Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.85.130 and 2005 c 309 s 8, 2005 c 271 s 1, and 2005 c 257 s 3 are each reenacted and amended to read as follows:

(1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 77.85.060;

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;

(iii) Will benefit listed species and other fish species;

(iv) Will preserve high quality salmonid habitat; and

(v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;

(ii) Have the greatest matched or in-kind funding;

(iii) Will be implemented by a sponsor with a successful record of project implementation; ~~(and)~~

(iv) Involve members of the veterans conservation corps established in RCW 43.60A.150; and

(v) Are part of a regionwide list developed by lead entities.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) The board shall establish criteria for determining when block grants may be made to a lead entity. The board may provide block grants to the lead entity to implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

NINETY-SIXTH DAY, APRIL 13, 2007

(5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

(6) The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

(7) Property acquired or improved by a project sponsor may be conveyed to a federal agency if: (a) The agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated; or (b) the board approves: (i) Changes in the terms of the grant or loan, and the revision or removal of binding deed of right instruments; and (ii) a memorandum of understanding or similar document ensuring that the facility or property will retain, to the extent feasible, adequate habitat protections; and (c) the appropriate legislative authority of the county or city with jurisdiction over the project area approves the transfer and provides notification to the board.

(8) Any project sponsor receiving funding from the salmon recovery funding board that is not subject to disclosure under chapter 42.56 RCW must, as a mandatory contractual prerequisite to receiving the funding, agree to disclose any information in regards to the expenditure of that funding as if the project sponsor was subject to the requirements of chapter 42.56 RCW."

Senator Brown: "Thank you Mr. President. I realize I haven't spoken much in the last few days. I want to thank my colleagues on both sides of the aisle. It's always a tough slog in the final days and we haven't always agreed on the bills that came before us but I really appreciate the spirit of the debate, the passion, and the integrity with which people express their differences of opinions. Mr. President, I want to thank you sincerely for your very hard work and your judicious rulings and of course and all the people who have set at the rostrum through hour after hour of scintillating debate. Your patience and your hard work is really appreciated by all of us in the Senate. The phrase. 'It takes a village to raise a child; might have been controversial but I think there can be no dispute that it takes a village to pass a bill. I also want to thank all the staff of the Senate. To make this thing happen everyone does an amazing commitment during the legislative session and even though we're not done yet, I thought it was appropriate as we reach this particular milestone to really express our thanks to everyone who works for the Senate including our dedicated committee staff and caucus staff as well our legislative assistants, the interns, the people in the cafeteria as well as Security and everyone else. It's not the end of session but it is a tough time. We've still got resolution of our differences to go and we have to come back tomorrow, unfortunately, to begin that process but I just want to let everybody know how proud I am of the work that we've done even especially the people that have been persistently encouraging us to pass the last bills on the calendar. We didn't get every good bill done this year so we'll have to take another stab at some of them next year but again thank you all."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President. Well, I'd like to echo the comments of my colleague from the Third. We started out a little rocky, there's no doubt about it, but you know I said this many times this year, you have too many members and I have to few. It was a transition for all of us and it was a learning experience and I know it was an adjustment for all of us because in the past we've been able to work together on issues and sometimes cross the aisles and stop things. This year's was a lot more difficult but I do want to thank you. As I said, we did have a rocky start but I think we ended up fairly well and we're not done yet but I will say with most sincerity we could have absolutely done without yesterday."

PARLIAMENTARY INQUIRY

Senator McCaslin: "Does the ruling party have the authority to move cut off to about 5:20? I had a bill coming up with an amendment and all you did was tease me. The second amendment I've offered so far this year but I haven't had an answer yet Mr. President. Do they have that authority?"

REPLY BY THE PRESIDENT

President Owen: "I'll give you the answer tomorrow morning."

PARLIAMENTARY INQUIRY

Senator McCaslin: "Then, my inquiry is, do they have the authority to move cut off until tomorrow morning? I'm flexible Mr. President."

REPLY BY THE PRESIDENT

President Owen: "With enough votes you can do anything and I'm counting. You could probably do that."

MOTION

At 5:07 p.m., on motion of Senator Eide, the Senate adjourned until 9:00 a.m. Saturday, April 14, 2007.

On page 18, after line 3, insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 41.40 RCW under the subchapter heading "plan 1" to read as follows:

(1) Beginning July 1, 2007, and ending September 30, 2007, an eligible member of plan 1 of the teachers' retirement system may make a one-time irrevocable election, filed in writing with the department, to leave any service credit earned as a member of plan 1 of the teachers' retirement system in that system and join plan 1 of the public employees' retirement system. An eligible member who makes such an election may, upon satisfying the requirements of chapter 41.54 RCW, become a dual member of the two systems in order to combine service in each system for the purpose of determining benefit eligibility.

(2) For the purpose of this section, an "eligible member" means a member of plan 1 of the teachers' retirement system who, at the time of election, has at least ten and not more than twenty years of service credit in that system and who is employed by the public school employees of Washington."

Correct the title.

"**Sec. 13.** RCW 41.32.813 and 2006 c 257 s 1 are each amended to read as follows:

(b) The public education experience being claimed must have been covered by a retirement or pension plan provided by a state or political subdivision of a state, or by the federal government; and

(c) The member is not currently receiving a benefit or currently eligible to receive an unreduced retirement benefit from a retirement or pension plan of a state or political subdivision of a state or the federal government that includes the service credit to be purchased.

(2) The service credit purchased shall be membership service, and may be used to qualify the member for retirement.

(3) The member shall pay the actuarial value of the resulting increase in the member's benefit calculated in a manner consistent with the department's method for calculating payments for reestablishing service credit under RCW 41.50.165.

(4) The member may pay all or part of the cost of the service credit to be purchased with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. MOTION

Senator Prentice moved that the Senate refuse to concur in the House amendment(s) to Substitute Senate Bill No. 5224 and ask the House to recede therefrom.

POINT OF ORDER

Senator Pridmore: "Mr. President, pursuant to Senate Rule 66, I would like to make a scope and object case against the house amendments. Substitute Senate Bill No. 5174, as it left this body, was corrective legislation; did not expand the eligibility of the retirement benefits or membership for anyone in the retirement system. The house amendments, in contrast, makes substantive changes to retirement statutes, expand eligibility for various retirement benefits. House amendment 516 enacts a new statute, authorizes certain members of the teachers retirement system to transfer the public retirement system. House amendment 505 expands the eligibility for members of the teachers' retirement system to purchase out-of-state service

credits. Neither of the house amendments are corrective retirement statutes. Both amendments are new substantive expansions of current retirement benefits so, therefore, outside of the scope and object of the original bill. I ask for your ruling."

MOTION

On motion of Senator Eide, further consideration of Substitute Senate Bill No. 5174 was deferred and the bill held it's place on the concurrence calendar.

The purpose of the independent science panel is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office may, during the time it is constituted, request (~~(review of regional salmon recovery plans by the science review panel)~~) that the panel review, investigate, and provide its findings on scientific questions relating to the state's salmon recovery efforts. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 77.85.050 or 77.85.060 or to make policy decisions. The panel shall (~~(periodically)~~) submit its findings and recommendations under this subsection to the legislature and the governor.

Sec. 7. RCW 77.85.090 and 2005 c 309 s 7 are each amended to read as follows:

(1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the governor's salmon recovery office created in RCW 77.85.030, during the time it is constituted, as a regional recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan in accordance with RCW 77.85.150. Regional recovery organizations existing as of July 24, 2005, that have developed draft recovery plans approved by the governor's salmon recovery office by July 1, 2005, may continue to plan, coordinate, and monitor the implementation of regional recovery plans.

Sec. 8. RCW 77.85.150 and 2005 c 309 s 9 are each amended to read as follows:

(1) The governor shall, with the assistance of the governor's salmon recovery office, (~~shall~~) during the time it is constituted, maintain and revise, as appropriate, a statewide salmon recovery strategy.

(2) The governor and the salmon recovery office shall be guided by the following considerations in maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) (~~(Beginning on September 1, 2000,)~~) If the strategy (~~(shall be)~~) is updated (~~(through)~~), an active and thorough public involvement process, including early and meaningful opportunity for public comment, must be utilized. In obtaining public comment, the governor's salmon recovery office shall (~~(hold public meetings)~~) work with regional salmon recovery organizations throughout the state and shall encourage regional and local recovery planning efforts to (~~(similarly)~~) ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

Sec. 9. RCW 43.41.270 and 2001 c 227 s 2 are each amended to read as follows:

(1) The office of financial management shall assist natural resource-related agencies in developing outcome-focused performance measures for administering natural resource-related and environmentally based grant and loan programs. These performance measures are to be used in determining grant eligibility, for program management and performance assessment.

(2) The office of financial management and the governor's salmon recovery office, during the time it is constituted, shall assist natural resource-related agencies in developing recommendations for a monitoring program to measure outcome-focused performance measures required by this section. The recommendations must be consistent with the framework and coordinated monitoring strategy developed by the monitoring oversight committee established in RCW 77.85.210.

(3) Natural resource agencies shall consult with grant or loan recipients including local governments, tribes, nongovernmental organizations, and other interested parties, and report to the office of financial management on the implementation of this section. (~~(The office of financial management shall report to the appropriate legislative committees of the legislature on the agencies' implementation of this section, including any necessary changes in current law, and funding requirements by July 31, 2002. Natural resource agencies shall assist the office of financial management in preparing the report, including complying with time frames for submitting information established by the office of financial management.)~~)

(4) For purposes of this section, "natural resource-related agencies" include the department of ecology, the department of natural resources, the department of fish and wildlife, the state conservation commission, the interagency committee for outdoor recreation, the salmon recovery funding board, and the public works board within the department of community, trade, and economic development.

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

(5) For purposes of this section, "natural resource-related environmentally based grant and loan programs" includes the conservation reserve enhancement program; dairy nutrient management grants under chapter 90.64 RCW; state conservation commission water quality grants under chapter 89.08 RCW; coordinated prevention grants, public participation grants, and remedial action grants under RCW 70.105D.070; water pollution control facilities financing under chapter 70.146 RCW; aquatic lands enhancement grants under RCW ~~((79.24.580))~~ 79.105.150; habitat grants under the Washington wildlife and recreation program under RCW 79A.15.040; salmon recovery grants under chapter 77.85 RCW; and the public ~~((works))~~ works trust fund program under chapter 43.155 RCW. The term also includes programs administered by the department of fish and wildlife related to protection or recovery of fish stocks which are funded with moneys from the capital budget.

NEW SECTION. Sec. 10. A new section is added to chapter 77.85 RCW to read as follows:

(1) The legislature finds that pursuant to chapter 298, Laws of 2001, and acting upon recommendations of the state's independent science panel, the monitoring oversight committee developed recommendations for a comprehensive statewide strategy for monitoring watershed health, with a focus upon salmon recovery, entitled *The Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery*. The legislature further finds that funding to begin implementing the strategy and action plan was provided in the 2003-2005 biennial budget, and that executive order 04-03 was issued to coordinate state agency implementation activities. It is therefore the purpose of this section to adopt the strategy and action plan and to provide guidance to ensure that the coordination activities directed by executive order 04-03 are effectively carried out.

(2) The forum on monitoring salmon recovery and watershed health is created. The governor shall appoint a person with experience and expertise in natural resources and environmental quality monitoring to chair the forum. The chair shall serve four-year terms and may serve successive terms. The forum shall include representatives of the following state agencies and regional entities that have responsibilities related to monitoring of salmon recovery and watershed health:

- (a) Department of ecology;
- (b) Salmon recovery funding board;
- (c) Salmon recovery office;
- (d) Department of fish and wildlife;
- (e) Department of natural resources;
- (f) Puget Sound action team, or a successor state agency;
- (g) Conservation commission;
- (h) Department of agriculture;
- (i) Department of transportation; and
- (j) Each of the regional salmon recovery organizations.

(3) The forum on monitoring salmon recovery and watershed health shall provide a multiagency venue for coordinating technical and policy issues and actions related to monitoring salmon recovery and watershed health.

(4) The forum on monitoring salmon recovery and watershed health shall recommend a set of measures for use by the governor's salmon recovery office in the state of the salmon report to convey results and progress on salmon recovery and watershed health in ways that are easily understood by the general public.

(5) The forum on monitoring salmon recovery and watershed health shall invite the participation of federal, tribal, regional, and local agencies and entities that carry out salmon recovery and watershed health monitoring, and work toward coordination and standardization of measures used.

(6) The forum on monitoring salmon recovery and watershed health shall periodically report to the governor and the appropriate standing committees of the senate and house of representatives on the forum's activities and recommendations for improving monitoring programs by state agencies, coordinating with the governor's salmon recovery office biennial report as required by RCW 77.85.020.

(7) The forum shall review pilot monitoring programs including those that integrate (a) data collection, management, and access; and (b) information regarding habitat projects and project management.

(8) The forum on monitoring salmon recovery and watershed health shall review and make recommendations to the office of financial management and the appropriate legislative committees on agency budget requests related to monitoring salmon recovery and watershed health. These recommendations must be made no later than September 15th of each year. The goal of this review is to prioritize and integrate budget requests across agencies.

(9) This section expires June 30, 2015."

ownership, management, or jurisdiction over the aquatic lands where an abandoned or derelict vessel is located.

(4) "Department" means the department of natural resources.

(5) "Derelict vessel" means the vessel's owner is known and can be located, and exerts control of a vessel that:

(a) Has been moored, anchored, or otherwise left in the waters of the state or on public property contrary to RCW 79.02.300 or rules adopted by an authorized public entity;

(b) Has been left on private property without authorization of the owner; or

"Vessel" includes any trailer used for the transportation of watercraft, or any attached floats or debris.

Sec. 2. RCW 79.100.040 and 2006 c 153 s 3 are each amended to read as follows:

(1) Prior to exercising the authority granted in RCW 79.100.030, the authorized public entity must first obtain custody of the vessel. To do so, the authorized public entity must:

(a) Mail notice of its intent to obtain custody, at least twenty days prior to taking custody, to the last known address of the previous owner to register the vessel in any state or with the federal government and to any lien holders or secured interests on record. A notice need not be sent to the purported owner or any other person whose interest in the vessel is not recorded with a state or federal agency;

(b) Post notice of its intent clearly on the vessel for thirty days and publish its intent at least once, more than ten days but less than twenty days prior to taking custody, in a newspaper of general circulation for the county in which the vessel is located; and

(c) Post notice of its intent on the department's internet web site on a page specifically designated for such notices. If the authorized public entity is not the department, the department must facilitate the internet posting.

(2) All notices sent, posted, or published in accordance with this section must, at a minimum, explain the intent of the authorized public entity to take custody of the vessel, the rights of the authorized public entity after taking custody of the vessel as provided in RCW 79.100.030, the procedures the owner must follow in order to avoid custody being taken by the authorized public entity, the procedures the owner must follow in order to reclaim possession after custody is taken by the authorized public entity, and the financial liabilities that the owner may incur as provided for in RCW 79.100.060.

(3)(a) If a vessel is: (i) In immediate danger of sinking, breaking up, or blocking navigational channels(??); or (ii) poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination; and (iii) the owner of the vessel cannot be located or is unwilling or unable to assume immediate responsibility for the vessel, any authorized public entity may tow, beach, or otherwise take temporary possession of the vessel.

(b) Before taking temporary possession of the vessel, the authorized public entity must make reasonable attempts to consult with the department or the United States coast guard to ensure that other remedies are not available. The basis for taking temporary possession of the vessel must be set out in writing by the authorized public entity within seven days of taking action and be submitted to the owner, if known, as soon thereafter as is reasonable. If the authorized public entity has

not already provided the required notice, immediately after taking possession of the vessel, the authorized public entity must initiate the notice provisions in subsection (1) of this section. The authorized public entity must complete the notice requirements of subsection (1) of this section before using or disposing of the vessel as authorized in RCW 79.100.050.

NEW SECTION. Sec. 3. A new section is added to chapter 79.100 RCW to read as follows:

A marina owner may contract with a local government for the purpose of participating in the derelict vessel removal program. The local government shall serve as the authorized public entity for the removal of the derelict vessel from the marina owner's property. The contract must provide for the marina owner to be financially responsible for the removal costs that are not reimbursed by the department as provided under RCW 79.100.100, and any additional reasonable administrative costs incurred by the local government during the removal of the derelict vessel. Prior to the commencement of any removal which will seek reimbursement from the derelict vessel removal program, the contract and the proposed vessel removal shall be submitted to the department for review and approval. The local government shall use the procedure specified under RCW 79.100.100(6).

Sec. 4. RCW 79.100.100 and 2006 c 153 s 6 are each amended to read as follows:

(1) The derelict vessel removal account is created in the state treasury. All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in RCW 88.02.030 and 88.02.050 must be deposited into the account. The account is authorized to receive fund transfers and appropriations from the general fund, deposits from the derelict vessel removal surcharge under section 7 of this act, as well as gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter. Moneys in the account may only be spent after appropriation. Expenditures from the account shall be used by the department to reimburse authorized public entities for up to ninety percent of the total reasonable and auditable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. Reimbursement shall not be made unless the department determines that the public entity has made reasonable efforts to identify and locate the party responsible for the vessel, regardless of the title of owner of the vessel. Funds in the account resulting from transfers from the general fund or from the deposit of funds from the watercraft excise tax as provided for under RCW 82.49.030 shall be used to reimburse one hundred percent of these costs and should be prioritized for the removal of large vessels. Costs associated with removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account. In each biennium, up to twenty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) If the balance of the account reaches one million dollars as of March 1st of any year, exclusive of any transfer or appropriation of funds into the account or funds deposited into the account collected under section 7 of this act, the department must notify the department of licensing and the collection of any fees associated with this account must be suspended for the following fiscal year.

(3) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated

NINETY-SEVENTH DAY, APRIL 14, 2007

with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(4) The department must keep all authorized public entities apprized of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (4) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(5) An authorized public entity may contribute its ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(6) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

Sec. 5. RCW 88.02.050 and 2005 c 464 s 2 are each amended to read as follows:

(1) Application for a vessel registration shall be made to the department or its authorized agent in the manner and upon forms prescribed by the department. The application shall state the name and address of each owner of the vessel and such other information as may be required by the department, shall be signed by at least one owner, and shall be accompanied by a vessel registration fee of ten dollars and fifty cents per year and the excise tax imposed under chapter 82.49 RCW.

(2) Five additional dollars must be collected annually from every vessel registration application. These moneys must be distributed in the following manner:

(a) Two dollars must be deposited into the derelict vessel removal account established in RCW 79.100.100. If the department of natural resources indicates that the balance of the derelict vessel removal account, not including any transfer or appropriation of funds into the account or funds deposited into the account collected under section 7 of this act, reaches one million dollars as of March 1st of any year, the collection of the two-dollar fee must be suspended for the following fiscal year.

(b) One dollar and fifty cents must be deposited in the aquatic invasive species prevention account created in RCW 77.12.879.

(c) One dollar must be deposited into the freshwater aquatic algae control account created in RCW 43.21A.667.

(d) Fifty cents must be deposited into the aquatic invasive species enforcement account created in RCW 43.43.400.

(3) Any fees required for licensing agents under RCW 46.01.140 shall be in addition to the ten dollar and fifty cent annual registration fee and the five-dollar fee created in subsection (2) of this section.

(4) Upon receipt of the application and the registration fee, the department shall assign a registration number and issue a decal for each vessel. The registration number and decal shall be issued and affixed to the vessel in a manner prescribed by the department consistent with the standard numbering system for vessels set forth in volume 33, part 174, of the code of federal regulations. A valid decal affixed as prescribed shall indicate compliance with the annual registration requirements of this chapter.

(5) The vessel registrations and decals are valid for a period of one year, except that the director of licensing may extend or diminish vessel registration periods, and the decals therefor, for the purpose of staggered renewal periods. For registration periods of more or less than one year, the department may

collect prorated annual registration fees and excise taxes based upon the number of months in the registration period. Vessel registrations are renewable every year in a manner prescribed by the department upon payment of the vessel registration fee, excise tax, and the derelict vessel fee. Upon renewing a vessel registration, the department shall issue a new decal to be affixed as prescribed by the department.

(6) When the department issues either a notice to renew a vessel registration or a decal for a new or renewed vessel registration, it shall also provide information on the location of marine oil recycling tanks and sewage holding tank pumping stations. This information will be provided to the department by the state parks and recreation commission in a form ready for distribution. The form will be developed and prepared by the state parks and recreation commission with the cooperation of the department of ecology. The department, the state parks and recreation commission, and the department of ecology shall enter into a memorandum of agreement to implement this process.

(7) A person acquiring a vessel from a dealer or a vessel already validly registered under this chapter shall, within fifteen days of the acquisition or purchase of the vessel, apply to the department or its authorized agent for transfer of the vessel registration, and the application shall be accompanied by a transfer fee of one dollar.

Sec. 6. RCW 88.02.050 and 2002 c 286 s 13 are each amended to read as follows:

Application for a vessel registration shall be made to the department or its authorized agent in the manner and upon forms prescribed by the department. The application shall state the name and address of each owner of the vessel and such other information as may be required by the department, shall be signed by at least one owner, and shall be accompanied by a vessel registration fee of ten dollars and fifty cents per year and the excise tax imposed under chapter 82.49 RCW. In addition, two additional dollars must be collected annually from every vessel registration application. These moneys must be deposited into the derelict vessel removal account established in RCW 79.100.100. If the department of natural resources indicates that the balance of the derelict vessel removal account, not including any transfer or appropriation of funds into the account or funds deposited into the account collected under section 7 of this act, reaches one million dollars as of March 1st of any year, the collection of the two-dollar fee must be suspended for the following fiscal year. Any fees required for licensing agents under RCW 46.01.140 shall be in addition to the ten dollar and fifty cent annual registration fee and the two-dollar derelict vessel fee.

Upon receipt of the application and the registration fee, the department shall assign a registration number and issue a decal for each vessel. The registration number and decal shall be issued and affixed to the vessel in a manner prescribed by the department consistent with the standard numbering system for vessels set forth in volume 33, part 174, of the code of federal regulations. A valid decal affixed as prescribed shall indicate compliance with the annual registration requirements of this chapter.

The vessel registrations and decals are valid for a period of one year, except that the director of licensing may extend or diminish vessel registration periods, and the decals therefor, for the purpose of staggered renewal periods. For registration periods of more or less than one year, the department may collect prorated annual registration fees and excise taxes based upon the number of months in the registration period. Vessel registrations are renewable every year in a manner prescribed by the department upon payment of the vessel registration fee, excise tax, and the derelict vessel fee. Upon renewing a vessel registration, the department shall issue a new decal to be affixed as prescribed by the department.

When the department issues either a notice to renew a vessel registration or a decal for a new or renewed vessel registration, it shall also provide information on the location of marine oil recycling tanks and sewage holding tank pumping stations. This information will be provided to the department by the state parks and recreation commission in a form ready for

distribution. The form will be developed and prepared by the state parks and recreation commission with the cooperation of the department of ecology. The department, the state parks and recreation commission, and the department of ecology shall enter into a memorandum of agreement to implement this process.

A person acquiring a vessel from a dealer or a vessel already validly registered under this chapter shall, within fifteen days of the acquisition or purchase of the vessel, apply to the department or its authorized agent for transfer of the vessel registration, and the application shall be accompanied by a transfer fee of one dollar.

NEW SECTION. Sec. 7. A new section is added to chapter 88.02 RCW to read as follows:

(1) In order to address the significant backlog of derelict vessels that have accumulated in our state's waters that pose a threat to the health and safety of the people and to our environment, the legislature intends to collect a derelict vessel removal surcharge.

(2) In addition to the fees collected under RCW 88.02.050, the department shall collect an annual derelict vessel removal surcharge of one dollar effective with vessel registrations that are due or will become due on or after January 1, 2008. The revenue generated from the derelict vessel surcharge must be deposited into the derelict vessel removal account established under RCW 79.100.100, and is to be used only for the removal of vessels that are less than seventy-five feet in length.

(3) This section expires January 1, 2014.

NEW SECTION. Sec. 8. (1) The department of natural resources, in consultation with the department of revenue, the department of licensing, and other appropriate stakeholder groups, shall examine:

(a) The costs and benefits of extending a derelict vessel removal fee or surcharges to vessels that are not subject to RCW 88.02.050; and

(b) The use of alternative revenue sources, such as the watercraft excise tax, in order to more equitably distribute the financial responsibility of supporting the cost of the derelict vessel program. The departments shall submit a report of the findings to the appropriate policy and fiscal committees of the legislature by November 1, 2007.

(2) The department of natural resources, the department of ecology, representatives from the ship demolition industry, and representatives from the environmental community shall convene a work group to discuss operations and permitting requirements surrounding the demolition and disposal of large abandoned and derelict vessels. The department of natural resources shall consider the findings of the work group when updating the guidelines for the derelict vessel program.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5050, with the following amendment: 5050-S AMH CL H3289.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 19.118.041 and 1998 c 298 s 4 are each amended to read as follows:

(1) If the manufacturer, its agent, or the new motor vehicle dealer is unable to conform the new motor vehicle to the warranty by repairing or correcting any nonconformity after a reasonable number of attempts, the manufacturer, within forty calendar days of a consumer's written request to the manufacturer's corporate, dispute resolution, zone, or regional office address shall, at the option of the consumer, replace or repurchase the new motor vehicle.

(a) The replacement motor vehicle shall be identical or reasonably equivalent to the motor vehicle to be replaced as the motor vehicle to be replaced existed at the time of original purchase or lease, including any service contract, undercoating, rustproofing, and factory or dealer installed options. Where the manufacturer supplies a replacement motor vehicle, the manufacturer shall be responsible for sales tax, license, registration fees, and refund of any incidental costs. Compensation for a reasonable offset for use shall be paid by the consumer to the manufacturer in the event that the consumer accepts a replacement motor vehicle.

(b) When repurchasing the new motor vehicle, the manufacturer shall refund to the consumer the purchase price, all collateral charges, and incidental costs, less a reasonable offset for use. When repurchasing the new motor vehicle, in the instance of a lease, the manufacturer shall refund to the consumer all payments made by the consumer under the lease including but not limited to all lease payments, trade-in value or inception payment, security deposit, all collateral charges and incidental costs less a reasonable offset for use. The manufacturer shall make such payment to the lessor and/or lienholder of record as necessary to obtain clear title to the motor vehicle and upon the lessor's and/or lienholder's receipt of that payment and payment by the consumer of any late payment charges, the consumer shall be relieved of any future obligation to the lessor and/or lienholder.

(c) The reasonable offset for use shall be computed by multiplying the number of miles that the vehicle traveled directly attributable to use by the consumer during the time between the original purchase, lease, or in-service date and the date beginning the first attempt to diagnose or repair a nonconformity which ultimately results in the repurchase or replacement of the vehicle multiplied times the purchase price, and dividing the product by one hundred twenty thousand, except in the case of a motor home, in which event it shall be divided by ninety thousand. However, the reasonable offset for use calculation total for a motor home is subject to modification by the board by decreasing or increasing the offset total up to a maximum of one-third of the offset total. The board may modify the offset total in those circumstances where the board determines that the wear and tear on those portions of the motor home designated, used, or maintained primarily as a mobile dwelling, office, or commercial space are significantly greater or significantly less than that which could be reasonably expected based on the mileage attributable to the consumer's use of the motor home. Except in the case of a motor home, where a manufacturer repurchases or replaces a vehicle solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that the vehicle traveled directly attributable to use by the consumer"

2007 REGULAR SESSION

shall be limited to the period between the original purchase, lease, or in-service date and the date of the fifteenth cumulative calendar day out of service. Where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the consumer selects repurchase of the motor vehicle, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be ~~((calculated from))~~ limited to the period between the date of purchase ~~((or)),~~ lease by, or transfer to the consumer and the date of the consumer's initial attempt to obtain diagnosis or repair of a nonconformity which ultimately results in the repurchase or replacement of the vehicle or which adds to thirty or more cumulative calendar days out of service. Where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the consumer selects replacement of the motor vehicle, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be calculated from the date of the original purchase, lease, or in-service date and the first attempt to diagnose or repair a nonconformity which ultimately results in the replacement of the vehicle. Except in the case of a motor home, where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the manufacturer replaces the vehicle solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be calculated from the date of the original purchase, lease, or in service date and the date of the fifteenth cumulative calendar day out of service.

(d) In the case of a motor vehicle that is a motor home, where a manufacturer repurchases or replaces a motor home from the first purchaser, lessee, or transferee or from the second or subsequent purchaser, lessee, or transferee solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that a motor home traveled directly attributable to use by the consumer" shall be limited to the period between the original purchase, lease, or in-service date and the date of the thirtieth cumulative calendar day out-of-service.

(2) Reasonable number of attempts, except in the case of a new motor vehicle that is a motor home acquired after June 30, 1998, shall be deemed to have been undertaken by the manufacturer, its agent, or the new motor vehicle dealer to conform the new motor vehicle to the warranty within the warranty period, if: (a) The same serious safety defect has been subject to diagnosis or repair two or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the serious safety defect continues to exist; (b) the same nonconformity has been subject to diagnosis or repair four or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the nonconformity continues to exist; or (c) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for a cumulative total of thirty calendar days, at least fifteen of them during the period of the applicable manufacturer's written warranty. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first. A new motor vehicle is deemed to have been "subject to diagnose or repair" when a consumer presents the new motor vehicle for warranty service at a service and repair facility authorized, designated, or maintained by a manufacturer to provide warranty services or a facility to which the manufacturer or an authorized facility has directed the consumer to obtain warranty service. A new motor vehicle has not been "subject to diagnose or repair" if the consumer refuses to allow the facility to attempt or complete a recommended warranty repair, or demands return of the vehicle to the

consumer before an attempt to diagnose or repair can be completed.

(3)(a) In the case of a new motor vehicle that is a motor home acquired after June 30, 1998, a reasonable number of attempts shall be deemed to have been undertaken by the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers to conform the new motor vehicle to the warranty within the warranty period, if: (i) The same serious safety defect has been subject to diagnosis or repair one or more times during the period of coverage of the applicable motor home manufacturer's written warranty, plus a final attempt to repair the vehicle as provided for in (b) of this subsection, and the serious safety defect continues to exist; (ii) the same nonconformity has been subject to repair three or more times, at least one of which is during the period of coverage of the applicable motor home manufacturer's written warranty, plus a final attempt to repair the vehicle as provided for in (b) of this subsection, and the nonconformity continues to exist; or (iii) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for a cumulative total of sixty calendar days aggregating all motor home manufacturer days out of service, and the motor home manufacturers have had at least one opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities after receipt of notification from the consumer as provided for in (c) of this subsection. For purposes of this subsection, each motor home manufacturer's written warranty must be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

(b) In the case of a new motor vehicle that is a motor home, after one attempt has been made to repair a serious safety defect, or after three attempts have been made to repair the same nonconformity, the consumer shall give written notification of the need to repair the nonconformity to each of the motor home manufacturers at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers to coordinate and complete a final attempt to cure the nonconformity. The motor home manufacturers each have fifteen days, commencing upon receipt of the notification, to respond and inform the consumer of the location of the facility where the vehicle will be repaired. If the vehicle is unsafe to drive due to a serious safety defect, or to the extent the repair facility is more than one hundred miles from the motor home location, the motor home manufacturers are responsible for the cost of transporting the vehicle to and from the repair facility. The motor home manufacturers have a cumulative total of thirty days, commencing upon delivery of the vehicle to the designated repair facility by the consumer, to conform the vehicle to the applicable motor home manufacturer's written warranty. This time period may be extended if the consumer agrees in writing. If a motor home manufacturer fails to respond to the consumer or perform the repairs within the time period prescribed, that motor home manufacturer is not entitled to a final attempt to cure the nonconformity.

(c) In the case of a new motor vehicle that is a motor home, if the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities by the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers for a cumulative total of thirty or more days aggregating all motor home manufacturer days out of service, the consumer shall so notify each motor home manufacturer in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities. The motor home manufacturers have fifteen days, commencing upon receipt of the notification, to respond and inform the consumer of the location of the facility

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

where the vehicle will be repaired. If the vehicle is unsafe to drive due to a serious safety defect, or to the extent the repair facility is more than one hundred miles from the motor home location, the motor home manufacturers are responsible for the cost of transporting the vehicle to and from the repair facility. Once the buyer delivers the vehicle to the designated repair facility, the inspection and repairs must be completed by the motor home manufacturers either (i) within ten days or (ii) before the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for sixty days, whichever time period is longer. This time period may be extended if the consumer agrees in writing. If a motor home manufacturer fails to respond to the consumer or perform the repairs within the time period prescribed, that motor home manufacturer is not entitled to at least one opportunity to inspect and repair the vehicle's nonconformities after receipt of notification from the buyer as provided for in this subsection (3)(c).

(4) No new motor vehicle dealer may be held liable by the manufacturer for any collateral charges, incidental costs, purchase price refunds, or vehicle replacements. Manufacturers shall not have a cause of action against dealers under this chapter. Consumers shall not have a cause of action against dealers under this chapter, but a violation of any responsibilities imposed upon dealers under this chapter is a per se violation of chapter 19.86 RCW. Consumers may pursue rights and remedies against dealers under any other law, including chapters 46.70 and 46.71 RCW. Manufacturers and consumers may not make dealers parties to arbitration board proceedings under this chapter."

MESSAGE FROM THE HOUSE

April 10, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5108, with the following amendment: 5108-S AMH ENGR H3161.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND PURPOSE. The legislature finds that maintaining the capacity to provide adequate food and fiber resources is essential to the long-term sustainability of the state's citizens and economy. The nation's population has reached three hundred million and will continue to increase for the foreseeable future. Further, the world population is now over six billion and is projected to reach nine billion by the year 2050.

In Washington state, the population is growing by over one million people every decade with much of this growth occurring in western Washington. This growth is increasing the competition for land not only for housing, but also associated retail, commercial, industrial, and leisure industries.

The legislature finds that many once-productive agricultural areas in western Washington have been overtaken and irreversibly converted to nonagricultural uses. Other agricultural areas in the state have diminished to the point that they are dangerously close to losing the land mass necessary to be economically viable. Further, only a limited number of areas in western Washington still retain a sufficient agricultural land base and the necessary agricultural infrastructure to continue to be economically viable both in the short term and the long term.

The legislature recognizes that because this significant decline has largely occurred in less than a half century, it is imperative that mechanisms be established at the state level to focus attention, take the action needed to retain agricultural land, and ensure the opportunity for future generations to farm these lands.

The legislature finds that history shows that previous advanced civilizations in the world were founded on highly productive agricultural lands and food production systems but when the land or its productivity was lost, the civilizations declined. In contrast, other civilizations have existed for millennia because they maintained their agricultural land base, its productivity, and economic conditions sufficient to maintain stewardship of their land.

The legislature finds that there is a finite quantity of high quality agricultural land and that often this agricultural land is mistakenly viewed as an expendable resource. The legislature finds that the retention of agricultural land is desirable, not only to produce food, livestock, and other agricultural products, but also to maintain our state economy and preferable environmental conditions. For these reasons, and because it is essential that agricultural production be sufficient to meet the needs of our growing population, commitment to the retention of agricultural land should be reflected at the state policy level by the creation of an office of farmland preservation to support the retention of farmland and the viability of farming for future generations.

NEW SECTION. Sec. 2. OFFICE OF FARMLAND PRESERVATION--POWERS AND DUTIES. (1) The office of farmland preservation is created and shall be located within the state conservation commission.

(2) Staff support for the office shall be provided by the state conservation commission.

(3) The office of farmland preservation may:

(a) Provide advice and assist the state conservation commission in implementing the provisions of RCW 89.08.530

NINETY-SEVENTH DAY, APRIL 14, 2007

and 89.08.540, including the merits of leasing or purchasing easements for fixed terms in addition to purchasing easements in perpetuity;

(b) Develop recommendations for the funding level and for the use of the agricultural conservation easements account established in RCW 89.08.540 with the guidance of the farmland preservation task force established under section 3 of this act;

(c) With input from the task force created in section 3 of this act, provide an analysis of the major factors that have led to past declines in the amount and use of agricultural lands in Washington and of the factors that will likely affect retention and economic viability of these lands into the future including, but not limited to, pressures to convert land to nonagricultural uses, loss of processing plants and markets, loss of profitability, productivity, and competitive advantage, urban sprawl, water availability and quality, restrictions on agricultural land use, and conversion to recreational or other uses;

(d) Develop model programs and tools, including innovative economic incentives for landowners, to retain agricultural land for agricultural production, with the guidance from the farmland preservation task force created under section 3 of this act;

(e) Provide technical assistance to localities as they develop and implement programs, mechanisms, and tools to encourage the retention of agricultural lands;

(f) Develop a grant process and an eligibility certification process for localities to receive grants for local programs and tools to retain agricultural lands for agricultural production;

(g) Provide analysis and recommendations as to the continued development and implementation of the farm transition program including, but not limited to, recommending:

(i) Assistance in the preparation of business plans for the transition of business interests;

(ii) Assistance in the facilitation of transfers of existing properties and agricultural operations to interested buyers; and

(iii) Research assistance on agricultural, financial, marketing, and other related transition matters;

(h) Begin the development of a farm transition program to assist in the transition of farmland and related businesses from one generation to the next, aligning the farm transition program closely with the farmland preservation effort to assure complementary functions; and

(i) Serve as a clearinghouse for incentive programs that would consolidate and disseminate information relating to conservation programs that are accessible to landowners and assist owners of agricultural lands to secure financial assistance to implement conservation easements and other projects.

NEW SECTION. Sec. 3. FARMLAND PRESERVATION TASK FORCE. (1) The farmland preservation task force is established with the following voting members:

(a) Six farmer representatives, one from each of six regions delineated by the state conservation commission at least one of whom is a commercial livestock producer, of which at least two representatives shall be under the age of forty-five, appointed by the governor from persons nominated by recognized agricultural organizations;

(b) A representative of the state conservation commission, appointed by the chair of the state conservation commission;

(c) A representative of the department of agriculture, appointed by the director;

(d) A representative of counties in eastern Washington, appointed by the Washington state association of counties;

(b) A person with technical expertise from the department of community, trade, and economic development, appointed by the agency's director.

(3) The task force shall meet at least twice a year. The task force shall be staffed by the state conservation commission. The chair of the task force shall be elected for a term of one year by the voting members of the task force.

(4) Nonlegislative members of the task force are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 by the state conservation commission. Legislative members of the task force are entitled to be reimbursed for travel expenses in accordance with RCW 44.04.120.

(5) This section expires January 1, 2011.

Sec. 4. RCW 89.08.530 and 2002 c 280 s 2 are each amended to read as follows:

(1) The agricultural conservation easements program is created. The state conservation commission shall manage the program and adopt rules as necessary to implement the legislature's intent.

(2) The commission shall report to the legislature on an ongoing basis regarding potential funding sources for the purchase of agricultural conservation easements under the program and recommend changes to existing funding authorized by the legislature.

(3) All funding for the program shall be deposited into the agricultural conservation easements account created in RCW 89.08.540. Expenditures from the account shall be made to local governments and private nonprofits on a match or no match required basis at the discretion of the commission. Moneys in the account may be used to purchase easements in perpetuity or to purchase or lease easements for a fixed term.

(4) Easements purchased with money from the agricultural conservation easements account run with the land.

Sec. 5. RCW 89.08.540 and 2002 c 280 s 3 are each amended to read as follows:

(1) The agricultural conservation easements account is created in the custody of the state treasurer. All receipts from legislative appropriations, other sources as directed by the legislature, and gifts, grants, or endowments from public or private sources must be deposited into the account. Expenditures from the account may be used only for the purchase of easements in perpetuity or for the purchase or lease of easements for a fixed term under the agricultural conservation easements program. Only the state conservation commission, or the executive director of the commission on the commission's behalf, may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The commission is authorized to receive and expend gifts, grants, or endowments from public or private sources that are made available, in trust or otherwise, for the use and benefit of the agricultural conservation easements program.

NEW SECTION. Sec. 6. A new section is added to chapter 90.84 RCW to read as follows:

MESSAGE FROM THE HOUSE

April 5, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5447, with the following amendment: 5447-S AMH APP H3291.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the coastal Dungeness crab fishery is one of the most valuable commercial fisheries in Washington. For example, the 2004-05 season resulted in landings of twenty-one million pounds with an estimated ex-vessel value of over thirty million dollars. The fishery represents a vital economic foundation for many coastal communities.

Since 1994, the coastal Dungeness crab fishery has faced significant pressure and has undergone many regulatory changes stemming from issues relating to the sustainability of the resource, the safety and sustainability of the fleet, interstate and federal jurisdiction questions, as well as allocation issues.

In order to further promote the sustainability of the coastal Dungeness crab resource, the coastal crab fleet, and coastal communities, the legislature intends for the department of fish and wildlife to develop a proposed coastal Dungeness buyback program that would be implemented in cooperation with the federal government upon future legislative direction.

NEW SECTION. Sec. 2. (1) The department shall develop a detailed proposed Dungeness crab-coastal fishery buyback program. The proposed program must provide for the purchase

NINETY-SEVENTH DAY, APRIL 14, 2007

and permanent retirement of Dungeness crab-coastal fishery licenses. The department shall design this element of the proposed program with the goal of purchasing between eighty and one hundred Dungeness crab-coastal fishery licenses.

(2) In addition to license purchase and retirement, the proposed program may provide for the purchase or retirement of vessels designated on Dungeness crab-coastal fishery licenses.

(3) The proposed program must explore funding alternatives that involve federal funding, state funding, funding provided by Dungeness crab-coastal license holders, low-interest loans to license holders, and combinations thereof.

(4)(a) The department must include in the proposed program those elements necessary for the administration of the buyback, including the mechanisms by which Dungeness crab-coastal license holders may apply to participate in the program if it is authorized and by which the department will select licenses or vessels for purchase from among the applicants.

(b) The proposed program must include and clearly set forth any conditions that will be placed on Dungeness crab-coastal license holders participating in the program.

(5) The proposed program must be designed to have a neutral impact on Dungeness crab harvests in the state and federal waters off the coasts of Oregon and California.

(6) The proposed program must assume that participation by Dungeness crab-coastal license holders in the program would be entirely voluntary.

(7) The department shall consult with Dungeness crab-coastal license holders when designing the proposal.

(8) To assist the department in the development of the proposal, the department may contract with persons not employed by the state.

(9) By December 1, 2007, the department shall provide a report detailing the program proposal to the appropriate policy and fiscal committees of the senate and house of representatives.

(10) The proposed program developed under this section is not authorized to be implemented, and state funds are not authorized to be expended, without further specific legislative authorization.

(11) This section expires December 31, 2007."

Correct the title.

(7) "Open sea exchange" means an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore,

then that distance is the required distance for purposes of compliance with this chapter.

(8) "Recognized marine trade association" means those trade associations in Washington state that promote improved ballast water management practices by educating their members on the provisions of this chapter, participating in regional ballast water coordination through the Pacific ballast water group, assisting the department in the collection of ballast water exchange forms, and the monitoring of ballast water. This includes members of the Puget Sound marine committee for Puget Sound and the Columbia river steamship operators association for the Columbia river.

(9) "Sediments" means any matter settled out of ballast water within a vessel.

(10) "Untreated ballast water" includes exchanged or unexchanged ballast water that has not undergone treatment.

(11) "Vessel" means a ~~((self-propelled))~~ ship ~~((in commerce)), boat, barge, or other floating craft~~ of three hundred gross tons or more, United States and foreign, carrying, or capable of carrying, ballast water into the coastal waters of the state after operating outside of the coastal waters of the state, except those vessels described in RCW 77.120.020.

(12) "Voyage" means any transit by a vessel destined for any Washington port.

(13) "Waters of the state" means any surface waters, including internal waters contiguous to state shorelines within the boundaries of the state.

Sec. 9. RCW 77.120.020 and 2000 c 108 s 3 are each amended to read as follows:

(1) This chapter applies to all vessels ~~((carrying ballast water))~~ transiting into the waters of the state from a voyage, except:

(a) A vessel of the United States department of defense or United States coast guard subject to the requirements of section 1103 of the national invasive species act of 1996, or any vessel of the armed forces, as defined in 33 U.S.C. Sec. 1322(a)(14), that is subject to the uniform national discharge standards for vessels of the armed forces under 33 U.S.C. Sec. 1322(n);

(b) A vessel ~~((+))~~ that discharges ballast water or sediments only at the location where the ballast water or sediments originated, if the ballast water or sediments do not mix with ballast water or sediments from areas other than open sea waters ~~((; or (ii) that does not discharge ballast water in Washington waters)); and~~

(c) A vessel in innocent passage, merely traversing the ~~((internal waters of Washington in the Strait of Juan de Fuca, bound for a port in Canada,))~~ territorial sea of the United States and not entering or departing a United States port, ~~((or a vessel in innocent passage, which is a vessel merely traversing the territorial sea of the United States and not entering or departing a United States port,))~~ or not navigating the internal waters of the United States ~~((; and~~

~~((d) A crude oil tanker that does not exchange or discharge ballast water into the waters of the state), and that does not discharge ballast water into the waters of the state.~~

(2) This chapter does not authorize the discharge of oil or noxious liquid substances in a manner prohibited by state, federal, or international laws or regulations. Ballast water containing oil, noxious liquid substances, or any other pollutant shall be discharged in accordance with the applicable requirements.

(3) The master or operator in charge of a vessel is responsible for the safety of the vessel, its crew, and its passengers. Nothing in this chapter relieves the master or operator in charge of a vessel of the responsibility for ensuring the safety and stability of the vessel or the safety of the crew and passengers.

Sec. 10. RCW 77.120.030 and 2004 c 227 s 3 are each amended to read as follows:

(1) The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

~~((1) Discharge into waters of the state is authorized if the vessel has conducted an open sea exchange of ballast water. A~~

vessel is exempt from this requirement if the vessel's master reasonably determines that such a ballast water exchange operation will threaten the safety of the vessel or the vessel's crew, or is not feasible due to vessel design limitations or equipment failure. If a vessel relies on this exemption, then it may discharge ballast water into waters of the state, subject to any requirements of treatment under subsection (2) of this section and subject to RCW 77.120.040-))

(2) (~~After July 1, 2007,;)) Discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange, or if the vessel has treated its ballast water, to meet standards set by the department consistent with applicable state and federal laws. ((When weather or extraordinary circumstances make access to treatment unsafe to the vessel or crew, the master of a vessel may delay compliance with any treatment required under this subsection until it is safe to complete the treatment.~~

~~(3) Masters, owners, operators, or persons-in-charge shall submit to the department an interim ballast water management report by July 1, 2006, in the form and manner prescribed by the department. The report shall describe actions needed to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel. Reports may include a statement that there are no treatment methods applicable to the vessel for which the report is being submitted.~~

~~(4) The ballast water work group created in section 1, chapter 282, Laws of 2002 shall develop recommendations for the interim ballast water management report. The recommendations must include, but are not limited to:~~

~~(a) Actions that the vessel owner or operator will take to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel;~~

~~(b) Necessary plan elements when there are not treatment methods applicable to the vessel for which the report is being submitted, or which would meet the requirements of this chapter; and~~

~~(c) The method, form, and content of reporting to be used for such reports;))~~

(3) The department, in consultation with the ballast water work group, or similar collaborative forum, shall adopt by rule standards for the discharge of ballast water into the waters of the state and their implementation timelines. The standards are intended to ensure that the discharge of ballast water poses minimal risk of introducing nonindigenous species. In developing these standards, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards must be compatible with standards set by the United States coast guard, the federal clean water act (33 U.S.C. Sec. 1251-1387), or the international maritime organization.

(4) The master, operator, or person in charge of a vessel is not required to conduct an open sea exchange or treatment of ballast water if the master, operator, or person in charge of a vessel determines that the operation would threaten the safety of the vessel, its crew, or its passengers, because of adverse weather, vessel design limitations, equipment failure, or any other extraordinary conditions. A master, operator, or person in charge of a vessel who relies on this exemption must file documentation defined by the department, subject to: (a) Payment of a fee not to exceed five thousand dollars; (b) discharging only the minimal amount of ballast water operationally necessary; (c) ensuring that ballast water records accurately reflect any reasons for not complying with the mandatory requirements; and (d) any other requirements identified by the department by rule as provided in subsections (3) and (6) of this section.

(5) For treatment technologies requiring shipyard modification ((that cannot reasonably be performed prior to July 1, 2007, the department shall provide the vessel owner or operator with an extension to the first scheduled drydock or shipyard period following July 1, 2007)), the department may enter into a compliance plan with the vessel owner. The compliance plan must include a timeline consistent with

drydock and shipyard schedules for completion of the modification. The department shall adopt rules for compliance plans under this subsection.

(6) For an exemption claimed in subsection (4) of this section, the department shall adopt rules for defining exemption conditions, requirements, compliance plans, or alternative ballast water management strategies to meet the intent of this section.

~~((6)) (7) The department shall make every effort to align ballast water standards with adopted international and federal standards while ensuring that the goals of this chapter are met.~~

~~((7)) (8) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington state, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.~~

~~((8)) (9) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.~~

Sec. 11. 2004 c 227 s 2 (uncodified) is amended to read as follows:

(1) ((The director of the department of fish and wildlife must establish the)) A ballast water work group is created to assist the department in the implementation of this chapter. The director shall make appointments to the work group from the names provided by the entities identified in this section.

(2) The ballast water work group consists of the following individuals:

MESSAGE FROM THE HOUSE

April 9, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5207, with the following amendment: 5207-S AMH TR H3118.5

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 46.68 RCW to read as follows:

The legislature finds that the freight sector provides thousands of high-quality, well-paid jobs in Washington state and contributes significantly to the economy of the state. The legislature further finds that these benefits result despite the fact that freight makes up a fraction of vehicle traffic on our roads and that the commercial benefits of freight movement are compromised by the same congestion that plagues general traffic.

The legislature also finds that as domestic and international freight volumes grow, and our state's economy becomes increasingly dependent on the one out of every three jobs supported by international trade, there is growing need for system-wide funding solutions to enhance a world class goods movement system that does not divert cargo and jobs to Canada, Mexico, Panama, Oregon, California, and the east coast of the United States. Accordingly, it is the intent of the legislature to study a broad array of mechanisms to fund freight congestion relief investments.

NEW SECTION. Sec. 2. (1) Subject to availability of amounts appropriated for this specific purpose, the joint transportation committee shall:

(a) Administer a consultant study of alternative funding mechanisms to fund freight congestion relief investments. At a minimum, the study must: (i) Evaluate potential funding sources for off-marine terminal infrastructure projects, including federal, state, incentives, and other project specific fees; (ii) analyze current taxes and fees paid by the freight industry and the projects the taxes and fees fund; (iii) assess other nonfreight related fees and taxes that could be used to pay for freight congestion relief investments; (iv) assess how other states and countries pay for freight congestion relief investments; and (v) discuss the various approaches and their impacts on Washington competitiveness in freight movement. The scope of the work for the study may be expanded to include analysis of other issues relevant to freight congestion relief funding; and

(b) Convene a stakeholder group composed of representatives to work on the consultant study that includes: Two representatives of container ports, one representative of trucking, one representative from railroads, one representative from international shipping, one representative from national shipping, two representatives of organized labor, two representatives of the import/export community, one representative from the department of transportation, one representative from the freight mobility strategic investment board, and other representatives as deemed necessary by the joint transportation committee. The stakeholder group shall work with the selected consultant in: (i) Identifying critical freight congestion relief investments; (ii) identifying alternatives for a dedicated funding source for freight congestion relief investments or user fees to fund specific freight congestion relief investments; and (iii) developing and reviewing a final consultant study.

(2) The consultant's draft report must be submitted to the transportation committees of the legislature by December 15, 2007, with the final findings and recommendations of the report being due prior to the beginning of the 2008 legislative session.

NEW SECTION. Sec. 3. This act expires January 31, 2008."

(5) Nothing in this chapter shall prohibit the licensee liable for payment of the tax under this chapter from including as a part of the selling price an amount equal to the tax.

NEW SECTION. Sec. 5. A new section is added to chapter 82.36 RCW to read as follows:

International fuel tax agreement licensees, or persons operating motor vehicles under other reciprocity agreements entered into with the state of Washington, are liable for and must pay the tax under RCW 82.36.020 to the department on motor vehicle fuel used to operate motor vehicles on the highways of this state. This provision does not apply if the tax under RCW 82.36.020 has previously been imposed and paid by the international fuel tax agreement licensee or if the use of such fuel is exempt from the tax under this chapter.

Sec. 6. RCW 82.36.027 and 1998 c 176 s 9 are each amended to read as follows:

A terminal operator is jointly and severally liable for (~~remitletting~~) payment of the tax imposed under RCW 82.36.020(1) if, at the time of removal:

(1) The position holder with respect to the motor vehicle fuel is a person other than the terminal operator and is not a licensee;

(2) The terminal operator is not a licensee;

(3) The position holder has an expired internal revenue service notification certificate issued under 26 C.F.R. Part 48; or

(4) The terminal operator had reason to believe that information on the notification certificate was false.

Sec. 7. RCW 82.36.031 and 1998 c 176 s 11 are each amended to read as follows:

For the purpose of determining the amount of liability for the tax imposed under this chapter, and to periodically update license information, each licensee, other than a motor vehicle fuel distributor or an international fuel tax agreement licensee, shall file monthly tax reports with the department, on a form prescribed by the department. An international fuel tax licensee shall file quarterly tax reports with the department, on a form prescribed by the department.

A report shall be filed with the department even though no motor vehicle fuel tax is due for the reporting period. Each tax report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and made under penalties of perjury, which declaration has the same force and effect as a verification of the report and is in lieu of the verification. The report shall show information as the department may require for the proper administration and enforcement of this chapter. Tax reports shall be filed on or before the twenty-fifth day of the next succeeding calendar month following the period to which the reports relate. If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date.

The department, if it deems it necessary in order to ensure payment of the tax imposed under this chapter, or to facilitate the administration of this chapter, may require the filing of reports and tax remittances at shorter intervals than one month.

Sec. 8. RCW 82.36.045 and 1998 c 176 s 16 are each amended to read as follows:

(1) If the department determines that the tax reported by a licensee is deficient, the department shall assess the deficiency on the basis of information available to it, and shall add a penalty of two percent of the amount of the deficiency.

(2) If a licensee, or person acting as such, fails, neglects, or refuses to file a motor vehicle fuel tax report the department shall, on the basis of information available to it, determine the tax liability of the licensee or person for the period during which no report was filed. The department shall add the penalty provided in subsection (1) of this section to the tax. An assessment made by the department under this subsection or subsection (1) of this section is presumed to be correct. In any case, where the validity of the assessment is questioned, the burden is on the person who challenges the assessment to establish by a fair preponderance of evidence that it is erroneous or excessive, as the case may be.

(3) If a licensee or person acting as such files a false or fraudulent report with intent to evade the tax imposed by this chapter, the department shall add to the amount of deficiency a penalty equal to twenty-five percent of the deficiency, in addition to the penalty provided in subsections (1) and (2) of this section and all other penalties prescribed by law.

(4) Motor vehicle fuel tax, penalties, and interest payable under this chapter bears interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount or any portion of it should have been paid until the date of payment. If a licensee or person acting as such establishes by a fair preponderance of evidence that the failure to pay the amount of tax due was attributable to reasonable cause and was not intentional or willful, the department may waive the penalty. The department may waive the interest when it determines the cost of processing or collection of the interest exceeds the amount of interest due.

(5) Except in the case of a fraudulent report, neglect or refusal to make a report, or failure to pay or to pay the proper amount, the department shall assess the deficiency under subsection (1) or (2) of this section within five years from the last day of the succeeding calendar month after the reporting period for which the amount is proposed to be determined or within five years after the return is filed, whichever period expires later.

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

(6) Except in the case of violations of filing a false or fraudulent report, if the department deems mitigation of penalties and interest to be reasonable and in the best interest of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter.

(7) A licensee or person acting as such against whom an assessment is made under subsection (1) or (2) of this section may petition for a reassessment within thirty days after service upon the licensee of notice of the assessment. If the petition is not filed within the thirty-day period, the amount of the assessment becomes final at the expiration of that period.

If a petition for reassessment is filed within the thirty-day period, the department shall reconsider the assessment and, if the petitioner has so requested in its petition, shall grant the petitioner an oral hearing and give the petitioner twenty days' notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service of notice upon the petitioner.

An assessment made by the department becomes due and payable when it becomes final. If it is not paid to the department when due and payable, the department shall add a penalty of ten percent of the amount of the tax.

(8) In a suit brought to enforce the rights of the state under this chapter, the assessment showing the amount of taxes, penalties, interest, and cost unpaid to the state is prima facie evidence of the facts as shown.

(9) A notice of assessment required by this section must be served personally or by certified or registered mail. If it is served by mail, service shall be made by deposit of the notice in the United States mail, postage prepaid, addressed to the respondent at the most current address furnished to the department.

~~((10) The tax imposed by this chapter, if required to be collected by the seller, is held in trust by the licensee until paid to the department, and a licensee who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a felony, or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to collect the tax imposed by this section, or who has collected the tax and fails to pay it to the department in the manner prescribed by this chapter, is personally liable to the state for the amount of the tax.))~~

Sec. 9. RCW 82.36.060 and 2001 c 270 s 5 are each amended to read as follows:

(1) An application for a license issued under this chapter shall be made to the department on forms to be furnished by the department and shall contain such information as the department deems necessary.

(2) Every application for a license must contain the following information to the extent it applies to the applicant:

(a) Proof as the department may require concerning the applicant's identity, including but not limited to his or her fingerprints or those of the officers of a corporation making the application;

(b) The applicant's form and place of organization including proof that the individual, partnership, or corporation is licensed to do business in this state;

(c) The qualification and business history of the applicant and any partner, officer, or director;

(d) The applicant's financial condition or history including a bank reference and whether the applicant or any partner, officer, or director has ever been adjudged bankrupt or has an unsatisfied judgment in a federal or state court;

(e) Whether the applicant has been adjudged guilty of a crime that directly relates to the business for which the license is sought and the time elapsed since the conviction is less than ten

years, or has suffered a judgment within the preceding five years in a civil action involving fraud, misrepresentation, or conversion and in the case of a corporation or partnership, all directors, officers, or partners.

(3) An applicant for a license as a motor vehicle fuel importer must list on the application each state, province, or country from which the applicant intends to import motor vehicle fuel and, if required by the state, province, or country listed, must be licensed or registered for motor vehicle fuel tax purposes in that state, province, or country.

(4) An applicant for a license as a motor vehicle fuel exporter must list on the application each state, province, or country to which the exporter intends to export motor vehicle fuel received in this state by means of a transfer outside of the bulk transfer-terminal system and, if required by the state, province, or country listed, must be licensed or registered for motor vehicle fuel tax purposes in that state, province, or country.

(5) An applicant for a license as a motor vehicle fuel supplier must have a federal certificate of registry that is issued under the internal revenue code and authorizes the applicant to enter into federal tax-free transactions on motor vehicle fuel in the terminal transfer system.

(6) After receipt of an application for a license, the director may conduct an investigation to determine whether the facts set forth are true. The director shall require a fingerprint record check of the applicant through the Washington state patrol criminal identification system and the federal bureau of investigation before issuance of a license. The results of the background investigation including criminal history information may be released to authorized department personnel as the director deems necessary. The department shall charge a license holder or license applicant a fee of fifty dollars for each background investigation conducted.

An applicant who makes a false statement of a material fact on the application may be prosecuted for false swearing as defined by RCW 9A.72.040.

(7) Except as provided by subsection (8) of this section, before granting any license issued under this chapter, the department shall require applicant to file with the department, in such form as shall be prescribed by the department, a corporate surety bond duly executed by the applicant as principal, payable to the state and conditioned for faithful performance of all the requirements of this chapter, including the payment of all taxes, penalties, and other obligations arising out of this chapter. The total amount of the bond or bonds shall be fixed by the department and may be increased or reduced by the department at any time subject to the limitations herein provided. In fixing the total amount of the bond or bonds, the department shall require a bond or bonds equivalent in total amount to twice the estimated monthly excise tax determined in such manner as the department may deem proper. If at any time the estimated excise tax to become due during the succeeding month amounts to more than fifty percent of the established bond, the department shall require additional bonds or securities to maintain the marginal ratio herein specified or shall demand excise tax payments to be made weekly or semimonthly to meet the requirements hereof.

The total amount of the bond or bonds required of any licensee shall never be less than five thousand dollars nor more than one hundred thousand dollars.

No recoveries on any bond or the execution of any new bond shall invalidate any bond and no revocation of any license shall effect the validity of any bond but the total recoveries under any one bond shall not exceed the amount of the bond.

In lieu of any such bond or bonds in total amount as herein fixed, a licensee may deposit with the state treasurer, under such terms and conditions as the department may prescribe, a like amount of lawful money of the United States or bonds or other obligations of the United States, the state, or any county of the state, of an actual market value not less than the amount so fixed by the department.

Any surety on a bond furnished by a licensee as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of thirty

NINETY-SEVENTH DAY, APRIL 14, 2007

days from the date upon which such surety has lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the thirty day period. The department shall promptly, upon receiving any such request, notify the licensee who furnished the bond; and unless the licensee, on or before the expiration of the thirty day period, files a new bond, or makes a deposit in accordance with the requirements of this section, the department shall forthwith cancel the license. Whenever a new bond is furnished by a licensee, the department shall cancel the old bond as soon as the department and the attorney general are satisfied that all liability under the old bond has been fully discharged.

The department may require a licensee to give a new or additional surety bond or to deposit additional securities of the character specified in this section if, in its opinion, the security of the surety bond theretofore filed by such licensee, or the market value of the properties deposited as security by the licensee, shall become impaired or inadequate; and upon the failure of the licensee to give such new or additional surety bond or to deposit additional securities within thirty days after being requested so to do by the department, the department shall forthwith cancel his or her license.

(8) The department may waive the requirements of subsection (7) of this section for licensed distributors if, upon determination by the department, the licensed distributor has sufficient resources, assets, other financial instruments, or other means, to adequately make payments on the estimated monthly motor vehicle fuel tax payments, penalties, and interest arising out of this chapter. The department shall adopt rules to administer this subsection. An application for an international fuel tax agreement license must be made to the department. The application must be filed upon a form prescribed by the department and contain such information as the department may require. The department shall charge a fee of ten dollars per set of international fuel tax agreement decals issued to each applicant or licensee. The department shall transmit the fee to the state treasurer for deposit in the motor vehicle fund.

Sec. 10. RCW 82.36.080 and 1998 c 176 s 20 are each amended to read as follows:

(1) It shall be unlawful for any person to engage in business in this state as any of the following unless the person is the holder of an uncanceled license issued by the department authorizing the person to engage in that business:

- (a) Motor vehicle fuel supplier;
- (b) Motor vehicle fuel distributor;
- (c) Motor vehicle fuel exporter;
- (d) Motor vehicle fuel importer; ~~((or))~~
- (e) Motor vehicle fuel blender; or
- (f) International fuel tax agreement licensee.

(2) A person engaged in more than one activity for which a license is required must have a separate license classification for each activity, but a motor vehicle fuel supplier is not required to obtain a separate license classification for any other activity for which a license is required.

(3) If any person acts as a licensee without first securing the license required herein the excise tax shall be immediately due and payable on account of all motor vehicle fuel distributed or used by the person. The director shall proceed forthwith to determine from the best available sources, the amount of the tax, and the director shall immediately assess the tax in the amount found due, together with a penalty of one hundred percent of the tax, and shall make a certificate of such assessment and penalty. In any suit or proceeding to collect the tax or penalty, or both, such certificate shall be prima facie evidence that the person therein named is indebted to the state in the amount of the tax and penalty therein stated. Any tax or penalty so assessed may be collected in the manner prescribed in this chapter with reference to delinquency in payment of the tax or by an action at law, which the attorney general shall commence and prosecute to final determination at the request of the director. The foregoing remedies of the state shall be cumulative and no action taken pursuant to this section shall relieve any person from the penal provisions of this chapter.

Sec. 11. RCW 82.36.160 and 1998 c 176 s 27 are each amended to read as follows:

Every licensee shall maintain in the office of his or her principal place of business in this state, for a period of five years, records of motor vehicle fuel received, sold, distributed, or used by the licensee, in such form as the director may prescribe, together with invoices, bills of lading, and other pertinent papers as may be required under the provisions of this chapter.

~~((Every dealer purchasing motor vehicle fuel taxable under this chapter for the purpose of resale, shall maintain within this state, for a period of two years a record of motor vehicle fuels received, the amount of tax paid to the licensee as part of the purchase price, together with delivery tickets, invoices, and bills of lading, and such other records as the director shall require.))~~

Sec. 12. RCW 82.36.180 and 1998 c 176 s 30 are each amended to read as follows:

The director, or duly authorized agents, may make such examinations of the records, stocks, facilities, and equipment of any licensee, ~~((and service stations.))~~ and make such other investigations as deemed necessary in carrying out the provisions of this chapter. If such examinations or investigations disclose that any reports of licensees theretofore filed with the director pursuant to the requirements of this chapter have shown incorrectly the gallonage of motor vehicle fuel distributed or the tax ~~((accruing))~~ liability thereon, the director may make such changes in subsequent reports and payments of such licensees as deemed necessary to correct the errors disclosed.

Every such licensee or such other person not maintaining records in this state so that an audit of such records may be made by the director or a duly authorized representative shall be required to make the necessary records available to the director upon request and at a designated office within this state; or, in lieu thereof, the director or a duly authorized representative shall proceed to any out-of-state office at which the records are prepared and maintained to make such examination.

NEW SECTION. Sec. 13. A new section is added to chapter 82.36 RCW to read as follows:

Motor vehicle fuel that is used exclusively for racing and is illegal for use on the public highways of this state under state or federal law is exempt from the tax imposed under this chapter.

Sec. 14. RCW 82.36.320 and 1961 c 15 s 82.36.320 are each amended to read as follows:

Any person claiming refund on motor vehicle fuel used other than in motor vehicles as herein provided ~~((and any person purchasing motor vehicle fuel from a dealer who is claiming refund on account of the sale of such fuel under RCW 82.36.305))~~ may be required by the director to also furnish information regarding the amount of motor vehicle fuel purchased from other sources or for other purposes during the period reported for which no refund is claimed.

Sec. 15. RCW 82.36.340 and 1961 c 15 s 82.36.340 are each amended to read as follows:

The director may in order to establish the validity of any claim for refund require the claimant ~~((or, in the case of a dealer filing a claim for refund as provided by RCW 82.36.305, the person to whom such fuel was sold.))~~ to furnish such additional proof of the validity of the claim as the director may determine, and may examine the books and records of the claimant or said person to whom the fuel was sold for such purpose. The records shall be sufficient to substantiate the accuracy of the claim and shall be in such form and contain such information as the director may require. The failure to maintain such records or to accede to a demand for an examination of such records may be deemed by the director as sufficient cause for denial of all right to the refund claimed on account of the transaction in question.

Sec. 16. RCW 82.36.370 and 1998 c 176 s 42 are each amended to read as follows:

(1) A refund shall be made in the manner provided in this chapter or a credit given to a licensee allowing for the excise tax paid or accrued on all motor vehicle fuel which is lost or destroyed, while ~~((applicant shall be the owner thereof))~~ the licensee was the owner, through fire, lightning, flood, wind storm, or explosion.

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

(2) A refund shall be made in the manner provided in this chapter or a credit given allowing for the excise tax paid or accrued on all motor vehicle fuel of five hundred gallons or more which is lost or destroyed, while ~~((applicant shall be))~~ the licensee was the owner thereof, through leakage or other casualty except evaporation, shrinkage or unknown causes: PROVIDED, That the director shall be notified in writing as to the full circumstances surrounding such loss or destruction and the amount of the loss or destruction within thirty days from the day of discovery of such loss or destruction.

(3) Recovery for such loss or destruction under either subsection (1) or (2) must be susceptible to positive proof thereby enabling the director to conduct such investigation and require such information as the director may deem necessary.

In the event that the director is not satisfied that the fuel was lost or destroyed as claimed, wherefore required information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, the director may deem as sufficient cause the denial of all right relating to the refund or credit for the excise tax on motor vehicle fuel alleged to be lost or destroyed.

Sec. 17. RCW 82.36.380 and 2003 c 358 s 13 are each amended to read as follows:

(a) Evade a tax or fee imposed under this chapter;

(b) File a false statement of a material fact on a motor fuel license application or motor fuel refund application;

(c) Act as a motor fuel importer, motor fuel blender, or motor fuel supplier unless the person holds an uncanceled motor fuel license issued by the department authorizing the person to engage in that business;

(d) Knowingly assist another person to evade a tax or fee imposed by this chapter;

(e) Knowingly operate a conveyance for the purpose of hauling, transporting, or delivering motor vehicle fuel in bulk and not possess an invoice, bill of sale, or other statement showing the name, address, and tax license number of the seller or consignor, the destination, the name, address, and tax license number of the purchaser or consignee, and the number of gallons.

(2) A violation of subsection (1) of this section is a class C felony under chapter 9A.20 RCW. In addition to other penalties and remedies provided by law, the court shall order a person or corporation found guilty of violating subsection (1) of this section to:

(a) Pay the tax or fee evaded plus interest, commencing at the date the tax or fee was first due, at the rate of twelve percent per year, compounded monthly; and

(b) Pay a penalty of one hundred percent of the tax evaded, to the multimodal transportation account of the state.

(3) The tax imposed by this chapter is held in trust by the licensee until paid to the department, and a licensee who appropriates the tax to his or her own use or to any use other than the payment of the tax on the due date as prescribed in this chapter is guilty of a felony or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to pay to the department the tax imposed by this chapter is personally liable to the state for the amount of the tax.

Sec. 18. RCW 82.36.450 and 1995 c 320 s 2 are each amended to read as follows:

~~((The department of licensing may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding the imposition, collection, and use of this state's motor vehicle fuel tax, or the budgeting or use of moneys in lieu thereof, upon terms substantially the same as those in the consent decree entered by the federal district court (Eastern District of Washington) in *Confederated Tribes of the Colville Reservation v. DOL, et al.*, District Court No. CY-92-248-JLO.))~~ (1) The governor may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding motor vehicle fuel taxes included in the price of fuel delivered to a retail station wholly owned and operated by a tribe, tribal enterprise, or tribal member licensed by the tribe to operate a retail station located on reservation or trust property. The agreement may provide

mutually agreeable means to address any tribal immunities or any preemption of the state motor vehicle fuel tax.

(2) The provisions of this section do not repeal existing state/tribal fuel tax agreements or consent decrees in existence on the effective date of this act. The state and the tribe may agree to substitute an agreement negotiated under this section for an existing agreement or consent decree, or to enter into an agreement using a methodology similar to the state/tribal fuel tax agreements in effect on the effective date of this act.

(3) If a new agreement is negotiated, the agreement must:

(a) Require that the tribe or the tribal retailer acquire all motor vehicle fuel only from persons or companies operating lawfully in accordance with this chapter as a motor vehicle fuel distributor, supplier, importer, or blender, or from a tribal distributor, supplier, importer, or blender lawfully doing business according to all applicable laws;

(b) Provide that the tribe will expend fuel tax proceeds or equivalent amounts on: Planning, construction, and maintenance of roads, bridges, and boat ramps; transit services and facilities; transportation planning; police services; and other highway-related purposes;

(c) Include provisions for audits or other means of ensuring compliance to certify the number of gallons of motor vehicle fuel purchased by the tribe for resale at tribal retail stations, and the use of fuel tax proceeds or their equivalent for the purposes identified in (b) of this subsection. Compliance reports must be delivered to the director of the department of licensing.

(4) Information from the tribe or tribal retailers received by the state or open to state review under the terms of an agreement shall be deemed to be personal information under RCW 42.56.230(3)(b) and exempt from public inspection and copying.

(5) The governor may delegate the power to negotiate fuel tax agreements to the department of licensing.

(6) The department of licensing shall prepare and submit an annual report to the legislature on the status of existing agreements and any ongoing negotiations with tribes.

NEW SECTION. Sec. 19. A new section is added to chapter 82.36 RCW to read as follows:

It is the intent and purpose of this chapter that the tax shall be imposed at the time and place of the first taxable event and upon the first taxable person within this state. Any person whose activities would otherwise require payment of the tax imposed by RCW 82.36.020 but who is exempt from the tax nevertheless has a precollection obligation for the tax that must be imposed on the first taxable event within this state. Failure to pay the tax with respect to a taxable event shall not prevent tax liability from arising by reason of a subsequent taxable event.

Sec. 20. RCW 82.38.030 and 2005 c 314 s 102 are each amended to read as follows:

(1) There is hereby levied and imposed upon special fuel ~~((users))~~ licensees, other than special fuel distributors, a tax at the rate of twenty-three cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature.

(2) Beginning July 1, 2003, an additional and cumulative tax rate of five cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel ~~((users))~~ licensees, other than special fuel distributors. This subsection (2) expires when the bonds issued for transportation 2003 projects are retired.

(3) Beginning July 1, 2005, an additional and cumulative tax rate of three cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel ~~((users))~~ licensees, other than special fuel distributors.

(4) Beginning July 1, 2006, an additional and cumulative tax rate of three cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel ~~((users))~~ licensees, other than special fuel distributors.

(5) Beginning July 1, 2007, an additional and cumulative tax rate of two cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard

pressure and temperature shall be imposed on special fuel ~~((users))~~ licensees, other than special fuel distributors.

(6) Beginning July 1, 2008, an additional and cumulative tax rate of one and one-half cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel ~~((users))~~ licensees, other than special fuel distributors.

(7) Taxes are imposed when:

(a) Special fuel is removed in this state from a terminal if the special fuel is removed at the rack unless the removal is to a licensed exporter for direct delivery to a destination outside of the state, or the removal is ~~((to))~~ by a special fuel ~~((distributor))~~ supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(b) Special fuel is removed in this state from a refinery if either of the following applies:

(i) The removal is by bulk transfer and the refiner or the owner of the special fuel immediately before the removal is not a licensee; or

(ii) The removal is at the refinery rack unless the removal is to a licensed exporter for direct delivery to a destination outside of the state, or the removal is to a special fuel ~~((distributor))~~ supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(c) Special fuel enters into this state for sale, consumption, use, or storage, unless the fuel enters this state for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320, if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensee; or

(ii) The entry is not by bulk transfer;

(d) Special fuel is sold or removed in this state to an unlicensed entity unless there was a prior taxable removal, entry, or sale of the special fuel;

(e) Blended special fuel is removed or sold in this state by the blender of the fuel. The number of gallons of blended special fuel subject to tax is the difference between the total number of gallons of blended special fuel removed or sold and the number of gallons of previously taxed special fuel used to produce the blended special fuel;

(f) Dyed special fuel is used on a highway, as authorized by the internal revenue code, unless the use is exempt from the special fuel tax;

(g) Dyed special fuel is held for sale, sold, used, or is intended to be used in violation of this chapter;

(h) Special fuel purchased by an international fuel tax agreement licensee under RCW 82.38.320 is used on a highway; and

(i) Special fuel is sold by a licensed special fuel supplier to a special fuel distributor, special fuel importer, or special fuel blender and the special fuel is not removed from the bulk transfer-terminal system.

~~((8)) The tax imposed by this chapter, if required to be collected by the licensee, is held in trust by the licensee until paid to the department, and a licensee who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a felony, or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to collect the tax imposed by this section, or who has collected the tax and fails to pay it to the department in the manner prescribed by this chapter, is personally liable to the state for the amount of the tax.))~~

Sec. 21. RCW 82.38.032 and 1998 c 176 s 52 are each amended to read as follows:

~~((The tax under RCW 82.38.030, if not previously imposed and paid, must be paid over to the department by special fuel users and persons licensed under the international fuel tax agreement or other fuel tax reciprocity agreements entered into with the state of Washington, on the use of special fuel to operate motor vehicles on the highways of this state, unless the use is exempt from the tax under this chapter.)) International~~

fuel tax agreement licensees, or persons operating motor vehicles under other reciprocity agreements entered into with the state of Washington, are liable for and must pay the tax under RCW 82.38.030 to the department on special fuel used to operate motor vehicles on the highways of this state. This provision does not apply if the tax under RCW 82.38.030 has previously been imposed and paid by the international fuel tax agreement licensee or if the use of such fuel is exempt from the tax under this chapter.

Sec. 22. RCW 82.38.035 and 2005 c 314 s 107 are each amended to read as follows:

(1) A licensed supplier shall ~~((remit))~~ be liable for and pay tax on special fuel to the department as provided in RCW 82.38.030(7)(a). On a two-party exchange, or buy-sell agreement between two licensed suppliers, the receiving exchange partner or buyer shall ~~((remit))~~ be liable for and pay the tax.

(2) A refiner shall ~~((remit))~~ be liable for and pay tax to the department on special fuel removed from a refinery as provided in RCW 82.38.030(7)(b).

(3) ~~((An))~~ A licensed importer shall ~~((remit))~~ be liable for and pay tax to the department on special fuel imported into this state as provided in RCW 82.38.030(7)(c).

(4) A licensed blender shall ~~((remit))~~ be liable for and pay tax to the department on the removal or sale of blended special fuel as provided in RCW 82.38.030(7)(e).

(5) A licensed dyed special fuel user shall ~~((remit))~~ be liable for and pay tax to the department on the use of dyed special fuel as provided in RCW 82.38.030(7)(f).

(6) Nothing in this chapter prohibits the licensee liable for payment of the tax under this chapter from including as a part of the selling price an amount equal to such tax.

Sec. 23. RCW 82.38.050 and 1990 c 250 s 82 are each amended to read as follows:

~~((Except as otherwise provided in this chapter, every special fuel user shall be liable for the tax on special fuel used in motor vehicles leased to the user for thirty days or more and operated on the highways of this state to the same extent and in the same manner as special fuel used in his own motor vehicles and operated on the highways of this state. PROVIDED, That))~~ A lessor who is engaged regularly in the business of leasing or renting for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be the special fuel user when he supplies or pays for the special fuel consumed in such vehicles, and such lessor may be issued ~~((a))~~ an international fuel tax agreement license ~~((as a special fuel user))~~ when application and bond have been properly filed with and approved by the department for such license. Any lessee may exclude motor vehicles of which he or she is the lessee from reports and liabilities pursuant to this chapter, but only if the motor vehicles in question have been leased from a lessor holding a valid ~~((special fuel user's))~~ international fuel tax agreement license.

~~((Every such lessor shall file with the application for a special fuel user's license one copy of the lease form or service contract the lessor enters into with the various lessees of the lessor's motor vehicles.))~~ When the ~~((special fuel user's))~~ license has been secured, such lessor shall make and assign to each motor vehicle leased for interstate operation a photocopy of such license to be carried in the cab compartment of the motor vehicle and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of the license issued and its return to the lessor with the motor vehicle to which it is assigned.

The lessor shall be responsible for fuel tax licensing and reporting, as required by this chapter, on the operation of all motor vehicles leased to others for less than thirty days.

Sec. 24. RCW 82.38.100 and 1999 c 270 s 2 are each amended to read as follows:

(1) Any special fuel user operating a motor vehicle into this state for commercial purposes may make application for a trip permit that shall be good for a period of three consecutive days

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

beginning and ending on the dates specified on the face of the permit issued, and only for the vehicle for which it is issued.

(2) Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety, signed, and dated by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, vehicle license number, or vehicle identification number invalidates the permit. A violation of, or a failure to comply with, this subsection is a gross misdemeanor.

(3) For each permit issued, there shall be collected a filing fee of one dollar, an administrative fee of ten dollars, and an excise tax of nine dollars. Such fees and tax shall be in lieu of the special fuel tax otherwise assessable against the permit holder for importing and using special fuel in a motor vehicle on the public highways of this state, and no report of mileage shall be required with respect to such vehicle. Trip permits will not be issued if the applicant has outstanding fuel taxes, penalties, or interest owing to the state or has had a special fuel license revoked for cause and the cause has not been removed.

(4) Blank permits may be obtained from field offices of the department of transportation, ~~((Washington state patrol,))~~ department of licensing, or other agents appointed by the department. The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(5) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other fees and excise taxes collected by the department for trip permits shall be credited and deposited in the same manner as the special fuel tax collected under this chapter and shall not be subject to exchange, refund, or credit.

Sec. 25. RCW 82.38.130 and 1998 c 176 s 65 are each amended to read as follows:

The department may revoke the license of any licensee for any of the grounds constituting cause for denial of a license set forth in RCW 82.38.120 or for other reasonable cause. Before revoking such license the department shall notify the licensee to show cause within twenty days of the date of the notice why the license should not be revoked: PROVIDED, That at any time prior to and pending such hearing the department may, in the exercise of reasonable discretion, suspend such license.

The department shall cancel any special fuel license immediately upon surrender thereof by the holder.

Any surety on a bond furnished by a licensee as provided in this chapter shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of forty-five days from the date which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the forty-five day period. The department shall promptly, upon receiving any such request, notify the licensee who furnished the bond, and unless the licensee, on or before the expiration of the forty-five day period, files a new bond, in accordance with this section, the department ~~((forthwith))~~ shall cancel the ~~((special fuel dealer's or special fuel user's))~~ license.

The department may require a new or additional surety bond of the character specified in RCW 82.38.020(3) if, in its opinion, the security of the surety bond therefor filed by such licensee, shall become impaired or inadequate. Upon failure of the licensee to give such new or additional surety bond within forty-five days after being requested to do so by the department, or after he or she shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the department, the department forthwith shall cancel his or her license.

Sec. 26. RCW 82.38.140 and 1998 c 176 s 66 are each amended to read as follows:

(1) Every licensee and every person importing, manufacturing, refining, ~~((dealer in,))~~ transporting, blending, or storing special fuel in this state shall keep for a period of not less than five years open to inspection at all times during the business hours of the day to the department or its authorized representatives, a complete record of all special fuel purchased or received and all of such products sold, delivered, or used by them. Such records shall show:

- (a) The date of each receipt;
- (b) The name and address of the person from whom purchased or received;
- (c) The number of gallons received at each place of business or place of storage in the state of Washington;
- (d) The date of each sale or delivery;
- (e) The number of gallons sold, delivered, or used for taxable purposes;
- (f) The number of gallons sold, delivered, or used for any purpose not subject to the tax imposed in this chapter;
- (g) The name, address, and special fuel license number of the purchaser if the special fuel tax is not collected on the sale or delivery;
- (h) The inventories of special fuel on hand at each place of business at the end of each month.

(2)(a) All international fuel tax agreement licensees and dyed special fuel users authorized to use dyed special fuel on highway in vehicles licensed for highway operation shall maintain detailed mileage records on an individual vehicle basis.

(b) Such operating records shall show both on-highway and off-highway usage of special fuel on a daily basis for each vehicle.

(c) In the absence of operating records that show both on-highway and off-highway usage of special fuel on a daily basis for each vehicle, fuel consumption must be computed under RCW 82.38.060.

(3) The department may require a person other than a licensee engaged in the business of selling, purchasing, distributing, storing, transporting, or delivering special fuel to submit periodic reports to the department regarding the disposition of the fuel. The reports must be on forms prescribed by the department and must contain such information as the department may require.

(4) Every person operating any conveyance for the purpose of hauling, transporting, or delivering special fuel in bulk shall have and possess during the entire time the person is hauling special fuel, an invoice, bill of sale, or other statement showing the name, address, and license number of the seller or consigner, the destination, name, and address of the purchaser or consignee, license number, if applicable, and the number of gallons. The person hauling such special fuel shall at the request of any law enforcement officer or authorized representative of the department, or other person authorized by law to inquire into, or investigate those types of matters, produce for inspection such invoice, bill of sale, or other statement and shall permit such official to inspect and gauge the contents of the vehicle.

Sec. 27. RCW 82.38.150 and 1998 c 176 s 67 are each amended to read as follows:

For the purpose of determining the amount of liability for the tax herein imposed, and to periodically update license information, each licensee, other than a special fuel distributor, an international fuel tax agreement licensee, or a dyed special fuel user, shall file monthly tax reports with the department, on forms prescribed by the department.

Dyed special fuel users whose estimated yearly tax liability is two hundred fifty dollars or less, shall file a report yearly, and dyed special fuel users whose estimated yearly tax liability is more than two hundred fifty dollars, shall file reports quarterly. Special fuel users licensed under the international fuel tax agreement shall file reports quarterly. ~~((Special fuel distributors))~~ Heating oil dealers subject to the pollution liability insurance agency fee and reporting requirements shall remit pollution liability insurance agency returns and any associated payment due to the department annually.

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

The department shall establish the reporting frequency for each applicant at the time the special fuel license is issued. If it becomes apparent that any licensee is not reporting in accordance with the above schedule, the department shall change the licensee's reporting frequency by giving thirty days' notice to the licensee by mail to the licensee's address of record. A report shall be filed with the department even though no special fuel was used, or tax is due, for the reporting period. Each tax report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and are made under penalties of perjury, which declaration shall have the same force and effect as a verification of the report and is in lieu of such verification. The report shall show such information as the department may reasonably require for the proper administration and enforcement of this chapter. ~~((For counties within which an additional excise tax on special fuel has been levied by that jurisdiction under RCW 82.80.010, the report must show the quantities of special fuel sold, distributed, or withdrawn from bulk storage by the reporting dealer or user within the county's boundaries and the tax liability from its levy.))~~ A licensee shall file a tax report on or before the twenty-fifth day of the next succeeding calendar month following the period to which it relates.

Subject to the written approval of the department, tax reports may cover a period ending on a day other than the last day of the calendar month. Taxpayers granted approval to file reports in this manner will file such reports on or before the twenty-fifth day following the end of the reporting period. No change to this reporting period will be made without the written authorization of the department.

If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date shown by the post office cancellation mark stamped upon an envelope containing such report properly addressed to the department, or on the date it was mailed if proof satisfactory to the department is available to establish the date it was mailed.

The department, if it deems it necessary in order to insure payment of the tax imposed by this chapter, or to facilitate the administration of this chapter, has the authority to require the filing of reports and tax remittances at shorter intervals than one month if, in its opinion, an existing bond has become insufficient.

Sec. 28. RCW 82.38.180 and 1998 c 176 s 71 are each amended to read as follows:

Any person who has purchased special fuel on which tax has been paid ~~((a special fuel tax either directly or to the vendor from whom it was purchased))~~ may file a claim with the department for a refund of the tax ~~((so paid and shall be reimbursed and repaid the amount of))~~ for:

(1) ~~((Any))~~ Taxes previously paid on special fuel used for purposes other than for the propulsion of motor vehicles upon the public highways in this state.

(2) ~~((Any))~~ Taxes previously paid on special fuel exported for use outside of this state. Special fuel carried from this state in the fuel tank of a motor vehicle is deemed to be exported from this state. Special fuel distributed to a federally recognized Indian tribal reservation located within the state of Washington is not considered exported outside this state.

(3) ~~((Any))~~ Tax, penalty, or interest erroneously or illegally collected or paid.

(4) ~~((Any))~~ Taxes previously paid on all special fuel which is lost or destroyed, while ~~((applicant))~~ the licensee shall be the owner thereof, through fire, lightning, flood, wind storm, or explosion.

(5) ~~((Any))~~ Taxes previously paid on all special fuel of five hundred gallons or more which is lost or destroyed while ~~((applicant))~~ the licensee shall be the owner thereof, through leakage or other casualty except evaporation, shrinkage, or unknown causes.

(6) ~~((Any))~~ Taxes previously paid on special fuel that is inadvertently mixed with dyed special fuel.

Recovery for such loss or destruction under either subsection (4), (5), or (6) of this section must be susceptible to positive proof thereby enabling the department to conduct such

investigation and require such information as ~~((they))~~ it may deem necessary. In the event that the department is not satisfied that the fuel was lost, destroyed, or contaminated as claimed because information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, ~~((they))~~ it may deem such as sufficient cause to deny all right relating to the refund or credit for the excise tax paid on special fuel alleged to be lost or destroyed.

No refund or claim for credit shall be approved by the department unless the gallons of special fuel claimed as nontaxable satisfy the conditions specifically set forth in this section and the nontaxable event or use occurred during the period covered by the refund claim. Refunds or claims for credit ~~((by sellers or users of special fuel))~~ shall not be allowed for anticipated nontaxable use or events.

Sec. 29. RCW 82.38.270 and 2003 c 358 s 14 are each amended to read as follows:

(1) It is unlawful for a person or corporation to:

(2)(a) A single violation of subsection (1)(a) of this section is a gross misdemeanor under chapter 9A.20 RCW.

(b) Multiple violations of subsection (1)(a) of this section and violations of subsection (1)(b) through (f) of this section are a class C felony under chapter 9A.20 RCW.

(3) In addition to other penalties and remedies provided by law, the court shall order a person or corporation found guilty of violating subsection (1)(b) through (f) of this section to:

(a) Pay the tax or fee evaded plus interest, commencing at the date the tax or fee was first due, at the rate of twelve percent per year, compounded monthly; and

(b) Pay a penalty of one hundred percent of the tax evaded, to the multimodal transportation account of the state.

(4) The tax imposed by this chapter is held in trust by the licensee until paid to the department, and a licensee who appropriates the tax to his or her own use or to any use other than the payment of the tax on the due date as prescribed in this chapter is guilty of a felony or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to pay to the department the tax imposed by this chapter is personally liable to the state for the amount of the tax.

by the tribe to operate a retail station located on reservation or trust property. The agreement may provide mutually agreeable means to address any tribal immunities or any preemption of the state special fuel tax.

(2) The provisions of this section do not repeal existing state/tribal fuel tax agreements or consent decrees in existence on the effective date of this act. The state and the tribe may agree to substitute an agreement negotiated under this section for an existing agreement or consent decree, or to enter into an agreement using a methodology similar to the state/tribal fuel tax agreements in effect on the effective date of this act.

(3) If a new agreement is negotiated, the agreement must:

(a) Require that the tribe or the tribal retailer acquire all special fuel only from persons or companies operating lawfully in accordance with this chapter as a special fuel distributor, supplier, importer, or blender, or from a tribal distributor, supplier, importer, or blender lawfully doing business according to all applicable laws;

(b) Provide that the tribe will expend fuel tax proceeds or equivalent amounts on: Planning, construction, and maintenance of roads, bridges, and boat ramps; transit services and facilities; transportation planning; police services; and other highway-related purposes;

(4) Information from the tribe or tribal retailers received by the state or open to state review under the terms of an agreement shall be deemed personal information under RCW 42.56.230(3)(b) and exempt from public inspection and copying.

(5) The governor may delegate the power to negotiate fuel tax agreements to the department of licensing.

(6) The department of licensing shall prepare and submit an annual report to the legislature on the status of existing agreements and any ongoing negotiations with tribes.

Sec. 31. RCW 82.38.320 and 1998 c 176 s 83 are each amended to read as follows:

(1) An international fuel tax agreement licensee who meets the qualifications in subsection (2) of this section may be given special authorization by the department to purchase special fuel delivered into bulk storage without payment of the special fuel tax at the time the fuel is purchased. The special authorization applies only to full truck-trailer loads filled at a terminal rack and delivered directly to the bulk storage facilities of the special authorization holder. The licensee shall pay special fuel tax on the fuel at the time the licensee files their international fuel tax agreement tax return and accompanying schedule with the department. The accompanying schedule shall be provided in a form and manner determined by the department and shall contain information on purchases and usage of all nondyed special fuel purchased during the reporting period. In addition, by the fifteenth day of the month following the month in which fuel under the special authorization was purchased, the licensee must report to the department, the name of the seller and the number of gallons purchased for each purchase of such fuel, and any other information as the department may require.

(2) To receive or maintain special authorization under subsection (1) of this section, the following conditions regarding the international fuel tax agreement licensee must apply:

(a) During the period encompassing the four consecutive calendar quarters immediately preceding the fourth calendar quarter of the previous year, the number of gallons consumed outside the state of Washington as reported on the licensee's international fuel tax agreement tax returns must have been equal to at least twenty percent of the nondyed special fuel gallons, including fuel used on-road and off-road, purchased by the licensee in the state of Washington, as reported on the accompanying schedules required under subsection (1) of this section;

(b) The licensee must have been licensed under the provisions of the international fuel tax agreement during each of

the four consecutive calendar quarters immediately preceding the fourth calendar quarter of the previous year; and

(c) The licensee has not violated the reporting requirements of this section.

(3) Only a licensed special fuel supplier or special fuel importer may sell special fuel to a special authorization holder in the manner prescribed by this section.

(4) A special fuel ((distributor)) supplier or importer who sells special fuel under the special authorization provisions of this section is not liable for the special fuel tax on the fuel. ((By the fifteenth day of the month following the month in which the fuel was sold, the special fuel distributor shall report to the department, the name and special authorization number of the purchaser and the number of gallons sold for each purchase of such special fuel, and any other information as the department may require.)) The special fuel supplier or importer will report such sales, in a manner prescribed by the department, at the time the special fuel supplier or importer submits the monthly tax report.

((4) A supplier selling special fuel under the provisions of this section shall not be responsible for taxes due for special fuel purchased under the provisions of this section.

MESSAGE FROM THE HOUSE

April 10, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5412, with the following amendment: 5412-S AMH TR H3318.1

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds and declares that the citizens of the state expect clear and concise goals, objectives, and responsibilities regarding the operation of the statewide transportation system. Furthermore, the state's citizens expect that the state periodically receive clear and streamlined information that measures whether the goals and

2007 REGULAR SESSION

objectives are being satisfied. Therefore, it is the intent of the legislature that this act serve to clarify existing goals, objectives, and responsibilities related to the operation of an efficient statewide transportation system.

Sec. 2. RCW 47.01.011 and 1977 ex.s. c 151 s 1 are each amended to read as follows:

The legislature hereby recognizes the following imperative needs within the state: To create a statewide transportation development plan which identifies present status and sets goals for the future; to coordinate transportation modes; to promote and protect land use programs required in local, state, and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state's transportation systems; and to coordinate and implement national transportation policy with the state transportation planning program.

The legislature finds and declares that placing all elements of transportation in a single department is fully consistent with and shall in no way impair the use of moneys in the motor vehicle fund exclusively for highway purposes.

Through this chapter, a unified department of transportation is created. To the jurisdiction of this department will be transferred the present powers, duties, and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, and the canal commission, and the transportation related powers, duties, and functions of the planning and community affairs agency. The powers, duties, and functions of the department of transportation must be performed in a manner consistent with the policy goals set forth in RCW 47.01.012 (as recodified by this act).

Sec. 3. RCW 47.01.012 and 2002 c 5 s 101 are each amended to read as follows:

(1) It is the intent of the legislature to establish policy goals for the planning, operation, performance of, and investment in, the state's transportation system. The policy goals ((shall consist of, but not be limited to, the following)) established under this section are deemed consistent with the benchmark categories((s)) adopted by the state's blue ribbon commission on transportation on November 30, 2000. ((In addition to improving safety,)) Public investments in transportation ((shall) should support achievement of these ((and other priority)) policy goals:

((No interstate highways, state routes, and local arterials shall be in poor condition; no bridges shall be structurally deficient, and safety retrofits shall be performed on those state bridges at the highest seismic risk levels; traffic congestion on urban state highways shall be significantly reduced and be no worse than the national mean; delay per driver shall be significantly reduced and no worse than the national mean; per capita vehicle miles traveled shall be maintained at 2000 levels; the nonauto share of commuter trips shall be increased in urban areas; administrative costs as a percentage of transportation spending shall achieve the most efficient quartile nationally; and the state's public transit agencies shall achieve the median cost per vehicle revenue hour of peer transit agencies, adjusting for the regional cost-of-living.))

(a) Preservation: To maintain, preserve, and extend the life and utility of prior investments in transportation systems and services;

(b) Safety: To provide for and improve the safety and security of transportation customers and the transportation system;

(c) Mobility: To improve the predictable movement of goods and people throughout Washington state;

(d) Environment: To enhance Washington's quality of life through transportation investments that promote energy conservation, enhance healthy communities, and protect the environment; and

(e) Stewardship: To continuously improve the quality, effectiveness, and efficiency of the transportation system.

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

(2) The powers, duties, and functions of state transportation agencies must be performed in a manner consistent with the policy goals set forth in subsection (1) of this section.

To support achievement of the policy goals described in RCW 47.01.012, the department shall:

- (1) Maintain an inventory of the condition of structures and corridors, and maintain a list of those structures and corridors in most urgent need of retrofit or rehabilitation;
- (2) Develop long-term financing plans that sustainably support ongoing maintenance and preservation of the transportation infrastructure;
- (3) Balance system safety and convenience through all phases of a project to accommodate all users of the transportation system, including vehicles, freight, pedestrians, bicyclists, and transit users, to safely, reliably, and efficiently provide mobility to people and goods;
- (4) Develop strategies to gradually reduce the per capita vehicle miles traveled based on consideration of a range of reduction methods including, but not limited to: Consideration of enhancements to and expansion of public transportation options; transportation demand management; bicycle and pedestrian infrastructure; vanpool and carpool programs; incentive programs; and innovative design approaches;
- (5) Utilize efficiency tools, including high-occupancy vehicle and high-occupancy toll lanes, corridor-specific and systemwide pricing strategies, active traffic management, commute trip reduction, and other demand management tools;

The ((adopted)) proposed ten-year investment program must be forwarded as a recommendation ((to)) by the ((governor and)) office of financial management to the legislature, and ((is subject to the approval of the legislature in the biennial transportation budget act. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program)) must be based upon the needs identified in the ((state-owned highway component of the)) statewide ~~((comprehensive))~~ transportation plan established under RCW 47.01.071(4).~~

~~((4)) (2) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. ((The preservation program must require use of the most cost-effective pavement surfaces, considering:~~

- ~~— (a) Life-cycle cost analysis;~~
- ~~— (b) Traffic volume;~~
- ~~— (c) Subgrade soil conditions;~~
- ~~— (d) Environmental and weather conditions;~~
- ~~— (e) Materials available; and~~
- ~~— (f) Construction factors.~~

~~The comprehensive ten-year investment program for preservation must identify projects for two years and an improvement plan for the remaining eight years.~~

~~— (2)) (3) The improvement program consists of investments needed to address identified deficiencies on the state highway system to ((increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate)) meet the goals established in RCW 47.01.012 (as recodified by this act).~~

Sec. 8. RCW 47.05.035 and 2006 c 334 s 46 are each amended to read as follows:

(1) The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

~~((3) In developing program objectives and performance measures, the department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.~~

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

~~—(4) The department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:~~

~~—(a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;~~

~~—(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;~~

~~—(c) The continuity of future transportation development with those improvements previously programmed; and~~

~~—(d) The availability of dedicated funds for a specific type of work.~~

~~—(5) The department shall consider the findings in this section in the development of the ten-year investment program.)~~

Sec. 9. RCW 47.06.020 and 1993 c 446 s 2 are each amended to read as follows:

The specific role of the department in transportation planning ~~((shall))~~ must be, consistent with the policy goals described under RCW 47.01.012 (as recodified by this act): (1) Ongoing coordination and development of statewide transportation policies that guide all Washington transportation providers; (2) ongoing development of a statewide multimodal transportation plan that includes both state-owned and state-interest facilities and services; (3) coordinating the state high-capacity transportation planning and regional transportation planning programs; ~~((and))~~ (4) conducting special transportation planning studies that impact state transportation facilities or relate to transportation facilities and services of statewide significance; and (5) assisting the transportation commission in the development of the statewide transportation plan required under RCW 47.01.071(4). Specific requirements for each of these state transportation planning components are described in this chapter.

Sec. 10. RCW 47.06.050 and 2002 c 5 s 413 are each amended to read as follows:

The state-owned facilities component of the statewide multimodal transportation plan shall consist of:

(1) The state highway system plan, which identifies program and financing needs and recommends specific and financially realistic improvements to preserve the structural integrity of the state highway system, ensure acceptable operating conditions, and provide for enhanced access to scenic, recreational, and cultural resources. The state highway system plan shall contain the following elements:

(a) A system preservation element, which shall establish structural preservation objectives for the state highway system including bridges, identify current and future structural deficiencies based upon analysis of current conditions and projected future deterioration, and recommend program funding levels and specific actions necessary to preserve the structural integrity of the state highway system consistent with adopted objectives. Lowest life cycle cost methodologies must be used in developing a pavement management system. This element shall serve as the basis for the preservation component of the six-year highway program and the two-year biennial budget request to the legislature;

(b) A highway maintenance element, establishing service levels for highway maintenance on state-owned highways ~~((that meet benchmarks established by the transportation commission))~~. The highway maintenance element must include an estimate of costs for achieving those service levels over twenty years. This element will serve as the basis for the maintenance component of the six-year highway program and the two-year biennial budget request to the legislature;

(c) A capacity and operational improvement element, which shall establish operational objectives, including safety considerations, for moving people and goods on the state highway system, identify current and future capacity, operational, and safety deficiencies, and recommend program funding levels and specific improvements and strategies necessary to achieve the operational objectives. In developing capacity and operational improvement plans the department shall first assess strategies to enhance the operational efficiency of the existing system before recommending system expansion. Strategies to enhance the operational efficiencies include but are

not limited to access management, transportation system management, demand management, and high-occupancy vehicle facilities. The capacity and operational improvement element must conform to the state implementation plan for air quality and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and shall serve as the basis for the capacity and operational improvement portions of the six-year highway program and the two-year biennial budget request to the legislature;

(d) A scenic and recreational highways element, which shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and recommend a variety of management strategies to protect, preserve, and enhance these resources. The department, affected counties, cities, and towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element;

(e) A paths and trails element, which shall identify the needs of nonmotorized transportation modes on the state transportation systems and provide the basis for the investment of state transportation funds in paths and trails, including funding provided under chapter 47.30 RCW.

(2) The state ferry system plan, which shall guide capital and operating investments in the state ferry system. The plan shall establish service objectives for state ferry routes, forecast travel demand for the various markets served in the system, develop strategies for ferry system investment that consider regional and statewide vehicle and passenger needs, support local land use plans, and assure that ferry services are fully integrated with other transportation services. The plan must provide for maintenance of capital assets. The plan must also provide for preservation of capital assets based on lowest life cycle cost methodologies. The plan shall assess the role of private ferries operating under the authority of the utilities and transportation commission and shall coordinate ferry system capital and operational plans with these private operations. The ferry system plan must be consistent with the regional transportation plans for areas served by the state ferry system, and shall be developed in conjunction with the ferry advisory committees.

Sec. 11. RCW 47.06.140 and 1998 c 171 s 7 are each amended to read as follows:

The legislature declares the following transportation facilities and services to be of statewide significance: Highways of statewide significance as designated by the legislature under chapter 47.05 RCW, the interstate highway system, interregional state principal arterials including ferry connections that serve statewide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, and high-capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of statewide significance in the statewide multimodal transportation plan. Improvements to facilities and services of statewide significance identified in the statewide multimodal transportation plan, or to highways of statewide significance designated by the legislature under chapter 47.05 RCW, are essential state public facilities under RCW 36.70A.200.

The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of statewide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of statewide significance. In establishing level of service standards for state highways and state ferry routes of statewide significance, the department shall consider the necessary balance between

providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities.

Sec. 12. RCW 35.95A.120 and 2003 c 147 s 14 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee, as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority's initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue service five-year spend down schedule if an independent financial advisor recommends such an approach is financially advisable. Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner's claims are deemed valid by the city prosecutor, within ten days of the petitioner's filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority retention and a negative vote on the measure results in the authority's dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in RCW ((29-13-010) 29A.04.321 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

(2) A city transportation authority is dissolved and terminated if all of the following events occur before or after the effective date of this section:

(a) A majority of the qualified electors voting at a regular or special election determine that new public monorail transportation facilities must not be built;

(b) The governing body of the authority adopts a resolution and publishes a notice of the proposed dissolution at least once every week for three consecutive weeks in a newspaper of general circulation published in the authority area. The resolution and notice must:

(i) Describe information that must be included in a notice of claim against the authority including, but not limited to, any claims for refunds of special motor vehicle excise tax levied under RCW 35.95A.080 and collected by or on behalf of the authority;

(ii) Provide a mailing address where a notice of claim may be sent;

(iii) State the deadline, which must be at least ninety days from the date of the third publication, by which the authority must receive a notice of claim; and

(iv) State that a claim will be barred if a notice of claim is not received by the deadline;

(c) The authority resolves all claims timely made under (b) of this subsection; and

(d) The governing body adopts a resolution (i) finding that the conditions of (a) through (c) of this subsection have been met and (ii) dissolving and terminating the authority.

(3) A claim against a city transportation authority is barred if (a) a claimant does not deliver a notice of claim to the authority by the deadline stated in subsection (2)(b)(iii) of this section or (b) a claimant whose claim was rejected by the authority does not commence a proceeding to enforce the claim within sixty days from receipt of the rejection notice. For purposes of this subsection, "claim" includes, but is not limited to, any right to payment, whether liquidated, unliquidated, fixed, contingent, matured, unmatured, disputed, undisputed, legal, equitable, secured, or unsecured, or the right to an equitable remedy for breach of performance if the breach gives rise to a right to payment, whether or not the right to an equitable remedy is fixed, contingent, matured, unmatured, disputed, undisputed, secured, or unsecured, including, but not limited to, any claim for a refund of special motor vehicle excise tax levied under RCW 35.95A.080 and collected by or on behalf of the authority.

(4) The governing body of the authority may transfer any net assets to one or more other political subdivisions with instructions as to their use or disposition. The governing body shall authorize this transfer in the resolution that dissolves and terminates the authority under subsection (2)(d) of this section.

(5) Upon the dissolution and termination of the authority, the former officers, directors, employees, and agents of the authority shall be immune from personal liability in connection with any claims brought against them arising from or relating to their service to the authority, and any claim brought against any of them is barred.

(6) Upon satisfaction of the conditions set forth in subsection (2)(a) and (b) of this section, the terms of all members of the governing body of the city transportation authority, whether elected or appointed, who are serving as of the date of the adoption of the resolution described in subsection (2)(b) of this section, shall be extended, and incumbent governing body members shall remain in office until dissolution of the authority, notwithstanding any provision of any law to the contrary.

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:

2007 REGULAR SESSION

MESSAGE FROM THE HOUSE

April 10, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5627, with the following amendment: 5627-S2.E AMH ENGR H3528.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The state's definition of basic education and the corresponding funding formulas must be regularly updated in order to keep pace with evolving educational practices and increasing state and federal requirements and to ensure that all schools have the resources they need to help give all students the opportunity to be fully prepared to compete in a global economy. The work of Washington learns steering committee and the K-12 advisory committee provides a valuable starting point from which to evaluate the current educational system and develop a unique, transparent, and stable educational funding system for Washington that supports the goals and the vision of a world-class learner-focused K-12 educational system that were established in the final Washington learns report.

This act is intended to make provision for some significant steps towards a new basic education funding system and establishes a joint task force to address the details and next steps beyond the 2007-2009 biennium that will be necessary to implement a new comprehensive K-12 finance formula or formulas that will provide Washington schools with stable and adequate funding as the expectations for the K-12 system continue to evolve.

NEW SECTION. Sec. 2. (1) The joint task force on basic education finance established under this section, with research support from the Washington state institute for public policy, shall review the definition of basic education and all current basic education funding formulas, develop options for a new funding structure and all necessary formulas, and propose a new definition of basic education that is realigned with the new expectations of the state's education system as established in the November 2006 final report of the Washington learns steering committee and the basic education provisions established in chapter 28A.150 RCW.

(2) The joint task force on basic education finance shall consist of fourteen members:

(a) A chair of the task force with experience with Washington finance issues including knowledge of the K-12 funding formulas, appointed by the governor;

(b) Eight legislators, with two members from each of the two largest caucuses of the senate appointed by the president of the senate and two members from each of the two largest caucuses of the house of representatives appointed by the speaker of the house of representatives;

(c) A representative of the governor's office or the office of financial management, designated by the governor;

(d) The superintendent of public instruction or the superintendent's designee; and

(e) Three individuals with significant experience with Washington K-12 finance issues, including the use and application of the current basic education funding formulas, appointed by the governor. Each of the two largest caucuses of the house of representatives and the senate may submit names to the governor for consideration.

(3) In conducting research directed by the task force and developing options for consideration by the task force, the Washington state institute for public policy shall consult with stakeholders and experts in the field. The institute may also request assistance from the legislative evaluation and accountability program committee, the office of the superintendent of public instruction, the office of financial management, the house office of program research, and senate committee services.

(4) In developing recommendations, the joint task force shall review and build upon the following:

(a) Reports related to K-12 finance produced at the request of or as a result of the Washington learns study, including reports completed for or by the K-12 advisory committee;

(b) High-quality studies that are available; and

(c) Research and evaluation of the cost-benefits of various K-12 programs and services developed by the institute as directed by the legislature in section 607(15), chapter 372, Laws of 2006.

(5) The Washington state institute for public policy shall provide the following reports to the joint task force:

(a) An initial report by September 15, 2007, proposing an initial plan of action, reporting dates, timelines for fulfilling the requirements of section 3 of this act, and an initial timeline for a phased-in implementation of a new funding system that does not exceed six years;

(b) A second report by December 1, 2007, including implementing legislation as necessary, for at least two but no more than four options for allocating school employee compensation. One of the options must be a redirection and prioritization within existing resources based on research-proven education programs. The report must also include a projection of the expected effect of the investment made under the new funding structure. The second report shall also include a finalized timeline and plan for addressing the remaining components of a new funding system; and

(c) A final report with at least two but no more than four options for revising the remaining K-12 funding structure, including implementing legislation as necessary, and a timeline for phasing in full adoption of the new funding structure. The final report shall be submitted to the joint task force by September 15, 2008. One of the options must be a redirection and prioritization within existing resources based on research-proven education programs. The final report must also include a projection of the expected effect of the investment made under the new funding structure.

NEW SECTION. Sec. 3. (1) The funding structure alternatives developed by the joint task force under section 2 of this act shall take into consideration the legislative priorities in this section, to the maximum extent possible and as appropriate to each formula.

(2) The funding structure should reflect the most effective instructional strategies and service delivery models and be based on research-proven education programs and activities with demonstrated cost benefits. In reviewing the possible strategies and models to include in the funding structure the task force shall, at a minimum, consider the following issues:

(a) Professional development for all staff;

(b) Voluntary all-day kindergarten;

(c) Optimum class size, including different class sizes based on grade level and ways to reduce class size;

(d) Focused instructional support for students and schools;

(e) Extended school day and school year options; and

(f) Health and safety requirements.

(3) The recommendations should provide maximum transparency of the state's educational funding system in order to better help parents, citizens, and school personnel in Washington understand how their school system is funded.

(4) The funding structure should be linked to accountability for student outcomes and performance.

(5) The task force shall recommend a compensation system for instructional staff that includes pay for performance, knowledge, and skills elements; elements to recognize assignments that are difficult; and recognition for the professional teaching level certificate in the salary allocation model. The task force shall also recommend a plan to implement the revised compensation system.

NEW SECTION. Sec. 4. As the joint task force considers a new definition of basic education as required under section 2 of this act, the task force shall consider the following proposed basic education goals and shall make recommendations regarding whether the proposed goals provide adequate guidance and vision for the state's education system in the twenty-first century:

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

"The goal of the basic education act for the schools of the state of Washington set forth in this chapter shall be to provide students with the opportunity to become responsible and respectful global citizens, to contribute to their economic well-being and that of their families and communities, to explore and understand diverse perspectives, to enjoy productive and satisfying lives, and to develop a public school system that focuses on the educational achievement of all students, which includes high expectations for and prepares students to achieve personal and academic success. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for every student to develop the knowledge and skills essential to:

(1) Read with comprehension, write effectively, and communicate successfully in a variety of ways and settings and with a variety of audiences;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; world history, cultures, and geography; civics and arts; and health and fitness;

(3) Think analytically, logically, and creatively, and to integrate different experiences and knowledge to form reasoned judgments and solve problems;

MESSAGE FROM THE HOUSE

April 6, 2007

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5790, with the following amendment: 5790-S2 AMH QUAL H3351.2; 5790-S2 AMH COLV 029

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that student access to programs offered at skill centers can help prepare them for careers, apprenticeships, and postsecondary education. The legislature further finds that current limits on how school districts and skill centers report full-time equivalent students and the time students are served provide a disincentive for school districts to send their students to skill centers. The legislature further finds that there are barriers to providing access to students in rural and remote areas but that there are opportunities to do so with satellite and branch campus programs, distance and online learning programs, and collaboration with higher education, business, and labor. The legislature further finds that skill centers provide opportunities

for dropout prevention and retrieval programs by offering programs that accommodate students' work schedules and provide credit retrieval opportunities. The legislature further finds that implementing the recommendations from the study by the workforce training and education coordinating board will enhance skill center programs and student access to those programs.

NEW SECTION. Sec. 2. A skill center is a regional career and technical education partnership established to provide access to comprehensive industry-defined career and technical programs of study that prepare students for careers, employment, apprenticeships, and postsecondary education. A skill center is operated by a host school district and governed by an administrative council in accordance with a cooperative agreement.

NEW SECTION. Sec. 3. Beginning in the 2007-08 school year and thereafter, students attending skill centers shall be funded for all classes at the skill center and the sending districts, up to two full-time equivalents. The office of the superintendent of public instruction shall develop procedures to ensure that the school district and the skill center report no student for more than two full-time equivalent students combining both their high school enrollment and skill center enrollment.

NEW SECTION. Sec. 4. (1) The office of the superintendent of public instruction shall review and revise the guidelines for skill centers to encourage skill center programs. The superintendent, in cooperation with the workforce training and education coordinating board, skill center directors, and the Washington association for career and technical education, shall review and revise the existing skill centers' policy guidelines and create and adopt rules governing skill centers as follows:

(a) The threshold enrollment at a skill center shall be revised so that a skill center program need not have a minimum of seventy percent of its students enrolled on the skill center core campus in order to facilitate serving rural students through expansion of skill center programs by means of satellite programs or branch campuses;

(b) The developmental planning for branch campuses shall be encouraged. Underserved rural areas or high-density areas may partner with an existing skill center to create satellite programs or a branch campus. Once a branch campus reaches sufficient enrollment to become self-sustaining, it may become a separate skill center or remain an extension of the founding skill center; and

(c) Satellite and branch campus programs shall be encouraged to address high-demand fields.

(2) Rules adopted under this section shall allow for innovative models of satellite and branch campus programs, and such programs shall not be limited to those housed in physical buildings.

(3) The superintendent of public instruction shall develop and deliver a ten-year capital plan for legislative review before implementation.

(4) Subject to available funding, the superintendent shall:

(a) Conduct approved feasibility studies for serving noncooperative rural and high-density area students in their geographic areas; and

(b) Develop a statewide master plan that identifies standards and resources needed to create a technology infrastructure for connecting all skill centers to the K-20 network.

NEW SECTION. Sec. 5. Subject to available funding, skill centers shall provide access to late afternoon and evening sessions and summer school programs, to rural and high-density area students aligned with regionally identified high-demand occupations. When possible, the programs shall be specifically targeted for credit retrieval, dropout prevention and intervention for at-risk students, and retrieval of dropouts. Skill centers that receive funding for these activities must participate in an evaluation that is designed to quantify results and identify best practices, collaborate with local community partners in providing a comprehensive program, and provide matching funds.

NEW SECTION. Sec. 6. (1) The superintendent of public instruction shall establish and support skill centers of excellence in key economic sectors of regional significance. The

NINETY-SEVENTH DAY, APRIL 14, 2007

superintendent shall broker the development of skill centers of excellence and identify their roles in developing curriculum and methodologies for reporting skill center course equivalencies for purposes of high school graduation.

(2) Once the skill centers of excellence are established, the superintendent of public instruction shall develop and seek funding for a running start for career and technical education grant program to develop and implement career and technical programs of study targeted to regionally determined high-demand occupations. Grant recipients should be partnerships of skill centers of excellence, community college centers of excellence, tech-prep programs, industry advisory committees, area workforce development councils, and skill panels in the related industry. Grant recipients should be expected to develop and assist in the replication of model career and technical education programs of study. The career and technical education programs of study developed should be consistent with the expectations in the applicable federal law.

NEW SECTION. Sec. 7. The superintendent of public instruction shall assign at least one full-time equivalent staff position within the office of the superintendent of public instruction to serve as the director of skill centers.

Sec. 8. RCW 84.52.068 and 2005 c 514 s 1104 are each amended to read as follows:

(1) A portion of the proceeds of the state property tax levy shall be deposited into the student achievement fund as provided in this section.

(2)(a) The amount of the deposit shall be based upon the average number of full-time equivalent students in the school districts during the previous school year as reported to the office of the superintendent of public instruction by August 31st of the previous school year.

(b) For the 2004-2005 through 2007-2008 school years, an annual amount equal to two hundred fifty-four dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(c) For the 2008-2009 school year, an annual amount equal to two hundred sixty-five dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(d) For the 2009-2010 school year, an annual amount equal to two hundred seventy-seven dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(e) For the 2010-2011 school year and each year thereafter, an annual amount equal to two hundred seventy-eight dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(f) The school district annual amounts shall be deposited based on the monthly apportionment schedule as defined in RCW 28A.510.250. The office of the superintendent of public instruction shall notify the department of the monthly amounts to be deposited into the student achievement fund to meet the apportionment schedule. The superintendent of public instruction shall ensure that moneys generated by skill center students is returned to skill centers.

NEW SECTION. Sec. 9. Sections 2 through 7 of this act constitute a new chapter in Title 28A RCW."

Based on this information, the office of the superintendent of public instruction shall compile a list of transportation service options being used and make that list available to all after-school program providers that were eligible for the community learning center program grants.

(5) To the extent that funding is available for this purpose, the office of the superintendent of public instruction may provide grants or other support for the training and professional development of community learning center staff, the activities of intermediary after-school organizations, and efforts to increase public awareness of the availability and benefits of after-school programs.

NEW SECTION. Sec. 6. CAREER PATHWAYS PROGRAMS. (1) Subject to funds appropriated for this purpose, the superintendent of public instruction shall provide grants to support development of career pathways programs in high-demand fields. A portion of the appropriated funds shall be administered by an experienced nonprofit health organization and be used to create health care career pathways with geographically dispersed high school partnerships. If sufficient funds remain, grant funds may be used to upgrade equipment within the program to meet industry standards.

(4) A career pathways program shall:

(7) With assistance from the office of the superintendent of public instruction and the workforce training and education coordinating board, grant recipients shall develop end-of-program assessments for their high-demand career pathways program. The assessments shall be integrated to include academic, work readiness, and technical knowledge and skills. The legislature's intent is to use these assessments as prototypes for possible future additional alternative assessments for career and technical education students to demonstrate they meet the state's learning standards.

(8) Grant recipients must develop a communications strategy for parents and students in other area high schools and middle schools to promote the model career pathways programs as a high-quality learning option for students and prepare plans for replication of the programs.

(9) For the purposes of this section, "career pathways program" has the same meaning as a career and technical program of study under P.L. 109-270, the Carl D. Perkins career and technical education improvement act of 2006.

(10) This section expires July 1, 2009.

(a) By December 2007:

(i) Adopt new knowledge and skill standards that prepare all individuals seeking residency teacher certification to integrate mathematics across all content areas; and

NEW SECTION. Sec. 3. Sections 3 through 7 of this act represent core components of a comprehensive initiative to improve mathematics, science, and targeted secondary reading education and achievement through educator professional development and support. The initiative focuses on:

(1) A regional delivery system to provide professional development and support to schools and school districts through the educational service districts;

(2) A tiered support system that provides resources, services, assistance, and intervention for schools and districts, depending on their levels of need;

(3) Leveraging existing public and private resources and district-initiated activities; and

(4) Accountability through outcome-oriented performance agreements, contracts, reporting, and data collection.

NEW SECTION. Sec. 4. (1) The mathematics, science, and targeted secondary reading improvement initiative shall provide the capacity and resources for the superintendent of public instruction, educational service districts, school districts, and

schools to conduct a broad range of activities, depending on the level of need and priority of the school or district. The focus of the initiative is on building and enhancing the quality of mathematics and science instruction.

(2) Activities supported by the initiative include, but are not limited to:

(a) Targeted professional development in content knowledge, content-specific pedagogy, differentiated instruction, effective teaching strategies, learning modules, and mathematics and science standards and curriculum;

(b) Use and analysis of diagnostic assessments and other data on student achievement to improve instruction;

(c) Curriculum alignment and development or purchase of supplemental materials;

(d) Integration of technology; and

The methodology shall take into account the anticipated demand and need for services by school districts in each tier and the size of those school districts. The methodology shall also reflect a higher priority and greater need for support and resources for schools and districts in tier three;

(4) Develop guidelines for educational service districts in administering grants, developing district improvement agreements, and implementing intensive intervention and support services. The guidelines shall not require all educational service districts to follow the same procedures in all circumstances, but shall ensure general equity for school districts across the state in how the districts may access resources under the initiative and the activities and services that are provided by the educational service districts;

(5) Identify the schools and school districts eligible for tier three intensive intervention and support, based on low student performance in mathematics and science. The superintendent shall consider whether the school has the capacity to feasibly integrate additional resources with any existing state or federal improvement funds. (6) In collaboration with the educational service districts, develop guidelines and a common reporting format for collecting data and information about the activities and outcomes under the initiative and designate one or more common diagnostic assessments for districts to use in reporting and monitoring student achievement.

NEW SECTION. Sec. 6. Resources for the mathematics, science, and targeted secondary reading improvement initiative shall be provided through the office of the superintendent of public instruction and educational service districts to schools and school districts based on a tiered support system. The legislature's intent is that resources from the mathematics, science, and targeted secondary reading improvement initiative are provided over a four-year period.

The office of the superintendent of public instruction, the educational service district, and the school district shall develop a joint agreement that identifies the services and support to be provided by the educational service district, the activities to be conducted by the district using improvement agreement funds, and the expected measurable outcomes from the activities. Recipients of funds under a tier two improvement agreement must report results of the activities supported by the agreement in a prescribed format, including student achievement data from designated diagnostic assessments.

(3) Tier three: Intensive intervention and support. School districts and schools with low student performance in mathematics, science, and/or secondary reading as identified by the superintendent of public instruction under section 5 of this act are eligible for intensive intervention and support coordinated by the office of the superintendent of public instruction and/or the educational service district. School districts or individual schools may receive tier three support. Recipients of funds under tier three support must:

NEW SECTION. Sec. 10. Sections 3 through 7 of this act are each added to chapter 28A.415 RCW under the subchapter heading "mathematics, science, and targeted secondary reading improvement initiative."

Sec. 11. RCW 28A.415.200 and 1989 c 146 s 1 are each amended to read as follows:

The legislature finds that it is important to have a teaching force that reflects the rich diversity of the students served in the public schools. A diverse and culturally competent teaching force provides a unique social, emotional, and academic learning environment for a diverse student body. The legislature further finds that certain groups, as characterized by ethnic background, are traditionally underrepresented in the teaching profession in the state of Washington and that the ethnic diversity of the student population in the state of Washington is increasing. ~~(The legislature intends to increase the number of people from underrepresented groups entering our teaching force.)~~ The legislature further finds that Washington lacks a systemic and strategic recruitment approach to increasing diversity among educators. Additional steps must be taken to increase the number of diverse high school students who seek to enter the teaching profession, especially in teacher shortage areas and among multilingual, multicultural students.

NEW SECTION. Sec. 12. A new section is added to chapter 28A.415 RCW to read as follows:

(1) The recruiting diverse Washington teachers program is established to recruit and provide training and support for diverse high school students to enter the teaching profession, especially in teacher shortage areas and among multilingual, multicultural students. The program shall be administered by the professional educator standards board.

(2) The program shall consist of the following components:

NINETY-SEVENTH DAY, APRIL 14, 2007

2007 REGULAR SESSION

(a) Targeted recruitment of diverse students, especially multilingual, multicultural students in grades nine through twelve through outreach and communication strategies. The focus of recruitment efforts shall be on encouraging students to consider and explore becoming future teachers in mathematics, science, bilingual education, special education, and English as a second language;

(b) A curriculum that provides future teachers with opportunities to observe classroom instruction at all grade levels; includes preteaching internships at all grade levels with a focus on shortage areas; and covers such topics as lesson planning, learning styles, student learning data and information, the achievement gap, cultural competency, and education policy;

(c) Academic and community support services for students to help them overcome possible barriers to becoming future teachers, such as supplemental tutoring; advising on college readiness, applications, and financial aid processes; and mentoring; and

(d) Future teacher camps held on college campuses where students can attend workshops and interact with college faculty and current teachers.

(3) As part of its administration of the program, the professional educator standards board shall:

(a) Develop the curriculum and program guidelines in consultation with an advisory group of teachers, representatives of teacher preparation programs, teacher candidates, students, and representatives of diverse communities;

(b) Subject to funds appropriated for this purpose, allocate grant funds through a competitive process to partnerships of high schools, teacher preparation programs, and community-based organizations to design and deliver programs that include the components under subsection (2) of this section; and

(c) Conduct an evaluation of the effectiveness of current strategies and programs for recruiting diverse teachers, especially multilingual, multicultural teachers, in Washington and in other states. The board shall use the findings from the evaluation to revise the recruiting diverse Washington teachers program as necessary and make other recommendations to teacher preparation programs or the legislature.

NEW SECTION. Sec. 13. RCW 28A.415.205 (Minority teacher recruitment program) and 2005 c 497 s 211, 1991 c 238 s 75, & 1989 c 146 s 2 are each repealed.

REMARKS BY LT. COLONEL BRUCE CRANDALL

Lt. Colonel Crandall: "Thank you. As a commander I have a great responsibility to my troops and my co-aircraft was from Boise, Idaho, Ed Freeman, and he received the Medal of Honor also. I am tremendously proud of him but both of us had one thing in common and that's we had wive's and families back home that supported us and were with us for all the time that we were in the service. They had to put up with our continuous transfers away from home and they carried the ball. They're the real strong ones. We owe them the opportunities that we had. My wife, we've been married for fifty-one years and sixteen days and she has been the strength for all of those years. She's from Kent, Washington. She raised three boys and as she tells me frequently she really raised four. I wanted to recognize her because she's the one that really backed me the full time I was in the service. Thank you very much for the honor. It's a great honor and I went to high school over here next to the courthouse in 1951 and I was on top of this building because they took the cupola off and they put a ramp up the outside and that was too much for a high school kid to ignore. Our high school was right next to the courthouse which had a very calming influence on us."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced members of all branches of the Armed Forces who present seated in the gallery.

The House has passed SUBSTITUTE SENATE BILL NO. 5243, with the following amendment: 5243-S AMH HS H3112.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.40.210 and 2002 c 175 s 27 are each amended to read as follows:

(1) The secretary shall set a release date for each juvenile committed to its custody. The release date shall be within the prescribed range to which a juvenile has been committed under RCW 13.40.0357 or 13.40.030 except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile's minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter. Days spent in the custody of the department shall be

2007 REGULAR SESSION

tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(2) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the release of any juvenile under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section. The decision to place an offender on parole shall be based on an assessment by the department of the offender's risk for reoffending upon release. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile's reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community restitution. Community restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community restitution may be performed through public or private organizations or through work crews.

(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply

with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; and (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4)(a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) and (vi) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and (vi) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the youth has completed the basic training camp program as described in RCW 13.40.320.

(b) The secretary may modify parole and order any of the conditions or may return the offender to confinement for up to twenty-four weeks if the offender was sentenced for a sex offense as defined under RCW 9A.44.130 and is known to have violated the terms of parole. Confinement beyond thirty days is intended to only be used for a small and limited number of sex offenders. It shall only be used when other graduated sanctions or interventions have not been effective or the behavior is so egregious it warrants the use of the higher level intervention and the violation: (i) Is a known pattern of behavior consistent with a previous sex offense that puts the youth at high risk for reoffending sexually; (ii) consists of sexual behavior that is determined to be predatory as defined in RCW 71.09.020; or (iii) requires a review under chapter 71.09 RCW, due to a recent overt act. The total number of days of confinement for violations of parole conditions during the parole period shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying offense pursuant to RCW 13.40.0357. The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation. The department is authorized to engage in rule making pursuant to chapter 34.05 RCW, to implement this subsection, including narrowly defining the behaviors that could lead to this higher level intervention.

(c) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall modify the parole under (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that local governments need flexible financing for public improvements that do not increase the combined state and local sales tax rate.

Sec. 2. RCW 39.100.010 and 2006 c 111 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Sec. 3. RCW 39.100.020 and 2006 c 111 s 2 are each amended to read as follows:

A local government may finance public improvements using hospital benefit zone financing subject to the following conditions:

(1) The local government adopts an ordinance designating a benefit zone within its boundaries and specifying the public improvements proposed to be financed in whole or in part with the use of hospital benefit zone financing;

(2) The public improvements proposed to be financed in whole or in part using hospital benefit zone financing are expected both to encourage private development within the benefit zone and to support the development of a hospital that has received a certificate of need;

(3) Private development that is anticipated to occur within the benefit zone, as a result of the public improvements, will be consistent with the county-wide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW; (~~and~~)

(4) The governing body of the local government finds that the public improvements proposed to be financed in whole or in part using hospital benefit zone financing are reasonably likely to:

- (a) Increase private investment within the benefit zone;
- (b) Increase employment within the benefit zone; and
- (c) Generate, over the period of time that the local sales and use tax will be imposed under RCW 82.14.465, excess state (~~and local sales and use tax revenues~~) excise taxes that are equal to or greater than the (~~respective~~) state (~~and local~~) contributions made under this chapter;

(5) The boundaries of a hospital benefit zone may not overlap any part of the boundaries of another hospital benefit zone or a revenue development area defined in chapter 39.102 RCW; and

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

(6) The boundaries of a hospital benefit zone may not change once the hospital benefit zone is established and approved by the department.

Sec. 4. RCW 39.100.030 and 2006 c 111 s 3 are each amended to read as follows:

(1) Before adopting an ordinance creating the benefit zone, a local government must:

(a) Obtain written agreement for the use of hospital benefit zone financing to finance all or a portion of the costs of the designated public improvements from any taxing authority that imposes a sales or use tax under chapter 82.14 RCW within the benefit zone if the taxing authority chooses to participate in the public improvements to the extent of providing limited funding under hospital benefit zone financing authorized under this chapter. The agreement must be authorized by the governing body of such participating taxing authorities; and

(b) Hold a public hearing on the proposed financing of the public improvement in whole or in part with hospital benefit zone financing.

(i) Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed benefit zone at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed benefit zone.

(ii) Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by hospital benefit zone financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed benefit zone, and estimate the period during which hospital benefit zone financing is contemplated to be used. The public hearing may be held by either the governing body of the local government, or a committee of the governing body that includes at least a majority of the whole governing body.

(2) In order to create a benefit zone, a local government must adopt an ordinance establishing the benefit zone that:

(a) Describes the public improvements;

(b) Describes the boundaries of the benefit zone;

(c) Estimates the cost of the public improvements and the portion of these costs to be financed by hospital benefit zone financing;

(d) Estimates the time during which excess local excise taxes are to be used to finance public improvement costs associated with the public improvements financed in whole or in part by hospital benefit zone financing;

(e) Estimates the average amount of tax revenue to be received in all fiscal years through the imposition of a sales and use tax under RCW 82.14.465;

(f) Provides the date when the use of excess local excise taxes will commence; and

(g) Finds that the conditions of RCW 39.100.020 are met.

(3) For purposes of this section, "fiscal year" means the year beginning July 1st and ending the following June 30th.

Sec. 5. RCW 39.100.040 and 2006 c 111 s 4 are each amended to read as follows:

(1) A local government that adopts an ordinance creating a benefit zone under this chapter shall, within ninety days of adopting the ordinance:

~~((1))~~ (a) Publish notice in a legal newspaper of general circulation within the benefit zone that describes the public improvement, describes the boundaries of the benefit zone, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

~~((2))~~ (b) Deliver a certified copy of the ordinance to the county treasurer, the county assessor, the department of revenue, and the governing body of each participating taxing authority within which the benefit zone is located.

(2) Any challenge to the formation shall be brought within sixty days of the later of the date of its formation or July 1, 2007. All parties, including the holders of bonds payable from tax revenue under this act, may rely upon the presumption of validity of formation of the benefit zone following the expiration of the sixty-day period.

Sec. 6. RCW 39.100.050 and 2006 c 111 s 5 are each amended to read as follows:

(1) A local government that creates a benefit zone and has received approval from the department under RCW 82.32.700 to impose the local option sales and use tax authorized in RCW 82.14.465 may use annually any excess local excise taxes received by it from taxable activity within the benefit zone to finance public improvement costs associated with the public improvements financed in whole or in part by hospital benefit zone financing. The use of excess local excise taxes must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any participating taxing authority is authorized to allocate excess local excise taxes to the local government as long as the local government has received approval from the department under RCW 82.32.700 to impose the local option sales and use tax authorized in RCW 82.14.465. The legislature declares that it is a proper purpose of a local government or participating taxing authority to allocate excess local excise taxes for purposes of financing public improvements under this chapter.

(2) A local government shall provide the department accurate information describing the geographical boundaries of the benefit zone at least seventy-five days before the effective date of the ordinance creating the benefit zone. The local government shall ensure that the boundary information provided to the department is kept current.

(3) The department shall provide the necessary information to calculate excess local excise taxes to each local government that has provided boundary information to the department as provided in this section and that has received approval from the department under RCW 82.32.700 to impose the local option sales and use tax authorized in RCW 82.14.465.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Base year" means the calendar year immediately following the creation of a benefit zone.

(b) "Excess local excise taxes" means the amount of local excise taxes received by the local government during the measurement year from taxable activity within the benefit zone over and above the amount of local excise taxes received by the local government during the base year from taxable activity within the benefit zone. However, if a local government creates the benefit zone and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the benefit zone within the boundaries of the area that became the benefit zone, "excess local excise taxes" means the entire amount of local excise taxes received by the local government during a calendar year period beginning with the calendar year immediately following the creation of the benefit zone and continuing with each measurement year thereafter.

(c) "Local excise taxes" means local (~~retail~~) revenues derived from the imposition of sales and use taxes authorized in RCW 82.14.030 at the tax rate that was in effect at the time the hospital benefit zone is approved by the department, except that if a local government reduces the rate of such tax after the revenue development area was approved, "local excise taxes" means the local revenues derived from the imposition of the sales and use taxes authorized in RCW 82.14.030 at the lower tax rate.

(d) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess state excise taxes and excess local excise taxes required to be used to finance public improvement costs associated with public improvements financed in whole or in part by hospital benefit zone financing.

Sec. 7. RCW 82.14.465 and 2006 c 111 s 7 are each amended to read as follows:

(1) A city, town, or county that creates a benefit zone and finances public improvements pursuant to chapter 39.100 RCW may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and shall be collected from those

persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the city, town, or county. The rate of tax shall not exceed the rate provided in RCW 82.08.020(1) in the case of a sales tax or the rate provided in RCW 82.12.020(5) in the case of a use tax, less the aggregate rates of any other taxes imposed on the same events that are credited against the state taxes imposed under chapters 82.08 and 82.12 RCW. The tax rate shall be no higher than what is reasonably necessary for the local government to receive its entire annual state contribution in a ten-month period of time.

(2) The tax imposed under subsection (1) of this section shall be deducted from the amount of tax otherwise required to be collected or paid over to the department under chapter 82.08 or 82.12 RCW. The department shall perform the collection of such taxes on behalf of the city, town, or county at no cost to the city, town, or county.

(3) No tax may be imposed under this section before July 1, 2007. Before imposing a tax under this section, the city, town, or county shall first have received tax allocation revenues ~~((derived from excess excise taxes))~~ during the preceding calendar year. The tax imposed under this section shall expire ~~((when))~~ on the earlier of the date: (a) The tax allocation revenues are no longer used for public improvements and public improvement costs; (b) the bonds issued under the authority of chapter 39.100 RCW are retired, ~~((but not more than))~~ if the bonds are issued; or (c) that is thirty years after the tax is first imposed.

(4) An ordinance adopted by the legislative authority of a city, town, or county imposing a tax under this section shall provide that:

(a) The tax shall first be imposed on the first day of a fiscal year;

(b) The amount of tax received by the local government in any fiscal year shall not exceed the amount of the state contribution;

(c) The tax shall cease to be ~~((imposed))~~ distributed for the remainder of any fiscal year in which either:

(i) The amount of tax ~~((receipts))~~ distributions totals the amount of the state contribution;

(ii) The amount of tax ~~((receipts))~~ distributions totals the amount of ~~((the))~~ local public sources, ~~((as that term is used in RCW 82.14.470;))~~ dedicated in the previous calendar year to finance public improvements authorized under chapter 39.100 RCW, expended in the previous year for public improvement costs or used to pay for other bonds issued to pay for public improvements; or

(iii) The amount of revenue from taxes imposed under this section by all cities, towns, and counties totals the annual state credit limit as provided in RCW 82.32.700(3);

(d) The tax shall be ~~((imposed))~~ distributed again, should it cease to be ~~((imposed))~~ distributed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(e) Any revenue generated by the tax in excess of the amounts specified in ~~((a;))~~ (b)(c) and (c) of this subsection shall belong to the state of Washington.

(5) If both a county and a city or town impose a tax under this section, the tax imposed by the city, town, or county shall be credited as follows:

(a) If the county has created a benefit zone before the city or town, the tax imposed by the county shall be credited against the tax imposed by the city or town, the purpose of such credit is to give priority to the county tax; and

(b) If the city or town has created a benefit zone before the county, the tax imposed by the city or town shall be credited against the tax imposed by the county, the purpose of such credit is to give priority to the city or town tax.

(6) The department shall determine the amount of tax ~~((receipts))~~ distributions attributable to each city, town, and county imposing a sales and use tax under this section and shall advise a city, town, or county when ~~((it must cease imposing))~~ the tax will cease to be distributed for the remainder of the fiscal year as provided in subsection (4)(c) of this section. Determinations by the department of the amount of taxes

attributable to a city, town, or county are final and shall not be used to challenge the validity of any tax imposed under this section. The department shall remit any tax ~~((receipts))~~ revenues in excess of the amounts specified in subsection ~~(4)((a;))~~ (b)(c) and (c) of this section to the state treasurer who shall deposit the moneys in the general fund.

(7) The definitions in this subsection apply throughout this section and RCW 82.14.470 unless the context clearly requires otherwise.

(a) "Base year" means the calendar year immediately following the creation of a benefit zone.

(b) "Benefit zone" has the same meaning as provided in RCW 39.100.010.

(c) "Excess local excise taxes" has the same meaning as provided in RCW 39.100.050.

(d) "Excess state excise taxes" means the amount of excise taxes received by the state during the measurement year from taxable activity within the benefit zone over and above the amount of excise taxes received by the state during the base year from taxable activity within the benefit zone. However, if a local government creates the benefit zone and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the benefit zone within the boundaries of the area that became the benefit zone, "excess state excise taxes" means the entire amount of state excise taxes ~~((received by))~~ the state receives during a calendar year period beginning with the calendar year immediately following the creation of the benefit zone and continuing with each measurement year thereafter.

(e) "State excise taxes" means ~~((the))~~ revenues derived from state retail sales and use taxes ~~((imposed))~~ under chapters 82.08 and 82.12 RCW, less the amount of tax distributions from all local retail sales and use taxes imposed on the same taxable events that are credited against the state retail sales and use taxes under chapters 82.08 and 82.12 RCW except for the local tax authorized in this section.

(f) "Fiscal year" has the same meaning as provided in RCW 39.100.030.

(g) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess state excise taxes and excess local excise taxes ~~((required to be used to finance public improvement costs associated with public improvements financed in whole or in part by hospital benefit zone financing)).~~

In addition, the industrial insurance medical advisory committee may consult nationally recognized experts in evidence-based health care on particularly controversial issues.

incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency

cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report~~(s)~~ of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

((11)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

((12) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation((-

((11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency); and

(b) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

((+2)) (13) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases (~~constituting~~) of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

((+3)) (14) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

((+4)) (15) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

((+5) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.))

Sec. 3. RCW 26.44.031 and 1997 c 282 s 1 are each amended to read as follows:

(1) To protect the privacy in reporting and the maintenance of reports of nonaccidental injury, neglect, death, sexual abuse, and

cruelty to children by their parents, and to safeguard against arbitrary, malicious, or erroneous information or actions, the department shall not disclose or maintain information related to ~~((unfounded referrals in files or))~~ reports of child abuse or neglect ~~((for longer than six years))~~ except as provided in this section or as otherwise required by state and federal law.

~~((At the end of six years from receipt of the unfounded report, the information shall be purged unless an additional report has been received in the intervening period-))~~

(2) The department shall destroy all of its records concerning:

(a) A screened-out report, within three years from the receipt of the report; and

(b) An unfounded or inconclusive report, within six years of completion of the investigation, unless a prior or subsequent founded report has been received regarding the child who is the subject of the report, a sibling or half-sibling of the child, or a parent, guardian, or legal custodian of the child, before the records are destroyed.

(3) The department may keep records concerning founded reports of child abuse or neglect as the department determines by rule.

(4) An unfounded, screened-out, or inconclusive report may not be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

(5)(a) If the department fails to comply with this section, an individual who is the subject of a report may institute proceedings for injunctive or other appropriate relief for enforcement of the requirement to purge information. These proceedings may be instituted in the superior court for the county in which the person resides or, if the person is not then a resident of this state, in the superior court for Thurston county.

(b) If the department fails to comply with subsection (4) of this section and an individual who is the subject of the report is harmed by the disclosure of information, in addition to the relief provided in (a) of this subsection, the court may award a penalty of up to one thousand dollars and reasonable attorneys' fees and court costs to the petitioner.

(c) A proceeding under this subsection does not preclude other methods of enforcement provided for by law.

(6) Nothing in this section shall prevent the department from retaining general, nonidentifying information which is required for state and federal reporting and management purposes.

Sec. 4. RCW 74.13.280 and 2001 c 318 s 3 are each amended to read as follows:

(1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency shall share information known to the department or agency about the child and the child's family with the care provider and shall consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the department or agency shall keep the care provider informed regarding the dates and location of dependency review and permanency planning hearings pertaining to the child.

(2) Information about the child and the child's family shall include information known to the department or agency as to whether the child is a sexually reactive child, has exhibited high-risk behaviors, or is physically assaultive or physically aggressive, as defined in this section.

(3) Information about the child shall also include information known to the department or agency that the child:

(a) Has received a medical diagnosis of fetal alcohol syndrome or fetal alcohol effect;

(b) Has been diagnosed by a qualified mental health professional as having a mental health disorder;

(c) Has witnessed a death or substantial physical violence in the past or recent past; or

(d) Was a victim of sexual or severe physical abuse in the recent past.

(4) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

~~((3))~~ (5) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law.

(6) As used in this section:

(a) "Sexually reactive child" means a child who exhibits sexual behavior problems including, but not limited to, sexual behaviors that are developmentally inappropriate for their age or are harmful to the child or others.

(b) "High-risk behavior" means an observed or reported and documented history of one or more of the following:

(i) Suicide attempts or suicidal behavior or ideation;

(ii) Self-mutilation or similar self-destructive behavior;

(iii) Fire-setting or a developmentally inappropriate fascination with fire;

(iv) Animal torture;

(v) Property destruction; or

(vi) Substance or alcohol abuse.

(c) "Physically assaultive or physically aggressive" means a child who exhibits one or more of the following behaviors that are developmentally inappropriate and harmful to the child or to others:

(i) Observed assaultive behavior;

(ii) Reported and documented history of the child willfully assaulting or inflicting bodily harm; or

(iii) Attempting to assault or inflict bodily harm on other children or adults under circumstances where the child has the apparent ability or capability to carry out the attempted assaults including threats to use a weapon.

NEW SECTION. Sec. 5. A new section is added to chapter 74.13 RCW to read as follows:

(1) A care provider may not be found to have abused or neglected a child under chapter 26.44 RCW or be denied a license pursuant to chapter 74.15 RCW and RCW 74.13.031 for any allegations of failure to supervise wherein:

(a) The allegations arise from the child's conduct that is substantially similar to prior behavior of the child, and:

(i) The child is a sexually reactive youth, exhibits high-risk behaviors, or is physically assaultive or physically aggressive as defined in RCW 74.13.280, and this information and the child's prior behavior was not disclosed to the care provider as required by RCW 74.13.280; and

(ii) The care provider did not know or have reason to know that the child needed supervision as a sexually reactive or physically assaultive or physically aggressive youth, or because of a documented history of high-risk behaviors, as a result of the care provider's involvement with or independent knowledge of the child or training and experience; or

(b) The child was not within the reasonable control of the care provider at the time of the incident that is the subject of the allegation, and the care provider was acting in good faith and did not know or have reason to know that reasonable control or supervision of the child was necessary to prevent harm or risk of harm to the child or other persons.

(2) Allegations of child abuse or neglect that meet the provisions of this section shall be designated as "unfounded" as defined in RCW 26.44.020.

Sec. 6. RCW 74.15.130 and 2006 c 265 s 404 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded, inconclusive, or screened-out report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed two hundred fifty dollars per violation for group homes and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

Sec. 7. RCW 74.13.650 and 2006 c 353 s 2 are each amended to read as follows:

A foster parent critical support and retention program is established to retain foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors, as defined in RCW 74.13.280. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. The foster parent critical support and retention program is to be implemented under the division of children and family services' contract and supervision. A contractor must demonstrate experience providing in-home case management, as well as experience working with caregivers of children with significant behavioral issues that pose a threat to others or themselves or the stability of the placement.

Sec. 8. RCW 74.13.660 and 2006 c 353 s 3 are each amended to read as follows:

Under the foster parent critical support and retention program, foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors, as defined in RCW 74.13.280, shall receive:

(1) Availability at any time of the day or night to address specific concerns related to the identified child;

(2) Assessment of risk and development of a safety and supervision plan;

(3) Home-based foster parent training utilizing evidence-based models; and

(4) Referral to relevant community services and training provided by the local children's administration office or community agencies.

Sec. 9. RCW 13.34.110 and 2001 c 332 s 7 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor. The rules of evidence shall apply at the fact-finding hearing and the parent, guardian, or legal custodian of the child shall have all of the rights provided in RCW 13.34.090(1). The petitioner shall have the burden of establishing by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030.

(2)((†)) The court in a fact-finding hearing may consider the history of past involvement of child protective services or law enforcement agencies with the family for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of the child on the part of the child's parent, guardian, or legal custodian, or for the purpose of establishing that reasonable efforts have been made by the department to prevent or eliminate the need for removal of the child from the child's home. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes.

(3)(a) The parent, guardian, or legal custodian of the child may waive his or her right to a fact-finding hearing by stipulating or agreeing to the entry of an order of dependency establishing that the child is dependent within the meaning of RCW 13.34.030. The parent, guardian, or legal custodian may also stipulate or agree to an order of disposition pursuant to RCW 13.34.130 at the same time. Any stipulated or agreed order of dependency or disposition must be signed by the parent, guardian, or legal custodian and his or her attorney, unless the parent, guardian, or legal custodian has waived his or her right to an attorney in open court, and by the petitioner and the attorney, guardian ad litem, or court-appointed special advocate for the child, if any. If the department of social and health services is not the petitioner and is required by the order to supervise the placement of the child or provide services to any party, the department must also agree to and sign the order.

(b) Entry of any stipulated or agreed order of dependency or disposition is subject to approval by the court. The court shall receive and review a social study before entering a stipulated or agreed order and shall consider whether the order is consistent with the allegations of the dependency petition and the problems that necessitated the child's placement in out-of-home care. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.

(c) Prior to the entry of any stipulated or agreed order of dependency, the parent, guardian, or legal custodian of the child and his or her attorney must appear before the court and the court within available resources must inquire and establish on the record that:

(i) The parent, guardian, or legal custodian understands the terms of the order or orders he or she has signed, including his or her responsibility to participate in remedial services as provided in any disposition order;

(ii) The parent, guardian, or legal custodian understands that entry of the order starts a process that could result in the filing of a petition to terminate his or her relationship with the child within the time frames required by state and federal law if he or she fails to comply with the terms of the dependency or disposition orders or fails to substantially remedy the problems that necessitated the child's placement in out-of-home care;

(iii) The parent, guardian, or legal custodian understands that the entry of the stipulated or agreed order of dependency is an admission that the child is dependent within the meaning of RCW 13.34.030 and shall have the same legal effect as a finding by the court that the child is dependent by at least a preponderance of the evidence, and that the parent, guardian, or legal custodian shall not have the right in any subsequent proceeding for termination of parental rights or dependency guardianship pursuant to this chapter or nonparental custody pursuant to chapter 26.10 RCW to challenge or dispute the fact that the child was found to be dependent; and

ROLL CALL

(iv) The parent, guardian, or legal custodian knowingly and willingly stipulated and agreed to and signed the order or orders, without duress, and without misrepresentation or fraud by any other party.

If a parent, guardian, or legal custodian fails to appear before the court after stipulating or agreeing to entry of an order of dependency, the court may enter the order upon a finding that the parent, guardian, or legal custodian had actual notice of the right to appear before the court and chose not to do so. The court may require other parties to the order, including the attorney for the parent, guardian, or legal custodian, to appear and advise the court of the parent's, guardian's, or legal custodian's notice of the right to appear and understanding of the factors specified in this subsection. A parent, guardian, or legal custodian may choose to waive his or her presence at the in-court hearing for entry of the stipulated or agreed order of dependency by submitting to the court through counsel a completed stipulated or agreed dependency fact-finding/disposition statement in a form determined by the Washington state supreme court pursuant to General Rule GR 9.

((3)) (4) Immediately after the entry of the findings of fact, the court shall hold a disposition hearing, unless there is good cause for continuing the matter for up to fourteen days. If good cause is shown, the case may be continued for longer than fourteen days. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by certified mail of the time and place of any continued hearing. Unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or efforts to reunite the parent and child would be hindered, the court shall direct the department to notify those adult persons who: (a) Are related by blood or marriage to the child in the following degrees: Parent, grandparent, brother, sister, stepparent, stepbrother, stepsister, uncle, or aunt; (b) are known to the department as having been in contact with the family or child within the past twelve months; and (c) would be an appropriate placement for the child. Reasonable cause to dispense with notification to a parent under this section must be proved by clear, cogent, and convincing evidence.

The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the guardian ad litem, and court-appointed special advocates, if any, are all in agreement.

NEW SECTION. Sec. 10. Sections 1 through 3 of this act take effect October 1, 2008.

NEW SECTION. Sec. 11. The secretary of the department of social and health services may take the necessary steps to ensure that sections 1 through 3 of this act are implemented on their effective date."

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5332, with the following amendment: 5332 AMH APP H3272.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.28A.040 and 2001 c 169 s 3 are each amended to read as follows:

(1) No later than July 1, 2002, the Washington association of sheriffs and police chiefs shall implement and operate an electronic statewide city and county jail booking and reporting system. The system shall serve as a central repository and instant information source for offender information and jail statistical data. The system ((shall)) may be placed on the Washington state justice information network and be capable of communicating electronically with every Washington state city and county jail and with all other Washington state criminal justice agencies as defined in RCW 10.97.030.

(2) After the Washington association of sheriffs and police chiefs has implemented an electronic jail booking system as described in subsection (1) of this section, if a city or county jail or law enforcement agency receives state or federal funding to cover the entire cost of implementing or reconfiguring an electronic jail booking system, the city or county jail or law enforcement agency shall implement or reconfigure an electronic jail booking system that is in compliance with the jail booking system standards developed pursuant to subsection (4) of this section.

(3) After the Washington association of sheriffs and police chiefs has implemented an electronic jail booking system as described in subsection (1) of this section, city or county jails, or law enforcement agencies that operate electronic jail booking systems, but choose not to accept state or federal money to implement or reconfigure electronic jail booking systems, shall electronically forward jail booking information to the Washington association of sheriffs and police chiefs. At a minimum the information forwarded shall include the name of the offender, vital statistics, the date the offender was arrested, the offenses arrested for, the date and time an offender is released or transferred from a city or county jail, and if available, the mug shot. The electronic format in which the information is sent shall be at the discretion of the city or county jail, or law enforcement agency forwarding the information. City and county jails or law enforcement agencies that forward jail booking information under this subsection are not required to comply with the standards developed under subsection (4)(b) of this section.

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

(4) The Washington association of sheriffs and police chiefs shall appoint, convene, and manage a statewide jail booking and reporting system standards committee. The committee shall include representatives from the Washington association of sheriffs and police chiefs correction committee, the information service board's justice information committee, the judicial information system, at least two individuals who serve as jailers in a city or county jail, and other individuals that the Washington association of sheriffs and police chiefs places on the committee. The committee shall have the authority to:

(a) Develop and amend as needed standards for the statewide jail booking and reporting system and for the information that must be contained within the system. At a minimum, the system shall contain:

- (i) The offenses the individual has been charged with;
- (ii) Descriptive and personal information about each offender booked into a city or county jail. At a minimum, this information shall contain the offender's name, vital statistics, address, and mugshot;
- (iii) Information about the offender while in jail, which could be used to protect criminal justice officials that have future contact with the offender, such as medical conditions, acts of violence, and other behavior problems;
- (iv) Statistical data indicating the current capacity of each jail and the quantity and category of offenses charged;
- (v) The ability to communicate directly and immediately with the city and county jails and other criminal justice entities; and

(vi) The date and time that an offender was released or transferred from a local jail;

(b) Develop and amend as needed operational standards for city and county jail booking systems, which at a minimum shall include the type of information collected and transmitted, and the technical requirements needed for the city and county jail booking system to communicate with the statewide jail booking and reporting system;

(c) Develop and amend as needed standards for allocating grants to city and county jails or law enforcement agencies that will be implementing or reconfiguring electronic jail booking systems.

~~(5) ((By January 1, 2001, the standards committee shall complete the initial standards described in subsection (4) of this section, and the standards shall be placed into a report and provided to all Washington state city and county jails, all other criminal justice agencies as defined in RCW 10.97.030, the chair of the Washington state senate human services and corrections committee, and the chair of the Washington state house of representatives criminal justice and corrections committee.)) (a) A statewide automated victim information and notification system shall be added to the city and county jail booking and reporting system. The system shall:~~

~~(i) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when any of the following events affect an offender housed in any Washington state city or county jail or department of corrections facility:~~

- ~~(A) Is transferred or assigned to another facility;~~
- ~~(B) Is transferred to the custody of another agency outside the state;~~
- ~~(C) Is given a different security classification;~~
- ~~(D) Is released on temporary leave or otherwise;~~
- ~~(E) Is discharged;~~
- ~~(F) Has escaped; or~~
- ~~(G) Has been served with a protective order that was requested by the victim;~~

~~(ii) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when an offender has:~~

~~(A) An upcoming court event where the victim is entitled to be present, if the court information is made available to the statewide automated victim information and notification system administrator at the Washington association of sheriffs and police chiefs;~~

~~(B) An upcoming parole, pardon, or community supervision hearing; or~~

~~(C) A change in the offender's parole, probation, or community supervision status including:~~

~~(I) A change in the offender's supervision status; or~~

~~(II) A change in the offender's address;~~

~~(iii) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when a sex offender has:~~

~~(A) Updated his or her profile information with the state sex offender registry; or~~

~~(B) Become noncompliant with the state sex offender registry;~~

~~(iv) Permit a registered victim to receive the most recent status report for an offender in any Washington state city and county jail, department of corrections, or sex offender registry by calling the statewide automated victim information and notification system on a toll-free telephone number or by accessing the statewide automated victim information and notification system via a public web site. All registered victims calling the statewide automated victim information and notification system will be given the option to have live operator assistance to help use the program on a twenty-four hour, three hundred sixty-five day per year basis;~~

~~(v) Permit a crime victim to register, or registered victim to update, the victim's registration information for the statewide automated victim information and notification system by calling a toll-free telephone number or by accessing a public web site; and~~

~~(vi) Ensure that the offender information contained within the statewide automated victim information and notification system is updated frequently to timely notify a crime victim that an offender has been released or discharged or has escaped. However, the failure of the statewide automated victim information and notification system to provide notice to the victim does not establish a separate cause of action by the victim against state officials, local officials, law enforcement officers, or any related correctional authorities.~~

~~(b) An appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or units of government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to the statewide automated victim information and notification system and the jail booking and reporting system as described in this section, so long as the release was without gross negligence. The immunity provided under this subsection applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.~~

~~(c) Participation in the statewide automated victim information and notification program satisfies any obligation to notify the crime victim of an offender's custody status and the status of the offender's upcoming court events so long as:~~

~~(i) Information making offender and case data available is provided on a timely basis to the statewide automated victim information and notification program; and~~

~~(ii) Information a victim submits to register and participate in the victim notification system is only used for the sole purpose of victim notification.~~

~~(d) Automated victim information and notification systems in existence and operational as of the effective date of this act shall not be required to participate in the statewide system.~~

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Microenterprises are an important portion of Washington's economy, providing approximately twenty percent of the employment in Washington and playing a vital role in job creation.

(b) While community-based microenterprise development organizations have expanded their assistance to their microentrepreneur customers in recent years, there remains a lack of access to capital, training, and technical assistance for low-income microentrepreneurs.

(c) Support for microenterprise development offers a means to expand business and job creation in low-income communities in both rural and urban areas of the state.

(d) Local and state charitable foundation support, federal program funding, and private sector support can be leveraged by a statewide program for development of microenterprises.

(2) It is the purpose of this act to assist microenterprises in job creation by increasing the training, technical assistance, and financial resources available to microenterprises. It is the intention of the legislature to carry out this purpose by enabling the department of community, trade, and economic development to contract with a statewide microenterprise association with the potential to provide organizational support and administer grants to local microenterprise development organizations, subject to the requirements of this act, and to leverage additional funds from sources other than moneys appropriated from the general fund.

Sec. 2. RCW 43.330.010 and 1993 c 280 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

NEW SECTION. Sec. 3. A new section is added to chapter 43.330 RCW to read as follows:

The microenterprise development program is established in the department of community, trade, and economic development. In implementing the program, the department:

(1) Shall provide organizational support to a statewide microenterprise association and shall contract with the association for the delivery of services and distribution of grants;

(a) The association shall serve as the department's agent in carrying out the purpose and service delivery requirements of this section;

(b) The association's contract with the department shall specify that in administering the funds provided for under subsection (3) of this section, the association may use no greater than ten percent of the funds to cover administrative expenses;

(2) Shall provide funds for capacity building for the statewide microenterprise association and microenterprise development organizations throughout the state;

(3) Shall provide grants to microenterprise development organizations for the delivery of training and technical assistance services;

(4) Shall identify and facilitate the availability of state, federal, and private sources of funds which may enhance microenterprise development in the state;

(5) Shall develop with the statewide microenterprise association criteria for the distribution of grants to microenterprise development organizations. Such criteria may include:

and contribute to the effort funded by the microenterprise development program an amount equal to twenty-five percent of the microenterprise development program funds received. Such matching funds may come from private foundations, federal or local sources, financial institutions, or any other source other than funds appropriated from the legislature;

(7) Shall require under its contract with the statewide microenterprise association an annual accounting of program outcomes, including job creation, access to capital, leveraging of nonstate funds, and other outcome measures specified by the department. By January 1, 2012, the joint legislative audit and review committee shall use these outcome data and other relevant information to evaluate the program's effectiveness; and

(8) May adopt rules as necessary to implement this section.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void."

(a) Is otherwise eligible for regular benefits as defined in RCW 50.22.010;

(b) Has been identified as likely to exhaust regular unemployment benefits under a profiling system established by the commissioner as defined in P.L. 103-152; and

(c) Is enrolled in a self-employment assistance program that is approved by the commissioner, and includes entrepreneurial training, business counseling, technical assistance, and requirements to engage in activities relating to the establishment of a business and becoming self-employed.

(3) Individuals participating in a self-employment assistance program approved by the commissioner are eligible to receive their regular unemployment benefits.

(a) The requirements of RCW 50.20.010 and 50.20.080 relating to availability for work, active search for work, and refusal to accept suitable work are not applicable to an individual in the self-employment assistance program for the first fifty-two weeks of the individual's participation in the program. However, enrollment in a self-employment assistance program does not entitle the enrollee to any benefit payments he or she would not be entitled to had he or she not enrolled in the program.

(b) An individual who meets the requirements of this section is considered to be "unemployed" under RCW 50.04.310 and 50.20.010.

(4) An individual who fails to participate in his or her approved self-employment assistance program as prescribed by the commissioner is disqualified from continuation in the program.

(5) An individual completing the program may not directly compete with his or her separating employer for a specific time period and in a specific geographic area. The time period may not, in any case, exceed one year. Both the time period and the geographic area must be reasonable, considering the following factors:

(a) Whether restraining the individual from performing services is necessary for the protection of the employer or the employer's goodwill;

(b) Whether the agreement harms the individual more than is reasonably necessary to secure the employer's business or goodwill; and

(c) Whether the loss of the employee's services and skills injures the public to a degree warranting nonenforcement of the agreement.

(6) The commissioner shall take all steps necessary in carrying out this section to assure collaborative involvement of interested parties in program development, and to ensure that the self-employment assistance programs meet all federal criteria for withdrawal from the unemployment fund. The commissioner may approve, as self-employment assistance programs, existing self-employment training programs available through community colleges, work force investment boards, or other organizations and is not obligated by this section to expend any departmental funds for the operation of self-employment assistance programs, unless specific funding is provided to the department for that purpose through federal or state appropriations.

(7) The commissioner may adopt rules as necessary to implement this section.

Sec. 2. RCW 50.20.095 and 1980 c 74 s 4 are each amended to read as follows:

Any individual registered at an established school in a course of study providing scholastic instruction of twelve or more hours per week, or the equivalent thereof, shall be disqualified from receiving benefits or waiting period credit for

The term "school" includes primary schools, secondary schools, and "institutions of higher education" as that phrase is defined in RCW 50.44.037.

This disqualification shall not apply to any individual who:

(1) Is in approved training within the meaning of RCW 50.20.043; ~~(or)~~

(2) Is in an approved self-employment assistance program under section 1 of this act; or

NEW SECTION. Sec. 3. By December 1, 2011, the employment security department shall report to the house of representatives commerce and labor committee and the senate labor, commerce, research and development committee on the performance of the self-employment assistance program. MESSAGE FROM THE HOUSE

April 6, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 5675, with the following amendment: 5675.E AMH APP H3338.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.32.050 and 1995 c 199 s 6 are each amended to read as follows:

(1) Where death results from the injury the expenses of burial not to exceed two hundred percent of the average monthly wage in the state as defined in RCW 51.08.018 shall be paid.

(2)(a) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage payments according to the following schedule:

(i) If there are no children of the deceased worker, sixty percent of the wages of the deceased worker (~~but not less than one hundred eighty-five dollars~~);

(ii) If there is one child of the deceased worker and in the legal custody of such spouse, sixty-two percent of the wages of the deceased worker (~~but not less than two hundred twenty-two dollars~~);

(iii) If there are two children of the deceased worker and in the legal custody of such spouse, sixty-four percent of the wages of the deceased worker (~~but not less than two hundred fifty-three dollars~~);

(iv) If there are three children of the deceased worker and in the legal custody of such spouse, sixty-six percent of the wages of the deceased worker (~~but not less than two hundred seventy-six dollars~~);

(v) If there are four children of the deceased worker and in the legal custody of such spouse, sixty-eight percent of the wages of the deceased worker (~~but not less than two hundred ninety-nine dollars~~); or

(vi) If there are five or more children of the deceased worker and in the legal custody of such spouse, seventy percent of the wages of the deceased worker (~~but not less than three hundred twenty-two dollars~~).

(b) Where the surviving spouse does not have legal custody of any child or children of the deceased worker or where after the death of the worker legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children. The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker's death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or

children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(d) In no event shall the monthly payments provided in subsection (2) of this section:

(i) Exceed the applicable percentage of the average monthly wage in the state as computed under RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(ii) For dates of injury or disease manifestation after July 1, 2008, be less than fifteen percent of the average monthly wage in the state as computed under RCW 51.08.018 plus an additional ten dollars per month for a surviving spouse and an additional ten dollars per month for each child of the worker up to a maximum of five children. However, if the monthly payment computed under this subsection (2)(d)(ii) is greater than one hundred percent of the wages of the deceased worker as determined under RCW 51.08.178, the monthly payment due to the surviving spouse shall be equal to the greater of the monthly wages of the deceased worker or the minimum benefit set forth in this section on June 30, 2008.

(e) In addition to the monthly payments provided for in subsection (2)(a) through (c) of this section, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid a sum equal to one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, any such children, or parents to share and share alike in said sum.

(f) Upon remarriage of a surviving spouse the monthly payments for the child or children shall continue as provided in this section, but the monthly payments to such surviving spouse shall cease at the end of the month during which remarriage occurs. However, after September 8, 1975, an otherwise eligible surviving spouse of a worker who died at any time prior to or after September 8, 1975, shall have an option of:

(i) Receiving, once and for all, a lump sum of twenty-four times the monthly compensation rate in effect on the date of remarriage allocable to the spouse for himself or herself pursuant to subsection (2)(a)(i) of this section and subject to any modifications specified under subsection (2)(d) of this section and RCW 51.32.075(3) or fifty percent of the then remaining annuity value of his or her pension, whichever is the lesser: PROVIDED, That if the injury occurred prior to July 28, 1991, the remarriage benefit lump sum available shall be as provided in the remarriage benefit schedules then in effect; or

(ii) If a surviving spouse does not choose the option specified in subsection (2)(f)(i) of this section to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from claiming the lump sum payment authorized in subsection (2)(f)(i) of this section during the life of the remarriage, or shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment.

(g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in subsection (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(h) The effective date of resumption of payments under subsection (2)(f)(ii) of this section to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death or the date the judicial

NINETY-NINTH DAY, APRIL 16, 2007

decree of annulment or dissolution becomes final and when application for the payments has been received.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) For claims filed prior to July 1, 1986, if the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse, the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries.

(7) For claims filed on or after July 1, 1986, every worker who becomes eligible for permanent total disability benefits shall elect an option as provided in RCW 51.32.067.

Sec. 2. RCW 51.32.060 and 1993 c 521 s 2 are each amended to read as follows:

(1) When the supervisor of industrial insurance shall determine that permanent total disability results from the injury, the worker shall receive monthly during the period of such disability:

(a) If married at the time of injury, sixty-five percent of his or her wages (~~but not less than two hundred fifteen dollars per month~~).

(b) If married with one child at the time of injury, sixty-seven percent of his or her wages (~~but not less than two hundred fifty-two dollars per month~~).

(c) If married with two children at the time of injury, sixty-nine percent of his or her wages (~~but not less than two hundred eighty-three dollars~~).

(d) If married with three children at the time of injury, seventy-one percent of his or her wages (~~but not less than three hundred six dollars per month~~).

(e) If married with four children at the time of injury, seventy-three percent of his or her wages (~~but not less than three hundred twenty-nine dollars per month~~).

(f) If married with five or more children at the time of injury, seventy-five percent of his or her wages (~~but not less than three hundred fifty-two dollars per month~~).

(g) If unmarried at the time of the injury, sixty percent of his or her wages (~~but not less than one hundred eighty-five dollars per month~~).

(h) If unmarried with one child at the time of injury, sixty-two percent of his or her wages (~~but not less than two hundred twenty-two dollars per month~~).

(i) If unmarried with two children at the time of injury, sixty-four percent of his or her wages (~~but not less than two hundred fifty-three dollars per month~~).

(j) If unmarried with three children at the time of injury, sixty-six percent of his or her wages (~~but not less than two hundred seventy-six dollars per month~~).

(k) If unmarried with four children at the time of injury, sixty-eight percent of his or her wages (~~but not less than two hundred ninety-nine dollars per month~~).

(l) If unmarried with five or more children at the time of injury, seventy percent of his or her wages (~~but not less than three hundred twenty-two dollars per month~~).

(2) For any period of time where both husband and wife are entitled to compensation as temporarily or totally disabled workers, only that spouse having the higher wages of the two shall be entitled to claim their child or children for compensation purposes.

(3) In case of permanent total disability, if the character of the injury is such as to render the worker so physically helpless as to require the hiring of the services of an attendant, the department shall make monthly payments to such attendant for such services as long as such requirement continues, but such payments shall not obtain or be operative while the worker is receiving care under or pursuant to the provisions of chapter 51.36 RCW and RCW 51.04.105.

(4) Should any further accident result in the permanent total disability of an injured worker, he or she shall receive the pension to which he or she would be entitled, notwithstanding the payment of a lump sum for his or her prior injury.

(5) In no event shall the monthly payments provided in this section:

(a) Exceed the applicable percentage of the average monthly wage in the state as computed under the provisions of RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(b) For dates of injury or disease manifestation after July 1, 2008, be less than fifteen percent of the average monthly wage

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

in the state as computed under RCW 51.08.018 plus an additional ten dollars per month if a worker is married and an additional ten dollars per month for each child of the worker up to a maximum of five children. However, if the monthly payment computed under this subsection (5)(b) is greater than one hundred percent of the wages of the worker as determined under RCW 51.08.178, the monthly payment due to the worker shall be equal to the greater of the monthly wages of the worker or the minimum benefit set forth in this section on June 30, 2008.

The limitations under this subsection shall not apply to the payments provided for in subsection (3) of this section.

(6) In the case of new or reopened claims, if the supervisor of industrial insurance determines that, at the time of filing or reopening, the worker is voluntarily retired and is no longer attached to the work force, benefits shall not be paid under this section.

(7) The benefits provided by this section are subject to modification under RCW 51.32.067.

Sec. 3. RCW 51.32.090 and 1993 c 521 s 3, 1993 c 299 s 1, and 1993 c 271 s 1 are each reenacted and amended to read as follows:

(1) When the total disability is only temporary, the schedule of payments contained in RCW 51.32.060 (1) and (2) shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3)(a) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall:

(i) For claims for injuries that occurred before May 7, 1993, continue in the proportion which the new earning power shall bear to the old; or

(ii) For claims for injuries occurring on or after May 7, 1993, equal eighty percent of the actual difference between the worker's present wages and earning power at the time of injury, but: (A) The total of these payments and the worker's present wages may not exceed one hundred fifty percent of the average monthly wage in the state as computed under RCW 51.08.018; (B) the payments may not exceed one hundred percent of the entitlement as computed under subsection (1) of this section; and (C) the payments may not be less than the worker would have received if (a)(i) of this subsection had been applicable to the worker's claim.

(b) No compensation shall be payable under this subsection (3) unless the loss of earning power shall exceed five percent.

(4)(a) Whenever the employer of injury requests that a worker who is entitled to temporary total disability under this chapter be certified by a physician as able to perform available work other than his or her usual work, the employer shall furnish to the physician, with a copy to the worker, a statement describing the work available with the employer of injury in terms that will enable the physician to relate the physical activities of the job to the worker's disability. The physician shall then determine whether the worker is physically able to perform the work described. The worker's temporary total disability payments shall continue until the worker is released by his or her physician for the work, and begins the work with the employer of injury. If the work thereafter comes to an end before the worker's recovery is sufficient in the judgment of his or her physician to permit him or her to return to his or her usual job, or to perform other available work offered by the employer of injury, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

(b) Once the worker returns to work under the terms of this subsection (4), he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's physician.

(c) If the worker returns to work under this subsection (4), any employee health and welfare benefits that the worker was receiving at the time of injury shall continue or be resumed at the level provided at the time of injury. Such benefits shall not be continued or resumed if to do so is inconsistent with the terms of the benefit program, or with the terms of the collective bargaining agreement currently in force.

(d) In the event of any dispute as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination.

(5) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury: PROVIDED, That attempts to return to work in the first fourteen days following the injury shall not serve to break the continuity of the period of disability if the disability continues fourteen days after the injury occurs.

(6) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall so pay such wages.

(7) In no event shall the monthly payments provided in this section:

(a) Exceed the applicable percentage of the average monthly wage in the state as computed under the provisions of RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(b) For dates of injury or disease manifestation after July 1, 2008, be less than fifteen percent of the average monthly wage in the state as computed under RCW 51.08.018 plus an additional ten dollars per month if the worker is married and an additional ten dollars per month for each child of the worker up to a maximum of five children. However, if the monthly payment computed under this subsection (7)(b) is greater than one hundred percent of the wages of the worker as determined under RCW 51.08.178, the monthly payment due to the worker shall be equal to the greater of the monthly wages of the worker or the minimum benefit set forth in this section on June 30, 2008.

(8) If the supervisor of industrial insurance determines that the worker is voluntarily retired and is no longer attached to the work force, benefits shall not be paid under this section.

NEW SECTION. Sec. 4. This act takes effect July 1, 2008.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void."

Correct the title.

MESSAGE FROM THE HOUSE

April 3, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5718, with the following amendment: 5718-S AMH ENGR H3087.E

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.68A.001 and 1984 c 262 s 1 are each amended to read as follows:

The legislature finds that the prevention of sexual exploitation and abuse of children constitutes a government objective of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

The legislature further finds that the protection of children from sexual exploitation can be accomplished without infringing on a constitutionally protected activity. The definition of "sexually explicit conduct" and other operative definitions demarcate a line between protected and prohibited conduct and should not inhibit legitimate scientific, medical, or educational activities.

The legislature further finds that children engaged in sexual conduct for financial compensation are frequently the victims of sexual abuse. Approximately eighty to ninety percent of children engaged in sexual activity for financial compensation have a history of sexual abuse victimization. It is the intent of the legislature to encourage these children to engage in prevention and intervention services and to hold those who pay

to engage in the sexual abuse of children accountable for the trauma they inflict on children.

Sec. 2. RCW 9.68A.100 and 1999 c 327 s 4 are each amended to read as follows:

(1) A person is guilty of ~~((patronizing a juvenile prostitute))~~ commercial sexual abuse of a minor if ((that person engages or agrees or offers));

(2) Commercial sexual abuse of a minor is a class C felony punishable under chapter 9A.20 RCW.

(3) In addition to any other penalty provided under chapter 9A.20 RCW, a person guilty of ~~((patronizing a juvenile prostitute))~~ commercial sexual abuse of a minor is subject to the provisions under RCW 9A.88.130 and 9A.88.140.

Sec. 3. RCW 9.68A.110 and 1992 c 178 s 1 are each amended to read as follows:

(4) In a prosecution under RCW 9.68A.050, 9.68A.060, or 9.68A.070, it shall be an affirmative defense that the defendant was a law enforcement officer in the process of conducting an official investigation of a sex-related crime against a minor, or that the defendant was providing individual case treatment as a recognized medical facility or as a psychiatrist or psychologist licensed under Title 18 RCW.

added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

NEW SECTION. Sec. 10. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for a violation of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, or an anticipatory offense for a violation of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, committed on or after the effective date of this act, the prosecuting attorney may file a special allegation that the defendant engaged, agreed, offered, attempted, solicited another, or conspired to engage the victim in the sexual conduct in return for a fee, when sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the defendant engaged, agreed, offered, attempted, solicited another, or conspired to engage the victim in the sexual conduct in return for a fee.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the defendant engaged, agreed, offered, attempted, solicited another, or conspired to engage the victim in the sexual conduct in return for a fee. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the defendant engaged, agreed, offered, attempted, solicited another, or conspired to engage the victim in the sexual conduct in exchange for a fee. If no jury is had, the court shall make a finding of fact as to whether the defendant engaged, agreed, offered, attempted, solicited another, or conspired to engage the victim in the sexual conduct in exchange for a fee.

(3) For purposes of this section, "sexual conduct" means sexual intercourse or sexual contact as defined in chapter 9A.44 RCW.

Sec. 11. RCW 9.68A.105 and 1995 c 353 s 12 are each amended to read as follows:

MESSAGE FROM THE HOUSE

April 11, 2007

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5731, with the following amendment: 5731-S AMH ENGR H3305.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The state of Washington leads the nation in providing employment for people with baccalaureate degrees, but only ranks thirty-sixth in the nation in the production of degrees. Beginning in 2007 it is estimated that for job openings in Washington that require a bachelor's degree, forty-seven percent will be in fields identified as high demand or high impact, but that only fourteen percent of Washington students each year graduate with degrees in one of these fields. Washington ranks among the top ten states in scientists and computer specialists employed per capita and leads the nation in engineers employed per capita, but must import employees to meet employer demands. Additionally, Washington does not produce a sufficient number of newly prepared workers in areas that require more than one year but less than four years of higher education. The in-state supply at this mid-level of education and training is sufficient to fill only eighty-three percent of employer job openings that require that level of training. Therefore, the legislature finds that Washington needs to produce eight to ten thousand additional baccalaureate degrees per year so that Washington employers will not have to look out of state to find employees. The legislature further finds that Washington needs to enroll over fourteen thousand additional students at the mid-level of education and training in order to meet employer demand.

NEW SECTION. Sec. 2. (1) A committee on the education of students in high demand fields is established to:

(a) Develop a plan to increase the number of baccalaureate degrees granted by Washington institutions of higher education by ten thousand per year and to significantly increase the number of certificates and associate degrees granted by 2020 with a special emphasis directed toward high impact, high demand areas of study;

(b) Develop a marketing project to inform students, parents, and educators of opportunities in high demand fields;

(c) Investigate ways to motivate students to take more mathematics and science courses in high school and college; and

(d) Identify ways that the business community can enter into more partnerships with the state to ensure that Washington institutions of higher education produce graduates in high demand fields that are ready and able to find employment in Washington.

(2) The committee shall be cochaired by a member of the house of representatives and a member of the senate. It shall consist of:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives;

(b) Two members of the senate, with one appointed by each major caucus of the senate;

(c) One person representing the higher education coordinating board, appointed by the director of the board;

(d) One person representing the state board for community and technical colleges, appointed by the director of the state board;

(e) One person representing the state workforce training and education coordinating board, appointed by the director of the board;

(f) One person representing the office of the superintendent of public instruction, appointed by the superintendent of public instruction;

(g) One person representing each of the following, appointed by the governor:

(i) The labor council;

(ii) The council of presidents;

(iii) The prosperity partnership;

(iv) The council of faculty representatives; and

(v) One employer of persons in high demand fields; and

(h) A graduate student member of the Washington student lobby, appointed by the governor.

(3) The committee shall receive staff and logistical support from senate committee services and the office of program research.

(4) The committee shall report its findings and recommendations to appropriate committees of the legislature by December 1, 2007.

(5) This section expires December 31, 2007." and the same are herewith transmitted.

The ~~((investigation))~~ background check shall include an examination of state and national criminal identification data provided by the Washington state patrol criminal identification system ~~((as described in chapter 43.43 RCW))~~ including, but not limited to, a fingerprint-based background check of national crime information databases for any person being investigated. It shall also include a review of any child abuse and neglect history of any adult living in the prospective adoptive parents' home. The background check of the child abuse and neglect history shall include a review of the child abuse and neglect registries of all states in which the prospective adoptive parents or any other adult living in the home have lived during the five years preceding the date of the preplacement report.

(4) An agency, the department, or a court approved individual may charge a reasonable fee based on the time spent in conducting the study and preparing the preplacement report. The court may set a reasonable fee for conducting the study and preparing the report when a court employee has prepared the report. An agency, the department, a court approved individual, or the court may reduce or waive the fee if the financial condition of the person requesting the report so warrants. An agency's, the department's, or court approved individual's, fee is subject to review by the court upon request of the person requesting the report.

(5) The person requesting the report shall designate to the agency, the department, the court approved individual, or the court in writing the county in which the preplacement report is to be filed. If the person requesting the report has not filed a petition for adoption, the report shall be indexed in the name of the person requesting the report and a cause number shall be assigned. A fee shall not be charged for filing the report. The applicable filing fee may be charged at the time a petition governed by this chapter is filed. Any subsequent preplacement reports shall be filed together with the original report.

(6) A copy of the completed preplacement report shall be delivered to the person requesting the report.

(7) A person may request that a report not be completed. A reasonable fee may be charged for the value of work done.

Sec. 3. RCW 26.44.030 and 2005 c 417 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract,

or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to

the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(13) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((+3))~~ (14) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

~~((+4))~~ (15) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

~~((+5))~~ (16) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

Sec. 4. RCW 43.43.842 and 1998 c 10 s 4 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830(~~;~~ or (iv) ~~the subject in a protective proceeding under chapter 74.34 RCW).~~

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation, and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(c) The offense was theft in the third degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(e) The offense was forgery, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment.

The offenses set forth in (a) through (e) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

Sec. 5. RCW 74.15.030 and 2006 c 265 s 402 and 2006 c 54 s 8 are each reenacted and amended to read as follows:

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

~~No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense.~~

~~The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are~~

~~authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;~~

However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

NEW SECTION. Sec. 6. Federal and state law require the balancing of the privacy interests of individuals with the government's interest in the protection of children and vulnerable adults. The legislature finds that the balancing of these interests may be skewed in favor of the privacy rights of individuals. Therefore, a work group is created to research the current laws regarding background checks for prospective employees of public and private entities which work with vulnerable adults or children. The legislature finds that a comprehensive background check which includes both civil and criminal information is a valuable tool in safeguarding vulnerable adults and children from preventable risk.

NEW SECTION. Sec. 7. (1) The department of social and health services shall convene a work group to: (a) Review the current federal and state laws and administrative rules and practices with respect to sharing confidential information; (b) analyze how state agencies use background check information to make employment decisions, including how such information may disqualify an individual for employment; and (c) examine the need for and feasibility of verifying citizenship or immigration status of persons for whom background checks are required.

(2)(a) The work group shall include but not be limited to the following members, chosen by the chief executive officer of each entity:

(i) A representative of the department of social and health services;

(ii) A representative of the department of early learning;

(iii) A representative of the department of health;

(iv) A representative of the office of the superintendent of public instruction;

(v) A representative of the department of licensing;

(vi) A representative of the Washington state patrol;

(vii) A representative from the Washington state bar association;

(viii) A representative of the Washington association of sheriffs and police chiefs;

(ix) A representative of the Washington association of criminal defense attorneys;

(x) A representative from the administrative office of the courts; and

(xi) A representative from the department of information services.

(b) The work group shall also include as nonvoting ex officio members:

(i) One member from each of the two largest caucuses of the senate, appointed by the president of the senate; and

(ii) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives.

(c) Additional voting members may be invited to participate as determined by the work group.

(3) Appointments to the work group shall be completed within thirty days of the effective date of this section.

(4) The work group may form an executive committee, create subcommittees, designate alternative representatives, and define other procedures, as needed, for operation of the work group.

(5) Legislative members of the work group shall be reimbursed for travel expenses under RCW 44.04.120. Nonlegislative members, except those representing an employee or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(6) The secretary of the department of social and health services or the secretary's designee shall serve as chair of the work group.

(7) The department of social and health services shall provide staff support to the work group.

(8) The work group shall:

(a) Provide an interim report to the legislature and the governor by December 1, 2007; and

(b) Make recommendations to the legislature and the governor by July 1, 2008, regarding improving current processes for sharing and use of background information, including but not limited to the feasibility of creating a clearinghouse of information.

(i) The clearinghouse shall simplify administrative handling of background check requests and reduce the total costs and number of full-time employees involved in doing the work, develop expertise in searching multiple databases, and include a process for reducing the total amount of time it takes to process background checks, including using workflow management software to improve transparency of process impediments.

(ii) The workgroup should consider where to locate the administrative work, possibly considering the use of the department of licensing's facilities for collecting fingerprints and other identifying information about applicants.

(9) This section expires November 30, 2008.

Sec. 8. RCW 41.06.475 and 2002 c 354 s 222 are each amended to read as follows:

The director shall adopt rules, in cooperation with the ~~((secretary of social and health services, for the background investigation of persons being considered for state employment in positions directly responsible for the supervision, care, or treatment of children or developmentally disabled persons))~~ director of the department of early learning, for the background investigation of current employees and of persons being actively considered for positions with the department who will or may have unsupervised access to children. The director shall also adopt rules, in cooperation with the director of the department of early learning, for background investigation of positions otherwise required by federal law to meet employment standards. (11) "Agency" means any person, firm, partnership, association, corporation, or facility which receives, provides services to, houses or otherwise cares for vulnerable adults, juveniles, or children, or which provides child day care, early learning, or early childhood education services.

Sec. 10. RCW 43.43.832 and 2006 c 263 s 826 are each amended to read as follows:

(1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol identification and criminal history section shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's conviction record (for convictions) as defined in chapter 10.97 RCW.

(2) The legislature also finds that the Washington professional educator standards board may request of the Washington state patrol criminal identification system information regarding a certificate applicant's conviction record (for convictions) under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(a) When considering persons for state employment in positions directly responsible for the supervision, care, or treatment of children, vulnerable adults, or individuals with mental illness or developmental disabilities;

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

(d) When contracting with individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

NINETY-NINTH DAY, APRIL 16, 2007

(e) When individual providers are paid by the state or providers are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(5) The director of the department of early learning shall investigate the conviction records, pending charges, and other information including civil adjudication proceeding records of current employees and of any person actively being considered for any position with the department who will or may have unsupervised access to children, or for state positions otherwise required by federal law to meet employment standards. "Considered for any position" includes decisions about (a) initial hiring, layoffs, reallocations, transfers, promotions, or demotions, or (b) other decisions that result in an individual being in a position that will or may have unsupervised access to children as an employee, an intern, or a volunteer.

(6) The director of the department of early learning shall adopt rules and investigate conviction records, pending charges, and other information including civil adjudication proceeding records, in the following circumstances:

(a) When licensing or certifying agencies with individuals in positions that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood education services, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(b) When authorizing individuals who will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services in licensed or certified agencies, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(c) When contracting with any business or organization for activities that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services;

(d) When establishing the eligibility criteria for individual providers to receive state paid subsidies to provide child day care or early learning services that will or may involve unsupervised access to children.

(7) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

~~((6))~~ (8)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating

that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

~~((7) If a federal bureau of investigation check is required in addition to the state background check by the department of social and health services, an applicant who is not disqualified based on the results of the state background check shall be eligible for a one hundred twenty day provisional approval to hire, pending the outcome of the federal bureau of investigation check. The department may extend the provisional approval until receipt of the federal bureau of investigation check. If the federal bureau of investigation check disqualifies an applicant, the department shall notify the requestor that the provisional approval to hire is withdrawn and the applicant may be terminated.))~~

NEW SECTION. Sec. 11. If specific funding for the purposes of sections 6 and 7 of this act, referencing sections 6 and 7 of this act by bill or chapter number and section number, is not provided by June 30, 2007, in the omnibus appropriations act, sections 6 and 7 of this act are null and void."

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5926, with the following amendment: 5926 AMH CONW ELGE 080

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that some current estimates place the percentage of unreported employment in Washington state's construction industry at between twenty percent and fifty percent, although solid data on this phenomenon is not readily available in Washington. The legislature also finds that unreported construction employment may result in the loss of a worker's employment rights and protections, including workers' compensation and unemployment insurance compensation. The legislature further finds that unreported construction employment also could deny the state the revenues it is due, including sales taxes, business and occupation taxes, and other business fees paid to the state. The legislature declares that the underground economy in this state may permit unfair conditions to exist against persons working in the construction industry who do follow the employment laws and appropriately pay taxes. It is the legislature's intent to determine the extent and potential costs to the state of the underground economy in the construction industry."

(b) In addition, the employment security department, the department of labor and industries, and the department of revenue shall cooperate with the task force and shall each maintain a liaison representative, who is a nonvoting member of the task force. (c) The task force shall choose its chair or cochair from among its legislative membership. The chairs of the senate labor, commerce, research and development committee and the house of representatives commerce and labor committee shall convene the initial meeting of the task force.

(4)(a) The task force shall use legislative facilities and staff support shall be provided by senate committee services and the house of representatives office of program research. Within available funding, the task force may hire additional staff with specific technical expertise if such expertise is necessary to carry out the mandates of this study.

(b) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(3) The record and declaration required under this section must be open to the inspection of any commissioned law enforcement officer of the state or any of its political subdivisions at all times during the ordinary hours of business, or at reasonable times if ordinary hours of business are not kept, and must be maintained wherever that business is conducted for one year following the date of the transaction.

NEW SECTION. Sec. 3. REQUIREMENTS FOR PURCHASING OR RECEIVING NONFERROUS METAL PROPERTY FROM THE GENERAL PUBLIC. (1) No scrap metal business may enter into a transaction to purchase or receive nonferrous metal property from any person who cannot produce at least one piece of current government-issued picture identification, including a valid driver's license or identification card issued by any state.

(2) No scrap metal business may purchase or receive commercial metal property unless the seller: (a) Has a commercial account with the scrap metal business; (b) can prove ownership of the property by producing written documentation that the seller is the owner of the property; or (c) can produce written documentation that the seller is an employee or agent authorized to sell the property on behalf of a commercial enterprise.

(3) No scrap metal business may enter into a transaction to purchase or receive metallic wire that was burned in whole or in part to remove insulation unless the seller can produce written proof to the scrap metal business that the wire was lawfully burned.

(4) No transaction involving nonferrous metal property valued at greater than thirty dollars may be made in cash or with any person who does not provide a street address under the requirements of section 2 of this act. For transactions valued at greater than thirty dollars, the person with whom the transaction is being made may only be paid by a nontransferable check, mailed by the scrap metal business to a street address provided under section 2 of this act, no earlier than ten days after the transaction was made. A transaction occurs on the date provided in the record required under section 2 of this act.

(5) No scrap metal business may purchase or receive beer kegs from anyone except a manufacturer of beer kegs or licensed brewery.

NEW SECTION. Sec. 4. RECORD FOR COMMERCIAL ACCOUNTS. (1) Every scrap metal business must create and maintain a permanent record with a commercial enterprise, including another scrap metal business, in order to establish a commercial account. That record, at a minimum, must include the following information:

(a) The full name of the commercial enterprise or commercial account;

(b) The business address and telephone number of the commercial enterprise or commercial account; and

(c) The full name of the person employed by the commercial enterprise who is authorized to deliver nonferrous metal property and commercial metal property to the scrap metal business.

(2) The record maintained by a scrap metal business for a commercial account must document every purchase or receipt of nonferrous metal property and commercial metal property from the commercial enterprise. The documentation must include, at a minimum, the following information:

(a) The time, date, and value of the property being purchased or received;

(b) A description of the predominant types of property being purchased or received; and

(c) The signature of the person delivering the property to the scrap metal business.

NEW SECTION. Sec. 5. REPORTING TO LAW ENFORCEMENT. (1) Upon request by any commissioned law enforcement officer of the state or any of its political subdivisions, every scrap metal business shall furnish a full,

true, and correct transcript of the records from the purchase or receipt of nonferrous metal property and commercial metal property involving a specific individual, vehicle, or item of nonferrous metal property or commercial metal property. This information may be transmitted within a specified time of not less than two business days to the applicable law enforcement agency electronically, by facsimile transmission, or by modem or similar device, or by delivery of computer disk subject to the requirements of, and approval by, the chief of police or the county's chief law enforcement officer.

(2) If the scrap metal business has good cause to believe that any nonferrous metal property or commercial metal property in his or her possession has been previously lost or stolen, the scrap metal business shall promptly report that fact to the applicable commissioned law enforcement officer of the state, the chief of police, or the county's chief law enforcement officer, together with the name of the owner, if known, and the date when and the name of the person from whom it was received.

NEW SECTION. Sec. 6. PRESERVING EVIDENCE OF METAL THEFT. (1) Following notification, either verbally or in writing, from a commissioned law enforcement officer of the state or any of its political subdivisions that an item of nonferrous metal property or commercial metal property has been reported as stolen, a scrap metal business shall hold that property intact and safe from alteration, damage, or commingling, and shall place an identifying tag or other suitable identification upon the property. The scrap metal business shall hold the property for a period of time as directed by the applicable law enforcement agency up to a maximum of ten business days.

(2) A commissioned law enforcement officer of the state or any of its political subdivisions shall not place on hold any item of nonferrous metal property or commercial metal property unless that law enforcement agency reasonably suspects that the property is a lost or stolen item. Any hold that is placed on the property must be removed within ten business days after the property on hold is determined not to be stolen or lost and the property must be returned to the owner or released.

NEW SECTION. Sec. 7. UNLAWFUL VIOLATIONS. It is a gross misdemeanor under chapter 9A.20 RCW for:

(1) Any person to deliberately remove, alter, or obliterate any manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon an item of nonferrous metal property or commercial metal property in order to deceive a scrap metal business;

(2) Any scrap metal business to enter into a transaction to purchase or receive any nonferrous metal property or commercial metal property where the manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon the property have been deliberately and conspicuously removed, altered, or obliterated;

(3) Any person to knowingly make, cause, or allow to be made any false entry or misstatement of any material matter in any book, record, or writing required to be kept under this chapter;

(4) Any scrap metal business to enter into a transaction to purchase or receive nonferrous metal property or commercial metal property from any person under the age of eighteen years or any person who is discernibly under the influence of intoxicating liquor or drugs;

(5) Any scrap metal business to enter into a transaction to purchase or receive nonferrous metal property or commercial metal property with anyone whom the scrap metal business has been informed by a law enforcement agency to have been convicted of a crime involving drugs, burglary, robbery, theft, or possession of or receiving stolen property, manufacturing, delivering, or possessing with intent to deliver methamphetamine, or possession of ephedrine or any of its salts or isomers or salts of isomers, pseudoephedrine or any of its salts or isomers or salts of isomers, or anhydrous ammonia with intent to manufacture methamphetamine within the past ten years whether the person is acting in his or her own behalf or as the agent of another;

NINETY-NINTH DAY, APRIL 16, 2007

(6) Any person to sign the declaration required under section 2 of this act knowing that the nonferrous metal property subject to the transaction is stolen. The signature of a person on the declaration required under section 2 of this act constitutes evidence of intent to defraud a scrap metal business if that person is found to have known that the nonferrous metal property subject to the transaction was stolen;

(7) Any scrap metal business to possess commercial metal property that was not lawfully purchased or received under the requirements of this chapter; or

(8) Any scrap metal business to engage in a series of transactions valued at less than thirty dollars with the same seller for the purposes of avoiding the requirements of section 3(4) of this act.

NEW SECTION. Sec. 8. CIVIL PENALTIES. (1) Each violation of the requirements of this chapter that are not subject to the criminal penalties under section 7 of this act shall be punishable, upon conviction, by a fine of not more than one thousand dollars.

(2) Within two years of being convicted of a violation of any of the requirements of this chapter that are not subject to the criminal penalties under section 7 of this act, each subsequent violation shall be punishable, upon conviction, by a fine of not more than two thousand dollars.

NEW SECTION. Sec. 9. EXEMPTIONS. The provisions of this chapter do not apply to transactions conducted by the following:

(1) Motor vehicle dealers licensed under chapter 46.70 RCW;

(2) Vehicle wreckers or hulk haulers licensed under chapter 46.79 or 46.80 RCW;

(3) Persons in the business of operating an automotive repair facility as defined under RCW 46.71.011; and

(4) Persons in the business of buying or selling empty food and beverage containers, including metal food and beverage containers.

NEW SECTION. Sec. 10. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for theft in the first or second degree, the prosecution may file a special allegation of disproportionate impact when sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the damage to the victim greatly exceeds the value of the stolen property.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the damage to the victim greatly exceeds the value of the stolen property. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the damage to the victim greatly exceeds the value of the stolen property. If no jury is had, the court shall make a finding of fact as to whether the damage to the victim greatly exceeds the value of the stolen property.

(3) For the purposes of this section, damage to the victim greatly exceeds the value of the stolen property when the replacement cost of the stolen item is more than three times the value of the stolen item, or the theft of the item creates a public hazard.

NEW SECTION. Sec. 11. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for possessing stolen property in the first or second degree, the prosecution may file a special allegation of disproportionate impact when sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the damage to the victim from whom the property was stolen greatly exceeds the value of the stolen property.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the damage to the victim from whom the property was stolen greatly exceeds the value of the stolen property. If a jury

is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the damage to the victim from whom the property was stolen greatly exceeds the value of the stolen property. If no jury is had, the court shall make a finding of fact as to whether the damage to the victim from whom the property was stolen greatly exceeds the value of the stolen property.

(3) For the purposes of this section, damage to the victim from whom the property was stolen greatly exceeds the value of the stolen property when the replacement cost of the stolen item is more than three times the value of the stolen item, or the theft of the item creates a public hazard.

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9A.01.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. (f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

RICHARD NAFZIGER, Chief Clerk

POINT OF ORDER

Senator Kline: "Mr. President, the question is whether the amendments by the other body to Engrossed Substitute Senate Bill No. 5312 are within the scope and object of the underlying bill as it was passed in this body?"

REPLY BY THE PRESIDENT

President Owen: "Are you raising the question of scope and object on the House amendments to Engrossed Substitute Senate Bill No. 5312?"

REMARKS BY SENATOR KLINE

Senator Kline: "I am Mr. President."

POINT OF ORDER

Senator Kline: "Thank you Mr. President. The underlying bill had as its purpose to protect and recover metal property owned by private entities and government agencies. It does so by establishing requirements upon business. The underlying bill is very much about metal theft, not about theft in general. The exceptional sentence amendments that were placed in the other body, create new authorities for prosecutors to seek exceptional sentence under the criminal code. It does not affect or relate to the sale or purchase of metal properties in particular but the entire wide spectrum of theft first degree, theft second degree, possession of stolen property first degree and possession second degree. In those, it requires, it allows the prosecutor to make special allegations of an exceptional sentence. It requires the judge, then, to impose an exceptional sentence, if the jury so finds. It has nothing to do with business requirements of the tracking and the return of metal. The bill, as it passed the Senate, proposed to create a new chapter entitled '19'. The exceptional sentence adds new sections in titled 9.9A, the criminal code. The underlying bill, as passed the Senate, included penalties within a new chapter in titled 19 that relates to violations of these business-oriented requirements. The exceptional sentence amended applies to all theft first and second degree and all possession of stolen property. I urge finding that this is beyond the scope. Thank you."

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 5312 was deferred and the bill held its place on the concurrence and dispute calendar.

POINT OF ORDER

Senator Sheldon: "Is it appropriate to make an argument on behalf of the scope?"

REPLY BY THE PRESIDENT

President Owen: "Yes, Senator Sheldon, let me dispose of this motion and then I'll come back to you."

Without objection, the motion by Senator Eide carried and Engrossed Substitute Senate Bill No. 5312 was deferred by voice vote.

POINT OF ORDER

Senator Sheldon: "Thank you Mr. President. The amendment in question would allow prosecutors to file a special allegation of disproportionate impact when prosecuting the crime of theft in the first or second degree. One of the primary characteristics of metal theft that makes it such a pressing concern is the damage caused to the victim during the theft or the hazard created when the metal is part of a safety apparatus such as a highway guard rail or a grounding wire for an electrical facility. This amendment allows prosecutors to seek a penalty more in line with the crime, rather than simply rely on the value of the stolen material. I believe that this amendment is within the scope of the bill for the following reasons: First, the bill addresses the notion of stolen property in several places, such as, in section two, where anyone selling metal is required to sign a declaration affirming that the property is not stolen and immediately reports such material to law enforcement. Second, the bill establishes criminal penalties for various acts, such as altering identifying marks for the purpose of selling stolen materials or to make a false entry in the recording of a sale of metal property. Therefore, I believe that it is clearly the intent of the bill to discourage metal theft through the creation of additional penalties for those involved in the crime. The notion of additional penalties for the creation of a public hazard is also clearly connected to the protection of property owned by utilities, railroad, state agencies and the like. The theft of the electrical wire from a railroad crossing sign may only be a petty crime accordingly to the value of the material stolen but the cost to society is clearly much greater. I believe that creating a deterrent for this behavior in a form of increased penalties is clearly in line with the bill intended to protect and recover property owned by utilities, telecommunication companies, railroads, state agencies, political divisions of the state, construction firms and other parties. Thank you Mr. President."

PARLIAMENTARY INQUIRY

Senator Clements: "Mr. President, I do not know the proper order to respond to Senator Sheldon's comment or if it's appropriate?"

REPLY BY THE PRESIDENT

President Owen: "Senator Clements, the President allows one person to speak on either side of a scope and object argument and that has been done."

RULING BY THE PRESIDENT

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

President Owen: "In ruling upon the point of order raised by Senator Pridemore that the House Amendments are beyond the scope and object of Substitute Senate Bill 5174, the President finds and rules as follows:

The underlying bill as it passed the Senate can be fairly characterized as a technical, if substantive, correction to various public retirement service system statutes, including vesting requirements and contribution rates for certain classes of participants.

There are two House amendments at issue: Amendment 516, and Amendment 505. Amendment 516 would permit certain individuals to transfer service credits between public retirement systems under certain circumstances. Similarly, Amendment 505 relates to purchasing service credits in a public retirement system.

Neither of these amendments relates to the underlying technical purposes of the original bill. Instead, they impermissibly broaden the object of the measure to include different subjects.

For these reasons, the President finds that the House Amendments are beyond the scope and scope and object of the underlying bill, and Senator Pridemore's point of order is well-taken."

The Senate resumed consideration of Substitute Senate Bill No. 5174 which had been deferred on the previous day.

MOTION

Senator Prentice moved that the Senate refuse to concur in the House amendment(s) to Substitute Senate Bill No. 5174 and ask the House to recede therefrom.

PARLIAMENTARY INQUIRY

Senator Benton: "Mr. President, since the point of order by Senator Pridemore was well taken and the amendments are considered to be out of scope and object of the bill, my question is, how can be concurring or not concurring? How can we vote on a motion to not concur when there are no longer amendments on the bill if they've been removed or ruled out of order by the President?"

REPLY BY THE PRESIDENT

President Owen: "For clarification the, if Senator Prentice did not make her motion, and the motion did not pass with the scope and object ruling, the bill would go back to the committee. This gives the opportunity, if in fact Senator Prentice motion passes, for them to remove the amendment and pass the bill as sent over to them by the Senate. The House. That is correct."

The President declared the question before the Senate to be motion by Senator Prentice that the Senate refuse to concur in the House amendment(s) to Substitute Senate Bill No. 5174 and ask the House to recede therefrom.

The motion by Senator Prentice carried and the Senate refused to concur in the House amendment(s) to Substitute Senate Bill No. 5174 and asked the House to recede therefrom.

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

"USE STATE PURCHASING TO IMPROVE HEALTH CARE QUALITY"

NEW SECTION. **Sec. 1.** (1) The health care authority and the department of social and health services shall, by September 1, 2007, develop a five-year plan to change reimbursement within their health care programs to:

- (a) Reward quality health outcomes rather than simply paying for the receipt of particular services or procedures;
- (b) Pay for care that reflects patient preference and is of proven value;
- (c) Require the use of evidence-based standards of care where available;
- (d) Tie provider rate increases to measurable improvements in access to quality care;
- (e) Direct enrollees to quality care systems;
- (f) Better support primary care and provide a medical home to all enrollees through reimbursement policies that create incentives for providers to enter and remain in primary care practice and that address disparities in payment between specialty procedures and primary care services; and
- (g) Pay for e-mail consultations, telemedicine, and telehealth where doing so reduces the overall cost of care.

(2) In developing any component of the plan that links payment to health care provider performance, the authority and the department shall work in collaboration with the department of health, health carriers, local public health jurisdictions, physicians and other health care providers, the Puget Sound health alliance, and other purchasers.

(3) The plan shall (a) identify any existing barriers and opportunities to support implementation, including needed changes to state or federal law; (b) identify the goals the plan is intended to achieve and how progress toward those goals will be measured; and (c) be submitted to the governor and the legislature upon completion. The agencies shall report to the legislature by September 1, 2007. Any component of the plan that links payment to health care provider performance must be submitted to the legislature for consideration prior to implementation by the department or the authority.

NEW SECTION. **Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The legislature finds that there is growing evidence that, for preference-sensitive care involving elective surgery, patient-practitioner communication is improved through the use of high-quality decision aids that detail the benefits, harms, and uncertainty of available treatment options. Improved communication leads to more fully informed patient decisions. The legislature intends to increase the extent to which patients make genuinely informed, preference-based treatment decisions, by promoting public/private collaborative efforts to broaden the development, certification, use, and evaluation of effective decision aids and by recognition of shared decision making and patient decision aids in the state's laws on informed consent.

(2) The health care authority shall implement a shared decision-making demonstration project. The demonstration project shall be conducted at one or more multispecialty group practice sites providing state purchased health care in the state of Washington, and may include other practice sites providing state purchased health care. The demonstration project shall include the following elements:

(a) Incorporation into clinical practice of one or more decision aids for one or more identified preference-sensitive care areas combined with ongoing training and support of involved practitioners and practice teams, preferably at sites with necessary supportive health information technology;

(b) An evaluation of the impact of the use of shared decision making with decision aids, including the use of preference-sensitive health care services selected for the demonstration project and expenditures for those services, the impact on patients, including patient understanding of the treatment options presented and concordance between patient values and the care received, and patient and practitioner satisfaction with the shared decision-making process; and

(c) As a condition of participating in the demonstration project, a participating practice site must bear the cost of

selecting, purchasing, and incorporating the chosen decision aids into clinical practice.

(3) The health care authority may solicit and accept funding and in-kind contributions to support the demonstration and evaluation, and may scale the evaluation to fall within resulting resource parameters.

Sec. 3. RCW 7.70.060 and 1975-'76 2nd ex.s. c 56 s 11 are each amended to read as follows:

(1) If a patient while legally competent, or his or her representative if he or she is not competent, signs a consent form which sets forth the following, the signed consent form shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by a preponderance of the evidence:

((+)) (a) A description, in language the patient could reasonably be expected to understand, of:

((+)) (i) The nature and character of the proposed treatment;

((+)) (ii) The anticipated results of the proposed treatment;

((+)) (iii) The recognized possible alternative forms of treatment; and

((+)) (iv) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment and in the recognized possible alternative forms of treatment, including nontreatment;

((+)) (b) Or as an alternative, a statement that the patient elects not to be informed of the elements set forth in (a) of this subsection ~~((1) of this section).~~

(2) If a patient while legally competent, or his or her representative if he or she is not competent, signs an acknowledgement of shared decision making as described in this section, such acknowledgement shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by clear and convincing evidence. An acknowledgement of shared decision making shall include:

(a) A statement that the patient, or his or her representative, and the health care provider have engaged in shared decision making as an alternative means of meeting the informed consent requirements set forth by laws, accreditation standards, and other mandates;

(b) A brief description of the services that the patient and provider jointly have agreed will be furnished;

(c) A brief description of the patient decision aid or aids that have been used by the patient and provider to address the needs for (i) high-quality, up-to-date information about the condition, including risk and benefits of available options and, if appropriate, a discussion of the limits of scientific knowledge about outcomes; (ii) values clarification to help patients sort out their values and preferences; and (iii) guidance or coaching in deliberation, designed to improve the patient's involvement in the decision process;

(d) A statement that the patient or his or her representative understands: The risk or seriousness of the disease or condition to be prevented or treated; the available treatment alternatives, including nontreatment; and the risks, benefits, and uncertainties of the treatment alternatives, including nontreatment; and

(e) A statement certifying that the patient or his or her representative has had the opportunity to ask the provider questions, and to have any questions answered to the patient's satisfaction, and indicating the patient's intent to receive the identified services.

(3) As used in this section, "shared decision making" means a process in which the physician or other health care practitioner discusses with the patient or his or her representative the information specified in subsection (2) of this section with the use of a patient decision aid and the patient shares with the provider such relevant personal information as might make one treatment or side effect more or less tolerable than others.

(4) As used in this section, "patient decision aid" means a written, audio-visual, or online tool that provides a balanced presentation of the condition and treatment options, benefits, and harms, including, if appropriate, a discussion of the limits of

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

scientific knowledge about outcomes, and that is certified by one or more national certifying organizations.

(5) Failure to use a form or to engage in shared decision making, with or without the use of a patient decision aid, shall not be admissible as evidence of failure to obtain informed consent. There shall be no liability, civil or otherwise, resulting from a health care provider choosing either the signed consent form set forth in subsection (1)(a) of this section or the signed acknowledgement of shared decision making as set forth in subsection (2) of this section.

2007 REGULAR SESSION

(1) Any individual health care service plan contract that provides coverage for a subscriber's dependent must offer the option of covering any unmarried dependent under the age of twenty-five.

(2) Any group health care service plan contract that provides coverage for a participating member's dependent must offer each participating member the option of covering any unmarried dependent under the age of twenty-five.

NEW SECTION. Sec. 22. A new section is added to chapter 48.46 RCW to read as follows:

(1) Any individual health maintenance agreement that provides coverage for a subscriber's dependent must offer the option of covering any unmarried dependent under the age of twenty-five.

(2) Any group health maintenance agreement that provides coverage for a participating member's dependent must offer each participating member the option of covering any unmarried dependent under the age of twenty-five.

SUSTAINABILITY AND ACCESS TO PUBLIC PROGRAMS

NEW SECTION. Sec. 23. (1) The department of social and health services shall develop a series of options that require federal waivers and state plan amendments to expand coverage and leverage federal and state resources for the state's basic health program, for the medical assistance program, as codified at Title XIX of the federal social security act, and the state's children's health insurance program, as codified at Title XXI of the federal social security act. The department shall propose options including but not limited to:

(a) Offering alternative benefit designs to promote high quality care, improve health outcomes, and encourage cost-effective treatment options and redirect savings to finance additional coverage;

(b) Creation of a health opportunity account demonstration program for individuals eligible for transitional medical benefits. When a participant in the health opportunity account demonstration program satisfies his or her deductible, the benefits provided shall be those included in the medicaid benefit package in effect during the period of the demonstration program; and

(c) Promoting private health insurance plans and premium subsidies to purchase employer-sponsored insurance wherever possible, including federal approval to expand the department's employer-sponsored insurance premium assistance program to enrollees covered through the state's children's health insurance program.

(2) Prior to submitting requests for federal waivers or state plan amendments, the department shall consult with and seek input from stakeholders and other interested parties.

(3) The department of social and health services, in collaboration with the Washington state health care authority, shall ensure that enrollees are not simultaneously enrolled in the state's basic health program and the medical assistance program or the state's children's health insurance program to ensure coverage for the maximum number of people within available funds.

NEW SECTION. Sec. 24. A new section is added to chapter 48.43 RCW to read as follows:

When the department of social and health services determines that it is cost-effective to enroll a person eligible for medical assistance under chapter 74.09 RCW in an employer-sponsored health plan, a carrier shall permit the enrollment of the person in the health plan for which he or she is otherwise eligible without regard to any open enrollment period restrictions.

REINSURANCE

NEW SECTION. Sec. 25. (1) The office of financial management, in collaboration with the office of the insurance commissioner, shall evaluate options and design a state-supported reinsurance program to address the impact of high cost enrollees in the individual and small group health insurance

2007 REGULAR SESSION

markets, and submit an interim report to the governor and the legislature by December 1, 2007, and a final report, including implementing legislation and supporting information, including financing options, by September 1, 2008. In designing the program, the office of financial management shall:

(a) Estimate the quantitative impact on premium savings, premium stability over time and across groups of enrollees, individual and employer take-up, number of uninsured, and government costs associated with a government-funded stop-loss insurance program, including distinguishing between one-time premium savings and savings in subsequent years. In evaluating the various reinsurance models, evaluate and consider (i) the reduction in total health care costs to the state and private sector, and (ii) the reduction in individual premiums paid by employers, employees, and individuals;

(b) Identify all relevant design issues and alternative options for each issue. At a minimum, the evaluation shall examine (i) a reinsurance corridor of ten thousand dollars to ninety thousand dollars, and a reimbursement of ninety percent; (ii) the impacts of providing reinsurance for all small group products or a subset of products; and (iii) the applicability of a chronic care program such as the approach used by the department of labor and industries with the centers of occupational health and education. Where quantitative impacts cannot be estimated, the office of financial management shall assess qualitative impacts of design issues and their options, including potential disincentives for reducing premiums, achieving premium stability, sustaining/increasing take-up, decreasing the number of uninsured, and managing government's stop-loss insurance costs;

(c) Identify market and regulatory changes needed to maximize the chance of the program achieving its policy goals, including how the program will relate to other coverage programs and markets. Design efforts shall coordinate with other design efforts targeting small group programs that may be directed by the legislature, as well as other approaches examining alternatives to managing risk;

(d) Address conditions under which overall expenditures could increase as a result of a government-funded stop-loss program and options to mitigate those conditions, such as passive versus aggressive use of disease and care management programs by insurers;

(e) Determine whether the Washington state health insurance pool should be retained, and if so, develop options for additional sources of funding;

(f) Evaluate, and quantify where possible, the behavioral responses of insurers to the program including impacts on insurer premiums and practices for settling legal disputes around large claims; and

(g) Provide alternatives for transitioning from the status quo and, where applicable, alternatives for phasing in some design elements, such as threshold or corridor levels, to balance government costs and premium savings.

(2) Within funds specifically appropriated for this purpose, the office of financial management may contract with actuaries and other experts as necessary to meet the requirements of this section.

THE WASHINGTON STATE HEALTH INSURANCE POOL AND THE BASIC HEALTH PLAN

Sec. 26. RCW 48.41.110 and 2001 c 196 s 4 are each amended to read as follows:

(1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. ~~((Covered persons enrolled in the pool on January 1, 2001, may continue coverage under the pool plan in which they are enrolled on that date. However,))~~ The pool may incorporate managed care features into ~~((such))~~ existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of ~~((the))~~ pool ~~((policy))~~ policies in plain language. After approval by the board, such brochure

shall be made reasonably available to participants or potential participants.

(3) The health insurance ~~((policy))~~ policies issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of covered illnesses, injuries, and conditions ~~((which are not otherwise limited or excluded))~~. Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended under ~~((the))~~ a pool policy. ~~((Such benefits shall at minimum include, but not be limited to, the following services or related items:))~~

(4) The pool shall offer at least two policies, one of which will be a comprehensive policy that must comply with RCW 48.41.120 and must at a minimum include the following services or related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, ~~((but limited to))~~ including no less than a total of one hundred eighty inpatient days in a calendar year, and ~~((limited to))~~ no less than thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider, by a staff of registered or licensed practical nurses, or other health care providers;

(c) ~~((The first))~~ No less than twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician, by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not ~~((more))~~ less than one hundred days in a calendar year as prescribed by a physician;

(l) Diagnostic x-rays and laboratory tests;

(m) Oral surgery ~~((limited to))~~ including at least the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;

(n) Maternity care services;

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

~~((+))~~(5) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

~~((5)) (6)~~ The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. ~~(The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however,)~~ No limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

~~((6)) (7)~~ The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection ~~((7)) (8)~~ of this section.

~~((7)) (8)(a)~~ Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

~~((8)) (9)~~ If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

(10) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate.

Sec. 27. RCW 48.41.160 and 1987 c 431 s 16 are each amended to read as follows:

~~(1) (A pool policy offered under this chapter shall contain provisions under which the pool is obligated to renew the policy until the day on which the individual in whose name the policy is issued first becomes eligible for medicare coverage. At that time, coverage of dependents shall terminate if such dependents are eligible for coverage under a different health plan. Dependents who become eligible for medicare prior to the individual in whose name the policy is issued, shall receive benefits in accordance with RCW 48.41.150) On or before December 31, 2007, the pool shall cancel all existing pool policies and replace them with policies that are identical to the existing policies except for the inclusion of a provision providing for a guarantee of the continuity of coverage consistent with this section. As a means to minimize the number of policy changes for enrollees, replacement policies provided under this subsection also may include the plan modifications authorized in RCW 48.41.100, 48.41.110, and 48.41.120.~~

(2) A pool policy shall contain a guarantee of the individual's right to continued coverage, subject to the provisions of subsections (4) and (5) of this section.

(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or nonrenewing a policy for:

(a) Nonpayment of premium;

(b) Violation of published policies of the pool;

(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medical supplement plan, or a medicare supplement plan or other similar plan offered by a carrier pursuant to federal laws and regulations;

(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the pool;

(f) Covered persons materially breaching the pool policy; or

(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace a plan under this subsection until it has completed an evaluation of the impact of replacing the plan upon:

(i) The cost and quality of care to pool enrollees;

(ii) Pool financing and enrollment;

(iii) The board's ability to offer comprehensive and other plans to its enrollees;

(iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

~~((3)) (6)~~ A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

Sec. 28. RCW 48.41.200 and 2000 c 79 s 17 are each amended to read as follows:

(1) The pool shall determine the standard risk rate by calculating the average individual standard rate charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state. In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage in the individual market.

(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be as follows:

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

(a) Maximum rates for a pool indemnity health plan shall be one hundred fifty percent of the rate calculated under subsection (1) of this section;

(b) Maximum rates for a pool care management plan shall be one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(c) Maximum rates for a person eligible for pool coverage pursuant to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-three day period immediately prior to the date of application for pool coverage in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005, where such coverage was continuous for at least eighteen months, shall be:

(i) For a pool indemnity health plan, one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(ii) For a pool care management plan, one hundred ten percent of the rate calculated under subsection (1) of this section.

(3)(a) Subject to (b) and (c) of this subsection:

(i) The rate for any person (~~aged fifty to sixty-four~~) whose current gross family income is less than two hundred fifty-one percent of the federal poverty level shall be reduced by thirty percent from what it would otherwise be;

(ii) The rate for any person (~~aged fifty to sixty-four~~) whose current gross family income is more than two hundred fifty but less than three hundred one percent of the federal poverty level shall be reduced by fifteen percent from what it would otherwise be;

(iii) The rate for any person who has been enrolled in the pool for more than thirty-six months shall be reduced by five percent from what it would otherwise be.

(b) In no event shall the rate for any person be less than one hundred ten percent of the rate calculated under subsection (1) of this section.

(c) Rate reductions under (a)(i) and (ii) of this subsection shall be available only to the extent that funds are specifically appropriated for this purpose in the omnibus appropriations act.

Sec. 29. RCW 48.41.037 and 2000 c 79 s 36 are each amended to read as follows:

The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from this account shall be used to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Whether the assessment has reached the threshold of seventy cents per insured person per month shall be determined by dividing the total aggregate amount of assessment by the proportion of total assessed members. Thus, stop loss members shall be counted as one-tenth of a whole member in the denominator given that is the amount they are assessed proportionately relative to a fully insured medical member.

Sec. 30. RCW 48.41.100 and 2001 c 196 s 3 are each amended to read as follows:

(1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out ~~(one)~~ two million dollars in benefits;

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

(4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted,

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

including examining the eight percent eligibility threshold, eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007.

Sec. 31. RCW 48.41.120 and 2000 c 79 s 14 are each amended to read as follows:

(1) Subject to the limitation provided in subsection (3) of this section, ~~((a))~~ the comprehensive pool policy offered ~~((in accordance with))~~ under RCW 48.41.110 ~~((3))~~ (4) shall impose a deductible as provided in this subsection. Deductibles of five hundred dollars and one thousand dollars on a per person per calendar year basis shall initially be offered. The board may authorize deductibles in other amounts. The deductible shall be applied to the first five hundred dollars, one thousand dollars, or other authorized amount of eligible expenses incurred by the covered person.

(2) Subject to the limitations provided in subsection (3) of this section, a mandatory coinsurance requirement shall be imposed at ~~((the))~~ a rate ~~((of))~~ not to exceed twenty percent of eligible expenses in excess of the mandatory deductible and which supports the efficient delivery of high quality health care services for the medical conditions of pool enrollees.

(3) The maximum aggregate out of pocket payments for eligible expenses by the insured in the form of deductibles and coinsurance under ~~((a))~~ the comprehensive pool policy offered ~~((in accordance with))~~ under RCW 48.41.110 ~~((3))~~ (4) shall not exceed in a calendar year:

(a) One thousand five hundred dollars per individual, or three thousand dollars per family, per calendar year for the five hundred dollar deductible policy;

(b) Two thousand five hundred dollars per individual, or five thousand dollars per family per calendar year for the one thousand dollar deductible policy; or

(c) An amount authorized by the board for any other deductible policy.

(4) Except for those enrolled in a high deductible health plan qualified under federal law for use with a health savings account, eligible expenses incurred by a covered person in the last three months of a calendar year, and applied toward a deductible, shall also be applied toward the deductible amount in the next calendar year.

(5) The board may modify cost-sharing as an incentive for enrollees to participate in care management services and other cost-effective programs and policies.

Sec. 32. RCW 48.43.005 and 2006 c 25 s 16 are each amended to read as follows:

Unless otherwise specifically provided, the definitions in this section apply throughout this chapter.

In July, 2008, and in each July thereafter, the insurance commissioner shall adjust the minimum deductible and out-of-pocket expense required for a plan to qualify as a catastrophic plan to reflect the percentage change in the consumer price index for medical care for a preceding twelve months, as determined by the United States department of labor. NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

(7) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who is accepted for enrollment by the administrator as provided in RCW 48.43.018, either because the potential enrollee cannot be required to complete the standard health questionnaire under RCW 48.43.018, or, based upon the results of the standard health questionnaire, the potential enrollee would not qualify for coverage under the Washington state health insurance pool; (d) who resides in an area of the state served by a managed health care system participating in the plan; ~~((d))~~ (e) who chooses to obtain basic health care coverage from a particular managed health care system; and ~~((e))~~ (f) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(8) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(9) "Premium" means a periodic payment, ~~((based upon gross family income))~~ which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee, a nonsubsidized enrollee, or a health coverage tax credit eligible enrollee.

(10) "Rate" means the amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees in the plan and in that system.

Sec. 36. RCW 70.47.060 and 2006 c 343 s 9 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The

structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

~~(b) To determine the periodic premiums due the administrator from subsidized enrollees under RCW 70.47.020(6)(b). Premiums due for foster parents with gross family income up to two hundred percent of the federal poverty level shall be set at the minimum premium amount charged to enrollees with income below sixty-five percent of the federal poverty level. Premiums due for foster parents with gross family income between two hundred percent and three hundred percent of the federal poverty level shall not exceed one hundred dollars per month.~~

~~(c) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.~~

~~((c)) (d) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.~~

~~((c)) (e) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.~~

~~((c)) (f) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.~~

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer

NINETY-NINTH DAY, APRIL 16, 2007

exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to give priority to members of the Washington national guard and reserves who served in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation Noble Eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

(20) To give priority in enrollment to persons who disenrolled from the program in order to enroll in medicare, and subsequently became ineligible for medicare coverage.

Sec. 37. RCW 48.43.018 and 2004 c 244 s 3 are each amended to read as follows:

(1) Except as provided in (a) through (e) of this subsection, a health carrier may require any person applying for an individual health benefit plan and the health care authority shall require any person applying for nonsubsidized enrollment in the basic health plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(4) "Health service area" means a geographic region appropriate for effective health planning that includes a broad range of health services.

(5) "Office" means the office of financial management.

(6) "Strategy" means the statewide health resources strategy.

NEW SECTION. Sec. 51. (1) The office shall serve as a coordinating body for public and private efforts to improve quality in health care, promote cost-effectiveness in health care, and plan health facility and health service availability. In addition, the office shall facilitate access to health care data

collected by public and private organizations as needed to conduct its planning responsibilities.

(2) The office shall:

(a) Conduct strategic health planning activities related to the preparation of the strategy, as specified in this chapter;

(b) Develop a computerized system for accessing, analyzing, and disseminating data relevant to strategic health planning responsibilities. The office may contract with an organization to create the computerized system capable of meeting the needs of the office;

(c) Maintain access to deidentified data collected and stored by any public and private organizations as necessary to support its planning responsibilities, including state-purchased health care program data, hospital discharge data, and private efforts to collect utilization and claims-related data. The office is authorized to enter into any data sharing agreements and contractual arrangements necessary to obtain data or to distribute data. Among the sources of deidentified data that the office may access are any databases established pursuant to the recommendations of the health information infrastructure advisory board established by chapter 261, Laws of 2005. The office may store limited data sets as necessary to support its activities. Unless specifically authorized, the office shall not collect data directly from the records of health care providers and health care facilities, but shall make use of databases that have already collected such information; and

(d) Conduct research and analysis or arrange for research and analysis projects to be conducted by public or private organizations to further the purposes of the strategy.

(3) The office shall establish a technical advisory committee to assist in the development of the strategy. The committee shall include members with experience in the provision of health services to rural communities.

NEW SECTION. Sec. 52. (1) The office, in consultation with the technical advisory committee established under section 51 of this act, shall develop a statewide health resources strategy. The strategy shall establish statewide health planning policies and goals related to the availability of health care facilities and services, quality of care, and cost of care. The strategy shall identify needs according to geographic regions suitable for comprehensive health planning as designated by the office.

(2) The development of the strategy shall consider the following general goals and principles:

(a) That excess capacity of health services and facilities place considerable economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance purchasers, carriers, and taxpayers; and

(b) That the development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care, as well as projections of need for health facilities and services, are essential to effective strategic health planning.

(3) The strategy, with public input by health service areas, shall include:

(a) A health system assessment and objectives component that:

(i) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs; and

(ii) Identifies key policy objectives for the state health system related to access to care, health outcomes, quality, and cost-effectiveness;

(b) A health care facilities and services plan that shall assess the demand for health care facilities and services to inform state health planning efforts and direct certificate of need

NINETY-NINTH DAY, APRIL 16, 2007

determinations, for those facilities and services subject to certificate of need as provided in chapter 70.38 RCW. The plan shall include:

(i) An inventory of each geographic region's existing health care facilities and services;

(ii) Projections of need for each category of health care facility and service, including those subject to certificate of need;

(iii) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, standards, and methods relevant to the certificate of need review process; and

(iv) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region;

(c) A health care data resource plan that identifies data elements necessary to properly conduct planning activities and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall inventory existing data resources, both public and private, that store and disclose information relevant to the health planning process, including information necessary to conduct certificate of need activities pursuant to chapter 70.38 RCW. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment.

2007 REGULAR SESSION

NEW SECTION. Sec. 53. The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need.

NEW SECTION. Sec. 54. (1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence.

Sec. 55. RCW 70.38.015 and 1989 1st ex.s. c 9 s 601 are each amended to read as follows:

It is declared to be the public policy of this state:

(1) That strategic health planning ((to)) efforts must be supported by appropriately tailored regulatory activities that can effectuate the goals and principles of the statewide health resources strategy developed pursuant to chapter 43-- RCW (sections 50 through 54 of this act). The implementation of the strategy can promote, maintain, and assure the health of all citizens in the state, ((to)) provide accessible health services, health manpower, health facilities, and other resources while controlling ((excessive)) increases in costs, and ((to)) recognize prevention as a high priority in health programs((is essential to the health, safety, and welfare of the people of the state. Health planning should be responsive to changing health and social needs and conditions)). Involvement in health planning from both consumers and providers throughout the state should be encouraged;

(2) ~~((That the development of health services and resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities and without unnecessary duplication or fragmentation))~~ That the certificate of need program is a component of a health planning regulatory process that is consistent with the statewide health resources strategy and public policy goals that are clearly articulated and regularly updated;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition; and

(5) That health planning should be concerned with public health and health care financing, access, and quality, recognizing their close interrelationship and emphasizing cost control of health services, including cost-effectiveness and cost-benefit analysis.

NEW SECTION. Sec. 56. (1) For the purposes of this section and RCW 70.38.015 and 70.38.135, "statewide health resource strategy" or "strategy" means the statewide health resource strategy developed by the office of financial management pursuant to chapter 43-- RCW (sections 50 through 54 of this act).

(2) Effective January 1, 2010, for those facilities and services covered by the certificate of need programs, certificate of need determinations must be consistent with the statewide health resources strategy developed pursuant to section 52 of this act, including any health planning policies and goals identified in the statewide health resources strategy in effect at the time of application. The department may waive specific terms of the strategy if the applicant demonstrates that

NINETY-NINTH DAY, APRIL 16, 2007

consistency with those terms will create an undue burden on the population that a particular project would serve, or in emergency circumstances which pose a threat to public health.

Sec. 57. RCW 70.38.135 and 1989 1st ex.s. c 9 s 607 are each amended to read as follows:

(3) Upon review of recommendations, if any, from the board of health or the office of financial management as contained in the Washington health resources strategy:

(a) Promulgate rules under which health care facilities providers doing business within the state shall submit to the department such data related to health and health care as the department finds necessary to the performance of its functions under this chapter;

(b) Promulgate rules pertaining to the maintenance and operation of medical facilities which receive federal assistance under the provisions of Title XVI;

HEALTH INSURANCE PARTNERSHIP

Sec. 58. RCW 70.47A.010 and 2006 c 255 s 1 are each amended to read as follows:

(1) The legislature finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs.

(2) The legislature intends, through establishment of a ~~((small employer))~~ health insurance partnership program, to remove economic barriers to health insurance coverage for low-wage employees of small employers by building on the private sector health benefit plan system and encouraging employer and employee participation in employer-sponsored health benefit plan coverage.

Sec. 59. RCW 70.47A.020 and 2006 c 255 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means the administrator of the Washington state health care authority, established under chapter 41.05 RCW.

(2) "Board" means the health insurance partnership board established in section 61 of this act.

(3) "Eligible ~~((employee))~~ partnership participant" means an individual who:

(a) Is a resident of the state of Washington;

(b) Has family income ~~((less than))~~ that does not exceed two hundred percent of the federal poverty level, as determined

annually by the federal department of health and human services; and

(c) Is employed by a participating small employer or is a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.

~~((3))~~ (4) "Health benefit plan" has the same meaning as defined in RCW 48.43.005 ~~((or any plan provided by a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 or by another benefit arrangement defined in the federal employee retirement income security act of 1974, as amended)).~~

~~((4))~~ "Program" (5) "Participating small employer" means a small employer that employs at least one eligible partnership participant and has entered into an agreement with the partnership for the partnership to offer and administer the small employer's group health benefit plan, as defined in federal law, Sec. 706 of ERISA (29 U.S.C. Sec. 1167), for enrollees in the plan.

(6) "Partnership" means the ~~((small employer))~~ health insurance partnership ~~((program))~~ established in RCW 70.47A.030.

~~((5))~~ (7) "Partnership participant" means an employee of a participating small employer, or a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.

(8) "Small employer" has the same meaning as defined in RCW 48.43.005.

~~((6))~~ (9) "Subsidy" or "premium subsidy" means payment or reimbursement to an eligible ~~((employee))~~ partnership participant toward the purchase of a health benefit plan, and may include a net billing arrangement with insurance carriers or a prospective or retrospective payment for health benefit plan premiums.

Sec. 60. RCW 70.47A.030 and 2006 c 255 s 3 are each amended to read as follows:

(1) To the extent funding is appropriated in the operating budget for this purpose, the ~~((small employer))~~ health insurance partnership ~~((program))~~ is established. The administrator shall be responsible for the implementation and operation of the ~~((small employer))~~ health insurance partnership ~~((program))~~, directly or by contract. The administrator shall offer premium subsidies to eligible ~~((employees))~~ partnership participants under RCW 70.47A.040.

(2) Consistent with policies adopted by the board under section 61 of this act, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership. Opportunities to publicize the program for outreach and education of small employers on the value of insurance shall explore the use of online employer guides. As a condition of participating in the partnership, a small employer must agree to establish a cafeteria plan under section 125 of the federal internal revenue code that will enable employees to use pretax dollars to pay their share of their health benefit plan premium. The partnership shall provide technical assistance to small employers for this purpose;

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law. Neither the employer nor the partnership shall limit an employee's choice of coverage from among all the health benefit plans offered;

(c) Establish and manage a system for the partnership to be designated as the sponsor or administrator of a participating small employer health benefit plan and to undertake the obligations required of a plan administrator under federal law;

(d) Establish and manage a system of collecting and transmitting to the applicable carriers all premium payments or

2007 REGULAR SESSION

contributions made by or on behalf of partnership participants, including employer contributions, automatic payroll deductions for partnership participants, premium subsidy payments, and contributions from philanthropies;

(e) Establish and manage a system for determining eligibility for and making premium subsidy payments under this act;

(f) Establish a mechanism to apply a surcharge to all health benefit plans, which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans offered through the partnership and must be included in the premium for each health benefit plan. Surcharges may not be used to pay any premium assistance payments under this chapter;

(g) Design a schedule of premium subsidies that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members based on a benchmark health benefit plan designated by the board. The amount of an eligible partnership participant's premium subsidy shall be determined by applying a sliding scale subsidy schedule with the percentage of premium similar to that developed for subsidized basic health plan enrollees under RCW 70.47.060. The subsidy shall be applied to the employee's premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(3) The administrator may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.

NEW SECTION. Sec. 61. A new section is added to chapter 70.47A RCW to read as follows:

(1) The health insurance partnership board is hereby established. The governor shall appoint a nine-member board composed as follows:

- (a) Two representatives of small employers;
- (b) Two representatives of employees of small employers, one of whom shall represent low-wage employees;
- (c) Four employee health plan benefits specialists; and
- (d) The administrator.

(2) The governor shall appoint the initial members of the board to staggered terms not to exceed four years. Initial appointments shall be made on or before June 1, 2007. Members appointed thereafter shall serve two-year terms. Members of the board shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060. The board shall prescribe rules for the conduct of its business. The administrator shall be chair of the board. Meetings of the board shall be at the call of the chair.

(3) The board may establish technical advisory committees or seek the advice of technical experts when necessary to execute the powers and duties included in this section.

(4) The board and employees of the board shall not be civilly or criminally liable and shall not have any penalty or cause of action of any nature arise against them for any action taken or not taken, including any discretionary decision or failure to make a discretionary decision, when the action or inaction is done in good faith and in the performance of the powers and duties under this chapter. Nothing in this section prohibits legal actions against the board to enforce the board's statutory or contractual duties or obligations.

NEW SECTION. Sec. 62. A new section is added to chapter 70.47A RCW to read as follows:

(1) The health insurance partnership board shall:

(a) Develop policies for enrollment of small employers in the partnership, including minimum participation rules for small employer groups. The small employer shall determine the criteria for eligibility and enrollment in his or her plan and the terms and amounts of the employer's contributions to that plan, consistent with any minimum employer premium contribution level established by the board under (d) of this subsection;

(b) Designate health benefit plans that are currently offered in the small group market that will qualify for premium subsidy payments. At least four health benefit plans shall be chosen, with multiple deductible and point-of-service cost-sharing

options. The health benefit plans shall range from catastrophic to comprehensive coverage, and one health benefit plan shall be a high deductible health plan. Every effort shall be made to include health benefit plans that include components to maximize the quality of care provided and result in improved health outcomes, such as preventive care, wellness incentives, chronic care management services, and provider network development and payment policies related to quality of care;

(c) Approve a mid-range benefit plan from those selected to be used as a benchmark plan for calculating premium subsidies;

(d) Determine whether there should be a minimum employer premium contribution on behalf of employees, and if so, how much;

(e) Determine appropriate health benefit plan rating methodologies. The methodologies shall be based on the small group adjusted community rate as defined in Title 48 RCW. The board shall evaluate the impact of applying the small group community rating with the partnership principle of allowing each employee to choose their health benefit plan, and consider options to reduce uncertainty for carriers and provide for efficient risk management of high-cost enrollees through risk adjustment, reinsurance, or other mechanisms;

(f) Conduct analyses and provide recommendations as requested by the legislature and the governor, with the assistance of staff from the health care authority and the office of the insurance commissioner.

(2) The board may authorize one or more limited health care service plans for dental care services to be offered by limited health care service contractors under RCW 48.44.035. However, such plan shall not qualify for subsidy payments.

(3) In fulfilling the requirements of this section, the board shall consult with small employers, the office of the insurance commissioner, members in good standing of the American academy of actuaries, health carriers, agents and brokers, and employees of small business.

Sec. 63. RCW 70.47A.040 and 2006 c 255 s 4 are each amended to read as follows:

~~((1+))~~ Beginning ~~(July 1, 2007)~~ September 1, 2008, the administrator shall accept applications from eligible ~~((employees))~~ partnership participants, on behalf of themselves, their spouses, and their dependent children, to receive premium subsidies through the ~~((small employer))~~ health insurance partnership ~~((program))~~.

~~((2))~~ Premium subsidy payments may be provided to eligible employees if:

~~(a) The eligible employee is employed by a small employer;~~

~~(b) The actuarial value of the health benefit plan offered by the small employer is at least equivalent to that of the basic health plan benefit offered under chapter 70.47 RCW. The office of the insurance commissioner under Title 48 RCW shall certify those small employer health benefit plans that are at least actuarially equivalent to the basic health plan benefit; and~~

~~(c) The small employer will pay at least forty percent of the monthly premium cost for health benefit plan coverage of the eligible employee.~~

~~(3) The amount of an eligible employee's premium subsidy shall be determined by applying the sliding scale subsidy schedule developed for subsidized basic health plan enrollees under RCW 70.47.060 to the employee's premium obligation for his or her employer's health benefit plan.~~

~~(4) After an eligible individual has enrolled in the program, the program shall issue subsidies in an amount determined pursuant to subsection (3) of this section to either the eligible employee or to the carrier designated by the eligible employee.~~

~~(5) An eligible employee must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on premium subsidy accounts. The administrator may suspend or terminate an employee's participation in the program and seek repayment of any subsidy~~

~~amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.))~~

Sec. 64. RCW 48.21.045 and 2004 c 244 s 1 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan

design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 65. RCW 48.44.023 and 2004 c 244 s 7 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this

A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. (i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030.

However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

Sec. 66. RCW 48.46.066 and 2004 c 244 s 9 are each amended to read as follows:

(1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. - (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

NEW SECTION. Sec. 67. On or before December 1, 2008, the health insurance partnership board shall submit a report to the governor and the legislature that includes an implementation plan to incorporate the individual and small group health insurance markets into the partnership program. In preparing the report, the board shall examine at least the following issues:

(1) The impact of these markets being incorporated into the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(2) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

(3) How the composition of the board should be modified to reflect the incorporation of the individual and small group markets in the partnership.

NEW SECTION. Sec. 68. On or before December 1, 2009, the health insurance partnership board shall submit a report and recommendations to the governor and the legislature regarding:

(1) The risks and benefits of additional markets participating in the partnership:

(a) The report shall examine the following markets:

(i) Washington state health insurance pool under chapter 48.41 RCW;

(ii) Basic health plan under chapter 70.47 RCW;

(iii) Public employees' benefits board enrollees under chapter 41.05 RCW; and

(iv) Public school employees; and

(b) The report shall examine at least the following issues:

(i) The impact of these markets participating in the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(ii) Whether any distinction should be made in participation between active and retired employees enrolled in public employees' benefits board plans, giving consideration to the implicit subsidy that nonmedicare-eligible retirees currently benefit from by being pooled with active employees, and how medicare-eligible retirees would be affected;

(iii) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

2007 REGULAR SESSION

(iv) If the board recommends the inclusion of additional markets, how the composition of the board should be modified to reflect the participation of these markets; and

(2) The risks and benefits of establishing a requirement that residents of the state of Washington age eighteen and over obtain and maintain affordable creditable coverage, as defined in the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg(c)). The report shall address the question of how a requirement that residents maintain coverage could be enforced in the state of Washington.

Sec. 69. RCW 70.47A.050 and 2006 c 255 s 5 are each amended to read as follows:

Enrollment in the ((small-employer)) health insurance partnership ((program)) is not an entitlement and shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the administrator may freeze new enrollment in the program and establish a waiting list of eligible employees who shall receive subsidies only when sufficient funds are available.

Sec. 70. RCW 70.47A.060 and 2006 c 255 s 6 are each amended to read as follows:

The administrator shall adopt all rules necessary for the implementation and operation of the ((small-employer)) health insurance partnership ((program)). As part of the rule development process, the administrator shall consult with small employers, carriers, employee organizations, and the office of the insurance commissioner under Title 48 RCW to determine an effective and efficient method for the payment of subsidies under this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW.

Sec. 71. RCW 70.47A.080 and 2006 c 255 s 8 are each amended to read as follows:

The ((small-employer)) health insurance partnership ((program)) account is hereby established in the custody of the state treasurer. Any nongeneral fund--state funds collected for the ((small-employer)) health insurance partnership ((program)) shall be deposited in the ((small-employer)) health insurance partnership ((program)) account. Moneys in the account shall be used exclusively for the purposes of administering the ((small-employer)) health insurance partnership ((program)), including payments to ((participating managed health care systems)) insurance carriers on behalf of ((small-employer)) health insurance partnership enrollees. Only the administrator of the health care authority or his or her designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 72. (1) The office of the insurance commissioner shall contract for an independent study of health benefit mandates, rating requirements, and insurance statutes and rules to determine the impact on premiums and individuals' health if those statutes or rules were amended or repealed.

(2) The office of the insurance commissioner shall submit an interim report to the governor and appropriate committees of the legislature by December 1, 2007, and a final report by December 1, 2008.

PUBLIC HEALTH

NEW SECTION. Sec. 73. A new section is added to chapter 43.70 RCW to read as follows:

(1) Protecting the public's health across the state is a fundamental responsibility of the state. With any new state funding of the public health system as provided in section 74 of this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. A transparent process that shows the impact of increased public health spending on performance measures related to the health outcomes in subsection (2) of this section is of great value to the state and its residents. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

(2) Distributions from the local public health financing account in section 74 of this act shall deliver the following outcomes, subject to the availability of amounts appropriated to the account for this specific purpose:

(a) Create a disease response system capable of responding at all times;

(b) Stop the increase in, and reduce, sexually transmitted disease rates;

(c) Reduce vaccine preventable diseases;

(d) Build capacity to quickly contain disease outbreaks;

(e) Decrease childhood and adult obesity and types I and II diabetes rates, and resulting kidney failure and dialysis;

(f) Increase childhood immunization rates;

(g) Improve birth outcomes and decrease child abuse;

(h) Reduce animal-to-human disease rates; and

(i) Monitor and protect drinking water across jurisdictional boundaries.

(3) Benchmarks for these outcomes shall be drawn from the national healthy people 2010 goals, other reliable data sets, and any subsequent national goals.

NEW SECTION. Sec. 74. A new section is added to chapter 43.70 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Base year funding" means the 2007 budgeted amount of local funding for public health functions passed through ordinance by each county by December 31, 2006.

(b) "Core public health functions of statewide significance" or "public health functions" means health services that:

(i) Address: Communicable disease prevention and response; preparation for, and response to, public health emergencies caused by pandemic disease, earthquake, flood, or terrorism; prevention and management of chronic diseases and disabilities; promotion of healthy families and the development of children; assessment of local health conditions, risks, and trends, and evaluation of the effectiveness of intervention efforts; and environmental health concerns;

(ii) Promote uniformity in the public health activities conducted by all local health jurisdictions in the public health system, increase the overall strength of the public health system, or apply to broad public health efforts; and

(iii) If left neglected or inadequately addressed, are reasonably likely to have a significant adverse impact on counties beyond the borders of the local health jurisdiction.

(c) "Local funding" means discretionary local resources for public health functions, including amounts from general and special revenue funds, but excluding amounts received from fees and licenses and other user fee types of payments for service. "Local funding" does not include payments received from the state or federal government.

(d) "Local health jurisdiction" or "jurisdiction" means a county board of health organized under chapter 70.05 RCW, a health district organized under chapter 70.46 RCW, or a combined city and county health department organized under chapter 70.08 RCW.

(e) "Population" means the most recent population estimates by the office of financial management for state revenue allocations.

(2) The local public health financing account is created in the state treasury. Expenditures from the account must be used for the purposes specified in subsections (3) and (4) of this section, except for such moneys appropriated to the department of health for the purpose of conducting its responsibilities under sections 75, 76, and 78 of this act.

(3) During the month of January 2008, and during the month of each January thereafter, the state treasurer shall distribute from the local public health financing account any amounts in the account up to a maximum of five million four hundred twenty-five thousand dollars to be shared equally amongst all local health jurisdictions to address core public health functions of statewide significance.

(4) During the month of January 2008, and during the first month of each fiscal quarter thereafter, the state treasurer, in consultation with the department of revenue or the department of health, as necessary, shall distribute money in the local public

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

health financing account as provided in this subsection. The distributions under this subsection (4) are subsequent to the distribution under subsection (3) of this section.

Appropriated funds remaining following the distribution of moneys under subsection (3) of this section must be apportioned to local health jurisdictions in the manner provided in this subsection (4). The apportionment factor for each jurisdiction is the population of the jurisdiction's county as a percentage of the statewide population for the prior calendar year. For two or more counties that have jointly created a health district under chapter 70.46 RCW, the combined population of all counties comprising the health district must be used. Money received by a jurisdiction under this subsection (4) must be used to fund core public health functions of statewide significance, and until July 1, 2008, money shall be used to fund only known deficiencies in core public health functions of statewide significance of the jurisdiction.

(5) To receive distributions under subsections (3) and (4) of this section in calendar year 2010 and thereafter, total local funding spent by the jurisdiction on public health functions in the calendar year prior to the previous calendar year must have equaled or exceeded base year funding. The department of health shall notify the state treasurer to discontinue distributions if the jurisdiction does not meet this requirement.

(6) In the event of an extraordinary financial circumstance beyond the control of a county that results in funding for local public health functions being reduced to an amount lower than the base year funding, the county may petition the secretary for a waiver from the local funding requirement in subsection (5) of this section. The secretary, after reviewing the county's petition and determining that the local funding reduction is necessary, may grant the county a waiver from the requirements of subsection (5) of this section. In order for the waiver to continue beyond one calendar year, the county must demonstrate to the secretary that an effort is being made to restore funding to the base year funding level.

(7) The department may adopt rules necessary to administer this section.

NEW SECTION. Sec. 75. A new section is added to chapter 43.70 RCW to read as follows:

(1) The department shall accomplish the tasks included in subsection (2) of this section by utilizing the expertise of varied interests, as provided in this subsection.

(a) In addition to the perspectives of local health jurisdictions, the state board of health, the Washington health foundation, and department staff that are currently engaged in development of the public health services improvement plan under RCW 43.70.520, the secretary shall actively engage:

(i) Individuals or entities with expertise in the development of performance measures, accountability and systems management, such as the University of Washington school of public health and community medicine, and experts in the development of evidence-based medical guidelines or public health practice guidelines; and

(ii) Individuals or entities who will be impacted by performance measures developed under this section and have relevant expertise, such as community clinics, public health nurses, large employers, tribal health providers, family planning providers, and physicians.

(b) In developing the performance measures, consideration shall be given to levels of performance necessary to promote uniformity in core public health functions of statewide significance among all local health jurisdictions, best scientific evidence, national standards of performance, and innovations in public health practice. The performance measures shall be developed to meet the goals and outcomes in section 1 of this act. The office of the state auditor shall provide advice and consultation to the committee to assist in the development of effective performance measures and health status indicators.

(c) On or before November 1, 2007, the experts assembled under this section shall provide recommendations to the secretary related to the activities and services that qualify as core public health functions of statewide significance and performance measures. The secretary shall provide written justification for any departure from the recommendations.

(2) By January 1, 2008, the department shall:

(a) Adopt a prioritized list of activities and services performed by local health jurisdictions that qualify as core public health functions of statewide significance as defined in section 74 of this act; and

(b) Adopt appropriate performance measures with the intent of improving health status indicators applicable to the core public health functions of statewide significance that local health jurisdictions must provide pursuant to section 74 of this act.

(3) The secretary may revise the list of activities and the performance measures in future years as appropriate. Prior to modifying either the list or the performance measures, the secretary must provide a written explanation of the rationale for such changes.

(4) The department and the local health jurisdictions shall abide by the prioritized list of activities and services and the performance measures developed pursuant to this section.

(5) The department, in consultation with representatives of county governments, shall provide local jurisdictions with financial incentives to encourage and increase local investments in core public health functions. The local jurisdictions shall not supplant existing local funding with such state-incented resources.

NEW SECTION. Sec. 76. A new section is added to chapter 43.70 RCW to read as follows:

Beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds under section 74 of this act and the use of those funds. The initial report must discuss the performance measures adopted by the secretary and any impact the funding in this act has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time.

Sec. 77. RCW 43.70.520 and 1993 c 492 s 467 are each amended to read as follows:

(1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system. The legislature further finds that public health nurses and nursing services are an essential part of our public health system, delivering evidence-based care and providing core services including prevention of illness, injury, or disability; the promotion of health; and maintenance of the health of populations.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances:

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;

(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:

NINETY-NINTH DAY, APRIL 16, 2007

2007 REGULAR SESSION

(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and

(ii) ~~((Timing of increased funding for public health services linked to specific objectives for improving public health))~~
Linking funding for public health services to performance measures that relate to achieving improved health outcomes; and

(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 258, chapter 492, Laws of 1993.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services.

NEW SECTION. Sec. 78. A new section is added to chapter 43.70 RCW to read as follows:

(1) Each local health jurisdiction shall submit to the secretary such data as the secretary determines is necessary to allow the secretary to assess whether the local health jurisdiction has used the funds in a manner consistent with achieving the performance measures in section 75 of this act.

(2) If the secretary determines that the data submitted demonstrates that the local health jurisdiction is not spending the funds in a manner consistent with achieving the performance measures, the secretary shall:

(a) Provide a report to the governor identifying the local health jurisdiction and the specific items that the secretary identified as inconsistent with achieving the performance measures; and

(b) Require that the local health jurisdiction submit a plan of correction to the secretary within sixty days of receiving notice from the secretary, which explains the measures that the jurisdiction will take to resume spending funds in a manner consistent with achieving the performance measures. The secretary shall provide technical assistance to the local health jurisdiction to support the jurisdiction in successfully completing the activities included in the plan of correction.

(3) Upon a determination by the secretary that a local health jurisdiction that had previously been identified as not spending the funds in a manner consistent with achieving the performance

measures has resumed consistency, the secretary shall notify the governor that the jurisdiction has returned to consistent status.

(4) Any local health jurisdiction that has not resumed spending funds in a manner consistent with achieving the performance measures within one year of the secretary reporting the jurisdiction to the governor shall be precluded from receiving any funds from the local public health financing account established in section 74 of this act. Funds may resume once the local health jurisdiction has demonstrated to the satisfaction of the secretary that it has returned to consistent status. The secretary shall inform the state treasurer of any determinations by the secretary regarding the eligibility status of a local health jurisdiction to receive funds from the local public health financing account.

Sec. 79. RCW 70.48.130 and 1993 c 409 s 1 are each amended to read as follows:

It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the department of social and health services, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

Payment for emergency or necessary health care shall be by the governing unit, except that the department of social and health services shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the department, if the confined person is eligible under the department's medical care programs as authorized under chapter 74.09 RCW. After payment by the department, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the department for similar services provided under Title XIX Medicaid, unless additional resources are obtained from the confined person.

As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the department, the governing unit, and any provider of health care services.

The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the department's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government (~~whose law enforcement officers~~) that initiated the charges on which the person is being held in the jail: **PROVIDED**, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility. If a confined person is unable to be financially responsible for medical care and is ineligible for the department's medical care programs under chapter 74.09 RCW,

NINETY-NINTH DAY, APRIL 16, 2007

the rate charged for any medical care provided by a health care provider shall not exceed one hundred sixty percent of the medicaid rates for such service.

There shall be no right of reimbursement to the governing unit from units of government (~~whose law enforcement officers~~) that initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

NEW SECTION. Sec. 80. The following acts or parts of acts are each repealed:

(1) RCW 70.38.919 (Effective date--State health plan--1989 1st ex.s. c 9) and 1989 1st ex.s. c 9 s 610; and

(2) 2006 c 255 s 10 (uncodified).

NEW SECTION. Sec. 81. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 82. Sections 42 through 48 of this act constitute a new chapter in Title 70 RCW.

MESSAGE FROM THE HOUSE

April 4, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6032, with the following amendment: 6032-S.E AMH ENGR H3219.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to clarify the law on medical marijuana so that the lawful use of this substance is not impaired and medical practitioners are able to exercise their best professional judgment in the delivery of medical treatment, qualifying patients may fully participate in the medical use of marijuana, and designated providers may assist patients in the manner provided by this act without fear of state criminal prosecution. This act is also intended to provide clarification to law enforcement and to all participants in the judicial system.

Sec. 2. RCW 69.51A.005 and 1999 c 2 s 2 are each amended to read as follows:

The people of Washington state find that some patients with terminal or debilitating illnesses, under their physician's care, may benefit from the medical use of marijuana. Some of the illnesses for which marijuana appears to be beneficial include chemotherapy-related nausea and vomiting in cancer patients; AIDS wasting syndrome; severe muscle spasms associated with multiple sclerosis and other spasticity disorders; epilepsy; acute or chronic glaucoma; and some forms of intractable pain.

The people find that humanitarian compassion necessitates that the decision to authorize the medical use of marijuana by patients with terminal or debilitating illnesses is a personal, individual decision, based upon their physician's professional medical judgment and discretion.

Therefore, the people of the state of Washington intend that:

Qualifying patients with terminal or debilitating illnesses who, in the judgment of their physicians, ~~(would)~~ may benefit from the medical use of marijuana, shall not be found guilty of a crime under state law for their possession and limited use of marijuana;

Persons who act as ~~((primary caregivers))~~ designated providers to such patients shall also not be found guilty of a crime under state law for assisting with the medical use of marijuana; and

Physicians also be excepted from liability and prosecution for the authorization of marijuana use to qualifying patients for whom, in the physician's professional judgment, medical marijuana may prove beneficial.

MESSAGE FROM THE HOUSE

April 13, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6099, with the following amendment: 6099-S.E AMH ENGR H3316.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 9. The legislature finds that the replacement of the vulnerable state route number 520 corridor is a matter of urgency for the safety of Washington's traveling public and the needs of the transportation system in central Puget Sound. The state route number 520 floating bridge is susceptible to damage, closure, or even catastrophic failure from earthquakes, windstorms, and waves. Additionally, the bridge serves as a vital route for vehicles to cross Lake Washington, carrying over three times its design capacity in traffic, resulting in more than seven hours of congestion per day.

Therefore, it is the conclusion of the legislature that time is of the essence, and that Washington state cannot wait for a disaster to make it fully appreciate the urgency of the need to replace this vulnerable structure. The state must take the necessary steps to move forward with a state route number 520 bridge replacement project design that provides six total lanes, with four general purpose lanes and two lanes that are for high-occupancy vehicle travel that could also accommodate high capacity transportation, and the bridge shall also be designed to accommodate light rail in the future. High-occupancy vehicle lanes in the state route 520 corridor must also be able to support a bus rapid transit system.

NEW SECTION. Sec. 10. A new section is added to chapter 47.01 RCW to read as follows:

(1) As soon as practicable after the effective date of this act, and after consulting with the city of Seattle, the office of financial management shall hire a mediator, and appropriate planning staff, including urban, transportation, and neighborhood planners, to develop a state route number 520 project impact plan for addressing the impacts of the state route number 520 bridge replacement and HOV project design on Seattle city neighborhoods, parks, including the Washington park arboretum, and institutions of higher education. The mediator must have significant professional experience in working with communities that surround major transportation construction projects, and mitigating the impacts of those transportation projects on those communities. The office of financial management shall hire the mediator and the planning staff within existing appropriations allocated for the state route number 520 bridge replacement and HOV project. The position of mediator under this section is not considered a certified or legally binding position.

(2) The mediator's responsibility to develop a project impact plan is highly time sensitive. As a result, competitive bidding is not cost-effective or appropriate for personal service contracts to hire the mediator. The director of the office of financial management shall, by the director's authority under RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of chapter 39.29 RCW.

(3) In evaluating the project impacts, the mediator must consider the concerns of neighborhoods and institutions of higher education directly impacted by the proposed design, establish a process that incorporates interest-based negotiation, and work with the appropriate planning staff to develop mitigation recommendations related to the project design. The

mediator shall work to ensure that the project impact plan provides a comprehensive approach to mitigating the impacts of the project, including incorporating construction mitigation plans.

(4) The ultimate goal of the mediation and planning process established in subsection (1) of this section is to develop a project impact plan agreed to by all appropriate parties including, but not limited to, those parties listed in subsection (6) of this section. The project impact plan must be consistent with RCW 47.01.380, and must support and be consistent with the approved purpose and need statement for the project, which is: "The purpose of the project is to improve mobility for people and goods across Lake Washington within the SR 520 corridor from Seattle to Redmond in a manner that is safe, reliable, and cost-effective while avoiding, minimizing, and/or mitigating impacts on the affected neighborhoods and the environment." The mediator must strive to develop a consensus-based plan. In the event that the mediation process does not result in consensus, the mediator shall submit a project impact plan to the governor and the joint transportation committee that reflects the views of the majority of the mediation participants.

(5) The process established in subsection (1) of this section shall result in a project design that provides six total lanes, with four general purpose lanes and two lanes that are for high-occupancy vehicle travel that could also accommodate high capacity transportation. The bridge shall also be designed to accommodate light rail in the future and to support a bus rapid transit system. Additionally, the mediator shall strive to develop a project impact plan within the constraints of the range of estimated project costs as of May 1, 2007.

(6)(a) In performing the duties of this section, and consistent with the governor's findings and conclusions, dated December 15, 2006, the mediator shall work with interested parties directly affected by the state route number 520 bridge replacement and HOV project including, but not limited to, at least the following:

(i) Representation from each neighborhood directly impacted by the project;

(ii) Representation from local governments on both ends of the bridge directly impacted by the project;

(iii) Representation from King county;

(iv) Representation from the Washington park arboretum;

(v) Representation from the University of Washington; and

(vi) Representation from sound transit.

(b) The mediator shall also work with the department and others as necessary.

(c) Before the mediator may submit the project impact plan, it must be reviewed by the mayor of Seattle and the Seattle city council. The project impact plan must reflect whether the mayor and council concur or do not concur with the plan and include an explanation regarding their positions.

(7) Until December 1, 2008, the mediator must provide periodic reports to the joint transportation committee and the governor regarding the status of the project impact plan development process. The mediator must submit a progress report to the joint transportation committee and the governor by August 1, 2007. The mediator must submit a final project impact plan to the governor and legislature by December 1, 2008.

NEW SECTION. Sec. 11. A new section is added to chapter 47.01 RCW to read as follows:

In developing the state route number 520 project impact plan provided in section 2 of this act, the mediator and associated planning staff shall review the department's project design plans in the draft environmental impact statement for conformance with the following legislative goals regarding the final design for the state route number 520 bridge replacement and HOV project:

(1) Minimize the total footprint and width of the bridge, and seek appropriate federal design variances to safety and mobility standards, while complying with other federal laws;

(2) Minimize the project impact on surrounding neighborhoods, including incorporation of green lids and connectors, and minimize any increases in additional traffic volumes through the Washington park arboretum and other adjacent neighborhoods;

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(3) Incorporate the recommendations of a health impact assessment to calculate the project's impact on air quality, carbon emissions, and other public health issues, conducted by the Puget Sound clean air agency and King county public health;

(4) Ensure that the ultimate project configuration effectively prioritizes maintaining travel time, speed, and reliability on the two high-occupancy vehicle lanes; and

(5) Clearly articulate in required environmental documents the alignment of the selected preferred alternative for the state route number 520 bridge replacement and HOV project and the footprint of the project and the affected areas.

NEW SECTION. Sec. 12. A new section is added to chapter 47.01 RCW to read as follows:

In addition to the review required in section 3 of this act, the mediator may determine that additional alternative concept designs should be considered for the west end of the project to best meet the expressed legislative goals described in section 3 of this act. The mediator may contract with an engineering firm to conduct an independent feasibility analysis of the following proposals: A combination of tunnels and submerged tubes under Lake Washington; a partial tunnel from Interstate 5 to the west end of the state route number 520 bridge; and a proposal to move state route number 520 from its current alignment through the arboretum. The analyses for all alternative concept design plans must be submitted to the joint transportation committee and the governor by September 1, 2007. The mediator must hold a public hearing regarding the results of the independent review and reflect the independent review findings in the project impact plan. Up to two hundred fifty thousand dollars of the existing funding appropriation to the project shall be used for reviewing these alternative concept design plans.

Sec. 13. RCW 47.01.380 and 2006 c 311 s 26 are each amended to read as follows:

(1) The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both.

(2) The department shall not commence on-site construction on any part of the state route number 520 bridge replacement and HOV project until the department submits the finance plan required in section 7 of this act to the legislature.

(3) The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

NEW SECTION. Sec. 14. A new section is added to chapter 47.01 RCW to read as follows:

As part of the state route number 520 bridge replacement and HOV project, the governor's office shall work with the department, sound transit, King county metro, and the University of Washington, to plan for high capacity transportation in the state route number 520 corridor. The parties shall jointly develop a multimodal transportation plan that ensures the effective and efficient coordination of bus services and light rail services throughout the state route number 520 corridor. The plan shall include alternatives for a multimodal transit station that serves the state route number 520 - Montlake interchange vicinity, and mitigation of impacts on affected parties. The high capacity transportation planning work must be closely coordinated with the state route number 520 bridge replacement and HOV project's environmental planning process, and must be completed within the current funding for the project. A draft plan must be submitted to the governor and the joint transportation committee by October 1, 2007. A final plan must be submitted to the governor and the joint transportation committee by December 2008.

NEW SECTION. Sec. 15. A new section is added to chapter 47.01 RCW to read as follows:

The state route number 520 bridge replacement and HOV project finance plan must include state funding, federal funding, at least one billion dollars in regional contributions, and revenue from tolling. The department must provide a proposed finance plan to be tied to the estimated cost of the recommended project solutions, as provided under section 3 of this act, to the governor and the joint transportation committee by January 1, 2008.

NEW SECTION. Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 17. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

POINT OF INQUIRY

Senator Jacobsen: "Would Senator Murray yield to a question? When discussing the neighborhoods, and part of that is my district, I have like the Ravenna neighborhoods very interested in this, Laurelhurst, and for sure those two neighborhoods if not others. Is it only restricted to the University of Washington and Mountlake neighborhood?"

Senator Murray: "Thank you Senator. No, it is all the impacted and affected neighborhoods and the mediator's given some leeway to work with the Governor's office and the city to determine who should participate. So, the neighborhoods that you mentioned, which also are partly in my district or border my district, will be involved."

MESSAGE FROM THE HOUSE

April 11, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6117, with the following amendment: 6117-S2.E AMH ENGR H3334.E

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) Since the 1992 enactment of the reclaimed water act, the value of reclaimed water as a new source of supply has received increasing recognition across the state and across the nation. New information on the matters in this section has increased awareness of the need to better manage, protect, and conserve water resources and to use reclaimed water in that process. The legislature now finds the following:

(a) Global warming and climate change. Global warming has reduced the volume of glaciers in the North Cascade mountains to between eighteen to thirty-two percent since 1983, and up to seventy-five percent of the glaciers are at risk of disappearing under projected temperatures for this century. Mountain snow pack has declined at virtually every measurement location in the Pacific Northwest, reducing the proportion of annual river flow to Puget Sound during summer months by eighteen percent since 1948. Global warming has also shifted peak stream flows earlier in the year in watersheds covering much of Washington state, including the Columbia river basin, jeopardizing the state's salmon fisheries. The state's recent report on the economic impacts of climate change indicate that water resources will be one of the areas most affected, and that many utilities may need to invest major resources in new supply and conservation measures. Developing and implementing adaptation strategies, such as water conservation that includes the use of reclaimed water, can extend existing water supply systems to help address the global warming impacts. In particular, because reclaimed water uses existing sources of supply and fairly constant base flows of wastewater, it has year-round dependability, without regard to any given year's climate variability. This is particularly important during summer months, when outdoor demands peak and stream flows are critical for fish.

(b) Puget Sound. The governor has initiated a Puget Sound partnership, with a request for an initial strategy to address high priority problems. In December, the partnership delivered a strategy that includes expanded use of reclaimed water both in order to improve the Puget Sound's water quality by reducing wastewater discharges and by replacing current sources of supply for nonpotable uses that detrimentally affect stream flows and habitat.

(c) Salmon recovery. The federal fisheries services recently approved a salmon recovery plan for the Puget Sound, which was developed across multiple watersheds by numerous local governments, tribal governments, and other parties to achieve sustainable populations of salmon and other species. That plan includes an adaptive management component where continued efforts will be made to address issues, including problems with

instream flows, identified as a limiting factor in virtually all the watersheds, through strategies that will be developed by regional and watershed implementation groups. A potentially significant strategy may be the substitution of reclaimed water for nonpotable uses where it will benefit streams and habitat.

(d) Water quality. Increasingly stringent federal standards for water quality are forcing a number of communities to develop strategies for wastewater treatment that, in addition to providing higher treatment levels, will reduce the quantity of discharges. For many of those communities, facilities to produce reclaimed water will be a necessary approach to achieve both water quality and water supply objectives.

(e) Watershed plans. Under the watershed planning act of 1997, approximately two-thirds of the watersheds in the state have used a bottom-up approach to developing collaborative plans for meeting future water supply needs. Many of those plans include the use of reclaimed water for meeting those needs.

(f) Columbia river water management. Pursuant to legislation and funding provided in 2006, federal, state, and local governments and agencies, along with tribal governments, user groups, environmental organizations, and others are developing a comprehensive strategy for the mainstem Columbia that will ensure supplies for future growth while protecting stream flows and fish habitat. The strategy will include multiple tools that may include the potential development of new storage, conservation measures, and water use efficiency. One pathway toward conservation and efficiency is likely to be identification and implementation of reclaimed water opportunities.

(g) Development schedule. The time frame required to plan, design, construct, and begin use of reclaimed water can be extensive due to the public information and acceptance efforts required in addition to planning, design, and environmental assessment required for infrastructure projects. This extended time frame necessitates the initiation of reclaimed water projects as soon as possible.

(2) It is therefore the intent of the legislature to:

(a) Effectuate and reinvigorate the original intent behind the reclaimed water act to expand the use of reclaimed water for nonpotable uses throughout the state;

(b) Restate and emphasize the use of reclaimed water as a matter of water resource management policy;

(c) Address current barriers to the use of reclaimed water, where changes in state law will resolve such issues;

(d) Develop information from the state agencies responsible for promoting the use of reclaimed water and address regulatory, financial, planning, and other barriers to the expanded use of reclaimed water, relying on state agency expertise and experience with reclaimed water;

(e) Facilitate achieving state, regional, and local objectives through use of reclaimed water for water supply purposes in high priority areas of the state, and in regional and local watershed and water planning;

(f) Provide planning tools to local governments to incorporate reclaimed water and related water conservation into land use plans, consistent with water planning;

(g) Expand the scope of work of the advisory committee established under chapter 279, Laws of 2006 to identify other reclaimed water issues that should be addressed; and

(h) Provide initial funding, and evaluate options for providing additional direct state funding, for reclaimed water projects.

Sec. 2. RCW 90.46.005 and 2001 c 69 s 1 are each amended to read as follows:

The legislature finds that by encouraging the use of reclaimed water while assuring the health and safety of all Washington citizens and the protection of its environment, the state of Washington will continue to use water in the best interests of present and future generations.

To facilitate the immediate use of reclaimed water ((as soon as is practicable, the legislature encourages the cooperative efforts of the public and private sectors and the use of pilot projects)) for uses approved by the departments of ecology and health, the state shall expand both direct financial support and

financial incentives for capital investments in water reuse and reclaimed water to effectuate the goals of this chapter. The legislature further directs the department of health and the department of ecology to coordinate efforts towards developing an efficient and streamlined process for creating and implementing processes for the use of reclaimed water.

It is hereby declared that the people of the state of Washington have a primary interest in the development of facilities to provide reclaimed water to replace potable water in nonpotable applications, to supplement existing surface and ground water supplies, and to assist in meeting the future water requirements of the state.

The legislature further finds and declares that the utilization of reclaimed water by local communities for domestic, agricultural, industrial, recreational, and fish and wildlife habitat creation and enhancement purposes, including wetland enhancement, will contribute to the peace, health, safety, and welfare of the people of the state of Washington. To the extent reclaimed water is appropriate for beneficial uses, it should be so used to preserve potable water for drinking purposes, contribute to the restoration and protection of instream flows that are crucial to preservation of the state's salmonid fishery resources, contribute to the restoration of Puget Sound by reducing wastewater discharge, provide a drought resistant source of water supply for nonpotable needs, or be a source of supply integrated into state, regional, and local strategies to respond to population growth and global warming. Use of reclaimed water constitutes the development of new basic water supplies needed for future generations and local and regional water management planning should consider coordination of infrastructure, development, storage, water reclamation and reuse, and source exchange as strategies to meet water demands associated with population growth and impacts of global warming.

The legislature further finds and declares that the use of reclaimed water is not inconsistent with the policy of antidegradation of state waters announced in other state statutes, including the water pollution control act, chapter 90.48 RCW and the water resources act, chapter 90.54 RCW.

The legislature finds that other states, including California, Florida, and Arizona, have successfully used reclaimed water to supplement existing water supplies without threatening existing resources or public health.

It is the intent of the legislature that the department of ecology and the department of health undertake the necessary steps to encourage the development of water reclamation facilities so that reclaimed water may be made available to help meet the growing water requirements of the state.

The legislature further finds and declares that reclaimed water facilities are water pollution control facilities as defined in chapter 70.146 RCW and are eligible for financial assistance as provided in chapter 70.146 RCW. The legislature finds that funding demonstration projects will ensure the future use of reclaimed water. The demonstration projects in RCW 90.46.110 are varied in nature and will provide the experience necessary to test different facets of the standards and refine a variety of technologies so that water purveyors can begin to use reclaimed water technology in a more cost-effective manner. This is especially critical in smaller cities and communities where the feasibility for such projects is great, but there are scarce resources to develop the necessary facilities.

The legislature further finds that the agricultural processing industry can play a critical and beneficial role in promoting the efficient use of water by having the opportunity to develop and reuse agricultural industrial process water from food processing.

Sec. 3. RCW 90.46.120 and 2003 1st sp.s. c 5 s 13 are each amended to read as follows:

(1) The owner of a wastewater treatment facility that is reclaiming water with a permit issued under this chapter has the exclusive right to any reclaimed water generated by the wastewater treatment facility. Use (and), distribution (of the), and the recovery from aquifer storage of reclaimed water by the owner of the wastewater treatment facility is exempt from the permit requirements of RCW 90.03.250 and 90.44.060, provided that a permit for recovery of reclaimed water from

aquifer storage and recovery shall be reviewed under the standards established under RCW 90.03.370(2). Revenues derived from the reclaimed water facility shall be used only to offset the cost of operation of the wastewater utility fund or other applicable source of system-wide funding.

(2) If the proposed use or uses of reclaimed water are intended to augment or replace potable water supplies or create the potential for the development of additional potable water supplies, such use or uses shall be considered in the development of ((the)) any regional water supply plan or plans addressing potable water supply service by multiple water purveyors. Such water supply plans include plans developed by multiple jurisdictions under the relevant provisions of chapters 43.20, 70.116, 90.44, and 90.82 RCW, and the water supply provisions under the utility element of chapter 36.70A RCW. The method by which such plans are approved shall remain unchanged. The owner of a wastewater treatment facility that proposes to reclaim water shall be included as a participant in the development of such regional water supply plan or plans.

(3) Where opportunities for the use of reclaimed water exist within the period of time addressed by a water system plan, a water supply plan, or a coordinated water system plan developed under chapters 43.20 ((or)), 70.116, 90.44, and 90.82 RCW, and the water supply provisions under the utility element of chapter 36.70A RCW, these plans must be developed and coordinated to ensure that opportunities for reclaimed water are evaluated. The requirements of this subsection (3) do not apply to water system plans developed under chapter 43.20 RCW for utilities serving less than one thousand service connections.

(4) The provisions of any plan for reclaimed water, developed under the authorities in subsections (2) and (3) of this section, should be included by a city, town, or county in reviewing provisions for water supplies in a proposed short plat, short subdivision, or subdivision under chapter 58.17 RCW, where reclaimed water supplies may be proposed for nonpotable purposes in the short plat, short subdivision, or subdivision.

Sec. 4. RCW 90.46.130 and 2002 c 329 s 5 are each amended to read as follows:

(1)(a) Except as provided in subsections (2) and (5) of this section, facilities that reclaim water under this chapter shall not impair any existing water right downstream from any freshwater discharge points of such facilities unless ((compensation or mitigation for such impairment is agreed to by the holder of the affected water right)) the impairment is mitigated or the holder of the water right is provided just compensation for the impairment. For purposes of this subsection, "just compensation" has the same meaning as provided in Title 8 RCW.

(b) Any reclaimed water project that reduces the quantity of sewage treatment plant effluent discharged directly into marine waters is deemed to not impair any existing water rights.

(2) Agricultural water use of agricultural industrial process water and use of industrial reuse water under this chapter shall not impair existing water rights within the water source that is the source of supply for the agricultural processing plant or the industrial processing and, if the water source is surface water, the existing water rights are downstream from the agricultural processing plant's discharge points existing on July 22, 2001, or from the industrial processing's discharge points existing on June 13, 2002.

(3) The department of ecology shall convene and staff a task force to review potential barriers or issues related to development of reclaimed water projects pursuant to the evaluation of water rights impairment under this section and related impairment issues and shall report the findings and any recommendations of this review to the appropriate standing committees of the legislature no later than December 31, 2007.

The task force shall be cochaired by a representative from the water quality and the water resources programs at the department, and shall consist of representatives of interested groups, including the attorney general, the department of health, local governments, tribal governments, water utilities, reclaimed water utilities, wastewater utilities, environmental organizations, agricultural organizations, and businesses including golf course owners. The task force and report shall address the following

ONE-HUNDREDDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

topics at a minimum: (a) Internal processing of reclaimed water permits by the department, including the ability to deliver timely decisions on potential impairment of water rights; (b) compliance with state and federal water quality standards on existing and future discharges, including potential requirements on wastewater utilities to reduce discharges to water and increase upland discharges; (c) nature of water that is imported into a watershed or potentially exported from the watershed in the form of effluent or reclaimed water; (d) inequities or different treatment of processing of reclaimed water permits and wastewater permits for similar treatment and facilities; (e) ability of existing provisions of state law, such as chapter 90.48 RCW, to address possible impacts to, and mitigation for, stream flows and fish habitat; (f) technical ability to determine impacts to water sources from reclaimed water facilities; (g) approaches to these issues in other western states with significant use of reclaimed water; (h) the ability of subsection (1)(a) of this section to adequately, efficiently, and equitably address impairment compensation and mitigation.

(4) For purposes of determining a claim of impairment under subsection (1)(a) of this section, of a downstream water right existing as of August 18, 1997, the applicant for a reclaimed water permit shall publish notice of an application for a permit for a reclaimed water facility in the same manner as provided for in RCW 90.48.170. If the department receives a claim of impairment within thirty days of the last publication of notice, the department shall investigate the claim of impairment and issue a written decision. The decision must include any conditions the department finds necessary to mitigate any impairment. The decision must be issued within one hundred eighty days and is appealable by any party under RCW 43.21B.310, regardless of whether the party submits a claim of impairment within thirty days of the last publication of notice, upon the issuance of the decision or as part of the overall reclaimed water permit upon the issuance of a reclaimed water permit. This section may not be construed as exempting a reclaimed water project from the provisions of chapter 43.21C RCW.

(5) This section may not be construed as establishing any right for a downstream water right holder to the continued discharge from an upstream wastewater treatment plant or reclaimed water facility.

Sec. 5. 2006 c 279 s 3 (uncodified) is amended to read as follows:

(1) In order to identify and pursue other measures to facilitate achieving the objectives in RCW 90.46.005 for expanded, appropriate, and safe use of reclaimed water, the department of ecology and the department of health shall provide the legislature with relevant information through periodic progress reports, as provided in this section.

(2) The department of ecology (~~(must present)~~) shall provide interim reports to the appropriate committees of the legislature by January 1, 2008, and January 1, 2009, that summarize the steps taken to that date towards the final rule making required by (~~(section 1 of this act)~~) RCW 90.46.015. The reports (~~(must)~~) shall include, at a minimum, a summary of participation in the rule advisory (~~(group and)~~) committee, the topics considered by the department, and issues identified by the rule advisory committee as barriers to expanded use of reclaimed water that may not be addressed within the rules to be adopted by the department.

(3) In addition to subsection (2) of this section, the department shall form a subtask force consisting of not more than ten members chosen from the existing rule advisory committee, and reclaimed water users, to further identify and recommend actions to increase the promotion of reclaimed water as a water supply and water resource management option. At a minimum, the subtask force shall consider (a) issues assigned by the rule advisory committee; (b) staffing levels, resources, and roles within both state agencies; (c) optimizing organizational structure; (d) unresolved legal issues specific to reclaimed water use; and (e) a more appropriate name to describe reclaimed water. Information regarding these topics shall be appended to the required interim reports as the topics are considered by the advisory group.

Sec. 6. RCW 90.82.043 and 2003 1st sp.s. c 4 s 3 are each amended to read as follows:

(1) Within one year of accepting funding under RCW 90.82.040(2)(e), the planning unit must complete a detailed implementation plan. Submittal of a detailed implementation plan to the department is a condition of receiving grants for the second and all subsequent years of the phase four grant.

(2) Each implementation plan must contain strategies to provide sufficient water for: (a) Production agriculture; (b) commercial, industrial, and residential use; and (c) instream flows. Each implementation plan must contain timelines to achieve these strategies and interim milestones to measure progress.

(3) The implementation plan must clearly define coordination and oversight responsibilities; any needed interlocal agreements, rules, or ordinances; any needed state or local administrative approvals and permits that must be secured; and specific funding mechanisms.

(4) In developing the implementation plan, the planning unit must consult with other entities planning in the watershed management area and identify and seek to eliminate any activities or policies that are duplicative or inconsistent.

(5)(a) By December 1, 2003, and by December 1st of each subsequent year, the director of the department shall report to the appropriate legislative standing committees regarding statutory changes necessary to enable state agency approval or permit decision making needed to implement a plan approved under this chapter.

(b) Beginning with the December 1, 2007, report, and then every two years thereafter, the director shall include in each report the extent to which reclaimed water has been identified in the watershed plans as potential sources or strategies to meet future water needs, and provisions in any watershed implementation plans that discuss barriers to implementation of the water reuse elements of those plans. The department's report shall include an estimate of the potential cost of reclaimed water facilities and identification of potential sources of funding for them.

NEW SECTION. Sec. 7. (1) By January 1, 2008, the department of health shall file a brief report with the appropriate committees of the legislature on the general status of:

(a) Development of permit fees for industrial and commercial uses of reclaimed water as required by RCW 90.46.030;

(b) Development of standards and guidelines for greywater use as required by RCW 90.46.140; and

(c) Permitting of greywater use by local health officers and plumbing officials in accordance with standards and guidelines developed pursuant to RCW 90.46.140.

(2) The report shall also identify:

(a) A general description of the number, type, and location of reclaimed water opportunities included in water supply and coordinated water system plans since 2003, as required by RCW 90.46.140;

(b) The best information currently available regarding potential public health risks associated with reclaimed water, if any, any known occurrences of any public health incidents associated with reclaimed water use, the approaches to reclaimed water-related public health issues taken in other states, and resource needs of the department to evaluate any known public health risks; and

(c) A description of a basic public information and public acceptance program necessary to generate public support for the beneficial use of reclaimed water.

(3) In order to ensure brevity of the report, the department should include references to existing documents, reports, internet sites, and other sources of detailed information on the foregoing issues.

Sec. 8. RCW 90.54.020 and 1997 c 442 s 201 are each amended to read as follows:

Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) The development of multipurpose water storage facilities shall be a high priority for programs of water allocation, planning, management, and efficiency. The department, other state agencies, local governments, and planning units formed under section 107 or 108 of this act shall evaluate the potential for the development of new storage projects and the benefits and effects of storage in reducing damage to stream banks and property, increasing the use of land, providing water for municipal, industrial, agricultural, power generation, and other beneficial uses, and improving stream flow regimes for fisheries and other instream uses.

(5) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(6) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(7) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency (~~and~~), conservation, and use of reclaimed water shall be emphasized in the management of the state's water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state. Use of reclaimed water shall be encouraged through state and local planning and programs with incentives for state financial assistance recognizing programs and plans that encourage the use of conservation and reclaimed water use, and state agencies shall continue to review and reduce regulatory barriers and streamline permitting for the use of reclaimed water where appropriate.

(8) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally

in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

(9) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

(10) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(11) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.

Sec. 9. RCW 90.54.180 and 1989 c 348 s 5 are each amended to read as follows:

Consistent with the fundamentals of water resource policy set forth in this chapter, state and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out water use efficiency and conservation programs and practices consistent with the following:

(1) Water efficiency and conservation programs should utilize an appropriate mix of economic incentives, cost share programs, regulatory programs, and technical and public information efforts. Programs which encourage voluntary participation are preferred.

(2) Increased water use efficiency and reclaimed water should receive consideration as a potential source of water in state and local water resource planning processes. In determining the cost-effectiveness of alternative water sources, consideration should be given to the benefits of conservation, waste water recycling, and impoundment of waters. Where reclaimed water is a feasible replacement source of water, it shall be used by state agencies and state facilities for nonpotable water uses in lieu of the use of potable water. For purposes of this requirement, feasible replacement source means (a) the reclaimed water is of adequate quality and quantity for the proposed use; (b) the proposed use is approved by the departments of ecology and health; (c) the reclaimed water can be reliably supplied by a local public agency or public water system; and (d) the cost of the reclaimed water is reasonable relative to the costs of conservation or other potentially available supplies of potable water, after taking into account all costs and benefits, including environmental costs and benefits.

(3) In determining the cost-effectiveness of alternative water sources, full consideration should be given to the benefits of storage which can reduce the damage to stream banks and property, increase the utilization of land, provide water for municipal, industrial, agricultural, and other beneficial uses, provide for the generation of electric power from renewable resources, and improve stream flow regimes for fishery and other instream uses.

(4) Entities receiving state financial assistance for construction of water source expansion or acquisition of new sources shall develop, and implement if cost-effective, a water use efficiency and conservation element of a water supply plan pursuant to RCW 43.20.230(1).

(5) State programs to improve water use efficiency should focus on those areas of the state in which water is overappropriated; areas that experience diminished streamflows or aquifer levels; regional areas that the governor has identified as high priority for investments in improved water quality and quantity, including the Spokane river, the Columbia river basin, and the Puget Sound; areas most likely to be affected by global warming; and areas where projected water needs, including those for instream flows, exceed available supplies.

(6) Existing and future generations of citizens of the state of Washington should be made aware of the importance of the state's water resources and the need for wise and efficient use and development of this vital resource. In order to increase this awareness, state agencies should integrate public (~~education~~) information programs on increasing water use efficiency into existing public information efforts. This effort shall be coordinated with other levels of government, including local governments and Indian tribes.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

NEW SECTION. Sec. 10. A new section is added to chapter 90.46 RCW to read as follows:

(1) The department of ecology shall establish a subtask force from the existing rule advisory committee, and reclaimed water users, by July 31, 2007, composed of no more than ten members including a representative from the department of ecology, who shall serve as chair, a representative from the department of health, and representatives from city, county, and water-sewer district utilities, and the environmental and business communities. By January 1, 2008, the subtask force shall submit to the appropriate legislative committees a recommendation for a long-term dedicated funding program to construct reclaimed water facilities. To minimize the administrative burden, the subtask force shall work toward a coordinated effort with the current clean water state revolving fund and centennial clean water fund integrated program under which reclaimed water projects with a water quality benefit are currently eligible and shall review the "2006 Inventory of State Infrastructure Programs" produced by the joint legislative audit and review committee. The subtask force shall also review current existing conservation and water reuse plans or programs for cities, counties, and districts and provide a report to the appropriate legislative committees regarding the number, general nature, and extent that conservation and reclaimed water use is identified or incorporated into such plans. The subtask force also shall consider, and recommend, provisions on: (a) The inclusion of reclaimed water use criteria or requirements as an element of water use efficiency requirements required under RCW 70.119A.180 and for water system, public water system, and/or regional water plans as required under chapters 43.20 and 70.119 RCW; and (b) the current and potential use of water conservation plans or ordinances, water conservation measures in regional watershed plans, and water conservation programs adopted by cities, towns, or counties addressing the use of reclaimed water where potable water is not required by the department of health.

(2) The recommendation shall provide a comprehensive funding, loan, and grant program that includes the following:

(a) Eligibility requirements: Eligible components should include the additional water reclamation components to treat wastewater effluent to reclaimed water standards, distribution pump stations, storage, trunk lines, and distribution lines, and multiple-purpose projects in proportion to the costs allocated to reclaimed water;

(b) Competitive process for funding: The funding should be competitive and establish a maximum percentage or maximum funding amount available to any applicant;

(c) Priorities for funding that target reclaimed water projects ready to proceed, local support for the project, projects in areas that have adopted mandatory use ordinances or letters of intent to execute user contracts, projects providing broader public benefits to environmental water quality or water resource needs such as Puget Sound restoration, Columbia river water management strategies, water quality improvements, wetlands habitat, and instream flows, projects with benefits that clearly extend to citizens other than the utility ratepayers; and

(d) A proposed grant program for projects in identified high priority areas.

NEW SECTION. Sec. 11. A new section is added to chapter 90.46 RCW to read as follows:

(1) The legislature finds that the state should take a lead in increasing the visibility of the use of reclaimed water.

(2) The department of general administration shall develop a proposal to provide a comprehensive campus-wide plan for the use of nonpotable water in lieu of the use of potable water for irrigation and related outdoor uses, to serve as a demonstration project for the use of reclaimed water. The department of general administration shall work with the city of Olympia to provide a report to the legislature by December 1, 2007, of the needed infrastructure, cost, and potential funding sources for the project."

MESSAGE FROM THE HOUSE

April 9, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5320, with the following amendment: 5320-S AMH ENGR H3314.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In establishing an office of public guardianship, the legislature intends to promote the availability of guardianship services for individuals who need them and for whom adequate services may otherwise be unavailable. The legislature reaffirms its commitment to treat liberty and autonomy as paramount values for all Washington residents and to authorize public guardianship only to the minimum extent necessary to provide for health or safety, or to manage financial affairs, when the legal conditions for appointment of a guardian are met. It does not intend to alter those legal conditions or to expand judicial authority to determine that any individual is incapacitated.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Office" means the office of public guardianship.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(2) "Public guardian" means an individual or entity providing public guardianship services.

(3) "Public guardianship services" means the services provided by a guardian or limited guardian appointed under chapters 11.88 and 11.92 RCW, who is compensated under a contract with the office of public guardianship.

(4) "Long-term care services" means services provided through the department of social and health services either in a hospital or skilled nursing facility, or in another setting under a home and community-based waiver authorized under 42 U.S.C. Sec. 1396n.

NEW SECTION. Sec. 3. (1) There is created an office of public guardianship within the administrative office of the courts.

(2) The supreme court shall appoint a public guardianship administrator to establish and administer a public guardianship program in the office of public guardianship. The public guardianship administrator serves at the pleasure of the supreme court.

NEW SECTION. Sec. 4. The public guardianship administrator is authorized to establish and administer a public guardianship program as follows:

(1)(a) The office shall contract with public or private entities or individuals to provide public guardianship services to persons age eighteen or older whose income does not exceed two hundred percent of the federal poverty level determined annually by the United States department of health and human services or who are receiving long-term care services through the Washington state department of social and health services. Neither the public guardianship administrator nor the office may act as public guardian or limited guardian or act in any other representative capacity for any individual.

(b) The office is exempt from RCW 39.29.008 because the primary function of the office is to contract for public guardianship services that are provided in a manner consistent with the requirements of this chapter. The office shall otherwise comply with chapter 39.29 RCW and is subject to audit by the state auditor.

(c) Public guardianship service contracts are dependent upon legislative appropriation. This chapter does not create an entitlement.

(d) The initial implementation of public guardianship services shall be on a pilot basis in a minimum of two geographical areas that include one urban area and one rural area. There may be one or several contracts in each area.

(2) The office shall, within one year of the commencement of its operation, adopt eligibility criteria to enable it to serve individuals with the greatest need when the number of cases in which courts propose to appoint a public guardian exceeds the number of cases in which public guardianship services can be provided. In adopting such criteria, the office may consider factors including, but not limited to, the following: Whether an incapacitated individual is at significant risk of harm from abuse, exploitation, abandonment, neglect, or self-neglect; and whether an incapacitated person is in imminent danger of loss or significant reduction in public services that are necessary for the individual to live successfully in the most integrated and least restrictive environment that is appropriate in light of the individual's needs and values.

(3) The office shall adopt minimum standards of practice for public guardians providing public guardianship services. Any public guardian providing such services must be certified by the certified professional guardian board established by the supreme court.

(4) The office shall require a public guardian to visit each incapacitated person for which public guardianship services are provided no less than monthly to be eligible for compensation.

(5) The office shall not petition for appointment of a public guardian for any individual. It may develop, and shall consult with the advisory committee regarding the need to develop, a proposal for the legislature to make affordable legal assistance available to petition for guardianships.

(6) The office shall not authorize payment for services for any entity that is serving more than twenty incapacitated persons per certified professional guardian.

(7) The office shall monitor and oversee the use of state funding to ensure compliance with this chapter.

(8) The office shall collect uniform and consistent basic data elements regarding service delivery. This data shall be made available to the legislature and supreme court in a format that is not identifiable by individual incapacitated person to protect confidentiality.

(9) The office shall report to the legislature on how services other than guardianship services, and in particular services that might reduce the need for guardianship services, might be provided under contract with the office by December 1, 2009. The services to be considered should include, but not be limited to, services provided under powers of attorney given by the individuals in need of the services.

(10) The office shall require public guardianship providers to seek reimbursement of fees from program clients who are receiving long-term care services through the department of social and health services to the extent, and only to the extent, that such reimbursement may be paid, consistent with an order of the superior court, from income that would otherwise be required by the department to be paid toward the cost of the client's care. Fees reimbursed shall be remitted by the provider to the office unless a different disposition is directed by the public guardianship administrator.

(11) The office shall require public guardianship providers to certify annually that for each individual served they have reviewed the need for continued public guardianship services and the appropriateness of limiting, or further limiting, the authority of the public guardian under the applicable guardianship order, and that where termination or modification of a guardianship order appears warranted, the superior court has been asked to take the corresponding action.

(12) The office shall adopt a process for receipt and consideration of and response to complaints against the office and contracted providers of public guardianship services. The process shall include investigation in cases in which investigation appears warranted in the judgment of the administrator. The office shall provide the advisory committee with a summary and analysis of the results of these complaints. When requested by the complaining party, his or her identity shall not be disclosed to the advisory committee created under section 5 of this act.

(13) The office shall contract with the Washington state institute for public policy for a study. An initial report is due two years following the effective date of this section and a second report by December 1, 2011. The study shall analyze costs and off-setting savings to the state from the delivery of public guardianship services.

(14) The office shall develop standardized forms and reporting instruments that may include, but are not limited to, intake, initial assessment, guardianship care plan, decisional accounting, staff time logs, changes in condition or abilities of an incapacitated person, and values history. The office shall collect and analyze the data gathered from these reports and submit it to the advisory committee periodically.

(15) The office shall identify training needs for guardians it contracts with, and shall make recommendations, after consultation with the advisory committee, to the supreme court, the certified professional guardian board, and the legislature for improvements in guardianship training. The office may offer training to individuals providing services pursuant to this chapter.

(16) The office shall establish a system for monitoring the performance of public guardians, and office staff shall make in-home visits to a randomly selected sample of public guardianship clients. The office may conduct further monitoring, including in-home visits, as the administrator deems appropriate. For monitoring purposes, office staff shall have access to any information relating to a public guardianship client that is available to the guardian. The office shall confer with the advisory committee in developing its monitoring process.

(17) During the first five years of its operations, the office shall issue annual reports of its activities, after review of and comment by the advisory committee.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

NEW SECTION. Sec. 5. (1) There is created a public guardianship advisory committee consisting of the following members:

- (a) Two persons appointed by the supreme court;
- (b) Two persons appointed by the board for judicial administration;

(3) Except as provided in subsection (4) of this section, members shall each serve a three-year term, subject to renewal for no more than one additional three-year term.

(4) The first appointments to the advisory committee shall be for terms of varying durations as follows: By the supreme court for two and four years; by the board for judicial administration for three and four years; by the president of the senate for two and three years; by the speaker of the house of representatives for two and three years; by the governor for four years; by the secretary of the department of social and health services for two years; by the director of the Washington protection and advocacy system for one and three years; by the chairperson of the governor's committee on disability issues and employment for four years; by the chairperson of the developmental disabilities council for two and four years; by the long-term care ombudsman for three years; by the Washington state bar association for three years; and by the dean of the University of Washington school of social work for four years.

(5) Members of the advisory committee receive no compensation for their services as members of the advisory committee, but may be reimbursed for travel and other expenses in accordance with rules adopted by the office of financial management.

(6) The advisory committee: Shall review the activities of the office; shall review the performance of the public guardianship administrator; and may make recommendations to the supreme court, the certified professional guardian board, and the legislature on issues relating to the provision of public guardianship services.

(7) The meetings of the advisory committee shall be open to the public, with agendas published in advance and minutes kept and made available to the public. The public notice of all meetings shall indicate that accommodations for disability will be available upon request.

NEW SECTION. Sec. 6. The courts shall waive court costs and filing fees in any proceeding in which an incapacitated person is receiving public guardianship services funded under this chapter.

NEW SECTION. Sec. 7. The public guardianship administrator may develop rules to implement this chapter. The administrator shall request and consider recommendations from the advisory committee in the development of rules.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MESSAGE FROM THE HOUSE

April 12, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5958, with the following amendment: 5958-S2.E AMH HINK H3512.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the public policy of Washington to promote access to medical care for all citizens and to encourage innovative arrangements between patients and providers that will help provide all citizens with a medical home.

Washington needs a multipronged approach to provide adequate health care to many citizens who lack adequate access to it. Direct patient-provider practices, in which patients enter into a direct relationship with medical practitioners and pay a fixed amount directly to the health care provider for primary care services, represent an innovative, affordable option which could improve access to medical care, reduce the number of people who now lack such access, and cut down on emergency room use for primary care purposes, thereby freeing up emergency room facilities to treat true emergencies.

Sec. 2. RCW 48.44.010 and 1990 c 120 s 1 are each amended to read as follows:

For the purposes of this chapter:

(1) "Health care services" means and includes medical, surgical, dental, chiropractic, hospital, optometric, podiatric, pharmaceutical, ambulance, custodial, mental health, and other therapeutic services.

(2) "Provider" means any health professional, hospital, or other institution, organization, or person that furnishes health care services and is licensed to furnish such services.

(3) "Health care service contractor" means any corporation, cooperative group, or association, which is sponsored by or otherwise intimately connected with a provider or group of providers, who or which not otherwise being engaged in the insurance business, accepts prepayment for health care services from or for the benefit of persons or groups of persons as consideration for providing such persons with any health care services. "Health care service contractor" does not include direct patient-provider primary care practices as defined in section 3 of this act.

(4) "Participating provider" means a provider, who or which has contracted in writing with a health care service contractor to accept payment from and to look solely to such contractor according to the terms of the subscriber contract for any health care services rendered to a person who has previously paid, or on whose behalf prepayment has been made, to such contractor for such services.

(5) "Enrolled participant" means a person or group of persons who have entered into a contractual arrangement or on whose behalf a contractual arrangement has been entered into with a health care service contractor to receive health care services.

(6) "Commissioner" means the insurance commissioner.

(7) "Uncovered expenditures" means the costs to the health care service contractor for health care services that are the obligation of the health care service contractor for which an enrolled participant would also be liable in the event of the health care service contractor's insolvency and for which no alternative arrangements have been made as provided herein. The term does not include expenditures for covered services when a provider has agreed not to bill the enrolled participant even though the provider is not paid by the health care service contractor, or for services that are guaranteed, insured or assumed by a person or organization other than the health care service contractor.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(8) "Copayment" means an amount specified in a group or individual contract which is an obligation of an enrolled participant for a specific service which is not fully prepaid.

(9) "Deductible" means the amount an enrolled participant is responsible to pay before the health care service contractor begins to pay the costs associated with treatment.

(10) "Group contract" means a contract for health care services which by its terms limits eligibility to members of a specific group. The group contract may include coverage for dependents.

(11) "Individual contract" means a contract for health care services issued to and covering an individual. An individual contract may include dependents.

(12) "Carrier" means a health maintenance organization, an insurer, a health care service contractor, or other entity responsible for the payment of benefits or provision of services under a group or individual contract.

(13) "Replacement coverage" means the benefits provided by a succeeding carrier.

(14) "Insolvent" or "insolvency" means that the organization has been declared insolvent and is placed under an order of liquidation by a court of competent jurisdiction.

(15) "Fully subordinated debt" means those debts that meet the requirements of RCW 48.44.037(3) and are recorded as equity.

(16) "Net worth" means the excess of total admitted assets as defined in RCW 48.12.010 over total liabilities but the liabilities shall not include fully subordinated debt.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct patient-provider primary care practice" and "direct practice" means a provider, group, or entity that meets the following criteria in (a), (b), (c), and (d) of this subsection:

(a)(i) A health care provider who furnishes primary care services through a direct agreement;

(ii) A group of health care providers who furnish primary care services through a direct agreement; or

(iii) An entity that sponsors, employs, or is otherwise affiliated with a group of health care providers who furnish only primary care services through a direct agreement, which entity is wholly owned by the group of health care providers or is a nonprofit corporation exempt from taxation under section 501(c)(3) of the internal revenue code, and is not otherwise regulated as a health care service contractor, health maintenance organization, or disability insurer under Title 48 RCW. Such entity is not prohibited from sponsoring, employing, or being otherwise affiliated with other types of health care providers not engaged in a direct practice;

(b) Enters into direct agreements with direct patients or parents or legal guardians of direct patients;

(c) Does not accept payment for health care services provided to direct patients from any entity subject to regulation under Title 48 RCW, plans administered under chapter 41.05, 70.47, or 70.47A RCW, or self-insured plans; and

(d) Does not provide, in consideration for the direct fee, services, procedures, or supplies such as prescription drugs, hospitalization costs, major surgery, dialysis, high level radiology (CT, MRI, PET scans or invasive radiology), rehabilitation services, procedures requiring general anesthesia, or similar advanced procedures, services, or supplies.

(2) "Direct patient" means a person who is party to a direct agreement and is entitled to receive primary care services under the direct agreement from the direct practice.

(3) "Direct fee" means a fee charged by a direct practice as consideration for being available to provide and providing primary care services as specified in a direct agreement.

(4) "Direct agreement" means a written agreement entered into between a direct practice and an individual direct patient, or the parent or legal guardian of the direct patient or a family of direct patients, whereby the direct practice charges a direct fee as consideration for being available to provide and providing primary care services to the individual direct patient. A direct agreement must (a) describe the specific health care services the

direct practice will provide; and (b) be terminable at will upon written notice by the direct patient.

(5) "Health care provider" or "provider" means a person regulated under Title 18 RCW or chapter 70.127 RCW to practice health or health-related services or otherwise practicing health care services in this state consistent with state law.

(6) "Health carrier" or "carrier" has the same meaning as in RCW 48.43.005.

(7) "Primary care" means routine health care services, including screening, assessment, diagnosis, and treatment for the purpose of promotion of health, and detection and management of disease or injury.

(8) "Network" means the group of participating providers and facilities providing health care services to a particular health carrier's health plan or to plans administered under chapter 41.05, 70.47, or 70.47A RCW.

NEW SECTION. Sec. 4. Except as provided in section 7 of this act, no direct practice shall decline to accept any person solely on account of race, religion, national origin, the presence of any sensory, mental, or physical disability, education, economic status, or sexual orientation.

NEW SECTION. Sec. 5. (1) A direct practice must charge a direct fee on a monthly basis. The fee must represent the total amount due for all primary care services specified in the direct agreement and may be paid by the direct patient or on his or her behalf by others.

(2) A direct practice must:

(a) Maintain appropriate accounts and provide data regarding payments made and services received to direct patients upon request; and

(b) Either:

(i) Bill patients at the end of each monthly period; or

(ii) If the patient pays the monthly fee in advance, promptly refund to the direct patient all unearned direct fees following receipt of written notice of termination of the direct agreement from the direct patient. The amount of the direct fee considered earned shall be a proration of the monthly fee as of the date the notice of termination is received.

(3) If the patient chooses to pay more than one monthly direct fee in advance, the funds must be held in a trust account and paid to the direct practice as earned at the end of each month. Any unearned direct fees held in trust following receipt of termination of the direct agreement shall be promptly refunded to the direct patient. The amount of the direct fee earned shall be a proration of the monthly fee for the then current month as of the date the notice of termination is received.

(4) The direct fee schedule applying to an existing direct patient may not be increased over the annual negotiated amount more frequently than annually. A direct practice shall provide advance notice to existing patients of any change within the fee schedule applying to those existing direct patients. A direct practice shall provide at least sixty days' advance notice of any change in the fee.

(5) A direct practice must designate a contact person to receive and address any patient complaints.

(6) Direct fees for comparable services within a direct practice shall not vary from patient to patient based on health status or sex.

NEW SECTION. Sec. 6. (1) Direct practices may not:

(a) Enter into a participating provider contract as defined in RCW 48.44.010 or 48.46.020 with any carrier or with any carrier's contractor or subcontractor, or plans administered under chapter 41.05, 70.47, or 70.47A RCW, to provide health care services through a direct agreement except as set forth in subsection (2) of this section;

(b) Submit a claim for payment to any carrier or any carrier's contractor or subcontractor, or plans administered under chapter 41.05, 70.47, or 70.47A RCW, for health care services provided to direct patients as covered by their agreement;

(c) With respect to services provided through a direct agreement, be identified by a carrier or any carrier's contractor or subcontractor, or plans administered under chapter 41.05, 70.47, or 70.47A RCW, as a participant in the carrier's or any carrier's contractor or subcontractor network for purposes of

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

determining network adequacy or being available for selection by an enrollee under a carrier's benefit plan; or

(d) Pay for health care services covered by a direct agreement rendered to direct patients by providers other than the providers in the direct practice or their employees, except as described in subsection (2)(b) of this section.

(2) Direct practices and providers may:

(a) Enter into a participating provider contract as defined by RCW 48.44.010 and 48.46.020 or plans administered under chapter 41.05, 70.47, or 70.47A RCW for purposes other than payment of claims for services provided to direct patients through a direct agreement. Such providers shall be subject to all other provisions of the participating provider contract applicable to participating providers including but not limited to the right to:

(i) Make referrals to other participating providers;

(ii) Admit the carrier's members to participating hospitals and other health care facilities;

(iii) Prescribe prescription drugs; and

(iv) Implement other customary provisions of the contract not dealing with reimbursement of services;

(b) Pay for charges associated with the provision of routine lab and imaging services provided in connection with wellness physical examinations. In aggregate such payments per year per direct patient are not to exceed fifteen percent of the total annual direct fee charged that direct patient. Exceptions to this limitation may occur in the event of short-term equipment failure if such failure prevents the provision of care that should not be delayed; and

(c) Charge an additional fee to direct patients for supplies, medications, and specific vaccines provided to direct patients that are specifically excluded under the agreement, provided the direct practice notifies the direct patient of the additional charge, prior to their administration or delivery.

NEW SECTION. Sec. 7. (1) Direct practices may not decline to accept new direct patients or discontinue care to existing patients solely because of the patient's health status. A direct practice may decline to accept a patient if the practice has reached its maximum capacity, or if the patient's medical condition is such that the provider is unable to provide the appropriate level and type of health care services in the direct practice. So long as the direct practice provides the patient notice and opportunity to obtain care from another physician, the direct practice may discontinue care for direct patients if: (a) The patient fails to pay the direct fee under the terms required by the direct agreement; (b) the patient has performed an act that constitutes fraud; (c) the patient repeatedly fails to comply with the recommended treatment plan; (d) the patient is abusive and presents an emotional or physical danger to the staff or other patients of the direct practice; or (e) the direct practice discontinues operation as a direct practice.

(2) Direct practices may accept payment of direct fees directly or indirectly from nonemployer third parties.

NEW SECTION. Sec. 8. Direct practices, as defined in section 3 of this act, who comply with this chapter are not insurers under RCW 48.01.050, health carriers under chapter 48.43 RCW, health care service contractors under chapter 48.44 RCW, or health maintenance organizations under chapter 48.46 RCW.

NEW SECTION. Sec. 9. A person shall not make, publish, or disseminate any false, deceptive, or misleading representation or advertising in the conduct of the business of a direct practice, or relative to the business of a direct practice.

NEW SECTION. Sec. 10. A person shall not make, issue, or circulate, or cause to be made, issued, or circulated, a misrepresentation of the terms of any direct agreement, or the benefits or advantages promised thereby, or use the name or title of any direct agreement misrepresenting the nature thereof.

NEW SECTION. Sec. 11. Violations of this chapter constitute unprofessional conduct enforceable under RCW 18.130.180.

NEW SECTION. Sec. 12. (1) Direct practices must submit annual statements, beginning on October 1, 2007, to the office of insurance commissioner specifying the number of providers in each practice, total number of patients being served, the

average direct fee being charged, providers' names, and the business address for each direct practice. The form and content for the annual statement must be developed in a manner prescribed by the commissioner.

(2) A health care provider may not act as, or hold himself or herself out to be, a direct practice in this state, nor may a direct agreement be entered into with a direct patient in this state, unless the provider submits the annual statement in subsection (1) of this section to the commissioner.

(3) The commissioner shall report annually to the legislature on direct practices including, but not limited to, participation trends, complaints received, voluntary data reported by the direct practices, and any necessary modifications to this chapter. The initial report shall be due December 1, 2009.

NEW SECTION. Sec. 13. (1) A direct agreement must include the following disclaimer: "This agreement does not provide comprehensive health insurance coverage. It provides only the health care services specifically described." The direct agreement may not be sold to a group and may not be entered with a group of subscribers. It must be an agreement between a direct practice and an individual direct patient. Nothing prohibits the presentation of marketing materials to groups of potential subscribers or their representatives.

(2) A comprehensive disclosure statement shall be distributed to all direct patients with their participation forms. Such disclosure must inform the direct patients of their financial rights and responsibilities to the direct practice as provided for in this chapter, encourage that direct patients obtain and maintain insurance for services not provided by the direct practice, and state that the direct practice will not bill a carrier for services covered under the direct agreement. The disclosure statement shall include contact information for the office of the insurance commissioner.

NEW SECTION. Sec. 14. By December 1, 2012, the commissioner shall submit a study of direct care practices to the appropriate committees of the senate and house of representatives. The study shall include an analysis of the extent to which direct care practices:

(1) Improve or reduce access to primary health care services by recipients of medicare and medicaid, individuals with private health insurance, and the uninsured;

(2) Provide adequate protection for consumers from practice bankruptcy, practice decisions to drop participants, or health conditions not covered by direct care practices;

(3) Increase premium costs for individuals who have health coverage through traditional health insurance;

(4) Have an impact on a health carrier's ability to meet network adequacy standards set by the commissioner or state health purchasing agencies; and

(5) Cover a population that is different from individuals covered through traditional health insurance.

The study shall also examine the extent to which individuals and families participating in a direct care practice maintain health coverage for health conditions not covered by the direct care practice. The commissioner shall recommend to the legislature whether the statutory authority for direct care practices to operate should be continued, modified, or repealed.

NEW SECTION. Sec. 15. Sections 1 and 3 through 14 of this act constitute a new chapter in Title 48 RCW."

Correct the title.
and the same are herewith transmitted.

"NEW SECTION. Sec. 1. The legislature finds that the people of Washington state face a crisis brought upon by increased gang crime and violence, which is threatening public safety in communities across the state. Those who live in communities where gang membership is on the rise find themselves living with the daily threat of intimidation and harassment. Ordinary citizens are increasingly vulnerable to gang-related crimes such as drug dealing, damage to real property, theft of personal property and automobiles, or even assault, rape, and murder. Even those not directly affected by gang-related crime, share in the indirect costs such as lower property values, higher insurance premiums, and the endangerment of our youth. Moreover, our first responders find themselves increasingly vulnerable to personal injury or death when responding to gang-related crimes such as drug dealing, assault, driving without a license, or attempting to elude a police vehicle.

It is the intent of the legislature to establish a work group to evaluate and make legislative recommendations regarding the problem of gang-related crime in Washington state.

NEW SECTION. Sec. 2. The Washington association of sheriffs and police chiefs is directed to convene a work group to evaluate the problem of gang-related crime in Washington state. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to make technical changes throughout chapters 41.08, 41.12, 41.16, and 41.18 RCW with regard to gender-specific terminology. The legislature finds that gender-neutral terms must be used in accordance with RCW 44.04.210. This act is technical in nature and no substantive legal changes are intended or implied.

Sec. 2. RCW 41.08.020 and 1935 c 31 s 2 are each amended to read as follows:

If any of the cities or towns referred to in RCW 41.08.010 shall at any time repeal the charter provisions or other local acts of said cities or towns providing for civil service for ~~((firemen))~~ firefighters as referred to in RCW 41.08.010, in that event this chapter shall apply to all of such cities and towns which have at any time abolished civil service for members of the fire department.

Sec. 3. RCW 41.08.030 and 1935 c 31 s 3 are each amended to read as follows:

There is hereby created in every city, town or municipality except those referred to in RCW 41.08.010, having a full paid fire department a civil service commission which shall be composed of three persons.

The members of such commission shall serve without compensation. No person shall be appointed a member of such commission who is not a citizen of the United States, a resident of such city for at least three years immediately preceding such appointment, and an elector of the county wherein he or she resides. The term of office of such commissioners shall be for six years, except that the first three members of such commission shall be appointed for different terms, as follows: One to serve for a period of two years, one to serve for a period of four years, and one to serve for a period of six years. Any member of such commission may be removed from office for incompetency, incompatibility or dereliction of duty, or malfeasance in office, or other good cause: PROVIDED, HOWEVER, That no member of the commission shall be removed until charges have been preferred, in writing, due notice and a full hearing had. The members of such commission shall devote due time and attention to the performance of the duties hereinafter specified and imposed upon them by this chapter. Two members of such commission shall constitute a quorum and the votes of any two members of such commission concurring shall be sufficient for the decision of all matters and the transaction of all business to be decided or transacted by the commission under or by virtue of the provisions of this chapter. Confirmation of said appointment or appointments of commissioners by any legislative body shall not be required. At the time of any appointment not more than two commissioners shall be adherents of the same political party.

Sec. 4. RCW 41.08.075 and 1972 ex.s. c 37 s 4 are each amended to read as follows:

discharged, suspended without pay, demoted, or reduced in rank, or deprived of vacation privileges or other special privileges for any of the following reasons:

(1) Incompetency, inefficiency or inattention to or dereliction of duty;

(2) Dishonesty, intemperance, immoral conduct, insubordination, discourteous treatment of the public, or a fellow employee, or any other act of omission or commission tending to injure the public service; or any other willful failure on the part of the employee to properly conduct himself or herself; or any willful violation of the provisions of this chapter or the rules and regulations to be adopted hereunder;

(3) Mental or physical unfitness for the position which the employee holds;

(4) Dishonest, disgraceful, immoral or prejudicial conduct;

(5) Drunkenness or use of intoxicating liquors, narcotics, or any other habit forming drug, liquid or preparation to such extent that the use thereof interferes with the efficiency or mental or physical fitness of the employee, or which precludes the employee from properly performing the functions and duties of any position under civil service;

(6) Conviction of a felony, or a misdemeanor, involving moral turpitude;

(7) Any other act or failure to act which in the judgment of the civil service commissioners is sufficient to show the offender to be an unsuitable and unfit person to be employed in the public service.

Sec. 6. RCW 41.08.090 and 1935 c 31 s 9 are each amended to read as follows:

No person in the classified civil service who shall have been permanently appointed or inducted into civil service under provisions of this chapter, shall be removed, suspended, demoted or discharged except for cause, and only upon the written accusation of the appointing power, or any citizen or taxpayer, a written statement of which accusation, in general terms, shall be served upon the accused, and a duplicate filed with the commission. Any person so removed, suspended, demoted or discharged may within ten days from the time of his or her removal, suspension, demotion or discharge, file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. The investigation shall be confined to the determination of the question of whether such removal, suspension, demotion or discharge was or was not made for political or religious reasons and was or was not made in good faith (~~for~~) for cause. After such investigation the commission may affirm the removal, or if it shall find that the removal, suspension, or demotion was made for political or religious reasons, or was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position or employment from which such person was removed, suspended, demoted or discharged, which reinstatement shall, if the commission so provides in its discretion, be retroactive, and entitle such person to pay or compensation from the time of such removal, suspension, demotion or discharge. The commission upon such investigation, in lieu of affirming the removal, suspension, demotion or discharge may modify the order of removal, suspension, demotion or discharge by directing a suspension, without pay, for a given period, and subsequent restoration to duty, or demotion in classification, grade, or pay; the findings of the commission shall be certified, in writing to the appointing power, and shall be forthwith enforced by such officer.

All investigations made by the commission pursuant to the provisions of this section shall be by public hearing, after reasonable notice to the accused of the time and place of such hearing, at which hearing the accused shall be afforded an opportunity of appearing in person and by counsel, and presenting his or her defense. If such judgment or order be concurred in by the commission or a majority thereof, the accused may appeal therefrom to the court of original and unlimited jurisdiction in civil suits of the county wherein he or she resides. Such appeal shall be taken by serving the commission, within thirty days after the entry of such judgment or order, a written notice of appeal, stating the grounds thereof,

and demanding that a certified transcript of the record and of all papers on file in the office of the commission affecting or relating to such judgment or order, be filed by the commission with such court. The commission shall, within ten days after the filing of such notice, make, certify and file such transcript with such court. The court of original and unlimited jurisdiction in civil suits shall thereupon proceed to hear and determine such appeal in a summary manner: PROVIDED, HOWEVER, That such hearing shall be confined to the determination of whether the judgment or order of removal, discharge, demotion or suspension made by the commission, was or was not made in good faith for cause, and no appeal to such court shall be taken except upon such ground or grounds.

Sec. 7. RCW 41.08.100 and 1935 c 31 s 11 are each amended to read as follows:

Whenever a position in the classified service becomes vacant, the appointing power, if it desires to fill the vacancy, shall make requisition upon the commission for the name and address of a person eligible for appointment thereto. The commission shall certify the name of the person highest on the eligible list for the class to which the vacant position has been allocated, who is willing to accept employment. If there is no appropriate eligible list for the class, the commission shall certify the name of the person standing highest on said list held appropriate for such class. If more than one vacancy is to be filled an additional name shall be certified for each additional vacancy. The appointing power shall forthwith appoint such person to such vacant position.

Whenever requisition is to be made, or whenever a position is held by a temporary appointee and an eligible list for the class of such position exists, the commission shall forthwith certify the name of the person eligible for appointment to the appointing power, and said appointing power shall forthwith appoint the person so certified to said position. No person so certified shall be laid off, suspended, or given leave of absence from duty, transferred or reduced in pay or grade, except for reasons which will promote the good of the service, specified in writing, and after an opportunity to be heard by the commission and then only with its consent and approval.

To enable the appointing power to exercise a choice in the filling of positions, no appointment, employment or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of three to six months' probationary service, as may be provided in the rules of the civil service commission during which the appointing power may terminate the employment of the person certified to him or her, or it, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems him or her unfit or unsatisfactory for service in the department. Whereupon the appointing power shall designate the person certified as standing next highest on any such list and such person shall likewise enter upon said duties until some person is found who is deemed fit for appointment, employment or promotion for the probationary period provided therefor, whereupon the appointment, employment or promotion shall be deemed to be complete.

Sec. 8. RCW 41.08.150 and 1935 c 31 s 16 are each amended to read as follows:

No commissioner or any other person(-) shall, by himself or herself, or in cooperation with one or more persons, defeat, deceive, or obstruct any person in respect of his or her right of examination or registration according to the rules and regulations of this chapter, or falsely mark, grade, estimate or report upon the examination or proper standing of any person examined, registered or certified pursuant to the provisions of this chapter, or aid in so doing, or make any false representation concerning the same, or concerning the person examined, or furnish any person any special or secret information for the purpose of improving or injuring the prospects or chances of any person so examined, registered or certified, or to be examined, registered or certified or persuade any other person, or permit or aid in any manner any other person to personate him or her, in connection with any examination or registration or application or request to be examined or registered.

Sec. 72. RCW 41.48.030 and 1971 ex.s. c 257 s 19 are each amended to read as follows:

(1) The governor is hereby authorized to enter on behalf of the state into an agreement with the secretary of health, education, and welfare consistent with the terms and provisions of this chapter, for the purpose of extending the benefits of the federal old-age and survivors insurance system to employees of the state or any political subdivision not members of an existing retirement system, or to members of a retirement system established by the state or by a political subdivision thereof or by an institution of higher learning with respect to services specified in such agreement which constitute "employment" as defined in RCW 41.48.020. Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the governor and secretary of health, education, and welfare shall agree upon, but, except as may be otherwise required by or under the social security act as to the services to be covered, such agreement shall provide in effect that--

(a) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of title II of the social security act;

(b) The state will pay to the secretary of the treasury, at such time or times as may be prescribed under the social security act, contributions with respect to wages (as defined in RCW 41.48.020), equal to the sum of the taxes which would be imposed by the federal insurance contributions act if the services

covered by the agreement constituted employment within the meaning of that act;

(c) Such agreement shall be effective with respect to services in employment covered by the agreement or modification thereof performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year immediately preceding the calendar year in which such agreement or modification of the agreement is accepted by the secretary of health, education and welfare.

(d) All services which constitute employment as defined in RCW 41.48.020 and are performed in the employ of the state by employees of the state, shall be covered by the agreement;

(e) All services which (i) constitute employment as defined in RCW 41.48.020, (ii) are performed in the employ of a political subdivision of the state, and (iii) are covered by a plan which is in conformity with the terms of the agreement and has been approved by the governor under RCW 41.48.050, shall be covered by the agreement; and

(f) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals to whom section 218(c)(3)(C) of the social security act is applicable, and shall provide that the service of any such individual shall continue to be covered by the agreement in case he thereafter becomes eligible to be a member of a retirement system; and

(g) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals in positions covered by a retirement system with respect to which the governor has issued a certificate to the secretary of health, education, and welfare pursuant to subsection (5) of this section.

(h) Law enforcement officers and (~~fire~~) firefighters of each political subdivision of this state who are covered by the Washington Law Enforcement Officers' and Fire Fighters' Retirement System Act (chapter 209, Laws of 1969 ex. sess.) as now in existence or hereafter amended shall constitute a separate "coverage group" for purposes of the agreement entered into under this section and for purposes of section 218 of the social security act. To the extent that the agreement between this state and the federal secretary of health, education, and welfare in existence on the date of adoption of this subsection is inconsistent with this subsection, the governor shall seek to modify the inconsistency.

(2) Any instrumentality jointly created by this state and any other state or states is hereby authorized, upon the granting of like authority by such other state or states, (a) to enter into an agreement with the secretary of health, education, and welfare whereby the benefits of the federal old-age and survivors insurance system shall be extended to employees of such instrumentality, (b) to require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under RCW 41.48.040(1) if they were covered by an agreement made pursuant to subsection (1) of this section, and (c) to make payments to the secretary of the treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements. Such agreement shall, to the extent practicable, be consistent with the terms and provisions of subsection (1) and other provisions of this chapter.

(3) The governor is empowered to authorize a referendum, and to designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218(d)(3) of the social security act, and subsection (4) of this section on the question of whether service in all positions covered by a retirement system established by the state or by a political subdivision thereof should be excluded from or included under an agreement under this chapter. If a retirement system covers positions of employees of the state of Washington, of the institutions of higher learning, and positions of employees of one or more of the political subdivisions of the state, then for the purpose of the referendum as provided herein, there may be deemed to be a separate retirement system with respect to employees of the state, or any one or more of the political subdivisions, or institutions of higher learning and the

The notice of referendum required by section 218(d)(3)(C) of the social security act to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this chapter.

(4) The governor, before authorizing a referendum, shall require the following conditions to be met:

(a) The referendum shall be by secret written ballot on the question of whether service in positions covered by such retirement system shall be excluded from or included under the agreement between the governor and the secretary of health, education, and welfare provided for in RCW 41.48.030(1);

(b) An opportunity to vote in such referendum shall be given and shall be limited to eligible employees;

(c) Not less than ninety days' notice of such referendum shall be given to all such employees;

(d) Such referendum shall be conducted under the supervision (of the governor or) of an agency or individual designated by the governor;

(e) The proposal for coverage shall be approved only if a majority of the eligible employees vote in favor of including services in such positions under the agreement;

(f) The state legislature, in the case of a referendum affecting the rights and liabilities of state employees covered under the state employees' retirement system and employees under the teachers' retirement system, and in all other cases the local legislative authority or governing body, shall have specifically approved the proposed plan and approved any necessary structural adjustment to the existing system to conform with the proposed plan.

(5) Upon receiving satisfactory evidence that with respect to any such referendum the conditions specified in subsection (4) of this section and section 218(d)(3) of the social security act have been met, the governor shall so certify to the secretary of health, education, and welfare.

(6) If the legislative body of any political subdivision of this state certifies to the governor that a referendum has been held under the terms of RCW 41.48.050(1)(i) and gives notice to the governor of termination of social security for any coverage group of the political subdivision, the governor shall give two years advance notice in writing to the federal department of health, education, and welfare of such termination of the agreement entered into under this section with respect to said coverage group.

Either party may, upon like notice, apply to the court or any judge thereof for an order requiring additional or other surety or sureties upon any such bond. Upon the hearing or any application made under the provisions of this section evidence may be given. The judge after hearing any such application shall make such an order as shall be just in the premises. The ~~((bondsmen))~~ bondspersons may be required to be present at such hearing if so required in the notice thereof, and shall answer under oath all questions that may be asked them touching their qualifications as ~~((bondsmen))~~ bondspersons, and in the event the ~~((bondsmen))~~ bondspersons

shall fail or refuse to appear at such hearing and so answer such questions the bond shall be stricken. In the event the court shall order a new or additional bond to be furnished by defendant, and the same shall not be given within twenty-four hours, the court shall order the sheriff to forthwith execute the writ. In the event the defendant shall file a second or additional bond and it shall also be found insufficient after hearing, as above provided, the right to retain the premises by bond shall be lost and the sheriff shall forthwith put the plaintiff in possession of the premises.

Sec. 78. RCW 82.38.230 and 1998 c 176 s 77 are each amended to read as follows:

Whenever any licensee is delinquent in the payment of any obligation imposed hereunder, and such delinquency continues after notice and demand for payment by the department, the department shall proceed to collect the amount due from the licensee in the following manner: The department shall seize any property subject to the lien of said excise tax, penalty, and interest and thereafter sell it at public auction to pay said obligation and any and all costs that may have been incurred on account of the seizure and sale. Notice of such intended sale and the time and place thereof shall be given to such delinquent licensee and to all persons appearing of record to have an interest in such property. The notice shall be given in writing at least ten days before the date set for the sale by enclosing it in an envelope addressed to the licensee at the licensee's address as the same appears in the records of the department and, in the case of any person appearing of record to have an interest in such property, addressed to such person at his or her last known residence or place of business, and depositing such envelope in the United States mail, postage prepaid. In addition, the notice shall be published for at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in such county, the notice shall be posted in three public places in the county for a period of ten days. The notice shall contain a description of the property to be sold, together with a statement of the amount due under this chapter, the name of the licensee and the further statement that unless such amount is paid on or before the time fixed in the notice the property will be sold in accordance with law.

The department shall then proceed to sell the property in accordance with the law and the notice, and shall deliver to the purchaser a bill of sale or deed which shall vest title in the purchaser. If upon any such sale the moneys received exceed the amount due to the state under this chapter from the delinquent licensee, the excess shall be returned to the licensee and the licensee's receipt obtained for the excess. If any person having an interest in or lien upon the property has filed with the department prior to such sale, notice of such interest or lien, the department shall withhold payment of any such excess to the licensee pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the licensee is not available, the department shall deposit such excess with the state treasurer as trustee for the licensee or the licensee's heirs, successors, or assigns: PROVIDED, That prior to making any seizure of property as provided for in this section, the department may first serve upon the licensee's ~~((bondsmen))~~ bondsperson a notice of the delinquency, with a demand for the payment of the amount due.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the ~~((bondsmen))~~ bondspersons will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper published at Olympia, Washington, to be designated by the director of ecology from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. As a condition of employment, inspectors hired exclusively to perform inspections in accordance with the national electrical safety code must possess and maintain certification as an outside (~~journeyman—lineman~~) journeyperson lineworker. The expenses of the director of labor and industries and the salaries and expenses of state inspectors incurred in carrying out the provisions of this chapter shall be paid entirely out of the electrical license fund, upon vouchers approved by the director of labor and industries.

Sec. 85. RCW 50.04.240 and 1945 c 35 s 25 are each amended to read as follows:

The term "employment" shall not include service as a (~~newsboy~~) newspaper delivery person selling or distributing newspapers on the street or from house to house.

Sec. 86. RCW 28B.07.020 and 1985 c 370 s 47 are each amended to read as follows:

(8) "Trust indenture" means any agreement, trust indenture, or other similar instrument by and between the authority and one or more corporate trustees.

Sec. 87. RCW 39.04.155 and 2001 c 284 s 1 are each amended to read as follows:

(1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of two hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of general administration in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been

delegated to it by the department of general administration under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 43.19.1911. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred thousand dollars to two hundred thousand dollars, a state agency or local government, other than a port district, that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement ~~((project projects))~~ projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 43.19.1911. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited

ONE-HUNDREDDTH DAY, APRIL 17, 2007

public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, ~~((materialmen))~~ material suppliers, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5) As used in this section, "state agency" means the department of general administration, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities.

Sec. 88. RCW 39.08.010 and 1989 c 145 s 1 are each amended to read as follows:

Whenever any board, council, commission, trustees, or body acting for the state or any county or municipality or any public body shall contract with any person or corporation to do any work for the state, county, or municipality, or other public body, city, town, or district, such board, council, commission, trustees, or body shall require the person or persons with whom such contract is made to make, execute, and deliver to such board, council, commission, trustees, or body a good and sufficient bond, with a surety company as surety, conditioned that such person or persons shall faithfully perform all the provisions of such contract and pay all laborers, mechanics, and subcontractors and ~~((materialmen))~~ material suppliers, and all persons who supply such person or persons, or subcontractors, with provisions and supplies for the carrying on of such work, which bond in cases of cities and towns shall be filed with the clerk or comptroller thereof, and any person or persons performing such services or furnishing material to any subcontractor shall have the same right under the provisions of such bond as if such work, services or material was furnished to the original contractor: PROVIDED, HOWEVER, That the provisions of RCW 39.08.010 through 39.08.030 shall not apply to any money loaned or advanced to any such contractor, subcontractor or other person in the performance of any such work: PROVIDED FURTHER, That on contracts of twenty-five thousand dollars or less, at the option of the contractor the respective public entity may, in lieu of the bond, retain fifty percent of the contract amount for a period of thirty days after date of final acceptance, or until receipt of all necessary releases from the department of revenue and the department of labor and industries and settlement of any liens filed under chapter 60.28 RCW, whichever is later: PROVIDED FURTHER, That for contracts of one hundred thousand dollars or less, the public entity may accept a full payment and performance bond from an individual surety or sureties: AND PROVIDED FURTHER, That the surety must agree to be bound by the laws of the state of Washington and subjected to the jurisdiction of the state of Washington.

Sec. 90. RCW 47.28.030 and 1999 c 15 s 1 are each amended to read as follows:

effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. The rules adopted under this section:

(1) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(2) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, ~~((materialmen))~~ material suppliers, mechanics, and subcontractors from the reserved partial payment; and

(3) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

Sec. 91. RCW 60.28.010 and 1986 c 181 s 6 are each amended to read as follows:

(1) Contracts for public improvements or work, other than for professional services, by the state, or any county, city, town, district, board, or other public body, herein referred to as "public body", shall provide, and there shall be reserved by the public body from the moneys earned by the contractor on estimates during the progress of the improvement or work, a sum not to exceed five percent, said sum to be retained by the state, county, city, town, district, board, or other public body, as a trust fund for the protection and payment of any person or persons, mechanic, subcontractor or ~~((materialman))~~ material supplier who shall perform any labor upon such contract or the doing of said work, and all persons who shall supply such person or persons or subcontractors with provisions and supplies for the carrying on of such work, and the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor. Every person performing labor or furnishing supplies toward the completion of said improvement or work shall have a lien upon said moneys so reserved: PROVIDED, That such notice of the lien of such claimant shall be given in the manner and within the time provided in RCW 39.08.030 as now existing and in accordance with any amendments that may hereafter be made thereto: PROVIDED FURTHER, That the board, council, commission, trustees, officer or body acting for the state, county or municipality or other public body; (a) at any time after fifty percent of the original contract work has been completed, if it finds that satisfactory progress is being made, may make any of the partial payments which would otherwise be subsequently made in full; but in no event shall the amount to be retained be reduced to less than five percent of the amount of the moneys earned by the contractor: PROVIDED, That the contractor may request that retainage be reduced to one hundred percent of the value of the work remaining on the project; and (b) thirty days after completion and acceptance of all contract work other than landscaping, may release and pay in full the amounts retained during the performance of the contract (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of RCW 60.28.020.

(2) The moneys reserved under the provisions of subsection (1) of this section, at the option of the contractor, shall be:

(a) Retained in a fund by the public body until thirty days following the final acceptance of said improvement or work as completed;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association, not subject to withdrawal until after the final acceptance of said improvement or work as completed, or until agreed to by both parties: PROVIDED, That interest on such account shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body until thirty days following the final acceptance of said improvement or work as completed. When the moneys reserved are to be placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. Such check shall be converted into bonds and securities chosen by the contractor and approved by the public body and such bonds and securities shall be held in escrow. Interest on such bonds and securities shall be paid to the contractor as the said interest accrues.

(3) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(4) With the consent of the public body the contractor may submit a bond for all or any portion of the amount of funds retained by the public body in a form acceptable to the public body. Such bond and any proceeds therefrom shall be made subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(5) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in such case any amounts retained and accumulated under this section shall be held for a period of thirty days following such acceptance. In the event that the work shall have been terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter 60.28 RCW shall be deemed exclusive and shall supersede all provisions and regulations in conflict herewith.

(6) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, thirty days after completion and final acceptance of each ferry vessel, the department may release and pay in full the amounts retained in connection with the construction of such vessel subject to the provisions of RCW 60.28.020: PROVIDED, That the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on such ferry after a period of thirty days following final acceptance of such ferry; and if such taxes are certified or claims

filed, recovery may be had on such bond by the department of revenue and the ((materialmen)) material suppliers and laborers filing claims.

(7) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations shall not be subject to subsections (1) through (6) of this section.

Sec. 92. RCW 60.28.011 and 2003 c 301 s 7 are each amended to read as follows:

(1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the

retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the ((materialmen)) material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW 39.10.061. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or materialperson who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.

2007 REGULAR SESSION

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.020.

Sec. 93. RCW 60.28.020 and 1975 1st ex.s. c 104 s 2 are each amended to read as follows:

After the expiration of the thirty day period, and after receipt of the department of revenue's certificate, and the public body is satisfied that the taxes certified as due or to become due by the department of revenue are discharged, and the claims of ~~((materialmen))~~ material suppliers and laborers who have filed their claims, together with a sum sufficient to defray the cost of foreclosing the liens of such claims, and to pay attorneys' fees, have been paid, the public body shall pay to the contractor the fund retained by it or release to the contractor the securities and bonds held in escrow.

MESSAGE FROM THE HOUSE

MOTION

April 4, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6100, with the following amendment: 6100-S AMH JUDI PERR 064

On page 2, after line 11, add the following:

"Sec. 3. RCW 10.01.160 and 2005 c 263 s 2 are each amended to read as follows:

(1) The court may require a defendant to pay costs. Costs may be imposed only upon a convicted defendant, except for costs imposed upon a defendant's entry into a deferred prosecution program, costs imposed upon a defendant for pretrial supervision, or costs imposed upon a defendant for preparing and serving a warrant for failure to appear.

(2) Costs shall be limited to expenses specially incurred by the state in prosecuting the defendant or in administering the deferred prosecution program under chapter 10.05 RCW or pretrial supervision. They cannot include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law. Expenses incurred for serving of warrants for failure to appear and jury fees under RCW 10.46.190 may be included in costs the court may require a defendant to pay. Costs for administering a deferred prosecution or pretrial supervision may not exceed one hundred fifty dollars. Costs for preparing and serving a warrant for failure to appear may not exceed one hundred dollars. Costs of incarceration imposed on a defendant convicted of a misdemeanor or a gross misdemeanor may not exceed the actual cost of incarceration. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision take precedence over the payment of the cost of incarceration ordered by the court. All funds received from defendants for the cost of incarceration in the county or city jail must be remitted for criminal justice purposes to the county or city that is responsible for the defendant's jail costs. Costs imposed constitute a judgment against a defendant and survive a dismissal of the underlying action against the defendant. However, if the defendant is acquitted on the underlying action, the costs for preparing and serving a warrant for failure to appear do not survive the acquittal, and the judgment that such costs would otherwise constitute shall be vacated.

(3) The court shall not (~~sentence~~) order a defendant to pay costs unless the defendant is or will be able to pay them. In determining the amount and method of payment of costs, the court shall take account of the financial resources of the defendant and the nature of the burden that payment of costs will impose.

(4) A defendant who has been (~~sentenced~~) ordered to pay costs and who is not in contumacious default in the payment thereof may at any time petition the sentencing court for remission of the payment of costs or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may remit all or part of the amount due in costs, or modify the method of payment under RCW 10.01.170."

Correct the title.

The President declared the question before the Senate to be the motion by Senator Kline that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 6100.

MESSAGE FROM THE HOUSE

April 9, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5317, with the following amendment: 5317-S.E AMH ELCS H3217.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.215.005 and 2006 c 265 s 101 are each amended to read as follows:

(1) The legislature recognizes that:

(a) Parents are their children's first and most important teachers and decision makers;

(b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children's readiness to succeed in school and life;

(c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports life-long learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that the early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development.

(3) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;

(d) To provide tools to promote the hiring of suitable providers of child care by:

(i) Providing parents with access to information regarding child care providers;

(ii) Providing parents with child care licensing action histories regarding child care providers; and

(iii) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law;

(e) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;

~~((+))~~ (f) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and

~~((+))~~ (g) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

(4) This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law.

Sec. 2. RCW 43.215.010 and 2006 c 265 s 102 are each amended to read as follows:

MESSAGE FROM THE HOUSE

April 9, 2007

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5470, with the following amendment: 5470-S2 AMH ENGR H3506.E

Strike everything after the enacting clause and insert the following:

"PART I - Intent

Sec. 101. RCW 26.09.002 and 1987 c 460 s 2 are each amended to read as follows:

Parents have the responsibility to make decisions and perform other parental functions necessary for the care and growth of their minor children. In any proceeding between parents under this chapter, the best interests of the child shall be the standard by which the court determines and allocates the parties' parental responsibilities. The state recognizes the fundamental importance of the parent-child relationship to the welfare of the child, and that the relationship between the child and each parent should be fostered unless inconsistent with the child's best interests. Residential time and financial support are equally important components of parenting arrangements. The

ONE-HUNDREDTH DAY, APRIL 17, 2007

best interests of the child are served by a parenting arrangement that best maintains a child's emotional growth, health and stability, and physical care. Further, the best interest of the child is ordinarily served when the existing pattern of interaction between a parent and child is altered only to the extent necessitated by the changed relationship of the parents or as required to protect the child from physical, mental, or emotional harm.

NEW SECTION. Sec. 102. A new section is added to chapter 26.09 RCW to read as follows:

The legislature reaffirms the intent of the current law as expressed in RCW 26.09.002. However, after review, the legislature finds that there are certain components of the existing law which do not support the original legislative intent. In order to better implement the existing legislative intent the legislature finds that incentives for parties to reduce family conflict and additional alternative dispute resolution options can assist in reducing the number of contested trials. Furthermore, the legislature finds that the identification of domestic violence as defined in RCW 26.50.010 and the treatment needs of the parties to dissolutions are necessary to improve outcomes for children. When judicial officers have the discretion to tailor individualized resolutions, the legislative intent expressed in RCW 26.09.002 can more readily be achieved. Judicial officers should have the discretion and flexibility to assess each case based on the merits of the individual cases before them.

PART II - Family Court Provisions

Sec. 201. RCW 2.56.180 and 2005 c 282 s 10 are each amended to read as follows:

(1) The administrative office of the courts shall create a handbook explaining the sections of Washington law pertaining to the rights and responsibilities of marital partners to each other and to any children during a marriage and a dissolution of marriage. The handbook may also be provided in videotape or other electronic form.

The administrative office of the courts shall on an annual basis reimburse the counties for each copy of the handbook that is distributed directly to family law parties under this section, provided that the county submits documentation of the number of handbooks distributed on an annual basis.

(4) The information contained in the handbook created under subsection (1) of this section shall be reviewed and updated annually. The handbook must contain the following information:

PART III - Domestic Violence and Child Abuse

NEW SECTION. Sec. 301. A new section is added to chapter 26.09 RCW to read as follows:

Mediation is generally inappropriate in cases involving domestic violence and child abuse. In order to effectively identify cases where issues of domestic violence and child abuse are present and reduce conflict in dissolution matters: (1) Where appropriate parties shall be provided access to trained domestic violence advocates; and (2) in cases where a victim requests mediation the court may make exceptions and permit mediation, so long as the court makes a finding that mediation is appropriate under the circumstances and the victim is permitted to have a supporting person present during the mediation proceedings.

(i) If the child was not the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (B) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest, and (C) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(g) The presumption established in (e) of this subsection may be rebutted only after a written finding that:

(i) If the child was not the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the person who is residing with the parent requesting

residential time, (A) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child's best interest, and (C) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(h) If the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have residential time with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(i) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(j) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(k) A court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order unsupervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised residential time has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of residential time between the parent and the child,

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

and after consideration of evidence of the offending parent's compliance with community supervision requirements, if any. If the offending parent was not ordered by a court to participate in treatment for sex offenders, then the parent shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the offender has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child.

(l) A court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised residential time has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of residential time between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the adjudicated juvenile's compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(m)(i) The limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting residential time. The limitations shall also be reasonably calculated to provide for the safety of the parent who may be at risk of physical, sexual, or emotional abuse or harm that could result if the parent has contact with the parent requesting residential time. The limitations the court may impose include, but are not limited to: Supervised contact between the child and the parent or completion of relevant counseling or treatment. If the court expressly finds based on the evidence that limitations on the residential time with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting residential time, the court shall restrain the parent requesting residential time from all contact with the child.

(ii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender's presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) If the court limits residential time under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the

court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(n) If the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's or other person's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection, or if the court expressly finds that the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) A parent's involvement or conduct may have an adverse effect on the child's best interests, and the court may preclude or limit any provisions of the parenting plan, if any of the following factors exist:

(a) A parent's neglect or substantial nonperformance of parenting functions;

(b) A long-term emotional or physical impairment which interferes with the parent's performance of parenting functions as defined in RCW 26.09.004;

(c) A long-term impairment resulting from drug, alcohol, or other substance abuse that interferes with the performance of parenting functions;

(d) The absence or substantial impairment of emotional ties between the parent and the child;

(e) The abusive use of conflict by the parent which creates the danger of serious damage to the child's psychological development;

(f) A parent has withheld from the other parent access to the child for a protracted period without good cause; or

(g) Such other factors or conduct as the court expressly finds adverse to the best interests of the child.

(4) In cases involving allegations of limiting factors under subsection (2)(a)(ii) and (iii) of this section, both parties shall be screened to determine the appropriateness of a comprehensive assessment regarding the impact of the limiting factor on the child and the parties.

(5) In entering a permanent parenting plan, the court shall not draw any presumptions from the provisions of the temporary parenting plan.

~~((5))~~ (6) In determining whether any of the conduct described in this section has occurred, the court shall apply the civil rules of evidence, proof, and procedure.

~~((6))~~ (7) For the purposes of this section, a parent's child means that parent's natural child, adopted child, or stepchild.

NEW SECTION. Sec. 304. A new section is added to chapter 26.09 RCW to read as follows:

Before entering a permanent parenting plan, the court shall determine the existence of any information and proceedings relevant to the placement of the child that are available in the judicial information system and databases.

Sec. 305. RCW 26.12.177 and 2005 c 282 s 30 are each amended to read as follows:

(1) All guardians ad litem and investigators appointed under this title must comply with the training requirements established under RCW 2.56.030(15), prior to their appointment in cases under Title 26 RCW, except that volunteer guardians ad litem or court-appointed special advocates may comply with alternative training requirements approved by the administrative office of the courts that meet or exceed the statewide requirements. In cases involving allegations of limiting factors under RCW 26.09.191, the guardians ad litem and investigators appointed under this title must have additional relevant training under RCW 2.56.030(15) and as recommended under section 306 of this act, when it is available.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(2)(a) Each guardian ad litem program for compensated guardians ad litem shall establish a rotational registry system for the appointment of guardians ad litem and investigators under this title. If a judicial district does not have a program the court shall establish the rotational registry system. Guardians ad litem and investigators under this title shall be selected from the registry except in exceptional circumstances as determined and documented by the court. The parties may make a joint recommendation for the appointment of a guardian ad litem from the registry.

(b) In judicial districts with a population over one hundred thousand, a list of three names shall be selected from the registry and given to the parties along with the background information as specified in RCW 26.12.175(3), including their hourly rate for services. Each party may, within three judicial days, strike one name from the list. If more than one name remains on the list, the court shall make the appointment from the names on the list. In the event all three names are stricken the person whose name appears next on the registry shall be appointed.

(c) If a party reasonably believes that the appointed guardian ad litem lacks the necessary expertise for the proceeding, charges an hourly rate higher than what is reasonable for the particular proceeding, or has a conflict of interest, the party may, within three judicial days from the appointment, move for substitution of the appointed guardian ad litem by filing a motion with the court.

(d) Under this section, within either registry referred to in (a) of this subsection, a subregistry may be created that consists of guardians ad litem under contract with the department of social and health services' division of child support. Guardians ad litem on such a subregistry shall be selected and appointed in state-initiated paternity cases only.

(e) The superior court shall remove any person from the guardian ad litem registry who misrepresents his or her qualifications pursuant to a grievance procedure established by the court.

(3) The rotational registry system shall not apply to court-appointed special advocate programs.

PART IV - Additional Services

NEW SECTION. Sec. 401. A new section is added to chapter 26.09 RCW to read as follows:

In order to provide judicial officers with better information and to facilitate decision making which allows for the protection of children from physical, mental, or emotional harm and in order to facilitate consistent healthy contact between both parents and their children:

(2) Parties and witnesses who require literacy assistance shall be referred to the multipurpose service centers established in chapter 28B.04 RCW.

(3) In matters involving guardian ad litem, the court shall specify the hourly rate the guardian ad litem may charge for his or her services, and shall specify the maximum amount the guardian ad litem may charge without additional review. Counties may, and to the extent state funding is provided therefor counties shall, provide indigent parties with guardian ad litem services at a reduced or waived fee.

(4) Parties may request to participate by telephone or interactive videoconference. The court may allow telephonic or interactive videoconference participation of one or more parties at any proceeding in its discretion. The court may also allow telephonic or interactive videoconference participation of witnesses.

(5) In cases involving domestic violence or child abuse, if residential time is ordered, the court may:

(a) Order exchange of a child to occur in a protected setting;

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(b) Order residential time supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the supervisor is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor if the court determines, after a hearing, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child. If the court allows a family or household member to supervise residential time, the court shall establish conditions to be followed during residential time.

(6) In cases in which the court finds that the parties do not have a satisfactory history of cooperation or there is a high level of parental conflict, the court may order the parties to use supervised visitation and safe exchange centers or alternative safe locations to facilitate the exercise of residential time.

PART V - Mediation

Sec. 501. RCW 26.09.015 and 2005 c 172 s 17 are each amended to read as follows:

(1) In any proceeding under this chapter, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child's close and continuing contact with both parents after the marriage is dissolved. The mediator shall use his or her best efforts to effect a settlement of the dispute.

(2)(a) Each superior court may make available a mediator. The court shall use the most cost-effective mediation services that are readily available unless there is good cause to access alternative providers. The mediator may be a member of the professional staff of a family court or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court is not required to institute a family court.

(b) In any proceeding involving issues relating to residential time or other matters governed by a parenting plan, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. Counties may, and to the extent state funding is provided therefor counties shall, provide both predecree and postdecree mediation at reduced or waived fee to the parties within one year of the filing of the dissolution petition.

(3)(a) Mediation proceedings under this chapter shall be governed in all respects by chapter 7.07 RCW, except as follows:

(i) Mediation communications in postdecree mediations mandated by a parenting plan are admissible in subsequent proceedings for the limited purpose of proving:

(A) Abuse, neglect, abandonment, exploitation, or unlawful harassment as defined in RCW 9A.46.020(1), of a child;

(B) Abuse or unlawful harassment as defined in RCW 9A.46.020(1), of a family or household member as defined in RCW 26.50.010(2); or

(C) That a parent used or frustrated the dispute resolution process without good reason for purposes of RCW 26.09.184(3)(d).

(ii) If a postdecree mediation-arbitration proceeding is required pursuant to a parenting plan and the same person acts as both mediator and arbitrator, mediation communications in the mediation phase of such a proceeding may be admitted during the arbitration phase, and shall be admissible in the judicial review of such a proceeding under RCW 26.09.184(3)(e) to the extent necessary for such review to be effective.

(b) None of the exceptions under (a)(i) and (ii) of this subsection shall subject a mediator to compulsory process to testify except by court order for good cause shown, taking into consideration the need for the mediator's testimony and the interest in the mediator maintaining an appearance of impartiality. If a mediation communication is not privileged under (a)(i) of this subsection or that portion of (a)(ii) of this

subsection pertaining to judicial review, only the portion of the communication necessary for the application of the exception may be admitted, and such admission of evidence shall not render any other mediation communication discoverable or admissible except as may be provided in chapter 7.07 RCW.

(4) The mediator shall assess the needs and interests of the child or children involved in the controversy and may interview the child or children if the mediator deems such interview appropriate or necessary.

(5) Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

PART VI - Residential Time

Sec. 601. RCW 26.09.184 and 1991 c 367 s 7 are each amended to read as follows:

(1) OBJECTIVES. The objectives of the permanent parenting plan are to:

(a) Provide for the child's physical care;

(b) Maintain the child's emotional stability;

(c) Provide for the child's changing needs as the child grows and matures, in a way that minimizes the need for future modifications to the permanent parenting plan;

(d) Set forth the authority and responsibilities of each parent with respect to the child, consistent with the criteria in RCW 26.09.187 and 26.09.191;

(e) Minimize the child's exposure to harmful parental conflict;

(f) Encourage the parents, where appropriate under RCW 26.09.187 and 26.09.191, to meet their responsibilities to their minor children through agreements in the permanent parenting plan, rather than by relying on judicial intervention; and

(g) To otherwise protect the best interests of the child consistent with RCW 26.09.002.

(2) CONTENTS OF THE PERMANENT PARENTING PLAN. The permanent parenting plan shall contain provisions for resolution of future disputes between the parents, allocation of decision-making authority, and residential provisions for the child.

(3) CONSIDERATION IN ESTABLISHING THE PERMANENT PARENTING PLAN. In establishing a permanent parenting plan, the court shall consider the cultural heritage and religious beliefs of a child.

(4) DISPUTE RESOLUTION. A process for resolving disputes, other than court action, shall be provided unless precluded or limited by RCW 26.09.187 or 26.09.191. A dispute resolution process may include counseling, mediation, or arbitration by a specified individual or agency, or court action. In the dispute resolution process:

(a) Preference shall be given to carrying out the parenting plan;

(b) The parents shall use the designated process to resolve disputes relating to implementation of the plan, except those related to financial support, unless an emergency exists;

(c) A written record shall be prepared of any agreement reached in counseling or mediation and of each arbitration award and shall be provided to each party;

(d) If the court finds that a parent has used or frustrated the dispute resolution process without good reason, the court shall award attorneys' fees and financial sanctions to the prevailing parent;

(e) The parties have the right of review from the dispute resolution process to the superior court; and

(f) The provisions of (a) through (e) of this subsection shall be set forth in the decree.

~~((+))~~ (5) ALLOCATION OF DECISION-MAKING AUTHORITY.

(a) The plan shall allocate decision-making authority to one or both parties regarding the children's education, health care, and religious upbringing. The parties may incorporate an agreement related to the care and growth of the child in these specified areas, or in other areas, into their plan, consistent with the criteria in RCW 26.09.187 and 26.09.191. Regardless of the

ONE-HUNDREDTH DAY, APRIL 17, 2007

allocation of decision-making in the parenting plan, either parent may make emergency decisions affecting the health or safety of the child.

(b) Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent.

(c) When mutual decision making is designated but cannot be achieved, the parties shall make a good-faith effort to resolve the issue through the dispute resolution process.

~~((5))~~ (6) RESIDENTIAL PROVISIONS FOR THE CHILD. The plan shall include a residential schedule which designates in which parent's home each minor child shall reside on given days of the year, including provision for holidays, birthdays of family members, vacations, and other special occasions, consistent with the criteria in RCW 26.09.187 and 26.09.191.

~~((6))~~ (7) PARENTS' OBLIGATION UNAFFECTED. If a parent fails to comply with a provision of a parenting plan or a child support order, the other parent's obligations under the parenting plan or the child support order are not affected. Failure to comply with a provision in a parenting plan or a child support order may result in a finding of contempt of court, under RCW 26.09.160.

~~((7))~~ (8) PROVISIONS TO BE SET FORTH IN PERMANENT PARENTING PLAN. The permanent parenting plan shall set forth the provisions of subsections ~~((3))~~ (4)(a) through (c), ~~((4))~~ (5)(b) and (c), and ~~((6))~~ (7) of this section.

Sec. 602. RCW 26.09.015 and 2005 c 172 s 17 are each amended to read as follows:

(1) In any proceeding under this chapter, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child's close and continuing contact with both parents after the marriage is dissolved. The mediator shall use his or her best efforts to effect a settlement of the dispute.

(2) Each superior court may make available a mediator. The mediator may be a member of the professional staff of a family court or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court is not required to institute a family court.

(3)(a) Mediation proceedings under this chapter shall be governed in all respects by chapter 7.07 RCW, except as follows:

(i) Mediation communications in postdecree mediations mandated by a parenting plan are admissible in subsequent proceedings for the limited purpose of proving:

(A) Abuse, neglect, abandonment, exploitation, or unlawful harassment as defined in RCW 9A.46.020(1), of a child;

(B) Abuse or unlawful harassment as defined in RCW 9A.46.020(1), of a family or household member as defined in RCW 26.50.010(2); or

(C) That a parent used or frustrated the dispute resolution process without good reason for purposes of RCW 26.09.184~~((3))~~ (4)(d).

(ii) If a postdecree mediation-arbitration proceeding is required pursuant to a parenting plan and the same person acts as both mediator and arbitrator, mediation communications in the mediation phase of such a proceeding may be admitted during the arbitration phase, and shall be admissible in the judicial review of such a proceeding under RCW 26.09.184~~((3))~~ (4)(e) to the extent necessary for such review to be effective.

(b) None of the exceptions under (a)(i) and (ii) of this subsection shall subject a mediator to compulsory process to testify except by court order for good cause shown, taking into consideration the need for the mediator's testimony and the interest in the mediator maintaining an appearance of impartiality. If a mediation communication is not privileged under (a)(i) of this subsection or that portion of (a)(ii) of this subsection pertaining to judicial review, only the portion of the communication necessary for the application of the exception may be admitted, and such admission of evidence shall not

render any other mediation communication discoverable or admissible except as may be provided in chapter 7.07 RCW.

(4) The mediator shall assess the needs and interests of the child or children involved in the controversy and may interview the child or children if the mediator deems such interview appropriate or necessary.

(5) Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

Sec. 603. RCW 26.09.187 and 1989 c 375 s 10 are each amended to read as follows:

(1) DISPUTE RESOLUTION PROCESS. The court shall not order a dispute resolution process, except court action, when it finds that any limiting factor under RCW 26.09.191 applies, or when it finds that either parent is unable to afford the cost of the proposed dispute resolution process. If a dispute resolution process is not precluded or limited, then in designating such a process the court shall consider all relevant factors, including:

(a) Differences between the parents that would substantially inhibit their effective participation in any designated process;

(b) The parents' wishes or agreements and, if the parents have entered into agreements, whether the agreements were made knowingly and voluntarily; and

(c) Differences in the parents' financial circumstances that may affect their ability to participate fully in a given dispute resolution process.

(2) ALLOCATION OF DECISION-MAKING AUTHORITY.

(a) AGREEMENTS BETWEEN THE PARTIES. The court shall approve agreements of the parties allocating decision-making authority, or specifying rules in the areas listed in RCW 26.09.184~~((4))~~ (5)(a), when it finds that:

(i) The agreement is consistent with any limitations on a parent's decision-making authority mandated by RCW 26.09.191; and

The President declared the question before the Senate to be motion by Senator Regala that the Senate refuse to concur in the House amendment(s) to Second Substitute Senate Bill No. 5470 and ask the House to recede therefrom.

The motion by Senator Regala carried and the Senate refused to concur in the House amendment(s) to Second Substitute Senate Bill No. 5470 and asked the House to recede therefrom.

MESSAGE FROM THE HOUSE

April 5, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5830, with the following amendment: 5830-S AMH ELCS H3103.3

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.121 RCW to read as follows:

The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families at high risk as an early intervention strategy to alleviate the effect risk factors have on child development.

NEW SECTION. Sec. 2. A new section is added to chapter 43.121 RCW to read as follows:

The definitions in this section apply throughout sections 1 through 4 of this act unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

NEW SECTION. Sec. 3. A new section is added to chapter 43.121 RCW to read as follows:

(1) Within available funds, the children's trust of Washington shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families at high risk.

(2) The children's trust of Washington shall develop a plan with the department of social and health services, the department of health, the department of early learning, and the family policy council to coordinate or consolidate home visitation services for children and families and report to the appropriate committees of the legislature by December 1, 2007, with their recommendations for implementation of the plan.

NEW SECTION. Sec. 4. A new section is added to chapter 43.121 RCW to read as follows:

To recognize the focus on home visitation services, the Washington council for the prevention of child abuse and neglect is hereby renamed the children's trust of Washington. All references to the Washington council for the prevention of child abuse and neglect in the Revised Code of Washington shall be construed to mean the children's trust of Washington.

NEW SECTION. Sec. 5. RCW 43.70.530 (Home visitor program) and 1998 c 245 s 75 & 1993 c 179 s 2 are each repealed."

Correct the title.

I heard the news that the Virginia Tech those thirty-three victims are slain by a Korean student. I could not control my emotion. I didn't want to come. It shocked me more than anything and but after a moment of silence I decided to come for devotional and in that meeting I spoke about this situation to my colleagues. How sorry I am that a Korean student had killed thirty-three victims at Virginia

Tech. I cannot...How grateful we are... to be able to come to this country and do such things? In response to that Representative John Lovick, he said, 'You know Paull, every time these things happen I look at the media, he thinks of the black students and worry about it. It hits me inside.' We all are concerned about it and, I don't know, as you perhaps know in United States most Korean-Americans about two million people look up to us as a role model and leader and for me not to prevent this happening this week shocking to me. I hope you'll forgive me, understand to pay a bit of modicum of wrong doings I contacted the Korean media, two newspapers, one TV station, two radio stations who have started the fund raising projects as we speak, to raise funds to help those families and victims and students whose murder is no fault of their own but they have suffered so much. I tried to picture myself in their situation. It is very difficult, I hope you understand the anxiety that we go through. I charged, we need to, to get together to learn each other, care for each other, to make a better world. Thank you very much Mr. President."

MESSAGE FROM THE HOUSE

April 13, 2007

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5248, with the following amendment: 5248-S AMH ENGR H3122.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the goal of preserving Washington's agricultural lands is shared by citizens throughout the state. The legislature recognizes that efforts to achieve a balance between the productive use of these resource lands and associated regulatory requirements have proven difficult, but that good faith efforts to seek solutions have yielded successes. The legislature believes that this willingness to find and pursue common ground will enable Washingtonians to enjoy the benefits of a successful agricultural economy and a healthy environment, while also preventing the unnecessary conversion of valuable agricultural lands.

(2) The legislature, therefore, intends this act, the temporary delays it establishes for amending or adopting provisions of certain critical area ordinances, and the duties and requirements it prescribes for the William D. Ruckelshaus Center, to be expressions of progress in resolving, harmonizing, and advancing commonly held environmental protection and agricultural viability goals.

(3) The legislature fully expects the duties and requirements it is prescribing for the Ruckelshaus Center to be successful. If, however, the efforts of the center do not result in agreement on how to best address the conflicts between agricultural activities and certain regulatory requirements as they apply to agricultural activities, the legislature intends, upon the expiration of the delay, to require jurisdictions that have delayed amending or adopting certain regulatory measures to promptly complete all regulatory amendments or adoptions necessary to comply with the growth management act.

(4) The legislature does not intend this act to reduce or otherwise diminish existing critical area ordinances that apply to agricultural activities during the deferral period established in section 2 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1) For the period beginning May 1, 2007, and concluding July 1, 2010, counties and cities may not amend or adopt critical area ordinances under RCW 36.70A.060(2) as they specifically apply to agricultural activities. Nothing in this section:

(a) Nullifies critical area ordinances adopted by a county or city prior to May 1, 2007, to comply with RCW 36.70A.060(2);

(b) Limits or otherwise modifies the obligations of a county or city to comply with the requirements of this chapter pertaining to critical areas not associated with agricultural activities; or

(c) Limits the ability of a county or city to adopt or employ voluntary measures or programs to protect or enhance critical areas associated with agricultural activities.

(2) Counties and cities subject to deferral requirements under subsection (1) of this section:

(a) Should implement voluntary programs to enhance public resources and the viability of agriculture. Voluntary programs implemented under this subsection (2)(a) must include measures to evaluate the successes of these programs; and

(b) Must review and, if necessary, revise critical area ordinances as they specifically apply to agricultural activities to comply with the requirements of this chapter by December 1, 2011.

(3) For purposes of this section and section 3 of this act, "agricultural activities" means agricultural uses and practices currently existing or legally allowed on rural land or agricultural land designated under RCW 36.70A.170 including, but not limited to: Producing, breeding, or increasing agricultural products; rotating and changing agricultural crops; allowing land used for agricultural activities to lie fallow in which it is plowed and tilled but left unseeded; allowing land used for agricultural activities to lie dormant as a result of adverse agricultural market conditions; allowing land used for agricultural activities to lie dormant because the land is enrolled in a local, state, or federal conservation program, or the land is subject to a conservation easement; conducting agricultural operations; maintaining, repairing, and replacing agricultural equipment; maintaining, repairing, and replacing agricultural facilities, when the replacement facility is no closer to a critical area than the original facility; and maintaining agricultural lands under production or cultivation.

NEW SECTION. Sec. 3. (1) Subject to the availability of amounts appropriated for this specific purpose, the William D. Ruckelshaus Center must conduct an examination of the conflicts between agricultural activities and critical area ordinances adopted under chapter 36.70A RCW. The examination required by this section must commence by July 1, 2007.

(2) In fulfilling the requirements of this section, the center must: (a) Work and consult with willing participants including, but not limited to, agricultural, environmental, tribal, and local government interests; and (b) involve and apprise legislators and legislative staff of its efforts.

(3) The examination conducted by the center must be completed in two distinct phases in accordance with the following:

(a) In the first phase, the center must conduct fact-finding and stakeholder discussions with stakeholders identified in subsection (2) of this section. These discussions must identify stakeholder concerns, desired outcomes, opportunities, and barriers. The fact-finding must identify existing regulatory, management, and scientific information related to agricultural activities and critical areas including, but not limited to: (i) Critical area ordinances adopted under chapter 36.70A RCW; (ii) acreage enrolled in the conservation reserve enhancement program; (iii) acreage protected by conservation easements; (iv) buffer widths; (v) requirements of federally approved salmon recovery plans; (vi) the impacts of agricultural activities on Puget Sound recovery efforts; and (vii) compliance with water quality requirements. The center must issue two reports of its fact-finding efforts and stakeholder discussions to the governor and the appropriate committees of the house of representatives and the senate by December 1, 2007, and December 1, 2008; and

ONE-HUNDREDTH DAY, APRIL 17, 2007

(b)(i) In the second phase, the center must facilitate discussions between the stakeholders identified in subsection (2) of this section to identify policy and financial options or opportunities to address the issues and desired outcomes identified by stakeholders in the first phase of the center's examination efforts.

(ii) In particular, the stakeholders must examine innovative solutions including, but not limited to, outcome-based approaches that incorporate, to the maximum extent practicable, voluntary programs or approaches. Additionally, stakeholders must examine ways to modify statutory provisions to ensure that regulatory constraints on agricultural activities are used as a last resort if desired outcomes are not achieved through voluntary programs or approaches.

(iii) The center must work to achieve agreement among participating stakeholders and to develop a coalition that can be used to support agreed upon changes or new approaches to protecting critical areas during the 2010 legislative session.

(4) The center must issue a final report of findings and legislative recommendations to the governor and the appropriate committees of the house of representatives and the senate by September 1, 2009.

NEW SECTION. Sec. 4. If specific funding for the purposes of section 3 of this act, referencing this act and section 3 of this act by bill or chapter number and section number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 6. This act expires December 1, 2011."

Correct the title.
and the same are herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

MESSAGE FROM THE HOUSE

April 5, 2007

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5552, with the following amendment: 5552 AMH AGNR H3232.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.48.366 and 1994 sp.s. c 9 s 855 are each amended to read as follows:

~~((By July 1, 1991,))~~ The department, in consultation with the departments of ~~((fisheries,))~~ fish and wildlife ~~((;))~~ and natural resources, and the parks and recreation commission, shall adopt rules establishing a compensation schedule for the discharge of oil in violation of this chapter and chapter 90.56 RCW. The amount of compensation assessed under this schedule shall be no less than one dollar per gallon of oil spilled and no greater than ~~((fifty))~~ one hundred dollars per gallon of oil spilled. The compensation schedule shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

(1) Characteristics of any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;

(2) The sensitivity of the affected area as determined by such factors as: (a) The location of the spill; (b) habitat and living resource sensitivity; (c) seasonal distribution or sensitivity of living resources; (d) areas of recreational use or aesthetic importance; (e) the proximity of the spill to important habitats for birds, aquatic mammals, fish, or to species listed as threatened or endangered under state or federal law; (f) significant archaeological resources as determined by the ~~((office))~~ department of archaeology and historic preservation; and (g) other areas of special ecological or recreational importance, as determined by the department ~~((; If the department has adopted rules for a compensation table prior to July 1, 1992, the sensitivity of significant archaeological resources shall only be included among factors to be used in the compensation table when the department revises the rules for the compensation table after July 1, 1992));~~ and

(3) Actions taken by the party who spilled oil or any party liable for the spill that: (a) Demonstrate a recognition and affirmative acceptance of responsibility for the spill, such as the immediate removal of oil and the amount of oil removed from the environment; or (b) enhance or impede the detection of the spill, the determination of the quantity of oil spilled, or the extent of damage, including the unauthorized removal of evidence such as injured fish or wildlife.

Sec. 2. RCW 90.48.368 and 1994 c 264 s 92 are each amended to read as follows:

(1) The department shall adopt rules establishing a formal process for preassessment screening of damages resulting from spills to the waters of the state causing the death of, or injury to, fish, animals, vegetation, or other resources of the state. The rules shall specify the conditions under which the department shall convene a preassessment screening committee. The

ONE-HUNDREDTH DAY, APRIL 17, 2007

preassessment screening process shall occur concurrently with reconnaissance activities. The committee shall use information obtained from reconnaissance activities as well as any other relevant resource and resource use information. For each incident, the committee shall determine whether a damage assessment investigation should be conducted, or, whether the compensation schedule authorized under RCW 90.48.366 and 90.48.367 should be used to assess damages. The committee may accept restoration or enhancement projects or studies proposed by the liable parties in lieu of some or all of: (a) The compensation schedule authorized under RCW 90.48.366 and 90.48.367; or (b) the claims from damage assessment studies authorized under RCW 90.48.142.

(2) A preassessment screening committee may consist of representatives of the departments of ecology, archaeology and historic preservation, fish and wildlife, health, and natural resources, ~~((social and health services, and emergency management,))~~ and the parks and recreation commission, ~~((the office of archaeology and historic preservation,))~~ as well as other federal, state, and local agencies, and tribal and local governments whose presence would enhance the reconnaissance or damage assessment aspects of spill response. The department shall chair the committee and determine which representatives will be needed on a spill-by-spill basis.

(3) The committee shall consider the following factors when determining whether a damage assessment study authorized under RCW 90.48.367 should be conducted: (a) Whether evidence from reconnaissance investigations suggests that injury has occurred or is likely to occur to publicly owned resources; (b) the potential loss in services provided by resources injured or likely to be injured and the expected value of the potential loss; (c) whether a restoration project to return lost services is technically feasible; (d) the accuracy of damage quantification methods that could be used and the anticipated cost-effectiveness of applying each method; (e) the extent to which likely injury to resources can be verified with available quantification methods; and (f) whether the injury, once quantified, can be translated into monetary values with sufficient precision or accuracy.

(4) When a resource damage assessment is required for an oil spill in the ~~((navigable))~~ waters of the state, as defined in RCW 90.56.010, the state trustee agency responsible for the resource and habitat damaged shall conduct the damage assessment and pursue all appropriate remedies with the responsible party.

(5) Oil spill damage assessment studies authorized under RCW 90.48.367 may only be conducted if the committee, after considering the factors enumerated in subsection (3) of this section, determines that the damages to be investigated are quantifiable at a reasonable cost and that proposed assessment studies are clearly linked to quantification of the damages incurred.

(6) As new information becomes available, the committee may reevaluate the scope of damage assessment using the factors listed in subsection (3) of this section and may reduce or expand the scope of damage assessment as appropriate.

(7) The preassessment screening process shall provide for the ongoing involvement of persons who may be liable for damages resulting from an oil spill. The department may negotiate with a potentially liable party to perform restoration and enhancement projects or studies which may substitute for all or part of the compensation authorized under RCW 90.48.366 and 90.48.367 or the damage assessment studies authorized under RCW 90.48.367.

(8) For the purposes of this section and RCW 90.48.367, the cost of a damage assessment shall be considered "reasonable" when the anticipated cost of the damage assessment is expected to be less than the anticipated damage that may have occurred or may occur.

Sec. 3. RCW 90.56.330 and 1992 c 73 s 36 are each amended to read as follows:

2007 REGULAR SESSION

Except as otherwise provided in RCW 90.56.390, any person who negligently discharges oil, or causes or permits the entry of the same, shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ~~((twenty))~~ one hundred thousand dollars for every such violation, and for each day the spill poses risks to the environment as determined by the director. Any person who intentionally or recklessly discharges or causes or permits the entry of oil into the waters of the state shall incur, in addition to any other penalty authorized by law, a penalty of up to ~~((one))~~ five hundred thousand dollars for every such violation and for each day the spill poses risks to the environment as determined by the director. The amount of the penalty shall be determined by the director after taking into consideration the size of the business of the violator, the gravity of the violation, the previous record of the violator in complying, or failing to comply, with the provisions of chapter 90.48 RCW, the speed and thoroughness of the collection and removal of the oil, and such other considerations as the director deems appropriate. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty ~~((herein))~~ provided for in this section shall be imposed pursuant to RCW 43.21B.300.

MESSAGE FROM THE HOUSE

April 12, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6001, with the following amendment: 6001-S.E AMH ENGR H3547.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Washington is especially vulnerable to climate change because of the state's dependence on snow pack for summer stream flows and because the expected rise in sea levels threatens our coastal communities. Extreme weather, a warming Pacific Northwest, reduced snow pack, and sea level rise are four major ways that climate change is disrupting Washington's economy, environment, and communities;

(b) Washington's greenhouse gases emissions are continuing to increase, despite international scientific consensus that worldwide emissions must be reduced significantly below current levels to avert catastrophic climate change;

(c) Washington state greenhouse gases are substantially caused by the transportation sector of the economy;

(d) Washington has been a leader in actions to slow the increase of greenhouse gases emissions, such as being the first state in the nation to adopt a carbon dioxide mitigation program for new thermal electric plants, mandating integrated resource planning for electric utilities to include life-cycle costs of carbon dioxide emissions, adopting clean car standards and stronger appliance energy efficiency standards, increasing production and use of renewable liquid fuels, and increasing renewable energy sources by electric utilities;

(e) A greenhouse gases emissions performance standard will work in unison with the state's carbon dioxide mitigation policy, chapter 80.70 RCW and its related rules, for fossil-fueled thermal electric generation facilities located in the state;

(f) While these actions are significant, there is a need to assess the trend of greenhouse gases emissions statewide over the next several decades, and to take sufficient actions so that Washington meets its responsibility to contribute to the global actions needed to reduce the impacts and the pace of global warming;

(g) Actions to reduce greenhouse gases emissions will spur technology development and increase efficiency, thus resulting in benefits to Washington's economy and businesses; and

(h) The state of Washington has an obligation to provide clear guidance for the procurement of baseload electric generation to alleviate regulatory uncertainty while addressing risks that can affect the ability of electric utilities to make necessary and timely investments to ensure an adequate, reliable, and cost-effective supply of electricity.

(2) The legislature finds that companies that generate greenhouse gases emissions or manufacture products that generate such emissions are purchasing carbon credits from landowners and from other companies that provide carbon credits. Companies that are purchasing carbon credits would benefit from a program to trade and to bank carbon credits. Washington forests are one of the most effective resources that can absorb carbon dioxide from the atmosphere. Forests, and other planted lands and waters, provide carbon storage and mitigate greenhouse gases emissions. Washington contains the most productive forests in the world and both public and private landowners could benefit from a carbon storage trading and banking program.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(3) The legislature intends by this act to establish statutory goals for the statewide reduction in greenhouse gases emissions and to adopt the recommendations provided by the Washington climate change challenge stakeholder group, which is charged with designing and recommending a comprehensive set of policies to the legislature and the governor on how to achieve the goals. The legislature further intends by this act to authorize immediate actions in the electric power generation sector for the reduction of greenhouse gases emissions.

(4) The legislature finds that:

(a) To the extent energy efficiency and renewable resources are unable to satisfy increasing energy and capacity needs, the state will rely on clean and efficient fossil fuel-fired generation and will encourage the development of cost-effective, highly efficient, and environmentally sound supply resources to provide reliability and consistency with the state's energy priorities;

(b) It is vital to ensure all electric utilities internalize the significant and underrecognized cost of emissions and to reduce Washington consumers' exposure to costs associated with future regulation of these emissions, which is consistent with the objectives of integrated resource planning by electric utilities under chapter 19.280 RCW; and

(c) The state of California recently enacted a law establishing a greenhouse gases emissions performance standard for electric utility procurement of baseload electric generation that is based on the emissions of a combined-cycle thermal electric generation facility fueled by natural gas.

(5) The legislature finds that the climate change challenge stakeholder group provides a process for identifying the policies necessary to achieve the economic and emissions reduction goals in section 3 of this act in a manner that maximizes economic opportunities and job creation in Washington.

2007 REGULAR SESSION

NEW SECTION. Sec. 4. (1) The governor shall develop policy recommendations to the legislature on how the state can achieve the greenhouse gases emissions reduction goals established under section 3 of this act. These recommendations must include, but are not limited to:

(a) How market mechanisms, such as a load-based cap and trade system, would assist in achieving the greenhouse gases emissions reduction goals;

(d) Methods to utilize indigenous resources, such as landfill gas, geothermal resources, and other assets that might reduce greenhouse gases emissions consistent with the purposes of this act;

(e) How regulatory and tax policies for electric utilities could be improved to help achieve these goals in a manner that is equitable for electric utilities and consumers.

(2) Recommendations under subsection (1) of this section shall be submitted to the appropriate committees of the house of representatives and the senate for consideration in the 2008 legislative session.

NEW SECTION. Sec. 5. (1) Beginning July 1, 2008, the greenhouse gases emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:

(a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(b) The average available greenhouse gases emissions output as determined under section 7 of this act.

(2) All baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gases emissions performance standard established under this section until the facilities are the subject of long-term financial commitments. All baseload electric generation that commences operation after June 30, 2008, and is located in Washington, must comply with the greenhouse gases emissions performance standard established in subsection (1) of this section.

(3) All electric generation facilities or power plants powered exclusively by renewable resources, as defined in RCW 19.280.020, are deemed to be in compliance with the greenhouse gases emissions performance standard established under this section.

(4) All cogeneration facilities in the state that are fueled by natural gas or waste gas or a combination of the two fuels, and that are in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gases emissions performance standard established under this section until the facilities are the subject of a new ownership interest or are upgraded.

(5) In determining the rate of emissions of greenhouse gases for baseload electric generation, the total emissions associated with producing electricity shall be included.

The rules necessary to implement this section shall be adopted by June 30, 2008.

(11) In adopting the rules for implementing this section, the energy facility site evaluation council and the department shall include criteria to be applied in evaluating the carbon sequestration plan, for baseload electric generation that will rely on subsection (7) of this section to demonstrate compliance, but that will commence sequestration after the date that electricity is first produced. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient technical documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule;

(e) Provisions for an owner to purchase emissions reductions in the event of the failure of a sequestration plan under subsection (13) of this section; and

(f) Provisions for public notice and comment on the carbon sequestration plan.

(12)(a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse gases emissions performance standard, the department shall determine whether sequestration or a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of sequestration or the carbon sequestration plan with the department consistent with the conditions under (a) of this subsection, consider the adequacy of sequestration or the plan in its adjudicative proceedings conducted under RCW 80.50.090(3), and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

ONE-HUNDREDDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(13) A project under consideration by the energy facility site evaluation council by the effective date of this section is required to include all of the requirements of subsection (11) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process. A project under consideration by the energy facility site evaluation council by the effective date of this section that receives final site certification agreement approval under chapter 80.50 RCW shall make a good faith effort to implement the sequestration plan. If the project owner determines that implementation is not feasible, the project owner shall submit documentation of that determination to the energy facility site evaluation council. The documentation shall demonstrate the steps taken to implement the sequestration plan and evidence of the technological and economic barriers to successful implementation. The project owner shall then provide to the energy facility site evaluation council notification that they shall implement the plan that requires the project owner to meet the greenhouse gases emissions performance standard by purchasing verifiable greenhouse gases emissions reductions from an electric generating facility located within the western interconnection, where the reduction would not have occurred otherwise or absent this contractual agreement, such that the sum of the emissions reductions purchased and the facility's emissions meets the standard for the life of the facility.

NEW SECTION. Sec. 6. A new section is added to chapter 80.50 RCW to read as follows:

The governor may approve or otherwise take action on an amendment to a site certification under the provisions of section 5 of this act.

NEW SECTION. Sec. 7. The energy policy division of the department of community, trade, and economic development shall provide an opportunity for interested parties to comment on the development of a survey of new combined-cycle natural gas thermal electric generation turbines commercially available and offered for sale by manufacturers and purchased in the United States to determine the average rate of emissions of greenhouse gases for these turbines. The department of community, trade, and economic development shall report the results of its survey to the legislature every five years, beginning June 30, 2013. The department of community, trade, and economic development shall adopt by rule the average available greenhouse gases emissions output every five years beginning five years after the effective date of this act.

NEW SECTION. Sec. 8. (1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 5 of this act.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30, 2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 5 of this act.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electric utility, the commission may provide a case-by-case exemption from the greenhouse gases emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall determine whether the company's proposed decision to acquire electric generation or enter into a power purchase agreement for electricity complies with the greenhouse gases emissions performance standard established under section 5 of this act, whether the company has a need for the resource, and whether the specific resource selected is appropriate. The commission shall take into consideration factors such as the company's forecasted loads, need for energy, power plant technology, expected costs, and other associated investment decisions. The commission shall not decide in a proceeding under this subsection (5) issues involving the actual costs to construct and operate the selected resource, cost recovery, or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs. A proceeding under this subsection (5) shall be conducted pursuant to chapter 34.05 RCW (part IV). The commission shall adopt rules to provide that the schedule for a proceeding under this subsection takes into account both (a) the needs of the parties to the proposed resource acquisition or power purchase agreement for timely decisions that allow transactions to be completed; and (b) the procedural rights to be provided to parties in chapter 34.05 RCW (part IV), including intervention, discovery, briefing, and hearing.

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with the long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed twenty-four months; provided that if during such period the company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such proceeding. Creation of such a deferral account does not by itself determine the actual costs of the long-term financial commitment, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding for recovery of these costs.

(7) The commission shall consult with the department to apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under section 5 of this act. The department shall report to the commission whether baseload electric generation will comply with the greenhouse gases emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(8) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(9) The commission shall adopt rules necessary to implement this section by December 31, 2008.

NEW SECTION. Sec. 9. (1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 5 of this act.

(2) The governing board shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter and after consultation with the department, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 5 of this act. No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation to be supplied under that long-term financial commitment complies

ONE-HUNDREDTH DAY, APRIL 17, 2007

with the greenhouse gases emissions performance standard established under section 5 of this act.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse gases emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under section 5 of this act, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

NEW SECTION. Sec. 10. For the purposes of sections 5 through 10 of this act and RCW 80.70.020, the department, in consultation with the department of community, trade, and economic development energy policy division, the energy facility site evaluation council, the commission, and the governing boards of consumer-owned utilities, shall review the greenhouse gases emissions performance standard established in this chapter to determine need, applicability, and effectiveness no less than every five years following the effective date of this section, or upon implementation of a federal or state law or rule regulating carbon dioxide emissions of electric utilities, and report to the legislature.

NEW SECTION. Sec. 11. By December 31, 2007, the governor shall report to the legislature regarding the potential benefits of creating tax incentives to encourage baseload electric facilities to upgrade their equipment to reduce carbon dioxide emissions, the nature and level of tax incentives likely to produce the greatest benefits, and the cost of providing such incentives.

NEW SECTION. Sec. 12. Sections 1 through 5 and 7 through 10 of this act constitute a new chapter in Title 80 RCW."

Correct the title.

circumstances in all cases that come before the courts for trial or sentencing, regardless of the date of the original trial or sentencing.

Sec. 2. RCW 9.94A.537 and 2005 c 68 s 4 are each amended to read as follows:

(1) At any time prior to trial or entry of the guilty plea if substantial rights of the defendant are not prejudiced, the state may give notice that it is seeking a sentence above the standard sentencing range. The notice shall state aggravating circumstances upon which the requested sentence will be based.

(2) In any case where an exceptional sentence above the standard range was imposed and where a new sentencing hearing is required, the superior court may impanel a jury to consider any alleged aggravating circumstances listed in RCW 9.94A.535(3), that were relied upon by the superior court in imposing the previous sentence, at the new sentencing hearing.

(3) The facts supporting aggravating circumstances shall be proved to a jury beyond a reasonable doubt. The jury's verdict on the aggravating factor must be unanimous, and by special interrogatory. If a jury is waived, proof shall be to the court beyond a reasonable doubt, unless the defendant stipulates to the aggravating facts.

~~((3))~~ (4) Evidence regarding any facts supporting aggravating circumstances under RCW 9.94A.535(3) (a) through (y) shall be presented to the jury during the trial of the alleged crime, unless the jury has been impaneled solely for resentencing, or unless the state alleges the aggravating circumstances listed in RCW 9.94A.535(3) (e)(iv), (h)(i), (o), or (t). If one of these aggravating circumstances is alleged, the trial court may conduct a separate proceeding if the evidence supporting the aggravating fact is not part of the res geste of the charged crime, if the evidence is not otherwise admissible in trial of the charged crime, and if the court finds that the probative value of the evidence to the aggravated fact is substantially outweighed by its prejudicial effect on the jury's ability to determine guilt or innocence for the underlying crime.

~~((4))~~ (5) If the superior court conducts a separate proceeding to determine the existence of aggravating circumstances listed in RCW 9.94A.535(3) (e)(iv), (h)(i), (o), or (t), the proceeding shall immediately follow the trial on the underlying conviction, if possible. If any person who served on the jury is unable to continue, the court shall substitute an alternate juror.

~~((5))~~ (6) If the jury finds, unanimously and beyond a reasonable doubt, one or more of the facts alleged by the state in support of an aggravated sentence, the court may sentence the offender pursuant to RCW 9.94A.535 to a term of confinement up to the maximum allowed under RCW 9A.20.021 for the underlying conviction if it finds, considering the purposes of this chapter, that the facts found are substantial and compelling reasons justifying an exceptional sentence.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Kline that the House Amendments are beyond the scope and object of Engrossed Substitute Senate Bill 5312, the President finds and rules as follows:

The underlying bill as it passed the Senate relates to transactions involving scrap and other metals. The House amendments include provisions on metal transactions, but also create a 12-month and one-day sentencing enhancement for theft and possession of stolen property, including but not limited to metal property, if the damage to the victim greatly exceeds the value of the property stolen.

There is no doubt that these penalties could be part of a multi-faceted approach to combating metal theft, addressing both those who initially steal metal and also those who knowingly possess or purchase stolen metal. Were the proposed penalties more closely tied or limited to metal theft, the President believes this language could fit within the subject matter of the bill as it passed the Senate. By including all categories of theft and possession of stolen property within the penalties, and not just those relating to metal, the House amendments impermissibly broaden the object of the measure to include different subjects and classes of violators within its provisions.

For these reasons, the President finds that the House Amendments are beyond the scope and object of the underlying bill, and Senator Kline's point of order is well-taken."

MESSAGE FROM THE HOUSE

April 9, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5843, with the following amendment: 5843-S2.E AMH HUNT H3368.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Reliable data on student progress, characteristics of students and schools, and teacher qualifications and mobility is critical for accountability to the state and to the public;

(2) Educational data should be made available as widely as possible while appropriately protecting the privacy of individuals as provided by law;

(3) Having a single, comprehensive, and technically compatible student and school-level data system will streamline data collection for school districts, reduce inefficiencies caused by the lack of connectivity, and minimize or eliminate multiple data entry; and

(4) Schools and districts should be supported in their management of educational data and should have access to user-friendly programs and reports that can be readily used by classroom teachers and building principals to improve instruction.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction is authorized to establish a longitudinal student data system for and on behalf of school districts in the state. The primary purpose of the data system is to better aid research into programs and interventions that are most effective in improving student performance, better understand the state's public educator workforce, and provide information on areas within the educational system that need improvement.

(2) The confidentiality of personally identifiable student data shall be safeguarded consistent with the requirements of the federal family educational rights privacy act and applicable state laws. Consistent with the provisions of these federal and state laws, data may be disclosed for educational purposes and studies, including but not limited to:

(a) Educational studies authorized or mandated by the state legislature;

(b) Studies initiated by other state educational authorities and authorized by the office of the superintendent of public instruction, including analysis conducted by the education data center established under section 3 of this act; and

(c) Studies initiated by other public or private agencies and organizations and authorized by the office of the superintendent of public instruction.

(3) Any agency or organization that is authorized by the office of the superintendent of public instruction to access student-level data shall adhere to all federal and state laws protecting student data and safeguarding the confidentiality and privacy of student records.

(4) Nothing in this section precludes the office of the superintendent of public instruction from collecting and distributing aggregate data about students or student-level data without personally identifiable information.

NEW SECTION. Sec. 3. A new section is added to chapter 43.41 RCW to read as follows:

(1) An education data center shall be established in the office of financial management. The education data center shall jointly, with the legislative education and accountability program committee, conduct collaborative analyses of early learning, K-12, and higher education programs and education issues across the P-20 system, which includes the department of early learning, the superintendent of public instruction, the professional educator standards board, the state board of education, the state board for community and technical colleges, the workforce training and education coordinating board, the higher education coordinating board, public and private nonprofit four-year institutions of higher education, and the employment security department. The education data center shall conduct collaborative analyses under this section with the legislative evaluation and accountability program committee and provide data electronically to the legislative evaluation and accountability program committee, to the extent permitted by state and federal confidentiality requirements. The education data center shall be considered an authorized representative of the state educational agencies in this section under applicable federal and state statutes for purposes of accessing and compiling student record data for research purposes.

(2) The education data center shall:

(a) Coordinate with other state education agencies to compile and analyze education data, including data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups, and complete P-20 research projects;

(b) Collaborate with the legislative evaluation and accountability program committee and the education and fiscal committees of the legislature in identifying the data to be compiled and analyzed to ensure that legislative interests are served;

(c) Track enrollment and outcomes through the public centralized higher education enrollment system;

(d) Assist other state educational agencies' collaborative efforts to develop a long-range enrollment plan for higher education including estimates to meet demographic and workforce needs; and

(e) Provide research that focuses on student transitions within and among the early learning, K-12, and higher education sectors in the P-20 system.

(3) The department of early learning, superintendent of public instruction, professional educator standards board, state board of education, state board for community and technical colleges, workforce training and education coordinating board, higher education coordinating board, public four-year institutions of higher education, and employment security department shall work with the education data center to develop data-sharing and research agreements, consistent with applicable security and confidentiality requirements, to facilitate the work of the center. Private, nonprofit institutions of higher education that provide programs of education beyond the high school level leading at least to the baccalaureate degree and are accredited by the Northwest association of schools and colleges or their peer accreditation bodies may also develop data-sharing and research agreements with the education data center, consistent with applicable security and confidentiality requirements. The education data center shall make data from collaborative analyses available to the education agencies and institutions that contribute data to the education data center to the extent allowed by federal and state security and confidentiality requirements applicable to the data of each contributing agency or institution.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.320 RCW to read as follows:

No later than the beginning of the 2008-09 school year and thereafter, each school district shall collect and electronically submit to the office of the superintendent of public instruction, in a format and according to a schedule prescribed by the office,

The standards shall address but are not limited to the following topics:

(a) Date validation;

(b) Code validation, which includes gender, race or ethnicity, and other code elements;

(c) Decimal and integer validation; and

(d) Required field validation as defined by state and federal requirements.

(2) The superintendent of public instruction shall develop a reporting format and instructions for school districts to collect and submit data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups so that analyses may be conducted on student achievement using the disaggregated data.

NEW SECTION. Sec. 6. (1) To the extent funds are appropriated for this purpose, the office of the superintendent of public instruction shall conduct a feasibility study on expanding the longitudinal student data system beyond the elements currently collected and those required under section 4 of this act.

(2) The office of the superintendent of public instruction, in consultation with the work group established under subsection (5) of this section, shall identify a preliminary set of additional data elements whose collection shall be field tested on a pilot basis in at least two school districts, with at least one with over twenty thousand in full-time equivalent enrollment and at least one with less than two thousand in full-time equivalent enrollment. Among the data elements to be field tested shall be course codes for a limited set of core high school mathematics courses, based on the classification of secondary school courses by the national center for education statistics.

(3) Additional topics addressed by the feasibility study shall include, but are not limited to:

(a) Detailed estimates on the cost of the development and implementation of the expanded data system;

(b) A final list of specific data elements that are necessary to allow effective and efficient research on an individual school, district, and statewide basis, and of those data elements, identification of what data is currently reported by schools and school districts and what is not reported;

(e) The staffing and related impacts on schools and school districts from the collection of the recommended data elements and consideration of ways to reduce duplicate reporting of data.

(4) By November 1, 2008, the office of the superintendent of public instruction shall provide a final report on the results of the feasibility study, including the results from the field tests, to the appropriate policy and fiscal committees of the legislature.

(5) To assist in conducting the feasibility study and field tests and in carrying out the responsibilities assigned under section 5 of this act, the office of the superintendent of public instruction shall convene a work group comprised of representatives of the following agencies and organizations:

The education data center established under section 3 of this act, the Washington state institute for public policy, the professional educator standards board, the state board of education, the joint legislative audit and review committee, the center for analysis of longitudinal data in education research, other research organizations as appropriate, school districts of varying sizes and geographic locations, educational service districts, the Washington school information processing cooperative, at least one additional school information system vendor, the association of Washington school principals, the Washington association of school administrators, the Washington education association, the Washington association of school business officials, the Washington association of colleges for teacher education, and the Washington state school directors' association.

(1) All certificates issued by the superintendent of public instruction shall be valid and entitle the holder thereof to employment in any school district of the state upon being registered by the school district if designated to do so by the school district, which fact shall be evidenced on the certificate in the words, "Registered for use in district," together with the date of registry, and an official signature of the person registering the same: PROVIDED, That a copy of the original certificate duly certified by the superintendent of public instruction may be used for the purpose of registry and endorsement in lieu of the original.

(1) Protection of the environment and public health requires properly designed, operated, and maintained on-site sewage systems. Failure of those systems can pose certain health and environmental hazards if sewage leaks above ground or if untreated sewage reaches surface or groundwater.

(2) Chapter 70.118A RCW provides a framework for ongoing management of on-site sewage systems located in marine recovery areas and regulated by local health jurisdictions under state board of health rules. This chapter will provide a framework for comprehensive management of large on-site sewage systems statewide.

(3) The primary purpose of this chapter is to establish, in a single state agency, comprehensive regulation of the design, operation, and maintenance of large on-site sewage systems, and their operators, that provides both public health and environmental protection. To accomplish these purposes, this chapter provides for:

(a) The permitting and continuing oversight of large on-site sewage systems;

(b) The establishment by the department of standards and rules for the siting, design, construction, installation, operation, maintenance, and repair of large on-site sewage systems; and

(c) The enforcement by the department of the standards and rules established under this chapter.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the state department of health.

(2) "Industrial wastewater" means the water or liquid carried waste from an industrial process. These wastes may result from any process or activity of industry, manufacture, trade, or

business, from the development of any natural resource, or from animal operations such as feedlots, poultry houses, or dairies. The term includes contaminated storm water and leachate from solid waste facilities.

(3) "Large on-site sewage system" means an on-site sewage system with design flows of between three thousand five hundred gallons per day and one hundred thousand gallons per day.

(4) "On-site sewage system" means an integrated system of components, located on or nearby the property it serves, that conveys, stores, treats, and provides subsurface soil treatment and disposal of domestic sewage. It consists of a collection system, a treatment component or treatment sequence, and a subsurface soil disposal component. It may or may not include a mechanical treatment system. An on-site sewage system also refers to a holding tank sewage system or other system that does not have a soil dispersal component. A holding tank that discharges to a sewer is not included in the definition of on-site sewage system. A system into which storm water or industrial wastewater is discharged is not included in the definition of on-site sewage system.

(5) "Person" means any individual, corporation, company, association, firm, partnership, governmental agency, or any other entity whatsoever, and the authorized agents of any such entities.

(6) "Secretary" means the secretary of health.

(7) "Waters of the state" has the same meaning as defined in RCW 90.48.020.

NEW SECTION. Sec. 3. AUTHORIZING THE DEPARTMENT TO PROVIDE COMPREHENSIVE REGULATION OF LARGE ON-SITE SEWAGE SYSTEMS. (1) For the protection of human health and the environment the department shall:

(a) Establish and provide for the comprehensive regulation of large on-site sewage systems including, but not limited to, system siting, design, construction, installation, operation, maintenance, and repair;

(b) Control and prevent pollution of streams, lakes, rivers, ponds, inland waters, salt waters, water courses, and other surface and underground waters of the state of Washington, except to the extent authorized by permits issued under this chapter;

(c) Issue annual operating permits for large on-site sewage systems based on the system's ability to function properly in compliance with the applicable comprehensive regulatory requirements; and

(d) Enforce the large on-site sewage system requirements.

(2) Large on-site sewage systems permitted by the department may not be used for treatment and disposal of industrial wastewater or combined sanitary sewer and storm water systems.

(3) The work group convened under RCW 70.118A.080(4) to make recommendations to the appropriate committees of the legislature for the development of certification or licensing of maintenance specialists shall include recommendations for the development of certification or licensing of large on-site system operators.

NEW SECTION. Sec. 4. ANNUAL OPERATING PERMITS REQUIRED--APPLICATION. (1) A person may not install or operate a large on-site sewage system without an operating permit as provided in this chapter after July 1, 2009. The owner of the system is responsible for obtaining a permit.

(2) The department shall issue operating permits in accordance with the rules adopted under section 5 of this act.

(3) The department shall ensure the system meets all applicable siting, design, construction, and installation requirements prior to issuing an initial operating permit. Prior to renewing an operating permit, the department may review the performance of the system to determine compliance with rules and any permit conditions.

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

(4) At the time of initial permit application or at the time of permit renewal the department shall impose those permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will be operated and maintained properly. Each application must be accompanied by a fee as established in rules adopted by the department.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each permit may be issued only for the site and owner named in the application. Permits are not transferable or assignable except with the written approval of the department.

(7) The department may deny an application for a permit or modify, suspend, or revoke a permit in any case in which it finds that the permit was obtained by fraud or there is or has been a failure, refusal, or inability to comply with the requirements of this chapter or the standards or rules adopted under this chapter. RCW 43.70.115 governs notice of denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding to the permit applicant or permittee.

(8) For systems with design flows of more than fourteen thousand five hundred gallons per day, the department shall adopt rules to ensure adequate public notice and opportunity for review and comment on initial large on-site sewage system permit applications and subsequent permit applications to increase the volume of waste disposal or change effluent characteristics. The rules must include provisions for notice of final decisions. Methods for providing notice may include electronic mail, posting on the department's internet site, publication in a local newspaper, press releases, mailings, or other means of notification the department determines appropriate.

(9) A person aggrieved by the issuance of an initial permit, or by the issuance of a subsequent permit to increase the volume of waste disposal or to change effluent characteristics, for systems with design flows of more than fourteen thousand five hundred gallons per day, has the right to an adjudicative proceeding. The application for an adjudicative proceeding must be in writing, state the basis for contesting the action, include a copy of the decision, be served on and received by the department within twenty-eight days of receipt of notice of the final decision, and be served in a manner that shows proof of receipt. An adjudicative proceeding conducted under this subsection is governed by chapter 34.05 RCW.

(10) Any permit issued by the department of ecology for a large on-site sewage system under chapter 90.48 RCW is valid until it first expires after the effective date of this section. The system owner shall apply for an operating permit at least one hundred twenty days prior to expiration of the department of ecology permit.

(11) Systems required to meet operator certification requirements under chapter 70.95B RCW must continue to meet those requirements as a condition of the department operating permit.

NEW SECTION. Sec. 5. RULE MAKING. (1) For the protection of human health and the environment, the secretary shall adopt rules for the comprehensive regulation of large on-site sewage systems, which includes, but is not limited to, the siting, design, construction, installation, maintenance, repair, and permitting of the systems.

(2) In adopting the rules, the secretary shall, in consultation with the department of ecology, require that large on-site sewage systems comply with the applicable sections of chapter 90.48 RCW regarding control and prevention of pollution of waters of the state, including but not limited to:

(a) Surface and ground water standards established under RCW 90.48.035; and

(b) Those provisions requiring all known, available, and reasonable methods of treatment.

(3) In adopting the rules, the secretary shall ensure that requirements for large on-site sewage systems are consistent with the requirements of any comprehensive plans or development regulations adopted under chapter 36.70A RCW or any other applicable comprehensive plan, land use plan, or development regulation adopted by a city, town, or county.

NEW SECTION. Sec. 6. CIVIL PENALTIES. (1) A person who violates a law or rule regulating large on-site sewage systems administered by the department is subject to a penalty of not more than ten thousand dollars per day for every violation. Every violation is a separate and distinct offense. In case of a continuing violation, each day's continuing violation is a separate and distinct violation. The penalty assessed must reflect the significance of the violation and the previous record of compliance on the part of the person responsible for compliance with large on-site sewage system requirements.

(2) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(3) The penalty provided for in this section must be imposed by a notice in writing to the person against whom the civil penalty is assessed and must describe the violation. The notice must be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (4) of this section.

(4) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules.

(5) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served, and reasonable attorneys' fees as are incurred if civil enforcement of the final administrative order is required to collect the penalty.

(6) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest-bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorneys' fees for the cost of the attorney general's office in representing the department.

(7) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the large on-site sewage system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(8) A judgment entered under subsection (6) or (7) of this section has the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(9) The large on-site sewage systems account is created in the custody of the state treasurer. All receipts from penalties

ONE-HUNDREDTH DAY, APRIL 17, 2007

2007 REGULAR SESSION

imposed under this section shall be deposited into the account. Expenditures from the account shall be used by the department to provide training and technical assistance to large on-site sewage system owners and operators. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 7. INJUNCTIONS. Notwithstanding the existence or use of any other remedy, the department may bring an action to enjoin a violation or threatened violation of this chapter or rules adopted under this chapter. The department may bring the action in the superior court of the county in which the large on-site sewage system is located or in the superior court of Thurston county.

NEW SECTION. Sec. 8. The authority and duties created in this chapter are in addition to any authority and duties already provided in law. Nothing in this chapter limits the powers of the state or any political subdivision to exercise such authority.
