Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 41.40 RCW under the subchapter heading "Plan I" to read as follows:

(1) A one hundred fifty thousand dollar death benefit for general authority police officers shall be paid to the member's estate, or such person or persons, trust, or organization as the member has nominated by written designation duly executed and filed with the department. If there is no designated person or persons still living at the time of the member's death, the member's death benefit shall be paid to the member's surviving spouse as if in fact the spouse had been nominated by written designation, or if there is no surviving spouse, then to the member's legal representatives.

(2) Subject to subsection (3) of this section, the benefit under this section shall be paid only where death occurs as a result of injuries sustained in the course of employment as a general authority police officer. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. The department of labor and industries shall notify the department of retirement systems by order under RCW 51.52.050.

(3) The benefit under this section shall not be paid in the event the member was in the act of committing a felony when the fatal injuries were suffered.

**NEW SECTION. Sec. 2.** The purpose of sections 2 through 5 of this act is to clarify that the intent of the legislature in enacting RCW 41.20.060, insofar as that section provides benefits to members for disabilities incurred in the line of duty, was to provide a statute in the nature of a workers' compensation act that provides compensation to employees for personal injuries incurred in the course of employment. Accordingly this act amends and divides RCW 41.20.060 into two separate sections. Section 3 of this act clarifies and emphasizes the legislature's intent that the disability benefits granted by RCW 41.20.060, as amended, are granted only to those members who become disabled by any injury or incapacity that is incurred in the line of duty. Section 4 of this act continues to provide disability retirement benefits to members who become disabled by an injury or incapacity not incurred in the line of duty.

**Sec. 3.** RCW 41.20.060 and 1973 1st ex.s. c 181 s 4 are each amended to read as follows:

Whenever any person, while serving as a policeman in any such city becomes physically disabled by reason of any bodily injury received in the immediate or direct performance or discharge of his duties as a policeman, or becomes incapacitated for service on account of any duty connected disability, such incapacity not having been caused or brought on by dissipation or abuse, of which the board shall be judge, the board may, upon his written request filed with the secretary, or without such written request, if it deems it to be for the benefit of the public, retire such person from the department, and order and direct that he be paid from the fund during his lifetime, a pension equal to fifty percent of the amount of salary at any time hereafter attached to the position which he held in the department at the date of his retirement, but not to exceed an amount equivalent to fifty percent of the salary of captain except as to a position higher than that of captain held for at least three calendar years prior to the date of retirement in which case as to such position the provisions of RCW 41.20.050 shall apply, and all existing pensions shall be increased to not less than three hundred dollars per month as of April 25, 1973: PROVIDED, That where, at the time of retirement hereafter for duty connected disability under this section, such person has served honorably for a period of more than twenty-five years as a member, in any capacity, of the regularly constituted police department of a city subject to the provisions of this chapter, the foregoing percentage factors to be applied in computing the pension payable under this section shall be increased by two percent of his salary per year for each full year of such additional service to a maximum of five additional years.

Whenever such disability ceases, the pension shall cease, and such person shall be restored to active service at the same rank he held at the time of his retirement, and at the current salary attached to said rank at the time of his return to active service.

Disability benefits provided for by this chapter shall not be paid when the policeman is disabled while he is engaged for compensation in outside work not of a police or special police nature.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.20 RCW to read as follows:

Whenever any person, while serving as a policeman in any such city becomes physically disabled by reason of any bodily injury not incurred in the line of duty, or becomes incapacitated for service, such incapacity not having been caused or brought on by dissipation or abuse, of which the board shall be judge, the board may, upon his written request filed with the secretary, or without such written request, if it deems it to be for the benefit of the public, retire such person from the department, and order and direct that he be paid from the fund during his lifetime, a pension equal to fifty percent of the amount of salary at any time hereafter attached to the position which he held in the department at the date of his retirement, but not to exceed an amount equivalent to fifty percent of the salary of captain, except as to a position higher than that of captain held for at least three calendar years prior to the date of retirement, in which case as to such position the provisions of RCW 41.20.050 shall apply, and all existing pensions shall be increased to not less than three hundred dollars per month as of April 25, 1973: PROVIDED, That where, at the time of retirement hereafter for disability under this section, such person has served honorably for a period of more than twenty-five years as a member, in any capacity, of the regularly constituted police department of a city subject to the provisions of this chapter, the foregoing percentage factors to be applied in computing the pension payable under this section shall be increased by two percent of his salary per year for each full year of such additional service, to a maximum of five additional years.

Whenever such disability ceases, the pension shall cease, and such person shall be restored to active service at the same rank he held at the time of his retirement, and at the current salary attached to said rank at the time of his return to active service.

Disability benefits provided for by this chapter shall not be paid when the policeman is disabled while he is engaged for compensation in outside work not of a police or special police nature.

**NEW SECTION. Sec. 5.** The provisions of section 3 of this act apply retrospectively to all line of duty disability retirement allowances heretofore granted under chapter 41.20 RCW.

**NEW SECTION. Sec. 6.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Senator Strannigan: "Well, I tried to in my remarks."

Senator Loveland: "Well, I listened, but I didn't get it."

Senator Strannigan: "If that was not satisfactory, why don't I yield to my colleague, Senator Winsley?"

#### REMARKS BY SENATOR WINSLEY

Senator Winsley: "The amendment--the purpose of this--is to help a retired police officer who was severely injured in 1957, before the LEOFF system. For the last forty years, when he has filed his income tax, he has filed a 1099R which is disability for tax purposes. This last year, he got audited, and something that the city of Tacoma was doing, they ruled that RCW 41.20 did not allow, in his instance, duty disability, because it was prior to the LEOFF system. Although, for forty years, the city of Tacoma has been stamping it as a disability.

"So, this is the purpose of this amendment to clarify for IRS purposes that it is a duty related disability. This does not cost the state anything; he has been receiving this check for forty years--since 1957. Basically, it is a clarity and we had to go through all these sections to gain this purpose. It was the same amendment, Senator, that you might remember that I tried to hang on in Ways and Means and we had some problems."

Senator Loveland: "Thank you, Senator Winsley. This would be to just solve one problem. Thank you, very much."

Further debate ensued.

The motion by Senator Strannigan carried and the striking amendment, as amended, was adopted.

#### PARLIAMENTARY INQUIRY

#### REPLY BY THE PRESIDENT

President Owen: "The President believes that based on precedent between both Pritchard and Cherberg that we would be able to return to a special order of business. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

#### SECOND READING

SENATE BILL NO. 6600, by Senators T. Sheldon, Hochstatter, Long, Kohl, Oke and Winsley (by request of Superintendent of Public Instruction Bergeson)

Establishing an education program for juveniles incarcerated in adult correctional facilities.

#### MOTIONS

On motion of Senator Hochstatter, Substitute Senate Bill No. 6600 was substituted for Senate Bill No. 6600 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Hochstatter, the following amendment by Senators Tim Sheldon, Hochstatter, Long and McAuliffe was adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature intends to provide for the operation of education programs for the department of corrections' juvenile inmates. School districts, educational service districts, or any combination thereof should be the primary providers of the education programs. However, the legislature does not intend to preclude community and technical colleges, four-year institutions of higher education, or other qualified entities from contracting to provide all or part of these education programs if no school district or educational service district is willing to operate all or part of the education programs.

The legislature finds that this chapter fully satisfies any constitutional duty to provide education programs for juvenile inmates in adult correctional facilities. The legislature further finds that biennial appropriations for education programs under this chapter amply provide for any constitutional duty to educate juvenile inmates in adult correctional facilities.

**NEW SECTION. Sec. 2.** Any school district or educational service district may operate all or any portion of an education program for juveniles in accordance with this chapter, notwithstanding the fact the services or benefits provided extend beyond the geographic boundaries of the school district or educational service district providing the service.

**NEW SECTION. Sec. 3.** The superintendent of public instruction shall solicit an education provider for the department of corrections' juvenile inmates within sixty days as follows:

(1) The superintendent of public instruction shall notify and solicit proposals from all interested and capable school districts, educational service districts, institutions of higher education, private contractors, or any combination thereof. The notice shall describe the proposed education program's requirements and the appropriated amount. The selection of an education provider shall be in the following order:

(a) The school district where there is an educational site for juveniles in an adult correctional facility maintained by the state department of corrections has first priority to operate an education program for inmates at that site. The district may elect to operate an education program by itself or with another school district, educational service district, institution of higher education, private contractor, or any combination thereof. If the school district elects not to exercise its priority, it shall notify the superintendent of public instruction within thirty calendar days of the day of solicitation.

(b) The educational service district where there is an educational site for juveniles in an adult correctional facility maintained by the state department of corrections has second priority to operate an education program for inmates at that site. The educational service district may elect to do so by itself or with a school district, another educational service district, institution of higher education, private contractor, or any combination thereof. If the educational service district elects not to exercise its priority, it shall notify the superintendent of public instruction within forty-five calendar days of the day of solicitation.

(c) If neither the school district nor the educational service district chooses to operate an education program for inmates as provided for in (a) and (b) of this subsection, the superintendent of public instruction may contract with an entity, including, but not limited to, school districts, educational service districts, institutions of higher education, private contractors, or any combination thereof, within sixty calendar days of the day of solicitation. The selected entity may operate an education program by itself or with another school district, educational service district, institution of higher education, or private contractor, or any combination thereof.

(2) If the superintendent of public instruction does not contract with an interested entity within sixty days of the day of solicitation, the educational service district where there is an educational site for juveniles in an adult correctional facility maintained by the state department of corrections shall begin operating the education program for inmates at the site within ninety days from the day of solicitation in subsection (1) of this section.

**NEW SECTION. Sec. 4.** Except as otherwise provided for by contract under section 7 of this act, the duties and authority of a school district, educational service district, institution of higher education, or private contractor to provide for education programs under this chapter are limited to the following:

(1) Employing, supervising, and controlling administrators, teachers, specialized personnel, and other persons necessary to conduct education programs, subject to security clearance by the department of corrections;

(2) Purchasing, leasing, or renting and providing textbooks, maps, audiovisual equipment, paper, writing instruments, physical education equipment, and other instructional equipment, materials, and supplies deemed necessary by the provider of the education programs;

(3) Conducting education programs for inmates under the age of eighteen in accordance with program standards established by the superintendent of public instruction. The education provider shall develop the curricula, instructional methods, and educational objectives of the education programs, subject to applicable requirements of state and federal law. The department of corrections shall establish behavior standards that govern inmate participation in education programs, subject to applicable requirements of state and federal law;

(4) Students age eighteen who have participated in an education program governed by this chapter may continue in the program with the permission of the department of corrections and the education provider, under the rules adopted by the superintendent of public instruction.

**NEW SECTION. Sec. 5.** School districts and educational service districts providing an education program to juvenile inmates in an adult corrections facility, notwithstanding that their geographical boundaries do not include the facility, may:

(1) Award appropriate diplomas or certificates to inmates who successfully complete graduation requirements;

(2) Spend only funds appropriated by the legislature and allocated by the superintendent of public instruction for the exclusive purpose of maintaining and operating education programs under this chapter, including direct and indirect costs of maintaining and operating the

education programs, and funds from federal and private grants, bequests, and gifts made for that purpose. School districts may not expend excess tax levy proceeds authorized for school district purposes to pay costs incurred under this chapter.

**NEW SECTION. Sec. 6.** To support each education program under this chapter, the department of corrections and each superintendent or chief administrator of a correction facility shall:

- (1) Through construction, lease, or rental of space, provide necessary building and exercise spaces for the education program that is secure, separate, and apart from space occupied by nonstudent inmates;
- (2) Through construction, lease, or rental, provide vocational instruction machines; technology and supporting equipment; tools, building, and exercise facilities; and other equipment and fixtures deemed necessary by the department of corrections to conduct the education program;
- (3) Provide heat, lights, telephone, janitorial services, repair services, and other support services for the building and exercise spaces, equipment, and fixtures provided under this section;
- (4) Employ, supervise, and control security staff to safeguard agents of the education providers and inmates while engaged in educational and related activities conducted under this chapter;
- (5) Provide clinical and medical evaluation services necessary for a determination by the education provider of the educational needs of inmates; and
- (6) Provide such other support services and facilities as are reasonably necessary to conduct the education program.

**NEW SECTION. Sec. 7.** Each education provider under this chapter and the department of corrections shall negotiate and execute a written contract for each school year or such longer period as may be agreed to that delineates the manner in which their respective duties and authority will be cooperatively performed and exercised, and any disputes and grievances resolved through mediation, and if necessary, arbitration. Any such contract may provide for the performance of duties by an education provider in addition to those set forth in this chapter, including duties imposed upon the department of corrections and its agents under section 6 of this act if supplemental funding provided by the department of corrections is available to fully pay the direct and indirect costs of these additional duties.

**NEW SECTION. Sec. 8.** By April 15th of each school year, the department of corrections shall provide written notice to the superintendent of public instruction and education providers operating programs under this chapter of any reasonably foreseeable education site closures, reductions in the number of inmates or education services, or any other cause for a reduction in certificated or classified staff the next school year. In the event the department of corrections fails to provide notice as required by this section, the department is liable and responsible for the payment of the salary and employment-related costs for the next school year of each employee whose contract would or could have been nonrenewed but for the failure of the department to provide notice. Disputes arising under this section shall be resolved in accordance with the alternative dispute resolution method or methods specified in the contract required by section 7 of this act.

**NEW SECTION. Sec. 9.** The superintendent of public instruction shall:

- (1) Allocate money appropriated by the legislature to administer and provide education programs under this chapter to school districts, educational service districts, and other education providers selected under section 3 of this act that have assumed the primary responsibility to administer and provide education programs under this chapter. The allocation of moneys to any private contractor is contingent upon and must be in accordance with a contract between the private contractor and the department of corrections; and
- (2) Adopt rules in accordance with chapter 34.05 RCW that establish reporting, program compliance, audit, and such other accountability requirements as are reasonably necessary to implement this chapter and related provisions of the biennial operating act effectively.

**Sec. 10.** RCW 72.09.460 and 1997 c 338 s 43 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (4) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(2) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.-- RCW (sections 1 through 9 of this act). The program of education established by the department and education provider under section 3 of this act for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(3) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and

(c) Other work and education programs as appropriate.

(4) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(5) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate's education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate's entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:

(i) An inmate's release date and custody level, except an inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date;

(ii) An inmate's education history and basic academic skills;

(iii) An inmate's work history and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs;

(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate's work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection;

and

(B) Second and subsequent vocational programs not associated with an inmate's work program.

Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and

(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(6) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department

shall consider the effect the transfer will have on the inmate's ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(7) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates' preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(8) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(9) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess. the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release.

**Sec. 11.** RCW 41.59.080 and 1975 1st ex.s. c 288 s 9 are each amended to read as follows:

(6) A unit that includes only employees in vocational-technical institutes or occupational skill centers may be considered to constitute an appropriate bargaining unit if the history of bargaining in any such school district so justifies; and

(7) Notwithstanding the definition of collective bargaining, a unit that contains only supervisors and/or principals and assistant principals shall be limited in scope of bargaining to compensation, hours of work, and the number of days of work in the annual employment contracts; and

(8) The bargaining unit of certificated employees of school districts, educational service districts, or institutions of higher education that are education providers under chapter 28A.-- RCW (sections 1 through 9 of this act) must be limited to the employees working as education providers to juveniles in each adult correctional facility maintained by the department of corrections and must be separate from other bargaining units in school districts, educational service districts, or institutions of higher education.

(4) For the purposes of this chapter and chapter 28A.200 RCW, instruction shall be home-based if it consists of planned and supervised instructional and related educational activities, including a curriculum and instruction in the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and music, provided for a number of hours equivalent to the total annual program hours per grade level established for approved private schools under RCW 28A.195.010 and 28A.195.040 and if such activities are:

(a) Provided by a parent who is instructing his or her child only and are supervised by a certificated person. A certificated person for purposes of this chapter and chapter 28A.200 RCW shall be a person certified under chapter 28A.410 RCW. For purposes of this section, "supervised by a certificated person" means: The planning by the certificated person and the parent of objectives consistent with this subsection; a minimum each month of an average of one contact hour per week with the child being supervised by the certificated person; and evaluation of such child's progress by the certificated person. The number of children supervised by the certificated person shall not exceed thirty for purposes of this subsection; or

(b) Provided by a parent who is instructing his or her child only and who has either earned forty-five college level quarter credit hours or its equivalent in semester hours or has completed a course in home-based instruction at a postsecondary institution or a vocational-technical institute; or

(c) Provided by a parent who is deemed sufficiently qualified to provide home-based instruction by the superintendent of the local school district in which the child resides.

(5) The legislature recognizes that home-based instruction is less structured and more experiential than the instruction normally provided in a classroom setting. Therefore, the provisions of subsection (4) of this section relating to the nature and quantity of instructional and related educational activities shall be liberally construed.

NEW SECTION. Sec. 15. Sections 1 through 9 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 16. Sections 1 through 9 and 11 through 14 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

NEW SECTION. Sec. 17. Section 10 of this act takes effect September 1, 1998.

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

#### MOTIONS

On motion of Senator Benton, the following amendment by Senators Rasmussen and Benton was adopted:

On page 3, after line 27, insert the following:

"**Sec. 3.** RCW 47.50.010 and 1991 c 202 s 1 are each amended to read as follows:

(1) The legislature finds that:

(a) Regulation of access to the state highway system is necessary in order to protect the public health, safety, and welfare, to preserve the functional integrity of the state highway system, and to promote the safe and efficient movement of people and goods within the state;

(b) The development of an access management program, in accordance with this chapter, which coordinates land use planning decisions by local governments and investments in the state highway system, will serve to control the proliferation of connections and other access approaches to and from the state highway system. Without such a program, the health, safety, and welfare of the residents of this state are at risk, due to the fact that uncontrolled access to the state highway system is a significant contributing factor to the congestion and functional deterioration of the system; and

(c) The development of an access management program in accordance with this chapter will enhance the development of an effective transportation system and increase the traffic-carrying capacity of the state highway system and thereby reduce the incidences of traffic accidents, personal injury, and property damage or loss; mitigate environmental degradation; promote sound economic growth and the growth management goals of the state; reduce highway maintenance costs and the necessity for costly traffic operations measures; lengthen the effective life of transportation facilities in the state, thus preserving the public investment in such facilities; and shorten response time for emergency vehicles.

(2) In furtherance of these findings, all state highways are hereby declared to be controlled access facilities as defined in RCW 47.50.020, except those highways that are defined as limited access facilities in chapter 47.52 RCW.

(3) It is the policy of the legislature that:

(a) The access rights of an owner of property abutting the state highway system (~~are subordinate to~~) should be fairly considered with the public's right and interest in a safe and efficient highway system; (and)

(b) Every owner of property which abuts a state highway has a right to reasonable access to that highway, unless such access has been acquired pursuant to chapter 47.52 RCW, but may not have the right of a particular means of access. The right of access to the state highway may be restricted under RCW 47.50.080 if, pursuant to local regulation, reasonable access can be provided to another public road which abuts the property; and

(c) Every property owner who has access to the state highway must be notified of proposed changes to the access.

(4) The legislature declares that it is the purpose of this chapter to provide a coordinated planning process for the permitting of access points on the state highway system to effectuate the findings and policies under this section. This coordinated planning process must include a public involvement process that includes abutting property owners, business owners, and emergency services that may require access to the affected property. The public involvement process must provide the affected ownership with standards and principles of access management. The public involvement process that addresses access management standards and principles may include, but is not limited to, public notices, public meetings, public hearings, written notification, and individual meetings with the affected ownership.

(5) Nothing in this chapter shall affect the right to full compensation under section 16, Article I of the state Constitution.

**Sec. 4.** RCW 47.50.040 and 1991 c 202 s 4 are each amended to read as follows:

(1) No connection to a state highway shall be constructed or altered without obtaining an access permit in accordance with this chapter in advance of such action. A permitting authority has the authority to deny access to the state highway system at the location specified in the permit until the permittee constructs or alters the connection in accordance with the permit requirements.

(2) ~~((The cost of construction or alteration of a connection shall be borne by the permittee, except for alterations which are not required by law or administrative rule, but are made at the request of and for the convenience of the permitting authority. The permittee, however, shall bear the cost of alteration of any connection which is required by the permitting authority due to increased or altered traffic flows generated by changes in the permittee's facilities or nature of business conducted at the location specified in the permit.))~~ The permittee shall bear the cost of construction or alteration of a connection, including alterations required by increased or altered traffic flows generated by the nature of business conducted at the location specified in the permit, except for alterations that are not required by law or administrative rule, but are made at the request of and the convenience of the permitting authority, or that are required by the permitting authority due to increased or altered traffic flows along the state highway to which the connection provides access in the general area of the permittee's facility.

(3) Except as otherwise provided in this chapter, an unpermitted connection is subject to closure by the appropriate permitting authority which shall have the right to install barriers across or remove the connection. When the permitting authority determines that a connection is unpermitted and subject to closure, it shall provide reasonable notice of its impending action to the owner of property served by the connection. The permitting authority's procedures for providing notice and preventing the operation of unpermitted connections shall be adopted by rule.

**Sec. 5.** RCW 47.50.080 and 1991 c 202 s 8 are each amended to read as follows:

(1) Unpermitted connections to the state highway system in existence on July 1, 1990, and in active use shall not require the issuance of a permit and may continue to provide access to the state highway system, unless the permitting authority determines that such a connection does not meet minimum acceptable standards of highway safety and mobility based on accident data, traffic data, and accepted traffic engineering criteria, a copy of which must be provided to the property owner, upon written request. However, a permitting authority may require that a permit be obtained for such a connection if a significant change occurs in the use, design, or traffic flow of the connection or of the state highway to which it provides access. If a permit is not obtained, the connection may be closed pursuant to RCW 47.50.040.

(2) Access permits granted prior to adoption of the permitting authorities' standards shall remain valid until modified or revoked as provided in this chapter. Access connections to state highways identified on plats and subdivisions approved prior to July 1, 1991, shall be deemed to be permitted pursuant to chapter 202, Laws of 1991. The permitting authority may, after written notification, under rules adopted in accordance with RCW 47.50.030, modify or revoke an access permit granted prior to adoption of the standards by requiring relocation, alteration, or closure of the connection if a significant change occurs in the use, design, or traffic flow of the connection or the state highway to which the connection provides access in the general area of the permittee's facility, and if, as a result of that change, the connection does not meet minimum acceptable standards of highway safety and mobility based on accident and traffic data and accepted traffic engineering criteria.

(3) The permitting authority may issue a nonconforming access permit after finding that to deny an access permit would leave the property without a reasonable means of access to the public roads of this state. Every nonconforming access permit shall specify limits on the maximum vehicular use of the connection and shall be conditioned on the availability of future alternative means of access for which access permits can be obtained."

On motion of Senator Benton, the following title amendment was adopted:

On line 3 of the title, after "47.06.050" strike "and 47.06.090" and insert ", 47.06.090, 47.50.010, 47.50.040, and 47.50.080"

#### MOTION

On motion of Senator Benton, the rules were suspended, Engrossed Senate Bill No. 6628 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 6628.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 6628 and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

ENGROSSED SENATE BILL NO. 6628, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

#### SECOND READING

SENATE BILL NO. 5278, by Senators Patterson, Hargrove, Winsley, Wood, Benton, Goings, Prince, Bauer, B. Sheldon, Heavey, Long, Anderson, Haugen and Oke

Requiring court-ordered use of long-term pharmaceutical birth control for mothers who have given birth to a baby with drug addiction.

#### MOTIONS

On motion of Senator West, Third Substitute Senate Bill No. 5278 was substituted for Senate Bill No. 5278 and the third substitute bill was placed on second reading and read the second time.

Senator West moved that the following amendment by Senators West, Patterson and Long be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that all children have the right to be born healthy and free of the consequences of the nonprescription use of controlled substances by the mother during pregnancy. Individuals who have a drug addiction are unable to make reasoned decisions that help ensure the birth of a healthy infant. The availability of long-term pharmaceutical birth control, when combined with other treatment regimens, may allow women to regain control of their lives and make long-term decisions in the best interest of themselves and their children. The legislature further finds that a third or subsequent drug-affected infant being born to the same mother means it may be unreasonable to attempt to continue efforts to reunify the family and that all reasonable reunification efforts that have previously been made have proven futile and there is no likelihood that future efforts will produce a different outcome.

**NEW SECTION. Sec. 2.** A new section is added to chapter 13.34 RCW to read as follows:

(1) A physician licensed under chapter 18.71 RCW primarily responsible for the supervision of the birth of an infant who has reasonable cause to believe an infant has been exposed to nonprescription use of controlled substances shall: (a) Conduct appropriate tests to determine whether the infant is drug-affected; (b) notify the department of the name and address of the parents of an infant who is drug-affected; and (c) retain the infant in the birthing facility for medical treatment or place the infant in an appropriate pediatric care facility with the concurrence of the department for sufficient time for the infant to undergo withdrawal from the affects of the controlled substances. The withdrawal shall be under the supervision of appropriate medical professionals.

(2) The physician shall, as soon as practical, inform the mother of a drug-affected infant of: (a) Her right to publicly funded tubal ligation surgery as provided under section 13 of this act; (b) available drug treatment and counseling; and (c) birth control counseling and education. The mother may accept the offer of a tubal ligation up to six months following its tender.

(3) A physician who makes any determination under this section shall not be liable in any cause of action as a result of his or her determination except for acts of gross negligence or intentional misconduct.

(4) This section expires June 30, 2002.

**NEW SECTION. Sec. 3.** A new section is added to chapter 13.34 RCW to read as follows:

(1) The department, upon receipt of a report under section 2 of this act, shall investigate and, in appropriate cases, file a dependency petition. In the event the department does not file a petition, it shall refer the mother to available chemical dependency treatment programs or a pilot project.

(2) The department and the mother may enter an agreement in which the mother agrees to chemical dependency treatment on an inpatient or outpatient basis or be referred to a pilot project created under section 10 of this act.

(3) If the department and mother enter an agreement under subsection (2) of this section, the department shall, if a dependency petition has been filed, request the court to defer the entry of an order of dependency for as long as the mother remains in treatment or enrolled in the pilot project, subject to the department's monitoring for compliance. As a condition of deferral of the order of dependency, the parents, if both are available and known, shall stipulate to facts sufficient to constitute a dependency and the court shall order treatment or enrollment in a pilot project and prohibit nonprescription use of controlled substances. In the event that an available parent unreasonably refuses to stipulate to facts constituting a dependency, the court may proceed with the hearing on the petition.

(4) This section expires June 30, 2002.

**NEW SECTION. Sec. 4.** A new section is added to chapter 13.34 RCW to read as follows:

(1) If the department receives a report under section 2 of this act of a mother who has given birth to a second drug-affected infant, the department:

(a) May request the court to proceed immediately with the entry of a dependency for the first drug-affected infant; and

(b) Shall investigate and, unless there are compelling reasons to the contrary, file a dependency petition on the second drug-affected infant. If the department does not file a petition, it shall refer the woman to available chemical dependency treatment programs or a pilot project.

(2) The department and the mother may enter an agreement in which the mother agrees to: (a) Enter chemical dependency inpatient treatment or a pilot project, together with an aftercare program that includes participation in a pilot project when feasible; and (b) medically appropriate pharmaceutical pregnancy prevention, such as Norplant or depo-provera, that is administered not less than once every thirty days. The selection of the pregnancy prevention method shall be based on an evaluation of the medical and physical consequences to the mother and shall remain in effect until the dependency petition is dismissed or the court determines it is no longer medically appropriate.

(3) If the department and the mother enter an agreement under subsection (2) of this section, the department shall request the court to defer the entry of an order of dependency on the second drug-affected infant for as long as the mother remains in treatment or enrolled in the pilot project, subject to the department's monitoring for compliance. As a condition of deferral of the order of dependency, the parents, if both are available and known, shall stipulate to facts sufficient to constitute a dependency and the court shall order treatment or enrollment in a pilot project and prohibit nonprescription use of controlled substances. In the event that an available parent unreasonably refuses to stipulate to facts constituting a dependency, the court may proceed with the hearing on the petition.

(4) This section expires June 30, 2002.

**NEW SECTION. Sec. 5.** A new section is added to chapter 13.34 RCW to read as follows:

(1) The department may request the court to dismiss the petition deferred under section 3 or 4 of this act at any time. No petition may be vacated or dismissed unless the mother demonstrates by clear and convincing evidence that she has not used controlled substances in a nonprescription manner for at least thirty-six consecutive months and can safely provide for the child's welfare without continuing supervision by the department or court.

(2) This section expires June 30, 2002.

**NEW SECTION. Sec. 6.** A new section is added to chapter 13.34 RCW to read as follows:

(1) If the department receives a report under section 2 of this act of a mother who has given birth to a third or subsequent drug-affected infant, the department shall:

(a) Request the court to proceed immediately with the entry of a finding of dependency on all drug-affected children born before the third or subsequent birth unless an order of dependency has been vacated or dismissed; and

(b) File a dependency petition on any drug-affected infant subject to this section as well as any other child born before the third or subsequent birth of a drug-affected infant.

(2) This section expires June 30, 2002.

**NEW SECTION. Sec. 7.** A new section is added to chapter 13.34 RCW to read as follows:

(1) Following a filing of a petition under section 6 of this act:

(a) The court shall order evaluation by a designated chemical dependency specialist, as defined in RCW 70.96A.020 who shall undertake the processes described in RCW 70.96A.140.

(b) If the court has ordered removal of a child or children, the out-of-home placement order shall remain in effect until the petition is dismissed or the mother has successfully completed inpatient treatment and any aftercare program for controlled substances ordered by the court.

(2) This section expires June 30, 2002.

**NEW SECTION. Sec. 8.** A new section is added to chapter 13.34 RCW to read as follows:

(1) There is a rebuttable presumption in any petition filed under section 6 of this act that termination of parental rights is in the best interest of the child and it is unreasonable to provide services to reunify the children with the mother. The court shall give great weight to the fact that the mother has given birth to a third or subsequent drug-affected infant.

(2) This section expires June 30, 2002.

**NEW SECTION. Sec. 9.** By July 1, 1999, the department of social and health services, in consultation with the department of health, shall adopt rules to implement this act, including a definition of "drug-affected infant," which shall be limited to infants who are affected by a mother's nonprescription use of controlled substances.

**NEW SECTION. Sec. 10.** To the extent funds are appropriated, the department shall operate a pilot project to provide services to women who give birth to infants exposed to the nonprescription use of controlled substances by the mother during pregnancy. Within available funds, the project may be offered in each of the department's administrative regions. The project shall accept women referred to it by the department following the birth of a drug-affected infant. The pilot project shall be concluded by July 1, 2001.

**NEW SECTION. Sec. 11.** To the extent funds are appropriated, the institute for public policy shall study the cost-effectiveness of this act and report to the governor and legislature not later than September 1, 2002. The study shall measure the reduction in the birth rate of drug-affected infants among women and shall compare the reduction with the rate of birth of drug-affected infants born to women referred to chemical dependency treatment programs. The study shall identify the factors that promote or discourage the ability of women to avoid giving birth to drug-affected infants.

**NEW SECTION. Sec. 12.** A new section is added to chapter 70.96A RCW to read as follows:

(1) Any treatment program or pilot project in which a mother is enrolled under sections 3 through 5 of this act shall provide family planning, education, counseling, information, and services other than pregnancy termination.

(2) This section expires June 30, 2002.

**NEW SECTION. Sec. 13.** A new section is added to chapter 70.96A RCW to read as follows:

The department may make available, or cause to be made available, pharmaceutical birth control services, information, and counseling to any person who enters chemical dependency treatment under section 3 or 4 of this act. Within available funds, the department may pay for any tubal ligations requested under section 2 of this act if the mother's income is less than two hundred percent of the federal poverty level. The department shall report by December 1st of each year to the governor and legislature: (1) The number of tubal ligations performed as a result of chapter . . . , Laws of 1998 (this act); (2) the number of women who decline to undergo the surgery; (3) the number of women who obtain pharmaceutical birth control, by type of birth control; and (4) the number of women who are reported to the department.

**NEW SECTION. Sec. 14.** A new section is added to chapter 18.71 RCW to read as follows:

(1) Nothing in section 2 of this act imposes any additional duties or responsibilities on, or remove any duties or responsibilities from, a physician licensed under this chapter, except as specifically included in chapter 13.34 RCW and sections 12 and 13 of this act.

(2) This section expires June 30, 2002.

**NEW SECTION. Sec. 15.** Sections 1 through 8 and 10 through 12 of this act take effect July 1, 1999."

On motion of Senator West, the rules were suspended, Engrossed Third Substitute Senate Bill No. 5278 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The Secretary called the roll on the final passage of Engrossed Third Substitute Senate Bill No. 5278 and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

Voting yea: Senators Anderson, Bauer, Benton, Brown, Deccio, Fairley, Finkbeiner, Franklin, Fraser, Goings, Hale, Hargrove, Haugen, Heavey, Hochstatter, Horn, Jacobsen, Johnson, Kline, Kohl, Long, Loveland, McAuliffe, McCaslin, McDonald, Morton, Newhouse, Oke, Patterson, Prentice, Prince, Rasmussen, Roach, Rossi, Schow, Sellar, Sheldon, B., Sheldon, T., Snyder, Spanel, Stevens, Strannigan, Swecker, Thibaudeau, West, Winsley, Wojahn, Wood and Zarelli - 49. ## SECOND READING

SENATE BILL NO. 6418, by Senators Deccio, Wojahn, Fairley, Wood and Winsley (by request of Department of Social and Health Services)

Implementing amendments to the federal personal responsibility and work opportunity reconciliation act of 1996.

## MOTIONS

On motion of Senator Johnson, Substitute Senate Bill No. 6418 was substituted for Senate Bill No. 6418 and the substitute bill was placed on second reading and read the second time.

Senator Hargrove moved that the following amendment by Senators Hargrove, Kline, Zarelli, Strannigan, Fairley, Hochstatter and Franklin be adopted:

Beginning on page 14, after line 32, strike all material through "applicants." on page 15, line 3, and insert the following:

"The federal personal responsibility and work opportunity reconciliation act of 1996, P.L. 104-193, requires states to collect social security numbers as part of the application process for professional, occupational, recreational, and driver's licenses. The legislature finds that if social security numbers are accessible to the public, it will be relatively easy for someone fraudulently to use another's social security number to assume that person's identity and gain access to bank accounts, credit services, billing information, driving history, and other sources of personal information. Public law 104-193 will compound and exacerbate the disturbing trend of social security number-related fraud. In order to prevent fraud and curtail invasions of privacy, the governor, through the department of social and health services, shall seek a waiver to the federal mandate of P.L. 104-193."

Debate ensued.

## POINT OF ORDER

Senator Johnson: "A point of order Mr. President. It is 4:55 p.m. and time to consider the Special Order of Business on Senate Bill No. 6509."

## SECOND READING

SENATE BILL NO. 6509, by Senators Hochstatter, Benton, Zarelli, Rossi, Swecker, Deccio, Johnson, Oke, McCaslin, Stevens, Morton, Roach and Schow

Requiring training for reading instruction.

## MOTIONS

On motion of Senator Hochstatter, Second Substitute Senate Bill No. 6509 was substituted for Senate Bill No. 6509 and the second substitute bill was placed on second reading and read the second time.

Senator Hochstatter moved that the following amendment by Senators Hochstatter, Finkbeiner, Zarelli and Johnson be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the ability to read fluently, accurately, and with comprehension is critical to success in school and in life. Research has found that reading instruction and curriculum in the early grades must consist of a comprehensive program that builds upon the firm foundational skills of phonemic awareness, decoding, and reading comprehension, to provide students with the skills necessary to engage in rich literature activities, and further develop thinking and application skills.

The legislature further finds that many primary grade teachers would benefit from additional professional development instruction in beginning reading skills and access to current information regarding scientifically proven instructional strategies that improve student achievement in reading. The legislature further finds that the use of volunteers to provide individualized tutoring and mentoring to students will improve students' ability to read.

**NEW SECTION. Sec. 2.** The superintendent of public instruction shall establish grant programs to provide training for teachers in reading instruction in accordance with subsection (1) of this section and in the use of tutors and mentors for reading instruction in accordance with subsection (2) of this section as follows:

(1) Elementary schools interested in providing professional development and the purchase of curriculum or related materials for certificated instructional staff that provide direct instructional services to students in kindergarten, first, and second grade may apply for reading instruction grants and receive funding from the office of the superintendent of public instruction.

(a) The reading instruction grant application shall be limited to:

(i) Verification that the school has developed a comprehensive school-wide reading improvement plan that includes, but is not limited to, a beginning reading-language arts program for use in kindergarten through second grade, the primary elements of which must:

(A) Provide numerous daily opportunities for teachers in kindergarten and first grade to read to students from a variety of printed materials including rich literature and expository text;

(B) Provide explicit and sequential instruction in phonemic awareness for all students in kindergarten and first grade and students with limited English proficiency;

(C) Provide explicit systematic decoding instruction and practice in using those skills in decodable text materials;

(D) Provide explicit instruction in reading comprehension skills and opportunities for students to apply them;

(E) Require diagnosis of a student's ability to decode in first and second grade;

(F) Provide explicit and systematic instruction in spelling and provide students in kindergarten and first grade with an opportunity to use student-invented spelling in all writing activities; and

(G) Provide students with structured assistance in learning to write with ample opportunities to engage in writing activities;

(ii) Verification that the intended professional development supports the efforts of the school's beginning reading-language arts program required in (a)(i) of this subsection and includes primary emphasis on the following beginning reading skills:

(A) Phonemic awareness strategies;

(B) Explicit and systematic decoding instruction and how to assess a student's ability to decode;

(C) Explicit spelling and vocabulary instruction;

(D) Explicit instruction in reading comprehension strategies; and

(E) Research findings on the skills needed by beginning and proficient readers, and how beginning reading skills are acquired;

(iii) Verification that grant funds expended in accordance with this section will not be used for staff development, intervention, or remediation programs; and

(iv) Verification that representatives of kindergarten, first, or second grade teachers and reading specialists from the school will be attending a leadership and accountability institute conducted by the office of the superintendent of public instruction in accordance with section 4 of this act.

(b) The training in reading instruction shall be provided by public or private nonsectarian contractors that provide training using the methods defined in this section. Priority for reading instruction grants shall be given to those schools in which less than one-quarter of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom quartile for the previous three years. Priority shall then be given to those schools in which less than one-third of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom third for the previous three years. Priority shall then be given to schools in which one-half of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom half for the previous three years.

(c) Reading instruction grants provided under this subsection (1) may be used to provide additional professional development materials for classroom volunteers providing assistance in kindergarten, first, and second grades, interested in attending the professional development opportunity identified in this subsection (1).

(d) An elementary school receiving funding in accordance with this subsection (1) shall certify and provide documentation to the superintendent of public instruction that funds received were expended for professional development and related materials in accordance with this subsection (1).

(e) Schools or school districts that received funds under RCW 28A.300.330 are not eligible to apply for reading instruction grants.

(f) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(i) "Phonemic awareness instruction" means teaching awareness of letter sounds, and segmenting and blending phonemes, syllables, and words in a sequential progression.

(ii) "Explicit systematic decoding instruction" means direct, sequential teaching of how to read words fluently and automatically that includes instruction in letter-sound correspondences, letter combinations, multisyllabic words, blending, and structural elements, and initially incorporates the use of decodable text. "Explicit systematic decoding instruction" does not include the use of context and syntax as word identification strategies in teaching beginning reading skills.

(iii) "Decodable text" means connected text containing a high percentage of words that provide practice on the letter-sound correspondences and letter combinations previously taught.

(iv) "Diagnosis of a student's ability to decode" means regularly assessing the student's mastery of word recognition, fluency and automaticity, and word analysis in order to plan future instructional activities.

(v) "Explicit and systematic instruction in spelling" means teaching a logical scope and sequence of word knowledge, orthographic patterns, syllabication, and frequently used words connected to the sequence used in reading and writing instruction.

(vi) "Vocabulary instruction" means teaching word meanings.

(vii) "Instruction in reading comprehension skills" means explicit, systematic teaching of vocabulary development, text structure, context, syntax, and syntactic patterns, including but not limited to, strategies for higher order thinking skills such as interpretation, summarization, prediction, clarification, and question generation.

(2) Elementary schools interested in providing teacher training in the use of tutors and mentors for reading instruction in grades kindergarten through fourth grade may apply for tutoring and mentoring grants for programs that are research based and of proven effectiveness. The programs must include the following elements:

(a) Teacher training in program planning, assessment, and diagnosis, and training of volunteers;

(b) A tutoring and mentoring program providing a minimum of two hours of individual instruction a week by a volunteer;

(c) Teacher training in recruiting and retaining tutors and mentors for reading instruction;

(d) A plan to assess student reading performance before entering the program and upon exit or at the end of the year as appropriate.

The results must be compiled and reported to the superintendent of public instruction. The superintendent of public instruction shall provide a report to the legislature by December 1999 on the effectiveness of the various programs.

(3) By April 15th, the superintendent of public instruction shall notify all school districts that the grants under subsections (1) and (2) of this section are available. Funding provided for the grants must be available to schools no later than June 1, 1998. School districts may apply and become eligible for both grants.

(4) Teachers participating in the grant programs will receive a stipend from the grant.

(5) This section expires July 30, 2005.

**NEW SECTION. Sec. 3.** (1) By July 31, 1998, each educational service district shall establish a reading resource center within the district.

(2) Schools accessing funds in accordance with section 2 of this act may request and the center may assist schools and school districts within its service area in matching local needs with reading programs, providing professional development opportunities, and facilitating discussions among teachers to promote best practices for beginning reading instruction, all in accordance with section 2 of this act.

**NEW SECTION. Sec. 4.** (1) Before September 30, 1998, the office of the superintendent of public instruction, in cooperation with educational service districts, shall conduct leadership and accountability institutes designed to provide teachers, administrators, and school board members with information and tools to improve beginning reading instructional programs and practices in their schools. School district board of directors of each school district, school administrators, and teachers identified by the school district board of directors as having demonstrated leadership in reading instruction in the school district or from schools receiving funds in accordance with section 2 of this act shall be invited to attend the institutes. The institutes shall provide professional development and supporting materials to: Evaluate reading curriculum and reading instructional weaknesses in schools to determine whether the school has a comprehensive reading program; for elementary schools, ensure that the primary, but not sole, element is a beginning reading component that includes, but is not limited to, explicit instruction in phonemic awareness, explicit systematic instruction in decoding skills, diagnosis of a student's ability to decode, explicit and systematic instruction in spelling, vocabulary instruction, and explicit instruction in reading comprehension skills; conduct research on how children learn to read, including those with limited English proficiency, learning disabilities, or who are economically disadvantaged; diagnose reading deficiencies; and monitor the movement of students from beginning or deficient reading skills to independent reading of rich literature and expository text.

(2) School districts sending teams to the institutes must make a commitment to provide sufficient time to team members before and during the next school year to support implementation of strategies learned while at the institute.

(3) This section expires December 31, 1998.

**NEW SECTION. Sec. 5.** A new section is added to chapter 28A.150 RCW to read as follows:

Starting in the 1998-99 school year, school districts must administer a standardized, nationally norm-referenced test to measure second grade reading skills of second grade students. The state-wide second grade reading test, in addition to reporting in other formats, shall report student reading levels in terms of grade level and monthly increments. The purpose of the second grade reading test is to provide information to parents, teachers, and school administrators on the level of acquisition of reading skills of each student at the beginning of second grade.

Each school must have the test results available by the winter parent-teacher conference. Schools must notify parents about the second grade reading test during the conferences, inform the parents of their students' performance on the test, identify actions the school intends to take to improve the child's reading skills, and provide parents with strategies to help the parents improve their child's score.

Each school shall annually report to its community the number and the actual percentage of second grade students reading at or above second grade level and the distribution and range of all reading scores by grade and monthly increments on the state-wide second grade reading assessment required under this section.

Each district shall report to the superintendent of public instruction annually beginning March 1999 the number and the actual percentage of second grade students reading at or above second grade level on the state-wide second grade reading assessment required under this section.

**NEW SECTION. Sec. 6.** This act may be known and cited as the successful readers act.

**NEW SECTION. Sec. 7.** Sections 1 through 4 of this act are each added to chapter 28A.165 RCW.

**NEW SECTION. Sec. 8.** The following acts or parts of acts are each repealed:

- (1) RCW 28A.300.310 and 1997 c 262 s 2;
- (2) RCW 28A.300.320 and 1997 c 262 s 3;

#### REMARKS BY THE PRESIDENT

President Owen: "The purpose of the joint session is to present the Medal of Merit awards for the sixth time, honoring four deserving Washington State citizens. It is now my pleasure to introduce Governor Gary Locke."

#### REMARKS BY GOVERNOR LOCKE

Governor Locke: "Thank you very much. It is indeed a most honored occasion that we gather here today. I am very proud and honored to be the Governor of the state of Washington, but there are times such as these when it is an especially humbling experience. For today, we bestow the state's highest honor on four individuals, who by anyone's standard have truly excelled. It is especially humbling to be in their presence to hear their individual stories. They have not only had successful careers, but they have selfishly given up of themselves to improve the lives of others. They have made a positive difference of people in the state of Washington, all across America and all across the world.

"Dr. Donnal Thomas helped develop the lifesaving bone marrow transplant technique and for that he won the Nobel Prize in 1990. Grady Auvil is an orchardist who was a key leader and a visionary in developing our state's renowned apple industry. He helped us establish a research program focusing on alternatives to the use of pesticides. Long before it was fashionable, he shared his company's profits with his employees.

"Jacob Lawrence, University of Washington Professor Emeritus, uses his artistic gift to communicate to the world about American culture and history and particularly about the experiences of the African-American people. His paintings are hanging in major museums like the Smithsonian and the Metropolitan Museum of Art. His art has inspired us to reflect on every day and personal struggles that make us stronger as a people.

"Stanley O. McNaughton, CEO of PEMCO, was a pillar of the Seattle community, with his city contributions and his decision that PEMCO donate five percent of its profits to charitable causes. This included one thousand scholarships for students pursuing a career in education. He passed away just four days after he was selected to receive the Medal of Merit.

"Donnal Thomas, Grady Auvil, Jacob Lawrence and Stan McNaughton are the types of Washingtonians that the Forty-ninth Legislature had in mind in 1986, when it created the Medal of Merit. Since then, Medals of Merit have been bestowed upon only fourteen individuals, the last time in 1995.

"Typically, a legislative session focuses on fixing what's wrong, imposing proper sentences on criminals, curving pollution of the environment or reducing poverty and child abuse. But, our quality of life equally depends on celebrating what is right on making examples of the most generous, the wisest, the most insightful and the kindest among us all. When we draw special attention to the people who embody these virtues, we encourage people from every walk of life in every part of our state to emulate them.

"It is truly an honor to be here, to be part of this momentous occasion as we celebrate four Washingtonians who are making the state of Washington, America and the world, a better place to live, work and raise a family. Thank you very much."

#### INTRODUCTION OF SECRETARY OF STATE RALPH MUNRO

The President of the Senate introduced Secretary of State Ralph Munro who listed past recipients of the Medal of Merit.

#### REMARKS BY SECRETARY OF STATE RALPH MUNRO INTRODUCTION OF JACOB LAWRENCE

Secretary of State Munro: "On the rarest of occasions, someone comes into our midst who inspires us, who challenges us, who warns us of struggles past and who demands that we think of the future. Such a man is Jacob Lawrence. Mr. Lawrence's career as a painter and educator has spanned the greater part of this century. In his six major historical series, as well as individual works focusing on scenes of community life, Mr. Lawrence acts as a chronicler of both the American and the African-American scene, rendering the situation in human rather than heroic terms. His work has been the subject of three major retrospectives since 1960 and has been collected by many major museums and corporations throughout the world.

"Mr. Lawrence began teaching in the late 1940s at Black Mountain College in North Carolina and worked at Pratt Institute in New York during the '50s and '60s. He was appointed a full professor at the University of Washington in 1971, and continued to teach there until 1983. At the University, Jacob Lawrence was known for his ability to offer critiques of work that were both to the point and respectful of the

students' or colleagues' feelings. He painted in his studio in the art building, sharing his works and progress with students and providing an example of how a professional artist goes about his or her job. Mr. Lawrence continues to meet with students at both local events and in his travels. Jacob Lawrence is a man with a strong sense of community and a modest sense of self, and these beliefs have shaped the content of his work and the tenor of his style."

"Ladies and gentlemen, a great American--painter Jacob Lawrence."

Governor Locke presented the Medal of Merit and Certificate to Mr. Jacob Lawrence. Mr. Lawrence addressed the chamber.

#### INTRODUCTION OF JUSTICE GERRY ALEXANDER

President Owen: "Ladies and gentlemen, the President has the honor to present to you Justice Gerry Alexander for the purpose of introducing and honoring Dr. E. Donnall Thomas."

#### REMARKS BY JUSTICE GERRY ALEXANDER INTRODUCTION OF DR. E. DONNALL THOMAS

Justice Alexander: "Thank you, Lieutenant Governor Owen, Governor Locke, Governor Rosellini, Senator Gorton, Speaker Ballard, state elected officials, members of the Washington State Legislature, fellow justices, and ladies and gentlemen. In the course of my public and private life, I have introduced many individuals at many events. I must say though that in all that time, I have never been so in awe of a person I am about to introduce--as I am today. Neither have I felt more honored than I do now in being permitted the privilege to introduce such a distinguished recipient of the Washington State Medal of Merit, as Dr. E. Donnall Thomas.

"Dr. Thomas's curriculum vita lists so many achievements, awards and honors that one hardly knows when to begin the introduction. I am tempted as a loyal alumnus of the University of Washington to tell you first that Dr. Thomas is a professor emeritus at the University of Washington School of Medicine or perhaps I could begin by telling you that he was elected to the Washington Statehood Centennial Hall of Honor or that he had been presented with the nation's highest scientific honor, the National Medal of Science, in ceremonies at the White House.

"All of those great honors pale in one he received in 1990, in Stockholm, Sweden, directly from the hand of the King of Sweden. It was, of course, the Nobel Prize for Medicine. This award was given to Dr. Thomas for recognition of his pioneer work in the use of bone marrow transplantation to treat certain cancers and other blood related and genetic diseases. Appropriately, his Nobel Prize is inscribed with these words: 'For paving the way for transplantation in man.' Incidentally, Governor, this morning, Dr. Thomas told me that when one received a Nobel Prize from the King of Sweden, they are expected to bow. I told him that was not required here. However, in the event he shall do that, he told me that the King also, in that very democratic nation, bows back to the recipient.

"Like many of our state's citizens, Dr. Thomas is not a native Washingtonian. Our honoree hails from the state of Texas where he received his bachelor's and master's degrees at the University of Texas. It was also there that he met his future wife, Dorothy or Dot, as she is known. She is here today with their son, Jeffery Thomas, who is very involved in the real estate profession in Seattle. Also, they are accompanied by Jeffery's wife, Debbie, and their son--the Thomas' grandson--Alex. I would like for them to please stand. I believe they are up there in the gallery. Would you all please stand? Dr. and Mrs. Thomas have two other children, both of whom are physicians. One in the private practice of medicine in the state of Montana and the other, a daughter, is a professor of medicine, at the University of New Mexico, and is doing AIDS research at that institution.

"Dr. Thomas received his medical degree from Harvard University in 1946. After completing his internship in Boston, he stayed in that city to do post-doctorate work at MIT. It was there that he began to investigate marrow transplantation. In 1956, while serving as physician and chief at a hospital in Cooperstown, New York, he became the first person to demonstrate that marrow could be safely infused into a human patient. It was at that hospital that he and his team first treated patients who were affected with acute leukemia or aplastic anemia with marrow transplants.

"Good fortune smiled on the state of Washington in 1963, when Dr. Thomas moved to Seattle to become the first head of the Division of Oncology at the University of Washington School of Medicine. While there, he created the original Seattle marrow transplant team which continued to refine the transplantation procedure that he earlier developed in the state of New York. When the University's program moved to Seattle's world famous Fred Hutchinson Center in 1974, Dr. Thomas became the Director of the Center's Division of Clinical Research, a position he maintained until he stepped down from the administrative post in 1989 to become Director Emeritus of that division. To this day, he continues to pursue his research at the Hutchinson's Center and indeed, he is writing a book almost as we speak. Mrs. Thomas was telling me as they were driving down this

morning in the dark--they left fairly early--she with a flashlight, was helping to edit the book that Dr. Thomas is writing on marrow transplantations. So, he never stops working.

"The Washington State Medal of Merit is awarded to a person who has been distinguished by exceptional meritorious conduct in performing outstanding services to the people and the state of Washington. Dr. Thomas fills that bill perfectly. For fifteen years, Dr. Thomas headed the largest marrow transplant center in the world at the Hutchinson Center. The clinical team that he assembled there resolved many of the problems surrounding the complex transplantation procedure. Because of his work and that of his colleagues, literally tens of thousands of transplants are performed worldwide each year. At the Hutchinson Center, over seven thousand have been performed alone.

"He tells me that for some diseases, the transplant success rate exceeds eighty percent and is approaching ninety percent. As Mrs. Thomas told me this morning, this is just the beginning of this work. Governor Locke it is my great privilege to present to you and to all those assembled here today, Dr. E. Donnall Thomas, a citizen of our state, who in a brilliant career has harnessed science to better the lot of the citizens of this state, our nation and, indeed, the entire world."

Governor Locke presented the Medal of Merit and Certificate to Dr. E. Donnall Thomas. Dr. Thomas addressed the chamber.

#### INTRODUCTION OF HOUSE SPEAKER CLYDE BALLARD

President Owen: "Ladies and gentlemen, it is now my pleasure to present to you, the Speaker of the House of Representatives, Clyde Ballard, who will introduce Mr. Grady Auvil."

#### REMARKS BY SPEAKER CLYDE BALLARD INTRODUCTION OF GRADY AUVIL

Speaker Ballard: "We have spent many days and hours here in this chamber the past few days and at times, we didn't all agree. What a wonderful privilege it is today to be able to take part in something that, quite frankly, is overwhelming to me--to see the kind of people that we are blessed with in the state of Washington and the incredible impact they have, not only in our lives, but upon the lives of everybody in the United States and throughout the world. So, this is a great honor.

"Grady Auvil is known throughout North Central Washington and all of Washington as a leader in fruit production. At age ninety-two, he and his wife, Lillian, still spend time in the orchard working and caring for the orchards and their employees, which has made him a pillar in the fruit industry. Grady started farming in 1928. I was given a little history this morning that I was not aware of. In 1923, George Munro, who is the father of our Secretary of State, and Grady Auvil were roommates at Washington State University.

"His first major success was in the 1940s with the introduction of Red Haven Peaches. He then followed with Red Globe Nectarines in the 60s, Rainier Cherries in the 70s, and has led the way in the apple industry by the production of Granny Smiths, Washington's third leading apple, though, they too soon will be replaced by another Auvil innovation, the Fuji.

"Grady is known for his success in agriculture, but his expertise is not just limited to apples. As a founding member of the Washington State Tree/Fruit Research Commission, Grady has invented and introduced new approaches and ideas involving grafting, irrigation, variety and harvest. His profit sharing plans for his employees have not only enhanced his success, but has created a solid working relationship with the most important people in his business, his employees.

"It cannot be stated clearly enough, Washington State would not be the world leader in apple production today without Grady Auvil. His foresight, knowledge and dedication, have enabled Washington fruit to compete on a global market and our state's economy has felt his impact. Throughout his years of success, Grady has remained humble, dedicated and caring. In fact, when I called Grady to invite him here for this ceremony today, he asked me, in a typical Grady fashion, 'Is it ok if I bring Lillian?'

"Named 'Grower of the Year' in 1954, 1981 and 1990, it is my pleasure to introduce one of Washington's State's 1998 Medal of Merit recipients, Grady Auvil."

Governor Locke presented the Medal of Merit and Certificate to Mr. Grady Auvil. Mr. Auvil addressed the chamber.

INTRODUCTION OF CLARE McNAUGHTON  
AND STANLEY W. McNAUGHTON

President Owen: "Our next presentation of the Medal of Merit is exceptional, because it is the first time that the award will be presented posthumously. We did not have the opportunity to tell Stanley O. McNaughton that he was among the recipients. His untimely death came just four days after the award's committee had officially approved his nomination

"We are honored to have twenty-four members of Stanley O. McNaughton's immediate family with us today and I would like to have them stand and be recognized, if they would be so gracious to do so. Chief among the family is Stanley's gracious wife, Clare. It has been Clare's choice, through fifty-five years of marriage, to make her first commitment to home and family, including three sons, three daughters and eleven grandchildren. Throughout, she supported Stanley O's dedication to community, business and charitable endeavors.

"Before I introduce Stan W. McNaughton, who with his mother will accept the Medal of Merit for his father, I would like to say a few words about my personal debt to Stanley O. He was a chief supporter of my efforts to stamp out the tragedy of drug abuse in Washington State. Stanley O. was also an enthusiastic partner with Norm Maleng and myself in opposing Initiative 685, a proposal that would have effectively legalized drugs in our state. His support against such efforts was indicative of his abhorrence of drugs and anything that threatened the safety and the welfare of our children. I cannot thank him enough for his leadership in supporting his community, education and the safety of our children.

"It is now my great pleasure to tell you a little bit about Stan W. McNaughton, who recently became President and Chief Operating Officer of PEMCO Insurance Company. As a young businessman, he served six years as the CPA with Price Waterhouse. For the next seven years, he distinguished himself in the world of newspapers as Corporate Treasurer for the Herald in Everett, a subsidiary of the Washington Post. Then, in 1986, he joined PEMCO Financial Services as an Executive Assistant to the President and later became Executive Vice President. "As I had the pleasure of visiting the PEMCO Company, I was totally impressed with the very positive attitude that permeated throughout the company and each and every employee. This was truly representative of Stanley O's corporate philosophy and has been carried on by my good friend, Stanley W. In addition to his dedication to PEMCO, Stan is a devoted family man. He, too, is deeply involved in education and other children's issues. His wife, Cathy, and his two children are here today.

"It is my great pleasure to introduce to you, Clare McNaughton and Stanley W. McNaughton to accept the award, posthumously, for the great Stanley O. McNaughton."

Governor Locke presented the Medal of Merit and Certificate to Mrs. Clare McNaughton. Mr. Stanley W. McNaughton addressed the chamber.

The President of the Senate invited everyone to the State Reception Room immediately after the joint session to greet the honorees and their guests.

The President of the Senate asked the special committees to come forward and escort the medal of merit recipients, Senator Gorton, Governor Locke, the State Elected Officials and the Supreme Court Justices to the State Reception Room.

## SECOND READING

HOUSE BILL NO. 2557, by Representatives Tokuda, Cooke and O'Brien (by request of Department of Social and Health Services)

Concerning judicial review for certain out-of-home child placements.

The bill was read the second time.

## MOTION

Senator Long moved that the following Committee on Human Services and Corrections amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 74.13.350 and 1997 c 386 s 16 are each amended to read as follows:

It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child's developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

As used in this section, "voluntary placement agreement" means a written agreement between the department and a child's parent or legal guardian authorizing the department to place the child in a licensed facility. Under the terms of this agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child's placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child's parent or legal guardian and the department to be in effect, except that an agreement regarding an Indian child shall not be valid unless executed in writing before the court and filed with the court as provided in RCW 13.34.245. Any party to a voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child's parent or legal guardian unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130.

As used in this section, "out-of-home placement" and "out-of-home care" mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.

Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child's placement and care. The department shall develop a permanency plan of care for the child no later than sixty days from the date that the department assumes responsibility for the child's placement and care. Within the first one hundred eighty days of the placement, the department shall obtain a judicial determination pursuant to RCW 13.04.030(1)(j) and 13.34.270 that the placement is in the best interests of the child. If the child's out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination under RCW 13.04.030(1)(b) is required. The permanency planning hearings shall review whether the child's best interests are served by continued out-of-home placement and determine the future legal status of the child.

The department shall provide for periodic administrative reviews as required by federal law. A review may be called at any time by either the department, the parent, or the legal guardian.

Nothing in this section shall prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030.

The department shall adopt rules providing for the implementation of chapter 386, Laws of 1997 and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under this chapter.

It is the intent of the legislature that the department undertake voluntary out-of-home placement in cases where the child's developmental disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child, and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home. If the department does not accept a voluntary placement agreement signed by the parent, a petition may be filed and an action pursued under chapter 13.34 RCW. The department shall inform the parent, guardian, or legal custodian in writing of their right to civil action under chapter 13.34 RCW.

**Sec. 2.** RCW 13.34.270 and 1997 c 386 s 19 are each amended to read as follows:

(1) Whenever the department of social and health services places a developmentally disabled child in out-of-home care pursuant to RCW 74.13.350, the department shall obtain a judicial determination within one hundred eighty days of the placement that continued placement

is in the best interests of the child. If the child's out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination is required.

(2) To obtain the judicial determination, the department shall file a petition alleging that there is located or residing within the county a child who has a developmental disability, as defined in RCW 71A.10.020, and that the child has been placed in out-of-home care pursuant to RCW 74.13.350. The petition shall request that the court review the child's placement, make a determination that continued placement is in the best interests of the child, and take other necessary action as provided in this section. The petition shall contain the name, date of birth, and residence of the child and the names and residences of the child's parent or legal guardian who has agreed to the child's placement in out-of-home care. Reasonable attempts shall be made by the department to ascertain and set forth in the petition the identity, location, and custodial status of any parent who is not a party to the placement agreement and why that parent cannot assume custody of the child.

(3) Upon filing of the petition, the clerk of the court shall schedule the petition for a hearing to be held no later than fourteen calendar days after the petition has been filed. The department shall provide notification of the time, date, and purpose of the hearing to the parent or legal guardian who has agreed to the child's placement in out-of-home care. The department shall also make reasonable attempts to notify any parent who is not a party to the placement agreement, if the parent's identity and location is known. Notification under this section may be given by the most expedient means, including but not limited to, mail, personal service, telephone, and telegraph.

(4) The court shall appoint a guardian ad litem for the child as provided in RCW 13.34.100, unless the court for good cause finds the appointment unnecessary.

(5) Permanency planning hearings shall be held as provided in this subsection. At the hearing, the court shall review whether the child's best interests are served by continued out-of-home placement and determine the future legal status of the child.

(a) For children age ten and under, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree or guardianship order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the child's current placement episode.

(b) For children over age ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree or guardianship order has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.

(c) No later than ten working days before the permanency planning hearing, the department shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties. The plan shall be directed toward securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent or legal guardian; adoption; guardianship; or long-term out-of-home care, until the child is age eighteen, with a written agreement between the parties and the child's care provider.

(d) If a goal of long-term out-of-home care has been achieved before the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remains appropriate. In cases where the primary permanency planning goal has not ~~((be [been]))~~ been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal.

(e) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the voluntary placement agreement is terminated.

The department shall notify the court upon termination of the voluntary placement agreement and return of the child to the care of the child's parent or legal guardian. Whenever a voluntary placement agreement is terminated, an action under this section shall be dismissed.

(7) This section does not prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030. Senator Brown: "Senator Thibaudeau, I don't know the exact answer to your question about the property tax base in Spokane. I think the point is that even though levies pass, because the property values are lower, a levy in Spokane does not raise the kind of money that a levy in a richer district raises. The point of levy equalization is that--you only get it if you pass your levy. If you pass your levy and your property values are not the same as a richer district, you can attract levy equalization money and I think that is the point."

Senator Thibaudeau: "Thank you, Senator Brown."

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION — FOR SCHOOL NURSES**

General Fund appropriation (FY 1999)

\$ 10,000,000

Debate ensued.

#### POINT OF INQUIRY

Senator McAuliffe: "Senator Deccio, I attended the same hearings that you attended on this very issue. I believe and remember from those hearings that there are models and programs that SPI has that set up criteria for how our students and their health care needs need to be served in our schools. Do you recall those model programs?"

Senator Deccio: "I recall them making those kinds of statements, but I guess I wasn't really impressed."

Senator McAuliffe: "Well, I would ask that you and many of the other people who are concerned about the health of our children in our schools, please take a look at those model programs. That is where the ten million dollars will go. They are tried and true programs in my school district--Northshore--today. It is one of the leaders in that model program. So, we aren't putting ten million dollars out there for something we don't know what they are going to do with it. Those programs are in place."

Senator Deccio: "Let me respond this way. This thing did not get life until we introduced the bill in the Senate Health and Long-Term Care Committee. If they have had those programs out there, why are they in such chaos today and why haven't they come forward and said, 'This is the plan we would like to implement in the school system to take care of childrens' health needs?' They haven't done that. I talked to the lobbyist for the SPI Office and they are very happy with the way we are dealing with this thing. If they are happy with it, I think we ought to take a deep breath and hang on for a little bit longer and let's make sure there is something in place for those kids out there. I still would urge a 'no' vote."

Further debate ensued.

Senator Betti Sheldon demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Franklin, Loveland, Rasmussen, Thibaudeau, B. Sheldon, Prentice, Patterson, Kline, Hargrove, Fairley, Kohl, McAuliffe, Fraser, Jacobsen, Bauer, T. Radar and lidar devices that are designed and constructed to provide accurate measurements of the speed of moving vehicles when properly calibrated and operated are approved for use as police traffic radar and lidar speed measuring devices. The international association of chiefs of police publishes a consumer products list of those radar and lidar devices. The legislature finds that those devices are sufficiently reliable when properly calibrated and operated that a court may take judicial notice of their reliability.

NEW SECTION. Sec. 2. A new section is added to chapter 46.63 RCW to read as follows:

In a hearing held to contest the determination that a traffic infraction has been committed, the court may take judicial notice of the reliability of the design, construction, and function of a radar and lidar speed measuring device if the state patrol has adopted a rule setting forth the design, construction, and function standards for radar and lidar speed measuring devices and provides a procedure for determining and declaring whether a device has met those standards.

It is the intent of this chapter to establish a policy of open competition for all personal service contracts (~~and subcontracts to personal service contracts~~) entered into by state agencies, unless specifically exempted under this chapter. It is further the intent to provide for legislative and executive review of all personal service contracts, to centralize the location of information about personal service contracts for ease of public review, and ensure proper accounting of personal services expenditures.

"**Sec. 2.** RCW 39.29.006 and 1993 c 433 s 2 are each amended to read as follows:

As used in this chapter:

(1) "Agency" means any state office or activity of the executive and judicial branches of state government, including state agencies, departments, offices, divisions, boards, commissions, and educational, correctional, and other types of institutions.

(3) "Competitive solicitation" means a documented formal process providing an equal and open opportunity to qualified parties and culminating in a selection based on criteria which may include such factors as the consultant's fees or costs, ability, capacity, experience, reputation, responsiveness to time limitations, responsiveness to solicitation requirements, quality of previous performance, and compliance with statutes and rules relating to contracts or services.

(4) "Consultant" means an independent individual or firm contracting with an agency to perform a service or render an opinion or recommendation according to the consultant's methods and without being subject to the control of the agency except as to the result of the work. The agency monitors progress under the contract and authorizes payment.

(6) "Evidence of competition" means documentation demonstrating that the agency has solicited responses from multiple firms in selecting a consultant.

(7) "Personal service" means professional or technical expertise provided by a consultant to accomplish a specific study, project, task, or other work statement. This term does not include purchased services as defined under subsection (9) of this section. This term does include client services.

These non-affiliated schools do not require them and it is the choice that we are offering the parents of those children."

Further debate ensued.

Senators West, McDonald and Johnson demanded the previous question and the demand was sustained.

#### PARLIAMENTARY INQUIRY

Senator Heavey: "Mr. President, a point of parliamentary inquiry. Isn't the demand for the previous question subject to, at least at this point, a majority vote?"

#### REPLY BY THE VICE PRESIDENT PRO TEMPORE

Vice President Pro Tempore Morton: "Senator Heavey, it is my understanding that we needed two members to support the motion that was made. We had more than that. I had asked for one-sixth and we had more than the two. All right? Now it is a simple majority--of those that are present, incidently. All right?"

The Vice President Pro Tempore declared the question before the Senate to be the motion by Senator West for the previous question.

The motion by Senator West for the previous question carried on a rising vote.

The Vice President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2330.

holder changes employment. If a contract between the establishment or facility and the licensee or certificate holder provides that the records are to remain with the licensee or certificate holder, copies of such records shall be provided to the establishment or facility.

**Sec. 8.** RCW 18.35.110 and 1996 c 200 s 15 and 1996 c 178 s 1 are each reenacted and amended to read as follows:

In addition to causes specified under RCW 18.130.170 and 18.130.180, any person licensed or holding ((a)) an interim permit or certificate under this chapter may be subject to disciplinary action by the board for any of the following causes:

(1) For unethical conduct in dispensing hearing instruments. Unethical conduct shall include, but not be limited to:

(a) Using or causing or promoting the use of, in any advertising matter, promotional literature, testimonial, guarantee, warranty, label, brand, insignia, or any other representation, however disseminated or published, which is false, misleading or deceptive;

(b) Failing or refusing to honor or to perform as represented any representation, promise, agreement, or warranty in connection with the promotion, sale, dispensing, or fitting of the hearing instrument;

(c) Advertising a particular model, type, or kind of hearing instrument for sale which purchasers or prospective purchasers responding to the advertisement cannot purchase or are dissuaded from purchasing and where it is established that the purpose of the advertisement is to obtain prospects for the sale of a different model, type, or kind than that advertised;

(d) Falsifying hearing test or evaluation results;

(e)(i) Whenever any of the following conditions are found or should have been found to exist either from observations by the licensee or certificate or interim permit holder or on the basis of information furnished by the prospective hearing instrument user prior to fitting and dispensing a hearing instrument to any such prospective hearing instrument user, failing to advise that prospective hearing instrument user in writing that the user should first consult a licensed physician specializing in diseases of the ear or if no such licensed physician is available in the community then to any duly licensed physician:

(A) Visible congenital or traumatic deformity of the ear, including perforation of the eardrum;

(B) History of, or active drainage from the ear within the previous ninety days;

(C) History of sudden or rapidly progressive hearing loss within the previous ninety days;

(I) Any other conditions that the board may by rule establish. It is a violation of this subsection for any licensee or certificate holder or that licensee's or certificate holder's employees and putative agents upon making such required referral for medical opinion to in any manner whatsoever disparage or discourage a prospective hearing instrument user from seeking such medical opinion prior to the fitting and dispensing of a hearing instrument. No such referral for medical opinion need be made by any licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder in the instance of replacement only of a hearing instrument which has been lost or damaged beyond repair within twelve months of the date of purchase. The licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder or their employees or putative agents shall obtain a signed statement from the hearing instrument user documenting the waiver of medical clearance and the waiver shall inform the prospective user that signing the waiver is not in the user's best health interest: PROVIDED, That the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder shall maintain a copy of either the physician's statement showing that the prospective hearing instrument user has had a medical evaluation within the previous six months or the statement waiving medical evaluation, for a period of three years after the purchaser's receipt of a hearing instrument. Nothing in this section required to be performed by a licensee or certificate or interim permit holder shall mean that the licensee or certificate or interim permit holder is engaged in the diagnosis of illness or the practice of medicine or any other activity prohibited under the laws of this state;

(ii) Fitting and dispensing a hearing instrument to any person under eighteen years of age who has not been examined and cleared for hearing instrument use within the previous six months by a physician specializing in otolaryngology except in the case of replacement instruments or except in the case of the parents or guardian of such person refusing, for good cause, to seek medical opinion: PROVIDED, That should the parents or guardian of such person refuse, for good cause, to seek medical opinion, the licensed hearing instrument fitter/dispenser or certified audiologist shall obtain from such parents or guardian a certificate to that effect in a form as prescribed by the department;

(iii) Fitting and dispensing a hearing instrument to any person under eighteen years of age who has not been examined by an audiologist who holds at least a master's degree in audiology for recommendations during the previous six months, without first advising such person or his or her parents or guardian in writing that he or she should first consult an audiologist who holds at least a master's degree in audiology, except in cases of hearing instruments replaced within twelve months of their purchase;

(f) Representing that the services or advice of a person licensed to practice medicine and surgery under chapter 18.71 RCW or osteopathic medicine and surgery under chapter 18.57 RCW or of a clinical audiologist will be used or made available in the selection, fitting, adjustment, maintenance, or repair of hearing instruments when that is not true, or using the word "doctor," "clinic," or other like words, abbreviations, or symbols which tend to connote a medical or osteopathic medicine and surgery profession when such use is not accurate;

- (g) Permitting another to use his or her license, certificate, or interim permit;
- (h) Stating or implying that the use of any hearing instrument will restore normal hearing, preserve hearing, prevent or retard progression of a hearing impairment, or any other false, misleading, or medically or audiotologically unsupportable claim regarding the efficiency of a hearing instrument;
- (i) Representing or implying that a hearing instrument is or will be "custom-made," "made to order," "prescription made," or in any other sense specially fabricated for an individual when that is not the case; or
- (j) Directly or indirectly offering, giving, permitting, or causing to be given, money or anything of value to any person who advised another in a professional capacity as an inducement to influence that person, or to have that person influence others to purchase or contract to purchase any product sold or offered for sale by the hearing instrument fitter/dispenser, audiologist, or interim permit holder, or to influence any person to refrain from dealing in the products of competitors.

(2) Engaging in any unfair or deceptive practice or unfair method of competition in trade within the meaning of RCW 19.86.020.

(3) Aiding or abetting any violation of the rebating laws as stated in chapter 19.68 RCW.

**Sec. 9.** RCW 18.35.120 and 1996 c 200 s 17 are each amended to read as follows:

A licensee or certificate or interim permit holder under this chapter may also be subject to disciplinary action if the licensee or certificate or interim permit holder:

(1) Is found guilty in any court of any crime involving forgery, embezzlement, obtaining money under false pretenses, larceny, extortion, or conspiracy to defraud and ten years have not elapsed since the date of the conviction; or

(2) Has a judgment entered against him or her in any civil action involving forgery, embezzlement, obtaining money under false pretenses, larceny, extortion, or conspiracy to defraud and five years have not elapsed since the date of the entry of the final judgment in the action, but a license or certificate shall not be issued unless the judgment debt has been discharged; or

(3) Has a judgment entered against him or her under chapter 19.86 RCW and two years have not elapsed since the entry of the final judgment; but a license or certificate shall not be issued unless there has been full compliance with the terms of such judgment, if any. The judgment shall not be grounds for denial, suspension, nonrenewal, or revocation of a license or certificate unless the judgment arises out of and is based on acts of the applicant, licensee, certificate holder, or employee of the licensee or certificate holder; or

(4) Commits unprofessional conduct as defined in RCW 18.130.180 of the uniform disciplinary act.

(3) To require the periodic examination of testing equipment, as defined by the board, and to carry out the periodic inspection of facilities or establishments of persons who are licensed or certified under this chapter, as reasonably required within the discretion of the department.

(4) To appoint advisory committees as necessary.

(5) To keep a record of proceedings under this chapter and a register of all persons licensed, certified, or holding interim permits under this chapter. The register shall show the name of every living licensee or interim permit holder for hearing instrument fitting/dispensing, every living certificate or interim permit holder for speech-language pathology, every living certificate or interim permit holder for audiology, with his or her last known place of residence and the date and number of his or her license, interim permit, or certificate.

**Sec. 11.** RCW 18.35.161 and 1996 c 200 s 20 are each amended to read as follows:

(1) To establish by rule such minimum standards and procedures in the fitting and dispensing of hearing instruments as deemed appropriate and in the public interest;

~~(2) ((To develop guidelines on the training and supervision of hearing instrument fitter/dispenser permit holders and to establish requirements regarding the extent of apprenticeship training and certification to the department;~~

~~(3))~~ (3) To adopt any other rules necessary to implement this chapter and which are not inconsistent with it;

~~((4))~~ (3) To develop, approve, and administer or supervise the administration of examinations to applicants for licensure and certification under this chapter;

~~((5))~~ (4) To require a licensee or certificate or interim permit holder to make restitution to any individual injured by a violation of this chapter or chapter 18.130 RCW, the uniform disciplinary act. The authority to require restitution does not limit the board's authority to take other action deemed appropriate and provided for in this chapter or chapter 18.130 RCW;

~~((6))~~ (5) To pass upon the qualifications of applicants for licensure, certification, or interim permits and to certify to the secretary;

~~((7))~~ (6) To recommend requirements for continuing education and continuing competency requirements as a prerequisite to renewing a license or certificate under this chapter;

~~((8))~~ (7) To keep an official record of all its proceedings. The record is evidence of all proceedings of the board that are set forth in this record;

~~((9))~~ (8) To adopt rules, if the board finds it appropriate, in response to questions put to it by professional health associations, hearing instrument fitter/dispensers or audiologists, speech-language pathologists, interim permit holders, and consumers in this state; and

~~((10))~~ (9) To adopt rules relating to standards of care relating to hearing instrument fitter/dispensers or audiologists, including the dispensing of hearing instruments, and relating to speech-language pathologists, including dispensing of communication devices.

**Sec. 12.** RCW 18.35.172 and 1996 c 200 s 22 are each amended to read as follows:

The uniform disciplinary act, chapter 18.130 RCW, governs unlicensed practice, the issuance and denial of licenses, certificates, and interim permits, and the discipline of licensees and certificate and permit holders under this chapter.

**Sec. 13.** RCW 18.35.185 and 1996 c 200 s 25 are each amended to read as follows:

(1) In addition to any other rights and remedies a purchaser may have, the purchaser of a hearing instrument shall have the right to rescind the transaction for other than the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder's breach if:

(a) The purchaser, for reasonable cause, returns the hearing instrument or holds it at the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder's disposal, if the hearing instrument is in its original condition less normal wear and tear. "Reasonable cause" shall be defined by the board but shall not include a mere change of mind on the part of the purchaser or a change of mind related to cosmetic concerns of the purchaser about wearing a hearing instrument; and

(b) The purchaser sends notice of the cancellation by certified mail, return receipt requested, to the establishment employing the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder at the time the hearing instrument was originally purchased, and the notice is posted not later than thirty days following the date of delivery, but the purchaser and the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder may extend the deadline for posting of the notice of rescission by mutual, written agreement. In the event the hearing instrument develops a problem which qualifies as a reasonable cause for rescission or which prevents the purchaser from evaluating the hearing instrument, and the purchaser notifies the establishment employing the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder of the problem during the thirty days following the date of delivery and documents such notification, the deadline for posting the notice of rescission shall be extended by an equal number of days as those between the date of the notification of the problem to the date of notification of availability for redeliveries. Where the hearing instrument is returned to the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder for any inspection for modification or repair, and the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder has notified the purchaser that the hearing instrument is available for redelivery, and where the purchaser has not responded by either taking possession of the hearing instrument or instructing the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder to forward it to the purchaser, then the deadline for giving notice of the rescission shall extend no more than seven working days after this notice of availability.

(2) If the transaction is rescinded under this section or as otherwise provided by law and the hearing instrument is returned to the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder, the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder shall refund to the purchaser any payments or deposits for that hearing instrument. However, the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder may retain, for each hearing instrument, fifteen percent of the total purchase price or one hundred twenty-five dollars, whichever is less. After December 31, 1996, the rescission amount shall be determined by the board. The licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder shall also return any goods traded in contemplation of the sale, less any costs incurred by the licensed hearing instrument fitter/dispenser, certified audiologist, or interim permit holder in making those goods ready for resale. The refund shall be made within ten business days after the rescission. The buyer shall incur no additional liability for such rescission.

(3) For the purposes of this section, the purchaser shall have recourse against the bond held by the establishment entering into a purchase agreement with the buyer, as provided by RCW 18.35.240.

**Sec. 14.** RCW 18.35.190 and 1996 c 200 s 26 are each amended to read as follows:

In addition to remedies otherwise provided by law, in any action brought by or on behalf of a person required to be licensed or certified or to hold ~~((a))~~ an interim permit (hereunder) under this chapter, or by any assignee or transferee, it shall be necessary to allege and prove that the licensee or certificate or interim permit holder at the time of the transaction held a valid license, certificate, or interim permit as required by this chapter, and that such license, certificate, or interim permit has not been suspended or revoked pursuant to RCW 18.35.110, 18.35.120, or 18.130.160.

**Sec. 15.** RCW 18.35.195 and 1996 c 200 s 27 are each amended to read as follows:

(1) This chapter shall not apply to military or federal government employees.

(2) This chapter does not prohibit or regulate:

(a) Fitting or dispensing by students enrolled in a board-approved program who are directly supervised by a licensed hearing instrument fitter/dispenser ~~((a))~~, a certified audiologist under the provisions of this chapter, or an instructor at a two-year hearing instrument fitter/dispenser degree program that is approved by the board; and

(b) Hearing instrument fitter/dispensers, speech-language pathologists, or audiologists of other states, territories, or countries, or the District of Columbia while appearing as clinicians of bona fide educational seminars sponsored by speech-language pathology, audiology, hearing instrument fitter/dispenser, medical, or other healing art professional associations so long as such activities do not go beyond the scope of practice defined by this chapter.

**Sec. 16.** RCW 18.35.205 and 1996 c 200 s 28 are each amended to read as follows:

The legislature finds that the public health, safety, and welfare would best be protected by uniform regulation of hearing instrument fitter/dispensers, speech-language pathologists, audiologists, and interim permit holders throughout the state. Therefore, the provisions of this chapter relating to the licensing or certification of hearing instrument fitter/dispensers, speech-language pathologists, and audiologists and regulation of interim permit holders and their respective establishments or facilities is exclusive. No political subdivision of the state of Washington within whose jurisdiction a hearing instrument fitter/dispenser, audiologist, or speech-language pathologist establishment or facility is located may require any registrations, bonds, licenses, certificates, or interim permits of the establishment or facility or its employees or charge any fee for the same or similar purposes: PROVIDED, HOWEVER, That nothing herein shall limit or abridge the authority of any political subdivision to levy and collect a general and nondiscriminatory license fee levied on all businesses, or to levy a tax based upon the gross business conducted by any firm within the political subdivision.

**Sec. 17.** RCW 18.35.230 and 1996 c 200 s 29 are each amended to read as follows:

(1) Each licensee or certificate or interim permit holder shall name a registered agent to accept service of process for any violation of this chapter or rule adopted under this chapter.

(2) The registered agent may be released at the expiration of one year after the license, certificate, or interim permit issued under this chapter has expired or been revoked.

(3) Failure to name a registered agent for service of process for violations of this chapter or rules adopted under this chapter may be grounds for disciplinary action.

**Sec. 18.** RCW 18.35.240 and 1996 c 200 s 30 are each amended to read as follows:

(1) Every establishment engaged in the fitting and dispensing of hearing instruments shall file with the department a surety bond in the sum of ten thousand dollars, running to the state of Washington, for the benefit of any person injured or damaged as a result of any violation by the establishment's employees or agents of any of the provisions of this chapter or rules adopted by the secretary.

(2) In lieu of the surety bond required by this section, the establishment may file with the department a cash deposit or other negotiable security acceptable to the department. All obligations and remedies relating to surety bonds shall apply to deposits and security filed in lieu of surety bonds.

(3) If a cash deposit is filed, the department shall deposit the funds. The cash or other negotiable security deposited with the department shall be returned to the depositor one year after the establishment has discontinued the fitting and dispensing of hearing instruments if no legal action has been instituted against the establishment, its agents or employees, or the cash deposit or other security. The establishment owners shall notify the department if the establishment is sold, changes names, or has discontinued the fitting and dispensing of hearing instruments in order that the cash deposit or other security may be released at the end of one year from that date.

(4) A surety may file with the department notice of withdrawal of the bond of the establishment. Upon filing a new bond, or upon the expiration of sixty days after the filing of notice of withdrawal by the surety, the liability of the former surety for all future acts of the establishment terminates.

(5) Upon the filing with the department notice by a surety of withdrawal of the surety on the bond of an establishment or upon the cancellation by the department of the bond of a surety under this section, the department shall immediately give notice to the establishment by certified or registered mail with return receipt requested addressed to the establishment's last place of business as filed with the department.

(6) The department shall immediately cancel the bond given by a surety company upon being advised that the surety company's license to transact business in this state has been revoked.

(7) Each invoice for the purchase of a hearing instrument provided to a customer must clearly display on the first page the bond number of the establishment or the licensee or certificate or interim permit holder fitting/dispensing the hearing instrument.

**Sec. 19.** RCW 18.35.250 and 1996 c 200 s 31 are each amended to read as follows:

(1) In addition to any other legal remedies, an action may be brought in any court of competent jurisdiction upon the bond, cash deposit, or security in lieu of a surety bond required by this chapter, by any person having a claim against a licensee or certificate or interim permit holder, agent, or establishment for any violation of this chapter or any rule adopted under this chapter. The aggregate liability of the surety to all claimants shall in no event exceed the sum of the bond. Claims shall be satisfied in the order of judgment rendered.

(2) An action upon the bond shall be commenced by serving and filing the complaint within one year from the date of the cancellation of the bond. An action upon a cash deposit or other security shall be commenced by serving and filing the complaint within one year from the date of notification to the department of the change in ownership of the establishment or the discontinuation of the fitting and dispensing of hearing instruments by that establishment. Two copies of the complaint shall be served by registered or certified mail, return receipt requested, upon the department at the time the suit is started. The service constitutes service on the surety. The secretary shall transmit one copy of the complaint to the surety within five business days after the copy has been received.

(3) The secretary shall maintain a record, available for public inspection, of all suits commenced under this chapter under surety bonds, or the cash or other security deposited in lieu of the surety bond. In the event that any final judgment impairs the liability of the surety upon a bond so furnished or the amount of the deposit so that there is not in effect a bond undertaking or deposit in the full amount prescribed in this section, the department shall suspend the license or certificate until the bond undertaking or deposit in the required amount, unimpaired by unsatisfied judgment claims, has been furnished.

(4) If a judgment is entered against the deposit or security required under this chapter, the department shall, upon receipt of a certified copy of a final judgment, pay the judgment from the amount of the deposit or security.

**Sec. 20.** RCW 18.35.260 and 1996 c 200 s 16 are each amended to read as follows:

#### MOTION

On motion of Senator Finkbeiner, the following Committee on Energy and Utilities amendment was adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that it is in the public interest to:

- (1) Encourage private investment in renewable energy resources;
- (2) Stimulate the economic growth of this state; and
- (3) Enhance the continued diversification of the energy resources used in this state.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly indicates otherwise.

- (1) "Commission" means the utilities and transportation commission.
- (2) "Customer-generator" means a user of a net metering system.
- (3) "Electrical company" means a company owned by investors that meets the definition of RCW 80.04.010.
- (4) "Electric cooperative" means a cooperative or association organized under chapter 23.86 or 24.06 RCW.
- (5) "Electric utility" means any electrical company, public utility district, irrigation district, port district, electric cooperative, or municipal electric utility that is engaged in the business of distributing electricity to retail electric customers in the state.
- (6) "Irrigation district" means an irrigation district under chapter 87.03 RCW.
- (7) "Municipal electric utility" means a city or town that owns or operates an electric utility authorized by chapter 35.92 RCW.
- (8) "Net metering" means measuring the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator that is fed back to the electric utility over the applicable billing period.
- (9) "Net metering system" means a facility for the production of electrical energy that:
  - (a) Uses as its fuel either solar, wind, or hydropower;
  - (b) Has a generating capacity of not more than twenty-five kilowatts;
  - (c) Is located on the customer-generator's premises;

- (d) Operates in parallel with the electric utility's transmission and distribution facilities; and
- (e) Is intended primarily to offset part or all of the customer-generator's requirements for electricity.
- (10) "Port district" means a port district within which an industrial development district has been established as authorized by Title 53

RCW.

- (11) "Public utility district" means a district authorized by chapter 54.04 RCW.

**NEW SECTION. Sec. 3.** An electric utility:

(1) Shall offer to make net metering available to eligible customers-generators on a first-come, first-served basis until the cumulative generating capacity of net metering systems equals 0.1 percent of the utility's peak demand during 1996;

(2) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(a) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(b) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(3) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(a) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

(b) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

**NEW SECTION. Sec. 4.** Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with section 3 of this act; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

At the beginning of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

**NEW SECTION. Sec. 5.** (1) A net metering system used by a customer-generator shall include, at the customer-generator's own expense, all equipment necessary to meet applicable safety, power quality, and interconnection requirements established by the national electrical code, national electrical safety code, the institute of electrical and electronics engineers, and underwriters laboratories.

(2) The commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, after appropriate notice and opportunity for comment, may adopt by regulation additional safety, power quality, and interconnection requirements for customer-generators that the commission determines are necessary to protect public safety and system reliability.

**NEW SECTION. Sec. 6.** Sections 1 through 5 of this act constitute a new chapter in Title 80 RCW."

## MOTION

NEW SECTION. Sec. 1. (1) The legislature finds that the important goal of maximizing local control of public policy issues sometimes needs to be balanced with the also important goal of providing predictability and consistency in laws likely to be encountered by citizens as they move or engage in business across the state.

(2) In order to provide a substantial measure of uniformity in the application of state landlord-tenant law while recognizing the importance of the process that has already led some local jurisdictions to adopt local laws, it is the intent of the legislature that:

(a) Local jurisdictions that have not adopted ordinances regulating residential landlord-tenant relationships before January 1, 1999, not adopt ordinances inconsistent with chapter 59.18 RCW, the state residential landlord-tenant act; and

(b) Local laws in existence as of January 1, 1999, not be amended in a manner inconsistent with section 2 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

Except as provided in section 3 of this act, the state of Washington hereby fully occupies and preempts the field of landlord-tenant regulation within the boundaries of the state. Local laws not in existence as of January 1, 1999, that are inconsistent with, more or less restrictive than, or exceed or fall below the requirements of state law shall not be enacted regardless of the nature of the code, charter, or home rule status of the city, town, county, or other municipality. Local laws in existence as of January 1, 1999, shall not be amended to create inconsistencies with this section.

Except as provided in section 3 of this act, affirmative defenses to an unlawful detainer action that change the duties of a landlord or tenant that are inconsistent with, more or less restrictive than, or exceed or fall below the requirements of state law shall not be enacted regardless of the nature of the code, charter, or home rule status of the city, town, county, or other municipality.

NEW SECTION. Sec. 3. A new section is added to chapter 59.18 RCW to read as follows:

(1) Section 2 of this act does not apply to local laws that are intended to affect directly the physical safety of a residential tenant. For purposes of this section "physical safety" means the physical health or security of a tenant.

(2) In any proceeding to determine whether a local law directly affects physical safety, a court shall not restrict its consideration to a statement of local legislative intent or finding and shall consider whether voiding a local law as inconsistent with this chapter will result in a direct and significant increase in the risk to the physical safety of residential tenants."

Senator Fairley: "It would affect all local government. So, yes, it would."

Senator Anderson: "And have you talked with the cities and counties--that they have seen this amendment and have you worked with them on language?"

Senator Fairley: "I did last year--yes--not this year and having been a city council woman, I am very aware of how AWC would look at this amendment."

Senator Anderson: "So, what is--are they for this or against it?"

#### PERSONAL PRIVILEGE

Senator Kohl: "Mr. President, I rise for a point of personal privilege. As a member of the faculty at the University of Washington, I am very pleased to have Mr. Warren Moon here today with us. I would like to bring up to the body that Mr. Moon did start his football career as a young adult at the University of Washington, playing the position of quarterback for three years--1975 through 1977. During that time, he completed two hundred forty-two out of four hundred ninety-six passes for three thousand two hundred seventy-seven yards with nineteen touchdowns. During his senior year, he took the University of Washington to its first Rose Bowl game in fourteen years and fortunately upset the University of Michigan, twenty-seven to twenty.

"As a result of his prowess at that game, he was named as the most valuable player of the 1977 Rose Bowl, as well as the Pac Eight Player of the Year--for 1977. In 1984, he was introduced and inducted into the Husky Hall of Fame and also into the Rose Bowl Hall of Fame in 1997. He has certainly thrilled many people, young people, as well as adults over the years--in his playing at the University of Washington. Unfortunately, even though I understand, he wanted to stay in the state of Washington, he was not recruited by the Seahawks and instead went to another professional football team outside of our state. I'm very pleased that he is back here with us now as quarterback for the Seattle Seahawks. I would personally like to thank Warren Moon for all his contributions to the state of Washington. Thank you."

Senator Heavey: "Senator Zarelli, I certainly agree with you on the recording and the using of cameras. My concern is with the viewing. I want to give you three examples that I know about and I think you can give me a yes or no answer. Question, true story--high school in Seattle who will remain nameless, but we have two members here that are graduates and their colors are yellow and green--girls find a brick that can be removed and can look into the boys' shower room. That is the first question; would they be guilty of a crime looking into the boys' shower room? Second question, boys some distance from a girls' dormitory at a university using binoculars--looking at the different rooms to see if any girls are in their rooms. Three, when I was a paper boy, I walked between two houses, looked over and saw a young couple fully clothed, but they were kissing--I stopped for more than a moment and looked. I was between two houses on the property line. I assume, under this bill, that the girls at the high school, the boys at the college and me, the paper boy, are all guilty of a crime. Is that true or not?"

Strike everything after the enacting clause and insert the following:

**Sec. 1.** RCW 13.34.030 and 1995 c 311 s 23 are each amended to read as follows:

For purposes of this chapter:

- (1) "Child" and "juvenile" means any individual under the age of eighteen years.
- (2) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree, a permanent custody order, or guardianship order is entered, or the dependency is dismissed, whichever occurs soonest. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.
- (3) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.
- (4) "Dependent child" means any child:
  - (a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;
  - (b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;
  - (c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or
  - (d) Who has a developmental disability, as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist.
- (5) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.
- (6) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.
- (7) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.
- (8) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.
- (9) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services capable of preventing the need for out-of-home placement while protecting the child.

**Sec. 2.** RCW 13.34.130 and 1995 c 313 s 2, 1995 c 311 s 19, and 1995 c 53 s 1 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

- (1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(4)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

- (i) There is no parent or guardian available to care for such child;
- (ii) The parent, guardian, or legal custodian is not willing to take custody of the child;
- (iii) A manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or
- (iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds it is recommended by the supervising agency, that it is in the best interests of the child and that it is not reasonable to provide further services to reunify the family because the existence of aggravated circumstances make it unlikely that services will effectuate the return of the child to the child's parents in the near future. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

- (a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
- (b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
- (c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
- (d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;
- (e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
- (f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.

(3) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(4) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(5) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

**Sec. 3.** RCW 13.34.145 and 1995 c 311 s 20 and 1995 c 53 s 2 are each reenacted and amended to read as follows:

(1) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.

(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(d) For purposes related to permanency planning:

(i) "Guardianship" means a dependency guardianship pursuant to this chapter, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.

(ii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.

(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(3)(a) For children ten and under, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree ((~~or~~), guardianship order, or permanent custody order) has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) For children over ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree ((~~or~~), guardianship order, or permanent custody order) has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.

(4) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve or eighteen months, as provided in subsection (3) of this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree ((~~or~~), guardianship order, or permanent custody order) is entered, or the dependency is dismissed.

(5) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(6) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(5) and shall review the permanency plan prepared by the agency. If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280. If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. In cases where the primary permanency planning goal has not yet been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. In all cases, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists;

or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.130(5), and the court shall determine the need for continued intervention.

(8) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when, (a) the court has ordered implementation of a permanency plan that includes legal guardianship or permanent legal custody, and (b) the party pursuing the legal guardianship or permanent legal custody is the party identified in the permanency plan as the prospective legal guardian or custodian. During the pendency of such proceeding, juvenile court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

~~((9))~~ (10) Except as otherwise provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.130(5), until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

~~((10))~~ (11) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

~~((11))~~ (12) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights.

~~((12))~~ (13) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

**Sec. 4.** RCW 26.10.030 and 1987 c 460 s 27 are each amended to read as follows:

(1) Except as authorized for proceedings brought under chapter 26.50 RCW in district or municipal courts, a child custody proceeding is commenced in the superior court by a person other than a parent, by filing a petition seeking custody of the child in the county where the child is permanently resident or where the child is found, but only if the child is not in the physical custody of one of its parents or if the petitioner alleges that neither parent is a suitable custodian. Prior to a child custody hearing, the court shall determine if the child is the subject of a pending dependency action.

(2) Notice of a child custody proceeding shall be given to the child's parent, guardian and custodian, who may appear and be heard and may file a responsive pleading. The court may, upon a showing of good cause, permit the intervention of other interested parties."

#### MOTIONS

On motion of Senator Roach, Substitute Senate Bill No. 6187 was substituted for Senate Bill No. 6187 and the substitute bill was placed on second reading and read the second time.

Senator Roach moved that the following amendment by Senator Stevens be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.20.117 and 1993 c 452 s 3 are each amended to read as follows:

(1) The department shall issue "identicards," containing a picture, to nondrivers for a fee of four dollars. However, the fee shall be the actual cost of production to recipients of continuing public assistance grants under Title 74 RCW who are referred in writing to the department by the secretary of social and health services. The fee shall be deposited in the highway safety fund. To be eligible, each applicant shall produce evidence as required in RCW 46.20.035 that positively proves identity. The "identicard" shall be distinctly designed so that it will not be confused with the official driver's license. The identicard shall expire on the fifth anniversary of the applicant's birthdate after issuance.

(2) The department may cancel an "identicard" upon a showing by its records or other evidence that the holder of such "identicard" has committed a violation relating to "identicards" defined in RCW 46.20.336.

(3) The department shall cancel an "identicard" upon a showing by its records or other evidence that the holder of the identicard has been convicted of a violation of RCW 46.61.502 or 46.61.504. To obtain an identicard within five years of the conviction, the person must reapply and pay the normal fee.

The department shall clearly mark an identicard issued under this subsection to indicate that the person has been convicted of driving under the influence of alcohol or drugs within the last five years.

**Sec. 2.** RCW 46.20.120 and 1990 c 9 s 1 are each amended to read as follows:

No new driver's license may be issued and no previously issued license may be renewed until the applicant therefor has successfully passed a driver licensing examination. However, the department may waive all or any part of the examination of any person applying for the renewal of a driver's license except when the department determines that an applicant for a driver's license is not qualified to hold a driver's license under this title. The department may also waive the actual demonstration of the ability to operate a motor vehicle by a person who surrenders a valid driver's license issued by the person's previous home state and who is otherwise qualified to be licensed. The department may not waive any part of the examination for a person whose license has been suspended or revoked within the last five years for conviction of a violation of RCW 46.61.502 or 46.61.504, but shall require the person to successfully complete all parts of the examination. For a new license examination a fee of seven dollars shall be paid by each applicant, in addition to the fee charged for issuance of the license. A new license is one issued to a driver who has not been previously licensed in this state or to a driver whose last previous Washington license has been expired for more than four years.

Any person renewing his or her driver's license more than sixty days after the license has expired shall pay a penalty fee of ten dollars in addition to the renewal fee under RCW 46.20.181. The penalty fee shall be deposited in the highway safety fund.

Any person who is outside the state at the time his or her driver's license expires or who is unable to renew the license due to any incapacity may renew the license within sixty days after returning to this state or within sixty days after the termination of any such incapacity without the payment of the penalty fee.

The department shall provide for giving examinations at places and times reasonably available to the people of this state.

**Sec. 3.** RCW 46.20.311 and 1997 c 58 s 807 are each amended to read as follows:

(1) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.342 or other provision of law. Except for a suspension under RCW 46.20.289, 46.20.291(5), or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order. The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be ~~((fifty))~~ the normal driver's license fee plus an additional three hundred dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (c) after the expiration of two years for persons convicted of vehicular homicide; or (d) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be ~~((fifty))~~ the normal driver's license fee plus an additional three hundred dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (a) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (b) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be ~~((fifty))~~ the normal driver's license fee plus an additional three hundred dollars.

(4) The department shall clearly mark a driver's license reissued under this section that had been suspended or revoked for a violation of RCW 46.61.502 or 46.61.504 or an equivalent violation under the laws of another state, province, or other jurisdiction to indicate that the person has been convicted of such a violation within the last five years or has been administratively suspended under RCW 46.20.308. The department shall continue to so mark any driver's license it issues to that person for five years.

**Sec. 4.** RCW 46.20.391 and 1995 c 332 s 12 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within five years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

(4) The department may issue an occupational driver's license to a person convicted of a violation of RCW 46.61.502 or 46.61.504 only if the person has successfully completed all parts of the driver's license examination in accordance with RCW 46.20.120 and has paid a fee of three hundred dollars in addition to any fee required elsewhere.

The department shall clearly mark an occupational driver's license issued under this subsection to indicate that the person's regular license was suspended or revoked for a violation of RCW 46.61.502 or 46.61.504 or an equivalent violation under the laws of another state, province, or other jurisdiction. The department shall continue to so mark any driver's license it issues to that person for five years after a conviction under RCW 46.61.502 or 46.61.504.

**NEW SECTION. Sec. 5.** A new section is added to chapter 46.68 RCW to read as follows:

The bill was read the second time.

#### MOTIONS

On motion of Senator Winsley, the following Committee on Financial Institutions, Insurance and Housing amendment was adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 48.14.0201 and 1997 c 154 s 1 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization, as defined in RCW 48.46.020, or a health care service contractor, as defined in RCW 48.44.010.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;

(b) On or before September 15, twenty-five percent;

(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW and health maintenance organizations under chapter 48.46 RCW. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

On motion of Senator Winsley, the following title amendment was adopted:

On page 1, line 3 of the title, after "contractors;" strike the remainder of the title and insert "and amending RCW 48.14.0201."

#### MOTION

On motion of Senator Winsley, the rules were suspended, Substitute House Bill No. 3096, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

#### POINT OF INQUIRY

Senator Wojahn: "Senator Winsley, why did the Association of Washington Cities oppose this bill? Do you know?"

Senator Winsley: "Well, this B&O tax is being collected in Seattle, primarily. I suppose because Seattle is a member of the Association of Washington Cities, they are protecting one of their entities."

Senator Wojahn: "Thank you. I think that Tacoma also opposes this bill."

Senator Winsley: "In a very limited manner."

Senator Wojahn: "One more question. By preempting the cities from collecting this tax, doesn't that mean that the state could eventually come by and pick it up? Then, we wouldn't save anything. We would just be the state collecting money that normally went to the cities."

Senator Winsley: "Well, I don't know how the state would pick it up."

Senator Wojahn: "Well, if they preempt the cities--"

Senator Winsley: "This is a B&O tax and, you know, it is a local B&O tax. It is not the state's B&O tax. This is over and above the state B&O tax--the ability that local governments have. Some cities do have a B&O tax and they put it on everything and some have limited entities that they tax. I guess it is whether we want to look at health maintenance organizations as providing the same services that other insurers provide and in one case one is exempt and in another case, the other isn't.

"What this bill does is, it makes them all exempt and treats them like insurers. It is not a lot of money in any case. With our amendment, probably to Group Health, it is probably less than four hundred thousand dollars, I mean to the city of Seattle, if they collect from all in that entity. The one point five that you are looking at in the book is taking Blue Cross, Group Health and all the health maintenance organizations and adding them together. But, I think with my exemption that figure will be much lower, because we clarified that doctors working--salaried doctors--we are not going out--they will still have to pay B&O. The organization, itself, as an entity will not pay the local B&O."

Further debate ensued.

#### POINT OF INQUIRY

Senator Franklin: "Senator Winsley, my question is one in regards to these two entities, a HMO plus the indemnity insurance, which are clearly different. They are two different entities. Since there has been a long years standing of exempting indemnity insurance, why do we now come to HMOs, which is really treated differently and is this then your belief or has it been demonstrated that with this reduction, it really is going to pass on to the consumer into a lower health care cost or lower premium?"

Senator Winsley: "Well, I hope I can remember all the details to your question, but let me just say, because I think I forgot, whether you are an indemnity insurer or a health maintenance organization, you pay the insurance premium tax. So, in that aspect, the playing field is equal. They all pay the insurance premium tax. What is not equal, because of an exemption put in the law several years ago, is the B&O tax. The insurance companies pay this premium tax, but they do not pay a B&O, but local governments--they didn't have an exemption in statute. The local governments, in some entities, have gone after HMOs and are applying the B&O tax, so they have double taxation. In that aspect, because they paid premium and they paid B&O, but the indemnity companies do not. They just paid the premium. As you know, they tax someone and they add whatever the amount is, it is the rate payers, in essence, that are going to pay a higher rate."

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 3096, as amended by the Senate..

Regulating mortgage insurance.

The bill was read the second time.

#### MOTIONS

On motion of Senator Winsley, the following Committee on Financial Institutions, Insurance and Housing amendment was adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** As used in this chapter:

(1) "Institutional third party" means the federal national mortgage association, the federal home loan mortgage corporation, the government national mortgage association, and other substantially similar institutions, whether public or private, provided the institutions establish and adhere to rules applicable to the right of cancellation of mortgage insurance, which are the same or substantially the same as those utilized by the institutions named in this subsection.

(2) "Mortgage insurance" means insurance, including mortgage guarantee insurance, against financial loss by reason of nonpayment of principal, interest, and other sums agreed to be paid in a residential mortgage transaction.

(3) "Residential mortgage transaction" means entering into a loan for personal, family, household, or purchase money purposes that is secured by a deed of trust or mortgage on owner-occupied, one-to-four unit, residential real property located in the state of Washington.

**NEW SECTION. Sec. 2.** (1) If a borrower is required to obtain and maintain mortgage insurance as a condition of entering into a residential mortgage transaction, the lender shall disclose to the borrower whether and under what conditions the borrower has the right to cancel the mortgage insurance in the future. This disclosure shall include:

(a) Any identifying loan or insurance information, or other information, necessary to permit the borrower to communicate with the servicer or lender concerning the private mortgage insurance;

(b) The conditions that are required to be satisfied before the mortgage insurance may be canceled; and

(c) The procedures required to be followed by the borrower to cancel the mortgage insurance.

The disclosure required in this subsection shall be made in writing at the time the transaction is entered into.

(2) For residential mortgage transactions with mortgage insurance, the lender, or the person servicing the residential mortgage transaction if it is not the lender, annually shall provide the borrower with:

(a) A notice containing the same information as required to be disclosed under subsection (1) of this section; or

(b) A statement indicating that the borrower may be able to cancel the mortgage insurance and that the borrower may contact the lender or loan servicer at a designated address and phone number to find out whether the insurance can be canceled and the conditions and procedures to effect cancellation.

The notice or statement required by this subsection shall be provided in writing in a clear and conspicuous manner in or with each annual statement of account. (3) The notices and statements required in this section shall be provided without cost to the borrower.

(4) Any borrower in a residential mortgage transaction who is harmed by a violation of this section may obtain injunctive relief, may recover from the party who caused such harm by failure to comply with this section up to three times the amount of mortgage insurance premiums wrongly collected, and may recover reasonable attorneys' fees and costs of such action.

(5) This section does not apply to any mortgage funded with bond proceeds issued under an indenture requiring mortgage insurance for the life of the loan or to loans insured by the federal housing administration or the veterans administration.

(6) Subsection (1) of this section applies to residential mortgage transactions entered into on or after July 1, 1998. Subsection (2) of this section applies to any residential mortgage transaction existing on the effective date of this section or entered into on or after the effective date of this section.

(7) A lender or person servicing a residential mortgage transaction who complies with federal requirements, as now or hereafter enacted, prescribing mortgage insurance disclosures and notifications shall be deemed in compliance with this section.

**NEW SECTION. Sec. 3.** (1) Except when a statute, regulation, rule, or written guideline promulgated by an institutional third party applicable to a residential mortgage transaction purchased in whole or in part by an institutional third party specifically prohibits cancellation during the term of indebtedness, the lender or servicer of a residential mortgage transaction may not charge or collect future payments from a borrower for mortgage insurance, and the borrower is not obligated to make such payments, if all of the following conditions are satisfied:

(a) The borrower makes a written request to terminate the obligation to make future payments for mortgage insurance;

(b) The residential mortgage transaction is at least two years old;

(c) The outstanding principal balance of the residential loan is not greater than eighty percent of the current fair market value of the property and is:

(i) For loans made for the purchase of the property, less than eighty percent of the lesser of the sales price or the appraised value at the time the transaction is entered into; or

(ii) For all other residential mortgage transactions, less than eighty percent of the appraised value at the time the residential loan transaction was entered into.

The lender or servicer may request that a current appraisal be done to verify the outstanding principal balance is less than eighty percent of the current fair market value of the property; unless otherwise agreed to in writing, the lender or servicer selects the appraiser and splits the cost with the borrower;

(d) The borrower's scheduled payment of monthly installments or principal, interest, and any escrow obligations is current at the time the borrower requests termination of his or her obligation to continue to pay for mortgage insurance, those installments have not been more than thirty days late in the last twelve months, and the borrower has not been assessed more than one late penalty over the past twelve months;

(e) A notice of default has not been recorded against the property as the result of a nonmonetary default in the previous twelve months.

(2) This section applies to residential mortgage transactions entered into on or after July 1, 1998.

(3) This section does not apply to:

(a) Any residential mortgage transaction that is funded in whole or in part pursuant to authority granted by statute, regulation, or rule that, as a condition of that funding, prohibits or limits termination of payments for mortgage insurance during the term of the indebtedness; or

(b) Any mortgage funded with bond proceeds issued under an indenture requiring mortgage insurance for the life of the loan.

(4) If the residential mortgage transaction will be or has been sold in whole or in part to an institutional third party, adherence to the institutional third party's standards for termination of future payments for mortgage insurance shall be deemed in compliance with this section.

(5) A lender or person servicing a residential mortgage transaction who complies with federal requirements, as now or hereafter enacted, governing the cancellation of mortgage insurance shall be deemed in compliance with this section.

NEW SECTION. Sec. 4. On or after July 1, 1998, no borrower entering into a residential mortgage transaction in which the principal amount of the loan is less than eighty percent of the fair market value of the property shall be required to obtain mortgage insurance. Fair market value for a purchase money loan is the lesser of the sales price or the appraised value. This section shall not apply to residential mortgage transactions in an amount in excess of the maximum limits established by institutional third parties where the borrower and the lender have agreed in writing to mortgage insurance.

A lender or person servicing a residential mortgage transaction who complies with federal requirements, as now or hereafter enacted, governing the requirement of obtaining mortgage insurance shall be deemed in compliance with this section.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 6. This act takes effect July 1, 1998.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act constitute a new chapter in Title 61 RCW."

#### SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1221, by House Committee on Law and Justice (originally sponsored by Representatives Ballasiotes, Sheahan, Robertson, Chandler, Cody, Crouse, K. Schmidt, Costa, Scott, Buck, Kessler, Schoesler, Chopp, Johnson, Honeyford, O'Brien, Wensman, Sheldon, McDonald, Zellinsky, Thompson, H. Sommers and Mason)

Impounding vehicles driven by a person with a suspended or revoked license.

The bill was read the second time.

#### MOTION

Senator Roach moved that the following Committee on Law and Justice amendment not be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that of the three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license, and to provide in certain circumstances for the forfeiture of such vehicles where the owner continues to drive despite having been previously convicted of the crime of driving with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420. The impoundment or forfeiture of a vehicle operated in violation of RCW 46.20.342 or 46.20.420 is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws.

**NEW SECTION. Sec. 2.** A new section is added to chapter 46.20 RCW to read as follows:

(1) Notwithstanding RCW 46.55.113, whenever a motor vehicle is found to be operated by a person with a suspended or revoked driver's license or nonresident driving privileges, or while in a suspended or revoked status in violation of RCW 46.20.342 or 46.20.420, the vehicle is subject to impoundment, pursuant to applicable local ordinance or state agency rule, at the direction of a law enforcement officer.

(2) If a vehicle is impounded under this section because the operator is in violation of RCW 46.20.342(1)(c), the vehicle shall not be released until a person eligible to redeem it under RCW 46.55.120(1)(a) satisfies the requirements of RCW 46.55.120(1)(b), including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to fifteen days at the written direction of the agency ordering the vehicle impounded.

(3) If a vehicle is impounded under this section because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to fifteen days and must not be released until a person eligible to redeem it under RCW 46.55.120(1)(a) satisfies the requirements of RCW 46.55.120(1)(b), including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years and the operator has a financial interest in the vehicle, the vehicle is subject to forfeiture unless an applicable state agency rule or local ordinance prohibits forfeiture on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record. If the vehicle is forfeited, then the forfeiting agency shall pay all the impoundment, towing, and storage fees for the vehicle and shall be entitled to recover those fees from the operator of the forfeited vehicle, including any attorneys' fees, costs of collection, and interest at the statutory rate for judgment interest from the date of payment by the forfeiting agency of such fees.

(4) A forfeiture proceeding is commenced by the law enforcement agency causing notice of the intended forfeiture of the seized vehicle to be served not less than ten days after seizure on the registered tow truck operator which impounded the vehicle, the owner of the vehicle seized, the person in charge of the vehicle when it was seized, and any person having a known right or interest in the vehicle, including a

community property interest. The notice may be served by any method authorized by law or court rule, including, but not limited to, service by certified mail with return receipt requested. Service by mail is complete upon mailing. Notice in the case of a vehicle subject to a security interest that has been perfected on a certificate of title must be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement, the certificate of title, or the transitional ownership record. Once the registered tow truck operator which impounded the vehicle receives notice, the vehicle must not be released except upon written order of the chief law enforcement officer of the agency directing the impoundment or his or her designee, an administrative law judge, or a court.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. At the hearing, if the seizing agency proves by a preponderance of the evidence that the vehicle was operated by a person in violation of RCW 46.61.502 or 46.61.504, and that person has a prior offense as defined by RCW 46.61.5055(8), and has an ownership interest in the vehicle, then the vehicle shall be forfeited. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject and provided further that where the ownership interest subject to forfeiture is bona fide community property, the value of the undivided community property interest of the spouse who was not operating the vehicle in violation of RCW 46.61.502 or 46.61.504 shall not be forfeited nor subject to reduction for towing, removal, or storage charges associated with the forfeiture action. The value of the undivided community property interest not subject to forfeiture or reduction is one-half of the value of the vehicle as defined in subsection (14) of this section after deducting the cost of satisfying any bona fide security interest.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide community property interest and security interest to which the vehicle is subject at the time of seizure and all towing, removal, and storage fees; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

(15) Notwithstanding RCW 46.52.120(2), in any hearing under RCW 46.55.120 to contest the validity of the impoundment or under this section to contest the validity of the forfeiture, an abstract of the person's driving record may be admitted as and is prima facie evidence of

the status of the person's driving privilege and that the person was convicted of each offense shown by the abstract. In addition, a certified vehicle registration of the vehicle sought to be forfeited shall be admissible without further evidentiary foundation.

(16) No determination of facts made by a person conducting a hearing under this section or RCW 46.55.120 shall have any collateral estoppel effect on a subsequent criminal prosecution and shall not preclude litigation of those same facts in a subsequent criminal prosecution.

**Sec. 3.** RCW 46.55.105 and 1995 c 219 s 4 are each amended to read as follows:

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of a traffic infraction, unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101(1) ((or a vehicle theft report filed with a law enforcement agency)) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under section 13 of this act. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

~~((4))~~ (5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.100, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(5), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

~~((5))~~ (6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

**Sec. 4.** RCW 46.55.110 and 1995 c 360 s 6 are each amended to read as follows:

(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) If the date on which a notice required by subsection (2) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(4) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

**Sec. 5.** RCW 46.55.113 and 1997 c 66 s 7 are each amended to read as follows:

Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504, the arresting officer may take custody of the vehicle and provide for its prompt removal to a place of safety. In addition, a police officer may take custody of a vehicle and provide for its prompt removal to a place of safety under any of the following circumstances:

(1) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(2) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(3) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(4) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(5) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(6) Whenever a vehicle without a special license plate, card, or decal indicating that the vehicle is being used to transport a disabled person under RCW 46.16.381 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(7) Upon determining that a person is operating a motor vehicle without a valid driver's license in violation of RCW 46.20.005 or with a license that has been expired for ninety days or more(~~(, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420)).~~

Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

**Sec. 6.** RCW 46.55.120 and 1996 c 89 s 2 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, ~~((or))~~ 46.55.113, or section 2 of this act may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a person redeeming a vehicle impounded under section 2 of this act must prior to redemption establish with the agency that ordered the vehicle impounded that he or she has a valid driver's license and is in compliance with RCW 46.30.020. A vehicle impounded under section 2 of this act can only be released pursuant to a written order from the agency that ordered the vehicle impounded or pursuant to a provision of a state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. In addition, if a vehicle is impounded under section 2 of this act and was being operated by the registered owner when it was impounded, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded that any penalties, fines, or forfeitures owed by him or her have been satisfied. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer's bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district or municipal court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in the small claims department of a district court. If the hearing request is not received by the district or municipal court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district or municipal court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The district or municipal court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the district or municipal court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment under section 2 of this act is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

**Sec. 7.** RCW 46.55.130 and 1989 c 111 s 12 are each amended to read as follows:

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(2) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within ~~((thirty))~~ forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(2).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available.

**NEW SECTION. Sec. 8.** A new section is added to chapter 46.55 RCW to read as follows:

In any administrative or judicial proceeding involving a forfeiture of a vehicle under section 2 of this act, the chief law enforcement officer or court shall provide for the protection of a bona fide community property interest in the vehicle of a person other than the person whose operation of the vehicle with a suspended or revoked license led to the forfeiture.

A security interest in a vehicle other than one held as inventory by a manufacturer or a dealer and for which a certificate of ownership is required is perfected only by compliance with the requirements of section 13 of this act under the circumstances provided for therein or by compliance with the requirements of this section:

(1) A security interest is perfected (~~(only)~~) by the department's receipt of: (a) The existing certificate, if any, and (b) an application for a certificate of ownership containing the name and address of the secured party, and (c) tender of the required fee.

(2) It is perfected as of the time of its creation: (a) If the papers and fee referred to in (~~the preceding~~) subsection (1) of this section are received by this department within (~~eight department business~~) twenty calendar days (~~exclusive~~) of the day on which the security agreement was created; or (b) if the secured party's name and address appear on the outstanding certificate of ownership; otherwise, as of the date on which the department has received the papers and fee required in subsection (1) of this section.

(3) If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

(a) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, the following rules apply:

(b) If the name of the secured party is shown on the existing certificate of ownership issued by that jurisdiction, the security interest continues perfected in this state. The name of the secured party shall be shown on the certificate of ownership issued for the vehicle by this state. The security interest continues perfected in this state upon the issuance of such ownership certificate.

(c) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state; in that case, perfection dates from the time of perfection in this state.

**Sec. 12.** RCW 46.12.101 and 1991 c 339 s 19 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. (~~Within five days, excluding Saturdays, Sundays, and state and federal holidays,~~) The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW (~~46.12.120~~) 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place.

**NEW SECTION. Sec. 13.** A new section is added to chapter 46.12 RCW to read as follows:

(1) The purpose of a transitional ownership record is to enable a security interest in a motor vehicle to be perfected in a timely manner when the certificate of ownership is not available at the time the security interest is created, and to provide for timely notification to security interest holders under chapter 46.55 RCW.

(2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department's computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle:

(a) Is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department; and

(b) To the best of the knowledge of the selling dealer or new security interest holder, the certificate of ownership will not be received for submission to the department within twenty calendar days of the date of sale of the vehicle, or if no sale is involved, within twenty calendar days of the date the security agreement or contract is executed.

(3) A person shall submit the transitional ownership record to the department or to any of its agents or subagents. Agents and subagents shall immediately electronically transmit the transitional ownership records to the department. A transitional ownership document processed and recorded by an agent or subagent may be subject to fees as specified in RCW 46.01.140(4)(a) or (5)(b).

(4) "Transitional ownership record" means a record containing all of the following information:

(a) The date of sale;

(b) The name and address of each owner of the vehicle;

(c) The name and address of each security interest holder;

(d) If there are multiple security interest holders, the priorities of interest if the security interest holders do not jointly hold a single security interest;

(e) The vehicle identification number, the license plate number, if any, the year, make, and model of the vehicle;

(f) The name of the selling dealer or security interest holder who is submitting the transitional ownership record; and

(g) The transferee's driver's license number, if available.

(5) The report of sale form prescribed or approved by the department under RCW 46.12.101 may be used by a vehicle dealer as the transitional ownership record.

(6) Notwithstanding RCW 46.12.095 (1) and (2), compliance with the requirements of this section shall result in perfection of a security interest in the vehicle as of the time the security interest was created. Upon receipt of the certificate of ownership for the vehicle, or upon receipt of written confirmation that only an electronic record of ownership exists or that the certificate of ownership has been lost or destroyed, the selling dealer or new security interest holder shall promptly submit the same to the department together with an application for a new certificate of ownership containing the name and address of the secured party and tender the required fee as provided in RCW 46.12.095(1).

**NEW SECTION. Sec. 14.** RCW 46.20.344 and 1965 ex.s. c 121 s 45 are each repealed."

The motion by Senator Roach carried and the committee striking amendment was not adopted.

## MOTION

Senator Roach moved that the following amendment by Senators Roach, Kline, Stevens, Long, Thibaudeau, Hargrove, Johnson, McCaslin, Fairley, Zarelli and Goings be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that of the three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and

pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420. The impoundment of a vehicle operated in violation of RCW 46.20.342 or 46.20.420 is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws.

**Sec. 2.** RCW 46.55.105 and 1995 c 219 s 4 are each amended to read as follows:

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of a traffic infraction, unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101(1) ((or a vehicle theft report filed with a law enforcement agency)) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under section 12 of this act. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

~~((4))~~ (5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.100, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(5), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

~~((5))~~ (6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

**Sec. 3.** RCW 46.55.110 and 1995 c 360 s 6 are each amended to read as follows:

(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose

authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) If the date on which a notice required by subsection (2) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(4) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

**Sec. 4.** RCW 46.55.113 and 1997 c 66 s 7 are each amended to read as follows:

Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 ~~or of RCW 46.20.342 or 46.20.420, the (arresting officer may take custody of the vehicle and provide for its prompt removal to a place of safety))~~ vehicle is subject to impoundment, pursuant to applicable local ordinance or state agency rule at the direction of a law enforcement officer. In addition, a police officer may take custody of a vehicle and provide for its prompt removal to a place of safety under any of the following circumstances:

(1) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(2) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(3) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(4) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(5) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(6) Whenever a vehicle without a special license plate, card, or decal indicating that the vehicle is being used to transport a disabled person under RCW 46.16.381 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(7) Upon determining that a person is operating a motor vehicle without a valid driver's license in violation of RCW 46.20.005 or with a license that has been expired for ninety days or more ~~(, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420)).~~

Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

**Sec. 5.** RCW 46.55.120 and 1996 c 89 s 2 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (b) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded. An agency may issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (b) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.420 and was being operated by the registered owner when it was impounded, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded that any penalties, fines, or forfeitures owed by him or her have been satisfied. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer's bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the ~~((district))~~ appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the ~~((district))~~ court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the ~~((district))~~ court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The ~~((district))~~ court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the ~~((district))~~ court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.420 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

**Sec. 6.** RCW 46.55.130 and 1989 c 111 s 12 are each amended to read as follows:

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(2) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;  
(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within ~~((thirty))~~ forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(2).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available.

**NEW SECTION. Sec. 7.** A new section is added to chapter 46.55 RCW to read as follows:

(1) This section applies to any impoundment of a vehicle when a driver is arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, as provided for in RCW 46.55.113 and 46.55.120.

(2) Any local government ordinance or state agency rule that provides for impoundment and redemption of vehicles may allow for alternative home impoundment of vehicles for all or part of the impoundment periods authorized in RCW 46.55.120. Home impoundment is an alternative to impoundment by a registered tow truck operator. Home impoundment consists of removing a vehicle to the registered owner's

residence or other property, or to another place authorized by the ordinance or rule, and placing a boot or other device on the vehicle to render it immobile. The jurisdiction authorizing home impoundment may charge a reasonable rental fee for the use of the boot or other device during the period of home impoundment. The local government ordinance or state agency rule may provide that the owner or driver of the vehicle may elect whether to be subject to impoundment under RCW 46.55.120 or home impoundment under this section.

(3) Before any home impoundment is begun, the vehicle must be redeemed as provided for in RCW 46.55.120 if any impoundment has occurred under that section, and any towing fee incurred in getting the vehicle to the place of home impoundment must be paid.

(4) At the end of the period of home impoundment, the vehicle may be released only after all rental fees have been paid and only to a person who would qualify to redeem an impounded vehicle under RCW 46.55.120.

(5) A local ordinance or state agency rule may provide for impoundment by a registered tow truck operator if at the end of the period of home impoundment there is no qualified person to whom the vehicle may be released.

(6) A local ordinance or state agency rule may provide that if the boot or other device on a vehicle in home impoundment is tampered with, damaged, removed, or rendered inoperative, the vehicle may be released only upon payment of all applicable rental fees plus payment of a fee equal to the impoundment costs that would have been incurred had the vehicle been impounded under RCW 46.55.120 during the period of home impoundment.

**Sec. 9.** RCW 46.55.100 and 1995 c 360 s 5 are each amended to read as follows:

(1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator's possession after the ~~((ninety-six))~~ one hundred twenty hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within ~~((fifteen))~~ fourteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle's or other property's owners.

**Sec. 10.** RCW 46.12.095 and 1969 ex.s. c 170 s 16 are each amended to read as follows:

A security interest in a vehicle other than one held as inventory by a manufacturer or a dealer and for which a certificate of ownership is required is perfected only by compliance with the requirements of section 12 of this act under the circumstances provided for therein or by compliance with the requirements of this section:

(1) A security interest is perfected ~~((only))~~ by the department's receipt of: (a) The existing certificate, if any, and (b) an application for a certificate of ownership containing the name and address of the secured party, and (c) tender of the required fee.

(2) It is perfected as of the time of its creation: (a) If the papers and fee referred to in ~~((the preceding))~~ subsection (1) of this section are received by this department within ~~((eight department business))~~ twenty calendar days ~~((exclusive))~~ of the day on which the security agreement was created; or (b) if the secured party's name and address appear on the outstanding certificate of ownership; otherwise, as of the date on which the department has received the papers and fee required in subsection (1) of this section.

(3) If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

(a) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, the following rules apply:

(b) If the name of the secured party is shown on the existing certificate of ownership issued by that jurisdiction, the security interest continues perfected in this state. The name of the secured party shall be shown on the certificate of ownership issued for the vehicle by this state. The security interest continues perfected in this state upon the issuance of such ownership certificate.

(c) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state; in that case, perfection dates from the time of perfection in this state.

**Sec. 11.** RCW 46.12.101 and 1991 c 339 s 19 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. ~~((Within five days, excluding Saturdays, Sundays, and state and federal holidays,))~~ The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW ~~((46.12.120))~~ 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place.

**NEW SECTION. Sec. 12.** A new section is added to chapter 46.12 RCW to read as follows:

(1) The purpose of a transitional ownership record is to enable a security interest in a motor vehicle to be perfected in a timely manner when the certificate of ownership is not available at the time the security interest is created, and to provide for timely notification to security interest holders under chapter 46.55 RCW.

(2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department's computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle:

(a) Is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department; and

(b) To the best of the knowledge of the selling dealer or new security interest holder, the certificate of ownership will not be received for submission to the department within twenty calendar days of the date of sale of the vehicle, or if no sale is involved, within twenty calendar days of the date the security agreement or contract is executed.

(3) A person shall submit the transitional ownership record to the department or to any of its agents or subagents. Agents and subagents shall immediately electronically transmit the transitional ownership records to the department. A transitional ownership document processed and recorded by an agent or subagent may be subject to fees as specified in RCW 46.01.140(4)(a) or (5)(b).

(4) "Transitional ownership record" means a record containing all of the following information:

(a) The date of sale;

(b) The name and address of each owner of the vehicle;

(c) The name and address of each security interest holder;

(d) If there are multiple security interest holders, the priorities of interest if the security interest holders do not jointly hold a single security interest;

(e) The vehicle identification number, the license plate number, if any, the year, make, and model of the vehicle;

(f) The name of the selling dealer or security interest holder who is submitting the transitional ownership record; and

(g) The transferee's driver's license number, if available.

(5) The report of sale form prescribed or approved by the department under RCW 46.12.101 may be used by a vehicle dealer as the transitional ownership record.

(6) Notwithstanding RCW 46.12.095 (1) and (2), compliance with the requirements of this section shall result in perfection of a security interest in the vehicle as of the time the security interest was created. Upon receipt of the certificate of ownership for the vehicle, or upon receipt of written confirmation that only an electronic record of ownership exists or that the certificate of ownership has been lost or destroyed, the selling dealer or new security interest holder shall promptly submit the same to the department together with an application for a new certificate of ownership containing the name and address of the secured party and tender the required fee as provided in RCW 46.12.095(1).

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2836, by House Committee on Natural Resources (originally sponsored by Representatives Pennington, Mielke, Hatfield, Doumit, Buck, Boldt, Dunn, Alexander, Carlson, Kessler, McCune, Thompson and Conway)

Creating a pilot program for the recovery of fish runs.

The bill was read the second time.

## MOTIONS

On motion of Senator Oke, the following Committee on Natural Resources and Parks amendment was adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes the need to address listings that are made under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) in a way that will make the most efficient use of existing efforts. The legislature finds that the principle of adaptive management requires that different models should be tried so that the lessons learned from these models can be put to use throughout the state. It is the intent of the legislature to create a pilot program for southwestern Washington to address the recent steelhead listings and which takes full advantage of all state and local efforts at habitat restoration in that area to date.

**NEW SECTION. Sec. 2.** (1) A pilot program for steelhead recovery is established in Clark, Cowlitz, Lewis, Skamania, and Wahkiakum counties within the habitat area classified as evolutionarily significant unit 4 by the federal national marine fisheries service. The management board created under subsection (2) of this section is responsible for implementing the habitat portion of the approved steelhead recovery initiative and is empowered to receive and disburse funds for the approved steelhead recovery initiative. The management board created pursuant to this section shall constitute the regional council for this area responsible for fulfilling the requirements and exercising the powers of a regional council under chapter . . . , Laws of 1998 (Substitute House Bill No. 2496).

(2) A management board consisting of fifteen voting members is created within evolutionarily significant unit 4. The members shall consist of one county commissioner or designee from each of the five participating counties selected by each county legislative authority; one member representing the cities contained within evolutionarily significant unit 4 as a voting member selected by the cities in evolutionarily significant unit 4; a representative of the Cowlitz Tribe appointed by the tribe; one state legislator elected from one of the legislative districts contained within evolutionarily significant unit 4 selected by that group of state legislators representing the area; five representatives to include at least one member who represents private property interests appointed by the five county commissioners or designees; one hydro utility representative nominated by hydro utilities and appointed by the five county commissioners or designees; and one representative nominated from the environmental community who resides in evolutionarily significant unit 4 appointed by the five county commissioners or designees. The board shall appoint and consult a technical advisory committee, which shall include four representatives of state agencies one each appointed by the directors of the departments of ecology, fish and wildlife, and transportation, and the commissioner of public lands. The board may also appoint additional persons to the technical advisory committee as needed. The chair of the board shall be selected from among the five county commissioners or designees and the legislator on the board. In making appointments under this subsection, the county commissioners shall consider recommendations of interested parties. Vacancies shall be filled in the same manner as the original appointments were selected. No action may be brought or maintained against any management board member, the management board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this section.

(3)(a) The management board shall participate in the development of a recovery plan to implement its responsibilities under (b) of this subsection. The management board shall consider local watershed efforts and activities as well as habitat conservation plans in the implementation of the recovery plan. Any of the participating counties may continue its own efforts for restoring steelhead habitat. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(b) The management board is responsible for implementing the habitat portions of the local government responsibilities of the lower Columbia steelhead conservation initiative approved by the state and the national marine fisheries service. The management board may work in cooperation with the state and the national marine fisheries service to modify the initiative, or to address habitat for other aquatic species that may be subsequently listed under the federal endangered species act. The management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

(c) The management board shall prioritize as appropriate and approve projects and programs related to the recovery of lower Columbia river steelhead runs, including the funding of those projects and programs, and coordinate local government efforts as prescribed in the recovery plan. The management board shall establish criteria for funding projects and programs based upon their likely value in steelhead

recovery. The management board may consider local economic impact among the criteria, but jurisdictional boundaries and factors related to jurisdictional population may not be considered as part of the criteria.

(d) The management board shall assess the factors for decline along each prioritized stream as listed in the lower Columbia steelhead conservation initiative. The management board is encouraged to take a stream-by-stream approach in conducting the assessment which utilizes state and local expertise, including volunteer groups, interest groups, and affected units of local government.

(4) The management board has the authority to hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to cities and counties about potential code changes and the development of programs and incentives upon request, pay all necessary expenses, and may choose a fiduciary agent. The management board shall report on its progress on a quarterly basis to the legislative bodies of the five participating counties and the state natural resource-related agencies.

(5) The pilot program terminates on July 1, 2002.

(6) For purposes of this section, "evolutionarily significant unit" means the habitat area identified for an evolutionarily significant unit of an aquatic species listed or proposed for listing as a threatened or endangered species under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.).

**NEW SECTION. Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

In addition, motor vehicles shall be inspected at each change of registered owner of a licensed vehicle as provided under RCW 46.16.015.

(2) The director shall:

(a) Adopt procedures for conducting emission inspections of motor vehicles. The inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (7) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (7) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(4)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff ((at least fourteen days before)) within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(5) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(6) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(a) "Sex offense" means any offense defined as a sex offense by RCW 9.94A.030 and any violation of RCW 9.68A.040 (sexual exploitation of a minor), 9.68A.050 (dealing in depictions of minor engaged in sexually explicit conduct), 9.68A.060 (sending, bringing into state depictions of minor engaged in sexually explicit conduct), 9.68A.090 (communication with minor for immoral purposes), 9.68A.100 (patronizing juvenile prostitute), or 9A.44.096 (sexual misconduct with a minor in the second degree), as well as any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030.

(b) "Kidnapping offense" means the crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor's parent.

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(7) A person who knowingly fails to register or who moves without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

**Sec. 2.** RCW 9A.44.135 and 1995 c 248 s 3 are each amended to read as follows:

(1) When ~~((a-sex))~~ an offender registers with the county sheriff pursuant to RCW 9A.44.130, the county sheriff shall make reasonable attempts to verify that the ~~((sex))~~ offender is residing at the registered address. Reasonable attempts at verifying an address shall include at a minimum ~~((sending certified mail, with return receipt requested, to the sex offender at the registered address, and if the return receipt is not signed by the sex offender, talking in person with the residents living at the address))~~:

(a) Each year the county sheriff shall send by certified mail, with return receipt requested, a nonforwardable verification form to the offender at the offender's last registered address.

(b) The offender must sign the verification form, state on the form whether he or she still resides at the last registered address, and return the form to the county sheriff within ten days after receipt of the form.

(2) The sheriff shall make reasonable attempts to locate any sex offender who fails to return the verification form or who cannot be located at the registered address. If the offender fails to return the verification form or the offender is not at the last registered address, the county sheriff shall promptly forward this information to the Washington state patrol for inclusion in the central registry of sex offenders.

**Sec. 3.** RCW 9A.44.140 and 1997 c 113 s 4 are each amended to read as follows:

(1) The duty to register under RCW 9A.44.130 shall end:

(a) For a person convicted of a class A felony, or a person convicted of any sex offense or kidnapping offense who has one or more prior conviction for a sex offense or kidnapping offense: Such person may only be relieved of the duty to register under subsection (3) or (4) of this section.

(b) For a person convicted of a class B felony, and the person does not have one or more prior conviction for a sex offense or kidnapping offense: Fifteen years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent fifteen consecutive years in the community without being convicted of any new offenses.

(c) For a person convicted of a class C felony, a violation of RCW 9.68A.090 or 9A.44.096, or an attempt, solicitation, or conspiracy to commit a class C felony, and the person does not have one or more prior conviction for a sex offense or kidnapping offense: Ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent ten consecutive years in the community without being convicted of any new offenses.

(2) The provisions of subsection (1) of this section shall apply equally to a person who has been found not guilty by reason of insanity under chapter 10.77 RCW of a sex offense or kidnapping offense.

(3) Any person having a duty to register under RCW 9A.44.130 may petition the superior court to be relieved of that duty, if the person has spent ten consecutive years in the community without being convicted of any new offenses. The petition shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register, or, in the case of convictions in other states, a foreign country, or a federal or military court, to the court in Thurston county. The prosecuting attorney of the county shall be named and served

as the respondent in any such petition. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after conviction, and may consider other factors. Except as provided in subsection (4) of this section, the court may relieve the petitioner of the duty to register only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

(4) An offender having a duty to register under RCW 9A.44.130 for a sex offense or kidnapping offense committed when the offender was a juvenile may petition the superior court to be relieved of that duty. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after adjudication, and may consider other factors. The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was fifteen years of age or older only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330. The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was under the age of fifteen if the petitioner (a) has not been adjudicated of any additional sex offenses or kidnapping offenses during the twenty-four months following the adjudication for the offense giving rise to the duty to register, and (b) the petitioner proves by a preponderance of the evidence that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

This subsection shall not apply to juveniles prosecuted as adults.

(5) Unless relieved of the duty to register pursuant to this section, a violation of RCW 9A.44.130 is an ongoing offense for purposes of the statute of limitations under RCW 9A.04.080.

(6) Nothing in RCW 9.94A.220 relating to discharge of an offender shall be construed as operating to relieve the offender of his or her duty to register pursuant to RCW 9A.44.130.

**Sec. 4.** RCW 43.43.540 and 1997 c 113 s 6 are each amended to read as follows:

The county sheriff shall forward the information, photographs, and fingerprints obtained pursuant to RCW 9A.44.130, including any notice of change of address, to the Washington state patrol within five working days. The state patrol shall maintain a central registry of sex offenders and kidnapping offenders required to register under RCW 9A.44.130 and shall adopt rules consistent with chapters 10.97, 10.98, and 43.43 RCW as are necessary to carry out the purposes of RCW 9A.44.130, 9A.44.140, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330. The Washington state patrol shall reimburse the counties for the costs of processing the offender registration, including taking the fingerprints and the photographs.

**Sec. 5.** RCW 4.24.550 and 1997 c 364 s 1 and 1997 c 113 s 2 are each reenacted and amended to read as follows:

(1) Public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW ~~((9.94A.030))~~ 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) The extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; and (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large.

(4) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all ~~((sex))~~ offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(5) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify ~~((a-sex))~~ an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(6) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(7) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(8) When a local law enforcement agency or official classifies ~~((a-sex))~~ an offender differently than the offender is classified by the department of corrections, the department of social and health services, or the indeterminate sentence review board, the law enforcement agency or official shall notify the appropriate department or the board and submit its reasons supporting the change in classification.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 9A.44.130 and 1997 c 340 s 3 and 1997 c 113 s 3 are each reenacted and amended to read as follows:

(1) Any adult or juvenile residing, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person.

(2) The person shall provide ~~((the county sheriff with))~~ the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; (e) crime for which convicted; (f) date and place of conviction; (g) aliases used; ~~((and))~~ (h) social security number; (i) photograph; and (j) fingerprints.

(3)(a) Offenders shall register within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection ~~((7))~~ (8) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released.

The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection ((7)) (8) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection ~~((7))~~ (8) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (3)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(4)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff ~~((at least fourteen days before))~~ within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(5) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

~~(6)~~ The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

The prosecuting attorney of the county shall be named and served as the respondent in any such petition. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after conviction, and may consider other factors. Except as provided in subsection (4) of this section, the court may relieve the petitioner of the duty to register only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was under the age of fifteen if the petitioner (a) has not been adjudicated of any additional sex offenses or kidnapping offenses during the twenty-four months following the adjudication for the offense giving rise to the duty to register, and (b) the petitioner proves by a preponderance of the evidence that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

This subsection shall not apply to juveniles prosecuted as adults.

(5) Unless relieved of the duty to register pursuant to this section, a violation of RCW 9A.44.130 is an ongoing offense for purposes of the statute of limitations under RCW 9A.04.080.

(6) Nothing in RCW 9.94A.220 relating to discharge of an offender shall be construed as operating to relieve the offender of his or her duty to register pursuant to RCW 9A.44.130.

**Sec. 4.** RCW 43.43.540 and 1997 c 113 s 6 are each amended to read as follows:

The Washington state patrol shall reimburse the counties for the costs of processing the offender registration, including taking the fingerprints and the photographs.

**Sec. 5.** RCW 4.24.130 and 1995 1st sp.s. c 19 s 14 are each amended to read as follows:

(1) Any person desiring a change of his or her name or that of his or her child or ward, may apply therefor to the district court of the judicial district in which he or she resides, by petition setting forth the reasons for such change; thereupon such court in its discretion may order a change of the name and thenceforth the new name shall be in place of the former.

(2) An offender under the jurisdiction of the department of corrections who applies to change his or her name under subsection (1) of this section shall submit a copy of the application to the department of corrections not fewer than five days before the entry of an order granting the name change. No offender under the jurisdiction of the department of corrections at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate penological interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. An offender under the jurisdiction of the department of corrections who receives an order changing his or her name shall submit a copy of the order to the department of corrections within five days of the entry of the order. (4) The district court shall collect the fees authorized by RCW 36.18.010 for filing and recording a name change order, and transmit the fee and the order to the county auditor. The court may collect a reasonable fee to cover the cost of transmitting the order to the county auditor.

~~((4))~~ (5) Name change petitions may be filed and shall be heard in superior court when the person desiring a change of his or her name or that of his or her child or ward is a victim of domestic violence as defined in RCW 26.50.010(1) and the person seeks to have the name change file sealed due to reasonable fear for his or her safety or that of his or her child or ward. Upon granting the name change, the superior court shall seal the file if the court finds that the safety of the person seeking the name change or his or her child or ward warrants sealing the file. In all cases filed under this subsection, whether or not the name change petition is granted, there shall be no public access to any court record of the name change filing, proceeding, or order, unless the name change is granted but the file is not sealed.

**Sec. 6.** RCW 4.24.550 and 1997 c 364 s 1 and 1997 c 113 s 2 are each reenacted and amended to read as follows:

(1) Public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW ~~((9.94A.030))~~ 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) The extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; and (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large.

(4) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all ~~((sex))~~ offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(5) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify ~~((a-sex))~~ an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(6) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(7) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(8) When a local law enforcement agency or official classifies ~~((a-sex))~~ an offender differently than the offender is classified by the department of corrections, the department of social and health services, or the indeterminate sentence review board, the law enforcement agency or official shall notify the appropriate department or the board and submit its reasons supporting the change in classification.

**Sec. 8.** RCW 18.130.070 and 1989 c 373 s 19 are each amended to read as follows:

(1) The disciplining authority may adopt rules requiring any person, including, but not limited to, licensees, corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by the disciplining authority and state or local governmental agencies, to report to the disciplining authority any conviction, determination, or finding that a license holder has committed an act which constitutes unprofessional conduct, or to report information to the disciplining authority, an impaired practitioner program, or voluntary substance abuse monitoring program approved by the disciplining authority, which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition. To facilitate meeting the intent of this section, the cooperation of agencies of the federal government is requested by reporting any conviction, determination, or finding that a federal employee or contractor regulated by the disciplinary authorities enumerated in this chapter has committed an act which constituted unprofessional conduct and reporting any information which indicates that a federal employee or contractor regulated by the disciplinary authorities enumerated in this chapter may not be able to practice his or her profession with reasonable skill and safety as a result of a mental or physical condition.

(2) If a person fails to furnish a required report, the disciplining authority may petition the superior court of the county in which the person resides or is found, and the court shall issue to the person an order to furnish the required report. A failure to obey the order is a contempt of court as provided in chapter 7.21 RCW.

(3) A person is immune from civil liability, whether direct or derivative, for providing information to the disciplining authority pursuant to the rules adopted under subsection (1) of this section.

(4) The holder of a license subject to the jurisdiction of this chapter shall report to the disciplining authority any conviction, determination, or finding that the licensee has committed unprofessional conduct or is unable to practice with reasonable skill or safety. Failure to report within thirty days of notice of the conviction, determination, or finding constitutes grounds for disciplinary action.

**Sec. 9.** RCW 18.130.080 and 1986 c 259 s 5 are each amended to read as follows:

A person, including but not limited to consumers, licensees, corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by disciplining authorities, and state and local governmental agencies, may submit a written complaint to the disciplining authority charging a license holder or applicant with unprofessional conduct and specifying the grounds therefor or to report information to the disciplining authority, or voluntary substance abuse monitoring program, or an impaired practitioner program approved by the disciplining authority, which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition. If the disciplining authority determines that the complaint merits investigation, or if the disciplining authority has reason to believe, without a formal complaint, that a license holder or applicant may have engaged in unprofessional conduct, the disciplining authority shall investigate to determine whether there has been unprofessional conduct. A person who files a complaint or reports information under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

**Sec. 10.** RCW 18.130.175 and 1993 c 367 s 3 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020(~~(= PROVIDED, That))~~ or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from RCW 42.17.250 through 42.17.450 and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

- (i) An approved monitoring treatment program;
- (ii) The professional association operating the program;
- (iii) Members, employees, or agents of the program or association;
- (iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and
- (v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

**Sec. 11.** RCW 18.130.300 and 1994 sp.s. c 9 s 605 are each amended to read as follows:

(1) The secretary, members of the boards or commissions, or individuals acting on their behalf are immune from suit in any action, civil or criminal, based on any disciplinary proceedings or other official acts performed in the course of their duties.

(2) A voluntary substance abuse monitoring program or an impaired practitioner program approved by a disciplining authority, or individuals acting on their behalf, are immune from suit in a civil action based on any disciplinary proceedings or other official acts performed in the course of their duties.

**NEW SECTION. Sec. 12.** A new section is added to chapter 18.71 RCW to read as follows:

The impaired physician account is created in the custody of the state treasurer. All receipts from RCW 18.71.310 from license surcharges on physicians and physician assistants shall be deposited into the account. Expenditures from the account may only be used for the impaired physician program under this chapter. Only the secretary of health or the secretary's designee may authorize expenditures from the account. No appropriation is required for expenditures from this account.

**Sec. 13.** RCW 18.57A.020 and 1996 c 191 s 39 are each amended to read as follows:

(1) The board shall adopt rules fixing the qualifications and the educational and training requirements for licensure as an osteopathic physician assistant or for those enrolled in any physician assistant training program. The requirements shall include completion of an accredited physician assistant training program approved by the board and eligibility to take an examination approved by the board, providing such examination tests subjects substantially equivalent to the curriculum of an accredited physician assistant training program.

(2)(a) The board shall adopt rules governing the extent to which:

- (i) Physician assistant students may practice medicine during training; and
- (ii) Physician assistants may practice after successful completion of a training course.

(b) Such rules shall provide:

(i) That the practice of an osteopathic physician assistant shall be limited to the performance of those services for which he or she is trained; and

(ii) That each osteopathic physician assistant shall practice osteopathic medicine only under the supervision and control of an osteopathic physician licensed in this state, but such supervision and control shall not be construed to necessarily require the personal presence of the supervising physicians at the place where services are rendered. The board may authorize the use of alternative supervisors who are licensed either under chapter 18.57 or 18.71 RCW.

(3) Applicants for licensure shall file an application with the board on a form prepared by the secretary with the approval of the board, detailing the education, training, and experience of the physician assistant and such other information as the board may require. The application shall be accompanied by a fee determined by the secretary as provided in RCW 43.70.250 and 43.70.280. A surcharge of twenty-five dollars per year may be charged on each license renewal or issuance of a new license to be collected by the department of health for physician assistant participation in an impaired practitioner program. Each applicant shall furnish proof satisfactory to the board of the following:

(a) That the applicant has completed an accredited physician assistant program approved by the board and is eligible to take the examination approved by the board;

(b) That the applicant is of good moral character; and

(c) That the applicant is physically and mentally capable of practicing osteopathic medicine as an osteopathic physician assistant with reasonable skill and safety. The board may require any applicant to submit to such examination or examinations as it deems necessary to determine an applicant's physical and/or mental capability to safely practice as an osteopathic physician assistant.

(4) The board may approve, deny, or take other disciplinary action upon the application for a license as provided in the uniform disciplinary act, chapter 18.130 RCW. The license shall be renewed as determined under RCW 43.70.250 and 43.70.280.

The requirements shall include completion of an accredited physician assistant training program approved by the commission and eligibility to take an examination approved by the commission, if the examination tests subjects substantially equivalent to the curriculum of an accredited physician assistant training program. Physician assistants licensed by the board of medical examiners as of June 7, 1990, shall continue to be licensed.

(2)(a) The commission shall adopt rules governing the extent to which:

(i) Physician assistant students may practice medicine during training; and

(b) Vegetation growth on state lands and private properties adjacent to utility facilities can cause damage to utility facilities and pose public safety concerns where such vegetation grows or falls into these facilities; and

(c) When vegetation from adjacent land or property causes damage to utility facilities, utility service to customers might be disrupted, collateral damage might occur to other properties, and the general public might be placed in imminent danger.

(2) The legislature declares:

(a) Utilities have a dual interest in protecting their facilities from potential damages caused by vegetation on adjacent lands or properties and preserving service continuity and reliability for the customer;

(b) The cutting or removal of trees, timber, and shrubs by a utility from adjacent lands or properties is often done to protect the utility's facilities, to maintain service continuity and reliability, and to protect the general public, not for commercial or profit-motivated purposes; and

(c) Utilities should be immune from liability, including special damages for emotional distress, when a utility cuts or removes from adjacent lands or properties vegetation that has damaged, poses an imminent threat to, or encroached upon utility facilities and the utility has given appropriate notice and opportunity to the land or property owner or resident.

(c) Encroached upon utility facilities and the utility secures an agreement from an adjacent land or property owner of record, or the resident of the property, regarding the cutting or removal and disposal of any trees, timber, or shrubs located on land or property adjacent to utility facilities.

(2) Damages under RCW 64.12.030 or 64.12.040 for cutting or removal of natural vegetation by a utility shall be limited to stumpage value.

(3) In no event shall a utility be liable for damages for emotional distress for cutting or removing any trees, timber, or shrubs located on land or property adjacent to utility facilities.

(4) For the purposes of this section:

(a) "Utility facility" means lines, conduits, ducts, poles, wires, pipes, conductors, cables, cross-arms, receivers, transmitters, transformers, instruments, machines, appliances, instrumentalities, and all devices, real estate, easements, apparatus, property, and routes used, operated, owned, or controlled by an electric, water, or sewer utility, natural gas, or telecommunications company, for the purposes of manufacturing, transmitting, distributing, selling, or furnishing electricity, water, sewer, natural gas, or telecommunications services; and

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that increased communications between local law enforcement officers and the state department of corrections' community corrections officers improves public safety through shared monitoring and supervision of offenders living in the community under the jurisdiction of the department of corrections.

Participating local law enforcement agencies and the local offices of the department of corrections have implemented the supervision management and recidivist tracking program, whereby each entity provides mutual assistance in supervising offenders living within the boundaries of local law enforcement agencies. The supervision management and recidivist tracking program has helped local law enforcement solve crimes faster or prevented future criminal activity by reporting offender's sentence violations in a more timely manner to community corrections officers by rapid and comprehensive electronic sharing of information regarding supervised offenders. The expansion of the supervision management and recidivist tracking program will improve public safety throughout the state.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.10 RCW to read as follows:

There is created, as a component of the homicide investigative tracking system, a supervision management and recidivist tracking system called the SMART system. The office of the attorney general may contract with any state, local, or private agency necessary for implementation of and training for supervision management and recidivist tracking program partnerships for development and operation of a state-wide computer linkage between the attorney general's homicide investigative tracking system, local police departments, and the state department of corrections. Dormant information in the system shall be automatically archived after seven years. The department of corrections shall notify the attorney general when each person is no longer under its supervision."

Debate ensued.

#### POINT OF INQUIRY

Senator Loveland: "Senator Long, I notice that this adds a new responsibility, a new system--a supervision management and recidivist tracking system called the SMART system. Is there any--I read the quick striker as it was laying here--the cost that would be associated with this didn't go to a fiscal committee. I wonder how we are going to pay for this?"

Senator Long: "Senator Loveland, as I recall, this is not funded by the state and it is in existence now. We are merely changing what they can collect and who has access to it."

Senator Loveland: "Well, it does say that we are doing--requiring something new--I do appreciate the definition, but I do still question. We are asking to do something new and I don't see any dollars attached to it."

Senator Long: "There is no fiscal note on the bill. I would be happy to get back to you and get you more information, but this is the SMART program that is currently in place that is a communication link between the Department of Corrections, the local community corrections officers and participating law enforcement agencies and just provides a link to the homicide investigation tracking system."

Senator Loveland: "Thank you."

The commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined

for the furnishing of more than one type of sewer or drainage service and ~~((facility such as but not limited to storm or surface water and sanitary))~~ facilities.

In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system.

The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the ~~((treasurer))~~ auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of sixty days.

"**Sec. 1.** RCW 35.82.040 and 1995 c 293 s 1 are each amended to read as follows:

Except as provided in section 2 of this act, when the governing body of a city adopts a resolution declaring that there is a need for a housing authority, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of ~~((five))~~ four years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the 1990 federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Except as provided in section 2 of this act, three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

NEW SECTION. **Sec. 2.** A new section is added to chapter 35.82 RCW to read as follows:

Upon receiving the notice, the mayor, with approval of the city council, shall appoint additional persons as commissioners of the authority created for the city.

(2) In appointing commissioners, the mayor shall consider persons that represent the community, provided that two commissioners shall consist of tenants that reside in a housing project that is owned by the housing authority.

(3) After the effective date of this section, all commissioners shall be appointed to serve five-year terms, except that all vacancies shall be filled for the remainder of the unexpired term. A commissioner of an authority may not be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter.

(4) A commissioner may be reappointed only after review and approval by the city council.

(5) A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and the certificate is conclusive evidence of the due and proper appointment of the commissioner.

(6) A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

(7) The powers of each authority vest in the commissioners of the authority in office from time to time. Four commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number.

(8) The mayor, with consent of the city council, shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and the authority may employ a secretary, who shall be executive director, technical experts and such other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation.

(9) For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

(b) Secure, or appear to secure, unwarranted privileges or advantages for such commissioner, employee, or appointee to any decision-making body for the housing authority, or others; or

(c) Prejudice, or appear to prejudice, such commissioner's, employee's, or appointee's to any decision-making body for the housing authority independence of judgment in exercise of his or her official duties relating to the housing authority served by or subject to the authority of the commissioner, employee, or appointee to any decision-making body for the housing authority.

(2) No commissioner, employee, or appointee to any decision-making body for the housing authority shall act in an official capacity in any manner in which such commissioner, employee, or appointee to any decision-making body of the housing authority has a direct or indirect financial or personal involvement.

(3) No commissioner, employee, or appointee to any decision-making body for the housing authority shall use his or her public office or employment to secure financial gain to such commissioner, employee, or appointee to any decision-making body for the housing authority.

(4) If any commissioner or employee of an authority or any appointee to any decision-making body for the housing authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure ((~~to~~)) to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner ((~~or~~), employee, or appointee to any decision-making body for the housing authority shall not participate in any action by the authority affecting such property.

(5) No provision of this section shall preclude a tenant of the public housing authority from serving as a commissioner, employee, or appointee to any decision-making body of the housing authority. No provision of this section shall preclude a tenant of the public housing authority who is serving as a commissioner, employee, or appointee to any decision-making body of the housing authority from voting on any issue or decision, or participating in any action by the authority, unless a conflict of interest, as set forth in subsections (1) through (4) of this section, exists as to that particular tenant and the particular property or interest at issue before, or subject to action by the housing authority."

#### MOTION

On motion of Senator West, the following Committee on Ways and Means amendment was adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.88.160 and 1997 c 168 s 6 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of

financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

#### MOTION

On motion of Senator West, the following Committee on Ways and Means amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) The state enhanced 911 excise tax imposed at the current rate of twenty cents per switched access line per month generates adequate tax revenues to enhance the 911 telephone system for switched access lines state-wide by December 31, 1998, as mandated in RCW 38.52.510;

(2) The tax revenues generated from the state enhanced 911 excise tax when the tax rate decreases to a maximum of ten cents per switched access line on January 1, 1999, will not be adequate to fund the long-term operation and equipment replacement costs for the enhanced 911 telephone systems in the counties or multicounty regions that receive financial assistance from the state enhanced 911 office;

(3) Some counties or multicounty regions will need financial assistance from the state enhanced 911 office to implement and maintain enhanced 911 because the tax revenue generated from the county enhanced 911 excise tax is not adequate;

(4) Counties with populations of less than seventy-five thousand will need salary assistance to create multicounty regions and counties with populations of seventy-five thousand or more, if requested by smaller counties, will need technical assistance and incentives to provide multicounty services; and

(5) Counties should not request state financial assistance for implementation and maintenance of enhanced 911 for switched access lines unless the county has imposed the maximum enhanced 911 tax authorized in RCW 82.14B.030.

**Sec. 2.** RCW 82.14B.030 and 1994 c 96 s 3 are each amended to read as follows:

(1) The legislative authority of a county may impose a county enhanced 911 excise tax on the use of switched access lines in an amount not exceeding fifty cents per month for each switched access line. The amount of tax shall be uniform for each switched access line. Each county shall provide notice of such tax to all local exchange companies serving in the county at least sixty days in advance of the date on which the first payment is due.

(2) The legislative authority of a county may also impose a county 911 excise tax on the use of radio access lines located within the county in an amount not exceeding twenty-five cents per month for each radio access line. The amount of tax shall be uniform for each radio access line. The county shall provide notice of such tax to all radio communications service companies serving in the county at least sixty days in advance of the date on which the first payment is due. Any county imposing this tax shall include in its ordinance a refund mechanism whereby the amount of any tax ordered to be refunded by the judgment of a court of record, or as a result of the resolution of any appeal therefrom, shall be refunded to the radio communications service company or local exchange company that collected the tax, and those companies shall reimburse the users who paid the tax. The ordinance shall further provide that to the extent the users who paid the tax cannot be identified or located, the tax paid by those users shall be returned to the county.

(3) ~~((Beginning January 1, 1992,))~~ A state enhanced 911 excise tax is imposed on all switched access lines in the state. ~~((For 1992, the tax shall be set at a rate of twenty cents per month for each switched access line. Until December 31, 1998,))~~ The amount of tax shall not exceed twenty cents per month for each switched access line ~~((and thereafter shall not exceed ten cents per month for each switched access line))~~. The tax shall be uniform for each switched access line. The tax imposed under this subsection shall be remitted to the state treasurer by local exchange companies on a tax return provided by the department within thirty days after the end of the month in which the tax was collected. A local exchange company that serves less than two percent of the access lines in the state of Washington may remit the tax to the state treasurer thirty days after the last day of the calendar quarter in which the tax was due to the local exchange company. Tax proceeds shall be deposited by the treasurer in the enhanced 911 account created in RCW 38.52.540.

(4) By August 31st of each year the state enhanced 911 coordinator shall recommend the level for the next year of the state enhanced 911 excise tax, based on a systematic cost and revenue analysis, to the utilities and transportation commission. The commission shall by the following October 31st determine the level of the state enhanced 911 excise tax for the following year.

**Sec. 3.** RCW 38.52.540 and 1994 c 96 s 7 are each amended to read as follows:

The enhanced 911 account is created in the state treasury. All receipts from the state enhanced 911 excise tax imposed by RCW 82.14B.030 shall be deposited into the account. Moneys in the account shall be used only to help implement and operate enhanced 911 state-wide ~~((, and to conduct a study of the tax base and rate for the 911 excise tax))~~. Moneys in the account may be used to provide salary assistance on a temporary basis not to exceed three years to counties with a population of less than seventy-five thousand that need additional resources to cover unfunded costs that can be shown to result from handling 911 calls. Moneys in the account may be used to assist multicounty regions, including ongoing salary assistance for multicounty regions consisting of counties with populations of less than seventy-five thousand. However, funds shall not be distributed to any county that has not imposed the maximum county enhanced 911 taxes allowed under RCW 82.14B.030 (1) and (2). The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall specify by rule the purposes for which moneys may be expended from this account.

NEW SECTION. **Sec. 4.** This act takes effect July 1, 1998."

Debate ensued.

#### POINT OF INQUIRY

Senator Fairley: "Senator Roach, are you aware that this section--section 14--there is no protection order involved, there is no court order involved? This is a completely separate section that deals with only having three incidences in which you have either pushed or shoved--it could be as little as that involved?"

Senator Roach: "What I am aware of, Senator Fairley, is that this particular amendment, according to the affect statement which I know that you have in front of you, says, 'three or more prior convictions for specified crimes against the same victim is an aggravating circumstance.' The way the bill is right now, you don't have to have those three prior convictions. The adding of this amendment would dilute the whole essence of the bill."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Fairley on page 2, beginning on line 33, to the Committee on Law and Justice striking amendment to House Bill No. 1297.

## MOTION

On motion of Senator Hochstatter, the rules were suspended, Engrossed Substitute House Bill No. 1230 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Patterson: "Senator Hochstatter, I am generally supportive of the legislation, but there is a part of the legislation that I don't completely understand. May I have permission, Mr. President, to read from the bill?"

President Owen: "With permission of the body, you may read."

Senator Patterson: "Senator Hochstatter, it says that no employee of the school district may prompt students to express religious opinions. and this is on page 2, lines 24 through 27. I simply would like to know what the intent of that language is. I would like to know-- does this mean that, for instance a teacher, does it mean that a teacher can't ask a question about whether or not the provisions in the Declaration of Independence, which speak of God-given unalienable rights are appropriate? Would a teacher be able to engage a class in a discussion like that about the appropriateness of the God-given unalienable rights as stated in the Declaration of Independence? Would the teacher be censored from engaging a class in a discussion about that--if this legislation should pass?"

Senator Hochstatter: "Thank you, Senator Patterson. No, they would not. What happened--this arose because a child's rights were impaired by a teacher. In cases, generally, it is the parent that transmits or the adult that transmits against the student. The object of the bill is to allow the student the broadest expression without adult interference. Thank you."

Further debate ensued.

#### POINT OF INQUIRY

Senator Heavey: "Senator Hochstatter, on the news a few years ago, there was a young boy, I think from North Carolina, who stood out on the school grounds pounding the bible and yelling, that all the kids were going to go to hell. Then he would do it in the classroom. Would this bill keep a disruptive student in school if he was expressing religious beliefs?"

Senator Hochstatter: "Senator Heavey, not being a lawyer, I think this disruptive behavior is not condoned in this bill."

Senator Heavey: "But, parts of this bill say you cannot penalize a student for expressing religious beliefs. If they are expressing their religious beliefs, but if they are standing up and disrupting the classroom, could they be penalized--would this prevent them from being penalized?"

Senator Hochstatter: "Senator Heavey, I don't have the strict definition that a lawyer may have, but if your religious belief is to paint graffiti, for example, that is specifically expressed by the law. I don't think there would be any problem whatsoever in prohibiting that kind of behavior or any other kind of destructive, abusive or disruptive behavior."

Senator Heavey: "So, under this bill, a child could still be reprimanded--kicked out of school--if they were being extremely disruptive, even though the disruption was preaching in class?"

Senator Hochstatter: "Thank you."

Senator Heavey: "Is that correct?"

Senator Rasmussen asked Senator Hochstatter to yield to a question and Senator Hochstatter would not yield.

Further debate ensued.

#### MOTION

On motion of Senator Johnson, further consideration of Engrossed Substitute House Bill No. 1230 was deferred.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early release time or imposed pursuant to RCW 9.94A.120 (6), (8), or (10) served in the community subject to controls placed on the inmate's movement and activities by the department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(8) "Confinement" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

Upon conviction for vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), or vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a), legal financial obligations may also include payment to a public agency of the expense of an emergency response to the incident resulting in the conviction, subject to the provisions in RCW 38.52.430.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(12) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinative sentence.

(17) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection ~~((7))~~ (8) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection ~~((7))~~ (8) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

~~((4))~~ (5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff at least fourteen days before moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

~~((5))~~ (6) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

~~((6))~~ (7) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 87.03.845 and 1993 c 235 s 2 are each amended to read as follows:

This section and RCW 87.03.847 through 87.03.855 provide the procedures by which a minor irrigation district may be merged into a major irrigation district as authorized by RCW 87.03.530(2).

To institute proceedings for such a merger, the board of directors of the minor district shall adopt a resolution requesting the board of directors of the major district to consider the merger, or proceedings for such a merger may be instituted by a petition requesting the board of directors of the major district to consider the merger, signed by ten owners of land within the minor district or five percent of the total number of landowners within the minor district, whichever is greater. However, if there are fewer than twenty owners of land within the minor irrigation district, the petition shall be signed by a majority of the landowners and filed with the board of directors of the major irrigation district.

The board of directors of the major irrigation district shall consider the request at the next regularly scheduled meeting of the board of directors of the major district following its receipt of the minor district's request or at a special meeting called for the purpose of considering the request. If the board of the major district denies the request of the minor district, no further action on the request shall be taken.

If the board of the major district does not deny the request, it shall conduct a public hearing on the request and shall give notice regarding the hearing. The notice shall describe the proposed merger and shall be published once a week for two consecutive weeks preceding the date of the hearing and the last publication shall be not more than seven days before the date of the hearing. The notice shall contain a statement that unless the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the hearing, the board is free to approve the request for the merger without an election being conducted in the major district on the request. If the board of the major district is considering requests from more than one minor district, the hearing shall be conducted on all such requests.

**Sec. 2.** RCW 87.80.130 and 1996 c 320 s 11 are each amended to read as follows:

(1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property

rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or, transfer the water to others, or both. A redistribution of saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law. Prior to undertaking a water conservation or system efficiency improvement project which will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and if the board's jurisdiction is within a United States reclamation project the board must obtain the approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users. A board of control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in a case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

(6) A board of joint control created under this chapter may not use any authority granted to it by this chapter or by RCW 90.03.380 to authorize a transfer of or change in a water right or to authorize a redistribution of saved water before July 1, 1997.

#### MOTION

On motion of Senator Morton, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 87.03.845 and 1993 c 235 s 2 are each amended to read as follows:

This section and RCW 87.03.847 through 87.03.855 provide the procedures by which a minor irrigation district may be merged into a major irrigation district as authorized by RCW 87.03.530(2).

To institute proceedings for such a merger, the board of directors of the minor district shall adopt a resolution requesting the board of directors of the major district to consider the merger, or proceedings for such a merger may be instituted by a petition requesting the board of directors of the major district to consider the merger, signed by ten owners of land within the minor district or five percent of the total number of landowners within the minor district, whichever is greater. However, if there are fewer than twenty owners of land within the minor irrigation district, the petition shall be signed by a majority of the landowners and filed with the board of directors of the major irrigation district.

The board of directors of the major irrigation district shall consider the request at the next regularly scheduled meeting of the board of directors of the major district following its receipt of the minor district's request or at a special meeting called for the purpose of considering the request. If the board of the major district denies the request of the minor district, no further action on the request shall be taken.

If the board of the major district does not deny the request, it shall conduct a public hearing on the request and shall give notice regarding the hearing. The notice shall describe the proposed merger and shall be published once a week for two consecutive weeks preceding the date of the hearing and the last publication shall be not more than seven days before the date of the hearing. The notice shall contain a statement that unless the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the hearing, the board is free to approve the request for the merger without an election being conducted in the major district on the request. If the board of the major district is considering requests from more than one minor district, the hearing shall be conducted on all such requests.

**Sec. 2.** RCW 87.80.130 and 1996 c 320 s 11 are each amended to read as follows:

(1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or, transfer the water to others, or both. A redistribution of saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law. Prior to undertaking a water conservation or system efficiency improvement project which will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and if the board's jurisdiction is within a United States reclamation project the board must obtain the approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users. A board of control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in a case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

(6) A board of joint control created under this chapter may not use any authority granted to it by this chapter or by RCW 90.03.380 to authorize a transfer of or change in a water right or to authorize a redistribution of saved water before July 1, 1997."

## MOTIONS

On motion of Senator Morton, the following title amendment was adopted:

On motion of Senator Morton, the rules were suspended, Substitute House Bill No. 2710, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Loveland: "Senator Morton, would you just briefly--I listened to your explanation and I was aware of what was on the pink calendar--what does this striker do different than what the current law is, because you are talking about islands, but this talks about a large irrigation district and a small irrigation district merging and the number of people required? I wondered how this is different than what goes on now?"

Senator Morton: "As I understand it, Senator Loveland, the large districts are not able to absorb some of the--what are called--island districts--some of the smaller ones, and allow them to continue with the same rights that they have had. So, this now corrects that and allows that to take place. If the island districts want to be merged with the larger districts, they can, but they retain their same rights."

Protecting sport shooting ranges.

#### MOTION

Senator Roach moved that the following Committee on Law and Justice amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that sport shooting ranges in this state offer valuable hunter and firearm safety training, legitimate and important forms of recreation to the general public, and provide the opportunity for many law enforcement agencies to maintain necessary firearms skills efficiently and at little or no cost. The continued existence and viability of sport shooting ranges is impacted by burdensome retroactive regulation and lawsuits, thereby potentially threatening the availability of low-cost firearms training to some local law enforcement agencies, as well as hunter and firearms safety training and recreation to the general public.

NEW SECTION. Sec. 2. A new section is added to chapter 9.41 RCW to read as follows:

(1)(a) Notwithstanding any other provision of law, a person who operates or uses a sport shooting range in this state is not subject to civil liability or criminal prosecution in a matter relating to noise or noise pollution resulting from the operation or use of the range if the range is in compliance with any noise control laws or ordinances that applied to the range and its operation at the time of construction or initial operation of the range.

(b) A person who operates or uses a sport shooting range is not subject to an action for nuisance, and a court of the state shall not enjoin the use or operation of a range on the basis of noise or noise pollution, if the range is in compliance with any noise control laws or ordinances that applied to the range and its operation at the time of construction or initial operation of the range.

(c) Rules adopted by any state department or agency for limiting levels of noise in terms of decibel level that may occur in the outdoor atmosphere do not apply to a sport shooting range exempted from liability under this section.

(2) A person who acquires title to or who owns real property adversely affected by the use of property with a permanently located and improved sport shooting range shall not maintain a nuisance action against the person who owns the range to restrain, enjoin, or impede the use of the range where there has not been a substantial change in the nature of the use of the range. This subsection does not prohibit actions for negligence or recklessness in the operation of the range or by a person using the range.

(3) A sport shooting range that is operated and is not in violation of existing law at the time of the enactment of an ordinance must be permitted to continue in operation even if the operation of the sport shooting range at a later date does not conform to the new ordinance or an amendment to an existing ordinance.

(4) A person who participates in sport shooting at a sport shooting range accepts the risks associated with the sport to the extent the risks are obvious and inherent. Those risks include, but are not limited to, injuries that may result from noise, discharge of a projectile or shot, malfunction of sport shooting equipment not owned by the shooting range, natural variations in terrain, surface or subsurface snow or ice conditions, bare spots, rocks, trees, and other forms of natural growth or debris.

(5) Except as otherwise provided in this section, this section does not prohibit a local government from regulating the location and construction of a sport shooting range after the effective date of this act.

(6) As used in this section:

(a) "Local government" means a county, city, or town.

(b) "Person" means an individual, proprietorship, partnership, corporation, club, or other legal entity.

(c) "Sport shooting range" or "range" means an area designed and operated for the use of rifles, shotguns, pistols, silhouettes, skeet, trap, black powder, or any other similar sport shooting."

This subsection (2) does not prohibit an action for negligent, reckless or intentional acts by a person owning or operating a range or any person engaged in any activity permitted by the owner or operator of the range while the person is on the range."

Senator Roach demanded a roll call and the demand was sustained.

#### MOTION

While we didn't use the bar--the bar was not open--we did serve champagne for the toast to the bride. Yes, the range was in operation, but we had two or three hundred people there for the wedding, because it is a gorgeous facility. Would we have been prohibited from doing that?"

Senator Heavey: "Absolutely, yes."

Further debate ensued.

The provisions of section 2 (1), (2), and (3) of this act do not apply to sport shooting ranges which, since commencement of operation as a range, have: (a) been found to not be in compliance with laws or rules or regulations relating to its operation as a range; (b) violated conditions which were imposed as necessary to the issuance of any permit to build or operate the range; (c) expanded in geographic size through acquiring title to, or the right to use, real property adjoining the range; or (d) experienced an increase in users of fifty percent or greater since the conclusion of the first year of operation."

## POINT OF INQUIRY

Senator Rasmussen: "Senator Spanel, in reading the last few lines it says, 'an increase in users of fifty percent or greater since the conclusion of the first year of operation.' Some of these ranges, I am thinking of the Tacoma Sportsmen's Club, started out with, perhaps, fifty members and they have been in operation for sixty years and now they have, perhaps, three hundred members. Isn't that an increase of over fifty percent? Would they be considered the same as if you were in violation of other things, even though this facility answers to all the other rules and regulations?"

Senator Spanel: "Well, I think clearly, that is a larger facility than it started out, so if you are going to say, base this whole bill on one--you know--when a shooting range began, that is a significant increase in use, from the very beginning."

Senator Rasmussen: "Is this an increase in use or an increase in the land that they operate on?"

Senator Spanel: "It is an increase in the number of people, so I would presume an increase in use."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senators Spanel, Fraser and Fairley on page 2, after line 32, to the Committee on Law and Justice striking amendment to Substitute House Bill No. 1541.

On line 1 of the title, after "ranges;" strike the remainder of the title and insert "adding a new section to chapter 9.41 RCW; and creating a new section."

On page 3, line 5 of the title amendment, after "RCW;" strike "and creating a new section" and insert "creating a new section; and providing an effective date"

On motion of Senator Roach, the rules were suspended, Substitute House Bill No. 1541, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

## MOTION

Senator Long moved that the following Committee on Human Services and Corrections amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 13.34.020 and 1990 c 284 s 31 are each amended to read as follows:

The legislature declares that the family unit is a fundamental resource of American life which should be nurtured. Toward the continuance of this principle, the legislature declares that the family unit should remain intact unless a child's right to conditions of basic nurture, health, or safety is jeopardized. When the rights of basic nurture, physical and mental health, and safety of the child and the legal rights of the parents are in conflict, the rights and safety of the child should prevail. In making reasonable efforts under this chapter, the child's health and safety shall be the paramount concern. The right of a child to basic nurturing includes the right to a safe, stable, and permanent home and a speedy resolution of any proceeding under this chapter.

**Sec. 2.** RCW 13.34.130 and 1997 c 280 s 1 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(4)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(i) There is no parent or guardian available to care for such child;

(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;

(iii) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds ~~((#))~~: (a) Termination is recommended by the supervising agency~~((, that it))~~; (b) termination is in the best interests of the child; and (c) that ~~((it is not reasonable to provide further services to reunify the family))~~ because of the existence of aggravated circumstances ~~((make it unlikely that services will effectuate the return of the child to the child's parents in the near future))~~, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interest of the child. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

~~((a))~~ (i) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

~~((b))~~ (ii) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

~~((c))~~ (iii) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

~~((d))~~ (iv) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

~~((e))~~ (v) Conviction of the parent of attempting, soliciting, or conspiracy to commit a crime listed in (c)(i), (ii), (iii), or (iv) of this subsection:

(vi) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

~~((f))~~ (vii) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.

(3) If reasonable efforts are not ordered under this subsection (3) a permanency plan hearing shall be held within thirty days. Reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child

pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

~~((4))~~ (5) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home is inconsistent with the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan of care and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

~~((5))~~ (7) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

**Sec. 3.** RCW 13.34.145 and 1995 c 311 s 20 and 1995 c 53 s 2 are each reenacted and amended to read as follows:

(1) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.

(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

~~(3)((a) For children ten and under,)~~ A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree or guardianship order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

~~((b) For children over ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree or guardianship order has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.))~~

(4) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve ~~((or eighteen))~~ months, as provided in subsection (3) of this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree or guardianship order is entered, or the dependency is dismissed.

(5) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(6) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130~~((5))~~ (7) and shall review the permanency plan prepared by the agency. If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 and 13.34.130(7). If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. In cases where the primary permanency planning goal has not yet been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. In all cases, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.130~~((5))~~ (7), and the court shall determine the need for continued intervention.

(8) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(9) Except as otherwise provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.130~~((5))~~ (7), until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

**Sec. 4.** RCW 13.34.180 and 1997 c 280 s 2 are each amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege:

- (1) That the child has been found to be a dependent child under RCW 13.34.030(4); and
- (2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and
- (3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(4); and
- (4) That the services ordered under RCW 13.34.130 have been clearly offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided; and
- (5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future.

A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(a) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or

(b) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home; or

(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found; or

(8) In lieu of the allegations in subsections (2) through (6) of this section, the petition may allege that the parent has been found by a court of competent jurisdiction:

(a) To have committed, against another child of such parent, murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW;

(b) To have committed, against another child of such parent, manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW;

(c) To have attempted, conspired, or solicited to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) To have committed assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

~~((A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been offered or provided.))~~

Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

**NEW SECTION. Sec. 5.** A new section is added to chapter 13.34 RCW to read as follows:

The department shall file a petition for the expedited termination of a parent and child relationship when the court determines that an infant, under three years of age, has been abandoned as defined in RCW 13.34.030(4)(a). The department shall, concurrently with proceeding with the petition, identify, recruit, process, and approve a qualified family for an adoption unless: (1) At the option of the department, the infant is being cared for by a relative; (2) the department has documented in the case plan a compelling reason for determining that the filing of such petition would not be in the best interest of the infant; or (3) the department has not provided the family such services as the department deems necessary for the safe return of the infant to the infant's home, if reasonable efforts are required to be made.

For the purposes of this section "expedited" refers to the filing of a petition for the termination of a parent and child relationship five months after an infant has been determined to be abandoned.

**Sec. 6.** RCW 13.34.190 and 1993 c 412 s 3 are each amended to read as follows:

After hearings pursuant to RCW 13.34.110, the court may enter an order terminating all parental rights to a child if the court finds that:

(1)(a) The allegations contained in the petition as provided in RCW 13.34.180 (1) through (6) are established by clear, cogent, and convincing evidence; or

~~((2))~~ (b) RCW 13.34.180 (3) and (4) may be waived because the allegations under RCW 13.34.180 (1), (2), (5), and (6) are established beyond a reasonable doubt; or

~~((3))~~ (c) The allegation under RCW 13.34.180(7) is established beyond a reasonable doubt. In determining whether RCW 13.34.180 (5) and (6) are established beyond a reasonable doubt, the court shall consider whether one or more of the aggravated circumstances listed in RCW 13.34.130(2) exist; or

(d) The allegation under RCW 13.34.180(8) is established beyond a reasonable doubt; and

~~((4))~~ (2) Such an order is in the best interests of the child.

**Sec. 7.** RCW 74.15.130 and 1995 c 302 s 5 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to

the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

**Sec. 8.** RCW 26.44.020 and 1997 c 386 s 45, 1997 c 386 s 24, 1997 c 282 s 4, and 1997 c 132 s 2 are each reenacted and amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the alleged perpetrator of the allegations of child abuse and neglect at the earliest possible point in the investigation that will not jeopardize the safety and protection of the child or the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under chapter 26.44 RCW, the department shall notify the alleged perpetrator of the report and the department's investigative findings. The notice shall also advise the alleged perpetrator that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) ~~((There is currently information in the department's record that may))~~ Founded reports of child abuse and neglect may be considered in determining ~~((that))~~ whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) ~~((A person who has demonstrated a good faith desire to work in a licensed agency may request an informal meeting with the department to have an opportunity to discuss and contest the information currently in the record.))~~ An alleged perpetrator named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The notification required by this section shall be made by ~~((regular))~~ certified mail, return receipt requested, to the person's last known address.

(4) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

**NEW SECTION. Sec. 10.** A new section is added to chapter 26.44 RCW to read as follows:

(1) A person who is named as an alleged perpetrator after October 1, 1998, in a founded report of child abuse or neglect has the right to seek review and amendment of the finding as provided in this section.

(2) Within twenty calendar days after receiving written notice from the department under RCW 26.44.100 that a person is named as an alleged perpetrator in a founded report of child abuse or neglect, he or she may request that the department review the finding. The request must be made in writing. If a request for review is not made as provided in this subsection, the alleged perpetrator may not further challenge the finding and shall have no right to agency review or to an adjudicative hearing or judicial review of the finding.

(3) Upon receipt of a written request for review, the department shall review and, if appropriate, may amend the finding. Management level staff within the children's administration designated by the secretary shall be responsible for the review. The notification must be sent by certified mail, return receipt requested, to the person's last known address.

(4) If, following agency review, the report remains founded, the person named as the alleged perpetrator in the report may request an adjudicative hearing to contest the finding. The adjudicative proceeding is governed by chapter 34.05 RCW and this section. The request for an adjudicative proceeding must be filed within thirty calendar days after receiving notice of the agency review determination. If a request for an adjudicative proceeding is not made as provided in this subsection, the alleged perpetrator may not further challenge the finding and shall have no right to agency review or to an adjudicative hearing or judicial review of the finding.

(5) Reviews and hearings conducted under this section are confidential and shall not be open to the public. Information about reports, reviews, and hearings may be disclosed only in accordance with federal and state laws pertaining to child welfare records and child protective services reports.

(6) The department may adopt rules to implement this section.

**Sec. 11.** RCW 74.13.031 and 1997 c 386 s 32 and 1997 c 272 s 1 are each reenacted and amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

- (1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of homeless, runaway, dependent, or neglected children.
- (2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."
- (3) Investigate complaints of ~~((alleged neglect, abuse, or abandonment of children))~~ any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.
- (4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

**Sec. 13.** RCW 70.190.060 and 1996 c 132 s 3 are each amended to read as follows:

(1) The legislature authorizes community public health and safety networks to reconnect parents and other citizens with children, youth, families, and community institutions which support health and safety. The networks have only those powers and duties expressly authorized under this chapter. The networks should empower parents and other citizens by being a means of expressing their attitudes, spirit, and perspectives regarding safe and healthy family and community life. The legislature intends that parent and other citizen perspectives exercise a controlling influence over policy and program operations of professional organizations concerned with children and family issues within networks in a manner consistent with the Constitution and state law. It is not the intent of the legislature that health, social service, or educational professionals dominate community public health and safety network processes or programs, but rather that these professionals use their skills to lend support to parents and other citizens in expressing their values as parents and other citizens identify community needs and establish community priorities. To this end, the legislature intends full participation of parents and other citizens in community public health and safety networks. The intent is that local community values are reflected in the operations of the network.

(2) A group of persons described in subsection (3) of this section may apply to be a community public health and safety network.

(3) Each community public health and safety network shall be composed of twenty-three people, thirteen of whom shall be citizens who live within the network boundary with no fiduciary interest. In selecting these members, first priority shall be given to members of community mobilization advisory boards, city or county children's services commissions, human services advisory boards, or other such organizations. The thirteen persons shall be selected as follows: Three by chambers of commerce, three by school board members, three by county legislative authorities, three by city legislative authorities, and one high school student, selected by student organizations. The remaining ten members shall live or work within the network boundary and shall include local representation selected by the following groups and entities: Cities; counties; federally recognized Indian tribes; parks and recreation programs; law enforcement agencies; state children's service workers; employment assistance workers; private social service providers, broad-based nonsecular organizations, or health service providers; and public education.

(4) Each of the twenty-three people who are members of each community public health and safety network must sign an annual declaration under penalty of perjury or a notarized statement that clearly, in plain and understandable language, states whether or not he or she has a fiduciary interest. If a member has a fiduciary interest, the nature of that interest must be made clear, in plain understandable language, on the signed statement.

(5) Members of the network shall serve terms of three years.

The terms of the initial members of each network shall be as follows: (a) One-third shall serve for one year; (b) one-third shall serve for two years; and (c) one-third shall serve for three years. Initial members may agree which shall serve fewer than three years or the decision may be made by lot. Any vacancy occurring during the term may be filled by the chair for the balance of the unexpired term.

~~((5))~~ (6) Not less than sixty days before the expiration of a network member's term, the chair shall submit the name of a nominee to the network for its approval. The network shall comply with subsection (3) of this section.

~~((6))~~ (7) Networks are subject to the open public meetings act under chapter 42.30 RCW and the public records provisions of RCW 42.17.270 through 42.17.310.

**Sec. 14.** RCW 70.190.130 and 1996 c 132 s 8 are each amended to read as follows:

(1) The council shall only disburse funds to a network after a comprehensive plan has been prepared by the network and approved by the council. In approving the plan the council shall consider whether the network:

(a) Promoted input from the widest practical range of agencies and affected parties, including public hearings;  
(b) Reviewed the indicators of violence data compiled by the local public health departments and incorporated a response to those indicators in the plan;

(c) Obtained a declaration by the largest health department within the network boundary, indicating whether the plan meets minimum standards for assessment and policy development relating to social development according to RCW 43.70.555;

(d) Included a specific mechanism of data collection and transmission based on the rules established under RCW 43.70.555;

(e) Considered all relevant causes of violence in its community and did not isolate only one or a few of the elements to the exclusion of others and demonstrated evidence of building community capacity through effective neighborhood and community development;

(f) Considered youth employment and job training programs outlined in this chapter as a strategy to reduce the rate of at-risk children and youth;

(g) Integrated local programs that met the network's priorities and were deemed successful by the network;

(h) Committed to make measurable reductions in the rate of at-risk children and youth by reducing the rate of state-funded out-of-home placements and make reductions in at least three of the following rates of youth: Violent criminal acts, substance abuse, pregnancy and male parentage, suicide attempts, dropping out of school, child abuse or neglect, and domestic violence; and

(i) Held a public hearing on its proposed comprehensive plan and submitted to the council all of the written comments received at the hearing and a copy of the minutes taken at the hearing.

(2) The council may establish a maximum amount to be expended by a network for purposes of planning and administrative duties~~((, that shall not, in total, exceed ten percent of funds available to a network))~~. The council shall determine, as needed, the appropriate maximum amount that can be spent by a network or group of networks on planning and administrative duties. This amount shall be determined after considering the size of the budgets of each network and giving consideration to setting a higher percentage for administrative and planning purposes in budgets for smaller networks and a smaller percentage of the budgets for administration and planning purposes in larger networks.

(3) The council may determine that a network is not in compliance with this chapter if it fails to comply with statutory requirements. Upon a determination of noncompliance, the council may suspend or revoke a network's status or contract and specify a process and deadline for the network's compliance.

NEW SECTION. **Sec. 15.** Section 10 of this act takes effect October 1, 1998."

## MOTION

Senator Zarelli moved that the following amendment by Senators Zarelli, Long, Hargrove and Kohl to the Committee on Human Services and Corrections striking amendment be adopted:

On page 27, after line 12 of the amendment, insert the following:

"NEW SECTION. **Sec. 15.** The legislature finds that it is critically important to the basic nurture, health, and safety of children that the state operate a state-wide program relating to child abuse and neglect that includes the creation of regional citizen review panels. The creation of these panels is intended to meet the federal requirements contained in the federal child abuse prevention and treatment act, 42 U.S.C. Sec. 5106a. Citizen review panels will enable community members to contribute to improving the policy and programs critical to the well-being of children and their families and to ensure that the state's plan for the prevention and investigation of child abuse and neglect is being carried out as intended by the legislature. It has been long-standing public policy in Washington that the family unit is a fundamental resource of American life which should be nurtured. Toward continuation of this principle, the legislature finds that through the performance of these panels, which are broadly representative of the community, knowledge of the policies and procedures of state and local agencies and an examination of specific cases will occur. From this an evaluation of the state-wide program to prevent child abuse and neglect will yield improvements that are in the best interest of children and families and further the principle that the family unit should remain intact, recognizing that the child's health and safety are paramount.

**NEW SECTION. Sec. 16.** There are hereby created a minimum of six citizen review panels, at least one for each service delivery region of the department of social and health services. The department of community, trade, and economic development shall contract with a private nonprofit organization to serve as the administrator for and the appointing authority of the citizen review panels. The department or its contractor shall provide administrative coordination and support to the local citizen review panels and shall:

- (1) Recruit applicants through public service announcements in local radio, television, and newspapers of record and accept application on a first-come basis based on postmarked date of receipt;
- (2) Obtain background checks, screening applicants on the same suitability, character, and competence standards as required in RCW 74.15.130;
- (3) Select citizen review panel members for each region and establish basic requirements for participation;
- (4) Stagger the terms of membership on each panel so that there is always a quorum of members who have had at least six months' experience and have participated in at least two meetings of the panel;
- (5) Provide consultation and basic training to local panels as requested;
- (6) Compile and provide aggregate citizen review panel reports;
- (7) Consider recommendations of local teams; and
- (8) Ensure that they meet at least every three months.

**NEW SECTION. Sec. 17.** The department shall ensure that the citizen review panels have been created no later than July 1, 1999.

**NEW SECTION. Sec. 18.** (1) The citizen review panels shall have only those powers and duties expressly authorized under this chapter.

(2) The citizen review panels must have access to all information from the department of social and health services, criminal justice agencies, law enforcement, schools, and medical providers, and other sources that have relevant information, including reports and records made and maintained by the department and its contracting agencies.

(3) The panels shall receive, upon request and with the full assistance of the agency with the information, complete access to information on cases that the panel desires to review if such information is necessary for the panel to carry out its duties.

(4) The citizen review panels must preserve the confidentiality of all records in order to protect the rights of the child and of the child's parents or guardians. However, the state shall always have the right to refuse to disclose identifying information concerning the individual alleging suspected instances of child abuse or neglect. The state must make such information known to the citizen review panel only where a court orders such disclosure after such court has reviewed, in camera, the record of the state related to the report or complaint and has found it has reason to believe that the reporter knowingly made a false report.

**NEW SECTION. Sec. 19.** The powers and duties of the citizen review panels are to:

(1) Examine the policies and procedures of state agencies and, where appropriate, specific cases, to evaluate the extent to which the agencies are effectively discharging their child protection responsibilities according to the state law and the state plan required under 42 U.S.C. Sec. 5106a. These responsibilities may include a review of any of the following:

- (a) The extent to which the state agencies and community-based programs have developed the capacity to integrate shared leadership strategies between parents and professionals to prevent and treat child abuse and neglect at the neighborhood level;
- (b) Intake, assessment, and screening, and investigation processes for reports of child abuse and neglect;
- (c) Multidisciplinary teams and interagency protocols used to enhance child abuse and neglect investigations;
- (d) Legal preparation and representation of both children and families;
- (e) Case management and service delivery systems for children and families;

abused or neglected children, immunity from prosecution for individuals who make good faith reports of suspected or known instances of abuse or neglect, methods to preserve confidentiality of records, provisions to allow for public disclosure of findings or information about cases of abuse and neglect that result in child fatality or near fatality, and the cooperation of law enforcement officials, courts of competent jurisdiction, and appropriate state agencies providing human services in the investigation, assessment, prosecution, and treatment of abuse and neglect;

(3) Examine any other criteria that the panel considers important to ensure the protection of children, including a review of the extent to which the state child protective services system is coordinated with the foster care and adoption programs established under part E, Title IV of the Social Security Act.

(4) Conduct a review of reports of child fatalities and near fatalities conducted under RCW 26.44.030.

**NEW SECTION. Sec. 20.** There shall be at least one citizen review panel in each of the six department of social and health services' designated service delivery regions. Each panel shall have no more than seven volunteer members who are all permanent residents living in the region, who broadly represent the region in which each panel is established. Three members shall have professional or academic expertise in the prevention and treatment of child abuse and neglect. Four members shall be members of the public at large with no fiduciary interest in publicly funded social services. "Fiduciary interest" has the same meaning as defined in RCW 70.190.010. The citizen review panel shall meet no less than once every three months to examine the policies and procedures of state and local agencies and, where appropriate in specific cases, evaluate the extent to which the agencies are effectively discharging their child protection responsibilities in accordance with applicable state law. The goal of the citizen review panels is to improve the child protective services system.

(2) Members of the legislature may refer child abuse and neglect cases, in writing, to the panel in the legislator's district for review. The panels may also receive written requests for review from the family and children's ombudsman and from the department of social and health services. No other entity or individual may refer cases to the citizen review panels.

**NEW SECTION. Sec. 25.** (1) Notwithstanding any confidentiality laws, if the citizen review panel finds possible criminal activity, the panel shall turn the investigation and information over to the local prosecuting attorney in the county in which the case resides.

(2) If the panel finds possible civil infractions, the panel shall turn the findings over to any interested citizen, if the conditions set forth in RCW 74.13.500 through 74.13.525 are met. (1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

**Sec. 2.** RCW 36.70A.070 and 1997 c 429 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design

guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

- (i) Containing or otherwise controlling rural development;
- (ii) Assuring visual compatibility of rural development with the surrounding rural area;
- (iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;
- (iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and
- (v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

~~((a))~~ (i) Land use assumptions used in estimating travel;

~~((b))~~ (ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

~~((c))~~ (iii) Facilities and services needs, including:

~~((d))~~ (A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdiction boundaries;

~~((#))~~ (B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

~~((#))~~ (C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the department of transportation's six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of state-wide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance ~~((any))~~ locally owned transportation facilities or services that are below an established level of service standard;

~~((#))~~ (E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

~~((#))~~ (F) Identification of state and local system ~~((expansion needs and transportation system management))~~ needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the state-wide multimodal transportation plan required under chapter 47.06 RCW;

~~((#))~~ (iv) Finance, including:

~~((#))~~ (A) An analysis of funding capability to judge needs against probable funding resources;

~~((#))~~ (B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the six-year improvement program developed by the department of transportation as required by RCW 47.05.030;

~~((#))~~ (C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

~~((#))~~ (v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

~~((#))~~ (vi) Demand-management strategies.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, ~~((and))~~ RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

**Sec. 3.** RCW 36.70A.200 and 1991 sp.s. c 32 s 1 are each amended to read as follows:

(1) The comprehensive plan of each county and city that is planning under this chapter shall include a process for identifying and siting essential public facilities. Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities as defined in section 7 of this act, state and local correctional facilities, solid waste handling facilities, and in-patient facilities including substance abuse facilities, mental health facilities, and group homes.

(2) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years. The office of financial management may at any time add facilities to the list. No local comprehensive plan or development regulation may preclude the siting of essential public facilities.

**Sec. 4.** RCW 36.70A.210 and 1994 c 249 s 28 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of

establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community, trade, and economic development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a county-wide or state-wide nature, including transportation facilities of state-wide significance as defined in section 7 of this act;

(d) Policies for county-wide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for county-wide economic development and employment; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process.

Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth management hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

**Sec. 5.** RCW 47.05.021 and 1993 c 490 s 2 are each amended to read as follows:

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The transportation commission shall designate ~~((a system of))~~ state highways ~~((that have))~~ of state-wide significance under section 7 of this act, and shall submit a list of such facilities for adoption by the 1999 legislature. This state-wide system shall include at a minimum interstate highways and other state-wide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This state-wide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods. The first report is due by December 15, 1993, and biennially thereafter.

**Sec. 6.** RCW 47.05.030 and 1993 c 490 s 3 are each amended to read as follows:

The transportation commission shall adopt a comprehensive six-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The needs analysis process shall ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program shall be revised biennially, effective on July 1st of odd-numbered years. The investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program shall consist of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The comprehensive six-year investment program for preservation shall identify projects for two years and an investment plan for the remaining four years.

(2) The improvement program shall consist of investments needed to address identified deficiencies on the state highway system to improve mobility, safety, support for the economy, and protection of the environment. The six-year investment program for improvements shall identify projects for two years and major deficiencies proposed to be addressed in the six-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of state-wide significance as defined in section 7 of this act.

The transportation commission shall approve and present the comprehensive six-year investment program to the legislature in support of the biennial budget request under RCW 44.40.070 and 44.40.080.

**NEW SECTION. Sec. 7.** A new section is added to chapter 47.06 RCW to read as follows:

The legislature declares the following transportation facilities and services to be of state-wide significance: The interstate highway system, interregional state principal arterials including ferry connections that serve state-wide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, and high-capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of state-wide significance in the state-wide multimodal plan. Improvements to facilities and services of state-wide significance identified in the state-wide multimodal plan are essential state public facilities under RCW 36.70A.200.

The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of state-wide significance. Although the department shall consult with local governments when setting level of service

standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of state-wide significance. In establishing level of service standards for state highways and state ferry routes of state-wide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities.

**Sec. 8.** RCW 47.80.023 and 1994 c 158 s 2 are each amended to read as follows:

Each regional transportation planning organization shall have the following duties:

(1) Prepare and periodically update a transportation strategy for the region. The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy shall serve as a guide in preparation of the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with county-wide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(6) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate Washington state department of transportation district office.

(7) Review level of service methodologies used by cities and counties planning under chapter 36.70A RCW to promote a consistent regional evaluation of transportation facilities and corridors.

(8) Work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures.

**Sec. 9.** RCW 47.80.030 and 1994 c 158 s 4 are each amended to read as follows:

(1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

(i) ~~(Physically)~~ Crosses member county lines;

(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

(iii) Significant impacts are expected to be felt in more than one county;

(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies; ~~(and)~~

(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

(vi) Provides for system continuity;

(c) Establishes level of service standards ~~(at a minimum for all)~~ for state highways and state ferry routes, with the exception of transportation facilities of state-wide significance as defined in section 7 of this act. These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies."

(b) "Within (~~five~~) ten years" means that the arrest for a prior offense occurred within (~~five~~) ten years of the arrest for the current offense.

**Sec. 2.** RCW 46.61.5058 and 1995 c 332 s 6 are each amended to read as follows:

(1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.61.502 or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within (~~five~~) ten years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.61.502 or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within (~~five~~) ten years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, is subject to seizure and forfeiture pursuant to this section.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1) (a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

**Sec. 3.** RCW 46.01.260 and 1997 c 66 s 11 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the director, in his or her discretion, may destroy applications for vehicle licenses, copies of vehicle licenses issued, applications for drivers' licenses, copies of issued drivers' licenses, certificates of title and registration or other documents, records or supporting papers on file in his or her office which have been microfilmed or photographed or are more than five years old. Upon a showing that the conviction is the third such conviction for the driver within a period of five years, the period of revocation shall be two years))~~ for the period prescribed in RCW 46.61.5055;
- (4) Any felony in the commission of which a motor vehicle is used;

- (2) It is an affirmative defense to a violation of subsection (1) of this section which the defendant must prove by a preponderance of the evidence that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be ~~((0.02 or more))~~ in violation of subsection (1) of this section within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the earlier of: (a) Seven days prior to trial; or (b) the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.
- (3) Analyses of blood or breath samples obtained more than two hours after the alleged driving may be used as evidence that within two hours of the alleged driving, a person had an alcohol concentration ~~((of 0.02 or more))~~ in violation of subsection (1) of this section.

**Sec. 6.** RCW 46.20.308 and 1995 c 332 s 1 are each amended to read as follows:

- (1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.
- (2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:
  - (a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;
  - (b) His or her license, permit, or privilege to drive will be suspended, revoked, denied, or placed in probationary status if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.10 or more, in the case of a person age twenty-one or over, or ~~((0.02 or more))~~ in violation of RCW 46.61.503 in the case of a person under age twenty-one; and

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person is age twenty-one or over, or was ~~((0.02 or more))~~ in violation of RCW 46.61.503 if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, denial, or placement in probationary status to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503 and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and

whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person was age twenty-one or over at the time of the arrest, or was ~~((0.02 or more))~~ in violation of RCW 46.61.503 if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503 and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, denial, or placement in probationary status either be rescinded or sustained.

(9) If the suspension, revocation, denial, or placement in probationary status is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, denied, or placed in probationary status has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, denial, or placement in probationary status. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, denial, or placement in probationary status as expeditiously as possible. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, denial, or placement in probationary status it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, denied, or placed in probationary status under subsection (7) of this section, other than as a result of a breath test refusal, and who has not committed an offense within the last five years for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, denial, or placement in probationary status for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, denial, or placement in probationary status, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

**Sec. 7.** RCW 46.20.3101 and 1995 c 332 s 3 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within ~~((five))~~ ten years, where there has not been a previous incident within ~~((five))~~ ten years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within ~~((five))~~ ten years, or for a first refusal where there has been one or more previous incidents within ~~((five))~~ ten years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer. A revocation imposed under this subsection (1)(b) shall run consecutively to the period of any suspension, revocation, or denial imposed pursuant to a criminal conviction arising out of the same incident.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.10 or more:

(a) For a first incident within ~~((five))~~ ten years, where there has not been a previous incident within ~~((five))~~ ten years that resulted in administrative action under this section, placement in probationary status as provided in RCW 46.20.355;

(b) For a second or subsequent incident within ~~((five))~~ ten years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was ~~((0.02 or more))~~ in violation of RCW 46.61.503:

(a) For a first incident within ~~((five))~~ ten years, suspension or denial for ninety days;

(b) For a second or subsequent incident within ~~((five))~~ ten years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

**Sec. 8.** RCW 46.20.391 and 1995 c 332 s 12 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within ~~((five))~~ ten years immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Reallocating motor vehicle excise tax and general fund resources for the purpose of transportation and local criminal justice funding and tax reduction.

The bill was read the second time.

## MOTION

Senator West moved that the following amendment be adopted:

On page 1, strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The purpose of this act is to reallocate the general fund portion of the state's motor vehicle excise tax revenues among the taxpayers, local governments, and the state's transportation programs. By reallocating motor vehicle excise taxes, the state revenue portion can be dedicated to increased transportation funding purposes. Since the general fund currently has a budget surplus, due to a strong economy, the legislature feels that this reallocation is an appropriate short-term solution to the state's transportation needs and is a first step in meeting longer-term transportation funding needs. These reallocated funds must be used to provide relief from traffic congestion, improve freight mobility, and increase traffic safety.

In reallocating general fund resources, the legislature also ensures that other programs funded from the general fund are not adversely impacted by the reallocation of surplus general fund revenues. The legislature also adopts this act to continue the general fund revenue and expenditure limitations contained in chapter 43.135 RCW after this one-time transfer of funds.

In order to develop a long-term and comprehensive solution to the state's transportation problems, a joint committee will be created to study the state's transportation needs and the appropriate sources of revenue necessary to implement the state's long-term transportation needs as provided in section 22 of this act.

**NEW SECTION. Sec. 2.** A new section is added to chapter 82.44 RCW to read as follows:

(1) Beginning with motor vehicle registrations that are due or become due in July 1999, a credit is authorized against the tax imposed under RCW 82.44.020(1) on each personal-use motor vehicle equal to the lesser of the tax otherwise due under RCW 82.44.020(1) or thirty dollars.

(2) For the purposes of this section, "personal-use motor vehicle" means a vehicle registered to a private individual, not owned by a business, and designated in one of the following use classes: (a) Passenger; (b) truck with a weight not to exceed six thousand pounds; or (c) motorcycle.

**Sec. 3.** RCW 82.44.020 and 1993 sp.s. c 23 s 61 are each amended to read as follows:

(1) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW 46.16.160 (~~as now or hereafter amended~~), or dealer's licenses. The annual amount of such excise tax shall be two and two-tenths percent of the value of such vehicle.

~~((2)) (2) ((An additional excise tax is imposed, in addition to any other tax imposed by this section, for the privilege of using in the state any such motor vehicle, and the annual amount of such additional excise shall be two-tenths of one percent of the value of such vehicle.~~

~~((3)) (3) Effective with October 1992 motor vehicle registration expirations,)) A clean air excise tax is imposed in addition to any other tax imposed by this section for the privilege of using in the state any motor vehicle as defined in RCW 82.44.010, except that farm vehicles as defined in RCW 46.04.181 shall not be subject to the tax imposed by this subsection. The ~~((annual amount of the additional excise tax shall be two dollars and twenty-five cents. Effective with July 1994 motor vehicle registration expirations, the))~~ annual amount of additional excise tax shall be two dollars.~~

~~((4)) (3) An additional excise tax is imposed on truck-type power units that are used in combination with a trailer to transport loads in excess of forty thousand pounds combined gross weight. The annual amount of such additional excise tax shall be fifty-eight one-hundredths of one percent of the value of the vehicle.~~

The department shall distribute the additional tax collected under this subsection as follows:

(a) For each trailing unit subject to subsection ~~((5)) (4)~~ of this section, an amount equal to the clean air excise tax prescribed in subsection ~~((3)) (2)~~ of this section shall be distributed in the manner prescribed in RCW 82.44.110~~((3)) (2)~~;

(b) ~~((0))~~ The remainder of the additional excise tax collected under this subsection ~~((, ten percent shall be distributed in the manner prescribed in RCW 82.44.110(2) and ninety percent))~~ shall be distributed in the manner prescribed in RCW 82.44.110(1). This tax shall not apply to power units used exclusively for hauling logs.

~~((5)) (4) The excise taxes imposed by subsections (1) ~~((through (3)))~~ and (2) of this section shall not apply to trailing units which are used in combination with a power unit subject to the additional excise tax imposed by subsection ~~((4)) (3)~~ of this section. This subsection shall not apply to trailing units used for hauling logs.~~

~~((6)) (5) In no case shall the total tax be less than two dollars except for proportionally registered vehicles and except for vehicles on which a credit is granted under section 2 of this act.~~

~~((7)) (6) Washington residents, as defined in RCW 46.16.028, who license motor vehicles in another state or foreign country and avoid Washington motor vehicle excise taxes are liable for such unpaid excise taxes. The department of revenue may assess and collect the unpaid excise taxes under chapter 82.32 RCW, including the penalties and interest provided therein.~~

**Sec. 4.** RCW 82.44.041 and 1990 c 42 s 303 are each amended to read as follows:

(1) For the purpose of determining the tax under this chapter, the value of a truck-type power or trailing unit shall be the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since last sale. The latest purchase year shall be considered the first year of service.

(2) The reissuance of title and registration for a truck-type power or trailing unit because of the installation of body or special equipment shall be treated as a sale, and the value of the truck-type power or trailing unit at that time, as determined by the department from such information as may be available, shall be considered the latest purchase price.

(3) For the purpose of determining the tax under this chapter, the value of a motor vehicle other than a truck-type power or trailing unit shall be the manufacturer's base suggested retail price of the vehicle when first offered for sale as a new vehicle, excluding any optional equipment, applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the applicable percentage listed in this subsection based on year of service of the vehicle.

If the manufacturer's base suggested retail price is unavailable or otherwise unascertainable at the time of initial registration in this state, the department shall determine a value equivalent to a manufacturer's base suggested retail price as follows:

(a) The department shall determine a value using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the vehicle. The department may use an appraisal by the county assessor. In valuing a vehicle for which the current value or selling price is not indicative of the value of similar vehicles of the same year and model, the department shall establish a value that more closely represents the average value of similar vehicles of the same year and model.

(b) The value determined in (a) of this subsection shall be divided by the applicable percentage listed in this subsection to establish a value equivalent to a manufacturer's base suggested retail price. The applicable percentage shall be based on the year of service of the vehicle for which the value is determined.

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020~~((3))~~ (2) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the ~~((general fund, under RCW 82.44.110(1)(g)))~~ transportation fund under RCW 82.44.110, make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within each county that has a population of one hundred seventy-five thousand or more and has an interstate highway within its borders; except that in a case of a municipality located in a county that has a population of one hundred seventy-five thousand or more that does not have an interstate highway located within its borders, that sum shall be deposited in the passenger ferry account;

Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero; and

(c) To the public transportation systems account created in RCW 82.44.180, ~~((for revenues distributed after December 31, 1992,))~~ within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero~~((; and~~

~~(d) To the general fund, for revenues distributed after June 30, 1993, and to the transportation fund, for revenues distributed after June 30, 1995, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection and RCW 82.14.046)).~~

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding (i) the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and (ii) the sales and use tax equalization distributions provided under RCW 82.14.046; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter, excluding the sales and use tax equalization distributions provided under RCW 82.14.046.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year excluding the sales and use tax equalization distributions provided under RCW 82.14.046. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section and RCW 82.14.046 shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

(3) Any local sales and use tax revenue collected pursuant to this section by any city or by any county for transportation purposes pursuant to RCW 36.57.100 and 36.57.110 shall not be counted as locally generated tax revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the proceeds of the motor vehicle excise tax authorized pursuant to RCW 35.58.273, except that the local sales and use tax revenue collected under this section by a city with a population greater than sixty thousand that as of January 1, 1998, owns and operates a municipal public transportation system shall be counted as locally generated tax revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the proceeds of the motor vehicle excise tax authorized under RCW 35.58.273 as follows:

**Sec. 8.** RCW 82.14.200 and 1997 c 333 s 2 are each amended to read as follows:

There is created in the state treasury a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110(~~(1)~~(~~4~~)). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended,))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended,))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended,))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended,))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) Revenues distributed under subsections (2) through (5) of this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion an amount to the county public health account created in RCW 70.05.125 equal to the adjustment under RCW 70.05.125(2)(b).

(9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) and (8) of this section, then the additional revenues shall be credited and transferred ~~((to the state general fund))~~ as follows:

(a) Fifty percent to the public facilities construction loan revolving account under RCW 43.160.080; and

(b) Fifty percent to the distressed county public facilities construction loan account under section 9 of this act, or so much thereof as will not cause the balance in the account to exceed twenty-five million dollars. Any remaining funds shall be deposited into the public facilities construction loan revolving account.

NEW SECTION. Sec. 9. A new section is added to chapter 43.160 RCW to read as follows:

The distressed county public facilities construction loan account is created in the state treasury. All funds provided under RCW 82.14.200 shall be deposited in the account. Moneys in the account may be spent only after appropriation. Moneys in the account shall only be used to provide financial assistance under this chapter to distressed counties that have experienced extraordinary costs due to the location of a major new business facility or the substantial expansion of an existing business facility in the county.

For purposes of this section, the term "distressed counties" includes any county in which the average level of unemployment for the three years before the year in which an application for financial assistance is filed exceeds the average state employment for those years by twenty percent.

**NEW SECTION. Sec. 10.** A new section is added to chapter 82.14 RCW to read as follows:

(1) The distressed county assistance account is created in the state treasury. Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. At such times as distributions are made under RCW 82.44.150, the state treasurer shall distribute the funds in the distressed county assistance account to each county imposing the sales and use tax authorized under RCW 82.14.370 in the same proportions as distributions of the tax imposed under RCW 82.14.370 for the previous quarter.

(2) Funds distributed from the distressed county assistance account shall be expended by the counties for criminal justice and other purposes.

**Sec. 11.** RCW 82.14.310 and 1995 c 398 s 11 are each amended to read as follows:

(1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer shall transfer into the county criminal justice assistance account from the general fund the sum of twenty-three million two hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer shall increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under ((RCW 82.44.110)) subsection (4) of this section, shall be distributed at such times as distributions are made under RCW 82.44.150 and on the relative basis of each county's funding factor as determined under this subsection.

(a) A county's funding factor is the sum of:

(i) The population of the county, divided by one thousand, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iii) The annual number of criminal cases filed in the county superior court, for each one thousand in population, multiplied by five-tenths.

(b) Under this section and RCW 82.14.320 and 82.14.330:

(i) The population of the county or city shall be as last determined by the office of financial management;

(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each one thousand in population;

(iii) The annual number of criminal cases filed in the county superior court shall be determined by the most recent annual report of the courts of Washington, as published by the office of the administrator for the courts;

(iv) Distributions and eligibility for distributions in the 1989-91 biennium shall be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions shall be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

(3) Moneys distributed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures. (4) Not more than five percent of the funds deposited to the county criminal justice assistance account shall be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements shall not supplant existing funds from the state general fund.

**Sec. 12.** RCW 82.14.320 and 1995 c 398 s 12 and 1995 c 312 s 84 are each reenacted and amended to read as follows:

Beginning in fiscal year 2000, the state treasurer shall transfer into the municipal criminal justice assistance account for distribution under this section from the general fund the sum of four million six hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year

thereafter, the state treasurer shall increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) No city may receive a distribution under this section from the municipal criminal justice assistance account unless:

(a) The city has a crime rate in excess of one hundred twenty-five percent of the state-wide average as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs;

(b) The city has levied the tax authorized in RCW 82.14.030(2) at the maximum rate or the tax authorized in RCW 82.46.010(3) at the maximum rate; and

(c) The city has a per capita yield from the tax imposed under RCW 82.14.030(1) at the maximum rate of less than one hundred fifty percent of the state-wide average per capita yield for all cities from such local sales and use tax.

(3) The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under ~~((RCW 82.44.110))~~ subsection (7) of this section, shall be distributed at such times as distributions are made under RCW 82.44.150. The distributions shall be made as follows:

(a) Unless reduced by this subsection, thirty percent of the moneys shall be distributed ratably based on population as last determined by the office of financial management to those cities eligible under subsection (2) of this section that have a crime rate determined under subsection (2)(a) of this section which is greater than one hundred seventy-five percent of the state-wide average crime rate. No city may receive more than fifty percent of any moneys distributed under this subsection (a) but, if a city distribution is reduced as a result of exceeding the fifty percent limitation, the amount not distributed shall be distributed under (b) of this subsection.

(b) The remainder of the moneys, including any moneys not distributed in subsection (2)(a) of this section, shall be distributed to all cities eligible under subsection (2) of this section ratably based on population as last determined by the office of financial management.

(4) No city may receive more than thirty percent of all moneys distributed under subsection (3) of this section.

(5) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), shall be made to the county in which the city is located.

(6) Moneys distributed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and publications and public educational efforts designed to provide information and assistance to parents in dealing with runaway or at-risk youth. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(7) Not more than five percent of the funds deposited to the municipal criminal justice assistance account shall be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements shall not supplant existing funds from the state general fund.

**Sec. 13.** RCW 82.14.330 and 1995 c 398 s 13 are each amended to read as follows:

(1) Beginning in fiscal year 2000, the state treasurer shall transfer into the municipal criminal justice assistance account for distribution under this section from the general fund the sum of four million six hundred thousand dollars divided into four equal deposits occurring on July 1, September 1, January 1, and March 1. For each fiscal year thereafter, the state treasurer shall increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year. The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under ~~((RCW 82.44.110))~~ subsection (4) of this section, shall be distributed to the cities of the state as follows:

(a) Twenty percent appropriated for distribution shall be distributed to cities with a three-year average violent crime rate for each one thousand in population in excess of one hundred fifty percent of the state-wide three-year average violent crime rate for each one thousand in population. The three-year average violent crime rate shall be calculated using the violent crime rates for each of the preceding three years from the annual reports on crime in Washington state as published by the Washington association of sheriffs and police chiefs. Moneys shall be distributed under this subsection (1)(a) ratably based on population as last determined by the office of financial management, but no city may receive more than one dollar per capita. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

(b) Sixteen percent shall be distributed to cities ratably based on population as last determined by the office of financial management, but no city may receive less than one thousand dollars.

The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection shall be distributed at such times as distributions are made under RCW 82.44.150.

Moneys distributed under this subsection shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(2) In addition to the distributions under subsection (1) of this section:

(a) Fourteen percent shall be distributed to cities that have initiated innovative law enforcement strategies, including alternative sentencing and crime prevention programs. No city may receive more than one dollar per capita under this subsection (2)(a).

(b) Twenty percent shall be distributed to cities that have initiated programs to help at-risk children or child abuse victim response programs. No city may receive more than fifty cents per capita under this subsection (2)(b).

(c) Twenty percent shall be distributed to cities that have initiated programs designed to reduce the level of domestic violence within their jurisdictions or to provide counseling for domestic violence victims. No city may receive more than fifty cents per capita under this subsection (2)(c).

(d) Ten percent shall be distributed to cities that contract with another governmental agency for a majority of the city's law enforcement services.

Moneys distributed under this subsection shall be distributed to those cities that submit funding requests under this subsection to the department of community, trade, and economic development based on criteria developed under RCW 82.14.335. Allocation of funds shall be in proportion to the population of qualified jurisdictions, but the distribution to a city shall not exceed the amount of funds requested. Cities shall submit requests for program funding to the department of community, trade, and economic development by November 1 of each year for funding the following year. The department shall certify to the state treasurer the cities eligible for funding under this subsection and the amount of each allocation.

The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection, less any moneys appropriated for purposes under ((RCW 82.44.110)) subsection (4) of this section, shall be distributed at the times as distributions are made under RCW 82.44.150. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

If a city is found by the state auditor to have expended funds received under this subsection in a manner that does not comply with the criteria under which the moneys were received, the city shall be ineligible to receive future distributions under this subsection until the use of the moneys are justified to the satisfaction of the director or are repaid to the state general fund. The director may allow noncomplying use of moneys received under this subsection upon a showing of hardship or other emergent need.

(3) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), shall be made to the county in which the city is located.

(4) Not more than five percent of the funds deposited to the municipal criminal justice assistance account shall be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements shall not supplant existing funds from the state general fund.

**NEW SECTION. Sec. 14.** A new section is added to chapter 43.135 RCW to read as follows:

(1) Initiative Measure No. 601 (chapter 43.135 RCW, as amended by chapter . . ., Laws of 1998 (this act) and the amendatory changes enacted by section 6, chapter 2, Laws of 1994) is hereby reenacted and reaffirmed. The legislature also adopts this act to continue the general fund revenue and expenditure limitations contained in this chapter 43.135 RCW after this one-time transfer of funds.

(2) RCW 43.135.035(4) does not apply to sections 5 through 13, chapter . . ., Laws of 1998 (sections 5 through 13 of this act).

**Sec. 15.** RCW 43.135.060 and 1994 c 2 s 5 are each amended to read as follows:

(1) After July 1, 1995, the legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any political subdivision of the state unless the subdivision is fully reimbursed ((by specific appropriation)) by the state for the costs of the new programs or increases in service levels. Reimbursement by the state may be made by: (a) A specific appropriation; or (b) increases in state distributions of revenue to political subdivisions occurring after January 1, 1998.

(2) If by order of any court, or legislative enactment, the costs of a federal or local government program are transferred to or from the state, the otherwise applicable state expenditure limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(3) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any political subdivision or transferred to or from the state.

(4) Subsection (1) of this section does not apply to the costs incurred for voting devices or machines under RCW 29.04.200.

**NEW SECTION. Sec. 16.** In order to provide funds necessary for the location, design, right of way, and construction of state and local highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission a maximum of one billion nine hundred million dollars of general obligation bonds of the state of Washington.

**NEW SECTION. Sec. 17.** Upon the request of the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by sections 16 through 21 of this act in accordance with chapter 39.42 RCW. Bonds authorized by sections 16 through 21 of this act shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

**NEW SECTION. Sec. 18.** The proceeds from the sale of bonds authorized by sections 16 through 21 of this act shall be deposited in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in section 16 of this act, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

**NEW SECTION. Sec. 19.** Bonds issued under the authority of sections 16 through 21 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in sections 16 through 21 of this act from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of sections 16 through 21 of this act, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of sections 16 through 21 of this act.

**NEW SECTION. Sec. 20.** Both principal and interest on the bonds issued for the purposes of sections 16 through 21 of this act shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by sections 16 through 21 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be, appropriated to the department of transportation for state highway purposes. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities and towns, shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the motor vehicle fund not required for bond retirement or interest on the bonds.

**NEW SECTION. Sec. 21.** Bonds issued under the authority of sections 16 through 20 of this act and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes.

**NEW SECTION. Sec. 22.** (1) A joint committee is created to study the long-term transportation funding needs in the state. The committee shall consist of twenty members as follows:

(a) The chairpersons of the house transportation policy and budget committee and the senate transportation committee shall each appoint four of the members of their respective committees to serve on the joint committee. The members of the joint committee shall elect a chairperson from the membership of the committee.

(2) The committee shall study the transportation needs of state and local government with the objective of developing a fair and predictable long-term funding system for state and local transportation needs, including any appropriate reforms and reprioritizations. The study may address differential funding sources for urban congestion districts, local option funding including possible modifications to the current local option taxing authority of counties and cities, public-private partnerships for new transportation projects, improvements to freight mobility, streamlining categorical funding mechanisms to emphasize high priority projects, and increased certainty from setting time limits on permitting processes.

(3) The office of financial management, the department of licensing, the department of community, trade and economic development, and the department of transportation shall provide assistance to the joint committee as needed.

(4) The joint committee shall provide an interim progress report to the governor and the house and senate fiscal committees by December 1, 1998. **Sec. 26.** RCW 35.58.410 and 1993 c 240 s 11 are each amended to read as follows:

(1) On or before the third Monday in June of each year, each metropolitan municipal corporation shall adopt a budget for the following calendar year. Such budget shall include a separate section for each authorized metropolitan function. Expenditures shall be segregated as to operation and maintenance expenses and capital and betterment outlays. Administrative and other expense general to the corporation shall be allocated between the authorized metropolitan functions. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to confine capital or betterment expenditures made from bond proceeds or emergency expenditures to items provided in the budget. The affirmative vote of three-fourths of all members of the metropolitan council shall be required to authorize emergency expenditures.

(2) Subsection (1) of this section shall not apply to a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW. This subsection (2) shall apply only to each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW.

Each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall, on or before the third Monday in June of each year, prepare an estimate of all revenues to be collected during the following calendar year, including any surplus funds remaining unexpended from the preceding year for each authorized metropolitan function.

By June 30 of each year, the county shall adopt the rate for sewage disposal that will be charged to component cities and sewer districts during the following budget year.

As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and 35.58.273~~((5))~~ (4) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and 35.58.273~~((5))~~ (4) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties g29 proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget.

**Sec. 27.** RCW 43.160.070 and 1997 c 235 s 721 are each amended to read as follows:

Public facilities financial assistance, when authorized by the board, is subject to the following conditions:

(1) The moneys in the public facilities construction loan revolving ~~((fund))~~ account and the distressed county public facilities construction loan account shall be used solely to fulfill commitments arising from financial assistance authorized in this chapter or, during the 1989-91 fiscal biennium, for economic development purposes as appropriated by the legislature. The total outstanding amount which the board shall dispense at any time pursuant to this section shall not exceed the moneys available from the funds. The total amount of outstanding financial assistance in Pierce, King, and Snohomish counties shall never exceed sixty percent of the total amount of outstanding financial assistance disbursed by the board under this chapter without reference to financial assistance provided under section 9 of this act.

(2) On contracts made for public facilities loans the board shall determine the interest rate which loans shall bear. The interest rate shall not exceed ten percent per annum. The board may provide reasonable terms and conditions for repayment for loans as the board determines. The loans shall not exceed twenty years in duration.

(3) Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans shall be paid into the public facilities construction loan revolving ~~((fund))~~ account. Repayments of loans made from the distressed county public facilities construction loan account under the contracts for public facilities construction loans shall be paid into the distressed county public facilities construction loan account. Repayments of loans from moneys from the new appropriation from the public works assistance account for the fiscal biennium ending June 30, 1999, shall be paid into the public works assistance account.

(4) When every feasible effort has been made to provide loans and loans are not possible, the board may provide grants upon finding that unique circumstances exist.

**Sec. 28.** RCW 43.160.076 and 1997 c 367 s 9 are each amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter without reference to financial assistance provided under section 9 of this act, the board shall spend at least seventy-five percent for financial assistance for projects in distressed counties or rural natural resources impact areas. For purposes of this section, the term "distressed counties" includes any county, in which the average level of unemployment for the three years before the year in which an application for financial assistance is filed, exceeds the average state employment for those years by twenty percent.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in distressed counties or rural natural resources impact areas are clearly insufficient to use up the seventy-five percent allocation under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in distressed counties or rural natural resources impact areas.

**Sec. 29.** 1997 c 367 s 10 (uncodified) is each amended to read as follows:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each municipality imposing local transit taxes and the state-wide weighted average per capita level of sales and use tax revenues imposed under chapters 82.08 and 82.12 RCW for the previous calendar year calculated for a sales and use tax rate of one-tenth percent. For purposes of this section, the department of revenue shall determine a local transit tax rate for each municipality for the previous calendar year. The tax rate shall be equivalent to the sales and use tax rate for the municipality that would have generated an amount of revenue equal to the amount of local transit taxes collected by the municipality.

(2) For each tenth of one percent of the local transit tax rate, the state treasurer shall apportion to each municipality receiving less than eighty percent of the state-wide weighted average per capita level of sales and use tax revenues imposed under chapters 82.08 and 82.12 RCW as determined by the department of revenue under subsection (1) of this section, an amount when added to the per capita level of revenues received the previous calendar year by the municipality, to equal eighty percent of the state-wide weighted average per capita level of revenues determined under subsection (1) of this section. In no event may the sales and use tax equalization distribution to a municipality in a single calendar year exceed: (a) Fifty percent of the amount of local transit taxes collected during the prior calendar year; or (b) the maximum amount of revenue that could have been collected at a local transit tax rate of three-tenths percent in the prior calendar year.

(3) For a municipality established after January 1, 1995, sales and use tax equalization distributions shall be made according to the procedures in this subsection. Sales and use tax equalization distributions to eligible new municipalities shall be made at the same time as distributions are made under subsection (2) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new municipality has received a full year's worth of local transit tax revenues as of the January sales and use tax equalization distribution.

(a) Whether a newly established municipality determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October sales and use tax equalization distribution shall depend on the date the system first imposes local transit taxes.

(i) A newly established municipality imposing local transit taxes taking effect during the first calendar quarter shall be eligible to receive funds under this subsection beginning with the July sales and use tax equalization distribution of that year.

(ii) A newly established municipality imposing local transit taxes taking effect during the second calendar quarter shall be eligible to receive funds under this subsection beginning with the October sales and use tax equalization distribution of that year.

(iii) A newly established municipality imposing local transit taxes taking effect during the third calendar quarter shall be eligible to receive funds under this subsection beginning with the January sales and use tax equalization distribution of the next year.

(iv) A newly established municipality imposing local transit taxes taking effect during the fourth calendar quarter shall be eligible to receive funds under this subsection beginning with the April sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new municipality should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from local transit taxes that the new municipality would have received had the municipality received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (2) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the local transit taxes have been imposed.

(c) The department of revenue shall advise the state treasurer of the amounts calculated under (b) of this subsection and the state treasurer shall distribute these amounts to the new municipality from the motor vehicle excise tax ~~((distributed under RCW 82.44.150(2)(d)))~~ deposited into the transportation fund under RCW 82.44.110.

## POINT OF ORDER

Senator Snyder: "I rise to a point of order, Mr. President. Senate Rule 25 says that no measure shall include more than one subject and that is based on Article II, Section 19 of the Constitution. Now, this measure has appropriations, it has taxes, it has a reaffirm of 601, it has a bond sale, and I could go on and on.

"Now, I want to refer you to 1951--the Senate Journal--the Eighth Day. A conference committee reported back a budget bill and in that budget bill, it included a tax measure. When the point of order was raised, Victor Aloysius Meyers, the President of the Senate at that time, agreed with the Senator that challenged and said that there were two subjects in that bill. But, the Senate appealed his ruling and they overrode his ruling. They did not sustain his ruling and went on and passed that legislation. One of the aggrieved people went to the Supreme Court of the state of Washington. The Supreme Court said, 'Yes, Victor Aloysius Meyers, you were correct.' The budget that they passed with a tax measure was thrown out. The state was broke. There was a special session within four days to right the wrong that was done at that time.

"So, I maintain that there are several subjects in this measure and, therefore, we cannot and should not vote on it."

Debate ensued.

The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1) (a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

**Sec. 3.** RCW 46.01.260 and 1997 c 66 s 11 are each amended to read as follows:

(c) For purposes of RCW 46.52.100 and 46.52.130, offenses subject to this subsection shall be considered "alcohol-related" offenses.

**Sec. 4.** RCW 46.20.285 and 1996 c 199 s 5 are each amended to read as follows:

The department shall forthwith revoke the license of any driver for the period of one calendar year unless otherwise provided in this section, upon receiving a record of the driver's conviction of any of the following offenses, when the conviction has become final:

Upon a showing that the conviction is the third such conviction for the driver within a period of five years, the period of revocation shall be two years))~~ for the period prescribed in RCW 46.61.5055;

(4) Any felony in the commission of which a motor vehicle is used;

(7) Reckless driving upon a showing by the department's records that the conviction is the third such conviction for the driver within a period of two years.

**Sec. 5.** RCW 46.61.503 and 1995 c 332 s 2 are each amended to read as follows:

(1) Notwithstanding any other provision of this title, a person is guilty of driving a motor vehicle after consuming alcohol if the person operates a motor vehicle within this state and the person:

(a) Is under the age of twenty-one;

(b) Has, within two hours after operating the motor vehicle, an alcohol concentration of ~~((0.02 or more))~~ at least 0.02 but less than the concentration specified in RCW 46.61.502, as shown by analysis of the person's breath or blood made under RCW 46.61.506.

(2) It is an affirmative defense to a violation of subsection (1) of this section which the defendant must prove by a preponderance of the evidence that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be ~~((0.02 or more))~~ in violation of subsection (1) of this section within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the earlier of: (a) Seven days prior to trial; or (b) the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(3) Analyses of blood or breath samples obtained more than two hours after the alleged driving may be used as evidence that within two hours of the alleged driving, a person had an alcohol concentration ~~((of 0.02 or more))~~ in violation of subsection (1) of this section.

(4) A violation of this section is a misdemeanor.

**Sec. 6.** RCW 46.20.308 and 1995 c 332 s 1 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;

(b) His or her license, permit, or privilege to drive will be suspended, revoked, denied, or placed in probationary status if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.10 or more, in the case of a person age twenty-one or over, or ~~((0.02 or more))~~ in violation of RCW 46.61.502, 46.61.503, or 46.61.504 in the case of a person under age twenty-one; and

(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.10 or more if the person is age twenty-one or over, or is ~~((0.02 or more))~~ in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the

person is age twenty-one or over, or was ~~((0.02 or more))~~ in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, denial, or placement in probationary status to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503 and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person was age twenty-one or over at the time of the arrest, or was ~~((0.02 or more))~~ in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration ~~((of 0.02 or more))~~ in violation of RCW 46.61.503 and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, denial, or placement in probationary status either be rescinded or sustained.

(9) If the suspension, revocation, denial, or placement in probationary status is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, denied, or placed in probationary status has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, denial, or placement in probationary status. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, denial, or placement in probationary status as expeditiously as possible. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, denial, or placement in probationary status it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, denied, or placed in probationary status under subsection (7) of this section, other than as a result of a breath test refusal, and who has not committed an offense within the last five years for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, denial, or placement in probationary status for at least forty-five

days but not more than ninety days. If the court stays the suspension, revocation, denial, or placement in probationary status, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

**Sec. 7.** RCW 46.20.3101 and 1995 c 332 s 3 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within ~~((five))~~ seven years, where there has not been a previous incident within ~~((five))~~ seven years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within ~~((five))~~ seven years, or for a first refusal where there has been one or more previous incidents within ~~((five))~~ seven years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer. A revocation imposed under this subsection (1)(b) shall run consecutively to the period of any suspension, revocation, or denial imposed pursuant to a criminal conviction arising out of the same incident.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.10 or more:

(a) For a first incident within ~~((five))~~ seven years, where there has not been a previous incident within ~~((five))~~ seven years that resulted in administrative action under this section, placement in probationary status as provided in RCW 46.20.355;

(b) For a second or subsequent incident within ~~((five))~~ seven years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was ~~((0.02 or more))~~ in violation of RCW 46.61.503:

(a) For a first incident within ~~((five))~~ seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within ~~((five))~~ seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

**Sec. 8.** RCW 46.20.391 and 1995 c 332 s 12 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within ~~((five))~~ seven years immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or

revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

#### SECOND READING

SUBSTITUTE HOUSE BILL NO. 2166, by House Committee on Transportation Policy and Budget (originally sponsored by Representatives Huff, K. Schmidt, Clements, Buck, Talcott, Johnson, Mitchell, Carlson, Delvin, Cooke and Chandler)

Encouraging coordinated transportation services.

The bill was read the second time.

#### MOTION

On motion of Senator Wood, the following Committee on Transportation amendment was adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. Lack of coordination produces irrational situations, such as several different vehicles arriving simultaneously at the same location to pick up several different persons with special needs. When separate vehicles arrive within minutes of each other to transport individuals with special needs to similar destinations, resources are wasted and fewer people are being served. In some cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies.

It is the intent of the legislature that public transportation agencies, private nonprofit transportation providers, and other public agencies sponsoring programs that require transportation services coordinate those transportation services. Through coordination of transportation services, programs will achieve increased efficiencies and will expand services to a greater number of persons with special needs.

**NEW SECTION. Sec. 2.** (1) The agency council on coordinated transportation is created. The council is composed of nine voting members and eight nonvoting, legislative members.

(2) The nine voting members are the superintendent of public instruction or a designee, the secretary of transportation or a designee, the secretary of the department of social and health services or a designee, and six members appointed by the governor as follows:

- (a) One representative from the office of the governor;
- (b) Two persons who are consumers of special needs transportation services;
- (c) One representative from the Washington association of pupil transportation;
- (d) One representative from the Washington state transit association; and
- (e) One of the following:
  - (i) A representative from the community transportation association of the Northwest; or
  - (ii) A representative from the community action council association.

(3) The eight nonvoting members are legislators as follows:

(a) Four members from the house of representatives, two from each of the two largest caucuses, appointed by the speaker of the house of representatives, two who are members of the house transportation policy and budget committee and two who are members of the house appropriations committee; and

(b) Four members from the senate, two from each of the two largest caucuses, appointed by the president of the senate, two members of the transportation committee and two members of the ways and means committee.

(4) Gubernatorial appointees of the council will serve two-year terms. Members may not receive compensation for their service on the council, but will be reimbursed for actual and necessary expenses incurred in performing their duties as members as set forth in RCW 43.03.220.

(5) The secretary of transportation or a designee shall serve as the chair.

(6) The department of transportation shall provide necessary staff support for the council.

(7) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend gifts, grants, or endowments or income from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17.710.

**NEW SECTION. Sec. 3.** The council shall:

(1) Develop standards and strategies for coordinating special needs transportation;

(2) Identify and develop, fund as resources are made available, and monitor coordinated transportation pilot projects;

(3) Disseminate and encourage the widespread implementation of successful demonstration projects;

(4) Identify and address barriers to transportation coordination;

(5) Recommend to the legislature changes in law to assist coordination of transportation services;

(6) Act as an information clearinghouse and advocate for coordinated transportation;

(7) Petition the office of financial management to make whatever changes are deemed necessary to identify transportation costs in all executive agency budgets;

(8) Report to the legislature by December 1, 1998, on council activities including, but not limited to, what demonstration projects have been undertaken, how coordination affected service levels, and whether these efforts produced savings that allowed expansion of services. Reports must be made once every two years thereafter, and other times as the council deems necessary.

**Sec. 4.** RCW 81.66.030 and 1979 c 111 s 6 are each amended to read as follows:

The commission shall regulate every private, nonprofit transportation provider in this state but has authority only as follows: To issue certificates to such providers; to set forth insurance requirements; to adopt reasonable rules to insure that any vehicles used by such providers will be adequate for the proposed service; and to inspect the vehicles and otherwise regulate the safety of operations of each provider (~~and to regulate in accordance with the procedures set forth in chapter 81.04 RCW any rates, fares, or charges proposed by such providers~~). The commission may charge fees to private, nonprofit transportation providers, which shall be approximately the same as the reasonable cost of regulating such providers.

**NEW SECTION. Sec. 5.** Sections 1 through 3, 6, and 7 of this act constitute a new chapter in Title 47 RCW.

**NEW SECTION. Sec. 6.** The agency council on coordinated transportation is terminated on June 30, 2003, as provided in section 7 of this act.

**NEW SECTION. Sec. 7.** The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2004:

(1) RCW 47.--- and 1998 c . . . s 1 (section 1 of this act);

The claims shall be subject to verification by the office of financial management."

#### POINT OF INQUIRY

Senator Roach: "Senator Haugen, the New Section--Section 5 of this bill, has a null and void clause. It reads in short, and I'll read it only because it is one sentence--'If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1998, in the omnibus appropriations act, this act is null and void.' I was wondering if , because this null and void clause is in this piece of legislation, you would consider withdrawing your amendment? Another way of doing that, however, would be to strike Section 5--New Section 5--which I have no problem doing and then adopting your amendment."

Senator Haugen: "Well, thank you, but I think we need both of them, actually. Section 5 deals with state funding; we are interested in local government funding. We think even if there is no funding for the state, there probably would be funding for the local. So, we need to make sure that stays in place, because we really are talking about the local government, not state government, where the other one talks about state expenses."

The Vice President Pro Tempore declared the question before the Senate to be the adoption of the amendment by Senators Haugen and Loveland on page 3, after line 2, to Second Substitute House Bill No. 3089.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.73 RCW to read as follows:

(1) As used in this section:

(a) "Wire communication" means any aural transfer made in whole or in part through the use of facilities for the transmission of communications by the aid of wire, cable, or other like connection between the point of origin and the point of reception, including the use of such connection in a switching station, furnished or operated by any person engaged in providing or operating such facilities for the transmission of intrastate, interstate, or foreign communications, and such term includes any electronic storage of such communication.

(b) "Electronic communication" means any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectronic, or photo-optical system, but does not include:

- (i) Any wire or oral communication;
- (ii) Any communication made through a tone-only paging device; or
- (iii) Any communication from a tracking device.

(c) "Electronic communication service" means any service that provides to users thereof the ability to send or receive wire or electronic communications.

(d) "Pen register" means a device that records or decodes electronic or other impulses that identify the numbers dialed or otherwise transmitted on the telephone line to which such device is attached, but such term does not include any device used by a provider or customer of a wire or electronic communication service for billing, or recording as an incident to billing, for communications services provided by such provider or any device used by a provider or customer of a wire communication service for cost accounting or other like purposes in the ordinary course of its business.

(e) "Trap and trace device" means a device that captures the incoming electronic or other impulses that identify the originating number of an instrument or device from which a wire or electronic communication was transmitted.

(2) No person may install or use a pen register or trap and trace device without a prior court order issued under this section except as provided under subsection (6) of this section or RCW 9.73.070.

(3) A law enforcement officer may apply for and the superior court may issue orders and extensions of orders authorizing the installation and use of pen registers and trap and trace devices as provided in this section. The application shall be under oath and shall include the identity of the officer making the application and the identity of the law enforcement agency conducting the investigation. The applicant must certify that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

(4) If the court finds that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation and finds that there is probable cause to believe that the pen register or trap and trace device will lead to obtaining evidence of a crime, contraband, fruits of crime, things criminally possessed, weapons, or other things by means of which a crime has been committed or reasonably appears about to be committed, or will lead to learning the location of a person who is unlawfully restrained or reasonably believed to be a witness in a criminal investigation or for whose arrest there is probable cause, the court shall enter an ex parte order authorizing the installation and use of a pen register or a trap and trace device. The order shall specify:

(a) The identity, if known, of the person to whom is leased or in whose name is listed the telephone line to which the pen register or trap and trace device is to be attached;

(b) The identity, if known, of the person who is the subject of the criminal investigation;

(c) The number and, if known, physical location of the telephone line to which the pen register or trap and trace device is to be attached and, in the case of a trap and trace device, the geographic limits of the trap and trace order; and

(d) A statement of the offense to which the information likely to be obtained by the pen register or trap and trace device relates.

The order shall direct, if the applicant has requested, the furnishing of information, facilities, and technical assistance necessary to accomplish the installation of the pen register or trap and trace device. An order issued under this section shall authorize the installation and use of a pen register or a trap and trace device for a period not to exceed sixty days. An extension of the original order may only be granted upon: A new application for an order under subsection (3) of this section; and a showing that there is a probability that the information or items sought under this subsection are more likely to be obtained under the extension than under the original order. No extension beyond the first extension shall be granted unless: There is a showing that there is a high probability that the information or items sought under this subsection are much more likely to be obtained under the second or subsequent extension than under the original order; and there are extraordinary circumstances such as a direct and immediate danger of death or serious bodily injury to a law enforcement officer. The period of extension shall be for a period not to exceed sixty days.

An order authorizing or approving the installation and use of a pen register or a trap and trace device shall direct that the order be sealed until otherwise ordered by the court and that the person owning or leasing the line to which the pen register or trap and trace device is attached, or who has been ordered by the court to provide assistance to the applicant, not disclose the existence of the pen register or trap and trace device or the existence of the investigation to the listed subscriber or to any other person, unless or until otherwise ordered by the court.

(5) Upon the presentation of an order, entered under subsection (4) of this section, by an officer of a law enforcement agency authorized to install and use a pen register under this chapter, a provider of wire or electronic communication service, landlord, custodian, or other person shall furnish such law enforcement officer forthwith all information, facilities, and technical assistance necessary to accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords

the party with respect to whom the installation and use is to take place, if such assistance is directed by a court order as provided in subsection (4) of this section.

Upon the request of an officer of a law enforcement agency authorized to receive the results of a trap and trace device under this chapter, a provider of a wire or electronic communication service, landlord, custodian, or other person shall install such device forthwith on the appropriate line and shall furnish such law enforcement officer all additional information, facilities, and technical assistance including installation and operation of the device unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such installation and assistance is directed by a court order as provided in subsection (4) of this section. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the officer of a law enforcement agency, designated in the court order, at reasonable intervals during regular business hours for the duration of the order.

A provider of a wire or electronic communication service, landlord, custodian, or other person who furnishes facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

No cause of action shall lie in any court against any provider of a wire or electronic communication service, its officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order under this section. A good faith reliance on a court order under this section, a request pursuant to this section, a legislative authorization, or a statutory authorization is a complete defense against any civil or criminal action brought under this chapter or any other law.

(6)(a) Notwithstanding any other provision of this chapter, a law enforcement officer and a prosecuting attorney or deputy prosecuting attorney who jointly and reasonably determine that there is probable cause to believe that an emergency situation exists that involves immediate danger of death or serious bodily injury to any person that requires the installation and use of a pen register or a trap and trace device before an order authorizing such installation and use can, with due diligence, be obtained, and there are grounds upon which an order could be entered under this chapter to authorize such installation and use, may have installed and use a pen register or trap and trace device if, within forty-eight hours after the installation has occurred, or begins to occur, an order approving the installation or use is issued in accordance with subsection (4) of this section. In the absence of an authorizing order, such use shall immediately terminate when the information sought is obtained, when the application for the order is denied or when forty-eight hours have lapsed since the installation of the pen register or trap and trace device, whichever is earlier. If an order approving the installation or use is not obtained within forty-eight hours, any information obtained is not admissible as evidence in any legal proceeding. The knowing installation or use by any law enforcement officer of a pen register or trap and trace device pursuant to this subsection without application for the authorizing order within forty-eight hours of the installation shall constitute a violation of this chapter and be punishable as a gross misdemeanor. A provider of a wire or electronic service, landlord, custodian, or other person who furnished facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

(b) A law enforcement agency that authorizes the installation of a pen register or trap and trace device under this subsection (6) shall file a monthly report with the administrator for the courts. The report shall indicate the number of authorizations made, the date and time of each authorization, whether a court authorization was sought within forty-eight hours, and whether a subsequent court authorization was granted.

(b) The contents of any intercepted and recorded conversation shall be divulged only as is necessary to safeguard the orderly operation of the correctional facility, in response to a court order, or in the prosecution or investigation of any crime.

(c) All conversations that are recorded under this section, unless being used in the ongoing investigation or prosecution of a crime, or as is necessary to assure the orderly operation of the correctional facility, shall be destroyed one year after the intercepting and recording.

(4) So as to safeguard the sanctity of the attorney-client privilege, the department of corrections shall not intercept, record, or divulge any conversation between an inmate or resident and an attorney. The department shall develop policies and procedures to implement this section. The department's policies and procedures implemented under this section shall also recognize the privileged nature of confessions made

#### MOTION

Senator Benton moved that the following Committee on Transportation amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** This act may be known and cited as the Cooper Jones Act.

**Sec. 2.** RCW 43.59.010 and 1967 ex.s. c 147 s 1 are each amended to read as follows:

(1) The purpose of this chapter is to establish a new agency of state government to be known as the Washington traffic safety commission. The functions and purpose of this commission shall be to find solutions to the problems that have been created as a result of the tremendous increase of motor vehicles on our highways and the attendant traffic death and accident tolls; to plan and supervise programs for the prevention of accidents on streets and highways including but not limited to educational campaigns designed to reduce traffic accidents in cooperation with all official and unofficial organizations interested in traffic safety; to coordinate the activities at the state and local level in the development of state-wide and local traffic safety programs; to promote a uniform enforcement of traffic safety laws and establish standards for investigation and reporting of traffic accidents; to promote and improve driver education; and to authorize the governor to perform all functions required to be performed by him under the federal Highway Safety Act of 1966 (Public Law 89-564; 80 Stat. 731).

(2) The legislature finds and declares that bicycling and walking are becoming increasingly popular in Washington as clean and efficient modes of transportation, as recreational activities, and as organized sports. Future plans for the state's transportation system will require increased access and safety for bicycles and pedestrians on our common roadways, and federal transportation legislation and funding programs have created strong incentives to implement these changes quickly. As a result, many more people are likely to take up bicycling in Washington both as a leisure activity and as a convenient, inexpensive form of transportation. Bicyclists are more vulnerable to injury and accident than motorists, and should be as knowledgeable as possible about traffic laws, be highly visible and predictable when riding in traffic, and be encouraged to wear bicycle safety helmets. Hundreds of bicyclists and pedestrians are seriously injured every year in accidents, and millions of dollars are spent on health care costs associated with these accidents. There is clear evidence that organized training in the rules and techniques of safe and effective cycling can significantly reduce the incidence of serious injury and accidents, increase cooperation among road users, and significantly increase the incidence of bicycle helmet use, particularly among minors.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.59 RCW to read as follows:

(1) The Washington state traffic safety commission shall establish a program for improving bicycle and pedestrian safety, and shall cooperate with the state criminal justice training commission, bicycle federation of America, the league of American bicyclists, state and local

bicycling organizations, local governments, public school districts, or other appropriate public and private organizations in developing and operating programs to improve bicycle and pedestrian safety.

(2) The commission shall prescribe minimum qualifications for the grant recipients.

(3) The commission will form an advisory group of bicycle and pedestrian safety stakeholders to assist the director in:

(a) Establishing standards and criteria for traffic safety grants and reviewing the merits of grant applications submitted;

(b) Determining the most effective programs available to improve bicycle and pedestrian safety; and

(c) Establishing state pedestrian and bicycle safety goals and performance measures.

(4) Upon successful completion of a safety training program, participants will receive a bicycle or pedestrian safety education certificate signed by an authorized instructor. The certificate is evidence of compliance with this section.

(5) State agencies, political subdivisions of the state, and nonprofit organizations, including but not limited to bicycling groups and community and civic organizations, are eligible for grant funds on a matching basis under the program established in subsection (1) of this section. All entities receiving matching funds must provide a regularly scheduled program complying with standards established by the traffic safety commission. Bicycle organizations are encouraged to make donations to the matching grant program.

**Sec. 4.** RCW 48.02.190 and 1987 c 505 s 54 are each amended to read as follows:

(1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state and every health care service contractor registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapter 48.44 RCW.

(b) "Receipts" means (i) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (ii) prepayments to health care service contractors as set forth in RCW 48.44.010(3) less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations. Each class of organization shall contribute sufficient in fees to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) Fees charged shall be calculated separately for each class of organization. The fee charged each organization shall be that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year: PROVIDED, That the fee shall not exceed one-eighth of one percent of receipts: PROVIDED FURTHER, That the minimum fee shall be one thousand dollars.

(4) The commissioner shall annually, on or before June 1, calculate and bill each organization for the amount of its fee. Fees shall be due and payable no later than June 15 of each year: PROVIDED, That if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such fees within the time specified, the commissioner may use the fee factors for the prior year as the basis for the fees and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. The penalties for failure to pay fees when due shall be the same as the penalties for failure to pay taxes pursuant to RCW 48.14.060. The fees required by this section are in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Appropriations may be made from the insurance commissioner's regulatory account for the purposes of bicycle and pedestrian safety programs under section 3 of this act.

(7) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and shall be used to reduce future fees.

**NEW SECTION. Sec. 5.** A new section is added to chapter 43.59 RCW to read as follows:

The traffic safety commission, acting jointly with the department of licensing and the superintendent of public instruction, shall develop a curriculum for bicycle safety education. The commission may develop a video presentation to accompany this curriculum.

**NEW SECTION. Sec. 6.** A new section is added to chapter 46.20 RCW to read as follows:

The department of licensing shall incorporate a section on bicycle safety and sharing the road into its instructional publications for drivers and shall include questions in the written portion of the driver's license examination on bicycle safety and sharing the road with bicycles.

**Sec. 7.** RCW 46.20.095 and 1986 c 93 s 3 are each amended to read as follows:

The department shall include information on the proper use of the left-hand lane by motor vehicles on multilane highways and on bicyclists' and pedestrians' rights and responsibilities in its instructional publications for drivers.

**Sec. 8.** RCW 46.82.430 and 1986 c 93 s 5 are each amended to read as follows:

Instructional material used in driver training schools shall include information on the proper use of the left-hand lane by motor vehicles on multilane highways and on bicyclists' and pedestrians' rights and responsibilities and suggested riding procedures in common traffic situations.

It shall be the purpose of every traffic school which may be established hereunder to instruct, educate, and inform all persons appearing for training in the proper, lawful, and safe operation of motor vehicles, including but not limited to rules of the road and the limitations of persons, vehicles, and bicycles and roads, streets, and highways under varying conditions and circumstances.

**Sec. 10.** RCW 46.52.070 and 1967 c 32 s 57 are each amended to read as follows:

(1) Any police officer of the state of Washington or of any county, city, town or other political subdivision, present at the scene of any accident or in possession of any facts concerning any accident whether by way of official investigation or otherwise shall make report thereof in the same manner as required of the parties to such accident and as fully as the facts in his possession concerning such accident will permit.

(2) The police officer shall report to the department, on a form prescribed by the director: (a) When an accident has occurred that results in a fatality or serious injury; (b) the identity of the operator of a vehicle involved in the accident when the officer has reasonable grounds to believe the operator who caused the fatality or serious injury may not be competent to operate a motor vehicle; and (c) the reason or reasons for such belief.

**Sec. 11.** RCW 46.52.100 and 1995 c 219 s 3 are each amended to read as follows:

Every district court, municipal court, and clerk of superior court shall keep or cause to be kept a record of every traffic complaint, traffic citation, notice of infraction, or other legal form of traffic charge deposited with or presented to the court or a traffic violations bureau, and shall keep a record of every official action by the court or its traffic violations bureau in reference thereto, including but not limited to a record of every conviction, forfeiture of bail, judgment of acquittal, finding that a traffic infraction has been committed, dismissal of a notice of infraction, and the amount of fine, forfeiture, or penalty resulting from every traffic complaint, citation, or notice of infraction deposited with or presented to the district court, municipal court, superior court, or traffic violations bureau.

The Monday following the conviction, forfeiture of bail, or finding that a traffic infraction was committed for violation of any provisions of this chapter or other law regulating the operating of vehicles on highways, every magistrate of the court or clerk of the court of record in which such conviction was had, bail was forfeited, or the finding made shall prepare and immediately forward to the director of licensing at Olympia an abstract of the record of the court covering the case, which abstract must be certified by the person so required to prepare the same to be true and correct. Report need not be made of any finding involving the illegal parking or standing of a vehicle.

The abstract must be made upon a form or forms furnished by the director and shall include the name and address of the party charged, the number, if any, of the party's driver's or chauffeur's license, the registration number of the vehicle involved if required by the director, the nature of the offense, the date of hearing, the plea, the judgment, whether the offense was an alcohol-related offense as defined in RCW 46.01.260(2), whether the incident that gave rise to the offense charged resulted in any fatality, whether bail forfeited, whether the determination that a traffic infraction was committed was contested, and the amount of the fine, forfeiture, or penalty as the case may be.

Every court of record shall also forward a like report to the director upon the conviction of any person of a felony in the commission of which a vehicle was used.

The failure of any such judicial officer to comply with any of the requirements of this section shall constitute misconduct in office and shall be grounds for removal therefrom.

The director shall keep all abstracts received hereunder at the director's office in Olympia and the same shall be open to public inspection during reasonable business hours.

Venue in all district courts shall be before one of the two nearest district judges in incorporated cities and towns nearest to the point the violation allegedly occurred: PROVIDED, That in counties with populations of one hundred twenty-five thousand or more such cases may be tried in the county seat at the request of the defendant.

It shall be the duty of the officer, prosecuting attorney, or city attorney signing the charge or information in any case involving a charge of driving under the influence of intoxicating liquor or any drug immediately to make request to the director for an abstract of convictions and forfeitures which the director shall furnish.

**Sec. 12.** RCW 46.52.120 and 1993 c 501 s 12 are each amended to read as follows:

(1) The director shall keep a case record on every motor vehicle driver licensed under the laws of this state, together with information on each driver, showing all the convictions and findings of traffic infractions certified by the courts, together with an index cross-reference record of each accident reported relating to such individual with a brief statement of the cause of the accident and whether or not the accident resulted in any fatality. The chief of the Washington state patrol shall furnish the index cross-reference record to the director, with reference to each driver involved in the reported accidents.

(2) The records shall be for the confidential use of the director, the chief of the Washington state patrol, the director of the Washington traffic safety commission, and for such police officers or other cognizant public officials as may be designated by law. Such case records shall not be offered as evidence in any court except in case appeal is taken from the order of the director, suspending, revoking, canceling, or refusing a vehicle driver's license.

(3) The director shall tabulate and analyze vehicle driver's case records and suspend, revoke, cancel, or refuse a vehicle driver's license to a person when it is deemed from facts contained in the case record of such person that it is for the best interest of public safety that such person be denied the privilege of operating a motor vehicle. The director shall also suspend a person's driver's license if the person fails to attend or complete a driver improvement interview or fails to abide by conditions of probation under RCW 46.20.335. Whenever the director orders the vehicle driver's license of any such person suspended, revoked, or canceled, or refuses the issuance of a vehicle driver's license, such suspension, revocation, cancellation, or refusal is final and effective unless appeal from the decision of the director is taken as provided by law.

**Sec. 13.** RCW 46.52.130 and 1997 c 66 s 12 are each amended to read as follows:

A certified abstract of the driving record shall be furnished only to the individual named in the abstract, an employer or prospective employer or an agent acting on behalf of an employer or prospective employer, the insurance carrier that has insurance in effect covering the employer or a prospective employer, the insurance carrier that has insurance in effect covering the named individual, the insurance carrier to which the named individual has applied, an alcohol/drug assessment or treatment agency approved by the department of social and health services, to which the named individual has applied or been assigned for evaluation or treatment, or city and county prosecuting attorneys. City attorneys and county prosecuting attorneys may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment. The director, upon proper request, shall furnish a certified abstract covering the period of not more than the last three years to insurance companies. Upon proper request, the director shall furnish a certified abstract covering a period of not more than the last five years to state approved alcohol/drug assessment or treatment agencies, except that the certified abstract shall also include records of alcohol-related offenses as defined in RCW 46.01.260(2) covering a period of not more than the last ten years. Upon proper request, a certified abstract of the full driving record maintained by the department shall be furnished to a city or county prosecuting attorney, to the individual named in the abstract or to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual. The enumeration shall include any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer. Certified abstracts furnished to prosecutors and alcohol/drug assessment or treatment agencies shall also indicate whether a recorded violation is an alcohol-related offense as defined in RCW 46.01.260(2) that was originally charged as one of the alcohol-related offenses designated in RCW 46.01.260(2)(b)(i).

The abstract provided to the insurance company shall exclude any information, except that related to the commission of misdemeanors or felonies by the individual, pertaining to law enforcement officers or fire fighters as defined in RCW 41.26.030, or any officer of the Washington state patrol, while driving official vehicles in the performance of occupational duty. The abstract provided to the insurance company shall include convictions for RCW 46.61.5249 and 46.61.525 except that the abstract shall report them only as negligent driving without reference to whether they are for first or second degree negligent driving. The abstract provided to the insurance company shall exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract shall show the deferred prosecution as well as the removal.

The director shall collect for each abstract the sum of four dollars and fifty cents which shall be deposited in the highway safety fund.

Any insurance company or its agent receiving the certified abstract shall use it exclusively for its own underwriting purposes and shall not divulge any of the information contained in it to a third party. No policy of insurance may be canceled, nonrenewed, denied, or have the rate increased on the basis of such information unless the policyholder was determined to be at fault. No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment, nor may any insurance company or its agent for underwriting purposes relating to the operation of noncommercial motor vehicles use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

Any employer or prospective employer or an agent acting on behalf of an employer or prospective employer receiving the certified abstract shall use it exclusively for his or her own purpose to determine whether the licensee should be permitted to operate a commercial vehicle or school bus upon the public highways of this state and shall not divulge any information contained in it to a third party.

Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

Release of a certified abstract of the driving record of an employee or prospective employee requires a statement signed by: (1) The employee or prospective employee that authorizes the release of the record, and (2) the employer attesting that the information is necessary to determine whether the licensee should be employed to operate a commercial vehicle or school bus upon the public highways of this state. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

Any violation of this section is a gross misdemeanor.

**Sec. 14.** RCW 46.20.291 and 1997 c 58 s 806 are each amended to read as follows:

#### RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Wojahn to the amendment by Senators Zarelli, Long, Hargrove and Kohl on page 27, after line 12, to the Committee on Human Services and Corrections striking amendment, the President finds that Substitute House Bill No. 2556 is a measure which makes several substantive and procedural changes designed to provide greater prevention against child abuse, including: (1) Declaring that a child's health and safety shall be the paramount concern of the Department of Social and Health Services when dealing with child abuse complaints; (2) Providing that reasonable efforts to reunify a family are not required if a parent has been convicted of specified crimes; and (3) Requiring that a petition for termination of parental rights must be filed for abandoned infants.

"The amendment to the committee amendment would create citizen review panels to evaluate whether agencies are effectively discharging duties related to child abuse prevention.

"The President, therefore, finds that the proposed amendment to the committee amendment does not change the scope and object of the bill and the point of order is not well taken."

The amendment on page 27, after line 12, by Senators Zarelli, Long, Hargrove and Kohl to the Committee on Human Services and Corrections striking amendment to Substitute House Bill No. 2556 was ruled in order.

#### MOTION

On motion of Senator Long, the following amendment by Senators Anderson, Long, Hargrove and Franklin to the Committee on Human Services and Corrections striking amendment was adopted:

On page 27, after line 12 of the amendment, insert the following:

"**Sec. 15.** RCW 70.47.060 and 1997 c 337 s 2, 1997 c 335 s 2, 1997 c 245 s 6, and 1997 c 231 s 206 are each reenacted and amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW ((48.42.080)) 48.47.030, and such other factors as the administrator deems appropriate.

However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator.

(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 1996, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(16) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions."

Renumber the remaining sections consecutively and correct any internal references accordingly.

#### POINT OF INQUIRY

Senator Loveland: "Senator Long, I hope I wasn't asleep at the switch here. I was just reading a summary of the bill and it talks about local government impacts and it states that DCTED, whatever we call it now, is to reexamine the fiscal note for local governments. Are there provisions to reimburse local governments for any additional costs?"

Senator Long: "I can't answer your question, Senator Loveland. I know that the dollar amounts that are here are significant that the state would lose. At this point, my assumption would be that any costs that would be incurred would come out of that money, but I would be happy to check and get back to you on it."

Senator Loveland: "Thank you."

#### RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Snyder under Senate Rule 25, concerning whether Engrossed House Bill No. 2894, as amended by the Senate, contains two subjects. The President finds that this rule is taken verbatim from Article II, Section 19 of the State Constitution.

"The President does not normally respond to constitutional questions. However, the President cannot avoid interpreting a Senate Rule. The President would note that the two subject rule has been invoked only rarely. The precedent raised by Senator Snyder appears to be the only other time the rule has been raised in the past fifty years.

"In interpreting Senate Rule 25, the President believes it appropriate to rely on decisions by the Supreme Court interpreting Article II, Section 19. In interpreting the two subject rule, the Supreme Court maintains several premises, including: (1) That the statute is presumed to be constitutional; (2) that the challenger of the statute maintains a heavy burden to overcome the presumption; (3) That the constitutional requirement is to be liberally construed so as not to impose hampering restrictions upon the Legislature; and (4) That all that is required is that there be some 'rational unity' between the general subject and the incidental subdivisions. The President believes that he should not be more restrictive in interpreting Senate Rule 25 than is the Supreme Court in interpreting Article II, Section 19.

"Engrossed House Bill No. 2894, as amended by the Senate, is an Act relating to the reallocation of motor vehicle excise tax and general fund resources for the purpose of providing transportation funding, local criminal justice funding and tax reduction. The bill contains several incidental subjects, including authorizing bonds for highway construction, and making changes to Initiative 601 to accommodate the reallocation of MVET funds. The President cannot find under the existing Supreme Court precedents that any of these incidental subjects is wholly unrelated or without rational unity to the general subject of the measure.

"The President, therefore, finds that the measure does not violate Senate Rule 25, and that the point of order is not well taken."

The President declared the question before the Senate to be the roll call on the final passage of Engrossed House Bill No. 2894, as amended by the Senate.

## SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2596, by House Government Reform and Land Use (originally sponsored by Representatives Chandler, Reams, Gardner, Lantz and Mulliken)

Clarifying that master planned resorts may obtain facilities, utilities, and services from outside service providers.

The bill was read the second time.

## MOTION

Senator Hale moved that the following Committee on Government Operations amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The primary intent of this act is to give effect to recommendations by the 1994 department of community, trade, and economic development's master planned resort task force by clarifying that master planned resorts may make use of capital facilities, utilities, and services provided by outside service providers, and may enter into agreements for shared facilities with such providers, when all costs directly attributable to the resort, including capacity increases, are fully borne by the resort.

**Sec. 2.** RCW 36.70A.360 and 1991 sp.s. c 32 s 17 are each amended to read as follows:

(1) Counties that are required or choose to plan under RCW 36.70A.040 may permit master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. A master planned resort means a self-contained and fully integrated planned unit development, in a setting of significant natural amenities, with primary focus on destination resort facilities consisting of short-term visitor accommodations associated with a range of developed on-site indoor or outdoor recreational facilities.

~~(2) Capital facilities, utilities, and services, including those related to sewer, water, storm water, security, fire suppression, and emergency medical, provided on-site shall be limited to meeting the needs of the master planned resort. Such facilities, utilities, and services may be provided to a master planned resort by outside service providers, including municipalities and special purpose districts, provided that all costs associated with service extensions and capacity increases directly attributable to the master planned resort are fully borne by the resort. A master planned resort and service providers may enter into agreements for shared capital facilities and utilities, provided that such facilities and utilities serve only the master planned resort or urban growth areas.~~

~~Nothing in this subsection may be construed as: Establishing an order of priority for processing applications for water right permits, for granting such permits, or for issuing certificates of water right; altering or authorizing in any manner the alteration of the place of use for a water right; or affecting or impairing in any manner whatsoever an existing water right.~~

~~All waters or the use of waters shall be regulated and controlled as provided in chapters 90.03 and 90.44 RCW and not otherwise.~~

(3) A master planned resort may include other residential uses within its boundaries, but only if the residential uses are integrated into and support the on-site recreational nature of the resort.

(4) A master planned resort may be authorized by a county only if:

~~((1))~~ (a) The comprehensive plan specifically identifies policies to guide the development of master planned resorts;

~~((2))~~ (b) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the master planned resort, except in areas otherwise designated for urban growth under RCW 36.70A.110;

~~((3))~~ (c) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the master planned resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forest land or agricultural land under RCW 36.70A.170;

~~((4))~~ (d) The county ensures that the resort plan is consistent with the development regulations established for critical areas; and

~~((5))~~ (e) On-site and off-site infrastructure and service impacts are fully considered and mitigated."

Debate ensued.

The President declared the question before the Senate to be the adoption of the Committee on Government Operation striking amendment to Engrossed Substitute House Bill No. 2596.

#### SECOND READING

SUBSTITUTE HOUSE BILL NO. 3099, by House Committee on House Government Reform and Land Use (originally sponsored by Representatives DeBolt, Kessler and Johnson)

Expanding the authority for counties to adopt master planned locations for major industrial activity.

The bill was read the second time.

#### MOTION

On motion of Senator McCaslin, the following Committee on Government Operations amendment was adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that to fulfill the economic development goal of this chapter, it is beneficial to expand the limited authorization for pilot projects for identifying locations for major industrial activity in advance of specific proposals by an applicant. The legislature further finds that land bank availability may provide economically disadvantaged counties the opportunity to attract new industrial activity by offering expeditious siting and therefore promote a community's economic health and vitality. The purpose of this act is to authorize and evaluate additional pilot projects for major industrial activity in economically disadvantaged counties.

**Sec. 2.** RCW 36.70A.367 and 1997 c 402 s 1 are each amended to read as follows:

(1) In addition to the major industrial development allowed under RCW 36.70A.365, a county required or choosing to plan under RCW 36.70A.040 that ~~((has a population greater than two hundred fifty thousand and that is part of a metropolitan area that includes a city in another state with a population greater than two hundred fifty thousand or a county that has a population greater than one hundred forty thousand and is adjacent to another country))~~ meets the criteria in subsection (9) of this section may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for designating a bank of no more than two master planned locations for major industrial activity outside urban growth areas.

(2) A master planned location for major industrial developments outside an urban growth area may be included in the urban industrial land bank for the county if criteria including, but not limited to, the following are met:

(a) New infrastructure is provided for and/or applicable impact fees are paid;

(b) Transit-oriented site planning and traffic demand management programs are implemented;

- (c) Buffers are provided between the major industrial development and adjacent nonurban areas;
  - (d) Environmental protection including air and water quality has been addressed and provided for;
  - (e) Development regulations are established to ensure that urban growth will not occur in adjacent nonurban areas;
  - (f) Provision is made to mitigate adverse impacts on designated agricultural lands, forest lands, and mineral resource lands;
  - (g) The plan for the major industrial development is consistent with the county's development regulations established for protection of critical areas; and
  - (h) An inventory of developable land has been conducted as provided in RCW 36.70A.365.
- (3) In selecting master planned locations for inclusion in the urban industrial land bank, priority shall be given to locations that are adjacent to, or in close proximity to, an urban growth area.
- (4) Final approval of inclusion of a master planned location in the urban industrial land bank shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070, except that RCW 36.70A.130(2) does not apply so that inclusion or exclusion of master planned locations may be considered at any time.
- (5) Once a master planned location has been included in the urban industrial land bank, manufacturing and industrial businesses that qualify as major industrial development under RCW 36.70A.365 may be located there.
- (6) Nothing in this section may be construed to alter the requirements for a county to comply with chapter 43.21C RCW.
- (7) The authority of a county to engage in the process of including or excluding master planned locations from the urban industrial land bank shall terminate on December 31, ~~((1998))~~ 1999. However, any location included in the urban industrial land bank on December 31, ~~((1998))~~ 1999, shall remain available for major industrial development as long as the criteria of subsection (2) of this section continue to be met.
- (8) For the purposes of this section, "major industrial development" means a master planned location suitable for manufacturing or industrial businesses that: (a) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent; or (c) requires a location with characteristics such as proximity to transportation facilities or related industries such that there is no suitable location in an urban growth area. The major industrial development may not be for the purpose of retail commercial development or multitenant office parks.
- (9) This section applies to a county that at the time the process is established under subsection (1) of this section:
- (a) Has a population greater than two hundred fifty thousand and is part of a metropolitan area that includes a city in another state with a population greater than two hundred fifty thousand;
  - (b) Has a population greater than one hundred forty thousand and is adjacent to another country; or
  - (c) Has a population greater than forty thousand but less than seventy-five thousand and has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and
  - (i) Is bordered by the Pacific Ocean; or
  - (ii) Is located in the Interstate 5 or Interstate 90 corridor."

#### MOTIONS

On motion of Senator McCaslin, the following title amendment was adopted:

On page 1, line 1 of the title, after "developments;" strike the remainder of the title and insert "amending RCW 36.70A.367; and creating a new section."

On motion of Senator McCaslin, the rules were suspended, Substitute House Bill No. 3099, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 3099, as amended by the Senate.

#### ROLL CALL

## SECOND READING

SUBSTITUTE HOUSE BILL NO. 2077, by House Committee on Government Administration (originally sponsored by Representatives D. Schmidt, Scott and D. Sommers)

Providing uniform exemptions to competitive bidding procedures utilized by municipalities when awarding contracts for public works and contracts for purchases.

The bill was read the second time.

## MOTION

On motion of Senator McCaslin, the following Committee on Government Operations amendment was adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 39.04 RCW to read as follows:

This section provides uniform exemptions to competitive bidding procedures utilized by municipalities when awarding contracts for public works and contracts for purchases. The statutes governing a specific type of municipality may also include other exemptions from competitive bidding procedures. The purpose of this section is to supplement and not to limit the current powers of any municipality to provide exemptions from competitive bidding procedures.

(1) Competitive bidding procedures may be waived by the governing body of the municipality for:

- (a) Purchases that are clearly and legitimately limited to a single source of supply;
- (b) Purchases involving special facilities or market conditions;
- (c) Purchases in the event of an emergency;
- (d) Purchases of insurance or bonds; and
- (e) Public works in the event of an emergency.

(2)(a) The waiver of competitive bidding procedures under subsection (1) of this section may be by resolution or by the terms of written policies adopted by the municipality, at the option of the governing body of the municipality. If the governing body elects to waive competitive bidding procedures by the terms of written policies adopted by the municipality, immediately after the award of any contract, the contract and the factual basis for the exception must be recorded and open to public inspection.

If a resolution is adopted by a governing body to waive competitive bidding procedures under (b) of this subsection, the resolution must recite the factual basis for the exception. This subsection (2)(a) does not apply in the event of an emergency.

(b) If an emergency exists, the person or persons designated by the governing body of the municipality to act in the event of an emergency may declare an emergency situation exists, waive competitive bidding requirements, and award all necessary contracts on behalf of the municipality to address the emergency situation. If a contract is awarded without competitive bidding due to an emergency, a written finding of the existence of an emergency must be made by the governing body or its designee and duly entered of record no later than two weeks following the award of the contract.

(3) For purposes of this section:

(a) "Emergency" means unforeseen circumstances beyond the control of the municipality that either: (i) Present a real, immediate threat to the proper performance of essential functions; or (ii) will likely result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken.

(b) "Municipality" means any city, code city, town, county, port district, fire district, public utility district, public hospital district, or water-sewer district.

**Sec. 2.** RCW 35.22.620 and 1993 c 198 s 9 are each amended to read as follows:

(1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall

be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of fifty thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employees perform a public works project in excess of thirty-five thousand dollars if more than one craft or trade is involved with the public works project, or a public works project in excess of twenty thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

After September 1, 1987, each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) ~~((When any emergency shall require the immediate execution of such public work, upon the finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the city council shall adopt a resolution certifying the existence of this emergency situation.))~~ The competitive bidding requirements of this section may be waived by the city legislative authority pursuant to section 1 of this act if an exemption contained within that section applies to the work or contract.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may use ((a)) the small works roster process ((and)) in RCW 39.04.155 to award contracts for public works projects with an estimated value of one hundred thousand dollars or less ((as provided in RCW 39.04.155)).

Whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

**Sec. 3.** RCW 35.23.352 and 1996 c 18 s 2 are each amended to read as follows:

(1) Any second class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of thirty thousand dollars if more than one craft or trade is involved with the public works, or twenty thousand dollars if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon publication of notice calling for sealed bids upon the work. The notice shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, at least thirteen

days prior to the last date upon which bids will be received. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second class city or a town may use the small works roster process provided in RCW 39.04.155 to award public works contracts with an estimated value of one hundred thousand dollars or less.

(9) ~~((These requirements for purchasing may be waived by resolution of the city or town council or commission which declared that the purchase is clearly and legitimately limited to a single source or supply within the near vicinity, or the materials, supplies, equipment, or services are subject to special market conditions, and recites why this situation exists. Such actions are subject to RCW 39.30.020.))~~ The city or town legislative authority may waive the competitive bidding requirements of this section pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or public work.

(11) Nothing in this section shall prohibit any second class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

**Sec. 4.** RCW 36.32.270 and 1963 c 4 s 36.32.270 are each amended to read as follows:

~~((In the event of an emergency when the public interest or property of the county would suffer material injury or damage by delay, upon resolution of the board of county commissioners declaring the existence of such emergency and reciting the facts constituting the same, the board))~~ The county legislative authority may waive the competitive bidding requirements of this chapter ((with reference to any)) pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or ((contract)) public work.

**Sec. 5.** RCW 52.14.110 and 1993 c 198 s 11 are each amended to read as follows:

Insofar as practicable, purchases and any public works by the district shall be based on competitive bids. A formal sealed bid procedure shall be used as standard procedure for purchases and contracts for purchases executed by the board of commissioners. Formal sealed bidding shall not be required for:

(1) ~~((Emergency purchases if the sealed bidding procedure would prevent or hinder the emergency from being addressed appropriately. The term emergency means an occurrence that creates an immediate threat to life or property;~~

~~(2))~~) The purchase of any materials, supplies, or equipment if the cost will not exceed the sum of four thousand five hundred dollars. ~~((3))~~) (2) Contracting for work to be done involving the construction or improvement of a fire station or other buildings where the estimated cost will not exceed the sum of two thousand five hundred dollars, which includes the costs of labor, material, and equipment. However, whenever the estimated cost is from two thousand five hundred dollars up to ten thousand dollars, the commissioner may by resolution use the small works roster process provided in RCW 39.04.155; and

~~((4) Purchases which are clearly and legitimately limited to a single source of supply, or services, in which instances the purchase price may be best established by direct negotiation: PROVIDED, That this subsection shall not apply to purchases or contracts relating to public works as defined in chapter 39.04 RCW; and~~

~~(5) Purchases of insurance and bonds;)~~ (3) Any contract for purchases or public work pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or public work.

**Sec. 6.** RCW 53.08.120 and 1993 c 198 s 13 are each amended to read as follows:

All material required by a port district may be procured in the open market or by contract and all work ordered may be done by contract or day labor. All such contracts for work, the estimated cost of which exceeds one hundred thousand dollars, shall be let at public bidding upon notice published in a newspaper of general circulation in the district at least thirteen days before the last date upon which bids will be received, calling for sealed bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder. The competitive bidding requirements for purchases or public works may be waived pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or public work.

Each port district shall maintain a small works roster, as provided in RCW 39.04.155, and may use the small works roster process to award contracts in lieu of calling for sealed bids whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less. Whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section.

When awarding such a contract for work, when utilizing proposals from the small works roster, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster.

**Sec. 7.** RCW 54.04.070 and 1993 c 198 s 14 are each amended to read as follows:

Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of five thousand dollars, exclusive of sales tax shall be by contract: PROVIDED, That a district may make purchases of the same kind of items of materials, equipment and supplies not exceeding five thousand dollars in any calendar month without a contract, purchasing any excess thereof over five thousand dollars by contract. Any work ordered by a district commission, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, shall be by contract, except that a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. Prudent utility management means performing work with regularly employed personnel utilizing material of a worth not exceeding fifty thousand dollars in value without a contract: PROVIDED, That such limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment purchased or acquired and used as one unit of a project. Before awarding such a contract, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least thirteen days before the last date upon which bids will be received, inviting sealed proposals for the work or materials; plans and specifications of which shall at the time of the publication be on file at the office of the district subject to public inspection. Any published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

Notwithstanding any other provisions herein, all contract projects, the estimated cost of which is less than one hundred thousand dollars, may be awarded to a contractor using the small works roster process provided in RCW 39.04.155. All contract projects equal to or in excess of one hundred thousand dollars shall be let by competitive bidding.

Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission and may consider such price as a bid without a deposit or bond. ~~((In the event of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the commission, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract, after having taken precautions to secure the lowest price practicable under the circumstances.~~

~~After determination by the commission during a public meeting that a particular purchase is available clearly and legitimately only from a single source of supply, the bidding requirements of this section may be waived by the commission.))~~

The commission may waive the competitive bidding requirements of this section pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or public work.

**Sec. 8.** RCW 57.08.050 and 1997 c 245 s 4 are each amended to read as follows:

(1) All work ordered, the estimated cost of which is in excess of five thousand dollars shall be let by contract. All contract projects, the estimated cost of which is in excess of five thousand dollars and less than fifty thousand dollars, may be awarded to a contractor using the small works roster process provided in RCW 39.04.155. The board of commissioners may set up uniform procedures to prequalify contractors for inclusion on the small works roster. All contract projects equal to or in excess of fifty thousand dollars shall be let by competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier's check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder's bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. At the time and place named such bids shall be publicly opened and read and the board of commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder's own plans and specifications. However, no contract shall be let in excess of the cost of the materials or work. The board of commissioners may reject all bids for good cause and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If the contract is let, then all checks, cash, or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ten days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the district. If the bidder fails to enter into a contract in accordance with the bidder's bid, and the board of commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the district shall be entitled to collect from the bidder any legal expenses, including reasonable attorneys' fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) Any purchase of materials, supplies, or equipment, with an estimated cost in excess of ten thousand dollars, shall be by contract. Any purchase of materials, supplies, or equipment, with an estimated cost of from ~~((five))~~ ten thousand dollars to less than fifty thousand dollars shall be made using the process provided in RCW ~~((39.04.155))~~ 39.04.190 or by competitive bidding following the procedure for letting contracts for projects under subsection (1) of this section. Any purchase of materials, supplies, or equipment with an estimated cost of fifty thousand dollars or more shall be made by competitive bidding following the procedure for letting contracts for projects under subsection (1) of this section.

(3) ~~((In the event of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board of commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board or official acting for the board may waive the requirements of this chapter with reference to any purchase or contract. In addition, these requirements may be waived for purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation.))~~ The board may waive the competitive bidding requirements of this section pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or public work.

**Sec. 9.** RCW 70.44.140 and 1996 c 18 s 15 are each amended to read as follows:

(1) All materials purchased and work ordered, the estimated cost of which is in excess of five thousand dollars, shall be by contract. Before awarding any such contract, the commission shall publish a notice at least thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work. The plans and specifications must at the time of the publication of such notice be on file at the office of the public hospital district, subject to public inspection: PROVIDED, HOWEVER, That the commission may at the same time, and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by bidders. The notice shall state generally the work to be done, and shall call for proposals for doing the same, to be sealed and filed with the commission on or before the day and hour named therein. Each bid shall be accompanied by bid proposal security in the form of a certified check, cashier's check, postal money order, or surety bond made payable to the order of the commission, for a sum not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal security. At the time and place named, such bids shall be publicly opened and read, and the

commission shall proceed to canvass the bids, and may let such contract to the lowest responsible bidder upon plans and specifications on file, or to the best bidder submitting his or her own plans and specifications: PROVIDED, HOWEVER, That no contract shall be let in excess of the estimated cost of the materials or work, or if, in the opinion of the commission, all bids are unsatisfactory, they may reject all of them and readvertise, and in such case all bid proposal security shall be returned to the bidders; but if such contract be let, then and in such case all bid proposal security shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials for doing such work, and a bond to perform such work furnished, with sureties satisfactory to the commission, in an amount to be fixed by the commission, not less than twenty-five percent of contract price in any case, between the bidder and commission, in accordance with the bid. If such bidder fails to enter into the contract in accordance with the bid and furnish such bond within ten days from the date at which the bidder is notified that he or she is the successful bidder, the bid proposal security and the amount thereof shall be forfeited to the public hospital district. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) In lieu of the procedures of subsection (1) of this section, a public hospital district may use a small works roster process and award public works contracts for projects in excess of five thousand dollars up to fifty thousand dollars as provided in RCW 39.04.155.

(3) For advertisement and formal sealed bidding to be dispensed with as to purchases between five thousand and fifteen thousand dollars, the commission must authorize by resolution a procedure as provided in RCW 39.04.190.

(4) The commission may waive the competitive bidding requirements of this section pursuant to section 1 of this act if an exemption contained within that section applies to the purchase or public work.

#### POINT OF INQUIRY

Senator Wojahn: "Senator Brown, if there is an accumulation of electric bills that were unpaid by the prior tenant, would the new tenant be required to pick those up?"

Senator Brown: "Senator Wojahn, I am not an expert on this issue, but my understanding is 'no' that would not be the case. What happens now is if the tenant manages to escape without paying, what can happen, if the utility fails to collect from the tenant, they can place a lien on the property and then it shifts to the property owner--which, of course, the property owner doesn't like. So, under this underlying bill, they will get notice in advance or they can request notice in advance which, hopefully, will help in getting the appropriate party paying the bill." The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2551, as amended by the Senate.

Senator McAuliffe: "Senator Long, I just want to clarify something, if you could. You have said that this option was never used before and now we are placing it in law. Is that right?"

Senator Long: "No, what I said is the option has not been used and we are saying it can't be."

Senator McAuliffe: "Thank you very much. I did not hear that correctly."

#### POINT OF INQUIRY

Senator Wojahn: "Senator Long, where are we going to put these people? Do we have a facility to which to put them?"

Senator Long: "They don't exist right now. They go to McNeill Island--they will--and they are being kept in secure facilities in our prisons and we do have treatments at McNeill and at other facilities, so it isn't that we are just locking them up."

Senator Wojahn: "Is that the reason for the emergency clause on the bill?"

Senator Long: "Pardon me?"

Senator Wojahn: "Is that the reason for the emergency clause?"

Senator Long: "Yes."

Senator Wojahn: "Thank you."

The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 2905.

#### MOTION

Senator McCaslin moved that the following Committee on Government Operations amendment be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.13.182 and 1997 c 429 s 37 are each amended to read as follows:

(1) The legislative body of a city or town planning under chapter 36.70A RCW as of June 30, 1994, may resolve to annex territory to the city or town if there is, within the city or town, unincorporated territory containing residential property owners within the same county and within the same urban growth area designated under RCW 36.70A.110 as the city or town:

(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the city or town (if such area existed before June 30, 1994); or

(b) Of any size and having at least eighty percent of the boundaries of the area contiguous to the city if the area existed before June 30, 1994.

(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing in the area as nearly as may be, and set a date for a public hearing on the resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the city or town and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water.

**NEW SECTION. Sec. 2.** A new section is added to chapter 35.13 RCW to read as follows:

The annexation ordinance provided for in RCW 35.13.182 is subject to referendum for forty-five days after its passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

**NEW SECTION. Sec. 3.** A new section is added to chapter 35.13 RCW to read as follows:

On the date set for hearing as provided in RCW 35.13.182(2), residents or property owners of the area included in the resolution for annexation shall be afforded an opportunity to be heard. The legislative body may provide by ordinance for annexation of the territory described in the resolution, but the effective date of the ordinance shall be not less than forty-five days after the passage thereof. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of such requirements.

**Sec. 4.** RCW 36.70A.020 and 1990 1st ex.s. c 17 s 2 are each amended to read as follows:

The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner. Urban growth areas should have concentrated employment centers, separated by adequate buffers that protect critical areas, and need not be uniformly urban in nature.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

(4) Housing. Encourage the availability of affordable housing to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forest lands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Encourage the retention of open space and development of recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks.

(10) Environment. Protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance.

**Sec. 5.** RCW 36.70A.060 and 1991 sp.s. c 32 s 21 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW ~~((36.70A.129))~~ 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within ~~((three))~~ five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

**Sec. 6.** RCW 36.70A.070 and 1997 c 429 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community, including affordable housing and adequate housing located within reasonable commuting distances to employment centers.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding

capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

- (i) Containing or otherwise controlling rural development;
- (ii) Assuring visual compatibility of rural development with the surrounding rural area;
- (iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and ground transportation facilities and services, including railways, transit alignments, and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities, including interstate highway exits and ferry terminals, within the city or county's jurisdictional boundaries;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

**NEW SECTION. Sec. 7.** A new section is added to chapter 36.70A RCW to read as follows:

As part of the review required by RCW 36.70A.130(1), a county or city shall review its mineral resource lands designations adopted pursuant to RCW 36.70A.170 and mineral resource lands development regulations adopted pursuant to RCW 36.70A.040 and 36.70A.060. In its review, the county or city shall take into consideration:

(1) New information made available since the adoption or last review of its designations or development regulations, including data available from the department of natural resources relating to mineral resource deposits; and

(2) New or modified model development regulations for mineral resource lands prepared by the department of natural resources, the department of community, trade, and economic development, or the Washington state association of counties.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 59.18.030 and 1973 1st ex.s. c 207 s 3 are each amended to read as follows:

As used in this chapter:

(1) "Dwelling unit" is a structure or that part of a structure which is used as a home, residence, or sleeping place by one person or by two or more persons maintaining a common household, including but not limited to single family residences and units of multiplexes, apartment buildings, and mobile homes.

(2) "Landlord" means the owner, lessor, or sublessor of the dwelling unit or the property of which it is a part, and in addition means any person designated as representative of the landlord.
