MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5011

May 7, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5011 entitled:  
"AN ACT Relating to the financial and reporting requirements of health care service contractors and health maintenance organizations;"

I fully support the proposal in Substitute Senate Bill No. 5011, which raises minimum net worth requirements for health maintenance organizations, health care service contractors and limited health care service contractors operating in Washington State. The intent of this bill, which was requested by the Insurance Commissioner with the support of the industry, is to protect Washington State policyholders by ensuring the solvency of certain health carriers.

However, this bill is identical to Engrossed Substitute House Bill 1064, which I signed into law on April 25, 1997.

For this reason, I have vetoed Substitute Senate Bill No. 5011 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5030

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval Substitute Senate Bill No. 5030 entitled:

"AN ACT Relating to the appropriation of water from lakes and reservoirs for single-family residential noncommercial garden and landscape irrigation;"

Substitute Senate Bill No. 5030 would have directed the Department of Ecology to determine if water is available to provide shoreland owners around Lake Washington with a water right for residential noncommercial garden and landscape irrigation. The Department of Ecology determined in 1979 that additional diversions of water from the Lake Washington drainage system would deplete instream flows and lake levels required to support appropriate uses. There does not appear to be reasonable evidence that any additional water would be available today for these purposes, particularly in light of increased pressures associated with potential Endangered Species Act listings for salmon in the Puget Sound basin.

For these reasons, I have vetoed Substitute Senate Bill No. 5030 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5079

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval Substitute Senate Bill No. 5079, entitled:

"AN ACT Relating to permit processing;"

Substitute Senate Bill No. 5079 deals with the private preparation of draft wastewater discharge permits. I commend the intent of this bill to find ways to increase private sector participation in order to make the permit process more timely. However, while the Department of Ecology would still review and approve or deny permits, the time allowed for this review is not sufficient to ensure the thorough review necessary to protect the environment or to allow adequate time for input from the public.

For these reasons I have vetoed Substitute Senate Bill No. 5079 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

VETO MESSAGE ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5082

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5082 entitled:

"AN ACT Relating to mental health and chemical dependency treatment for minors;"

Engrossed Substitute Senate Bill No. 5082 addresses a very important matter, the role of parents in directing mental health and chemical dependency treatment of their teenage minor children. I have vetoed this measure because it leaves unresolved a number of important issues.

A focus of the bill is parent initiated inpatient mental health and chemical dependency treatment. At the outset of parent initiated inpatient treatment of a minor 13 years of age or older, this bill would substitute a series of professional psychiatric evaluations directed by the Department of Social and Health Services (DSHS) for the early judicial commitment hearing required in law as currently interpreted. This bill would permit approximately 100 days to pass prior to the minor having access to the courts, an unduly long period of time.

This bill is primarily a response to the case, State v. CPC Fairfax Hospital, 129 Wn.2d 439 (1996). In that ruling, four justices underscored the importance of due process in involuntary commitments. This bill, in delaying judicial review for a lengthy period, may not satisfy due process.

The issue of reimbursement for treatment must be handled more completely than is provided by this bill. At some early point in the process of admission of Medicaid eligible minors, the issue of reimbursements for treatment will inevitably arise. The bill would require all determinations (subsequent to the initial one) of whether treatment should continue to be based on a standard of "medically appropriate". It is unclear whether the state would be reimbursed for inpatient treatments that do not meet a standard describing a mental disorder, or even a standard of medical necessity. In the case of private insurers, perhaps some will choose to reimburse at a lower standard than "medically necessary". Others may not. This uncertainty around the financing and reimbursement of potentially costly treatment indicates the need for more careful attention to this matter.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5082 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

VETO MESSAGE ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5105

May 19, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5105 entitled:

"AN ACT Relating to administrative rule making;"

This bill would amend the Administrative Procedure Act (APA) as it relates to significant legislative rules that are the same as, or differ from, federal requirements. It would require that such rules expire automatically, unless specific statutory authority is obtained by July 1, 1999 allowing them to overlap or duplicate federal or state laws, or differ from federal law on the same subject matter.

If the Legislature should fail to act, for whatever reason, this bill could result in abdication of state policy to federal rule makers in crucial areas of public health, safety, environmental protection, and general public welfare. Often, federal requirements are stated as minimum standards or are designed to allow states to customize programs, through rules, to meet unique geographic or other needs. Also, any mechanism that could invalidate a rule by legislative inaction raises constitutional separation of powers questions.

My Executive Order No. 97-02 directs agencies to review their rules, and to amend or repeal those rules if they do not coordinate with rules of other governmental jurisdictions. I believe this effort can best be addressed by executive leadership.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5105 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SECOND SUBSTITUTE SENATE BILL NO. 5120

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Second Substitute Senate Bill No. 5120 entitled:

"AN ACT Relating to fish enhancement with remote site incubators;"

Second Substitute Senate Bill No. 5120 establishes a program to promote Remote Site Incubators (RSI's) for salmonid recovery. Although RSI's can play a role in salmonid recovery, I have specific concerns that this program is premature because our state's wild salmonid program is not yet in place.

I urge the Department of Fish and Wildlife (DFW) to look at RSI's in view of the Wild Salmonid Policy and potential Endangered Species Act listings. I encourage DFW to work with the tribes and the legislature to develop guidelines which will allow the use of RSI's while protecting the state's vital wild salmon stocks.

For these reasons, I have vetoed Second Substitute Senate Bill No. 5120 in its entirety.

I am hereby returning, without my approval, Second Substitute Senate Bill No. 5120.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5157

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5157 entitled:

"AN ACT Relating to sales and use tax exemptions for victims of inclement weather that led to a declaration of a disaster area;"

Substitute Senate Bill No. 5157 would have established a sales and use tax exemption for labor, services and materials used in repairing buildings, and replacement of private automobiles damaged by natural disasters occurring between November 1, 1995 and June 30, 1997.

I agree that it is important to assist victims of natural disasters, but I do not believe this bill is the way to do it. Many people would be unable to take advantage of the exemption since they have already repaired or replaced damaged buildings and automobiles. In order to be effective and fair, this bill would have needed to be in place prior to the natural disasters.

This bill represents a well-intentioned effort to help the victims of weather-related natural disasters. However, the defects of the bill more than offset its good intentions. The program it establishes would be readily subject to fraudulent abuse, and would require extensive and burdensome record keeping by private businesses.

For these reasons, I have vetoed Substitute Senate Bill No. 5157 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5188

May 19, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5188 entitled:

"AN ACT Relating to offenders;"

Substitute Senate Bill No. 5188 would require the full disclosure of 1) the medical information of death row inmates to any person, at any time, for any reason; and 2) the medical information of inmates who use their health status in appeals and petitions for release. Any person would be able to obtain the medical records of these inmates without stating the purpose and intended use of the information.

I support the death penalty, and have sought the death penalty as a deputy prosecutor. I strongly support that portion of the legislation that requires the disclosure of an inmate's medical records, if the inmate raises his or her medical condition as part of a court proceeding. However, I strongly disagree with the requirement of this bill that all death row inmates' medical records be disclosed to anybody, at any time, for any reason. Medical information is very personal, and should be subject to disclosure only for compelling reasons.

Because of the way Substitute Senate Bill No. 5188 was drafted, I have only the choice of vetoing or approving the entire bill. I have chosen to veto the bill, and hereby request the legislature to pass legislation next session that is less broad. The portion of the bill that would require disclosure of all death row inmates' medical records stems primarily from the Mitchell Rupe case, where it was rumored that Mr. Rupe sought an organ transplant while on death row. This legislation attempts to address that situation, but goes too far.

If the legislature wants to allow greater disclosure of death row inmates' medical information under certain circumstances, it should pass legislation that is specific about the authorized recipients and the intended purpose that together establish a compelling public interest.

For these reasons, I have vetoed Substitute Senate Bill No. 5188 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5274

May 19, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5274 entitled:

"AN ACT Relating to disclosure of students' social security numbers;"

The federal Family Educational Rights and Privacy Act (FERPA) provides strong safeguards of individual privacy:

- Schools may not require a student or parent to provide a student's social security number;
- Schools may not penalize a student or parent for not providing a social security number; and
- Schools may not release a student's social security number without consent.

I have no objection to putting these important safeguards in state as well as federal law. However, Engrossed Substitute Senate Bill No. 5274 goes beyond the federal safeguards by prohibiting schools from *requesting* social security numbers (with limited exceptions).

This legislation would prohibit using social security numbers for:

- Student identification numbers;
- Positive identification of two or more students with the same name;
- Following student movement between schools; and
- Tracking the college experience and employment of high school graduates.

In December of 1995 the Superintendent of Public Instruction adopted an official policy on Privacy and Confidentiality. In 1996 the Superintendent also distributed a suggested privacy and confidentiality policy for all school districts. I believe these policies, in conjunction with federal requirements, protect the privacy of Washington citizens.

I too have deep concerns about public and private entities requesting social security numbers. I welcome the legislature engaging in a comprehensive review of the use of social security numbers within our society and would join in efforts to restrict to whom social security numbers can be disseminated.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5274 in its entirety.

I am hereby returning, without my approval, Engrossed Substitute Senate Bill No. 5274.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5325

May 19, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5325 entitled:

"AN ACT Relating to transfer of state forest lands back to counties;"

Substitute Senate Bill No. 5325 would allow all counties but King to file applications with the Board of Natural Resources for the transfer of Forest Board Transfer lands to the requesting counties. Upon receiving the application, the Board would be required to transfer the lands. The bill specifies the conditions regarding how such lands are to be managed by those counties receiving them.

In authorizing a shift in management from the Department of Natural Resources (DNR) to the requesting counties, this bill would represent a fundamental policy change at the expense of non-county beneficiaries of state trust lands.

It has been a long-standing policy of the DNR to consolidate state forest lands to obtain economies of scale. By allowing counties to take over these lands, Substitute Senate Bill No. 5325 would make it more expensive to manage the remaining state trust lands and would result in less revenue for other trust beneficiaries including the common schools. In addition, the bill would significantly reduce the DNR's fire fighting capability, imposing extra costs on local governments and risks to local communities.

This bill would not permit the inclusion of the lands transferred to counties in the recently signed Habitat Conservation Plan (HCP), without the agreement of the counties. To remove major portions of land from the state trust management system would place additional harvest restrictions on the remaining lands and reduce revenues for their beneficiaries.

For these reasons, I have vetoed Substitute Senate Bill No. 5325 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SENATE BILL NO. 5460

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5460 entitled:

"AN ACT Relating to the use of public funds;"

Senate Bill No. 5460 attempts to address a valid question: To what extent should private organizations funded in part from fees derived from public funds be permitted to engage in campaigns for or against candidates or ballot issues?

This is a more complicated issue than is recognized by the bill. There is a great range of organizations funded in part by dues, fees or assessments paid from public funds. These include private, voluntary associations of government entities; organizations that include governments and businesses as members; and health maintenance organizations funded with fees paid

for public-employee members. Some of these organizations are directly involved in government and public issues. Others may serve the private needs of individuals but may be affected by political issues.

This bill would prohibit any of these organizations from engaging in campaigns for or against ballot issues or candidates, if more than 25% of their income is derived from fees or assessments paid with public funds. That is more restrictive than the law that applies to elected officials or public agencies, which provides an exception for the "normal and regular" duties of public office.

Senate Bill No. 5460 does not distinguish between the public and private nature of affected organizations, or distinguish appropriate functions from inappropriate election activity.

For these reasons, I have vetoed Senate Bill No. 5460 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SENATE BILL NO. 5484

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5484 entitled:

"AN ACT Relating to water recreation facilities;"

Senate Bill No. 5484 would greatly increase the number of swimming pools or other water recreation facilities owned by the homeowner associations and mobile home parks that are exempt from health and safety rules, and create a serious health and safety risk to residents of Washington. While I am sensitive to the economic impacts regulation has on small homeowner associations and mobile home parks, the increased risk of illness, injury or death that would be created by this bill cannot be justified.

I am directing the Department of Health to review the Water Recreation Program regulations and to work with local health jurisdictions to assure that program rules, fees and charges are equitable both to protect the health and safety of the public and to limit the financial burden on the facilities affected.

For this reason, I have vetoed Senate Bill No. 5484 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SENATE BILL NO. 5554

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5554 entitled:

"AN ACT Relating to deeds of trusts;"

Senate Bill No. 5554 would have amended the deed of trust act to modify certain notice and other provisions related to foreclosure sales. Although many of the provisions of the bill would have helped to clarify the law and have my support, I have concerns about the possible implications of other provisions.

During the drafting of this bill, adequate opportunity for consideration and comment was not provided to the relevant Washington State Bar Association committees and to attorneys with active practices involving the complex law of deeds of trust and foreclosure. Several concerns have been raised about the possible unintended consequences of this bill. The law of deeds of trust and foreclosure is fundamental, and cannot be changed without very careful consideration.

I urge the primary drafters of Senate Bill No. 5554 to work together with the state bar association and interested practitioners to develop legislation that has the full consideration and involvement of the range of interested parties.

For these reasons, I have vetoed Senate Bill No. 5554 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SENATE BILL NO. 5559

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5559 entitled:

"AN ACT Relating to exempting unassisted self-service motor vehicle wash, wax, and vacuum services rendered through coin-operated devices from sales and use taxes;"

Senate Bill No. 5559 would provide a sales and use tax exemption for coin-operated self-service motor vehicle wash and wax facilities. No other coin-operated vending machines in Washington are granted an exemption from the sales and use tax (except for pay telephones on the justification that they are a necessity). It would not be good precedent to begin creating new tax exemptions for coin-operated vending machines.

For this reason, I have vetoed Senate Bill No. 5559 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

VETO MESSAGE ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5574

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5574 entitled:

"AN ACT Relating to property tax reform;"

Engrossed Substitute Senate Bill 5574 would significantly increase the information that is required to be printed on tax statements and ballot measures, and would change how interest is charged for the late payment of property taxes.

Among other things, this bill would benefit the one percent of the state's property owners who are delinquent in paying their property taxes, and do nothing to solve the problem of higher property taxes. As written this will make it impossible for political subdivisions to submit many levy or bond issues. The bill also requires certain information to be printed on ballots, before that information can be known.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5574 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5668

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5668 entitled:  
"AN ACT Relating to temporary worker building codes;"

Substitute Senate Bill No. 5668 would direct the Department of Health to adopt, by rule, the temporary worker building code developed by the state building code council. The intent of this new code was to encourage the development of temporary worker housing by reducing the standards of the regular building code while still meeting the basic health and safety needs of workers.

It is with difficulty that I have come to the decision to veto Substitute Senate Bill No. 5668. Existing living conditions for farm workers and their families are deplorable. From April through November, there are thousands of people working the harvest in the state of Washington who live without basic housing and sanitary facilities, in conditions that our society should, and does, find unacceptable. It is my firm conviction that we must resolve the need for adequate housing for the thousands of workers who are the backbone of the agricultural economy of this state.

Substitute Senate Bill No. 5668 represents a commendable effort to address this issue and to improve the living conditions of farm workers. I appreciate the hard work and good intentions of the people and the state agencies responsible for developing this proposal for temporary worker housing. However, our state can do better in meeting the basic requirements for adequate housing.

While this legislation addresses the issues related to construction of temporary housing structures, it fails to address the basic living conditions of the workers and children who would reside in these structures. There is no certainty in the requirements for insulation to protect from the heat and cold; standards for electricity; and simple provisions for occupancy, such as refrigeration for the milk and medicine for the children who will live in these structures.

Finally, Substitute Senate Bill No. 5668 does not have the support or acceptance of the people it is intended to help. Farm workers and Spanish speaking people across the state have voiced their opposition to this legislation and to a building code they consider sub-standard. Without their support, leadership and commitment, I am convinced that there will be no solution to the housing problem for farm workers.

This veto should not be interpreted as the end of the process, but rather a call to continue from this point to improve this proposal so that we may bring forward a better solution to farm worker housing. This problem cannot be solved in one piece; there is a need for adequate affordable community housing for workers who are year-round residents, and a need for on-site housing for peak agricultural seasons. Farm workers, growers, farming communities and state agencies must come together on a more comprehensive housing proposal that results in good, quality housing for our agricultural workers.

For these reasons, I have vetoed Substitute Senate Bill No. 5668 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5671

May 19, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5671 entitled:  
"AN ACT Relating to issuances by administrative agencies;"

Engrossed Substitute Senate Bill No. 5671 would amend the Administrative Procedure Act (APA) by restructuring the definition of "rule" to cover any generally applicable document issued by an agency, such as a letter, guideline, memorandum, or policy statement, unless the document is advisory only. The bill is an attempt to address a serious regulatory issue -- whether or not certain documents issued by agencies, that may be perceived as binding on the public, should be adopted as rules.

I share the concern over this issue and understand the aggravation of business owners who may be subject to sanctions for violation of standards that have not undergone formal rule making. That is unfair and not acceptable.

While I agree with these concerns, I believe that government should work to address the problem without making even more rules. Additional rule making does not always make sense from the standpoint of cost and the sheer number of decisions

that need to be made in some programs on very short notice. To put all of these decisions into rules would be costly, time-consuming, and could jeopardize the health and safety of citizens.

My Executive Order 97-02, relating to regulatory improvement, addresses this concern by directing agencies to review their policy and interpretive statements or similar documents to determine if they should be adopted as rules. Agencies will consult with the Attorney General's office in this review and will modify their practices, if necessary, either administratively or through future legislation. Agencies are also directed to work with the business community and other constituent groups to identify and resolve specific problems. I firmly believe that it is wiser to address these concerns by concentrating on identifiable problem areas within each agency before embracing broader statutory change that may have unintended consequences.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5671 in its entirety.

VETO MESSAGE ON SENATE BILL NO. 5688

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5688 entitled:

"AN ACT Relating to business and occupation tax reimbursements and advances received by property management companies for the payment of wages to on-site employees;"

Senate Bill No. 5688 would exempt from the Business and Occupation (B&O) tax, payments received by property management companies for the payment of wages to on-site personnel.

Property management firms provide a service to property owners. Currently, these services are subject to the state's B&O tax. Under our state's tax system this is an appropriate application of the B&O tax.

This is one of many tax-cut bills that have been presented to me, the cumulative effect of which is far more than the state can afford. Senate Bill No. 5688 would represent a revenue loss of \$1,285,000 for the 1997-99 Biennium. This revenue could be devoted to meeting some of the challenges the state is facing in the provision of educational opportunities and health services. These are important issues that affect everyone in the state, businesses included.

For these reasons, I have vetoed Senate Bill No. 5688 in its entirety.

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5718

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5718 entitled:

"AN ACT Relating to restricting the release and use of certain personal information from state motor vehicle and driver records;"

Substitute Senate Bill No. 5718 would restructure the state's motor vehicle and driver records disclosure laws so that they conform to the federal Driver's Privacy Protection Act of 1994. This measure does contain a few improvements over our existing disclosure laws. The bill does not, however, go far enough in protecting personal information of citizens that is held by the state.

This legislation would provide broad access to personal information by businesses and other organizations for uses other than those for which the information was originally collected. It specifically authorizes the disclosure of Social Security numbers, telephone numbers, medical and disability information, and other data about individuals that could be used for inappropriate and illegal purposes.

I understand that Washington, like other states, is required to have policies and practices that are in substantial compliance with the federal law and that this bill is designed to meet those requirements. I am convinced, however, that our state can temporarily comply with federal standards through adoption of rules and policies that are also not inconsistent with current state law. I have, therefore, instructed the Department of Licensing to modify its information disclosure policies to conform with the federal Driver's Privacy Protection Act until a review of this issue is completed, and legislation with greater safeguards for personal privacy can be enacted.

For these reasons, I have vetoed Substitute Senate Bill No. 5718 in its entirety.

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5721 entitled:

"AN ACT Relating to bare-boat charters;"

Substitute Senate Bill No. 5721 would create a new retail sales and use tax exemption on the purchase price of vessels placed in "bare-boat" charter service. This would allow small number of people to buy vessels free of sales and use tax, ostensibly for a rental business, and then use them personally for a substantial portion of the year. The only limitation would be that the vessels be used for charter more than personally. It is also possible that people would be able to buy yachts tax-free for business use, but also get a federal tax advantage by classifying the yacht as a personal asset.

Neither the state's economy nor consumers would benefit from this type of tax policy.

For these reasons, I have vetoed Substitute Senate Bill No. 5721 in its entirety.

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5739 entitled:

"AN ACT Relating to employee wearing apparel;"

This bill would require employers to furnish or compensate employees for apparel that they require employees to wear during working hours if the apparel is distinctive, has a logo, or is an uncommon color. However, if employees are required to wear apparel of a common color that conforms to a general dress code or style, employees would have to pay for that apparel.

While I recognize that employers have the right to require presentable business attire, I also believe that the question of who pays for mandatory workplace attire does not need to be addressed in statute. This issue can be dealt with more appropriately within the existing rule-making authority of the Department of Labor and Industries. I hereby direct the Department to review its rules on workplace attire to expand beyond the current rule but not to the extent of this legislation.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5739 in its entirety.

I am hereby returning, without my approval, Engrossed Substitute Senate Bill No. 5739.

Respectfully submitted,  
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5781

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5781 entitled:

"AN ACT Relating to voter approval of city assumption of a water or sewer district;"

The intent of Substitute Senate Bill No. 5781 is to require a vote of approval by the citizens of a special purpose district, prior to a city proceeding with assumed jurisdiction of a sewer or water district. While the amendatory language provides for this opportunity, it is not clear as to which citizens of the water or sewer territory would be entitled to vote on such a ballot proposition. Furthermore, this legislation fails to establish the procedure for carrying out the election, and, as such, is at odds with established election processes.

Other language contained in this legislation is ambiguous and vague, and conflicts with existing statutes. The possibility of various interpretations of what the language means would be troublesome and frustrating to citizens interested in sewer and water district assumptions. Citizens would be better served by introducing a new bill in the 1998 legislative session that is acceptable to all interested parties. I have directed my staff to work with interested parties in an effort to develop workable legislation for the 1998 legislative session.

For these reasons, I have vetoed Substitute Senate Bill No. 5781 in its entirety.

Respectfully submitted,  
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5803

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5803 entitled:

"AN ACT Relating to the distribution of rules notices;"

Substitute Senate Bill No. 5803 would encourage agencies to distribute regulatory information electronically to businesses and citizens who would like to receive this information in that format.

This bill is identical to Substitute House Bill No. 1323, which I have already approved. There is no need to enact an identical law.

For this reason, I have vetoed Substitute Senate Bill No. 5803 in its entirety.

Respectfully submitted,  
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
VETO MESSAGE ON ENGROSSED SENATE BILL NO. 6039

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 6039 entitled:

"AN ACT Relating to any fine or regulatory assessment imposed in an enforcement action under the insurance code;"

Engrossed Senate Bill No. 6039 provides that any fine or regulatory assessment imposed in an enforcement action under the insurance code must be collected by the Department of Revenue on behalf of the state.

This legislation is the product of a controversy that arose when the Insurance Commissioner levied a fine against an insurance carrier. Later the Commissioner suspended part of the fine, if the carrier agreed to pay costs for activities related to the settlement and for enhanced regulatory activities. The reimbursements were to go into the Commissioner's Regulatory Account. The legislature questioned whether the Commissioner was authorized to act in this manner.

I believe that by passing this bill, the legislature sent a message to the Insurance Commissioner about how fines or assessments should be handled. I believe the Insurance Commissioner got that message. I would much prefer that the legislature look at all fines and other such assessments throughout state government and enact a uniform system rather than pass legislation concerning one elected official only.

For these reasons, I have vetoed Engrossed Senate Bill No. 6039 in its entirety.

I am hereby returning, without my approval, Engrossed Senate Bill No. 6039.

Respectfully submitted,

GARY LOCKE, Governor

**PARTIALLY VETOED BILLS**

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5028

May 16, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 12, 13, 22, and 23, Substitute Senate Bill No. 5028 entitled:  
"AN ACT Relating to county treasury management;"

This legislation is a technical bill that cleans up antiquated statutes, amends statutes to reflect existing practices, and simplifies the administration of county treasurers' duties.

I fully support the intent and practice described in sections 12, 13, 22, and 23 of this bill, however, they are duplicative of sections of Substitute House Bill No. 1003, which I have already signed into law.

For these reasons, I have vetoed sections 12, 13, 22, and 23 Substitute Senate Bill No. 5028.

With the exception of sections 12, 13, 22, and 23, Substitute Senate Bill No. 5028 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SENATE BILL NO. 5034

May 16, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1 and 2, Senate Bill No. 5034 entitled:  
"AN ACT Relating to gambling;"

This legislation combines several provisions relating to authorized gambling activities for bona fide nonprofit or charitable organizations and to authorized gambling activities for commercial stimulant licensees.

Section 1 would reduce the minimum number of members that a charitable organization must have in order to conduct authorized gambling activities from 15 to seven. This limitation is on the number of active members in the organization and not on the number of board members. I am concerned that if this change is made, it will encourage small groups of people to form nonprofit organizations for the primary purpose of engaging in charitable gaming activities, in violation of the gambling code.

Section 2 would authorize charitable or nonprofit organizations to operate joint bingo games in which the prizes are pooled during their normal days of operation. Despite agreements that have been reached between the association representing charitable gaming licensees and the Washington State Gambling Commission regarding limitations that could be placed on joint bingo operations to ensure better control, I am concerned that this change in the law would make high stakes gambling even more accessible to the public than it already is. Although I sympathize with the difficulty sometimes encountered by charitable

organizations in raising funds for very important causes, this concern does not justify an expansion of authorized gambling in this state.

For these reasons, I have vetoed sections 1 and 2 of Senate Bill No. 5034. With the exception of sections 1 and 2, Senate Bill No. 5034 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SECOND SUBSTITUTE SENATE BILL NO. 5127

May 13, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 9, Second Substitute Senate Bill No. 5127 entitled:

"AN ACT Relating to funding trauma care services;"

Second Substitute Senate Bill No. 5127 establishes a grant program for designated trauma services under the Department of Health. Section 9 of the bill would direct legislative committees to review executive agency rules and to conduct work sessions and hearings outside of the regular legislative sessions to verify that funds are being used properly and efficiently. This is an inappropriate use of legislative committees. Reviews such as this, if necessary, should be done by the Joint Legislative Audit and Review Committee.

For these reasons, I have vetoed section 9 of Second Substitute Senate Bill No. 5127.

With the exception of section 9, I am approving Second Substitute Senate Bill No. 5127.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5173

May 12, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 39, 48, 58, 59, and 60, Substitute Senate Bill No. 5173 entitled:

"AN ACT Relating to improving the liquor license schematic of the state of Washington;"

This bill consolidates and simplifies the structure of the liquor licensing system in Washington as provided in the state liquor code.

Sections 39, 58, 59, and 60 of this bill duplicate other sections of the bill. Section 48 would create a double amendment of RCW 66.28.040 as a result of the earlier enactment this year of Senate Bill No. 5338 (Chapter 39, Laws of 1997).

Several technical corrections to this legislation appear to be necessary. However, I am signing this bill because it is a major positive step forward in clarifying the law, and should be put into place this year. Also, I will ask the Liquor Control Board to develop a bill to make necessary technical corrections for introduction in the 1998 legislative session.

For these reasons, I have vetoed sections 39, 48, 58, 59, and 60 of Substitute Senate Bill No. 5173.

With the exception of sections 39, 48, 58, 59, and 60, Substitute Senate Bill No. 5173 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5175

May 15, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Substitute Senate Bill No. 5175 entitled:

"AN ACT Relating to business and occupation tax on the handling of hay, alfalfa, and seed;"

Substitute Senate Bill No. 5175 provides that cubing of hay or alfalfa is a processing activity not a manufacturing activity for tax purposes, wherever it is performed. The bill also lowers the business and occupations (B&O) tax rate to 0.11% for hay and alfalfa cubing and seed conditioning.

I have vetoed section 2 which pertains to the B&O tax rate reductions for the sales of a broad variety of conditioned seeds, not for commercial use and for the in-state sales of cubed hay and alfalfa. I support the lower tax rate on conditioned seeds for agricultural use but not the expanded uses found in section 2. I also support the tax reduction for cubed hay and alfalfa sold outside our state. By vetoing section 2, I have returned the bill to the original intent of the Department of Revenue request legislation.

For these reasons, I have vetoed section 2 of Substitute Senate Bill No. 5175.

With the exception of section 2, Substitute Senate Bill No. 5175 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SECOND SUBSTITUTE SENATE BILL NO. 5179

May 7, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 7 and 8, Second Substitute Senate Bill No. 5179 entitled:

"AN ACT Relating to nursing facility reimbursement;"

Second Substitute Senate Bill No. 5179 seeks to address concerns of owners of state nursing facilities by making corrections to the nursing facility reimbursement system. The legislature has passed this bill to ease the way for owners of nursing homes to make repairs and other improvements to their facilities, for the benefit of those who reside in those homes.

There are, however, two sections of this bill that have special provisions for two particular homes, for which there are no extenuating circumstances. Sections 7 and 8 both apply very narrow criteria to grant rate enhancements to selected facilities above the rate they would normally receive through the payment system.

Special treatment within the state's rate structure could invite legal challenges from homes that do not benefit from this bill. These provisions also invite increased federal scrutiny of the state Medicaid plan, and could possibly jeopardize approval of the plan. Federal law requires that the state reimbursement system must ensure that payments are reasonable and adequate to meet the costs incurred by efficiently and economically operated facilities. It would be difficult to argue that the state's payment system complies with this requirement if the law has special provisions for selected nursing homes, without extenuating circumstances.

For these reasons, I have vetoed sections 7 and 8 of Second Substitute Senate Bill No. 5179.

With the exception of sections 7 and 8, Second Substitute Senate Bill No. 5179 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5227

May 13, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 21, Substitute Senate Bill No. 5227 entitled:

"AN ACT Relating to nonprofit hospital sales;"

Section 21 of Substitute Senate Bill No. 5227 is an emergency clause requiring the immediate implementation of the bill. Although this legislation is important, it is not a matter necessary for the immediate preservation of the public peace, health or safety, or support of the state government and its existing public institutions. Without section 21, the bill will be effective July 27, 1997.

For this reason, I have vetoed section 21 of Substitute Senate Bill No. 5227.

With the exception of section 21, I am approving Substitute Senate Bill No. 5227.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5276

May 14, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 4 and 5, Substitute Senate Bill No. 5276 entitled:

"AN ACT Relating to water withdrawals and diversions;"

Substitute Senate Bill No. 5276 provides mitigation policy direction for the state as it relates to water rights, transfers, changes and amendments. Sections 1 through 3 of the bill provide innovative mitigation policy direction to help the state address increased demand on our finite water resources while protecting the environment, and I support those sections.

Sections 4 and 5 of Substitute Senate Bill No. 5276 contain provisions that would require the termination of water rights if the right holder were to stop using a septic system or other wastewater treatment facility that was recharging the water supply. It would create an impractical expectation that the water right would be terminated if sewers eventually replace the septic systems or other wastewater treatment facilities involved. These sections also create a disincentive to convert from septic systems to sewers, contrary to state policy.

For these reasons, I have vetoed sections 4 and 5 of Substitute Senate Bill No. 5276.

With the exception of sections 4 and 5, Substitute Senate Bill No. 5276 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5336

May 14, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1, 5, 18, 19, 20, 21, and 24, Substitute Senate Bill No. 5336 entitled:

"AN ACT Relating to clarifying and harmonizing provisions affecting cities and towns;"

Substitute Senate Bill No. 5336 is primarily a technical bill relating to the internal operations of cities and towns. It deletes some archaic statutes and references, aligns some other statutes to current practice, and makes others more usable.

Section 1 of this bill would provide that the reasonable costs involved in the collection of debts through the use of a collection agency by a governmental entity are reasonable costs that may be added to, and included in the debt to be paid by the debtor. I support this concept, however, I find the language in Substitute Senate Bill 5827, dealing with this same subject, preferable because it offers more precision regarding what can be considered reasonable costs.

Section 5 would correct a reference regarding civil infractions for violation of concealed weapons laws. This reference was also corrected in Senate Bill No. 5326 which I have already signed into law, therefore this section is duplicative.

Sections 18 through 21 of this bill would allow cities, code cities, and towns to unilaterally annex territory located in a county, beyond the urban growth area, if the area to be annexed is owned by the city or town and the annexation is for a municipal purpose. The authority that would be granted by these sections goes well beyond the changes to annexation laws recommended by the Land Use Study Commission.

These sections could create a very large loophole in our growth management laws. "Municipal purpose." is not clearly defined in the bill. Without a definition of "municipal purpose", the annexation authority could be exercised much too broadly. Nothing in the bill requires a city to maintain a use of the annexed property that would be appropriate outside of an urban growth area, after an annexation is completed. Also, over-broad annexation authority would erode the financial base of some of our counties.

Section 24 is an emergency clause. Although this bill is important, it is not a matter for the immediate preservation of the public peace, health or safety, or support of the state government and its existing public institutions.

For these reasons, I have vetoed sections 1, 5, 18, 19, 20, 21 and 24 of Substitute Senate Bill No. 5336.

With the exception of sections 1, 5, 18, 19, 20, 21 and 24, Substitute Senate Bill No. 5336 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5445

May 6, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 9 and 10, Substitute Senate Bill No. 5445 entitled:

"AN ACT Relating to making technical corrections to statutes administered by the department of health;"

Section 9 of Substitute Senate Bill No. 5445 would have stayed imposition of civil fines on adult family homes for the improper delegation of nursing tasks until July 1, 1999, while a study is being done. The Department of Social and Health Services should not be prevented from imposing fines when there have been egregious violations of the law. The department should use its discretion in cases where the law or the propriety of a task delegation may be unclear.

Section 10 of Substitute Senate Bill No. 5445 would have established a new "class five" category of boards and commissions, that would include only certain health profession commissions. Class five commissions would be eligible to receive compensation up to \$250 per day.

Currently, there are several levels of boards and commissions with the highest compensation level being \$100 per day. These are groups that have duties of overriding sensitivity and importance to the public welfare and the operation of state government, and whose members meet more than 100 hours per year. It would be unfair and inappropriate to increase the compensation for health profession commissions without considering adjusting the compensation for other boards and commissions as well.

For these reasons, I have vetoed sections 9 and 10 of Substitute Senate Bill No. 5445.

With the exception of sections 9 and 10, I am approving Substitute Senate Bill No. 5445.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5511

May 7, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Substitute Senate Bill No. 5511 entitled:

"AN ACT Relating to child abuse and neglect information;"

Section 3 of Substitute Senate Bill No. 5511 would have required the Department of Social and Health Services to report annually to the legislature on the number of reports of child abuse or neglect determined to be unfounded, and the percentage of unfounded reports compared to the total number of reports received by the Department, and the number of files or reports from which unfounded information was purged.

As part of my quality improvement efforts, I have undertaken to review our statutes for all reporting requirements and to rid state government of unnecessary reports and paperwork. It would be contrary to that effort to pass into law yet another unnecessary report.

For this reason, I have vetoed section 3 of Substitute Senate Bill No. 5511.

With the exception of section 3, I am approving Substitute Senate Bill No. 5511.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SENATE BILL NO. 5571

May 12, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 4, Senate Bill No. 5571 entitled:

"AN ACT Relating to reporting payments under unemployment insurance and industrial insurance;"

This bill requires the Department of Labor and Industries and the Employment Security Department to jointly develop a plan for implementing a unified form for reporting both industrial insurance premiums and unemployment insurance contributions by January 1, 1998, and to report that plan to the legislature.

Section 4 of Senate Bill No. 5571 would require the Employment Security Department to add new information to employer notification forms. This addition is not related to the primary intent of this bill, which is to address non-compliance with reporting requirements. There are many complicated issues regarding the unemployment tax structure. Rather than deal with unemployment insurance on a piecemeal basis, those issues should be considered separately, and properly dealt with in the context of the entire unemployment tax structure.

For the reason stated above, I have vetoed section 4 of Senate Bill No. 5571.

With the exception of section 4, Senate Bill No. 5571 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5710

May 15, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2, 3, 4, 6, 8, 14, 20, 36 through 39, 46, 58, 59, 69 and 70, Engrossed Second Substitute Senate Bill No. 5710 entitled:

"AN ACT Relating to reform of social and health services;"

This legislation addresses a number of issues related to services for children and families. I support a number of the proposed measures included in this bill, including the further development of an alternative response system for families in which abuse and neglect is a matter of concern, but not yet a serious danger to the health and safety of the children.

Within the portions of Engrossed Second Substitute Senate Bill No. 5710 that I have signed, the bill provides the authority to create the position of "Social Worker V" in the Division of Children and Family Services ("DCFS"); further develops an alternative response system of services for families where there has been an indication of child abuse or neglect, but where the risk of danger to the children is regarded as low; provides for a voluntary placement agreement, instead of a termination of parental rights, for families of developmentally disabled children receiving intensive support services; requires the Department of Social and Health Services ("DSHS") to segregate sexually aggressive youth from other populations under the authority of Juvenile Rehabilitation Administration and DCFS; and, extends a tax credit for the construction of facilities for youth in crisis.

Sections 2, 3, 4, and 6

I support giving DSHS the flexibility to create a Social Worker V position and to undertake planning for the deployment of those workers. Sections 2, 3, 4 and 6 do not allow for the flexibility to implement these positions within already scarce resources.

Section 8

This section, relating to the placement of a child under the care of DCFS, was enacted as part of ESSB 5491, which I have already signed.

Sections 14 and 20

I am vetoing sections 14 and 20 which require a transfer of certain developmentally disabled children from DCFS to the Division of Developmental Disabilities ("DDD"). At the same time, I am directing DSHS to begin planning now for the transfer. DSHS will prepare for this transfer to take place as soon as April 1, 1998. When this transfer occurs, the quality of services provided to the developmentally disabled youngsters through DDD and to the child victims of abuse and neglect served by DCFS should both improve.

The transfer will require the provision of sufficient funds to permit DDD to develop the expertise to handle complicated out-of-home placements, and the authority to transfer funds between DSHS divisions to permit an adequate level of care for the children who will be served by DDD. I request the legislature to clearly grant DSHS the necessary budget transfer authority as soon as possible in the next legislative session, so that the transfer may occur.

Sections 36 through 39

These sections attempt to correct erroneous citations in our statutes. However, a wrong citation is stated. It is better to leave in place the current interpretations than to add to the confusion. A part of the necessary corrections were made in ESSB 5491.

Section 46

This section requires child protective services and child welfare services to be provided by different employees. I have vetoed section 46 because it does not allow DSHS the flexibility to make use of a team approach to some of their cases and would also present a problem in small, rural areas where there are a limited number of staff to perform these duties.

Sections 58 and 59

These sections relate to harboring and contributing to the delinquency of a minor. They reiterate the existing law and make no meaningful changes.

Sections 69 and 70

These sections provide effective dates of April 1, 1998 for sections 14 through 19, and July 1, 1997 for sections 7 and 20. By vetoing sections 69 and 70, and with sections 14 and 20 vetoed, sections 7 and 15 through 19 will become effective 90 days after the session. These sections are rendered unnecessary by the other section vetoes.

For these reasons I have vetoed sections 2, 3, 4, 6, 8, 14, 20, 36 through 39, 46, 58, 59, 69 and 70 of Engrossed Second Substitute Senate Bill No. 5710.

With the exception of sections 2, 3, 4, 6, 8, 14, 20, 36 through 39, 46, 58, 59, 69 and 70 Engrossed Second Substitute Senate Bill No. 5710 is approved.

Respectfully submitted,

GARY LOCKE, Governor

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1 and 3, Substitute Senate Bill No. 5737 entitled:  
"AN ACT Relating to reducing the carbonated beverage tax;"

Section 1 of Substitute Senate Bill No. 5737 would have reduced the carbonated beverage syrup tax from one dollar per gallon to fifty cents per gallon. The funding reduction this would create in the Violence Reduction and Drug Education (VRDE) account would have been replaced by a General-Fund-State appropriation during the 1997-99 Biennium.

Section 1 would reduce the state's revenues by \$7.7 million in the 1997-99 biennium. In light of the other very substantial tax cuts that I have already signed into law, it is clear that the state cannot afford section 1 of Substitute Senate Bill No. 5737.

Section 3 of Substitute Senate Bill No. 5737 applies only to section 1, and is therefore rendered unnecessary by the veto of section 1.

The people of the state indicated their support for funding the VRDE account through the carbonated beverage syrup tax when they approved Referendum 43 in November 1994. Clearly, the dedication of those tax revenues to the VRDE account, at the rates set in Referendum 43, reflects the will of the voters of Washington. Reducing the tax and replacing it with an appropriation would jeopardize the long-term prospects of the important programs funded through the account.

For these reasons, I have vetoed sections 1 and 3 of Substitute Senate Bill No. 5737. With the exception of sections 1 and 3, Substitute Senate Bill No. 5737 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SECOND SUBSTITUTE SENATE BILL NO. 5740

May 15, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 4, 7 and 8, Second Substitute Senate Bill No. 5740 entitled:  
"AN ACT Relating to the rural area marketing plan;"

I strongly support of the goal of increasing employment in distressed areas of our state. However, I am not convinced that the mechanisms provided in sections 4, 7 and 8 are the best ways to achieve that goal.

Section 4 of the bill would delete the fifteen percent increase in average employment threshold required to qualify for the distressed areas B&O tax credit. As written in section 4, each additional position added by an employer would qualify for the tax credit. While each new job in a distressed area has value, many businesses would reap a windfall from this provision when they add employees that they would have added without the tax incentive. Some threshold that limits the tax benefit to significant expansions is necessary to make this kind of exemption fair.

Section 7 of the bill would give the director of the Department of Community, Trade, and Economic Development the authority to intervene in the day-to-day business of other state agencies. As a practical matter this approach would inevitably lead to conflict and confusion. A successful regulatory reform effort targeted in distressed areas of the state will require a more thoughtful and coordinated approach. My administration is committed to this type of reform and will work with the businesses of our state to improve this process.

Section 8 of the bill would require the creation of another state management position to oversee the implementation of this act. I have vetoed this section because I believe the Coordinator of the Governor's Rural Community Assistance Team should be the focal point for economic development initiatives in rural areas of the state. Section 8 would only serve to increase bureaucracy and reduce accountability.

For these reasons, I have vetoed sections 4, 7 and 8 of Second Substitute Senate Bill No. 5740.

With the exception of sections 4, 7 and 8, Second Substitute Senate Bill No. 5740 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5770

May 9, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, Substitute Senate Bill No. 5770 entitled:

"AN ACT Relating to the confidentiality of child welfare records;"

Substitute Senate Bill No. 5770 modifies the confidentiality laws covering child welfare records to require greater disclosure of information. It is similar to my original executive request legislation, which was intended to aid in the investigation of child deaths in Washington.

Section 1 of Substitute Senate Bill No. 5770, the intent section, makes strong statements beyond the scope of the bill, and beyond my original intent. I am concerned that it may lead to unintended invasions of privacy in deeply personal and sensitive matters.

For this reason, I have vetoed section 1 of Substitute Senate Bill No. 5770.

With the exception of section 1, I am approving Substitute Senate Bill No. 5770.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5783

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1, 2, and 4, Substitute Senate Bill No. 5783 entitled:

"AN ACT Relating to public water systems;"

I have vetoed most of Substitute Senate Bill No. 5783, which affects water rights for public water systems. I do, however, recognize the need for and importance of providing adequate water supplies to support responsible growth. It is unfortunate that a compromise was not reached between the bill proponents and state agencies that addressed such an important issue in a balanced manner that also protected instream resources. I encourage the water purveyors and local government to return to the negotiating table and work with state agencies to resolve these issues in a balanced fashion.

Sections 2 and 4 would work together to provide an unfair advantage to public water systems by creating great uncertainty in trying to determine what water is available for other water rights, new applications, and the protection of instream resources. This would make it increasingly difficult to effectively and efficiently manage the public waters of the state. Section 1 directs the Department of Ecology to administer water rights laws consistent with sections 2, 3, and 4.

For these reasons, I have vetoed sections 1, 2, and 4 of Substitute Senate Bill No. 5783.

I have approved section 3, which amends the existing statute that fixes and grants extensions to the construction schedules for application of water to a beneficial use. These changes provide certainty for the water purveyors as to which conditions the Department of Ecology is required to consider. The term and amount of financing are major issues for water utilities and this language provides them assurance in their efforts to construct major capital facilities. Consideration for conservation and efficiency underscores and supports stretching existing water supplies. Finally, section 3 makes a positive step toward coordinating public water system supply with Growth Management Act provisions and population projections.

With the exception of sections 1, 2, and 4, Substitute Senate Bill No. 5783 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5867

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 12 and 25, Substitute Senate Bill No. 5867 entitled:

"AN ACT Relating to hotel and motel taxes in certain cities and towns;"

Substitute Senate Bill No. 5867 would repeal separate hotel/motel tax authorizations for particular municipalities, but not alter the authority for hotel/motel taxes by public facility districts. The bill attempts to simplify the imposition, collection and distribution of hotel/motel tax revenues by: (1) clarifying the uses to which the taxes can be applied; (2) making more uniform the rates municipalities may levy; and (3) establishing local advisory committees to recommend uses for local hotel/motel taxes. All of these are worthwhile goals.

Section 12 conflicts with legislation previously approved by the 1997 legislature and therefore I have vetoed it. Section 25 provides a delayed effective date which is unneeded.

For this reason, I have vetoed sections 12 and 25 of Substitute Senate Bill No. 5867.

With the exception of sections 12 and 25, Substitute Senate Bill No. 5867 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON ENGROSSED SENATE BILL NO. 5954

May 7, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Engrossed Senate Bill No. 5954 entitled:

"AN ACT Relating to claims against the University of Washington;"

This legislation moves the University of Washington's self-insurance fund from the custody of the state treasurer to the university, and makes the university the investment manager for the fund rather than the state investment board. These changes simplify the administrative procedures for using the fund by eliminating the involvement of multiple agencies.

Engrossed Senate Bill No.5954 includes an emergency clause in section 2. Although this bill is important, it is not a matter for the immediate preservation of the public peace, health or safety, or support of the state government and its existing public institutions.

For this reason, I have vetoed section 2 of Engrossed Senate Bill No. 5954.

With the exception of section 2, Engrossed Senate Bill No. 5954 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SECOND SUBSTITUTE SENATE BILL NO. 6002

May 13, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Second Substitute Senate Bill No. 6002 entitled:  
"AN ACT Relating to supervision of mentally ill offenders;"

This legislation establishes a pilot program to provide specialized access and follow up care to mentally ill offenders after they are released from confinement. Under this program, the offenders will get help finding employment, housing and treatment services. I believe this type of program will serve the public well by insuring that mentally ill offenders get the help they need to successfully reintegrate into the community.

Section 3 would require that the state "shall indemnify and hold harmless the regional support network, private provider, and any mental health provider, housing facility or other mental health provider from all claims or suits arising in any manner from acts committed by an enrolled offender during his or her period of enrollment." As drafted, section 3 would expose the state to an undue risk of liability. To address concerns that program enrollees may present special liability risks for service providers, the Department of Social and Health Services shall consider all reasonable and appropriate means to help limit service provider exposure to liability.

For this reason, I have vetoed section 3 of Second Substitute Senate Bill No. 6002.

With the exception of section 3, I am approving Second Substitute Senate Bill No. 6002.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6061

May 20, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 106(3); 106(4); 106(5); 106(6); 106(7); 214, lines 27 through 33, page 19; 217(1)(a); 217(7); 226(8); 409; 507 and 508, Engrossed Substitute Senate Bill No. 6061 entitled:

"AN ACT Relating to transportation funding and appropriations;"

Engrossed Substitute Senate Bill No. 6061 provides a supplemental budget for the 1995-97 transportation budget, and a state transportation budget for the 1997-99 Biennium. I am vetoing the following sections:

**Section 106(3), (4), (5), (6) and (7), pages 5-8, (Joint Legislative Audit and Review Committee)**

Section 106 gives the Joint Legislative Audit and Review Committee (JLARC) a \$1.5 million appropriation to conduct a performance audit of the Department of Transportation, the Washington State Patrol, and the Department of Licensing. In addition, a temporary Performance Audit Advisory Committee is created with the Director of the Office of Financial Management serving as the Chair.

While there is no question about the commitment of all parties, including myself, to conduct a creditable and timely performance audit of transportation programs, I have vetoed subsections (3) through (7) in order to provide maximum flexibility to the Advisory Committee to manage the audit as effectively as possible within the available dollars. This veto will permit an audit schedule that will produce substantive results for consideration by the Legislature the 1998 Session. The audit activities outlined in the vetoed provisos can serve as guidance, rather than limits, for the Committee as they start their deliberations. The veto of these subsections does not preclude the Advisory Committee from addressing the same issues, but it does allow the Committee to adjust the scope and emphasis of the audit activities as information is developed by the consultants and committee staff.

**Section 214, page 19, line 27 through 33, (Department of Licensing)**

This section provides \$2.5 million to improve driver's license document security only if Substitute House Bill No. 1501, Substitute Senate Bill No. 5718, or driver's license security provisions that are substantially similar to the security provisions in either bill are enacted by June 30, 1997. Prior to approving Substitute Senate Bill No. 5718, the Legislature removed provisions relating to digitized photos and anti-counterfeiting and tampering improvements to the driver document. Therefore, I have vetoed this section to avoid any confusion about legislative intent.

**Section 217(1)(a), page 21, (Department of Transportation -- Improvements - Program I) and Section 409, page 40, (FY 99 Transfer From the GF to the Transportation Fund)**

Section 409 transfers \$50 million from the General Fund-State into the Transportation Fund in Fiscal Year 1999, thereby reducing the Initiative 601 expenditure limit by over \$150 million over the next four years. I have vetoed section 409 because this transfer would reduce the availability of General Fund-State resources for education and other high-priority issues in this and future biennia.

I have also vetoed section 217(1)(a), which specifies that \$75 million from the Transportation Fund and \$25 million from the Motor Vehicle Fund are appropriated for mobility projects and studies as selected by the Transportation Commission. Because I have vetoed the \$50 million General Fund-State transfer, only \$50 million is now available for these purposes. Therefore, I will ask the Transportation Commission to provide a project list that fits within the remaining funds using the same criteria specified in section 217(1)(a). I will also ask the Legislature, in the supplemental budget for Fiscal Year 1998, to expedite appropriation of the remaining funds.

**Section 217(7), page 22, (Department of Transportation -- Improvements-Program I)**

This subsection would prohibit the Department of Transportation from spending state or federal funds for the Washington Coastal Corridor Study. This is an ongoing effort in cooperation with the Federal Highway Administration and the State of Oregon that is expected to make a significant contribution to economic development in local communities along the corridor. I have vetoed this subsection so that the study can continue as planned.

**Section 226(8), page 31, (Department of Transportation - Marine - Program X)**

Section 226(8) directs the Department of Transportation to deploy the three new Mark II Jumbo Class ferry vessels on specific routes. These type of decisions are not appropriate in a budget bill and should be addressed by the Transportation Commission who oversee the daily operations of the Washington State Ferry System.

**Sections 507 and 508, page 45, (Transportation Budget Submittals)**

These two sections direct agencies that spend transportation funds to submit their budget requests and strategic plans to the Office of Financial Management (OFM) and the Legislative Transportation Committee at the same time. All agency budget requests are public documents, and OFM routinely sends a copy of all agency budget requests to the Legislature for review soon after they are received, making these sections unnecessary.

With the exception of sections 106(3); 106(4); 106(5); 106(6); 106(7); 214, lines 27 through 33, page 19; 217(1)(a); 217(7); 226(8); 409; 507 and 508, Engrossed Substitute Senate Bill 6061 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 6063

April 26, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 121, 391(4) and 717, Substitute Senate Bill No. 6063 entitled:

"AN ACT Relating to the capital budget;"

The 1997-99 capital budget enacted by the legislature includes the investments in education facilities that will be necessary to serve the growing enrollments expected in public schools, our community colleges, and the four-year higher education institutions. This commitment must be maintained in future years, and represents the highest priority element of the state construction program. The capital budget I am approving is the appropriate next step in providing the educational facilities our citizens deserve, and sets in motion a long-term spending plan that will be adequate and affordable.

Although I am generally pleased with the budget as enacted, I do have some concerns and have vetoed the following sections:

**Section 121, page 12, Emergency projects declared and specifically enacted by the legislature (Department of Community, Trade, and Economic Development)**

The specific projects to be funded from this appropriation are not identified, so no work can be accomplished with these funds. I have vetoed this section to allow these appropriations to be redirected to projects and programs that are ready to proceed.

**Section 391(4), page 75, Aquatic lands enhancement grants (Department of Natural Resources)**

Subsection 4 of section 391 presents an undue restriction to the completion of the Rocky Reach Trailway project near Wenatchee. The State Parks and Recreation Commission has been developing this trail in cooperation with the Department of Transportation and adjoining property owners to complete a highly valued connection between two state parks. Trail development should continue as proposed. I am instructing the Commission to work closely with adjoining property owners to address any concerns they may have.

Section 717, page 144, Well regulation fees (Department of Ecology)

The proviso language in section 717 requires that when the Department of Ecology delegates to a county or local health district certain responsibilities related to well regulations, the county or health district would receive 75 percent of the well regulation fees paid. I have vetoed this section because the change in the fee sharing formula would reduce Department of Ecology revenues below the level necessary to administer the program. I encourage the Department to negotiate the cost of delegated responsibilities with the counties and local districts to develop a solution to this issue.

For these reasons, I have vetoed sections 121, 391(4) and 717 of Substitute Senate Bill No. 6063.

With the exception of sections 121, 391(4) and 717, Substitute Senate Bill No. 6063 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO MESSAGE ON ENGROSSED SENATE BILL NO. 6094

May 19, 1997

To the Honorable President and Members,  
The Senate of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1, 4, 5, 6, 8, 15, 17, 18, 19, 44, 45, and 52, Engrossed Senate Bill No. 6094 entitled:

"AN ACT Relating to growth management;"

This bill, enacting the recommendations of the Land Use Study Commission, was introduced at my request. However, the bill was amended significantly in the legislative process. Therefore, I have listened to the input of a broad range of interests and conducted a thorough review of all of the provisions of the bill as passed by the Legislature.

I have maintained throughout the 1997 legislative session that the consensus recommendations of the Land Use Study Commission, comprising representatives of business, agricultural, local and state government, neighborhood activists and environmentalists, should provide the framework for the debate over how best to improve the state's Growth Management Act. I thank the members of the commission for their diligent work, developing a variety of issue papers, conducting hours of public hearings, and developing a well-reasoned and well-crafted legislative proposal.

As I reviewed this bill as passed by the legislature, I always kept in mind the framework for the analysis provided by the Commission. I believe that this bill will go a long way toward resolving many of the specific concerns people have had with the way the Growth Management Act has worked since it was first enacted. Among other things, this bill provides greater deference to the decisions of local elected officials throughout the state, improves public participation in the growth management process, and gives the Growth Management Hearings Boards the added direction they need in resolving some very difficult land use issues. I have signed every section of this bill that includes the language proposed by the Land Use Study Commission, as well as some other sections. However, I was unable to sign the bill in its entirety and have vetoed the following sections.

Section 1 changes the intent section recommended by the Land Use Study Commission. The language of the recommended intent section represented a fine balance of the interests represented on the Commission and should not have been altered, thereby implying an intent that was not agreed to by the Commission.

Section 4 provides that a county, after conferring with its cities, may develop alternative methods of achieving the planning goals of the Growth Management Act. This GMA-flex option was briefly discussed by the Land Use Study Commission and dismissed without recommendation because it is an issue that represents a major change in direction and needs much more discussion and refinement before it is a viable alternative.

Section 5 states that the goal of the state is to achieve no overall net loss of wetland functions. This section also provides that in adopting critical areas development regulations, counties and cities should balance all of the goals of the GMA and that the legislature intends that no goal takes precedence, but that counties and cities may prioritize the goals in accordance

with local history, conditions, circumstances, and choice. This issue was not addressed by the Land Use Study Commission and seems to me to be inconsistent with the tenor of the Commission's recommendations.

Section 6 allows for exemptions from critical area development regulations for emergency activities and activities with minor impacts on critical areas. This idea was not considered by the Land Use Study Commission. This change in policy would have to be fully explored before I could be comfortable signing it into law.

Section 8 provides that in certain counties, developments in rural areas shall not require urban services and shall be principally designed to serve and provide jobs for the local rural population. This section creates confusion because it states a rule that currently applies in all counties planning under the Growth Management Act, but implies that the rule applies only to specific counties. Section 7 of this bill provides all the direction needed by counties to plan for the rural element, including guidelines for rural development.

Section 7 provides that the rural element shall permit rural development providing for a variety of rural densities, uses, essential public facilities, and rural governmental services to serve the permitted densities and uses in the rural element. There are three exceptions in which businesses in the rural element are not required to be principally designed to serve the existing and projected rural population. These exceptions are: (1) infill of existing development; (2) small-scale recreational or tourist uses; and (3) development of cottage industries and small-scale businesses. Therefore, section 8 is unnecessary, confusing, and potentially more restrictive in certain counties than are the recommendations of the Land Use Study Commission embodied in section 7.

Section 15 provides that all appeals of Growth Management Hearings Board decisions shall be filed directly in the Court of Appeals. This is not a recommendation of the Land Use Study Commission and I am not certain that it would be in the best interest of the parties who appear before the boards. Most parties believe that Superior Court review of board decisions is appropriate and is working well.

Section 17 establishes a new and higher standard for findings of invalidity - the "arbitrary and capricious" standard. I believe this would strip too much authority from the Growth Management Hearings Boards and severely weaken the important state role in the Growth Management Act.

Section 18 adds language to the Land Use Study Commission recommendation which clarifies the current expedited review provision relating to orders of invalidity. The new language creates a burden on those who challenge land use decisions that in many instances would be impossible to meet, because the plan or regulation has not been in effect long enough to have caused actual harm. In some instances there is no prudent policy justification for waiting until actual harm can be proven before allowing the invalidation of a comprehensive plan or development regulation.

Section 19 would allow the Superior Court, when reviewing an order of invalidity, to: affirm, set aside, enjoin, or remand orders of the Growth Management Hearings Boards; or enter a declaratory judgment of compliance or noncompliance, which may include an order of invalidity setting out the particular part or parts of the plan or regulation that are invalid. This was not a recommendation of the Land Use Study Commission and was not the subject of any other bills introduced this session. The concept received no public scrutiny or debate. This provision could have the unintended effect of providing for review of a comprehensive plan without the court having the benefit of the entire record.

I recognize that there is not enough money provided in the operating budget (ESHB 2259) to accomplish the full purpose of section 25. However, by approving section 25 of this bill and section 103(4) of the operating budget, I am indicating my commitment to beginning the work of reviewing and evaluating the effectiveness of the growth management act in achieving the desired densities in urban growth areas. To accomplish this, I will work with the legislature to identify additional resources, a cost recovery program, or other means to assure sufficient funding to allow the first evaluations to be completed by the September 1, 2002 deadline.

By approving sections 29 and 30, I have approved the use of the Public Works Trust Fund and the Centennial Clean Water Fund to address critical or emergent public health and existing environmental problems related to infrastructure in jurisdictions that are not currently in compliance with the Growth Management Act. I am very concerned that this legislation not be used as a method to provide unrestricted access to these accounts for local governments that are not in compliance with the law. For this reason, I have directed the Department of Health, the Department of Ecology, the Department of Community, Trade and Economic Development, and the Public Works Board to interpret this new authority conservatively.

Section 44 would add new members to the Land Use Study Commission. I am concerned that the Commission may already be unable to meet its time schedule for completing its ambitious work plan. The selection and appointment of new members to the Commission is likely to cause delay in the Commission's process. Furthermore, I believe the Commission is currently well-balanced in its composition. I would like to see that same balance maintained for the last year of the Commission's work. However, I do encourage interested legislators to attend the meetings of the Commission and to provide input when appropriate.

Section 45 amends the charge given to the Land Use Study Commission by adding the following requirements: (1) Review long-term approaches for resolving disputes that arise under the Growth Management Act, the Shoreline Management Act, and other environmental laws, including identifying needed changes to the structure of the boards that hear environmental appeals; (2) If the LUSC determines that there is no longer a need for the Growth Management Hearings Boards, recommend a plan for sunseting the boards; and (3) Evaluate the effect of the changes to the standard of review and make recommendations raising the standard of review, limiting the authority of the boards to make determinations of invalidity, or making other changes.

The ambitious Land Use Study Commission work plan for 1997-98 already includes much of the work proposed in section 45. However, I am concerned that the language of this section has the unintended effect of predetermining a result or, at least, a range of results. I encourage the Land Use Study Commission to review as many of these issues as it can reasonably fit within its crowded work plan and narrow time constraints.

Section 52 makes a technical change to effectuate the purpose of section 15, which I have vetoed.

For the reasons stated above, I have vetoed sections 1, 4, 5, 6, 8, 15, 17, 18, 19, 44, 45, and 52 of Engrossed Senate Bill No. 6094.

With the exception of sections 1, 4, 5, 6, 8, 15, 17, 18, 19, 44, 45, and 52, Engrossed Senate Bill No. 6094 is approved.

Respectfully submitted,

GARY LOCKE, Governor

PURSUANT TO SECTION 215, CHAPTER 220, LAWS OF 1997

I, RICHARD J. THOMPSON, hereby certify that:

1. I am the duly appointed, qualified and acting Director of the Office of Financial Management of the state of Washington (the "State").

2. This Certificate is made and delivered pursuant to Section 215, Chapter 220, Washington Laws of 1997 (the "Stadium Act") solely for the purpose provided in said Section 215 of the Stadium Act and for no other purpose. MESSAGE FROM THE UNIVERSITY OF WASHINGTON

UNIVERSITY OF WASHINGTON  
ALCOHOL AND DRUG INSTITUTE

January 8, 1998

Mr. Michael O'Connell  
Secretary of the Senate  
P. O. Box 40482  
Olympia, Washington 98504-0482

Dear Mr. O'Connell,

Attached is a report entitled 'Effectiveness Standards for the Treatment of Chemical Dependency in Juvenile Offenders: A Review of the Literature.' This report is being submitted to the Governor and Legislature in compliance with House Bill No. 3900, Sections 26-28 which led to RCW 13.40.165. This bill pertains to the implementation of the Chemical Dependency Disposition Alternative (CDDA) for juvenile offenders.

The CDDA legislation provides an opportunity for the Juvenile Rehabilitation Administration (JRA), in conjunction with the Division of Alcohol and Substance Abuse (DASA) and local juvenile courts, to strengthen existing chemical dependency programs for youth involved with the juvenile justice system. This will be accomplished by providing CDDA youth with additional elements of treatment that research has demonstrated to be effective in reducing substance use. An emphasis will be placed on enhancing linkages with community based services in order to provide a comprehensive continuum of care.

The Alcohol and Drug Abuse Institute at the University of Washington is responsible for evaluating the CDDA program. A process evaluation of the implementation of the CDDA legislation will be conducted. Effectiveness of the treatment programs for CDDA youth will be assessed by measuring changes in the youth which research has shown to be related to the development and maintenance of adolescent substance use problems (such as school performance and emotional distress). Furthermore, the CDDA program provides the opportunity to evaluate the short term (6 month) and long term (18 month) effectiveness of this sentencing alternative in reducing substance use and recidivism in juvenile justice involved youth.

If you have any questions regarding this document, please feel free to contact me at 206-616-6813 or Mark Wirschem of the Juvenile Rehabilitation Administration at 360-902-8105.

Sincerely,

MEGAN RUTHERFORD, Ph. D.

The Report from the University of Washington Alcohol and Drug Institute is on file in the Office of the Secretary of the Senate.

#### INTRODUCTION OF SPEAKER GINGRICH

Speaker Ballard: "Today, we are honored to have with us, the Speaker of the United States House of Representatives, Newt Gingrich.

This is truly a historical occasion. It is the first time in the memory of even such a long-time Olympia veteran as former House Speaker John O'Brien, who first came to the Washington Legislature in 1939, that a sitting United States House Speaker ever visited the Washington State Legislature and addressed its members.

"Speaker Gingrich was a college history professor when he was elected to Congress in 1978 and he has represented Georgia's Sixth District ever since. In 1989, Newt Gingrich was elected Republican Whip and he became Speaker of the House, following the election of a Republican congressional majority in 1994. Simply having the Speaker of the United States House here with us is a tremendous honor, but I am especially pleased because Speaker Gingrich has proved to be a great friend and ally in giving the voices of our western states a stronger voice in Congress.

"This past summer Speaker Gingrich headed a field trip to Utah, Idaho, Montana and Wyoming, during which time he listened to the concerns of state and local officials, along with private citizens. I know that Speaker Gingrich truly paid attention to our unique issues, because I was able to spend the time with him, along with the State House Speakers from Alaska, Utah, Wyoming and the Lieutenant Governor of New Mexico. Not only did Speaker Gingrich make the effort to come to our region, he also brought with him other congressional leaders, as well as key committee members from other parts of the country. Already, we are seeing very positive results from this greater understanding of western issues and an increased responsiveness to the people in the communities of our region.

"Mr. Speaker, may I say that we appreciate your support and your interest and the time that you have given in this effort? May I also take this opportunity to remind you how much we would like to have you come to our region later this year and we will be working to try to put that together, so that we can show you more of the unique problems that we have in the state of Washington and the western states? "Speaker Gingrich is a strong and dynamic leader in Congress. His leadership was instrumental in bringing us to the brink of a balanced federal budget, providing a significant reduction in the federal tax burden, making welfare reform a reality, and enacting many other government reforms. There is no doubt that, as a strong leader, Speaker Gingrich occasionally offers a proposal or takes a stand that generates some enthusiastic debate both in Congress and throughout the nation. Yet, the most ardent adversaries acknowledge that Newt Gingrich is one of the most visionary and forward thinking political figures in modern times. To share some of that vision, I present to you, the Speaker of the United States House of Representatives, Newt Gingrich."

#### ADDRESS BY SPEAKER NEWT GINGRICH

Speaker Gingrich: "I am delighted to be here. Let me start by saying to all of you, we share a common future, that it is important to build better abilities to communicate, and we are working very hard, both with the governors and with the leaders of state legislatures, to learn how to share what works, what does not work, what the federal government is doing right, what it is doing wrong, and whether we have a common, general direction we are trying to go in. To recognize, in a country our size, that there is an enormous difference between Washington, D.C. and the state of Washington, just as there is an enormous difference between Washington, D.C. and Georgia.

"So, how do we have a common, general direction while maximizing our decentralization, maximizing local leadership and maximizing local initiatives? I want to share with you, for a few minutes if I could this morning, what we have done and where we were going. But frankly, it is exciting to me to see what you have done. You have implemented Welfare Reform in a very practical way. You have begun to take advantage of the opportunity to help people move out of poverty and into work, in what I think is a very, very important step in the right direction. You are working on Education Reform in a way that is very practical, and which is going to increase the chance of learning for all the children of this state. You recognize how much your state is connected to the world market, whether it is through Boeing or Microsoft or Weyerhaeuser or wheat farming; that, in fact, what happens in Jakarta does matter in Spokane and Seattle and Olympia and across the whole state.

"We are, in a sense, entering a new era together. In the Capitol in Washington, we tried to reach out. Let me say, first of all, I think the Western Governors' University is a very exciting project. I commend all of you who have voted to have your state participate in it. The notion that you are really now becoming pioneers for the whole country, in telecommunications, in the use of distance learning, and in making available to all citizens across an eight-state region an opportunity to share educational resources. That is a very important development, and it is ultimately going to allow you to lead, not just the United States but the entire world as people tie in and then learn from these experiences.

"I also have to say that the Western States Coalition that Speaker Ballard talked about, I found last summer to be very helpful. We brought a number of Eastern members out, and as you know, the West is different. It is bigger. It is more complex. In some parts of the West, water problems are dramatically different. We, in Georgia, never quite experience the same water

situation as in Eastern Washington. We are in a situation where we have a huge surplus of water most of the time. We do not understand Western water laws compared to Eastern law.

"To be in situations where we can look at the coming together of modern urban civilization, because in every Western state there are urban areas, and in fact, some of the Western states are more urbanized than some of the Eastern states in terms of the way people are, to look at that next to the environmental concerns, next to the agricultural, mining and forest concerns, to see it first hand, is important. I have already told the Speaker that I will be back, hopefully, in August for a visit to Washington State to look at the Columbia River Basin, to look at other concerns, and to get a better briefing on the issues that matter, and, also, to fly to Alaska and look at our largest state and what their unique concerns are.

"I commend those legislative and other leaders who began to develop a Western state coalition to talk through what we should do at the federal level to increase flexibility within a framework of still getting to a common, general direction. I think the information age, with Microsoft and many other developments here is going to give us some opportunities that are enormous. I think the world market gives us opportunities that are enormous. And as the state that houses our most successful exporter of manufactured goods, Boeing, you know how important the world market is. But I think they also offer us opportunities to work together.

"One of the things I hope to do is to introduce the spirit of Peter Drucker and Edwards Demming into the whole way we think about government. Peter Drucker is the leading management consultant of the Twentieth Century, and Edwards Demming developed the concept of quality and taught that concept to the Japanese. In fact, the prize for the best company in Japan is the Demming Prize. They are really talking about a way of thinking that is a powerful, information age modernization over the bureaucratic model we have all inherited at every level. From school board, to city council, to county commission, to state government, to federal government, we have a model of structures that needs to be thoroughly rethought.

"I will give you a simple example. I know this is true in Georgia; I will let you decide if it is true in Washington. My wife, Marianne, went to spend fifteen dollars last fall. She did not go to a place like Nordstroms, because she waited in line an hour and a half. She was not buying Beanie Babies or some fad that justifies that. She was getting her driver's license.

"I suggest to you that you have two clocks in your head. You have been acculturated to have these two clocks. One clock has a second hand and you use it every time you go into the private sector facility. When you go McDonald's, when you go to a department store, when you stand waiting to be served, there is a second hand which you watch prior to getting impatient. The second clock has fifteen minute increments and you use it when you walk into public buildings. You will inherently wait longer and be less impatient. Now, in both experiences you are paying money. In one case, it is taken from you in taxes and in the other case it is voluntary. You are a customer in both cases. But we have allowed, over the last 50 years, the private sector to modernize, to rethink what it is doing, to maximize its customer orientation, while allowing the public sector to find excuse after excuse to avoid rethinking its development.

"Part of what I hope we can do together is think through what a Twentieth Century information age, customer-oriented model of governance would look like? How would you design it? How would you staff it? How would you reward people who were effective, and retrain people who were ineffective? Or dismiss them if they refuse to learn? How can we think that process through so that people twenty years from now have the same expectation of efficiency, customer orientation and modern performance out of the public sector that they have out of the private sector--and that would lead to a revolution in the structure of our governments.

"I think it has to be done together because the truth is, and this a message I have for every state legislature as well county commissions, school boards and city councils, there are things we do in Washington D.C. which make it harder for you in Washington State to be effective. One of the things I would encourage you to do is to identify in literally every one of your legislative committees, and report back to us, those things we should change which are stopping you from modernizing the government of the state of Washington. I think I can speak for all three of the members here with me today — for Jennifer Dunn, who is now the highest-ranking elected woman legislator in the U.S. Congress as the vice-chair of our conference; for George Nethercutt, who is doing a tremendous job on the Appropriations Committee; for Linda Smith, who has been working very, very hard on reform issues--I think they would say the whole delegation is prepared to try to serve as a bridge to come back and say to us, 'The following thirty-seven laws are pretty dumb. The following six hundred regulations do not work. The following micro-management is making it impossible to reform.' I want to extend to you an open door, to say we would like to learn from you, at the grass roots, what you are experiencing that you think makes it harder for you to do the job for the people of the state of Washington.

"We have had an impact in the Congress. When we were sworn in in January of 1995, the Congressional Budget Office was projecting a \$320 billion deficit for the year 2002. They are now projecting a \$32 billion surplus. Now you are legislators. I would suggest to you that any legislative body which, in three years, can move a system from a \$320 billion deficit to a \$32 billion surplus has begun a process of fairly dramatic change. Some of that was the economy. But we also saved \$600 billion in entitlements, we passed Welfare Reform which, as you know, has had a dramatic impact. In New York State alone

there are 509,000 fewer people on welfare today than there were three years ago. They have moved from the public sector, where they were taking money from the taxpayer, to the private sector where they are paying taxes. It is been a major factor on what has happened with the budget turnaround.

"Because we are committed to a balanced budget, we have lowered interest rates by at least two percentage points over what they would have been otherwise. That has had a huge effect on farming, on purchasing cars and buying houses, on paying off student loans, and on all the different things people pay interest on, including what governments pay in interest.

"We think we have begun, but we have a lot to do, and a long way to go. I want to propose to you that there are four major goals, lots of things we need to do together. I could talk today about the ISTEA bill in transportation, because I know it is an important issue. I could talk about a wide range of issues that matter. But I want to focus on four today. Although, before I do, I do want to commend you for your rainy day fund. I was calculating based on the size of your budget; if we had a comparable rainy day fund, it would be about \$90 billion. I will let you imagine a Washington, D.C. that would allow \$90 billion to sit there without having approximately \$400 billion of new ideas! But I do commend you because it is the right direction and it is the way we should be moving.

"I want to suggest four goals to you. First, that we become a society that focuses on being drug-free and, therefore with dramatically less violence. Second, as you are already doing, we really emphasize education and learning. Third, we have now come to a point in our history where we should talk about rethinking retirement. And fourth, that we ought to talk openly about what is the total amount of taxes the citizens should owe their government in a peacetime environment. Let me briefly talk about each. Let me be candid and say these will only work in collaboration. They will only work if we work together.

"I think the number one goal we should establish is to break the back of the drug trade and the back of the drug culture. To insist that our children deserve to live in a drug-free society where they are not threatened with addiction and where they are not threatened physically. I believe, as a historian, we can do it. We have done it before. We did it in the 1920's. Other countries have done it. It is a matter of willpower, focus, resources and management.

"I came today to ask you and your governor to work together to tell us, from the state of Washington, what you need from the federal government as your highest priority to enable you to have a drug-free Washington state. What do we have to do to do our share of the job? And then ask you to do your share of the job and make a genuine commitment.

"I will just give you one specific statistic that I find staggering. If you are a woman, you are 27 times more likely to be killed if you are in a home with hard drugs than if you are in a drug-free home. Not 27 percent, but 27 times. That is 2700 percent more likely to be killed. And when we talk about violence in America, I do not think we can talk about the future without realizing how much of that is tied to drugs. We realize that in New York City alone, there are 32 drug-addicted babies born every week. The human and financial cost of not taking on drugs is horrendous.

"We are challenging General McCaffrey to produce a World War II-style victory plan. I think we need a decisive, sharp, two- or three-year effort to break the back of the drug culture, to make it too expensive to use drugs. And to recognize that the problem is not in Colombia. The problem is not in Mexico. The problem is in the streets, the neighborhoods and the schools of America, and in the professional sports of America and among some of the rock stars of America. If we are not buying it, they are not going to be shipping it. We have an obligation to start in America to win the war on drugs — to be the model country for everyone else, to not just lecture Mexicans and Colombians on what we wish they would do because we do not have the guts to do it here at home.

"If you will let us know, whether by resolution, by report, or by letter, what we need to do to help you win the war in the state of Washington, and if we can get every state legislature engaged and every state government engaged, I truly believe, in three or four years, we will be a drug-free country. And I can imagine nothing, nothing, that will do more for children's health than to be able to win the war on drugs and save them from that kind of a future.

"Second, I want to pledge to you our commitment to work with you on Education Reform. I want to draw one distinction between education and learning. I think we want the best education system in the world, and I think we want the best system of learning in the world. They are not necessarily the same. Here again, I want to thank Microsoft, where I will be spending part of the afternoon studying. We have an education system that is teacher-focused. A learning system is student-focused.

"We have the potential in the next decade to build a seven-day-a-week, 24-hour-a-day learning system available for a lifetime, which you can access from anywhere at anytime at your convenience and learn as much as you are capable of learning. We should make it a national goal to really encourage the development of that kind of learning system. To some extent, your Western State Governors' University is a step in that direction, but we are only scratching the surface. We have the potential for everyone to learn, and to do it at their convenience. Now, this is not a panacea. It is not a replacement for an education system. But it is an important enhancer, and it will allow us to leapfrog, not catch up, not match up with, but leapfrog the Japanese, Germans and others in providing the best system of learning in the world, which is essential if we were going to have the best

economic competition in the world. If you do not have good learning in the information age, you cannot produce the technology you need in order to have the best jobs in the world. This is vital to our entire future.

"In addition, we need the best education system. I favor scholarships, so that in really bad neighborhoods parents have the right to choose, but this is not going to solve the problem. Most children in America are going to learn in public schools for the rest of their lifetimes. I am a product of public schools. My wife is a product of public schools. Both of our daughters went to public school. I taught part-time when I was a college teacher. I also taught in the public high school. Most schools do pretty well, but every one of you knows that there are some schools in this state you would not send your children to, just as you know there are some schools in my state that I would not send my children to.

"Here is the test for us. We say in our Declaration of Independence that we are endowed by our Creator with certain inalienable rights, among which are life, liberty and the pursuit of happiness. We have to take that passionately and apply it to education reform. This means that every child of every ethnic background in every neighborhood has been endowed by God with the right to pursue happiness. In the information age, if you are not learning how to read and write, and you are not getting an education, you are more likely to go to prison than to go to college, and you are not being given the true opportunity to pursue happiness. I think that is how we ought to approach education reform.

"We ought to say first of all to a school system, let us start writing into the contract that if your school is in the bottom twenty percent in scoring, the contract does not apply any more, as of that date. Not 'Let us slowly modify tenure'. Not 'Let us have a study commission.' You would not leave your children in those schools. We have too many of our friends who are very big passionate supporters of the worst public schools, but their kids go to private school. We have too many teachers who pay the union dues and they want to make sure that we do not reform public schools; but their children go to private school. There are some big city systems where forty percent of the public school teachers send their children to private school, because they know better. We have an obligation to be passionate about this. Winston Churchill had a phrase for World War II. He would pass a note that said, 'Action this day.' This should be our attitude across the board to the system.

"I want to suggest three reforms that are very specific. Two of them we are not going to do at the federal level, one we have to. But I am here as a citizen sharing ideas; I am not here to say we are going to mandate. I do want to suggest as a general principle that we should have a passionate, deep commitment to every child in American learning how to read by end of the fourth grade. We should focus overwhelmingly on learning how to read and write in the fourth grade. I am going to be very direct: we should learn how to read and write in English, because that is the commercial language of the United States, and they are having their future crippled if they cannot read and write by the fourth grade.

"Second, I think that the federal government should modify the bilingual education law to make it local option. You at the state level and the school boards at the local level should have the right to decide for your children what is the most effective way to make sure that they are capable of reading and writing in English at the earliest possible time.

"Third, I would really like to suggest you consider, and I say this upon the state with some trepidation, but I would like you to consider mandating that, once a year, at every grade level, a day be spent looking at the Declaration of Independence and the Constitution. I say this for two reasons. First, as a historian, I actually think it is kind of good for Americans to learn how they became American. We are multi-ethnic, but we are one civilization. We are bound together by this thing of being American. We signed a contract with ourselves. We the people of the United States, we issued a declaration that says 'We hold these truths to be self-evident.' If our citizens do not grow up learning these things, how can we expect America to continue? Secondly, the Declaration says, "We are endowed by our Creator. Now, I want to see the ACLU lawsuit that explains why the teacher cannot explain what the Founding Fathers meant when they used the word 'Creator.' I think it would be a very edifying moment in American history.

"America is radically different than Europe. In the European model, power went from God to the King and was loaned to the citizens. This is why Brussels is worse than the IRS. In the European model, the citizen only has those rights loaned to them by the state. In the American model, from our opening date of our first document, we said power goes from God to the citizen, and you loan it back to the government. It is a very different model. I just think if we spent one day a year from first grade to twelfth grade studying that model, coming into contact with the great people who created this country, we would be a healthier country. We would be a country with a better sense of where our rights come from. We would be a country with a more serious sense of why being a citizen matters. So, I want to commend that to you.

"Our third goal is to look at retirement. A lot of that is federal, but I also have a proposal that I think you will find interesting at the state level. This is very simple. We are moving from sixty years of deficit spending. We were about to move to a generation of surpluses. This is not like 1969, the last surplus. We had lots of deficits, one year of surplus, and then lots of deficits. If we were disciplined in Washington, and if we avoid war, we will be in a position to have twenty or thirty years of surpluses.

"This gives us for the first time a chance to talk seriously about retirement, to recognize that Social Security is a very powerful and tremendous system developed in 1925 when there were no computers. But Social Security is neither personal nor

modern. In fact, in one study that Congressman Mark Sanford of South Carolina put out, he looked at his twenty year old son and said, 'You know, Einstein was asked, what is the most powerful thing in the universe and he said, compound interest.' If you simply take the FICA tax a twenty year old will pay today and invest their FICA tax over their lifetime, in an average market basket investment, not buying Microsoft when it is young, but an average market basket investment, they will make \$975,000 for their retirement. If you give them the current government payment, they will make \$175,000, so, we are condemning twenty years olds to lose \$800,000, by the way we have designed the system.

"I am proposing a National Commission on Retirement, made up of one-third baby boomers, one-third older than baby boomers, and one-third younger than baby boomers. I suggest to my colleagues in the House and Senate that they set up a citizens committee in their district tied in by the Internet to the National Commission. I think we ought to look at the totality, because I believe that by using a good part of the surpluses intelligently, we can make the transition to a personal, modern social security system, tied into the development of better pensions and tied into the development of better savings. We can leave our children and grandchildren a dramatically better retirement in a much wealthier country with a much higher savings rate with much lower interest rates and much more capital investment. That is a much healthier America in the future.

"I know it takes some courage for elected officials to raise the issue, but I just think we are at a magic moment of transition. I believe the grandparents, as long as they are secure in getting the current system, will want their grandchildren to have the best possible future. I believe we can have an honest, adult, dialogue about this without the kind of mudslinging and the kind of thirty second commercials that so badly weaken our political structures. So, I encourage you to look at it, to offer us advice, but I also encourage you to look at the state program. I do not know the details of your program, but I will tell you that Michigan has now adopted a new, personal pension system that vests within two years, where the new employees are controlling their own money in a way that is a very dramatic departure from the way we have done pensions in the last sixty years.

"Finally, I want to ask a very touchy question, and you are the first group of legislators I have done this with, so I will be very curious to see your reaction after I leave and you no longer have to be polite because I am around. I want to raise a serious question. In peacetime, in a free society, how much should your government be allowed to take from you?

"I was fascinated when I read Paul Johnson's new *History of the American People*. He is a former socialist in Britain turned conservative and he has written a wonderful history of the American people. He said that in 1775, we were probably the lowest-taxed people in the history of the world and we hated every penny. And he said we were so grateful that we were so low-taxed as to say, 'How come you need this?' The part about how much freedom, in part, is a function of how much time you have. How much money do you have, not how much does your government have to give to you--how much do you have? It turns out that when you study it that the American people said for forty years that they believe, in peacetime, the most their government should take from them is twenty-five percent. We currently--federal, state and local--take thirty-eight.

"What I would like to propose is that we set as a goal over the next ten to fifteen years to get to twenty-five percent taxation. The feds currently take about twenty-two percent. I propose we go down to fourteen percent. So we lose eight percent. State and local currently takes about sixteen percent. I propose state and local goes down to about eleven percent, so we will drop by more than you will have to drop. But, I think it is fair for you to come back to us and say, 'Fine, how about block-granting education money rather than having seven hundred little programs? How about dropping this kind of red tape?' I think it is a two-way dialogue.

"But, if we take Demming and Drucker and if we are prepared to prioritize, modernize, downsize and privatize, we can create, over the next ten to fifteen years, a country where people have more take-home pay, a better retirement system, a lifetime learning system, and an education system that either works or is changed rapidly when it starts to fail. People will be competitive in the world market, having the highest technology and the greatest entrepreneurship to produce the best goods, giving us the highest incomes with the greatest economic security and the capacity to lead the world.

"Yes, this is big. Yes, it is a lot, but, frankly, the Contract With America was pretty different when we started and I am very proud that at the key moment in the fall of 1994, we bought a two page ad in TV Guide that did not attack anybody, did not have any pictures. It just said, 'You hire us and we will try to do these ten things.' I think the time has come as citizens, across the board in both parties, to talk about for the next generation, 'What are the goals worth doing?' Let us work together to do it."

"I accept fully the responsibility today that I have come here and said, 'You come up with ideas on the drug war.' We have to listen to you and at least try to help. You come up with what we need to do to get out of your way in education. We have an obligation to listen and try to help. You tell us what we are doing wrong about pensions that make your job harder; let us know. And you tell us how you think we should change federal pension law. It would be very helpful and we would listen to you.

"And finally, if we are going to get there together, we have an obligation both to shrink the federal government and to shrink the burden the federal government imposes on you. I think for our citizens, the America I just described would be a vastly better place.

"Let me just close with this thought. Every time I come out here, I have to tell you, I just love coming to this state. I think part of it relates to the fact that I was here--some of you will be able to identify this--a few years ago on a stopover and went down to the fish market and bought a geoduck and took it to my mother-in-law, who promptly chopped it up and made stew out of it. Her nephews were very confused by what kind of products you all send around the world. I have to say, also, that I just brought back a very wonderful salmon that they identified with much more immediately and ate immediately.

"It is a fabulous state. You sort of have this sense--I always have this sense when I come here--what Lewis and Clark must have felt. As an easterner, when I fly in and look out at Mt. Rainier, when I look out at Puget Sound, when I see the weather, even on rare days like yesterday--again, for a Georgian, it was very exciting--I think we lose, sometimes, the romanticism of what this country is about. This country is a romance. This country has the most magical way of saying to the whole planet, 'I do not care what your background is; I do not care what your religion is; I do not care what your ethnicity is; if you have a big enough dream and you are willing to pursue it, come to America and try it out.' The result has put together the most exciting opportunities for people in the history of the world.

"This is a great country filled with good people and given a chance to achieve remarkable things. I believe we can work together in a partnership--not us dictating to you--but in a partnership. We can give our children and grandchildren an even greater America with an even greater future and through that, we can give the entire human race an opportunity to live in freedom and prosperity and safety.

Before I do that and make another blunder, it is an extreme honor for me to introduce Mrs. Mona Locke. Ladies and gentlemen, the Governor of the great state of Washington, the Honorable Governor, Gary Locke."

STATE OF THE STATE ADDRESS  
BY GOVERNOR GARY LOCKE

Governor Locke: "Mr. President, Mr. Speaker, Madam Chief Justice, distinguished Justices of the Supreme Court, statewide elected officials, members of the Washington State Legislature, other elected officials, members of the Consular Corps, and fellow citizens.

"Few Governors have been lucky enough to walk up to this podium to deliver a state of the state address in such good times as these. A sustained period of economic growth is creating more jobs than ever before, and bringing greater hope and opportunity to a growing population. Our unemployment rate is the lowest since 1966. We are delighted by new orders at Boeing, and by the growth of our high-tech and bio-tech industries. We're proud that the two key ideas of education reform--higher academic standards, and hold our schools accountable for results rather than following regulations--are finally taking root. We continue to be blessed by the abundance of our wheat fields and orchards. And our state is as beautiful as ever. The majesty and mystery of our coastline, our forests, and mountain ranges and our rivers remind us that our blessings are truly beyond counting. Even more encouraging, there is a growing sense that we are entering a time of moral renewal--a time when more and more Americans are coming home to the values of service to others, respect for our elders, and sacrifice for our children.

"But this is no time to rest on our laurels, or to assume that our economic good luck will last forever. This Fifty-fifth Legislature is the last of a fading century. The next Legislature, which will serve from 1999 through 2001, will have one foot in the old millennium, and one foot in the new, so this is truly a year to think about the legacy we have received, and to ask ourselves 'what legacy will we leave?' How will our children and grandchildren look back upon our work?

"In my office, this idea of legacy was brought home in a powerful and tragic way last week. Terry Husseman, a Deputy Director of the Department of Ecology, was outlining strategies to save salmon when--in the middle of a sentence--his life suddenly ended. Terry was a brilliant attorney who, with patience, wisdom and courage, helped launch the clean-up at Hanford, protect the public from toxic and nuclear waste, heal the relationship between state and tribal governments, and preserve our clean water. Like other state employees, his legacy was built day by day over the course of years of quiet devotion to the common good.

"We must honor his memory--and the memory of the countless thousands of other citizens and public servants who have given their lives in service to others--by living up to the standard of excellence they set for all of us--and we must start right now without delay.

"As the twenty-first century draws closer, our vision of what we want it to be becomes clearer. We want a century in which all our children get the very best education--

- \* A century in which economic prosperity benefits everyone, in every corner of our state;
- \* A century in which our rivers and streams are alive with fish;
- \* A century in which families are strong, neighbors look out for each other, and senior citizens are honored and cared for; and;
- \* A century in which a growing population protects and cherishes the cleanliness of our air and the open spaces that nourish our spirits.

"We cannot realize this vision if we let today's economic abundance make us complacent, selfish, or shortsighted. In spite of the rosy glow of today's economy, we have urgent problems that just can't wait--the problems of our working families, our schools, our roads, and our rivers. We cannot just coast into the twenty-first century. That's why, even though this is a short legislative session, I want to work with the Legislature, state employees, and the citizens of this state to tackle these problems. The test that all our work must pass is the test of time. Solutions that stand the test of time can only be crafted when everyone participates.

"The days when the response to every problem was a new government program are behind us. That strategy didn't work. When government promised more than it could ever deliver, the result was a disillusioned public, and problems that continued to get worse instead of better. Worse yet, relying on government alone to solve our problems diminished the importance of citizenship, and the value of personal responsibility. That's the trend we must reverse before this century ends and that's why the proposals I'm submitting to the Legislature are not government programs, but partnerships between citizens, schools, business, labor, and government at every level. Creating these partnerships--and restoring the central role of responsible citizenship--is both our most urgent challenge, and our most promising route to real solutions.

"The first and most important partnership must be to accelerate the improvement of our public schools. Last fall, we received the first test results that tell us how well our fourth-graders are measuring up to our rigorous new academic standards. LESS THAN HALF OF OUR FOURTH-GRADERS MET OUR STANDARD IN READING. Now, those kids are in fifth grade and it's not enough to tell their parents that our schools will do better with next year's first and second graders. Last year's fourth-graders need help now--and so do this year's second, third and fourth-graders.

"That's why I'm proposing that we create the Washington Reading Corps. Instead of just giving the schools more money and telling them to fix the problems, this investment is designed to give teachers and principals the resources they need to mobilize their communities. The goal of this program is to recruit twenty-five thousand volunteer tutors across the state, and to have teachers train them to tutor 82,000 second through fifth graders in reading. We know that tutoring works, and that children need individualized attention and we know that if children fail at reading in the early grades, it's unlikely they will ever catch up.

"We also have a promise to keep--the promise that we would move heaven and earth to help every student master our new, higher academic standards. That's why it's so important--and so urgent--that we bring together children who are learning to sound out words with volunteer tutors who will listen to them, and praise them when they do it right. That's how a lifetime of success gets started, and how a lifetime of frustration and failure is averted.

"Even though schools need more parent and community involvement to succeed, we must never forget that the foundation of our schools is the profession of teaching. That's why I am also proposing new and significant incentives for excellence in teaching. All teachers are not the same, so isn't it time to encourage our teachers to strive for excellence, and to reward them when they achieve it? Our best teachers will be able to earn more if this Legislature will agree to my proposal to reward them for meeting the rigorous test of national certification, which requires high levels of competency and classroom skill.

"I am also proposing a scholarship program to attract our best and brightest young people to the teaching profession. I want to provide scholarships to one hundred outstanding college students in return for their commitment to teach in our public schools. And it's time we made it easy for mid-career or retiring professionals to become teachers. To do that, I'm proposing a fast-track route into the classroom by giving people credit for what they already know, and making the courses necessary for teaching more convenient and accessible. Mid-career professionals and retirees shouldn't have to attend four years of college to become teachers.

"Isn't it also time to give parents, teachers, and citizens the power to create charter schools? Two years ago, many of us urged voters to reject a charter school ballot measure because it was flawed. Last year, bipartisan cooperation and citizen involvement fixed those flaws, and a charter school bill passed the House, but not the Senate. This year, I want to sign charter school legislation that promotes innovation and community involvement in public education. This last Legislature of the twentieth century must throw open the doors and windows of our public schools to the fresh air and new ideas that charter schools will provide.

"At the dawn of the twenty-first century, our new communication technologies can bring learning opportunities to both children and adults in even the remotest corners of our state. Later this month, a new electronic learning network will come to life, linking many schools and universities. Now, we must connect our schools to that network--and even more important--we must train our educators to make the best use of it.

"Our second partnership--a partnership between workers, their employers, and the state--is devoted to creating a better life for Washington's working families. In the last several years, we have given tax cuts to businesses to encourage them to expand, to modernize and to invest in new equipment. Those targeted tax cuts were necessary and effective, and we're proposing more of them, to help small businesses establish themselves and grow. But now our businesses ought to invest in their most precious asset--their employees.

"Working families--especially those at the lower end of the pay scale--have an equal right to benefit from our good economic times. Many businesses report that they invest thousand of dollars training people for very technical jobs, only to lose them when they start a family and can't afford child care. And many businesses are having such a hard time finding trained workers that they're recruiting people from out-of- state. I want Washington jobs to be for Washingtonian, so I'm proposing tax credits to family-friendly businesses that invest in child care or job training for their employees. I'm calling for expanding enrollments in our community and technical college, so that people can learn new skills and climb the career ladder.

"Isn't it time to help working families realize the American dream of owning a home? Despite low interest rates, many families just can't save enough money for a down payment, or have a hard time making monthly mortgage payments. That's why I've proposed a partnership with banks to help first-time home buyers. To benefit working families, I'm also asking for a \$35 cut in the tax we pay when we renew the license tabs on our cars.

"The working people of Washington's distressed rural communities especially need our help. While the unemployment rate in King County is 2.9 percent, the unemployment rate in Columbia County is over 15 percent. This is absolutely unacceptable. None of us was elected to preside over two Washingtons--one urban and prosperous, and the other rural and poor.

We were elected to lead one Washington, indivisible, with hope and economic opportunity for all, so I am asking this Legislature to expand tax incentives that encourage businesses to locate and grow outside the central I-5 corridor.

"This Legislature must also honor another partnership--the partnership between ourselves and our parents and grandparents. In the budget passed last year, we underestimated the demand for home care for our seniors, and that's something we simply must fix. I'm asking the Legislature to approve additional funding for the services that seniors need to live in their own homes rather than in nursing homes. This is the very least we can do to express our respect for our elders, our appreciation for the lifetime of hard work and sacrifice, and our gratitude for the values they taught us.

"There's something else we must do if our work this year is to stand the test of time--and that's to protect our ability to generate economic growth by investing in our transportation system. Gridlock on our freeways will cause gridlock in our economy if we don't act now. Already our ports are losing their competitive advantage, because once goods leave our docks, they get stuck in traffic. Too many working people spend far too many hours on the freeway rather than at home with their families. That's not the worst of it. The worst of it is that all across the state, the number of unsafe highways, bridges and intersections is growing.

"That's why I'm proposing a balanced funding package to repair, maintain and unclog our transportation system; We need two and a half billion dollars worth of critical improvements in the next five years. And we need to come up with that amount without hurting education or other vital services. I don't see any way to do that without a gas tax increase. I know it's politically unpopular, but it's the right thing to do. On this issue, once again, I am asking for partnership--a partnership of Democrats and Republicans--to create a lasting, long-term solution.

"The final partnership I want to talk about today is to save our salmon. For longer than human beings can remember, wild salmon have spawned in our rivers and streams, found their way to the sea, and then made that heroic, upstream journey home to start the cycle over again. Throughout the twentieth century, wild salmon runs have dwindled, in large part because of dams, culverts and other obstacles that prevent them from swimming upstream; because of polluted water, or because so much water has been diverted from streams that there's not enough left for the fish. These are problems that people have created, and problems that people can solve, but we cannot wait. In fact, we've already waited too long. And the result of our procrastination is that our salmon and steelhead are dying out.

"If we don't act now, the federal government and federal judges will take this issue out of our hands. And we will lose local control over our use of land and water. The water salmon depend on is also the water that we need for irrigation, industry, electricity, transportation, and domestic use. That's why, to jump-start the process of restoring and protecting our streams and rivers, we must forge new partnerships between landowner, irrigators, tribal governments, local and state governments and citizen volunteers. Saving our salmon is not optional. It is our sacred duty--to our ancestors, and to our children and their children--to act now, before our salmon are gone forever.

"All of the proposals I've described promote partnerships--between citizens and government, between workers and employers, and between Democrats and Republicans. All of these proposals challenge us to remember that every day of our lives is a precious gift--an unrepeatable opportunity to create the legacy for which we will be remembered. All of these proposals call us to realize our vision for the twenty-first century--a vision of great schools, growing opportunity, healthy rivers teeming with fish, clean air, strong families and honored elders, all bound together by a renewed sense of community and a powerful ethic of personal responsibility.

"These proposals don't add up to a Democratic agenda, or a Republican agenda, or a government agenda. This is a Washington State agenda. This is an agenda for all of us--for every citizen of every walk of life, of every color of the rainbow, and of every age. This is an agenda we can only achieve by working together to revitalize the spirit of unity, and the practice of good citizenship.

"As I have traveled around this state in the past year, I have seen hundreds of promising signs that a renaissance of active citizenship is beginning to take root. It is a part of that wave of moral renewal and rededication to the values that made this country great. Let me introduce you to a few of the people who exemplify this renaissance:

"Meet Joyce Derlacki and Betty and Burt Block, three of the senior citizen volunteers I met at Phantom Lake Elementary School in Bellevue. These citizens volunteer in the school to help Moises Ortiz and Prese Peseta and their classmates learn to read--and then the seniors stay after school and learn how to use computers.

"From Spokane, I want you to meet Lore Hannes, who tutors first-grade readers--and Dal Beeman, a Dad who works nights, and volunteers with kindergartners and first graders when he gets off work in the morning.

"From Vancouver, we have with us Jason Adams, a football star at Fort Vancouver High School who reads to second graders twice a week--and Alvaro Angel, a retired radio and TV broadcaster who tutors and mentors bilingual students.

"I'd also like you to meet some people who are heroes to our salmon:

"In Yakima, science teacher Kent Wilkinson and students Sami Dinsmore, Ryan Erlwine, Kaytla Eirich and Laura Bodine are restoring Wide Hollow Creek, and they've brought fish back to a creek that had been barren for this entire century.

"And from Skagit County, I'd like you to meet John Hocking, a developer who donated a 12-acre wetland to the city of Mt. Vernon--Arn Thoreen, a commercial fisherman who helped form the Skagit Watershed Council--Sammy Elix and Keith Hewitt, two of the Job Corps participants who worked to restore the wetland and the creek they feed--and Kurt Buchanan, their partner from the Department of Fish and Wildlife.

"When I visited this group at Bakerview Creek last summer, they showed me coho salmon fingerlings flourishing where none had for many years. Those tiny, fragile-fish prove the life-giving power of cooperative partnerships and active citizenship. Those fingerlings show that when citizens act together--and when government helps bring them together--our best values can solve our most difficult problems. Those fingerlings will mature and return to our rivers in the new millennium, and in that new millennium, our children, too, will come of age, and inherit the legacy that we are creating today.

"So, I want to end by asking everyone in this room to stand with these citizens who are showing us the way to a worthy legacy. I ask all of you--every citizen, and every public servant--to stand and together make a pledge. I ask that each of us pledge to put aside self-interest, join as partners, and transform our vision for the coming century into a legacy that will stand the test of time. I ask that each of us renew our commitment to active citizenship and the practice of personal responsibility and I ask that each of us strive, in the year ahead, to contribute to the renaissance of those simple, timeless values of service to others, respect for our elders, and sacrifice for our children.

"Thank you very much."

MOTION

SENATE RESOLUTION 1998-8682

By Senators Franklin, Spanel, Thibaudeau, Snyder, Kline, B. Sheldon, Prentice, Kohl, Heavey, Wojahn, Rasmussen, T. Sheldon, Goings, Long, McAuliffe, Wood, Hochstatter, Haugen, Schow, Fairley, Hale, Johnson and Bauer

WHEREAS, We live in a time when racial, religious, and cultural intolerance is too often a cause of mistrust, violence, and dislike for people seen as being "different"; and

WHEREAS, Although some forms of racism have changed, racism continues to raise its ugly head and seeks to divide the races based on skin color and stereotypes; and

WHEREAS, The law in theory assures us all of equality, the rules keep changing and the bar keeps rising higher; and

WHEREAS, In America today we rarely discuss openly and honestly the reasons for our differences and our own fears and prejudices, thus perpetuating the problem; and

WHEREAS, Talking about race tends to uncover our deepest prejudices and emotions; and

WHEREAS, The Reverend Martin Luther King Jr.'s example of dealing openly and directly with the things that divide us along racial and cultural lines is one that we would do well to emulate, not only one day each year but every day of the year; and

WHEREAS, The increasing separation of citizens into groups of like-color as a way of dealing with racism is directly at odds with Rev. King's message of unity, equality, and justice; and

WHEREAS, We as a nation and a people can only rise up in unison, and foster a country and community spirit of one America, working together and living in peace and harmony; and

WHEREAS, Dr. King's message of peaceful perseverance in the face of seemingly insurmountable obstacles to equality is still a source of inspiration and hope for Americans and for many other people around the world;

NOW, THEREFORE, BE IT RESOLVED, That the members of the Washington State Senate do hereby honor the memory of the Reverend Martin Luther King Jr., a man of peace who saw injustice and tried to end it for the benefit of all Americans, regardless of race; and that we urge the citizens of Washington to heed Dr. King's message of unity and equality, remembering that as long as any one citizen is not fully free, then none of us can be truly free; and that the race issue, unresolved, is a barrier to life, liberty, and the pursuit of happiness as articulated in the Declaration of Independence.

Senators Franklin, McDonald, Prentice and Hale spoke to Senate Resolution 1998-8682.

MOTION

At 10:21 a.m., on motion of Senator Johnson, the Senate adjourned until 12:00 noon, Tuesday, January 20, 1998.

POINT OF INQUIRY

Senator Morton: "Senator Roach, living on a rural route, I am concerned about the wording as I quickly read through the striker, which I believe it is, Senator Fairley. I am concerned about the number of pieces that may be found in the mail when I bring it from my mail box which may be a neighbor's mail. I would, therefore, be subject to possible prosecution, because somewhere in the postal system, they had inadvertently put my neighbor's mail in--which many times happens. How is that addressed--I notice that there are two, four, and I believe five items mentioned. Would you elaborate a little bit? I am very uncomfortable at this point."

Senator Roach: "Thank you, Senator Morton. Of course, you know, that I worked for four and a half years for the U. S. Postal Service and my husband currently works for them, so I am very close to these issues. I also live on a rural route, so I am particularly interested in what you are talking about and I have had--usually it is a substitute driver--on a rural route who will inadvertently take a whole big handful of mail and stick it in your box. It happens once every ten years. When it happens, what you do is, you thumb through it and you call your neighbor and say, 'I've got your mail,' or you walk back down to the box and you put it in yourself.

"The situation that you have just spoken to would probably be resolved that way. Certainly, you would make an effort to get that mail out of your house and the only reason that law enforcement would be in your house is if they had a search warrant based on what?. I think the likelihood of the scenario that you have developed is very, in fact, unlikely and I believe that we need to get to the problem of this mail theft and fraud in Washington State. It is a very good bill; I don't see that what you are talking

about is going to be a very big problem. Remember, the mail is something that is very intrusive and evasive when someone steals it and I think we need to get to the root of the problem."

#### POINT OF INQUIRY

Senator Patterson: "Senator Roach, I probably should have been paying closer attention to this bill last year. Does this bill mean that if this happens in my district and teenage boys will go out and whack mailboxes with sticks or baseball bats, which, of course, we all know is a very bad thing to do, with passage of this bill, would this now make them guilty of a class C felony for being involved in that kind of behavior?"

Senator Roach: "No, it would make it, however, a misdemeanor--a gross misdemeanor--to obstruct the mails. The destruction of letter boxes would be a class C felony. Let me describe what it is like on my rural route. They take their trucks and come by with a board affixed to the front fender and run over these boxes. In fact, some of us have found this not too funny. We don't tell too many people this, but we build a cement foundation for our mail boxes and then put wood around the side, so the next person that comes by--we'll just take the doggone bumper off their car.

"This is a major, major problem and it isn't funny when somebody is messing around with your property, especially when it holds something as near and dear to you as your paycheck, your credit card, your Mother's Day card from you son that has been away for awhile. Heck with them! Let them take the punishment for going out and just destroying somebody's property."

Senator Patterson: "So, the answer to the question is that these teenage boys in my district who behave badly and go out and hit my mailbox with a baseball bat--with the passage of this law--would now become guilty of a class C felony?"

(d) A foreign limited liability company whose registration is effective may renew it for successive years by delivering to the secretary of state for filing a renewal application, which complies with the requirements of (b) of this subsection, between October 1st and December 31st of the preceding year. The renewal application when filed renews the registration for the following calendar year.

(e) A foreign limited liability company whose registration is effective may thereafter qualify as a foreign limited liability company under the registered name, or consent in writing to the use of that name by a limited liability company thereafter organized under this chapter, by a corporation thereafter formed under Title 23B RCW, by a limited partnership thereafter formed under chapter 25.10 RCW, or by another foreign limited liability company, foreign corporation, or foreign limited partnership thereafter authorized to transact business in this state. Providing tax exemptions for state route number 16 corridor improvements constructed under chapter 47.46 RCW.

## MOTIONS

On motion of Senator Oke, the rules were suspended, Substitute Senate Bill No. 6050 was returned to second reading and read the second time.

Senator Oke moved that the following amendment by Senators Oke and West be adopted:

On page 1, after line 4, strike all of section 1 and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds and declares that tax exemptions and deferrals on state route number 16 corridor improvements, constructed under the public-private initiatives in transportation program, would decrease both the initial cost of the project and the operating costs of the facility once it is in operation. A sales and use tax deferral and leasehold tax exemptions would lower initial toll levels charged to users of the facility, reduce the need for toll increases, and reduce the length of time tolls are imposed. Lower toll rates increase the likelihood of favorable voter response to the advisory vote required under chapter 47.46 RCW on the state route number 16 corridor improvements project.

**NEW SECTION. Sec. 2.** A new section is added to chapter 47.46 RCW to read as follows:

(1) A private entity that is party to an agreement under this chapter may apply for deferral of taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment which will become a part of, and the rental of equipment for use in the state route number 16 corridor improvements project under this chapter. Application shall be made to the department of revenue in a form and manner prescribed by the department of revenue. The application shall contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue shall approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on the project. The use of the certificate shall be governed by rules established by the department of revenue.

(3) A private entity granted a deferral under this section shall begin paying the deferred taxes in the fifth year after the date certified by the department of revenue as the date on which the project is operationally complete. The first payment is due on December 31st of the fifth calendar year after such certified date, with subsequent annual payments due on December 31st of the following four years. Each payment shall equal twenty percent of the deferred tax.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of a private entity granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section."

Renumber the sections consecutively.

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senators Oke and West on page 1, after line 4, to Substitute Senate Bill No. 6050.

The motion by Senator Oke carried and the amendment was adopted.

## MOTION

Senator Fraser moved that the following amendment by Senators Fraser, Loveland, Spanel, Rasmussen and Goings be adopted:

On page 1, after line 4, strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds and declares that state tax exemptions and deferrals on state route number 16 corridor improvements, constructed under the public-private initiatives in transportation program, would decrease both the initial cost of the project and the operating costs of the facility once it is in operation. The application shall contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue shall approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08 and 82.12 RCW on the project. The project is subject to local tax under chapter 82.14 RCW. The use of the certificate shall be governed by rules established by the department of revenue.

(3) A private entity granted a state tax deferral under this section shall begin paying the deferred taxes in the fifth year after the date certified by the department of revenue as the date on which the project is operationally complete. Each payment shall equal ten percent of the deferred tax.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of a private entity granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 82.29A RCW to read as follows:

All leasehold interests in the state route number 16 corridor improvements project constructed and operated under chapter 47.46 RCW are exempt from state tax under RCW 82.29A.030." Debate ensued.

Senator Betti Sheldon demanded a roll call and the demand was sustained.

Further debate ensued.

#### POINT OF INQUIRY

Senator Betti Sheldon: "Senator Oke, how much do you think the toll will be reduced by this leasehold extension and the state sales tax deferral?"

Senator Oke: "Well, at this point in time, there really is no way to tell, because we estimate right now that the bridge would cost three hundred and two million dollars--and it has been suggested to me that what we are doing could save the toll as much as fifty cents from the exemptions we are making."

Senator Betti Sheldon: "Fifty cents--and that would be from about what level to what level then?"

Senator Oke: "Right now, with this exemption in place, we are trying to keep it at three dollars. With the passage of this amendment, I think it would possibly go up considerably over that. The whole package we put together, as it has been shared with me by the folks that figured this out, would amount to about fifty cents. I know you are trying to cut into a portion of it, but I guess my real intent right now is to get this bill to the House side. We are going to see it again; they are going to make some changes to it over there. So, this isn't the last day, but I want to get it moving to the House to make sure we get it through over there. Last time, we had it through here quickly, but it didn't make it through the other side."

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Fraser, Loveland, Spanel, Rasmussen and Goings on page 1, after line 4, to Substitute Senate Bill No. 6050.

#### ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 23; Nays, 26; Absent, 0; Excused, 0.

Voting yea: Senators Bauer, Brown, Fairley, Franklin, Fraser, Goings, Hargrove, Haugen, Heavey, Jacobsen, Kline, Kohl, Loveland, McAuliffe, Patterson, Prentice, Rasmussen, Sheldon, B., Sheldon, T., Snyder, Spanel, Thibaudeau and Wojahn - 23. Voting nay: Senators Anderson, Benton, Deccio, Finkbeiner, Hale, Hochstatter, Horn, Johnson, Long, McCaslin, McDonald, Morton, Newhouse, Oke, Prince, Roach, Rossi, Schow, Sellar, Stevens, Strannigan, Swecker, West, Winsley, Wood and Zarelli - 26.

#### MOTIONS

On motion of Senator West, the following title amendment was adopted:

On page 1, on line 3 of the title, after "82.29A.130;," insert "adding a new section to chapter 47.46 RCW;" On motion of Senator West, the rules were suspended, Engrossed Substitute Senate Bill No. 6050 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

#### POINT OF INQUIRY

Senator Fairley: "Senator Roach, did you mean in this so-called technical amendment to leave out Section 4, which refers to the theft of a check? It was in last year's bill. It is not in this technical amendment."

Senator Roach: "Senator Fairley, this was prepared by staff. I will check that out, but I have on mine a new Section 4. I see staff running around and I was going to have them answer this question."

Senator Fairley: "The technical amendment that I have Senator Roach, Section 4 is the emergency clause. In the old bill we passed, Section 4 referred to second degree theft."

Senator Roach: "I have no knowledge that it wasn't exactly as the bill that we had before us last year, Senator Fairley, with the exception of changing the portion. I certainly appreciate you pointing that out and we will certainly have staff re-look at this--if this amendment has been drafted incorrectly."

**"Sec. 1.** RCW 36.70A.270 and 1997 c 429 s 11 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by

rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) ~~((The))~~ Each board may appoint one or more hearing examiners to assist the board in its hearing function, to make ~~((conclusions of law and))~~ findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that ~~((final orders be issued))~~ decisions be made within one hundred eighty days of board receipt of a petition. Each board may mediate disputes between counties or cities, over whether their comprehensive plans are coordinated or consistent, by using one or more of its own members, hiring staff to provide mediation, or contracting for the provision of mediation.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

The board shall render written decisions articulating the basis for its holdings. The board shall not issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of ~~((this chapter or))~~ chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative ~~((bodies))~~ authority of the county or city. (3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, or the parties have filed an agreement to have the case heard in superior court as provided in RCW 36.70A.295, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city~~((;))~~ or county~~((, or the state))~~ and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(3) For purposes of a petition that is subject to direct review, the superior court's subject matter jurisdiction shall be equivalent to that of the board. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. #### PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Mr. President. I didn't play on a team; football hadn't been invented when I went to high school. We have an old custom here in the Senate that on your maiden speech, you are to purchase a gift for all of us. I think that gift should be doubled, because you are wearing that hat. Some of us older folks with less hair appreciate you covering that mop of hair that you have, because it is kind of unfair to us. So, I don't care if he wears the hat the whole year.

"When Goings made his initial maiden speech, I understand he had to borrow money and he is still paying that off on a structured payment plan at three percent. He has a better deal than most of us can get. But, we know that you will bring us a gift that we will never, never ever forget and we appreciate it."

#### PERSONAL PRIVILEGE

Senator Schow: "A point of personal privilege, Mr. President. Last Saturday night, I had the privilege of being invited to Orting to a function put on by the Pierce County Community Network. It was a great event--they had almost five hundred kids there. They had a martial arts demonstration. You know, I thought I should bring this to the attention of this body that there was another Senator that was there and we have all heard how people get a little concerned when Senators tend to get heavy-handed. While we were at this martial arts demonstration, the other Senator, Marilyn Rasmussen, was showing how heavy-handed she was by breaking blocks of wood with karate chops. I just thought everybody ought to know that when they are discussing things with her, that she does have this ability."

#### MOTION

On motion of Senator Kohl, the following resolution was adopted:

#### SENATE RESOLUTION 1998-8692

By Senators Kohl, Jacobsen, Wood, Wojahn, Winsley, West, Hale, Brown, Bauer, McAuliffe, Loveland, Johnson, Spanel, Prince, Goings, Rasmussen, Haugen, Prentice, Fraser, B. Sheldon, Fairley, Thibaudeau and Zarelli

WHEREAS, Although the state of Washington is fortunate to have Barbara Hedges serving as Athletic Director at the University of Washington, a NCAA Division 1 school, women are underrepresented in the leadership positions of coaches, officials, and administrators, and there is a need for women to serve in these positions to ensure a fair representation of the abilities of women and to provide role models for young female athletes; and

WHEREAS, Although the athletic opportunities for female students at the college and high school level have improved because of federal and state gender equity laws, the participation rates of male and female athletes at the college and high school levels are still not equitable; and

WHEREAS, The number of funded research projects focusing on the specific needs of women athletes is limited, and the information provided by the projects is imperative to the health and performance of future women athletes;

MOTION

Senator Johnson moved that the following amendment by Senator Swecker be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) In P.L. 104-199; 110 Stat. 219, the Defense of Marriage Act, Congress granted authority to the individual states to either grant or deny recognition of same-sex marriages recognized as valid in another state. The Defense of Marriage Act defines marriage for purposes of federal law as a legal union between one man and one woman as husband and wife and provides that a state shall not be required to give effect to any public act or judicial proceeding of any other state respecting marriage between persons of the same sex if the state has determined that it will not recognize same-sex marriages.

(2) The legislature and the people of the state of Washington find that matters pertaining to marriage are matters reserved to the sovereign states and, therefore, such matters should be determined by the people within each individual state and not by the people or courts of a different state.

NEW SECTION. **Sec. 2.** (1) It is a compelling interest of the state of Washington to reaffirm its historical commitment to the institution of marriage as a union between a man and a woman as husband and wife and to protect that institution.

(2) The court in *Singer v. Hara*, 11 Wn. App. 247 (1974) held that the Washington state marriage statute does not allow marriage between persons of the same sex. It is the intent of the legislature by this act to codify the *Singer* opinion and to fully exercise the authority granted the individual states by Congress in P.L. 104-199; 110 Stat. 219, the Defense of Marriage Act, to establish public policy against same-sex marriage in statutory law that clearly and definitively declares same-sex marriages will not be recognized in Washington, even if they are made legal in other states.

**Sec. 3.** RCW 26.04.010 and 1973 1st ex.s. c 154 s 26 are each amended to read as follows:

(1) Marriage is a civil contract (~~(which may be entered into by persons of)~~) between a male and a female who have each attained the age of eighteen years, and who are otherwise capable(~~(- PROVIDED, That)~~).

(2) Every marriage entered into in which either (~~(party shall not have)~~) the husband or the wife has not attained the age of seventeen years (~~(shall be)~~) is void except where this section has been waived by a superior court judge of the county in which one of the parties resides on a showing of necessity.

**Sec. 4.** RCW 26.04.020 and 1927 c 189 s 1 are each amended to read as follows:

(1) Marriages in the following cases are prohibited:

~~((1))~~ (a) When either party thereto has a wife or husband living at the time of such marriage(~~(-)~~);

~~((2))~~ (b) When the (~~(parties thereto)~~) husband and wife are nearer of kin to each other than second cousins, whether of the whole or half blood computing by the rules of the civil law; or

(c) When the parties are persons other than a male and a female.

~~((3))~~ (2) It (~~(shall be)~~) is unlawful for any man to marry his father's sister, mother's sister, daughter, sister, son's daughter, daughter's daughter, brother's daughter or sister's daughter; it (~~(shall be)~~) is unlawful for any woman to marry her father's brother, mother's brother, son, brother, son's son, daughter's son, brother's son or sister's son.

(3) A marriage between two persons that is recognized as valid in another jurisdiction is valid in this state only if the marriage is not prohibited or made unlawful under subsection (1)(a), (1)(c), or (2) of this section." Debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Swecker to Engrossed

Substitute House Bill No. 1130.

The motion by Senator Johnson carried and the striking amendment was adopted.

#### MOTIONS

There is a little bit of smoked salmon that was produced in my district by Northern Discovery Seafoods and they are in Grapeview. After you try that--if you like this salmon and I know you will--their address is there. Save the box and give them a call. They are a growing company in our district. They had sales of about three hundred and fifty thousand dollars last year and are doing very well and they need your support. So, if you like the salmon and you want to send it and give a treat to one of your friends--a taste of the Northwest--please do that."

MESSAGE FROM THE GOVERNOR

February 6, 1998

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute House Bill No. 1130 entitled:  
"AN ACT Relating to reaffirming and protecting the institution of marriage;"

This bill would amend the marriage statute by codifying existing case law that prohibits same-gender marriage in Washington. It also declares that same-gender marriages will not be recognized, even if they are made legal in other states. ESHB 1130 is essentially identical to Engrossed Substitute Senate Bill No. 5398, which I vetoed on February 21, 1997.

Subsequent to the 1972 passage of the Equal Rights Amendment to the Washington Constitution, in *Singer v. Hara*, 11 Wn. App. 247 (1974) our Court of Appeals firmly stated that our existing statute prohibits same-gender marriages in Washington. The Washington Supreme Court then upheld that decision in *Marchioro v. Chaney*, 90 Wn.2d 298 (1978).

The 1996 federal Defense of Marriage Act exempts states from having to recognize or give effect to same-gender marriages from other states. Furthermore, Washington courts have consistently held that marriages not recognized under Washington law will not be upheld in this state, even if they are considered valid in other states.

Not only is this legislation unnecessary, it serves no legitimate purpose. For these reasons, I have vetoed Engrossed Substitute House Bill No. 1130 in its entirety.

Respectfully submitted,

GARY LOCKE, Governor

There being no objection, the President advanced the Senate to the fourth order of business.

THIRD READING

SUBSTITUTE SENATE BILL NO. 5760, by Senate Committee on Human Services and Corrections (originally sponsored by Senators Long, Hargrove, Franklin, Deccio, Thibaudeau, Winsley and Kohl)

Authorizing courts to order evaluation and treatment of mentally ill offenders.

MOTION

On motion of Senator Long, the rules were suspended, Substitute Senate Bill No. 5760 was returned to second reading and read the second time.

MOTION

Senator Long moved that the following amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature to decrease the likelihood of recidivism and reincarceration by mentally ill offenders under correctional supervision in the community by authorizing:

(1) The courts to request presentence reports from the department of corrections when a relationship between mental illness and criminal behavior is suspected, and to order a mental status evaluation and treatment for offenders whose criminal behavior is influenced by a mental illness; and

(2) Community corrections officers to work with community mental health providers to support participation in treatment by mentally ill offenders on community placement or community supervision.

**Sec. 2.** RCW 9.94A.110 and 1988 c 60 s 1 are each amended to read as follows:

Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing.

The court shall order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

The court shall consider the presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed.

If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

**Sec. 3.** RCW 9.94A.120 and 1997 c 340 s 2, 1997 c 338 s 4, 1997 c 144 s 2, 1997 c 121 s 2, and 1997 c 69 s 1 are each reenacted and amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (4), (5), (6), and (8) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for life without the possibility of parole or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, notwithstanding the maximum sentence under any other law. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first

degree shall be sentenced to a term of total confinement not less than five years. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned early release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

- (a) Devote time to a specific employment or occupation;
- (b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;
- (c) Pursue a prescribed, secular course of study or vocational training;
- (d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (e) Report as directed to the court and a community corrections officer; or
- (f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6)(a) An offender is eligible for the special drug offender sentencing alternative if:

(i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in Schedule I or II that is a narcotic drug or a felony that is, under chapter 9A.28 RCW or RCW 69.50.407, a criminal attempt, criminal solicitation, or criminal conspiracy to commit such crimes, and the violation does not involve a sentence enhancement under RCW 9.94A.310 (3) or (4);

(ii) The offender has no prior convictions for a felony in this state, another state, or the United States; and

(iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the midpoint of the standard range is greater than one year and the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections. If the midpoint of the standard range is twenty-four months or less, no more than three months of the sentence may be served in a work release status. The court shall also impose one year of concurrent community custody and community supervision that must include appropriate outpatient substance abuse treatment, crime-related prohibitions including a condition not to use illegal controlled substances, and a requirement to submit to urinalysis or other testing to monitor that status. The court may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court shall impose three or more of the following conditions:

- (i) Devote time to a specific employment or training;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;
- (iii) Report as directed to a community corrections officer;
- (iv) Pay all court-ordered legal financial obligations;
- (v) Perform community service work;
- (vi) Stay out of areas designated by the sentencing judge.

(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the

prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of up to the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department, or as a result of a violation found by the court. The term of community supervision shall be tolled by any period of time served in total confinement as a result of a violation found by the court.

(d) The department shall determine the rules for calculating the value of a day fine based on the offender's income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

(7) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(8)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (A) Frequency and type of contact between offender and therapist;
- (B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
- (D) Anticipated length of treatment; and
- (E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sex offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community custody for the length of the suspended sentence or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section;

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

- (I) Devote time to a specific employment or occupation;
- (II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (III) Report as directed to the court and a community corrections officer;

(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or

(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime; and

(C) Sex offenders sentenced under this special sex offender sentencing alternative are not eligible to accrue any earned early release time while serving a suspended sentence.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community custody, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community custody.

(v) If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.205(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in (a)(vi) of this subsection.

(vi) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(vii) Except as provided in (a)(viii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(viii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (8) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (8) and the rules adopted by the department of health.

(ix) For purposes of this subsection (8), "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(x) If the defendant was less than eighteen years of age when the charge was filed, the state shall pay for the cost of initial evaluation and treatment.

(b) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(iii) Report as directed to the court and a community corrections officer;

(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in this subsection (8)(b) shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (8)(b) does not apply to any crime committed after July 1, 1990.

(c) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(9)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense committed on or after July 1, 1990, but before June 6, 1996, a serious violent offense, vehicular homicide, or vehicular assault, committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

- (i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
- (ii) The offender shall work at department of corrections-approved education, employment, and/or community service;
- (iii) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
- (iv) The offender shall pay supervision fees as determined by the department of corrections;
- (v) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement; and
- (vi) The offender shall submit to affirmative acts necessary to monitor compliance with the orders of the court as required by the department.

(c) As a part of any sentence imposed under (a) or (b) of this subsection, the court may also order any of the following special conditions:

- (i) The offender shall remain within, or outside of, a specified geographical boundary;
- (ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
- (iii) The offender shall participate in crime-related treatment or counseling services;
- (iv) The offender shall not consume alcohol;
- (v) The offender shall comply with any crime-related prohibitions; or
- (vi) For an offender convicted of a felony sex offense against a minor victim after June 6, 1996, the offender shall comply with any terms and conditions of community placement imposed by the department of corrections relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(10)(a) When a court sentences a person to the custody of the department of corrections for an offense categorized as a sex offense committed on or after June 6, 1996, the court shall, in addition to other terms of the sentence, sentence the offender to community custody for three years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2),

whichever is longer. The community custody shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2).

(b) Unless a condition is waived by the court, the terms of community custody shall be the same as those provided for in subsection (9)(b) of this section and may include those provided for in subsection (9)(c) of this section. As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section.

(c) At any time prior to the completion of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040.

(11) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(12) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered unless the superior court extends the criminal judgment an additional ten years. If the legal financial obligations including crime victims' assessments are not paid during the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years as provided in RCW 9.94A.140, 9.94A.142, and 9.94A.145. If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(13) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(14) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the department of corrections and shall follow explicitly the instructions and conditions of the department of corrections. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed.

(a) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

(b) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (a) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals. The conditions authorized under this subsection (14)(b) may be imposed by the department prior to or during an offender's community custody term. If a violation of conditions imposed by the court or the department pursuant to subsection (10) of this section occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.207 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.205. At any time prior to the completion of a sex offender's term of community custody, the department may recommend to the court that any or all of the conditions imposed by the court or the department pursuant to subsection (10) of this section be continued beyond the expiration of the offender's term of community custody as authorized in subsection (10)(c) of this section.

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

(15) All offenders sentenced to terms involving community supervision, community service, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

(16) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(17) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(18) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(19) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

(20) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

(21) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

~~((21))~~ (22) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

**Sec. 4.** RCW 9.94A.200 and 1995 c 167 s 1 and 1995 c 142 s 1 are each reenacted and amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community service, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within seventy-two hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within fifteen days of receipt of the report, if the court is not satisfied with the sanctions, the court may schedule a hearing and may modify the department's sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation.

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to

show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed sixty days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community service obligation to total or partial confinement, (iii) convert monetary obligations, except restitution and the crime victim penalty assessment, to community service hours at the rate of the state minimum wage as established in RCW 49.46.020 for each hour of community service, or (iv) order one or more of the penalties authorized in (a)(i) of this subsection. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court; ~~(and)~~

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding payment of legal financial obligations and regarding community service obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(4) The community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the offender's consent, as described under RCW 71.05.630.

(5) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision.

(6) Nothing in this section prohibits the filing of escape charges if appropriate.

NEW SECTION. Sec. 5. In collaboration with the department of social and health services, the department of corrections shall track outcomes and submit to the legislature a report of services and outcomes by December 31, 1999. The report shall describe the extent to which the provisions of this act are applied by the courts, the effectiveness of court orders in inducing offenders to undergo and comply with needed mental health treatment, and the usage of civil commitment or incarceration to enforce orders concerning mental health treatment. It shall further include recommendations for any needed modifications in these provisions to increase effectiveness." Debate ensued.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 9.94A.390 and 1997 c 52 s 4 are each amended to read as follows:

If the sentencing court finds that an exceptional sentence outside the standard range should be imposed in accordance with RCW 9.94A.120(2), the sentence is subject to review only as provided for in RCW 9.94A.210(4).

The following are illustrative factors which the court may consider in the exercise of its discretion to impose an exceptional sentence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(1) Mitigating Circumstances

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct or to conform his or her conduct to the requirements of the law, was significantly impaired (voluntary use of drugs or alcohol is excluded).

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.400 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance due to extreme youth, advanced age, disability, or ill health.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

### THIRD READING

SUBSTITUTE SENATE BILL NO. 5703, by Senate Committee on Agriculture and Environment (originally sponsored by Senators Anderson and Morton)

Concerning a water right for the beneficial use of water.

## MOTION

On motion of Senator Anderson, the rules were suspended, Substitute Senate Bill No. 5703 was returned to second reading and read the second time.

## MOTION

Senator Anderson moved that the following amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) If a person placed surface or ground water to beneficial use before January 1, 1993, for irrigation, stock watering, or domestic use supplied by a public water supply system with one hundred or fewer service connections for which a permit or certificate was not issued by the department or its predecessors, the person or the public water supply system, or their respective successors may continue to use water in the amount that has been beneficially used as provided in section 3 of this act if:

(a) The person or the public water supply system files with the department a statement of claim during the period beginning September 1, 1998, and ending midnight June 30, 1999, using the standard form prescribed by RCW 90.14.051; and

(b) The person or public water supply system has applied the water to beneficial use to the full extent stated in the statement of claim during at least one of the five years preceding the date the statement is filed and the person attests to having done so on the statement.

(2) The person or public water supply system must file with the statement of claim evidence that the quantity of water described in the claim was used beneficially before January 1, 1993, and during three of the five years preceding the date the statement was filed in the form of any two of the following:

(a) A statement signed by two persons other than the person filing the statement of claim verifying that the claimant beneficially used the water before January 1, 1993, and during three of the five years preceding the date the statement was filed as described in the statement of claim;

(b) A copy of a dated photograph clearly demonstrating the presence of grass or a crop requiring irrigation in the amounts asserted in the statement of claim or of livestock requiring water in such amounts; or records of receipts of the sale of crops by the person or the person's successor indicating that irrigation in the amount claimed was required to produce the crops;

(c) Receipts or records of irrigation or stockwatering equipment purchases or repairs associated with the water use specified in the statement of claim;

(d) Water well construction records identifying the date the well specified in the statement of claim as the point of withdrawal was constructed;

(e) Records of electricity bills directly associated with the withdrawal of water as specified in the statement of claim;

(f) Personal records such as photographs, journals, or correspondence indicating the use of water as asserted in the statement of claim.

(3) Public water supply systems must, in addition to the requirements of subsection (2) of this section, provide evidence of service connections existing and using water as of January 1, 1993, including documentation that the homes were built and occupied.

**NEW SECTION. Sec. 2.** If the claimant has not already filed an application for a water right under RCW 90.03.250 or 90.44.060 for the water use stated in the statement of claim, the claimant shall file such an application with the claimant's statement of claim. A claimant who has filed both a statement of claim and an application for a water right has standing to assert a claim of a water right in a general adjudication under RCW 90.03.110 for the water use stated in the statement of claim. The statement of claim shall be reviewed by the court as provided in section 3(3) of this act.

**NEW SECTION. Sec. 3.** (1) A person may continue to use water described in the statement of claim until one of the following occurs:

(a) The department makes its final decision granting or denying the water right application filed by the applicant as provided in section 2 of this act, following the completion and adoption of a locally developed water resource watershed plan for the WRIA as provided in subsection (2) of this section; or

(b) If the department has not made a final decision on the water right application, a court of competent jurisdiction issues a decree pursuant to a general adjudication under RCW 90.03.200 that defines or denies the claimant's right to appropriate water as provided in subsection (3) of this section.

(2) The department may not make final decisions under subsection (1)(a) of this section that are on water right applications associated with a claim filed under section 1 of this act in those watersheds where a local watershed planning process established under chapter 90.82 RCW has commenced by the effective date of this section. If the local planning process results in a watershed plan acceptable to the department, decisions on water right applications associated with claims filed under sections 1 through 6 of this act for water from the watershed shall be consistent with the watershed plan. If a watershed plan is not completed within four years of the effective date of this section, the department may thereafter make a final decision on any applications pending in the watershed.

(3) The department or the court may authorize the continued use of water under subsection (1) of this section only if the claimant meets the requirements of RCW 90.03.247 through 90.03.330, chapter 90.44 RCW, and RCW 90.54.020. If the department finds that the applicable requirements are met, it shall grant the water right application and issue a certificate under RCW 90.03.330 authorizing the person to use that quantity of water that had been put to beneficial use, not to exceed that quantity requested in the application or documented in the statement of claim under section 1 of this act, whichever is less. If in a general adjudication the court finds that the requirements are met, it shall confirm such use of water in a decree issued under RCW 90.03.200 and the department shall issue a certificate under RCW 90.03.240. The court may not confirm a right in excess of the quantity of water that was applied to beneficial use as documented in the statement of claim under section 1 of this act or the quantity requested in the application for a water right, whichever is less. The priority date of any right issued by the department or confirmed by a court shall be the date a water right application authorizing the use of water was filed with the department.

(4) If the department or the court denies the claimant's use of water under subsection (3) of this section, the claimant must cease the use of the water. A decision by the department or a court limiting or denying a claimant's right to continue using water does not constitute a compensable taking under state or federal law because such claimants have no continuing legal right to use water.

NEW SECTION. Sec. 4. Sections 1 through 6 of this act do not apply to or authorize any use of water that was the subject of a water right application filed with the department, where the department denied such application.

NEW SECTION. Sec. 5. A continuing use of water authorized under sections 1 through 6 of this act shall not affect or impair in any respect whatsoever a water right existing before September 1, 1998. Sections 1 through 6 of this act do not limit the ability of a senior water right holder to take legal action against any other water user to prevent impairment of his or her water right. A right granted under sections 1 through 6 of this act may be junior in every respect to a right with a more senior date of priority. Any right granted under sections 1 through 6 of this act may only be exercised in a manner that does not impair or interfere with a water right that is senior to it. The filing of a statement of claim under this section does not constitute an adjudication of any claim to the right to the use of waters as between the claimant and the state, or as between one or more water use claimants. A statement of claim filed under this section shall be admissible in a general adjudication of water rights as prima facie evidence of the times of use and the quantity of water the claimant was withdrawing or diverting to the same extent as is provided by RCW 90.14.081 for a statement of claim in the water rights claims registry on the effective date of this section.

NEW SECTION. Sec. 6. This section does not apply to ground water in an area that is, during the period established by section 1(2) of this act, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to ground water rights. This section does not apply to surface water in an area that is, during the period established by section 1(2) of this act, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to surface water rights.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act do not apply to rights embodied in a water right permit or certificate issued by the department or its predecessors, a water right represented by a claim in the water rights claims registry, created under RCW 90.14.111, before September 1, 1998, or a water right exempted from permit and application requirements by RCW 90.44.050.

NEW SECTION. Sec. 8. Sections 1 through 6 of this act do not apply to claims for the use of water in a ground water area or subarea for which a management program adopted by the department by rule and in effect on the effective date of this section establishes acreage expansion limitations for the use of ground water.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act are each added to chapter 90.03 RCW."

NOTE: Numbers in the first horizontal row of each seriousness category represent sentencing midpoints in years(y) and months(m). Numbers in the second and third rows represent presumptive sentencing ranges in months, or in days if so designated. 12+ equals one year and one day.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the presumptive sentence is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by 75 percent.

(3) The following additional times shall be added to the presumptive sentence for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.

(b) Three years for any felony defined under any law as a class B felony or with a maximum sentence of ten years, or both, and not covered under (f) of this subsection.

(c) Eighteen months for any felony defined under any law as a class C felony or with a maximum sentence of five years, or both, and not covered under (f) of this subsection.

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, any and all firearm enhancements under this subsection shall be twice the amount of the enhancement listed.

(e) Notwithstanding any other provision of law, any and all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall ~~((not))~~ run ~~((concurrently with any))~~ consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter.

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the presumptive sentence under this section exceeds the statutory maximum for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender as defined in RCW 9.94A.030. (e) Notwithstanding any other provision of law, any and all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall ~~((not))~~ run ~~((concurrently with any))~~ consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter.

(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the presumptive sentence under this section exceeds the statutory maximum for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender as defined in RCW 9.94A.030. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the presumptive sentence if the offender or an accomplice committed the offense while in a county jail or state correctional facility as that term is defined in this chapter and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility as that term is defined in this chapter, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section:

(c) Twelve months for offenses committed under RCW 69.50.401(d).

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

"**Sec. 1.** RCW 84.36.381 and 1996 c 146 s 1 are each amended to read as follows:

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home or hospital costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of ~~((twenty-eight))~~ thirty thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of ~~((eighteen))~~ twenty-four thousand dollars or less but greater than ~~((fifteen))~~ eighteen thousand dollars shall be exempt from all regular property taxes on the greater of ~~((thirty))~~ forty thousand dollars or ~~((thirty))~~ thirty-five percent of the valuation of his or her residence, but not to exceed ~~((fifty))~~ sixty thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of ~~((fifteen))~~ eighteen thousand dollars or less shall be exempt from all regular property taxes on the greater of ~~((thirty-four))~~ fifty thousand dollars or ~~((fifty))~~ sixty percent of the valuation of his or her residence; and

(6) For a person who otherwise qualifies under this section and has a combined disposable income of ~~((twenty-eight))~~ thirty thousand dollars or less, the valuation of the residence shall be the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

**Sec. 2.** RCW 84.36.383 and 1995 1st sp.s. c 8 s 2 are each amended to read as follows:

The Senate was called to order at 10:53 a.m. by President Owen.

#### INTRODUCTION OF SPECIAL GUESTS

President Owen welcomed and introduced Dr. Carlos Torres y Torres Lara, the President of the Congress of the Republic of Peru and his wife Miguel Angel Velasquez. Dr. Torres Lara has been designated by the government of Peru to be the Honorary Consul of Peru in Washington State.

With permission of the Senate, business was suspended to permit Dr. Torres Lara to address the Senate.

Senator Marguerita Prentice gave a special welcome in Spanish to Dr. and Mrs. Torres Lara.

There being no objection, the Senate resumed consideration of Senate Bill No. 6123 and the pending Committee on Agriculture and Environment amendment on page 2, after line 2, deferred February 9, 1998.

#### RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Fraser, the President finds that Senate Bill No. 6123 is a measure which makes several changes to statutes concerning animal health and the suppression of animal diseases by the Department of Agriculture. For these purposes, the measure defines "animal" to exclude "fish."

"The Committee on Agriculture and Environment amendment on page 2, after line 2, explains that "farm raised fish" are part of animal agriculture. However the prevention of diseases related to farm raised fish is under the jurisdiction of the Department of Fish and Wildlife.

"The President, therefore, finds that the proposed committee amendment does not change the scope and object of the bill and the point of order is not well taken."

The Committee on Agriculture and Environment amendment on page 2, after line 2, to Senate Bill No. 6123 was ruled in order.

Debate ensued.

#### POINT OF INQUIRY

Senator Fraser: "Senator Swecker, would you please explain clearly why this amendment is needed?"

Senator Swecker: "Thank you, Senator Fraser. In 1985, the Washington State Legislature passed a law declaring that aquaculture--that is the farming of aquatic products--was a part of agriculture in this state. Nevertheless, there were concerns that some the impacts of aquaculture could affect our natural resources and therefore there was an appropriate role for both the Department of Agriculture and the Department of Fish and Wildlife, with regard to the regulation of disease.

"That has been the policy of the state right up until the present and this bill preserves that joint relationship--that is the Department of Fish and Wildlife and the Department of Agriculture have joint rule-making authority with regard to disease in this state. The fact of the matter is, because aquaculture has participated in state disease policies with regard to fish, both the private and the public sector have been a beneficiary of those efforts. In fact, the disease policy of the state has been very successful; it applies to both public and private fish. In the future, I think, it will continue to work in a very cooperative and beneficial manner for both parties.

"Right now, if somebody in the state wants to do something with a farmed aquatic product, they have to get permission from the Department of the Fish and Wildlife to move those products around. At the same time, we have the benefit of the fact that we are a part of agriculture, eligible for funding from the federal government--for certain kinds of things. So, we think it is important for our industry that we preserve that relationship if we can."

#### POINT OF INQUIRY

Senator Spanel: "Senator Swecker, in your explanation you began by stating about what occurred in 1985. I know that did happen then, but I didn't really understand why this particular amendment needs to be in this bill, because the 1985 statute still holds."

Senator Swecker: "When the Department of Agriculture drafted these particular revisions to their animal/health statutes, I think an error specifically excluded fish from the definition of animal. It came in with a piece of language that said, 'Animals shall include everything except humans, insects and fish.' Up until this time, for disease purposes in this state, fish had been included as animals and this changes that. I think it would be a mistake for many, many reasons to do that. I think the most important part of that is that any other agricultural commodity we have the benefit of the sponsorship of the Department of Agriculture when it comes to policies that affect our industry and we don't want to be excluded from that benefit."

The President declared the question before the Senate to be the adoption of the Committee on Agriculture and Environment amendment on page 2, after line 2, to Senate Bill No. 6123.

The Committee on Agriculture and Environment amendment was adopted by voice vote.

#### POINT OF INQUIRY

Senator Roach: "Senator Swecker, I'm looking at this and many of us represent rather urban areas and we have a lot of people that live around the lakes. This came through the Ag committee and maybe some of us haven't had a chance to look at it - as specifically as we would like to. Am I reading this correctly, then--we are going to be creating a new governmental body and they would be what--elected by the people around the lake? Who defines the area that will be the electorate and what powers

will this new governing body have and from where will they be taking the power--granted from the people--but does this mean from a county government, a city government--who is doing the job now?"

Senator Swecker: "Thank you for your question. When the Lake Health Task Force began its meetings, the first thing that we recognized was that there weren't very many good options for dealing with in-lake problems. These problems, of course, have been increasing over the years with urbanization. They are particularly bad in the urban areas. So, this bill was designed to add another tool for lake residents to set up a district and help to control problems like, you know, weed infestation--and other kinds of things. This bill allows for this body to be set up--let me clarify the point--yes, the district is set up--I'll get that information for you, Senator Roach."

On motion of Senator Johnson, further consideration of Engrossed Substitute Senate Bill No. 6259 was deferred.

"Sec. 4. RCW 9.94A.120 and 1997 c 340 s 2, 1997 c 338 s 4, 1997 c 144 s 2, 1997 c 121 s 2, and 1997 c 69 s 1 are each reenacted and amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (4), (5), (6), and (8) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for life without the possibility of parole or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, notwithstanding the maximum sentence under any other law. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned early release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6)(a) An offender is eligible for the special drug offender sentencing alternative if:

(i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in Schedule I or II that is a narcotic drug or a felony that is, under chapter 9A.28 RCW or RCW 69.50.407, a criminal attempt, criminal solicitation, or criminal conspiracy to commit such crimes, and the violation does not involve a sentence enhancement under RCW 9.94A.310 (3) or (4);

(ii) The offender has no prior convictions for a felony in this state, another state, or the United States; and

(iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the midpoint of the standard range is greater than one year and the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections. If the midpoint of the standard range is twenty-four months or less, no more than three months of the sentence may be served in a work release status. The court shall also impose one year of concurrent community custody and community supervision that must include appropriate outpatient substance abuse treatment, crime-related prohibitions including a condition not to use illegal controlled substances, and a requirement to submit to urinalysis or other testing to monitor that status. The court may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court shall impose three or more of the following conditions:

(i) Devote time to a specific employment or training;

(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

(iii) Report as directed to a community corrections officer;

(iv) Pay all court-ordered legal financial obligations;

(v) Perform community service work;

(vi) Stay out of areas designated by the sentencing judge.

(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of up to the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department, or as a result of a violation found by the court. The term of community supervision shall be tolled by any period of time served in total confinement as a result of a violation found by the court.

(d) The department shall determine the rules for calculating the value of a day fine based on the offender's income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

(7) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(8)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(A) Frequency and type of contact between offender and therapist;

(B) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(D) Anticipated length of treatment; and

(E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sex offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community custody for the length of the suspended sentence or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section;

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(I) Devote time to a specific employment or occupation;

(II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(III) Report as directed to the court and a community corrections officer;

(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or

(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime; and

(C) Sex offenders sentenced under this special sex offender sentencing alternative are not eligible to accrue any earned early release time while serving a suspended sentence.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may:

(A) Modify conditions of community custody, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community custody.

(v) If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.205(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in (a)(vi) of this subsection.

(vi) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(vii) Except as provided in (a)(viii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(viii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (8) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (8) and the rules adopted by the department of health.

(ix) For purposes of this subsection (8), "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(x) If the defendant was less than eighteen years of age when the charge was filed, the state shall pay for the cost of initial evaluation and treatment.

(b) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in this subsection (8)(b) shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (8)(b) does not apply to any crime committed after July 1, 1990.

(c) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(9)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense committed on or after July 1, 1990, but before June 6, 1996, a serious violent offense, vehicular homicide, or vehicular assault, committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

- (i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
- (ii) The offender shall work at department of corrections-approved education, employment, and/or community service;
- (iii) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
- (iv) The offender shall pay supervision fees as determined by the department of corrections;
- (v) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement; and
- (vi) The offender shall submit to affirmative acts necessary to monitor compliance with the orders of the court as required by the department.

(c) As a part of any sentence imposed under (a) or (b) of this subsection, the court may also order any of the following special conditions:

- (i) The offender shall remain within, or outside of, a specified geographical boundary;
- (ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
- (iii) The offender shall participate in crime-related treatment or counseling services;

(iv) The offender shall not consume alcohol;

(v) The offender shall comply with any crime-related prohibitions; or

(vi) For an offender convicted of a felony sex offense against a minor victim after June 6, 1996, the offender shall comply with any terms and conditions of community placement imposed by the department of corrections relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(10)(a) When a court sentences a person to the custody of the department of corrections for an offense categorized as a sex offense committed on or after June 6, 1996, the court shall, in addition to other terms of the sentence, sentence the offender to community custody for three years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community custody shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2).

(b) Unless a condition is waived by the court, the terms of community custody shall be the same as those provided for in subsection (9)(b) of this section and may include those provided for in subsection (9)(c) of this section. As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section.

(c) At any time prior to the completion of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040.

(11) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(12) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered unless the superior court extends the criminal judgment an additional ten years. If the legal financial obligations including crime victims' assessments are not paid during the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years as provided in RCW 9.94A.140, 9.94A.142, and 9.94A.145. If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(13) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(14) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the department of corrections and shall follow explicitly the instructions and conditions of the department of corrections. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed.

(a) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

(b) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (a) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals. The conditions authorized under this subsection (14)(b) may be imposed by the department prior to or during an offender's community custody term. If a violation of conditions

imposed by the court or the department pursuant to subsection (10) of this section occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.207 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.205. At any time prior to the completion of a sex offender's term of community custody, the department may recommend to the court that any or all of the conditions imposed by the court or the department pursuant to subsection (10) of this section be continued beyond the expiration of the offender's term of community custody as authorized in subsection (10)(c) of this section.

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

(15) All offenders sentenced to terms involving community supervision, community service, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

(16) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(17) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(18) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(19) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

(20) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(21) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

(22)(a) If the offense is not one for which the conviction results in the offender's being a persistent offender, the court shall, at the time of sentencing, impose as a condition of release such treatment, including the use of medroxyprogesterone acetate together with any other mental health or chemical dependency treatment, as the court finds appropriate to reduce the likelihood of the offender's commission of a subsequent sex offense upon release, for any of the following offenses:

(i) Rape in the first degree;

(ii) Rape in the second degree;

(iii) Rape of a child in the first degree; and

(iv) Child molestation in the first degree, if it is the person's second conviction for child molestation in the first degree.

(b)(i) At least thirty days before the department sets a release date for an offender who has had a treatment regimen imposed as a condition of release under (a) of this subsection, the offender must be brought back before the court for a hearing, including an examination by medical experts, for the purpose of determining whether to impose the regimen. At the hearing, the offender has the right to all due process rights including counsel, cross-examination, testimony, experts, and the provision of counsel if the offender is indigent, but not the presence of a jury.

(ii) At the hearing under (b)(i) of this subsection, the court shall determine, by a preponderance of the evidence, whether a proposed treatment regimen, including treatment with medroxyprogesterone acetate, makes it likely that the regimen will reduce the chance that the offender will commit a sex offense upon release. In making its determination, the court shall consider:

(A) Whether the offender has a mental abnormality as defined in RCW 71.09.020;

(B) Whether the offender is likely to engage in predatory acts, as defined in RCW 71.09.020, if the regimen is not required; and

(C) Whether the regimen is likely to decrease the offender's likelihood to engage in predatory acts, as defined in RCW 71.09.020.

(c) If the court decides that the offender and the treatment regimen meet the criteria in (b) of this subsection, the court shall impose the requirement of the treatment regimen as a condition of release and the treatment must begin before the release of the offender. The court may set the treatment regimen period for as long as the court finds it necessary. If the court decides that the criteria are not met, then the court shall suspend the imposition of the treatment regimen, but may reimpose it if, following a hearing, the court finds the offender meets the criteria in (b)(ii) of this subsection. The offender, to the extent private resources are available, shall bear the cost of the treatment regimen.

(d) Imposition and successful use of the treatment regimen shall in no way otherwise reduce the time in confinement an offender would otherwise serve.

(e) The court may require the offender to return at any time in order for the court to monitor the progress and effect of the treatment regimen.

(f) An offender may appeal any determination made under this subsection, but a determination under this subsection is of record and the offender shall continue any treatment regimen imposed under this subsection pending a decision on the appeal.

(g) An offender may at any time seek early termination of a treatment regimen imposed under this subsection, but an early termination may not be granted unless, by clear and convincing evidence, the offender proves that the offender no longer has a mental abnormality, as defined in RCW 71.09.020, and that a continued treatment regimen is not necessary to prevent the offender's commission of a predatory act, as defined in RCW 71.09.020.

(h) The offender may at any time agree to surgical alternatives to medroxyprogesterone acetate treatment if the offender voluntarily, knowingly, and intelligently petitions the court in writing.

(i) An offender who unlawfully stops treatment imposed under this subsection is guilty of a class B felony.

#### POINT OF ORDER

Senator West: "Mr. President, I am going to raise the point--and I can't find the rule reference, but I know it is here from memory--that amendments have to be in writing. This amendment is so critical that we could find ourselves in a court of law--that if it is drafted improperly, we may find ourselves ending up costing the state money that we shouldn't have to pay and so I would object very strenuously to doing this as an oral amendment on the floor and would raise that as a point of order."

## REPLY BY THE PRESIDENT

President Owen: "Senator West, you are correct, but the practice has been without objection, we have allowed for oral amendments. There is an objection, therefore, there would have to be a written amendment."

(2) On conviction for a violation of either RCW 46.61.502 or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense (~~within five years~~) as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, is subject to seizure and forfeiture pursuant to this section.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1) (a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

**Sec. 3.** RCW 46.61.520 and 1996 c 199 s 7 are each amended to read as follows:

(1) When the death of any person ensues within three years as a proximate result of injury proximately caused by the driving of any vehicle by any person, the driver is guilty of vehicular homicide if the driver was operating a motor vehicle:

- (a) While under the influence of intoxicating liquor or any drug, as defined by RCW 46.61.502; or
- (b) In a reckless manner; or
- (c) With disregard for the safety of others.

(2) Vehicular homicide is a class A felony punishable under chapter 9A.20 RCW, except that, for a conviction under subsection (1)(a) of this section, an additional two years shall be added to the sentence for each prior offense as defined in RCW 46.61.5055.

**Sec. 4.** RCW 9.94A.310 and 1997 c 365 s 3 and 1997 c 338 s 50 are each reenacted and amended to read as follows:

NOTE: Numbers in the first horizontal row of each seriousness category represent sentencing midpoints in years(y) and months(m). Numbers in the second and third rows represent presumptive sentencing ranges in months, or in days if so designated. 12+ equals one year and one day.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the presumptive sentence is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by 75 percent.

(3) The following additional times shall be added to the presumptive sentence for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.

(b) Three years for any felony defined under any law as a class B felony or with a maximum sentence of ten years, or both, and not covered under (f) of this subsection.

(c) Eighteen months for any felony defined under any law as a class C felony or with a maximum sentence of five years, or both, and not covered under (f) of this subsection.

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, any and all firearm enhancements under this subsection shall be twice the amount of the enhancement listed.

(e) Notwithstanding any other provision of law, any and all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall not run concurrently with any other sentencing provisions.

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the presumptive sentence under this section exceeds the statutory maximum for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender as defined in RCW 9.94A.030.

(4) The following additional times shall be added to the presumptive sentence for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon as defined in this chapter other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.

(b) One year for any felony defined under any law as a class B felony or with a maximum sentence of ten years, or both, and not covered under (f) of this subsection.

(c) Six months for any felony defined under any law as a class C felony or with a maximum sentence of five years, or both, and not covered under (f) of this subsection.

(d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly weapon enhancements and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b), and/or (c) of this section, or both, any and all deadly weapon enhancements under this subsection shall be twice the amount of the enhancement listed.

(e) Notwithstanding any other provision of law, any and all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall not run concurrently with any other sentencing provisions.

(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the presumptive sentence under this section exceeds the statutory maximum for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender as defined in RCW 9.94A.030.

(5) The following additional times shall be added to the presumptive sentence if the offender or an accomplice committed the offense while in a county jail or state correctional facility as that term is defined in this chapter and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility as that term is defined in this chapter, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section:

- (a) Eighteen months for offenses committed under RCW 69.50.401(a)(1) (i) or (ii) or 69.50.410;
- (b) Fifteen months for offenses committed under RCW 69.50.401(a)(1) (iii), (iv), and (v);
- (c) Twelve months for offenses committed under RCW 69.50.401(d).

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

(6) An additional twenty-four months shall be added to the presumptive sentence for any ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW 69.50.435.

(7) An additional two years shall be added to the presumptive sentence for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

**Sec. 5.** RCW 9.94A.360 and 1997 c 338 s 5 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.400(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and ½ point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and ½ point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for Murder 1 or 2, Assault 1, Assault of a Child 1, Kidnapping 1, Homicide by Abuse, or Rape 1, count three points for prior adult and juvenile convictions for crimes in these categories, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and ½ point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense or serious traffic offense, count one point for each adult and ½ point for each juvenile prior conviction. This subsection shall not apply when additional time is added to a sentence pursuant to RCW 46.61.520(2).

(12) If the present conviction is for a drug offense count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as ½ point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as ½ point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

**Sec. 6.** RCW 10.05.010 and 1985 c 352 s 4 are each amended to read as follows:

In a court of limited jurisdiction a person charged with a misdemeanor or gross misdemeanor may petition the court to be considered for a deferred prosecution program. The petition shall be filed with the court at least seven days before the date set for trial but, upon a written motion and affidavit establishing good cause for the delay and failure to comply with this section, the court may waive this requirement subject to the defendant's reimbursement to the court of the witness fees and expenses due for subpoenaed witnesses who have appeared on the date set for trial.

A person charged with a traffic infraction, misdemeanor, or gross misdemeanor under Title 46 RCW shall not be eligible for a deferred prosecution program unless the court makes specific findings pursuant to RCW 10.05.020. Such person shall not be eligible for a deferred prosecution program more than once ~~((in any five year period))~~. Separate offenses committed more than seven days apart may not be consolidated in a single program.

**Sec. 7.** RCW 10.05.100 and 1985 c 352 s 13 are each amended to read as follows:

If a petitioner ~~((is subsequently convicted of a similar offense while in a deferred prosecution program))~~, within five years after entry of an order of deferred prosecution, engages in conduct which results in conviction of an offense listed in RCW 46.61.5055(8), upon notice the court shall remove the petitioner's docket from the deferred prosecution file and the court shall enter judgment pursuant to RCW 10.05.020.

**Sec. 8.** RCW 10.05.120 and 1994 c 275 s 19 are each amended to read as follows:

~~((Upon))~~ Three years after receiving proof of successful completion of the two-year treatment program, but not before five years following entry of the order of deferred prosecution, the court and prosecutor shall review and verify the defendant's criminal history and driving record as provided in section 9 of this act. If the petitioner has not been arrested for or convicted of an offense listed in RCW 46.61.5055(8) since entry of the order of deferred prosecution, the court shall dismiss the charges pending against the petitioner. If the defendant has been arrested for an offense listed in RCW 46.61.5055(8) since entry of the order of deferred prosecution, and there has been no disposition of the charge or charges, the court shall maintain the case in deferred prosecution status until a disposition has occurred. Unless the disposition was a conviction of an offense listed in RCW 46.61.5055(8), the court shall dismiss the charges pending against the petitioner.

**NEW SECTION. Sec. 9.** A new section is added to chapter 46.61 RCW to read as follows:

(1) Immediately before the court defers prosecution under RCW 10.05.020, dismisses a charge, or orders a sentence for any offense listed in subsection (2) of this section, the court and prosecutor shall verify the defendant's criminal history and driving record. The order shall include specific findings as to the criminal history and driving record. For purposes of this section, the criminal history shall include all previous convictions and orders of deferred prosecution, as reported through the judicial information system or otherwise available to the court or prosecutor, current to within the period specified in subsection (3) of this section before the date of the order. For purposes of this section, the driving record shall include all information reported to the court by the department of licensing.

(2) The offenses to which this section applies are violations of: (a) RCW 46.61.502 or an equivalent local ordinance; (b) RCW 46.61.504 or an equivalent local ordinance; (c) RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug; (d) RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug; and (e) RCW 46.61.5249, 46.61.500, or 9A.36.050, or an equivalent local ordinance, if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance, or of RCW 46.61.520 or 46.61.522.

**Sec. 12.** RCW 46.20.285 and 1996 c 199 s 5 are each amended to read as follows:

The department shall forthwith revoke the license of any driver for the period of one calendar year unless otherwise provided in this section, upon receiving a record of the driver's conviction of any of the following offenses, when the conviction has become final:

(1) For vehicular homicide the period of revocation shall be two years. The revocation period shall be tolled during any period of total confinement for the offense;

(2) Vehicular assault. The revocation period shall be tolled during any period of total confinement for the offense;

(3) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle, ~~((upon a showing by the department's records that the conviction is the second such conviction for the driver within a period of five years. Upon a showing that the conviction is the third such conviction for the driver within a period of five years, the period of revocation shall be two years))~~ for the period prescribed in RCW 46.61.5055;

(4) Any felony in the commission of which a motor vehicle is used;

(5) Failure to stop and give information or render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another or resulting in damage to a vehicle that is driven or attended by another;

(7) Reckless driving upon a showing by the department's records that the conviction is the third such conviction for the driver within a period of two years.

**Sec. 13.** RCW 46.20.308 and 1995 c 332 s 1 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person

had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration of 0.02 or more in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;

(b) His or her license, permit, or privilege to drive will be suspended, revoked, denied, or placed in probationary status if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.10 or more, in the case of a person age twenty-one or over, or 0.02 or more in the case of a person under age twenty-one; and

(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.10 or more if the person is age twenty-one or over, or is 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration of 0.02 or more;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, denial, or placement in probationary status to

be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person was age twenty-one or over at the time of the arrest, or was 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, denial, or placement in probationary status either be rescinded or sustained.

(9) If the suspension, revocation, denial, or placement in probationary status is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, denied, or placed in probationary status has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, denial, or placement in probationary status. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, denial, or placement in probationary status as expeditiously as possible. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, denial, or placement in probationary status it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, denied, or placed in probationary status under subsection (7) of this section, other than as a result of a breath test refusal, and who has not committed ~~((an))~~ any prior offense ~~((within the last five years))~~ for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, denial, or placement in probationary status for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, denial, or placement in probationary status, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

**Sec. 14.** RCW 46.20.3101 and 1995 c 332 s 3 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal (~~((within five years))~~), where there has not been a previous incident (~~((within five years))~~) that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal (~~((within five years))~~), or for a first refusal where there has been one or more previous incidents (~~((within five years))~~) that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer. A revocation imposed under this subsection (1)(b) shall run consecutively to the period of any suspension, revocation, or denial imposed pursuant to a criminal conviction arising out of the same incident.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.10 or more:

(a) For a first incident (~~((within five years))~~), where there has not been a previous incident (~~((within five years))~~) that resulted in administrative action under this section, placement in probationary status as provided in RCW 46.20.355;

(b) For a second or subsequent incident (~~((within five years))~~), revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.02 or more:

(a) For a first incident (~~((within five years))~~), suspension or denial for ninety days;

(b) For a second or subsequent incident (~~((within five years))~~), revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

**Sec. 15.** RCW 46.20.391 and 1995 c 332 s 12 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) (~~((Within five years immediately preceding))~~) Prior to the date of the offense that gave rise to the present conviction, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title."

Senator Franklin: "It means--well--because that poses a question. I support the amendment, because changes were made in order to answer my concerns. It makes it, now, discretionary, but the 'biological,' does that mean the insertion of a device into someone or--?"

Senator Rossi: "No, Senator, that is not what it means."

Senator Franklin: "Do you have an example of what a 'biological device' is?"

Senator Rossi: "No, I don't."

Senator Franklin: "Will you clarify that later?"

Senator Rossi: "Yes, I will."

Senator Franklin: "Thank you."

#### REMARKS BY SENATOR KLINE

Senator Kline: "Mr. President, to help answer Senator Franklin's question, and to address a concern of Senator Fairley. The technology of this device is interesting. It is a tube into which the driver must blow. The air sample will be picked up and measured by a mechanism inside the tube. The tube is also computer programed to listen to that person's own voice. It is a hum that you have to make when you blow into it. It knows that it is you and starts your engine for you--when you turn the key. If it ain't you, it won't start the engine.

"Furthermore, if you were somehow able to fake it and have somebody else outside the car start it for you, the mechanism requires that you blow again into that tube--I believe it is every eight or ten minutes--so you can drive, but if it ain't you that blew it, you are going to have a problem eight minutes down the road. The flasher goes on, the horn goes on, you are saying to every police officer anywhere around, 'Arrest me.' Plus, there is a little device, similar to the black box on a plane that records all these things. These are inspected, so if you weren't picked up on the road, you will be picked up by the inspection every two weeks or so."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 6165.

#### MOTION

On page 2, line 32, after "authority" insert "only if the elected official is not currently seeking election"

Debate ensued.

#### POINT OF INQUIRY

Senator West: "Senator Patterson, is it your intent or is it a potential unintended consequence, perhaps, that this amendment would prevent a Senator that is up for reelection from submitting a letter to the editor, which would also be printed on the editorial pages and prevent us from exercising our free speech rights?"

Senator Patterson: "Thank you, Senator West. No, that is not my intent. My intent is simply to prevent politicians who are running for state office from using public facilities and state employees to express their opinions on ballot issues in the newspapers in an election year. Now, I want to make it clear that those opinions that the different caucuses, for instance, might have can still be expressed because half of the Senate is not up for election."

Senator West: "Senator Patterson, if I don't use any of my personal staff--my Senate staff--don't use any of my caucus staff, I can write--and I am a pretty good writer myself actually--I could write a guest editorial? How would anybody--?"

Senator Patterson: "My intent is to prevent us from using state facilities and state employees. My intention is not to prevent you from expressing yourself if you use your own computer at home."

The President declared the question before the Senate to be the adoption of the amendment by Senator Patterson on page 2, line 32, to Senate Bill No. 5271.

The motion by Senator Patterson carried and the amendment was adopted on a rising vote.

#### MOTION

On motion of Senator Horn, the rules were suspended, Engrossed Senate Bill No. 5271 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Johnson: "Senator Patterson, the language of the amendment--I'm sorry I'm not looking at the bill--says, 'Only if the elected official is not currently seeking election.' I think under Public Disclosure Commission Rules, the minute you receive a dollar, even though the election is a year or two away, you are a candidate. Maybe that's not the same, but it is something that I am asking you about."

Senator Patterson: "Thank you, Senator Johnson. The intent of the amendment is to make that period of time begin the day that you file for reelection. That is what the intent of the amendment is."

Further debate ensued.

#### POINT OF INQUIRY

Senator Deccio: "Senator Patterson, let me give you a scenario. You are a candidate, so you can't use a guest editorial on a ballot issue or whatever, but your opponent who is supported by the paper is asked to do a guest editorial and he does. What opportunity do you have to respond to that in the same fashion that your opponent did--the way that your amendment reads?"

Senator Patterson: "Thank you, Senator Deccio, for that question. You would have the same opportunity to respond, Senator, but you would not be able to use state facilities, you would not be able to use your legislative assistant, or any of the state employees to provide that opinion to the newspaper. That is what the amendment is all about, Senator. You can use your own computer at home or your typewriter or your office at home. As long as it is not being supported with tax payers dollars, it is fine."

Further debate ensued.

#### POINT OF INQUIRY

Senator Schow: "Senator Patterson, are you saying that if I'm not--if I haven't declared as a candidate, then I could use state facilities to answer that guest editorial that somebody else wrote? Well, if someone who is going to be an opponent of mine sometime in the future wrote an article against a guest editorial, but I hadn't declared yet that I was going to be a candidate--I

hadn't officially declared--then I could then use my office or state facilities to answer it as long as he or she did this before I had declared?"

Senator Patterson: "Senator, the intent of the amendment is to prevent us from using state facilities and state employees to respond to a ballot measure, when invited by a newspaper after that period of time which we file for reelection or for election for public office. The intent is not to prevent you from responding with your own personal computer or facilities. Maybe, it would help to put your mind at ease--I would be willing to help those of you with concerns to clarify this amendment in the House. The intent for the record, I think, should be very clear. You may use your own personal computer to express yourself during election time, but you simply may not use state facilities."

Further debate ensued.

#### MOTION

On motion of Senator Johnson, further consideration of Engrossed Senate Bill No. 5271 was deferred.

(1) When the department determines that a vendor was overpaid by the department for either goods or services, or both, provided to department clients, except nursing homes under chapter 74.46 RCW, the department will give written notice to the vendor. The notice will include the amount of the overpayment, the basis for the claim, and the rights of the vendor under this section.

The vendor's application for an adjudicative proceeding must be in writing, state the basis for contesting the overpayment notice, and include a copy of the department's notice. (6) Failure to make an application for an adjudicative proceeding within twenty-eight days of the date of notice will result in the establishment of a final debt against the vendor in the amount asserted by the department and that amount is subject to collection action. The department may also charge the vendor with any costs associated with the collection of any final overpayment or debt established against the vendor.

(7) The department may enforce a final overpayment or debt through lien and foreclosure, distraint, seizure and sale, order to withhold and deliver, or other collection action available to the department to satisfy the debt due.

In addition, a vendor lien may be subject to distraint and seizure and sale in the same manner as prescribed for support liens in RCW 74.20A.130.

On motion of Senator Johnson, the Senate returned to the sixth order of business.

### SECOND READING

SENATE BILL NO. 6515, by Senators Strannigan, Finkbeiner, Morton and Swecker

Regulating franchises and the use of public rights of way.

## MOTIONS

On motion of Senator Strannigan, Substitute Senate Bill No. 6515 was substituted for Senate Bill No. 6515 and the substitute bill was placed on second reading and read the second time.

Senator Strannigan moved that the following amendment by Senators Strannigan, Hargrove and Finkbeiner be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that technological developments have made telecommunications evermore important to the health, safety, and welfare of the people of this state and to the efficient and cost-effective conduct of the state's economy. The pace of

technological change is expected to continue and increase in the future. Massive investment by private industry in telecommunications infrastructure will be required to make the benefits of technological development available to the people of the state. This is particularly true if the modern infrastructure is to reach all parts of the state, rural as well as urban.

The legislature also finds it necessary to clarify and integrate policies on use of public rights of way in order to recognize and foster the changes that are occurring in telecommunications.

The legislature declares that government policies for the use of public rights of way should encourage investment in and development of the infrastructure needed for leading-edge applications in telecommunications. These policies will also serve as an important means of economic development, allowing the state to remain competitive in national and international markets and to attract jobs to and develop robust economies in its rural and underdeveloped areas.

The legislature further declares that growth in economic activity resulting from modernized right of way policies will create new jobs and business opportunities as well as bring better service and lower prices to consumers. State and local government will benefit by the availability of improved services and the creation of a larger and more stable revenue base.

The legislature declares that rights of way are dedicated, purchased, or held by the government for the use of the public in transportation, the delivery of utility services, and commerce; that government has the steward responsibility to protect these rights of way for these public purposes; and that the use of these rights of way by telecommunications facilities is essential for the protection and advancement of the public's health, safety, and welfare and therefore is in the public's interest.

The legislature intends that governments rely on construction and development regulations that apply generally and uniformly to construction both inside and outside the public right of way to the extent possible in connection with use of the public right of way for telecommunication facilities. It is the intent of the legislature that franchises be used only to coordinate and integrate construction and development regulations, permits, and the requirements of such other laws as specifically apply to the management of the physical assets located in the rights of way and that franchises not be used to impose duplicative requirements on authorized users of the rights of way.

It is the intent of the legislature to promote policies that recognize the introduction of competition in telecommunications, and that will result in new entrants into this industry, without needlessly changing or supplanting existing codes, regulations, and standards. As additional companies seek to locate their facilities in public rights of way, it is incumbent on local government to establish uniform, clear, competitively neutral, and nondiscriminatory rules for use of the public right of way.

It is the policy of the legislature that fees and charges levied by local governments on the telecommunications industry for use of public rights of way and for franchises, permits, and licenses required for construction, repair, maintenance, use, and operation of facilities for telecommunications shall not be a means of raising general revenue. It is the intent of the legislature and the policy of this state that fees for necessary permits and licenses do not exceed the actual costs incurred in receiving, considering, and issuing the permits and licenses, inspecting work in the right of way, restoring damage to the right of way related to such work, and maintaining the necessary systems and records to effectively manage the use of the right of way.

**NEW SECTION. Sec. 2.** Unless the context clearly requires otherwise, the definitions in this section apply throughout chapter . . . , Laws of 1998 (this act).

(1) "Authorized facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services, including but not limited to poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services.

(2) "Authorized user" means any person providing telecommunications or cable television service to the public.

(3) "Cable television service" means the one-way broadcast or cable transmission of television or radio signals.

(4) "Public right of way" means roads, streets, and highways, including limited access highways and does not include federally granted trust lands and the forest board trust lands.

(5) "Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for the public. For the purpose of this subsection, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols.

**NEW SECTION. Sec. 3.** (1) An authorized user may erect, construct, support, attach, connect, stretch authorized facilities between, maintain, repair, replace, and operate and use authorized facilities in, upon, over, under, along, across, and through public rights of way. These authorized facilities shall be maintained within public rights of way so as not to unreasonably interfere with the free passage of traffic and in accordance with the laws of the state and appropriate codes, regulations, and standards adopted by counties, cities, and towns pursuant to those laws.

(2) Nothing in this section waives the responsibility of the authorized users to obtain permits for the installation of authorized facilities as required by counties, cities, and towns.

(3) Nothing in this section creates, modifies, or diminishes the priority of use for authorized facilities over other users of the right of way for utility purposes or other purposes subject to local franchise or permit.

**NEW SECTION. Sec. 4.** (1) Neither the state nor any county, city, or town may adopt or enforce regulations that:

- (a) Discriminate or have the effect of discriminating among authorized users or authorized facilities;
- (b) In any way conflict with: (i) Federal and state public service laws; (ii) federal or state laws, rules, and regulations that specifically apply to the design, construction, and operation of authorized facilities; or (iii) federal or state worker safety and public safety laws, rules, and regulations;
- (c) Regulate services of authorized users based upon the content or type of signals that are carried or are capable of being carried over the telecommunications facilities, except where specifically authorized in state or federal law;
- (d) Impose regulatory requirements that regulate the services and business operations of the authorized user, and that are not directly related to the use of rights of way, except where specifically authorized in state or federal law. To the maximum extent feasible, franchises applicable to telecommunications companies shall be used to coordinate and integrate construction and development regulations and permits and requirements and permits required under other laws relating to streets, roads, and highways. (2) Counties, cities, and towns are encouraged to develop procedures to provide interim authorizations for the installation of authorized facilities and process a complete permit, where the timeline to complete such an agreement is expected to exceed one hundred twenty days.

(3) Counties, cities, and towns are encouraged to work together and with industry, using the experience of the industry and those counties, cities, and towns that have adopted wireless regulations, to develop a model ordinance for the siting of wireless telecommunications facilities by January 1, 1999.

Sec. 5.** (1) Except as provided in subsection (2) of this section, neither the state nor any county, city, or town shall place a moratorium on the acceptance and processing of applications, permitting, construction, maintenance, repair, replacement, extension, operation, or use of any wireless communication facility that is authorized under sections 2 through 6 of this act following the effective date of this section. An existing moratorium that expires following the effective date of this section shall not be extended in whole or in part.

(2)(a) A city or town incorporated after the effective date of this section shall be permitted to impose one moratorium that shall not exceed one hundred eighty days and shall not be extendable.

(b) Upon the expiration of a moratorium authorized by (a) of this subsection, the authorizing city or town is subject to subsection (1) of this section.

- (a) The use or occupancy of public rights of way for authorized facilities; or
- (b) Any act authorized by sections 2 through 6 of this act unless the fee, charge, or other compensation is imposed generally and uniformly on projects outside public rights of way.

(2) No fee, charge, or other compensation permitted under subsection (1) of this section may recover more than the direct administrative expenses actually incurred by the state, county, city, or town in receiving and approving a construction or development permit, inspecting plans and construction, development and maintenance of record systems and excavation authorizations systems, costs of repair or restoration of the right of way, or preparing a detailed statement pursuant to chapter 43.21C RCW.

(3) This section does not preclude a county, city, or town from issuing franchises and imposing franchise fees for cable services as allowed by federal law.

NEW SECTION. **Sec. 10.** Sections 2 through 6 of this act are each added to chapter 80.36 RCW."

#### POINT OF INQUIRY

Senator Prentice: "Senator Strannigan, I just want to be sure that I heard correctly. You used a word that I have never heard before.--'discent.' Is that one you just made up?"

Senator Strannigan: "I don't think I can take credit for that one. I have heard it used a number of times over the course of the years on this bill, actually. If I may, it is based on the word 'incentive.'"

Senator Prentice: "It is certainly tragic that we have seen the deterioration of the English language in these halls."

#### MOTION

On page 5, beginning on line 2 of the amendment, strike "neither the state nor any" and insert "no"

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Strannigan, Hargrove and Finkbeiner to Substitute Senate Bill No. 6515.

#### POINT OF INQUIRY

Senator Snyder: "Senator Finkbeiner, we have heard a lot about this being very important to development and rural communities and I certainly stand behind that, but I have been getting an awful lot of communications from the four counties that I represent and from most all the cities within those counties that are opposed to this bill. I know you have worked very hard to try and come up with an agreement that would satisfy everybody. Are the cities and counties bought off on this proposal and do they support it now?"

Senator Finkbeiner: "No, Senator Snyder, but I appreciate you asking that question, because from the beginning we have worked very hard to incorporate their issues and concerns and you have my commitment, and I think also the commitment of the prime sponsor, that we will continue to work that as this bill moves through the process and over the interim. This is definitely a very complex issue that is going to need continued study and while they have not bought off for support of this bill in its entirety, I think that I can say that we have worked very closely with them and we will continue to do that."

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Finkbeiner, I need to follow up on this, because of the pass-through. You know there are a lot of companies that maybe come from California, Colorado, or someplace and want to pass-through our counties or pass-through the state. Can we still ask of the counties and cities to provide a hookup or something for WSU or some of the other facilities--for some of our businesses instead of just passing through? I mean, they are going to dig up our roads and we are going to be inconvenienced at some point and if we can't charge them, or anything, but can we at least ask them to provide some sort of hookup for that inconvenience they may cause to our rural areas or any areas in the state?"

Senator Finkbeiner: "First of all, we will be getting--the cities and counties or the state depending on whose right-of-way they would be in, under this bill, they would be recovering all their costs. So, whatever costs are associated with that digging up, regardless of who the company was, we would be able to recover those costs. If those companies came into this state, we sure could ask them to hook up our universities and higher ed, just like we are right now with the bill we passed last year and the funding package where we paid a significant amount of money in order to connect our higher education--K 20 network--throughout the state. I don't think that it would be in the best interest of our constituents to ask our constituents to pay for that without it being specifically levied as a tax or the same way we fund low income telephone assistance and that sort of thing. So that is the answer."

Senator Rasmussen: "Thank you. Then the answer is, 'no?.' What is the intent? I mean, is the intent--is the answer, 'no,' then? If we cannot--"

Senator Finkbeiner: "Is your question, can we make them supply public telecommunication services to public institutions, universities, or local government or whatever--can we make them--as requirement of the right-of ways? Under this bill, no, they would not be able to do that?"

Senator Rasmussen: "Can they currently?"

Senator Finkbeiner: "Can they currently?"

Senator Rasmussen: "Yes, can we currently?"

#### RULING BY THE PRESIDENT

Senator Finkbeiner: "Thank you, Mr. President."

Senator Johnson: "A point of order, Mr. President. I think the Senator has spoken twice on this amendment, contrary to the rules."

#### REPLY BY THE PRESIDENT

President Owen: "Senator Johnson, this is the striking amendment and that was the first time she spoke on the striking amendment." Senator Franklin asked Senator Finkbeiner to yield to a question and Senator Finkbeiner would not yield.

Senator Jacobsen: "Senator West, I am looking at Senate Bill No. 6242 and as you described this bill--I can't find it on my calendar right now--but it sounds as if they both achieve the same purpose--both of them create an endowment--and the difference would be?" Senator West: "Senator Jacobsen, there is a bill going through the Legislature that does have an endowment attached to it or that is a new endowment program. There is currently, in statute, a fund for distinguished professorships, a fund for graduate fellowships, and a fund for exceptional faculty. Those are in statute and they have been funded on a sporadic basis from time through the general fund. What this would do, would simply take those that are already in statute and give them a dedicated revenue stream in the future. This is not connected at all to the other bill and I would consider them to be unrelated."

**"NEW SECTION. Sec. 1.** Sections 1 through 10 of this act shall be known as and may be cited as the parental notification of abortion act.

**NEW SECTION. Sec. 2.** (1) The legislature finds that:

(a) Unemancipated minor children and incompetent persons often lack the maturity or ability to make fully informed choices that take into account both immediate and long-range consequences;

(b) The medical, emotional, and psychological consequences of abortion are sometimes serious and can be lasting, particularly when the patient is an immature or incompetent person;

(c) The capacity to become pregnant and the capacity to exercise mature judgment concerning abortion are not necessarily related;

(d) Parents or guardians ordinarily possess information essential to a physician's medical judgment concerning an unemancipated minor child or an incompetent person;

(e) Parents or guardians who are aware that an unemancipated minor child or incompetent person may have or has had an abortion may ensure that she receives adequate support, counseling, and medical attention before and after her abortion;

(f) Parental or guardian consultation and notification is usually desirable and in the best interest of the unemancipated minor child or incompetent person.

(2) The purpose of the legislature in enacting this parental notification law is to further the important and compelling state interests of:

(a) Protecting the rights of parents to rear children who are members of their household;

(b) Fostering family unity and preserving the family as a viable social unit; and

(c) Reducing teenage pregnancy and unnecessary abortion.

**NEW SECTION. Sec. 3.** Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 1 through 10 of this act.

(1) "Abortion" means the use or prescription of any instrument, medicine, drug, or other substance or device to terminate the pregnancy of a woman known by the physician to be pregnant. The use or prescription is not an abortion if done with the intent to (a) save the life or preserve the health of an unborn child, (b) remove a dead unborn child, or (c) deliver an unborn child prematurely in order to preserve the health of both the pregnant woman and her unborn child.

(2) "Actual notification" means the giving of notice directly by conversing with the parent or guardian, either in person or by telephone.

(3) "Constructive notification" means notice by certified mail to the last known address of the parent or guardian, with delivery deemed to have occurred forty-eight hours after the certified notice is mailed.

(4) "Coercion" means restraining, or dominating the choice of, an unemancipated minor or incompetent person by use of force, by threat of force, by deprivation of necessary food and shelter, or by use of fraud, misrepresentation, or deceit.

(6) "Incompetent person" means a person who has been found to be legally incompetent under RCW 11.88.010(1)(e).

(7) "Medical emergency" means a condition exists that, on the basis of the physician's good-faith clinical judgment, necessitates immediate termination of pregnancy to avert her death, or failure to immediately terminate the pregnancy will create serious risk of substantial and irreversible impairment of a major bodily function of the pregnant woman.

(8) "Neglect" means the failure of a parent or guardian to supply an unemancipated minor or incompetent person with necessary food, clothing, shelter, or medical care when that parent or guardian is reasonably able to do so, or the failure of a parent or guardian to protect an unemancipated minor or incompetent person from a condition or action that imminently and seriously endangers the health of the unemancipated minor or incompetent person when that parent or guardian is reasonably able to protect the unemancipated minor or incompetent person from that condition or action.

The notification may be given by a referring physician. If the notification is given by a referring physician, the physician shall not perform the abortion without receiving the referring physician's written statement certifying that the referring physician has provided notification. If actual notification is not possible after a reasonable effort, the physician or the physician's agent shall give forty-eight hours constructive notification.

(2) Notification shall not be given under subsection (1) of this section unless the unemancipated minor or incompetent person has signed a form prescribed by the department of health indicating that the unemancipated minor or incompetent person has been fully informed of the options available under sections 1 through 10 of this act. The department of health shall make the form available to all physicians in the state. The department of health shall ensure that the form includes information:

(a) That notification of a parent or guardian is generally required before an unemancipated minor or incompetent person may obtain an abortion;

(b) That notification of a parent or guardian is not required if the mother of the unborn child is emancipated as defined in section 3 of this act;

(c) That an alternative to providing notification may be available under section 5 of this act if the mother of the unborn child has been the victim of neglect or sexual or physical abuse by a parent or guardian as defined in section 3 of this act;

(d) That notification of a parent or guardian of the mother of the unborn child may not be required under section 6 of this act if a medical emergency exists and there is insufficient time to obtain the required notification;

(e) That the mother of the unborn child will be provided court-appointed counsel at her request, and that notification may be waived by a court under section 8 of this act, if the court finds: (i) By clear and convincing evidence that she is sufficiently mature to decide whether to have an abortion; or (ii) by a preponderance of the evidence that (A) there is a pattern of sexual or physical abuse by her parent or guardian; or (B) notification to a parent or guardian would not be in the best interest of the mother of the unborn child; and

(f) That in any circumstance the mother of the unborn child may choose to discuss her situation with her parent or guardian.

**NEW SECTION. Sec. 5.** If the pregnant unemancipated minor or pregnant incompetent person makes a written, signed declaration that she is a victim of sexual abuse, neglect, or physical abuse by either of her parents or her guardian, the physician intending to perform the abortion shall provide the notification required by sections 1 through 10 of this act to a brother or sister of the unemancipated minor or incompetent person so long as that sibling is over twenty-one years of age, or to a stepparent or grandparent specified by the unemancipated

minor or incompetent person; and that physician shall place in the unemancipated minor's or incompetent person's medical record certification of having received the written declaration of abuse or neglect. The physician shall ensure that the written declaration remains confidential.

A physician relying in good faith upon a written declaration under this section shall not be civilly liable under sections 1 through 10 of this act for failure to provide notification to a parent or guardian.

Receipt of a written declaration under this section does not authorize the physician to perform an abortion. The physician shall not perform an abortion unless authorized to do so under sections 1 through 10 of this act.

**NEW SECTION. Sec. 6.** Notification is not required under section 4 or 5 of this act if:

(1) The attending physician certifies in the unemancipated minor's or incompetent person's medical record that a medical emergency exists, and there is insufficient time to provide the required notification;

The department shall on an annual basis compile and make available to the public the data required to be reported under this section.

**NEW SECTION. Sec. 8.** (1) The provisions of this section shall apply to unemancipated minors and incompetent persons whether or not they are residents of this state.

(2) The unemancipated minor or incompetent person may petition a superior court for a waiver of the notification requirement and may participate in proceedings on her own behalf. The petition for waiver of notification shall include a statement that the petitioner is pregnant and is an unemancipated minor or incompetent person. The court reviewing the petition shall appoint a guardian ad litem for her. A guardian ad litem appointed under this section shall act to maintain the confidentiality of the proceedings.

The court shall advise the unemancipated minor or incompetent person that she has a right to court-appointed counsel and shall provide the counsel upon request.

(3) Court proceedings under this section shall be closed and confidential and shall ensure the anonymity of the unemancipated minor or incompetent person. All court documents under this section shall be sealed. The unemancipated minor or incompetent person has the right to file her petition in the court using a pseudonym or using solely her initials. These proceedings shall be given precedence over other pending matters to the extent necessary to ensure that the court reaches a decision promptly. The court shall rule, and issue written findings of fact and conclusions of law, within four court days from the filing of the petition, except that the four-day rule may be extended at the request of the unemancipated minor or incompetent person.

(4) If the court finds, by clear, cogent, and convincing evidence, that the petitioner is sufficiently mature or able to decide whether to have an abortion, the court shall issue an order authorizing the petitioner to consent to the performance or inducement of an abortion without providing notification to a parent or guardian. If the court does not make the finding specified in this subsection or subsection (5) of this section, it shall dismiss the petition.

(5) If the court finds, by a preponderance of the evidence, that there is a pattern of physical or sexual abuse by a parent or guardian of the petitioner, or that notification to a parent or guardian is not in the best interest of the petitioner, the court shall issue an order authorizing the petitioner to consent to the performance or inducement of an abortion without notification to a parent or guardian. If the court does not make the finding specified in this subsection or subsection (4) of this section, it shall dismiss the petition.

(6) A court that conducts proceedings under this section shall issue written and specific factual findings and legal conclusions supporting its decision and shall maintain a confidential record of evidence and the judge's findings and conclusions.

(7) A procedure for expedited confidential appeal shall be available, as the supreme court provides by rule, to an unemancipated minor or incompetent person whose waiver of notification is denied. An order waiving the notification requirement shall not be subject to appeal.

(8) Filing fees shall not be required of an unemancipated minor or incompetent person who petitions a court for a waiver of parental notification under sections 1 through 10 of this act at either the trial or the appellate level.

**NEW SECTION. Sec. 9.** The supreme court is respectfully requested to establish rules to ensure that proceedings under sections 1 through 10 of this act are handled in an expeditious and confidential manner and to satisfy requirements of federal courts binding on this jurisdiction.

**NEW SECTION. Sec. 10.** (1) Any physician who intentionally performs an abortion with knowledge that, or with reckless disregard as to whether, the person upon whom the abortion is to be performed is an unemancipated minor or an incompetent person, without providing the required notification shall be guilty of a gross misdemeanor.

(2) Failure to provide the notification required under section 4 or 5 of this act is prima facie evidence of failure to provide notification and of interference with family relations in appropriate civil actions. The prima facie evidence shall not apply to an issue other than failure to provide notification to the parents or guardian and interference with family relations in appropriate civil actions. The civil action may be based

on a claim that the act was a result of simple negligence, gross negligence, wantonness, willfulness, intention, or other legal standard of care. The law of this state shall not be construed to preclude the award of exemplary damages in an appropriate civil action relevant to violations of sections 1 through 10 of this act. Nothing in sections 1 through 10 of this act shall be construed to limit the common law rights of parents.

(3) A person not authorized to receive notification under sections 1 through 10 of this act who signs a waiver of notification under section 6(2) of this act is guilty of a misdemeanor.

**Sec. 11.** RCW 9.02.100 and 1992 c 1 s 1 are each amended to read as follows:

The sovereign people hereby declare that every individual possesses a fundamental right of privacy with respect to personal reproductive decisions.

Accordingly, it is the public policy of the state of Washington that:

(1) Every individual has the fundamental right to choose or refuse birth control;

(2) Every woman has the fundamental right to choose or refuse to have an abortion, except as specifically limited by RCW 9.02.100 through 9.02.170 ~~((and))~~, 9.02.900 through 9.02.902, and sections 1 through 10 of this act;

(4) The state shall not discriminate against the exercise of ~~((these))~~ this right(s) in the regulation or provision of benefits, facilities, services, or information.

**NEW SECTION. Sec. 12.** The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between this act and any other provision of law, the provisions of this act shall govern.

**NEW SECTION. Sec. 13.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 14.** Sections 1 through 10 of this act are each added to chapter 9.02 RCW.

**NEW SECTION. Sec. 15.** This act is necessary for the immediate preservation of the public peace, health, morals, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

#### POINT OF INQUIRY

Senator Franklin: "Senator Oke, since I do not sit on the Transportation Committee, and we have not had a real lot of discussion in regards to this issue, I would need to have some clarification in regards to an audit that I had heard about most recently--and which we voted on last year--in order to get a better handle on really what our needs are. With the action of this bill, how will that affect that audit?"

Senator Oke: "Senator, I don't know what that audit is going to bring before us. We wanted to have it last week, but it just didn't arrive. I don't think the audit is going to affect what I am trying to do here. We know we need the docking facilities. There is just no question; there is nobody that can deny that. We also know that we can use passenger-only boats and nobody can deny that fact. What the audit is going to bring forth, I don't have an idea. I hope that we can get our arms around anything that is not correct in the ferry systems and correct it through the audit. That is my hope."

Senator Franklin: "Thank you. Do you think, by passing this bill, it would be the cart before the horse, proverbially, as we speak?"

Senator Oke: "Again, I don't believe so. What the bill is going to do, in my mind, is going to authorize the EIS process, which is something we need to get started, both for Seattle, Kingston and Southworth. This is going to start the EIS process for the docking facilities for the ferries. That needs to be done and I don't think anybody can deny that."

#### POINT OF INQUIRY

Senator Roach: "Senator Kline, you mentioned that this particular law has been around in English Common Law for quite a while and that we have had it here in Washington State since, I believe, 1854, and that the object was to keep land in use. Because I know the environment is very, very important to all of us, and we here in the Legislature have dealt, many times, with trying to keep private property out of use. Why then, do you think you would argue for using property that is farmland or forestland, rather than wanting to protect it?" Senator Kline: "Senator, I don't think this is a question of using it or non-using it. This is a question of ownership. If an adverse possession is signified by somebody who uses land--puts a fence on it, puts a gate around it, or plants something on it or whatever--but uses it in a way that is open, notorious, clear to the whole world, we are defining the adverse possessor--the claimant--as somebody who uses. Now, we are not making a social judgement, good, bad or indifferent, we are simply saying that in order to gain possession of land, you've got to use it. That has always been the law, but what we are doing is reducing that under certain circumstances. Thank you."

Further debate ensued.

#### MOTION

On motion of Senator Franklin, Senator Prentice was excused.

#### POINT OF INQUIRY

Senator Thibaudeau: "Senator Heavey, could you tell me whether some person could come along and not know that this was forestland owned by somebody else, build a house--small house--and then he would lose the house, because the forest company obviously owns the land, but he or she did not know that the forest company owned the land?"

Senator Heavey: "Yes, they could lose the house, if they did not get it surveyed to show them where the land was and they did not make fifty thousand dollars in improvements."

The Vice President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 6323.

immediately, in the most expedient manner possible, and shall provide the secretary written notice of its decision within two business days of its decision.

(8) The committee shall consider whether a juvenile who is proposed for residence in a community facility is likely to adhere to conditions of placement, commit offenses while in placement, continue in appropriate treatment, or present a serious threat to other community facility residents or staff, and may consider other relevant conditions which bear on the likelihood the juvenile will succeed in making a transition to nonoffender status.

### MOTIONS

On motion of Senator Finkbeiner, Substitute Senate Bill No. 6622 was substituted for Senate Bill No. 6622 and the substitute bill was placed on second reading and read the second time.

Senator Finkbeiner moved that the following amendment by Senators Finkbeiner, Brown and Jacobsen be adopted:

On page 3, after line 30, insert the following:

"**Sec. 5.** RCW 80.36.310 and 1989 c 101 s 14 are each amended to read as follows:

(1) Telecommunications companies may petition to be classified as competitive telecommunications companies under RCW 80.36.320 or to have services classified as competitive telecommunications services under RCW 80.36.330. The commission may initiate classification proceedings on its own motion. The commission may require all regulated telecommunications companies potentially affected by a classification proceeding to appear as parties for a determination of their classification.

(2) Any company petition or commission motion for competitive classification shall state an effective date not sooner than thirty days from the filing date. The company must provide notice and publication of the proposed competitive classification in the same manner as provided in RCW 80.36.110 for tariff changes. The proposed classification shall take effect on the stated effective date unless suspended by the commission or set for hearing. The commission shall enter its final order with respect to any suspended classification within ~~((ten))~~ six months from the date of filing of a company's petition or the commission's motion.

**Sec. 6.** RCW 80.36.320 and 1989 c 101 s 15 are each amended to read as follows:

(1) The commission shall classify a telecommunications company ~~((providing service in a relevant market))~~ as a competitive telecommunications company if ~~((it finds, after notice and hearing, that the telecommunications company has demonstrated that))~~ the services it offers are subject to effective competition. Effective competition means that the company's customers have reasonably available alternatives and that the company does not have a significant captive customer base. In determining whether a company is competitive, factors the commission shall consider include but are not limited to:

- (a) The number and sizes of alternative providers of service;
- (b) The extent to which services are available from alternative providers in the relevant market;
- (c) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
- (d) Other indicators of market power which may include market share, growth in market share, ease of entry, and the affiliation of providers of services.

The commission shall conduct the initial classification and any subsequent review of the classification in accordance with such procedures as the commission may establish by rule.

(2) Competitive telecommunications companies shall be subject to minimal regulation. Minimal regulation means that competitive telecommunications companies may file, instead of tariffs, price lists ~~((which))~~ that shall be effective after ten days' notice to the commission and customers. The commission shall prescribe the form of notice. The commission may also waive other regulatory requirements under this title for competitive telecommunications companies when it determines that competition will serve the same purposes as public interest regulation. The commission may waive different regulatory requirements for different companies if such different treatment is in the public interest. A competitive telecommunications company shall at a minimum:

- (a) Keep its accounts according to regulations as determined by the commission;
- (b) File financial reports with the commission as required by the commission and in a form and at times prescribed by the commission;
- (c) Keep on file at the commission such current price lists and service standards as the commission may require; and
- (d) Cooperate with commission investigations of customer complaints.

(3) When a telecommunications company has demonstrated that the equal access requirements ordered by the federal district court in the case of U.S. v. AT&T, 552 F. Supp. 131 (1982), or in supplemental orders, have been met, the commission shall review the classification of telecommunications companies providing inter-LATA interexchange services. At that time, the commission shall classify all such companies as competitive telecommunications companies unless it finds that effective competition, as defined in subsection (1) of this section, does not then exist.

(4) The commission may revoke any waivers it grants and may reclassify any competitive telecommunications company if ~~((such))~~ the revocation or reclassification would protect the public interest.

(5) The commission may waive the requirements of RCW 80.36.170 and 80.36.180 in whole or in part for a competitive telecommunications company if it finds that competition will serve the same purpose and protect the public interest.

**Sec. 7.** RCW 80.36.330 and 1989 c 101 s 16 are each amended to read as follows:

(1) The commission may classify a telecommunications service provided by a telecommunications company as a competitive telecommunications service if ~~((it finds, after notice and hearing, that))~~ the service is subject to effective competition. Effective competition means that customers of the service have reasonably available alternatives and that the service is not provided to a significant captive customer base. In determining whether a service is competitive, factors the commission shall consider include but are not limited to:

- (a) The number and size of alternative providers of services;
- (b) The extent to which services are available from alternative providers in the relevant market;
- (c) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
- (d) Other indicators of market power, which may include market share, growth in market share, ease of entry, and the affiliation of providers of services.

(2) When the commission finds that a telecommunications company has demonstrated that a telecommunications service is competitive, the commission may permit the service to be provided under a price list effective on ten days notice to the commission and customers. The commission shall prescribe the form of notice. The commission may adopt procedural rules necessary to implement this section.

(3) Prices or rates charged for competitive telecommunications services shall cover their cost. The commission shall determine proper cost standards to implement this section, provided that in making any assignment of costs or allocating any revenue requirement, the commission shall act to preserve affordable universal telecommunications service.

(4) The commission may investigate prices for competitive telecommunications services upon complaint. In any complaint proceeding initiated by the commission, the telecommunications company providing the service shall bear the burden of proving that the prices charged cover cost, and are fair, just, and reasonable.

(5) Telecommunications companies shall provide the commission with all data it deems necessary to implement this section.

(6) No losses incurred by a telecommunications company in the provision of competitive services may be recovered through rates for noncompetitive services. The commission may order refunds or credits to any class of subscribers to a noncompetitive telecommunications service which has paid excessive rates because of below cost pricing of competitive telecommunications services.

(7) The commission may reclassify any competitive telecommunications service if reclassification would protect the public interest.

(8) The commission may waive the requirements of RCW 80.36.170 and 80.36.180 in whole or in part for a service classified as competitive if it finds that competition will serve the same purpose and protect the public interest."
