

the authority are being or will be adequately met by existing programs; and

(2) A surplus of funds will exist after meeting such low-income housing needs.

Expenditures for supplemental projects shall be limited to those funds determined to be surplus.

"Supplemental project" for the purposes of this chapter shall mean any work or undertaking to provide buildings, land, equipment, facilities, and other real or personal property for recreational, group home, halfway house or other community purposes which by resolution of the housing authority is determined to be necessary for the welfare of the community within its area of operation and to fully accomplish the purposes of this chapter. Such project need not be in conjunction with the clearing of a slum area under subsection (9) (a) of RCW 35.82.020 or with the providing of low-income housing under subsection (9) (b) of RCW 35.82.020.

Passed the Senate May 9, 1971.

Passed the House May 6, 1971.

Approved by the Governor May 21, 1971 with the exception of section 1 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...The proviso in SB 884, "That the governing body of any class A county east of the Cascade mountains and of any city within such county shall only make such determination after referendum thereon to the people of such city or county, as the case may be." is narrowly drawn to apply to only one county in the state. Such a limitation to the general requirements of existing statutes relative to housing authorities is inappropriate and contrary to sound public policy. I have therefore vetoed this proviso and approved the remainder of the bill."

It is therefore the intention of the legislature that each house utilize for legislative redistricting purposes during the 1971-73 biennium funds appropriated to it for interim expenses.

None of the moneys appropriated pursuant to the provisions of this act or pursuant to the provisions of Engrossed Substitute House Bill No. 151 or appropriated pursuant to any other bill or statute enacted or in the process of being enacted by the regular or extraordinary sessions of the 1971 legislature making an appropriation to the legislative council or any other interim permanent or temporary legislative committee shall be used directly or indirectly for the purpose of preparing, collecting or assembling data for any legislative or congressional redistricting measure during the 1971-73 biennium.

Passed the Senate May 10, 1971.

Passed the House May 10, 1971.

"...The specific items I have vetoed are as follows:

Veto Message

1. Department of Social and Health Services

On page 8, beginning on line 27, I have vetoed the following language: For the Division of Health: PROVIDED, That this appropriation, or so much as will be necessary, will be utilized for the operation of Firland Sanatorium from January 1, 1972 for the remainder of the biennium.

This appropriation is necessary to provide interim financing until the revenue provided for in the passage of HB 313 becomes available to operate the Sanatorium. The effect of removing this language is to enable the Department to

Veto
Message

utilize a portion of these funds for interim financing of Firland and to fund other mandatory legislation for which an appropriation was not provided in the rush of passing a supplemental budget in the last moments of the session. Any remaining balance will be placed in unallotted status and reverted at the end of the biennium.

2. State Treasurer - State Revenue
for Distribution

On page 9, beginning on line 14, I have vetoed the following language: not to exceed 15% of revenues. This language is inconsistent with SB 156 which requires the Treasurer to distribute 25% of the snowmobile registration fees to county treasurers. I believe the intent of the substantive legislation should be followed, rather than the erroneous provision in a hastily considered supplemental appropriations bill.

3. Interim Committee on Water
Resources.

On page 10, on lines 32 and 33, I have vetoed the appropriation to the Interim Committee on Water Resources. I have been advised by the Speaker of the House and other legislators that such an interim committee was not appointed.

With the exception of the items described above, the remainder of the bill is approved."
