified staff, faculty, administrative exempt staff, students, and community organizations. Colleges are encouraged to use campus climate surveys to develop and update strategic plans for diversity, equity, and inclusion of all races.

(3) In addition to planning, each community and technical college shall include in its diversity program opportunities for students from historically marginalized communities to form student-based organizations, and to use community-based organizations, that permit students to work together to mentor and assist one another in navigating the educational system and to access trained mentors using evidence-based mentoring strategies.

(4) Each community and technical college shall establish a culturally appropriate outreach program. The outreach program may include communities of color, students with disabilities, neurodiverse communities, and low-income communities and be designed to assist potential students to understand the opportunities available in the community and technical college system. The outreach program may assist students with navigating the student aid system. Outreach programs may include partnerships with appropriate community-based organizations and use research and supports from the student achievement council.

(5) The state board for community and technical colleges shall develop a model faculty diversity program designed to provide for the retention and recruitment of faculty from all racial, ethnic, and cultural backgrounds. The faculty diversity program must be based on proven practices in diversity hiring processes.

(6) Each community and technical college shall conspicuously post on its website and include in the strategic plans, programs, and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

NEW SECTION. Sec. 4. STUDENT SUCCESS SUPPORT PROGRAMS AND GUIDED PATHWAYS IMPLEMENTATION. (1) Subject to availability of amounts appropriated for this specific purpose, each community and technical college shall fully implement guided pathways. At a minimum, guided pathways implementation must include:

(a) Comprehensive mapping of student educational pathways with student end goals in mind. These must include transparent and clear career paths that are tightly aligned to the skills sought by employers. Pathways must align course sequences to show clear paths for students, alignment with K-12 and university curriculum, and skill sets needed to enter the workforce;

(b) Dedicated advising and career counseling that helps students make informed program choices and develop completion plans. Advising services may include processes that help students explore possible career and educational choices while also emphasizing early planning. Advising must be culturally competent and with an emphasis on helping historically underserved, low-income, and students of color navigate their education;

(c) Data analysis of student learning as well as program and service outcomes. Data must be used to inform program development, the creation and further refinement of student pathways, and to provide opportunities for early intervention to help students succeed; and

(d) A student success support infrastructure using programs that the state board for community and technical colleges finds have been effective in closing equity gaps among historically underserved student populations and improve student completion rates. The student success support program must be based on research or documented evidence of success. In tandem with guided pathways implementation, student success support programs may include evidence-based elements such as:

- (i) Equity competent academic advising services;
- (ii) Equity competent career development programming;
- (iii) Clear information regarding financial aid and financial literacy; and
- (iv) Inclusive curriculum and teaching practices.

(2) Each community and technical college shall post on its website and include in the guided pathways program documentation and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(3)(a) The Washington state institute for public policy, in consultation with the workforce education investment accountability and oversight board under RCW 28C.18.200, shall complete an evaluation of the guided pathways model. To the extent possible, the institute shall complete a preliminary report that evaluates the effect of the guided pathways model on early student outcomes including, but not limited to, student retention and persistence, college level English and math within the first year, and graduation and transfer rates. The preliminary report must review the implementation of the guided pathways model in Washington and any available evidence of the effectiveness of the guided pathways model. The preliminary report must be submitted by December 15, 2023.

(b) The Washington state institute for public policy shall complete a final report that evaluates the effect of the guided pathways on longer-term student outcomes including, but not limited to, degree completion, time to degree, transfer to four-year institutions, employment, and earnings, to the extent possible. The final report must be submitted by December 15, 2029.

(c) Both the preliminary and final reports must consider differences in outcomes by racial and ethnic subgroups and socioeconomic status.

NEW SECTION. Sec. 5. TENURE-TRACK FACULTY.

(1) The legislature recognizes that student outcomes and success, especially for first generation, underserved students, may be significantly improved by increasing the number of full-time faculty at community and technical colleges.

(a) The legislature's goal is that community and technical colleges increase the numbers of full-time tenured positions by adding 200 new full-time tenure-track positions in the 2021-2023 fiscal biennium.

(b) This goal is best accomplished through converting part-time faculty positions to full-time tenure-track positions and by hiring new full-time faculty through processes identified in each college's diversity, equity, and inclusion of all races strategic plan described in section 3 of this act. If specific funding for the purpose of conversion assignments proposed in this section is not provided in the omnibus appropriations act, the conversion assignments proposed must be delayed until such time as specific funding is provided.

(c) The college board must collect data and assess the impact of the 200 additional full-time tenure-track faculty on student completion rates. The college board must convene representatives of faculty, staff, and administration to report on outcomes as a result of increasing full-time tenure-track faculty. In consultation

with representatives of faculty, staff, and administration, the college board must make recommendations about future steps to increase full-time tenure-track faculty that incorporate faculty diversity and historically underserved communities. The college board must report the results of its assessment, along with next step recommendations, to the legislature by December 15, 2023. The college board shall conspicuously post on its website and include in the report definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(2) This section expires July 1, 2024.

NEW SECTION. Sec. 6. MENTAL HEALTH COUNSELOR PILOT PROGRAM.

(1) Subject to the availability of amounts appropriated for this specific purpose, the college board shall administer a pilot program to increase student access to mental health counseling and services.

(2) The college board, in collaboration with the selection committee, shall select community or technical colleges to participate in the pilot program. At least half of the participating colleges must be located outside of the Puget Sound area. For purposes of this section, "Puget Sound area" means Snohomish, King, Pierce, and Thurston counties. Each participating college must receive a grant to implement one or more strategies to increase student access to mental health counseling and services, including substance use disorder counseling and services.

(3)(a) A selection committee consisting of the following shall assist with the application selection process:

- (i) One community or technical college president;
- (ii) One community or technical college vice president for student services or student instruction;
- (iii) Two faculty counselors employed at a community or technical college; and
- (iv) One community or technical college student.

(b) The selection committee may consult with representatives of an entity within a college or university that has expertise in suicide prevention and the department of health in developing selection criteria.

(4) Community and technical colleges wishing to participate in the pilot program shall apply to the college board. Applicants must identify opportunities for expanding on-campus mental health counseling and services. Applicants must also show a commitment to further develop partnerships by engaging external community providers, including those who provide crisis services and substance use disorder treatment and counseling. Applications that demonstrate plans to include one or more of the following strategies recommended by the community and technical college counselors task force must be prioritized:

(a) Improve equity, diversity, and inclusion of all races in counseling services, such as by diversifying the counselor workforce by adopting equity-centered recruiting, training, and retention practices or by providing equity training and awareness for all counselors;

(b) Meet mental health needs of students through an all-campus effort;

(c) Engage students to help increase mental health and counseling awareness and promote help-seeking behavior through student groups and other methods;

(d) Increase the visibility of counseling services on campus;

(e) Increase or expand external partnerships with community service providers;

(f) Adopt the use of telebehavioral health, especially in under resourced communities;

(g) Develop an assessment of counseling services to inform improvements and ensure counseling services are meeting student needs; or

(h) Implement counseling approaches grounded in theory that have evidence of being effective.

(5) Colleges selected to participate in the pilot program that use grant funding to hire additional mental health counselors must hire counselors who have specific graduate-level training for meeting the mental and behavioral health needs of students.

(6) Colleges selected to participate in the pilot program shall submit a joint report to the appropriate committees of the legislature and in accordance with RCW 43.01.036 by November 1, 2023. The report must include:

(a) Information on which colleges were selected for the pilot program, how much grant funding was received per college, and what strategies each implemented to increase student access to mental health counseling and services;

(b) Demographic data of students accessing mental health counseling and services, including those students who are considered underrepresented or traditionally have limited access to mental health counseling and services;

(c) Whether the mental health counseling and services provided are meeting the demand of students in terms of type and availability, and whether the various types of mental health counseling and services are being provided by community providers versus on-campus services;

(d) Information and data on the effectiveness, including cost-effectiveness, of each strategy used to increase student access to mental health counseling and services, including substance use disorder counseling and services, such as the number of additional students served, reduced wait times for counseling appointments, or other data that reflects expanded access; and

(e) Lessons learned and recommendations for improving student access to mental health counseling and services at community and technical colleges and to community providers, including whether there were any strategies implemented that proved more effective than others in increasing access.

(7) Colleges selected for the pilot program shall conspicuously post on their websites and include in the report to the legislature the definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(8) The pilot program expires July 1, 2025.

(9) This section expires January 1, 2026.

NEW SECTION. Sec. 7. MINIMUM COUNSELOR STANDARDS. (1) It is the intent of the legislature to provide clear minimum standards to ensure qualified faculty counselors while also providing flexibility to allow for differences in criteria required by hiring institutions. Within existing resources, and beginning September 1, 2021, the college board shall adopt rules regarding the minimum hiring standards for a faculty counselor. At a minimum, these must include:

(a) A graduate or professional degree in a related field;

(b) Completion of appropriate graduate coursework; and

(c) Standards established by the state board for community and technical colleges.

(2) The requirements and standards imposed through this section do not apply to an individual employed by a college district as a counselor before September 1, 2021. Counselors who began employment at one college district prior to September 1, 2021, and moved employment to a different college district after that date may carry the exemptions from the requirements and

standards imposed through this section to their new place of employment.

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5227 with the following amendment(s): 5227-S2.E AMH ENGR H1309.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a postsecondary credential such as a degree, apprenticeship, or certificate is increasingly necessary to obtain a job that offers a good salary and advancement opportunities and that increasing the number of students in Washington who obtain such a credential is essential to the state's economic success. The legislature also recognizes that equity gaps remain among postsecondary students and that those gaps particularly impact students from historically marginalized communities.

The legislature finds that developing and maintaining a culture of belonging and support for students, faculty, and staff at institutions of higher education is essential to student success, and that faculty and staff play a key role. The legislature therefore seeks to ensure that public institutions of higher education provide faculty and staff, as well as students, with training to give them tools to address matters related to antiracism, diversity, equity, and inclusion.

The legislature further finds it necessary to regularly analyze the impact of that training on the campus community and to identify any measures needed to increase diversity, equity, and inclusion. Accordingly, the legislature intends that each public institution of higher education assess the learning, working, and living environment on campus that students, faculty, and staff experience to better understand the evolving state of diversity, equity, and inclusion.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education must:

(a) Provide professional development, either existing or new, focused on diversity, equity, inclusion, and antiracism for faculty and staff. This program must be developed in partnership with the institution's administration, faculty, staff, and student leadership groups. Efforts must be made to ensure the program is developed and delivered by individuals with innate and acquired experience and expertise in the field of diversity, equity, and inclusion. The content framework for professional development must be posted on each institution's public website for parents and community members. The professional development must begin in the 2022-23 academic year;

(b) Create an evaluation for professional development participants. The evaluations must, at minimum, capture a participant's level of satisfaction with the professional development opportunity, the degree to which the learning objectives were achieved, and how the knowledge gained may be applied to their work;

(c)(i) Share completed evaluations of program participants annually with either the state board for community and technical colleges or an organization representing the presidents of the public four-year institutions of higher education, depending on the institution; and (ii) submit curriculum and other pertinent information regarding the program beginning July 1, 2023, and, subsequently, if there is a meaningful change or by request of the reporting entity.

(2) The purpose of each professional development program curriculum must be rooted in eliminating structural racism against all races and promoting diversity, equity, and inclusion while improving academic, social, and health and wellness outcomes for students from historically marginalized communities. The program must also include elements that focus on commonalities and humanity. Institutions of higher education may further develop a curriculum that is reflective of the needs of the campus community.

(3)(a) Beginning with the 2022-23 academic year, every new faculty and staff member at an institution of higher education must participate in the program, regardless of whether they are a full-time or part-time employee. All faculty and staff participating in the professional development program must complete an evaluation. Other faculty and staff may participate in the professional development program as needed or required by their institution. Each institution must develop a goal of at least 80 percent of their total faculty and staff completing the professional development program every two years and report on their goal's progress in the report established in section 5 of this act. Each institution may determine how to show progress towards their goal. Part-time faculty and staff who are employed at more than one institution of higher education are only required to complete the professional development program at one institution if they provide proof of completion to their other institution of higher education employers to receive credit for participation.

(b) Beginning with the 2024-25 academic year, 35 percent of tenured faculty and 35 percent of administrators at each institution of higher education must complete the professional development program every two years, regardless of whether they are a full-time or part-time employee.

(4) The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education may conduct further analysis of the professional development programs through participant evaluation data, use of focus groups, or other methods to determine promising practices. The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education must post a list of model standards and promising practices for

professional development on their public websites for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.10 RCW to read as follows:

(1)(a) The institutions of higher education as defined in RCW 28B.10.016 shall each conduct a campus climate assessment to understand the current state of diversity, equity, and inclusion in the learning, working, and living environment on campus for students, faculty, and staff. The assessment shall occur, at minimum, every five years. Institutions of higher education shall use the results of the campus climate assessment to inform the professional development, established in section 2 of this act, and program, established in section 4 of this act. Institutions may use an existing campus climate assessment to meet this requirement.

(b) The state board for community and technical colleges shall develop a model campus climate assessment for the community and technical colleges that the colleges may use or modify to meet the requirements of this section.

(2) The design of an existing or new campus climate assessment must involve, at minimum, students, college and university diversity officers, faculty, and staff. The campus climate assessment must include, at minimum, an evaluation of student and employee attitudes and awareness of campus diversity, equity, and inclusion issues. The campus climate assessment may also include questions evaluating the prevalence of discrimination, sexual assault, harassment, and retaliation on and off campus, in addition to student, faculty, and staff knowledge of campus policies and procedures addressing discrimination, sexual assault, harassment, and retaliation. College and university diversity officers and students must be consulted in the development of recommendations.

(3) Institutions of higher education must, at minimum, conduct annual listening and feedback sessions for diversity, equity, and inclusion for the entire campus community during periods between campus climate assessments. Institutions of higher education must, to the maximum extent practicable, compensate students for their participation in the annual listening and feedback sessions.

(4) Beginning July 1, 2022, the institutions of higher education shall report findings or progress in completing their campus climate assessment and, when applicable, information on their listening and feedback sessions annually to either the state board for community and technical colleges or an organization representing the presidents of the public four-year institutions of higher education. The institutions of higher education must also publish annually on the institution's public website the results of either the campus climate assessment or listening and feedback sessions.

(5) The state board for community and technical colleges may require colleges to repeat their campus climate assessment. An organization representing the presidents of the public four-year institutions of higher education may also request state universities, regional universities, and The Evergreen State College to repeat their campus climate assessment.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education must:

(a) Provide a program, either existing or new, on diversity, equity, inclusion, and antiracism to students beginning with the

2024-25 academic year. Institutions of higher education may expand the focus of its program to reflect the needs of the campus community. This program must be developed in partnership with the institution's administration, faculty, staff, and student leadership groups. Efforts should be made to ensure the program is developed and delivered by individuals with innate and acquired experience and expertise in the field of diversity, equity, and inclusion. The content framework for each program must be posted on each institution's public website for parents and community members; and

(b) Create an evaluation for program participants. The evaluation must, at minimum, capture a participant's level of satisfaction with the program and how they will apply the program to their education.

(2) The purpose of each program must be rooted in eliminating structural racism against all races and promoting diversity, equity, and inclusion while improving outcomes for students from historically marginalized communities. The program must also include elements that focus on commonalities and humanity. Institutions of higher education may further develop a curriculum that is reflective of the needs of the campus community.

(3) During the 2024-25 academic year, all degree-seeking students at institutions of higher education must participate in the program, regardless of whether they are a full-time or part-time student. Beginning with the 2025-26 academic year, the program is only required for degree-seeking students who are new or have transferred to the institution and have not yet participated in a required diversity, equity, inclusion, and antiracism program at an institution of higher education. Students must be allowed to opt out of participation in the program if they self-attest to taking a diversity, equity, inclusion, and antiracism training at an institution of higher education within the previous five years.

(4) The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education may conduct further analysis of the programs, through participant evaluation data, use of focus groups, or other methods to determine promising practices. The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education must post a list of model standards and promising practices for programs on their public websites for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

(6) For purposes of this section, "student" or "students" does not include nonmatriculated students.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.10 RCW to read as follows:

By December 31, 2024, and biennially thereafter, the state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education shall each submit a report to the higher education committees of the legislature in accordance with RCW 43.01.036 for their respective institutions of higher education. The reports must include the following:

(1) Information on the professional development programs implemented by each institution of higher education, including updates on progress towards meeting the goal outlined in section 1 of this act;

March 28, 2021

(2) A summary of results of the campus climate assessments and other relevant information received by the institutions of higher education; and

(3) By December 31, 2026, and biennially thereafter, the reports must also include information on the student diversity, equity, inclusion, and antiracism programs implemented by each institution of higher education.

NEW SECTION. Sec. 6. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

- (iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;
- (iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;
- (v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;
- (vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter.

(9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously

licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (10) in its calculations for future certificate of need applications.

(11) To alleviate the need to board psychiatric patients in emergency departments and increase capacity of hospitals to serve individuals on ninety-day or one hundred eighty-day commitment orders, for the period of time from May 5, 2017, through June 30, ((2024)) 2023:

(a) The department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this subsection (11)(a) shall be valid for two years.

(b) The department may not require a certificate of need for:

(i) The addition of beds as described in RCW 70.38.260 (2) and (3); or

(ii) The construction, development, or establishment of a psychiatric hospital licensed as an establishment under chapter 71.12 RCW that will have no more than sixteen beds and provide treatment to adults on ninety or one hundred eighty-day involuntary commitment orders, as described in RCW 70.38.260(4).

(12)(a) An ambulatory surgical facility is exempt from all certificate of need requirements if the facility:

(i) Is an individual or group practice and, if the facility is a group practice, the privilege of using the facility is not extended to physicians outside the group practice;

(ii) Operated or received approval to operate, prior to January 19, 2018; and

(iii) Was exempt from certificate of need requirements prior to January 19, 2018, because the facility either:

(A) Was determined to be exempt from certificate of need requirements pursuant to a determination of reviewability issued by the department; or

(B) Was a single-specialty endoscopy center in existence prior to January 14, 2003, when the department determined that endoscopy procedures were surgeries for purposes of certificate of need.

(b) The exemption under this subsection:

(i) Applies regardless of future changes of ownership, corporate structure, or affiliations of the individual or group practice as long as the use of the facility remains limited to physicians in the group practice; and

(ii) Does not apply to changes in services, specialties, or number of operating rooms.

(13) A rural health clinic providing health services in a home health shortage area as declared by the department pursuant to 42 C.F.R. Sec. 405.2416 is not subject to certificate of need review under this chapter.

Sec. 2. RCW 70.38.260 and 2019 c 324 s 9 are each amended to read as follows:

(1) For a grant awarded during fiscal years 2018 and 2019 by the department of commerce under this section, hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed as establishments under chapter 71.12 RCW are not subject to

certificate of need requirements for the addition of the number of new psychiatric beds indicated in the grant. The department of commerce may not make a prior approval of a certificate of need application a condition for a grant application under this section. The period during which an approved hospital or psychiatric hospital project qualifies for a certificate of need exemption under this section is two years from the date of the grant award.

(2)(a) Until June 30, ~~((2024))~~ 2023, a hospital licensed under chapter 70.41 RCW is exempt from certificate of need requirements for the addition of new psychiatric beds.

(b) A hospital that adds new psychiatric beds under this subsection (2) must:

(i) Notify the department of the addition of new psychiatric beds. The department shall provide the hospital with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain psychiatric beds unless a certificate of need is granted to change their use or the hospital voluntarily reduces its licensed capacity.

(3)(a) Until June 30, ~~((2024))~~ 2023, a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements for the one-time addition of up to ~~((thirty))~~ 30 new psychiatric beds ~~(, and for the one-time addition of up to sixty psychiatric beds devoted solely to ninety-day and one hundred eighty-day civil commitment patients if the hospital was awarded any grant by the department of commerce to increase behavioral health capacity in fiscal year 2019 and))~~ devoted solely for 90-day and 180-day civil commitment services and for the one-time addition of up to 30 new voluntary psychiatric beds or involuntary psychiatric beds for patients on a 120 hour detention or 14-day civil commitment order, if the hospital makes a commitment to maintain a payer mix of at least fifty percent medicare and medicaid based on a calculation using patient days for a period of five consecutive years after the beds are made available for use by patients, if it demonstrates to the satisfaction of the department:

(i) That its most recent two years of publicly available fiscal year-end report data as required under RCW 70.170.100 and 43.70.050 reported to the department by the psychiatric hospital, show a payer mix of a minimum of fifty percent medicare and medicaid based on a calculation using patient days; and

(ii) A commitment to maintaining the payer mix in (a) of this subsection for a period of five consecutive years after the beds are made available for use by patients.

(b) A psychiatric hospital that adds new psychiatric beds under this subsection (3) must:

(i) Notify the department of the addition of new psychiatric beds. The department shall provide the psychiatric hospital with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain the types of psychiatric beds indicated to the department in the original exemption application unless a certificate of need is granted to change their use or the psychiatric hospital voluntarily reduces its licensed capacity.

(4)(a) Until June 30, ~~((2024))~~ 2023, an entity seeking to construct, develop, or establish a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements if the proposed psychiatric hospital will have no more than sixteen beds and dedicate a

portion of the beds to providing treatment to adults on ninety or one hundred eighty-day involuntary commitment orders. The psychiatric hospital may also provide treatment to adults on a ~~((seventy-two))~~ 120 hour detention or ~~((fourteen-day))~~ 14-day involuntary commitment order.

(b) An entity that seeks to construct, develop, or establish a psychiatric hospital under this subsection (4) must:

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5313 with the following amendment(s): 5313-S2 AMH CODY H1369.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 49.60.178 and 2020 c 52 s 9 are each amended to read as follows:

(1) It is an unfair practice for any person whether acting for himself, herself, or another in connection with an insurance transaction or transaction with a health maintenance organization to cancel or fail or refuse to issue or renew insurance or a health maintenance agreement to any person because of sex, marital status, sexual orientation, race, creed, color, national origin, citizenship or immigration status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with disabilities: PROVIDED, That a practice which is not unlawful under RCW 48.30.300, 48.44.220, ~~((or))~~ 48.46.370, or 48.43.0128 does not constitute an unfair practice for the purposes of this section. For the purposes of this section, "insurance transaction" is defined in RCW 48.01.060, health maintenance agreement is defined in RCW 48.46.020, and "health maintenance organization" is defined in RCW 48.46.020.

(2) The fact that such unfair practice may also be a violation of chapter 48.30, 48.43, 48.44, or 48.46 RCW does not constitute a defense to an action brought under this section.

(3) The insurance commissioner, under RCW 48.30.300 and 48.43.0128, and the human rights commission, under chapter 49.60 RCW, shall have concurrent jurisdiction under this section and shall enter into a working agreement as to procedure to be followed in complaints under this section.

Sec. 2. RCW 41.05.017 and 2019 c 427 s 21 are each amended to read as follows:

Each health plan that provides medical insurance offered under this chapter, including plans created by insuring entities, plans not subject to the provisions of Title 48 RCW, and plans created under RCW 41.05.140, are subject to the provisions of RCW 48.43.500, 70.02.045, 48.43.505 through 48.43.535, 48.43.537, 48.43.545, 48.43.550, 70.02.110, 70.02.900, 48.43.190, 48.43.083, 48.43.0128, and chapter 48.49 RCW.

Sec. 3. RCW 48.43.0128 and 2020 c 228 s 9 are each amended to read as follows:

(1) A health carrier offering a nongrandfathered health plan or a plan deemed by the commissioner to have a short-term limited purpose or duration, or to be a student-only plan that is guaranteed renewable while the covered person is enrolled as a regular, full-time undergraduate student at an accredited higher education institution may not:

(a) In its benefit design or implementation of its benefit design, discriminate against individuals because of their age, expected length of life, present or predicted disability, degree of medical dependency, quality of life, or other health conditions; and

(b) With respect to the health plan or plan deemed by the commissioner to have a short-term limited purpose or duration, or to be a student-only plan that is guaranteed renewable while the covered person is enrolled as a regular, full-time undergraduate student at an accredited higher education institution, discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, or sexual orientation.

(2) Nothing in this section may be construed to prevent ~~((an issuer))~~ a carrier from appropriately utilizing reasonable medical management techniques.

(3) For health plans issued or renewed on or after January 1, 2022:

(a) A health carrier may not deny or limit coverage for gender affirming treatment when that treatment is prescribed to an individual because of, related to, or consistent with a person's gender expression or identity, as defined in RCW 49.60.040, is medically necessary, and is prescribed in accordance with accepted standards of care.

(b) A health carrier may not apply categorical cosmetic or blanket exclusions to gender affirming treatment. When prescribed as medically necessary gender affirming treatment, a health carrier may not exclude as cosmetic services facial feminization surgeries and other facial gender affirming treatment, such as tracheal shaves, hair electrolysis, and other care such as mastectomies, breast reductions, breast implants, or any combination of gender affirming procedures, including revisions to prior treatment.

(c) A health carrier may not issue an adverse benefit determination denying or limiting access to gender affirming services, unless a health care provider with experience prescribing or delivering gender affirming treatment has reviewed and confirmed the appropriateness of the adverse benefit determination.

(d) Health carriers must comply with all network access rules and requirements established by the commissioner.

(4) For the purposes of this section, "gender affirming treatment" means a service or product that a health care provider, as defined in RCW 70.02.010, prescribes to an individual to treat any condition related to the individual's gender identity and is prescribed in accordance with generally accepted standards of care. Gender affirming treatment must be covered in a manner compliant with the federal mental health parity and addiction equity act of 2008 and the federal affordable care act. Gender affirming treatment can be prescribed to two spirit, transgender, nonbinary, intersex, and other gender diverse individuals.

(5) Nothing in this section may be construed to mandate coverage of a service that is not medically necessary.

(6) By December 1, 2022, the commissioner, in consultation with the health care authority and the department of health, must issue a report on geographic access to gender affirming treatment across the state. The report must include the number of gender affirming providers offering care in each county, the carriers and medicaid managed care organizations those providers have active contracts with, and the types of services provided by each provider in each region. The commissioner must update the report biannually and post the report on its website.

(7) The commissioner shall adopt any rules necessary to implement subsections (3), (4), and (5) of this section.

(8) Unless preempted by federal law, the commissioner shall adopt any rules necessary to implement subsections (1) and (2) of this section, consistent with federal rules and guidance in effect on January 1, 2017, implementing the patient protection and affordable care act.

NEW SECTION. Sec. 4. A new section is added to chapter 74.09 RCW to read as follows:

(1) In the provision of gender affirming care services through programs under this chapter, the authority, managed care plans, and providers that administer or deliver such services may not discriminate in the delivery of a service provided through a program of the authority based on the covered person's gender identity or expression.

(2) Beginning January 1, 2022:

(a) The authority and any managed care plans delivering or administering services purchased or contracted for by the

authority may not apply categorical cosmetic or blanket exclusions to gender affirming treatment.

(b) Facial feminization surgeries and facial gender affirming treatment, such as tracheal shaves, hair electrolysis, and other care such as mastectomies, breast reductions, breast implants, or any combination of gender affirming procedures, including revisions to prior treatment, when prescribed as gender affirming treatment, may not be excluded as cosmetic.

(c) The authority and managed care plans administering services purchased or contracted for by the authority may not issue an adverse benefit determination denying or limiting access to gender affirming treatment, unless a health care provider with experience prescribing or delivering gender affirming treatment has reviewed and confirmed the appropriateness of the adverse benefit determination.

(d) If the authority and managed care plans administering services purchased or contracted for by the authority do not have an adequate network for gender affirming treatment, they shall ensure the delivery of timely and geographically accessible medically necessary gender affirming treatment at no greater expense than if they had an in-network, geographically accessible provider available. This includes, but is not limited to, providing case management services to secure out-of-network gender affirming treatment options that are available to the enrollee in a timely manner within their geographic region. The enrollee shall pay no more than the same cost sharing that the enrollee would pay for the same covered services received from an in-network provider.

(3) For the purposes of this section, "gender affirming treatment" means a service or product that a health care provider, as defined in RCW 70.02.010, prescribes to an individual to support and affirm the individual's gender identity. Gender affirming treatment includes, but is not limited to, treatment for gender dysphoria. Gender affirming treatment can be prescribed to two spirit, transgender, nonbinary, and other gender diverse individuals.

(4) Nothing in this section may be construed to mandate coverage of a service that is not medically necessary.

(5) The authority shall adopt rules necessary to implement this section.

NEW SECTION. Sec. 5. This act shall be known and cited as the Gender Affirming Treatment Act."

(2) If, through the process described in subsection (1) of this section an opportunity to submit a waiver is identified, the exchange, in collaboration with the office of the insurance commissioner and the health care authority, may develop an application under this section to be submitted by the health care authority. If an application is submitted, the health care authority must notify the chairs and ranking minority members of the appropriate policy and fiscal committees of the legislature.

(3) Any application submitted under this section must meet all federal public notice and comment requirements under 42 U.S.C. Sec. 18052(a)(4)(B), including public hearings to ensure a meaningful level of public input.

NEW SECTION. Sec. 3. A new section is added to chapter 43.71 RCW to read as follows:

(1) The state health care affordability account is created in the state treasury. Expenditures from the account may only be used for premium and cost-sharing assistance programs established in section 1 of this act.

(2) The following funds must be deposited in the account:

(a) Any grants, donations, or contributions of money collected for purposes of the premium assistance or cost-sharing reduction programs established in section 4 of this act;

(b) Any federal funds received by the health benefit exchange pursuant to section 2 of this act; and

(c) Any additional funding specifically appropriated to the account.

NEW SECTION. Sec. 4. A new section is added to chapter 48.43 RCW to read as follows:

For qualified health plans offered on the exchange, a carrier shall:

(1) Accept payments for enrollee premiums or cost-sharing assistance under section 1 of this act or as part of a sponsorship program under RCW 43.71.030(4). Nothing in this subsection expands or restricts the types of sponsorship programs authorized under state and federal law;

(2) Clearly communicate premium assistance amounts to enrollees as part of the invoicing and payment process; and

(3) Accept and process enrollment and payment data transferred by the exchange in a timely manner.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:

(1) If a public option plan is not available in each county in the state during plan year 2022 or later, the following requirements apply for all subsequent plan years:

(a) Upon an offer from a public option plan, a hospital licensed under chapter 70.41 RCW that receives payment for services provided to enrollees in the public employees' benefits program or school employees' benefits program, or through a medical assistance program under chapter 74.09 RCW, must contract with at least one public option plan to provide in-network services to enrollees of that plan. This subsection (1)(a) does not apply to a hospital owned and operated by a health maintenance organization licensed under chapter 48.46 RCW; and

(b) The authority shall contract, under RCW 41.05.410, with one or more health carriers to offer at least one standardized bronze, one standardized silver, and one standardized gold qualified health plan in every county in the state or in each county within a region of the state.

(2) Health carriers and hospitals may not condition negotiations or participation of a hospital licensed under chapter 70.41 RCW in any health plan offered by the health carrier on the hospital's negotiations or participation in a public option plan.

(3) By December 1st of the plan year during which enrollment in public option plans statewide is greater than 10,000 covered lives:

(a) The health benefit exchange, in consultation with the insurance commissioner and the authority, shall analyze public option plan rates paid to hospitals for in-network services and whether they have impacted hospital financial sustainability. The analysis must include any impact on hospitals' operating margins during the years public option health plans have been offered in the state and the estimated impact on operating margins in future years if enrollment in public option plans increases. It must also examine the income levels of public option plan enrollees over time. The analysis may examine a sample of hospitals of various sizes and located in various counties. In conducting its analysis, the exchange must give substantial weight to any available reporting of health care provider and health system costs under RCW 70.390.050;

(b) The health care cost transparency board established under chapter 70.390 RCW shall analyze the effect that enrollment in public option plans has had on consumers, including an analysis of the benefits provided to, and premiums and cost-sharing amounts paid by, consumers enrolled in public option plans compared to other standardized and nonstandardized qualified health plans; and

(c) The health benefit exchange, in consultation with the insurance commissioner, the authority, and interested stakeholders, including, but not limited to, statewide associations representing hospitals, health insurers, and physicians, shall review the analyses completed under (a) and (b) of this subsection and develop recommendations to the legislature to address financial or other issues identified in the analyses.

(4) The authority may adopt program rules, in consultation with the office of the insurance commissioner, to ensure compliance with this section, including levying fines and taking other contract actions it deems necessary to enforce compliance with this section.

(5) For the purposes of this section, "public option plan" means a qualified health plan contracted by the authority under RCW 41.05.410.

Sec. 6. RCW 41.05.410 and 2019 c 364 s 3 are each amended to read as follows:

(1) The authority, in consultation with the health benefit exchange, must contract with one or more health carriers to offer qualified health plans on the Washington health benefit exchange for plan years beginning in 2021. A health carrier contracting with the authority under this section must offer at least one bronze, one silver, and one gold qualified health plan in a single county or in multiple counties. The goal of the procurement conducted under this section is to have a choice of qualified health plans under this section offered in every county in the state. The authority may not execute a contract with an apparently successful bidder under this section until after the insurance commissioner has given final approval of the health carrier's rates and forms pertaining to the health plan to be offered under this section and certification of the health plan under RCW 43.71.065.

(2) A qualified health plan offered under this section must meet the following criteria:

(a) The qualified health plan must be a standardized health plan established under RCW 43.71.095;

(b) The qualified health plan must meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy;

(c) The qualified health plan must incorporate recommendations of the Robert Bree collaborative and the health technology assessment program;

(d) The qualified health plan may use an integrated delivery system or a managed care model that includes care coordination or care management to enrollees as appropriate;

(e) The qualified health plan must meet additional participation requirements to reduce barriers to maintaining and improving health and align to state agency value-based purchasing. These requirements may include, but are not limited to, standards for population health management; high-value, proven care; health equity; primary care; care coordination and chronic disease management; wellness and prevention; prevention of wasteful and harmful care; and patient engagement;

(f) To reduce administrative burden and increase transparency, the qualified health plan's utilization review processes must:

(i) Be focused on care that has high variation, high cost, or low evidence of clinical effectiveness; and

(ii) Meet national accreditation standards;

(g)((+)) The total amount the qualified health plan reimburses providers and facilities for all covered benefits in the statewide aggregate, excluding pharmacy benefits, may not exceed one hundred sixty percent of the total amount medicare would have reimbursed providers and facilities for the same or similar services in the statewide aggregate;

~~((ii) Beginning in calendar year 2023, if the authority determines that selective contracting will result in actuarially sound premium rates that are no greater than the qualified health plan's previous plan year rates adjusted for inflation using the consumer price index, the director may, in consultation with the health benefit exchange, waive (g)(i) of this subsection as a requirement of the contracting process under this section;))~~

(h) For services provided by rural hospitals certified by the centers for medicare and medicaid services as critical access hospitals or sole community hospitals, the rates may not be less than one hundred one percent of allowable costs as defined by the United States centers for medicare and medicaid services for purposes of medicare cost reporting;

(i) Reimbursement for primary care services, as defined by the authority, provided by a physician with a primary specialty designation of family medicine, general internal medicine, or pediatric medicine, may not be less than one hundred thirty-five percent of the amount that would have been reimbursed under the medicare program for the same or similar services; and

(j) The qualified health plan must comply with any requirements established by the authority to address amounts expended on pharmacy benefits including, but not limited to, increasing generic utilization and use of evidence-based formularies.

(3)(a) At the request of the authority for monitoring, enforcement, or program and quality improvement activities, a qualified health plan offered under this section must provide cost and quality of care information and data to the authority, and may not enter into an agreement with a provider or third party that would restrict the qualified health plan from providing this information or data.

(b) Pursuant to RCW 42.56.650, any cost or quality information or data submitted to the authority is exempt from public disclosure.

(4) Nothing in this section prohibits a health carrier offering qualified health plans under this section from offering other health plans in the individual market.

Sec. 7. RCW 43.71.095 and 2019 c 364 s 1 are each amended to read as follows:

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

(a) The standardized health plans must be designed to reduce deductibles, make more services available before the deductible, provide predictable cost sharing, maximize subsidies, limit adverse premium impacts, reduce barriers to maintaining and improving health, and encourage choice based on value, while limiting increases in health plan premium rates.

(b) The exchange may update the standardized health plans annually.

(c) The exchange must provide a notice and public comment period before finalizing each year's standardized health plans.

(d) The exchange must provide written notice of the standardized health plans to licensed health carriers by January 31st before the year in which the health plans are to be offered on the exchange. The exchange may make modifications to the standardized plans after January 31st to comply with changes to state or federal law or regulations.

(2)(a) Beginning January 1, 2021, any health carrier offering a qualified health plan on the exchange must offer ~~((one))~~ the silver ((standardized health plan)) and ~~((one))~~ gold standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan. If a health carrier offers a bronze health plan on the exchange, it must offer ~~((one))~~ the bronze standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan.

(b)(i) ~~((A))~~ Until December 31, 2022, a health ((plan)) carrier offering a standardized health plan under this section may also offer nonstandardized health plans on the exchange. Beginning January 1, 2023, a health carrier offering a standardized health plan under this section may also offer up to two nonstandardized gold health plans, two nonstandardized bronze health plans, one nonstandardized silver health plan, one nonstandardized platinum health plan, and one nonstandardized catastrophic health plan in each county where the carrier offers a qualified health plan.

(ii) The exchange, in consultation with the office of the insurance commissioner, shall analyze the impact to exchange consumers of offering only standard plans beginning in 2025 and submit a report to the appropriate committees of the legislature by December 1, 2023. The report must include an analysis of how plan choice and affordability will be impacted for exchange consumers across the state, including an analysis of offering a bronze standardized high deductible health plan compatible with a health savings account, and a gold standardized health plan closer in actuarial value to the silver standardized health plan.

(iii) The actuarial value of nonstandardized silver health plans offered on the exchange may not be less than the actuarial value of the standardized silver health plan with the lowest actuarial value.

(c) A health carrier offering a standardized health plan on the exchange under this section must continue to meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy."

BERNARD DEAN, Chief Clerk

MOTION

Senator Frockt moved that the Senate concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 5377.

Senators Frockt and Muzzall spoke in favor of the motion.

POINT OF INQUIRY

Senator Cleveland: "Thank you. I would like to ask in Section 5.1A of the bill, it requires that hospitals contract with at least one public option plan upon receiving an offer from a public option plan. If the Health Care Authority under Section 5.1B of this legislation chooses to contract with more than one carrier to offer public option plans in a county, must the hospital contract with more than one carrier?"

Senator Frockt: "Yes. We believe the answer to that is yes. The language of Section 5.1A directs a hospital that receives payment for services provided to, provided by Medicaid, PEBB or SEBB enrollees have at least one public option plan and if they receive an offer from the public option carrier. If the Health Care Authority chooses to contract with more than one carrier in a given year, in a particular county, to offer public option plans in a county under that section, under Section 5.1B, the hospital also must contract with any public option plans that makes an offer to that hospital. So that clarifies that question. Thank you, Mr. President.

The President declared the question before the Senate to be the motion by Senator Frockt that the Senate concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 5377.

The motion by Senator Frockt carried and the Senate concurred in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 5377 by voice vote.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Healthy Washingtonians contribute to the economic well-being of their families and communities, and access to appropriate health services and improved health outcomes allow all Washingtonian families to enjoy productive and satisfying lives;

(b) Washington and the United States are experiencing the deepest economic crisis since the Great Depression, caused by a public health crisis;

(c) Skyrocketing unemployment rates due to COVID-19 have exposed the frailties and inequalities of the current health care system while causing unsustainable strain to the state's medicaid system;

(d) Thousands of union and nonunion workers are unemployed and without health insurance;

(e) Approximately 125,000 undocumented people live in the state with no access to health care during a global pandemic;

(f) Multiple economic analyses show that a universal system is less expensive, more equitable, and will produce billions in savings per year; and

(g) While a unified health care financing system can provide universal coverage, increase access to care, decrease costs, and improve quality, implementing such a system in the state is dependent on foundational legal, financial, and programmatic changes from the federal government.

(2) The legislature intends to create a permanent universal health care commission to:

(a) Implement immediate and impactful changes in the state's current health care system to increase access to quality, affordable health care by streamlining access to coverage, reducing fragmentation of health care financing across multiple public and private health insurance entities, reducing unnecessary administrative costs, reducing health disparities, and establishing mechanisms to expeditiously link residents with their chosen providers; and

(b) Establish the preliminary infrastructure to create a universal health system, including a unified financing system, that controls health care spending so that the system is affordable to the state, employers, and individuals, once the necessary federal authorities have been realized.

(3) The legislature further intends that the state, in collaboration with all communities, health plans, and providers, should take steps to improve health outcomes for all residents of the state.

NEW SECTION. Sec. 2. A new section is added to chapter 41.05 RCW to read as follows:

(1) The universal health care commission is established to create immediate and impactful changes in the health care access and delivery system in Washington and to prepare the state for the creation of a health care system that provides coverage and access for all Washington residents through a unified financing system once the necessary federal authority has become available. The authority must begin any necessary federal application process within 60 days of its availability.

(2) The commission includes the following voting members:

(a) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(b) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(c) The secretary of the department of health, or the secretary's designee;

(e) The chief executive officer of the Washington health benefit exchange, or the chief executive officer's designee;

(f) The insurance commissioner, or the commissioner's designee;

(g) The director of the office of equity, or the director's designee; and

(h) Six members appointed by the governor, using an equity lens, with knowledge and experience regarding health care coverage, access, and financing, or other relevant expertise, including at least one consumer representative and at least one invitation to an individual representing tribal governments with knowledge of the Indian health care delivery in the state.

(3)(a) The governor must appoint the chair of the commission from any of the members identified in subsection (2) of this section for a term of no more than three years. A majority of the voting members of the commission shall constitute a quorum for any votes of the commission.

(b) The commission's meetings shall be open to the public pursuant to chapter 42.30 RCW. The authority must publish on its website the dates and locations of commission meetings, agendas of prior and upcoming commission meetings, and meeting materials for prior and upcoming commission meetings.

(4) The health care authority shall staff the commission.

(5) Members of the commission shall serve without compensation but must be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060.

(6) The commission may establish advisory committees that include members of the public with knowledge and experience in health care, in order to support stakeholder engagement and an analytical process by which key design options are developed. A member of an advisory committee need not be a member of the commission.

(7) By November 1, 2022, the commission shall submit a baseline report to the legislature and the governor, and post it on the authority's website. The report must include:

(a) A complete synthesis of analyses done on Washington's existing health care finance and delivery system, including cost, quality, workforce, and provider consolidation trends and how they impact the state's ability to provide all Washingtonians with timely access to high quality, affordable health care;

(b) A strategy for developing implementable changes to the state's health care financing and delivery system to increase access to health care services and health coverage, reduce health care costs, reduce health disparities, improve quality, and prepare for the transition to a unified health care financing system by actively examining data and reports from sources that are monitoring the health care system. Such sources shall include data or reports from the health care cost transparency board under RCW 70.390.070, the public health advisory board, the governor's interagency coordinating council on health disparities under RCW 43.20.275, the all-payer health care claims database established under chapter 43.371 RCW, prescription drug price data, performance measure data under chapter 70.320 RCW, and other health care cost containment programs;

(c) An inventory of the key design elements of a universal health care system including:

(i) A unified financing system including, but not limited to, a single-payer financing system;

(ii) Eligibility and enrollment processes and requirements;

(iii) Covered benefits and services;

(iv) Provider participation;

(v) Effective and efficient provider payments, including consideration of global budgets and health plan payments;

(vi) Cost containment and savings strategies that are designed to assure that total health care expenditures do not exceed the health care cost growth benchmark established under chapter 70.390 RCW;

(vii) Quality improvement strategies;

(viii) Participant cost sharing, if appropriate;

(ix) Quality monitoring and disparities reduction;

(x) Initiatives for improving culturally appropriate health services within public and private health-related agencies;

(xi) Strategies to reduce health disparities including, but not limited to, mitigating structural racism and other determinants of health as set forth by the office of equity;

(xii) Information technology systems and financial management systems;

(xiii) Data sharing and transparency; and

(xiv) Governance and administration structure, including integration of federal funding sources;

(d) An assessment of the state's current level of preparedness to meet the elements of (c) of this subsection and steps Washington should take to prepare for a just transition to a unified health care financing system, including a single-payer financing system. Recommendations must include, but are not limited to, administrative changes, reorganization of state programs, retraining programs for displaced workers, federal waivers, and statutory and constitutional changes;

(e) Recommendations for implementing reimbursement rates for health care providers serving medical assistance clients who are enrolled in programs under chapter 74.09 RCW at a rate that is no less than 80 percent of the rate paid by medicare for similar services;

(f) Recommendations for coverage expansions to be implemented prior to and consistent with a universal health care system, including potential funding sources; and

(g) Recommendations for the creation of a finance committee to develop a financially feasible model to implement universal health care coverage using state and federal funds.

(8) Following the submission of the baseline report on November 1, 2022, the commission must structure its work to continue to further identify opportunities to implement reforms consistent with subsection (7)(b) of this section and to implement structural changes to prepare the state for a transition to a unified health care financing system. The commission must submit annual reports to the governor and the legislature each November 1st, beginning in 2023. The reports must detail the work of the commission, the opportunities identified to advance the goals under subsection (7) of this section, which, if any, of the opportunities a state agency is implementing, which, if any, opportunities should be pursued with legislative policy or fiscal authority, and which opportunities have been identified as beneficial, but lack federal authority to implement.

(9) Subject to sufficient existing agency authority, state agencies may implement specific elements of any report issued under this section. This section shall not be construed to authorize the commission to implement a universal health care system through a unified financing system until there is further action by the legislature and the governor.

(10) The commission must hold its first meeting within 90 days of the effective date of this section."

MESSAGE FROM THE HOUSE

April 16, 2021

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SUBSTITUTE SENATE BILL NO. 5408. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5408-S.E AMH HANS H1556.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that the homestead exemption is intended to protect the homeowner's equity in a home against unsecured creditors. The legislature finds that changes to the homestead exemption are necessary to

modernize the law and to address the case of *Wilson v. Rigby*, 909 F.3d 306 (2018) and to adopt the reasoning in *In re Good*, 588 B.R. 573 (Bankr. W.D. Wash. 2018).

Sec. 2. RCW 6.13.010 and 1999 c 403 s 1 are each amended to read as follows:

(1) The homestead consists of real or personal property that the owner or a dependent of the owner uses as a residence. In the case of a dwelling house or mobile home, the homestead consists of the dwelling house or the mobile home in which the owner resides or intends to reside, with appurtenant buildings, and the land on which the same are situated and by which the same are surrounded, or improved or unimproved land, regardless of area, owned with the intention of placing a house or mobile home thereon and residing thereon. A mobile home may be exempted under this chapter whether or not it is permanently affixed to the underlying land and whether or not the mobile home is placed upon a lot owned by the mobile home owner or a dependent of the owner. Property included in the homestead must be actually intended or used as the principal home for the owner.

(2) As used in this chapter ~~((the term "owner"))~~;

(a) "Owner" includes but is not limited to a purchaser under a deed of trust, mortgage, or real estate contract.

~~((3) As used in this chapter, the term "net"))~~ (b) "Net value" means market value less all liens and encumbrances senior to the judgment being executed upon and not including the judgment being executed upon.

(c) "Forced sale" includes any sale of homestead property in a bankruptcy proceeding under Title 11 of the United States Code. The reinvestment provisions of RCW 6.13.070 do not apply to the proceeds.

(d) "Dependent" has the meaning given in Title 11 U.S.C. Sec. 522(a)(1).

Sec. 3. RCW 6.13.030 and 2007 c 429 s 1 are each amended to read as follows:

~~((A homestead may consist of lands, as described in RCW 6.13.010, regardless of area, but the homestead exemption amount shall not exceed the lesser of (1) the total net value of the lands, manufactured homes, mobile home, improvements, and other personal property, as described in RCW 6.13.010, or (2) the sum of one hundred twenty five thousand dollars in the case of lands, manufactured homes, mobile home, and improvements, or the sum of fifteen thousand dollars in the case of other personal property described in RCW 6.13.010, except where))~~ (1) The homestead exemption amount is the greater of:

(a) \$125,000;

(b) The county median sale price of a single-family home in the preceding calendar year; or

(2) In determining the county median sale price of a single-family home in the preceding year, a court shall use data from the Washington center for real estate research or, if the Washington center no longer provides the data, a successor entity designated by the office of financial management.

Sec. 4. RCW 6.13.060 and 2008 c 6 s 634 are each amended to read as follows:

The homestead of a spouse or domestic partner cannot be conveyed or encumbered unless the instrument by which it is conveyed or encumbered is executed and acknowledged by both

spouses or both domestic partners, except that either spouse or both or either domestic partner or both jointly may make and execute powers of attorney for the conveyance or encumbrance of the homestead. The conveyance or encumbrance of the homestead does not require that any dependent of the owner who is not a spouse or domestic partner execute and acknowledge the instrument by which it is conveyed or encumbered.

Sec. 5. RCW 6.13.070 and 1987 c 442 s 207 are each amended to read as follows:

(2) In a bankruptcy case, the debtor's exemption shall be determined on the date the bankruptcy petition is filed. If the value of the debtor's interest in homestead property on the petition date is less than or equal to the amount that can be exempted under RCW 6.13.030, then the debtor's entire interest in the property, including the debtor's right to possession and interests of no monetary value, is exempt. Any appreciation in the value of the debtor's exempt interest in the property during the bankruptcy case is also exempt, even if in excess of the amounts in RCW 6.13.030(1).

(3) The proceeds of the voluntary sale of the homestead in good faith for the purpose of acquiring a new homestead, and proceeds from insurance covering destruction of homestead property held for use in restoring or replacing the homestead property, up to the amount specified in RCW 6.13.030, shall likewise be exempt for one year from receipt, and also such new homestead acquired with such proceeds.

~~((2))~~ (4) Every homestead created under this chapter is presumed to be valid to the extent of all the property claimed exempt, until the validity thereof is contested in a court of general jurisdiction in the county or district in which the homestead is situated.

Sec. 6. RCW 6.13.080 and 2019 c 238 s 215 are each amended to read as follows:

(1) On debts secured by mechanic's, laborer's, construction, maritime, automobile repair, material supplier's, or vendor's liens arising out of and against the particular property claimed as a homestead;

(2) On debts secured:

(a) ~~((by))~~ By security agreements describing as collateral the property that is claimed as a homestead; or

(b) ~~((by))~~ By mortgages or deeds of trust on the premises that have been executed and acknowledged by both spouses or both domestic partners or by any claimant not married or in a state registered domestic partnership. The execution and acknowledgment of a mortgage or deed of trust by a dependent who is not a spouse or domestic partner is not required;

(3) On one spouse's or one domestic partner's or the community's debts existing at the time of that spouse's or that domestic partner's bankruptcy filing where (a) bankruptcy is filed by both spouses or both domestic partners within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse or other domestic partner exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);

(4) On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay maintenance;

(5) On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p;

(6) On debts secured by a condominium, homeowners', or common interest community association's lien; or

(7) On debts owed for taxes collected under chapters 82.08, 82.12, and 82.14 RCW but not remitted to the department of revenue.

Sec. 7. RCW 61.24.100 and 1998 c 295 s 12 are each amended to read as follows:

(1) Except to the extent permitted in this section for deeds of trust securing commercial loans, a deficiency judgment shall not be obtained on the obligations secured by a deed of trust against any borrower, grantor, or guarantor after a trustee's sale under that deed of trust.

(2)(a) Nothing in this chapter precludes an action against any person liable on the obligations secured by a deed of trust or any guarantor prior to a notice of trustee's sale being given pursuant to this chapter or after the discontinuance of the trustee's sale.

(b) No action under (a) of this subsection precludes the beneficiary from commencing a judicial foreclosure or trustee's sale under the deed of trust after the completion or dismissal of that action.

(3) This chapter does not preclude any one or more of the following after a trustee's sale under a deed of trust securing a commercial loan executed after June 11, 1998:

(a)(i) To the extent the fair value of the property sold at the trustee's sale to the beneficiary or an affiliate of the beneficiary is less than the unpaid obligation secured by the deed of trust immediately prior to the trustee's sale, an action for a deficiency judgment against the borrower or grantor, if such person or persons was timely given the notices under RCW 61.24.040, for (A) any decrease in the fair value of the property caused by waste to the property committed by the borrower or grantor, respectively, after the deed of trust is granted, and (B) the wrongful retention of any rents, insurance proceeds, or condemnation awards by the borrower or grantor, respectively, that are otherwise owed to the beneficiary.

(ii) This subsection (3)(a) does not apply to any property that is occupied by the borrower as its principal residence as of the date of the trustee's sale;

(b) Any judicial or nonjudicial foreclosures of any other deeds of trust, mortgages, security agreements, or other security interests or liens covering any real or personal property granted to secure the obligation that was secured by the deed of trust foreclosed; or

(c) Subject to this section, an action for a deficiency judgment against a guarantor if the guarantor is timely given the notices under RCW 61.24.042.

(4) Any action referred to in subsection (3)(a) and (c) of this section shall be commenced within one year after the date of the trustee's sale, or a later date to which the liable party otherwise agrees in writing with the beneficiary after the notice of foreclosure is given, plus any period during which the action is prohibited by a bankruptcy, insolvency, moratorium, or other similar debtor protection statute. If there occurs more than one trustee's sale under a deed of trust securing a commercial loan or if trustee's sales are made pursuant to two or more deeds of trust securing the same commercial loan, the one-year limitation in this section begins on the date of the last of those trustee's sales.

(5) In any action against a guarantor following a trustee's sale under a deed of trust securing a commercial loan, the guarantor may request the court or other appropriate adjudicator to determine, or the court or other appropriate adjudicator may in its discretion determine, the fair value of the property sold at the sale

and the deficiency judgment against the guarantor shall be for an amount equal to the sum of the total amount owed to the beneficiary by the guarantor as of the date of the trustee's sale, less the fair value of the property sold at the trustee's sale or the sale price paid at the trustee's sale, whichever is greater, plus interest on the amount of the deficiency from the date of the trustee's sale at the rate provided in the guaranty, the deed of trust, or in any other contracts evidencing the debt secured by the deed of trust, as applicable, and any costs, expenses, and fees that are provided for in any contract evidencing the guarantor's liability for such a judgment. If any other security is sold to satisfy the same debt prior to the entry of a deficiency judgment against the guarantor, the fair value of that security, as calculated in the manner applicable to the property sold at the trustee's sale, shall be added to the fair value of the property sold at the trustee's sale as of the date that additional security is foreclosed. This section is in lieu of any right any guarantor would otherwise have to establish an upset price pursuant to RCW 61.12.060 prior to a trustee's sale.

(6) A guarantor granting a deed of trust to secure its guaranty of a commercial loan shall be subject to a deficiency judgment following a trustee's sale under that deed of trust only to the extent stated in subsection (3)(a)(i) of this section. If the deed of trust encumbers the guarantor's principal residence, the guarantor shall be entitled to receive an amount up to ~~((the homestead exemption set forth in RCW 6.13.030))~~ \$125,000, without regard to the effect of RCW 6.13.080(2), from the bid at the foreclosure or trustee's sale accepted by the sheriff or trustee prior to the application of the bid to the guarantor's obligation.

(7) A beneficiary's acceptance of a deed in lieu of a trustee's sale under a deed of trust securing a commercial loan exonerates the guarantor from any liability for the debt secured thereby except to the extent the guarantor otherwise agrees as part of the deed in lieu transaction.

(8) This chapter does not preclude a beneficiary from foreclosing a deed of trust in the same manner as a real property mortgage and this section does not apply to such a foreclosure.

(9) Any contract, note, deed of trust, or guaranty may, by its express language, prohibit the recovery of any portion or all of a deficiency after the property encumbered by the deed of trust securing a commercial loan is sold at a trustee's sale.

(10) A trustee's sale under a deed of trust securing a commercial loan does not preclude an action to collect or enforce any obligation of a borrower or guarantor if that obligation, or the substantial equivalent of that obligation, was not secured by the deed of trust.

(11) Unless the guarantor otherwise agrees, a trustee's sale shall not impair any right or agreement of a guarantor to be reimbursed by a borrower or grantor for a deficiency judgment against the guarantor.

(12) Notwithstanding anything in this section to the contrary, the rights and obligations of any borrower, grantor, and guarantor following a trustee's sale under a deed of trust securing a commercial loan or any guaranty of such a loan executed prior to June 11, 1998, shall be determined in accordance with the laws existing prior to June 11, 1998.

MESSAGE FROM THE HOUSE

April 8, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5237 with the following amendment(s): 5237-S2.E AMH ENGR H1378.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. SHORT TITLE. This act may be known and cited as the fair start for kids act.

NEW SECTION. Sec. 2. INTENT. (1) The legislature finds that high quality child care and early learning is critical to a child's success in school and life. The legislature recognizes that COVID-19 has devastated the existing child care industry, making it unduly burdensome for families to find care. The legislature recognizes that without immediate action to support child care providers, and without expanded access to affordable child care, especially infant and school-age care, parents will not be able to return to work while children lose valuable learning opportunities. In order to bolster a full economic recovery, the legislature finds that every child deserves a fair start.

(2) The legislature finds that access to affordable child care increases economic growth and labor force participation. The legislature further finds that an affordable, accessible system of

high quality child care is necessary to the health of Washington's economy because employers benefit when parents have safe, stable, and appropriate care for their children. The legislature recognizes that too many working parents are forced to reduce their hours, decline promotional opportunities, or leave the workforce completely due to a lack of affordable and appropriate child care. The legislature finds that a report commissioned by the department of commerce in 2019 found that working parents in Washington forego \$14,000,000,000 each year directly due to child care scarcity. The legislature recognizes that this disproportionately impacts women in the workforce and that in September 2020 alone, 78,000 men left the workforce, compared to 600,000 women.

(3) The legislature recognizes that quality child care can be a stabilizing factor for children experiencing homelessness, and is a proven protective factor against the impacts of trauma they may experience. Access to child care is also a necessary support for families with young children in resolving homelessness and securing employment.

(4) The legislature finds that the scarcity of child care, exacerbated by COVID-19, most significantly impacts families furthest from opportunity. The legislature recognizes that there are additional barriers to accessing this foundational support for immigrant communities and families whose first language is not English, families who have children with disabilities, rural communities, or other child care deserts. The legislature recognizes that high quality, inclusive child care and early learning programs have been shown to reduce the opportunity gap for low-income children and black, indigenous, and children of color while consistently improving outcomes for all children both inside and outside of the classroom.

(5) The legislature finds that without access to comprehensive, high quality prenatal to five services, children often enter kindergarten without the social-emotional, physical, cognitive, and language skills they need to be successful and fall behind their peers, facing compounding developmental challenges throughout their K-12 education. The legislature finds that cascading impacts of inaccessible child care and early learning programs create systemic barriers for children and their families that result in higher special education needs, greater likelihood of needing to repeat grades, increased child welfare and juvenile justice involvement, reduced high school graduation rates, limited postsecondary education attainment, and greater barriers to employment in adulthood.

(6) The legislature finds the vast majority of child care providers are small businesses and nonprofit organizations. In addition to adhering to federal, state, and local regulations to ensure healthy and safe environments for children, the legislature recognizes that child care providers must ensure their employees are adequately compensated and supported. However, the legislature acknowledges that the reduced staffing ratios for health and safety, additional cost of personal protective equipment and extra cleaning supplies, increased use of substitutes needed during COVID-19-related absences, and increased technology demands during school closures from the pandemic are further straining the viability of the child care business model in Washington state.

(7) The legislature finds that the health and stability of the early learning workforce is pivotal to any expansion of child care in Washington state. The legislature recognizes that the child care workforce, predominantly comprised of women of color, is structurally afflicted by low wages, limited or no health care, and a severe lack of retirement benefits. The legislature further recognizes that the threat of COVID-19 compounds these

underlying issues, forcing providers to navigate increased stress, anxiety, and behavioral issues all while risking their lives to care for children. The legislature recognizes that families, friends, and neighbors who provide care are a critical component of the child care system. The legislature finds that child care workers are essential and deserve to be compensated and benefited accordingly.

(8) Therefore, the legislature resolves to respond to the COVID-19 crisis by first stabilizing the child care industry and then expanding access to a comprehensive continuum of high quality early childhood development programs, including infant and school-age child care, preschool, parent and family supports, and prenatal to three services. The legislature recognizes this continuum as critical to meeting different families' needs and offering every child in Washington access to a fair start.

(9) The legislature recognizes that the federal government has provided substantial additional funding through the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M., and the American rescue plan act of 2021. The purpose of the additional federal funding is to ensure access to affordable child care and stabilize and support child care providers affected by COVID-19. Therefore, it is the intent of the legislature to use the additional federal funding to supplement state funding in order to accelerate these investments.

(10) The legislature recognizes the strengths that multilingual, diverse early learning providers and caregivers contribute to early learning across the state. Therefore, the legislature intends to expand language access services to create an inclusive early learning system that specifically supports underserved providers.

(11) The legislature intends to expand eligibility for existing child care and preschool programs to increase access. The legislature recognizes that expansion must be accompanied by an investment to make child care more affordable. Therefore, the legislature intends to eliminate copayments for low-income families and limit copayments for any family on subsidy to no more than seven percent of their income.

(12) The legislature further intends to stabilize, support, and grow the diverse early learning workforce by funding living wages and affordable health benefits while providing training, infant and early childhood mental health consultation, shared business services, and a variety of other supports that recognize the critical role that early learning providers serve for all Washington children.

(13) The legislature intends to accelerate Washington's economic recovery from the devastating impacts of COVID-19 by dramatically expanding access to affordable, high quality child care and preschool, in order to get parents back to work and provide every child with a fair start.

(2) For the purposes of this section, "eligible provider" means: (a) An owner of a licensed or certified child care center, licensed or certified outdoor nature-based care, or licensed family home provider accepting state subsidy; (b) an employee of a licensed or certified child care center, licensed or certified outdoor nature-based care, or a licensed family home provider; (c) a contractor or provider of the early childhood education and assistance program or birth to three early childhood education and assistance program; or (d) an early achievers coach.

NEW SECTION. Sec. 313. NEGOTIATED RULE MAKING WITH CHILD CARE CENTERS. When the secretary elects to engage in negotiated rule making pursuant to RCW 34.05.310(2)(a), the department must include the largest organization representing child care center owners and directors; the largest organization representing supervisors, teachers, and aides; and other affected interests before adopting requirements that affect child care center licensees.

NEW SECTION. Sec. 314. CAPACITY FLEXIBILITY FOR FAMILY HOME PROVIDERS. The department may waive the limit, as established in RCW 43.216.010(1)(c), that restricts family home providers from serving not more than 12 children. The department must establish conditions for such waivers by rule and must assess, at minimum, the provider's available square footage and staffing capabilities prior to issuing any waiver of the limit of 12 children.

NEW SECTION. Sec. 315. SUPPORT FOR CHILD CARE DESERTS. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a grant program to expand child care in child care deserts. Grants must be used for one-time costs associated with the opening of a child care site, including program costs, for providers who are newly licensed or are in the process of becoming licensed.

(2) The department must use the child care industry insights dashboard from the child care industry assessment as a tool to identify areas in which additional investments are needed in order to expand existing child care capacity to meet family demand and reduce child care deserts.

(3) This section expires June 30, 2026.

PART IV

STRENGTHENING PRENATAL TO THREE SUPPORTS

NEW SECTION. Sec. 401. PRENATAL TO THREE INTENT. (1) The legislature finds that parental relationships and healthy interactions in the first few years of life help shape the development of babies' and toddlers' brains and bodies. Eighty percent of the brain is developed by the age of three and parents are a child's first teachers.

(2) The legislature finds that the federal family first prevention services act (P.L. 115-123) offers the state the opportunity to leverage federal funding for certain programs, including in-home parent skill-based programs, substance use disorder support, and mental health interventions. Culturally relevant, evidence-based programs that may qualify for these federal funds are limited. Therefore, state support may be necessary to serve traditionally underrepresented communities and increase positive engagement from parents and caregivers of children from before birth to age three.

(3) The legislature finds that small teacher-child ratios for infant and toddler care, as well as the existence of child care deserts with low levels of access to care for the birth to three age group, contribute to higher expenses for providers and families with babies and young children.

(4) Therefore, the legislature intends to expand parent and family education and support, incentivize the provision of infant

and toddler care, and make early therapeutic and preventative services more readily available to families and young children.

NEW SECTION. Sec. 402. EDUCATION AND SUPPORT FOR PARENTS AND FAMILY, FRIEND, AND NEIGHBOR CAREGIVERS. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a prenatal to three family engagement strategy to support expectant parents, babies and toddlers from birth to three years of age, and their caregivers.

(2) Components of the prenatal to three family engagement strategy must include supports and services to improve maternal and infant health outcomes, reduce and mitigate trauma, promote attachment and other social-emotional assets, strengthen parenting skills, and provide early supports to help maximize healthy and robust childhood development and reduce isolation. Services and supports may include:

- (a) In-home parent skill-based programs and training established in RCW 43.216.130;
 - (b) Facilitated play and learn groups;
 - (c) Parent peer-support groups, including groups designed for families with children with complex needs; families whose primary home language is not English; incarcerated parents; families coping with substance use disorder or mental health support needs; black, indigenous, and families of color; or other specific needs; and
 - (d) Other prenatal to age three programs and services.
- (3) Continuity of services for babies and toddlers are important for early childhood brain development. Therefore, the services and supports described in this section may be made available to biological parents, foster parents, kinship care providers, and other family, friend, and neighbor caregivers.

Sec. 403. RCW 43.216.578 and 2019 c 408 s 8 are each amended to read as follows:

BIRTH TO THREE EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) ~~((Within resources available under the federal preschool development grant birth to five grant award received in December 2018;))~~ Subject to the availability of amounts appropriated for this specific purpose, the department shall ~~((develop a plan for phased implementation of))~~ administer a birth to three early childhood education and assistance program ~~((pilot project))~~ for eligible children under thirty-six months old. Funds to implement the ~~((pilot project))~~ program may include a combination of federal, state, or private sources.

(2) The department may adopt rules to implement the ~~((pilot project))~~ program and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The department shall consider early head start rules and regulations when developing the provider and family eligibility requirements and program requirements. ~~((Any deviations from early head start standards, rules, or regulations must be identified and explained by the department in its annual report under subsection (6) of this section.))~~

(3)(a) ~~((Upon securing adequate funds to begin implementation, the pilot project))~~ The birth to three early childhood education and assistance program ~~((s))~~ must be delivered through child care centers and family home providers who meet minimum licensing standards and are enrolled in the early achievers program.

(b) The department must determine minimum early achievers ratings scores for ~~((programs))~~ participating ~~((in the pilot project))~~ contractors.

~~((4))~~ ~~((When selecting pilot project locations for service delivery, the department may allow each pilot project location to have up to three classrooms per location. When selecting and approving pilot project locations, the department shall attempt to select a combination of rural, urban, and suburban locations. The department shall prioritize locations with programs currently operating early head start, head start, or the early childhood education and assistance program.~~

~~((5))~~ To be eligible for the birth to three early childhood education and assistance program, a child's family income must be at or below ~~((one hundred thirty))~~ 50 percent of the ~~((federal poverty level))~~ state median income and the child must be under thirty-six months old.

~~((6))~~ Beginning November 1, 2020, and each November 1st thereafter during pilot project activity, the department shall submit an annual report to the governor and legislature that includes a status update that describes the planning work completed, the status of funds secured, and any implementation activities of the pilot project. Implementation activity reports must include a description of the participating programs and number of children and families served.)

NEW SECTION. Sec. 404. INFANT CARE INCENTIVES. (1) The legislature finds that our state suffers from an extreme shortage of infant child care, impacting the ability of parents to participate in the workforce. Further, parents returning to work after using paid family leave to care for a new child struggle to find readily available, high quality care during a time of critical growth and brain development for young children. Therefore, the legislature intends to incentivize the provision of high quality infant care.

(2) Beginning July 1, 2022, the department shall provide an infant rate enhancement for licensed or certified child care providers and birth to three early childhood education and assistance program contractors who are:

- (a) Accepting state subsidy;
 - (b) In good standing with the early achievers quality rating and improvement system; and
 - (c) Caring for a child between the ages of birth and 11 months.
- (3) The department must adopt rules to implement this section.

NEW SECTION. Sec. 405. EARLY THERAPEUTIC AND PREVENTATIVE SERVICES. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer early therapeutic and preventative services and programs, such as the early childhood intervention and prevention services program, and other related services for children who are:

- (a) Between the ages of birth and five years; and
- (b) Referred by a child welfare worker, a department of social and health services social worker, a primary care physician, a behavioral health provider, or a public health nurse due to: (i) Risk of child abuse or neglect; (ii) exposure to complex trauma; or (iii) significant developmental delays.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall make all reasonable efforts to deliver early therapeutic and preventative services and programs statewide. These services and programs must focus first on children and families furthest from opportunity as defined by income and be delivered by programs that emphasize greater racial equity.

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5183 with the following amendment(s): 5183-S2 AMH PS H1363.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that nonfatal strangulation is among the most dangerous acts of domestic violence and sexual assault. Strangulation involves external compression of the victim's airway and blood vessels, causing reduced air and blood flow to the brain. Victims may show no or minimal external signs of injury despite having life-threatening internal injuries including traumatic brain injury. Injuries may present after the assault or much later and may persist for months and even years postassault. Victims who are strangled multiple times face a greater risk of traumatic brain injury. Traumatic brain injury symptoms are often not recognized as assault-related and may include cognitive difficulties such as decreased ability to concentrate, make decisions, and solve problems. Traumatic brain injury symptoms may also include behavior and personality changes such as irritability, impulsivity, and mood swings.

Domestic violence victims who have been nonfatally strangled are eight times more likely to become a subsequent victim of homicide at the hands of the same abusive partner. Research shows that previous acts of strangulation are a unique and substantial predictor of attempted and completed homicide against an intimate partner.

For years, forensic nurses in Washington have provided high-level care to sexual assault victims. Forensic nurses are also trained in medical evaluation of nonfatal strangulation, but only provide this evaluation in cases of sexual assault involving strangulation, as crime victims' compensation will not reimburse in nonsexual assault cases. Strangulation affects victims physically and psychologically. These victims deserve a higher standard of response and medical care. Allowing crime victims' compensation to reimburse for forensic nurse examinations for victims of domestic violence strangulation will provide a better, more victim-centered response in the most dangerous of domestic violence felony cases.

NEW SECTION. Sec. 2. A new section is added to chapter 43.280 RCW to read as follows:

(1) The office of crime victims advocacy shall develop best practices that local communities may use on a voluntary basis to

create more access to forensic nurse examiners in cases of nonfatal strangulation assault including, but not limited to, partnerships to serve multiple facilities, mobile nurse examiner teams, and multidisciplinary teams to serve victims in local communities.

(a) When developing the best practices, the office of crime victims advocacy shall consult with:

- (i) The Washington association of sheriffs and police chiefs;
- (ii) The Washington association of prosecuting attorneys;
- (iii) The Washington state coalition against domestic violence;
- (iv) The Harborview abuse and trauma center;
- (v) The Washington state hospital association;
- (vi) The Washington state association of counties;
- (vii) The association of Washington cities;
- (viii) The Washington coalition of sexual assault programs;
- (ix) The schools of nursing at Washington State University and the University of Washington;

(x) Collective bargaining representatives of frontline nurse examiners; and

(xi) Other organizations deemed appropriate by the office of crime victims advocacy.

(b) The office of crime victims advocacy shall complete the best practices no later than January 1, 2022, and publish them on its website.

(2) The office of crime victims advocacy shall develop strategies to make forensic nurse examiner training available to nurses in all regions of the state without requiring the nurses to travel unreasonable distances and without requiring medical facilities or the nurses to incur unreasonable expenses. Among other important factors deemed relevant and appropriate by the office of crime victims advocacy, the strategies should take into account the unique challenges faced by medical facilities and nurses operating in rural areas.

(a) When developing the strategies, the office of crime victims advocacy shall consult with:

- (i) The Harborview abuse and trauma center;
- (ii) The department of health;
- (iii) The nursing care quality assurance commission;
- (iv) The Washington state nurses association;
- (v) The Washington state hospital association;
- (vi) The schools of nursing at Washington State University and the University of Washington;
- (vii) Forensic nurse practitioners; and
- (viii) Other organizations deemed appropriate by the office of crime victims advocacy.

(b) The office of crime victims advocacy shall report the strategies to the governor and the appropriate committees of the legislature no later than October 1, 2022.

(3) This section expires June 30, 2023.

NEW SECTION. Sec. 3. A new section is added to chapter 7.68 RCW to read as follows:

(1) No costs incurred by a hospital or other emergency medical facility for the examination of the victim of domestic violence assault involving nonfatal strangulation, when such examination is performed for the purposes of gathering evidence for possible prosecution, shall be billed or charged directly or indirectly to the victim of such assault. Such costs shall be paid by the state pursuant to this chapter.

(2) The department must notify the office of financial management and the fiscal committees of the legislature if it projects that the cost of services provided under this section exceeds the amount of funding provided by the legislature solely for the purposes of this section.

(3) No later than October 1, 2022, the department shall report to the legislature the following information for fiscal year 2022:

(a) The number, type, and amount of claims received by victims of suspected nonfatal strangulation, with a subtotal of claims that also involved sexual assault;

(b) The number, type, and amount of claims paid for victims of suspected nonfatal strangulation, with a subtotal of claims that also involved sexual assault; and

(c) The number of police reports filed by victims of suspected nonfatal strangulation who received services under this section.

(4) This section expires June 30, 2023."

PARLIAMENTARY INQUIRY

Senator Darneille: "Thank you Mr. President. My inquiry is about votes that we can physically see on the screen that are not recorded as a vote. It seemed last week that you were allowing a thumbs up for a vote when a person could not communicate verbally and that did not happen with a vote by Senator Wellman a couple of votes ago and I wonder what your procedures are?"

President Heck: "Senator Darneille, it was a voice vote."

Senator Darneille: "I believe that was a final vote Mr. President."

President Heck: "So, Senator Darneille, we did not know that she was having problems. What we knew was that she was not responding to the prompt to cast her vote. We will continue to monitor the screen as best we can and when given an indication. But we don't know whether a member is having technical problems, or they've stepped out of the room for a bio-break. But we will keep an eye on it."

MESSAGE FROM THE HOUSE

April 11, 2021

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5368 with the following amendment(s): 5368-S2 AMH APP H1490.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 35A.14 RCW to read as follows:

(1) A code city as provided in RCW 35A.14.296(2) may collaborate with the county or counties where the code city is located to form an interlocal agreement regarding annexation of unincorporated territory within the urban growth area boundary. The interlocal agreement formation process must include procedures for public participation. The procedures must provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, and consideration of and response to public comments. The interlocal agreement may only be executed after notice of availability of the agreement is posted on the website of each legislative body for four weeks and a public hearing by each legislative body, separately or jointly. This method of annexation shall be an alternative method and is additional to all other methods provided for in this chapter.

(2) An interlocal agreement under this section may include use of a sales tax credit for annexed areas should such a credit be reinstated by the legislature.

(3) The agreement or plan under this section must address the following:

(a) A balancing of annexations of commercial, industrial, and residential properties so that any potential loss or gain is considered and distributed fairly as determined by tax revenue;

(b) Development, ownership, and maintenance of infrastructure;

(c) The potential for revenue-sharing agreements.

(4) In addressing the items in subsection (3)(a) through (c) of this section, the parties must also address the balancing of factors and objectives for annexation review in RCW 36.93.170 and 36.93.180.

(5) By December 1, 2021, the association of Washington cities and the Washington state association of counties shall report to the legislature, in compliance with RCW 43.01.036, on how a sales tax credit may be utilized to encourage appropriate annexations and what limits should be associated with such a credit if reinstated.

Sec. 2. RCW 36.70A.330 and 1997 c 429 s 21 are each amended to read as follows:

(1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(3)(b) has expired, or at an earlier time upon the motion of a county or city subject to a

determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter and with any compliance schedule established by the board in its final order. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, county, or city. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.

(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. ~~((The))~~

(a) The board may refer a finding of noncompliance to the department. The purpose of the referral is for the department to provide technical assistance to facilitate speedy resolution of the finding of noncompliance and to provide training pursuant to section 3 of this act as necessary.

(b) Alternatively, the board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county's or city's efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.

(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide, if no determination of invalidity has been made, whether one now should be made under RCW 36.70A.302.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

(2) The department may award grants to a public agency with appropriate expertise and funded by local governments to provide the training required in subsection (1) of this section.

(3) The training provided in subsection (1) of this section is limited to counties that are largely rural.

Sec. 4. RCW 43.155.070 and 2017 3rd sp.s. c 10 s 9 are each amended to read as follows:

A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(9) After January 1, 2010, any project designed to address the effects of stormwater or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

(11) The board must implement policies and procedures designed to maximize local government consideration of other funds to finance local infrastructure.

(12) The provisions in subsection (2) of this section do not apply to a county, city, or town applying for grants and loans under this chapter for projects that support broadband services where such grants and loans will assist the county, city, or town with economic development, disaster resiliency and response, adaptation to public health emergencies such as pandemics, and emergency management.

NEW SECTION. Sec. 5. A new section is added to chapter 43.160 RCW to read as follows:

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5195 with the following amendment(s): 5195-S2 AMH DAVI H1524.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Opioid use disorder is a treatable brain disease from which people recover;

(b) Individuals living with opioid use disorder are at high risk for fatal overdose;

(c) Overdose deaths are preventable with lifesaving opioid overdose reversal medications like naloxone;

(d) Just as individuals with life-threatening allergies should carry an EpiPen, individuals with opioid use disorder should carry opioid overdose reversal medication;

(e) There are 53,000 individuals in Washington enrolled in apple health, Washington's medicaid program, that have a diagnosis of opioid use disorder and yet there are alarmingly few medicaid claims for opioid overdose reversal medication; and

(f) Most of the opioid overdose reversal medication distributed in Washington is currently paid for with flexible federal and state dollars and distributed in bulk, rather than appropriately billed to a patient's insurance. Those finite flexible funds should instead be used for nonmedicaid eligible expenses or for opioid overdose reversal medication distributed in nonmedicaid eligible settings or to nonmedicaid eligible persons. The state's current methods for acquisition and distribution of opioid overdose reversal medication are not sustainable and insufficient to reach all Washingtonians living with opioid use disorder.

(2) Therefore, it is the intent of the legislature to increase access for all individuals with opioid use disorder to opioid overdose reversal medication so that if they experience an overdose, they will have a second chance. As long as there is breath, there is hope for recovery.

Sec. 2. RCW 70.41.480 and 2019 c 314 s 18 are each amended to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment for opioid use disorder as appropriate. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within fifteen miles by road;
or

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy;

~~(c) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient is at risk of opioid overdose and the prepackaged emergency medication being distributed is an opioid overdose reversal medication. The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed, distributed, or delivered pursuant to a prescription, collaborative drug therapy agreement, standing order, or protocol issued in accordance with this section. The individual or entity that dispenses, distributes, or delivers an opioid overdose reversal medication as authorized by this section must ensure that directions for use are provided).~~

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

(4) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

(5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) A practitioner in a hospital emergency department must dispense or distribute opioid overdose reversal medication in compliance with section 3 of this act.

(7) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency department patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Opioid overdose reversal medication" has the same meaning as provided in RCW 69.41.095.

(d) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011(29).

~~((d))~~ (e) "Nurse" means a registered nurse as defined in RCW 18.79.020.

NEW SECTION. Sec. 3. A new section is added to chapter 70.41 RCW to read as follows:

(1) A hospital shall provide a person who presents to an emergency department with symptoms of an opioid overdose, opioid use disorder, or other adverse event related to opioid use with opioid overdose reversal medication upon discharge, unless the treating practitioner determines in their clinical and professional judgment that dispensing or distributing opioid overdose reversal medication is not appropriate or the practitioner has confirmed that the patient already has opioid overdose reversal medication. If the hospital dispenses or distributes opioid overdose reversal medication it must provide directions for use.

(2) The opioid overdose reversal medication may be dispensed with technology used to dispense medications.

(3) A person who is provided opioid overdose reversal medication under this section must be provided information and resources about medication for opioid use disorder and harm reduction strategies and services which may be available, such as substance use disorder treatment services and substance use disorder peer counselors. This information should be available in all languages relevant to the communities that the hospital serves.

(4) The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed or distributed in accordance with this section.

(5) Until the opioid overdose reversal medication bulk purchasing and distribution program established in section 7 of this act is operational:

(a) If the patient is enrolled in a medical assistance program under chapter 74.09 RCW, the hospital must bill the patient's medicaid benefit for the patient's opioid overdose reversal medication utilizing the appropriate billing codes established by the health care authority. This billing must be separate from and in addition to the payment for the other services provided during the hospital visit.

(b) If the patient has available health insurance coverage other than medical assistance under chapter 74.09 RCW, the hospital must bill the patient's health plan for the cost of the opioid overdose reversal medication.

(c) For patients who are not enrolled in medical assistance and do not have any other available insurance coverage, the hospital must bill the health care authority for the cost of the patient's opioid overdose reversal medication.

(6) This section does not prohibit a hospital from dispensing opioid overdose reversal medication to a patient at no cost to the patient out of the hospital's prepurchased supply.

(7) Nothing in this section prohibits or modifies a hospital's ability or responsibility to bill a patient's health insurance or to provide financial assistance as required by state or federal law.

(8) A hospital, its employees, and its practitioners are immune from suit in any action, civil or criminal, or from professional or other disciplinary action, for action or inaction in compliance with this section.

(E) Using any other resources or means authorized by state law to provide opioid overdose reversal medication.

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5163 with the following amendment(s): 5163-S2.E AMH ENGR H1371.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that in 2008, the sex offender policy board was established to provide a more coordinated and integrated response to sex offender management in Washington state. The legislature further finds that in March 2020, the board was convened to review policies and practices related to sexually violent predators. The legislature recognizes that the board released a report and a series of recommendations regarding improvement to the current practice in order to ensure a successful transition for individuals convicted of sex offenses from total confinement back into the community. The legislature resolves to increase community safety through successful transition by enacting the recommendations of the board and other related policies.

Sec. 2. RCW 71.09.020 and 2015 c 278 s 2 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Fair share principles" and "fair share principles of release" means that each county has adequate options for conditional release housing placements in a number generally equivalent to the number of residents from that county who are subject to total confinement pursuant to this chapter.

(3) "Health care facility" means any hospital, hospice care center, licensed or certified health care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified health maintenance organization, federally approved renal dialysis center or facility, or federally approved blood bank.

A less restrictive alternative may not include placement in the community protection program as pursuant to RCW 71A.12.230.

(8) "Likely to engage in predatory acts of sexual violence if not confined in a secure facility" means that the person more probably than not will engage in such acts if released unconditionally from detention on the sexually violent predator petition. Such likelihood must be evidenced by a recent overt act if the person is not totally confined at the time the petition is filed under RCW 71.09.030.

(9) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.

(14) "Risk potential activity" or "risk potential facility" means an activity or facility that provides a higher incidence of risk to the public from persons conditionally released from the special commitment center. Risk potential activities and facilities include: Public and private schools, school bus stops, licensed day care and licensed preschool facilities, public parks, publicly dedicated trails, sports fields, playgrounds, recreational and community centers, churches, synagogues, temples, mosques, public libraries, public and private youth camps, and others identified by the department following the hearings on a potential site required in RCW 71.09.315. (15) "Secretary" means the secretary of social and health services or the secretary's designee.

(16) "Secure community transition facility" means a residential facility for persons civilly committed and conditionally released to a less restrictive alternative under this chapter. criminal solicitation, or criminal conspiracy to commit one of the felonies designated in (a), (b), or (c) of this subsection.

~~((48))~~ (19) "Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

(1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter, or as otherwise authorized by law.

(2)(a) Any person committed or detained pursuant to this chapter shall be prohibited from possessing or accessing a personal computer if the resident's individualized treatment plan states that access to a computer is harmful to bringing about a positive response to a specific and certain phase or course of treatment.

(b) A person who is prohibited from possessing or accessing a personal computer under (a) of this subsection shall be permitted to access a limited functioning personal computer capable of word processing and limited data storage on the computer only that does not have: (i) Internet access capability; (ii) an optical drive, external drive, universal serial bus port, or similar drive capability; or (iii) the capability to display photographs, images, videos, or motion pictures, or similar display capability from any drive or port capability listed under (b)(ii) of this subsection.

(3) Any person committed pursuant to this chapter has the right to adequate care ~~((and))~~, individualized treatment, and the development of an ongoing, clinically appropriate discharge plan as part of the treatment process. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting agency, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

(4) The right to the development of a discharge plan under subsection (3) of this section does not guarantee that any particular person will be determined appropriate for discharge at any particular time. Nothing in this section precludes the department from expressing professional judgment regarding the suitability of discharge for the protection of a resident's safety or community safety. Individualized and ongoing discharge planning requires, at a minimum, and as part of a person's treatment plan, the following are addressed based on information known to the department and in accordance with policies developed by the department to implement this subsection:

(a) The resident's known physical health, functioning, and any need for health aid devices;

(b) The resident's known intellectual or cognitive level of functioning and need for specialized programming;

(c) The resident's known history of substance use and abuse;

(d) The resident's known history of risky or impulsive behaviors, criminogenic needs, and treatment interventions to address them;

(e) The resident's known ability to perform life skills and activities of daily living independently and the resident's known need for any disability accommodations;

(f) A summary of the known community services and supports the resident needs for a safe life in the community and the type of providers of such services and support; and

(g) A plan to mitigate the needs identified in this subsection that also addresses ways to develop or increase social supports, recreation opportunities, gainful employment, and if applicable, spiritual opportunities.

(5) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

~~((5))~~ (6) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

~~((6))~~ (7) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so.

~~((7))~~ (8) If a civil commitment petition is dismissed, or a trier of fact determines that a person does not meet civil commitment criteria, the person shall be released within twenty-four hours of service of the release order on the superintendent of the special commitment center, or later by agreement of the person who is the subject of the petition.

Sec. 4. RCW 71.09.090 and 2018 c 131 s 2 are each amended to read as follows:

(1)(a) If the secretary determines that the person's condition has so changed that ~~((either: (a) The))~~ the person no longer meets the definition of a sexually violent predator ~~((; or (b) conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community))~~, the secretary shall authorize the person to petition the court for ~~((conditional release to a less restrictive alternative or))~~ unconditional discharge. The petition shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment. The court, upon receipt of the petition for ~~((conditional release to a less restrictive alternative or))~~ unconditional discharge, shall within ~~((forty five))~~ 45 days order a hearing.

(b) If the secretary determines that the person's condition has so changed that conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community, then the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative. Upon receipt of the petition, the court shall order the department to identify a less restrictive alternative placement that satisfies RCW 71.09.092 (1) through (4). Once identified, notice of the placement shall be filed with the court and served upon: The prosecuting agency responsible for the initial commitment; any person or persons identified in RCW 71.09.140(2)(a) who have opted to receive notifications under this chapter; and the person and his or her counsel. If the department cannot identify a placement available to the person that satisfies RCW 71.09.092 (1) through (4) within 90 days, the department shall provide a written certification to the court, the prosecuting agency responsible for the initial commitment, and the person and his or her counsel, detailing the efforts of the department to identify a qualifying placement. Upon the department's certification, the person may propose a placement that satisfies RCW 71.09.092 (1) through (3). After a less restrictive placement has been proposed by either the department or the person, the court shall within 45 days order a hearing.

(2)(a) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall file the notice and waiver form and the annual report with the court. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether probable cause exists to warrant a hearing on whether the person's condition has so changed that: (i) He or she no longer meets the definition of a sexually violent predator; or (ii) conditional release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community.

(b)(i) The committed person shall have a right to have an attorney represent him or her at the show cause hearing, which may be conducted solely on the basis of affidavits or declarations, but the person is not entitled to be present at the show cause hearing. At the show cause hearing, the prosecuting agency shall present prima facie evidence establishing: (A) That the committed person continues to meet the definition of a sexually violent predator; and (B) that a less restrictive alternative is not in the best interest of the person and conditions cannot be imposed that adequately protect the community.

(ii)(A) If the state produces prima facie evidence that the committed person continues to be a sexually violent predator, then the state's burden under (b)(i)(A) of this subsection is met and an unconditional release trial may not be ordered unless the committed person produces evidence satisfying: Subsection (4)(a) of this section; and subsection (4)(b) (i) or (ii) of this section.

(B) If the state produces prima facie evidence that a less restrictive alternative is not appropriate for the committed person, then the state's burden under (b)(i)(B) of this subsection is met, and a conditional release trial may not be ordered unless the committed person:

(I) Produces evidence satisfying: Subsection (4)(a) of this section; and subsection (4)(b) (i) or (ii) of this section; and

(II) Presents the court with a specific placement satisfying the requirements of RCW 71.09.092.

(iii) In making the showing required under (b)(i) of this subsection, the state may rely exclusively upon the annual report prepared pursuant to RCW 71.09.070. The committed person may present responsive affidavits or declarations to which the state may reply.

(c)(i) If the court at the show cause hearing determines that either: ~~((+)) (A) The state has failed to present prima facie evidence that the committed person continues to meet the definition of a sexually violent predator ((and that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community));~~ or ~~((+)) (B) probable cause exists to believe that the person's condition has so changed that ((-A-) The) the person no longer meets the definition of a sexually violent predator ((-or (B) release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community));~~ then the court shall set a hearing on ~~((either or both issues))~~ the issue of unconditional discharge.

(ii) If the court at the show cause hearing determines that the state has failed to present prima facie evidence that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community, the court shall enter an order directing the department to propose a less restrictive alternative that satisfies RCW 71.09.092 (1) through (4). If the department cannot identify a placement available to the person that satisfies RCW 71.09.092 (1) through (4) within 90 days, the department shall provide a written certification to the court, the prosecuting agency responsible for the initial commitment, and the person and his or her counsel, detailing the efforts of the department to identify a qualifying placement. Upon the department's certification, the person may propose a placement that satisfies RCW 71.09.092 (1) through (3). After a less restrictive placement has been proposed by either the department or the person, the court shall set a hearing on the issue of conditional release.

(iii) If the court at the show cause hearing determines, based on the evidence submitted by the person, that probable cause exists to believe that release to a less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community, the court shall set a hearing on the issue of conditional release if the person presents the court with a specific placement that satisfies the requirements of RCW 71.09.092.

(d) If the court has not previously considered the issue of release to a less restrictive alternative, either through a trial on the merits or through the procedures set forth in RCW 71.09.094(1), or if an immediately preceding less restrictive alternative was revoked due to the loss of adequate housing or treatment for reasons other than noncompliance with housing requirements, treatment, or other conditions of the less restrictive alternative, the court shall consider whether release to a less restrictive alternative would be in the best interests of the person and conditions can be imposed that would adequately protect the community, without considering whether the person's condition has changed. ~~((The court may not find probable cause for a trial addressing less restrictive alternatives unless a proposed less restrictive alternative placement meeting the conditions of RCW 71.09.092 is presented to the court at the show cause hearing.))~~

(3)(a) At the hearing resulting from subsection (1) or (2) of this section, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded

to the person at the initial commitment proceeding. The prosecuting agency shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The prosecuting agency shall have a right to a current evaluation of the person by experts chosen by the state. The judge may require the person to complete any or all of the following procedures or tests if requested by the evaluator: (i) A clinical interview; (ii) psychological testing; (iii) plethysmograph testing; and (iv) polygraph testing. The judge may order the person to complete any other procedures and tests relevant to the evaluation. The state is responsible for the costs of the evaluation. The committed person shall also have the right to a jury trial and the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment.

(b) Whenever any indigent person is subjected to an evaluation under (a) of this subsection, the office of public defense is responsible for the cost of one expert or professional person conducting an evaluation on the person's behalf. When the person wishes to be evaluated by a qualified expert or professional person of his or her own choice, such expert or professional person must be permitted to have reasonable access to the person for the purpose of such evaluation, as well as to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an evaluation or participate in the hearing on the person's behalf. Nothing in this chapter precludes the person from paying for additional expert services at his or her own expense.

(c) If the issue at the hearing is whether the person should be unconditionally discharged, the burden of proof shall be upon the state to prove beyond a reasonable doubt that the committed person's condition remains such that the person continues to meet the definition of a sexually violent predator. Evidence of the prior commitment trial and disposition is admissible. The recommitment proceeding shall otherwise proceed as set forth in RCW 71.09.050 and 71.09.060.

(d) If the issue at the hearing is whether the person should be conditionally released to a less restrictive alternative, the burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that conditional release to any proposed less restrictive alternative either: (i) Is not in the best interest of the committed person; or (ii) does not include conditions that would adequately protect the community. Evidence of the prior commitment trial and disposition is admissible.

(4)(a) Probable cause exists to believe that a person's condition has "so changed," under subsection (2) of this section, only when evidence exists, since the person's last commitment trial, or less restrictive alternative revocation proceeding, of a substantial change in the person's physical or mental condition such that the person either no longer meets the definition of a sexually violent predator or that a conditional release to a less restrictive alternative is in the person's best interest and conditions can be imposed to adequately protect the community.

(b) A new trial proceeding under subsection (3) of this section may be ordered, or a trial proceeding may be held, only when there is current evidence from a licensed professional of one of the following and the evidence presents a change in condition since the person's last commitment trial proceeding:

(i) An identified physiological change to the person, such as paralysis, stroke, or dementia, that renders the committed person unable to commit a sexually violent act and this change is permanent; or

(ii) A change in the person's mental condition brought about through positive response to continuing participation in treatment

which indicates that the person meets the standard for conditional release to a less restrictive alternative or that the person would be safe to be at large if unconditionally released from commitment.

(c) For purposes of this section, a change in a single demographic factor, without more, does not establish probable cause for a new trial proceeding under subsection (3) of this section. As used in this section, a single demographic factor includes, but is not limited to, a change in the chronological age, marital status, or gender of the committed person.

(5) When the court enters an order for unconditional discharge of a person from an immediately preceding less restrictive placement, the court must direct the clerk to transmit a copy of the order to the department of corrections for discharge process and termination of cause.

(6) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time as the person is unconditionally discharged.

~~((6))~~ (7) During any period of confinement pursuant to a criminal conviction, or for any period of detention awaiting trial on criminal charges, this section is suspended.

Sec. 5. RCW 71.09.092 and 2009 c 409 s 9 are each amended to read as follows:

Before the court may enter an order directing conditional release to a less restrictive alternative, it must find the following: (1) The person will be treated by a treatment provider who is qualified to provide such treatment in the state of Washington under chapter 18.155 RCW; (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for such treatment and will report progress to the court on a regular basis, and will report violations immediately to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center; (3) housing exists in Washington that complies with distance restrictions, is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center if the person leaves the housing to which he or she has been assigned without authorization; (4) if the department has proposed housing that is outside of the county of commitment, a documented effort was made by the department to ensure that placement is consistent with fair share principles of release; (5) the person is willing to comply with the treatment provider and all requirements imposed by the treatment provider and by the court; and ~~((5))~~ (6) the person will be under the supervision of the department of corrections and is willing to comply with supervision requirements imposed by the department of corrections.

Sec. 6. RCW 71.09.096 and 2015 c 278 s 3 are each amended to read as follows:

(1) If the court or jury determines that conditional release to a less restrictive alternative is in the best interest of the person and includes conditions that would adequately protect the community, and the court determines that the minimum conditions set forth in RCW 71.09.092 and in this section are met, the court shall enter judgment and direct a conditional release.

(2) The court shall impose any additional conditions necessary to ensure compliance with treatment and to protect the community. If the court finds that conditions do not exist that will both ensure the person's compliance with treatment and protect the community, then the person shall be remanded to the custody of the department of social and health services for control, care,

and treatment in a secure facility as designated in RCW 71.09.060(1).

(3) If the service provider designated by the court to provide inpatient or outpatient treatment or to monitor or supervise any other terms and conditions of a person's placement in a less restrictive alternative is other than the department of social and health services or the department of corrections, then the service provider so designated must agree in writing to provide such treatment, monitoring, or supervision in accord with this section. Any person providing or agreeing to provide treatment, monitoring, or supervision services pursuant to this chapter may be compelled to testify and any privilege with regard to such person's testimony is deemed waived.

(4)(a) Prior to authorizing any release to a less restrictive alternative, the court shall impose such conditions upon the person as are necessary to ensure the safety of the community. In imposing conditions, the court must impose a restriction on the proximity of the person's residence to public or private schools providing instruction to kindergarten or any grades one through 12 in accordance with RCW 72.09.340. Courts shall require a minimum distance restriction of 500 feet on the proximity of the person's residence to child care facilities and public or private schools providing instruction to kindergarten or any grades one through 12. The court shall order the department of corrections to investigate the less restrictive alternative and, within 60 days of the order to investigate, recommend any additional conditions to the court. These conditions shall be individualized to address the person's specific risk factors and criminogenic needs and may include, but are not limited to the following: Specification of residence or restrictions on residence including distance restrictions, specification of contact with a reasonable number of individuals upon the person's request who are verified by the department of corrections to be appropriate social contacts, prohibition of contact with potential or past victims, prohibition of alcohol and other drug use, participation in a specific course of inpatient or outpatient treatment that may include monitoring by the use of polygraph and plethysmograph, monitoring through the use of global positioning ((~~satellite [global positioning system]]~~) system technology, supervision by a department of corrections community corrections officer, a requirement that the person remain within the state unless the person receives prior authorization by the court, and any other conditions that the court determines are in the best interest of the person or others. A copy of the conditions of release shall be given to the person and to any designated service providers.

(b) To the greatest extent possible, the person, person's counsel, prosecuting agency responsible for the initial commitment, treatment provider, supervising community corrections officer, and appropriate clinical staff of the special commitment center shall meet and collaborate to craft individualized, narrowly tailored, and empirically based conditions to present to the court to help facilitate the person's successful transition to the community.

(5)(a) Prior to authorizing release to a less restrictive alternative proposed by the department, the court shall consider whether ((it is appropriate to release the person to the person's county of commitment)) the person's less restrictive alternative placement is in accordance with fair share principles. To ensure equitable distribution of releases, and prevent the disproportionate grouping of persons subject to less restrictive orders in any one county, or in any one jurisdiction or community within a county, the legislature finds it is appropriate for releases to a less restrictive alternative to occur in ((the person's county of commitment, unless)) a manner that adheres to fair share

principles. The legislature recognizes that there may be reasons why the department may not recommend that a person be released to his or her county of commitment, including availability of individualized resources, the person's support needs, or when the court determines that the person's return to his or her county of commitment would be inappropriate considering any court-issued protection orders, victim safety concerns that cannot be addressed through use of global positioning system technology, the ((availability)) unavailability of appropriate treatment or facilities that would adequately protect the community, negative influences on the person, ((~~or~~)) and the location of family or other persons or organizations offering support to the person. If the court authorizes conditional release based on the department's proposal to a county other than the county of commitment, the court shall enter specific findings regarding its decision and identify whether the release remains in line with fair share principles.

(b)(i) When the department ((~~or court assists in developing a~~) develops a less restrictive alternative placement under this section ((which is outside of the county of commitment, and there are two or more options for placement, it shall endeavor to develop the placement in a manner that does not have a disproportionate effect on a single county)), it shall attempt to identify a placement satisfying the requirements of RCW 71.09.092 that is aligned with fair share principles. The department shall document its rationale for the recommended placement.

(ii) If the department does not support or recommend conditional release to a less restrictive alternative due to a clinical determination, the department shall document its objection and certify that the department is developing the less restrictive alternative pursuant to a court order and not because of a clinical determination.

(iii) When the department develops or proposes a less restrictive alternative placement under this chapter, it shall be considered a predisposition recommendation.

(iv) In developing, modifying, and enforcing less restrictive alternatives, the department shall be deemed to be performing a quasi-judicial function.

((~~b~~)) (c) If the committed person is not conditionally released to his or her county of commitment, the department shall provide the law and justice council of the county in which the person is conditionally released with notice and a written explanation, including whether the department remains in compliance with fair share principles regarding releases under this chapter.

((~~e~~)) (d) For purposes of this section, the person's county of commitment means the county of the court which ordered the person's commitment.

((~~d~~)) (e) This subsection (5) does not apply to releases to a secure community transition facility under RCW 71.09.250.

(6)(a) When ordered by the court, the department must provide less restrictive alternative treatment that includes, at a minimum:

(i) The services identified in the person's discharge plan as outlined in RCW 71.09.080(4);

(ii) The assignment of a community care coordinator;

(iii) Regular contacts with providers of court-ordered treatment services;

(iv) Community escorts, if needed;

(v) A transition plan that addresses the person's access to continued services upon unconditional discharge;

(vi) Financial support for necessary housing;

(vii) Life skills training and disability accommodations, if needed; and

(viii) Assistance in pursuing benefits, education, and employment.

(b) At the time the department of corrections is ordered to investigate a proposed less restrictive alternative placement, subject to the availability of amounts appropriated for this specific purpose, the department shall assign a social worker to assist the person with discharge planning, pursuing benefits, and coordination of care prior to release.

(i) The social worker shall assist the person with completing applications for benefits prior to the person's release from total confinement.

(ii) To promote continuity of care and the individual's success in the community, the department social worker shall be responsible for initiating a clinical transition of care between the last treating clinician at the special commitment center and the person's designated community treatment provider. This transition between one clinical setting to another shall occur no later than 15 days before an individual's release from the special commitment center.

(iii) If applicable, the social worker shall assist the person with locating any needed disability accommodations in the community and with obtaining resources to help address the person's identified life skills needs prior to release from total confinement.

(7) Any service provider designated to provide inpatient or outpatient treatment shall monthly, or as otherwise directed by the court, submit to the court, to the department of social and health services facility from which the person was released, to the prosecuting agency, and to the supervising community corrections officer, a report stating whether the person is complying with the terms and conditions of the conditional release to a less restrictive alternative.

~~((7))~~ (8) Each person released to a less restrictive alternative shall have his or her case reviewed by the court that released him or her no later than one year after such release and annually thereafter until the person is unconditionally discharged. Review may occur in a shorter time or more frequently, if the court, in its discretion on its own motion, or on motion of the person, the secretary, or the prosecuting agency so determines. The ~~((sole question))~~ questions to be determined by the court ~~((is))~~ are whether the person shall continue to be conditionally released to a less restrictive alternative, and if so, whether a modification to the person's less restrictive alternative order is appropriate to ensure the conditional release remains in the best interest of the person and adequate to protect the victim and the community. The court in making its determination shall be aided by the periodic reports filed pursuant to subsection ~~((6))~~ (7) of this section and the opinions of the secretary and other experts or professional persons.

Sec. 7. RCW 71.09.130 and 1995 c 216 s 16 are each amended to read as follows:

(1) In the event of an escape by a person committed under this chapter from a state institution or the disappearance of such a person while on conditional release, the superintendent or community corrections officer shall notify the following as appropriate: Local law enforcement officers, other governmental agencies, the person's relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person.

(2) If a person committed under this chapter disappears while on conditional release, the department of corrections may enter a warrant for the person's arrest for up to 96 hours pending entry of a bench warrant by the court.

(3) The department of corrections, its officers, agents, and employees are not liable for the acts of individuals on conditional release unless the department of corrections, its officers, agents, and employees acted with gross negligence.

(4) The department, its officers, agents, and employees are not liable for the acts of individuals on conditional release unless the department, its officers, agents, and employees acted with gross negligence.

Sec. 8. RCW 71.09.140 and 2012 c 257 s 12 are each amended to read as follows:

(1)(a) At the earliest possible date, and in no event later than ~~((thirty))~~ 30 days before conditional release, change of address for a person on conditional release, or unconditional discharge, except in the event of escape, the department of social and health services shall send written notice of conditional release, unconditional discharge, or escape, to the following:

~~((a))~~ (i) The chief of police of the city, if any, in which the person will reside or in which placement will be made under a less restrictive alternative;

~~((b))~~ (ii) The sheriff of the county in which the person will reside or in which placement will be made under a less restrictive alternative; and

~~((c))~~ (iii) The sheriff of the county where the person was last convicted of a sexually violent offense, if the department does not know where the person will reside.

The department shall notify the state patrol of the release of all sexually violent predators and that information shall be placed in the Washington crime information center for dissemination to all law enforcement.

(b) A return to total confinement or to a secure community transition facility pending revocation or modification proceedings is not considered a change of address for purposes of (a) of this subsection, and an additional community notification process is not required, unless conditional release is revoked under RCW 71.09.098 or the return lasts longer than 90 days.

(2) The same notice as required by subsection (1) of this section shall be sent to the following if such notice has been requested in writing about a specific person found to be a sexually violent predator under this chapter:

(a) The victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. "Next of kin" as used in this section means a person's spouse, parents, siblings, and children;

(b) Any witnesses who testified against the person in his or her commitment trial under RCW 71.09.060; and

(c) Any person specified in writing by the prosecuting agency.

Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting agency to receive the notice, and the notice are confidential and shall not be available to the committed person.

(3) If a person committed as a sexually violent predator under this chapter escapes from a department of social and health services facility, the department shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the committed person resided immediately before his or her commitment as a sexually violent predator, or immediately before his or her incarceration for his or her most recent offense. If previously requested, the department shall also notify the witnesses and the victims of the sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. If the person is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(4) If the victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin, or any witness is under the age of ~~((sixteen))~~ 16, the notice

required by this section shall be sent to the parents or legal guardian of the child.

(5) The department of social and health services shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(6) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section.

Sec. 9. RCW 71.09.250 and 2003 c 216 s 3 are each amended to read as follows:

(1)(a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to ~~((twenty-four))~~ 24, consisting of up to ~~((fifteen))~~ 15 transitional beds and up to nine pretransitional beds. The residents occupying the transitional beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than ~~((fifteen))~~ 15 residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the ~~((fifteen))~~ 15 residents so designated, along with their photographs and physical descriptions, and the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.

(b) For purposes of this subsection, "transitional beds" means beds only for residents who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2)(a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1)(a)(i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility established pursuant to subsection (1) of this section is located may not be conditionally

released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) Develop and publish policy guidelines for the siting and operation of secure community transition facilities.

(7)(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) After the department demonstrates the need for additional bed capacity to the appropriate committees of the legislature, and receives approval and funding from the appropriate committees of the legislature to build additional bed capacity, the state is authorized to site and operate secure community transition facilities and other conditional release and transitional facilities in any county in the state in accordance with RCW 71.09.315. In identifying potential counties and sites within a county for the location of a secure community transition facility or other conditional release and transitional facilities, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities or other conditional release and transitional facilities within a county, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health

division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

(9)(a) "Equitable distribution" means siting or locating secure community transition facilities and other conditional release and transitional facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or geographic area of a county in which distinct political or judicial authority may be exercised.

NEW SECTION. **Sec. 10.** A new section is added to chapter 71.09 RCW to read as follows:

To facilitate the primary role of the department in identifying less restrictive alternative placements under RCW 71.09.090 and discharge planning under RCW 71.09.080, subject to the availability of amounts appropriated for this specific purpose, the department shall conduct a study to explore the development of conditional release and transition facilities, which may include community-based state-operated living alternatives similar to the state-operated living alternative program operated by the developmental disabilities administration. Any facilities or placements developed under this section may be identified through a request for proposal process or through direct state acquisition and development. Any contracts with facilities or placements entered into under this section shall include a provision requiring oversight by the department to ensure the programs are operating appropriately.

NEW SECTION. **Sec. 11.** A new section is added to chapter 71.09 RCW to read as follows:

(1) In accordance with RCW 71.09.090 and 71.09.096, the department shall have the primary responsibility for developing a less restrictive alternative placement. To ensure the department has sufficient less restrictive alternative placements to choose from that satisfy the requirements of RCW 71.09.092, subject to the availability of amounts appropriated for this specific purpose, the department shall use a request for proposal process to solicit and contract with housing and treatment providers from across the state and facilitate fair share principles among the counties. In order to increase the number of housing options for individuals qualifying for a less restrictive alternative, the department shall have oversight of the vendors and providers who contract with the state, including the authority to inspect and ensure compliance, negotiate the rates charged for services, ensure adequate living conditions of housing locations, and terminate contracts. The department shall maintain a statewide accounting of the contracted community housing and treatment providers in each county and provide a biannual report to the legislature and governor by December 1st on the availability and adequacy of less restrictive alternative placements and the department's compliance with fair share principles.

(2) To facilitate its duties required under this section, the department shall use the following housing matrix and considerations as a guide to planning and developing less restrictive alternative placements. The following considerations may not be used as a reason to deny a less restrictive alternative placement.

(a) Considerations for evaluating a proposed vendor's application for less restrictive alternative housing services shall include applicable state and local zoning and building codes, general housing requirements, availability of public services, and other considerations identified in accordance with RCW

71.09.315. The department shall require the housing provider to provide proof that the facility is in compliance with all local zoning and building codes.

(i) General housing requirements include running water, electricity, bedroom and living space of adequate size, and no mold or infestations.

(ii) Availability of public services include availability of chaperones and whether the placement is within a reasonable distance to a grocery store, bank, public transportation options, and offices for public services and benefits.

(iii) Other considerations include whether the placement is consistent with fair share principles across the counties, whether the placement is within reasonable distance to other current or planned components of the less restrictive alternative, whether the placement is within reasonable distance to employment opportunities, and the reliability of global positioning system technology.

(b) Factors for evaluating less restrictive alternative options for a specific individual include sex offender treatment considerations, criminogenic needs and risk factors, protective factors, and the specific needs of the client.

(i) Sex offender treatment considerations include whether the housing is within a reasonable distance from the treatment provider, whether the treatment provider is a good therapeutic match with the client, and whether the treatment provider has relevant experience and background to treat the client if the client has special needs.

(ii) Criminogenic needs and risk factors include consideration of the person's specific needs and risk factors in evaluating less restrictive alternative options.

(iii) Protective factors include whether housing is within a reasonable distance of family, friends, potential hobbies, potential employment, and educational opportunities.

(iv) Consideration of the client's specific needs includes assessing the availability of personal care assistance and in-home care assistance, and whether housing is within a reasonable distance of mental health, medical treatment options, and substance use disorder treatment options.

NEW SECTION. **Sec. 12.** A new section is added to chapter 71.09 RCW to read as follows:

(1) The department shall enter into a memorandum of understanding with the department of licensing to allow residents in total confinement at the special commitment center to obtain a state identification card through a written identification verification letter completed by the special commitment center and delivered to the department of licensing.

(2) The process shall occur upon the person's initial detention at the special commitment center. The process shall reoccur when the person's state identification card expires.

NEW SECTION. **Sec. 13.** A new section is added to chapter 71.09 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department, the sex offender policy board, and department of health shall convene a work group to develop recommendations to increase the availability and quality of sex offender treatment providers to meet the growing number of persons qualifying for conditional release to a less restrictive alternative. The work group shall gather data on best practices in other states and make recommendations whether sex offender treatment providers should be required to contract with the department; whether annual or biannual trainings by the department should be mandatory for prospective and existing sex offender treatment providers; whether the department should provide competitive wages for services or pay that is commensurate with the years of experience or education level of

the treatment provider; and whether the department should provide other incentives such as a cost-of-living pay increase or compensating providers for the cost of mandated trainings associated with the sex offender treatment provider license under chapter 18.155 RCW. A report shall be submitted to the legislature by December 1, 2021.

(2) This section expires June 30, 2022.

NEW SECTION. **Sec. 14.** A new section is added to chapter 71.09 RCW to read as follows:

(1) In accordance with RCW 9.94A.8673, the sex offender policy board shall meet quarterly during the 2021-2023 biennium to continue its review of sexually violent predators and less restrictive alternative policies and best practices, collaborate with stakeholders and the department, provide outreach to providers and stakeholders, and monitor implementation of this act. The board shall also explore and make recommendations whether to continue or remove the prohibition on a less restrictive alternative from including a placement in the community protection program pursuant to RCW 71A.12.230. The board shall provide semiannual updates to the appropriate committees of the legislature during the 2021-2023 biennium.

(2) This section expires June 30, 2023.

(ii) The last background check on the contracted individual provider is still valid under department rules and did not disqualify the individual from providing personal care services;

(iii) Employment by the consumer directed employer is the only reason a new background check would be required; and

(iv) The department's background check results have been shared with the consumer directed employer.

The department may require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation at any time.

(2) A provider may not be employed in the care of and have unsupervised access to vulnerable adults if:

(a) The provider is on the vulnerable adult abuse registry or on any other registry based upon a finding of abuse, abandonment, neglect, or financial exploitation of a vulnerable adult;

(b) On or after October 1, 1998, the department of children, youth, and families, or its predecessor agency, has made a founded finding of abuse or neglect of a child against the provider. If the provider has received a certificate of parental improvement under chapter 74.13 RCW pertaining to the finding, the provider is not disqualified under this section;

(c) A disciplining authority, including the department of health, has made a finding of abuse, abandonment, neglect, or financial exploitation of a minor or a vulnerable adult against the provider; or

(d) A court has issued an order that includes a finding of fact or conclusion of law that the provider has committed abuse, abandonment, neglect, or financial exploitation of a minor or vulnerable adult. If the provider has received a certificate of parental improvement under chapter 74.13 RCW pertaining to the finding of fact or conclusion of law, the provider is not disqualified under this section.

(3) The department shall establish, by rule, a state registry which contains identifying information about long-term care workers identified under this chapter who have final substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, final substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information. This information must also be shared with the department of health to advance the purposes of chapter 18.88B RCW.

(4) For the purposes of this section, "provider" means:

(a) An individual provider as defined in RCW 74.39A.240;

(b) An employee, licensee, or contractor of any of the following: A home care agency licensed under chapter 70.127 RCW; a nursing home under chapter 18.51 RCW; an assisted living facility under chapter 18.20 RCW; an enhanced services facility under chapter 70.97 RCW; a certified resident services and supports agency licensed or certified under chapter 71A.12 RCW; an adult family home under chapter 70.128 RCW; or any long-term care facility certified to provide medicaid or medicare services; and

(c) Any contractor of the department who may have unsupervised access to vulnerable adults.

(5) The department shall adopt rules to implement this section.

Sec. 4. RCW 18.51.091 and 2020 c 263 s 1 are each amended to read as follows:

(1) The department shall inspect each nursing home periodically in accordance with federal standards under 42 C.F.R. Part 488, Subpart E. The inspection shall be made without providing advance notice of it. Every inspection may include an inspection of every part of the premises and an examination of all records, methods of administration, the general and special dietary and the stores and methods of supply. Those nursing homes that provide community-based care shall establish and maintain separate and distinct accounting and other essential records for the purpose of appropriately allocating costs of the providing of such care: PROVIDED, That such costs shall not be considered allowable costs for reimbursement purposes under chapter 74.46 RCW. Following such inspection or inspections, written notice of any violation of this law or the rules and regulations promulgated hereunder, shall be given to the applicant or licensee and the department. The notice shall describe the reasons for the facility's noncompliance. The department may prescribe by regulations that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, submit its plans and specifications therefor to the department for preliminary inspection and approval or recommendations with respect to compliance with the regulations and standards herein authorized.

(2) If a pandemic, natural disaster, or other declared state of emergency prevents the department from completing inspections according to the timeline in subsection (1) of this section, the department shall adopt rules to reestablish inspection timelines based on the length of time since the last complete inspection, compliance history of each facility, immediate health or safety concerns, and centers for medicare and medicaid services requirements.

(a) Rules adopted under this subsection (2) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all facility inspections are occurring according to time frames

established in subsection (1) of this section, whichever occurs later. Once the department determines a rule adopted under this subsection (2) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of inspection compliance with subsection (1) of this section and provide the legislature with a report.

Sec. 5. RCW 18.51.230 and 2020 c 263 s 2 are each amended to read as follows:

(1) The department shall, in addition to any inspections conducted pursuant to complaints filed pursuant to RCW 18.51.190, conduct a periodic general inspection of each nursing home in the state without providing advance notice of such inspection. Such inspections must conform to the federal standards for surveys under 42 C.F.R. Part 488, Subpart E.

(2) If a pandemic, natural disaster, or other declared state of emergency prevents the department from completing inspections according to the timeline in subsection (1) of this section, the department shall adopt rules to reestablish inspection timelines based on the length of time since the last complete inspection, compliance history of each facility, immediate health or safety concerns, and centers for medicare and medicaid services requirements.

(a) Rules adopted under this subsection (2) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all facility inspections are occurring according to time frames established in subsection (1) of this section, whichever occurs later. Once the department determines a rule adopted under this subsection (2) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of inspection compliance with subsection (1) of this section and provide the legislature with a report.

Sec. 6. RCW 74.42.360 and 2020 c 263 s 3 are each amended to read as follows:

(1) The facility shall have staff on duty twenty-four hours daily sufficient in number and qualifications to carry out the provisions of RCW 74.42.010 through 74.42.570 and the policies, responsibilities, and programs of the facility.

(2) The department shall institute minimum staffing standards for nursing homes. Beginning July 1, 2016, facilities must provide a minimum of 3.4 hours per resident day of direct care. Direct care staff has the same meaning as defined in RCW 74.42.010. The minimum staffing standard includes the time when such staff are providing hands-on care related to activities of daily living and nursing-related tasks, as well as care planning. The legislature intends to increase the minimum staffing standard to 4.1 hours per resident day of direct care, but the effective date of a standard higher than 3.4 hours per resident day of direct care will be identified if and only if funding is provided explicitly for an increase of the minimum staffing standard for direct care.

(a) The department shall establish in rule a system of compliance of minimum direct care staffing standards by January 1, 2016. Oversight must be done at least quarterly using the centers for medicare and medicaid services' payroll-based journal and nursing home facility census and payroll data.

(b) The department shall establish in rule by January 1, 2016, a system of financial penalties for facilities out of compliance with minimum staffing standards. No monetary penalty may be issued

during the implementation period of July 1, 2016, through September 30, 2016. If a facility is found noncompliant during the implementation period, the department shall provide a written notice identifying the staffing deficiency and require the facility to provide a sufficiently detailed correction plan to meet the statutory minimum staffing levels. Monetary penalties begin October 1, 2016. Monetary penalties must be established based on a formula that calculates the cost of wages and benefits for the missing staff hours. If a facility meets the requirements in subsection (3) or (4) of this section, the penalty amount must be based solely on the wages and benefits of certified nurse aides. The first monetary penalty for noncompliance must be at a lower amount than subsequent findings of noncompliance. Monetary penalties established by the department may not exceed two hundred percent of the wage and benefit costs that would have otherwise been expended to achieve the required staffing minimum hours per resident day for the quarter. A facility found out of compliance must be assessed a monetary penalty at the lowest penalty level if the facility has met or exceeded the requirements in subsection (2) of this section for three or more consecutive years. Beginning July 1, 2016, pursuant to rules established by the department, funds that are received from financial penalties must be used for technical assistance, specialized training, or an increase to the quality enhancement established in RCW 74.46.561.

(c) The department shall establish in rule an exception allowing geriatric behavioral health workers as defined in RCW 74.42.010 to be recognized in the minimum staffing requirements as part of the direct care service delivery to individuals who have a behavioral health condition. Hours worked by geriatric behavioral health workers may be recognized as direct care hours for purposes of the minimum staffing requirements only up to a portion of the total hours equal to the proportion of resident days of clients with a behavioral health condition identified at that facility on the most recent semiannual minimum data set. In order to qualify for the exception:

(i) The worker must:

(A) Have a bachelor's or master's degree in social work, behavioral health, or other related areas; or

(B) Have at least three years experience providing care for individuals with chronic mental health issues, dementia, or intellectual and developmental disabilities in a long-term care or behavioral health care setting; or

(C) Have successfully completed a facility-based behavioral health curriculum approved by the department under RCW 74.39A.078;

(ii) Any geriatric behavioral health worker holding less than a master's degree in social work must be directly supervised by an employee who has a master's degree in social work or a registered nurse.

(d)(i) The department shall establish a limited exception to the 3.4 hours per resident day staffing requirement for facilities demonstrating a good faith effort to hire and retain staff.

(ii) To determine initial facility eligibility for exception consideration, the department shall send surveys to facilities anticipated to be below, at, or slightly above the 3.4 hours per resident day requirement. These surveys must measure the hours per resident day in a manner as similar as possible to the centers for medicare and medicaid services' payroll-based journal and cover the staffing of a facility from October through December of 2015, January through March of 2016, and April through June of 2016. A facility must be below the 3.4 staffing standard on all three surveys to be eligible for exception consideration. If the staffing hours per resident day for a facility declines from any quarter to another during the survey period, the facility must

provide sufficient information to the department to allow the department to determine if the staffing decrease was deliberate or a result of neglect, which is the lack of evidence demonstrating the facility's efforts to maintain or improve its staffing ratio. The burden of proof is on the facility and the determination of whether or not the decrease was deliberate or due to neglect is entirely at the discretion of the department. If the department determines a facility's decline was deliberate or due to neglect, that facility is not eligible for an exception consideration.

(iii) To determine eligibility for exception approval, the department shall review the plan of correction submitted by the facility. Before a facility's exception may be renewed, the department must determine that sufficient progress is being made towards reaching the 3.4 hours per resident day staffing requirement. When reviewing whether to grant or renew an exception, the department must consider factors including but not limited to: Financial incentives offered by the facilities such as recruitment bonuses and other incentives; the robustness of the recruitment process; county employment data; specific steps the facility has undertaken to improve retention; improvements in the staffing ratio compared to the baseline established in the surveys and whether this trend is continuing; and compliance with the process of submitting staffing data, adherence to the plan of correction, and any progress toward meeting this plan, as determined by the department.

(iv) Only facilities that have their direct care component rate increase capped according to RCW 74.46.561 are eligible for exception consideration. Facilities that will have their direct care component rate increase capped for one or two years are eligible for exception consideration through June 30, 2017. Facilities that will have their direct care component rate increase capped for three years are eligible for exception consideration through June 30, 2018.

(v) The department may not grant or renew a facility's exception if the facility meets the 3.4 hours per resident day staffing requirement and subsequently drops below the 3.4 hours per resident day staffing requirement.

(vi) The department may grant exceptions for a six-month period per exception. The department's authority to grant exceptions to the 3.4 hours per resident day staffing requirement expires June 30, 2018.

(3)(a) Large nonessential community providers must have a registered nurse on duty directly supervising resident care twenty-four hours per day, seven days per week.

(b)(i) The department shall establish a limited exception process for large nonessential community providers that can demonstrate a good faith effort to hire a registered nurse for the last eight hours of required coverage per day. In granting an exception, the department may consider the competitiveness of the wages and benefits offered as compared to nursing facilities in comparable geographic or metropolitan areas within Washington state, the provider's recruitment and retention efforts, and the availability of registered nurses in the particular geographic area. A one-year exception may be granted and may be renewable; however, the department may limit the admission of new residents, based on medical conditions or complexities, when a registered nurse is not on-site and readily available. If a large nonessential community provider receives an exception, that information must be included in the department's nursing home locator.

(ii) By August 1, 2023, and every three years thereafter, the department, along with a stakeholder work group established by the department, shall conduct a review of the exceptions process to determine if it is still necessary. As part of this review, the department shall provide the legislature with a report that includes

enforcement and citation data for large nonessential community providers that were granted an exception in the three previous fiscal years in comparison to those without an exception. The report must include a similar comparison of data, provided to the department by the long-term care ombuds, on long-term care ombuds referrals for large nonessential community providers that were granted an exception in the three previous fiscal years and those without an exception. This report, along with a recommendation as to whether the exceptions process should continue, is due to the legislature by December 1st of each year in which a review is conducted. Based on the recommendations outlined in this report, the legislature may take action to end the exceptions process.

(4) Essential community providers and small nonessential community providers must have a registered nurse on duty directly supervising resident care a minimum of sixteen hours per day, seven days per week, and a registered nurse or a licensed practical nurse on duty directly supervising resident care the remaining eight hours per day, seven days per week.

(5) For the purposes of this section, "behavioral health condition" means one or more of the behavioral symptoms specified in section E of the minimum data set.

(6) If a pandemic, natural disaster, or other declared state of emergency impedes or prevents facilities from compliance with subsections (2) through (4) of this section, the department may adopt rules to grant exceptions to these requirements, waive penalties, and suspend oversight activities. Facilities must remain in compliance with subsection (1) of this section. Rules adopted under this subsection are effective until 12 months after the termination of the pandemic, natural disaster, or other declared state of emergency or until determined no longer necessary by the department, whichever occurs first. Once the department determines a rule adopted under this subsection is no longer necessary, it must repeal the rule under RCW 34.05.353.

Sec. 7. RCW 74.39A.074 and 2017 c 216 s 1 are each amended to read as follows:

(1)(a) Except for long-term care workers exempt from certification under RCW 18.88B.041(1)(a), all persons hired as long-term care workers must meet the minimum training requirements in this section within one hundred twenty calendar days after the date of being hired.

(b) Except as provided in RCW 74.39A.076, the minimum training requirement is seventy-five hours of entry-level training approved by the department. A long-term care worker must successfully complete five of these seventy-five hours before being eligible to provide care.

(c) Training required by (d) of this subsection applies toward the training required under RCW 18.20.270 or 70.128.230 or any statutory or regulatory training requirements for long-term care workers employed by community residential service businesses.

(d) The seventy-five hours of entry-level training required shall be as follows:

(i) Before a long-term care worker is eligible to provide care, he or she must complete:

(A) Two hours of orientation training regarding his or her role as caregiver and the applicable terms of employment; and

(B) Three hours of safety training, including basic safety precautions, emergency procedures, and infection control; and

(ii) Seventy hours of long-term care basic training, including training related to:

(A) Core competencies; and

(B) Population specific competencies, including identification of individuals with potential hearing loss and how to seek assistance if hearing loss is suspected.

(2) Only training curriculum approved by the department may be used to fulfill the training requirements specified in this section. The department shall only approve training curriculum that:

(a) Has been developed with input from consumer and worker representatives; and

(b) Requires comprehensive instruction by qualified instructors on the competencies and training topics in this section.

(3) Individual providers under RCW 74.39A.270 shall be compensated for training time required by this section.

(4) If a pandemic, natural disaster, or other declared state of emergency impacts the ability of long-term care workers to complete training as required by this section, the department may adopt rules to allow long-term care workers additional time to complete the training requirements.

(a) Rules adopted under this subsection (4) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all long-term care workers who were unable to complete the training required in subsection (1)(a) of this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection (4) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (1)(a) of this section and provide the legislature with a report.

(5) The department shall adopt rules to implement this section.

Sec. 8. RCW 74.39A.076 and 2019 c 363 s 19 are each amended to read as follows:

(1) Beginning January 7, 2012, except for long-term care workers exempt from certification under RCW 18.88B.041(1)(a):

(a) A biological, step, or adoptive parent who is the individual provider only for the person's developmentally disabled son or daughter must receive twelve hours of training relevant to the needs of adults with developmental disabilities within the first one hundred twenty days after becoming an individual provider.

(b) A spouse or registered domestic partner who is a long-term care worker only for a spouse or domestic partner, pursuant to the long-term services and supports trust program established in chapter 50B.04 RCW, must receive fifteen hours of basic training, and at least six hours of additional focused training based on the care-receiving spouse's or partner's needs, within the first one hundred twenty days after becoming a long-term care worker.

(c) A person working as an individual provider who (i) provides respite care services only for individuals with developmental disabilities receiving services under Title 71A RCW or only for individuals who receive services under this chapter, and (ii) works three hundred hours or less in any calendar year, must complete fourteen hours of training within the first one hundred twenty days after becoming an individual provider. Five of the fourteen hours must be completed before becoming eligible to provide care, including two hours of orientation training regarding the caregiving role and terms of employment and three hours of safety training. The training partnership identified in RCW 74.39A.360 must offer at least twelve of the fourteen hours online, and five of those online hours must be individually selected from elective courses.

(d) Individual providers identified in (d)(i) or (ii) of this subsection must complete thirty-five hours of training within the first one hundred twenty days after becoming an individual provider. Five of the thirty-five hours must be completed before

becoming eligible to provide care. Two of these five hours shall be devoted to an orientation training regarding an individual provider's role as caregiver and the applicable terms of employment, and three hours shall be devoted to safety training, including basic safety precautions, emergency procedures, and infection control. Individual providers subject to this requirement include:

(i) An individual provider caring only for the individual provider's biological, step, or adoptive child or parent unless covered by (a) of this subsection; and

(ii) A person working as an individual provider who provides twenty hours or less of care for one person in any calendar month.

(2) In computing the time periods in this section, the first day is the date of hire.

(3) Only training curriculum approved by the department may be used to fulfill the training requirements specified in this section. The department shall only approve training curriculum that:

(a) Has been developed with input from consumer and worker representatives; and

(b) Requires comprehensive instruction by qualified instructors.

(4) If a pandemic, natural disaster, or other declared state of emergency impacts the ability of long-term care workers to complete training as required by this section, the department may adopt rules to allow long-term care workers additional time to complete the training requirements.

(a) Rules adopted under this subsection (4) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all long-term care workers who were unable to complete the training required in subsection (1) of this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection (4) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (1) of this section and provide the legislature with a report.

(5) The department shall adopt rules to implement this section.

Sec. 9. RCW 74.39A.341 and 2015 c 152 s 3 are each amended to read as follows:

(1) All long-term care workers shall complete twelve hours of continuing education training in advanced training topics each year. This requirement applies beginning July 1, 2012.

(2) Completion of continuing education as required in this section is a prerequisite to maintaining home care aide certification under chapter 18.88B RCW.

(3) Unless voluntarily certified as a home care aide under chapter 18.88B RCW, subsection (1) of this section does not apply to:

(a) An individual provider caring only for his or her biological, step, or adoptive child;

(b) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW;

(c) Before January 1, 2016, a long-term care worker employed by a community residential service business;

(d) A person working as an individual provider who provides twenty hours or less of care for one person in any calendar month; or

(e) A person working as an individual provider who only provides respite services and works less than three hundred hours in any calendar year.

(4) Only training curriculum approved by the department may be used to fulfill the training requirements specified in this section. The department shall only approve training curriculum that:

(a) Has been developed with input from consumer and worker representatives; and

(b) Requires comprehensive instruction by qualified instructors.

(5) Individual providers under RCW 74.39A.270 shall be compensated for training time required by this section.

(6) If a pandemic, natural disaster, or other declared state of emergency impacts the ability of long-term care workers to complete training as required by this section, the department may adopt rules to allow long-term care workers additional time to complete the training requirements.

(a) Rules adopted under this subsection (6) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all long-term care workers who were unable to complete the training required in this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection (6) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (1) of this section and provide the legislature with a report.

(7) The department of health shall adopt rules to implement subsection (1) of this section.

~~((7))~~ (8) The department shall adopt rules to implement subsection (2) of this section.

Sec. 10. RCW 18.88B.021 and 2013 c 259 s 1 are each amended to read as follows:

(1) Beginning January 7, 2012, except as provided in RCW 18.88B.041, any person hired as a long-term care worker must be certified as a home care aide as provided in this chapter within two hundred calendar days after the date of ~~(being hired. In computing the time periods in this subsection, the first day is the date of)~~ hire, as defined by the department. The department may adopt rules determining under which circumstances a long-term care worker may have more than one date of hire, restarting the person's 200-day period to obtain certification as a home care aide.

(2)(a) No person may practice or, by use of any title or description, represent himself or herself as a certified home care aide without being certified as provided in this chapter.

(b) This section does not prohibit a person: (i) From practicing a profession for which the person has been issued a license or which is specifically authorized under this state's laws; or (ii) who is exempt from certification under RCW 18.88B.041 from providing services as a long-term care worker.

(c) In consultation with consumer and worker representatives, the department shall, by January 1, 2013, establish by rule a single scope of practice that encompasses both long-term care workers who are certified home care aides and long-term care workers who are exempted from certification under RCW 18.88B.041.

(3) If a pandemic, natural disaster, or other declared state of emergency impacts the ability of long-term care workers to complete certification as required by this section, the department may adopt rules to allow long-term care workers additional time to become certified.

(a) Rules adopted under this subsection (3) are effective until the termination of the pandemic, natural disaster, or other

declared state of emergency or until the department determines that additional time for long-term care workers to become certified is no longer necessary, whichever is later. Once the department determines a rule adopted under this subsection (3) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of certification compliance with subsection (1) of this section and rules adopted under this subsection (3) and provide the legislature with a report.

(4) The department shall adopt rules to implement this section.

Sec. 11. RCW 70.128.230 and 2019 c 466 s 5 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes all adult family home resident managers and any person who provides residents with hands-on personal care on behalf of an adult family home, except volunteers who are directly supervised.

(b) "Indirect supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section and is quickly and easily available to the caregiver, but not necessarily on-site.

(2) Training must have three components: Orientation, basic training, and continuing education. All adult family home providers, resident managers, and employees, or volunteers who routinely interact with residents shall complete orientation. Caregivers shall complete orientation, basic training, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate adult family home staff to all adult family home employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision.

(5) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers.

(a) Specialty training consists of modules on the core knowledge and skills that providers and resident managers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test.

(b) Specialty training must be completed by providers and resident managers before admitting and serving residents who have been determined to have special needs related to mental illness, dementia, or a developmental disability. Should a resident

develop special needs while living in a home without specialty designation, the provider and resident manager have one hundred twenty days to complete specialty training.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required in the same calendar year in which basic or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully complete the competency challenge test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully complete the specialty training competency challenge test are fully exempt from the specialty training requirements of this section.

(8)(a) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW are exempt from any continuing education requirement established under this section.

(b) The department may adopt rules that would exempt licensed persons from all or part of the training requirements under this chapter, if they are (i) performing the tasks for which they are licensed and (ii) subject to chapter 18.130 RCW.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the adult family home training network must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges, private associations, or other entities, as defined by the department.

(10) The adult family home training network shall assist adult family homes that desire to deliver facility-based training with facility designated trainers, or adult family homes that desire to pool their resources to create shared training systems. The department shall develop criteria for reviewing and approving trainers and training materials. The department may approve a curriculum based upon attestation by an adult family home administrator that the adult family home's training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department may conduct the review as part of the next regularly scheduled inspection authorized under RCW 70.128.070. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(11) The department shall adopt rules by September 1, 2002, for the implementation of this section.

(12)(a) Except as provided in (b) of this subsection, the orientation, basic training, specialty training, and continuing education requirements of this section commence September 1, 2002, and shall be applied to (i) employees hired subsequent to September 1, 2002; or (ii) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 and this section. Existing employees who have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 shall be subject to all applicable requirements of this section.

(b) Beginning January 7, 2012, long-term care workers, as defined in RCW 74.39A.009, employed by an adult family home are also subject to the training requirements under RCW 74.39A.074.

(13) If a pandemic, natural disaster, or other declared state of emergency makes specialty training unavailable, the department may adopt rules to allow an adult family home where the provider and resident manager have not completed specialty training to admit a resident or residents with special needs related to mental illness, dementia, or a developmental disability, or to care for a resident or residents already living in the home who develop special needs. Such rules must include information about how to complete the specialty training once the training is available.

(a) Rules adopted under this subsection (13) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that providers and resident managers who were unable to complete the specialty training required in subsection (5)(b) of this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection (13) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (5)(b) of this section and provide the legislature with a report.

Sec. 12. RCW 18.20.270 and 2013 c 259 s 4 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes any person who provides residents with hands-on personal care on behalf of an assisted living facility, except volunteers who are directly supervised.

(b) "Direct supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section, is on the premises, and is quickly and easily available to the caregiver.

(2) Training must have the following components: Orientation, basic training, specialty training as appropriate, and continuing education. All assisted living facility employees or volunteers who routinely interact with residents shall complete orientation. Assisted living facility administrators, or their designees, and caregivers shall complete orientation, basic training, specialty training as appropriate, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate assisted living facility staff to all assisted living facility employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision. Assisted living facility administrators, or their designees, must complete basic training and demonstrate competency within one hundred twenty days of employment.

(5) For assisted living facilities that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of administrators, or designees, and caregivers.

(a) Specialty training consists of modules on the core knowledge and skills that caregivers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test.

(b) Specialty training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care to a resident having special needs. However, if specialty training is not integrated with basic training, the specialty training must be completed within ninety days of completion of basic training. Until competency in the core specialty areas has been demonstrated, caregivers shall not provide hands-on personal care to residents with special needs without direct supervision.

(c) Assisted living facility administrators, or their designees, must complete specialty training and demonstrate competency within one hundred twenty days from the date on which the administrator or his or her designee is hired, if the assisted living facility serves one or more residents with special needs.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required in the same calendar year in which basic or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8)(a) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW are exempt from any continuing education requirement established under this section.

(b) The department may adopt rules that would exempt licensed persons from all or part of the training requirements under this chapter, if they are (i) performing the tasks for which they are licensed and (ii) subject to chapter 18.130 RCW.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(10) The department shall develop criteria for the approval of orientation, basic training, and specialty training programs.

(11) Assisted living facilities that desire to deliver facility-based training with facility designated trainers, or assisted living facilities that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The department shall develop criteria for reviewing and approving trainers and training materials that are substantially similar to or better than the materials developed by the department. The department may approve a curriculum based upon attestation by an assisted living facility administrator that the assisted living facility's training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these

requirements. The department may conduct the review as part of the next regularly scheduled yearly inspection and investigation required under RCW 18.20.110. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(12) The department shall adopt rules for the implementation of this section.

(13)(a) Except as provided in (b) of this subsection, the orientation, basic training, specialty training, and continuing education requirements of this section commence September 1, 2002, or one hundred twenty days from the date of employment, whichever is later, and shall be applied to (i) employees hired subsequent to September 1, 2002; and (ii) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 74.39A.010 or 74.39A.020 and this section. Existing employees who have not successfully completed the training requirements under RCW 74.39A.010 or 74.39A.020 shall be subject to all applicable requirements of this section.

(b) Beginning January 7, 2012, long-term care workers, as defined in RCW 74.39A.009, employed by facilities licensed under this chapter are also subject to the training requirements under RCW 74.39A.074.

(14) If a pandemic, natural disaster, or other declared state of emergency makes specialty training unavailable, the department may adopt rules to allow an assisted living facility where the administrator, designee, and caregiving staff have not completed specialty training to admit a resident or residents with special needs related to mental illness, dementia, or a developmental disability. Such rules must include information about how to complete the specialty training once the training is available.

(a) Rules adopted under this subsection (14) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that providers and resident managers who were unable to complete the specialty training required in subsection (5)(b) of this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection (14) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (5)(b) of this section and provide the legislature with a report.

Sec. 13. RCW 70.128.070 and 2011 1st sp.s. c 3 s 204 are each amended to read as follows:

(1) A license shall remain valid unless voluntarily surrendered, suspended, or revoked in accordance with this chapter.

(2)(a) Homes applying for a license shall be inspected at the time of licensure.

(b) Homes licensed by the department shall be inspected at least every eighteen months, with an annual average of fifteen months. However, an adult family home may be allowed to continue without inspection for two years if the adult family home had no inspection citations for the past three consecutive inspections and has received no written notice of violations resulting from complaint investigations during that same time period.

(c) The department may make an unannounced inspection of a licensed home at any time to assure that the home and provider are in compliance with this chapter and the rules adopted under this chapter.

(d) If a pandemic, natural disaster, or other declared state of emergency prevents the department from completing inspections according to the timeline in this subsection, the department shall adopt rules to reestablish inspection timelines based on the length of time since last inspection, compliance history of each facility, and immediate health or safety concerns.

(i) Rules adopted under this subsection (2)(d) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all facility inspections are occurring according to time frames established in (b) of this subsection, whichever is later. Once the department determines a rule adopted under this subsection (2)(d) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(ii) Within 12 months of the termination of the pandemic, natural disaster, or declared state of emergency, the department shall conduct a review of inspection compliance with (b) of this subsection and provide the legislature with a report.

(3) If the department finds that the home is not in compliance with this chapter, it shall require the home to correct any violations as provided in this chapter.

Sec. 14. RCW 70.97.160 and 2020 c 278 s 9 are each amended to read as follows:

(1) The department shall make or cause to be made at least one inspection of each facility prior to licensure and an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Any duly authorized officer, employee, or agent of the department may enter and inspect any facility at any time to determine that the facility is in compliance with this chapter and applicable rules, and to enforce any provision of this chapter. Complaint inspections shall be unannounced and conducted in such a manner as to ensure maximum effectiveness. No advance notice shall be given of any inspection unless authorized or required by federal law.

(3) During inspections, the facility must give the department access to areas, materials, and equipment used to provide care or support to residents, including resident and staff records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department has the authority to privately interview the provider, staff, residents, and other individuals familiar with resident care and service plans.

(4) Any public employee giving advance notice of an inspection in violation of this section shall be suspended from all duties without pay for a period of not less than five nor more than fifteen days.

(5) The department shall prepare a written report describing the violations found during an inspection, and shall provide a copy of the inspection report to the facility.

(6) The facility shall develop a written plan of correction for any violations identified by the department and provide a plan of correction to the department within ten working days from the receipt of the inspection report.

(7) If a pandemic, natural disaster, or other declared state of emergency prevents the department from completing inspections according to the timeline in this section, the department shall adopt rules to reestablish inspection timelines based on the length of time since last inspection, compliance history of each facility, and immediate health or safety concerns.

(a) Rules adopted under this subsection (7) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all facility inspections are occurring according to time frames

established in subsection (1) of this section, whichever is later. Once the department determines a rule adopted under this subsection (7) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of inspection compliance with subsection (1) of this section and provide the legislature with a report.

Sec. 15. RCW 18.20.110 and 2012 c 10 s 6 are each amended to read as follows:

(1) The department shall make or cause to be made, at least every eighteen months with an annual average of fifteen months, an inspection and investigation of all assisted living facilities. However, the department may delay an inspection to twenty-four months if the assisted living facility has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed facility to assure that the licensee is in compliance with this chapter and the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records, methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records or reports described in RCW 18.20.390. Financial records of the assisted living facility may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications therefor to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

(2) If a pandemic, natural disaster, or other declared state of emergency prevents the department from completing inspections according to the timeline in subsection (1) of this section, the department shall adopt rules to reestablish inspection timelines based on the length of time since last inspection, compliance history of each facility, and immediate health or safety concerns.

(a) Rules adopted under this subsection (2) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all facility inspections are occurring according to time frames established in subsection (1) of this section, whichever is later. Once the department determines a rule adopted under this subsection (2) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of inspection compliance with subsection (1) of this section and provide the legislature with a report.

Sec. 16. RCW 18.88A.030 and 2010 c 169 s 4 are each amended to read as follows:

(1)(a) A nursing assistant may assist in the care of individuals as delegated by and under the direction and supervision of a licensed (registered) nurse or licensed practical nurse.

(b) A health care facility shall not assign a nursing assistant-registered to provide care until the nursing assistant-registered has demonstrated skills necessary to perform competently all assigned duties and responsibilities.

(c) Nothing in this chapter shall be construed to confer on a nursing assistant the authority to administer medication unless delegated as a specific nursing task pursuant to this chapter or to practice as a licensed (registered) nurse or licensed practical nurse as defined in chapter 18.79 RCW.

(2)(a) A nursing assistant employed in a nursing home must have successfully obtained certification through: (i) An approved training program and the competency evaluation within ~~((four months after the date of employment))~~ a period of time determined in rule by the commission; or (ii) alternative training and the competency evaluation prior to employment.

(b) Certification is voluntary for nursing assistants working in health care facilities other than nursing homes unless otherwise required by state or federal law or regulation.

(3) The commission may adopt rules to implement the provisions of this chapter.

Sec. 17. RCW 18.88A.087 and 2010 c 169 s 3 are each amended to read as follows:

(1) The commission shall adopt criteria for evaluating an applicant's alternative training to determine the applicant's eligibility to take the competency evaluation for nursing assistant certification. At least one option adopted by the commission must allow an applicant to take the competency evaluation if he or she:

(a)(i) Is a certified home care aide pursuant to chapter 18.88B RCW; or

(ii) Is a certified medical assistant pursuant to a certification program accredited by a national medical assistant accreditation organization and approved by the commission; and

(b) Has successfully completed at least twenty-four hours of training that the commission determines is necessary to provide training equivalent to approved training on topics not addressed in the training specified for certification as a home care aide or medical assistant, as applicable. In the commission's discretion, a portion of these hours may include clinical training.

~~(2)(a) ((By July 1, 2011, the))~~ The commission, in consultation with the secretary, the department of social and health services, and consumer, employer, and worker representatives, shall adopt rules to implement this section and to provide ~~((beginning January 1, 2012,))~~ for a program of credentialing reciprocity to the extent required by this section between home care aide and medical assistant certification and nursing assistant certification. ~~((By July 1, 2011, the))~~ The secretary shall also adopt such rules as may be necessary to implement this section and the credentialing reciprocity program.

(b) Rules adopted under this section must be consistent with requirements under 42 U.S.C. Sec. 1395i-3(e) and (f) of the federal social security act relating to state-approved competency evaluation programs for certified nurse aides.

~~(3) ((Beginning December 1, 2012, the))~~ The secretary, in consultation with the commission, shall report annually by December 1st to the governor and the appropriate committees of the legislature on the progress made in achieving career advancement for certified home care aides and medical assistants into nursing practice.

Concerning the hospital safety net assessment.

MOTION

Senator Rolfes moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 74.60.005 and 2019 c 318 s 1 are each amended to read as follows:

(1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby support additional payments to hospitals for medicaid services as specified in this chapter.

(2) The legislature finds that federal health care reform will result in an expansion of medicaid enrollment in this state and an increase in federal financial participation.

(3) In adopting this chapter, it is the intent of the legislature:

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) To generate approximately one billion dollars per state fiscal biennium in new state and federal funds by disbursing all of that amount to pay for medicaid hospital services and grants to certified public expenditure and critical access hospitals, except costs of administration as specified in this chapter, in the form of additional payments to hospitals and managed care plans, which may not be a substitute for payments from other sources, but which include quality improvement incentive payments under RCW 74.09.611;

(c) To generate two hundred ninety-two million dollars per biennium during the ((2019-2021 and)) 2021-2023 and 2023-2025 biennia in new funds to be used in lieu of state general fund payments for medicaid hospital services;

(d) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the payments authorized by this chapter;

(e) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the rates the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization; and

(f) For each of the two biennia starting with fiscal year ((2020)) 2022 to generate:

(i) Four million dollars for new integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and

(ii) Eight million two hundred thousand dollars for family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine

residency network at the University of Washington, for slots where residents are employed by hospitals.

Sec. 2. RCW 74.60.020 and 2019 c 318 s 3 are each amended to read as follows:

(1) A dedicated fund is hereby established within the state treasury to be known as the hospital safety net assessment fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund.

(a) Any unexpended balance in the fund at the end of a fiscal year shall carry over into the following fiscal year or that fiscal year and the following fiscal year and shall be applied to reduce the amount of the assessment under RCW 74.60.050(1)(c).

(b) Any amounts remaining in the fund after July 1, ~~((2023))~~ 2025, shall be refunded to hospitals, pro rata according to the amount paid by the hospital since July 1, 2013, subject to the limitations of federal law.

(2) All assessments, interest, and penalties collected by the authority under RCW 74.60.030 and 74.60.050 shall be deposited into the fund.

(3) Disbursements from the fund are conditioned upon appropriation and the continued availability of other funds sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization.

(a) Disbursements from the fund may be made only:

(a) To make payments to hospitals and managed care plans as specified in this chapter;

(b) To refund erroneous or excessive payments made by hospitals pursuant to this chapter;

(c) For one million dollars per biennium for payment of administrative expenses incurred by the authority in performing the activities authorized by this chapter;

(d) For two hundred ninety-two million dollars per biennium, to be used in lieu of state general fund payments for medicaid hospital services, provided that if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, this amount must be reduced proportionately;

(e) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations in a final determination by a court of competent jurisdiction with all appeals exhausted. In such a case, the authority may require hospitals receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. If a hospital is unable to refund payments, the state shall develop either a payment plan, or deduct moneys from future medicaid payments, or both;

(f) To pay an amount sufficient, when combined with the maximum available amount of federal funds necessary to provide a one percent increase in medicaid hospital inpatient rates to hospitals eligible for quality improvement incentives under RCW 74.09.611. By May 16, 2018, and by each May 16 thereafter, the authority, in cooperation with the department of health, must verify that each hospital eligible to receive quality improvement incentives under the terms of this chapter is in substantial compliance with the reporting requirements in RCW 43.70.052

and 70.01.040 for the prior period. For the purposes of this subsection, "substantial compliance" means, in the prior period, the hospital has submitted at least nine of the twelve monthly reports by the due date. The authority must distribute quality improvement incentives to hospitals that have met these requirements beginning July 1 of 2018 and each July 1 thereafter; and

(g) For each state fiscal year ~~((2020))~~ 2022 through ~~((2023))~~ 2025 to generate:

(i) Two million dollars for integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and

(ii) Four million one hundred thousand dollars for family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals.

Sec. 3. RCW 74.60.090 and 2019 c 318 s 6 are each amended to read as follows:

(1) In each fiscal year commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), funds must be disbursed from the fund and the authority shall make grants to certified public expenditure hospitals, which shall not be considered payments for hospital services, as follows:

(a) University of Washington medical center: ~~((Ten million five hundred fifty five thousand dollars in state fiscal year 2020 and up))~~ Up to twelve million fifty-five thousand dollars in state fiscal year ((2021)) 2022 through ((2023)) 2025 paid as follows, except if the full amount of the payments required under RCW 74.60.120(1) and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection must be reduced proportionately:

(i) ~~((Four))~~ Five million ~~((four))~~ nine hundred fifty-five thousand dollars in state fiscal years ~~((2020))~~ 2022 through ~~((2023, except that from state fiscal year 2021 through 2023, if northwest hospital is ineligible to participate in this chapter as a prospective payment hospital, the amount per state fiscal year must be five million nine hundred fifty five thousand dollars))~~ 2025;

(ii) Two million dollars to integrated, evidence-based psychiatry residency program slots that did not receive state funding prior to 2016, at the integrated psychiatry residency program at the University of Washington; and

(iii) Four million one hundred thousand dollars to family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals;

(b) Harborview medical center: Ten million two hundred sixty thousand dollars in each state fiscal year ~~((2020))~~ 2022 through ~~((2023))~~ 2025, except if the full amount of the payments required under RCW 74.60.120(1) and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection must be reduced proportionately;

(c) All other certified public expenditure hospitals: Five million six hundred fifteen thousand dollars in each state fiscal year ~~((2020))~~ 2022 through ~~((2023))~~ 2025, except if the full amount of the payments required under RCW 74.60.120(1) and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection must be reduced proportionately. The amount of payments to individual hospitals under this subsection must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments

determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4).

(2) Payments must be made quarterly, before the end of each quarter, taking the total disbursement amount and dividing by four to calculate the quarterly amount. The authority shall provide a quarterly report of such payments to the Washington state hospital association.

CRISIS CALL CENTER HUBS AND CRISIS SERVICES

NEW SECTION. **Sec. 101.** (1) The legislature finds that:

(a) Nearly 6,000 Washington adults and children died by suicide in the last five years, according to the federal centers for disease control and prevention, tragically reflecting a state increase of 36 percent in the last 10 years.

(b) Suicide is now the single leading cause of death for Washington young people ages 10 through 24, with total deaths 22 percent higher than for vehicle crashes.

(c) Groups with suicide rates higher than the general population include veterans, American Indians/Alaska Natives, LGBTQ youth, and people living in rural counties across the state.

(d) More than one in five Washington residents are currently living with a behavioral health disorder.

(e) The COVID-19 pandemic has increased stressors and substance use among Washington residents.

(f) An improved crisis response system will reduce reliance on emergency room services and the use of law enforcement response to behavioral health crises and will stabilize individuals in the community whenever possible.

(g) To accomplish effective crisis response and suicide prevention, Washington state must continue its integrated approach to address mental health and substance use disorder in tandem under the umbrella of behavioral health disorders, consistently with chapter 71.24 RCW and the state's approach to integrated health care. This is particularly true in the domain of suicide prevention, because of the prevalence of substance use as both a risk factor and means for suicide.

(2) The legislature intends to:

(a) Establish crisis call center hubs and expand the crisis response system in a deliberate, phased approach that includes the involvement of partners from a range of perspectives to:

(i) Save lives by improving the quality of and access to behavioral health crisis services;

(ii) Further equity in addressing mental health and substance use treatment and assure a culturally and linguistically competent response to behavioral health crises;

(iii) Recognize that, historically, crisis response placed marginalized communities, including those experiencing behavioral health crises, at disproportionate risk of poor outcomes and criminal justice involvement;

(iv) Comply with the national suicide hotline designation act of 2020 and the federal communications commission's rules adopted July 16, 2020, to assure that all Washington residents receive a consistent and effective level of 988 suicide prevention and other behavioral health crisis response services no matter where they live, work, or travel in the state; and

(v) Provide higher quality support for people experiencing behavioral health crises through investment in new technology to create a crisis call center hub system to triage calls and link individuals to follow-up care.

(b) Make additional investments to enhance the crisis response system, including the expansion of crisis teams, to be known as mobile rapid response crisis teams, and deployment of a wide array of crisis stabilization services, such as 23-hour crisis stabilization units based on the living room model, crisis stabilization centers, short-term respite facilities, peer-run respite centers, and same-day walk-in behavioral health services. The overall crisis system shall contain components that operate like hospital emergency departments that accept all walk-ins and ambulance, fire, and police drop-offs. Certified peer counselors as well as peers in other roles providing support must be incorporated within the crisis system and along the continuum of crisis care.

NEW SECTION. Sec. 102. A new section is added to chapter 71.24 RCW to read as follows:

(1) Establishing the state crisis call center hubs and enhancing the crisis response system will require collaborative work between the department and the authority within their respective roles. The department shall have primary responsibility for establishing and designating the crisis call center hubs. The authority shall have primary responsibility for developing and implementing the crisis response system and services to support the work of the crisis call center hubs. In any instance in which one agency is identified as the lead, the expectation is that agency will be communicating and collaborating with the other to ensure seamless, continuous, and effective service delivery within the statewide crisis response system.

(2) The department shall provide adequate funding for the state's crisis call centers to meet an expected increase in the use of the call centers based on the implementation of the 988 crisis hotline. The funding level shall be established at a level anticipated to achieve an in-state call response rate of at least 90 percent by July 22, 2022, and an in-state call response rate of at least 95 percent by July 1, 2023. The funding level shall be determined by considering standards and cost per call predictions provided by the administrator of the national suicide prevention lifeline, call volume predictions, guidance on crisis call center performance metrics, and necessary technology upgrades.

(3) The department shall adopt rules by July 1, 2023, to establish standards for designation of crisis call centers as crisis call center hubs. The department shall collaborate with the authority and other agencies to assure coordination and availability of services, and shall consider national guidelines for behavioral health crisis care as determined by the federal substance abuse and mental health services administration, national behavioral health accrediting bodies, and national behavioral health provider associations to the extent they are appropriate, and recommendations from the crisis response improvement strategy committee created in section 103 of this act.

(4) The department shall designate crisis call center hubs by July 1, 2024. The crisis call center hubs shall provide crisis intervention services, triage, care coordination, referrals, and connections to individuals contacting the 988 crisis hotline from any jurisdiction within Washington 24 hours a day, seven days a week, using the system platform developed under subsection (5) of this section.

(a) To be designated as a crisis call center hub, the applicant must demonstrate to the department the ability to comply with the requirements of this section and to contract with the department to provide crisis call center hub services. The department may revoke the designation of any crisis call center hub that fails to substantially comply with the contract.

(b) The contracts entered by the department shall require designated crisis call center hubs to:

(i) Have an active agreement with the administrator of the national suicide prevention lifeline for participation within its network;

(ii) Meet the requirements for operational and clinical standards established by the department and based upon the national suicide prevention lifeline best practices guidelines and other recognized best practices;

(iii) Employ highly skilled and trained clinical staff with at least a bachelors or masters level of education, as appropriate, who have sufficient training and resources to provide empathy to callers in acute distress, de-escalate crises, assess behavioral health disorders and suicide risk, triage to system partners, and provide case management and documentation. Call center staff shall be trained to make every effort to resolve cases in the least restrictive environment and without law enforcement involvement whenever possible. Call center staff shall coordinate with certified peer counselors to provide follow-up and outreach to callers in distress as available. It is intended for transition planning to include a pathway for continued employment and skill advancement as needed for experienced crisis call center employees;

(iv) Collaborate with the authority, the national suicide prevention lifeline, and veterans crisis line networks to assure consistency of public messaging about the 988 crisis hotline; and

(v) Provide data and reports and participate in evaluations and related quality improvement activities, according to standards established by the department in collaboration with the authority.

(c) The department shall incorporate recommendations from the crisis response improvement strategy committee created under section 103 of this act in its agreements with crisis call center hubs, as appropriate.

(5) The department shall develop a new technologically advanced behavioral health crisis call center system platform using technology demonstrated to be interoperable across crisis and emergency response systems used throughout the state, such as 911 systems, emergency medical services systems, and other nonbehavioral health crisis services, for use in crisis call center hubs designated by the department under subsection (4) of this section. This platform, which shall be fully funded by July 1, 2023, must include the capacity to receive crisis assistance requests through phone calls, texts, chats, and other similar methods of communication that may be developed in the future that promote access to the behavioral health crisis system. The platform must have the following capacities:

(a) To access real-time information relevant to the coordination of behavioral health crisis response services provided by the behavioral health integrated client reference system developed under subsection (7) of this section;

(b) Request deployment of appropriate crisis response services, which may include mobile rapid response crisis teams, coresponder teams, designated crisis responders, mobile integrated health teams, or community assistance referral and educational services programs under RCW 35.21.930, according to best practice guidelines established by the authority, and track local response through global positioning technology; and

(c) Track the outcome of the 988 call to enable appropriate follow up, cross-system coordination, and accountability, including as appropriate: (i) Any immediate services dispatched and reports generated from the encounter; (ii) the contents of the safety plan established for the caller; (iii) the next steps for the caller to follow in transition to noncrisis follow-up care, including a next-day appointment for callers experiencing urgent, symptomatic behavioral health care needs; and (iv) the means to verify and document whether the caller was successful in making the transition to appropriate noncrisis follow-up care indicated in

the safety plan for the person, to be completed either by the care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the crisis call center hub.

(6) To implement this section the department shall collaborate with the state enhanced 911 coordination office, emergency management division, and military department to develop technology that is demonstrated to be interoperable between the 988 crisis hotline system and crisis and emergency response systems used throughout the state, such as 911 systems, emergency medical services systems, and other nonbehavioral health crisis services, as well as the national suicide prevention lifeline, to assure cohesive interoperability, develop training programs and operations for both 911 public safety telecommunicators and crisis line workers, develop suicide and other behavioral health crisis assessments and intervention strategies, and establish efficient and equitable access to resources via crisis hotlines.

(7) The authority shall develop a behavioral health integrated client reference system capable of providing system coordination information to crisis call center hubs and to other entities involved in behavioral health care, at a time to be determined by the crisis response improvement strategy committee created under section 103 of this act. The system must include the capacity to provide the following:

(a) Real-time bed availability for all behavioral health bed types, including but not limited to crisis stabilization services, triage facilities, psychiatric inpatient, substance use disorder inpatient, withdrawal management, peer-run respite centers, and crisis respite services, inclusive of both voluntary and involuntary beds, for use by crisis response workers, first responders, health care providers, and individuals in crisis;

(b) Real-time information relevant to the coordination of behavioral health crisis response services for a person, including the means to access: (i) Information about any less restrictive alternative treatment orders or mental health advance directives related to the person; and (ii) information necessary to enable the crisis call center hub to actively collaborate with primary care providers and behavioral health providers within managed care organizations, behavioral health administrative services organizations, and other health care payers to establish a safety plan for the person and provide the next steps for the person's transition to follow up noncrisis care. To establish information sharing guidelines that fulfill the intent of this section the authority shall consider input from the confidential information compliance and coordination subcommittee established under section 103 of this act;

(c) A means to facilitate actions to verify and document whether the person's transition to follow up noncrisis care was successful, to be performed by a care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the crisis call center hub; and

(d) The means to provide geographically, culturally, and linguistically appropriate services to persons who are part of high-risk populations or otherwise have need of specialized services or accommodations, and to document these services or accommodations.

(8) The authority shall:

(a) Collaborate with county authorities and behavioral health administrative services organizations to develop procedures to

dispatch behavioral health crisis services in coordination with crisis call center hubs to effectuate the intent of this section;

(b) Establish formal agreements with managed care organizations and behavioral health administrative services organizations to provide for the services, capacities, and coordination necessary to effectuate the intent of this section, which shall include a requirement to arrange next-day appointments for persons contacting the 988 crisis hotline experiencing urgent, symptomatic behavioral health care needs with geographically, culturally, and linguistically appropriate primary care or behavioral health providers within the person's provider network, or, if uninsured, through the person's behavioral health administrative services organization;

(c) Create best practices guidelines by July 1, 2023, for deployment of appropriate and available crisis response services by crisis call center hubs to assist 988 hotline callers to minimize nonessential reliance on emergency room services and the use of law enforcement, considering input from relevant stakeholders and recommendations made by the crisis response improvement strategy committee created under section 103 of this act;

(d) Develop procedures to allow appropriate information sharing and communication between and across crisis and emergency response systems for the purpose of real-time crisis care coordination including, but not limited to, deployment of crisis and outgoing services, follow-up care, and linked, flexible services specific to crisis response; and

(e) Establish guidelines to appropriately serve high-risk populations who request crisis services. The authority shall design these guidelines to promote behavioral health equity for all populations with attention to circumstances of race, ethnicity, gender, socioeconomic status, sexual orientation, and geographic location, and include components such as training requirements for call response workers, policies for transferring such callers to an appropriate specialized center or subnetwork within or external to the national suicide prevention lifeline network, and procedures for referring persons who access the 988 crisis hotline to linguistically and culturally competent care.

(1) The crisis response improvement strategy steering committee under section 103 of this act must monitor and make recommendations related to the funding of crisis response services out of the account created in section 205 of this act. The crisis response improvement strategy steering committee must analyze:

(b) The costs of providing statewide coverage of mobile rapid response crisis teams or other behavioral health first responder services recommended by the crisis response improvement strategy committee, based on 988 crisis hotline utilization and taking into account existing state and local funding;

(c) Potential options to reduce the tax imposed in section 202 of this act, given the expected level of costs related to infrastructure development and operational support of the 988 crisis hotline and crisis call center hubs; and

(d) The viability of providing funding for in-person mobile rapid response crisis services or other behavioral health first responder services recommended by the crisis response improvement strategy committee funded from the account created in section 205 of this act, given the expected revenues to the account and the level of expenditures required under (a) of this subsection.

(2) If the steering committee finds that funding in-person mobile rapid response crisis services or other behavioral health first responder services recommended by the crisis response improvement strategy committee is viable from the account given

the level of expenditures necessary to support the infrastructure development and operational support of the 988 crisis hotline and crisis call center hubs, the steering committee must analyze options for the location and composition of such services given need and available resources with the requirement that funds from the account supplement, not supplant, existing behavioral health crisis funding.

(3) The work of the steering committee under this section must be facilitated by the behavioral health institute at Harborview medical center through its contract with the office of financial management under section 103 of this act with assistance provided by staff from senate committee services, the office of program research, and the office of financial management.

(4) The steering committee shall submit preliminary recommendations to the governor and the appropriate policy and fiscal committees of the legislature by January 1, 2022, and final recommendations to the governor and the appropriate policy and fiscal committees of the legislature by January 1, 2023.

NEW SECTION. Sec. 105. A new section is added to chapter 71.24 RCW to read as follows:

(1) The department and authority shall provide an annual report regarding the usage of the 988 crisis hotline, call outcomes, and the provision of crisis services inclusive of mobile rapid response crisis teams and crisis stabilization services. The report shall be submitted to the governor and the appropriate committees of the legislature each November beginning in 2023. The report shall include information on the fund deposits and expenditures of the account created in section 205 of this act.

(2) The department and authority shall coordinate with the department of revenue, and any other agency that is appropriated funding under the account created in section 205 of this act, to develop and submit information to the federal communications commission required for the completion of fee accountability reports pursuant to the national suicide hotline designation act of 2020.

(3) The joint legislative audit and review committee shall schedule an audit to begin after the full implementation of this act, to provide transparency as to how funds from the statewide 988 behavioral health crisis response and suicide prevention line account have been expended, and to determine whether funds used to provide acute behavioral health, crisis outreach, and stabilization services are being used to supplement services identified as baseline services in the comprehensive analysis provided under section 103 of this act, or to supplant baseline services. The committee shall provide a report by November 1, 2027, which includes recommendations as to the adequacy of the funding provided to accomplish the intent of the act and any other recommendations for alteration or improvement.

NEW SECTION. Sec. 106. A new section is added to chapter 48.43 RCW to read as follows:

Health plans issued or renewed on or after January 1, 2023, must make next-day appointments available to enrollees experiencing urgent, symptomatic behavioral health conditions to receive covered behavioral health services. The appointment may be with a licensed provider other than a licensed behavioral health professional, as long as that provider is acting within their scope of practice. Need for urgent symptomatic care is associated with the presentation of behavioral health signs or symptoms that require immediate attention, but are not emergent.

NEW SECTION. Sec. 107. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor shall appoint a 988 hotline and behavioral health crisis system coordinator to provide project coordination and oversight for the implementation and administration of the

988 crisis hotline, other requirements of this act, and other projects supporting the behavioral health crisis system. The coordinator shall:

(b) Ensure coordination and facilitate communication between stakeholders such as crisis call center hub contractors, behavioral health administrative service organizations, county authorities, other crisis hotline centers, managed care organizations, and, in collaboration with the state enhanced 911 coordination office, with 911 emergency communications systems;

(c) Review the adequacy and consistency of training for crisis call center personnel and, in coordination with the state enhanced 911 coordination office, for 911 operators with respect to their interactions with the crisis hotline center;

(d) Review contractual agreements between the department of health and crisis call center hubs and between the health care authority and managed care organizations and behavioral health administrative services organizations to ensure adequate requirements are established to support the behavioral health crisis system; and

(c) Groups with suicide rates higher than the general population include veterans, American Indians/Alaska Natives, LGBTQ youth, and people living in rural counties across the state.

(d) More than one in five Washington residents are currently living with a behavioral health disorder.

(e) The COVID-19 pandemic has increased stressors and substance use among Washington residents.

(f) An improved crisis response system will reduce reliance on emergency room services and the use of law enforcement response to behavioral health crises and will stabilize individuals in the community whenever possible.

(2) The legislature intends to:

(a) Establish crisis call center hubs and expand the crisis response system in a deliberate, phased approach that includes the involvement of partners from a range of perspectives to:

(i) Save lives by improving the quality of and access to behavioral health crisis services;

(ii) Further equity in addressing mental health and substance use treatment and assure a culturally and linguistically competent response to behavioral health crises;

(iii) Recognize that, historically, crisis response placed marginalized communities, including those experiencing behavioral health crises, at disproportionate risk of poor outcomes and criminal justice involvement;

(iv) Comply with the national suicide hotline designation act of 2020 and the federal communications commission's rules adopted July 16, 2020, to assure that all Washington residents receive a consistent and effective level of 988 suicide prevention and other

behavioral health crisis response services no matter where they live, work, or travel in the state; and

(v) Provide higher quality support for people experiencing behavioral health crises through investment in new technology to create a crisis call center hub system to triage calls and link individuals to follow-up care.

(b) Make additional investments to enhance the crisis response system, including the expansion of crisis teams, to be known as mobile rapid response crisis teams, and deployment of a wide array of crisis stabilization services, such as 23-hour crisis stabilization units based on the living room model, crisis stabilization centers, short-term respite facilities, peer-operated respite services, and same-day walk-in behavioral health services. The overall crisis system shall contain components that operate like hospital emergency departments that accept all walk-ins and ambulance, fire, and police drop-offs. The authority shall have primary responsibility for developing and implementing the crisis response system and services to support the work of the crisis call center hubs. In any instance in which one agency is identified as the lead, the expectation is that agency will be communicating and collaborating with the other to ensure seamless, continuous, and effective service delivery within the statewide crisis response system.

(2) The department shall provide adequate funding for the state's crisis call centers to meet an expected increase in the use of the call centers based on the implementation of the 988 crisis hotline. The funding level shall be established at a level anticipated to achieve an in-state call response rate of at least 90 percent by July 22, 2022, and an in-state call response rate of at least 95 percent by July 1, 2023. The funding level shall be determined by considering standards and cost per call predictions provided by the administrator of the national suicide prevention lifeline, call volume predictions, guidance on crisis call center performance metrics, and necessary technology upgrades.

(3) The department shall adopt rules by July 1, 2023, to establish standards for designation of crisis call centers as crisis call center hubs. The department shall collaborate with the authority and other agencies to assure coordination and availability of services, and shall consider national guidelines for behavioral health crisis care as determined by the federal substance abuse and mental health services administration, national behavioral health accrediting bodies, and national behavioral health provider associations to the extent they are appropriate, and recommendations from the crisis response improvement strategy committee created in section 103 of this act.

to provide crisis call center hub services. The department may revoke the designation of any crisis call center hub that fails to substantially comply with the contract.

(b) The contracts entered by the department shall require designated crisis call center hubs to:

(i) Have an active agreement with the administrator of the national suicide prevention lifeline for participation within its network;

(ii) Meet the requirements for operational and clinical standards established by the department and based upon the national suicide prevention lifeline best practices guidelines and other recognized best practices;

(iii) Employ highly skilled and trained clinical staff with at least a bachelors or masters level of education, as appropriate, who have sufficient training and resources to provide empathy to callers in acute distress, de-escalate crises, assess behavioral health disorders and suicide risk, triage to system partners, and provide case management and documentation. Call center staff shall be trained to make every effort to resolve cases in the least restrictive environment and without law enforcement involvement whenever possible. Call center staff shall coordinate with certified peers to provide follow-up and outreach to callers in distress as available and appropriate. It is intended for transition planning to include a pathway for continued employment and skill advancement as needed for experienced crisis call center employees;

(iv) Collaborate with the authority, the national suicide prevention lifeline, and veterans crisis line networks to assure consistency of public messaging about the 988 crisis hotline; and

(v) Provide data and reports and participate in evaluations and related quality improvement activities, according to standards established by the department in collaboration with the authority.

(5) The department shall, in collaboration with the authority, develop a new technologically advanced behavioral health crisis call center system platform for use in crisis call center hubs designated by the department under subsection (4) of this section, which shall be fully funded by July 1, 2023. The platform must include the capacity to:

(b) Access real-time information relevant to the coordination of behavioral health crisis response services from managed care organizations, behavioral health administrative services organizations, and other health care payers, including both primary care providers and behavioral health providers within managed care organization networks, to enable the crisis call center hubs to actively collaborate with these entities to provide for the care needs of the person contacting the 988 crisis hotline, according to formal agreements established by the authority. The information accessible to the platform must include comprehensive and up-to-date information about less restrictive alternative treatment orders and mental health advance directives;

(c) Deploy crisis response services, which may include mobile rapid response crisis teams, coresponder teams, mobile integrated health teams, or community assistance referral and educational services programs under RCW 35.21.930, according to best practice guidelines established by the authority, and track local response through global positioning technology;

(6) The authority, in consultation with the department, shall adopt rules necessary to implement this section. The rules must allow appropriate information sharing and communication between and across crisis and emergency response systems for the purpose of real-time crisis care coordination including, but not limited to, deployment of crisis and outgoing services, follow-up care, and linked, flexible services specific to crisis response.

(7) The department shall collaborate with the state enhanced 911 coordination office, emergency management division, and military department to develop technology that is demonstrated to be interoperable between the 988 crisis hotline system and crisis and emergency response systems used throughout the state, such as 911 systems, emergency medical services systems, and other nonbehavioral health crisis services, as well as the national suicide prevention lifeline, to assure cohesive interoperability, develop training programs and operations for both 911 public safety telecommunicators and crisis line workers, develop suicide and other behavioral health crisis assessments and intervention strategies, and establish efficient and equitable access to resources via crisis hotlines.

"PART I

CRISIS CALL CENTER HUBS AND CRISIS SERVICES

NEW SECTION. Sec. 101. (1) The legislature finds that:

(a) Nearly 6,000 Washington adults and children died by suicide in the last five years, according to the federal centers for disease control and prevention, tragically reflecting a state increase of 36 percent in the last 10 years.

(b) Suicide is now the single leading cause of death for Washington young people ages 10 through 24, with total deaths 22 percent higher than for vehicle crashes.

(c) Groups with suicide rates higher than the general population include veterans, American Indians/Alaska Natives, LGBTQ youth, and people living in rural counties across the state.

(d) More than one in five Washington residents are currently living with a behavioral health disorder.

(e) The COVID-19 pandemic has increased stressors and substance use among Washington residents.

(f) An improved crisis response system will reduce reliance on emergency room services and the use of law enforcement response to behavioral health crises and will stabilize individuals in the community whenever possible.

(g) To accomplish effective crisis response and suicide prevention, Washington state must continue its integrated approach to address mental health and substance use disorder in tandem under the umbrella of behavioral health disorders, consistently with chapter 71.24 RCW and the state's approach to integrated health care. This is particularly true in the domain of suicide prevention, because of the prevalence of substance use as both a risk factor and means for suicide.

(2) The legislature intends to:

(a) Establish crisis call center hubs and expand the crisis response system in a deliberate, phased approach that includes the involvement of partners from a range of perspectives to:

(i) Save lives by improving the quality of and access to behavioral health crisis services;

(ii) Further equity in addressing mental health and substance use treatment and assure a culturally and linguistically competent response to behavioral health crises;

(iii) Recognize that, historically, crisis response placed marginalized communities, including those experiencing behavioral health crises, at disproportionate risk of poor outcomes and criminal justice involvement;

(iv) Comply with the national suicide hotline designation act of 2020 and the federal communications commission's rules adopted July 16, 2020, to assure that all Washington residents receive a consistent and effective level of 988 suicide prevention and other behavioral health crisis response services no matter where they live, work, or travel in the state; and

(v) Provide higher quality support for people experiencing behavioral health crises through investment in new technology to create a crisis call center hub system to triage calls and link individuals to follow-up care.

(b) Make additional investments to enhance the crisis response system, including the expansion of crisis teams, to be known as mobile rapid response crisis teams, and deployment of a wide array of crisis stabilization services, such as 23-hour crisis stabilization units based on the living room model, crisis stabilization centers, short-term respite facilities, peer-run respite centers, and same-day walk-in behavioral health services. The overall crisis system shall contain components that operate like hospital emergency departments that accept all walk-ins and ambulance, fire, and police drop-offs. Certified peer counselors as well as peers in other roles providing support must be incorporated within the crisis system and along the continuum of crisis care.

NEW SECTION. Sec. 102. A new section is added to chapter 71.24 RCW to read as follows:

(1) Establishing the state crisis call center hubs and enhancing the crisis response system will require collaborative work between the department and the authority within their respective roles. The department shall have primary responsibility for establishing and designating the crisis call center hubs. The authority shall have primary responsibility for developing and implementing the crisis response system and services to support the work of the crisis call center hubs. In any instance in which one agency is identified as the lead, the expectation is that agency will be communicating and collaborating with the other to ensure seamless, continuous, and effective service delivery within the statewide crisis response system.

(2) The department shall provide adequate funding for the state's crisis call centers to meet an expected increase in the use of the call centers based on the implementation of the 988 crisis hotline. The funding level shall be established at a level anticipated to achieve an in-state call response rate of at least 90 percent by July 22, 2022, and an in-state call response rate of at least 95 percent by July 1, 2023. The funding level shall be determined by considering standards and cost per call predictions provided by the administrator of the national suicide prevention lifeline, call volume predictions, guidance on crisis call center performance metrics, and necessary technology upgrades.

(3) The department shall adopt rules by July 1, 2023, to establish standards for designation of crisis call centers as crisis call center hubs. The department shall collaborate with the authority and other agencies to assure coordination and availability of services, and shall consider national guidelines for behavioral health crisis care as determined by the federal substance abuse and mental health services administration, national behavioral health accrediting bodies, and national behavioral health provider associations to the extent they are appropriate, and recommendations from the crisis response improvement strategy committee created in section 103 of this act.

(4) The department shall designate crisis call center hubs by July 1, 2024. The crisis call center hubs shall provide crisis intervention services, triage, care coordination, referrals, and connections to individuals contacting the 988 crisis hotline from any jurisdiction within Washington 24 hours a day, seven days a week, using the system platform developed under subsection (5) of this section.

(a) To be designated as a crisis call center hub, the applicant must demonstrate to the department the ability to comply with the requirements of this section and to contract to provide crisis call center hub services. The department may revoke the designation of any crisis call center hub that fails to substantially comply with the contract.

(b) The contracts entered shall require designated crisis call center hubs to:

(i) Have an active agreement with the administrator of the national suicide prevention lifeline for participation within its network;

(ii) Meet the requirements for operational and clinical standards established by the department and based upon the national suicide prevention lifeline best practices guidelines and other recognized best practices;

(iii) Employ highly skilled and trained clinical staff with at least a bachelors or masters level of education, as appropriate, who have sufficient training and resources to provide empathy to callers in acute distress, de-escalate crises, assess behavioral health disorders and suicide risk, triage to system partners, and provide case management and documentation. Call center staff shall be trained to make every effort to resolve cases in the least restrictive environment and without law enforcement involvement whenever possible. Call center staff shall coordinate with certified peer counselors to provide follow-up and outreach to callers in distress as available. It is intended for transition planning to include a pathway for continued employment and skill advancement as needed for experienced crisis call center employees;

(iv) Collaborate with the authority, the national suicide prevention lifeline, and veterans crisis line networks to assure consistency of public messaging about the 988 crisis hotline; and

(v) Provide data and reports and participate in evaluations and related quality improvement activities, according to standards established by the department in collaboration with the authority.

(c) The department and the authority shall incorporate recommendations from the crisis response improvement strategy committee created under section 103 of this act in its agreements with crisis call center hubs, as appropriate.

(5) The department and authority must coordinate to develop the technology and platforms necessary to manage and operate the behavioral health crisis response and suicide prevention system. The technologies developed must include:

(a) A new technologically advanced behavioral health and suicide prevention crisis call center system platform using technology demonstrated to be interoperable across crisis and emergency response systems used throughout the state, such as 911 systems, emergency medical services systems, emergency departments, and other nonbehavioral health crisis services, for use in crisis call center hubs designated by the department under subsection (4) of this section. This platform, which shall be fully funded by July 1, 2023, shall be developed by the department and must include the capacity to receive crisis assistance requests through phone calls, texts, chats, and other similar methods of communication that may be developed in the future that promote access to the behavioral health crisis system; and

(b) A behavioral health integrated client referral system capable of providing system coordination information to crisis call center hubs and the other entities involved in behavioral health care. This system shall be developed by the authority.

(6) In developing the new technologies under subsection (5) of this section, the department and the authority must coordinate to designate a primary technology system to provide each of the following:

(a) Access to real-time information relevant to the coordination of behavioral health crisis response services;

(b) The means to request deployment of appropriate crisis response services, which may include mobile rapid response crisis teams, co-responder teams, designated crisis responders, fire department mobile integrated health teams, or community assistance referral and educational services programs under RCW

35.21.930, according to best practice guidelines established by the authority, and track local response through global positioning technology; and

(c) The means to track the outcome of the 988 call to enable appropriate follow up, cross-system coordination, and accountability, including as appropriate: (i) Any immediate services dispatched and reports generated from the encounter; (ii) the validation of a safety plan established for the caller in accordance with best practices; (iii) the next steps for the caller to follow in transition to noncrisis follow-up care, including a next-day appointment for callers experiencing urgent, symptomatic behavioral health care needs; and (iv) the means to verify and document whether the caller was successful in making the transition to appropriate noncrisis follow-up care indicated in the safety plan for the person, to be completed either by the care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the crisis call center hub;

(d) Real-time bed availability for all behavioral health bed types, including but not limited to crisis stabilization services, triage facilities, psychiatric inpatient, substance use disorder inpatient, withdrawal management, peer-run respite centers, and crisis respite services, inclusive of both voluntary and involuntary beds, for use by crisis response workers, first responders, health care providers, and individuals in crisis;

(e) Real-time information relevant to the coordination of behavioral health crisis response services for a person, including the means to access: (i) Information about any less restrictive alternative treatment orders or mental health advance directives related to the person; and (ii) information necessary to enable the crisis call center hub to actively collaborate with primary care providers and behavioral health providers within managed care organizations, behavioral health administrative services organizations, and other health care payers to establish a safety plan for the person and provide the next steps for the person's transition to follow up noncrisis care. To establish information sharing guidelines that fulfill the intent of this section the authority shall consider input from the confidential information compliance and coordination subcommittee established under section 103 of this act;

(f) A means to facilitate actions to verify and document whether the person's transition to follow up noncrisis care was completed and services offered, to be performed by a care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the crisis call center hub;

(g) The means to provide geographically, culturally, and linguistically appropriate services to persons who are part of high-risk populations or otherwise have need of specialized services or accommodations, and to document these services or accommodations; and

(h) When appropriate, consultation with tribal governments to ensure coordinated care in government-to-government relationships, and access to dedicated services to tribal members.

(7) To implement this section the department and the authority shall collaborate with the state enhanced 911 coordination office, emergency management division, and military department to develop technology that is demonstrated to be interoperable between the 988 crisis hotline system and crisis and emergency response systems used throughout the state, such as 911 systems, emergency medical services systems, and other nonbehavioral

health crisis services, as well as the national suicide prevention lifeline, to assure cohesive interoperability, develop training programs and operations for both 911 public safety telecommunicators and crisis line workers, develop suicide and other behavioral health crisis assessments and intervention strategies, and establish efficient and equitable access to resources via crisis hotlines.

(8) The authority shall:

(a) Collaborate with county authorities and behavioral health administrative services organizations to develop procedures to dispatch behavioral health crisis services in coordination with crisis call center hubs to effectuate the intent of this section;

(b) Establish formal agreements with managed care organizations and behavioral health administrative services organizations to provide for the services, capacities, and coordination necessary to effectuate the intent of this section, which shall include a requirement to arrange next-day appointments for persons contacting the 988 crisis hotline experiencing urgent, symptomatic behavioral health care needs with geographically, culturally, and linguistically appropriate primary care or behavioral health providers within the person's provider network, or, if uninsured, through the person's behavioral health administrative services organization;

(c) Create best practices guidelines by July 1, 2023, for deployment of appropriate and available crisis response services by crisis call center hubs to assist 988 hotline callers to minimize nonessential reliance on emergency room services and the use of law enforcement, considering input from relevant stakeholders and recommendations made by the crisis response improvement strategy committee created under section 103 of this act;

(d) Develop procedures to allow appropriate information sharing and communication between and across crisis and emergency response systems for the purpose of real-time crisis care coordination including, but not limited to, deployment of crisis and outgoing services, follow-up care, and linked, flexible services specific to crisis response; and

(e) Establish guidelines to appropriately serve high-risk populations who request crisis services. The authority shall design these guidelines to promote behavioral health equity for all populations with attention to circumstances of race, ethnicity, gender, socioeconomic status, sexual orientation, and geographic location, and include components such as training requirements for call response workers, policies for transferring such callers to an appropriate specialized center or subnetwork within or external to the national suicide prevention lifeline network, and procedures for referring persons who access the 988 crisis hotline to linguistically and culturally competent care.

used to provide acute behavioral health, crisis outreach, and stabilization services are being used to supplement services identified as baseline services in the comprehensive analysis provided under section 103 of this act, or to supplant baseline services. The committee shall provide a report by November 1, 2027, which includes recommendations as to the adequacy of the funding provided to accomplish the intent of the act and any other recommendations for alteration or improvement.

MESSAGE FROM THE HOUSE

April 8, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5160 with the following amendment(s): 5160-S2.E AMH ENGR H1400.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington state with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce. Many of the state's workforce has been impacted by these layoffs and substantially reduced work hours and have suffered economic hardship, disproportionately affecting low and moderate-income workers resulting in lost wages and the inability to pay for basic

household expenses, including rent. Hundreds of thousands of tenants in Washington are unable to consistently pay their rent, reflecting the continued financial precariousness of many renters in the state. Before the COVID-19 pandemic, nonpayment of rent was the leading cause of evictions within the state. Because the COVID-19 pandemic has led to an inability for tenants to consistently pay rent, the likelihood of evictions has increased, as well as life, health, and safety risks to a significant percentage of the state's tenants. As a result, the governor has issued a temporary moratorium on evictions as of March 2020, with multiple extensions and other related actions, to reduce housing instability and enable tenants to stay in their homes.

Therefore, it is the intent of the legislature with this act to increase tenant protections during the public health emergency, provide legal representation for qualifying tenants in eviction cases, establish an eviction resolution pilot program to address nonpayment of rent eviction cases before any court filing, and ensure tenants and landlords have adequate opportunities to access state and local rental assistance programs to reimburse landlords for unpaid rent and preserve tenancies.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

The definitions in this section apply to sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Dwelling unit" has the same meaning as defined in RCW 59.18.030, and includes a manufactured/mobile home or a mobile home lot as defined in RCW 59.20.030.

(2) "Eviction moratorium" refers to the governor of the state of Washington's proclamation 20-19.6, proclaiming a moratorium on certain evictions for all counties throughout Washington state on March 18, 2021.

(3) "Landlord" has the same meaning as defined in RCW 59.18.030 and 59.20.030.

(4) "Prospective landlord" has the same meaning as defined in RCW 59.18.030.

(5) "Public health emergency" refers to the governor of the state of Washington's proclamation 20-05, proclaiming a state of emergency for all counties throughout Washington state on February 29, 2020, and any subsequent orders extending or amending such proclamation due to COVID-19 until the proclamation expires or is terminated by the governor of the state of Washington.

(6) "Rent" has the same meaning as defined in RCW 59.18.030.

(7) "Tenant" refers to any individual renting a dwelling unit or lot primarily for living purposes, including any individual with a tenancy subject to this chapter or chapter 59.20 RCW or any individual residing in transient lodging, such as a hotel or motel or camping area as their primary dwelling, for 30 days or more prior to March 1, 2020. "Tenant" does not include any individual residing in a hotel or motel or camping area as their primary dwelling for more than 30 days after March 1, 2020, if the hotel or motel or camping area has provided the individual with a seven-day eviction notice, which must include the following language: "For no-cost legal assistance, please call 2-1-1 or the Northwest Justice Project CLEAR Hotline outside King County (888) 201-1014 weekdays between 9:15 a.m. – 12:15 p.m., or (888) 387-7111 for seniors (age 60 and over). You may find additional resource information at <http://www.washingtonlawhelp.org>." "Tenant" also does not include occupants of homeless mitigation sites or a person entering onto land without permission of the landowner or lessor. For purposes of this subsection, any local government provision of solid waste or hygiene services to unsanctioned encampments does not constitute permission to occupy land.

TENANT PROTECTIONS

NEW SECTION. Sec. 3. A new section is added to chapter 59.18 RCW to read as follows:

(1) A landlord may not charge or impose any late fees or other charges against any tenant for the nonpayment of rent that became due between March 1, 2020, and six months following the expiration of the eviction moratorium.

(2) For rent that accrued between March 1, 2020, and the six months following the expiration of the eviction moratorium expiration date:

(a) A landlord may not report to a prospective landlord:

(i) A tenant's nonpayment of rent that accrued between March 1, 2020, and the six months following the expiration of the eviction moratorium; or

(ii) An unlawful detainer action pursuant to RCW 59.12.030(3) that resulted from a tenant's nonpayment of rent between March 1, 2020, and the six months following the expiration of the eviction moratorium.

(b) A prospective landlord may not take an adverse action based on a prospective tenant's nonpayment of rent that occurred between March 1, 2020, and the six months following the expiration of the eviction moratorium.

(3)(a) A landlord or prospective landlord may not deny, discourage application for, or otherwise make unavailable any rental dwelling unit based on a tenant's or prospective tenant's medical history including, but not limited to, the tenant's or prospective tenant's prior or current exposure or infection to the COVID-19 virus.

(b) A landlord or prospective landlord may not inquire about, consider, or require disclosure of a tenant's or prospective tenant's medical records or history, unless such disclosure is necessary to evaluate a reasonable accommodation request or reasonable modification request under RCW 49.60.222.

(4) A landlord or prospective landlord in violation of this section is liable in a civil action for up to two and one-half times the monthly rent of the real property at issue, as well as court costs and reasonable attorneys' fees. A court must impose this penalty in an amount necessary to deter future violations, payable to the tenant bringing the action.

REPAYMENT PLANS

NEW SECTION. Sec. 4. A new section is added to chapter 59.18 RCW to read as follows:

(1) The eviction moratorium instituted by the governor of the state of Washington's proclamation 20-19.6 shall end on June 30, 2021.

(2) If a tenant has remaining unpaid rent that accrued between March 1, 2020, and six months following the expiration of the eviction moratorium or the end of the public health emergency, whichever is greater, the landlord must offer the tenant a reasonable schedule for repayment of the unpaid rent that does not exceed monthly payments equal to one-third of the monthly rental charges during the period of accrued debt. If a tenant fails to accept the terms of a reasonable repayment plan within 14 days of the landlord's offer, the landlord may proceed with an unlawful detainer action as set forth in RCW 59.12.030(3) but subject to any requirements under the eviction resolution pilot program established under section 7 of this act. If the tenant defaults on any rent owed under a repayment plan, the landlord may apply for reimbursement from the landlord mitigation program as authorized under RCW 43.31.605(1)(d) or proceed with an unlawful detainer action as set forth in RCW 59.12.030(3) but subject to any requirements under the eviction resolution pilot program established under section 7 of this act. The court must consider the tenant's circumstances, including decreased income

or increased expenses due to COVID-19, and the repayment plan terms offered during any unlawful detainer proceeding.

(3) Any repayment plan entered into under this section must:

(a) Not require payment until 30 days after the repayment plan is offered to the tenant;

(b) Cover rent only and not any late fees, attorneys' fees, or any other fees and charges;

(c) Allow for payments from any source of income as defined in RCW 59.18.255(5) or from pledges by nonprofit organizations, churches, religious institutions, or governmental entities; and

(d) Not include provisions or be conditioned on: The tenant's compliance with the rental agreement, payment of attorneys' fees, court costs, or other costs related to litigation if the tenant defaults on the rental agreement; a requirement that the tenant apply for governmental benefits or provide proof of receipt of governmental benefits; or the tenant's waiver of any rights to a notice under RCW 59.12.030 or related provisions before a writ of restitution is issued.

(4) It is a defense to an eviction under RCW 59.12.030(3) that a landlord did not offer a repayment plan in conformity with this section.

(5) To the extent available funds exist for rental assistance from a federal, state, local, private, or nonprofit program, the tenant or landlord may continue to seek rental assistance to reduce and/or eliminate the unpaid rent balance.

Sec. 5. RCW 43.31.605 and 2020 c 315 s 8 and 2020 c 169 s 2 are each reenacted and amended to read as follows:

(1)(a) Subject to the availability of funds for this purpose, the landlord mitigation program is created and administered by the department. The department shall have such rule-making authority as the department deems necessary to administer the program.

(b) The following types of claims related to landlord mitigation for renting private market rental units to low-income tenants using a housing subsidy program are eligible for reimbursement from the landlord mitigation program account:

(iii) When a landlord has been reimbursed pursuant to this subsection (1)(c), the tenant for whom payment was made shall reimburse the department by depositing the amount disbursed from the landlord mitigation program account into the court registry of the superior court in which the judgment was entered. The tenant or other interested party may seek an ex parte order of the court under the unlawful detainer action to order such funds to be disbursed by the court. Upon entry of the order, the court clerk shall disburse the funds and include a case number with any payment issued to the department. If directed by the court, a clerk shall issue any payments made by a tenant to the department without further court order.

(iv) The department may deny an application made by a tenant who has failed to reimburse the department for prior payments issued pursuant to this subsection (1)(c).

(v) With any disbursement from the account to the landlord, the department shall notify the tenant at the address provided within the application that a disbursement has been made to the landlord on the tenant's behalf and that failure to reimburse the account for the payment through the court registry may result in a denial of a future application to the account pursuant to this subsection (1)(c). The department may include any other additional information about how to reimburse the account it deems necessary to fully inform the tenant.

(vi) The department's duties with respect to obtaining reimbursement from the tenant to the account are limited to those specified within this subsection (1)(c).

(vii) If at any time funds do not exist in the landlord mitigation program account to reimburse claims submitted under this subsection (1)(c), the department must create and maintain a waitlist and distribute funds in the order the claims are received pursuant to subsection (6) of this section. Payment of any claims on the waitlist shall be made only from the landlord mitigation program account. (4) Claims pursuant to subsection (1)(b) of this section related to a tenancy must total at least five hundred dollars in order for a claim to be eligible for reimbursement from the program. LANDLORD ACCESS TO RENTAL ASSISTANCE PROGRAMS

NEW SECTION. **Sec. 12.** A new section is added to chapter 43.185C RCW to read as follows:

(1) The department must authorize landlords an opportunity to apply to the following programs, if feasible, and establish application and eligibility requirements and any conditions on the receipt of funds as the department deems appropriate:

(a) Rental assistance provided through the consolidated homeless grant program;

(b) Rental assistance provided through the emergency solutions grant program; and

(c) Any rental assistance program funded through receipt of any federal COVID-19 relief funds.

(2) Until March 31, 2022, the department must provide rental assistance directly to a landlord on behalf of an indigent tenant who is unable to:

(b) Obtain legal representation as described in section 8 of this act.

(3) For the purposes of this section, "indigent" has the same meaning as section 8(2) of this act.

NEW SECTION. **Sec. 13.** The sum of \$7,500,000 for the fiscal biennium ending June 30, 2023, is appropriated from the coronavirus state fiscal recovery fund created in Engrossed Substitute Senate Bill No. 5092 (operating budget) to the department of commerce for the purposes of a landlord grant assistance program to provide grants to eligible landlords for rent that was not paid during the eviction moratorium pursuant to the governor's proclamation 20-19.6. The department shall have such rule-making authority as the department deems necessary to administer the program.

(2) Eligible landlords may receive a grant of up to 80 percent of the total amount of rent in arrears.

(3) The department will disburse funds to eligible landlords within 60 days of submission of the application. Eligibility for a grant under this section does not constitute an entitlement for payment. If eligible applications for grants exceed the funds appropriated in this section, the department must create and maintain a waitlist in the order the applications are received pursuant to this section. The department shall not be civilly or criminally liable and may not have any penalty or cause of action of any nature arise against it regarding the provision or lack of provision of funds.

When a copy of notice is sent through the mail, as provided in this section, service shall be deemed complete when such copy is deposited in the United States mail in the county in which the property is situated properly addressed with postage prepaid: PROVIDED, HOWEVER, That when service is made by mail one additional day shall be allowed before the commencement of an action based upon such notice. ~~((RCW 59.18.375 may also apply to notice given under this chapter.))~~

Sec. 15. RCW 59.18.230 and 2020 c 315 s 6 and 2020 c 177 s 2 are each reenacted and amended to read as follows:

(1)(a) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. Such unenforceability shall not affect other provisions of the agreement which can be given effect without them.

(b) Any agreement, whether oral or written, between a landlord and tenant, or their representatives, and entered into pursuant to an unlawful detainer action under this chapter that requires the tenant to pay any amount in violation of RCW 59.18.283 or the statutory judgment amount limits under RCW 59.18.410 (1) or (2), or waives any rights of the tenant under RCW 59.18.410 or any other rights afforded under this chapter except as provided in RCW 59.18.360 is void and unenforceable. A landlord may not threaten a tenant with eviction for failure to pay nonpossessory charges limited under RCW 59.18.283.

(2) No rental agreement may provide that the tenant:

(a) Agrees to waive or to forgo rights or remedies under this chapter; or

(c) Agrees to pay the landlord's attorneys' fees, except as authorized in this chapter; or

Nothing in this subsection prohibits a landlord from serving a notice to pay or vacate at any time after the rent becomes due.

(3) A provision prohibited by subsection (2) of this section included in a rental agreement is unenforceable. If a landlord deliberately uses a rental agreement containing provisions known by him or her to be prohibited, the tenant may recover actual damages sustained by him or her, statutory damages not to exceed ~~((five hundred dollars))~~ \$500, costs of suit, and reasonable attorneys' fees.

(4) The common law right of the landlord of distress for rent is hereby abolished for property covered by this chapter. Any provision in a rental agreement creating a lien upon the personal property of the tenant or authorizing a distress for rent is null and void and of no force and effect. Any landlord who takes or detains the personal property of a tenant without the specific written consent of the tenant to such incident of taking or detention, and who, after written demand by the tenant for the return of his or her personal property, refuses to return the same promptly shall be liable to the tenant for the value of the property retained, actual damages, and if the refusal is intentional, may also be liable for damages of up to ~~((five hundred dollars))~~ \$500 per day but not to exceed ~~((five thousand dollars))~~ \$5,000, for each day or part of a day that the tenant is deprived of his or her property. The prevailing party may recover his or her costs of suit and a reasonable attorneys' fee.

Sec. 16. RCW 59.20.040 and 1999 c 359 s 3 are each amended to read as follows:

This chapter shall regulate and determine legal rights, remedies, and obligations arising from any rental agreement between a landlord and a tenant regarding a mobile home lot and including specified amenities within the mobile home park, mobile home park cooperative, or mobile home park subdivision, where the tenant has no ownership interest in the property or in the association which owns the property, whose uses are referred to as a part of the rent structure paid by the tenant. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: PROVIDED, That the provision of RCW 59.12.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. RCW 59.18.055 ~~((and 59.18.370))~~, section 8 of this act, 59.18.365, 59.18.370, and 59.18.380 through 59.18.410 shall be applicable to any action of forcible entry or detainer or unlawful detainer arising from a tenancy under the provisions of this chapter, except when a mobile home, manufactured home, or park model or a tenancy in a mobile home lot is abandoned. Rentals of mobile homes, manufactured homes, or park models themselves are governed by the residential landlord-tenant act, chapter 59.18 RCW.

Sec. 17. RCW 59.18.410 and 2020 c 315 s 5 are each amended to read as follows:

(1) If at trial the verdict of the jury or, if the case is tried without a jury, the finding of the court is in favor of the landlord and against the tenant, judgment shall be entered for the restitution of the premises; and if the proceeding is for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement, or tenancy. The jury, or the court, if the proceedings are tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the landlord by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved at trial, and, if the alleged unlawful

detainer is based on default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the tenant liable for the forcible entry, forcible detainer, or unlawful detainer for the amount of damages thus assessed, for the rent, if any, found due, and late fees if such fees are due under the lease and do not exceed seventy-five dollars in total. The court may award statutory costs. The court may also award reasonable attorneys' fees as provided in RCW 59.18.290.

(2) When the tenant is liable for unlawful detainer after a default in the payment of rent, execution upon the judgment shall not occur until the expiration of five court days after the entry of the judgment. Before entry of a judgment or until five court days have expired after entry of the judgment, the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court or to the landlord the amount of the rent due, any court costs incurred at the time of payment, late fees if such fees are due under the lease and do not exceed seventy-five dollars in total, and attorneys' fees if awarded, in which event any judgment entered shall be satisfied and the tenant restored to his or her tenancy. If the tenant seeks to restore his or her tenancy after entry of a judgment, the tenant may tender the amount stated within the judgment as long as that amount does not exceed the amount authorized under subsection (1) of this section. If a tenant seeks to restore his or her tenancy and pay the amount set forth in this subsection with funds acquired through an emergency rental assistance program provided by a governmental or nonprofit entity, the tenant shall provide a copy of the pledge of emergency rental assistance provided from the appropriate governmental or nonprofit entity and have an opportunity to exercise such rights under this subsection, which may include a stay of judgment and provision by the landlord of documentation necessary for processing the assistance. The landlord shall accept any pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity before the expiration of any pay or vacate notice for nonpayment of rent for the full amount of the rent owing under the rental agreement. The landlord shall accept any written pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity after the expiration of the pay or vacate notice if the pledge will contribute to the total payment of both the amount of rent due, including any current rent, and other amounts if required under this subsection. The landlord shall suspend any court action for seven court days after providing necessary payment information to the nonprofit or governmental entity to allow for payment of the emergency rental assistance funds. By accepting such pledge of emergency rental assistance, the landlord is not required to enter into any additional conditions not related to the provision of necessary payment information and documentation. If a judgment has been satisfied, the landlord shall file a satisfaction of judgment with the court. A tenant seeking to exercise rights under this subsection shall pay an additional fifty dollars for each time the tenant was reinstated after judgment pursuant to this subsection within the previous twelve months prior to payment. If payment of the amount specified in this subsection is not made within five court days after the entry of the judgment, the judgment may be enforced for its full amount and for the possession of the premises.

(3)(a) Following the entry of a judgment in favor of the landlord and against the tenant for the restitution of the premises and forfeiture of the tenancy due to nonpayment of rent, the court, at the time of the show cause hearing or trial, or upon subsequent motion of the tenant but before the execution of the writ of restitution, may stay the writ of restitution upon good cause and on such terms that the court deems fair and just for both parties.

In making this decision, the court shall consider evidence of the following factors:

- (i) The tenant's willful or intentional default or intentional failure to pay rent;
- (ii) Whether nonpayment of the rent was caused by exigent circumstances that were beyond the tenant's control and that are not likely to recur;
- (iii) The tenant's ability to timely pay the judgment;
- (iv) The tenant's payment history;
- (v) Whether the tenant is otherwise in substantial compliance with the rental agreement;
- (vi) Hardship on the tenant if evicted; and
- (vii) Conduct related to other notices served within the last six months.

(b) The burden of proof for such relief under this subsection (3) shall be on the tenant. If the tenant seeks relief pursuant to this subsection (3) at the time of the show cause hearing, the court shall hear the matter at the time of the show cause hearing or as expeditiously as possible so as to avoid unnecessary delay or hardship on the parties.

(c) In any order issued pursuant to this subsection (3):

(i) The court shall not stay the writ of restitution more than ninety days from the date of order, but may order repayment of the judgment balance within such time. If the payment plan is to exceed thirty days, the total cumulative payments for each thirty-day period following the order shall be no less than one month of the tenant's share of the rent, and the total amount of the judgment and all additional rent that is due shall be paid within ninety days.

(ii) Within any payment plan ordered by the court, the court shall require the tenant to pay to the landlord or to the court one month's rent within five court days of issuance of the order. If the date of the order is on or before the fifteenth of the month, the tenant shall remain current with ongoing rental payments as they become due for the duration of the payment plan; if the date of the order is after the fifteenth of the month, the tenant shall have the option to apportion the following month's rental payment within the payment plan, but monthly rental payments thereafter shall be paid according to the rental agreement.

(iii) The sheriff may serve the writ of restitution upon the tenant before the expiration of the five court days of issuance of the order; however, the sheriff shall not execute the writ of restitution until after expiration of the five court days in order for payment to be made of one month's rent as required by (c)(ii) of this subsection. In the event payment is made as provided in (c)(ii) of this subsection for one month's rent, the court shall stay the writ of restitution ex parte without prior notice to the landlord upon the tenant filing and presenting a motion to stay with a declaration of proof of payment demonstrating full compliance with the required payment of one month's rent. Any order staying the writ of restitution under this subsection (3)(c)(iii) shall require the tenant to serve a copy of the order on the landlord by personal delivery, first-class mail, facsimile, or email if agreed to by the parties.

(A) If the tenant has satisfied (c)(ii) of this subsection by paying one month's rent within five court days, but defaults on a subsequent payment required by the court pursuant to this subsection (3)(c), the landlord may enforce the writ of restitution after serving a notice of default in accordance with RCW 59.12.040 informing the tenant that he or she has defaulted on rent due under the lease agreement or payment plan entered by the court. Upon service of the notice of default, the tenant shall have three calendar days from the date of service to vacate the premises before the sheriff may execute the writ of restitution.

(B) If the landlord serves the notice of default described under this subsection (3)(c)(iii), an additional day is not included in calculating the time before the sheriff may execute the writ of restitution. The notice of default must be in substantially the following form:

(iv) If a tenant seeks to satisfy a condition of this subsection (3)(c) by relying on an emergency rental assistance program provided by a government or nonprofit entity and provides an offer of proof, the court shall stay the writ of restitution as necessary to afford the tenant an equal opportunity to comply.

(v) The court shall extend the writ of restitution as necessary to enforce the order issued pursuant to this subsection (3)(c) in the event of default.

(d) A tenant who has been served with three or more notices to pay or vacate for failure to pay rent as set forth in RCW 59.12.040 within twelve months prior to the notice to pay or vacate upon which the proceeding is based may not seek relief under this subsection (3).

(e)(i) In any application seeking relief pursuant to this subsection (3) by either the tenant or landlord, the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the parties would be eligible for disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(ii) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order:

(A) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (B) directing the clerk to remit, without further order of the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(c)(iii). In accordance with RCW 43.31.605(1)(c), such an order must be accompanied by a copy of the order staying the writ of restitution. Nothing in this subsection (3)(e) shall be deemed to obligate the department of commerce to provide assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(iii) If the department of commerce fails to disburse payment to the landlord for the judgment pursuant to this subsection (3)(e) within thirty days from submission of the application, the landlord may renew an application for a writ of restitution pursuant to RCW 59.18.370 and for other rent owed by the tenant since the time of entry of the prior judgment. In such event, the tenant may exercise rights afforded under this section.

(iv) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

(v) Nothing in this subsection (3)(e) prohibits the landlord from otherwise applying for reimbursement for an unpaid judgment pursuant to RCW 43.31.605(1)(c) after the tenant defaults on a payment plan ordered pursuant to (c) of this subsection.

(vi) For the period extending one year beyond the expiration of the eviction moratorium, if a tenant demonstrates an ability to pay in order to reinstate the tenancy by means of disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c):

(A) Any restrictions imposed under (d) of this subsection do not apply in determining if a tenant is eligible for reinstatement under this subsection (3); and

(B) Reimbursement on behalf of the tenant to the landlord under RCW 43.31.605(1)(c) may include up to three months of prospective rent to stabilize the tenancy as determined by the court.

(4) If a tenant seeks to stay a writ of restitution issued pursuant to this chapter, the court may issue an ex parte stay of the writ of restitution provided the tenant or tenant's attorney submits a declaration indicating good faith efforts were made to notify the other party or, if no efforts were made, why notice could not be provided prior to the application for an ex parte stay, and describing the immediate or irreparable harm that may result if an immediate stay is not granted. The court shall require service of the order and motion to stay the writ of restitution by personal delivery, mail, facsimile, or other means most likely to afford all parties notice of the court date.

(5) In all other cases the judgment may be enforced immediately. If a writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required.

(6) This section also applies if the writ of restitution is issued pursuant to a final judgment entered after a show cause hearing conducted in accordance with RCW 59.18.380.

NEW SECTION. Sec. 18. This act does not apply to assisted living facilities licensed under chapter 18.20 RCW, to nursing homes licensed under chapter 18.51 RCW, to adult family homes licensed under chapter 70.128 RCW, or to continuing care retirement communities registered under chapter 18.390 RCW.

NEW SECTION. Sec. 19. RCW 59.18.375 (Forcible entry or detainer or unlawful detainer actions—Payment of rent into court registry—Writ of restitution—Notice) and 2008 c 75 s 2, 2006 c 51 s 2, & 1983 c 264 s 13 are each repealed.

NEW SECTION. Sec. 20. Sections 2 through 4 of this act supersede any other provisions within chapter 59.18 or 59.12 RCW, or chapter 59.20 RCW as applicable, that conflict with sections 2 through 4 of this act.

REPLY BY THE PRESIDENT

President Heck: "Senator Saldaña, thank you so much for your inquiry. Here is the clarification as I now understand it. REMARKS BY THE PRESIDENT

President Heck: "The President would like to take Senator Billig's invitation and make a few remarks. It has been stated here frequently that Gonzaga's basketball program is the pride of Spokane and beyond. Indeed, I have suggested that in absolute sincerity that Gonzaga is America's Team. And they are America's Team because of the foundation of that program. It's organizational excellence at and longevity of success is something that we should all learn from and seek to apply in our personal lives and in any organization of which we are a member. This is virtually unparalleled. And secondly, and importantly, that has built has been alluded to on character and integrity. Throughout this phenomenal multi-decade run, not one time has there been an iota of a suggestion of NCAA impropriety. Not one time. Because there never has been. I'd like also to affirm every positive thing said about Coach Few as a stellar leader, but also, we should acknowledge that for many decades Mike Roth has been the Athletic Director at Gonzaga University and he is a big part of this program's success. Lastly, Senator Billig remarked about the phenomenal partnerships that Gonzaga graduates that have entered the community and entered into. Last Saturday I celebrated my 45th wedding anniversary and partnership with my favorite Gonzaga University grad. And Senator Padden, you are right, they don't rebuild, they reload. Wait 'til next year. Go Zags!"

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times, within thirty days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services, such as a physical therapist, under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits, defined as at least twice a year, for treatment by a health care provider, or by a nurse under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity, including asthma, diabetes, and epilepsy;

(D) A period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider, including Alzheimer's, a severe stroke, or the terminal stages of a disease; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for: (I) Restorative surgery after an accident or other injury; or (II) a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) The requirement in (a)(i) and (ii) of this subsection for treatment by a health care provider means an in-person visit to a health care provider. The first, or only, in-person treatment visit must take place within seven days of the first day of incapacity.

(c) Whether additional treatment visits or a regimen of continuing treatment is necessary within the thirty-day period shall be determined by the health care provider.

(d) The term extenuating circumstances in (a)(ii)(A)(I) of this subsection means circumstances beyond the employee's control that prevent the follow-up visit from occurring as planned by the health care provider. Whether a given set of circumstances are extenuating depends on the facts. For example, extenuating circumstances exist if a health care provider determines that a second in-person visit is needed within the thirty-day period, but the health care provider does not have any available appointments during that time period.

(e) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication, such as an antibiotic, or therapy requiring special equipment to resolve or alleviate the health condition, such as oxygen. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to

constitute a regimen of continuing treatment for purposes of this title.

(f) Conditions for which cosmetic treatments are administered, such as most treatments for acne or plastic surgery, are not serious health conditions unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, and periodontal disease are examples of conditions that are not serious health conditions and do not qualify for leave under this title. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

(g)(i) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a licensed substance abuse treatment provider. Absence because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this title.

(ii) Treatment for substance abuse does not prevent an employer from taking employment action against an employee. The employer may not take action against the employee because the employee has exercised his or her right to take medical leave for treatment. However, if the employer has an established policy, applied in a nondiscriminatory manner that has been communicated to all employees, that provides under certain circumstances an employee may be terminated for substance abuse, pursuant to that policy the employee may be terminated whether or not the employee is presently taking medical leave. An employee may also take family leave to care for a covered family member who is receiving treatment for substance abuse. The employer may not take action against an employee who is providing care for a covered family member receiving treatment for substance abuse.

(h) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this title even though the employee or the family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

(23) "Service is localized in this state" has the same meaning as described in RCW 50.04.120.

(24) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner.

(25) "State average weekly wage" means the most recent average weekly wage calculated under RCW 50.04.355 and available on January 1st of each year.

(26) "Supplemental benefit payments" means payments made by an employer to an employee as salary continuation or as paid time off. Such payments must be in addition to any paid family or medical leave benefits the employee is receiving.

(27) "Typical workweek hours" means:

(a) For an hourly employee, the average number of hours worked per week by an employee within the qualifying period; and

(b) Forty hours for a salaried employee, regardless of the number of hours the salaried employee typically works.

(28) "Wage" or "wages" means:

(a) For the purpose of premium assessment, the remuneration paid by an employer to an employee. The maximum wages subject to a premium assessment are those wages as set by the commissioner under RCW 50A.10.030;

(b) For the purpose of payment of benefits, the remuneration paid by one or more employers to an employee for employment during the employee's qualifying period. At the request of an employee, wages may be calculated on the basis of remuneration payable. The department shall notify each employee that wages are calculated on the basis of remuneration paid, but at the employee's request a redetermination may be performed and based on remuneration payable; and

(c) For the purpose of a self-employed person electing coverage under RCW 50A.10.010, the meaning is defined by rule.

NEW SECTION. Sec. 3. (1) The employment security department must collect and analyze disaggregated data relating to employment protections under Title 50A RCW. The employment security department must develop the proposed plan for data collection and analysis in consultation with the paid family and medical leave advisory committee.

(2) By December 1, 2021, the employment security department must submit a report to the appropriate committees of the legislature with the following information:

(a) Program utilization by employees covered under approved voluntary plans compared to employees covered under the state plan; and

(b) Program utilization by employees working for employers with 50 or more employees compared to employees working for employers with fewer than 50 employees.

(3) By June 30, 2022, and June 30, 2023, the employment security department must submit a report to the appropriate committees of the legislature with the following information:

(a) The number of individuals who used leave under Title 50A RCW in the preceding 12 months as a result of the amended definition of family member in this act; and

(b) The effects, if any, on the family and medical leave insurance account as a result of the amended definition of family member in this act.

(4) The employment security department must provide members of the paid family and medical leave advisory committee opportunity for comment on the reports under subsections (2) and (3) of this section. Comments provided through this process must be included in a separate section of each final report.

NEW SECTION. Sec. 4. If the number of individuals utilizing leave under Title 50A RCW as a result of the amended definition of family member in this act exceeds 500 individuals in any calendar year before July 1, 2023, the expenses of the additional leave must be paid by the general fund into the family and medical leave insurance account created in RCW 50A.05.070."

MESSAGE FROM THE HOUSE

March 28, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5038 with the following amendment(s): 5038-S.E AMH ENGR H1306.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.41.300 and 2018 c 201 s 9003 and 2018 c 201 s 6007 are each reenacted and amended to read as follows:

(1) It is unlawful for any person to enter the following places when he or she knowingly possesses or knowingly has under his or her control a weapon:

(a) The restricted access areas of a jail, or of a law enforcement facility, or any place used for the confinement of a person (i) arrested for, charged with, or convicted of an offense, (ii) held for extradition or as a material witness, or (iii) otherwise confined pursuant to an order of a court, except an order under chapter 13.32A or 13.34 RCW. Restricted access areas do not include common areas of egress or ingress open to the general public;

(b) Those areas in any building which are used in connection with court proceedings, including courtrooms, jury rooms, judge's chambers, offices and areas used to conduct court business, waiting areas, and corridors adjacent to areas used in connection with court proceedings. The restricted areas do not include common areas of ingress and egress to the building that is used in connection with court proceedings, when it is possible to protect court areas without restricting ingress and egress to the building. The restricted areas shall be the minimum necessary to fulfill the objective of this subsection (1)(b).

For purposes of this subsection (1)(b), "weapon" means any firearm, explosive as defined in RCW 70.74.010, or any weapon of the kind usually known as slungshot, sand club, or metal knuckles, or any knife, dagger, dirk, or other similar weapon that is capable of causing death or bodily injury and is commonly used with the intent to cause death or bodily injury.

In addition, the local legislative authority shall provide either a stationary locked box sufficient in size for pistols and key to a

weapon owner for weapon storage, or shall designate an official to receive weapons for safekeeping, during the owner's visit to restricted areas of the building. The locked box or designated official shall be located within the same building used in connection with court proceedings. The local legislative authority shall be liable for any negligence causing damage to or loss of a weapon either placed in a locked box or left with an official during the owner's visit to restricted areas of the building.

The local judicial authority shall designate and clearly mark those areas where weapons are prohibited, and shall post notices at each entrance to the building of the prohibition against weapons in the restricted areas;

(c) The restricted access areas of a public mental health facility licensed or certified by the department of health for inpatient hospital care and state institutions for the care of the mentally ill, excluding those facilities solely for evaluation and treatment. Restricted access areas do not include common areas of egress and ingress open to the general public;

(d) That portion of an establishment classified by the state liquor and cannabis board as off-limits to persons under (~~twenty-one~~) 21 years of age; or

(e) The restricted access areas of a commercial service airport designated in the airport security plan approved by the federal transportation security administration, including passenger screening checkpoints at or beyond the point at which a passenger initiates the screening process. These areas do not include airport drives, general parking areas and walkways, and shops and areas of the terminal that are outside the screening checkpoints and that are normally open to unscreened passengers or visitors to the airport. Any restricted access area shall be clearly indicated by prominent signs indicating that firearms and other weapons are prohibited in the area.

(2)(a) Except as provided in (c) of this subsection, it is unlawful for any person to knowingly open carry a firearm or other weapon while knowingly at any permitted demonstration. This subsection (2)(a) applies whether the person carries the firearm or other weapon on his or her person or in a vehicle.

(b) It is unlawful for any person to knowingly open carry a firearm or other weapon while knowingly within 250 feet of the perimeter of a permitted demonstration after a duly authorized state or local law enforcement officer advises the person of the permitted demonstration and directs the person to leave until he or she no longer possesses or controls the firearm or other weapon. This subsection (2)(b) does not apply to any person possessing or controlling any firearm or other weapon on private property owned or leased by that person.

(c) Duly authorized federal, state, and local law enforcement officers and personnel are exempt from the provisions of this subsection (2) when carrying a firearm or other weapon in conformance with their employing agency's policy. Members of the armed forces of the United States or the state of Washington are exempt from the provisions of this subsection (2) when carrying a firearm or other weapon in the discharge of official duty or traveling to or from official duty.

(d) For purposes of this subsection, the following definitions apply:

(i) "Permitted demonstration" means either: (A) A gathering for which a permit has been issued by a federal agency, state agency, or local government; or (B) a gathering of 15 or more people who are assembled for a single event at a public place that has been declared as permitted by the chief executive, sheriff, or chief of police of a local government in which the gathering occurs. A "gathering" means a demonstration, march, rally, vigil, sit-in, protest, picketing, or similar public assembly.

(ii) "Public place" means any site accessible to the general public for business, entertainment, or another lawful purpose. A

ONE HUNDREDTH DAY, APRIL 20, 2021

(iii) "Weapon" has the same meaning given in subsection (1)(b) of this section.

(e) Nothing in this subsection applies to the lawful concealed carry of a firearm by a person who has a valid concealed pistol license.

(3) Cities, towns, counties, and other municipalities may enact laws and ordinances:

(a) Restricting the discharge of firearms in any portion of their respective jurisdictions where there is a reasonable likelihood that humans, domestic animals, or property will be jeopardized. Such laws and ordinances shall not abridge the right of the individual guaranteed by Article I, section 24 of the state Constitution to bear arms in defense of self or others; and

(b) Restricting the possession of firearms in any stadium or convention center, operated by a city, town, county, or other municipality, except that such restrictions shall not apply to:

(ii) Any showing, demonstration, or lecture involving the exhibition of firearms.

~~((3))~~ (4)(a) Cities, towns, and counties may enact ordinances restricting the areas in their respective jurisdictions in which firearms may be sold, but, except as provided in (b) of this subsection, a business selling firearms may not be treated more restrictively than other businesses located within the same zone. An ordinance requiring the cessation of business within a zone shall not have a shorter grandfather period for businesses selling firearms than for any other businesses within the zone.

(b) Cities, towns, and counties may restrict the location of a business selling firearms to not less than ~~((five hundred))~~ 500 feet from primary or secondary school grounds, if the business has a storefront, has hours during which it is open for business, and posts advertisements or signs observable to passersby that firearms are available for sale. A business selling firearms that exists as of the date a restriction is enacted under this subsection ~~((2))~~ (4)(b) shall be grandfathered according to existing law.

~~((4))~~ (5) Violations of local ordinances adopted under subsection ~~((2))~~ (3) of this section must have the same penalty as provided for by state law.

~~((5))~~ (6) The perimeter of the premises of any specific location covered by subsection (1) of this section shall be posted at reasonable intervals to alert the public as to the existence of any law restricting the possession of firearms on the premises.

~~((6))~~ (7) Subsection (1) of this section does not apply to:

(a) A person engaged in military activities sponsored by the federal or state governments, while engaged in official duties;

(b) Law enforcement personnel, except that subsection (1)(b) of this section does apply to a law enforcement officer who is present at a courthouse building as a party to an action under chapter 10.14, 10.99, or 26.50 RCW, or an action under Title 26 RCW where any party has alleged the existence of domestic violence as defined in RCW 26.50.010; or

(c) Security personnel while engaged in official duties.

~~((7))~~ (8) Subsection (1)(a), (b), (c), and (e) of this section does not apply to correctional personnel or community corrections officers, as long as they are employed as such, who have completed government-sponsored law enforcement firearms training, except that subsection (1)(b) of this section does apply to a correctional employee or community corrections officer who

~~((8))~~ (9) Subsection (1)(a) of this section does not apply to a person licensed pursuant to RCW 9.41.070 who, upon entering the place or facility, directly and promptly proceeds to the administrator of the facility or the administrator's designee and obtains written permission to possess the firearm while on the premises or checks his or her firearm. The person may reclaim the firearms upon leaving but must immediately and directly depart from the place or facility.

~~((9))~~ (10) Subsection (1)(c) of this section does not apply to any administrator or employee of the facility or to any person who, upon entering the place or facility, directly and promptly proceeds to the administrator of the facility or the administrator's designee and obtains written permission to possess the firearm while on the premises.

~~((10))~~ (11) Subsection (1)(d) of this section does not apply to the proprietor of the premises or his or her employees while engaged in their employment.

~~((11))~~ (12) Government-sponsored law enforcement firearms training must be training that correctional personnel and community corrections officers receive as part of their job requirement and reference to such training does not constitute a mandate that it be provided by the correctional facility.

~~((12))~~ (13) Any person violating subsection (1) or (2) of this section is guilty of a gross misdemeanor.

~~((13))~~ (14) "Weapon" as used in this section means any firearm, explosive as defined in RCW 70.74.010, or instrument or weapon listed in RCW 9.41.250.

NEW SECTION. Sec. 2. A new section is added to chapter 9.41 RCW to read as follows:

(4) Duly authorized federal, state, or local law enforcement officers or personnel are exempt from this section when carrying a firearm or other weapon in conformance with their employing agency's policy. Members of the armed forces of the United States or the state of Washington are exempt from this section when

carrying a firearm or other weapon in the discharge of official duty or traveling to or from official duty.

(5) A person violating this section is guilty of a gross misdemeanor.

(6) Nothing in this section applies to the lawful concealed carry of a firearm by a person who has a valid concealed pistol license.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MESSAGE FROM THE HOUSE

April 11, 2021

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5331 with the following amendment(s): 5331-S2 AMH TAYL H1545.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that there is an urgent need to provide greater support to young children and their families involved in Washington state's child welfare system. Infants and toddlers comprise a substantial portion of all child abuse and neglect cases in Washington state; the rate of entry for children under age one into the care of Washington state's child welfare system is the second highest in the nation. Research demonstrates that both the trauma of neglect as well as the trauma associated with entering the child welfare system shapes young children's brain development and have lifelong impacts on young children's social, emotional, and physical well-being. Young children and families of color are particularly impacted by child welfare involvement and the factors leading up to it.

(2) The legislature further finds that early childhood court programs provide timely, evidence-based, evidence-informed, and trauma-informed interventions. Early childhood court programs reduce maltreatment recurrence, number of placements, and the time it takes to achieve permanency, while increasing equitable access to services.

(3) The legislature further finds that statewide standards are necessary to ensure the quality, accountability, and fidelity to

evidence-based and evidence-informed interventions of early childhood court programs. Statewide standards will also promote equitable access to these programs, especially among children and families of color.

(4) The legislature further finds that early childhood court programs that de-emphasize termination of parental rights and focus on the safe reunification of children with parents or maintain children with family or other suitable persons promote the long-term emotional and psychological health of children and minimize the trauma and racial disproportionality experienced by children and families of color who are involved in the dependency court system.

(5) The legislature further finds that the administrative office of the courts has secured funding for the first year of the early childhood court program to support their evaluation efforts. While funding is not mandated through this act, the legislature acknowledges that the administrative office of the courts is not able to complete its required responsibilities as provided for in this act without dedicated funding. The legislature finds and declares that in the future, the office may seek funding through public and/or private funding opportunities, and it may partner with local organizations to seek further funding, although it is not required to do so.

NEW SECTION. Sec. 2. A new section is added to chapter 2.30 RCW to read as follows:

(1)(a) A superior court may establish an early childhood court program to serve the needs of infants and toddlers who are under the age of three at the time the case enters the program and dependent pursuant to chapter 13.34 RCW.

(b) An early childhood court program is a therapeutic court as defined in this chapter that provides an intensive court process for families with a child under age three who has been found dependent pursuant to chapter 13.34 RCW. To be eligible for the early childhood court program, a parent must have a child under age three that is dependent pursuant to chapter 13.34 RCW at the time the case enters the early childhood court program. The case may remain in the early childhood court program after the child is age three or older if the child is still dependent pursuant to chapter 13.34 RCW.

(2) If a superior court creates an early childhood court program, it shall incorporate the following core components into the program:

(a) The court shall obtain a memorandum of understanding or other agreement with the department of children, youth, and families developed in collaboration with counsel for parents and children that outlines how the two entities will coordinate and collaborate to implement the core components overall.

(b) A community coordinator who may be employed by the courts, the county, or a nonprofit entity and who is a person with experience and training in diversity, equity, and inclusion measures and is dedicated to:

(i) Facilitating real-time information sharing and collaboration among cross-sector professionals participating in the early childhood court program;

(ii) Coordinating and participating in family team meetings;

(iii) Identifying community-based resources and supporting the family's connection to these resources;

(iv) Building relationships and forming new partnerships across traditional and nontraditional services and systems;

(v) Identifying training needs of early childhood court professionals and facilitating the provision of training;

(vi) Supporting the convening of community team meetings; and

(vii) Performing the tasks outlined in this subsection describing the core components of an early childhood court program unless otherwise specified.

(c) A community team established by the court and consisting of stakeholders to the court that serve as an advisory body to the court and who implement the early childhood court program. The community team shall include diverse membership to include, but not be limited to, former parent participants, foster parents, parent and child advocates, an attorney for parents, a department of children, youth, and families caseworker, and a judicial officer. The community team aims to:

(i) Foster a learning environment and encourage an interdisciplinary approach to meeting the needs of young children and families;

(ii) Identify and respond to challenges to accessing resources and needed systems reforms;

(iii) Support multidisciplinary trainings; and

(iv) Recommend local court policies and procedures to improve families receipt of equitable and timely access to resources and remedial services for the parent and child.

(d) More frequent status hearings than the review hearings required under RCW 13.34.138 established by the judicial officer, these status hearings are separate from the review hearings required under RCW 13.34.138 and are intended to provide additional support to the family.

(e) A community coordinator that serves as a liaison between the court and community-based resources to identify community-based resources, identify barriers to engagement, and collaborate with stakeholders to connect families to assessments and referrals. The community coordinator shall facilitate connecting parents with informal and formal social supports, including but not limited to peer, community, and cultural supports.

(f) Family team meetings neutrally facilitated by the community coordinator. The family team may include all parties to the case and other people or other service providers identified by the parent to be part of the support system for the parent involved. The family team engages the parents, and the attorney for the parent, in their case plan and expediently addresses family needs and access to services and support.

(g) Ensuring that parents are critical participants in the early childhood court program. Having experienced and culturally informed professionals supporting and working with families involved in the dependency court system is critical to successful reunification of families. The court shall aim to foster an environment in which all professionals involved in the early childhood court program increase their awareness of different forms of bias and the trauma and adversity that often accompany poverty, mental health, and substance use by identifying or developing training that increases such awareness.

(h) Ensuring that families receive early, consistent, and frequent visitation that is developmentally appropriate for infants and toddlers; minimizes stress and anxiety for both children and parents; and occurs in a safe, comfortable, and unthreatening setting that supports parents to nurture and care for their child.

(i) The court shall ensure that the individualized case plan for parents involved in the early childhood court program address protective factors that mitigate or eliminate safety risks to the child.

(j) The court should encourage a respectful, strength-based, compassionate approach to working with parents in the context of the early childhood court program.

(k) The court shall support the development of agreements that encourage:

(i) Stakeholders participation in any available statewide structure that supports alignment to the approach of the early childhood court program, cross-site cooperation, and consistency;

(ii) Program data is regularly and continuously reviewed to ensure equity and inform and improve practice; and

(iii) Stakeholder utilization of technical assistance, training, and evaluation to assess effectiveness and improve outcomes.

(l) Each early childhood court program must collect and review its data, including data related to race and ethnicity of program participants, to assess its effectiveness and share this data with the oversight board for children, youth, and families established under RCW 43.216.015. The oversight board for children, youth, and families established under RCW 43.216.015 shall share this data and hold or offer to assist in holding statewide meetings to support alignment to the core components and statewide consistency.

(m) The caseworker assigned to an early childhood court program must have received training and competency related to cultural ant bias, and antiracism.

(n) Each early childhood court program must be responsive to community needs and adopt best practices related to family reunification and serving all families, including those who are:

- (i) Black, Indigenous, and persons of color;
- (ii) Lesbian, gay, bisexual, transgender, and queer; and
- (iii) Experiencing disabilities.

(o) An attorney for the parent must be present during every meeting of the early childhood court program.

(p) Ensuring that parents voluntarily participating in the early childhood court program receive all available and appropriate services.

NEW SECTION. Sec. 3. A new section is added to chapter 2.30 RCW to read as follows:

(1) Judicial officers who preside over early childhood court program hearings shall participate in required trainings, as follows:

(a) An initial, eight-hour training program that can include the topic areas of:

- (i) The benefits to infants and toddlers of secure attachment with primary caregivers;
- (ii) A trauma-informed approach;
- (iii) The importance of maintaining children within their biological connections;
- (iv) The importance of reunification of children with their families;
- (v) Diversity, equity, and inclusion; and
- (vi) The impact of trauma on child development;

(b) After the initial training, annually attend a minimum of eight hours of continuing education of pertinence to the early childhood court program.

(2) Subject to the availability of amounts appropriated for this specific purpose, the administrative office of the courts shall administer the certification of training requirements.

NEW SECTION. Sec. 4. A new section is added to chapter 2.30 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the administrative office of the courts shall perform, or contract for, an evaluation of the early childhood court program to ensure the quality, accountability, and fidelity of the programs' evidence-based treatment. Any evaluation of the early childhood court program shall be posted on the administrative office of the courts website.

(2) The administrative office of the courts may provide, or contract for the provision of, training and technical assistance related to program services, consultation and guidance for difficult cases, and ongoing training for court teams.

NEW SECTION. Sec. 5. A new section is added to chapter 2.30 RCW to read as follows:

MESSAGE FROM THE HOUSE

April 16, 2021

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5128. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5128-S2.E AMH SANT H1570.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the COVID-19 pandemic has significantly changed the delivery of education across the state, as school districts transition to remote learning environments to protect the health of students and staff. The legislature also recognizes that the role of transportation services has evolved alongside remote learning programs to help students equitably access the instructional program of basic education. As permitted by emergency proclamation, many school districts have adapted to remote learning by transporting

meals, learning materials, and technology supports directly to students' homes or neighborhoods. Other school districts have used transportation resources to bring students to learning centers or other agencies where support services are provided.

This flexibility has allowed school districts to creatively use the resources at their disposal to equitably address the needs of students during an ongoing emergency.

With this act, the legislature intends to preserve this principle of flexibility for qualifying transportation services during a future local, state, or national emergency.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.160 RCW to read as follows:

(1) If a school or school district is providing full remote or partial remote instruction under the authority of RCW 28A.150.290 due to a local, state, or national emergency that causes a substantial disruption to full in-person instruction then, in addition to the transportation services allowed under this chapter, the district may use student transportation allocations to provide the following expanded services to students, regardless of whether those students would qualify as eligible students under RCW 28A.160.160:

(a) Delivery of educational services necessary to provide students with the opportunity to equitably access educational services during the period of remote instruction. Delivery of educational services include the transportation of materials, hardware, and other supports that assist students in accessing remote instruction, internet connectivity, or the curriculum;

(b) Delivery of meals to students; and

(c) Providing for the transportation of students to and from learning centers or other public or private agencies where educational and support services are being provided to students during the period of remote instruction. "Providing for" includes the provision of payments to allow students to use public transit to access the educational and support services.

(2) Nothing in this section is intended to limit a district's ability to use transportation allocations to pay for fixed transportation costs, such as school bus maintenance and basic administrative, regulatory, safety, or operational expenses.

(3) If a district provides expanded services under subsection (1) of this section, the district must track by a separate accounting code the expenditures incurred by the district in providing such services. This data must be included in the report required under RCW 28A.160.170(2).

Sec. 3. RCW 28A.160.170 and 2009 c 548 s 306 are each amended to read as follows:

Each district shall submit three times each year to the superintendent of public instruction during October, February, and May of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.160.150, along with identification of stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.160.150 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district. The superintendent shall require that districts separate the costs of operating the program for the transportation of eligible students to and from school as defined by RCW 28A.160.160(3) ~~((from))~~, non-to-and-from-school pupil transportation costs, and costs to provide expanded services under section 2(1) of this act in the annual financial statement. The cost, quantity, and type of all fuel purchased by school districts for use in to-and-from-school transportation shall be included in the annual financial statement.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.710 RCW to read as follows:

Section 2 of this act governs school operation and management under RCW 28A.710.040 and applies to charter schools established under this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.715 RCW to read as follows:

Section 2 of this act governs school operation and management under RCW 28A.715.020 and applies to state-tribal compact schools established under this chapter.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 10, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5141 with the following amendment(s): 5141-S2.E AMH ENGR H1522.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The purpose of this chapter is to reduce environmental and health disparities in Washington state and improve the health of all Washington state residents. This chapter implements the recommendations of the environmental justice task force established in section 221(48), chapter 415, Laws of 2019 entitled "Report to the Washington state governor and legislature, *Environmental Justice Task Force: Recommendations for Prioritizing EJ in Washington State Government* (October 2020)."

(2) As conveyed in the task force report, Washington state studies and national studies found that people of color and low-income people continue to be disproportionately exposed to environmental harms in their communities. As a result, there is a higher risk of adverse health outcomes for those communities. This risk is amplified when overlaid on communities with preexisting social and economic barriers and environmental risks, and creates cumulative environmental health impacts, which this act seeks to prevent and mitigate.

This chapter also seeks to reduce exposure to environmental hazards within Indian country, as defined in 18 U.S.C. Sec. 1151, due to off-reservation activities within the state, and to improve state practices to reduce contamination of traditional foods wherever they occur. Exposure to such hazards can result in generational health and ecological problems, particularly on small reservations where it is impossible to move away from a hazard.

(3) Accordingly, the state has a compelling interest in preventing and addressing such environmental health disparities in the administration of ongoing and new environmental programs, including allocation of funds, and in administering these programs so as to remedy the effects of past disparate treatment of overburdened communities and vulnerable populations.

(4) The task force provided recommendations to state agencies for measurable goals and model policies to reduce environmental health inequities in Washington, equitable practices for meaningful community involvement, and how to use the environmental health disparities map to identify and promote the equitable distribution of environmental benefits to overburdened communities. In order for all communities in Washington state to be healthy and thriving, state government should aim to concentrate government actions to benefit communities that currently have the greatest environmental and health burdens.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Council" means the environmental justice council established in section 20 of this act.

(2) "Covered agency" means the departments of ecology, health, natural resources, commerce, agriculture, and transportation, the Puget Sound partnership, and any agency that opts to assume all of the obligations of this act pursuant to section 11 of this act.

(3) "Cumulative environmental health impact" means the combined, multiple environmental impacts and health impacts on a vulnerable population or overburdened community.

(4) "Environmental benefits" means activities that:

(a) Prevent or reduce existing environmental harms or associated risks that contribute significantly to cumulative environmental health impacts;

(b) Prevent or mitigate impacts to overburdened communities or vulnerable populations from, or support community response to, the impacts of environmental harm; or

(c) Meet a community need formally identified to a covered agency by an overburdened community or vulnerable population that is consistent with the intent of this chapter.

(5) "Environmental harm" means the individual or cumulative environmental health impacts and risks to communities caused by historic, current, or projected:

(a) Exposure to pollution, conventional or toxic pollutants, environmental hazards, or other contamination in the air, water, and land;

(b) Adverse environmental effects, including exposure to contamination, hazardous substances, or pollution that increase the risk of adverse environmental health outcomes or create vulnerabilities to the impacts of climate change;

(c) Loss or impairment of ecosystem functions or traditional food resources or loss of access to gather cultural resources or harvest traditional foods; or

(d) Health and economic impacts from climate change.

(6) "Environmental health disparities map" means the data and information developed pursuant to section 19 of this act.

(7) "Environmental impacts" means environmental benefits or environmental harms, or the combination of environmental benefits and harms, resulting or expected to result from a proposed action.

(8) "Environmental justice" means the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, rules, and policies. Environmental justice includes addressing

disproportionate environmental and health impacts in all laws, rules, and policies with environmental impacts by prioritizing vulnerable populations and overburdened communities, the equitable distribution of resources and benefits, and eliminating harm.

(9) "Equitable distribution" means a fair and just, but not necessarily equal, allocation intended to mitigate disparities in benefits and burdens that are based on current conditions, including existing legacy and cumulative impacts, that are informed by cumulative environmental health impact analysis.

(10) "Evidence-based" means a process that is conducted by a systematic review of available data based on a well-established and widely used hierarchy of data in current use by other state and national programs, selected by the departments of ecology and health. The environmental justice council may provide input on the development of the process.

(11) "Overburdened community" means a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020.

(12) "Significant agency action" means the following actions as identified at the beginning of a covered agency's consideration of the significant agency action or at the time when an environmental justice assessment would normally be initiated in conjunction with an agency action:

(a) The development and adoption of significant legislative rules as defined in RCW 34.05.328;

(b) The development and adoption of any new grant or loan program that a covered agency is explicitly authorized or required by statute to carry out;

(c) A capital project, grant, or loan award by a covered agency of at least \$12,000,000 or a transportation project, grant, or loan by a covered agency of at least \$15,000,000;

(d) The submission of agency request legislation to the office of the governor or the office of financial management for approval; and

(e) Any other agency actions deemed significant by a covered agency consistent with section 14 of this act.

(13) "Tribal lands" has the same meaning as "Indian country" as provided in 18 U.S.C. Sec. 1151, and also includes sacred sites, traditional cultural properties, burial grounds, and other tribal sites protected by federal or state law.

(14)(a) "Vulnerable populations" means population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to: (i) Adverse socioeconomic factors, such as unemployment, high housing and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and (ii) sensitivity factors, such as low birth weight and higher rates of hospitalization.

(b) "Vulnerable populations" includes, but is not limited to:

(i) Racial or ethnic minorities;

(ii) Low-income populations;

(iii) Populations disproportionately impacted by environmental harms; and

(iv) Populations of workers experiencing environmental harms.

NEW SECTION. Sec. 3. ENVIRONMENTAL JUSTICE OBLIGATIONS FOR ALL AGENCIES. Covered agencies are required to comply with all provisions of this chapter. All other state agencies should strive to apply the laws of the state of Washington, and the rules and policies of the agency, in accordance with the policies of this chapter including, to the extent feasible, incorporating the principles of environmental

justice assessment processes set forth in section 14 of this act into agency decisions.

NEW SECTION. Sec. 4. A new section is added to chapter 43.70 RCW to read as follows:

ONE HUNDREDTH DAY, APRIL 20, 2021

2021 REGULAR SESSION

NEW SECTION. Sec. 12. INCORPORATING ENVIRONMENTAL JUSTICE INTO AGENCY STRATEGIC PLANS. (1) By January 1, 2023, each covered agency shall include an environmental justice implementation plan within its strategic plan. A covered agency may additionally incorporate an environmental justice implementation plan into other significant agency planning documents. The plan must describe how the covered agency plans to apply the principles of environmental justice to the agency's activities and must guide the agency in its implementation of its obligations under this chapter.

(2) In its environmental justice implementation plan, each covered agency must include:

(a) Agency-specific goals and actions to reduce environmental and health disparities and for otherwise achieving environmental justice in the agency's programs;

(b) Metrics to track and measure accomplishments of the agency goals and actions;

(c) Methods to embed equitable community engagement with, and equitable participation from, members of the public, into agency practices for soliciting and receiving public comment;

(d) Strategies to ensure compliance with existing federal and state laws and policies relating to environmental justice, including Title VI of the civil rights act of 1964, 42 U.S.C. Sec. 2000d-2000d-4, Title IX of the Education Amendments of 1972, 20 U.S.C. Sec. 1681-1683, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Sec. 794, and the age discrimination act of 1975, 42 U.S.C. Sec. 6101-6107;

(e) The plan for community engagement required under section 13 of this act; and

(f) Specific plans and timelines for incorporating environmental justice considerations into agency activities as required under this chapter.

(3) In developing and updating its plan, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

NEW SECTION. Sec. 13. EQUITABLE COMMUNITY ENGAGEMENT AND PUBLIC PARTICIPATION. (1) By July 1, 2022, each covered agency must create and adopt a community engagement plan that describes how it will engage with overburdened communities and vulnerable populations as it evaluates new and existing activities and programs. This plan must describe how the agency plans to facilitate equitable participation and support meaningful and direct involvement of vulnerable populations and overburdened communities. The plan must include:

(a) How the covered agency will identify and prioritize overburdened communities for purposes of this chapter;

(b) Best practices for outreach and communication to overcome barriers to engagement with overburdened communities and vulnerable populations;

(c) Use of special screening tools that integrate environmental, demographic, and health disparities data, such as the environmental health disparities map, to evaluate and understand the nature and needs of the people who the agency expects to be impacted by significant agency actions under section 14 of this act and processes under section 16 of this act to overcome barriers to participation;

(d) Processes that facilitate and support the inclusion of members of communities affected by agency decision making including, to the extent legal and practicable, but not limited to, child care and reimbursement for travel and other expenses; and

(e) Methods for outreach and communication with those who face barriers, language or otherwise, to participation.

(2) Covered agencies must regularly review their compliance with existing laws and policies that guide community engagement and must comply with the following:

(a) Title VI of the civil rights act, prohibiting discrimination based on race, color, or national origin and requiring meaningful access to people with limited English proficiency, and disability;

(b) Executive Order 05-03, requiring plain talk when communicating with the public; and

(c) Guidance related to Executive Order 13166, requiring meaningful access to agency programs and services for people with limited English proficiency.

(3) In developing and updating its plan, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(4) A covered agency may coordinate with the office of equity to identify policy and system barriers to meaningful engagement with communities as conducted by the office under RCW 43.06D.040(1)(b).

NEW SECTION. Sec. 14. ENVIRONMENTAL JUSTICE ASSESSMENT. (1)(a) When considering a significant agency action initiated after July 1, 2023, a covered agency must conduct an environmental justice assessment in accordance with this section to inform and support the agency's consideration of overburdened communities and vulnerable populations when making decisions and to assist the agency with the equitable distribution of environmental benefits, the reduction of environmental harms, and the identification and reduction of environmental and health disparities.

(b) A covered agency must aspire to complete the environmental justice assessment for a significant agency action without delaying the completion of the underlying agency action.

(2)(a) Consistent with section 2(12)(e) of this act, for the purpose of preparing environmental justice assessments, a covered agency may deem actions significant that are additional to the significant agency actions identified in section 2(12) (a) through (d) of this act, in iterative consultation with the council and interagency work group established under section 20 of this act. By July 1, 2025, each covered agency must consider their agency's activities and identify and begin applying environmental justice assessments to any actions that the agency identifies as significant that are in addition to the significant agency actions identified in section 2(12) (a) through (d) of this act. Significant agency actions designated by a covered agency under this subsection must be actions that may cause environmental harm or may affect the equitable distribution of environmental benefits to an overburdened community or a vulnerable population.

(b) In the identification of significant agency actions, covered agencies shall consider guidance issued by the council established in section 20 of this act. Each covered agency must periodically review and update its identified types of significant agency actions for which an environmental justice assessment is required under this section, and the relevant factors to the agency's environmental justice assessments that result from the unique mission, authorities, and priorities of the agency.

(3) By July 1, 2023, and periodically thereafter, after an opportunity for public comment on its determinations, each covered agency must:

(a) Publish on its website the types of agency actions that the agency has determined are significant agency actions that require an environmental justice assessment under this section, including any significant agency actions identified under subsection (2)(a) of this section;

(b) Provide notification of the determination of the types of significant agency actions in the Washington State Register; and

(c) Prepare an environmental justice assessment when considering a listed action, after publication of the list of any additional significant agency actions identified under (a) of this subsection.

(4) The environmental justice assessment obligation of a covered agency for a significant agency action under this section is satisfied by the completion by the covered agency of a checklist developed by the covered agency that functions akin to the environmental checklist developed by the department of ecology pursuant to chapter 43.21C RCW, and that directs the covered agency to at a minimum:

(a) Consider guidance prepared by the council under section 20 of this act relating to best practices on environmental justice assessments and when and how to use cumulative environmental health impact analysis;

(b) Where applicable, use cumulative environmental health impact analysis, such as the environmental health disparities map or other data that considers the effects of a proposed action on overburdened communities and vulnerable populations;

(c) Identify overburdened communities and vulnerable populations who are expected to be affected by the proposed action and the potential environmental and health impacts;

(d) Pursuant to the consultation process in section 18 of this act, identify if the proposed action is expected to have any local or regional impacts to federally reserved tribal rights and resources including, but not limited to, those protected by treaty, executive order, or federal law;

(e) Summarize community input and describe how the covered agency can further involve overburdened communities, vulnerable populations, affected tribes, and indigenous populations in development of the proposed action; and

(f) Describe options for the agency to reduce, mitigate, or eliminate identified probable impacts on overburdened communities and vulnerable populations, or provide a justification for not reducing, mitigating, or eliminating identified probable impacts.

(5)(a) To obtain information for the purposes of assessments, a covered agency must solicit feedback from members of overburdened communities and vulnerable populations to assist in the accurate assessment of the potential impact of the action and in developing the means to reduce or eliminate the impact on overburdened communities and vulnerable populations.

(b) A covered agency may include items in the checklist required under subsection (4) of this section that are not specified in subsection (4) of this section.

(c) The completion of an environmental justice checklist under subsection (4) of this section is not required to be a comprehensive or an exhaustive examination of all potential impacts of a significant agency action and does not require a covered agency to conduct novel quantitative or economic analysis of the proposed significant agency action.

(6) Based on the environmental justice assessment, each covered agency must seek, to the extent legal and feasible and consistent with the underlying statute being implemented, to reduce or eliminate the environmental harms and maximize the environmental benefits created by the significant agency action on overburdened communities and vulnerable populations. Consistent with agency authority, mission, and statutory responsibilities, the covered agency must consider each of the following methods for reducing environmental harms or equitably distributing environmental benefits:

(a) Eliminating the disparate impact of environmental harms on overburdened communities and vulnerable populations;

(b) Reducing cumulative environmental health impacts on overburdened communities or vulnerable populations;

(c) Preventing the action from adding to the cumulative environmental health impacts on overburdened communities or vulnerable populations;

(d) Providing equitable participation and meaningful engagement of vulnerable populations and overburdened communities in the development of the significant agency action;

(e) Prioritizing equitable distribution of resources and benefits to overburdened communities;

(f) Promoting positive workforce and job outcomes for overburdened communities;

(g) Meeting community needs identified by the affected overburdened community;

(h) Modifying substantive regulatory or policy requirements; and

(i) Any other mitigation techniques, including those suggested by the council, the office of equity, or representatives of overburdened communities and vulnerable populations.

(7) If the covered agency determines it does not have the ability or authority to avoid or reduce any estimated environmental harm of the significant agency action on overburdened communities and vulnerable populations or address the distribution of environmental and health benefits, the agency must provide a clear explanation of why it has made that determination and provide notice of that explanation to members of the public who participated in the process for the significant agency action or the process for the environmental justice assessment and who provided contact information to the agency.

(8) In developing a process for conducting environmental justice assessments, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(9) The issuance of forest practices permits under chapter 76.09 RCW or sale of timber from state lands and state forestlands as defined in RCW 79.02.010 do not require an environmental justice assessment under this section.

NEW SECTION. Sec. 15. The obligation of a covered agency to conduct an environmental justice assessment pursuant to section 14 of this act for significant agency actions does not, by itself, trigger requirements in chapter 43.21C RCW.

NEW SECTION. Sec. 16. ENVIRONMENTAL JUSTICE OBLIGATIONS OF AGENCIES RELATING TO BUDGETS AND FUNDING. (1) With consideration of the guidelines issued by the council in section 20 of this act, and in iterative consultation with the council, each covered agency must incorporate environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding environmental benefits. Through the incorporation of environmental justice principles into its decision processes, including by conducting environmental justice assessments where required under section 14 of this act, each covered agency, to the extent allowed by law and consistent with legislative appropriations, must equitably distribute funding and expenditures related to programs that address or may cause environmental harms or provide environmental benefits towards overburdened communities and vulnerable populations.

(2) Beginning on or before July 1, 2023, each covered agency must, where practicable, take the following actions when making expenditure decisions or developing budget requests to the office of financial management and the legislature for programs that address or may cause environmental harms or provide environmental benefits:

(a) Focus applicable expenditures on creating environmental benefits that are experienced by overburdened communities and vulnerable populations, including reducing or eliminating environmental harms, creating community and population

resilience, and improving the quality of life of overburdened communities and vulnerable populations;

(b) Create opportunities for overburdened communities and vulnerable populations to meaningfully participate in agency expenditure decisions;

(c) Clearly articulate environmental justice goals and performance metrics to communicate the basis for agency expenditures;

(d) Consider a broad scope of grants and contracting opportunities that effectuate environmental justice principles, including:

(i) Community grants to monitor pollution;

(ii) Grants focused on building capacity and providing training for community scientists and other staff;

(iii) Making technical assistance available for communities that may be new to receiving agency grant funding; and

(iv) Education and work readiness youth programs focused on infrastructure or utility-related internships to develop career paths and leadership skills for youth; and

(e) Establish a goal of directing 40 percent of grants and expenditures that create environmental benefits to vulnerable populations and overburdened communities.

(3) A covered agency may adopt rules or guidelines for criteria and procedures applicable to incorporating environmental justice principles in expenditure decisions, granting or withholding benefits, and processes for budget development.

(4) In incorporating environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding benefits, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(5) A covered agency may not take actions or make expenditures under this section that are inconsistent with or conflict with other statutes or with conditions or limitations on the agency's appropriations.

(6) If a covered agency, due to the breadth of its programs and funding opportunities, determines it is not practicable to take the actions listed in subsection (2) of this section for all applicable expenditure decisions and budget requests developed, the covered agency is encouraged to prioritize taking the actions listed in subsection (2) of this section for those budget requests and expenditure decisions that are primarily directed at addressing environmental impacts. By July 1, 2023, each covered agency must publish on its website the types of decision processes for budget development, making expenditures, and granting or withholding environmental benefits for which the agency will take the actions listed in subsection (2) of this section.

NEW SECTION. Sec. 17. REPORTING REQUIREMENTS. (1) By September 1st of each year, each covered agency must annually update the council on the development and implementation of environmental justice in agency strategic plans pursuant to section 12 of this act, budgeting and funding criteria for making budgeting and funding decisions pursuant to section 16 of this act, and community engagement plans pursuant to section 13 of this act.

(2)(a) Beginning in 2024, as part of each covered agency's annual update to the council under subsection (1) of this section, each covered agency must include updates on the agency's implementation status with respect to the environmental justice assessments under section 14 of this act.

(b) By September 1st of each year beginning in 2024, each covered agency must publish or update a dashboard report, in a uniform dashboard format on the office of financial management's website, describing the agency's progress on:

(i) Incorporating environmental justice in its strategic plan;

(ii) The obligations of agencies relating to budgets and funding under section 16 of this act; and

(iii) Its environmental justice assessments of proposed significant agency actions, including logistical metrics related to covered agency completion of environmental justice assessments.

(3) Each covered agency must file a notice with the office of financial management of significant agency actions for which the agency is initiating an environmental justice assessment under section 14 of this act. The office of financial management must prepare a list of all filings received from covered agencies each week and must post the list on its website and make it available to any interested parties. The list of filings must include a brief description of the significant agency action and the methods for providing public comment for agency consideration as part of the environmental justice assessment.

(4) Each covered agency must identify overburdened communities, as required by section 13 of this act, in such a way that the performance effectiveness of the duties created by this chapter can be measured, including the effectiveness of environmental justice assessments required by section 14 of this act. MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5052 with the following amendment(s): 5052-S2.E AMH HCW H1298.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The legislature finds that people of color, Indian, people experiencing poverty, and immigrant populations experience significant health disparities compared to the general population, including more limited access to health care and poorer health outcomes. The legislature finds that these circumstances result in higher rates of morbidity and mortality for persons of color and immigrant populations than observed in the general population.

(2) Therefore, the legislature intends to create health equity zones to address significant health disparities identified by health outcome data. The state intends to work with community leaders within the health equity zones to share information and coordinate efforts with the goal of addressing the most urgent needs. Health equity zone partners shall develop, expand, and maintain positive relationships with communities of color, Indian communities, communities experiencing poverty, and immigrant communities within the zone to develop effective and sustainable programs to address health inequity.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department, in coordination with the governor's interagency council on health disparities, local health jurisdictions, and accountable communities of health, must share and review population health data, which may be related to chronic and infectious diseases, maternal birth complications, preterm births and other newborn health complications, and any other relevant health data, including hospital community health needs assessments, to identify, or allow communities to self-identify, potential health equity zones in the state and develop projects to meet the unique needs of each zone. The department must provide technical support to communities in the use of data to facilitate self-identification of health equity zones.

(2) Communities' uses of data must align with projects and outcomes to be measured in self-identified zones.

(3) The department must use the first 12 months following the effective date of this section to develop a plan and process to allow communities to implement health equity zone programs statewide. The department has authority to determine the number of health equity zones and projects based on available resources.

(4) Communities that self-identify zones or the department must notify relevant community organizations in the zones of the health equity zone designation and allow those organizations to identify projects to address the zone's most urgent needs related to health disparities. Community organizations may include, but are not limited to:

- (a) Community health clinics;
- (b) Local health providers;
- (c) Federally qualified health centers;
- (d) Health systems;
- (e) Local government;
- (f) Public school districts;
- (g) Recognized American Indian organizations and Indian health organizations;
- (h) Local health jurisdictions; and

(i) Any other nonprofit organization working to address health disparities in the zone.

(5) Local organizations working within zones may form coalitions to identify the needs of the zone, design projects to address those needs, and develop an action plan to implement the projects. Local organizations may partner with state or national organizations outside the specific zone designation. Projects may include, but are not limited to:

(a) Addressing health care provider access and health service delivery;

(b) Improving information sharing and community trust in providers and services;

(c) Conducting outreach and education efforts; and

(d) Recommending systems and policy changes that will improve population health.

(6) The department must provide:

(a) Support to the coalitions in identifying and applying for resources to support projects within the zones;

(b) Technical assistance related to project management and developing health outcome and other measures to evaluate project success; and

(c) Subject to availability, funding to implement projects.

(7) Subject to the availability of amounts appropriated for this specific purpose, by December 1, 2023, and every two years thereafter, the department must submit a report to the legislature detailing the projects implemented in each zone and the outcome measures, including year-over-year health data, to demonstrate project success.

(8) For the purposes of this section "health equity zone" or "zone" means a contiguous geographic area that demonstrates measurable and documented health disparities and poor health outcomes, which may include but are not limited to high rates of maternal complications, newborn health complications, and chronic and infectious disease, is populated by communities of color, Indian communities, communities experiencing poverty, or immigrant communities, and is small enough for targeted interventions to have a significant impact on health outcomes and health disparities. Documented health disparities must be documented or identified by the department or the centers for disease control and prevention."

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" mean:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary of the department of social and health services to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Educational liaison" means a person who has been appointed by the court to fulfill responsibilities outlined in RCW 13.34.046.

(9) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. (12) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. (ii) Early learning programs not receiving state funds.

(d) School-age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school-age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school-age child care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4)(a) There are five primary levels in the early achievers program.

(b) In addition to the primary levels, the department must establish an intermediate level that is between level 3 and level 4 and serves to assist participants in transitioning to level 4.

(c) Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle. A rerating shall reset the rating cycle timeline for participants.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices. The licensing history that the department must provide for parents and caregivers pursuant to this subsection shall only include license suspension, surrender, revocation, denial, stayed suspension, or reinstatement. No unfounded child abuse or neglect reports may be provided to parents and caregivers pursuant to this subsection.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) Early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.216.075, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards. By December 1, 2019, and subject to the availability of amounts appropriated for this specific purpose, the department must submit a detailed plan to the governor and the legislature to implement a robust cross-accreditation process with multiple pathways that allows a provider to earn equivalent early achievers credit resulting from accreditation by high quality national organizations.

(c) Licensed child care centers ~~(and)~~₂ child care home providers, and outdoor nature-based child care must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) The department shall explore the use of alternative quality assessment tools that meet the culturally specific needs of the federally recognized tribes in the state of Washington.

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

Sec. 7. RCW 43.216.087 and 2019 c 369 s 5 are each amended to read as follows:

(1)(a) The department shall, in collaboration with tribal governments and community and statewide partners, implement a protocol to maximize and encourage participation in the early achievers program for culturally diverse and low-income center ~~(and)~~₂ family home, and outdoor nature-based child care providers. Amounts appropriated for the encouragement of culturally diverse and low-income center ~~(and)~~₂ family home, and outdoor nature-based child care provider participation shall be appropriated separately from the other funds appropriated for the department, are the only funds that may be used for the

protocol, and may not be used for any other purposes. Funds appropriated for the protocol shall be considered an ongoing program for purposes of future departmental budget requests.

(b) The department shall prioritize the resources authorized in this section to assist providers in the early achievers program to help them reach a rating of level 3 or higher wherever access to subsidized care is at risk.

(2) The protocol should address barriers to early achievers program participation and include at a minimum the following:

(a) The creation of a substitute pool;

(b) The development of needs-based grants for providers in the early achievers program who demonstrate a need for assistance to improve program quality. Needs-based grants may be used for environmental improvements of early learning facilities; purchasing curriculum development, instructional materials, supplies, and equipment; and focused infant-toddler improvements. Priority for the needs-based grants shall be given to culturally diverse and low-income providers;

(c) The development of materials and assessments in a timely manner, and to the extent feasible, in the provider and family home languages; and

(d) The development of flexibility in technical assistance and coaching structures to provide differentiated types and amounts of support to providers based on individual need and cultural context.

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities or outdoor locations for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2)(a) In consultation with the state fire marshal's office, the secretary shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments.

Sec. 11. RCW 43.216.260 and 2007 c 415 s 4 are each amended to read as follows:

Sec. 14. RCW 43.216.305 and 2020 c 343 s 5 are each amended to read as follows:

(1) Each agency shall make application for a license or the continuation of a full license to the department ~~((on forms))~~ using

a method prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with this chapter, except that an initial license may be issued as provided in RCW 43.216.315. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section and may be transferred to a new licensee in the event of a transfer of ownership of a child care operation. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

(a) Submit the annual licensing fee;

(b) Submit a declaration to the department indicating the licensee's intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;

(c) Submit a declaration of compliance with all licensing rules; and

(d) ~~((Submit))~~ For all current employees of the agency and as defined by department rule, submit background check applications into the department's electronic workforce registry on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) Nothing about the nonexpiring license process may interfere with the department's established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

(i) Valid complaints;

(ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or

(iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.216.320.

Sec. 15. RCW 43.216.325 and 2018 c 58 s 38 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.216.327 governs notice of a license denial, revocation,

suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3)(a) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home.

(b) Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance.

(c) Civil monetary penalties shall not exceed one hundred fifty dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers or outdoor nature-based child care programs. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(d) The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period.

(e) The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.216.335 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center, outdoor nature-based child care provider, or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center, outdoor nature-based child care provider, or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center, outdoor nature-based child care provider, or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day care center, outdoor nature-based child care provider, or family day care provider; or (b) place or remove a child day care center, outdoor nature-based child care provider, or family day care provider on nonreferral status.

Sec. 16. RCW 43.216.340 and 2014 c 9 s 1 are each amended to read as follows:

(1) Before requiring any alterations to a child care facility due to inconsistencies with requirements in chapter 19.27 RCW, the department shall:

(a) Consult with the city or county enforcement official; and
(b) Receive written verification from the city or county enforcement official that the alteration is required.

(2) The department's consultation with the city or county enforcement official is limited to licensed child care space.

(3) Unless there is imminent danger to children or staff, the department may not modify, suspend, or revoke a child care license or business activities while the department is waiting to:

(a) Consult with the city or county enforcement official under subsection (1)(a) of this section; or

(b) Receive written verification from the city or county enforcement official that the alteration is required under subsection (1)(b) of this section.

(4) For the purposes of this section, "child care facility" means a family day care home, school-age care, outdoor nature-based child care, and child day care center.

(1) The department shall develop an internal review process to determine whether department licensors have appropriately and consistently applied agency rules in ~~((child care facility licensing compliance agreements))~~ inspection reports that do not involve a violation of health and safety standards. Adverse licensing decisions including license denial, suspension, revocation, modification, or nonrenewal pursuant to RCW 43.216.325 or imposition of civil fines pursuant to RCW 43.216.335 are not subject to the internal review process in this section, but may be appealed using the administrative procedure act, chapter 34.05 RCW.

(2) The definitions in this subsection apply throughout this section.

(a) "Child care facility licensing compliance agreement" means an agreement issued by the department in lieu of the department taking enforcement action against a child care provider that contains: (i) A description of the violation and the rule or law that was violated; (ii) a statement from the licensee regarding the proposed plan to comply with the rule or law; (iii) the date the violation must be corrected; (iv) information regarding other licensing action that may be imposed if compliance does not occur by the required date; and (v) the signature of the licensor and licensee or the licensee's delegate.

(4) The internal review process established in this section may overturn, change, or uphold a department licensing decision by majority vote. In the event that the six individuals conducting the internal review process are equally divided, the secretary or the secretary's designee shall make the decision of the internal review process. The internal review process must provide the parties with a written decision of the outcome after completion of the internal review process. A licensee must request a review under the internal review process within ten days of the development of ~~((a child care facility licensing compliance agreement))~~ an inspection report and the internal review process must be completed within ~~((thirty))~~ sixty days after the request from the licensee to initiate the internal review process is received.

(5) A licensee may request a final review by the oversight board for children, youth, and families after completing the internal review process established in this section by giving notice to the department and the oversight board for children, youth, and families within ten days of receiving the written decision produced by the internal review process.

~~(((6) The department shall not develop a child care facility licensing compliance agreement with a child care provider for first time violations of rules that do not relate to health and safety standards and that can be corrected on the same day that the violation is identified. Sec. 19. RCW 43.216.515 and 2020 c 321 s 1 are each amended to read as follows:

(1) Approved early childhood education and assistance programs shall receive state-funded support through the department. Public or private organizations including, but not limited to, school districts, educational service districts, community and technical colleges, local governments, or nonprofit organizations, are eligible to participate as providers of the state early childhood education and assistance program.

(2) Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained.

(3) Persons applying to conduct the early childhood education and assistance program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

(4) A new early childhood education and assistance program provider must complete the requirements in this subsection to be eligible to receive state-funded support under the early childhood education and assistance program:

(a) Enroll in the early achievers program within thirty days of the start date of the early childhood education and assistance program contract;

(b)(i) Except as provided in (b)(ii) of this subsection, rate at a level 4 or 5 in the early achievers program within twenty-four months of enrollment. If an early childhood education and assistance program provider rates below a level 4 within twenty-four months of enrollment, the provider must complete remedial activities with the department, and must rate at or request to be rated at a level 4 or 5 within twelve months of beginning remedial activities.

(ii) Licensed or certified child care centers ~~((and homes)),~~ family home providers, and outdoor nature-based child care providers that administer an early childhood education and assistance program shall rate at a level 4 or 5 in the early achievers program within twenty-four months of the start date of the early childhood education and assistance program contract. If an early childhood education and assistance program provider rates below a level 4 within twenty-four months, the provider must complete remedial activities with the department, and must rate at or request to be rated at a level 4 or 5 within twelve months of beginning remedial activities.

(5)(a) If an early childhood education and assistance program provider has successfully completed all of the required early achievers program activities and is waiting to be rated by the deadline provided in this section, the provider may continue to participate in the early achievers program as an approved early childhood education and assistance program provider and receive state subsidy pending the successful completion of a level 4 or 5 rating.

(b) To avoid disruption, the department may allow for early childhood education and assistance program providers who have rated below a level 4 after completion of the twelve-month remedial period to continue to provide services until the current school year is finished.

(c)(i) If the early childhood education and assistance program provider described under subsection (4)(b)(i) or (ii) of this section does not rate or request to be rated at a level 4 or 5 following the remedial period, the provider is not eligible to receive state-funded support under the early childhood education and assistance program under this section.

(ii) If the early childhood education and assistance program provider described under subsection (4)(b)(i) or (ii) of this section does not rate at a level 4 or 5 when the rating is released following the remedial period, the provider is not eligible to receive state-funded support under the early childhood education and assistance program under this section.

(6)(a) When an early childhood education and assistance program in good standing changes classroom locations to a comparable or improved space within the same facility, or to a comparable or improved outdoor location for an outdoor nature-based child care, a rerating is not required outside of the regular rerating and renewal cycle.

(b) When an early childhood education and assistance program in good standing moves to a new facility, or to a new outdoor location for an outdoor nature-based child care, the provider must notify the department of the move within six months of changing locations in order to retain their existing rating. The early achievers program must conduct an observational visit to ensure the new classroom space is of comparable or improved environmental quality. If a provider fails to notify the department within six months of a move, the early achievers rating must be changed from the posted rated level to "Participating, Not Yet Rated" and the provider will cease to receive tiered reimbursement incentives until a new rating is completed.

(7) The department shall collect data periodically to determine the demand for full-day programming for early childhood education and assistance program providers. The department shall analyze this demand by geographic region and shall include the findings in the annual report required under RCW 43.216.089.

(8) The department shall develop multiple pathways for licensed or certified child care centers and homes to administer an early childhood education and assistance program. The pathways shall include an accommodation for these providers to rate at a level 4 or 5 in the early achievers program according to the timelines and standards established in subsection (4)(b)(ii) of

this section. The department must consider using the intermediate level that is between level 3 and level 4 as described in RCW 43.216.085, incentives, and front-end funding in order to encourage providers to participate in the pathway.

Sec. 20. RCW 43.216.530 and 2015 3rd sp.s. c 7 s 10 are each amended to read as follows:

The department shall review applications from public or private organizations for state funding of early childhood education and assistance programs. The department shall consider local community needs, demonstrated capacity, and the need to support a mixed delivery system of early learning that includes alternative models for delivery including licensed centers, outdoor nature-based child care providers, and licensed family child care providers when reviewing applications.

Sec. 21. RCW 43.216.650 and 2015 c 199 s 1 are each amended to read as follows:

(1) For the purposes of this section, "near fatality" means an act that, as certified by a physician, places the child in serious or critical condition.

(2)(a) The department shall conduct a child fatality review if a child fatality occurs in an early learning program described in RCW ((43.215.400 through 43.215.450)) 43.216.500 through 43.216.550 or a licensed child care center, licensed outdoor nature-based child care, or a licensed child care home.

(b) The department shall convene a child fatality review committee and determine the membership of the review committee. The committee shall comprise individuals with appropriate expertise, including but not limited to experts from outside the department with knowledge of early learning licensing requirements and program standards, a law enforcement officer with investigative experience, a representative from a county or state health department, and a child advocate with expertise in child fatalities. The department shall invite one parent or guardian for membership on the child fatality review committee who has had a child die in a child care setting. The department shall ensure that the fatality review team is made up of individuals who had no previous involvement in the case.

(c) The department shall allow the parents or guardians whose child's death is being reviewed to testify before the child fatality review committee.

(d) The primary purpose of the fatality review shall be the development of recommendations to the department and legislature regarding changes in licensing requirements, practice, or policy to prevent fatalities and strengthen safety and health protections for children.

(e) Upon conclusion of a child fatality review required pursuant to this section, the department shall, within one hundred eighty days following the fatality, issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public web site where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public web site, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100, 68.50.105, and 74.13.500 through 74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(3) The department shall consult with the office of the family and children's ombuds to determine if a review should be conducted in the case of a near child fatality that occurs in an early learning program described in RCW ((43.215.400 through 43.215.450)) 43.216.500 through 43.216.550 or licensed child care center, licensed outdoor nature-based child care, or licensed child care home.

(4) In any review of a child fatality or near fatality, the department and the fatality review team must have access to all records and files regarding the child or that are otherwise relevant to the review and that have been produced or retained by the early education and assistance program provider or licensed child care center, licensed outdoor nature-based child care, or licensed family home provider.

(5) The child fatality review committee shall coordinate with local law enforcement to ensure that the fatality or near fatality review does not interfere with any ongoing or potential criminal investigation.

(6)(a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding the following:

(i) The work of the child fatality or near fatality review team;

(ii) The incident under review;

(iii) The employee's or member's statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review; or

(iv) Statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting a person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team.

(7) The department shall develop and implement procedures to carry out the requirements of this section.

(8) Nothing in this section creates a duty for the office of the family and children's ombuds under RCW 43.06A.030 as related to children in the care of an early learning program described in RCW ((43.215.400 through 43.215.450)) 43.216.500 through 43.216.550, a licensed child care center, a licensed outdoor nature-based child care, or a licensed child care home.

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTED SENATE BILL NO. 5321 with the following amendment(s): 5321-S.E AMH APP H1492.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature enacted the college bound scholarship program in 2007 to encourage all Washington students to dream big by creating a guaranteed four-year tuition scholarship program for students from low-income families. The legislature finds the program has been successful in achieving this goal. A report by the Washington state institute for public policy found that the scholarship increases high school graduation rates, probability of on-time college enrollment, college persistence, and college graduation rates. However, more than one quarter of eligible students are unable to access the scholarship by failing to sign the pledge required by the program. The legislature finds that the pledge has become an unintended barrier to entry, a problem made more acute as students are receiving their education remotely during the COVID-19 pandemic and have less access to school teachers, counselors, and peers. Therefore, the legislature intends with this act to remove the pledge as an eligibility requirement while retaining the requirement that students maintain a "C" average for consideration of admission to a public or private four-year higher education institution and avoid serious interactions with the criminal justice system for four years. In order to ensure that the legislature will fulfill its promise to provide a scholarship upon graduation, the legislature intends by this act to create a statutory contractual right for students who fulfill scholarship requirements

that vests when the student becomes first eligible for the scholarship.

Sec. 2. RCW 28B.118.010 and 2019 c 406 s 44 and 2019 c 298 s 1 are each reenacted and amended to read as follows:

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the Washington college grant program in chapter 28B.92 RCW unless otherwise provided in this section. The right of an eligible student to receive a college bound scholarship vests upon enrollment in the program that is earned by meeting the requirements of this section as it exists at the time of the student's enrollment under subsection (2) of this section.

~~(d) The office of student financial assistance must determine the most effective methods, including timing and frequency, to notify eligible students of enrollment in the Washington college bound scholarship program. The office of student financial assistance must take reasonable steps to ensure that eligible students acknowledge enrollment in the college bound scholarship program and receipt of the requirements for award of the scholarship. The office of student financial assistance shall also make available to every school district information, brochures, and posters to increase awareness and to enable school districts to notify eligible students directly or through school teachers, counselors, or school activities.~~

(iv) The offense was not adjudicated as a juvenile and the record sealed;

(b) Has been terminated by the employing agency or otherwise separated from the employing agency after engaging in, or was found by a court to have engaged in, the use of force which resulted in death or serious injury and the use of force violated the law;

(c) Has been terminated by the employing agency or otherwise separated from the employing agency after witnessing, or found

by a court to have witnessed, another officer's use of excessive force and:

(i) Was in a position to intervene to end the excessive use of force and failed to do so; or

(ii) Failed to report the use of excessive force in accordance with agency policy or law;

(d) Has been terminated by the employing agency or otherwise separated from the employing agency after knowingly making, or found by a court to have knowingly made, misleading, deceptive, untrue, or fraudulent representations in the practice of being a peace officer or corrections officer including, but not limited to, committing perjury, filing false reports, hiding evidence, or failing to report exonerating information. This subsection (2)(d) does not apply to representations made in the course and for the purposes of an undercover investigation or other lawful law enforcement purpose; or

(e) Is prohibited from possessing weapons by state or federal law or by a permanent court order entered after a hearing.

(3) The commission may deny, suspend, or revoke certification or require remedial training of an applicant or officer if the applicant or officer:

(a) Failed to timely meet all requirements for obtaining a certificate of basic law enforcement or corrections training, a certificate of basic law enforcement or corrections training equivalency, or a certificate of exemption from the training;

(b) Was previously issued a certificate through administrative error on the part of the commission;

(c) Knowingly falsified or omitted material information on an application to the employer or for training or certification to the commission;

(d) Interfered with an investigation or action for denial or revocation of certification by:

(i) Knowingly making a materially false statement to the commission;

(ii) Failing to timely and accurately report information to the commission as required by law or policy; or

(iii) In any matter under review or investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness;

(g) Through fraud or misrepresentation, has used the position of peace officer or corrections officer for personal gain;

(h) Engaged in conduct including, but not limited to, verbal statements, writings, online posts, recordings, and gestures, involving prejudice or discrimination against a person on the basis of race, religion, creed, color, national origin, immigration status, disability, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status;

(i) Has affiliation with one or more extremist organizations;

(j) Whether occurring on or off duty, has:

(i) Been found to have committed a felony, without regard to conviction;

(ii) Engaged in a pattern of acts showing an intentional or reckless disregard for the rights of others, including but not limited to violation of an individual's constitutional rights under the state or federal constitution or a violation of RCW 10.93.160;

(iii) Engaged in unsafe practices involving firearms, weapons, or vehicles which indicate either a willful or wanton disregard for the safety of persons or property; or

(iv) Engaged in any conduct or pattern of conduct that: Fails to meet the ethical and professional standards required of a peace officer or corrections officer; disrupts, diminishes, or otherwise

jeopardizes public trust or confidence in the law enforcement profession and correctional system; or demonstrates an inability or unwillingness to uphold the officer's sworn oath to enforce the constitution and laws of the United States and the state of Washington;

(k) Has been suspended or discharged, has resigned or retired in lieu of discharge, or has separated from the agency after the alleged misconduct occurred, for any conduct listed in this section; or

(l) Has voluntarily surrendered the person's certification as a peace officer or corrections officer.

(4) In addition to the penalties set forth in subsection (3) of this section, the commission may require mandatory retraining or placement on probation for up to two years, or both. In determining the appropriate penalty or sanction, the commission shall consider: The findings and conclusions, and the basis for the findings and conclusions, of any due process hearing or disciplinary appeals hearing following an investigation by a law enforcement agency regarding the alleged misconduct, if such hearing has occurred prior to the commission's action; any sanctions or training ordered by the employing agency regarding the alleged misconduct; and whether the employing agency bears any responsibility for the situation.

(5) The commission shall deny certification to any applicant who ~~((has))~~ lost ~~((his or her))~~ certification as a result of a break in service of more than ~~((twenty-four))~~ 24 consecutive months if that applicant failed to comply with the requirements set forth in RCW 43.101.080~~((49))~~ (15) and 43.101.095(2).

(6) The fact that the commission has suspended an officer's certification is not, in and of itself, a bar to the employing agency's maintenance of the officer's health and retirement benefits.

(7) Any suspension or period of probation imposed by the commission shall run concurrently to any leave or discipline imposed by the employing agency for the same incident.

(8) A law enforcement agency may not terminate a peace officer based solely on imposition of suspension or probation by the commission. This subsection does not prohibit a law enforcement agency from terminating a peace officer based on the underlying acts or omissions for which the commission took such action.

(9) Any of the misconduct listed in subsections (2) and (3) of this section is grounds for denial, suspension, or revocation of certification of a reserve officer to the same extent as applied to a peace officer, if the reserve officer is certified pursuant to RCW 43.101.095.

Sec. 10. RCW 43.101.115 and 2001 c 167 s 4 are each amended to read as follows:

(1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy ~~((for any reason not also involving discharge for disqualifying misconduct))~~ or basic corrections academy under RCW 43.101.105(3)(a) is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, ~~((rules which may))~~ which rules shall provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is mandatorily denied or revoked ~~((based upon a felony criminal conviction))~~ pursuant to RCW 43.101.105(2) is not eligible for certification at any time.

(4) A ~~((peace officer))~~ person whose certification is denied or revoked ~~((based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction,))~~ for reasons

other than provided in subsections (1) through (3) of this section may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission ~~((shall))~~ may hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission ~~((may))~~ shall establish a probationary period of certification.

(5) A ~~((peace officer))~~ person whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission ~~((may))~~ shall establish a probationary period of certification.

(6) The commission's rules and decisions regarding reinstatement shall align with its responsibilities to enhance public trust and confidence in the law enforcement profession and correctional system.

Sec. 11. RCW 43.101.135 and 2001 c 167 s 6 are each amended to read as follows:

(1)(a) Upon ~~((termination))~~ separation of a peace officer or corrections officer from an employing agency for any reason, including ~~termination~~, resignation, or retirement, the agency ~~((of termination))~~ shall ~~((, within fifteen days of the termination,))~~ notify the commission within 15 days of the separation date on a personnel action report form provided by the commission. ~~((The agency of termination shall, upon))~~

(b) If the employer accepts an officer's resignation or retirement in lieu of termination, the employing agency shall report the reasons and rationale in the information provided to the commission, including the findings from any internal or external investigations into alleged misconduct.

(2) In addition to those circumstances under subsection (1) of this section and whether or not disciplinary proceedings have been concluded, the employing agency shall:

(a) Notify the commission within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by an officer or any time an officer has been charged with a crime. Employing agencies must have a policy requiring officers to report any pending criminal charges and any conviction, plea, or other case disposition immediately to their agency; and

(b) Notify the commission within 15 days of an initial disciplinary decision by an employing agency for alleged behavior or conduct by an officer that is noncriminal and may result in revocation of certification pursuant to RCW 43.101.105.

(3) To better enable the commission to act swiftly and comprehensively when misconduct has occurred that may undermine public trust and confidence in law enforcement or the correctional system, if the totality of the circumstances support a conclusion that the officer resigned or retired in anticipation of discipline, whether or not the misconduct was discovered at the time, and when such discipline, if carried forward, would more likely than not have led to discharge, or if the officer was laid off when disciplinary investigation or action was imminent or pending which could have resulted in the officer's suspension or discharge, the employing agency shall conduct and complete the investigation and provide all relevant information to the commission as if the officer were still employed by the agency.

(4) Upon request of the commission, the employing agency shall provide such additional documentation or information as the commission deems necessary to determine whether the

~~((termination))~~ separation or event provides grounds for suspension or revocation ~~((under RCW 43.101.105)).~~

(5) At its discretion, the commission may:

(a) Initiate decertification proceedings upon conclusion of any investigation or disciplinary proceedings initiated by the employing agency;

(b) Separately pursue action against the officer's certification under RCW 43.101.105; or

(c) Wait to proceed until any investigation, disciplinary proceedings, or appeals through the employing agency are final before taking action. Where a decertification decision requires a finding that the officer's conduct violated policy and the employing agency has begun its investigation into the underlying event, the commission shall await notification of a finding by the employing agency before beginning the decertification process.

(6) No action or failure to act by an employing agency or decision resulting from an appeal of that action precludes action by the commission to suspend or revoke an officer's certification.

(7) An employing agency may not enter into any agreement or contract with an officer, or union:

(a) Not to report conduct, delay reporting, or preclude disclosure of any relevant information, including a promise not to check the box on a commission notice that indicates the officer may have committed misconduct, in exchange for allowing an officer to resign or retire or for any other reason; or

(b) That allows the agency to destroy or remove any personnel record while the officer is employed and for 10 years thereafter. Such records must include all misconduct and equal employment opportunity complaints, progressive discipline imposed including written reprimands, supervisor coaching, suspensions, involuntary transfers, investigatory files, and other disciplinary appeals and litigation records.

(8) The commission shall maintain ~~((these notices))~~ all information provided pursuant to this section in a permanent file ~~((, subject to RCW 43.101.400)).~~

(9) In addition to disciplinary action authorized in RCW 43.101.105, the commission may impose a civil penalty not to exceed \$10,000 for the failure by an officer or an employing agency to timely and accurately report information pursuant to this section.

Sec. 12. RCW 43.101.145 and 2001 c 167 s 8 are each amended to read as follows:

~~((A law enforcement officer or duly authorized representative of a law enforcement agency))~~ (1) Any individual may submit a written complaint to the commission ~~((charging))~~ stating that ~~((a peace))~~ an officer's certificate should be denied, suspended, or revoked, and specifying the grounds for the ~~((charge))~~ complaint. Filing a complaint does not make a complainant a party to the commission's action.

(2) The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. All complaints must be resolved with a written determination, regardless of the decision to investigate.

(3) The commission may initiate an investigation in any instance where there is a pattern of complaints or other actions that may not have resulted in a formal adjudication of wrongdoing, but when considered together demonstrate conduct that would constitute a violation of RCW 43.101.105 (2) or (3). The commission must consider the agency's policies and procedures and the officer's job duties and assignment in determining what constitutes a pattern.

(4) A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

Sec. 13. RCW 43.101.155 and 2001 c 167 s 9 are each amended to read as follows:

(1) If the commission determines, upon investigation, that there is ~~((probable))~~ cause to believe that a peace officer's ~~or corrections officer's~~ certification should be denied, ~~suspended,~~ or revoked under RCW 43.101.105, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer unless the officer has consented to service in some other manner, including electronic notification. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of ~~((termination))~~ separation and any current ~~((law enforcement))~~ agency employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within ~~((sixty))~~ 60 days of ~~((communication of))~~ the statement of charges, request a hearing before the ~~((board))~~ panel appointed under RCW 43.101.380. Failure of the officer to request a hearing within the ~~((sixty-day))~~ 60-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the officer is required to provide an email address that constitutes the officer's legal address for purposes of any subsequent communication from the commission. Unless otherwise agreed to by the mutual agreement of the parties or for good cause, within two weeks of receipt of the officer's request for a hearing, the commission shall set a date ~~((of))~~ for the hearing, which must be ~~((scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty day period may be extended on mutual agreement of the parties or for good cause))~~ held within 90 days thereafter. ~~((The))~~ On the date the hearing is set, the commission shall ~~((give))~~ transmit electronic and written notice of the hearing ~~((at least twenty days prior to the hearing))~~ to the officer, and provide public notice on the commission website, specifying the time, date, and place of hearing.

Sec. 14. RCW 43.101.157 and 2006 c 22 s 2 are each amended to read as follows:

(1) Tribal governments may voluntarily request certification for their police officers. Tribal governments requesting certification for their police officers must enter into a written agreement with the commission. The agreement must require the tribal law enforcement agency and its officers to comply with all of the requirements for granting, denying, and revoking certification as those requirements are applied to peace officers certified under this chapter and the rules of the commission. To ensure clarity regarding the requirements with which the tribal government and its police officers must comply should the tribal government request certification, a tribal government may first request consultation with the commission.

(2) Officers making application for certification as tribal police officers shall meet the requirements of this chapter and the rules of the commission as those requirements are applied to certification of peace officers. Application for certification as a tribal police officer shall be accepted and processed in the same manner as those for certification of peace officers.

~~((3) For purposes of certification, "tribal police officer" means any person employed and commissioned by a tribal government to enforce the criminal laws of that government.))~~

Sec. 15. RCW 43.101.230 and 1981 c 134 s 1 are each amended to read as follows:

~~((Indian tribe))~~ Tribal police officers and employees who are engaged in law enforcement activities and who do not qualify as

"criminal justice personnel" or "law enforcement personnel" under RCW 43.101.010 ~~((as now law or hereafter amended, may))~~ shall be provided training under this chapter if: (a) The tribe is recognized by the federal government, and (b) the tribe pays to the commission the full cost of providing such training. The commission shall place all money received under this section into the criminal justice training account.

Sec. 16. RCW 43.101.390 and 2001 c 167 s 11 are each amended to read as follows:

(1) The commission ~~((, its boards,))~~ and individuals acting on behalf of the commission ~~((and its boards))~~ are immune from suit in any civil or criminal action contesting or based upon proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

(2) Without limiting the generality of the foregoing, the commission and individuals acting on behalf of the commission are immune from suit in any civil action based on the certification, denial of certification, suspension, or other action regarding decertification of peace officers, reserve officers, or corrections officers.

Sec. 17. RCW 43.101.420 and 2009 c 19 s 1 are each amended to read as follows:

(1) The commission shall offer a training session on personal crisis recognition and crisis intervention services to criminal justice, ~~((correctional personnel))~~ corrections, and other public safety employees. The training shall be implemented by the commission in consultation with appropriate public and private organizations that have expertise in crisis referral services and in the underlying conditions leading to the need for crisis referral.

(2) The training shall consist of a minimum of one hour of classroom or internet instruction, and shall include instruction on the following subjects:

(a) The description and underlying causes of problems that may have an impact on the personal and professional lives of public safety employees, including mental health issues, chemical dependency, domestic violence, financial problems, and other personal crises;

(b) Techniques by which public safety employees may recognize the conditions listed in (a) of this subsection and understand the need to seek assistance and obtain a referral for consultation and possible treatment; and

(c) A listing of examples of public and private crisis referral agencies available to public safety employees.

(3) The training developed by the commission shall be made available by the commission to all employees of state and local agencies that perform public safety duties. The commission may charge a reasonable fee to defer the cost of making the training available.

Sec. 18. RCW 34.12.035 and 1984 c 141 s 6 are each amended to read as follows:

The chief administrative law judge shall designate an administrative law judge with subject matter expertise to serve, as the need arises, as presiding officer in ~~((state))~~:

(1) State patrol disciplinary hearings conducted under RCW 43.43.090; and

(2) Decertification hearings conducted under RCW 43.101.380.

Sec. 19. RCW 40.14.070 and 2011 c 60 s 18 are each amended to read as follows:

(1)(a) ~~((County))~~ Other than those records detailed in subsection (4) of this section, county, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a

2021 REGULAR SESSION

representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, and other than the law enforcement records detailed in subsection (4) of this section, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b)(i) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(ii) Any sealed record transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval, including records sealed after transfer,

shall be electronically retained in such a way that the record is clearly marked as sealed.

(iii) The Washington association of sheriffs and police chiefs shall be permitted to destroy both the paper copy and electronic record of any offender verified as deceased.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.56.010 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW and the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420.

Electronic records marked as sealed shall only be accessible by criminal justice agencies as defined in RCW 10.97.030 who would otherwise have access to a sealed paper copy of the document, the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420, and the system administrator for the purposes of system administration and maintenance.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

(a) The records are seventy years old or more;

(b) The local records committee has approved the destruction of the public records; and

(c) The state archivist has determined that the public records have no historic interest.

(4) Personnel records for any peace officer or corrections officer must be retained for the duration of the officer's employment and a minimum of 10 years thereafter. Such records include all misconduct and equal employment opportunity complaints, progressive discipline imposed including written reprimands, supervisor coaching, suspensions, involuntary transfers, other disciplinary appeals and litigation records, and any other records needed to comply with the requirements set forth in RCW 43.101.095 and 43.101.135.

Sec. 20. RCW 43.101.380 and 2020 c 119 s 10 are each amended to read as follows:

(1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is ~~((clear, cogent, and convincing))~~ a preponderance of the evidence.

(2) In all hearings requested under RCW 43.101.155 ~~((or 43.101.156)), an administrative law judge appointed under chapter 34.12 RCW shall be the presiding officer, shall make all necessary rulings in the course of the hearing, and shall issue a proposed recommendation, but is not entitled to vote. In addition, a five-member hearings panel shall ((both)) hear the case and make the commission's final administrative decision. ((Members of the commission may, but need not, be appointed to the hearings panels:))~~

~~((as follows two or more panels))~~ a panel to hear certification actions as follows:

(a) When a hearing is requested in relation to a certification action of a Washington peace officer (~~who is not a peace officer of the Washington state patrol~~), the commission shall appoint to the panel: (i) One police chief (~~(- (ii) one)~~) or sheriff from an agency not a current or past employer of the peace officer; (~~((iii) two)~~) (ii) one certified Washington peace officer(s) who (are) is at or below the level of first line supervisor (~~(- one of whom is from a city or county law enforcement agency,))~~) and who (~~(have)~~) has at least ten years' experience as a peace officer(s); (~~(and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university)~~) (iii) one civilian member of the commission as appointed under RCW 43.101.030(1) (f) and (h) through (j); (iv) one member of the public who is not a prosecutor, defense attorney, judge, or law enforcement officer; and (v) one person with expertise and background in police accountability who is not a current or former peace officer or corrections officer.

(b) (~~When a hearing is requested in relation to a certification action of a peace officer of the Washington state patrol, the commission shall appoint to the panel:~~) (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, who is not a state patrol officer, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(e)) When a hearing is requested in relation to a certification action of a Washington corrections officer, the commission shall appoint to the panel: (i) (~~Two heads of~~) A person who heads either a city or county corrections agency or facility or of a Washington state department of corrections facility; (ii) (~~two~~) one corrections officer(s) who (are) is at or below the level of first line supervisor (who are from city, county, or state corrections agencies,)) and who (~~(have)~~) has at least ten years' experience as a corrections officer(s); (iii) one civilian member of the commission as appointed under RCW 43.101.030(1) (f) and (h) through (j); (iv) one member of the public who is not a prosecutor, defense attorney, judge, or law enforcement officer; and (~~((iii))~~) (v) one person with expertise and background in police accountability who is not (currently) a current or former peace officer or corrections officer (and who represents a community college or four-year college or university).

(~~(d)~~) (c) When a hearing is requested in relation to a certification action of a tribal police officer, the commission shall appoint to the panel (i) (~~either one police chief or one sheriff;~~) (ii) one tribal police chief; (~~((iii) one certified Washington peace officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer;~~) (iv)) (ii) one tribal police officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; (~~(and (v) one person who is not currently a peace officer and who represents a community college or four-year college or university)~~) (iii) one civilian member of the commission as appointed under RCW 43.101.030(1) (f) and (h) through (j); (iv) one member of the public who is not a prosecutor, defense attorney, judge, or law enforcement officer; and (v) one person with expertise and background in police accountability who is not a current or former peace officer or corrections officer.

(~~(3)~~) ~~Where the charge upon which revocation or denial is based is that a peace officer or corrections officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(1)(d) or 43.101.106(4), and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct;)~~ (4) In decertification matters where there was a due process hearing or a disciplinary appeals hearing following an investigation by a law enforcement agency, or a criminal hearing regarding the alleged misconduct, the hearings panel need not redetermine the underlying facts but may make ((this)) its determination based solely on review of the records and decision relating to ((the employment separation)) those proceedings and any investigative or summary materials from the administrative law judge, legal counsel, and commission staff. However, the hearings panel may, in its discretion, consider additional evidence to determine whether ((such a discharge)) misconduct occurred ((and was based on such disqualifying misconduct)). The hearings panel shall, upon written request by the subject peace officer or corrections officer, allow the peace officer or corrections officer to present additional evidence of extenuating circumstances.

(~~Where the charge upon which revocation or denial of certification is based is that a peace officer or corrections officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(1)(e) or 43.101.106(3), the hearings panel shall revoke or deny certification if it determines that the peace officer or corrections officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer or corrections officer was convicted of a felony.~~)

~~Where the charge upon which revocation or denial is based is under RCW 43.101.105(1) (a), (b), (c), or (f) or 43.101.106 (1), (2), (5), or (6), the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.~~

(4)) (5) The commission is authorized to proceed regardless of whether an arbitrator or other appellate decision maker overturns the discipline imposed by the officer's employing agency or whether the agency settles an appeal. No action or failure to act by a law enforcement agency or corrections agency or decision resulting from an appeal of that action precludes action by the commission to suspend or revoke an officer's certificate, to place on probation, or to require remedial training for the officer.

(6) The hearings, but not the deliberations of the hearings panel, are open to the public. The transcripts, admitted evidence, and written decisions of the hearings panel on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

(7) Summary records of hearing dispositions must be made available on an annual basis on a public website.

(8) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

(1) Except as provided under subsection (2) of this section, ((the following records of the commission are confidential and exempt from public disclosure: (a) The contents of personnel action reports filed under RCW 43.101.135 or 43.101.136; (b)) all files, papers, and other information obtained by the

commission as part of an initial background investigation pursuant to RCW 43.101.095~~((5) or 43.101.096; and (e) all investigative files of the commission compiled in carrying out the responsibilities of the commission under this chapter)~~ (2) and (4) are confidential and exempt from public disclosure. Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in ~~((subsection (5) of this section))~~ RCW 43.101.380(6) or which become part of the record in a suspension or decertification matter.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement or corrections agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement or corrections agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

~~(4) ((Upon a determination that a complaint is without merit, that a personnel action report filed under RCW 43.101.135 does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.~~

~~(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.~~

~~(6)) The commission shall maintain a database that is publicly searchable, machine readable, and exportable, and accompanied by a complete, plain-language data dictionary describing the names of officers and employing agencies, all conduct investigated, certifications denied, notices and accompanying information provided by law enforcement or correctional agencies, including the reasons for separation from the agency, decertification or suspension actions pursued, and final disposition and the reasons therefor for at least 30 years after final disposition of each incident. The dates for each material step of the process must be included. Any decertification must be reported to the national decertification index.~~

(5) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative, for providing information to the commission in good faith.

NEW SECTION. Sec. 22. A new section is added to chapter 43.101 RCW to read as follows:

The commission must develop policies, procedures, and rules to ensure that the goals of this act are fully implemented as intended and in a timely manner, and to provide appropriate clarity to affected persons and entities as to how the commission will process complaints, investigations, and hearings, and impose sanctions, related to officer decertification. The commission must

work in collaboration with interested parties and entities in developing the policies, procedures, and rules, and must take into account issues regarding when and how the commission may appropriately exercise authority in relation to simultaneous investigations and disciplinary processes, and how the commission may exercise available remedies in a manner that is appropriate to case circumstances and consistent with the goals of this act. The policies, procedures, and rules must be completed by June 30, 2022.

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5185 with the following amendment(s): 5185-S AMH CRJ H1322.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 7.70.065 and 2020 c 312 s 705 are each amended to read as follows:

(1) Informed consent for health care for a patient who ~~((is a minor or, to consent))~~ does not have the capacity to make a health care decision may be obtained from a person authorized to consent on behalf of such patient. For purposes of this section, a person who is of the age of consent to make a particular health care decision is presumed to have capacity, unless a health care provider reasonably determines the person lacks capacity to make the health care decision due to the person's demonstrated inability to understand and appreciate the nature and consequences of a health condition, the proposed treatment, including the anticipated results, benefits, risks, and alternatives to the proposed treatment, including nontreatment, and reach an informed decision as a result of cognitive impairment; and the health care provider documents the basis for the determination in the medical record.

(a) Persons authorized to provide informed consent to health care on behalf of ~~((a))~~ an adult patient who ~~((has been placed under a guardianship under RCW 11.130.265 a minor or;))~~ does not have the capacity to make a health care decision shall be a member of one of the following classes of persons in the following order of priority:

- (i) The appointed guardian of the patient, if any;
- (ii) The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;
- (iii) The patient's spouse or state registered domestic partner;
- (iv) Children of the patient who are at least eighteen years of age;
- (v) Parents of the patient;
- (vi) Adult brothers and sisters of the patient;
- (vii) Adult grandchildren of the patient who are familiar with the patient;
- (viii) Adult nieces and nephews of the patient who are familiar with the patient;
- (ix) Adult aunts and uncles of the patient who are familiar with the patient; and
- (x)(A) An adult who:
 - (I) Has exhibited special care and concern for the patient;
 - (II) Is familiar with the patient's personal values;
 - (III) Is reasonably available to make health care decisions;
 - (IV) Is not any of the following: A physician to the patient or an employee of the physician; the owner, administrator, or employee of a health care facility, nursing home, or long-term care facility where the patient resides or receives care; or a person who receives compensation to provide care to the patient; and
 - (V) Provides a declaration under (a)(x)(B) of this subsection.

(B) An adult who meets the requirements of (a)(x)(A) of this subsection shall provide a declaration, which is effective for up to six months from the date of the declaration, signed and dated under penalty of perjury pursuant to chapter 5.50 RCW, that recites facts and circumstances demonstrating that he or she is familiar with the patient and that he or she:

- (I) Meets the requirements of (a)(x)(A) of this subsection;
- (II) Is a close friend of the patient;
- (III) Is willing and able to become involved in the patient's health care;
- (IV) Has maintained such regular contact with the patient as to be familiar with the patient's activities, health, personal values, and morals; and

(V) Is not aware of a person in a higher priority class willing and able to provide informed consent to health care on behalf of the patient.

(C) A health care provider may, but is not required to, rely on a declaration provided under (a)(x)(B) of this subsection. The health care provider or health care facility where services are rendered is immune from suit in any action, civil or criminal, or from professional or other disciplinary action when such reliance is based on a declaration provided in compliance with (a)(x)(B) of this subsection.

(b) If the health care provider seeking informed consent for proposed health care of the patient who ~~((has been placed under a guardianship under RCW 11.130.265,))~~ does not have the capacity to make a particular health care decision, other than a person who is under the age of consent for the particular health care decision, makes reasonable efforts to locate and secure authorization from a competent person in the first or succeeding class and finds no such person available, authorization may be given by any person in the next class in the order of descending priority. However, no person under this section may provide informed consent to health care:

- (i) If a person of higher priority under this section has refused to give such authorization; or
- (ii) If there are two or more individuals in the same class and the decision is not unanimous among all available members of that class.

(c) Before any person authorized to provide informed consent on behalf of a patient who ~~((has been placed under a guardianship under RCW 11.130.265,))~~ does not have the capacity to make a health care decision exercises that authority, the person must first determine in good faith that that patient, if ~~((competent))~~ he or she had the capacity to make the health care decision, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests. This subsection (1)(c) does not apply to informed consent provided on behalf of a patient who has not reached the age of consent required to make a particular health care decision.

(d) No rights under Washington's death with dignity act, chapter 70.245 RCW, may be exercised through a person authorized to provide informed consent to health care on behalf of a patient who ~~((is a minor or has been placed under a guardianship under RCW 11.130.265))~~ does not have the capacity to make a health care decision.

(2) Informed consent for health care, including mental health care, for a patient who is under the age of majority and who is not otherwise authorized to provide informed consent, may be obtained from a person authorized to consent on behalf of such a patient.

(a) Persons authorized to provide informed consent to health care, including mental health care, on behalf of a patient who is under the age of majority and who is not otherwise authorized to

provide informed consent, shall be a member of one of the following classes of persons in the following order of priority:

- (i) The appointed guardian, or legal custodian authorized pursuant to Title 26 RCW, of the minor patient, if any;
- (ii) A person authorized by the court to consent to medical care for a child in out-of-home placement pursuant to chapter 13.32A or 13.34 RCW, if any;
- (iii) Parents of the minor patient;
- (iv) The individual, if any, to whom the minor's parent has given a signed authorization to make health care decisions for the minor patient; and
- (v) A competent adult representing himself or herself to be a relative responsible for the health care of such minor patient or a competent adult who has signed and dated a declaration under penalty of perjury pursuant to chapter 5.50 RCW stating that the adult person is a relative responsible for the health care of the minor patient. Such declaration shall be effective for up to six months from the date of the declaration.

(b)(i) Informed consent for health care on behalf of a patient who is under the age of majority and who is not otherwise authorized to provide informed consent may be obtained from a school nurse, school counselor, or homeless student liaison when:

(A) Consent is necessary for nonemergency, outpatient, primary care services, including physical examinations, vision examinations and eyeglasses, dental examinations, hearing examinations and hearing aids, immunizations, treatments for illnesses and conditions, and routine follow-up care customarily provided by a health care provider in an outpatient setting, excluding elective surgeries;

(B) The minor patient meets the definition of a "homeless child or youth" under the federal McKinney-Vento homeless education assistance improvements act of 2001, P.L. 107-110, January 8, 2002, 115 Stat. 2005; and

(C) The minor patient is not under the supervision or control of a parent, custodian, or legal guardian, and is not in the care and custody of the department of social and health services.

(ii) A person authorized to consent to care under this subsection (2)(b) and the person's employing school or school district are not subject to administrative sanctions or civil damages resulting from the consent or nonconsent for care, any care, or payment for any care, rendered pursuant to this section. Nothing in this section prevents a health care facility or a health care provider from seeking reimbursement from other sources for care provided to a minor patient under this subsection (2)(b).

(iii) Upon request by a health care facility or a health care provider, a person authorized to consent to care under this subsection (2)(b) must provide to the person rendering care a declaration signed and dated under penalty of perjury pursuant to chapter 5.50 RCW stating that the person is a school nurse, school counselor, or homeless student liaison and that the minor patient meets the elements under (b)(i) of this subsection. The declaration must also include written notice of the exemption from liability under (b)(ii) of this subsection.

(c) A health care provider may, but is not required to, rely on the representations or declaration of a person claiming to be a relative responsible for the care of the minor patient, under (a)(v) of this subsection, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection, if the health care provider does not have actual notice of the falsity of any of the statements made by the person claiming to be a relative responsible for the health care of the minor patient, or person claiming to be authorized to consent to the health care of the minor patient.

(d) A health care facility or a health care provider may, in its discretion, require documentation of a person's claimed status as being a relative responsible for the health care of the minor

(e) The health care provider or health care facility where services are rendered shall be immune from suit in any action, civil or criminal, or from professional or other disciplinary action when such reliance is based on a declaration signed under penalty of perjury pursuant to chapter 5.50 RCW stating that the adult person is a relative responsible for the health care of the minor patient under (a)(v) of this subsection, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection.

(3) For the purposes of this section, "health care," "health care provider," and "health care facility" shall be defined as established in RCW 70.02.010.

(4) A person who knowingly provides a false declaration under this section shall be subject to criminal penalties under chapter 9A.72 RCW.

Sec. 2. RCW 7.70.050 and 2011 c 336 s 252 are each amended to read as follows:

(1) The following shall be necessary elements of proof that injury resulted from health care in a civil negligence case or arbitration involving the issue of the alleged breach of the duty to secure an informed consent by a patient or his or her representatives against a health care provider:

(a) That the health care provider failed to inform the patient of a material fact or facts relating to the treatment;

(b) That the patient consented to the treatment without being aware of or fully informed of such material fact or facts;

(c) That a reasonably prudent patient under similar circumstances would not have consented to the treatment if informed of such material fact or facts;

(d) That the treatment in question proximately caused injury to the patient.

(2) Under the provisions of this section a fact is defined as or considered to be a material fact, if a reasonably prudent person in the position of the patient or his or her representative would attach significance to it deciding whether or not to submit to the proposed treatment.

(3) Material facts under the provisions of this section which must be established by expert testimony shall be either:

(a) The nature and character of the treatment proposed and administered;

(b) The anticipated results of the treatment proposed and administered;

(c) The recognized possible alternative forms of treatment; or

(d) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment administered and in the recognized possible alternative forms of treatment, including nontreatment.

(4) If a recognized health care emergency exists and the patient ~~((is not legally competent))~~ does not have the capacity to give an informed consent and/or a person legally authorized to consent on behalf of the patient is not readily available, his or her consent to required treatment will be implied.

Sec. 3. RCW 7.70.060 and 2012 c 101 s 1 are each amended to read as follows:

(1) If a patient ~~((while legally competent))~~ who has capacity to make health a care decision, or his or her representative if he or she ~~((is not competent))~~ does not have the capacity to make a health care decision, signs a consent form which sets forth the following, the signed consent form shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by a preponderance of the evidence:

(a) A description, in language the patient could reasonably be expected to understand, of:

(i) The nature and character of the proposed treatment;

(ii) The anticipated results of the proposed treatment;

(iii) The recognized possible alternative forms of treatment; and

(iv) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment and in the recognized possible alternative forms of treatment, including nontreatment;

(b) Or as an alternative, a statement that the patient elects not to be informed of the elements set forth in (a) of this subsection.

(2) If a patient ~~((while legally competent))~~ who has capacity to make a health care decision, or his or her representative if he or she ~~((is not competent))~~ does not have the capacity to make a health care decision, signs an acknowledgment of shared decision making as described in this section, such acknowledgment shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by clear and convincing evidence. An acknowledgment of shared decision making shall include:

(a) A statement that the patient, or his or her representative, and the health care provider have engaged in shared decision making as an alternative means of meeting the informed consent requirements set forth by laws, accreditation standards, and other mandates;

(b) A brief description of the services that the patient and provider jointly have agreed will be furnished;

(c) A brief description of the patient decision aid or aids that have been used by the patient and provider to address the needs for (i) high-quality, up-to-date information about the condition, including risk and benefits of available options and, if appropriate, a discussion of the limits of scientific knowledge about outcomes; (ii) values clarification to help patients sort out their values and preferences; and (iii) guidance or coaching in deliberation, designed to improve the patient's involvement in the decision process;

(d) A statement that the patient or his or her representative understands: The risk or seriousness of the disease or condition to be prevented or treated; the available treatment alternatives, including nontreatment; and the risks, benefits, and uncertainties of the treatment alternatives, including nontreatment; and

(e) A statement certifying that the patient or his or her representative has had the opportunity to ask the provider questions, and to have any questions answered to the patient's satisfaction, and indicating the patient's intent to receive the identified services.

(3) As used in this section, "shared decision making" means a process in which the physician or other health care practitioner discusses with the patient or his or her representative the information specified in subsection (2) of this section with the use of a patient decision aid and the patient shares with the provider such relevant personal information as might make one treatment or side effect more or less tolerable than others.

(4)(a) As used in this section, "patient decision aid" means a written, audiovisual, or online tool that provides a balanced presentation of the condition and treatment options, benefits, and harms, including, if appropriate, a discussion of the limits of scientific knowledge about outcomes, for any medical condition or procedure, including abortion as defined in RCW 9.02.170 and:

(i)(A) That is certified by one or more national certifying organizations recognized by the medical director of the health care authority; or

(B) That has been evaluated based on the international patient decision aid standards by an organization located in the United

States or Canada and has a current overall score satisfactory to the medical director of the health care authority; or

(ii) That, if a current evaluation is not available from an organization located in the United States or Canada, the medical director of the health care authority has independently assessed and certified based on the international patient decision aid standards.

(b) The health care authority may charge a fee to the certification applicant to defray the costs of the assessment and certification under this subsection.

(5) Failure to use a form or to engage in shared decision making, with or without the use of a patient decision aid, shall not be admissible as evidence of failure to obtain informed consent. There shall be no liability, civil or otherwise, resulting from a health care provider choosing either the signed consent form set forth in subsection (1)(a) of this section or the signed acknowledgment of shared decision making as set forth in subsection (2) of this section.

Sec. 4. RCW 69.50.317 and 2019 c 314 s 17 are each amended to read as follows:

(1) Any practitioner who writes the first prescription for an opioid during the course of treatment to any patient must, under professional rules, discuss the following with the patient:

(a) The risks of opioids, including risk of dependence and overdose;

(b) Pain management alternatives to opioids, including nonopioid pharmacological treatments, and nonpharmacological treatments available to the patient, at the discretion of the practitioner and based on the medical condition of the patient; and

(c) A written copy of the warning language provided by the department under RCW 43.70.765.

(2) If the patient is under eighteen years old or ~~((is not competent))~~ does not have the capacity to make a health care decision, the discussion required by subsection (1) of this section must include the patient's parent, guardian, or the person identified in RCW 7.70.065, unless otherwise provided by law.

(3) The practitioner shall document completion of the requirements in subsection (1) of this section in the patient's health care record.

(4) To fulfill the requirements of subsection (1) of this section, a practitioner may designate any individual who holds a credential issued by a disciplining authority under RCW 18.130.040 to conduct the discussion.

(5) Violation of this section constitutes unprofessional conduct under chapter 18.130 RCW.

(6) This section does not apply to:

(a) Opioid prescriptions issued for the treatment of pain associated with terminal cancer or other terminal diseases, or for palliative, hospice, or other end-of-life care of where the practitioner determines the health, well-being, or care of the patient would be compromised by the requirements of this section and documents such basis for the determination in the patient's health care record; or

(b) Administration of an opioid in an inpatient or outpatient treatment setting.

(7) This section does not apply to practitioners licensed under chapter 18.92 RCW.

(8) The department shall review this section by March 31, 2026, and report to the appropriate committees of the legislature on whether this section should be retained, repealed, or amended.

Sec. 5. RCW 70.02.220 and 2017 3rd sp.s. c 6 s 332 are each amended to read as follows:

(1) No person may disclose or be compelled to disclose the identity of any person who has investigated, considered, or requested a test or treatment for a sexually transmitted disease,

except as authorized by this section, RCW 70.02.210, or chapter 70.24 RCW.

(2) No person may disclose or be compelled to disclose information and records related to sexually transmitted diseases, except as authorized by this section, RCW 70.02.210, 70.02.205, or chapter 70.24 RCW. A person may disclose information related to sexually transmitted diseases about a patient without the patient's authorization, to the extent a recipient needs to know the information, if the disclosure is to:

(a) The subject of the test or the subject's legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor fourteen years of age or over and otherwise ~~((competent))~~ capable of making health care decisions;

(b) The state ~~((public))~~ health officer as defined in RCW 70.24.017, a local public health officer, or the centers for disease control of the United States public health service in accordance with reporting requirements for a diagnosed case of a sexually transmitted disease;

(c) A health facility or health care provider that procures, processes, distributes, or uses: (i) A human body part, tissue, or blood from a deceased person with respect to medical information regarding that person; (ii) semen, including that was provided prior to March 23, 1988, for the purpose of artificial insemination; or (iii) blood specimens;

(e) A person allowed access to the record by a court order granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure must: (i) Limit disclosure to those parts of the patient's record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services;

(f) Persons who, because of their behavioral interaction with the infected individual, have been placed at risk for acquisition of a sexually transmitted disease, as provided in RCW 70.24.022, if the health officer or authorized representative believes that the exposed person was unaware that a risk of disease exposure existed and that the disclosure of the identity of the infected person is necessary;

(g) A law enforcement officer, firefighter, health care provider, health care facility staff person, department of correction's staff person, jail staff person, or other persons as defined by the board of health in rule pursuant to RCW 70.24.340~~((4))~~, who has requested a test of a person whose bodily fluids he or she has been substantially exposed to, pursuant to RCW 70.24.340~~((4))~~, if a state or local public health officer performs the test;

(h) Claims management personnel employed by or associated with an insurer, health care service contractor, health maintenance organization, self-funded health plan, state administered health care claims payer, or any other payer of health care claims where such disclosure is to be used solely for the prompt and accurate evaluation and payment of medical or related claims. Unauthorized disclosure of this information to any person may result in disciplinary action, in addition to the penalties prescribed in RCW 70.24.080 or any other penalties as may be prescribed by law.

(d) Notwithstanding the limitations on disclosure contained in (a), (b), and (c) of this subsection, whenever any member of a jail staff or department of corrections staff has been substantially exposed to the bodily fluids of an offender or detained person, then the results of any tests conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370, must be immediately disclosed to the staff person in accordance with the Washington Administrative Code rules governing employees' occupational

exposure to blood-borne pathogens. Disclosure must be accompanied by appropriate counseling for the staff member, including information regarding follow-up testing and treatment. (e) The staff member must also be informed whether the offender or detained person had any other communicable disease, as defined in RCW 72.09.251(3), when the staff person was substantially exposed to the offender's or detainee's bodily fluids.

(f) The test results of voluntary and anonymous HIV testing or HIV-related condition, as defined in RCW 70.24.017, may not be disclosed to a staff person except as provided in this section and RCW 70.02.050(1)(d) and 70.24.340(~~((4))~~). A health care administrator or infection control coordinator may provide the staff member with information about how to obtain the offender's or detainee's test results under this section and RCW 70.02.050(1)(d) and 70.24.340(~~((4))~~).

(5) The requirements of this section do not apply to the customary methods utilized for the exchange of medical information among health care providers in order to provide health care services to the patient, nor do they apply within health care facilities where there is a need for access to confidential medical information to fulfill professional duties.

(6) Upon request of the victim, disclosure of test results under this section to victims of sexual offenses under chapter 9A.44 RCW must be made if the result is negative or positive. The county prosecuting attorney shall notify the victim of the right to such disclosure. The disclosure must be accompanied by appropriate counseling, including information regarding follow-up testing.

(7) A person, including a health care facility or health care provider, shall disclose the identity of any person who has investigated, considered, or requested a test or treatment for a sexually transmitted disease and information and records related to sexually transmitted diseases to federal, state, or local public health authorities, to the extent the health care provider is required by law to report health care information; when needed to determine compliance with state or federal certification or registration rules or laws; or when needed to protect the public health. MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5203 with the following amendment(s): 5203-S.E AMH HCW H1376.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.14 RCW to read as follows:

(1)(a) The authority may enter into partnership agreements with another state, a group of states, a state agency, a nonprofit organization, or any other entity to produce, distribute, or purchase generic prescription drugs and distribute and purchase

insulin. Partnership agreements with governmental entities are exempt from competitive solicitation requirements in accordance with RCW 39.26.125(10). However, the authority must comply with state procurement laws related to competitive procurement when purchasing or entering into purchasing agreements with nongovernmental entities.

(b) The generic prescription drugs and insulin must be produced or distributed by a drug company or generic drug manufacturer that is registered with the United States food and drug administration.

(2) The authority shall only enter into partnerships, in consultation with other state agencies as necessary, to produce, distribute, or purchase a generic prescription drug or insulin at a price that results in savings to public and private purchasers and consumers.

(3) For generic prescription drugs and insulin that the authority has entered into a partnership under this section:

(a) State purchased health care programs must purchase the generic prescription drugs and insulin through the partnership, unless the state purchased health care program can obtain the generic prescription drug or insulin at a cost savings through another purchasing mechanism; and

(b) Local governments, private entities, health carriers, and others may choose to voluntarily purchase the generic prescription drugs and insulin from the authority as available quantities allow.

(4) All information and documents obtained or created under this section is exempt from disclosure under chapter 42.56 RCW.

(5) For purposes of this section, the following definitions apply:

(a) "Authority" means the health care authority.

(b) "Eligible prescription drug" means a prescription drug or biological product, as defined in 42 U.S.C. Sec. 262(i), that is not under patent.

(c) "Generic drug" means a drug that is approved pursuant to an application referencing an eligible prescription drug that is submitted under section 505(j) of the federal food, drug, and cosmetic act (21 U.S.C. Sec. 301 et seq.), or section 351(k) of the federal public health service act (42 U.S.C. Sec. 262).

(d) "Purchase" means the acquisition of generic drugs and insulin. "Purchase" includes, but is not limited to, entering into contracts with manufacturers on behalf of those dispensing drugs and other innovative purchasing strategies to help increase access for Washington citizens to the best price available for insulin and generic prescription drugs. This subsection should be interpreted broadly to provide the authority flexibility in how it procures generic drugs and insulin in order to obtain the best price.

(e) "State purchased health care" means medical and health care, pharmaceuticals, and medical equipment purchased with state and federal funds by the department of social and health services, department of health, state health care authority, department of labor and industries, department of corrections, and department of veterans affairs. State purchased health care does not include prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW.

Sec. 2. RCW 70.14.060 and 2020 c 346 s 4 are each amended to read as follows:

(1)(a) The ((~~administrator~~ [director])) director of the state health care authority shall, directly or by contract, adopt policies necessary for establishment of a prescription drug purchasing consortium. The consortium's purchasing activities shall be based upon the evidence-based prescription drug program established under RCW 70.14.050. ((State)) Except as provided in section 1 of this act or exempted under (b) of this subsection, state purchased health care programs as defined in RCW 41.05.011 shall purchase prescription drugs through the consortium for

ONE HUNDRED FIRST DAY, APRIL 21, 2021

2021 REGULAR SESSION

those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of pharmacies (~~(, unless exempted under (b) of this subsection)~~). The ~~((administrator {director}))~~ director shall not require any supplemental rebate offered to the health care authority by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to any other state purchased health care program, or to any other individuals or entities participating in the consortium. The ~~((administrator {director}))~~ director shall explore joint purchasing opportunities with other states.

(b) State purchased health care programs are exempt from the requirements of this section if they can demonstrate to the ~~((administrator {director}))~~ director of the state health care authority that, as a result of the availability of federal programs or other purchasing arrangements, their other purchasing mechanisms will result in greater discounts and aggregate cost savings than would be realized through participation in the consortium.

(2) Participation in the purchasing consortium shall be offered as an option beginning January 1, 2006. Participation in the consortium is purely voluntary for units of local government, private entities, labor organizations, health carriers as provided in RCW 48.43.005, state purchased health care services from or through health carriers as provided in RCW 48.43.005, and for individuals who lack or are underinsured for prescription drug coverage. The ~~((administrator {director}))~~ director may set reasonable fees, including enrollment fees, to cover administrative costs attributable to participation in the prescription drug consortium.

(3) The state health care authority is authorized to adopt rules implementing chapter 129, Laws of 2005.

MESSAGE FROM THE HOUSE

March 28, 2021

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5273 with the following amendment(s): 5273-S AMH ENGR H1281.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the state of Washington will continue to be negatively impacted by the effects of climate change, including reduced winter snowpack, drought, increased frequencies of forest fires, and acidifying oceans that disrupt marine ecosystem viability. In the nearshore environment, climate change contributes to the rise in average sea-surface temperatures and rising sea levels. Hardened shoreline structures are not always well-suited for their intended purpose and may have unintended consequences in the nearshore environment. Soft shorelines or natural shorelines may protect and restore shoreline ecosystems through the use of natural plants and materials, and the legislature finds that landowners must consider alternatives to hardening shorelines to restore ecosystem function and recover threatened and endangered species to help address the impacts of climate change in the nearshore environment.

Sec. 2. RCW 77.55.231 and 2012 1st sp.s. c 1 s 106 are each amended to read as follows:

(1)(a) Conditions imposed upon a permit must be reasonably related to the project. The permit conditions must ensure that the project provides proper protection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

(b) In the event that any person desires to replace residential marine shoreline stabilization or armoring, a person must use the least impacting technically feasible bank protection alternative for the protection of fish life. Unless the department provides an exemption depending on the scale and nature of the project, a person that desires to replace residential marine shoreline stabilization or armoring must conduct a site assessment to consider the least impactful alternatives. A person should propose a hard armor technique only after considering site characteristics such as the threat to major improvements, wave energy, and other factors in an analysis of alternatives. The common alternatives identified in (b)(i) through (vii) of this subsection are in order from most preferred to least preferred:

(i) Remove the structure and restore the beach;

(ii) Remove the structure and install native vegetation;

(iii) Remove the structure and control upland drainage;

April 9, 2021

(iv) Remove the structure and replace it with a soft structure constructed of natural materials, including bioengineering;

(v) Remove the hard structure and construct upland retaining walls;

(vi) Remove the hard structure and replace it with a hard structure located landward of the existing structure, preferably at or above the ordinary high water line; or

(vii) Remove the hard structure and replace it with hard shoreline structure in the same footprint as the existing structure.

(c) For the purposes of this subsection, "feasible" means available and capable of being done after taking into consideration cost, existing technology, and logistics in light of overall project purposes.

(2) The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(3) The permit must contain provisions that allow for minor modifications to the required work timing without requiring the reissuance of the permit. "Minor modifications to the required work timing" means a minor deviation from the timing window set forth in the permit when there are no spawning or incubating fish present within the vicinity of the project."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5304 with the following amendment(s): 5304-S2.E AMH ENGR H1393.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that when considering releasing persons from state and local institutions, realizing the safety of the public is the primary concern. The legislature also finds that the success of persons with behavioral health needs being released from confinement in a prison, jail, juvenile rehabilitation facility, state hospital, and other state and local institutions can be increased with access to continuity of medical assistance, supportive services, and other targeted assistance. The legislature finds that this act provides strategies to prevent interruption of medical assistance benefits and to allow for a seamless transfer between systems of care. The legislature further finds that this act removes stigmatizing language from the program created under RCW 72.09.370 and 71.24.470 and creates a work group to study how to expand the cost-effective strategies of this program to other populations and settings to enhance recovery, reduce recidivism, and improve safety.

Sec. 2. RCW 74.09.670 and 2016 c 154 s 2 are each amended to read as follows:

~~(The)~~ When the authority receives information that a person enrolled in medical assistance is confined in a setting in which federal financial participation is disallowed by the state's agreements with the federal government, the authority ~~(is directed to)~~ shall suspend, rather than terminate, medical assistance benefits ~~((by July 1, 2017,))~~ for these persons, including those who are incarcerated in a correctional institution as defined in RCW 9.94.049, or committed to a state hospital or other treatment facility. ~~((This must include the ability for a))~~ A person who is not currently enrolled in medical assistance must be allowed to apply for medical assistance in suspense status during ~~((incarceration))~~ confinement, and the ability to apply may not depend upon knowledge of the release or discharge date of the person. ~~((The authority must provide a progress report describing program design and a detailed fiscal estimate to the governor and relevant committees of the legislature by December 1, 2016.))~~

(2) The authority, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, the department of children, youth, and families, managed care organizations, and behavioral health administrative services organizations, shall establish procedures for coordination between the authority and department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility

(3) The health care authority shall inform the governor and relevant committees of the legislature in writing when the waiver application is submitted and update them as to progress of the waiver at appropriate points.

(4) No provision of this section may be interpreted to require the health care authority to provide medicaid services to persons who are confined in a correctional institution, state hospital, or other treatment facility up to 30 days prior to the person's release or discharge unless the health care authority obtains final approval for its waiver application from the centers for medicare and medicaid services.

(2) For the purposes of RCW 9.94.043 and 9.94.045, "state correctional institution" means all state correctional facilities under the supervision of the secretary of the department of corrections used solely for the purpose of confinement of convicted felons.

Sec. 6. RCW 72.09.370 and 2019 c 325 s 5025 are each amended to read as follows:

(1) The ~~((offender))~~ reentry community ~~((safety))~~ services program is established to provide intensive services to ~~((offenders))~~ persons identified under this subsection and to thereby promote successful reentry, public safety, and recovery. The secretary shall identify ~~((offenders))~~ persons in confinement or partial confinement who: (a) Are reasonably believed to ~~((be dangerous))~~ present a danger to themselves or others if released to the community without supportive services; and (b) have a mental disorder. In ~~((determining an offender's dangerousness))~~ evaluating these criteria, the secretary shall consider behavior known to the department and factors, based on research, that are linked to ~~((an increased))~~ risk ~~((for))~~ of dangerousness ~~((of offenders))~~ for persons with mental illnesses within the criminal justice system and shall include consideration of ~~((an offender's))~~ the person's history of substance use disorder or abuse.

(2) Prior to release of ~~((an offender))~~ a person identified under this section, a team consisting of representatives of the department of corrections, the health care authority, and, as necessary, the indeterminate sentence review board, divisions or administrations within the department of social and health services, specifically including the division of developmental disabilities, the appropriate managed care organization ~~((contracted with the health care authority, the appropriate))~~ or behavioral health administrative services organization, and ~~((the))~~ reentry community services providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the ~~((offender))~~ person upon release. In developing the plan, the ~~((offender))~~ person shall be offered assistance in executing a mental health advance directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such directive. The team may include a school district representative for ~~((offenders))~~ persons under the age of ~~((twenty-one))~~ 21. The team shall consult with the ~~((offender's))~~ person's counsel, if any, and, as appropriate, the

((offender's)) person's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific ((offender)) person. The team may recommend: (a) That the ((offender)) person be evaluated by ((the)) a designated crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or substance use disorder or abuse treatment.

(3) Prior to release of ((an offender)) a person identified under this section, the team shall determine whether or not an evaluation by a designated crisis responder is needed. If an evaluation is recommended, the supporting documentation shall be immediately forwarded to the appropriate designated crisis responder. The supporting documentation shall include the ((offender's)) person's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the ((offender's)) person's mental condition, and the initial evaluation did not result in an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the department shall release the ((offender)) person only to a state hospital or to a consenting evaluation and treatment facility or secure withdrawal management and stabilization facility. The department shall arrange transportation of the ((offender)) person to the hospital or facility.

(7) If the designated crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the ((offender)) person to appear at an evaluation and treatment facility or secure withdrawal management and stabilization facility. If a summons is issued, the ((offender)) person shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified ((evaluation and treatment)) facility.

(8) The secretary shall adopt rules to implement this section.

Sec. 7. RCW 71.24.470 and 2019 c 325 s 1030 are each amended to read as follows:

The contracts may be with any qualified and appropriate entities. The director shall ensure the authority has coverage in all counties of the state for the purposes of providing reentry community services program services.

(2) The case manager has the authority to assist these ((offenders)) persons in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, assistance obtaining substance use disorder treatment, housing, employment services,

educational or vocational training, independent living skills, parenting education, anger management services, peer services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The ((offender)) reentry community ((safety)) services program was formerly known as the community integration assistance program.

Sec. 8. RCW 71.24.480 and 2019 c 325 s 1031 are each amended to read as follows:

(a) Gross negligence;

(b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed or certified behavioral health agency shall report ((an offender's)) a reentry community services program participant's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed or certified behavioral health agency's mere act of treating a participant in the ((offender)) reentry community ((safety)) services program is not negligence. Nothing in this subsection alters the licensed or certified behavioral health agency's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed or certified behavioral health agencies and their employees and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the ((offender)) reentry community ((safety)) services program" means a person who has been identified under RCW 72.09.370 as ((an offender)) a person who: (a) Is reasonably believed to ((be dangerous)) present a danger to himself or herself or others if released to the community without supportive services; and (b) has a mental disorder.

NEW SECTION. Sec. 9. A new section is added to chapter 71.24 RCW to read as follows:

The institute shall collaborate with the work group established under section 9 of this act to determine research parameters and help the work group answer additional research questions including, but not limited to, the potential cost, benefit, and risks involved in expanding or replicating the reentry community services program; and what modifications to the program are most likely to prove advantageous based on the current state of knowledge about evidence-based, research-based, and promising programs. The department of corrections, health care authority, administrative office of the courts, King county, and department of social and health services must cooperate with the institute to facilitate access to data or other resources necessary to complete this work. ONE HUNDRED FIRST DAY, APRIL 21, 2021
MESSAGE FROM THE HOUSE

2021 REGULAR SESSION

April 11, 2021

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5362 with the following amendment(s): 5362-S2 AMH APP H1350.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature found in 1961 that it is in the public interest to hold agricultural fairs to train youth, to educate the public about the production of food and fiber, and to promote the welfare of farm people and rural living. The legislature finds that the fair fund was created for the purpose of encouraging agricultural fairs and training rural youth. The legislature finds that despite the original expectations, the fair fund has not increased, and this lack of increased support has made it difficult to maintain youth programs. Research has shown that youth who participate in fairs are more likely to get better grades, attend college, and positively contribute to their families and communities.

(2) The legislature finds that fairs also contribute to economic vitality and cultural heritage by: (a) Providing an opportunity for small businesses to reach a larger customer base; (b) providing agricultural suppliers a platform to showcase new technology; (c) creating numerous seasonal jobs; (d) playing a vital role in fund-raising for nonprofit organizations; and (e) providing a venue for community and cultural events.

(3) The legislature further finds that events held on fairgrounds support both the cultural and economic development of rural communities. The legislature finds that connecting the fair fund to revenue generated on fairgrounds encourages fairs to work with local businesses to increase economic opportunity. Thirty-seven counties have a fair. Benton and Franklin counties share a fair. Mason county currently does not have a fair.

Sec. 2. RCW 15.76.115 and 2018 c 280 s 3 are each amended to read as follows:

(1) The fair fund is created in the custody of the state treasury.

(2) All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105 shall be deposited into the fund. Each fiscal year, the state treasurer shall transfer into the fair fund from the general fund ~~((the sum of two million dollars))~~ an amount appropriated in the omnibus operating appropriations act equal to:

(a) \$2,000,000 for fiscal year 2021;

(b) \$2,750,000 in each fiscal year 2022 and 2023;

(c) \$3,500,000 in each fiscal year 2024 and 2025; and

(d) \$4,000,000 in fiscal year 2026 and each fiscal year thereafter.

(e) To support inclusiveness at fair events, a portion of the additional funds provided to fairs as a result of this act must be prioritized to be spent on educational programs and outreach that are reflective of the diversity within a fair's local population.

(3) Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures."

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 10, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5191 with the following amendment(s): 5191-S.E AMH CPB H1382.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes the need to protect Washingtonians from excessive and unjustified price increases implemented during or shortly after a declared state of emergency for essential goods and services that are vital and necessary for the health, safety, and welfare of consumers.

The legislature also recognizes the need to support businesses providing these goods in understanding their obligations to consumers during times of potential chaos and uncertainty in the marketplace.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Building materials" means lumber, construction tools, windows, and anything else used in the building or rebuilding of property.

(2) "Consumer food item" means any article used or intended for use for food, drink, confection, or condiment by a person or animal.

(3) "Emergency supplies" includes, but is not limited to, water, flashlights, radios, batteries, candles, heating and cooking fuel,

blankets, soap, diapers, temporary shelters, tape, toiletries, personal hygiene products, plywood, nails, and hammers.

(4) "Excessive price" means a price more than 15 percent greater than the price at which the person sold, rented, or offered for sale or rent the same product or service immediately prior to the state of emergency defined in subsection (13) of this section. If the seller did not sell, rent, or offer for sale or rent the product or service immediately prior to the onset of the state of emergency defined in subsection (13) of this section, or if the price charged by the person for the product or service prior to the onset of the state of emergency cannot be determined, an excessive price shall be presumed where the price is more than 15 percent greater than the price of the same product or service offered for sale or rent by other similarly situated sellers prior to the state of emergency defined in subsection (13) of this section. If a state of emergency as defined in subsection (13) of this section continues for more than one year, the price of the product or service on the anniversary of the state of emergency as defined in subsection (13) of this section must be the new baseline price for determining whether a price is excessive.

(5) "Gasoline" means any fuel used to power any motor vehicle or power tool.

(6) "Health care services" means services necessary to provide medical care that are provided or arranged by a temporary staffing services company including, but not limited to, services provided by physicians, physician assistants, nurses, and nursing assistants.

(7) "Housing" means a short-term stay commercial enterprise including, but not limited to, a hotel or motel. Housing does not mean any residence governed by the residential landlord-tenant act, chapter 59.18 RCW, or the manufactured/mobile home landlord-tenant act, chapter 59.20 RCW.

(8) "Medical supplies" includes, but is not limited to, prescription and nonprescription medications, pain relievers, infection control and prevention products, bandages, gauze, isopropyl alcohol, and antibacterial products.

(9) "Person" means any natural person, proprietorship, company, firm, corporation, limited liability company, partnership, independent contractor, group, unincorporated association, trust, estate, community, agency, institution, joint venture, other business or government organization, or any other legal entity.

(10) "Personal protective equipment" means any protective equipment that protects against physical, electrical, heat, chemicals, biohazards, and airborne particulate matter including, but not limited to, clothing, helmets, goggles, or other garments or equipment designed to protect the wearer's body from injury or infection.

(11) "Repair or reconstruction services" means work, labor, or services performed by any person for repairs to residential or commercial property of any type that is damaged as a result of a natural or human-induced disaster or emergency resulting from an event described in subsection (13) of this section.

(12) "Seller" includes any person within the chain of distribution with authority or permission to adjust, set, or regulate a price of any product or service offered for sale or rent subject to section 3 of this act.

(13) "State of emergency" means an event for which a state of emergency has been declared by the governor of the state of Washington.

(14) "Temporary staffing services company" has the same meaning as set forth in RCW 50.04.245.

(15) "Transportation, freight, and storage services" means any service that is performed by a person that contracts to move, store, or transport personal or business property, or rents equipment for those purposes.

NEW SECTION. **Sec. 3.** (1) This section shall be automatically implemented when the governor declares a state of emergency pursuant to RCW 43.06.010 and 43.06.200 through 43.06.220. In the event of a state of emergency as defined in section 2 of this act, no person in the county or counties for which an emergency has been declared shall sell, rent, or offer to sell or rent, regardless of whether an actual sale or rental occurs, a good or service listed in this section at an excessive price. Goods and services to which this section applies are:

- (a) Building materials;
- (b) Consumer food items;
- (c) Goods or services used for emergency cleanup, regardless of whether the goods or services are listed in this subsection;
- (d) Emergency supplies;
- (e) Gasoline;
- (f) Health care services;
- (g) Housing;
- (h) Medical supplies;
- (i) Repair or reconstruction services;
- (j) Transportation, freight, and storage services; and
- (k) Personal protective equipment.

(2) The governor shall have the authority to modify the list of goods and services under subsection (1) of this section in an executive order pursuant to RCW 43.06.220 where appropriate in the context of a particular emergency.

(3) A person who increases a price does not violate this section if the price increase is attributable to an additional cost imposed by a supplier of a good or service, or other costs of providing the good or service, including an additional cost for labor or materials used to provide a product or service.

(4) A person with authority or permission to adjust or regulate a price does not violate this section if that person undertakes commercially reasonable efforts to prevent or remove offers to sell or rent a good or service listed in this section at an excessive price.

(5) If, in the 60 days prior to the governor's implementation of this section, a person sold, rented, or offered for sale or rent a good or service listed in subsection (3) of this section at a reduced price which was lower than the price at which the person ordinarily sells, rents, or offers for sale or rent the good or service in the area for which the declaration was issued, then the price at which that person ordinarily sells, rents, or offers for sale or rent the good or service in the area for which the declaration was issued shall be used in determining if the person is in violation of this section.

(6) If the 60 days prior to the governor's implementation reflects quarter 4, November through January, holiday pricing, then the price at which the person ordinarily sells, rents, or offers for sale or rent the good or service in the area in which the declaration was issued shall be based on quarter 3, August through October.

(7)(a) The restrictions imposed by this chapter expire upon termination of the state of emergency or 60 days after the state of emergency is declared, whichever comes first.

(b) Once restrictions are imposed under this chapter to respond to a specific emergency, the restrictions may only be extended, renewed, or reimposed with legislative approval through concurrent resolution. If the legislature is not in session, restrictions imposed under this chapter may be extended, renewed, or reimposed in writing by the leadership of the senate and the house of representatives until the legislature can extend the restrictions through concurrent resolution. For purposes of this section, "leadership of the senate and the house of representatives" means the majority and minority leaders of the senate and the speaker and the minority leader of the house of representatives.

ONE HUNDRED FIRST DAY, APRIL 21, 2021

2021 REGULAR SESSION

(c) If restrictions imposed under this chapter expire and are not extended, renewed, or reimposed, this section does not affect any rights or remedies provided in the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 4. (1) The attorney general may investigate violations of this chapter. The attorney general may issue subpoenas or civil investigative demands pursuant to RCW 19.86.110 to any person that the attorney general has reason to believe has violated this chapter or has information or knowledge pertaining to a violation of this chapter.

(2) The attorney general may issue a cease and desist letter to any person to restrain and prevent violations of this chapter. If the recipient of a cease and desist letter does not comply within five calendar days of receipt of the letter, the attorney general may file an action in superior court at any time thereafter to enforce the cease and desist letter. If the court finds that the person violated this chapter and failed to comply with a cease and desist letter, the court shall enjoin the person from engaging in conduct that violates this chapter and shall impose a civil penalty of not more than \$10,000 per violation of the cease and desist letter. In any successful action to enforce a cease and desist letter under this chapter, the court shall award the attorney general the costs of bringing the action, including reasonable investigative costs and reasonable attorneys' fees. The remedies under this subsection are in addition to any other remedies a court may order under subsection (3) of this section.

(3) Every person who violates this chapter shall forfeit and pay a civil penalty of no more than \$25,000 per violation. No additional civil penalty shall be assessed for the same violation under the consumer protection act pursuant to RCW 19.86.140.

(4) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest. A violation of this chapter, including, but not limited to, a violation of a cease and desist letter issued pursuant to subsection (2) of this section, is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act.

(5) The remedies provided by this chapter are in addition to any other remedies provided by law.

NEW SECTION. Sec. 5. Upon application of this act, the office of the attorney general shall produce and maintain on its website translated versions of this act in the top 10 languages spoken in Washington state and, at the discretion of the office of the attorney general, other languages as requested or needed to support small businesses that are either owned or operated, or both, by individuals who have limited English language proficiency. The notice must be made available upon request in printed form on one letter size paper, eight and one-half by 11 inches, and in an easily readable font size.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act constitute a new chapter in Title 19 RCW.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

and the same are herewith transmitted.

April 21, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5096 with the following amendment(s): 5096-S.E AMH ENGR H1547.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. The legislature finds that it is the paramount duty of the state to amply provide every child in the state with an education, creating the opportunity for the child to succeed in school and thrive in life. The legislature further finds that high quality early learning and child care is critical to a child's success in school and life, as it supports the development of the child's social-emotional, physical, cognitive, and language skills. Therefore, the legislature will invest in the ongoing support of K-12 education and early learning and child care by dedicating revenues from this act to the education legacy trust account.

The legislature intends to levy a seven percent tax on the privilege of voluntarily selling or exchanging stocks, bonds, and other capital assets where the profit is in excess of \$250,000 annually to fund K-12 education, early learning, and child care, and advance our paramount duty to amply provide an education to every child in the state.

The legislature further intends to exempt certain assets from the tax including, but not limited to, qualified family-owned small businesses, all residential and other real property, and retirement accounts.

NEW SECTION. Sec. 2. REVENUES DEPOSITED INTO EDUCATION LEGACY TRUST ACCOUNT. All taxes, interest, and penalties collected under this chapter must be deposited into the education legacy trust account created in RCW 83.100.230.

Sec. 3. RCW 83.100.230 and 2019 c 415 s 990 are each amended to read as follows:

The education legacy trust account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for support of the common schools, and for expanding access to higher education through funding for new enrollments and financial aid, early learning and child care programs, and other educational improvement efforts. ~~((During the 2015-2017, 2017-2019, and 2019-2021 fiscal biennia appropriations from the account may be made for support of early learning programs. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.))~~

this act, to the extent such gain was included in calculating federal net long-term capital gain; and

(e) Less any amount of long-term capital gain from a sale or exchange that is exempt from the tax imposed in this chapter, to the extent such gain was included in calculating federal net long-term capital gain.

(2) "Capital asset" has the same meaning as provided by Title 26 U.S.C. Sec. 1221 of the internal revenue code and also includes any other property if the sale or exchange of the property results in a gain that is treated as a long-term capital gain under Title 26 U.S.C. Sec. 1231 or any other provision of the internal revenue code.

(3) "Federal net long-term capital gain" means the net long-term capital gain reportable for federal income tax purposes determined as if Title 26 U.S.C. Secs. 55 through 59, 1400Z-1, and 1400Z-2 of the internal revenue code did not exist.

(4) "Individual" means a natural person.

(5) "Internal revenue code" means the United States internal revenue code of 1986, as amended, as of the effective date of this section, or such subsequent date as the department may provide by rule consistent with the purpose of this chapter.

(6) "Long-term capital asset" means a capital asset that is held for more than one year.

(7) "Long-term capital gain" means gain from the sale or exchange of a long-term capital asset.

(13) "Washington capital gains" means an individual's adjusted capital gain less \$250,000, as provided in section 7 of this act and adjusted annually under section 16 of this act, for each return filed under this chapter.

NEW SECTION. Sec. 5. TAX IMPOSED. (1) Beginning January 1, 2022, an excise tax is imposed on the sale or exchange of long-term capital assets. Only individuals are subject to payment of the tax, which equals seven percent multiplied by an individual's Washington capital gains.

(2) The tax levied in subsection (1) of this section is necessary for the support of the state government and its existing public institutions.

(3) If an individual's Washington capital gains are less than zero for a taxable year, no tax is due under this section and no

such amount is allowed as a carryover for use in the calculation of that individual's adjusted capital gain, as defined in section 4(1) of this act, for any taxable year. To the extent that a loss carryforward is included in the calculation of an individual's federal net long-term capital gain and that loss carryforward is directly attributable to losses from sales or exchanges allocated to this state under section 10 of this act, the loss carryforward is included in the calculation of that individual's adjusted capital gain for the purposes of this chapter. An individual may not include any losses carried back for federal income tax purposes in the calculation of that individual's adjusted capital gain for any taxable year.

(4)(a) The tax imposed in this section applies to the sale or exchange of long-term capital assets owned by the taxpayer, whether the taxpayer was the legal or beneficial owner of such assets at the time of the sale or exchange. The tax applies when the Washington capital gains are recognized by the taxpayer in accordance with this chapter.

(b) For purposes of this chapter:

(i) An individual is considered to be a beneficial owner of long-term capital assets held by an entity that is a pass-through or disregarded entity for federal tax purposes, such as a partnership, limited liability company, S corporation, or grantor trust, to the extent of the individual's ownership interest in the entity as reported for federal income tax purposes.

(ii) A nongrantor trust is deemed to be a grantor trust if the trust does not qualify as a grantor trust for federal tax purposes, and the grantor's transfer of assets to the trust is treated as an incomplete gift under Title 26 U.S.C. Sec. 2511 of the internal revenue code and its accompanying regulations. A grantor of such trust is considered the beneficial owner of the capital assets of the trust for purposes of the tax imposed in this section and must include any long-term capital gain or loss from the sale or exchange of a capital asset by the trust in the calculation of that individual's adjusted capital gain, if such gain or loss is allocated to this state under section 10 of this act.

NEW SECTION. Sec. 6. EXEMPTIONS. This chapter does not apply to the sale or exchange of:

(1) All real estate transferred by deed, real estate contract, judgment, or other lawful instruments that transfer title to real property and are filed as a public record with the counties where real property is located;

(2)(a) An interest in a privately held entity only to the extent that any long-term capital gain or loss from such sale or exchange is directly attributable to the real estate owned directly by such entity.

(b)(i) Except as provided in (b)(ii) and (iii) of this subsection, the value of the exemption under this subsection is equal to the fair market value of the real estate owned directly by the entity less its basis, at the time that the sale or exchange of the individual's interest occurs, multiplied by the percentage of the ownership interest in the entity which is sold or exchanged by the individual.

(ii) If a sale or exchange of an interest in an entity results in an amount directly attributable to real property and that is considered as an amount realized from the sale or exchange of property other than a capital asset under Title 26 U.S.C. Sec. 751 of the internal revenue code, such amount must not be considered in the calculation of an individual's exemption amount under (b)(i) of this subsection (2).

(iii) Real estate not owned directly by the entity in which an individual is selling or exchanging the individual's interest must not be considered in the calculation of an individual's exemption amount under (b)(i) of this subsection (2).

(c) Fair market value of real estate may be established by a fair market appraisal of the real estate or an allocation of assets by the seller and the buyer made under Title 26 U.S.C. Sec. 1060 of the internal revenue code, as amended. However, the department is not bound by the parties' agreement as to the allocation of assets, allocation of consideration, or fair market value, if such allocations or fair market value do not reflect the fair market value of the real estate. The assessed value of the real estate for property tax purposes may be used to determine the fair market value of the real estate, if the assessed value is current as of the date of the sale or exchange of the ownership interest in the entity owning the real estate and the department determines that this method is reasonable under the circumstances.

(d) The value of the exemption under this subsection (2) may not exceed the individual's long-term capital gain or loss from the sale or exchange of an interest in an entity for which the individual is claiming this exemption;

(3) Assets held under a retirement savings account under Title 26 U.S.C. Sec. 401(k) of the internal revenue code, a tax-sheltered annuity or custodial account described in Title 26 U.S.C. Sec. 403(b) of the internal revenue code, a deferred compensation plan under Title 26 U.S.C. Sec. 457(b) of the internal revenue code, an individual retirement account or individual retirement annuity described in Title 26 U.S.C. Sec. 408 of the internal revenue code, a Roth individual retirement account described in Title 26 U.S.C. Sec. 408A of the internal revenue code, an employee defined contribution program, an employee defined benefit plan, or a similar retirement savings vehicle;

(4) Assets pursuant to, or under imminent threat of, condemnation proceedings by the United States, the state or any of its political subdivisions, or a municipal corporation;

(5) Cattle, horses, or breeding livestock if for the taxable year of the sale or exchange, more than 50 percent of the taxpayer's gross income for the taxable year, including from the sale or exchange of capital assets, is from farming or ranching;

(6) Property depreciable under Title 26 U.S.C. Sec. 167(a)(1) of the internal revenue code, or that qualifies for expensing under Title 26 U.S.C. Sec. 179 of the internal revenue code;

(7) Timber, timberland, or the receipt of Washington capital gains as dividends and distributions from real estate investment trusts derived from gains from the sale or exchange of timber and timberland. "Timber" means forest trees, standing or down, on privately or publicly owned land, and includes Christmas trees and short-rotation hardwoods. The sale or exchange of timber includes the cutting or disposal of timber qualifying for capital gains treatment under Title 26 U.S.C. Sec. 631(a) or (b) of the internal revenue code;

(8)(a) Commercial fishing privileges.

(b) For the purposes of this subsection (8), "commercial fishing privilege" means a right, held by a seafood harvester or processor, to participate in a limited access fishery. "Commercial fishing privilege" includes and is limited to:

(i) In the case of federally managed fisheries, quota and access to fisheries assigned pursuant to individual fishing quota programs, limited entry and catch share programs, cooperative fishing management agreements, or similar arrangements; and

(ii) In the case of state-managed fisheries, quota and access to fisheries assigned under fishery permits, limited entry and catch share programs, or similar arrangements; and

(9) Goodwill received from the sale of an auto dealership licensed under chapter 46.70 RCW whose activities are subject to chapter 46.96 RCW.

NEW SECTION. Sec. 7. DEDUCTIONS. In computing tax, there may be deducted from the measure of tax:

(1) A standard deduction of \$250,000 per individual, or in the case of spouses or domestic partners, their combined standard

deduction is limited to \$250,000, regardless of whether they file joint or separate returns. The amount of the standard deduction shall be adjusted pursuant to section 16 of this act;

(2) Amounts that the state is prohibited from taxing under the Constitution of this state or the Constitution or laws of the United States; and

(3) The amount of adjusted capital gain derived from the sale or transfer of the taxpayer's interest in a qualified family-owned small business pursuant to section 8 of this act.

NEW SECTION. Sec. 8. QUALIFIED FAMILY-OWNED SMALL BUSINESS DEDUCTION. (1) In computing tax under this chapter for a taxable year, a taxpayer may deduct from the measure of tax the amount of adjusted capital gain derived in the taxable year from the sale of substantially all of the fair market value of the assets of, or the transfer of substantially all of the taxpayer's interest in, a qualified family-owned small business, to the extent that such adjusted capital gain would otherwise be included in the taxpayer's Washington capital gains.

(2) For purposes of this section, the following definitions apply:

(a) "Assets" means real property and personal property, including tangible personal property and intangible property.

(b) "Family" means the same as "member of the family" in RCW 83.100.046.

(c)(i) "Materially participated" means an individual was involved in the operation of a business on a basis that is regular, continuous, and substantial.

(ii) The term "materially participated" must be interpreted consistently with the applicable treasury regulations for Title 26 U.S.C. Sec. 469 of the internal revenue code, to the extent that such interpretation does not conflict with any provision of this section.

(d) "Qualified family-owned small business" means a business:

(i) In which the taxpayer held a qualifying interest for at least five years immediately preceding the sale or transfer described in subsection (1) of this section;

(ii) In which either the taxpayer or members of the taxpayer's family, or both, materially participated in operating the business for at least five of the 10 years immediately preceding the sale or transfer described in subsection (1) of this section, unless such sale or transfer was to a qualified heir; and

(iii) That had worldwide gross revenue of \$10,000,000 or less in the 12-month period immediately preceding the sale or transfer described in subsection (1) of this section. The worldwide gross revenue amount under this subsection (2)(d)(iii) shall be adjusted annually as provided in section 16 of this act.

(e) "Qualified heir" means a member of the taxpayer's family.

(f) "Qualifying interest" means:

(i) An interest as a proprietor in a business carried on as a sole proprietorship; or

(ii) An interest in a business if at least:

(A) Fifty percent of the business is owned, directly or indirectly, by any combination of the taxpayer or members of the taxpayer's family, or both;

(B) Thirty percent of the business is owned, directly or indirectly, by any combination of the taxpayer or members of the taxpayer's family, or both, and at least:

(I) Seventy percent of the business is owned, directly or indirectly, by members of two families; or

(II) Ninety percent of the business is owned, directly or indirectly, by members of three families.

(g) "Substantially all" means at least 90 percent.

NEW SECTION. Sec. 9. OTHER TAXES. The tax imposed under this chapter is in addition to any other taxes imposed by the state or any of its political subdivisions, or a municipal corporation, with respect to the same sale or exchange,

ONE HUNDRED SECOND DAY, APRIL 22, 2021

including the taxes imposed in, or under the authority of, chapter 82.04, 82.08, 82.12, 82.14, 82.45, or 82.46 RCW.

NEW SECTION. Sec. 10. ALLOCATION OF GAINS AND LOSSES. (1) For purposes of the tax imposed under this chapter, long-term capital gains and losses are allocated to Washington as follows:

(a) Long-term capital gains or losses from the sale or exchange of tangible personal property are allocated to this state if the property was located in this state at the time of the sale or exchange. Long-term capital gains or losses from the sale or exchange of tangible personal property are also allocated to this state even though the property was not located in this state at the time of the sale or exchange if:

(i) The property was located in the state at any time during the taxable year in which the sale or exchange occurred or the immediately preceding taxable year;

(ii) The taxpayer was a resident at the time the sale or exchange occurred; and

(iii) The taxpayer is not subject to the payment of an income or excise tax legally imposed on the long-term capital gains or losses by another taxing jurisdiction.

(b) Long-term capital gains or losses derived from intangible personal property are allocated to this state if the taxpayer was domiciled in this state at the time the sale or exchange occurred.

(2)(a) A credit is allowed against the tax imposed in section 5 of this act equal to the amount of any legally imposed income or excise tax paid by the taxpayer to another taxing jurisdiction on capital gains derived from capital assets within the other taxing jurisdiction to the extent such capital gains are included in the taxpayer's Washington capital gains. The amount of credit under this subsection may not exceed the total amount of tax due under this chapter, and there is no carryback or carryforward of any unused credits.

(b) As used in this section, "taxing jurisdiction" means a state of the United States other than the state of Washington, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any foreign country or political subdivision of a foreign country.

NEW SECTION. Sec. 11. FILING OF RETURNS. (1)(a) Except as otherwise provided in this section or RCW 82.32.080, taxpayers owing tax under this chapter must file, on forms prescribed by the department, a return with the department on or before the date the taxpayer's federal income tax return for the taxable year is required to be filed.

(b)(i) Except as provided in (b)(ii) of this subsection (1), returns and all supporting documents must be filed electronically using the department's online tax filing service or other method of electronic reporting as the department may authorize.

(ii) The department may waive the electronic filing requirement in this subsection for good cause as provided in RCW 82.32.080.

(2) In addition to the Washington return required to be filed under subsection (1) of this section, taxpayers owing tax under this chapter must file with the department on or before the date the federal return is required to be filed a copy of the federal income tax return along with all schedules and supporting documentation.

(3) Each taxpayer required to file a return under this section must, without assessment, notice, or demand, pay any tax due thereon to the department on or before the date fixed for the filing of the return, regardless of any filing extension. The tax must be paid by electronic funds transfer as defined in RCW 82.32.085 or by other forms of electronic payment as may be authorized by the department. The department may waive the electronic payment requirement for good cause as provided in RCW 82.32.080. If any

2021 REGULAR SESSION

tax due under this chapter is not paid by the due date, interest and penalties as provided in chapter 82.32 RCW apply to the deficiency.

(4)(a) In addition to the Washington return required to be filed under subsection (1) of this section, an individual claiming an exemption under section 6(2) of this act must file documentation substantiating the following:

(i) The fair market value and basis of the real estate held directly by the entity in which the interest was sold or exchanged;

(ii) The percentage of the ownership interest sold or exchanged in the entity owning real estate; and

(iii) The methodology, if any, established by the entity in which the interest was sold or exchanged, for allocating gains or losses to the owners, partners, or shareholders of the entity from the sale of real estate.

(b) The department may by rule prescribe additional filing requirements to substantiate an individual's claim for an exemption under section 6(2) of this act. Prior to adopting any rule under this subsection (4)(b), the department must allow for an opportunity for participation by interested parties in the rule-making process in accordance with the administrative procedure act, chapter 34.05 RCW.

(5) If a taxpayer has obtained an extension of time for filing the federal income tax return for the taxable year, the taxpayer is entitled to the same extension of time for filing the return required under this section if the taxpayer provides the department, before the due date provided in subsection (1) of this section, the extension confirmation number or other evidence satisfactory to the department confirming the federal extension. An extension under this subsection for the filing of a return under this chapter is not an extension of time to pay the tax due under this chapter.

(6)(a) If any return due under subsection (1) of this section, along with a copy of the federal income tax return, is not filed with the department by the due date or any extension granted by the department, the department must assess a penalty in the amount of five percent of the tax due for the taxable year covered by the return for each month or portion of a month that the return remains unfiled. The total penalty assessed under this subsection may not exceed 25 percent of the tax due for the taxable year covered by the delinquent return. The penalty under this subsection is in addition to any penalties assessed for the late payment of any tax due on the return.

(b) The department must waive or cancel the penalty imposed under this subsection if:

(i) The department is persuaded that the taxpayer's failure to file the return by the due date was due to circumstances beyond the taxpayer's control; or

(ii) The taxpayer has not been delinquent in filing any return due under this section during the preceding five calendar years.

NEW SECTION. Sec. 12. JOINT FILERS. (1) If the federal income tax liabilities of both spouses are determined on a joint federal return for the taxable year, they must file a joint return under this chapter.

(2) Except as otherwise provided in this subsection, if the federal income tax liability of either spouse is determined on a separate federal return for the taxable year, they must file separate returns under this chapter. State registered domestic partners may file a joint return under this chapter even if they filed separate federal returns for the taxable year.

(3) The liability for tax due under this chapter of each spouse or state registered domestic partner is joint and several, unless:

(a) The spouse is relieved of liability for federal tax purposes as provided under Title 26 U.S.C. Sec. 6015 of the internal revenue code; or

(b) The department determines that the domestic partner qualifies for relief as provided by rule of the department. Such rule, to the extent possible without being inconsistent with this chapter, must follow Title 26 U.S.C. Sec. 6015.

NEW SECTION. Sec. 13. ADMINISTRATION OF TAXES. Except as otherwise provided by law and to the extent not inconsistent with the provisions of this chapter, chapter 82.32 RCW applies to the administration of taxes imposed under this chapter.

NEW SECTION. Sec. 14. CRIMINAL ACTIONS. (1) Any taxpayer who knowingly attempts to evade payment of the tax imposed under this chapter is guilty of a class C felony as provided in chapter 9A.20 RCW.

(2) Any taxpayer who knowingly fails to pay tax, make returns, keep records, or supply information, as required under this title, is guilty of a gross misdemeanor as provided in chapter 9A.20 RCW.

NEW SECTION. Sec. 15. A new section is added to chapter 82.04 RCW to read as follows:

BUSINESS AND OCCUPATION TAX CREDIT.

(1) To avoid taxing the same sale or exchange under both the business and occupation tax and capital gains tax, a credit is allowed against taxes due under this chapter on a sale or exchange that is also subject to the tax imposed under section 5 of this act. The credit is equal to the amount of tax imposed under this chapter on such sale or exchange.

(2) The credit may be used against any tax due under this chapter.

(3) The credit under this section is earned in regards to a sale or exchange, and may be claimed against taxes due under this chapter, for the tax reporting period in which the sale or exchange occurred. The credit claimed for a tax reporting period may not exceed the tax otherwise due under this chapter for that tax reporting period. Unused credit may not be carried forward or backward to another tax reporting period. No refunds may be granted for unused credit under this section.

(4) The department must apply the credit first to taxes deposited into the general fund. If any remaining credit reduces the amount of taxes deposited into the workforce education investment account established in RCW 43.79.195, the department must notify the state treasurer of such amounts monthly, and the state treasurer must transfer those amounts from the general fund to the workforce education investment account.

NEW SECTION. Sec. 16. ANNUAL ADJUSTMENTS. (1) Beginning December 2023 and each December thereafter, the department must adjust the applicable amounts by multiplying the current applicable amounts by one plus the percentage by which the most current consumer price index available on December 1st of the current year exceeds the consumer price index for the prior 12-month period, and rounding the result to the nearest \$1,000. If an adjustment under this subsection (1) would reduce the applicable amounts, the department must not adjust the applicable amounts for use in the following year. The department must publish the adjusted applicable amounts on its public website by December 31st. The adjusted applicable amounts calculated under this subsection (1) take effect for taxes due and distributions made, as the case may be, in the following calendar year.

(2) For purposes of this section, the following definitions apply:

(a) "Applicable amounts" means:

(i) The standard deduction amount in sections 4(13) and 7(1) of this act; and

(ii) The worldwide gross revenue amount under section 8 of this act.

(b) "Consumer price index" means the consumer price index for all urban consumers, all items, for the Seattle area as calculated by the United States bureau of labor statistics or its successor agency.

(c) "Seattle area" means the geographic area sample that includes Seattle and surrounding areas.

NEW SECTION. Sec. 17. The provisions of RCW 82.32.805 and 82.32.808 do not apply to this act.

NEW SECTION. Sec. 18. Sections 1, 2, 4 through 14, and 16 of this act constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 19. (1) If a court of competent jurisdiction, in a final judgment not subject to appeal, adjudges section 5 of this act unconstitutional, or otherwise invalid, in its entirety, section 15 of this act is null and void in its entirety. Any credits previously claimed under section 15 of this act must be repaid within 30 days of the department of revenue's notice to the taxpayer of the amount due.

(2) If the taxpayer fails to repay the credit by the due date, interest and penalties as provided in chapter 82.32 RCW apply to the deficiency.

NEW SECTION. Sec. 20. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Correct the title.

(3) For the purpose of this section, "point of sale" means the location where the charging session and associated commercial transaction is initiated including, but not limited to, electric vehicle supply equipment or kiosk used to service that electric vehicle supply equipment.

NEW SECTION. Sec. 5. A new section is added to chapter 19.94 RCW to read as follows:

(1) By January 1, 2023, the department, in consultation with the department of commerce and the Washington utilities and transportation commission, must adopt rules requiring all electric vehicle service providers make available multiple payment methods at all publicly available level 2 electric vehicle supply equipment or direct current fast charger electric vehicle supply equipment installed in Washington and may review and, if necessary, amend the rules every two years, to maintain consistency with evolving technology. At a minimum, the rules must include:

(a) Deadlines for electric vehicle service provider compliance for publicly available direct current fast charger electric vehicle supply equipment installed prior to a specific date;

ONE HUNDRED SECOND DAY, APRIL 22, 2021

2021 REGULAR SESSION

(b) Deadlines for electric vehicle service provider compliance for publicly available level 2 electric vehicle supply equipment installed prior to a specific date;

(c) Deadlines for electric vehicle service provider compliance for publicly available direct current fast charger electric vehicle supply equipment installed on or after a specific date;

(d) Deadlines for electric vehicle service provider compliance for publicly available level 2 electric vehicle supply equipment installed on or after a specific date;

(e) Minimum required payment methods that are convenient and reasonably support access for all current and future users at publicly available level 2 electric vehicle supply equipment and direct current fast charger electric vehicle supply equipment installed in Washington. Payment methods may include, but are not limited to:

(i) A credit card reader device physically located on or in either the electric vehicle supply equipment unit or a kiosk used to service that electric vehicle supply equipment. Contactless credit card reader devices may be used as an option to meet the requirements of this subsection;

(ii) A toll-free number on each electric vehicle supply equipment and kiosk used to service that electric vehicle supply equipment that provides the user with the option to initiate a charging session and submit payment at any time that the electric vehicle supply equipment is operational and publicly available;

(iii) A mobile payment option used to initiate a charging session;

(f) Means for conducting a charging session in languages other than English;

(g) Means for facilitating charging sessions for consumers who are unbanked, underbanked, or low-moderate income, such as accepting prepaid cards through a card reader device. Methods established in (e) of this subsection may be used to meet this requirement if they adequately facilitate charging sessions for these consumers.

(2) In adopting the rules required under subsection (1) of this section, the department must seek to minimize costs and maximize benefits to the public.

(3) The electric vehicle service provider may not require a subscription, membership, or account or a minimum balance on an account in order to initiate a charging session at electric vehicle supply equipment subject to this section.

(4) For the purpose of this section, "mobile payment" means an electronic fund transfer initiated through a mobile phone or device.

NEW SECTION. Sec. 6. A new section is added to chapter 19.94 RCW to read as follows:

(1) Interoperability standards provide safeguards to consumers and support access to electric vehicle supply equipment. In order for Washington to have reliable, accessible, and competitive markets for electric vehicle supply equipment that are necessary for the movement of goods and people by electric vehicles, interoperability standards that align with national and international best practices or standards are necessary.

(2) By January 1, 2023, the department, in consultation with the department of commerce and the Washington utilities and transportation commission, must adopt rules establishing requirements for all electric vehicle service providers to, at a minimum, meet and maintain nonproprietary interoperability standards for publicly available level 2 electric vehicle supply equipment and direct current fast charger electric vehicle supply equipment and may review and, if necessary, amend the rules every two years, to maintain consistency with evolving technology. The requirements shall not provide that any charging provider must purchase or license proprietary technology or

software from any other company, and shall not require that companies maintain interoperability agreements with other companies.

(3) For the purpose of this section, "interoperability" means the ability of hardware, software, or a communications network provided by one party, vendor, or service provider to interact with or exchange and make use of information, including payment information, between hardware, software, or a communications network provided by a different party, vendor, or service provider.

(4) The requirements of this section shall not apply to publicly available electric vehicle supply equipment provided by a manufacturer of electric vehicles for the exclusive use by vehicles it manufactures.

NEW SECTION. Sec. 7. A new section is added to chapter 19.94 RCW to read as follows:

(1) This section applies to all electric vehicle service providers operating one or more publicly available level 2 electric vehicle supply equipment or direct current fast charger electric vehicle supply equipment installed in Washington. If an electric vehicle service provider also operates electric vehicle supply equipment that is not available to the public, the requirements of this section apply only to that electric vehicle service provider's publicly available level 2 electric vehicle supply equipment or direct current fast charger electric vehicle supply equipment installed in Washington.

(2) By January 1, 2023, electric vehicle service providers must report inventory and payment method information to the national renewable energy laboratory, alternative fuels data center. The information must be reported, at a minimum, annually and must include, but is not limited to:

(a) Electric vehicle service provider information;

(b) Electric vehicle supply equipment inventory for both active and retired, decommissioned, or removed electric vehicle supply equipment in Washington;

(c) Electric vehicle supply equipment payment method information.

(3) The department may adopt additional reporting requirements to support compliance with this act.

Sec. 8. RCW 19.94.175 and 2019 c 96 s 3 are each amended to read as follows:

(1) Pursuant to RCW 19.94.015, the following annual registration fees shall be charged for each weighing or measuring instrument or device used for commercial purposes in this state:

(2) Pursuant to RCW 19.94.015, a reasonable registration fee for electric vehicle supply equipment, in addition to the fees established in subsection (1) of this section, may be established through rule making to cover the remaining costs associated with enforcing this chapter on electric vehicle supply equipment. The department may consider differential fees to reduce the potential burden of the registration fee for electric vehicle service providers operating less than 25 publicly available electric vehicle supply equipment in Washington.

(3) With the exception of subsection ((3)) (4) of this section, no person shall be required to pay more than the annual registration fee for any weighing or measuring instrument or device in any one year.

(h) Specifications, tolerances, and other technical requirements for commercial weighing and measuring instruments or devices that must be consistent with the most recent edition of the national institute of standards and technology handbook 44 except where modified to achieve state objectives; and

(i) Packaging, labeling, and method of sale of commodities that must be consistent with the most recent edition of the national institute of standards and technology handbook 44 and 130 (for legal metrology and engine fuel quality) except where modified to achieve state objectives.

(5) Rules adopted under this section must also include specifications and tolerances for the acceptable range of accuracy required of weighing or measuring instruments or devices and must be designed to eliminate from use, without prejudice to weighing or measuring instruments or devices that conform as closely as practicable to official specifications and tolerances, those that: (a) Are of such construction that they are faulty, that is, that are not reasonably permanent in their adjustment or will not repeat their indications correctly; or (b) facilitate the perpetration of fraud.

(6) Rules adopted by the director related to the sale of electricity sold as a vehicle fuel and electric vehicle fueling systems may take effect no earlier than January 1, 2024, and may be modified to achieve state objectives, reviewed, and, if necessary, amended, to maintain consistency with evolving technology. To ensure existing infrastructure may continue operating without substantial equipment replacement or alteration, electric vehicle supply equipment installed and placed into service before January 1, 2024, is exempt from the rules of this section until January 1, 2034. Individuals performing wood destroying organism inspections that incorporate but are not limited to the activities described in (a) or (b) of this subsection are not exempt from the structural pest inspector licensing requirement.

(4) A structural pest inspector license is not valid for conducting a complete wood destroying organism inspection unless the inspector owns or is employed by a business with a structural pest inspection company license.

Sec. 5. RCW 15.58.210 and 2008 c 285 s 19 are each amended to read as follows:

(1) No person may distribute a bulk fertilizer in this state until a license to distribute has been obtained by that person. An annual license is required for each out-of-state or in-state location that distributes bulk fertilizer in Washington state. An application for each location must be filed on forms provided by the business licensing system established under chapter 19.02 RCW and must be accompanied by an annual fee of ~~((twenty-five))~~ fifty dollars per location. The license expires on the business license expiration date.

(2) An application for license must include the following:

(a) The name and address of licensee.

(b) Any other information required by the department by rule.

ONE HUNDRED SECOND DAY, APRIL 22, 2021

2021 REGULAR SESSION

(3) The name and address shown on the license must be shown on all labels, pertinent invoices, and storage facilities for fertilizer distributed by the licensee in this state.

(4) If an application for license renewal provided for in this section is not filed prior to the business license expiration date, a delinquency fee of ~~((twenty-five))~~ fifty dollars must be assessed and added to the original fee and must be paid by the applicant before the renewal license is issued. The assessment of this delinquency fee does not prevent the department from taking any other action as provided for in this chapter. ~~The penalty does not apply if the applicant furnishes an affidavit that he or she has not distributed this commercial fertilizer subsequent to the expiration of his or her prior license.~~

Sec. 2. RCW 15.54.325 and 2020 c 20 s 1002 are each amended to read as follows:

(1) No person may distribute in this state a commercial fertilizer until it has been registered with the department by the producer, importer, or packager of that product.

(2) An application for registration must be made on a form furnished by the department and must include the following:

- (a) The product name;
- (b) The brand and grade;
- (c) The guaranteed analysis;
- (d) Name, address, and phone number of the registrant;

(g) The concentration of each metal, for which standards are established under RCW 15.54.800, in each product being registered, unless the product is (i) anhydrous ammonia or a solution derived solely from dissolving anhydrous ammonia in water, (ii) a customer-formula fertilizer containing only registered commercial fertilizers, or (iii) a packaged commercial fertilizer whose plant nutrient content is present in the form of a single chemical compound which is registered in compliance with this chapter and the product is not blended with any other material. The provisions of (g)(i) of this subsection do not apply if the anhydrous ammonia is derived in whole or in part from waste such that the fertilizer is a "waste-derived fertilizer" as defined in RCW 15.54.270. Verification of a registration relied on by an applicant under (g)(iii) of this subsection must be submitted with the application;

(h) If a waste-derived fertilizer or micronutrient fertilizer, information to ensure the product complies with chapter 70A.300 RCW and the resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq.; and

(i) Any other information required by the department by rule.

(3) All companies planning to mix customer-formula fertilizers shall include the statement "customer-formula grade mixes" under the column headed "product name" on the product registration application form. All customer-formula fertilizers sold under one brand name shall be considered one product.

(4) Registrations are issued by the department for a two-year period beginning on July 1st of a given year and ending twenty-four months later on July 1st, except that registrations issued to a registrant who applies to register an additional product during the last twelve months of the registrant's period expire on the next July 1st.

(5) An application for a new registration must be accompanied by a fee of one hundred fifty dollars for each product.

(6) Application for renewal of registration is due July 1st of each registration period and must be accompanied by a renewal fee of one hundred twenty dollars for each product. If an application for renewal is not received by the department by the

due date, a late fee of ~~((ten))~~ fifty dollars per product is added to the original fee and must be paid by the applicant before the renewal registration may be issued. ~~((A late fee does not apply if the applicant furnishes an affidavit that he or she has not distributed this commercial fertilizer subsequent to the expiration of the prior registration.))~~ Payment of a late fee does not prevent the department from taking any action authorized by this chapter for the violation.

Sec. 3. RCW 15.54.350 and 1993 c 183 s 6 are each amended to read as follows:

(1) There shall be paid to the department for all commercial fertilizers distributed in this state to nonregistrants or nonlicensees an inspection fee of ~~((fifteen))~~ twenty cents per ton of lime and ~~((thirty))~~ thirty-five cents per ton of all other commercial fertilizer distributed during the year beginning July 1st and ending June 30th.

(2) Distribution of commercial fertilizers for shipment to points outside this state may be excluded.

(3) When more than one distributor is involved in the distribution of a commercial fertilizer, the last registrant or licensee who distributes to a nonregistrant or nonlicensee is responsible for paying the inspection fee, unless the payment of fees has been made by a prior distributor of the fertilizer.

(1) Every registrant or licensee who distributes commercial fertilizer in this state must file a semiannual report on forms provided by the department stating the number of net tons of each commercial fertilizer distributed in this state.

~~((2))~~ (3) Upon permission of the department, a person distributing in the state less than one hundred tons for each six-month period during any annual reporting period of July 1st through June 30th may submit an annual report on a form provided by the department that is due on the July 31st following the period. The department may accept sales records or other records accurately reflecting the tonnage sold and verifying such reports.

~~((2))~~ (3) Each person responsible for the payment of inspection fees for commercial fertilizer distributed in this state must include the inspection fees with each semiannual or annual report. If in an annual reporting period a registrant or licensee distributes less than ~~((eighty-three))~~ one hundred forty-three tons of commercial fertilizer or less than ~~((one hundred sixty-seven))~~ two hundred fifty tons of commercial lime or equivalent combination of the two, the registrant or licensee must pay the minimum inspection fee of ~~((twenty-five))~~ fifty dollars.

~~((3))~~ (4) The department may, upon request, require registrants or licensees to furnish information setting forth the net tons of commercial fertilizer distributed to each location in this state.

~~((4))~~ (5) If the semiannual or annual report indicates that zero tons of commercial fertilizer were distributed during the reporting period, the person responsible for completing the report must pay a filing fee of twelve dollars and fifty cents for a semiannual report or twenty-five dollars for an annual report.

(6)(a) If a complete report is not received by the due date, the person responsible for filing the report must pay a late fee of ~~((twenty-five))~~ fifty dollars.

(b) If the appropriate inspection fees are not received by the due date, the person responsible for paying the inspection fee must pay a late fee equal to ten percent of the inspection fee owed or ~~((twenty-five))~~ fifty dollars, whichever is greater.

~~((c) Payment of a late fee does not prevent the department from taking any other action authorized by this chapter for the violation.~~

~~(5)) (7) It is a misdemeanor for any person to divulge any information provided under this section that would reveal the business operation of the person making the report. However, nothing contained in this subsection may be construed to prevent or make unlawful the use of information concerning the business operations of a person in any action, suit, or proceeding instituted under the authority of this chapter, including any civil action for the collection of unpaid inspection fees, which action is authorized and which shall be as an action at law in the name of the director of the department.~~

~~(8) Payment of late fees or filing fees provided for under this section does not prevent the department from taking any other action authorized by this chapter for the violation.~~

NEW SECTION. Sec. 5. All new or renewal applications for registration under this act received on or after the effective date of this section are subject to the provisions of this act, including all fees required by this act.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 1, 2021."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that the COVID-19 pandemic exposed the importance of internet-accessible learning devices for the ability of students to receive a modern education. When Washington schools closed in March 2020, schools and school districts shifted quickly to offering education in an online environment. Teachers adapted their

lessons for videoconferencing platforms and arranged for students to submit homework via email. However, limited opportunities for in-person instruction amplified digital deserts and disparities among students that are likely to continue to grow for the foreseeable future.

(2) The legislature finds that students from low-income families face disproportionate barriers to accessing learning over the internet in their homes, partly because they do not have internet-accessible devices appropriate for learning. The legislature also recognizes that accessing learning over the internet requires more than just an internet-accessible device appropriate for learning. For students and their families to be truly connected, they need the digital literacy, digital skills, and digital support to use internet-accessible devices and to navigate the web in support of student learning.

(3) Therefore, the purposes of this act are to: (a) Accelerate student access to learning devices and related goods and services; (b) expand training programs and technical assistance on using technology to support student learning; and (c) build the capacity of schools and districts to support digital navigation services for students and their families.

Sec. 2. RCW 28A.650.010 and 2017 c 90 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Digital citizenship" includes the norms of appropriate, responsible, and healthy behavior related to current technology use, including digital and media literacy, ethics, etiquette, and security. The term also includes the ability to access, analyze, evaluate, develop, produce, and interpret media, as well as internet safety and cyberbullying prevention and response.

~~(2) ("Education technology" or "technology" means the effective use of electronic and optical tools, including telephones, and electronic and optical pathways in helping students learn.~~

~~(3) "Network" means integrated linking of education technology systems in schools for transmission of voice, data, video, or imaging, or a combination of these;)) "Learning device" means an internet-accessible computer, tablet, or other device, with an appropriate operating system, software applications, and data security, that can be used to access curricula, educational web applications and websites, and learning management systems, and with telecommunications capabilities sufficient for videoconferencing.~~

NEW SECTION. Sec. 3. A new section is added to chapter 28A.650 RCW to read as follows:

(1) Each educational service district shall provide technology consultation, procurement, and training, in consultation with teacher-librarians through school library information and technology programs as defined in RCW 28A.320.240, and as described in this section. An educational service district may meet the requirements of this section in cooperation with one or more other educational service districts.

(2) Technology consultation involves providing technical assistance and guidance to local school districts related to technology needs and financing, and may include consultation with other entities.

(3)(a) Technology procurement involves negotiating for local school district purchasing and leasing of learning devices and peripheral devices, learning management systems, cybersecurity protection, device insurance, and other technology-related goods and services.

(b) When selecting goods and services for procurement, the educational service district must consider a variety of student needs, as well as accessibility, age appropriateness, privacy and

security, data storage and transfer capacity, and telecommunications capability.

(c) Technology procurement may be performed in consultation and contract with the department of enterprise services under chapter 39.26 RCW.

(4) Technology training involves developing and offering direct services to local school districts related to staff development and capacity building to provide digital navigation services to students and their families. The educational service districts must seek to consult teacher-librarians and other relevant information technology programs to determine where there is a need and focus for this training. These services may be provided on a fee-for-service basis.

(5) Technology consultation, procurement, and training under this section must be provided to local public schools, as defined in RCW 28A.150.010, the Washington center for deaf and hard of hearing youth, and the school for the blind, in addition to local school districts. NEW SECTION. Sec. 4. A new section is added to chapter 28A.650 RCW to read as follows:

BERNARD DEAN, Chief Clerk

REPORT OF THE CONFERENCE COMMITTEE

Engrossed Second Substitute Senate Bill No. 5237

April 21, 2021

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Second Substitute Senate Bill No. 5237, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. SHORT TITLE. This act may be known and cited as the fair start for kids act.

NEW SECTION. Sec. 2. INTENT. (1) The legislature finds that high quality child care and early learning is critical to a child's success in school and life. The legislature recognizes that COVID-19 has devastated the existing child care industry, making it unduly burdensome for families to find care. The legislature recognizes that without immediate action to support child care providers, and without expanded access to affordable child care, especially infant and school-age care, parents will not be able to return to work while children lose valuable learning

opportunities. In order to bolster a full economic recovery, the legislature finds that every child deserves a fair start.

(2) The legislature finds that access to affordable child care increases economic growth and labor force participation. The legislature further finds that an affordable, accessible system of high quality child care is necessary to the health of Washington's economy because employers benefit when parents have safe, stable, and appropriate care for their children. The legislature recognizes that too many working parents are forced to reduce their hours, decline promotional opportunities, or leave the workforce completely due to a lack of affordable and appropriate child care. The legislature finds that a report commissioned by the department of commerce in 2019 found that working parents in Washington forego \$14,000,000,000 each year directly due to child care scarcity. The legislature recognizes that this disproportionately impacts women in the workforce and that in September 2020 alone, 78,000 men left the workforce, compared to 600,000 women.

(3) The legislature recognizes that quality child care can be a stabilizing factor for children experiencing homelessness, and is a proven protective factor against the impacts of trauma they may experience. Access to child care is also a necessary support for families with young children in resolving homelessness and securing employment.

(4) The legislature finds that the scarcity of child care, exacerbated by COVID-19, most significantly impacts families furthest from opportunity. The legislature recognizes that there are additional barriers to accessing this foundational support for immigrant communities and families whose first language is not English, families who have children with disabilities, rural communities, or other child care deserts. The legislature recognizes that high quality, inclusive child care and early learning programs have been shown to reduce the opportunity gap for low-income children and black, indigenous, and children of color while consistently improving outcomes for all children both inside and outside of the classroom.

(5) The legislature finds that without access to comprehensive, high quality prenatal to five services, children often enter kindergarten without the social-emotional, physical, cognitive, and language skills they need to be successful and fall behind their peers, facing compounding developmental challenges throughout their K-12 education. The legislature finds that cascading impacts of inaccessible child care and early learning programs create systemic barriers for children and their families that result in higher special education needs, greater likelihood of needing to repeat grades, increased child welfare and juvenile justice involvement, reduced high school graduation rates, limited postsecondary education attainment, and greater barriers to employment in adulthood.

(6) The legislature finds the vast majority of child care providers are small businesses and nonprofit organizations. In addition to adhering to federal, state, and local regulations to ensure healthy and safe environments for children, the legislature recognizes that child care providers must ensure their employees are adequately compensated and supported. However, the legislature acknowledges that the reduced staffing ratios for health and safety, additional cost of personal protective equipment and extra cleaning supplies, increased use of substitutes needed during COVID-19-related absences, and increased technology demands during school closures from the pandemic are further straining the viability of the child care business model in Washington state.

(7) The legislature finds that the health and stability of the early learning workforce is pivotal to any expansion of child care in Washington state. The legislature recognizes that the child care workforce, predominantly comprised of women of color, is

structurally afflicted by low wages, limited or no health care, and a severe lack of retirement benefits. The legislature further recognizes that the threat of COVID-19 compounds these underlying issues, forcing providers to navigate increased stress, anxiety, and behavioral issues all while risking their lives to care for children. The legislature recognizes that families, friends, and neighbors who provide care are a critical component of the child care system. The legislature finds that child care workers are essential and deserve to be compensated and benefited accordingly.

(8) Therefore, the legislature resolves to respond to the COVID-19 crisis by first stabilizing the child care industry and then expanding access to a comprehensive continuum of high quality early childhood development programs, including infant and school-age child care, preschool, parent and family supports, and prenatal to three services. The legislature recognizes this continuum as critical to meeting different families' needs and offering every child in Washington access to a fair start.

(9) The legislature recognizes that the federal government has provided substantial additional funding through the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M., and the American rescue plan act of 2021. The purpose of the additional federal funding is to ensure access to affordable child care and stabilize and support child care providers affected by COVID-19. Therefore, it is the intent of the legislature to use the additional federal funding to supplement state funding in order to accelerate these investments.

(10) The legislature recognizes the strengths that multilingual, diverse early learning providers and caregivers contribute to early learning across the state. Therefore, the legislature intends to expand language access services to create an inclusive early learning system that specifically supports underserved providers.

(11) The legislature intends to expand eligibility for existing child care and preschool programs to increase access. The legislature recognizes that expansion must be accompanied by an investment to make child care more affordable. Therefore, the legislature intends to eliminate copayments for low-income families and limit copayments for any family on subsidy to no more than seven percent of their income.

(12) The legislature further intends to stabilize, support, and grow the diverse early learning workforce by funding living wages and affordable health benefits while providing training, infant and early childhood mental health consultation, shared business services, and a variety of other supports that recognize the critical role that early learning providers serve for all Washington children.

(13) The legislature intends to accelerate Washington's economic recovery from the devastating impacts of COVID-19 by dramatically expanding access to affordable, high quality child care and preschool, in order to get parents back to work and provide every child with a fair start.

~~(i) A single parent;~~

~~(ii) A) a full-time student of a community, technical, or tribal college(;) and ((iii) Pursuing) is enrolled in: (i) A vocational education program that leads to a degree or certificate in a specific occupation(, not to result in a bachelor's or advanced degree);~~

(c) Nothing in this subsection is intended to change how applicants or consumers are prioritized when applicants or consumers are placed on a waitlist for working connections child care benefits.

(d) Subject to the availability of amounts appropriated for this specific purpose, the department may extend the provisions of this subsection (4) to full-time students who are enrolled in a bachelor's degree program or applied baccalaureate degree program.

The legislature further finds that eligibility guidelines require reduced-price meals for children with household incomes at or below 185 percent of the federal poverty level and that this income level is approximately equivalent to 50 percent of the state median income for a household of three.

(2) Therefore, the legislature intends to raise the maximum family income for children entitled to enroll in the early childhood education and assistance program to 36 percent of the state median income beginning July 1, 2026. (2) This section expires January 30, 2025)) to recommend subsidy rates at levels that are sufficient to compensate licensed or certified child care providers for the full costs of providing high quality child care. The department shall consider:

(i) Adjusting rates to reflect cost of living such as area median income, cost of living by zip code, and grouping by categories such as rural, suburban, or urban; and

(ii) Incorporating the rate model for nonstandard child care hours developed under section 306 of this act.

(b) The department shall build upon the work of the child care collaborative task force to evaluate options to support access to affordable health care insurance coverage for licensed or certified child care providers.

(2) This section expires June 30, 2022.

NEW SECTION. Sec. 307. EARLY CHILDHOOD EQUITY GRANTS. (b) Provide application materials in the five most commonly spoken languages in the state and broadly communicate using a variety of strategies to reach diverse communities;

Professional development supports may include:

The department must establish conditions for such waivers by rule and must assess, at a minimum, the provider's available square footage and staffing capabilities prior to issuing any waiver of the limit of 12 children.

NEW SECTION. Sec. 314. SUPPORT FOR CHILD CARE DESERTS. (3) This section expires June 30, 2026.

PART IV

STRENGTHENING PRENATAL TO THREE SUPPORTS

NEW SECTION. Sec. 401. PRENATAL TO THREE INTENT. (1) The legislature finds that parental relationships and healthy interactions in the first few years of life help shape the development of babies' and toddlers' brains and bodies. Eighty percent of the brain is developed by the age of three and parents are a child's first teachers.

(2) The legislature finds that the federal family first prevention services act (P.L. 115-123) offers the state the opportunity to leverage federal funding for certain programs, including in-home parent skill-based programs, substance use disorder support, and mental health interventions. Culturally relevant, evidence-based programs that may qualify for these federal funds are limited. Therefore, state support may be necessary to serve traditionally underrepresented communities and increase positive engagement from parents and caregivers of children from before birth to age three.

(3) The legislature finds that small teacher-child ratios for infant and toddler care, as well as the existence of child care deserts with low levels of access to care for the birth to three age group, contribute to higher expenses for providers and families with babies and young children.

(4) Therefore, the legislature intends to expand parent and family education and support, incentivize the provision of infant and toddler care, and make early therapeutic and preventative services more readily available to families and young children.

NEW SECTION. Sec. 402. EDUCATION AND SUPPORT FOR PARENTS AND FAMILY, FRIEND, AND

NEIGHBOR CAREGIVERS. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a prenatal to three family engagement strategy to support expectant parents, babies and toddlers from birth to three years of age, and their caregivers.

(2) Components of the prenatal to three family engagement strategy must include supports and services to improve maternal and infant health outcomes, reduce and mitigate trauma, promote attachment and other social-emotional assets, strengthen parenting skills, and provide early supports to help maximize healthy and robust childhood development and reduce isolation. Services and supports may include:

(a) In-home parent skill-based programs and training established in RCW 43.216.130;

(b) Facilitated play and learn groups;

(c) Parent peer-support groups, including groups designed for families with children with complex needs; families whose primary home language is not English; incarcerated parents; families coping with substance use disorder or mental health support needs; black, indigenous, and families of color; or other specific needs; and

(d) Other prenatal to age three programs and services.

(3) Continuity of services for babies and toddlers are important for early childhood brain development. Therefore, the services and supports described in this section may be made available to biological parents, foster parents, kinship care providers, and other family, friend, and neighbor caregivers.

Sec. 403. RCW 43.216.578 and 2019 c 408 s 8 are each amended to read as follows:

BIRTH TO THREE EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) ~~((Within resources available under the federal preschool development grant birth to five grant award received in December 2018,))~~ Subject to the availability of amounts appropriated for this specific purpose, the department shall ~~((develop a plan for phased implementation of))~~ administer a birth to three early childhood education and assistance program ~~((pilot project))~~ for eligible children under thirty-six months old. Funds to implement the ~~((pilot project))~~ program may include a combination of federal, state, or private sources.

(2) The department may adopt rules to implement the ~~((pilot project))~~ program and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The officer must consider alternatives to the vehicular pursuit, the justification for the vehicular pursuit, and other safety considerations, including but not limited to speed, weather, traffic, road conditions, and the known presence of minors in the vehicle. The officer must terminate the vehicular pursuit if any of the requirements of this subsection are not met.

(2) A pursuing officer shall comply with any agency procedures for designating the primary pursuit vehicle and determining the appropriate number of vehicles permitted to participate in the vehicular pursuit and comply with any agency procedures for coordinating operations with other jurisdictions, including available tribal police departments when applicable.

(3) A peace officer may not fire a weapon upon a moving vehicle unless necessary to protect against an imminent threat of serious physical harm resulting from the operator's or a passenger's use of a deadly weapon. For the purposes of this subsection, a vehicle is not considered a deadly weapon unless the operator is using the vehicle as a deadly weapon and no other reasonable means to avoid potential serious harm are immediately available to the officer.

(4) For purposes of this section, "vehicular pursuit" means an attempt by a uniformed peace officer in a vehicle equipped with emergency lights and a siren to stop a moving vehicle where the operator of the moving vehicle appears to be aware that the officer is signaling the operator to stop the vehicle and the operator of the moving vehicle appears to be willfully resisting or ignoring the officer's attempt to stop the vehicle by increasing vehicle speed, making evasive maneuvers, or operating the vehicle in a reckless manner that endangers the safety of the community or the officer.

Sec. 8. RCW 10.31.040 and 2010 c 8 s 1030 are each amended to read as follows:

(1) To make an arrest in criminal actions, the officer may break open any outer or inner door, or windows of a dwelling house or other building, or any other (~~enclosure~~ ~~enclosure~~) enclosure, if, after notice of his or her office and purpose, he or she be refused admittance.

(2) An officer may not seek and a court may not issue a search or arrest warrant granting an express exception to the requirement for the officer to provide notice of his or her office and purpose when executing the warrant.

NEW SECTION. Sec. 9. RCW 43.101.226 (Vehicular pursuits—Model policy) and 2003 c 37 s 2 are each repealed.

NEW SECTION. Sec. 10. Sections 1 through 7 of this act constitute a new chapter in Title 10 RCW."

On page 1, line 2 of the title, after "officers;" strike the remainder of the title and insert "amending RCW 10.31.040; adding a new chapter to Title 10 RCW; repealing RCW 43.101.226; and providing an expiration date."

REPORT OF THE CONFERENCE COMMITTEE
 Engrossed Second Substitute House Bill No. 1310
 April 22, 2021

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Second Substitute House Bill No. 1310, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that additional clarity is necessary following the passage of Initiative Measure No. 940 (chapter 1, Laws of 2019) and Substitute House Bill No. 1064 (chapter 4, Laws of 2019). The legislature intends to address excessive force and discriminatory policing by establishing a requirement for law enforcement and community corrections officers to act with reasonable care when carrying out their duties, including using de-escalation tactics and alternatives to deadly force. Further, the legislature intends to address public safety concerns by limiting the use of deadly force to very narrow circumstances where there is an imminent threat of serious physical injury or death. It is the intent of the legislature that when practicable, peace officers will use the least amount of physical force necessary to overcome actual resistance under the circumstances.

It is the fundamental duty of law enforcement to preserve and protect all human life.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Law enforcement agency" includes any "general authority Washington law enforcement agency" and any "limited authority Washington law enforcement agency" as those terms are defined in RCW 10.93.020.

(2) "Less lethal alternatives" include, but are not limited to, verbal warnings, de-escalation tactics, conducted energy weapons, devices that deploy oleoresin capicum, batons, and beanbag rounds.

(3) "Peace officer" includes any "general authority Washington peace officer," "limited authority Washington peace officer," and "specially commissioned Washington peace officer" as those terms are defined in RCW 10.93.020; however, "peace officer" does not include any corrections officer or other employee of a jail, correctional, or detention facility, but does include any community corrections officer.

NEW SECTION. Sec. 3. (1)(a) Except as otherwise provided under this section, a peace officer may use physical force against a person when necessary to: Protect against criminal conduct where there is probable cause to make an arrest; effect an arrest; prevent an escape as defined under chapter 9A.76 RCW; or protect against an imminent threat of bodily injury to the peace

officer, another person, or the person against whom force is being used.

(b) A peace officer may use deadly force against another person only when necessary to protect against an imminent threat of serious physical injury or death to the officer or another person. For purposes of this subsection (1)(b):

(i) "Imminent threat of serious physical injury or death" means that, based on the totality of the circumstances, it is objectively reasonable to believe that a person has the present and apparent ability, opportunity, and intent to immediately cause death or serious bodily injury to the peace officer or another person.

(ii) "Necessary" means that, under the totality of the circumstances, a reasonably effective alternative to the use of deadly force does not exist, and that the amount of force used was a reasonable and proportional response to the threat posed to the officer and others.

(iii) "Totality of the circumstances" means all facts known to the peace officer leading up to and at the time of the use of force, and includes the actions of the person against whom the peace officer uses such force, and the actions of the peace officer.

(2) A peace officer shall use reasonable care when determining whether to use physical force and when using any physical force against another person. To that end, a peace officer shall:

(a) When possible, exhaust available and appropriate de-escalation tactics prior to using any physical force, such as: Creating physical distance by employing tactical repositioning and repositioning as often as necessary to maintain the benefit of time, distance, and cover; when there are multiple officers, designating one officer to communicate in order to avoid competing commands; calling for additional resources such as a crisis intervention team or mental health professional when possible; calling for back-up officers when encountering resistance; taking as much time as necessary, without using physical force or weapons; and leaving the area if there is no threat of imminent harm and no crime has been committed, is being committed, or is about to be committed;

(b) When using physical force, use the least amount of physical force necessary to overcome resistance under the circumstances. This includes a consideration of the characteristics and conditions of a person for the purposes of determining whether to use force against that person and, if force is necessary, determining the appropriate and least amount of force possible to effect a lawful purpose. Such characteristics and conditions may include, for example, whether the person: Is visibly pregnant, or states that they are pregnant; is known to be a minor, objectively appears to be a minor, or states that they are a minor; is known to be a vulnerable adult, or objectively appears to be a vulnerable adult as defined in RCW 74.34.020; displays signs of mental, behavioral, or physical impairments or disabilities; is experiencing perceptual or cognitive impairments typically related to the use of alcohol, narcotics, hallucinogens, or other drugs; is suicidal; has limited English proficiency; or is in the presence of children;

(c) Terminate the use of physical force as soon as the necessity for such force ends;

(d) When possible, use available and appropriate less lethal alternatives before using deadly force; and

(e) Make less lethal alternatives issued to the officer reasonably available for their use.

(3) A peace officer may not use any force tactics prohibited by applicable departmental policy, this chapter, or otherwise by law, except to protect his or her life or the life of another person from an imminent threat.

(4) Nothing in this section prevents a law enforcement agency or political subdivision of this state from adopting policies or standards with additional requirements for de-escalation and

2021 REGULAR SESSION

greater restrictions on the use of physical and deadly force than provided in this section.

NEW SECTION. Sec. 4. (1) By July 1, 2022, the attorney general shall develop and publish model policies on law enforcement's use of force and de-escalation tactics consistent with section 3 of this act.

(2) By December 1, 2022, all law enforcement agencies shall: Adopt policies consistent with the model policies and submit copies of the applicable policies to the attorney general; or, if the agency did not adopt policies consistent with the model policies, provide notice to the attorney general stating the reasons for any departures from the model policies and an explanation of how the agency's policies are consistent with section 3 of this act, including a copy of the agency's relevant policies. After December 1, 2022, whenever a law enforcement agency modifies or repeals any policies pertaining to the use of force or de-escalation tactics, the agency shall submit notice of such action with copies of any relevant policies to the attorney general within 60 days.

(3) By December 31st of each year, the attorney general shall publish on its website a report on the requirements of this section, including copies of the model policies, information as to the status of individual agencies' policies, and copies of any agency policies departing from the model policies.

NEW SECTION. Sec. 5. A new section is added to chapter 43.101 RCW to read as follows:

The basic training provided to criminal justice personnel by the commission must be consistent with the standards in section 3 of this act and the model policies established by the attorney general under section 4 of this act.

Sec. 6. RCW 43.101.450 and 2019 c 1 s 3 (Initiative Measure No. 940) are each amended to read as follows:

(1) Beginning one year after December 6, 2018, all law enforcement officers in the state of Washington must receive violence de-escalation training. Law enforcement officers beginning employment after December 6, 2018, must successfully complete such training within the first (~~fifteen~~) 15 months of employment. The commission shall set the date by which other law enforcement officers must successfully complete such training.

(2) All law enforcement officers shall periodically receive continuing violence de-escalation training to practice their skills, update their knowledge and training, and learn about new legal requirements and violence de-escalation strategies.

(3) The commission shall set training requirements through the procedures in RCW 43.101.455.

(4) Violence de-escalation training provided under this section must be consistent with section 3 of this act and the model policies established by the attorney general under section 4 of this act.

(5) The commission shall submit a report to the legislature and the governor by January 1st and July 1st of each year on the implementation of and compliance with subsections (1) and (2) of this section. The report must include data on compliance by agencies and officers. The report may also include recommendations for any changes to laws and policies necessary to improve compliance with subsections (1) and (2) of this section.

NEW SECTION. Sec. 7. RCW 10.31.050 (Officer may use force) and 2010 c 8 s 1031, Code 1881 s 1031, 1873 p 229 s 211, & 1854 p 114 s 75 are each repealed.

NEW SECTION. Sec. 8. Sections 2 through 4 of this act constitute a new chapter in Title 10 RCW.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill or chapter number,

is not provided by June 30, 2021, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "officers;" strike the remainder of the title and insert "amending RCW 43.101.450; adding a new section to chapter 43.101 RCW; adding a new chapter to Title 10 RCW; creating new sections; and repealing RCW 10.31.050."

MESSAGE FROM THE HOUSE

April 11, 2021

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5383 with the following amendment(s): 5383-S2 AMH ENGR H1463.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the COVID-19 pandemic has made it clear that equitable access to education can only happen with equitable access to reliable broadband. Increasing broadband access to unserved areas of the state is of vital importance to increasing quality of life, broadening educational opportunities, and promoting economic inclusion in the parts of our state that, without broadband access, cannot fully participate in modern society. The legislature further finds that one of the most effective tools to ensure all Washingtonians have an opportunity to equitably access education, the job market, and health care resources is to allow our public utility districts and port districts to provide retail telecommunications services.

Sec. 2. RCW 54.16.330 and 2019 c 365 s 9 are each amended to read as follows:

(1)(a) A public utility district in existence on June 8, 2000, may construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits for the following purposes:

- (i) For the district's internal telecommunications needs;
- (ii) For the provision of wholesale telecommunications services (~~(within)~~) as follows:

(A) Within the district and by contract with another public utility district;

(B) Within an area in an adjoining county that is already provided electrical services by the district; or

(C) Within an adjoining county that does not have a public utility district providing electrical or telecommunications services headquartered within the county's boundaries, but only if the district providing telecommunications services is not authorized to provide electrical services(-

~~(b) Except as provided in subsection (8) of this section, nothing in this section shall be construed to authorize public utility districts to provide telecommunications services to end users); or~~

(iii) For the provision of retail telecommunications services as authorized in this section.

(2) A public utility district providing wholesale or retail telecommunications services shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a public utility district offering rates, terms, and conditions to an entity for wholesale or retail telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) A public utility district providing wholesale or retail telecommunications services shall not be required to, but may, establish a separate utility system or function for such purpose. In either case, a public utility district providing wholesale or retail telecommunications services shall separately account for any revenues and expenditures for those services according to standards established by the state auditor pursuant to its authority in chapter 43.09 RCW and consistent with the provisions of this title. Any revenues received from the provision of wholesale or retail telecommunications services must be dedicated to costs incurred to build and maintain any telecommunications facilities constructed, installed, or acquired to provide such services, including payments on debt issued to finance such services, until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance such telecommunications facilities are discharged or retired.

(4) When a public utility district provides wholesale or retail telecommunications services, all telecommunications services rendered to the district for the district's internal telecommunications needs shall be allocated or charged at its true and full value. A public utility district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale or retail telecommunications services.

(5) If a person or entity receiving retail telecommunications services from a public utility district under this section has a complaint regarding the reasonableness of the rates, terms, conditions, or services provided, the person or entity may file a complaint with the district commission.

(6) A public utility district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(7) Except as otherwise specifically provided, a public utility district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a public utility district under this title.

(8)(a) If an internet service provider operating on telecommunications facilities of a public utility district that provides wholesale telecommunications services but does not provide retail telecommunications services, ceases to provide access to the internet to its end-use customers, and no other retail service providers are willing to provide service, the public utility district may provide retail telecommunications services to the end-use customers of the defunct internet service provider in order for end-use customers to maintain access to the internet until a replacement internet service provider is, or providers are, in operation.

(b) Within thirty days of an internet service provider ceasing to provide access to the internet, the public utility district must initiate a process to find a replacement internet service provider

or providers to resume providing access to the internet using telecommunications facilities of a public utility district.

(c) For a maximum period of five months, following initiation of the process begun in (b) of this section, or, if earlier than five months, until a replacement internet service provider is, or providers are, in operation, the district commission may establish a rate for providing access to the internet and charge customers to cover expenses necessary to provide access to the internet.

(9) The tax treatment of the retail telecommunications services provided by a public utility district to the end-use customers during the period specified in subsection (8) of this section must be the same as if those retail telecommunications services were provided by the defunct internet service provider.

(10)(a) A public utility district may provide retail telecommunications services to end users in unserved areas.

(b) A public utility district must notify and consult with the governor's statewide broadband office within 30 days of its decision to provide retail telecommunications services to unserved areas. The governor's statewide broadband office must post notices received from a public utility district pursuant to this subsection on its public website.

(c) Any public utility district that intends to provide retail telecommunications services to unserved areas must submit a telecommunications infrastructure and service plan to the governor's statewide broadband office that will be published on the office's website. Submission of plans will enable the governor's statewide broadband office: (i) To better understand infrastructure deployment; (ii) to potentially allocate funding for unserved areas; (iii) to advance the state policy objectives; (iv) to determine whether the plan aligns with state policy objectives and broadband priorities; (v) to measure progress toward serving those in unserved areas; (vi) to report on the feasibility and sustainability of the project; and (vii) to confirm that the project is within an unserved area. The telecommunications infrastructure and service plans shall include, but not be limited to, the following:

(A) Map and description of how the deployment of proposed broadband infrastructure will achieve at a minimum 100 megabits per second download speed and at a minimum 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas;

(B) Project timeline prioritization of unserved areas; and

(C) Description of potential state and federal funding available to provide service to the unserved area.

(d) A public utility district that exercises its authority under (a) of this subsection to provide retail telecommunications services may use state funds, federal funds appropriated through the state, or federal funds dedicated for projects in unserved areas to fund projects identified in the submitted telecommunications infrastructure and service plan required in (c) of this subsection.

(e) A public utility district providing retail telecommunications services under this subsection must operate an open access network.

(f) This section does not apply to retail internet services provided by a public utility district under RCW 54.16.420.

(g) Provisions in this subsection do not apply to the provision of wholesale telecommunications services authorized in this section.

(h) For the purposes of this subsection:

(i) "Open access network" means a network that, during the useful life of the infrastructure, ensures service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employs accountable interconnection arrangements published and available publicly.

(ii) "Unserved areas" means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload.

Sec. 3. RCW 53.08.370 and 2019 c 365 s 10 are each amended to read as follows:

(1) A port district in existence on June 8, 2000, may construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits for the following purposes:

(a) For the district's own use; ~~(and)~~

(b) For the provision of wholesale telecommunications services within or without the district's limits ~~(Nothing in this subsection shall be construed to authorize port districts to provide telecommunications services to end users); or~~

(c) For the provision of retail telecommunications services as authorized in this section.

(2) Except as provided in subsection (9) of this section, a port district providing wholesale telecommunications services under this section shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a port district offering such rates, terms, and conditions to an entity for wholesale telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) When a port district establishes a separate utility function for the provision of wholesale telecommunications services, it shall account for any and all revenues and expenditures related to its wholesale telecommunications facilities and services separately from revenues and expenditures related to its internal telecommunications operations. Any revenues received from the provision of wholesale telecommunications services must be dedicated to the utility function that includes the provision of wholesale telecommunications services for costs incurred to build and maintain the telecommunications facilities until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance the telecommunications facilities are discharged or retired.

(4) When a port district establishes a separate utility function for the provision of wholesale telecommunications services, all telecommunications services rendered by the separate function to the district for the district's internal telecommunications needs shall be charged at its true and full value. A port district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale telecommunications services.

(5) A port district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(6) Except as otherwise specifically provided, a port district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a port district under this title.

(7) A port district that has not exercised the authorities provided in this section prior to June 7, 2018, must develop a business case plan before exercising the authorities provided in this section. The port district must procure an independent qualified consultant to review the business case plan, including the use of public funds in the provision of wholesale telecommunications services. Any recommendations or adjustments to the business case plan made during third-party review must be received and either rejected or accepted by the port commission in an open meeting.

ONE HUNDRED THIRD DAY, APRIL 23, 2021

2021 REGULAR SESSION

(8) A port district with telecommunications facilities for use in the provision of wholesale telecommunications in accordance with subsection (1)(b) of this section may be subject to local leasehold excise taxes under RCW 82.29A.040.

(9)(a) A port district under this section may select a telecommunications company to operate all or a portion of the port district's telecommunications facilities.

(b) For the purposes of this section "telecommunications company" means any for-profit entity owned by investors that sells telecommunications services to end users.

(c) Nothing in this subsection (9) is intended to limit or otherwise restrict any other authority provided by law.

(10)(a) A port district may provide retail telecommunications services to end users in unserved areas.

(b) A port district must notify and consult with the governor's statewide broadband office within 30 days of its decision to provide retail telecommunications services to unserved areas. The governor's statewide broadband office must post notices received from a port district pursuant to this subsection on its public website.

(c) Any port district that intends to provide retail telecommunications services to unserved areas must submit a telecommunications infrastructure and service plan to the governor's statewide broadband office that will be published on the office's website. Submission of plans will enable the governor's statewide broadband office: (i) To better understand infrastructure deployment; (ii) to potentially allocate funding for unserved areas; (iii) to advance the state policy objectives; (iv) to determine whether the plan aligns with state policy objectives and broadband priorities; (v) to measure progress toward serving those in unserved areas; (vi) to report on the feasibility and sustainability of the project; and (vii) to confirm that the project is within an unserved area. The telecommunications infrastructure and service plans shall include, but not be limited to, the following:

(A) Map and description of how the deployment of proposed broadband infrastructure will achieve at a minimum 100 megabits per second download speed and at a minimum 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas;

(B) Project timeline prioritization of unserved areas; and

(C) Description of potential state and federal funding available to provide service to the unserved area.

(d) A port district that exercises its authority under (a) of this subsection to provide retail telecommunications services may use state funds, federal funds appropriated through the state, or federal funds dedicated for projects in unserved areas to fund projects identified in the submitted telecommunications infrastructure and service plan required in (c) of this subsection.

(e) A port district providing retail telecommunications services under this subsection must operate an open access network.

(f) Provisions in this subsection do not apply to the provision of wholesale telecommunications services authorized in this section.

(g) For the purposes of this subsection:

(i) "Open access network" means a network that, during the useful life of the infrastructure, ensures service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employs accountable interconnection arrangements published and available publicly.

(ii) "Unserved areas" means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload.

Sec. 4. RCW 43.330.538 and 2019 c 365 s 6 are each amended to read as follows:

(1)(a) Beginning January 1, 2021, and biennially thereafter, the office shall report to the legislative committees with jurisdiction over broadband policy and finance on the office's activities during the previous two years.

~~((2))~~ (b) The report must, at a minimum, contain:

~~((1))~~ (i) An analysis of the current availability and use of broadband, including average broadband speeds, within the state;

~~((2))~~ (ii) Information gathered from schools, libraries, hospitals, and public safety facilities across the state, determining the actual speed and capacity of broadband currently in use and the need, if any, for increases in speed and capacity to meet current or anticipated needs;

~~((3))~~ (iii) An overview of incumbent broadband infrastructure within the state;

~~((4))~~ (iv) A summary of the office's activities in coordinating broadband infrastructure development with the public works board, including a summary of funds awarded under RCW 43.155.160;

~~((5))~~ (v) Suggested policies, incentives, and legislation designed to accelerate the achievement of the goals under RCW 43.330.536; and

~~((6))~~ (vi) Any proposed legislative and policy initiatives.

(2)(a) By December 31, 2022, the office must submit a report to the governor and the appropriate committees of the legislature regarding the provision of retail telecommunications services to unserved areas by public utility districts and port districts as provided in RCW 54.16.330(10) and 53.08.370(10).

(b) The report must, at a minimum, contain:

(i) The number of public utility districts and port districts providing retail telecommunications services in an unserved area authorized in RCW 54.16.330(10) and 53.08.370(10); and

(ii) Any recommendations to improve the provision of retail telecommunications services in unserved areas."

Concerning the capital budget.

MOTION

Senator Frockt moved that the following striking floor amendment no. 919 by Senator Frockt be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2023, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2022" or "FY 2022" means the period beginning July 1, 2021, and ending June 30, 2022.

(b) "Fiscal year 2023" or "FY 2023" means the period beginning July 1, 2022, and ending June 30, 2023.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2023-2025 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2021, from the 2019-2021 biennial appropriations for each project.

NEW SECTION. Sec. 1064. FOR THE DEPARTMENT OF COMMERCE

2021-23 Clean Energy V - Investing in Washington's Clean Energy (40000148)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes and communities with high environmental or energy burdens.

(2) The 2021 state energy strategy must guide the department in the design of programs under this section, using an equity and environmental justice lens for program structure and participation. To the extent practicable, the department must prioritize projects that build upon Washington's existing strengths in communities, aerospace, maritime, information and communications technology (particularly data center infrastructure, artificial intelligence and machine learning), grid modernization, advanced materials, and decarbonizing the built environment.

(3) Subject to the availability of funds, the department must reconvene an advisory committee to support involvement of a broad range of stakeholders in the design and implementation of programs implemented under this section to encourage collaboration, leverage partners, and engage communities and organizations in improving the equitable distribution of benefits from the program.

(4) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and

(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all

applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(5) During project solicitation periods for grants funded with this appropriation, the department must maintain a list of applicants by grant program that scored competitively but did not receive a grant award due to lack of available funding. These applicants must be considered for funding during future grant award cycles. If the department submits a 2022 supplemental budget request for this program, the request must include a list of prioritized projects by grant type.

(6)(a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past 24 months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The requirements in subsections (4) and (6) of this section must be specified in funding agreements issued by the department.

(8) \$17,594,000 of the state building construction account—state appropriation is provided solely for grid modernization grants.

(a)(i) \$11,000,000 is provided solely for projects that: Advance community resilience, clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources and sustainable microgrids; and support state decarbonization goals pursuant to the clean energy transformation act, including requirements placed upon retail electric utilities.

(ii) Projects must be implemented by community organizations, local governments, federally recognized tribal governments, or by public and private electrical utilities that serve retail customers in the state (retail electric utilities). Projects submitted by applicants other than retail electric utilities must demonstrate partnership with their load serving entity to apply. Priority must be given to:

(A) Projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden; and

(B) Projects that demonstrate partnerships between eligible applicants in applying for funding, including utilities, public and private sector research organizations, businesses, tribes, and nonprofit organizations.

(iii) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, develop program guidelines that encourage smaller utilities or consortia of small utilities to apply for funding. Where suitable, this may include funding for projects consisting solely of planning, predesign and/or predevelopment activities.

The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with providing housing, supportive services, or debt service.

(2) Funds may also be used for permanent financing for real estate acquired using other short term acquisition sources. Funds must also be provided specifically for the city of Seattle to move people experiencing unsheltered homelessness into safe spaces, including, but not limited to, tiny homes, hotels, enhanced emergency shelters, or other rapid housing alternatives.

(3) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall establish criteria for the issuance of the grants, which may include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant, during which time the property must be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant. (4) The department must provide a progress report on its website by December 1, 2022. The report must include:

(a) The total number of applications and amount of funding requested; and

The department of commerce shall dispense funds to the city of Seattle and other qualifying applicants within 45 days of receipt of documentation from the applicant for qualifying uses and execution of any necessary contracts with the department in order to effect the purpose of rapid deployment of funds under this section.

(6) If the department receives simultaneous applications for funding under this program, proposals that reach the greatest public benefit, as defined by the department, must be prioritized. For purposes of this subsection (6), "greatest public benefit" must include, but is not limited to:

(a) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness.

(b) Whether the project has federally funded rental assistance tied to it;

(c) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(d) The program's established funding priorities under RCW 43.185.070(5).

(7) \$900,000 of the state building construction account—state appropriation in this section is provided solely for the public building conversion pilot program. The pilot program must be implemented in Grays Harbor county in collaboration with Community House on Broadway, in partnership with CORE Health.

(a) The appropriation may be used only for costs related to rehabilitation, retrofitting, and conversion of the publicly owned building for use as housing for homeless persons.

(c) In the contract for the pilot program, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(d) The pilot program should help inform the development of a public building conversion grant program to encourage counties to convert unused, publicly owned buildings into housing for homeless persons. The department must report to the office of financial management and fiscal committees of the legislature by November 1, 2022, regarding the establishment of the pilot program and any recommendations related to implementation of a public building conversion grant program.

(iii) The department must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

The department must use this data as part of its cost containment policy.

(b) Beginning December 1, 2019, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies.

FOR THE DEPARTMENT OF COMMERCE

2021 Local and Community Projects (40000130)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

FOR THE DEPARTMENT OF FISH AND WILDLIFE

(1) Nothing in this section alters the obligation set forth in the permanent injunction, including the compliance deadline, entered on March 29, 2013, in *United States v. Washington*, sub-proceeding 01-1 (Culverts), or the guidelines for compliance within the specified timeline with the permanent injunction as developed by the state agencies during the implementation process.

(2) Nothing in this section creates an obligation on the part of the state to provide funding for corrections for nonstate-owned culverts. Nothing in this section precludes the state from providing funding for corrections for nonstate-owned culverts.

(3) In order to provide recommendations, the Brian Abbott fish barrier removal board must develop a comprehensive statewide culvert remediation plan that works in conjunction with the state approach and that fully satisfies the requirements of the *United States v. Washington* permanent injunction and makes both local and state funding recommendations for additional nonstate barrier corrections across state culvert correction programs that maximize the fisheries habitat gain and other benefits to prey available for southern resident killer whale and salmon recovery.

(4) The comprehensive statewide culvert remediation plan must be consistent with the principles and requirements of the *United States v. Washington* permanent injunction and RCW 77.95.180 and must achieve coordinated investment strategy goals of permanent injunction compliance and the following additional resource benefits. The Brian Abbott fish barrier removal board chair, representing the board and the appropriate department of fish and wildlife executive management, shall consult with tribes to develop a watershed approach. Provided it is consistent with the *United States v. Washington* permanent injunction, prioritization of barrier corrections must be developed on a watershed basis and must maximize the following resource priorities:

- (a) Stocks that are listed as threatened or endangered under the federal endangered species act;
- (b) Stocks that contribute to protection and recovery of southern resident orca whales;
- (c) Critical stocks of anadromous fish that limit or prevent harvest of anadromous fish, as identified in the Pacific salmon treaty; and
- (d) Weak stocks of anadromous fish that limit or prevent harvest of anadromous fish, as determined in North of Cape Falcon process.

(5) The comprehensive statewide culvert remediation plan must include recommendations on methods and procedures for state agencies and local governments to complete and maintain accurate barrier inventories. This plan must also allow for efficient bundling of projects to minimize disruption to the public due to construction as well as adjustments in response to obstacles and opportunities encountered during delivery.

(6) The Brian Abbott fish barrier removal board must also:

(a) Provide to the office of financial management and the fiscal committees of the legislature its recommendation as to statutory or policy changes, or budget needs for the board or state capital budget programs, for better implementation and coordination among the state's culvert correction programs by (~~January 15, 2021~~) June 30, 2021; and

(b) Develop a plan to seek and maximize the chances of success of significant federal investment in the comprehensive statewide culvert remediation plan.

(7) It is the intent of the legislature that, in developing future budgets, state agencies administering state culvert correction programs will recommend, to the maximum extent possible,

funding in their culvert correction programs for correction of barriers that are part of the comprehensive statewide culvert remediation plan developed by the Brian Abbott fish barrier removal board under this section.

(8) By November 1, 2020, and March 1, 2021, the Brian Abbott fish barrier removal board and the department of transportation must provide updates on the development of the statewide culvert remediation plan to the office of financial management and the legislative fiscal committees. The first update must include a project timeline and plan to ensure that all agencies with culvert correction programs are involved in the creation of the comprehensive plan.

(9) Prior to presenting the comprehensive statewide culvert remediation plan, the Brian Abbott fish barrier removal board must present the status of the plan to the annual Washington state and Western Washington treaty tribes fish passage barrier repair progress and coordination meeting. The board must submit the comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by (~~January 15, 2021~~) June 30, 2021.

PART 7

MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 7001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are \$46,768,901 for the 2021-2023 biennium, \$314,662,796 for the 2023-2025 biennium, and \$447,088,148 for the 2025-2027 biennium.

NEW SECTION. Sec. 7002. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$119,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a new library-archives building.

(5) Department of social and health services: Enter into a financing contract for up to \$115,700,000 plus costs and financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a nursing facility on the fircrest residential habilitation center campus. The department may contract to lease develop or lease purchase the facility. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

(6) Community and technical colleges:

(a) Enter into a financing contract on behalf of Grays Harbor College for up to \$3,200,000 plus financing expenses and

(1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) The office of financial management may make an exception to the predesign requirements in this section after notifying the legislative fiscal committees and waiting ten days for comment by the legislature regarding the proposed exception.

(5) If House Bill No. 1023 (predesign) is enacted by June 30, 2021 this section is null and void.

NEW SECTION. Sec. 7004. (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$10,000,000. For purposes of this section, "total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) For projects exceeding the \$10,000,000 predesign threshold established in this section, the office of financial management may make an exception to some or all of the predesign requirements in this section. The office of financial management shall report any exception to the fiscal committees of the legislature:

(a) A description of the major capital project for which the predesign waiver is made;

(b) An explanation of the reason for the waiver; and

(c) A rough order of magnitude cost estimate for the project's design and construction.

(5) In deliberations related to submitting an exception under this section, the office of financial management shall consider the following factors:

(a) Whether there is any determination to be made regarding the site of the project;

(b) Whether there is any determination to be made regarding whether the project will involve renovation, new construction, or both;

(c) Whether, within six years of submitting the request for funding, the agency has completed, or initiated the construction of, a substantially similar project;

(d) Whether there is any anticipated change to the project's program or the services to be delivered at the facility;

(e) Whether the requesting agency indicates that the project may not require some or all of the predesign requirements in this section due to a lack of complexity; and

(f) Whether any other factors related to project complexity or risk, as determined by the office of financial management, could reduce the need for, or scope of, a predesign.

(6) If under this section, some or all predesign requirements are waived, the office of financial management may instead propose a professional project cost estimate instead of a request for predesign funding.

(7) If House Bill No. 1023 (predesign) is not enacted by June 30, 2021, this section is null and void.

NEW SECTION. Sec. 7005. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies must develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. Agencies must choose the most reasonable and cost-effective solution, as supported by the life-cycle cost analysis. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs,

2021 REGULAR SESSION

operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7006. Agencies administering construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions, must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 7007. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7008. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the fiscal committees of the legislature by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7009. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from

predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7010. (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity, and minimizes greenhouse gas emissions. The following design and construction attributes must be integrated into the building project:

(a) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(b) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by 50 percent below prerenovations baseline.

(d) **On-site renewable energy:** Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) **High-efficiency electric equipment:** Use only high-efficiency electric equipment for water and space heating needs not met through on-site renewable energy, when life-cycle cost effective.

(f) **Measurement and verification:** For buildings over 50,000 square feet, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(g) Benchmarking: Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 7011. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7012. Executive Order No. 21-02, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in this executive order and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of projects on cultural resources and historic properties proposed in state-funded construction or acquisition projects, including grant or pass-through funding that culminates in construction or land acquisitions. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated early in the project planning process, prior to construction or taking title.

Sec. 7013. RCW 43.19.501 and 2020 c 356 s 7005 are each amended to read as follows:

The Thurston county capital facilities account is created in the state treasury. The account is subject to the appropriation and allotment procedures under chapter 43.88 RCW. Moneys in the account may be expended for capital projects in facilities owned and managed by the department in Thurston county.

During the 2019-2021 and 2021-2023 fiscal ((biennium)) biennia, the Thurston county capital facilities account may be appropriated for costs associated with staffing to support capital budget and project activities and lease and facility oversight activities.

NEW SECTION. Sec. 7014. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least 80 percent of the moneys spent by the Washington state arts commission during the 2021-2023 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Except for art allocations made under K-3 class size reduction grants under section 5030 of this act, art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$200,000 of this amount to conserve or maintain existing pieces in the state art collection.

NEW SECTION. Sec. 7015. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7016. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial

management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7017. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7018. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . (Substitute House Bill No. 1081), Laws of 2021, (State General Bonds and General Accounts) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7019. (1) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. Funds appropriated in this act for minor works may not be initially allotted until agencies submit project lists to the office of financial management for review and approval.

(2) Revisions to the project lists, including the addition of projects and the transfer of funds between projects, are allowed but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment, and must include an explanation of variances from prior approved lists. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(3)(a) All minor works projects should be completed within two years of the appropriation with the funding provided.

(b) Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects.

(c) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded

operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (3)(c) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(d) Minor works preservation projects may include program improvements of no more than 25 percent of the individual minor works preservation project cost.

(e) Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

NEW SECTION. Sec. 7020. FOR THE STATE TREASURER—TRANSFERS

(1) Public Works Assistance Account: For transfer to the drinking water assistance account, up to \$5,500,000 for fiscal year 2022 and up to \$5,500,000 for fiscal year 2023 \$11,000,000

(2) Public Works Assistance Account: For transfer to the water pollution control revolving account, up to \$7,500,000 for fiscal year 2022 and up to \$7,500,000 for fiscal year 2023 \$15,000,000

(3) Public Works Assistance Account: For transfer to the statewide broadband account, up to \$7,000,000 for fiscal year 2022 and up to \$7,000,000 for fiscal year 2023..... \$14,000,000

NEW SECTION. Sec. 7021. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 7022. In order to accelerate the reduction of embodied carbon and improve the environmental performance of construction materials, agencies shall, whenever possible, review and consider embodied carbon reported in environmental product declarations when evaluating proposed structural materials for construction projects.

NEW SECTION. Sec. 7023. The joint legislative task force created in 2018 c 298 s 7011 (uncodified) is hereby reauthorized through June 30, 2023, subject to the requirements that studies and selection of scientists or organizations to implement the studies must be made by a 60 percent majority of the members of the task force and that if a member has not been designated for a position set forth in section 7011(2), chapter 298, Laws of 2018 (uncodified), that position may not be counted for purposes of determining a quorum.

Sec. 7024. RCW 90.94.090 and 2019 c 413 s 7035 are each reenacted and amended to read as follows:

(1) A joint legislative task force on water resource mitigation is established to review the treatment of surface water and groundwater appropriations as they relate to instream flows and fish habitat, to develop and recommend a mitigation sequencing process and scoring system to address such appropriations, and to review the Washington supreme court decision in *Foster v. Department of Ecology*, 184 Wn.2d 465, 362 P.3d 959 (2015).

(2) The task force must consist of the following members:

(b) Two members from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(c) A representative from the department, appointed by the director of the department;

(d) A representative from the department of fish and wildlife, appointed by the director of the department of fish and wildlife;

(e) A representative from the department of agriculture, appointed by the director of the department of agriculture;

(f) One representative from each of the following groups, appointed by the consensus of the cochairs of the task force:

(i) An organization representing the farming industry in Washington;

(ii) An organization representing Washington cities;

(iii) Two representatives from an environmental advocacy organization or organizations;

(iv) An organization representing municipal water purveyors;

(v) An organization representing business interests;

(vi) Representatives of two federally recognized Indian tribes, one invited by recommendation of the Northwest Indian fisheries commission, and one invited by recommendation of the Columbia river intertribal fish commission.

(3) If a member has not been designated for a position set forth in subsection (2) of this section, that position may not be counted for purposes of determining a quorum.

(4) One cochair of the task force must be a member of the majority caucus of one chamber of the legislature, and one cochair must be a member of the minority caucus of the other chamber of the legislature, as those caucuses existed as of January 19, 2018.

(5) The first meeting of the task force must occur by June 30, 2018.

(6) Staff support for the task force must be provided by the office of program research and senate committee services. The department and the department of fish and wildlife shall cooperate with the task force and provide information as the cochairs reasonably request.

(7) Within existing appropriations, the expenses of the operations of the task force, including the expenses associated with the task force's meetings, must be paid jointly and in equal amounts by the senate and the house of representatives. Task force expenditures are subject to approval by the house executive rules committee and the senate facility and operations committee. Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(8)(a) By November 15, 2019, and November 15, 2022, the joint legislative task force must make recommendations to the legislature in compliance with RCW 43.01.036. ~~((The task force may update its November 15, 2019, recommendations by November 15, 2020, if a majority of the members of the task force determine that such an update is appropriate based on additional information developed as a result of the pilot projects established under subsection (9) of this section.))~~

(b) Recommendations of the joint legislative task force must be made by a sixty percent majority of the appointed members of the task force. The representatives of the departments of fish and wildlife, ecology, and agriculture are not eligible to vote on the recommendations. Minority recommendations that achieve the support of at least five of the appointed voting members of the task force may also be submitted to the legislature.

(9) The department shall issue permit decisions for up to five water resource mitigation pilot projects. It is the intent of the legislature to use the pilot projects to inform the legislative task force process while also enabling the processing of water right applications that address water supply needs. The department is authorized to issue permits in reliance upon water resource mitigation of impacts to instream flows and closed surface water bodies under the following mitigation sequence:

(a) Avoiding impacts by: (i) Complying with mitigation required by adopted rules that set forth minimum flows, levels, or closures; or (ii) making the water diversion or withdrawal subject to the applicable minimum flows or levels; or

(b) Where avoidance of impacts is not reasonably attainable, minimizing impacts by providing permanent new or existing trust water rights or through other types of replacement water supply resulting in no net annual increase in the quantity of water diverted or withdrawn from the stream or surface water body and no net detrimental impacts to fish and related aquatic resources; or

(c) Where avoidance and minimization are not reasonably attainable, compensating for impacts by providing net ecological benefits to fish and related aquatic resources in the water resource inventory area through in-kind or out-of-kind mitigation or a combination thereof, that improves the function and productivity of affected fish populations and related aquatic habitat. Out-of-kind mitigation may include instream or out-of-stream measures that improve or enhance existing water quality, riparian habitat, or other instream functions and values for which minimum instream flows or closures were established in that watershed.

(10) The department must monitor the implementation of the pilot projects, including all mitigation associated with each pilot project, approved under this section at least annually through December 31, 2028.

(11) The pilot projects eligible for processing under this section, based on criteria as of January 19, 2018, include:

(a) A city operating a group A water system in Kitsap county and water resource inventory area 15, with a population between 13,000 and 14,000;

(b) A city operating a group A water system in Pierce county and water resource inventory area 10, with a population between 9,500 and 10,500;

(c) A city operating a group A water system in Thurston county and water resource inventory area 11, with a population between 8,500 and 9,500;

(d) A nonprofit mutual water system operating a group A water system in Pierce county and water resource inventory area 12, with between 10,500 and 11,500 service connections; and

(e) An irrigation district located in Whatcom county and water resource inventory area 1, solely for the purpose of processing changes of water rights from surface water to groundwater, and implementing flow augmentation to benefit instream flows.

(12) Water right applicants eligible to be processed under this pilot project authority must elect to be included in the pilot project review by notifying the department by July 1, 2018. Once an applicant notifies the department of its intent to be processed under this pilot project authority, subsection (9) of this section applies to final decisions issued by the department, even if such a final decision is issued after the expiration of this section.

(13) By November 15, 2018, the department must furnish the task force with information on conceptual mitigation plans for each water resource mitigation pilot project application. By November 15, 2019, and November 15, 2022, the department must provide the task force with an update on the mitigation plans based on additional information developed after November 15, 2018.

(14) To ensure that the processing of pilot project applications can inform the task force process in a timely manner, the department must expedite processing of applications for water resource mitigation pilot projects. The applicant for each pilot project must reimburse the department for the department's costs of processing the applicant's application.

(15) The water resource mitigation pilot project authority granted to the department does not affect or modify any other procedural requirements of chapter 90.03, 90.44, or 90.54 RCW that apply to the processing of such applications.

(16) The joint legislative task force expires December 31, ~~((2020))~~ 2022. During the period from November 16, 2019, through December 31, ~~((2020))~~ 2022, the work of the task force is limited to:

(a) A review of any additional information that may be developed after November 15, 2019, as a result of the pilot projects established under subsection (9) of this section; and

(b) An update of the task force's November 15, 2019, recommendations (~~(under subsection (8) of this section)~~).

(17) This section expires January 1, 2029.

Sec. 7025. RCW 28B.15.210 and 2019 c 413 s 7023 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized in RCW 28B.20.725(3). The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). ~~((During the 2017-2019 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2019-2021 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2021-2023 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.

Sec. 7026. RCW 28B.15.310 and 2019 c 413 s 7024 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees shall be paid and credited as follows: To the Washington State University bond retirement fund, one-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of such bond retirement fund; and the remainder thereof to the Washington State University building account.

The sum so credited to the Washington State University building account shall be expended by the board of regents for buildings, equipment, or maintenance on the campus of Washington State University as may be deemed most advisable and for the best interests of the university, and for certificates of participation under chapter 39.94 RCW, except for any sums

transferred as authorized by law. ~~((During the 2017-2019 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2019-2021 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2021-2023 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. (1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the

scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the pre-design, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the ~~((2017-2019 fiscal biennium and the))~~ 2019-2021 fiscal biennium ~~and the 2021-2023 fiscal biennium~~, pursuant to subsection (1) of this section, by November 1, ~~((2020))~~ 2022, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(b) On contracts made for public use general aviation airport loans, the board must determine the interest rate that loans must bear. The interest rate must not exceed the amount needed to cover the administrative expenses of the board and the loan program. The board may provide reasonable terms and conditions

for the repayment of loans, with the repayment of a loan to begin no later than three years after the award date of the loan. The loans must not exceed 20 years in duration.

 - (m) A demonstration of the project's long-term sustainability, including the applicant's financial soundness, organizational capacity, and technical expertise;
 - (n) A strategic plan to maintain long-term operation of the infrastructure;
 - (o) Evidence that no later than six weeks before submission of the application, the applicant contacted, in writing, all entities providing broadband service near the proposed project area to ask each broadband service provider's plan to upgrade broadband service in the project area to speeds that meet or exceed the state's definition for broadband service as defined in RCW 43.330.530, within the time frame specified in the proposed grant or loan activities;
 - (p) If applicable, the broadband service providers' written responses to the inquiry made under (o) of this subsection; and
 - (q) Any additional information requested by the board.
- (6)(a) Within thirty days of the close of the grant and loan application process, the board shall publish on its web site the proposed geographic broadband service area and the proposed broadband speeds for each application submitted.
- (b) Any existing broadband service provider near the proposed project area may, within thirty days of publication of the information under (a) of this subsection, submit in writing to the board an objection to an application. An objection must contain information demonstrating that:
- (i) The project would result in overbuild, meaning that the objecting provider currently provides, or has begun construction to provide, broadband service to end users in the proposed project area at speeds equal to or greater than the state speed goals contained in RCW 43.330.536; or

In assessing the commitment, the board may consider whether the objecting provider has or will provide a bond, letter of credit, or other indicia of financial commitment guaranteeing the project's completion.
- (e) If the board denies funding to an applicant as a result of a broadband service provider's objection made under this section, and the broadband service provider does not fulfill its commitment to provide broadband service in the project area, then for the following two grant and loan cycles, the board is prohibited from denying funding to an applicant on the basis of a challenge by the same broadband service provider, unless the board determines that the broadband service provider's failure to fulfill the provider's commitment was the result of factors beyond the broadband service provider's control. The board is not prohibited from denying funding to an applicant for reasons other than an objection by the same broadband service provider.

(c) Outline the environmental project review data collection process in functional detail and use existing data gathering resources such as EC3; and

The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed twenty percent, or thirty-three and one-third percent for lists submitted during the 2019-2021 fiscal biennium, of the estimated total capital cost or actual cost of a project, whichever is less. (8) A summary of how the operating costs from subsection (1) of this section will offset the certification of participation costs from subsection (3) of this section by state fiscal year.

NEW SECTION. Sec. 7048. The coronavirus capital projects account is created in the state treasury. All receipts from the federal coronavirus capital projects fund moneys under P.L. 117-2, Sec. 604, must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for capital projects directly enabling work, education and health monitoring, including remote options, in response to the public health emergency with respect to the coronavirus disease.

Sec. 7049. RCW 39.35D.030 and 2011 c 99 s 1 are each amended to read as follows:

(1) All major facility projects of public agencies receiving any funding in a state capital budget, or projects financed through a financing contract as defined in RCW 39.94.020, must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the design phase prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(2) All major facility projects of any entity other than a public agency or public school district receiving any funding in a state capital budget must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the grant application process prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(3)(a) Public agencies, under this section, shall monitor and document ongoing operating savings resulting from major facility projects designed, constructed, and certified as required under this section.

(b) Public agencies, under this section, shall report annually to the department on major facility projects and operating savings.

(4) The department shall consolidate the reports required in subsection (3) of this section into one report and report to the governor and legislature by September 1st of each even-numbered year beginning in 2006 and ending in 2016. In its report, the department shall also report on the implementation of this chapter, including reasons why the LEED standard was not used as required by RCW 39.35D.020(5)(b). The department shall make recommendations regarding the ongoing implementation of this chapter, including a discussion of incentives and disincentives related to implementing this chapter.

(5) For the purposes of determining compliance with the requirement for a project to be designed, constructed, and certified to at least the LEED silver standard, the department must credit one additional point for a project that uses wood products with a credible third-party sustainable forest certification or from forests regulated under chapter 76.09 RCW, the Washington forest practices act. For projects that qualify for this additional point, and for which an additional point would have resulted in formal certification under the LEED silver standard, the project must be deemed to meet the standard under this section.

(6) During the 2021-2023 fiscal biennium, an alternative high-performance building certification, as determined by the legislature, may be used instead of the LEED silver building design, construction, and certification standard required by this section.

NEW SECTION. Sec. 7050. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 7051. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

PERSONAL PRIVILEGE

Senator Frockt: "Thank you, Mr. President. Again, I am so sorry that I could not be here today. I really thought it just best to play it safe and so that's why I'm not there. The first, before I talk about Richard, I want to thank our entire capital budget staff this year, and the budget step generally. It's an incredible amount of work they do on the operating budget in the capital budget. Michele Alishahi, Michael Bezanson, Mary Cho, Sarah Emmans, Kayla Hammer, Julie Murray, Jeff Naas, Corban Nemeth, Brenna Price, Alan Ryan, and Liza Weeks. And then, in particular, this year, they were all amazing but in particular for me the many things that I had to work on this year I want to just call out for their exceptional service Jed Herman, Maria Hovde, and Sarian Scott. They had, we had some of the most complicated parts of the capital budget and they were just incredibly valuable to me and to I know the other members of the team.

Now as for Richard. It's been noted that this is going to be his last capital budget, his last budget. He has been, to me, since I came in as the ranking member, I think it was four three or four years ago I can't remember now, incredibly helpful. Incredibly a much, incredible mentor to me, so I could understand actually what was

going on. And I think it's reflective of his decades of service to this state, in all aspects of state government, and then here at the Capitol. Worked on almost everything that you can imagine. And he's knowledge was invaluable and impeccable. And I'd say in some ways I know we're not supposed to say this because our staff is supposed to be, our nonpartisan staff is supposed to, really supposed to be I would say they are they are Switzerland they there is to show neither favor nor' nor' disfavor and any anything that's going on in the room or around but truly I absolutely came to feel that he was a great friend of mine and a great friend to what we were trying to do and I was trying to do as the lead on on this on this budget. So, he's been an incredible resource and we all owe him a great debt of gratitude for the great work that's gone into this particular budget. It's amazing how much detail goes into it. How very rarely we miss something. Once in a while. Once in a blue moon you miss something, but it almost never happens and that is a tribute to his work and his leadership. I know he's going to be spending a lot of time and he's not quite done yet, he's got a few more months with this but this is probably the last budget. But I know he's going to be spending time with his family, with his kids, one of his daughters worked for us for a while, I know she's doing well up in Seattle, and now he's going to be out in the water rowing. Going back to visit his family in Tennessee, which is probably another reason we had some affinity because I have some roots in Tennessee. My mother is from there originally and I grew up in in Kentucky as many of you know so from that part of the country. And just all I just want to say thank you Richard for everything you've done and just know that your work will never ever be forgotten, and we appreciate it more than you can imagine. So, thank you so much."

The Senate stood in applause to thank Mr. Ramsay.

PERSONAL PRIVILEGE

Senator Honeyford: "Thank you Mr. President. I too want to thank Richard Ramsey for his great work on Capital Budget. I've worked with other Capital Budget staff and I'm really impressed with Brian Simms and his work and I thought when he retired boy it's going to be tough to replace him, but Richard stepped right in and filled the void and has done excellent job for us. He will be missed, and I hope to see him some time out on East Bay rowing with his crew and also, I understand he may be going into the construction industry and so I look forward to seeing progress and the pounding of nails. So, thank you Mr. President."

PERSONAL PRIVILEGE

Senator Schoesler: "Thank you Mr. President. I don't think we can say anything more about how good Mr. Ramsay has served the institution as staff to budgets. My story goes back, I was still a fairly new senator, had a small community with a problem with impact fees in a state institution and a staffer who I hardly knew came all the way over to Franklin County sat down with part of a city council, city manager and I think about two hours one evening showed this little city more than the consultant did in the previous year. And you know your constituents don't forget that when somebody comes helps navigate the path of government and that's when I knew we had a winner there. So, Richard, from the constituents of the Ninth District, Thank you."

REMARKS BY THE PRESIDENT

President Heck: "Richard, congratulations on a stellar public service career. And on behalf of the people of the state of

Washington, the State Senate, we extend to you our deepest, deepest gratitude. Job well done sir."

The President asked Senator Rolfe to escort Mr. Ramsay from his place of honor on the rostrum to a seat in the wings.

MOTION

On motion of Senator Liias, the Senate reverted to the third order of business.

MESSAGE FROM THE SECRETARY OF STATE

The Honorable President of the Senate
Legislature of the State of Washington
Olympia, Washington 98504

MR. PRESIDENT:

We respectfully transmit for your consideration the following bill which was partially vetoed by the Governor, together with the official veto message setting forth his objections to the sections or items of the bill, as required by Article III, section 12, of the Washington State Constitution:

ENGROSSED SECOND SUBSTITUTE SENATE BILL
NO. 5160

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Seal of the state of Washington, this 22 day of April, 2021.

KIM WYMAN, Secretary of State
(Seal)

MESSAGE FROM THE GOVERNOR

April 22, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 12 and 13, Engrossed Second Substitute Senate Bill No. 5160 entitled:

"AN ACT Relating to addressing landlord-tenant relations by providing certain tenant protections during the public health emergency, providing for legal representation in eviction cases, establishing an eviction resolution pilot program for nonpayment of rent cases, and authorizing landlord access to certain rental assistance programs."

While Section 12 attempts to provide direct financial relief to landlords as part of a larger legislative solution in E2SSB 5160, it creates an entitlement for landlords to receive rent assistance without a sufficient framework to prioritize resources to those landlords who have the greatest need. The estimated cost of Section 12 is \$2.4 billion, which is \$1.5 billion more than is currently appropriated by the state or awarded by the federal government. RCW 43.88.055 requires the Legislature to enact an operating budget that leaves a positive ending fund balance at the end of the fiscal biennium.

Although the final budget will likely have a different ending fund balance than is reflected today, \$1.5 billion in additional costs could not be sustained by available fiscal resources. In order to ensure that the Legislature meets its statutory obligation to leave a positive ending fund balance at the end of the 2021-23

ONE HUNDRED THIRD DAY, APRIL 23, 2021

2021 REGULAR SESSION

biennium, I am vetoing Section 12 of this bill at the request of legislative leadership.

In addition, Section 13 is largely duplicative of an early action bill that I have already signed, ESHB 1368, which provides \$2 million in grant opportunities for eligible landlords. Because of this, Section 13 creates administrative problems for the department of commerce, and may also cause confusion for landlords. As a result, again at the request of legislative leadership, I am also vetoing Section 13.

The Legislature and I agree it is important to provide resources to landlords, and to prioritize assisting those landlords who have a small number of units. If the Legislature wants to increase support for landlords who have a small number of units, I encourage the Legislature to increase funding to the program already created in the early action bill rather than creating redundant programs.

For these reasons I have vetoed Sections 12 and 13 of Engrossed Second Substitute Senate Bill No. 5160.

With the exception of Sections 12 and 13, Engrossed Second Substitute Senate Bill No. 5160 is approved.

Respectfully submitted,

/s/

Jay Inslee
Governor

MOTION

At 3:09 p.m., on motion of Senator Liias, the Senate adjourned until 11:00 o'clock a.m. Saturday, April 24, 2021.

DENNY HECK, President of the Senate

BRAD HENDRICKSON, Secretary of the Senate
