(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax (~~(account B)~~) reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax account A and state timber tax (~~(account B)~~) reserve account as follows:

YEAR OF COLLECTION	ACCOUNT A ((ACCOUNT B)) <u>RESERVE ACCOUNT</u>	
1973 through ((1978))1982	100%	0%
((1979)	75%	25%
1980	50%	50%
1981	25%	75%
1982))1983 and thereafter	0%	100%

(6) In addition to the rates specified in subsection (1) of this section, there shall be imposed upon such persons a surtax at a rate of .5% of the stumpage value of timber as specified in such subsection (1) upon timber harvested between October 1, 1972 and September 30, 1974 inclusive. The revenues from such surtax shall be deposited in (~~(a separate account designated)~~) the state timber tax reserve account(~~(, which is hereby created in the state general fund and any interest earned~~

on the investment of these cash balances shall be deposited in this account)). Such surtax shall be reimposed for one year upon timber harvested in any calendar year following any fourth quarter during which transfers from such reserve account pursuant to subsection (3) of RCW 84.33.080 reduce the balance in such account to less than five hundred thousand dollars, but in no event shall such surtax be imposed in any year after 1980.

(7) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(8) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(9) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

Sec. 2. Section 6, chapter 294, Laws of 1971 ex. sess. as amended by section 91, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.33.060 are each amended to read as follows:

In each year commencing with 1972 and ending with ((1980)) 1981, solely for the purpose of determining, calculating and fixing, pursuant to chapter 84.52 RCW, the dollar rates for all regular and excess levies for the state and each timber county and taxing district lying wholly or partially in such county within which there was timber on January 1 of such year, the assessor of such timber county shall, for each such district, add to the amount of the "assessed valuation of the property" of all property other than timber the product of:

(a) The portion indicated below for each year of the value of timber therein as shown on the timber roll prepared in accordance with RCW 84.33.050 for such year; and

(b) The assessment ratio applied generally by such assessor in computing the assessed value of other property in his county:

YEAR	PORTION OF TIMBER ROLL
1972 through 1977	100%
1978	((75%))80%
1979	((50%))60%
1980	((25%))40%
1981 ((and thereafter	None))20%
1982 and thereafter	None

Sec. 3. Section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 8, chapter 123, Laws of 1975-'76 2nd ex. sess. and RCW 84.33.080 are each amended to read as follows:

(1) On or before December 15 of each year commencing with 1972 and ending with ((1980)) 1981, the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

- (a) The value of timber as shown on the timber roll for such year;
- (b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection in the following year;
- (c) A "timber factor" which is the product of such aggregate dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year ((a) above):

YEAR	PORTION OF TIMBER ROLL
1972	25%
1973	55%
1974 through 1977	100%
1978	((75%)) 80%
1979	((50%)) 60%
1980	((25%)) 40%
1981	20%

On or before December 31 of each year commencing with 1972 and ending with ~~((1980))~~ 1981, the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the twentieth day of the second month of each calendar quarter, commencing February 20, 1974 and ending November 20, ~~((1981))~~ 1982, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion and pay into the state general fund for the support of the common schools the state's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax account A collected upon timber harvested in the preceding calendar quarter, but in no event shall any such quarterly payment to a taxing district, when added to such payments made to such district the previous quarters of the same year, exceed, respectively one-fourth, one-half, three-fourths, or the full amount of the timber factor for such district determined in December of the preceding year.

The balance in state timber tax account A, if any, ~~((after the distribution to taxing districts on November 20, 1974 and))~~ on the twentieth day of the second month of each calendar quarter commencing February 20, 1975 and ending November 20, ~~((1981))~~ 1982 shall be transferred to the state timber tax reserve account.

(3) If the balance in state timber tax account A immediately prior to such twentieth day of the second month of each calendar quarter is not sufficient to permit a payment of one-fourth, one-half, three-fourths, or the full amount, as the case may be, which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber tax reserve account to state timber tax account A.

(4) If, after the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in August of any year commencing with 1974, the balance in the state timber reserve account exceeds two million dollars, the amount of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve account, for activities undertaken by the department of revenue forest ~~((valuation section))~~ tax division and for the activities undertaken by the department of natural resources relating to classification of lands

as required by this chapter (~~(-PROVIDED, That within the 1973-75 biennium, the state treasurer shall transfer from the state timber reserve account to the state general fund an amount equal to actual expenditures of the department of revenue related to the activities of the forest valuation section no later than August 31, 1974 and August 31, 1975, for the fiscal year just completed. If the amount of such excess is more than is necessary for reimbursement for such purposes, the remaining amount of the excess shall be distributed to the taxing districts which distribution shall be made in the following manner:)). If following the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in November of 1977 and each year thereafter, the balance in the state timber tax reserve account exceeds two million dollars, the department of revenue shall determine on or before December 31 of such year, an amount to be distributed to the taxing districts the following calendar year, which distribution shall be determined in the following manner: PROVIDED, That the amount of such excess reserve account distribution shall be limited to that amount which, when added to the total account A distribution for the same calendar year, will allow a percentage increase or decrease in total calendar year distributions equal to the percentage increase or decrease in excise tax collections between the preceding calendar year and the current calendar year:~~

(a) The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available;

(b) By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state;

(c) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve account, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion (determined pursuant to (b) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber tax reserve account such additional one-fourth amount due the state.

~~((The balance, if any, in the state timber reserve account after the final transfer, if any, to or from state timber tax fund A in November of 1981, shall be transferred to state timber tax account B on December 31, 1981, and one-fourth of such balance shall be distributed in each quarter of 1982 in the manner set forth in subsection (6) of this section:))~~

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and chapter 84.52 RCW and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection the following year;

(c) A "harvest factor" which is the product of such five year average and such aggregate dollar rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state.

~~((6) On the twentieth day of the second month of each calendar quarter commencing February 20, 1979, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion~~

(determined in December of the preceding year pursuant to subsection (5) of this section) of the amount in state timber tax account B collected upon timber harvested in the preceding calendar quarter:))

NEW SECTION. Sec. 4. This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On line 1 of the title, after "taxation;" delete the remainder of the title and insert "reenacting and amending section 7, chapter 294, Laws of 1971 ex. sess. as last amended by section 1, chapter 33, Laws of 1975-'76 2nd ex. sess. and by section 7, chapter 123, Laws of 1975-'76 2nd ex. sess. and RCW 82.04.291; amending section 6, chapter 294, Laws of 1971 ex. sess. as amended by section 91, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.33.060; amending section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 8, chapter 123, Laws of 1975-'76 2nd ex. sess. and RCW 84.33.080; and declaring an emergency."

STATEMENT FOR THE JOURNAL

June 21, 1977.

I would like to go on record as vigorously opposing HB 1009, a measure which extends the "temporary" sales tax and B & O tax increases enacted last year. I had been assured that the Senate would not vote on this measure until after 7:00 p.m. When I promptly returned at that hour, I was surprised and disappointed to learn that the Senate had already voted on the bill in my absence.

Signed:

Senator Kent Pullen

SIGNED BY THE PRESIDENT

The President signed:
SENATE BILL NO. 2714.

MESSAGE FROM THE HOUSE

June 21, 1977.

Mr. President: The House does not concur in the Senate amendments to HOUSE BILL NO. 623, and asks the Senate to recede therefrom, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

MOTION

Senator Henry moved the Senate recede from its amendments to House Bill No. 623.

Debate ensued.

Senator Bottiger moved further consideration of the motion by Senator Henry be held temporarily.

MOTION

Senator Grant moved the Committee on Rules be relieved from consideration of Engrossed House Bill No. 541.

Debate ensued.

POINT OF ORDER

Senator Walgren: "Point of order, Mr. President. The motion by Senator Grant was to relieve the rules committee of the bill rather than to have a debate on the merits or demerits of the bill."

RULING BY THE PRESIDENT

President Cherberg: "Senator Walgren's point of order is well taken. Senator Ridder, would you please confine your remarks to the motion."

POINT OF ORDER

Senator Francis: "Point of order, Mr. President. I don't understand your ruling. If we are to determine whether or not to relieve the rules committee of a bill, how can we make that decision without understanding the merits of the bill, and the pros and cons of the merits of that bill?"

REMARKS BY SENATOR WALGREN

Senator Walgren: "I suspect that the answer is, Senator Francis, that this is a bill that has been of considerable concern to all of us, certainly on the Democratic side. We have talked about it in caucus, and I suspect that you are pretty well aware of the merits or demerits of this measure. I suspect that you have read it and understand it."

REMARKS BY SENATOR FRANCIS

Senator Francis: "Senator Walgren, Mr. President, if I may, we are now talking about the rules of the Senate under which we operate, not about our assumptions about who knows what about the bill, and I think that the rules of the Senate provide that the Senators themselves can find out for themselves what the merits or

demerits of any bill are, and that that is very much to the point in determining whether or not to relieve the rules committee of that bill. I think it would be a very bad precedent for us to cut off Senator Ridder in her discussion of her reasons why we should relieve the rules committee of that bill."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Speaking in response to Senator Francis, I think it is quite proper in order that the body know what is before it, that there be a brief explanation of the bill. That is all, however, that is necessary in order to consider the question which is the main question of whether or not it should be taken from the rules committee. Certainly, there is a big difference between that and an actual full debate of the merits and demerits of the bill, and that, in substance, is what is being attempted on the floor."

REMARKS BY SENATOR GOLTZ

Senator Goltz: "Mr. President and members of the Senate, this is an unusual move, and ordinarily I do not support procedural moves of this kind, but I would only point out that these increases in permanent partial disability payments have not been increased since 1971. There is no increase in this list which is as great as some of the increases which have incurred in the—"

POINT OF ORDER

Senator Clarke: "Mr. President, point of order. I think until the President has ruled on the point, Senator Goltz should refrain from, in effect, continuing the very subject which is the matter the President is ruling on. I think that we should at least give the President the courtesy of waiting until he has made his determination and ruling before we start violating it."

POINT OF ORDER

Senator Day: "Point of order. Speaking to the point of order if I might. I think what has happened here is that we have developed over the years a rules committee that has become some kind of a sacrosanct committee that schedules bills that that particular group of people want to hear, and proceeds to kill bills whether it is against the will of the majority of this body at their leisure, and I certainly think that when the motion is made to take a bill away from the rules committee, that it is no different from any other committee, and then that that bill could certainly be discussed and the merits or demerits of the bill discussed, relative to the motion to relieve any committee of a bill, and so therefore I can't see that this particular motion does not carry with it the capability of discussing the subject of the motion any more because it is the rules committee than any other committee."

REMARKS BY SENATOR GOLTZ

Senator Goltz: "Thank you, Mr. President. I was only going to point out that we have not increased these partial disability payments since 1971. In the main these increases are less, substantially less, than the increases we have given to the public elected officials, and the legislators and others, this year. It seems to me that the powerful and the mighty have been taken care of, but the permanently, partially disabled workers have been forgotten, and I think we have got time tonight to correct that wrong."

POINT OF INQUIRY

Senator Bottiger: "Mr. President, in order for all of us to understand what we are debating, could I ask Senator Ridder to yield to a question? Senator Ridder, the question, I think, before us is whether this bill would provide a kind of a cost of living increase like we have given everybody else, including ourselves, and could you tell me what would the present law as opposed to the proposed law, for the loss of an arm be?"

Senator Ridder: "That is on page two of the bill. It starts, 'loss . . . of arm, at or above the deltoid insertion or by disarticulation at the shoulder.' The present award is eighteen thousand dollars. The proposal is for twenty-seven thousand dollars. According to the information that we have had, the consumer price index is up approximately fifty-two to fifty-three percent since 1971."

Senator Bottiger: "Senator Ridder, in order that we further understand the impact of the bill, could you tell me what the loss of a leg would be under the present law and the proposed law."

POINT OF ORDER

Senator Walgren: "Point of order, Mr. President. I believe, Mr. President, that you have previously ruled that the proper debate here is one with regard to the motion of Senator Grant to relieve the rules committee rather than a full and complete explanation as to what this particular bill may or may not do."

RULING BY THE PRESIDENT

President Cherberg: "Yes, and the President was going to refer the members of the Senate to Reed's Rules, to the table following page 194, 'to commit' or Senate rules, 'recommit', such a motion is debatable but does not open to discussion the main question unless coupled with instructions."

REMARKS BY SENATOR FRANCIS

Senator Francis: "Would the President please elaborate on what that last sentence meant, and especially, 'does not open to debate the main question'. It seems to me that if that means that we cannot discuss the main question insofar as it may bear upon our reasons for relieving the rules committee, it would be internally inconsistent."

RULING BY THE PRESIDENT

President Cherberg: "The President believes that Senator Clarke's remarks were well taken, and a brief explanation of the bill would be in order."

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President, the thing that concerns me here, speaking especially to the majority, my own caucus, we have a set of rules. We have a committee structure, and we have a lot of committee chairmen here on the floor. Senator Goltz, you are a new chairman of the higher education committee. Senator Day is chairman of social and health services, and there are certain bills in any of our committees that we might like to have out, but the committee had reason to not bring them out, or the rules committee had reason not to bring them out of rules. Now, I might be for the bill, but I am not going to vote for the bill with this kind of procedure. We are circumventing our own rules that we have established. I think we will regret this kind of action in the future. We are setting a precedent, and I would like to look at the merits of the bill if it were out here, if it has come out of rules in

a normal procedure, and I don't know at this time whether I would vote for it or against it. I don't know that much about it, but I know I would vote against it with this kind of procedure, and I think you committee chairmen should keep that in mind. You are going to rue the day when there is a motion made to pull a bill out of your committee where there has been action already taken, or a discussion, or whatever."

PERSONAL PRIVILEGE

Senator Ridder: "Mr. Chairman, point of personal privilege. As chairman of the labor committee, I think I should answer what Senator Odegaard has said. This bill did, indeed, go through all the normal procedures of the labor committee, and is in rules, and did not get enough votes to come out. Am I to assume that you would have the same reticence to vote on any of the bills which we have had before us in the last two days which have circumvented the rules committee, have not gone to rules, have been signed out by circulated statements, circulated bills? As a chairman, I would like to know if that is something I should endorse or not."

REMARKS BY THE PRESIDENT

President Cherberg: "Senator, a point of personal privilege must pertain to you as an individual."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. Chairman, as the president of the energy and utilities committee, Senator Newschwander had a bill. Senator Rasmussen had a bill in my committee which I vehemently opposed, but I scheduled a hearing. I allowed the bill out of committee. It is in rules, and the question now, I think, is whether rules committee is all dominant. Right now we have a bill on this floor, in this Senate, that would pass if it were permitted to come out of the rules committee, and as I understand it, that is the issue. Is the rules committee the siphon, the funnel by which we kill all legislation that otherwise should not pass, or do we let it out here and vote it up or down? Right now we have a bill that I think the majority of the Senators, I would hope, would like to vote 'yes' on this bill. Does the rules committee kill those bills?"

REMARKS BY SENATOR CLARKE

Senator Clarke: "I would like to make this one observation, then I clearly support the remarks of Senator Odegaard. There is a very distinct difference between bills that have come out of the committee and the body itself elects not to send to rules. If a bill, for instance, that came out and had not been referred, the bill had come from the House and had not been referred to a committee, but the body itself, in effect, catches it on the fly, that is a very different thing but once a bill has been referred to committee, then the body has signified by its acquiescence that it is the will of the body that that particular bill go to that committee and follow the regular procedures. I can't recall a situation where the Senate has withdrawn a bill from any committee, a bill which has been referred to the committee, and then has been withdrawn over the objections of the chairman of that committee. This is exactly, in substance, what is attempting to be done with respect to the rules committee. The rules committee is no different from any other committee. It has certain functions, but once a bill has been referred to rules, I think it is completely inappropriate for the body then to, in effect, usurp the functions of the rules committee any more than it would be to usurp the functions of any other committee to which a bill has been

referred, and which is taken away from that committee by the body over the objections of that committee and its chairman."

Senator Walgren moved the motion by Senator Grant that the Committee on Rules be relieved from further consideration of Engrossed House Bill No. 541 be laid upon the table.

Senator Grant demanded a roll call and the demand was sustained by Senators Talley, Van Hollebeke, Washington, Henry, Walgren, Francis, Morrison, Bausch and Sellar.

The appropriations contained in subsections (6) through (41) of this section shall be subject to the following conditions and limitations:

The productivity of any salmon propagation facility is very dependent on water quantity and quality. Since there is a limited number of water sources which meet the critical needs of a facility it is imperative that these sources are acquired. Therefore, site acquisitions and preliminary design shall be considered by the department as generally having priority over project development in the allocation of funds;

Prior to expending any moneys for the construction and development of any particular salmon propagation facility, except for site acquisition and preliminary design, the department shall give consideration to the following factors with respect to that facility:

The department's management authority over propagated salmon;

The level of expected Canadian interception on the propagated salmon and whether this would be acceptable;

Whether an acceptable agreement has been reached on the status of treaty Indian salmon harvest; and

Whether there can be a maximum harvest of propagated salmon with a tolerable impact on other salmonoid stocks, both natural and artificial, and on their environment. The department shall consult on this matter with the department of game;

To aid and advise the department in the performance of its functions as specified herein with regard to the salmon enhancement program, a salmon advisory council shall be created. The advisory council shall consist of ten members appointed by the governor; the director of the department of fisheries, who shall be chairman;

the director of the department of game; one member of the senate to be appointed by the president of the senate; and one member of the house of representatives to be appointed by the speaker of the house of representatives. Of the appointive members two shall represent troll fishermen; two shall represent gillnet fishermen, of which one shall be from the Puget Sound area and one from the southwest Washington area; one shall represent purse seine fishermen; one shall represent owners of charter boats; two shall represent sportsmen; and two shall represent fish processors, of which one shall represent fresh or frozen fish processors and one shall represent canneries.

The advisory council shall be convened by the director prior to the decision to expend any funds for construction and development of any salmon propagation facility listed in subsections (6) through (41) of this section. The council shall advise the director with regard to the considerations listed herein and any other factors the council deems relevant with respect to the proposed facility.

Terms of the appointive members shall not exceed two years and shall continue until their successors are appointed. Vacancies shall be filled in the same manner as original appointments. Members shall receive reimbursement for travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

The director of the department of game, or his designee, shall receive reimbursement for travel expenses incurred in the performance of his duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. The legislative members or their designees, shall be deemed engaged in legislative business while in attendance upon the business of the council and shall be limited to such allowances therefor as otherwise provided in RCW 44.04.120 as now existing or hereafter amended.

Not more than the following amounts as listed in subsections (6) through (41) of this section shall be expended for the site acquisition, preliminary design, construction and development of such hereinabove described projects, which are ranked after site acquisition and exploration, survey, and design in order of their estimated benefit/cost ratio, with the project having the highest benefit/cost ratio being listed first.

NEW SECTION. Sec. 30. FOR THE STATE TREASURER—
TRANSFERS

Capitol Building Construction Account Appropriation:
For transfer to the State Building Construction Account to be used for capital projects on the capitol grounds \$ 1,500,000

NEW SECTION. Sec. 31. To effectively carry out the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 32. Reappropriations shall be limited to the unexpended balances remaining June 30, 1977, in the current appropriation for each project.

NEW SECTION. Sec. 33. The governor, through the director of the office of program planning and fiscal management, may authorize a transfer of appropriation authority provided for a capital project which is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency or institution of higher education and only between capital projects which are funded from the same fund or account.

A report of any transfer effected under this section shall be filed with the legislative auditor by the director of the office of program planning and fiscal management within thirty days of the date the transfer is effected. The legislative auditor shall review and compile these filings and periodically report thereon to the legislative budget committee and the appropriate standing committees of the house and senate.

NEW SECTION. Sec. 34. The depreciation schedule developed by the department of personnel used in rent assessments of state employees living in state owned housing shall be based on the actual housing cost to the state including any maintenance and interest costs depreciated over 30 years. Utility charges shall be at cost.

NEW SECTION. Sec. 35. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 36. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1977."

Signed by: Senators Mardesich, Walgren and Scott; Representatives Polk, Warnke and McKibbin.

MESSAGE FROM THE HOUSE

June 21, 1977.

Mr. President: The Speaker has signed: SUBSTITUTE HOUSE BILL NO. 604, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

SIGNED BY THE PRESIDENT

The President signed:
SUBSTITUTE HOUSE BILL NO. 604.

MESSAGE FROM THE HOUSE

June 21, 1977.

Mr. President: The House has adopted the report of the Free Conference Committee on ENGROSSED SUBSTITUTE SENATE BILL NO. 3110, and has passed the bill as amended by the Free Conference Committee, and said report together with the bill are herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

REPORT OF FREE CONFERENCE COMMITTEE

June 21, 1977.

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 3110, as amended by the House, adopting the 1977-79 capital budget, have had the same under consideration, and that the bill be amended as recommended by the Conference Committee:

Signed by: Senators Mardesich, Walgren and Scott; Representatives Polk, Warnke and McKibbin.

MOTION

On motion of Senator Donohue, the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 3110 was adopted.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3110, as amended by the Free Conference Committee.

Debate ensued.

POINT OF INQUIRY

Senator Bausch: "Would Senator Scott yield? Senator Scott, inasmuch as the most of us have just received a copy of this capital budget about an hour ago, and I realize the committee did a lot of hard work, but they have also kept it basically from the rest of us for quite some time. I am a little disturbed about that. I am disturbed about a lot of things in this budget, and I am going to vote against it, but one thing I would like to know is, what is the rationale, as you explain, of cutting off maxi-prisons and taking hardened criminals out of Walla Walla, and putting them out somewhere in this state, we know not where yet because we had no right for a decision in that, and leaving the minimal prisons for prisoners at Walla Walla?"

Senator Scott: "Senator Bausch, the department of social and health services has been working on this concept for over four years now, and they have gone so far as to make environmental impact statements on various optional sites, and the best sites in the state for this kind of an institution have been pinpointed. The professionals in the field have testified before ways and means committee that when you put a maxi-prison on the site of another institution, for instance, Walla Walla, that when there is tension or when there is an uprising, it is transmitted from one institution to the other. The people that are running one institution through the con grapevine manage to communicate their plans into the other institution.

"This is not to say that we made a mistake at Monroe. It is to say that if they had their 'druthers' they would rather make these institutions separate.

"Secondly, I believe that it was Bobby Rhay said earlier in the session that it was fifteen percent of the prisoners at Walla Walla that created ninety percent of the difficulty. If we can isolate out those fifteen that are the most hardened individuals that cause most of the trouble, that teach the rest of the population more bad habits, then perhaps this is a technique that we should be embarking on.

"You know that we have a rate in our prisons now, a recidivism rate of sixty-six percent, and that tells us that we have got to try something different or face mounting costs. It costs us an average of eleven thousand dollars a year now for every individual that is in Walla Walla, and this is the best method that has been discovered to date, the best alternative to date to try and make an improvement on that record."

Senators Beck, Peterson and Walgren demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3110, as amended by the Free Conference Committee.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3110, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 30; nays, 11; absent or not voting, 3; excused, 5.

Voting yea: Senators Beck, Benitz, Bluechel, Clarke, Day, Donohue, Francis, Goltz, Henry, Keefe, Marsh, Matson, McDermott, Monohon, Morrison, Murray, Newschwander, Odegaard, Peterson, Ridder, Rohrbach, Sandison, Scott, Sellar, Talley, von Reichbauer, Walgren, Wanamaker, Washington, Wojahn—30.

Voting nay: Senators Bausch, Gaspard, Guess, Herr, Jones, Lewis, North, Pullen, Rasmussen, Van Hollebeke, Wilson—11.

Absent or not voting: Senators Bottiger, Grant, Woody—3.

Excused: Senators Buffington, Fleming, Gould, Hayner, Mardesich—5.

ENGROSSED SUBSTITUTE SENATE BILL NO. 3110, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

The President signed:

SUBSTITUTE SENATE BILL NO. 3110.

MESSAGE FROM THE HOUSE

June 19, 1977.

Mr. President: The House has adopted the report of the Conference Committee on HOUSE CONCURRENT RESOLUTION NO. 32, and has granted said committee the powers of Free Conference.

DEAN R. FOSTER, Chief Clerk.

REPORT OF FREE CONFERENCE COMMITTEE

June 19, 1977

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred House Concurrent Resolution No. 32, adopting joint rules for the Forty-fifth Legislature, have had the same under consideration, and that the resolution be amended as recommended by the Conference Committee.

Signed by: Senators Walgren, Clarke and Marsh; Representatives King and Berentson.

MOTIONS

On motion of Senator Marsh, the report of the Free Conference Committee on House Concurrent Resolution No. 32, as amended by the Free Conference Committee, was adopted.

MOTION

On motion of Senator Walgren, the Senate advanced to the eighth order of business.

MOTION

On motion of Senator Benitz, the following resolution was adopted:

SENATE RESOLUTION 1977—115

By Senators Benitz, Odegaard, Henry and Scott:

WHEREAS, With the enactment of Chapter 222, Laws of 1969 1st ex. sess., the Legislature created a program of state grants to needy students in "institutions of higher education" within this state; and

WHEREAS, With the enactment of Chapter 222, Laws of 1969 1st ex. sess., the Legislature created a program of state grants to needy students in "institutions of higher education" within this state; and

WHEREAS, In so doing a declaration of purpose was adopted which states, in part, that "The Legislature hereby declares that it regards the higher education of its qualified domiciliaries to be a public purpose of great importance to the welfare and security of this state and nation; and further declares that the establishment of a student financial aid program, assisting financially needy or disadvantaged students in this state to be a desirable and economical method of furthering this purpose. . ."; and

WHEREAS, Changes have occurred since 1969 in the educational patterns of students and educational programs of higher education, reflected in part by the emergence of the term "postsecondary education", which suggests that a reexamination should be made of the definitions in RCW 28B.10.802 that are employed for the purposes of this grant program; and

WHEREAS, The administration of this program of state grants was vested in the Commission on Higher Education, whose functions were subsequently incorporated into the Council on Postsecondary Education;

NOW, THEREFORE, BE IT RESOLVED, That the Council on Postsecondary Education be directed to:

(1) Consider, in light of its experiences in administering the State Need Grant Program, whether definitions contained under RCW 28B.10.802 should be amended to reflect current circumstances and terminology, particularly in light of federal regulations governing the Federal-State Student Incentive Grant funds; and

(2) Give particular consideration to the desirability of providing equitable access to the State Need Grant Program to students attending non-public postsecondary institutions not now eligible; and

BE IT FURTHER RESOLVED, That the Council for Postsecondary Education report its findings to the Committee on Higher Education of the Senate on or before December 1, 1977, with its recommendations for appropriate legislation.

PERSONAL PRIVILEGE

Senator Francis: "Mr. President, I just want to let you and the members know that it does me a great deal of good personally to see the presiding officer looking so cool and crisp on this long, hot day that we have been through today."

SENATE RESOLUTION 1977-118

By Senators Odegaard, Walgren and Matson:

WHEREAS, The First Extraordinary Session of the Forty-fifth Legislature is drawing to a close; and

WHEREAS, It is necessary to provide for the completion of the work of the Senate after its adjournment and during the interim period between the close of the First Extraordinary Session of the Forty-fifth Legislature and the convening of the next session;

NOW, THEREFORE, BE IT RESOLVED, That the Facilities and Operations Committee shall have full authority and direction over the authorization and execution of any personal services contracts or subcontracts that necessitate the expenditure of Senate appropriations; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate and the Senate Operations Committee be, and they hereby are, authorized to retain such employees as they may deem necessary and that said employees be allowed such rate of pay therefor as the Secretary of the Senate and the Senate Operations Committee shall deem proper; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and he hereby is, authorized and directed to make out and execute with the President, or the President Pro Tempore, the necessary vouchers upon which warrants for legislative expenses and expenditures shall be drawn from funds provided therefor; and

BE IT FURTHER RESOLVED, That after the close of the session the Secretary of the Senate and the President, or the President Pro Tempore of the Senate, be, and they hereby are, authorized and directed to prepare and execute the necessary vouchers, upon which warrants shall be drawn for the final payment of all expenses incurred after the adjournment of this First Extraordinary Session of the Forty-fifth Legislature in closing the business of such session, in providing for the interim period between the closing of such session and the convening of the next regular or special session of the Legislature and in the preparation for such convening; and

BE IT FURTHER RESOLVED, That all accounts payable incurred up to and including this date, covering Senate expenditures made, or obligations incurred, which are payable out of the funds appropriated for the payment of expenses of the Forty-fourth Legislature of the State of Washington, and which are presented for payment after adjournment of the First Extraordinary Session of the Forty-fifth Legislature, before payment is authorized, must bear the approval of the President or the President Pro Tempore of the Senate and the Secretary of the Senate; and

BE IT FURTHER RESOLVED, That the State Treasurer be, and he hereby is, directed to draw his warrants for the payment of salaries, per diem, in lieu payments, and reimbursements of and to the members of the Senate, the elected officers of the Senate, and the retained employees each month upon vouchers signed by the members, officers or employees and approved by the President of the Senate, or the President Pro Tempore of the Senate, and by the Secretary of the Senate, and he is authorized to deliver the warrants to the Secretary of the Senate for delivery or mailing to those entitled thereto; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and he hereby is, authorized and directed to have a copy of the Senate Journal of the First Extraordinary Session of the Forty-fifth Legislature, together with a suitable index therefor, prepared by the State Printer; and

BE IT FURTHER RESOLVED, That the President Pro Tempore of the Senate, the Vice President Pro Tempore of the Senate, the Senate Majority Floor Leader, the former Senate Majority Floor Leader, the Senate Minority Floor Leader, the former Senate Minority Floor Leader, the Assistant Senate Minority Floor Leader, the Majority and Minority Whips, and Majority and Minority Chairman and Secretaries, the Chairman of the Senate Facilities and Operations Committee, are each authorized to attend the annual meetings of the National Conference of State Legislatures, and to receive therefor their actual necessary expenses, and such per diem as may be authorized by law, to be paid upon their vouchers out of funds appropriated for legislative expenses; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and he hereby is, authorized and directed to attend the sessions of the National Conference of State Legislatures of the Council of State Governments, and while in attendance upon such conference he shall be allowed compensation at his regular per diem rate together with actual expenses, to be paid on his voucher out of funds appropriated for legislative expenses; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate collect the keys to the desks and rooms in and surrounding the Senate Chamber, committee rooms, work rooms, lounges, distribution center, bill room, storage rooms and the Sergeant at Arms office, and all other rooms in and adjacent to the Senate Chamber, except the Lieutenant Governor's offices, together with the east and west portions of the first floor of the Legislative Building; the first and fourth floor of the

Public Lands Building, and the first and second floor of the Institutions Building be placed in the custody, care and control of the Senate Facilities and Operations Committee and the Secretary of the Senate; and

BE IT FURTHER RESOLVED, That the Sergeant at Arms be, and he hereby is, directed to see that the Senate Chambers and adjoining rooms, furniture and equipment are clean and in good order; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate is authorized to express the sympathy of the Senate by sending flowers in the event of a bereavement in a Senator's family; and

BE IT FURTHER RESOLVED, That such use of the chamber rooms for a Y.M.C.A. Youth Legislature and the Governor's Safety Conference is permitted upon such terms as the Secretary shall deem proper.

There being no objection, the Senate returned to the fourth order of business.

The President signed:
HOUSE BILL NO. 623.

MOTION

On motion of Senator Walgren, the Senate returned to the third order of business.

MESSAGE FROM THE GOVERNOR

Office of the Governor, June 21, 1977.

TO THE HONORABLE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I have the honor to submit the following appointment, subject to your confirmation:

Gordon Sandison, appointed June 22, 1977, for a term ending at the pleasure of the Governor succeeding Donald Moos as Director of the Department of Fisheries.

Sincerely,
DIXY LEE RAY
Governor.

MOTIONS

On motion of Senator Walgren, the Senate commenced consideration of Gubernatorial Appointment No. 135, Senator Gordon Sandison as Director of the Department of Fisheries.

Senator Walgren moved the appointment of Senator Gordon Sandison as Director of the Department of Fisheries be confirmed.

REMARKS BY SENATOR WALGREN

Senator Walgren: "Mr. President and members of the Senate, I think it is very appropriate that we on this last legislative day, which I suspect is what, the 164th day now, 163rd legislative day, that we are considering the confirmation of a person who has served so long and well as a member of the legislature.

"Certainly nothing that I can say can begin to point out the great capabilities that Senator Sandison takes with him from this body to this very difficult job that he is about ready to assume, that of director. I can only say that it is most appropriate that as almost the last act of this legislative session that we will have the opportunity of casting a unanimous ballot as the roll is called to send Senator Sandison on, and with a wish of success, not only for him but for us and for the people of the state of Washington."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Thank you, Mr. President. I want to join in moving the confirmation. I have had the pleasure of knowing Senator Sandison in a business way as well as on the Senate floor and also socially for many, many years. He didn't very often have too much to say, but the performance in the various capacities that he has served the Senate in his quiet, unassuming way will be very sorely missed on both sides of the aisle. We, on our side, have always felt that everything he did was with the utmost consideration and fairness, and we wish him well in his new endeavor."

REMARKS BY SENATOR PETERSON

Senator Peterson: "Mr. President, just closing, I would like to say that Sandy has served on my natural resources committee for the last thirteen years, and I have taught him a lot about fish, and I think he will do a good job."

REMARKS BY SENATOR GOLTZ

Senator Goltz: "Mr. President and members of the Senate, speaking against the motion to confirm, this Senate needs Senator Sandison and I don't think we should give him up easily."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I concur in all of the remarks made about Senator Sandison, but I wonder where he is. Is he down at Ilwaco helping out on the fish blockade or—then having Senator Peterson, whose confirmation never came before our committee, but we should at least have the Senator here to look at him while we confirm him, look him right in the eye, and then we will know whether he has got the fish eye or not. I think he will do an excellent job."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "Mr. President, I must say that I have worked with Senator Sandison here for five years, and I know of his level of work and his level of integrity, his level of intelligence, and by golly, I am voting for him anyway."

REMARKS BY SENATOR TALLEY

Senator Talley: "I think this body ought to take about five minutes of silent prayer for him. He is going to need it."

REMARKS BY SENATOR NEWSCHWANDER

Senator Newschwander: "Mr. President, speaking from the other side of the aisle, I worked with Sandy for four or five years on the facilities committee and employment committee, and looking at the new members, it is going to be pretty tough to fill Sandy's shoes. One thing I have liked about old Sandy, you know, he is a fisherman, a sportsman. He loves football games, and that is one of my great pasttimes, and they will have to look from the years over there and keep looking for Sandy to see what is going on around here, but I think on your side of the floor you are losing a great Senator and I am looking forward to seeing who is going to replace Sandy in his seat also, but I would like to congratulate Sandy in his appointment although he is not here tonight. We are going to miss him, but I am sure he will be around here when it comes to appropriations in the ways and means committee, and maybe we can get even with him for some of the things he turned us down the path, but good luck, Sandy, wherever you are tonight."

The motion by Senator Walgren carried and the appointment of Gordon Sandison as Director of the Department of Fisheries was confirmed.

APPOINTMENT OF GORDON SANDISON

The Secretary called the roll. The appointment was confirmed by the Senate by the following vote: Yeas, 37; absent or not voting, 7; excused, 5.

Voting yea: Senators Bausch, Beck, Benitz, Bluechel, Clarke, Day, Donohue, Francis, Gaspard, Goltz, Guess, Henry, Herr, Jones, Keefe, Lewis, Marsh, Matson, McDermott, Monohon, Morrison, Murray, Newschwander, Odegaard, Peterson, Pullen, Rasmussen, Ridder, Rohrbach, Scott, Sellar, Talley, Van Hollebeke, Walgren, Washington, Wilson, Wojahn—37.

Absent or not voting: Senators Bottiger, Grant, North, Sandison, von Reichbauer, Wanamaker, Woody—7.

Excused: Senators Buffington, Fleming, Gould, Hayner, Mardesich—5.

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senators Walgren, Odegaard, Newschwander and Clarke to escort the Honorable Gordon Sandison to the rostrum.

REMARKS BY THE PRESIDENT

President Cherberg: "Honored members of the Senate, ladies and gentlemen, this is a moment of really deep and mixed emotions. I am sure that everyone feels the same as I do, namely that we are very, very happy for Senator Sandison and also very, very sad that he is departing from the Senate, but I am sure that one thing will meet with unanimous approval, and that is that we all wish him Godspeed, Senator Gordon Sandison."

REMARKS BY SENATOR SANDISON

Senator Sandison: "Governor Cherberg, members of the Senate, Senate employees, members of the House, House employees and ladies and gentlemen, I first want to thank the Senate for confirming me. At times you always have doubts, and particularly the way some of the speeches started.

"It is going to be tough to leave this place. Twenty-eight years is a long time to serve, to be with people, and I think I have said before they are probably closer to you than anyone other than your own family because we spend more hours together arguing, agreeing, a lot of other things.

"We are now ending another session, and I know that once you walk out of here it is never the same. The alumni have told me that. I came here in 1949, very bewildered, trying to find out what was going on, and I am still trying to figure it out some days. But one thing that I am sure of, no matter how complicated government gets, no matter how tough the problems are, that the institutions that we have, the House, the Senate and the office of Governor downstairs to keep check, is a good one. I think that we take lumps when we don't deserve them. We take lumps when we do deserve them. I think that sometimes we think the whole world is watching us when no one is really watching us, and then sometimes we do something where no one should be paying attention, and it makes the headlines. It is a peculiar system. I don't know how long a person stays in this place so he really understands that it is a good institution, that the legislature is still the closest thing to the people that you can find, and that anyone who serves in it at least should say to himself, 'I have been awarded a great honor.' Thank you and good luck."

REMARKS BY THE PRESIDENT

President Cherberg: "Thank you very much, Senator Sandison. Well, Sandy, we hate to see you go, but we know you are going to succeed one thousand percent. Good luck."

The committee of honor escorted Senator Sandison to his seat in the Senate Chamber and the committee was discharged.

PERSONAL PRIVILEGE

Senator Walgren: "Mr. President and members of the Senate, point of personal privilege. Mr. President and members of the Senate, just a brief note with regard to the legislative session that we are now just completing, it of course, is historic in that it is the longest legislative session that I guess we have had, but I think that every member who has served in this body, and I am sure that the same is true of those members who have served in the House during this session, feel that it is a session of great accomplishment.

"I said earlier that the session should not be judged by its length, but rather what the ledger had to say after it was completed, and I think that we can look to the ledger of this legislative session and truly be proud of the accomplishments that this session has obtained. Many of us were on different sides as legislation was proceeding, but I think that every person who spoke and who argued and who met in conference was sincere in his or her beliefs. Of course, I could go down the list of every member of this Senate, and point out their own particular accomplishments and their contributions to this successful session. I think any one of you could just look at the legislation that has been passed and note that we have, of course, achieved pension reform after much difficulty and much argument. Certainly the members who worked on that should be proud.

"Finally, Senator Henry, after all these years, a department of transportation was created, and I think that is an accomplishment.

"Senator McDermott, and to all of those who worked on the education matters, probably this is the most difficult task we had before us this session of trying to make a definition of basic education, and to work on a levy lid, and of course, this was accomplished.

"The budget, that the members of the ways and means committee so very competently handled, I think is a good one, and of course, even though we have had some debate about oil port siting and energy siting, we accomplished that also here in this legislature.

"So all of these things could be counted up, and I think I counted about twenty-nine that in any single legislative session would have individually been a tremendous accomplishment. I just wanted to say to all of you that I personally appreciated the work that you have done during the session, and I think that the people of this state will appreciate it too."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Thank you, Mr. President. I concur in the remarks of Senator Walgren as to the accomplishments of the session, and I think every Senator here contributed very substantially to those accomplishments. I also want to compliment the majority leader and the rest of you people on the other side of the aisle on the cooperation, and I think that this session has seen less of what you might term 'partisan backbiting' than any other session.

"My only suggestion, as it were, would be that I think all of us are rather aware of the fact that these accomplishments could, in reality, have been fulfilled in about half of the time that we spent down here. Unfortunately, it is human nature that people do not meet the grave issues until they are more or less forced to do so by a deadline, and if we were not approaching the end of the biennium, it might well have taken us a considerably longer time to face up to these issues.

"The Senate on three different occasions has sent over to the House a proposed constitutional amendment to establish limitations on these sessions. I still feel that it is the—that the Senate is very wise in doing this, and that it is to be hoped that at some time we will get an amendment so that reasonable deadlines will be set, and we can perform these very substantial accomplishments in a much shorter time, and I think our public image will be much better when this comes to pass."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I would like to thank the President for his unflinching kindness to all of us when we stumbled and fumbled on the floor. The President's good nature pulled us out of many a hole, and we appreciate all of the hard work that you have done during the session. I know it was hard on the rest of us out here, just sitting here wondering what was going to happen next. It must have been doubly hard on the President who is supposed to keep a little order out here in front of him.

"Then, too, I would like to say that in days past, we always closed the session—Al well remembers that, and Gordy—with resolutions praising the press. We have kind of forgotten that of late, but I wanted to say that I think that the press this time has probably taken a more moderate approach, and have been more helpful. Their attacks were not nearly as bitter as they have been, and that they realize that the legislature was trying to do something, and so in the absence of a thank you resolution, I would just say 'thank you' to the press for taking a good, responsible approach to the state's business, and again, thank you, Mr. President."

REMARKS BY THE PRESIDENT

President Cherberg: "Well, thank you very much, Slim, and I should like also to thank every member of the Senate for your many courtesies, and especially for your persevering patience with the President, and I believe also, that we should be very happy and proud that we have a man like Sid Snyder heading up the staff. I think without a doubt that Sid has to be the finest secretary of any Senate in the land, and his incomparable staff here. The incomparable staff that Sid has assembled here in the Senate, and especially those, and those in the back room, too, who have done so much good work. Chief Leatherlungs, who has never at any time failed to come through with flying colors in some very, very trying moments; our very friendly Bill Gleason, who does a grand job also; Dorothy Greeley, who is always on the ball and doing everything possible; Elmo Fadling, over here, who is ever faithful too, and of course, the Liberace of the keyboard, Orlando Francisco Scarpelli, who sometimes falls asleep at the switch, but eventually comes through; and of course, Charlie Johnson, with his excellent staff who do so much also to help keep us in order, and then we should never forget Harry Nelson and his beautiful crew who, after we have messed up the place quite a bit, every morning without fail, we are greeted with nice, clean quarters.

"I think all of these people really deserve a standing ovation. There is one other gang that has done yeoman work for every member of the Senate and for the President, and that is Jim Kneeland and his ever faithful and very capable drivers. Jim, how about standing up with any of your crew. Well, there is one thing that can be said about Carrie and Maxine, and that is that they have really added a great deal of avoirdupois to the Senate. To those of you who may not understand, that is a lot of weight."

REMARKS BY SENATOR DONOHUE

Senator Donohue: "I would like to publicly state that I think the Senate as it relates to the ways and means committee and to the staff, have one of the finest

staffs of any state that I can think of. I think that many of you, many of you, and nearly all of you have become acquainted with the expertise and the consideration and the hard work that the members of the ways and means committee staff, under the direction of Lyle Jacobson, have achieved this year. I think that they are great, and I love them all, and I want to say that publicly."

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President, Senator Donohue beat me to it. Having served as vice chairman the last several years with Senator Donohue, I have really appreciated the great staff that we have had to work with. I know George Scott, too, has learned to appreciate the staff of ways and means and many members of the Senate have pointed out that they have appreciated the cooperation and information from our staff members. It was one of the hardest decisions for me when the opportunity to be higher ed chairman came up, because I knew I would have to eventually give up vice chairman of ways and means, was to think about the staff you would lose, because once you move out of that into another office and away from those offices, you just don't have that contact with them as I have had now in the past, and also with the chairman, Senator Donohue. We had a good working relationship and we had a great friendship which we will continue, and I wish him the best in the future as I leave that position as vice chairman of ways and means, then, to Senator McDermott, the new vice chairman. I know they will make a good team, and will work well with the staff in the future."

REMARKS BY THE PRESIDENT

President Cherberg: "Thank you, Senator Odegaard. One of the most important factors about serving in the Senate is the assurance and comfort that we had from the fact that we had some very excellent people on our security staff under the direction of a former flatfoot from Seattle named Tom Stone. If Tom is around, I hope that he is listening. He did a grand job for us. The hostesses under Muriel Little have also done a great deal for us, and the hostesses in the galleries have done a marvelous job in maintaining order and decorum in those important sectors, and I am sure we are all aware that this place couldn't operate if we didn't have such a splendid staff of pages.

"I believe the members are certainly to be congratulated for their many accomplishments this session, but one of the many outstanding things that I have noticed is the fine caliber of young people that you have brought to Olympia, and those people who are already in Olympia who serve on the page corps, and without doubt, the highly efficient manner in which these young people have conducted their responsibilities and duties is due to the excellent direction offered by Annie Buck and Mary Alice Voland who, I think, along with all of the other people I have mentioned, certainly deserve the greatest credit.

"I never cease to be amazed at the efficiency and the cooperation of the bill clerks. To keep such a maze of measures in perfect order is to me a truly remarkable accomplishment, and I am sure you will agree."

REMARKS BY SENATOR JONES

Senator Jones: "Mr. President, I thought that maybe there should be some special award for whoever designed the air conditioning in this place, as well."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "I was talking with Senator Henry, and he agreed that the Governor and her willingness to compromise that we should both be grateful and

thankful for her willingness to compromise. Senator Henry, of course, realizes most in his efforts to get a transportation committee, and we had a Governor who would not compromise with the legislature. The new Governor, Governor Dixy, with a new staff has succeeded in getting, working with the legislature, one of the most forward programs that have been put forward for many a year, and I would think that we should thank her publicly for her efforts and willingness, a new person, never being in government before and has succeeded in working with Senator Henry, and that is an accomplishment that should be recognized.

"Also that she has worked with the legislature in getting this program through. I thank her, and I know that the rest of you do, too."

REMARKS BY THE PRESIDENT

President Cherberg: "The President believes it was a case of necessity on the part of the Governor, Senator Rasmussen, because if she hadn't cooperated, I think Al would have steam rolled right over her, but on a personal note, I want you members to know, and especially Al, how honored and proud I am to serve with a man like you, Al."

DEAN R. FOSTER, Chief Clerk.

STATEMENT FOR JOURNAL
ON SUBSTITUTE SENATE BILL NO. 2697

The Senate refused to concur in the House amendments, and adhered to its position and asked the House to recede from its amendments and returned the bill to the House on May 13, 1977.

On May 19, 1977 the House refused to recede from its amendments and asked the Senate for a Conference thereon. They appointed a Conference Committee and notified the Senate of such action but did not transmit the bill to the Senate.

On June 14, 1977 the Senate refused to grant a Conference and concurred in the House amendments and passed a duplicate to the original bill.

The Senate maintained that this was possible even though the House had not returned the original bill to the Senate with their last message, because all rules of parliamentary law work toward positive action that will bring agreement between the two Houses.

Substitute Senate Bill No. 2697 was sent to the Governor's Office without the Speaker's signature. His reasons for not signing the bill are obvious, but the Senate does not believe a presiding officer of either House can prohibit a bill that has passed both Houses from being delivered to the Governor because he or she has not signed the measure.

Sincerely,
SID SNYDER
Secretary of the Senate.

MESSAGE FROM THE HOUSE

June 21, 1977.

Mr. President: The House has adopted: HOUSE CONCURRENT RESOLUTION NO. 36, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

INTRODUCTION AND FIRST READING

HOUSE CONCURRENT RESOLUTION NO. 36, by Representatives King and Berentson:

Appointing a committee to notify the governor the legislature is ready to adjourn SINE DIE.

MOTIONS

On motion of Senator Walgren, the rules were suspended, House Concurrent Resolution No. 36 was advanced to second reading and read the second time in full.

On motion of Senator Walgren, the rules were suspended, House Concurrent Resolution No. 36 was advanced to third reading, the second reading considered the third, and the resolution was adopted.

APPOINTMENT OF SPECIAL COMMITTEE

Under the provisions of House Concurrent Resolution No. 36, President Cherberg appointed Senators Walgren, Sandison and Matson as a committee of three from the Senate to join a like committee from the House of Representatives to notify the Governor that the Legislature was about to adjourn SINE DIE.

MOTION

On motion of Senator Walgren, the committee appointments were confirmed.

MOTION

On motion of Senator Walgren, the following resolution was adopted:

SENATE RESOLUTION 1977-117

By Senators Walgren, Odegaard, Matson and Newschwander:

BE IT RESOLVED, That a committee of three members of the Senate be appointed to notify the House that the Senate is ready to adjourn SINE DIE.

APPOINTMENT OF SPECIAL COMMITTEE

Under the provisions of Senate Resolution 1977-117, the President appointed Senators Rasmussen, Lewis and Wojahn to notify the House that the Senate is ready to adjourn SINE DIE.

MOTION

On motion of Senator Walgren, the committee appointments were confirmed.

COMMITTEE FROM THE HOUSE NOTIFYING SENATE OF ADJOURNMENT SINE DIE

The Sergeant at Arms announced the arrival of the committee from the House of Representatives. The committee, comprised of Representatives Bauer, North and Patterson appeared before the bar of the Senate to notify the Senate that the House of Representatives was about to adjourn SINE DIE.

The report was received and the committee returned to the House of Representatives.

There being no objection, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

June 21, 1977.

Mr. President: The Speaker has signed: HOUSE CONCURRENT RESOLUTION NO. 36, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

SIGNED BY THE PRESIDENT

The President signed:

HOUSE CONCURRENT RESOLUTION NO. 36.

REPORT OF SPECIAL COMMITTEE APPOINTED
TO NOTIFY HOUSE OF REPRESENTATIVES
OF ADJOURNMENT SINE DIE

The Senate members of the special committee appointed under the provisions of Senate Resolution 1977-117 comprised of Senators Rasmussen, Lewis and Wojahn to notify the House of Representatives that the Senate was ready to adjourn SINE DIE reported that the House of Representatives had been notified.

The report was received and the committee was discharged.

REMARKS BY SENATOR HENRY

Senator Henry: "I might tell you that while this is supposed to be the longest session in the Washington state history, the legislatures in Oregon, California and Arizona that I am aware of, are still grinding away."

REPORT OF SPECIAL COMMITTEE
APPOINTED TO NOTIFY THE GOVERNOR
OF ADJOURNMENT SINE DIE

The Senate members of the special committee appointed under provisions of House Concurrent Resolution No. 36, composed of Senators Walgren, Sandison and Matson to notify the Governor, together with a like committee from the House of Representatives, that the Legislature was about to adjourn SINE DIE, appeared before the bar of the Senate and reported that the Governor had been notified.

The report was received and the committee was discharged.

President Pro Tempore Henry assumed the Chair.

MOTIONS

On motion of Senator Walgren, all bills returned from the House of Representatives were referred to the Committee on Rules.

On motion of Senator Walgren, the Senate Journal of the One Hundred Third Day, Forty-fifth Legislature, First Extraordinary Session, was approved.

At 2:26 a.m., on motion of Senator Sandison, the Senate of the Forth-fifth Legislature, First Extraordinary Session, adjourned SINE DIE.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

**GOVERNOR'S MESSAGES ON SENATE BILLS
VETOED AND PARTIALLY VETOED**

—1977—

**FORTY-FIFTH LEGISLATURE
REGULAR AND FIRST EXTRAORDINARY SESSIONS**

Office of the Governor, June 30, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section, SENATE BILL NO. 2042 entitled:

"An Act relating to pilotage."

Senate Bill No. 2042 is a most desired piece of legislation making significant improvements in the area of marine pilotage. A part of its provisions, however, relates to the formation of a pilotage commission and grants rule making authority. In view of the fact that the pilotage commission is to be consolidated with the new state department of transportation, whose secretary will be the chairman of the commission, both acts of the Legislature should become effective at the same time. The department of transportation becomes effective on September 21, 1977; thus, I am vetoing Section 19 of Senate Bill No. 2042, the emergency clause, so that these two important measures become law at the same time.

With the exception of section 19 which I have vetoed, the remainder of Senate Bill No. 2042 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 3, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 2082 entitled:

"An Act relating to state government; further identified as the Regulatory Reform Act of 1977."

This bill provides for a method of performance review of state agencies at certain time intervals with the purpose of eliminating or modifying the operations of agencies reviewed.

I am initially concerned that this bill is totally lacking in executive participation or involvement. Legislation of this proposed magnitude suggesting a phaseout of state agencies and reduction in the state bureaucracy is meritorious and I generally subscribe to such purpose. It is my judgment, however, that the executive branch

must be not only consulted, but be a part of any attempt to reorganize state government.

I am compelled to veto this bill for other significant reasons. This version of the "Sunset Laws" presented in Substitute Senate Bill No. 2082 does not provide the resources to make a credible review of an agency's performance. Without adequate resources, this review process would add an additional bureaucratic layer to government operations which is contrary to the intent of the act. Moreover, the additional bureaucracy would be added to the Legislative branch of government since this bill requires the Legislative Budget Committee to conduct the review. Neither the bill, nor the fiscal note filed by the Legislative Budget Committee provides any resources to accomplish this task. The range of issues and associated analysis that the bill would require the Legislative Budget Committee to look into could not be considered thorough or sufficient if done by current staff. If meaningful regulatory reform is to occur, it follows that detailed analysis be performed upon which to make accurate decisions. The key to regulatory reform lies with the quality of the analysis and must involve the Executive branch.

For the foregoing reasons, I have determined to veto Substitute Senate Bill No. 2082.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 3, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 2107 entitled:

"An Act relating to the state building code."

This bill would allow occupancy loads in the drinking area of a drinking or dining establishment to be modified based on the number of exits in that area.

Although the language of the bill does not precisely say so, it is clear that based on the number of exits rather than the amount of square feet in a drinking area, more people will be permitted in a drinking area than is currently authorized by the building code. In effect, this bill would change the formula of 15 square feet for each person to something less. Conceivably, it might even halve that number.

In my opinion, this bill would legalize overcrowding in areas in which space is already severely limited and in which tables and chairs are so placed that every available square inch is used. To authorize exceeding those limits now regarded as safe, especially in view of the recent Southgate fire in Kentucky, requires far more justification than is provided by this bill.

For the foregoing reason, I have determined to veto Substitute Senate Bill No. 2107.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 6, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one section, SUBSTITUTE SENATE BILL NO. 2113 entitled:

"An Act relating to institutions of higher education; creating new sections; and adding new sections to Chapter 223, Laws of 1969 Extraordinary Session, and to Chapter 28B.15 RCW."

Section 2 of the bill restricts the resident tuition and fee classification to non-immigrant aliens and dependents who are nationals of countries having comparable public institutions of higher education and extending the same resident tuition and fee policy to residents of the State of Washington who attend institutions of higher education in such countries. This would effectively require institutions in the State of Washington to first determine comparability and then ascertain by surveying Washington State citizens or institutions in affected foreign countries the tuition and fee rates charged to our citizens. This poses numerous measurement problems in determining comparability of foreign educational systems with our state educational system and unnecessarily increases the administrative workload associated with the enrolling and granting of residency status to the affected nonimmigrant alien.

Section 2 of the bill is also considered to be inconsistent with legislative intent as stipulated in Section 3. The main reason for extending residency status to this select group of nonimmigrant aliens and dependents is because they are viable members of the community, pay taxes, and contribute to the economic, social and cultural welfare of this state. It seems inappropriate and inconsistent to link that level of state contribution and involvement in community affairs to the higher educational system and tuition and fee policies of that person's country.

With the exception of Section 2, which I have vetoed, the remainder of Substitute Senate Bill No. 2113 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, March 30, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval of one section, SENATE BILL NO. 2133 entitled:

"An Act relating to state government reports and publications."

The specific section I have vetoed is New Section 35 at page 40, lines 15 through 25, which requires each state and local agency to purge its mailing lists each year of all persons not responding positively to inquiries on whether they wish to remain on such lists. The scope of this section is unnecessarily broad, and would, for example, require some agencies which mail valuable but unsolicited information to large segments of the population to curtail such activities. In many cases such mailings are required by law. Furthermore, section 35 would severely restrict the ability of our state institutions of higher learning to regularly solicit donations from their alumni or to keep their large constituencies informed of continuing educational

opportunities. Even members of the legislature and other state and local elected officials would have to curtail their mailings.

For the reasons stated above, and because I am confident that the legislature will pass appropriate legislation to deal with the problem of unnecessary mailing expenses because of the use of stale mailing lists, I have vetoed section 35 of Senate Bill No. 2133. The remainder of the bill is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 3, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 2156 entitled:

"An Act relating to health care professionals."

This bill would allow selected health care professionals to create mutual corporations to provide malpractice insurance in the event the Insurance Commissioner determines that such insurance is not available or is prohibitive in cost.

There is the potential of serious problems with the availability of malpractice insurance. However, the problem does not exist presently, and the Legislature has very recently created measures that should go a long way toward correcting the problem. We should first determine the impact of that legislation before initiation of new bills that only provide the appearance of adequate protection to practitioners in the health care industry and the public.

If health care professionals desire to establish their own insurance companies they can readily do so under the existing statutes which fully protect the public.

For the foregoing reasons, I have determined to veto Senate Bill No. 2156.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 6, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I am returning without my approval as to one section SUBSTITUTE SENATE BILL NO. 2197 entitled:

"An Act relating to escrow."

Section 34 of the bill declares an emergency and provides for the act to take effect on June 15, 1977. Under the constitution, Article II, Sections 1(b) and 41, the use of an emergency clause does two things. First, it alters the time when a particular piece of legislation becomes effective, thereby eliminating what may be a desirable adjustment period for affected persons. Second, it excepts the legislation from the important referendum right reserved by the people. Because of these effects, the use of the clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

With the exception of Section 34, which I have vetoed, the remainder of Substitute Senate Bill No. 2197 is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, May 6, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one section, SENATE BILL NO. 2325 entitled:

"An Act relating to cities, towns, counties, and other units of local government; adding a new chapter to Title 43 RCW; and declaring an emergency."

Section 8 of the bill declares an emergency and provides for the act to take effect immediately. Under the Constitution, Article II, Sections 1(b) and 41, the use of an emergency clause does two things. First, it alters the time when a particular piece of legislation becomes effective, thereby eliminating what may be a desirable adjustment period for affected persons. Second, it excepts the legislation from the important referendum right reserved by the people. Because of these effects, the use of the clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

In this case, not only is the use of the clause unwarranted by the urgency of the situation, but the use also eliminates the adjustment period that would be helpful for affected units of local government. For these reasons, I have vetoed this section.

With the exception of section 8, which I have vetoed, the remainder of Senate Bill No. 2325 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 3, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section SUBSTITUTE SENATE BILL NO. 2383 entitled:

"An Act relating to public employment; providing salary surveys; providing for local administration and management by institutions of higher education and related boards; mandating the higher education personnel board to adopt rules for training programs and regular increment pay increases."

Section 15 of the bill declares an emergency and provides for the act to take effect immediately. Under the constitution, Article II, Sections 1(b) and 41, the use of an emergency clause does two things. First, it alters the time when a particular piece of legislation becomes effective, thereby eliminating what may be a desirable adjustment period for affected persons. Second, it excepts the legislation from the important referendum right reserved by the people. Because of these effects, the use of the clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

With the exception of Section 15, which I have vetoed, the remainder of Substitute Senate Bill No. 2383 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 10, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 2512 entitled:

"An Act relating to state agency housing; and adding a new section to chapter 8, Laws of 1965 and to chapter 43.82 RCW."

This bill is not acceptable for it requires the Department of General Administration to subject all future real estate transactions entered into by the department to the state conservator for review in determining whether historic sites or buildings can be used. It requires the Director of General Administration to justify his failure to utilize such historic considerations.

I see no practical way this procedure could work but can envision much delay, unnecessary expense and severe environmental problems if the bill is allowed to become law. The heavy workload of the Department of General Administration in administering to the acquisition of needed state purchases and leases is already burdensome and in many instances, time is of the essence in such transactions.

The preservation of historic landmarks is laudable and I support such concept; however, SB 2512 would so seriously hamper the operation of the Department of General Administration while, at the same time, any benefit to be achieved by passage of the bill would be negligible, I am constrained to veto the measure.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 21, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 2697 entitled:

"An Act relating to revenue and taxation for the common schools; amending section 84.52.052, chapter 15, Laws of 1961 as last amended by section 1, chapter 4, Laws of 1977 and RCW 84.52.052; amending section 84.52.054, chapter 15, Laws of 1961 as last amended by section 2, chapter 4, Laws of 1977 and RCW 84.52.054; adding new sections to chapter 15, Laws of 1961 and to chapter 84.52 RCW; prescribing an effective date; and declaring an emergency."

Substitute Senate Bill No. 2697, placing a lid on special levies, reached my office on June 15, 1977. The bill, as passed by action of both houses, contained a serious legal defect in that the Speaker of the House had not affixed his signature as required by law. Article II, Section 32 of the Washington State Constitution provides as follows:

"32 Laws, How Signed. No bill shall become law until the same shall have

been signed by the presiding officer of each of the two houses in open session and under such rules as the legislature shall prescribe."

Clearly then, there is a legal cloud over the final passage of the bill.

In addition to this factor, House Bill No. 1086 has passed the legislature and is on my desk. Although this bill does differ from Substitute Senate Bill No. 2697 in its provisions, it appears to have been passed in accord with the constitution and the rules of the respective houses.

For the above reasons, I have determined to veto Substitute Senate Bill No. 2697.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, May 24, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to several sections, SUBSTITUTE SENATE BILL NO. 2872 entitled:

"An Act relating to social and health services."

In making much needed revisions in the law to eliminate language offensive to certain of our citizens, the legislature has inadvertently made substantial changes in the law relating to marriage by repealing, in sections 17, 18, 19 and 20 of this bill, the basic prohibitions to be set forth by affidavit of persons desiring to marry. These alterations go far beyond the intent of this bill and should be given close attention by the legislature at some future date.

For the foregoing reasons, I have determined to veto sections 17, 18, 19, and 20. With the exception of those sections, I have approved the remainder of Substitute Senate Bill No. 2872.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, July 15, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

In am returning herewith without my approval as to certain sections, ENGROSSED SUBSTITUTE SENATE BILL NO. 2910 entitled:

"An Act relating to energy facility sites."

This bill makes a number of changes to Chapter 80.50 RCW relative to the Energy Facility Site Evaluation Council. Section 1 amends existing legislative intent, as set out in Section 80.50.010 RCW, to require the Council to comply with local land use plans and zoning ordinances, in balancing the broad interests of the public with the increasing demands for energy facility location and operation.

Section 7 amends Section 80.50.090 RCW, relating to public hearings. The amendatory language is basically non-substantive except for the provision that prohibits the Council from recommending site certification if the local legislative authority decides not to change the provisions of its land use plan or zoning ordinance with which the application is inconsistent.

Section 9 amends existing preemption language in Section 80.50.110 RCW to specifically preclude the state from preempting local land use plans and zoning ordinances.

The original Senate Bill No. 2910, an Executive Request bill, contained provisions that required the applicant to ". . . exhaust all reasonable, available methods and remedies to reach agreement with the city and/or county governments before the state [would] consider preemptive action". The purpose of that language was to codify the Council's operating policy established during the Satsop hearings, which policy encouraged the applicant and local governmental authorities to deal with each other at arm's length. I strongly endorse this policy because I believe state government should become involved in these issues, only when there are overriding state concerns that are being handled unreasonable at the local governmental level. The provisions of the three sections mentioned above would shift the balance of power too far in favor of local government, contrary to the established policy.

In keeping with my concern for local determination, I intend to request the Council to adopt and promulgate regulations similar to the language in Senate Bill No. 2910 as originally introduced to ensure that the applicant makes a good faith effort to work with local governmental authorities to resolve disputes. In addition, I will request the Council to develop guidelines for determining when the interests of the state are such as to require preemptive action.

With the exception of Sections 1, 7 and 9 which I have vetoed for the above reasons, the remainder of Engrossed Substitute Senate Bill No. 2910 is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 2, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section, SUBSTITUTE SENATE BILL NO. 2924 entitled:

"An Act relating to transportation; creating a department of transportation and prescribing its general structure, personnel, powers, duties, and functions; transferring to the jurisdiction of the department of transportation and/or the secretary of transportation certain powers, duties and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, the planning and community affairs agency, and the canal commission; transferring to the jurisdiction of the secretary of transportation certain powers, duties, and functions of certain state officials, boards, and commissions; providing the procedure for the aforesaid transfers; saving certain rights; abolishing certain state agencies and offices;"

Section 81 of the bill declares an emergency and provides for the act to take effect July 1, 1977. Under the constitution, Article II, Sections 1(b) and 41, the use of an emergency clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

This bill creates a new state agency with great responsibilities. Many provisions of the bill must be carefully studied and will require implementation. In addition, the selection of commissioners and consolidation of other agencies within the

department of transportation will necessitate some time. For these reasons I see no need for the emergency clause and thus have respectfully vetoed the same. With the exception of section 81 which I have vetoed, the remainder of Substitute Senate Bill No. 2924 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 1, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning to you herewith without my approval as to one section, SUBSTITUTE SENATE BILL NO. 2956, entitled:

"An Act relating to outdoor advertising; and adding a new section to chapter 47.42 RCW; and declaring an emergency."

Section 3 of the bill declares an emergency and provides for the act to take effect immediately. Under the constitution, Article II, Sections 1(b) and 41, the use of an emergency clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

Although the intent of this bill requires compensation to be paid in those situations where signs are removed, there is no true emergency involved. For these reasons, I have vetoed this section.

With the exception of section 3, which I have vetoed, the remainder of Substitute Senate Bill No. 2956 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 21, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section SENATE BILL NO. 3015 entitled:

"An Act relating to energy facilities; creating new sections; making an appropriation; and declaring an emergency."

Section 4 of the bill declares an emergency and provides for the act to take effect immediately. Under the constitution, Article II, Sections 1(b) and 41, the use of an emergency clause does two things. First, it alters the time when a particular piece of legislation becomes effective, thereby eliminating what may be a desirable adjustment period for affected persons. Second, it excepts the legislation from the important referendum right reserved by the people. Because of these effects, the use of the clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

With the exception of section 4, which I have vetoed, the remainder of Senate Bill No. 3015 is approved.

Sincerely,
DIXY LEE RAY
Governor.

Office of the Governor, June 10, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section SUBSTITUTE SENATE BILL NO. 3036 entitled:

"An Act relating to alcoholic beverage control; amending section 3, chapter 208, Laws of 1971 ex. sess. and RCW 66.04.011; amending section 90, chapter 62, Laws of 1933 ex. sess. as last amended by section 3, chapter 74, Laws of 1975-'76 2nd ex. sess. and RCW 66.28.010; amending section 1, chapter 245, Laws of 1943 and RCW 66.44.310; and amending section 2, chapter 13, Laws of 1970 ex. sess. as last amended by section 1, chapter 245, Laws of 1975 1st ex. sess. and RCW 66.24.420."

A careful reading of this bill reveals that section 3 as amended could create problems beyond the intent of the sponsor. The amendment was submitted as a floor amendment and thus did not have the benefit of committee deliberation. Although the purpose of the change was to allow those under 21 years of age to assist in clean-up duties in their parents taverns, in itself not particularly objectionable, the amended section could be interpreted as allowing teenage "coke" parties or other social events in a contrived atmosphere.

Another problem exists involving the ability of the Washington State Liquor Control Board to enforce the statute. It is a valid argument that a tavern operator might be able to take advantage of the law if a minor was found on the premises by quickly suspending sales and claiming no violation.

For these reasons, section 3 of Substitute Senate Bill No. 3036 is vetoed and the remainder of the bill is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 30, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 3054 entitled:

"An Act relating to revenue and taxation; reenacting and amending section 7, chapter 294, Laws of 1971 ex. sess. as last amended by section 1, chapter 33, Laws of 1975-'76 2nd ex. sess. and RCW 82.04.291; amending section 6, chapter 294, Laws of 1971 2nd ex. sess. as amended by section 91, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.33.060; and amending section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 8, chapter 123, Laws of 1975-'76 2nd ex. sess. and RCW 84.33.080."

This bill is an extremely important piece of taxing legislation involving harvested timber. Quite by oversight the legislature failed to incorporate an emergency clause in the bill which would have allowed the bill to take effect immediately and place the administration of the act with the Department of Revenue.

The legislature has corrected the dilemma by passing an identical bill with an emergency clause appended Senate Bill No. 2714. In view of this, I am vetoing Substitute Senate Bill No. 3054 with the intention of signing Senate Bill No. 2714.

Respectfully,
DIXY LEE RAY
Governor.

Office of the Governor, June 30, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I am returning herewith without my approval as to certain sections and items SUBSTITUTE SENATE BILL NO. 3109 entitled:

"An Act adopting the budget; making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1977, and ending June 30, 1979; making other appropriations; designating effective dates for certain appropriations; and declaring an emergency."

The specific items and sections which I have vetoed are as follows:

1. FOR THE DEPARTMENT OF PERSONNEL

On page 11, section 25, line 22, I have vetoed the Data Processing Revolving Fund appropriation in the amount of \$2,930,000. A full explanation of the rationale for vetoing this appropriation is set forth in the veto message for Section 27 which follows.

On page 12, Section 27, lines 10 and 11, and subsections (2) through (5), are vetoed.

Appropriation of the Data Processing Revolving fund results in appropriating the same funds twice. This requires maintaining duplicate accounting records, creates unnecessary paper work, and contradicts the function of a revolving fund. Real improvement in fiscal control will not be achieved through this change.

Second, this change to appropriated status does not coincide with the current Data Processing Authority and Service Center organizational lines of responsibility and authority. Without statutory change or revised functional lines of responsibility there is confusion as to who has the final decision-making authority.

Finally, the wording in subsection (5) is unclear as to what is intended by an integrated management and budget plan for Service Centers #1 and #3. If the intent is to integrate Services Centers #1 and #3 then there is a contradiction in the direction of Washington State Data Processing.

Because of the reasons cited above, and the apparent need for further study, the Data Processing Revolving Fund should remain as it currently exists.

2. FOR THE FINANCE COMMITTEE

In section 28, on page 13, I have vetoed subsection (1) which gives the Finance Committee "full responsibility for the investment management of the state trust and retirement funds."

This change in responsibility for investment management is in direct conflict with House Bill No. 619 which I recently signed. House Bill No. 619 provides the Department of Retirement Systems and the Finance Committee with joint investment authority subject to approval by the retirement boards.

Second, the proviso language does not describe a "condition or limitation" on the Finance Committee's appropriation as was intended, but rather, constitutes a major shift in responsibility from one executive agency to another.

3. FOR THE PLANNING AND COMMUNITY AFFAIRS AGENCY

On page 42, Section 64, I have vetoed subsection (2) appropriating federal Law Enforcement Assistant Administration (LEAA) funds to specific agency projects. Although I agree that the criminal justice projects identified in this section are worthwhile, this legislative appropriation contradicts projects selected through the federally mandated planning process. Violation of the state plan would result in the loss of \$18 million of federal funds.

4. FOR THE STATE ENERGY OFFICE

On page 45, Section 72, I have vetoed: "The appropriation contained in this section shall be subject to the following condition or limitation: Not more than \$500,000 of this appropriation shall be used as matching funds for energy-related studies as determined by the House and Senate Energy and Utilities Committees."

The Legislature apparently contemplated providing an additional \$500,000 to the Energy Office for energy related studies. However, the final amount appropriated to the Energy Office does not include the additional \$500,000. Therefore, since the funds referenced in this proviso are not included in the final appropriation, I am vetoing this item. I will direct the Energy Office to work closely with the House and Senate Energy and Utilities Committees on all energy related studies during the next biennium.

5. FOR THE DEPARTMENT OF AGRICULTURE

On page 54, Section 86, I have vetoed subsection (2): "\$150,000 of the general fund appropriation—state shall be expended within the seed branch division for the purpose of maintaining seed certification activities."

I am vetoing this subsection because I believe establishing a precedent of using general funds to support a dedicated fund activity is inappropriate. I will direct the Department of Agriculture to evaluate, identify and recommend a solution to the seed certification funding problem.

6. FOR K-12 PROGRAM

On page 56, Section 94, I have vetoed subsection (2) which provides that "no funds shall be expended for purposes of advancing the development of occupational skill centers not operated in conjunction with a community college or vocational technical institute. Operations of skill centers in existence or those which have had their capital funds approved on the effective date of this act may be continued."

I support the notion that surplus space should be used whenever possible. The construction of unnecessary, duplicative facilities is wasteful and should be discouraged. I also support the notion that vocational education is a keystone to a vital and prosperous populace. Subsection (2) precludes contiguous districts from joining to provide for improved vocational programs regardless of their proximity to existing facilities. This requirement can lead to one of two things, costly and inefficient programs operated by individual districts or limited and low quality vocational education programs.

On page 56, Section 94, I have vetoed subsection (4) which directs "the State Board of Education to restore all educational service district boundaries as they existed prior to September 1, 1976."

RCW 28.21.020 (RCW 28A.21.020) clearly grants discretionary authority to the State Board to revise educational Service District boundaries. The legal Board action of December 3, 1976, and resulting administrative implementation of a system of 9 ESDs, is expected to result in increased economy and efficiency in educational management. I firmly believe that this and similar actions must be encouraged and supported. This appropriate action, if overturned at this time, can only result in unnecessary duplication and increased cost of educational management.

7. FOR COMMUNITY COLLEGE EDUCATION

On page 72, Section 110, I have vetoed subsection (3) which directs that "Olympia Technical Community College shall not become a comprehensive community college and shall offer only those courses essential to vocational education."

Subsection (3) amends 28B.52.030 RCW which gives the academic employee

organization within its community college district the right to negotiate with the board of trustees of the community college district on policies relating to curriculum. This attempt to modify existing statutes and in effect create substantive law through an appropriation act is inappropriate.

In Section 110 I have vetoed subsection (5) which requires that "the average full-time faculty classroom contact hours for the community college system shall be at least 19 hours per week."

Subsection (5) amends 28B.52.030 RCW which gives the academic employee organization within its community college district the right to negotiate with the Board of Trustees of the community college district on policies relating to hiring and assignment practices. This attempt to modify existing statutes and, in effect, create substantive law through an appropriation act is inappropriate.

On pages 72 and 73, I have vetoed Section 110A which provides that "The State Board for Community College Education and the Boards of Trustees for community college districts thirteen and fourteen may waive the payment of non-resident fees by residents of Clatsop, Columbia, Washington, Multnomah, and Hood River Counties, Oregon, for the duration of the 1977-79 biennium, contingent upon evidence that similar waivers are made for residents of Cowlitz, Clark, Pacific or Wahkiakum Counties, Washington, to attend any of the following Oregon institutions: Clatsop, Portland, or Mount Hood Community Colleges, or Portland State University."

Sections 110A amends Chapter 28B.15 RCW (College and University Fees). This modification of existing statutes through an appropriation act is inappropriate.

8. FOR HIGHER EDUCATION

On page 76, Section 117 for the institutions of higher education, I have vetoed subsection (5) requiring "The average full-time faculty direct classroom contact hours shall be at least 12 hours per week for the two universities and 14 hours per week for the four state colleges."

Introducing substantive legislation in an appropriation act is an inappropriate method for formulating new or modifying existing state policies. This subsection is substantive because it stipulates new personnel duties and responsibilities for a certain group of higher educational employees.

9. OPERATING APPROPRIATIONS BILL

I have vetoed section 164 on page 95 which reads as follows: "Unless prohibited by federal law the receipt of federal or other funds which are not anticipated in the appropriation bill enacted by the Legislature shall be used to support regular programs instead of using funds appropriated from state taxes or similar revenue sources." This section further provides that any state funds replaced by such federal or other receipts shall be placed in reserve and shall not be expended unless authorized by the Legislature.

The use of non-restricted, unanticipated federal funds as an offset against state General Fund appropriations is common practice and one which I endorse. The assumption that all unanticipated non-federal receipts are unrestricted and can be used for any purpose is erroneous. To require that increases in certain forms of revenue, such as patient fees, be available to an institution only if an equivalent amount of state General Fund money is placed in reserve, is not reasonable. This requirement effectively limits the capability of an agency to accommodate unanticipated

increases in workload and associated revenue. In addition, this proposed restriction inhibits institutions from taking advantage of various non-federal grants that were not anticipated in the budget development process and thus tends to eliminate benefits that might otherwise accrue to the state.

With the exception of the foregoing sections and items which I have vetoed for the reasons stated, the remainder of Substitute Senate Bill No. 3109 is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, June 30, 1977.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one item SUBSTITUTE SENATE BILL NO. 3110 entitled:

"An Act adopting the capital budget; making appropriations and authorizing expenditures for capital improvements; authorizing certain projects; prescribing an effective date; and declaring an emergency."

In Section 7, beginning with line 19 through line 37, page 12, I have vetoed all of subsection (13). The initial concept of mini-prisons to implement the present maximum security facilities of our prison system was proposed by the previous administration. Although I recognize the extreme and immediate need for the improvement in our prisons, we have and will continue to take steps to alleviate the situation using present facilities. The mini-prison approach needs additional study, principally as to its high cost factor in relation to inmate capacity. I believe it would be to the best interests of the state at this time to delay the initiation of additional new facilities until other alternatives have been exercised and additional studies conducted.

For the above reasons, I have vetoed subsection (13) of Section 7, as described above. The remainder of Substitute Senate Bill No. 3110 is hereby approved.

Sincerely,
DIXY LEE RAY
Governor.
