Sec. 1211. 2002 c 359 s 226 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X

Puget Sound Ferry Operations Account--State

Appropriation (~~(\$314,312,000)~~)

\$313,250,000

The appropriation in this section is subject to the following conditions and limitations and specified amounts are provided solely for that activity:

(1) The appropriation is based on the budgeted expenditure of (~~(\$35,159,000)~~) \$35,797,000 for vessel operating fuel in the 2001-2003 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

(2) The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2001-2003 biennium may not exceed \$207,065,000 plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of \$432.82 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for the respective fiscal year, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2001-2003 biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "B" (7.2.6.2).

The prescribed salary and insurance benefit increase or decrease dollar amount that shall be allocated from the governor's compensation appropriations is in addition to the appropriation contained in this section and may be used to increase or decrease compensation costs, effective July 1, 2001, and thereafter, as established in the 2001-2003 general fund operating budget.

(3) The department shall issue a request for information from entities interested in purchasing advertising on board Washington state ferry vessels. The department shall evaluate the proposals and report back to the legislature's transportation committees in January 2002 regarding the potential for revenue from different types of advertising.

(4) The department may enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities.

(a) The department may enter into the contracts only (I) with private vendors that are already established businesses offering goods for sale to the general public; and (ii) if it determines that the vendor's established location has the potential to serve a significant percentage of the customers using a particular ferry route.

(b) The department may adopt necessary rules and procedures to allow the use of credit and debit cards to purchase ferry tickets or medium from a private vendor who has contracted with the department to sell ferry tickets or medium. The department may establish a convenience fee to be paid by all persons purchasing ferry tickets and medium at locations other than Washington state ferry terminals or facilities. The convenience fee must be sufficient to offset the charges imposed on the department by the credit and debit card companies. In no event may the use of credit or debit cards authorized by this section create a loss of revenue to the state. The use of a personal credit card does not rely upon the credit of the state as prohibited by Article VIII, section 5 of the state Constitution.

(5) The legislature recognizes the value of a regional fare collection system to promote intermodal travel throughout Washington state ferries' Puget Sound service area and therefore encourages the department to resume participation in the regional fare coordination project (smart card). The department shall develop a request for funding of the on-going operating costs associated with the regional fare coordination project and shall present this request to the 2003 legislature. The request for funding shall be sufficient to support a system that prevents the disclosure of personally identifying information of persons who use a smart card to facilitate payment of ferry fares. The requested system may facilitate the disclosure of aggregate information on fare collection to governmental agencies or groups concerned with public transportation or public safety as long as the data does not contain any personally identifying information. The requested system shall not prevent the release of personally identifying information to law enforcement agencies when required by a subpoena.

Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crusher, conveyor, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

Sec. 202. RCW 46.68.035 and 2000 2nd sp.s. c 4 s 8 are each amended to read as follows:

(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder shall be distributed as follows:

(a) ~~((23.677))~~ 21.963 percent shall be deposited into the state patrol highway account of the motor vehicle fund;

(b) ~~((1.521))~~ 1.411 percent shall be deposited into the Puget Sound ferry operations account of the motor vehicle fund; ~~((and))~~

(c) 7.240 percent shall be deposited into the transportation 2003 account (nickel account); and

(d) The remaining proceeds shall be deposited into the motor vehicle fund.

PART III - SALES AND USE TAX

Sec. 301. RCW 82.08.020 and 2000 2nd sp.s. c 4 s 1 are each amended to read as follows:

(1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and five-tenths percent of the selling price.

(2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(3) Beginning July 1, 2003, there is levied and collected an additional tax of three-tenths of one percent of the selling price on each retail sale of a motor vehicle in this state, other than retail car rentals taxed under subsection (2) of this section. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(4) For purposes of subsection (3) of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(5) The taxes imposed under this chapter shall apply to successive retail sales of the same property.

~~((4))~~ (6) The rates provided in this section apply to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

Sec. 302. RCW 82.12.020 and 2003 c 5 (EHB 1977) s 2 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of using within this state as a consumer: (a) Any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7); or (b) any canned software, regardless of the method of delivery, but excluding canned software that is either provided free of charge or is provided for temporary use in viewing information, or both.

(2) This tax shall apply to the use of every service defined as a retail sale in RCW 82.04.050 (2)(a) or (3)(a) and the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.

(3) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property or service taxable under RCW 82.04.050(2)(a) or (3)(a) purchased at retail or acquired by lease, gift, or bailment if the sale to, or the use by, the present user or his bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his bailor or donor.

(4) Except as provided in this section, payment by one purchaser or user of tangible personal property or service of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service from the taxes imposed by such chapters. If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor; or in respect to the use of property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use; or in respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961, the tax imposed by this chapter does not apply.

(5) The tax shall be levied and collected in an amount equal to the value of the article used or value of the service used by the taxpayer multiplied by the rates in effect for the retail sales tax under RCW 82.08.020.

Sec. 303. RCW 82.12.045 and 1996 c 149 s 19 are each amended to read as follows:

(1) In the collection of the use tax on motor vehicles, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax at the time an applicant applies for the registration of, and transfer of title to, the motor vehicle, except in the following instances:

(a) Where the applicant exhibits a dealer's report of sale showing that the retail sales tax has been collected by the dealer;

(b) Where the application is for the renewal of registration;

(c) Where the applicant presents a written statement signed by the department of revenue, or its duly authorized agent showing that no use tax is legally due; or

(d) Where the applicant presents satisfactory evidence showing that the retail sales tax or the use tax has been paid by ~~((him))~~ the applicant on the vehicle in question.

(2) The term "motor vehicle," as used in this section means and includes all motor vehicles, trailers and semitrailers used, or of a type designed primarily to be used, upon the public streets and highways, for the convenience or pleasure of the owner, or for the conveyance, for hire or otherwise, of persons or property, including fixed loads, facilities for human habitation, and vehicles carrying exempt licenses.

(4) Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of this section pay over and account to the state treasurer for all use tax revenue collected under this section, after first deducting as ~~((his))~~ a collection fee the sum of two dollars for each motor vehicle upon which the tax has been collected. All revenue received by the state treasurer under this section shall be credited to the general fund. The auditor's collection fee shall be deposited in the county current expense fund. A duplicate of the county auditor's transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

(5) Any applicant who has paid use tax to a county auditor under this section may apply to the department of revenue for refund thereof if he or she has reason to believe that such tax was not legally due and owing. No refund shall be allowed unless application therefor is received by the department of revenue within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050(3). Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either

granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180 and 82.32.190.

(6) The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to promulgate such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by said director in remitting use tax revenue to the state treasurer.

(7) The use tax revenue collected on the rate provided in RCW 82.08.020(3) shall be deposited in the multimodal transportation account under RCW 47.66.070.

MOTION

On motion of Senator Horn, the following amendment by Senators Horn and Haugen was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** In order to provide funds necessary for the location, design, right of way, and construction of selected projects or improvements that are identified as transportation 2003 projects or improvements in the omnibus transportation budget, there shall be issued and sold upon the request of the transportation commission a total of two billion six hundred million dollars of general obligation bonds of the state of Washington.

NEW SECTION. **Sec. 2.** Upon the request of the transportation commission, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in this act in accordance with chapter 39.42 RCW. Bonds authorized by this act shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

NEW SECTION. **Sec. 3.** The proceeds from the sale of bonds authorized by section 1 of this act shall be deposited in the transportation 2003 account (nickel account) in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in section 1 of this act, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

NEW SECTION. Sec. 4. Bonds issued under the authority of sections 1 through 6 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in sections 1 through 6 of this act from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of sections 1 through 6 of this act, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of sections 1 through 6 of this act.

NEW SECTION. Sec. 5. Both principal and interest on the bonds issued for the purposes of sections 1 through 6 of this act shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the transportation 2003 account (nickel account) in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by sections 1 through 6 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the transportation 2003 account (nickel account) in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the transportation 2003 account (nickel account) proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and towns shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the transportation 2003 account (nickel account) not required for bond retirement or interest on the bonds.

NEW SECTION. Sec. 6. Bonds issued under the authority of sections 1 through 5 of this act and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes.

NEW SECTION. Sec. 7. For the purpose of providing funds for the planning, design, construction, reconstruction, and other necessary costs for transportation projects, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred forty-nine million five hundred thousand dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 8. The proceeds of the sale of the bonds authorized in section 7 of this act must be deposited in the multimodal transportation account and must be used exclusively for the purposes specified in section 7 of this act and for the payment of expenses incurred in the issuance and sale of the bonds.

NEW SECTION. Sec. 9. (1) The nondebt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in section 7 of this act.

(2)(a) The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 7 of this act.

(b) On or before the date on which any interest or principal and interest is due, the state treasurer shall transfer from the multimodal transportation account for deposit into the nondebt-limit reimbursable bond retirement account the amount computed in (a) of this subsection for bonds issued for the purposes of section 7 of this act.

(3) If the multimodal transportation account has insufficient revenues to pay the principal and interest computed in subsection (2)(a) of this section, then the debt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in section 7 of this act from any additional means provided by the legislature.

(4) If at any time the multimodal transportation account has insufficient revenues to repay the bonds, the legislature may provide additional means for the payment of the bonds.

NEW SECTION. Sec. 10. NEW SECTION. Sec. 12. The bonds authorized in section 7 of this act are a legal investment for all state funds or funds under state control and for all funds of any other public body.

It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. The city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. ~~However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee, as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority's initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue service five-year spend down schedule if an independent financial advisor recommends such an approach is financially advisable.~~ Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner's claims are deemed valid by the city prosecutor, within ten days of the petitioner's filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority retention and a negative vote on the measure results in the authority's dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in RCW 29.13.010 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

NEW SECTION. Sec. 16. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003."

PERSONAL PRIVILEGE

Senator Horn: "A point of personal privilege, Mr. President. I would like to thank all the people that helped on this transportation series of bills that we just passed, particularly giving recognition to my Vice Chair, Senator Swecker and also Senator Finkbeiner. Also, I appreciate the cooperation that we had across the aisle with Senator Haugen, Senator Spanel and Senator Jacobsen. Also, all the other people on the Transportation Committee and the people who interfaced with our staff as we were developing this budget and getting it put forth.

"I would also like to pay particular attention to one of the most super staffs that I have worked with. If I could have them stand back there. They have worked tirelessly."

PERSONAL PRIVILEGE

Senator Haugen: "A point of personal privilege. Mr. President. I, too, would like to take this opportunity to say 'thank you' to the folks who worked so hard on this budget. Let's hope this one sticks this year. It has been thirteen years since we have made an investment and Mr. President, were you chairing the committee at that point? I know you weren't. There are not many people in this room who have been here through all of this. This is really major, and like Senator Horn, said we wouldn't be successful without such truly great staff—who come up with a lot of great ideas and work a lot of long hours. I, too, want to say 'thank you.' They are an extra ordinary group of bright young folks."

SECOND READING

SENATE BILL NO. 6072, by Senators Horn and Haugen

Funding pollution abatement and response.

MOTIONS

On motion of Senator Swecker, Substitute Senate Bill No. 6072 was substituted for Senate Bill No. 6072 and the substitute bill was placed on second reading and read the second time.

Senator Swecker moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.94 RCW to read as follows:

(1) Money deposited in the segregated subaccount of the air pollution control account under RCW 46.68.020(2) shall be distributed as follows:

(a) Eighty-five percent shall be distributed to air pollution control authorities created under this chapter. The money must be distributed in direct proportion with the amount of fees imposed under RCW 46.12.080, 46.12.170, and 46.12.181 that are collected within the boundaries of each authority. However, an amount in direct proportion with those fees collected in counties for which no air pollution control authority exists must be distributed to the department.

(b) The remaining fifteen percent shall be distributed to the department.

(2) Money distributed to air pollution control authorities and the department under subsection (1) of this section must be used as follows:

(a) Eighty-five percent of the money received by an air pollution control authority or the department must be used to retrofit school buses with exhaust emission control devices or to provide funding for fueling infrastructure necessary to allow school bus fleets to use alternative, cleaner fuels.

(b) The remaining fifteen percent may be used by the air pollution control authority or department to reduce vehicle air contaminant emissions and clean up air pollution, or reduce and monitor toxic air contaminants.

(3) Money in the air pollution control account may be spent by the department only after appropriation.

(4) The department shall provide a report to the legislative transportation committees on the progress of the implementation of this section by December 31, 2004.

NEW SECTION. Sec. 2. The sum of ten million dollars is appropriated for the biennium ending June 30, 2005, from the segregated subaccount of the air pollution control account to the department of ecology for the purposes of section 1 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 90.56 RCW to read as follows:

The vessel response account is created in the state treasury. Grants, gifts, and federal funds may be deposited into the account. Oil spill penalties assessed against ships under RCW 90.56.330 and 90.48.144 shall also be deposited into the account as well as the money distributed under RCW 46.68.020(2). Moneys in the account may be spent only after appropriation. The department of ecology is authorized to utilize the vessel response account to preposition a dedicated rescue tug at the entrance to the Strait of Juan de Fuca to reduce the risk of major maritime accidents and oil spills on the outer coast and western strait. Prior to authorizing the rescue tug to respond to a distressed vessel, the department shall work with the United States Coast Guard and industry to determine if another capable, unencumbered commercial tug is available in the area that can respond. If such a tug can respond without increasing the risk of a casualty, it should be deployed as the tug of choice and the state-contracted rescue tug should not be taken off standby duty. The department is also authorized to spot charter tugs as needed during major storms and other high risk periods to protect maritime commerce and the environment anywhere in state waters.

The department shall not proceed with rule making related to emergency towing pursuant to chapter 88.46 RCW, so long as the deposit of the fee into the vessel response account under RCW 46.68.020(2) is continued and is appropriated for the purpose of the dedicated rescue tug.

NEW SECTION. Sec. 4. The department of ecology shall complete an evaluation of tug escort requirements for laden tankers to determine if the current escort system requirements under RCW 88.16.190 should be modified to recognize safety enhancements of the new double hull tankers deployed with redundant systems. The department shall provide a report with recommendations to the governor and the appropriate committees of the legislature by January 1, 2005.

NEW SECTION. Sec. 5. (1) The sum of two million eight hundred seventy-six thousand dollars is appropriated for the biennium ending June 30, 2005, from the vessel response account to the department of ecology for the purposes of section 3 of this act.

(2) The sum of two hundred thousand dollars is appropriated for the biennium ending June 30, 2005, from the oil spill prevention account to the department of ecology for the purposes of section 4 of this act.

Sec. 6. RCW 46.12.040 and 2002 c 352 s 3 are each amended to read as follows:

(1) The application accompanied by a draft, money order, certified bank check, or cash for five dollars, together with the last preceding certificates or other satisfactory evidence of ownership, shall be forwarded to the director.

(2) The fee shall be in addition to any other fee for the license registration of the vehicle. The certificate of ownership shall not be required to be renewed annually, or at any other time, except as by law provided.

(3) In addition to the application fee and any other fee for the license registration of a vehicle, the department shall collect from the applicant a fee of fifteen dollars for vehicles previously registered in any other state or country. ~~((The proceeds from the fee shall be~~

deposited in the motor vehicle fund. For vehicles requiring a physical examination, the inspection fee shall be fifty dollars and shall be deposited in the motor vehicle fund.)

Sec. 7. RCW 46.12.101 and 2002 c 279 s 1 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department's vehicle record that a seller's report of sale has been filed.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer (~~(to be deposited in the motor vehicle fund)~~).

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place.

Sec. 8. RCW 46.68.020 and 2002 c 352 s 21 are each amended to read as follows:

The director shall forward all fees for certificates of ownership or other moneys accruing under the provisions of chapter 46.12 RCW to the state treasurer, together with a proper identifying detailed report. The state treasurer shall credit such moneys (~~to the multimodal transportation account in RCW 47.66.070, and all expenses incurred in carrying out the provisions of that chapter shall be paid from such account as authorized by legislative appropriation~~) as follows:

(1) The fees collected under RCW 46.12.040(1) shall be credited to the multimodal transportation account in RCW 47.66.070.

(2)(a) Beginning with the effective date of this section, and until July 1, 2008, the fees collected under RCW 46.12.080, 46.12.170, and 46.12.181 shall be credited as follows:

(i) 58.12 percent shall be credited to a segregated subaccount of the air pollution control account in RCW 70.94.015;

(ii) 15.71 percent shall be credited to the vessel response account created in section 3 of this act; and

(iii) The remainder shall be credited into the transportation 2003 account (nickel account).

(b) Beginning July 1, 2008, and thereafter, the fees collected under RCW 46.12.080, 46.12.170, and 46.12.181 shall be credited to the transportation 2003 account (nickel account).

(3) All other fees under chapter 46.12 RCW shall be credited to the motor vehicle account, unless specified otherwise.

NEW SECTION. Sec. 9. Sections 1 and 3 of this act expire July 1, 2008."

On motion of Senator Johnson, the rules were suspended and Engrossed Substitute Senate Bill No. 1033 was returned to second reading and read the second time.

MOTION

Senator Kline moved that the following striking amendment by Senators Kline, Johnson and Esser be adopted:
Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 46.20.391 and 1999 c 274 s 4 and 1999 c 272 s 1 are each reenacted and amended to read as follows:
(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, or who has had his or her license suspended under RCW 46.20.3101 (2)(a) or (3)(a), may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided

in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed either for a violation of RCW 46.61.502 or 46.61.504 or under RCW 46.20.3101 (2)(a) or (3)(a), or for both a violation of RCW 46.61.502 or 46.61.504 and under RCW 46.20.3101 (2)(a) or (3)(a) where the action arises from the same incident. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2)(a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or pay a traffic ticket under RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license if the applicant demonstrates to the satisfaction of the department that one of the following additional conditions are met:

(I) The applicant is in an apprenticeship program ~~((or)),~~ an on-the-job training program ~~((for which)),~~ or is gainfully employed and a driver's license is required;

(ii) The applicant presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program and the program has certified that a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect no longer than fourteen days;

(iii) The applicant is in a program that assists persons who are enrolled in a WorkFirst program pursuant to chapter 74.08A RCW to become gainfully employed and the program requires a driver's license; or

(iv) The applicant is undergoing substance abuse treatment or is participating in meetings of a twelve-step group such as alcoholics anonymous.

(b) If the suspension is for failure to respond, pay, or comply with a notice of traffic infraction or conviction, ~~((the))~~ applicants must be offered the opportunity to enter into a payment plan with the court, subject to the court's discretion as to the individual applicant.

(c) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation but not more than two years. The suspension or revocation of the regular driver's license shall not be affected by the issuance of an occupational license. The two-year period is to provide an opportunity for the applicant to work in order to satisfy any penalties or other sanctions imposed by the court which are the causes of the suspension or revocation of his or her regular driver's license.

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship ~~((or))~~ program, on-the-job training program, or is no longer gainfully employed, the director shall give written notice by first class mail to the driver that the occupational driver's license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program or continued employment, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection.

(e) The department shall not issue an occupational driver's license under (a)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (a)(iv) of this subsection.

(3) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed any of the following offenses: (I) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle, except as allowed under subsection (2)(a) of this section; and

(d) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW; and

(e) The applicant, if the suspension or revocation is a result of a conviction of RCW 46.61.502 or 46.61.504 or administrative action under RCW 46.20.3101, submits written verification of installation of an ignition interlock or other biological or technical device on the vehicle he or she intends to operate.

(4) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of a separate offense that under chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

(5) No person may petition for, and the department shall not issue, an occupational driver's license to any person if the person previously entered into a payment plan under subsection (2)(b) of this section and the person has failed to satisfy payment of all obligations included in the payment plan.

(6) Any person issued an occupational driver's license whose license suspension or revocation is a result of a conviction of RCW 46.61.502 or 46.61.504 or administrative action under RCW 46.20.3101 may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device for the duration of the period for which the occupational driver's license is valid.

Sec. 2. RCW 46.63.110 and 2002 c 279 s 15 and 2002 c 175 s 36 are each reenacted and amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of RCW 46.55.105(2) is two hundred fifty dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution, or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6)(a) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. ~~((If the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment))~~ The court shall have available the option of a payment plan by which the penalty is to be paid within eighteen months. However, it is in the court's discretion whether to allow a person, under this section, to enter into a payment plan with the court. The court may allow a person to enter into a payment plan if the person (i) is not able to pay a monetary penalty in full when it is imposed; (ii) has had a monetary penalty imposed within the previous twelve months and the penalty has not been paid in full; or (iii) is currently in a payment plan for a previously imposed penalty and a new monetary penalty is imposed by a court. The court may, but need not, rearrange the earlier payment plan to include the new penalty or may enter into a separate payment plan. In the

event that a payment plan is requested by a person owing a monetary penalty and the court, under RCW 3.02.045, has sent the person's existing debt to a collection agency due to the person's failure to satisfy his or her obligations, the court may, but need not, remove the account from the collection agency in order to create a payment plan.

(b) If a payment required to be made under the payment plan is delinquent by thirty days, the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid ~~((and)), including the penalty provided in subsection (4) of this section ((has been paid))~~.

(c) If the court requires a person to enter into a payment plan and he or she does not do so or has entered into a payment plan but has not paid the penalty in full within not more than eighteen months of the initial payment, the court shall notify the department of the delinquency, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid, including the penalty provided in subsection (3) of this section.

(d) "Payment plan," as used in this subsection, means a plan that requires a person to pay an initial payment, followed by reasonable payments in an amount established by the court. The person may voluntarily pay any amount at any time in addition to these payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of ten dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the community restitution program.

(b) Revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

Sec. 3. RCW 46.64.025 and 1999 c 86 s 7 are each amended to read as follows:

(1) Whenever any person violates his or her written promise to appear in court, ~~((or))~~ fails to appear for a scheduled court hearing, or fails to comply with the terms of a citation, the court in which the defendant failed to appear or comply shall promptly give notice of such fact to the department of licensing. Whenever thereafter the case in which the defendant failed to appear or comply is adjudicated, the court hearing the case shall promptly file with the department a certificate showing that the case has been adjudicated.

(2)(a) Where compliance with the terms of a misdemeanor citation is limited to the payment of a monetary penalty, and a person is not able to pay the monetary penalty in full, the court may enter into a payment plan with the person. The court shall have available the option of a payment plan. However, it is in the court's discretion whether to allow a person, under this section, to enter into a payment plan with the court. If a person has entered into a payment plan under this subsection, the court shall not notify the department of licensing that the person has failed to comply with the terms of a citation as it applies to payment of the monetary penalty unless a payment required to be made under the payment plan is delinquent by thirty days or the penalty is not paid in full within not more than eighteen months of the initial payment.

(b) "Payment plan," as used in this subsection, means a plan that requires a person to pay an initial payment, followed by reasonable payments in an amount established by the court. The person may voluntarily pay any amount at any time in addition to these payments."

MESSAGE FROM THE HOUSE

April 26, 2003

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE NO. 5889 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A livestock nutrient management program is essential to ensuring a healthy and productive livestock industry in Washington state. The goal of the program must be to provide clear guidance to livestock farms as to their responsibilities under state and federal law to protect water quality while maintaining a healthy business climate for these farms. The program should develop reasonable financial assistance resources, educational and technical assistance to meet these responsibilities, and provide for periodic inspection and enforcement actions to ensure compliance with state and federal water quality laws. The legislature intends that by 2006, there will be a fully functioning state program for concentrated animal feeding operations in the state, and that this program will be a single program for all livestock sectors.

The legislature finds that a livestock nutrient management program is necessary to address the federal rule changes with which livestock operations must comply. Furthermore, budgetary conditions demand efficient and effective governance. In addition, many of the existing requirements and goals for dairy farms will be completed by December 2003, and revisions will be needed.

NEW SECTION. Sec. 2. (1) A livestock nutrient management program development and oversight committee is created comprised of the following members, appointed as follows:

- (a) The director of the department of agriculture, or the director's designee, who shall serve as committee chair;
- (b) The director of the department of ecology, or the director's designee;
- (c) A representative of the United States environmental protection agency, appointed by the regional director of the agency unless the agency chooses not to be represented on the committee;
- (d) A representative of commercial shellfish growers, nominated by an organization representing these growers, appointed by the governor;
- (e) A representative of an environmental interest organization with familiarity and expertise in water quality issues, appointed by the governor;
- (f) A representative of tribal governments as nominated by an organization representing tribal governments, appointed by the governor;

(g) A representative of Washington State University appointed by the dean of the college of agriculture and home economics;

(h) A representative of the Washington association of conservation districts, appointed by the association's board of officers;

(i) Three representatives of dairy producers nominated by a statewide organization representing dairy producers in the state, appointed by the governor;

(j) Two representatives of beef cattle producers nominated by a statewide organization representing beef cattle producers in the state, appointed by the governor;

(k) One representative of poultry producers nominated by a statewide organization representing poultry producers in the state, appointed by the governor;

(l) One representative of the commercial cattle feedlots nominated by a statewide organization representing commercial cattle feedlots in the state, appointed by the governor; and

(m) A representative of any other segment of the livestock industry determined by the director of agriculture to be subject to federal rules regulating animal feeding or concentrated animal feeding operations.

(2) The state department of agriculture shall provide staff for the committee. The department of agriculture may request staff assistance be assigned by the United States environmental protection agency to assist the director in staffing the committee.

(3) The committee shall establish a work plan that includes a list of tasks and a projected completion date for each task.

(4) The committee may establish a subcommittee for each of the major industry segments that is covered by the recently adopted federal regulations that pertain to animal feeding operations and concentrated animal feeding operations. The subcommittee shall be composed of selected members of the full committee and additional representatives from that major segment of the livestock industry as determined by the director. The committee shall assign tasks to the subcommittees and shall establish dates for each subcommittee to report back to the full committee.

(5) The committee shall examine the recently adopted federal regulations that provide for the regulation of animal feeding operations and concentrated animal feeding operations and develop a program to be administered by the department of agriculture that meets the requirements and time frames contained in the federal rules. Elements that the committee shall evaluate include:

- (a) A process for adopting standards and for developing plans for each operation that meet these standards;
- (b) A process for revising current national pollution discharge elimination system permits currently held by livestock operations and to transition these permits into the new system; and

(c) In consultation with the director, a determination of what other work is needed and what other institutional relationships are needed or desirable. The committee shall consult with representatives of the statewide association of conservation districts regarding any functions or activities that are proposed to be provided through local conservation districts.

(6) The committee shall review and comment on proposals for grants from the livestock nutrient management account created in RCW 90.64.150.

(7) The committee shall develop draft proposed legislation that includes:

(a) Statutory changes, including a time line to achieve the phased- in levels of regulation under federal law, to comply with the minimum requirements under federal law and the minimum requirements under chapter 90.48 RCW. These changes must meet the requirements necessary to enable the department of agriculture and the department of ecology to pursue the United States environmental protection agency's approval of the transfer of the permitting program as it relates to the concentrated animal feeding operations from the department of ecology to the department of agriculture;

(b) Statutory changes necessitated by the transfer of functions under chapter 90.64 RCW from the department of ecology to the department of agriculture;

(c) Continued inspection of dairy operations at least once every two years;

(d) An outreach and education program to inform the various animal feeding operations and concentrated animal feeding operations of the program's elements; and

(e) Annual reporting to the legislature on the progress of the state strategy for implementing the animal feeding operation and concentrated animal feeding operation.

(8) The committee shall provide a report by December 1, 2003, to appropriate committees of the legislature that includes the results of the committee's evaluation under subsection (5) of this section and draft legislation to initiate the program.

(9) This section expires June 30, 2006.

Sec. 3. RCW 90.64.030 and 2002 c 327 s 1 are each amended to read as follows:

(1) Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.

(2) The department shall investigate a written complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a written complaint, a copy of the findings shall be provided to the dairy producer subject to the complaint, and to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.

(3) The department may consider past complaints against the same dairy farm from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:

(a) The same or a similar complaint or complaints have been filed against the same dairy farm within the immediately preceding six-month period; and

(b) The department made a determination that the activity that was the subject of the prior complaint was not a violation.

(4) If the decision of the department is not to conduct an inspection, it shall document the decision and the reasons for the decision within twenty days. The department shall provide the decision to the complainant if the name and address were provided to the department, and to the dairy producer subject to the complaint, and the department shall place the decision in the department's administrative records.

(5) The report of findings of any inspection conducted as the result of either an oral or a written complaint shall be placed in the department's administrative records. Only findings of violations shall be entered into the data base identified in RCW 90.64.130.

(6) A dairy farm that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144.

(7) If the department determines that an unresolved water quality problem from a dairy farm requires immediate corrective action, the department shall notify the producer and the district in which the problem is located. When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final dairy farm inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular dairy farm to the local conservation district and to the appropriate dairy farm within twenty days.

(8) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws. The department shall record all legitimate violations and subsequent enforcement actions.

(9) A discharge, including a storm water discharge, to surface waters of the state shall not be considered a violation of this chapter, chapter 90.48 RCW, or chapter 173-201A WAC, and shall therefore not be enforceable by the department of ecology or a third party, if at the time of the discharge, a violation is not occurring under RCW 90.64.010(18). In addition, a dairy producer shall not be held liable for violations of this chapter, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act due to the discharge of dairy nutrients to waters of the state resulting from spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the dairy producer or the dairy producer's agent.

(10) As provided under RCW 7.48.305, agricultural activities associated with the management of dairy nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

(11) This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the dairy nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the state or of the United States as authorized by the permit.

(12) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department.

Sec. 4. RCW 90.64.120 and 1993 c 221 s 13 are each amended to read as follows:

(1) Nothing in this chapter shall affect the ~~((department's))~~ department of ecology's authority or responsibility to administer or enforce the national pollutant discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations or to administer the provisions of chapter 90.48 RCW.

(2) Unless the department of ecology delegates its authority under chapter 90.48 RCW to the department of agriculture pursuant to RCW 90.48.260, and until any such delegation of authority receives federal approval, the transfer specified in section 6 of this act shall not preclude the department of ecology from taking action related to animal feeding operations or concentrated animal feeding operations to protect water quality pursuant to its authority in chapter 90.48 RCW. Before taking such actions, the department of ecology shall notify the department of agriculture.

Sec. 5. RCW 90.64.150 and 1998 c 262 s 15 are each amended to read as follows:

The ~~((dairy waste))~~ livestock nutrient management account is created in the custody of the state treasurer. All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the account. Expenditures from the account may be used only ~~((for the commission))~~ to provide grants ~~((to local conservation districts for the sole purpose of assisting dairy producers to develop and fully implement dairy nutrient management plans))~~ for research or education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The director of agriculture shall accept and prioritize research proposals and education proposals. Only the ~~((chairman of the commission))~~ director or the ~~((chairman's))~~ director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 6. A new section is added to chapter 90.64 RCW to read as follows:

(1) All powers, duties, and functions of the department of ecology pertaining to chapter 90.64 RCW are transferred to the department of agriculture. All references to the director of ecology or the department of ecology in the Revised Code of Washington shall be construed to mean the director of agriculture or the department of agriculture when referring to the functions transferred in this section.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of ecology pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the department of agriculture. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of ecology in carrying out the powers, functions, and duties transferred shall be made available to the department of agriculture. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the department of agriculture.

(b) Any appropriations made to the department of ecology for carrying out the powers, functions, and duties transferred shall, on the effective date of this section, be transferred and credited to the department of agriculture.

(c) Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of ecology pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the department of agriculture. All existing contracts and obligations shall remain in full force and shall be performed by the department of agriculture.

(4) The transfer of the powers, duties, and functions of the department of ecology shall not affect the validity of any act performed before the effective date of this section.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

Sec. 7. RCW 90.48.260 and 1988 c 220 s 1 are each amended to read as follows:

The department of ecology is hereby designated as the State Water Pollution Control Agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound water quality authority. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture's adoption or issuance of animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance

and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted herein include, among others, and notwithstanding any other provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a comprehensive state point source waste discharge or pollution discharge elimination permit program which will enable the department to qualify for full participation in any national waste discharge or pollution discharge elimination permit system and will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington subject to the provisions of RCW 90.48.262(2). Program elements authorized herein may include, but are not limited to: (a) Effluent treatment and limitation requirements together with timing requirements related thereto; (b) applicable receiving water quality standards requirements; (c) requirements of standards of performance for new sources; (d) pretreatment requirements; (e) termination and modification of permits for cause; (f) requirements for public notices and opportunities for public hearings; (g) appropriate relationships with the secretary of the army in the administration of his responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his duties, and with other governmental officials under the federal clean water act; (h) requirements for inspection, monitoring, entry, and reporting; (i) enforcement of the program through penalties, emergency powers, and criminal sanctions; (j) a continuing planning process; and (k) user charges.

(2) The power to establish and administer state programs in a manner which will insure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

The governor shall have authority to perform those actions required of him or her by the federal clean water act.

NEW SECTION. Sec. 8. Such actions as are necessary to make the appointments to the committee created in section 2 of this act shall be taken before July 1, 2003, to make the appointments on that date.

NEW SECTION. Sec. 9. Sections 2 and 6 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2003."

Senator Esser: "Senator McCaslin, the second amendment to the United States Constitution provides that the right of the people to bear arms in defense of himself or the state shall not be impaired. My question is, does House Bill 1210, in any way, impair or is it intended to impair, these constitutionally guaranteed rights?"

Senator McCaslin: "No, Senator Esser. That is neither the intent nor the effect of House Bill No. 1210. There is no question that the citizens of this state retain their constitutional right to lawfully bear arms within the existing provisions of Chapter 9.14 RCW. House Bill No. 1210 does not, nor is it intended to, restrict or affect these rights in any way.

"The bill prescribes penalties for terrorist crimes, regardless of the means used to commit those crimes. It focuses on the criminal act and the intent behind it, not with whether the terrorist uses a gun or any other type of weapon or device."

MOTION

On motion of Senator Morton, the following striking amendment by Senators Morton and Fraser was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature recognizes that much work on municipal storm water management has already occurred throughout the state by counties, cities, and ports. The legislature also recognizes that municipal separate storm sewer systems face challenges that are different from other types of storm sewer systems and that implementing these programs involves great effort, significant costs, and inherent difficulties in identifying sources and controlling introduction of pollutants from a wide variety of sources that may contribute to the contamination of storm water discharged through municipal separate storm sewer systems. The legislature finds that phase one and phase two municipal separate storm sewer system permits developed by the department of ecology under the national pollutant discharge elimination system permit program of the federal clean water act (33 U.S.C. Sec. 1251 et seq.) need to identify storm water management mechanisms to best achieve environmental benefits and satisfy federal clean water act requirements in the most cost-effective manner.

(2) The legislature recognizes the need to determine whether it is in the state's interest to integrate municipal separate storm sewer system permit programs developed under phase one and phase two of the national pollutant discharge elimination system permit program. The legislature finds that coordinated permit programs and cooperative storm water management programs between and among local governments may reduce costs and enhance program effectiveness.

(3) The legislature finds that issues associated with storm water management are significantly different in eastern Washington, Puget Sound, and other areas of western Washington. The legislature also finds that the federal phase two permits developed by the department of ecology must recognize these differences.

NEW SECTION. Sec. 2. (1) The department of ecology shall establish a permit development advisory group for the geographic areas draining to Puget Sound in western Washington to advise and assist the department regarding permits for municipal separate storm sewer systems. The permit development advisory group shall work within a facilitated process according to subsection (2) of this section to review the issues identified in section 5 of this act and to make recommendations and submit reports to the legislature according to section 6 of this act. The permit development advisory group, which may include up to eighteen members, of which at least half shall be representatives of local government, shall:

(a) Review and address the issues specified in section 5 of this act and any other issues regarding municipal separate storm sewer systems for which the department of ecology requests advice and assistance; and

(b) Advise and assist the department of ecology in drafting a permit or permits for municipal separate storm sewer systems in geographic areas draining to Puget Sound in western Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) At its first meeting, the permit development advisory group shall establish an executive committee with a minimum of three and a maximum of five members. The executive committee shall include representatives of local government, business associations, and environmental organizations. The executive committee shall advise and assist the department of ecology to develop a request for proposals for a facilitator to work with and facilitate the permit development advisory group's review of the issues identified in section 5 of this act and to develop recommendations and submit reports to the legislature according to section 6 of this act. The executive committee also shall review the responses to the request for proposals and select the facilitator. The department of ecology and the executive committee shall work expeditiously to select a facilitator who can begin working with the permit development advisory group by June 1, 2003.

(3) This section expires June 30, 2005.

NEW SECTION. Sec. 3. (1) The department of ecology shall develop a municipal separate storm sewer system permit or permits that address the issues and needs of municipalities operating these systems in eastern Washington. The department shall use the existing storm water advisory group it has established in eastern Washington to advise and assist the department regarding permits for municipal separate storm sewer systems to be issued in eastern Washington. The eastern Washington storm water advisory group shall:

(a) Review and address the issues specified in section 5 of this act as they pertain to eastern Washington and any other issues regarding municipal separate storm sewer systems for which the department of ecology requests advice and assistance; and

(b) Assist and advise the department of ecology in drafting a permit or permits for municipal separate storm sewer systems in eastern Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 4. (1) The department of ecology shall establish a permit development advisory group for the coastal and southwest areas in western Washington to advise and assist the department regarding permits for municipal separate storm sewer systems. The permit development advisory group shall:

(a) Review and address the issues specified in section 5 of this act and any other issues regarding municipal separate storm sewer systems for which the department requests advice and assistance; and

(b) Advise and assist the department in drafting a permit or permits for municipal separate storm sewer systems in coastal and southwest Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 5. (1) The permit development advisory group for Puget Sound areas in western Washington established in section 2 of this act, the eastern Washington storm water advisory group identified in section 3 of this act, and the permit development advisory group for coastal and

southwest areas in western Washington established in section 4 of this act shall review and make recommendations to the department of ecology regarding the development of permits for municipal separate storm sewer systems. Issues considered by these groups shall include the:

- (a) Types of discharges being regulated under these permits;
- (b) Areas being regulated by these permits under phases one and two of the federal national pollutant discharge elimination system permit program as they relate to municipal borders;
- (c) Issuance of these permits on a watershed basis;
- (d) Integration of permits and permit requirements for phase one and phase two of the federal national pollutant discharge elimination system permit program;
- (e) Application of these permits to ground water discharges;
- (f) Level of effort required of municipalities to satisfy permit requirements regarding:
 - (i) Public education and outreach;
 - (ii) Public participation and public involvement;
 - (iii) Illicit discharge detection and elimination;
 - (iv) Construction site runoff control;
 - (v) Postconstruction runoff control;
 - (vi) Pollution prevention and good housekeeping;
 - (vii) Implementation of applicable total maximum daily loads; and
 - (viii) Program evaluation and reporting;
- (g) Protection for shellfish areas;
- (h) Costs and benefits associated with each permit element not required under federal law;
- (i) The use of land use planning and existing land use plans and rules as a best management practice for storm water management; and
- (j) Potential funding sources for implementation of permit requirements.

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 6. (1) No later than December 15, 2003, the permit development advisory groups established and identified in sections 2, 3, and 4 of this act shall report regarding their work to the appropriate committees of the legislature.

(2) After the permits are developed but no later than December 1, 2004, the department of ecology shall submit a final report to the appropriate committees of the legislature regarding these permits and the work of the advisory groups. The department shall also identify any legislative recommendations from these groups or from the department based on the work of these groups.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "permits;" strike the remainder of the title and insert "creating new sections; providing expiration dates; and declaring an emergency."

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5659 with the following amendment(s):
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that local governments in the state of Washington face enormous challenges in the area of criminal justice and public health. It is the legislature's intent to allow local governments to raise revenues in order to better protect the health and safety of Washington state and its residents. It is further the intent of the legislature to provide local governments relief from regulatory burdens that do not harm the public health and safety of the citizens of the state as a means of minimizing the need to generate new revenues authorized under this act.

NEW SECTION. Sec. 2. A new section is added to chapter 82.14 RCW to read as follows:

(1) A county legislative authority may submit an authorizing proposition to the county voters and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must include the purposes for which the proposed sales and use tax will be used. The rate of tax under this section shall not exceed three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.

(3) The retail sale of new motor vehicles, and the lease of new motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.

(4) One-third of all money received under this section shall be used solely for criminal justice purposes. For the purposes of this subsection, "criminal justice purposes" means additional police protection, mitigation of congested court systems, or relief of overcrowded jails or other local correctional facilities.

(5) Money received under this section shall be shared between the county and the cities as follows: Sixty percent shall be retained by the county and forty percent shall be distributed on a per capita basis to cities in the county.

(6) Any city or county that receives voter approval for authorization of new or increased taxes under this act must have a performance audit conducted by the state auditor every five years, must implement a quality management program within five years of voter approval, and must conduct a yearly quality management self-assessment after the initial implementation of a quality management program.

Sec. 3. RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. A county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. A county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefore. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(b) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. The schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for (~~Clallam~~) Clark, (~~Jefferson~~) King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, Clallam, Jefferson, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities in compliance with the schedules in this section shall have the requisite authority to receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. Only those counties and cities in compliance with the schedules in this section shall receive preference for grants or loans subject to the provisions of RCW 43.17.250.

Sec. 4. RCW 84.55.050 and 1989 c 287 s 1 are each amended to read as follows:

(1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose

of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (3)(b) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsections (3) and (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year's authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years;

(c) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

~~((e))~~ (d) Set the levy at a rate less than the maximum rate allowed for the district;

(e) Provide that the maximum allowable dollar amount of the final annual levy of the period specified in the measure shall be used to compute the limitations provided for in this chapter on levy increases occurring after the expiration of the period; or

~~((f))~~ (f) Include any combination of the conditions in this subsection.

(4) Except as otherwise provided in an approved ballot measure under this section, after the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition.

Sec. 5. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1)(a) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection ~~((5))~~ (6) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

(b) Once a county meets either of these sets of criteria and the county has not removed itself from the requirement to plan under this section pursuant to subsection (3) of this section, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter unless the county removes itself from the requirement to plan under this section pursuant to subsection (3) of this section.

(3) A county that meets the requirements of this subsection, and a city located within the county, may be relieved from the requirement to plan under this section.

(a) A county may be relieved from the planning requirement of this section only if the county: (i) Has a population of less than ten thousand; (ii) has a privately owned taxable land base of less than twenty percent; and (iii) includes no more than one incorporated city.

(b) To be relieved from the planning requirement of this section, a county shall adopt a resolution that removes the county and the city from the requirement to plan and shall file the resolution with the department. Removal shall be deemed to occur on the date the resolution is filed with the department.

(4) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section and has not removed itself under subsection (3) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the

county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((4))~~ (5) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section and the county has not removed itself pursuant to subsection (3) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((5))~~ (6) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((6))~~ (7) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

~~((7))~~ (8) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003."

MOTION

Senator Winsley moved that the Senate concur in the House amendment to Engrossed Substitute Senate Bill No. 5659.

POINT OF ORDER

Senator Benton: " A point of order, Mr. President. I believe that Engrossed Substitute Senate Bill No. 5659 is not properly before the Senate. Engrossed Substitute Senate Bill No. 5659, in order to pass the Senate, I believe requires a two-thirds vote from this body since the bill amends the provisions referenced by Initiative 747, which was approved by the voters on November 6, 2001. Since, I do believe it requires a two-thirds vote, I believe the bill is unconstitutionally before this body, because the House of Representatives passed Engrossed Substitute Senate Bill No. 5659 with only fifty-six 'yes' votes--well below the two-thirds constitutional requirement for changing an initiative within the first two years of its passage. Mr. President, I ask that you rule that this bill is improperly before the State Senate."

MOTION

On motion of Senator Sheahan, the Senate deferred further consideration of Engrossed Substitute Senate Bill No. 5659.

MOTION

On motion of Senator Sheahan, Rule 15 was suspended for the day.

EDITOR'S NOTE: Rule 15 states "The senate shall adjourn not later than 10:00 p.m. each working day. The rule may be suspended by a majority.

MESSAGE FROM THE HOUSE

April 25, 2003

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5341 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of revenue.

"Gross income" does not include other operating revenue or nonoperating revenue.

(3) "Other operating revenue" means income from nonpatient care services to patients, as well as sales and activities to persons other than patients. It is derived in the course of operating the facility, such as providing personal laundry service for patients, or from other sources such as meals provided to persons other than patients, personal telephones, gift shops, and vending machine commissions.

(4) "Nonoperating revenue" means income from activities not relating directly to the day-to-day operations of an organization. "Nonoperating revenue" includes such items as gains on disposal of a facility's assets, dividends, and interest from security investments, gifts, grants, and endowments.

(5) "Patient day" means a calendar day of care provided to a nursing facility resident, excluding a medicare patient day. Patient days include the day of admission and exclude the day of discharge; except that, when admission and discharge occur on the same day, one day of care shall be deemed to exist.

(6) "Medicare patient day" means a patient day for medicare beneficiaries on a medicare Part A stay and a patient day for persons who have opted for managed care coverage using their medicare benefit.

(7) "Nonexempt nursing facility" means a nursing facility that is not exempt from the quality maintenance fee under section 4 of this act.

(8) "Nursing facility" has the same meaning as the term is defined in RCW 18.51.010; it does not include a boarding home as defined in RCW 18.20.020 or an adult family home as defined in RCW 70.128.010.

(9) "Nursing facility operator" means a person who engages in the business of operating a nursing facility or facilities within this state.

(10) "Nursing facility services" means health-related services to individuals who do not require hospital care, but whose mental or physical condition requires services that are above the level of room and board and can be made available only through institutional facilities.

NEW SECTION. Sec. 2. (1) In addition to any other tax, a quality maintenance fee is imposed on every nonexempt nursing facility in this state. The quality maintenance fee shall be six dollars per patient day.

(2) Each operator of a nonexempt nursing facility shall file a return with the department on a monthly basis. The return is due within thirty days after the end of each calendar month. The return shall include the following:

(a) The number of patient days for nonexempt nursing facilities operated by that person in that month; and

(b) Remittance of the nonexempt nursing facility operator's quality maintenance fee for that month.

NEW SECTION. Sec. 3. All of chapter 82.32 RCW, except RCW 82.32.045 and 82.32.270, applies to the fee imposed by this chapter, in addition to any other provisions of law for the payment and enforcement of the fee imposed by this chapter. The department may adopt rules, in accordance with chapter 34.05 RCW, as necessary to provide for the effective administration of this chapter.

NEW SECTION. Sec. 4. (1) By June 1st of each year, each nursing facility operator shall file a report with the department of social and health services listing the patient days and the gross income for the prior calendar year for each nursing facility that he or she operates.

(2) By August 1, 2003, the department of social and health services shall submit for approval to the federal department of health and human services a request for a waiver pursuant to 42 C.F.R. 433.68. The waiver shall identify the nursing facilities that the department proposes to exempt from the quality maintenance fee. Those facilities shall include at least:

(a) Nursing facilities operated by any agency of the state of Washington;

(b) Nursing facilities operated by a public hospital district; and

(c) As many nursing facilities with no or disproportionately low numbers of medicaid-funded residents as, within the judgment of the department, may be exempted from the fee pursuant to 42 C.F.R. 433.68.

(3) The department of social and health services shall notify the department of revenue and the nursing facility operator of the nursing facilities that would be exempted from the quality maintenance fee pursuant to the waiver request submitted to the federal department of health and human services. The nursing facilities included in the waiver request may withhold payment of the fee pending final action by the federal government on the request for waiver.

(4) If the request for waiver is approved, the department of social and health services shall notify the department of revenue and the nursing facility operator that no quality maintenance fee is due from the facility. MOTION

Senator Rossi moved that the Senate refuse to concur in the House amendment to Second Substitute Senate Bill No. 5341 and asks the House to recede therefrom.

Debate ensued.

The President Pro Tempore declared the question before the Senate to be the motion by Senator Rossi to not concur in the House amendment to Second Substitute Senate Bill No. 5341.

The motion by Senator Rossi carried and the Senate did not concur in the House amendment to Second Substitute Senate Bill No. 5341 and asks the House to recede therefrom.

MOTION

At 9:34 p. m., on motion of Senator Sheahan, the Senate was declared to be at ease.

The Senate was called to order at 10:26 p.m by President Owen.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 5659, deferred earlier this evening.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order by Senator Benton that the house amendment to Engrossed Substitute Senate Bill No. 5659 is improperly before the body because it amends Initiative 747 without the necessary two-thirds vote of the House, the President finds as follows:

"Initiative 747 changed the amount a taxing district could increase its property taxes from six percent down to one percent without a vote of the people. The amendment does not change any language amended or set forth in the original initiative. Initiative 747 merely changed the rate and allowed taxes to increase above that rate upon a vote of the people.

"A vote of the people is still required to increase taxes above that rate under this amendment. As such, the amendment violates neither the intent nor the spirit of Initiative 747. It is true that the House amendment does make changes to a section referenced within Initiative 747; however, the only change made by the House amendment is to the methodology by which a vote may take place and similarly does not violate the intent of the initiative.

Senator Benton's point is not well taken, and the President finds that Engrossed Substitute Senate Bill 5659 is properly before the body."

The President ruled that Engrossed Substitute Senate Bill No. 5659 was properly before the Senate.

MOTION

At 10:28 p.m., Senator Benton moved that the Senate adjourn until 12:30 p.m., Sunday, April 27, 2003.

The President declared the question before the Senate to be the motion by Senator Benton to adjourn until 12:30 p.m., Sunday, April 27, 2003.

The motion by Senator Benton to adjourn failed.

POINT OF ORDER

Senator Roach: "An inquiry, Mr President. Is Engrossed Substitute Senate Bill No. 5659 improperly before the Senate by violating Article II, Section 19, of the State Constitution? I would add to that Rule 25 of the Permanent Rules of the Senate. The Constitution says that no bill shall embrace more than one subject and that shall be expressed in the title. Rule 25 says that no bill shall embrace more than one subject and that shall be expressed in the title.

"Engrossed Substitute Senate Bill No. 5659 is 'An Act Relating to Authorizing Additional Funding for Local Governments.' However, in the body of the bill, it amends the 'Growth Management Act, RCW 36.70.130.' Section 3,

page 2 of Engrossed Substitute Senate Bill No. 5659 allows a county east of the Cascade Crest and north of Interstate 90 that has a population of less than 10,000 and has a taxable land base of fifteen percent or less, the county may adopt a resolution removing the county and the cities located within the county from the requirement to plan under the Growth Management Act. It allows Jefferson and Clallam Counties an additional year to update their comprehensive plans.

“Again, what has this to do with the title of the bill, ‘An Act Relating to Authorizing Additional Funding for Local Governments?’ In addition, the House of Representatives amended the bill by requiring the State Auditor to audit once every five years in a jurisdiction that imposes taxes under the bill. It also requires jurisdictions that impose taxes under the bill to implement a quality management program and to conduct yearly self assessments.

“That would be my inquiry.”

REMARKS BY SENATOR WINSLEY

Senator Winsley: “Thank you, Mr. President. In Reed’s Rules No 112, it says, ‘Time for making these objections--both of these objections to present action must be presented before consideration has been entered upon. After debate has begun or other action has been taken it is too late. Engrossed Substitute Senate Bill No. 5659 passed the Senate; it has passed the House. It seems to me that if you are going to raise these objections, they should have been raised at the time that this bill was before the Senate on final passage.’”

MOTION

On motion of Senator Sheahan, further consideration of Engrossed Substitute Senate Bill No. 5659 was deferred.

MOTION

On motion of Senator Sheahan, the Senate returned to the fourth order of business.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 5659, deferred April 26, 2003.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order by Senator Roach that the House amendment to Engrossed Substitute Senate Bill No. 5659 is improperly before the body because it violates Constitutional and Senate rule provisions limiting a bill to a single subject, the President finds as follows:

"Both the Washington State Constitution and Senate Rule 25 mandate that 'no bill shall embrace more than one subject and that shall be expressed in the title.' The President has consistently ruled that issues relating to the legality of particular measures are better left to the courts, and that rulings will therefore address only parliamentary, not legal, inquiries. It is the duty of the President, however, to give full force and effect to the parliamentary rules and practices of this body.

"It is instructive to keep in mind that the purpose of parliamentary procedure is to provide clear processes that ensure the rights of all members are observed and the will of the body, as expressed through a majority of its members, may be done. Reed's Rule 49, under the duties of members, makes clear that members have both duties and responsibilities to the body.

"The object and purpose of an assembly is to enable members to act together as a body, and each member ought to so conduct him- or her-self as to facilitate the result, or at least so as not to hinder it. Part of this conduct includes timely raising of parliamentary issues before the body has taken action upon a question. Reed's Rule 112 provides in part, 'Objections to present action must be presented before consideration has been entered upon. After debate has begun or other action has been taken it is too late.'

"The purpose of this rule is clear. There must be some point at which the body may be assured that questions upon which it has expressed its will, most commonly by a vote of its majority, are properly concluded and may not be revisited time and time again. Any other result would allow for any member to hold the body hostage by raising procedural questions which should have been earlier debated and decided. As the rules make clear, a member has a duty to raise such issues as soon as possible or the right to object is deemed waived. The President reserves, for future consideration, the issue of timeliness with respect to other parliamentary inquiries.

"Applying this rationale to the matters before us, the amendments to the bill which added modifications to the Growth Management Act may or may not violate the 'single subject' rule, but the time for raising such an objection was prior to the passage of that amendment in the Senate. Once the measure left this body with that language, that objection was waived along with the final passage.

"With respect to the performance audit language added by the House, however, the first opportunity which any member of this body had to raise a 'single subject' objection was when the measure came back for concurrence or dispute. In this case, Senator Roach's point is timely, and the President finds that performance audits of cities and counties constitute an entirely new policy which is well outside of the original title, which relates to local funding. This language is not limited to the tax increase, but would appear to apply to all aspects of the city or county government, and this is clearly another subject from local funding. For this reason, the House amendment includes a second subject in violation of Rule 25, and Senator Roach's point is well taken. The House amendment is out of order."

The President ruled that the House amendment to Engrossed Substitute Senate Bill No. 5659 to be out of order.

MOTION

On motion of Senator Winsley, the Senate refuses to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5659 and asks the House to recede therefrom.

PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B SUSPENDED DISPOSITION ALTERNATIVE

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A+ offense;

(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060); or

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW

46.52.020(4)(a)), intimidating a witness (RCW 9A.72.110), violation of the uniform controlled substances act (RCW 69.50.401(a)(1) (I) or (ii)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or

(d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

OR

OPTION C CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION ~~(e)~~ D MANIFEST INJUSTICE

If the court determines that a disposition under option A ~~((e))~~, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 3. RCW 13.40.160 and 2002 c 175 s 22 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsection(s) (2), (3), ~~((and))~~ (4), (5), or (6) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection(s) (2), (3), ~~((and))~~ (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option ~~(e)~~ D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a)(I) Frequency and type of contact between the offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option ~~(e)~~ D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b)(I) Devote time to a specific education, employment, or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;

(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;

(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(v) Report as directed to the court and a probation counselor;

(vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;

(vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;

(viii) Comply with the conditions of any court-ordered probation bond; or

(ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (c) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days' confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days' confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

~~(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 4 of this act.~~

~~(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under section 5 of this act may impose the disposition alternative under section 5 of this act.~~

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

~~((6))~~ (8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

~~((7))~~ (9) Except as provided under subsection (3) ~~((6))~~, (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

~~((8))~~ (10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1) When an offender is subject to a standard range commitment of 15 to 65 weeks, the court may:

(a) Impose the standard range; or

(b) Suspend the standard range disposition on condition that the offender complies with the terms of this mental health disposition alternative.

(2) The court may impose this disposition alternative when the court finds the following:

(a) The offender has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of axis I psychiatric disorder, excluding youth that are diagnosed as solely having a conduct disorder, oppositional defiant disorder, substance abuse disorder, paraphilia, or pedophilia;

(b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxication, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. For any mental health treatment ordered for an offender under this section, the treatment option selected shall be chosen from among programs which have been successful in addressing mental health needs of juveniles and successful in mental health treatment of juveniles and identified as research-based best practice programs. A list of programs which meet these criteria shall be agreed upon by: The Washington association of juvenile court administrators, the juvenile rehabilitation administration of the department of social and health services, a representative of the division of public behavioral health and justice policy at the University of Washington, and the Washington institute for public policy. The list of programs shall be created not later than July 1, 2003. The group shall provide the list to all superior courts, its own membership, the legislature, and the governor. The group shall meet annually and revise the list as appropriate; and

(d) The offender, offender's family, and community will benefit from use of the mental health disposition alternative.

(3) The court on its own motion may order, or on motion by either party, shall order a comprehensive mental health evaluation to determine if the offender has a designated mental disorder. The court may also order a chemical dependency evaluation to determine if the offender also has a co-occurring chemical dependency disorder. The evaluation shall include at a minimum the following: The offender's version of the facts and the official version of the facts, the offender's offense, an assessment of the offender's mental health and drug-alcohol problems and previous treatment attempts, and the offender's social, criminal, educational, and employment history and living situation.

(4) The evaluator shall determine if the offender is amenable to research-based treatment. A proposed case management and treatment plan shall include at a minimum:

(a) The availability of treatment;

(b) Anticipated length of treatment;

(c) Whether one or more treatment interventions are proposed and the anticipated sequence of those treatment interventions;

(d) The education plan;

(e) The residential plan; and

(f) The monitoring plan.

(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim's opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the recommended treatment interventions.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender's progress in treatment. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender's compliance with requirements, treatment activities, medication management, the offender's relative progress in treatment, and any other material specified by the court at the time of the disposition.

(9) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

NEW SECTION. Sec. 5. A new section is added to chapter 13.40 RCW to read as follows:

Any charter county with a population of not more than seventy thousand shall establish a pilot program to implement the community commitment disposition alternative contained in this section. The pilot project shall be limited to five beds.

(1) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under this section may impose a community commitment disposition alternative and:

(a) Retain juvenile court jurisdiction over the youth;

(b) Confine the youth in a county detention facility for a period of time not to exceed thirty days; and

(c) Impose a term of postrelease community supervision for up to one year.

If the youth receives a standard range disposition, the court shall set the release date within the standard range. The court shall determine the release date prior to expiration of sixty percent of the juvenile's minimum term of confinement.

(2) The court may impose this community commitment disposition alternative if the court finds the following:

(a) Placement in a local detention facility in close proximity to the youth's family or local support systems will facilitate a smoother reintegration to the youth's family and community;

(b) Placement in the local detention facility will allow the youth to benefit from locally provided family intervention programs and other research-based treatment programs, school, employment, and drug and alcohol or mental health counseling; or

(c) Confinement in a facility operated by the department would result in a negative disruption to local services, school, or employment or impede or delay developing those services and support systems in the community.

(3) The court shall consider the youth's offense, prior criminal history, security classification, risk level, and treatment needs and history when determining whether the youth is appropriate for the community commitment disposition alternative. If the court finds that a community commitment disposition alternative is appropriate, the court shall order the youth into secure detention while the details of the reintegration program are developed.

(4) Upon approval of the treatment and community reintegration plan, the court may order the youth to serve the term of confinement in one or more of the following placements or combination of placements: Secure detention, an alternative to secure detention such as electronic home monitoring, county group care, day or evening reporting, or home detention. The court may order the youth to serve time in detention on weekends or intermittently. The court shall set periodic reviews to review the youth's progress in the program. At least fifty percent of the term of confinement shall be served in secure detention.

(5) If the youth violates the conditions of the community commitment program, the court may impose sanctions under RCW 13.40.200 or modify the terms of the reintegration plan and order the youth to serve all or a portion of the remaining confinement term in secure detention.

(6) A county may enter into interlocal agreements with other counties to develop joint community commitment programs or to allow one county to send a youth appropriate for this alternative to another county that has a community commitment program.

(7) Implementation of this alternative is subject to available state funding for the costs of the community commitment program, including costs of detention and community supervision.

The Washington association of juvenile court administrators shall submit an interim report on the pilot program established in this section to the legislature and appropriate committees by December 31, 2004, and submit a final report to the legislature and the appropriate committees by June 30, 2005.

This section expires July 1, 2005.

Sec. 6. RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(3) The examiner shall assess and report regarding the respondent's relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;

(b) Availability of appropriate treatment;

(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(d) Anticipated length of treatment; and

(e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option ((e)) D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

NEW SECTION. Sec. 7. Because model adherence and competent delivery of research-based intervention programs is critical for reducing recidivism, the Washington state institute for public policy shall develop adherence and outcome standards for measuring effectiveness of treatment programs referred to in this act. The standards shall be developed and presented to the governor and legislature no later than January 1, 2004. The standards shall include methods for measuring competent delivery of interventions as well as success factors following treatment. The standards shall include, but not be limited to hiring, training and retaining qualified providers, managing and overseeing the delivery of treatment services, and developing quality assurance measures. The department shall utilize these standards to assess program effectiveness. The courts shall also utilize these standards in determining their continued use of these alternatives. The courts shall not continue to use programs that do not comply with these standards.

NEW SECTION. Sec. 8. (1) A task force is created for the purpose of examining the coordination of information, education services, and matters of public safety when juvenile offenders are placed into public schools, following their conviction.

(2) The task force shall be chaired by the superintendent of public instruction and include a representative from the juvenile rehabilitation administration of the department of social and health services, the state board of education, associations which represent school teachers, administrators, and school boards, superior court judges, the Washington association of juvenile court administrators, prosecuting attorneys, the governor, attorneys whose practice includes criminal defense work for juvenile defendants, three groups whose primary purpose is the delivery of services to families and children, and law enforcement. The three groups who deliver services shall be selected by the superintendent of public instruction.

(3) The task force shall identify specific policies and statutory, administrative, and practice processes and barriers that may operate to impede: (a) The identification and delivery of appropriate and coordinated services to juvenile offenders who are placed in, or returned to public schools following conviction of an offense; and (b) transmittal of information regarding juvenile offenders who are returned to, or placed in, public schools following conviction of an offense. The task force shall recommend specific statutory and administrative changes as it finds appropriate to eliminate or reduce the barriers identified as a result of this subsection (3).

(4) The task force shall report its findings and recommendations to the governor, the legislature, and the agencies represented on the task force not later than December 1, 2003.

NEW SECTION. Sec. 9. Sections 7 and 8 of this act expire December 31, 2003.

NEW SECTION. Sec. 10. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void."

Correct the title., and the same are herewith transmitted.

Senator Hargrove: "Yes, I believe it is the Option B provisions--that was part of the juvenile justice 'quote' deal in 1997. We passed it out of here with that in it. The House totally agreed with that provision of it. It is still in it; there were no changes to those sections of the bill in the last amendment."

Senator Roach: "And they had wanted it changed? Is that why--?"

Senator Hargrove: "No, the amendment had to do with the piece of the bill that did not relate to that."

Senator Roach: "Thank you."

Sec. 4. RCW 47.68.250 and 1999 c 302 s 2 are each amended to read as follows:

Every aircraft shall be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of ~~((eight))~~ fifteen dollars shall be charged for each such registration and each annual renewal thereof.

Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section shall be the only requisites for registration of an aircraft under this section.

The registration fee imposed by this section shall be payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and shall be collected by the secretary at the time of the collection by him or her of the said excise tax. MESSAGE FROM THE HOUSE

April 27, 2003

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5725 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the welfare of the people of the state of Washington is positively impacted through the encouragement and expansion of family wage employment in the state's manufacturing industries. The legislature further finds that targeting tax incentives to focus on key industry clusters is an important business climate strategy. The Washington competitiveness council has recognized the semiconductor industry, which includes the design and manufacture of semiconductor materials, as one of the state's existing key industry clusters. Businesses in this cluster in the state of Washington are facing increasing pressure to expand elsewhere. The sales and use tax exemptions for manufacturing machinery and equipment enacted by the 1995 legislature improved Washington's ability to compete with other states for manufacturing investment. However, additional incentives for the semiconductor cluster need to be put in place in recognition of the unique forces and global issues involved in business decisions that key businesses in this cluster face.

Therefore, the legislature intends to enact comprehensive tax incentives for the semiconductor cluster that address activities of the lead product industry and its suppliers and customers. Tax incentives for the semiconductor cluster are important in both retention and expansion of existing business and attraction of new businesses, all of which will strengthen this cluster. The legislature also recognizes that the semiconductor industry involves major investment that results in significant construction projects, which will create jobs and bring many indirect benefits to the state during the construction phase.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW to read as follows:

(1) The tax imposed by RCW 82.04.240(2) does not apply to any person in respect to the manufacturing of semiconductor microchips.

(2) For the purposes of this section:

(a) "Manufacturing semiconductor microchips" means taking raw polished semiconductor wafers and embedding integrated circuits on the wafers using processes such as masking, etching, and diffusion; and

(b) "Integrated circuit" means a set of microminiaturized, electronic circuits.

(3) This section expires nine years after the effective date of this act.

Sec. 3. RCW 82.04.240 and 1998 c 312 s 3 are each amended to read as follows:

(1) Upon every person (~~except persons taxable under RCW 82.04.260 (1), (2), (4), (5), or (6))~~ engaging within this state in business as a manufacturer, ~~except persons taxable as manufacturers under other provisions of this chapter;~~ as to such persons the amount of the tax with respect to such business shall be equal to the value of the products, including byproducts, manufactured, multiplied by the rate of 0.484 percent.

(2) ~~Upon every person engaging within this state in the business of manufacturing semiconductor materials, as to such persons the amount of tax with respect to such business shall, in the case of manufacturers, be equal to the value of the product manufactured, or, in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of 0.275 percent. For the purposes of this subsection "semiconductor materials" means silicon crystals, silicon ingots, raw polished semiconductor wafers, compound semiconductors, integrated circuits, and microchips. This subsection (2) expires twelve years after the effective date of this act.~~

(3) The measure of the tax is the value of the products, including byproducts, so manufactured regardless of the place of sale or the fact that deliveries may be made to points outside the state.

Sec. 4. RCW 82.04.280 and 1998 c 343 s 3 are each amended to read as follows:

and delivery by wire, if any; (7) engaging in activities which bring a person within the definition of consumer contained in RCW 82.04.190(6); as to such persons, the amount of tax on such business shall be equal to the gross income of the business multiplied by the rate of 0.484 percent.

As used in this section, "cold storage warehouse" means a storage warehouse used to store fresh and/or frozen perishable fruits or vegetables, meat, seafood, dairy products, or fowl, or any combination thereof, at a desired temperature to maintain the quality of the product for orderly marketing.

As used in this section, "storage warehouse" means a building or structure, or any part thereof, in which goods, wares, or merchandise are received for storage for compensation, except field warehouses, fruit warehouses, fruit packing plants, warehouses licensed under chapter 22.09 RCW, public garages storing automobiles, railroad freight sheds, docks and wharves, and "self-storage" or "mini storage" facilities whereby customers have direct access to individual storage areas by separate entrance. As used in this section, "periodical or magazine" means a printed publication, other than a newspaper, issued regularly at stated intervals at least once every three months, including any supplement or special edition of the publication.

NEW SECTION. Sec. 5. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 shall not apply to charges made for labor and services rendered in respect to the constructing of new buildings used for the manufacturing of semiconductor materials, to sales of tangible personal property that will be incorporated as an ingredient or component of such buildings during the course of the constructing, or to labor and services rendered in respect to installing, during the course of constructing, building fixtures not otherwise eligible for the exemption under RCW 82.08.02565(2)(b). The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(2) To be eligible under this section the manufacturer or processor for hire must meet the following requirements for an eight-year period, such period beginning the day the new building commences commercial production, or a portion of tax otherwise due shall be immediately due and payable pursuant to subsection (3) of this section:

(a) The manufacturer or processor for hire must maintain at least seventy-five percent of full employment at the new building for which the exemption under this section is claimed.

(b) Before commencing commercial production at a new facility the manufacturer or processor for hire must meet with the department to review projected employment levels in the new buildings. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(c) In those situations where a production building in existence on the effective date of this section will be phased out of operation during which time employment at the new building at the same site is increased, the manufacturer or processor for hire shall maintain seventy-five percent of full employment at the manufacturing site overall.

(d) No application is necessary for the tax exemption. The person is subject to all the requirements of chapter 82.32 RCW. A person taking the exemption under this section must report as required under section 11 of this act.

For the purposes of this section "semiconductor materials" has the same meaning as provided in RCW 82.04.240(2).

(2)(a) The credit under this section shall equal three thousand dollars for each employment position used in manufacturing production that takes place in a new building exempt from sales and use tax under sections 5 and 6 of this act. A credit is earned for the calendar year a person fills a position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to eight years. Those positions that are not filled for the entire year are eligible for fifty percent of the credit if filled less than six months, and the entire credit if filled more than six months.

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5776 with the following amendment(s):
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The purpose of this chapter is to reform the process of appeal and review of final permit decisions made by state agencies and local governments for qualifying economic development projects, by establishing uniform, expedited, and coordinated appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of final decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the environmental and land use hearings board established in this chapter.

(2) "Final decision" means the highest and last decision available within the permit agency with respect to a permit application to the agency, including but not limited to decisions resulting from internal appeals available within the agency for the permit decision.

(3) "Participating permit agency" means any permit agency in which the applicant for a qualifying project has filed an application for an environmental or land use permit that is required for the qualifying project.

(4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, use of, or interference with the land, air, or water in the state. This document must be required to be obtained from a state agency or local government, including but not limited to counties, cities, and air agencies, prior to constructing or operating a qualifying project. Local government permits include, but are not limited to, subdivisions, binding site plans, planned unit developments, shoreline permits or other approvals under RCW 90.58.140, master plan approvals, site plan approvals, permits or approvals required by critical area ordinances, conditional use permits, variances, and site-specific rezones authorized by a comprehensive plan or subarea plan or other equivalent documents however titled or denominated. Local government permits excluded under this definition include the adoption or amendment of a comprehensive plan, subarea plan, legislative actions on development regulations, certifications by local health districts of water and sewer availability, and building, grading, flood hazard, utility connection, and other nondiscretionary construction permits.

(5) "Permit agency" means any state agency or local government, including but not limited to air agencies, authorized by law to issue permits.

(6) "Qualifying project" means an economic development project that is (a) located within a county that in its entirety qualifies as a distressed area as defined in RCW 43.168.020(3) and a rural natural resources impact area as defined in RCW 43.160.020, (b) designed to provide at least thirty full-time year-round jobs, and (c) designated as a qualifying project by the office of permit assistance established under chapter 43.42 RCW if a request for a determination of such designation is made to the office by the project applicant as provided under this chapter.

NEW SECTION. Sec. 3. The appeal process authorized in this chapter shall, notwithstanding any other provisions of this code, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for a qualifying project. This chapter shall not apply to applications for certification by the energy facility site evaluation council pursuant to chapter 80.50 RCW. The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter.

NEW SECTION. Sec. 4. (1) Any applicant for a project that meets the criteria set forth in section 2(6) (a) and (b) of this act may use the process of appeal and review of this chapter by filing with the office of permit assistance a request for a determination of designation as a qualifying project as required in section 2(6)(c) of this act. Such request shall be filed with the office no later than thirty days after the filing with a permit agency of the first application for a permit relating to the subject project that is filed after the effective date of this act. No requests may be filed with the office of permit assistance after December 31, 2010. The request shall include a list of permits that the project applicant reasonably believes will be required for the subject project.

(2) The office of permit assistance shall: (a) Respond to such request within thirty days after the filing of the request; and (b) if the office determines to designate the project as a qualifying project under section 2(6)(c) of this act, contemporaneously provide a copy of the designation response to all permit agencies responsible for the project permits listed in the request. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter.

NEW SECTION. Sec. 6. (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(2) Such petition is barred, and the board may not grant review, unless the petition is timely filed with the board and timely served on the following persons who shall be parties to the review of the petition:

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance by the permit agency of the permit for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(a) Three days after a written decision is mailed by the permit agency to the project applicant or, if not mailed, the date on which the permit agency provides notice that a written decision is publicly available; or

(b) If (a) of this subsection does not apply, the date the decision is entered into the public record.

(5) Service on all parties shall be by personal service or by mail. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

NEW SECTION. Sec. 7. Standing to bring a petition under this chapter is limited to the following persons:

(1) The applicant and the owner of the property to which the permit decision is directed;

(2) Another person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The permit decision has prejudiced or is likely to prejudice that person;

(b) That person's asserted interests are among those that the permit agency was required to consider when it made its permit decision;

(c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law;

(3) A participating permit agency under this chapter.

NEW SECTION. Sec. 8. A petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner's attorney, if any;

(3) The name and mailing address of the permit agency whose permit is at issue, if any;

(4) A duplicate copy of the permit decision;

(5) Identification of each person to be made a party under this chapter;

(6) Facts demonstrating that the petitioner has standing to seek board review under this chapter;

(7) A separate and concise statement of each error alleged to have been committed;

(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and

(9) A request for relief, specifying the type and extent of relief requested.

NEW SECTION. Sec. 9. (1) Within seven days after receipt of service of the petition filed pursuant to section 6 of this act, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been issued and appealed to an administrative hearings board or to court prior to the date of service of the petition filed with the board under this chapter. The board shall request verification from the participating agencies of the permit applications certified in the project applicant's affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant's affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision.

(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall note an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and not later than fifty days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project.

(3) If petitions for review of more than one permit issued by participating permit agencies for a qualifying project are filed with the board, the board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record or records of the applicable permit agency or agencies, if any, must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.

(7) The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

(8) A party need not file an answer to a petition for review filed pursuant to section 6 of this act.

NEW SECTION. Sec. 10. The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in section 13(1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all participating permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in section 13(3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.

NEW SECTION. Sec. 11. (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

NEW SECTION. Sec. 12. (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the board shall equitably assess the cost of preparing the record among the parties. In assessing costs the board shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

NEW SECTION. Sec. 13. (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion, subject to any applicable rules adopted by the board, at any time after service of the petition. The board shall not grant permission unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section.

NEW SECTION. Sec. 14. (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 13 of this act. The board may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the permit decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;

(c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the board;

(d) The permit decision is a clearly erroneous application of the law to the facts;

(e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The permit decision violates the constitutional rights of the party seeking relief.

(2) The board may affirm or reverse each and every permit decision under review or remand the decision for modification or further proceedings involving the permit agencies.

NEW SECTION. Sec. 15. (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties within thirty days after the filing of the final decision and order of the board. Service by mail shall be deemed effective on the date of deposit with the United States postal service. Any party may apply for direct review by the

court of appeals. An application for direct review must be filed with the superior court within ten days after the filing of the petition for judicial review. In considering an application for direct review under this chapter, it shall be presumed that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.

(2) The presumption set forth in subsection (1) of this section shall require that the superior court certify the direct review not less than ten days, and not more than fifteen days, after the filing of the application therefore, unless, upon motion of a party with supporting excerpts from the record within ten days after the filing of such application, the superior court finds that: (a) The project is not a qualifying project, or (b) the project will not in fact provide new employment within the county in which the project is located. The court may make such findings upon a showing that said record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness competent to testify on employment matters.

(3) A motion as set forth in subsection (2) of this section shall be heard within fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court's certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals.

Sec. 16. RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

(d) The appellate court's determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act).

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

Sec. 17. RCW 36.70C.030 and 1995 c 347 s 704 are each amended to read as follows:

(1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:

(a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental and land use hearings board, or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

Sec. 18. RCW 43.21B.005 and 1999 c 125 s 1 are each amended to read as follows:

(1) There is created an environmental hearings office of the state of Washington. The environmental hearings office shall consist of the pollution control hearings board created in RCW 43.21B.010, the forest practices appeals board created in RCW 76.09.210, the shorelines hearings board created in RCW 90.58.170, the environmental and land use hearings board created in chapter 43.-- RCW (sections 1 through 15 of this act), and the hydraulic appeals board created in RCW ~~(75.20.130)~~ 77.55.170. (2) The chief executive officer of the environmental hearings office may appoint an administrative appeals judge who shall possess the powers and duties conferred by the administrative procedure act, chapter 34.05 RCW, in cases before the boards comprising the office. The administrative appeals judge shall have a demonstrated knowledge of environmental law, and shall be admitted to the practice of law in the state of Washington. Additional administrative appeals judges may also be appointed by the chief executive officer on the same terms. Administrative appeals judges shall not be subject to chapter 41.06 RCW.

(3) The administrative appeals judges appointed under subsection (2) of this section are subject to discipline and termination, for cause, by the chief executive officer. Upon written request by the person so disciplined or terminated, the chief executive officer shall state the reasons for such action in writing. The person affected has a right of review by the superior court of Thurston county on petition for reinstatement or other remedy filed within thirty days of receipt of such written reasons.

(4) The chief executive officer may appoint, discharge, and fix the compensation of such administrative or clerical staff as may be necessary.

(5) The chief executive officer may also contract for required services.

If it is determined that the appeals board shall operate on a part-time basis, each member shall be compensated in accordance with RCW 43.03.250. The director of the environmental hearings office shall make the determination, required under RCW 43.03.250, as to what statutorily prescribed duties, in addition to attendance at a hearing or meeting of the board, shall merit compensation. This compensation shall not exceed ten thousand dollars in a fiscal year. Each member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with the provisions of RCW 43.03.050 and 43.03.060.

(3) The principal office of the appeals board shall be at the state capital, but it may sit or hold hearings at any other place in the state. A majority of the appeals board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act though one position on the board be vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The appeals board shall perform all the powers and duties granted to it in this chapter or as otherwise provided by law.

(4) The appeals board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members and upon being filed at the appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The appeals board shall either publish at its expense or make arrangements with a publishing firm for the publication of those of its findings and decisions which are of general public interest, in such form as to assure reasonable distribution thereof.

(6) The appeals board shall maintain at its principal office a journal which shall contain all official actions of the appeals board, with the exception of findings and decisions, together with the vote of each member on such actions. The journal shall be available for public inspection at the principal office of the appeals board at all reasonable times.

(7) The forest practices appeals board shall have exclusive jurisdiction to hear appeals arising from an action or determination by the department, and the department of fish and wildlife, and the department of ecology with respect to management plans provided for under RCW 76.09.350.

(8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 21. RCW 77.55.170 and 2000 c 107 s 20 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 77.55.110 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 77.55.230 for off-site mitigation proposals.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 77.55.110 may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 22. RCW 90.58.180 and 1997 c 199 s 1 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the shorelines hearings board by filing a petition for review within twenty-one days of the date of filing as defined in RCW 90.58.140(6).

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within twenty-one days from the date the final decision was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter; or

(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or

(c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or

(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board.

MESSAGE FROM THE GOVERNOR

May 9, 2003

To the Honorable President and Members,
The Senate of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Senate Bill No. 5959, entitled:

“AN ACT Relating to allowing approaches to partially controlled limited access highways for the deployment of personal wireless facilities”

This bill establishes procedures for the Department of Transportation to permit wireless telecommunications facilities to be located along partially controlled limited access highways. This is important legislation that will help expand telecommunications services to underserved areas in our state and promote economic development.

However, section 1 of this bill would have amended RCW 47.52.001, which is a declaration of state policy to limit access to the highway facilities of the state in the interest of highway safety and for the preservation of the investment of the public in such facilities. The amendment would have created an inflexible exception to this longstanding policy by stating that personal wireless facilities “shall be permitted” along partially controlled limited access highways, apparently without qualification. Insofar as this section can be read to suggest that deployment of personal wireless facilities is inconsistent with the state’s interest in highway safety, and that telecommunications deployment should take precedence over it, I am compelled to veto it.

I agree with the Legislature that personal wireless service is a critical part of the state’s infrastructure, and I believe that Department of Transportation policy should acknowledge this. However, state policy should also ensure that telecommunications deployment be achieved along state highways without adversely affecting highway safety. For this reason, I believe the current language in RCW 47.52.001, which “limits” but by no means prohibits access to public highways, is the better statement of policy than that contained in section 1.

For these reasons, I have vetoed sections Section 1 of Senate Bill No. 5959.

With the exception of section 1, Senate Bill No. 5959 is approved.

Respectfully submitted,
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

May 12, 2003

To the Honorable President and Members,
The Senate of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1 and 4, Engrossed Substitute Senate Bill No. 5977 entitled:

"AN ACT Relating to the use of state highway rights of way for the deployment of personal wireless service facilities"

This bill establishes procedures for the Department of Transportation to permit siting of wireless telecommunications facilities within state highway rights of way. This is important legislation that will help expand telecommunications services in our state and promote economic development.

Section 4 of this bill would have amended RCW 47.52.001, which is a declaration of state policy to limit access to the highway facilities of the state in the interest of highway safety and for the preservation of the investment of the public in such facilities. The amendment would have created an exception to this longstanding policy by stating that the use of rights of way of limited access facilities "must be permitted" for the deployment of personal wireless facilities, apparently without qualification. Section 1 contains intent language that is largely the same as that contained in section 4. Because these sections can be read to suggest that deployment of personal wireless facilities is inconsistent with the state's interest in highway safety, and that telecommunications deployment should take precedence over it, I am compelled to veto them.

I agree with the Legislature that personal wireless service is a critical part of the state's infrastructure, and I believe that Department of Transportation policy should acknowledge this. However, state policy should also ensure that telecommunications deployment be achieved along state highways without adversely affecting highway safety. For this reason, I believe the current language in RCW 47.52.001, which "limits" but by no means prohibits access to public highways, is the better statement of policy than those contained in sections 1 and 4 of this bill.

For these reasons, I have vetoed sections 1 and 4 of Engrossed Substitute Senate Bill No. 5977.

With the exception of sections 1 and 4, Engrossed Substitute Senate Bill No. 5977 is approved.

Respectfully submitted,
GARY LOCKE, Governor

WHEREAS, After serving one and one-half years as editor of *The Enterprise*, Thomas sold the newspaper to Ai Harry Jewett, a longtime resident of the area; and

WHEREAS, *The Enterprise* survived the Great Depression of the 1930s, even though many other businesses closed their doors for good during this time; and

WHEREAS, *The Enterprise* to this day provides local news for the people living in and near White Salmon and Bingen;

MESSAGE FROM THE GOVERNOR

May 14, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 6, Engrossed Substitute Senate Bill No. 6072 entitled:

"AN ACT Relating to funding pollution abatement and response;"

This bill establishes funding for a tugboat to reduce the risk of major maritime accidents, to enhance emission control for school buses, and to reduce and monitor vehicle air emissions.

I support these important environmental responsibilities, and appreciate the work of the legislature to provide for these activities within existing funds. However, section 6 of this bill would inadvertently eliminate the fifty-dollar physical inspection fee required for some out-of-state vehicles prior to registration in Washington State. I am, therefore, vetoing section 6 of this bill in order to maintain the inspection fee, which provides \$2.5 million annual revenue for this important public safety program.

For these reasons, I have vetoed section 6 of Engrossed Substitute Senate Bill No. 6072.

With the exception of section 6, Engrossed Substitute Senate Bill No. 6072 is approved.

Respectfully submitted,
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5179 entitled:

"AN ACT Relating to body-gripping traps;"

This bill would have provided that a trapping program is in the state's interest and that the sale of pelts is consistent with the Legislature's intent not to waste a wildlife resource. It would have allowed, if permitted by the director of the Department of Fish and Wildlife (DFW), use of a body-gripping trap to address animal problems and fur-bearer management needs.

Early this session, I supported legislation that would have addressed the specific problems associated with Initiative 713. This legislation would have allowed the use of traps on moles, gophers and mountain beavers, and provided additional protections for livestock. At that time, I also indicated my opposition to legislation that would repeal the core principles underlying the initiative. Whenever possible, improvements to address unintended consequences of an initiative should be pursued before consideration of a repeal. Because this bill effectively repeals the initiative, even though an alternative legislative solution exists to address the problems of the initiative, I have vetoed the bill in its entirety.

We need to put this issue behind us by looking for ways we can creatively implement solutions, rather than perpetuate problems. With this message, I am requesting members of the Fish and Wildlife Commission to closely oversee DFW's implementation of Initiative 713, consistent with its spirit and intent. Specifically, I would like the Commission to recommend changes to help protect livestock and reduce damage to public property, and to conduct an educational outreach program around the state that explains the availability of the special permit program allowed under Initiative 713. In the meantime, I also would expect that given current financial constraints, DFW would use its limited enforcement resources on higher priorities rather than against homeowners, businesses and the timber industry that have trapped for moles, gophers and mountain beavers. I would like the Commission Chair to provide me with a report in person by December 1, 2003.

For these reasons, I have vetoed Substitute Senate Bill No. 5179 in its entirety.

Respectfully submitted,
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

May 16, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2 and 3, Engrossed Senate Bill No. 5014 entitled:

“AN ACT relating to public water projects;”

This bill creates a subaccount within the Public Works Assistance Account to distribute grants for water storage projects and water system facilities.

Section 2 amends RCW 43.79A.040, with the intent that the new subaccount would retain its proportionate share of investment income. However, this section of law is related to the Treasurer’s trust funds, and the Public Works Assistance Account is not a trust fund. Additionally, this section conflicts with the provisions of Chapter 150, Laws of 2003, which transfers the investment income of the Public Works Assistance Account to the Community Economic Revitalization Program.

Section 3 contains an emergency clause. Given that there is no supplemental budget funding available in the current biennium, there is no rationale for having this law take effect immediately.

For these reasons, I have vetoed sections 2 and 3 of Engrossed Senate Bill No. 5014.

With the exception of sections 2 and 3, Engrossed Senate Bill No. 5014 is approved.

Respectfully submitted,
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 501, Engrossed Substitute Senate Bill No. 5713 entitled:

"AN ACT Relating to electrical work;"

This bill modifies the state electrical and plumbing statutes in a number of significant ways, including reducing the level of government regulation currently borne by both businesses and workers.

Section 501 would have exempted the repair, maintenance, and replacement of electrical appliances in residential settings from electrical licensing and certification requirements.

Licensing and certification are the only means the state has to ensure that well-trained and qualified individuals perform electrical work. Exempting these requirements, coupled with the exemption from inspection and permitting provided in other sections of this bill, would remove all regulatory oversight of electrical appliance replacement and repair work. This poses serious public policy concerns and could expose workers, homeowners, and the general public to hazards related to faulty electrical installations or repair.

Notwithstanding these concerns, I also want to ensure that the current level of regulation is not an unnecessary burden on the electrical appliance industry. Accordingly, after the first year of administering this act, I am directing the Department of Labor and Industries, to evaluate its impact and report its findings to me by December 31, 2004.

For these reasons, I have vetoed section 501 of Engrossed Substitute Senate Bill No. 5713.

With the exception of section 501, Engrossed Substitute Senate Bill No. 5713 is approved.

Respectfully submitted,

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, Engrossed Substitute Senate Bill No. 5903 entitled:

"AN ACT Relating to juvenile offender sentences;"

This bill creates two new alternative juvenile sentences, and a pilot project for a third sentencing alternative.

Section 1 prohibits the closure of any Juvenile Rehabilitation Administration institution "without specific authorization in an act of the legislature." It further prohibits the use of any such institution, even if closed by the Legislature, by the Department of Corrections or to incarcerate adult offenders. I share these policy goals of not closing state institutions without the Legislature's concurrence, and not converting juvenile facilities into adult prisons. I have not proposed any such closures or conversions.

However, the Legislature has not yet adopted a budget for the next biennium, and there is no assurance that its next budget, or some future budget, will not make it necessary to consider closures as a means of administering programs within available resources. The Legislature creates the programs and provides the resources, but the executive branch must administer them, and should not be prohibited in permanent law from making difficult decisions that may be necessary.

For this reason, I have vetoed section 1 of Engrossed Substitute Senate Bill No. 5903.

With the exception of section 1, Engrossed Substitute Senate Bill No. 5903 is approved.

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3 and 4, Substitute Senate Bill No. 5996 entitled:

"AN ACT Relating to hosting the 2005 conference of the national conference of state legislatures and other government conferences;"

This bill establishes a host committee for the 2005 annual meeting of the National Conference of State Legislatures (NCSL). It also amends the Ethics Act to allow the solicitation and acceptance of gifts for the purpose of hosting a government conference.

Section 3 would have established a presumption that state officers and employees are not in violation of the Ethics Act when soliciting gifts, grants or donations to host a government conference. Section 4 would have also exempted these gifts from the

ordinary fifty-dollar limit. Sections 3 and 4 are too broad and not necessary to accomplish the primary objectives of the bill, which are to establish a host committee for the 2005 NCSL conference and to allow legislators on the committee to solicit contributions in excess of fifty dollars for the conference.

RCW 42.52.010(10)(e) of the Ethics Act specifies that a "gift" does not include "items a state officer or state employee is authorized by law to accept." Because section 2 of this bill authorizes the host committee to engage in fundraising activities, these activities are not considered a gift for purposes of the Ethics Act. Thus, sections 3 and 4 of the bill are not necessary.

Aside from being unnecessary to meet the primary objectives of this bill, sections 3 and 4 are too broad. They exempt fundraising for the hosting of any government conference, without limitation, from existing restrictions on the solicitation of gifts. The potential for abuse of this broad exemption concerns me.

For these reasons, I have vetoed sections 3 and 4 of Substitute Senate Bill No. 5996.

With the exception of sections 3 and 4, Substitute Senate Bill No. 5996 is approved.

Respectively submitted,
GARY LOCKE, Governor

MESSAGES FROM STATE OFFICES

STATE OF WASHINGTON

OFFICE OF THE FAMILY AND CHILDREN'S OMBUDSMAN
6720 Fort Dent Way, Suite 240
Tukwila, Washington 98188

May 20, 2003

To the Residents of Washington State:

I am pleased to present the Year 2002 Report of the Office of the Family and Children's Ombudsman.

Last year was marked by a significant change at the Ombudsman. After serving nearly six years as the Ombudsman's first director, Vickie Wallen left her post in July, 2002, to care for her new son. Under Ms. Wallen's leadership, the Ombudsman achieved a high degree of credibility and respect among our diverse range of stakeholders, including DSHS service recipients, legislators, community professionals, child and family advocates, agency workers, and the public. You can be assured that we at the Ombudsman will continue working hard to maintain the credibility and respect earned during Ms. Wallen's tenure.

The year also encompassed a tremendous amount of activity. Last year, the Ombudsman received a record number of complaints. The increase in complaints is not unusual. Over the past five years, our work of responding to inquiries and investigating complaints has accelerated dramatically. Inquires made by families and citizens have more that doubled, while the number of complaints filed with our office has increased ninety percent.

Responding effectively to the dramatic increase in workload has been one of our biggest challenges in recent years. Because the Ombudsman has not been fully staffed since 2001, this challenge has been especially daunting. However, we are implementing significant work-process efficiencies and making extra effort to maintain a high level of responsiveness to those who contact our office.

Although slowed by the lack of a permanent director, our work on systemic issues continues. Several safety-improvement recommendations contained in the Ombudsman's 2001 Report on the Washington School for the Deaf were adopted by the 2002 Legislature. In addition, the 2002 Legislature convened a work group and considered legislation that responded to concerns raised in several Ombudsman reports about the state's inadequate response to repeated reports of child neglect. Our investigation of DSHS' process for reviewing the fatalities of children served by Child Protective and Child Welfare Services continues. We hope to complete it within the next year.

Before closing, I want to acknowledge the contributions of Rosie Oreskovich to our state. As the Assistant Secretary of the DSHS Children's Administration, Ms. Oreskovich devoted virtually all of her time and energy to strengthening the system that serves abused and neglected children and their families. Her unexpected death earlier this year

brings not only sadness, but a sense of deep loss among those of us who know of her life-long commitment to helping vulnerable children and families. Rosie's remarkable life of public service is an inspiration.

On behalf of all of us at the Office of the Family and Children's Ombudsman, I want to thank you for your interest in our work. We greatly appreciate the opportunity to serve as a voice for the families and children of Washington State.

Sincerely,

MARY MEINIG, Acting Director Ombudsman

The 2002 Annual Report from the Office of the Family and Children's Ombudsman is on file in the Office of the Secretary of the Senate.

WASHINGTON STATE AUDITOR'S OFFICE

AUDIT REPORT

Washington State Department of Social and Health Services
Special Investigation

IN-HOME CHILD CARE PROVIDERS IN MATTAWA, WASHINGTON

BACKGROUND

In September, 2002, the State Auditor's Office learned that the Division of Fraud investigations in the Department of Social and Health Services was investigating fifty in-home child care providers in Mattawa, Washington. We reviewed the preliminary results of the Division's investigation to determine the cause of the significant issues identified.

The Division had subpoenaed the records of all fifty providers. We reviewed the records from seven of those providers in detail; we also reviewed the Division's investigatory procedures and preliminary results. The Division's investigation found that attendance documentation was insufficient to support payments to providers; that providers did not meet documentation requirements relating to health and safety requirements; and that providers gave false information on application forms. At that time, we also verified that the families whose children were receiving care were eligible for the child care program.

Based on work we performed in 2002, we concluded there were weakness in payment monitoring procedures for the Seasonal Child Care Program. In February 2003, we reported these weaknesses in Finding Number 02-01C in the State Accountability Report for fiscal year 2002 and in Finding Number 02-8 in the State of Washington Single Audit Report.

Since that time, we have performed additional work and have determined that some providers gave false information regarding their identities during the application process. We further reviewed the available attendance records and found that, in addition to being insufficient to support payments, some had been falsified.

We planned to discuss the weaknesses identified in our review of the subpoenaed records with the licensor responsible for monitoring these providers. We requested this interview through the licensor's supervisor, who later informed us that the licensor declined to be interviewed.

We then evaluated monitoring reports completed by this licensor for thirteen providers to determine whether the licensor properly recorded and followed up on documentation weaknesses we had identified in our review.

CONCLUSION

As a result of the falsified information on application and background inquiry forms, falsified and missing attendance records, and other missing provider documents, we are questioning the payment of an estimated \$2 million in federal funds to these fifty providers. These provider payments were charged to federal funds in the Child Care Development Fund-Discretionary during the time period reviewed. This condition was caused by weak or non-existent internal controls over the application and monitoring processes. These control weaknesses are in addition to the payment monitoring weaknesses identified in our earlier reports.

Because of the serious nature of these issues, we sent an official letter to the Department's Director of Child Care and Early Learning to provide early notification of the significant issues identified in the investigation. We will rely on the Division of Fraud Investigations to forward evidence in this case to the Grant County Prosecuting Attorney's Office for any action deemed appropriate under the circumstances.

The Washington State Auditor's Office Special Investigation of the Department of Social and Health Services fifty in-home care providers in Mattawa, Washington, is on file in the Office of the Secretary of the Senate.

It talks about Doctor Hellyer's life and it talks about Northwest Trek.

"I feel very honored that we have with us Doctor Hellyer's daughter, Doro. The foundation wanted to give the Senators a present of this book, *A Trek Through Time, Northwest Trek Wildlife Park*. So, I feel really pleased to present to you this book about The Northwest Trek. I think you will really enjoy it and it will bring Doctor Hellyer into your lives, as to what wonderful people he and Connie are and what they are all about. One of the most fascinating things about Northwest Trek is that it is not just a wildlife park, it is an education exhibit. He has really wanted the children, the disabled--people who are very vulnerable--to be able to come and see Northwest Trek and enjoy it for what it is, a beautiful, beautiful history of what the Northwest animals are all about.

"Last Saturday, we had the coyote and the fox exhibit open up and it was absolutely wonderful. There are new exhibits all the time and if you haven't been there, you need to go. I hope you do enjoy this book. Thank you, Madam President."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Cameron Wallin, the author of Northwest Trek, and Doro Hellyer-Oliver a member of the Hellyer family, donators of the land which became Northwest Trek, who were seated in the back of the Chamber.

PERSONAL PRIVILEGE

Senator Hale: "A point of personal privilege, Madam President. I know that all of my colleagues in the Senate are wondering about Senator West and I wanted to let you know that he is very, very disappointed that he can't be here with us today, but he has started his treatments. He is doing well. He is in good spirits and he is a very, very determined guy. He greatly appreciates all of the cards and the phone calls and especially the prayers. He says to keep them coming. So, we will just think about him and know that he is thinking about us. We certainly all wish him well. "

MOTION

On motion of Senator Rossi, the rules were suspended, Second Substitute Senate Bill No. 5341 was returned to second reading and read the second time.

MOTION

On motion of Senator Rossi, the following striking amendment by Senators Rossi and Winsley was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of revenue.

(2) "Gross income" means all revenue, without deduction, that is derived from the performance of nursing facility services.

"Gross income" does not include other operating revenue or nonoperating revenue.

(3) "Other operating revenue" means income from nonpatient care services to patients, as well as sales and activities to persons other than patients. It is derived in the course of operating the facility, such as providing personal laundry service for patients, or from other sources such as meals provided to persons other than patients, personal telephones, gift shops, and vending machine commissions.

(4) "Nonoperating revenue" means income from activities not relating directly to the day-to-day operations of an organization. "Nonoperating revenue" includes such items as gains on disposal of a facility's assets, dividends, and interest from security investments, gifts, grants, and endowments.

(5) "Patient day" means a calendar day of care provided to a nursing facility resident, excluding a medicare patient day. Patient days include the day of admission and exclude the day of discharge; except that, when admission and discharge occur on the same day, one day of care shall be deemed to exist.

(6) "Medicare patient day" means a patient day for medicare beneficiaries on a medicare Part A stay and a patient day for persons who have opted for managed care coverage using their medicare benefit.

(7) "Nonexempt nursing facility" means a nursing facility that is not exempt from the quality maintenance fee under section 4 of this act.

(8) "Nursing facility" has the same meaning as the term is defined in RCW 18.51.010; it does not include a boarding home as defined in RCW 18.20.020 or an adult family home as defined in RCW 70.128.010.

(9) "Nursing facility operator" means a person who engages in the business of operating a nursing facility or facilities within this state.

(10) "Nursing facility services" means health-related services to individuals who do not require hospital care, but whose mental or physical condition requires services that are above the level of room and board and can be made available only through institutional facilities.

NEW SECTION. Sec. 2. (1) In addition to any other tax, a quality maintenance fee is imposed on every operator of a nonexempt nursing facility in this state. The quality maintenance fee shall be six dollars and fifty cents per patient day.

(2) Each operator of a nonexempt nursing facility shall file a return with the department on a monthly basis. The return shall include the following:

(a) The number of patient days for nonexempt nursing facilities operated by that person in that month; and

(b) Remittance of the nonexempt nursing facility operator's quality maintenance fee for that month.

NEW SECTION. Sec. 3. All of chapter 82.32 RCW, except RCW 82.32.270, applies to the fee imposed by this chapter, in addition to any other provisions of law for the payment and enforcement of the fee imposed by this chapter. The department may adopt rules, in accordance with chapter 34.05 RCW, as necessary to provide for the effective administration of this chapter.

NEW SECTION. Sec. 4. (1) By July 1st of each year, each nursing facility operator shall file a report with the department of social and health services listing the patient days and the gross income for the prior calendar year for each nursing facility that he or she operates.

(2) By August 1, 2003, the department of social and health services shall submit for approval to the federal department of health and human services a request for a waiver pursuant to 42 C.F.R. 433.68. The waiver shall identify the nursing facilities that the department proposes to exempt from the quality maintenance fee. Those facilities shall include at least:

(a) Nursing facilities operated by any agency of the state of Washington;

(b) Nursing facilities operated by a public hospital district; and

(c) As many nursing facilities with no or disproportionately low numbers of medicaid-funded residents as, within the judgment of the department, may be exempted from the fee pursuant to 42 C.F.R. 433.68.

(3) The department of social and health services shall notify the department of revenue and the nursing facility operator of the nursing facilities that would be exempted from the quality maintenance fee pursuant to the waiver request submitted to the federal department of health and human services. The nursing facilities included in the waiver request may withhold payment of the fee pending final action by the federal government on the request for waiver.

(4) If the request for waiver is approved, the department of social and health services shall notify the department of revenue and the nursing facility operator that no quality maintenance fee is due from the facility. If the request for waiver is denied, nursing facility operators who have withheld payment of the fee shall pay all such fees as have been withheld. No interest or penalties shall be due upon such withheld payments for the period during which final federal action was pending.

(5) The department of social and health services shall take whatever action is necessary to continue the waiver from the federal government.

(6) The department of social and health services may adopt such rules, in accordance with chapter 34.05 RCW, as necessary to provide for effective administration of this section and section 5 of this act.

NEW SECTION. Sec. 5. The department of social and health services shall prospectively add the medicaid cost of the quality maintenance fee under section 2 of this act to the nursing facility component rate allocation calculated after application of all other provisions of RCW 74.46.521.

NEW SECTION. Sec. 6. (1) Sections 1 through 5 of this act shall expire on the effective date that federal medicaid matching funds are substantially reduced or that a federal sanction is imposed due to the quality maintenance fee under section 2 of this act, as such date is certified by the secretary of social and health services.

(2) The expiration of sections 1 through 5 of this act shall not be construed as affecting any existing right acquired or liability or obligation incurred under those sections or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. (1) Sections 1 through 3 of this act constitute a new chapter in Title 82 RCW.

(2) Sections 4 and 5 of this act are each added to chapter 74.46 RCW.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003."

There being no objection, the following title amendment was adopted:

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) \$4,222,000 of the general fund--state appropriation for fiscal year 2004, \$4,222,000 of the general fund--state appropriation for fiscal year 2005, and \$8,444,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and have been discharged from a state psychiatric hospital. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse division and from the aging and disability services administration. The department shall continue performance-based incentive contracts to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to maximize available federal funding, provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds. The department shall first provide the higher payment to those RSNs whose allocations under the funding formula would otherwise increase the least from the previous year's level in fiscal year 2004 and fiscal year 2005.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2004 and 2005 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years exceed the amounts allocated to it in fiscal year 2003.

(h) The department shall reduce state funding otherwise payable to a regional support network in fiscal year 2005 by the amount by which the regional support network's total administrative expenditures as of December 31, 2002, exceed 10 percent of total funding.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(6) Sufficient funds are appropriated in this section for the department to provide an adult dental benefit equivalent to approximately 75 percent of the dental benefit provided during the 2001-03 biennium. The department shall establish the scope of services to be provided within the available funds in consultation with dental providers and consumer representatives.

(7) The legislature reaffirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

A hospital which does not participate in the supplemental payment intergovernmental transfer budgeted for fiscal year 2003 shall not be eligible to participate in the supplemental payments budgeted in this subsection for fiscal years 2004 and 2005. The participating districts shall retain no more than a total of \$9,600,000 for the 2003-05 biennium.

The payments shall be conditioned upon a contractual commitment by the participating public hospitals to make an intergovernmental transfer to the health services account equal to at least 91 percent of the additional payments. The state's teaching hospitals shall retain at least 28

percent of the amounts retained by hospitals under these programs, or the maximum allowable under the teaching hospitals' limits as established under federal rule, whichever is less.

(10) \$3,100,000 of the health services account appropriation, \$8,416,000 of the general fund--local appropriation, and \$11,516,000 of the general fund--federal appropriation are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(11) \$26,080,000 of the health services account appropriation and \$26,080,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(12) The department shall separately track the total amount of any rebates obtained from drug manufacturers that are supplemental to the amounts required by federal law. The department shall report to the fiscal committees of the house of representatives and senate by January 15, 2004, and by January 15, 2005, on supplemental rebates negotiated to date, and their projected value through the end of the current and the next succeeding fiscal year. The report shall include options for using any rebate amounts in excess of those assumed in this budget to increase pharmacy reimbursement rates.

(13) \$156,000 of the general fund--state appropriation for fiscal year 2004 and \$1,403,000 of the general fund--federal appropriation are provided solely for a study to assess alternatives for replacing the existing medicaid management information system. The department shall report to the information services board and to the fiscal committees of the legislature by December 1, 2003, on the anticipated costs and benefits of the major alternative approaches.

In designing strategies, the primary strategy considered shall be selective or direct contracting with durable medical equipment and supplies vendors or manufacturers.

(15) The department shall, within available resources, design and implement a medical care services care management pilot project for clients receiving general assistance benefits. The pilot project shall be operated in at least two of the counties with the highest concentration of general assistance clients, and may use a full or partial capitation model. In designing the project, the department shall consult with the mental health division and its managed care contractors that include community and migrant health centers in their provider network. (17) The department shall include in any pending medicaid reform section 1115 waiver application, or in any existing section 1115 waiver, a request for authorization to provide optional medicaid services that have been eliminated in this act to American Indian and Alaska Native persons as defined in relevant federal law who are eligible for medicaid only to the extent that such services are provided through the American Indian health system and are financed with one hundred percent federal medicaid matching funds.

(18) The department shall establish managed care rates within available funds, giving specific consideration to each plan's programmatic and financial performance, and ability to assure access in under-served areas.

(19) The department of social and health services, the office of the superintendent of public instruction, and the department of health should jointly identify opportunities for early intervention and prevention activities that can help prevent disease and reduce oral health issues among children. Disease prevention among infants at the age of one year and among children entering the K-12 education system provides cost-effective ways to avoid higher health care spending later in life.

(20) The department shall secure a federal waiver, effective no later than September 1, 2003, which will enable it to charge co-premiums for medical and dental coverage of children whose family incomes exceed the federal poverty level.

(21) For purposes of RCW 74.09.800(2), \$9,549,000 of the general fund--state appropriation for fiscal year 2004, \$10,779,000 of the general fund--state appropriation for fiscal year 2005, and \$37,753,000 of the general fund--federal appropriation are provided solely to provide prenatal care services to low-income women who are not eligible to receive such services under the medical assistance program, Title XIX of the federal social security act. If the department is unable to secure federal matching funds under Title XXI of the social security act, the department shall take all actions necessary to manage the program within these appropriated levels.

If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (2) Allocations for certificated staff salaries for the 2003-04 and 2004-05 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(I) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;

The allocation may be used for reducing class sizes in grades K-4 or to provide additional classroom contact hours for kindergarten, before-and-after-school programs, weekend school programs, summer school programs, and intercession opportunities to assist elementary school students in meeting the essential academic learning requirements and student assessment performance standards. For purposes of this subsection, additional classroom contact hours provided by teachers beyond the normal school day under a supplemental contract shall be converted to a certificated full-time equivalent by dividing the classroom contact hours by 900.

(A) Funds provided under this subsection (2)(a)(iv) and (v) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(c) Any district maintaining a ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year may use allocations generated under this subsection (2)(a)(iv) and (v) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) and (v) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(I) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,785 per certificated staff unit in the 2003-04 school year and a maximum of \$8,952 per certificated staff unit in the 2004-05 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$531.09 for the 2003-04 and 2004-05 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

- (a) "BA" means a baccalaureate degree.
- (b) "MA" means a masters degree.
- (c) "PHD" means a doctorate degree.
- (d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
- (e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2004) \$28,511,000

General Fund--State Appropriation (FY 2005) \$116,670,000

General Fund--Federal Appropriation \$559,000

TOTAL APPROPRIATION \$145,740,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$8,913,000 of the general fund--state appropriation for fiscal year 2004 and \$20,238,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and 9.04 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

	School Year	
	2003-04	2004-05
Highly Capable (per formula student)	\$0.93	\$1.89
Transitional Bilingual Education (per eligible bilingual student)	\$2.45	\$4.97
Learning Assistance (per entitlement unit)	\$0.69	\$1.40

(3) \$116,483,000 is provided for adjustments to insurance benefit allocations. The maintenance rate for insurance benefit allocations is \$457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to \$481.31 per month for the 2003-04 school year and \$570.74 per month for the 2004-05 school year at the following rates:

	<i>School Year</i>	
	<i>2003-04</i>	<i>2004-05</i>
<i>Pupil Transportation (per weighted pupil mile)</i>	<i>\$0.22</i>	<i>\$1.03</i>
<i>Highly Capable (per formula student)</i>	<i>\$1.52</i>	<i>\$7.00</i>
<i>Transitional Bilingual Education (per eligible bilingual student)</i>	<i>\$3.92</i>	<i>\$18.40</i>
<i>Learning Assistance (per entitlement unit)</i>	<i>\$3.08</i>	<i>\$14.46</i>

(4) The rates specified in this section are subject to revision each year by the legislature.

(2) A maximum of \$768,000 of this fiscal year 2004 appropriation and a maximum of \$782,000 of the fiscal year 2005 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) \$5,000 of the fiscal year 2004 appropriation and \$5,000 of the fiscal year 2005 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(4) Allocations for transportation of students shall be based on reimbursement rates of \$39.21 per weighted mile in the 2003-04 school year and \$39.43 per weighted mile in the 2004-05 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(5) Beginning with busses purchased on or after July 1, 2003, the office of superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts.

General Fund--State Appropriation (FY 2004) \$433,984,000
 General Fund--State Appropriation (FY 2005) \$427,214,000
 General Fund--Federal Appropriation \$409,637,000
 TOTAL APPROPRIATION \$1,270,835,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

"Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;
(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
(c) Assessing of overall information processing performance, resources, and capabilities;

Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

Sec. 941. RCW 82.14.200 and 1998 c 321 s 8 are each amended to read as follows:

There is created in the state treasury a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the statewide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax

under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) Revenues distributed under subsections (2) through (5) of this section in any calendar year shall not exceed an amount equal to seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion an amount to the county public health account created in RCW 70.05.125 equal to the adjustment under RCW 70.05.125(2)(b).

(9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) and (8) of this section, then the additional revenues shall be credited and transferred as follows:

(a) Fifty percent to the public facilities construction loan revolving account under RCW 43.160.080; and

(b) Fifty percent to the distressed county public facilities construction loan account under RCW 43.160.220, or so much thereof as will not cause the balance in the account to exceed twenty-five million dollars. Any remaining funds shall be deposited into the public facilities construction loan revolving account.

(10) During the 2003-2005 fiscal biennium, the legislature may transfer from the county sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance of the account.

Sec. 942. RCW 82.14.210 and 1996 c 64 s 1 are each amended to read as follows:

There is created in the state treasury a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.110(1)(e). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each city and the statewide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.155, multiplied by forty-five fifty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the statewide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (6) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (6) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) For a city with an official incorporation date after January 1, 1990, municipal sales and use tax equalization distributions shall be made according to the procedures in this subsection. Municipal sales and use tax equalization distributions to eligible new cities shall be made at the same time as distributions are made under subsections (3) and (4) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new city has received a full year's worth of revenues under RCW 82.14.030(1) as of the January municipal sales and use tax equalization distribution.

(a) Whether a newly incorporated city determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October municipal sales and use tax equalization distribution shall depend on the date the city first imposes the tax authorized under RCW 82.14.030(1).

(i) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of January 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of that year.

(ii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of February 1st, March 1st, or April 1st shall be eligible to receive funds under this subsection beginning with the July municipal sales and use tax equalization distribution of that year.

(iii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of May 1st, June 1st, or July 1st shall be eligible to receive funds under this subsection beginning with the October municipal sales and use tax equalization distribution of that year.

(iv) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of August 1st, September 1st, or October 1st shall be eligible to receive funds under this subsection beginning with the January municipal sales and use tax equalization distribution of the next year.

(v) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of November 1st or December 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new city should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from the tax authorized under RCW 82.14.030(1) that the new city would have received had the city received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (3) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the tax authorized under RCW 82.14.030(1) is imposed.

(c) A new city imposing the tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution calculated under (b) of this subsection shall receive another distribution from the municipal sales and use tax equalization account. This distribution shall be equal to

the calculation made under (b)(ii) of this subsection, prorated by the number of months the city imposes the tax authorized under RCW 82.14.030(2) at the full rate.

(d) The department of revenue shall advise the state treasurer of the amounts calculated under (b) and (c) of this subsection and the state treasurer shall distribute these amounts to the new city from the municipal sales and use tax equalization account subject to the limitations imposed in subsection (6) of this section.

(e) Revenues estimated under this subsection shall not affect the calculation of the statewide weighted average per capita level of revenues for all cities made under subsection (1) of this section.

(6) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3), (4), or (5) of this section, then the distributions under subsections (3), (4), and (5) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3), (4), and (5) of this section to the cities.

(7) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

(8) During the 2003-2005 fiscal biennium, the legislature may transfer from the municipal sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance in the account.

Sec. 943. RCW 86.26.007 and 1997 c 149 s 914 are each amended to read as follows:

The flood control assistance account is hereby established in the state treasury. At the beginning of the 1997-99 fiscal biennium and each biennium thereafter the state treasurer shall transfer four million dollars from the general fund to the flood control assistance account. Moneys in the flood control assistance account may be spent only after appropriation for purposes specified under this chapter (~~or, during the 1997-99 fiscal biennium, for transfer to the disaster response account~~). During the 2003-2005 fiscal biennium, the legislature may transfer from the flood control assistance account to the state general fund such amounts as reflect the excess fund balance of the account.

"NEW SECTION. Sec. 1. Notwithstanding any provisions of Title 29 RCW, between the effective date of this act and December 31, 2004, the counties of Thurston, Pierce, Kitsap, Spokane, Snohomish, Island, and Cowlitz may participate in the pilot project Secure Electronic Registration and Voting Experiment (SERVE) authorized in the National Defense Authorization Act (P.L. 107-107). Participation of the counties must be approved by the secretary of state and implementation must be in compliance with standards and regulations established by the federal voting assistance program of the United States Department of Defense. Between the effective date of this act and December 31, 2004, participating counties must use the SERVE pilot project for all elections for which the SERVE voting system is available for use.

The SERVE pilot project must allow registered overseas voters, as defined in RCW 29.01.117, and registered service voters, as defined in RCW 29.01.155, to cast their votes electronically, including over the Internet and the World Wide Web. Except for the provisions of RCW 29.36.290 regarding the method for transmitting absentee voting materials and of RCW 29.36.310 regarding the method for processing absentee ballots, votes must be cast and counted in conformity with Title 29 RCW. The SERVE voting system is exempt from the requirements of RCW 29.33.300(6) and 29.33.320(6). Election officials must rely upon the procedures established by the United States Department of Defense for the security, secrecy, and validation of votes cast electronically, but the secretary of state is responsible for verifying the accuracy, secrecy, independence, and security of cast ballots. Votes transmitted over an electronic medium, such as the Internet or the World Wide Web, to the election authority under Title 29 RCW are subject to recount and election contest requirements, but not on the grounds that the vote is invalid or suspect because it was cast electronically. The tabulation of SERVE pilot project votes is subject to the tabulation and observer requirements of RCW 29.54.025. The secretary of state must make certain and confirm that a dependable and accurate ballot tracking procedure is in place for purposes of a statutory recount, as defined in chapter 29.64 RCW.

The secretary of state and participating counties must make every effort, including media press releases, web site information, and standard mail, to inform registered overseas and service voters of the SERVE pilot project. While county election officials and the secretary of state must inform qualified voters of the SERVE pilot project, communication with participating voters must be similar in nature to communication with voters not participating in the SERVE pilot project. The e-mail addresses of all participating voters must be made available for political purposes, as required by RCW 29.04.095 through 29.04.120.

The secretary of state must collect and publish data on the number of overseas and service voters who requested to participate in the pilot project, the number of overseas and service voters who participated in the pilot project, the number of ballots received electronically, the number of ballots rejected, and the reasons ballots were rejected. The information must be collected from the participating counties and from designated participating voters. By January 31, 2005, the secretary of state must compile and present a report on the results of the pilot project to the state government committee of the house of representatives and the government operations and elections committee of the senate. In addition to the data collected from participating counties and voters, the secretary of state must provide a complete description of the funding and costs of the SERVE pilot project, including the cost per vote and detailed information on state and county staffing expenditures.

The secretary of state must terminate the SERVE pilot project within a participating county if, anytime between the effective date of this act and December 31, 2004, the participating county fails to use the SERVE pilot project in any election for which the SERVE voting system is available for use.

This act expires January 31, 2005."

NEW SECTION. Sec. 421. FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer Program (04-2-010)

The state building construction account appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements/leases for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring commercial real property of equal value to be managed as common school trust land.

(3) Property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited

by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) The department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2005, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

(10) The appropriation in this section is provided for a list of projects in LEAP capital document No. 2003-17, as developed on June 4, 2003.

(11) The department of natural resources shall manage lands acquired as "Bone river natural area preserve" as a natural resources conservation area under chapter 79.71 RCW.

PART 6
MISCELLANEOUS

NEW SECTION. Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are \$18,827,417 during the 2003-2005 fiscal period; \$111,194,423 during the 2005-2007 fiscal period; \$155,435,444 during the 2007-2009 fiscal period; \$155,435,444 during the 2009-2011 fiscal period; and \$155,435,444 during the 2011-2013 period.

NEW SECTION. Sec. 902. Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

NEW SECTION. Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 905. To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management. Minor works appropriations shall not be used for studies unless expressly authorized elsewhere in this act. The office of financial management shall forward copies of these project lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

NEW SECTION. Sec. 906. (1) The legislature expects projects to be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2005: (a) A listing of reappropriations in the governor's 2005-2007 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 907. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds

of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of general administration and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

(1) Department of general administration: Enter into a financing contract for an amount approved by the office of financial management for costs and financing expenses and required reserves pursuant to chapter 39.94 RCW to lease develop or lease purchase a state office building of 150,000 to 200,000 square feet on state-owned property in Tumwater according to the terms of the agreement with the Port of Olympia when the property was acquired or within the preferred development/leasing areas in Thurston county. The building shall be constructed and financed so that agency occupancy costs will not exceed comparable private market rental rates. The comparable general office space rate shall be calculated based on the three latest Thurston county leases of new space of at least 100,000 rentable square feet adjusted for inflation as determined by the department of general administration. The department of general administration shall coordinate with potential state agency tenants whose current lease expire near the time of occupancy so that buyout of current leases do not add to state expense. The office of financial management shall certify to the state treasurer: (a) The project description and dollar amount; and (b) that all requirements of this subsection (1) have been met.

(2) Department of veterans affairs: Enter into a financing contract in an amount not to exceed \$1,441,500 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build and equip a kitchen in existing shell space at the Spokane veterans home and provide space for displaced functions.

NEW SECTION. Sec. 908. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2003-2005 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art.

NEW SECTION. Sec. 909. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2005-07 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 910. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2003, from the 2001-2003 biennial appropriations for each project.

NEW SECTION. Sec. 911. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 912. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 913. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 914. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 915. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 916. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account to the state taxable building construction account is necessary.

NEW SECTION. Sec. 917. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 918. RCW 43.135.045 and 2002 c 33 s 2 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter. However, during the 2001-2003 biennium, the legislature may transfer moneys from the emergency reserve fund to the general fund only with approval of a majority of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2003, and ending June 30, 2005, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated.

Sec. 919. RCW 43.135.045 and 2001 c 3 s 9, 2000 2nd sp.s. c 5 s 1, and 2000 2nd sp.s. c 2 s 3 are each reenacted and amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the

Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2003, and ending June 30, 2005, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. (6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated.

Sec. 920. RCW 46.09.170 and 1995 c 166 s 9 are each amended to read as follows:

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on the tax rate in effect January 1, 1990, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090. The treasurer shall place these funds in the general fund as follows:

(a) Forty percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for planning, maintenance, and management of ORV recreation facilities, nonhighway roads, and nonhighway road recreation facilities. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than five percent may be expended for information programs under this chapter;

(ii) Not less than ten percent and not more than fifty percent may be expended for ORV recreation facilities;

(iii) Not more than twenty-five percent may be expended for maintenance of nonhighway roads;

(iv) Not more than fifty percent may be expended for nonhighway road recreation facilities;

(v) Ten percent shall be transferred to the interagency committee for outdoor recreation for grants to law enforcement agencies in those counties where the department of natural resources maintains ORV facilities. This amount is in addition to those distributions made by the interagency committee for outdoor recreation under (d)(i) of this subsection;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of nonhighway roads and recreation facilities;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the maintenance and management of ORV use areas and facilities; and

(d) Fifty-four and one-half percent, together with the funds received by the interagency committee for outdoor recreation under RCW 46.09.110, shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the committee for planning, acquisition, development, maintenance, and management of ORV recreation facilities and nonhighway road recreation facilities; ORV user education and information; and ORV law enforcement programs. During the fiscal year ending June 30, 2004, a portion of these funds may be appropriated to the department of natural resources to maintain and operate existing ORV and other recreation facilities, including ORV campgrounds, for the state parks and recreation commission to construct and upgrade trails and trail-related facilities for both motorized and nonmotorized uses, and for other activities identified in this section. The funds under this subsection shall be expended in accordance with the following limitations, except that during the fiscal year ending June 30, 2004, funds appropriated to the committee from motor vehicle fuel tax revenues for the activities in (d)(ii) and (iii) of this subsection shall be reduced by the amounts appropriated to the department of natural resources and the state parks and recreation commission as provided in this subsection:

(i) Not more than twenty percent may be expended for ORV education, information, and law enforcement programs under this chapter;

Relocation may include the purchase and rental back of existing homes through reverse declining purchase agreements, the physical relocation of the floating homes to other locations, the creation of a buy-back fund, the relocation of residents in concert with the purchase of the existing residences, or other creative real estate transactions that achieve the relocation of the existing residents or floating homes.

NEW SECTION. Sec. 923. (1) The joint legislative audit and review committee shall conduct a performance audit of state capital planning, design, and construction processes. In conducting this study, the committee shall select a sample of major capital projects from the 1995-97 through the 2003-05 biennia in higher education, corrections, social and health services, and other state agencies. Capital projects selected for this sample shall accommodate regional differences within the state. The committee shall consider the following topics in conducting this performance audit:

(b) Evaluation of the management and fiscal controls surrounding agency capital project decision making and implementation processes, such as policy goals, planning procedures, budget limits, cost and performance standards, criteria for selecting project priorities, written instructions, review processes, as well as management, oversight, reporting, and accountability systems;

(c) Processes and standards for cost-effective and efficient design and construction contracting, management, oversight, and review;

(d) Assignment of agency staff and administrative costs to major capital construction projects and the relationship of such agency costs to project delivery;

(f) Comparison of costs to public and private sector benchmarks, when available and where appropriate, in establishing cost parameters for state capital construction projects.

(2) To the extent resources permit, the audit shall include a review of public works projects utilizing the general contractor/construction manager procedure. This may include: An inventory of the state agencies and local jurisdictions that have used the general contractor/construction manager procedure, including the number, size, type, and cost of public works projects built or being built using the procedure; an examination of the ways the general contractor/construction manager procedure may affect public benefits and costs associated with public works projects; and, if feasible, based on a sample of public works projects built after June 9, 1994, an analysis of the costs and benefits of using the general contractor/construction manager procedure as opposed to other public works contracting procedures.

(3) State agencies, including state public higher education institutions, shall provide any requested information concerning the planning, selection, design, contracting, implementation, management, costs, performance, and outcomes of projects to the joint legislative audit and review committee in a timely manner, including relevant proprietary information that may be associated with individual firms. The committee may contract for consulting services in conducting this performance audit. In its final report, the committee shall make recommendations as appropriate. The committee shall provide a progress report to the appropriate legislative committees by January 9, 2004, and a final report by January 8, 2005.

NEW SECTION. Sec. 924. The joint legislative audit and review committee, in collaboration with the legislative evaluation and accountability program, shall accomplish the following higher education comparable framework tasks and projects during the 2003-05 biennium:

(1) Fill in comparable framework gaps related to infrastructure.

(a) Develop inventory and condition protocols/standards;

(b) Develop infrastructure cost factors;

(c) Facilitate institution data collection and reporting;

(d) Field-verify data on a sample basis;

(e) Develop translation protocols;

(f) Translate data and populate comparable framework.

(2) Explore the feasibility of including dates of renewal and replacement of major building systems in the comparable framework.

(a) Develop protocols/standards;

(b) Facilitate institution data collection and reporting;

(c) Field-verify data on a sample basis;

(d) Develop translation protocols;

(e) Translate data and populate comparable framework.

(3) Explore how the comparable framework could be expanded to facility modernization.

(a) Analyze the feasibility of and approaches to quantifying modernization backlogs across institutions;

(b) Describe current modernization rating processes used by individual institutions including how they fit into master plans, program delivery choices, and other manifestations related to the development of requests for capital support from the state;

(c) Explore models used in other government sectors;

(d) Assess benefits and costs of potential approaches.

(4) Explore how to integrate the comparable framework with governmental accounting standards for accountability related to the efficiency and effectiveness of managing public assets.

(5) Revise and update the comparable framework data base.

(a) Modify and/or develop, as needed, tables, queries, and reports;

(b) Develop reporting capabilities to share data with other legislative agencies, the office of financial management, the higher education coordinating board, the state board for community and technical colleges, and state institutions of higher education.

In executing these tasks, the joint legislative audit and review committee shall seek technical advice and input from stakeholder groups including but not limited to the office of financial management, the higher education coordinating board, the state board for community and technical colleges, and the council of presidents.

As a general condition upon appropriations provided to higher education institutions in part five of this act, higher education institutions, the higher education coordinating board, the office of financial management, and the state board for community and technical colleges shall provide any requested information to the joint legislative audit and review committee in a timely manner to enable its completion of the above tasks and projects so assigned.

NEW SECTION. Sec. 925. (1) In concert with a commitment to increase higher education funding levels significantly above historic levels in this biennium and the following two biennia for primarily access-related projects, the legislature is directing a substantial share of state capital resources to reduce the backlog in facility preservation, focusing on the worst and most critical facilities first. The first commitment is dependent on the latter. To that end and through this act, the legislature begins to address findings and recommendations from the higher education preservation study by the joint legislative audit and review committee, report 03-1, by taking the following actions:

(a) The 2003 legislature affirms that proactive and ongoing facility maintenance, properly supported, can prevent and mitigate preservation backlogs and maximize the useful life of physical assets supported by, used by, and beneficial to state taxpayers. As a step toward that end, the legislature appropriates in this act a portion of the facilities operating and maintenance costs for building maintenance traditionally appropriated in the omnibus operating budget. This is done in "preventative facility maintenance and building system repairs" sections for each four-year institution and the community and technical college system.

(b) The 2003 legislature affirms the importance of reducing the significant higher education preservation backlog, of instilling a greater sense of stewardship regarding these important state assets, and of preventing the current backlog from reoccurring. The legislature recognizes that the preservation backlog took many years to develop and will take several years to address. The legislature intends that each higher education institution and the community and technical college system stabilize and improve the average facility condition index as compared to levels reported by the higher education preservation study in January 2003.

(c) The 2003 legislature affirms the importance of continuing to address these preservation issues, including developing a comparable framework. Section 924 of this act (JLARC work) is intended to build a foundation for capital budget policy and funding deliberations in the 2005-07 biennium, and beyond.

(2) The emphasis on higher education facility preservation described in subsections (1)(a) and (b) of this section provide extra resources for projects that traditionally fall into minor works categories for "preservation" and "health/safety/code requirements" but not to the exclusion of providing state capital funds for minor works "program" and "infrastructure preservation" projects, separately appropriated. The legislature intends to review infrastructure needs for college and university campuses comprehensively, with the assistance of the joint legislative audit and review committee, the office of financial management, and stakeholder institutions and boards during the interim leading up to the 2005-07 biennium. Until comprehensive, comparable data is collected to inform deliberations, higher education institutions may find it necessary to use local, nonappropriated resources to augment 2003-05 biennial funds given the legislature's intent and focus in this act on the deferred renewal needs of aging college facilities. Nonappropriated resources should be used to help meet preservation needs in the spirit of recommendation 3 from the joint legislative audit and review committee's report 03-1.

(3) For projects that address significant preservation needs through major renovations or replacement facilities and that also enhance access by maintaining or improving the usefulness of existing space for important programs, the Gardner-Evans initiative may be appropriate to help fund these projects.

(4) For the purposes of this section and sections that specifically refer to this section by number, the following definitions apply unless the context clearly requires otherwise:

(a) "Auxiliary programs" in the context of higher education means those that are secondary to the missions of state institutions and, being enterprise in character, draw supporting revenue from user fees and charges. Examples include housing and dining; food services; vehicular parking; infirmaries; hospitals; recreation and student-activity centers; campus stores retailing textbooks, supplies, clothing, and objects bearing institutional logos or emblems; and media reproduction centers, among others.

(b) "Average facility condition index" means the index developed in the joint legislative audit and review committee's report number 03-1.

(c) "Comparable framework" means methods and systems to collect, crosswalk, calibrate, verify on a sample basis, and assemble facilities information produced and maintained by institutions of higher education and other state agencies into a data framework that can be used to understand and budget for state and mixed facilities.

(d) "Educational and general programs" in the context of higher education means those that support the primary missions of state institutions: Student instruction, faculty research, and educational public service.

(e) "Facility rating" is a score that reflects an individual building's ability to support its current use as measured against one out of five condition classes as follows:

(i) "One" or "superior" means a building with major systems that are in extremely good condition and functioning well;

(ii) "Two" or "adequate" means a building with major systems in good condition, functioning adequately, and within their expected life cycles;

(iii) "Three" or "fair" means a building with some older major systems that, though still functional, are approaching the end of their expected life cycles;

(iv) "Four" or "limited functionality" means a building with some major systems that are in poor condition, exceed expected life cycles, and require immediate attention to prevent or mitigate impacts on function;

(v) "Five" or "marginal functionality" means a building with some major systems that are failing and significantly restrict continued use of the building.

(f) "Gardner-Evans initiative" means the bonds authorized in chapter . . . (Substitute Senate Bill No. 5908), Laws of 2003.

(g) "Major building system" refers to foundations, building structure, roofs, interior construction and finishes, heating, ventilation, and air conditioning systems, electrical systems, plumbing, and other components necessary for safe and normal plant operation.

(h) "Mixed facilities" in the context of higher education means a state-owned building structure where education and general and auxiliary programs are jointly housed, and includes infrastructure necessary for safe and normal operations by its occupants.

(i) "Preservation" means routine and preventive inspection, mechanical adjustments, and minor work to replace or repair systems, surfaces, or materials undertaken to maintain a building and its existing, internal infrastructure for current use by current occupants.

(j) "State facilities" in the context of higher education means a state-owned building structure exclusively housing educational and general programs, and includes infrastructure necessary for safe and normal operation by its occupants.

(k) "Stewardship" means the collective action undertaken with appropriated and nonappropriated funds by institutional authorities to keep facilities in safe and functional condition for occupants, without deterioration for lack of attention or resources, that optimize the useful life of installed building systems and material construction, given advancing age.

SUBSTITUTE SENATE BILL NO. 5908, by Senate Committee on Ways and Means (originally sponsored by Senators Zarelli, Rossi, Carlson, Kohl-Welles, Fairley, B. Sheldon, Keiser, McAuliffe, West and Winsley)

Enacting the building Washington's future act.

MOTION

On motion of Senator Zarelli, the rules were suspended and Substitute Senate Bill No. 5908 was returned to second reading and read the second time.

MOTION

Senator Zarelli moved that the following striking amendment by Senators Zarelli and Poulsen be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. SHORT TITLE. This act shall be known as the building Washington's future act.

NEW SECTION. Sec. 2. INTENT. The state's institutions of higher education are a vital component of the future economic prosperity of our state. In order to ensure that Washington continues to be able to provide a highly qualified work force that can attract businesses and support the economic vitality of the state, it is the intent of this bond act to provide new money for capital projects to help fulfill higher education needs across the state.

This new source of funding for the critical capital needs of the state's institutions of higher education furthers the mission of higher education and is intended to enhance the abilities of those institutions, over the next six years, to fulfill their critical roles in maintaining and stimulating the state's economy.

It is the intent of the legislature that this new source of funding not displace funding levels for the capital and operating budgets of the institutions of higher education. It is instead intended that the new funding will allow the institutions, over the next three biennia, to use the current level of capital funding to provide for many of those urgent preservation, replacement, and maintenance needs that have been deferred. This approach is designed to maintain or improve the current infrastructure of our institutions of higher education, and simultaneously to provide new instruction and research capacity to serve the increasing number of traditional college-aged students and those adults returning to college to update skills or retrain so that they can meet the demands of Washington's changing work force. This new source of funding may also be used for major preservation projects that renovate, replace, or modernize facilities to enhance capacity/access by maintaining or improving the usefulness of existing space for important instruction and research programs.

NEW SECTION. Sec. 3. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means bonds, notes, commercial paper, certificates of indebtedness, or other evidences of indebtedness of the state issued under this chapter.

(2) "Institutions of higher education" means the University of Washington and Washington State University, Western Washington University at Bellingham, Central Washington University at Ellensburg, Eastern Washington University at Cheney, The Evergreen State College, and the community colleges and technical colleges as defined by RCW 28B.50.030.

(3) "Washington's future bonds" means all or any portion of the general obligation bonds authorized in section 4 of this act.

NEW SECTION. Sec. 4. WASHINGTON'S FUTURE BONDS AUTHORIZED. (1) For the purpose of providing needed capital improvements consisting of the predesign, design, acquisition, construction, modification, renovation, expansion, equipping, and other improvement of state buildings and facilities for the institutions of higher education, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of seven hundred seventy-two million five hundred thousand dollars, or so much thereof as may be required, to finance all or a part of the cost of these projects and all costs incidental thereto. The bonds issued under the authority of this section shall be known as Washington's future bonds.

(2) Bonds authorized in this section shall be sold in the manner, at the time or times, in amounts, and at such prices as the state finance committee shall determine.

(3) No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 5. **BOND ISSUANCE--INTENT.** It is the intent of the legislature that the proceeds of new bonds authorized in this chapter will be appropriated in phases over three biennia, beginning with the 2003-2005 biennium, to provide additional funding for capital projects and facilities of the institutions of higher education above historical levels of funding.

This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after three biennia, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued.

NEW SECTION. Sec. 6. **TERMS AND COVENANTS.** (1) The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds provided for in this chapter, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance.

(2) Bonds issued under this chapter shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

NEW SECTION. Sec. 7. **PROCEEDS.** (1) The proceeds from the sale of the bonds authorized in section 4 of this act shall be deposited in the Gardner-Evans higher education construction account created in section 13 of this act.

(2) The proceeds shall be used exclusively for the purposes in section 4 of this act and for the payment of the expenses incurred in connection with the sale and issuance of the bonds.

NEW SECTION. Sec. 8. The legislature intends to use the proceeds from the sale of bonds issued under this chapter for the following projects during the 2005-07 and 2007-09 biennia:

NEW SECTION. Sec. 9. **PAYMENT PROCEDURES.** (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in this chapter.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in this chapter.

(3) On each date on which any interest or principal and interest payment is due on bonds issued under this chapter, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

(4) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 10. BONDS--LEGAL INVESTMENT FOR PUBLIC FUNDS.

The bonds authorized by this chapter shall constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations.

NEW SECTION. Sec. 11. ADDITIONAL METHODS OF PAYING DEBT SERVICE AUTHORIZED. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized under this chapter, and section 9 of this act shall not be deemed to provide an exclusive method for payment.

NEW SECTION. Sec. 12. CHAPTER SUPPLEMENTAL. This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and is supplemental and additional to powers conferred by other laws. The issuance of bonds under this chapter shall not be deemed to be the only method to fund projects under this chapter.

NEW SECTION. Sec. 13. CREATION OF THE GARDNER-EVANS HIGHER EDUCATION CONSTRUCTION ACCOUNT. The Gardner-Evans higher education construction account is created in the state treasury. Proceeds from the bonds issued under section 4 of this act shall be deposited in the account. The account shall be used for purposes of section 4 of this act. Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 14. CAPTIONS NOT LAW. Captions used in this act are not any part of the law.

NEW SECTION. Sec. 15. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 16. Sections 1 through 15 of this act constitute a new chapter in Title 28B RCW."

Authorizing a pilot project for military and overseas voters to vote over the Internet.

MOTION

On motion of Senator Roach, the rules were suspended, Senate Bill No. 5463 was returned to second reading and read the second time.

MOTION

Senator Roach moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Notwithstanding any provisions of Title 29 RCW, between the effective date of this act and December 31, 2004, the counties of Thurston, Pierce, Kitsap, Spokane, Snohomish, Island, and Cowlitz may participate in the pilot project Secure Electronic Registration and Voting Experiment (SERVE) authorized in the National Defense Authorization Act (P.L. 107-107). Participation of the counties must be approved by the secretary of state and implementation must be in compliance with standards and regulations established by the federal voting assistance program of the United States Department of Defense. Between the effective date of this act and December 31, 2004, participating counties must use the SERVE pilot project for all elections for which the SERVE voting system is available for use.

The SERVE pilot project must allow registered overseas voters, as defined in RCW 29.01.117, and registered service voters, as defined in RCW 29.01.155, to cast their votes electronically, including over the Internet and the World Wide Web. Except for the provisions of RCW 29.36.290 regarding the method for transmitting absentee voting materials and of RCW 29.36.310 regarding the method for processing absentee ballots, votes must be cast and counted in conformity with Title 29 RCW. The SERVE voting system is exempt from the requirements of RCW 29.33.300(6) and 29.33.320(6). Election officials must rely upon the procedures established by the United States Department of Defense for the security, secrecy, and validation of votes cast electronically, but the secretary of state is responsible for verifying the accuracy, secrecy, independence, and security of cast ballots. Votes transmitted over an electronic medium, such as the Internet or the World Wide Web, to the election authority under Title 29 RCW are subject to recount and election contest requirements, but not on the grounds that the vote is invalid or suspect because it was cast electronically. The tabulation of SERVE pilot project votes is subject to the tabulation and observer requirements of RCW 29.54.025. The secretary of state must make certain and confirm that a dependable and accurate ballot tracking procedure is in place for purposes of a statutory recount, as defined in chapter 29.64 RCW.

The secretary of state and participating counties must make every effort, including media press releases, web site information, and standard mail, to inform registered overseas and service voters of the SERVE pilot project. While county election officials and the secretary of state must inform qualified voters of the SERVE pilot project, communication with participating voters must be similar in nature to communication with voters not participating in the SERVE pilot project. The e-mail addresses of all participating voters must be made available for political purposes, as required by RCW 29.04.095 through 29.04.120.

The secretary of state must collect and publish data on the number of overseas and service voters who requested to participate in the pilot project, the number of overseas and service voters who participated in the pilot project, the number of ballots received electronically, the number of ballots rejected, and the reasons ballots were rejected. The information must be collected from the participating counties and from designated participating voters. By January 31, 2005, the secretary of state must compile and present a report on the results of the pilot project to the state government committee of the house of representatives and the government operations and elections committee of the senate. In addition to the data collected from participating counties and voters, the secretary of state must provide a complete description of the funding and costs of the SERVE pilot project, including the cost per vote and detailed information on state and county staffing expenditures.

The secretary of state must terminate the SERVE pilot project within a participating county if, anytime between the effective date of this act and December 31, 2004, the participating county fails to use the SERVE pilot project in any election for which the SERVE voting system is available for use.

This act expires January 31, 2005."

The state building construction account appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements/leases for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring commercial real property of equal value to be managed as common school trust land.

(3) Property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited

by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) The department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2005, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

(10) The appropriation in this section is provided for a list of projects in LEAP capital document No. 2003-17, as developed on June 4, 2003.

PART 6
MISCELLANEOUS

NEW SECTION. Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are \$18,827,417 during the 2003-2005 fiscal period; \$111,194,423 during the 2005-2007 fiscal period; \$155,435,444 during the 2007-2009 fiscal period; \$155,435,444 during the 2009-2011 fiscal period; and \$155,435,444 during the 2011-2013 period.

NEW SECTION. Sec. 902. Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

NEW SECTION. Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 905. To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management. Minor works appropriations shall not be used for studies unless expressly authorized elsewhere in this act. The office of financial management shall forward copies of these project lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

NEW SECTION. Sec. 906. (1) The legislature expects projects to be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2005: (a) A listing of reappropriations in the governor's 2005-2007 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 907. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds

of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

The building shall be constructed and financed so that agency occupancy costs will not exceed comparable private market rental rates. The comparable general office space rate shall be calculated based on the three latest Thurston county leases of new space of at least 100,000 rentable square feet adjusted for inflation as determined by the department of general administration. The department of general administration shall coordinate with potential state agency tenants whose current lease expire near the time of occupancy so that buyout of current leases do not add to state expense. The office of financial management shall certify to the state treasurer: (a) The project description and dollar amount; and (b) that all requirements of this subsection (1) have been met.

(2) Department of veterans affairs: Enter into a financing contract in an amount not to exceed \$1,441,500 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build and equip a kitchen in existing shell space at the Spokane veterans home and provide space for displaced functions.

NEW SECTION. Sec. 908. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2003-2005 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art.

NEW SECTION. Sec. 909. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2005-07 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 910. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2003, from the 2001-2003 biennial appropriations for each project.

NEW SECTION. Sec. 911. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 912. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 913. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 914. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 915. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 916. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account to the state taxable building construction account is necessary.

NEW SECTION. Sec. 917. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 918. RCW 43.135.045 and 2002 c 33 s 2 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter. However, during the 2001-2003 biennium, the legislature may transfer moneys from the emergency reserve fund to the general fund only with approval of a majority of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2003, and ending June 30, 2005, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated.

Sec. 919. RCW 43.135.045 and 2001 c 3 s 9, 2000 2nd sp.s. c 5 s 1, and 2000 2nd sp.s. c 2 s 3 are each reenacted and amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated.

Sec. 920. RCW 46.09.170 and 1995 c 166 s 9 are each amended to read as follows:

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on the tax rate in effect January 1, 1990, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090. The treasurer shall place these funds in the general fund as follows:

(a) Forty percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for planning, maintenance, and management of ORV recreation facilities, nonhighway roads, and nonhighway road recreation facilities. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than five percent may be expended for information programs under this chapter;

(ii) Not less than ten percent and not more than fifty percent may be expended for ORV recreation facilities;

(iii) Not more than twenty-five percent may be expended for maintenance of nonhighway roads;

(iv) Not more than fifty percent may be expended for nonhighway road recreation facilities;

(v) Ten percent shall be transferred to the interagency committee for outdoor recreation for grants to law enforcement agencies in those counties where the department of natural resources maintains ORV facilities. This amount is in addition to those distributions made by the interagency committee for outdoor recreation under (d)(i) of this subsection;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of nonhighway roads and recreation facilities;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the maintenance and management of ORV use areas and facilities; and

(d) Fifty-four and one-half percent, together with the funds received by the interagency committee for outdoor recreation under RCW 46.09.110, shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the committee for planning, acquisition, development, maintenance, and management of ORV recreation facilities and nonhighway road recreation facilities; ORV user education and information; and ORV law enforcement programs. During the fiscal year ending June 30, 2004, a portion of these funds may be appropriated to the department of natural resources to maintain and operate existing ORV and other recreation facilities, including ORV campgrounds, for the state parks and recreation commission to construct and upgrade trails and trail-related facilities for both motorized and nonmotorized uses, and for other activities identified in this section. The funds under this subsection shall be expended in accordance with the following limitations, except that during the fiscal year ending June 30, 2004, funds appropriated to the committee from motor vehicle fuel tax revenues for the activities in (d)(ii) and (iii) of this subsection shall be reduced by the amounts appropriated to the department of natural resources and the state parks and recreation commission as provided in this subsection:

(i) Not more than twenty percent may be expended for ORV education, information, and law enforcement programs under this chapter;

(ii) Not less than an amount equal to the funds received by the interagency committee for outdoor recreation under RCW 46.09.110 and not more than sixty percent may be expended for ORV recreation facilities;

(iii) Not more than twenty percent may be expended for nonhighway road recreation facilities.

(2) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

Sec. 921. RCW 43.88.032 and 1997 c 96 s 5 are each amended to read as follows:

(1) Normal maintenance costs, except for funds appropriated for facility preservation of state institutions of higher education, shall be programmed in the operating budget rather than in the capital budget.

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the budget document.

NEW SECTION. Sec. 922. The University of Washington shall develop a ten year program for the eventual relocation of the residents of the floating homes located at 1409 NE Boat street. After meeting and negotiating with the affected residents, the University of Washington shall develop a report to the legislature. The report, giving the various options for achieving relocation, shall be submitted no later than January 15, 2004, to the senate ways and means committee and the house of representatives capital budget committee. Relocation may include the purchase and rental back of existing homes through reverse declining purchase agreements, the physical relocation of the floating homes to other locations, the creation of a buy-back fund, the relocation of residents in concert with the purchase of the existing residences, or other creative real estate transactions that achieve the relocation of the existing residents or floating homes.

NEW SECTION. Sec. 923. (1) The joint legislative audit and review committee shall conduct a performance audit of state capital planning, design, and construction processes. In conducting this study, the committee shall select a sample of major capital projects from the 1995-97 through the 2003-05 biennia in higher education, corrections, social and health services, and other state agencies. Capital projects selected for this sample shall accommodate regional differences within the state. The committee shall consider the following topics in conducting this performance audit:

(a) Agency development, evaluation, and justification of the cost drivers and cost elements associated with each of the major phases of a capital project: General or master planning, predesign, design, construction, and postconstruction review;

(b) Evaluation of the management and fiscal controls surrounding agency capital project decision making and implementation processes, such as policy goals, planning procedures, budget limits, cost and performance standards, criteria for selecting project priorities, written instructions, review processes, as well as management, oversight, reporting, and accountability systems;

(c) Processes and standards for cost-effective and efficient design and construction contracting, management, oversight, and review;

(d) Assignment of agency staff and administrative costs to major capital construction projects and the relationship of such agency costs to project delivery;

(e) Extent of the practice of including equipment as part of the basic capital project costs, and how equipment costs are estimated and evaluated for inclusion in projects; and

(f) Comparison of costs to public and private sector benchmarks, when available and where appropriate, in establishing cost parameters for state capital construction projects.

(2) To the extent resources permit, the audit shall include a review of public works projects utilizing the general contractor/construction manager procedure. This may include: An inventory of the state agencies and local jurisdictions that have used the general contractor/construction manager procedure, including the number, size, type, and cost of public works projects built or being built using the procedure; an examination of the ways the general contractor/construction manager procedure may affect public benefits and costs associated with public works projects; and, if feasible, based on a sample of public works projects built after June 9, 1994, an analysis of the costs and benefits of using the general contractor/construction manager procedure as opposed to other public works contracting procedures.

(3) State agencies, including state public higher education institutions, shall provide any requested information concerning the planning, selection, design, contracting, implementation, management, costs, performance, and outcomes of projects to the joint legislative audit and review committee in a timely manner, including relevant proprietary information that may be associated with individual firms. However, any proprietary information provided to the committee for this performance audit shall be deemed confidential and shall not be subject to public disclosure.

(4) In conducting this performance audit, the committee shall work closely with the appropriate legislative fiscal committees and shall consult with the office of financial management, the department of general administration, the department of corrections, the department of social and health services, the higher education coordinating board, the state board for community and technical colleges, individual higher education institutions, and other agencies as appropriate. The committee may contract for consulting services in conducting this performance audit. In its final report, the committee shall make recommendations as appropriate. The committee shall provide a progress report to the appropriate legislative committees by January 9, 2004, and a final report by January 8, 2005.

NEW SECTION. Sec. 924. The joint legislative audit and review committee, in collaboration with the legislative evaluation and accountability program, shall accomplish the following higher education comparable framework tasks and projects during the 2003-05 biennium:

(1) Fill in comparable framework gaps related to infrastructure.

(a) Develop inventory and condition protocols/standards;

(b) Develop infrastructure cost factors;

(c) Facilitate institution data collection and reporting;

(d) Field-verify data on a sample basis;

(e) Develop translation protocols;

(f) Translate data and populate comparable framework.

(2) Explore the feasibility of including dates of renewal and replacement of major building systems in the comparable framework.

(a) Develop protocols/standards;

(b) Facilitate institution data collection and reporting;

(c) Field-verify data on a sample basis;

(d) Develop translation protocols;

(e) Translate data and populate comparable framework.

(3) Explore how the comparable framework could be expanded to facility modernization.

(a) Analyze the feasibility of and approaches to quantifying modernization backlogs across institutions;

(b) Describe current modernization rating processes used by individual institutions including how they fit into master plans, program delivery choices, and other manifestations related to the development of requests for capital support from the state;

(c) Explore models used in other government sectors;

(d) Assess benefits and costs of potential approaches.

(4) Explore how to integrate the comparable framework with governmental accounting standards for accountability related to the efficiency and effectiveness of managing public assets.

(5) Revise and update the comparable framework data base.

(a) Modify and/or develop, as needed, tables, queries, and reports;

(b) Develop reporting capabilities to share data with other legislative agencies, the office of financial management, the higher education coordinating board, the state board for community and technical colleges, and state institutions of higher education.

In executing these tasks, the joint legislative audit and review committee shall seek technical advice and input from stakeholder groups including but not limited to the office of financial management, the higher education coordinating board, the state board for community and technical colleges, and the council of presidents.

As a general condition upon appropriations provided to higher education institutions in part five of this act, higher education institutions, the higher education coordinating board, the office of financial management, and the state board for community and technical colleges shall provide any requested information to the joint legislative audit and review committee in a timely manner to enable its completion of the above tasks and projects so assigned.

NEW SECTION. Sec. 925. (1) In concert with a commitment to increase higher education funding levels significantly above historic levels in this biennium and the following two biennia for primarily access-related projects, the legislature is directing a substantial share of state capital resources to reduce the backlog in facility preservation, focusing on the worst and most critical facilities first. The first commitment is dependent on the latter. To that end and through this act, the legislature begins to address findings and recommendations from the higher education preservation study by the joint legislative audit and review committee, report 03-1, by taking the following actions:

(a) The 2003 legislature affirms that proactive and ongoing facility maintenance, properly supported, can prevent and mitigate preservation backlogs and maximize the useful life of physical assets supported by, used by, and beneficial to state taxpayers. As a step toward that end, the legislature appropriates in this act a portion of the facilities operating and maintenance costs for building maintenance traditionally appropriated in the omnibus operating budget. This is done in "preventative facility maintenance and building system repairs" sections for each four-year institution and the community and technical college system.

(b) The 2003 legislature affirms the importance of reducing the significant higher education preservation backlog, of instilling a greater sense of stewardship regarding these important state assets, and of preventing the current backlog from reoccurring. The legislature recognizes that the preservation backlog took many years to develop and will take several years to address. The legislature intends that each higher education institution and the community and technical college system stabilize and improve the average facility condition index as compared to levels reported by the higher education preservation study in January 2003.

(c) The 2003 legislature affirms the importance of continuing to address these preservation issues, including developing a comparable framework. Section 924 of this act (JLARC work) is intended to build a foundation for capital budget policy and funding deliberations in the 2005-07 biennium, and beyond.

(2) The emphasis on higher education facility preservation described in subsections (1)(a) and (b) of this section provide extra resources for projects that traditionally fall into minor works categories for "preservation" and "health/safety/code requirements" but not to the exclusion of providing state capital funds for minor works "program" and "infrastructure preservation" projects, separately appropriated. The legislature intends to review infrastructure needs for college and university campuses comprehensively, with the assistance of the joint legislative audit and review committee, the office of financial management, and stakeholder institutions and boards during the interim leading up to the 2005-07 biennium. Until comprehensive, comparable data is collected to inform deliberations, higher education institutions may find it necessary to use local, nonappropriated resources to augment 2003-05 biennial funds given the legislature's intent and focus in this act on the deferred renewal needs of aging college facilities. Nonappropriated resources should be used to help meet preservation needs in the spirit of recommendation 3 from the joint legislative audit and review committee's report 03-1.

(3) For projects that address significant preservation needs through major renovations or replacement facilities and that also enhance access by maintaining or improving the usefulness of existing space for important programs, the Gardner-Evans initiative may be appropriate to help fund these projects.

(4) For the purposes of this section and sections that specifically refer to this section by number, the following definitions apply unless the context clearly requires otherwise:

(a) "Auxiliary programs" in the context of higher education means those that are secondary to the missions of state institutions and, being enterprise in character, draw supporting revenue from user fees and charges. Examples include housing and dining; food services; vehicular parking; infirmaries; hospitals; recreation and student-activity centers; campus stores retailing textbooks, supplies, clothing, and objects bearing institutional logos or emblems; and media reproduction centers, among others.

(b) "Average facility condition index" means the index developed in the joint legislative audit and review committee's report number 03-1.

(c) "Comparable framework" means methods and systems to collect, crosswalk, calibrate, verify on a sample basis, and assemble facilities information produced and maintained by institutions of higher education and other state agencies into a data framework that can be used to understand and budget for state and mixed facilities.

(d) "Educational and general programs" in the context of higher education means those that support the primary missions of state institutions: Student instruction, faculty research, and educational public service.

(e) "Facility rating" is a score that reflects an individual building's ability to support its current use as measured against one out of five condition classes as follows:

(i) "One" or "superior" means a building with major systems that are in extremely good condition and functioning well;

(ii) "Two" or "adequate" means a building with major systems in good condition, functioning adequately, and within their expected life cycles;

(iii) "Three" or "fair" means a building with some older major systems that, though still functional, are approaching the end of their expected life cycles;

(iv) "Four" or "limited functionality" means a building with some major systems that are in poor condition, exceed expected life cycles, and require immediate attention to prevent or mitigate impacts on function;

(v) "Five" or "marginal functionality" means a building with some major systems that are failing and significantly restrict continued use of the building.

(f) "Gardner-Evans initiative" means the bonds authorized in chapter . . . (Substitute Senate Bill No. 5908), Laws of 2003.

(g) "Major building system" refers to foundations, building structure, roofs, interior construction and finishes, heating, ventilation, and air conditioning systems, electrical systems, plumbing, and other components necessary for safe and normal plant operation.

(h) "Mixed facilities" in the context of higher education means a state-owned building structure where education and general and auxiliary programs are jointly housed, and includes infrastructure necessary for safe and normal operations by its occupants.

(i) "Preservation" means routine and preventive inspection, mechanical adjustments, and minor work to replace or repair systems, surfaces, or materials undertaken to maintain a building and its existing, internal infrastructure for current use by current occupants.

(j) "State facilities" in the context of higher education means a state-owned building structure exclusively housing educational and general programs, and includes infrastructure necessary for safe and normal operation by its occupants.

(k) "Stewardship" means the collective action undertaken with appropriated and nonappropriated funds by institutional authorities to keep facilities in safe and functional condition for occupants, without deterioration for lack of attention or resources, that optimize the useful life of installed building systems and material construction, given advancing age.

THIRD READING

SUBSTITUTE SENATE BILL NO. 5908, by Senate Committee on Ways and Means (originally sponsored by Senators Zarelli, Rossi, Carlson, Kohl-Welles, Fairley, B. Sheldon, Keiser, McAuliffe, West and Winsley)

Enacting the building Washington's future act.

MOTION

On motion of Senator Zarelli, the rules were suspended and Substitute Senate Bill No. 5908 was returned to second reading and read the second time.

MOTION

Senator Zarelli moved that the following striking amendment by Senators Zarelli and Poulsen be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. SHORT TITLE. This act shall be known as the building Washington's future act.

NEW SECTION. Sec. 2. INTENT. The state's institutions of higher education are a vital component of the future economic prosperity of our state. In order to ensure that Washington continues to be able to provide a highly qualified work force that can attract businesses and support the economic vitality of the state, it is the intent of this bond act to provide new money for capital projects to help fulfill higher education needs across the state.

This new source of funding for the critical capital needs of the state's institutions of higher education furthers the mission of higher education and is intended to enhance the abilities of those institutions, over the next six years, to fulfill their critical roles in maintaining and stimulating the state's economy.

It is the intent of the legislature that this new source of funding not displace funding levels for the capital and operating budgets of the institutions of higher education. It is instead intended that the new funding will allow the institutions, over the next three biennia, to use the current level of capital funding to provide for many of those urgent preservation, replacement, and maintenance needs that have been deferred. This approach is designed to maintain or improve the current infrastructure of our institutions of higher education, and simultaneously to provide new instruction and research capacity to serve the increasing number of traditional college-aged students and those adults returning to college to update skills or retrain so that they can meet the demands of Washington's changing work force. This new source of funding may also be used for major preservation projects that renovate, replace, or modernize facilities to enhance capacity/access by maintaining or improving the usefulness of existing space for important instruction and research programs.

NEW SECTION. Sec. 3. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means bonds, notes, commercial paper, certificates of indebtedness, or other evidences of indebtedness of the state issued under this chapter.

(2) "Institutions of higher education" means the University of Washington and Washington State University, Western Washington University at Bellingham, Central Washington University at Ellensburg, Eastern Washington University at Cheney, The Evergreen State College, and the community colleges and technical colleges as defined by RCW 28B.50.030.

(3) "Washington's future bonds" means all or any portion of the general obligation bonds authorized in section 4 of this act.

NEW SECTION. Sec. 4. WASHINGTON'S FUTURE BONDS AUTHORIZED. (1) For the purpose of providing needed capital improvements consisting of the predesign, design, acquisition, construction, modification, renovation, expansion, equipping, and other improvement of state buildings and facilities for the institutions of higher education, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of seven hundred seventy-two million five hundred thousand dollars, or so much thereof as may be required, to finance all or a part of the cost of these projects and all costs incidental thereto. The bonds issued under the authority of this section shall be known as Washington's future bonds.

(2) Bonds authorized in this section shall be sold in the manner, at the time or times, in amounts, and at such prices as the state finance committee shall determine.

(3) No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 5. **BOND ISSUANCE--INTENT.** It is the intent of the legislature that the proceeds of new bonds authorized in this chapter will be appropriated in phases over three biennia, beginning with the 2003-2005 biennium, to provide additional funding for capital projects and facilities of the institutions of higher education above historical levels of funding.

This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after three biennia, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued.

NEW SECTION. Sec. 6. **TERMS AND COVENANTS.** (1) The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds provided for in this chapter, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance.

(2) Bonds issued under this chapter shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

NEW SECTION. Sec. 7. **PROCEEDS.** (1) The proceeds from the sale of the bonds authorized in section 4 of this act shall be deposited in the Gardner-Evans higher education construction account created in section 13 of this act.

(2) The proceeds shall be used exclusively for the purposes in section 4 of this act and for the payment of the expenses incurred in connection with the sale and issuance of the bonds.

NEW SECTION. Sec. 8. The legislature intends to use the proceeds from the sale of bonds issued under this chapter for the following projects during the 2005-07 and 2007-09 biennia:

(1) For the University of Washington:

- (a) Life sciences I building;

NEW SECTION. Sec. 9. **PAYMENT PROCEDURES.** (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in this chapter.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in this chapter.

(3) On each date on which any interest or principal and interest payment is due on bonds issued under this chapter, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

(4) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 10. BONDS--LEGAL INVESTMENT FOR PUBLIC FUNDS.

The bonds authorized by this chapter shall constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations.

NEW SECTION. Sec. 11. ADDITIONAL METHODS OF PAYING DEBT SERVICE AUTHORIZED. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized under this chapter, and section 9 of this act shall not be deemed to provide an exclusive method for payment.

NEW SECTION. Sec. 12. CHAPTER SUPPLEMENTAL. This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and is supplemental and additional to powers conferred by other laws. The issuance of bonds under this chapter shall not be deemed to be the only method to fund projects under this chapter.

NEW SECTION. Sec. 13. CREATION OF THE GARDNER-EVANS HIGHER EDUCATION CONSTRUCTION ACCOUNT. The Gardner-Evans higher education construction account is created in the state treasury. Proceeds from the bonds issued under section 4 of this act shall be deposited in the account. The account shall be used for purposes of section 4 of this act. Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 14. CAPTIONS NOT LAW. Captions used in this act are not any part of the law.

NEW SECTION. Sec. 15. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 16. Sections 1 through 15 of this act constitute a new chapter in Title 28B RCW."

MESSAGE FROM THE GOVERNOR

April 27, 2003

TO THE HONORABLE, THE SENATE
OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

In compliance with the provision of Section II of Article III of the Constitution of the state of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the adjournment of the 2002 Regular Session of the 57th Legislature, copies of which are attached.

Respectfully submitted,
JENNIFER JOLY, General Counsel

**CONDITIONAL COMMUTATION
OF
JASON PETER KRAJESKI**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in September of 1998, Jason Peter Krajieski, then 22 years old, was caught with two stolen bicycles and a firearm in his possession. He was not linked to the initial theft of the bicycles. Due to a prior felony, he could not legally possess a firearm. All of Mr. Krajieski's offenses were non-violent property crimes and were committed during a particularly difficult time in his life as a juvenile and young adult; and

WHEREAS, Mr. Krajieski was convicted in Pierce County Superior Court of Possession of Stolen Property in the First Degree, Possession of Stolen Property in the Second Degree, and Unlawful Possession of a Firearm in the Second Degree. Mr. Krajieski was sentenced to 38 months on June 1, 1999, but was freed on bond for approximately 2 ½ years pending an appeal, which ultimately was unsuccessful. He was finally admitted to prison on December 4, 2001, and has now served approximately nine months. Under normal circumstances, Mr. Krajieski's earliest release date would be October 9, 2003; and

WHEREAS, during the 2 ½ years between the conviction and when he reported to prison, major changes took place in Mr. Krajieski's life. He married on February 16, 2001 and has an infant son and stepdaughter. Before incarceration, he held steady employment for over a year at a local landscape and property management business. Mr. Krajieski worked weekdays and his wife worked weekends so that they could better provide for their children. Mr. Krajieski has risen well to the enormous commitment of both marriage and raising children. He has committed no further offenses, and has fully paid all financial obligations imposed as part of his sentence; and

WHEREAS, on remand after appeal, the sentencing judge was favorably impressed by the changes Mr. Krajewski had made in his life, and expressed a desire to reconsider the sentence, but acknowledged that she had no discretion to do so. Mr. Krajewski has tremendous support within his family. And, his own wife and child are in great need of his support. When Mr. Krajewski is released from prison, he will be able to provide them with needed income and a father figure. Employment is expected to be available to Mr. Krajewski upon his release from prison; and

WHEREAS, the Clemency and Pardons Board was also favorably impressed by the extent to which Mr. Krajewski has taken full responsibility for his past actions and turned his life around. The Board believes that he has been adequately punished, has been rehabilitated, and that further incarceration would serve no purpose; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances, I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Jason Peter Krajewski this Conditional Commutation, commute his term of incarceration to time served, and direct the Department of Corrections to promptly release Mr. Krajewski from prison, SUBJECT TO THE FOLLOWING CONDITIONS:

1. Mr. Krajewski must comply with the post-release requirements of his sentence.
2. Mr. Krajewski shall not be convicted of any crimes against persons or property.

The conditions of this Conditional Commutation shall remain in force until October 18, 2004, the latest date of expiration of his original sentence; or until he has completed all post-release requirements of his sentence, whichever is later. Upon breach of any of the foregoing conditions, this Conditional Commutation shall automatically and immediately expire, and shall be null and void as if it had never been granted. This Conditional Commutation does not restore, and shall not under any circumstances be construed to restore, any civil rights related to firearms, and shall not remove any disability related to firearms under any state or federal law.

IN WITNESS WHEREOF, I have hereunto set
my hand and caused the seal of the state of
Washington to be affixed at Olympia on this 10th
day of September, A.D., two thousand two.

**FULL AND UNCONDITIONAL PARDON
OF
KARLO ALEXIS REYES
AMENDED AND RESTATED**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on November 20, 1994, Karlo Alexis Reyes, then age 18, was returning from a party in Bremerton, Washington to Seattle with a group of other youths. The group stopped at a convenience store in or near Bremerton. At the store, an altercation and shouting match broke out between the group with which Mr. Reyes was traveling and another group of youths. Mr. Reyes fired gunshots from the car he was riding in, injuring one young man. The car sped away, but was later apprehended. Mr. Reyes was arrested and charged with second degree assault with a deadly weapon. He accepted full responsibility for the crime, and in May of 1995 pled guilty to the charge and served time at the Washington State Reformatory in Monroe from June 1995 through July 1996. He was then transferred to immigration custody until he was bonded out on August 2, 1996. The remainder of his state sentence was served in community placement. Mr. Reyes had no prior offenses, and has remained law-abiding since his release from prison. This is the sole criminal offense in his life.

WHEREAS, the United States Immigration and Naturalization Service has issued an order to deport Mr. Reyes to the Philippines for having committed a crime of moral turpitude and having committed an aggravated felony. The order is effective at 9:30 a.m. on September 14, 1999. Categorizing Mr. Reyes as an "aggravated felon" was made possible only due to the passage on September 30, 1996 of the federal Illegal Immigration Reform and Immigrant Responsibility Act of 1996. Under that act, the immigration laws were changed with retroactive effect to include Mr. Reyes' crime and sentence of more than one year. Under the laws in place at the time that Mr. Reyes entered his guilty plea, the definition of "aggravated felon" did not apply to him. Moreover, the new federal act precludes Mr. Reyes from filing any waivers for relief and eliminates

appeal to the federal courts. Pursuant to 8 U.S.C. Section 1251(a), a full and unconditional pardon is the only avenue of relief that will allow Mr. Reyes to continue his life in the United States.

WHEREAS, Mr. Reyes was a model prisoner while incarcerated and was commended by the prison counselor. At the request of the Assistant Superintendent, he spoke to young visitors to the prison. Mr. Reyes has accepted full responsibility for his actions. He has pre-paid all restitution and has had no prior or subsequent arrests or charges. He has severed all ties with acquaintances and friends prior to this offense. Convincing testimony that Mr. Reyes was never a gang member was presented to the Clemency and Pardons Board. Well-known Seattle School District youth counselor Mr. Tom Nakao spoke on Mr. Reyes' behalf at the Clemency and Pardons Board Hearing, and approximately two years later made a personal plea to the Governor to be merciful to Mr. Reyes, as one of his final acts before his death of cancer. Mr. Reyes is now beginning his senior year at the University of Washington, is working several part-time jobs and has maintained a respectable grade point average.

WHEREAS, Mr. Reyes moved to the United States from the Philippines with his family when he was approximately five years old, and became a permanent resident on February 6, 1993. Today, his immediate and much of his extended family lives in Washington. Mr. Reyes does not speak any of the languages of the Philippines and has no allegiance to that country. The Clemency and Pardons Board was convinced that Mr. Reyes has fully paid for his actions, will be a worthy and productive member of society in the United States, and that deporting him to the Philippines would serve no purpose other than to destroy the hope and opportunity for this young man to complete his education and live a productive life in the United States with his family.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and the purpose for Mr. Reyes's request, and in light of the circumstances of the crime and all other factors, I have determined that the best interests of justice will be served by this action;

WHEREAS, the original Full and Unconditional Pardon granted to Mr. Reyes on September 13, 1999 contained a firearms restriction that has been deemed by an immigration judge as rendering the pardon insufficient to prevent the deportation of Mr. Reyes, despite the express purpose of the pardon.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Karlo Alexis Reyes this Full and Unconditional Pardon for the express purpose of allowing him to obtain a deportation waiver, lawfully remain in the United States, and pursue United States citizenship. This Full and Unconditional Pardon amends and restates the original Full and Unconditional Pardon granted on September 13, 1999, and is effective as of that date, as if it had been signed in this form on that date.

IN WITNESS WHEREOF, I have hereunto set
my hand and caused the seal of the state of
Washington to be affixed at Olympia on this 21st
day of August, A.D., two thousand two.

**FULL AND UNCONDITIONAL PARDON
OF
VANNY VATH**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on May 21, 1998, Vanny Vath, then age 19, was arrested at a friend's home in Longview, Washington. Police had been tipped that Ms. Vath was selling heroin at the home of Mary Guimont, a friend of Ms. Vath. The officers went to Ms. Guimont's home and found Ms. Vath there. Upon a search of her purse, .5 grams of heroin, a pager and money were found. The officers arrested Ms. Vath, and she was charged with delivery of heroin. Ms. Vath accepted responsibility and pled guilty to the crime on July 21, 1998 in Cowlitz County and was sentenced to 34 months confinement. Ms. Vath has had no further offenses since her arrest in 1998,

WHEREAS, the United States Immigration and Naturalization Service has issued an order to deport Ms. Vath to Cambodia for having committed a crime of moral turpitude and having committed an aggravated felony. While Ms. Vath is a Cambodian national, she was born in a refugee camp in Thailand, and has no connections with Cambodia. Categorizing Ms. Vath as an "aggravated felon" was made possible only due to the passage on September 30, 1996 of the Immigration and Nationality Act, which provides that, at any time after admission, any alien who is convicted of an aggravated felony, shall be deported, without regard to the length of sentence or other individual circumstances. The only avenue of relief available is a full and unconditional pardon,

WHEREAS, Ms. Vath was a model prisoner, and took full advantage of vocational skills training programs while incarcerated. She was commended by her instructors who described her as gifted and always willing and able to help and teach others. She is motivated and possesses a positive attitude. While incarcerated, Ms. Vath completed her GED, courses in keyboarding, word processing, database management, spreadsheets, and a number of general vocational courses. She also completed anger management classes, victim awareness and chemical dependency courses,

WHEREAS, since her release, Ms. Vath has turned her life around. She has continued her education at Lower Columbia College in Longview, Washington and has maintained steady employment as a cable television installer. Ms. Vath has regained custody of her child. She has not had any subsequent violations of the law since her release, and has fulfilled all of the terms of her probation,

WHEREAS, Ms. Vath's family is of Cambodian origin, and moved to the United States in 1979 when she was five months old. Her entire family, including her young U.S. citizen daughter, all reside in the United States. Ms. Vath, having been born in a Thailand refugee camp, has no connections with Cambodia. She is not fluent in the language of that country, and sending her there would be a terrible punishment for a person who has fully paid for her transgressions and is American in every way but formal citizenship. The Clemency and Pardons Board made a favorable recommendation for Ms. Vath as they believe that Ms. Vath has paid her debt to society for her crime, will be a worthy and productive member of society in the United States, and that deporting her to Cambodia would serve no purpose other than to destroy the hope and opportunity for this young woman to raise her daughter and live a productive life in the United States with her family,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and the purpose for Ms. Vath's request, I have determined that the best interests of justice will be served by this action,

NOW, Therefore, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Vanny Vath this Full and Unconditional Pardon for the express purpose of allowing her to obtain a deportation waiver, lawfully remain in the United States, and eventually become a United States citizen.

OF
OMER YASIN MOHAMMED**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on December 4, 1993, Omer Yasin Mohammed, then age 30, was at a bar, drinking with friends. One friend asked Mr. Mohammed if he could borrow money. Mr. Mohammed refused to loan the friend money, yet the friend proceeded to take the money from Mr. Mohammed anyway. The two men exited the bar and a scuffle ensued. Mr. Mohammed hit the other man with a broken bottle, injuring the other man. Both men sustained minor injuries. They then re-entered the bar and resumed playing a game of darts together. Later that evening, the police arrived and Mr. Mohammed was arrested. His friend never pressed charges. Mr. Mohammed pled guilty to the charge of second degree assault and served ten months at the King County Jail. He was released on October 24, 1994. This was Mr. Mohammed's only felony conviction. After serving his time, Mr. Mohammed was employed in home health care, then as a day laborer. He is now a partner in a landscaping business. He no longer uses alcohol.

WHEREAS, the United States Immigration and Naturalization Service has issued an order to deport Mr. Mohammed to Ethiopia for having committed an aggravated felony. Categorizing Mr. Mohammed as an "aggravated felon" was made possible only due to the passage of the Immigration and Nationality Act, as amended, in that, at any time after admission, any alien who is convicted of an aggravated felony, for which a term of imprisonment imposed was one year or more shall be deported. Under that act, the immigration laws were changed with a retroactive effect to include Mr. Mohammed's crime and sentence of more than one year. Under the laws in place at the time that Mr. Mohammed entered his guilty plea, the definition of "aggravated felon" did not apply to him. Section 1251 (a), a full and unconditional pardon is the only avenue of relief that will allow Mr. Mohammed to continue his life in the United States.

WHEREAS, Mr. Mohammed was a model prisoner and was released after 10 months of a 15 month sentence. Mr. Mohammed has accepted full responsibility for his actions. He has paid his restitution in full and has had no subsequent convictions. Mr. Mohammed met his future wife in 1997 and married her in September, 2000. Their daughter was born in

2001. Mr. Mohammed's family is dependent upon him for support. Mr. Mohammed has significant support in his community attesting to his devotion to his family and his rehabilitation. Mr. Mohammed is now working hard to support his family as a partner in a landscaping business.

WHEREAS, Mr. Mohammed is a political refugee from Ethiopia. His father was born in Eritrea and was killed by the Ethiopian government. When Mr. Mohammed was caught trying to flee Ethiopia, he was detained and beaten. He successfully fled the country in 1981, at age 18. Mr. Mohammed is considered Eritrean by the Ethiopian government because of his father's birthplace. There is still considerable strife between Ethiopia and Eritrea. A number of Mr. Mohammed's family members in Ethiopia are missing. Scholars have stated that if Mr. Mohammed returns, he will be persecuted and could even be killed. A majority of the Clemency and Pardons Board is convinced that Mr. Mohammed has fully paid for his actions, will be a worthy and productive member of society in this country, and that deporting him to Ethiopia would serve no purpose other than to destroy the hope and opportunity for this man to support his wife and child and live a meaningful life in the United States.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and the purpose for Mr. Mohammed's request, and in light of the circumstances of the crime and all other factors, I have determined that the best interests of justice will be served by this action;

JOSEPH DUANE LINDBERG**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on December 12, 1989, Joseph Duane Lindberg, a displaced timber worker, was involved in a domestic dispute, which resulted in law enforcement being called. A struggle ensued and an officer was slightly injured when he was shoved. Mr. Lindberg has since been divorced from his wife. Mr. Lindberg was convicted of third degree assault in Lewis County Court, and his sentence included: \$70.00 court costs; \$100.00 victim assessment; \$55.00 restitution; \$750.00 fine; 45 days of confinement to be served as 30 days work release; and 120 hours community service. Mr. Lindberg promptly completed all of the terms and conditions of his sentence. Thirteen years have elapsed since he committed the crime; and

WHEREAS, Mr. Lindberg is now a timber faller. Since his conviction in 1990, he gained custody of his daughter in 1995 and purchased a home. In 1999, his oldest daughter moved back home with him and in 2000, Mr. Lindberg enrolled in Centralia College's Criminal Justice Program in hopes of gaining employment in law enforcement. Mr. Lindberg also had his firearms privileges reinstated in 1996. He no longer uses alcohol and has not used alcohol since the date of his arrest, some 13 years ago. Mr. Lindberg's petition for clemency was supported by the officer who was injured, as well as other officers in the Morton police department and several instructors from Centralia College's Criminal Justice Program. The full Clemency and Pardons Board voted unanimously to recommend a pardon; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by the virtue of the power vested in me as Governor of the State of Washington, hereby grant to Joseph Duane Lindberg this Conditional Pardon, SUBJECT TO THE CONDITION that Mr. Lindberg shall not commit any more crimes.

The foregoing condition shall remain in force indefinitely. Upon breach of the foregoing condition, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

FURTHER MESSAGE FROM THE GOVERNOR

June 10, 2003

TO THE HONORABLE, THE SENATE
OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

In compliance with the provision of Section II of Article III of the Constitution of the state of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the adjournment of the 2002 Regular Session of the 57th Legislature, copies of which are attached.

Respectfully submitted,
JENNIFER JOLY, General Counsel

**CONDITIONAL PARDON

JENNIFER DAVIS**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on October 13, 1995, Jennifer Davis (previously, Underwood), then 23 years old, sold a sixteenth ounce of methamphetamine to a confidential informant and undercover narcotics agent. At the time of the incident Ms. Davis notes that she was in a troubled and abusive relationship. She pled guilty to delivery of a controlled substance. Ms. Davis began her sentence on February 10, 1997, participated in the Work Ethic Program, and was released on July 14, 1997. She was under community supervision until 2002, at which time she was discharged from the Department of Corrections' supervision; and

WHEREAS, Ms. Davis began intensive efforts to rehabilitate herself upon her arrest. She received mental health counseling and drug dependency treatment. Reports indicate that Ms. Davis was cooperative and motivated. She graduated as a dental assistant in 1997. She worked as a dental assistant, and then began attending community college to prepare for a degree as a Licensed Practical Nurse (LPN). She is currently employed as a Certified Nursing Assistant at a nursing home. While she is able to participate in the necessary training to become a LPN and is eligible for licensure, the medical facilities offering internships for her program will not accept Ms. Davis due to her conviction. Thus, she has requested a pardon for the purpose of removing her conviction as an impediment to employment. Numerous members of Ms. Davis' family and friends speak of a dramatic turn around in Ms. Davis after her arrest. Reports from social service agencies indicate that it took considerable effort to reverse the downward spiral her life had assumed. This is an extraordinary case due to Ms. Davis' hard work and dedication to living a law-abiding and productive life in the community; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by the virtue of the power vested in me as Governor of the State of Washington, hereby grant to Jennifer Davis this Conditional Pardon, SUBJECT TO THE CONDITION that Ms. Davis not commit any more crimes.

The foregoing condition shall remain in force indefinitely. Upon breach of the foregoing condition, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

**CONDITIONAL PARDON
OF
ADOLPHO G. HINOJOSA**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on January 11, 1979, Adolpho G. Hinojosa, was involved in a bar fight between a group of people. As the fight progressed outside the tavern, Mr. Hinojosa stabbed his victim, resulting in death. Mr. Hinojosa was convicted of manslaughter, served 18 months, and was on parole for three years. He has paid all costs including a judgment in favor of the deceased. Mr. Hinojosa has no other arrests and only two traffic tickets in his 62 years. Twenty-three years have elapsed since he committed the crime; and

WHEREAS, Mr. Hinojosa and his wife, Rita, have been together for 18 years. Between them, they have nine children, thirty-six grandchildren, and four great-grandchildren. Mr. Hinojosa's life has revolved around his wife, children, grandchildren, and the extended family. He has supported them as a janitor, a truck driver on a farm, and a grounds keeper. One of the Hinojosa's daughters has had problems with drugs. In the past the Hinojosas, as grandparents, provided care for the daughter's three children when she was not capable of doing so. Christina, age 8, Alberto, age 6, and Nicholas, age 5, have been placed with Rita Hinojosa since February 2002 under the supervision of Child Welfare Services and the Yakima County Juvenile Court. Initially, the Department of Social and Health Services (DSHS) was aware of Mr. Hinojosa's conviction and waived his technical ineligibility to act as a foster parent due to his felony conviction. Prior policy provisions allowed DSHS to issue a waiver when a disqualifying conviction was older than ten years. However, new federal regulations and greater public scrutiny now prohibit such waivers. Accordingly, DSHS ruled in March 2002 that Mr. Hinojosa was not eligible to act as a foster parent. Rather than remove the grandchildren from his home, Mr. Hinojosa left so that his wife could continue to care for the three grandchildren. When it appeared that the Hinojosa's daughter might not be able to complete the juvenile court plan for reuniting the mother with the children, the Hinojosas dissolved their marriage. The dissolution was solely to enable Rita Hinojosa to become a permanent resource for the children should her daughter's parental rights be terminated. Because of these federal regulations, Mr. Hinojosa cannot join the frequent family gatherings when the three foster grandchildren are present. Mr. and Mrs. Hinojosa would like to reunite, remarry, and live together. While their daughter's prospects for reuniting with her children are much improved, it appears likely that the grandchildren will need support from their grandparents in the future; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Adolpho G. Hinojosa this Conditional Pardon, SUBJECT TO THE CONDITION that Mr. Hinojosa shall not commit any more crimes.

The condition of this Conditional Pardon shall remain in force indefinitely. Upon breach of the foregoing condition, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

**CONDITIONAL COMMUTATION
OF
VIBOL OUK**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, on March 15, 1997, Viboul Ouk had an argument with his ex-girlfriend, who is also the mother of Mr. Ouk's three children. Mr. Ouk spent the previous two nights at his ex-girlfriend's residence because his two older children wanted to spend time with him. As the ex-girlfriend attempted to leave with their mutual eighteen-month-old child, Mr. Ouk pushed her down, pulled a knife from his pocket, and threatened to stab her. After a short struggle, Mr. Ouk dropped the knife and his ex-girlfriend picked it up and poked him with it to keep him away. She then broke free and ran across the street to call 911. At this time, Mr. Ouk picked up his eighteen-month-old child, walked across the street to where his ex-girlfriend was waiting, and held a steak knife to the child's throat. After the police department arrived, he held the child for approximately five minutes before releasing the child, dropping his knife, and allowing himself to be taken into custody. Mr. Ouk pled guilty to second degree assault of a child. The trial court noted that at the time of the incident, Mr. Ouk was suffering great emotional anguish over the welfare and supervision of his children, and that the incident was one of passion and not characteristic of Mr. Ouk and his concern for his children. Mr. Ouk had no prior offenses. This is the sole criminal offense of his life; and

WHEREAS, the United States Immigration and Naturalization Service (INS) has issued an order to deport Mr. Ouk to Cambodia for having committed an aggravated felony. Categorizing Mr. Ouk as an "aggravated felon" was made possible when his exceptional sentence of eight months was reserved on appeal. Mr. Ouk was subsequently resentenced to a minimum term of 31 months, the lowest standard range possible. He began serving his sentence on January 30, 2001, and was released to the INS on May 13, 2002 due to his Cambodian citizenship; and

WHEREAS, Mr. Ouk maintained an excellent record while incarcerated, and has completed all the terms of his sentence, including anger management. His ex-girlfriend does not fear Mr. Ouk and reports that his behavior on March 15, 1997 was uncharacteristic. Mr. Ouk has a strong, healthy bond with his children. They wrote letters on their father's behalf about his help with their homework, playing games with him, and his parental guidance. Mr. Ouk pays child support. Nearly 60 letters of recommendation were submitted by Mr. Ouk's family and other community members; and

WHEREAS, Mr. Ouk is a political refugee from Cambodia. His father was executed by the Khemer Rouge, along with other family members. The Clemency and Pardons Board was convinced that Mr. Ouk has fully paid for his actions, will be a worthy and productive member of society in the United States, and that deporting him to Cambodia would serve no purpose other than to destroy the hope and opportunity for this man to support his children and live a meaningful life in the United States.

WHEREAS, I have reviewed the pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and the purpose for Mr. Ouk's request, and in light of the circumstances of the crime and all other factors, I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant Vibol Ouk this Conditional Commutation, commute his term of incarceration to eight months in order to remove his aggravated felon status for the express purpose of allowing him to obtain a deportation waiver, lawfully remain in the United States, and eventually become a United States citizen, SUBJECT TO THE FOLLOWING CONDITIONS:

Mr. Ouk shall:

1. Not consume controlled substances except pursuant to lawfully issued prescriptions;
2. Not consume any intoxicants;
3. Not unlawfully possess controlled substances while in community custody;
4. Not associate with known drug users or drug dealers; and
5. Not possess any firearms or ammunition.

Violation of any of the above conditions shall result in suspension of this commutation and imposition of community supervision as per the Department of Corrections. PROVIDED, that in the event Mr. Ouk commits any offense classified as a felony or gross misdemeanor in the State of Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without benefit of sentence reduction credit, whereupon Mr. Ouk shall be tried and sentenced accordingly.

The Superior Court of King County shall provide a written report to the Clemency and Pardons Board re regarding the violation of any condition of this Conditional Commutation.

**CONDITIONAL COMMUTATION
OF
TERRENCE LAMONT GARDNER**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, March 5, 1992, Terrence Lamont Gardner was involved in a drug-related robbery. Mr. Gardner admits that he knew a crime would be committed, but states that he had no knowledge of any plan for murder. Mr. Gardner claims that his accomplice, acting on his own, committed an unplanned murder during the robbery. The murder was a repetitive stabbing. The accomplice turned state's evidence and claimed Mr. Gardner committed the murder. However, at trial, the jury found Mr. Gardner not guilty of being the perpetrator of the murder. Nonetheless, under the felony murder rule, they found Mr. Gardner guilty of first-degree murder. Mr. Gardner was sentenced to a term of 24 years, 3 months, and 15 days; he has an earned release date of November 2, 2012. Mr. Gardner's accomplice received a far lesser sentence for his testimony and was released long ago; and

WHEREAS, Mr. Gardner has maintained an excellent record while incarcerated. His Department of Corrections Unit Supervisor and his employers at Correctional Industries filed letters evidencing Mr. Gardner's integrity and rehabilitation. He has attended community college and has obtained a certified welder's card. He has reportedly become an excellent welder, to the point where the Washington State Reformatory requested his transfer to that facility for the purpose of utilizing his welding skills. The chaplain reports that Mr. Gardner seeks counseling and is a leader in the inmate church. At the time of Mr. Gardner's conviction, the current Kitsap County Prosecutor, Russell Hauge, was the defense attorney representing Mr. Gardner's accomplice. Mr. Hauge, speaking as a private citizen, has indicated that it is clear to him that Mr. Gardner would not have been involved in this crime had he not been addicted to drugs. Mr. Hauge also finds Mr. Gardner's degree of rehabilitation to be exceptional; and

WHEREAS, the Clemency and Pardons Board was favorably impressed by the extent to which Mr. Gardner has taken responsibility for his past actions and turned his life around. The Board believes he has been adequately punished, has been rehabilitated, and that further incarceration would serve no purpose; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the state of Washington, grant to Terrance Lamont Gardner this Conditional Commutation, commute the remainder of the sentence imposed to a term of community custody not to exceed the normal term imposed by the sentencing court (twenty-four months), SUBJECT TO THE FOLLOWING CONDITIONS:

1. Report to and be available for contact with the assigned community corrections officer as directed;
2. Work at Department of Corrections-approved education, employment, and/or community service;
3. Not consume controlled substances except pursuant to lawfully issued prescriptions;
4. Not consume any intoxicants;
5. Not unlawfully possess controlled substances while in community custody;
6. Not associate with known drug users or drug dealers;
7. Not have any direct or indirect contact with the family of the victim;
8. Not have any direct or indirect contact with co-defendant Gerald Lee Belgard (a.k.a. "Sonny Belgard");
9. Not possess any deadly or dangerous weapons;
10. Submit to random urinalysis and blood alcohol tests as determined by the Department of Corrections and at his own expense;
11. Participate in crime-related treatment or counseling services as determined by the Department of Corrections;
12. Submit to random searches of person, home, and car by the Department of Corrections;
13. Pay community placement fees as determined by the Department of Corrections;
14. Remain in residence at the residence and in the geographic area identified by the Department of Corrections;
15. Notify the Washington Department of Corrections regarding any change in his living situation; and
16. Comply with all standard conditions, requirements, and instructions of community placement as directed by his community corrections officer and with all other applicable conditions imposed by the sentencing court.

Violation of any of the above conditions shall result in sanctions conforming to the Department of Corrections Violations Sanction Grid for community custody. PROVIDED, that in the event Mr. Gardner commits any offense classified as a felony or gross misdemeanor in the state of Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without benefit of sentence reduction credit, whereupon Mr. Gardner shall be immediately returned to the Washington Corrections Center or such other facility as the Secretary of Corrections deems appropriate.

The Department of Corrections shall provide a written report to the Clemency and Pardons Board regarding the violation of any condition of this Conditional Commutation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 15th day of May, A.D., two thousand and three.

MOTION

Senator Honeyford moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 50.01.010 and 1945 c 35 s 2 are each amended to read as follows:

Whereas, economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this state; involuntary unemployment is, therefore, a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. Social security requires protection against this greatest hazard of our economic life. This can be provided only by application of the insurance principle of sharing the risks, and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing powers and limiting the serious social consequences of relief assistance. The state of Washington, therefore, exercising herein its police and sovereign power endeavors by this title to remedy any widespread unemployment situation which may occur and to set up safeguards to prevent its recurrence in the years to come. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own(, and that this title shall be liberally construed for the purpose of reducing involuntary unemployment and the suffering caused thereby to the minimum)).

PART I - UNEMPLOYMENT ELIGIBILITY AND COMPENSATION

NEW SECTION. Sec. 2. A new section is added to chapter 50.04 RCW to read as follows:

After December 31, 2003, for the purpose of the payment of contributions, the term "wages" does not include an employee's income attributable to the transfer of shares of stock to the employee pursuant to his or her exercise of a stock option granted for any reason connected with his or her employment.

Sec. 3. RCW 50.20.010 and 1995 c 381 s 1 are each amended to read as follows:

(1) An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week in his or her eligibility period only if the commissioner finds that:

((1)) (a) He or she has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the commissioner finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

((2)) (b) He or she has filed an application for an initial determination and made a claim for waiting period credit or for benefits in accordance with the provisions of this title;

((3)) (c) He or she is able to work, and is available for work in any trade, occupation, profession, or business for which he or she is reasonably fitted.

(i) With respect to claims that have an effective date before January 4, 2004, to be available for work an individual must be ready, able, and willing, immediately to accept any suitable work which may be offered to him or her and must be actively seeking work pursuant to customary trade practices and through other methods when so directed by the commissioner or the commissioner's agents.

(ii) With respect to claims that have an effective date on or after January 4, 2004, to be available for work an individual must be ready, able, and willing, immediately to accept any suitable work which may be offered to him or her and must be actively seeking work pursuant to customary trade practices and through other methods when so directed by the commissioner or the commissioner's agents. If a labor agreement or dispatch rules apply, customary trade practices must be in accordance with the applicable agreement or rules;

((4)) (d) He or she has been unemployed for a waiting period of one week;

((5)) (e) He or she participates in reemployment services if the individual has been referred to reemployment services pursuant to the profiling system established by the commissioner under RCW 50.20.011, unless the commissioner determines that:

((a)) (i) The individual has completed such services; or

((b)) (ii) There is justifiable cause for the claimant's failure to participate in such services; and

((6)) (f) As to weeks beginning after March 31, 1981, which fall within an extended benefit period as defined in RCW 50.22.010, the individual meets the terms and conditions of RCW 50.22.020 with respect to benefits claimed in excess of twenty-six times the individual's weekly benefit amount.

(2) An individual's eligibility period for regular benefits shall be coincident to his or her established benefit year. An individual's eligibility period for additional or extended benefits shall be the periods prescribed elsewhere in this title for such benefits.

Sec. 4. RCW 50.20.050 and 2002 c 8 s 1 are each amended to read as follows:

(1) With respect to claims that have an effective date before January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

~~((a))~~ (i) The duration of the work;

~~((b))~~ (ii) The extent of direction and control by the employer over the work; and

~~((c))~~ (iii) The level of skill required for the work in light of the individual's training and experience.

~~((2))~~ (b) An individual shall not be considered to have left work voluntarily without good cause when:

~~((a))~~ (i) He or she has left work to accept a bona fide offer of bona fide work as described in ~~((subsection (4)))~~ (a) of this ~~((section))~~ subsection;

~~((b))~~ (ii) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment: PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system;

~~((c))~~ (iii) He or she has left work to relocate for the spouse's employment that is due to an employer-initiated mandatory transfer that is outside the existing labor market area if the claimant remained employed as long as was reasonable prior to the move; or

~~((d))~~ (iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110.

~~((3))~~ (c) In determining under this ~~((section))~~ subsection whether an individual has left work voluntarily without good cause, the commissioner shall only consider work-connected factors such as the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness for the work, the individual's ability to perform the work, and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.

~~((4))~~ (d) Subsection ~~((s))~~ (1)(a) and ~~((3))~~ (c) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left work and thereafter for seven calendar weeks and until he or she has requalified, either by obtaining bona fide work in employment covered by this title and earning wages in that employment equal to seven times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by ~~((subsection (2)(b) or (c) of this section))~~ (b)(ii) or (iii) of this subsection.

(2) With respect to claims that have an effective date on or after January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual is not disqualified from benefits under (a) of this subsection when:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;
(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if;

(A) The claimant pursued all reasonable alternatives to preserve his or her employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however,

when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated his or her employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) He or she: (A) Left work to relocate for the spouse's employment that, due to a mandatory military transfer: (I) Is outside the existing labor market area; and (II) is in Washington or another state that, pursuant to statute, does not consider such an individual to have left work voluntarily without good cause; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The individual's usual compensation was reduced by twenty-five percent or more;

(vi) The individual's usual hours were reduced by twenty-five percent or more;

(vii) The individual's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The individual's worksite safety deteriorated, the individual reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The individual left work because of illegal activities in the individual's worksite, the individual reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time; or

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs.

(b) If a claimant is a seasonal worker:

(i) Who earned wages in "employment" in fewer than one thousand four hundred forty hours in his or her base year, benefits are payable to the claimant during a calendar week of the claimant's benefit year only if the week corresponds to a calendar week within a seasonal work period of a base year employer who had been designated as a seasonal employer by the commissioner under this section.

The commissioner's determination regarding an employer's status as a seasonal employer, or a decision of an administrative law judge or of the court regarding the employer's status as a seasonal employer, which has become final and is not subject to further appeal, together with the record thereof, may be introduced in any proceeding involving a claim for benefits, and the facts found and decision issued in the determination or decision shall be conclusive unless the claimant introduces substantial evidence to the contrary.

(ii) A determination of seasonal employer status shall remain in effect until the commissioner, on the commissioner's own motion for good cause or upon the written request of the employer, issues a determination terminating an employer's status as a seasonal employer. A termination determination under this subsection becomes effective as specified by the commissioner.

(1) Suitable work for an individual is employment in an occupation in keeping with the individual's prior work experience, education, or training and if the individual has no prior work experience, special education, or training for employment available in the general area, then employment which the individual would have the physical and mental ability to perform. In determining whether work is suitable for an individual, the commissioner shall also consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness, the individual's length of unemployment and prospects for securing local work in the individual's customary occupation, the distance of the available work from the individual's residence, and such other factors as the commissioner may deem pertinent, including state and national emergencies.

(2) For individuals with base year work experience in agricultural labor, any agricultural labor available from any employer shall be deemed suitable unless it meets conditions in RCW 50.20.110 or the commissioner finds elements of specific work opportunity unsuitable for a particular individual.

(3) With respect to claims that have an effective date on or after January 4, 2004, for seasonal workers, any work available from any seasonal employer shall be deemed suitable unless it meets conditions in RCW 50.20.110 or the commissioner finds elements of specific work opportunity unsuitable for a particular individual.

(4) For part-time workers as defined in section 12 of this act, suitable work includes suitable work under subsection (1) of this section that is for twenty or fewer hours per week.

(5) For individuals who have qualified for unemployment compensation benefits under RCW 50.20.050((2)(d)) (1)(b)(iii) or (2)(b)(v), as applicable, an evaluation of the suitability of the work must consider the individual's need to address the physical, psychological, legal, and other effects of domestic violence or stalking.

NEW SECTION. Sec. 14. A new section is added to chapter 50.20 RCW to read as follows:

(1) It is the intent of the legislature that a transitional training benefits program be established to provide unemployment insurance benefits to unemployed individuals who would be or are impacted by the changes in benefits made in this act and who are participating in training programs approved by the commissioner. If section 12(2)(b) of this act does not take effect by July 1, 2003, this section is null and void. With respect to claims that have an effective date before January 7, 2007, the employment security department is authorized to pay transitional training benefits under this section, but may not obligate expenditures of more than the following:

- (a) For the fiscal year ending June 30, 2004, ten million dollars;
- (b) For the fiscal year ending June 30, 2005, ten million dollars;
- (c) For the fiscal year ending June 30, 2006, ten million dollars; and
- (d) For the fiscal year ending June 30, 2007, ten million dollars.

(2) Any funds not obligated under subsection (1)(a) through (c) of this section in any fiscal year may be carried forward to the next fiscal year to increase, by the amount carried forward, the amount available to obligate under RCW 50.22.140. The department shall develop a process to ensure that expenditures under subsection (1) of this section do not exceed available funds and to prioritize access to funds when again available.

(3) Subject to availability of funds, transitional training benefits are available for an individual who:

(a) Is eligible for or has exhausted entitlement to unemployment compensation benefits; and
(i) As a seasonal worker whose claim has an effective date before January 4, 2004, would not have received benefits under this title if section 12(2)(b) of this act had applied to the individual; or
(ii) Has a claim that has an effective date on or after July 6, 2004, or has exhausted benefits on or after July 6, 2004, and received benefits that were limited because of the section 11, chapter..., Laws of 2003 amendments to RCW 50.20.120 or section 12(2)(b) of this act, or would have had benefits limited if these provisions had been in effect at the time the individual's claim became effective;

(b) Develops an individual training program that is submitted to the commissioner for approval within sixty days after the individual is notified by the employment security department of the requirements of this section;

(c) Enters the approved training program by ninety days after the date of the notification, unless the employment security department determines that the training is not available during the ninety-day period, in which case the individual enters training as soon as it is available; and

(d) Is enrolled in training approved under this section on a full-time basis as determined by the educational institution, and is making satisfactory progress in the training as certified by the educational institution.

(4) Benefits under this section shall be paid to eligible exhaustees as follows:

(a) The total benefit amount shall be fifty-two times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year.

(b)(i) For exhaustees receiving financial aid in the form of scholarships, grants, tuition waivers, or any other financial aid that does not require repayment, the weekly benefit amount shall be the same as the regular weekly amount payable during the applicable benefit year and shall be paid under the same terms and conditions as regular benefits.

(ii) For other exhaustees, the weekly benefit amount shall be one and one-fourth times the regular weekly amount payable during the applicable benefit year and shall be paid under the same terms and conditions as regular benefits.

(c) Transitional training benefits are not payable for weeks more than two years beyond the end of the benefit year of the regular claim.

(5) The requirement under RCW 50.22.010(10) relating to exhausting regular benefits does not apply to an individual otherwise eligible for training benefits under this section when the individual's benefit year ends before his or her training benefits are exhausted and the individual is eligible for a new benefit year. These individuals will have the option of remaining on the original claim or filing a new claim.

(6) An individual who received benefits under any other additional benefits program for training within the five-year period immediately preceding application under this section is not eligible for training benefits under this section.

(7) An individual eligible to receive emergency unemployment compensation, so called, under any federal law, is not eligible to receive benefits under this section for each week the individual receives such compensation.

(8) All base year employers are interested parties to the approval of training and the granting of transitional training benefits.

(9) For purposes of this section:

(a) "Educational institution" and "training program" mean the same as the definitions in RCW 50.22.150.

(b) "Exhaustee," "extended benefits," and "regular benefits" mean the same as the definitions in RCW 50.22.010.

PART II - FINANCING UNEMPLOYMENT COMPENSATION

Sec. 15. RCW 50.29.025 and 2003 c 4 (SHB 1832) s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this ((section)) subsection.

((4)) (a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

~~((2))~~ (b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection ~~((5) of this section)~~ shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
2.90 and above	AA
2.10 to 2.89	A
1.70 to 2.09	B
1.40 to 1.69	C
1.00 to 1.39	D
0.70 to 0.99	E
Less than 0.70	F

~~((3))~~ (c) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: ~~((a))~~ (i) Identification number; ~~((b))~~ (ii) benefit ratio; ~~((c))~~ (iii) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; ~~((d))~~ (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and ~~((e))~~ (v) the percentage equivalent of the cumulative total of taxable payrolls.

~~((4))~~ (d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection ~~((5) of this section)~~: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

~~((5))~~ (e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection ~~((4) of this section)~~, within the tax schedule which is to be in effect during the rate year:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(ii) The graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent:

- (A) Rate class 1 - 78 percent;**
- (B) Rate class 2 - 82 percent;**
- (C) Rate class 3 - 86 percent;**
- (D) Rate class 4 - 90 percent;**
- (E) Rate class 5 - 94 percent;**
- (F) Rate class 6 - 98 percent;**
- (G) Rate class 7 - 102 percent;**
- (H) Rate class 8 - 106 percent;**
- (I) Rate class 9 - 110 percent;**
- (J) Rate class 10 - 114 percent;**
- (K) Rate class 11 - 118 percent; and**
- (L) Rate classes 12 through 40 - 120 percent.**

(iii) For the purposes of this section:

(A) "Total social cost" means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 16. RCW 50.04.355 and 2000 c 2 s 1 are each amended to read as follows:

(1) For computations made before January 1, 2007, the employment security department shall compute, on or before the fifteenth day of June of each year, an "average annual wage", an "average weekly wage", and an "average annual wage for contributions purposes" ((shall be computed)) from information for the specified preceding calendar years including corrections thereof reported within three months after the close of the final year of the specified years by all employers as defined in RCW 50.04.080.

((4)) (a) The "average annual wage" is the quotient derived by dividing the total remuneration reported by all employers for the preceding calendar year by the average number of workers reported for all months of the preceding calendar year and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

((2)) (b) The "average weekly wage" is the quotient derived by dividing the "average annual wage" obtained under ((4)) (a) of this subsection by fifty-two and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

((3)) (c) The "average annual wage for ((contribution[s])) contributions purposes" is the quotient derived by dividing by three the total remuneration reported by all employers subject to contributions for the preceding three consecutive calendar years and dividing this amount by the average number of workers reported for all months of these three years by these same employers and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

(2) For computations made on or after January 1, 2007, the employment security department shall compute, on or before the fifteenth day of June of each year, an "average annual wage," an "average weekly wage," and an "average annual wage for contributions purposes" from information for the preceding calendar year including corrections thereof reported within three months after the close of that year by all employers as defined in RCW 50.04.080.

(a) The "average annual wage" is the quotient derived by dividing the total remuneration reported by all employers by the average number of workers reported for all months and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

(b) The "average weekly wage" is the quotient derived by dividing the "average annual wage" obtained under (a) of this subsection by fifty-two and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

(c) The "average annual wage for contributions purposes" is the quotient derived by dividing the total remuneration reported by all employers subject to contributions by the average number of workers reported for all months by these same employers and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

NEW SECTION. Sec. 17. A new section is added to chapter 50.29 RCW to read as follows:

Beginning with contributions assessed for rate year 2005, the contribution rate of each employer subject to contributions under RCW 50.24.010 shall include a solvency surcharge determined as follows:

(1) This section shall apply to employers' contributions for a rate year immediately following a cut-off date only if, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide fewer than six months of unemployment benefits.

(2) The solvency surcharge shall be the lowest rate necessary, as determined by the commissioner, but not more than two-tenths of one percent, to provide revenue during the applicable rate year that will fund unemployment benefits for the number of months that is the difference between eight months and the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits.

(3) The basis for determining the number of months of unemployment benefits shall be the same basis used in RCW 50.29.025(2)(b)(i)(B).

Sec. 18. RCW 50.29.026 and 2000 c 2 s 5 are each amended to read as follows:

(1) Beginning with contributions assessed for rate year 1996, a qualified employer's contribution rate applicable for rate years beginning before January 1, 2005, or array calculation factor rate applicable for rate years beginning on or after January 1, 2005, determined under RCW 50.29.025 may be modified as follows:

(a) Subject to the limitations of this subsection, an employer may make a voluntary contribution of an amount equal to part or all of the benefits charged to the employer's account during the two years most recently ended on June 30th that were used for the purpose of computing the employer's contribution rate applicable for rate years beginning before January 1, 2005, or array calculation factor rate applicable for rate years beginning on or after January 1, 2005. On receiving timely payment of a voluntary contribution, plus a surcharge of ten percent of the amount of the voluntary contribution, the commissioner shall cancel the benefits equal to the amount of the voluntary contribution, excluding the surcharge, and compute a new benefit ratio for the employer. The employer shall then be assigned the contribution rate applicable for rate years beginning before January 1, 2005, or array calculation factor rate applicable for rate years beginning on or after January 1, 2005, applicable to the rate class within which the recomputed benefit ratio is included. The minimum amount of a voluntary contribution, excluding the surcharge, must be an amount that will result in a recomputed benefit ratio that is in a rate class at least ((two)) four rate classes lower than the rate class that included the employer's original benefit ratio.

(b) Payment of a voluntary contribution is considered timely if received by the department during the period beginning on the date of mailing to the employer the notice of contribution rate applicable for rate years beginning before January 1, 2005, or notice of array calculation factor rate applicable for rate years beginning on or after January 1, 2005, required under this title for the rate year for which the employer is seeking a modification of his or her ~~((contribution))~~ rate and ending on February 15th of that rate year or, for voluntary contributions for rate year 2000, ending on March 31, 2000.

(c) A benefit ratio may not be recomputed nor a ~~((contribution))~~ rate be reduced under this section as a result of a voluntary contribution received after the payment period prescribed in (b) of this subsection.

(2) This section does not apply to any employer who has not had an increase of at least ~~((six))~~ twelve rate classes from the previous tax rate year.

Sec. 19. RCW 50.29.062 and 1996 c 238 s 1 are each amended to read as follows:

Predecessor and successor employer contribution rates shall be computed in the following manner:

(1) If the successor is an employer, as defined in RCW 50.04.080, at the time of the transfer, its contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs. From and after January 1 following the transfer, the successor's contribution rate for each rate year shall be based on its experience with payrolls and benefits including the experience of the acquired business or portion of a business from the date of transfer, as of the regular computation date for that rate year.

(2) For transfers before January 1, 2005, the following applies if the successor is not an employer at the time of the transfer~~((, it))~~. The successor shall pay contributions at the lowest rate determined under either of the following:

(a)(i) For transfers before January 1, 1997, the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year and continuing until the successor qualifies for a different rate in its own right;

(ii) For transfers on or after January 1, 1997, the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience relating to the assignment of that rate class attributable to the predecessor is transferred to the successor. Beginning with the January 1 following the transfer, the successor's contribution rate shall be based on the transferred experience of the acquired business and the successor's experience after the transfer; or

(b) The contribution rate equal to the average industry rate as determined by the commissioner, but not less than one percent, and continuing until the successor qualifies for a different rate in its own right. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, must be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification code system.

(3) For transfers before January 1, 2005, if the successor is not an employer at the time of the transfer and simultaneously acquires the business or a portion of the business of two or more employers in different rate classes, its rate from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the highest rate class applicable at the time of the acquisition to any predecessor employer who is a party to the acquisition, but not less than one percent.

(4) For transfers on or after January 1, 2005, the following applies if the successor is not an employer at the time of the transfer:

(a) Except as provided in (b) of this subsection, the successor shall pay contributions:

(i) At the contribution rate determined for the predecessor employer at the time of the transfer for the remainder of the rate year. Any experience attributable to the predecessor relating to the assignment of the predecessor's rate class is transferred to the successor. On and after January 1st following the transfer, the successor's array calculation factor rate shall be based on the transferred experience of the acquired business and the successor's experience after the transfer; or

(ii) At the contribution rate equal to the sum of the rates determined by the commissioner under RCW 50.29.025(2) (c)(ii) and (d)(ii), and section 17 of this act, if applicable, and continuing until the successor qualifies for a different rate in its own right.

(b) If there is a substantial continuity of ownership or management by the successor of the business of the predecessor, the successor shall pay contributions at the contribution rate determined for the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience attributable to the predecessor relating to the assignment of the predecessor's rate class is transferred to the successor. On and after January 1st following the transfer, the successor's array calculation factor rate shall be based on the transferred experience of the acquired business and the successor's experience after the transfer.

(c) If the successor simultaneously acquires the business or a portion of the business of two or more employers with different contribution rates, the successor's rate from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the sum of the rates determined by the commissioner under RCW 50.29.025(2) (a) and (b), and section 17 of this act, applicable at the time of the acquisition to the predecessor employer who, among the parties to the acquisition, had the largest taxable payroll in the completed calendar quarter immediately preceding the date of transfer, but not less than the sum of the rates determined by the commissioner under RCW 50.29.025(2) (c)(ii) and (d)(ii), and section 17 of this act, if applicable.

(5) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs.

~~((5))~~ (6) In all cases, from and after January 1 following the transfer, the predecessor's contribution rate or, beginning January 1, 2005, the predecessor's array calculation factor for each rate year shall be based on its experience with payrolls and benefits as of the regular computation date for that rate year including the experience of the acquired business or portion of business up to the date of transfer: PROVIDED, That if all of the predecessor's business is transferred to a successor or successors, the predecessor shall not be a qualified employer until it satisfies the requirements of a "qualified employer" as set forth in RCW 50.29.010.

Sec. 20. RCW 50.29.070 and 1990 c 245 s 8 are each amended to read as follows:

(1) Within a reasonable time after the computation date each employer shall be notified of the employer's rate of contribution as determined for the succeeding rate year and factors used in the calculation. Beginning with rate year 2005, the notice must include the amount of the contribution rate that is attributable to each component of the rate under RCW 50.29.025(2).

(2) Any employer dissatisfied with the benefit charges made to the employer's account for the twelve-month period immediately preceding the computation date or with his or her determined rate may file a request for review and redetermination with the commissioner within thirty days of the mailing of the notice to the employer, showing the reason for such request. Should such request for review and redetermination be denied, the employer may, within thirty days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this section.

Sec. 21. RCW 50.29.020 and 2002 c 149 s 6 and 2002 c 8 s 4 are each reenacted and amended to read as follows:

(1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date before January 4, 2004.

(2) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department. Benefits paid to any eligible individuals shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

~~((2))~~ (3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individuals later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(~~((2)(d))~~) (1)(b)(iii) shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) In the case of individuals identified under RCW 50.20.015, benefits paid with respect to a calendar quarter, which exceed the total amount of wages earned in the state of Washington in the higher of two corresponding calendar quarters included within the individual's determination period, as defined in RCW 50.20.015, shall not be charged to the experience rating account of any contribution paying employer.

~~((3)(a))~~ (4)(a) A contribution-paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

NEW SECTION. Sec. 22. A new section is added to chapter 50.29 RCW to read as follows:

(1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050(2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050(2)(b)(v) through (x).

(d) Benefits paid to an individual with respect to weeks of the benefit year that correspond to calendar weeks within a seasonal work period of a base year employer who had been designated as a seasonal employer by the commissioner under section 12(2)(c) of this act shall be charged to the experience rating account of that contribution paying seasonal employer.

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) Benefits paid to an individual under section 12(2)(b)(ii) of this act that are paid for weeks that do not fall within a period designated by the commissioner as a seasonal work period of any of the individual's base year employers shall not be charged to the experience rating account of any contribution paying seasonal employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 23. RCW 50.12.220 and 1987 c 111 s 2 are each amended to read as follows:

(1)(a) If an employer fails to file in a timely and complete manner a report required by RCW 50.12.070 ((as now or hereafter amended)), or the rules adopted pursuant thereto, the employer shall be subject to a ((minimum)) penalty ((of ten dollars per violation)) to be determined by the commissioner, but not to exceed two hundred fifty dollars or ten percent of the quarterly contributions for each such offense, whichever is less.

(b) If an employer knowingly misrepresents to the employment security department the amount of his or her payroll upon which contributions under this title are based, the employer shall be liable to the state for up to ten times the amount of the difference in contributions paid, if any, and the amount the employer should have paid and for the reasonable expenses of auditing his or her books and collecting such sums. Such liability may be enforced in the name of the department.

(c) If any part of a delinquency for which an assessment is made under this title is due to an intent to evade the successorship provisions of RCW 50.29.062, the commissioner shall assign to the employer, and to any business found to be promoting the evasion of such provisions, the tax rate determined under RCW 50.29.025 for rate class 20 or rate class 40, as applicable, for five consecutive calendar quarters, beginning with the calendar quarter in which the intent to evade such provision is found.

(2) If contributions are not paid on the date on which they are due and payable as prescribed by the commissioner, there shall be assessed a penalty of five percent of the amount of the contributions for the first month or part thereof of delinquency; there shall be assessed a total penalty of ten percent of the amount of the contributions for the second month or part thereof of delinquency; and there shall be assessed a total penalty of twenty percent of the amount of the contributions for the third month or part thereof of delinquency. No penalty so added shall be less than ten dollars. These penalties are in addition to the interest charges assessed under RCW 50.24.040.

(3) Penalties shall not accrue on contributions from an estate in the hands of a receiver, executor, administrator, trustee in bankruptcy, common law assignee, or other liquidating officer subsequent to the date when such receiver,

executor, administrator, trustee in bankruptcy, common law assignee, or other liquidating officer qualifies as such, but contributions accruing with respect to employment of persons by a receiver, executor, administrator, trustee in bankruptcy, common law assignee, or other liquidating officer shall become due and shall be subject to penalties in the same manner as contributions due from other employers.

(4) Where adequate information has been furnished to the department and the department has failed to act or has advised the employer of no liability or inability to decide the issue, penalties shall be waived by the commissioner. Penalties may also be waived for good cause if the commissioner determines that the failure to timely file reports or pay contributions was not due to the employer's fault.

(5) Any decision to assess a penalty as provided by this section shall be made by the chief administrative officer of the tax branch or his or her designee.

(6) Nothing in this section shall be construed to deny an employer the right to appeal the assessment of any penalty. Such appeal shall be made in the manner provided in RCW 50.32.030.

Sec. 24. RCW 50.16.010 and 2002 c 371 s 914 are each amended to read as follows:

(1) There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable.

(2)(a) The unemployment compensation fund shall consist of:

((1)) (i) All contributions collected under RCW 50.24.010 and payments in lieu of contributions collected pursuant to the provisions of this title((,));

((2)) (ii) Any property or securities acquired through the use of moneys belonging to the fund((,));

((3)) (iii) All earnings of such property or securities((,));

((8)) (viii) All moneys received for the fund from any other source.

(b) All moneys in the unemployment compensation fund shall be commingled and undivided.

(3)(a) Except as provided in (b) of this subsection, the administrative contingency fund shall consist of:

(i) All interest on delinquent contributions collected pursuant to this title((,));

(ii) All fines and penalties collected pursuant to the provisions of this title((,));

(c) Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014(1)(a), shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary solely for:

((a)) (i) The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

((b)) (ii) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

((c)) (iii) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

(d) ((During the 2001-2003 fiscal biennium, the cost of worker retraining programs at community and technical colleges as appropriated by the legislature.))

Money in the special account created under RCW 50.24.014(1)(a) may only be expended, after appropriation, for the purposes specified in this section and RCW 50.62.010, 50.62.020, 50.62.030, ((50.04.070, 50.04.072, 50.16.010, 50.29.025,)) 50.24.014, 50.44.053, and 50.22.010.

Sec. 25. RCW 50.16.015 and 1983 1st ex.s. c 13 s 6 are each amended to read as follows:

A separate and identifiable fund to provide for the payment of interest on advances received from this state's account in the federal unemployment trust fund shall be established and administered under the direction of the commissioner. This fund shall be known as the federal interest payment fund and shall consist of contributions paid under RCW 50.16.070. All money in this fund shall be expended solely for the payment of interest on advances received from this state's account in the federal unemployment trust fund and for no other purposes whatsoever.

Sec. 26. RCW 50.24.014 and 2000 c 2 s 15 are each amended to read as follows:

(1)(a) A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. All money in this account shall be expended solely for the purposes of this title and for no other purposes whatsoever. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those

employers who are required to make payments in lieu of contributions, at a basic rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

(b) A separate and identifiable account is established in the administrative contingency fund for financing the employment security department's administrative cost under RCW 50.22.150 and the costs under RCW 50.22.150(9). All money in this account shall be expended solely for the purposes of this title and for no other purposes whatsoever. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, those employers who are required to make payments in lieu of contributions, those employers described under RCW 50.29.025(~~((6)(b))~~) (1)(f)(ii), and those qualified employers assigned rate class 20 or rate class 40, as applicable, under RCW 50.29.025, at a basic rate of one one-hundredth of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010. Any amount of contributions payable under this subsection (1)(b) that exceeds the amount that would have been collected at a rate of four one-thousandths of one percent must be deposited in the unemployment compensation trust fund.

(c) For the first calendar quarter of 1994 only, the basic two one-hundredths of one percent contribution payable under (a) of this subsection shall be increased by one-hundredth of one percent to a total rate of three one-hundredths of one percent. The proceeds of this incremental one-hundredth of one percent shall be used solely for the purposes described in section 22, chapter 483, Laws of 1993, and for the purposes of conducting an evaluation of the call center approach to unemployment insurance under section 5, chapter 161, Laws of 1998. During the 1997-1999 fiscal biennium, any surplus from contributions payable under this subsection (c) may be deposited in the unemployment compensation trust fund, used to support tax and wage automated systems projects that simplify and streamline employer reporting, or both.

(2)(a) Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

(b) In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(3) If the commissioner determines that federal funding has been increased to provide financing for the services specified in chapter 50.62 RCW, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

Sec. 27. RCW 50.20.190 and 2002 c 371 s 915 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action

in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of ~~(their)~~ the individual's monthly payments either partially or in full. The interest penalty shall be used, first, to fully fund either social security number cross-match audits or other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid and, second, to fund other detection and recovery of overpayment and collection activities ((and, during the 2001-2003 fiscal biennium, the cost of worker retraining programs at community and technical colleges as appropriated by the legislature)).

Sec. 28. RCW 50.04.206 and 1990 c 245 s 3 are each amended to read as follows:

The term "employment" shall not include service that is performed by a nonresident alien for the period he or she is temporarily present in the United States as a nonimmigrant under subparagraph (F), ~~(H)(ii)~~, (H)(iii), or (J) of section 101(a)(15) of the federal immigration and naturalization act, as amended, and that is performed to carry out the purpose specified in the applicable subparagraph of the federal immigration and naturalization act.

PART III - ADMINISTRATION

Sec. 29. RCW 50.20.140 and 1998 c 161 s 2 are each amended to read as follows:

(1) An application for initial determination, a claim for waiting period, or a claim for benefits shall be filed in accordance with such rules as the commissioner may prescribe. An application for an initial determination may be made by any individual whether unemployed or not. Each employer shall post and maintain printed statements of such rules in places readily accessible to individuals in his or her employment and shall make available to each such individual at the time he or she becomes unemployed, a printed statement of such rules and such notices, instructions, and other material as the commissioner may by rule prescribe. Such printed material shall be supplied by the commissioner to each employer without cost to the employer.

(2) The term "application for initial determination" shall mean a request in writing, or by other means as determined by the commissioner, for an initial determination. Such determination shall fix the general conditions under which waiting period credit shall be granted and under which benefits shall be paid during any period of unemployment occurring within the benefit year fixed by such determination.

(4) The legislature finds that the shift by the employment security department from in-person written applications for unemployment insurance benefits to call centers and internet applications has increased the potential for fraud. Therefore, the employment security department must require claimants filing initial and weekly claims telephonically or electronically to provide additional proof of identity, such as a valid driver's license, a valid identification card, or other similar proof specified in rule by the department.

NEW SECTION. Sec. 30. The employment security department shall:

(1) "Benefit year" with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week in which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week in which the individual next files an application for an initial determination after the expiration of the individual's last preceding benefit year: PROVIDED, HOWEVER, That the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any agreement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

(2) An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

(i) The individual earned wages in "employment" in not less than six hundred eighty hours of the individual's base year (PROVIDED, HOWEVER, That); or

(4) The sum of the amount payable weekly under subsection (2) of this section and the dependent allowance payable weekly under subsection (3) of this section may not exceed the maximum amount payable weekly specified in subsection (2) of this section.

Sec. 3. RCW 50.04.293 and 1993 c 483 s 1 are each amended to read as follows:

(1) "Misconduct" means an employee's act or failure to act in willful disregard of his or her employer's interest where the effect of the employee's act or failure to act is to harm the employer's business.

(2) "Gross misconduct" means a felony or gross misdemeanor by the employee that is connected with the employee's work which results in harm to the employer's business.

Sec. 4. RCW 50.20.065 and 1993 c 483 s 11 are each amended to read as follows:

(1) An individual who has been discharged from his or her work because of ((a felony or gross misdemeanor)) gross misconduct of which he or she has been convicted, or has admitted committing to a competent authority, ((and that is connected with his or her work)) shall have all hourly wage credits based on that employment or six hundred eighty hours of wage credits, whichever is greater, canceled.

(2) The employer shall notify the department of such an admission or conviction, not later than six months following the admission or conviction.

(3) The claimant shall disclose any conviction of the claimant of a work-connected felony or gross misdemeanor occurring in the previous two years to the department at the time of application for benefits.

(4) All benefits that are paid in error based on wage/hour credits that should have been removed from the claimant's base year are recoverable, notwithstanding RCW 50.20.190 or 50.24.020 or any other provisions of this title.

NEW SECTION. Sec. 5. A new section is added to chapter 50.20 RCW to read as follows:

An individual is disqualified for benefits for any day during which he or she is incarcerated in any federal, state, or municipal penal institution, jail, medical facility, public or private hospital, or in any other place because of a criminal violation of a federal, state, or municipal law or ordinance. For purposes of this section, "incarceration" includes any time spent in the custody of law enforcement authorities upon adjudication or conviction by a court of competent jurisdiction.

NEW SECTION. Sec. 6. A new section is added to chapter 50.20 RCW to read as follows:

An otherwise eligible individual may not be denied benefits for any week because the individual is available for, seeks, applies for, or accepts only work of at least fifteen hours per week by reason of the application of RCW 50.20.010(3), 50.20.015, 50.20.080, or 50.22.020(1) relating to availability for work and active search for work, or failure to apply for or refusal to accept suitable work.

Sec. 7. RCW 50.20.150 and 1970 ex.s. c 2 s 7 are each amended to read as follows:

(1) The applicant for initial determination, his most recent employing unit as stated by the applicant, and any other interested party which the commissioner by regulation prescribes, shall, if not previously notified within the same continuous period of unemployment, be given notice promptly in writing that an application for initial determination has

been filed and such notice shall contain the reasons given by the applicant for his last separation from work. If, during his benefit year, the applicant becomes unemployed after having accepted subsequent work, and reports for the purpose of reestablishing his eligibility for benefits, a similar notice shall be given promptly to his then most recent employing unit as stated by him, or to any other interested party which the commissioner by regulation prescribes.

(2) Each base year employer shall be promptly notified of the filing of any application for initial determination which may result in a charge to his account.

(3) Any employer who receives a notice under this section and has information which might make the applicant ineligible or disqualify the applicant for benefits shall report this information to the employment security department at the address indicated on the notice within ten days of the date the notice was mailed. If the employer reports this information to the department more than ten days after the date the notice was mailed:

(a) The applicant may not be determined to be ineligible or disqualified based on the information for a claim period compensated before receipt of the information by the department; and

(b) The applicant is entitled to a rebuttable presumption of eligibility for a claim period after receipt of the information by the department.

Sec. 8. RCW 50.20.240 and 2002 c 8 s 3 are each amended to read as follows:

(1) To ensure that following the initial application for benefits, an individual is actively engaged in searching for work, ((effective July 1, 1999,)) the employment security department shall implement a job search monitoring program. Except for those individuals with employer attachment or union referral, individuals who qualify for unemployment compensation under RCW 50.20.050(2)(d), and individuals in commissioner-approved training, an individual who has received five or more weeks of benefits under this title must provide evidence of seeking work, as directed by the commissioner or the commissioner's agents, for each week beyond five in which a claim is filed. The evidence must demonstrate contacts with at least three employers per week or documented in-person job search activity at the local reemployment center. In developing the requirements for the job search monitoring program, the commissioner or the commissioner's agents shall utilize an existing advisory committee having equal representation of employers and workers.

(2) During any extended benefit period as defined in RCW 50.22.010, the department may: (a) Suspend the job search monitoring program under subsection (1) of this section; and (b) shift funding and staff from job search monitoring activities to eligibility determination and benefit payment activities.

PART II - UNEMPLOYMENT COMPENSATION CONTRIBUTIONS

Sec. 9. RCW 50.29.020 and 2002 c 149 s 6 and 2002 c 8 s 4 are each reenacted and amended to read as follows:

(1)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to ((any)) an eligible individual((s)) shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) Benefits paid to an eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under: (i) RCW 50.20.050(2)(a) and became unemployed after having worked and earned wages in the bona fide work; or (ii) RCW 50.20.050(3).

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individuals later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(d) shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) In the case of individuals identified under RCW 50.20.015, benefits paid with respect to a calendar quarter, which exceed the total amount of wages earned in the state of Washington in the higher of two corresponding calendar quarters included within the individual's determination period, as defined in RCW 50.20.015, shall not be charged to the experience rating account of any contribution paying employer.

(3)(a) A contribution-paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, work site, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 10. RCW 50.29.025 and 2003 c 4 (SHB 1832) s 1 are each amended to read as follows:

The contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year, except that during rate year 2004 tax schedule B shall be in effect unless a lower tax schedule is determined to be in effect by the interval of the fund balance ratio. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
((2.90)) <u>2.86 and above</u>	AA
((2.10 to 2.89)) <u>2.06 to 2.85</u>	A
((1.70 to 2.09)) <u>1.66 to 2.05</u>	B
1.40 to ((1.69)) <u>1.65</u>	C
1.00 to 1.39	D
0.70 to 0.99	E
Less than 0.70	F

(3) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (a) Identification number; (b) benefit ratio; (c) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (d) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (e) the percentage equivalent of the cumulative total of taxable payrolls.

(4) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in subsection (5) of this section: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(5)(a) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under subsection (4) of this section, within the tax schedule which is to be in effect during the rate year:

- (b) Employers assigned to rate class 20 shall be assigned to one of the rate classes 20A through E as follows:
(i) Employers with a benefit ratio of less than 0.054000 shall be assigned to rate class 20A;
(ii) Employers with a benefit ratio of at least 0.054000 but less than 0.063000 shall be assigned to rate class 20B;
(iii) Employers with a benefit ratio of at least 0.063000 but less than 0.068000 shall be assigned to rate class 20C;
(iv) Employers with a benefit ratio of at least 0.068000 but less than 0.075000 shall be assigned to rate class 20D;

and

(v) Employers with a benefit ratio of 0.075000 or higher shall be assigned to rate class 20E.

(6) The contribution rate for each employer not qualified to be in the array shall be as follows:

(a) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20E for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20E for the applicable rate year; and

(b) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner, plus fifteen percent; however, the rate may not be less than one percent or more than the rate in rate class 20E for the applicable rate year. Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the ("Standard Industrial Classification Manual") North American industry classification system issued by the federal office of management and budget ((to the third digit provided in the standard industrial classification code, or in the North American industry classification system code)).

Sec. 11. RCW 50.29.062 and 1996 c 238 s 1 are each amended to read as follows:

Predecessor and successor employer contribution rates shall be computed in the following manner:

(1) If the successor is an employer, as defined in RCW 50.04.080, at the time of the transfer, its contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs. From and after January 1 following the transfer, the successor's contribution rate for each rate year shall be based on its experience with payrolls and benefits including the experience of the acquired business or portion of a business from the date of transfer, as of the regular computation date for that rate year.

(2) For transfers before January 1, 2004, if the successor is not an employer at the time of the transfer, it shall pay contributions at the lowest rate determined under either of the following:

(a)(i) For transfers before January 1, 1997, the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year and continuing until the successor qualifies for a different rate in its own right;

(ii) For transfers on or after January 1, 1997, the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience relating to the assignment of that rate class attributable to the predecessor is transferred to the successor. Beginning with the January 1 following the transfer, the successor's contribution rate shall be based on the transferred experience of the acquired business and the successor's experience after the transfer; or

(b) The contribution rate equal to the average industry rate as determined by the commissioner, but not less than one percent, and continuing until the successor qualifies for a different rate in its own right. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, must be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

(3) For transfers before January 1, 2004, if the successor is not an employer at the time of the transfer and simultaneously acquires the business or a portion of the business of two or more employers in different rate classes, its rate from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the highest rate class applicable at the time of the acquisition to any predecessor employer who is a party to the acquisition, but not less than one percent.

(4) For transfers on or after January 1, 2004, the following applies if the successor is not an employer at the time of the transfer:

(a) Except as provided otherwise in this subsection, the successor shall pay contributions at the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year. On and after January 1st following the transfer, the successor's contribution rate for each rate year shall be based on its experience with payrolls and benefits including the experience of the acquired business or portion of the business from the date of transfer.

(b) If the successor simultaneously acquires the business or a portion of the business of two or more employers in different rate classes, the successor's contribution rate from the date the transfer occurred until the end of that rate year shall be the rate in the highest rate class applicable at the time of the acquisition to any predecessor employer who is a

party to the acquisition, but not less than one percent. On and after January 1st following the transfer, the successor's contribution rate for each rate year shall be based on its experience with payrolls and benefits including the experience of the acquired businesses from the date of transfer.

(c)(i) If there is a substantial continuity of ownership, control, or management by the successor of the business of the predecessor, the successor shall pay contributions at the contribution rate determined for the predecessor employer at the time of the transfer and continuing until such time as the successor satisfies the requirements of a "qualified employer" under RCW 50.29.010.

(ii) For purposes of this subsection:

(A) "Substantial continuity of ownership" means that a shareholder, officer, or other owner of a legal or equitable interest in the predecessor employer, or the spouse or a person within the first degree of consanguinity or affinity of the shareholder, officer, or other owner: (I) Is a shareholder, officer, or other owner of a legal or equitable interest in the successor; or (II) holds an option to purchase a legal or equitable interest in the successor.

(B) "Substantial continuity of control" exists if one or more persons, entities, or other organizations controlling the business remain in control of the business after an acquisition or change in form. Evidence of continuity of control shall include, but not be limited to: (I) Changes of an individual proprietorship to a corporation, partnership, limited liability company, association, or estate; (II) a partnership to an individual proprietorship, corporation, limited liability company, association, estate, or the addition, deletion, or change of partners; (III) a limited liability company to an individual proprietorship, partnership, corporation, association, estate, or to another limited liability company; and (IV) a corporation to an individual proprietorship, partnership, limited liability company, association, estate, or to another corporation or from any form to another form.

(5) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs.

((5)) (6) In all cases, from and after January 1 following the transfer, the predecessor's contribution rate for each rate year shall be based on its experience with payrolls and benefits as of the regular computation date for that rate year including the experience of the acquired business or portion of business up to the date of transfer: PROVIDED, That if all of the predecessor's business is transferred to a successor or successors, the predecessor shall not be a qualified employer until it satisfies the requirements of a "qualified employer" as set forth in RCW 50.29.010.

Sec. 12. RCW 50.12.220 and 1987 c 111 s 2 are each amended to read as follows:

(1) If an employer fails to file in a timely and complete manner a report required by RCW 50.12.070 ((as now or hereafter amended)) or the rules adopted pursuant thereto, the employer shall be subject to a minimum penalty of ten dollars per violation.

(2) If contributions are not paid on the date on which they are due and payable as prescribed by the commissioner, there shall be assessed a penalty of five percent of the amount of the contributions for the first month or part thereof of delinquency; there shall be assessed a total penalty of ten percent of the amount of the contributions for the second month or part thereof of delinquency; and there shall be assessed a total penalty of twenty percent of the amount of the contributions for the third month or part thereof of delinquency. No penalty so added shall be less than ten dollars. These penalties are in addition to the interest charges assessed under RCW 50.24.040.

(3) If any part of the delinquency for which an assessment is made is due to fraud or an intent to evade or defeat any contributions payable under this title, including any violation of RCW 50.12.070, a penalty of fifty percent of the amount of the contributions shall be added to the assessment. This penalty is in addition to other penalties provided by law.

(4) If any part of the delinquency for which an assessment is made is due to an intent to evade the successorship provisions of RCW 50.29.062, the department shall assign to the employer, and to any business found to be promoting the evasion of such provisions, the maximum tax rate provided for in RCW 50.29.025(5) for five calendar quarters, beginning with the calendar quarter in which the intent to evade such provisions is found.

(5) Penalties shall not accrue on contributions from an estate in the hands of a receiver, executor, administrator, trustee in bankruptcy, common law assignee, or other liquidating officer subsequent to the date when such receiver, executor, administrator, trustee in bankruptcy, common law assignee, or other liquidating officer qualifies as such, but contributions accruing with respect to employment of persons by a receiver, executor, administrator, trustee in bankruptcy, common law assignee, or other liquidating officer shall become due and shall be subject to penalties in the same manner as contributions due from other employers.

((4)) (6) Where adequate information has been furnished to the department and the department has failed to act or has advised the employer of no liability or inability to decide the issue, penalties shall be waived by the commissioner. Penalties may also be waived for good cause if the commissioner determines that the failure to timely file reports or pay contributions was not due to the employer's fault.

((5)) (7) Any decision to assess a penalty as provided by this section shall be made by the chief administrative officer of the tax branch or his or her designee.

((6)) (8) Nothing in this section shall be construed to deny an employer the right to appeal the assessment of any penalty. Such appeal shall be made in the manner provided in RCW 50.32.030.

PART III - MISCELLANEOUS

Sec. 13. RCW 50.22.140 and 2002 c 149 s 1 are each amended to read as follows:

(1) The employment security department is authorized to pay training benefits under RCW 50.22.150, but may not obligate expenditures beyond the limits specified in this section or as otherwise set by the legislature. For the fiscal year ending June 30, 2000, the commissioner may not obligate more than twenty million dollars for training benefits. For the two fiscal years ending June 30, 2002, the commissioner may not obligate more than sixty million dollars for training benefits. Any funds not obligated in one fiscal year may be carried forward to the next fiscal year. For each fiscal year beginning after June 30, 2002, the commissioner may not obligate more than twenty million dollars annually in addition to

any funds carried forward from previous fiscal years. The department shall develop a process to ensure that expenditures do not exceed available funds and to prioritize access to funds when again available.

(2) After June 30, 2002, in addition to the amounts that may be obligated under subsection (1) of this section, the commissioner may obligate up to thirty-four million dollars for training benefits under RCW 50.22.150 for individuals in the aerospace industry assigned (~~the standard industrial classification code "372" or~~) the North American industry classification system code "336411" whose claims are filed before January 5, 2003. The funds provided in this subsection must be fully obligated for training benefits for these individuals before the funds provided in subsection (1) of this section may be obligated for training benefits for these individuals. Any amount of the funds specified in this subsection that is not obligated as permitted may not be carried forward to any future period.

Sec. 14. RCW 50.22.150 and 2002 c 149 s 2 are each amended to read as follows:

(1) Subject to availability of funds, training benefits are available for an individual who is eligible for or has exhausted entitlement to unemployment compensation benefits and who:

(a) Is a dislocated worker as defined in RCW 50.04.075;

(b) Except as provided under subsection (2) of this section, has demonstrated, through a work history, sufficient tenure in an occupation or in work with a particular skill set. This screening will take place during the assessment process;

(c) Is, after assessment of demand for the individual's occupation or skills in the individual's labor market, determined to need job-related training to find suitable employment in his or her labor market. Beginning July 1, 2001, the assessment of demand for the individual's occupation or skill sets must be substantially based on declining occupation or skill sets identified in local labor market areas by the local work force development councils, in cooperation with the employment security department and its labor market information division, under subsection (10) of this section;

(d) Develops an individual training program that is submitted to the commissioner for approval within sixty days after the individual is notified by the employment security department of the requirements of this section;

(e) Enters the approved training program by ninety days after the date of the notification, unless the employment security department determines that the training is not available during the ninety-day period, in which case the individual enters training as soon as it is available; and

(f) Is enrolled in training approved under this section on a full-time basis as determined by the educational institution, and is making satisfactory progress in the training as certified by the educational institution.

(2) Until June 30, 2002, the following individuals who meet the requirements of subsection (1) of this section may, without regard to the tenure requirements under subsection (1)(b) of this section, receive training benefits as provided in this section:

(a) An exhaustee who has base year employment in the aerospace industry assigned (~~the standard industrial classification code "372" or~~) the North American industry classification system code "336411";

(b) An exhaustee who has base year employment in the forest products industry, determined by the department, but including the industries assigned the (~~major group standard industrial classification codes "24" and "26" or any~~) equivalent codes in the North American industry classification system code, and the industries involved in the harvesting and management of logs, transportation of logs and wood products, processing of wood products, and the manufacturing and distribution of wood processing and logging equipment; or

(c) An exhaustee who has base year employment in the fishing industry assigned the (~~standard industrial classification code "0912" or any~~) equivalent codes in the North American industry classification system code.

(3) An individual is not eligible for training benefits under this section if he or she:

(a) Is a standby claimant who expects recall to his or her regular employer;

(b) Has a definite recall date that is within six months of the date he or she is laid off; or

(c) Is unemployed due to a regular seasonal layoff which demonstrates a pattern of unemployment consistent with the provisions of RCW 50.20.015. Regular seasonal layoff does not include layoff due to permanent structural downsizing or structural changes in the individual's labor market.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Educational institution" means an institution of higher education as defined in RCW 28B.10.016 or an educational institution as defined in RCW 28C.04.410, including equivalent educational institutions in other states.

(b) "Sufficient tenure" means earning a plurality of wages in a particular occupation or using a particular skill set during the base year and at least two of the four twelve-month periods immediately preceding the base year.

(c) "Training benefits" means additional benefits paid under this section.

(d) "Training program" means:

(i) An education program determined to be necessary as a prerequisite to vocational training after counseling at the educational institution in which the individual enrolls under his or her approved training program; or

(ii) A vocational training program at an educational institution:

(A) That is targeted to training for a high demand occupation. Beginning July 1, 2001, the assessment of high demand occupations authorized for training under this section must be substantially based on labor market and employment information developed by local work force development councils, in cooperation with the employment security department and its labor market information division, under subsection (10) of this section;

(B) That is likely to enhance the individual's marketable skills and earning power; and

(c) That meets the criteria for performance developed by the work force training and education coordinating board for the purpose of determining those training programs eligible for funding under Title I of P.L. 105-220.

"Training program" does not include any course of education primarily intended to meet the requirements of a baccalaureate or higher degree, unless the training meets specific requirements for certification, licensing, or for specific skills necessary for the occupation.

(5) Benefits shall be paid as follows:

(a)(i) Except as provided in (a)(iii) of this subsection, for exhaustees who are eligible under subsection (1) of this section, the total training benefit amount shall be fifty-two times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year; or

(ii) For exhaustees who are eligible under subsection (2) of this section, for claims filed before June 30, 2002, the total training benefit amount shall be seventy-four times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year; or

(iii) For exhaustees eligible under subsection (1) of this section from industries listed under subsection (2)(a) of this section, for claims filed on or after June 30, 2002, but before January 5, 2003, the total training benefit amount shall be seventy-four times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year.

(b) The weekly benefit amount shall be the same as the regular weekly amount payable during the applicable benefit year and shall be paid under the same terms and conditions as regular benefits. The training benefits shall be paid before any extended benefits but not before any similar federally funded program.

(c) Training benefits are not payable for weeks more than two years beyond the end of the benefit year of the regular claim.

(6) The requirement under RCW 50.22.010(10) relating to exhausting regular benefits does not apply to an individual otherwise eligible for training benefits under this section when the individual's benefit year ends before his or her training benefits are exhausted and the individual is eligible for a new benefit year. These individuals will have the option of remaining on the original claim or filing a new claim.

(7)(a) Except as provided in (b) of this subsection, individuals who receive training benefits under this section or under any previous additional benefits program for training are not eligible for training benefits under this section for five years from the last receipt of training benefits under this section or under any previous additional benefits program for training.

(b) With respect to claims that are filed before January 5, 2003, an individual in the aerospace industry assigned ~~((the standard industrial code "372" or))~~ the North American industry classification system code "336411" who received training benefits under this section, and who had been making satisfactory progress in a training program but did not complete the program, is eligible, without regard to the five-year limitation of this section and without regard to the requirement of subsection (1)(b) of this section, if applicable, to receive training benefits under this section in order to complete that training program. The total training benefit amount that applies to the individual is seventy-four times the individual's weekly benefit amount, reduced by the total amount of regular benefits paid, or deemed paid, with respect to the benefit year in which the training program resumed and, if applicable, reduced by the amount of training benefits paid, or deemed paid, with respect to the benefit year in which the training program commenced.

(8) An individual eligible to receive a trade readjustment allowance under chapter 2 of Title II of the Trade Act of 1974, as amended, shall not be eligible to receive benefits under this section for each week the individual receives such trade readjustment allowance. An individual eligible to receive emergency unemployment compensation, so called, under any federal law, shall not be eligible to receive benefits under this section for each week the individual receives such compensation.

(9) All base year employers are interested parties to the approval of training and the granting of training benefits.

(10) By July 1, 2001, each local work force development council, in cooperation with the employment security department and its labor market information division, must identify occupations and skill sets that are declining and occupations and skill sets that are in high demand. For the purposes of RCW 50.22.130 through 50.22.150 and section 9, chapter 2, Laws of 2000, "high demand" means demand for employment that exceeds the supply of qualified workers for occupations or skill sets in a labor market area. Local work force development councils must use state and locally developed labor market information. Thereafter, each local work force development council shall update this information annually or more frequently if needed.

(11) The commissioner shall adopt rules as necessary to implement this section.

Sec. 15. RCW 50.44.053 and 2001 c 99 s 2 are each amended to read as follows:

(1) The term "reasonable assurance," as used in RCW 50.44.050, means a written, verbal, or implied agreement that the employee will perform services in the same capacity during the ensuing academic year or term as in the first academic year or term. A person shall not be deemed to be performing services "in the same capacity" unless those services are rendered under the same terms or conditions of employment in the ensuing year as in the first academic year or term.

(2) An individual who is tenured or holds tenure track status is considered to have reasonable assurance, unless advised otherwise by the college. For the purposes of this section, tenure track status means a probationary faculty employee having an opportunity to be reviewed for tenure.

(3) In the case of community and technical colleges assigned ~~((the standard industrial classification code 8222 or))~~ the North American industry classification system code 611210 for services performed in a principal administrative, research, or instructional capacity, a person is presumed not to have reasonable assurance under an offer that is conditioned on enrollment, funding, or program changes. It is the college's burden to provide sufficient documentation to overcome this presumption. Reasonable assurance must be determined on a case-by-case basis by the total weight of evidence rather than the existence of any one factor. Primary weight must be given to the contingent nature of an offer of employment based on enrollment, funding, and program changes.

NEW SECTION. Sec. 16. The following acts or parts of acts are each repealed:

(1) RCW 50.20.125 (Maximum amount payable weekly) and 2002 c 149 s 3; and

(2) RCW 50.29.045 (Contribution rate--Insolvency surcharge) and 2002 c 149 s 9.

NEW SECTION. Sec. 17. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 19. (1) Section 9 of this act applies to benefits charged to the experience rating accounts of employers with respect to claims that have an effective date on or after January 4, 2004.

(2) Section 10 of this act applies to rate years beginning on or after January 1, 2004.

NEW SECTION. Sec. 20. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003."

POINT OF ORDER

Senator Sheahan: "A point of order, Mr. President. We have two amendments before by us Senator Keiser, one a striking amendment and the amendment on page 1, after line 28, where the 'strike everything after the enacting clause' language has been scratched out. I would suggest that this amendment that Senator Keiser just moved to the striking amendment by Senator Honeyford is actually a striking amendment since every single area of substantive law is the same in the striking amendment, so I would ask the President for a ruling as to whether the amendment before us is appropriate before the body."

REMARKS BY SENATOR KEISER

Senator Keiser: "Mr. President, earlier I asked you for advice when I inquired with a parliamentary inquiry on the two striking amendments before us. I was advised that you did not believe that we could consider the two striking amendments, so I worked with staff to redraft the proposal that I think merits discussion and that we can consider it as a body. I would urge us to move forward with that."

RULING BY THE PRESIDENT

President Own: "In ruling upon the point of order raised by Senator Sheahan, the President finds that the two amendments that you referred to--the striking amendment and the redrafted amendment by Senator Keiser--are not the same and, therefore, the amendment by Senator Keiser on page 1, line 28 is properly before us."

PERSONAL PRIVILEGE

Senator Prentice: *“Mr. President, I rise to a point of personal privilege. I would like to thank everyone in the Senate and all my colleagues and staff for all the support I have received in the past couple of months. As you know, the last several weeks of session were very difficult and I could certainly feel your support--as you could see what was going on. One of the things that has helped sustain me is to know that I am surrounded by such good friends--good thoughtful friends. There is one thing that I would like to say and that is please show and tell your spouses and significant others how much you love them. Truly, it is important. Don't leave unsaid the things you should be saying now. Thank you all very much.”*

PERSONAL PRIVILEGE

Senator Brandland: *“A point of personal privilege, Mr. President. Today, this has been kind of unusual for me. We have had a Call of the Senate. I have to tell you it feels a whole lot like being incarcerated and it is pretty uncomfortable for a man, who for twenty-seven years, was on the other end of putting people in custody. I have to tell you I felt very uncomfortable doing that. Now, that being said, I would like, in the future, if we have to do this again, I would like to volunteer my services. I do have a set of handcuffs and I would dearly love to put them on some people that I know. Thank you very much.”*

PERSONAL PRIVILEGE

Senator Benton: *“A point of personal privilege, Mr. President. The only thing that scares me more than having Senator Brandland put a pair of handcuffs on somebody is somebody dearly loving to want him to put them on them.”*

PERSONAL PRIVILEGE

Senator Carlson: *“Mr. President, I rise to a point of personal privilege. Mr. President, and ladies and gentlemen of the Senate, as many of you know, there seems to be a dilemma of illness in legislative assistants, as well as legislators, during this particular session. My legislative assistant, Donna Sorrell, unfortunately, was diagnosed with cancer and was in the hospital last week for removal of a section of her colon for the cancer that she has. She is resting comfortably and recovering and will start chemotherapy soon. I appreciate the support that she has felt from the legislative assistants from the House and the Senate and from you who have cared about her. She is doing very well and has a terrific attitude. She is going to beat this thing and I thank you for your support for her.”*

MOTION

On motion of Senator Sheahan, the Senate returned to the sixth order of business.

NEW SECTION. *Sec. 1 A new section is added to chapter 66.08 RCW to read as follows:*

The legislature finds that the liquor control board has developed a retail services business plan to provide greater efficiency of operations and to maximize revenues to the state. The selected stores shall be open for retail business a minimum of five hours on Sunday. The board shall track gross sales and expenses of the selected stores and compare them to previous years' sales and projected sales and expenses before opening on Sunday. The board shall also examine the sales of state and contract liquor stores in proximity to those stores opened on Sundays to determine whether Sunday openings has reduced the sales of other state and contract liquor stores that are not open on Sundays. The board shall present this information to the appropriate policy and fiscal committees of the legislature by January 31, 2004.

(3) If the revenues and expenditures associated with implementing the use of credit and debit cards for the purchase of alcohol ((by nonlicensees)) from state liquor stores and agency stores operated by liquor vendors results in a reduction of the liquor revolving fund balance for fiscal year 1999 and the 1999-01 biennium, the board shall consider increasing the price of alcohol products to offset the reduction.

~~((4) The board shall provide a report evaluating the implementation of this section, including revenue and expenditures, to the appropriate committees of the legislature by December 1, 1998.))~~

MOTION

Debate ensued

POINT OF INQUIRY

Senator Doumit: "Senator Hewitt, does this striking amendment contemplate a use for any increased revenues from Sunday liquor sales?"

Senator Hewitt: "Thank you, Senator Doumit. While the amendment does not specify the use of increase revenues, if increases are sufficient, they could be used as a source of funding for rural counties to use when carrying out state mandated programs."

Senator Doumit: "If increased revenues were to be earmarked for use by rural counties, would this take additional legislation?"

Senator Hewitt: "Yes."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5982.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5982 and the bill passed the Senate by the following vote: Yeas, 26; Nays, 18; Absent, 0; Excused, 5.

Authorizing additional funding for local governments.

MOTION

On motion of Senator Winsley, the rules were suspended, Engrossed Substitute Senate Bill No. 5659 was returned to second reading and read the second time.

MOTION

Senator Winsley moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. *The legislature finds that local governments in the state of Washington face enormous challenges in the area of criminal justice and public health. It is the legislature's intent to allow general local governments to raise revenues in order to better protect the health and safety of Washington state and its residents. It is further the intent of the legislature to provide such local governments relief from regulatory burdens that do not harm the public health and safety of the citizens of the state as a means of minimizing the need to generate new revenues authorized under this act.*

NEW SECTION. Sec. 2. *A new section is added to chapter 82.14 RCW to read as follows:*

(1) *A county legislative authority may submit an authorizing proposition to the county voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. Funds raised under this tax shall not supplant existing funds used for these purposes. The rate of tax under this section shall not exceed three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.*

(2) *The tax authorized in this section is in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.*

(3) *The retail sale or use of new motor vehicles, and the lease of new motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.*

(4) *One-third of all money received under this section shall be used solely for criminal justice purposes. For the purposes of this subsection, "criminal justice purposes" means additional police protection, mitigation of congested court systems, or relief of overcrowded jails or other local correctional facilities.*

(5) *Money received under this section shall be shared between the county and the cities as follows: Sixty percent shall be retained by the county and forty percent shall be distributed on a per capita basis to cities in the county.*

Sec. 3. *RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:*

(1)(a) *Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. A county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. A county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefore. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.*

(b) *Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.*

(2)(a) *Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section. Amendments may be considered more frequently than once per year under the following circumstances:*

(i) *The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;*

(ii) *The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and*

(iii) *The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.*

(b) *Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.*

(3) *Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.*

(4) *The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the*

requirements of this chapter. The schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for ((Clallam,)) Clark, ((Jefferson,)) King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, Clallam, Jefferson, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities in compliance with the schedules in this section shall have the requisite authority to receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. Only those counties and cities in compliance with the schedules in this section shall receive preference for grants or loans subject to the provisions of RCW 43.17.250.

Sec. 4. RCW 84.55.050 and 1989 c 287 s 1 are each amended to read as follows:

(1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (3)(b) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsections (3) and (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Subject to statutory dollar limitations in RCW 84.52.043, authorize annual increases in levies for any county, city, or town for multiple consecutive years, up to six consecutive years, during which period each year's authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years. Elections for this purpose must be held at a primary or general election. The title of each ballot measure must state the specific purposes for which the proposed levy increase shall be used, and funds raised under this levy shall not supplant existing funds used for these purposes;

(c) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

((e)) (d) Set the levy at a rate less than the maximum rate allowed for the district;

(e) Provide that the maximum allowable dollar amount of the final annual levy of the period specified in the measure shall be used to compute the limitations provided for in this chapter on levy increases occurring after the expiration of the period; or

((e)) (f) Include any combination of the conditions in this subsection.

(4) Except as otherwise provided in an approved ballot measure under this section, after the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition.

Sec. 5. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1)(a) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a

resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection ~~((5))~~ (6) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

(b) Once a county meets either of these sets of criteria and the county has not removed itself from the requirement to plan under this section pursuant to subsection (3) of this section, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter unless the county removes itself from the requirement to plan under this section pursuant to subsection (3) of this section.

(3) A county that meets the requirements of this subsection, and a city located within the county, may be relieved from the requirement to plan under this section.

(a) A county may be relieved from the planning requirement of this section only if the county: (i) Has a population of less than ten thousand; (ii) has a privately owned taxable land base of less than twenty percent; and (iii) includes no more than one incorporated city.

(b) To be relieved from the planning requirement of this section, a county shall adopt a resolution that removes the county and the city from the requirement to plan and shall file the resolution with the department. Removal shall be deemed to occur on the date the resolution is filed with the department.

(4) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section and has not removed itself under subsection (3) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((4))~~ (5) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section and the county has not removed itself pursuant to subsection (3) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((5))~~ (6) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((6))~~ ~~(7)~~ A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

~~((7))~~ ~~(8)~~ Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Senator Honeyford: "Thank you, Senator. The short answer to your question is 'no.' The provision you are speaking about is found in Section 3 of the bill. This section is crafted to make it clear that when a

municipal water supplier acquires additional water rights, the water supplier must apply to the Department of Ecology for a change or transfer of the right and receive such approval before the purpose of use is changed. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the*

cost of housing; and promotes efficient land use. The legislature finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax to those local governments that can demonstrate the expected returns to the state.

Sec. 102. RCW 39.89.020 and 2001 c 212 s 2 are each amended to read as follows:

(11) "Regular property taxes" means regular property taxes as defined in RCW 84.04.140, except: (a) Regular property taxes levied by port districts or public utility districts specifically for the purpose of making required payments of principal and interest on general indebtedness; (and) (b) regular property taxes levied by the state for the support of the common schools under RCW 84.52.065; and (c) regular property taxes levied under the authority of RCW 84.55.050 that are limited to a specific purpose as provided in RCW 84.55.050(3)(b). PART II

COMMUNITY REVITALIZATION FINANCING

USE OF TAX ALLOCATION REVENUES TO PAY THE COSTS OF PUBLIC IMPROVEMENTS

Sec. 201. RCW 39.89.070 and 2001 c 212 s 7 are each amended to read as follows:

(1) Commencing in the second calendar year following the passage of the ordinance creating an increment area and authorizing the use of community revitalization financing, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the increment area as follows:

(a) Each participating taxing district and the local government that created the increment area shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the tax allocation base value for that community revitalization financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The local government that created the increment area shall receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the increment value within the increment area. However, if there is no increment value, the local government shall not receive any additional regular property taxes under this subsection (1)(b). The local government that created the increment area may agree to receive less than the full amount of ((this)) the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that imposed regular property taxes, or have regular property taxes imposed for them, in the increment area for collection that year in proportion to their regular tax levy rates for collection that year. The local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by community revitalization financing.

(2) The county assessor shall allocate twenty-five percent of any increased real property value occurring in the increment area to the tax allocation base value and seventy-five percent to the increment value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in an increment area, and the associated distribution to the local government of receipts from regular property taxes that are imposed on the increment value, must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any excess tax

allocation revenues derived from regular property taxes and earnings on ((the)) such tax allocation revenues, remaining at the time the apportionment of tax receipts terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the increment area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

NEW SECTION. Sec. 202. A new section is added to chapter 39.89 RCW to read as follows:

(1) A local government that creates an increment area and has received approval from the department of revenue under section 303 of this act to impose the local option sales and use tax authorized in section 301 of this act may use annually any excess excise taxes received by it from taxable activity within the increment area to finance public improvement costs associated with the public improvements financed in whole or in part by community revitalization financing. The use of excess excise taxes must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any participating taxing authority is authorized to allocate excess excise taxes to the local government. The legislature declares that it is a proper purpose of a local government or participating taxing authority to allocate excess excise taxes for purposes of financing public improvements under this chapter.

(2) A local government consisting solely of a port district may use excess excise taxes as provided in this section only to the extent that any participating taxing authority allocates excess excise taxes to the local government.

(3) A local government consisting of a port district and any city, town, or county may use excess excise taxes as provided in this section only if:

(a) The city, town, or county realizes excess excise taxes from taxable activity within the increment area; or

(b) Any participating taxing authority allocates excess excise taxes to the local government.

(4) A local government shall provide the department accurate information describing the geographical boundaries of the increment area at least seventy-five days before the effective date of the ordinance creating the increment area. The local government shall ensure that the boundary information provided to the department is kept current.

(5) The department shall provide each local government that has provided boundary information to the department as provided in this section with the necessary information to calculate excess excise taxes.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Base year" means the first calendar year following the creation of an increment area.

(b) "Excess excise taxes" means the amount of excise taxes received by the local government during the measurement year from taxable activity within the increment area over and above the amount of excise taxes received by the local government during the base year from taxable activity within the increment area. However, if a local government creates an increment area and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the increment area within the boundaries of the area that became the increment area, "excess excise taxes" means the entire amount of excise taxes received by the local government during a calendar year period beginning with the calendar year immediately following the creation of the increment area and continuing with each measurement year thereafter.

(c) "Excise taxes" means local retail sales and use taxes authorized in RCW 82.14.030.

(d) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess excise taxes required to be used to finance public improvement costs associated with public improvements financed in whole or in part by community revitalization financing.

PART III COMMUNITY REVITALIZATION FINANCING--STATE CONTRIBUTION

NEW SECTION. Sec. 301. A new section is added to chapter 82.14 RCW to read as follows:

(1) A city, town, or county that creates an increment area and finances public improvements pursuant to chapter 39.89 RCW may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the city, town, or county. The rate of tax shall not exceed the rate provided in RCW 82.08.020(1) in the case of a sales tax or the rate provided in RCW 82.12.020(5) in the case of a use tax, less the aggregate rates of any other taxes imposed on the same events that are credited against the state taxes imposed under chapters 82.08 and 82.12 RCW.

(2) The tax imposed under subsection (1) of this section shall be deducted from the amount of tax otherwise required to be collected or paid over to the department under chapter 82.08 or 82.12 RCW. The department shall perform the collection of such taxes on behalf of the city, town, or county at no cost to the city, town, or county.

(3) No tax may be imposed under this section before July 1, 2005. Before imposing a tax under this section, the city, town, or county shall first have received tax allocation revenues derived from either regular property taxes or excess excise taxes, or both, during the preceding calendar year. The tax imposed under this section shall expire when the bonds issued under the authority of chapter 39.89 RCW are retired, but not more than twenty-five years after the tax is first imposed.

(4) An ordinance adopted by the legislative authority of a city, town, or county imposing a tax under this section shall provide that:

(a) The tax shall first be imposed on the first day of a fiscal year.

(b) The amount of tax received by the local government in any fiscal year shall not exceed the amount of the state contribution;

(c) The tax shall cease to be imposed for the remainder of any fiscal year in which either:

(i) The amount of tax receipts totals the amount of the state contribution;

(ii) The amount of tax receipts totals the amount of "local public sources," as that term is used in section 302 of this act, dedicated in the previous calendar year to finance public improvements authorized under chapter 39.89 RCW; or

(iii) The amount of revenue from taxes imposed under this section by all cities, towns, and counties totals the annual state credit limit as provided in section 303(3) of this act;

(d) The tax shall be reimposed, should it cease to be imposed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(e) Any revenue generated by the tax in excess of the amounts specified in (a), (b), and (c) of this subsection shall belong to the state of Washington.

(5) If both a county and a city or town impose a tax under this section, the tax imposed by the city, town, or county shall be credited as follows:

(a) If the county has created an increment area before the city or town, the tax imposed by the county shall be credited against the tax imposed by the city or town, the purpose of such credit is to give priority to the county tax; and

(b) If the city or town has created an increment area before the county, the tax imposed by the city or town shall be credited against the tax imposed by the county, the purpose of such credit is to give priority to the city or town tax.

(6) The department shall determine the amount of tax receipts attributable to each city, town, and county imposing a sales and use tax under this section and shall advise a city, town, or county when it must cease imposing the tax for the remainder of the fiscal year as provided in subsection (4)(c) of this section. Determinations by the department of the amount of taxes attributable to a city, town, or county are final and shall not be used to challenge the validity of any tax imposed under this section. The department shall remit any tax receipts in excess of the amounts specified in subsection (4)(a), (b), and (c) of this section to the state treasurer who shall deposit the moneys in the general fund.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Base year" means the first calendar year following the creation of an increment area.

(b) "Excess state excise taxes" means the amount of excise taxes received by the state during the measurement year from taxable activity within the increment area over and above the amount of excise taxes received by the state during the base year from taxable activity within the increment area. However, if a local government creates an increment area and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the increment area within the boundaries of the area that became the increment area, "excess state excise taxes" means the entire amount of excise taxes received by the state during a calendar year period beginning with the calendar year immediately following the creation of the increment area and continuing with each measurement year thereafter.

(c) "Excise taxes" means the state retail sales and use taxes imposed under chapters 82.08 and 82.12 RCW.

(i) "Tax allocation revenues" has the same meaning as in RCW 39.89.020.

NEW SECTION. Sec. 302. A new section is added to chapter 82.14 RCW to read as follows:

(1) Moneys collected from the taxes imposed under section 301 of this act shall be used only for the purpose of principal and interest payments on bonds issued under the authority of RCW 39.89.080 and must be matched with an amount from local public sources dedicated through December 31st of the previous calendar year to finance public improvements authorized under chapter 39.89 RCW. Such local public sources include but are not limited to private monetary contributions and tax allocation revenues. Local public sources are dedicated to finance public improvements if they are actually expended to pay public improvement costs or are required by law or an agreement to be used exclusively to pay public improvement costs.

(2) A local government shall inform the department by the first day of March of the amount of:

(a) Local public sources dedicated in the preceding calendar year to finance public improvements authorized under chapter 39.89 RCW; and

(b) Tax allocation revenues derived in the preceding calendar year from the imposition of regular property taxes on the increment value and distributed to finance public improvements. Upon request of a local government, the county assessor shall assist the local government in determining the amount of tax allocation revenues derived in the preceding calendar year and distributed to finance public improvements.

(3) If a local government fails to comply with subsection (2) of this section, no tax may be imposed under section 301 of this act in the subsequent fiscal year.

(4) A local government shall provide a report to the department by March 1st of each year. The report shall contain the following information:

(c) The total number of permanent jobs created as a result of the public improvements undertaken by the local government and financed in whole or in part with community revitalization financing;

(d) The average wages and benefits received by all employees of businesses locating within the increment area as a result of the public improvements undertaken by the local government and financed in whole or in part with community revitalization financing;

(e) That the local government is in compliance with RCW 39.89.030(6)(c).

(5) The department shall make a report available to the public and the legislature by June 1st of each year. The report shall include a list of public improvements undertaken by local governments and financed in whole or in part with community revitalization financing, and it shall also include a summary of the information provided to the department by local governments under subsection (4) of this section.

(a) "Public improvement costs" has the same meaning as in RCW 39.89.020.

(b) "Tax allocation revenues" has the same meaning as in RCW 39.89.020.

NEW SECTION. Sec. 303. A new section is added to chapter 82.32 RCW to read as follows:

(1) As a condition to imposing a sales and use tax under section 301 of this act, a city, town, or county must apply to the department at least seventy-five days before the effective date of any such tax. The application shall be in a form and manner prescribed by the department and shall include but is not limited to information establishing that the applicant is eligible to impose such a tax, the anticipated effective date for imposing the tax, the estimated number of years that the tax will be imposed, and the estimated amount of tax revenue to be received in each fiscal year that the tax will be imposed. For purposes of this section, "fiscal year" means the year beginning July 1st and ending the following June 30th. The department shall make available forms to be used for this purpose. As part of the application, a city, town, or county must provide to the department a copy of the ordinance creating the increment area as required in RCW 39.89.050. The department shall rule on completed applications within sixty days of receipt. No new applications shall be considered by the department after the thirtieth day of September of the third year following the year in which the first application was received.

(2) The authority to impose the local option sales and use taxes under section 301 of this act is on a first-come basis. Priority for collecting the taxes authorized under section 301 of this act among approved applicants shall be based on the date that the approved application was received by the department. As a part of the approval of applications under this section, the department shall approve the amount of tax under section 301 of this act that an applicant may impose. The amount of tax approved by the department shall not exceed the lesser of one million dollars or the average amount of tax revenue that the applicant estimates that it will receive in all fiscal years through the imposition of a sales and use tax under section 301 of this act. A city, town, or county shall not receive, in any fiscal year, more revenues from taxes imposed under section 301 of this act than the amount approved by the department. The department shall not approve the receipt of more credit against the state sales and use tax than is authorized under subsection (3) of this section.

(3) The amount of credit against the state sales and use tax is limited as follows:

(a) Except as provided in this subsection (3), no more than five million dollars of credit against the state sales and use tax may be received by all cities, towns, and counties imposing a tax under section 301 of this act.

(b) During the fiscal years beginning July 1, 2006, through June 30, 2009, the total amount of credit against the state sales and use tax that may be received by all cities, towns, and counties imposing a tax under section 301 of this act shall be increased as follows:

(i) In the fiscal year beginning July 1, 2006, the limit in (a) of this subsection shall be increased by the same percentage as the percentage increase in the assessed value of all property within this state from calendar year 2003 through calendar year 2004, as determined by the department;

(ii) In the fiscal year beginning July 1, 2007, the limit in (a) of this subsection shall be increased by the same percentage as the percentage increase in the assessed value of all property within this state from calendar year 2003 through calendar year 2005, as determined by the department;

(iii) In the fiscal year beginning July 1, 2008, and for each subsequent fiscal year, the limit in (a) of this subsection shall be increased by the same percentage as the percentage increase in the assessed value of all property within this state from calendar year 2003 through calendar year 2006, as determined by the department.

(4) The credit against the state sales and use tax shall be available to any city, town, or county imposing a tax under section 301 of this act only as long as the city, town, or county has outstanding indebtedness under RCW 39.89.080.

(5) The department may adopt any rules under chapter 34.05 RCW it considers necessary for the administration of sections 202 through 303 of this act.

PART IV BOND AUTHORIZATION

Sec. 401. RCW 39.89.080 and 2001 c 212 s 8 are each amended to read as follows:

(1) A local government designating an increment area and authorizing the use of community revitalization financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the local government creating the increment area and authorizing the use of community revitalization financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The local government includes this statement of the intent in all notices required by RCW 39.89.050.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a local government designating an increment area and authorizing the use of community revitalization financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the increment area.

(4) Bonds issued under this section shall be authorized by ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such ordinance or trust indenture or mortgage issued pursuant thereto.

(5) The local government may annually pay into a fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any tax allocation revenues derived from property or business activity within the increment area containing the public improvements funded by the bonds, such payment to continue until all bonds payable from the fund are paid in full. The local government may also annually pay into the fund established in this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under section 301 of this act, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under section 301 of this act are subject to the use restriction in section 302 of this act.

(6) In case any of the public officials of the local government whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued under this chapter are fully negotiable.

(7) Notwithstanding subsections (4) through (6) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 402. A new section is added to chapter 39.89 RCW to read as follows:

A local government that issues bonds under RCW 39.89.080 to finance public improvements may pledge for the payment of such bonds all or part of any tax allocation revenues derived from the public improvements. The local government may also pledge all or part of any revenues derived from taxes imposed under section 301 of this act and held in connection with the public improvements. All of such tax revenues are subject to the use restriction in section 302 of this act.

NEW SECTION. Sec. 403. A new section is added to chapter 39.89 RCW to read as follows:

The bonds issued by a local government under RCW 39.89.080 to finance public improvements shall not constitute an obligation of the state of Washington, either general or special.

PART V MISCELLANEOUS

NEW SECTION. Sec. 501. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 502. Part headings used in this act do not constitute any part of the law.

NEW SECTION. Sec. 503. Nothing in this act shall be construed to give port districts the authority to impose a sales or use tax under chapter 82.14 RCW."

Debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Zarelli and Tim Sheldon to Second Substitute Senate Bill No. 5364, under suspension of the rules.

The motion by Senator Zarelli carried and the striking amendment, under suspension of the rules, was adopted.

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "revitalization;" strike the remainder of the title and insert "amending RCW 39.89.020, 39.89.030, 39.89.050, 39.89.060, 39.89.070, and 39.89.080; adding new sections to chapter 39.89 RCW; adding new sections to chapter 82.14 RCW; adding a new section to chapter 82.32 RCW; and creating new sections."

MOTION

On motion of Senator Zarelli, the rules were suspended, Engrossed Second Substitute Senate Bill No. 5364, under suspension of the rules, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Jacobsen: "Senator Zarelli, I am curious to know what impact this legislation is going to have on the counties and cities incorporated, using this type of taxing authority."

Senator Zarelli: "First of all, the increment that we are talking about to finance bonds for these improvements would be the increase in the economic activity due to sales tax collection. It would recoup

seventy-five percent of that to retire the bonds in the increment district and the other twenty-five percent would go to the spread on the other levy tax base, whether it be cities or counties. The bill is very clear, Senator Jacobsen, that they must demonstrate--the entity that is trying to put the increment together--that there is no other way, and there would be no other way, to accomplish this economic development. So, in the end, counties, cities, whomever, would gather together and the increment district would see an improvement in their tax base from the economic growth at twenty-five percent, but the other seventy-five percent would go towards the bonds on the increment that is being suggested."

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Second Substitute Senate Bill No. 5364, under suspension of the rules.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Second Substitute Senate Bill No. 5364, under suspension of the rules, and the bill passed the Senate by the following vote: Yeas, 39; Nays, 7; Absent, 0; Excused, 3.

Voting nay: Senators Brown, Esser, Honeyford, Jacobsen, Parlette, Roach and Stevens - 7.

Excused: Senators Deccio, McCaslin and Shin - 3.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5364, under suspension of the rules, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

THIRD READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5012, by Senate Committee on Education (originally sponsored by Senators Johnson, Finkbeiner, Esser and Oke)

Authorizing charter schools

MOTION

On motion of Senator Johnson, the rules were suspended, Engrossed Substitute Senate Bill No. 5012 was returned to second reading and read the second time.

MOTION

Senator Johnson moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. **INTENT.** The legislature intends to authorize the establishment of public charter schools within the general and uniform system of public schools for the primary purpose of providing more, high quality learning environments to assist educationally disadvantaged students and other students in meeting the state's academic standards. The legislature intends for charter schools to function as an integral element of the public school system maintained at public expense, free from discrimination, and open to all students in the state, and to be subject to the same academic standards and performance outcomes as other public schools. The legislature intends to encourage school districts to consider using the chartering process as an optional tool for achieving state and federal accountability goals. The legislature finds that in addition to providing more, high quality public school choices for families, teachers, and students, public charter schools may be a tool for the improvement of schools in which significant numbers of students persistently fail to meet state standards. The legislature also intends to authorize the use of the chartering process as a state intervention strategy, consistent with the provisions of the federal no child left behind act of 2001, to provide assistance to schools in which significant numbers of students persistently fail to meet state standards.

NEW SECTION. Sec. 2. **DEFINITIONS.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternate sponsor" means either: (a) The board of directors of the educational service district in which the proposed charter school will be located; or (b) the governing board of a state or regional university as defined in RCW 28B.10.016 or of The Evergreen State College, when such board has approved a charter.

(2) "Applicant" means a nonprofit corporation that has submitted an application to a sponsor or an alternate sponsor to obtain approval to operate a charter school. The nonprofit corporation must be either a public benefit nonprofit corporation as defined in RCW 24.03.490, or a nonprofit corporation as defined in RCW 24.03.005 that has applied for tax-exempt status under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3)). The nonprofit corporation may not be a sectarian or religious organization and must meet all of the requirements for a public benefit nonprofit corporation before receiving any funding under section 12 of this act.

(3) "Board of directors" means the board of directors appointed or elected by the applicant to manage and operate the charter school.

(4) "Charter" means a five-year contract between an applicant and a sponsor or an alternate sponsor. The charter establishes, in accordance with this chapter, the terms and conditions for the management, operation, and educational program of the charter school.

(5) "Charter school" means a public school managed by an applicant's board of directors and operating independently of any school district board under a charter approved in accordance with this chapter.

(6) "Conversion charter school" means a public school converted to a charter public school through the chartering process in accordance with this chapter.

(7) "Educationally disadvantaged students" includes students with limited English proficiency; students with special needs, including students with disabilities; economically disadvantaged students, including students who qualify for free and reduced priced meals; students exercising choice options under the federal no child left behind act of 2001; and other students who may be at risk of failing to meet state and federal academic performance standards.

(8) "Sponsor" means the board of directors of the school district in which the proposed charter school will be located, when such board has approved a charter.

NEW SECTION. Sec. 3. CHARTER SCHOOLS--POWERS. (1) In carrying out its duty to manage and operate the charter school, the board of directors of a charter school may:

(a) Hire, manage, and discharge any charter school employee in accordance with the terms of this chapter and that school's charter;

(b) Enter into a contract with any school district, or any other public or private entity, also empowered to enter into contracts, for any and all real property, equipment, goods, supplies, and services, including educational instructional services;

(c) Rent, lease, or own property, but may not acquire property by eminent domain. All charters and charter school contracts with other public and private entities must include provisions regarding the disposition of the property if the charter school fails to open as planned, closes, or the charter is revoked or not renewed;

(d) Issue secured and unsecured debt to manage cash flow, improve operations, or finance the acquisition of real property or equipment. Such an issuance does not constitute an obligation, either general, special, or moral of the state, the charter school sponsor, the school district in which the charter school is located or any other political subdivision or agency of the state. Neither the full faith and credit nor the taxing power of the state, the charter school sponsor, the school district in which the charter school is located, or any other political subdivision or agency of the state may be pledged for the payment of such debt;

(e) Accept and administer for the benefit of the charter school and its students gifts, grants, and donations from other governmental and private entities, excluding sectarian or religious organizations. Charter schools may not accept any gifts or donations the conditions of which violate this chapter.

(2) A charter school may not charge tuition, levy taxes, or issue tax-backed bonds, however it may charge fees for optional noncredit extracurricular events.

(3) Neither a charter school sponsor, an alternate sponsor, nor the school district in which the charter school is located is liable for acts or omissions of a charter school, including but not limited to acts or omissions related to the application, the charter, the operation, the performance, and the closure of the charter school.

NEW SECTION. Sec. 4. LEGAL STATUS. A charter school is a public school including one or more of grades kindergarten through twelve, operated by a board of directors appointed or elected by a charter school applicant, according to the terms of a renewable five-year contract granted by a sponsor or an alternate sponsor. A charter school may offer any program or course of study that another public school may offer.

NEW SECTION. Sec. 5. CHARTER SCHOOLS--EXEMPTIONS. (1) A charter school shall operate independently of any school district board, under a charter approved by a sponsor or an alternate sponsor under this chapter.

(2) Charter schools are exempt from all state statutes and rules applicable to school districts and school district boards of directors except those statutes and rules as provided for and made applicable to charter schools in accordance with this chapter and in the school's approved charter.

(3) A charter school's board of directors is encouraged to implement a quality management system and to conduct an annual self-assessment.

(4) All approved charter schools shall:

(a) Comply with state and federal health, safety, parents' rights, civil rights, and nondiscrimination laws, including, but not limited to, chapter 28A.640 RCW (sexual equality) and Title IX of the education amendments of 1972 (20 U.S.C. Sec. 1681 et seq.) applicable to school districts, and to the same extent as school districts;

(g) Be subject to periodic independent performance audits conducted by or at the direction of a competent state authority to the same extent as other public agencies, however, a charter school is not required to bear the expense of such a performance audit;

(h) Comply with the annual performance report under RCW 28A.655.110;

(i) Follow the performance improvement goals and requirements adopted by the academic achievement and accountability commission by rule under RCW 28A.655.030;

(j) Be subject to the accountability requirements of the federal no child left behind act of 2001, including Title I requirements;

(k) Comply with and be subject to the requirements under the individuals with disabilities education act, as amended in 1997;

(l) Report at least annually to the board of directors of the school district in which the charter school is located, to the school's alternate sponsor if the school is not sponsored by a school district, and to parents of children enrolled at the charter school on progress toward the student performance goals specified in the charter;

(m) Comply with the open public meetings act in chapter 42.30 RCW and open public records requirements in RCW 42.17.250; and

(n) Be subject to and comply with legislation enacted after the effective date of this section governing the operation and management of charter schools.

(5) A member of a board of directors of a charter school shall be considered the equivalent of a board member of a school district for the purposes of public disclosure requirements and must comply with the reporting requirements in RCW 42.17.240.

NEW SECTION. Sec. 6. ADMISSION REQUIREMENTS. (1) To effectuate the primary purpose for which the legislature established charter schools, a charter school must be willing to enroll educationally disadvantaged students and may not limit admission on any basis other than age group and grade level. Consistent with the legislative intent of this chapter, a charter school shall conduct timely outreach and marketing efforts to educationally disadvantaged students in the school district in which the charter school will be located.

(2) A conversion charter school must be structured to provide sufficient capacity to enroll all students who wish to remain enrolled in the school after its conversion to a charter school, and may not displace students enrolled before the chartering process. If, after enrollment of these students, capacity is insufficient to enroll all other students remaining who have submitted a timely application, the charter school must give enrollment priority to siblings of students who are currently enrolled in the school. Students selected to fill any remaining spaces must be selected only through an equitable selection process, such as a lottery.

(3) A new charter school must enroll all students who submit a timely application if capacity is sufficient. If capacity is insufficient to enroll all students who apply, students must be selected to fill any remaining spaces only through an equitable selection process, such as a lottery. Siblings of enrolled students and of students selected through an equitable selection process must be given priority in enrollment if requested by a parent.

NEW SECTION. Sec. 7. CHARTER APPLICATION--CHARTERING PROCESS.

(1) An applicant may apply to a sponsor or an alternate sponsor to establish a charter school in accordance with this section.

(2) An application for a charter school must be submitted first to the board of directors of the school district in which the proposed charter school will be located, allowing for the board's consideration of the application in accordance with subsections (3) and (4) of this section, before the application may be submitted to an alternate sponsor.

(3) The school district board of directors must decide, within forty-five days of receipt of the application, whether to hold a public hearing in the school district for the purpose of taking public comment on the application and, if a hearing is to be held, must schedule such a hearing within seventy-five days of receipt of the application. If the school board intends to accept the application, one or more public hearings must be held prior to the granting of a charter; however a school board is not required to hold a public hearing prior to rejecting an application. The school board must either accept or reject the application within one hundred five days after receipt of the application. The one hundred five-day deadline for acceptance or rejection of the charter school application may be extended for an additional thirty days if both parties agree in writing.

(4) If the school board elects not to hold a public hearing or rejects the application after holding one or more public hearings, the school board must notify the applicant in writing of the reasons for that decision. The applicant may submit a revised application for the school board's reconsideration and the school board may provide assistance to improve the application. If the school board rejects the application after submission of a revised application, the school board must notify the applicant in writing of the reasons for the rejection.

(5) Applications for the conversion of a public school to a charter public school may not be submitted to an alternate sponsor without the prior consent of the school district board of directors. At the request of the applicant, the sponsor, or the alternate sponsor, the superintendent of public instruction may review the charter application and provide technical assistance.

(6) Alternate sponsors must comply with the procedures in subsections (1) through (4) of this section for consideration of the charter application. An alternate sponsor is not bound by a school district's or another alternate sponsor's findings or decision to deny the application.

(7) The governing board of an institution of higher education that has approved a charter application may, after exercising due diligence, assign authority for the administration of the charter and the oversight and monitoring of the charter school to an agency or official designated by and accountable to the governing board of the institution. In all cases, the governing board of the institution is responsible for ensuring that the duties of the alternate sponsor under this chapter are fulfilled.

(8) The superintendent of public instruction shall maintain copies of all approved charter applications. An applicant may obtain copies of those applications from the office of the superintendent of public instruction.

(9) Educational service districts and the superintendent of public instruction are encouraged to assist schools and school districts in which significant numbers of students persistently fail to meet state standards with completing the

chartering process. Assistance from an educational service district or from the superintendent of public instruction may include, but is not limited to, identifying potential eligible applicants and assisting with the charter application and approval processes.

(10) Consistent with the corrective action provisions in the federal no child left behind act of 2001, the superintendent of public instruction may use the chartering process as an intervention strategy for the purpose of meeting federal student achievement and accountability requirements. The superintendent may require a local school district board of directors to convert a public school to a charter public school or, if the superintendent determines it would be more appropriate, may require a local school district board of directors to consent to conversion of the school to a charter school by the board of directors of the local educational service district.

NEW SECTION. Sec. 8. APPLICATION REQUIREMENTS. The charter school application is a proposed contract and must include:

(1) The identification and description of the nonprofit corporation submitting the application, including the names, descriptions, curriculum vitae, and qualifications, which shall be subject to verification and review, of the individuals who will operate the school;

(9) A description of the proposed financial management procedures and administrative operations, which shall meet or exceed generally accepted standards of management and public accounting;

(10) An assessment of the school's potential legal liability and a description of the types and limits of insurance coverage the nonprofit corporation plans to obtain. For purposes of this subsection, a liability insurance policy of five million dollars is required;

(11) A description of the procedures to discipline, suspend, and expel students;

(12) A description of procedures to assure the health and safety of students, employees, and guests of the school and to comply with applicable federal and state health and safety laws and regulations;

NEW SECTION. Sec. 9. APPROVAL CRITERIA. A sponsor or alternate sponsor may approve an application for a charter school, if in the sponsor's or alternate sponsor's reasonable judgment, after exercising due diligence and good faith, the sponsor or alternate sponsor finds:

(1) The applicant is an eligible public benefit nonprofit corporation and the individuals it proposes to manage and operate the school are qualified to operate a charter school and implement the proposed educational program that is free from religious or sectarian influence;

(2) The public benefit nonprofit corporation has been approved or conditionally approved by the internal revenue service for tax exempt status under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3));

(3) The mission statement is consistent with the description of legislative intent and restrictions on charter school operations in this chapter. The sponsor or alternate sponsor must make a finding of whether or not the charter school's primary purpose is to serve educationally disadvantaged students;

(4) The school's educational program, including its curriculum and instructional strategies, is likely to assist its students, including its educationally disadvantaged students, in meeting the state's academic standards;

(5) The school's admissions policy and marketing program is consistent with state and federal law, and includes community outreach to families of educationally disadvantaged students;

(6) The school's proposed educational program includes student academic performance standards and requirements that meet those determined under chapter 28A.655 RCW and are measured according to the assessment system determined under chapter 28A.655 RCW;

(7) The application includes a viable plan for evaluating pupil performance and procedures for taking appropriate corrective action in the event that pupil performance at the charter school falls below standards established in its charter;

(8) The financial plan for the school is designed to reasonably support the charter school's educational program based on a review of the proposed five-year budget of projected revenues, expenditures, and facilities;

(9) The school's financial and administrative operations, including its audits, meet or exceed generally accepted standards of accounting and management;

(10) The assessment of the school's potential legal liability, and the types and limits of insurance coverage the school plans to obtain, are adequate. For purposes of this subsection, a liability insurance policy of five million dollars is required;

(11) The procedures the school plans to follow for discipline, suspension, and expulsion of students are reasonable and comply with state and federal law;

(12) The procedures the school plans to follow to assure the health and safety of students, employees, and guests of the school comply with applicable state and federal health and safety laws and regulations;

(13) The school has developed a program for parent involvement in the charter school;

(14) The charter school will have the liquid assets available to operate the school on an ongoing and sound financial basis; and

(15) The applicant has met any additional requirements that are appropriate and reasonably related to the operation of a charter school that a sponsor or alternate sponsor imposed as a condition for approval of the charter.

NEW SECTION. Sec. 10. CHARTER AGREEMENT--AMENDMENT. (1) A charter application approved by a sponsor or an alternate sponsor with any changes or additions, and signed by an authorized representative of the applicant and the sponsor or alternate sponsor, constitutes a charter. A charter for the conversion of a public school must include provisions for the disposition, including assignment or reassignment, of the employees of the school prior to its conversion and after conversion.

(2) A charter may be amended during its term at the request of the charter school board of directors and on the approval of the sponsor or alternate sponsor.

(3) A charter may not prohibit and must provide for application of laws applicable to charter schools or to charter school boards of directors enacted after the effective date of this section.

NEW SECTION. Sec. 11. CHARTER RENEWAL AND REVOCATION. (1) An approved plan to establish a charter school is effective for five years from the first day of operation. At the conclusion of the first three years of operation, the charter school may apply to the original sponsor or alternate sponsor for renewal. A request for renewal must be submitted no later than six months before the expiration of the charter.

(2) A charter school renewal application must include:

(a) A report on the progress of the charter school in achieving the goals; student performance standards, including the student performance standards adopted by rule by the academic achievement and accountability commission in accordance with RCW 28A.655.030; the number and percentage of educationally disadvantaged students served; and other terms of the charter;

(b) A financial statement that discloses the costs of administration, instruction, and other expenditure objects and activities of the charter school; and

(c) All audit information from independent sources regarding the charter school, if available.

(3) The sponsor or alternate sponsor shall reject the application for renewal if the academic progress of students in the charter school, as measured by the standards and assessments in chapter 28A.655 RCW, is inferior, for the most recent two consecutive years, to the average progress of students in the district in which the charter school is located when similar student populations are compared.

(4) The sponsor or alternate sponsor may reject the application for renewal if any of the following occurred:

(a) The charter school materially violated its charter with the sponsor or alternate sponsor;

(b) The students enrolled in the charter school failed to meet student performance standards identified in the charter, including the student performance standards adopted by rule by the academic achievement and accountability commission in accordance with RCW 28A.655.030;

(c) The charter school failed to meet generally accepted standards of fiscal management; or

(d) The charter school violated provisions in law that have not been waived in accordance with this chapter.

(5) A sponsor or alternate sponsor shall give written notice of its intent not to renew the charter school's request for renewal to the charter school within three months of the request for renewal to allow the charter school an opportunity to correct identified deficiencies in its operation. At the request of the board of directors of the charter school, the sponsor or alternate sponsor shall review its decision for nonrenewal within forty-five days of receiving a request for review and supporting documentation sufficient to demonstrate that any deficiencies have been corrected from the board of directors of the charter school.

(6)(a) The sponsor or alternate sponsor may revoke a previously approved charter before the expiration of the term of the charter, and before application for renewal, if any of the following occurred:

(i) The charter school materially violated its charter with the sponsor or alternate sponsor;

(ii) The charter school failed to meet generally accepted standards of fiscal management; or

(iii) The charter school violated provisions in law that have not been waived in accordance with this chapter.

(b) Except in cases of emergency where the health and safety of children are at risk, a charter may not be revoked unless the sponsor or alternate sponsor first provides:

(i) Written notice to the charter school of the specific violations alleged;

(ii) One or more public hearings in the school district in which the charter school is located; and

(iii) A reasonable opportunity and a sufficient period of time for the charter school to correct the identified deficiencies.

(c) If, after following the procedures in (b) of this subsection, the sponsor or alternate sponsor determines that revocation of the charter is necessary to further the intent of this chapter, the sponsor or alternate sponsor may revoke the charter. The sponsor or alternate sponsor shall provide for an appeal process upon such a determination.

(d) If a sponsor or alternate sponsor elects to revoke the charter, the sponsor or alternate sponsor, upon a request by the charter school, shall provide technical assistance to the charter school in completing the plan required and carrying out the tasks identified in subsection (7) of this section.

(7) A charter school planning to close or anticipating revocation or nonrenewal of its charter shall provide a plan setting forth a timeline and the responsible parties for disposition of students and student records and disposition of finances.

(a) Immediately following the decision to close a school, the school must:

(i) Submit to the sponsor or alternate sponsor a list of parent addresses and proof that the school has communicated the impending closure of the school to all parents and staff;

(ii) Assign staff responsible for transition of student records and for providing assistance to students and parents in transferring from the charter school to the district public, private, or home school chosen by the family;

(iii) Provide the names and contact information for staff responsible for transfer of student records, as well as the projected transition tasks and timelines to the sponsor or alternate sponsor, and upon completion of student transition, provide a list of students and a brief description of the disposition of their student records to the sponsor or alternate sponsor.

(b) Prior to closing the charter school the charter school board of directors shall:

(i) Identify a trustee who will, through the process of closing the school and for a term of ten years thereafter, assume responsibility for school and student records, and notify the sponsor or alternate sponsor of the name and contact information for the trustee;

(ii) Determine the amount of anticipated revenue due to the school as well as anticipated liabilities, and provide a complete asset and liability report to the sponsor or alternate sponsor;

(iii) Create a current and projected payroll and payroll benefits commitment;

(iv) List each employee, job, and the funds necessary to complete the educational calendar balance of the year, the transition of students and records, and the administrative close-down tasks;

(v) Determine the total moneys required to complete contracts;

(vi) Schedule an audit and set aside funds to cover costs; and

(vii) Provide the sponsor or alternate sponsor with a plan for the closure of the school and final disposition of all property owned by the charter school.

NEW SECTION. Sec. 12. FUNDING. (1) For charter schools sponsored by a school district:

(a) For purposes of funding, students in charter schools shall be considered students of the sponsoring district for state apportionment purposes. Without violating section 13 of this act, the sponsoring school district shall provide prompt and timely funding for charter schools in amounts the schools would have generated if the students were enrolled in a noncharter public school in the district except that a charter school shall not generate eligibility for small school assistance. Funding for charter schools shall include regular apportionment, categorical, student achievement, and nonbasic education moneys, as appropriate and shall be based on enrollment, staffing, and other financial information submitted by the charter school to the school district as required to determine state apportionment amounts;

(b) Local levy moneys approved by the voters before the effective date of a charter between a school district and an applicant shall not be allocated to a new charter school; however, the school district shall allocate levy moneys to a conversion charter school. For levies approved after the effective date of a charter, charter schools shall be included in levy planning, budgets, and funding distribution in the same manner as other district-sponsored public schools in the district; and

(c) A charter school is eligible for state matching funds for common school construction if a sponsoring school district determines it has received voter approval of local capital funds for the project.

(2) For charter schools sponsored by an educational service district or an institution of higher education:

(a) For purposes of funding, the charter school shall be considered a separate school district only for state apportionment purposes and safety net eligibility. Without violating section 13 of this act, the superintendent of public instruction shall provide prompt and timely funding for charter schools through the apportionment funding formulas in amounts the schools would have generated if the students were enrolled in a school district except that a charter school shall not generate eligibility for small school assistance. The funding shall include regular apportionment, categorical, student achievement, and nonbasic education moneys and shall be based on enrollment, staffing, and other financial information submitted by the charter school to the superintendent of public instruction, as required to determine state apportionment amounts. Those allocations to charter schools that are included in RCW 84.52.0531(3) (a) through (c) shall be included in the levy base of the district in which the charter school is located.

(b) No local levy money may be allocated to a charter school if the charter school is sponsored by an educational service district or an institution of higher education.

(3) To be eligible to receive state categorical program funding, a charter school must serve students who would be eligible for program funding if served by the school district.

(4) Sponsors and alternate sponsors shall submit, by November 1st of each year, to the office of the superintendent of public instruction annual year-end financial information, as prescribed by the superintendent, for each charter school sponsored in the previous school year.

(5) A conversion charter school shall be entitled to the continued rent-free use of its existing facility, regardless of whether the conversion school is sponsored by the local school district, or by an alternate sponsor if the district has consented to such alternate sponsorship. The district shall remain responsible for major repairs and safety upgrades that may be required for the continued use of the facility as a public school. The charter school shall be responsible for routine maintenance of the facility, including but not limited to cleaning, painting, gardening, and landscaping.

NEW SECTION. Sec. 13. ADMINISTRATION FEE. To offset costs of oversight and administering the charter, a sponsor or an alternate sponsor may retain up to three percent of state funding and local excess levy funding, if applicable, that is being driven to the charter school. Except for the administration fee in this section, no other offsets or deductions are allowed, whether for central administration or other off-site support services, from a charter school's per-pupil share of state appropriations, local levies, or other funds, unless the charter school has contracted with a school district to obtain specific additional services.

NEW SECTION. Sec. 14. LEAVES OF ABSENCE. If a school district employee makes a written request for an extended leave of absence to work at a charter school, the school district shall grant the request. The school district may

require that the request for a leave be made up to ninety days before the employee would otherwise have to report for duty. The leave shall be granted for any request for up to two years. If the employee returns to the school district within the two-year period, the employee shall be hired before the district hires anyone else with fewer years of statewide service, with respect to any position for which the returning employee is certificated or otherwise qualified.

NEW SECTION. Sec. 15. STUDY OF CHARTER SCHOOLS. Subject to funding, the Washington institute for public policy shall study the implementation and effectiveness of this act. The institute shall report to the legislature on the effectiveness of charter schools in raising student achievement and the impact of charter schools. The institute also shall examine and discuss whether and how charter schools have enhanced education reform efforts and recommend whether relaxing or eliminating certain regulatory requirements for other public schools could result in improved school performance at those schools. The institute shall recommend changes to this chapter including improvements that could be made to the application and approval process. A preliminary report of the study is due to the legislature by March 1, 2006, and a final report is due September 1, 2007.

NEW SECTION. Sec. 16. NUMBER OF CHARTER SCHOOLS. (1) Applications for charter schools may begin on the effective date of this section. The maximum number of new charter schools that may be established under a charter approved in accordance with this chapter is:

(a) In the first year commencing July 1, 2003, and in the second year commencing July 1, 2004, not more than five per year; and

(b) In each of the next four years, commencing July 1st of each year beginning in 2005 and ending in 2008, not more than fifteen per year.

(2) These annual allocations shall be cumulative so that if the maximum number of allowable new charters is not reached in any given year the maximums shall be increased accordingly for the successive years.

(3) Consistent with the legislative intent of this chapter, a majority of the annual allowable new charter schools that may be established under subsection (1) of this section shall be reserved until the 31st day after the effective date of this section, and until April 1st of each year beginning in 2004 and ending in 2008, for the implementation of charter schools established for the primary purpose of serving educationally disadvantaged students, and that are located in, or accessible to students who live in, geographic areas in which a large proportion of the students have difficulty meeting state academic content and student achievement standards, or geographic areas, including urban and rural areas, in which a large proportion or number of public schools have been identified for improvement, corrective action, or restructuring under the federal no child left behind act of 2001.

(4) Sponsors and alternate sponsors shall promptly notify the superintendent of public instruction when a charter is approved, and shall indicate whether the charter school's primary purpose is to serve educationally disadvantaged students. In order to ensure compliance with the annual limits for the establishment of new charter schools, authorization from the superintendent of public instruction must be obtained before implementing an approved charter for a new school. If the maximum number of new charters under subsections (1) and (3) of this section has not been reached when the sponsor notifies the superintendent of the approval, the superintendent shall authorize the implementation of the approved charter and the establishment of the school. If the charters reserved under subsection (3) of this section are not authorized within thirty days of the effective date of this section, or by March 31st of each year thereafter and ending in 2008, the superintendent of public instruction shall notify the sponsors and alternate sponsors of any other approved charters for which authorization has not been granted, and shall authorize the implementation of those charters within the annual limits, regardless of whether those charters meet the requirements of subsection (3) of this section.

(5) The superintendent of public instruction shall notify eligible sponsors and eligible alternate sponsors when the maximum allowable number of new charters is approved each year. If the maximum number is not reached by the 31st day after the effective date of this section, or by March 31st of each year thereafter, the superintendent shall report on the number of charters approved.

(6) If the superintendent receives simultaneous notification of approved charters that exceed the annual allowable limits in subsections (1) and (3) of this section, the superintendent shall select approved charters for authorization under subsection (4) of this section through a lottery process, and shall assign implementation dates accordingly.

(7) The maximum number of charter schools allowed under this section does not include public schools converting to charter public schools; however, conversion charter schools shall be considered charter schools for the purpose of notice to the superintendent of public instruction required under subsection (4) of this section.

NEW SECTION. Sec. 17. A new section is added to chapter 41.56 RCW to read as follows:

This section applies to charter schools as defined in section 2 of this act and the charter school's employees included in the bargaining unit. The bargaining unit of employees of charter schools must be limited to the employees of the charter school and must be separate from other bargaining units in the school district or educational service district unless the charter school is a public school that has converted to a charter school. The employees of public schools that have converted to a charter school shall remain members of the bargaining units in the school district.

This section, designating charter schools as employers and charter school employees as members under the teachers' retirement systems, the school employees' retirement systems, and the public employees' retirement systems, applies only if the department of retirement systems receives determinations from the internal revenue service and the United States department of labor that such participation does not jeopardize the status of these retirement systems as governmental plans under the federal employees' retirement income security act and the internal revenue code.

NEW SECTION. Sec. 18. A new section is added to chapter 41.59 RCW to read as follows:

(1) This section applies to collective bargaining agreements between charter schools and the employees of charter schools included in the bargaining unit.

(a) The bargaining unit of employees of conversion charter schools must be limited to the employees of the charter school and must be separate from other bargaining units in the school district or educational service district for at least the first five years of operation of the charter school, after which the employees of a conversion charter school may

indicate by a majority vote they desire to become members of the bargaining unit in the school district in which the charter school is located.

(b) The bargaining unit of employees of new charter schools must be limited to the employees of the charter school and must be separate from other bargaining units in the school district or educational service district for at least the first five years of operation of the charter school, after which the employees of a new charter school may indicate by a majority vote they desire to become members of the bargaining unit in the school district in which the charter school is located.

(2) This section, designating charter schools as employers and charter school employees as members under the teachers' retirement systems, the school employees' retirement systems, and the public employees' retirement systems, takes effect only if the department of retirement systems receives determinations from the internal revenue service and the United States department of labor that such participation does not jeopardize the status of these retirement systems as governmental plans under the federal employees' retirement income security act and the internal revenue code.

Sec. 19. RCW 41.59.080 and 1998 c 244 s 11 are each amended to read as follows:

The commission, upon proper application for certification as an exclusive bargaining representative or upon petition for change of unit definition by the employer or any employee organization within the time limits specified in RCW 41.59.070(3), and after hearing upon reasonable notice, shall determine the unit appropriate for the purpose of collective bargaining. In determining, modifying or combining the bargaining unit, the commission shall consider the duties, skills, and working conditions of the educational employees; the history of collective bargaining; the extent of organization among the educational employees; and the desire of the educational employees; except that:

(1) A unit including nonsupervisory educational employees shall not be considered appropriate unless it includes all such nonsupervisory educational employees of the employer; and

(2) A unit that includes only supervisors may be considered appropriate if a majority of the employees in such category indicate by vote that they desire to be included in such a unit; and

(3) A unit that includes only principals and assistant principals may be considered appropriate if a majority of such employees indicate by vote that they desire to be included in such a unit; and

(4) A unit that includes both principals and assistant principals and other supervisory employees may be considered appropriate if a majority of the employees in each category indicate by vote that they desire to be included in such a unit; and

(5) A unit that includes supervisors and/or principals and assistant principals and nonsupervisory educational employees may be considered appropriate if a majority of the employees in each category indicate by vote that they desire to be included in such a unit; and

(6) A unit that includes only employees in vocational-technical institutes or occupational skill centers may be considered to constitute an appropriate bargaining unit if the history of bargaining in any such school district so justifies; and

(7) Notwithstanding the definition of collective bargaining, a unit that contains only supervisors and/or principals and assistant principals shall be limited in scope of bargaining to compensation, hours of work, and the number of days of work in the annual employment contracts; and

(8) The bargaining unit of certificated employees of school districts, educational service districts, or institutions of higher education that are education providers under chapter 28A.193 RCW must be limited to the employees working as education providers to juveniles in each adult correctional facility maintained by the department of corrections and must be separate from other bargaining units in school districts, educational service districts, or institutions of higher education; and

(9) Except as provided in sections 17 and 18 of this act, the bargaining unit for employees of charter schools as defined in section 2 of this act must be limited to the employees of the charter school and must be separate from other bargaining units in the school district or educational service district.

On motion of Senator Sheahan, Second Engrossed Substitute Senate Bill No. 5012 was ordered to be immediately transmitted to the House of Representatives.

THIRD READING

SENATE BILL NO. 5271, by Senators Honeyford, Hewitt and Parlette (by request of Department of Labor and Industries)

Regarding industrial insurance hearing loss.

MOTION

Senator Keiser moved that the rules be suspended and Senate Bill No. 5271 be returned to second reading and read the second time.

OBJECTION

Senator Sheahan objected to returning Senate Bill No. 5271 to second reading.

The President declared the question before the Senate to be the motion by Senator Keiser to suspend the rules and return Senate Bill No. 5271 to second reading.

The motion by Senator Keiser to suspend the rules and return Senate Bill No. 5271 to second reading carried on a rising vote, the President voting 'aye.'

POINT OF ORDER

Senator Carlson: "A point of order, Mr. President. I thought we were under the Call of the Senate and you said the vote was 23 to 23. That is three short."

REPLY BY THE PRESIDENT

President Owen: "There are three excused, Senator."

Senator Carlson: "Thank you."

MOTION

Senator Keiser moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.28.055 and 1984 c 159 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, claims for occupational disease or infection to be valid and compensable must be filed within two years following the date the worker had written notice from a physician: (((+))) (a) Of the existence of his or her occupational disease, and (({2})) (b) that a claim for disability benefits may be filed. The notice shall also contain a statement that the worker has two years from the date of the notice to file a claim. The physician shall file the notice with the department. The department shall send a copy to the worker and to the self-insurer if the worker's employer is self-insured. However, a claim is valid if it is filed within two years from the date of death of the worker suffering from an occupational disease.

(2)(a) To be valid and compensable, claims for hearing loss due to occupational noise exposure must be filed within the earlier of the following:

(i) The time limits specified in subsection (1) of this section; or

(ii) The later of two years after the date that the worker retires or one year after the effective date of this section.

A worker is deemed retired when he or she no longer receives income, salary, or wages from any employment that is regular, continuous, and gainful.

(b) A claim for hearing loss due to occupational noise exposure that is not timely filed under (a) of this subsection may be allowed only for medical aid benefits under chapter 51.36 RCW.

(3) For purposes of this section, hearing loss is due to occupational noise exposure when the hearing loss results from prolonged exposure to injurious noise in employment. A part of such exposure may not be construed to be a sudden and tangible traumatic happening for purposes of RCW 51.28.050.

(4) The department may adopt rules to implement this section.

Sec. 2. RCW 51.36.020 and 1999 c 395 s 1 are each amended to read as follows:

(1) When the injury to any worker is so serious as to require his or her being taken from the place of injury to a place of treatment, his or her employer shall, at the expense of the medical aid fund, or self-insurer, as the case may be, furnish transportation to the nearest place of proper treatment.

(2) Every worker whose injury results in the loss of one or more limbs or eyes shall be provided with proper artificial substitutes and every worker, who suffers an injury to an eye producing an error of refraction, shall be once provided proper and properly equipped lenses to correct such error of refraction and his or her disability rating shall be based upon the loss of sight before correction.

(3) Every worker whose accident results in damage to or destruction of an artificial limb, eye, or tooth, shall have same repaired or replaced.

(4) Every worker whose hearing aid or eyeglasses or lenses are damaged, destroyed, or lost as a result of an industrial accident shall have the same restored or replaced. The department or self-insurer shall be liable only for the cost of restoring damaged hearing aids or eyeglasses to their condition at the time of the accident.

(5)(a) All mechanical appliances necessary in the treatment of an injured worker, such as braces, belts, casts, and crutches, shall be provided and all mechanical appliances required as permanent equipment after treatment has been completed shall continue to be provided or replaced without regard to the date of injury or date treatment was completed, notwithstanding any other provision of law.

(b) The department shall assess the benefits to workers and the costs of emerging technologies in determining which hearing devices are provided to workers under this title. Such new technology shall be made available to workers requiring new or replacement devices as deemed appropriate based on the department's assessment.

(6) A worker, whose injury is of such short duration as to bring him or her within the time limit provisions of RCW 51.32.090, shall nevertheless receive during the omitted period medical, surgical, and hospital care and service and transportation under the provisions of this chapter.

(7) Whenever in the sole discretion of the supervisor it is reasonable and necessary to provide residence modifications necessary to meet the needs and requirements of the worker who has sustained catastrophic injury, the department or self-insurer may be ordered to pay an amount not to exceed the state's average annual wage for one year as determined under RCW 50.04.355, as now existing or hereafter amended, toward the cost of such modifications or construction. Such payment shall only be made for the construction or modification of a residence in which the injured worker resides. Only one residence of any worker may be modified or constructed under this subsection, although the supervisor may order more than one payment for any one home, up to the maximum amount permitted by this section.

(8)(a) Whenever in the sole discretion of the supervisor it is reasonable and necessary to modify a motor vehicle owned by a worker who has become an amputee or becomes paralyzed because of an industrial injury, the supervisor may order up to fifty percent of the state's average annual wage for one year, as determined under RCW 50.04.355, to be paid by the department or self-insurer toward the costs thereof.

(b) In the sole discretion of the supervisor after his or her review, the amount paid under this subsection may be increased by no more than four thousand dollars by written order of the supervisor.

(9) The benefits provided by subsections (7) and (8) of this section are available to any otherwise eligible worker regardless of the date of industrial injury.

Sec. 3. RCW 51.32.080 and 1993 c 520 s 1 are each amended to read as follows:

(1)(a) Until July 1, 1993, for the permanent partial disabilities here specifically described, the injured worker shall receive compensation as follows:

(b) Beginning on July 1, 1993, compensation under this subsection shall be computed as follows:
(1) Beginning on July 1, 1993, the compensation amounts for the specified disabilities listed in (a) of this subsection shall be increased by thirty-two percent; and
(ii) Beginning on July 1, 1994, and each July 1 thereafter, the compensation amounts for the specified disabilities listed in (a) of this subsection, as adjusted under (b)(1) of this subsection, shall be readjusted to reflect the percentage change in the consumer price index, calculated as follows: The index for the calendar year preceding the year in which the July calculation is made, to be known as "calendar year A," is divided by the index for the calendar year preceding calendar year A, and the resulting ratio is multiplied by the compensation amount in effect on June 30 immediately preceding the July 1st on which the respective calculation is made. For the purposes of this subsection, "index" means the same as the definition in RCW 2.12.037(1).

(2) Compensation for amputation of a member or part thereof at a site other than those specified in subsection (1) of this section, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates.

Compensation shall be calculated based on the adjusted schedule of compensation in effect for the respective time period as prescribed in subsection (1) of this section. However, beginning with claims filed on or after the effective date of this section, compensation for permanent partial disabilities for hearing loss due to occupational noise exposure shall be paid at an amount equal to seventy-five percent of the monetary value of such disability under this section.

(3)(a) Compensation for any other permanent partial disability not involving amputation shall be in the proportion which the extent of such other disability, called unspecified disability, shall bear to the disabilities specified in subsection (1) of this section, which most closely resembles and approximates in degree of disability such other disability, and compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment. To reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments.

(b) Until July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be deemed to be ninety thousand dollars. Beginning on July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be adjusted as follows:

(i) Beginning on July 1, 1993, the amount payable for total bodily impairment under this section shall be increased to one hundred eighteen thousand eight hundred dollars; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the amount payable for total bodily impairment prescribed in (b)(i) of this subsection shall be adjusted as provided in subsection (1)(b)(ii) of this section.

(c) Until July 1, 1993, the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of ninety thousand dollars. Beginning on July 1, 1993, total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed a sum calculated as follows:

(i) Beginning on July 1, 1993, the sum shall be increased to one hundred eighteen thousand eight hundred dollars; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the sum prescribed in (b)(i) of this subsection shall be adjusted as provided in subsection (1)(b)(ii) of this section.

(4) If permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured worker if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured worker and his or her monthly compensation payments shall be reduced accordingly.

(5) Should a worker receive an injury to a member or part of his or her body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such worker, his or her compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(6) When the compensation provided for in subsections (1) through (3) of this section exceeds three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured worker in full, except that the first monthly payment shall be in an amount equal to three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, and interest shall be paid at the rate of eight percent on the unpaid balance of such compensation commencing with the second monthly payment. However, upon application of the injured worker or survivor the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured worker or survivor to the department and shall rest in the discretion of the department depending upon the merits of each individual application. Upon the death of a worker all unpaid installments accrued shall be paid according to the payment schedule established prior to the death of the worker to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

(7) Except as otherwise provided in this section, awards payable under this section are governed by the schedule in effect on the date of injury.

NEW SECTION. Sec. 4. Section 1 of this act applies to all claims filed on or after the effective date of this section for hearing loss due to occupational noise exposure regardless of the date of injurious exposure."

SECOND READING

SENATE BILL NO. 6094, by Senators Carlson and Jacobsen

Changing the school district levy base calculation

The bill was read the second time.

MOTION

Senator Carlson moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 84.52.0531 and 1997 c 259 s 2 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b) and (c) of this subsection minus (d) of this subsection:

(a) The district's levy base as defined in subsections (3) and (4) of this section multiplied by the district's maximum levy percentage as defined in subsection ((4)) (5) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

(c) For districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection ((4)) (5) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(d) The district's maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

(3) For excess levies for collection in calendar year 1998 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior

school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(i) Pupil transportation;

(ii) Special education;

(iii) Education of highly capable students;

(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(v) Food services; and

(vi) Statewide block grant programs; ((and))

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes;

(d) Beginning with calendar year 2005 calculations, the federal allocations received directly by a district for purposes of this subsection (3) shall be the allocations from the second prior school year. The federal revenues shall be adjusted by inflation as determined by the office of the superintendent of public instruction. For purposes of this subsection, "second prior school year" means the school year completed two years prior to the year in which the levies are to be collected; and

(e) Beginning with calendar year 2005 calculations, revenues included in the levy base shall be reduced for revenues received as a fiscal agent. The office of the superintendent of public instruction shall adopt rules defining "revenues received as a fiscal agent".

(4) For excess levies for collection in calendar years 2004 and 2005, in addition to the allocations included under subsection (3)(a) through (c) of this section, a district's levy base shall also include the difference between the state allocations under subsection (3)(a) and (b) of this section and the amount the district would have received if (a) the district's base salary for certificated instructional staff for purposes of determining state basic education allocations had been the same as the highest base salary for that school year on the supporting LEAP salary document referenced in the omnibus appropriations act; and (b) the district's salaries for certificated administrators and classified staff for purposes of determining state basic education allocations had been the same as the highest certificated administrator and classified staff salaries for that school year on the supporting LEAP salary document referenced in the omnibus appropriations act. For calendar years 2004 and 2005, the additional amounts provided under this subsection shall not be used in the calculation of levy base for the purpose of determining local effort assistance allocations under chapter 28A.500 RCW.

(5) A district's maximum levy percentage shall be twenty-two percent in 1998 and twenty-four percent in 1999 and every year thereafter; plus, for qualifying districts, the grandfathered percentage determined as follows:

(a) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and

(b) For 1998 and thereafter, the percentage calculated as follows:

(i) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection **(3)** of this section;

(ii) Reduce the result of **(b)(i)** of this subsection by any levy reduction funds as defined in subsection ~~((5))~~ **(6)** of this section that are to be allocated to the district for the current school year;

(iii) Divide the result of **(b)(ii)** of this subsection by the district's levy base; and

(iv) Take the greater of zero or the percentage calculated in **(b)(iii)** of this subsection.

~~((5))~~ **(6)** "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsections **(3)** and **(4)** of this section: **(a)** That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and **(b)** that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

~~((6))~~ **(7)** For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

~~((7))~~ **(8)** For the purposes of this section, "current school year" means the year immediately following the prior school year.

~~((8))~~ **(9)** Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.

~~((9))~~ **(10)** The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section."

Debate ensued.

POINT OF INQUIRY

Senator Spanel: "Senator McAuliffe, does this bill have any affect on levy equalization?"

Senator McAuliffe: "No, it does not."

Senator Spanel: "It mentions that. Maybe the other proponent knows. It mentions levy equalization in the summary and that is why I wanted to know."

Senator McAuliffe: "To my knowledge, it does not affect levy equalization."

POINT OF INQUIRY

Senator Spanel: "Senator Carlson, does this bill affect levy equalization? I ask, because usually that is the mediation for those districts --the haves and have nots. I am wondering if the have nots are going to gain anything and they probably won't, because we don't have any state dollars to do it."

Senator Carlson: "That is correct. Thank you, Senator Spanel, for the question. The answer is found on page 3, lines 20 to 22, where it specifically says, 'the subsection shall not be used for the calculation of levy base for the purpose of determining local effort assistance allocation under Chapter 28A.500 RCW.' The House, which understood this particularly--especially--in our rural areas asked that this be included in an amendment that they had in a bill that was originally called 2044. This bill, in fact, is a response, by the striker, to not deal with levy equalization."

Senator Spanel: "Thank you."

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Carlson to Senate Bill No. 6094.

The motion by Senator Carlson carried and the striking amendment was adopted.

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "calculations;" strike the remainder of the title and insert "amending RCW 84.52.0531."

MOTION

On motion of Senator Carlson, the rules were suspended, Engrossed Senate Bill No. 6094, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 6094, under suspension of the rules.

"NEW SECTION. Sec. 12. A new section is added to chapter 50.20 RCW to read as follows:

(1) With respect to claims that have an effective date on or after January 2, 2005, an otherwise eligible individual may not be denied benefits for any week because the individual is a part-time worker and is available for, seeks, applies for, or accepts only work of seventeen or fewer hours per week by reason of the application of RCW 50.20.010(1)(c), 50.20.080, or 50.22.020(1) relating to availability for work and active search for work, or failure to apply for or refusal to accept suitable work.

(2) For purposes of this section, "part-time worker" means an individual who: (a) Earned wages in "employment" in at least forty weeks in the individual's base year; and (b) did not earn wages in "employment" in more than seventeen hours per week in any weeks in the individual's base year."

On page 16, line 21, after "(3)" strike all material through "(4)" on line 26

On page 16, line 28, after "is for" strike "twenty" and insert "seventeen"

On page 35, beginning on line 29, strike all of subsection (d)

On page 36, beginning on line 28, strike all of subsection (f)

Debate ensued.

POINT OF INQUIRY

Senator Keiser: "Senator Honeyford, I am a little confused about the second portion of Section 12. Was it the intent that it means a 'part-time worker' should be working at least seventeen hours a week or is the intent that a 'part-time worker' should work no more than seventeen hours a week?"

Senator Honeyford: "Senator, that is a very good question. I believe it defines those temporary workers who are working no more than seventeen hours a week."

Senator Keiser: "I would like to take a closer look to that particular issue. I don't think we are quite in total agreement on that, because it does seem that it would be eliminating the vast, vast majority of part-time workers, if you limited any availability to those who work seventeen hours or less a week for forty weeks."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendments by Senator Honeyford on page 13, line 23; page 16, lines 21, 28, 29 and 35; page 24, line 33; page 35, line 29; and page 36, line 28, under suspension of the rules, to Senate Bill No. 6097.

Debate ensued.

Senator Betti Sheldon demanded a roll call and the demand was sustained.

Re: Resolution of Veto Litigation - Superior Court Stipulated Judgment

Dear Statute Law Committee Members:

We are writing to inform you that the Governor and the Legislature have settled, pursuant to a stipulated judgment, recent litigation arising from the veto of portions of Substitute House Bill 1059 (Laws of 2003, ch. 404), Substitute House Bill 1173 (Laws of 2003, ch. 346), and Engrossed Substitute House Bill 1827 (Laws of 2003, ch. 398). A copy of the entered judgment is enclosed for your review.

As the order makes clear, these bills are enacted in full force and effect as passed by the Legislature prior to the vetoes. The Governor will take steps to assure that agencies are advised of this disposition, and the Legislature will likewise take steps to ensure that its records reflect the judgment and status of the legislation. We believe it is important that the Revised Code of Washington reflect the law as originally passed with respect to these measures, and we therefore urge that future editions of the code--both printed and electronic--accurately reflect the law as determined by this agreed order and entered by a court of law.

Thank you for your attention and cooperation on this matter. If we may provide any additional information, please do not hesitate to contact us.

Very truly yours,

FOR THE GOVERNOR:

FOR THE SENATE:

FOR THE HOUSE OF
REPRESENTATIVES:

Senators Hale, Brown, Hewitt, Deccio, Hargrove, Oke, Haugen, Horn, Thibaudeau, Winsley, Tim Sheldon, Brandland, Kohl-Welles, Rasmussen and Stevens spoke to Senate Resolution 8685.

PERSONAL PRIVILEGE

Senator West: "A point of personal privilege, Mr. President. Thank you, Mr. President. Actually, I was going to rise to close debate. You know words can't express the feelings that I have for each and everyone of you. I think of the Senate as family--the Legislature as a family--my brothers and sisters. In some cases, you might be my mothers or fathers. I have to tell you that I have parents younger than you--so there.

"I have to confess that, one, if I knew that it was going to be this good, I would have quit a long time ago, and two, that I am eternally grateful to Our Father in Heaven and to all of you for your prayers that this was the moment that I could have and this wouldn't be my eulogy. I think that some of you thought in the spring, when you saw me, that might very well be the case.

"I am very glad to have you amongst me at this time, as I move from the Senate into a great challenge in my life and a great job that I am looking forward to. I listened to the praise and frankly I don't deserve it. You know there are really great majority leaders back in history and I have read about them. Of course, in recent times, Sid Snyder and Jeannette Hayner and others, who were absolutely great and I learned from them--and I learned from some that weren't so great--and I learned from each and everyone of you. I learned more from you than you learned from me. What I learned here is going to serve the citizens of Spokane so well. You know if I could find forty-nine jobs in Spokane for you, I would take everyone of you with me and we would have a great city for it.

"Senator Oke mentioned and others mentioned the prayers that did go out in behalf of my health. I thought that God sitting in Heaven there and all of a sudden it is like 'Hey, who is this Jim West guy?' Give me an angel and go find something out about him, because an awful lot of people are praying for him--and I appreciated that.

"You are in good hands. Senator Finkbeiner will do a good job for our caucus. Senator Brown will do a good job for your caucus. I hope that you work together. I hope that this body continues to be a body of ideas--a body that can disagree on solutions, but understanding that the problems have to be solved and folks that can disagree without being disagreeable--and I am sure you can.

"I look forward, frankly, to Spokane being a shining city on the hill, to being one of the best cities in the state of Washington. Again, taking what I have learned from you and what I have learned from my service in the Legislature and applying that in local government and seeing if we can't have some improvement in our economy and the way we care for people and the way we do things. I think we can--I really truly do.

"For that, I thank you, each and everyone. There is one member of the Senate--now trust me--there is no one here that is better than another. You are all great in my book and I am not better than anybody here. I consider myself actually lower in the quality, because you have allowed me to have this great job and you demonstrated through your hard work and through your efforts and through your caring that this state could be a better place. I really and truly appreciate that. I do have to publicly thank one person who--and again, you are great and rose to great occasions--but when I was sick, I went to one person on the floor and asked him to do a favor for me. I didn't tell anybody. I asked him in my absence if he would please vote as if he were me? It was, perhaps, against his political convictions to do so, but he agreed to do it and then he did it. That is Senator Ken Jacobsen, whom I will be forever grateful. Thank you, Ken.

"I think that actually demonstrates the brotherhood of the Senate, because in the Year 2000, Ken was over recruiting my opponent and working hard to defeat me. After the elections are over and after we have to get to work on policy and after we have to get to work to serve the citizens of this state, we can set all of that aside and we get to work.

"So now, thank you, Mr. President. Thank you for allowing me to serve with you all of these great years. You have been a great friend and colleague. To each and everyone of you, thank you. I am going to miss you all. I am going to try and not come back for a period of time with my tin cup. Thank you very much and now let's get to work."

REMARKS BY THE PRESIDENT

President Owen: "Senator West, the President would like to wish you the best of everything in your new job and hope you will come back and visit us. I do hope that you have passed your enthusiasm and knowledge of parliamentary procedure on to someone, as well, who is as gracious as you were when you were wrong."

PERSONAL PRIVILEGE

Senator Hewitt: "Mr. President, a point of personal privilege. When I came to the Senate in 2001, I had the honor to wish my Grandmother her hundredth birthday. We were actually on the floor that day and I thought it was a great privilege and I thought it might be the last time that I ever had the opportunity to do that. When I came back in 2002, I was able to wish her a happy one hundred and first birthday and we were on the floor the day it actually happened and I thought that would be the last. When I came back in 2003, I was able to wish her a happy one hundred and second birthday and we did that from the floor.

"Sadly, today, I have to tell you that she died on Tuesday. She is being buried today at two o'clock, but I don't say that to make you sad. My family believes so strongly in the process that we partake in over here, that they said, 'We don't want you to come home, we want you to stay there and do the people's business.'

"My Grandmother, I believe, is the epitome of what all of us would want every voter in this state to be. She was engaged, she knew the issues, she knew the candidates. I tell you it was great to be around a lady like that and have the influence of that. So, as my Grandmother is buried today at two o'clock, I am going to be here today doing what she would want me to do--doing the people's business.

"Grandma, I love you and I wish I were with you. Thank you for listening."

PERSONAL PRIVILEGE

Senator Rossi: "Mr. President, a point of personal privilege. This probably is the most difficult speech that I have ever made on this floor. Quite frankly, I am going to announce today my resignation from the State Senate. It is a red letter day for you Senator Brandland. You are moving up that ladder fast. A few more speeches and you are going to be the majority leader.

"Really, what I wanted to talk about to you today was to say 'thank you.' When I got sworn in as a State Senator, I sat on the floor of the Senate in that gorgeous building over there. I sat in my chair and leaned back and looked at the Tiffany chandeliers and all the marble and I broke out in a cold sweat and said 'Oh, my God, I am a Senator now.' Then I looked at all these people--of course, I was a freshman--sitting next to Don Benton in the back row and looked at these people in front of me who had been there for quite some time and I was wondering if I was really qualified to actually be here. I asked that question. So many of you were gracious, on both sides the aisle, to take me under your wing and give me some guidance and help me along and give me opportunities to succeed.

"What I thought, when I became a Senator was that I realized that there were forty-nine people from forty-nine different districts and I realized that every person has a value. You just don't know where it fits in to what you are trying to accomplish. I have already addressed my caucus and told them that I would like to talk to my friends on the other side of the aisle.

"When you think about what has happened over the last seven years--I have been here seven years now. I could have a story about each and everyone of you--a very positive story. Most of the stories are very positive with my interaction with you. Let's just start with Senator Kline. He and I are just ideologically twins. We all know that. That was a joke! But you know, when a woman in my district, was walking with her husband hand in hand--Mary Johnson--and a three-time drunk driver ripped her from her husband's hand, she died. I was in my second year in the Senate and I was looking at the bio's of all the Senators and I realized that Senator Kline had been involved with Mother's Against Drunk Driving. Who was number two on every bill I had for drunk driving--the Mary Johnson Act--well Adam Kline and I were joined at the head. Thank you, Adam, and we have made a difference with that.

"Then, there is Senator Jacobsen who came in at the same time. You truly are a man of your word and a man of conviction, as Senator West has already pointed out and I want to thank you for the help you have given me. Senator Hargrove, we have fought a lot of battles together. Sometimes we were successful and sometimes we weren't, but I always knew where you stood. We oftentimes stood together and I want to thank you for what you have done.

"You go down the list here--Senator Rasmussen, kids and cows--kids and cows. You truly, truly do have it in your heart and what you have done as a Senator is remarkable and you continue to do it. Senator Fairley, I am not going leave you out of this. Your passion and compassion for the developmentally disabled and for people who are vulnerable was demonstrated last year time and time again. Please don't ever stop--please don't every stop doing that, because they need our help. Senator Tim Sheldon, the rock--incredibly solid. Every time when you told me you were going to be somewhere, guess what, when I got there, there you were. I appreciate that.

"The decision was very difficult. I love this job. Last year, it ended up being the most enjoyable year that I have had in seven years in the State Senate. Towards the end of the session, Randy Hodgins on the Ways and Means staff came to me and said, 'You know, you are not suppose to be enjoying this.' I said, 'Well, we are going to do the best we can with what we have and I am going to make sure that we work across the aisle.' To show how you folks put policy above politics, last year we passed fifty bills that were necessary to implement the budget on the Senate floor and not a single one of them passed with a party line partisan vote. Why? Because everybody here actually cares about the entire state of Washington and that is why that happened.

"Yes, I am--you have probably heard the rumor--I am going to run for Governor. I have been trying to keep it quiet. To keep a secret, it is just the people I tell that can't. I think it is important for me to do this--to resign from the State Senate. Quite frankly, this is something I need to do now if we are going to restore the greatness that we once had. We are at a crossroads and I believe that I am in a position to do something about this.

“So, that is what I am going to do. Thank you, very much. The good news is that I’ll just be over on the second floor.”

PERSONAL PRIVILEGE

Senator Brown: “Mr. President, a point of personal privilege. We are losing someone on this side of the aisle, too, and we would like to like to wish him well. I wasn’t sure if he was going to stand up on his own behalf and say anything to us and so I just wanted to acknowledge that Senator Reardon has not been with us in the Senate for a long time, but we are going to miss him. He, also, has heard the call of moving on to serve his local community and successfully taken on this job of County Executive. Senator Hargrove has just stripped him of his title now.

“Aaron, we are going to miss you, too, and your sense of humor. Some of you remember the time when we had some difficulty in the Call of the Senate and had a tough time finding you. Thanks for calling in and thanks for coming back. We appreciate that. Really, we really appreciate the time that we have spent with you and wish you and your wife and daughter the very best in your job as Snohomish County Executive.”

PERSONAL PRIVILEGE

Senator Schmidt: “Mr. President, a point of personal privilege, if I may. I am going to continue that remark about Senator Reardon. When he had won the primary, I wanted to say, ‘Congratulations,’ but in behalf of our party, I wanted to say, ‘Darn you.’ I knew he was going to have a good shot at winning. I just want to make a few comments. I ran for office for the first time in 1992. At that time, he was the campaign manager for my opponent, who defeated me. I was hoping I would never see him again. Now, I know, I will be seeing him quite frequently.

“I just want to say, ‘Aaron, congratulations again.’ I know you are going to do a good job there. I know you are a man of your word. We can trust you. I think we are going to find ourselves agreeing on a lot of things, because you are very good at that. I know you will do very well in serving the citizens of Snohomish County and look forward to being with you some more. Thank you.”

PERSONAL PRIVILEGE

Senator Reardon: “A point of personal privilege, Mr. President. Thank you, Mr. President and members of the Senate. Thank you very much for the distinguished opportunity to serve as your colleague. I have been here for five years and only one year in the State Senate, but if I had it to do over again, I would have run for the Senate in 1998. This truly is a body that I think can make things happen and I think the brain power of the state is in this body. It was demonstrated last year with the difficult challenges that--I hate giving Senator Rossi any praise right now--but the leadership that was demonstrated in this body, I think, set the tone for the challenges that needed to be taken on for years to come. I think that the state will turn more back to the middle in years to come and not be so partisan. I think all of our citizens will benefit from that.

“The work you have ahead of you is indeed--it is a big challenge--and, of course, during my campaign for county executive, I often talked to the new Mayor of Spokane. We exchanged notes on leadership and on campaign tactics. The only challenge, I guess I will throw is this, Jim. ‘We have a hockey team and we will beat you.’ If you every want to come and watch, we have season tickets and Kay and I would love to have you down.

“Thank you very much for the opportunity to serve all of you and thank you for the honor.”

PERSONAL PRIVILEGE

Senator Kohl-Welles: A point of personal privilege, Mr. President. I would like to speak on the passing of a former Senate colleague, State Senator Ray Moore, who was my predecessor from the Thirty-sixth Legislative District. Most of you likely know that Senator Moore died last Saturday at the age of ninety-one. He followed the death of his beloved wife, Virginia, who died last April. Ray, frequently, was heard to say that he knew that Virginia would outlive him by twenty-five years. I spoke with him several times in the last few months, as I am sure many of you did, and one could not help but notice the difference. His voice was very fragile; He sounded very frail; He was very lonely. It was really anticipated that he would die shortly.

“In my conversations with him, what came through still was his very wicked sense of humor, which, I am sure, all of you who served with Senator Moore in the Senate, remember. His sense of humor was profound, but often times was very hard. Senator Moore served in the Senate for sixteen years from 1978 to 1994. I am sure, those of you who were here and heard his very moving and eloquent speech on the Senate floor, during the 1994 Legislative Session, will never forget that. It apparently brought tears to many eyes as he announced that he would retire at the end of the year. In fact, he ended up resigning from the Senate that following October.

“As you may have known, he had started out as a Republican and we have the *Seattle Times* article written by Ralph Turner on the desk. It goes into some detail on this that Senator Moore was a Republican PCO, starting off in the 1930’s. He was Chair of the King County Republican party and he ran for the Legislature four times unsuccessfully before finally winning--twice as a Republican and twice as a Democrat.

“Senator Moore’s public policy was true humanitarian. He always championed civil rights, championed the down trodden, championed the vulnerable. He co-founded the Queen Ann Help Line, the first of its kind in the state of Washington and talked me into taking his place on the board in 1993. He also championed small business owners. It was critically important to him.

“There are some things that some people may not have known about Ray. His humor, again, and his political shrewdness were significant about him, as were all of the issues he cared about as public policy. When I became a board member of the very, very large retirement home in my district, he sent me a note saying, ‘Congratulations, I wish I could have done that, because it is an entire precinct. It will help with your next election.’ He always thought, I think, on a double track--policy and politics.

“I wish I could share some of the antidotes that my husband and I know about with regards to his humor, but I dare not when we have, perhaps, TVW broadcasting this. I will share one thing sort of. I used to come over to the Senate floor to talk with Senator Moore in the wings. I was in the House and one time as we were talking, I glanced at the tie he was wearing. Some of you may remember his ties, but it took my breath away. I was aghast; I couldn’t take my eyes off of this tie. I would love to describe it, but I can’t in public. What I will say is that this was his stock broker tie and he always wore it, he told me, when there was going to be a vote or an issue taken up on the Senate floor that had somehow to do with taxes and businesses. The tie had figures of bulls and bears on it, but it was the way they were positioned that I cannot reveal to you. Perhaps your imagination, if you knew Ray, will lead you to understand what that tie was. It was quite a tie.

“Senator Moore was the champion above all legislators I have ever known or even heard about with regard to his constituent casework. He and Virginia were a team and they compiled a legendary card file of constituents. They didn’t have the computer; they didn’t have internet then, but they had a card on every single constituent they ever came into contact with. He sent people congratulations on their birthdays, on wedding anniversaries, on children’s birthdays, everything that they could possibly think of. I still run into constituents who say ‘I remember when Senator Moore learned about this issue and he was there for us.’

“I have missed Senator Moore a lot since he has been gone, but I will never forget his compassion, his dedication and his humor. I will always remember his yard signs--the best one--with a photo of him on the yard sign and the narrative said, ‘Moore than just a pretty face.’”

PERSONAL PRIVILEGE

Senator Fraser: “A point of personal privilege. Today is a day of many fond farewells, but truly the passing of Senator Ray Moore is a day of a sad farewell. I remember Senator Moore with so much respect and fondness that I just wanted to say a couple of words. I joined the Senate in 1993 and one of the first committees I served on was his committee. It was the Committee on Financial--it was a committee he had--you might say, amassed. It was a committee on Financial Institutions, Labor, Commerce, Economic Development, Housing, Regulatory Reform and probably a number of other subjects. It was probably the largest scoped committee in the Senate, which certainly shows that he was a master of the internal workings and relationships of the Senate.

“He also served on the committee that I chaired. I was fortunate to chair a committee, when I first arrived, on Committee on Ecology and Parks. I am pleased to recall that he was a very strong pro environment legislator and also took a very long range interest in water policy. Then, after he left the Senate, his staff member, Jim Hughes, came to work in my office. So, I have had a lot of association with Ray and Virginia. Ray and I really bonded early on, like the first year I was here over the State Employees bargaining issue. That was an extremely strenuous issue then. That just shows you how long that issue has been going on, like a decade or more, and we finally reached a decision on that a couple of years ago. Even then, it was extraordinarily strenuous within the Legislature and between the legislative and executive branches. We had a major bonding experience on that and were on the same side. That became a wonderful relationship between us, which I will forever treasure. I appreciated his friendship, his many insights, his long perspective--he did like to remind us of a lot of history on a lot of issues--which was very helpful. One other point of humor was, those of you who have been here a few years, may remember how he handled gubernatorial appointments, looking through the file and reporting on it. He has made many policy contributions to our state. These have many friendships in our state and I and many others will miss him.”

MOTION

At 1:05 p.m., Senator Esser moved that the Senate go at ease.

MOTION

Senator Brown moved that the Senate revert to the fourth order of business to consider the Message from the House regarding House Bill No. 2297.

RULING BY THE PRESIDENT

President Owen: “Senator Brown, the President believes that a motion to go at ease is a privileged motion and would take precedence, so it is necessary to vote on that motion first.”

Senator Brown objected and requested a roll call vote on the motion to advance to the fourth order of business.

PARLIAMENTARY INQUIRY

Senator Kastama: "A parliamentary inquiry, if this body goes at ease, is there any limit as far as how long that at ease can be?"

RULING BY THE PRESIDENT

President Owen: "Senator Kastama, Senator Esser has proposed that the Senate go at ease, subject to the call of the President. I suspect that the President could call you back at any time under that direction."

Senator Kastama: "Also, I would like to ask an additional question. Therefore, until we come back, this body cannot consider the presidential primary bill that just passed the House? We cannot consider the cancellation until we come back into these chambers? Am I correct, Mr. President?"

RULING BY THE PRESIDENT

President Owen: "That is correct, Senator. That would be a majority of the members coming back."

Senator Kastama: "Thank you."

The President declared the question before the Senate to be the roll call on the motion by Senator Brown to revert to the fourth order of business to consider the House Message on House Bill No. 2297.

Debate ensued.

FURTHER RULING BY THE PRESIDENT

President Owen: "One moment, please. Senator Kastama, in further review of the rules, the President believes that his previous ruling is incorrect, because a time certain was not established. There is no specific reference to going at ease, but only going at recess. So, the President has to believe that they are compatible, but the rule at going to recess, in order for it to be a privileged motion, must have a time certain. Therefore, Senator Brown's motion would be in order."

Further debate ensued.

PARLIAMENTARY INQUIRY

Senator Brown: "A parliamentary inquiry, I am wondering if the Senator's resignation from the Fifth District has already taken place. If so, is it appropriate for him to vote?"

REPLY BY THE PRESIDENT

President Owen: "Senator Rossi, have you submitted your resignation letter to the Governor?"

Senator Rossi: "No, I haven't."

RULING BY THE PRESIDENT

President Owen: "Senator Brown, the answer to your question is the Senator must have submitted his resignation to the Governor before it takes effect. The question before the Senate is the roll on the motion by Senator Brown to revert to the fourth order of business."

MOTION

At 1:22 p.m., Senator Esser moved to recess until 2:30 p.m.

PARLIAMENTARY INQUIRY

Senator Kastama: "A point of parliamentary inquiry, Mr. President. If at this time of two-thirty--I believe--if a majority of members do not come back to the Senate floor, will we be able to vote on this piece of legislation, the presidential primary?"

RULING BY THE PRESIDENT

President Owen: "You would fail to have a quorum at that time."
Senator Kastama: "Thank you, Mr. President."

MOTION

On motion of Senator Schmidt, Senator Carlson was excused.

At 1:26 p.m., the Senate recessed until 2:30 p.m.
