(1) No ~~((steamboat company shall))~~ commercial ferry may hereafter operate any vessel or ferry for the public use for hire between fixed termini or over a regular route upon the waters within this state, including the rivers and lakes and Puget Sound, without first applying for and obtaining from the commission a certificate declaring that public convenience and necessity require such operation. Service authorized by certificates issued before or after the effective date of this act to a commercial ferry operator shall be exercised by the operator in a manner consistent with the conditions established in the certificate or tariffs: PROVIDED, That no certificate shall be required for a vessel primarily engaged in transporting freight other than vehicles, whose gross earnings from the transportation of passengers and/or vehicles, are not more than ten percent of the total gross annual earnings of such vessel: PROVIDED, That nothing herein shall be construed to affect the right of any county public transportation benefit area or other public agency within this state to construct, condemn, purchase, operate, or maintain, itself or by contract, agreement, or lease, with any person, firm, or corporation, ferries or boats across or wharfs at or upon the waters within this state, including rivers and lakes and Puget Sound, provided such operation is not over the same route or between the same districts, being served by a certificate ~~((carrier))~~ holder without first acquiring the rights granted to the certificate holder under the certificate, nor shall this chapter be construed to affect, amend, or invalidate any contract entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, which was entered into in good faith by any county with any person, firm, or corporation, except that in case of the operation or maintenance by any county, city, town, port district, or other political subdivision by contract, agreement, or lease with any person, firm, or corporation, of ferries or boats across or wharfs at or upon the waters within this state, including rivers and lakes and Puget Sound, the commission shall have power and authority to regulate rates and services of such operation or maintenance of ferries, boats, or wharfs, to make, fix, alter, or amend said rates, and to regulate service and safety of operations thereof, in the manner and to the same extent as it is empowered to regulate a ~~((steamboat company))~~ commercial ferry, notwithstanding the provisions of any act or parts of acts inconsistent herewith.

(2) The holder of a certificate of public convenience and necessity granted under this chapter must initiate service within five years of obtaining the certificate. The certificate holder shall report to the commission every six months after the certificate is granted on the progress of the certificated route. The reports shall include, but not be limited to, the progress of environmental impact, parking, local government land use, docking, and financing considerations. However, if service has not been initiated within five years of obtaining the certificate, the commission may extend the certificate on a twelve-month basis for up to three years if the six-month progress reports indicate there is significant advancement toward initiating service.

(3) The commission shall review certificates in existence as of the effective date of this act, where service is not being provided on all or any portion of the route or routes certificated. Based on progress reports required under subsection (2) of this section, the commission may grant an extension beyond that provided in subsection (2) of this section. Such additional extension may not exceed a total of two years.

Sec. 3. RCW 81.84.020 and 1961 c 14 s 81.84.020 are each amended to read as follows:

(1) Upon the filing of an application the commission shall give reasonable notice to the department, affected cities and counties, and any common carrier which might be adversely affected, of the time and place for hearing on such application. The commission shall have power after hearing, to issue the certificate as prayed for, or to refuse to issue it, or to issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as in its judgment the public convenience and necessity may require; but the commission shall not have power to grant a certificate to operate between districts and/or into any territory prohibited by RCW 47.60.120 or already served by an existing certificate holder, unless such existing certificate holder ~~((shall fail and refuse))~~ has failed or refused to furnish reasonable and adequate service or has failed to provide the service described in its certificate or tariffs after the time period allowed to initiate service has elapsed: PROVIDED, A certificate shall be granted when it shall appear to the satisfaction of the commission that ~~((such steamboat company))~~ the commercial ferry was actually operating in good faith over the route for which such certificate shall be sought, on January 15, 1927: PROVIDED, FURTHER, That in case two or more ~~((steamboat companies))~~ commercial ferries

shall upon said date have been operating vessels upon the same route, or between the same districts the commission shall determine after public hearing whether one or more certificates shall issue, and in determining to whom a certificate or certificates shall be issued, the commission shall consider all material facts and circumstances including the prior operation, schedules, and services rendered by either of (~~said companies~~) the ferries, and in case more than one certificate shall issue, the commission shall fix and determine the schedules and services of the (~~companies to whom such~~) ferries to which the certificates are issued to the end that duplication of service be eliminated and public convenience be furthered.

(2) Before issuing a certificate, the commission shall determine that the applicant has the financial resources to operate the proposed service for at least twelve months, based upon the submission by the applicant of a pro forma financial statement of operations. Issuance of a certificate shall be determined upon, but not limited to, the following factors: Ridership and revenue forecasts; the cost of service for the proposed operation; an estimate of the cost of the assets to be used in providing the service; a statement of the total assets on hand of the applicant that will be expended on the proposed operation; and a statement of prior experience, if any, in such field by the applicant. The documentation required of the applicant under this section shall comply with the provisions of RCW 9A.72.085.

(3) Subsection (2) of this section does not apply to an application for a certificate that is pending as of the effective date of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 81.84 RCW to read as follows:

The commission, in granting a certificate to operate as a commercial ferry, shall require the operator to first obtain liability and property damage insurance from a company licensed to write liability insurance in the state or a surety bond of a company licensed to write surety bonds in the state, on each vessel or ferry to be used, in the amount of not less than one hundred thousand dollars for any recovery for personal injury by one person, and not less than one million dollars and in such additional amount as the commission shall determine, for all persons receiving personal injury and property damage by reason of one act of negligence, and not less than fifty thousand dollars for damage to property of any person other than the insured; or combined bodily injury and property damage liability insurance of not less than one million dollars, and to maintain such liability and property damage insurance or surety bond in force on each vessel or ferry while so used. Each policy for liability or property damage insurance or surety bond required by this section must be filed with the commission and kept in full force and effect, and failure to do so is cause for revocation of the operator's certificate.

Sec. 5. RCW 81.84.030 and 1961 c 14 s 81.84.030 are each amended to read as follows:

No certificate or any right or privilege thereunder held, owned, or obtained under the provisions of this chapter shall be sold, assigned, leased, mortgaged, or in any manner transferred, either by the act of the parties or by operation of law, except upon authorization by the commission first obtained. (~~The commission may at any time by its order duly entered after hearing had upon notice to the holder of any certificate hereunder and an opportunity to such holder to be heard, suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter, if the holder thereof wilfully violates or fails to observe the provisions or conditions of the certificate, or the orders, rules or regulations of the commission, or the provisions of this title.-)~~

Sec. 6. RCW 81.84.050 and 1961 c 14 s 81.84.050 are each amended to read as follows:

Every (~~steamboat company~~) commercial ferry and every officer, agent, or employee of any (~~steamboat company~~) commercial ferry who violates or who procures, aids, or abets in the violation of any provision of this title, or any order, rule, regulation, or decision of the commission shall incur a penalty of one hundred dollars for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for.

The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the commission describing such violation with reasonable particularity and advising such person that the penalty is due.

The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as it in its discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper.

If the amount of such penalty is not paid to the commission within fifteen days after receipt of notice imposing the same or, if application for remission or mitigation has not been made, within fifteen days after the violator has received notice of the disposition of such application, the attorney general shall bring an action to recover the penalty in the name of the state of Washington in the superior court of Thurston county or of some other county in which such violator may do business. In all such actions the procedure and rules of evidence shall be the same as in ordinary civil actions except as otherwise herein provided. All penalties recovered by the state under this chapter shall be paid into the state treasury and credited to the public service revolving fund.

NEW SECTION. Sec. 7. A new section is added to chapter 81.84 RCW to read as follows:

The commission, upon complaint by an interested party, or upon its own motion after notice and opportunity for hearing, may cancel, revoke, suspend, alter, or amend a certificate issued under this chapter on any of the following grounds:

(1) Failure of the certificate holder to initiate service by the conclusion of the fifth year after the certificate has been granted or by the conclusion of an extension granted under RCW 81.84.010 (2) or (3), if the commission has considered the progress report information required under RCW 81.84.010 (2) or (3);

(2) Failure of the certificate holder to file an annual report;

(3) The filing by a certificate holder of an annual report that shows no revenue in the previous twelve-month period after service has been initiated;

(5) The violation of or failure to observe the provisions or conditions of the certificate or tariffs;

(6) The violation of an order, decision, rule, regulation, or requirement established by the commission under this chapter;

(7) Failure of a certificate holder to maintain the required insurance coverage in full force and effect; or

(8) Failure or refusal to furnish reasonable and adequate service after initiating service.

The commission shall take appropriate action within thirty days upon a complaint by an interested party or of its own finding that a provision of this section has been violated.

NEW SECTION. Sec. 8. A new section is added to chapter 81.84 RCW to read as follows:

The commission may, with or without a hearing, issue temporary certificates to operate under this chapter, but only after it finds that the issuance of the temporary certificate is necessary due to an immediate and urgent need and is otherwise consistent with the public interest. The certificate may be issued for a period of up to one hundred eighty days. The commission may prescribe such special rules and impose special terms and conditions on the granting of the certificate as in its judgment are reasonable and necessary in carrying out this chapter. The commission shall collect a filing fee, not to exceed two hundred dollars, for each application for a temporary certificate. The commission shall not issue a temporary certificate to operate on a route for which a certificate has been issued or for which an application by another commercial ferry operator is pending.

REPORT OF CONFERENCE COMMITTEE

ESHB 2067 April 23, 1993

Includes "NEW ITEM": YES

Encouraging commute trip reduction programs

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2067, Commute trip reduction programs, have had the same under consideration and we recommend that:

The Senate amendment by Senators Drew, Nelson and Vognild adopted on April 13, 1993, not be adopted, and that the following Conference Committee amendments be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that reducing the number of commute trips to work is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. The legislature intends that state agencies shall assume a leadership role in implementing programs to reduce vehicle miles traveled and single-occupant vehicle commuting, under RCW 70.94.521 through 70.94.551.

The legislature has established and directed an interagency task force to consider mechanisms for funding state agency commute trip reduction programs; and to consider and recommend policies for employee incentives for commuting by other than single-occupant vehicles, and policies for the use of state-owned vehicles.

It is the purpose of this act to provide state agencies with the authority to provide employee incentives, including subsidies for use of high occupancy vehicles to meet commute trip reduction goals, and to remove existing statutory barriers for state agencies to use public funds, including parking revenue, to operate, maintain, lease, or construct parking facilities at state-owned and leased facilities, to reduce parking subsidies, and to support commute trip reduction programs.

NEW SECTION. Sec. 2. A new section is added to chapter 43.01 RCW to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Guaranteed ride home" means an assured ride home for commuters participating in a commute trip reduction program who are not able to use their normal commute mode because of personal emergencies.

(2) "Pledged" means parking revenue designated through any means, including moneys received from the natural resource building, which is used for the debt service payment of bonds issued for parking facilities.

Sec. 3. RCW 43.41.140 and 1979 c 151 s 119 are each amended to read as follows:

Pursuant to policies and regulations promulgated by the office of financial management (~~after consultation with and approval by the automotive policy board~~), an elected state officer or ((his)) delegate or a state agency director or ((his)) delegate may permit an employee (~~commuting~~) to commute in a state-owned or leased vehicle (~~only~~) if such travel is on official business, as determined in accordance with RCW 43.41.130, and is determined to be economical and advantageous to the state, or as part of a commute trip reduction program as required by RCW 70.94.551.

Sec. 4. RCW 46.08.172 and 1991 sp.s. c 31 s 12 and 1991 sp.s. c 13 s 41 are each reenacted and amended to read as follows:

~~((There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account".))~~ The director of the department of general administration shall establish equitable and consistent parking rental fees for state-owned or leased property, to be charged to employees, visitors, clients, service providers, and others, that reflect the legislature's intent to reduce state subsidization of parking. The department shall solicit representatives from affected state agencies, employees, and state employee bargaining units to meet as regional committees. These regional committees will advise the director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. In the event that such fees become part of a collective bargaining agreement and there is a conflict between the agency and the

collective bargaining unit, the terms of the collective bargaining agreement shall prevail. All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. ~~((All unpledged parking rental income collected by the department of general administration from rental of parking space on the capitol grounds and the east capitol site shall be deposited in the "state capitol vehicle parking account".))~~ However, parking rental fees are not to exceed the local market rate of comparable privately owned rental parking.

The director may delegate the responsibility for the collection of parking fees to other agencies of state government when cost-effective.

~~((The "state capitol vehicle parking account" shall be used to pay costs incurred in the operation, maintenance, regulation and enforcement of vehicle parking and parking facilities.))~~

NEW SECTION. Sec. 5. A new section is added to chapter 43.01 RCW to read as follows:

There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account." All parking rental income collected from rental of parking space at state-owned or leased property shall be deposited in the "state capitol vehicle parking account." Revenue deposited in the "state capitol vehicle parking account" shall be first applied to pledged purposes. Unpledged parking revenues deposited in the "state capitol vehicle parking account" may be used to:

(1) Pay costs incurred in the operation, maintenance, regulation, and enforcement of vehicle parking and parking facilities on state-owned or leased properties;

(2) Support the lease costs and/or capital investment costs of vehicle parking and parking facilities at agency-owned and leased facilities off the capitol campus; and

(3) Support commute trip reduction programs under RCW 70.94.521 through 70.94.551.

Distribution of funds from the "state capitol vehicle parking account" are subject to appropriation by the legislature and will be made by the office of financial management after considering recommendations from the director of general administration and the interagency task force for commute trip reduction, under RCW 70.94.551.

NEW SECTION. Sec. 6. A new section is added to chapter 43.01 RCW to read as follows:

State agencies may, subject to appropriation and under the internal revenue code rules, use public funds to financially assist agency-approved incentives for alternative commute modes, including but not limited to carpools, vanpools, purchase of transit and ferry passes, and guaranteed ride home programs, if the financial assistance is an element of the agency's commute trip reduction program as required under RCW 70.94.521 through 70.94.551. This section does not permit any payment for the use of state-owned vehicles for commuter ride sharing.

NEW SECTION. Sec. 7. A new section is added to chapter 43.01 RCW to read as follows:

All state higher education institutions are exempt from section 5 of this act."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 43.41.140; reenacting and amending RCW 46.08.172; adding new sections to chapter 43.01 RCW; creating a new section; and prescribing penalties.", and that the bill do pass as recommended by the Conference Committee.

Signed by: Senators Prentice, Sheldon; Representatives R. Fisher, Schmidt, Jones.

MOTION

On motion of Senator Oke, Senator Roach was excused.

There being no objection, the Senate resumed consideration of Engrossed Substitute No. 1307, and the pending motion by Senator Sheldon that the Senate do adopt the Report of the Conference Committee, deferred earlier today.

REMARKS BY SENATOR SHELDON

Senator Sheldon: "Thank you, Mr. President. I want to thank Senator McDonald for his question, because it is an important question. Certain language was struck that says that preference shall be given to youths in residing in areas--urban

areas--where there is a lot of unemployment. Actually, there is a separate code section that does specify that sixty percent of the funding will go to distressed areas with high unemployment. So, it was felt that it was redundant to have that also in there. I believe that Senator McDonald is satisfied with that."

The President declared the question before the Senate to be the motion by Senator Sheldon that the Senate do adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 1307.

The motion by Senator Sheldon carried and the Report of the Conference Committee on Engrossed Substitute House Bill No. 1307 was adopted.

REPORT OF CONFERENCE COMMITTEE

ESHB 2026 April 23, 1993

Includes "NEW ITEM": YES

Requiring notice about fetal alcohol syndrome

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2026, Fetal alcohol syndrome, have had the same under consideration and we recommend that:

The Senate amendments to page 1, lines 13, 14 and 16, and the title amendment adopted April 18, 1993, not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The United States surgeon general warns that women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. The legislature finds that these defects include fetal alcohol syndrome, a birth defect that causes permanent antisocial behavior in the sufferer, disrupts the functions of his or her family, and, at an alarmingly increasing rate, extracts a safety and fiscal toll on society.

NEW SECTION. Sec. 2. A new section is added to chapter 66.08 RCW to read as follows:

The board shall cause to be posted in conspicuous places, in a number determined by the board, within each state liquor store, notices in print not less than one inch high warning persons that consumption of alcohol shortly before conception or during pregnancy may cause birth defects, including fetal alcohol syndrome and fetal alcohol effects.

NEW SECTION. Sec. 3. The legislature recognizes that the use of alcohol and other drugs during pregnancy can cause medical, psychological, and social problems for women and infants. The legislature further recognizes that communities are increasingly concerned about this problem and the associated costs to the mothers, infants, and society as a whole. The legislature recognizes that the department of health and other agencies are focusing on primary prevention activities to reduce the use of alcohol or drugs during pregnancy but few efforts have focused on secondary prevention efforts aimed at intervening in the lives of women already involved in the use of alcohol or other drugs during pregnancy. The legislature recognizes that the best way to prevent problems for chemically dependent pregnant women and their resulting children is to engage the women in alcohol or drug treatment. The legislature acknowledges that treatment professionals find pretreatment services to clients to be important in engaging women in alcohol or drug treatment. The legislature further recognizes that pretreatment services should be provided at locations where chemically dependent women are likely to be found, including public health clinics and domestic violence or homeless shelters. Therefore the legislature intends to prevent the detrimental effects of alcohol or other drug use to women and their resulting infants by promoting the establishment of local programs to help facilitate a woman's entry into alcohol or other drug treatment. These programs shall provide secondary prevention services and provision of opportunities for immediate treatment so that women who seek help are welcomed rather than ostracized.

NEW SECTION. Sec. 4. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alcoholism" means a disease, characterized by a dependency on alcoholic beverages, loss of control over the amount and circumstances of alcohol use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruption of social or economic functioning.

(2) "Approved treatment program" means a discrete program of chemical dependency treatment provided by a treatment program certified by the department of social and health services as meeting standards adopted under this chapter.

(3) "Assessment" means an interview with an individual to determine if he or she is chemically dependent and in need of referral to an approved treatment program.

(4) "Chemically dependent individual" means someone suffering from alcoholism or drug addiction, or dependence on alcohol or one or more other psychoactive chemicals.

(5) "Department" means the department of social and health services.

(6) "Domestic violence" is a categorization of offenses, as defined in RCW 10.99.020, committed by one family or household member against another.

POINT OF INQUIRY

Senator Deccio: "Senator Fraser, as you know, we spent many hours sitting with the payors of anywhere from cities, counties, irrigators, and the like--everybody was included. They agreed with the fifty dollars. Has there been an agreement reached among the people who are going to pay this bill--of the increase to one hundred dollars?"

Senator Fraser: "We had a meeting one night with a lot of people, not all people who would be potentially affected by fee increases, and we hit around a lot of ideas. We came up with an idea at that meeting which some people agreed with, and others

didn't, to go with a fifty dollar surcharge. That is what passed the Senate and went over to the House and there has been a lot of conversation since then and they felt a higher one would be appropriate. That's what ended up in the conference committee. Some people agree with it; some don't."

Senator Deccio: "Further question. Has there been any language change in the study that will take place by the committee?"

Senator Fraser: "The only change in the conference committee, compared to what came over from the House, is to assure that the Agriculture Committees will be in cooperation with this study."

SUBSTITUTE HOUSE BILL NO. 2098, by House Committee on Health Care (originally sponsored by Representative Valle) (by request of Department of Social and Health Services)

Enhancing community options long-term care program.

The bill was read the second time.

MOTION

Senator Deccio moved that the following amendment by Senators Talmadge and Deccio be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the aging of the population and advanced medical technology have resulted in a growing number of persons who require assistance. The primary resource for long-term care continues to be family and friends. However, these traditional caregivers are increasingly employed outside the home. There is a growing demand for improvement and expansion of home and community-based long-term care services to support and complement the services provided by these informal caregivers.

The legislature further finds that the public interest would best be served by a broad array of long-term care services that support persons who need such services at home or in the community whenever practicable and that promote individual autonomy, dignity, and choice.

The legislature finds that as other long-term care options become more available, the relative need for nursing home beds is likely to decline. The legislature recognizes, however, that nursing home care will continue to be a critical part of the state's long-term care options, and that such services should promote individual dignity, autonomy, and a homelike environment.

NEW SECTION. Sec. 2. PURPOSE AND INTENT. It is the legislature's intent that:

- (1) Long-term care services administered by the department of social and health services include a balanced array of health, social, and supportive services that promote individual choice, dignity, and the highest practicable level of independence;
- (2) Home and community-based services be developed, expanded, or maintained in order to meet the needs of consumers and to maximize effective use of limited resources;
- (3) Long-term care services be responsive and appropriate to individual need and also cost-effective for the state;
- (4) Nursing home care is provided in such a manner and in such an environment as will promote maintenance or enhancement of the quality of life of each resident and timely discharge to a less restrictive care setting when appropriate; and
- (5) State health planning for nursing home bed supply take into account increased availability of other home and community-based service options.

NEW SECTION. Sec. 3. ASSISTED LIVING. To the extent of available funding, the department of social and health services may contract with licensed boarding homes for assisted living services. The department shall develop rules that ensure that the contracted services:

- (1) Recognize individual needs, privacy, and autonomy;
- (2) Include, but not be limited to, personal care, nursing services, medication administration, and supportive services that promote independence and self-sufficiency;
- (3) Are of sufficient scope to assure that each resident who chooses to remain in assisted living may do so, unless nursing care needs exceed the level of care defined by the department;
- (4) Are directed first to those persons most likely, in the absence of assisted living services, to need hospital, nursing facility, or other out-of-home placement; and
- (5) Are provided in compliance with applicable department of health facility and professional licensing laws and rules.

Sec. 4. RCW 74.42.010 and 1979 ex.s. c 211 s 1 are each amended to read as follows:

 - (i) Offers services only to contractual members;
 - (ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed boarding home care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without being subject to the provisions of this chapter except under RCW 70.38.105(4)(d), provided the facility has been in continuous operation and has not been purchased or leased.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given no later than two years prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given no later than one year prior to the effective date of license modification reflecting the restored beds.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2)(a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

Sec. 6. RCW 70.38.115 and 1989 1st ex.s. c 9 s 605 and 1989 c 175 s 126 are each reenacted and amended to read as follows:

(1) Certificates of need shall be issued, denied, suspended, or revoked by the designee of the secretary in accord with the provisions of this chapter and rules of the department which establish review procedures and criteria for the certificate of need program.

(2) Criteria for the review of certificate of need applications, except as provided in subsection (3) of this section for health maintenance organizations, shall include but not be limited to consideration of the following:

~~(a) ((Until June 30, 1990, the relationship of the health services being reviewed to the applicable health plans;~~

~~(b)) The need that the population served or to be served by such services has for such services;~~

~~((e)) (d) In the case of health services to be provided, (i) the availability of alternative uses of project resources for the provision of other health services, (ii) the extent to which such proposed services will be accessible to all residents of the area to be served, and (iii) the need for and the availability in the community of services and facilities for osteopathic and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels;~~

~~((f)) (e) In the case of a construction project, the costs and methods of the proposed construction, including the cost and methods of energy provision, and the probable impact of the construction project reviewed (i) on the cost of providing health services by the person proposing such construction project and (ii) on the cost and charges to the public of providing health services by other persons;~~

~~((g))~~ (f) The special needs and circumstances of osteopathic hospitals, nonallopathic services and children's hospitals;
~~((h))~~ (g) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;

~~((j))~~ (i) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past;
(and

~~((k))~~ (j) In the case of hospital certificate of need applications, whether the hospital meets or exceeds the regional average level of charity care, as determined by the secretary; and

(k) In the case of nursing home applications:

(i) The availability of other nursing home beds in the planning area to be served; and

(ii) The availability of other services in the community to be served. Data used to determine the availability of other services will include but not be limited to data provided by the department of social and health services.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility, or any part thereof, with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) Until the final expiration of the state health plan as provided under RCW 70.38.919, the decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or its designee, shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked has the right to an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act.

(11) An amended certificate of need shall be required for the following modifications of an approved project:

(a) A new service requiring review under this chapter;

(b) An expansion of a service subject to review beyond that originally approved;

(c) An increase in bed capacity;

(d) A significant reduction in the scope of a nursing home project without a commensurate reduction in the cost of the nursing home project, or a cost increase (as represented in bids on a nursing home construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

(12) An application for a certificate of need for a nursing home capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.

(13) In the case of an application for a certificate of need to replace existing nursing home beds, all criteria must be met on the same basis as an application for a certificate of need for a new nursing home, except that the need criteria shall be deemed

met if the applicant is an existing licensee who proposes to replace existing beds that the licensee has operated for at least one year with the same or fewer number of beds in the same planning area. When an entire nursing home ceases operation, its beds shall be treated as existing nursing home beds for purposes of replacement for eight years or until a certificate of need to replace them is issued, whichever occurs first. However, the nursing home must give notice of its intent to retain the beds to the department of health no later than thirty days after the effective date of the facility's closure.

NEW SECTION. Sec. 7. A new section is added to chapter 74.14A RCW to read as follows:

The secretary shall:

- (1)(a) Consult with relevant qualified professionals to develop a set of minimum guidelines to be used for identifying all children who are in a state-assisted support system, whether at-home or out-of-home, who are likely to need long-term care or assistance, because they face physical, emotional, medical, mental, or other long-term challenges.

NEW SECTION. Sec. 8. A new section is added to chapter 71A.20 RCW to read as follows:

NEW SECTION. Sec. 11. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

Debate ensued.

Senator Newhouse: "Senator Talmadge, can you tell me what the fiscal impact of this bill is and how it is related to our budget for this session?"

Senator Talmadge: "My understanding, Senator Newhouse, is that the language in the budget provides for the conversion of some nursing home beds and provides for some incentives for taking people out of the nursing home setting and having them treated in the less-expensive community programs. This facilitates the process by which that placement of elderly people in community programs can take place and it will save us some money, because the nursing home beds are more expensive than treating people in home-based care--community-based care."

Senator Newhouse: "We're talking about saving six or seven million dollars, are we, for the biennium?"

Senator Talmadge: "I believe that is correct. Senator Rinehart can confirm that, but it is not only a cost saving, but, I think, that the way we have now worked it, it is a superior policy than what we now have for dealing with the needs of people in long-term care."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Talmadge and Deccio to Substitute House Bill No. 2098.

Creating the PNWER-Net working group

MR. SPEAKER:

MR. PRESIDENT:

We of your Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 5745, creating the PNWER-Net working group, have had the same under consideration and we recommend that the House Appropriations Committee Amendment not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In chapter 251, Laws of 1991, the legislature enacted into law the Pacific Northwest economic region agreement and made the state of Washington a party along with member states Alaska, Idaho, Montana, and Oregon, and member Canadian provinces Alberta and British Columbia. The legislature recognized that the member states and provinces of the Pacific Northwest economic region are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the members and providing substantial economic benefits for all of their citizens.

For those reasons, in chapter 251, Laws of 1991, the legislature also encouraged the establishment of cooperative activities between the seven legislative bodies of the Pacific Northwest economic region. The member states and provinces now desire to engage in such cooperation by electronically sharing twenty-two million volumes from certain of their respective universities. The member states and provinces have determined that such interlibrary sharing will provide substantial economic benefit for their citizens. The legislature agrees, specifically also finding that such interlibrary sharing furthers a major component of education strategy in the 1990's and twenty-first century, namely providing increased access to knowledge via technology.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, as used in sections 1 through 5 of this act "PNWER-Net" means the technology network to be created by the member states and provinces of the Pacific Northwest economic region that will be capable of electronically linking the following undergraduate university libraries of the member states and provinces:

- (1) Alaska:
 - (a) University of Alaska, Anchorage;
 - (b) University of Alaska, Juneau;
- (2) Alberta:
 - (a) University of Alberta, Calgary;
 - (b) University of Alberta, Edmonton;
- (3) British Columbia:
 - (a) University of British Columbia, Vancouver;
 - (b) University of Victoria, Victoria;
- (4) Idaho:
 - (a) Boise State University, Boise;
 - (b) University of Idaho, Moscow;
- (5) Montana:
 - (a) Montana State University, Bozeman;
 - (b) University of Montana, Missoula;
- (6) Oregon:
 - (a) Oregon State University, Corvallis;
 - (b) University of Oregon, Eugene;
- (7) Washington:
 - (a) University of Washington, Seattle; and
 - (b) Washington State University, Pullman.

NEW SECTION. Sec. 3. (1) The PNWER-Net working subgroup is hereby created for the member state of Washington. The working subgroup shall be composed of seven members as follows: Two members of the senate, one from each of the major caucuses, appointed by the president of the senate; two members of the house of representatives, appointed by the speaker of the house of representatives; the state librarian; and the primary undergraduate academic librarian from each of the state's two research institutions of higher education.

(2) The staff support shall be provided by the senate committee services and, to the extent authorized by the chief clerk of the house of representatives, by the house of representatives office of program research as mutually agreed by the legislators on the working group.

(3) Legislative members shall be reimbursed for expenses in accordance with RCW 44.04.120. Non-legislative members shall be reimbursed for expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 4. The PNWER-Net working subgroup shall have the following duties:

(1) To work with working subgroups from other member states and provinces in an entity known as the PNWER-Net working group to develop PNWER-Net;

(2) To assist the PNWER-Net working group in developing criteria to ensure that designated member libraries use existing telecommunications infrastructure including the internet; and

(3) To report to the legislature by December 1, 1994, concerning the status of PNWER-Net.

NEW SECTION. Sec. 5. The PNWER-Net working group may accept gifts, grants, and donations from private individuals and entities made for the purposes of sections 1 through 4 of this act.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are each added to chapter 43.147 RCW.", and that the bill do pass as recommended by the conference committee.

Signed by: Senators Bauer, Bluechel, Sheldon; Representatives Sommers, Finkbeiner.

MOTION

Senator Bauer moved that the Senate adopt the Report of the Conference Committee on Engrossed Senate Bill No. 5745. Debate ensued.

The President declared the question before the Senate to be the motion by Senator Bauer that the Senate do adopt the Report of the Conference Committee on Engrossed Senate Bill No. 5745.

The motion by Senator Bauer carried and the Report of the Conference Committee on Engrossed Senate Bill No. 5745 was adopted.

POINT OF ORDER

Senator Nelson: "A point of order, Mr. President. I note in Section 5, now, of the bill--the Conference Report that we have now adopted--that it has the phrasing and the actual exact wording that a section of a previous bill that dealt with gifts being received--grants and donations--by private individuals for the purposes of being used for the rest of the act. We had similar language in a measure that provided to the Secretary of State the ability to receive gifts and grants for the purposes of then purchasing mementos like flags and the rest. I would like the President to rule whether or not this then becomes an exception to Initiative 134.

REPLY BY THE PRESIDENT

President Pritchard: "Senator Bluechel, do you wish to respond to this?"

REMARKS BY SENATOR BLUECHEL

Senator Bluechel: "Mr. President, in this working group, the private sector has provided the funds to carry on the work. It is composed of two representatives from each House--from each state and province. One of the issues that has been before us is that one private sector organization provided a consultant to work with this group to develop the technical language that was not available through any of the public entities. This is the whole basis of which PNWER-Net operates with private sector donations. The enabling act of PNWER-Net has simply said that private sector donations will be solicited to match or to exceed the funds from each state and province."

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 5745, as recommended by the Conference Committee.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 5745, as recommended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 42; Nays, 2; Absent, 0; Excused, 5.

Voting yea: Senators Amondson, Anderson, Barr, Bauer, Bluechel, Cantu, Deccio, Drew, Erwin, Franklin, Fraser, Gaspard, Hargrove, Haugen, Hochstatter, Loveland, McAuliffe, McCaslin, McDonald, Moore, Moyer, Nelson, Newhouse, Oke, Owen, Pelz, Prentice, Prince, Quigley, Rasmussen, M., Roach, Sellar, Sheldon, Skratek, Smith, A., Snyder, Talmadge, Vognoild, von Reichbauer, Williams, Winsley and Wojahn - 42.

Voting nay: Senators Jesernig and Sutherland - 2.

Excused: Senators Niemi, Rinehart, Smith, L., Spanel and West - 5.

ENGROSSED SENATE BILL NO. 5745, as recommended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Concerning seizure and forfeiture

MR. SPEAKER:

MR. PRESIDENT:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 5815, concerning seizure and forfeiture, have had the same under consideration and we recommend that all previous amendments not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 69.50.505 and 1992 c 211 s 1 are each amended to read as follows:

(a) The following are subject to seizure and forfeiture and no property right exists in them:

(1) All controlled substances which have been manufactured, distributed, dispensed, acquired, or possessed in violation of this chapter or chapter 69.41 or 69.52 RCW, and all hazardous chemicals, as defined in RCW 64.44.010, used or intended to be used in the manufacture of controlled substances;

(2) All raw materials, products, and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW;

(3) All property which is used, or intended for use, as a container for property described in paragraphs (1) or (2);

(4) All conveyances, including aircraft, vehicles, or vessels, which are used, or intended for use, in any manner to facilitate the sale, delivery, or receipt of property described in paragraphs (1) or (2), except that:

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or chapter 69.41 or 69.52 RCW;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) No conveyance is subject to forfeiture under this section if used in the receipt of only an amount of marijuana for which possession constitutes a misdemeanor under RCW 69.50.401(e);

(iv) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(v) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(5) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter or chapter 69.41 or 69.52 RCW;

(6) All drug paraphernalia;

(7) All moneys, negotiable instruments, securities, or other tangible or intangible property of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW, all tangible or intangible personal property, proceeds, or assets acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of this chapter or chapter 69.41 or 69.52 RCW(~~(= PROVIDED, That)~~). A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission(~~(= PROVIDED FURTHER, That)~~). No personal property may be forfeited under this paragraph, to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(8) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any appurtenances or improvements which are being used with the knowledge of the owner for the manufacturing, compounding, processing, delivery, importing, or exporting of any controlled substance, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, if such activity is not less than a class C felony and a substantial nexus exists between the commercial production or sale of the controlled substance and the real property(~~(= PROVIDED, That)~~). However:

(i) No property may be forfeited pursuant to this subsection, to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender's intent to engage in commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(b) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(1) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(2) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(3) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(4) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(c) In the event of seizure pursuant to subsection (b), proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(e) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction ((if the aggregate value of the article or articles involved is more than five hundred dollars)). Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.

(f) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(2) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) Forward it to the drug enforcement administration for disposition.

(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(2) Each seizing agency shall retain records of forfeited property for at least seven years.

(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.

(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (n) of this section.

(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(k) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(m) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(n) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:

(l) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(2) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(o) The landlord's claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:

(1) Damage to tangible property and clean-up costs;

(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(3) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (f)(2) of this section;

and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (n) of this section, the rights the

landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency.

NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) A vehicle driven by or under the actual physical control of the owner of the vehicle in violation of RCW 46.61.502 or 46.61.504 is, upon the conviction of the owner when that conviction is the second or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, subject to seizure and forfeiture and no property right exists in that vehicle.

A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the violation of RCW 46.61.502 or 46.61.504.

(2) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(3) A seizure under subsection (2) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title.

(7) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(8) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(9) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(10) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(11) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(12) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(13) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

Redefining the relationship between the state and its postsecondary institutions

MR. SPEAKER:

MR. PRESIDENT:

We of your Conference Committee, to whom was referred SECOND SUBSTITUTE SENATE BILL 5836, redefining the relationship between the state and its postsecondary institutions, have had the same under consideration and we recommend that

the House Higher Education Committee amendments not be adopted, and that the following Conference Committee striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds a need to redefine the relationship between the state and its postsecondary education institutions through a compact based on trust, evidence, and a new alignment of responsibilities. As the proportion of the state budget dedicated to postsecondary education programs has continued to decrease and the opportunity for this state's citizens to participate in such programs also has declined, the state institutions of higher education have increasingly less flexibility to respond to emerging challenges through innovative management and programming. The legislature finds that this state has not provided its institutions of higher education with the ability to effectively achieve state-wide goals and objectives to increase access to, improve the quality of, and enhance the accountability for its postsecondary education system.

Therefore, the legislature declares that the policy of the state of Washington is to create an environment in which the state institutions of higher education have the authority and flexibility to enhance attainment of state-wide goals and objectives for the state's postsecondary education system through decisions and actions at the local level. The policy shall have the following attributes:

- (1) The accomplishment of equitable and adequate enrollment by significantly raising enrollment lids, adequately funding those increases, and providing sufficient financial aid for the neediest students;
- (2) The development and use of a new definition of quality measured by effective operations and clear results; the efficient use of funds to achieve well-educated students;
- (3) The attainment of a new resource management relationship that removes the state from micromanagement, allows institutions greater management autonomy to focus resources on essential functions, and encourages innovation; and
- (4) The development of a system of coordinated planning and sufficient feedback to assure policymakers and citizens that students are succeeding and resources are being prudently deployed.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

- (1) At the local level, the higher education institutional responsibilities include but are not limited to:
 - (a) Development and provision of strategic plans under the guidelines established by the higher education coordinating board. In developing their strategic plans, the research universities shall consider the feasibility of significantly increasing the number of evening graduate classes;
 - (b) For the four-year institutions of higher education, timely provision of information required by the higher education coordinating board to report to the governor, the legislature, and the citizens;
 - (c) Provision of local student financial aid delivery systems to achieve both state-wide goals and institutional objectives in concert with state-wide policy; and
 - (d) Operating as efficiently as feasible within institutional missions and goals.
- (2) At the state level, the higher education coordinating board shall be responsible for:
 - (a) Delineation and coordination of strategic plans to be prepared by the institutions;
 - (b) Preparation of reports to the governor, the legislature, and the citizens on program accomplishments and use of resources by the institutions;
 - (c) Administration and policy implementation for state-wide student financial aid programs; and
 - (d) Assistance to institutions in improving operational efficiency through measures that include periodic review of program efficiencies.
- (3) At the state level, on behalf of community colleges and technical colleges, the state board for community and technical colleges shall coordinate and report on the system's strategic plans and shall provide any information required of its colleges by the higher education coordinating board.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.80 RCW to read as follows:

In cooperation with institutions of higher education, the state board for community and technical colleges, and appropriate state and local agencies, the higher education coordinating board may identify methods to reduce administrative barriers to efficient institutional operations. These methods may include waivers of statutory requirements and administrative rules. The higher education coordinating board shall report to the governor and appropriate legislative committees its recommendations for any statutory changes necessary to enhance institutional efficiencies. In cooperation with affected institutions, the board shall work with appropriate agencies to reduce administrative barriers that do not require statutory changes.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.80 RCW to read as follows:

The higher education coordinating board, in conjunction with the four-year institutions of higher education, shall conduct a study of higher education system operations to identify efficiencies to increase access to, improve the quality of, and reduce the cost of higher education. This study shall include but not be limited to:

- (1) Examining potential unnecessary duplicative and low-productivity programs for possible consolidation or termination;
- (2) Developing criteria for and conducting an evaluation of faculty productivity;
- (3) Reviewing and developing recommendations on appropriate institutional roles for providing remedial instruction;
- (4) Exploring the potential for greater use of the public higher education system physical plant and other resources through such means as expanded operations during summer terms, evenings, and weekends;
- (5) Examining the effectiveness of proposals on variable tuition rates and faculty salary incentives; and
- (6) Identifying ways for institutions to share resources, faculty, and curricula through collaboration with other public and private postsecondary institutions and common school districts in their service areas to increase student opportunities and reduce costs. Analyses shall include clear articulation of functions among institutions, means to reduce duplication, and policies to facilitate student movement among institutions.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.80 RCW to read as follows:

The higher education coordinating board, in conjunction with the state board for community and technical colleges and the institutions of higher education, shall report regularly to the legislature and the citizens the accomplishments of, expenditures for, and requirements of the postsecondary educational system in the state of Washington. The state board for community and technical colleges and the state institutions of higher education shall report uniformly to the higher education coordinating board, on an annual basis, the information necessary to prepare the report. Independent colleges and universities are encouraged to

cooperate with this effort and to provide to the board information in a uniform format developed by the board, in cooperation with the institutions. Examples of performance measures that could be included are:

- (1) Retention and graduation rates;
- (2) Average time to a degree;
- (3) Credit hours per degree awarded;
- (4) Degrees awarded by discipline and by level;
- (5) Multiple degrees;
- (6) Measures taken to reduce duplicative courses, programs, and requirements;
- (7) Student-faculty contact hours;
- (8) Placement rates;
- (9) Success in recruiting and graduating underrepresented groups;
- (10) Various fiscal and management measures; and
- (11) Demographic information on enrolled students, including but not limited to socioeconomic and ethnic backgrounds.

Sec. 6. RCW 28B.80.330 and 1985 c 370 s 4 are each amended to read as follows:

The board shall perform the following planning duties in consultation with the four-year institutions, the community and technical college system, and when appropriate the ~~((commission for vocational education))~~ work force training and education coordinating board, the superintendent of public instruction ~~((for the vocational-technical institutes))~~, and the independent higher educational institutions:

(1) Develop and establish role and mission statements for each of the four-year institutions and for the community and technical college system;

(2) Identify the state's higher education goals, objectives, and priorities;

(3) Prepare a comprehensive master plan which includes but is not limited to:

(a) Assessments of the state's higher education needs. These assessments may include, but are not limited to: The basic and continuing needs of various age groups; business and industrial needs for a skilled workforce; analyses of demographic, social, and economic trends; consideration of the changing ethnic composition of the population and the special needs arising from such trends; college attendance, retention, and dropout rates, and the needs of recent high school graduates and placebound adults. The board should consider the needs of residents of all geographic regions, but its initial priorities should be applied to heavily populated areas underserved by public institutions;

(b) Recommendations on enrollment and other policies and actions to meet those needs;

(c) Guidelines for continuing education, adult education, public service, and other higher education programs.

The initial plan shall be submitted to the governor and the legislature by December 1, 1987. Comments on the plan from the board's advisory committees and the institutions shall be submitted with the plan.

The plan shall be updated ~~((biennially))~~ every four years, and presented to the governor and the appropriate legislative policy committees. Following public hearings, the legislature shall, by concurrent resolution, approve or recommend changes to the initial plan, and the ~~((biennial))~~ updates. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan;

(4) Review, evaluate, and make recommendations on operating and capital budget requests from four-year institutions and the community and technical college system, based on the elements outlined in subsections (1), (2), and (3) of this section, and on guidelines which outline the board's fiscal priorities. These guidelines shall be distributed to the institutions and the community college board by December of each odd-numbered year. The institutions and the community college board shall submit an outline of their proposed budgets, identifying major components, to the board no later than August 1 of each even-numbered year. The board shall submit recommendations on the proposed budgets and on the board's budget priorities to the office of financial management before October 15 of each even-numbered year, and to the legislature by January 1 of each odd-numbered year;

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.", and that the bill do pass as recommended by the Conference Committee.

MR. SPEAKER:

MR. PRESIDENT:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 5948, modifying process and procedures for disciplining of health care professionals, have had the same under consideration and we recommend that the House Health Care Committee amendment, as amended, adopted April 17, 1993, be adopted with the following change:

On page 2, line 26, of the amendment strike all of subsection (3) and insert

"(3) Only upon the authorization of a disciplinary authority identified in RCW 18.130.040(2)(b), the secretary, or his or her designee, may serve as the presiding officer for any disciplinary proceedings of the disciplinary authority authorized under this chapter. The presiding officer shall not vote on any final decision. All functions performed by the presiding officer shall be subject to chapter 34.05 RCW. Signed by: Senators Talmadge, Deccio, Niemi; Representatives L. Johnson, Campbell, Dyer.

MOTION

Senator Talmadge moved that the Senate adopt the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 5948.

POINT OF INQUIRY

Senator Nelson: "Senator Talmadge, I notice, and you brought up the fact, that we have removed in Section 3 the pharmacists and pharmacy assistants. Where, now, do those individual disciplines find themselves in the process of complaints that might be rendered against them? We've stricken them from--"

Senator Talmadge: "I'm not for certain what--"

Senator Nelson: "We've stricken them here from Chapter 18.130 and where have we put them now? Where do individuals go if they have a complaint against a pharmacist or a pharmacy assistant? In the old language, it was all under the Board of Pharmacy."

Senator Talmadge: "They are under the Uniform Disciplinary Act, Senator. If you go to Section 4, you will find health care assistants in Section xiii on page 6 and the pharmacists in ix. Both are under the Disciplinary Act. The idea was to take and have these health care professionals be under the same set of standards for discipline as we provide for all other professionals rather than have them handle disciplinary matters in a separate setting. It is under RCW 18.130, the State's Uniform Disciplinary Act. These individuals would be handled in the same way that we handle all other health care professionals."

Senator Nelson: "Well, I went there, Senator Talmadge, and I couldn't find pharmacists in that section."

Senator Talmadge: "In Section 4 on page 5 and page 6? Line 4 on page 6 is health care assistants certified under chapter 18.135."

Senator Nelson: "That's pharmacists?"

Senator Talmadge: No, that's health care assistants. On page 6, lines 29 and 30, the board of pharmacy as established in chapter 18.64 RCW governing licenses issued under chapters 18.64 and 18.64A RCW, which are pharmacists."

Senator Nelson: "Thank you."

The President declared the question before the Senate to be the motion by Senator Talmadge that the Senate do adopt the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 5948.

The motion by Senator Talmadge carried and the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 5948 was adopted.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5948, as recommended by the Conference Committee.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5948, as recommended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 43; Nays, 0; Absent, 0; Excused, 6.

Voting yea: Senators Amondson, Anderson, Barr, Bauer, Bluechel, Cantu, Deccio, Drew, Erwin, Franklin, Fraser, Gaspard, Hargrove, Haugen, Hochstatter, Jesernig, Loveland, McAuliffe, McCaslin, McDonald, Moore, Moyer, Nelson, Newhouse, Oke, Owen, Pelz, Prentice, Prince, Quigley, Rasmussen, M., Roach, Sellar, Sheldon, Skratek, Smith, A., Snyder, Sutherland, Talmadge, von Reichbauer, Williams, Winsley and Wojahn - 43.

Excused: Senators Niemi, Rinehart, Smith, L., Spanel, Vognild and West - 6.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5948, as recommended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5966 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that continued operation of state veterans' homes is necessary to meet the needs of eligible veterans for shelter, personal and nursing care, and related services; that certain residents of veterans' homes or services provided to them may be eligible for participation in the state's medicaid reimbursement system; and that authorizing medicaid participation is appropriate to address the homes' long-term funding needs. The legislature also finds that it is important to maintain the dignity and self-respect of residents of veterans' homes, by providing for continued resident involvement in the homes' operation, and through retention of current law guaranteeing a minimum amount of allowable personal income necessary to meet the greater costs for these residents of transportation, communication, and participation in family and community activities that are vitally important to their maintenance and rehabilitation.

NEW SECTION. Sec. 2. A new section is added to chapter 72.36 RCW to read as follows:

Qualifying operations at state veterans' homes operated by the department of veterans affairs, may be provided under the state's medicaid reimbursement system as administered by the department of social and health services.

The department of veterans affairs may contract with the department of social and health services under the authority of RCW 74.09.120 but the provisions of RCW 74.46.420 through 74.46.590 shall not apply to the medicaid rate-setting and reimbursement systems. The nursing care operations at the state veterans' homes shall be subject to inspection by the department of social and health services. This includes every part of the state veterans' home's premises, an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs, methods of supply, and any other records the department deems relevant.

NEW SECTION. Sec. 3. A new section is added to chapter 72.36 RCW to read as follows:

The department of veterans affairs shall provide by rule for the annual election of a resident council for each state veterans' home. The council shall annually elect a chair from among its members, who shall call and preside at council meetings. The resident council shall serve in an advisory capacity to the director of the department of veterans affairs and to the superintendent in all matters related to policy and operational decisions affecting resident care and life in the home.

By October 31, 1993, the department shall adopt rules that provide for specific duties and procedures of the resident council which create an appropriate and effective relationship between residents and the administration. These rules shall be adopted after consultation with the resident councils and the state long-term care ombuds, and shall include, but not be limited to the following:

(1) Provision of staff technical assistance to the councils;

(2) Provision of an active role for residents in developing choices regarding activities, foods, living arrangements, personal care, and other aspects of resident life;

(3) A procedure for resolving resident grievances; and

(4) The role of the councils in assuring that resident rights are observed.

The development of these rules should include consultation with all residents through the use of both questionnaires and group discussions.

The resident council for each state veterans' home shall annually review the proposed expenditures from the benefit fund that shall contain all private donations to the home, all bequeaths, and gifts. Disbursements from each benefit fund shall be for the benefit and welfare of the residents of the state veteran's homes. Disbursements from the benefits funds shall be on the authorization of the superintendent or his or her authorized representative after approval has been received from the home's resident council.

The superintendent or his or her designated representative shall meet with the resident council at least monthly. The director of the department of veterans affairs shall meet with each resident council at least three times each year.

Sec. 4. RCW 72.36.020 and 1977 c 31 s 2 are each amended to read as follows:

The director of the department of veterans affairs shall appoint a superintendent for ~~((the state soldiers' home and colony, and a superintendent for the Washington veterans' home, who, with the consent of the director, may be styled, respectively, "commandant of the home"))~~ each state veterans' home. The superintendent shall exercise management and control of the institution in accordance with either policies ((and/or)) or procedures promulgated by the director of the department of veterans affairs, or both, and rules and regulations of the department. In accordance with chapter 18.52 RCW, the individual appointed as superintendent for either state veterans' home shall be a licensed nursing home administrator. The department may request a waiver to, or seek an alternate method of compliance with, the federal requirement for a licensed on-site administrator during a transition phase from July 1, 1993, to June 30, 1994.

Sec. 5. RCW 72.36.030 and 1977 ex.s. c 186 s 1 are each amended to read as follows:

ESHB 1209 April 23, 1993

Includes "NEW ITEM": YES

Reforming education

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1209, Education reform, have had the same under consideration and we recommend that:

The Senate Committee on Education striking amendment(s) adopted, as amended, on April 13, 1993, be not adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that student achievement in Washington must be improved to keep pace with societal changes, changes in the workplace, and an increasingly competitive international economy.

To increase student achievement, the legislature finds that the state of Washington needs to develop a public school system that focuses more on the educational performance of students, that includes high expectations for all students, and that provides more flexibility for school boards and educators in how instruction is provided.

The legislature further finds that improving student achievement will require:

(1) Establishing what is expected of students, with standards set at internationally competitive levels;
(2) Parents to be primary partners in the education of their children, and to play a significantly greater role in local school decision making;

(3) Students taking more responsibility for their education;

(4) Time and resources for educators to collaboratively develop and implement strategies for improved student learning;

- (5) Making instructional programs more relevant to students' future plans;
- (6) All parties responsible for education to focus more on what is best for students; and
- (7) An educational environment that fosters mutually respectful interactions in an atmosphere of collaboration and cooperation.

It is the intent of the legislature to provide students the opportunity to achieve at significantly higher levels, and to provide alternative or additional instructional opportunities to help students who are having difficulty meeting the essential academic learning requirements in RCW 28A.630.885.

It is also the intent of the legislature that students who have met or exceeded the essential academic learning requirements be provided with alternative or additional instructional opportunities to help advance their educational experience.

The provisions of chapter . . . , Laws of 1993 (this act) shall not be construed to change current state requirements for students who receive home-based instruction under chapter 28A.200 RCW, or for students who attend state-approved private schools under chapter 28A.195 RCW.

PART I STUDENT LEARNING GOALS

Sec. 101. RCW 28A.150.210 and 1977 ex.s. c 359 s 2 are each amended to read as follows:

The goal of the Basic Education Act for the schools of the state of Washington set forth in this ~~((1977 amendatory act))~~ chapter shall be to provide students with the opportunity to ~~((achieve these skills which are generally recognized as requisite to learning. Those skills shall include the ability:~~

- ~~(1) To distinguish, interpret and make use of words, numbers and other symbols, including sound, colors, shapes and textures;~~
- ~~(2) To organize words and other symbols into acceptable verbal and nonverbal forms of expression, and numbers into their appropriate functions;~~
- ~~(3) To perform intellectual functions such as problem solving, decision making, goal setting, selecting, planning, predicting, experimenting, ordering and evaluating; and~~
- ~~(4) To use various muscles necessary for coordinating physical and mental functions;))~~ become responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for all students to develop the knowledge and skills essential to:
 - (1) Read with comprehension, write with skill, and communicate effectively and responsibly in a variety of ways and settings;
 - (2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; civics and history; geography; arts; and health and fitness;
 - (3) Think analytically, logically, and creatively, and to integrate experience and knowledge to form reasoned judgments and solve problems; and
 - (4) Understand the importance of work and how performance, effort, and decisions directly affect future career and educational opportunities.

NEW SECTION. **Sec. 102.** Section 101 of this act shall take effect September 1, 1994.

PART II COMMISSION ON STUDENT LEARNING

NEW SECTION. **Sec. 201.** A new section is added to chapter 28A.630 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.630.885 and 28A.300.130.

- (1) "Commission" means the commission on student learning created in RCW 28A.630.885.
- (2) "Student learning goals" mean the goals established in RCW 28A.150.210.
- (3) "Essential academic learning requirements" means more specific academic and technical skills and knowledge, based on the student learning goals, as determined under RCW 28A.630.885(3)(a). Essential academic learning requirements shall not limit the instructional strategies used by schools or school districts or require the use of specific curriculum.
- (4) "Performance standards" or "standards" means the criteria used to determine if a student has successfully learned the specific knowledge or skill being assessed as determined under RCW 28A.630.885(3)(b). The standards should be set at internationally competitive levels.
- (5) "Assessment system" or "student assessment system" means a series of assessments used to determine if students have successfully learned the essential academic learning requirements. The assessment system shall be developed under RCW 28A.630.885(3)(b).
- (6) "Performance-based education system" means an education system in which a significantly greater emphasis is placed on how well students are learning, and significantly less emphasis is placed on state-level laws and rules that dictate how instruction is to be provided. The performance-based education system does not require that schools use an outcome-based instructional model. Decisions regarding how instruction is provided are to be made, to the greatest extent possible, by schools and school districts, not by the state.

Sec. 202. RCW 28A.630.885 and 1992 c 141 s 202 are each amended to read as follows:

~~((2))~~ (1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify ~~((what))~~ the knowledge and skills all public school students need to know and be able to do based on the student learning goals ((of the governor's council on education reform and funding)) in RCW 28A.150.210, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and ~~((three))~~ five members appointed no later than ~~((February))~~ June 1, 1993, by the governor elected in the

November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the ~~((cultural))~~ racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

~~((3))~~ The commission shall begin its substantive work subject to subsection (1) of this section.

~~(4))~~ (2) The commission shall establish ~~((technical))~~ advisory committees. Membership of the ~~((technical))~~ advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

~~((5))~~ (3) The commission, with the assistance of the ~~((technical))~~ advisory committees, shall:

(a) ~~((Identify what all elementary and secondary students need to know and be able to do. At a minimum, these))~~ Develop essential academic learning requirements ~~((shall include reading, writing, speaking, science, history, geography, mathematics, and critical thinking. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements;

(b) ~~((By December 1, 1995,))~~ (i) The commission shall present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary ~~((grades)), middle, and high school years~~ designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of ~~((methodologies))~~ assessment methods, including performance-based measures that are criterion-referenced. Performance standards for determining if a student has successfully completed an assessment shall be initially determined by the commission in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who ~~((do))~~ have not ~~((master))~~ mastered the essential academic learning requirements at the appropriate periods in the student's educational development. ~~((Mastery of each component of the essential academic learning requirements shall be required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the elementary academic assessment system beginning in the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements.))~~

(iii) Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. To the maximum extent possible, the commission shall integrate knowledge and skill areas in development of the assessments.

(iv) Before the 2000-2001 school year, participation by school districts in the assessment system shall be optional. School districts that desire to participate before the 2000-2001 school year shall notify the superintendent of public instruction in a manner determined by the superintendent. Beginning in the 2000-2001 school year, all school districts shall be required to participate in the assessment system.

(v) The state board of education and superintendent of public instruction may modify the essential academic learning requirements and academic assessment system, as needed, in subsequent school years.

(vi) The commission shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender;

(c) ~~((By December 1, 1996, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the secondary grades designed to determine if each student has mastered the essential academic learning requirements identified for secondary students in (a) of this subsection. The academic assessment system shall use a variety of methodologies, including performance-based measures, to determine if students have mastered the essential academic learning requirements, and))~~ After a determination is made by the state board of education that the high school assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the high school assessment shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation. ~~((The assessment system shall be designed so that the results are used by educators to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements.))~~ The commission shall ~~((recommend))~~ make recommendations to the state board of education ~~((whether the certificate of mastery should take the place of the graduation requirements or be required for graduation in addition to graduation requirements. The state board of education and superintendent of public instruction shall implement the secondary academic assessment system beginning in the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential~~

academic learning requirements. The state board of education and superintendent of public instruction may modify the assessment system, as needed, in subsequent school years) regarding the relationship between the certificate of mastery and high school graduation requirements. Upon achieving the certificate of mastery, schools shall provide students with the opportunity to continue to pursue career and educational objectives through educational pathways that emphasize integration of academic and vocational education. Educational pathways may include, but are not limited to, programs such as work-based learning, school-to-work transition, tech prep, vocational-technical education, running start, and preparation for technical college, community college, or university education;

(a) What data is necessary to compare how school districts are performing before the essential academic learning requirements and the assessment system are implemented with how school districts are performing after the essential academic learning requirements and the assessment system are implemented; and

(b) What data is necessary pertaining to school district reports under the accountability systems developed by the commission on student learning under RCW 28A.630.885(3)(h).

NEW SECTION. Sec. 1004. By September 1, 1994, and each September 1st thereafter, the commission on student learning, the superintendent of public instruction, the state board of education, the higher education coordinating board, and the state board for community and technical colleges shall each report to the joint select committee on education restructuring regarding their progress in completing tasks as designated in chapter . . . , Laws of 1993 (this act), and tasks in any subsequent legislation relating to education restructuring.

NEW SECTION. Sec. 1005. The joint select committee on education restructuring shall submit its final report to the legislature by December 31, 2001.

NEW SECTION. Sec. 1006. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Beginning with the 1994-95 school year, to provide the local community and electorate with access to information on the educational programs in the schools in the district, each school shall publish annually a school performance report and deliver the report to each parent with children enrolled in the school and make the report available to the community served by the school. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed educational decisions. As data from the assessments in RCW 28A.630.885 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years and shall project goals in performance categories.

(2) The annual performance report shall include, but not be limited to: A brief statement of the mission of the school and the school district; enrollment statistics including student demographics; expenditures per pupil for the school year; a summary of student scores on all mandated tests; a concise annual budget report; student attendance, graduation, and dropout rates; information regarding the use and condition of the school building or buildings; a brief description of the restructuring plan for the school; and an invitation to all parents and citizens to participate in school activities.

(3) The superintendent of public instruction shall develop by June 30, 1994, a model report form, which shall also be adapted for computers, that schools may use to meet the requirements of subsections (1) and (2) of this section.

NEW SECTION. Sec. 1007. (1) A legislative fiscal study committee is hereby created. The committee shall be comprised of three members from each caucus of the senate, appointed by the president of the senate, and three members from each caucus of the house of representatives, appointed by the speaker of the house of representatives. In consultation with the office of the superintendent of public instruction, the committee shall study the common school funding system.

(2) By January 16, 1995, the committee shall report to the full legislature on its findings and any recommendations for a new funding model for the common school system.

(3) This section shall expire January 16, 1995.

Sec. 1008. RCW 28A.225.220 and 1990 1st ex.s. c 9 s 201 are each amended to read as follows:

(1) Any board of directors may make agreements with adults choosing to attend school: PROVIDED, That unless such arrangements are approved by the state superintendent of public instruction, a reasonable tuition charge, fixed by the state superintendent of public instruction, shall be paid by such students as best may be accommodated therein.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) ~~Beginning with the 1993-94 school year, school districts may ((establish annual)) not charge transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. ((Until rules are adopted under section 202, chapter 9, Laws of 1990 1st ex. sess. for the calculation of the transfer fee, the transfer fee shall be calculated by the same formula as the fees authorized under section 10, chapter 130, Laws of 1969. These fees, if applied, shall be applied uniformly for all such nonresident students except as provided in this section. The superintendent of public instruction, from available funds, shall pay any transfer fees for low-income students assessed by districts under this section. All transfer fees must be paid over to the county treasurer within thirty days of its collection for the credit of the district in which such students attend.))~~ Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

NEW SECTION. Sec. 1009. Sections 1001 through 1005 of this act are each added to chapter 28A.630 RCW.

NEW SECTION. Sec. 1010. Sections 1001 through 1005 of this act shall expire December 1, 2001.

PART XI PRIVATE SCHOOL AND HOME SCHOOL STUDENT EXEMPTIONS

Sec. 1101. RCW 28A.195.010 and 1990 c 33 s 176 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum program hour offerings as prescribed in RCW 28A.150.220.

(2) The school day shall be the same as that required in RCW 28A.150.030 and 28A.150.220, except that the percentages of total program hour offerings as prescribed in RCW 28A.150.220 for basic skills, work skills, and optional subjects and activities shall not apply to private schools or private sectarian schools.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certified person; and

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. However, the state board shall not require private school students to meet the student learning goals, obtain a certificate of mastery to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.630.885. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take these assessments, and obtain certificates of mastery. A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) above provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

NEW SECTION. Sec. 1102. 1992 c 141 s 505 is repealed.

Sec. 1103. RCW 28A.200.010 and 1990 c 33 s 178 are each amended to read as follows:

Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

(1) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction. Each parent shall file the statement by September 15 of the school year or within two weeks of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the parent resides;

(2) Ensure that test scores or annual academic progress assessments and immunization records, together with any other records that are kept relating to the instructional and educational activities provided, are forwarded to any other public or private school to which the child transfers. At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

(3) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, master the essential academic learning requirements, to take the assessments, or to obtain a certificate of mastery pursuant to RCW 28A.630.885. The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

Failure of a parent to comply with the duties in this section shall be deemed a failure of such parent's child to attend school without valid justification under RCW 28A.225.020. Parents who do comply with the duties set forth in this section shall be presumed to be providing home-based instruction as set forth in RCW 28A.225.010(4).

Signed by Senators Pelz, McAuliffe; Representatives Dorn, Brough, Cothorn.

MOTION

Senator Pelz moved that the Senate adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 1209.

POINT OF INQUIRY

Senator Erwin: "Senator Pelz, the HIV testing and sex education and things like that, that at one time were in the section of the bill, where it would have ruined the bill to veto that section out and now it is all by itself. Is there some indication from the Governor on what he plans to do on that?"

Senator Pelz: "I have to confess that during the conference process, I think I overlooked the fact that that language had fallen out and I apologize for that. However, that language was a reiteration of existing law that we had placed into the bill to clearly delineate for people with concerns that we recognize their concerns. That existing statute is in Washington law and we continue to apply to our K-12 system under this new bill."

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Pelz that the Senate do adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 1209.

(5) The tax imposed under this section shall expire when all obligations for which the taxes have been pledged are satisfied.

Sec. 2. RCW 67.28.200 and 1991 c 331 s 2 are each amended to read as follows:

The legislative body of any county or city may establish reasonable exemptions and may adopt such reasonable rules and regulations as may be necessary for the levy and collection of the taxes authorized ((by RCW 67.28.180, 67.28.182, and 67.28.230 through 67.28.250, and 67.28.260)) under this chapter. The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

~~((For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.))~~

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department (~~(of fisheries or department of wildlife)~~), through (~~(their)~~) its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

Sec. 31. RCW 75.20.1001 and 1991 c 322 s 12 are each amended to read as follows:

The department (~~(of fisheries and the department of wildlife)~~) shall process hydraulic project applications submitted under RCW 75.20.100 or 75.20.103 within thirty days of receipt of the application. This requirement is only applicable for the repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms that occurred in November and December 1990.

Sec. 32. RCW 75.20.103 and 1991 c 322 s 31 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department (~~(of fisheries or the department of wildlife)~~) as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as

provided in RCW 75.20.1001 and 75.20.1002, the department (~~(of fisheries or the department of wildlife)~~) shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department (~~(of fisheries or the department of wildlife)~~) shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If (~~(either)~~) the department (~~(of fisheries or the department of wildlife)~~) denies approval, (~~(that)~~) the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department (~~(of fisheries or the department of wildlife)~~) to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department (~~(granting approval)~~) may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department (~~(issuing the approval)~~) to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department (~~(that issued the approval)~~) may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department (~~(of fisheries or the department of wildlife)~~) as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

~~((For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.))~~

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department (~~(of fisheries or department of wildlife)~~), through (~~(their)~~) its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

Sec. 33. RCW 75.20.104 and 1991 c 322 s 18 are each amended to read as follows:

Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103, the department (~~(of fisheries and the department of wildlife)~~), upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

Sec. 34. RCW 75.20.1041 and 1991 c 322 s 19 are each amended to read as follows:

The department (~~(of fisheries, the department of wildlife,)~~) and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 are met.

Sec. 35. RCW 75.20.106 and 1988 c 36 s 35 are each amended to read as follows:

The department (~~(of fisheries and the department of wildlife)~~) may (~~(each)~~) levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director (~~(of the appropriate department)~~) or (~~(that)~~) the director's designee describing the violation. Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director (~~(of the department levying the penalty)~~). Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director (~~(of the department of fisheries or the department of wildlife)~~) shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 36. RCW 75.20.110 and 1988 c 36 s 36 are each amended to read as follows:

(1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:

(a) It is unlawful to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as (~~jointly~~) determined by the director (~~(of fisheries and the director of wildlife)~~).

(b) Except by (~~concurrent~~) order of the director (~~(of fisheries and director of wildlife)~~), it is unlawful to divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The director (~~(of fisheries and the director of wildlife)~~) may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

Sec. 37. RCW 75.20.130 and 1989 c 175 s 160 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by (~~either~~) the department (~~(of fisheries or the department of wildlife)~~) under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 38. RCW 75.20.300 and 1989 c 213 s 3 are each amended to read as follows:

(1) The legislature intends to expedite flood-control, acquisition of sites for sediment retention, and dredging operations in those rivers affected by the May 1980 eruption of Mt. St. Helens, while continuing to protect the fish resources of these rivers.

(2) The director (~~(of fisheries and director of wildlife)~~) shall process hydraulic project applications submitted under RCW 75.20.100 within fifteen working days of receipt of the application. This requirement is only applicable to flood control and dredging projects located in the Cowlitz river from mile 22 to the confluence with the Columbia, and in the Toutle river from the mouth to the North Fork Toutle sediment dam site at North Fork mile 12, and to river mile 3 on the South Fork Toutle river, and volcano-affected areas of the Columbia river.

(3) For the purposes of this section, the emergency provisions of RCW 75.20.100 may be initiated by the county legislative authority if the project is necessary to protect human life or property from flood hazards, including:

(a) Flood fight measures necessary to provide protection during a flood event; or

(b) Measures necessary to reduce or eliminate a potential flood threat when other alternative measures are not available or cannot be completed prior to the expected flood threat season; or

(c) Measures which must be initiated and completed within an immediate period of time and for which processing of the request through normal methods would cause a delay to the project and such delay would significantly increase the potential for damages from a flood event.

(4) This section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

(5) This section expires on June 30, 1995.

Sec. 39. RCW 75.20.310 and 1988 c 36 s 39 are each amended to read as follows:

The legislature recognizes the need to mitigate the effects of sedimentary build-up and resultant damage to fish population in the Toutle river resulting from the Mt. St. Helens eruption. The state has entered into a contractual agreement with the United States army corps of engineers designed to minimize fish habitat disruption created by the sediment retention structure on the Toutle river, under which the corps has agreed to construct a fish collection facility at the sediment retention structure site conditional upon the state assuming the maintenance and operation costs of the facility. The department (~~(of wildlife and the department of fisheries)~~) shall (~~(cooperatively)~~) operate and maintain a fish collection facility on the Toutle river. (~~(Each agency shall share in the cost of operating and maintaining the facility.)~~)

Sec. 40. RCW 75.24.065 and 1985 c 256 s 2 are each amended to read as follows:

The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia

oyster. The department ((of fisheries)) shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 41. RCW 75.25.005 and 1989 c 305 s 1 are each amended to read as follows:

The following recreational fishing licenses are administered and issued by the department ((of fisheries)) under authority of the director ((of fisheries)):

- (1) Hood Canal shrimp license;
- (2) Razor clam license;
- (3) Personal use fishing license;
- (4) Salmon license; and
- (5) Sturgeon license.

Sec. 42. RCW 75.25.080 and 1989 c 305 s 4 are each amended to read as follows:

(1) It is lawful to dig the personal-use daily bag limit of razor clams for another person if that person has in possession a physical disability permit issued by the director.

(2) An application for a physical disability permit must be submitted on a department ((of fisheries)) official form and must be accompanied by a licensed medical doctor's certification of disability.

Sec. 43. RCW 75.25.170 and 1989 c 305 s 16 are each amended to read as follows:

Fees received for recreational licenses required under this chapter shall be deposited in the general fund and shall be appropriated for management, enhancement, research, and enforcement purposes of the shellfish, salmon, and marine fish programs of the department ((of fisheries)).

Sec. 44. RCW 75.25.180 and 1989 c 305 s 14 are each amended to read as follows:

Recreational licenses issued by the department ((of fisheries)) under this chapter are valid for the following periods:

(1) Recreational licenses issued without charge to persons designated by this chapter are valid:

- (a) For life for blind persons;
- (b) For the period of continued state residency for qualified disabled veterans;
- (c) For the period of continued state residency for persons sixty-five years of age or more;
- (d) For the period of the disability for persons with a developmental disability;
- (e) For life for handicapped persons confined to a wheelchair who have been issued a permanent disability card; and
- (f) Until a child reaches fifteen years of age.

(2) Two-consecutive-day personal use licenses expire at midnight on the day following the validation date written on the license by the license dealer, except two-consecutive-day personal use licenses validated for December 31 expire at midnight on that date.

(3) An annual salmon license is valid for a maximum catch of fifteen salmon, after which another salmon license may be purchased. A salmon license is valid only for the calendar year for which it is issued.

(4) An annual sturgeon license is valid for a maximum catch of fifteen sturgeon. A sturgeon license is valid only for the calendar year for which it is issued.

(5) All other recreational licenses are valid for the calendar year for which they are issued.

Sec. 45. RCW 75.50.010 and 1985 c 458 s 1 are each amended to read as follows:

Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. ~~(The department of fisheries is directed to dedicate its efforts to make increasing the productivity of the salmon resource a first priority and to seek resolution to the many conflicts that involve the resource.)~~

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

Sec. 46. RCW 75.50.070 and 1989 c 426 s 1 are each amended to read as follows:

The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the department ((of fisheries)). The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state.

Sec. 47. RCW 75.50.080 and 1989 c 426 s 4 are each amended to read as follows:

Regional fisheries enhancement groups, consistent with the long-term regional policy statements developed under RCW 75.50.020, shall seek to:

- (1) Enhance the salmon resource of the state;
- (2) Maximize volunteer efforts and private donations to improve the salmon resource for all citizens;
- (3) Assist the department in achieving the goal to double the state-wide salmon catch by the year 2000 under chapter 214, Laws of 1988; and

(4) Develop projects designed to supplement the fishery enhancement capability of the department ((of fisheries)).

Sec. 48. RCW 75.50.130 and 1992 c 88 s 1 are each amended to read as follows:

The director ((of fisheries)) shall prepare a salmon recovery plan for the Skagit river. The plan shall include strategies for employing displaced timber workers to conduct salmon restoration and other tasks identified in the plan. The plan shall incorporate

the best available technology in order to achieve maximum restoration of depressed salmon stocks. The plan must encourage the restoration of natural spawning areas and natural rearing of salmon but must not preclude the development of an active hatchery program.

Sec. 49. RCW 75.52.010 and 1988 c 36 s 41 are each amended to read as follows:

The fish and ~~((game))~~ wildlife resources of the state benefit by the contribution of volunteer recreational and commercial fishing organizations, schools, and other volunteer groups in cooperative projects under agreement with the department ~~((of fisheries or the department of wildlife))~~. These projects provide educational opportunities, improve the communication between the natural resources agencies and the public, and increase the fish and game resources of the state. In an effort to increase these benefits and realize the full potential of cooperative projects, the department ~~((of fisheries and the department of wildlife each))~~ shall administer a cooperative fish and wildlife enhancement program and enter agreements with volunteer groups relating to the operation of cooperative projects.

Sec. 50. RCW 75.52.020 and 1988 c 36 s 42 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Volunteer group" means any person or group of persons interested in or party to an agreement with the department ~~((of fisheries or the department of wildlife))~~ relating to a cooperative fish or ~~((game))~~ wildlife project.

(2) "Cooperative project" means a project conducted by a volunteer group that will benefit the fish, shellfish, game bird, nongame wildlife, or game animal resources of the state and for which the benefits of the project, including fish and ~~((game))~~ wildlife reared and released, are available to all citizens of the state. Indian tribes may elect to participate in cooperative fish and wildlife projects with the department.

(3) "Department" means ~~((either))~~ the department of ~~((fisheries or the department of))~~ fish and wildlife ~~((, whichever is responsible for managing the species of fish or game most affected by the cooperative project))~~.

Sec. 51. RCW 75.52.035 and 1987 c 48 s 1 are each amended to read as follows:

The department ~~((of fisheries))~~ may authorize the sale of surplus salmon eggs and carcasses by permitted cooperative projects for the purposes of defraying the expenses of the cooperative project. In no instance shall the department allow a profit to be realized through such sales. The department shall adopt rules to implement this section pursuant to chapter 34.05 RCW.

Sec. 52. RCW 75.52.100 and 1989 c 85 s 3 are each amended to read as follows:

A salmon spawning channel shall be constructed on the Cedar river with the assistance and cooperation of the ~~((state))~~ department ~~((of fisheries))~~. The department shall use existing personnel and the volunteer fisheries enhancement program outlined under chapter 75.52 RCW to assist in the planning, construction, and operation of the spawning channel.

Sec. 53. RCW 75.52.110 and 1989 c 85 s 4 are each amended to read as follows:

The department ~~((of fisheries))~~ shall chair a technical committee, which shall review the preparation of enhancement plans and construction designs for a Cedar river sockeye spawning channel. The technical committee shall consist of not more than eight members: One representative each from the department ~~((of fisheries))~~, national marine fisheries service, United States fish and wildlife service, and Muckleshoot Indian tribe; and four representatives from the public utility described in RCW 75.52.130. The technical committee will be guided by a policy committee, also to be chaired by the department ~~((of fisheries))~~, which shall consist of not more than six members: One representative from the department ~~((of fisheries))~~, one from the Muckleshoot Indian tribe, and one from either the national marine fisheries service or the United States fish and wildlife service; and three representatives from the public utility described in RCW 75.52.130. The policy committee shall present a progress report to the senate and house of representatives natural resources and environment committees by January 1, 1990, and shall oversee the operation and evaluation of the spawning channel. The policy committee will continue its oversight until the policy committee concludes that the channel is meeting the production goals specified in RCW 75.52.120.

Sec. 54. RCW 75.52.160 and 1989 c 85 s 10 are each amended to read as follows:

Should the requirements of RCW 75.52.100 through 75.52.160 not be met, the department ~~((of fisheries))~~ shall seek immediate legal clarification of the steps which must be taken to fully mitigate water diversion projects on the Cedar river.

Sec. 55. RCW 75.58.010 and 1988 c 36 s 43 are each amended to read as follows:

(1) The director of agriculture and the director ~~((of fisheries))~~ shall jointly develop a program of disease inspection and control for aquatic farmers as defined in RCW 15.85.020. The program shall be administered by the department ~~((of fisheries))~~ under rules established under this section. The purpose of the program is to protect the aquaculture industry and wildstock fisheries from a loss of productivity due to aquatic diseases or maladies. As used in this section "diseases" means, in addition to its ordinary meaning, infestations of parasites or pests. The disease program may include, but is not limited to, the following elements:

- (a) Disease diagnosis;
- (b) Import and transfer requirements;
- (c) Provision for certification of stocks;
- (d) Classification of diseases by severity;
- (e) Provision for treatment of selected high-risk diseases;
- (f) Provision for containment and eradication of high-risk diseases;
- (g) Provision for destruction of diseased cultured aquatic products;
- (h) Provision for quarantine of diseased cultured aquatic products;
- (i) Provision for coordination with state and federal agencies;
- (j) Provision for development of preventative or control measures;
- (k) Provision for cooperative consultation service to aquatic farmers; and
- (l) Provision for disease history records.

(2) The director ~~((of fisheries))~~ shall adopt rules implementing this section. However, such rules shall have the prior approval of the director of agriculture and shall provide therein that the director of agriculture has provided such approval. The director of agriculture or the director's designee shall attend the rule-making hearings conducted under chapter 34.05 RCW and shall assist in conducting those hearings. The authorities granted the department ~~((of fisheries))~~ by these rules and by RCW 75.08.080(1)(g), 75.24.080, 75.24.110, 75.28.125, 75.58.020, 75.58.030, and 75.58.040 constitute the only authorities of the department ~~((of fisheries))~~ to regulate private sector cultured aquatic products and aquatic farmers as defined in RCW 15.85.020. Except as provided in subsection (3) of this section, no action may be taken against any person to enforce these rules unless the

department has first provided the person an opportunity for a hearing. In such a case, if the hearing is requested, no enforcement action may be taken before the conclusion of that hearing.

(3) The rules adopted under this section shall specify the emergency enforcement actions that may be taken by the department ((of fisheries)), and the circumstances under which they may be taken, without first providing the affected party with an opportunity for a hearing. Neither the provisions of this subsection nor the provisions of subsection (2) of this section shall preclude the department ((of fisheries)) from requesting the initiation of criminal proceedings for violations of the disease inspection and control rules.

(4) It is unlawful for any person to violate the rules adopted under subsection (2) or (3) of this section or to violate RCW 75.58.040.

(5) In administering the program established under this section, the department ((of fisheries)) shall use the services of a pathologist licensed to practice veterinary medicine.

(6) The director in administering the program shall not place constraints on or take enforcement actions in respect to the aquaculture industry that are more rigorous than those placed on the department ((of fisheries, the department of wildlife,)) or other fish-rearing entities.

Sec. 56. RCW 75.58.020 and 1985 c 457 s 9 are each amended to read as follows:

The directors of agriculture and ((fisheries)) fish and wildlife shall jointly adopt by rule, in the manner prescribed in RCW 75.58.010(2), a schedule of user fees for the disease inspection and control program established under RCW 75.58.010. The fees shall be established such that the program shall be entirely funded by revenues derived from the user fees by the beginning of the 1987-89 biennium.

There is established in the state treasury an account known as the aquaculture disease control account which is subject to appropriation. Proceeds of fees charged under this section shall be deposited in the account. Moneys from the account shall be used solely for administering the disease inspection and control program established under RCW 75.58.010.

Sec. 57. RCW 75.58.030 and 1988 c 36 s 44 are each amended to read as follows:

(1) The director ((of fisheries)) shall consult regarding the disease inspection and control program established under RCW 75.58.010 with ((the department of wildlife,)) federal agencies((,)) and Indian tribes to assure protection of state, federal, and tribal aquatic resources and to protect private sector cultured aquatic products from disease that could originate from waters or facilities managed by those agencies.

(2) With regard to the program, the director ((of fisheries)) may enter into contracts or interagency agreements for diagnostic field services with government agencies and institutions of higher education and private industry.

The goal of the program is to increase the production and planting of delayed release chinook salmon to a level of three million fish annually by the year 2000.

NEW SECTION. Sec. 87. The department shall conduct research, develop methods, and implement programs for the artificial rearing and release of marine bottomfish species. Lingcod, halibut, rockfish, and Pacific cod shall be the species of primary emphasis due to their importance in the recreational fishery.

NEW SECTION. Sec. 92. Indian tribal fishing interests and non-Indian commercial fishing groups shall be invited to participate in development of plans for selective fisheries that target hatchery-produced fish and minimize catch of naturally spawned fish. In addition, talks shall be initiated on the feasibility of altering the rearing programs of department hatcheries to achieve higher survival and greater production of chinook and coho salmon.

NEW SECTION. Sec. 93. The department shall coordinate the sport fishing program with the wild stock initiative to assure that the two programs are compatible and potential conflicts are avoided.

NEW SECTION. Sec. 94. The department shall develop plans for increased recreational access to salmon and marine fish resources. Proposals for new boat launching ramps and pier fishing access shall be developed.

POINT OF ORDER

Senator Roach: "Mr. President, a point of order. I would ask that you look at the scope and object of the New Section, Section 100. I think this bill is addressing the merger of two departments. This particular section involves the establishing of an arboretum as being a Washington State Park. I don't think that this is within the scope and object of this bill." Further debate ensued.

MOTION

On motion of Senator Jesernig, further consideration of Substitute House Bill No. 2055 was deferred.

REPORT OF CONFERENCE COMMITTEE

ESHB 1372 April 24, 1993

Includes "NEW ITEM": YES

Creating the government accountability task force

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1372, Emergency communic/privacy, have had the same under consideration and we recommend that:

The Senate Committee on Ways and Means striking amendment(s) adopted on April 16, 1993, not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many of the systems currently in place for assuring accountability in state government programs are not operated comprehensively, do not take advantage of modern management techniques, and do not contribute adequately to the optimum use of scarce resources. Critical variables that are not always taken into account include whether stated goals and objectives are being achieved, and whether desired results are being accomplished.

Agency executives need more accurate information for setting policy, determining whether new or existing programs are effective, and improving internal controls for agency management. These needs must be met at all levels of operation, and must be clearly communicated to the legislature and all interested parties.

Ensuring accountability in government involves a long-term commitment to policy planning, quality management, and results-oriented evaluation. It is the intent of the legislature to facilitate program evaluations and performance audits of selected state agencies and programs through the coordinated resources of the executive and legislative branches of state government.

The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110.

~~((3))~~ (2) It is the policy of the state that each state agency define its mission and establish measurable goals for achieving desirable results for those who receive its services. This section shall not be construed to require an agency to develop a

new mission or goals in place of identifiable missions or goals that meet the intent of this section. State agencies should involve affected groups and individuals in developing their missions and goals.

(3) For the purpose of assessing program performance, each state agency shall establish program objectives for each major program in its budget. The objectives shall be consistent with the missions and goals developed under this section. The objectives shall be expressed to the extent practicable in outcome-based, objective, and measurable form unless permitted by the office of financial management to adopt a different standard.

The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

Sec. 4. RCW 43.88.160 and 1992 c 118 s 8 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

~~((d))~~ (e) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

~~((e))~~ (f) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

~~((f) Promulgate regulations)~~ (g) Adopt rules to effectuate provisions contained in (a) through ((e)) (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under the treasurer's supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include ~~((at least the following:))~~ determinations as to whether agencies, in making expenditures, complied with the laws of this state ~~((: PROVIDED, That nothing in this section may be construed to grant))~~. The state auditor ((the right)) is authorized to perform or participate in performance audits only as expressly authorized by the legislature in the omnibus biennial appropriations acts. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. ~~((The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.))~~ The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW, may report to the legislative budget committee or other appropriate committees of the legislature, in a manner prescribed by the legislative budget committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(7) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085 as well as performance audits and program evaluations. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

NEW SECTION. Sec. 5. A new section is added to chapter 44.28 RCW to read as follows:

(1) In conducting program evaluations as defined in RCW 43.88.020, the legislative budget committee may establish a biennial work plan that identifies state agency programs for which formal evaluation appears necessary. Among the factors to be considered in preparing the work plan are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree.

(2) The project description for each program evaluation shall include start and completion dates, the proposed research approach, and cost estimates.

(3) The overall plan may include proposals to employ contract evaluators. As conditions warrant, the program evaluation work plan may be amended from time to time. All biennial work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives.

Sec. 6. RCW 44.28.085 and 1975 1st ex.s. c 293 s 15 are each amended to read as follows:

The legislative budget committee shall make management surveys and program reviews as to every public body, officer or employee subject to the provisions of RCW 43.09.290 through 43.09.340. The legislative budget committee may also make management surveys and program reviews of local school districts, intermediate school districts, and other units of local government receiving state funds as grants-in-aid or as shared revenues. Management surveys for the purposes of this section shall be an independent examination for the purpose of providing the legislature with an evaluation and report of the manner in which any public agency, officer, administrator, or employee has discharged the responsibility to faithfully, efficiently, and effectively administer any legislative purpose of the state. Program reviews for the purpose of this section shall be an examination of state or local government programs to ascertain whether or not such programs continue to serve their intended purposes, are conducted in an efficient and effective manner, or require modification or elimination(~~(- PROVIDED, That)~~). Nothing in this section shall limit the power or duty of the state auditor to report to the legislature as directed by ((subsection (3) of)) RCW 43.88.160 ((as now or hereafter amended. The authority in this section conferred excludes a like authority in the state auditor)).

The legislative budget committee shall receive a copy of each report of examination issued by the state auditor under RCW 43.09.310, shall review all such reports, and shall make such recommendations to the legislature and to the state auditor as it deems appropriate.

NEW SECTION. Sec. 7. This act may be known and cited as the performance-based government act of 1993.

NEW SECTION. Sec. 8. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1993, in the omnibus appropriations act, this act shall be null and void."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1372, as recommended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 1:38 p.m., on motion of Senator Jesernig, the Senate recessed until 2:30 p.m.

The Senate was called to order at 3:00 p.m. by President Pritchard.

There being no objection, the Senate resumed consideration of the Report of the Conference Committee on Substitute House Bill No. 2055, deferred earlier today.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Roach, the President finds that Substitute House Bill No. 2055 is a measure which authorizes the creation of a new State Department of Fish and Wildlife and provides for the transfer and reorganization of the functions structure and functions of the former Departments of Fisheries and Wildlife.

"The Conference Committee Report would accomplish similar purposes and, also, designate the Washington Park Arboretum as an official arboretum of the state of Washington.

"The President, therefore, finds that the proposed Conference Committee Report does change the scope and object of the bill and the point of order is well taken."

The Report of the Conference Committee on Substitute House Bill No. 2055 was ruled out of order.

MOTION

On motion of Senator Owen, the Report of the Conference Committee on Engrossed Substitute House Bill No. 2055 was returned to the Conference Committee.

REPORT OF CONFERENCE COMMITTEE

ESHB 1512 April 24, 1993

Includes "NEW ITEM": YES

Changing provisions relating to dependent children

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1512, Dependent children, have had the same under consideration and we recommend that:

The Senate striking amendment(s) by Senators Talmadge, Hargrove, Fraser and Roach adopted on April 16, 1993, not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 13.34.145 and 1989 1st ex.s. c 17 s 18 are each amended to read as follows:

(1) In all cases where a child has been placed in substitute care for at least fifteen months, the agency having custody of the child shall prepare a permanency ((planning)) plan and present it in a hearing ((shall be)) held before the court no later than eighteen months following commencement of the placement episode.

(2) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(((4)))(5). In addition the court shall: (a) Approve a ((permanent plan of care)) permanency plan which ((can)) shall include one of the following: Adoption, guardianship, ((or)) placement of the child in the home of the child's parent, relative placement with written permanency plan, or family foster care with written permanency agreement; (b) require filing of a petition for termination of parental rights; or (c) dismiss the dependency, unless the court finds, based on clear, cogent, and convincing evidence, that it is in the best interest of the child to continue the dependency beyond eighteen months, based on ((a permanent plan of care)) the permanency plan. Extensions may only be granted in increments of twelve months or less.

Sec. 2. RCW 13.34.180 and 1990 c 246 s 7 are each amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(7), and shall allege:

(1) That the child has been found to be a dependent child under RCW 13.34.030(2); and

(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and

(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(2); and

(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and

(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(a) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or

(b) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home; or

(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been offered or provided.

Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.

2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

You should be present at this hearing.

You may call (insert agency) for more information about your child. The agency's name and telephone number are (insert name and telephone number)."

Sec. 3. RCW 13.34.190 and 1992 c 145 s 15 are each amended to read as follows:

After hearings pursuant to RCW 13.34.110, the court may enter an order terminating all parental rights to a child if the court finds that:

(1) The allegations contained in the petition as provided in RCW 13.34.180 (1) through (6) are established by clear, cogent, and convincing evidence; or

(2) RCW 13.34.180 (3) and (4) may be waived because the allegations under RCW 13.34.180 (1), (2), (5), and (6) are established beyond a reasonable doubt; or

(3) The allegation under RCW 13.34.180(7) is established beyond a reasonable doubt. In determining whether RCW 13.34.180 (5) and (6) are established beyond a reasonable doubt, the court shall consider whether one or more of the ((following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 or 9A.42.030;

(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim)) aggravated circumstances listed in RCW 13.34.130(2) exist; and

(4) Such an order is in the best interests of the child.

Sec. 4. RCW 13.34.232 and 1981 c 195 s 3 are each amended to read as follows:

If the court has made a finding under RCW 13.34.231, it shall enter an order establishing a guardianship for the child.

The order shall:

(1) Appoint a person or agency to serve as guardian;

(2) Specify the guardian's rights and responsibilities concerning the care, custody, and control of the child. A guardian shall not have the authority to consent to the child's adoption;

(3) Specify an appropriate frequency of visitation between the parent and the child; and

(4) Specify the need for any continued involvement of the supervising agency and the nature of that involvement, if any.

The order shall not affect the child's status as a dependent child, and the child shall remain dependent for the duration of the guardianship.

NEW SECTION. Sec. 5. A new section is added to chapter 13.34 RCW to read as follows:

(1) The provisions of this section shall apply when a court orders a party to undergo an alcohol or substance abuse diagnostic investigation and evaluation.

(2) The facility conducting the investigation and evaluation shall make a written report to the court stating its findings and recommendations including family-based services or treatment when appropriate. If its findings and recommendations support treatment, it shall also recommend a treatment plan setting out:

(a) Type of treatment;

(b) Nature of treatment;

(c) Length of treatment;

(d) A treatment time schedule; and

(e) Approximate cost of the treatment.

The affected person shall be included in developing the appropriate plan of treatment. The plan of treatment must be signed by treatment provider and the affected person. The initial written report based on the treatment plan and response to treatment shall be sent to appropriate persons six weeks after initiation of treatment, and after three months, after six months, after twelve months, and thereafter every six months if treatment exceeds twelve months. Reports are to be filed in a timely manner. Close-out of the treatment record must include summary of pretreatment and posttreatment, with final outcome and disposition. The report shall also include recommendations for ongoing stability and decrease in destructive behavior.

The report with the treatment plan shall be filed with the court and a copy given to the person evaluated and the person's counsel. A copy of the treatment plan shall also be given to the department's caseworker and to the guardian ad litem. Any program for chemical dependency shall meet the program requirements contained in chapter 70.96A RCW.

(3) If the court has ordered treatment pursuant to a dependency proceeding it shall also require the treatment program to provide, in the reports required by subsection (2) of this section, status reports to the court, the department, the supervising child-placing agency if any, and the person or person's counsel regarding: (a) The person's cooperation with the treatment plan proposed; and (b) the person's progress in treatment.

(4) In addition, if the party fails or neglects to carry out and fulfill any term or condition of the treatment plan, the program or agency administering the treatment shall report such breach to the court, the department, the guardian ad litem, the supervising child-placing agency if any, and the person or person's counsel, within twenty-four hours, together with its recommendation. These reports shall be made as a declaration by the person who is personally responsible for providing the treatment.

(5) Nothing in this chapter may be construed as allowing the court to require the department to pay for the cost of any alcohol or substance abuse evaluation or treatment program.

NEW SECTION. Sec. 6. A new section is added to chapter 13.34 RCW to read as follows:

(1) The court or the department, upon receiving a report under section 5(4) of this act, may schedule a show cause hearing to determine whether the person is in violation of the treatment conditions. All parties shall be given notice of the hearing. The court shall hold the hearing within ten days of the request for a hearing. At the hearing, testimony, declarations, reports, or other relevant information may be presented on the person's alleged failure to comply with the treatment plan and the person shall have the right to present similar information on his or her own behalf.

(2) If the court finds that there has been a violation of the treatment conditions it shall modify the dependency order, as necessary, to ensure the safety of the child. The modified order shall remain in effect until the party is in full compliance with the treatment requirements.

Sec. 7. RCW 13.34.110 and 1991 c 340 s 3 are each amended to read as follows:

The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor, and after it has announced its findings of fact shall hold a hearing to consider disposition of the case immediately following the fact-finding hearing or at a continued hearing within fourteen days or longer for good cause shown. The parties need not appear at the fact-finding or dispositional hearing if ((a)) the parties, their attorneys, the

guardian ad litem, and court-appointed special advocates, if any, are all in agreement~~((;but))~~. The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by mail of the time and place of any continued hearing.

All hearings may be conducted at any time or place within the limits of the county, and such cases may not be heard in conjunction with other business of any other division of the superior court. The general public shall be excluded, and only such persons may be admitted who are found by the judge to have a direct interest in the case or in the work of the court. If a child resides in foster care or in the home of a relative pursuant to a disposition order entered under RCW 13.34.130, the court may allow the child's foster parent or relative care provider to attend dependency review proceedings pertaining to the child for the sole purpose of providing information about the child to the court.

Stenographic notes or any device which accurately records the proceedings may be required as provided in other civil cases pursuant to RCW 2.32.200.

Sec. 8. RCW 13.34.120 and 1987 c 524 s 5 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child's cultural heritage, and shall be made available to the court. The court shall consider the social file ~~((and))~~, social study, guardian ad litem report, the court-appointed special advocates report, if any, and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency's social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency's plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(2) (b) or (c) shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs which have been considered and rejected; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent-child attachment and the meaning of separation and loss to both the parents and the child;

(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. 9. RCW 13.34.150 and 1990 c 246 s 6 are each amended to read as follows:

Sec. 10. RCW 13.34.162 and 1988 c 275 s 15 are each amended to read as follows:

(c) The report shall be made at the first opportunity, but ; and in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department ~~((of social and health services)) shall ((-within funds appropriated for this purpose-)) use a risk assessment ((tool)) process when investigating child abuse and neglect referrals. ((The tool shall be used, on a pilot basis, in three local office service areas-))~~ The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the ((ways and means)) appropriate committees of the senate and house of representatives on the ((use)) effectiveness of the ((tool by December 1, 1989- The report shall include recommendations on the continued use and possible expanded use of the tool)) risk assessment process.

(14) Upon receipt of ~~((such)) a report of abuse or neglect~~ the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

Sec. 14. RCW 26.44.040 and 1987 c 206 s 4 are each amended to read as follows:

An immediate oral report shall be made by telephone or otherwise to the proper law enforcement agency or the department of social and health services and, upon request, shall be followed by a report in writing. Such reports shall contain the following information, if known:

- (1) The name, address, and age of the child or adult dependent or developmentally disabled person;
- (2) The name and address of the child's parents, stepparents, guardians, or other persons having custody of the child or the residence of the adult dependent or developmentally disabled person;
- (3) The nature and extent of the injury or injuries;
- (4) The nature and extent of the neglect;
- (5) The nature and extent of the sexual abuse;
- (6) Any evidence of previous injuries, including their nature and extent; and
- (7) Any other information which may be helpful in establishing the cause of the child's or adult dependent or developmentally disabled person's death, injury, or injuries and the identity of the alleged perpetrator or perpetrators.

Sec. 15. RCW 26.44.063 and 1988 c 190 s 3 are each amended to read as follows:

(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged offender, rather than the child, shall be removed from the home and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, 13.34.130, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or

the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:

- (a) Molesting or disturbing the peace of the alleged victim;
- (b) Entering the family home of the alleged victim except as specifically authorized by the court; or
- (c) Having any contact with the alleged victim, except as specifically authorized by the court.

(3) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.

(4) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

(5) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(6) A temporary restraining order or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and

(b) May be revoked or modified.

(7) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of social and health services of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

(8) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

Sec. 16. RCW 26.44.067 and 1989 c 373 s 23 are each amended to read as follows:

(1) Any person having had actual notice of the existence of a restraining order issued by a court of competent jurisdiction pursuant to RCW 26.44.063 who refuses to comply with the provisions of such order (~~when requested by any peace officer of the state~~) shall be guilty of a misdemeanor.

(2) The notice requirements of subsection (1) of this section may be satisfied by the peace officer giving oral or written evidence to the person subject to the order by reading from or handing to that person a copy certified by a notary public or the clerk of the court to be an accurate copy of the original court order which is on file. The copy may be supplied by the court or any party.

(3) The remedies provided in this section shall not apply unless restraining orders subject to this section shall bear this legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.44 RCW AND IS ALSO SUBJECT TO CONTEMPT PROCEEDINGS.

(4) It is a defense to prosecution under subsection (1) of this section that the court order was issued contrary to law or court rule. No right of action shall accrue against any peace officer acting upon a properly certified copy of a court order lawful on its face if such officer employs otherwise lawful means to effect the arrest.

Sec. 17. RCW 26.44.100 and 1985 c 183 s 1 are each amended to read as follows:

The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this (~~act~~) chapter, provided that nothing contained in this (~~act~~) chapter shall cause any delay in protective custody action.

NEW SECTION. Sec. 18. A new section is added to chapter 26.44 RCW to read as follows:

(1) If a person who has unsupervised visitation rights with a minor child pursuant to a court order is accused of sexually or physically abusing a child and the alleged abuse has been reported to the proper authorities for investigation, the law enforcement officer conducting the investigation may file an affidavit with the prosecuting attorney stating that the person is currently under investigation for sexual or physical abuse of a child and that there is a risk of harm to the child if a temporary restraining order is not entered. Upon receipt of the affidavit, the prosecuting attorney shall determine whether there is a risk of harm to the child if a temporary restraining order is not entered. If the prosecutor determines there is a risk of harm, the prosecutor shall immediately file a motion for an order to show cause seeking to restrict visitation with the child, and seek a temporary restraining order. The restraining order shall be issued for up to ninety days or until the investigation has been concluded in favor of the alleged abuser, whichever is shorter.

(2) Willful violation of a court order entered under this section is a misdemeanor. The court order shall state: "Violation of this order is a criminal offense under chapter 26.44 RCW and will subject the violator to arrest."

Increasing the membership of the commission on student learning

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED HOUSE BILL NO. 1708, Student learning commission, have had the same under consideration and we recommend that:

The Senate Committee on Education amendment(s) adopted, as amended, on April 9, 1993, not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.630.885 and 1992 c 141 s 202 are each amended to read as follows:

~~((2))~~ (1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify what all students need to know and be able to do based on the student learning goals of the governor's council on education reform and funding, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and ~~((three))~~ five members appointed no later than ~~((February))~~ June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies of gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the cultural diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

~~((3))~~ The commission shall begin its substantive work subject to subsection (1) of this section.

~~((4))~~ (2) The commission shall establish technical advisory committees. Membership of the technical advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

~~((5))~~ (3) The commission, with the assistance of the technical advisory committees, shall:

(a) Identify what all elementary and secondary students need to know and be able to do. At a minimum, these essential academic learning requirements shall include reading, writing, speaking, science, history, geography, mathematics, and critical

thinking. In developing these essential academic learning requirements, the commission shall incorporate the student learning goals identified by the council on education reform and funding;

(b) By December 1, 1995, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary grades designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of methodologies, including performance-based measures. The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. Mastery of each component of the essential academic learning requirements shall be required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the elementary academic assessment system beginning in the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The state board of education and superintendent of public instruction may modify the academic assessment system, as needed, in subsequent school years;

(c) By December 1, 1996, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the secondary grades designed to determine if each student has mastered the essential academic learning requirements identified for secondary students in (a) of this subsection. The academic assessment system shall use a variety of methodologies, including performance-based measures, to determine if students have mastered the essential academic learning requirements, and shall lead to a certificate of mastery. The certificate of mastery shall be required for graduation. The assessment system shall be designed so that the results are used by educators to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. The commission shall recommend to the state board of education whether the certificate of mastery should take the place of the graduation requirements or be required for graduation in addition to graduation requirements. The state board of education and superintendent of public instruction shall implement the secondary academic assessment system beginning in the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The state board of education and superintendent of public instruction may modify the assessment system, as needed, in subsequent school years;

(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) Develop strategies that will assist educators in helping students master the essential academic learning requirements;

(f) Establish a center the primary role of which is to plan, implement, and evaluate a high quality professional development process. The quality schools center shall: Have an advisory council composed of educators, parents, and community and business leaders; use best practices research regarding instruction, management, curriculum development, and assessment; coordinate its activities with the office of the superintendent of public instruction and the state board of education; employ and contract with individuals who have a commitment to quality reform; prepare a six-year plan to be updated every two years; and be able to accept resources and funding from private and public sources;

(g) Develop recommendations for the repeal or amendment of federal, state, and local laws, rules, budgetary language, regulations, and other factors that inhibit schools from adopting strategies designed to help students achieve the essential academic learning requirements;

(h) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. These recommendations shall include an estimate for the legislature, superintendent of public instruction, and governor on the expected cost of implementing the elementary and secondary academic assessment systems during the 1995-97 biennium and beyond;

(i) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements that would assist schools in adopting strategies designed to help students achieve the essential academic learning requirements;

(j) By December 1, 1996, recommend to the legislature, state board of education, and superintendent of public instruction a state-wide accountability system to evaluate accurately and fairly the level of learning occurring in individual schools and school districts. The commission also shall recommend to the legislature steps that should be taken to assist school districts and schools in which learning is significantly below expected levels of performance as measured by the academic assessment systems established under this section;

(k) Report annually by December 1st to the legislature and the state board of education on the progress, findings, and recommendations of the commission; and

(l) Complete other tasks, as appropriate.

~~((6))~~ (4) The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.

REPORT OF CONFERENCE COMMITTEE

ESHB 1785 April 24, 1993

Includes "NEW ITEM": YES

Creating jobs to restore and enhance Washington's estuaries,
waterways, forests, and watersheds

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1785, Waterway/watershed restoratn, have had the same under consideration and we recommend that:

The Senate Committee on Trade, Technology and Economic Development striking amendment(s) adopted, as amended, on April 12, 1993, not be adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS. (1) The legislature finds that the long-term health of the economy of Washington state depends on the sustainable management of its natural resources. Washington's forests, estuaries, waterways, and watersheds provide a livelihood for thousands of citizens of Washington state and millions of dollars of income and tax revenues every year from forests, fisheries, shellfisheries, recreation, tourism, and other water-dependent industries.

(2) The legislature further finds that the livelihoods and revenues produced by Washington's forests, estuaries, waterways, and watersheds would be enhanced by immediate investments in clean water infrastructure and habitat restoration.

(3) The legislature further finds that an insufficiency in financial resources, especially in timber-dependent communities, has resulted in investments in clean water and habitat restoration too low to ensure the long-term economic and environmental health of Washington's forests, estuaries, waterways, and watersheds.

(4) The legislature further finds that unemployed workers and Washington's economically distressed communities, especially timber-dependent areas, can benefit from opportunities for employment in environmental restoration projects.

(5) The legislature therefore declares that immediate investments in a variety of environmental restoration projects, based on sound principles of watershed management and environmental and forest restoration, are necessary to rehabilitate damaged watersheds and to assist dislocated workers and the unemployed gain job skills necessary for long-term employment.

NEW SECTION. Sec. 2. PURPOSE AND INTENT--DEFINITIONS. (1) It is the intent of this chapter to provide financial resources to make substantial progress toward: (a) Implementing the Puget Sound water quality management plan and other watershed-based management strategies and plans; (b) ameliorating degradation to watersheds; and (c) keeping and creating stable, environmentally sound, good wage employment in Washington state. The legislature intends that employment under this chapter is not to result in the displacement or partial displacement, whether by the reduction of hours of nonovertime work, wages, or other employment benefits, of currently employed workers, including but not limited to state civil service employees, or of currently or normally contracted services.

(2) It is the purpose of this chapter to:

(a) Implement clean water, forest, and habitat restoration projects that will produce measurable improvements in water and habitat quality, that rate highly when existing environmental ranking systems are applied, and that provide economic stability.

(b) Facilitate the coordination and consistency of federal, state, tribal, local, and private water and habitat protection and enhancement programs in the state's watersheds.

(c) Fund necessary projects for which a public planning process has been completed.

(d) Provide immediate funding to create jobs and training for environmental restoration and enhancement jobs for unemployed workers and displaced workers in impact areas, especially timber-dependent communities.

(3) For purposes of this chapter "impact areas" means: (a) Distressed counties as defined in RCW 43.165.010(3)(a); (b) subcounty areas in those counties not covered under (a) of this subsection that are timber impact areas as defined in RCW 43.31.601; (c) urban subcounty areas as defined in RCW 43.165.010(3)(c); and (d) areas that the task force determines are likely to experience dislocations in the near future from downturns in natural resource-based industries.

(4) For purposes of this chapter, "high-risk youth" means youth eligible for Washington conservation corps programs under chapter 43.220 RCW or Washington service corps programs under chapter 50.65 RCW.

(5) For purposes of this chapter, "dislocated forest products worker" has the meaning set forth in RCW 50.70.010.

(6) For purposes of this chapter, "task force" means the environmental enhancement and job creation task force created under section 5 of this act.

NEW SECTION. Sec. 3. ENVIRONMENTAL AND FOREST RESTORATION ACCOUNT. (1) The environmental and forest restoration account is established in the state treasury. Money in the account may be spent only after appropriation by the legislature and in a manner consistent with this chapter. Private nonprofit organizations and state, local, and tribal entities are eligible for funds under this chapter. Money in the account may be used to make grants, loans, or interagency contracts as needed to implement environmental and forest restoration projects.

(2) For fiscal years 1994 through 1998, at least fifty percent of the funds in the environmental and forest restoration account shall be used for environmental restoration and enhancement projects in rural communities impacted by the decline in timber harvest levels as defined in chapter 50.70 RCW and that employ displaced timber workers. These projects may include watershed restoration such as removing or upgrading roads to reduce erosion and sedimentation, and improvements in forest habitat such as thinning and pruning. Beginning July 1, 1998, at least fifty percent of the funds in the environmental and forest restoration account shall be used for environmental restoration and enhancement projects in counties with unemployment rates above the state average.

(3) The environmental and forest restoration account shall consist of funds appropriated by law, principal and interest from the repayment of loans granted under this chapter, and federal and other money received by the state for deposit in the account.

(4) At least ten percent of the funds distributed from the environmental and forest restoration account annually shall be allocated to the Washington conservation corps established under chapter 43.220 RCW to employ high-risk youth on projects consistent with this chapter and to fund administrative support services required by the senior environmental corps established under chapter 43.63A RCW.

(5) At least five percent of the funds distributed from the environmental and forest restoration account annually shall be used for contracts with nonprofit corporations to fund or finance projects, including those that increase private sector investments in pollution prevention activities and equipment and that are consistent with the provisions of this section and section 4 of this act.

(6) No more than five percent of the annual revenues to the environmental and forest restoration account may be expended for administrative purposes by any state agency or project administration; however, funds expended by the Washington conservation corps shall be subject solely to the limitations set forth in RCW 43.220.230.

(7) Except for essential administrative and supervisory purposes, funds in the environmental and forest restoration account may not be used for hiring permanent state employees.

NEW SECTION. Sec. 4. GRANTS OR LOANS FOR ENVIRONMENTAL AND FOREST RESTORATION PROJECTS--CRITERIA. (1) Subject to the limitations of section 3 of this act, the task force shall award funds from the environmental and forest restoration account on a competitive basis. The task force shall evaluate and rate environmental enhancement and restoration project proposals using the following criteria:

(a) The ability of the project to produce measurable improvements in water and habitat quality;

(b) The cost-effectiveness of the project based on: (i) Projected costs and benefits of the project; (ii) past costs and environmental benefits of similar projects; and (iii) the ability of the project to achieve cost efficiencies through its design to meet multiple policy objectives;

(c) The inclusion of the project as a high priority in a federal, state, tribal, or local government plan relating to environmental or forest restoration, including but not limited to a local watershed action plan, storm water management plan, capital facility plan, growth management plan, or a flood control plan; or the ranking of the project by conservation districts as a high priority for water quality and habitat improvements;

(d) The number of jobs to be created by the project for dislocated forest products workers, high-risk youth, and residents of impact areas;

(e) Participation in the project by environmental businesses to provide training, cosponsor projects, and employ or jointly employ project participants;

(f) The ease with which the project can be administered from the community the project serves;

(g) The extent to which the project will either augment existing efforts by organizations and governmental entities involved in environmental and forest restoration in the community or receive matching funds, resources, or in-kind contributions; and

(h) The capacity of the project to produce jobs and job-related training that will pay market rate wages and impart marketable skills to workers hired under this chapter.

(2) The following types of projects and programs shall be given top priority in the first fiscal year after the effective date of this act:

(a) Projects that are highly ranked in and implement adopted or approved watershed action plans, such as those developed pursuant to Puget Sound water quality authority rules adopted for local planning and management of nonpoint source pollution;

(b) Conservation district projects that provide water quality and habitat improvements;

(c) Indian tribe projects that provide water quality and habitat improvements; or

(d) Projects that implement actions approved by a shellfish protection district under chapter 100, Laws of 1992.

(3) Funds shall not be awarded for the following activities:

(a) Administrative rule making;

(b) Planning; or

(c) Public education.

NEW SECTION. Sec. 5. ENVIRONMENTAL ENHANCEMENT AND JOB CREATION TASK FORCE. (1) There is created the environmental enhancement and job creation task force within the office of the governor. The purpose of the task force

is to provide a coordinated and comprehensive approach to implementation of chapter . . . , Laws of 1993 (this act). The task force shall consist of the commissioner of public lands, the director of the department of wildlife, the director of the department of fisheries, the director of the department of ecology, the director of the parks and recreation commission, the timber team coordinator, the executive director of the work force training and education coordinating board, and the executive director of the Puget sound water quality authority, or their designees. The task force may seek the advice of the following agencies and organizations: The department of community development, the department of trade and economic development, the conservation commission, the employment security department, the interagency committee for outdoor recreation, appropriate federal agencies, appropriate special districts, the Washington state association of counties, the association of Washington cities, labor organizations, business organizations, timber-dependent communities, environmental organizations, and Indian tribes. The governor shall appoint the task force chair. Members of the task force shall serve without additional pay. Participation in the work of the committee by agency members shall be considered in performance of their employment. The governor shall designate staff and administrative support to the task force and shall solicit the participation of agency personnel to assist the task force.

(2) The task force shall have the following responsibilities:

(a) Soliciting and evaluating, in accordance with the criteria set forth in section 4 of this act, requests for funds from the environmental and forest restoration account and making distributions from the account. The task force shall award funds for projects and training programs it approves and may allocate the funds to state agencies for disbursement and contract administration;

(b) Coordinating a process to assist state agencies and local governments to implement effective environmental and forest restoration projects funded under this chapter;

(c) Considering unemployment profile data provided by the employment security department;

NEW SECTION. Sec. 9. An individual shall be considered to be in training with the approval of the commissioner as defined in RCW 50.20.043, and be eligible for applicable unemployment insurance benefits while participating in and making satisfactory progress in training related to this chapter.

(2) An application for initial determination made under this chapter must be filed in writing with the employment security department within twenty-six weeks following the week in which the individual commenced employment or training obtained as a result of this chapter. Such unexpired benefit year shall be terminated with the beginning of the special benefit year if the individual elects to establish a special benefit year under this chapter.

(5) The individual's weekly benefit amount and maximum amount payable during the special benefit year shall be governed by the provisions contained in RCW 50.20.120. The individual's basic and continuing right to benefits shall be governed by the general laws and rules relating to the payment of unemployment compensation benefits to the extent that they are not in conflict with the provisions of this chapter.

(6) The fact that wages, hours, or weeks worked during the special base year may have been used in computation of a prior valid claim for unemployment compensation shall not affect a claim for benefits made under the provisions of this chapter. However, wages, hours, and weeks worked used in computing entitlement on a claim filed under this chapter shall not be available or used for establishing entitlement or amount of benefits in any succeeding benefit year.

(7) Benefits paid to an individual filing under the provisions of this section shall not be charged to the experience rating account of any contribution paying employer.

(c) "Severe-need school" means a school that qualifies for a severe-need school reimbursement rate from federal funds for school breakfasts served to children from low-income families.

In developing its plan, each school district shall consult with an advisory committee including school staff and community members appointed by the board of directors of the district.

(3) Using district-wide data on school lunch participation during the 1988-89 school year, the superintendent of public instruction shall adopt a schedule for implementation of school breakfast programs in severe-need schools as follows:

Signed by: Senators Skratek, Hargrove; Representatives Springer, Jones.

MOTION

Senator Hargrove moved that the Senate adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 1529.

Debate ensued.

POINT OF INQUIRY

Senator Linda Smith: "Senator Hargrove, it is not all that tough and I am just wanting to make sure that I understand. I don't think that it just extends to cities and counties. I think it also extends to buildings. Is there already something in the law--I've never seen it used for buildings--I've just seen it used for infrastructure in my communities. Is this an expansion beyond, also?"

Senator Hargrove: "No, what I tried to make clear, and apparently did not, currently ports can get CERB funds to do structures. Port districts can, that is current law. There are some places in these distressed areas that do not fall within a Port District--small cities for instance. To do economic development, we would be extending that provision for buildings and structures, like an industrial park, to these small cities. Now, ports currently can. I wanted to make that clear. Ports can use this money for structures. Again, it is on an application basis. It goes through the CERB Board, nothing is guaranteed to be spent."

The President declared the question before the Senate to be the motion by Senator Hargrove that the Senate do adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 1529.

The motion by Senator Hargrove carried and the Senate adopted the Report of the Conference Committee on Engrossed Substitute House Bill No. 1529.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 1529, as recommended by the Conference Committee.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1529, as recommended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 32; Nays, 15; Absent, 0; Excused, 2.

Voting yea: Senators Barr, Bauer, Bluechel, Drew, Franklin, Fraser, Gaspard, Hargrove, Jesernig, Loveland, McAuliffe, Moore, Niemi, Owen, Pelz, Prentice, Quigley, Rasmussen, M., Rinehart, Roach, Sheldon, Skratek, Smith, A., Smith, L., Snyder, Sutherland, Talmadge, Vognild, von Reichbauer, Williams, Winsley and Wojahn - 32.

Voting nay: Senators Amondson, Anderson, Cantu, Deccio, Erwin, Hochstatter, McCaslin, McDonald, Moyer, Nelson, Newhouse, Oke, Prince, Sellar and West - 15.

Excused: Senators Haugen and Spanel - 2.

MESSAGE FROM THE HOUSE

April 24, 1993

MR. PRESIDENT:

The House has passed ENGROSSED HOUSE BILL NO. 2135, and the same is herewith transmitted.

ALAN THOMPSON, Chief Clerk

MOTION

On motion of Senator Jesernig, the Senate advanced to the fifth order of business.

INTRODUCTION AND FIRST READING OF HOUSE BILL

EHB 2135 by Representative G. Fisher

Relating to revenue.

MOTION

Senator Jesernig moved that the rules be suspended and Engrossed House Bill No. 2135 be advanced to second reading and placed on the second reading calendar.

POINT OF ORDER

Senator Nelson: "Mr. President, I rise to a point of order. Mr. President, I believe that Engrossed House Bill No. 2135 is improperly before us. It, in fact, violates House Concurrent Resolution No. 4420 in that that particular House Concurrent Resolution required that all matters now before us must be necessary to implement the budget. No budget document that we have made reference at all to Engrossed House Bill No. 2135.

"In addition, I would like to point out that the bill as introduced in the House of Representatives, an act relating to revenue, had as its title, 'this act shall be know as the revenue act of 1993.' Subsequent to that time through the process, there is now an addition of information in this particular bill that imposes an excise tax of ten percent for the privilege of parking a motor vehicle in a facility operated by a commercial parking business. It has the imposition of the hotel/motel tax for the restrooms and picnic areas for tourists visiting a county with a national monument, which was a measure before us. It also expands the public facilities districts within the state of Washington and permits them to now have additional taxation for public facilities in those districts of a county of specific sizes and locations. In fact, it permits a rate of tax in a public facilities district of a population of one million or more to be up to one percent of the proceeds of taxes collected and using those taxes for the design, construction, maintenance of facilities for youth and senior citizen programs.

"In addition, it also permits non-voter approved general obligation indebtedness. I would suggest to the President that this particular measure has gone far beyond, not only the scope and object of the original intent of the bill, but it is improperly before this body."

REMARKS BY SENATOR SNYDER

Senator Snyder: "Thank you, Mr. President, I just wanted to point out that there is reference in both the Capital Budget and the Operating Budget to the Mount St. Helen's Monument. In the Capital Budget, there is an appropriation of three and one-half million for the Johnson Observatory at Mount St. Helen's National Volcano Monument, funds provided by the state to assist in accelerating the project there. Also, in the Operating Budget, there is a proviso for seventy thousand dollars for emergency medical services to support the Mount St. Helen's National Volcano Monument area. So, I think that the bill is properly before the Senate."

REPLY BY PRESIDENT PRITCHARD

President Pritchard: "Just a moment. In a way of explanation, I would like to ask Senator Snyder a question. Senator Snyder, does the appropriation in the Capital Budget lapse if 2135 fails to pass the Legislature?"

Senator Snyder: "No. Well, the capital budget hasn't passed yet, so it could lapse if that would happen."

RULING BY THE PRESIDENT

President Pritchard: "The President feels that given the explanation, the President rules that Engrossed House Bill No. 2135 is not a bill to implement the budget and the point is well taken."

Engrossed House Bill No. 2135 was ruled to be not properly before the Senate.

MOTION

At 5:33 p.m., on motion of Senator Jesernig, the Senate recessed until 6:30 p.m.

The Senate was called to order at 6:53 p.m. by President Pritchard.

MESSAGE FROM THE GOVERNOR

April 24, 1993

TO THE HONORABLE, THE SENATE AND
HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON
Ladies and Gentlemen:

In compliance with the provision of Section 11 of Article III of the Constitution of the state of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the convening of the 1993 Regular Session of the Fifty-Third Legislature, copy of which is attached.

Respectfully submitted,
ED FLEISHER, Legal Counsel to the Governor

ORDER OF REPRIEVE
FOR
WILLIAM CHARLES BRAND

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

On February 6, 1986, William Charles Brand was found guilty of murder in the second degree by the Superior Court of the state of Washington for King County and was sentenced on August 1 of that year to 164 months of total confinement. Mr. Brand shot his wife on February 20, 1985. The possibility of a link between the combination of medications taken by Mr. Brand and his mental state at the time of the shooting led the original trial judge to grant a motion for a new trial and to release Mr. Brand on bail on October 11, 1991. Mr. Brand served a total of almost 6 years and 8 months in confinement. While incarcerated, Mr. Brand worked as a clerk in the law library until medically unable to continue. He incurred no infractions.

Since his release, Mr. Brand's health has deteriorated. He suffers from emphysema, requires an oxygen supplement and is confined to a wheelchair. He has spent the 1 year and 5 months since his release in the care of his daughters Denise and Lisa in Seattle. Mr. Brand's physician estimates a life expectancy of no more than 1 to 2 years due to his severe chronic lung disease.

The Court of Appeals remanded the case back to the trial court for further proceedings but the Washington State Supreme Court reversed. Mr. Brand is now required to report to the Department of Corrections March 17, 1993, to continue serving his sentence.

In November of 1992, Mr. Brand petitioned the Clemency and Pardons Board for relief. In its meeting of March 12, 1993, the Board voted to defer a decision on the petition until their June 11 meeting so as to gather further medical information and input from the King County Prosecuting Attorney. When questioned by the Board as to why he should be pardoned, Mr. Brand stated that

he believed he had little time left, he was not a threat to anyone and had become only a burden. He added that he preferred being a burden to his family rather than the state. The Board did not consider the issue of a reprieve during the March 12 meeting.

NOW THEREFORE, I, Mike Lowry, Governor of the state of Washington, do hereby grant William Charles Brand a reprieve from the sentence of the Court until such time as the Clemency and Pardons Board recommends, and I render, a decision on his petition.

IN TESTIMONY WHEREOF, I have hereunto set my hand, and caused the seal of the state of Washington to be affixed at Olympia, this 15th day of March, A.D., nineteen hundred and ninety-three.

ORDER OF CLEMENCY
LUPE ORTEGA FIGUEROA

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

Lupe Ortega Figueroa was charged on February 22, 1990, with one count of possession of heroin with the intent to manufacture or deliver, in violation of the Uniform Control Substance Act. Ms. Figueroa was found guilty on July 27, 1990, by jury verdict in the Superior Court of the state of Washington for King County.

Ms. Figueroa was sentenced to a term of total confinement in the custody of the Department of Corrections for a term of 27 months.

Ms. Figueroa is in poor health. According to Dr. Marcus Rempel, she has a past history of seizure disorder, hypothyroidism, and myocardial infarction. She has had two angioplastys for coronary ischemia and is currently suffering from arthritis.

On March 12, 1993, the Clemency and Pardons Board met to review the Clemency Petition presented on behalf of Ms. Figueroa. The Board voted unanimously to recommend that the Governor grant clemency to Ms. Figueroa due to her diminished health and other extraordinary circumstances discussed in executive session.

This is an extraordinary case and justifies granting clemency at this time.

NOW THEREFORE, I, Mike Lowry, Governor of the state of Washington, by virtue of the authority vested in me by the laws of the state of Washington, do hereby grant a full pardon for Lupe Ortega Figueroa for the conviction noted herein.

IN TESTIMONY WHEREOF, I have hereunto set my hand, and caused the seal of the state of Washington to be affixed at Olympia, this 19th day of March, A.D., nineteen hundred and ninety-three.

CONDITIONAL COMMUTATION ORDER
JOEL STEPHEN ROSE

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

On August 13, 1989, while working as a contract attorney with the Department of Assigned Counsel in Tacoma, Joel Rose contacted a mentally ill patient at Western State Hospital and offered him payment for oral sex. At Mr. Rose's request, this patient brought in another patient who was then fondled by Mr. Rose, also for payment. Both patients involved were committed as "gravely disabled." At the time of this incident, Mr. Rose was aware that he was HIV positive.

Mr. Rose was sentenced by the Superior Court of the state of Washington for Pierce County on May 1, 1990. Mr. Rose was given an exceptional sentence of 60 months and 20 months, concurrently, for Rape in the Second Degree and Indecent Liberties.

Mr. Rose is currently incarcerated at the Washington State Reformatory with an anticipated release date of September 1, 1993. While incarcerated, he attended college classes, but has been unable to work due to his debilitating medical condition. He has been a volunteer for the Community AIDS Coalition Program.

Information provided by the Department of Corrections, the University of Washington Medical Center, Mr. Rose's attorney, and representatives from the International Coalition for Jewish Prisoner Services, and the ALEPH Institute verify that Mr. Rose is in the last stages of AIDS. His prognosis is very poor. He is dying from complications associated with the HIV virus, including thrush and skin cancer. He is AIDS active and his T cell count is below 25. Mr. Rose will probably perish in the very near future, with the most optimistic prognosis being that he will not survive beyond the next six to twelve months.

It must be noted that in the pre-sentence investigation into Mr. Rose's case, his behavior was described as being predatory. His victims were described as being extremely vulnerable due to their grave mental disabilities and susceptibility to victimization, particularly by an individual in the trusted position of attorney.

Mr. Rose made application to the Clemency and Pardons Board on January 29, 1993. The basis for his request is that he is near death, but for the fact that he was sentenced to an exceptional sentence, he would, in all likelihood, be eligible for release at the present time. He asks that his family and friends be allowed to care for him in this last stage of his life.

The Clemency and Pardons Board, at its March 12, 1993 meeting, reviewed and discussed the petition of Mr. Rose. Testimony and associated documents were presented on his behalf by his attorney, Mr. John Cain; Mr. Gary Friedman of the International Coalition for Jewish Prisoner Services; and Rabbi James Brinell. After deliberation, the Board voted 4-0 to recommend to the Governor that conditional clemency be granted on the basis of Mr. Rose's grave medical condition.

This is an extraordinary case which, because of Mr. Rose's medical condition, justifies granting conditional clemency at this time, for the remainder of Mr. Rose's sentence. By this order, I hereby commute the sentence imposed upon Joel Rose to a term of community placement not to exceed the term imposed by the sentencing court, with the following conditions:

1. Mr. Rose shall be released from the Washington State Reformatory and placed in a hospice or functionally equivalent institution with specific procedures for his release, transfer, and placement, to be determined by the Department of Corrections in consultation with the Department of Social and Health Services.

2. Upon his placement, Mr. Rose shall have his access limited only to the confines of that placement institution, unless specific authorization otherwise is secured from a community corrections officer.

3. In the event that Mr. Rose's condition improves to the point that, in the opinion of the Department of Corrections, he presents a viable threat to the community, the Department of Corrections shall return Mr. Rose to the Washington State Reformatory, or such other institution as the Secretary deems appropriate, until such time as that threat is alleviated and/or his full sentence is completed without benefit of sentence reduction credits; and

4. In the event that Mr. Rose violates the conditions of this order or conditions imposed by the Department of Corrections, the Department of Corrections shall return Mr. Rose to the Washington State Reformatory, or such other institution as the Secretary deems appropriate. Should this occur, this Conditional Clemency shall be revoked and the sentence imposed by the Court reinstated without benefit of sentence reduction credits.

The Department of Corrections, in consultation with the Department of Social and Health Services, shall set such conditions as deemed necessary to meet the general conditions enumerated above.

NOW THEREFORE, I, Mike Lowry, Governor of the state of Washington, by virtue of the authority vested in me by the laws of the state of Washington, do hereby grant conditional clemency for Joel Stephen Rose, Department of Corrections No. 965354, and commute his sentence subject and pursuant to the conditions set forth herein.

IN TESTIMONY WHEREOF, I have hereunto set my hand, and caused the seal of the state of Washington to be affixed at Olympia, this 19th day of March, A.D., nineteen hundred and ninety-three.

(Seal)

MIKE LOWRY
Governor of Washington

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 67.28 RCW to read as follows:

(1) The legislative body of any county with a population greater than seventy-five thousand in which is located all or part of a national monument is authorized to levy and collect a special excise tax not to exceed two percent on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property. For the purposes of this tax, it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or to enjoy the same.

(2) The tax authorized in subsection (1) of this section is in addition to any other tax authorized by law.

(3) Any seller, as defined in RCW 82.08.010, who is required to collect any tax under this section shall pay over the tax to the county as provided in RCW 67.28.200. The deduction from state taxes under RCW 67.28.190 does not apply to the tax imposed under this section.

The taxes shall only be used for the acquisition, construction, repair, and improvement of a rest area for tourists which includes restrooms, picnic areas, trails and viewpoints, emergency facilities, transient parking facilities, concession and gift sales, and marketing of facilities for tourists visiting the county or the national monument, or to pay or secure the payment of all or any portion of general obligation bonds issued for such purposes. As used in this section, "transient parking facilities" does not include parking spaces to be used for overnight stays.

(5) The tax authorized in subsection (1) of this section may only be imposed if the county and at least one of the two largest cities in the county provide moneys for the project described in subsection (4) of this section from revenue received under RCW 67.28.180 or if the county provides moneys for the project from revenue received under RCW 82.14.030. Further, the legislature finds that employee reductions in agencies providing state transportation programs and services are necessary to the extent such reductions do not jeopardize transportation program and service delivery.

NEW SECTION. Sec. 51. To maximize the use of transportation revenues, it is the intent of the legislature to encourage sharing of technology, information, and systems where appropriate between transportation agencies.

To facilitate this exchange, the Washington state department of transportation assistant secretary for finance and budget management; Washington state department of transportation chief for management information systems; the Washington state patrol deputy chief, chief of staff; Washington state patrol manager of the computer services division; the department of licensing deputy director and department of licensing assistant director for information systems will meet quarterly to share plans, discuss progress of key projects, and to coordinate activities for the common good. Minutes of these meetings will be distributed to the respective agency heads and the legislative transportation committee. Washington state department of transportation will provide staff support and meeting coordination.

NEW SECTION. Sec. 52. The appropriations of moneys and the designation of funds and accounts by this and other acts of the 1993 legislature shall be construed in a manner consistent with legislation enacted by the 1985, 1987, 1989, and 1991 legislatures to conform state funds and accounts with generally accepted accounting principles. If any provision of this act or its

application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 53. The commission for efficiency and accountability in Washington state government shall conduct a study, in conjunction with the department of transportation, the department of licensing, and the Washington state patrol, of the methods used by the revolving fund agencies to determine the cost allocation for actual services provided to the transportation agencies. The study shall determine whether or not allocation methodologies used to assign these costs to transportation agencies are consistent with accepted accounting principles and represent a pro rata share in relation to all other agencies.

NEW SECTION. Sec. 54. Beginning July 1, 1993, and until June 30, 1995, no state agency may provide the following to employees whose monthly salary on or after July 1, 1993, exceeds \$3,750:

- (1) Scheduled increment increases to any employee classified under chapter 41.06 RCW;

- (3) Salary increases to the agency officials listed in RCW 43.03.028 and 47.01.041.

The office of financial management shall reduce allotments to all transportation agencies to reflect the elimination of these salary increases.

NEW SECTION. Sec. 55. The department of licensing shall review the pricing of fees related to the licensing and operation of motor vehicles to determine whether any such fees should be eliminated to reduce costs, whether the pricing of any fees should be adjusted to cover costs of administration or to be more equitable, and whether any other related modifications may be justified, and make recommendations to the governor and the legislative transportation committee by October 15, 1993, as to any price-setting policies or guidelines, pricing changes, or other statutory modifications pertaining to such fees.

Every motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

Sec. 61. RCW 82.44.020 and 1993 c ... (Substitute Senate Bill No. 5535) s 2 are each amended to read as follows:

(1) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW 46.16.160 as now or hereafter amended, or dealer's licenses. The annual amount of such excise tax shall be two percent of the value of such vehicle.

(2) An additional excise tax is imposed, in addition to any other tax imposed by this section, for the privilege of using in the state any such motor vehicle, and the annual amount of such additional excise shall be two-tenths of one percent of the value of such vehicle.

(3) Effective with October 1992 motor vehicle registration expirations, a clean air excise tax is imposed in addition to any other tax imposed by this section for the privilege of using in the state any motor vehicle as defined in RCW 82.44.010, except that farm vehicles as defined in RCW 46.04.181 shall not be subject to the tax imposed by this subsection. The annual amount of the

additional excise tax shall be two dollars and twenty-five cents. Effective with July 1994 motor vehicle registration expirations, the annual amount of additional excise tax shall be two dollars.

(4) An additional excise tax is imposed on truck-type power units that are used in combination with a trailer to transport loads in excess of forty thousand pounds combined gross weight. The ~~((rate))~~ annual amount of such additional excise tax shall be fifty-eight one-hundredths of one percent of the value of the vehicle.

The department shall distribute the additional tax collected under this subsection as follows:

(a) For each trailing unit subject to subsection (5) of this section, an amount equal to the clean air excise tax prescribed in subsection (3) of this section shall be distributed in the manner prescribed in RCW 82.44.110(3);

(b) Of the remainder of the additional excise tax collected under this subsection, ten percent ((of the additional tax collected under this subsection)) shall be distributed in the manner prescribed in RCW 82.44.110(2)((- The remainder of the excise tax collected under this subsection)) and ninety percent shall be distributed in the manner prescribed in RCW 82.44.110(1). This tax shall not apply to power units used exclusively for hauling logs.

(5) The excise taxes imposed by subsections (1) through (3) of this section shall not apply to trailing units which are used in combination with a power unit subject to the additional excise tax imposed by subsection (4) of this section. This subsection shall not apply to trailing units used for hauling logs. ~~((The department of licensing is authorized to adopt rules to implement subsection (4) of this section and this subsection to assure that total motor vehicle excise tax revenue is not affected.))~~

(6) In no case shall the total tax be less than two dollars except for proportionally registered vehicles.

(7) Washington residents, as defined in RCW 46.16.028, who license motor vehicles in another state or foreign country and avoid Washington motor vehicle excise taxes are liable for such unpaid excise taxes. The department of revenue may assess and collect the unpaid excise taxes under chapter 82.32 RCW, including the penalties and interest provided therein.

Sec. 62. RCW 81.112.030 and 1992 c 101 s 3 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

~~(3) ((If any of the counties does not opt to participate in the authority, the joint regional policy committee shall, within forty-five days, redefine the system and financing plan and resubmit the adopted redefined plan to the remaining county legislative authorities for their decision as to whether to participate. This action shall be completed within forty-five days following receipt of the redefined plan.~~

~~(4))~~ Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

~~((5))~~ (4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

~~((6))~~ (5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

~~((7))~~ (6) If the authority determines that major modifications to the plan are necessary before being submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to ~~((ratify formation of the authority.))~~ approve the system and finance plan~~((;))~~ and authorize the imposition of the taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

~~((8))~~ (9) If the vote fails, the board may redefine the system and financing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and financing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the first election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

NEW SECTION. Sec. 63. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately except for sections 60 and 61, which shall take effect January 1, 1994.

NEW SECTION. Sec. 64. Chapter . . . (Senate Bill No. 5426), Laws of 1993 and chapter . . . (Substitute Senate bill No. 5535), Laws of 1993 each take effect January 1, 1994."

MOTION

Senator Nelson moved that the following amendment by Senators Nelson, Barr and Sellar to the striking amendment by Senator Vognild be adopted:

On page 25, after line 32, insert the following:

"**Sec. 55.** RCW 47.17.145 and 1970 ex.s. c 51 s 30 are each amended to read as follows:

A state highway to be known as state route number 92 is established as follows:

Beginning at a junction with state route number 9 northeast of Everett, thence northeasterly by the most feasible route to Granite Falls, then east on Stanley street to the intersection with North Alder avenue, then north on North Alder avenue to Mountain Loop Highway."

Renumber the remaining sections and correct internal references accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Sutherland: "Senator Vognild, these kinds of discussions about which roads or portions of roads should be on the state highway system versus on a city or a county highway system has been the topic of debate for many, many years in the legislative arena. In fact, I am recalling a process that we set up in the Legislative Transportation Committee that would have a number of entities review all of the roads in the state and then propose which ones should be appropriately on city, county or the state's system. Is that process still in place and did this amendment or this portion of road go through that process to determine a priority of its importance or which road system it ought to belong to?"

Senator Vognild: The answer to your question is 'yes,' the process is completely in place and is functioning. Every year we have a bill here which is a result of the TIB study and the second answer would be 'no,' it did not go through the process and is not a recommendation from that study."

Senator Sutherland: "Thank you, Senator Vognild."

Further debate ensued.

Senator von Reichbauer demanded a roll call and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Nelson, Barr and Sellar to the striking amendment by Senator Vognild to Engrossed Substitute Senate Bill No. 5972.

"**Sec. 1.** RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall (~~adopt comprehensive land use plans and development regulations under~~) conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by

December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with ~~((RCW 36.70A.040 through 36.70A.160))~~ all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet ~~((the requirements of))~~ either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall ~~((adopt a comprehensive land use plan in accordance with))~~ conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county ~~((cannot remove itself from))~~ and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to ~~((adopt a comprehensive land use plan))~~ conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt ((the)) a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, ((1993)) 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to ~~((adopt a comprehensive land use plan))~~ conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt ((the)) a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than ((three)) four years from the date the county legislative ((body takes action as required by subsection (2) of this section)) authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((4))~~ (5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the ((requirements of)) sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall ~~((adopt))~~ take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; ((b)) (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan ((under this chapter)) and development regulations that are consistent with and implement the comprehensive plan within ((three)) four years of the certification by the office of financial management((; and (e) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan)), but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.110 and 1991 sp.s. c 32 s 29 are each amended to read as follows:

(1) Each county that is required or chooses to ~~((adopt a comprehensive land use))~~ plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county ~~((required to designate urban growth areas))~~ that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the

city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice, public hearing, and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth planning hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 3. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

~~((Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under RCW 36.70A.040 shall enact development regulations that are consistent with and implement the comprehensive plan. These counties and cities))~~ Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform ((their)) its activities and make capital budget decisions in conformity with ((their)) its comprehensive plan((s)).

Sec. 4. RCW 36.70A.210 and 1991 sp.s. c 32 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of ((the)) each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy((:)). In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith((:)).

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340((:)).

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction((: and)).

(e) No later than July 1, 1992, the legislative authority of ((the)) each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

- (a) Policies to implement RCW 36.70A.110;
- (b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;
- (c) Policies for siting public capital facilities of a county-wide or state-wide nature;
- (d) Policies for county-wide transportation facilities and strategies;
- (e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;
- (f) Policies for joint county and city planning within urban growth areas;
- (g) Policies for county-wide economic development and employment; and
- (h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the appropriate growth planning hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided.

Sec. 6. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After ((July 1, 1993)) the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(b) Additional demands placed on existing public facilities by new development; and

(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

On page 37, after line 23, strike all of Sec. 62, through and including "wildlife." on page 38, line 6

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Roach on page 37, after line 23, to Engrossed Substitute House Bill No. 2055.

The motion by Senator Roach failed and the amendment was not adopted.

MOTION

On motion of Senator Oke, Senator Moyer was excused.

MOTION

On motion of Senator Owen, the rules were suspended, Engrossed Substitute House Bill No. 2055 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Barr: "Senator Owen, I notice that in all of your remarks, they were entirely about fish. Those of us in Eastern Washington--it's a great fishery--but it is a great game part of the state, also. What assurance can you give me that the upland birds and the big game will get a fair shake in this consolidation?"

Senator Owen: "Senator Barr, I am as equally interested in the wildlife resources--I thought I said fish and wildlife in my comments--I am as equally interested and concerned about fish and wildlife as you and, I think, anybody in Eastern Washington. I think there are several members on this floor, Senator Oke included, that are concerned about the upland birds and the wildlife resources.

"I don't see anything being diminished in combining the Department of Fishery and the Department of Wildlife. I see things being enhanced by combining the two resources. In other words, if you have a problem with the biology, if you have a problem with--I am trying to think of one that would be consistent with your area--I know that you have animals that feed off of your crops and things like that. We'll have more technical people available to us.

"If, in fact, you have enforcement problems--people poaching in your area--at that time of year, I believe we will be able to channel more resources at the times of the year, where it is important to do that. If your people have questions, whether they be fisheries or whether they be wildlife questions, they can go to one agency, they can go to that one office in your area and that would allow them to get answers to their questions.

"I don't see anything in this bill that diminishes the interest in wildlife. Furthermore, you may notice, that in the bill, we maintained the dedicated fund that we've had over the years, that goes directly for the Department of Wildlife's traditional resources, which would be warm-water game fish, game fish and wildlife resources. I don't see anything that would diminish the attention to Eastern Washington or wildlife that you would be interested in."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2055.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2055 and the bill passed the Senate by the following vote: Yeas, 34; Nays, 11; Absent, 0; Excused, 4.

No change in the boundaries of wards shall affect the term of any ((councilman, but he)) councilmember, and councilmembers shall serve out ((his)) their terms in the wards of ((his)) their residences at the time of ((his election: PROVIDED, That if this results)) their elections. However, if these boundary changes result in one ward being represented by more ((councilmen)) councilmembers than the number to which it is entitled, those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of determining whether those positions are vacant.

Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election.

However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city changes its plan of government to the provisions of either chapter 35A.12 or 35A.13 RCW.

Sec. 29. RCW 35A.06.030 and 1979 ex.s. c 18 s 14 are each amended to read as follows:

By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city ~~(or may reclassify and adopt a plan of government authorized by the general law for municipalities of the highest class for which the population of such city qualifies it, or authorized for the class to which such city belonged immediately prior to becoming a noncharter code city, if any))~~: PROVIDED, That these limitations shall not apply to a city seeking to adopt a charter.

Sec. 30. RCW 35A.06.050 and 1979 ex.s. c 18 s 15 are each amended to read as follows:

The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW 29.27.060 and 35A.29.120 ~~(- as now or hereafter amended. If the plan proposed in the petition is not a plan authorized for noncharter code cities by this title, the ballot statement shall clearly set forth that adoption of such plan by the voters would require abandonment of the classification of noncharter code city and that government would be under the general law relating to cities of the class specified in the resolution or petition. If the plan proposed in the petition is a plan authorized for noncharter code cities the ballot statement shall clearly set forth that adoption of such plan by the voters would not affect the eligibility of the noncharter code city to be governed under this optional municipal code))~~.

Sec. 31. RCW 35A.12.010 and 1985 c 106 s 1 are each amended to read as follows:

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of ~~((councilmen))~~ councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

(1) At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any ~~((councilman, but he))~~ councilmember, and councilmembers shall serve out ~~((his))~~ their terms in the wards of ~~((his))~~ their residences at the time of ~~((his))~~ their elections; PROVIDED, That if this results in one ward being represented by more ~~((councilmen))~~ councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (a) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (b) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so.

(2) If on the effective date of this section or thereafter, a ward represented by more than one councilmember does not have at least one councilmember elected to office at each municipal election, then the council may change the terms of or renumber councilmember positions to be filled at the next general election if necessary, so that at least one councilmember within the ward is elected to office at each municipal general election, and the city complies with RCW 35A.12.040. The council shall determine by lot which councilmember positions shall be renumbered or terms changed prior to the date for filing declarations of candidacy for election to councilmember positions.

The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

The initial cemetery district commissioners shall assume office immediately upon their election and qualification. Staggering of terms of office shall be accomplished as follows: (1) The person elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or a five-year term of office if the election is held in an even-numbered year; (2) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term of office if the election is held in an even-numbered year; and (3) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial commissioners shall assume office immediately after they are elected and qualified but their terms of office shall be calculated from the first day of January after the election.

Thereafter, commissioners shall be elected to six-year terms of office. Commissioners shall serve until their successors are elected and qualified and assume office as provided in RCW 29.04.170.

The polling places for a cemetery district election ((shall be those of the county voting precincts which include any of the territory within the cemetery district, and)) may be located inside or outside the boundaries of the district, as determined by the auditor of the county in which the cemetery district is located, and no such election shall be held irregular or void on that account.

Sec. 75. RCW 70.44.040 and 1990 c 259 s 39 are each amended to read as follows:

(1) The provisions of Title 29 RCW relating to elections shall govern public hospital districts, except ((that:-(1))) as provided in this chapter.

A public hospital district shall be created when the ballot proposition authorizing the creation of the district is approved by a simple majority vote of the voters of the proposed district voting on the proposition and the total vote cast upon the proposition ((to form a hospital district shall)) exceeds forty percent of the total number of votes cast in the ((precincts comprising the)) proposed district at the preceding state general ((and county)) election((: and (2) hospital district commissioners shall hold office for the term of six years and until their successors are elected and qualified, each term to commence on the first day in January following the election)).

At the election at which the proposition is submitted to the voters as to whether a district shall be formed, three commissioners shall be elected ((to hold office, respectively, for the terms of two, four, and six years. All candidates shall be voted upon by the entire district, and the candidate residing in commissioner district No. 1 receiving the highest number of votes in the hospital district shall hold office for the term of six years; the candidate residing in commissioner district No. 2 receiving the highest number of votes in the hospital district shall hold office for the term of four years; and the candidate residing in commissioner district No. 3 receiving the highest number of votes in the hospital district shall hold office for the term of two years. The first commissioners to be elected shall take office immediately when qualified in accordance with RCW 29.04.135. Each term of the initial commissioners shall date from the time above specified following the organizational election, but shall also include the period intervening between the organizational election and the first day of January following the next district general election: PROVIDED, That in public hospital districts encompassing portions of more than one county, the total vote cast upon the proposition to form the district shall exceed forty percent of the total number of votes cast in each portion of each county lying within the proposed district at the next preceding general county election. The portion of the proposed district located within each county shall constitute a separate commissioner district. There shall be three district commissioners whose terms shall be six years. Each district shall be designated by the name of the county in which it is located. All candidates for commissioners shall be voted upon by the entire district. Not more than one commissioner shall reside in any one district. PROVIDED FURTHER, That in the event there are only two districts then two commissioners may reside in one district. The term of each commissioner shall commence on the first day in January in each year following his election. At the election at which the proposition is submitted to the voters as to whether a district shall be formed, three commissioners shall be elected to hold office, respectively, for the terms of two, four, and six years. The candidate receiving the highest number of votes within the district, as constituted by the election, shall serve a term of six years; the candidate receiving the next highest number of votes shall hold office for a term of four years; and the candidate receiving the next highest number of votes shall hold office for a term of two years: PROVIDED FURTHER, That the holding of each such term of office shall be subject to the residential requirements for district commissioners hereinbefore set forth in this section)). The election of the initial commissioners shall be null and void if the district is not authorized to be created.

No primary shall be held. A special filing period shall be opened as provided in RCW 29.15.170 and 29.15.180. The person receiving the greatest number of votes for the commissioner of each commissioner district shall be elected as the

commissioner of that district. The terms of office of the initial public hospital district commissioners shall be staggered as follows: (a) The person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or a five-year term of office if the election is held in an even-numbered year; (b) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term of office if the election is held in an even-numbered year; and (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial commissioners shall take office immediately when they are elected and qualified, but the length of such terms shall be computed from the first day of January in the year following this election. The term of office of each successor shall be six years. Each commissioner shall serve until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

(2) Commissioner districts shall be used as follows: (a) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (b) only voters of a commissioner district may vote at a primary to nominate candidates for a commissioner of the commissioner district. Voters of the entire public hospital district may vote at a general election to elect a person as a commissioner of the commissioner district.

If the proposed public hospital district is county-wide, and the county has three county legislative authority districts, the county legislative authority districts shall be used as public hospital district commissioner districts. In all other instances the county auditor of the county in which all or the largest portion of the proposed public hospital district is located shall draw the initial three public hospital district commissioner districts, each of which shall constitute as nearly as possible one-third of the total population of the proposed public hospital district and number the districts one, two, and three. Each of the three commissioner positions shall be numbered one through three and associated with the district of the same number.

The public hospital district commissioners may redraw commissioner districts, if the public hospital district has boundaries that are not coterminous with the boundaries of a county with three county legislative authority districts, so that each district comprises as nearly as possible one-third of the total population of the public hospital district. The commissioners of a public hospital district that is not coterminous with the boundaries of a county that has three county legislative authority districts shall redraw hospital district commissioner boundaries as provided in chapter 29.70 RCW.

Sec. 76. RCW 70.44.045 and 1982 c 84 s 13 are each amended to read as follows:

A vacancy in the office of commissioner shall occur as provided in chapter 42.12 RCW or by ((death, resignation, removal, conviction of felony,)) nonattendance at meetings of the commission for sixty days, unless excused by the commission ((, by any statutory disqualification, by any permanent disability preventing the proper discharge of his duty, or by creation of positions pursuant to RCW 70.44.051, et seq)). A vacancy ((or vacancies on the board)) shall be filled ((by appointment by the remaining commissioner or commissioners until the next regular election for commissioners as provided by RCW 70.44.040: PROVIDED, That if there is only one remaining commissioner, one vacancy shall be filled by appointment by the remaining commissioner and the remaining vacancy or vacancies shall be filled by appointment by the then two commissioners and the appointed commissioners shall serve until the next regular election for commissioners: PROVIDED FURTHER, That if there is a vacancy of the entire board, a new board may be appointed by the board of county commissioners or county council)) as provided in chapter 42.12 RCW.

Sec. 77. RCW 70.44.053 and 1967 c 77 s 2 are each amended to read as follows:

At any general or special election which may be called for that purpose the board of public hospital district commissioners may, or on petition of ten percent of the ((electors)) voters based on the total vote cast in the last district general election in the public hospital district shall, by resolution, submit to the voters of the district the proposition increasing the number of commissioners to ((any number authorized in RCW 70.44.054)) either five or seven members. The petition or resolution shall specify whether it is proposed to increase the number of commissioners to either five or seven members.

If the voters of the district approve the ballot proposition authorizing the increase in the number of commissioners to either five or seven members, the board of commissioners shall redistrict the public hospital district into the appropriate number of commissioner districts. The additional commissioners shall be elected from commissioner districts in which no existing commissioner resides at the next state general election occurring one hundred twenty days or more after the date of the election at which the voters of the district approved the ballot proposition authorizing the increase in the number of commissioners. If needed, special filing periods shall be authorized as provided in RCW 29.15.170 and 29.15.180 for qualified persons to file for the vacant office. A primary shall be held to nominate candidates if sufficient time exists to hold a primary and more than two candidates file for the vacant office. Otherwise, a primary shall not be held and the candidate receiving the greatest number of votes for each position shall be elected. Except for the initial terms of office, persons elected to each of these additional commissioner positions shall be elected to a six-year term.

Where the number of commissioners is increased from three to five, the initial terms of the two new commissioners shall be staggered so that the person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or a five-year term if the election is held in an even-numbered year, and the other person elected shall be elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term if the election is held in an even-numbered year. The newly elected commissioners shall assume office as provided in RCW 29.04.170.

Where the number of commissioners is increased from three or five to seven, the county auditor of the county in which all or the largest portion of the hospital district is located shall cause the initial terms of office of the additional commissioners to be staggered over the next three district general elections so that two commissioners would normally be elected at the first district general election following the election where the additional commissioners are elected, two commissioners are normally elected at the second district general election after the election of the additional commissioners, and three commissioners are normally elected at the third district general election following the election of the additional commissioners. The newly elected commissioners shall assume office as provided in RCW 29.04.170.

Whenever a proposed city incorporation is on the March special election ballot, the county auditor shall submit the legal description of the proposed city to the department of revenue on or before the first day of March;

(2) Boundaries for a newly incorporated port district shall be established on the first day of October if the boundaries of the newly incorporated port district are coterminous with the boundaries of another taxing district, as they existed on the first day of March of that year;

The boundaries of a taxing district shall be established on the first day of June if territory has been added to, or removed from, the taxing district after the first day of March of that year with boundaries coterminous with the boundaries of another taxing district as they existed on the first day of March of that year. However, the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was annexed to a city or town within its boundaries shall be altered as of this date to exclude this area. In any case where any instrument setting forth the official boundaries of any newly established taxing district, or setting forth any change in such boundaries, is required by law to be filed in the office of the county auditor or other county official, said instrument shall be filed in triplicate. The officer with whom such instrument is filed shall transmit two copies to the county assessor.

(4) The boundaries of a newly incorporated water district formed as a result of a special election held in March shall be established as of the first day of June next following the election.

No property tax levy shall be made for any taxing district whose boundaries are not established as of the dates provided in this section.

Sec. 88. RCW 54.16.030 and 1955 c 390 s 4 are each amended to read as follows:

A district may construct, purchase, condemn and purchase, acquire, add to, maintain, conduct, and operate water works and irrigation plants and systems, within or without its limits, for the purpose of furnishing the district, and the inhabitants thereof, and any other persons including public and private corporations within or without its limits, with an ample supply of water for all purposes, public and private, including water power, domestic use, and irrigation, with full and exclusive authority to sell and regulate and control the use, distribution, and price thereof. The district may exercise all powers granted to water districts pursuant to chapter 57.08 RCW that are not inconsistent with the express provisions of this title.

NEW SECTION. Sec. 89. A new section is added to chapter 35.21 RCW to read as follows:

The council of a city or town that has territory included in two counties may adopt an ordinance creating an urban emergency medical service district in all of the portion of the city or town that is located in one of the two counties if: (1) The county in which the urban emergency medical service district is located does not impose an emergency medical service levy authorized under RCW 84.52.069; and (2) the other county in which the city or town is located does impose an emergency medical service levy authorized under RCW 84.52.069. The ordinance creating the district may only be adopted after a public hearing has been held on the creation of the district and the council makes a finding that it is in the public interest to create the district. The members of the city or town council, acting in an ex officio capacity and independently, shall compose the governing body of the urban emergency medical service district. The voters of an urban emergency medical service district shall be all registered voters residing within the urban emergency medical service district.

An urban emergency medical service district shall be a quasi- municipal corporation and an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution. Urban emergency medical service districts shall also be "taxing authorities" within the meaning of Article VII, section 2 of the state Constitution.

An urban emergency medical service district shall have the authority to contract under chapter 39.34 RCW with a county, city, town, fire protection district, public hospital district, or emergency medical service district to have emergency medical services provided within its boundaries.

Territory located in the same county as an urban emergency medical service district that is annexed by the city or town shall automatically be annexed to the urban emergency medical service district.

Sec. 90. RCW 84.52.069 and 1991 c 175 s 1 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the total ((votes-east)) number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty per centum of the total ((votes-east)) number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty per centum of the total ((votes-east)) number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111.

(3) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(4) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the

county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is authorized subsequent to a county emergency medical service levy, shall expire concurrently with the county emergency medical service levy.

(5) The tax levy authorized in this section is in addition to the tax levy authorized in RCW 84.52.043.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(7) No taxing district may levy under this section more than twenty-five cents per thousand dollars of assessed value of property if reductions under RCW 84.52.010(2) are made for the year within the boundaries of the taxing district.

Sec. 91. RCW 53.12.010 and 1992 c 146 s 1 are each amended to read as follows:

The powers of the port district shall be exercised through a port commission consisting of three or, when permitted by this title, five members. Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into ~~((three))~~ the same number of commissioner districts as there are commissioner positions, each having approximately equal population. Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port ~~((district))~~ commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the ~~((petition proposing the formation of such a))~~ port commission shall divide the port district ((shall describe three)) into commissioner districts ((each having approximately the same population and)) unless the commissioner districts have been described pursuant to section 93 of this act. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary ~~((election))~~ to nominate candidates for a commissioner of the commissioner district. Voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

~~((In port districts having additional commissioners as authorized by RCW 53.12.120, 53.12.130, and 53.12.115, the powers of the port district shall be exercised through a port commission consisting of five members constituted as provided therein.))~~

NEW SECTION. Sec. 92. A new section is added to chapter 53.12 RCW to read as follows:

Any less than county-wide port district that uses commissioner districts may cease using commissioner districts as provided in this section.

The commissioners of a less than county-wide port district that is divided into commissioner districts may adopt a resolution eliminating the use of commissioner districts in the port district. A copy of the resolution shall be transmitted to the county auditor. Commissioner districts shall not be used in that port district commencing at the next district election occurring one hundred twenty or more days after the county auditor receives a copy of the resolution.

A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the voters of a less than county-wide port district that is divided into commissioner districts if a petition is submitted to the port commission proposing that the port district cease using commissioner districts, that is signed by registered voters of the port district equal in number to at least ten percent of the number of voters who voted at the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify its sufficiency. A ballot proposition authorizing the elimination of commissioner districts shall be submitted at the next district general election occurring sixty or more days after a petition with sufficient signatures was submitted. If the ballot proposition authorizing the port district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections. The port commission may adopt a resolution eliminating the use of commissioner districts in lieu of having the ballot proposition submitted to district voters.

NEW SECTION. Sec. 93. A new section is added to chapter 53.04 RCW to read as follows:

Three commissioner districts, each with approximately the same population, shall be described in the petition proposing the creation of a port district under RCW 53.04.020, if the process to create the port district was initiated by voter petition, or shall be described by the county legislative authority, if the process to initiate the creation of the port district was by action of the county legislative authority. However, commissioner districts shall not be described if the commissioner districts of the proposed port district shall be the same as the county legislative authority districts.

The initial port commissioners shall be elected as provided in RCW 53.12.172.

Sec. 94. RCW 53.04.023 and 1993 c 70 s 1 are each amended to read as follows:

A less than county-wide port district with an assessed valuation of at least seventy-five million dollars may be created in a county that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, designating either three or five commissioner positions, describing commissioner districts if the petitioners propose that the commissioners represent districts, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county's official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

(1) Property of steam, suburban, and interurban railroad companies, telegraph companies and pipe line companies--upon the basis of that proportion of the value of the total operating property within the state which the mileage of track, as classified by the department of revenue (in case of railroads), mileage of wire (in the case of telegraph companies), and mileage of pipe line (in the case of pipe line companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

(2) Property of street railroad companies, telephone companies, electric light and power companies, gas companies, water companies, heating companies and toll bridge companies--upon the basis of relative value of the operating property within each county and taxing district to the value of the total operating property within the state to be determined by such factors as the department of revenue shall deem proper.

(3) Planes or other aircraft of airplane companies and watercraft of steamboat companies--upon the basis of such factor or factors of allocation, to be determined by the department of revenue, as will secure a substantially fair and equitable division between counties and other taxing districts.

All other property of airplane companies and steamboat companies--upon the basis set forth in ~~((subdivision))~~ subsection (2) ((hereof)) of this section.

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof.

Sec. 110. RCW 84.12.370 and 1975 1st ex.s. c 278 s 171 are each amended to read as follows:

The county assessor shall enter the company's real operating property upon the real property tax rolls and the company's personal operating property upon the personal property tax rolls of ~~((his))~~ the county assessor's county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating property of the company in such county and the taxing districts therein for that year, upon which taxes shall be levied and collected in the same manner as on the general property of such county.

Sec. 111. RCW 84.16.090 and 1975 1st ex.s. c 278 s 181 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of subdivision (3) of RCW 84.16.010 or otherwise, following which shall be entered the actual cash value of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the actual cash value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll; and thereupon such valuation shall become the actual cash value of the operating property of the company, subject to revision or correction by the ~~((state board))~~ department of ((equalization)) revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the ~~((state board))~~ department of ((equalization)) revenue as hereinafter provided, the taxes of such company shall be based and computed.

Sec. 112. RCW 84.16.120 and 1961 c 15 s 84.16.120 are each amended to read as follows:

The actual cash value of the property of each company as fixed and determined by the ~~((state board))~~ department of ((equalization)) revenue as herein provided shall be apportioned to the respective counties in the following manner:

(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situate, located and operated.

(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties bears to the total length of main line track of such respective railroads in this state.

(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinabove provided, the value thereof shall be apportioned between the respective counties into or through which such property extends or is operated or in which the same is located in such manner as may be reasonable, feasible and fair.

Sec. 113. RCW 84.16.130 and 1975 1st ex.s. c 278 s 183 are each amended to read as follows:

When the ~~((state board))~~ department of ~~((equalization))~~ revenue shall have determined the equalized or assessed value of the operating property of each company in the respective counties as hereinabove provided, the department of revenue shall certify such equalized or assessed value to the county assessor of the proper county; and the county assessor shall apportion and distribute such assessed or equalized valuation to and between the several taxing districts of ~~((his))~~ the county assessor's county entitled to a proportionate value thereof in the manner prescribed in RCW 84.16.120 for apportionment of values between counties. The county assessor shall enter such assessment upon the personal property tax rolls of ~~((his))~~ the county assessor's county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating company in such county for that year, upon which taxes shall be levied and collected the same as on general property of the county.

- (n) An affirmation that the statements contained in the application are true and that the land described in the application is, by itself or with other forest land not included in the application, in contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined ~~((in RCW 76.08.010, or any laws or regulations adopted to replace such minimum standards))~~ by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, he or she shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his or her application has been denied may appeal such denial to the county board of equalization.

Sec. 116. RCW 84.36.381 and 1992 c 187 s 1 are each amended to read as follows:

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of January 1st of the year for which the exemption is claimed: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied ((or if));

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home or hospital costs;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the preceding year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the preceding year by reason of the death of the person's spouse, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after the death of the spouse by twelve.

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of twenty-six thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his or her residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter ((9.72)) 9A.72 RCW for ((the)) false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization whose decision shall be final as to the deferral of that year.

Sec. 119. RCW 84.40.0301 and 1971 ex.s. c 288 s 2 are each amended to read as follows:

((4)) Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.

((2) In any administrative or judicial proceeding pending upon May 21, 1971 or arising from the property revaluation under the provisions of section 4, chapter 282, Laws of 1969 ex. sess., and section 1, chapter 95, Laws of 1970 ex. sess., the provisions of this section will apply. This paragraph shall not be construed so as to limit in any way the provisions of subsection (1) of this section.)

Sec. 120. RCW 84.40.045 and 1977 ex.s. c 181 s 1 are each amended to read as follows:

The assessor shall give notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon no later than thirty days after appraisal: PROVIDED, That no such notice shall be mailed during the period from January 15 to February 15 of each year: PROVIDED FURTHER, That no notice need be sent with respect to changes in valuation of forest land made pursuant to chapter 84.33 RCW.

The notice shall contain a statement of both the prior and the new true and fair value and the ratio of the assessed value to the true and fair value on which the assessment of the property is based, stating separately land and improvement values, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

The notice shall be mailed by the assessor to the taxpayer.

If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer shall, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person shall also receive a copy of the notice provided for in this section. Willful failure to comply with such request within the time limitation provided for herein shall make such taxpayer subject to a maximum civil penalty of five ((dollars for each parcel of real property within the scope of the request in which it holds the security interest, the aggregate of such penalties in any one year not to exceed five)) thousand dollars. The penalties provided for herein shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. The assessor shall make the request provided for by this section during the month of January.

Sec. 121. RCW 84.40.080 and 1973 2nd ex.s. c 8 s 1 are each amended to read as follows:

((The)) An assessor((, upon his own motion, or upon the application of any taxpayer,)) shall enter ((in the detail and assessment list of the current)) on the assessment roll in any year any property shown to have been omitted from the assessment

~~((list)) roll of any preceding year, at the ((valuation of that)) value for the preceding year, or if not then valued, at such ((valuation)) value as the assessor shall determine ((from)) for the preceding year, and such ((valuation)) value shall be stated ((in a separate line)) separately from the ((valuation)) value of ((the current)) any other year. ((Where improvements have not been valued and assessed as a part of the real estate upon which the same may be located, as evidenced by the assessment rolls, they may be separately valued and assessed as omitted property under this section)) When any improvement has not been placed on an assessment roll as a part of the real estate upon which it is located, the improvement may, subject to RCW 84.40.085, be subsequently placed upon the assessment roll regardless of whether any other improvement on the real estate is listed on the assessment roll. For purposes of this section it is immaterial whether an assessment roll lists each improvement separately: PROVIDED, That no such assessment shall be made in any case where a bona fide purchaser(~~(, encumbrancer,)) or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest: AND PROVIDED FURTHER, That in the assessment of personal property, the assessor shall assess the omitted value not reported by the taxpayer as evidenced by an inspection of either the property or the books and records of said taxpayer by the assessor.~~~~

Sec. 122. RCW 84.40.090 and 1961 c 15 s 84.40.090 are each amended to read as follows:

~~It shall be the duty of assessors, when assessing real or personal property, to designate the name or number of each taxing and road district in which each person and each description of property assessed is liable for taxes((, which designation shall be made by writing the name or number of the districts opposite each assessment in the column provided for that purpose in the detail and assessment list)). When the real and personal property of any person is assessable in several taxing districts and/or road districts, the amount in each shall be assessed ((on separate detail and assessment lists, and all property assessable in incorporated cities or towns shall be assessed in consecutive books, where more than one book is necessary, separate from outside property and separately, and the name of the owner, if known, together with his post office address, placed opposite each amount)) separately.~~

Sec. 123. RCW 84.40.170 and 1961 c 15 s 84.40.170 are each amended to read as follows:

(1) In all cases of irregular subdivided tracts or lots of land other than any regular government subdivision the county assessor shall outline a plat of such tracts or lots and notify the owner or owners thereof with a request to have the same surveyed by the county engineer, and cause the same to be platted into numbered (or lettered) lots or tracts: PROVIDED, HOWEVER, That where any county has in its possession the correct field notes of any such tract or lot of land a new survey shall not be necessary, but such tracts may be mapped from such field notes. In case the owner of such tracts or lots neglects or refuses to have the same surveyed or platted, the county assessor shall notify the ((board of)) county ((commissioners)) legislative authority in and for the county, who may order and direct the county engineer to make the proper survey and plat of the tracts and lots. A plat shall be made on which said tracts or lots of land shall be accurately described by lines, and numbered (or lettered), which numbers (or letters) together with number of the section, township and range shall be distinctly marked on such plat, and the field notes of all such tracts or lots of land shall describe each tract or lot according to the survey, and such tract or lot shall be numbered (or lettered) to correspond with its number (or letter) on the map. The plat shall be given a designated name by the surveyor thereof. When the survey, plat, field notes and name of plat, shall have been approved by the ((board of)) county ((commissioners)) legislative authority, the plat and field notes shall be filed and recorded in the office of the county auditor, and the description of any tract or lot of land described in said plats by number (or letter), section, township and range, shall be a sufficient and legal description for revenue and all other purposes.

(2) Upon the request of eighty percent of the owners of the property to be surveyed and the approval of the county legislative authority, the county assessor may charge for actual costs and file a lien against the subject property if the costs are not repaid within ninety days of notice of completion, which may be collected as if such charges had been levied as a property tax.

Sec. 124. RCW 84.41.070 and 1975 1st ex.s. c 278 s 198 are each amended to read as follows:

~~If the department of revenue finds upon its own investigation, or upon a showing by others, that the revaluation program for any county is not proceeding for any reason as herein directed, ((or is not proceeding for any reason with sufficient rapidity to be completed before June 1, 1958,)) the department of revenue shall advise both the ((board of)) county ((commissioners)) legislative authority and the county assessor of such finding. Within thirty days after receiving such advice, the ((board of)) county ((commissioners)) legislative authority, at regular or special session, either (1) shall authorize such expenditures as will enable the assessor to complete the revaluation program as herein directed, or (2) shall direct the assessor to request special assistance from the department of revenue for aid in effectuating the county's revaluation program.~~

Sec. 125. RCW 84.44.010 and 1961 c 15 s 84.44.010 are each amended to read as follows:

~~Personal property, except such as is required in this title to be listed and assessed otherwise, shall be listed and assessed in the county where it is situated. ((The personal property pertaining to the business of a merchant or of a manufacturer shall be listed in the town or place where his business is carried on.))~~

Sec. 126. RCW 84.48.050 and 1961 c 15 s 84.48.050 are each amended to read as follows:

~~The county assessor shall, on or before the fifteenth day of January in each year, make out and transmit to the state auditor, in such form as may be prescribed, a complete abstract of the tax rolls of the county, showing the number of acres of land assessed, the value of such land, including the structures thereon; the value of town and city lots, including structures; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city and other taxing district purposes, for that year. Should the assessor of any county fail to transmit to the ((state board)) department of ((equalization)) revenue the abstract provided for in RCW 84.48.010 by the ((time the state board of equalization convenes)) eighteenth of August, and if, by reason of such failure to transmit such abstract, any county shall fail to collect and pay to the state its due proportion of the state tax for any year, the ((state board)) department of ((equalization)) revenue shall, at its next annual session, ascertain what amount of state tax said county has failed to collect, and certify the same to the state auditor, who shall charge the amount to the proper county and notify the auditor of said county of the amount of said charge; said sum shall be due and payable immediately by warrant in favor of the state on the current expense fund of said county.~~

Sec. 127. RCW 84.48.080 and 1990 c 283 s 1 are each amended to read as follows:

~~Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and~~

other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

Sec. 128. RCW 84.48.110 and 1987 c 168 s 1 are each amended to read as follows:

Within three days after the record of the proceedings of the ~~((state board))~~ department of ~~((equalization))~~ revenue is certified by the director of the department, the department shall transmit to each county assessor a copy of the record of the proceedings of the ~~((board))~~ department, specifying the amount to be levied and collected ~~((on said assessment books))~~ for state purposes for such year, and in addition thereto it shall certify to each county assessor the amount due to each state fund and unpaid from such county for the fifth preceding year, and such delinquent state taxes shall be added to the amount levied for the current year. The department shall close the account of each county for the fifth preceding year and charge the amount of such delinquency to the tax levy of the current year. These delinquent taxes shall not be subject to chapter 84.55 RCW. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the fifth preceding year shall belong to the county and by the county treasurer be credited to the current expense fund of the county in which collected.

Sec. 129. RCW 84.48.120 and 1987 c 168 s 2 are each amended to read as follows:

It shall be the duty of the county assessor of each county, when he or she shall have received from the state department of revenue the assessed valuation of the property of railroad and other companies assessed by the department of revenue and apportioned to the county, and placed the same on the tax rolls, and received the report of the department of revenue of the amount of taxes levied for state purposes, to compute the required percent on the assessed value of property in the county, and such state taxes shall be extended on the tax rolls in the proper column: PROVIDED, That the rates so computed shall not be such as to raise a surplus of more than five percent over the total amount required by the ~~((state board))~~ department of ~~((equalization))~~ revenue: PROVIDED FURTHER, That any surplus raised shall be remitted to the state in accordance with RCW 84.56.280.

Sec. 130. RCW 84.48.150 and 1973 1st ex.s. c 30 s 1 are each amended to read as follows:

The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within ~~((thirty))~~ sixty days of such request but at least ~~((ten))~~ fifteen business days prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable ~~((s))~~ sales which shall not be subsequently changed ~~((or modified))~~ by the assessor ~~((during review or appeal proceedings))~~ unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least ~~((ten))~~ fifteen business days prior to the hearing ~~((on appeal or review proceedings))~~ at the board of equalization. A taxpayer who lists comparable sales on ~~((his))~~ a notice of appeal ~~((shall not thereafter use other comparables during the review of appeal proceedings: PROVIDED, That the taxpayer may change the comparable sales he is using in proceedings subsequent to the county board of equalization only if he provides a listing of such different comparables to the assessor at least five business days prior to such subsequent proceedings: PROVIDED FURTHER, That the board of equalization may waive the requirements contained in the preceding proviso or allow the assessor a continuance of reasonable duration to check the comparables furnished by the taxpayer))~~ shall not subsequently change such sales unless the taxpayer has found new evidence supporting the taxpayer's proposed valuation in which case the taxpayer shall provide such additional evidence to the assessor and board of equalization at least ten business days prior to the hearing. If either the assessor or taxpayer do not meet the requirements of this section the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner.

NEW SECTION. Sec. 131. A new section is added to chapter 84.48 RCW to read as follows:

The board of equalization may enter an order that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

Sec. 132. RCW 84.52.043 and 1990 c 234 s 1 are each amended to read as follows:

Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) ~~((Except as provided in RCW 84.52.100;))~~ The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. The state board in making any change in boundaries shall give consideration to, but not be limited by, the following factors: (1) Size, population, topography, and climate of the proposed district; and (2) costs associated with the governance, administration, and operation of the educational service district system in whole or part.

As soon as practicable, the superintendent of public instruction shall develop a reorganization proposal and submit the proposal to the state board of education, together with a request under RCW 28A.310.020, that the number of western Washington educational service districts be reduced to four.

Sec. 524. RCW 84.52.0531 and 1992 c 49 s 1 are each amended to read as follows:

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation;

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1993 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

**PART VI
HIGHER EDUCATION**

NEW SECTION. Sec. 601. HIGHER EDUCATION.

The appropriations in sections 602 through 610 of this act are subject to the following conditions and limitations:

- (1) "Institutions of higher education" means the institutions receiving appropriations under sections 602 through 608 of this act.
- (2) The general fund--state appropriations in sections 602 through 608 of this act represent significant reductions in current funding levels. In order to provide each institution of higher education with the capability of effectively managing within their unique requirements, some flexibility in implementing these reductions is permitted. This will assure the continuation of the highest quality higher education system possible within available resources. In establishing spending plans for the next biennium, each institution shall address the needs of its students in keeping with the following directives: (a) Establishing reductions of a permanent nature by avoiding short term solutions; (b) not reducing enrollments more than two percent below budgeted levels; (c) maintaining the current resident to nonresident student proportions; (d) protecting undergraduate programs and support services; (e) protecting assessment activities; (f) protecting minority recruitment and retention efforts; (g) protecting the state's investment in facilities; (h) using institutional strategic plans as a guide for reshaping institutional expenditures; and (i) increasing efficiencies through administrative staff reductions, program consolidation, the elimination of duplication, the use of other resources, and productivity improvements. At the four-year institutions of higher education, productivity improvements shall include increased teaching loads for faculty. Each institution of higher education and the state board for community and technical colleges shall submit a report to the legislative fiscal committees by July 1, 1993, on their spending plans for the 1993-95 biennium. The report should address the approach taken with respect to each of the directives in this subsection. A second report responding to the same directives shall be submitted by November 1, 1993, which describes the implementation of the spending plan and its effects. The July 1, 1993, report submitted by each four-year institution shall include information on faculty teaching loads for the 1992-93 academic year, and the institution's plan to increase teaching loads during the 1993-95 biennium. The November 1, 1993, report submitted by each four-year institution shall include information on the implementation of its increased faculty teaching load plan.
- (3) The appropriations in sections 602 through 608 of this act provide state general fund support for student full time equivalent enrollments at each institution of higher education. The state general fund budget is further premised on a level of specific student tuition revenue collected into and expended from the institutions of higher education--general local accounts. Each institution shall enroll no less than two percent below its budgeted biennial average full time equivalent enrollments. If the estimated 1993-95 average biennial full time equivalent student enrollment of an institution as estimated on April 30, 1995, by the office of financial management using spring enrollment reports submitted by the institutions, is more than two percent below the biennial budgeted amount, then an amount equal to the student quality standard, as defined in the legislative budget notes, multiplied by the number of full time equivalent students below the two percent variance shall revert to the state general fund. Listed below are the annual full time equivalent student enrollments by institution assumed in this act.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays, subject to the approval of the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays, subject to the approval of the state agency. For department of corrections construction projects, the Washington state arts commission shall give priority to selecting works of art produced by inmates.

(4) At least 85% of the moneys spent by the Washington state arts commission during the 1993-95 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 shall be spent solely for direct acquisition of works of art.

NEW SECTION. Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

NEW SECTION. Sec. 1016. (1) Agencies shall expedite the expenditure of reappropriations and appropriations in order to: (a) Rehabilitate infrastructure in a timely manner and prevent further deterioration of public facilities and resources; (b)

accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 1017. The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. The institutions of higher education shall provide to the higher education coordinating board a complete inventory of space in the form determined by the higher education coordinating board.

NEW SECTION. Sec. 1018. DEPARTMENT OF FISH AND WILDLIFE. On July 1, 1994, all appropriations and all conditions and limitations in this act for the department of fisheries and the department of wildlife shall be provided for the department of fish and wildlife. If Substitute Senate Bill No. 5940 or substantially similar legislation creating a department of fish and wildlife is not enacted by July 1, 1994, this section shall have no effect.

NEW SECTION. Sec. 1019. \$1,200,000 of the state and local improvement revolving account--waste disposal facilities and \$6,300,000 of the state and local improvement revolving account--waste disposal facilities 1980 are transferred to the water quality account, and shall be used for extended grant payments for public waste disposal facilities that discharge directly into marine waters. The funds shall be subject to the conditions and limitations set forth in section 408 of this act.

NEW SECTION. Sec. 1020. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION. Sec. 1021. As of the effective date of this act, each state agency is prohibited from using any state funds, regardless of the source, for the construction, remodel, repair, maintenance, or equipping of any recreational facilities such as gymnasiums, weight rooms, exercise rooms, swimming pools, spas, saunas, basketball courts, running tracks, or any similar type facilities, unless a specific detailed request is made in a funding request to the legislature and is specifically and expressly granted in a legislative appropriation that clearly describes and limits the authorized use.

NEW SECTION. Sec. 1022. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 1023. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.", and the same are herewith transmitted.

RE: Report of State-wide Expansion of HOMEBUILDERS Family Preservation Services

Dear Secretary Brown:

This report addresses the feasibility of expanding the HOMEBUILDERS model of Family Preservation Services (FPS) statewide, as one strategy to safely provide alternatives to foster care services. It was prepared by the Division of Children and Family Services (DCFS) in compliance with Chapter 214, Laws of 1992.

The proposal to expand this specific service model is an integral part of the Division's resolution to:

- * Create a service system which can flexibly respond to the critical needs of children and families so that child protection, family preservation and permanency planning are more effectively achieved, and
- * Manage the utilization of foster care and other child welfare services to maximize the cost-effectiveness of interventions, consistent with the Division's mandate to promote child safety and strengthen families.

The needs of families call for a broad range of prevention, early intervention, family support and treatment services. The Division is committed to the creation of a system of care which can offer flexible services based on individual family need. The plan to expand the HOMEBUILDERS model of FPS represents one part of the Division's strategy to improve the overall system of care for children and families.

Our history with the out-of home placement of children shows that appropriate and truly effective service delivery requires a full capacity system; with a carefully interwoven array of services, from the least restrictive setting (in the home of the child) through institutional services.

The "non-supplantation" clause in Chapter 214 (Section 11) will allow the Division to expand the HOMEBUILDERS model of FPS without additional state revenue. Offering children and families greater access to other critically needed services, in the future, may depend on a similar ability to augment state funds with federal revenue.

If you have questions about the report, or would like additional information about Family Preservation Services, please contact Lee Doran, DCFS Program Manager, at (206) 586-2655.

Sincerely,
LIZ DALTON, Office Chief
Program and Policy
Division of Children and Family Services

SECOND READING

SECOND SUBSTITUTE SENATE BILL NO. 5781, by Committee on Ways and Means (originally sponsored by Senators Jesernig, Bauer, Moyer, Pelz, Bluechel, Spanel, Hargrove, Drew, von Reichbauer, Snyder, Sheldon, Loveland, McDonald, Erwin, M.

Rasmussen, Barr, Prentice, Sutherland, McAuliffe, West, Oke, Amondson, Haugen, Franklin, Sellar, Hochstatter, Fraser, Deccio, A. Smith and Winsley)

Improving access to public institutions of higher education.

The bill was read the second time.

MOTIONS

On motion of Senator Jesernig, the following amendment by Senators Jesernig and Bauer was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

NEW SECTION. Sec. 3. It is the policy of the state of Washington that, for new enrollments provided under section 2 of this act, the essential requirements level budget calculation for those enrollments shall, each biennium, at a minimum, include a funding level per full-time equivalent student that is equal to the rate assumed in the omnibus appropriations act for the last fiscal year of the previous biennium for the instructional, primary support, and library programs, plus an inflation factor. The inflation factor should be equivalent to the inflation factor used to calculate basic education in the common school system budget request submitted by the governor.

NEW SECTION. Sec. 4. It is the policy of the state of Washington that the essential requirements level budget calculation for state institutions of higher education include a funding level per full-time equivalent student that is, each biennium, at a minimum, equal to the general fund--state and tuition fund rate per student assumed in the omnibus appropriations act for the last fiscal year of the previous biennium for the state-funded programs, minus one-time expenditures and plus an inflation factor. The inflation factor should be equivalent to the inflation factor used to calculate basic education in the common school system budget request submitted by the governor.

NEW SECTION. Sec. 5. It is the policy of the state of Washington that higher education enrollments be increased in increments each biennium in order to achieve, by the year 2010, the goals, by educational sector, adopted by the higher education coordinating board in its enrollment plan entitled "Design for the 21st Century: Expanding Higher Education Opportunities in Washington," or subsequent revisions adopted by the board.

Per student costs for additional students to achieve this policy shall be at the same rate per student as enrollments mandated in section 2 of this act.

For each public college and university, and for the community and technical college system, budget documents generated by the governor and the legislature in the development and consideration of the biennial omnibus appropriations act shall display an enrollment target level. The enrollment target level is the biennial state-funded enrollment increase necessary to fulfill the state policy set forth in this section. The budget documents shall compare the enrollment target level with the state-funded enrollment increases contained in the biennial budget proposals of the governor and each house of the legislature. The information required by this section shall be set forth in the budget documents so that enrollment and cost information concerning the number of students and additional funds needed to reach the enrollment goals are prominently displayed and easily understood.

For the governor's budget request, the information required by this section shall be made available in the document entitled "Operating Budget Supporting Data" or its successor document.

NEW SECTION. Sec. 6. The participation rate used to calculate enrollment levels under sections 2 and 5 of this act shall be based on fall enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 5 of this act shall be determined by the office of financial management as part of its responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the public four-year institutions of higher education, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before November 15th of each even-numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 5 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. Sec. 7. It is the policy of the state of Washington that financial need not be a barrier to participation in higher education. It is also the policy of the state of Washington that the essential requirements level budget calculation include funding for state student financial aid programs. The calculation should, at a minimum, include a funding level equal to the amount provided in the second year of the previous biennium in the omnibus appropriations act, adjusted for the percentage of needy

resident students, by educational sector, likely to be included in any enrollment increases necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The calculation should also be adjusted to reflect, by educational sector, any increases in cost of attendance. The cost of attendance figures should be calculated by the higher education coordinating board and provided to the office of financial management and appropriate legislative committees by June 30th of each even-numbered year.

Sec. 8. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

~~(2)((a))~~ The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary ~~((by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act))~~. If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

~~((b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.~~

~~(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.~~

~~(d) Except as permitted by (c) of this subsection, should the number of student-supported, full-time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for such student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.)~~

(3) The state board for community and technical colleges ~~((education))~~ shall ensure compliance with this section.

NEW SECTION. Sec. 9. Sections 2 through 7 of this act are each added to chapter 28B.10 RCW.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

On motion of Senator Jesernig, the following title amendment was adopted:

On page 1, line 1 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28B.15.515; adding new sections to chapter 28B.10 RCW; creating a new section; providing an effective date; and declaring an emergency.

MOTION

On motion of Senator Jesernig, the rules were suspended, House Bill No. 2129 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Fraser: "Senator Spanel, is the language in Section 2 of the bill intended to overturn or modify the ruling of the Supreme Court in the Washington Federation of State Employees versus Spokane Community College case?"

Senator Spanel: "No, the language is not intended to affect that decision or any other civil service employee rights."

POINT OF INQUIRY

Senator Cantu: "Senator Jesernig, I have a question on the summary in our calendar. Things are moving rather quickly and it is hard to look at this. I am looking on page 2, the second paragraph on the right hand side--second from the bottom. It says, 'The department if directed to develop a standard notification form for use by the agencies.' It sounds like the agencies are supposed to notify the Department of General Administration when they buy items and I'm wondering if we are going to get into a real horrendous paper mill where every time they go buy a single item, they have to fill out a form and then process a form to notify the agency.

"One of the things that the Efficiency Commission looked at is the cost of a piece of paper on a request for procurement and we found out that it is very close to fifty dollars. So, if we are not careful, I am afraid that this form--I guess my question, Senator Jesernig, I'm sorry, is whether or not this would have to be done for each and every single item that they buy?"

Senator Jesernig: "Well, thank you, Senator Cantu. As I read it here, it would simply require the notification so that the Department of General Administration would be able to better warehouse what it thinks it needs to have. I don't think the intent, as I understand it, is to require every pencil to have a piece of paper for it, but I think any purchases that are

significant, the GA is going to have to know about it, so they are not stocking those items. That was the intent as I understood it of the notification requirement. It was simply to make sure that GA doesn't buy a bunch of paper or pencils, because they think orders are going to come in."

Senator Cantu: "O.K., you can see my concern and that is if an agency--say I want to go buy a half dozen pencils that they then have to fill out a form, send it to GA and say I bought a half dozen pencils. We're going to get into that paper mill and I'm sorry for not giving you the advance notice, but I just now had a chance to look at it."

Senator Jesernig: "Senator Cantu, if that occurs, I will co-sponsor the bill with you to make sure that it doesn't. Thank you."

The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 2129.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 2129 and the bill passed the Senate by the following vote: Yeas, 42; Nays, 0; Absent, 0; Excused, 7.

MOTIONS

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.10.660 and 1979 ex.s. c 88 s 1 are each amended to read as follows:

(1) The ~~((regents or trustees))~~ governing boards of any of the state's institutions of higher education may make available liability, life, health, health care, accident, disability and salary protection or insurance or any one of, or a combination of, the enumerated types of insurance, or any other type of insurance or protection, for the regents or trustees and students of the institution. Except as provided in subsection (2) of this section, the premiums due on such protection or insurance shall be borne by the assenting regents, trustees, or students. The regents or trustees of any of the state institutions of higher education may make liability insurance available for employees of the institutions. The premiums due on such liability insurance shall be borne by the university or college.

(2) A governing board of a public four-year institution of higher education may make available, and pay the costs of, health benefits for graduate students holding graduate service appointments, designated as such by the institution. Such health benefits may provide coverage for spouses and dependents of such graduate student appointees."

Senator Prince moved that the following amendment to the amendment be adopted:

On page 1, line 22, after "education" strike "may" and insert "shall"

Debate ensued.

POINT OF INQUIRY

Senator West: "Senator Jesernig, is there anything in the budget or anything in statute that would prevent a Board of Regents from taking the money we provide in the budget for this purpose and spending it on some other purpose? Is there anything restricting them in the expenditure of these funds requiring that it go for this purpose?"

Senator Jesernig: "Thank you, Senator West. I think the Budget Accounting Act will make sure that they spend it for what it's meant to be spent on and I think that not only the Board of Regents, but the Presidents of the institutions would have a very hard time in the Legislature if they, in fact, took this money and spent it on something other than what we appropriated it directly for."

Senator West: "I'm glad that is stated in that fashion, so it is on the record to show some legislative intent. The problem is every year we pass a budget, giving money to agencies, giving them direction in that budget and every year when they need money for something else, they rob it from this section and put it over there. They come back and they say, 'Now, we don't have enough to do what you originally gave us the money to do, so we need more money.'

"I think without passing Senator Prince's amendment making this mandatory on the Regents, making this mandatory on the schools and the administration of schools, you run the real risk of this money not getting to where it is intended and you run the real risk of putting out there a false promise--a false hope for people that were actually putting these benefits in law, actually giving them these benefits. This is simply a 'may,' it is not a 'shall.' I think we should go the 'shall' route if that is actually our intention. We should not leave this to any question, so I would encourage you to vote for Senator Prince's amendment."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Prince on page 1, line 22, to the striking amendment by Senator Jesernig to Engrossed House Bill No. 2123.

The motion by Senator Prince failed and the amendment to the striking amendment was not adopted.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Jesernig to Engrossed House Bill No. 2123.

The motion by Senator Jesernig carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Jesernig, the following title amendment was adopted:

On page 1, line 1 of the title, after "appointments;" strike the remainder of the title and insert "and amending RCW 28B.10.660."

MOTION

On motion of Senator Jesernig, the rules were suspended, Engrossed House Bill No. 2123, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed House Bill No. 2123, as amended by the Senate.2

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW ~~((28B.15.011 through 28B.15.014 and 28B.15.015, each as now or hereafter amended))~~ 28B.15.012 and 28B.15.013. A nonresident student shall include:

The institutions shall utilize telecommunication technology, if available, to carry out the purposes of this section. Subject to the limitations of RCW 28B.15.910, the institutions providing the service may waive all or a portion of the tuition, ~~((and))~~ and service and activities fees for dislocated forest products workers or their unemployed spouses enrolled as one of the full-time equivalent students allocated to the college under this section.

NEW SECTION. Sec. 38. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

POINT OF INQUIRY

Senator Prince: "Senator Rinehart, what I would like to know, in the case of military personnel, what do they pay? Do they pay out-of-state or in-state--military personnel--under this, as written, because the waiver part has been stricken and made optional at the school and we can't get the staff to agree on what they end up now expected to pay?"

Senator Rinehart: "Senator Prince, if you would give me just a few minutes, I will get you the most accurate answer, rather than alibiing."

There being no objection, the President declared the Senate to be at ease.

The Senate was called to order by President Pritchard.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 5982 and the pending point of inquiry by Senator Prince to Senator Rinehart.

FURTHER REMARKS BY SENATOR RINEHART

Senator Rinehart: "Thank you, Mr. President. Senator Prince, active duty military will receive a waiver and they will pay resident tuition plus a slight surcharge--the community colleges would apply to them. Military spouses and dependents pay strictly the resident tuition. The rationale is that the military also contributes to the education of the active military duty personnel themselves, but not to the spouses and dependents."

Senator Prince: "Could I ask for one more clarification? To what extent does this waiver extend? It used to be thirteen point two. How much can the waiver be now?"

Senator Rinehart: "I believe that is the option of the local institution."

Senator Prince: "So, they can have like fifty percent or eighty percent?"

Senator Rinehart: "Of what?"

Senator Prince: "Of the base tuition. That's the way the original waiver worked."

Senator Rinehart: "Active duty military personnel receive a waiver and pay resident tuition plus a slight surcharge, so that would be the resident tuition plus whatever percentage--"

Senator Prince: "O.K., but what is the maximum surcharge?"

Senator Rinehart: "That is an institutional decision."

Senator Prince: "So, it could be as much as the waiver?"

Senator Rinehart: "One would assume not or there would have been no cause to give a waiver."

Senator Prince: "Well, that is my question, but beings we've stricken that part of the law, I am concerned, so I just wanted to kind of clarify what our intent is."

Senator Rinehart: "Well, it is not clear to me that the conversation we've just had is going to clarify anything."

Senator Prince: "Well, it isn't to me there, except on the dependents and I do appreciate that."

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Rinehart to Engrossed Substitute Senate Bill No. 5982.

The motion by Senator Rinehart carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Rinehart, the following title amendment was adopted:

THIRD READING

SUBSTITUTE SENATE BILL NO. 5966, by Committee on Ways and Means (originally sponsored by Senators Rinehart, Haugen and M. Rasmussen) (by request of Department of Veterans Affairs)

Concerning the state veterans' homes.

MOTIONS

On motion of Senator Rinehart, the rules were suspended and Substitute Senate Bill No. 5966 was returned to second reading and read the second time.

On motion of Senator Rinehart, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that continued operation of state veterans' homes is necessary to meet the needs of eligible veterans for shelter, personal and nursing care, and related services; that certain residents of veterans' homes or services provided to them may be eligible for participation in the state's medicaid reimbursement system; and that authorizing medicaid participation is appropriate to address the homes' long-term funding needs. The legislature also finds that it is important to maintain the dignity and self-respect of residents of veterans' homes, by providing for continued resident involvement in the homes' operation, and through retention of current law guaranteeing a minimum amount of allowable personal income necessary to meet the greater costs for these residents of transportation, communication, and participation in family and community activities that are vitally important to their maintenance and rehabilitation.

NEW SECTION. Sec. 2. A new section is added to chapter 72.36 RCW to read as follows:

Qualifying operations at state veterans' homes operated by the department of veterans affairs, may be provided under the state's medicaid reimbursement system as administered by the department of social and health services.

The department of veterans affairs may contract with the department of social and health services under the authority of RCW 74.09.120 but shall be exempt from RCW 74.46.660(6), and the provisions of RCW 74.46.420 through 74.46.590 shall not apply to the medicaid rate-setting and reimbursement systems. The nursing care operations at the state veterans' homes shall be subject to inspection by the department of social and health services. This includes every part of the state veterans' home's premises, an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs, methods of supply, and any other records the department of social and health services deems relevant.

NEW SECTION. Sec. 3. A new section is added to chapter 72.36 RCW to read as follows:

The department of veterans affairs shall provide by rule for the annual election of a resident council for each state veterans' home. The council shall annually elect a chair from among its members, who shall call and preside at council meetings. The resident council shall serve in an advisory capacity to the director of the department of veterans affairs and to the superintendent in all matters related to policy and operational decisions affecting resident care and life in the home.

By October 31, 1993, the department shall adopt rules that provide for specific duties and procedures of the resident council which create an appropriate and effective relationship between residents and the administration. These rules shall be adopted after consultation with the resident councils and the state long-term care ombuds, and shall include, but not be limited to the following:

- (1) Provision of staff technical assistance to the councils;
- (2) Provision of an active role for residents in developing choices regarding activities, foods, living arrangements, personal care, and other aspects of resident life;
- (3) A procedure for resolving resident grievances; and
- (4) The role of the councils in assuring that resident rights are observed.

The development of these rules should include consultation with all residents through the use of both questionnaires and group discussions.

The resident council for each state veterans' home shall annually review the proposed expenditures from the benefit fund that shall contain all private donations to the home, all bequeaths, and gifts. Disbursements from each benefit fund shall be for the benefit and welfare of the residents of the state veterans' homes. Disbursements from the benefits funds shall be on the authorization of the superintendent or his or her authorized representative after approval has been received from the home's resident council.

The superintendent or his or her designated representative shall meet with the resident council at least monthly. The director of the department of veterans affairs shall meet with each resident council at least three times each year.

Sec. 4. RCW 72.36.020 and 1977 c 31 s 2 are each amended to read as follows:

The director of the department of veterans affairs shall appoint a superintendent for ~~((the state soldiers' home and colony, and a superintendent for the Washington veterans' home, who, with the consent of the director, may be styled, respectively, "commandant of the home"))~~ each state veterans' home. The superintendent shall exercise management and control of the institution in accordance with either policies ~~((and/or))~~ or procedures promulgated by the director of the department of veterans affairs, or both, and rules and regulations of the department. In accordance with chapter 18.52 RCW, the individual appointed as superintendent for either state veterans' home shall be a licensed nursing home administrator. The department may request a waiver to, or seek an alternate method of compliance with, the federal requirement for a licensed on-site administrator during a transition phase from July 1, 1993, to June 30, 1994.

Sec. 5. RCW 72.36.030 and 1977 ex.s. c 186 s 1 are each amended to read as follows:

The legislature supports the proposed reduction by the governor of state agency, middle management level employees and recognizes that such reduction is essential to achieve more efficient and effective delivery of state services. Further, the legislature finds that employee reductions in agencies providing state transportation programs and services are necessary to the extent such reductions do not jeopardize transportation program and service delivery.

((5)) (4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

((6)) (5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

((7)) (6) If the authority determines that major modifications to the plan are necessary before being submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to ((ratify formation of the authority,)) approve the system and finance plan((,)) and authorize the imposition of the taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

- (a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;
- (b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and
- (c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

((8)) (9) If the vote fails, the board may redefine the system and financing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and financing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the first election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

(2) If the director determines that the operation of a vessel under a salmon delivery license results in the depletion or destruction of the state's salmon resource or the delivery into this state of salmon products prohibited by law, the director may revoke the license.

Sec. 17. RCW 75.28.116 and 1989 c 316 s 5 are each amended to read as follows:

The owner of a commercial salmon fishing vessel which is not qualified for a license under RCW 75.30.120 is required to obtain a salmon single delivery license in order to make one landing of salmon taken in offshore waters. (House Bill No. 1309), Laws of 1993."

POINT OF ORDER

Senator Spanel: "Mr. President, I would rise to a point of order on scope and object. This expands the original bill. The bill relates to fishing licenses and collecting different fees and this expands it to make an appropriation to some place else."

MOTION

At 6:25 p.m., on motion of Senator Jesernig, the Senate was declared to be at ease.

The Senate was called to order at 6:53 p.m. by President Pritchard.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5980 and the pending amendment by Senators Owen and Barr on page 29, after line 24, to the striking amendment, under consideration before going at ease.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Spanel, the President finds that Substitute Senate Bill No. 5980 is a measure which, among other things, changes various fees related to fishing.

"The amendment by Senators Owen and Barr to the striking amendment would appropriate a portion of the revenues derived from the fee changes for specified purposes related to fisheries.

"The President, therefore, finds that the proposed amendment to the striking amendment does not change the scope and object of the bill and the point of order is not well taken."

The amendment by Senators Owen and Barr on page 29, after line 24, to the striking amendment was ruled in order. Debate ensued.

POINT OF INQUIRY

Senator Hargrove: "Senator Owen, I am looking at the budget for Washington State University and there is language under Sub 6 that says, 'Eighty-five thousand dollars of the general fund appropriation is provided solely for the implementation of Section 7 of Second Engrossed Substitute House Bill No. 1309.' It appears to me that that budget already provided eighty-five thousand dollars to do the work required by this bill. Does this amendment add another eighty-five thousand dollars, because the project is going to cost more or is it intended to replace the eighty-five thousand that is in the budget here?"

Senator Owen: "The budget, as it is, requires Washington State University to take the eighty-five thousand out of their budget and put it into this program. It is not an increased appropriation. To answer your question, this would not double the appropriation. This would take the place of that appropriation. It is intended to take the place of that appropriation."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senators Owen and Barr on page 29, after line 24, to the striking amendment to Substitute Senate Bill No. 5980.

The motion by Senator Owen carried and the amendment to the striking amendment was adopted on a rising vote.

The period used to measure the increase or decrease to be applied to these first year biennial rates shall be the calendar year preceding the July 1 commencement of the state biennium.

(4) The July 1 rates for the second year of each biennium shall be adjusted by the change in the nursing home input price index without capital costs published by the health care financing administration of the department of health and human services, HCFA index, however, any increase shall be multiplied by one and one-half. The period used to measure the HCFA index increase to be multiplied by one and one-half and applied or decrease to be applied to these second-year biennial rates shall also be the calendar year preceding the July 1 commencement of the state biennium: PROVIDED, However, That in the event the change in the HCFA index measured over the following calendar year, the one terminating six months after the start of the state biennium, is twenty-five percent greater or less than the change in the HCFA index measured over the calendar year preceding commencement of the state biennium, the department shall use the HCFA index increase multiplied by one and one-half or decrease in such following calendar year to inflate or decrease nursing facilities' nursing services, food, administrative, and operational rates for July 1 of the second biennial year.

(5) If either the implicit price deflator index or the health care financing administration index ceases to be published in the future, the department shall select by rule and use in their place one or more measures of change from an alternate source or sources for the same or comparable time periods.

Sec. 8. RCW 74.46.430 and 1987 2nd ex.s. c 1 s 2 are each amended to read as follows:

(1) The department, as provided by this chapter, will determine prospective cost-related reimbursement rates for services provided to medical care recipients. Each rate so determined shall represent the contractor's maximum compensation within each cost center for each patient day for such medical care recipient.

(2) As required, the department may modify such maximum per patient day rates pursuant to the administrative review provisions of RCW 74.46.780.

(3) ~~((Until the effective date of RCW 74.46.510 and 74.46.530, the maximum prospective reimbursement rates for the administration and operations and the property cost centers shall be established based upon a minimum facility occupancy level of eighty-five percent.~~

~~(4) On and after the effective date of RCW 74.46.510 and 74.46.530,) The maximum prospective reimbursement rates for the ((administration and operations)) administrative, operational, and ((the)) property cost centers, and the return on investment ((allowance)) rate shall be established based upon a minimum facility occupancy level of eighty-five percent.~~

~~((5)) (4) All contractors shall be required to adjust and maintain wages for all employees to a minimum hourly wage ((established by the legislature in the biennial appropriations act, if the legislature appropriates moneys to fund prospectively the portion of the minimum wage attributable to services to medicaid patients. Prospective rate revisions to fund any minimum wage increases shall be made only on the dates authorized in the appropriation act. The department shall by regulation limit reimbursement to the amount appropriated for legislatively authorized enhancement for nonadministrative wages and benefits above the moneys necessary to fund minimum wages specified in this section. The department in considering reimbursement for~~

legislatively authorized wage enhancements will take into consideration facility wage history over the past three cost report periods)) of four dollars and seventy-six cents per hour beginning January 1, 1988, and five dollars and fifteen cents per hour beginning January 1, 1989.

Sec. 9. RCW 74.46.450 and 1983 1st ex.s. c 67 s 20 are each amended to read as follows:

(1) Prospective reimbursement rates for a new contractor will be established within sixty days following receipt by the department of the properly completed projected budget required by RCW 74.46.670. Such reimbursement rates will become effective as of the effective date of the contract and shall remain in effect until ~~((rates can be established under RCW 74.46.460 based on a contractor's cost report including at least six months of cost data))~~ adjusted or reset as provided in this chapter.

(2) Such reimbursement rates will be based on the contractor's projected cost of operations and on costs and payment rates of the prior contractor, if any, or of other contractors in comparable circumstances.

(3) If a properly completed budget is not received at least sixty days prior to the effective date of the contract, the department will establish preliminary rates based on the other factors specified in subsection (2) of this section. These preliminary rates will remain in effect until ~~((a determination is made pursuant to RCW 74.46.460))~~ adjusted or reset as provided in this chapter.

(4) The department is authorized to develop policies and procedures in rule to address the computation of rates for the first and second fiscal years of each biennium, including steps necessary to prorate rate adjustments for economic trends and conditions as authorized in RCW 74.46.420, for contractors having less than twelve months of cost report data for the prior calendar year.

Sec. 10. RCW 74.46.460 and 1987 c 476 s 3 are each amended to read as follows:

(1) Each contractor's reimbursement rates will be determined or adjusted prospectively at least once each calendar year, as provided in this chapter, to be effective July 1st. Provided, that a contractor's rate for the first fiscal year of each biennium must be established upon its own prior calendar period report of at least six months of cost data.

(2) Rates may be adjusted as determined by the department to take into account variations in the distribution of patient classifications or changes in patient characteristics from the prior reporting year, program changes required by the department, or changes in staffing levels at a facility required by the department. ~~((Rates shall be adjusted by the amount of legislatively authorized enhancements in accordance with RCW 74.46.430(5) and 74.46.470(2).))~~ Rates may also be adjusted to cover costs associated with placing a nursing home in receivership which costs are not covered by the rate of the former contractor, including: Compensation of the receiver, reasonable expenses of receivership and transition of control, and costs incurred by the receiver in carrying out court instructions or rectifying deficiencies found. Rates shall be adjusted for any capitalized additions or replacements made as a condition for licensure or certification. Rates shall be adjusted for capitalized improvements done under RCW 74.46.465.

~~((3) Where the contractor participated in the provisions of prospective cost-related reimbursement in effect prior to July 1, 1983, such contractor's prospective rate effective July 1, 1983, will be determined utilizing the contractor's desk-reviewed allowable costs for calendar year 1982.~~

~~(4) All prospective reimbursement rates for 1984 and thereafter shall be determined utilizing the prior year's desk-reviewed cost reports.))~~

Sec. 11. RCW 74.46.470 and 1987 c 476 s 4 are each amended to read as follows:

(1) A contractor's reimbursement rates for medical care recipients will be determined utilizing net invested funds and desk-reviewed cost report data within the following cost centers:

- (a) Nursing services;
- (b) Food;
- (c) ~~((Administration and operations))~~ Administrative; ~~((and))~~
- (d) Operational; and
- (e) Property.

(2) There shall be for the time period January 1988 through June 1990 only an enhancement cost center established to reimburse contractors for specific legislatively authorized enhancements for nonadministrative wages and benefits to ensure that such enhancements are used exclusively for the legislatively authorized purposes. For purposes of settlement, funds appropriated to this cost center shall only be used for expenditures for which the legislative authorization is granted. Such funds may be used only in the following circumstances:

(a) The contractor has increased expenditures for which legislative authorization is granted to at least the highest level paid in any of the last three cost years, plus, beginning July 1, 1987, any percentage inflation adjustment as was granted each year under RCW 74.46.495; and

(b) All funds shifted from the enhancement cost center are shown to have been expended for legislatively authorized enhancements.

(3) If the contractor does not spend the amount appropriated to this cost center in the legislatively authorized manner, then the amounts not appropriately spent shall be recouped at preliminary or final settlement pursuant to RCW 74.46.160.

(4) For purposes of this section, "nonadministrative wages and benefits" means wages and payroll taxes paid with respect to, and the employer share of the cost of benefits provided to, employees in job classes specified in an appropriation, which may not include administrators, assistant administrators, or administrators in training.

(5) Amounts expended in the enhancement cost center in excess of the minimum wage established under RCW 74.46.430 are subject to all provisions contained in this chapter.

Sec. 12. RCW 74.46.481 and 1991 sp.s. c 8 s 16 are each amended to read as follows:

(1) The nursing services cost center shall include for reporting and audit purposes all costs related to the direct provision of nursing and related care, including fringe benefits and payroll taxes for the nursing and related care personnel, and the cost of nursing supplies. ~~((For rates effective for state fiscal year 1984,))~~ The department shall adopt by administrative rule a definition of "related care" ~~((which shall incorporate, but not exceed services reimbursable as of June 30, 1983. For rates effective for state fiscal year 1985, the definition of related care shall include ancillary care)).~~ For rates effective after June 30, 1991, nursing services costs, as reimbursed within this chapter ~~((and as tested for reasonableness within this section)),~~ shall not include costs of any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensation paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification at the same nursing facility, as reported in the most recent cost report period.

(2) The department shall adopt ~~((by))~~ through administrative rules a method for establishing a nursing services cost center rate consistent with the principles stated in this section.

(3) Utilizing regression or other statistical technique, the department shall determine a reasonable limit on facility nursing staff taking into account facility patient characteristics. For purposes of this section, facility nursing staff refers to registered nurses, licensed practical nurses and nursing assistants employed by the facility or obtained through temporary labor contract arrangements. Effective January 1, 1988, the hours associated with the training of nursing assistants and the supervision of that training for nursing assistants shall not be included in the calculation of facility nursing staff. In selecting a measure of patient characteristics, the department shall take into account:

- (a) The correlation between alternative measures and facility nursing staff; and
- (b) The cost of collecting information for and computation of a measure.

If regression is used, the limit shall be set at predicted nursing staff plus 1.75 regression standard errors. If another statistical method is utilized, the limit shall be set at a level corresponding to 1.75 standard errors above predicted staffing computed according to a regression procedure. A regression calculated shall be effective for the entire biennium.

(4) No facility shall receive reimbursement for nursing staff levels in excess of the limit ~~((, except that, if a facility was reimbursed for a nursing staff level in excess of the limit as of June 30, 1983, the facility may chose [choose] to continue to receive its June, 1983 nursing services rate plus any adjustments in rates, such as adjustments for economic trends, made available to all facilities)).~~ However, nursing staff levels established under subsection (3) of this section shall not apply to the nursing services cost center reimbursement rate only for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan. ~~((The reasonableness limit established pursuant to this subsection shall remain in effect for the period July 1, 1983 through June 30, 1985. At that time the department may revise the measure of patient characteristics or method used to establish the limit.))~~

(5) ~~((The department shall select an index of cost increase relevant to the nursing and related services cost area. In the absence of a more representative index, the department shall use the medical care component index as maintained by the United States bureau of labor statistics.))~~ Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted nursing services cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Nursing services rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day nursing services cost from the prior report period or the median cost for the facility's peer group plus twenty-five percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420. However, the per patient day peer group median cost plus twenty-five percent limit shall not apply to the nursing services cost center reimbursement rate only for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan.

(6) ~~((If a facility's nursing staff level is below the limit specified in subsection (3) of this section, the department shall determine the percentage increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.~~

(a) If the percentage cost increase for a facility is below the increase in the selected index for the same time period, the facility's reimbursement rate in the nursing services cost center shall equal the facility's cost from the most recent cost reporting period plus any allowance for inflation provided by legislative appropriation.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost area to a level reflecting the increase in the selected index.

(7) If the facility's nursing staff level exceeds the reasonableness limit established in subsection (3) of this section, the department shall determine the increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the index selected pursuant to subsection (5) of this section, the facility's reimbursement rate in the nursing cost center shall equal the facility's cost from the most recent cost reporting period adjusted downward to reflect the limit on nursing staff, plus any allowance for inflation provided by legislative appropriation subject to the provisions of subsection (4) of this section.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost center to a level reflecting the nursing staff limit and the cost increase limit, subject to the provisions of subsection (4) of this section, plus any allowance for inflation provided by legislative appropriation.

(8) Prospective rates for the nursing services cost center, for state fiscal year 1992 only, shall not be subject to the cost growth index lid in subsections (5), (6), and (7) of this section. The lid shall apply for state fiscal year 1991 rate setting and all state fiscal years subsequent to fiscal year 1992.

(9)) If a nursing facility is impacted by the limit authorized in subsection (5) of this section, it shall not receive a prospective rate in nursing services for July 1, 1993, less than the same facility's prospective rate in nursing services as of June 30, 1993, adjusted by any increase in the implicit price deflator for personal consumption expenditures, IPD index, as measured over the period authorized by RCW 74.46.420(3).

(7) A nursing facility's rate in nursing services for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 nursing services rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(8) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

(9) The department is authorized to determine on a systematic basis facilities with unmet patient care service needs. The department may increase the nursing services cost center prospective rate for a facility beyond the level determined in accordance with subsection (6) of this section if the facility's actual and reported nursing staffing is one standard error or more below predicted staffing as determined according to the method selected pursuant to subsection (3) of this section and the facility has unmet patient care service needs: PROVIDED, That prospective rate increases authorized by this subsection shall be funded only from legislative appropriations made for this purpose during the periods authorized by such appropriations or other laws and the increases shall be conditioned on specified improvements in patient care at such facilities.

(10) The department shall establish a method for identifying patients with exceptional care requirements and a method for establishing or negotiating on a consistent basis rates for such patients.

(11) The department, in consultation with interested parties, shall adopt rules to establish the criteria the department will use in reviewing any requests by a contractor for a prospective rate adjustment to be used to increase the number of nursing staff. These rules shall also specify the time period for submission and review of staffing requests: PROVIDED, That a decision on a staffing request shall not take longer than sixty days from the date the department receives such a complete request. In establishing the criteria, the department may consider, but is not limited to, the following:

(a) Increases in ((aeuity)) debility levels of contractors' residents determined in accordance with the department's assessment and reporting procedures and requirements utilizing the minimum data set;

(b) Staffing patterns for similar facilities in the same peer group;

(c) Physical plant of contractor; and

(d) Survey, inspection of care, and department consultation results.

Sec. 13. RCW 74.46.490 and 1983 1st ex.s. c 67 s 25 are each amended to read as follows:

(1) The food cost center shall include for reporting purposes all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) ~~((Reimbursement for the food cost center shall be at the January 1, 1983, reimbursement rate, adjusted annually for inflation.))~~ Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted food cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Food rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day food cost from the prior report period or the median cost for the facility's peer group plus twenty-five percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420.

(3) A nursing facility's food rate for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 food rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(4) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

Sec. 14. RCW 74.46.500 and 1992 c 182 s 1 are each amended to read as follows:

(1) ~~The ((administration and operations))~~ administrative cost center shall include ~~((all items not included in the cost centers of nursing services, food, and property.~~

(2) ~~Subject to subsection (4) of this section, the administration and operations cost center reimbursement rate for each facility shall be based on the computation in this subsection and shall not exceed the eighty-fifth percentile of (a) the rates of all reporting facilities derived from the computation below, or (b) reporting facilities grouped in accordance with subsection (3) of this section:~~

~~AR = TAC/TPD, where~~

~~AR = the administration and operations cost center reimbursement rate for a facility;~~

~~TAC = the total costs of the administration and operations cost center plus the retained savings from such cost center as provided in RCW 74.46.180 of a facility; and~~

~~TPD = the total patient days for a facility for the prior year.~~

(3) ~~The secretary may group facilities based on factors which could reasonably influence cost requirements of this cost center, other than ownership or legal organization characteristics.~~

(4) ~~In applying the eighty-fifth percentile reimbursement limit authorized by subsection (2) of this section to the pilot facility specially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017, and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan, the department shall exempt the cost of nursing supplies reported by the pilot facility in excess of the average of nursing supplies cost for medicaid nursing facilities state-wide))~~ for cost reporting purposes all administrative, oversight, and management costs whether facility on-site or allocated in accordance with a department-approved joint-cost allocation methodology. Such costs shall be identical to the cost report line item costs categorized under "general and administrative" in the "administration and operations" combined cost center existing prior to January 1, 1993, except for nursing supplies and purchased medical records.

(2) Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted administrative cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Administrative rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day administrative cost from the prior report period or the median cost for the facility's peer group plus ten percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420.

(3) A nursing facility's administrative rate for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 administrative rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(4) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

NEW SECTION. Sec. 15. A new section is added to chapter 74.46 RCW to read as follows:

(1) The operational cost center shall include for cost reporting purposes all allowable costs of the daily operation of the facility not included in nursing services and related care, food, administrative, or property costs, whether such costs are facility on-site or allocated in accordance with a department-approved joint-cost allocation methodology.

(2) Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted operational cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Operational rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day operational cost from the prior report period or the median cost for the facility's peer group plus twenty-five percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420.

(3) A nursing facility's operational rate for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 operational rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(4) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

Sec. 16. RCW 74.46.510 and 1980 c 177 s 51 are each amended to read as follows:

(1) The property cost center rate for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation (~~((costs))~~), subject to RCW 74.46.310 through 74.46.380, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, as provided in RCW 74.46.180, by the total patient days for the facility in the prior period. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the property cost center rate shall be adjusted to anticipated patient day level.

(2) A nursing facility's property rate shall be rebased annually, effective July 1, in accordance with this section regardless of whether the rate is for the first or second year of the biennium.

(3) When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

Sec. 17. RCW 74.46.530 and 1991 sp.s. c 8 s 17 are each amended to read as follows:

(1) The department shall establish for ~~((individual facilities))~~ each medicaid nursing facility a return on investment ((allowances)) rate composed of two parts: A financing allowance and a variable return allowance. A facility's return on investment rate shall be rebased annually, effective July 1, in accordance with this section, regardless of whether the rate is for the first or second year of the biennium.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by .10, and dividing by the contractor's total patient days from the most recent cost report period. If a capitalized addition or retirement of an asset will

result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in RCW 74.46.330, 74.46.350, 74.46.360, 74.46.370, and 74.46.380, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the buyer's capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to RCW 74.46.360(1).

(c) In determining the variable return allowance:

(i) Every two years at the start of each new biennium, the department, without utilizing peer groups, will first rank all facilities in numerical order from highest to lowest according to their ((average per diem)) per patient day adjusted allowable costs for ((the sum of the administration and operations and property cost centers)) nursing services, food, administrative, and operational costs combined for the previous cost report period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than four percent, by the ((total prospective rate for each facility, as determined in RCW 74.46.450 through 74.46.510)) sum of the facility's nursing services, food, administrative, and operational rate components. The percentage amounts will be based on groupings of facilities according to the rankings ((as established)) prescribed in (i) of this subsection (1)(c). The percentages calculated and assigned will remain the same for the next variable return allowance paid in the second year of the biennium. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(d) The sum of the financing allowance and the variable return allowance shall be the return on investment rate for each facility, and shall be added to the prospective rates of each contractor as determined in RCW 74.46.450 through 74.46.510.

(e) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to RCW 74.46.510, is more than the return on investment ((allowance)) rate determined according to subsection (1)(d) of this section, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(2) ((In the event that the department of health and human services disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing individual facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.

(3)) Each biennium, beginning in 1985, the secretary shall review the adequacy of return on investment ((allowances)) rates in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate.

NEW SECTION. Sec. 18. By November 15, 1994, the legislative budget committee shall complete a study of the nursing home reimbursement system. Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund. However, during the 1993-95 fiscal biennium, the receipts of the project shall be deposited into the small business export finance assistance center fund under RCW 43.210.070.

REPLY BY THE PRESIDENT

President Pritchard: "Senator West is correct that it is not twenty-four hours."

Senator West: "So, therefore, Mr. President, if this is not properly before us, we cannot consider it at this time."

President Pritchard: "That is not true, Senator West. I stand corrected. You are correct, sir. At this time, it is not within our rules. At this point, we will have to suspend work on this measure."

MOTION

At 12:45 a.m., on motion of Senator Jesernig, the Senate was declared to be at ease.

The Senate was called to order at 12:55 a.m. by President Pritchard.

MESSAGE FROM THE HOUSE

May 6, 1993

MR. PRESIDENT:

The House has adopted HOUSE CONCURRENT RESOLUTION NO. 4422, and the same is herewith transmitted.

ALAN THOMPSON, Chief Clerk

MOTION

On motion of Senator Jesernig, the Senate advanced to the fifth order of business.

INTRODUCTION AND FIRST READING OF HOUSE BILL

HCR 4422 by Representative Peery

Amending the joint rules.

MOTION

Senator Jesernig moved that House Concurrent Resolution No. 4422 be adopted.

PARLIAMENTARY INQUIRY

Senator Nelson: "A parliamentary inquiry, Mr. President. Are we on introduction of resolutions? Have we advanced the bill for consideration by the body?"

REPLY BY THE PRESIDENT

President Pritchard: "We're on the fifth order of business--short titles and referrals."

Senator Nelson: "As a parliamentary inquiry, how many votes does it require to advance the bill for consideration by the entire body?"

President Pritchard: "Concurrent resolutions pass by a majority vote."

Senator Nelson: "It follows the course of a bill?"

President Pritchard: "What's that?"

Senator Nelson: "Does it not follow the course of a bill?"

President Pritchard: "Concurrent resolutions authorizing investigations and authorizing the expenditure or allocation of any money must be adopted by roll call and the yeas and nays recorded in the Journal. Concurrent resolutions are subject to final passage on the day of the first reading without regard to Senate Rule 62. Senator Jesernig, did you move to advance the bill? To adopt it? I'm not sure that you can do that."

PARLIAMENTARY INQUIRY

Senator Nelson: "Mr. President, this is a parliamentary inquiry again. I believe that the President was going to read Rule 59 regarding that Concurrent Resolutions shall be subject to the rules governing the course of bills and may be adopted without a roll call."

REPLY BY THE PRESIDENT

President Pritchard: "And are not subject to Rule 62."

Senator Nelson: "Mr. President, I believe that you will find in the rules that every concurrent resolution is subject to the same tracking as a bill and are subject to amendments on second reading and not to be bi-passed for a final roll call until such a procedure is permitted."

MOTION

On motion of Senator Jesernig, the rules were suspended and House Concurrent Resolution No. 4422 was advanced to second reading and read the second time.

MOTION

Senator West moved that the following amendment be adopted:

PERSONAL PRIVILEGE

Senator West: "A point of personal privilege, Mr. President. This body is a body built on trust and a body built on respect. We're sent here with the trust of the people; we're here to respect the opinions of others; we're here to debate; we're here to lay on the table issues--not to lay on the table--but, I mean, discuss the issues--debate issues. The broad range of debate should be open; it should be available to all. The action that this body just took violates--"

POINT OF ORDER

Senator Snyder: "A point of order, Mr. President. I don't believe that Senator West is discussing a point of personal privilege. He is debating the issue that has just been laid on the table. Therefore, I think his remarks are out of order."

FURTHER REMARKS BY SENATOR WEST

Senator West: "Mr. President, I think my offense at the action of the Senate is personal privilege. I think that I have been offended by the actions of this body and I think I have a right to express that offense."

REPLY BY PRESIDENT PRITCHARD

President Pritchard: "Do you feel you have expressed it?"

FURTHER REMARKS BY SENATOR WEST

Senator West: "I think that this Senate should be ashamed of itself for denying this body the opportunity to debate any amendment placed before it. We have never, in the past, with the exception of one other time this year while the control of this Legislature has been in the hands of the Democrats, have we ever laid upon the table, issues such as this. I am offended and I think the people of the state of Washington should be offended and you should be ashamed of yourself for doing it."

PERSONAL PRIVILEGE

Senator Snyder: "I think I should raise or rise or something here to a point of personal privilege. I am not ashamed, a dammed bit ashamed, of what is going on here tonight. You people should be ashamed. Our majority leader went over and talked to your leader. He was told that the only thing that you would enforce the twenty-four hour rule on, was the tax package. That is all I am going to say."

PART V REAL ESTATE EXCISE TAX

NEW SECTION. Sec. 501. FINDINGS--INTENT. (1) The legislature finds that transfers of ownership of entities may be essentially equivalent to the sale of real property held by the entity. The legislature further finds that all transfers of possession or use of real property should be subject to the same excise tax burdens.

(2) The legislature intends to apply the real estate excise tax of chapter 82.45 RCW to transfers of entity ownership when the transfer of entity ownership is comparable to the sale of real property. The legislature intends to equate the excise tax burdens on all sales of real property and transfers of entity ownership essentially equivalent to a sale of real property under chapter 82.45 RCW.

Sec. 502. RCW 82.45.010 and 1981 c 93 s 1 are each amended to read as follows:

SALE--DEFINED. (1) As used in this chapter, the term "sale" shall have its ordinary meaning and shall include any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person (~~by his~~) at the purchaser's direction, (which) and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration. For purposes of this subsection, all acquisitions of persons acting in concert shall be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department of revenue shall adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department shall consider the following:

(a) Persons shall be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(b) When persons are not commonly owned or controlled, they shall be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions shall be considered separate acquisitions.

(3) The term "sale" shall not include:

(a) A transfer by gift, devise, or inheritance((:));

(b) A transfer of any leasehold interest other than of the type mentioned above((:));

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage ((or the assumption by a grantee of the balance owing on

an obligation which is secured by a mortgage or deed in lieu of forfeiture of the vendee's interest in a contract of sale where no consideration passes otherwise or).

(d) The partition of property by tenants in common by agreement or as the result of a court decree(~~(, any transfer, conveyance, or)~~).

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation(~~(,)~~).

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof(~~(,)~~).

(i) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage(~~(,)) or deed of trust.~~

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration(~~(, not)~~).

(l) The sale of any grave or lot in an established cemetery(~~(, not)~~).

(m) A sale by (~~or to~~) the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or children: PROVIDED, That if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse, or children voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (1) the transferor and/or the transferor's spouse or children, (2) a trust having the transferor and/or the transferor's spouse or children as the only beneficiaries at the time of the transfer to the trust, or (3) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or children, within (~~(five)) three~~ years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due. excise taxes shall become due and payable on the original transfer as otherwise provided by law.

(o) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of section 332, 337, 351, 368(a)(1), 721, or 731 of the Internal Revenue Code of 1986, as amended.

(2) If the sale is a transfer of a controlling interest in an entity with an interest in real property located in this state, the selling price shall be the true and fair value of the real property owned by the entity and located in this state. If the true and fair value of the real property located in this state cannot reasonably be determined, the selling price shall be determined according to subsection (4) of this section.

(3) As used in this section, "total consideration paid or contracted to be paid" includes money or anything of value, paid or delivered or contracted to be paid or delivered in return for the (~~(transfer of the real property or estate or interest in real property)) sale, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.~~

(~~The term~~) Total consideration shall not include the amount of any outstanding lien or incumbrance in favor of the United States, the state, or a municipal corporation for (~~the~~) taxes, special benefits, or improvements.

(4) If the total consideration for the sale cannot be ascertained or the true and fair value of the property to be valued at the time of the sale cannot reasonably be determined, the market value assessment for the property maintained on the county property tax rolls at the time of the sale shall be used as the selling price.

Sec. 504. RCW 82.45.032 and 1986 c 211 s 1 are each amended to read as follows:

(3) "Mobile home" means a mobile home as defined by RCW 46.04.302, as now or hereafter amended.

No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer.

RESALE CERTIFICATES. (1) Unless a seller has taken from the ((purchaser)) buyer a resale certificate ((signed by, and bearing the name and address and registration number of the purchaser to the effect that the property or service was purchased for resale, or unless the nature of the transaction is clearly shown as a sale at wholesale by the books and records of the taxpayer in such other manner as the department of revenue shall by regulation provide)), the burden of proving that a sale of tangible personal property, or of ((telephone)) services ((as defined in RCW 82.04.065)), was not a sale at retail shall be upon the person who made it.

(2) If a seller does not receive a resale certificate at the time of the sale, have a resale certificate on file at the time of the sale, or obtain a resale certificate from the buyer within a reasonable time after the sale, the seller shall remain liable for the tax as provided in RCW 82.08.050, unless the seller can demonstrate facts and circumstances according to rules adopted by the department of revenue that show the sale was properly made without payment of sales tax.

(3) Resale certificates shall be valid for a period of four years from the date the certificate is provided to the seller.

(4) The department may provide by rule for suggested forms for resale certificates or equivalent documents containing the information that will be accepted as resale certificates. The department shall provide by rule the categories of items or services that must be specified on resale certificates and the business classifications that may use a blanket resale certificate.

(5) As used in this section, "resale certificate" means documentation provided by a buyer to a seller stating that the purchase is for resale in the regular course of business, or that the buyer is exempt from retail sales tax, and containing the following information:

(a) The name and address of the buyer;

(b) The uniform business identifier or revenue registration number of the buyer, if the buyer is required to registered;

(c) The type of business engaged in;

(d) The categories of items or services to be purchased for resale or that are exempt, unless the buyer is in a business classification

that may present a blanket resale certificate as provided by the department by rule;

(e) The date on which the certificate was provided;

(f) A statement that the items or services purchased either: (i) Are purchased for resale in the regular course of business; or (ii) are exempt from tax pursuant to statute;

(g) A statement that the buyer acknowledges that the buyer is solely responsible for purchasing within the categories specified on the certificate and that misuse of the resale or exemption privilege claimed on the certificate subjects the buyer to a penalty of fifty percent of the tax due, in addition to the tax, interest, and any other penalties imposed by law;

(h) The name of the individual authorized to sign the certificate, printed in a legible fashion;

(i) The signature of the authorized individual; and

(j) The name of the seller.

NEW SECTION. Sec. 702. A new section is added to chapter 82.08 RCW to read as follows:

RESALE CERTIFICATE--PURCHASE AND RESALE. If a buyer normally is engaged in both consuming and reselling certain types of articles of tangible personal property and is not able to determine at the time of purchase whether the particular property acquired will be consumed or resold, the buyer may use a resale certificate for the entire purchase if the buyer principally resells the articles according to the general nature of the buyer's business. The buyer shall account for the value of any articles purchased with a resale certificate that are used by the buyer and remit the sales tax on the articles to the department.

A buyer who pays a tax on all purchases and subsequently resells an article at retail, without intervening use by the buyer, shall collect the tax from the purchaser as otherwise provided by law and is entitled to a deduction on the buyer's tax return equal to the cost to the buyer of the property resold upon which retail sales tax has been paid. The deduction is allowed only if the taxpayer keeps and preserves records that show the names of the persons from whom the articles were purchased, the date of the purchase, the type of articles, the amount of the purchase, and the tax that was paid. The department shall provide by rule for the refund or credit of retail sales tax paid by a buyer for purchases that are later sold at wholesale without intervening use by the buyer.

NEW SECTION. Sec. 703. A new section is added to chapter 82.32 RCW to read as follows:

PENALTY. Any person who uses a resale certificate to purchase items or services without payment of sales tax and who is not entitled to use the certificate for the purchase shall be assessed a penalty of fifty percent of the tax due, in addition to all other taxes, penalties, and interest due, on the improperly purchased item or service. The department may waive the penalty imposed under this section if it finds that the use of the certificate was due to circumstances beyond the taxpayer's control or if the certificate was properly used for purchases for dual purposes. The department shall define by rule what circumstances are considered to be beyond the taxpayer's control.

Sec. 704. RCW 82.08.050 and 1992 c 206 s 2 are each amended to read as follows:

SELLER TO COLLECT TAX. The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax, unless the seller has taken from the buyer in good faith a properly executed resale certificate under RCW 82.04.470.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

PART VIII

Whenever an assessment or uncredited portion (~~(thereof)~~) of an assessment is or becomes less than one thousand dollars, the entire amount may be credited against the premium tax at the next time the premium tax is paid.

Sec. 902. RCW 48.32A.090 and 1990 c 51 s 6 are each amended to read as follows:

(2) An outstanding certificate of contribution issued prior to April 1, 1993, shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve(~~(: PROVIDED, That)~~). - 100% for the calendar year of issuance;
- 80% for the first calendar year after the year of issuance;

- 40% for the third calendar year after the year of issuance;
- 20% for the fourth calendar year after the year of issuance; and
- 0% for the fifth and subsequent calendar years after the year of issuance.

Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and ~~((by him))~~ then deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

NEW SECTION. Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has

reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

NEW SECTION. Sec. 1016. Appropriations for design and construction of facilities on higher education branch campuses shall be allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 1017. (1) Agencies shall expedite the expenditure of reappropriations and appropriations in order to: (a) Rehabilitate infrastructure in a timely manner and prevent further deterioration of public facilities and resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. Signed by Senators Snyder, Quigley; Representatives Wang, Ogden

MOTION

On motion of Senator Snyder, the twenty-four hour rule was suspended to consider the Report of the Conference Committee on Substitute Senate Bill No. 5717.

MOTION

Senator Snyder moved that the Report of the Conference Committee on Substitute Senate Bill No. 5717 be adopted. Debate ensued.

POINT OF INQUIRY

Senator West: "Senator Quigley, just to have this appear on the record, I would like to inquire as to Section 745, which is the money in the Capital Budget for the Bothell campus--the branch campus in Bothell--and Section 716 which is the direction for the HEC Board to study the higher education needs in the King/Snohomish County area. I want it to be clear to the HEC Board that it is not your intent as the author of the Capital Budget that they should delay the Bothell campus in any way for this study--that it is not the intent of this study to restrict the development or delay the development of the Bothell campus. Is that your understanding?"

Senator Quigley: "Senator West, in fact, that is my understanding and if one would note that the money that is allocated to fund the Bothell branch campus and the provisos related thereto are identical to the money that is allocated to fund the Vancouver and other branch campuses. The study is, in fact, merely there to address the concern that was raised by previous studies that two community colleges are needed for the region and that we ought to make sound policy about how and where to locate them. It is not intended, in any way, to slow down the development of the Bothell branch campus."

Senator West: "So, your direction to the HEC Board would be not to interfere with the development of the Bothell campus for purposes of this study?"

Senator Quigley: "My statement would be that was not the intent of the Legislature, to the best of my knowledge, when they adopted that provision."

Senator West: "Thank you."

MOTIONS

On motion of Senator Snyder, the following amendment by Senators Snyder and Quigley was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. For the purpose of providing funds to finance the projects described and authorized by the legislature in the capital and operating appropriations acts for the 1993-95 fiscal biennium, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of nine hundred twenty-six million seven hundred thirty-seven thousand dollars, or so much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 2. The proceeds from the sale of the bonds authorized in section 1 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:

- (1) Nine hundred three million dollars to remain in the state building construction account created by RCW 43.83.020; and
- (2) One million five hundred thousand dollars to the fruit commission facility account.

These proceeds shall be used exclusively for the purposes specified in this section, and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered by the office of financial management subject to legislative appropriation.

NEW SECTION. Sec. 3. (1) The state general obligation bond retirement fund shall be used for the payment of the principal of and interest on the bonds authorized in section 2 of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. On the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the general obligation bond retirement fund an amount equal to the amount certified by the state finance committee to be due on the payment date.

(3) Bonds issued under section 1 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(4) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 4. On each date on which any interest or principal and interest payment is due for the purposes of section 2(2) of this act, the Washington state fruit commission shall cause the amount computed by the state finance committee in section 3 of this act for the purposes of section 2(2) of this act to be paid out of the commission's general operating fund to the state treasurer for deposit into the general fund of the state treasury.

NEW SECTION. Sec. 5. The bonds authorized in section 2(2) of this act may be issued only after the director of financial management has: (1) Certified that, based on the future income from assessments levied under this chapter and other revenues collected by the commission, an adequate balance will be maintained in the commission's general operating fund to pay the interest or principal and interest payments due under section 4 of this act for the life of the bonds; and (2) approved the plans for facility.

NEW SECTION. Sec. 6. The fruit commission facility account is created in the state treasury. Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 7. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and section 3 of this act shall not be deemed to provide an exclusive method for the payment.

NEW SECTION. Sec. 8. The bonds authorized in section 1 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

Sec. 9. RCW 67.40.045 and 1992 c 4 s 1 are each amended to read as follows:

(1) The director of financial management, in consultation with the chairpersons of the ways and means committees of the senate and house of representatives, may authorize temporary borrowing from the state treasury for the purpose of covering cash deficiencies in the state convention and trade center account resulting from project completion costs. Subject to the conditions and limitations provided in this section, lines of credit may be authorized at times and in amounts as the director of financial management determines are advisable to meet current and/or anticipated cash deficiencies. Each authorization shall distinctly specify the maximum amount of cash deficiency which may be incurred and the maximum time period during which the cash deficiency may continue. The total amount of borrowing outstanding at any time shall never exceed the lesser of:

- (a) \$58,275,000; or

(b) An amount, as determined by the director of financial management from time to time, which is necessary to provide for payment of project completion costs.

(2) Unless the due date under this subsection is extended by statute, all amounts borrowed under the authority of this section shall be repaid to the state treasury by June 30, ((1995)) 1997, together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed. Borrowing may be authorized from any excess balances in the state treasury, except the agricultural permanent fund, the Millersylvania park permanent fund, the state university permanent fund, the normal school permanent fund, the permanent common school fund, and the scientific permanent fund.

(3) As used in this section, "project completion" means:

(a) All remaining development, construction, and administrative costs related to completion of the convention center; and

(b) Costs of the McKay building demolition, Eagles building rehabilitation, development of low-income housing, and construction of rentable retail space and an operable parking garage.

(4) It is the intent of the legislature that project completion costs be paid ultimately from the following sources:

(a) \$29,250,000 to be received by the corporation under an agreement and settlement with Industrial Indemnity Co.;

(b) \$1,070,000 to be received by the corporation as a contribution from the city of Seattle;

(c) \$20,000,000 from additional general obligation bonds to be repaid from the special excise tax under RCW 67.40.090;

(d) \$4,765,000 for contingencies and project reserves from additional general obligation bonds to be repaid from the special excise tax under RCW 67.40.090;

(e) \$13,000,000 for conversion of various retail and other space to meeting rooms, from additional general obligation bonds to be repaid from the special excise tax under RCW 67.40.090;

(f) \$13,300,000 for expansion at the 900 level of the facility, from additional general obligation bonds to be repaid from the special excise tax under RCW 67.40.090;

(g) \$10,400,000 for purchase of the land and building known as the McKay Parcel, for development of low-income housing, for development, construction, and administrative costs related to completion of the state convention and trade center, including settlement costs related to construction litigation, and for partially refunding obligations under the parking garage revenue note issued by the corporation to Industrial Indemnity Company in connection with the agreement and settlement identified in (a) of this subsection, from additional general obligation bonds to be repaid from the special excise tax under RCW 67.40.090. All proceeds from any sale of the McKay parcel shall be deposited in the state convention and trade center account and shall not be expended without appropriation by law.

(h) \$300,000 for Eagles building exterior cleanup and repair, from additional general obligation bonds to be repaid from the special excise tax under RCW 67.40.090; and

(i) The proceeds of the sale of any properties owned by the state convention and trade center that are not planned for use for state convention and trade center operations, with the proceeds to be used for development, construction, and administrative costs related to completion of the state convention and trade center, including settlement costs related to construction litigation.

(5) The borrowing authority provided in this section is in addition to the authority to borrow from the general fund to meet the bond retirement and interest requirements set forth in RCW 67.40.060. To the extent the specific conditions and limitations provided in this section conflict with the general conditions and limitations provided for temporary cash deficiencies in RCW 43.88.260 (section 7, chapter 502, Laws of 1987), the specific conditions and limitations in this section shall govern.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. Sections 1 through 8 of this act shall constitute a new chapter in Title 43 RCW."
