(6) The contribution rate for each employer not qualified to be in the array shall be as follows:

(a) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned the contribution rate of five and four-tenths percent, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to five and four-tenths percent for the current rate year;

(b) The contribution rate for employers exempt as of December 31, 1989, who are newly covered under the section 78, chapter 380, Laws of 1989 amendment to RCW 50.04.150 and not yet qualified to be in the array shall be 2.5 percent for employers whose standard industrial code is "013", "016", "017", "018", "019", "021", or "081"; and

(c) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the Standard Industrial Classification code.

NEW SECTION. Sec. 13. A new section is added to chapter 50.29 RCW to read as follows:

For the purpose of simplification of employer reports, the "combined contribution rate" shall be used in the calculation of employer taxes. The combined contribution rate shall include the regular contribution rate as determined under RCW 50.29.025, employment and training trust fund contributions as determined under section 2 of this act, and special contributions required under RCW 50.24.014. A mention of the "combined contribution rate" may not be made on a tax form or publication unless the form or publication specifically identifies the specific contributions. The combined contribution rate may not be quoted on a form unless the specific component rates are also quoted. The sole purpose of the combined contribution rate is to allow an employer to perform a single calculation on a tax return rather than four separate calculations.

NEW SECTION. Sec. 14. Prior to any increase in the employer tax schedule as provided in section 11 of this act, the commissioner shall provide a report to the appropriate committees of the legislature specifying to what extent the work force training expenditures in chapter . . . , Laws of 1993 (this act) elevated employer contribution rates for the effective tax schedule.

NEW SECTION. Sec. 15. The sum of twenty-nine million three hundred thirty thousand dollars, or as much thereof as may be necessary, is appropriated from the employment and training trust fund to the state board for community and technical colleges for the biennium ending June 30, 1995, to carry out training and related support services under this act. Of the amount appropriated by this section, twenty-six million four hundred thousand dollars shall provide for training enrollments, two million dollars may provide for child care for dependents of individuals being trained under this section, and nine hundred thousand dollars shall provide for transportation costs to individuals being trained under this section.

NEW SECTION. Sec. 16. The sum of fourteen million six hundred seventy thousand dollars, or as much thereof as may be necessary, is appropriated from the employment and training trust fund to the employment security department for the biennium ending June 30, 1995, to carry out the purposes of section 3 of this act.

NEW SECTION. Sec. 17. To the extent that available funding from the employment and training trust fund is in excess of or is not sufficient to provide the appropriations in sections 15 and 16, chapter . . . , Laws of 1993 (sections 15 and 16 of this act), the available funds shall be appropriated to the state board for community and technical colleges and the employment security department in the same ratio as funds are appropriated in sections 15 and 16, chapter . . . , Laws of 1993 (sections 15 and 16 of this act).

NEW SECTION. Sec. 18. (1) The employment security department shall report to the appropriate committees of the legislature by December 1, 1994, and every year thereafter, on the status of the programs provided in this act and the resulting outcomes. The department shall include in its report quantitative and demographic information on the increase in job orders, placement referrals, individualized training plans, skill assessments, and other interventions achieved. The department also shall include in its report the number of repeat clients as a percentage of all clients served by programs provided in chapter . . . , Laws of 1993 (this act).

(2) The state board for community and technical colleges shall report to the appropriate standing committees of the legislature by December 1, 1994, and every year thereafter, the number of certified student full-time equivalents receiving training as provided in this act. In addition, the report must include information on the outcomes of the provided training. The report also must include indices of placement rates, student demographics, training plan completion rates, and comparisons of preprogram and postprogram wage levels.

(3) Each community and technical college shall confer and consult with its respective labor-management advisory board concerning the college's efforts to provide the training and services rendered in chapter . . . , Laws of 1993 (this act) and meet the completion and placement goals of the work force training and education coordinating board.

NEW SECTION. Sec. 20. A new section is added to chapter 43.131 RCW to read as follows:
The following acts or parts of acts are each repealed, effective June 30, 1999:

- (1) Section 1 of this act;
- (2) Section 2 of this act;
- (3) Section 3 of this act;
- (4) Section 4 of this act;
- (5) Section 6 of this act;
- (6) Section 13 of this act; and
- (7) Section 18 of this act.

NEW SECTION. Sec. 21. (1) Sections 8 and 10 of this act shall take effect June 30, 1999;
(2) Section 12 of this act shall take effect January 1, 1998.

NEW SECTION. Sec. 22. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MOTION

On motion of Senator Rinehart, the following Committee on Ways and Means amendment to the Committee on Trade, Technology and Economic Development amendment was not adopted:

On page 1, after line 6 of the amendment, strike everything through "1994." on page 20, line 16 and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) The economy of the state depends on a well-trained work force and a strong employment and unemployment system. A well-trained work force generates the productivity employers need in order to compete in the global economy and to pay workers good wages. A strong employment and unemployment system ameliorates the negative impacts of unemployment and matches the needs of employers with individuals seeking employment.

(2) The legislature further finds that too many Washington workers are unemployed, many of whom need new or enhanced work force skills in order to meet current demand in the labor market. With the increasing pace of economic change, employees must become life-long learners who periodically obtain additional education and training. The state should provide

unemployed workers a variety of effective services, including timely payment of unemployment benefits, job and career counseling, job referral services, and training.

(3) At the same time, too many employers report problems finding workers with the right skills. The state should provide employers with an effective training system and an efficient method for locating well-qualified workers.

Therefore, the legislature finds it necessary and in the public interest to create an employment and training trust fund in order to provide state funding for employment and training services.

NEW SECTION. Sec. 2. A new section is added to chapter 50.24 RCW to read as follows:

Employment and training trust fund contributions to the employment and training trust fund shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, those employers who are required to make payments in lieu of contributions, and those qualified employers assigned rate class 20 under RCW 50.29.025 at the rate of twelve one-hundredths of one percent for rate years 1994, 1995, 1996, and 1997. The amount of wages subject to tax shall be determined under RCW 50.24.010.

NEW SECTION. Sec. 3. A new section is added to chapter 50.16 RCW to read as follows:

There is hereby established the employment and training trust fund. All moneys in this fund are irrevocably vested for the administration of this title. The employment and training trust fund shall consist of all moneys from employment and training trust fund contributions as established in section 2 of this act. The treasurer of the employment security department shall deposit, administer, and disburse all moneys in the fund under rules adopted by the commissioner and RCW 43.01.050 and 43.84.092 are not applicable to this fund. The treasurer of the employment security department shall be the treasurer of the employment and training trust fund as described in RCW 50.16.020 and shall give a bond conditioned upon the faithful performance of his or her duties in connection with the fund. All sums recovered on the official bond for losses sustained by the employment and training trust fund must be deposited in the fund. Notwithstanding any provision of this section, all moneys received and deposited in the fund under chapter . . . , Laws of 1993 (this act), remain part of the employment and training trust fund and may be used solely for the following purposes:

(1) Providing training and related support services, including financial aid, to individuals who have been terminated or have received a notice of termination from employment, and who are eligible for or have exhausted their entitlement to unemployment compensation benefits within the previous twenty-four months;

(2) Assisting workers in finding employment through job referral, job development, counseling, and referral to training resources;

(3) Obtaining labor market information necessary for the administration of the unemployment insurance program and to assist unemployed workers in finding employment;

(4) Performing research by an independent state auditing agency or an independent contractor to determine effectiveness of unemployment insurance programs and to determine whether program changes would benefit workers and employers;

(5) Collecting contributions for and administration of the employment and training trust fund;

(6) Improving service through improved use of information technology; and

(7) Establishing collocation employment security and job service outstations at seven community and technical college campuses across the state.

NEW SECTION. Sec. 4. A new section is added to chapter 50.16 RCW to read as follows:

An individual may be eligible for applicable employment security benefits while participating in work force training.

Eligibility is at the discretion of the commissioner of employment security after submitting a commissioner-approved training waiver and developing a detailed individualized training plan.

Benefits paid under this section may not be charged to the experience rating accounts of individual employers.

The commissioner shall adopt rules as necessary to implement this section.

NEW SECTION. Sec. 5. Aerospace workers unemployed as the result of downsizing and restructuring of the aerospace industry will be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043.

NEW SECTION. Sec. 6. (1) The employment security department shall disburse the amounts appropriated by the legislature for the purposes of chapter . . . , Laws of 1993 (this act) to the state board for community and technical colleges. The community and technical college system may contract or otherwise work in partnership with other public and private providers of training services to serve the individuals eligible for training under chapter . . . , Laws of 1993 (this act). These funds shall be allotted for, and only for, training programs and related support services, including financial aid, in the community and technical college system that:

(a) Are consistent with work force training priorities and based upon the comprehensive plan for work force training developed by the work force training and education coordinating board. The state board for community and technical colleges shall develop a plan for use and evaluation of these funds which is to be approved by the work force training and education coordinating board for consistency with their work force priorities. Further, the state board for community and technical colleges shall report to the work force training and education coordinating board and the legislature annually on the progress and results of the training and support services provided to eligible participants;

(b) Provide increased enrollments for individuals who have been terminated or have received a notice of termination from employment, and who are eligible for or have exhausted their entitlement to unemployment compensation benefits within the previous twenty-four months, with first priority given to individuals who are unlikely to return to employment in the individuals' principal occupation or previous industry because of a diminishing demand for their skills in that occupation or industry; and

(c) Provide increased enrollments and support services, including financial aid, that do not replace or supplant any existing enrollments, programs, support services, or funding sources. For fiscal year 1994, the state board for community and technical colleges may borrow from the general fund to initiate the programs authorized under this act. However, the board shall repay the borrowed amount by the end of the fiscal biennium from funds appropriated to it from the employment and training trust fund.

(2) For purposes of chapter . . . , Laws of 1993 (this act), training provided by the community and technical colleges shall only consist of basic skills and literacy, occupational skills, vocational education, and related or supplemental instruction for apprentices who are enrolled in a registered, state-approved apprenticeship program. Community and technical colleges may contract with skill centers to provide training authorized in this section. Upon the request of an eligible recipient, a community and

technical college may contract with a private technical school for specialized vocational training. Available tuition for the training is limited to the amount that would otherwise be obtained per enrolled quarter to a public institution. Furthermore, the funding is only available to students who seek training in a course of study not available at a public institution within an eligible recipient's congressional district.

The contribution rate for each employer shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the June 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
--	---------------------------

3.40 and above	A
2.90 to 3.39	B
2.40 to 2.89	C
1.90 to 2.39	D
1.40 to 1.89	E
Less than 1.40	F

(3) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (a) Identification number; (b) benefit ratio; (c) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (d) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (e) the percentage equivalent of the cumulative total of taxable payrolls.

(4) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in subsection (5) of this section: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(5) The contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under subsection (4) of this section, within the tax schedule which is to be in effect during the rate year:

(a) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned the contribution rate of five and four-tenths percent, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to five and four-tenths percent for the current rate year;

(b) The contribution rate for employers exempt as of December 31, 1989, who are newly covered under the section 78, chapter 380, Laws of 1989 amendment to RCW 50.04.150 and not yet qualified to be in the array shall be 2.5 percent for employers whose standard industrial code is "013", "016", "017", "018", "019", "021", or "081"; and

(c) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the Standard Industrial Classification code.

Sec. 12. RCW 50.29.025 and 1993 c s 11 (section 11 of this act) are each amended to read as follows:

NEW SECTION. Sec. 13. A new section is added to chapter 50.29 RCW to read as follows:

For the purpose of simplification of employer reports, the "combined contribution rate" shall be used in the calculation of employer taxes. The combined contribution rate shall include the regular contribution rate as determined under RCW 50.29.025, employment and training trust fund contributions as determined under section 2 of this act, and special contributions required under RCW 50.24.014. A mention of the "combined contribution rate" may not be made on a tax form or publication unless the form or publication specifically identifies the specific contributions. The combined contribution rate may not be quoted on a form unless the specific component rates are also quoted. The sole purpose of the combined contribution rate is to allow an employer to perform a single calculation on a tax return rather than four separate calculations.

NEW SECTION. Sec. 14. Prior to any increase in the employer tax schedule as provided in section 11 of this act, the commissioner shall provide a report to the appropriate committees of the legislature specifying to what extent the work force training expenditures in chapter . . . , Laws of 1993 (this act) elevated employer contribution rates for the effective tax schedule.

NEW SECTION. Sec. 15. (1) The employment security department shall report to the appropriate committees of the legislature by December 1, 1994, and every year thereafter, on the status of the programs provided in this act and the resulting outcomes. The department shall include in its report quantitative and demographic information on the increase in job orders, placement referrals, individualized training plans, skill assessments, and other interventions achieved. The department also shall include in its report the number of repeat clients as a percentage of all clients served by programs provided in chapter . . . , Laws of 1993 (this act).

(2) The state board for community and technical colleges shall report to the appropriate standing committees of the legislature by December 1, 1994, and every year thereafter, the number of certified student full-time equivalents receiving training as provided in this act. In addition, the report must include information on the outcomes of the provided training. The report also must include indices of placement rates, student demographics, training plan completion rates, and comparisons of preprogram and postprogram wage levels.

(3) Each community and technical college shall confer and consult with its respective labor-management advisory board concerning the college's efforts to provide the training and services rendered in chapter . . . , Laws of 1993 (this act) and meet the completion and placement goals of the work force training and education coordinating board.

NEW SECTION. Sec. 16. A new section is added to chapter 43.131 RCW to read as follows:
The work force employment and training program created in chapter . . . , Laws of 1993 (this act) shall expire June 30, 1998.

NEW SECTION. Sec. 17. A new section is added to chapter 43.131 RCW to read as follows:
The following acts or parts of acts are each repealed, effective June 30, 1999:

- (1) Section 1 of this act;
- (2) Section 2 of this act;
- (3) Section 3 of this act;
- (4) Section 4 of this act;
- (5) Section 6 of this act;
- (6) Section 13 of this act; and
- (7) Section 15 of this act.

NEW SECTION. Sec. 18. (1) Sections 8 and 10 of this act shall take effect June 30, 1999;
(2) Section 12 of this act shall take effect January 1, 1998.

NEW SECTION. Sec. 19. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 20. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 21. This act applies to tax rate years beginning with tax rate year 1994."

MOTION

Senator Rinehart moved that the following amendment by Senators Rinehart, Skratek and Bluechel be adopted:
On page 1, after line 7, strike everything through "1994." on page 21, line 4 and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) The economy of the state depends on a well-trained work force and a strong employment and unemployment system. A well-trained work force generates the productivity employers need in order to compete in the global economy and to pay workers good wages. A strong employment and unemployment system ameliorates the negative impacts of unemployment and matches the needs of employers with individuals seeking employment.

(2) The legislature further finds that too many Washington workers are unemployed, many of whom need new or enhanced work force skills in order to meet current demand in the labor market. With the increasing pace of economic change, employees must become life-long learners who periodically obtain additional education and training. The state should provide unemployed workers a variety of effective services, including timely payment of unemployment benefits, job and career counseling, job referral services, and training.

(3) At the same time, too many employers report problems finding workers with the right skills. The state should provide employers with an effective training system and an efficient method for locating well-qualified workers.

Therefore, the legislature finds it necessary and in the public interest to create an employment and training trust fund in order to provide state funding for employment and training services.

NEW SECTION. Sec. 2. It is the purpose of this act to reduce the amount paid by employers in the state to the unemployment compensation fund by twelve one-hundredths of one percent of taxable wages.

It is also the purpose of this act to establish a separate fund for training and employment services for dislocated workers. This fund shall consist of contributions of twelve one-hundredths of one percent of taxable wages.

It is the intent of the legislature that this act not result in any net increase in employer tax rates.

It is the further intent of the legislature that the employment security department and the state board for community and technical colleges shall work cooperatively to ensure expeditious training and placement of dislocated workers.

NEW SECTION. Sec. 3. A new section is added to chapter 50.24 RCW to read as follows:

Employment and training trust fund contributions to the employment and training trust fund shall accrue and become payable by each employer consistent with the tax schedule in RCW 50.29.025 as now existing or hereafter amended, except

employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, those employers who are required to make payments in lieu of contributions, and those qualified employers assigned rate class 20 under RCW 50.29.025 at the rate of twelve one-hundredths of one percent for rate years 1994, 1995, 1996, and 1997. The amount of wages subject to tax shall be determined under RCW 50.24.010.

NEW SECTION. Sec. 4. A new section is added to chapter 50.16 RCW to read as follows:

There is hereby established the employment and training trust fund. All moneys in this fund are irrevocably vested for the administration of this title. The employment and training trust fund shall consist of all moneys from employment and training trust fund contributions as established in section 3 of this act. The treasurer of the employment security department shall deposit, administer, and disburse all moneys in the fund under rules adopted by the commissioner and RCW 43.01.050 and 43.84.092 are not applicable to this fund. The treasurer of the employment security department shall be the treasurer of the employment and training trust fund as described in RCW 50.16.020 and shall give a bond conditioned upon the faithful performance of his or her duties in connection with the fund. All sums recovered on the official bond for losses sustained by the employment and training trust fund must be deposited in the fund. Notwithstanding any provision of this section, all moneys received and deposited in the fund under chapter . . ., Laws of 1993 (this act), remain part of the employment and training trust fund and may be used solely for the following purposes:

- (1) Providing training and related support services, including financial aid, to individuals who have been terminated or have received a notice of termination from employment, and who are eligible for or have exhausted their entitlement to unemployment compensation benefits within the previous twenty-four months;
- (2) Assisting workers in finding employment through job referral, job development, counseling, and referral to training resources;
- (3) Obtaining labor market information necessary for the administration of the unemployment insurance program and to assist unemployed workers in finding employment. In obtaining the information the employment security department shall ensure the inclusion of information gathered from small businesses as defined in RCW 43.31.025, with particular emphasis on businesses with fifteen or fewer employees;
- (4) Performing research by an independent state auditing agency or an independent contractor to determine effectiveness of unemployment insurance programs and to determine whether program changes would benefit workers and employers;
- (5) Collecting contributions for and administration of the employment and training trust fund;
- (6) Improving service through improved use of information technology; and
- (7) Establishing collocation employment security and job service outstations at community and technical college campuses across the state. These outstations shall provide a one-stop point of access for unemployed and dislocated workers seeking job placement services, training program information, and labor market information. In communities without co-located outstations the local job service center and community or technical college shall collaborate to provide these services.

NEW SECTION. Sec. 5. For calculations occurring on or after June 30, 1994, and in accordance with RCW 50.29.025, if the commissioner determines that the employment and training trust fund contributions for the most recent rate year have increased employer unemployment compensation contribution rates, the revenues received by the department from the employment and training contribution for calendar quarters beginning the following July 1st shall not be deposited in the employment and training trust fund but shall be deposited in the unemployment compensation fund.

NEW SECTION. Sec. 6. A new section is added to chapter 50.16 RCW to read as follows:

An individual may be eligible for applicable employment security benefits while participating in work force training. Eligibility is at the discretion of the commissioner of employment security after submitting a commissioner-approved training waiver and developing a detailed individualized training plan.

Benefits paid under this section may not be charged to the experience rating accounts of individual employers.

The commissioner shall adopt rules as necessary to implement this section.

NEW SECTION. Sec. 7. Aerospace workers unemployed as the result of downsizing and restructuring of the aerospace industry will be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043.

NEW SECTION. Sec. 8. (1) The employment security department shall disburse the amounts appropriated by the legislature for the purposes of chapter . . ., Laws of 1993 (this act) to the state board for community and technical colleges. These funds shall be allotted for, and only for, training programs and related support services, including financial aid, in the community and technical college system that:

(a) Are consistent with work force training priorities and based upon the comprehensive plan for work force training developed by the work force training and education coordinating board. The state board for community and technical colleges shall develop a plan for use and evaluation of these funds which is to be approved by the work force training and education coordinating board for consistency with their work force priorities. In developing and approving the plan, information shall be gathered from small businesses as defined in RCW 43.31.025, with particular emphasis on businesses with fifteen or fewer employees. Further, the state board for community and technical colleges shall report to the work force training and education coordinating board and the legislature annually on the progress and results of the training and support services provided to eligible participants;

(b) Provide increased enrollments for individuals who have been terminated or have received a notice of termination from employment, and who are eligible for or have exhausted their entitlement to unemployment compensation benefits within the previous twenty-four months, with first priority given to individuals who are unlikely to return to employment in the individuals' principal occupation or previous industry because of a diminishing demand for their skills in that occupation or industry; and

(c) Provide increased enrollments and support services, including financial aid, that do not replace or supplant any existing enrollments, programs, support services, or funding sources. For fiscal year 1994, the state board for community and technical colleges may borrow from the general fund to initiate the programs authorized under this act. However, the board shall repay the borrowed amount by the end of the fiscal biennium from funds appropriated to it from the employment and training trust fund.

(2) For purposes of chapter . . ., Laws of 1993 (this act), training provided by the community and technical colleges shall only consist of basic skills and literacy, occupational skills, vocational education, and related or supplemental instruction for apprentices who are enrolled in a registered, state-approved apprenticeship program. Community and technical colleges may contract with skill centers to provide training authorized in this section. Upon the request of an eligible recipient, a community and

technical college may contract with a private technical school for specialized vocational training. Available tuition for the training is limited to the amount that would otherwise be obtained per enrolled quarter to a public institution. Furthermore, the funding is only available to students who seek training in a course of study not available at a public institution within an eligible recipient's congressional district.

(6) The contribution rate for each employer not qualified to be in the array shall be as follows:

(a) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned the contribution rate of five and four-tenths percent, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to five and four-tenths percent for the current rate year;

(b) The contribution rate for employers exempt as of December 31, 1989, who are newly covered under the section 78, chapter 380, Laws of 1989 amendment to RCW 50.04.150 and not yet qualified to be in the array shall be 2.5 percent for employers whose standard industrial code is "013", "016", "017", "018", "019", "021", or "081"; and

(c) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the Standard Industrial Classification code.

NEW SECTION. Sec. 15. A new section is added to chapter 50.29 RCW to read as follows:

For the purpose of simplification of employer reports, the "combined contribution rate" shall be used in the calculation of employer taxes. The combined contribution rate shall include the regular contribution rate as determined under RCW 50.29.025, employment and training trust fund contributions as determined under section 3 of this act, and special contributions required under RCW 50.24.014. A mention of the "combined contribution rate" may not be made on a tax form or publication unless the form or publication specifically identifies the specific contributions. The combined contribution rate may not be quoted on a form unless the specific component rates are also quoted. The sole purpose of the combined contribution rate is to allow an employer to perform a single calculation on a tax return rather than four separate calculations.

NEW SECTION. Sec. 16. Prior to any increase in the employer tax schedule as provided in section 13, chapter ..., Laws of 1993 (section 13 of this act), the commissioner shall provide a report to the appropriate committees of the legislature specifying to what extent the work force training expenditures in chapter . . ., Laws of 1993 (this act) elevated employer contribution rates for the effective tax schedule.

NEW SECTION. Sec. 17. (1) The employment security department shall report to the appropriate committees of the legislature by December 1, 1994, and every year thereafter, on the status of the programs provided in this act and the resulting outcomes. The department shall include in its report quantitative and demographic information on the increase in job orders, placement referrals, individualized training plans, skill assessments, and other interventions achieved. The department also shall include in its report the number of repeat clients as a percentage of all clients served by programs provided in chapter . . ., Laws of 1993 (this act).

(2) The state board for community and technical colleges shall report to the appropriate standing committees of the legislature by December 1, 1994, and every year thereafter, the number of certified student full-time equivalents receiving training as provided in this act. In addition, the report must include information on the outcomes of the provided training. The report also must include indices of placement rates, student demographics, training plan completion rates, and comparisons of preprogram and postprogram wage levels.

(3) Each community and technical college shall confer and consult with its respective labor-management advisory board concerning the college's efforts to provide the training and services rendered in chapter ..., Laws of 1993 (this act) and meet the completion and placement goals of the work force training and education coordinating board. Each community and technical college shall ensure the participation on its labor-management advisory board of small businesses as defined in RCW 43.31.025, with particular emphasis on businesses with fifteen or fewer employees.

(4) The work force training and education coordinating board shall conduct a study in consultation with the higher education coordinating board on the feasibility of: (a) Redirecting all state and federal job training and retraining funds distributed in the state into a separate job training trust fund; and (b) distributing the funds according to uniform criteria. The work force training and education coordinating board shall report to the appropriate committees of the legislature on the results of the study by January 1, 1995.

NEW SECTION. Sec. 18. A new section is added to chapter 43.131 RCW to read as follows:
The work force employment and training program created in chapter . . ., Laws of 1993 (this act) shall expire June 30, 1998.

NEW SECTION. Sec. 19. A new section is added to chapter 43.131 RCW to read as follows:
The following acts or parts of acts are each repealed, effective June 30, 1999:

- (1) Section 1 of this act;
- (2) Section 2 of this act;
- (3) Section 3 of this act;
- (4) Section 4 of this act;
- (5) Section 5 of this act;
- (6) Section 6 of this act;
- (7) Section 8 of this act;
- (8) Section 15 of this act; and
- (9) Section 17 of this act.

NEW SECTION. Sec. 20. (1) Sections 10 and 12 of this act shall take effect June 30, 1999;
(2) Section 14 of this act shall take effect January 1, 1998.

NEW SECTION. Sec. 21. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 22. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 23. This act applies to tax rate years beginning with tax rate year 1994."

POINT OF INQUIRY

Senator Deccio: "Senator Skratek, I think I have heard you say just the opposite in the response given by Senator Rinehart. My understanding is that all of the monies in this bill would go to the community colleges for workforce training. It would not be used for supplanting; it would not go to Employment Security. Would you respond to that please?"

Senator Skratek: "I would be happy to, Senator Deccio. Senator Rinehart is correct. The bill does not contain any appropriation for either the community colleges or for the Employment Security Department. The Senate Budget, as written by Senator Rinehart and approved by this body, provided all of the dollars to the community and technical colleges. The House Budget, I must be honest, has provided a small funding source to the Employment Security Department. It is going to be the final determination made by this body, through the budget processes to which dollars go where. The bill, itself, does not appropriate money to the Employment Security Department, Senator."

Senator Deccio: "May I continue, Mr. President? A further question, can we be guaranteed, on this floor, that none of these monies, in either the House version or the Senate version, none of these monies will go to Employment Security and none will go to administration to further supplant the community colleges budgets--that it will all go for this purpose? I would like to have Senator Skratek respond, if I could--Senator Rinehart. This is not the colloquy that I am referring to. Whatever, go ahead."

REMARKS BY SENATOR RINEHART

Senator Rinehart: "To respond to Senator Deccio, you and I both know--we've been around here long enough--there are no guarantees of anything. I can reflect and remind you that the budget that came out of this body directed all of the money to the community colleges. The budget that I am defending whenever we get to a conference committee will include that."

Further debate ensued.

Senator Nelson demanded a roll call and the demand was sustained.

PARLIAMENTARY INQUIRY

Senator Talmadge: "Mr. President, a point of parliamentary inquiry. Could you describe for the members of the Senate your policy with respect to the question of whether we start to get to the point at which amendments are frivolous within the meaning of Reed's Rules?"

REPLY BY THE PRESIDENT

President Pritchard: "You know that gets to be sort of a gray area of what is a frivolous amendment. A frivolous amendment to one person isn't to another. If it doesn't bear on the bill--there is quite a bit of latitude in allowing amendments. I think we have to be pretty careful about not choking them off. As to what is frivolous and what isn't--we get to a certain point--I think that is as clear as I can say."

The President declared the question before the Senate to be the adoption of the amendment by Senator Linda Smith on page 3, after line 32, to the amendment by Senators Rinehart, Skratek and Bluechel to Engrossed Substitute House Bill No. 1988.

"Notwithstanding any provision of this section, funds from the employment and training trust fund shall not be disbursed to any agency, college or other entity that is a party to a personal services contract with a person who holds federal or state elective office."

POINT OF ORDER

Senator Vognild: "Thank you, Mr. President. I would request a ruling from the Chair. I believe that the rule states that once a body has made a decision in the negative that the same basic concept cannot be brought before the body again. Although, a few words are changed, this will be the third time that this concept has been brought before the body."

REPLY BY THE PRESIDENT

President Pritchard: "Well, we'll take a look at it. Do you want to respond Senator Smith?"

REMARKS BY SENATOR SMITH

Senator Linda Smith: "Thank you, Mr. President. This is the first amendment that addresses the institution itself. There is nothing that withholds the money from the institution. This is the only one that says, 'notwithstanding any provision of this section, funds from the employment and training trust fund shall not be disbursed to any agency, college or other entity that is a party to a personal services contract.' So, it says that the money will not go to them. The other amendments did not go that direction."

FURTHER REPLY BY THE PRESIDENT

POINT OF INQUIRY

Senator Newhouse: "Senator Skratek, we face a federal requirement of establishing a schedule of charges against employers around the state and one of the requirements in there is that the top rate--and there shall be a top-rate--and there shall be a group of employers in that top-rate of five point four percent. According to the machinery you have set up here, you would lower the rate, you say point one two and I don't believe that you can legally lower a rate. We'll then again have to raise it right to the five point four for the federal requirements and in addition, aren't you going to have an additional top-rate, so that the top-rate will be five point five two?"

Senator Skratek: "Thank you, Senator Newhouse, for asking that question. You are correct regarding the Class 20, which is why you will find in Section 3 of the striking amendment that those employers have been exempted from this particular requirement."

ENGROSSED HOUSE BILL NO. 2111,

MOTION

On motion of Senator Jesernig, the Senate advanced to the ninth order of business.

MOTION

Senator Jesernig moved that the rules be suspended and the Committee on Ways and Means be relieved of further consideration of Senate Bill No. 5976 and Senate Bill No. 5977 and that the bills be placed on the second reading calendar.

POINT OF INQUIRY

Senator McDonald: "Senator Jesernig, have any of these ever had a public hearing?"
Senator Jesernig: "I believe they have, Senator McDonald."
Senator McDonald: "According to my sources, they have not had a public hearing."
Senator Jesernig: "We can speak to Senator Rinehart and we can work that out."
Senator McDonald: "I think that these bills, as we discovered, have not had a hearing and it is not these bills, Senator Rinehart, that are the objection. I think the objection is pulling bills to the floor that have not had a public hearing. We did a number of them yesterday. We did not object at that time. This is an opportunity to do that. I think it is a poor public policy to be doing this particularly with bills that have not had a public hearing, period. I am going to raise this objection; I am not necessarily going to vote against this move, because I don't think these bills are detrimental, but I do think it is a very, very poor policy to do this."

REMARKS BY SENATOR RINEHART

Senator Rinehart: "Thank you, Mr. President. Both of these measures were included in Governor Gardner's budget and were the subject of a hearing before the Ways and Means Committee. Secretary of State Ralph Munro came and testified

on both of these measures, so, while technically it is accurate that these bills separately have not been heard, the content of both of them has been heard in the Ways and Means Committee."

The President declared the question before the Senate to be the motion by Senator Jesernig that the Committee on Ways and Means be relieved of further consideration of Senate Bill No. 5976 and Senate Bill No. 5977 and that the bills be placed on the second reading calendar.

The motion by Senator Jesernig carried and Senate Bill No. 5976 and Senate Bill No. 5977 were placed on the second reading calendar.

MOTION

At 4:12 p.m., on motion of Senator Jesernig, the Senate recessed until 5:15 p.m.

The Senate was called to order at 6:34 p.m. by President Pritchard.

MOTION

On motion of Senator Jesernig, the Senate reverted to the third order of business.

MESSAGE FROM THE GOVERNOR

April 19, 1993

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5053 entitled:

"AN ACT Relating to the local vessel excise tax."

Senate Bill No. 5053 requires counties to contract with the Department of Licensing for the administration and collection of the local vessel excise tax authorized under RCW 82.49.070. Currently, King County is the only county now imposing this tax.

Sections 38, and 40 through 42 of Substitute House Bill No. 1318, as amended by the Senate, repeal the local vessel excise tax as of June 30, 1994 and replace it with an increase in the state vessel registration fee the proceeds of which will be used for local boating safety, education, and enforcement programs. The Chair of the House Committee on Natural Resources and Parks has recommended that the House Concur in these Senate Amendments to Substitute House Bill 1318 and, along with the Sponsor of Senate Bill No. 5053 and representatives of King County, has communicated a desire for a veto of Senate Bill 5053.

The Senate amendments to Substitute House Bill No. 1318 will negate the need for the vessel excise tax administration and collection changes intended by Senate Bill No. 5053.

For this reason, I have vetoed Senate Bill No. 5053 in its entirety.

Respectfully submitted,
MIKE LOWRY, Governor

Senate Bill No. 5053 was held on the desk.

There being no objection, the President advanced the Senate to the fourth order of business.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5195 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 21.20 RCW to read as follows:

It is unlawful for a broker-dealer, salesperson, investment adviser, or investment adviser salesperson knowingly to effect or cause to be effected, with or for a customer's account, transactions of purchase or sale (1) that are excessive in size or frequency in view of the financial resources and character of the account and (2) that are effected because the broker-dealer, salesperson, investment adviser, or investment adviser salesperson is vested with discretionary power or is able by reason of the customer's trust and confidence to influence the volume and frequency of the trades.

NEW SECTION. Sec. 2. A new section is added to chapter 21.20 RCW to read as follows:

(1) In recommending to a customer the purchase, sale, or exchange of a security, a broker-dealer, salesperson, investment adviser, or investment adviser salesperson must have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to his or her other security holdings and as to his or her financial situation and needs.

(2) Before the execution of a transaction recommended to a noninstitutional customer, other than transactions with customers where investments are limited to money market mutual funds, a broker-dealer, salesperson, investment adviser, or investment adviser salesperson shall make reasonable efforts to obtain information concerning:

(a) The customer's financial status;

(b) The customer's tax status;

(c) The customer's investment objectives; and

(d) Such other information used or considered to be reasonable by the broker-dealer, salesperson, investment adviser, or investment adviser salesperson or registered representative in making recommendations to the customer.

Sec. 3. RCW 21.20.110 and 1986 c 14 s 45 are each amended to read as follows:

The director may by order deny, suspend, or revoke registration of any broker-dealer, salesperson, investment adviser salesperson, or investment adviser; censure or fine the registrant or an officer, director, partner, or person occupying similar functions for a registrant; or restrict or limit a registrant's function or activity of business for which registration is required in this state; if the director finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, or director:

(1) Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false, or misleading with respect to any material fact;

(2) Has willfully violated or willfully failed to comply with any provision of this chapter or a predecessor act or any rule or order under this chapter or a predecessor act, or any provision of chapter 21.30 RCW or any rule or order thereunder;

(3) Has been convicted, within the past five years, of any misdemeanor involving a security, or a commodity contract or commodity option as defined in RCW 21.30.010, or any aspect of the securities or investment commodities business, or any felony involving moral turpitude;

(4) Is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities or investment commodities business;

(5) Is the subject of an order of the director denying, suspending, or revoking registration as a broker-dealer, salesperson, investment adviser, or investment adviser salesperson;

(6) Is the subject of an order entered within the past five years by the securities administrator of any other state or by the federal securities and exchange commission denying or revoking registration as a broker-dealer or salesperson, or a commodity broker-dealer or sales representative, or the substantial equivalent of those terms as defined in this chapter or by the commodity futures trading commission denying or revoking registration as a commodity merchant as defined in RCW 21.30.010, or is the subject of an order of suspension or expulsion from membership in or association with a self-regulatory organization registered under the securities exchange act of 1934 or the federal commodity exchange act, or is the subject of a United States post office fraud order; but (a) the director may not institute a revocation or suspension proceeding under this clause more than one year from the date of the order relied on, and (b) the director may not enter any order under this clause on the basis of an order unless that order was based on facts which would currently constitute a ground for an order under this section;

(7) Has engaged in dishonest or unethical practices in the securities or investment commodities business;

(8) Is insolvent, either in the sense that his or her liabilities exceed his or her assets or in the sense that he or she cannot meet his or her obligations as they mature; but the director may not enter an order against a broker-dealer or investment adviser under this clause without a finding of insolvency as to the broker-dealer or investment adviser;

(9) Has not complied with a condition imposed by the director under RCW 21.20.100, or is not qualified on the basis of such factors as training, experience, or knowledge of the securities business; or

The director may not impose a fine under this section except after notice and opportunity for hearing. MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5948 with following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.130.090 and 1986 c 259 s 6 are each amended to read as follows:

(1) If the disciplining authority determines, upon investigation, that there is reason to believe a violation of RCW 18.130.180 has occurred, a statement of charge or charges shall be prepared and served upon the license holder or applicant at the earliest practical time. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the disciplining authority within twenty days after being served the statement of charges. If the twenty-day limit results in a hardship upon the license holder or applicant, he or she may request for good cause an extension not to exceed sixty additional days. If the disciplining authority finds that there is good cause, it shall grant the extension. The failure to request a hearing constitutes a default, whereupon the disciplining authority may enter a decision on the basis of the facts available to it.

(2) If a hearing is requested, the time of the hearing shall be fixed by the disciplining authority as soon as convenient, but the hearing shall not be held earlier than thirty days after service of the charges upon the license holder or applicant. ~~((A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing. (1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or drug treatment shall be provided by approved treatment ~~((facilities))~~ programs under RCW ~~((70.96A.020(2)))~~ 70.96A.020: PROVIDED, That nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or drug treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from RCW 42.17.250 through 42.17.450 and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

The licensee or applicant may enter into a stipulated disposition of charges that includes one or more of the sanctions of this section, but only after a statement of charges has been issued and the licensee has been afforded the opportunity for a hearing and has elected on the record to forego such a hearing. The stipulation shall either contain one or more specific findings of unprofessional conduct or inability to practice, or a statement by the licensee acknowledging that evidence is sufficient to justify one or more specified findings of unprofessional conduct or inability to practice. The stipulation entered into pursuant to this subsection shall be considered formal disciplinary action for all purposes.

(2) The disciplinary authority and the applicant or licensee may stipulate that the allegations may be disposed of informally in accordance with this subsection. The stipulation shall contain a statement of the facts leading to the filing of the complaint; the act or acts of unprofessional conduct alleged to have been committed or the alleged basis for determining that the applicant or licensee is unable to practice with reasonable skill and safety; a statement that the stipulation is not to be construed as a finding of either unprofessional conduct or inability to practice; an acknowledgement that a finding of unprofessional conduct or inability to practice, if proven, constitutes grounds for discipline under this chapter; and an agreement on the part of the licensee or applicant that the sanctions set forth in RCW 18.130.160, except RCW 18.130.160 (1), (2), (6), and (8), may be imposed as part of the stipulation, except that no fine may be imposed but the licensee or applicant may agree to reimburse the disciplinary authority the costs of investigation and processing the complaint up to an amount not exceeding one thousand dollars per allegation; and an agreement on the part of the disciplinary authority to forego further disciplinary proceedings concerning the allegations. A stipulation entered into pursuant to this subsection shall not be considered formal disciplinary action.

(3) If the licensee or applicant declines to agree to disposition of the charges by means of a stipulation pursuant to subsection (2) of this section, the disciplinary authority may proceed to formal disciplinary action pursuant to RCW 18.130.090 or 18.130.170.

(4) Upon execution of a stipulation under subsection (2) of this section by both the licensee or applicant and the disciplinary authority, the complaint is deemed disposed of and shall become subject to public disclosure on the same basis and to the same extent as other records of the disciplinary authority. Should the licensee or applicant fail to pay any agreed reimbursement within thirty days of the date specified in the stipulation for payment, the disciplinary authority may seek collection of the amount agreed to be paid in the same manner as enforcement of a fine under RCW 18.130.165.

- (14) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance shall consist of a statement of the law in question and an agreement to not violate the stated provision. The following conduct, acts, or conditions constitute unprofessional conduct for any license holder or applicant under the jurisdiction of this chapter:

- (1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;
- (2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;
- (3) All advertising which is false, fraudulent, or misleading;
- (4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;
- (5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;
- (6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;
- (7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;
- (8) Failure to cooperate with the disciplining authority by:
- (a) Not furnishing any papers or documents;
- (b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or
- (c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;
- (9) Failure to comply with an order issued by the ~~((disciplining))~~ disciplinatory authority or ~~((an assurance of discontinuance))~~ a stipulation for informal disposition entered into with the ~~((disciplining))~~ disciplinatory authority;
- (10) Aiding or abetting an unlicensed person to practice when a license is required;
- (11) Violations of rules established by any health agency;
- (12) Practice beyond the scope of practice as defined by law or rule;
- (13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;
- (14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;
- (15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;
- (16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;
- (17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;
- (18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards.

NEW SECTION. Sec. 23. The following acts or parts of acts are each repealed:

(1) RCW 18.135.080 and 1991 c 3 s 277 & 1984 c 281 s 8;

(2) RCW 18.64.260 and 1987 c 202 s 184, 1969 ex.s. c 199 s 17, 1909 c 213 s 9, & 1899 c 121 s 17; and

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5025 with following amendment(s):

On page 3, strike lines 4 through 18 and insert:

(c) Investigate the origin and cause of all forest fires to determine whether either a criminal act or negligence by any person, firm, or corporation caused the starting, spreading, or existence of the fire. In conducting investigations, the department shall work cooperatively, to the extent possible, with utilities, property owners, and other interested parties to identify and preserve evidence. Except as provided otherwise in this subsection, the department in conducting investigations is authorized, without court order, to take possession or control of relevant evidence found in plain view and belonging to any person, firm, or corporation. To the extent possible, the department shall notify the person, firm, or corporation of its intent to take possession or control of the evidence. The person, firm, or corporation shall be afforded reasonable opportunity to view the evidence and, before the department takes possession or control of the evidence, also shall be afforded reasonable opportunity to examine, document, and photograph it. If the person, firm, or corporation objects in writing to the department's taking possession or control of the evidence, the department must either return the evidence within seven days after the day on which the department is provided with the written objections or obtain a court order authorizing the continued possession or control.

Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of the owner of the evidence if: (i) The evidence is used by the owner in conducting a business or in providing an electric utility service; and (ii) the department's taking possession or control of the evidence would substantially and materially interfere with the operation of the business or provision of electric utility service. Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of an electric utility when the evidence is not owned by the utility but has caused damage to property owned by the utility. However, this paragraph does not apply if the department has notified the utility of its intent to take possession or control of the evidence and provided the utility with reasonable time to examine, document, and photograph the evidence.

MESSAGE FROM THE HOUSE

April 9, 1993

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5088 with following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that while the 1988 Administrative Procedure Act expanded public participation in the agency rule-making process, there continue to be instances when participants have developed adversarial relationships with each other, resulting in the inability to identify all of the issues, the failure to focus on solutions to problems, unnecessary delays, litigation, and added cost to the agency, affected parties, and the public in general.

When interested parties work together, it is possible to negotiate development of a rule that is acceptable to all affected, and that conforms to the intent of the statute the rule is intended to implement.

After a rule is adopted, unanticipated negative impacts may emerge. Examples include excessive costs of administration for the agency and compliance by affected parties, technical conditions that may be physically or economically unfeasible to meet, problems of interpretation due to lack of clarity, and reporting requirements that duplicate or conflict with those already in place.

It is therefore the intent of the legislature to encourage flexible approaches to developing administrative rules, including but not limited to negotiated rule making and a process for testing the feasibility of adopted rules, often called the pilot rule process. However, nothing in this act shall be construed to create any mandatory duty for an agency to use the procedures in RCW 34.05.310 or section 4 of this act in any particular instance of rule making. Agencies shall determine, in their discretion, when it is appropriate to use these procedures.

Sec. 2. RCW 34.05.310 and 1989 c 175 s 5 are each amended to read as follows:

~~((1) In addition to seeking information by other methods, an agency, before publication of a notice of a proposed rule adoption under RCW 34.05.320, is encouraged to solicit comments from the public on a subject of possible rule making under active consideration within the agency, by causing notice to be published in the state register of the subject matter and indicating where, when, and how persons may comment.~~

~~(2) Each agency may appoint committees to comment, before publication of a notice of proposed rule adoption under RCW 34.05.320, on the subject of a possible rule-making action under active consideration within the agency.~~

~~(3) Each agency shall designate a rules coordinator, who shall have knowledge of the subjects of rules being proposed or prepared within the agency for proposal, maintain the records of any such action, and respond to public inquiries about possible or proposed rules and the identity of agency personnel working, reviewing, or commenting on them. The office and mailing address of the rules coordinator shall be published in the state register at the time of designation and in the first issue of each calendar year thereafter for the duration of the designation. The rules coordinator may be an employee of another agency.)) To meet the intent of providing greater public access to administrative rule making and to promote consensus among interested parties, agencies are encouraged to:~~

~~(1) Solicit comments from the public on a subject of possible rule making before publication of a notice of proposed rule adoption under RCW 34.05.320. This process can be accomplished by having a notice published in the state register of the subject under active consideration and indicating where, when, and how persons may comment; and~~

~~(2) Develop and use new procedures for reaching agreement among interested parties before publication of notice and the adoption hearing on a proposed rule. Examples of new procedures include, but are not limited to:~~

~~(a) Identifying individuals and organizations that have a recognized interest in or will be significantly affected by the adoption of the proposed rule;~~

~~(b) Soliciting participation by persons who are capable, willing, and appropriately authorized to enter into such negotiations;~~

~~(c) Assuring that participants fully recognize the consequences of not participating in the process, are committed to negotiate in good faith, and recognize the alternatives available to other parties;~~

~~(d) Establishing guidelines to encourage consideration of all pertinent issues, to set reasonable completion deadlines, and to provide fair and objective settlement of disputes that may arise;~~

~~(e) Agreeing on a reasonable time period during which the agency will be bound to the rule resulting from the negotiations without substantive amendment; and~~

~~(f) Providing a mechanism by which one or more parties may withdraw from the process or the negotiations may be terminated if it appears that consensus cannot be reached on a draft rule that accommodates the needs of the agency, interested parties, and the general public and conforms to the legislative intent of the statute that the rule is intended to implement.~~

NEW SECTION. Sec. 3. Each agency shall designate a rules coordinator, who shall have knowledge of the subjects of rules being proposed or prepared within the agency for proposal, maintain the records of any such action, and respond to public inquiries about possible or proposed rules and the identity of agency personnel working, reviewing, or commenting on them. The office and mailing address of the rules coordinator shall be published in the state register at the time of designation and in the first issue of each calendar year thereafter for the duration of the designation. The rules coordinator may be an employee of another agency.

NEW SECTION. Sec. 4. If, during development of a rule or after its adoption, an agency determines that implementation may produce unreasonable economic, procedural, or technical burdens, agencies are encouraged to develop methods for measuring or testing the feasibility of compliance with the rule, including the use of voluntary pilot study groups. Measuring and testing methods should emphasize public notice, participation by persons who have a recognized interest in or are significantly affected by the adoption of the proposed rule, a high level of involvement from agency management, consensus on issues and procedures among participants in the pilot group, assurance of fairness, and reasonable completion dates, and a process by which one or more parties may withdraw from the process or the process may be terminated if consensus cannot be reached on the rule.

The findings of the pilot project should be widely shared and, where appropriate, adopted as amendments to the rule.

NEW SECTION. Sec. 5. Sections 3 and 4 of this act are each added to chapter 34.05 RCW under the subchapter heading "rule-making procedures.", and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 6, 1993

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 5260 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that salmon consumers in Washington benefit from knowing the species and origin of the salmon they purchase. The accurate identification of such species, as well as knowledge of the country or state of origin and of whether they were caught commercially or were farm-raised, is important to consumers.

NEW SECTION. Sec. 2. A new section is added to chapter 69.04 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 3 through 5 of this act.

(1) "Salmon" means all species of the genus *Oncorhynchus*, except those classified as game fish in Title 77 RCW, and includes:

SCIENTIFIC NAME	COMMON NAME
<i>Oncorhynchus tshawytscha</i>	Chinook salmon or king salmon
<i>Oncorhynchus kisutch</i>	Coho salmon or silver salmon
<i>Oncorhynchus keta</i>	Chum salmon
<i>Oncorhynchus gorbuscha</i>	Pink salmon
<i>Oncorhynchus nerka</i>	Sockeye salmon
<i>Salmo salar</i> (in other than its landlocked form)	Atlantic salmon

(2) "Commercially caught" means salmon harvested by commercial fishers.

NEW SECTION. Sec. 3. A new section is added to chapter 69.04 RCW to read as follows:

With the exception of a commercial fisher engaged in sales of fish to a fish buyer, no person may sell at wholesale or retail any fresh or frozen salmon food fish or cultured aquatic salmon without identifying the species of salmon by its common name to the buyer at the point of sale such that the buyer can make an informed decision in purchasing. A person knowingly violating this section is guilty of misbranding under this chapter. A person who receives misleading or erroneous information about the species of salmon and subsequently inaccurately identifies salmon shall not be guilty of misbranding. This section shall not apply to salmon that is minced, pulverized, coated with batter, or breaded.

NEW SECTION. Sec. 4. A new section is added to chapter 69.04 RCW to read as follows:

With the exception of a commercial fisher engaged in sales of fish to a fish buyer, no person may sell at wholesale or retail any fresh or frozen:

(1) Private sector cultured aquatic salmon without identifying the product as farm-raised salmon; or

(2) Commercially caught salmon designated as food fish under Title 75 RCW without identifying the product as commercially caught salmon.

Identification of the products under subsections (1) and (2) of this section shall be made to the buyer at the point of sale such that the buyer can make an informed decision in purchasing.

A person knowingly violating this section is guilty of misbranding under this chapter. A person who receives misleading or erroneous information about whether the salmon is farm-raised or commercially caught, and subsequently inaccurately identifies salmon shall not be guilty of misbranding. This section shall not apply to salmon that is minced, pulverized, coated with batter, or breaded.

NEW SECTION. Sec. 5. A new section is added to chapter 69.04 RCW to read as follows:

To promote honesty and fair dealing for consumers, the director, in consultation with the director of the department of fisheries, shall adopt rules:

- (1) Fixing and establishing a reasonable definition and standard of identity for salmon for purposes of identifying and selling salmon;
- (2) Enforcing sections 3 and 4 of this act.", and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 9, 1993

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5270 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department.

NEW SECTION. Sec. 2. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates.

NEW SECTION. Sec. 3. The director of financial institutions shall be appointed by the governor and shall exercise all powers and perform all of the duties and functions transferred under section 6 of this act, and such other powers and duties as may be authorized by law. The director may deputize, appoint, and employ examiners and other such assistants and personnel as may be necessary to carry on the work of the department. The director of financial institutions shall receive a salary in an amount fixed by the governor.

NEW SECTION. Sec. 4. A person is not eligible for appointment as director of financial institutions unless he or she is, and for the last two years before his or her appointment has been, a citizen of the United States. A person is not eligible for appointment as director of financial institutions if he or she has an interest at the time of appointment, as a director, trustee, officer, or stockholder in any bank, savings bank, savings and loan association, credit union, consumer loan company, trust company, securities broker-dealer or investment advisor, or other institution regulated by the department.

NEW SECTION. Sec. 5. The director of financial institutions may adopt any rules, under chapter 34.05 RCW, necessary to implement the powers and duties of the director under this chapter.

NEW SECTION. Sec. 6. (1) All powers, duties, and functions of the department of general administration under Titles 30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments, and other similar institutions are transferred to the department of financial institutions. All references to the director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this section. All references to the department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation of securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection.

NEW SECTION. Sec. 7. All reports, documents, surveys, books, records, files, papers, or other written or electronically stored material in the possession of the department of general administration or the department of licensing and pertaining to the

powers, functions, and duties transferred by section 6 of this act shall be delivered to the custody of the department of financial institutions. All cabinets, furniture, office equipment, motor vehicles, and other tangible property purchased by the division of banking and the division of savings and loan in carrying out the powers, functions, and duties transferred by section 6 of this act shall be transferred to the department of financial institutions. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of licensing in carrying out the powers, functions, and duties transferred by section 6 of this act shall be made available to the department of financial institutions. All funds, credits, or other assets held by the department of general administration or the department of licensing in connection with the powers, functions, and duties transferred by section 6 of this act shall be assigned to the department of financial institutions.

Any appropriations made to the department of general administration or the department of licensing for carrying out the powers, functions, and duties transferred by section 6 of this act shall, on the effective date of this act, be transferred and credited to the department of financial institutions.

If a dispute arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 8. The director of financial institutions may appoint assistant directors for each of the divisions of the department and delegate to them the power to perform any act or duty conferred upon the director. The director is responsible for the official acts of these assistant directors.

The department of financial institutions shall consist of at least the following four divisions: The division of FDIC insured institutions, with regulatory authority over all state-chartered FDIC insured institutions; the division of credit unions, with regulatory authority over all state-chartered credit unions; the division of consumer affairs, with regulatory authority over state-licensed nondepository lending institutions and other regulated entities; and the division of securities, with regulatory authority over securities, franchises, business opportunities, and commodities. The director of financial institutions is granted broad administrative authority to add additional responsibilities to these divisions as necessary and consistent with applicable law.

For purposes of this section, "FDIC" means the Federal Deposit Insurance Corporation.

NEW SECTION. Sec. 9. All employees classified under chapter 41.06 RCW, the state civil service law, who are employees of the department of general administration or the department of licensing engaged in performing the powers, functions, and duties transferred by section 6 of this act are transferred to the department of financial institutions. All such employees are assigned to the department of financial institutions to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 10. All rules and all pending business before the department of general administration or the department of licensing pertaining to the powers, functions, and duties transferred by section 6 of this act shall be continued and acted upon by the department of financial institutions. All existing contracts and obligations shall remain in full force and shall be performed by the department of financial institutions.

NEW SECTION. Sec. 11. The transfer of the powers, duties, functions, and personnel of the department of general administration or the department of licensing under sections 6, 7, 9, and 10 of this act does not affect the validity of any act performed by such an employee before the effective date of this act.

NEW SECTION. Sec. 12. If apportionments of budgeted funds are required because of the transfers directed by sections 6 through 11 of this act, the director of financial management shall certify the apportionments to the agencies affected, to the state auditor, and to the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 13. Nothing contained in sections 6 through 11 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the expiration date of the current agreement or until the bargaining unit has been modified by action of the personnel board as provided by law.

(3) ~~If the public employer and a bargaining representative are unable to reach an agreement in mediation, either party, by written notice to the other party and to the commission, may request that the matters in dispute be submitted to a fact-finder for recommendations. If the executive director, upon the recommendation of the mediator, finds that the parties remain at an impasse after a reasonable period of negotiations, the executive director shall initiate fact-finding proceedings.~~

~~(a) The executive director shall provide the parties with a list of five persons qualified to serve as the neutral fact-finder. The parties shall without delay attempt to agree upon a fact-finder from the list provided by the commission or to agree upon some other person as a fact-finder. ~~(d) The findings and recommendations of the fact-finder shall be held in confidence among the fact-finder, the public employer, the bargaining representative, and the commission for seven calendar days following their issuance, to permit the public employer and the bargaining representative to study the recommendations. No later than seven calendar days following the issuance of the recommendations of the fact-finder, each party shall notify the commission and the other party whether it accepts or rejects, in whole or in part, the recommendations of the fact-finder. If the parties remain in disagreement following the expiration of the seven-day period, the findings and recommendations of the fact-finder may be made public.~~

~~(e) The fees and expenses of the fact-finder shall be paid by the parties to the dispute, in equal amounts. All other costs of the proceeding shall be paid by the party incurring those costs. Nothing in this section prohibits an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, some other impasse procedure or from agreeing to some other allocation of the costs of fact-finding between them.)~~ In making its determination, the arbitration panel shall be mindful of the legislative purpose enumerated in RCW 41.56.430 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) The constitutional and statutory authority of the employer;

MOTION

Senator Adam Smith moved that the Senate do concur in the House amendment to Substitute Senate Bill No. 5528.

POINT OF INQUIRY

Senator Talmadge: "Senator Smith, what are these facilitators in domestic relation's cases in the Superior Court to do? I am not familiar with Representative Appelwick's bill and this idea of having someone who looks to me very much like they are going to be providing some legal assistance to people. Precisely what is it that they are going to be doing?"

Senator Adam Smith: "Well, my understanding is that this is a program that several counties had, but they were doing it by a grant that ran out, so this is another way to make that program work. Frankly, as far as specifically what they are doing, I don't know specifically, but I have heard that it works very well--advising them on domestic relation's cases--so they don't have to go out and pay a lot of money for a lawyer to give them some pro se advise. That is my understanding of it."

The President declared the question before the Senate to be the motion by Senator Adam Smith that the Senate do concur in the House amendment to Substitute Senate Bill No. 5528.

The motion by Senator Adam Smith carried and the Senate concurred in the House amendment to Substitute Senate Bill No. 5528.

The House has passed ENGROSSED SENATE BILL NO. 5280 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The director of the department of labor and industries shall conduct a study to determine whether there is a need for increased regulation, such as a voluntary certificate of competency program, of general and specialty contractors registered under chapter 18.27 RCW. In conducting the study, the director shall consult with representatives of the following construction classifications: Commercial/retail construction; highway/industrial construction; municipal/utility construction; marine construction; residential single-family construction; and residential multifamily construction. The director shall also consult

No later than February 1, 1994, the director shall present findings and recommendations to the appropriate legislative committees concerning whether contractors should be subject to increased regulation by the state, such as a voluntary certificate of competency program.

The study and recommendations of the director shall be guided by the principle that increased regulation by the state is appropriate only when: Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential harm is easily recognizable and not remote or dependent upon tenuous argument; the public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional responsibility; and the public cannot be effectively protected by other means in a more cost-beneficial manner.", and the same are herewith transmitted.

SENATOR PHIL TALMADGE, 34th District

MESSAGE FROM THE HOUSE

April 6, 1993

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5574 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares that consumers have a vital interest in establishing and maintaining creditworthiness. The legislature further finds that an elaborate mechanism using credit reports has developed for investigating and evaluating a consumer's creditworthiness, credit capacity, and general reputation and character. As such, credit reports are used for evaluating credit card, loan, mortgage, and small business financing applications, as well as for decisions regarding employment and the rental or leasing of dwellings. Moreover, financial institutions and other creditors depend upon fair and accurate credit reports to efficiently and accurately evaluate creditworthiness. Unfair or inaccurate reports undermine both public and creditor confidences in the reliability of credit granting systems.

Therefore, this chapter is necessary to assure accurate credit data collection, maintenance, and reporting on the citizens of the state. It is the policy of the state that credit reporting agencies maintain accurate credit reports, resolve disputed reports promptly and fairly, and adopt reasonable procedures to promote consumer confidentiality and the proper use of credit data in accordance with this chapter.

NEW SECTION. Sec. 2. This chapter shall be known as the Fair Credit Reporting Act.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1)(a) "Adverse action" includes:

(i) Denial of, increase in any charge for, or reduction in the amount of insurance for personal, family, or household purposes;

- (ii) Denial of employment or any other decision for employment purposes that adversely affects a current or prospective employee;
 - (iii) Action or determination with respect to a consumer's application for credit that is adverse to the interests of the consumer; and
 - (iv) Action or determination with respect to a consumer's application for the rental or leasing of residential real estate that is adverse to the interests of the consumer.
- (b) "Adverse action" does not include:
- (i) A refusal to extend additional credit under an existing credit arrangement if:
 - (A) The applicant is delinquent or otherwise in default with respect to the arrangement; or
 - (B) The additional credit would exceed a previously established credit limit; or
 - (ii) A refusal or failure to authorize an account transaction at a point of sale.
- (2) "Attorney general" means the office of the attorney general.
- (3) "Consumer" means an individual.
- (4)(a) "Consumer report" means a written, oral, or other communication of information by a consumer reporting agency bearing on a consumer's creditworthiness, credit standing, credit capacity, character, general reputation, personal characteristics, or mode of living that is used or expected to be used or collected in whole or in part for:
- (i) The purpose of serving as a factor in establishing the consumer's eligibility for credit or insurance to be used primarily for personal, family, or household purposes;
 - (ii) Employment purposes; or
 - (iii) Other purposes authorized under section 4 of this act.
- (b) "Consumer report" does not include:
- (i) A report containing information solely as to transactions or experiences between the consumer and the person making the report;
 - (ii) An authorization or approval of a specific extension of credit directly or indirectly by the issuer of a credit card or similar device;
 - (iii) A report in which a person who has been requested by a third party to make a specific extension of credit directly or indirectly to a consumer conveys his or her decision with respect to the request, if the third party advises the consumer of the name and address of the person to whom the request was made and the person makes the disclosures to the consumer required under section 9 of this act;
 - (iv) A list compiled by a consumer reporting agency to be used by its client for direct marketing of goods or services not involving an offer of credit;
 - (v) A report solely conveying a decision whether to guarantee a check in response to a request by a third party; or
 - (vi) A report furnished for use in connection with a transaction that consists of an extension of credit to be used for a commercial purpose.
- (5) "Consumer reporting agency" means a person who, for monetary fees, dues, or on a cooperative nonprofit basis, regularly engages in whole or in part in the business of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties, and who uses any means or facility of commerce for the purpose of preparing or furnishing consumer reports. "Consumer reporting agency" does not include a person solely by reason of conveying a decision whether to guarantee a check in response to a request by a third party or a person who obtains a consumer report and provides the report or information contained in it to a subsidiary or affiliate of the person.
- (6) "Credit transaction that is not initiated by the consumer" does not include the use of a consumer report by an assignee for collection or by a person with which the consumer has an account, for purposes of (a) reviewing the account, or (b) collecting the account. For purposes of this subsection "reviewing the account" includes activities related to account maintenance and monitoring, credit line increases, and account upgrades and enhancements.
- (7) "Direct solicitation" means the process in which the consumer reporting agency compiles or edits for a client a list of consumers who meet specific criteria and provides this list to the client or a third party on behalf of the client for use in soliciting those consumers for an offer of a product or service.

- (9) "File," when used in connection with information on any consumer, means all of the information on that consumer recorded and retained by a consumer reporting agency regardless of how the information is stored.
- (10) "Investigative consumer report" means a consumer report or portion of it in which information on a consumer's character, general reputation, personal characteristics, or mode of living is obtained through personal interviews with neighbors, friends, or associates of the consumer reported on or with others with whom the consumer is acquainted or who may have knowledge concerning any items of information. However, the information does not include specific factual information on a consumer's credit record obtained directly from a creditor of the consumer or from a consumer reporting agency when the information was obtained directly from a creditor of the consumer or from the consumer.

(b) A person may not procure a consumer report, or cause a consumer report to be procured, for employment purposes with respect to any employee unless the employee has received, at any time after the person became an employee, written notice that consumer reports may be used for employment purposes. A written statement that consumer reports may be used for employment purposes that is contained in employee guidelines or manuals available to employees or included in written materials provided to employees constitutes written notice for purposes of this subsection. This subsection does not apply with respect to a consumer report of an employee who the employer has reasonable cause to believe has engaged in specific activity that constitutes a violation of law.

The notice must be made in writing through the notification system maintained by the consumer reporting agency under subsection (4) of this section and must state that the consumer does not consent to any use of consumer reports relating to the consumer in connection with any transaction that is not initiated by the consumer.

(b) An election of a consumer under (a) of this subsection is effective with respect to a consumer reporting agency and any affiliate of the consumer reporting agency, within five business days after the consumer reporting agency receives the consumer's notice.

(4) A consumer reporting agency that provides information intended to be used in a prescreened credit transaction or direct solicitation transaction that is not initiated by the consumer shall:

(2) A person who procures or causes to be prepared an investigative consumer report on a consumer shall make, upon written request made by the consumer within a reasonable period of time after the receipt by the consumer of the disclosure required in subsection (1)(a) of this section, a complete and accurate disclosure of the nature and scope of the investigation requested. This disclosure must be made in a writing mailed, or otherwise delivered, to the consumer not later than the latter of five days after the date on which the request for the disclosure was either received from the consumer or the report was first requested.

(3) No person may be held liable for a violation of subsection (1) or (2) of this section if the person shows by a preponderance of the evidence that at the time of the violation the person maintained reasonable procedures to assure compliance with subsection (1) or (2) of this section.

(4) A consumer reporting agency shall maintain a detailed record of:

(a) The identity of the person to whom an investigative consumer report or information from a consumer report is provided by the consumer reporting agency; and

For purposes of this subsection, "person" does not include an individual who requests the report unless the individual obtains the report or information for his or her own individual purposes.

NEW SECTION. Sec. 8. A consumer reporting agency shall make a reasonable effort to verify the identity of a new prospective user and the uses certified by the prospective user before furnishing the user a consumer report. (b) The certified purpose for which a consumer report on a consumer, or any other information relating to a consumer, is requested by any person.

For purposes of this subsection, "person" does not include an individual who requests the report unless the individual obtains the report or information for his or her own purposes.

NEW SECTION. Sec. 9. A consumer reporting agency shall, upon request by the consumer, clearly and accurately disclose:

(1) All information in the file on the consumer at the time of request, except that medical information may be withheld. The agency shall inform the consumer of the existence of medical information, and the consumer has the right to have that information disclosed to the health care provider of the consumer's choice. Nothing in this chapter prevents, or authorizes a consumer reporting agency to prevent, the health care provider from disclosing the medical information to the consumer. The agency shall inform the consumer of the right to disclosure of medical information at the time the consumer requests disclosure of his or her file.

(2) All items of information in its files on that consumer, including disclosure of the sources of the information, except that sources of information acquired solely for use in an investigative report may only be disclosed to a plaintiff under appropriate discovery procedures.

(6) Except as provided in section 17 of this act, no consumer may bring an action or proceeding in the nature of defamation, invasion of privacy, or negligence with respect to the reporting of information against a consumer reporting agency or a user of information, based on information disclosed under this section or section 9 of this act, except as to false information furnished with malice or willful intent to injure the consumer. Except as provided in section 17 of this act, no consumer may bring an action or proceeding against a person who provides information to a consumer reporting agency in the nature of defamation, invasion of privacy, or negligence for unintentional error.

NEW SECTION. Sec. 11. (1) If the completeness or accuracy of an item of information contained in a consumer's file at a consumer reporting agency is disputed by the consumer and the consumer notifies the agency directly of the dispute, the agency shall reinvestigate without charge and record the current status of the disputed information before the end of thirty business days, beginning on the date the agency receives the notice from the consumer.

(2) Before the end of the five business-day period beginning on the date a consumer reporting agency receives notice of a dispute from a consumer in accordance with subsection (1) of this section, the agency shall notify any person who provided an item of information in dispute.

(3)(a) Notwithstanding subsection (1) of this section, a consumer reporting agency may terminate a reinvestigation of information disputed by a consumer under subsection (1) of this section if the agency determines that the dispute by the consumer is frivolous or irrelevant, including by reason of a failure of the consumer to provide sufficient information.

(b) Upon making a determination in accordance with (a) of this subsection that a dispute is frivolous or irrelevant, a consumer reporting agency shall notify the consumer within five business days of the determination. The notice shall be made in writing or any other means authorized by the consumer that are available to the agency, but the notice shall include the reasons for the determination and a notice of the consumer's rights under subsection (6) of this section.

(5)(a) If, after a reinvestigation under subsection (1) of this section of information disputed by a consumer, the information is found to be inaccurate or cannot be verified, the consumer reporting agency shall promptly delete the information from the consumer's file.

(b)(i) If information is deleted from a consumer's file under (a) of this subsection, the information may not be reinserted in the file after the deletion unless the person who furnishes the information verifies that the information is complete and accurate.

(ii) If information that has been deleted from a consumer's file under (a) of this subsection is reinserted in the file in accordance with (b)(i) of this subsection, the consumer reporting agency shall notify the consumer of the reinsertion within thirty business days. The notice shall be in writing or any other means authorized by the consumer that are available to the agency.

(6) If the reinvestigation does not resolve the dispute or if the consumer reporting agency determines the dispute is frivolous or irrelevant, the consumer may file a brief statement setting forth the nature of the dispute. The consumer reporting agency may limit these statements to not more than one hundred words if it provides the consumer with assistance in writing a clear summary of the dispute.

(7) After the deletion of information from a consumer's file under this section or after the filing of a statement of dispute under subsection (6) of this section, the consumer reporting agency shall, at the request of the consumer, furnish notification that the item of information has been deleted or that item of information is disputed. In the case of disputed information, the notification shall include the statement filed under subsection (6) of this section. The notification shall be furnished to any person specifically designated by the consumer, who has, within two years before the deletion or filing of a dispute, received a consumer report concerning the consumer for employment purposes, or who has, within six months of the deletion or the filing of the dispute, received a consumer report concerning the consumer for any other purpose, if these consumer reports contained the deleted or disputed information.

(8)(a) Upon completion of the reinvestigation under this section, a consumer reporting agency shall provide notice, in writing or by any other means authorized by the consumer, of the results of a reinvestigation within five business days.

(vi) If information is deleted or disputed after reinvestigation, a summary of the consumer's right to request notification to persons who have received a consumer report as provided in subsection (7) of this section.

(9) In the case of a consumer reporting agency that compiles and maintains consumer reports on a nationwide basis, the consumer reporting agency must provide to a consumer who has undertaken to dispute the information contained in his or her file a toll-free telephone number that the consumer can use to communicate with the agency. A consumer reporting agency that provides a toll-free number required by this subsection shall also provide adequately trained personnel to answer basic inquiries from consumers using the toll-free number.

(b) For furnishing a notification, statement, or summary to a person under section 11(7) of this act, the consumer reporting agency may charge a fee not exceeding the charge that the agency would impose on each designated recipient for a consumer report. The amount of any charge must be disclosed to the consumer before furnishing the information.

(2) A consumer reporting agency shall make all disclosures under sections 9 and 10 of this act and furnish all consumer reports under section 11 of this act without charge, if requested by the consumer within sixty days after receipt by the consumer of a notification of adverse action under section 13 of this act or of a notification from a debt collection agency affiliated with that consumer reporting agency stating that the consumer's credit rating may be or has been adversely affected.

(3) A consumer reporting agency shall not impose any charge for (a) providing notice to a consumer required under section 11 of this act, or (b) notifying a person under section 11(7) of this act of the deletion of information that is found to be inaccurate or that can no longer be verified, if the consumer designates that person to the agency before the end of the thirty-day period beginning on the date of notice under section 11(8) of this act.

NEW SECTION. Sec. 13. If a person takes an adverse action with respect to a consumer that is based, in whole or in part, on information contained in a consumer report, the person shall:

(1) Provide written notice of the adverse action to the consumer, except verbal notice may be given by a person in an adverse action involving a business regulated by the Washington utilities and transportation commission or involving an application for the rental or leasing of residential real estate if such verbal notice does not impair a consumer's ability to obtain a credit report without charge under section 12(2) of this act; and

(2) Provide the consumer with the name, address, and telephone number of the consumer reporting agency that furnished the report to the person.

NEW SECTION. Sec. 14. NEW SECTION. Sec. 15. A person who knowingly and willfully obtains information on a consumer from a consumer reporting agency under false pretenses is subject to a fine of up to five thousand dollars or imprisonment for up to one year, or both.

NEW SECTION. Sec. 16. An officer or employee of a consumer reporting agency who knowingly and willfully provides information concerning an individual from the agency's files to a person not authorized to receive that information is subject to a fine of up to five thousand dollars or imprisonment for up to one year, or both.

NEW SECTION. Sec. 17. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the Consumer Protection Act, chapter 19.86 RCW. Violations of this chapter are not reasonable in relation to the development and preservation of business. A violation of this chapter is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the Consumer Protection Act, chapter 19.86 RCW. The burden of proof in an action alleging a violation of this chapter shall be by a preponderance of the evidence, and the applicable statute of limitation shall be as set forth in section 14 of this act. For purposes of a judgment awarded pursuant to an action by a consumer under chapter 19.86 RCW, the consumer shall be awarded actual damages and costs of the action together with reasonable attorney's fees as determined by the court. However, where there has been willful failure to comply with any requirement imposed under this chapter, the consumer shall be awarded actual damages, a monetary penalty of one thousand dollars, and the costs of the action together with reasonable attorneys' fees as determined by the court.

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MESSAGE FROM THE HOUSE

April 17, 1993

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 5342 with the following amendment(s):

On page 1, at the beginning of line 9, insert "(1)"

On page 1, line 14, after "year." insert the following:

"(2)"

On page 1, line 16, after "alcohol" insert "receiving the exemption under subsection (1) of this section and"

On page 2, at the beginning of line 3, insert "(3)", and the same are herewith transmitted.

ALAN THOMPSON, Chief Clerk

MOTION

Senator Vognild moved that the Senate do concur in the House amendments to Engrossed Senate Bill No. 5342.

POINT OF INQUIRY

Senator Anderson: "Senator Vognild, reading the House amendment--we have a synopsis in our book--it says that the creditor exemption is only available for alcohol manufactured by small companies. So, we are companies instead of amount now?"

Senator Vognild: "Senator, when the bill left here, it said 'companies' and that is the way that Senator Prince, who was very concerned with this, and some other people who were concerned--about three companies in this state--that manufactured small amounts and they can continue to receive their credits and that is the language agreed upon before it left here."

Senator Anderson: "Senator Vognild, currently, the Georgia-Pacific Corporation in Bellingham has been manufacturing alcohol or gasohol. Are they exempted under this bill?"

Senator Vognild: "It is my understanding that they are exempt--pardon me--they are not exempt, it is my understanding they are eligible for the credit which is given under this bill."

POINT OF INQUIRY

Senator Nelson: "Senator Vognild, with the House amendments to this bill, what now becomes the proposed revenue that the state will receive from the elimination of this exemption? Has it changed based on the House amendment, in any way? Is it still something around forty million dollars?"

Senator Vognild: "Yes, the House amendment has not changed it. The full repeal was in the neighborhood of forty-two million dollars. It was estimated that when the bill passed here that there would be about a two to two and a half million exemption still out there, so the anticipated revenue should be in the neighborhood of thirty-nine million now."

Senator Nelson: "Which would be equivalent to roughly two pennies of gas tax money?"

Senator Vognild: "Not quite two pennies. A penny generates about twenty-six million a year or so, so it would be about one and one-half or one and three quarter."

Senator Nelson: "OK, so it is in essence passed on, in most cases, to the consumer at the pump?"

Senator Vognild: "That is correct, Senator, there is one peculiar thing about this particular revenue scheme and that is one-half of this goes to local government, so only one-half of this would accrue to the state."

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Vognild that the Senate do concur in the House amendments to Engrossed Senate Bill No. 5342.

The motion by Senator Vognild carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 5342.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 5342, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 5342, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 31; Nays, 13; Absent, 1; Excused, 4.

Voting yea: Senators Bauer, Bluechel, Drew, Erwin, Franklin, Fraser, Gaspard, Hargrove, Haugen, Hochstatter, Jesernig, McAuliffe, Moore, Moyer, Niemi, Oke, Owen, Pelz, Prentice, Prince, Quigley, Rasmussen, M., Skratek, Smith, A., Snyder, Spanel, Sutherland, Vognild, Williams, Winsley and Wojahn - 31.

Voting nay: Senators Amondson, Anderson, Barr, Cantu, Deccio, McCaslin, McDonald, Nelson, Newhouse, Roach, Sellar, Smith, L. and von Reichbauer - 13.

Absent: Senator Rinehart - 1.

Excused: Senators Loveland, Sheldon, Talmadge and West - 4.

ENGROSSED SENATE BILL NO. 5342, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MARILYN SHOWALTER, Deputy Chief Clerk

MOTION

On motion of Senator Adam Smith, the Senate refuses to concur in the House amendments to Substitute Senate Bill No. 5704 and requests of the House a conference thereon.

APPOINTMENT OF CONFERENCE COMMITTEE

The President appointed as members of the Conference Committee on Substitute Senate Bill No. 5704 and the House amendments thereto: Senators Adam Smith, McCaslin and Quigley.

MOTION

On motion of Senator Adam Smith, the Conference Committee appointments were confirmed.

PERSONAL PRIVILEGE

Senator Amondson: "A point of personal privilege, Mr. President. Would it be offensive to you or to this body if we removed our coat? It is a little warm in here."

REPLY BY THE PRESIDENT

President Pritchard: "I think we are going to stick with the rule. I would want to talk to the people on both sides of the aisle and have leadership to talk it over for us to make a change. The rule has been that gentlemen wear coats. I realize that if there was a strong feeling on a large number of people--Senator McCaslin do you have a feeling on this subject?"

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Mr. President. You asked if we checked with the other side, I'd like your permission to talk with Senator Jesernig concerning the temperature on the floor and whether or not Senators should be--what is the word I am looking for--cajoled, forced, mandated, that we wear coats, while all the wonderful ladies here have no ties on. They do

have blouses, if that is the correct pronunciation--necklaces--and I just think it would be fair. I know you are always fair, Mr. President, to the whole body, so I would appreciate an affirmative ruling."

PERSONAL PRIVILEGE

Senator Moore: "On a matter of personal privilege, also, Mr. President. Although I have been known to wear unique ties on occasion, I hold this building in great awe. I was here, believe it or not, when it was built and I know you can very well believe it, Senator von Reichbauer. I really feel strongly that this building deserves the dignity of wearing a coat. I will also wear mine, no matter how hot it gets. Thank you."

REPLY BY THE PRESIDENT

President Pritchard: "Of course what I would like, Senator Moore, is to have the temperature right so that people would feel comfortable. I am always amazed that on the same day I can have one member complain about how cold it is out in the seats here complaining that it is too cold and another Senator comes along and says that it is too hot. Senator Hargrove would like to get in on the discussion and Senator what have you got to say?"

PERSONAL PRIVILEGE

Senator Hargrove: "A point of personal privilege, Mr. President. I think that if you want to have everybody feel comfortable and get rid of the heat, we are going to have to get rid of a lot of these bills."

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Mr. President. Obviously, ladies and gentlemen, the acoustics are poor in here. Senator Moore we did not ask you to remove your coat; we asked if we could remove ours."
Further debate ensued.

PERSONAL PRIVILEGE

Senator Deccio: "A point of personal privilege, Mr. President. The reason that Senator Wojahn feels like she in a wind tunnel is that she sits directly across from Senator McCaslin. Senator McCaslin isn't thinking right today. He is getting older and today is his birthday."

PERSONAL PRIVILEGE

Senator Roach: "A point of personal privilege, Mr. President. Yes, I am a little surprised. I thought that we have not been able to demonstrate yet that there is any variance in the temperature. To me it seems quite normal, and I always thought it was not the other gender that got the hot flashes."

REPLY BY THE PRESIDENT

President Pritchard: "Well, the President will take all these requests under advisement and I think it is time we go back to a Message from the House."

MESSAGE FROM THE HOUSE

April 9, 1993

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5736 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 51.04.030 and 1989 c 189 s 1 are each amended to read as follows:

The director shall, through the division of industrial insurance, supervise the providing of prompt and efficient care and treatment, including care provided by physicians' assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, and including chiropractic care, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and promulgate and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That, the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the department: AND PROVIDED FURTHER, That the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as state-wide access to quality service is maintained for injured workers.

The director shall make and, from time to time, change as may be, and promulgate a fee bill of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, physicians' assistants as defined in chapters 18.57A and

18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. No service covered under this title shall be charged or paid at a rate or rates exceeding those specified in such fee bill, and no contract providing for greater fees shall be valid as to the excess.

The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workers, shall approve and pay those which conform to the promulgated rules, regulations, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules and regulations promulgated under it.

NEW SECTION. Sec. 2. A new section is added to chapter 51.04 RCW to read as follows:

The director shall appoint an associate medical director for chiropractic. The associate medical director must be eligible to be licensed under chapter 18.25 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 51.36 RCW to read as follows:

(1) The health services that are available to an injured worker under RCW 51.36.010 include chiropractic treatment in appropriate cases within the scope of practice under chapter 18.25 RCW. As appropriate, and subject to the requirements for examinations of workers specified in this title, a worker may be required by the department to undergo chiropractic examination by a chiropractor licensed under chapter 18.25 RCW for the purpose of assisting the department in making determinations for the closure of a claim, in assessing the necessity and appropriateness of chiropractic care, or in making other determinations within the scope of chiropractic practice related to the worker's industrial injury.

(2) The department may establish treatment and utilization standards for chiropractic treatment in consultation with representatives of the chiropractic profession. The standards, if any, may be developed in conjunction with the department of health. The standards should include some or all of the following:

(a) Standards designed to assure quality treatment and to maximize recovery from the industrial injury;

(b) Standards designed to contain costs, consistent with assured access to medically necessary treatment;

(c) Standards that permit review of an injured worker's progress toward recovery after a stated number of chiropractic treatments. The standards may require review of chiropractic treatment based on a specified number of treatments, but the standards may not require termination of treatment based solely on the number of treatments;

(d) Standards for requesting consultation with chiropractors by the department or other health services providers on the necessity or appropriateness of chiropractic care or other subjects within the chiropractic scope of practice.

Sec. 4. RCW 51.32.112 and 1988 c 114 s 2 are each amended to read as follows:

(1) The department shall develop standards for the conduct of special medical examinations to determine permanent disabilities, including, but not limited to:

(a) The qualifications of persons conducting the examinations;

(b) The criteria for conducting the examinations, including guidelines for the appropriate treatment of injured workers during the examination; and

(c) The content of examination reports.

(2) Within the appropriate scope of practice, chiropractors licensed under chapter 18.25 RCW may conduct special medical examinations to determine permanent disabilities in consultation with physicians licensed under chapter 18.57 or 18.71 RCW. The department, in its discretion, may request that a special medical examination be conducted by a single chiropractor if the department determines that the sole issues involved in the examination are within the scope of practice under chapter 18.25 RCW. However, nothing in this section authorizes the use as evidence before the board of a chiropractor's determination of the extent of a worker's permanent disability if the determination is not requested by the department.

(3) The department shall investigate the amount of examination fees received by persons conducting special medical examinations to determine permanent disabilities, including total compensation received for examinations of department and self-insured claimants, and establish compensation guidelines and compensation reporting criteria.

~~((3))~~ (4) The department shall investigate the level of compliance of self-insurers with the requirement of full reporting of claims information to the department, particularly with respect to medical examinations, and develop effective enforcement procedures or recommendations for legislation if needed.

Sec. 5. RCW 51.36.100 and 1986 c 200 s 1 are each amended to read as follows:

The legislature finds and declares it to be in the public interest of the residents of the state of Washington that a proper regulatory and inspection program be instituted in connection with the provision of medical, chiropractic, dental, vocational, and other health services to industrially injured workers pursuant to Title 51 RCW. In order to effectively accomplish such purpose and to assure that the industrially injured worker receives such services as are paid for by the state of Washington, the acceptance by the industrially injured worker of such services, and the request by a provider of services for reimbursement for providing such services, shall authorize the director of the department of labor and industries or the director's authorized representative to inspect and audit all records in connection with the provision of such services.

Sec. 6. RCW 51.36.110 and 1986 c 200 s 2 are each amended to read as follows:

The director of the department of labor and industries or the director's authorized representative shall have the authority to:

(1) Conduct audits and investigations of providers of medical, chiropractic, dental, vocational, and other health services furnished to industrially injured workers pursuant to Title 51 RCW. In the conduct of such audits or investigations, the director or the director's authorized representatives may examine all records, or portions thereof, including patient records, for which services were rendered by a health services provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport to make such records privileged or confidential: PROVIDED, That no original patient records shall be removed from the premises of the health services provider, and that the disclosure of any records or information obtained under authority of this section by the department of labor and industries is prohibited and constitutes a violation of RCW 42.22.040, unless such disclosure is directly connected to the official duties of the department: AND PROVIDED FURTHER, That the disclosure of patient information as required under this section shall not subject any physician or other health services provider to any liability for breach of any confidential relationships between the provider and the patient: AND PROVIDED FURTHER, That the director or the director's authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(2) Approve or deny applications to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; and

(3) Terminate or suspend eligibility to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW.", and the same are herewith transmitted.

ALAN THOMPSON, Chief Clerk

POINT OF ORDER

Senator Wojahn: "A point of order, Mr. President. I believe this particular amendment to the Senate Bill expands the scope and object of this particular bill. In the first place, it requires that chiropractors do disability rating exams that determine personal permanent disability awards and pensions which expands what they are able to do now and, also, it prohibits the department from adopting standards that terminate chiropractic treatments based on the number of chiropractic treatments. The third thing that it does, it authorizes the department to develop treatment and utilization standards, but only in consultation with the chiropractic profession, which vastly expands the scope of this bill."

There being no objection, the President deferred further consideration of Substitute Senate Bill No. 5736.

MESSAGE FROM THE HOUSE

April 9, 1993

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5799 with the following amendment(s):

This subsection does not apply to suits or actions for the collection or compensation for services performed prior to the effective date of this section.

NEW SECTION. Sec. 6. (1) Application for a mortgage broker license under this chapter shall be in writing and in the form prescribed by the director. Unless waived by the director, the application shall contain at least the following information:

(a) The name, address, date of birth, and social security number of the applicant, and any other names, dates of birth, or social security numbers previously used by the applicant;

(e) Submission of a complete set of fingerprints taken by an authorized law enforcement officer; and

(f) Such other information regarding the applicant's background, financial responsibility, experience, character, and general fitness as the director may require by rule.

(2) At the time of filing an application for a license under this chapter, each applicant shall pay to the director the appropriate license fee in an amount determined by rule of the director in accordance with RCW 43.24.086 to be sufficient to cover, but not exceed, the department's costs in administering this chapter. The director shall deposit the moneys in the mortgage broker fund created under section 19 of this act.

(3)(a) Each applicant for a mortgage broker's license shall file and maintain a surety bond, in an amount of forty thousand dollars or such lower amount the director deems adequate to protect the public interest, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond shall not be liable for any penalties imposed on the licensee, including, but not limited to, any increased damages or attorneys' fees, or both, awarded under RCW 19.86.090. The applicant may obtain the bond directly from the surety or through a group bonding arrangement involving a professional organization comprised of mortgage brokers if the arrangement provides at least as much coverage as is required under this subsection.

(b) In lieu of a surety bond, the applicant may, upon approval by the director, file with the director a certificate of deposit, an irrevocable letter of credit, or such other instrument as approved by the director by rule, drawn in favor of the director for an amount equal to the required bond.

(c) In lieu of the surety bond or compliance with (b) of this subsection, an applicant may obtain insurance or coverage from an association comprised of mortgage brokers that is organized as a mutual corporation for the sole purpose of insuring or self-insuring claims that may arise from a violation of this chapter. An applicant may only substitute coverage under this subsection for the requirements of (a) or (b) of this subsection if the director, with the consent of the insurance commissioner, has authorized such association to organize a mutual corporation under such terms and conditions as may be imposed by the director to ensure that the corporation is operated in a financially responsible manner to pay any claims within the financial responsibility limits specified in (a) of this subsection.

NEW SECTION. Sec. 7. (1) The director shall issue and deliver a mortgage broker license to an applicant if, after investigation, the director makes the following findings:

(f) The applicant has demonstrated financial responsibility, character, and general fitness such as to command the confidence of the community and to warrant a belief that the business will be operated honestly, fairly, and efficiently within the purposes of this chapter.

(2) If the director does not find the conditions of subsection (1) of this section have been met, the director shall not issue the license. The director shall notify the applicant of the denial and return to the applicant the bond or approved alternative and any remaining portion of the license fee that exceeds the departments actual cost to investigate the license.

(3) The director may delay the effective date of section 5 of this act for an additional thirty days with respect to an applicant for a mortgage broker license for the purpose of processing the application when the applicant has filed a completed application by October 31, 1993.

(4) A license issued pursuant to this chapter is valid from the date of issuance.

(5) A licensee may surrender a license by delivering to the director written notice of surrender, but the surrender does not affect the licensee's civil or criminal liability arising from acts or omissions occurring before such surrender.

NEW SECTION. Sec. 8. (1) The director shall enforce all laws and rules relating to the licensing of mortgage brokers, grant or deny licenses to mortgage brokers, and hold hearings. The director may impose any one or more of the following sanctions: Suspend or revoke licenses, deny applications for licenses, or fine violators under this chapter. In addition, the director may issue an order directing a licensee or person subject to this chapter to cease and desist from conducting business in a manner that is injurious to the public or violates any provision of this chapter.

(2) The director may take those actions specified in subsection (1) of this section if the director finds any of the following:

(b) The licensee or person subject to this chapter has violated any provision of this chapter or a rule adopted under this chapter; or

(c) The licensee made false statements on the application or omitted material information that, if known, would have allowed the director to deny the application for the original license.

(3) The director shall establish by rule standards for licensure of applicants licensed in other jurisdictions.

NEW SECTION. Sec. 9. In accordance with the administrative procedure act, chapter 34.05 RCW, the director may issue rules to govern the activities of licensed mortgage brokers consistent with this chapter.

For that purpose the director and designated representatives shall have free access to the offices and places of business, books, accounts, papers, records, files, safes, and vaults of all such persons. The director or designated person may require the attendance of and examine under oath all persons whose testimony may be required about the loans or the business or subject matter of any such investigation.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5407 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70.94.650 and 1991 c 199 s 408 are each amended to read as follows:

(1) Any person who proposes to set fires in the course of

(a) weed abatement,

(b) instruction in methods of fire fighting (~~((except forest fires))~~), except forest fire training, or

(c) agricultural activities(;) shall(~~(-prior to carrying out the same;)~~) obtain a permit from an air pollution control authority (~~(or)~~)the department of ecology, (as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660) or a local entity delegated permitting authority under RCW 70.94.654. General permit criteria of state-wide applicability (~~(for ruling on such permits)~~) shall be established by the department, by rule, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both. All permits (~~(so issued)~~) shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise in which the applicant is engaged, or both. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses, or other approvals required by any other law. An application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, weed abatement or development of physiological conditions conducive to increased crop yield, shall be acted upon within seven days from the date such application is filed. The department of ecology and local air authorities shall provide convenient methods for issuance and oversight of agricultural burning permits. The department and local air authorities shall, through agreement, work with counties and cities to provide convenient methods for granting permission for agricultural burning, including telephone, facsimile transmission, issuance from local city or county offices, or other methods.

(2) (~~(Except as provided in RCW 70.94.780)~~) Permit fees shall be assessed for (outdoor) burning under this section and shall be collected by the department of ecology ((or)) the appropriate local air authority, or a local entity delegated permitting authority pursuant to RCW 70.94.654 at the time the permit is issued. All fees collected shall be deposited in the air pollution control account created in RCW 70.94.015, except for that portion of the fee necessary to cover local costs of administering a permit issued under this section. Fees shall be set by rule by the permitting agency at the level determined by the task force created by subsection (4) of this section, but shall not exceed two dollars and fifty cents per acre to be burned. After fees are established by rule, any increases in such fees shall be limited to annual inflation adjustments as determined by the state office of the economic and revenue forecast council.

(3) Conservation districts and the Washington State University agricultural extension program in conjunction with the department shall develop public education material for the agricultural community identifying the health and environmental (~~(affects effects))~~ effects of agricultural outdoor burning and providing technical assistance in alternatives to agricultural outdoor burning.

(4) An agricultural burning practices and research task force shall be established under the direction of the department. The task force shall be composed of a representative from the department who shall serve as chair; one representative of eastern Washington local air authorities; three representatives of the agricultural community from different agricultural pursuits; one representative of the department of agriculture; two representatives from universities or colleges knowledgeable in agricultural issues; one representative of the public health or medical community; and one representative of the conservation districts. The task force shall identify best management practices for reducing air contaminant emissions from agricultural activities and provide such information to the department and local air authorities. The task force shall determine the level of fees to be assessed by the permitting agency pursuant to subsection (2) of this section, based upon the level necessary to cover the costs of administering and enforcing the permit programs, to provide funds for research into alternative methods to reduce emissions from such burning, and to the extent possible be consistent with fees charged for such burning permits in neighboring states. The fee level shall provide, to the extent possible, for lesser fees for permittees who use best management practices to minimize air contaminant emissions. The task force shall identify research needs related to minimizing emissions from agricultural burning and alternatives to such burning. Further, the task force shall make recommendations to the department on priorities for spending funds provided through this chapter for research into alternative methods to reduce emissions from agricultural burning.

Sec. 2. RCW 70.94.654 and 1991 c 199 s 409 are each amended to read as follows:

(1) Whenever the department of ecology shall find that any fire protection agency, county, or conservation district which is outside the jurisdictional boundaries of an activated air pollution control authority is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650 and desirous of doing so, the department of ecology may delegate powers necessary for the issuance or enforcement, or both, of permits for any or all of the kinds of burning to the fire protection agency, county, or conservation district. Such delegation may be withdrawn by the department of ecology upon its finding that the fire protection agency, county, or conservation district is not effectively administering the permit program.

(2) A local air authority may delegate authority to issue and enforce permits for burning under RCW 70.94.650 to any fire protection agency, county, or conservation district within the jurisdictional boundaries of the local air authority. A local air authority may withdraw delegation if the local air authority finds that the fire protection agency, county, or conservation district is not effectively administering the permit program.", and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 17, 1993

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5963 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.05.010 and 1969 ex.s. c 39 s 1 are each amended to read as follows:

The legislature finds that ((anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions)) solutions to state highway deficiencies have become increasingly complex and diverse and that anticipated transportation revenues will fall substantially short of the amount required to satisfy all transportation needs. Difficult investment trade-offs will be required.

It is the intent of the legislature that investment of state transportation funds to address deficiencies on the state highway system be based on a policy of priority programming having as its basis the rational selection of projects and services according to factual need and an evaluation of life cycle costs and benefits and which are systematically scheduled to carry out defined objectives within available revenue.

The priority programming system shall ensure preservation of the existing state highway system, provide mobility for people and goods, support the state's economy, and promote environmental protection and energy conservation.

The priority programming system shall implement the state-owned highway component of the state-wide multimodal transportation plan, consistent with local and regional transportation plans, by targeting state transportation investment to appropriate multimodal solutions which address identified state highway system deficiencies.

The priority programming system for improvements shall incorporate a broad range of solutions that are identified in the state-wide multimodal transportation plan as appropriate to address state highway system deficiencies including but not limited to highway expansion, efficiency improvements, nonmotorized transportation facilities, high occupancy vehicle facilities, transit facilities and services, rail facilities and services, and transportation demand management programs.

Sec. 2. RCW 47.05.021 and 1987 c 505 s 50 are each amended to read as follows:

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) ~~((Those state highways which perform no arterial or collector function, which serve only local access functions, and which lack essential state highway characteristics shall be designated "local access" highways.~~

~~(3))~~ In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

- (b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
- (c) Feasibility of the route, including availability of alternate routes within and without the state;
- (d) Directness of travel and distance between points of economic importance;
- (e) Length of trips;
- (f) Character and volume of traffic;
- (g) Preferential consideration for multiple service which shall include public transportation;
- (h) Reasonable spacing depending upon population density; and
- (i) System continuity.

(3) The transportation commission shall designate a system of state highways that have state-wide significance. This state-wide system shall include interstate highways and other state-wide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This state-wide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods. The first report is due by December 15, 1993, and biennially thereafter.

Sec. 3. RCW 47.05.030 and 1987 c 179 s 2 are each amended to read as follows:

The transportation commission shall adopt ((and periodically revise, after consultation with the legislative transportation committee,)) a comprehensive six-year ((program and financial plan for highway improvements specifying program objectives for each of the highway categories, "A," "B," "C," and "H," defined in this section, and within the framework of estimated funds for such period. The program and plan shall be based upon the improvement needs for state highways as determined by the department from time to time.

With such reasonable deviations as may be required to effectively utilize the estimated funds and to adjust to unanticipated delays in programmed projects, the commission shall allocate the estimated funds among the following described categories of highway improvements, so as to carry out the commission's program objectives:

(1) Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations, and improvements designated in subsections (2) through (4) of this section).

(2) Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

(3) Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network.

(4) Category H shall consist of those improvements necessary to sustain the structural and operational integrity of existing bridges on the highway system (other than bridges on the interstate system or bridge work included in another category because of its association with a highway project in such category).

Projects which are financed one hundred percent by federal funds or other agency funds shall, if the commission determines that such work will improve the state highway system, be managed separately from the above categories)) investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The needs analysis process shall ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program shall be revised biennially, effective on July 1st of odd-numbered years. The investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program shall consist of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The comprehensive six-year investment program for preservation shall identify projects for two years and an investment plan for the remaining four years.

(2) The improvement program shall consist of investments needed to address identified deficiencies on the state highway system to improve mobility, safety, support for the economy, and protection of the environment. The six-year investment program for improvements shall identify projects for two years and major deficiencies proposed to be addressed in the six-year period giving consideration to relative benefits and life cycle costing.

The transportation commission shall approve and present the comprehensive six-year investment program to the legislature in support of the biennial budget request under RCW 44.40.070 and 44.40.080.

Sec. 4. RCW 47.05.035 and 1987 c 179 s 3 are each amended to read as follows:

((1) The transportation commission, in preparing the comprehensive six-year program and financial plan for highway improvements, shall allocate the estimated funds among categories A, B, C, and H)) In developing program objectives and performance measures, the transportation commission shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the commission shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

The commission shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

((a)) (1) The relative needs in each of the ((categories of improvements)) programs and the system performance levels that can be achieved by meeting these needs;

((b)) (2) The need to provide adequate funding for ((category A improvements)) preservation to protect the state's investment in its existing highway system;

((c)) (3) The continuity of future ((highway)) transportation development ((of all categories of improvements)) with those improvements previously programmed; and

~~((d)) (4) The availability of ((special categories of federal)) dedicated funds for a specific type of work.
((2) The commission in preparing the comprehensive six-year program and financial plan shall establish program objectives for each of the highway categories, A, B, C, and H.)~~

Sec. 5. RCW 47.05.051 and 1987 c 179 s 5 are each amended to read as follows:

~~((4)) The comprehensive six-year investment program ((and financial plan for each category of highway improvements)) shall be based upon ((a)) the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3) and priority selection ((system within the program objectives established for each category-- The commission using the criteria set forth in RCW 47.05.030, as now or hereafter amended, shall determine the category of each highway improvement.~~

~~(1) Priority programming for the preservation program shall take into account the ((criteria set forth in subsection (4) of this section.~~

~~(3) Selection of specific category B projects for the six-year program shall be based on commission established priorities for completion and preservation of the interstate system.~~

~~(4) In selecting each category A and H project as provided in subsection (2) of this section, the following criteria (i) following, not necessarily in order of importance (i) shall be taken into consideration:~~

~~(a) Its);~~

~~(a) Extending the service life of the existing highway system;~~

~~(b) Ensuring the structural ability to carry loads imposed upon ((it)) highways and bridges;~~

~~((b) Its capacity to move traffic at reasonable speeds without undue congestion;~~

~~(e) Its fatal accident experience.~~

~~(5)) and~~

~~(c) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select ((category A, B, and H improvements)) preservation projects to be included in the six-year program.~~

~~((6) Selection of specific category C projects for the six-year program shall be based on the priority of each highway section proposed to be improved in relation to other highway sections within the state with full regard to the structural, geometric, safety, and operational adequacy of the existing highway section taking into account the following:~~

(4) "Victim impact statement" means a statement submitted to the court by the victim or a survivor, individually or with the assistance of the prosecuting attorney if assistance is requested by the victim or survivor, which may include but is not limited to information assessing the financial, medical, social, and psychological impact of the offense upon the victim or survivors.

~~((9))~~ (10) With respect to victims of violent and sex crimes, to have a crime victim advocate from a crime victim/witness program present at any prosecutorial or defense interviews with the victim. (4) "Witness" means a person who has been or is expected to be summoned to testify for the prosecution in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness for the prosecution, whether or not an action or proceeding has been commenced.

(5) "Family member" means child, parent, or legal guardian.

(6) "Advocate" means any person, including a family member not accused of a crime, who provides support to a child victim or child witness during any legal proceeding.

(7) "Court proceedings" means any court proceeding conducted during the course of the prosecution of a crime committed against a child victim, including pretrial hearings, trial, sentencing, or appellate proceedings.

(8) "Identifying information" means the child's name, address, location, and photograph, and in cases in which the child is a relative or stepchild of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator.

(9) "Crime victim/witness program" means any crime victim and witness program of a county or local law enforcement agency or prosecutor's office, any rape crisis center's sexual assault victim advocacy program as provided in chapter 70.125 RCW, any domestic violence program's legal and community advocate program for domestic violence victims as provided in chapter 70.123 RCW, or any other crime victim advocacy program which provides trained advocates to assist crime victims during the investigation and prosecution of the crime.

Sec. 7. RCW 7.69A.030 and 1985 c 394 s 3 are each amended to read as follows:

In addition to the rights of victims and witnesses provided for in RCW 7.69.030, there shall be every reasonable effort made by law enforcement agencies, prosecutors, and judges to assure that child victims and witnesses are afforded the rights enumerated in this section. The enumeration of rights shall not be construed to create substantive rights and duties, and the

application of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Child victims and witnesses have the following rights:

(1) To have explained in language easily understood by the child, all legal proceedings and/or police investigations in which the child may be involved.

(2) With respect to child victims of sex or violent crimes or child abuse, to have a crime victim advocate from a crime victim/witness program present at any prosecutorial or defense interviews with the child victim. This subsection applies if practical and if the presence of the crime victim advocate does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate is to provide emotional support to the child victim and to promote the child's feelings of security and safety.

(3) To be provided, whenever possible, a secure waiting area during court proceedings and to have an advocate or support person remain with the child prior to and during any court proceedings.

~~((3))~~ (4) To not have the names, addresses, nor photographs of the living child victim or witness disclosed by any law enforcement agency, prosecutor's office, or state agency without the permission of the child victim, child witness, parents, or legal guardians to anyone except another law enforcement agency, prosecutor, defense counsel, or private or governmental agency that provides services to the child victim or witness.

~~((4))~~ (5) To allow an advocate to make recommendations to the prosecuting attorney about the ability of the child to cooperate with prosecution and the potential effect of the proceedings on the child.

~~((5))~~ (6) To allow an advocate to provide information to the court concerning the child's ability to understand the nature of the proceedings.

~~((6))~~ (7) To be provided information or appropriate referrals to social service agencies to assist the child and/or the child's family with the emotional impact of the crime, the subsequent investigation, and judicial proceedings in which the child is involved.

~~((7))~~ (8) To allow an advocate to be present in court while the child testifies in order to provide emotional support to the child.

~~((8))~~ (9) To provide information to the court as to the need for the presence of other supportive persons at the court proceedings while the child testifies in order to promote the child's feelings of security and safety.

~~((9))~~ (10) To allow law enforcement agencies the opportunity to enlist the assistance of other professional personnel such as child protection services, victim advocates or prosecutorial staff trained in the interviewing of the child victim.

(11) With respect to child victims of violent or sex crimes or child abuse, to receive either directly or through the child's parent or guardian if appropriate, at the time of reporting the crime to law enforcement officials, a written statement of the rights of child victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county."

Renumber the remaining sections consecutively and correct any internal references accordingly., and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 18, 1993

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5502 with the following amendment(s):

On page 1, strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the extraction of minerals through surface mining has historically included regulatory involvement by both state and local governments.

It is the intent of the legislature to clarify that surface mining is an appropriate land use, subject to reclamation authority exercised by the department of natural resources and land use and operation regulatory authority by counties, cities, and towns.

Sec. 2. RCW 78.44.010 and 1970 ex.s. c 64 s 2 are each amended to read as follows:

The legislature recognizes that the extraction of minerals by surface mining is ~~((a basic and))~~ an essential activity making an important contribution to the economic well-being of the state and nation. ~~((At the same time, proper reclamation of surface))~~ It is not possible to extract minerals without producing some environmental impacts. At the same time, comprehensive regulation of mining and thorough reclamation of mined lands is necessary to prevent ~~((undesirable land and water))~~ or mitigate conditions that would be detrimental to the environment and to protect the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. ~~((It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the mined and reclaimed land.))~~ Therefore, the legislature finds that a balance between appropriate environmental regulation and the production and conservation of minerals is in the best interests of the citizens of the state.

Sec. 3. RCW 78.44.020 and 1970 ex.s. c 64 s 3 are each amended to read as follows:

The purposes ~~of~~ of this chapter ~~((is))~~ are to:

(1) Provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and ~~((restoration. It is a further purpose of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect))~~ reclamation at the earliest opportunity following completion of surface mining;

(2) Provide for the greatest practical degree of state-wide consistency in the regulation of surface mines;

(3) Apportion regulatory authority between state and local governments in order to minimize redundant regulation of mining;

(4) Ensure that reclamation is consistent with local land use plans; and

(5) Ensure the power of local government to regulate land use and operations pursuant to section 16 of this act.

NEW SECTION. Sec. 4. DEFINITIONS. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Approved subsequent use" means the post surface-mining land use contained in an approved reclamation plan and approved by the local land use authority.

(2) "Completion of surface mining" means the cessation of mining and directly related activities in any segment of a surface mine that occurs when essentially all minerals that can be taken under the terms of the reclamation permit have been depleted except minerals required to accomplish reclamation according to the approved reclamation plan.

(3) "Department" means the department of natural resources.

(4) "Determination" means any action by the department including permit issuance, reporting, reclamation plan approval or modification, permit transfers, orders, fines, or refusal to issue permits.

(5) "Disturbed area" means any place where activities clearly in preparation for, or during, surface mining have physically disrupted, covered, compacted, moved, or otherwise altered the characteristics of soil, bedrock, vegetation, or topography that existed prior to such activity. Disturbed areas may include but are not limited to: Working faces, water bodies created by mine-related excavation, pit floors, the land beneath processing plant and stock pile sites, spoil pile sites, and equipment staging areas.

Disturbed areas do not include:

(a) Surface mine access roads unless these have characteristics of topography, drainage, slope stability, or ownership that, in the opinion of the department, make reclamation necessary; and

(b) Lands that have been reclaimed to all standards outlined in this chapter, rules of the department, any applicable SEPA document, and the approved reclamation plan.

(6) "Miner" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, including every public or governmental agency engaged in mining from the surface.

(7) "Minerals" means clay, coal, gravel, industrial minerals, metallic substances, peat, sand, stone, topsoil, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction use.

(8) "Operations" means all mine-related activities, exclusive of reclamation, that include, but are not limited to activities that affect noise generation, air quality, surface and ground water quality, quantity, and flow, glare, pollution, traffic safety, ground vibrations, and/or significant or substantial impacts commonly regulated under provisions of land use or other permits of local government and local ordinances, or other state laws.

Operations specifically include:

(a) The mining or extraction of rock, stone, gravel, sand, earth, and other minerals;

(b) Blasting, equipment maintenance, sorting, crushing, and loading;

(c) On-site mineral processing including asphalt or concrete batching, concrete recycling, and other aggregate recycling;

(d) Transporting minerals to and from the mine, on site road maintenance, road maintenance for roads used extensively for surface mining activities, traffic safety, and traffic control.

(9) "Overburden" means the earth, rock, soil, and topsoil that lie above mineral deposits.

(10) "Permit holder" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining and/or the operation of surface mines, whether individually, jointly, or through subsidiaries, agents, employees, operators, or contractors who holds a state reclamation permit.

(11) "Reclamation" means rehabilitation for the appropriate future use of disturbed areas resulting from surface mining including areas under associated mineral processing equipment and areas under stockpiled materials. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific surface mine, the basic objective shall be to reestablish on a perpetual basis the vegetative cover, soil stability, and water conditions appropriate to the approved subsequent use of the surface mine and to prevent or mitigate future environmental degradation.

(12) "Reclamation setbacks" include those lands along the margins of surface mines wherein minerals and overburden shall be preserved in sufficient volumes to accomplish reclamation according to the approved plan and the minimum reclamation standards. Maintenance of reclamation setbacks may not preclude other mine-related activities within the reclamation setback.

(13) "Recycling" means the reuse of minerals or rock products.

(14) "Screening" consists of vegetation, berms or other topography, fencing, and/or other screens that may be required to mitigate impacts of surface mining on adjacent properties and/or the environment.

(15) "Segment" means any portion of the surface mine that, in the opinion of the department:

(a) Has characteristics of topography, drainage, slope stability, ownership, mining development, or mineral distribution, that make reclamation necessary;

(b) Is not in use as part of surface mining and/or related activities; and

(c) Is larger than seven acres and has more than five hundred linear feet of working face except as provided in a segmental reclamation agreement approved by the department.

(16) "SEPA" means the state environmental policy act, chapter 43.21C RCW and rules adopted thereunder.

(17)(a) "Surface mine" means any area or areas in close proximity to each other, as determined by the department, where extraction of minerals from the surface results in:

(i) More than three acres of disturbed area;

(ii) Mined slopes greater than thirty feet high and steeper than 1.0 foot horizontal to 1.0 foot vertical; or

(iii) More than one acre of disturbed area within an eight acre area, when the disturbed area results from mineral prospecting or exploration activities.

(b) Surface mines include areas where mineral extraction from the surface occurs by the auger method or by reworking mine refuse or tailings, when these activities exceed the size or height thresholds listed in (a) of this subsection.

(c) Surface mining shall exclude excavations or grading used:

(i) Primarily for on-site construction, on-site road maintenance, or on-site landfill construction;

(ii) For the purpose of public safety or restoring the land following a natural disaster;

(iii) For the purpose of removing stockpiles;

(iv) For forest or farm road construction or maintenance on-site or on contiguous lands;

(v) For sand authorized by RCW 43.51.685; and

(vi) For underground mines.

(18) "Topsoil" means the naturally occurring upper part of a soil profile, including the soil horizon that is rich in humus and capable of supporting vegetation together with other sediments within four vertical feet of the ground surface.

NEW SECTION. Sec. 5. SEGMENTAL RECLAMATION. The permit holder shall reclaim each segment of the mine within two years of completion of surface mining on that segment except as provided in a segmental reclamation agreement approved in writing by the department. The primary objective of a segmental reclamation agreement should be to enhance final reclamation.

Sec. 6. RCW 78.44.040 and 1984 c 215 s 2 are each amended to read as follows:

The department of natural resources is charged with the administration of reclamation under this chapter. In order to implement ~~((the chapter's terms and provisions))~~ and enforce this chapter, the department, under the ~~((provisions of the))~~ administrative procedure act (chapter 34.05 RCW), ~~((as now or hereafter amended,))~~ may from time to time ~~((promulgate))~~ adopt those rules ~~((and regulations))~~ necessary to carry out the purposes of this chapter.

Sec. 7. RCW 78.44.050 and 1970 ex.s. c 64 s 6 are each amended to read as follows:

The department shall have the exclusive authority to regulate surface mine reclamation except that, by contractual agreement, the department may delegate some or all of its enforcement authority to a county, city, or town. All counties, cities, or towns shall have the authority to zone surface mines and adopt ordinances regulating operations pursuant to section 16 of this act, except that county, city, or town operations ordinances may be preempted by the department during the emergencies outlined in section 27 of this act and related rules.

This chapter shall not ~~((affect))~~ alter or preempt any ~~((of the))~~ provisions of the state fisheries laws (Title 75 RCW), the state water allocation and use laws (chapters 90.03 and 90.44 RCW), the state water pollution control laws ~~((Title 90))~~ chapter 90.48 RCW, the state ~~((game))~~ wildlife laws (Title 77 RCW), ~~((or any other state laws, and shall be cumulative and nonexclusive))~~ state noise laws or air quality laws (Title 70 RCW), shoreline management (chapter 90.58 RCW), the state environmental policy act (chapter 43.21C RCW), state growth management (chapter 36.70A RCW), state drinking water laws (chapters 43.20 and 70.119A RCW), or any other state statutes.

Sec. 8. RCW 78.44.060 and 1970 ex.s. c 64 s 7 are each amended to read as follows:

The department shall have the authority to conduct ~~((or))~~, authorize, and/or participate in investigations, research, experiments, and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands.

Sec. 9. RCW 78.44.070 and 1970 ex.s. c 64 s 8 are each amended to read as follows:

The department may cooperate with other governmental and private agencies ~~((in this state and other states))~~ and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060.

NEW SECTION. Sec. 10. SURFACE MINING RECLAMATION ACCOUNT. The surface mining reclamation account is created in the state treasury. Annual mining fees, funds received by the department from state, local, or federal agencies for research purposes, as well as other mine-related funds and fines received by the department shall be deposited into this account. The surface mine reclamation account may be used by the department only to:

- (1) Administer its regulatory program pursuant to this chapter;
- (2) Undertake research relating to surface mine regulation, reclamation of surface mine lands, and related issues; and
- (3) Cover costs arising from appeals from determinations made under this chapter.

Fines, interest, and other penalties collected by the department under the provisions of this chapter shall be used to reclaim surface mines abandoned prior to 1971.

NEW SECTION. Sec. 11. RECLAMATION PERMITS REQUIRED--APPLICATIONS. After July 1, 1993, no miner or permit holder may engage in surface mining without having first obtained a reclamation permit from the department. Operating permits issued by the department between January 1, 1971, and June 30, 1993, shall be considered reclamation permits provided such permits substantially meet the protections, mitigations, and reclamation goals of sections 12 and 20 of this act within five years after the effective date of this section. State agencies and local government shall be exempt from this time limit for inactive sites. Prior to the use of an inactive site, the reclamation plan must be brought up to current standards. A separate permit shall be required for each noncontiguous surface mine. The reclamation permit shall consist of the permit forms and any exhibits attached thereto. The permit holder shall comply with the provisions of the reclamation permit unless waived and explained in writing by the department.

Prior to receiving a reclamation permit, an applicant must submit an application on forms provided by the department that shall contain the following information and shall be considered part of the reclamation permit:

- (1) Name and address of the legal landowner, or purchaser of the land under a real estate contract;

(2) The name of the applicant and, if the applicants are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;

(3) A reasonably accurate description of the minerals to be surface mined;

(4) Type of surface mining to be performed;

(5) Estimated starting date, date of completion, and date of completed reclamation of surface mining;

(6) Size and legal description of the permit area and maximum lateral and vertical extent of the disturbed area;

(7) Expected area to be disturbed by surface mining during (a) the next twelve months, and (b) the following twenty-four months;

(8) Any applicable SEPA documents; and

(9) Other pertinent data as required by the department.

The reclamation permit shall be granted for the period required to deplete essentially all minerals identified in the reclamation permit on the land covered by the reclamation plan. The reclamation permit shall be valid until the reclamation is complete unless the permit is canceled by the department.

NEW SECTION. Sec. 12. RECLAMATION PLANS. An applicant shall provide a reclamation plan and copies acceptable to the department prior to obtaining a reclamation permit. The department shall have the sole authority to approve reclamation plans. Reclamation plans or modified reclamation plans submitted to the department after June 30, 1993, shall meet or exceed the minimum reclamation standards set forth in this chapter and by the department in rule. Each applicant shall also supply copies of the proposed plans and final reclamation plan approved by the department to the county, city, or town in which the mine will be located. The department shall solicit comment from local government prior to approving a reclamation plan. The reclamation plan shall include:

(1) A written narrative describing the proposed mining and reclamation scheme with:

(a) A statement of a proposed subsequent use of the land after reclamation that is consistent with the local land use designation. Approval of the reclamation plan shall not vest the proposed subsequent use of the land;

(b) If the permit holder is not the sole landowner, a copy of the conveyance or a written statement that expressly grants or reserves the right to extract minerals by surface mining methods;

(c) A simple and accurate legal description of the permit area and disturbed areas;

(d) The maximum depth of mining;

(e) A reasonably accurate description of the minerals to be mined;

(f) A description of the method of mining;

(g) A description of the sequence of mining that will provide, within limits of normal procedures of the industry, for completion of surface mining and associated disturbance on each portion of the permit area so that reclamation can be initiated at the earliest possible time on each segment of the mine;

(h) A schedule for progressive reclamation of each segment of the mine;

(i) Where mining on flood plains or in river or stream channels is contemplated, a thoroughly documented hydrogeologic evaluation that will outline measures that would protect against or would mitigate avulsion and erosion as determined by the department;

(j) Where mining is contemplated within critical aquifer recharge areas, special protection areas as defined by chapter 90.48 RCW and implementing rules, public water supply watersheds, sole source aquifers, wellhead protection areas, and designated aquifer protection areas as set forth in chapter 36.36 RCW, a thoroughly documented hydrogeologic analysis of the reclamation plan may be required; and

(k) Additional information as required by the department including but not limited to: The positions of reclamation setbacks and screening, conservation of topsoil, interim reclamation, revegetation, postmining erosion control, drainage control, slope stability, disposal of mine wastes, control of fill material, development of wetlands, ponds, lakes, and impoundments, and rehabilitation of topography.

(2) Maps of the surface mine showing:

(a) All applicable data required in the narrative portion of the reclamation plan;

(b) Existing topographic contours;

(c) Contours depicting specifications for surface gradient restoration appropriate to the proposed subsequent use of the land and meeting the minimum reclamation standards;

(d) Locations and names of all roads, railroads, and utility lines on or adjacent to the area;

(e) Locations and types of proposed access roads to be built in conjunction with the surface mining;

(f) Detailed and accurate boundaries of the permit area, screening, reclamation setbacks, and maximum extent of the disturbed area; and

(g) Estimated depth to ground water and the locations of surface water bodies and wetlands both prior to and after mining.

(3) At least two cross sections of the mine including all applicable data required in the narrative and map portions of the reclamation plan.

(4) Evidence that the proposed surface mine has been approved under local zoning and land use regulations.

(5) Written approval of the reclamation plan by the landowner for mines permitted after June 30, 1993.

(6) Other supporting data and documents regarding the surface mine as reasonably required by the department.

If the department refuses to approve a reclamation plan in the form submitted by an applicant or permit holder, it shall notify the applicant or permit holder stating the reasons for its determination and describe such additional requirements to the applicant or permit holder's reclamation plan as are necessary for the approval of the plan by the department. If the department refuses to approve a complete reclamation plan within one hundred twenty days, the miner or permit holder may appeal this determination under the provisions of this chapter.

Only insignificant deviations may occur from the approved reclamation plan without prior written approval by the department for the proposed change.

The department retains the authority to require that the reclamation plan be updated to the satisfaction of the department at least every ten years.

NEW SECTION. Sec. 13. JOINT RECLAMATION PLANS. Where two or more surface mines join along a common boundary, the department may require submission of a joint reclamation plan in order to provide for optimum reclamation or to avoid waste of mineral resources. Such joint reclamation plans may be in the form of a single collaborative plan submitted by all affected permit holders or as individual reclamation plans in which the schedule of reclamation, finished contours, and revegetation match reclamation plans of adjacent permit holders.

NEW SECTION. Sec. 14. FEES. (1) An applicant for a public or private reclamation permit shall pay an application fee to the department before being granted a surface mining permit. The amount of the application fee shall be six hundred fifty dollars.

(2) After June 30, 1993, each public or private permit holder shall pay an annual permit fee of six hundred fifty dollars. The annual permit fee shall be payable to the department on the first anniversary of the permit date and each year thereafter. Annual fees paid by a county for small mines used exclusively for public works projects shall be paid on those small mines from which the county elects to extract minerals in the next calendar year and shall not exceed one thousand dollars.

(3) After July 1, 1995, the department may modify annual permit fees by rule if:

(a) The total annual permit fees are reasonably related to the approximate costs of administering the department's surface mining regulatory program;

(b) The annual fee does not exceed five thousand dollars; and

(c) The mines are small mines in remote areas that are used primarily for public service, then lower annual permit fees may be established.

(4) Appeals from any determination of the department shall not stay the requirement to pay any annual permit fee. Failure to pay the annual fee may constitute grounds for an order to suspend surface mining or cancellation of the reclamation permit as provided in this chapter.

(5) All fees collected by the department shall be deposited into the surface mining reclamation account.

(6) If the department delegates enforcement responsibilities to a county, city, or town, the department may allocate funds collected under this section to such county, city, or town.

NEW SECTION. Sec. 15. PERFORMANCE SECURITY. The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to post performance security nor shall a permit holder be required to post surface mining performance security with more than one state, local, or federal agency.

This performance security may be:

(1) Bank letters of credit acceptable to the department;

(2) A cash deposit;

(3) Negotiable securities acceptable to the department;

(4) An assignment of a savings account;

(5) A savings certificate in a Washington bank on an assignment form prescribed by the department;

(6) Assignments of interests in real property within the state of Washington; or

(7) A corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under Title 48 RCW and authorized by the department.

The performance security shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules adopted under it.

The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and

based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The liability of the surety shall not exceed the amount of security required by this section and the department's reasonable legal fees to recover the security.

Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

No other state agency or local government shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state.

Notwithstanding any other provision of this section, nothing shall preclude the department of ecology from requiring a separate performance security for metallic minerals or uranium surface mines under any authority if any that may be presently vested in the department of ecology relating to such mines.

NEW SECTION. Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:

(1) Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county, city, or town shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in section 4 of this act, shall be established as an allowed use in local development regulations subject to the permit process described in this section.

The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

For purposes of this section, "long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.

(2)(a) Counties, cities, and towns may only regulate surface mining operations by ordinance and only in accordance with the requirements and limitations of this subsection.

(b) Local surface mining operating standards shall:

(i) Address only:

(A) Traffic;

(B) Light emission;

(C) Visual screening;

(D) Noise emission; and

(E) Other significant or substantial mining impacts that are not covered by a subject area of regulation embodied in any other state or federal law, including among others the subject areas pertaining to water allocation, use, and control and fisheries and wildlife habitat set forth in section 19 of this act.

(ii) Be performance-based, objective standards that:

(A) Are directly and proportionately related to limiting surface mining impacts;

(B) Are reasonable and generally capable of being achieved;

(C) Take into account existing and available technologies; and

(D) May be met by any lawful means selected by the applicant or operator that, in the judgment of the county, city, or town, achieve compliance with the standard.

(iii) Limit application and monitoring fees to the amount necessary to pay the costs of administering, processing, monitoring, and enforcing the regulation of surface mining in accordance with this section.

(iv) Except as otherwise provided in this section, implement the ordinance through an operating plan review and approval process. Such approval process shall:

(A) Require submittal of sufficient, complete, and accurate information, as specified by the local ordinance, to allow the decision maker to review the plan for compliance with local standards;

(B) At the option of the county, city, or town, provide for administrative approval subject to appeal or for initial consideration through a public hearing process; and

(C) Require that project-specific conditions or restrictions be based upon written findings of facts demonstrating their need to achieve compliance with local standards.

(v) Subject to subsection (3) of this section, provide that approvals issued will be valid for fifty years.

(3) Operating regulations and amendments thereto adopted pursuant to this section may be applied to lawfully preexisting mining operations only if the local ordinance:

(a) Limits application of subsection (2)(b)(i)(A) of this section relating to traffic to the designation of approved haul routes;

(b) Exempts such preexisting operations from any operating plan review and approval process;

(c) Provides reasonable time periods for compliance with new or amended local operating standards that in no event may be less than one year; and

(d) Includes a variance procedure to allow continuation of existing operations for a nonconforming surface mining operation where strict adherence to a local operating standard would be economically or operationally impractical due to conditions relating to site configuration, topography, or the nature of historic operations.

(4) Nothing in this section precludes a county, city, or town from exercising the express authority delegated to it by a state agency under state law, or from complying with state law when required as a regulated entity.

NEW SECTION. Sec. 17. A surface mining model ordinance advisory committee is hereby created. The committee shall be composed of representatives of local government, state agencies, surface mining interests, and the environmental community. The department of natural resources shall appoint the members of the committee and the department shall staff the committee. This temporary advisory committee shall draft model ordinances for different surface-mining settings and shall assist counties, cities, and towns in developing ordinances. The committee shall complete its work and shall expire by December 31, 1994. Participants on the committee shall pay their own expenses, and the department of natural resources shall fund the department's involvement.

NEW SECTION. Sec. 18. RECLAMATION SETBACKS. Reclamation setbacks shall be as follows unless waived by the department:

(1) The reclamation setback for unconsolidated deposits within mines permitted after June 30, 1993, shall be equal to the maximum anticipated height of the adjacent working face or as determined by the department. Setbacks and buffers may be destroyed as part of final reclamation of each segment if approved by the department.

(2) The minimum reclamation setback for consolidated materials within mines permitted after June 30, 1993, shall be thirty feet or as determined by the department.

(3) An exemption from this section may be granted by the department following a written request. The department may consider submission of a plan for backfilling acceptable to the department, a geotechnical slope-stability study, proof of a dedicated source of fill materials, written approval of contiguous landowners, and other information before granting an exemption.

NEW SECTION. Sec. 19. WATER CONTROL. (1) Water control as regulated by the department shall be limited to those provisions necessary to effect surface mine reclamation and to protect ground and surface water resources after reclamation is complete and shall be consistent with existing water control laws. The department shall solicit recommendations from all agencies with expertise in relevant water control laws when evaluating reclamation plans for surface mines in or near water.

(2) As to surface mining projects, control of surface mine water shall be pursuant to chapter 90.48 RCW; water availability, hydraulic continuity, allocation, and use shall be pursuant to chapters 90.03, 90.44, and 90.54 RCW; regulation of drinking water shall be pursuant to Titles 43 and 70 RCW; and protection of fisheries and wildlife shall be regulated pursuant to Title 75 RCW (fisheries laws) and Title 77 RCW (wildlife laws) as well as chapters 90.03, 90.44, 90.48, and 90.54 RCW, federal storm water regulations, and/or national pollutant discharge elimination system regulations. The department of ecology upon request by a county, city, or town, may consult with the affected parties and incorporate additional site-specific requirements into individual surface mine national pollutant discharge elimination system permits where such requirements are appropriate.

A county, city, or town may regulate the impacts on water through local ordinances and regulations that:

(a) Cover significant or substantial impacts that are not covered by a subject area of regulation embodied in any other state or federal law; or

(b) Implement regulatory and/or enforcement authority that has been expressly authorized to it by a state agency.

NEW SECTION. Sec. 20. RECLAMATION. The need for, and the practicability of, reclamation shall control the type and degree of reclamation in any specific instance. However, the basic objective of reclamation is to reestablish on a continuing basis the vegetative cover, slope stability, water conditions, and safety conditions suitable to the proposed subsequent use consistent with local land use plans for the surface mine site.

Each permit holder shall comply with the minimum reclamation standards in effect on the date the permit was issued and any additional reclamation standards set forth in the approved reclamation plan.

Reclamation activities, particularly those relating to control of erosion and mitigation of impacts of mining to adjacent areas, shall, to the extent feasible, be conducted simultaneously with surface mining, and in any case shall be initiated at the earliest possible time after completion of surface mining on any segment of the permit area.

All reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a reclamation permit is in force.

The department may by contract delegate enforcement of provisions of reclamation plans to counties, cities, and towns. A county, city, or town performing enforcement functions may not impose any additional fees on permit holders.

NEW SECTION. Sec. 21. MINIMUM RECLAMATION STANDARDS. Reclamation of surface mines permitted after June 30, 1993, and reclamation of surface mine segments addressed by reclamation plans modified after June 30, 1994, shall meet the following minimum standards except as waived in writing by the department.

(1) Prior to surface mining, permit holders shall carefully stockpile all topsoil on the site for use in reclamation, or immediately move topsoil to reclaim adjacent segments, except when the approved subsequent use does not require replacing the topsoil. Topsoil needed for reclamation shall not be sold as a mineral nor mixed with sterile soils. Stockpiled materials used as screening shall not be used for reclamation until such time as the appropriate county or municipal government has given its approval.

(2) The department may require that clearly visible, permanent monuments delineating the permit boundaries and maximum extent of the disturbed area be set at appropriate places around the mine site. The permit holder shall maintain the monuments until termination of the reclamation permit.

(3) All minimum reclamation standards may be waived in writing by the department in order to accommodate unique and beneficial reclamation schemes such as parks, swimming facilities, buildings, and wildlife reserves. Such waivers shall be granted only after written approval by the department of a reclamation plan describing the variances to the minimum reclamation standards, receipt of documentation of SEPA compliance, and written approvals from the landowner and by the local land use authority.

(4) All surface-mined slopes shall be reclaimed to the following minimum standards:

(a) In surface mines in soil, sand, gravel, and other unconsolidated materials, all reclaimed slopes shall:

(i) Have varied steepness;

(ii) Have a sinuous appearance in both profile and plan view;

(iii) Have no large rectilinear topographic elements;

(iv) Generally have slopes of between 2.0 and 3.0 feet horizontal to 1.0 foot vertical or flatter except in limited areas where steeper slopes are necessary in order to create sinuous topography and to control drainage;

(v) Not exceed 1.5 feet horizontal to 1.0 foot vertical except as necessary to blend with adjacent natural slopes;

(vi) Be compacted if significant backfilling is required to produce the final reclaimed slopes and if the department determines that compaction is necessary.

(b) Slopes in consolidated materials shall have no prescribed slope angle or height, but where a severely hazardous condition is created by mining and that is not indigenous to the immediate area, the slopes shall not exceed 2.0 feet horizontal to 1.0 foot vertical. Steeper slopes shall be acceptable in areas where evidence is submitted that demonstrates that the geologic or topographic characteristics of the site preclude reclamation of slopes to such angle or height or that such slopes constitute an acceptable subsequent use under local land use regulations.

(c) Surface mines in which the seasonal or permanent water tables have been penetrated, thereby creating swamps, ponds, or lakes useful for recreational, wildlife habitat, water quality control, or other beneficial wetland purposes shall be reclaimed in the following manner:

(i) For slopes that are below the permanent water table in soil, sand, gravel, and other unconsolidated materials, the slope angle shall be no steeper than 1.5 feet horizontal to 1.0 foot vertical;

(ii) Generally, solid rock banks shall be shaped so that a person can escape from the water, however steeper slopes and lack of water egress shall be acceptable in rural, forest, or mountainous areas or where evidence is provided that such slopes would constitute an acceptable subsequent use under local land use regulations;

(iii) Both standpipes and armored spillways or other measures to prevent undesirable overflow or seepage shall be provided to stabilize all such water bodies within the disturbed area; and

(iv) Where lakes, ponds, or swamps are created, the permit holder shall provide measures to establish a beneficial wetland by developing natural wildlife habitat and incorporating such measures as irregular shoreline configurations, sinuous bathymetry and shorelines, varied water depths, peninsulas, islands, and subaqueous areas less than 1.5 foot deep during summer low-water levels. Clay-bearing material placed below water level may be required to avoid creating sterile wetlands.

(d) Final topography shall generally comprise sinuous contours, chutes and buttresses, spurs, and rolling mounds and hills, all of which shall blend with adjacent topography to a reasonable extent. Straight planar slopes and right angles should be avoided.

(e) The floors of mines shall generally grade gently into postmining drainages to preclude sheet-wash erosion during intense precipitation, except where backgrading is appropriate for drainage control, to establish wetlands, or to trap sediment.

(f) Topsoil shall be restored as necessary to promote effective revegetation and to stabilize slopes and mine floors. Where limited topsoil is available, topsoil shall be placed and revegetated in such a way as to ensure that little topsoil is lost to erosion.

(g) Where surface mining has exposed natural materials that may create polluting conditions, including but not limited to acid-forming coals and metalliferous rock or soil, such conditions shall be addressed according to a method approved by the department. The final ground surface shall be graded so that surface water drains away from these materials.

(h) All grading and backfilling shall be made with nonnoxious, noncombustible, and relatively incompactible solids unless the permit holder provides:

(i) Written approval from all appropriate solid waste regulatory agencies; and

(ii) Any and all revisions to such written approval during the entire time the reclamation permit is in force.

(i) Final reclaimed slopes should be left roughly graded, preserving equipment tracks, depressions, and small mounds to trap clay-bearing soil and promote natural revegetation. Where reasonable, final equipment tracks should be oriented in order to trap soil and seeds and to inhibit erosion.

(j) Pit floors should be bulldozed or ripped to foster revegetation.

(5) Drainages shall be graded and contain adequate energy dissipation devices so that essentially natural conditions of water velocity, volume, and turbidity are reestablished within six months of reclamation of each segment of the mine. Ditches and other artificial drainages shall be constructed on each reclaimed segment to control surface water, erosion, and siltation and to direct runoff to a safe outlet. Diversion ditches including but not limited to channels, flumes, tightlines and retention ponds shall be capable of carrying the peak flow at the mine site that has the probable recurrence frequency of once in twenty-five years as determined from data for the twenty-five year, twenty-four hour precipitation event published by the national oceanic and atmospheric administration. The grade of such ditches and channels shall be constructed to limit erosion and siltation. Natural and other drainage channels shall be kept free of equipment, wastes, stockpiles, and overburden.

(6) Impoundment of water shall be an acceptable reclamation technique provided that approvals of other agencies with jurisdiction are obtained and:

(a) Proper measures are taken to prevent undesirable seepage that could cause flooding outside the permitted area or adversely affect the stability of impoundment dikes or adjacent slopes;

(b) Both standpipes and armored spillways or other measures necessary to control overflow are provided.

(7) Revegetation shall be required as appropriate to stabilize slopes, generate new topsoil, reduce erosion and turbidity, mask rectilinear contours, and restore the scenic value of the land to the extent feasible as appropriate to the approved subsequent use. Although the scope of and necessity for revegetation will vary according to the geography, precipitation, and approved subsequent use of the site, the objective of segmental revegetation is to reestablish self-sustaining vegetation and conditions of slope stability, surface water quality, and appearance before release of the reclamation permit. Revegetation shall normally meet the following standards:

(a) Revegetation shall commence during the first proper growing season following restoration of slopes on each segment unless the department has granted the permit holder a written time extension.

(b) In eastern Washington, the permit holder may not be able to achieve continuous ground cover owing to arid conditions or sparse topsoil. However, revegetation shall be as continuous as reasonably possible as determined by the department.

(c) Revegetation generally shall include but not be limited to diverse evergreen and deciduous trees, shrubs, grasses, and deep-rooted ground cover.

(i) For western Washington, nitrogen-fixing species including but not limited to alder, white clover, and lupine should be included in dry areas. In wet areas, tubers, sedges, wetland grasses, willow, cottonwood, cedar, and alder are appropriate.

(ii) In eastern Washington, lupine, white clover, Russian olive, black locust, junipers, and pines are among appropriate plants. In wet areas, cottonwood, tubers, and sedges are appropriate.

(d) The requirements for revegetation may be reduced or waived by the department where erosion will not be a problem in rural areas where precipitation exceeds thirty inches per annum, or where revegetation is inappropriate for the approved subsequent use of the surface mine.

(e) In areas where revegetation is critical and conditions are harsh, the department may require irrigation, fertilization, and importation of clay or humus-bearing soils to establish effective vegetation.

(f) The department may refuse to release a reclamation permit or performance security until it deems that effective revegetation has commenced.

NEW SECTION. Sec. 22. PERMIT TRANSFERS. Reclamation permits shall be transferred to a subsequent permit holder and the department shall release the former permit holder from the duties imposed by this chapter if:

(1) Both permit holders comply with all rules of the department addressing requirements for transferring a permit; and

(2) Unless waived by the department, the mine and all others operated by both the former and subsequent permit holders and their principal officers or owners are in compliance with this chapter and rules.

NEW SECTION. Sec. 23. MODIFICATION OF RECLAMATION PLANS. The department and the permit holder may modify the reclamation plan at any time during the term of the permit for any of the following reasons:

(1) To modify the requirements so that they do not conflict with existing or new laws;

(2) If the department determines that the previously adopted reclamation plan is impossible or impracticable to implement and maintain; or

(3) The previously approved reclamation plan is not accomplishing the intent of this chapter as determined by the department.

Modified reclamation plans shall be reviewed by the department as lead agency under SEPA. Such SEPA analyses shall consider only those impacts relating directly to the proposed modifications. Copies of proposed and approved modifications shall be sent to the appropriate county, city, or town.

NEW SECTION. Sec. 24. REPORTS. On the anniversary date of the reclamation permit and each year thereafter until reclamation is completed and approved, the permit holder shall file a report of activities completed during the preceding year. The report shall be on a form prescribed by the department.

NEW SECTION. Sec. 25. INSPECTION OF PERMIT AREA. The department may order at any time an inspection of the disturbed area to determine if the miner or permit holder has complied with the reclamation permit, rules, and this chapter.

NEW SECTION. Sec. 26. ORDER TO RECTIFY DEFICIENCIES. The department may issue an order to rectify deficiencies when a miner or permit holder is conducting surface mining in any manner not authorized by:

(1) This chapter;

(2) The rules adopted by the department;

(3) The authorized reclamation plan; or

(4) The reclamation permit.

The order shall describe the deficiencies and shall require that the miner or permit holder correct all deficiencies no later than sixty days from issuance of the order. The department may extend the period for correction for delays clearly beyond the miner or permit holder's control, but only when the miner or permit holder is, in the opinion of the department, making every reasonable effort to comply.

NEW SECTION. Sec. 27. EMERGENCY NOTICE AND ORDER TO RECTIFY DEFICIENCIES--EMERGENCY ORDER TO SUSPEND SURFACE MINING. When the department finds that a permit holder is conducting surface mining in any manner not authorized by:

(1) This chapter;

(2) The rules adopted by the department;

(3) The approved reclamation plan; or

(4) The reclamation permit;

and that activity has created a situation involving an immediate danger to the public health, safety, welfare, or environment requiring immediate action, the department may issue an emergency notice and order to rectify deficiencies, and/or an emergency order to suspend surface mining. These orders shall be effective when entered. The department may take such action as is necessary to prevent or avoid the danger to the public health, safety, welfare, or environment that justifies use of emergency adjudication. The department shall give such notice as is practicable to the permit holder or miner who is required to comply with the order. The order shall comply with the requirements of the administrative procedure act.

Regulations of surface mining operations administered by other state and local agencies shall be preempted by this section to the extent that the time schedule and procedures necessary to rectify the emergency situation, as determined by the department, conflict with such local regulation.

NEW SECTION. Sec. 28. ORDER TO SUSPEND SURFACE MINING. Upon the failure of a miner or permit holder to comply with a department order to rectify deficiencies, the department may issue an order to suspend surface mining when a miner or permit holder is conducting surface mining in any manner not authorized by:

- (1) This chapter;
- (2) The rules adopted by the department;
- (3) The approved reclamation plan;
- (4) The reclamation permit; or
- (5) If the miner or permit holder fails to comply with any final order of the department.

The order to suspend surface mining shall require the miner or permit holder to suspend part or all of the miner's or permit holder's mining operations until the conditions resulting in the issuance of the order have been mitigated to the satisfaction of the department.

The attorney general may take the necessary legal action to enjoin, or otherwise cause to be stopped, surface mining in violation of an order to suspend surface mining.

NEW SECTION. Sec. 29. DECLARATION OF ABANDONMENT. The department may issue a declaration of abandonment when it determines that all surface mining has ceased for a period of one hundred eighty consecutive days not set forth in the permit holder's reclamation plan or when, by reason of inspection of the permit area, or by any other means, the department determines that the mine has in fact been abandoned by the permit holder except that abandonment shall not include normal interruptions of surface mining resulting from labor disputes, economic conditions associated with lack of smelting capacity or availability of appropriate transportation, war, social unrest, demand for minerals, maintenance and repairs, and acts of God.

Following a declaration of abandonment, the department shall require the permit holder to complete reclamation in accordance with this chapter. If the permit holder fails to do so, the department shall proceed to do the necessary reclamation work pursuant to section 31 of this act.

If another miner applies for a permit on a site that has been declared abandoned, the department may, in its discretion, cancel the reclamation permit of the permit holder and issue a new reclamation permit to the applicant. The department shall not issue a new permit unless it determines that such issuance will be an effective means of assuring that the site will ultimately be reclaimed. The applicant must agree to assume the reclamation responsibilities left unfinished by the first miner, in addition to meeting all requirements for issuance of a new permit.

NEW SECTION. Sec. 30. CANCELLATION OF THE RECLAMATION PERMIT. When the department determines that a surface mine has been abandoned, it may cancel the reclamation permit. The permit holder shall be informed of such actions by a department notification of illegal abandonment and cancellation of the reclamation permit.

NEW SECTION. Sec. 31. ORDER TO SUBMIT PERFORMANCE SECURITY--RECLAMATION BY THE DEPARTMENT. The department may, with the staff, equipment, and material under its control, or by contract with others, reclaim the disturbed areas when it finds that reclamation has not occurred in any segment of a surface mine within two years of completion of mining or of declaration of abandonment and the permit holder is not actively pursuing reclamation.

If the department intends to undertake the reclamation, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to section 15 of this act. If the amount specified in the order to submit performance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security with reclamation of the site according to the approved reclamation plan or according to a plan developed by the department that meets the minimum reclamation standards.

The department shall keep a record of all expenses incurred in carrying out any reclamation project or activity authorized under this section, including:

- (1) Reclamation;
- (2) A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and
- (3) Administrative and legal expenses related to reclamation of the surface mine.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

NEW SECTION. Sec. 32. FINES. Each order of the department may impose a fine or fines in the event that a miner or permit holder fails to obey the order of the department. When a miner or permit holder fails to comply with an order of the

department, the miner or permit holder shall be subject to a civil penalty in an amount not more than ten thousand dollars for each violation plus interest based upon a schedule of fines set forth by the department in rule. Procedures for imposing a penalty and setting the amount of the penalty shall be as provided in RCW 90.48.144. Each day on which a miner or permit holder continues to disobey any order of the department shall constitute a separate violation. If the penalty and interest is not paid to the department after it becomes due and payable, the attorney general, upon the request of the department, may bring an action in the name of the state of Washington to recover the penalty, interest, mitigation for environmental damages, and associated legal fees. Decisions of the department are subject to review by the pollution control hearings board.

All fines, interest, penalties, and other damage recovery costs from mines regulated by the department shall be credited to the surface mining reclamation account.

NEW SECTION. Sec. 33. REFUSAL TO ISSUE PERMITS. The department shall refuse to issue a reclamation permit if it is determined during the SEPA process that the impacts of a proposed surface mine cannot be adequately mitigated.

The department or county, city, or town may refuse to issue any other permit at any other location to any miner or permit holder who fails to rectify deficiencies set forth in an order of the department within the requisite time schedule. However, the department or county, city, or town shall issue all appropriate permits when all deficiencies are corrected at each surface mining site.

Sec. 34. RCW 78.44.150 and 1970 ex.s. c 64 s 16 are each amended to read as follows:

Any ~~((operator))~~ miner or permit holder conducting surface mining within the state of Washington without a valid ~~((operating))~~ reclamation permit shall be guilty of a gross misdemeanor. Surface mining outside of the permitted area shall constitute illegal mining without a valid reclamation permit. Each day of ~~((operation))~~ mining without a valid reclamation permit shall constitute a separate offense.

Sec. 35. RCW 78.44.170 and 1989 c 175 s 166 are each amended to read as follows:

Appeals from department determinations under this chapter shall be made as follows:

Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

Sec. 36. RCW 78.44.910 and 1970 ex.s. c 64 s 22 are each amended to read as follows:

~~((This act shall not direct itself to the reclamation of land mined))~~ Miners and permit holders shall not be required to reclaim any segment where all surface mining was completed prior to January 1, 1971. However, the department shall make an effort to reclaim previously abandoned or completed surface mining segments.

NEW SECTION. Sec. 37. RECLAMATION AWARDS ESTABLISHED. The department shall create reclamation awards in recognition of excellence in reclamation or reclamation research. Such awards shall be presented to individuals, miners, operators, companies, or government agencies performing exemplary surface mining reclamation in the state of Washington. The department shall designate a percent of the state annual fees as funding of the awards.

NEW SECTION. Sec. 38. RECLAMATION SERVICE ESTABLISHED. The department may establish a no-cost consulting service within the department to assist miners, permit holders, local government, and the public in technical matters related to mine regulation, mine operations, and reclamation. The department may prepare concise, printed information for the public explaining surface mining activities, timelines for permits and reviews, laws, and the role of governmental agencies involved in surface mining, including how to contact all regulators. The department shall not be held liable for any negligent advice.

NEW SECTION. Sec. 39. The following acts or parts of acts are each repealed:

- (1) RCW 78.44.030 and 1987 c 258 s 1, 1984 c 215 s 1, & 1970 ex.s. c 64 s 4;
- (2) RCW 78.44.035 and 1987 c 258 s 3;

- (11) RCW 78.44.180 and 1970 ex.s. c 64 s 20.

NEW SECTION. Sec. 40. The code reviser may recodify, as necessary, RCW 78.44.150, 78.44.170, 78.44.175, and 78.44.910 within chapter 78.44 RCW to accomplish the reorganization of chapter 78.44 RCW as intended in this act.

MESSAGE FROM THE HOUSE

April 15, 1993

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5815 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 69.50.505 and 1992 c 211 s 1 are each amended to read as follows:

(a) The following are subject to seizure and forfeiture and no property right exists in them:

(1) All controlled substances which have been manufactured, distributed, dispensed, acquired, or possessed in violation of this chapter or chapter 69.41 or 69.52 RCW, and all hazardous chemicals, as defined in RCW 64.44.010, used or intended to be used in the manufacture of controlled substances;

(2) All raw materials, products, and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW;

(3) All property which is used, or intended for use, as a container for property described in paragraphs (1) or (2);

(4) All conveyances, including aircraft, vehicles, or vessels, which are used, or intended for use, in any manner to facilitate the sale, delivery, or receipt of property described in paragraphs (1) or (2), except that:

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or chapter 69.41 or 69.52 RCW;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) No conveyance is subject to forfeiture under this section if used in the receipt of only an amount of marijuana for which possession constitutes a misdemeanor under RCW 69.50.401(e);

(iv) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(v) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(5) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter or chapter 69.41 or 69.52 RCW;

(6) All drug paraphernalia;

(7) All moneys, negotiable instruments, securities, or other tangible or intangible property of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW, all tangible or intangible personal property, proceeds, or assets acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of this chapter or chapter 69.41 or 69.52 RCW(~~:- PROVIDED, That~~)). A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission(~~:- PROVIDED FURTHER, That~~)). No personal property may be forfeited under this paragraph, to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(8) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any appurtenances or improvements which are being used with the knowledge of the owner for the manufacturing, compounding, processing, delivery, importing, or exporting of any controlled substance, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, if such activity is not less than a class C felony and a substantial nexus exists between the commercial production or sale of the controlled substance and the real property(~~:- PROVIDED, That~~)). However:

(i) No property may be forfeited pursuant to this subsection, to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender's intent to engage in commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(b) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(1) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(2) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(3) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(4) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(c) In the event of seizure pursuant to subsection (b), proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit

stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession ((of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property)) within ninety days, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation. A perfected security interest of a secured party may be extinguished only after a contested hearing or agreement by the secured party.

(e) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession ((of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property)) within ninety days, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. ((The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the article or articles involved is more than five hundred dollars.)) The prosecuting attorney shall file the case into a court of competent jurisdiction. The court to which the matter is ((to be removed)) filed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. ((A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW.)) In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the ((administrative law judge or)) court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.

(f) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(2) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) Forward it to the drug enforcement administration for disposition.

(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(2) Each seizing agency shall retain records of forfeited property for at least seven years.

(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.

(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (n) of this section.

(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(k) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(m) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(n) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:

(l) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(2) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(o) The landlord's claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:

(1) Damage to tangible property and clean-up costs;

(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(3) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (f)(2) of this section;

and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (n) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency.

NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) A vehicle driven by or under the actual physical control of the owner of the vehicle in violation of RCW 46.61.502 or 46.61.504 is, upon the conviction of the owner when that conviction is the second or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, subject to seizure and forfeiture and no property right exists in that vehicle.

A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the violation of RCW 46.61.502 or 46.61.504.

(2) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(3) A seizure under subsection (2) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within ninety days of the seizure, the vehicle is deemed forfeited. A perfected security interest of a secured party may be extinguished only after a contested hearing or agreement by the secured party.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within ninety days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The prosecuting attorney shall file the case into a court of competent jurisdiction. The court to which the matter is filed shall be the district court when the value of the vehicle is within the jurisdictional limit of the district court. In a court hearing between two or more claimants to the vehicle involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the chief law enforcement officer of the seizing agency, the chief law enforcement officer's designee, or the court that the claimant neither knew of nor consented to the violation leading to seizure and is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title.

(7) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(8) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(9) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(10) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(11) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(12) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(13) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

NEW SECTION. Sec. 3. A new section is added to chapter 46.61 RCW to read as follows:

(1) Whenever a person is charged with a violation of RCW 46.61.502 or 46.61.504 and that person has been previously convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, the court shall instruct the person charged of the provisions of section 5 of this act and shall immediately forward notice of the charge to the director.

(2) Upon the conviction or acquittal of the person charged or if a pending charge is otherwise terminated, the court shall immediately forward notice of the conviction, acquittal, or other termination of charge to the director.

NEW SECTION. Sec. 4. A new section is added to chapter 46.12 RCW to read as follows:

Upon receiving notice of a charge under section 3 of this act, the director shall withhold the issuance of a certificate of ownership on a vehicle subject to section 5 of this act unless the applicant is included in the exceptions listed in that section or until receiving notice of acquittal or other termination of the charge under section 3 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 46.12 RCW to read as follows:

It is unlawful to convey, sell, or transfer the ownership of a motor vehicle that was driven by or was under the actual physical control of the owner of the vehicle who has previously been convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period and is currently charged with a violation of RCW 46.61.502 or 46.61.504, except that:

(1) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party; and

(2) A leased vehicle may be transferred to the lessor or to a person designated by the lessor.

Sec. 6. RCW 46.12.270 and 1969 ex.s. c 125 s 3 are each amended to read as follows:

Any person violating ~~((the provisions of))~~ RCW 46.12.250 ~~((or))~~ 46.12.260 ~~((shall be))~~, or section 5 of this act is guilty of a misdemeanor and shall be punished by a fine of not more than two hundred fifty dollars or by imprisonment in a county jail for not more than ninety days.", and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 18, 1993

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5837 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS AND DECLARATIONS. The legislature finds and declares that the issuance by state and local governments of bonds and other obligations, and the investment of moneys in connection with these obligations, involve exposure to changes in interest rates; that a number of financial instruments are available to lower the net cost of these borrowings, to increase the net return on these investments, or to reduce the exposure of state and local governments to changes in interest rates; that these reduced costs and increased returns for state and local governments will benefit taxpayers and ratepayers; and that the legislature desires to provide state and local governments with express statutory authority to take advantage of these instruments. In recognition of the complexity of these financial instruments, the legislature desires that this authority be subject to certain limitations, and be granted for an initial period of two years.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Financial advisor" means a financial services or financial advisory firm:

- (a) With recognized knowledge and experience in connection with the negotiation and execution of payment agreements;
- (b) That is acting solely as financial advisor to the governmental entity in connection with the execution of the payment agreement and the issuance or incurring of any related obligations, and not as a principal, placement agent, purchaser, underwriter, or other similar party, and that does not control, nor is it controlled by or under common control with, any such party;
- (c) That is compensated for its services in connection with the execution of payment agreements, either directly or indirectly, solely by the governmental entity; and
- (d) Whose compensation is not based on a percentage of the notional amount of the payment agreement or of the principal amount of any related obligations.

(2) "Governmental entity" means state government or local government.

(3) "Local government" means any city, county, port district, or public utility district, or any joint operating agency formed under RCW 43.52.360, that has or will have outstanding obligations in an aggregate principal amount of at least one hundred million dollars as of the date a payment agreement is executed or is scheduled by its terms to commence or had at least one hundred million dollars in gross revenues during the preceding calendar year.

(4) "Obligations" means bonds, notes, bond anticipation notes, commercial paper, or other obligations for borrowed money, or lease, installment purchase, or other similar financing agreements or certificates of participation in such agreements.

(5) "Payment agreement" means a written agreement which provides for an exchange of payments based on interest rates, or for ceilings or floors on these payments, or an option on these payments, or any combination, entered into on either a current or forward basis.

(6) "State government" means (a) the state of Washington, acting by and through its state finance committee, (b) the Washington health care facilities authority, (c) the Washington higher education facilities authority, (d) the Washington state housing finance commission, or (e) the state finance committee upon adoption of a resolution approving a payment agreement on behalf of any state institution of higher education as defined under RCW 28B.10.016: PROVIDED, That such approval shall not constitute the pledge of the full faith and credit of the state, but a pledge of only those funds specified in the approved agreement.

NEW SECTION. Sec. 3. AUTHORITY TO ENTER INTO PAYMENT AGREEMENTS. (1) Subject to subsections (2) and (3) of this section, any governmental entity may enter into a payment agreement in connection with, or incidental to, the issuance, incurring, or carrying of specific obligations, for the purpose of managing or reducing the governmental entity's exposure to fluctuations or levels of interest rates. No governmental entity may carry on a business of acting as a dealer in payment agreements.

(2) No governmental entity may enter into a payment agreement under this chapter unless it first:

(a) Finds and determines, by ordinance or resolution, that the payment agreement, if fully performed by all parties thereto, will (i) reduce the amount or duration of its exposure to changes in interest rates; or (ii) result in a lower net cost of borrowing with respect to the related obligations, or a higher net rate of return on investments made in connection with, or incidental to, the issuance, incurring, or carrying of those obligations;

(b) Obtains, on or prior to the date of execution of the payment agreement, a written certification from a financial advisor that (i) the terms and conditions of the payment agreement and any ancillary agreements, including without limitation, the interest rate or rates and any other amounts payable thereunder, are commercially reasonable in light of then existing market conditions; and (ii) the finding and determination contained in the ordinance or resolution required by (a) of this subsection is reasonable.

(3) Prior to selecting the other party to a payment agreement, a governmental entity shall solicit and give due consideration to proposals from at least two entities that meet the criteria set forth in section 4(2) of this act. Such solicitation and consideration shall be conducted in such manner as the governmental entity shall determine is reasonable.

NEW SECTION. Sec. 4. PAYMENT AGREEMENTS--TERMS. (1) Subject to subsections (2), (3), and (4) of this section, payment agreements entered into by any governmental entity may include those payment, term, security, default, remedy, termination, and other terms and conditions, and may be with those parties, as the governmental entity deems reasonably necessary or desirable.

(2) No governmental entity may enter into a payment agreement under this chapter unless:

(a) The other party to the agreement has a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the agreement, that is within the two highest long-term investment grade rating categories, without regard to subcategories, or the payment obligations of the party under the agreement are unconditionally guaranteed by an entity that then has the required ratings; or

(b)(i) The other party to the agreement has a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the agreement, that is within the three highest long-term investment grade rating categories, without regard to subcategories, or the payment obligations of the party under the agreement are unconditionally guaranteed by an entity that has the required ratings; and

(ii) The payment obligations of the other party under the agreement are collateralized by direct obligations of, or obligations the principal and interest on which are guaranteed by, the United States of America, that (A) are deposited with the governmental entity or an agent of the governmental entity; and (B) maintain a market value of not less than one hundred two percent of the net market value of the payment agreement to the governmental entity, as such net market value may be defined and determined from time to time under the terms of the payment agreement.

(3) No governmental entity may enter into a payment agreement with a party who qualifies under subsection (2)(a) of this section unless the payment agreement provides that, in the event the credit rating of the other party or its guarantor falls below the level required by subsection (2)(a) of this section, such party will comply with the collateralization requirements contained in subsection (2)(b) of this section.

(4) No governmental entity may enter into a payment agreement unless:

(a) The notional amount of the payment agreement does not exceed the principal amount of the obligations with respect to which the payment agreement is made; and

(b) The term of the payment agreement does not exceed the final term of the obligations with respect to which the payment agreement is made.

NEW SECTION. Sec. 5. PAYMENT AGREEMENTS--PAYMENTS--CREDIT ENHANCEMENTS. (1) Subject to any covenants or agreements applicable to the obligations issued or incurred by the governmental entity, any payments required to be made by the governmental entity under a payment agreement entered into in connection with the issuance, incurring, or carrying of those obligations may be made from money set aside or pledged to pay or secure the payment of those obligations or from any other legally available source.

(2) Any governmental entity may enter into credit enhancement, liquidity, line of credit, or other similar agreements in connection with, or incidental to, the execution of a payment agreement. The credit enhancement, liquidity, line of credit, or other similar agreement may include those payment, term, security, default, remedy, termination, and other terms and conditions, and may be with those parties, as the governmental entity deems reasonably necessary or desirable.

NEW SECTION. Sec. 6. CALCULATIONS REGARDING PAYMENT OF OBLIGATIONS--STATUS OF PAYMENTS. Article 1, Section 10 of the Constitution of the United States permits a state to enter into a compact or agreement with another state, subject to the consent of congress. Congress, through enactment of Title 4 of the U.S.C. Section 112, encourages the states to enter such compacts for cooperative effort and mutual assistance.

(2) The compact language contained in this subsection is intended to deal comprehensively with the supportive relationships between states in utilizing national guard assets in counter-drug activities.

NATIONAL GUARD MUTUAL ASSISTANCE

- (b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states.

ARTICLE III MUTUAL ASSISTANCE AND SUPPORT

- (a) As used in this article:
 - (1) "Drug interdiction and counter-drug activities" means the use of national guard personnel, while not in federal service, in any law enforcement support activities that are intended to reduce the supply or use of illegal drugs in the United States. These activities include, but are not limited to:

Sec. 801 et seq., or otherwise by law, in accordance with other applicable law.

(2) "Demand reduction" means providing available national guard personnel, equipment, support, and coordination to federal, state, local, and civic organizations, institutions and agencies for the purposes of the prevention of drug abuse and the reduction in the demand for illegal drugs.

(3) "Requesting state" means the state whose governor requested assistance in the area of counter-drug activities.

(4) "Responding state" means the state furnishing assistance, or requested to furnish assistance, in the area of counter-drug activities.

(6) "Official" means the appointed, elected, designated, or otherwise duly selected representative of an agency, institution, or organization authorized to conduct those activities for which support is requested.

(7) "Mutual assistance and support agreement" or "agreement" means an agreement between the national guard of this state and one or more law enforcement agencies or between the national guard of this state and the national guard of one or more other states, consistent with the purposes of this compact

(8) "Party state" refers to a state that has lawfully enacted this compact.

(9) "State" means each of the several states of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or possession of the United States.

(b) Upon the request of a governor of a party state for assistance in the area of interdiction and counter-drug, and demand reduction activities, the governor of a responding state shall have authority under this compact to send without the borders of his or her state and place under the temporary operational control of the appropriate national guard or other military authorities of the requesting state, for the purposes of providing such requested assistance, all or any part of the national guard forces of his or her state as he or she may deem necessary, and the exercise of his or her discretion in this regard shall be conclusive.

(c) The governor of a party state may, within his or her discretion, withhold the national guard forces of his or her state from such use and recall any forces or part or member thereof previously deployed in a requesting state.

(d) The national guard of this state is hereby authorized to engage in interdiction and counter-drug activities and demand reduction.

(e) The adjutant general of this state, in order to further the purposes of this compact, may enter into a mutual assistance and support agreement with one or more law enforcement agencies of this state, including federal law enforcement agencies operating within this state, or with the national guard of one or more other party states to provide personnel, assets, and services in the area of interdiction and counter-drug activities and demand reduction. However, no such agreement may be entered into with a party that is specifically prohibited by law from performing activities that are the subject of the agreement.

(f) The agreement must set forth the powers, rights, and obligations of the parties to the agreement, where applicable, as follows:

(1) Its duration;

(2) The organization, composition, and nature of any separate legal entity created thereby;

(10) The chain of command or delegation of authority to be followed by national guard personnel acting under the provisions of the agreement;

(11) The duties and authority that the national guard personnel of each party state may exercise; and

(12) Any other necessary and proper matters.

Agreements prepared under the provisions of this section are exempt from any general law pertaining to intergovernmental agreements.

(g) As a condition precedent to an agreement becoming effective under this part, the agreement must be submitted to and receive the approval of the office of the attorney general of Washington. The attorney general of the state of Washington may delegate his or her approval authority to the appropriate attorney for the Washington national guard subject to those conditions which he or she decides are appropriate. The delegation must be in writing and is subject to the following:

(1) The attorney general, or his or her agent as stated above, shall approve an agreement submitted to him or her under this part unless he or she finds that it is not in proper form, does not meet the requirements set forth in this part, or otherwise does not conform to the laws of Washington. If the attorney general disapproves an agreement, he or she shall provide a written explanation to the adjutant general of the Washington national guard; and

(2) If the attorney general, or his or her authorized agent as stated above, does not disapprove an agreement within thirty days after its submission to him or her, it is considered approved by him or her.

(h) Whenever national guard forces of any party state are engaged in the performance of duties, in the area of drug interdiction, counter-drug, and demand reduction activities, pursuant to orders, they shall not be held personally liable for any acts or omissions which occur during the performance of their duty.

ARTICLE IV RESPONSIBILITIES

(a) Nothing in this compact shall be construed as a waiver of any benefits, privileges, immunities, or rights otherwise provided for national guard personnel performing duty pursuant to Title 32 of the United States Code nor shall anything in this compact be construed as a waiver of coverage provided for under the Federal Tort Claims Act. In the event that national guard personnel performing counter-drug activities do not receive rights, benefits, privileges, and immunities otherwise provided for national guard personnel as stated above, the following provisions shall apply:

(1) Whenever national guard forces of any responding state are engaged in another state in carrying out the purposes of this compact, the members thereof so engaged shall have the same powers, duties, rights, privileges, and immunities as members of national guard forces of the requesting state. The requesting state shall save and hold members of the national guard forces of responding states harmless from civil liability, except as otherwise provided herein, for acts or omissions that occur in the performance of their duty while engaged in carrying out the purposes of this compact, whether responding forces are serving the requesting state within the borders of the responding state or are attached to the requesting state for purposes of operational control.

(2) Subject to the provisions of paragraphs (3), (4), and (5) of this Article, all liability that may arise under the laws of the requesting state or the responding states, on account of or in connection with a request for assistance or support, shall be assumed and borne by the requesting state.

(3) Any responding state rendering aid or assistance pursuant to this compact shall be reimbursed by the requesting state for any loss or damage to, or expense incurred in the operation of, any equipment answering a request for aid, and for the cost of the materials, transportation, and maintenance of national guard personnel and equipment incurred in connection with such request, provided that nothing herein contained shall prevent any responding state from assuming such loss, damage, expense, or other cost.

(4) Unless there is a written agreement to the contrary, each party state shall provide, in the same amounts and manner as if they were on duty within their state, for pay and allowances of the personnel of its national guard units while engaged without the state pursuant to this compact and while going to and returning from such duty pursuant to this compact.

(5) Each party state providing for the payment of compensation and death benefits to injured members and the representatives of deceased members of its national guard forces in case such members sustain injuries or are killed within their own state shall provide for the payment of compensation and death benefits in the same manner and on the same terms in the event such members sustain injury or are killed while rendering assistance or support pursuant to this compact. Such benefits and compensation shall be deemed items of expense reimbursable pursuant to paragraph (3) of this Article.

(b) Officers and enlisted personnel of the national guard performing duties subject to proper orders pursuant to this compact shall be subject to and governed by the provisions of their home state code of military justice whether they are performing duties within or without their home state. In the event that any national guard member commits, or is suspected of committing, a criminal offense while performing duties pursuant to this compact without his or her home state, he or she may be returned immediately to his or her home state and said home state shall be responsible for any disciplinary action to be taken. However, nothing in this section shall abrogate the general criminal jurisdiction of the state in which the offense occurred.

**ARTICLE V
DELEGATION**

Nothing in this compact shall be construed to prevent the governor of a party state from delegating any of his or her responsibilities or authority respecting the national guard, provided that such delegation is otherwise in accordance with law. For purposes of this compact, however, the governor shall not delegate the power to request assistance from another state.

**ARTICLE VI
LIMITATIONS**

Nothing in this compact shall:

- (a) Authorize or permit national guard units or personnel to be placed under the operational control of any person not having the national guard rank or status required by law for the command in question.
- (b) Deprive a properly convened court of jurisdiction over an offense or a defendant merely because of the fact that the national guard, while performing duties pursuant to this compact, was utilized in achieving an arrest or indictment.

**ARTICLE VII
CONSTRUCTION AND SEVERABILITY**

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of the United States or of any state or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.", and the same are herewith transmitted.

Could you share with us what the anticipated cost savings are and how we will come about those cost savings?"

MESSAGE FROM THE HOUSE

April 17, 1993

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5781 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

NEW SECTION. Sec. 3. It is the policy of the state of Washington that the governor and legislature, in their budget deliberations, consider adding sufficient incremental enrollment increases to achieve, by the year 2010, the goals, by educational sector, adopted by the higher education coordinating board in its enrollment plan entitled "Design for the 21st Century: Expanding Higher Education Opportunities in Washington." In the biennial operating budget documents submitted to the legislature, the governor shall display information on the number of additional students necessary and the amount of money needed to fund these incremental enrollment increases.

NEW SECTION. Sec. 4. The participation rate used to calculate enrollment levels under sections 2 and 3 of this act shall be based on fall enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 3 of this act shall be determined by the office of financial management as part of its responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before November 15th of each even-numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 3 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. Sec. 5. It is the policy of the state of Washington that financial need not be a barrier to participation in the state higher education system. In order to implement that policy, the higher education coordinating board shall restructure the state's financial aid programs into a comprehensive program known as college promise. In restructuring the programs, the board shall follow these goals:

(1) For all need-based financial aid programs under RCW 28B.10.790 through 28B.10.824 and chapters 28B.12 and 28B.101 RCW:

(a) Through a mix of federal, state, and other resources:

(i) Limit the debt of an undergraduate student to no more than one-half of a student's cost of attendance; and

(ii) Provide more self-help opportunities than grant aid to middle-income students, and approximately equal amounts of self-help opportunities and grant aid to low-income and lower middle-income students. Self-help opportunities include work study and loans;

(b) In determining eligibility for state financial aid programs, shelter home equity on a family's principal place of residence, and shelter a reasonable portion of savings and farm or business net worth, each insofar as is permissible under state and federal law;

(c) Consistent with federal law, simplify the financial aid application process;

(d) Strive to preserve a range of educational options for needy students, including choice of institutions and programs;

(e) Recognize otherwise unfunded equipment and assistance needed to accommodate students with disabilities

reasonably;

(f) Deliver clear and timely information to current and future postsecondary students about the costs of attending college and available financial aid; and

(g) Classify needy students by family income levels based on the state's median income for a family of four, adjusted annually for family size and changes in the state's median income. The classification system shall be as follows:

(i) Low income means zero to fifty percent of the state's median income;

(ii) Lower middle income means fifty-one to seventy-five percent of the state's median income; and

(iii) Middle income means seventy-six to one hundred twenty-five percent of the state's median income.

(2) For the state need grant program under RCW 28B.10.790 through 28B.10.824: As funds are available, expand the program to include new populations of resident students in the following priority order, ensuring that undergraduate students with the most demonstrated financial need receive full grants before less needy students receive any grant:

(a) Low-income undergraduates;

(b) Lower middle-income undergraduates;

(c) Middle-income undergraduates; and

(d) Resident graduate and professional students, following the income priorities established for undergraduate students.

(3) For the state work study program under chapter 28B.12 RCW: Increase employment opportunities including off-campus job opportunities with off-campus community service employers.

(4) For students whose parents did not complete a higher education degree or certificate: Determine the feasibility of providing grants to needy first generation scholars.

Sec. 6. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

(2)~~((a))~~) The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary ~~((by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act))~~. If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

~~((b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.~~

~~(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.~~

~~(d) Except as permitted by (c) of this subsection, should the number of student-supported, full-time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for such student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.)~~

(3) The state board for community and technical colleges ~~((education))~~ shall ensure compliance with this section.

NEW SECTION. Sec. 7. Sections 2 through 5 of this act are each added to chapter 28B.10 RCW.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.", and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 17, 1993

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5836 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds a need to redefine the relationship between the state and its postsecondary education institutions through a compact based on trust, evidence, and a new alignment of responsibilities. As the proportion of the state budget dedicated to postsecondary education programs has continued to decrease and the opportunity for this state's citizens to participate in such programs also has declined, the state institutions of higher education have increasingly less flexibility to respond to emerging challenges through innovative management and programming. The legislature finds that this state has not provided its institutions of higher education with the ability to effectively achieve state-wide goals and objectives to increase access to, improve the quality of, and enhance the accountability for its postsecondary education system.

Therefore, the legislature declares that the policy of the state of Washington is to create an environment in which the state institutions of higher education have the authority and flexibility to enhance attainment of state-wide goals and objectives for the state's postsecondary education system through decisions and actions at the local level. The policy shall have the following attributes:

(1) The accomplishment of equitable and adequate enrollment by significantly raising enrollment lids, adequately funding those increases, and providing sufficient financial aid for needy students;

(2) The development and use of a new definition of quality measured by effective operations and clear results; the efficient use of funds to achieve well-educated students;

(3) The attainment of a new resource management relationship that removes the state from micromanagement, allows institutions greater management autonomy to focus resources on essential functions, and encourages innovation; and

(4) The development of a system of coordinated planning and sufficient feedback to assure policymakers and citizens that students are succeeding and resources are being prudently deployed.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

(1) At the local level, the higher education institutional responsibilities include but are not limited to:

(a) Development and provision of strategic plans under the guidelines established by the higher education coordinating board. In developing their strategic plans, the research universities shall consider the feasibility of significantly increasing the number of evening graduate classes;

(b) For the four-year institutions of higher education, timely provision of information required by the higher education coordinating board to report to the governor, the legislature, and the citizens;

(c) Provision of local student financial aid delivery systems to achieve both state-wide goals and institutional objectives in concert with state-wide policy; and

(d) Operating as efficiently as feasible within institutional missions and goals.

(2) At the state level, the higher education coordinating board shall be responsible for:

(a) Delineation and coordination of strategic plans to be prepared by the institutions;

(b) Preparation of reports to the governor, the legislature, and the citizens on program accomplishments and use of resources by the institutions;

(c) Administration and policy implementation for state-wide student financial aid programs; and

(d) Assistance to institutions in improving operational efficiency through measures that include periodic review of program efficiencies.

(3) At the state level, on behalf of community colleges and technical colleges, the state board for community and technical colleges shall coordinate and report on the system's strategic plans and shall provide any information required of its colleges by the higher education coordinating board.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.80 RCW to read as follows:

In cooperation with institutions of higher education, the state board for community and technical colleges, and appropriate state and local agencies, the higher education coordinating board may identify methods to reduce administrative barriers to efficient institutional operations. These methods may include waivers of statutory requirements and administrative rules. The higher education coordinating board shall report to the governor and appropriate legislative committees its recommendations for any statutory changes necessary to enhance institutional efficiencies. NEW SECTION. Sec. 13. A new section is added to chapter 41.06 RCW to read as follows:

(1) The legislature recognizes that:

- (a) The labor market and the state government work force are diverse in terms of gender, race, ethnicity, age, and the presence of disabilities.
- (b) The state's personnel resource and management practices must be responsive to the diverse nature of its work force composition.
- (c) Managers in all agencies play a key role in the implementation of all critical personnel policies.

It is therefore the policy of the state to create an organizational culture in state government that respects and values individual differences and encourages the productive potential of every employee.

(2) To implement this policy, the department shall:

(a) In consultation with agencies, employee organizations, and employees, review civil service rules and related agency policies to ensure that they support the state's policy of valuing and managing diversity in the workplace;

(b) In consultation with agencies, employee organizations, and employees, institutions of higher education, and related boards, develop model policies, procedures, and technical information to be made available to such entities for the support of workplace diversity programs, including, but not limited to:

(3) The department shall coordinate implementation of this section with the office of financial management and institutions of higher education and related boards to reduce duplication of effort.

NEW SECTION. Sec. 14. A new section is added to chapter 41.06 RCW to read as follows:

Meaningful and effective involvement of employees and their representatives is essential to the efficient and effective delivery of state government services. To accomplish this, agencies shall use joint employee-union-management committees to collaborate on the desired goals of streamlined and flatter organizational structures, continuous improvement in all systems and processes, empowerment of line level employees to solve workplace and system delivery problems, managers functioning as coaches and facilitators, and employee training and development as an investment in the future. In addition, the committees shall be used for improvement of the quality of work life for state employees resulting in more productive and efficient service delivery to the general public and customers of state government.

NEW SECTION. Sec. 15. (1) The legislature recognizes that the most vital asset of state government is the people who design, manage, and implement its programs and deliver its services. The quality and effectiveness of state service depends on many factors, including adequate resources, personal dedication, proper training, skilled and sensitive management, and the removal of artificial barriers to personal and organizational success.

(2) The legislature further recognizes that due to increasing demands on state government requiring new levels of efficiency and effectiveness in service delivery, and the impact of the total system of laws and rules governing recruitment, development, and management of personnel resources in state government, it is imperative to immediately and comprehensively examine all aspects of that system, and make whatever changes are indicated forthwith.

(3) To that end, there is hereby created a study task force composed of the following members: Three members of the house of representatives appointed by the speaker of the house of representatives, three members of the senate appointed by the president of the senate, three members appointed by the governor, and one representative from each employee organization that has at least five hundred dues-paying members employed by the state of Washington. The charge of the task force is to make a comprehensive recommendation to the legislature no later than December 1, 1993, in the form of proposed legislation, regarding the provision of personnel resources in state government. The task force shall address at least the following issues:

(a) Overall organization of the personnel resources apparatus in state government:

(i) Consolidation or decentralization of all personnel services; and

(ii) The appropriate role and degree of control of the governor, the Washington personnel resources board, agency directors, and other elected officials;

(b) Efficiency in management and service delivery:

(i) Identify the principal barriers to, and successes in, effective recruitment, retention, development, and assignment of a quality work force in state service;

(ii) Analyze the extent to which improvement in these areas is best achieved by changes in civil service reform, or from management and organizational initiatives of the governor, agency directors, employee organizations, employees, and other elected officials; and

(iii) Develop principles regarding the purchase of services by state government;

(c) Employee rights and participation:

(i) Identify areas and issues that are appropriately decided cooperatively between classified employees and management through collective bargaining or otherwise, and those areas that are inherently management prerogatives and responsibilities;

(ii) Analyze the full range of collective bargaining or other collaborative process issues, and identify those features that are the most effective and equitable, including grievance procedures, bargaining units, representation, union security, negotiations, and unfair labor practices; and

(d) Any other related issue that comes to light during the course of the study may properly be examined. This list of issues is in no way intended to limit the inquiry and exploration of the task force in its pursuit of its principal charge.

(4) In developing its recommendation the task force shall draw upon the following resources:

(a) Full and frequent consultation with particular interest groups, including state employees and their organizations, managers, and directors at all levels of state service, elected officials, and academic and private sector personnel resource specialists;

(b) The experience of other states, particularly those who have recently made significant changes in this area; and

(c) The experience of private sector organizations that are recognized for innovative and effective accomplishment in this field.

(5) The task force shall meet at least monthly, and shall hold meetings in different regions of the state. Staff services shall be provided by legislative and governor's office staff.

(6) This section shall expire December 31, 1993.

NEW SECTION. Sec. 16. A new section is added to chapter 41.06 RCW to read as follows:

(1) Unless the context clearly requires otherwise, as used in this chapter, "register" means a list of names of persons certified by the director to meet the minimum qualifications necessary for purposes of consideration and potential selection by a hiring authority for employment by the state of Washington.

(2) Inclusion on a register is proof of only the existence of the opinion of the director that a person has met the minimal qualifications for consideration by the hiring authority of the persons on the register for employment by the state of Washington in a job classification. Inclusion on a register shall not, by itself, for any purpose or in any cause of action be evidence that a person has obtained a right to employment.

Sec. 17. RCW 28B.12.060 and 1987 c 330 s 202 are each amended to read as follows:

The higher education coordinating board shall adopt rules ((and regulations)) as may be necessary or appropriate for effecting the provisions of this chapter, and not in conflict with this chapter, in accordance with the provisions of chapter 34.05 RCW, the state higher education administrative procedure act. In preparing classification and salary schedules as set forth in RCW 41.06.150 as now or hereafter amended the department of personnel shall give full consideration to prevailing rates in other public employment and in private employment in this state. For this purpose the department shall undertake comprehensive salary and fringe benefit surveys ~~((to be planned and~~

conducted on a joint basis with the higher education personnel board)), with such surveys to be conducted in the year prior to the convening of every other one hundred five day regular session of the state legislature. In the year prior to the convening of each one hundred five day regular session during which a comprehensive salary and fringe benefit survey is not conducted, the department shall plan and conduct ((on a joint basis with the higher education personnel board)) a trend salary and fringe benefit survey. This survey shall measure average salary and fringe benefit movement for broad occupational groups which has occurred since the last comprehensive salary and fringe benefit survey was conducted. The results of each comprehensive and trend salary and fringe benefit survey shall be completed and forwarded by September 30 with a recommended state salary schedule to the governor and director of financial management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the department of personnel to the standing committees for appropriations of the senate and house of representatives.

In the case of comprehensive salary and fringe benefit surveys, the department shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the department of personnel with(:(

(a)) those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; ((and

(b) Those department of personnel classes which are substantially the same as classes being used by the higher education personnel board clearly marked to show the commonality of the classes between the two jurisdictions;))

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the department of personnel. ((Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.))

Salary and fringe benefit survey information collected from private employers which identifies a specific employer with the salary and fringe benefit rates which that employer pays to its employees shall not be subject to public disclosure under chapter 42.17 RCW.

The first comprehensive salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1986. The first trend salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1988.

For this purpose, a comprehensive salary and fringe benefit survey plan shall be submitted to the director of financial management, employee organizations, and the standing committees for appropriations of the senate and house of representatives six months before the beginning of each periodic survey required before regular legislative sessions. This comprehensive plan shall include but not be limited to the following:

- (b) A comprehensive salary and fringe benefit survey model based on scientific statistical principles which:
- (i) Encompasses the interrelationships among the various elements of the survey sample including sources of salary and fringe benefit data by organization type, size, and regional location;
 - (ii) Is representative of private and public employment in this state;
 - (iii) Ensures that, wherever practical, data from smaller, private firms are included and proportionally weighted in the survey sample; and
 - (iv) Indicates the methodology to be used in application of survey data to job classes used by state government;
- (c) A prediction of the increase or decrease in total funding requirements expected to result from the pending salary and fringe benefit survey based on consumer price index information and other available trend data pertaining to Washington state salaries and fringe benefits.

(2) Every comprehensive survey plan shall fully consider fringe benefits as an element of compensation in addition to basic salary data. ~~((The plans prepared under this section shall be developed jointly by the department of personnel in conjunction with the higher education personnel board established under chapter 28B.16 RCW. All comprehensive salary and fringe benefit survey plans shall be submitted on a joint signature basis by the department of personnel and the higher education personnel board.))~~

- (b) Employer retirement contributions;
- (c) Health and insurance payments, including life, accident, and health insurance, workers' compensation, and sick leave;

(1) Governmental agencies, including law enforcement agencies, prosecuting agencies, and the executive branch, whether state, local, or federal shall have access to information or records deemed private and confidential under this chapter if the information or records are needed by the agency for official purposes and:

(a) The agency submits an application in writing to the employment security department for the records or information containing a statement of the official purposes for which the information or records are needed and specific identification of the records or information sought from the department; and

(b) The director, commissioner, chief executive, or other official of the agency has verified the need for the specific information in writing either on the application or on a separate document; and

(c) The agency requesting access has served a copy of the application for records or information on the individual or employing unit whose records or information are sought and has provided the department with proof of service. Service shall be made in a manner which conforms to the civil rules for superior court. The requesting agency shall include with the copy of the application a statement to the effect that the individual or employing unit may contact the public records officer of the employment security department to state any objections to the release of the records or information. The employment security department shall not act upon the application of the requesting agency until at least five days after service on the concerned individual or employing unit. The employment security department shall consider any objections raised by the concerned individual or employing unit in deciding whether the requesting agency needs the information or records for official purposes.

(2) The requirements of subsections (1) and (7) of this section shall not apply to the state legislative branch. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a

(5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) must be satisfied.

(6) Disclosure to governmental agencies of information or records obtained by the employment security department from the federal government shall be governed by any applicable federal law or any agreement between the federal government and the employment security department where so required by federal law. When federal law does not apply to the records or information state law shall control.

(7) The disclosure of any records or information by a governmental agency which has obtained the records or information under this section is prohibited unless the disclosure is directly connected to the official purpose for which the records or information were obtained.

(8) In conducting periodic salary or fringe benefit studies pursuant to law, the department of personnel (~~and the higher education personnel board~~) shall have access to records of the employment security department as may be required for such studies. In preparing classification and salary schedules as set forth in RCW 41.06.150 as now or hereafter amended the department of personnel shall give full consideration to prevailing rates in other public employment and in private employment in this state. For this purpose the department shall undertake comprehensive salary and fringe benefit surveys ~~((to be planned and conducted on a joint basis with the higher education personnel board))~~, with such surveys to be conducted in the year prior to the convening of every other one hundred five day regular session of the state legislature. In the year prior to the convening of each one hundred five day regular session during which a comprehensive salary and fringe benefit survey is not conducted, the department shall plan and conduct ~~((on a joint basis with the higher education personnel board))~~ a trend salary and fringe benefit survey. This survey shall measure average salary and fringe benefit movement for broad occupational groups which has occurred since the last comprehensive salary and fringe benefit survey was conducted. The results of each comprehensive and trend salary and fringe benefit survey shall be completed and forwarded by September 30 with a recommended state salary schedule to the governor and director of financial management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the department of personnel to the standing committees for appropriations of the senate and house of representatives.

In the case of comprehensive salary and fringe benefit surveys, the department shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the department of personnel with(~~(:~~

~~(a))~~) those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; ~~((and~~

~~(b) Those department of personnel classes which are substantially the same as classes being used by the higher education personnel board clearly marked to show the commonality of the classes between the two jurisdictions;))~~

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the department of personnel. ~~((Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.))~~

Salary and fringe benefit survey information collected from private employers which identifies a specific employer with the salary and fringe benefit rates which that employer pays to its employees shall not be subject to public disclosure under chapter 42.17 RCW.

The first comprehensive salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1986. The first trend salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1988.

This comprehensive plan shall include but not be limited to the following:

(i) Encompasses the interrelationships among the various elements of the survey sample including sources of salary and fringe benefit data by organization type, size, and regional location;

(ii) Is representative of private and public employment in this state;

(iii) Ensures that, wherever practical, data from smaller, private firms are included and proportionally weighted in the survey sample; and

(iv) Indicates the methodology to be used in application of survey data to job classes used by state government;

(c) A prediction of the increase or decrease in total funding requirements expected to result from the pending salary and fringe benefit survey based on consumer price index information and other available trend data pertaining to Washington state salaries and fringe benefits.

(2) Every comprehensive survey plan shall fully consider fringe benefits as an element of compensation in addition to basic salary data. ~~((The plans prepared under this section shall be developed jointly by the department of personnel in conjunction with the higher education personnel board established under chapter 28B.16 RCW. All comprehensive salary and fringe benefit survey plans shall be submitted on a joint signature basis by the department of personnel and the higher education personnel board.))~~

NEW SECTION. Sec. 69. RCW 28B.16.240 is recodified as a new section in chapter 41.06 RCW.

NEW SECTION. Sec. 70. RCW 41.06.230, 41.06.240, 41.06.310, and 41.64.900 are each decodified.

NEW SECTION. Sec. 71. (1) The legislature recognizes that the most vital asset of state government is the people who design, manage, and implement its programs and deliver its services. The quality and effectiveness of state service depends on many factors, including adequate resources, personal dedication, proper training, skilled and sensitive management, and the removal of artificial barriers to personal and organizational success.

(2) The legislature further recognizes that due to increasing demands on state government requiring new levels of efficiency and effectiveness in service delivery, and the impact of the total system of laws and rules governing recruitment, development, and management of personnel resources in state government, it is imperative to immediately and comprehensively examine all aspects of that system, and make whatever changes are indicated forthwith.

(3) To that end, there is hereby created a study task force composed of the following members: Three members of the house of representatives appointed by the speaker of the house of representatives, three members of the senate appointed by the president of the senate, five members appointed by the governor, and one representative from each employee organization that has at least five hundred dues-paying members employed by the state of Washington. The charge of the task force is to make a comprehensive recommendation to the legislature no later than December 1, 1993, in the form of proposed legislation, regarding the provision of personnel resources in state government. The task force shall address at least the following issues:

- (a) Overall organization of the personnel resources apparatus in state government:
 - (i) Consolidation or decentralization of all personnel services; and
 - (ii) The appropriate role and degree of control of the governor, the Washington personnel resources board, agency directors, and other elected officials;
- (b) Efficiency in management and service delivery:
 - (i) Identify the principal barriers to, and successes in, effective recruitment, retention, development, and assignment of a quality work force in state service;
 - (ii) Analyze the extent to which improvement in these areas is best achieved by changes in civil service reform, or from management and organizational initiatives of the governor, agency directors, employee organizations, employees, and other elected officials; and
 - (iii) Develop principles regarding the purchase of services by state government;
- (c) Employee rights and participation:
 - (i) Identify areas and issues that are appropriately decided cooperatively between classified employees and management through collective bargaining or otherwise, and those areas that are inherently management prerogatives and responsibilities;

(ii) Analyze the full range of collective bargaining or other collaborative process issues, and identify those features that are the most effective and equitable, including grievance procedures, bargaining units, representation, union security, negotiations, and unfair labor practices;

(iii) Analyze the duty of the state to provide job stability and termination rights such as notice for exempt employees and develop a policy of equitable protection for exempt employees; and

(d) Any other related issue that comes to light during the course of the study may properly be examined. This list of issues is in no way intended to limit the inquiry and exploration of the task force in its pursuit of its principal charge.

(4) In developing its recommendation the task force shall draw upon the following resources:

(a) Full and frequent consultation with particular interest groups, including state employees and their organizations, managers, and directors at all levels of state service, elected officials, and academic and private sector personnel resource specialists;

(b) The experience of other states, particularly those who have recently made significant changes in this area; and

(c) The experience of private sector organizations that are recognized for innovative and effective accomplishment in this field.

(5) The task force shall meet at least monthly, and shall hold meetings in different regions of the state. Staff services shall be provided by legislative and governor's office staff.

(6) This section shall expire December 31, 1993.

NEW SECTION. Sec. 72. Section 67 of this act shall take effect July 1, 1997.

NEW SECTION. Sec. 73. Sections 1 through 66 and 68 through 70 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

MOTION

On motion of Senator Moore, the following amendments to the striking amendment by Senators Moore and Gaspard were considered simultaneously and were adopted:

On page 56, before line 1, insert the following:

"(27) RCW 28B.16.200 and 1979 c 151 s 18 and 1969 ex.s. c 36 s 20;"

Renumber the remaining subsections consecutively.

On page 56, after line 11, insert the following:

"NEW SECTION. Sec. 69. RCW 41.06.430 and 1990 c 60 s 102 and 1980 c 118 s 7 are each repealed."

Renumber the remaining sections consecutively and correct any references accordingly.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Moore and Gaspard, as amended, to Engrossed Substitute House Bill No. 2054.

Debate ensued.

POINT OF INQUIRY

Senator Deccio: "Senator Gaspard, I understand there has been some change in Item No. 5, the Director--giving rule-making authority to the Director for the manager positions. Would you explain that for us, please?"

Senator Gaspard: "Yes, Senator Deccio, the change that Senator Moore has just outlined creates a new definition of the managerial core. Under the powers of the Director of the Department, as appointed by the Governor, that Director will have rule-making authority over that managerial group. The board, as it is retained in the bill, will have the rule-making authority over all the rest of the state employees."

Senator Deccio: "I understand that that has been softened somewhat since this information sheet was distributed to us. Is it as it reads then, that the Director will be giving rule-making authority for manager positions?"

Senator Gaspard: "That is correct. What has changed from a draft that we looked at yesterday, at least from an outline that we looked at yesterday, was the definition by percentage which is one percent that allows the exempt positions to be increased."

Senator Deccio: "And one more question, if I may, the Personnel Director is appointed by and serves at the pleasure of the Governor. Through that place on the table organization, how many employees would the Governor have direct control over?"

Senator Gaspard: "If you mean the number of employees we anticipate to be in the management group, is that what you are asking, Senator Deccio? We anticipate that to be somewhere around four thousand--perhaps five thousand--the management definition as provided in the bill."

Senator Deccio: "Thank you."

POINT OF INQUIRY

Senator Nelson: "Senator Moore, I go back to the amendments that have been adopted here. I didn't have a chance to see those before they were finally adopted and I am wondering now on the amendment to the striking amendment where we are removing the fund that had heretofore been used to fund the Higher Education Personnel Board. That has now been eliminated. What is the source of funding now for this combined personnel board that is going to take place in this bill?"

Senator Moore: "I think, in looking at the bill, I believe that it is unchanged from where it is now."

Senator Nelson: Meaning, it is from the general fund?"

Senator Moore: "Yes, from where it is now."

Senator Nelson: "OK. The second question is on your second amendment to the striking amendment which eliminated the career executive program for those who were involved in higher education programs with our universities and colleges, and I fail to see the rationale as to why we now are doing that in this bill when, in fact, the thrust of the rest of the bill was to give more exempt positions to effectively create opportunities for more people to pursue managerial activities without being under the umbrella of civil service. Can you explain why we are eliminating the career executive program? That is the second amendment to the striking amendment."

Senator Moore: "We are not eliminating it for community colleges, technical schools, as I understand it, and we do have the Washington management group that would be the replacement."

The striking amendment by Senators Moore and Gaspard, as amended, to Engrossed Substitute House Bill No. 2054 was adopted.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House refuses to recede from its amendment(s) to ENGROSSED SUBSTITUTE SENATE BILL NO. 5157, insists on its position and asks the Senate to concur therein, and the same are herewith transmitted.

ALAN THOMPSON, Chief Clerk

MOTION

Senator Adam Smith moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5157.

POINT OF INQUIRY

Senator Newhouse: "Senator Smith, would you describe the amendments to us and the situation, please?"

Senator Adam Smith: "This is the bill that had to do with statutory attorney's fees received in district court. When you don't plead a specific amount of attorney's fees, you receive just a statutory amount. This happens in small cases. Currently, in all courts, except district court, the statutory amount is a hundred twenty-five dollars. The district court amount is fifty dollars, but you only receive it if you receive a minimum of twenty-five dollars in the judgment. What this bill does, originally, it bumped it up to fifty dollars, the minimum amount, and bumped the attorney's fees up to one hundred and twenty-five.

"On the floor, we changed that, and said the statutory attorney's fees are a hundred dollars and it floats below that. So, in other words, you would have to collect at least a hundred to get a hundred. If you collected eighty, you would get eighty and so on down the line. My understanding is this is something new that just sort of messes up the fee schedule. I mean why create more confusion in the system. So, we are going back to what the original bill had wanted to do before we messed around with it in

committee and, basically, doing what they brought to us in the first place, because it turned out, in my opinion, that they had the better approach."

The President declared the question before the Senate to be the motion by Senator Adam Smith that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5157.

The motion by Senator Adam Smith carried and the Senate concurred in the House amendment(s) to Engrossed Substitute Senate Bill No. 5157.

MESSAGE FROM THE HOUSE

April 21, 1993

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5868 with the following amendment(s)
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a merged department of community, trade, and economic development that fosters new partnerships for strong and sustainable communities. The consolidation of the department of trade and economic development and the department of community development into one department will: Streamline access to services by providing a simpler point of entry for state programs; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; and increase accountability to the public, the executive branch, and the legislature.

A new department can bring together a focused effort to: Manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; construct public infrastructure; protect our cultural heritage; and promote the health and safety of the state's citizens.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in

assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in this consolidation to maximize the use of local expertise and resources in the delivery of community and economic development services.

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED HOUSE BILL NO. 1748, Higher ed financial aid, have had the same under consideration and we recommend that:

The Senate Committee on Higher Education amendment(s) adopted April 13, 1993, not be adopted, and that the following Conference Committee striking amendment(s) be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.15.820 and 1985 c 390 s 35 are each amended to read as follows:

(1) Each institution of higher education, except technical colleges, shall deposit two and one-half percent of revenues collected from tuition and services and activities fees in an institutional ~~((long-term loan))~~ financial aid fund ~~((which))~~ that is hereby created and which shall be held locally. Moneys in ~~((such))~~ the fund shall be used only for the following purposes: (a) To make guaranteed long-term loans to eligible students (except as provided for) as provided in subsections (3) through (8) of this section; (b) to make short-term loans as provided in subsection (9) of this section; or (c) to provide financial aid to needy students as provided in subsection (10) of this section.

(2) An "eligible student" for the purposes of subsections (3) through (8) and (10) of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 through ~~((28B.15.015))~~ 28B.15.013, and who is a "needy student" as defined in RCW 28B.10.802.

(3) The amount of the guaranteed long-term loans made under ~~((subsection (1) of))~~ this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program.

(4) Before approving a guaranteed long-term loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of guaranteed long-term loans made under ~~((subsection (1) of))~~ this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of guaranteed long-term loans under ~~((subsection (1) of))~~ this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of guaranteed long-term loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges ~~((education))~~ and shall be conducted under procedures adopted by ~~((such))~~ the state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, ~~((which))~~ that are paid by or on behalf of borrowers of funds under subsections ~~((4))~~ (3) through (8) of this section, shall be deposited in each institution's ~~((general local))~~ financial aid fund and shall be used to cover the costs of making the guaranteed long-term loans under ~~((subsection (1) of))~~ this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan ~~((principle))~~ principal. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be ~~((used for the support of the institution's operating budget))~~ deposited in the institution's financial aid fund.

(7) The governing boards ~~((of regents))~~ of the state universities, ~~((the boards of trustees of))~~ the regional universities, and The Evergreen State College, and the state board for community and technical colleges ~~((education))~~, on behalf of the community colleges, shall each adopt necessary rules and regulations to implement this section.

(8) ~~((Lending activities))~~ First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term ~~((interim))~~ loans, not to exceed one ~~((hundred twenty days))~~ year, may be made from the institutional ~~((long-term loan))~~ financial aid fund to students ~~((eligible for guaranteed student loans and whose receipt of such loans is pending. Such short-term loans shall not be subject to the guarantee restrictions or the constraints of federal law imposed by subsection (3) of this section))~~ enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional ~~((long-term loan))~~ financial aid fund ~~((which))~~ that are not used in making ~~((long))~~ long-term or short-term loans ~~((or transferred to institutional operating budgets))~~ may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee ~~((waiver))~~ scholarship or grant programs. These funds shall be used in addition to and not to replace institutional funds ~~((which))~~ that would otherwise support these locally-administered financial aid programs. Priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study.

Sec. 2. RCW 28B.101.040 and 1990 c 288 s 6 are each amended to read as follows:

Grants may be used by eligible participants to attend any public or private college or university in the state of Washington that is accredited by an accrediting association recognized by rule of the higher education coordinating board and that has an existing unused capacity. Grants shall not be used to attend any branch campus or educational program established under chapter 28B.45 RCW. The participant shall not be eligible for a grant if it will be used for any programs that include religious worship, exercise, or instruction or to pursue a degree in theology. Each participating student may receive up to two thousand five hundred dollars per academic year, not to exceed the student's demonstrated financial need for the course of study.

Sec. 3. RCW 28B.12.040 and 1985 c 370 s 58 are each amended to read as follows:

The higher education coordinating board shall develop and administer the college work-study program and shall be authorized to enter into agreements with employers and eligible institutions for the operation of the program. These agreements shall include such provisions as the higher education coordinating board may deem necessary or appropriate to carry out the purposes of this chapter.

With the exception of off-campus community service placements, the share from ((funds)) moneys disbursed under the college work-study program of the compensation of students employed under such program in accordance with such agreements shall not exceed eighty percent of the total such compensation paid such students.

By rule, the board shall define community service placements and may determine any salary matching requirements for any community service employers."

On page 1, line 1 of the title, after "aid;" strike the remainder of the title and insert "and amending RCW 28B.15.820, 28B.101.040, and 28B.12.040.", and that the bill do pass as recommended by the Conference Committee.

MESSAGE FROM THE HOUSE

April 17, 1993

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5925 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 67.28 RCW to read as follows:

(1) The legislative body of any county with a population greater than seventy-five thousand in which is located all or part of a national monument is authorized to levy and collect a special excise tax not to exceed two percent on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property. For the purposes of this tax, it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or to enjoy the same.

(2) The tax authorized in subsection (1) of this section is in addition to any other tax authorized by law.

(3) Any seller, as defined in RCW 82.08.010, who is required to collect any tax under this section shall pay over the tax to the county as provided in RCW 67.28.200. The deduction from state taxes under RCW 67.28.190 does not apply to the tax imposed under this section.

(4) All taxes levied and collected under this section shall be credited to a special fund in the treasury of the county. The taxes shall only be used for the acquisition, construction, repair, and improvement of a rest area for tourists which includes restrooms, picnic areas, trails and viewpoints, emergency facilities, transient parking facilities, concession and gift sales, and marketing of facilities for tourists visiting the county or the national monument, or to pay or secure the payment of all or any portion of general obligation bonds issued for such purposes. As used in this section, "transient parking facilities" does not include parking spaces to be used for overnight stays.

(5) The tax authorized in subsection (1) of this section may only be imposed if the county and at least one of the two largest cities in the county provide moneys for the project described in subsection (4) of this section from revenue received under RCW 67.28.180 or if the county provides moneys for the project from revenue received under RCW 82.14.030. Moneys provided under this section shall be deposited in the special fund created under subsection (4) of this section and may be used only as provided in subsection (4) of this section.

NEW SECTION. Sec. 2. A new section is added to chapter 67.28 RCW to read as follows:

The department of revenue shall perform the collection of taxes under section 1 of this act on behalf of the county at no cost to the county.

Sec. 3. RCW 36.100.010 and 1989 1st ex.s. c 8 s 1 are each amended to read as follows:

(1) A public facilities district may be created in any county with three hundred thousand or more population that is located more than one hundred miles from any county in which the state has constructed and owns a convention center, or any county with a population less than seventy-five thousand but greater than twenty thousand in which is located all or part of a national monument. A public facilities district shall be coextensive with the boundaries of the county.

(2) A public facilities district shall be created upon adoption of a resolution providing for the creation of such a district by the county legislative authority in which the proposed district is located and the city council of the largest city within such county.

(3) A public facilities district is a municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(4) No taxes authorized under this chapter may be assessed or levied unless a majority of the voters of the public facilities district has validated the creation of the public facilities district at a general or special election.

(5) A public facilities district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued.

Sec. 4. RCW 36.100.030 and 1989 1st ex.s. c 8 s 3 are each amended to read as follows:

A public facilities district is authorized to acquire, construct, own, and operate sports and entertainment facilities with contiguous parking facilities and, upon the approval of the voters of the public facilities district, a regional science education facility may be located in any city or county within a public facilities district which has a population of more than one hundred fifty thousand. A public facilities district may impose charges and fees for the use of its facilities, and may accept and expend or use gifts, grants, and donations. The taxes that are provided for in this chapter may only be imposed for such purposes.

Sec. 5. RCW 36.100.040 and 1989 1st ex.s. c 8 s 4 are each amended to read as follows:

A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than forty lodging units. The rate of the tax shall not exceed two percent and the proceeds of the tax shall only be used for the acquisition, design, and construction of ~~((sports and entertainment facilities))~~ all public facilities authorized under RCW 36.100.030. This excise tax shall not be imposed until the district has approved the proposal to acquire, design, and construct any of the public facilities authorized under RCW 36.100.030.

Sec. 6. RCW 36.100.060 and 1989 1st ex.s. c 8 s 5 are each amended to read as follows:

(1) To carry out the purpose of this chapter, a public facilities district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness, equal to ~~((three-eighths))~~ three-fourths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A public facilities district additionally may issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the public facilities district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in this chapter.

(2) General obligation bonds may be issued with a maturity of up to thirty years, and shall be issued and sold in accordance with the provisions of chapter 39.46 RCW.

(3) The general obligation bonds may be payable from the operating revenues of the public facilities district in addition to the tax receipts of the district.

(4) The excise tax imposed pursuant to RCW 36.100.040 shall terminate upon final payment of all bonded indebtedness for ~~((the sports and entertainment facility))~~ all public facilities authorized under RCW 36.100.030., and the same are herewith transmitted.

ALAN THOMPSON, Chief Clerk

MOTION

Senator Snyder moved that the Senate do concur in the House amendment to Senate Bill No. 5925.

POINT OF ORDER

Senator Nelson: "Mr. President, I rise to a point of order that I would like the President to rule on the scope and object of the House amendment to Senate Bill No. 5925--a very meritorious measure as it left this body--a measure that would permit an excise tax on lodging and other facilities within a special purpose district of a county of not more than seventy-five thousand population where a national monument exists, and would permit proceeds from that excise tax to be used for lodging and other purposes for the sole activity of those who were visiting the monument.

"I notice, now, that on the amendment from the House, they have added to this measure which started out in RCW 67.28, they have added a section in RCW 36.100 concerning public facility districts and adding language that will allow the approval of a voter initiated plan to permit a regional science education facility in a public facility district with a population of more than a hundred-fifty thousand. For that reason, I rise for this point of order to have the President rule on the scope."

Further debate ensued.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Nelson, the President finds that Senate Bill No. 5925 is a measure which allows counties in which all or part of a national monument is located to levy an excise tax on lodging for use in construction, repair, improvement and marketing of facilities related to the national monument.

"The House amendment would, in addition, expand the list of counties who are eligible to create a public facilities district and, furthermore, would expand the authorization of public facilities districts by allowing construction and operation of regional science education facilities in certain cities and towns which meet certain population requirements and obtain voter approval.

"The President, therefore, finds the proposed House striking amendment does change the scope and object of the bill and the point of order is well taken."

The House striking amendment to Senate Bill No. 5925 was ruled out of order.

MOTION

On motion of Senator Snyder, the Senate refuses to concur in the House amendment to Senate Bill No. 5925 and asks the House to recede therefrom.

At 8:07 p.m., there being no objection, the President declared the Senate to be at ease.

The Senate was called to order at 8:15 p.m. by President Pritchard.

Sec. 2. Section 406, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 is amended to read as follows:

POWERS AND DUTIES OF THE COMMISSION. The commission has the following powers and duties:

(1) Ensure that all residents of Washington state are enrolled in a certified health plan to receive the uniform benefits package, regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status.

(2) Endeavor to ensure that all residents of Washington state have access to appropriate, timely, confidential, and effective health services, and monitor the degree of access to such services. If the commission finds that individuals or populations lack access to certified health plan services, the commission shall:

(a) Authorize appropriate state agencies, local health departments, community or migrant health clinics, public hospital districts, or other nonprofit health service entities to take actions necessary to assure such access. This includes authority to contract for or directly deliver services described within the uniform benefits package to special populations; or

(b) Notify appropriate certified health plans and the insurance commissioner of such findings. The commission shall adopt by rule standards by which the insurance commissioner may, in such event, require certified health plans in closest proximity to such individuals and populations to extend their catchment areas to those individuals and populations and offer them enrollment.

(3) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993. An initial set of draft rules establishing at least the commission's organization structure, the uniform benefits package, and standards for certified health plan certification, must be submitted in draft form to appropriate committees of the legislature by December 1, 1994.

(4) Establish and modify as necessary, in consultation with the state board of health and the department of health, and coordination with the planning process set forth in section 467 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 a uniform set of health services based on the recommendations of the health care cost control and access commission established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990.

(5) Establish and modify as necessary the uniform benefits package as provided in section 449 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, which shall be offered to enrollees of a certified health plan. The benefit package shall be provided at no more than the maximum premium specified in subsection (6) of this section.

(6)(a) Establish for each year a community-rated maximum premium for the uniform benefits package that shall operate to control overall health care costs. The maximum premium cost of the uniform benefits package in the base year 1995 shall be established upon an actuarial determination of the costs of providing the uniform benefits package and such other cost impacts as may be deemed relevant by the commission. Beginning in 1996, the growth rate of the premium cost of the uniform benefits package for each certified health plan shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than the five-year rolling average of growth in Washington per capita personal income, as determined by the office of financial management.

(b) In establishing the community-rated maximum premium under this subsection, ~~((the commission shall develop a composite rate for employees that provides nominal, if any, variance between the rate for individual employees and employees with dependents to minimize any economic incentive to an employer to discriminate between prospective employees based upon whether or not they have dependents for whom coverage would be required. Nothing in this subsection (6)(b) shall preclude the commission from evaluating other methodologies for establishing the community-rated maximum premium and recommending an alternative methodology to the legislature))~~ the commission shall review various methods for establishing the community-rated maximum premium and shall recommend such methods to the legislature by December 1, 1994.

The commission may develop and recommend a rate for employees that provides nominal, if any, variance between the rate for individual employees and employees with dependents to minimize any economic incentive to an employer to discriminate between prospective employees based upon whether or not they have dependents for whom coverage would be required.

(c) If the commission adds or deletes services or benefits to the uniform benefits package in subsequent years, it may increase or decrease the maximum premium to reflect the actual cost experience of a broad sample of providers of that service in the state, considering the factors enumerated in (a) of this subsection and adjusted actuarially. The addition of services or benefits shall not result in a redetermination of the entire cost of the uniform benefits package.

(d) The level of state expenditures for the uniform benefits package shall be limited to the appropriation of funds specifically for this purpose.

(7) Determine the need for medical risk adjustment mechanisms to minimize financial incentives for certified health plans to enroll individuals who present lower health risks and avoid enrolling individuals who present higher health risks, and to minimize financial incentives for employer hiring practices that discriminate against individuals who present higher health risks. In the design of medical risk distribution mechanisms under this subsection, the commission shall (a) balance the benefits of price competition with the need to protect certified health plans from any unsustainable negative effects of adverse selection; (b) consider the development of a system that creates a risk profile of each certified health plan's enrollee population that does not create disincentives for a plan to control benefit utilization, that requires contributions from plans that enjoy a low-risk enrollee population to plans that have a high-risk enrollee population, and that does not permit an adjustment of the premium charged for the uniform benefits package or supplemental coverage based upon either receipt or contribution of assessments; and (c) consider whether registered employer health plans should be included in any medical risk adjustment mechanism. Proposed medical risk adjustment mechanisms shall be submitted to the legislature as provided in section 454 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(8) Design a mechanism to assure minors have access to confidential health care services as currently provided in RCW 70.24.110 and 71.34.030.

(9) Monitor the actual growth in total annual health services costs.

(10) Monitor the increased application of technology as required by chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 and take necessary action to ensure that such application is made in a cost-effective and efficient manner and consistent with existing laws that protect individual privacy.

(11) Establish reporting requirements for certified health plans that own or manage health care facilities, health care facilities, and health care providers to periodically report to the commission regarding major capital expenditures of the plans. The commission shall review and monitor such reports and shall report to the legislature regarding major capital expenditures on at least an annual basis. The Washington health care facilities authority and the commission shall develop standards jointly for evaluating

and approving major capital expenditure financing through the Washington health care facilities authority, as authorized pursuant to chapter 70.37 RCW. By December 1, 1994, the commission and the authority shall submit jointly to the legislature such proposed standards. The commission and the authority shall, after legislative review, but no later than June 1, 1995, publish such standards. Upon publication, the authority may not approve financing for major capital expenditures unless approved by the commission.

(12) Establish maximum enrollee financial participation levels. The levels shall be related to enrollee household income.

(13) For health services provided under the uniform benefits package and supplemental benefits, adopt standards for enrollment, and standardized billing and claims processing forms. The standards shall ensure that these procedures minimize administrative burdens on health care providers, health care facilities, certified health plans, and consumers. Subject to federal approval or phase-in schedules whenever necessary or appropriate, the standards also shall apply to state-purchased health services, as defined in RCW 41.05.011.

(14) Propose that certified health plans adopt certain practice indicators or risk management protocols for quality assurance, utilization review, or provider payment. The commission may consider indicators or protocols recommended according to section 410 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 for these purposes.

(15) Propose other guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis-related groups and a resource-based relative value scale. Such guidelines shall be voluntary and shall be designed to promote improved management of care, and provide incentives for improved efficiency and effectiveness within the delivery system.

(16) Adopt standards and oversee and develop policy for personal health data and information system as provided in chapter 70.170 RCW.

(17) Adopt standards that prevent conflict of interest by health care providers as provided in section 408 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(18) At the appropriate juncture and in the fullness of time, consider the extent to which medical research and health professions training activities should be included within the health service system set forth in this chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(19) Evaluate and monitor the extent to which racial and ethnic minorities have access and to receive health services within the state, and develop strategies to address barriers to access.

(20) Develop standards for the certification process to certify health plans and employer health plans to provide the uniform benefits package, according to the provisions for certified health plans and registered employer health plans under chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(21) Develop rules for implementation of individual and employer participation under sections 463 and 464 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 specifically applicable to persons who work in this state but do not live in the state or persons who live in this state but work outside of the state. The rules shall be designed so that these persons receive coverage and financial requirements that are comparable to that received by persons who both live and work in the state.

(22) After receiving advice from the health services effectiveness committee, adopt rules that must be used by certified health plans, disability insurers, health care service contractors, and health maintenance organizations to determine whether a procedure, treatment, drug, or other health service is no longer experimental or investigative.

(23) Establish a process for purchase of uniform benefits package services by enrollees when they are out-of-state.

(24) Develop recommendations to the legislature as to whether state and school district employees, on whose behalf health benefits are or will be purchased by the health care authority pursuant to chapter 41.05 RCW, should have the option to purchase health benefits through health insurance purchasing cooperatives on and after July 1, 1997. In developing its recommendations, the commission shall consider:

(a) The impact of state or school district employees purchasing through health insurance purchasing cooperatives on the ability of the state to control its health care costs; and

(b) Whether state or school district employees purchasing through health insurance purchasing cooperatives will result in inequities in health benefits between or within groups of state and school district employees.

(25) Establish guidelines for providers dealing with terminal or static conditions, taking into consideration the ethics of providers, patient and family wishes, costs, and survival possibilities.

(26) Evaluate the extent to which Taft-Hartley health care trusts provide benefits to certain individuals in the state; review the federal laws under which these trusts are organized; and make appropriate recommendations to the governor and the legislature on or before December 1, 1994, as to whether these trusts should be brought under the provisions of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 when it is fully implemented, and if the commission recommends inclusion of the trusts, how to implement such inclusion.

(27) Make appropriate recommendations to the governor and the legislature on or before December 1, 1994, as to how seasonal workers and their employers may be brought under the provisions of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 when it is fully implemented, and with particular attention to the financial impact on seasonal workers and their employers. Until such time this study has been completed and the legislature has taken affirmative action, RCW 43.---,--- (section 464, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, as amended by section 3 of this act) shall not apply to seasonal workers or their employers.

(28) Evaluate whether Washington is experiencing a higher percentage in in-migration of residents from other states and territories than would be expected by normal trends as a result of the availability of unsubsidized and subsidized health care benefits for all residents and report to the governor and the legislature their findings.

~~((28))~~ (29) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan adopted by the federal government and its implications.

~~((29))~~ (30) Evaluate the effect of reforms under chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 on access to care and economic development in rural areas.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of personal health data, where the commission shall have primary data system policymaking authority and the department of health shall have primary responsibility for the maintenance and routine operation of personal health data systems.

Sec. 3. Section 464, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 is amended to read as follows:

(1) The legislature recognizes that small businesses play an essential and increasingly important role in the state's economy. The legislature further recognizes that many of the state's small business owners provide health insurance to their employees through small group policies at a cost that directly affects their profitability. Other small business owners are prevented from providing health benefits to their employees by the lack of access to affordable health insurance coverage. The legislature intends that the provisions of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 make health insurance more available and affordable to small businesses in Washington state through strong cost control mechanisms and the option to purchase health benefits through the basic health plan, the Washington state group purchasing association, and health insurance purchasing cooperatives.

(2) On July 1, 1995, every employer employing more than five hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, and for employers who have established a registered employer health plan, one of which may be its own registered employer health plan, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1996, all dependents of qualified employees of these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(3) By July 1, 1996, every employer employing more than one hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1997, all dependents of qualified employees in these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(4) By July 1, 1997, every employer shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1999, all dependents of qualified employees in all firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(5) This employer participation requirement shall be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions of the First Amendment of the United States Constitution or Article I, section 11, of the state Constitution. In such case the employer shall, pursuant to commission rules, set aside an amount equal to the applicable employer contribution level in a manner that would permit his or her employee to fully comply with the requirements of this chapter.

(6) In lieu of offering the uniform benefits package to employees and their dependents through direct contracts with certified health plans, an employer may combine the employer contribution with that of the employee's contribution and enroll in the basic health plan as provided in chapter 70.47 RCW or a health insurance purchasing cooperative established under sections 425

and 426 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993. Any subsidy that may be provided according to the provisions of chapter 70.47 RCW shall not lessen the employer's obligation to pay a minimum of fifty percent of the premium and the full amount of the direct subsidy shall be for the benefit of the employee or the dependent.

(7) For purposes of determining the financial obligation of an employer who enrolls employees or employees and their adult dependents in the basic health plan, the premium shall be the per adult, per month, cost of coverage in the plan, including administration.

NEW SECTION. Sec. 4. Section 466, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 is amended to read as follows:

SMALL FIRM FINANCIAL ASSISTANCE. (1) Beginning July 1, 1997, firms with fewer than twenty-five workers that face barriers to providing health insurance for their employees may, upon application, be eligible to receive financial assistance with funds set aside from the health services account. Firms with the following characteristics shall be given preference in the distribution of funds: (a) New firms, (b) employers with low average wages, (c) employers with low profits, and (d) firms in economically distressed areas.

(2) All employers in existence on or before July 1, 1997, who meet the criteria set forth in this section, and rules adopted under this section, may apply to the health services commission for assistance. Such employers may not receive premium assistance beyond July 1, 2001. New employers, who come into existence after July 1, 1997, may apply for and receive premium assistance for a limited period of time, as determined by the commission.

(3) The total funds available for small business assistance shall ~~((not exceed))~~ be the lesser of (a) one hundred fifty million dollars or (b) twenty-five percent of the cost of the uniform benefits package per the eligible applicants' insured employee or dependents as the case may be, for the biennium beginning July 1, 1997. Thereafter, the amount of total funds available for premium assistance shall be determined by the office of financial management, based on a forecast of inflation, employment, and the number of eligible firms.

(4) By July 1, 1997, the health services commission, with assistance from the small business advisory committee established in section 404 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, shall develop specific definitions, rules, and procedures governing all aspects of the small business assistance program, including application procedures, thresholds regarding firm size, wages, profits, and age of firm, and rules governing duration of assistance. The health services commission will endeavor to design a system for the distribution of assistance that will create minimal burdens on businesses seeking financial assistance.

(5) Final determination of the amount of the premium assistance to be dispensed to an employer shall be made by the commission based on rules, definitions, and procedures developed under this section. If total claims for assistance are above the amount of total funds available for such purposes, the commission shall have the authority to prorate employer claims so that the amount of available funds is not exceeded.

(6) The office of financial management, in consultation with the commission, shall establish appropriate criteria for monitoring and evaluating the economic and labor market impacts of the premium assistance program and report its findings to the commission annually through July 1, 2001.

NEW SECTION. Sec. 5. No later than January 1, 1997, the commission shall recommend legislation establishing a program for tax credits under chapter 82.04 RCW for employers with fewer than five hundred full-time equivalent employees, that provides a credit against the amount of employer tax. The credit shall be in an amount equal to a proportion of the cost of premium contributions made by such employer on behalf of dependents of employees under chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993. The proposed legislation shall limit the tax credit based on the criteria set forth in RCW 43.-- -- (section 466, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, as amended by section 4 of this act). The tax credit shall not exceed forty percent of the employer's actual premium paid on behalf of dependents of employees.

NEW SECTION. Sec. 6. A new section is added to chapter 70.47 RCW to read as follows:

The administrator shall continue to use a premium pricing structure substantially equivalent to that used by the plan on January 1, 1993.

NEW SECTION. Sec. 7. Section 5 of this act is added to chapter 43.-- RCW (sections 401 through 407, 409, 425, 427 through 430, and 447 through 466 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

MOTION

Senator Deccio moved that the following amendment by Senators Deccio, West, Moyer, Bluechel and McDonald to the striking amendment by Senators Talmadge, Gaspard and Snyder be adopted:

Beginning on page 1, line 7, after "Sec. 1." strike the remainder of the amendment and insert the following:

"**Sec. 1.** RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

(1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for medicare with gross family income at or below ~~((two))~~ three hundred percent of the

federal poverty guidelines, except as provided for in RCW 70.47.060(11)(b), who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) ~~((The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations))~~ (a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public/private partnership as they configure their own professional and business relationships into a managed care system.

(b) As a consequence, the legislature intends to make the program available to individuals in the state with incomes below three hundred percent of federal poverty guidelines, except as provided for in RCW 70.47.060(11)(b), who reside in communities where the plan is operational, and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the program if it is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals in purchasing health care through the program.

Sec. 2. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, all under the age of sixty-five and not otherwise eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, ~~((whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services,))~~ who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. Nonsubsidized enrollees shall be considered enrollees unless otherwise specified.

(5) "Nonsubsidized enrollee" means an enrollee who pays the full premium for participation in the plan and shall not be eligible for any subsidy under the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes, from funds appropriated from the basic health plan trust account, to a managed health care system on behalf of an enrollee plus the administrative cost to the plan of providing the plan to that enrollee, and the amount determined to be the enrollee's responsibility under RCW 70.47.060(2).

~~((6))~~ (7) "Premium" means a periodic payment, based upon gross family income and determined under RCW 70.47.060(2), which an enrollee makes to the plan as consideration for enrollment in the plan.

~~((7))~~ (8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of enrollees in the plan and in that system.

Sec. 3. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

(1) The basic health plan trust account is hereby established in the state treasury. ~~((A#))~~ Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due under RCW 70.47.060 (11) and (12) shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 4. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, for the period ending June 30, 1993, with respect to coverage for groups of subsidized enrollees, the administrator shall not contract for prenatal or postnatal services that are provided under the medical assistance program under chapter 74.09 RCW except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider, or

except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2) To design and implement a structure of periodic premiums due the administrator from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

(a) An employer or other financial sponsor may, with the approval of the administrator, pay the premium on behalf of any enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed eighty percent of total premiums due from the enrollee.

(b) Premiums due from nonsubsidized enrollees, who are not otherwise eligible to be enrollees, shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6)(a) To limit the payment of a subsidy to only of those enrollees, as defined in RCW 70.47.020, whose gross family income at the time of enrollment does not exceed twice the federal poverty level adjusted for family size and determined annually by the federal department of health and human services.

(b) Except as provided for in subsection (11)(b) of this section, to limit participation of nonsubsidized enrollees in the plan to those whose family incomes at the time of enrollment does not exceed three times the federal poverty level adjusted for family size and determined annually by the federal department of health and human services.

(7) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

~~((Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.~~

~~(7))~~ (8) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

~~((8))~~ (9) To receive periodic premiums from enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

~~((9))~~ (10) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Except as provided for in subsection (11)(b) of this section, an enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above ((twice)) three times the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above ((twice)) three times the poverty level for ((six)) eighteen consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled plus the administrative cost of providing the plan to that enrollee. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no

apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

~~((14))~~ (11)(a) To accept applications from small business owners on behalf of themselves and their employees, spouses, and dependent children who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. For the purposes of this subsection, an employee means an individual who regularly works for the employer for at least twenty hours per week. Such businesses shall have less than fifty or fewer employees and enrollment shall be limited to those not otherwise eligible for medicare, whose gross family income at the time of enrollment does not exceed three times the federal poverty level as adjusted for family size and determined by the federal department of health and human services, who wish to enroll in the plan at no cost to the state and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes. No enrollee of a small business group shall be eligible for any subsidy from the plan and at no time shall the administrator allow the credit of the state or funds from the trust account to be used or extended on their behalf.

(b) Notwithstanding income limitations provided for in (a) of this subsection, if seventy-five percent or more of employees in a small business at the time of enrollment have gross family incomes that do not exceed three times the federal poverty level as adjusted for family size and determined by the federal department of health and human services, all employees in the small business will be eligible for enrollment under this subsection. The plan shall annually require participating small businesses enrolled under this subsection (11)(b) to provide evidence of gross family incomes of enrolled employees for purposes of determining continued eligibility of such employees under this subsection (11)(b). To minimize the burden and cost of complying with this reporting requirement, the plan shall accept documentation from the small business that provides such information as may be required by other state agencies. Should more than twenty-five percent of employees of an enrolled small business be found to have gross family incomes exceeding three times the federal poverty level, the plan shall notify the small business that those employees are no longer eligible for enrollment and shall disenroll these employees eighteen months after the notification. The remaining employees of such small businesses who have gross family incomes below three times the federal poverty level will continue to be eligible enrollees under (a) of this subsection.

(12) To accept applications from individuals residing in areas serviced by the plan, on behalf of themselves and their spouses and dependent children, not otherwise eligible for medicare, whose gross family income at the time of enrollment does not exceed three times the federal poverty level as adjusted for family size and determined by the federal department of health and human services, who wish to enroll in the plan at no cost to the state and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. Any such nonsubsidized enrollees must pay the amount negotiated by the administrator with the participating managed health care system and the administrative cost of providing the plan to such nonsubsidized enrollees and shall not be eligible for any subsidy from the plan.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant. In determining the rate to be paid to a contractor, the administrator shall strive to assure that the rate does not result in adverse cost shifting to other private payers of health care.

~~((14))~~ (14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((12))~~ (15) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

~~((13))~~ (16) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

~~((14))~~ (17) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

~~((15))~~ (18) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

Sec. 5. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. ~~((The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.))~~

Thereafter, ~~((total))~~ the average monthly enrollment of those eligible for subsidies during any biennium shall not exceed the number established by the legislature in any act appropriating funds to the plan, and total subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan.

~~((Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4).))~~

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

Sec. 6. RCW 70.47.120 and 1987 1st ex.s. c 5 s 14 are each amended to read as follows:

In addition to the powers and duties specified in RCW 70.47.040 and 70.47.060, the administrator has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or evaluate the performance of participating managed health care systems.

(2) With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

(3) With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance except that the administrator may purchase or arrange for the purchase of reinsurance, or self-insure for reinsurance, on behalf of its participating managed health care systems. Any activities of a health care service contractor pursuant to a contract with the administrator under this section shall be exempt from the provisions and requirements of Title 48 RCW.

NEW SECTION. Sec. 7. BASIC HEALTH PLAN EXPANSION. The Washington basic health plan authorized under chapter 70.47 RCW is expanded for the purposes of enrolling a total of one hundred thousand members during the 1993-95 biennium.

NEW SECTION. Sec. 8. The following acts or parts of acts are each repealed:

- (1) Part I of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993;
- (2) Subpart A of Part II of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993;

- (11) Part IV of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993." Debate ensued.

POINT OF INQUIRY

Senator Erwin: "Senator Quigley, I know you have worked this issue very diligently the last couple of days and you are very concerned about small businesses, but I have a question regarding the assistance to small businesses, a hundred and fifty million dollars which you referred to. In your opinion does this give, once a business is characterized as being distressed and it can't afford the health care, do we suddenly put government in charge of micro managing that business? For instance, would I, as a small business owner who is getting this public assistance, have to check with a government agency before I could buy a Xerox machine or hire another employee?"

Senator Quigley: "Fortunately, we don't have to speculate on this, we have some data we can go by. In the state of Hawaii, in fact, they have a similar program and I am happy to report that even with the employer requirement in Hawaii, it is a little used program. Of course, nothing would prevent us, in any case, down the road to make sure that the program is more finely tuned. But, no, I think that what this does and says, 'yes, we are going to ask businesses to cover their employees, but the government is going to be there in partnership with that business to share the burden.' So, I think that this can work quite well."

Senator Erwin: "Thank you."

Further debate ensued.

Senator Nelson demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Deccio, West, Moyer, Bluechel and McDonald on page 1, line 7, to the striking amendment by Senators Talmadge, Gaspard and Snyder to Senate Bill No. 5076.

ROLL CALL

The Secretary called the roll and the amendment to the amendment was not adopted by the following vote: Yeas, 20; Nays, 29; Absent, 0; Excused, 0.

Voting yea: Senators Amondson, Anderson, Barr, Bluechel, Deccio, Erwin, Hochstatter, McCaslin, McDonald, Moyer, Nelson, Newhouse, Oke, Prince, Roach, Sellar, Smith, L., von Reichbauer, West and Winsley - 20.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Talmadge, Gaspard and Snyder to Senate Bill No. 5076.

Debate ensued.

POINT OF INQUIRY

Senator McAuliffe: "Senator Deccio, did all the businesses that signed that paper that we received yesterday, against this bill, know the contents of this bill?"

Senator Deccio: "I'm sure they didn't, but they are scared by what they have heard, Senator McAuliffe."

Senator McAuliffe: "I think you have answered my question. Thank you."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Talmadge, Gaspard and Snyder to Senate Bill No. 5076.

The striking amendment by Senators Talmadge, Gaspard and Snyder to Senate Bill No. 5076 was adopted.

MOTIONS

On motion of Senator Talmadge, the following title amendment was adopted:

Providing for health care costs and access

MR. SPEAKER:

MR. PRESIDENT:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5304, providing for health care costs and access, have had the same under consideration and we recommend that:

The House Committee on Revenue amendment(s) adopted April 9, 1993, not be adopted, and that the following Conference Committee striking amendment be adopted with the following amendments:

Strike everything after the enacting clause and insert the following:

"PART I. FINDINGS, GOALS, AND INTENT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for health care and by current health insurance and health system practices. Current health system practices encourage public demand for unneeded, ineffective, and sometimes dangerous health treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total health care expenditure rates should be sufficient to provide access to essential health care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without health insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate health insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for health insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable health insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality and poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than the general population. It is intended that chapter . . . , Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for health care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in health care treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonhealth care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of personal income growth within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinical efficaciousness;

(c) State residents be able to choose health services from the full range of health care providers, as defined in section 402(12) of this act, in a manner consistent with good health services management, quality assurance, and cost effectiveness;

(d) Individuals and businesses have the option to purchase any health services they may choose in addition to those contained in the uniform benefits package or supplemental benefits package;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) A policy of coordinating the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter . . . , Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter . . . , Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION MEASURES A. BASIC HEALTH PLAN EXPANSION

NEW SECTION. Sec. 201. A new section is added to chapter 70.47 RCW to read as follows:

TRANSFER OF POWER AND DUTIES TO WASHINGTON STATE HEALTH CARE AUTHORITY. The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority.

NEW SECTION. Sec. 202. TRANSFER OF RECORDS, EQUIPMENT, FUNDS. All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Washington basic health plan shall be delivered to the custody of the Washington state health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property used by the Washington basic health plan shall be made available to the Washington state health care authority. All funds, credits, or other assets held by the Washington basic health plan shall be assigned to the Washington state health care authority.

Any appropriations made to the Washington basic health plan shall, on the effective date of this section, be transferred and credited to the Washington state health care authority. At no time may those funds in the basic health plan trust account, any funds appropriated for the subsidy of any enrollees, or any premium payments or other sums made or received on behalf of any enrollees in the basic health plan be commingled with any appropriated funds designated or intended for the purposes of providing health care coverage to any state or other public employees.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 203. TRANSFER OF EMPLOYEES. All employees of the Washington basic health plan are transferred to the jurisdiction of the Washington state health care authority. All employees classified under chapter 41.06 RCW, the

state civil service law, are assigned to the Washington state health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 204. RULES AND BUSINESS. All rules and all pending business before the Washington basic health plan shall be continued and acted upon by the Washington state health care authority. All existing contracts and obligations shall remain in full force and shall be performed by the Washington state health care authority.

NEW SECTION. Sec. 205. VALIDITY OF PRIOR ACTS. The transfer of the powers, duties, functions, and personnel of the Washington basic health plan shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 206. APPORTIONMENT OF BUDGETED FUNDS. If apportionments of budgeted funds are required because of the transfers directed by sections 201 through 205 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 207. COLLECTIVE BARGAINING. Nothing contained in sections 201 through 206 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

Sec. 208. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

BASIC HEALTH PLAN--FINDINGS. (1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women (~~who are an especially vulnerable population, along with their children~~), and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents (~~under sixty-five years of age~~) not (~~otherwise~~) eligible for medicare (~~with gross family income at or below two hundred percent of the federal poverty guidelines~~) or medical assistance who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) (~~The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.~~)

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 209. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN--DEFINITIONS. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. On and after July 1, 1995, "managed health care system" means a certified health plan, as defined in section 402 of this act.

(4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse ~~((and/or))~~ or dependent children, ~~((all under the age of sixty-five and))~~ not ~~((otherwise))~~ eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who the administrator determines at the time of application does not have health insurance more comprehensive than that offered by the plan, and who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who the administrator determines at the time of application does not have health insurance more comprehensive than that offered by the plan, who chooses to obtain basic health care coverage from a particular managed health care system, and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes ~~((, from funds appropriated from the basic health plan trust account,))~~ to a managed health care system on behalf of ~~((an))~~ a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

~~((6))~~ (7) "Premium" means a periodic payment, based upon gross family income ~~((and determined under RCW 70.47.060(2,))~~ which an ~~((enrollee))~~ individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

~~((7))~~ (8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 210. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. ~~((All))~~ Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. ~~((After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.))~~

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 211. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN--PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as ~~((an independent agency of the state))~~ a program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator ~~((who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040))~~ of the Washington state health care authority. The administrator shall appoint a medical director. The ~~((administrator,))~~ medical director ~~((,))~~ and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) ~~((In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law))~~ Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans.

Sec. 212. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

ADMINISTRATOR'S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington

basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, ~~((for the period ending June 30, 1993,))~~ with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for ~~((prenatal or postnatal))~~ such services ~~((that are provided under the medical assistance program under chapter 74.09 RCW))~~ except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider ~~((or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992))~~. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. On and after July 1, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to section 449 of this act shall be implemented by the administrator as the schedule of covered basic health care services. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size ~~((as well as))~~ and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee.

(3) To design and implement a structure of ~~((nominal))~~ copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services. On and after July 1, 1995, the administrator shall endeavor to make the copayments structure of the plan consistent with enrollee point of service cost-sharing levels adopted by the Washington health services commission, giving consideration to funding available to the plan.

(4) ~~((To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:~~

(a) ~~Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;~~

(b) ~~A modified fee-for-services payment schedule for providers;~~

(c) ~~Coinurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and~~

(d) ~~A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.~~

~~The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.~~

~~((5)))~~ To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

~~((5))~~ To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

~~((In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.)~~

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with

participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least ~~((annually))~~ semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. ~~((An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.))~~ No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator shall require that a business owner pay at least fifty percent of the nonsubsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((14))~~ (12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the ~~((administrator))~~ plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((12))~~ To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

To the extent that new funding is appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated. In the selection of any

such areas the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. Long-term care services that are provided under the medical assistance program shall not be placed in the single risk pool until such services have been added to the uniform benefits package. (a) Require that a public agency that provides subsidies for a substantial portion of services now covered under the basic health plan or a uniform benefits package as adopted by the Washington health services commission as provided in section 449 of this act, use uniform eligibility processes, insofar as may be possible, and ensure that multiple eligibility determinations are not required;

(b) Require that a health care provider or a health care facility that receives funds from a public program provide care to state residents receiving a state subsidy who may wish to receive care from them consistent with the provisions of chapter ..., Laws of 1993 (this act), and that a health maintenance organization, health care service contractor, insurer, or certified health plan that receives funds from a public program accept enrollment from state residents receiving a state subsidy who may wish to enroll with them under the provisions of chapter ..., Laws of 1993 (this act);

(c) Strive to integrate purchasing for all publicly sponsored health services in order to maximize the cost control potential and promote the most efficient methods of financing and coordinating services;

NEW SECTION. Sec. 258. STUDY LOCAL GOVERNMENT HEALTH SERVICE DELIVERY. It is hereby requested that the governing authorities of the association of Washington cities, the Washington state association of counties, and the Washington association of county officials jointly initiate a study and develop consensus recommendations regarding implementation of the provisions of sections 234 through 257 of this act. The study and recommendations should at a minimum include consideration of the fiscal impact of these sections on counties, the desirability of maintaining a process whereby city officials can effectively

communicate concerns regarding the delivery of public health services to both the counties and the state, the need for larger cities to be able to continue to provide health care services when needed, and other matters as the three associations agree are of substance in the implementation of sections 234 through 257 of this act. This study shall be coordinated with the public health services improvement planning process set forth in section 466 of this act. The agreed upon recommendations shall be presented to the senate health and human services and house of representatives health care committees prior to March 1, 1994.

F. DATA COLLECTION

Sec. 259. RCW 70.170.100 and 1990 c 269 s 12 are each amended to read as follows:

STATE-WIDE DATA SYSTEM--HEALTH SERVICES COMMISSION. (1) ~~To promote the public interest consistent with the purposes of chapter . . . , Laws of 1993 (this act),~~ the department is responsible for the development, implementation, and custody of a state-wide ~~((hospital)) health care data system, with policy direction and oversight to be provided by the Washington health services commission.~~ As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, ~~((hospital)) health care data needed by consumers, purchasers, health care payers, ((hospitals)) providers,~~ and state government as consistent with the intent of ~~chapter . . . , Laws of 1993 (this act) ((chapter)).~~ The department shall identify a set of ~~((hospital)) health care data elements and report specifications which satisfy these needs.~~ The ~~((council)) Washington health services commission, created by section 403 of this act,~~ shall review the design of the data system and may ~~((direct the department to)) establish a technical advisory committee on health data and may, if deemed cost-effective and efficient, recommend that the department contract with a private vendor for assistance in the design of the data system or for any part of the work to be performed under this section.~~ The data elements, specifications, and other ~~((design)) distinguishing features~~ of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by ~~((January 1, 1990)) July 1, 1994.~~

(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered ~~((through the department's development of a biennial data plan, as proposed to,)) with the oversight and policy guidance of the Washington health services commission or its technical advisory committee and funded by((,)) the legislature through the biennial appropriations process with funds appropriated to the health services account.~~ ~~((Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.~~

~~((3))~~ In designing the state-wide ~~((hospital)) health care data system and any data plans,~~ the department shall identify ~~((hospital)) health care data elements relating to ((both hospital finances)) health care costs, the quality of health care services, the outcomes of health care services, and ((the)) use of ((services by patients)) health care by consumers.~~ Data elements ~~((relating to hospital finances)) shall be reported ((by hospitals)) as the Washington health services commission directs by reporters in conformance with a uniform ((system of)) reporting ~~((as specified by the department and shall)) system established by the department, which shall be adopted by reporters.~~ "Reporter" means an individual, hospital, or business entity, required to be registered with the department of revenue for payment of taxes imposed under chapter 82.04 RCW or Title 48 RCW, that is primarily engaged in furnishing or insuring for medical, surgical, and other health services to persons. In the case of hospitals this includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of ~~chapter . . . , Laws of 1993 (this ((chapter)) act),~~ for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts ~~((and reported to the Washington state hospital commission)).~~ The commission and the department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.~~

~~((4))~~ (3) The state-wide ~~((hospital)) health care data system shall be uniform in its identification of reporting requirements for ((hospitals)) reporters across the state to the extent that such uniformity is ((necessary)) useful to fulfill the purposes of ~~chapter . . . , Laws of 1993 (this ((chapter)) act).~~ Data reporting requirements may reflect differences ~~((in hospital size; urban or rural location; scope, type, and method of providing service; financial structure; or other pertinent distinguishing factors)) that involve pertinent distinguishing features as determined by the Washington health services commission by rule.~~ So far as ~~((possible)) is practical,~~ the data system shall be coordinated with any requirements of the trauma care registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, ~~((and)) the state in its role of gathering public health statistics, or any other payer program of consequence so as to minimize any unduly burdensome reporting requirements imposed on ((hospitals)) reporters.~~~~

~~((5))~~ (4) In identifying financial reporting requirements under the state-wide ~~((hospital)) health care data system,~~ the department may require both annual reports and condensed quarterly reports ~~from reporters,~~ so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of reporters.

~~((6))~~ In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

(7) Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.

~~((8))~~ (5) The ~~((hospital)) health care data collected ((and)), maintained, and studied~~ by the department or the Washington health services commission shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data or study in the requested form.

(6) All persons subject to chapter . . . , Laws of 1993 (this act) shall comply with departmental or commission requirements established by rule in the acquisition of data.

Sec. 260. RCW 70.170.110 and 1989 1st ex.s. c 9 s 511 are each amended to read as follows:

HEALTH CARE DATA--STUDIES, ANALYSES, OR REPORTS. The department shall provide, or may contract with a private entity to provide, ~~((hospital)) analyses and reports~~ or any studies it chooses to conduct consistent with the purposes of chapter . . . , Laws of 1993 (this ~~((chapter))~~ act), subject to the availability of funds and any policy direction that may be given by the Washington health services commission. ~~((Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance.))~~ These studies, analyses, or reports shall include:

(1) Consumer guides on purchasing ~~((hospital care services and))~~ or consuming health care and publications providing verifiable and useful aggregate comparative information to ~~((consumers on hospitals and hospital services))~~ the public on health care services, their cost, and the quality of health care providers who participate in certified health plans;

(2) Reports for use by classes of purchasers, who purchase from certified health plans, health care payers, and providers as specified for content and format in the state-wide data system and data plan; ~~((and))~~

(3) Reports on relevant ~~((hospital))~~ health care policy ~~((issues))~~ including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; ~~((hospital))~~ provider efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of ~~((hospital))~~ health care; and

(4) Any other reports the commission or department deems useful to assist the public or purchasers of certified health plans in understanding the prudent and cost-effective use of certified health plan services.

NEW SECTION. Sec. 261. A new section is added to chapter 70.170 RCW to read as follows:

CONFIDENTIALITY OF DATA. (1) Notwithstanding the provisions of chapter 42.17 RCW, any material contained within the state-wide health care data system or in the files of either the department or the Washington health services commission shall be subject to the following limitations: (a) Records obtained, reviewed by, or on file that contain information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (b) any actuarial formulas, statistics, and assumptions submitted by a certified health plan to the commission or department upon request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition.

(2) All persons and any public or private agencies or entities whatsoever subject to this chapter shall comply with any requirements established by rule relating to the acquisition or use of health services data and maintain the confidentiality of any information that may, in any manner, identify individual persons.

(3) Data collected pursuant to sections 262 and 263 of this act shall be used solely for the health care reform provisions of chapter . . . , Laws of 1993 (this act). The department shall ensure that the enrollee identifier used will employ the highest available standards for accuracy and uniqueness.

(4) Nothing in this section shall impede an enrollee's access to her or his health care records as provided in chapter 70.02 RCW.

NEW SECTION. Sec. 262. A new section is added to chapter 70.170 RCW to read as follows:

HEALTH SERVICES COMMISSION ACCESS TO DATA. The Washington health services commission shall have access to all health data available to the secretary of health. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The department of health shall be the designated depository agency for all health data collected pursuant to chapter . . . , Laws of 1993 (this act). The following data sources shall be developed or made available:

(1) The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.

(2) The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefits package under chapter . . . , Laws of 1993 (this act).

(3) The commission shall establish cost data sources and shall require each certified health plan to provide the commission and the department of health with enrollee care and cost information, to include, but not be limited to: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health care services or procedures provided; (e) provider charges, if any; and (f) amount paid. The department shall establish by rule confidentiality standards to safeguard the information from inappropriate use or release.

(4) The commission shall coordinate with the area Indian health service, reservation Indian health service units, tribal clinics, and any urban Indian health service organizations the design, development, implementation, and maintenance of an American Indian-specific health data, statistics information system. The commission rules regarding the confidentiality to safeguard the information from inappropriate use or release shall apply.

NEW SECTION. Sec. 263. A new section is added to chapter 70.170 RCW to read as follows:

PERSONAL HEALTH SERVICES DATA AND INFORMATION SYSTEM. (1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission. The department shall provide the commission with reasonable assistance in the development of these criteria, and shall provide the commission with periodic progress reports related to the implementation of the system or systems related to those criteria.

(2) The department shall coordinate the development and implementation of the personal health services data and information system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges, if any; and (f) amount paid. NEW SECTION. Sec. 264. HEALTH CARE ENTITY REPORTING REQUIREMENTS. The commission shall determine, by January 1, 1995, the necessity, if any, of reporting requirements by the following health care entities: Health care providers, health care facilities, insuring entities, and certified health plans. The reporting requirements, if any, shall be for the purposes of determining whether the health care system is operating as efficiently as possible. Information reported pursuant to this section shall be made available to interested parties upon request. The commission shall report its findings to the legislature by January 1, 1995.

G. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES

NEW SECTION. Sec. 265. A new section is added to chapter 70.41 RCW to read as follows:

SPIRALING COSTS--HOSPITALS. (1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 266. A new section is added to chapter 18.68 RCW to read as follows:

SPIRALING COSTS--PRESCRIPTION MEDICATIONS. The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. One of the fastest growing segments of the health care expenditure involves prescription medications. By making physicians and other health care providers with prescriptive authority more aware of the cost consequences of health care treatments for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial drug and medication treatments. The requirement of the pharmacy to inform physicians and other health care providers of the charges of prescription drugs and medications that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

NEW SECTION. Sec. 267. A new section is added to chapter 18.68 RCW to read as follows:

COST OF PRESCRIPTIVE MEDICATIONS. The registered or licensed pharmacist of this chapter shall establish and maintain a procedure for disclosing to physicians and other health care providers with prescriptive authority information detailed by prescriber, of the cost and dispensation of all prescriptive medications prescribed by him or her for his or her patients on request. These charges should be made available on at least a quarterly basis for all requested patients and should include medication, dosage, number dispensed, and the cost of the prescription. Pharmacies may provide this information in a summary form for each prescribing physician for all patients rather than as individually itemized reports. All efforts should be made to utilize the existing computerized records and software to provide this information in the least costly format.

NEW SECTION. Sec. 268. A new section is added to chapter 18.51 RCW to read as follows:

SPIRALING COSTS--NURSING HOMES. (1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making nursing home facilities and care providers more aware of the cost consequences of care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the nursing home to inform physicians, consumers, and other care providers of the charges of the services that they order may have a positive effect on containing health costs.

(2) All nursing home administrators in facilities licensed under this chapter shall be required to develop and maintain a written procedure for disclosing patient charges to attending physicians with admitting privileges. The nursing home administrator shall have the capability to provide an itemized list of the charges for all health care services that may be ordered by a physician. The information shall be made available on request of consumers, or the physicians or other appropriate health care providers responsible for prescribing care.

H. HEALTH PROFESSIONAL SHORTAGES

NEW SECTION. Sec. 269. LEGISLATIVE INTENT. The legislature finds that the successful implementation of health care reform will depend on a sufficient supply of primary health care providers throughout the state. Many rural and medically underserved urban areas lack primary health care providers and because of this, basic health care services are limited or unavailable to populations living in these areas. The legislature has in recent years initiated new programs to address these provider shortages but funding has been insufficient and additional specific provider shortages remain.

Sec. 270. RCW 28B.125.010 and 1991 c 332 s 5 are each amended to read as follows:

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN--PERSONS OF COLOR--INDIAN HEALTH. (1) The higher education coordinating board, the state board for community ((college-education)) and technical colleges, the superintendent of

public instruction, the state department of health, the Washington health services commission, and the state department of social and health services, to be known for the purposes of this section as the committee, shall establish a state-wide health personnel resource plan. The governor shall appoint a lead agency from one of the agencies on the committee.

In preparing the state-wide plan the committee shall consult with the training and education institutions affected by this chapter, health care providers, employers of health care providers, insurers, consumers of health care, and other appropriate entities.

Should a successor agency or agencies be authorized or created by the legislature with planning, coordination, or administrative authority over vocational-technical schools, community colleges, or four-year higher education institutions, the governor shall grant membership on the committee to such agency or agencies and remove the member or members it replaces.

The committee shall appoint subcommittees for the purpose of assisting in the development of the institutional plans required under this chapter. Such subcommittees shall at least include those committee members that have statutory responsibility for planning, coordination, or administration of the training and education institutions for which the institutional plans are being developed. In preparing the institutional plans for four-year institutes of higher education, the subcommittee shall be composed of at least the higher education coordinating board and the state's four-year higher education institutions. The appointment of subcommittees to develop portions of the state-wide plan shall not relinquish the committee's responsibility for assuring overall coordination, integration, and consistency of the state-wide plan.

In establishing and implementing the state-wide health personnel resource plan the committee shall, to the extent possible, utilize existing data and information, personnel, equipment, and facilities and shall minimize travel and take such other steps necessary to reduce the administrative costs associated with the preparation and implementation of the plan.

(2) The state-wide health resource plan shall include at least the following:

(a)(i) Identification of the type, number, and location of the health care professional work force necessary to meet health care needs of the state.

(ii) A description and analysis of the composition and numbers of the potential work force available for meeting health care service needs of the population to be used for recruitment purposes. This should include a description of the data, methodology, and process used to make such determinations.

(b) A centralized inventory of the numbers of student applications to higher education and vocational-technical training and education programs, yearly enrollments, yearly degrees awarded, and numbers on waiting lists for all the state's publicly funded health care training and education programs. The committee shall request similar information for incorporation into the inventory from private higher education and vocational-technical training and education programs.

(c) A description of state-wide and local specialized provider training needs to meet the health care needs of target populations and a plan to meet such needs in a cost-effective and accessible manner.

(d) A description of how innovative, cost-effective technologies such as telecommunications can and will be used to provide higher education, vocational-technical, continued competency, and skill maintenance and enhancement education and training to placebound students who need flexible programs and who are unable to attend institutions for training.

(e) A strategy for assuring higher education and vocational-technical educational and training programming is sensitive to the changing work force such as reentry workers, women, minorities, and the disabled.

(f) Strategies to increase the number of persons of color in the health professions. Such strategies shall incorporate, to the extent possible, federal and state assistance programs for health career development, including those for American Indians, economically disadvantaged persons, physically challenged persons, and persons of color.

(g) A strategy and coordinated state-wide policy developed by the subcommittees authorized in subsection (1) of this section for increasing the number of graduates intending to serve in shortage areas after graduation, including such strategies as the establishment of preferential admissions and designated enrollment slots.

~~((g))~~ (h) Guidelines and policies developed by the subcommittees authorized in subsection (1) of this section for allowing academic credit for on-the-job experience such as internships, volunteer experience, apprenticeships, and community service programs.

~~((h))~~ (i) A strategy developed by the subcommittees authorized in subsection (1) of this section for making required internships and residency programs available that are geographically accessible and sufficiently diverse to meet both general and specialized training needs as identified in the plan when such programs are required.

~~((i))~~ (j) A description of the need for multiskilled health care professionals and an implementation plan to restructure educational and training programming to meet these needs.

~~((j))~~ (k) An analysis of the types and estimated numbers of health care personnel that will need to be recruited from out-of-state to meet the health professional needs not met by in-state trained personnel.

~~((k))~~ (l) An analysis of the need for educational articulation within the various health care disciplines and a plan for addressing the need.

~~((l))~~ (m) An analysis of the training needs of those members of the long-term care profession that are not regulated and that have no formal training requirements. Programs to meet these needs should be developed in a cost-effective and a state-wide accessible manner that provide for the basic training needs of these individuals.

~~((m))~~ (n) A designation of the professions and geographic locations in which loan repayment and scholarships should be available based upon objective data-based forecasts of health professional shortages. A description of the criteria used to select professions and geographic locations shall be included. Designations of professions and geographic locations may be amended by the department of health when circumstances warrant as provided for in RCW 28B.115.070.

~~((n))~~ (o) A description of needed changes in regulatory laws governing the credentialing of health professionals.

~~((o))~~ (p) A description of linguistic and cultural training needs of foreign-trained health care professionals to assure safe and effective practice of their health care profession.

~~((p))~~ (q) A plan to implement the recommendations of the state-wide nursing plan authorized by RCW 74.39.040.

~~((q))~~ (r) A description of criteria and standards that institutional plans provided for in this section must address in order to meet the requirements of the state-wide health personnel resource plan, including funding requirements to implement the plans. The committee shall also when practical identify specific outcome measures to measure progress in meeting the requirements of this plan. The criteria and standards shall be established in a manner as to provide flexibility to the institutions in meeting state-wide

plan requirements. The committee shall establish required submission dates for the institutional plans that permit inclusion of funding requests into the institutions budget requests to the state.

~~((#))~~ (s) A description of how the higher education coordinating board, state board for community ~~((college education))~~ and technical colleges, superintendent of public instruction, department of health, and department of social and health services coordinated in the creation and implementation of the state plan including the areas of responsibility each agency shall assume. The plan should also include a description of the steps taken to assure participation by the groups that are to be consulted with.

~~((s))~~ (t) A description of the estimated fiscal requirements for implementation of the state-wide health resource plan that include a description of cost saving activities that reduce potential costs by avoiding administrative duplication, coordinating programming activities, and other such actions to control costs.

(3) The committee may call upon other agencies of the state to provide available information to assist the committee in meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(4) State agencies involved in the development and implementation of the plan shall to the extent possible utilize existing personnel and financial resources in the development and implementation of the state-wide health personnel resource plan.

(5) The state-wide health personnel resource plan shall be submitted to the governor by July 1, 1992, and updated by July 1 of each even-numbered year. The governor, no later than December 1 of that year, shall approve, approve with modifications, or disapprove the state-wide health resource plan.

(6) The approved state-wide health resource plan shall be submitted to the senate and house of representatives committees on health care, higher education, and ways and means or appropriations by December 1 of each even-numbered year.

(7) Implementation of the state-wide plan shall begin by July 1, 1993.

(8) Notwithstanding subsections (5) and (7) of this section, the committee shall prepare and submit to the higher education coordinating board by June 1, 1992, the analysis necessary for the initial implementation of the health professional loan repayment and scholarship program created in chapter 28B.115 RCW.

(9) Each publicly funded two-year and four-year institute of higher education authorized under Title 28B RCW and vocational-technical institution authorized under Title 28A RCW that offers health training and education programs shall biennially prepare and submit an institutional plan to the committee. The institutional plan shall identify specific programming and activities of the institution that meet the requirements of the state-wide health professional resource plan.

The committee shall review and assess whether the institutional plans meet the requirements of the state-wide health personnel resource plan and shall prepare a report with its determination. The report shall become part of the institutional plan and shall be submitted to the governor and the legislature.

ANNUAL AWARD AMOUNT. After June 1, 1992, the board, in consultation with the department and the department of social and health services, shall:

(1) Establish the annual award amount for each credentialed health care profession which shall be based upon an assessment of reasonable annual eligible expenses involved in training and education for each credentialed health care profession. The annual award amount may be established at a level less than annual eligible expenses. The annual award amount shall ~~((not be more than fifteen thousand dollars per year))~~ be established by the board for each eligible health profession. The awards shall not be paid for more than a maximum of five years per individual;

(2) Determine any scholarship awards for prospective physicians in such a manner to require the recipients declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to students who reside in a rural physician shortage area or a nonshortage rural area of the state prior to admission to the eligible education and training program in medicine. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The board may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years. The required service obligation may be based upon the amount of the scholarship or loan repayment award such that higher awards involve longer service obligations on behalf of the participant;

(4) Determine eligible education and training programs for purposes of the scholarship portion of the program;

(5) Honor loan repayment and scholarship contract terms negotiated between the board and participants prior to May 21, 1991, concerning loan repayment and scholarship award amounts and service obligations authorized under chapter ~~((48-150))~~ 28B.115, 28B.104, or 70.180 RCW.

(1) Consistent with funds appropriated specifically for this purpose, the authority shall provide matching grants to support community-based multicultural health care technical assistance programs. The purpose of the programs shall be to promote technical assistance through community and migrant health clinics and other appropriate health care providers who serve underserved populations and persons of color.

The technical assistance provided shall include, but is not limited to: (a) Collaborative research and data analysis on health care outcomes that disproportionately affect persons of color; (b) design and development of model health education and promotion strategies aimed at modifying unhealthy health behaviors or enhancing the use of the health care delivery system by persons of color; (c) provision of technical information and assistance on program planning and financial management; (d) administration, public policy development, and analysis in health care issues affecting people of color; and (e) enhancement and promotion of health care career opportunities for persons of color.

(2) Consistent with appropriated funds, the programs shall be available on a state-wide basis.

Sec. 273. RCW 70.185.030 and 1991 c 332 s 9 are each amended to read as follows:

COMMUNITY-BASED RECRUITMENT AND RETENTION--UNDERSERVED URBAN AREAS. (1) The department ~~((shall))~~ may, subject to funding, establish ~~((up to three))~~ community-based recruitment and retention project sites to provide

financial and technical assistance to participating communities. The goal of the project is to help assure the availability of health care providers in rural and underserved urban areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(4) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

The goal of this program is to provide additional capacity, educating students who will practice in underserved communities.

(2) Eligible education and training programs are those programs approved by the department that lead to eligibility for a credential as a credentialed health care professional. Eligible professions are those licensed under chapters 18.36A, 18.57, 18.57A, 18.71, and 18.71A RCW and advanced registered nurse practitioners and certified nurse midwives licensed under chapter 18.88 RCW, and may include other providers identified as needed in the health personnel resource plan.

(3) Students participating in the community contracted educational positions shall meet all applicable educational program requirements and provide assurances, acceptable to the community, that they will practice in the sponsoring community following completion of education and necessary licensure.

(4) Participants in the program incur an obligation to repay any contracted funds with interest set by state law, unless they serve at least three years in the sponsoring community.

(5) The department may provide funds to communities for use in contracting.

NEW SECTION. Sec. 275. A new section is added to chapter 70.185 RCW to read as follows:

AREA HEALTH EDUCATION CENTERS. The secretary may establish and contract with area health education centers in the eastern and western parts of the state. Consistent with the recruitment and retention objectives of this chapter, the centers shall provide or facilitate the provision of health professional educational and continuing education programs that strengthen the delivery of primary health care services in rural and medically underserved urban areas of the state. The center shall assist in the development and operation of health personnel recruitment and retention programs that are consistent with activities authorized under this chapter. The centers shall further provide technical expertise in the development of well managed health care delivery systems in rural Washington consistent with the goals and objectives of chapter . . . , Laws of 1993 (this act).

Sec. 276. RCW 43.70.460 and 1992 c 113 s 2 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS--MALPRACTICE INSURANCE. (b) Primary health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired ~~((physicians))~~ primary care providers providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a ~~((physician))~~ primary care provider should the insurer determine that coverage should not be offered to a physician because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or physicians that provided health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or ~~((physician))~~ primary care provider participating in the program.

(4) The department may monitor the claims experience of retired physicians covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature.

Sec. 277. RCW 43.70.470 and 1992 c 113 s 3 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS--CONDITIONS. The department may establish by rule the conditions of participation in the liability insurance program by retired ~~((physicians))~~ primary care providers at clinics utilizing retired physicians for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the following:

(1) The participating ~~((physician))~~ primary care provider associated with the clinic shall hold a valid license to practice ~~((medicine and surgery in this state and otherwise))~~ as a physician under chapter 18.71 or 18.57 RCW, a naturopath under chapter 18.36A RCW, a physician assistant under chapter 18.71A or 18.57A RCW, an advanced registered nurse practitioner under chapter 18.88 RCW, a dentist under chapter 18.32 RCW, or other health professionals as may be deemed in short supply in the health personnel resource plan under chapter 28B.125 RCW. All primary care providers must be in conformity with current requirements for licensure as a retired ~~((physician))~~ primary care provider, including continuing education requirements;

(2) The participating ~~((physician))~~ primary care provider shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses. Primary dental care shall be limited to diagnosis, oral hygiene, restoration, and extractions and shall not include orthodontia, or other specialized care and treatment;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and RCW 43.70.460;

(4) The participating ((physician)) primary care provider shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating ((physician)) primary care provider shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating ((physician)) primary care provider for services provided by the ((physician)) primary care provider, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating ((physician)) primary care provider authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length.

NEW SECTION. Sec. 278. MEDICAL SCHOOL GRADUATES SERVING IN RURAL AND MEDICALLY UNDERSERVED AREAS OF THE STATE--LEGISLATIVE INTENT. The legislature finds that the shortage of primary care physicians practicing in rural and medically underserved areas of the state has created a severe public health and safety problem. If unaddressed, this problem is expected to worsen with health care reform since an increased demand for primary care services will only contribute further to these shortages.

The legislature further finds that the medical training program at the University of Washington is an important and well respected resource to the people of this state in the training of primary care physicians. Currently, only a small proportion of medical school graduates are Washington residents who serve as primary care practitioners in certain parts of this state.

NEW SECTION. Sec. 279. MEDICAL SCHOOL PRIMARY CARE PHYSICIAN SHORTAGE PLAN DEVELOPMENT. (1) The University of Washington shall prepare a primary care shortage plan that accomplishes the following:

(a) Identifies specific activities that the school of medicine shall pursue to increase the number of Washington residents serving as primary care physicians in rural and medically underserved areas of the state, including establishing a goal that assures that no less than fifty percent of medical school graduates who are Washington state residents at the time of matriculation will enter into primary care residencies, to the extent possible, in Washington state by the year 2000;

(b) Assures that the school of medicine shall establish among its highest training priorities the distribution of its primary care physician graduates from the school and associated postgraduate residency programs into rural and medically underserved areas;

(c) Establishes the goal of assuring that the annual number of graduates from the family practice residency network entering rural or medically underserved practice shall be increased by forty percent over a baseline period from 1988 through 1990 by 1995;

(d) Establishes a further goal to make operational at least two additional family practice residency programs within Washington state in geographic areas identified by the plan as underserved in family practice by 1997. The geographic areas identified by the plan as being underserved by family practice physicians shall be consistent with any such similar designations as may be made in the health personnel research plan as authorized under chapter 28B.125 RCW;

(e) Establishes, with the cooperation of existing community and migrant health clinics in rural or medically underserved areas of the state, three family practice residency training tracks. Furthermore, the primary care shortage plan shall provide that one of these training tracks shall be a joint American osteopathic association and American medical association approved training site coordinated with an accredited college of osteopathic medicine with extensive experience in training primary care physicians for the western United States. Such a proposed joint accredited training track will have at least fifty percent of its residency positions in osteopathic medicine; and

(f) Implements the plan, with the exception of the expansion of the family practice residency network, within current biennial appropriations for the University of Washington school of medicine.

(2) The plan shall be submitted to the appropriate committees of the legislature no later than December 1, 1993.

I. SHORT-TERM HEALTH INSURANCE REFORM

NEW SECTION. Sec. 280. INTENT--INCREASE ACCESS TO COVERAGE. The legislature intends that, during the transition to a fully reformed health services system, certain health insurance practices be modified to increase access to health insurance coverage for some individuals and groups. The legislature recognizes that health insurance reform will not remedy the significant lack of access to coverage in Washington state without the implementation of strong cost control measures. The authority granted to the commissioner in chapter . . . , Laws of 1993 (this act) is in addition to any authority the commissioner currently has under Title 48 RCW to regulate insurers, health care service contractors, and health maintenance organizations.

NEW SECTION. Sec. 281. A new section is added to chapter 48.18 RCW to read as follows:

CANCELLATIONS, DENIALS--WRITTEN COMMUNICATION. Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 282. RCW 48.21.200 and 1983 c 202 s 16 and 1983 c 106 s 24 are each reenacted and amended to read as follows:

REDUCTIONS OR REFUSAL OF BENEFITS. (1) No individual or group disability insurance policy, health care service contract, or health maintenance agreement which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state (~~after September 8, 1975~~) which contains any provision whereby the insurer, contractor, or health maintenance organization may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the

existence of similar benefits provided under any ((individual)) disability insurance policy, ((or under any individual)) health care service contract, or health maintenance agreement.

(2) No individual or group disability insurance policy, health care service contract, or health maintenance agreement providing hospital, medical or surgical expense benefits and which contains a provision for the reduction of benefits otherwise payable or available thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses exclusive of copayments, deductibles, and other similar cost-sharing arrangements.

(3) The commissioner shall by rule establish guidelines for the application of this section, including:

(a) The procedures by which persons ((insured)) covered under such policies, contracts, and agreements are to be made aware of the existence of such a provision;

(b) The benefits which may be subject to such a provision;

(c) The effect of such a provision on the benefits provided;

(d) Establishment of the order of benefit determination; ((and))

(e) Exceptions necessary to preserve policy, contract, or agreement requirements for use of particular health care facilities or providers; and

(f) Reasonable claim administration procedures to expedite claim payments and prevent duplication of payments or benefits under such a provision(~~:- PROVIDED, HOWEVER, That any group disability insurance policy which is issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3) may exclude all or part of any deductible amounts from the definition of total allowable expenses for purposes of coordination of benefits within the plan and between such plan and other applicable group coverages: AND PROVIDED FURTHER, That any group disability insurance policy providing coverage for persons in this state may exclude all or part of any deductible amounts required by a group disability insurance policy from the definition of total allowable expenses for purposes of coordination of benefits between such policy and a group disability insurance policy issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3).~~)

~~(3) The provisions of this section shall apply to health care service contractor contracts and health maintenance organization agreements).~~

NEW SECTION. Sec. 283. A new section is added to chapter 48.20 RCW to read as follows:

DISABILITY INSURER--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 284. A new section is added to chapter 48.21 RCW to read as follows:

GROUP DISABILITY INSURERS--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(1) After January 1, 1994, every health care service contractor, except limited health care service contractors as defined under RCW 48.44.035, shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new contract to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 286. A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE ORGANIZATIONS--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every health maintenance organization shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new agreement to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

Sec. 287. RCW 48.30.300 and 1975-'76 2nd ex.s. c 119 s 7 are each amended to read as follows:

UNFAIR PRACTICES. Notwithstanding any provision contained in Title 48 RCW to the contrary:

(1) No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

(2) With respect to disability policies issued or renewed on and after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

(a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

(i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

(ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy and to fail to make such modification in all such issued and outstanding policies.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

(i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects policyholders to rate increases on discontinued policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 288. A new section is added to chapter 48.44 RCW to read as follows:

HEALTH CARE SERVICE CONTRACTS--UNFAIR PRACTICES. (1) With respect to all health care service contracts issued or renewed on and after July 1, 1994, except limited health care service contracts as defined in RCW 48.44.035:

(a) Contracts shall guarantee continuity of coverage. Such provision, which shall be included in every contract, shall provide that:

(i) The contract may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premiums, for violation of published policies of the contractor that have been approved by the commissioner, for persons who are entitled to become eligible for medicare benefits and fail to subscribe to a medicare supplement plan offered by the contractor, for failure of such subscriber to pay any deductible or copayment amount owed to the contractor and not the provider of health care services, for fraud, or for a material breach of the contract; and

(ii) The contract may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the contractor has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a contractor to modify the coverage provided or rates applying to an in-force contract and to fail to make such modification in all such issued and outstanding contracts.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health care service contractor to:

(i) Cease the sale of a contract form unless it has received prior written authorization from the commissioner and has offered all subscribers covered under such discontinued contract the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects subscribers to rate increases on discontinued contract forms unless such subscribers are offered the opportunity to purchase comparable coverage without health screening.

(2) The health care service contractor may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 289. A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE AGREEMENTS--UNFAIR PRACTICES. (1) With respect to all health maintenance agreements issued or renewed on and after July 1, 1994, and in addition to the restrictions and limitations contained in RCW 48.46.060(4):

(a) Agreements shall guarantee continuity of coverage. Such provision, which shall be included in every agreement, shall provide that the agreement may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the organization has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for an organization to modify the coverage provided or rates applying to an in-force agreement and to fail to make such modification in all such issued and outstanding agreements.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health maintenance organization to:

(i) Cease the sale of an agreement form unless it has received prior written authorization from the commissioner and has offered all enrollees covered under such discontinued agreement the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects enrollees to rate increases on discontinued agreement forms unless such enrollees are offered the opportunity to purchase comparable coverage without health screening.

(2) The health maintenance organization may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

Every authorized health care service contractor, upon canceling, denying, or refusing to renew any individual health care service contract, shall, upon written request, directly notify in writing the applicant or ~~((insured))~~ subscriber, as the case may be, of the reasons for the action by the health care service contractor. A. THE WASHINGTON HEALTH SERVICES COMMISSION

NEW SECTION. Sec. 403. CREATION OF COMMISSION--MEMBERSHIP--TERMS OF OFFICE--VACANCIES--SALARIES. (1) There is created an agency of state government to be known as the Washington health services commission. The commission shall consist of five members reflecting ethnic and racial diversity, appointed by the governor, with the consent of the senate. Of the initial members, one shall be appointed to a term of three years, two shall be appointed to a term of four years, and two shall be appointed to a term of five years. Thereafter, members shall be appointed to five-year terms. Vacancies shall be filled by appointment for the remainder of the unexpired term of the position being vacated.

(2) Members of the commission shall have no pecuniary interest in any business subject to regulation by the commission and shall be subject to chapter 42.18 RCW, the executive branch conflict of interest act.

(3) Members of the commission shall occupy their positions on a full-time basis and are exempt from the provisions of chapter 41.06 RCW. Commission members and the professional commission staff are subject to the public disclosure provisions of chapter 42.17 RCW. (2) Members of committees and panels shall serve without compensation for their services but shall be reimbursed for their expenses while attending meetings on behalf of the commission in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 405. POWERS AND DUTIES OF THE CHAIR. The chair shall be the chief administrative officer and the appointing authority of the commission and has the following powers and duties:

(1) Direct and supervise the commission's administrative and technical activities in accordance with the provisions of this chapter and rules and policies adopted by the commission;

(2) Employ personnel of the commission in accordance with chapter 41.06 RCW, and prescribe their duties. With the approval of a majority of the commission, the chair may appoint persons to administer any entity established pursuant to subsection (8) of this section, and up to seven additional employees all of whom shall be exempt from the provisions of chapter 41.06 RCW;

(3) Enter into contracts on behalf of the commission;

(4) Accept and expend gifts, donations, grants, and other funds received by the commission;

(6) Subject to approval of the commission, appoint advisory committees and undertake studies, research, and analysis necessary to support activities of the commission;

(7) Preside at meetings of the commission;

(8) Consistent with policies and rules established by the commission, establish such administrative divisions, offices, or programs as are necessary to carry out the purposes of chapter . . . , Laws of 1993 (this act); and

(9) Perform such other administrative and technical duties as are consistent with chapter . . . , Laws of 1993 (this act) and the rules and policies of the commission.

NEW SECTION. Sec. 406. POWERS AND DUTIES OF THE COMMISSION. The commission has the following powers and duties:

(1) Ensure that all residents of Washington state are enrolled in a certified health plan to receive the uniform benefits package, regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status.

(2) Endeavor to ensure that all residents of Washington state have access to appropriate, timely, confidential, and effective health services, and monitor the degree of access to such services. If the commission finds that individuals or populations lack access to certified health plan services, the commission shall:

(a) Authorize appropriate state agencies, local health departments, community or migrant health clinics, public hospital districts, or other nonprofit health service entities to take actions necessary to assure such access. This includes authority to contract for or directly deliver services described within the uniform benefits package to special populations; or

(b) Notify appropriate certified health plans and the insurance commissioner of such findings. The commission shall adopt by rule standards by which the insurance commissioner may, in such event, require certified health plans in closest proximity to such individuals and populations to extend their catchment areas to those individuals and populations and offer them enrollment.

(3) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of chapter . . . , Laws of 1993 (this act). An initial set of draft rules establishing at least the commission's organization structure, the uniform benefits package, and standards for certified health plan certification, must be submitted in draft form to appropriate committees of the legislature by December 1, 1994.

(4) Establish and modify as necessary, in consultation with the state board of health and the department of health, and coordination with the planning process set forth in section 467 of this act a uniform set of health services based on the recommendations of the health care cost control and access commission established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990.

(5) Establish and modify as necessary the uniform benefits package as provided in section 449 of this act, which shall be offered to enrollees of a certified health plan. The benefit package shall be provided at no more than the maximum premium specified in subsection (6) of this section.

(6)(a) Establish for each year a community-rated maximum premium for the uniform benefits package that shall operate to control overall health care costs. The maximum premium cost of the uniform benefits package in the base year 1995 shall be established upon an actuarial determination of the costs of providing the uniform benefits package and such other cost impacts as may be deemed relevant by the commission. Beginning in 1996, the growth rate of the premium cost of the uniform benefits package for each certified health plan shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than the five-year rolling average of growth in Washington per capita personal income, as determined by the office of financial management.

(b) In establishing the community-rated maximum premium under this subsection, the commission shall develop a composite rate for employees that provides nominal, if any, variance between the rate for individual employees and employees with dependents to minimize any economic incentive to an employer to discriminate between prospective employees based upon whether or not they have dependents for whom coverage would be required. Nothing in this subsection (6)(b) shall preclude the commission from evaluating other methodologies for establishing the community-rated maximum premium and recommending an alternative methodology to the legislature.

(c) If the commission adds or deletes services or benefits to the uniform benefits package in subsequent years, it may increase or decrease the maximum premium to reflect the actual cost experience of a broad sample of providers of that service in the state, considering the factors enumerated in (a) of this subsection and adjusted actuarially. The addition of services or benefits shall not result in a redetermination of the entire cost of the uniform benefits package.

(d) The level of state expenditures for the uniform benefits package shall be limited to the appropriation of funds specifically for this purpose.

(7) Determine the need for medical risk adjustment mechanisms to minimize financial incentives for certified health plans to enroll individuals who present lower health risks and avoid enrolling individuals who present higher health risks, and to minimize financial incentives for employer hiring practices that discriminate against individuals who present higher health risks. In the design of medical risk distribution mechanisms under this subsection, the commission shall (a) balance the benefits of price competition with the need to protect certified health plans from any unsustainable negative effects of adverse selection; (b) consider the development of a system that creates a risk profile of each certified health plan's enrollee population that does not create disincentives for a plan to control benefit utilization, that requires contributions from plans that enjoy a low-risk enrollee population to plans that have a high-risk enrollee population, and that does not permit an adjustment of the premium charged for the uniform benefits package or supplemental coverage based upon either receipt or contribution of assessments; and (c) consider whether registered employer health plans should be included in any medical risk adjustment mechanism. Proposed medical risk adjustment mechanisms shall be submitted to the legislature as provided in section 454 of this act.

(8) Design a mechanism to assure minors have access to confidential health care services as currently provided in RCW 70.24.110 and 71.34.030.

(9) Monitor the actual growth in total annual health services costs.

(10) Monitor the increased application of technology as required by chapter . . . , Laws of 1993 (this act) and take necessary action to ensure that such application is made in a cost-effective and efficient manner and consistent with existing laws that protect individual privacy.

(11) Establish reporting requirements for certified health plans that own or manage health care facilities, health care facilities, and health care providers to periodically report to the commission regarding major capital expenditures of the plans. The commission shall review and monitor such reports and shall report to the legislature regarding major capital expenditures on at least an annual basis. The Washington health care facilities authority and the commission shall develop standards jointly for evaluating and approving major capital expenditure financing through the Washington health care facilities authority, as authorized pursuant to chapter 70.37 RCW. By December 1, 1994, the commission and the authority shall submit jointly to the legislature such proposed standards. The commission and the authority shall, after legislative review, but no later than June 1, 1995, publish such standards. Upon publication, the authority may not approve financing for major capital expenditures unless approved by the commission.

(12) Establish maximum enrollee financial participation levels. The levels shall be related to enrollee household income.

(13) For health services provided under the uniform benefits package and supplemental benefits, adopt standards for enrollment, and standardized billing and claims processing forms. The standards shall ensure that these procedures minimize administrative burdens on health care providers, health care facilities, certified health plans, and consumers. Subject to federal approval or phase-in schedules whenever necessary or appropriate, the standards also shall apply to state-purchased health services, as defined in RCW 41.05.011.

(14) Propose that certified health plans adopt certain practice indicators or risk management protocols for quality assurance, utilization review, or provider payment. The commission may consider indicators or protocols recommended according to section 410 of this act for these purposes.

(15) Propose other guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis-related groups and a resource-based relative value scale. Such guidelines shall be voluntary and shall be designed to promote improved management of care, and provide incentives for improved efficiency and effectiveness within the delivery system.

(16) Adopt standards and oversee and develop policy for personal health data and information system as provided in chapter 70.170 RCW.

(17) Adopt standards that prevent conflict of interest by health care providers as provided in section 408 of this act.

(18) At the appropriate juncture and in the fullness of time, consider the extent to which medical research and health professions training activities should be included within the health service system set forth in this chapter . . . , Laws of 1993 (this act).

(19) Evaluate and monitor the extent to which racial and ethnic minorities have access and to receive health services within the state, and develop strategies to address barriers to access.

(20) Develop standards for the certification process to certify health plans and employer health plans to provide the uniform benefits package, according to the provisions for certified health plans and registered employer health plans under chapter . . . , Laws of 1993 (this act).

(21) Develop rules for implementation of individual and employer participation under sections 463 and 464 of this act specifically applicable to persons who work in this state but do not live in the state or persons who live in this state but work outside of the state. The rules shall be designed so that these persons receive coverage and financial requirements that are comparable to that received by persons who both live and work in the state.

(22) After receiving advice from the health services effectiveness committee, adopt rules that must be used by certified health plans, disability insurers, health care service contractors, and health maintenance organizations to determine whether a procedure, treatment, drug, or other health service is no longer experimental or investigative.

(23) Establish a process for purchase of uniform benefits package services by enrollees when they are out-of-state.

(24) Develop recommendations to the legislature as to whether state and school district employees, on whose behalf health benefits are or will be purchased by the health care authority pursuant to chapter 41.05 RCW, should have the option to purchase health benefits through health insurance purchasing cooperatives on and after July 1, 1997. In developing its recommendations, the commission shall consider:

(a) The impact of state or school district employees purchasing through health insurance purchasing cooperatives on the ability of the state to control its health care costs; and

(b) Whether state or school district employees purchasing through health insurance purchasing cooperatives will result in inequities in health benefits between or within groups of state and school district employees.

(25) Establish guidelines for providers dealing with terminal or static conditions, taking into consideration the ethics of providers, patient and family wishes, costs, and survival possibilities.

(26) Evaluate the extent to which Taft-Hartley health care trusts provide benefits to certain individuals in the state; review the federal laws under which these trusts are organized; and make appropriate recommendations to the governor and the legislature on or before December 1, 1994, as to whether these trusts should be brought under the provisions of chapter . . . , Laws of 1993 (this act) when it is fully implemented, and if the commission recommends inclusion of the trusts, how to implement such inclusion.

(27) Evaluate whether Washington is experiencing a higher percentage in in-migration of residents from other states and territories than would be expected by normal trends as a result of the availability of unsubsidized and subsidized health care benefits for all residents and report to the governor and the legislature their findings.

(28) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan adopted by the federal government and its implications.

(29) Evaluate the effect of reforms under chapter . . . , Laws of 1993 (this act) on access to care and economic development in rural areas.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of personal health data, where the commission shall have primary data system policymaking authority and the department of health shall have primary responsibility for the maintenance and routine operation of personal health data systems.

NEW SECTION. Sec. 407. MODIFICATION OF MAXIMUM PREMIUM. Upon the recommendation of the insurance commissioner, and on the basis of evidence established by independent actuarial analysis, if the commission finds that the economic viability of a significant number of the state's certified health plans is seriously threatened, the commission may increase the maximum premium to the extent mandated by the Constitution, and must immediately thereafter submit to the legislature a proposal for a new formula for adjusting the maximum premium, which must be enacted into law by a sixty percent vote of each house of the legislature.

NEW SECTION. Sec. 408. A new section is added to chapter 18.130 RCW to read as follows:

CONFLICT OF INTEREST STANDARDS. The Washington health services commission established by section 403 of this act, in consultation with the secretary of health, and the health care disciplinary authorities under RCW 18.130.040(2)(b), shall establish standards and monetary penalties in rule prohibiting provider investments and referrals that present a conflict of interest resulting from inappropriate financial gain for the provider or his or her immediate family. These standards are not intended to inhibit the efficient operation of managed health care systems or certified health plans. The commission shall report to the health policy committees of the senate and house of representatives by December 1, 1994, on the development of the standards and any recommended statutory changes necessary to implement the standards.

NEW SECTION. Sec. 409. CONTINUOUS QUALITY IMPROVEMENT AND TOTAL QUALITY MANAGEMENT. To ensure the highest quality health services at the lowest total cost, the commission shall establish a total quality management system of continuous quality improvement. Such endeavor shall be based upon the recognized quality science for continuous quality improvement. The commission shall impanel a committee composed of persons from the private sector and related sciences who have broad knowledge and successful experiences in continuous quality improvement and total quality management applications. It shall be the responsibility of the committee to develop standards for a Washington state health services supplier certification process and recommend such standards to the commission for review and adoption. Once adopted, the commission shall establish a schedule, with full compliance no later than July 1, 1996, whereby all health service providers and health service facilities shall be certified prior to providing uniform benefits package services.

B. PRACTICE INDICATORS

NEW SECTION. Sec. 410. A new section is added to chapter 43.70 RCW to read as follows:

PRACTICE INDICATORS. The department of health shall consult with health care providers and facilities, purchasers, health professional regulatory authorities under RCW 18.130.040, appropriate research and clinical experts, and consumers of health care services to identify specific practice areas where practice indicators and risk management protocols have been developed, including those that have been demonstrated to be effective among persons of color. Practice indicators shall be based upon expert consensus and best available scientific evidence. The department shall:

- (1) Develop a definition of expert consensus and best available scientific evidence so that practice indicators can serve as a standard for excellence in the provision of health care services.
- (2) Establish a process to identify and evaluate practice indicators and risk management protocols as they are developed by the appropriate professional, scientific, and clinical communities.
- (3) Recommend the use of practice indicators and risk management protocols in quality assurance, utilization review, or provider payment to the health services commission.

Judgment shall be entered against each defendant except those who

have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount which represents that party's proportionate share of the claimant's total damages. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the claimant's total damages.

(2) If a defendant is jointly and severally liable under one of the exceptions listed in subsection((s)) (1)(a) or (1)(b) or (4) (a) or (b) of this section, such defendant's rights to contribution against another jointly and severally liable defendant, and the effect of settlement by either such defendant, shall be determined under RCW 4.22.040, 4.22.050, and 4.22.060.

Judgment shall be entered against each defendant except those who have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount that represents that party's proportionate share of the claimant's total damages. The total damages shall first be reduced by any amount paid to the claimant by a released entity. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the claimant's total damages.

(c) A defendant against whom judgment has been entered shall be responsible to the claimant for any fault of an entity released by the claimant. The total damages shall first be reduced by any amount paid to the claimant by a released entity, and, then, where some fault has been attributed to the claimant, by the claimant's proportionate share of his or her total damages.

The commission shall designate one health insurance purchasing cooperative per region.

(2) In coordination with the commission and consistent with the provisions of chapter 70.170 RCW, the department of health shall establish an information clearinghouse for the collection and dissemination of information necessary for the efficient operation of cooperatives, including the establishment of a risk profile information system related to certified health plan enrollees that would permit the equitable distribution of losses among plans in accordance with section 406(7) of this act.

(3) Every health insurance purchasing cooperative shall:

Such immunity is in addition to any common law or statutory privilege or immunity enjoyed by such person, and nothing in this section is intended to abrogate or modify in any way such common law or statutory privilege or immunity.

(5) Every health insurance purchasing cooperative shall bear the full cost of its operations, including the costs of participating in the information clearinghouse, through assessments upon its members. Such assessments shall be billed and accounted for separately from premiums collected and distributed for the purchase of the uniform benefits package or any other supplemental insurance or health services program.

(6) No health insurance purchasing cooperative may bear any financial risk for the delivery of uniform benefits package services, or for any other supplemental insurance or health services program.

(7) No health insurance purchasing cooperative may directly broker, sell, contract for, or provide any insurance or health services program. However, nothing contained in this section shall be deemed to prohibit the use or employment of insurance agents or brokers by the cooperative for other purposes or to prohibit the facilitation of the sale and purchase by members of supplemental insurance or health services programs.

(8) The commission may adopt rules necessary for the implementation of this section including rules governing charter and bylaw provisions of cooperatives and may adopt rules prohibiting or permitting other activities by cooperatives.

(9) The commission shall consider ways in which cooperatives can develop, encourage, and provide incentives for employee wellness programs.

Such fee shall accompany the application and no certificate may be issued until such fee is paid. Fees collected for such purpose shall be deposited in the insurance commissioner's regulatory account in the state treasury.

(4) All funds representing premiums or return premiums received by a cooperative in its fiduciary capacity shall be accounted for and maintained in a separate account from all other funds. Each willful violation of this section constitutes a misdemeanor.

(5) Every cooperative shall keep at its principal address, a record of all transactions it has consummated on behalf of its members with certified health plans. All such records shall be kept available and open to the inspection of the insurance commissioner at any business time during a five-year period immediately after the date of completion of the transaction.

The costs recovered shall be limited to:

(a) If the certified health plan has not intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be limited to the excess remaining after the enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee's costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the certified health plan, the certified health plan shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share;

(iii) Provision of cost-effective and clinically efficacious health services.

(14) Pay to the state treasurer a tax equivalent to the tax applied to taxpayers under section 301 of this act in accordance with rules adopted by the department of revenue.

(15) File their uniform benefits package and supplemental benefits with the insurance commissioner who may disapprove and order a modification of such package or benefits if such package or benefits fail to meet any standards or rules adopted by the commission pertaining to maximum premiums, enrollee financial participation, point of service cost-sharing, benefit design, or health service delivery.

(16) Comply with and shall be subject to sections 429, 446, and 447 of this act.

(17) Pay an annual fee to the insurance commissioner's office in an amount established by rule of the commissioner necessary for the performance of the commissioner's responsibilities under this section consistent with and subject to the collection, depositing, and spending provisions applicable to fees collected pursuant to RCW 48.02.190.

(18) File an annual report with the commissioner containing such information as the commissioner may require to determine compliance with this section.

(19) In addition to any other penalties prescribed by law, be subject to the penalties contained in section 436 of this act for violations of this section.

NEW SECTION. Sec. 431. CONTRACTS BETWEEN CERTIFIED HEALTH PLANS AND HEALTH CARE PROVIDERS.

(1) Balancing the need for health care reform and the need to protect health care providers, as a class and as individual providers, from improper exclusion presents a problem that can be satisfied with the creation of a process to ensure fair consideration of the inclusion of health care providers in managed care systems operated by certified health plans. It is therefore the intent of the legislature that the health services commission in developing rules in accordance with this section and the attorney general in monitoring the level of competition in the various geographic markets, balance the need for cost-effective and quality delivery of health services with the need for inclusion of both individual health care providers and categories of health care providers in managed care programs developed by certified health plans.

(2) All licensed health care providers licensed by the state, irrespective of the type or kind of practice, should be afforded the opportunity for inclusion in certified health plans consistent with the goals of health care reform.

The health services commission shall adopt rules requiring certified health plans to publish general criteria for the plan's selection or termination of health care providers. Such rules shall not require the disclosure of criteria deemed by the plan to be of a proprietary or competitive nature that would hurt the plan's ability to compete or to manage health services. Disclosure of criteria is proprietary or anticompetitive if revealing the criteria would have the tendency to cause health care providers to alter their practice pattern in a manner that would harm efforts to contain health care costs and is proprietary if revealing the criteria would cause the plan's competitors to obtain valuable business information.

If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a health care provider's practice under any specific program within the plan, the plan may not reject or terminate the provider participating in that program based upon such criteria until the provider has been informed of the criteria that his or her practice fails to meet and is given a reasonable opportunity to conform to such criteria.

(3)(a) Whenever a determination is made under (b) of this subsection that a plan's share of the market reaches a point where the plan's exclusion of health care providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services, the certified health plan must allow all providers within the affected market to participate in the programs of the certified health plan. All such providers must meet the published criteria and requirements of the programs.

(b) The attorney general with the assistance of the insurance commissioner shall periodically analyze the market power of certified health plans to determine when the market share of any program of a certified health plan reaches a point where the plan's exclusion of health service providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services. In analyzing the market power of a certified health plan, the attorney general shall consider:

- (i) The ease with which providers may obtain contracts with other plans;
- (ii) The amount of the private pay and government employer business that is controlled by the certified health plan taking into account the selling of its provider network to self-insured employer plans;
- (iii) The difficulty in establishing new competing plans in the relevant geographic market; and
- (iv) The sufficiency of the number or type of providers under contract with the plan available to meet the needs of plan enrollees.

Notwithstanding the provisions of this subsection, if the certified health plan demonstrates to the satisfaction of the attorney general and the health services commission that health service utilization data and similar information shows that the inclusion of additional health service providers would substantially lessen the plan's ability to control health care costs and that the plan's procedures for selection of providers are not improperly exclusive of providers, the plan need not include additional providers within the plan's program.

(4) The health services commission shall adopt rules for the resolution of disputes between providers and certified health plans including disputes regarding the decision of a plan not to include the services of a provider.

(5) Nothing contained in this section shall be construed to require a plan to allow or continue the participation of a provider if the plan is a federally qualified health maintenance organization and the participation of the provider or providers would prevent the health maintenance organization from operating as a health maintenance organization in accordance with 42 U.S.C. Sec. 300e.

NEW SECTION. Sec. 432. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1) No person or entity in this state may, by mail or otherwise, act or hold himself or herself out to be a certified health plan as defined by section 402 of this act without being registered as a certified health plan with the insurance commissioner.

(2) Anyone violating subsection (1) of this section is liable for a fine not to exceed ten thousand dollars and imprisonment not to exceed six months for each instance of such violation.

NEW SECTION. Sec. 433. ELIGIBILITY REQUIREMENTS FOR CERTIFICATE OF REGISTRATION--APPLICATION REQUIREMENTS. Any corporation, cooperative group, partnership, association, or groups of health professionals licensed by the state of Washington, public hospital district, or public institutions of higher education are entitled to a certificate from the insurance commissioner as a certified health plan if it:

(1) Submits an application for certification as a certified health plan, which shall be verified by an officer or authorized representative of the applicant, being in a form as the insurance commissioner prescribes in consultation with the health services commission;

(2) Meets the minimum net worth requirements set forth in section 438 of this act and the funding reserve requirements set forth in section 439 of this act;

(3) A certified health plan may establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in conformance to guidelines adopted by the commission, those which have been clearly drawn to be exclusionary within a health care catchment area.

NEW SECTION. Sec. 434. ISSUANCE OF CERTIFICATE--GROUNDS FOR REFUSAL. The commissioner shall issue a certificate as a certified health plan to an applicant within one hundred twenty days of such filing unless the commissioner notifies the applicant within such time that such application is not complete and the reasons therefor; or that the commissioner is not satisfied that:

(1) The basic organization document of the applicant permits the applicant to conduct business as a certified health plan;

(2) The applicant has demonstrated the intent and ability to assure that the health services will be provided in a manner to assure both their availability and accessibility;

(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants. In making this determination, the commissioner shall consider among other relevant factors:

(a) Any agreements with a casualty insurer, a government agency, or any other organization paying or insuring payment for health care services;

(b) Any agreements with providers for the provision of health care services; and

(c) Any arrangements for liability and malpractice insurance coverage.

(4) The procedures for offering health care services are reasonable and equitable; and

(5) Procedures have been established to:

(a) Monitor the quality of care provided by the certified health plan including standards and guidelines provided by the health services commission and other appropriate state agencies;

(b) Operate internal peer review mechanisms; and

(c) Resolve complaints and grievances in accordance with section 443 of this act and rules established by the insurance commissioner in consultation with the commission.

NEW SECTION. Sec. 435. PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--ADDITIONAL CHARGES PROHIBITED. (1) The insurance commissioner shall verify that the

certified health plan and its providers are charging no more than the maximum premiums and enrollee financial participation amounts during the course of financial and market conduct examinations or more frequently if justified in the opinion of the insurance commissioner or upon request by the health services commission.

(2) The certified health plans shall file the premium schedules including employer contributions, enrollee premium sharing, and enrollee point of service cost sharing amounts with the insurance commissioner, within thirty days of establishment by the health services commission.

(3) No certified health plan or its provider may charge any fees, assessments, or charges in addition to the premium amount or in excess of the maximum enrollee financial participation limits established by the health services commission. The certified health plan that directly provides health care services may charge and collect the enrollee point of service cost sharing fees as established in the uniform benefits package or other approved benefit plan.

NEW SECTION. Sec. 436. ANNUAL STATEMENT FILING--CONTENTS--PENALTY FOR FAILURE TO FILE--ACCURACY REQUIRED. (1) Every certified health plan shall annually not later than March 1 of the calendar year, file with the insurance commissioner a statement verified by at least two of its principal officers showing its financial condition as of December 31 of the preceding year.

(2) Such annual report shall be in such form as the insurance commissioner shall prescribe and shall include:

(a) A financial statement of the certified health plan, including its balance sheet and receipts and disbursements for the preceding year, which reflects at a minimum;

(i) All prepayments and other payments received for health care services rendered pursuant to certified health plan benefit packages;

(ii) Expenditures to all categories of health care facilities, providers, and organizations with which the plan has contracted to fulfill obligations to enrolled residents arising out of the uniform benefits package and other approved supplemental benefit agreements, together with all other direct expenses including depreciation, enrollment, and commission; and

(iii) Expenditures for capital improvements, or additions thereto, including but not limited to construction, renovation, or purchase of facilities and capital equipment;

(b) A report of the names and addresses of all officers, directors, or trustees of the certified health plan during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals;

(c) The number of residents enrolled and terminated during the report period. Additional information regarding the enrollment and termination pattern for a certified health plan may be required by the commissioner to demonstrate compliance with the open enrollment and free access requirements of chapter . . . , Laws of 1993 (this act). The insurance commissioner shall specify additional information to be reported, which may include but not be limited to age, sex, location, and health status information;

(d) Such other information relating to the performance of the certified health plan or the health care facilities or providers with which it has contracted as reasonably necessary to the proper and effective administration of this chapter in accordance with rules;

(e) Disclosure of any financial interests held by officers and directors in any providers associated with the certified health plan or provider of the certified health plan.

(3) The commissioner may require quarterly reporting of financial information, such information to be furnished in a format prescribed by the commissioner in consultation with the commission.

(4) The commissioner may for good reason allow a reasonable extension of time within which such annual statement shall be filed.

(5) The commissioner may suspend or revoke the certificate of a certified health plan for failing to file its annual statement when due or during any extension of time therefor that the commissioner, for good cause, may grant.

(6) The commissioner shall provide to the health services commission an annual summary report of at least the information required in subsections (2) and (3) of this section.

(7) No person may knowingly file with any public official or knowingly make, publish, or disseminate any financial statement of a certified health plan that does not accurately state the certified health plan's financial condition.

NEW SECTION. Sec. 437. PROVIDER CONTRACTS--ENROLLED RESIDENT'S LIABILITY, COMMISSIONER'S REVIEW. (1) Subject to subsection (2) of this section, every contract between a certified health plan and its providers of health care services shall be in writing and shall set forth that in the event the certified health plan fails to pay for health care services as set forth in the uniform benefits package, the enrollee is not liable to the provider for any sums owed by the certified health plan. Every such contract shall provide that this requirement shall survive termination of the contract.

(2) The provisions of subsection (1) of this section shall not apply to emergency care from a provider who is not a contracting provider with the certified health plan, or to emergent and urgently needed out-of-area services.

(3) The certified health plan shall file the contracts with the insurance commissioner for approval thirty days prior to use.

NEW SECTION. Sec. 438. MINIMUM NET WORTH--REQUIREMENTS TO MAINTAIN--DETERMINATION OF AMOUNT. (1) Every certified health plan must maintain a minimum net worth equal to the greater of:

(a) One million dollars; or

(b) Two percent of annual premium revenues as reported on the most recent annual financial statement filed with the insurance commissioner on the first one hundred fifty million dollars of premium and one percent of annual premium on the premium in excess of one hundred fifty million dollars; or

(c) An amount equal to the sum of three months' uncovered expenditures as reported on the most recent financial statement filed with the commissioner.

(2)(a) In determining net worth, no debt may be considered fully subordinated unless the subordination clause is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt may not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirements of this section, and otherwise acceptable to the insurance commissioner, may not be considered a liability and shall be recorded as equity.

(3) Every certified health plan shall, in determining liabilities, include an amount estimated in the aggregate to provide for unearned premiums and for the payment of claims for health care expenditures that have been incurred, whether reported or unreported, that are unpaid and for which such organization is or may be liable and to provide for the expense of adjustment or settlement of such claims.

The claims shall be computed in accordance with rules adopted by the insurance commissioner in consultation with the health services commission.

NEW SECTION. Sec. 439. FUNDED RESERVE REQUIREMENTS. (1) Each certified health plan obtaining certification from the insurance commissioner under sections 427 through 444 of this act shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the insurance commissioner or with any organization acceptable to the commissioner in the form of cash, securities eligible for investment under chapter 48.13 RCW, approved surety bond, or any combination of these, and must be equal to or exceed one hundred fifty thousand dollars. The funded reserve shall be established as an assurance that the uncovered expenditures obligations of the certified health plan to the enrolled Washington residents shall be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing certified health plan and shall be paid to it as it becomes available.

(3) Funded reserves required by this section shall be considered an asset in determining the plan's net worth.

NEW SECTION. Sec. 440. EXAMINATION OF CERTIFIED HEALTH PLANS, POWERS OF COMMISSIONER, DUTIES OF PLANS, INDEPENDENT AUDIT REPORTS. (1) The insurance commissioner shall make an examination of the operations of a certified health plan as often as the commissioner deems it necessary in order to assure the financial security and health and safety of the enrolled residents. The insurance commissioner shall make an examination of a certified health plan not less than once every three calendar years.

(2) Every certified health plan shall submit its books and records relating to its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of health services and systems shall be examined by the department of health except that the insurance commissioner may review such areas to the extent that such items impact the financial condition or the market conduct of the certified health plan. For the purpose of the examinations the insurance commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the certified health plans concerning their business.

(3) The insurance commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the certified health plan in the course of that part of the insurance commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(4) Certified health plans shall be equitably assessed to cover the cost of financial condition and market conduct examinations, the costs of adopting rules, and the costs of enforcing the provisions of this chapter. The assessments shall be levied not less frequently than once every twelve months and shall be in an amount expected to fund the examinations, adoption of rules, and enforcement of the provisions of this chapter including a reasonable margin for cost variations. The assessments shall be established by rules adopted by the commissioner in consultation with the health services commission but may not exceed five and one-half cents per month per resident enrolled in the certified health plan. The minimum assessment shall be one thousand dollars. Assessment receipts shall be deposited in the insurance commissioner's regulatory account in the state treasury and shall be used for the purpose of funding the examinations authorized in subsection (1) of this section. Assessments received shall be used to pay a pro rata share of the costs, including overhead of regulating certified health plans. Amounts remaining in the separate account at the end of a biennium shall be applied to reduce the assessments in succeeding biennia.

NEW SECTION. Sec. 441. INSOLVENCY--COMMISSIONER'S DUTIES, CONTINUATION OF BENEFITS, ALLOCATION OF COVERAGE. (1) In the event of insolvency of a certified health plan and upon order of the commissioner, all other certified health plans shall offer the enrolled Washington residents of the insolvent certified health plan the opportunity to enroll in a solvent certified health plan. Enrollment shall be without prejudice for any preexisting condition and shall be continuous provided the resident enrolls in the new certified health plan within thirty days of the date of insolvency and otherwise complies with the certified health plan's managed care procedures within the thirty-day open enrollment period.

(2) The insurance commissioner, in consultation with the health services commission, shall establish guidelines for the equitable distribution of the insolvent certified health plan's enrollees to the remaining certified health plans. The guidelines may include limitations to enrollment based on financial conditions, provider delivery network, administrative capabilities of the certified health plan, and other reasonable measures of the certified health plan's ability to provide benefits to the newly enrolled residents.

(3) Each certified health plan shall have a plan for handling insolvency that allows for continuation of benefits for the duration of the coverage period for which premiums have been paid and continuation of benefits to enrolled Washington residents who are confined on the date of insolvency in an inpatient facility until their discharge or transfer to a new certified health plan as provided in subsection (1) of this section. The plan shall be approved by the insurance commissioner at the time of certification and shall be submitted for review and approval on an annual basis. The commissioner shall approve such a plan if it includes:

(a) Insurance to cover the expenses to be paid for continued benefits after insolvency;

(b) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the certified health plan's insolvency for which premium payment has been made and until the enrolled participant is transferred to a new certified health plan in accordance with subsection (1) of this section. Such extension of coverage shall not obligate the provider of service beyond thirty days following the date of insolvency;

(c) Use of the funded reserve requirements as provided under section 439 of this act;

(d) Acceptable letters of credit or approved surety bonds; or

(e) Other arrangements the insurance commissioner and certified health plan mutually agree are appropriate to assure that benefits are continued.

NEW SECTION. Sec. 442. FINANCIAL FAILURE, SUPERVISION OF COMMISSIONER--PRIORITY OF DISTRIBUTION OF ASSETS. (1) Any rehabilitation, liquidation, or conservation of a certified health plan shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the insurance commissioner under the law governing the rehabilitation, liquidation, or conservation of insurance companies. The insurance commissioner may apply for an order directing the insurance commissioner to rehabilitate, liquidate, or conserve a certified health

plan upon one or more of the grounds set forth in RCW 48.31.030, 48.31.050, and 48.31.080. Enrolled residents shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

(2) For purposes of determining the priority of distribution of general assets, claims of enrolled residents and their dependents shall have the same priority as established by RCW 48.31.280 for policyholders and their dependents of insurance companies. If an enrolled resident is liable to a provider for services under and covered by a certified health plan, that liability shall have the status of an enrolled resident claim for distribution of general assets.

(3) A provider who is obligated by statute or agreement to hold enrolled residents harmless from liability for services provided under and covered by a certified health plan shall have a priority of distribution of the general assets immediately following that of enrolled residents and enrolled residents' dependents as described in this section, and immediately proceeding the priority of distribution described in RCW 48.31.280(2)(e).

NEW SECTION. Sec. 443. GRIEVANCE PROCEDURE. A certified health plan shall establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrolled Washington residents concerning any matter relating to the provision of benefits under the uniform benefits package, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within twenty working days. The insurance commissioner in consultation with the health services commission shall establish standards for grievance procedures and resolution.

NEW SECTION. Sec. 444. EXEMPTION. The provisions of sections 433 through 443 of this act do not apply to any disability insurance company, health care service contractor, or health maintenance organization authorized to do business in Washington.

NEW SECTION. Sec. 445. ENFORCEMENT AUTHORITY OF COMMISSIONER. For the purposes of chapter . . . , Laws of 1993 (this act), the insurance commissioner shall have the same powers and duties of enforcement as are provided in Title 48 RCW.

NEW SECTION. Sec. 446. ANNUAL REPORT BY THE INSURANCE COMMISSIONER TO THE HEALTH SERVICES COMMISSION. Beginning January 1, 1997, the insurance commissioner shall report annually to the health services commission on the compliance of certified health plans and health insurance purchasing cooperatives with the provisions of chapter . . . , Laws of 1993 (this act). The report shall include information on (1) compliance with chapter . . . , Laws of 1993 (this act) open enrollment and antidiscrimination provisions, (2) financial solvency requirements, (3) the mix of enrollee characteristics within and among plans and groups including age, sex, ethnicity, and any easily obtainable information related to medical risk, (4) the geographic distribution of plans and groups, and (5) other information that the commission may request consistent with the goals of chapter . . . , Laws of 1993 (this act).

F. MANAGED COMPETITION AND LIMITED ANTI-TRUST IMMUNITY

NEW SECTION. Sec. 447. MANAGED COMPETITION FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, facilities, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that health care facilities and providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that health insurers, contractors, and health maintenance organizations face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to exempt from state anti-trust laws, and to provide immunity from federal anti-trust laws through the state action doctrine for activities approved under this chapter that might otherwise be constrained by such laws and intends to displace competition in the health care market: To contain the aggregate cost of health care services; to promote the development of comprehensive, integrated, and cost-effective health care delivery systems through cooperative activities among health care providers and facilities; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure universal access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, health care facilities, and Washington residents. To these ends, any lawful action taken pursuant to chapter . . . , Laws of 1993 (this act) by any person or entity created or regulated by chapter . . . , Laws of 1993 (this act) are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance with section 448 of this act or under rules adopted pursuant to chapter . . . , Laws of 1993 (this act), does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the price of their services;

(b) Among certified health plans as to the price or level of reimbursement for health care services;

(c) Among certified health plans to boycott a group or class of health care service providers;

(d) Among purchasers of certified health plan coverage to boycott a particular plan or class of plans;

(e) Among certified health plans to divide the market for health care coverage; or

(f) Among certified health plans and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a certified health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a certified health plan or purchasing group.

NEW SECTION. Sec. 448. COMPETITIVE OVERSIGHT AND ANTI-TRUST IMMUNITY. (1) A certified health plan, health care facility, health care provider, or other person involved in the development, delivery, or marketing of health care or

certified health plans may request, in writing, that the commission obtain an informal opinion from the attorney general as to whether particular conduct is authorized by chapter . . . , Laws of 1993 (this act). The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion unless extended by the attorney general for good cause shown. If the attorney general concludes that such conduct is not authorized by chapter . . . , Laws of 1993 (this act), the person or organization making the request may petition the commission for review and approval of such conduct in accordance with subsection (3) of this section.

(2) After obtaining the written opinion of the attorney general and consistent with such opinion, the health services commission:

(a) May authorize conduct by a certified health plan, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a strong showing that the conduct is likely to achieve the policy goals of chapter . . . , Laws of 1993 (this act) and a more competitive alternative is impractical;

(b) Shall adopt rules governing conduct among providers, health care facilities, and certified health plans including rules governing provider and facility contracts with certified health plans, rules governing the use of "most favored nation" clauses and exclusive dealing clauses in such contracts, and rules providing that certified health plans in rural areas contract with a sufficient number and type of health care providers and facilities to ensure consumer access to local health care services;

(c) Shall adopt rules permitting health care providers within the service area of a plan to collectively negotiate the terms and conditions of contracts with a certified health plan including the ability of providers to meet and communicate for the purposes of these negotiations; and

(d) Shall adopt rules governing cooperative activities among health care facilities and providers.

(3) A certified health plan, health care facility, health care provider, or any other person involved in the development, delivery, and marketing of health services or certified health plans may file a written petition with the commission requesting approval of conduct that could tend to lessen competition in the relevant market. Such petition shall be filed in a form and manner prescribed by rule of the commission.

The commission shall issue a written decision approving or denying a petition filed under this section within ninety days of receipt of a properly completed written petition unless extended by the commission for good cause shown. The decision shall set forth findings as to benefits and disadvantages and conclusions as to whether the benefits outweigh the disadvantages.

(4) In authorizing conduct and adopting rules of conduct under this section, the commission with the advice of the attorney general, shall consider the benefits of such conduct in furthering the goals of health care reform including but not limited to:

(a) Enhancement of the quality of health services to consumers;

(b) Gains in cost efficiency of health services;

(c) Improvements in utilization of health services and equipment;

(d) Avoidance of duplication of health services resources; or

(e) And as to subsections (b) and (c) of this subsection: (i) Facilitates the exchange of information relating to performance expectations; (ii) simplifies the negotiation of delivery arrangements and relationships; and (iii) reduces the transactions costs on the part of certified health plans and providers in negotiating more cost effective delivery arrangements.

These benefits must outweigh disadvantages including and not limited to:

(i) Reduced competition among certified health plans, health care providers, or health care facilities;

(ii) Adverse impact on quality, availability, or price of health care services to consumers; or

(iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(5) Conduct authorized by the commission shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(6) With the assistance of the attorney general's office, the commission shall actively supervise any conduct authorized under this section to determine whether such conduct or rules permitting certain conduct should be continued and whether a more competitive alternative is practical. The commission shall periodically review petitioned conduct through, at least, annual progress reports from petitioners, annual or more frequent reviews by the commission that evaluate whether the conduct is consistent with the petition, and whether the benefits continue to outweigh any disadvantages. If the commission determines that the likely benefits of any conduct approved through rule, petition, or otherwise by the commission no longer outweigh the disadvantages attributable to potential reduction in competition, the commission shall order a modification or discontinuance of such conduct. Conduct ordered discontinued by the commission shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(7) Nothing contained in chapter . . . , Laws of 1993 (this act) is intended to in any way limit the ability of rural hospital districts to enter into cooperative agreements and contracts pursuant to RCW 70.44.450 and chapter 39.34 RCW.

G. THE UNIFORM BENEFITS PACKAGE

NEW SECTION. Sec. 449. UNIFORM BENEFITS PACKAGE DESIGN. (1) The commission shall define the uniform benefits package, which shall include those health services that, consistent with the goals and intent of chapter . . . , Laws of 1993 (this act), are effective and necessary on a societal basis for the maintenance of the health of citizens of the state, weighed against the need to control state health services expenditures.

(2) The schedule of covered health services shall emphasize proven preventive and primary health care and shall be composed of the following essential health services: (a) Primary and specialty health services; (b) inpatient and outpatient hospital services; (c) prescription drugs and medications; (d) reproductive services; (e) services necessary for maternity and well-child care, including preventive dental services for children; and (f) case-managed chemical dependency, mental health, short-term skilled nursing facility, home health, and hospice services, to the extent that such services reduce inappropriate utilization of more intensive or less efficacious medical services. The commission shall determine the specific schedule of health services within the uniform benefits package, including limitations on scope and duration of services. The schedule shall be the benefit and actuarial equivalent of the schedule of benefits offered by the basic health plan on January 1, 1993, including any additions that may result from the inclusion of the services listed in (c) through (f) of this subsection. The commission shall consider the recommendations of health services effectiveness panels established pursuant to section 404 of this act in defining the uniform benefits package.

(3) The uniform benefits package shall not limit coverage for preexisting or prior conditions, except that the commission shall establish exclusions for preexisting or prior conditions to the extent necessary to prevent residents from waiting until health services are needed before enrolling in a certified health plan.

(4) The commission shall establish enrollee point of service cost-sharing for nonpreventive health services, related to enrollee household income, such that financial considerations are not a barrier to access for low-income persons, but that, for those of means, the uniform benefits package provides for moderate point of service cost-sharing. All point of service cost-sharing and cost control requirements shall apply uniformly to all health care providers providing substantially similar uniform benefits package services. The schedule shall provide for an alternate and lower schedule of cost-sharing applicable to enrollees with household income below the federal poverty level.

(5) The commission shall adopt rules related to coordination of benefits and premium payments. The rules shall not have the effect of eliminating enrollee financial participation. The commission shall endeavor to assure an equitable distribution, among both employers and employees, of the costs of coverage for those households composed of more than one member in the work force.

(6) In determining the uniform benefits package, the commission shall endeavor to seek the opinions of and information from the public. The commission shall consider the results of official public health assessment and policy development activities including recommendations of the department of health in discharging its responsibilities under this section.

(7) The commission shall submit the following to the legislature by December 1, 1994, and by December 1 of the year preceding any year in which the commission proposes to significantly modify the uniform benefits package: (a) The uniform benefits package; and (b) an independent actuarial analysis of the cost of the proposed package, giving consideration to the factors considered under section 406(6) of this act. The commission shall not modify the services included in the uniform benefits package before January 1, 1999.

NEW SECTION. Sec. 450. SMALL BUSINESS ECONOMIC IMPACT STATEMENT. (1) In conjunction with submission of the uniform benefits package as provided in section 449(7) of this act, the commission also shall submit a small business economic impact statement, prepared in consultation with the small business advisory committee. The impact statement shall address the economic impact on businesses with twenty-five or fewer full-time equivalent employees of participating in the cost of the uniform benefits package for their employees and employees' dependents. As an aid in preparing the small business economic impact statement, the commission shall conduct a survey of a statistically valid sample of small businesses.

(2) If the small business economic impact statement indicates a need to address the economic consequences of mandating employer participation in the cost of uniform benefits package coverage for employees and their dependents, the commission shall submit proposed strategies to address such consequences. Strategies may include: The level of employer participation in uniform benefits package costs; coverage of dependents; application of the uniform benefits package as the minimum benefits package offered to employees or dependents; and any other strategies deemed appropriate by the commission.

NEW SECTION. Sec. 451. HOUSEHOLD INCOME ANALYSIS. In conjunction with submission of the uniform benefits package as provided in section 449(7) of this act, the commission shall submit an analysis of the impact of employee premium contributions on individuals with household income of less than two hundred percent of the federal poverty level. The analysis shall include estimates of the cost of varying levels of premium subsidies for these individuals and their families.

NEW SECTION. Sec. 452. CERTIFIED HEALTH PLAN BENEFIT PACKAGES--OFFERING, FILING, AND APPROVAL OF FORMS. No uniform benefits package or supplemental benefits may be offered, delivered, or issued for delivery to any person in this state unless it otherwise complies with chapter . . . , Laws of 1993 (this act), and complies with the following:

(1) All certified health plan forms for uniform and supplemental benefits issued by the plan to enrollees and such other marketing documents purporting to describe the plan's benefits shall comply with the minimum standards the commissioner deems reasonable and necessary to carry out the purposes and provisions of this chapter and consistent with health services commission standards. The plan's forms and documents shall fully inform enrollees of the health services to which they are entitled, and shall fully disclose any limitations, exclusions, rights, responsibilities, and duties required of either the enrollee or the certified health plan. No form or document may be issued, delivered, or issued for delivery unless it has been filed with and approved by the commissioner.

(2) Every form or document filing containing a certification, in a manner approved by the commissioner, by either the chief executive officer of the plan or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW, Title 284 WAC, and this chapter, may be used by such certified health plan immediately after filing with the commissioner. The commissioner may order a plan to cease using a certified form or document upon the grounds set forth in subsection (6) of this section.

(3) Every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. At the expiration of such thirty days the form or document filed shall be deemed approved unless affirmatively approved or disapproved by the commissioner within the thirty-day period. The commissioner may extend by not more than an additional fifteen days the period within which the commissioner may review such filing, by notifying the plan of the extension before expiration of the initial thirty-day period. At the expiration of any extension period and in the absence of prior affirmative approval or disapproval, any such form or document shall be deemed approved. The commissioner may withdraw approval at any time for cause. By approval of any filing for immediate use, the commissioner may waive any unexpired portion of the initial thirty-day waiting period.

(4) Whenever the commissioner disapproves a filing or withdraws a previous approval, the commissioner shall state the grounds for disapproval.

(5) The commissioner may exempt from the requirements of this section any plan document or form that, in the commissioner's opinion, may not practicably be applied to, or the filing and approval of which are, in the commissioner's opinion, not desirable or necessary for the protection of the public.

(6) The commissioner shall disapprove any form or document or shall withdraw any previous approval, only:

(a) If it is in any respect in violation of or does not comply with Title 48 RCW, Title 284 WAC, and this chapter, or any applicable order of the commissioner;

(b) If it does not comply with any controlling filing previously made and approved;

(c) If it contains or incorporates by reference any inconsistent, ambiguous, or misleading clauses, or exceptions and conditions that unreasonably or deceptively affect the health services purported to be offered or provided;

- (d) If it has any title, heading, or other indication of its provisions that is misleading;
- (e) If purchase of health services under the form or document is being solicited by deceptive advertising; or
- (f) If the health service benefits provided in the form or document are unreasonable in relation to the premium charged.

NEW SECTION. Sec. 453. UNIFORM AND SUPPLEMENTAL BENEFITS--RATES--FILING AND APPROVAL. (1) Premium rates for uniform benefits package and supplemental benefits shall not be excessive or inadequate, and shall not discriminate in a manner prohibited by section 428(3) of this act. Premium rates, enrollee point of service cost-sharing, or maximum enrollee financial participation amounts for a uniform benefits package may not exceed the limits established by the health services commission in accordance with section 406 of this act. Premium rates for uniform benefits package and supplemental benefits shall be developed on a community-rated basis as determined by the health services commission.

(2) Prior to using, every certified health plan shall file with the commissioner its enrollee point of service, cost-sharing amounts, enrollee financial participation amounts, rates, its rating plan, and any other information used to determine the specific premium to be charged any enrollee and every modification of any of the foregoing.

(3) Every such filing shall indicate the type and extent of the health services contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. A plan shall offer in support of any filing:

- (a) Any historical data and actuarial projections used to establish the rate filed;
- (b) An exhibit detailing the major elements of operating expense for the types of health services affected by the filing;
- (c) An explanation of how investment income has been taken into account in the proposed rates;
- (d) Any other information that the plan deems relevant; and
- (e) Any other information that the commissioner requires by rule.

(4) If a plan has insufficient loss experience to support its proposed rates, it may submit loss experience for similar exposures of other plans within the state.

(5) Every filing shall state its proposed effective date.

(6) Actuarial formulas, statistics, and assumptions submitted in support of a rate or form filing by a plan or submitted to the commissioner at the commissioner's request shall be withheld from public inspection in order to preserve trade secrets or prevent unfair competition.

(7) No plan may make or issue a benefits package except in accordance with its filing then in effect.

(8) The commissioner shall review a filing as soon as reasonably possible after made, to determine whether it meets the requirements of this section.

(9)(a) No filing may become effective within thirty days after the date of filing with the commissioner, which period may be extended by the commissioner for an additional period not to exceed fifteen days if the commissioner gives notice within such waiting period to the plan that the commissioner needs additional time to consider the filing.

(b) A filing shall be deemed to meet the requirements of this section unless disapproved by the commissioner within the waiting period or any extension period.

(c) If within the waiting or any extension period, the commissioner finds that a filing does not meet the requirements of this section, the commissioner shall disapprove the filing, shall notify the plan of the grounds for disapproval, and shall prohibit the use of the disapproved filing.

(10) If at any time after the applicable review period provided in this section, the commissioner finds that a filing does not meet the requirements of this section, the commissioner shall, after notice and hearing, issue an order specifying in what respect the commissioner finds that such filing fails to meet the requirements of this section, and stating when, within a reasonable period thereafter, the filings shall be deemed no longer effective.

The order shall not affect any benefits package made or issued prior to the expiration of the period set forth in the order.

NEW SECTION. Sec. 454. The legislature may disapprove of the uniform benefits package developed under section 449 of this act and medical risk adjustment mechanisms developed under section 406(7) of this act by an act of law at any time prior to the thirtieth day of the following regular legislative session. If such disapproval action is taken, the commission shall resubmit a modified package to the legislature within fifteen days of the disapproval. If the legislature does not disapprove or modify the package by an act of law by the end of that regular session, the package is deemed approved.

NEW SECTION. Sec. 455. SUPPLEMENTAL AND ADDITIONAL BENEFITS NEGOTIATION. (1) Nothing in chapter . . . , Laws of 1993 (this act) shall preclude insurers, health care service contractors, health maintenance organizations, or certified health plans from insuring, providing, or contracting for benefits not included in the uniform benefits package or in supplemental benefits.

(2) Nothing in chapter . . . , Laws of 1993 (this act) shall restrict the right of an employer to offer, an employee representative to negotiate for, or an individual to purchase supplemental or additional benefits not included in the uniform benefits package.

(3) Nothing in chapter . . . , Laws of 1993 (this act) shall restrict the right of an employer to offer or an employee representative to negotiate for payment of up to one hundred percent of the premium of the lowest priced uniform benefits package available in the geographic area where the employer is located.

(4) Nothing in chapter . . . , Laws of 1993 (this act) shall be construed to affect the collective bargaining rights of employee organizations to the extent that federal law specifically restricts the ability of states to limit collective bargaining rights of employee organizations.

(5) After July 1, 1999, no property or casualty insurance policy issued in this state may provide first-party coverage for health services to the extent that such services are provided under a uniform benefits package covering the resident to whom such property or casualty insurance policy is issued.

NEW SECTION. Sec. 456. CONSCIENCE OR RELIGION. (1) No certified health plan or health care provider may be required by law or contract in any circumstances to participate in the provision of any uniform benefit if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(2) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the uniform benefits package. Each certified health plan shall:

(a) Provide written notice to certified health plan enrollees, upon enrollment with the plan and upon enrollee request thereafter, listing, by provider, services that any provider refuses to perform for reason of conscience or religion;

(b) Develop written information describing how an enrollee may directly access, in an expeditious manner, services that a provider refuses to perform; and

(c) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b) of this subsection.

NEW SECTION. Sec. 457. LONG-TERM CARE INTEGRATION PLAN. (1) To meet the health needs of the residents of Washington state, it is critical to finance and provide long-term care and support services through an integrated, comprehensive system that promotes human dignity and recognizes the individuality of all functionally disabled persons. This system shall be available, accessible, and responsive to all residents based upon an assessment of their functional disabilities. The governor and the legislature recognize that families, volunteers, and community organizations are essential for the delivery of effective and efficient long-term care and support services, and that this private and public service infrastructure should be supported and strengthened. Further, it is important to provide benefits without requiring family or program beneficiary impoverishment for service eligibility.

(2) To realize the need for a strong long-term care system and to carry out the November 30, 1992, final recommendations of the Washington health care cost control and access commission, established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990, related to long-term care, the commission shall:

(a) Engage in a planning process, in conjunction with an advisory committee appointed for this purpose, for the inclusion of long-term care services in the uniform benefits package established under section 449 of this act by July 1999;

(b) Include in its planning process consideration of the scope of services to be covered, the cost of and financing of such coverage, the means through which existing long-term care programs and delivery systems can be coordinated and integrated, and the means through which family members can be supported in their role as informal caregivers for their parents, spouses, or other relatives.

(3) The commission shall submit recommendations concerning any necessary statutory changes or modifications of public policy to the governor and the legislature by January 1, 1995.

(4) The departments of health, retirement systems, revenue, social and health services, and veterans' affairs, the offices of financial management, insurance commissioner, and state actuary, along with the health care authority, shall participate in the review of the long-term care needs enumerated in this section and provide necessary supporting documentation and staff expertise as requested by the commission.

(5) The commission shall include in its planning process, the development of two social health maintenance organization long-term care pilot projects. The two pilot projects shall be referred to as the Washington life care pilot projects. Each life care pilot program shall be a single-entry system administered by an individual organization that is responsible for bringing together a full range of medical and long-term care services. The commission, in coordination with the appropriate agencies and departments, shall establish a Washington life care benefits package that shall include the uniform benefits package established in chapter . . . , Laws of 1993 (this act) and long-term care services. The Washington life care benefits package shall include, but not be limited to, the following long-term care services: Case management, intake and assessment, nursing home care, adult family home care, home health and home health aide care, hospice, chore services/homemaker/personal care, adult day care, respite care, and appropriate social services. The pilot project shall develop assessment and case management protocol that emphasize home and community-based care long-term care options.

(a) In designing the pilot projects, the commission shall address the following issues: Costs for the long-term care benefits, a projected case-mix based upon disability, the required federal waiver package, reimbursement, capitation methodology, marketing and enrollment, management information systems, identification of the most appropriate case management models, provider contracts, and the preferred organizational design that will serve as a functioning model for efficiently and effectively transitioning long-term care services into the uniform benefits package established in chapter . . . , Laws of 1993 (this act). The commission shall also be responsible for establishing the size of the two membership pools.

(b) Each program shall enroll applicants based on their level of functional disability and personal care needs. The distribution of these functional level categories and ethnicity within the enrolled program population shall be representative of their distribution within the community, using the best available data to estimate the community distributions.

(c) The two sites selected for the Washington life care pilot program shall be drawn from the largest urban areas and include one site in the eastern part of the state and one site in the western part of the state. The two organizations selected to manage and coordinate the life care services shall have the proven ability to provide ambulatory care, personal care/chore services, dental care, case management and referral services, must be accredited and licensed to provide long-term care for home health services, and may be licensed to provide nursing home care.

(d) The report on the development and establishment date of the two social health maintenance organizations shall be submitted to the governor and appropriate committees of the legislature by September 16, 1994. If the necessary federal waivers cannot be secured by January 1, 1995, the commission may elect to not establish the two pilot programs.

NEW SECTION. Sec. 458. WASHINGTON LONG-TERM CARE PARTNERSHIP. The department of social and health services shall from July 1, 1993, to July 1, 1998, coordinate a pilot program entitled the Washington long-term care partnership, whereby private insurance and medicaid funds shall be used to finance long-term care. This program must allow for the exclusion of an individual's assets, as approved by the federal health care financing administration, in a determination of the individual's eligibility for medicaid; the amount of any medicaid payment; or any subsequent recovery by the state for a payment for medicaid services to the extent such assets are protected by a long-term care insurance policy or contract governed by chapter 48.84 RCW and meeting the criteria prescribed in this chapter.

NEW SECTION. Sec. 459. WASHINGTON LONG-TERM CARE PARTNERSHIP. The department of social and health services shall seek approval and a waiver of appropriate federal medicaid regulations to allow the protection of an individual's assets as provided in this chapter. The department shall adopt all rules necessary to implement the Washington long-term care partnership program, which rules shall permit the exclusion of an individual's assets in a determination of medicaid eligibility to the extent that private long-term care insurance provides payment or benefits for services that medicaid would approve or cover for medicaid recipients.

NEW SECTION. Sec. 460. WASHINGTON LONG-TERM CARE PARTNERSHIP. (1) The insurance commissioner shall adopt rules defining the criteria that long-term care insurance policies must meet to satisfy the requirements of this chapter. The rules shall provide that all long-term care insurance policies purchased for the purposes of this chapter:

- (a) Be guaranteed renewable;
 - (b) Provide coverage for home and community-based services and nursing home care;
 - (c) Provide automatic inflation protection or similar coverage to protect the policyholder from future increases in the cost of long-term care;
 - (d) Not require prior hospitalization or confinement in a nursing home as a prerequisite to receiving long-term care benefits; and
 - (e) Contain at least a six-month grace period that permits reinstatement of the policy or contract retroactive to the date of termination if the policy or contract holder's nonpayment of premiums arose as a result of a cognitive impairment suffered by the policy or contract holder as certified by a physician.
- (2) Insurers offering long-term care policies for the purposes of this chapter shall demonstrate to the satisfaction of the insurance commissioner that they:
- (a) Have procedures to provide notice to each purchaser of the long-term care consumer education program;
 - (b) Offer case management services;
 - (c) Have procedures that provide for the keeping of individual policy records and procedures for the explanation of coverage and benefits identifying those payments or services available under the policy that meet the purposes of this chapter;
 - (d) Agree to provide the insurance commissioner, on or before September 1 of each year, an annual report containing the following information:
 - (i) The number of policies issued and of the policies issued, that number sorted by issue age;
 - (ii) To the extent possible, the financial circumstance of the individuals covered by such policies;
 - (iii) The total number of claims paid; and
 - (iv) Of the number of claims paid, the number paid for nursing home care, for home care services, and community-based services.

NEW SECTION. Sec. 461. WASHINGTON LONG-TERM CARE PARTNERSHIP. The insurance commissioner, in conjunction with the department of social and health services, shall develop a consumer education program designed to educate consumers as to the need for long-term care, methods for financing long-term care, the availability of long-term care insurance, and the availability and eligibility requirements of the asset protection program provided under this chapter.

NEW SECTION. Sec. 462. WASHINGTON LONG-TERM CARE PARTNERSHIP. By January 1 of each year, the insurance commissioner, in conjunction with the department of social and health services, shall report to the legislature on the progress of the asset protection program. The report shall include:

- (1) The success of the agencies in implementing the program;
- (2) The number of insurers offering long-term care policies meeting the criteria for asset protection;
- (3) The number, age, and financial circumstances of individuals purchasing long-term care policies meeting the criteria for asset protection;
- (4) The number of individuals seeking consumer information services;
- (5) The extent and type of benefits paid by insurers offering policies meeting the criteria for asset protection;
- (6) Estimates of the impact of the program on present and future medicaid expenditures;
- (7) The cost-effectiveness of the program; and
- (8) A determination regarding the appropriateness of continuing the program.

H. STATE RESIDENT AND EMPLOYER PARTICIPATION

NEW SECTION. Sec. 463. INDIVIDUAL PARTICIPATION. (1) All residents of the state of Washington are required to purchase a uniform benefits package from a certified health plan no later than July 1, 1998. This participation requirement shall be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions set forth in the First Amendment, United States Constitution or Article I, section 11 of the state Constitution. Residents of the state of Washington who work in another state for an out-of-state employer shall be deemed to have satisfied the requirements of this section if they receive health insurance coverage through such employer.

(2) The commission shall monitor the enrollment of individuals into certified health plans and shall make public periodic reports concerning the number of persons enrolled and not enrolled, the reasons why individuals are not enrolled, recommendations to reduce the number of persons not enrolled, and recommendations regarding enforcement of this provision.

NEW SECTION. Sec. 464. EMPLOYER PARTICIPATION. (1) The legislature recognizes that small businesses play an essential and increasingly important role in the state's economy. The legislature further recognizes that many of the state's small business owners provide health insurance to their employees through small group policies at a cost that directly affects their profitability. Other small business owners are prevented from providing health benefits to their employees by the lack of access to affordable health insurance coverage. The legislature intends that the provisions of chapter . . . , Laws of 1993 (this act) make health insurance more available and affordable to small businesses in Washington state through strong cost control mechanisms and the option to purchase health benefits through the basic health plan, the Washington state group purchasing association, and health insurance purchasing cooperatives.

(2) On July 1, 1995, every employer employing more than five hundred qualified employees shall:

- (a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, and for employers who have established a registered employer health plan, one of which may be its own registered employer health plan, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1996, all dependents of qualified employees of these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(3) By July 1, 1996, every employer employing more than one hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1997, all dependents of qualified employees in these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(4) By July 1, 1997, every employer shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1998, all dependents of qualified employees in all firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(5) This employer participation requirement shall be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions of the First Amendment of the United States Constitution or Article I, section 11, of the state Constitution. In such case the employer shall, pursuant to commission rules, set aside an amount equal to the applicable employer contribution level in a manner that would permit his or her employee to fully comply with the requirements of this chapter.

(6) In lieu of offering the uniform benefits package to employees and their dependents through direct contracts with certified health plans, an employer may combine the employer contribution with that of the employee's contribution and enroll in the basic health plan as provided in chapter 70.47 RCW or a health insurance purchasing cooperative established under sections 427 and 428 of this act.

NEW SECTION. Sec. 465. DEPOSITORY. (1) The health care authority shall establish a depository where payments under section 464 of this act can be made and held in safekeeping for the benefit of employees working less than the number of hours worked by a qualified employee.

(2) The authority shall adopt appropriate rules for operation of the depository, in consultation with representatives of employees and employers, especially those that are seasonal or employ large numbers of part-time workers. The rules shall address the means through which payments will be properly deposited to the credit of employees and the means through which employees can access payments made on their behalf. On and after July 1, 1995, payments deposited by employers on behalf of employees may be used by employees only for purchase of the uniform benefits package. Prior to July 1, 1995, payments may be used for purchase of any health insurance coverage.

NEW SECTION. Sec. 466. SMALL FIRM FINANCIAL ASSISTANCE. (1) Beginning July 1, 1997, firms with fewer than twenty-five workers that face barriers to providing health insurance for their employees may, upon application, be eligible to receive financial assistance with funds set aside from the health services account. Firms with the following characteristics shall be given preference in the distribution of funds: (a) New firms, (b) employers with low average wages, (c) employers with low profits, and (d) firms in economically distressed areas.

(2) All employers in existence on or before July 1, 1997, who meet the criteria set forth in this section, and rules adopted under this section, may apply to the health services commission for assistance. Such employers may not receive premium

assistance beyond July 1, 2001. New employers, who come into existence after July 1, 1997, may apply for and receive premium assistance for a limited period of time, as determined by the commission.

(3) The total funds available for small business assistance shall not exceed one hundred fifty million dollars for the biennium beginning July 1, 1997. Thereafter, the amount of total funds available for premium assistance shall be determined by the office of financial management, based on a forecast of inflation, employment, and the number of eligible firms.

(4) By July 1, 1997, the health services commission, with assistance from the small business advisory committee established in section 404 of this act, shall develop specific definitions, rules, and procedures governing all aspects of the small business assistance program, including application procedures, thresholds regarding firm size, wages, profits, and age of firm, and rules governing duration of assistance.

(5) Final determination of the amount of the premium assistance to be dispensed to an employer shall be made by the commission based on rules, definitions, and procedures developed under this section. If total claims for assistance are above the amount of total funds available for such purposes, the commission shall have the authority to prorate employer claims so that the amount of available funds is not exceeded.

(6) The office of financial management, in consultation with the commission, shall establish appropriate criteria for monitoring and evaluating the economic and labor market impacts of the premium assistance program and report its findings to the commission annually through July 1, 2001.

I. PUBLIC HEALTH SERVICES IMPROVEMENT PLAN

NEW SECTION. Sec. 467. A new section is added to chapter 43.70 RCW to read as follows:

PUBLIC HEALTH SERVICES IMPROVEMENT PLAN. (1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances;

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;

(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:

(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and

(ii) Timing of increased funding for public health services linked to specific objectives for improving public health; and

(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 258 of this act.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services.

POINT OF ORDER

Senator Newhouse: "A point of order, Mr. President. I wish to raise the point of order that this Conference Committee Report expands the scope and object of the basic bill, Senate Bill No. 5304, as it passed the Senate. This may be more of an indictment or a criticism of our system than of the bill itself, but when we passed Senate Bill No. 5304 out of here all of these many weeks ago, it did not have Section 424 and related sections amending the joint and several provisions of our, so called, Tort Reform Law of 1986. I do admit that the House version, as passed the House, did have that provision in it.

"My claim is that we never had an opportunity to raise the scope and object of those issues added into the basic bill, Senate Bill No. 5304, and that we should have had. It is the practice of this body that the scope and object of every bill may be checked and we didn't have an opportunity. We find that in the House, with the large striking amendment, they didn't even print a reproduction of the amendment that day or the following day. In fact, up until yesterday, those amendments were to be in the books up at the head of our Chamber, they were not and probably still are not.

"We did not realize that those sections were in that bill. That is an invasion of our rights and provisions of how we should proceed here. I think that we should have an opportunity to raise the scope and object when issues are added and an amendment by four attorneys on a conference committee that the rest of us knew nothing about and we were not advised as to what was in them."

Further debate ensued.

RULING BY THE PRESIDENT

President Pritchard: "The President rules that the long standing precedent in the Senate to the question of scope and object of a House amendment to a Senate Bill must be raised prior to the bill being sent to conference. Much of what you said in criticism of the process, I would agree with you, Senator, but I think that is our precedent and has been our ruling and the President is going to stick with it."

The Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 5304 was ruled in order.

POINT OF INFORMATION

Senator Newhouse: "As a point of information, Mr. President, when could any member of the Senate have raised the scope and object of that amendment before us? I contend that we could not have."

REPLY BY THE PRESIDENT

President Pritchard: "On April 9, approximately at 3 o'clock, the motion to not concur and request for conference was made. The following occurred:

'President Pritchard: Fourth order, Message from the House, secretary will read.

'Secretary: Message from the House, April 9, 1993, Mr. President, the House has passed Engrossed Second Substitute Senate Bill No. 5304 with the following amendment(s):

'President Pritchard: Do you want to read the amendments? Last line.

'Secretary: January 1, 1996.

'President Pritchard: Senator Talmadge,' and he moved at that time and that would have been the time."

Senator Newhouse: "The motion was do not concur with the House amendment(s) and the opportunity was never granted. You recognized, sir, the chairman of the committee and no one else had an opportunity."

President Pritchard: "I believe if you would have stood up at that time, I would have--I will agree that the process is very difficult at that time and we probably should look at this and see if we have a better way to do it."

MOTION

Senator Talmadge moved that the Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 5304 be adopted.

Debate ensued.

The President declared the question before the Senate to be the motion by Senator Talmadge that the Senate adopt the Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 5304.

The motion by Senator Talmadge carried and the Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 5304 was adopted.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Second Substitute Senate Bill No. 5304, as recommended by the Conference Committee.

Debate ensued.

The Secretary called the roll on the final passage of Engrossed Second Substitute Senate Bill No. 5304, as recommended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 28; Nays, 21; Absent, 0; Excused, 0.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5304, as recommended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5474 with the following amendment(s):
On page 3, after line 32, strike everything through "chapter 19.86 RCW." on page 4, line 6 and insert the following subsection:

"(3) ((Notwithstanding any other provisions of this chapter, any act)) Except for any unfair practice committed by an employer against an employee or a prospective employee, or any unfair practice in a real estate transaction which is the basis for relief specified in the amendments to RCW 49.60.225 contained in chapter . . . (House Bill 1476 section 9) Laws of 1993, any unfair practice prohibited by this chapter ((related to sex discrimination or discriminatory boycotts or blacklists)) which is committed in the course of trade or commerce ((in the state of Washington)) as defined in the Consumer Protection Act, chapter 19.86 RCW, ((shall be deemed an unfair practice within the meaning of RCW 19.86.020 and 19.86.030 and subject to all the provisions of chapter 19.86 RCW as now or hereafter amended)) is, for the purpose of applying that chapter, a matter affecting the public interest, is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce."

On page 5, line 34, after "institution" insert "; nor shall anything contained in this definition apply to any newspaper or other advertising media when selling or publishing advertisements"

On page 6, after line 15, insert the following new section:

"NEW SECTION. Sec. 5. A new section is added to chapter 49.60 RCW to read as follows:

(1) For purposes of the term "disability" as used in this chapter, homosexuality and bisexuality are not impairments and as such are not disabilities under this act. Under this chapter, the term "disability" shall not include:

(a) Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments, or other sexual behavior disorders;

(b) Compulsive gambling, kleptomania, or pyromania; or

(c) Psychoactive substance use disorders resulting from current illegal use of drugs.

(2)(a) For purposes of this chapter, a person who is currently engaging in the illegal use of drugs, when the covered entity acts on the basis of such use, shall not be considered to have a disability.

(b) Nothing in (a) of this subsection may be construed to exclude as an individual with a disability an individual who:

- (i) Has successfully completed a supervised drug rehabilitation program and is no longer engaging in the illegal use of drugs, or has otherwise been rehabilitated successfully and is no longer engaging in such use;
- (ii) Is participating in a supervised rehabilitation program and is no longer engaging in such use; or
- (iii) Is erroneously regarded as engaging in such use, but is not engaging in such use;

except that it shall not be a violation of this chapter for a covered entity to adopt or administer reasonable policies or procedures, including but not limited to drug testing, designed to ensure that an individual described in (b) (i) or (ii) of this subsection is no longer engaging in the illegal use of drugs; however, nothing in this section may be construed to encourage, prohibit, restrict, or authorize the conducting of testing for the illegal use of drugs."

ALAN THOMPSON, Chief Clerk

MOTION

Senator Adam Smith moved that the Senate concur in the House amendments on page 3, after line 32; page 5, line 34, page 18, line 8; and refuse to concur in the House amendment on page 6, after line 15, to Senate Bill No. 5474.

POINT OF ORDER

Senator Nelson: "Mr. President, I rise to a point of order. I would ask the President to rule on the scope and object of the amendment on page 5, line 34, which has been moved for concurrence and ask that the President review this particular amendment, since it is new to the bill, Senate Bill No. 5474. The original bill dealt, primarily, with language that was intended to update the Human Rights Commission definitions and make some limited changes. Now, we have an amendment that brings in advertising media. There wasn't anything in the original bill that dealt with media, accommodations, amusement or anything like that. I believe that the amendment is out of order."

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point order raised by Senator Nelson, the President finds that Senate Bill No. 5474 is a measure which changes the definitions of physical disability and age, and expands the unfair practices under the law against discrimination which are subject to the Consumer Protection Act. The bill also increases the administrative penalty for humiliation and mental suffering associated with unfair practices.

"The amendment on page 5, line 34, by the House of Representatives would, among other provisions, expressly remove newspapers and advertising media from the definition of public resort, accommodation, assemblage, or amusement.

"The President, therefore, finds that the proposed amendment does change the scope and object of the bill and the point of order is well taken."

The House amendment on page 5, line 34, to Senate Bill No. 5474 was ruled out of order.

MOTION

Senator Adam Smith moved that the Senate refuse to concur in the remaining House amendment(s) to Senate Bill No. 5474 and asks the House to recede therefrom.

MOTION

Senator Nelson moved that the question be divided and that the Senate do concur in the House amendment on page 6, line 15, to Senate Bill No. 5474.

MOTION

On motion of Senator Jesernig, further consideration of Senate Bill No. 5474 was deferred.

A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if at the time the security interest was created, the secured party neither had knowledge of nor consented to the commission of the felony.

(2) Personal property subject to forfeiture under this chapter may be seized by any law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of personal property without process may be made if:

- (a) The seizure is incident to an arrest or a search under a search warrant;
- (b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding;
- (c) A law enforcement officer has probable cause to believe that the property is directly dangerous to health or safety; or
- (d) The law enforcement officer has probable cause to believe that the property was used or is intended to be used in the commission of a felony.

(3) In the event of seizure pursuant to this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. The notice of seizure may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the seizure, the item seized shall be deemed forfeited.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized property within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court

hearing between two or more claimants to the property involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. The seizing law enforcement agency shall promptly return the property to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property.

(6) When property is forfeited under this chapter, after satisfying any court-ordered victim restitution, the seizing law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the criminal law;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public.

(7) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(a) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(b) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(c) Retained property and net proceeds not required to be paid to the state treasurer, or otherwise required to be spent under this section, shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

NEW SECTION. Sec. 3. The legislature finds compelling state interests in compensating the victims of crime and in preventing criminals from profiting from their crimes. Sections 4 through 7 of this act are intended to advance both of these interests.

NEW SECTION. Sec. 4. The following are subject to seizure and forfeiture and no property right exists in them:

(1) All tangible or intangible property, including any right or interest in such property, acquired by a person convicted of a crime for which there is a victim of the crime and to the extent the acquisition is the direct or indirect result of the convicted person having committed the crime. Such property includes but is not limited to the convicted person's remuneration for, or contract interest in, any reenactment or depiction or account of the crime in a movie, book, magazine, newspaper or other publication, audio recording, radio or television presentation, live entertainment of any kind, or any expression of the convicted person's thoughts, feelings, opinions, or emotions regarding the crime.

(2) Any property acquired through the traceable proceeds of property described in subsection (1) of this section.

NEW SECTION. Sec. 5. (1) Any property subject to seizure and forfeiture under section 4 of this act may be seized by the prosecuting attorney of the county in which the convicted person was convicted upon process issued by any superior court having jurisdiction over the property.

(2) Proceedings for forfeiture are commenced by a seizure. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later, except that such real property seized may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest.

(3) The prosecuting attorney who seized the property shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen-day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing prosecuting attorney in writing of the person's claim of ownership or right to possession of the property within forty-five days for personal property or ninety days for real property, the property seized shall be deemed forfeited.

(5) If any person notifies the seizing prosecuting attorney in writing of the person's claim of ownership or right to possession of the property within forty-five days for personal property or ninety days for real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The prosecuting attorney shall file the case into a court of competent jurisdiction. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. In cases involving personal property, the burden of producing evidence shall be by a preponderance and upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be by a preponderance and upon the prosecuting attorney. The seizing prosecuting attorney shall promptly return the property to the claimant upon a determination by the prosecuting attorney or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property.

(6) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the county auditor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules.

(7) A forfeiture action under this section may be brought at any time from the date of conviction until the expiration of the statutory maximum period of incarceration that could have been imposed for the crime involved.

(8) A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if at the time the security interest was created, the secured party did not know that the property was subject to seizure and forfeiture.

NEW SECTION. Sec. 6. (1) The proceeds of any forfeiture action brought under section 5 of this act shall be distributed as follows:

(a) First, to the victim or to the plaintiff in a wrongful death action brought as a result of the victim's death, to satisfy any money judgment against the convicted person, or to satisfy any restitution ordered as part of the convicted person's sentence;

(b) Second, to the reasonable legal expenses of bringing the action;

(c) Third, to the crime victims' compensation fund under RCW 7.68.090.

(2) A court may establish such escrow accounts or other arrangements as it deems necessary and appropriate in order to distribute proceeds in accordance with this section.

NEW SECTION. Sec. 7. (1) Any action taken by or on behalf of a convicted person including but not limited to executing a power of attorney or creating a corporation for the purpose of defeating the provisions of sections 3 through 6 of this act is null and void as against the public policy of this state.

(2) Sections 3 through 6 of this act are supplemental and do not limit rights or remedies otherwise available to the victims of crimes and do not limit actions otherwise available against persons convicted of crimes.

NEW SECTION. Sec. 8. (1) Sections 1 and 2 of this act shall constitute a new chapter in Title 10 RCW.

(2) Sections 3 through 7 of this act are each added to chapter 7.68 RCW."

On page 1, line 1 of the title, after "victims;" strike the remainder of the title and insert "adding new sections to chapter 7.68 RCW; and adding a new chapter to Title 10 RCW.", and that the bill do pass as recommended by the Conference Committee.

Regulating steamboat operators

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred SUBSTITUTE HOUSE BILL NO. 1931, Steamboat operators, have had the same under consideration and we recommend that:

The Senate Transportation Committee amendment(s) adopted, as amended, on April 14, 1993, be not adopted, and that the following Conference Committee striking amendments be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.60.120 and 1984 c 7 s 307 are each amended to read as follows:

(1) If the department acquires or constructs, maintains, and operates any ferry crossings upon or toll bridges over Puget Sound or any of its tributary or connecting waters, there shall not be constructed, operated, or maintained any other ferry crossing

upon or bridge over any such waters within ten miles of any such crossing or bridge operated or maintained by the department excepting such bridges or ferry crossings in existence, and being operated and maintained under a lawfully issued franchise at the time of the location of the ferry crossing or construction of the toll bridge by the department.

(2) The ten-mile distance in subsection (1) of this section means ten statute miles measured by airline distance. The ten-mile restriction shall be applied by comparing the two end points (termini) of a state ferry crossing to those of a private ferry crossing.

(3) The Washington utilities and transportation commission may, upon written petition of a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW, and upon notice and hearing, grant a waiver from the ten-mile restriction. The waiver must not be detrimental to the public interest. In making a decision to waive the ten-mile restriction, the commission shall consider, but is not limited to, the impact of the waiver on transportation congestion mitigation, air quality improvement, and the overall impact on the Washington state ferry system. The commission shall act upon a request for a waiver within ninety days after the conclusion of the hearing. A waiver is effective for a period of five years from the date of issuance. At the end of five years the waiver becomes permanent unless appealed within thirty days by the commission on its own motion, the department, or an interested party.

(4) The department shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters that would infringe upon any franchise lawfully issued by the state and in existence and being exercised at the time of the location of the ferry crossing or toll bridge by the department, without first acquiring the rights granted to such franchise holder under the franchise.

~~((While any revenue bonds issued by the department under the provisions of this chapter are outstanding no additional bonds may be issued for the purposes of acquiring, constructing, operating, or maintaining any ferries or toll bridges within the aforesaid ten mile distance by the department unless the revenues of any such additional ferries or toll bridges are pledged to the bonds then outstanding to the extent provided by the resolution authorizing the issue of the outstanding bonds. The provisions of this section are binding upon the state, and all of its departments, agencies, and instrumentalities, as well as any and all private, political, municipal, and public corporations and subdivisions, including cities, towns, counties, and other political subdivisions, and the prohibitions of this section shall restrict and limit the powers of the legislature of the state in respect to the matters herein mentioned so long as any of such bonds are outstanding and unpaid and shall be deemed to constitute a contract to that effect for the benefit of the holders of all such bonds.))~~

Sec. 2. RCW 81.84.010 and 1961 c 14 s 81.84.010 are each amended to read as follows:
