PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION C MANIFEST INJUSTICE

If the court determines that a disposition under option A or B would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

MOTION

On motion of Senator Sheahan, the following Committee on Children and Family Services and Corrections striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 74.13 RCW to read as follows:

(1) For the purposes of this section, "kin" means persons related by blood or marriage, including marriages that have been dissolved.

(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required.

These strategies must include at least the following:

(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child's case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:

(i) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child's kin, within sixty days of the child entering out-of-home care;

(ii) Increased use of those procedures determined by research to be the most effective methods of promoting reunification efforts, permanency planning, and placement decisions;

(iii) Contacts with kin identified through outreach efforts and interviews under this subsection as part of permanency planning activities and change of placement discussions;

(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and

(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child's individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions the kin must take to be considered as a viable placement option.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.

NEW SECTION. Sec. 2. (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services

for children in out-of-home care. The proposal must seek to establish at least one project in eastern Washington and one project in western Washington, each project to be managed by a participating community-based agency.

(2) The kinship care navigators funded through the proposal shall be responsible for at least the following:

- (a) Understanding the various state agency systems serving kinship caregivers;
- (b) Working in partnership with local community service providers;
- (c) Tracking trends, concerns, and other factors related to kinship caregivers; and
- (d) Assisting in establishing stable, respectful relationships between kinship caregivers and department staff.

(3) Implementation of the kinship care navigator pilot projects is contingent upon receipt of nonstate or private funding for that purpose.

(4) For the purposes of this section, "kinship" has the same meaning as "kin" given in section 1(1) of this act.

(5) This section expires January 1, 2007.

NEW SECTION. Sec. 3. (1) The department of social and health services shall report to the legislature and the governor on the implementation of the kinship care navigator pilot projects with recommendations on statewide implementation of the pilot projects one year following implementation of the pilot projects. The report shall: Include data that demonstrates whether the pilot project reduced actual barriers to access to services; identify statutory and administrative barriers for kin who give care; and recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more program or service would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor the implementation of recommendations contained in the 2002 kinship care report;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(3) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(4) The kinship care oversight committee shall report to the legislature and the governor on the status of kinship care issues by December 1, 2004.

(5) This section expires January 1, 2005."

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "caregivers;" strike the remainder of the title and insert "adding new sections to chapter 74.13 RCW; creating new sections; and providing expiration dates."

One hundred twenty days of imprisonment and one hundred fifty days of electronic home monitoring may not be suspended or deferred unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended or deferred, the court shall state in writing the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based; and

(ii) By a fine of not less than one thousand five hundred dollars nor more than five thousand dollars. One thousand five hundred dollars of the fine may not be suspended or deferred unless the court finds the offender to be indigent; and

(4) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) In any case in which the installation and use of an interlock or other device is not mandatory under RCW 46.20.720 or other law, order the use of such a device for not less than sixty days following the restoration of the person's license, permit, or nonresident driving privileges; and

(b) In any case in which the installation and use of such a device is otherwise mandatory, order the use of such a device for an additional sixty days.

(5) In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property; and

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers (~~at the time of the offense~~).

~~((5))~~ (6) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

~~((6))~~ (7) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(I) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) If the person's alcohol concentration was at least 0.15, or if by reason of the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(I) Where there has been no prior offense within seven years, be revoked or denied by the department for one year;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years. For purposes of this subsection, the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

~~((7))~~ (8) After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

~~((8))~~ (9)(a) In addition to any nonsuspendable and nondeferable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (I) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. (b) For each violation of mandatory conditions of probation under (a)(I) and (ii) or (a)(I) and (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

~~((10))~~ (11) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(4).

MOTION

On motion of Senator Honeyford, the following Committee on Commerce and Trade striking amendment was not adopted:

"**Sec. 1.** RCW 66.24.244 and 1998 c 126 s 3 are each amended to read as follows:

(1) There shall be a license for microbreweries; fee to be one hundred dollars for production of less than sixty thousand barrels of malt liquor per year.

(2) Any microbrewery license under this section may also act as a distributor and/or retailer for beer of its own production. Any microbrewery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers.

(3) The board may issue an endorsement to this license allowing for on-premises consumption of beer, wine, or both of other manufacture if purchased from a Washington state-licensed distributor. Each endorsement shall cost two hundred dollars per year, or four hundred dollars per year allowing the sale and service of both beer and wine.

(4) The microbrewer obtaining such endorsement must determine, at the time the endorsement is issued, whether the licensed premises will be operated either as a tavern with persons under twenty-one years of age not allowed as provided for in RCW 66.24.330, or as a beer and/or wine restaurant as described in RCW 66.24.320.

(5)(a) A microbrewery licensed under this section may apply to the board for an endorsement to sell bottled beer of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars.

(b) For each month during which a microbrewery will sell beer at a qualifying farmers market, the microbrewery must provide the board or its designee a list of the dates, times, and locations at which bottled beer may be offered for sale. This list must be received by the board before the microbrewery may offer beer for sale at a qualifying farmers market.

(c) The beer sold at qualifying farmers markets must be produced in Washington.

(d) Each approved location in a qualifying farmers market is deemed to be part of the microbrewery license for the purpose of this title. The approved locations under an endorsement granted under this subsection (5) do not constitute the tasting or sampling privilege of a microbrewery. The microbrewery may not store beer at a farmers market beyond the hours that the microbrewery offers bottled beer for sale. The microbrewery may not act as a distributor from a farmers market location.

(e) Before a microbrewery may sell bottled beer at a qualifying farmers market, the farmers market must apply to the board for authorization for any microbrewery with an endorsement approved under this subsection (5) to sell bottled beer at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved microbrewery may sell bottled beer; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled beer may be sold. Before authorizing a qualifying farmers market to allow an approved microbrewery to sell bottled beer at retail at its farmers market location, the board shall notify the persons or entities of the application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and any additional rules necessary to implement this section.

(g) For the purposes of this subsection (5):

(I) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

I know that we all have constituents in Fort Lewis and McChord and Oak Harbor, Fairchild, Everett, just to name a few places that today have brought us a lot of pride. Sometimes, we just don't say thanks to those young kids that are risking their lives for us. I think it is a point of personal privilege that I would like to just say and I know that everyone else shares with the tremendous day today and a tremendous event. Thank you."

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2172, by House Committee on Technology, Telecommunications and Energy (originally sponsored by Representatives Sullivan, Morris, Benson, Rockefeller, Wood and Hudgins)

Promoting the purchase of fuel cells for the use of distributive generation at state-owned facilities.

The bill was read the second time.

MOTION

On motion of Senator Morton, the following Committee on Natural Resources, Energy and Water striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:

- (a) As a consumer of energy resources and a committed steward of public health and environmental quality, Washington state government is well-positioned to be a leader in promoting and using clean energy technologies, including fuel cells;
- (b) The use of batteries and internal combustion engines in state facilities for emergency and back-up power, and to power remote equipment for communications, security lighting, cameras and sensors, signaling, environmental monitoring, and similar applications can adversely impact the environment.
- (2) The legislature declares that:
 - (a) Fuel cells operating directly on hydrogen emit only water and heat and can be used indoors and outdoors without harming the environment or people;
 - (b) Fuel cells provide reliable and high digital quality direct current power that meets uninterruptible and premium power supply requirements;
 - (c) Commercial fuel cells can be highly efficient when used in a cogeneration application; and
 - (d) On a life-cycle cost basis, small fuel cells can offer a better economic value to the state than batteries and internal combustion engines.

NEW SECTION. Sec. 2. A new section is added to chapter 43.19 RCW to read as follows:

- (1) State agencies, when planning for the construction of a state facility, must consider the utilization of fuel cells as a primary source of energy for a facility that requires a source of uninterrupted electric power.
- (2) When planning the procurement of back-up power systems and remote power sources, state agencies must consider the use of fuel cells as an alternative to purchasing and utilizing batteries or internal combustion engines.
- (3) The director of the department of general administration shall assist state agencies in identifying, evaluating, and developing potential fuel cell applications at their facilities. The department shall notify state agencies of these potential applications and provide technical and analytical support. The department shall recover costs for this assistance through written agreements, including reimbursement from third parties participating in the projects, for any costs and expenses incurred in providing assistance.
- (4) State agencies may use financing contracts under chapter 39.94 RCW to provide all or part of the funding for the procurement and installation of fuel cells for the purposes of this section. The department of general administration shall determine the eligibility of projects for financing contracts. The repayments of the financing contracts shall be sufficient to pay, when due, the principal and interest on the contracts.
- (5) For the purposes of this section, (a) "fuel cell" means an electrochemical reaction that generates electric energy by combining atoms of hydrogen and oxygen in the presence of a catalyst; and (b) "state facilities" has the same meaning as provided in RCW 43.19.450.
- (6) State agencies are also authorized to consider and use other renewable or alternative energy sources to the same extent as provided for fuel cells under subsections (1) through (4) of this section."

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "facilities;" strike the remainder of the title and insert "adding a new section to chapter 43.19 RCW; and creating a new section."

PERSONAL PRIVILEGE

Senator Benton: "I rise to a point of personal privilege, Mr. President. I want to join with Senator Sheldon's remarks this morning. Many of you do not know, but my father is a retired naval officer, who served in the liberation of France and was involved in the invasion of Normandy. Some of you do know that. Both of my older brothers served in Vietnam, one a naval aviator who flew ninety-three combat missions, and the other who was decorated by the President of the United States for bravery for serving in the One-hundred and First Airborne Division. So, I come from an extremely patriotic and military background in my family. Quite often times, I wear my patriotism on my sleeve, as you know.

"You don't have to come from that kind of background to be extremely proud of what we saw today and yesterday. When you see one-hundred fifty children ranging in age from eight to fourteen, many of whom have been in prison for five years, because they refused to join a political party--being released by the fifth Marine Division--and the joy of their parents and their families to have their children back--children in prison for not joining a political party. When you see the joy of the Iraq people being liberated this morning, it is awfully hard to contain your pride and your enthusiasm for what America has been able to accomplish in three very short weeks. Six weeks it took to liberate Kuwait--three weeks to liberate the country of Iraq. For that, I think every American should be extremely proud this morning on what we have been able to accomplish. Thank you Mr. President."

Further remarks on the war in Iraq ensued.

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except for the division of securities which shall deposit thirteen percent of all moneys received, except as provided in section 2 of this act, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department. NEW SECTION. Sec. 2. A new section is added to chapter 43.320 RCW to read as follows:

(3) The director may issue a summary order pending final determination of a proceeding under this section upon a finding that it is in the public interest and necessary or appropriate for the protection of investors.

(4) The director may not impose a fine under this section except after notice and opportunity for hearing. The fine imposed under this section may not exceed (~~five~~) ten thousand dollars for each act or omission that constitutes the basis for issuing the order. If a petition for judicial review has not been timely filed under RCW 34.05.542(2), a certified copy of the director's order requiring payment of the fine may be filed in the office of the clerk of the superior court in any county of this state. The clerk shall treat the order of the director in the same manner as a judgment of the superior court. (7) In any action under subsection (1) of this section, the director may charge the costs, fees, and other expenses incurred by the director in the conduct of any administrative investigation, hearing, or court proceeding against any person found to be in violation of any provision of this section or any rule or order adopted under this section.

The director may by rule or order provide for payments to investors, rates of interest, periods of accrual, and other matters the director deems appropriate to implement this subsection.

(9) The director shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic

The court may grant such ancillary relief, including a civil penalty, restitution, and disgorgement, as it deems appropriate. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The director may not be required to post a bond. If the director prevails, the director shall be entitled to a reasonable attorney's fee to be fixed by the court.

(3) Whenever it appears to the director that any person who has received a permit to issue, sell, or otherwise dispose of securities under this chapter, whether current or otherwise, has become insolvent, the director may petition a court of competent jurisdiction to appoint a receiver or conservator for the defendant or the defendant's assets. The director may not be required to post a bond.

(4) The director may bring an action for restitution or damages on behalf of the persons injured by a violation of this chapter, if the court finds that private civil action would be so burdensome or expensive as to be impractical.

(5) In any action under this section, the director may charge the costs, fees, and other expenses incurred by the director in the conduct of any administrative investigation, hearing, or court proceeding against any person found to be in violation of any provision of this section or any rule or order adopted under this section.

(3) The fines paid under subsections (1) and (2) of this section shall be deposited into the securities prosecution fund.

(4) If a petition for judicial review has not been timely filed under RCW 34.05.542(2), a certified copy of the director's order requiring payment of the fine may be filed in the office of the clerk of the superior court in any county of this state. The clerk shall treat the order of the director in the same manner as a judgment of the superior court. PERSONAL PRIVILEGE

Senator Kohl-Welles: "Mr. President, a point of personal privilege. I would like to respond to something that was said earlier about the media and Iraq. I understand that the comments that were made earlier were very heartfelt. I think we are all feeling very emotional right now with what is going on in Iraq and concern about our servicemen and women over there, but I think, with all due respect to the Senator who made the remarks--complete due respect that I have--I think it is very important to us to acknowledge that those in the media and the press, who have gone over to Iraq are also risking their lives to provide us with news. It is really quite incredible. We are getting real time information observing what is going on. There have been lives lost from the media, not just American representatives of the media--the press, but also those in other

countries. Not only have those lives been lost, but there are hundreds and hundreds of people over there who are still risking their lives in a very unsafe situation. One of the things that has made our country so strong and so compelling is that we have our Bill of Rights and we have the freedom of the press, which is envied all over the world. Thank you.”

"NEW SECTION. Sec. 1. A new section is added to chapter 4.16 RCW to read as follows:

(1) Persons engaged in any activity defined in RCW 4.16.300 may be excused, in whole or in part, from any obligation, damage, loss, or liability for those defined activities under the principles of comparative fault for the following affirmative defenses:

(a) To the extent it is caused by an unforeseen act of nature that caused, prevented, or precluded the activities defined in RCW 4.16.300 from meeting the applicable building codes, regulations, and ordinances in effect at the commencement of construction. For purposes of this section an "unforeseen act of nature" means any weather condition, earthquake, or manmade event such as war, terrorism, or vandalism, in excess of the design criteria expressed by the applicable building codes, regulations, and ordinances in effect at the time of the original construction;

(b) To the extent it is caused by a homeowner's unreasonable failure to minimize or prevent those damages in a timely manner, including the failure of the homeowner to give timely notice to the builder and to allow reasonable and timely access for inspections and repairs as required by chapter 64.50 RCW;

(c) To the extent it is caused by the homeowner or his or her agent, employee, subcontractor, independent contractor, or consultant by virtue of their failure to follow the builder's or manufacturer's maintenance recommendations, or commonly accepted homeowner maintenance obligations. In order to rely upon this defense as it relates to a builder's recommended maintenance schedule, the builder shall show that the homeowner had written notice of the schedule, the schedule was reasonable at the time it was issued, and the homeowner failed to substantially comply with the written schedule;

(d) To the extent it is caused by the homeowner or his or her agent's or an independent third party's alterations, ordinary wear and tear, misuse, abuse, or neglect, or by the structure's use for something other than its intended purpose;

(e) As to a particular violation for which the builder has obtained a valid release from the party making the claim;

(f) To the extent that the builder's repair corrected the alleged violation or defect;

(g) To the extent that a cause of action does not accrue within the statute of repose pursuant to RCW 4.16.310 or that an actionable cause as set forth in RCW 4.16.300 is not filed within the applicable statute of limitations. In contract actions the applicable contract statute of limitations expires, regardless of discovery, six years after substantial completion of construction, or during the period within six years after the termination of the services enumerated in RCW 4.16.300, whichever is later;

(h) As to any causes of action to which this section does not apply, all applicable affirmative defenses are preserved.

(2) This section does not apply to any civil action in tort alleging personal injury or wrongful death to a person or persons resulting from a construction defect."

Voting nay: Senators Fairley, Fraser, Kline and Thibaudeau - 4.

SUBSTITUTE HOUSE BILL NO. 2039, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Mr. President--and this is a point of personal privilege. For years, I have tried to get the majority leader--I think I skipped Senator Brown for the last two years, but Senator McDonald twice while he was in control. I have talked to Senator West and I talked to Senator Snyder when he was at the head of the majority party. One of the complaints that I have and have had for years, is the amount of amendments offered on the floor. I suggested from time to time that we adopt, what I understand is the Oregon system, where no amendments are offered on the floor. They go back to the committee. Take for example, the last amendment by Senator Kline and I am not criticizing him in any way, but he is an attorney--and Senator Esser is an attorney--wherever he is--he is still an attorney. There he is--there are two attorneys disagreeing on an amendment. Now, we have a Senate Rule that prior to hearing a bill, we have a five day notice to the public--and I was thinking about saying that we were conning the public, but I didn't want to use that term. I think we are misleading the public. We can suspend that rule. The chairman can ask for a vote to suspend the rule and occasionally we do. But, there is no five day rule on any amendment that we offer before this body. The public has never seen it and probably most members of this body have never seen it. So, it is all new to us. Sometimes we understand it and most of the time, we probably don't. If you look at that last amendment and you understand it, well, bless your heart, because you are a lot smarter than I am. I accepted Esser's word on it and I didn't ask Kline, because I know he proposed the amendment. Congratulations to him on his intelligence and his perception of the law as he sees it.

"I think we would serve the public well--and your constituency--if we didn't accept amendments on the floor. If we have amendments, we go back to the committee where they will be discussed by members of the committee, as are other bills, five day suspension or not. Then, that body can either accept the amendment or reject it. At least the public is involved in it. Most of the public we see are lobbyists--paid lobbyists, but non-the-less, if you are going to serve your constituency, you should understand what you are voting for. Now, this isn't bad today, but you will get into some bills and your will have, I don't know, fifty amendments on here. How in the world, can you keep up with those amendments? The fact is, you can't. I don't think anybody here can, because we are speeding this process along to get these bills out, for whatever reason you have to get these bills out. I would implore those of you, and if there is anybody that supports me on this issue, that you talk to leadership and you consider, if nothing else, a pilot project--that one session we don't accept amendments on the floor. If there is an amendment, we send it back. If you want to have a sixty percent rule, that is fine with me, but to continually add amendments on the floor, I think is asinine and I don't think we are treating the public fair. Put them back into committee and when you are in committee, vote them up or down, but take care of it there. Then, the public knows what we are doing. I don't know if that will speed up the process or slow down the process--whichever way is good--depending on your philosophy with what we should do with all of these bills we get before the body.

"Anyway, I have cleansed my blood vessels for today. I feel much better in having stated this before the body. I don't how long I have been carrying on. You are probably sick and tired of hearing about this, but I would appreciate each one of you thinking about this and giving it some consideration as to how nice it would be to come to the floor and vote a bill up or down, instead of looking and trying to keep up and going out and talking to lobbyists for or against these amendments. Anyway, I feel much better and I thank you."

MOTION TO LIMIT DEBATE

Senator Sheahan: "Mr. President, I move that the members of the Senate be allowed to speak only once and be limited to three minutes on each motion or amendment, except that the mover of the motion shall be allowed to open and close debate, and also that members be prohibited from yielding their time for the remainder of the day."

The President declared the question before the Senate to be the motion by Senator Sheahan to limit debate for the remainder of the day.

The motion by Senator Sheahan carried and debate was limited for the remainder of the day.

Sec. 7. RCW 89.08.450 and 1995 c 378 s 1 are each amended to read as follows:

The legislature declares that it is the goal of the state of Washington to preserve and restore the natural resources of the state and, in particular, fish and wildlife and their habitat. It is further the policy of the state insofar as possible to utilize the commission and conservation districts in these efforts and the volunteer organizations who have demonstrated their commitment to these goals.

To this end, it is the intent of the legislature to minimize the expense and delays caused by unnecessary bureaucratic process in securing permits for projects that preserve or restore native fish and wildlife habitat.

Sec. 8. RCW 89.08.460 and 1995 c 378 s 2 are each amended to read as follows:

The definitions in this section apply throughout RCW 89.08.460 through 89.08.510 (as recodified by this act) unless the context clearly requires otherwise~~((, the definitions in this section shall apply throughout RCW 89.08.450 through 89.08.510))~~.

(1) "Watershed restoration plan" means a plan, developed or sponsored by the department of fish and wildlife, the department of ecology, the department of natural resources, the department of transportation, a federally recognized Indian tribe acting within and pursuant to its authority, a city, a county, or a conservation district, that provides a general program and implementation measures or actions for the preservation, restoration, re-creation, or enhancement of the natural resources, character, and ecology of a stream, stream segment, drainage area, or watershed, and for which agency and public review has been conducted pursuant to chapter 43.21C RCW, the state environmental policy act. If the implementation measures or actions would have a probable significant, adverse environmental impact, a detailed statement under RCW 43.21C.031 must be prepared on the plan.

(2) "Watershed restoration project" means a public or private project authorized by the sponsor of a watershed restoration plan that implements the plan or a part of the plan and consists of one or more of the following activities:

(a) A project that involves ~~((less))~~ fewer than ten miles of streamreach, in which ~~((less))~~ fewer than twenty-five cubic yards of sand, gravel, or soil is removed, imported, disturbed, or discharged, and in which no existing vegetation is removed except as minimally necessary to facilitate additional plantings;

(b) A project for the restoration of an eroded or unstable stream bank that employs the principles of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(c) A project primarily designed to improve fish and wildlife habitat, remove or reduce impediments to migration of fish, or enhance the fishery resource available for use by all of the citizens of the state, provided that any structure other than a bridge or culvert or instream habitat enhancement structure associated with the project is ~~((less))~~ fewer than two hundred square feet in floor area and is located above the ordinary high water mark of the stream.

Sec. 9. RCW 89.08.470 and 1998 c 249 s 13 are each amended to read as follows:

(1) ~~((By January 1, 1996,))~~ The ~~((Washington conservation))~~ commission shall develop, in consultation with other state agencies, tribes, and local governments, a consolidated application process for permits for a watershed restoration project developed by an agency or sponsored by an agency on behalf of a volunteer organization. The consolidated process shall include a single permit application form for use by all responsible state and local agencies. The commission shall encourage use of the consolidated permit application process by any federal agency responsible for issuance of related permits. The permit application forms to be consolidated shall include, at a minimum, applications for: (a) Approvals related to water quality standards under chapter 90.48 RCW; (b) hydraulic project approvals under chapter ~~((75-20))~~ 77.55 RCW; and (c) section 401 water quality certifications under 33 U.S.C. Sec. 1341 and chapter 90.48 RCW.

(2) If a watershed restoration project is also a fish habitat enhancement project that meets the criteria of RCW ~~((75-20-350))~~ 77.55.290(1), the project sponsor shall instead follow the permit review and approval process established in RCW ~~((75-20-350))~~ 77.55.290 with regard to state and local government permitting requirements. The sponsor shall ~~((se))~~ notify state and local permitting authorities.

Sec. 10. RCW 89.08.480 and 1995 c 378 s 4 are each amended to read as follows:

Each agency of the state and unit of local government that claims jurisdiction or the right to require permits, other approvals, or fees as a condition of allowing a watershed restoration project to proceed shall:

(1) Designate an office or official as a designated recipient of project applications; and ~~((shall))~~

(2) Inform the ~~((conservation))~~ commission of the designation.

Sec. 11. RCW 89.08.490 and 1995 c 378 s 5 are each amended to read as follows:

All agencies of the state and local governments shall accept the single application developed under RCW 89.08.470 ~~((as recodified by this act))~~. Unless the procedures under RCW 89.08.500 ~~((as recodified by this act))~~ are invoked, the application shall be processed without charge and permit decisions shall be issued within forty-five days of the receipt of a complete application.

Sec. 12. RCW 89.08.500 and 1995 c 378 s 6 are each amended to read as follows:

The applicant or any state agency, tribe, or local government with permit processing responsibility may request that the office of permit assistance ~~((center))~~ created ~~((by chapter 347, Laws of 1995))~~ in chapter 43.42 RCW appoint a project facilitator to develop in consultation with the applicant and permit agencies a coordinated process for permit decisions on the application. The process may incorporate procedures for coordinating state permits under ~~((chapter 347, Laws of 1995))~~ chapter 43.42 RCW. The ~~((center))~~ office shall adopt a target of completing permit decisions within forty-five days of receipt of a complete application.

~~((If House Bill No. 1724 is not enacted by June 30, 1995, this section shall be null and void.))~~

Sec. 13. RCW 89.08.510 and 1995 c 378 s 7 are each amended to read as follows:

State agencies, tribes, and local governments responsible for permits or other approvals of watershed restoration projects as defined in RCW 89.08.460 ~~((as recodified by this act))~~ may develop general permits or permits by rule to address some or all projects required by an approved watershed restoration plan, or for types of watershed restoration projects. Nothing in this chapter ~~((378, Laws of 1995))~~ precludes local governments, state agencies, and tribes from working out other cooperative permitting agreements outside the procedures of ~~((this chapter (378, Laws of 1995)))~~.

Sec. 14. RCW 89.08.520 and 2001 c 227 s 3 are each amended to read as follows:

(1) In administering grant programs to improve water quality and protect habitat, the commission shall require grant recipients to incorporate the environmental benefits of the project into their grant applications ~~((and))~~. The commission shall utilize the statement of environmental ~~((benefits))~~ benefits in its grant prioritization and selection process.

(2) The commission shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grant program. The commission shall work with the districts to develop uniform performance measures across participating districts.

(3) To the extent possible, the commission should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The commission shall consult with affected interest groups in implementing this section.

Sec. 15. RCW 89.08.530 and 2002 c 280 s 2 are each amended to read as follows:

(1) The agricultural conservation easements program is created. The ~~((state conservation))~~ commission shall manage the program and adopt rules as necessary to implement the legislature's intent.

(2) The commission shall report to the legislature on an on-going basis regarding potential funding sources for the purchase of agricultural conservation easements under the program and recommend changes to existing funding authorized by the legislature.

(3) All funding for the program shall be deposited into the agricultural conservation easements account created in RCW 89.08.540 ~~((as recodified by this act))~~. Expenditures from the account shall be made to local governments and private nonprofits on a match or no match required basis at the discretion of the commission.

(4) Easements purchased with money from the agricultural conservation easements account run with the land.

Sec. 16. RCW 89.08.540 and 2002 c 280 s 3 are each amended to read as follows:

(1) The agricultural conservation easements account is created in the custody of the state treasurer. All receipts from legislative appropriations, other sources as directed by the legislature, and gifts, grants, or endowments from public or private sources must be deposited into the account. Expenditures from the account may be used only for the purchase of easements under the agricultural conservation easements program. Only the ~~((state conservation))~~ commission, or the executive director of the commission on the commission's behalf, may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The commission is authorized to receive and expend gifts, grants, or endowments from public or private sources that are made available, in trust or otherwise, for the use and benefit of the agricultural conservation easements program.

Sec. 17. RCW 89.08.010 and 1973 1st ex. s. c 184 s 2 are each amended to read as follows:

~~((It is hereby declared, as a matter of legislative determination))~~ The legislature finds that:

(1) ~~((That))~~ The lands of the state of Washington are among the basic assets of the state, and ~~((that))~~ the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; ~~((that))~~

(2) Improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the lands of this state by wind and water; ~~((that))~~

(3) The breaking of natural grass, plant, and forest cover have interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; ~~((that))~~

(4) The topsoil is being blown and washed off of lands(~~(-that))~~ and there has been an accelerated washing of sloping lands; (~~(that))~~
(5) These processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; (~~(that))~~

(6) Failure by any land occupier to conserve the soil and control erosion upon his or her lands may cause a washing and blowing of soil from his or her lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible(~~(-and that))~~;

(7) Extensive denuding of land for development creates critical erosion areas that are difficult to effectively regenerate, and the resulting sediment causes extensive pollution of streams, ponds, lakes, and other waters(~~(-))~~;

~~((2)-That))~~ (8) The consequences of (~~(such))~~ soil erosion in the form of soil blowing and soil washing are the:

(a) Silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors, and loading of the air with soil particles; (~~(the))~~

(b) Loss of fertile soil material in dust storms; (~~(the))~~

(c) Piling up of soil on lower slopes and its deposit over alluvial plains; (~~(the))~~

(d) Reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills;

(e) Deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields;

(f) Loss of soil and water which causes destruction of food and cover for wildlife; (~~(a))~~

(g) Blowing and washing of soil into streams, which silts over spawning beds(~~(-))~~ and destroys water plants, diminishing the food supply of fish; (~~(a))~~

(h) Diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; (~~(an))~~

(i) Increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; and

(j) Impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation developments, farming and grazing(~~(-))~~;

~~((3)-That))~~ (9) To conserve soil resources and control and prevent soil erosion and prevent flood water and sediment damages, and further agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued(~~(-))~~ and that appropriate soil-conserving land-use practices, and works of improvement for flood prevention of agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water be adopted and (~~(carried-out))~~ implemented; (~~(that))~~ and

(10) Among the procedures necessary for widespread adoption(~~(-))~~ are the:

(a) Carrying on of engineering operations (~~(such-as))~~ including but not limited to the construction of terraces, terrace outlets, check-dams, desilting basins, flood water retarding structures, channel floodways, dikes, ponds, and ditches(~~(-and the like))~~; (~~(the))~~

(b) Utilization of strip cropping, contour cultivating, and contour furrowing;

(c) Land irrigation;

(d) Seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses;

(e) Forestation and reforestation;

(f) Rotation of crops;

(g) Soil stabilizations with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of run-off by increasing absorption of rainfall; and

(h) Retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

~~((4) Whereas, there is a pressing need for the conservation of renewable resources in all areas of the state, whether urban, suburban, or rural, and that the benefits of resource practices, programs, and projects, as carried out by the state conservation commission and by the conservation districts, should be available to all such areas; therefore, it is hereby declared to be the policy of the legislature to provide for the conservation of the renewable resources of this state, and for the control and prevention of soil erosion, and for the prevention of flood water and sediment damages, and for furthering agricultural and nonagricultural phases of conservation, development, utilization, and disposal of water, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state. To this end all incorporated cities and towns heretofore excluded from the boundaries of a conservation district established pursuant to the provisions of the state conservation district law, as amended, may be approved by the conservation commission as being included in and deemed a part of the district upon receiving a petition for annexation signed by the governing authority of the city or town and the conservation district within the exterior boundaries of which it lies in whole or in part or to which it lies closest.))~~

NEW SECTION. Sec. 18. A new section is added to chapter 89.08 RCW to read as follows:

(1) The legislature finds that there is a pressing need for the conservation of renewable resources in all areas of the state, whether urban, suburban, or rural. The legislature also finds that the benefits of resource practices, programs, and projects, as carried out by the commission and by the conservation districts, should be available to all such areas. Therefore, the legislature declares it is the policy of the state to provide for the:

(a) Conservation of the renewable resources of this state;

(b) Control and prevention of soil erosion;

(c) Prevention of flood water and sediment damages; and

(d) Furthering of agricultural and nonagricultural phases of conservation, development, utilization, and disposal of water.

(2) The legislature further declares that providing for the objectives identified in subsection (1) of this section will enhance the state's ability to:

(a) Preserve natural resources;

(b) Control floods;

(c) Prevent impairment of dams and reservoirs;

(d) Assist in maintaining the navigability of rivers and harbors;

(e) Preserve wildlife;

(f) Protect the tax base and public lands; and

(g) Promote the health, safety, and general welfare of the people of this state.

NEW SECTION. Sec. 21. A new section is added to chapter 89.08 RCW to read as follows:

All districts created under this chapter shall be known as conservation districts and shall have all the powers and duties set out in this chapter. All references in this chapter to "districts" or "soil and water conservation districts" shall be deemed to be references to "conservation districts" or "districts" as defined in this chapter.

Sec. 22. RCW 89.08.080 and 1999 c 305 s 2 are each amended to read as follows:

Sec. 55. RCW 89.08.400 and 1992 c 70 s 1 are each amended to read as follows:

(1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.

(2)(a) Special assessments to finance the activities of a conservation district may be imposed by the county legislative authority of the county in which the conservation district is located for a period or periods each not to exceed ten years in duration.

(b) The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

(c) On or before the first day of August in that year, the supervisors of a conservation district shall file the proposed system of assessments, indicating the years during which it is proposed that the special assessments shall be imposed, and a proposed budget for the succeeding year with the county legislative authority of the county within which the conservation district is located and with the commission. The county legislative authority shall hold a public hearing on the proposed system of assessments. After the hearing, the county legislative authority may accept, or modify and accept, the proposed system of assessments, including the number of years during which the special assessments shall be imposed, if it finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not exceed the special benefit that the land receives or will receive from the activities of the conservation district.

(d) The findings of the county legislative authority shall be final and conclusive.

(e) Special assessments may be altered during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

(f) Notice of the public hearings held by the supervisors and the county legislative authority shall be posted conspicuously in at least five places throughout the conservation district((-)) and published once a week for two consecutive weeks in a newspaper in general circulation throughout the conservation district, with the date of the last publication at least five days prior to the public hearing.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre amount, or an annual flat rate per parcel plus a uniform annual rate per acre amount, for each classification of land. The maximum annual per acre special assessment rate shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars.

(4) Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

(5) Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest

land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

~~((4))~~ (6) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the county legislative authority. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of a special assessment shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest rate and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected special assessments, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the special assessments, but not to exceed the actual costs of such work.

~~((5))~~ (7) The special assessments for a conservation district shall not be spread on the tax rolls and shall not be collected with property tax collections in the following year if, after the system of assessments has been approved by the county legislative authority but prior to the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such special assessments, which petition has been signed by at least twenty percent of the owners of land that would be subject to the special assessments to be imposed for a conservation district.

After all the grant requests have been submitted, the initial grants in any year shall be made so that a conservation district shall not receive a grant in excess of the lesser of: ~~((+))~~ (a) An amount equal to the total moneys obtained by the conservation district from all other sources, other than any grants obtained from the state, during the preceding calendar year; or ~~((2))~~ (b) twenty-two thousand five hundred dollars. If the appropriated moneys are insufficient to make the maximum level of the initial grants, each grant amount shall be reduced by an equal dollar amount until the total amount of the grants is equal to the amount of the appropriation.

However, further grants shall be made to those conservation districts that were limited to grants of twenty-two thousand five hundred dollars if the appropriated moneys are in excess of the amount of the initial distribution of grants, but the total of both grants to any conservation district in any year shall not exceed an amount equal to the total moneys obtained by that conservation district from all other sources, other than any grants obtained from the state, during the preceding calendar year. If the appropriated moneys are insufficient to make the second distribution of grants, each grant under the second distribution shall be reduced by an equal dollar amount until the total amount of all the grants is equal to the amount of the appropriation.

POINT OF ORDER

Senator Zarelli: "A point of order, Mr. President. I raise the question whether this amendment falls within the scope and object of the bill. Just briefly, I know the title has probably less relevance than the body of the measure. I would just point out that the measure is very simple in its effect and that is relating to addressing the most current version of the United States Food and Drug Administration Food Code, for the purpose of adopting rules for food service.

Senator Kohl-Welles: "Well, I understand the Senator's concern. I also believe that this amendment does fall within the scope and object of the underlying bill, as the FDA does provide guidance to state and local agencies regarding state food service practices and a school district is a local agency. It does provide food services and we are talking about safety and well being and how our children, who are working or volunteering, so to speak, in the food service. So, I think it certainly does fall within the scope and object of the underlying bill."

Limiting the impact on small forest landowners caused by forest road maintenance and abandonment requirements.

The bill was read the second time.

MOTION

On motion of Senator Morton, the following Committee on Ways and Means striking amendment was not adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that chapter 4, Laws of 1999 sp. sess. strongly encouraged the forest practices board to adopt administrative rules that were substantially similar to the recommendations presented to the legislature in the form of the forests and fish report. The rules adopted pursuant to the 1999 legislation require all forest landowners to complete a road maintenance and abandonment plan, and those rules cannot be changed by the forest practices board without either a final order from a court, direct instructions from the legislature, or a recommendation from the adaptive management process. In the time since the enactment of chapter 4, Laws of 1999 sp. sess., it has become clear that both the planning aspect and the implementation aspect of the road maintenance and abandonment plan requirement may cause an unforeseen and unintended disproportionate financial hardship on small forest landowners.

(2) The legislature further finds that the commissioner of public lands and the governor have explored solutions that minimize the hardship caused to small forest landowners by the forest road maintenance and abandonment requirements of the forests and fish law, while maintaining protection for public resources. This act represents recommendations stemming from that process.

(3) The legislature further finds that it is in the state's interest to help small forest landowners comply with the requirements of the forest practices rules in a way that does not require the landowner to spend unreasonably high and unpredictable amounts of money to complete road maintenance and abandonment plan preparation and implementation. Small forest landowners provide significant wildlife habitat and serve as important buffers between urban development and Washington's public forest land holdings.

NEW SECTION. Sec. 2. A new section is added to chapter 76.09 RCW to read as follows:

(1) The state may not require a small forest landowner to invest in upgrades, replacements, or other engineering of a forest road, and any culverts that are a part of the road, that do not threaten public resources or create a barrier to the passage of fish.

(2) Participation in the forests and fish agreement provides a benefit to both the landowner in terms of federal assurances, and the public in terms of aquatic habitat preservation and water quality enhancement; therefore, if conditions do threaten public resources or create a barrier to the passage of fish, the road maintenance and abandonment planning process may not require a small forest landowner to take a positive action that will result in high cost without a significant portion of that cost being shared by the public.

(3) Some fish barriers are more of a threat to public resources than others; therefore, no small forest landowner should be required to repair a fish barrier until higher priority fish barriers on other lands in the watershed have been repaired.

(4) If an existing fish barrier on land owned by a small forest landowner was installed and maintained under an approved forest practices application or notification, and hydraulics approval, and that culvert becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) The preparation of a road maintenance and abandonment plan can require technical expertise that may require large expenditures before the time that the landowner plans to conduct any revenue-generating operations on his or her land; therefore, small forest landowners should be allowed to complete a simplified road maintenance and abandonment plan checklist, that does not require professional engineering or forestry expertise to complete, and that does not need to be submitted until the time that the landowner submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. This act is intended to provide an alternate way for small forest landowners to comply with the road maintenance and abandonment plan goals identified in the forest practices rules.

Sec. 3. RCW 76.09.020 and 2002 c 17 s 1 are each amended to read as follows:

~~((For purposes of this chapter:))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorphi and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (*Rhyacotriton kezeri*), the Cascade torrent salamander (*Rhyacotriton cascadae*), the Olympic torrent salamander (*Rhyacotriton olympian*), the Dunn's salamander (*Plethodon dunni*), the Van Dyke's salamander (*Plethodon vandyke*), the tailed frog (*Ascaphus truei*), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right of way shall be considered contiguous.

(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(9) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner(~~or~~ ~~PROVIDED THAT~~). However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(10) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;

(b) Harvesting, final and intermediate;

(c) Precommercial thinning;

(d) Reforestation;

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(11) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(12) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(13) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

~~((13))~~ (14) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

~~((14))~~ (15) "Application" means the application required pursuant to RCW 76.09.050.

~~((15))~~ (16) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

~~((16))~~ (17) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

~~((17))~~ (18) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

~~((18))~~ (19) "Small forest landowner" has the same meaning as defined in section 11 of this act.

(20) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

~~((19))~~ (21) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

~~((20))~~ (22) "Board" means the forest practices board created in RCW 76.09.030.

~~((21))~~ (23) "Unconfined avulsing channel migration zone" means the area within which the active channel of an unconfined avulsing stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

~~((22))~~ (24) "Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

NEW SECTION. Sec. 4. A new section is added to chapter 76.09 RCW to read as follows:

(1) The board must amend the forest practices rules relating to road maintenance and abandonment plans that exist on the effective date of this section to reflect the following:

(a) A forest landowner who owns a total of eighty acres or less of forest land in Washington is not required to submit a road maintenance and abandonment plan for any block of forest land that is twenty contiguous acres or less in area;

(b) A landowner who satisfies the definition of a small forest landowner, but who does not qualify under (a) of this subsection, is only required to submit a checklist road maintenance and abandonment plan with the abbreviated content requirements provided for in subsection (3) of this section, and is not required to comply with annual reporting and review requirements; and

(c) Existing forest roads must be maintained only to the extent necessary to prevent damage to public resources.

(2) The department must provide a landowner who is either exempted from submitting a road maintenance and abandonment plan under subsection (1)(a) of this section, or who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section, with an educational brochure outlining road maintenance standards and requirements. In addition, the department must develop a series of nonmandatory educational workshops on the rules associated with road construction and maintenance.

(3)(a) A landowner who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section is only required to submit a checklist, designed by the department in consultation with the small forest landowner office advisory committee created in RCW 76.13.110, that confirms that the landowner is applying the checklist criteria to forest roads covered or affected by a forest practices application or notification. When developing the checklist road maintenance and abandonment plan, the department shall ensure that the checklist does not exceed current state law. Nothing in this subsection increases or adds to small forest landowners' duties or responsibilities under any other section of the forest practices rules or any other state law or rule.

(b) A landowner who qualifies for the checklist road maintenance and abandonment plan is not required to submit the checklist before the time that he or she submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. The department may encourage and accept checklists prior to the time that they are due.

(4) The department must monitor the extent of the checklist road maintenance and abandonment plan approach and report its findings to the appropriate committees of the legislature by December 31, 2008, and December 31, 2013.

(5) The board shall adopt emergency rules under RCW 34.05.090 by October 31, 2003, to implement this section. The emergency rules shall remain in effect until permanent rules can be adopted. The forest practices rules that relate to road maintenance and abandonment plans shall remain in effect as they existed on the effective date of this section until emergency rules have been adopted under this section.

(6) This section is only intended to relate to the board's duties as they relate to the road maintenance and abandonment plan element of the forests and fish report. Nothing in this section alters any forest landowner's duties and responsibilities under any other section of the forest practices rules, or any other state law or rule.

Sec. 5. RCW 76.09.055 and 2000 c 11 s 4 are each amended to read as follows:

(1) The legislature finds that the ~~(declines)~~ levels of fish stocks throughout much of the state require immediate action to be taken to help ~~(restore)~~ these fish runs where possible. The legislature also recognizes that federal and state agencies, tribes, county representatives, and private timberland owners have spent considerable effort and time to develop the forests and fish report. Given the agreement of the parties, the legislature believes that the immediate adoption of emergency rules is appropriate in this particular instance. These rules can implement many provisions of the forests and fish report to protect the economic well-being of the state, and to minimize the risk to the state and landowners to legal challenges. This authority is not designed to set any precedents for the forest practices board in future rule making or set any precedents for other rule-making bodies of the state.

(2) The forest practices board is authorized to adopt emergency rules amending the forest practices rules with respect to the protection of aquatic resources, in accordance with RCW 34.05.350, except: (a)(i) That the rules adopted under this section may remain in effect until permanent rules are adopted, or until June 30, 2001, whichever is sooner; (ii) that the rules adopted under section 4(5) of this act must remain in effect until permanent rules are adopted; (b) notice of the proposed rules must be published in the Washington State Register as provided in RCW 34.05.320; (c) at least one public hearing must be conducted with an opportunity to provide oral and written comments; and (d) a rule-making file must be maintained as required by RCW 34.05.370. In adopting ~~(the)~~ emergency rules consistent with this section, the board is not required to prepare a small business economic impact statement under chapter 19.85 RCW, prepare a statement indicating whether the rules constitute a significant legislative rule under RCW 34.05.328, prepare a significant legislative rule analysis under RCW 34.05.328, or follow the procedural requirements of the state environmental policy act, chapter 43.21C RCW. Except as provided in section 4 of this act, the forest practices board may only adopt recommendations contained in the forests and fish report as emergency rules under this section.

Sec. 6. RCW 76.09.390 and 1999 sp.s. c 4 s 707 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, prior to the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations under the forest practices rules adopted under RCW 76.09.370, as specifically identified in the forests and fish report the seller shall notify the buyer of the existence and nature of such a continuing obligation and the buyer shall sign a notice of continuing forest land obligation indicating the buyer's knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights and retained by the department. If the seller fails to notify the buyer about the continuing forest land obligation, the seller shall pay the buyer's costs related to such continuing forest land obligation, including all legal costs and reasonable attorneys' fees, incurred by the buyer in enforcing the continuing forest land obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to the continuing forest land obligation, that the seller did not notify the buyer of the continuing forest land obligation prior to sale.

(2) Subsection (1) of this section does not apply to checklist road maintenance and abandonment plans created by section 4 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that a state-led cost-sharing program is necessary to assist small forest landowners with removing and replacing culverts and other man-made fish barriers that were added to their land prior to the effective date of this section, to help achieve the goals of the forests and fish report, and to assist small forest landowners in complying with the state's fish passage requirements.

(2) The small forest landowner office must, in cooperation with the department of fish and wildlife, establish a program designed to assist small forest landowners with repairing or removing fish barriers and assist lead entities in acquiring the data necessary to fill any gaps in fish barrier information. The small forest landowner office and the department of fish and wildlife must work closely with lead entities or other local watershed groups to make maximum use of current information regarding the location and priority of current fish barriers. Where additional barrier inventories are necessary, funding will be sought for the collection of this information. Methods, protocols, and formulas for data gathering and prioritizing must be developed in consultation with the department of fish and wildlife. The department of fish and wildlife must assist in the training and management of barrier location data collection.

(3) The small forest landowner office must actively seek out funding for the program authorized in this section. The small forest landowner office must work with consenting landowners to identify and secure funding from local, state, federal, tribal, or nonprofit habitat restoration organizations and other private sources, including the salmon recovery funding board, the United States department of agriculture, the United States department of transportation, the Washington state department of transportation, the United States department of commerce, and the federal highway administration.

(4)(a) Except as otherwise provided in this subsection, the small forest landowner office, in implementing the program established in this section, must provide the highest proportion of public funding available for the removal of any fish barrier or culvert replacement.

(b) In no case may a small forest landowner be required to pay more than the lesser of either: (i) Twenty-five percent of any costs associated with the removal of a particular fish barrier or the replacement of a particular culvert; or (ii) five thousand dollars for the removal of a particular fish barrier or the replacement of a particular culvert.

(c) In no case shall a small forest landowner be required to pay a cumulative total of more than the maximum amount that could be required under (b)(ii) of this subsection: (i) For any individual block of forest land; or (ii) across multiple blocks of forest land owned by the same small forest landowner in any one calendar year. Consistent with this section, the small forest landowner office must prioritize, fund, and complete all projects on land owned by small forest landowners whether or not the landowner has paid the maximum amount required under this subsection.

(d) If an existing fish barrier on land owned by a small forest landowner was installed and maintained under an approved forest practices application or notification, and hydraulics approval, and that culvert becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) If a small forest landowner is required to contribute a portion of the funding under the cost-share program established in this section, that landowner may satisfy his or her required proportion by providing either direct monetary contributions or in-kind services to the project. In-kind services may include labor, equipment, materials, and other landowner-provided services determined by the department to have an appropriate value to the removal of a particular fish barrier or the replacement of a particular culvert.

(6)(a) The department, using culvert assessments and ranked inventory information provided by the department of fish and wildlife and the appropriate lead entity as delineated in section 10 of this act, must establish a prioritized list for the funding of fish barrier removals

on property owned by small forest landowners that ensures that funding is provided first to the known fish barriers existing on forest land owned by small forest landowners that cause the greatest harm to public resources.

(b) As the department collects information about the presence of fish barriers from submitted checklists, it must share this information with the department of fish and wildlife and the technical advisory groups established in RCW 77.85.070. If the addition of the information collected in the checklists or any other changes to the scientific instruments described in section 10 of this act alter the analysis conducted under section 10 of this act, the department must alter the funding order appropriately to reflect the new information.

(7) The department may accept commitments from small forest landowners that they will participate in the program to remove fish barriers from their land at any time, regardless of the funding order given to the barriers on a particular landowner's property.

NEW SECTION. Sec. 8. A new section is added to chapter 76.09 RCW to read as follows:

Section 7 of this act applies to road maintenance and abandonment plans under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 76.09 RCW to read as follows:

The department shall not disapprove a forest practices application filed by a small forest landowner on the basis that fish barriers have not been removed or replaced if the small forest landowner filing the application has committed to participate in the program established in section 7 of this act for all fish barriers existing on the block of forest land covered by the forest practices application, and the fish barriers existing on the block of forest land covered by the forest practices application are lower on the funding order list established for the program than the current projects that are capable of being funded by the program.

NEW SECTION. Sec. 10. A new section is added to chapter 77.12 RCW to read as follows:

In coordination with the department of natural resources and lead entity groups, the department must establish a ranked inventory of fish barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all available existing information about the locations and impacts of fish barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHAP), and any comparable science-based assessment when available. The inventory of fish barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

NEW SECTION. Sec. 11. A new section is added to chapter 76.09 RCW to read as follows:

For the purposes of this chapter and sections 7 and 10 of this act, "small forest landowner" means an owner of forest land who, at the time of submission of required documentation to the department, has harvested from his or her own lands in this state no more than an average timber volume of two million board feet per year during the three years prior to submitting documentation to the department and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who exceeded the two million board feet annual average timber harvest threshold from their land in the three years prior to submitting documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a "small forest landowner" if he or she establishes to the department's reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

NEW SECTION. Sec. 12. The existing policy committees of the senate and house of representatives that deal with natural resources issues must review and study the implementation of this act, including checklist preparation and the meaning of both defined and undefined words in chapters 76.09 and 76.13 RCW, and report to the legislature by January 2004.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MOTION

Senator Morton moved that the following striking amendment by Senators Morton, Hewitt, Haugen, Doumit and Fraser be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (3) Some fish passage barriers are more of a threat to public resources than others; therefore, no small forest landowner should be required to repair a fish passage barrier until higher priority fish passage barriers on other lands in the watershed have been repaired.

(4) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulics approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) The preparation of a road maintenance and abandonment plan can require technical expertise that may require large expenditures before the time that the landowner plans to conduct any revenue-generating operations on his or her land; therefore, small forest landowners should be allowed to complete a simplified road maintenance and abandonment plan checklist, that does not require professional engineering or forestry expertise to complete, and that does not need to be submitted until the time that the landowner submits a forest

practices application or notification for final or intermediate harvesting, or for salvage of trees. This act is intended to provide an alternate way for small forest landowners to comply with the road maintenance and abandonment plan goals identified in the forest practices rules.

Sec. 3. RCW 76.09.020 and 2002 c 17 s 1 are each amended to read as follows:

~~((For purposes of this chapter:))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorphi and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (*Rhyacotriton kezeri*), the Cascade torrent salamander (*Rhyacotriton cascadae*), the Olympic torrent salamander (*Rhyacotriton olympian*), the Dunn's salamander (*Plethodon dummi*), the Van Dyke's salamander (*Plethodon vandyke*), the tailed frog (*Ascaphus truei*), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right of way shall be considered contiguous.

(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(9) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

~~((9))~~ (10) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner (~~PROVIDED, That~~). However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

~~((10))~~ (11) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;

(b) Harvesting, final and intermediate;

(c) Precommercial thinning;

(d) Reforestation;

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

~~((11))~~ (12) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

~~((12))~~ (13) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(14) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

~~((13))~~ (15) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

~~((14))~~ (16) "Application" means the application required pursuant to RCW 76.09.050.

~~((15))~~ (17) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

~~((16))~~ (18) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

~~((17))~~ (19) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

~~((18))~~ (20) "Small forest landowner" has the same meaning as defined in section 11 of this act.

(21) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

~~((19))~~ (22) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

~~((20))~~ (23) "Board" means the forest practices board created in RCW 76.09.030.

~~((21))~~ (24) "Unconfined avulsing channel migration zone" means the area within which the active channel of an unconfined avulsing stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

~~((22))~~ (25) "Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

NEW SECTION. Sec. 4. A new section is added to chapter 76.09 RCW to read as follows:

(1) The board must amend the forest practices rules relating to road maintenance and abandonment plans that exist on the effective date of this section to reflect the following:

(a) A forest landowner who owns a total of eighty acres or less of forest land in Washington is not required to submit a road maintenance and abandonment plan for any block of forest land that is twenty contiguous acres or less in area;

(b) A landowner who satisfies the definition of a small forest landowner, but who does not qualify under (a) of this subsection, is only required to submit a checklist road maintenance and abandonment plan with the abbreviated content requirements provided for in subsection (3) of this section, and is not required to comply with annual reporting and review requirements; and

(c) Existing forest roads must be maintained only to the extent necessary to prevent damage to public resources.

(2) The department must provide a landowner who is either exempted from submitting a road maintenance and abandonment plan under subsection (1)(a) of this section, or who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section, with an educational brochure outlining road maintenance standards and requirements. In addition, the department must develop a series of nonmandatory educational workshops on the rules associated with road construction and maintenance.

(3)(a) A landowner who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section is only required to submit a checklist, designed by the department in consultation with the small forest landowner office advisory committee created in RCW 76.13.110, that confirms that the landowner is applying the checklist criteria to forest roads covered or affected by a forest practices application or notification. When developing the checklist road maintenance and abandonment plan, the department shall ensure that the checklist does not exceed current state law. Nothing in this subsection increases or adds to small forest landowners' duties or responsibilities under any other section of the forest practices rules or any other state law or rule.

(b) A landowner who qualifies for the checklist road maintenance and abandonment plan is not required to submit the checklist before the time that he or she submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. The department may encourage and accept checklists prior to the time that they are due.

(4) The department must monitor the extent of the checklist road maintenance and abandonment plan approach and report its findings to the appropriate committees of the legislature by December 31, 2008, and December 31, 2013.

(5) The board shall adopt emergency rules under RCW 34.05.090 by October 31, 2003, to implement this section. The emergency rules shall remain in effect until permanent rules can be adopted. The forest practices rules that relate to road maintenance and abandonment plans shall remain in effect as they existed on the effective date of this section until emergency rules have been adopted under this section.

(6) This section is only intended to relate to the board's duties as they relate to the road maintenance and abandonment plan element of the forests and fish report. Nothing in this section alters any forest landowner's duties and responsibilities under any other section of the forest practices rules, or any other state law or rule.

Sec. 5. RCW 76.09.055 and 2000 c 11 s 4 are each amended to read as follows:

(1) The legislature finds that the ~~(declines)~~ levels of fish stocks throughout much of the state require immediate action to be taken to help ~~(restore)~~ these fish runs where possible. The legislature also recognizes that federal and state agencies, tribes, county representatives, and private timberland owners have spent considerable effort and time to develop the forests and fish report. Given the agreement of the parties, the legislature believes that the immediate adoption of emergency rules is appropriate in this particular instance. These rules can implement many provisions of the forests and fish report to protect the economic well-being of the state, and to minimize the risk to the state and landowners to legal challenges. This authority is not designed to set any precedents for the forest practices board in future rule making or set any precedents for other rule-making bodies of the state.

(2) The forest practices board is authorized to adopt emergency rules amending the forest practices rules with respect to the protection of aquatic resources, in accordance with RCW 34.05.350, except: (a)(i) That the rules adopted under this section may remain in effect until permanent rules are adopted, or until June 30, 2001, whichever is sooner; (ii) that the rules adopted under section 4(5) of this act must remain in effect until permanent rules are adopted; (b) notice of the proposed rules must be published in the Washington State Register as provided in RCW 34.05.320; (c) at least one public hearing must be conducted with an opportunity to provide oral and written comments; and (d) a rule-making file must be maintained as required by RCW 34.05.370. In adopting ~~(the)~~ emergency rules consistent with this section, the board is not required to prepare a small business economic impact statement under chapter 19.85 RCW, prepare a statement indicating whether the rules constitute a significant legislative rule under RCW 34.05.328, prepare a significant legislative rule analysis under RCW 34.05.328, or follow the procedural requirements of the state environmental policy act, chapter 43.21C RCW. Except as provided in section 4 of this act, the forest practices board may only adopt recommendations contained in the forests and fish report as emergency rules under this section.

Sec. 6. RCW 76.09.390 and 1999 sp.s. c 4 s 707 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, prior to the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations under the forest practices rules adopted under RCW 76.09.370, as specifically identified in the forests and fish report the seller shall notify the buyer of the existence and nature of such a continuing obligation and the buyer shall sign a notice of continuing forest land obligation indicating the buyer's knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights and retained by the department. If the seller fails to notify the buyer about the continuing forest land obligation, the seller shall pay the buyer's costs related to such continuing forest land obligation, including all legal costs and reasonable attorneys' fees, incurred by the buyer in enforcing the continuing forest land obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to the continuing forest land obligation, that the seller did not notify the buyer of the continuing forest land obligation prior to sale.

(2) Subsection (1) of this section does not apply to checklist road maintenance and abandonment plans created by section 4 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that a state-led cost-sharing program is necessary to assist small forest landowners with removing and replacing fish passage barriers that were added to their land prior to the effective date of this section, to help achieve the goals of the forests and fish report, and to assist small forest landowners in complying with the state's fish passage requirements.

(2) The small forest landowner office must, in cooperation with the department of fish and wildlife, establish a program designed to assist small forest landowners with repairing or removing fish passage barriers and assist lead entities in acquiring the data necessary to fill any gaps in fish passage barrier information. The small forest landowner office and the department of fish and wildlife must work closely with lead entities or other local watershed groups to make maximum use of current information regarding the location and priority of current fish passage barriers. Where additional fish passage barrier inventories are necessary, funding will be sought for the collection of this information. Methods, protocols, and formulas for data gathering and prioritizing must be developed in consultation with the department of fish and wildlife. The department of fish and wildlife must assist in the training and management of fish passage barrier location data collection.

(3) The small forest landowner office must actively seek out funding for the program authorized in this section. The small forest landowner office must work with consenting landowners to identify and secure funding from local, state, federal, tribal, or nonprofit habitat restoration organizations and other private sources, including the salmon recovery funding board, the United States department of agriculture, the United States department of transportation, the Washington state department of transportation, the United States department of commerce, and the federal highway administration.

(4)(a) Except as otherwise provided in this subsection, the small forest landowner office, in implementing the program established in this section, must provide the highest proportion of public funding available for the removal or replacement of any fish passage barrier.

(b) In no case shall a small forest landowner be required to pay more than the lesser of either: (i) Twenty-five percent of any costs associated with the removal or replacement of a particular fish passage barrier; or (ii) five thousand dollars for the removal or replacement of

a particular fish passage barrier. No small forest landowner shall be required to pay more than the maximum total annual costs in (c) of this subsection.

(c) The portion of the total cost of removing or replacing fish passage barriers that a small forest landowner must pay in any calendar year shall be determined based on the average annual timber volume harvested from the landowner's lands in this state during the three preceding calendar years, and whether the fish passage barrier is in eastern or western Washington.

(i) In western Washington (west of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of eight thousand dollars during that calendar year, a small forest landowner who has harvested an annual average timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between one million and one million four hundred ninety-nine thousand board feet shall not be required to pay more than a total of twenty-four thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of thirty-two thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner's lands during that calendar year.

(ii) In eastern Washington (east of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of two thousand dollars during that calendar year, a small forest landowner who has harvested an annual average timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of four thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between one million and one million four hundred ninety-nine thousand board feet shall not be required to pay more than a total of twelve thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner's lands during that calendar year.

(iii) Maximum total annual costs for small forest landowners with fish passage barriers in both western and eastern Washington shall be those specified under (c)(i) and (ii) of this subsection.

(d) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulics approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) If a small forest landowner is required to contribute a portion of the funding under the cost-share program established in this section, that landowner may satisfy his or her required proportion by providing either direct monetary contributions or in-kind services to the project. In-kind services may include labor, equipment, materials, and other landowner-provided services determined by the department to have an appropriate value to the removal of a particular fish passage barrier.

(6)(a) The department, using fish passage barrier assessments and ranked inventory information provided by the department of fish and wildlife and the appropriate lead entity as delineated in section 10 of this act, must establish a prioritized list for the funding of fish passage barrier removals on property owned by small forest landowners that ensures that funding is provided first to the known fish passage barriers existing on forest land owned by small forest landowners that cause the greatest harm to public resources.

(b) As the department collects information about the presence of fish passage barriers from submitted checklists, it must share this information with the department of fish and wildlife and the technical advisory groups established in RCW 77.85.070. If the addition of the information collected in the checklists or any other changes to the scientific instruments described in section 10 of this act alter the analysis conducted under section 10 of this act, the department must alter the funding order appropriately to reflect the new information.

(7) The department may accept commitments from small forest landowners that they will participate in the program to remove fish passage barriers from their land at any time, regardless of the funding order given to the fish passage barriers on a particular landowner's property.

NEW SECTION. Sec. 8. A new section is added to chapter 76.09 RCW to read as follows:

Section 7 of this act applies to road maintenance and abandonment plans under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 76.09 RCW to read as follows:

The department shall not disapprove a forest practices application filed by a small forest landowner on the basis that fish passage barriers have not been removed or replaced if the small forest landowner filing the application has committed to participate in the program established in section 7 of this act for all fish passage barriers existing on the block of forest land covered by the forest practices application, and the fish passage barriers existing on the block of forest land covered by the forest practices application are lower on the funding order list established for the program than the current projects that are capable of being funded by the program.

NEW SECTION. Sec. 10. A new section is added to chapter 77.12 RCW to read as follows:

In coordination with the department of natural resources and lead entity groups, the department must establish a ranked inventory of fish passage barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all available existing information about the locations and impacts of fish passage barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available. The inventory of fish passage barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

NEW SECTION. Sec. 11. A new section is added to chapter 76.09 RCW to read as follows:

For the purposes of this chapter and sections 7 and 10 of this act, "small forest landowner" means an owner of forest land who, at the time of submission of required documentation to the department, has harvested from his or her own lands in this state no more than an average timber volume of two million board feet per year during the three years prior to submitting documentation to the department and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who exceeded the two million board feet annual average timber harvest threshold from their land in the three years prior to submitting documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a "small forest landowner" if he or she establishes to the department's reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

NEW SECTION. Sec. 12. The existing policy committees of the senate and house of representatives that deal with natural resources issues must review and study the implementation of this act, including checklist preparation and the meaning of both defined and undefined words in chapters 76.09 and 76.13 RCW, and report to the legislature by January 2004.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

ROLL CALL

The Secretary called the roll and the amendment by Senator Reardon was not adopted by the following vote: Yeas, 24; Nays, 25; Absent, 0; Excused, 0.

Voting yea: Senators Brown, Doumit, Eide, Fairley, Franklin, Fraser, Hargrove, Haugen, Jacobsen, Kastama, Keiser, Kline, Kohl-Welles, McAuliffe, Poulsen, Prentice, Rasmussen, Reardon, Regala, Sheldon, B., Shin, Spanel, Thibaudeau and Winsley - 24.

Voting nay: Senators Benton, Brandland, Carlson, Deccio, Esser, Finkbeiner, Hale, Hewitt, Honeyford, Horn, Johnson, McCaslin, Morton, Mulliken, Oke, Parlette, Roach, Rossi, Schmidt, Sheahan, Sheldon, T., Stevens, Swecker, West and Zarelli - 25.

MOTION

Senator Horn moved that the rules be suspended and Engrossed House Bill No. 2030 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

OBJECTION TO ADVANCE TO THIRD READING

Senator Betti Sheldon objected to suspending the rules and advancing the bill to third reading.

MOTION

Senator Betti Sheldon moved that Engrossed House Bill No. 2030 be referred to Committee on Ways and Means for the purpose of making a technical correction.

POINT OF ORDER

Senator Sheahan: "A point of order, Mr. President. I would suggest that the motion by the good lady from Bremerton is out of order. She had two separate motions. One was to object to bumping the bill to the third reading and that motion should be dealt with before any other motion that comes before the body. So, I would suggest that the motion on bumping the bill to third reading should be the motion before the body."

REPLY BY THE PRESIDENT

President Owen: "Senator Sheahan, when she objected, I believe she was anticipating me saying, 'if there are no objections,' and then would require that a vote be taken on that motion to advance to third reading. Then, before that vote was taken, she made another motion and that motion was to return the bill to the Committee on Ways and Means. We are now looking to see which motion has priority at this point. It would be no different than if immediately, you stood up and moved, for instance, to adjourn. We would have to then consider that motion."

PARLIAMENTARY INQUIRY

Senator Sheahan: "A point of parliamentary inquiry, Mr. President. Wouldn't the second motion--wouldn't we have to be on the ninth order of business?"

REPLY BY THE PRESIDENT

President Owen: "Senator Sheahan, we are checking that right now. Senator Sheahan, relative to your point of order about going to the ninth order of business, in order for her to make a motion, the President does not believe that that is necessary. However, Senator Horn's motion to advance to third reading has priority. It is a suspension of the rules. Therefore, it takes a two-thirds vote. Should that fail to advance the bill, then Rule 64 requires that the bill go to Rules. Therefore, Senator Sheldon's motion would require a two-thirds vote to suspend the rule to send it to Ways and Means."

The President declared the question before the Senate is the motion by Senator Horn that the rules be suspended and Engrossed House Bill No. 2030 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

POINT OF ORDER

Senator Betti Sheldon: "A point of order, Mr. President. I just need to know what does this vote take--this vote to bump?"

REPLY BY THE PRESIDENT

President Owen: "This vote, and I understand why that is not clear, because we normally suspend the rules by a voice vote and advance it. It has always taken a two-thirds vote, I believe, except in the last three days before the cutoff or ten days before the end of session. It is a suspension of the rules and it does take a two-thirds vote, which is thirty-three votes to advance it to third reading."

Senator Betti Sheldon: "So, we would have a roll call vote, Mr. President?"

President Owen: "It is up to you."

Senator Betti Sheldon: "Okay, please vote 'no.'"

The President declared the question before the Senate to be the motion by Senator Horn that the rules be suspended and Engrossed House Bill No. 2030 be advanced to third reading, the second reading considered the third and the bill be placed on final passage. The motion by Senator Horn to advance the bill to third reading failed, having not received the necessary two-thirds vote.

The President declared the question now before the Senate to be the motion by Senator Betti Sheldon that Engrossed House Bill No. 2030 be referred to the Committee on Ways and Means.

The motion by Senator Betti Sheldon to refer Engrossed House Bill No. 2030 to the Committee on Ways and Means failed, not receiving the necessary two-thirds vote.

The President declared that Engrossed House Bill No. 2030 would be referred to the Committee on Rules.

PARLIAMENTARY INQUIRY

Senator Tim Sheldon: "A point of parliamentary inquiry, Mr. President. I always wanted to ask this question and you know the Senate Rules up there. I dug them out and we adopted them on the first day of session. I looked through them for ten or fifteen minutes. Is there

any definition in the Rules of the Senate--permanent rules of the Senate, as adopted for the Fifty-eighth Legislature--that defines 'procedural vote?'"

REPLY BY THE PRESIDENT

President Owen: "The answer is 'no.'"

Senator Tim Sheldon: "So, I can assume that a procedural vote is an undefined term in the Senate Rules and largely a myth? The term, as I take it, that you are giving me this ruling, basically, or interpretation, that there is no definition in the Rules of the Senate for procedural vote. It is an undefined term."

President Owen: "Senator Sheldon, the only thing that the President would say is that we have about one-hundred years of tradition on that. Call it what you want."

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Benton: "Mr. President, a parliamentary inquiry. Have the amendments by Senators Honeyford, Rasmussen McAuliffe and Johnson on page 10, lines 33 and 35 been adopted?"

Further debate ensued.

MESSAGE FROM THE SECRETARY OF STATE

The Honorable Brad Owen
President of the State Senate
Legislature of the State of Washington
Olympia, Washington 98504

Dear President Owen:

We respectfully transmit for your consideration the following bill which has been partially vetoed by the Governor, together with the official veto message setting forth his objections to the sections or items of the bill, as required by Article III, section 12, of the Washington State Constitution.

SENATE BILL NO. 5403

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of the state of Washington this 9th day of April, 2003.

Seal SAM REED

Secretary of State

MESSAGE FROM THE GOVERNOR

PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5403

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 202, lines 31 and 32; 305, lines 14 and 15; 706; and 707 of Substitute Senate Bill No. 5403 entitled:

“AN ACT Relating to fiscal matters;”

My reasons for vetoing these sections are as follows:

Section 202, Lines 31-32, Page 31, Appropriation Reduction for the Children and Family Services Program (Department of Social and Health Services)

This appropriation item would have reduced the appropriation to the Department of Social and Health Services' (DSHS) Children and Family Services Program by \$3,804,000. DSHS has already adopted numerous measures to contain costs and achieve the savings assumed for this fiscal year. Equipment purchases and out-of-state travel have long ago been frozen and hiring has been delayed. However, a number of unanticipated, unavoidable costs will need to be covered between now and June 30, 2003, the conclusion of the fiscal year. Possible federal funding changes and additional expenses related to pending litigation are examples of these costs. Meanwhile, current budget estimates for the department indicate no ending fund balance with which to assure the agency can meet its obligations through the end of the biennium. I am directing the department to continue to aggressively cut costs wherever it can. This item veto provides the department a small amount of necessary budget flexibility so that they can properly close out the fiscal year.

Section 305, Lines 14-15, Page 105, Appropriation Reduction for the State Toxics Control Account (Department of Agriculture)

This appropriation item would have reduced the State Toxics Control Account appropriation to the Department of Agriculture by \$433,000. However, this reduction is not similarly reflected in the proviso. Thus, there is a technical error. In order to correct it, I am vetoing the entire reduction. However, I am instructing the director of the Department of Agriculture to place \$433,000 of the agency's provisoed State Toxics Control Account authority in reserve.

Section 706, Page 165, Allotment Reduction for Travel, Equipment, and Personal Service Contracts

This section would have directed the Office of Financial Management to reduce agency allotments for travel, equipment and personal service contracts by \$10 million dollars. Without this veto, the Office of the Superintendent of Public Instruction's committed contracts to conduct the Washington Assessment of Student Learning and Iowa Test of Basic Skills assessments in the state's K-12 schools this year are jeopardized. This section also jeopardizes the contracts the Attorney General employs with expert witnesses to defend the state's interests in major lawsuits; the Department of Social and Health Services' ability to travel allowing Child Protective Service workers to safeguard vulnerable children on a daily basis; the Department of Corrections' essential ability to transport dangerous prisoners; and the Department of Transportation's construction contracts in place with the private sector.

State agencies need to do everything in their power to control discretionary expenditures in these difficult financial times. However, essential travel, equipment and personal services contracts are often critical in delivering direct services to Washington citizens, and cannot be stopped without affecting those services.

The \$10 million cut in this provision would have been added to employee-related savings and program reductions already implemented in most agencies. Many agencies simply cannot absorb the cumulative effect of these multiple reductions in the three months remaining in the 2001-03 Biennium.

I agree with the general intent of this provision, therefore I am directing agencies to continue to closely monitor and control discretionary expenditures in preparation for the significant program cuts that will need to be part of the new budget that begins on July 1.

Section 707, Pages 165-166, State Employment Restrictions

This section would have prohibited executive branch agencies from establishing new staff positions and would have restricted agencies' ability to fill vacancies. In the recently passed budget proposal for 2003-05, the Senate has already recognized that this restriction is far too limiting. However, there are no assurances that a budget for the next biennium will pass the Legislature in time to cure this problem, so I am vetoing this section.

Directive No. 02-04, which I issued in December of 2002, set in motion the key provisions of this section of the supplemental budget by directing executive agencies to limit hiring and meet specific employee reduction targets. If this section were implemented, natural resource agencies like State Parks, the Department of Ecology, the Department of Agriculture and the Department of Natural Resources would have been unable to hire the essential spring and summer temporary employees to manage and safeguard our parks, campgrounds and recreational areas. The Consumer Advocacy program in the Insurance Commissioner's Office would have been unduly limited by this provision.

Agency budgets and employment levels have already been reduced in separate actions in this supplemental budget bill. In keeping with the intent of this section, agencies will continue to limit hiring to meet the employment reduction targets pursuant to my directive. For these reasons, I have vetoed sections 202, lines 31 and 32; 305, lines 14 and 15; 706; and 707 of Substitute Senate Bill No. 5403.

With the exception of sections 202, lines 31 and 32; 305, lines 14 and 15; 706; and 707, Substitute Senate Bill No. 5403 is approved.

Respectfully submitted,
Gary Locke, Governor

NEW SECTION. Sec. 1. (1) The legislature finds that the final decision and order in *Everett Shorelines Coalition v. City of Everett* and *Washington State Department Of Ecology*, Case No. 02-3-0009c, issued on January 9, 2003, by the central Puget Sound growth management hearings board was a case of first impression interpreting the addition of the shoreline management act into the growth management act, and that the board considered the appeal and issued its final order and decision without the benefit of shorelines guidelines to provide guidance on the implementation of the shoreline management act and the adoption of shoreline master programs.

(2) This act is intended to affirm the legislature's intent that:

(a) The shoreline management act be read, interpreted, applied, and implemented as a whole consistent with decisions of the shoreline hearings board and Washington courts prior to the decision of the central Puget Sound growth management hearings board in *Everett Shorelines Coalition v. City of Everett and Washington State Department of Ecology*;

(b) The goals of the growth management act, including the goals and policies of the shoreline management act, set forth in RCW 36.70A.020 and included in RCW 36.70A.020 by RCW 36.70A.480, continue to be listed without an order of priority; and

(c) Shorelines of statewide significance may include critical areas as defined by RCW 36.70A.030(5), but that shorelines of statewide significance are not critical areas simply because they are shorelines of statewide significance.

(3) The legislature intends that critical areas within the jurisdiction of the shoreline management act shall be governed by the shoreline management act and that critical areas outside the jurisdiction of the shoreline management act shall be governed by the growth management act. The legislature further intends that the quality of information currently required by the shoreline management act to be applied to the protection of critical areas within shorelines of the state shall not be limited or changed by the provisions of the growth management act.

Sec. 2. RCW 90.58.030 and 2002 c 230 s 2 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

(1) Administration:

(a) "Department" means the department of ecology;

(b) "Director" means the director of the department of ecology;

(c) "Local government" means any county, incorporated city, or town which contains within its boundaries any lands or waters subject to this chapter;

(d) "Person" means an individual, partnership, corporation, association, organization, cooperative, public or municipal corporation, or agency of the state or local governmental unit however designated;

(e) "Hearing board" means the shoreline hearings board established by this chapter.

(2) Geographical:

(a) "Extreme low tide" means the lowest line on the land reached by a receding tide;

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of statewide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (i) shorelines of statewide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of statewide significance" means the following shorelines of the state:

(i) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;

(ii) Those areas of Puget Sound and adjacent salt waters and the Strait of Juan de Fuca between the ordinary high water mark and the line of extreme low tide as follows:

(A) Nisqually Delta--from DeWolf Bight to Tatsolo Point,

(B) Birch Bay--from Point Whitehorn to Birch Point,

(C) Hood Canal--from Tala Point to Foulweather Bluff,

(D) Skagit Bay and adjacent area--from Brown Point to Yokeko Point, and

(E) Padilla Bay--from March Point to William Point;

(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;

(iv) Those lakes, whether natural, artificial, or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;

(v) Those natural rivers or segments thereof as follows:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(vi) Those shorelands associated with (I), (ii), (iv), and (v) of this subsection (2)(e);

(f) "Shorelands" or "shoreland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology.

(I) Any county or city may determine that portion of a one-hundred-year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom.

(ii) Any city or county may also include in its master program land necessary for buffers for critical areas, as defined in chapter 36.70A RCW, that occur within shorelines of the state, provided that forest practices regulated under chapter 76.09 RCW, except conversions to nonforest land use, on lands subject to the provisions of this subsection (2)(f)(ii) are not subject to additional regulations under this chapter;

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;

(h) "Wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.

(3) Procedural terms:

(a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;

(b) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts, or other descriptive material and text, a statement of desired goals, and standards developed in accordance with the policies enunciated in RCW 90.58.020;

(c) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;

(d) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel, or minerals; bulkheading; driving of piling; placing of obstructions; or any project of a permanent or temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;

(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds five thousand dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state. The dollar threshold established in this subsection (3)(e) must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2007, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect. The following shall not be considered substantial developments for the purpose of this chapter:

(I) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;

(ii) Construction of the normal protective bulkhead common to single family residences;

(iii) Emergency construction necessary to protect property from damage by the elements;

(iv) Construction and practices normal or necessary for farming, irrigation, and ranching activities, including agricultural service roads and utilities on shorelands, and the construction and maintenance of irrigation structures including but not limited to head gates, pumping facilities, and irrigation channels. A feedlot of any size, all processing plants, other activities of a commercial nature, alteration of the contour of the shorelands by leveling or filling other than that which results from normal cultivation, shall not be considered normal or necessary farming or ranching activities. A feedlot shall be an enclosure or facility used or capable of being used for feeding livestock hay, grain, silage, or other livestock feed, but shall not include land for growing crops or vegetation for livestock feeding and/or grazing, nor shall it include normal livestock wintering operations;

(v) Construction or modification of navigational aids such as channel markers and anchor buoys;

(vi) Construction on shorelands by an owner, lessee, or contract purchaser of a single family residence for his own use or for the use of his or her family, which residence does not exceed a height of thirty-five feet above average grade level and which meets all requirements of the state agency or local government having jurisdiction thereof, other than requirements imposed pursuant to this chapter;

(vii) Construction of a dock, including a community dock, designed for pleasure craft only, for the private noncommercial use of the owner, lessee, or contract purchaser of single and multiple family residences. This exception applies if either: (A) In salt waters, the fair market value of the dock does not exceed two thousand five hundred dollars; or (B) in fresh waters, the fair market value of the dock does not exceed ten thousand dollars, but if subsequent construction having a fair market value exceeding two thousand five hundred dollars occurs within five years of completion of the prior construction, the subsequent construction shall be considered a substantial development for the purpose of this chapter;

(viii) Operation, maintenance, or construction of canals, waterways, drains, reservoirs, or other facilities that now exist or are hereafter created or developed as a part of an irrigation system for the primary purpose of making use of system waters, including return flow and artificially stored ground water for the irrigation of lands;

(ix) The marking of property lines or corners on state owned lands, when such marking does not significantly interfere with normal public use of the surface of the water;

(x) Operation and maintenance of any system of dikes, ditches, drains, or other facilities existing on September 8, 1975, which were created, developed, or utilized primarily as a part of an agricultural drainage or diking system;

(xi) Site exploration and investigation activities that are prerequisite to preparation of an application for development authorization under this chapter, if:

(A) The activity does not interfere with the normal public use of the surface waters;

(B) The activity will have no significant adverse impact on the environment including, but not limited to, fish, wildlife, fish or wildlife habitat, water quality, and aesthetic values;

(C) The activity does not involve the installation of a structure, and upon completion of the activity the vegetation and land configuration of the site are restored to conditions existing before the activity;

(D) A private entity seeking development authorization under this section first posts a performance bond or provides other evidence of financial responsibility to the local jurisdiction to ensure that the site is restored to preexisting conditions; and

(E) The activity is not subject to the permit requirements of RCW 90.58.550;

(xii) The process of removing or controlling an aquatic noxious weed, as defined in RCW 17.26.020, through the use of an herbicide or other treatment methods applicable to weed control that are recommended by a final environmental impact statement published by the department of agriculture or the department jointly with other state agencies under chapter 43.21C RCW.

Sec. 3. RCW 90.58.090 and 1997 c 429 s 50 are each amended to read as follows:

(1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department's discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve the segment of a master program relating to critical areas as defined by RCW 36.70A.030(5) provided the master program segment is consistent with RCW 90.58.020 and applicable shoreline guidelines, and if the segment provides a level of protection of critical areas at least equal to that provided by the local government's critical areas ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) The department shall approve those segments of the master program relating to shorelines of statewide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the statewide interest. If the department does not approve a segment of a local government master program relating to a shoreline of statewide significance, the department may develop and by rule adopt an alternative to the local government's proposal.

~~((5))~~ (6) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

~~((6))~~ (7) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program.

Sec. 4. RCW 90.58.190 and 1995 c 347 s 311 are each amended to read as follows:

(1) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090~~((4))~~ (5) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department's decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board with jurisdiction over the local government. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter ~~((and chapter 36.70A RCW))~~, the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's decision to approve, reject, or modify a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department's written notice to the local government of the department's decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government's master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

Sec. 5. RCW 36.70A.480 and 1995 c 347 s 104 are each amended to read as follows:

(1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020 without creating an order of priority among the fourteen goals. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city's comprehensive plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city's development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the goals, policies, and procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

(3) The policies, goals, and provisions of chapter 90.58 RCW and applicable guidelines shall be the sole basis for determining compliance of a shoreline master program with this chapter except as the shoreline master program is required to comply with the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105.

(a) As of the date the department of ecology approves a local government's shoreline master program adopted under applicable shoreline guidelines, the protection of critical areas as defined by RCW 36.70A.030(5) within shorelines of the state shall be accomplished only through the local government's shoreline master program and shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section.

(b) Critical areas within shorelines of the state that have been identified as meeting the definition of critical areas as defined by RCW 36.70A.030(5), and that are subject to a shoreline master program adopted under applicable shoreline guidelines shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section. Nothing in this act is intended to affect whether or to what extent agricultural activities, as defined in RCW 90.58.065, are subject to chapter 36.70A RCW.

(c) The provisions of RCW 36.70A.172 shall not apply to the adoption or subsequent amendment of a local government's shoreline master program and shall not be used to determine compliance of a local government's shoreline master program with chapter 90.58 RCW and applicable guidelines. Nothing in this section, however, is intended to limit or change the quality of information to be applied in protecting critical areas within shorelines of the state, as required by chapter 90.58 RCW and applicable guidelines.

(4) Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that is at least equal to the level of protection provided to critical areas by the local government's critical area ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2).

(6) If a local jurisdiction's master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, as authorized by RCW 90.58.030(2)(f), then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2)."

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "amending RCW 90.58.030, 90.58.090, 90.58.190, and 36.70A.480; and creating a new section."

There being no objection, the Senate resumed consideration of House Bill No. 1318 and the pending amendment by Senators Kohl-Welles, Schmidt and Rasmussen on page 2, line 2, deferred earlier today.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Zarelli as to the scope and object of the amendment by Senators Kohl-Welles, Schmidt and Rasmussen on page 2, line 2, to House Bill No. 1318, the President finds that House Bill No. 1318 is a measure which requires the State Board of Health to consider the most recent version of USFDA food code provisions when adopting rules for food service. To the extent that the amendment on page 2, line 2, would require

that the Board also consult with various interested parties with respect to food service in schools in developing such rules, it would be within the scope and object of the underlying bill because it is simply further defining the consultation process. Because the amendment also requires the development of a model policy specifically protecting children in preschool through sixth grade who assist in elementary school kitchens, and must do so by a date certain, it is imposing requirements that exceed the scope and object of the original bill.

"The President, therefore, finds that Senator Zarelli's point is well taken and the amendment on page 2, line 2, to House Bill No. 1318 is outside the scope and object of the underlying bill."

The President ruled that the amendment by Senators Kohl-Welles, Schmidt and Rasmussen on page 2, line 2, to House Bill No. 1318 to be out of order.

MOTION

On motion of Senator Swecker, the rules were suspended, House Bill No. 1318 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 1318.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1318 and the bill passed the Senate by the following vote:

Yeas, 46; Nays, 0; Absent, 0; Excused, 3.

NEW SECTION. Sec. 1. A new section is added to chapter 28B.80 RCW to read as follows:

(1) If a four-year institution requests approval under RCW 28B.80.340 of a new degree program that is the result of legislation enacted to change the terms of RCW 28B.10.115, the higher education coordinating board shall conduct an independent analysis using information from a variety of sources as part of the board's review of the proposed program, including but not limited to information submitted by the institution. Such information shall include:

(a) Detailed evidence of why the program is justified, including the size and scope of student, employer, and community demand for the program;

(b) The feasibility of using existing public or private capacity for the program and comparisons of the state cost of providing existing and proposed capacity. Any institution that offers programs under this section shall comply with all applicable state rules and regulations;

(c) Projected future enrollment in the program and substantiation of the enrollment estimates; and

(d) Additional information as requested by the board regarding demand, need, and cost-effectiveness of the program.

(2) The higher education coordinating board shall submit a complete analysis of a proposed program under this section to the higher education and fiscal committees of the legislature before making a final determination regarding approval of the program.

NEW SECTION. Sec. 2. The higher education coordinating board shall conduct a study in the manner as specified under section 1 of this act and examine whether the state universities should retain exclusive major line to electrical engineering. The report shall be provided to the higher education and fiscal committees of the legislature by December 2003."

MOTION

On motion of Senator West, the rules were suspended, Engrossed House Bill No. 1808 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Jacobsen: "Senator Carlson, if this program is offered, how much would be the state subsidy for each student?"

Senator Carlson: "Subsidies for the regional institutions for undergraduates are about six to eight thousand dollars per student for the junior/senior levels. That is about what the equivalent would be."

Senator Jacobsen: "But, isn't it fair to say that a program like this costs more than six to eight thousand per student?"

Senator Carlson: "Yes, that is correct, Senator Jacobsen. It usually costs around fourteen thousand dollars per student."

Senator Jacobsen: "That is what I thought."

Further debate ensued.

POINT OF INQUIRY

Senator Spanel: "Senator Carlson, do I understand the bill, that the HEC Board does have to do a review of this and they have to come back to the Legislature before there is approval of a new program?"

Senator Carlson: "Thank you, Senator. I appreciate the question. It is a good one and it needs to be explained. What is asked is that there will be monitoring by the HEC Board. They do not have to wait to get permission from the HEC Board in the Legislature, but they do have to get permission from the HEC Board to be able to go forward on this and then to report to the Legislature what is taking place. I do appreciate the question; it is a good one. I appreciate getting a chance to answer."

POINT OF INQUIRY

Senator Deccio: "Senator Carlson, can you tell me what the price tag is for this program?"

Senator Carlson: "Thank you, Senator. The price tag has been identified by Eastern Washington University in the area of around ten to twelve thousand dollars, which is quite a bit less than the two research universities even that are offering it. So, they are willing to eat the cost, because they think that the programs already available will give them a chance to provide this."

(d) The cost of providing the service shall be paid, to the maximum extent possible, by a waiver of all or part of ~~((the))~~ federal end user ~~((access))~~ charges and, to the extent necessary, from the telephone assistance fund created by RCW 80.36.430.

All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.

(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.

(3) The department shall enter into an agreement with the department of community, trade, and economic development for an amount not to exceed eight percent of the prior fiscal year's total revenue for the administrative and program expenses of providing community service voice mail services. The commission or other appropriate agency shall make timely application for any available federal funds. The remaining portion of the connection fee to be paid by the subscriber shall be expressly payable by installment fees spread over a period of months. A subscriber may, however, choose to pay the connection fee in a lump sum. Costs associated with the waiver and discount shall be accounted for separately and recovered from the telephone assistance fund. ((Eligible subscribers shall be allowed one waiver of a deposit and one discount on service connection fees per year.))

Sec. 8. RCW 80.36.470 and 2002 c 104 s 3 are each amended to read as follows:

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 2. RCW 35.92.020 and 1997 c 447 s 9 are each amended to read as follows:

(1) A city or town may construct, condemn and purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030(~~(--and)~~). A city or town shall have full authority to manage, regulate, operate, control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

((1)) (a) The difference in cost of service and facilities to customers;

((2)) (b) The location of customers within and without the city or town;

((3)) (c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;

((4)) (d) The different character of the service and facilities furnished to customers;

((5)) (e) The quantity and quality of the sewage delivered and the time of its delivery;

((6)) (f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;

((7)) (g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

((8)) (h) Any other factors that present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 3. RCW 36.89.080 and 1998 c 74 s 1 are each amended to read as follows:

(1) Subject to subsections (2) and (3) of this section, any county legislative authority may provide by resolution for revenues by fixing rates and charges for the furnishing of service to those served or receiving benefits or to be served or to receive benefits from any

storm water control facility or contributing to an increase of surface water runoff. In fixing rates and charges, the county legislative authority may in its discretion consider:

- ~~((1))~~ (a) Services furnished or to be furnished;
- ~~((2))~~ (b) Benefits received or to be received;
- ~~((3))~~ (c) The character and use of land or its water runoff characteristics;
- ~~((4))~~ (d) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user;
- ~~((5))~~ (e) Income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons;

or

- ~~((6))~~ (f) Any other matters which present a reasonable difference as a ground for distinction.

(2) The rate a county may charge under this section for storm water control facilities shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(3) Rates and charges authorized under this section may not be imposed on lands taxed as forest land under chapter 84.33 RCW or as timber land under chapter 84.34 RCW.

(4) The service charges and rates collected shall be deposited in a special fund or funds in the county treasury to be used only for the purpose of paying all or any part of the cost and expense of maintaining and operating storm water control facilities, all or any part of the cost and expense of planning, designing, establishing, acquiring, developing, constructing and improving any of such facilities, or to pay or secure the payment of all or any portion of any issue of general obligation or revenue bonds issued for such purpose.

Sec. 4. RCW 36.94.140 and 1997 c 447 s 12 are each amended to read as follows:

(1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it ~~(and)~~. Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

- ~~((1))~~ (a) The difference in cost of service to the various customers within or without the area;
- ~~((2))~~ (b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;
- ~~((3))~~ (c) The different character of the service and facilities furnished various customers;
- ~~((4))~~ (d) The quantity and quality of the sewage and/or water delivered and the time of its delivery;
- ~~((5))~~ (e) Capital contributions made to the system or systems, including, but not limited to, assessments;
- ~~((6))~~ (f) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

- ~~((7))~~ (g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

- ~~((8))~~ (h) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a county may charge under this section for storm or surface water sewer systems or combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

Sec. 5. RCW 57.08.005 and 1999 c 153 s 2 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water

pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(12) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(14) To sue and be sued;

(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(18) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(19) To establish street lighting systems under RCW 57.08.060;

(20) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.

Sec. 6. RCW 57.08.081 and 1999 c 153 s 11 are each amended to read as follows:

(1) Subject to RCW 57.08.005(6), the commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer or drainage service and facilities.

(2) In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. Prior to furnishing services, a district may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(3) The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

(4) The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

(5) In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of thirty days.

(6) A district may determine how to apply partial payments on past due accounts.

(7) A district may provide a real property owner or the owner's designee with duplicate bills for service to tenants, or may notify an owner or the owner's designee that a tenant's service account is delinquent. However, if an owner or the owner's designee notifies the district in writing that a property served by the district is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the district shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the district notifies the tenant of the tenant's delinquency or by mail. When a district provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the district shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee. After January 1, 1999, if a district fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection (7), the district shall have no lien against the premises for the tenant's delinquent and unpaid charges.

Sec. 7. RCW 84.33.210 and 2001 c 249 s 6 are each amended to read as follows:

(1) Any land that is designated as forest land under this chapter at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (a) to create a local improvement district, in which the land is included or would have been included but for the designation, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary or storm sewerage system, domestic water supply or distribution system, or road construction or improvement, which roll would have included the land but for the designation, shall be exempt from special benefit assessments ((Ø)), charges in lieu of assessment, or rates and charges for storm water control facilities under RCW 36.89.080 for such purposes as long as that land remains designated as forest land, except as otherwise provided in RCW 84.33.250.

(2) Whenever a local government creates a local improvement district, the levying, collection, and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided under the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes designated forest land shall be filed with the assessor and the legislative authority of the county in which the land is located. The assessor, upon receiving notice of the creation of a local improvement district, shall send a notice to the owners of the designated forest lands listed on the tax rolls of the applicable treasurer of:

(a) The creation of the local improvement district;

(b) The exemption of that land from special benefit assessments;

(c) The fact that the designated forest land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and

(d) The potential liability, pursuant to RCW 84.33.220, if the exemption is not waived and the land is subsequently removed from designated forest land status.

(3) When a local government approves and confirms a special benefit assessment roll, from which designated forest land has been exempted under this section, it shall file a notice of this action with the assessor and the legislative authority of the county in which the land is located and with the treasurer of that local government. The notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment that would have been levied against the land if it had not been

exempted. The filing of the notice with the assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that the exempt land is subject to the charges provided in RCW 84.33.220 and 84.33.230, if the land is removed from its designation as forest land.

(4) The owner of the land exempted from special benefit assessments under this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the assessor, but the failure to file this copy shall not affect the waiver.

(5) Except to the extent provided in RCW 84.33.250, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to the exempted land.

Sec. 8. RCW 86.15.160 and 1986 c 278 s 60 are each amended to read as follows:

For the purposes of this chapter the supervisors may authorize:

(1) An annual excess ad valorem tax levy within any zone or participating zones when authorized by the voters of the zone or participating zones under RCW 84.52.052 and 84.52.054;

(2) An assessment upon property, including state property, specially benefited by flood control improvements or storm water control improvements imposed under chapter 86.09 RCW;

(3) Within any zone or participating zones an annual ad valorem property tax levy of not to exceed fifty cents per thousand dollars of assessed value when the levy will not take dollar rates that other taxing districts may lawfully claim and that will not cause the combined levies to exceed the constitutional and/or statutory limitations, and the additional levy, or any portion thereof, may also be made when dollar rates of other taxing units is released therefor by agreement with the other taxing units from their authorized levies;

(4) A charge, under RCW 36.89.080, for the furnishing of service to those who are receiving or will receive benefits from storm water control facilities and who are contributing to an increase in surface water runoff. The rate or charge imposed under this section shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested;

(5) Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state and state property, shall be liable for the charges to the same extent a private person and privately owned property is liable for the charges, and in setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

~~((5))~~ (6) The creation of local improvement districts and utility local improvement districts, the issuance of improvement district bonds and warrants, and the imposition, collection, and enforcement of special assessments on all property, including any state-owned or other publicly-owned property, specially benefited from improvements in the same manner as provided for counties by chapter 36.94 RCW."

Changing requirements regarding state and local tax to provide for municipal business and occupation tax uniformity and fairness.

The bill was read the third time.

POINT OF ORDER

Senator Hargrove: "A point of order, I would like to ask you to rule on the scope and object of the House amendment to Engrossed House Bill No. 2030. I would like to refer you to Rule 66, when ruling on the scope and object of the amendment. It is a constitutional provision and it does not limit the ruling to be Senate amendments. If I could speak on the House amendment. The House amendment to this bill added a study to the bill. Neither the title nor the original bill referred to a study, but simply the change in the B & O tax system that was in place. So, that I believe, makes the substance of the House amendment beyond the scope and object of the bill."

REMARKS BY SENATOR SHEAHAN

Senator Sheahan: "Arguing against the point of order by Senator Hargrove. If you look at Rule 66, if I may, Mr. President, the last sentence says, 'A point of order raising the question of scope and object may be raised at any time during consideration of an amendment prior to voting on the amendment.' I would suggest that since this is a House amendment the question of scope and object is not timely."

RULING BY THE PRESIDENT

President Owen: "Senator Hargrove, the President doesn't believe that the constitutional issue is an issue for him to consider and that has been made clear in previous rulings and tradition and history. The Constitution is not something that the President feels that is appropriate for him to rule on. With that said, once a bill is engrossed by the House, that defines the scope and object of the bill for the consideration and how the Senate will consider the bill for the purposes of scope and object. Therefore, your point is not well taken."

Debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed House Bill No. 2030.

MOTION

Senator Morton moved that the following Committee on Natural Resources, Energy and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.

(2) "Department" means the department of revenue.

(3) "Eligible area" means a county with fewer than one hundred persons per square mile as determined annually by the office of financial management and published by the department effective for the period July 1st through June 30th, or a county that has a population of less than two hundred twenty-five thousand as determined by the office of financial management and has an area greater than two hundred twenty-five square miles.

(4)(a) "Eligible investment project" means an investment project in an eligible area.

(b) The lessor or owner of a qualified building is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the deferral to the lessee in the form of reduced rent payments.

(c) "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(5), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects which have already received deferrals under this chapter.

(5) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project.

(6) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" also includes computer programming, the production of computer software, and other computer-related services, and the activities performed by research and development laboratories and commercial testing laboratories.

(7) "Person" has the meaning given in RCW 82.04.030.

(8) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for manufacturing and research and development activities, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

(9) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.

(10) "Recipient" means a person receiving a tax deferral under this chapter.

(11) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

(12) "Wood biomass fuel" means a pyrolytic liquid fuel or synthesis gas-derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic.

NEW SECTION. Sec. 2. (1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department.

(2) The department shall rule on the application within sixty days. The department shall keep a running total of all deferrals granted under this chapter during each fiscal biennium.

NEW SECTION. Sec.3. (1) The department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project that is located in an eligible area as defined in section 1 of this act, if the investment project is undertaken for the purpose of manufacturing wood biomass fuel.

(2) This section expires July 1, 2009.

NEW SECTION. Sec. 4. (1) For the purposes of this section:

(a) "Eligible area" means a designated community empowerment zone approved under RCW 43.31C.020 or a county containing a community empowerment zone.

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

NEW SECTION. Sec. 5. (1) Each recipient of a deferral granted under this chapter after June 30, 2003, shall submit a report to the department on December 31st of the year in which the investment project is certified by the department as having been operationally completed, and on December 31st of each of the seven succeeding calendar years. The report shall contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this chapter. If the recipient

fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately assessed and payable.

(2) If, on the basis of a report under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project are immediately due. For any taxes that are due, penalties and interest applicable to delinquent excise taxes shall be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(3) Deferred taxes need not be repaid if the department determines, in accordance with the provisions of subsection (1) of this section, that the recipient has met the requirements of this chapter for the seven calendar years following the certification by the department that the investment project has been operationally completed.

NEW SECTION. Sec. 6. The employment security department shall make, and certify to the department of revenue, all determinations of employment and wages as requested by the department under this chapter.

NEW SECTION. Sec. 7. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 8. Applications, reports, and any other information received by the department under this chapter shall not be confidential and shall be subject to disclosure.

NEW SECTION. Sec. 9. A new section is added to chapter 84.36 RCW to read as follows:

(3) Claims for exemptions authorized by this section shall be filed with the county assessor on forms prescribed by the department of revenue and furnished by the assessor. MOTION

Senator McCaslin moved that the following Committee on Judiciary striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes the extreme dangers present when the safety of our citizens requires first responders such as police and fire fighters to evacuate and secure a building. In an effort to prepare for responding to unintended disasters, criminal acts, and acts of terrorism, the legislature intends to create a statewide first responder building mapping information system that will provide all first responders with the information they need to be successful when disaster strikes. The first responder building mapping system in this act is to be developed for a limited and specific purpose and is in no way to be construed as imposing standards or system requirements on any other mapping systems developed and used for any other local government purposes.

NEW SECTION. Sec. 2. A new section is added to chapter 36.28A RCW to read as follows:

(1) When funded, the Washington Association of Sheriffs and Police Chiefs shall create and operate a statewide first responder building mapping information system.

(2) All state agencies and local governments must utilize building mapping software that complies with the building mapping software standards established under section 3 of this act for any building mapped for this purpose after the statewide first responder building mapping information system is operational. If, prior to creation of the statewide building mapping information system, a local

government has utilized building mapping software standards established under section 3 of this act, the local government may continue to use its own building mapping system unless the Washington association of sheriffs and police chiefs provides funding to bring the local government's system in compliance with the standards established under section 3 of this act.

(3) All state and local government-owned buildings that are occupied by state or local government employees must be mapped when funding is provided by the Washington association of sheriffs and police chiefs, or from other sources. Nothing in this act requires any state agency or local government to map a building unless the entire cost of mapping the building is provided by the Washington association of sheriffs and police chiefs, or from other sources.

(4) Once the statewide first responder building mapping information system is operational, all state and local government buildings that are mapped must forward their building mapping information data to the Washington association of sheriffs and police chiefs. All participating privately, federally, and tribally owned buildings may voluntarily forward their mapping and emergency information data to the Washington association of sheriffs and police chiefs. The Washington association of sheriffs and police chiefs may refuse any building mapping information that does not comply with the specifications described in section 3 of this act.

(5) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall electronically make the building mapping information available to all state, local, federal, and tribal law enforcement agencies, the military department of Washington state, and fire departments.

(6) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall develop building mapping software standards that must be used to participate in the statewide first responder building mapping information system.

(7) The Washington association of sheriffs and police chiefs shall pursue federal funds to:

(a) Create the statewide first responder building mapping information system; and

(b) Develop grants for the mapping of all state and local government buildings in the order determined under section 3 of this

act.

(8) All tactical and intelligence information provided to the Washington association of sheriffs and police chiefs under this act is exempt from public disclosure as provided in RCW 42.17.310(1)(d).

(1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the information services board, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:

(a) Develop the type of information to be included in the statewide first responder building mapping information system. The information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;

(b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system;

(c) Determine the order in which buildings shall be mapped when funding is received;

(d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;

(e) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

(2)(a) Nothing in this section supersedes the authority of the information services board under chapter 43.105 RCW.

(b) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems.

NEW SECTION. Sec. 4. A new section is added to chapter 36.28A RCW to read as follows:

Units of local government and their employees, as provided in RCW 36.28A.010, are immune from civil liability for damages arising out of the creation and use of the statewide first responder building mapping information system, unless it is shown that an employee acted with gross negligence or bad faith."

MOTION

Senator Stevens moved that the following striking amendment by Senators Stevens and Hargrove be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to revise and improve the processes for billing and collecting legal financial obligations. The purpose of this act is to respond to suggestions and requests made by county government officials, and in particular county clerks, to assume the collection of such obligations in cooperation and coordination with the department of corrections and the administrative office for the courts. The legislature undertakes this effort following a collaboration between local officials, the department of corrections, and the administrative office for the courts. The intent of this act is to promote an increased and more efficient collection of legal financial obligations and, as a result, improve the likelihood that the affected agencies will increase the collections which will provide additional benefits to all parties and, in particular, crime victims whose restitution is dependent upon the collections.

Sec. 2. RCW 9.94A.760 and 2001 c 10 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender's monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department ((of corrections shall)) may only supervise the offender's compliance with payment of the legal financial obligations ((for ten years following the entry of the judgment and sentence, or ten years following the offender's release from total confinement, whichever period ends later)) during any period in which the department is authorized to supervise the offender in the community under RCW

9.94A.728 and section 3, chapter . . . (Senate Bill No. 5990), Laws of 2003, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department ((is)) and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634, 9.94A.737, or 9.94A.740.

(11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the ((department with individualized monthly billings for each offender with an unsatisfied legal financial obligation and shall provide the department)) administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department ((may)) shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk((, or)). The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) Nothing in this chapter makes the department, the state, the counties, or any ((of its)) state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 3. RCW 9.94A.750 and 2000 c 28 s 32 are each amended to read as follows:

This section applies to offenses committed on or before July 1, 1985.

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the offense.

(4) For the purposes of this section, the offender shall remain under the court's jurisdiction for a term of ten years following the offender's release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten

years for payment of restitution. ~~((If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period.))~~ The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during either the initial ten-year period or subsequent ten-year period if the criminal judgment is extended, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3, chapter . . . (Senate Bill No. 5990), Laws of 2003, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under the court's jurisdiction until the offender has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of twenty-five years following the offender's release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(8) This section does not limit civil remedies or defenses available to the victim or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

Sec. 4. RCW 9.94A.753 and 2000 c 226 s 3 and 2000 c 28 s 33 are each reenacted and amended to read as follows:

This section applies to offenses committed after July 1, 1985.

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days except as provided in subsection (7) of this section. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the crime.

(4) For the purposes of this section, for an offense committed prior to July 1, 2000, the offender shall remain under the court's jurisdiction for a term of ten years following the offender's release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. For an offense committed on or after July 1, 2000, the offender shall remain under the court's jurisdiction until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The portion of the sentence concerning restitution may be modified as to amount, terms, and conditions during any period of time the offender remains under the court's jurisdiction, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department ~~((for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction))~~ only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3, chapter . . . (Senate Bill No. 5990), Laws of 2003, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under the court's jurisdiction until the offender has satisfied support obligations under the superior court or administrative order for the period provided in RCW 4.16.020 or a maximum term of twenty-five years following the offender's release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) Regardless of the provisions of subsections (1) through (6) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the judgment and sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(8) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(9) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

NEW SECTION. Sec. 5. A new section is added to chapter 9.94A RCW to read as follows:

If an offender with an unsatisfied legal financial obligation is not subject to supervision by the department for a term of community placement, community custody, or community supervision, or has not completed payment of all legal financial obligations included in the sentence at the expiration of his or her term of community placement, community custody, or community supervision, the department shall notify the administrative office of the courts of the termination of the offender's supervision and provide information to the administrative office of the courts to enable the county clerk to monitor payment of the remaining obligations. The county clerk is authorized to monitor payment after such notification. The secretary of corrections and the administrator for the courts shall enter into an interagency agreement to facilitate the electronic transfer of information about offenders, unpaid obligations, and payees to carry out the purposes of this section.

Sec. 6. RCW 9.94A.780 and 1991 c 104 s 1 are each amended to read as follows:

(1) Whenever a punishment imposed under this chapter requires supervision services to be provided, the offender shall pay to the department of corrections the monthly assessment, prescribed under subsection (2) of this section, which shall be for the duration of the terms of supervision and which shall be considered as payment or part payment of the cost of providing supervision to the offender. The department may exempt or defer a person from the payment of all or any part of the assessment based upon any of the following factors:

(a) The offender has diligently attempted but has been unable to obtain employment that provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.

(d) The offender's age prevents him or her from obtaining employment.

(e) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship on the offender.

(f) Other extenuating circumstances as determined by the department.

(2) The department of corrections shall adopt a rule prescribing the amount of the assessment. The department may, if it finds it appropriate, prescribe a schedule of assessments that shall vary in accordance with the intensity or cost of the supervision. The department may not prescribe any assessment that is less than ten dollars nor more than fifty dollars.

(3) All amounts required to be paid under this section shall be collected by the department of corrections and deposited by the department in the dedicated fund established pursuant to RCW 72.11.040.

(4) This section shall not apply to probation services provided under an interstate compact pursuant to chapter 9.95 RCW or to probation services provided for persons placed on probation prior to June 10, 1982.

(5) If a county clerk assumes responsibility for collection of unpaid legal financial obligations under RCW 9.94A.760, or under any agreement with the department under that section, whether before or after the completion of any period of community placement, community custody, or community supervision, the clerk may impose a monthly or annual assessment for the cost of collections. The amount of the assessment shall not exceed the actual cost of collections. The county clerk may exempt or defer payment of all or part of the assessment based upon any of the factors listed in subsection (1) of this section. The offender shall pay the assessment under this subsection to the county clerk who shall apply it to the cost of collecting legal financial obligations under RCW 9.94A.760.

Sec. 7. RCW 9.94A.637 and 2002 c 16 s 2 are each amended to read as follows:

(1)(a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary's designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(b)(i) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary's designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence.

(ii) When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(2) The court shall send a copy of every signed certificate of discharge to the auditor for the county in which the court resides and to the department. The department shall create and maintain a data base containing the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(3) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender's prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender's prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender's obligation to comply with an order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

(6) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

NEW SECTION. Sec. 8. A new section is added to chapter 36.23 RCW to read as follows:

The Washington association of county officials, in consultation with county clerks, shall determine a funding formula for allocation of moneys to counties for purposes of collecting legal financial obligations, and report this formula to the legislature and the administrative office of the courts by September 1, 2003. The Washington association of county officials shall report on the amounts of legal financial obligations collected by the county clerks to the appropriate committees of the legislature no later than December 1, 2004, and annually thereafter.

NEW SECTION. Sec. 9. A new section is added to chapter 2.56 RCW to read as follows:

By October 1, 2003, and annually thereafter, the administrative office of the courts shall distribute such funds to counties for county clerk collection budgets as are appropriated by the legislature for this purpose, using the funding formula recommended by the Washington association of county officials. The administrative office of the courts shall not deduct any amount for indirect or direct costs, and shall distribute the entire amount appropriated by the legislature to the counties for county clerk collection budgets. The administrative office of the courts shall report on the amounts distributed to counties to the appropriate committees of the legislature no later than December 1, 2003, and annually thereafter.

The administrative office of the courts may expend for the purposes of billing for legal financial obligations, such funds as are appropriated for the legislature for this purpose.

Sec. 10. RCW 4.56.100 and 1997 c 358 s 4 are each amended to read as follows:

(1) When any judgment for the payment of money only shall have been paid or satisfied, the clerk of the court in which such judgment was rendered shall note upon the record in the execution docket satisfaction thereof giving the date of such satisfaction upon either the payment to such clerk of the amount of such judgment, costs and interest and any accrued costs by reason of the issuance of any execution, or the filing with such clerk of a satisfaction entitled in such action and identifying the same executed by the judgment creditor or his or her attorney of record in such action or his or her assignee acknowledged as deeds are acknowledged. The clerk has the authority to note the satisfaction of judgments for criminal and juvenile legal financial obligations when the clerk's record indicates payment in full or as directed by the court. Every satisfaction of judgment and every partial satisfaction of judgment which provides for the payment of money shall clearly designate the judgment creditor and his or her attorney if any, the judgment debtor, the amount or type of satisfaction, whether the satisfaction is full or partial, the cause number, and the date of entry of the judgment. A certificate by such clerk of the entry of such satisfaction by him or her may be filed in the office of the clerk of any county in which an abstract of such judgment has been filed. When so satisfied by the clerk or the filing of such certificate the lien of such judgment shall be discharged.

(2) The department of social and health services shall file a satisfaction of judgment for welfare fraud conviction if a person does not pay money through the clerk as required under subsection (1) of this section.

~~((3) The department of corrections shall file a satisfaction of judgment if a person does not pay money through the clerk's office as required under subsection (1) of this section.))~~

NEW SECTION. Sec. 11. A new section is added to chapter 9.94A RCW to read as follows:

The provisions of this act apply to all offenders currently, or in the future, subject to sentences with unsatisfied legal financial obligations. The provisions of this act do not change the amount of any legal financial obligation or the maximum term for which any offender is, or may be, under the jurisdiction of the court for collection of legal financial obligations.

Sec. 12. RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct taxes and legal financial obligations from the gross wages ~~((and))~~ gratuities, or workers' compensation benefits payable directly to the inmate under chapter 51.32 RCW, of each inmate working in correctional industries work programs, ~~((taxes and legal financial obligations))~~ or otherwise receiving such wages, gratuities, or benefits. The secretary shall develop a formula for the distribution of offender wages ~~((and))~~ gratuities, and benefits. The formula shall not reduce the inmate account below the indigency level, as defined in RCW 72.09.015.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

- (i) Five percent to the public safety and education account for the purpose of crime victims' compensation;
- (ii) Ten percent to a department personal inmate savings account;

(3) The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

(4) In the event that the offender worker's wages ~~((or)), gratuity, or workers' compensation benefit~~ is subject to garnishment for support enforcement, the crime victims' compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

~~((2))~~ (5) The department shall explore other methods of recovering a portion of the cost of the inmate's incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

~~((4))~~ (7) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

NEW SECTION. Sec. 13. A new section is added to chapter 51.32 RCW to read as follows:

If the department of labor and industries has received notice that an injured worker entitled to benefits payable under this chapter is in the custody of the department of corrections pursuant to a conviction and sentence, the department shall send all such benefits to the worker in care of the department of corrections, except those benefits payable to a beneficiary as provided in RCW 51.32.040 (3)(c) and (4). Failure of the department to send such benefits to the department of corrections shall not result in liability to any party for either department.

Sec. 14. RCW 51.32.040 and 1999 c 185 s 1 are each amended to read as follows:

(1) Except as provided in RCW 43.20B.720 ~~((and)), 72.09.111, 74.20A.260, and section 13 of this act,~~ no money paid or payable under this title shall, before the issuance and delivery of the check or warrant, be assigned, charged, or taken in execution, attached, garnished, or pass or be paid to any other person by operation of law, any form of voluntary assignment, or power of attorney. Any such assignment or charge is void unless the transfer is to a financial institution at the request of a worker or other beneficiary and made in accordance with RCW 51.32.045.

(2)(a) If any worker suffers (i) a permanent partial injury and dies from some other cause than the accident which produced the injury before he or she receives payment of the award for the permanent partial injury or (ii) any other injury before he or she receives payment of any monthly installment covering any period of time before his or her death, the amount of the permanent partial disability award or the monthly payment, or both, shall be paid to the surviving spouse or the child or children if there is no surviving spouse. If there is no surviving spouse and no child or children, the award or the amount of the monthly payment shall be paid by the department or self-insurer and distributed consistent with the terms of the decedent's will or, if the decedent dies intestate, consistent with the terms of RCW 11.04.015.

(b) If any worker suffers an injury and dies from it before he or she receives payment of any monthly installment covering time loss for any period of time before his or her death, the amount of the monthly payment shall be paid to the surviving spouse or the child or children if there is no surviving spouse. Such forest practices include timber sales by the department of natural resources and the board of natural resources. State trust lands are subject to the provisions of section 1 of this act."

Renumber the remaining sections consecutively and correct internal references accordingly.

POINT OF ORDER

Senator Fraser: "A point of order, Mr. President. I believe the amendment exceeds the scope and object of the bill. The underlying bill exempts from SEPA urban infill within urban growth areas. The amendment exempts timber sales from state trust lands, so I think, they are clearly very different and urge you to so rule."

Senator Hargrove: "Thank you, Mr. President. Both have--the underlying bill and the amendment--relate to exemptions from the SEPA process. It is just simply a different type of exemption, so I think that is just changing the definition."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point order raised by Senator Fraser as to the scope and object of the amendment by Senators Hargrove, Doumit and Morton to Substitute House Bill No. 1707, the President finds and rules as follows:

"Substitute House Bill No. 1707 is a measure which exempts development of urban infill areas from the SEPA process. The amendment would exempt forest practices, including timber sales, from the SEPA process. While they both deal with exemptions from the SEPA process, the amendment exceeds the scope and object of the underlying bill, which has nothing to do with timber practices. "Senator Fraser's point is well taken."

The President declared the amendment by Senators Hargrove, Doumit and Morton on page 2, after line 4, to Substitute House Bill No. 1707 to be out of order.

(1)(a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. (b) For purposes of this subsection, "transitional beds" means beds only for residents ~~((in halfway house status))~~ who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2)(a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1)(a)(i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility established pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) ~~((In consultation with the joint select committee established in section 225, chapter 12, Laws of 2001 2nd sp. sess.))~~ Develop and publish policy guidelines for the siting and operation of secure community transition facilities ~~((by October 1, 2001; and~~

~~((c) Provide a status report to the appropriate committees of the legislature by December 1, 2002, on the development of facilities under the incentive program established in RCW 71.09.255. The report shall include a projection of the anticipated number of secure community transition facility beds that will become operational between May 2004 and May 2007. If it appears that an insufficient number~~

of beds will be operational, the department's report shall recommend a progression of methods to facilitate siting in counties and cities including, if necessary, preemption of local land use planning process and other laws).

(7)(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) In identifying potential sites within a county for the location of a secure community transition facility, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

(9)(a) "Equitable distribution" means siting or locating secure community transition facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or geographic area of a county in which ~~((district))~~ distinct political or judicial authority may be exercised.

Sec. 4. RCW 71.09.275 and 2001 2nd sp.s. c 12 s 211 are each amended to read as follows:

~~((2))~~ If the department does not provide a separate vessel for transporting residents of the secure community transition facility established in RCW 71.09.250(1) between McNeil Island and the mainland, the ~~((plan))~~ department shall ~~((include at least the following components))~~:

(a) ~~((The))~~ Separate residents ~~((shall be separated))~~ from minors and vulnerable adults, except vulnerable adults who have been found to be sexually violent predators.

(b) ~~((The))~~ Not transport residents ~~((shall not be transported))~~ during times when children are normally coming to and from the mainland for school.

~~((3))~~ (2) The department shall designate a separate waiting area at the points of debarkation, and residents shall be required to remain in this area while awaiting transportation.

~~((4))~~ (3) The department shall provide law enforcement agencies in the counties and cities in which residents of the secure community transition facility established pursuant to RCW 71.09.250(1)(a)(I) regularly participate in employment, education, or social services, or through which these persons are regularly transported, with a copy of the court's order of conditional release with respect to these persons.

POINT OF INQUIRY

Senator Regala: "Senator Reardon, can you tell me what the fiscal cost is now that the bill has been amended?"

Senator Reardon: "Specifically, I am unable to do that. I will tell you this. The fiscal note that was presented was around a million dollars. The same piece of legislation was introduced last year in the House, by me, and the fiscal note was three hundred and fifty thousand dollars. What I would submit to you is the current fiscal note of million dollars is much higher than what it will actually cost. Most of that money will be captured in paper work. The addition of the amendment from the good lady in the thirty-fifth district, I don't believe, will increase the fiscal note, because the fiscal note right now is inflated. I think the bill will roughly cost, maybe, three hundred and fifty thousand dollars--total. The addition of the amendment, I don't think, will have much impact at all"

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5071.

MOTION

Senator Roach moved that the following amendment by Senators Roach, Rossi, Rasmussen, Keiser and Eide to the Committee on Health and Long-Term Care striking amendment be adopted:

On page 5, after line 23 of the amendment, insert the following:

"**Sec. 3.** RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources ~~((other than state funds))~~, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III registered sex offenders in the state of Washington. The web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall

provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee (~~(of the~~) or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

Renumber the remaining section consecutively.

(1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (3)(b) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsections (3) and (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year's authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years;

(c) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

~~((e))~~(d) Set the levy at a rate less than the maximum rate allowed for the district;

(e) Provide that the maximum allowable dollar amount of the final annual levy of the period specified in the measure shall be used to compute the limitations provided for in this chapter on levy increases occurring after the expiration of the period; or

~~((f))~~(f) Include any combination of the conditions in this subsection.

(4) Except as otherwise provided in an approved ballot measure under this section, after the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition."

Renumber the sections consecutively and correct any internal references accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Benton: "Senator Winsley, you were talking about the statutory limit. I just want to make clear in my own mind if it is a statutory limit, then it is a simple fifty percent vote. Right? If it were to be above and beyond the constitutional or statutory limit, it would be similar to a school levy, which would normally require for fire districts and so on, a sixty percent vote. But, even with a sixty percent vote, it is not authorized, under this bill, to go beyond the statutory limit. Is that correct?"

Senator Winsley: "That is correct."

Senator Benton: "Okay. Thank you very much."

The President declared the question before the Senate to be the adoption of the amendment by Senators Winsley and Rasmussen on page 2, line 11, to Substitute Senate Bill No. 5659.

The motion by Senator Winsley carried and the amendment was adopted.

MOTION

Senator Mulliken moved that the following amendment by Senators Mulliken, Hargrove, Winsley and Tim Sheldon be adopted:

On page 2, after line 11, insert the following:

"Sec. 3. RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. A county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to

the time periods specified in subsection (4) of this section. A county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefore. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(b) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. The schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for ~~((Clallam,))~~ Clark, ~~((Jefferson,))~~ King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, Clallam, Jefferson, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities in compliance with the schedules in this section shall have the requisite authority to receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. Only those counties and cities in compliance with the schedules in this section shall receive preference for grants or loans subject to the provisions of RCW 43.17.250.

Debate ensued.

POINT OF ORDER

Senator Kline: "A point of order, Mr. President. I question whether this amendment is within the scope and object of Substitute Senate Bill No. 5659. The scope and object of this bill is local government taxation and local government funding. In fact, that is pretty well stated by the status of the bill. I believe that this is a growth management amendment. It has to do with several counties and their growth management procedure. I believe this is outside the scope and object of the bill."

Senator Hargrove: "Well, I would think that funding and revenue for local counties is directly impacted by their necessity to do these plans. If you look--well, I don't need to talk about the substance of the amendment, but definitely the revenue of these two counties is going to be significantly impacted by having to do this plan a year earlier, instead of a year later. So, I think it fits the scope and object of the very broad bill below it."

MOTION

On motion of Senator Sheahan, further consideration of the amendment by Senators Mulliken, Hargrove, Winsley and Tim Sheldon on page 2, after line 11, was deferred.

MOTION

Senator Mulliken moved that the following amendment by Senators Mulliken, Winsley, Morton and Tim Sheldon be adopted:

On page 2, after line 11, insert the following:

"Sec. 3. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1)(a) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection ~~((5))~~ (6) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

(b) Once a county meets either of these sets of criteria and the county has not removed itself from the requirement to plan under this section pursuant to subsection (3) of this section, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter unless the county removes itself from the requirement to plan under this section pursuant to subsection (3) of this section.

(3) A county that is east of the Cascade crest and north of Interstate 90, with a population of less than ten thousand and a taxable land base of fifteen percent or less may adopt a resolution removing the county, and the cities located within the county, from the requirement to plan under this section if the resolution is adopted and filed with the department. Removal shall occur on the date the resolution is filed with the department.

Sec. 2. RCW 77.65.510 and 2002 c 301 s 2 are each amended to read as follows:

(1) The department must establish and administer a direct retail endorsement to serve as a single license that permits the holder of a Washington (~~salmon or crab commercial fishing~~) license to commercially harvest retail-eligible species and to clean, dress, and sell his or

her catch directly to consumers at retail, including over the internet. The direct retail endorsement must be issued as an optional addition to all holders of a ~~((salmon or crab))~~ commercial fishing license for retail-eligible species that the department offers under this chapter.

(2) The direct retail endorsement must be offered at the time of application for the qualifying commercial fishing license. Individuals in possession of a qualifying commercial fishing license issued under this chapter may add a direct retail endorsement to their current license at ~~((the))~~ any time ~~((they renew their commercial fishing license))~~. Individuals who do not have a commercial fishing license for ~~((salmon or crab))~~ retail-eligible species issued under this chapter may not receive a direct retail endorsement. The costs, conditions, responsibilities, and privileges associated with the endorsed commercial fishing license is not affected or altered in any way by the addition of a direct retail endorsement. These costs include the base cost of the license and any revenue and excise taxes.

(3) An individual need only add one direct retail endorsement to his or her license portfolio. If a direct retail endorsement is selected by an individual holding more than one commercial fishing license issued under this chapter, a single direct retail endorsement is considered to be added to all qualifying commercial fishing licenses held by that individual, and is the only license required for the individual to sell at retail ~~((the harvest of salmon or crab))~~ any retail-eligible species permitted by all of the underlying endorsed licenses. The direct retail endorsement applies only to the person named on the endorsed license, and may not be used by an alternate operator named on the endorsed license.

(4) In addition to any fees charged for the endorsed licenses and harvest documentation as required by this chapter or the rules of the department, the department may set a reasonable annual fee not to exceed the administrative costs to the department for a direct retail endorsement.

(5) The holder of a direct retail endorsement is responsible for documenting the commercial harvest of salmon and crab according to the provisions of this chapter, the rules of the department for a wholesale fish dealer, and the reporting requirements of the endorsed license. Any ~~((salmon or crab))~~ retail-eligible species caught by the holder of a direct retail endorsement must be ~~((landed in the round and))~~ documented on fish tickets ~~((as provided for by the department, before further processing))~~.

(6) The direct retail endorsement must be displayed in a readily visible manner by the seller wherever and whenever a sale to someone other than a licensed wholesale dealer occurs. The commission may require that the holder of a direct retail endorsement notify the department up to eighteen hours before conducting an in-person sale of retail-eligible species, except for in-person sales that have a cumulative retail sales value of less than one hundred fifty dollars in a twenty-four hour period that are sold directly from the vessel. For sales occurring in a venue other than in person, such as over the internet, through a catalog, or on the phone, the direct retail endorsement number of the seller must be provided to the buyer both at the time of sale and the time of delivery. All internet sales must be conducted in accordance with federal laws and regulations.

(7) The direct retail endorsement is to be held by a natural person and is not transferrable or assignable. If the endorsed license is transferred, the direct retail endorsement immediately becomes void, and the transferor is not eligible for a full or prorated reimbursement of the annual fee paid for the direct retail endorsement. Upon becoming void, the holder of a direct retail endorsement must surrender the physical endorsement to the department.

(8) The holder of a direct retail endorsement must abide by the provisions of Title 69 RCW as they apply to the processing and retail sale of seafood. The department must distribute a pamphlet, provided by the department of agriculture, with the direct retail endorsement generally describing the labeling requirements set forth in chapter 69.04 RCW as they apply to seafood.

(9) The holder of a qualifying commercial fishing license issued under this chapter must either possess a direct retail endorsement or a wholesale dealer license provided for in RCW 77.65.280 in order to lawfully sell their catch or harvest in the state to anyone other than a licensed wholesale dealer.

(10) The direct retail endorsement entitles the holder to sell ~~((wild-caught salmon or crab))~~ a retail-eligible species only at a temporary food service establishment as that term is defined in RCW 69.06.045, or directly to a restaurant or other similar food service business.

Sec. 3. RCW 77.65.515 and 2002 c 301 s 3 are each amended to read as follows:

(1) Prior to being issued a direct retail endorsement, an individual must:

(a) Obtain and submit to the department a signed letter on appropriate letterhead from the health department of the county in which the individual makes his or her official residence or where the hailing port for any documented vessel owned by the individual is located as to the fulfillment of all requirements related to county health rules, including the payment of all required fees. The local health department generating the letter may charge a reasonable fee for any necessary inspections. The letter must certify that the methods used by the individual to transport, store, and display any fresh ((salmon and crabs)) retail-eligible species meets that county's standards and the statewide standards adopted by the board of health for food service operations; and

(b) Submit proof to the department that the individual making the direct retail sales is in possession of a valid food and beverage service worker's permit, as provided for in chapter 69.06 RCW.

(2) The requirements of subsection (1) of this section must be completed each license year before a renewal direct retail endorsement can be issued.

(3) Any individual possessing a direct retail endorsement must notify the local health department of the county in which retail sales are to occur, except for the county that conducted the initial inspection, forty-eight hours before any transaction and make his or her facilities available for inspection by a fish and wildlife officer, the local health department of any county in which he or she sells ~~((salmon or crab))~~ any legally harvested retail-eligible species, and any designee of the department of health or the department of agriculture.

(4) Neither the department or a local health department may be held liable in any judicial proceeding alleging that consumption of or exposure to seafood sold by the holder of a direct retail endorsement resulted in a negative health consequence, as long as the department can show that the individual holding the direct retail endorsement complied with the requirements of subsection (1) of this section prior to being issued his or her direct retail license, and neither the department nor a local health department acted in a reckless manner. For the purposes of this subsection, the department or a local health district shall not be deemed to be acting recklessly for not conducting a permissive inspection.

Sec. 4. RCW 77.65.520 and 2002 c 301 s 4 are each amended to read as follows:

(1) The direct retail endorsement is conditioned upon compliance:

(a) With the requirements of this chapter as they apply to wholesale fish dealers and to the rules of the department relating to the payment of fines for violations of rules for the accounting of the commercial harvest of ~~((salmon or crabs))~~ retail eligible species; and

(b) With the state board of health and local rules for food service establishments.

(2) Violations of the requirements and rules referenced in subsection (1) of this section may result in the suspension of the direct retail endorsement. The suspended individual must not be reimbursed for any portion of the suspended endorsement. Suspension of the direct retail endorsement may not occur unless and until:

(a) The director has notified by order the holder of the direct retail endorsement when a violation of subsection (1) of this section has occurred. The notification must specify the type of violation, the liability to be imposed for damages caused by the violation, a notice that the amount of liability is due and payable by the holder of the direct retail endorsement, and an explanation of the options available to satisfy the liability; and

(b) The holder of the direct retail endorsement has had at least ninety days after the notification provided in (a) of this subsection was received to either make full payment for all liabilities owed or enter into an agreement with the department to pay off all liabilities within a reasonable time.

(3)(a) If, within ninety days after receipt of the order provided in subsection (2)(a) of this section, the amount specified in the order is not paid or the holder of the direct retail endorsement has not entered into an agreement with the department to pay off all liabilities, the prosecuting attorney for any county in which the persons to whom the order is directed do business, or the attorney general upon request of the department, may bring an action on behalf of the state in the superior court for Thurston county, or any county in which the persons to whom the order is directed do business, to seek suspension of the individual's direct retail endorsement for up to five years.

(b) The department may temporarily suspend the privileges provided by the direct retail endorsement for up to one hundred twenty days following the receipt of the order provided in subsection (2)(a) of this section, unless the holder of the direct retail endorsement has deposited with the department an acceptable performance bond on forms prescribed and provided by the department. This performance bond must be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under chapter 48.28 RCW and approved by the department. The bond must be filed and maintained in an amount equal to one thousand dollars.

(4) For violations of state board of health and local rules under subsection (1)(b) of this section only, any person inspecting the facilities of a direct retail endorsement holder under RCW 77.65.515 may suspend the privileges granted by the endorsement for up to seven days. Within twenty-four hours of the discovery of the violation, the inspecting entity must notify the department of the violation. Upon notification, the department may proceed with the procedures outlined in this section for suspension of the endorsement. If the violation of a state board of health rule is discovered by a local health department, that local jurisdiction may fine the holder of the direct retail endorsement according to the local jurisdiction's rules as they apply to retail food operations.

(5) Subsections (2) and (3) of this section do not apply to a holder of a direct retail endorsement that executes a surety bond and abides by the conditions established in RCW 77.65.320 and 77.65.330 as they apply to wholesale dealers.

Sec. 5. RCW 36.71.090 and 2002 c 301 s 9 are each amended to read as follows:

(1) It shall be lawful for any farmer, gardener, or other person, without license, to sell, deliver, or peddle any fruits, vegetables, berries, eggs, or any farm produce or edibles raised, gathered, produced, or manufactured by such person and no city or town shall pass or enforce any ordinance prohibiting the sale by or requiring license from the producers and manufacturers of farm produce and edibles as ~~(herein)~~ defined ~~(- PROVIDED, That)~~ in this section. However, nothing (herein) in this section authorizes any person to sell, deliver, or peddle, without license, in any city or town, any dairy product, meat, poultry, eel, fish, mollusk, or shellfish where a license is required to engage legally in such activity in such city or town.

(2) It is lawful for an individual in possession of a valid direct retail endorsement, as established in RCW 77.65.510, to sell, deliver, or peddle ~~(wild-caught salmon or crab)~~ any legally harvested retail-eligible species, as that term is defined in RCW 77.08.010, that is caught, harvested, or collected under rule of the department of fish and wildlife by such a person at a temporary food service establishment, as that term is defined in RCW 69.06.045, and no city, town, or county may pass or enforce an ordinance prohibiting the sale by or requiring additional licenses or permits from the holder of the valid direct retail endorsement. However, this subsection does not prohibit a city, town, or county from inspecting an individual displaying a direct retail endorsement to verify that the person is in compliance with state board of health and local rules for food service operations.

Sec. 6. RCW 82.27.020 and 2001 c 320 s 9 are each amended to read as follows:

(1) In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the commercial possession of enhanced food fish as provided in this chapter. The tax is levied upon and shall be collected from the owner of the enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner after the enhanced food fish has been landed. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of enhanced food fish and liable to this tax may deduct from the price paid to the person from which the enhanced food fish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax ~~(is the value of the)~~ for all enhanced food fish, including retail-eligible fish sold with a direct retail endorsement pursuant to RCW 77.65.510, is the comparable sales price for similar species of fish at the point of landing.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for enhanced food fish as follows:

(a) Chinook, coho, and chum salmon and anadromous game fish: Five and twenty-five one-hundredths percent;

(b) Pink and sockeye salmon: Three and fifteen one-hundredths percent;

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1057, by House Committee on Fisheries, Ecology and Parks (originally sponsored by Representatives Hatfield, Buck, Blake and Kessler)

Creating the license suspension review committee.

The bill was read the second time.

MOTION

Senator Oke, moved that the following Committee on Parks, Fish and Wildlife striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state's commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee

to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries' violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public's resource.

Sec. 2. RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:

The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:

(1) If directed by statute for an offense;

(2) If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. ~~This subsection (2) does not apply to violations involving commercial fishing;~~

(3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;

(4) If a person is convicted three times in ten years of any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years(;

~~(5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person's commercial fishing privileges for one year. A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension).~~

NEW SECTION. Sec. 3. A new section is added to chapter 77.15 RCW to read as follows:

(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person's privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishery license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.

(2) For the purposes of this section only, "qualifying commercial fishing violation" means either:

(a) A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.550(1)(a), 77.15.570, 77.15.580, or 77.15.590;

(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and the cumulative value of the unlawfully harvested fish is more than two hundred fifty dollars at the time of citation;

(c) A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvest, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued under this title, if: (i) The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation and has a cumulative value greater than five hundred dollars; or (ii) the quantity, by weight, of the unlawfully commercially harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over-fished by the national marine fisheries service; or

(3)(a) The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual's license renewal privileges.

(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee.

(c) For the purposes of this section only, "egregious shellfish violation" means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals more than twenty percent of the harvest available for inspection at the time of citation; (ii) totals five hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

NEW SECTION. Sec. 4. A new section is added to chapter 77.15 RCW to read as follows:

(1) The license suspension review committee is created. The license suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.

(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.

(b) Two of the members must be appointed by the director and may be department employees.

(c) Three members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer-group members may reside in the same county. All peer-group members must be appointed by the commission, who may accept recommendations from professional organizations that represent commercial fishing interests or from the legislative authority of any Washington county.

(d) All license suspension review committee members serve a two- year renewable term.

(e) The commission may develop minimum member standards for service on the license suspension review committee, and standards for terminating a member before the expiration of his or her term.

(3) The license suspension review committee must convene and deliver an opinion on a license renewal suspension within three months of appeal or of referral from the department. The director shall consider the committee's opinion and make a decision and may issue, not issue, or modify the license suspension.

(4) The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

(5) All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.

(6) Members of the license suspension review committee serve as volunteers, and are not eligible for compensation other than travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(7) Staff of the license suspension review committee must be provided by the department."

NEW SECTION. Sec. 1. The legislature finds that the department of fish and wildlife is responsible for the proper management of the state's diverse wildlife resources. Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals.

NEW SECTION. Sec. 2. A new section is added to chapter 69.50 RCW to read as follows:

The department of health may issue a limited registration to carry out the provisions of this section. The board may adopt rules to ensure strict compliance with the provisions of this section. The board, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The legislature recognizes the increase in water-oriented recreation by users of human and wind-powered, beachable vessels such as kayaks, canoes, or day sailors on Washington's waters. These recreationists frequently require overnight camping facilities along the shores of public or private beaches. The legislature now creates a water trail recreation program, to be administered by the Washington state parks and recreation commission. The legislature recognizes that the effort to develop water trail sites is a continuing need and that the commission provides beneficial expertise and consultation to water trail user groups, agencies, and private landowners for the existing Cascadia marine trail and Willapa Bay water trail.

Sec. 2. RCW 79A.05.385 and 1993 c 182 s 2 are each amended to read as follows:

The commission may ~~((after consultation with the water trail advisory committee,))~~ adopt rules to administer the water trail program and facilities on areas owned or administered by the commission. Where water trail facilities administered by other public or private entities are incorporated into the water trail system, the rules adopted by those entities shall prevail. The commission is not responsible or liable for enforcement of these alternative rules.

Any unspent balance of funds in the water trail program account created in RCW 79A.05.405 as of June 30, 2003, must be transferred to the state parks renewal and stewardship account created in RCW 79A.05.215. If the department receives recurring complaints regarding property being damaged as described in this section or RCW 77.36.030 from the owner or tenant of real property, or receives such complaints from several such owners or tenants in a locale, the commission shall (~~consider conducting~~) conduct a special hunt or special hunts or take remedial action to reduce the potential for such damage. (b) When the department receives six complaints concerning damage to commercial agricultural and horticultural crop production by wildlife from the owner or tenant of real property, or from several owners or tenants in a locale, the commission shall conduct a special hunt or special hunts or take remedial action to reduce the potential for the damage, and shall authorize either one or two permits per hunter. Each complaint must be confirmed by qualified department staff, or their designee.

(c) ~~The director shall determine by random selection the identity of hunters who may hunt within the area of the special hunt and shall determine the conditions and requirements of the selection process. Within this process, the department must maintain a list of all persons holding valid wildlife hunting licenses, arranged by county of residence, who may hunt deer or elk that are causing damage to crops. The department must update the list annually and utilize the list when contacting persons to assist in controlling game damage to crops. The department must make all reasonable efforts to contact individuals residing within the county where the hunting of deer or elk will occur before contacting a person who is not a resident of that county. The department must randomize the names of people on the list in order to provide a fair distribution of the hunting opportunities. Hunters who participate in hunts under this section must report any kills to the department. The department must include a summary of the wildlife harvested in these hunts in the annual game management reports it makes available to the public.~~

POINT OF INQUIRY

Senator Benton: "Senator Oke, I notice that a considerable number of House members, on both sides of the aisle actually, voted 'no' on this bill. Can you tell me the difference--the primary difference--between the Senate striking amendment and how it would change this bill, as opposed to what they voted on, actually, over there? Can you give me some comparison?"

Senator Oke: "Yes sir, Senator. Initially, the bill came over to us and did have controversy in it, because it was trying to take funding that was traditionally used by the off road vehicles and moved some of those funds into those site-seers fisherpersons and so forth. We have looked at that and tried to work with it and felt that we needed more time to study the issue and that is why the study is before us, versus actually trying to make the determination who uses the funds and how they are used. During the interim, we will make that decision. It is a good bill now, I think, for us and we will come, I hope, with a good solution at the end of the interim."

The President declared the question before the Senate to be the roll call on the final passage of Second Substitute House Bill No. 1698, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Second Substitute House Bill No. 1698, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

RULING BY THE PRESIDENT

President Owen: 'In ruling upon the point of order raised by Senator Deccio as to the scope and object of the amendment by Senators Roach, Rossi, Eide, Rasmussen and Kline on page 5, line 23, to the Committee on Health and Long-Term Care Committee striking amendment, the President finds and rules as follows:

"Engrossed Substitute House Bill No. 1904 is a measure which limits the reporting requirements for mandated reporters of incidents involving vulnerable adults. The amendment to the committee amendment would require that the Washington Association of Sheriffs and Police Chiefs create and maintain a statewide sex offender web site available to the public when funds to do so are provided by any source, including state funds. This exceeds the scope and object of the underlying bill, which was limited only to vulnerable adults. Senator Deccio's point is well taken."

The President ruled that the amendment by Senators Roach, Rossi, Eide, Rasmussen and Kline on page 5, line 23, to the Committee on Health and Long-Term Care Committee striking amendment to be out of order.

The President declared the question before the Senate to be the adoption of the Committee on Health and Long-Term Care Committee striking amendment to Engrossed Substitute House Bill No. 1904.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056, by House Committee on State Government (originally sponsored by Representatives Haigh, Armstrong and Miloscia)

MOTION

Senator Roach moved that the following Committee on Government Operations and Elections striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 39.04 RCW to read as follows:

When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days' written notice of the municipality's intent to execute a contract for the project; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period.

NEW SECTION. Sec. 2. A new section is added to chapter 39.04 RCW to read as follows:

A low bidder on a public works project who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

Sec. 3. RCW 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

- (a) Implementation of the project involves complex scheduling requirements; or
- (b) The project involves construction at an existing facility which must continue to operate during construction; or
- (c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

- (a) Adequate financial resources or the ability to secure such resources;
- (b) History of successful completion of a contract of similar type and scope;
- (c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;

- (d) Current and projected workload and the impact the project will have on the subcontractor's current and projected workload;
- (e) Ability to accurately estimate the subcontract bid package scope of work;
- (f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
- (g) Eligibility to receive an award under applicable laws and regulations; and
- (h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general

contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days' written notice of the general contractor/construction manager's intent to execute a contract for the subcontract bid package. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:

(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;

(b) The bid opening is managed by the public body; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager."

Debate ensued.

Creating a pilot project for competency-based transfer in higher education.

The bill was read the second time.

MOTION

Senator Carlson moved that the following Committee on Higher Education striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the focus of transfer between institutions of higher education has been on students' accumulation of credits, where courses necessary for entry to each successive level of higher education have been individually identified and vary by institution and academic discipline. It is the legislature's intent to begin a process that will change the focus of transfer to defining and recognizing student competencies.

NEW SECTION. Sec. 2. (1) The higher education coordinating board, in consultation with the state board for community and technical colleges and the council of presidents, shall recruit and select institutions of higher education to participate in a pilot project to define transfer standards in selected academic disciplines on the basis of student competencies. Participants shall include one public four-year institution of higher education, two or more community or technical colleges that regularly transfer a substantial number of students to that four-year institution, and one or more private career colleges that prepare students in the academic disciplines selected under the pilot project. Such colleges shall be accredited and licensed under chapter 28C.10 RCW.

(2) The pilot project participants shall identify several academic disciplines to form the basis of the project and develop a work plan, timelines, and expected products for the project, which shall be presented by the higher education coordinating board in a preliminary report to the higher education committees of the legislature by December 1, 2004.

(3) Under the pilot project, participants shall develop standards, definitions, and procedures for quality assurance for a transfer system based on student competencies. It is the legislature's intent that under such a system, four-year institutions of higher education, in collaboration with two-year institutions of higher education, define the knowledge, skills, and abilities students should possess in order to enter an upper division program in a particular academic discipline. The two and four-year institutions providing lower division preparation for such an upper division program are responsible for certifying that a student meets the expected standards, but have flexibility to determine

how to assess whether the student has obtained the necessary knowledge, skills, and abilities. Such assessments need not be based on completion of particular courses or accumulation of credits.

(4) The pilot project participants may request assistance in their work from the higher education coordinating board, the western interstate commission on higher education, the state board for community and technical colleges, or the council of presidents. The pilot project participants and the higher education coordinating board shall structure the work of the project in such a way that development costs for the project are absorbed within existing institution and agency budgets.

(5) In collaboration with the higher education coordinating board, the pilot project participants shall report to the higher education committees of the legislature by December 1, 2005, on the progress and status of the pilot project. The report shall identify any barriers encountered by the project and make recommendations for next steps in developing a competency-based transfer system for higher education.

(6) This section expires June 30, 2006."

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2111, by House Committee on Higher Education (originally sponsored by Representatives Priest, Jarrett and Cox)

Exploring opportunities to create performance contracts between the state and institutions of higher education.

The bill was read the second time.

MOTION

Senator Carlson moved that the following Committee on Higher Education striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that ten years have passed since the state attempted to redefine the relationship with its institutions of higher education based on trust, evidence, and a new alignment of responsibilities, as articulated in chapter 363, Laws of 1993.

(2) However, the legislature also finds that the intent to combine institutional flexibility and authority to make decisions at the local level with accountability for achieving statewide goals and objectives has never been fully achieved, in part because there has not been an operating mechanism through which to implement this relationship.

(3) Therefore, the legislature intends to explore opportunities to create performance contracts between the state and public institutions of higher education. It is the intent of the legislature that such a contract would constitute a negotiated agreement between the state and an institution, where the state's primary interest would lie not in the management and operations of an institution, but in the institution's contribution to achieving agreed-upon statewide goals and objectives for higher education.

NEW SECTION. Sec. 2. (1) A work group on higher education performance contracts is established. The work group shall consist of members as follows:

- (a) The members of the house and senate higher education and fiscal committees;
- (b) One representative of the higher education coordinating board, appointed by the board;
- (c) One representative of the state board for community and technical colleges, appointed by the state board;
- (d) Two representatives of public four-year institutions of higher education, appointed by the council of presidents;
- (e) Two representatives of the community and technical colleges, appointed by the Washington association of community and technical colleges; and
- (f) One representative of the governor's office and one representative of the office of financial management, each appointed by the governor.

(2) The work group may invite input from other interested parties, including but not limited to faculty and student representatives and representatives of the business community. Within available funds, the work group may obtain additional expertise or engage consultants if necessary to carry out its work.

(3) The work group shall:

(a) Examine the experience of other states in developing and implementing performance contracts with institutions of higher education;

(b) Consider the feasibility of implementing performance contracts in Washington;

(c) Identify whether amendments to current laws may be necessary to implement performance contracts; and

(d) Develop guidelines and possible models for performance contracts, including:

(i) The types of indicators and benchmarks that could be included in a contract to measure an institution's progress in meeting the contract's objectives; and

(ii) The types of flexibility, exemptions, or commitments that could be included in a contract to reflect the state's obligation to an institution.

(4) The work group shall use legislative facilities and staff from senate committee services and the office of program research. Each nonlegislative member of the work group shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. Travel expenses for the nonlegislative members shall be paid by their respective institutions or agencies.

(5) The work group shall report its findings and recommendations to the higher education and fiscal committees of the legislature by December 15, 2003.

NEW SECTION. Sec. 3. This act expires June 30, 2004."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 2111, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

SUBSTITUTE HOUSE BILL NO. 2111, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1571, by House Committee on Juvenile Justice and Family Law (originally sponsored by Representatives Holmquist, Dickerson, Delvin, Upthegrove, Pettigrew, Hinkle, Priest, Condotta, Kristiansen, Orcutt, Rockefeller, Bush, McCoy and Clements)

Enhancing enforcement of child support obligations.

The bill was read the second time.

MOTION

On motion of Senator Mulliken, the following Committee on Children and Family Services and Corrections striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. The legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support.

Sec. 2. RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Twenty percent to the department to contribute to the cost of incarceration; and

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(b) The formula shall include the following minimum deductions from class II gross gratuities:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Fifteen percent to the department to contribute to the cost of incarceration; ~~((and))~~

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(v) Fifteen percent for any child support owed under a support order.

~~(c) ((The formula shall include the following minimum deduction from class IV gross gratuities: Five percent to the department to contribute to the cost of incarceration.~~

~~((d))~~ The formula shall include the following minimum deductions from class III gratuities:

(i) Five percent for the purpose of crime victims' compensation; and

(ii) Fifteen percent for any child support owed under a support order.

(d) The formula shall include the following minimum deduction from class IV gross gratuities:

(i) Five percent to the department to contribute to the cost of incarceration; and

(ii) Fifteen percent for any child support owed under a support order.

Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under (a)(ii) or (b)(ii) of this subsection.

The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

In the event that the offender worker's wages or gratuity is subject to garnishment for support enforcement, the crime victims' compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(2) The department shall explore other methods of recovering a portion of the cost of the inmate's incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(3) The department shall develop the necessary administrative structure to recover inmates' wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

(4) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

(a) Not later than June 30, 1995, the secretary shall achieve a net increase of at least two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(b) Not later than June 30, 1996, the secretary shall achieve a net increase of at least four hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(c) Not later than June 30, 1997, the secretary shall achieve a net increase of at least six hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(d) Not later than June 30, 1998, the secretary shall achieve a net increase of at least nine hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

Sec. 3. RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsection ~~((6))~~ (7) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions ~~((# RCW 72.09.111(1)(a)))~~ and the priorities established in chapter 72.11 RCW:

(a) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(b) Ten percent to a department personal inmate savings account;

(c) Twenty percent to the department to contribute to the cost of incarceration;

(d) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(e) Fifteen percent for any child support owed under a support order.

(3) When an inmate, except as provided in subsection (7) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

~~((3))~~ (4) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

~~((4))~~ (5) The deductions required under subsection (2) of this section shall not apply to funds received by the department on behalf of an offender for payment of one fee-based education or vocational program that is associated with an inmate's work program or a placement decision made by the department under RCW 72.09.460 to prepare an inmate for work upon release.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender's current program is unavailable in the offender's new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate's current program; or (d) the offender's training or education has demonstrated that the current program is not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

~~((5))~~ (6) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate's postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

~~((6))~~ (7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation ~~((and)),~~ twenty percent to the department to contribute to the cost of incarceration, and fifteen percent to child support payments.

~~((7))~~ (8) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award resulting from a legal action in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation and twenty percent to the department to contribute to the cost of incarceration.

(9) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(10) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW including, but not limited to, the collection of moneys received by the inmate from settlements or awards resulting from legal action."

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "payments;" strike the remainder of the title and insert "amending RCW 72.09.111 and 72.09.480; and creating a new section."

"Sec. 1. RCW 57.08.050 and 2000 c 138 s 212 are each amended to read as follows:

(1) All work ordered, the estimated cost of which is in excess of (~~five~~) ten thousand dollars, shall be let by contract and competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier's check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder's bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. If the bidder fails to enter into a contract in accordance with the bidder's bid, and the board of commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the district shall be entitled to collect from the bidder any legal expenses, including reasonable attorneys' fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to requirements under subsection (1) of this section, a water-sewer district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchase of materials, supplies, or equipment, with an estimated cost in excess of ten thousand dollars, shall be by contract. ENGROSSED SUBSTITUTE HOUSE BILL NO. 1592, by House Committee on Transportation (originally sponsored by Representatives Simpson and Ericksen)

Regulating special license plates.

The bill was read the second time.

MOTION

On motion of Senator Horn, the following Committee on Highways and Transportation striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs, has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation.

PART I SPECIAL LICENSE PLATE REVIEW BOARD

NEW SECTION. Sec. 101. A new section is added to chapter 46.16 RCW to read as follows:

SPECIAL LICENSE PLATE REVIEW BOARD CREATED. (1) The special license plate review board is created.

(2) The board will consist of seven members: One member appointed by the governor and who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief.

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. No member may be appointed for more than three consecutive terms.

(4) The legislative transportation committee may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

NEW SECTION. Sec. 102. A new section is added to chapter 46.16 RCW to read as follows:

ADMINISTRATION OF THE BOARD. (1) The board shall meet periodically at the call of the chair, but must meet at least one time each year within ninety days before an upcoming regular session of the legislature. The board may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members, and it must have a quorum present to take a vote on a special license plate application.

(2) The board will be compensated from the general appropriation for the legislative transportation committee in accordance with RCW 43.03.250. Each board member will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The board shall keep proper records and is subject to audit by the state auditor or other auditing entities.

(4) The department of licensing shall provide administrative support to the board, which must include at least the following:

(a) Provide general staffing to meet the administrative needs of the board;

(b) Report to the board on the reimbursement status of any new special license plate series for which the state had to pay the start-up costs;

(c) Process special license plate applications and confirm that the sponsoring organization has submitted all required documentation. If an incomplete application is received, the department must return it to the sponsoring organization;

(d) Compile the annual financial reports submitted by sponsoring organizations with active special license plate series and present those reports to the board for review and approval.

(5) The legislative transportation committee shall provide general oversight of the board, which must include at least the following:

(a) Process and approve board member compensation requests;

(b) Review the annual financial reports submitted to the board by sponsoring organizations;

(c) Review annually the list of the board's approved and rejected special license plate proposals submitted by sponsoring organizations.

NEW SECTION. Sec. 103. A new section is added to chapter 46.16 RCW to read as follows:

AUTHORITY AND RESPONSIBILITIES OF THE BOARD. (1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(2) The board must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(3) Duties of the board include but are not limited to the following:

(a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the legislative transportation committee;

(b) Report annually to the legislative transportation committee on the special license plate applications that were considered by the board;

(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the chairs of the senate and house of representatives transportation committees, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application;

(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The board may submit a recommendation to discontinue a special plate series to the chairs of the senate and house of representatives transportation committees.

(a) That the organization is a nonprofit organization, as defined in 26 U.S.C. Sec. 501(c)(3). The department may request a copy of an Internal Revenue Service ruling to verify an organization's nonprofit status; and

(f) Provide proof of organizational qualifications as determined by the department as provided in section 201 of this act.

(4) After an application is approved by the special license plate review board, the application need not be reviewed again by the board for a period of three years.

NEW SECTION. Sec. 302. A new section is added to chapter 46.16 RCW to read as follows:

DISPOSITION OF REVENUES. (1)(a) Revenues generated from the sale of special license plates for those sponsoring organizations who used the application process in section 301(3) of this act must be deposited into the motor vehicle account until the department determines that the state's implementation costs have been fully reimbursed. The department shall apply the application fee required under section 301(3)(a) of this act towards those costs.

(b) When it is determined that the state has been fully reimbursed the department must notify the house of representatives and senate transportation committees, the sponsoring organization, and the treasurer, and commence the distribution of the revenue as otherwise provided by law.

(2) If reimbursement does not occur within the two-year time frame, the special license plate series must be placed in probationary status for a period of one year from that date. If the state is still not fully reimbursed for its implementation costs after the one-year probation, the plate series must be discontinued immediately. Special plates issued before discontinuation are valid until replaced under RCW 46.16.233. The state must be reimbursed for its portion of the implementation costs within two years from the date the new plate series goes on sale to the public.

(3) The special license plate applicant trust account is created in the custody of the state treasurer. All receipts from special license plate applicants, except the application fee as provided in section 301(3) of this act, must be deposited into the account. Only the director of the department or the director's designee may authorize disbursements from the account. The account is not subject to the allotment procedures under chapter 43.88 RCW, nor is an appropriation required for disbursements.

(4) The department shall provide the special license plate applicant with a written receipt for the payment.

(5) The department shall maintain a record of each special license plate applicant trust account deposit, including, but not limited to, the name and address of each special license plate applicant whose funds are being deposited, the amount paid, and the date of the deposit.

(6) After the department receives written notice that the special license plate applicant's application has been:

(b) Denied by the special license plate review board or the legislature the director shall provide a refund to the applicant within thirty days; or

(c) Withdrawn by the special license plate applicant the director shall provide a refund to the applicant within thirty days.

NEW SECTION. Sec. 303. A new section is added to chapter 46.16 RCW to read as follows:

SPECIAL LICENSE PLATE ON-GOING REQUIREMENTS. (1) Within thirty days of legislative enactment of a new special license plate series for a qualifying organization meeting the requirements of section 201(1) of this act, the department shall enter into a written agreement with the organization that sponsored the special license plate. The agreement must identify the services to be performed by the sponsoring organization. The agreement must be consistent with all applicable state law and include the following provision:

"No portion of any funds disbursed under the agreement may be used, directly or indirectly, for any of the following purposes:

(a) Attempting to influence: (i) The passage or defeat of legislation by the legislature of the state of Washington, by a county, city, town, or other political subdivision of the state of Washington, or by the Congress; or (ii) the adoption or rejection of a rule, standard, rate, or other legislative enactment of a state agency;

Consistent with the agreement under subsection (1) of this section, the sponsoring organization must expend the revenues generated from the sale of the special license plate series for the benefit of the public, and it must be spent within this state. Disbursement of the revenue generated from the sale of the special license plate to the sponsoring organization is contingent upon the organization meeting all reporting and review requirements as required by the department.

(3) If the sponsoring organization ceases to exist or the purpose of the special license plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.

(4) A sponsoring organization may not seek to redesign its plate series until all of the inventory is sold or purchased by the organization itself. All cost for redesign of a plate series must be paid by the sponsoring organization.

NEW SECTION. Sec. 304. A new section is added to chapter 46.16 RCW to read as follows:

The prepayment will be credited to the motor vehicle fund. The creation and implementation of the plate series may not commence until payment is received by the department.

(b) If the sponsoring organization is not able to meet the prepayment requirements in (a) of this subsection and can demonstrate this fact to the satisfaction of the department, the revenues generated from the sale of the special license plates must be deposited in the motor vehicle account until the department determines that the state's portion of the implementation costs have been fully reimbursed. When it is determined that the state has been fully reimbursed the department must notify the treasurer to commence distribution of the revenue according to statutory provisions.

(c) The sponsoring organization must provide a proposed license plate design to the department within thirty days of enactment of the legislation creating the plate series.

If the state is still not fully reimbursed for its implementation costs after the one-year probation, the plate series must be discontinued immediately. Those plates issued before discontinuation are valid until replaced under RCW 46.16.233.

(3) If the sponsoring organization ceases to exist or the purpose of the special plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.

(4) A sponsoring organization may not seek to redesign their plate series until all of the existing inventory is sold or purchased by the organization itself. All cost for redesign of a plate series must be paid by the sponsoring organization.

On page 4, after line 12, insert the following:

Sec. 2. RCW 46.63.110 and 2002 c 279 s 15 and 2002 c 175 s 36 are each reenacted and amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of RCW 46.55.105(2) is two hundred fifty dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. ~~If ((the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment)) a person is not able to pay a monetary penalty in full, the court shall enter into a payment plan with the person. "Payment plan," as used in this section, means a plan that requires a person to pay an initial payment of not less than five percent of the total owed, followed by reasonable payments in an amount established by the court. No required payment may exceed ten percent of the original amount owed; however, the person may voluntarily pay any amount at any time in addition to these payments.~~

(a) If a payment required to be made under the payment plan is delinquent by thirty days, the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid ~~(and), including the penalty provided in subsection (4) of this section ((has been paid)).~~

(b) If a person has not entered into a payment plan with the court and has not paid the penalty in full on or before the time established for payment, the court shall notify the department of the delinquency, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid, including the penalty provided in subsection (3) of this section, or until the person has entered into a payment plan under this section and has paid the initial payment.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of ten dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the community restitution program.

(b) Revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

Sec. 3. RCW 46.64.025 and 1999 c 86 s 7 are each amended to read as follows:

(1) Whenever any person violates his or her written promise to appear in court, ~~((or))~~ fails to appear for a scheduled court hearing, or fails to comply with the terms of a citation, the court in which the defendant failed to appear or comply shall promptly give notice of such fact to the department of licensing. Whenever thereafter the case in which the defendant failed to appear or comply is adjudicated, the court hearing the case shall promptly file with the department a certificate showing that the case has been adjudicated.

(2) Where compliance with the terms of a misdemeanor citation is limited to the payment of a monetary penalty, and a person is not able to pay the monetary penalty in full, the court shall enter into a payment plan with the person. "Payment plan," as used in this section, means a plan that requires a person to pay an initial payment of not less than five percent of the total owed, followed by reasonable payments in an amount established by the court. No required payment may exceed ten percent of the original amount owed. The person may voluntarily pay any amount at any time in addition to these payments. If a person has entered into a payment plan under this subsection, the court shall not notify the department of licensing that the person has failed

to comply with the terms of a citation as it applies to payment of the monetary penalty unless a payment required to be made under the payment plan is delinquent by thirty days."

SECOND READING

SENATE JOINT MEMORIAL NO. 8005, by Senators Benton, Swecker, Winsley, Mulliken, Honeyford, West, Hale, Esser and Schmidt

Requesting Congress to permanently repeal the estate tax.

The joint memorial was read the second time.

MOTION

Senator Benton moved that the rules be suspended and Senate Joint Memorial No. 8005 be advanced to third reading, the second reading considered the third and the joint memorial was placed on final passage.

POINT OF ORDER

Senator Brown: "A point of order, Mr. President. I do not believe that this memorial is properly before us. Senate Concurrent Resolution No. 8400 states that Senate Bills must pass the Senate by Wednesday, March 19, 2003, unless the bill is a budget bill or a bill necessary to implement the budget. This joint memorial is not a budget bill and it is not necessary to implement the budget. Senate Joint Memorial 8005 is a letter to Congress asking them to--they have already passed the bill to phase out the estate taxes. This asks them to permanently repeal the estate tax. Numerous bills have been introduced in the US Congress. Since this is a federal issue and depends on action by Congress, I do not believe that this is necessary to implement the Washington State Budget. The action has already been taken to Congress, relative to the issue and I would ask the President to find that this bill does not affect our Washington State Budget and, therefore, is not properly before us."

MOTION

On motion of Senator Sheahan, further consideration of Senate Joint Memorial No. 8005 was deferred.

SECOND READING

MOTION

INTRODUCTION AND FIRST READING

SB 6076 by Senators Esser and Thibaudeau

AN ACT Relating to committees of members of nonprofit corporations; and amending RCW 24.03.065, 24.03.075, and 24.03.465.
Referred to Committee on Judiciary.

MOTION

On motion of Senator Sheahan, the Senate advanced to the ninth order of business.

MOTION

Senator Sheahan moved that the Committee on Judiciary be relieved of further consideration of Engrossed Substitute House Bill No. 1001 and that the bill be placed on the second reading calendar.

MOTION

Senator Betti Sheldon moved to amend the motion by Senator Sheahan to include Engrossed Substitute House Bill No. 1431, Engrossed Second Substitute House Bill No. 1214, House Joint Resolution No. 4204 and Substitute House Bill No. 1809.

MOTION

Senator Sheahan moved that the question be divided and that each bill be taken separately.

REPLY BY THE PRESIDENT

President Owen: "In trying to place this together, I think the motion would be, as you stated, to divide the question, so what you are asking is to divide the question on the amendment to your motion."

PARLIAMENTARY INQUIRY

Senator Betti Sheldon: "A parliamentary inquiry, Mr. President. So, with his motion to divide the question, exactly where does that put all four bills--the amendment and the motion itself?"

REPLY BY THE PRESIDENT

President Owen: "That is exactly what I am trying to figure out."
Senator Betti Sheldon: "Thank you."

President Owen: "Senator Sheldon, in answer to your inquiry, the way that Senator Sheahan put it is that we will vote on to divide the question on each measure. If Engrossed Substitute House Bill No. 1431, for instance, has an affirmative vote, then it would be added to the motion to relieve the Committee--the way that this has been asked. Then, we will go to Engrossed Second Substitute House Bill No. 1214, and the same thing would take place on that motion and if that succeeds, then it will be added to relieve the committee and place the bill on the second reading calendar--the way the motion was made. So, the question before the Senate is shall Engrossed Substitute House Bill No. 1431 be added to the motion to relieve the committee of Judiciary of Engrossed Substitute House Bill No. 1001 and those bills be placed on the second reading calendar."

POINT OF ORDER

Senator West: "Mr, President, a point of order. The Senate, earlier this year, passed Senate Concurrent Resolution No. 8400. Senate Concurrent Resolution No. 8400 was a cutoff resolution for establishing the various cutoffs, as to when bills could be considered by the Senate and it had very few exceptions. On page two, line one, it indicates, Friday, April 4, 2003, the eighty-second day, to be the final day to read in committee reports on bills from the opposite house, with the exception of reports from Ways and Means, Highways and Transportation and the House of Representatives Fiscal Committees.

"I believe, Sir, that Senator Sheahan's motion and Senator Betti Sheldon's motion are out of order and it would take a new vote to amend the concurrent resolution or to change the Senate Rules."

REPLY BY THE PRESIDENT

President Owen: "Senator West, the motions are not out of order. The motion can be made. In previous rulings, the President has ruled that any measure is subject to the cutoff--that is not exempted from the cutoff, in order to be relieved from committee and placed on the calendar at this time--in less than the last three days before the cutoff--I believe it is three days before the cutoff--would take a two-thirds vote or a suspension of the rules. So, none of these measures are exempt from the cutoff and would take a two-thirds vote of this body--to relieve them of the committee. However, that is not a two-thirds vote for the amendments--just in the final relieving of the committees."

Senator Betti Sheldon demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on shall Engrossed Substitute House Bill No. 1431 be added to the motion to relieve the committee of Engrossed Substitute House Bill No. 1001.

MOTION

At 10:47 a.m., on motion of Senator Sheahan, the Senate was declared to be at ease.

The Senate was called to order at 11:57 a.m. by President Owen.

There being no objection, the Senate resumed consideration of the point of order raised by Senator West regarding the cutoff resolution, Senate Concurrent Resolution 8400.

RULING BY PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator West, the President finds and rules as follows:

"A number of issues are presented by the floor action up to this point which need explanation. Consistent with past rulings on these issues, the President finds that all measures are subject to the cutoff resolution passed by both the House and the Senate this year--Senate Concurrent Resolution 8400. Pursuant to this cutoff resolution, April 4th was the last day to read in committee reports on House Bills from all committees except fiscal committees, which could be read in no later than April 7th. The specific language within the cutoff resolution for these committee cutoff dates is very important because it relates only to reporting by committees, not to consideration of the measure by the full Senate. The only relevant date for consideration of a House Bill by the full Senate is April 18. The ultimate say is and should be the will of the full body, which is reflected in Rule 48.

"Rule 48 clearly and unambiguously allows this body to recall a bill from committee with a simple majority vote of the full membership, in other words, twenty-five votes. The cutoff resolution also clearly and unambiguously sets April 18th as the final day by which the Senate may consider a House Bill. Combining these two precepts, the President rules, therefore, that the body may properly relieve any committee of a House Bill for consideration by the full Senate so long as it does so on or before 5:00 p.m. on April 18.

"The President has reviewed previous rulings on this subject and recognized that this ruling is a departure from an earlier ruling in 1997. The President believes, however, that today's ruling better harmonizes the interplay between Rule 48 and the cutoff resolution and is more consistent with the principles expressed by the Senate Rules, the Cutoff Resolution and Reed's Parliamentary Rules, which are to be construed in such a way as to allow the body to complete its business.

"Therefore, the President finds that Senator Sheahan's motion, as amended, is properly before the Senate."

The President ruled that the bills relieved from committee earlier today were properly before the Senate.

MOTION

Senator Sheahan, moved that the Senate revert to the sixth order of business.

OBJECTION TO REVERTING TO SIXTH ORDER OF BUSINESS

Senator Betti Sheldon objected to reverting to the sixth order of business.

Such unstamped stock shall be kept separate and apart from stamped stock.

~~((2))~~ (3) Every wholesaler licensed under Washington state law shall, at the time of shipping or delivering any of the articles taxed herein to a point outside of this state or to a federal instrumentality, make a true duplicate invoice of the same which shall show full and complete details of the sale or delivery, whether or not stamps were affixed thereto, and shall transmit such true duplicate invoice to the department, at Olympia, not later than the fifteenth day of the following calendar month. (2) Subsection (1) of this section applies only when ownership of the property is transferred or when fifty-one percent or more of the area of the property loses its exempt status. The additional tax under subsection (1) of this section shall not be imposed if the cessation of use resulted solely from:

(a) Transfer to a nonprofit organization, association, or corporation for a use which also qualifies and is granted exemption under this chapter;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Official action by an agency of the state of Washington or by the county or city within which the property is located which disallows the present use of such property;

(d) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the organization, association, or corporation changing the use of such property;

(e) Relocation of the activity and use of another location or site except for undeveloped properties of camp facilities exempted under RCW 84.36.030;

(f) Cancellation of a lease on leased property that had been exempt under this chapter (~~(or RCW 84.36.560)~~); or

(g) A change in the exempt portion of a home for the aging under RCW 84.36.041(3), as long as some portion of the home remains exempt.

Regarding construction projects in state waters.

The bill was read the second time.

MOTION

On motion of Senator Swecker, the following Committee on Ways and Means striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.55.060 and 1998 c 190 s 86 are each amended to read as follows:

(1) Subject to subsection (3) of this section, a dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director's approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish.

(2) If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his or her agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his or her agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

(3) For the purposes of this section, "other obstruction" does not include tide gates, flood gates, and associated man-made agricultural drainage facilities that were originally installed as part of an agricultural drainage system on or before the effective date of this section or the repair, replacement, or improvement of such tide gates or flood gates.

Sec. 2. RCW 77.55.100 and 2002 c 368 s 2 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld or unreasonably conditioned.

(2)(a) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or

(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 77.55.110, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(10) The department shall not require a fishway on a tide gate, flood gate, or other associated man-made agricultural drainage facilities as a condition of a hydraulic project approval if such fishway was not originally installed as part of an agricultural drainage system existing on or before the effective date of this section.

(11) Any condition requiring a self-regulating tide gate to achieve fish passage in an existing hydraulic project approval under this section may not be enforced.

NEW SECTION. Sec. 3. A new section is added to chapter 77.55 RCW to read as follows:

Upon written request of adversely affected landowners of land designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW or the associated special districts under RCW 85.38.180, the department shall authorize the removal of the self-regulating function of any self-regulating tide gate installed because of a condition imposed by the department in an approval issued according to RCW 77.55.100 or during implementation of fish passage requirements pursuant to RCW 77.55.060. The department shall make authorizing the removal of the self-regulating function of any self-regulating tide gate a priority. The department shall pay for any tide gate removal required by this section within existing resources.

NEW SECTION. Sec. 4. A new section is added to chapter 77.85 RCW to read as follows:

(1) If a limiting factors analysis has been conducted under this chapter for a specific geographic area and that analysis shows insufficient intertidal salmon habitat, the department of fish and wildlife and the county legislative authorities of the affected counties may jointly initiate a salmon intertidal habitat restoration planning process to develop a plan that addresses the intertidal habitat goals contained in the limiting factors analysis. The fish and wildlife commission and the county legislative authorities of the geographic area shall jointly appoint a task force composed of the following members:

- (a) One representative of the fish and wildlife commission, appointed by the chair of the commission;
- (b) Two representatives of the agricultural industry familiar with agricultural issues in the geographic area, one appointed by an organization active in the geographic area and one appointed by a statewide organization representing the industry;
- (c) Two representatives of environmental interest organizations with familiarity and expertise of salmon habitat, one appointed by an organization in the geographic area and one appointed by a statewide organization representing environmental interests;
- (d) One representative of a diking and drainage district, appointed by the individual districts in the geographic area or by an association of diking and drainage districts;
- (e) One representative of the lead entity for salmon recovery in the geographic area, appointed by the lead entity;
- (f) One representative of each county in the geographic area, appointed by the respective county legislative authorities; and
- (g) One representative from the office of the governor.

(2) Representatives of the United States environmental protection agency, the United States natural resources conservation service, federal fishery agencies, as appointed by their regional director, and tribes with interests in the geographic area shall be invited and encouraged to participate as members of the task force.

(3) The task force shall elect a chair and adopt rules for conducting the business of the task force. Staff support for the task force shall be provided by the Washington state conservation commission.

(4) The task force shall:

- (a) Review and analyze the limiting factors analysis for the geographic area;
- (b) Initiate and oversee intertidal salmon habitat studies for enhancement of the intertidal area as provided in section 5 of this act;
- (c) Review and analyze the completed assessments listed in section 5 of this act;
- (d) Develop and draft an overall plan that addresses identified intertidal salmon habitat goals that has public support; and
- (e) Identify appropriate demonstration projects and early implementation projects that are of high priority and should commence immediately within the geographic area.

(5) The task force may request briefings as needed on legal issues that may need to be considered when developing or implementing various plan options.

(6) Members of the task force shall be reimbursed by the conservation commission for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(7) The task force shall provide annual reports that provide an update on its activities to the fish and wildlife commission, to the involved county legislative authorities, and to the lead entity formed under this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 77.85 RCW to read as follows:

(1) In consultation with the task force, the conservation commission may contract with universities, private consultants, nonprofit groups, or other entities to assist it in developing a plan incorporating the following elements:

(a) An inventory of existing tide gates located on streams in the county. The inventory shall include location, age, type, and maintenance history of the tide gates and other factors as determined by the task force in consultation with the county and diking and drainage districts;

(b) An assessment of the role of tide gates located on streams in the county; the role of intertidal fish habitat for various life stages of salmon; the quantity and characterization of intertidal fish habitat currently accessible to fish; the quantity and characterization of the present intertidal fish habitat created at the time the dikes and outlets were constructed; the quantity of potential intertidal fish habitat on public lands and alternatives to enhance this habitat; the effects of saltwater intrusion on agricultural land, including the effects of backfeeding of saltwater through the underground drainage system; the role of tide gates in drainage systems, including relieving excess water from saturated soil and providing reservoir functions between tides; the effect of saturated soils on production of crops; the characteristics of properly functioning intertidal fish habitat; a map of agricultural lands designated by the county as having long-term commercial significance and the effect of that designation; and the economic impacts to existing land uses for various alternatives for tide gate alteration; and

(c) A long-term plan for intertidal salmon habitat enhancement to meet the goals of salmon recovery and protection of agricultural lands. The proposal shall consider all other means to achieve salmon recovery without converting farmland. The proposal shall include methods to increase fish passage and otherwise enhance intertidal habitat on public lands pursuant to subsection (2) of this section, voluntary methods to increase fish passage on private lands, a priority list of intertidal salmon enhancement projects, and recommendations for funding of high priority projects. The task force also may propose pilot projects that will be designed to test and measure the success of various proposed strategies.

(2) In conjunction with other public landowners and the task force, the department shall develop an initial salmon intertidal habitat enhancement plan for public lands in the county. The initial plan shall include a list of public properties in the intertidal zone that could be enhanced for salmon, a description of how those properties could be altered to support salmon, a description of costs and sources of funds to enhance the property, and a strategy and schedule for prioritizing the enhancement of public lands for intertidal salmon habitat. This initial plan shall be submitted to the task force at least six months before the deadline established in subsection (3) of this section.

(3) The final intertidal salmon enhancement plan shall be completed within two years from the date the task force is formed and funding has been secured. A final plan shall be submitted by the task force to the lead entity for the geographic area established under this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 77.55 RCW to read as follows:

As used in this chapter, "tide gate" means a one-way check valve that prevents the backflow of tidal water.

NEW SECTION. Sec. 7. The process established in sections 4 and 5 of this act shall be initiated as soon as practicable in Skagit county.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

(c) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(d) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the

interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

~~((The department shall provide annual reports to the legislature on the effectiveness of the risk assessment process.))~~

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

(2) The department, in consultation with opiate substitution treatment programs and counties, shall establish statewide operating standards for certified opiate substitution treatment programs. The department shall enforce these operating standards. (3) The department shall establish criteria for evaluating the compliance of opiate substitution treatment programs with the goals and standards established under this chapter. As a condition of certification, opiate substitution programs shall submit an annual report to the department and county legislative authority, including data as specified by the department necessary for outcome analysis. The department shall analyze and evaluate the data submitted by each treatment program and take corrective action where necessary to ensure compliance with the goals and standards enumerated under this chapter.

~~((The department shall, not later than January 1st of each year, provide a report to the governor and the legislature on the success rates of programs funded under this section.))~~

Sec. 8. RCW 74.13.017 and 2001 c 265 s 2 are each amended to read as follows:

General Fund--State Appropriation (FY 2002) \$225,789,000

General Fund--State Appropriation (FY 2003) \$239,013,000

General Fund--Federal Appropriation \$372,408,000

General Fund--Private/Local Appropriation \$400,000

Public Safety and Education Account--

State Appropriation \$987,000

Violence Reduction and Drug Enforcement Account--

State Appropriation \$5,702,000

TOTAL APPROPRIATION \$844,299,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,237,000 of the fiscal year 2002 general fund--state appropriation, \$2,288,000 of the fiscal year 2003 general fund--state appropriation, and \$1,590,000 of the general fund--federal appropriation are provided solely for the category of services titled "intensive family preservation services."

(2) \$685,000 of the general fund--state fiscal year 2002 appropriation and \$701,000 of the general fund--state fiscal year 2003 appropriation are provided to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age. Seventy-five percent of the children served by the facility must be in need of special care as a result of substance abuse by their mothers. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement

of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(3) \$524,000 of the general fund--state fiscal year 2002 appropriation and \$536,000 of the general fund--state fiscal year 2003 appropriation are provided for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(4) \$1,260,000 of the fiscal year 2002 general fund--state appropriation, \$1,248,000 of the fiscal year 2003 general fund--state appropriation, and \$4,196,000 of the violence reduction and drug enforcement account appropriation are provided solely for the family policy council and community public health and safety networks. The funding level for the family policy council and community public health and safety networks represents a 25 percent reduction below the funding level for the 1999-2001 biennium. Funding levels shall be reduced 25 percent for both the family policy council and network grants. Reductions to network grants shall be allocated so as to maintain current funding levels, to the greatest extent possible, for projects with the strongest evidence of positive outcomes and for networks with substantial compliance with contracts for network grants.

(5) \$2,215,000 of the fiscal year 2002 general fund--state appropriation, \$4,394,000 of the fiscal year 2003 general fund--state appropriation, and \$5,604,000 of the general fund--federal appropriation are provided solely for reducing the average caseload level per case-carrying social worker. Average caseload reductions are intended to increase the amount of time social workers spend in direct contact with the children, families, and foster parents involved with their open cases. The department shall use some of the funds provided in several local offices to increase staff that support case-carrying social workers in ways that will allow social workers to increase direct contact time with children, families, and foster parents. To achieve the goal of reaching an average caseload ratio of 1:24 by the end of fiscal year 2003, the department shall develop a plan for redeploying 30 FTEs to case-carrying social worker and support positions from other areas in the children and family services budget. The FTE redeployment plan shall be submitted to the fiscal committees of the legislature by December 1, 2001.

(6) \$1,000,000 of the fiscal year 2002 general fund--state appropriation and \$1,000,000 of the fiscal year 2003 general fund--state appropriation are provided solely for increasing foster parent respite care services that improve the retention of foster parents and increase the stability of foster placements. ~~((The department shall report quarterly to the appropriate committees of the legislature progress against appropriate baseline measures for foster parent retention and stability of foster placements.))~~

(7) \$1,050,000 of the general fund--federal appropriation is provided solely for increasing kinship care placements for children who otherwise would likely be placed in foster care. These funds shall be used for extraordinary costs incurred by relatives at the time of placement, or for extraordinary costs incurred by relatives after placement if such costs would likely cause a disruption in the kinship care placement. \$50,000 of the funds provided shall be contracted to the Washington institute for public policy to conduct a study of kinship care placements. The study shall examine the prevalence and needs of families who are raising related children and shall compare services and policies of Washington state with other states that have a higher rate of kinship care placements in lieu of foster care placements. The study shall identify possible changes in services and policies that are likely to increase appropriate kinship care placements.

(8) \$3,386,000 of the fiscal year 2002 general fund--state appropriation, \$7,671,000 of the fiscal year 2003 general fund--state appropriation, and \$20,819,000 of the general fund--federal appropriation are provided solely for increases in the cost per case for foster care and adoption support. \$16,000,000 of the general fund--federal amount shall remain unallotted until the office of financial management approves a plan submitted by the department to achieve a higher rate of federal earnings in the foster care program. That plan shall also be submitted to the fiscal committees of the legislature and shall indicate projected federal revenue compared to actual fiscal year 2001 levels. Within the amounts provided for foster care, the department shall increase the basic rate for foster care to an average of \$420 per month on July 1, 2001, and to an average of \$440 per month on July 1, 2002. The department shall use the remaining funds provided in this subsection to pay for increases in the cost per case for foster care and adoption support. The department shall seek to control rate increases and reimbursement decisions for foster care and adoption support cases such that the cost per case for family foster care, group care, receiving homes, and adoption support does not exceed the amount assumed in the projected caseload expenditures plus the amounts provided in this subsection.

(9) \$1,767,000 of the general fund--state appropriation for fiscal year 2002, \$2,461,000 of the general fund--state appropriation for fiscal year 2003, and \$1,485,000 of the general fund--federal appropriation are provided solely for rate and capacity increases for child placing agencies. Child placing agencies shall increase their capacity by 15 percent in fiscal year 2002 and 30 percent in fiscal year 2003.

(10) The department shall provide secure crisis residential facilities across the state in a manner that: (a) Retains geographic provision of these services; and (b) retains beds in high use areas.

(11) \$125,000 of the general fund--state appropriation for fiscal year 2002 and \$125,000 of the general fund--state appropriation for fiscal year 2003 are provided solely for a foster parent retention program. This program is directed at foster parents caring for children who act out sexually, as described in House Bill No. 1525 (foster parent retention program).

The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$280. If the number and timing of residents choosing to move into community settings is not sufficient to achieve the RHC cottage consolidation plan assumed in the appropriations in subsection (2) of this section, the department shall transfer sufficient appropriations from this subsection to subsection (2) of this section to cover the added costs incurred in the RHCs. The department shall not increase total enrollment in home and community based waivers for persons with developmental disabilities except for increases assumed in additional funding provided in subsections (b) and (c) of this section. ~~((Prior to submitting to the health care financing authority any additional home and community based waiver request for persons with developmental disabilities, the department shall submit a summary of the waiver request to the appropriate committees of the legislature. The summary shall include eligibility criteria, program description, enrollment projections and limits, and budget and cost effectiveness projections that distinguish the requested waiver from other existing or proposed waivers.))~~

These funds, along with funding provided for vendor rate increases, are sufficient to raise wages an average of fifty cents and cover the employer share of unemployment and social security taxes on the amount of the wage increase. In consultation with the statewide associations representing such agencies, the department shall establish a mechanism for testing the extent to which funds have been used for this purpose, and report the results to the fiscal committees of the legislature by February 1, 2002.

POINT OF INQUIRY

Senator West: "Senator Brown, this is not the first time you talked about tax reform on this floor. Today you talked about taxing the net--not the gross and taxing profitable businesses and not unprofitable businesses. When you speak of tax reform, does that include income tax?"

Senator Brown: "Senator West, I would refer you to the Gates Commission Report and we put forward two or three proposals. One would be a value added tax. There were other proposals put forward. One of the proposals would allow for the Business and Occupation Tax to completely go away; the states sales tax to drop in half. We would replace that with a net corporate tax, so, yes, in fact, it could. One of the options could, in fact, include an income tax. But, the reality is that it would be a fair system for business if they paid on the net, rather than on the gross. It is the real lack of competition in our state and comes from not being able to tax businesses according to their profitability--and actually taxing them for every dollar that comes in the door, through sale of products."

Senators Sheahan, Hale and Esser demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be shall the main question be now put.

Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3)(a) The person shall provide the following information when registering: (I) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (I) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) **OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION.** Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) **OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.** Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) **OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION.** Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) **OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE.** Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

MOTION

Senator Roach moved that the following amendment by Senators Roach, Benton, Johnson, Brandland, Keiser, Rasmussen, Eide, Hargrove, Rossi, Stevens and Zarelli to the Committee on Children and Family Services and Corrections striking amendment be adopted:

On page 10, after line 32 of the amendment, insert the following:

"Sec. 2. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources (~~other than state funds~~), the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III registered sex offenders in the state of Washington. The web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee (~~(ef-erf))~~ or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 2012, by House Committee on Education (originally sponsored by Representatives Fromhold, Cox, Kenney, Hunter, Quall, Moeller, Chase and Santos)

Creating a special services pilot program.

The bill was read the second time.

MOTION

On motion of Senator Carlson, the following Committee on Education striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Research has shown that early, intensive assistance can significantly improve reading and language skills for children who are struggling academically. This early research-based assistance has been successful in reducing the number of children who require specialized programs. However, by being effective in reducing the number of students eligible for these programs, school district funding is reduced.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.630 RCW to read as follows:

(1) The special services pilot program is created. The purpose of the program is to encourage participating school districts to provide early intensive reading and language assistance to students who are struggling academically. The goal of such assistance is to effectively address reading and language difficulties resulting in a substantially greater proportion of students meeting the progressively increasing performance standards for both the aggregate and disaggregated subgroups under federal law.

(2) A maximum of two school districts may participate. Interested districts shall apply no later than May 15, 2003, to the superintendent of public instruction to participate in the pilot program established by this section. The superintendent shall make a decision no later than June 15, 2003, regarding which two school districts may participate in the program.

(3) The pilot program is intended to be four years, to begin in the 2003-04 school year and conclude in the 2006-07 school year, unless the program is extended by the legislature.

(4) School districts participating in the pilot program shall receive state special education funding in accordance with state special education funding formulas and a separate pilot program appropriation from sources other than special education funds. The separate appropriation shall be calculated as follows:

(a) The school district's estimated state special education funding for the current year based on the school district's average percentage of students age three through twenty-one who were eligible for special education services in the 2001-02 and 2002-03 school years as reported to the office of the superintendent of public instruction;

(b) Less the school district's actual state special education funding based on the district's current percentage of students age three through twenty-one eligible for special education services as reported to the superintendent of public instruction.

(5) Participation in the pilot program shall not increase or decrease a district's ability to access the safety net for high cost students by virtue of the district's participation in this pilot program. Districts participating in this pilot program shall have access to the special education safety net using a modified application approach for the office of the superintendent of public instruction Worksheet A - demonstration of financial need. The superintendent shall create a modified application to include all special education revenues received by the district, all pilot program funding, and include expenditures for students with individual education plans and expenditures for students generating pilot program revenue. Districts participating in this pilot project that seek safety net funding shall convincingly demonstrate to the committee that any change in demonstrated need on the Worksheet A is not attributable to their participation in this pilot project.

(6) School districts participating in the program must agree to:

(a) Implement a tiered set of research-based instructional interventions addressing individual student needs that address reading and language deficits;

(b) Use multiple diagnostic instruments to identify the literacy needs of each student;

(c) Assure parents are informed of diagnosed student needs, and have input into designed interventions;

(d) Actively engage parents as partners in the learning process;

(e) Comply with state special education requirements; and

(f) Participate in an evaluation of the program as determined by the superintendent of public instruction. This may include contributing funds and staff expertise for the design and implementation of the evaluation. Districts shall annually review and report progress, including objective measures or indicators that show the progress towards achieving the purpose and goal of the program, to the office of the superintendent of public instruction.

(7) By December 15, 2006, the superintendent of public instruction shall submit a report to the governor and legislature that summarizes the effectiveness of the pilot program. The report shall also include a recommendation as to whether or not the pilot program should be continued, expanded, or otherwise modified.

(8) This section expires June 30, 2007.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "adding a new section to chapter 28A.630 RCW; creating a new section; providing an expiration date; and declaring an emergency."

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1113, by House Committee on Agriculture and Natural Resources (originally sponsored by Representatives Hinkle, Linville, Schoesler, Boldt and Mielke)

Regarding irrigation district boards of joint control.

The bill was read the second time.

MOTION

Senator Honeyford moved that the following Committee on Natural Resources, Energy and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 87.80.005 and 1996 c 320 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Area of jurisdiction" means all lands within the exterior boundary of the composite area served by the irrigation entities that comprise the board of joint control as the boundary is represented on the map filed under RCW 87.80.030.

(2) "Irrigation entity" means an irrigation district or an operating entity for a division within a federal reclamation project. For the purposes of this chapter, a water company, a water users' association, a municipality, a water right owner and user of irrigation water, or any other entity that provides irrigation water as a primary purpose, is an irrigation entity when creating or joining a board of joint control with an irrigation district or operating entity for a division within a federal reclamation project.

(3) "Joint use facilities" means those works, including reservoirs, canals, ditches, natural streams in which the irrigation entity has rights of conveyance under RCW 90.03.030, hydroelectric facilities, pumping stations, drainage works, reserved works as may be transferred by contracts with the United States, and system interties that are determined by the board of joint control to provide common benefit to its members.

(4) "Ownership interest" means the irrigation entity holds water rights in its name for the benefit of itself, its water users or, in federal reclamation projects, the irrigation entity has a contractual responsibility for delivery of water to its individual water users.

(5) "Source of water" means a hydrological distinct river and tributary system or aquifer system from which board of joint control member entities appropriate water.

Sec. 2. RCW 87.80.030 and 1996 c 320 s 4 are each amended to read as follows:

The petition for the creation of a board of joint control shall be addressed to the board of county commissioners, shall describe generally the relationship, if any, of the irrigation entities to an established federal reclamation project, the primary water works of the entities including reservoirs, main canals, hydroelectric facilities, pumping stations, and drainage facilities, giving them their local names, if any they have, and shall show generally the physical relationship of the lands being watered from the water facilities. However, lands included in any irrigation entity involved need not be described individually but shall be included by stating the name of the irrigation entity and all the irrigable lands in the irrigation entity named shall by that method be deemed to be involved unless otherwise specifically stated in the petition. Further, the petition must propose the formula for board of joint control apportionment of costs among its members, and may propose the composition of the board of joint control as to membership, chair, and voting structure. When a board of joint control includes irrigation entities other than an irrigation district or an operating entity for a division within a federal reclamation project as provided in RCW 87.80.005, the voting structure must be such that the votes apportioned to those entities are less than fifty percent of the total votes.

The petition shall also state generally the reasons for the creation of a board of joint control and any other matter the petitioners deem material, and shall allege that it is in the public interest and to the benefit of all the owners of the lands receiving water within the area of jurisdiction, that the board of joint control be created and request that the board of county commissioners consider the petition and take the necessary steps provided by law for the creation of a board of joint control. The petition shall be accompanied by a map showing the area of jurisdiction and the general location of the water supply and distribution facilities.

Sec. 3. RCW 87.80.130 and 1998 c 84 s 2 are each amended to read as follows:

(1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2)(a) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or(=) transfer the water to others, or both. A redistribution of

saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law.

(b) Prior to undertaking a water conservation or system efficiency improvement project (which) that will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and, if the board's jurisdiction is within a United States reclamation project, the board must obtain the approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users.

(c) A board of joint control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and, if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation.

(d) The board of joint control shall notify the department of ecology, and any Indian tribe requesting notice, of transfers of water between the individual entities of the board of joint control. This subsection (2)(d) applies only to a board of joint control created after January 1, 2003.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in a case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

(6) A board of joint control created under this chapter may not use any authority granted to it by this chapter or by RCW 90.03.380 to authorize a transfer of or change in a water right or to authorize a redistribution of saved water before July 1, 1997.

NEW SECTION. Sec. 4. A new section is added to chapter 87.80 RCW to read as follows:

The provisions of chapter . . . , Laws of 2003 (this act) shall not be construed or interpreted to authorize the impairment of any existing water rights."

MOTION

On motion of Senator Honeyford, the following amendment by Senators Honeyford, Morton and Fraser to the Committee on Natural Resources, Energy and Water striking amendment was adopted:

On page 4, line 11 of the amendment, after "reclamation," insert "Any change in place of use that results from a transfer of water between the individual entities of the board of joint control shall not result in any reduction in the total water supply available in a federal reclamation project. In making the determination of whether a change of place of use in an area covered by a federal reclamation project will result in a reduction in the total water supply available, the board of joint control shall consult with the bureau of reclamation."

The President declared the question before the Senate to be the adoption of the Committee on Natural Resources, Energy and Water striking amendment, as amended, to Substitute House Bill No. 1113.

The motion by Senator Honeyford carried and the committee striking amendment, as amended, was adopted.

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "control;" strike the remainder of the title and insert "amending RCW 87.80.005, 87.80.030, and 87.80.130; and adding a new section to chapter 87.80 RCW."

MOTION

On motion of Senator Honeyford, the rules were suspended, Substitute House Bill No. 1113, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1113, as amended by the Senate.

MOTION

On motion of Senator Carlson, the following Committee on Higher Education striking amendment was not adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) At the time the higher education coordinating board was created in 1985, the legislature wanted a board with a comprehensive mission that included planning, budget and program review authority, and program administration;

(b) Since its creation, the board has achieved numerous accomplishments, including proposals leading to creation of the branch campus system, and has made access and affordability of higher education a consistent priority;

(c) However, higher education in Washington state is currently at a crossroads. Demographic, economic, and technological changes present new and daunting challenges for the state and its institutions of higher education. As the state looks forward to the future, the legislature, the governor, and institutions need a common strategic vision to guide planning and decision making.

(2) Therefore, it is the legislature's intent to reaffirm and strengthen the strategic planning role of the higher education coordinating board. It is also the legislature's intent to examine options for reassigning or altering other roles and responsibilities to enable the board to place priority and focus on planning and coordination.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

(1) The board shall develop a statewide strategic master plan for higher education that proposes a vision and identifies goals and priorities for the system of higher education in Washington state. The board shall also specify strategies for maintaining and expanding access, affordability, quality, efficiency, and accountability among the various institutions of higher education.

(2) In developing the statewide strategic master plan for higher education, the board shall collaborate with the four-year institutions of higher education including the council of presidents, the community and technical college system, and, when appropriate, the work force training and education coordinating board, the superintendent of public instruction, and the independent higher education institutions. The board shall also seek input from students, faculty organizations, community and business leaders in the state, members of the legislature, and the governor.

(3) As a foundation for the statewide strategic master plan for higher education, the board shall develop and establish role and mission statements for each of the four-year institutions of higher education and the community and technical college system. The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(4) In assessing needs of the state's higher education system, the board may consider and analyze the following information:

(a) Demographic, social, economic, and technological trends and their impact on service delivery;

(b) The changing ethnic composition of the population and the special needs arising from those trends;

(c) Business and industrial needs for a skilled work force;

(d) College attendance, retention, transfer, and dropout rates;

(e) Needs and demands for basic and continuing education and opportunities for lifelong learning by individuals of all age groups; and

(f) Needs and demands for access to higher education by placebound students and individuals in heavily populated areas underserved by public institutions.

(5) The statewide strategic master plan for higher education shall include, but not be limited to, the following:

(a) Recommendations for enrollment forecasts and analysis of data about demand for higher education, and policies and actions to meet those needs;

(b) State or regional priorities for new or expanded degree programs or off-campus programs, including what models of service delivery may be most cost-effective;

(c) Recommended policies or actions to improve the efficiency of student transfer and graduation or completion;

(d) State or regional priorities for addressing needs in high-demand fields where enrollment access is limited and employers are experiencing difficulty finding enough qualified graduates to fill job openings;

(e) Recommended tuition and fees policies and levels; and

(f) Priorities and recommendations on financial aid.

(6) The board shall present the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education in a way that provides guidance for institutions, the governor, and the legislature to make further decisions regarding institution-level plans, policies, legislation, and operating and capital funding for higher education. In the statewide strategic master plan for higher education, the board shall recommend specific actions to be taken and identify measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities.

(7) Every four years by December 15th, the board shall submit the statewide strategic master plan for higher education to the governor and the legislature. The legislature shall, by concurrent resolution, approve or recommend changes to the plan, following public hearings. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan. Any legislative changes shall be incorporated into the final plan and published by June.

Sec. 3. RCW 28B.80.330 and 1997 c 369 s 10 are each amended to read as follows:

Concerning nursing practices in community-based and in-home care.

The bill was read the second time.

MOTION

On motion of Senator Deccio, the following Committee on Health and Long-Term Care striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.79.040 and 1995 1st sp.s. c 18 s 50 are each amended to read as follows:

(1) "Registered nursing practice" means the performance of acts requiring substantial specialized knowledge, judgment, and skill based on the principles of the biological, physiological, behavioral, and sociological sciences in either:

(a) The observation, assessment, diagnosis, care or counsel, and health teaching of ~~((the ill, injured, or infirm))~~ individuals with illnesses, injuries, or disabilities, or in the maintenance of health or prevention of illness of others;

(b) The performance of such additional acts requiring education and training and that are recognized by the medical and nursing professions as proper and recognized by the commission to be performed by registered nurses licensed under this chapter and that are authorized by the commission through its rules;

(c) The administration, supervision, delegation, and evaluation of nursing practice. However, nothing in this subsection affects the authority of a hospital, hospital district, in-home service agency, community-based care setting, medical clinic, or office, concerning its administration and supervision;

(d) The teaching of nursing;

(e) The executing of medical regimen as prescribed by a licensed physician and surgeon, dentist, osteopathic physician and surgeon, podiatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner.

(2) Nothing in this section prohibits a person from practicing a profession for which a license has been issued under the laws of this state or specifically authorized by any other law of the state of Washington.

(3) This section does not prohibit (a) the nursing care of the sick, without compensation, by an unlicensed person who does not hold himself or herself out to be a registered nurse, (b) the practice of licensed practical nursing by a licensed practical nurse, or (c) the practice of a nursing assistant, providing delegated nursing tasks under chapter 18.88A RCW.

Sec. 2. RCW 18.79.260 and 2000 c 95 s 3 are each amended to read as follows:

(1) A registered nurse under his or her license may perform for compensation nursing care, as that term is usually understood, ~~((of the ill, injured, or infirm))~~ to individuals with illnesses, injuries, or disabilities.

(2) A registered nurse may, at or under the general direction of a licensed physician and surgeon, dentist, osteopathic physician and surgeon, naturopathic physician, podiatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner acting within the scope of his or her license, administer medications, treatments, tests, and inoculations, whether or not the severing or penetrating of tissues is involved and whether or not a degree of independent judgment and skill is required. Such direction must be for acts which are within the scope of registered nursing practice.

(3) A registered nurse may delegate tasks of nursing care to other individuals where the registered nurse determines that it is in the best interest of the patient.

(a) The delegating nurse shall:

- (i) Determine the competency of the individual to perform the tasks;
- (ii) Evaluate the appropriateness of the delegation;
- (iii) Supervise the actions of the person performing the delegated task; and
- (iv) Delegate only those tasks that are within the registered nurse's scope of practice.

(b) ~~A registered nurse, working for a home health or hospice agency regulated under chapter 70.127 RCW, may delegate the application, instillation, or insertion of medications to a registered or certified nursing assistant under a plan of care.~~

~~(c) Except as authorized in (b) or (e) of this subsection, a registered nurse may not delegate the administration of medications. Except as authorized in (e) of this subsection, a registered nurse may not delegate acts requiring substantial skill, ((the administration of medications, or) and may not delegate piercing or severing of tissues ((except to registered or certified nursing assistants who provide care to individuals in community-based care settings as authorized under (d) of this subsection)). Acts that require nursing judgment shall not be delegated.~~

~~((e)) (d) No person may coerce a nurse into compromising patient safety by requiring the nurse to delegate if the nurse determines that it is inappropriate to do so. Nurses shall not be subject to any employer reprisal or disciplinary action by the nursing care quality assurance commission for refusing to delegate tasks or refusing to provide the required training for delegation if the nurse determines delegation may compromise patient safety.~~

~~((d)) (c) For delegation in community-based care settings or in-home care settings, a registered nurse may delegate nursing care tasks only to registered or certified nursing assistants. Simple care tasks such as blood pressure monitoring, personal care service, or other tasks as defined by the nursing care quality assurance commission are exempted from this requirement.~~

~~(i) "Community-based care settings" includes: Community residential programs for the developmentally disabled, certified by the department of social and health services under chapter 71A.12 RCW; adult family homes licensed under chapter 70.128 RCW; and boarding homes licensed under chapter 18.20 RCW. Community-based care settings do not include acute care or skilled nursing facilities.~~

~~((+)) (ii) "In-home care settings" include an individual's place of temporary or permanent residence, but does not include acute care or skilled nursing facilities, and does not include community-based care settings as defined in (e)(i) of this subsection.~~

~~(iii) Delegation of nursing care tasks in community-based care settings and in-home care settings is only allowed for individuals who have a stable and predictable condition. "Stable and predictable condition" means a situation in which the individual's clinical and behavioral status is known and does not require the frequent presence and evaluation of a registered nurse.~~

~~((+)) (iv) The determination of the appropriateness of delegation of a nursing task is at the discretion of the registered nurse. However, the administration of medications by injection, sterile procedures, and central line maintenance may never be delegated.~~

~~((+)) (v) The registered nurse shall verify that the nursing assistant has completed the required core nurse delegation training required in chapter 18.88A RCW prior to authorizing delegation.~~

~~((+)) (vi) The nurse is accountable for his or her own individual actions in the delegation process. Nurses acting within the protocols of their delegation authority are immune from liability for any action performed in the course of their delegation duties.~~

~~((v) On or before June 30, 2001, the nursing care quality assurance commission, in conjunction with the professional nursing organizations and the department of social and health services, shall make any needed revisions or additions to nurse delegation protocols by rule, including standards for nurses to obtain informed consent prior to the delegation of nursing care tasks.)~~

~~(vii) Nursing task delegation protocols are not intended to regulate the settings in which delegation may occur, but are intended to ensure that nursing care services have a consistent standard of practice upon which the public and the profession may rely, and to safeguard the authority of the nurse to make independent professional decisions regarding the delegation of a task.~~

~~((e)) (f) The nursing care quality assurance commission may adopt rules to implement this section.~~

(4) Only a person licensed as a registered nurse may instruct nurses in technical subjects pertaining to nursing.

(5) Only a person licensed as a registered nurse may hold herself or himself out to the public or designate herself or himself as a registered nurse.

Sec. 3. RCW 18.88A.140 and 2000 c 171 s 25 are each amended to read as follows:

Nothing in this chapter may be construed to prohibit or restrict:

(1) The practice by an individual licensed, certified, or registered under the laws of this state and performing services within their authorized scope of practice;

(2) The practice by an individual employed by the government of the United States while engaged in the performance of duties prescribed by the laws of the United States;

(4) A nursing assistant, while employed as a personal aide as defined in RCW 74.39.007, from accepting direction from an individual who is self-directing their care.

Sec. 4. RCW 18.88A.200 and 1995 1st sp.s. c 18 s 45 are each amended to read as follows:

The legislature recognizes that nurses have been successfully delegating nursing care tasks to family members and auxiliary staff for many years. The opportunity for a nurse to delegate to nursing assistants qualifying under RCW 18.88A.210 may enhance the viability and quality of health care services in ((community health)) community-based care settings ((for long-term care services)) and in-home care settings to allow ~~((citizens))~~ individuals to live as independently as possible with maximum safeguards.

Sec. 5. RCW 18.88A.210 and 2000 c 95 s 1 are each amended to read as follows:

(1) A nursing assistant meeting the requirements of this section who provides care to individuals in community-based care settings or in-home care settings, as defined in RCW 18.79.260(3), may accept delegation of nursing care tasks by a registered nurse as provided in RCW 18.79.260(3).

(2) For the purposes of this section, "nursing assistant" means a nursing assistant-registered or a nursing assistant-certified. Nothing in this section may be construed to affect the authority of nurses to delegate nursing tasks to other persons, including licensed practical nurses, as authorized by law.

(3) Before commencing any specific nursing care tasks authorized under this chapter, the nursing assistant must (a) provide to the delegating nurse a certificate of completion issued by the department of social and health services indicating the completion of basic core nurse delegation training, (b) be regulated by the department of health pursuant to this chapter, subject to the uniform disciplinary act under chapter 18.130 RCW, and (c) meet any additional training requirements identified by the nursing care quality assurance commission. Exceptions to these training requirements must adhere to RCW 18.79.260(3)((d)((+))) (e)(v).

Sec. 6. RCW 18.88A.230 and 2000 c 95 s 2 are each amended to read as follows:

(1) The nursing assistant shall be accountable for their own individual actions in the delegation process. Nursing assistants following written delegation instructions from registered nurses performed in the course of their accurately written, delegated duties shall be immune from liability.

(2) Nursing assistants shall not be subject to any employer reprisal or disciplinary action by the secretary for refusing to accept delegation of a nursing task based on patient safety issues. No community-based care setting as defined in RCW 18.79.260(3)((d)) (e), or

in-home services agency as defined in RCW 70.127.010, may discriminate or retaliate in any manner against a person because the person made a complaint or cooperated in the investigation of a complaint.

SUBSTITUTE HOUSE BILL NO. 2007, by House Committee on Technology, Telecommunications and Energy (originally sponsored by Representatives Nixon, Ruderman, Bush, Dickerson and Hudgins)

Prohibiting unsolicited commercial text messages.

The bill was read the second time.

MOTION

On motion of Senator Esser, the following Committee on Technology and Communications striking amendment was adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the number of unsolicited commercial text messages sent to cellular telephones and pagers is increasing. This practice is raising serious concerns on the part of cellular telephone and pager subscribers. These unsolicited messages often result in costs to the cellular telephone and pager subscribers in that they pay for use when a message is received through their devices. The limited memory of these devices can be exhausted by unwanted text messages resulting in the inability to receive necessary and expected messages.

The legislature intends to limit the practice of sending unsolicited commercial text messages to cellular telephone or pager numbers in Washington.

Sec. 2. RCW 19.190.010 and 1999 c 289 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message or a commercial electronic text message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message or the commercial electronic text message is engaged, or intends to engage, in any practice that violates the consumer protection act.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Commercial electronic text message" means an electronic text message sent to promote real property, goods, or services for sale or lease.

(4) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

~~((4))~~ (5) "Electronic text message" means a text message sent to a cellular telephone or pager equipped with short message service or any similar capability, whether the message is initiated as a short message service message or as an electronic mail message.

(6) "Initiate the transmission" refers to the action by the original sender of an electronic mail message or an electronic text message, not to the action by any intervening interactive computer service or wireless network that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

~~((5))~~ (7) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

~~((6))~~ (8) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

~~((7))~~ (9) "Person" means a person, corporation, partnership, or association.

NEW SECTION. Sec. 3. A new section is added to chapter 19.190 RCW to read as follows:

(1) No person conducting business in the state may initiate or assist in the transmission of an electronic commercial text message to a telephone number assigned to a Washington resident for cellular telephone or pager service that is equipped with short message capability or any similar capability allowing the transmission of text messages.

(2) The legislature finds that the practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 19.190 RCW to read as follows:

(1) It is not a violation of section 3 of this act if:

(a) The commercial electronic text message is transmitted at the direction of a person offering cellular telephone or pager service to the person's existing subscriber at no cost to the subscriber unless the subscriber has indicated that he or she is not willing to receive further commercial text messages from the person; or

(b) The unsolicited commercial electronic text message is transmitted by a person to a subscriber and the subscriber has clearly and affirmatively consented in advance to receive these text messages.

(2) No person offering cellular or pager service may be held liable for serving merely as an intermediary between the sender and the recipient of a commercial electronic text message sent in violation of this chapter unless the person is assisting in the transmission of the commercial electronic text message.

Sec. 5. RCW 19.190.040 and 1998 c 149 s 5 are each amended to read as follows:

(1) Damages to the recipient of a commercial electronic mail message or a commercial electronic text message sent in violation of this chapter are five hundred dollars, or actual damages, whichever is greater.

(2) Damages to an interactive computer service resulting from a violation of this chapter are one thousand dollars, or actual damages, whichever is greater."

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "messages;" strike the remainder of the title and insert "amending RCW 19.190.010 and 19.190.040; adding new sections to chapter 19.190 RCW; creating a new section; and prescribing penalties."

(b) The names and addresses of all persons having an interest in the business, or if the owner is a corporation, the names and addresses of the officers of the corporation;

(c) The names and addresses of all employees who serve as tow truck drivers;

(d) Proof of minimum insurance required by subsection (3) of this section;

(e) The vehicle license and vehicle identification numbers of all tow trucks of which the applicant is the registered owner;

Goals which are established shall take into account existing transportation demand management efforts which are made by major employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the worksite base year value or the base year value for the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty percent reduction from the base year values by January 1, 1997, twenty-five percent reduction from the base year values by January 1, 1999, and a thirty-five percent reduction from the base year values by January 1, 2005.

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full time employees at major worksites in federally designated nonattainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs.

(6) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, or towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, or regional transportation planning organizations to coordinate the development and implementation of such plans. Transit agencies shall work with counties, cities, and towns to take into account the location of major employer worksites when planning transit service changes or the expansion of public transportation services. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070.

(7) Each county, city, or town implementing a commute trip reduction program shall, within thirty days submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

(8) Each county, city, or town implementing a commute trip reduction program shall submit an annual progress report to the commute trip reduction task force established under RCW 70.94.537. The report shall be due July 1, 1994, and each July 1st thereafter through July 1, 2006. The report shall describe progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction task force established under RCW 70.94.537. The commute trip reduction task force may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.

(11) Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees' work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle use and vehicle miles traveled at that worksite. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite's approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.

(12) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

(13) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.

(d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;

(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;

MOTION

Senator Swecker moved that the following Committee on Agriculture striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 16.49 RCW to read as follows:

This chapter does not apply to the slaughter and preparation of one thousand or fewer pastured chickens in a calendar year by the agricultural producer of the chickens for the sale of whole raw chickens by the producer directly to the ultimate consumer at the producer's farm.

NEW SECTION. Sec. 2. A new section is added to chapter 69.07 RCW to read as follows:

(1) A special, temporary permit issued by the department under this section is required for the slaughter and preparation of one thousand or fewer pastured chickens in a calendar year by the agricultural producer of the chickens for the sale of whole raw chickens by the producer directly to the ultimate consumer at the producer's farm, and for such sale. Such activities shall not be conducted without the permit. However, if the activities are conducted under such a permit, the activities are exempted from any other licensing requirements of this chapter.

(2)(a) The department must adopt by rule requirements for a special, temporary permit for the activities described in subsection (1) of this section. The requirements must be generally patterned after those established by WAC 246-215-190 as it exists on the effective date of this section for temporary food service establishments, but must be tailored specifically to these slaughter, preparation, and sale activities. The requirements must include, but are not limited to, those for: Cooling procedures, when applicable; sanitary facilities, equipment, and utensils; clean water; washing and other hygienic practices; and waste and wastewater disposal.

(b) The rules must also identify the length of time such a permit is valid. In determining the length of time, the department must take care to ensure that it is adequate to accommodate the seasonal nature of the permitted activities. In adopting any rule under this section, the department must also carefully consider the economic constraints on the regulated activity.

(3) The department shall conduct such inspections of the activities permitted under this section as are reasonably necessary to ensure compliance with permit requirements.

(4) The fee for a special permit issued under this section is seventy-five dollars."

MOTION

Senator Jacobsen moved that the following amendments to the Committee on Agriculture striking amendments be considered simultaneously and be adopted:

"(2) For the purposes of this section, "chicken" means the species Gallus domesticus."

On page 2, after line 13 of the amendment, insert the following:

"(5) For the purposes of this section, "chicken" means the species Gallus domesticus."

POINT OF INQUIRY

Senator Honeyford: "Senator Jacobsen, can you tell me which came first, the chicken or the egg?"

Senator Jacobsen: " Senator Fraser stood up. Maybe she has the answer."

POINT OF INQUIRY

Senator Fraser: "Would Senator Jacobsen yield to a question?"

Senator Jacobsen: "Boy, this is a lot of responsibility for an assistant ranking minority member on the Agriculture Committee. I do."

Senator Fraser: "Well, thank you. I am actually very interested in this bill because it is a bill that provides women in agriculture more opportunity. So, my question is, do your amendments which define chickens--does it limit the number and types of chickens that people can include and take advantage of the opportunity provided by this bill? Does it include bantam chickens? I don't know how many kinds of chickens there are, but I am concerned about narrowing the definition too much."

Senator Jacobsen: "That is a very good question. I need to do a little more research and I am not sure that bantam chickens fall under that Latin name in the amendments. I am just guessing that they came from the island in Indonesia called

Bantam. So, I would assume that we need to look at that Latin term there. That is a very good question, because perhaps it is a different--I think it is a different specie." Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Jacobsen, is a rooster a chicken?"

Senator Jacobsen: "Yes, it is--definitely that. It takes a rooster and a chicken to make more chickens."

The President declared the question before the Senate to be the adoption of the amendments by Senator Jacobsen on page 1, lines 5 and 9, and page 2, line 13, to the Committee on Agriculture striking amendment to Engrossed House Bill No. 1754.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the littering of potentially dangerous products poses a greater danger to the public safety than other classes of litter. Broken glass, human waste, and other dangerous materials along roadways, within parking lots, and on pedestrian, bicycle, and recreation trails elevates the risk to public safety, such as vehicle tire punctures, and the risk to the community volunteers who spend their time gathering and properly disposing of the litter left behind by others. As such, the legislature finds that a higher penalty should be imposed on those who improperly dispose of potentially dangerous products, such as is imposed on those who improperly dispose of tobacco products.

PERSONAL PRIVILEGE

Senator Brown: "A point of personal privilege, Mr. President. I just want to take a moment. I think many of you may remember a few weeks ago when I lost my purse and I told you the story about the woman in Seattle who found it and spent the weekend trying to contact me and ultimately got it back to me. She was staying at the YWCA Emergency Womens Shelter. After I told that story, many of you began to give me donations and I ended up getting donations from several members, staff, lobbyists, some of our security personnel, the interns took up a collection and many of our Legislative Assistants took up a collection. In fact, the donations poured in.

"I went and met Darwnian and thanked her. She gave me my purse back. We ended up collecting nearly a thousand dollars, which was given to the Spokane and Seattle YWCA Womens Shelters. Darwnian, herself, was also given a gift. They bought gift cards, phone cards, bus passes and some Fred Meyer gift certificates for the women at the shelter. They were very excited about it. We gave them a video tape of my 'point of personal privilege' on the Senate floor. I am sure they would not want to hear all of my speeches. I just want to thank everybody for your generosity that I was able to pass on to them. They were very excited about it and the workers, particularly, at the Shelter--the women who work there--were really thrilled. They said this came at a great time for them and it really was going to help them renew their efforts to find some employment and some transitional housing. So, thank you all very much."

MOTION

On motion of Senator Honeyford, the following Committee on Natural Resources, Energy and Water striking amendment was not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares and reaffirms that a core principle embodied in chapter 90.82 RCW is that state agencies must work cooperatively with local citizens in a process of planning for future uses of water by giving local citizens and the governments closest to them the ability to determine the management of water in the WRIA or WRIs being planned.

The legislature further finds that this process of local planning must have all the tools necessary to accomplish this task and that it is essential for the legislature to provide a clear statutory process for implementation so that the locally developed plan will be the adopted and implemented plan to the greatest extent possible.

Sec. 2. RCW 90.82.040 and 2001 c 237 s 2 are each amended to read as follows:

(1) Once a WRIA planning unit has been initiated under RCW 90.82.060 and a lead agency has been designated, it shall notify the department and may apply to the department for funding assistance for conducting the planning and implementation. Funds shall be provided from and to the extent of appropriations made by the legislature to the department expressly for this purpose.

(2)(a) Each planning unit that has complied with subsection (1) of this section is eligible to receive watershed planning grants in the following amounts for the first three phases of watershed planning and phase four watershed plan implementation:

(i) Initiating governments may apply for an initial organizing grant of up to fifty thousand dollars for a single WRIA or up to seventy-five thousand dollars for a multi-WRIA management area in accordance with RCW 90.82.060(4);

(ii)(A) A planning unit may apply for up to two hundred thousand dollars for each WRIA in the management area for conducting watershed assessments in accordance with RCW 90.82.070, except that a planning unit that chooses to conduct a detailed assessment or studies under (a)(ii)(B) of this subsection or whose initiating governments choose or have chosen to include an instream flow or water quality component in accordance with RCW 90.82.080 or 90.82.090 may apply for up to one hundred thousand additional dollars for each instream flow and up to one hundred thousand additional dollars for each water quality component included for each WRIA to conduct an assessment on that optional component and for each WRIA in which the assessments or studies under (a)(ii)(B) of this subsection are conducted.

(B) A planning unit may elect to apply for up to one hundred thousand additional dollars to conduct a detailed assessment of multipurpose water storage opportunities or for studies of specific multipurpose storage projects which opportunities or projects are consistent with and support the other elements of the planning unit's watershed plan developed under this chapter; and

(iii) A planning unit may apply for up to two hundred fifty thousand dollars for each WRIA in the management area for developing a watershed plan and making recommendations for actions by local, state, and federal agencies, tribes, private property owners, private organizations, and individual citizens, including a recommended list of strategies and projects that would further the purpose of the plan in accordance with RCW 90.82.060 through 90.82.100.

(b) A planning unit may request a different amount for phase two or phase three of watershed planning than is specified in (a) of this subsection, provided that the total amount of funds awarded do not exceed the maximum amount the planning unit is eligible for under (a) of this subsection. The department shall approve such an alternative allocation of funds if the planning unit identifies how the proposed alternative will meet the goals of this chapter and provides a proposed timeline for the completion of planning. However, the up to one hundred thousand additional dollars in funding for instream flow and water quality components and for water storage assessments or studies that a planning unit may apply for under (a)(ii)(A) of this subsection may be used only for those instream flow, water quality, and water storage purposes.

(c) By December 1, 2001, or within one year of initiating phase one of watershed planning, whichever occurs later, the initiating governments for each planning unit must inform the department whether they intend to have the planning unit establish or amend instream flows as part of its planning process. If they elect to have the planning unit establish or amend instream flows, the planning unit is eligible to receive one hundred thousand dollars for that purpose in accordance with (a)(ii) of this subsection. If the initiating governments for a planning unit elect not to establish or amend instream flows as part of the unit's planning process, the department shall retain one hundred thousand dollars to carry out an assessment to support establishment of instream flows and to establish such flows in accordance with RCW 90.54.020(3)(a) and chapter 90.22 RCW. The department shall not use these funds to amend an existing instream flow unless requested to do so by the initiating governments for a planning unit.

(d) In administering funds appropriated for supplemental funding for optional plan components under (a)(ii) of this subsection, the department shall give priority in granting the available funds to proposals for setting or amending instream flows.

(e) A planning unit may apply for a matching grant for phase four watershed plan implementation. A match of ten percent is required and may include financial contributions or in-kind goods and services directly related to coordination and oversight functions. The match can be provided by the planning unit or by the combined commitments from federal agencies, tribal governments, local governments, special districts, or other local organizations. The phase four grant may be up to one hundred thousand dollars for each planning unit for each of the first three years of implementation. At the end of the three-year period, a two-year extension may be available for up to fifty thousand dollars each year. For planning units that cover more than one WRIA, additional matching funds of up to twenty-five thousand dollars may be available for each additional WRIA per year for the first three years of implementation, and up to twelve thousand five hundred dollars per WRIA per year for each of the fourth and fifth years.

(f) Within one year of accepting funding under (e) of this subsection, the planning unit must complete a detailed implementation plan. An implementation plan must clearly define coordination and oversight responsibilities; any needed interlocal agreements, rules, or ordinances; specific funding mechanisms; and timelines for carrying out the actions included in the plan. The planning unit must consider coordination of watershed planning implementation with salmon recovery efforts. Submittal of a detailed implementation plan to the department is a condition for receiving grants for the second and all subsequent years of the phase four grant.

(3)(a) The department shall use the eligibility criteria in this subsection (3) instead of rules, policies, or guidelines when evaluating grant applications at each stage of the grants program.

(b) In reviewing grant applications under this subsection (3), the department shall evaluate whether:

(i) The planning unit meets all of the requirements of this chapter;

(ii) The application demonstrates a need for state planning funds to accomplish the objectives of the planning process; and

(iii) The application and supporting information evidences a readiness to proceed.

(c) In ranking grant applications submitted at each stage of the grants program, the department shall give preference to applications in the following order of priority:

(i) Applications from existing planning groups that have been in existence for at least one year;

(ii) Applications that address protection and enhancement of fish habitat in watersheds that have aquatic fish species listed or proposed to be listed as endangered or threatened under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq. and for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning;

(iii) Applications that address protection and enhancement of fish habitat in watersheds or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning.

(d) Except for phase four watershed plan implementation, the department may not impose any local matching fund requirement as a condition for grant eligibility or as a preference for receiving a grant.

(4) The department may retain up to one percent of funds allocated under this section to defray administrative costs.

(5) Planning under this chapter should be completed as expeditiously as possible, with the focus being on local stakeholders cooperating to meet local needs.

(6) Funding provided under this section shall be considered a contractual obligation against the moneys appropriated for this purpose.

Sec. 3. RCW 90.82.130 and 2001 c 237 s 4 are each amended to read as follows:

(1)(a) Upon completing its proposed watershed plan, the planning unit may approve the proposal by consensus of all of the members of the planning unit or by consensus among the members of the planning unit appointed to represent units of government and a majority vote of the nongovernmental members of the planning unit.

(b) If the proposal is approved by the planning unit, the unit shall submit the proposal to the counties with territory within the management area. If the planning unit has received funding beyond the initial organizing grant under RCW 90.82.040, such a proposal approved by the planning unit shall be submitted to the counties within four years of the date that funds beyond the initial funding are first drawn upon by the planning unit.

(c) If the watershed plan is not approved by the planning unit, the planning unit may submit the components of the plan for which agreement is achieved using the procedure under (a) of this subsection, or the planning unit may terminate the planning process.

(2)(a) With the exception of a county legislative authority that chooses to opt out of watershed planning as provided in (c) of this subsection, the legislative authority of each of the counties with territory in the management area shall provide public notice of and conduct at least one public hearing on the proposed watershed plan submitted under this section. After the public hearings, the legislative authorities of these counties shall convene in joint session to consider the proposal. The counties may approve or reject the proposed watershed plan for the management area, but may not amend it. Approval of such a proposal shall be made by a majority vote of the members of each of the counties with territory in the management area.

(b) If a proposed watershed plan is not approved, it shall be returned to the planning unit with recommendations for revisions. Approval of such a revised proposal by the planning unit and the counties shall be made in the same manner provided for the original watershed plan. If approval of the revised plan is not achieved, the process shall terminate.

(c) A county legislative authority may choose to opt out of watershed planning under this chapter and the public hearing processes under (a) and (b) of this subsection if the county's affected territory within a particular management area is: (i) Less than five percent of the total territory within the management area; or (ii) five percent or more of the total territory within the management area and all other initiating governments within the management area consent. A county meeting these conditions and choosing to opt out shall notify the department and the other initiating governments of that choice prior to commencement of plan adoption under the provisions of (a) of this subsection. A county choosing to opt out shall not be bound by obligations contained in the watershed plan adopted for that management area under this chapter. Even if a county chooses to opt out as provided in this section, the other counties within a management area may adopt a proposed watershed plan as provided in this chapter.

(3) The planning unit shall not add an element to its watershed plan that creates an obligation unless each of the governments to be obligated has at least one representative on the planning unit and the respective members appointed to represent those governments agree to adding the element that creates the obligation. A member's agreeing to add an element shall be evidenced by a recorded vote of all members of the planning unit in which the members record support for adding the element. If the watershed plan is approved under subsections (1) and (2) of this section and the plan creates obligations: (a) For agencies of state government, the agencies shall adopt by rule the obligations of both state and county governments and rules implementing the state obligations, or, with the consent of the planning unit, may adopt policies, procedures, or agreements related to the obligations or implementation of the obligations. The obligations on state agencies are binding upon adoption of the obligations ((into rule)), and the agencies shall take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; ((or)) (b) for counties, the obligations are binding on the counties and the counties shall adopt any necessary implementing ordinances and take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; or (c) for an organization voluntarily accepting an obligation, the organization must adopt policies, procedures, agreements, rules, or ordinances to implement the plan, and should annually review implementation needs with respect to budget and staffing.

(4) After a plan is adopted in accordance with subsection (3) of this section, and if the department participated in the planning process, the plan shall be deemed to satisfy the watershed planning authority of the department with respect to the components included under the provisions of RCW 90.82.070 through 90.82.100 for the watershed or watersheds included in the plan. The department shall rely on such a plan in making all future water resource decisions for the planned watershed or watersheds. The department shall also rely upon the plan as a primary consideration in determining the public interest related to such decisions.

(5) Once a plan is adopted under the provisions of RCW 90.82.130, the department may only modify the plan or obligations imposed by the plan through a negotiated rule-making process conducted among water right holders and other affected residents in a watershed or group of watersheds, and must include the members of the original planning unit, to the greatest extent practicable.

(6) As used in this section, "obligation" means any action required as a result of this chapter that imposes upon a tribal government, county government, or state government, either: A fiscal impact; a redeployment of resources; or a change of existing policy.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void."

MOTION

Senator Honeyford moved that the following striking amendment by Senators Honeyford and Morton be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares and reaffirms that a core principle embodied in chapter 90.82 RCW is that state agencies must work cooperatively with local citizens in a process of planning for future uses of water by giving local citizens and the governments closest to them the ability to determine the management of water in the WRIA or WRIs being planned.

The legislature further finds that this process of local planning must have all the tools necessary to accomplish this task and that it is essential for the legislature to provide a clear statutory process for implementation so that the locally developed plan will be the adopted and implemented plan to the greatest extent possible.

Sec.2. RCW 90.82.040 and 2001 c 237 s 2 are each amended to read as follows:

(1) Once a WRIA planning unit has been initiated under RCW 90.82.060 and a lead agency has been designated, it shall notify the department and may apply to the department for funding assistance for conducting the planning and implementation. Funds shall be provided from and to the extent of appropriations made by the legislature to the department expressly for this purpose.

(2)(a) Each planning unit that has complied with subsection (1) of this section is eligible to receive watershed planning grants in the following amounts for the first three phases of watershed planning and phase four watershed plan implementation:

(i) Initiating governments may apply for an initial organizing grant of up to fifty thousand dollars for a single WRIA or up to seventy-five thousand dollars for a multi-WRIA management area in accordance with RCW 90.82.060(4);

(ii)(A) A planning unit may apply for up to two hundred thousand dollars for each WRIA in the management area for conducting watershed assessments in accordance with RCW 90.82.070, except that a planning unit that chooses to conduct a detailed assessment or studies under (a)(ii)(B) of this subsection or whose initiating governments choose or have chosen to include an instream flow or water quality component in accordance with RCW 90.82.080 or 90.82.090 may apply for up to one hundred thousand additional dollars for each instream flow and up to one hundred thousand additional dollars for each water quality component included for each WRIA to conduct an assessment on that optional component and for each WRIA in which the assessments or studies under (a)(ii)(B) of this subsection are conducted.

(B) A planning unit may elect to apply for up to one hundred thousand additional dollars to conduct a detailed assessment of multipurpose water storage opportunities or for studies of specific multipurpose storage projects which opportunities or projects are consistent with and support the other elements of the planning unit's watershed plan developed under this chapter; and

(iii) A planning unit may apply for up to two hundred fifty thousand dollars for each WRIA in the management area for developing a watershed plan and making recommendations for actions by local, state, and federal agencies, tribes, private property owners, private organizations, and individual citizens, including a recommended list of strategies and projects that would further the purpose of the plan in accordance with RCW 90.82.060 through 90.82.100.

(b) A planning unit may request a different amount for phase two or phase three of watershed planning than is specified in (a) of this subsection, provided that the total amount of funds awarded do not exceed the maximum amount the planning unit is eligible for under (a) of this subsection. The department shall approve such an alternative allocation of funds if the planning unit identifies how the proposed alternative will meet the goals of this chapter and provides a proposed timeline for the completion of planning. However, the up to one hundred thousand additional dollars in funding for instream flow and water quality components and for water storage assessments or studies that a planning unit may apply for under (a)(ii)(A) of this subsection may be used only for those instream flow, water quality, and water storage purposes.

(c) By December 1, 2001, or within one year of initiating phase one of watershed planning, whichever occurs later, the initiating governments for each planning unit must inform the department whether they intend to have the planning unit establish or amend instream flows as part of its planning process. If they elect to have the planning unit establish or amend instream flows, the planning unit is eligible to receive one hundred thousand dollars for that purpose in accordance with (a)(ii) of this subsection. If the initiating governments for a planning unit elect not to establish or amend instream flows as part of the unit's planning process, the department shall retain one hundred thousand dollars to carry out an assessment to support establishment of instream flows and to establish such flows in accordance with RCW 90.54.020(3)(a) and chapter 90.22 RCW. The department shall not use these funds to amend an existing instream flow unless requested to do so by the initiating governments for a planning unit.

(d) In administering funds appropriated for supplemental funding for optional plan components under (a)(ii) of this subsection, the department shall give priority in granting the available funds to proposals for setting or amending instream flows.

(e) A planning unit may apply for a matching grant for phase four watershed plan implementation following approval under the provisions of RCW 90.82.130. A match of ten percent is required and may include financial contributions or in-kind goods and services directly related to coordination and oversight functions. The match can be provided by the planning unit or by the combined commitments from federal agencies, tribal governments, local governments, special districts, or other local organizations. The phase four grant may be up to one hundred thousand dollars for each planning unit for each of the first three years of implementation. At the end of the three-year period, a two-year extension may be available for up to fifty thousand dollars each year. For planning units that cover more than one WRIA, additional matching funds of up to twenty-five thousand dollars may be available for each additional WRIA per year for the first three years of implementation, and up to twelve thousand five hundred dollars per WRIA per year for each of the fourth and fifth years.

(3)(a) The department shall use the eligibility criteria in this subsection (3) instead of rules, policies, or guidelines when evaluating grant applications at each stage of the grants program.

(b) In reviewing grant applications under this subsection (3), the department shall evaluate whether:

(i) The planning unit meets all of the requirements of this chapter;

(ii) The application demonstrates a need for state planning funds to accomplish the objectives of the planning process; and

(iii) The application and supporting information evidences a readiness to proceed.

(c) In ranking grant applications submitted at each stage of the grants program, the department shall give preference to applications in the following order of priority:

(i) Applications from existing planning groups that have been in existence for at least one year;

(ii) Applications that address protection and enhancement of fish habitat in watersheds that have aquatic fish species listed or proposed to be listed as endangered or threatened under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq. and for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning;

(iii) Applications that address protection and enhancement of fish habitat in watersheds or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning.

(d) Except for phase four watershed plan implementation, the department may not impose any local matching fund requirement as a condition for grant eligibility or as a preference for receiving a grant.

(4) The department may retain up to one percent of funds allocated under this section to defray administrative costs.

(5) Planning under this chapter should be completed as expeditiously as possible, with the focus being on local stakeholders cooperating to meet local needs.

(6) Funding provided under this section shall be considered a contractual obligation against the moneys appropriated for this purpose.

NEW SECTION. Sec. 3. A new section is added to chapter 90.82 RCW to read as follows:

(1) Within one year of accepting funding under RCW 90.82.040(2)(e), the planning unit must complete a detailed implementation plan. Submittal of a detailed implementation plan to the department is a condition of receiving grants for the second and all subsequent years of the phase four grant.

(2) Each implementation plan must contain strategies to provide sufficient water for: (a) Production agriculture; (b) commercial, industrial, and residential use; and (c) instream flows. Each implementation plan must contain timelines to achieve these strategies and interim milestones to measure progress.

(3) The implementation plan must clearly define coordination and oversight responsibilities; any needed interlocal agreements, rules, or ordinances; any needed state or local administrative approvals and permits that must be secured; and specific funding mechanisms.

(4) In developing the implementation plan, the planning unit must consult with other entities planning in the watershed management area and identify and seek to eliminate any activities or policies that are duplicative or inconsistent.

(5) By December 1, 2003, and by December 1st of each subsequent year, the director of the department shall report to the appropriate legislative standing committees regarding statutory changes necessary to enable state agency approval or permit decision making needed to implement a plan approved under this chapter.

Sec. 4. RCW 90.82.080 and 1998 c 247 s 4 are each amended to read as follows:

(1)(a) If the initiating governments choose, by majority vote, to include an instream flow component, it shall be accomplished in the following manner:

(i) If minimum instream flows have already been adopted by rule for a stream within the management area, unless the members of the local governments and tribes on the planning unit by a recorded unanimous vote request the department to modify those flows, the minimum instream flows shall not be modified under this chapter. If the members of local governments and tribes request the planning unit to modify instream flows and unanimous approval of the decision to modify such flow is not achieved, then the instream flows shall not be modified under this section;

(ii) If minimum stream flows have not been adopted by rule for a stream within the management area, setting the minimum instream flows shall be a collaborative effort between the department and members of the planning unit. The department must attempt to achieve consensus and approval among the members of the planning unit regarding the minimum flows to be adopted by the department. Approval is achieved if all government members and tribes that have been invited and accepted on the planning unit present for a recorded vote unanimously vote to support the proposed minimum instream flows, and all nongovernmental members of the planning unit present for the recorded vote, by a majority, vote to support the proposed minimum instream flows.

(b) The department shall undertake rule making to adopt flows under (a) of this subsection. The department may adopt the rules either by the regular rules adoption process provided in chapter 34.05 RCW, the expedited rules adoption process as set forth in RCW ((34.05.230)) 34.05.353, or through a rules adoption process that uses public hearings and notice provided by the county legislative authority to the greatest extent possible. Such rules do not constitute significant legislative rules as defined in RCW 34.05.328, and do not require the preparation of small business economic impact statements.

(c) If approval is not achieved within four years of the date the planning unit first receives funds from the department for conducting watershed assessments under RCW 90.82.040, the department may promptly initiate rule making under chapter 34.05 RCW to establish flows for those streams and shall have two additional years to establish the instream flows for those streams for which approval is not achieved.

(2)(a) Notwithstanding RCW 90.03.345, minimum instream flows set under this section for rivers or streams that do not have existing minimum instream flow levels set by rule of the department shall have a priority date of two years after funding is first received from the department under RCW 90.82.040, unless determined otherwise by a unanimous vote of the members of the planning unit but in no instance may it be later than the effective date of the rule adopting such flow.

(b) Any increase to an existing minimum instream flow set by rule of the department shall have a priority date of two years after funding is first received for planning in the WRIA or multi-WRIA area from the department under RCW 90.82.040 and the priority date of the portion of the minimum instream flow previously established by rule shall retain its priority date as established under RCW 90.03.345.

(c) Any existing minimum instream flow set by rule of the department that is reduced shall retain its original date of priority as established by RCW 90.03.345 for the revised amount of the minimum instream flow level.

(3) Before setting minimum instream flows under this section, the department shall engage in government-to-government consultation with affected tribes in the management area regarding the setting of such flows.

(4) Nothing in this chapter either: (a) Affects the department's authority to establish flow requirements or other conditions under RCW 90.48.260 or the federal clean water act (33 U.S.C. Sec. 1251 et seq.) for the licensing or relicensing of a hydroelectric power project under the federal power act (16 U.S.C. Sec. 791 et seq.); or (b) affects or impairs existing instream flow requirements and other conditions in a current license for a hydroelectric power project licensed under the federal power act.

(5) If the planning unit is unable to obtain unanimity under subsection (1) of this section, the department may adopt rules setting such flows.

(6) The department shall report annually to the appropriate legislative standing committees on the progress of instream flows being set under this chapter, as well as progress toward setting instream flows in those watersheds not being planned under this chapter. The report shall be made by December 1, 2003, and by December 1st of each subsequent year.

Sec. 5. RCW 90.82.130 and 2001 c 237 s 4 are each amended to read as follows:

(1)(a) Upon completing its proposed watershed plan, the planning unit may approve the proposal by consensus of all of the members of the planning unit or by consensus among the members of the planning unit appointed to represent units of government and a majority vote of the nongovernmental members of the planning unit.

(b) If the proposal is approved by the planning unit, the unit shall submit the proposal to the counties with territory within the management area. If the planning unit has received funding beyond the initial organizing grant under RCW 90.82.040, such a proposal approved by the planning unit shall be submitted to the counties within four years of the date that funds beyond the initial funding are first drawn upon by the planning unit.

(c) If the watershed plan is not approved by the planning unit, the planning unit may submit the components of the plan for which agreement is achieved using the procedure under (a) of this subsection, or the planning unit may terminate the planning process.

(2)(a) With the exception of a county legislative authority that chooses to opt out of watershed planning as provided in (c) of this subsection, the legislative authority of each of the counties with territory in the management area shall provide public notice of and conduct at least one public hearing on the proposed watershed plan submitted under this section. After the public hearings, the legislative authorities of these counties shall convene in joint session to consider the proposal. The counties may approve or reject the proposed watershed plan for the management area, but may not amend it. Approval of such a proposal shall be made by a majority vote of the members of each of the counties with territory in the management area.

(b) If a proposed watershed plan is not approved, it shall be returned to the planning unit with recommendations for revisions. Approval of such a revised proposal by the planning unit and the counties shall be made in the same manner provided for the original watershed plan. If approval of the revised plan is not achieved, the process shall terminate.

(c) A county legislative authority may choose to opt out of watershed planning under this chapter and the public hearing processes under (a) and (b) of this subsection if the county's affected territory within a particular management area is: (i) Less than five percent of the total territory within the management area; or (ii) five percent or more of the total territory within the management area and all other initiating governments within the management area consent. A county meeting these conditions and choosing to opt out shall notify the department and the other initiating governments of that choice prior to commencement of plan adoption under the provisions of (a) of this subsection. A county choosing to opt out under the provisions of this section shall not be bound by obligations contained in the watershed plan adopted for that management area under this chapter. Even if a county chooses to opt out under the provisions of this section, the other counties within a management area may adopt a proposed watershed plan as provided in this chapter.

(3) The planning unit shall not add an element to its watershed plan that creates an obligation unless each of the governments to be obligated has at least one representative on the planning unit and the respective members appointed to represent those governments agree to adding the element that creates the obligation. A member's agreeing to add an element shall be evidenced by a recorded vote of all members of the planning unit in which the members record support for adding the element. If the watershed plan is approved under subsections (1) and (2) of this section and the plan creates obligations: (a) For agencies of state government, the agencies shall adopt by rule the obligations of both state and county governments and rules implementing the state obligations, or, with the consent of the planning unit, may adopt policies, procedures, or agreements related to the obligations or implementation of the obligations in addition to or in lieu of rules. The obligations on state agencies are binding upon adoption of the obligations (~~into rule~~), and the agencies shall take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; ~~(or)~~ (b) for counties, the obligations are binding on the counties and the counties shall adopt any necessary implementing ordinances and take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; or (c) for an organization voluntarily accepting an obligation, the organization must adopt policies, procedures, agreements, rules, or ordinances to implement the plan, and should annually review implementation needs with respect to budget and staffing.

(4) After a plan is adopted in accordance with subsection (3) of this section, and if the department participated in the planning process, the plan shall be deemed to satisfy the watershed planning authority of the department with respect to the components included under the provisions of RCW 90.82.070 through 90.82.100 for the watershed or watersheds included in the plan. The department shall use the plan as the framework for making future water resource decisions for the planned watershed or watersheds. Additionally, the department shall rely upon the plan as a primary consideration in determining the public interest related to such decisions.

(5) Once a WRIA plan has been approved under subsection (2) of this section for a watershed, the department may develop and adopt modifications to the plan or obligations imposed by the plan only through a form of negotiated rule making that uses the same processes that applied in that watershed for developing the plan.

(6) As used in this section, "obligation" means any action required as a result of this chapter that imposes upon a tribal government, county government, or state government, either: A fiscal impact; a redeployment of resources; or a change of existing policy."

Debate ensued.

POINT OF INQUIRY

Senator Benton: "Senator Horn, in your comments, you mentioned that this would be allowable if it was done by agreement. I would like to have some elaboration on that, because as I read the bill it actually says, 'the city and town may exercise travel control restriction over any private road or street.' So, I am a little concerned that we may granting extensive authority to cities, towns or counties to exercise traffic control authority over private roads that are owned privately by people. That would cause me some great concern. I don't see where it allows provisions for the agreement or for the agreement to be broken. Can you clarify that for me, please?"

Senator Horn: "Yes, Senator Benton. I think you are addressing the very thing that we addressed in committee and you are looking at the original bill instead of the striking amendment that we are talking about. The striking amendment very specifically says that state, local or county enforcement personnel may enforce speeding violations under RCW 46.61.400 or on private roads within communities organized under Chapter 64.38 RCW, if a whole set of conditions exist. So, that is what we did in committee to tighten this bill up very specifically. Thank you for your question."

Further debate ensued.
The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 1379, as amended by the Senate.

~~(3) ((Property owned by humane societies in this state in actual use by such societies)) The use of property exempt under subsection (1)(b) of this section by entities not eligible for a property tax exemption under this chapter, except as provided in this section, nullifies the exemption otherwise available for the property for the assessment year. The exemption is not nullified if:~~

~~(a) The property is used by entities not eligible for a property tax exemption under this chapter for periods of not more than fifteen days in the calendar year;~~

~~(b) The property is not used for pecuniary gain or to promote business activities for more than seven of the fifteen days in the calendar year;~~

~~(c) The property is used for the production and performance of musical, dance, artistic, dramatic, or literary works or for community gatherings or assembly, or meetings; and~~

~~(d) The amount of any rent or donations is reasonable and does not exceed maintenance and operation expenses created by the user.~~

(b) The use of the property for fund-raising activities does not subject the property to tax if the fund-raising activities are consistent with the purposes for which the exemption is granted.

(3) The property must be irrevocably dedicated to the purpose for which exemption has been granted, and on the liquidation, dissolution, or abandonment by said organization, association, or corporation, said property will not inure directly or indirectly to the benefit of any shareholder or individual, except a nonprofit organization, association, or corporation which too would be entitled to property tax exemption. This property need not be irrevocably dedicated if it is leased or rented to those qualified for exemption under this chapter or RCW 84.36.560 for leased property, but only if under the terms of the lease or rental agreement the nonprofit organization, association, or corporation receives the benefit of the exemption.

(4) The facilities and services must be available to all regardless of race, color, national origin or ancestry.

(5) The organization, association, or corporation must be duly licensed or certified where such licensing or certification is required by law or regulation.

(6) Property sold to organizations, associations, or corporations with an option to be repurchased by the seller shall not qualify for exempt status. This subsection does not apply to property sold to a nonprofit entity, as defined in RCW 84.36.560(7), by:

(3) ~~((Property owned by humane societies in this state in actual use by such societies))~~ The use of property exempt under subsection (1)(a) or (b) of this section by entities not eligible for a property tax exemption under this chapter, except as provided in this section, nullifies the exemption otherwise available for the property for the assessment year. The exemption is not nullified if:

(a) The property is used by entities not eligible for a property tax exemption under this chapter for periods of not more than fifteen days in the calendar year;

(b) The property is not used for pecuniary gain or to promote business activities for more than seven of the fifteen days in the calendar year;

(c) The property is used for artistic, scientific, or historic purposes, for the production and performance of musical, dance, artistic, dramatic, or literary works, or for community gatherings or assembly, or meetings; and

(d) The amount of any rent or donations is reasonable and does not exceed maintenance and operation expenses created by the user.

Sec. 2. RCW 84.36.805 and 2001 1st sp.s. c 7 s 2 are each amended to read as follows:

(ii) Except for the exemptions under RCW 84.36.030(4) (~~and~~) 84.36.037, and 84.36.060(1)(a) and (b), the property would be exempt from tax if owned by the organization to which it is loaned or rented;

(b) The use of the property for fund-raising activities does not subject the property to tax if the fund-raising activities are consistent with the purposes for which the exemption is granted.

(3) The property must be irrevocably dedicated to the purpose for which exemption has been granted, and on the liquidation, dissolution, or abandonment by said organization, association, or corporation, said property will not inure directly or indirectly to the benefit of any shareholder or individual, except a nonprofit organization, association, or corporation which too would be entitled to property tax exemption. This property need not be irrevocably dedicated if it is leased or rented to those qualified for exemption under this chapter or RCW 84.36.560 for leased property, but only if under the terms of the lease or rental agreement the nonprofit organization, association, or corporation receives the benefit of the exemption.

(4) The facilities and services must be available to all regardless of race, color, national origin or ancestry.

(5) The organization, association, or corporation must be duly licensed or certified where such licensing or certification is required by law or regulation.

(8) This section does not apply to exemptions granted under RCW 84.36.020, 84.36.032, 84.36.250, and 84.36.260."

POINT OF INQUIRY

Senator Fairley: "Senator Hargrove, what happens if the agency is unable to make this determination within ten days?"

Senator Hargrove: "They told me that that was their practice. They are doing it within ten days now. The original bill just basically said, 'go forth and do good.' I wanted them to put in the code exactly what they are doing, so they couldn't change it on us later."

Senator Fairley: "Thank you."

POINT OF INQUIRY

Senator Thibaudeau: "Senator Hargrove, how many FTEs are required to do this--under you amendment?"
Senator Hargrove: "There will be no more. This is current practice--what they are doing. The bill is intended to simplify the reporting and this will bring them into line with exactly what their current practice is."

Senator Thibaudeau: "So, the sanctions mentioned in the bill report could amount to millions of dollars--could not be offered"

Senator Hargrove: "That is the point. We are potentially at risk as a state of losing several million dollars, because of our error rate on either accepting or not accepting people under these programs."

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Hargrove and Stevens to House Bill No. 1635.

SUBSTITUTE HOUSE BILL NO. 1250, by House Committee on Agriculture and Natural Resources (originally sponsored by Representatives Eickmeyer, Schoesler, Linville, Sump, Quall and Mielke) (by request of Commissioner of Public Lands Sutherland)

Determining annual rental rates for the lease of state-owned aquatic lands for qualifying marinas.

The bill was read the second time.

MOTION

Senator Morton moved that the following Committee on Natural Resources, Energy and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79.90.480 and 1998 c 185 s 2 are each amended to read as follows:

Except as otherwise provided by this chapter, annual rent rates for the lease of state-owned aquatic lands for water-dependent uses shall be determined as follows:

(1)(a) The assessed land value, exclusive of improvements, as determined by the county assessor, of the upland tax parcel used in conjunction with the leased area or, if there are no such uplands, of the nearest upland tax parcel used for water-dependent purposes divided by the parcel area equals the upland value.

(b) The upland value times the area of leased aquatic lands times thirty percent equals the aquatic land value.

(2) As of July 1, 1989, and each July 1 thereafter, the department shall determine the real capitalization rate to be applied to water-dependent aquatic land leases commencing or being adjusted under subsection (3)(a) of this section in that fiscal year. The real capitalization rate shall be the real rate of return, except that until June 30, 1989, the real capitalization rate shall be five percent and thereafter it shall not change by more than one percentage point in any one year or be more than seven percent or less than three percent.

(3) The annual rent shall be:

(a) Determined initially, and redetermined every four years or as otherwise provided in the lease, by multiplying the aquatic land value times the real capitalization rate; and

(b) Adjusted by the inflation rate each year in which the rent is not determined under subsection (3)(a) of this section.

(4) If the upland parcel used in conjunction with the leased area is not assessed or has an assessed value inconsistent with the purposes of the lease, the nearest comparable upland parcel used for similar purposes shall be substituted and the lease payment determined in the same manner as provided in this section.

(5) For the purposes of this section, "upland tax parcel" is a tax parcel, some portion of which has upland characteristics. Filled tidelands or shorelands with upland characteristics which abut state-owned aquatic land shall be considered as uplands in determining aquatic land values.

(6) The annual rent for filled state-owned aquatic lands that have the characteristics of uplands shall be determined in accordance with RCW 79.90.500 in those cases in which the state owns the fill and has a right to charge for the fill.

(7)(a) For leases for marina uses only, ~~((beginning on June 11, 1998)) as of July 1, 2004, ((the annual rental rates in effect on December 31, 1997, shall remain in effect until July 1, 1999, at which time the annual water-dependent rent shall be determined by the method in effect at that time. In order to be eligible for the rate to remain at this level, a marina lease must be in good standing, meaning that the lessee must be current with payment of rent, the lease not expired or in approved holdover status, and the lessee not in breach of other terms of the agreement))~~ lease rates will be a percentage of the annual gross revenues generated by that marina. It is the intent of the legislature that additional legislation be enacted prior to July 1, 2004, to establish the percentage of gross revenues that will serve as the basis

for a marina's rent and a definition of gross revenues. Annual rent must be recalculated each year based upon the marina's gross revenues from the previous year, as reported to the department consistent with this subsection (7).

(b) By December 31, 2003, the department will develop a recommended formula for calculating marina rents consistent with this subsection (7) and report the recommendation to the legislature. The formula recommended by the department must include a percentage or a range of percentages of gross revenues, a system for implementing such percentages, and the designation of revenue sources to be considered for rent calculation purposes. The department must also ensure, given the available information, that the rent formula recommended by the department is initially calculated to maintain state proceeds from marina rents as of July 1, 2003, and that if the department does not receive income reporting forms representing at least ninety percent of the projected annual marina revenue and at least seventy-five percent of all marinas, the current model for calculating marina rents, as described in subsections (1) through (6) of this section, will continue to be the method used to calculate marina rents, and the income method, as described in (a) of this subsection, will not be applied. In addition to the percent of marina income, the department shall determine its direct administrative costs (cost of hours worked directly on applications and leases, based on salaries and benefits, plus travel reimbursement and other actual out-of-pocket costs) to calculate, audit, execute, and monitor marina leases, and shall recover these costs from lessees. All administrative costs recovered by the department must be deposited into the resource management cost account created in RCW 79.64.020. Prior to making recommendations to the legislature, a work session consisting of the department, marina owners, and stakeholders must be convened to discuss the rate-setting criteria. The legislature directs the department to deliver recommendations to the legislature by December 2003, including any minority reports by the participating parties.

(c) When developing its recommendation for a marina lease formula consistent with this subsection (7), the department shall ensure that the percentage of revenue established is applied to the income of the direct lessee, as well as to the income of any person or entity that subleases, or contracts to operate the marina, with the direct lessee, less the amount paid by the sublease to the direct lessee.

(d) All marina operators under lease with the department must return to the department an income reporting form, provided by the department, and certified by a licensed certified public accountant, before July 1, 2003, and again annually on a date set by the department. On the income reporting form, the department may require a marina to disclose to the department any information about income from all marina-related sources, excluding restaurants and bars. All income reports submitted to the department are subject to either audit or verification, or both, by the department, and the department may inspect all of the lessee's books, records, and documents, including state and federal income tax returns relating to the operation of the marina and leased aquatic lands at all reasonable times. If the lessee fails to submit the required income reporting form once the new method for calculating marina rents is effective, the department may conduct an audit at the lessee's expense or cancel the lease.

(e) Initially, the marina rent formula developed by the department pursuant to (b) of this subsection will be applied to each marina on its anniversary date, beginning on July 1, 2004, and will be based on that marina's 2003 income information. Thereafter, rents will be recalculated each year, based on the marina's gross revenue from the previous year.

(f) No marina lease may be for less than five hundred dollars plus direct administrative costs.

(8) For all new leases for (~~marinas, or any~~) other water-dependent uses, issued after December 31, 1997, the initial annual water-dependent rent shall be determined by the methods in subsections (1) through (6) of this section.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B + offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

**OPTION C
MANIFEST INJUSTICE**

If the court determines that a disposition under option A or B would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

MOTION

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 46.70.180 and 2001 c 272 s 10 and 2001 c 64 s 9 are each reenacted and amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale. However, an amount not to exceed thirty-five dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The documentary service fee is not represented to the purchaser or lessee as a fee or charge required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to thirty-five dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:

(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

Sec. 2. RCW 63.14.010 and 1999 c 113 s 1 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. The term includes but is not limited to merchandise certificates or coupons, issued by a retail seller, to be used in their face amount in lieu of cash in exchange for goods or services sold by such a seller and goods which, at the time of sale or subsequently, are to be so affixed to real property as to become a part thereof, whether or not severable therefrom;

SECOND READING

HOUSE JOINT MEMORIAL NO. 4021, by Representatives Wallace, Crouse, Morris, Condotta, Lovick, Kessler, Darneille, Berkey, Hatfield, Hudgins, Moeller and Blake

Requesting that the Bonneville Power Administration not raise rates.

The joint memorial was read the second time.

MOTION

On motion of Senator Benton, the following Committee on Natural Resources, Energy and Water amendment was adopted:

Beginning on page 1, after line 10, strike all material through "Washington." on page 3, line 2, and insert the following:
"WHEREAS, The State of Washington's economy is constructed on affordable and reliable electricity; and
WHEREAS, Energy prices in the Northwest are threatening businesses and industries, including aluminum companies; and
WHEREAS, The Bonneville Power Administration is proposing yet another rate increase to go into effect on October 1, 2003; and
WHEREAS, The proposed increase is 15% more than the current rates, which are already extremely high due to the more than 50% increase that has already occurred in the last couple of years; and
WHEREAS, This increase will cost the state's economy one billion dollars over the next three years; and
WHEREAS, Many industries moved to Washington to take advantage of low-cost hydroelectric power. They are now paying more for power in Washington than in most of their other locations in the nation; and
WHEREAS, Without affordable energy for these industries (aluminum, pulp and paper, aerospace, agriculture, etc.), thousands of family-wage jobs will be lost; and
WHEREAS, Many of these jobs are in rural and economically challenged areas. These industries are at the core of many Northwest communities and provide the foundation for numerous secondary employment opportunities and also provide substantial tax revenues; and
WHEREAS, The proposed rate increase will do more than jeopardize high paying jobs. The nation is suffering a severe recession and the Pacific Northwest is already the hardest hit region in the country; and
WHEREAS, Any increase in Bonneville Power Administration rates will only slow or prevent economic recovery as well as exacerbate the state's budget crisis; and
WHEREAS, The Bonneville Power Administration has the tools available to meet all of its legal obligations, including protecting fish and wildlife, without raising rates; and
WHEREAS, As a result of its \$500 million in prepayments to Treasury to avoid a rate increase, the Bonneville Power Administration can cut costs (not just slow its rate of growth) and utilize its newly acquired additional borrowing authority and the flexibility it has garnered; and
WHEREAS, This region simply cannot support an additional billion dollar hit to its economy over the next three years;
NOW, THEREFORE, Your Memorialists respectfully communicate their request for the Bonneville Power Administration to refrain from adopting rate increases at this time, unless absolutely necessary to preserve its bond rating, and to use other tools at its disposal to manage costs until economic recovery is in sight.
BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, Steven Wright, Administrator of the Bonneville Power Administration, Spencer Abraham, Secretary of Energy, Tom Ridge, Secretary of the Department of Homeland Security, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

PART 7 COMMUNITY OUTDOOR ATHLETIC FIELDS ADVISORY COUNCIL

Sec. 701. RCW 79A.25.800 and 2000 c 11 s 80 are each amended to read as follows:

(1) The legislature recognizes that coordinated funding efforts are needed to maintain, develop, and improve the state's community outdoor athletic fields. Rapid population growth and increased urbanization have caused a decline in suitable outdoor fields for community athletic activities and has resulted in overcrowding and deterioration of existing surfaces. Lack of adequate community outdoor athletic fields directly affects the health and well-being of all citizens of the state, reduces the state's economic viability, and prevents Washington from maintaining and achieving the quality of life that it deserves. Therefore, it is the policy of the state and its agencies to maintain, develop, fund, and improve youth or community athletic facilities, including but not limited to community outdoor athletic fields.

(2) In carrying out this policy, the legislature intends to promote the building of new community outdoor athletic fields, the upgrading of existing community outdoor athletic fields, and the maintenance of existing community outdoor athletic fields across the state of Washington. ~~((The purpose of RCW 79A.25.800 through 79A.25.830 is to create an advisory council to provide information and advice to the interagency committee for outdoor recreation in the distribution of the funds in the youth athletic facility grant account established in RCW 43.99N.060(4).))~~

Sec. 702. RCW 79A.25.820 and 2000 c 11 s 81 are each amended to read as follows:

Subject to available resources, the interagency committee for outdoor recreation ~~((, in consultation with the community outdoor athletic fields advisory council))~~ may:

(1) Prepare and update a strategic plan for the development, maintenance, and improvement of community outdoor athletic fields in the state. In the preparation of such plan, the interagency committee for outdoor recreation may use available data from federal, state, and local agencies having community outdoor athletic responsibilities, user groups, private sector interests, and the general public. The plan may include, but is not limited to:

- (a) An inventory of current community outdoor athletic fields;
- (b) A forecast of demand for these fields;
- (c) An identification and analysis of actual and potential funding sources; and
- (d) Other information the interagency committee for outdoor recreation deems appropriate to carry out the purposes of RCW 79A.25.800 through 79A.25.830;

(2) Determine the eligibility requirements for cities, counties, and qualified nonprofit organizations to access funding from the youth athletic facility ~~((grant))~~ account created in RCW 43.99N.060(4);

(3) Encourage and provide opportunities for interagency and regional coordination and cooperative efforts between public agencies and between public entities and nonprofit organizations involved in the maintenance, development, and improvement of community outdoor athletic fields; and

(4) Create and maintain data, studies, research, and other information relating to community outdoor athletic fields in the state, and to encourage the exchange of this information.

NEW SECTION. Sec. 703. RCW 79A.25.810 (Community outdoor athletic fields advisory council) and 2001 c 245 s 1 & 1998 c 264 s 2 are each repealed.

(1) The director shall furnish to all persons making satisfactory application for vehicle license as provided by law, two identical vehicle license number plates each containing the vehicle license number to be displayed on such vehicle as by law required: PROVIDED, That if the vehicle to be licensed is a trailer, semitrailer or motorcycle only one vehicle license number plate shall be issued for each thereof. The number and plate shall be of such size and color and shall contain such symbols indicative of the registration period for which the same is issued and of the state of Washington, as shall be determined and prescribed by the director. Any vehicle license number plate or plates issued to a dealer shall contain thereon a sufficient and satisfactory indication that such plates have been issued to a dealer in vehicles. All vehicle license number plates ~~((may))~~ shall be obtained by the director from the metal working plant of a state correctional facility ~~((or from any source in accordance with existing state of Washington purchasing procedures)).~~

(2) Notwithstanding the foregoing provisions of this section, the director may, in his discretion and under such rules and regulations as he may prescribe, adopt a type of vehicle license number plates whereby the same shall be used as long as legible on the vehicle for which issued, with provision for tabs or emblems to be attached thereto or elsewhere on the vehicle to signify renewals, in which event the term "vehicle license number plate" as used in any enactment shall be deemed to include in addition to such plate the tab or emblem signifying renewal except when such plate contains the designation of the current year without reference to any tab or emblem. Renewals shall be effected by the issuance and display of such tab or emblem.

(3) The department shall implement a flat, digitally printed license plate system. This system must be in place and operational by July 1, 2004, and must be used to produce all license plates issued by the department by no later than January 1, 2007. The department must phase in the production of flat, digitally printed license plates by first issuing special and personalized plates using this system. Before January 1, 2007, the department may issue all license plates as flat, digitally printed license plates, if the department determines that production of all license plates by the digital printing system is economically viable.

Sec. 2. RCW 46.16.233 and 2000 c 37 s 1 are each amended to read as follows:

(1) Except for those license plates issued under RCW 46.16.305(1) before January 1, 1987, under RCW 46.16.305(3), and to commercial vehicles with a gross weight in excess of twenty-six thousand pounds, effective with vehicle registrations due or to become due on January 1, 2001, the appearance of all vehicle license plates must be (issued on a standard background) legible and clearly identifiable as a Washington state license plate, as designated by the department.

Frequency of replacement shall be established in accordance with empirical studies documenting the longevity of the reflective materials used to make license plates.

(f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.

(4)(a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.

(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. (6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.
