~~((1))~~ Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.

~~((2) In any administrative or judicial proceeding pending upon May 21, 1971 or arising from the property revaluation under the provisions of section 4, chapter 282, Laws of 1969 ex. sess., and section 1, chapter 95, Laws of 1970 ex. sess., the provisions of this section will apply. Sec. 20. RCW 84.40.045 and 1977 ex.s. c 181 s 1 are each amended to read as follows:

The assessor shall give notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon no later than thirty days after appraisal: PROVIDED, That no such notice shall be mailed during the period from January 15 to February 15 of each year: PROVIDED FURTHER, That no notice need be sent with respect to changes in valuation of forest land made pursuant to chapter 84.33 RCW.

The notice shall contain a statement of both the prior and the new true and fair value and the ratio of the assessed value to the true and fair value on which the assessment of the property is based, stating separately land and improvement values, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

The notice shall be mailed by the assessor to the taxpayer.

If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer shall, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person shall also receive a copy of the notice provided for in this section. Willful failure to comply with such request within the time limitation provided for herein shall make such taxpayer subject to a maximum civil penalty of five ~~((dollars for each parcel of real property within the scope of the request in which it holds the security interest, the aggregate of such penalties in any one year not to exceed five))~~ thousand dollars. The penalties provided for herein

shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. The assessor shall make the request provided for by this section during the month of January.

Sec. 21. RCW 84.40.080 and 1973 2nd ex.s. c 8 s 1 are each amended to read as follows:

~~((The))~~ An assessor~~((, upon his own motion, or upon the application of any taxpayer,))~~ shall enter ~~((in the detail and assessment list of the current))~~ on the assessment roll in any year any property shown to have been omitted from the assessment ~~((list))~~ roll of any preceding year, at the ~~((valuation of that))~~ value for the preceding year, or if not then valued, at such ~~((valuation))~~ value as the assessor shall determine ~~((from))~~ for the preceding year, and such ~~((valuation))~~ value shall be stated ~~((in a separate line))~~ separately from the ~~((valuation))~~ value of ~~((the current))~~ any other year. ~~((Where improvements have not been valued and assessed as a part of the real estate upon which the same may be located, as evidenced by the assessment rolls, they may be separately valued and assessed as omitted property under this section))~~ When any improvement has not been placed on an assessment roll as a part of the real estate upon which it is located, the improvement may, subject to RCW 84.40.085, be subsequently placed upon the assessment roll regardless of whether any other improvement on the real estate is listed on the assessment roll. For purposes of this section it is immaterial whether an assessment roll lists each improvement separately: PROVIDED, That no such assessment shall be made in any case where a bona fide purchaser~~((, encumbrancer,))~~ or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest: AND PROVIDED FURTHER, That in the assessment of personal property, the assessor shall assess the omitted value not reported by the taxpayer as evidenced by an inspection of either the property or the books and records of said taxpayer by the assessor.

Sec. 22. RCW 84.40.090 and 1961 c 15 s 84.40.090 are each amended to read as follows:

It shall be the duty of assessors, when assessing real or personal property, to designate the name or number of each taxing and road district in which each person and each description of property assessed is liable for taxes~~((, which designation shall be made by writing the name or number of the districts opposite each assessment in the column provided for that purpose in the detail and assessment list))~~. When the real and personal property of any person is assessable in several taxing districts and/or road districts, the amount in each shall be assessed ~~((on separate detail and assessment lists, and all property assessable in incorporated cities or towns shall be assessed in consecutive books, where more than one book is necessary, separate from outside property and separately, and the name of the owner, if known, together with his post office address, placed opposite each amount))~~ separately.

Sec. 23. RCW 84.40.170 and 1961 c 15 s 84.40.170 are each amended to read as follows:

(1) In all cases of irregular subdivided tracts or lots of land other than any regular government subdivision the county assessor shall outline a plat of such tracts or lots and notify the owner or owners thereof with a request to have the same surveyed by the county engineer, and cause the same to be platted into numbered (or lettered) lots or tracts: PROVIDED, HOWEVER, That where any county has in its possession the correct field notes of any such tract or lot of land a new survey shall not be necessary, but such tracts may be mapped from such field notes. In case the owner of such tracts or lots neglects or refuses to have the same surveyed or platted, the county assessor shall notify the ~~((board of))~~ county ~~((commissioners))~~ legislative authority in and for the county, who may order and direct the county engineer to make the proper survey and plat of the tracts and lots. A plat shall be made on which said tracts or lots of land shall be accurately described by lines, and numbered (or lettered), which numbers (or letters) together with number of the section, township and range shall be distinctly marked on such plat, and the field notes of all such tracts or lots of land shall describe each tract or lot according to the survey, and such tract or lot shall be numbered (or lettered) to correspond with its number (or letter) on the map. The plat shall be given a designated name by the surveyor thereof. When the survey, plat, field notes and name of plat, shall have been approved by the ~~((board of))~~ county ~~((commissioners))~~ legislative authority, the plat and field notes shall be filed and recorded in the office of the county auditor, and the description of any tract or lot of land described in said plats by number (or letter), section, township and range, shall be a sufficient and legal description for revenue and all other purposes.

(2) Upon the request of eighty percent of the owners of the property to be surveyed and the approval of the county legislative authority, the county assessor may charge for actual costs and file a lien against the subject property if the costs are not repaid within ninety days of notice of completion, which may be collected as if such charges had been levied as a property tax.

Sec. 24. RCW 84.41.070 and 1975 1st ex.s. c 278 s 198 are each amended to read as follows:

If the department of revenue finds upon its own investigation, or upon a showing by others, that the revaluation program for any county is not proceeding for any reason as herein directed, ~~((or is not proceeding for any reason with sufficient rapidity to be completed before June 1, 1958,))~~ the department of revenue shall advise both the ~~((board of))~~ county ~~((commissioners))~~ legislative authority and the county assessor of such finding. Within thirty days after receiving such advice, the ~~((board of))~~ county ~~((commissioners))~~ legislative authority, at regular or special session, either (1) shall authorize such expenditures as will enable the

assessor to complete the revaluation program as herein directed, or (2) shall direct the assessor to request special assistance from the department of revenue for aid in effectuating the county's revaluation program.

The board of equalization shall meet in open session for this purpose annually on the 15th day of July and, having each taken an oath fairly and impartially to perform their duties as members of such board, they shall examine and compare the returns of the assessment of the property ~~((of the county))~~ presented in an individual appeal and proceed to equalize the same, or may equalize other properties the value of which was not appealed with the approval of the county assessor so that each tract or lot of real property and each article or class of personal property shall be entered on the assessment list at its true and fair value, according to the measure of value used by the county assessor in such assessment year, which is presumed to be correct pursuant to RCW 84.40.0301, and subject to the following rules:

First. They shall raise the valuation of each tract or lot or item of real property which is returned below its true and fair value to such price or sum as to be the true and fair value thereof, after at least five days' notice shall have been given in writing to the owner or agent.

Second. They shall reduce the valuation of each tract or lot or item which is returned above its true and fair value to such price or sum as to be the true and fair value thereof.

Third. Fifth. The board may review all claims for either real or personal property tax exemption as determined by the county assessor, and shall consider any taxpayer appeals from the decision of the assessor thereon to determine (1) if the taxpayer is entitled to an exemption, and (2) if so, the amount thereof.

The clerk of the board shall keep an accurate journal or record of the proceedings and orders of said board showing the facts and evidence upon which their action is based, and the said record shall be published the same as other proceedings of county legislative authority, and shall make a true record of the changes of the descriptions and assessed values ordered by the county board of equalization. The assessor shall correct the real and personal assessment rolls in accordance with the changes made by the said county board of equalization, and the assessor shall make duplicate abstracts of such corrected values, one copy of which shall be retained in the office, and one copy forwarded to the department of revenue on or before the eighteenth day of August next following the meeting of the county board of equalization.

The county board of equalization shall meet on the 15th day of July and may continue in session and adjourn from time to time during a period not to exceed four weeks, but shall remain in session not less than three days: PROVIDED, That the county board of equalization with the approval of the county legislative authority may convene at any time when petitions filed exceed twenty-five, or ten percent of the number of appeals filed in the preceding year, whichever is greater.

No taxes, except special taxes, shall be extended upon the tax rolls until the property valuations are equalized by the department of revenue for the purpose of raising the state revenue.

County legislative authorities as such shall at no time have any authority to change the valuation of the property of any person or to release or commute in whole or in part the taxes due on the property of any person.

Sec. 27. RCW 84.48.050 and 1961 c 15 s 84.48.050 are each amended to read as follows:

The county assessor shall, on or before the fifteenth day of January in each year, make out and transmit to the state auditor, in such form as may be prescribed, a complete abstract of the tax rolls of the county, showing the number of acres of land assessed, the value of such land, including the structures thereon; the value of town and city lots, including structures; the total

value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city and other taxing district purposes, for that year. Should the assessor of any county fail to transmit to the ~~((state board))~~ department of ~~((equalization))~~ revenue the abstract provided for in RCW 84.48.010 by the ~~((time the state board of equalization convenes))~~ eighteenth of August, and if, by reason of such failure to transmit such abstract, any county shall fail to collect and pay to the state its due proportion of the state tax for any year, the ~~((state board))~~ department of ~~((equalization))~~ revenue shall, at its next annual session, ascertain what amount of state tax said county has failed to collect, and certify the same to the state auditor, who shall charge the amount to the proper county and notify the auditor of said county of the amount of said charge; said sum shall be due and payable immediately by warrant in favor of the state on the current expense fund of said county.

Sec. 28. RCW 84.48.080 and 1990 c 283 s 1 are each amended to read as follows:

Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

Sec. 29. RCW 84.48.110 and 1987 c 168 s 1 are each amended to read as follows:

Within three days after the record of the proceedings of the ~~((state board))~~ department of ~~((equalization))~~ revenue is certified by the director of the department, the department shall transmit to each county assessor a copy of the record of the proceedings of the ~~((board))~~ department, specifying the amount to be levied and collected ~~((on said assessment books))~~ for state purposes for such year, and in addition thereto it shall certify to each county assessor the amount due to each state fund and unpaid from such county for the fifth preceding year, and such delinquent state taxes shall be added to the amount levied for the current year. The department shall close the account of each county for the fifth preceding year and charge the amount of such delinquency to the tax levy of the current year. These delinquent taxes shall not be subject to chapter 84.55 RCW. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the fifth preceding year shall belong to the county and by the county treasurer be credited to the current expense fund of the county in which collected.

Sec. 30. RCW 84.48.120 and 1987 c 168 s 2 are each amended to read as follows:

It shall be the duty of the county assessor of each county, when he shall have received from the state department of revenue the assessed valuation of the property of railroad and other companies assessed by the department of revenue and apportioned to the county, and placed the same on the tax rolls, and received the report of the department of revenue of the amount of taxes levied for state purposes, to compute the required percent on the assessed value of property in the county, and such state taxes shall be extended on the tax rolls in the proper column: PROVIDED, That the rates so computed shall not be such as to raise a surplus of more than five percent over the total amount required by the ~~((state board))~~ department of ~~((equalization))~~ revenue: PROVIDED FURTHER, That any surplus raised shall be remitted to the state in accordance with RCW 84.56.280.

Sec. 31. RCW 84.48.150 and 1973 1st ex.s. c 30 s 1 are each amended to read as follows:

The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within ~~((thirty))~~ sixty days of such request but at least ~~((ten))~~ fifteen business days prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable~~((s))~~ sales which shall not be subsequently changed ~~((or modified))~~ by the assessor ~~((during review or appeal proceedings))~~ unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least ~~((ten))~~ fifteen business days prior to the hearing ~~((on appeal or review proceedings))~~ at the board of equalization. A taxpayer who lists comparable sales on ~~((his))~~ a notice of appeal ~~((shall not thereafter use other comparables during the review of appeal proceedings: PROVIDED, That the taxpayer may change the comparable sales he is using in proceedings subsequent to the county board of equalization only if he provides a listing of such different comparables to the assessor at least five business days prior to such subsequent proceedings: PROVIDED FURTHER, That the board of equalization may waive the requirements contained in the preceding proviso or allow the assessor a continuance of reasonable duration to check the comparables furnished by the taxpayer))~~ shall not subsequently change such sales unless the taxpayer has found new evidence supporting the taxpayer's proposed valuation in which case the taxpayer shall provide such additional evidence to the assessor and board of equalization at least ten business days prior to the hearing. If either the assessor or taxpayer do not meet the requirements of this section the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner.

NEW SECTION. Sec. 32. A new section is added to chapter 84.48 RCW to read as follows:

The board of equalization may enter an order that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

Sec. 33. RCW 84.52.043 and 1990 c 234 s 1 are each amended to read as follows:

MOTION

Senator Snyder moved that the following amendment by Senators Snyder, McCaslin, Hochstatter, Nelson, Owen, Amondson and Hargrove to the striking amendment by Senators Loveland and Winsley be adopted:

On page 32, after line 2 of the amendment, insert the following:

"NEW SECTION. Sec. 41. (1)(a) Whenever implementation by the state or any of its political subdivisions of a scheme directly or indirectly regulating the use of land operates to reduce the assessed value of a parcel of real property immediately prior to such implementation, the parcel is deemed to be taken for public use.

(b) The following definitions apply throughout this chapter:

(i) "Compensation" means cash or in-kind payment, if the affected property owner agrees to in-kind payment and then agrees to the in-kind payment actually offered, including but not limited to clustering; transfer of development rights; staging of concurrency; land trades; environmental mitigation credits for prior activity of owners; density bonuses; or adjustments to restrictions on lot size, number of units, or building dimensions.

(ii) "Parcel" means one or more contiguous tax lots of an owner.

(iii) "Owner" includes one or more natural or legal persons who own the parcel, whether as sole owner, marital community, cotenants, or tenants in partnership or as a corporation.

(iv) "Scheme regulating the use of land" means one regulation or government action affecting the use of land; or more than one such regulation or action, though occurring at different times or by different governmental entities, with the same or similar policy objectives, such as development moratoria, zoning, health regulations, safety regulations, aesthetic regulations, fish and wildlife regulations, sensitive-area regulations, and environmental regulations, whether such regulation or action is interim or permanent. A scheme regulating the use of land does not include any regulation or government action of the federal government or regulation or government action of the state or any local governmental entity taken to comply with the minimum requirements of federal law or regulation.

(2)(a) When a parcel of real property has been taken for public use as provided in this chapter, the governmental unit or units that implement the scheme regulating the use of land shall be liable to the owner for compensation under this chapter, and the owner shall have an action at law to recover such compensation. When more than one governmental unit is involved, the court shall determine the proportion each unit is required to contribute to the compensation.

(b) The compensation shall be for the full amount of the decrease in assessed value. In addition, an owner who prevails either through settlement or verdict in an action for the recovery of such compensation shall be entitled to reasonable costs, expenses of litigation, and sums for attorneys' fees.

(3) Governmental units subject to this chapter shall not make waiver of the provisions of this chapter a condition for approval of the use of real property or the issuance of any permit or other entitlement. Plaintiffs may accept an approval of use, permit, or other entitlement granted by the governmental unit without compromising their rights under this chapter if:

(a) A written reservation of their rights is made at the time of acceptance of the authorization, permit, or other entitlement;
or

(b) An oral statement reserving their rights is made before the governmental unit granting the authorization, permit, or other entitlement at a public meeting at which the governmental unit renders its decision.

NEW SECTION. Sec. 42. Compensation is required by this chapter unless the scheme regulating the use of land is an exercise of the police power solely to prevent or abate a public nuisance as defined at common law or an application of the public trust doctrine as it relates to navigable water only.

NEW SECTION. Sec. 43. (1) The statute of limitations for actions brought under this chapter is the statute of limitations for actions for recovery of real property. The statute of limitations begins to run upon the enactment of the scheme regulating the use of land; or the final administrative decision implementing the scheme regulating the use of land affecting plaintiffs' property or by a showing by the plaintiff that application for administrative decision is futile.

(2) A scheme regulating the use of land is implemented with respect to an owner's or user's property when actually applied to that property unless the enactment of the scheme by itself operates to reduce the fair market value of real property for the uses permitted at the time the owner acquired title, without further governmental action and the scheme contains no provision allowing for just relief from the scheme's operation.

(3) This chapter applies to schemes regulating the use of land, all or some part of which is implemented after the effective date of this section. No part of a scheme shall be considered for purposes of this chapter if the part was implemented more than ten years before the effective date of this section.

NEW SECTION. Sec. 44. If a natural event or condition threatens to deprive an owner of land of the land's use or to cause serious damage to the land, and immediate corrective action is required to prevent this deprivation or damage, but this action will violate a state or local law or regulation unless official waiver or permission is obtained, the owner may either:

(1) Apply to the governmental unit charged with enforcing such regulation to take, or to permit the owner to take, the required corrective action. If the governmental unit wrongfully denies waiver or permission or fails to take reasonably timely action upon the application, so that such deprivation or damage occurs, the governmental unit shall be liable to the owner for the diminution in value of the land which occurs unless the natural event or condition was the fault of the owner; or

(2) Without notifying the governmental unit under subsection (1) of this section, take such corrective action as is reasonably necessary to prevent the threatened deprivation or damage. However, the owner shall notify the governmental unit that he or she has undertaken the corrective action within five days after commencing such action and shall give a general description of the action undertaken. Thereafter, in a legal action brought by the governmental unit, the owner shall be liable for violation of the regulation if a court determines that there was a violation and that an owner would not have qualified for any available waiver or exemption.

NEW SECTION. Sec. 45. (1) If a governmental unit is found by a court of competent jurisdiction to have committed a regulatory taking under section 41 of this act, such unit shall be liable for compensation, measured by the owner's diminution in assessed value caused by such taking from the time the scheme that regulated the use of the owner's land became effective until the unit may grant an exemption or choose to repeal such scheme. However, if the governmental unit does not grant an exemption or choose to repeal the regulatory scheme within a reasonable period of time, to be fixed by the court, then the unit shall be liable for

compensation for a permanent taking, measured by the diminution of fair market sale value caused by the taking, valued as of the date of trial. This section shall not affect any further remedy that is constitutionally required.

(2) Any permit, authorization, or other entitlement granted under a scheme repealed under subsection (1) of this section shall continue to be valid.

NEW SECTION. Sec. 46. This chapter does not preclude any action at law or equity that an owner would have had if this chapter had not been enacted.

NEW SECTION. Sec. 47. If the state or any of its political subdivisions imposes, changes, or implements any scheme regulating the use of land in such a way as to reduce the previous assessed value of a taxpayer's property, the county assessor shall, on or before the ensuing April 1, adjust the property's assessed value downward by an amount equal to the difference between the assessed value of the property under the new scheme, and the previous assessed value.

NEW SECTION. Sec. 48. Whenever any compensation is paid to a property owner by the state or by any local governmental entity pursuant to a judgment or agreement to compensate for a regulatory taking under this chapter, the payor shall cause to be recorded with the county auditor for the county in which the real property is located a notice of compensation for regulatory taking. This notice shall contain a legal description of the affected parcel of real estate, a statement of the reason for compensation, the name of the payor, the name of the owner, and the amount paid.

NEW SECTION. Sec. 49. If a county, city, or health district is found by a court to have committed a regulatory taking under section 41 of this act, the court shall require that the compensation owed be paid by the state if the scheme regulating the use of land was adopted or implemented by the county or city in order to effectuate a policy or requirement of state or federal law.

NEW SECTION. Sec. 50. This chapter shall be known and may be cited as the private property protection act.

NEW SECTION. Sec. 51. A new section is added to chapter 35.21 RCW to read as follows:

Any city or town subject to the provisions of this title is also subject to sections 41 through 50 of this act.

Creating the department of economic and community development.

MOTIONS

On motion of Senator Skratek, Substitute Senate Bill No. 5868 was substituted for Senate Bill No. 5868 and the substitute bill was placed on second reading and read the second time.

Senator Skratek moved that the following amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the long-term health of the state and its citizens depends upon the availability of family-wage jobs, the flexibility and innovativeness of business firms, the skills and capacity of the work force, local communities that are strong and adaptive, the availability of affordable housing, local and regional planning to anticipate and plan for changing circumstances, and infrastructure to support local social and economic needs, human services, and safe communities. These factors are tied to one another and are all critical to maintaining the state's quality of life and economic health in the face of changing circumstances.

The legislature finds that as a result of the rapid pace of social and economic change, maintaining the quality of life and standard of living for the citizens of the state will require new and inventive responses by communities, businesses, nonprofit institutions, and individuals. The state can play a role in assisting such efforts by reorganizing state assistance efforts to form partnerships with the private and nonprofit sectors, requiring new partnerships at the local level, and facilitating new relations within industries.

The legislature further finds that it is in the interest of the state to create one agency to coordinate and assist self-sufficiency programs for individuals, communities, and industries. The consolidation of the department of trade and economic development and the department of community development into one department will improve the efficiency and effectiveness with which state services are delivered to build the skill and capacity of our citizens, businesses, and local communities to respond to

economic change. Such a consolidation will increase accountability to the public, the executive, and the legislature for the performance of community and economic development functions.

It is the intent of the legislature in consolidating the two agencies that the community and economic development functions be merged in a manner that allows the new department to direct state resources of significant scope and scale to (1) communities or groups of communities with the greatest relative economic need and the fewest resources and (2) targeted sectors of the economy that have the greatest potential for either wealth generation through value-added production, or for negative economic impact on the state or its communities. The legislature intends through this consolidation to encourage state actions to build and diversify the economy to encourage long-term, family-wage employment and promote and assist in providing the physical and social infrastructure needed to support the creation and maintenance of such employment. It is also the intent of the legislature to support economic growth that is environmentally sustainable and employment that is derived from maintaining the environment and from sustainable use of natural resources.

It is the further intent of the legislature in this consolidation to maximize the use of local expertise and local community resources in the delivery of economic and community development services, and to ensure that the services offered are the ones desired by the state's community and business customers. The community services and community development services of the department, such as growth management, community services block grants, early childhood education, and the housing trust fund shall be administered in accord with their implementing legislation.

NEW SECTION. Sec. 2. (1) The purpose of this chapter is to establish the broad outline of the structure of the department of community and economic resources, leaving specific details of its internal organization and management to those charged with its administration.

(2) It is also the purpose of this chapter to establish a department of the state to:

(a) Aid in providing financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of the communities and their residents;

(b) Assist firms and industries increase their competitiveness in the world economy, diversify the state's economy, and increase the environmental sustainability of the state's industries, so that they may provide stable family-wage employment for the state's citizens; and

(c) Support local government and nonprofit institution programs that help families and individuals reach economic self-sufficiency and stabilize the communities in which they live.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Associate development organization" means a local economic development nonprofit corporation.

(2) "Department" means the department of community and economic resources.

(3) "Director" means the director of the department of community and economic resources.

POINT OF INQUIRY

Senator Bluechel: "Senator Skratek, what is the difference in this striking amendment that you are proposing with the substitute bill that we passed out of committee?"

Senator Skratek: "The primary difference--what we are trying to accomplish as this particular piece of legislation emerges--is to make sure that there is a balance between the economic and community development aspects of each of the agencies. We are also trying to address the concerns that are being raised by many of the current stakeholders in the existing agencies to make sure that we are not through this legislation essentially saying, 'this should be eliminated, this should be added,' but rather that we allow the agency heads to be making that determination, as they move toward the development of their plan. Then, we do change the title to 'Community and Economic Resources.' In the original version, it was, 'Community and Economic Development.'"

Senator Bluechel: "Senator Skratek, a further question, if you would. Could you give us some specifics other than the name change that are different than what we studied in committee?"

Senator Skratek: "Quite frankly, Senator Bluechel, I don't think substantively there have been major changes. We still maintain the elements that we had in the committee bill--about the economic development perspectives. We have balanced it by including more of the community development perspectives. We still require a strategic plan to be developed by the agencies. We've done some fine-tuning, as to who will participate in the development of that plan, including the stakeholders, which was always intended in the original version of the bill."

POINT OF INQUIRY

Senator Cantu: "Senator Skratek, it is a fairly substantial change, I mean in terms of the volume of the striking amendment. Has that been worked with the, for example, the new appointed director of the Department of Trade and Economic Development and some of the people that are going to be affected by it?"

Senator Skratek: "Yes, the agency heads have been involved in the development of the evolving legislation and actually, although it is a very thick document, the major substantive changes take place in the first few sections of the document. The rest of

the document is simply clean-up language, changing the name from the currently existing name to the Community and Economic Resources."

Senator Cantu: "Thank you. Most of us have had an opportunity to meet with our new director and think we understand what the intent is, and I just wanted to insure myself, at least, that this striking amendment was something that had been worked in cooperation with, and a full understanding, by the appropriate people."

Senator Skratek: "Absolutely, and they will continue to be involved in the process as this legislation continues to, I am sure evolve, as it moves through the House of Representatives."

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Skratek to Substitute Senate Bill No. 5868.

The motion by Senator Skratek carried and the striking amendment was adopted.

The President declared the question before the Senate to be the adoption of the amendment by Senator West on page 20, line 10, to Substitute Senate Bill No. 5050.

The motion by Senator West carried and the amendment was adopted.

MOTIONS

On motion of Senator Pelz, the following amendment was adopted:

On page 20, after line 36, insert the following:

Sec. 32. RCW 43.52.374 and 1983 1st ex.s. c 3 s 3 are each amended to read as follows:

(1) With the exception of the powers and duties of the board of directors described in RCW 43.52.370(2), the management and control of an operating agency constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW is vested in an executive board established under this subsection and consisting of eleven members.

(a) Five members of the executive board shall be elected to four-year terms by the board of directors from among the members of the board of directors. The board of directors may provide by rule for the composition of the five members of the executive board elected from among the members of the board of directors so as to reflect the member public utility districts' and cities' participation in the joint operating agency's projects. Members elected to the executive board from the board of directors are ineligible for continued membership on the executive board if they cease to be members of the board of directors. The board of directors may also provide by rule for the removal of a member of the executive board, except for the outside directors. Members of the board of directors may be elected to serve successive terms on the executive board. Members elected to the executive board from the board of directors shall receive a salary of one thousand eighty-five dollars per month from the operating agency ((at a rate set by the board of directors)). Members of the executive board are entitled to reimbursement for reasonable expenses actually incurred in connection with official business, including subsistence and lodging while away from each member's place of residence, and mileage for use of a privately owned vehicle, in accordance with chapter 42.24 RCW. Due to the additional responsibilities of the chairperson of the executive board, the chairperson shall be entitled to twice the salary and compensation available to other board members.

(b) Six members of the executive board shall be outside directors. Three shall be selected and appointed by the board of directors, and three shall be selected and appointed by the governor and confirmed by the senate. All outside directors shall:

(i) Serve four-year terms on the executive board. However, of the initial members of the executive board, the board of directors and the governor shall each appoint one outside director to serve a two-year term, one outside director to serve a three-

year term, and one outside director to serve a four-year term. Thereafter, all outside directors shall be appointed for four-year terms. All outside directors are eligible for reappointment;

(ii) Receive travel expenses on the same basis as the five members elected from the board of directors. The outside directors shall also receive a salary from the operating agency (~~as fixed by the governor~~) of one thousand eighty-five dollars per month;

(iii) Not be an officer or employee of, or in any way affiliated with, the Bonneville power administration or any electric utility conducting business in the states of Washington, Oregon, Idaho, or Montana;

(iv) Not be involved in the financial affairs of the operating agency as an underwriter or financial adviser of the operating agency or any of its members or any of the participants in any of the operating agency's plants; and

(v) Be representative of policy makers in business, finance, or science, or have expertise in the construction or management of such facilities as the operating agency is constructing or operating, or have expertise in the termination, disposition, or liquidation of corporate assets.

(c) The governor may remove outside directors from the executive board for incompetency, misconduct, or malfeasance in office in the same manner as state appointive officers under chapter 43.06 RCW. For purposes of this subsection, misconduct shall include, but not be limited to, nonfeasance and misfeasance.

(2) In addition to salary, the board of directors of the operating agency may provide by resolution for the payment of per diem compensation to each member of the executive board at a rate of sixty-six dollars for each day or major part thereof devoted to the business of the operating agency and days upon which he or she attends meetings on behalf of the operating agency, but such compensation paid during any one year to a member of the executive board shall not exceed nine thousand nine hundred dollars.

(3) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state. Nothing in this chapter alters or destroys the status of an operating agency as a separate municipal corporation or makes the state liable in any way or to any extent for any preexisting or future debt of the operating agency or any present or future claim against the agency.

~~((3))~~ (4) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. All members of the executive board shall conduct their business in a manner which in their judgment is in the interest of all ratepayers affected by the joint operating agency and its projects.

~~((4))~~ (5) The executive board shall elect from its members a chairman, vice chairman, and secretary, who shall serve at the pleasure of the executive board. The executive board shall adopt rules for the conduct of its meetings and the carrying out of its business. All proceedings shall be by motion or resolution and shall be recorded in the minute book, which shall be a public record. A majority of the executive board shall constitute a quorum for the transaction of business.

~~((5))~~ (6) With respect to any operating agency existing on April 20, 1982, to which the provisions of this section are applicable:

(a) The board of directors shall elect five members to the executive board no later than sixty days after April 20, 1982; and

(b) The board of directors and the governor shall select and appoint the initial outside directors and the executive board shall hold its organizational meeting no later than sixty days after April 20, 1982, and the powers and duties prescribed in this chapter shall devolve upon the executive board at that time.

~~((6))~~ (7) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

~~((7))~~ (8) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigative, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in connection with such proceeding if he or she had conducted himself or herself in good faith and reasonably believed his or her conduct to be in the best interest of the operating agency.

In addition members of the executive board who are utility employees shall not be fired, forced to resign, or demoted from their utility jobs for decisions they make while carrying out their duties as members of the executive board involving the exercise of judgment and discretion."

Renumber the remaining sections consecutively and correct any internal references accordingly.

Absent: Senator West - 1.

MOTIONS

On motion of Senator Haugen, the following title amendments were considered simultaneously and were adopted:

On page 1, line 5 of the title, after "41.04.180," insert "43.52.374,"

On page 1, line 13 of the title, after "35.63 RCW;" strike "and" and after "36.17 RCW" insert "; and adding new sections to chapter 36.100 RCW"

On motion of Senator Haugen, the rules were suspended, Engrossed Substitute Senate Bill No. 5050 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Linda Smith: "Senator Haugen, I am going to read to you just a part of a contract that was given to the commissioners in my area and I'll ask you a question about the contract and whether it applies to this bill. 'The three commissioners are provided with extra group term insurance. The amounts are fifty thousand dollars plus cash. This group insurance coverage is higher than that available to other employees.'

"Now, setting aside the issue of the manager, because we have already decided that he doesn't have to disclose.

Senator Haugen, in Section 37 of your bill, there is language that provides that the amount and type of insurance made available to PUD commissioners may not exceed the insurance made available to employees except for liability insurance. My question is whether or not the language at page 26 of your bill would prevent the extraordinary situation that has occurred in Clark County with the commissioners giving themselves side cash payments?"

Senator Haugen: "Well, first of all, I'm not an attorney. I can't make any judgements on any contracts. Being I haven't seen it, I can't tell you what that contract says. As far as what I can tell you what it says in here, it says that they have to give the same--they cannot give any more insurance than they give employees. I guess my answer to you is that I really can't say that. I would ask that you speak to a counsel, an attorney, who could probably give you a better definition."

Senator Linda Smith: "I would like to clarify the question, Senator Haugen. If I could just ask one more and then maybe it is still the same answer. The commissioners currently have a contract and it is only like the managers, otherwise only the PUD manager has any contract like this where you have a side pocket where you take cash. Given that information, would the manager's one contract that is higher than the rest of the employees qualify as an employee that they would have the same as?"

Senator Haugen: "Well, Senator Smith, again, not being an attorney, I cannot answer that. At this point, it does say 'employees.' It has an 's' on the end and I assume that that is employees. We all know how attorneys interpret things and sometimes they do differently than we do, so I would say just read the bill and it has to be the same as you offer all employees."

Senator Linda Smith: "Thank you, Senator Haugen."

Further debate ensued.

Senator Roach: "I think if a person is registered to vote, they should be a qualified voter and that there are some people who are registered to vote who are, in fact, not qualified voters. I was wondering if it would be objectionable to you or to the members of the body to change it back?"

SENATE BILL NO. 5910, by Senator Sutherland

Assisting public drinking water systems.

MOTIONS

On motion of Senator Sutherland, Substitute Senate Bill No. 5910 was substituted for Senate Bill No. 5910 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Williams, the following amendment by Senators Williams, Sutherland, Newhouse and Hochstatter was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that a state-wide assessment of water systems has shown that public drinking water systems have a critical need for financial assistance to assure safe, reliable, and viable water supplies, meet the requirements of the federal safe drinking water act, provide for comprehensive planning and regional planning of public water systems, assess the status of the state's drinking water quality, develop least-cost solutions to public water systems through consolidation of small systems into larger and financially viable utilities, and implement demand management strategies to more effectively use the state's financial resources and water resources.

The federal government has indicated an intention to provide new funding for water system needs on a national basis within a program of federal investment in infrastructure intended to provide a significant number of jobs nation-wide this year. The state of Washington does not have the broad-based authority and ability to promptly receive and disburse federal assistance to eligible water systems.

It is the intent of the legislature to provide for a system of grants and/or loans, in addition to existing state financial assistance programs, that will: (1) Receive and utilize federal funding to provide assistance for planning, design, acquisition, construction, consolidation, and improvement of public water systems facilities and activities; (2) meet the short-term and long-term needs identified and prioritized in the state-wide assessment; and (3) encourage responsible and efficient water system management throughout the state.

It is the further intent of the legislature to use existing state funding programs for the administrative and financial mechanisms necessary to ensure prompt and coordinated delivery of the financial assistance to public water systems authorized under this chapter.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Board" means the public works board.
- (2) "Department" means the department of health.
- (3) "Private water purveyor" means a public water system not owned by a governmental body.
- (4) "Public water purveyor" means a governmental body, including a public or quasi-public organization, that owns and operates a public water system, or the authorized agent of such an entity.
- (5) "Public water system" has the meaning prescribed in the Washington state safe drinking water act, chapter 70.119A RCW.

NEW SECTION. Sec. 3. The drinking water assistance account is established in the state treasury. Money may be placed in the account from the proceeds of bonds when authorized by the legislature, transfers from other state funds or accounts, federal financial assistance, or any other lawful source. Moneys from the account may be spent only by the secretary of health or the public works board after appropriation. Expenditures from the account may be used only to meet the purposes of this chapter.

NEW SECTION. Sec. 4. The department shall, by January 1, 1994, in consultation with the board, purveyors, local health departments, and other interested parties, establish guidelines and requirements for the provision of grants and/or loans to public water systems that are consistent with the findings and intent contained in section 1 of this act. The department shall ensure that guidelines and requirements:

- (1) Utilize, to the maximum extent, all available federal financial assistance;
- (2) Are consistent with existing water resource planning and management, including coordinated water supply plans, regional water resource plans, and comprehensive plans under the growth management act, chapter 36.70A RCW;
- (3) Prioritize least-cost solutions, including consolidation and restructuring of small systems into more economical units and the provision of regional facilities;
- (4) Assure implementation of water conservation and other demand management measures consistent with state guidelines for water utilities;
- (5) Provide assistance for the necessary planning and engineering to assure that consistency, coordination, and proper professional review are incorporated into projects or activities proposed for funding;
- (6) Include minimum standards for financial viability and water system planning;
- (7) Provide for testing and evaluation of the water quality of the state's public water systems to assure that priority for financial assistance is provided to systems and areas with threats to public health from contaminated supplies and reduce in appropriate cases the substantial increases in costs and rates that customers of small systems would otherwise incur under the monitoring and testing requirements of the federal safe drinking water act; and
- (8) Are coordinated, to the maximum extent possible, with other state programs that provide financial assistance to public water systems and state programs that address existing or potential water quality or drinking water contamination problems.

NEW SECTION. Sec. 5. The board shall develop a financial assistance program using appropriated funds from the drinking water assistance account to meet the purposes and implement the guidelines authorized in this chapter. The board shall consult with the department and water purveyors in developing the financial assistance program.

The board shall develop criteria for grants and/or loans to be made to public water systems. The criteria shall emphasize public water systems with the most critical public health needs; the capacity of the water system to effectively manage its resources; the ability to promptly commence the project; and the relative benefit to the community served. Priority shall be given to those systems that are ready to proceed, that will provide water system improvements to the greatest number of people, and any other criteria that the board shall develop in consultation with the department and water system purveyors.

NEW SECTION. Sec. 6. The department and the board shall be entitled to reasonable administrative expenses in developing and implementing the programs authorized under this chapter.

In all cases where the department, board, and any other department, agency, board, or commission of state government interact or provide service under this chapter, the administering government body shall endeavor to provide cost-effective services. The provision of services shall include: (1) The use of policy statements or guidelines instead of administrative rules; (2) using existing management mechanisms rather than creating new administrative structures; (3) investigating the use of service contracts, either with other governmental entities or with nongovernmental service providers; (4) the use of joint or combined financial assistance applications; and (5) any other method or practice designed to streamline the delivery of services.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 8. Sections 1 through 6 of this act shall constitute a new chapter in Title 70 RCW."

The two breath samples supplied by the individual shall constitute one test. (1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcoholic content of his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. However, in those instances where: ((a)) The person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample; or ((b) as a result of a traffic accident)) the person is being treated for a medical condition in a hospital, clinic, doctor's office, or other similar facility in which a breath testing instrument is not present, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that (a) his or her privilege to drive will be revoked or denied if he or she refuses to submit to the test, ((and)) (b) ((that)) his or her privilege to drive will be suspended, revoked, or denied if the test is administered and the test indicates the alcohol concentration of the person's breath or blood meets or exceeds the limits set forth in RCW 46.61.502 (1) and (2), and (c) his or her refusal to take the test may be used in criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which another person has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in the accident, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be

administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.10 or more, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department if the arrest is the result of a blood test, shall:

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing. Within ten days after the notice has been given, the person may, in writing, request a formal hearing as provided by subsection (8) of this section. If such request is made by mail it must be postmarked within ten days after the notice has been given;

(c) Confiscate the person's Washington state license or permit to drive, if any;

(d) Issue a temporary license to be effective twelve hours after the time of arrest and valid for forty-five days from the date of arrest or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces;

(e) Immediately notify the department of licensing of the arrest and transmit to the department of licensing any confiscated license or permit and a sworn report that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more; and

(iii) Any other information that the director may require by rule or regulation.

(7) The department of licensing, upon the receipt of a sworn report of the law enforcement officer that the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor and that (a) the person had refused to submit to the test or tests upon the request of the law enforcement officer after being informed that refusal would result in the revocation of the person's privilege to drive, or (b) a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more, shall suspend, revoke, or deny the person's license or permit to drive or any nonresident operating privilege, such suspension, revocation, or denial to be effective forty-five days from the date of arrest or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

~~((7) Upon revoking the license or permit to drive or the nonresident operating privilege of any person, the department shall immediately notify the person involved in writing by personal service or by certified mail of its decision and the grounds therefor, and of the person's right to a hearing, specifying the steps he or she must take to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing.))~~

~~(8) Upon timely receipt of ((such)) a request for a formal hearing, the department shall afford the person an opportunity for a hearing as provided in RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. For the purposes of this section, the scope of ((such)) the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether (a) the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's privilege to drive or, (b) if a test was administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.10 or more. The sworn report submitted by a law enforcement officer shall be prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor, that the officer complied with the requirements of this section, and that the testing instrument was in proper working condition. ((The department shall order that the revocation either be rescinded or sustained. Any decision by the department revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as provided in this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during pendency of the hearing and appeal.))~~

~~(8)) (9) Failure of the person to request a hearing within the time limit established by subsection (6) of this section, or failure to attend or participate in such a hearing, constitutes a default and results in the loss of that person's right to a hearing.~~

~~(10) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of suspension, revocation, or denial by the department in the manner provided in RCW 46.20.334. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that:~~

~~(a) The petitioner is likely to prevail when the court finally disposes of the matter;~~

~~(b) Without relief the petitioner will suffer irreparable injury; and~~

(c) The threat to the safety of persons on the public highways is not sufficiently serious to justify the department's action in the circumstances.

~~((9))~~ (11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

A previous conviction under RCW 46.61.502 or 46.61.504 within the five-year period preceding the current incident, that did not result in a suspension or denial under this subsection, shall be considered a previous incident for purposes of this subsection;

(iii) For a third or subsequent incident within five years, revocation or denial for two years. Previous convictions under RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522 within the five-year period preceding the current incident, that did not result in a suspension, revocation, or denial under this subsection, shall be considered previous incidents for purposes of this subsection.

(2) A diagnostic evaluation and treatment recommendation shall be prepared by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. The department shall not grant or reinstate a person's privilege to drive that has been suspended, revoked, or denied under subsection (1) of this section until it has determined the person's eligibility for licensing based upon the report provided by an approved alcoholism agency or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified.

Sec. 8. RCW 46.20.311 and 1990 c 250 s 45 are each amended to read as follows:

(1) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as permitted under RCW 46.20.342 or 46.61.515. Whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the reissue fee shall be ~~((fifty))~~ one hundred dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by RCW 46.61.515(3) (b) or (c); (c) after the expiration of two years for persons convicted of vehicular homicide; (d) after the expiration of one year in cases of revocation for the first refusal within five years to submit to a chemical test under RCW 46.20.308; (e) after the expiration of two years in cases of revocation for the second refusal within five years to submit to a chemical test under RCW 46.20.308; or (f) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be ~~((fifty))~~ one hundred dollars. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020, the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of the laws of another state, province, or other jurisdiction involving (a) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (b) the refusal to submit to a chemical test or tests of the driver's breath or blood alcohol content, the reissue fee shall be ~~((fifty))~~ one hundred dollars.

Except for a suspension under section 7(1)(b)(i) of this act, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 ((or 46.20.308)), the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504 or was imposed under RCW 46.20.308, the reissue fee shall be one hundred dollars. If the suspension was imposed under section 7(1)(b)(i) of this act, the suspension shall remain in effect and the department shall not issue any new, duplicate, or renewal license until the person pays a reinstatement fee of one hundred dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by RCW 46.61.515(3) (b) or (c); (c) after the expiration of two years for persons convicted of vehicular homicide; (d) after the expiration of ~~((one year in cases of revocation for the first refusal within five years to submit to a chemical test under RCW 46.20.308; (e) after the expiration of two years in cases of revocation for the second refusal within five years to submit to a chemical test under RCW 46.20.308; or (f)))~~ the applicable revocation period provided by section 7 of this act; or (e) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504 or was imposed under RCW 46.20.308, the reissue fee shall be one hundred dollars. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020, the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. Sec. 10. RCW 46.20.391 and 1985 c 407 s 5 are each amended to read as follows:

(1) Any person licensed under this chapter whose driving privilege has been suspended under section 7(1)(b)(i) of this act or who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed under RCW 46.61.515 or section 7(1)(b)(i) of this act. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the present conviction or administrative action, the applicant has not been convicted of any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within five years immediately preceding the present conviction or administrative action, the applicant has not been convicted of driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor under RCW 46.61.502 or 46.61.504, of vehicular homicide under RCW 46.61.520, or of vehicular assault under RCW 46.61.522, or had a license administratively suspended or revoked under section 7(1)(b)(i) of this act; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW, unless the suspension was imposed under section 7(1)(b)(i) of this act.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has had a driver's license administratively suspended or revoked under RCW 46.20.308 or has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

NEW SECTION. Sec. 11. A new section is added to chapter 46.20 RCW to read as follows:

(1) Any person licensed under this chapter or any nonresident granted the privilege of driving a motor vehicle on the highways of this state, whose driver's license or driving privilege has been suspended or revoked, other than for vehicular homicide, vehicular assault, or under section 7(1)(a) of this act, or for a physical or mental disability that would affect that person's ability to operate a motor vehicle with safety upon the highways, may submit to the department an application for a provisional driver's license for purposes of participation in an alcohol or drug abuse treatment program approved by the department of social and health services. The department, upon receipt of the fee prescribed by this section and upon determining that the applicant is engaged in a treatment program approved by the department of social and health services that makes it essential that the applicant operate a motor vehicle, may issue a provisional driver's license. No person may petition for, and the department shall not issue, a provisional driver's license that is effective during the first thirty days of any suspension or revocation imposed under RCW 46.61.515 or section 7 of this act.

(2) An applicant for a provisional driver's license is eligible to receive such license only if:

(a) The applicant is engaged in a program of treatment that makes it essential that he or she operate a motor vehicle; and

(b) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW, unless the suspension was imposed under section 7(1)(b)(i) of this act; and

(c) The applicant pays to the department a treatment assessment fee of twenty-five dollars, such fee to be deposited in a special sober or suspended account, within the department of social and health services, to be administered by the division of alcohol and substance abuse, to be used to pay the cost of the diagnostic evaluation or assessment required under section 7(2) of this act for indigent or low-income individuals.

(3) In issuing a provisional driver's license under this section, the department shall set forth in detail the specific hours of the day during which the person may drive to and from his or her place of treatment; the days of the week during which the license may be used; the general routes over which the person may travel; and the expiration date of the license, such date to correspond to the ending date of any suspension or revocation of the person's driver's license or driving privilege, or the date the person's

treatment program is to be concluded, whichever occurs first. These restrictions shall be prepared in written form by the department, such document to be carried in the vehicle at all times and presented to a law enforcement officer under the same terms as the provisional driver's license. Any violation of the restrictions constitutes a violation of RCW 46.20.342 and subjects the person to all procedures and penalties therefor.

(4) The department shall cancel a provisional driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to this chapter would warrant suspension or revocation of a regular driver's license, or upon the recommendation of a treatment agency for nonparticipation in a treatment program. The cancellation is effective as of the date of the conviction, or the date a recommendation is accepted from a treatment agency, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 12. RCW 46.61.515 and 1985 c 352 s 1 are each amended to read as follows:

(1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court. A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the convicted person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services. Standards for approval for alcohol treatment programs shall be prescribed by rule under the administrative procedure act, chapter 34.05 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than two thousand dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds the person to be indigent, five hundred dollars of the fine shall not be suspended or deferred. The jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If, at the time of a second or subsequent conviction, the driver is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete a diagnostic evaluation by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. The report shall be forwarded to the department of licensing. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment facility or approved drug treatment center.

In addition to any nonsuspendable and nondeferable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) The license or permit to drive or any nonresident privilege of any person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, where there has been no previous suspension or denial imposed under section 7(1)(b) of this act for the incident upon which the conviction is based, or where there has been no previous incident resulting in a suspension, revocation, or denial under section 7(1)(b) of this act within the five-year period preceding the current conviction, be suspended by the department until the person reaches age nineteen or for ninety days, whichever is longer. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency, drug treatment center, or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either offense within a five-year period, where there has been no previous revocation or denial imposed under section 7(1)(b) of this act for the incident upon which the conviction is based, be revoked by the department for one year. A previous incident resulting in a suspension, revocation, or denial under section 7(1)(b) of this act within the five-year period preceding the current conviction shall be considered a previous conviction for purposes of this subsection. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency, drug treatment center, or probation department and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs, vehicular homicide, or vehicular assault, or any combination thereof within a five-year period, where there has been no previous revocation or denial imposed under section 7(1)(b) of this act for the incident upon which the conviction is based, be revoked by the department for two years. Previous incidents resulting in suspension, revocation, or denial under section 7(1)(b) of this act within the five-year period preceding the current conviction shall be considered previous convictions for purposes of this subsection.

(4) In any case provided for in this section, where a driver's license is to be revoked or suspended, the revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the revocation or suspension takes effect as of the date that the conviction becomes effective for other purposes.

Sec. 13. RCW 46.68.060 and 1969 c 99 s 11 are each amended to read as follows:

(1) There is hereby created in the state treasury a fund to be known as the highway safety fund to the credit of which shall be deposited all moneys directed by law to be deposited therein. This fund shall be used for carrying out the provisions of law relating to driver licensing, driver improvement, financial responsibility, cost of furnishing abstracts of driving records ~~((and))~~, maintaining ~~((such))~~ the case records~~((and))~~ necessary to carry out the purposes set forth in RCW 43.59.010, and as otherwise provided in subsection (2) of this section.

(2) The sum of ten dollars shall be paid from the highway safety fund to law enforcement agencies for each reissue fee collected under RCW 46.20.311 due to a suspension or revocation arising from an arrest under RCW 46.61.502 or 46.61.504 as reimbursement for the required administrative procedures.

NEW SECTION. **Sec. 14.** The traffic safety commission shall undertake a study of the effectiveness of this act and shall report its finding to the governor and the appropriate legislative committees within thirty months of the effective date of this section.

NEW SECTION. **Sec. 15.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 16.** The department of licensing may adopt rules necessary to carry out this act.

NEW SECTION. **Sec. 17.** Section 8 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately. Sections 2 through 7 and 9 through 16 of this act shall take effect July 1, 1994. The director of licensing may immediately take such steps as are necessary to insure that all sections of this act are implemented on their respective effective dates."

Senator Adam Smith moved that the following amendment to the amendment be adopted:

On page 7, line 24 of the amendment, after "(2)" insert the following and renumber the subsections accordingly:

"The department shall stay the suspension, revocation, or denial action pursuant to this subsection against any person, for whom it receives evidence of a court order for deferred prosecution, in accordance with chapter 10.05 RCW. The stay shall remain in effect for the term of the order: PROVIDED, That the department shall remove the stay upon receipt of evidence of new charges in violation of section 6 of this act or that the terms of the deferred prosecution order have been violated."

PARLIAMENTARY INQUIRY

Senator Talmadge: "A point of parliamentary inquiry, Mr. President. If I wish to raise a point of order with respect to scope and object of Senator Nelson's amendment, do I waive my right to raise the point of order as to scope and object if Senator Smith's amendment to the amendment is adopted?"

REPLY BY THE PRESIDENT

President Pritchard: "No."

The President declared the question before the Senate to be the adoption of the amendment by Senator Adam Smith on page 7, line 24, to the amendment by Senator Nelson on page 4, after line 12, to Substitute Senate Bill No. 5341.

The motion by Senator Adam Smith carried and the amendment to the amendment was adopted.

POINT OF ORDER

Senator Talmadge: "Mr. President, a point of order. I believe that the amendment by Senator Nelson expands the scope and object of the bill. The original version of Substitute Senate Bill No. 5341 deals with circumstances of removal of the registration of the vehicle and the plates of the vehicle upon a conviction in court of the individual who is driving while intoxicated. The amendment by Senator Nelson, as he candidly admits, is of the license revocation process to the administrative procedures. I believe that an administrative revocation of a driver's license as opposed to a court revocation of vehicle registration and the plates of the vehicle expands the scope and object of Substitute Senate Bill No. 4351."

Further debate ensued.

MOTION

On motion of Senator Jesernig, further consideration of Substitute Senate Bill No. 5341 was deferred.

Sec. 1. RCW 47.17.001 and 1990 c 233 s 1 are each amended to read as follows:

In considering whether to make additions, deletions, or other changes to the state highway system, the legislature shall be guided by the following criteria as contained in the Road Jurisdiction Committee Phase I report to the legislature dated January 1987:

(1) A rural highway route should be designated as a state highway if it meets any of the following criteria:

(a) Is designated as part of the national system of interstate and defense highways (popularly called the interstate system); or

(b) Is designated as part of the system of numbered United States routes; or

(c) Contains an international border crossing that is open twelve or more hours each day.

(2) A rural highway route may be designated as a state highway if it is part of an integrated system of roads and:

(a) Carries in excess of three hundred thousand tons annually and provides primary access to a rural port or intermodal freight terminal;

(b) Provides a major cross-connection between existing state highways; or

(c) Connects places exhibiting one or more of the following characteristics:

(i) A population center of one thousand or greater;

(ii) An area or aggregation of areas having a population equivalency of one thousand or more, such as, but not limited to, recreation areas, military installations, and so forth;

(iii) A county seat;

(iv) A major commercial-industrial terminal in a rural area with a population equivalency of one thousand or greater.

(d) Is designated as a scenic and recreational highway.

- (3) An urban highway route that meets any of the following criteria should be designated as part of the state highway system:
- (a) Is designated as part of the interstate system;
 - (b) Is designated as part of the system of numbered United States routes;
 - (c) Is an urban extension of a rural state highway into or through an urban area and is necessary to form an integrated system of state highways;
 - (d) Is a principal arterial that is a connecting link between two state highways and serves regionally oriented through traffic in urbanized areas with a population of fifty thousand or greater, or is a spur that serves regionally oriented traffic in urbanized areas.
- (4) The following guidelines are intended to be used as a basis for interpreting and applying the criteria to specific routes:
- (a) For any route wholly within one or more contiguous jurisdictions which would be proposed for transfer to the state highway system under these criteria, if local officials prefer, responsibility will remain at the local level.
 - (b) State highway routes maintain continuity of the system by being composed of routes that join other state routes at both ends or to arterial routes in the states of Oregon and Idaho and the Province of British Columbia.
 - (c) Public facilities may be considered to be served if they are within approximately two miles of a state highway.
 - (d) Exceptions may be made to include:
 - (i) Rural spurs as state highways if they meet the criteria relative to serving population centers of one thousand or greater population or activity centers with population equivalencies or an aggregated population of one thousand or greater;
 - (ii) Urban spurs as state highways that provide needed access to Washington state ferry terminals, state parks, major seaports, and trunk airports; and
 - (iii) Urban connecting links as state highways that function as needed bypass routing of regionally oriented through traffic and benefit truck routing, capacity alternative, business congestion, and geometric deficiencies.
 - (e) In urban and urbanized areas:
 - (i) Unless they are significant regional traffic generators, public facilities such as state hospitals, state correction centers, state universities, ferry terminals, and military bases do not constitute a criteria for establishment of a state highway; and
 - (ii) There may be no more than one parallel nonaccess controlled facility in the same corridor as a freeway or limited access facility as designated by the metropolitan planning organization.
 - (f) When there is a choice of two or more routes between population centers, the state route designation shall normally be based on the following considerations:
 - (i) The ability to handle higher traffic volumes;
 - (ii) The higher ability to accommodate further development or expansion along the existing alignment;
 - (iii) The most direct route and the lowest travel time;
 - (iv) The route that serves traffic with the most interstate, state-wide, and interregional significance;
 - (v) The route that provides the optimal spacing between other state routes; and
 - (vi) The route that best serves the comprehensive plan for community development in those areas where such a plan has been developed and adopted.
- (5) A route designated in chapter 47.39 RCW as a scenic and recreational highway is not eligible for removal from the scenic and recreational system without the prior consent of the local jurisdiction in which the highway is located."
- Renumber the remaining sections consecutively and correct internal references accordingly.

"NEW SECTION. Sec. 1. A new section is added to chapter 50.04 RCW to read as follows:

"Misconduct" means an employee's act or failure to act in willful disregard of his or her employer's interest where the effect of the employee's act or failure to act is to harm the employer's business.

Sec. 2. RCW 50.04.323 and 1983 1st ex.s. c 23 s 7 are each amended to read as follows:

(1) The amount of benefits payable to an individual for any week which begins after October 3, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of such individual shall be reduced (but not below zero) by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment, which is reasonably attributable to such week ~~((: PROVIDED, That))~~. However:

(a) The requirements of this subsection shall apply to any pension, retirement or retired pay, annuity, or other similar periodic payment only if--

(i) Such pension, retirement or retired pay, annuity, or similar payment is under a plan maintained (or contributed to) by a base period employer; and

(ii) In the case of such a payment not made under the Social Security Act or the Railroad Retirement Act of 1974 (or corresponding provisions of prior law), services performed for such employer by the individual after the beginning of the base period (or remuneration for such services) affect eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or similar payment; ~~((and))~~

(b) The amount of any such a reduction shall take into account contributions made by the individual for the pension, retirement or retired pay, annuity, or other similar periodic payment, in accordance with regulations prescribed by the commissioner; and

(c) No deduction shall be made from the amount of benefits payable for a week for individuals receiving federal social security pensions to take into account the individuals' contributions to the pension program.

(2) In the event that a retroactive pension or retirement payment covers a period in which an individual received benefits under the provisions of this title, the amount in excess of the amount to which such individual would have been entitled had such retirement or pension payment been considered as provided in this section shall be recoverable under RCW 50.20.190.

(3) A lump sum payment accumulated in a plan described in this section paid to an individual eligible for such payment shall be prorated over the life expectancy of the individual computed in accordance with the commissioner's regulation.

(4) The resulting weekly benefit amount payable after reduction under this section, if not a multiple of one dollar, shall be reduced to the next lower multiple of one dollar.

(5) Any ambiguity in subsection (1) of this section should be construed in a manner consistent with 26 U.S.C. Sec. 3304 (a)(15) as last amended by P.L. 96-364.

Sec. 3. RCW 50.06.010 and 1984 c 65 s 1 are each amended to read as follows:

This chapter is enacted for the purpose of providing the protection of the unemployment compensation system to persons who have suffered a temporary total disability ~~((compensable under industrial insurance or crime victims compensation laws))~~ and is a recognition by this legislature of the economic hardship confronting those persons who have not been promptly reemployed after a prolonged period of temporary total disability.

Sec. 4. RCW 50.06.020 and 1984 c 65 s 2 are each amended to read as follows:

The benefits of this chapter shall be allowed only to:

(1) Individuals who have suffered a temporary total disability and have received compensation under the industrial insurance or crime victims compensation laws of this state, any other state or the United States for a period of not less than thirteen consecutive calendar weeks by reason of such temporary total disability ((shall be allowed the benefits of this chapter)); or

(2) Individuals who are reentering the work force after an absence of not less than thirteen consecutive calendar weeks resulting from temporary total physical disability because of a nonwork-related injury or illness: PROVIDED, That individuals authorized to receive benefits under this subsection are required to meet other eligibility requirements under Title 50 RCW.

Sec. 5. RCW 50.06.030 and 1987 c 278 s 3 are each amended to read as follows:

(1) In the case of individuals eligible under RCW 50.06.020(1), an application for initial determination made pursuant to this chapter, to be considered timely, must be filed in writing with the employment security department within twenty-six weeks following the week in which the period of temporary total disability commenced. Notice from the department of labor and industries shall satisfy this requirement. The records of the agency supervising the award of compensation shall be conclusive evidence of the fact of temporary disability and the beginning date of such disability.

(2) In the case of individuals eligible under RCW 50.06.020(2), an application for initial determination must be filed in writing with the employment security department within twenty-six weeks following the week in which the period of temporary total

physical disability commenced. This filing requirement is satisfied by filing a signed statement from the attending physician stating the date that the disability commenced and stating that the individual was unable to reenter the work force during the time of the disability. The department may examine any medical information related to the disability. If the claim is appealed, a base year employer may examine the medical information related to the disability and require, at the employer's expense, that the individual obtain the opinion of a second health care provider selected by the employer concerning any information related to the disability.

(3) The employment security department shall process and issue an initial determination of entitlement or nonentitlement as the case may be.

(4) For the purpose of this chapter, a special base year is established for an individual consisting of either the first four of the last five completed calendar quarters or the last four completed calendar quarters immediately prior to the first day of the calendar week in which the individual's temporary total disability commenced, and a special individual benefit year is established consisting of the entire period of disability and a fifty-two consecutive week period commencing with the first day of the calendar week immediately following the week or part thereof with respect to which the individual received his final temporary total disability compensation under the applicable industrial insurance or crime victims compensation laws, or the week in which the individual reentered the work force after an absence under subsection (2) of this section, as applicable, except that no special benefit year shall have a duration in excess of three hundred twelve calendar weeks: PROVIDED HOWEVER, That such special benefit year will not be established unless the criteria contained in RCW 50.04.030 has been met, except that an individual meeting the ~~((disability and filing))~~ eligibility requirements of this chapter and who has an unexpired benefit year established which would overlap the special benefit year provided by this chapter, notwithstanding the provisions in RCW 50.04.030 relating to the establishment of a subsequent benefit year and RCW 50.40.010 relating to waiver of rights, may elect to establish a special benefit year under this chapter: PROVIDED FURTHER, that the unexpired benefit year shall be terminated with the beginning of the special benefit year if the individual elects to establish such special benefit year.

(5) For the purposes of establishing a benefit year, the department shall initially use the first four of the last five completed calendar quarters as the base year. If a benefit year is not established using the first four of the last five calendar quarters as the base year, the department shall use the last four completed calendar quarters as the base year.

Sec. 6. RCW 50.13.040 and 1977 ex.s. c 153 s 4 are each amended to read as follows:

(1) An individual shall have access to all records and information concerning that individual held by the department of employment security, unless the information is exempt from disclosure under RCW 42.17.310.

(2) An employing unit shall have access to its own records and to any records and information relating to a benefit claim by an individual if the employing unit is either the individual's last employer or is the individual's base year employer.

(3) An employing unit shall have access to any records and information relating to any decision to allow or deny benefits

if:

(a) The decision is based on employment or an offer of employment with the employing unit; or

(b) If the decision is based on material information provided by the employing unit.

(4) An employing unit shall have access to general summaries of benefit claims by individuals whose benefits are chargeable to the employing unit's experience rating or reimbursement account.

Sec. 7. RCW 50.16.010 and 1991 sp.s. c 13 s 59 are each amended to read as follows:

There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable. The unemployment compensation fund shall consist of

(1) all contributions and payments in lieu of contributions collected pursuant to the provisions of this title,

(2) any property or securities acquired through the use of moneys belonging to the fund,

(3) all earnings of such property or securities,

(4) any moneys received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the social security act, as amended,

(5) all money recovered on official bonds for losses sustained by the fund,

(6) all money credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended,

(7) all money received from the federal government as reimbursement pursuant to section 204 of the federal-state extended compensation act of 1970 (84 Stat. 708-712; 26 U.S.C. Sec. 3304), and

(8) all moneys received for the fund from any other source.

All moneys in the unemployment compensation fund shall be commingled and undivided.

The administrative contingency fund shall consist of all interest on delinquent contributions collected pursuant to this title, all fines and penalties collected pursuant to the provisions of this title, all sums recovered on official bonds for losses sustained by the fund, and revenue received under RCW 50.24.014: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended. Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014, shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary for:

(a) The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

(b) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

(c) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

Money in the special account created under RCW 50.24.014 may only be expended, after appropriation, for the purposes specified in RCW ((74.09.035, 74.09.510, 74.09.520, and 74.09.700)) 50.62.010, 50.62.020, 50.62.030, 50.04.070, 50.04.072, 50.16.010, 50.29.025, 50.24.014, 50.44.053, and 50.22.010.

Sec. 8. RCW 50.20.050 and 1982 1st ex.s. c 18 s 6 are each amended to read as follows:

(1) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left the most recent work voluntarily without good cause and thereafter for five calendar weeks and until he or she has obtained bona fide work and earned wages ((~~of not less than his or her suspended weekly benefit amount in each of five calendar weeks~~)) equal to five times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

- (a) The duration of the work;
- (b) The extent of direction and control by the employer over the work; and
- (c) The level of skill required for the work in light of the individual's training and experience.

(2) An individual shall not be considered to have left the most recent work voluntarily without good cause when:

(a) He or she has left work to accept a bona fide offer of bona fide work as described in subsection (1) of this section; ((~~or~~))

(b) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment: PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; or

(c) He or she has left work to relocate for employment outside the existing labor market area with his or her spouse if the claimant remained employed as long as was reasonable prior to the move.

(3)(a) In determining under this section whether an individual has left the most recent work voluntarily without good cause, the commissioner shall only consider work-connected factors such as the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness for the work, the individual's ability to perform the work, distance to work and transportation available and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. ((~~Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related~~))

(b) Good cause shall be established whenever an individual quits work because hours of work offered, pay, or any other significant work factor has deteriorated to the detriment of the employee by more than ten percent, unless the reduction has been specifically agreed to in writing by the individual and the employer.

(c) Notwithstanding the requirement for written agreements in (b) of this subsection, good cause may be established when work-related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.

(4) Subsections (1) and (3) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left the most recent work without good cause and thereafter for five calendar weeks and until he or she has requalified, either by obtaining bona fide work and earning wages ((~~of not less than the suspended weekly benefit amount in each of five calendar weeks~~)) equal to five times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by subsection (2)(c) of this section.

Sec. 9. RCW 50.20.060 and 1982 1st ex.s. c 18 s 16 are each amended to read as follows:

((~~(1)~~)) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has been discharged or suspended for misconduct connected with his or her most recent work and thereafter for five calendar weeks and until he or she has obtained work and earned wages ((~~of not less than the suspended weekly benefit amount in each of five calendar weeks~~)) equal to five times his or her benefit amount. Alcoholism shall not constitute a defense to disqualification from benefits due to misconduct.

((~~(2)~~)) An individual who has been discharged because of a felony or a gross misdemeanor of which he or she has been convicted, or has admitted committing to a competent authority, and which is connected with his or her work shall be disqualified from receiving any benefits for which base year credits are earned in any employment prior to the discharge. Such disqualification begins with the first day of the calendar week in which he or she has been discharged, and all benefits paid during the period the individual was disqualified shall be recoverable, notwithstanding RCW 50.20.190, 50.24.020, or any other provision of this title.)

Sec. 10. RCW 50.20.080 and 1959 c 321 s 1 are each amended to read as follows:

An individual is disqualified for benefits, if the commissioner finds that ((~~he~~)) the individual has failed without good cause, either to apply for available, suitable work when so directed by the employment office or the commissioner, or to accept suitable work when offered ((~~him~~)) the individual, or to return to his or her customary self-employment (if any) when so directed by the commissioner. Such disqualification shall begin with the week of the refusal and thereafter for five calendar weeks and continue until ((~~he~~)) the individual has obtained work and earned wages therefor of not less than five times his or her suspended weekly benefit amount ((~~in each of five weeks~~)).

NEW SECTION. **Sec. 11.** A new section is added to chapter 50.20 RCW to read as follows:

CANCELLATION OF WAGE/HOUR CREDITS. (1) An individual who has been discharged from his or her most recent work because of a felony or gross misdemeanor of which he or she has been convicted, or has admitted committing to a competent authority, and that is connected with his or her work shall have all hourly wage credits based on that employment canceled.

(2) The employer shall notify the department of such an admission or conviction, not later than six months following the admission or conviction.

(3) The claimant shall disclose any conviction of the claimant of a work-connected felony or gross misdemeanor occurring in the previous two years to the department at the time of application for benefits.

(4) All benefits that are paid in error based on wage/hour credits that should have been removed from the claimant's base year are recoverable, notwithstanding RCW 50.20.190 or 50.24.020 or any other provisions of this title.

Sec. 12. RCW 50.20.120 and 1984 c 205 s 1 are each amended to read as follows:

(1) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount (determined hereinafter) or one-third of the individual's base year wages under this title: PROVIDED, That as to any week beginning on and after March 31, 1981, which falls in an extended benefit period as defined in RCW 50.22.010(1), as now or hereafter amended, an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020, as now or hereafter amended.

(2) An individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest. The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th. The maximum amount payable weekly shall be ~~((fifty-five))~~ seventy percent of the "average weekly wage" for the calendar year preceding such June 30th ~~(= PROVIDED, That if as of the first December 31st on which the ratio of the balance in the unemployment compensation fund to total remuneration paid by all employers subject to contributions during the calendar year ending on such December 31st and reported to the department by the following March 31st is 0.024 or more, the maximum amount payable weekly for benefit years beginning with the first full calendar week in July next following, and thereafter, shall be sixty percent of the "average weekly wage").~~ The computation for this ratio shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded: PROVIDED FURTHER, That for benefit years beginning before July 7, 1985, the maximum amount payable weekly shall not exceed one hundred eighty-five dollars. The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th. If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 13. RCW 50.20.190 and 1991 c 117 s 3 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of the individual's benefit year in which the purported overpayment was made unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that said overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, said determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee of five dollars. The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance (~~for each month that payments are not made in a timely fashion~~). Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities.

NEW SECTION. Sec. 14. A new section is added to chapter 50.20 RCW to read as follows:

All receipts from interest assessed against unemployment insurance claimants shall be deposited in the administrative contingency account and shall be used for the purpose of RCW 50.20.190(3).

Sec. 15. RCW 50.22.010 and 1985 ex.s. c 5 s 10 are each amended to read as follows:

As used in this chapter, unless the context clearly indicates otherwise:

(1) "Extended benefit period" means a period which:

(a) Begins with the third week after a week for which there is an "on" indicator; and

(b) Ends with the third week after the first week for which there is an "off" indicator: PROVIDED, That no extended benefit period shall last for a period of less than thirteen consecutive weeks, and further that no extended benefit period may begin by reason of an "on" indicator before the fourteenth week after the close of a prior extended benefit period which was in effect with respect to this state.

(2) There is an "on" indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks((:));

(a) The rate of insured unemployment ((:)), not seasonally adjusted((-either:

(a))_ equalled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years and equalled or exceeded five percent; or

(b) ((Equalled or exceeded six percent: -PROVIDED, That the six percent trigger shall apply only until December 31, 1985)) For benefits for weeks of unemployment beginning after March 6, 1993:

(ii) The average rate of total unemployment in the state, seasonally adjusted, as determined by the United States secretary of labor, for the three-month period referred to in (b)(i) of this subsection, equals or exceeds one hundred ten percent of the average for either or both of the corresponding three-month periods ending in the two preceding calendar years.

(3) "High unemployment period" means any period of unemployment beginning after March 6, 1993, during which an extended benefit period would be in effect if:

(4) There is an "off" indicator for this state for a week ((if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) was either:

(a) Less than five percent; or

(b) Five percent or more but less than six percent and the rate of insured unemployment was less than one hundred twenty percent of the average of the rates for the corresponding thirteen-week period ending in each of the two preceding calendar years: -PROVIDED, That the six percent trigger shall apply only until December 31, 1985)) only if, for the period consisting of such week and immediately preceding twelve weeks, none of the options specified in subsection (2) or (3) of this section result in an "on" indicator.

((4)) (5) "Regular benefits" means benefits payable to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits or additional benefits.

(1) Payment of extended compensation under this chapter shall not be made to any individual for any week of unemployment in his or her eligibility period--

(b) During which he or she fails to actively engage in seeking work.

(2) If any individual is ineligible for extended compensation for any week by reason of a failure described in subsections (1)(a) or (1)(b) of this section, the individual shall be ineligible to receive extended compensation for any week which begins during a period which--

(a) Begins with the week following the week in which such failure occurs; and

(b) Does not end until such individual has been employed during at least four weeks which begin after such failure and the total of the remuneration earned by the individual for being so employed is not less than the product of four multiplied by the individual's weekly benefit amount (as determined under RCW 50.20.120) for his or her benefit year.

(3) For purposes of this section, the term "suitable work" means, with respect to any individual, any work which is within such individual's capabilities and which does not involve conditions described in RCW 50.20.110: PROVIDED, That if the individual furnishes evidence satisfactory to the employment security department that such individual's prospects for obtaining work in his or her customary occupation within a reasonably short period are good, the determination of whether any work is suitable work with respect to such individual shall be made in accordance with RCW 50.20.100.

(4) Extended compensation shall not be denied under subsection (1)(a) of this section to any individual for any week by reason of a failure to accept an offer of, or apply for, suitable work if:

(b) The position was not offered to such individual in writing and was not listed with the employment security department;

(c) Such failure would not result in a denial of compensation under the provisions of RCW 50.20.080 and 50.20.100 to the extent such provisions are not inconsistent with the provisions of subsections (3) and (5) of this section; or

(d) The position pays wages less than the higher of--

(i) The minimum wage provided by section (6)(a)(1) of the Fair Labor Standards Act of 1938, without regard to any exemption; or

(7) No provisions of this title which terminates a disqualification for voluntarily leaving employment, being discharged for misconduct, or refusing suitable employment shall apply for purposes of determining eligibility for extended compensation unless such termination is based upon employment subsequent to the date of such disqualification.

(8) The provisions of subsections (1) through (7) of this section shall apply with respect to weeks of unemployment beginning after March 31, 1981. However, the provisions of subsections (1) through (7) of this section shall not apply to those weeks of unemployment beginning after March 6, 1993, and before January 1, 1995.

(c) Thirty-nine times his or her weekly benefit amount which was payable to him or her under this title for a week of total unemployment in the applicable benefit year, reduced by the total amount of regular benefits which were paid (or deemed paid) to him or her under this title with respect to the benefit year.

(2) Notwithstanding any other provision of this chapter, if the benefit year of any eligible individual ends within an extended benefit period, the extended benefits which the individual would otherwise be entitled to receive with respect to weeks of unemployment beginning after the end of the benefit year and within the extended benefit period shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amount as a trade readjustment allowance within that benefit year, multiplied by the individual's weekly extended benefit amount.

The proceeds of this incremental one-hundredth of one percent shall be used solely for the purposes described in section 22 of this act. Any surplus will be deposited in the unemployment compensation trust fund.

Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

If the commissioner determines that federal funding has been increased to provide financing for the services specified in chapter 50.62 RCW, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

MOTIONS

On motion of Senator Owen, the rules were suspended, Substitute Senate Bill No. 5310 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Anderson: "Senator Owen, I understand that there is a terrible problem right now with the damage and, also, I think another thing that would cover this, is people who dump garbage and create a real problem that way. The part that I am concerned about in reading this bill is on line 7 of the bill, which says, 'Every person who occupies public land is liable to the state,' and then further down it says, 'Damages recoverable under this section include the market value of occupancy.' I guess I am worried if people are camping on public land and, you know, may even bring to mind the people who don't have homes and are homeless--if they are camping on public lands--are they going to be liable to the state and have to pay damages and have to pay, basically, a rent for being there under this language?"

Senator Owen: "Well, they would if they were there without authorization and they did damage. I don't believe that the Department of Natural Resources would hold someone liable if they camped there, however, and did no damage. The purpose of this act is to get at those people who will come and do, as you say, and then damage the Department of Natural Resources facilities, equipment, trees, and cause significant damage."

Senator Anderson: "Thank you, Senator Owen, for that clarification and I certainly hope that this is the way that this is interrupted. It is meant to take care of the damage and not to harass people who are merely on public lands."

POINT OF INQUIRY

Senator Roach: "Senator Owen, in just looking at this, what is the definition of 'damages'? Is there an exact monetary--the valuation on what damages will be pursuant to this?"

Senator Owen: "The bill does not define what 'damages' are. It could be, I suspect, any amount of damage."

Senator Roach: "I am just wondering if individuals--the children of certain individuals camping were to pull off dead branches or twigs to start fires and whatnot, it could be arguable that that is damage. Could we possibly--would you allow an amendment to this bill to maybe put a set figure? I think I would like to offer one."

Senator Owen: "I'm not really sure how we would set a figure on that and the example that you used would not be, I don't think in anybody's estimation, considered damage."

The President declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 5310.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 5310 and the bill passed the Senate by the following vote: Yeas, 40; Nays, 9; Absent, 0; Excused, 0.

Senator Talmadge: "The fiscal impact, Senator, is the grand sum of twelve thousand five hundred dollars over a biennium."

Senator Roach: "I'm talking about the individuals who will be taxed to use the casual--"

Senator Talmadge: "Senator, that would be up to an advisory committee made up of individuals from the water trail community--the people who do ocean kayaking and ocean canoeing. Your concern, I suspect, is somewhat misplaced. The people who simply go out and kayak or use a canoe on Puget Sound do not need to pay anything. If there are individuals who want to camp someplace where they would need to stop because they are out on the water for a long period of time and actually staying somewhere overnight--for those individuals they would get this permit and have access to a guaranteed place to stop."

Senator Roach: "Well, thank you Senator Talmadge, but I do understand the intent, know it is not to stop people from casual kayaking on the body, but what it is is a fee for anyone who would want to use a campsite--every campsite. I am not sure how you would enforce this. I did inquire of OFM this morning and they said, just this morning, that a fiscal note was not available."

POINT OF INQUIRY

Senator Anderson: "Senator Skratek, I was talking with people from my local technical college yesterday and quite frankly, in reading the bill, they were very concerned that the money that we intend to go to them, may in fact, never get there. As I read over this bill, trying to determine where it guarantees that, as we talk about this bill, that the technical and community colleges are going to be the ones assisting us in this training, I'm not sure that I see that that guarantee is there. They are very nervous that they are never going to get the money that we are promising in this bill. Is there any other language except for in Section 5 of the bill that guarantees that the technical colleges will get some of this workforce training money that we are now talking about them being a part of?"

Senator Skratek: "Well, Senator Anderson, this somewhat deviates from the issue that is in front of us at the moment and I am astonished to hear that your community college has this concern being raised at this late date. The large, and in fact, I thought, indeed, a hundred percent of the community colleges were supporting this particular bill. I would have to say that you would have to take a good look at it, because I think there are appropriate references throughout the bill as to how the money will be delegated to the community colleges and that it will be occurring through the workforce training board and, I think, we have built in the appropriate safeguards.

"We have, also, built in an annual evaluation to make sure that, indeed, this is occurring, because there were people that were concerned about a variety of things within this bill and making sure that we have the check points that were appropriate. I think we have taken care of the concerns if, indeed, there are legitimate concerns being raised. I do not think they have to worry. That money will be coming to them."

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. "NEW SECTION. Sec. 1. This act may be known and cited as the performance-based education act.

NEW SECTION. Sec. 2. (1)(a) The mission of Washington's K-12 education system is to enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive lives. To these ends, schools, together with parents and communities, shall strive to help all students develop the knowledge, skills, and attributes essential to function effectively and lead successful lives. Although schools, parents, and communities shall strive together in this mission, the legislature still believes that the primary functions of school and home differ: Ideally, school is where children learn to learn; home is where they learn to live.

(b) This mission is based on the recognition that our education system needs to keep pace with societal changes, changes in workplace environments, and an ever-changing international community. It recognizes that the state and nation continue to experience a transformation into an information and service-oriented age. Finally, the mission recognizes that the education must be improved to prepare students better to meet the challenges of their future, including acquisition of certain skills and knowledge and the ability to act on information and conclusions once they have assimilated and analyzed information.

(c) This mission recognizes that students must achieve a thorough grounding in the core educational areas, and that the teaching of educational basics is the primary function of schools.

(d) This mission can be accomplished through a restructured system of world-class, performance-based education requiring all the elements in chapter . . . , Laws of 1993 (this act).

(2) The legislature believes that real improvement will come to student achievement when all parties responsible for education evaluate current behavior and modify it according to what is best for students. Creating a performance-based education system will require different ways of making decisions and completing work. Additional improvements envisioned will be brought about through different practices at the local level. Collaboration among parents, students, educators, community members, and elected officials will become a strong part of everyday effort. Parents should be the primary partners in this collaborative effort. All systems and programs will be focused on what is best for increasing student achievement. The purpose is to strive to help all students master the essential learning requirements.

(3) It is the intent of the legislature that all children will have the opportunity to achieve at significantly higher levels. This will require setting high expectations for all students. For all students, learning shall be the constant. Time spent on learning and gaining competence shall be the variable. The education system, from the schoolhouse to the state house, must be responsible and accountable to citizens for meeting specific goals and outcomes.

(4)(a) It is the intent of the legislature that any student, from those at-risk to students who may be developmentally delayed or disabled, who is having difficulty meeting the student learning goals under section 103 of this act be provided with ongoing instructional opportunities to help him or her meet the goals.

(b) Similarly, it is the intent of the legislature that any highly capable student who has met or exceeded the student learning goals under section 103 of this act be provided with instructional opportunities to help him or her advance his or her educational experience.

PART I STUDENT LEARNING GOALS

NEW SECTION. Sec. 101. The following student learning goals for Washington's primary and secondary students, as recommended by the governor's council on education reform and funding, are supported by the legislature:

The ultimate goal of Washington's K-12 education system is to enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives. To these ends, schools, together with parents and communities, shall help all students develop the knowledge, skills, and attributes essential to:

- (1) Communicate effectively and responsibly in a variety of ways and settings;
- (2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; arts; humanities; and health and fitness;
- (3) Think critically and creatively and integrate experience and knowledge to form reasoned judgments, solve problems, and resolve conflicts;
- (4) Function as caring and responsible individuals and contributing members of families, work groups, and communities.

Of these goals, goal two shall be primary. The legislature finds that from achievement of goal two, achievement of the others might follow. The legislature finds that students must above all else achieve mastery of knowledge and skills in core areas of reading, writing, speaking, science, history, geography, and mathematics. The legislature also finds that families and communities bear the primary responsibility for seeing that children function as caring and responsible members of families, work groups, and communities.

NEW SECTION. Sec. 102. It is the intent of the legislature that instruction in the broad subject areas of mathematics, social sciences, physical sciences, life sciences, arts, humanities, and health and fitness identified under student learning goal number two under section 101(2) of this act will be offered in ways that emphasize the primary importance of these basic areas of knowledge to the future success of students after they graduate.

NEW SECTION. Sec. 103. The state board of education shall by rule adopt the final student learning goals in section 101 of this act recommended by the governor's council on education reform and funding. The student learning goals shall be effective for all school districts beginning with the 1993-94 school year. The state board shall review the goals at least once every ten years and update them as necessary. Local school districts may add goals to the student learning goals in section 101 of this act.

REMARKS BY SPEAKER EBERSOLE

Speaker Ebersole: "Thank you, Mr. President, there are many points in the life of our state that mark the crossroads of our history. Today is one of those points. Today the Governor will open both a legislative and a public discussion about how we shape our future by balancing our budget. The proposals we are about to hear will set the course of our state for years to come. How we deal with our budget is not just a matter of making the numbers add up. It is a matter of making choices. Choices about what we value most and where we want to go.

"The most difficult the budget--and this budget is extremely difficult--the more important the quality of leadership in the Governor's office. At this crossroad in our history, we are very fortunate. We have a Governor who is passionately optimistic, a Governor who has immense faith in the goodness of our citizens and a Governor who will work all day and all night to make his vision of our future come true. No matter how difficult the challenge, this Governor will rise to meet it, so now let all of us rise to meet him. Ladies and Gentlemen, the twentieth Governor of the state of Washington, the Honorable Mike Lowry."

GOVERNOR LOWRY'S BUDGET ADDRESS

Governor Lowry: "Thank you, Mr. Speaker. Mr. President, distinguished members of the Supreme Court, distinguished state elected officials, distinguished members of the Legislature, my family and friends, hard working public employees and citizens of the state of Washington, thank you for this opportunity.

"I wish we met today under happier conditions for both the state government and for the state's economy. You've all read the bad news. In the next biennium, state government will face a shortfall of \$1.8 billion and the private sector is not much better off. The national recession saved our state for the last, but not the least. The official estimate for the Washington State revenues for the next biennium dropped six hundred and ten million dollars in just the last four months.

"Washington's unemployment rate is running over nine percent, and we have over one hundred and fifty thousand of our neighbors out of work and looking for jobs. This is a terrible waste and it is a great challenge, but I am confident that we can meet this challenge and overcome these adversities.

"Let me tell you why I'm so optimistic about the future of this state. I'm optimistic because when you look beyond all the bleak headlines and statistics, you see the tremendous assets of Washington State--assets that we have only begun to tap. First, of course, there is our great beauty, the variety of Washington's natural resources. In Washington, you can find virtually every kind of environment, from deserts to ocean beaches, from farmlands to forests, from deepest gorges to the highest peaks. And most of it is still unspoiled. "Second, there is Washington's strategic location. We stand literally on the leading edge of the continent. On the Pacific Rim of the global economy, we stand in the best strategic position and we stand physically, intellectually, and economically on the frontier of the future.

"Third, Washington enjoys the great investments made by previous generations--public investments in our schools, and our ports, and our energy systems, and our highways, and our universities, and private investments in new technology and modern factories. These investments have created an infrastructure of opportunity for everything that exists today and is possible tomorrow.

"Fourth, in Washington we enjoy the freedom to think, to create, to experience different cultures and ideas, to apply our energies as we choose. Ours is still a very young state, barely a hundred years old. We are not gripped by the prejudices and intolerances, and rigid interest groups, and hostile classes, and the old elites and cliques that hobble so many other regions and states.

"Fifth, and most importantly, I'm optimistic about the future because of the quality of Washington's people--because of you--people who are good partners, good workers, good employees, good managers, good professionals, good citizens, good elected officials and a very good Legislature.

"I want to salute this Legislature for the tremendous progress it is making on health care reform, on education reform, on civil service reform, on law and justice reform, on consolidating and streamlining state government and in developing a state wide approach to our infrastructure needs. Each of these high priority items is an important component of getting our fiscal house in order and I thank you for your leadership in making that happen. History will record that the politics of avoidance ended with this Legislature.

"We have a great challenge and a great opportunity with this budget. We face some fundamental choices--not just between cuts and adds, but between reform and stagnation, between action and neglect, between progress and decay. We can choose to balance this budget without any new general fund revenues, but the deepness of the cuts required to do that would devastate our state's future and it would endanger the lives of our people and especially our children. Or we can choose a balanced combination of cuts and new revenues--a responsible budget that will move us to a bright future. That is the budget I have chosen.

"Some argue that projected revenues may grow nine hundred million dollars over the next two years and that should be enough. That sounds reasonable, except that those that argue that fail to note that costs that are out of our immediate control will increase twice that amount, just within four factors. K-12 enrollments--the fact that we are going to have more than fifty thousand more children in K-12 next biennium over this biennium, that cost alone is seven hundred and ninety-nine million dollars more next biennium than this biennium. That cost alone, K-12 increased enrollment, almost eats up that entire nine hundred million dollars. That seven hundred ninety-nine million dollars is not because of government inefficiency, it is because of the baby boom echo. There are more children--more kids in those schools. A tremendous thing for our state, but that costs that amount of money.

"Health care costs, next biennium, will be five hundred and thirty-four million dollars more than this biennium for the same level of health care as a result of this continuing escalating out-of-control health care costs. Now, you are working on a real solution to that. In the future, ten years from now, the future legislators aren't going to be sitting with that same type of problem, because of your leadership for health care reform, which I know we are going to pass this legislative session. The fact is in the next biennium it is going to cost five hundred and thirty-four million dollars more than this biennium, a cost out of your control.

"Corrections--prisons--are going to cost two hundred million dollars more next biennium than this biennium as that prison population continues to go up. Debt service on capital decisions already made before this legislative session got here are going to cost an additional one hundred fifty-nine million dollars more next biennium than this biennium. Just add up those four components of what's driving costs of this budget--those four components that are out of your immediate control--and you will see those are double that nine hundred million dollars. That's the answer why that those that say, 'Hey, you ought to be able to simply use a nine hundred million dollar revenue increase to handle this problem' are not telling the full story.

"Then, in addition to that, the fact that the national recession has now reached our state means that the projected growth in state revenues for the coming biennium is less than one-third the thirty-year average for state revenue growth. So we face, at the same time, rapidly escalating costs and significantly slower revenues. This is the challenge that this Legislature and I inherited, but this is the challenge that we ask for the opportunity to meet. I am confident that the fortitude and the courage and the vision that this Legislature has already shown will mean that we will meet this challenge with great success.

"In preparing this budget, I committed to three fundamental principles: We would restructure, we would invest and we would save. We would restructure for the future by consolidating agencies and programs and eliminating functions and reforming civil service and reducing management and improving service delivery and bringing health care costs under control. We would invest in the future by protecting services for children, by reforming education, by expanding work force training, by increasing aid to low income students, by building local economic development capacity and by improving our stewardship of our state lands. We would save for the future by throwing away the old budget tricks and gimmicks and by building up our cash reserve to guard against future economic adversities. Before we achieved a single reform, before you came, before there was one reform, one investment, one savings, we faced a \$1.8 billion shortfall over the next biennium.

"In this budget I am presenting to you today, we have eliminated that shortfall. Today I am presenting a balanced general fund budget totaling \$16.3 billion for the next biennium. This budget is six hundred and thirty-four million dollars less than the one proposed by Governor Gardner in December--six hundred and thirty-four million dollars less general fund budget than the one proposed by Governor Gardner in December.

"We have cut programs and costs by six hundred and forty-two million dollars and many of those are tough cuts. We have identified two hundred and thirty-one million dollars in alternative sources to pay for vital services. We have intensified collections to cover another one hundred and three million dollars in service costs. We have eliminated the equivalent of twenty-one hundred full-time general fund state jobs, including five hundred managers. We have consolidated agencies such as Fisheries and Wildlife and Community Development and Trade and Economic Development. We have asked our hard-working and dedicated public employees to live for two years without a cost-of-living raise, which is really a net pay cut to them. It is a savings of over four hundred million dollars in this budget and we all need to thank our hard-working public employees for, again, shouldering such a large amount of handling this deficit.

"We have reduced higher education budgets by one hundred forty-eight million dollars. We have reduced K-12 administration programs by one hundred twenty-three million dollars. We have reduced general fund expenditures for social and health services programs by two hundred sixty-one million dollars. People will complain loudly and, in some cases, legitimately that these cuts to their programs are too deep. If you have a better way, tell me. Others will say I have cut too little. If you have a better way, tell me, but the fact is there are some cuts that cost too much.

"While it is important that we cut government spending and streamline operations and make government more efficient, it is also important that we invest for the future. In this budget, we have placed a high priority on investing in the future and in protecting programs for children. We have added funding to feed hungry school kids. We have paid for the first phase of education reform. We have increased spending on children's mental health and prenatal care. While we call for tough management savings in higher education, we refuse to make the penny-wise and pound-foolish mistake of some other states that are presently dismantling their higher education systems.

"We realize that the quality of education that's available to our work force is critical to our economic recovery, and we refuse to make the devastating higher education cuts that a 'no new taxes' budget would require. Because no qualified students should be stopped from achieving their education goals because of income limitations, we will double the number of students getting financial aid and significantly expand work study programs. Again, because of the importance to our economic vitality, we will put new money into retraining our work force and we will put new money into employing dislocated workers to help restore and maintain public lands.

"Now, no responsible budget would be complete without a savings plan and I'm sure the people of this state agree with that. That's why I am proposing that we increase the state's 'rainy day' fund to one hundred forty-four million dollars and also to build an additional cash reserve to raise the state's total reserves to three hundred and sixty-six million dollars, which is more than two percent of the general fund budget. I know the State Treasurer, Dan Grimm, likes that and I suspect that the financial markets will like that, also, and that we will see that that fiscal prudence approach is very good for our state. Unfortunately, however, we cannot set aside this emergency reserve, maintain essential services and pay for new investments without additional revenues.

"After starting with a \$1.8 billion shortfall and making significant and tough cuts, tuition increases, and increased fees for special services, we were still short eight hundred forty-eight million dollars. I am proposing to raise that short fall by closing loopholes on those that are exempted from paying sales taxes on services mostly used by the higher-income. I chose this alternative, because it has the least effect on middle-income and low-income people and families in this state. In choosing this

alternative, I rejected tax alternatives, such as raising the general sales tax, which is unfair to consumers and very regressive, or raising the B and O tax, which is unfair to employers and hurts our small businesses. In fact, I proposed that we reduce B and O taxes to help small businesses and expand sales tax deferrals to help spur new business and investment.

"By closing loopholes as our choice by which to raise this necessary revenue, we are able to greatly reduce the tax effect on the general public. As a matter of fact, this revenue proposal will cost the average family of four only a little over two dollars a month. Let me repeat that--because we choose to raise this needed revenue by closing the loopholes on the high income, we are able to reduce the revenue impact of raising this money on the forty-five thousand dollar family of four to two dollars a month. In Seattle, that's the price of one latte--there went the Seattle vote. For the rest of us, that's less than the price of one 'Grand Slam Breakfast' at Denny's.

"In exchange, we will protect and enhance our most important resource, our children. We will be able to move forward with education reform. We will maintain our excellent higher education system, we will do a better job of stewarding our state lands, we will train and employ dislocated workers and teenagers and we will launch new strategies for economic development. This, I submit, is a grand slam for two dollars a month.

"I know that we will spend the coming weeks debating pennies on the dollar in the budget cuts and new reforms and the size and the fairness of various tax rates. That is part of the job that the people elected us to do, but it is not the whole task entrusted to us. People also expect us to look beyond politics. They ask us to be wise as well as smart; they ask us to be responsible as well as accountable.

"After the gavel falls Sine Die on this session of the Legislature, memory of who won and lost various debates will quickly fade into oblivion, but if we fail to maintain and fund vital services for this state, the people will not forget. If we fail to seize the unique opportunity for reform and investment which faces us today, the generations to come will not forgive us. More than a budget hangs in the balance today. The whole future of our state hangs in the balance. Join with me in this budget. Let's make it a great future. Thank you very much."

SENATOR PHIL TALMADGE, 34th District

SECOND READING

HOUSE JOINT MEMORIAL NO. 4013, by Representatives Kessler, Basich, Riley, Jones, Holm and J. Kohl

Petitioning the federal government for coastal economic recovery investment.

The joint memorial was read the second time.

MOTIONS

On motion of Senator Sheldon, the following Committee on Trade, Technology and Economic Development amendment was adopted:

On page 1, after line 7, strike the remainder of the joint memorial and insert the following:

"WHEREAS, The Washington State House of Representatives and Senate recognize that the permanent loss of jobs in natural resource-based industries has gravely and irreversibly impacted the coastal economies of Pacific and Grays Harbor counties and parts of Jefferson and Clallam counties; and

WHEREAS, The loss of timber-related jobs has created a further erosion of jobs in coastal communities which presently do not have alternative employment opportunities; and

WHEREAS, Hard-working families are losing their homes, automobiles, and other possessions and are going without adequate food, critically needed medical care, educational, and social services previously earned with wages from their jobs; and

WHEREAS, The loss of sales tax, property tax, and other local revenues by local coastal communities resulting from the devastating economic dislocation is accompanied by a heavy additional burden placed on public services provided by local police, prosecutors, public health, and social service providers that manifestly precludes local government from financing an economic recovery program; and

WHEREAS, In 1991 the federal government received an estimated one hundred forty-three million dollars in general tax revenue, exclusive of social security and unemployment insurance taxes, from Pacific and Grays Harbor counties; and

WHEREAS, In 1991 the State of Washington received an estimated seventy-seven million dollars in general fund taxes from the two-county area; and

WHEREAS, Implementation of the Coastal Economic Recovery Plan will provide jobs and improve the coastal economy so that at the end of ten years the federal government tax revenues will increase from one hundred forty-three million dollars a year

to two hundred five million dollars and the Washington State general fund revenues will increase from seventy-seven million dollars a year to one hundred thirteen million dollars over the ten-year period; and

WHEREAS, The millions of dollars monthly spent by the federal and state government for public assistance, unemployment compensation, medical assistance, food, retraining, and other social service programs can be sharply reduced through implementation of the coastal economy which emphasizes tourism, outdoor recreation, and commercial and sports fishing;

NOW, THEREFORE, Your Memorialists respectfully pray that the federal government invest, along with the State of Washington, in a Coastal Economic Recovery Plan by funding the following elements of the plan:

(1) Habitat restoration jobs, including Olympic peninsula, Grays Harbor and Willapa Bay drainages. The primary beneficiaries of the work will be wild stocks of salmon: Fifty million dollars;

(2) Federal share of new coastal hatcheries including wild stock supplementation facilities: Seventeen million five hundred thousand dollars;

(3) Federal share of coastal tourism infrastructure facilities: Twelve million dollars;

(4) Federal funding of educational facilities at Grays Harbor College for Dislocated Timber Workers: Five million dollars;

and

(5) Federal share of coastal transportation facilities for tourism and outdoor recreation: Ten million dollars.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable Bill Clinton, President of the United States, the President of the Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

"Sec. 1. RCW 81.04.130 and 1984 c 143 s 1 are each amended to read as follows:

Whenever any public service company, other than a railroad company, files with the commission any schedule, classification, rule, or regulation, the effect of which is to change any rate, fare, charge, rental, or toll previously charged, the commission has power, either upon its own motion or upon complaint, upon notice, to hold a hearing concerning the proposed change and the reasonableness and justness of it. Pending the hearing and the decision the commission may suspend the operation of the rate, fare, charge, rental, or toll, if the change is proposed by a common carrier subject to the jurisdiction of the commission, ~~other than a solid waste collection company~~, for a period not exceeding seven months, and, if proposed by a ~~(public service company other than such a common carrier)~~ solid waste collection company, for a period not exceeding ten months from the time the change would otherwise go into effect. After a full hearing the commission may make such order in reference to the change as would be provided in a hearing initiated after the change had become effective.

At any hearing involving any change in any schedule, classification, rule, or regulation the effect of which is to increase any rate, fare, charge, rental, or toll theretofore charged, the burden of proof to show that such increase is just and reasonable is upon the public service company. When any common carrier subject to the jurisdiction of the commission files any tariff, classification, rule, or regulation the effect of which is to decrease any rate, fare, or charge, the burden of proof to show that such decrease is just and reasonable is upon the common carrier.

Sec. 2. RCW 81.28.050 and 1984 c 143 s 5 are each amended to read as follows:

Unless the commission otherwise orders, no change may be made in any classification, rate, fare, charge, rule, or regulation filed and published by a common carrier other than a rail carrier, except after thirty days' notice to the commission and to the public. In the case of a solid waste collection company, no such change may be made except after forty-five days' notice to the commission and to the public. The notice shall be published as provided in RCW 81.28.040 and shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rate, classification, fare, or charge will go into effect. All proposed changes shall be shown by printing, filing, and publishing new schedules or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. In the case of a change proposed by a rail carrier, except for changes to rail contracts between a rail carrier and a shipper authorized under RCW 81.34.070, which changes become effective in accordance with that section, a proposal resulting in a rate increase or a new rate shall not become effective for twenty days after the notice is published, and a proposal resulting in a rate decrease shall not become effective for ten days after the notice is published. The commission, for good cause shown, may by order allow changes in rates without requiring the notice and the

publication time periods specified in this section. When any change is made in any rate, fare, charge, classification, rule, or regulation, attention shall be directed to the change by some character on the schedule. The character and its placement shall be designated by the commission. The commission may, by order, for good cause shown, allow changes in any rate, fare, charge, classification, rule, or regulation without requiring any character to indicate each and every change to be made.

NEW SECTION. Sec. 3. A new section is added to chapter 70.95 RCW to read as follows:

To provide solid waste collection companies with sufficient time to prepare and submit tariffs and rate filings for public comment and commission approval, the owner or operator of a transfer station, landfill, or facility used to burn solid waste shall provide seventy-five days' notice to solid waste collection companies of any change in tipping fees and disposal rate schedules. The notice period shall begin on the date individual notice to a collection company is delivered to the company or is postmarked.

A collection company may agree to a shorter notice period: PROVIDED, That such agreement by a company shall not affect the notice requirements for rate filings under RCW 81.28.050.

The owner of a transfer station, landfill or facility used to burn solid waste may agree to provide companies with a longer notice period.

"Solid waste collection companies" as used in this section means the companies regulated by the commission pursuant to chapter 81.77 RCW."

POINT OF ORDER

Senator Newhouse: "A point of order, Mr. President. I would like to raise the point of order that this bill and its title says, 'An act relating to taxation.' I would like to raise the point that in part seven, we have statutory law not related to taxation--insurance premium tax credit repeal--and that would violate the article of the Constitution subject to two matters in one bill."

RULING BY PRESIDENT

President Pritchard: "In ruling upon the point of order raised or the question that Senator Newhouse raised, the President believes that Substitute Senate Bill No. 5967 is a broad measure dealing with many areas of taxation and that part seven affects tax liability. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 122. RCW 82.14.048 and 1991 c 207 s 1 are each amended to read as follows:

The governing board of a public facilities district under chapter 36.100 RCW may submit an authorizing proposition to the voters of the district, and if the proposition is approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter.

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. This sales and use tax shall not apply to the sales of retail services as defined in RCW 82.04.050(3)(c) through (3)(t), (5)(c), and (5)(d). The rate of tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

Sec. 123. RCW 82.14.340 and 1991 c 311 s 5 and 1991 c 301 s 16 are each amended and reenacted to read as follows:

The legislative authority of any county with a population of two hundred thousand or more, any county located east of the crest of the Cascade mountains with a population of one hundred fifty thousand or more, and any other county with a population of one hundred fifty thousand or more that has had its population increase by at least twenty-four percent during the preceding nine years, as certified by the office of financial management for the first day of April of each year, may and, if requested by resolution of the governing bodies of cities in the county with an aggregate population equal to or greater than fifty percent of the total population of the county, as last determined by the office of financial management, shall submit an authorizing proposition to the voters of the county and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter.

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such county. This sales and use tax shall not apply to the sales of retail services as defined in RCW 82.04.050(3)(c) through (3)(t), (5)(c), and (5)(d). The rate of tax shall equal one-tenth of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

When distributing moneys collected under this section, the state treasurer shall distribute ten percent of the moneys to the county in which the tax was collected. The remainder of the moneys collected under this section shall be distributed to the county and the cities within the county ratably based on population as last determined by the office of financial management. In making the distribution based on population, the county shall receive that proportion that the unincorporated population of the county bears to the total population of the county and each city shall receive that proportion that the city incorporated population bears to the total county population.

Moneys received from any tax imposed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures. Moneys received by the county and the cities within

the county from any tax imposed under this section may be expended for domestic violence community advocates, as defined in RCW 70.123.020, if, prior to July 28, 1991, and prior to approval of the voters, the legislative authority of the county, which submitted an authorizing proposition to the voters of the county, adopted by ordinance a financial plan that included expenditure of a portion of the moneys received for domestic violence community advocates.

This section expires January 1, 1994.

Sec. 124. RCW 81.104.170 and 1992 c 101 s 28 are each amended to read as follows:

Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. This sales and use tax shall not apply to the sales of retail services as defined in RCW 82.04.050(3)(c) through (3)(t), (5)(c), and (5)(d). The maximum rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed shall not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340."

POINT OF INQUIRY

Senator McDonald: "Senator Rinehart, this is taking away the local money--what you are counting on for some local criminal justice. From whence does it come now?"

Senator Rinehart: "It comes from the remainder of the taxes in the bill. The total will be ninety million dollars for criminal justice. The entire package will raise six hundred and eighteen million dollars. That's five hundred twenty-eight to fund the general fund budget and ninety million for criminal justice."

Senator McDonald: "So, the total tax package will now be six hundred and eighteen million?"

Senator Rinehart: "Because we are now funding criminal justice at the state level as opposed to the local level."

Senator McDonald: "Thank you."

The President declared the question before the Senate to be the adoption of the amendment by Senator Rinehart on page 25, after line 9, to Substitute Senate Bill No. 5967.

The motion by Senator Rinehart carried and the amendment was adopted.

This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his principal or supplier to be used for informational, educational and promotional purposes shall not be considered a part of the agent's remuneration or commission and shall not be subject to taxation under this section."

POINT OF ORDER

Senator Hargrove: "A point of order, Mr. President. I would like to know whether the three minute rule applies to making motions?"

REPLY BY THE PRESIDENT

President Pritchard: "There is not a three minute rule at this time."

MOTION

Senator Jesernig moved to lay on the table the motion by Senator Nelson to consider the group of amendments to Substitute Senate Bill No. 5967.

MOTION

Senator Nelson moved that the question be divided and the amendment by Senator McDonald on page 5, strike all of line 1, be considered separately.

Senator Nelson demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Nelson to divide the question and consider the amendment by Senator McDonald on page 5, strike all of line 1, to Substitute Senate Bill No. 5967.

ROLL CALL

The Secretary called the roll and the motion to divide the question failed by the following vote: Yeas, 21; Nays, 28; Absent, 0; Excused, 0.

Voting yea: Senators Amondson, Anderson, Barr, Bluechel, Cantu, Deccio, Erwin, Hochstatter, McCaslin, McDonald, Moyer, Nelson, Newhouse, Oke, Prince, Roach, Sellar, Smith, L., von Reichbauer, West and Winsley - 21.

Voting nay: Senators Bauer, Drew, Franklin, Fraser, Gaspard, Hargrove, Haugen, Jesernig, Loveland, McAuliffe, Moore, Niemi, Owen, Pelz, Prentice, Quigley, Rasmussen, M., Rinehart, Sheldon, Skratek, Smith, A., Snyder, Spanel, Sutherland, Talmadge, Vognild, Williams and Wojahn - 28.

MOTION

Senator Nelson moved that the question be divided and the amendment by Senator Roach on page 5, after line 1, be considered separately.

POINT OF ORDER

Senator Vognild: "Mr. President, I rise to a point of order. Since Senator Nelson brought the motion to consider the following amendments himself, under one motion, and now requests that they be divided, I would ask the President to review Reed's Rules 225 and rule whether this is simply a matter of impeding the business of this body."

At 12:48 a.m., and there being no objection, the President declared the Senate to be at ease.

The Senate was called to order at 1:16 a.m. by President Pritchard.

RULING BY THE PRESIDENT

President Pritchard: "In ruling on the point of order raised by Senator Vognild, the President is reluctant to rule that any member is employing tactics to create disorder and impede business at this point.

"In ruling on Senator Nelson's motion to divide the question, Senator Nelson's original motion was to consider a number of amendments in a specified order. Senator Jesernig moved to lay Senator Nelson's motion on the table. Senator Nelson then moved to divide the question and consider the amendment by Senator McDonald on page 5, strike all of line 1, separately, which motion failed.

"Senator Nelson then moved a second time to divide the question, as which point Senator Vognild raised a point of order.

"The President has reviewed Reed's Rules 151, 152 and 153.

"The President believes that Senator Nelson's motion is not in order. The motion to divide determines into how many parts the question should be divided. In this instance, Senator Nelson moved to divide the question into two parts. That motion having failed, the question before the body is now Senator Jesernig's motion to lay Senator Nelson's motion on the table in its entirety."

Senator von Reichbauer demanded a roll call and the demand was sustained.

POINT OF INFORMATION

Senator Nelson: "Mr. President, I have a point of information. With respect to the President's Ruling, in reading Reed's Rule 153, it appears to the maker of the motion that in Rule 153 it says that if the proposition to be considered by the body consists of two distinct propositions, as in the case of my original motion to take a number of amendments in sequence, we have more than two distinct conditions facing the body. We have each one individually and we don't effectively have an opportunity to now address them individually. You have divided one away from a group of others. There are not two distinct positions."

RULING BY THE PRESIDENT

President Pritchard: "Senator, I think you made the division in dividing one and the others. If you see Rule 152, it states-- the thing deals with 151, 152 and 153. It says in 152, 'It must be made pursuant to a motion stating precisely the division asked for.' So, the President does not rule in your favor."

The President declared the question before the Senate to be the roll call on the motion by Senator Jesernig to lay on the table the motion by Senator Nelson to consider certain amendments in a specified order to Substitute Senate Bill No. 5967.

ROLL CALL

The Secretary called the roll and the motion to lay the motion on the table carried by the following vote: Yeas, 28; Nays, 21; Absent, 0; Excused, 0.

Voting yea: Senators Bauer, Drew, Franklin, Fraser, Gaspard, Hargrove, Haugen, Jesernig, Loveland, McAuliffe, Moore, Niemi, Owen, Pelz, Prentice, Quigley, Rasmussen, M., Rinehart, Sheldon, Skratek, Smith, A., Snyder, Spanel, Sutherland, Talmadge, Vognoild, Williams and Wojahn - 28.

Voting nay: Senators Amondson, Anderson, Barr, Bluechel, Cantu, Deccio, Erwin, Hochstatter, McCaslin, McDonald, Moyer, Nelson, Newhouse, Oke, Prince, Roach, Sellar, Smith, L., von Reichbauer, West and Winsley - 21.

It was levied in their home state and then the money was distributed on a proportional basis to each of the other states. I'm not sure where the name 'bingo stamp' came from, but I think that it came from the fact that some of the states--or some of the truckers had numerous stamps that fit in there and I guess they played a bingo game on their card."

MOTION

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 26.44.030 and 1991 c 111 s 1 are each amended to read as follows:

(1) When any practitioner, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, or juvenile probation officer has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040. The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally

disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report ~~((of incidents, conditions, or circumstances))~~ of child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department ~~((of social and health services))~~ shall ~~((, within funds appropriated for this purpose,))~~ use a risk assessment ~~((tool))~~ process when investigating child abuse and neglect referrals. ~~((The tool shall be used, on a pilot basis, in three local office service areas.))~~ The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the ~~((ways and means))~~ appropriate committees of the senate and house of representatives on the ~~((use))~~ effectiveness of the ~~((tool by December 1, 1989. The report shall include recommendations on the continued use and possible expanded use of the tool))~~ risk assessment process.

(14) Upon receipt of ~~((such))~~ a report of abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting."

(7) The seizing law enforcement agency shall promptly return the items seized to the claimant upon a determination that the claimant is entitled to possession of the items seized.

(8) If the items seized are forfeited under this statute, the agency shall destroy the explosives. When explosives are destroyed either to protect public safety or because the explosives were forfeited, the person from whom the explosives were seized loses all rights of action against the law enforcement agency or its employees acting within the scope of their employment, or other governmental entity or employee involved with the seizure and destruction of explosives.

(9) This section is not intended to change the seizure and forfeiture powers, enforcement, and penalties available to the department of labor and industries pursuant to chapter 49.17 RCW as provided in RCW 70.74.390.

(1) At any time after forty days from the date of a decedent's death, any person who is indebted to or who has possession of any personal property belonging to the decedent or to the decedent and his or her surviving spouse as a community, which debt or personal property is an asset which is subject to probate, shall pay such indebtedness or deliver such personal property, or so much of either as is claimed, to a person claiming to be a successor of the decedent upon receipt of proof of death and of an affidavit made by said person which meets the requirements of subsection (2) of this section.

(2) An affidavit which is to be made pursuant to this section shall state:

(a) The claiming successor's name and address, and that the claiming successor is a "successor" as defined in RCW 11.62.005;

(b) That the decedent was a resident of the state of Washington on the date of his death;

(c) That the value of the decedent's entire estate subject to probate, not including the surviving spouse's community property interest in any assets which are subject to probate in the decedent's estate, wherever located, less liens and encumbrances, does not exceed ~~((the amount specified in RCW 6.13.030))~~ sixty thousand dollars;

(d) That forty days have elapsed since the death of the decedent;

(e) That no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction;

(i) That the claiming successor is either personally entitled to full payment or delivery of the property claimed or is entitled to full payment or delivery thereof on the behalf and with the written authority of all other successors who have an interest therein.

(3) A transfer agent of any security shall change the registered ownership of the security claimed from the decedent to the person claiming to be the successor with respect to such security upon the presentation of proof of death and of an affidavit made by such person which meets the requirements of subsection (2) of this section. (4) No release from any Washington state or local taxing authority may be required before any assets or debts are paid or delivered to a successor of a decedent as required under this section.

NEW SECTION. Sec. 2. (1) An otherwise effective written instrument of transfer may not be deemed testamentary solely because of a provision for a nonprobate transfer at death in the instrument.

(2) "Provision for a nonprobate transfer at death" as used in subsection (1) of this section includes, but is not limited to, a written provision that:

(a) Money or another benefit up to that time due to, controlled, or owned by a decedent before death must be paid after the decedent's death to a person whom the decedent designates either in the instrument or a separate writing, including a will, executed at any time;

(b) Money or another benefit due or to become due under the instrument ceases to be payable in the event of the death of the promisee or the promisor before payment or demand; or

(4) This section only eliminates a requirement that instruments of transfer comply with formalities for executing wills under chapter 11.12 RCW. This section does not make a written instrument effective as a contract, gift, conveyance, deed, or trust that would not otherwise be effective as such for reasons other than failure to comply with chapter 11.12 RCW.

(5) This section does not limit the rights of a creditor under other laws of this state.

NEW SECTION. Sec. 3. A provision in a lease of a safety deposit repository to the effect that two or more persons have access to the repository, or that purports to create a joint tenancy in the repository or in the contents of the repository, or that purports to vest ownership of the contents of the repository in the surviving lessee, is ineffective to create joint ownership of the contents of the repository or to transfer ownership at death of one of the lessees to the survivor. Ownership of the contents of the repository and devolution of title to those contents is determined according to rules of law without regard to the lease provisions.

Establishing a procedure for developing local jail industries programs.

The bill was read the second time.

MOTIONS

On motion of Senator Adam Smith, the following Committee on Law and Justice amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program and public safety standards state-wide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a state-wide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the state-wide jail industries board of directors.

(2) "City" means any city, town, or code city.

(3) "Cost accounting center" means a specific industry program operated under the private sector prison industry enhancement certification program as specified in 18 U.S.C. Sec. 1761.

(4) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior, district, or municipal court of the state of Washington for payment of restitution to a victim, a statutorily imposed crime victims compensation fee, court costs, a county or interlocal drug fund, court appointed attorneys' fees and costs of defense, fines, and other legal financial obligations that are assessed as a result of a felony or misdemeanor conviction.

(5) "Free venture industries" means types of industries which produce products, goods, or services through two modalities: (a) Employer model: An agreement between city or county and a private sector business or industry or nonprofit organization to produce goods or services to both public and private sectors; (b) customer model: An industry operated and managed to provide Washington state manufacturers or businesses with products or services currently produced, provided, and assembled by out-of-state or foreign suppliers.

(6) "Jail inmate" means a preconviction or postconviction resident of a city or county jail who is determined to be eligible to participate in jail inmate work programs according to the eligibility criteria of the work program.

(7) "Private sector prison industry enhancement certification program" means that program authorized by the United States justice assistance act of 1984, 18 U.S.C. Sec. 1761.

NEW SECTION. Sec. 3. A state-wide jail industries board of directors is established. The board shall consist of the following members:

(1) One sheriff and one police chief, to be selected by the Washington association of sheriffs and police chiefs;

(2) One county commissioner or one county councilmember to be selected by the Washington state association of counties;

(3) One city official to be selected by the association of Washington cities;

(4) Two jail administrators to be selected by the Washington state jail association, one of whom shall be from a county or a city with an established jail industries program;

(5) One prosecuting attorney to be selected by the Washington association of prosecuting attorneys;

(6) One administrator from a city or county corrections department to be selected by the Washington correctional association;

(7) One county clerk to be selected by the Washington association of county clerks;

(8) Three representatives from labor to be selected by the governor. The representatives may be chosen from a list of nominations provided by state-wide labor organizations representing a cross-section of trade organizations;

(9) Three representatives from business to be selected by the governor. The representatives may be chosen from a list of nominations provided by state-wide business organizations representing a cross-section of businesses, industries, and all sizes of employers;

(10) The governor's representative from the employment security department;

(11) One member representing crime victims, to be selected by the governor;

(12) One member representing on-line law enforcement officers, to be selected by the governor;

(13) One member from the department of trade and economic development to be selected by the governor;

(14) One member representing higher education, vocational education, or adult basic education to be selected by the governor; and

(15) The governor's representative from the correctional industries division of the state department of corrections shall be an ex officio member for the purpose of coordination and cooperation between prison and jail industries and to further a positive relationship between state and local government offender programs.

NEW SECTION. Sec. 4. The board shall, at the request of a city or county, offer advice in developing, promoting, and implementing consistent, safe, and efficient offender work programs.

The board may also develop guidelines and provide technical assistance for the coordination of jail industries programs with basic educational programs.

NEW SECTION. Sec. 5. The board shall require a city or a county that establishes a jail industries program to develop a local advisory group, or to use an existing advisory group of the appropriate composition, to advise and guide jail industries program operations. Such an advisory group shall include an equal number of representatives from labor and business. Representation

from a sheltered workshop, as defined in RCW 82.04.385, and a crime victim advocacy group, if existing in the local area, should also be included.

A local advisory group shall have among its tasks the responsibility of ensuring that a jail industry has minimal negative impact on existing private industries or the labor force in the locale where the industry operates and that a jail industry does not negatively affect employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385. In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to section 6 of this act.

NEW SECTION. Sec. 6. The board, in accordance with chapter 34.05 RCW, shall:

(1) Establish an arbitration process for resolving conflicts arising among the local business community and labor organizations concerning new industries programs, products, services, or wages;

(2) Encourage the development of the collection and analysis of jail industries program data, including long-term tracking information on offender recidivism;

(3) Determine, by applying established federal guidelines and criteria, whether a city or a county jail free venture industries program complies with the private sector prison industry enhancement certification program. In so doing, also determine if that industry should be designated as a cost accounting center for the purposes of the federal certification program; and

(4) Provide technical assistance with product marketing.

NEW SECTION. Sec. 7. The board may receive funds from local, county, state, or federal sources and may receive grants to support its activities. The board may establish a reasonable schedule of suggested fees that will support state-wide efforts to promote and facilitate jail industries that would be presented to cities and counties that have established jail industries programs.

NEW SECTION. Sec. 8. The board shall initially convene at the call of the representative of the correctional industries division of the state department of corrections, together with the jail administrator selected from a city or a county with an established jail industries program, no later than six months after the effective date of this act. Subsequent meetings of the board shall be at the call of the board chairperson. The board shall meet at least twice a year.

The board shall elect a chairperson and other such officers as it deems appropriate. However, the chairperson may not be the representative of the correctional industries division of the state department of corrections nor any representative from a state executive branch agency.

Members of the board shall serve terms of three years each on a staggered schedule to be established by the first board. For purposes of initiating a staggered schedule of terms, some members of the first board may initially serve two years and some members may initially serve four years.

The members of the board shall serve without compensation but may be reimbursed for travel expenses from funds acquired under this chapter.

NEW SECTION. Sec. 9. A city or a county that implements a jail industries program may establish a separate fund for the operation of the program. This fund shall be a special revenue fund with continuing authority to receive income and pay expenses associated with the jail industries program.

NEW SECTION. Sec. 10. Cities and counties participating in jail industries are authorized to provide for comprehensive work programs using jail inmate workers at worksites within jail facilities or at such places within the city or county as may be directed by the legislative authority of the city or county, as similarly provided under RCW 36.28.100.

NEW SECTION. Sec. 11. When an offender is employed in a jail industries program for which pay is allowed, deductions may be made from these earnings for court-ordered legal financial obligations as directed by the court in reasonable amounts that do not unduly discourage the incentive to work. These deductions shall be disbursed as directed in RCW 9.94A.145.

In addition, inmates working in jail industries programs shall contribute toward costs to develop, implement, and operate jail industries programs. This amount shall be a reasonable amount that does not unduly discourage the incentive to work. The amount so deducted shall be deposited in the jail industries special revenue fund.

Upon request of the offender, family support may also be deducted and disbursed to a designated family member.

NEW SECTION. Sec. 12. A jail inmate who works in a free venture industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW. However, eligibility for benefits for either the inmate or the inmate's dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is employed in a nonfree venture industry.

NEW SECTION. Sec. 13. In the event of failure or discontinuance of a free venture industry agreement, responsibility for obligations under Title 51 RCW shall be borne by the city or county responsible for establishment of such free venture industry, as if the city or county had been the employing agency.

NEW SECTION. Sec. 14. To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards a certificate of educational competence following successful completion of the general educational development test, vocational and preemployment work maturity skills training, and apprenticeship classes.

NEW SECTION. Sec. 15. Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections.

NEW SECTION. Sec. 16. Sections 1 through 15 of this act shall constitute a new chapter in Title 36 RCW.

Absolute freedom of conscience in all matters of religious sentiment, belief and worship, shall be guaranteed to every individual, and no one shall be molested or disturbed in person or property on account of religion; but the liberty of conscience hereby secured shall not be so construed as to excuse acts of licentiousness or justify practices inconsistent with the peace and safety of the state. Senator Pelz: "Why is that not in conflict with the separation of church and state provisions of the Constitution?"

Senator Franklin: "This is being allowed now, Senator Pelz, in our penal institutions and, also, in our mental institutions. I do not see a conflict at all, because the chaplains are not fostering any particular religion. They are serving as advisors."

President Pritchard: "Paid from--yes, I guess that is right."

Senator Prentice: "So, then we've been violating the principle of church and--"

President Pritchard: "Not in my view, no."

Senator Prentice: "Well, that would be consistent, then, isn't that correct? That argument would be consistent.

Therefore, I believe that in order to remain consistent--and there would be the same kind of separation. In fact, I would say that in a hospital or in a health care institution, perhaps, the ministering would be much more close than what we are receiving here at a one-shot deal. I would urge support of Senator Franklin. Thank you."

MOTIONS

On motion of Senator Adam Smith, the following Committee on Law and Justice amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Beneficiary form" means a registration of a security that indicates the present owner of the security and the intention of the owner regarding the person who will become the owner of the security upon the death of the owner, referred to as a "beneficiary."

(2) "Devisee" means any person designated in a will to receive a disposition of real or personal property.

(3) "Heirs" means those persons, including the surviving spouse, who are entitled under the statutes of intestate succession to the property of a decedent.

(4) "Person" means an individual, a corporation, an organization, or other legal entity.

(5) "Personal representative" includes executor, administrator, successor personal representative, special administrator, and persons who perform substantially the same function under the law governing their status.

(6) "Property" includes both real and personal property or any interest therein and means anything that may be the subject of ownership.

(7) "Register," including its derivatives, means to issue a certificate showing the ownership of a certificated security or, in the case of an uncertificated security, to initiate or transfer an account showing ownership of securities.

(8) "Registering entity" means a person who originates or transfers a security title by registration, and includes a broker maintaining security accounts for customers and a transfer agent or other person acting for or as an issuer of securities.

(9) "Security" means a share, participation, or other interest in property, in a business, or in an obligation of an enterprise or other issuer, and includes a certificated security, an uncertificated security, and a security account.

(10) "Security account" means (a) a reinvestment account associated with a security; a securities account with a broker; a cash balance in a brokerage account; or cash, interest, earnings, or dividends earned or declared on a security in an account, a reinvestment account, or a brokerage account, whether or not credited to the account before the owner's death; or (b) a cash balance or other property held for or due to the owner of a security as a replacement for or product of an account security, whether or not credited to the account before the owner's death.

(11) "State" includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession subject to the legislative authority of the United States.

NEW SECTION. Sec. 2. Only individuals whose registration of a security shows sole ownership by one individual or multiple ownership by two or more with right of survivorship, rather than as tenants in common, may obtain registration in beneficiary form. Multiple owners of a security registered in beneficiary form shall hold the security as joint tenants with right of survivorship either as separate property or as community property, and not as tenants in common.

NEW SECTION. Sec. 3. A registering entity may register a security in beneficiary form if the form is authorized by this chapter or a substantially identical statute of another state if the state is: (1) The state of organization of the issuer or registering entity, (2) the location of the registering entity's principal office, (3) the location of the office of its transfer agent or its office making the registration, or (4) the location of the owner's listed address at the time of registration. A registration governed by the law of a jurisdiction in which this or substantially identical legislation is not in force or was not in force when a registration in beneficiary form was made is nevertheless presumed to be valid and authorized as a matter of contract law.

NEW SECTION. Sec. 4. A security, whether evidenced by certificate or account, is registered in beneficiary form when the registration includes a designation of a beneficiary to take the ownership at the death of a sole owner or at the death of the last to die of multiple owners.

NEW SECTION. Sec. 5. Registration in beneficiary form may be shown by the words "transfer on death" or the abbreviation "TOD," or by the words "pay on death" or the abbreviation "POD," after the name of the registered owner or owners and before the name of a beneficiary.

NEW SECTION. Sec. 6. The designation of a TOD or POD beneficiary on a registration in beneficiary form has no effect on ownership of the security until the owner's death, or on community property rights and obligations of owners. A registration of a security in beneficiary form may be canceled or changed at any time by the sole owner or all then surviving owners, without the consent of the beneficiary.

NEW SECTION. Sec. 7. On death of a sole owner or the last to die of all multiple owners, ownership of securities registered in beneficiary form passes to the beneficiary or beneficiaries who survive all owners. On proof of death of all owners and compliance with any applicable requirements of the registering entity, a security registered in beneficiary form may be reregistered in the name of the beneficiary or beneficiaries who survived the death of all owners. Until division of the security after the death of all owners, multiple beneficiaries surviving the death of all owners hold their interests as tenants in common. If no beneficiary survives the death of all owners, the security belongs to the estate of the deceased sole owner or the estate of the last to die of all multiple owners.

NEW SECTION. Sec. 8. (1) A registering entity is not required to offer or to accept a request for security registration in beneficiary form. If a registration in beneficiary form is offered by a registering entity, the owner requesting registration in beneficiary form assents to the protections given to the registering entity by this chapter.

(2) By accepting a request for registration of a security in beneficiary form, the registering entity agrees that the registration will be implemented on death of the deceased owner as provided in this chapter.

(3) A registering entity is discharged from all claims to a security by the estate, creditors, heirs, or devisees of a deceased owner if it registers a transfer of a security in accordance with section 7 of this act and does so in good faith reliance (a) on the registration, (b) on this chapter, and (c) on information provided to it by affidavit of the personal representative of the deceased owner, or by the surviving beneficiary or by the surviving beneficiary's representatives, or other information available to the registering entity. The protections of this chapter do not extend to a reregistration or payment made after a registering entity has received written notice from any claimant to any interest in the security objecting to implementation of a registration in beneficiary form. No other notice or other information available to the registering entity affects its right to protection under this chapter.

(4) The protection provided by this chapter to a registering entity does not affect the rights of beneficiaries in disputes between themselves and other claimants to ownership of the security transferred or its value or proceeds.

NEW SECTION. Sec. 9. (1) A transfer on death resulting from a registration in beneficiary form is effective by reason of the contract regarding the registration between the owner and the registering entity and this chapter and is not testamentary.

(2) This chapter does not limit the rights of creditors of security owners against beneficiaries and other transferees under other laws of this state.

NEW SECTION. Sec. 10. (1) A registering entity offering to accept registrations in beneficiary form may establish the terms and conditions under which it will receive requests (a) for registrations in beneficiary form, and (b) for implementation of registrations in beneficiary form, including requests for cancellation of previously registered TOD beneficiary designations and requests for reregistration to effect a change of beneficiary. The terms and conditions so established may provide for proving death, avoiding or resolving any problems concerning fractional shares, and designating beneficiaries. Other rules for providing proofs and assurances needed to satisfy reasonable concerns by registering entities regarding conditions and identities relevant to accurate implementation of registrations in beneficiary form may be contained in a registering entity's terms and conditions.

(2) The following are illustrations of registrations in beneficiary form that a registering entity may authorize:

(a) Sole owner-sole beneficiary: John S. Brown TOD (or POD) John S. Brown Jr.

(b) Multiple owners-sole beneficiary: John S. Brown Mary B. Brown JT TEN TOD John S. Brown Jr.

(c) Multiple owners-multiple beneficiaries: John S. Brown Mary B. Brown JT TEN TOD John S. Brown Jr. Peter Q. Brown.

NEW SECTION. Sec. 11. (1) This chapter shall be known as and may be cited as the uniform TOD security registration act.

(2) This chapter shall be liberally construed and applied to promote its underlying purposes and policy and to make uniform the laws with respect to the subject of this chapter among states enacting it.

(3) Unless displaced by the particular provisions of this chapter, the principles of law and equity supplement the provisions of this chapter.

NEW SECTION. Sec. 12. This chapter applies to registrations of securities in beneficiary form made before or after the effective date of this act, by decedents dying on or after the effective date of this act.

NEW SECTION. Sec. 13. Sections 1 through 12 of this act shall constitute a new chapter in Title 21 RCW."

Sec. 4. RCW 43.160.060 and 1990 1st ex.s. c 17 s 73 are each amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state and federally recognized Indian tribes for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the ~~((acquisition,))~~ construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or tribe.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to distressed rural areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision or tribe shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision or tribe seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 5. RCW 43.160.074 and 1985 c 433 s 5 are each amended to read as follows:

(1) An application to the board from a political subdivision or federally recognized Indian tribe may also include a request for improvements to an existing state highway or highways. The application is subject to all of the applicable criteria relative to qualifying types of development set forth in this chapter, as well as procedures and criteria established by the board.

(2) Before board consideration of an application from a political subdivision or federally recognized Indian tribe that includes a request for improvements to an existing state highway or highways, the application shall be forwarded by the board to the transportation commission.

(3) The board may not make its final determination on any application made under subsection (1) of this section before receiving approval, as submitted or amended or disapproval from the transportation commission as specified in RCW 47.01.280. Notwithstanding its disposition of the remainder of any such application, the board may not approve a request for improvements to an existing state highway or highways without the approval as submitted or amended of the transportation commission as specified in RCW 47.01.280.

(4) The board shall notify the transportation commission of its decision regarding any application made under this section.

Sec. 6. RCW 43.160.076 and 1991 c 314 s 24 are each amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for loans and grants in a biennium, the board shall spend at least fifty percent for grants and loans for projects in distressed counties or timber impact areas. For purposes of this section, the term "distressed counties" includes any county, in which the average level of unemployment for the three years before the year in which an application for a loan or grant is filed, exceeds the average state employment for those years by twenty percent.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in distressed counties or timber impact areas are clearly insufficient to use up the fifty percent allocation, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for loans and grants for projects not located in distressed counties or timber impact areas.

Sec. 7. RCW 43.160.077 and 1989 c 431 s 63 are each amended to read as follows:

(1) ~~((Before))~~ When the board ~~((consideration of))~~ receives an application from a political subdivision or federally recognized Indian tribe that includes a request for assistance in financing the cost of public facilities to encourage the development of a private facility to process recyclable materials, a copy of the application shall be ~~((forwarded))~~ sent by the board to the department of ecology.

~~((The department of ecology shall submit a recommendation on all applications related to processing recyclable materials to the board for their consideration.~~

~~((3) Upon receiving an application for assistance in financing the cost of public facilities to encourage the development of a private facility to process recyclable materials from the board, the department of ecology shall, within thirty days, determine whether or not the proposed assistance:~~

~~((a) Has a significant impact on the residential and commercial waste stream;~~

~~((b) Results in a product that has a ready market;~~

~~((c) Does not jeopardize any other planned market development projects; and~~

~~((d) Results in a product that would otherwise be purchased out-of-state.~~

~~((4) Upon completion of its determination of the factors contained in subsection (3) of this section and any other factors it deems pertinent, the department of ecology shall forward its recommended approval, as submitted or amended, or recommended disapproval of the proposed improvements to the board, along with any recommendation it may wish to make concerning the desirability and feasibility of the proposed market development. If the department of ecology recommends disapproval of any proposed project, it shall specify its reasons for recommending disapproval.~~

~~((5))~~ The board shall notify the department of ecology of its decision regarding any application made under this section.

POINT OF INQUIRY

Senator Nelson: "Senator Skratek, I think, perhaps it would be something that the body should know more about with respect to now allowing the CERB to extend loans to federally recognized Indian Tribes for assistance of financing of public facilities including development of land and improvements for public facilities. I am wondering to what extent--that is something beyond what would be given to cities and counties."

Senator Skratek: "Senator Nelson, I appreciate your asking this particular question. As CERB currently is richened, the money can only be provided to political subdivisions of the state. As we all know, Indian Tribes are not political subdivisions of the state, of themselves, government or sovereign nations, so the very language that is currently used within CERB would prohibit Indian Tribes from applying and being eligible for these particular opportunities. We have revised the bill in order to recognize the

fact that our federal government has, for a very long time, recognized that they are governments in and of themselves and not political subdivisions of the state and that is the primary reason for the change."

Senator Nelson: "Well, Senator Skratek, I guess I am going to specifically ask whether or not there would then be the opportunity to extend loans to the Tulalip Indian Tribes in Snohomish County for the proposed solid waste facility that they are intending to build along with the other types of utility activities that they are intending to get into."

Senator Skratek: "They would be eligible for the loans as would any political subdivision of the state. They would have to follow the criteria established within the program and if, indeed, they met those criteria, they would be able to obtain that particular opportunity as would any political subdivision of the state. This is simply recognizing the fact that they are not a political subdivision of the state, but are in and of themselves a sovereign nation."

Senator Nelson: "Well, I want to point out to the body that when you extend these types of loans to a federally recognized Indian Tribe, the one thing you lose in the process is the return of tax revenues. We have a situation here where we find, in many cases across the state of Washington, because of the sovereign nation status that the Indian Tribes, essentially, are now getting into businesses that are out of reach by our own Department of Revenue for the purposes of taxation."

"I am finding some difficulty in seeing the rationale behind our extending state tax dollar loans to the federally recognized tribes that, in turn, are going to compete with private business and the cities and counties providing the same types of public facilities. I'm not satisfied with the answer that I am getting here and this is something that Senator Vognild and I are very cognizant about in what the Tulalips are planning to do in providing a solid waste facility to treat the solid waste from a number of counties in the northwest region of our state in burning and, in effect, getting away with a lot of things that our cities and counties cannot do, but where the Indian Tribes are allowed to participate and not be under the jurisdiction of our own entities like the Puget Sound Air Pollution Control Board. I am still wondering how the committee arrived at what it is you have done here without taking into consideration any of the other down-side risks."

Senator Skratek: "With permission of the body, I yield to the person who brought the issue forward to the committee. Senator Williams."

REMARKS BY SENATOR WILLIAMS

Senator Williams: "Thank you, Mr. President. The purpose of adding the tribes to the recipient entities for CERB funds was that they, like other forms of government in the state of Washington, have the same problems of infrastructure of streets, sewers--all of those sorts of things. They are a significant portion of our population and particularly in the timber counties where there are infrastructure problems and so forth."

"You also have to remember that it is the CERB board that makes the judgment on where these funds go and what projects they go to, so it seemed very appropriate to allow these funds to help fund a variety of similar needs that tribes have, as do other entities of government in the state of Washington. That was the purpose of it."

POINT OF INQUIRY

Senator Anderson: "Senator Skratek, also coming out of your committee was there a bill that then authorized the CERB money--I think in timber dependent communities--to be used for buildings, as well as infrastructure?"

Senator Skratek: "I believe there was, Senator."

Senator Anderson: "Would that, then, allow in timber dependent communities, if there were federally recognized tribes there, would the money for them also, then, allow buildings besides just infrastructure?"

Senator Skratek: "Again, they would have to meet the criteria of the program, so I would have to--not knowing the details of what you are talking about, Senator--I would simply have to indicate that they would have to follow all the requirements and if, indeed, they meet them, they would be eligible for funding as would any political subdivision of the state."

Senator Anderson: "Let me follow this through--so the members of the body--and relate my concern here. In Whatcom County, in my area, there is a little town of Deming, which is incorporated, is classified as a timber dependent area. Also, within Deming is the Nooksack Indian Tribe which is currently building a gambling casino. My concern now is that with the tie of this CERB money being allowed for the tribes, would the other bill allowing buildings to be built with CERB money, that now in a strange twist, we could have CERB money building Indian gambling casinos? Until we follow through on that whole scenario, I would be very hesitate to pass this particular bill."

(c) Advertising a particular model, type, or kind of hearing aid for sale which purchasers or prospective purchasers responding to the advertisement cannot purchase or are dissuaded from purchasing and where it is established that the purpose of the advertisement is to obtain prospects for the sale of a different model, type, or kind than that advertised;

(d) Falsifying hearing test or evaluation results;

(e)(i) Whenever any of the following conditions are found or should have been found to exist either from observations by the licensee or on the basis of information furnished by the prospective hearing aid user prior to fitting and dispensing a hearing aid to any such prospective hearing aid user, failing to advise that prospective hearing aid user in writing that the user should first consult a licensed physician specializing in diseases of the ear or if no such licensed physician is available in the community then to any duly licensed physician:

No such referral for medical opinion need be made by any licensee in the instance of replacement only of a hearing aid which has been lost or damaged beyond repair within six months of the date of purchase. The licensee or the licensee's employees or putative agents shall obtain a signed statement from the hearing aid user documenting the waiver of medical clearance and the waiver shall inform the prospective user that signing the waiver is not in the user's best health interest: PROVIDED, That the licensee shall maintain a copy of either the physician's statement showing that the prospective hearing aid user has had a medical evaluation or the statement waiving medical evaluation, for a period of three years after the purchaser's receipt of a hearing aid. Nothing in this section required to be performed by a licensee shall mean that the licensee is engaged in the diagnosis of illness or the practice of medicine or any other activity prohibited under the laws of this state;

(ii) Fitting and dispensing a hearing aid to any person under eighteen years of age who has not been examined and cleared for hearing aid use within the previous six months by a physician specializing in otolaryngology except in the case of replacement instruments or except in the case of the parents or guardian of such person refusing, for good cause, to seek medical opinion: PROVIDED, That should the parents or guardian of such person refuse, for good cause, to seek medical opinion, the licensee shall obtain from such parents or guardian a certificate to that effect in a form as prescribed by the department;

(iii) Fitting and dispensing a hearing aid to any person under eighteen years of age who has not been examined by an audiologist who holds at least a master's degree in audiology for recommendations during the previous six months, without first advising such person or his or her parents or guardian in writing that he or she should first consult an audiologist who holds at least a master's degree in audiology, except in cases of hearing aids replaced within six months of their purchase;

(f) Representing that the services or advice of a person licensed to practice medicine and surgery under chapter 18.71 RCW or osteopathy and surgery under chapter 18.57 RCW or of a clinical audiologist will be used or made available in the selection, fitting, adjustment, maintenance, or repair of hearing aids when that is not true, or using the word "doctor," "clinic," or other like words, abbreviations, or symbols which tend to connote a medical or osteopathic profession when such use is not accurate;

(g) Permitting another to use his or her license;

(h) Stating or implying that the use of any hearing aid will restore normal hearing, preserve hearing, prevent or retard progression of a hearing impairment, or any other false, misleading, or medically or audiotically unsupportable claim regarding the efficiency of a hearing aid;

(i) Representing or implying that a hearing aid is or will be "custom-made," "made to order," "prescription made," or in any other sense specially fabricated for an individual when that is not the case; or

(j) Directly or indirectly offering, giving, permitting, or causing to be given, money or anything of value to any person who advised another in a professional capacity as an inducement to influence that person, or to have that person influence others to purchase or contract to purchase any product sold or offered for sale by the licensee, or to influence any person to refrain from dealing in the products of competitors.

(2) Engaging in any unfair or deceptive practice or unfair method of competition in trade within the meaning of RCW 19.86.020 ~~((as now or hereafter amended))~~.

(3) Aiding or abetting any violation of the rebating laws as stated in chapter 19.68 RCW.

(3) To require the periodic examination of the audiometric testing equipment and to carry out the periodic inspection of facilities of persons who deal in hearing aids, as reasonably required within the discretion of the department.

Sec. 6. RCW 18.35.150 and 1989 c 198 s 7 are each amended to read as follows:

Two members shall represent the public.))~~ Two members must be experienced in the fitting of hearing aids, must be licensed under this chapter, and shall have received at a minimum a masters level college degree in audiology.

(3) The term of office of a member is three years. No member shall be appointed to serve more than two consecutive terms. A member shall continue to serve until a successor has been appointed. The governor shall either reappoint the member or appoint a successor to assume the member's duties at the expiration of his or her predecessor's term. A vacancy in the office of a member shall be filled by appointment for the unexpired term.

(4) The ~~((chairman))~~ chair of the ~~((council))~~ board shall be elected from the membership of the ~~((council))~~ board at the beginning of each year. In event of a tie, the issue shall be brought to a second vote and the chair shall refrain from voting.

(5) The ((council)) board shall meet at least once each year, at a place, day and hour determined by the ((council)) board, unless otherwise directed by a majority of ((council)) board members. The ((council)) board shall also meet at such other times and places as are requested by the department or by three members of the ((council)) board.

(6) Members of the ((council)) board shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for their travel expenses in accordance with RCW 43.03.050 and 43.03.060.

Sec. 7. RCW 18.35.161 and 1987 c 150 s 23 are each amended to read as follows:

The ((council)) board shall have the following powers and duties:

- (1) To establish by rule such minimum standards and procedures in the fitting and dispensing of hearing aids as deemed appropriate and in the public interest;

- (3) To adopt any other rules ((or regulations)) necessary to implement this chapter and which are not inconsistent with it;
- (4) To develop, approve, and administer all licensing examinations required by this chapter; and
- (5) To require a licensee to make restitution to any individual injured by a violation of this chapter or chapter 18.130 RCW, the uniform disciplinary act. The authority to require restitution does not limit the ((council's)) board's authority to take other action deemed appropriate and provided for in this chapter or chapter 18.130 RCW.

Sec. 8. RCW 18.35.170 and 1973 1st ex.s. c 106 s 17 are each amended to read as follows:

A member of the ((council)) board on fitting and dispensing of hearing aids shall not be permitted to take the examination provided under this chapter unless he or she has first satisfied the department that adequate precautions have been taken to assure that he or she does not and will not have any knowledge, not available to the members of the public at large, as to the contents of the examination.

Sec. 9. RCW 18.35.185 and 1989 c 198 s 12 are each amended to read as follows:

(1) In addition to any other rights and remedies a purchaser may have, the purchaser of a hearing aid shall have the right to rescind the transaction for other than the ((seller's)) licensee's breach if:

(a) The purchaser, for reasonable cause, returns the hearing aid or holds it at the ((seller's)) licensee's disposal, if the hearing aid is in its original condition less normal wear and tear. "Reasonable cause" shall be defined by the ((council)) board but shall not include a mere change of mind on the part of the purchaser or a change of mind related to cosmetic concerns of the purchaser about wearing a hearing aid; and

(b) The purchaser sends notice of the cancellation ((to the licensee at the licensee's place of business)) by certified mail, return receipt requested, to the establishment employing the licensee at the time the hearing aid was originally purchased, and the notice is posted not later than thirty days following the date of delivery, but the purchaser and the ((seller)) licensee may extend the deadline for posting of the notice of rescission by mutual, written agreement. In the event the hearing aid is in the possession of the ((seller)) licensee or the ((seller's)) licensee's representative during the thirty days following the date of delivery, the deadline for posting the notice of rescission shall be extended by an equal number of days that the aid is in the possession of the ((seller)) licensee or the ((seller's)) licensee's representative. Where the hearing aid is returned to the ((seller)) licensee for any inspection for modification or repair, and the ((seller)) licensee has notified the purchaser that the hearing aid is available for redelivery, and where the purchaser has not responded by either taking possession of the hearing aid or instructing the ((seller)) licensee to forward it to the purchaser, then the deadline for giving notice of the rescission shall begin seven working days after this notice.

(2) If the transaction is rescinded under this section or as otherwise provided by law and the hearing aid is returned to the licensee, the licensee shall refund to the purchaser any payments or deposits for that hearing aid. However, the licensee may retain, for each hearing aid, fifteen percent of the total purchase price or one hundred dollars, whichever is less. The licensee shall also return any goods traded in contemplation of the sale, less any costs incurred by the licensee in making those goods ready for resale. The refund shall be made within ten days after the rescission. The buyer shall incur no additional liability for such rescission.

(3) For the purposes of this section, the purchaser shall have recourse against the bond held by the establishment entering into a purchase agreement with the buyer, as provided by RCW 18.35.240.

Sec. 10. RCW 18.35.220 and 1987 c 150 s 25 are each amended to read as follows:

(1) If the ((council)) board determines following notice and hearing, or following notice if no hearing was timely requested, that a person has:

(a) Violated any provisions of this chapter or chapter 18.130 RCW; or

(b) Violated any lawful order, or rule of the ((council)) board

an order may be issued by the ((council)) board requiring the person to cease and desist from the unlawful practice. The ((council)) board shall then take affirmative action as is necessary to carry out the purposes of this chapter.

(2) If the ((council)) board makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, a temporary cease and desist order may be issued. Prior to issuing a temporary cease and desist order, the ((council)) board, whenever possible, shall give notice by telephone or otherwise of the proposal to issue a temporary cease and desist order to the person to whom the order would be directed. Every temporary cease and desist order shall include in its terms a provision that upon request a hearing will be held to determine whether the order becomes permanent.

(3) The department, with or without prior administrative proceedings, may bring an action in the superior court to enjoin the acts or practices and to enforce compliance with this chapter, or rule or order under this chapter. Upon proper showing, injunctive relief or temporary restraining orders shall be granted and a receiver or conservator may be appointed. The department shall not be required to post a bond in any court proceedings.

Sec. 11. RCW 18.35.240 and 1991 c 3 s 85 are each amended to read as follows:

(1) Every establishment engaged in the fitting and dispensing of hearing aids shall file with the department a surety bond in the sum of ten thousand dollars, running to the state of Washington, for the benefit of any person injured or damaged as a result of any violation by the establishment's employees or agents of any of the provisions of this chapter or rules adopted by the secretary.

(2) In lieu of the surety bond required by this section, the establishment may file with the department a cash deposit or other negotiable security acceptable to the department. All obligations and remedies relating to surety bonds shall apply to deposits and security filed in lieu of surety bonds.

(3) If a cash deposit is filed, the department shall deposit the funds with the state treasurer. The cash or other negotiable security deposited with the department shall be returned to the depositor one year after the establishment has discontinued the fitting and dispensing of hearing aids if no legal action has been instituted against the establishment, its agents or employees, or the cash deposit or other security. The establishment owners shall notify the department if the establishment is sold or has discontinued the fitting and dispensing of hearing aids in order that the cash deposit or other security may be released at the end of one year from that date.

(4) A surety may file with the department notice of withdrawal of the bond of the establishment. Upon filing a new bond, or upon the expiration of sixty days after the filing of notice of withdrawal by the surety, the liability of the former surety for all future acts of the establishment terminates.

(5) Upon the filing with the department notice by a surety of withdrawal of the surety on the bond of an establishment or upon the cancellation by the department of the bond of a surety under this section, the department shall immediately give notice to the establishment by certified or registered mail with return receipt requested addressed to the establishment's last place of business as filed with the department.

(6) The department shall immediately cancel the bond given by a surety company upon being advised that the surety company's license to transact business in this state has been revoked.

(7) Each invoice for the purchase of a hearing aid provided to a customer must clearly display on the first page the bond number of the establishment or the licensee selling the hearing aid.

NEW SECTION. Sec. 12. A new section is added to chapter 18.35 RCW to read as follows:

(1) A person licensed under this chapter and not actively fitting and dispensing hearing aids may be placed on inactive status by the department at the written request of the licensee. The board shall define by rule the conditions for inactive status licensure. In addition to the requirements of RCW 43.24.086, the licensing fee for a licensee on inactive status shall be directly related to the costs of administering an inactive license by the department. A person on inactive status may be voluntarily placed on active status by notifying the department in writing, paying the remainder of the licensing fee for the licensing year, and complying with subsection (2) of this section.

(2) Inactive licensees applying for active licensure shall comply with the following: A licensee who has not fitted or dispensed hearing aids for more than five years from the expiration of the licensee's full fee license shall retake the practical examinations required under this chapter and shall have completed continuing education requirements within the previous twelve-month period. Persons who have been on inactive status from two to five years must have within the previous twelve months completed continuing education requirements. Persons who have been on inactive status for one year or less shall upon application be reinstated as active licensees. Persons who have inactive status in this state but who are actively licensed and in good standing in any other state shall not be required to meet continuing education requirements or to take the practical examinations, but must submit an affidavit attesting to their knowledge of the current Washington Administrative Code rules and Revised Code of Washington statutes pertaining to the fitting and dispensing of hearing aids."

Johnson, Grant, Schoesler, Lisk, Fuhrman, Morris, Morton, Brough, Sheahan, Finkbeiner, Quall, Miller and Anderson)

Modifying the regulation of "alternative livestock."

The bill was read the second time.

MOTION

Senator Rasmussen moved that the following Committee on Agriculture amendment not be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that the husbandry of alternative livestock as a farming operation may provide a consistent source of healthful food, offers opportunities for new jobs and increased farm income stability, and improves the balance of trade.

The legislature intends to establish a process to identify vertebrate animal species that may be commercially raised in the state of Washington.

The legislature finds that many areas of the state of Washington may be suitable for alternative livestock farms, and therefore the legislature encourages the promotion of alternative livestock farming activities, programs, and development with the same status as other agricultural activities, programs, and development within the state.

The legislature finds that alternative livestock farming should be considered a branch of the agricultural industry of the state for purposes of laws that apply to or provide for the advancement, benefit, or protection of the agriculture industry within the state. The legislature further finds, however, that alternative livestock farming may pose threats to the state's wildlife, and therefore requires effective regulation to minimize these threats.

It is therefore the policy of this state to encourage the development and expansion of alternative livestock farming within the state. It is also the policy of this state to protect wildlife and existing traditional livestock industries by providing for effective regulation of alternative livestock farming including but not limited to a disease inspection and control program for alternative livestock farming operations.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative livestock" means those species designated under the provisions of section 10 of this act so long as they are: Confined by humans; raised or used in farm or ranch operations in the private sector; and produced on the farm or ranch or legally acquired for the farm or ranch. "Alternative livestock" shall not include: Resident wildlife species that currently exist in a wild state in the state of Washington; domestic dogs (*canis familiaris*) or domestic cats (*felis domestica*); private sector aquatic products as defined in and regulated under chapter 15.85 RCW; animals raised for release into the wild; animals raised for the purpose of hunting that takes place in this state; or fur farming and game farming as currently allowed and regulated by chapters 16.72 and 77.32 RCW.

(2) "Alternative livestock farm or ranch" means the farm or ranch upon which alternative livestock are reared and shall not include publicly and privately owned facilities for which a license or permit is required under RCW 77.12.570 or 77.32.010.

(3) "Alternative livestock products" means the agricultural products of alternative livestock including, but not limited to, meat and meat products, velvet, antlers, horns, leather, hides, feathers, eggs, gametes, and genetic materials. "Alternative livestock products" does not include a product that is required to be identified under section 5 of this act and is not identified as required.

(4) "Department" means the department of agriculture.

(5) "Traditional livestock" means horses, mules, cattle, sheep, swine, goats, poultry, and rabbits, and other species designated jointly by the director of agriculture and director of wildlife pursuant to section 10 of this act.

NEW SECTION. Sec. 3. The department is the principal state agency for providing state marketing support services for the alternative livestock industry. The department shall exercise its authorities, including those provided by chapters 15.64, 15.65, 15.66, and 43.23 RCW, to develop a program for assisting the alternative livestock industry to market and promote the use of its products. The department shall consult the alternative livestock council in developing the program.

NEW SECTION. Sec. 4. It is unlawful to hunt or allow others to hunt for a fee, any alternative livestock reared on or derived from an alternative livestock farm.

NEW SECTION. Sec. 5. The director of agriculture shall, in consultation with the director of wildlife and the alternative livestock council, establish methods of identification requirements, such as tattoos, branding, or ear tags, for alternative livestock and alternative livestock products to the extent that identifying the livestock or the source or quantity of the products is necessary to permit the department of wildlife to effectively administer and enforce Title 77 RCW. The director shall also consult with the director of the department of wildlife to ensure that such rules enable the department of wildlife to enforce the programs administered under that title.

NEW SECTION. Sec. 6. The department of agriculture shall, in consultation with the department of wildlife and other interests, develop a program of disease inspection and control for alternative livestock. The purpose of the program is to protect the traditional and alternative livestock industries from the loss of animals or productivity to disease and to protect wildlife in this state.

The department of agriculture shall adopt new or amend existing rules in conformance with chapter 34.05 RCW. The department of agriculture shall administer a program of disease inspection and control for alternative livestock. As used in this section "disease" means, in addition to its ordinary meaning, infestations of parasites or pests.

NEW SECTION. Sec. 7. The owner of a farm or ranch for alternative livestock shall register the farm or ranch annually with the department of agriculture. The director shall develop and maintain a registration list of all alternative livestock farms and ranches. Registered alternative livestock farms and ranches shall provide the department production statistical data. The director of agriculture and the director of wildlife shall, in consultation with the alternative livestock council, establish by rule reasonable annual registration fees sufficient to cover the costs of development of rules and the administration of this chapter and the rules adopted under this chapter. Fees may differ between species based upon factors including but not limited to economic value, degree of services required, and complexity of regulations. Fees collected under this section shall be deposited in the alternative livestock farm account within the agricultural local fund established in RCW 43.23.230 and the wildlife fund established in RCW 77.12.170 and shall be used solely to carry out the provisions of this chapter.

NEW SECTION. Sec. 8. The director of agriculture and the director of wildlife shall study the needs for assuring adequate fences or other methods of enclosure for various species of alternative livestock. The directors shall jointly adopt rules establishing enclosure standards for one or more types of alternative livestock as deemed necessary to assure adequate protection to traditional livestock, wildlife, and alternative livestock.

If an animal is not enclosed as required for the animal in rules adopted under this section or if it is found by a state wildlife or agricultural official or local law enforcement officer outside an area of an enclosure that is required for it in rules adopted under this section, the animal so unenclosed or so found is hereby declared to be a public nuisance. An owner of alternative livestock may request assistance from the department of agriculture, department of wildlife, or local law enforcement office in recapturing escaped alternative livestock and may be billed for the cost of services rendered.

Alternative livestock that escape a required enclosure and are recaptured may be impounded at a suitable facility at the owner's expense. Animals may not be returned to the owner's premises until sufficient repairs or improvement are made to assure that release will not reoccur. The owner of the animal is liable for damages that are shown to be caused by the animal during the time of the escape.

NEW SECTION. Sec. 9. Growers of nontraditional animals shall register within one hundred eighty days of the effective date of this act. The registration grants no future right or change to the legal status until the department of wildlife and the department of agriculture jointly take some action. This registration will not in any way be construed to initiate the petition or designation process established in section 10 of this act.

NEW SECTION. Sec. 10. (1) A vertebrate animal identification process is hereby established. The purpose of the process is to provide a method by which animals are classified as alternative or traditional livestock.

(2) Species that are designated as traditional livestock shall be regulated by the department of agriculture. Species in addition to those specified in section 2(5) of this act may be designated as traditional livestock by joint rule adopted by the department of wildlife and the department of agriculture.

(3) A species may be petitioned for regulation by the director of wildlife, the director of agriculture, or any person registering under section 9 of this act by filing with either department a completed written petition requesting the joint regulation of a species under this chapter.

(4) The two directors may decide if and how a species is to be regulated through jointly adopted rules. Each determination shall be in writing and shall be published in the Washington State Register.

(5) If the two directors do not reach agreement as to whether and how a species should be regulated under this chapter, a scientific review board shall be convened in accordance with section 11 of this act and shall make a written recommendation to the directors as to the status of the species in question. Should the directors fail to agree within thirty days after receipt of such recommendation, the determination shall be made by the governor.

(6) Resident wildlife shall be regulated by the department of wildlife and may not be classified under this chapter as alternative livestock except as provided in section 12 of this act.

(7)(a) Any species that is not present in the state as of the effective date of this act, may be petitioned for possible regulation by any person and such petition acted upon under this section prior to entry for allowance or prohibition as alternative livestock.

(b) The legal status of a species that on the effective date of this act is present in the state and registered in accordance with section 9 of this act does not change until the directors make a determination as to its status.

NEW SECTION. Sec. 11. (1) A scientific review board, convened pursuant to section 10 of this act shall consist of three members. One member shall be appointed by the director of the department of wildlife, one member shall be appointed by the director of the department of agriculture, and one member shall be appointed jointly by these two members. The members that are appointed by the two departments must have qualifications that are appropriate to their responsibilities under this chapter. All three members must be residents of the state of Washington prior to appointment.

(2) The board may take testimony and seek other expert advice.

(3) All meetings of the board shall be public.

(4) The board may hold public hearings and take public testimony before making a written recommendation concerning whether a species is prohibited or allowed under section 10 of this act.

(5) All recommendations concerning whether a species is to be regulated under this chapter shall be written and shall include findings of fact. Recommendations shall be published in the Washington State Register.

(6) The board shall attend all public hearings held on the adoption of proposed rules under this chapter, review existing agency rules that pertain to the issues addressed by this chapter, review the rules proposed under this chapter, and provide comments and recommendations to the departments regarding the need, adequacy, and workability of the proposed rules.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature declares that the husbandry of alternative livestock as a farming operation may provide a consistent source of healthful food, offers opportunities for new jobs and increased farm income stability, and improves the balance of trade.

The legislature intends to establish a process to identify vertebrate animal species that may be commercially raised in the state of Washington.

The legislature finds that many areas of the state of Washington may be suitable for alternative livestock farms, and therefore the legislature encourages the promotion of alternative livestock farming activities, programs, and development with the same status as other agricultural activities, programs, and development within the state.

The legislature finds that alternative livestock farming should be considered a branch of the agricultural industry of the state for purposes of laws that apply to or provide for the advancement, benefit, or protection of the agriculture industry within the state. The legislature further finds, however, that alternative livestock farming may pose threats to the state's wildlife, and therefore requires effective regulation to minimize these threats.

It is therefore the policy of this state to encourage the development and expansion of alternative livestock farming within the state. It is also the policy of this state to protect wildlife and existing traditional livestock industries by providing for effective regulation of alternative livestock farming including but not limited to a disease inspection and control program for alternative livestock farming operations.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative livestock" means those species designated under the provisions of section 10 of this act so long as they are: Confined by humans; raised or used in farm or ranch operations in the private sector; and produced on the farm or ranch or legally acquired for the farm or ranch. "Alternative livestock" shall not include: Resident wildlife species that currently exist in a wild state in the state of Washington; domestic dogs (*canis familiaris*) or domestic cats (*felis domestica*); private sector aquatic products as defined in and regulated under chapter 15.85 RCW; animals raised for release into the wild; animals raised for the purpose of hunting that takes place in this state; or fur farming and game farming as currently allowed and regulated by chapters 16.72 and 77.32 RCW.

(2) "Alternative livestock farm or ranch" means the farm or ranch upon which alternative livestock are reared and shall not include publicly and privately owned facilities for which a license or permit is required under RCW 77.12.570 or 77.32.010.

(3) "Alternative livestock products" means the agricultural products of alternative livestock including, but not limited to, meat and meat products, velvet, antlers, horns, leather, hides, feathers, eggs, gametes, and genetic materials. "Alternative livestock products" does not include a product that is required to be identified under section 5 of this act and is not identified as required.

(4) "Department" means the department of agriculture.

(5) "Traditional livestock" means horses, mules, cattle, sheep, swine, goats, poultry, and rabbits regulated by the department of agriculture. Other species may be designated jointly by the director of agriculture and director of wildlife pursuant to section 10 of this act.

NEW SECTION. Sec. 3. The department is the principal state agency for providing state marketing support services for the alternative livestock industry. The department shall exercise its authorities, including those provided by chapters 15.64, 15.65, 15.66, and 43.23 RCW, to develop a program for assisting the alternative livestock industry to market and promote the use of its products. The department shall consult the alternative livestock council in developing the program.

NEW SECTION. Sec. 4. It is unlawful to hunt or allow others to hunt for a fee, any alternative livestock reared on or derived from an alternative livestock farm.

NEW SECTION. Sec. 5. The director of agriculture shall, in consultation with the director of wildlife and the alternative livestock council, establish methods of identification requirements, such as tattoos, branding, or ear tags, for alternative livestock and alternative livestock products to the extent that identifying the livestock or the source or quantity of the products is necessary to permit the department of wildlife to effectively administer and enforce Title 77 RCW. The director shall also consult with the director of the department of wildlife to ensure that such rules enable the department of wildlife to enforce the programs administered under that title.

NEW SECTION. Sec. 6. The department of agriculture shall, in consultation with the department of wildlife and other interests, develop a program of disease inspection and control for alternative livestock. The purpose of the program is to protect the traditional and alternative livestock industries from the loss of animals or productivity to disease and to protect wildlife in this state.

The department of agriculture shall adopt new or amend existing rules in conformance with chapter 34.05 RCW. The department of agriculture shall administer a program of disease inspection and control for alternative livestock. As used in this section "disease" means, in addition to its ordinary meaning, infestations of parasites or pests.

NEW SECTION. Sec. 7. The owner of a farm or ranch for alternative livestock shall register the farm or ranch annually with the department of agriculture. The director shall develop and maintain a registration list of all alternative livestock farms and ranches. Registered alternative livestock farms and ranches shall provide the department production statistical data. The director of agriculture and the director of wildlife shall, in consultation with the alternative livestock council, establish by rule reasonable annual registration fees sufficient to cover the costs of development of rules and the administration of this chapter and the rules adopted under this chapter. Fees may differ between species based upon factors including but not limited to economic value, degree of services required, and complexity of regulations. Fees collected under this section shall be deposited in the alternative livestock farm account within the agricultural local fund established in RCW 43.23.230 and the wildlife fund established in RCW 77.12.170 and shall be used solely to carry out the provisions of this chapter.

NEW SECTION. Sec. 8. The director of agriculture and the director of wildlife shall study the needs for assuring adequate fences or other methods of enclosure for various species of alternative livestock. The directors shall jointly adopt rules establishing enclosure standards for one or more types of alternative livestock as deemed necessary to assure adequate protection to traditional livestock, wildlife, and alternative livestock.

If an animal is not enclosed as required for the animal in rules adopted under this section or if it is found by a state wildlife or agricultural official or local law enforcement officer outside an area of an enclosure that is required for it in rules adopted under this section, the animal so unenclosed or so found is hereby declared to be a public nuisance. An owner of alternative livestock may request assistance from the department of agriculture, department of wildlife, or local law enforcement office in recapturing escaped alternative livestock and may be billed for the cost of services rendered.

Alternative livestock that escape a required enclosure and are recaptured may be impounded at a suitable facility at the owner's expense. Animals may not be returned to the owner's premises until sufficient repairs or improvement are made to assure that release will not reoccur. The owner of the animal is liable for damages that are shown to be caused by the animal during the time of the escape.

NEW SECTION. Sec. 9. Commercial growers of nontraditional animals shall register with the department of agriculture within one hundred eighty days of the effective date of this act. This registration will not in any way be construed to initiate the petition for designation process established in section 10 of this act. The legal status of a species that on the effective date of this act is present in the state and registered in accordance with this section does not change unless the directors jointly adopt rules about the registered species.

NEW SECTION. Sec. 10. (1) A vertebrate animal identification process is hereby established. The purpose of the process is to provide a method by which animals are classified as alternative or traditional livestock.

(2) Species that are designated as traditional livestock shall be regulated by the department of agriculture. Species in addition to those specified in section 2(5) of this act may be designated as traditional livestock by joint rule adopted by the department of wildlife and the department of agriculture.

(3) A species may be petitioned for regulation by the director of wildlife, the director of agriculture, or any person registering under section 9 of this act by filing with either department a completed written petition requesting the joint regulation of a species under this chapter.

(4) The two directors may decide if and how a species is to be regulated through jointly adopted rules. Each determination shall be in writing and shall be published in the Washington State Register.

(5) If the two directors do not reach agreement as to whether and how a species should be regulated under this chapter, a scientific review board shall be convened in accordance with section 11 of this act and shall make a written recommendation to the directors as to the status of the species in question. Should the directors fail to agree within thirty days after receipt of such recommendation, the determination shall be made by the governor.

(6) Resident wildlife shall be regulated by the department of wildlife and may not be classified under this chapter as alternative livestock except as provided in section 12 of this act.

(7)(a) Any species that is not present in the state as of the effective date of this act, may be petitioned by any person for possible regulation and such petition acted upon under this section prior to entry for allowance or prohibition as alternative livestock.

(b) The legal status of a species that on the effective date of this act is present in the state and registered in accordance with section 9 of this act does not change unless the directors jointly adopt rules about the registered species.

NEW SECTION. Sec. 11. (1) A scientific review board, convened pursuant to section 10 of this act shall consist of three members. One member shall be appointed by the director of the department of wildlife, one member shall be appointed by the

director of the department of agriculture, and one member shall be appointed jointly by these two members. The members that are appointed by the two departments must have qualifications that are appropriate to their responsibilities under this chapter. All three members must be residents of the state of Washington prior to appointment.

(2) The board may take testimony and seek other expert advice.

(3) All meetings of the board shall be public.

(4) The board may hold public hearings and take public testimony before making a written recommendation concerning whether a species is prohibited or allowed under section 10 of this act.

(5) All recommendations concerning whether a species is to be regulated under this chapter shall be written and shall include findings of fact. Recommendations shall be published in the Washington State Register.

(6) The board shall attend all public hearings held on the adoption of proposed rules under this chapter, review existing agency rules that pertain to the issues addressed by this chapter, review the rules proposed under this chapter, and provide comments and recommendations to the departments regarding the need, adequacy, and workability of the proposed rules.

NEW SECTION. Sec. 12. Wildlife species that exist in a wild state in the state of Washington are not alternative livestock and may not be farmed except as provided in this section. By joint rule, which shall include methods that will ensure genetic integrity, the directors of the department of agriculture and the department of wildlife may allow rocky mountain elk (*cervus elaphus nelsoni*) to be farmed in the same status and under the same regulatory provisions as alternative livestock. The directors shall, within ninety days of the adoption of the rule, jointly prepare a report on the rule adopted under this section, which shall include specific detail on the methods used to determine genetic integrity of farmed rocky mountain elk (*cervus elaphus nelsoni*). Within two years of the adoption of the rule, the directors shall jointly prepare a report on the status of operations conducted under the provisions of the rule. The reports shall be transmitted to the chairs of the house of representatives committees on agriculture and rural development and fisheries and wildlife and the senate committees on agriculture and natural resources.

NEW SECTION. Sec. 13. (1) If rule making under this chapter restricts the economic utilization of a species being raised for commercial purposes in the state, then the provisions of chapter 19.85 RCW shall apply and a small business economic impact statement shall be prepared. Such activity shall be considered as an industry for the purpose of RCW 19.85.020.

(2) The department of agriculture and the department of wildlife, in consultation with the attorney general, shall develop a report containing findings and recommendations regarding the establishment of an indemnification policy. Such report shall be delivered by December 15, 1993, to the secretary of the senate and the speaker of the house of representatives.

The directors shall develop criteria upon which to make evaluations as to whether and how petitioned species will be regulated.

The department of agriculture and the department of wildlife may adopt rules in accordance with chapter 34.05 RCW to carry out the provisions of this chapter.

NEW SECTION. Sec. 16. The alternative livestock council is created. The council shall consist of seven persons. Four members of the council shall be appointed by the director of agriculture to three-year terms. Three members of the council shall be appointed by the director of the department of wildlife to three-year terms. The directors may shorten the initial term for a position on the council to stagger the expiration of terms on the council. Vacancies on the council shall be filled by each director by appointment. MOTION

On motion of Senator Adam Smith, the rules were suspended, Engrossed Substitute House Bill No. 1059, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Roach: "Senator Smith, two questions actually, one is who pays for the lock boxes and will the Legislature be reimbursing local governments for that expense? The second question is this, will judges be able to have a weapon to protect themselves? My question comes, because I realize in some states, for instance California, some judges sit over trap doors and others sit behind bullet-proof shields. I am wondering if we would be denying the right to keep and bear arms to license judges or court employees? Is that what this bill would do? Those two questions, please."

Senator Adam Smith: "Trying to keep up with the two part question, as I understand the first part of the question, yes, the local authority would be responsible for paying for the lock boxes. The local authorities we talked to were anxious to do that and considered that to be a fair compromise that they should have to pay that. In response to the second part of the question, yes, this does eliminate the exemptions that were previously in the bill, which would have been for judges, attorneys, and several other people, but it does eliminate the right of a judge to have a gun in his chambers and in the courtroom."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 1059, as amended by the Senate.

POINT OF INQUIRY

Senator McCaslin: "Senator Bauer, it is a real tragedy that the young lady lost sight of her eye, but I wonder if it was a party or just a gathering of friends or what it was?"

Senator Bauer: "I really can't answer that actually, Senator McCaslin."

Senator McCaslin: "The point I'm leading to is what caused the accident is throwing things out of windows. I would assume that universities and colleges have some rule against throwing bottles and so forth out the window and that is what caused the accident. I guess that is what we should be looking at, rather than committee meetings or other meetings in frats and sororities."

Senator Bauer: "Since some of these frats and sororities are off the campus and really not integrally part of the institution, it has been rather difficult, but I think this bill will help give those institutions a little more opportunity to have an influence over this."

Senator McCaslin: "Well, I appreciate your response, but hopefully whether they are on campus or off, I'm sure cities and counties have regulations about tossing things out windows. That is basically the problem; it has nothing to do with intercollegiate athletics or frats. Thanks, Al."

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1082, as amended by the Senate.

Such disclosure may be made without regard to whether the suspected offender is an adult or a juvenile, whether charges have or have not been filed, or a prosecuting authority has declined to file a charge or a charge has been dismissed.

(2) Unless the agency determines release would interfere with an ongoing criminal investigation, in any action brought pursuant to this chapter, criminal justice agencies shall disclose identifying information, including photographs of suspects, if the acts are alleged by the plaintiff or victim to be a violation of section 3 of this act.

(3) The disclosure by a criminal justice agency of investigative information pursuant to subsection (1) of this section shall not establish a duty to disclose any additional information concerning the same incident or make any subsequent disclosure of investigative information, except to the extent an additional disclosure is compelled by legal process.

When fixing rates and charges, the district may consider the degree to which activities on a parcel of real property, including on-site septic systems, contribute to the problems that the special district is authorized to address under RCW 85.38.180(3).

(1) By January 1, 1994, each county or city with a staffed transfer station or landfill in its jurisdiction shall adopt an ordinance to reduce litter from vehicles. The ordinance shall require the operator of a vehicle transporting solid waste to a staffed transfer station or landfill to secure or cover the vehicle's waste in a manner that will prevent spillage. The ordinance may provide exemptions for vehicle operators transporting waste that is unlikely to spill from a vehicle.

The ordinance may, in the absence of an exemption, require a fee, in addition to other landfill charges, for a person arriving at a staffed landfill or transfer station without a cover on the vehicle's waste or without the waste secured.

(2) The fee collected under subsection (1) of this section shall be deposited, no less often than quarterly, with the city or county in which the landfill or transfer station is located.

The President declared the question before the Senate to be the adoption of the Committee on Ecology and Parks striking amendment, as amended, to Substitute House Bill No. 1100.

POINT OF INQUIRY

Senator Wojahn: "Senator Fraser, I notice that you are going to have a mandatory fee on trucks that aren't covered adequately and yet you preclude transporting gravel and dirt and things of that type with no cover. Now, my windshield of my car is covered with pits from gravel that has been dropped by the way side and it has been picked up and hits my windshield. I don't understand why you are not including them in the requirement to cover. Can you answer that question, because if you can't, I'm going to vote 'no' on this bill?"

Senator Fraser: "The answer to that question--we did discuss this very question in committee--because the concern you raise is very wide-spread, including with yours truly. That is covered under another statute that requires gravel loads to be no higher in a truck than a certain distance below the top of the truck level--where the material is being transported. Because it is covered in another statute, it is not addressed in this one."

Senator Wojahn: "But if it is below the level, they don't have to cover it, is that what you are saying? If it doesn't rise up above the top of the truck or the flat of the truck, it doesn't have to be covered?"

Senator Fraser: "That is my recollection."

Senator Wojahn: "Well, gravel can bounce out, whether it is above the level of the truck or not. I don't think this is a good bill. I think it is a bad bill."

Further debate ensued.

The Committee on Ecology and Parks striking amendment, as amended, to Substitute House Bill No. 1100, as amended, was adopted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1333, by House Committee on Trade, Economic Development and Housing (originally sponsored by Representatives Flemming, Leonard, Veloria, Chappell, R. Fisher, Dunshee, Linville, Eide,

Franklin, Ludwig, Roland, Rayburn, Pruitt, Finkbeiner, Holm, Basich, Lemmon, Johanson, Karahalios, Jones, H. Myers, Morris, L. Johnson, Ogden and J. Kohl)

Providing for youth gang violence reduction.

The bill was read the second time.

MOTIONS

On motion of Senator Talmadge, the following Committee on Health and Human Services amendment was adopted:
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school drop-out rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled work force, this high school drop-out rate threatens the economic welfare of our future work force, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a firsthand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs.

NEW SECTION. Sec. 2. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs.

NEW SECTION. Sec. 3. Unless the context otherwise requires, the following definitions shall apply throughout sections 1 through 11 of this act:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes.

NEW SECTION. Sec. 4. (1) The department of community development may recommend existing programs or contract with either school districts or community organizations, or both, through a request for proposal process for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall begin with school years no sooner than the 1994-95 session, and last for a duration of two years.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the department of community development. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(d) A clear description of the experience, expertise, and other qualifications of the community organizations to conduct an effective prevention and intervention program in cooperation with a school or a group of schools.

(e) A proposed budget for expenditure of the grant.

(4) Grants awarded under this section may not be used for the administrative costs of the school district or the individual school.

NEW SECTION. Sec. 5. (1) A school district in a county with a population of over one hundred ninety thousand may request proposals for establishing gang risk prevention and intervention pilot programs from either public entities that apply jointly with individual schools or community organizations. The proposals shall be reviewed and recommendations for awarding grants shall be made by a committee made up of: (a) A representative from the school district taking the proposal, appointed by the school district's board of directors; (b) a representative appointed by the director of the department of community development or designate; and (c) a representative from the local juvenile court administration.

(2) A school district or community organization, upon its election to enter into a contract pursuant to section 4 of this act, shall, no later than March 1, 1994, submit a standard request for proposals.

(a) Success in obtaining stated goals.

(b) Reduction in drop-out rates.

(c) Reduction in violence among students, on and off campus.

(5) The school district or community organization shall report to the department of community development the results of the program.

(6) Grants awarded under this section may not be used for administrative costs of the school district or the individual school.

NEW SECTION. Sec. 6. Gang risk prevention and intervention pilot programs shall include, but are not limited to:

(1) Counseling for targeted at-risk students, parents, and families, individually and collectively.

(2) Exposure to positive sports and cultural activities, promoting affiliations between youth and the local community.

(3) Job training, which may include apprentice programs in coordination with local businesses, job skills development at the school, or information about vocational opportunities in the community.

(4) Positive interaction with local law enforcement personnel.

(5) The use of local organizations to provide job search training skills.

(6) Cultural awareness retreats.

(7) The use of specified state resources, as requested.

(8) Full service schools under section 9 of this act.

(9) Community service such as volunteerism and citizenship.

NEW SECTION. Sec. 7. The counselor shall provide assistance with the following:

A full service school shall provide a wide range of opportunities for all citizens, including goals under RCW 28A.620.010 (1), (2), (3), and (6), and subsection (2) of this section.

MOTIONS

Senator Adam Smith moved that the following Committee on Law and Justice amendment be adopted:
Strike everything after the enacting clause and insert the following:

The term "practitioner" shall include a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, That a person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner shall not be considered, for that reason alone, a neglected person for the purposes of this chapter.
- (4) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment or care.
- (5) "Department" means the state department of social and health services.
- (6) "Child" or "children" means any person under the age of eighteen years of age.
- (7) "Professional school personnel" shall include, but not be limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.
- (8) "Social service counselor" shall mean anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

- (11) "Clergy" shall mean any regularly licensed or ordained minister, priest or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.
- (12) "Child abuse or neglect" shall mean the injury, sexual abuse, sexual exploitation, or negligent treatment or maltreatment of a child by any person under circumstances which indicate that the child's health, welfare, and safety is harmed thereby. An abused child is a child who has been subjected to child abuse or neglect as defined herein: PROVIDED, That this subsection shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not proved to be injurious to the child's health, welfare, and safety: AND PROVIDED FURTHER, That nothing in this section shall be used to prohibit the reasonable use of corporal punishment as a means of discipline. No parent or guardian shall be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.
- (13) "Child protective services section" shall mean the child protective services section of the department.
- (14) "Adult dependent persons not able to provide for their own protection through the criminal justice system" shall be defined as those persons over the age of eighteen years who have been found legally incompetent pursuant to chapter 11.88 RCW or found disabled to such a degree pursuant to said chapter, that such protection is indicated: PROVIDED, That no persons reporting injury, abuse, or neglect to an adult dependent person as defined herein shall suffer negative consequences if such a judicial determination of incompetency or disability has not taken place and the person reporting believes in good faith that the adult dependent person has been found legally incompetent pursuant to chapter 11.88 RCW.

(15) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child for commercial purposes as those acts are defined by state law by any person.

(17) "Developmentally disabled person" means a person who has a disability defined in RCW ((71-20-046)) 71A.10.020.

(18) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard the general welfare of such children and shall include investigations of child abuse and neglect reports, including reports regarding child care centers and family child care homes, and the development, management, and provision of or referral to services to ameliorate conditions which endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(19) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in wilful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a wilful disregard of social duty.

(20) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a "sexually aggressive youth."

NEW SECTION. Sec. 2. A new section is added to chapter 26.44 RCW to read as follows:

(1) If a law enforcement agency receives a complaint that alleges that a child under age twelve has committed a sex offense as defined in RCW 9.94A.030, the agency shall investigate the complaint. If the investigation reveals that probable cause exists to believe that the youth may have committed a sex offense and the child is at least eight years of age, the agency shall refer the case to the proper county prosecuting attorney for appropriate action to determine whether the child may be prosecuted or is a sexually aggressive youth. If the child is less than eight years old, the law enforcement agency shall refer the case to the department.

(2) If the prosecutor or a judge determines the child cannot be prosecuted for the alleged sex offense because the child is incapable of committing a crime as provided in RCW 9A.04.050 and the prosecutor believes that probable cause exists to believe that the child engaged in acts that would constitute a sex offense, the prosecutor shall refer the child as a sexually aggressive youth to the department. The prosecutor shall provide the department with an affidavit stating that the prosecutor has determined that probable cause exists to believe that the juvenile has committed acts that could be prosecuted as a sex offense but the case is not being prosecuted because the juvenile is incapable of committing a crime as provided in RCW 9A.04.050.

(3) The department shall investigate any referrals that allege that a child is a sexually aggressive youth. The department may offer appropriate available services and treatment to a sexually aggressive youth and his or her parents or legal guardians as provided in RCW 74.13.075. If the parents refuse to accept or fail to obtain appropriate treatment or services, the department may pursue a dependency action as provided in chapter 13.34 RCW.

Sec. 3. RCW 74.13.075 and 1990 c 3 s 305 are each amended to read as follows:

(1) For the purposes of funds appropriated for the treatment of (~~at-risk juvenile sex offenders, "at-risk juvenile sex offenders~~) sexually aggressive youth, the term "sexually aggressive youth" means those juveniles who:

(a) Are in the care and custody of the state ((whø)) and:

~~((a))~~ (i) Have been abused; and

~~((b))~~ (ii) Have committed a sexually aggressive or other violent act that is sexual in nature; or

~~((c))~~ (b) Cannot be detained under the juvenile justice system due to being under age twelve and incompetent to stand trial for acts that could be prosecuted as sex offenses as defined by RCW 9.94A.030 if the juvenile was over twelve years of age, or competent to stand trial if under twelve years of age.

(2) In expending these funds, the department of social and health services shall establish in each region a case review committee to review all cases for which the funds are used. In determining whether to use these funds in a particular case, the committee shall consider:

(a) The age of the juvenile;

(b) The extent and type of abuse to which the juvenile has been subjected;

(c) The juvenile's past conduct;

(d) The benefits that can be expected from the treatment; ~~((and))~~

(e) The cost of the treatment; and

(f) The ability of the juvenile's parent or guardian to pay for the treatment.

Sec. 4. RCW 13.34.030 and 1988 c 176 s 901 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years;

(2) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has evidenced either by statement or conduct, a settled intent to forego, for an extended period, all parental rights or all parental responsibilities despite an ability to do so;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; ~~((or))~~

(d) Who has a developmental disability, as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist; or

(e) Who is a "sexually aggressive youth," as defined in RCW 74.13.075(1)(b) and whose parent or guardian has failed to obtain or refused to accept available appropriate treatment or services.

NEW SECTION. Sec. 5. A new section is added to chapter 13.34 RCW to read as follows:

When the petition for dependency alleges that the child is a sexually aggressive youth and the parent or guardian has failed to obtain or has refused to accept available appropriate treatment, the court may order that the child receive an evaluation to determine whether the child needs treatment or other services. Prior to entry of an order of dependency on the petition, the court must find by a preponderance of the evidence at the fact-finding hearing held pursuant to RCW 13.34.110 that the child has committed acts that could be prosecuted as sex offenses as defined by RCW 9.94A.030, that the parent or guardian has failed to obtain or has refused to accept available appropriate treatment or services, and that treatment and services are available. If the court orders the child receive an evaluation, treatment, or services, the parent or legal guardian must pay for the evaluation, treatment, and services based on the parent's or guardian's ability to pay. The department shall develop a fair and equitable payment schedule.

Sec. 6. RCW 13.34.130 and 1992 c 145 s 14 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, as now or hereafter amended, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030(2); after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a grandparent, brother, sister, stepbrother, stepsister, uncle, aunt, or first cousin with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that:

(i) There is no parent or guardian available to care for such child;

(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;

(iii) A manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds it is recommended by the supervising agency, that it is in the best interests of the child and that it is not reasonable to provide further services to reunify the family because the existence of aggravated circumstances make it unlikely that services will effectuate the return of the child to the child's parents in the near future. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.

(3) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanent plan of care that may include one of the following: Return of the child to the home of the child's parent, adoption, guardianship, or long-term placement with a relative or in foster care with a written agreement.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(4) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(5) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(6) If the sole basis for finding that the child is dependent is the parent's failure to obtain or refusal to accept treatment for a child that is a sexually aggressive youth, the court must limit the department's scope of authority to the amount necessary to obtain treatment and services for the child. The court may not order that the child be removed from the home or expand the department's authority unless the court finds that removing the child or expanding the department's authority is necessary to treat the child or to provide services.

NEW SECTION. Sec. 7. The secretary of the department of social and health services is authorized to transfer surplus, unused treatment funds from the civil commitment center operated under chapter 71.09 RCW to the division of children and family services to provide treatment services for sexually aggressive youth."

On motion of Senator Adam Smith, the following amendments to the Committee on Law and Justice striking amendment were considered simultaneously and were adopted:

On page 4, line 23 of the amendment, after "youth." insert "The purpose of the investigation shall be to determine whether the child is abused or neglected, as defined in this chapter, and whether the child or the child's parents are in need of services or treatment."

On page 4, line 26 of the amendment, after "74.13.075" insert "and may refer the child and his or her parents to appropriate treatment and services available within the community"

On page 4, line 27 of the amendment, after "services" insert "under circumstances that indicate that the refusal or failure is child abuse or neglect, as defined in this chapter"

On page 4, after line 28 of the amendment, insert the following:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.36.225 and 1991 c 145 s 2 are each amended to read as follows:

Alcohol of any proof that is sold in this state for use as fuel in motor vehicles, farm implements and machines, or implements of husbandry is exempt from the motor vehicle fuel tax under this chapter. In addition, a tax credit of sixty percent of the tax rate imposed by RCW 82.36.025 shall be given for every gallon of alcohol used in an alcohol-gasoline blend which contains at least nine and one-half percent or more by volume of alcohol: PROVIDED, That in no case may the tax credit claimed be greater than the tax due on the gasoline portion of the blended fuel. The exemption and tax credit provided in this section do not apply to motor fuels sold in a county when a requirement to sell oxygenated fuels for purposes of reaching clean air attainments under chapter 70.94 RCW is in effect.

This section shall expire on December 31, 1999."

In addition, a tax credit of sixty percent of the tax rate imposed by RCW 82.36.025 shall be given for every gallon of alcohol used in an alcohol-gasoline blend which contains at least nine and one-half percent or more by volume of alcohol: PROVIDED, That in no case may the tax credit claimed be greater than the tax due on the gasoline portion of the blended fuel.

POINT OF INQUIRY

Senator Nelson: "Senator Vognild, with the amendment we have now adopted on Senate Bill No. 5342, what is the anticipated increase in the taxes per gallon of oxygenated fuel that would be expected in the state of Washington?" Senator Vognild: "In discussing that with some of the representatives of the oil companies down here, it is possible that there will be no increase at all at the pumps. If in fact, there were to be any increase in the pumps, if we look at the roughly forty-two million dollars per biennium--twenty-one million per year--that would be about, probably, three quarters of a penny, at the most."

Senator Nelson: "Isn't it true, Senator Vognild, that about one penny of motor vehicle fuel tax is roughly twenty-eight million a year?"

Senator Vognild: "Yes, about twenty-six, I think, is what we used in our forecast."

Senator Nelson: "So, if one were to prorate that according to this exemption, that we probably are looking at anywhere from one and half to two pennies of increase in fuel to the consumer in the state of Washington just based on that prorate?"

Senator Vognild: "I don't think so, Senator. That twenty-six million is an annual figure and the forty-two million I mentioned in here is a biennial figure, so if you take the forty-two, cut in two, it comes out about twenty-one and I would relate that to roughly three-quarters, just doing it in my head."

Further debate ensued.

MOTION

On motion of Senator Oke, Senator McCaslin was excused.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 5342.

MESSAGE FROM THE HOUSE

April 9, 1993

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5304 with the following amendments:
Strike everything after the enacting clause and insert the following:

"PART I. FINDINGS, GOALS, AND INTENT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for medical care and by current medical insurance and medical system practices. Current medical system practices encourage public demand for unneeded, ineffective, and sometimes dangerous medical treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total medical and health care expenditure rates should be sufficient to provide access to essential health and medical care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without medical insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate medical insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for medical insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable medical insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality, poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than general population. It is intended that chapter . . ., Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for medical care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in medical treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonmedical care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of general economic inflation within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinically efficacious;

(c) State residents be able to choose health services from the full range of health care providers, as defined in section 402(12) of this act, in a manner consistent with good health service management, quality assurance, and cost effectiveness;

(d) Individuals and businesses have the option to purchase any health or medical services they may choose in addition to those contained in the uniform benefits package;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services and to protect individuals from impoverishment because of health care costs;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) That a policy of facilitating communication and networking in the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter . . . , Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter . . . , Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION MEASURES

A. BASIC HEALTH PLAN EXPANSION

NEW SECTION. Sec. 201. A new section is added to chapter 70.47 RCW to read as follows:

TRANSFER OF POWER AND DUTIES TO WASHINGTON STATE HEALTH CARE AUTHORITY. The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority.

NEW SECTION. Sec. 202. **TRANSFER OF RECORDS, EQUIPMENT, FUNDS.** All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Washington basic health plan shall be delivered to the custody of the Washington state health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property used by the Washington basic health plan shall be made available to the Washington state health care authority. All funds, credits, or other assets held by the Washington basic health plan shall be assigned to the Washington state health care authority.

Any appropriations made to the Washington basic health plan shall, on the effective date of this section, be transferred and credited to the Washington state health care authority. At no time may those funds in the basic health plan trust account, any funds appropriated for the subsidy of any enrollees, or any premium payments or other sums made or received on behalf of any enrollees in the basic health plan be commingled with any appropriated funds designated or intended for the purposes of providing health care coverage to any state or other public employees.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 203. **TRANSFER OF EMPLOYEES.** All employees of the Washington basic health plan are transferred to the jurisdiction of the Washington state health care authority. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 204. **RULES AND BUSINESS.** All rules and all pending business before the Washington basic health plan shall be continued and acted upon by the Washington state health care authority. All existing contracts and obligations shall remain in full force and shall be performed by the Washington state health care authority.

NEW SECTION. Sec. 205. **VALIDITY OF PRIOR ACTS.** The transfer of the powers, duties, functions, and personnel of the Washington basic health plan shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 206. **APPORTIONMENT OF BUDGETED FUNDS.** If apportionments of budgeted funds are required because of the transfers directed by sections 201 through 205 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 207. **COLLECTIVE BARGAINING.** Nothing contained in sections 201 through 206 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

Sec. 208. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

BASIC HEALTH PLAN--FINDINGS. (1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women (~~who are an especially vulnerable population, along with their children~~), and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents (~~under sixty-five years of age~~) not (~~otherwise~~) eligible for medicare (~~with gross family income at or below two hundred percent of the federal poverty guidelines~~) or medical assistance who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) (~~The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.~~)

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program. It is also the intent of the legislature to condition access to this plan for nonsubsidized enrollees upon the prior placement of subsidized enrollees, to the extent funding is available.

(c) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 209. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN--DEFINITIONS. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. On and after July 1, 1995, "managed health care system" means a certified health plan, as defined in section 402 of this act.

(4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse (~~and/or~~) or dependent children, (~~all under the age of sixty-five and~~) not (~~otherwise~~) eligible for medicare or medical assistance, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of

health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who chooses to obtain basic health care coverage from a particular managed health care system and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes~~((, from funds appropriated from the basic health plan trust account,))~~ to a managed health care system on behalf of ~~((an))~~ a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

~~((6))~~ (7) "Premium" means a periodic payment, based upon gross family income ~~((and determined under RCW 70.47.060(2),))~~ which an ~~((enrollee))~~ individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

~~((7))~~ (8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 210. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. ~~((All))~~ Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. ~~((After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.))~~

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 211. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN--PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as ~~((an independent agency of the state))~~ a program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator ~~((who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040))~~ of the Washington state health care authority. The administrator shall appoint a medical director. The ~~((administrator,))~~ medical director~~((,))~~ and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) ~~((In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law))~~ Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans.

Sec. 212. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

ADMINISTRATOR'S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, ~~((for the period ending June 30, 1993,))~~ with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for ~~((prenatal or postnatal))~~ such services ~~((that are provided under the medical assistance program under chapter 74.09 RCW))~~ except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider ~~((, or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992))~~. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. On and after July 1, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to section 448 of this act shall be implemented by the administrator as the schedule of covered basic health care services. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size ~~((as well as))~~ and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed ninety-five percent of the total premiums due from the enrollee.

(3) To design and implement a structure of ~~((nominal))~~ copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services. On and after July 1, 1995, the administrator shall comply with schedules of enrollee point of service cost-sharing adopted by the Washington health services commission.

(4) ~~((To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:~~

(a) ~~Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;~~

(b) ~~A modified fee-for-services payment schedule for providers;~~

(c) ~~Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and~~

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5)) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

~~((In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.-))~~

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least ~~((annually))~~ semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. ~~((An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.))~~ No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To accept applications from small business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator shall require that a small business owner pay at least fifty percent but not more than ninety-five percent of the nonsubsidized premium cost of the plan on behalf of each employee enrolled in the plan. For the purposes of this subsection, an employee means an individual who regularly works for the small business for at least twenty hours per week. The businesses may

have no more than one hundred employees at the time of initial enrollment and enrollment is limited to those not eligible for medicare or medical assistance, who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

~~((11))~~ (11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((14))~~ (12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the ~~((administrator))~~ plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((12))~~ ~~To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.)~~

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

~~((To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state))~~ To endeavor to expand enrollment as much as possible to correspond to the proportion of persons of color in the community served using the best available data that estimates representation of persons of color and describe these efforts in its annual report.

Sec. 213. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

ENROLLMENT. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. ~~((The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.))~~

Thereafter, total ~~((enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4))~~ subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated. In the selection of any such areas the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

Sec. 215. RCW 41.05.021 and 1990 c 222 s 3 are each amended to read as follows:

HEALTH CARE AUTHORITY DUTIES. (1) The Washington state health care authority is created within the executive branch. The authority shall have an administrator appointed by the governor, with the consent of the senate. The administrator shall serve at the pleasure of the governor. The administrator may employ up to seven staff members, who shall be exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter. The primary duties of the authority shall be to administer state employees' insurance benefits (~~and to~~), study state-purchased health care programs in order to maximize cost containment in these programs while ensuring access to quality health care, and implement state initiatives, joint purchasing strategies, and techniques for efficient administration that have potential application to all state-purchased health services. The authority's duties include, but are not limited to, the following:

~~((1))~~ (a) To administer a health care benefit program for employees as specifically authorized in RCW 41.05.065 and in accordance with the methods described in RCW 41.05.075, 41.05.140, and other provisions of this chapter;

~~((2))~~ (b) To analyze state-purchased health care programs and to explore options for cost containment and delivery alternatives for those programs that are consistent with the purposes of those programs, including, but not limited to:

~~((a))~~ (i) Creation of economic incentives for the persons for whom the state purchases health care to appropriately utilize and purchase health care services, including the development of flexible benefit plans to offset increases in individual financial responsibility;

~~((b))~~ (ii) Utilization of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems, utilization review, and prospective payment methods;

~~((c))~~ (iii) Coordination of state agency efforts to purchase drugs effectively as provided in RCW 70.14.050;

~~((d))~~ (iv) Development of recommendations and methods for purchasing medical equipment and supporting services on a volume discount basis; and

~~((e))~~ (v) Development of data systems to obtain utilization data from state-purchased health care programs in order to identify cost centers, utilization patterns, provider and hospital practice patterns, and procedure costs, utilizing the information obtained pursuant to RCW 41.05.031;

~~((3))~~ (c) To analyze areas of public and private health care interaction;

~~((4))~~ (d) To provide information and technical and administrative assistance to the board;

~~((5))~~ (e) To review and approve or deny applications from counties, municipalities, and other political subdivisions of the state ~~((and school districts))~~ to provide state-sponsored insurance or self-insurance programs to their employees in accordance with the provisions of RCW 41.04.205 ~~((and 28A.400.350))~~, setting the premium contribution for approved groups as outlined in RCW 41.05.050;

~~((6))~~ (f) To appoint a health care policy technical advisory committee as required by RCW 41.05.150; and

~~((7))~~ (g) To promulgate and adopt rules consistent with this chapter as described in RCW 41.05.160.

(2) The administrator shall determine the year in which the public employees' benefits board will undertake design and approval of insurance benefits plans for school district employees. Upon making that determination the administrator shall:

(a) Provide written notification to the fiscal committees of the senate and the house of representatives. Such notification shall be given by January 1 of the year prior to which the administrator will begin purchasing insurance benefits on behalf of school district employees; and

(b) Develop procedures necessary to ensure that the transition to insurance benefits purchasing by the administrator does not disrupt existing insurance contracts between school district employees and insurers.

(3) The public employees' benefits board shall implement strategies to promote managed competition among employee health benefit plans by January 1, 1995, including but not limited to:

(a) Standardizing the benefit package;

(b) Soliciting competitive bids for the benefit package;

(c) Limiting the state's contribution to a percent of the lowest priced sealed bid of a qualified plan within a geographical area. If the state's contribution is less than one hundred percent of the lowest priced sealed bid, employee financial contributions shall be structured on a sliding-scale basis related to household income;

(d) Ensuring access to quality health services, including assuring reasonable access to local providers, especially for enrollees residing in rural areas;

(e) Monitoring the impact of the approach under this subsection with regards to: Efficiencies in health service delivery, cost shifts to subscribers, access to and choice of managed care plans state-wide, and quality of health services. The health care authority shall also advise on the value of administering a benchmark employer-managed plan to promote competition among managed care plans. The health care authority shall report its findings and recommendations to the legislature by January 1, 1997.

Sec. 216. RCW 41.05.050 and 1988 c 107 s 18 are each amended to read as follows:

FERRY EMPLOYEES. (1) Every department, division, or separate agency of state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the authority.
