MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The center for disease control estimates that at least five million three hundred thousand Americans, approximately two percent of the United States population, currently have a long-term or lifelong need for help to perform activities of daily living as a result of a traumatic brain injury. Each year approximately one million four hundred thousand people in this country, including children, sustain traumatic brain injuries as a result of a variety of causes including falls, motor vehicle injuries, being struck by an object, or as a result of an assault and other violent crimes, including domestic violence. Additionally, there are significant numbers of veterans who sustain traumatic brain injuries as a result of their service in the military.

Traumatic brain injury can cause a wide range of functional changes affecting thinking, sensation, language, or emotions. It can also cause epilepsy and increase the risk for conditions such as Alzheimer's disease, Parkinson's disease, and other brain disorders that become more prevalent with age. The impact of a traumatic brain injury on the individual and family can be devastating.

The legislature recognizes that current programs and services are not funded or designed to address the diverse needs of this population. It is the intent of the legislature to develop a comprehensive plan to help individuals with traumatic brain injuries meet their needs. The legislature also recognizes the efforts of many in the private sector who are providing services and assistance to individuals with traumatic brain injuries. The legislature intends to bring together those in both the public and private sectors with expertise in this area to address the needs of this growing population.

used only to provide a public awareness campaign and services relating to traumatic brain injury under sections 5 and 6 of this act, for information and referral services, and for costs of required department staff who are providing support for the council and information and referral services under sections 3 and 4 of this act. The secretary of the department of social and health services has the authority to administer the funds.

Sec. 8. RCW 46.63.110 and 2005 c 413 s 2 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a

new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040; and

(b) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in section 7 of this act.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

Sec. 9. RCW 43.84.092 and 2006 c 337 s 11, 2006 c 311 s 23, 2006 c 171 s 10, 2006 c 56 s 10, and 2006 c 6 s 8 are each reenacted and amended to read as follows:

Senators Carrell, Rasmussen and Franklin spoke in favor of adoption of the resolution.

REMARKS BY SENATOR CARRELL

Senator Carrell: "Thank you Mr. President, members of the Senate: It is not every day that the President of France honors a citizen of the State of Washington and today we also honor Chris Navarre for his personal efforts during World War II to liberate France. He is, today going to be getting the Legion of Merit. It was first instituted by Napoleon Bonaparte in 1802 and is given to people which have rendered service to France by various means. This is the highest honor that France can bestow upon it's citizens and, in this case, a foreign national a citizen of Washington State and United States. The seventy-first Tank Battalion that he served in, sometime after he landed ,the sixth day after the Normandy landing is a very, very famous Tank Battalion. You heard that he took a voluntary reduction rank from sergeant down to private in order to serve in this tank Battalion. The 761st tank battalion noticed as the Black Panthers, fought there way through virtually every country in Western Europe from France to Luxemburg to Holland and in this effort they were actually fighting for one-hundred, eighty-three days. Now most Tank Battalions were pulled out of the line after ten days, two weeks, but this particular one fought for one-hundred

eighty-three days through a whole series of battles and, as you heard, took on remnants and parts of seventeen German divisions in their march across Europe and freed Europe from the tyranny of the Nazi's. So it is great amount of respect and honor that today I would ask you to also honor Chris Navarre for the efforts he had to help free not only France but Western Europe from the tyranny that we know was gripping them from 1939 through 1945. Thank you Mr. President."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Thank you Mr. President. I too would like to support this resolution, 8685. Ten years ago this Senate honored Christopher Navarre. He was my friend, my constituent, he and Bernice are delightful, wonderful people, great advocates and community servants. What he is being honored for I'm immensely proud because we honored him for the Silver Star. For fifty-two years he was not awarded this medal. Fifty-two years later they decided to give him the Silver Star and we were proud of him. I'm proud of him as friends and as people of the community. I love them both. They're great, great people and he's a hero, a super hero but I think he's kind of like Superman, he's done it all. He's let the world know that he's not alone. He wants everyone to know what happened during World War II, not only for himself, but for all of those that served with him. There's memorials throughout our nation talking about his friends and the people that had been left behind. In his mind and in our minds no one is left behind. We all respect, honor you and you're my hero and you're the hero of the Senate. Ten years ago we honored him and we're back again saying, 'We love you still and thank you for everything you've done for us for our community.' God Bless."

REMARKS BY SENATOR FRANKLIN

Senator Franklin: "Thank you Mr. President and ladies and gentlemen of the Senate: I, too, rise in order to support the resolution for First Sergeant Navarre. The work that you have done as a member of the team of the Black Panthers as a part of the greatest generation and you fought in Germany with the Black Panthers and as your tank went across soil into Germany and as you fought, I too had traveled those roads and have seen what you have done. As you fought for freedom even though you knew that what you were fighting for you might have been discriminated against back in your own country. You didn't think of that. You thought of freedom, ending up in Dakhau I went to Dachau and saw because of what the Black Panthers and many others have done in order to relieve those who had been incarcerated in Dachau. To see, it is what really sends chills and you, as you did that, and as the Black Panthers and many others who fought in that greatest generation that lives, has stood very, very well for us. And as you continue the work that you do to tell others to let them know because, if we do not know our history and if we don't know where we came from, then we do not know where we are going. I honor you and respect you and as you continue to work with the Iraqi soldiers, as you continue to encourage them and as you continue to work and say to them that what they have done was that you did it for freedom. You continue to do that and I really respect and honor you and, of course, Mrs. Navarre who without her you would not have been able to do what you have done. Thank you and thanks for this resolution."

The President declared the question before the Senate to be the adoption of Senate Resolution No. 8685.

The motion by Senator Carrell carried and the resolution was adopted by voice vote.

REMARKS BY THE PRESIDENT

NINETY-THIRD DAY, APRIL 10, 2007

2007 REGULAR SESSION

President Owen: "Ladies and Gentlemen, before we have the opportunity to hear from this courageous patriot, there are a couple of special presentations that will be made to Mr. Navarre. First a few words from Mr. Mike Gregoire."

REMARKS BY MIKE GREGOIRE

Mike Gregoire: "Lieutenant Governor Owen, Senator Carrell and Consul General Desagneaux. Thank you for arranging this wonderful event today. On behalf of Governor Gregoire, I welcome and congratulate Christopher Navarre for this distinguished award. It is a great honor to meet you and to thank you for your heroic service to the people of France and to the people of the United States. Congratulations and best wishes from the people of Washington State. Thank you."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Mr. Frederic Desagneaux, Counsel General of France who was present at the rostrum for the appointment to the Legion of Honor.

REMARKS BY CONSUL GENERAL MR. FREDERIC DESAGNEAUX, CONSUL OF FRANCE

Mr. Lieutenant Governor, President of the Senate,
Honorable Senators,
Mr. Mike Gregoire,
Ladies and gentlemen,
Distinguished guests,

"It is a great honor for me to be here today in the Senate chamber for this tribute to Chris Navarre.

We had the privilege a few moments ago to meet with Governor Christine Gregoire in her office and we were all impressed by Christopher Navarre's outstanding service and accomplishments and also by his great shape, at 87, being so alert, reactive to all the events that take place around him and in the world.

I had the opportunity to discuss also briefly with the Governor the evergrowing and longstanding relationship between France and the State of Washington, and while considering the positive present situation that we enjoy in this regard we envisaged how to further strengthen our cooperation and collaboration in the future in the field of public affairs, economy and culture.

So it seems to me very appropriate and very symbolic to be gathered here today for this moving ceremony and to reflect on the past in this magnificent building where the future of the state of Washington and of its people is being shaped, through the initiatives and the policies that are designed and negotiated in this place by the governor and by the legislature.

I am personally convinced that history matters and I believe that we cannot build a better future if we are ignorant of the lessons of the past.

Therefore I think that by looking back at our common history, by celebrating and paying tribute to the actors of our past, we are paving the way for a better future.

And what a better example for us, and for the generations to come, than the bravery and sacrifice of thousands and thousands of young American men and women who fought for our values, for our dignity, for our freedom in the course of World War II.

Among those soldiers was a young man born in 1920 in Louisiana. In Lafayette, precisely – what a symbol for France and America! – and together with his comrades in the 590th ambulance company and in the 761st Tank Battalion, they

changed the course of the future, they changed the course of history, our history.

Dear Christopher Navarre,

You were one of these heroes. After attending high school, you joined the army in 1940 and were assigned to the 25th infantry regiment. First stationed in Arizona, then in Louisiana and Mississippi. In 1944, you crossed the Atlantic and after spending some time in Wales, you landed in Normandy on D-Day plus six.

You were then a First Sergeant with the 590th ambulance company and your mission took you throughout France, Luxemburg and Belgium, in support of the front line units. It was an extremely perilous task, since you were not allowed to carry arms or fire back while you yourselves were under heavy enemy fire.

It is probably this frustration that prompted you to ask to be assigned to another unit, a combat unit where you would participate fully in the military operations. So you became a member of the 761st Tank Battalion, and remained on the front line as a tank gunner until the end of the war. With your fellow soldiers, you achieved extraordinary results, under General Patton command, inflicting heavy losses to the enemy while your battalion suffered a 50 % casualty rate.

You were present at the capitulation of the German armies thus witnessing the successful outcome of the war, the victory of the allied forces, the defeat of those who advocated hatred and racism.

I know this meant a lot for you as it does for us all today.

Ladies and gentlemen,

I failed, indeed, to mention a couple of elements in Christopher Navarre's epic story, which I would like to emphasize now, because of their strong significance.

Christopher's school in Lafayette was a segregated school. The seminary where he continued his education was a segregated one. The 25th Infantry Regiment was composed of all colored enlisted men, the 761st Tank Battalion was the first black tank combat unit activated in World War II.

Therefore, his fight for the liberation of France and Europe under the Nazi occupation, his commitment to defeat the scourge of oppression and to make prevail the values of human rights and democracy carry a dramatic resonance.

Allow me to add also, as was recalled by Senator Carrell, a few minutes ago, that in order to be transferred to a tank unit, Christopher Navarre chose to relinquish his grade as a First Sergeant and to be down graded to the rank of Private.

Dear Christopher Navarre,

As you know the French National Order of the Legion of Honor was established in 1802 by Napoleon Bonaparte, perhaps France's greatest military figure and strategist. He wanted to recognize exceptional merit and bravery. Napoleon used to say : 'on ne peut pas faire semblant d'etre dourageux', which stands for 'courage is something you cannot fake.'

So, dear Christopher, no one probably is more worthy to receive this distinction. Because you displayed an extraordinary level of courage and bravery, while in your ambulance company, defying danger in order to save lives, and while in your tank battalion, knocking out hundreds of enemy machine gun nests.

Your bravery, your sense of solidarity, your spirit of brotherhood have been recognized by your country through the awarding of the Purple Heart for two wounds received in action, the Silver Star for gallantry in action and a Presidential Unit citation for extraordinary heroism

Now it is our turn, it is the turn of France. Because my country and my fellow compatriots will never forget the

NINETY-THIRD DAY, APRIL 10, 2007

devotion and sacrifice of all those who fought on her soil more than sixty years ago.

So the medal that I shall have the privilege to present to you in a few moments, before your wife, Bernice, your two sons, your grandson and other members of your family as well as your many friends who are present here this morning among this August audience, comes as a testimony to our gratitude for your courage and for your critical role in the liberation of France.

I know you would like to share this honor with all your comrades, maybe especially with those who did not come back from the front.

It is also a proof of our appreciation for your service in the U. S. Army from 1940 to 1963 and for the qualities and virtues that you showed when returning to civilian life both in your professional career and as an active member of several associations deeply rooted in your community, especially your involvement in Veterans associations.

As I mentioned earlier, you were born in Lafayette, Louisiana. And this year, on the sixth of September, we shall commemorate and celebrate the 250th anniversary of the birth of Lafayette, the French general who with his troops – and in Yorktown they were probably as numerous as the Americans, helped the American people establish a democratic nation in America and give birth to the United States. Their combat, more than two centuries ago, forged our historical alliance and friendship. The French-American solidarity in arms that was again demonstrated during the two world wars – and which you are an extraordinary example and symbol.

Our alliance and cooperation are exemplified today through our relentless fight against terrorism where our two countries are engaged together. They are enshrined in our common efforts to bring peace, security and stability in regions such as Afghanistan, the Middle East, the Balkans, Haiti or Africa. They are illustrated by our joint resolve to make the values of humanism prevail over extremism and intolerance.

Therefore on this very day, April 10th, 2007, which coincides with the sixty second anniversary of the liberation of the Buchenwald extermination camp by the American Army, awarding you, dear Christopher Navarre, with the Legion of Honor is not only a well deserved recognition and tribute to your heroic past. It is meant to be, and you will agree with me, also as an example, a lesson for the younger generation on how our determination must be high, constant, as was yours all along these years, so as to defend, promote and stand by our principles.

Christopher Navarre, au nom du president de la republique, nous vous remettons les insignes de Chevalier de l'Ordre National de la Legion d'honneur."

Sec. 2. RCW 13.34.130 and 2003 c 227 s 3 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for ~~((placement))~~ supervision of the child's placement. The department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court (i) with a relative as defined in RCW 74.15.020(2)(a), (ii) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW, or ((in a home not required to be licensed pursuant to chapter 74.15 RCW)) (iii) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be

jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: ~~((#))~~ (A) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and ~~((#))~~ (B) willing and available to care for the child.

~~(2) ((Placement of the child with a relative under this subsection shall be given preference by the court.))~~ An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(5) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court."

The legislature finds that the goal of Washington's education reform is for all students to meet rigorous academic standards so that they are prepared for success in college, work, and life. Educators know that not all students learn at the same rate or in the same way. Some students will take longer to meet the state's standards for high school graduation. Older students who cannot graduate with their peers need an appropriate learning environment and flexible programming that enables them simultaneously to earn a diploma, work, and pursue other training options. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW

If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(1) Funds held in public depositories not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositories an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the participating depositories on a basis to be determined by the state treasurer.

(2) The state treasurer may use up to one hundred fifty million dollars per year of all funds available under this section for the purposes of RCW 43.86A.060. The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly.

(e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository, except that the treasurer shall lower the amount of the preference to ensure that the effective interest rate on the time certificate of deposit is not less than two percent.

(4) Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise.

(5) The office of minority and women's business enterprises has the authority to adopt rules to:

(a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime; and

ENGROSSED HOUSE BILL NO. 1525, by Representatives Chase, Kessler, Morris, Sump, B. Sullivan, Hunt and Hudgins

Reducing the impact of regulatory provisions on small businesses.

The measure was read the second time.

MOTION

Senator Kohl-Welles moved that the following committee striking amendment by the Committee on Labor, Commerce, Research & Development be adopted.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that:

(1) A vibrant and growing small business sector is critical to creating jobs in a dynamic economy;

(2) Small businesses bear a disproportionate share of regulatory costs and burdens;

(3) Fundamental changes that are needed in the regulatory and enforcement culture of state agencies to make them more responsive to small business can be made without compromising the statutory missions of the agencies;

(4) When adopting rules to protect the health, safety, and economic welfare of Washington, state agencies should seek to achieve statutory goals as effectively and efficiently as possible without imposing unnecessary burdens on small employers;

(5) Uniform regulatory and reporting requirements can impose unnecessary and disproportionately burdensome demands including legal, accounting, and consulting costs upon small businesses with limited resources;

(6) The failure to recognize differences in the scale and resources of regulated businesses can adversely affect competition in the marketplace, discourage innovation, and restrict improvements in productivity;

(7) Unnecessary regulations create entry barriers in many industries and discourage potential entrepreneurs from introducing beneficial products and processes;

(8) The practice of treating all regulated businesses the same leads to inefficient use of regulatory agency resources, enforcement problems, and, in some cases, to actions inconsistent with the legislative intent of health, safety, environmental, and economic welfare legislation;

(9) Alternative regulatory approaches which do not conflict with the state objective of applicable statutes may be available to minimize the significant economic impact of rules on small businesses; and

(10) The process by which state rules are developed and adopted should be reformed to require agencies to solicit the ideas and comments of small businesses, to examine the impact of proposed and existing rules on such businesses, and to review the continued need for existing rules.

NINETY-THIRD DAY, APRIL 10, 2007

Sec. 2. RCW 19.85.020 and 2003 c 166 s 1 are each amended to read as follows:

~~((Unless the context clearly indicates otherwise,))~~ The definitions in this section apply through this chapter unless the context clearly requires otherwise.

(1) "Industry" means all of the businesses in this state in any one four-digit standard industrial classification as published by the United States department of commerce, or the North American industry classification system as published by the executive office of the president and the office of management and budget. However, if the use of a four-digit standard industrial classification or North American industry classification system would result in the release of data that would violate state confidentiality laws, "industry" means all businesses in a three-digit standard industrial classification or the North American industry classification system.

(2) "Minor cost" means a cost per business that is less than three-tenths of one percent of annual revenue or income, or one hundred dollars, whichever is greater, or one percent of annual payroll. However, for the rules of the department of social and health services "minor cost" means cost per business that is less than fifty dollars of annual cost per client or other appropriate unit of service.

(3) "Small business" means any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, and that has fifty or fewer employees.

~~((2))~~ (4) "Small business economic impact statement" means a statement meeting the requirements of RCW 19.85.040 prepared by a state agency pursuant to RCW 19.85.030.

~~((3))~~ "Industry" means all of the businesses in this state in any one four-digit standard industrial classification as published by the United States department of commerce. However, if the use of a four-digit standard industrial classification would result in the release of data that would violate state confidentiality laws, "industry" means all businesses in a three-digit standard industrial classification.

Sec. 3. RCW 19.85.030 and 2000 c 171 s 60 are each amended to read as follows:

(1) In the adoption of a rule under chapter 34.05 RCW, an agency shall prepare a small business economic impact statement: (a) If the proposed rule will impose more than minor costs on businesses in an industry; or (b) if requested to do so by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320. However, if the agency has completed the pilot rule process as defined by RCW 34.05.313 before filing the notice of a proposed rule, the agency is not required to prepare a small business economic impact statement.

An agency shall prepare the small business economic impact statement in accordance with RCW 19.85.040, and file it with the code reviser along with the notice required under RCW 34.05.320. An agency shall file a statement prepared at the request of the joint administrative rules review committee with the code reviser upon its completion before the adoption of the rule. An agency shall provide a copy of the small business economic impact statement to any person requesting it.

(2) Based upon the extent of disproportionate impact on small business identified in the statement prepared under RCW 19.85.040, the agency shall, where legal and feasible in meeting the stated objectives of the statutes upon which the rule is based, reduce the costs imposed by the rule on small businesses. Methods to reduce the costs on small businesses may include:

- (a) Reducing, modifying, or eliminating substantive regulatory requirements;
- (b) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;
- (c) Reducing the frequency of inspections;
- (d) Delaying compliance timetables;

(e) Reducing or modifying fine schedules for noncompliance; or

(f) Any other mitigation techniques.

(3) If the agency determines it cannot reduce the costs imposed by the rule on small businesses, the agency shall provide a clear explanation of why it has made that determination and include that statement with its filing of the proposed rule pursuant to RCW 34.05.320.

(4)(a) All small business economic impact statements are subject to selective review by the joint administrative rules review committee pursuant to RCW 34.05.630.

(b) Any person affected by a proposed rule where there is small business economic impact statement may petition the joint administrative rules review committee for review pursuant to the procedure in RCW 34.05.655.

Sec. 4. RCW 19.85.040 and 1995 c 403 s 403 are each amended to read as follows:

(1) A small business economic impact statement must include a brief description of the reporting, recordkeeping, and other compliance requirements of the proposed rule, and the kinds of professional services that a small business is likely to need in order to comply with such requirements. It shall analyze the costs of compliance for businesses required to comply with the proposed rule adopted pursuant to RCW 34.05.320, including costs of equipment, supplies, labor, professional services, and increased administrative costs. It shall consider, based on input received, whether compliance with the rule will cause businesses to lose sales or revenue. To determine whether the proposed rule will have a disproportionate cost impact on small businesses, the impact statement must compare the cost of compliance for small business with the cost of compliance for the ten percent of businesses that are the largest businesses required to comply with the proposed rules using one or more of the following as a basis for comparing costs:

- (a) Cost per employee;
- (b) Cost per hour of labor; or
- (c) Cost per one hundred dollars of sales.

(2) A small business economic impact statement must also include:

(a) A statement of the steps taken by the agency to reduce the costs of the rule on small businesses as required by RCW 19.85.030~~((3))~~ (2), or reasonable justification for not doing so, addressing the options listed in RCW 19.85.030~~((3))~~ (2);

(b) A description of how the agency will involve small businesses in the development of the rule; ~~((and))~~

(c) A list of industries that will be required to comply with the rule. However, this subsection (2)(c) shall not be construed to preclude application of the rule to any business or industry to which it would otherwise apply; and

(d) An estimate of the number of jobs that will be created or lost as the result of compliance with the proposed rule.

(3) To obtain information for purposes of this section, an agency may survey a representative sample of affected businesses or trade associations and should, whenever possible, appoint a committee under RCW 34.05.310(2) to assist in the accurate assessment of the costs of a proposed rule, and the means to reduce the costs imposed on small business."

Senator Kohl-Welles spoke in favor of adoption of the committee striking amendment.

The President declared the question before the Senate to be the adoption of the committee striking amendment by the Committee on Labor, Commerce, Research & Development to Engrossed House Bill No. 1525.

accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner. The treasurer shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall proceed to advertise the same by posting written notices in three public places in the county in which such property has been distrained, one of which places shall be at the county court house, such notice to state the time when and place where such property will be sold. The county treasurer, or the treasurer's deputy, shall tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint. If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which shall be not less than ten days after the taking of such property, such treasurer or treasurer's designee shall proceed to sell such property at public auction, or so much thereof as shall be sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer shall pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative: PROVIDED, That whenever it shall become necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net or drag seine fishing location, or any other personal property as the treasurer shall determine to be incapable or reasonably impracticable of manual delivery, it shall be deemed to have been distrained and taken into possession when the treasurer shall have, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale; a copy of the notice shall also be sent to the owner or reputed owner at his last known address, by registered letter at least thirty days prior to the date of sale: AND PROVIDED FURTHER, That if the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may forthwith distraint sufficient goods and chattels to pay the same.

Sec. 6. RCW 84.56.090 and 1985 c 83 s 1 are each amended to read as follows:

Whenever in the judgment of the assessor or the county treasurer personal property is being removed or is about to be removed without the limits of the state, or is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the treasurer shall immediately prepare papers in distraint, which shall contain a description of the personal property, including mobile homes, manufactured homes, or park model trailers, being or about to be removed, dissipated, sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the amount of the tax, the amount of accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner, and he shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall advertise and sell said property as provided in RCW 84.56.070.

If said personal property is being removed or is about to be removed from the limits of the state, is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, at any time subsequent to the first day of January in any year, and prior to the levy of taxes thereon, the taxes upon such property so distrained shall be computed upon the rate of levy for state, county and local purposes for the preceding year; and all taxes collected in advance of levy under this section and RCW 84.56.120, together with the name of the owner and a brief description of the property assessed shall be entered forthwith by the county treasurer upon the personal property tax rolls of such preceding year, and all collections thereon shall be considered and treated in all respects, and without recourse by either the owner or any taxing unit, as collections for such preceding year. Property on which taxes are thus collected shall thereupon become discharged from the lien of any taxes that may thereafter be levied in the year in which payment or collection is made.

Whenever property has been removed from the county wherein it has been assessed, on which the taxes have not been paid, then the county treasurer, or his deputy, shall have the same power to distraint and sell said property for the satisfaction of said taxes as he would have if said property were situated in the county in which the property was taxed, and in addition thereto said treasurer, or his deputy, in the distraint and sale of property for the payment of taxes, shall have the same powers as are now by law given to the sheriff in making levy and sale of property on execution.

Sec. 7. RCW 84.64.200 and 1981 c 322 s 6 are each amended to read as follows:

All lots, tracts and parcels of land upon which taxes levied prior to January 9, 1926 remain due and unpaid at the date when such taxes would have become delinquent as provided in the act under which they were levied shall be deemed to be delinquent under the provisions of this title, and the same proceedings may be had to enforce the payment of such unpaid taxes, with interest and costs, and payment enforced and liens foreclosed under and by virtue of the provisions of this chapter. For the purposes of foreclosure under this chapter, the date of delinquency shall be construed to mean the date when the taxes first became delinquent. At all sales of property for which certificates of delinquency are held by the county, if no other bids are received, the county shall be considered a bidder for the full area of each tract or lot to the amount of all taxes, interest and costs due thereon, and where no bidder appears, acquire title ~~(thereon)~~ in trust for the taxing districts as absolutely as if purchased by an individual under the provisions of this chapter; all bidders except the county at sales of property for which certificates of delinquency are held by the county shall pay the full amount of taxes, interest and costs for which judgment is rendered, together with all taxes, interest and costs which are delinquent at the time of sale, regardless of whether the taxes, interest, or costs are included in the judgment."

"NEW SECTION. Sec. 6. The legislature finds that the replacement of the Alaskan Way Viaduct and the state route number 520 floating bridge are the highest priority transportation projects that represent an immediate threat to public safety and are vital to the economic strength of the Puget Sound region and the state as a whole. The legislature also finds that imposing tolls of seven dollars or more on the Lake Washington bridges would be a barrier to low and moderate-income households in the Puget Sound region and would serve to discourage free movement of people throughout the region.

NEW SECTION. Sec. 7. A new section is added to chapter 81.112 RCW to read as follows:

(1) As part of the proposition to support additional implementation phases of the regional transit authority's system and financing plan submitted to voters at the 2007 general election under RCW 36.120.070 and 81.112.030(10), the authority shall not fund any planning, development, or construction that is not described in the sound transit 2 draft package, dated January 11, 2007. In addition, the authority may not apply any revenues received from the 2007 general election under RCW 36.120.070 and 81.112.040(10) toward planning, development, construction, acquisition of right-of-way, or financing of light rail over Lake Washington. This section is not intended to limit a regional transit authority's ability to expand light rail beyond the limitation of this section after November 2007.

(2) Revenues equal to the amount necessary to fund the expansion of light rail as proposed in the sound transit 2 draft

NINETY-THIRD DAY, APRIL 10, 2007

package, dated January 11, 2007, shall be distributed to a regional transportation investment district established under chapter 36.120 RCW in accordance with section 10 of this act.

Sec. 8. RCW 81.104.160 and 2003 c 1 s 6 are each amended to read as follows:

An agency may impose a sales and use tax solely for the purpose of providing high capacity transportation service, except as otherwise provided in section 7 of this act, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the agency's jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall not exceed 2.172 percent. The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated and expire on December 5, 2002.

Sec. 9. RCW 81.104.170 and 1997 c 450 s 5 are each amended to read as follows:

(1) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service except as otherwise provided in section 7 of this act.

(2) The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. The maximum rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed shall not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340. The exemptions in RCW 82.08.820 and 82.12.820 are for the state portion of the sales and use tax and do not extend to the tax authorized in this section.

NEW SECTION. Sec. 10. A new section is added to chapter 36.120 RCW to read as follows:

(1) As part of the proposition to support additional implementation phases of the regional transit authority's system and financing plan submitted to voters at the 2007 general election under RCW 36.120.070 and 81.112.040(10), funds received under section 7 of this act shall be allocated to the projects listed below in the amounts described and in the following order of priority:

(a) One billion one hundred million dollars for a tunnel replacement option for the Alaskan Way Viaduct that maintains or exceeds the current capacity.

(i) If a tunnel replacement option is not selected, these funds shall be used to ensure the completion of the projects listed in (b) through (e) of this subsection and to fund projects described in subsection (2) of this section. Any funds that are not necessary to carry out the purposes of this section shall be returned to the regional transit authority.

(ii) The district must reallocate these funds in accordance with subsection (2) of this section if, within one year of passage of the 2007 general election ballot measure approved in RCW 36.120.070 and RCW 81.112.040(10), local jurisdictions have not agreed to contribute seven hundred fifty million dollars in

funds from local sources that may include, but are not limited to, a local improvement district and a local utility tax.

(b) Two billion seven hundred million dollars for the improvement and replacement of the state route number 520 bridge replacement and HOV project between Interstate 5 and Interstate 405. The district must include in its ballot measure one billion one hundred million dollars for the state route number 520 floating bridge. These funds must be combined with any additional funds appropriated by federal, state, and local sources to fully fund the state route number 520 bridge replacement and improvements as designated by the district. The funding package for the state route number 520 bridge replacement and HOV project may not include tolling.

(c) Six hundred forty million dollars for the construction of state route number 167 to the port of Tacoma in addition to any other funds provided by the plan developed by the regional transportation investment district.

(d) One hundred thirteen million dollars for the construction of state route number 704 between Interstate 5 and state route number 7, in addition to any other funds provided by the plan developed by the regional transportation investment district.

(e) Ninety-four million dollars for the connection of state route number 509 and Interstate 5 at Sea-Tac in addition to funds already provided by the regional transportation investment district.

(2) Funds not necessary for the implementation of the projects in subsection (1) of this section shall be transferred to sound transit for the purpose of completing light rail to the Tacoma Dome transit center.

Sec. 11. RCW 36.120.040 and 2006 c 311 s 6 are each amended to read as follows:

(1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations of which a participating county is a member. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing within the participating counties' boundaries, that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district, including district boundaries; and

(ii) Construction of transportation projects to improve mobility within each county and within the region. Operations, maintenance, and preservation of facilities or systems may not be part of the plan, except for the limited purposes provided under RCW 36.120.020(8); and

(c) Recommend sources of revenue authorized by RCW

2007 REGULAR SESSION

36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. Per agreement with a regional transit authority serving the counties participating in a district, the equity principle identified under this subsection may include using the combined district and regional transit authority revenues generated within a participating county to determine the distribution that proportionally benefits the county. Modifications made under section 10 of this act are in compliance with this equity principle. For purposes of the transportation subarea equity principle established under this subsection, a district may use the five subareas within a regional transit authority's boundaries as identified in an authority's system plan adopted in May 1996. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted by the planning committee, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each

city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved.

Sec. 12. RCW 36.120.045 and 2006 c 311 s 7 are each amended to read as follows:

The planning committee must develop and include in the regional transportation investment plan a funding proposal for the state route number 520 bridge replacement and HOV project that assures full project funding for seismic safety and corridor connectivity on state route number 520 between Interstate 5 and Interstate 405 without assessing tolls on either state route number 520 or Interstate 90 across Lake Washington."

Renumber the remaining sections consecutively.

On page 8, beginning on line 24, strike all of section 7 and insert the following:

"NEW SECTION. Sec. 7. Sections 1 through 5 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately."

On page 1, line 3 of the title, after "election;" strike the remainder of the title and insert "amending RCW 36.120.070, 81.112.030, 81.104.160, 81.104.170, 36.120.040, and 36.120.045; adding a new section to chapter 29A.36 RCW; adding a new section to chapter 81.112 RCW; adding a new section to chapter 36.120 RCW; creating new sections; and declaring an emergency."

MOTION

Senator Poulsen moved that the following committee striking amendment by the Committee on Water, Energy & Telecommunications be adopted.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70.105D.030 and 2002 c 288 s 3 are each amended to read as follows:

(1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or wilful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020(7) and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection that may be conditioned upon, deed restrictions where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing a deed restriction under this subsection, the department shall notify and seek comment from a city or county department with land use planning authority for real property subject to a deed restriction;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment and the notification requirements established in RCW 70.105D.110, and impose penalties for violations of that section consistent with RCW 70.105D.050;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(12)(b)(ii)(C);

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance shall be advisory only, and shall not be binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. The department may collect, from persons requesting advice and assistance, the costs incurred by the department in providing such advice and assistance; however, the department shall, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance; and

(j) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) public notice of the development of investigative plans or remedial plans for releases or threatened releases and (ii)

NINETY-THIRD DAY, APRIL 10, 2007

concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement shall not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

(e) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) To achieve and protect the state's long-term ecological health, the department shall prioritize sufficient funding to clean up hazardous waste sites and prevent the creation of future hazards due to improper disposal of toxic wastes, and create financing tools to clean up large-scale hazardous waste sites requiring multiyear commitments. To effectively monitor toxic accounts expenditures, the department shall develop a comprehensive ten-year financing report that identifies long-term remedial action project costs, tracks expenses, and projects future needs.

(4) Before ~~((November 1st))~~ December 20th of each even-numbered year, the department shall ~~((develop, with public notice and hearing, and submit to))~~:

(a) Develop a comprehensive ten-year financing report in coordination with all local governments with clean-up responsibilities that identifies the projected biennial hazardous waste site remedial action needs that are eligible for funding from the local toxics control account;

(c) Identify the projected remedial action needs for orphaned, abandoned, and other clean-up sites that are eligible for funding from the state toxics control account;

(d) Project the remedial action need, cost, revenue, and any recommended working capital reserve estimate to the next biennium's long-term remedial action needs from both the local toxics control account and the state toxics control account, and submit this information to the ~~((ways and means and))~~ appropriate standing fiscal and environmental committees of the senate and house of representatives ~~((a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also)). This submittal must also include a ranked list of such remedial action projects for both accounts; and~~

(e) Provide the legislature and the public each year with an accounting of the department's activities supported by

2007 REGULAR SESSION

~~((4))~~ (5) The department shall establish a scientific advisory board to render advice to the department with respect to the hazard ranking system, cleanup standards, remedial actions, deadlines for remedial actions, monitoring, the classification of substances as hazardous substances for purposes of RCW 70.105D.020(7) and the classification of substances or products as hazardous substances for purposes of RCW 82.21.020(1). The board shall consist of five independent members to serve staggered three-year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

~~((5))~~ (6) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites.

Sec. 2. RCW 70.105D.070 and 2005 c 488 s 926 are each amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship; and

(xii) Development and demonstration of alternative management technologies designed to carry out the ~~((top two))~~ hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the

NINETY-THIRD DAY, APRIL 10, 2007

tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: (i) Remedial actions; (ii) hazardous waste plans and programs under chapter 70.105 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and (v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During the 1999-2001 fiscal biennium, moneys in the account may also be used for the following activities: Conducting a study of whether dioxins occur in fertilizers, soil amendments, and soils; reviewing applications for registration of fertilizers; and conducting a study of plant uptake of metals. During the 2005-2007 fiscal biennium, the legislature may transfer from the local toxics control account to the state toxics control account such amounts as specified in the omnibus capital budget bill. During the 2005-2007 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(c) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:

(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management

priorities. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2005-2007 fiscal biennium, the legislature may transfer from the state toxics control account to the water quality account such amounts as reflect the excess fund balance of the fund."

SECOND READING

ENGROSSED HOUSE BILL NO. 2070, by Representatives O'Brien, Goodman and Pearson

Concerning exceptional sentences.

The measure was read the second time.

MOTION

Senator Kline moved that the following committee striking amendment by the Committee on Judiciary be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. In *State v. Pillatos*, 150 P.3d 1130 (2007), the Washington supreme court held that the changes made to the sentencing reform act concerning exceptional sentences in chapter 68, Laws of 2005 do not apply to cases where the trials had already begun or guilty pleas had already been entered prior to the effective date of the act on April 15, 2005. The legislature intends that the superior courts shall have the authority to impanel juries to find aggravating circumstances in all cases that come before the courts for trial or sentencing, regardless of the date of the original trial or sentencing.

Sec. 2. RCW 9.94A.537 and 2005 c 68 s 4 are each amended to read as follows:

(1) At any time prior to trial or entry of the guilty plea if substantial rights of the defendant are not prejudiced, the state may give notice that it is seeking a sentence above the standard sentencing range. The notice shall state aggravating circumstances upon which the requested sentence will be based.

(2) In any case where an exceptional sentence above the standard range was imposed and where a new sentencing hearing is required, the superior court may impanel a jury to consider any alleged aggravating circumstances listed in RCW 9.94A.535(3), that were relied upon by the superior court in imposing the previous sentence, at the new sentencing hearing.

(3) The facts supporting aggravating circumstances shall be proved to a jury beyond a reasonable doubt. The jury's verdict on the aggravating factor must be unanimous, and by special interrogatory. If a jury is waived, proof shall be to the court beyond a reasonable doubt, unless the defendant stipulates to the aggravating facts.

NINETY-THIRD DAY, APRIL 10, 2007

2007 REGULAR SESSION

~~((3))~~ (4) Evidence regarding any facts supporting aggravating circumstances under RCW 9.94A.535(3) (a) through (y) shall be presented to the jury during the trial of the alleged crime, unless the jury has been impaneled solely for resentencing, or unless the state alleges the aggravating circumstances listed in RCW 9.94A.535(3) (e)(iv), (h)(i), (o), or (t). If one of these aggravating circumstances is alleged, the trial court may conduct a separate proceeding if the evidence supporting the aggravating fact is not part of the res geste of the charged crime, if the evidence is not otherwise admissible in trial of the charged crime, and if the court finds that the probative value of the evidence to the aggravated fact is substantially outweighed by its prejudicial effect on the jury's ability to determine guilt or innocence for the underlying crime.

~~((4))~~ (5) If the superior court conducts a separate proceeding to determine the existence of aggravating circumstances listed in RCW 9.94A.535(3) (e)(iv), (h)(i), (o), or (t), the proceeding shall immediately follow the trial on the underlying conviction, if possible. If any person who served on the jury is unable to continue, the court shall substitute an alternate juror.

~~((5))~~ (6) If the jury finds, unanimously and beyond a reasonable doubt, one or more of the facts alleged by the state in support of an aggravated sentence, the court may sentence the offender pursuant to RCW 9.94A.535 to a term of confinement up to the maximum allowed under RCW 9A.20.021 for the underlying conviction if it finds, considering the purposes of this chapter, that the facts found are substantial and compelling reasons justifying an exceptional sentence.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MOTION

Senator Benton moved that the following amendment by Senators Benton, Hargrove and Kline to the committee striking amendment be adopted.

On page 2, after line 26 of the amendment, insert the following:

Sec. 3. RCW 9.94A.030 and 2006 c 139 s 5, 2006 c 124 s 1, 2006 c 122 s 7, and 2006 c 73 s 5 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess

the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

NINETY-THIRD DAY, APRIL 10, 2007

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(20) "Drug offender sentencing alternative" is a sentencing option available to persons convicted of a felony offense other than a violent offense or a sex offense and who are eligible for the option under RCW 9.94A.660.

(21) "Drug offense" means:

(a) Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.4013) or forged prescription for a controlled substance (RCW 69.50.403);

(b) Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or

(c) Any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under (a) of this subsection.

(22) "Earned release" means earned release from confinement as provided in RCW 9.94A.728.

(23) "Escape" means:

(a) Sexually violent predator escape (RCW 9A.76.115), escape in the first degree (RCW 9A.76.110), escape in the second degree (RCW 9A.76.120), willful failure to return from furlough (RCW 72.66.060), willful failure to return from work release (RCW 72.65.070), or willful failure to be available for supervision by the department while in community custody (RCW 72.09.310); or

(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as an escape under (a) of this subsection.

(24) "Felony traffic offense" means:

(a) Vehicular homicide (RCW 46.61.520), vehicular assault (RCW 46.61.522), eluding a police officer (RCW 46.61.024), felony hit-and-run injury-accident (RCW 46.52.020(4)), felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)), or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)); or

(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a felony traffic offense under (a) of this subsection.

(25) "Fine" means a specific sum of money ordered by the sentencing court to be paid by the offender to the court over a specific period of time.

(26) "First-time offender" means any person who has no prior convictions for a felony and is eligible for the first-time offender waiver under RCW 9.94A.650.

(5) Beginning July 1, 2003, this section does not apply to a fire fighter who develops a heart or lung condition and who is a regular user of tobacco products or who has a history of tobacco use. The department, using existing medical research, shall define in rule the extent of tobacco use that shall exclude a fire fighter from the provisions of this section.

(6) For purposes of this section, "firefighting activities" means fire suppression, fire prevention, emergency medical services, rescue operations, hazardous materials response, aircraft rescue, and training and other assigned duties related to emergency response.

(7)(a) When a determination involving the presumption established in this section is appealed to the board of industrial insurance appeals and the final decision allows the claim for benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorney fees and witness fees, be paid to the firefighter or his or her beneficiary by the opposing party.

2007 REGULAR SESSION

(b) When a determination involving the presumption established in this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of the appeal, including attorney fees and witness fees, be paid to the firefighter or his or her beneficiary by the opposing party.

(c) When reasonable costs of the appeal must be paid by the department under this section in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

Sec. 3. RCW 51.52.120 and 2003 c 53 s 285 are each amended to read as follows:

(1) It shall be unlawful for an attorney engaged in the representation of any worker or beneficiary to charge for services in the department any fee in excess of a reasonable fee, of not more than thirty percent of the increase in the award secured by the attorney's services. Such reasonable fee shall be fixed by the director or the director's designee for services performed by an attorney for such worker or beneficiary, if written application therefor is made by the attorney, worker, or beneficiary within one year from the date the final decision and order of the department is communicated to the party making the application.

(2) If, on appeal to the board, the order, decision, or award of the department is reversed or modified and additional relief is granted to a worker or beneficiary, or in cases where a party other than the worker or beneficiary is the appealing party and the worker's or beneficiary's right to relief is sustained by the board, the board shall fix a reasonable fee for the services of his or her attorney in proceedings before the board if written application therefor is made by the attorney, worker, or beneficiary within one year from the date the final decision and order of the board is communicated to the party making the application. In fixing the amount of such attorney's fee, the board shall take into consideration the fee allowed, if any, by the director, for services before the department, and the board may review the fee fixed by the director. Any attorney's fee set by the department or the board may be reviewed by the superior court upon application of such attorney, worker, or beneficiary. The department or self-insured employer, as the case may be, shall be served a copy of the application and shall be entitled to appear and take part in the proceedings. Where the board, pursuant to this section, fixes the attorney's fee, it shall be unlawful for an attorney to charge or receive any fee for services before the board in excess of that fee fixed by the board.

(3) In an appeal to the board involving the presumption established under RCW 51.32.185, the attorney's fee shall be payable as set forth under RCW 51.32.185.

(4) Any person who violates this section is guilty of a misdemeanor.

(1) If, on appeal to the superior or appellate court from the decision and order of the board, said decision and order is reversed or modified and additional relief is granted to a worker or beneficiary, or in cases where a party other than the worker or beneficiary is the appealing party and the worker's or beneficiary's right to relief is sustained, a reasonable fee for the services of the worker's or beneficiary's attorney shall be fixed by the court. In fixing the fee the court shall take into consideration the fee or fees, if any, fixed by the director and the board for such attorney's services before the department and the board. If the court finds that the fee fixed by the director or by the board is inadequate for services performed before the department or board, or if the director or the board has fixed no fee for such services, then the court shall fix a fee for the attorney's services before the department, or the board, as the case may be, in addition to the fee fixed for the services in the court. If in a worker or beneficiary appeal the decision and order of the board is reversed or modified and if the accident fund or medical aid fund is affected by the litigation, or if in an

appeal by the department or employer the worker or beneficiary's right to relief is sustained, or in an appeal by a worker involving a state fund employer with twenty- five employees or less, in which the department does not appear and defend, and the board order in favor of the employer is sustained, the attorney's fee fixed by the court, for services before the court only, and the fees of medical and other witnesses and the costs shall be payable out of the administrative fund of the department. In the case of self-insured employers, the attorney fees fixed by the court, for services before the court only, and the fees of medical and other witnesses and the costs shall be payable directly by the self-insured employer.

(2) In an appeal to the superior or appellate court involving the presumption established under RCW 51.32.185, the attorney's fee shall be payable as set forth under RCW 51.32.185."

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that there is a large, unmet need for affordable housing in the state of Washington. The legislature declares that a decent, appropriate, and affordable home in a healthy, safe environment for every household should be a state goal. Furthermore, this goal includes increasing the percentage of households who are able to obtain and retain housing without government subsidies or other public support.

(2) The legislature finds that there are many root causes of the affordable housing shortage and declares that these causal factors should be eliminated.

(3) The legislature finds that the support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal. The legislature finds that the provision of housing and housing-related services should be administered at the local level. However, the state should play a primary role in: Providing financial resources to achieve the goal at all levels of government; researching and evaluating statewide housing data; developing a state plan that integrates the strategies, goals, and objectives of all other state housing plans and programs; and coordinating and supporting county government plans and activities.

(4) The legislature declares that there is a state affordable housing goal of a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020, as part of the statewide effort to end the affordable housing crisis.

The goal also includes implementing strategies to keep the rising cost of housing below the relative rise in wages. The department shall develop and administer the affordable housing for all program. (4) All counties shall report at least annually upon receipts and expenditures of the affordable housing for all program surcharge funds created in this section to the department. The department may require more frequent reports. The report must include the amount of funding generated by the surcharge, the total amount of funding distributed to date, the amount of funding allocated to each eligible housing activity, a description of each eligible housing activity funded, including information on the income or wage level and numbers of extremely low, very low, and low-income households the eligible housing activity is intended to serve, and the outcome or anticipated outcome of each eligible housing activity.

NEW SECTION. Sec. 7. The affordable housing for all account is created in the state treasury, subject to appropriation. The state's portion of the surcharges established in RCW 36.22.178 (as recodified by this act) shall be deposited in the account, as well as all other sources directed to the affordable housing for all program. Expenditures from the account may only be used for affordable housing programs.

NEW SECTION. Sec. 8. This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in this act and other revenue that may be appropriated by the legislature for these purposes. However, neither the department nor any local government may use any funds authorized in this act to supplant or reduce any existing expenditures of public money to address the affordable housing shortage.

NEW SECTION. Sec. 9. (1) The department, the Washington state housing finance commission, the affordable housing advisory board, and all county governments, housing authorities, and other nonprofit organizations receiving state funds, county affordable housing for all surcharge funds, county homeless housing surcharge funds as authorized in RCW 36.22.179 (as recodified by this act), or financing through the housing finance commission shall, by December 31, 2007, and annually thereafter, review current housing reporting requirements related to housing programs and services and give recommendations to the legislature to streamline and simplify all planning and reporting requirements. The entities listed in this section shall also give recommendations for additional legislative actions that could promote the affordable housing for all goal.

(2) The department shall collaborate with the Washington state housing finance commission and representatives from statewide organizations representing counties, cities, housing authorities, nonprofit groups involved in affordable housing, and other interested parties, to create a strategy to streamline and, when possible, consolidate state, city, town, and county reporting requirements to address the inefficiencies associated with multiple reporting requirements. The department shall present the strategy to the appropriate committees of the legislature by December 31, 2007.

Sec. 10. RCW 43.63A.650 and 1999 c 267 s 3 are each amended to read as follows:

(1) The department shall be the principal state department responsible for coordinating federal and state resources and activities in housing, except for programs administered by the Washington state housing finance commission under chapter 43.180 RCW, and for evaluating the operations and accomplishments of other state departments and agencies as they affect housing, except for programs administered by the Washington state housing finance commission under chapter 43.180 RCW.

(2) The department shall work with ~~((local governments))~~ cities, towns, counties, tribal organizations, local housing authorities, nonprofit community or neighborhood-based organizations, and regional or statewide nonprofit housing assistance organizations, for the purpose of coordinating federal and state resources with local resources for housing.

(3) The department shall be the principal state department responsible for providing shelter and housing services to homeless families with children. The department shall have the principal responsibility to coordinate, plan, and oversee the state's activities for developing a coordinated and comprehensive plan to serve homeless families with children. The plan shall be developed collaboratively with the department of social and health services. The department shall include community organizations involved in the delivery of services to homeless families with children, and experts in the development and ongoing evaluation of the plan. The department shall follow professionally recognized standards and procedures. The plan shall be implemented within amounts appropriated by the legislature for that specific purpose in the operating and capital budgets. The department shall submit the plan to the appropriate committees of the senate and house of representatives no later than September 1, 1999, and shall update the plan and submit it to the appropriate committees of the legislature by January 1st of every odd-numbered year through 2007. The plan shall address at least the following: (a) The need for prevention assistance; (b) the need for emergency shelter; (c) the need for transitional assistance to aid families into permanent housing; (d) the need for linking services with shelter or housing; and (e) the need for ongoing monitoring of

the efficiency and effectiveness of the plan's design and implementation.

Sec. 11. RCW 43.185C.005 and 2005 c 484 s 1 are each amended to read as follows:

Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness ~~(should)~~ must be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; ~~(and)~~ a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century; inadequate availability of services for citizens with mental illness and developmental disabilities living in the community; and the difficulties faced by formerly institutionalized persons in reintegrating to society and finding stable employment and housing.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, ~~(and)~~ monitoring, and evaluating role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on ~~(homelessness)~~ homeless individuals in Washington must be a critical component of such a program enabling the state to work with local governments not only to count all homeless people in the state, but to record and manage information about homeless persons ~~(and)~~ in order to assist them in finding housing and other supportive services.

The systematic collection and rigorous evaluation of homeless data, a nationwide search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015.

Sec. 12. RCW 43.185C.040 and 2005 c 484 s 7 are each amended to read as follows:

(1) ~~(Six months after the first Washington homeless census;)~~ The department shall, in consultation with the interagency council on homelessness, the state advisory council on homelessness, and the affordable housing advisory board, prepare and ~~(publish a ten-year homeless housing)~~ annually update a state homeless housing strategic plan which ~~(shall)~~ must outline statewide goals and performance measures ~~(and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population).~~ Local governments' ~~(ten-year homeless housing)~~ homeless housing plans ~~(shall not)~~ must include all of the performance measures included in the state homeless housing strategic plan and must be substantially ~~(inconsistent)~~ consistent with the goals and program recommendations of ~~(the temporary guidelines and, when amended after 2005;)~~ the state homeless housing strategic plan.

(2) Program outcomes and performance measures and goals ~~(shall)~~ must be created by the department and reflected in the

department's ~~(homeless housing)~~ state homeless housing strategic plan ~~(as well as)~~ and all local homeless housing plans.

(3) Interim goals against which state and local governments' performance may be measured must also be described and reported upon in the state homeless housing strategic plan, including:

~~(a) (By the end of year one, completion of the first census as described in RCW 43.185C.030;~~

~~(b))~~ By the end of each subsequent year, goals common to all state and local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

~~((c))~~ (b) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

~~((3))~~ (4) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving homeless housing grants in order to determine compliance with the terms and conditions set forth in the homeless housing grant application or required by the department.

(5) The department shall, in consultation with the interagency council on homelessness, the state advisory council on homelessness, and the affordable housing advisory board, report annually to the governor and the appropriate committees of the legislature ~~(an assessment of)~~ the fiscal and societal costs of the homeless crisis, including identifying, to the extent practical, savings in state and local program costs that could be obtained through the achievement of stable housing for the clients served by those programs.

(6) The department shall also deliver a summary annual report, including information about:

(a) All state programs addressing homeless housing and services;

(b) The state's performance in furthering the goals of the state ~~(ten-year)~~ homeless housing strategic plan; and

(c) The performance of each participating local government in creating and executing a local homeless housing plan ~~(which)~~ that meets the requirements of this chapter. ~~((The annual report may include performance measures such as:~~

~~(a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;~~

~~(b) The number of new units available and affordable for homeless families by housing type;~~

~~(c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;~~

~~(d) The number of households at risk of losing housing who maintain it due to a preventive intervention;~~

~~(e) The transition time from homelessness to permanent housing;~~

~~(f) The cost per person housed at each level of the housing continuum;~~

~~(g) The ability to successfully collect data and report performance;~~

~~(h) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;~~

~~(i) The quality and safety of housing provided; and~~

~~(j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.~~

~~(4))~~ (7) The state homeless housing plan must also include a response to each recommendation included in the local homeless housing plans for policy changes to assist in ending homelessness and a summary of the recommendations to the legislature to streamline and simplify all housing planning and reporting requirements, as required in section 9 of this act.

(8) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the ~~(annual)~~ census, the department may revise the performance measures and goals of the state homeless housing strategic plans, set goals for years following the initial ten-year period, and recommend changes in local governments' homeless housing plans.

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

Sec. 13. RCW 43.185C.050 and 2005 c 484 s 8 are each amended to read as follows:

(1)(a)(i) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ~~((ten-year))~~ local homeless housing plan for its jurisdictional area ~~((which shall be not inconsistent))~~ that is consistent with the department's ((statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing)) state homeless housing strategic plan and ((which shall be)) is aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. ((The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department.))

(ii) Local plans must include specific strategic objectives, consistent with the state plan, and must include corresponding action plans. Local plans must address identified strategies to meet the needs of all homeless populations, including chronic homeless, short-term homeless, families, individuals, and youth. Each local plan must include the total estimated cost of accomplishing the goals of the plan to reduce homelessness by fifty percent by July 1, 2015, and must include an accounting of total committed funds for this purpose.

(b)(i) The department must conduct an annual performance evaluation of each local plan by December 31st of each year beginning in 2007. The department must also conduct an annual performance evaluation of each local government's performance related to its local plan by December 31st of each year beginning in 2007.

(ii) Local plans may include specific local performance measures adopted by the local government legislative authority(;) and ((may)) must include recommendations for ((any)) state legislation needed to meet the state or local plan goals. The recommendations must be specific and must, if funding is required, include an estimated amount of funding required and suggestions for an appropriate funding source.

(2) Eligible activities under the local plans include:

(a) Rental and furnishing of dwelling units for the use of homeless persons;

(b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;

(c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;

(d) Services to prevent homelessness, such as emergency eviction prevention programs, including temporary rental subsidies to prevent homelessness;

(e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;

(f) Outreach services for homeless individuals and families;

(g) Development and management of local homeless housing plans, including homeless census data collection(;) and information, identification of goals, performance measures, strategies, and costs, and evaluation of progress towards established goals;

(h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and

(i) Other activities to reduce and prevent homelessness as identified for funding in the local plan.

Sec. 14. RCW 43.185C.080 and 2005 c 484 s 12 are each amended to read as follows:

(1) ~~((Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the~~

city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

~~—(2))~~ Local governments ~~((applying for homeless housing funds))~~ may subcontract with any other local government, housing authority, community action agency, or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts ~~((shall))~~ must be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department, and ((shall)) must have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its ((borders)) jurisdiction.

~~((3))~~ (2) A county may decline to participate in the homeless housing program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution ~~((shall))~~ must also be transmitted to the county auditor and treasurer. If ((such a) the resolution is adopted, all of the funds otherwise due to the county under RCW ((43.185C.060 shall)) 36.22.179 (as recodified by this act) and section 17 of this act, minus funds due to any city that has chosen to participate through the process established in subsection (3) of this section, must be remitted monthly to the state treasurer for deposit in the ((homeless housing)) home security fund account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of this chapter ((484, Laws of 2005)) in the county, ((provided that)) but the department may retain six percent of these funds to offset the cost of managing the county's program.

(3) Any city may assert responsibility for homeless housing within its borders, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. A city choosing to operate a separate homeless housing program receives a percentage of the surcharge assessed under RCW 36.22.179 (as recodified by this act) and under section 17 of this act equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing grants. A city choosing to operate a separate homeless housing program must comply with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for local homeless housing plans.

(4) A resolution by the county declining to participate in the program ~~((shall have))~~ has no effect on the ((ability)) authority of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to ((the)) any such city the funds due under ((this chapter)) RCW 36.22.179 (as recodified by this act) and section 17 of this act.

Sec. 15. RCW 43.185C.160 and 2005 c 485 s 1 are each amended to read as follows:

(1) Each county shall create a homeless housing task force to develop a ~~((ten-year))~~ homeless housing plan addressing short-term and long-term services and housing ~~((for homeless persons))~~ to prevent and reduce homelessness by fifty percent by 2015.

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, at-large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body (~~(which)~~) that substantially conforms to this section and (~~which~~) includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

~~((A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and execute a local homeless housing plan for the county meeting the requirements of this chapter.))~~

(2) In addition to developing a ~~((ten-year))~~ homeless housing plan, each task force shall establish guidelines consistent with the ~~((statewide))~~ state homeless housing strategic plan, as needed, for the following:

- (a) Emergency shelters;
- (b) Short-term housing needs;
- (c) Temporary encampments;
- (d) Rental voucher programs;
- ~~((and~~ (e) Supportive housing for chronically homeless persons;
- ~~((and~~ (e)) (f) Long-term housing; and
- (g) Prevention services.

Guidelines must include, when appropriate, standards for health and safety and notifying the public of proposed facilities to house the homeless.

(3) Each county ~~((including counties exempted from creating a new task force under subsection (1) of this section,))~~ shall report to the department of community, trade, and economic development ~~((such))~~ any information ~~((as may be))~~ needed to ensure compliance with this chapter.

Sec. 16. RCW 36.22.179 and 2005 c 484 s 9 are each amended to read as follows:

(1) In addition to the surcharge authorized in RCW 36.22.178 ~~((as recodified by this act,))~~ and except as provided in subsection (2) of this section, an additional surcharge of ten dollars shall be charged by the county auditor for each document recorded, which will be in addition to any other charge allowed by law. The funds collected pursuant to this section are to be distributed and used as follows:

(a) The auditor shall retain two percent for collection of the fee, and of the remainder shall remit sixty percent to the county to be deposited into a fund that must be used by the county and its cities and towns to accomplish the purposes of this chapter ~~((484, Laws of 2005)),~~ six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs which directly accomplish the goals of the county's local homeless housing plan, except that for each city in the county which elects as authorized in RCW 43.185C.080 to operate its own local homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county shall be transmitted at least quarterly to the city treasurer, without any deduction for county administrative costs, for use by the city for program costs which directly contribute to the goals of the city's local homeless housing plan; of the funds received by the city, it may use six

percent for administrative costs for its homeless housing program.

(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the ~~((homeless housing))~~ home security fund account. The department may use twelve and one-half percent of this amount for administration of the program established in RCW 43.185C.020, including the costs of creating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. The remaining eighty-seven and one-half percent is to be ~~((distributed by the department to local governments through the homeless housing grant program))~~ used by the department to:

- (i) Provide housing and shelter for homeless people including, but not limited to: Grants to operate, repair, and staff shelters; grants to operate transitional housing; partial payments for rental assistance; consolidated emergency assistance; overnight youth shelters; and emergency shelter assistance; and
- (ii) Fund the homeless housing grant program.

(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

NEW SECTION. Sec. 17. A new section is added to chapter 43.185C RCW to read as follows:

(1) In addition to the surcharges authorized in RCW 36.22.178 and 36.22.179 (as recodified by this act), and except as provided in subsection (2) of this section, the county auditor shall charge an additional surcharge of two dollars for each document recorded, which is in addition to any other charge allowed by law. The funds collected under this section are to be distributed and used as follows:

(a) The auditor shall remit ninety percent to the county to be deposited into a fund six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs that directly accomplish the goals of the county's local homeless housing plan, except that for each city in the county that elects, as authorized in RCW 43.185C.080(3), to operate its own homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county must be transmitted at least quarterly to the city treasurer for use by the city for program costs that directly contribute to the goals of the city's homeless housing plan.

(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the home security fund account. The department may use the funds for administering the program established in RCW 43.185C.020, including the costs of creating and updating the statewide homeless housing strategic plan, implementing and managing the Washington homeless client management information system established in RCW 43.185C.180, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. Remaining funds may also be used to:

- (i) Provide housing and shelter for homeless people including, but not limited to: Grants to operate, repair, and staff shelters; grants to operate transitional housing; partial payments for rental assistance; consolidated emergency assistance; overnight youth shelters; and emergency shelter assistance; and
- (ii) Fund the homeless housing grant program.

(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

PARLIAMENTARY INQUIRY

Senator Honeyford: "Thank you Mr. President. I submit to you that this measure takes a two-thirds vote for final passage under Initiative 601 because it raises state revenue. Mr. President, this bill would oppose a two dollar surcharge on recording documents filed with the county auditor. Ten percent of the revenue generated by the surcharge, approximately six hundred, forty thousand dollars per biennium, would remit back to the state and deposit into a new home security fund account from which CTED is authorized to use the money to fight homelessness in a variety of ways. Mr. President, your previous rulings have indicated that the dispositive issue is whether the revenue is placed in the state appropriated account is generated by user fee or a tax. As you stated a few weeks ago, there must be reasonable connection between the fee, those paying it and the purpose on which the proceeds may be spent. Failing this is a tax and a super majority is required. This ruling is in accordance with Washington case law which has held a user fee

is a charge related to and commensurate to either the service provider. The user or the burden imposed on the user activity. There's no such relationship here. County auditor records all types of documents including: deeds of trust, community property agreements, directing of marital assets, records of veterans' honorable military discharges and even notice of abandoned cemeteries. None of these have a requisite nexus to homelessness that would a two dollar surcharge on recording fees with the county auditor a user fee and not a tax. I believe this is a tax and requiring a two-thirds vote and request a ruling thereon."

Dr. Edmund Gray: "What you see before you is the product bipartisanship. My mother was an Irish Catholic Latin teaching Democrat and my father was a Scotch continuing Presbyterian Physician Republican. We sat for hours listening or, rather, 'watching' radio in the days before television. We got to exchange a lot of bipartisanship. My mother usually voted with her husband no matter if she disagreed but I'm sure she took him the other way in voting for Harry Truman. I want to acknowledge and thank Senator Morton for the opportunity to be here and of course, Jane, my wife does that too. I should say

that she added a Swedish element to that discussion and Mary Selecky, of course, with whom I worked for twenty years. I'm not sure what to call her, I think it's balkanized, Slavic or something like that. Our family is extremely proud and happy and some what over awed to accept this resolution. Thank you again."

"NEW SECTION. Sec. 1. A new section is added to chapter 8.25 RCW to read as follows:

(1) Whenever condemnation is sought, a condemnor shall document its consideration of any reasonable alternative to condemnation or any alternative to the nature and extent of condemnation that is suggested by a property owner in accordance with this section. The documentation shall include the condemnor's reasons for rejecting any suggested alternative.

(2) Not less than ninety days before taking final action, as defined in RCW 8.25.---(4) (section 1(4) of Substitute House Bill No. 1458), the condemnor shall provide notice to the same property owners and in the same manner as provided under RCW 8.25.---(2) (section 1(2) of Substitute House Bill No. 1458). The notice need not contain information about the time and location of the final action, but shall indicate the date of the final action. The notice shall inform property owners that their property may be the subject of condemnation and that any reasonable alternative to condemnation suggested by an owner in writing and received by the condemnor not less than sixty days before the date indicated for the final action will be considered by the condemnor.

(3) Not less than thirty days before the date indicated for final action, the condemnor shall respond to a property owner who has suggested an alternative under subsection (2) of this section. The condemnor shall respond by either: (a) Providing the property owner with written documentation of the condemnor's consideration of and reasons for rejecting the alternative; or (b) notifying the property owner that more time is needed for consideration of the alternative. The condemnor may extend the time to respond to a suggested alternative and postpone the indicated date of the final action, so long as the condemnor provides the required documentation not less than thirty days before final action is taken.

(4) Nothing in this section relieves a condemnor of the obligation to provide the notice required under RCW 8.25.--- (section 1 of Substitute House Bill No. 1458).

Sec. 2. RCW 8.25.020 and 1999 c 52 s 1 are each amended to read as follows:

There shall be paid by the condemnor in respect of each parcel of real property acquired by eminent domain or by consent under threat thereof, in addition to the fair market value of the property, a sum equal to the various expenditures actually and reasonably incurred by those with an interest or interests in said parcel in the process of evaluating and responding to the condemnor's offer to buy the same, but not to exceed ((a total of seven hundred fifty dollars)) the lesser of: (1) Five thousand dollars; or (2) One percent of the value of the parcel as determined by the condemnor's fair market value appraisal or seven hundred fifty dollars, whichever is greater. Such actual and reasonable expenditures may include, but are not limited to, reasonable fees of appraisers, attorneys, architects, engineers, or other persons reasonably retained by the donee to evaluate the financial adequacy of the offer. Financial adequacy shall be narrowly construed and shall not include challenging the legality of the condemnation process or the legality of the ongoing project for which the condemnation is sought. In the case of multiple interests in a parcel, the division of such sum shall be determined by the court or by agreement of the parties.

2007 REGULAR SESSION

NEW SECTION. Sec. 3. A new section is added to chapter 8.25 RCW to read as follows:

(1) Whenever real property or a portion of real property is to be sold or otherwise disposed of within seven years after the date the property was transferred to an acquiring entity through or under the threat of condemnation, the former owner shall have a right of first refusal to purchase the property in accordance with this section. "Former owner" means the person or persons from whom the acquiring entity acquired title or that person's or those persons' successors or assigns to the right of first refusal.

(a) At least ninety days prior to the date on which the acquiring entity will announce a public process for property disposition or, if the sale is to be negotiated, at least ninety days prior to the date on which a purchase and sale agreement or similar document is to be signed, the acquiring entity shall: (i) Publish in a legal newspaper of general circulation in the area where the property to be sold is located, a notice indicating its determination to sell the property, identifying the property, and describing generally any easements, other restrictions, or reserved rights the acquiring entity intends to retain upon sale; and (ii) mail the same notice to the former owner of the property at the former owner's last known address or to a forwarding address if that owner has provided the acquiring entity with a forwarding address.

(b) If the former owner notifies the acquiring entity in writing within thirty days of the date of notice provided under (a) of this subsection that the former owner intends to exercise the right of first refusal granted by this section, the acquiring entity shall, unless it already has a completed current appraisal for the property, arrange for an appraisal to determine the fair market value of the property or portion of property subject to the right. In addition, the acquiring entity shall arrange for an alternative appraisal equal to the compensation received by the former owner from the acquiring entity when the property or portion of the property was condemned or sold under threat of condemnation, with interest accrued at the market rate, and with that amount adjusted to reflect the value of any physical changes made by the acquiring entity, such as improvements or removal of structures.

(c) If the former owner does not provide timely written notice to the acquiring entity of the intent to exercise a right of first refusal, that right is extinguished and the acquiring entity is relieved of any further obligation under this section.

(d) Within thirty days of receipt of the former owner's notice of intent to exercise the right of first refusal or following the acquiring entity's receipt of the appraisals, the acquiring entity shall provide the former owner with a written copy of the two appraisals. All costs of appraisal shall be paid by the acquiring entity.

(e) In the event that the acquiring entity and the former owner cannot agree on the amount of compensation paid for a portion of the property under (b) of this subsection, the acquiring entity and the former owner shall each arrange for an independent appraisal of the just compensation allocation to the portion of the property to be sold. If the acquiring entity and the former owner cannot then agree on the amount, either party may initiate a lawsuit to determine the amount, or they may agree to binding arbitration in which case the appraisals shall be submitted to a third, independent appraiser. The third appraiser shall sit as an arbitrator and determine the amount of compensation paid under (b) of this subsection. The arbitrator's decision shall be final and binding. The acquiring entity and former owner shall bear their own costs and fees, and pay equally the costs and fees of the arbitrator.

(f) Within thirty days of the date the acquiring entity provides a written copy of the appraisals to the former owner under (d) of this subsection, or within thirty days of the completion of any proceedings under (e) of this subsection, whichever is later, the former owner may exercise the right of first refusal granted by this section by delivering to the acquiring

NINETY-FOURTH DAY, APRIL 11, 2007

entity earnest money or a deposit in a form determined by the acquiring entity in an amount equal to five percent of the appraised fair market value, together with a written promise to pay, within thirty days, the following:

(i) The lesser of: (A) The appraised fair market value less the earnest money or deposit; or (B) an amount equal to the compensation received from the acquiring entity when the property or portion of property was condemned or sold under threat of condemnation, with interest accrued at the market rate, and with the amount adjusted to reflect the value of any physical changes made by the acquiring entity to the property, such as improvements or removal of structures, less the earnest money or deposit; and

(ii) All required fees and costs otherwise required for the transfer of real property.

(g) Upon receipt of the full payment required in (f) of this subsection, the acquiring entity shall transfer title to the former owner, subject to any easements, other restrictions, or reserved rights retained by the acquiring entity. If the former owner fails to complete the sale, the earnest money or deposit is forfeited to the acquiring entity, the former owner's right of first refusal is extinguished, and the acquiring entity is relieved of any further obligation under this section.

(2) The acquiring entity may reject a notice of intent under subsection (1)(b) of this section received from a person claiming to be a successor or assignee that is not accompanied by evidence sufficient to demonstrate that the person is the successor or assignee of the person from whom the acquiring entity acquired the right of first refusal.

(3) The obligations imposed on an acquiring entity in this section are in addition to any provided by law for the surplusage or sale of public property to private parties. Nothing in this section precludes an acquiring entity from retaining the property and determining not to surplus and sell the property.

(4) This section does not apply to the sale or disposal of property to a public entity for a public purpose. This section does not apply to the sale or disposal of property that implements and is consistent with a community renewal plan approved pursuant to RCW 35.81.060.

(5) For the purposes of this section, "market rate" means two percentage points above the equivalent coupon issue yield, as published by the board of governors of the federal reserve system, of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted during the calendar month immediately following the date when the acquiring entity provided compensation to the former owner at the time the property was condemned or sold under threat of condemnation.

Sec. 4. RCW 28A.335.120 and 2006 c 263 s 913 are each amended to read as follows:

(1) The board of directors of any school district of this state may:

(a) Sell for cash, at public or private sale, and convey by deed all interest of the district in or to any of the real property of the district which is no longer required for school purposes; and

(b) Purchase real property for the purpose of locating thereon and affixing thereto any house or houses and appurtenant buildings removed from school sites owned by the district and sell for cash, at public or private sale, and convey by deed all interest of the district in or to such acquired and improved real property.

(2) When the board of directors of any school district proposes a sale of school district real property pursuant to this section and the value of the property exceeds seventy thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper with a general circulation in the area in which the school district is located. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the

proposal to dispose of the school district property at the place and the day and hour fixed in the notice and admit evidence offered for and against the propriety and advisability of the proposed sale.

(3) The board of directors of any school district desiring to sell surplus real property shall publish a notice in a newspaper of general circulation in the school district. School districts shall not sell the property for at least forty-five days following the publication of the newspaper notice.

(4) Private schools shall have the same rights as any other person or entity to submit bids for the purchase of surplus real property and to have such bids considered along with all other bids.

(5) Any sale of school district real property authorized pursuant to this section shall be preceded by a market value appraisal by a professionally designated real estate appraiser as defined in RCW 74.46.020 or a general real estate appraiser certified under chapter 18.140 RCW selected by the board of directors and no sale shall take place if the sale price would be less than ninety percent of the appraisal made by the real estate appraiser: PROVIDED, That if the property has been on the market for one year or more the property may be reappraised and sold for not less than seventy-five percent of the reappraised value with the unanimous consent of the board.

(6) If in the judgment of the board of directors of any district the sale of real property of the district not needed for school purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded: PROVIDED, That the use of a licensed real estate broker will not eliminate the obligation of the board of directors to provide the notice described in this section: PROVIDED FURTHER, That the fee or commissions charged for any broker services shall not exceed seven percent of the resulting sale value for a single parcel: PROVIDED FURTHER, That any professionally designated real estate appraiser as defined in RCW 74.46.020 or a general real estate appraiser certified under chapter 18.140 RCW selected by the board to appraise the market value of a parcel of property to be sold may not be a party to any contract with the school district to sell such parcel of property for a period of three years after the appraisal.

(7) If in the judgment of the board of directors of any district the sale of real property of the district not needed for school purposes would be facilitated and greater value realized through sale on contract terms, a real estate sales contract may be executed between the district and buyer.

(8) This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 5. RCW 35.58.340 and 1993 c 240 s 9 are each amended to read as follows:

Except as otherwise provided herein, a metropolitan municipal corporation may sell, or otherwise dispose of any real or personal property acquired in connection with any authorized metropolitan function and which is no longer required for the purposes of the metropolitan municipal corporation in the same manner as provided for cities. When the metropolitan council determines that a metropolitan facility or any part thereof which has been acquired from a component city or county without compensation is no longer required for metropolitan purposes, but is required as a local facility by the city or county from which it was acquired, the metropolitan council shall by resolution transfer it to such city or county. This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

A county, city, or town may dispose of real property acquired pursuant to this section to private persons only under such reasonable, competitive procedures as it shall prescribe. The county, city, or town may accept such proposals as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the county, city, or town may execute and deliver contracts, deeds, leases, and other instruments of transfer. This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Whenever a city shall determine, by resolution of its legislative authority, that any lands, property, or equipment originally acquired for public utility purposes is surplus to the city's needs and is not required for providing continued public utility service, then such legislative authority by resolution and after a public hearing may cause such lands, property, or equipment to be leased, sold, or conveyed. Such resolution shall state the fair market value or the rent or consideration to be paid and such other terms and conditions for such disposition as the legislative authority deems to be in the best public interest.

The provisions of RCW 35.94.020 and 35.94.030 shall not apply to dispositions authorized by this section.

This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

NEW SECTION. Sec. 9. A new section is added to chapter 39.33 RCW to read as follows:

This chapter is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 10. RCW 43.43.115 and 1993 c 438 s 1 are each amended to read as follows:

Whenever real property owned by the state of Washington and under the jurisdiction of the Washington state patrol is no longer required, it may be sold at fair market value. All proceeds received from the sale of real property, less any real estate broker commissions, shall be deposited into the state patrol highway account: PROVIDED, That if accounts or funds other than the state patrol highway account have contributed to the purchase or improvement of the real property, the office of financial management shall determine the proportional equity of each account or fund in the property and improvements, and shall direct the proceeds to be deposited proportionally therein.

This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 11. RCW 43.82.010 and 2004 c 277 s 906 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after April 1, 2004, with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has

been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(15) This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 12. RCW 47.12.063 and 2006 c 17 s 2 are each amended to read as follows:

(1) It is the intent of the legislature to continue the department's policy giving priority consideration to abutting property owners in agricultural areas when disposing of property through its surplus property program under this section.

(2) Whenever the department determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for transportation purposes and that it is in the public interest to do so, the department may sell the property or exchange it in full or part consideration for land or improvements or for construction of improvements at fair market value to any of the following governmental entities or persons:

(a) Any other state agency;

(b) The city or county in which the property is situated;

(c) Any other municipal corporation;

(g) Any abutting private owner but only after each other abutting private owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the property within fifteen days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;

(h) To any person through the solicitation of written bids through public advertising in the manner prescribed by RCW 47.28.050;

(i) To any other owner of real property required for transportation purposes;

(k) A federally recognized Indian tribe within whose reservation boundary the property is located.

(3) Sales to purchasers may at the department's option be for cash, by real estate contract, or exchange of land or improvements. Transactions involving the construction of improvements must be conducted pursuant to chapter 47.28

RCW or Title 39 RCW, as applicable, and must comply with all other applicable laws and rules.

(4) Conveyances made pursuant to this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(5) Unless otherwise provided, all moneys received pursuant to the provisions of this section less any real estate broker commissions paid pursuant to RCW 47.12.320 shall be deposited in the motor vehicle fund.

(6) This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 13. RCW 47.12.283 and 1979 ex.s. c 189 s 1 are each amended to read as follows:

(1) Whenever the department of transportation determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for highway purposes and that it is in the public interest to do so, the department may, in its discretion, sell the property under RCW 47.12.063 or under subsections (2) through (6) of this section.

(2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks prior to the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. No property shall be sold by negotiations or through a broker for less than the property's appraised fair market value. Any offer to purchase real property pursuant to this subsection shall be in writing and may be rejected at any time prior to written acceptance by the department.

(5) Before the department shall approve any offer for the purchase of real property having an appraised value of more than ten thousand dollars, pursuant to subsection (4) of this section, the department shall first publish a notice of the proposed sale in a local newspaper of general circulation in the area where the property is located. The notice shall include a description of the property, the selling price, the terms of the sale, including the price and interest rate if sold by real estate contract, and the name and address of the department employee or the real estate broker handling the transaction. The notice shall further state that any person may, within ten days after the publication of the notice, deliver to the designated state employee or real estate broker a written offer to purchase the property for not less than ten percent more than the negotiated sale price, subject to the same terms and conditions. A subsequent offer shall not be considered unless it is accompanied by a deposit of twenty percent of the offer in the form of cash, money order, cashiers check, or certified check payable to the Washington state treasurer, to be forfeited to the state (for deposit in the motor vehicle fund) if the offeror fails to complete the sale if the offeror's offer is accepted. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with

the designated state employee or real estate broker a higher offer than that of the subsequent offeror. After the expiration of the ten day period, the department shall approve in writing the highest and best offer which the department then has on file.

(6) All moneys received pursuant to this section, less any real estate broker's commissions paid pursuant to RCW 47.12.320, shall be deposited in the motor vehicle fund.

(7) This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 14. RCW 53.08.090 and 1994 c 26 s 1 are each amended to read as follows:

(1) A port commission may, by resolution, authorize the managing official of a port district to sell and convey port district property of ten thousand dollars or less in value. The authority shall be in force for not more than one calendar year from the date of resolution and may be renewed from year to year. Prior to any such sale or conveyance the managing official shall itemize and list the property to be sold and make written certification to the commission that the listed property is no longer needed for district purposes. Any large block of the property having a value in excess of ten thousand dollars shall not be broken down into components of ten thousand dollars or less value and sold in the smaller components unless the smaller components be sold by public competitive bid. A port district may sell and convey any of its real or personal property valued at more than ten thousand dollars when the port commission has, by resolution, declared the property to be no longer needed for district purposes, but no property which is a part of the comprehensive plan of improvement or modification thereof shall be disposed of until the comprehensive plan has been modified to find the property surplus to port needs. The comprehensive plan shall be modified only after public notice and hearing provided by RCW 53.20.010.

Nothing in this section shall be deemed to repeal or modify procedures for property sales within industrial development districts as set forth in chapter 53.25 RCW.

(2) The ten thousand dollar figures in subsection (1) of this section shall be adjusted annually based upon the governmental price index established by the department of revenue under RCW 82.14.200.

(3) This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 15. RCW 53.25.040 and 1989 c 167 s 1 are each amended to read as follows:

(1) A port commission may, after a public hearing thereon, of which at least ten days' notice shall be published in a newspaper of general circulation in the port district, create industrial development districts within the district and define the boundaries thereof, if it finds that the creation of the industrial development district is proper and desirable in establishing and developing a system of harbor improvements and industrial development in the port district.

(2) The boundaries of an industrial development district created by subsection (1) of this section may be revised from time to time by resolution of the port commission, to delete land area therefrom, if the land area to be deleted was acquired by the port district with its own funds or by gift or transfer other than pursuant to RCW 53.25.050 or 53.25.060.

As to any land area to be deleted under this subsection that was acquired or improved by the port district with funds obtained through RCW 53.36.100, the port district shall deposit funds equal to the fair market value of the lands and improvements into the fund for future use described in RCW 53.36.100 and such funds shall be thereafter subject to RCW 53.36.100. The fair market value of the land and improvements shall be determined as of the effective date of the port commission action deleting the land from the industrial

development district and shall be determined by an average of at least two independent appraisals by professionally designated real estate appraisers as defined in RCW 74.46.020 or licensed real estate brokers. The funds shall be deposited into the fund for future use described in RCW 53.36.100 within ninety days of the effective date of the port commission action deleting the land area from the industrial district. Land areas deleted from an industrial development district under this subsection shall not be further subject to the provisions of this chapter. This subsection shall apply to presently existing and future industrial development districts. Land areas deleted from an industrial development district under this subsection that were included within such district for less than two years, if the port district acquired the land through condemnation or as a consequence of threatened condemnation, shall be offered for sale, for cash, at the appraised price, to the former owner of the property from whom the district obtained title. Such offer shall be made by certified or registered letter to the last known address of the former owner. The letter shall include the appraised price of the property and notice that the former owner must respond in writing within thirty days or lose the right to purchase. If this right to purchase is exercised, the sale shall be closed by midnight of the sixtieth day, including nonbusiness days, following close of the thirty-day period. This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 16. RCW 70.44.300 and 1997 c 332 s 17 are each amended to read as follows:

(1) The board of commissioners of any public hospital district may sell and convey at public or private sale real property of the district if the board determines by resolution that the property is no longer required for public hospital district purposes or determines by resolution that the sale of the property will further the purposes of the public hospital district.

(2) Any sale of district real property authorized pursuant to this section shall be preceded, not more than one year prior to the date of sale, by market value appraisals by three licensed real estate brokers or professionally designated real estate appraisers as defined in RCW 74.46.020 or three independent experts in valuing health care property, selected by the board of commissioners, and no sale shall take place if the sale price would be less than ninety percent of the average of such appraisals.

(3) When the board of commissioners of any public hospital district proposes a sale of district real property pursuant to this section and the value of the property exceeds one hundred thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper of general circulation within the public hospital district. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the proposal to dispose of the public hospital district property at the place and the day and hour fixed in the notice and consider evidence offered for and against the propriety and advisability of the proposed sale.

(4) If in the judgment of the board of commissioners of any district the sale of any district real property not needed for public hospital district purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded. The fee or commissions charged for any broker service shall not exceed seven percent of the resulting sale price for a single parcel. No licensed real estate broker or professionally designated real estate appraisers as defined in RCW 74.46.020 or independent expert in valuing health care property selected by the board to appraise the market value of a parcel of property to be sold may be a party to any contract with

the public hospital district to sell such property for a period of three years after the appraisal.

(5) This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 17. RCW 79.36.330 and 2004 c 199 s 217 are each amended to read as follows:

In the event the department should determine that the property interests acquired under the authority of this chapter are no longer necessary for the purposes for which they were acquired, the department shall dispose of the same in the following manner, when in the discretion of the department it is to the best interests of the state of Washington to do so, except that property purchased with educational funds or held in trust for educational purposes shall be sold only in the same manner as are state lands:

(1) Where the state property necessitating the acquisition of private property interests for access purposes under authority of this chapter is sold or exchanged, the acquired property interests may be sold or exchanged as an appurtenance of the state property when it is determined by the department that sale or exchange of the state property and acquired property interests as one parcel is in the best interests of the state.

(2) If the acquired property interests are not sold or exchanged as provided in subsection (1) of this section, the department shall notify the person or persons from whom the property interest was acquired, stating that the property interests are to be sold, and that the person or persons shall have the right to purchase the same at the appraised price. The notice shall be given by registered letter or certified mail, return receipt requested, mailed to the last known address of the person or persons. If the address of the person or persons is unknown, the notice shall be published twice in an official newspaper of general circulation in the county where the lands or a portion thereof is located. The second notice shall be published not less than ten nor more than thirty days after the notice is first published. The person or persons shall have thirty days after receipt of the registered letter or five days after the last date of publication, as the case may be, to notify the department, in writing, of their intent to purchase the offered property interest. The purchaser shall include with his or her notice of intention to purchase, cash payment, certified check, or money order in an amount not less than one-third of the appraised price. No instrument conveying property interests shall issue from the department until the full price of the property is received by the department. All costs of publication required under this section shall be added to the appraised price and collected by the department upon sale of the property interests.

(3) If the property interests are not sold or exchanged as provided in subsections (1) and (2) of this section, the department shall notify the owners of land abutting the property interests in the same manner as provided in subsection (2) of this section and their notice of intent to purchase shall be given in the manner and in accordance with the same time limits as are set forth in subsection (2) of this section. However, if more than one abutting owner gives notice of intent to purchase the property interests, the department shall apportion them in relation to the lineal footage bordering each side of the property interests to be sold, and apportion the costs to the interested purchasers in relation thereto. Further, no sale is authorized by this section unless the department is satisfied that the amounts to be received from the several purchasers will equal or exceed the appraised price of the entire parcel plus any costs of publishing notices.

(4) If no sale or exchange is consummated as provided in subsections (1) through (3) of this section, the department shall sell the properties in the same manner as state lands are sold.

(5) Any disposal of property interests authorized by this chapter shall be subject to any existing rights previously granted by the department.

This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Sec. 19. RCW 80.40.030 and 1963 c 201 s 4 are each amended to read as follows:

The right of eminent domain granted hereby shall apply to property or property interests held in private ownership, provided condemnor has exercised good faith in negotiations for private sale or lease. No property shall be taken or damaged until the compensation to be made therefor shall have been ascertained and paid. Any property or interest therein so acquired by any natural gas company shall be used exclusively for the purposes for which it was acquired. Any decree of appropriation hereunder shall define and limit the rights condemned and shall provide for the reversion of such rights to the defendant or defendants or their successors in interest upon abandonment of the underground storage project. Good faith exploration work or development work relative to the storage reservoir is conclusive evidence that its use has not been abandoned. The court may include in such decree such other relevant conditions, covenants and restrictions as it may deem fair and equitable. This section is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation.

Such agencies are hereby authorized to convey or lease such facilities to an authority or to contract for their joint use on such terms as may be fixed by agreement between the agency and the authority.

The facilities and properties of an authority whose vehicles will operate primarily within the rights of way of public streets, roads, or highways, may be acquired, developed, and operated without the corridor and design hearings that are required by RCW 35.58.273 for mass transit facilities operating on a separate right of way;

(3) To dispose of any real or personal property acquired in connection with any authority function and that is no longer required for the purposes of the authority, in the same manner as provided for cities of the first class. When an authority determines that a facility or any part thereof that has been acquired from any public agency without compensation is no longer required for authority purposes, but is required by the agency from which it was acquired, the authority shall by resolution transfer it to such agency. This subsection is subject to and operates only to the extent its application is not inconsistent with the operation of section 3 of this act with respect to property acquired through or under the threat of condemnation;

(4) To fix rates, tolls, fares, and charges for the use of such facilities and to establish various routes and classes of service. Fares or charges may be adjusted or eliminated for any distinguishable class of users.

hear a bill in committee but yet we bring amendments on the floor that this party has not seen it. We have not discussed this in caucus. We had absolutely no knowledge of this coming on the floor and I would ask you to set it down until we have an opportunity to examine it. Thank you."

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute House Bill No. 2016 was deferred and the bill held its place on the second reading calendar.

SECOND READING

HOUSE BILL NO. 1137, by Representatives Fromhold, McDonald, Ormsby, Moeller and Haler

2007 REGULAR SESSION

NEW SECTION. Sec. 7. The department of health shall convene a group of interested stakeholders to identify relevant regulatory issues related to the implementation of this act, including a reasonable fee schedule for licenses and renewal licenses. The group shall report to the department on their recommendations no later than December 15, 2007.

NEW SECTION. Sec. 8. (1) The secretary may deny, suspend, or revoke the license of any ambulatory surgical facility in any case in which he or she finds the applicant or registered entity knowingly made a false statement of material fact in the application for the license or any supporting data in any record required by this chapter or matter under investigation by the department.

(2) The secretary shall investigate complaints concerning operation of an ambulatory surgical facility without a license. The secretary may issue a notice of intention to issue a cease and desist order to any person whom the secretary has reason to believe is engaged in the unlicensed operation of an ambulatory surgical facility. If the secretary makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the secretary may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the secretary. Any person operating an ambulatory surgical facility under this chapter without a license is guilty of a misdemeanor, and each day of operation of an unlicensed ambulatory surgical facility constitutes a separate offense.

(3) The secretary is authorized to deny, suspend, revoke, or modify a license or provisional license in any case in which it finds that there has been a failure or refusal to comply with the requirements of this chapter or the standards or rules adopted under this chapter. RCW 43.70.115 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(4) Pursuant to chapter 34.05 RCW, the secretary may assess monetary penalties of a civil nature not to exceed one thousand dollars per violation.

NEW SECTION. Sec. 9. (1) Every ambulatory surgical facility shall maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The program shall include at least the following:

(a) The establishment of a quality improvement committee with the responsibility to review the services rendered in the ambulatory surgical facility, both retrospectively and prospectively, in order to improve the quality of medical care of patients and to prevent medical malpractice. The committee shall oversee and coordinate the quality improvement and medical malpractice prevention program and shall ensure that information gathered pursuant to the program is used to review and to revise the policies and procedures of the ambulatory surgical facility;

(b) A medical staff privileges sanction procedure through which credentials, physical and mental capacity, and competence in delivering health care services are periodically reviewed as part of an evaluation of staff privileges;

(c) The periodic review of the credentials, physical and mental capacity, and competence in delivering health care services of all persons who are employed or associated with the ambulatory surgical facility;

(d) A procedure for the prompt resolution of grievances by patients or their representatives related to accidents, injuries, treatment, and other events that may result in claims of medical malpractice;

(e) The maintenance and continuous collection of information concerning the ambulatory surgical facility's experience with negative health care outcomes and incidents injurious to patients, patient grievances, professional liability

premiums, settlements, awards, costs incurred by the ambulatory surgical facility for patient injury prevention, and safety improvement activities;

(f) The maintenance of relevant and appropriate information gathered pursuant to (a) through (e) of this subsection concerning individual practitioners within the practitioner's personnel or credential file maintained by the ambulatory surgical facility;

(g) Education programs dealing with quality improvement, patient safety, medication errors, injury prevention, staff responsibility to report professional misconduct, the legal aspects of patient care, improved communication with patients, and causes of malpractice claims for staff personnel engaged in patient care activities; and

(h) Policies to ensure compliance with the reporting requirements of this section.

(2) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee is not subject to an action for civil damages or other relief as a result of such activity. Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (8) of this section is not subject to an action for civil damages or other relief as a result of the activity. For the purposes of this section, sharing information is presumed to be in substantial good faith. However, the presumption may be rebutted upon a showing of clear, cogent, and convincing evidence that the information shared was knowingly false or deliberately misleading.

(3) Information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee are not subject to review or disclosure, except as provided in this section, or discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence of information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any, and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by rule of the department to be made regarding the care and treatment received.

(4) Each quality improvement committee shall, on at least a semiannual basis, report to the management of the ambulatory surgical facility, as identified in the facility's application, in which the committee is located. The report shall review the quality improvement activities conducted by the committee, and any actions taken as a result of those activities.

(5) The department shall adopt such rules as are deemed appropriate to effectuate the purposes of this section.

(6) The medical quality assurance commission, the board of osteopathic medicine and surgery, or the podiatric medical

board, as appropriate, may review and audit the records of committee decisions in which a practitioner's privileges are terminated or restricted. Each ambulatory surgical facility shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained is not subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of an ambulatory surgical facility to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(7) The department and any accrediting organization may review and audit the records of a quality improvement committee or peer review committee in connection with their inspection and review of the ambulatory surgical facility. Information so obtained is not subject to the discovery process, and confidentiality shall be respected as required by subsection (3) of this section. Each ambulatory surgical facility shall produce and make accessible to the department the appropriate records and otherwise facilitate the review and audit.

(8) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or RCW 43.70.510 or 70.41.200, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. Information and documents disclosed by one coordinated quality improvement program to another coordinated quality improvement program or a peer review committee under RCW 4.24.250 and any information and documents created or maintained as a result of the sharing of information and documents are not subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section, RCW 18.20.390 (6) and (8), 70.41.200(3), 74.42.640 (7) and (9), and 4.24.250.

(9) An ambulatory surgical facility that participates in a coordinated quality improvement program under RCW 43.70.510 shall be deemed to have met the requirements of this section.

(10) Violation of this section shall not be considered negligence per se.

NEW SECTION. Sec. 10. The department shall establish and adopt such minimum standards and rules pertaining to the construction, maintenance, and operation of ambulatory surgical facilities and rescind, amend, or modify such rules, as are necessary in the public interest, and particularly for the establishment and maintenance of standards of patient care required for the safe and adequate care and treatment of patients. In establishing the format and content of these standards and rules, the department shall give consideration to maintaining consistency with such minimum standards and rules applicable to ambulatory surgical facilities in the survey standards of accrediting organizations or federal agencies that the secretary has determined to have substantially equivalent standards as the statutes and rules of this state.

NEW SECTION. Sec. 11. (1) The department shall make or cause to be made a survey of all ambulatory surgical facilities every eighteen months. Every survey of an ambulatory surgical facility may include an inspection of every part of the surgical facility. The department may make an examination of all phases

of the ambulatory surgical facility operation necessary to determine compliance with all applicable statutes, rules, and regulations. In the event that the department is unable to make a survey or cause a survey to be made during the three years of the term of the license, the license of the ambulatory surgical facility shall remain in effect until the state conducts a survey or a substitute survey is performed if the ambulatory surgical facility is in compliance with all other licensing requirements.

(2) An ambulatory surgical facility shall be deemed to have met the survey standards of this section if it submits proof of certification as a medicare ambulatory surgical facility or accreditation by an organization that the secretary has determined to have substantially equivalent survey standards to those of the department. A survey performed pursuant to medicare certification or by an approved accrediting organization may substitute for a survey by the department if:

(a) The ambulatory surgical facility has satisfactorily completed a survey by the department in the previous eighteen months; and

(b) Within thirty days of learning the result of a survey, the ambulatory surgical facility provides the department with documentary evidence that the ambulatory surgical facility has been certified or accredited as a result of a survey and the date of the survey.

(3) Ambulatory surgical facilities shall make the written reports of surveys conducted pursuant to medicare certification procedures or by an approved accrediting organization available to department surveyors during any department surveys, upon request.

NEW SECTION. Sec. 12. The department shall require ambulatory surgical facilities to submit data related to the quality of patient care for review by the department. The data shall be submitted every eighteen months. The department shall consider the reporting standards of other public and private organizations that measure quality in order to maintain consistency in reporting and minimize the burden on the ambulatory surgical facility. The department shall review the data to determine the maintenance of quality patient care at the facility. If the department determines that the care offered at the facility may present a risk to the health and safety of patients, the department may conduct an inspection of the facility and initiate appropriate actions to protect the public. Information submitted to the department pursuant to this section shall be exempt from disclosure under chapter 42.56 RCW.

NEW SECTION. Sec. 13. (1) The chief administrator or executive officer of an ambulatory surgical facility shall report to the department when the practice of a health care provider licensed by a disciplining authority under RCW 18.130.040 is restricted, suspended, limited, or terminated based upon a conviction, determination, or finding by the ambulatory surgical facility that the provider has committed an action defined as unprofessional conduct under RCW 18.130.180. The chief administrator or executive officer shall also report any voluntary restriction or termination of the practice of a health care provider licensed by a disciplining authority under RCW 18.130.040 while the provider is under investigation or the subject of a proceeding by the ambulatory surgical facility regarding unprofessional conduct, or in return for the ambulatory surgical facility not conducting such an investigation or proceeding or not taking action. The department shall forward the report to the appropriate disciplining authority.

(2) Reports made under subsection (1) of this section must be made within fifteen days of the date of: (a) A conviction, determination, or finding by the ambulatory surgical facility that the health care provider has committed an action defined as unprofessional conduct under RCW 18.130.180; or (b) acceptance by the ambulatory surgical facility of the voluntary restriction or termination of the practice of a health care provider, including his or her voluntary resignation, while under investigation or the subject of proceedings regarding unprofessional conduct under RCW 18.130.180.

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

(3) Failure of an ambulatory surgical facility to comply with this section is punishable by a civil penalty not to exceed two hundred fifty dollars.

(4) An ambulatory surgical facility, its chief administrator, or its executive officer who files a report under this section is immune from suit, whether direct or derivative, in any civil action related to the filing or contents of the report, unless the conviction, determination, or finding on which the report and its content are based is proven to not have been made in good faith. The prevailing party in any action brought alleging that the conviction, determination, finding, or report was not made in good faith is entitled to recover the costs of litigation, including reasonable attorneys' fees.

(5) The department shall forward reports made under subsection (1) of this section to the appropriate disciplining authority designated under Title 18 RCW within fifteen days of the date the report is received by the department. The department shall notify an ambulatory surgical facility that has made a report under subsection (1) of this section of the results of the disciplining authority's case disposition decision within fifteen days after the case disposition. Case disposition is the decision whether to issue a statement of charges, take informal action, or close the complaint without action against a provider. In its biennial report to the legislature under RCW 18.130.310, the department shall specifically identify the case dispositions of reports made by ambulatory surgical facilities under subsection (1) of this section.

NEW SECTION. Sec. 14. Each ambulatory surgical facility shall keep written records of decisions to restrict or terminate privileges of practitioners. Copies of such records shall be made available to the medical quality assurance commission, the board of osteopathic medicine and surgery, or the podiatric medical board, within thirty days of a request, and all information so gained remains confidential in accordance with sections 9 and 13 of this act and is protected from the discovery process. Failure of an ambulatory surgical facility to comply with this section is punishable by a civil penalty not to exceed two hundred fifty dollars.

NEW SECTION. Sec. 15. (1) Prior to granting or renewing clinical privileges or association of any practitioner or hiring a practitioner, an ambulatory surgical facility approved pursuant to this chapter shall request from the practitioner and the practitioner shall provide the following information:

(a) The name of any hospital, ambulatory surgical facility, or other facility with or at which the practitioner had or has any association, employment, privileges, or practice;

(b) If such association, employment, privilege, or practice was discontinued, the reasons for its discontinuation;

(e) A waiver by the practitioner of any confidentiality provisions concerning the information required to be provided to ambulatory surgical facilities pursuant to this subsection; and

(f) A verification by the practitioner that the information provided by the practitioner is accurate and complete.

(2) Prior to granting privileges or association to any practitioner or hiring a practitioner, an ambulatory surgical facility approved under this chapter shall request from any hospital or ambulatory surgical facility with or at which the practitioner had or has privileges, was associated, or was employed, the following information concerning the practitioner:

(a) Any pending professional medical misconduct proceedings or any pending medical malpractice actions, in this state or another state;

(b) Any judgment or settlement of a medical malpractice action and any finding of professional misconduct in this state or another state by a licensing or disciplinary board; and

(c) Any information required to be reported by hospitals or ambulatory surgical facilities pursuant to RCW 18.130.070.

(3) The medical quality assurance commission, board of osteopathic medicine and surgery, podiatric medical board, or dental quality assurance commission, as appropriate, shall be advised within thirty days of the name of any practitioner denied staff privileges, association, or employment on the basis of adverse findings under subsection (1) of this section.

(4) A hospital, ambulatory surgical facility, or other facility that receives a request for information from another hospital, ambulatory surgical facility, or other facility pursuant to subsections (1) and (2) of this section shall provide such information concerning the physician in question to the extent such information is known to the hospital, ambulatory surgical facility, or other facility receiving such a request, including the reasons for suspension, termination, or curtailment of employment or privileges at the hospital, ambulatory surgical facility, or facility. A hospital, ambulatory surgical facility, other facility, or other person providing such information in good faith is not liable in any civil action for the release of such information.

(5) Information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee are not subject to discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. (1) A person commits the crime of stalking if, without lawful authority and under circumstances not amounting to a felony attempt of another crime:

(a) He or she intentionally and repeatedly harasses or repeatedly follows another person; and

(b) The person being harassed or followed is placed in fear that the stalker intends to injure the person, another person, or property of the person or of another person. The feeling of fear must be one that a reasonable person in the same situation would experience under all the circumstances; and

(c) The stalker either:

(i) Intends to frighten, intimidate, or harass the person; or

(ii) Knows or reasonably should know that the person is afraid, intimidated, or harassed even if the stalker did not intend to place the person in fear or intimidate or harass the person.

A finding that the alleged stalker repeatedly and deliberately appears at the person's home, school, place of employment, business, or any other location to maintain visual or physical proximity to the person is sufficient to find that the alleged stalker follows the person. It is not necessary to establish that the alleged stalker follows the person while in transit from one location to another.

((b)) (c) "Harasses" means unlawful harassment as defined in RCW 10.14.020.

Creating the passport to college promise program.

The measure was read the second time.

MOTION

Senator Shin moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that in Washington, there are more than seven thousand three hundred children in foster family or group care. These children face unique obstacles and burdens as they transition to adulthood, including lacking continuity in their elementary and high school educations. As compared to the general population of students, twice as many foster care youth change schools at least once during their elementary and secondary school careers, and three times as many change schools at least three times. Only thirty-four percent of foster care youth graduate from high school within four years, compared to seventy percent for the general population. Of the former foster care youth who earn a high school diploma, more than twenty-eight percent earn a GED instead of a traditional high school diploma. This is almost six times the rate of the general population. Research indicates that GED holders tend not to be as economically successful as the holders of traditional high school diplomas. Only twenty percent of former foster care youth who earn a high school degree enroll in college, compared to over sixty percent of the population generally. Of the former foster care youth who do enroll in college, very few go on to earn a degree. Less than two percent of former foster care youth hold bachelor's degrees, compared to twenty-eight percent of Washington's population generally.

(b) Former foster care youth face two critical hurdles to enrolling in college. The first is a lack of information regarding preparation for higher education and their options for enrolling in higher education. The second is finding the financial resources to fund their education. As a result of the unique hurdles and challenges that face former foster care youth, a disproportionate number of them are part of society's large

NINETY-FOURTH DAY, APRIL 11, 2007

group of marginalized youth and are at increased risk of continuing the cycle of poverty and violence that frequently plagues their families.

(c) Former foster care youth suffer from mental health problems at a rate greater than that of the general population. For example, one in four former foster care youth report having suffered from posttraumatic stress disorder within the previous twelve months, compared to only four percent of the general population. Similarly, the incidence of major depression among former foster care youth is twice that of the general population, twenty percent versus ten percent.

(d) There are other barriers for former foster care youth to achieving successful adulthood. One-third of former foster care youth live in households that are at or below the poverty level. This is three times the rate for the general population. The percentage of former foster care youth who report being homeless within one year of leaving foster care varies from over ten percent to almost twenty-five percent. By comparison, only one percent of the general population reports having been homeless at sometime during the past year. One in three former foster care youth lack health insurance, compared to less than one in five people in the general population. One in six former foster care youth receive cash public assistance. This is five times the rate of the general population.

(e) Approximately twenty-five percent of former foster care youth are incarcerated at sometime after leaving foster care. This is four times the rate of incarceration for the general population. Of the former foster care youth who "age out" of foster care, twenty-seven percent of the males and ten percent of the females are incarcerated within twelve to eighteen months of leaving foster care.

(f) Female former foster care youth become sexually active more than seven months earlier than their nonfoster care counterparts, have more sexual partners, and have a mean age of first pregnancy of almost two years earlier than their peers who were not in foster care.

(2) The legislature intends to create the passport to college promise pilot program. The pilot program will initially operate for a six-year period, and will have two primary components, as follows:

(a) Significantly increasing outreach to foster care youth between the ages of fourteen and eighteen regarding the higher education opportunities available to them, how to apply to college, and how to apply for and obtain financial aid; and

(b) Providing financial aid to former foster care youth to assist with the costs of their public undergraduate college education.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cost of attendance" means the cost associated with attending a particular institution of higher education as determined by the higher education coordinating board, including but not limited to tuition, fees, room, board, books, personal expenses, and transportation, plus the cost of reasonable additional expenses incurred by an eligible student and approved by a financial aid administrator at the student's school of attendance.

(2) "Emancipated from foster care" means a person who was a dependent of the state in accordance with chapter 13.34 RCW and who was receiving foster care in the state of Washington when he or she reached his or her eighteenth birthday.

(3) "Financial need" means the difference between a student's cost of attendance and the student's total family contribution as determined by the method prescribed by the United States department of education.

(4) "Independent college or university" means a private, nonprofit institution of higher education, open to residents of the state, providing programs of education beyond the high school level leading to at least the baccalaureate degree, and accredited by the Northwest association of schools and colleges,

2007 REGULAR SESSION

and other institutions as may be developed that are approved by the higher education coordinating board as meeting equivalent standards as those institutions accredited under this section.

(5) "Institution of higher education" means:

(a) Any public university, college, community college, or technical college operated by the state of Washington or any political subdivision thereof; or

(b) Any independent college or university in Washington; or

(c) Any other university, college, school, or institute in the state of Washington offering instruction beyond the high school level that is a member institution of an accrediting association recognized by rule of the higher education coordinating board for the purposes of this section: PROVIDED, That any institution, branch, extension, or facility operating within the state of Washington that is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association, or a branch of a member institution of an accrediting association recognized by rule of the board for purposes of this section, that is eligible for federal student financial aid assistance and has operated as a nonprofit college or university delivering on-site classroom instruction for a minimum of twenty consecutive years within the state of Washington, and has an annual enrollment of at least seven hundred full-time equivalent students.

(6) "Program" means the passport to college promise pilot program created in this chapter.

NEW SECTION. Sec. 3. The passport to college promise pilot program is created. The purpose of the program is:

(1) To encourage current and former foster care youth to prepare for, attend, and successfully complete higher education; and

(2) To provide current and former foster care youth with the educational planning, information, institutional support, and direct financial resources necessary for them to succeed in higher education.

NEW SECTION. Sec. 4. (1) The higher education coordinating board shall design and, to the extent funds are appropriated for this purpose, implement, a program of supplemental scholarship and student assistance for students who have emancipated from the state foster care system after having spent at least one year in care.

(2) The board shall convene and consult with an advisory committee to assist with program design and implementation. The committee shall include but not be limited to former foster care youth and their advocates; representatives from the state board for community and technical colleges, and from public and private agencies that assist current and former foster care recipients in their transition to adulthood; and student support specialists from public and private colleges and universities.

(3) To the extent that sufficient funds have been appropriated for this purpose, a student is eligible for assistance under this section if he or she:

(a) Emancipated from foster care on or after January 1, 2007, after having spent at least one year in foster care subsequent to his or her sixteenth birthday;

(b) Is a resident student, as defined in RCW 28B.15.012(2);

(c) Is enrolled with or will enroll on at least a half-time basis with an institution of higher education in Washington state by the age of twenty-one;

(d) Is making satisfactory academic progress toward the completion of a degree or certificate program, if receiving supplemental scholarship assistance;

(e) Has not earned a bachelor's or professional degree; and

(f) Is not pursuing a degree in theology.

(4) A passport to college scholarship under this section:

(a) Shall not exceed resident undergraduate tuition and fees at the highest-priced public institution of higher education in the state; and

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

(b) Shall not exceed the student's financial need, less a reasonable self-help amount defined by the board, when combined with all other public and private grant, scholarship, and waiver assistance the student receives.

(5) An eligible student may receive a passport to college scholarship under this section for a maximum of five years after the student first enrolls with an institution of higher education or until the student turns age twenty-six, whichever occurs first. If a student turns age twenty-six during an academic year, and would otherwise be eligible for a scholarship under this section, the student shall continue to be eligible for a scholarship for the remainder of the academic year.

(6) The higher education coordinating board, in consultation with and with assistance from the state board for community and technical colleges, shall perform an annual analysis to verify that those institutions of higher education at which students have received a scholarship under this section have awarded the student all available need-based and merit-based grant and scholarship aid for which the student qualifies.

(7) In designing and implementing the passport to college student support program under this section, the board, in consultation with and with assistance from the state board for community and technical colleges, shall ensure that a participating college or university:

(a) Has a viable plan for identifying students eligible for assistance under this section, for tracking and enhancing their academic progress, for addressing their unique needs for assistance during school vacations and academic interims, and for linking them to appropriate sources of assistance in their transition to adulthood;

(b) Receives financial and other incentives for achieving measurable progress in the recruitment, retention, and graduation of eligible students.

NEW SECTION. Sec. 5. Effective operation of the passport to college promise pilot program requires early and accurate identification of former foster care youth so that they can be linked to the financial and other assistance that will help them succeed in college. To that end:

(1) All institutions of higher education that receive funding for student support services under section 4 of this act shall include on their applications for admission or on their registration materials a question asking whether the applicant has been in foster care in Washington state for at least one year since his or her sixteenth birthday. All other institutions of higher education are strongly encouraged to include such a question. No institution may consider whether an applicant may be eligible for a scholarship or student support services under this chapter when deciding whether the applicant will be granted admission.

(2) The department of social and health services shall devise and implement procedures for efficiently, promptly, and accurately identifying students and applicants who are eligible for services under section 4 of this act, and for sharing that information with the higher education coordinating board and with institutions of higher education. The procedures shall include appropriate safeguards for consent by the applicant or student before disclosure.

NEW SECTION. Sec. 6. (1) To the extent funds are appropriated for this purpose, the higher education coordinating board, with input from the state board for community and technical colleges, the foster care partnership, and institutions of higher education, shall develop and maintain an internet web site and outreach program to serve as a comprehensive portal for foster care youth in Washington state to obtain information regarding higher education including, but not necessarily limited to:

(a) Academic, social, family, financial, and logistical information important to successful postsecondary educational success;

(c) What college placement tests, if any, are generally required for admission to college and when and how to register for such tests;

(d) How and when to obtain and complete a federal free application for federal student aid (FAFSA); and

(e) Detailed sources of financial aid likely available to eligible former foster care youth, including the financial aid provided by this chapter.

(2) The board shall determine whether to design, build, and operate such program and web site directly or to use, support, and modify existing web sites created by government or nongovernmental entities for a similar purpose.

NEW SECTION. Sec. 7. (1) To the extent funds are appropriated for this purpose, the department of social and health services, with input from the state board for community and technical colleges, the higher education coordinating board, and institutions of higher education, shall contract with at least one nongovernmental entity through a request for proposals process to develop, implement, and administer a program of supplemental educational transition planning for youth in foster care in Washington state.

(2) The nongovernmental entity or entities chosen by the department shall have demonstrated success in working with foster care youth and assisting foster care youth in successfully making the transition from foster care to independent adulthood.

(3) The selected nongovernmental entity or entities shall provide supplemental educational transition planning to foster care youth in Washington state beginning at age fourteen and then at least every six months thereafter. The supplemental transition planning shall include:

(a) Comprehensive information regarding postsecondary educational opportunities including, but not limited to, sources of financial aid, institutional characteristics and record of support for former foster care youth, transportation, housing, and other logistical considerations;

(b) How and when to apply to postsecondary educational programs;

(c) What precollege tests, if any, the particular foster care youth should take based on his or her postsecondary plans and when to take the tests;

(d) What courses to take to prepare the particular foster care youth to succeed at his or her postsecondary plans;

(e) Social, community, educational, logistical, and other issues that frequently impact college students and their success rates; and

(f) Which web sites, nongovernmental entities, public agencies, and other foster care youth support providers specialize in which services.

(4) The selected nongovernmental entity or entities shall work directly with the school counselors at the foster care youths' high schools to ensure that a consistent and complete transition plan has been prepared for each foster care youth who emancipates out of the foster care system in Washington state.

NEW SECTION. Sec. 8. (1) The higher education coordinating board shall report to appropriate committees of the legislature by January 15, 2008, on the status of program design and implementation. The report shall include a discussion of proposed scholarship and student support service approaches; an estimate of the number of students who will receive such services; baseline information on the extent to which former foster care youth who meet the eligibility criteria in section 4 of this act have enrolled and persisted in postsecondary education; and recommendations for any statutory changes needed to promote achievement of program objectives.

(2) The state board for community and technical colleges and the higher education coordinating board shall monitor and analyze the extent to which eligible young people are increasing their participation, persistence, and progress in postsecondary education, and shall jointly submit a report on their findings to appropriate committees of the legislature by December 1, 2009, and by December 1, 2011.

NEW SECTION. Sec. 9. Nothing in this chapter may be construed to:

(1) Guarantee acceptance by, or entrance into, any institution of higher education; or

In particular, the department shall contract with a consultant to conduct a review of existing research literature on whether these economic benefits exceed the state expenditures to subsidize the cost of the midwifery licensing and regulatory program under RCW 43.70.250. The evaluation shall include an assessment of the economic benefits to consumers who elect out-of-hospital births with midwives, including any reduced use of procedures that increase the costs of childbirth. Furthermore, the study shall identify the reasons for the high per-licensee costs of the midwifery licensure and regulatory program. To the extent such costs are the result of department of health investigations of midwives, the study shall identify the nature of the initiating complainant (including categories such as birth parent, other family members, other licensed midwives, certified midwives, obstetricians, gynecologists, other health care professional, paramedics, and department of health) for each investigation conducted during the previous three years, and whether the birth parents supported or opposed the investigation. The department shall identify the outcome and estimated costs of each such investigation, the average cost to the defending midwife of the investigations, and for the midwives whose licenses were not revoked, whether the midwife elected to continue seeking licensure in the subsequent two years.

The report may also examine the effectiveness of a health professions credentialing surcharge to (1) reduce the variation in levels of credentialing fees paid by health care providers regulated by the department, (2) provide greater equity in credentialing fee amounts, and (3) increase the number of health care providers in those professions. Creating the heritage barn preservation program.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that historic barns are essential symbols of Washington's heritage representing a pioneering spirit of industriousness. Important for their association with broad patterns of agricultural history and community development and as examples of distinct architectural styles and methods of construction, historic barns

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

serve as highly visible icons for local residents and visitors alike. The legislature acknowledges that factors such as changes in the agricultural economy and farming technologies, prohibitive rehabilitation costs, development pressures, and regulations restricting new uses, collectively work to endanger historic barns statewide and contribute to their falling into decay or being demolished altogether.

As historic barns represent irreplaceable resources, and recognizing that barn preservation will work to retain these structures as functional and economically viable elements of working lands, the purpose of this act is to create a system acknowledging heritage barns statewide that provides emergency assistance to heritage barn owners through matching grants, assesses the need for long-term barn preservation, and considers additional incentives and regulatory revisions that work toward the preservation of heritage barns as integral components of Washington's historic landscapes.

NEW SECTION. Sec. 2. (1) The Washington state heritage barn preservation program is created in the department.

(2) The director, in consultation with the heritage barn preservation advisory board, shall conduct a thematic study of Washington state's barns. The study shall include a determination of types, an assessment of the most unique and significant barns in the state, and a condition and needs assessment of historic barns in the state.

(3)(a) The department, in consultation with the heritage barn preservation advisory board, shall establish a heritage barn recognition program. To apply for recognition as a heritage barn, the barn owner shall supply to the department photos of the barn, photos of the farm and surrounding landscape, a brief history of the farm, and a construction date for the barn.

(b) Three times a year, the governor's advisory council on historic places shall review the list of barns submitted by the department for formal recognition as a heritage barn.

(4) Eligible applicants for heritage barn preservation fund awards include property owners, nonprofit organizations, and local governments.

(5) To apply for support from the heritage barn preservation fund, an applicant must submit an application to the department in a form prescribed by the department. Applicants must provide at least fifty percent of the cost of the project through in-kind labor, the applicant's own moneys, or other funding sources.

(6) The following types of projects are eligible for funding:

(a) Stabilization of endangered heritage barns and related agricultural buildings, including but not limited to repairs to foundations, sills, windows, walls, structural framework, and the repair and replacement of roofs; and

(b) Work that preserves the historic character, features, and materials of a historic barn.

(7) In making awards, the advisory board shall consider the following criteria:

(a) Relative historical and cultural significance of the barn;

(b) Urgency of the threat and need for repair;

(c) Extent to which the project preserves historic character and extends the useful life of the barn or associated agricultural building;

(d) Visibility of the barn from a state designated scenic byway or other publicly traveled way;

(e) Extent to which the project leverages other sources of financial assistance;

(f) Provision for long-term preservation;

(g) Readiness of the applicant to initiate and complete the project; and

(h) Extent to which the project contributes to the equitable geographic distribution of heritage barn preservation fund awards across the state.

(8) In awarding funds, special consideration shall be given to barns that are:

(a) Still in agricultural use;

(b) Listed on the national register of historic places; or

(c) Outstanding examples of their type or era.

(9) The conditions in this subsection must be met by recipients of funding in order to satisfy the public benefit requirements of the heritage barn preservation program.

(a) Recipients must execute a contract with the department before commencing work. The contract must include a historic preservation easement for between five to fifteen years depending on the amount of the award. The contract must specify public benefit and minimum maintenance requirements.

(b) Recipients must proactively maintain their historic barn for a minimum of ten years.

(c) Public access to the exterior of properties that are not visible from a public right-of-way must be provided under reasonable terms and circumstances, including the requirement that visits by nonprofit organizations or school groups must be offered at least one day per year.

(10) All work must comply with the United States secretary of the interior's standards for the rehabilitation of historic properties; however, exceptions may be made for the retention or installation of metal roofs on a case-by-case basis.

(11) The heritage barn preservation fund shall be acknowledged on any materials produced and in publicity for the project. A sign acknowledging the fund shall be posted at the worksite for the duration of the preservation agreement.

(12) Projects must be initiated within one year of funding approval and completed within two years, unless an extension is provided by the department in writing.

(13) If a recipient of a heritage barn preservation fund award, or subsequent owner of a property that was assisted by the fund, takes any action within ten years of the funding award with respect to the assisted property such as dismantlement, removal, or substantial alteration, which causes it to be no longer eligible for listing in the Washington heritage register, the fund shall be repaid in full within one year.

NEW SECTION. Sec. 3. (1) The director shall establish a Washington state heritage barn preservation advisory board that includes:

(a) Two members representing owners of heritage barns nominated by recognized agricultural organizations;

(b) The chair of the advisory council, or the chair's designee;

(c) A representative of a statewide historic preservation organization;

(d) A representative of a county heritage commission that is recognized by the department as a certified local government;

(e) Two elected county officials, one appointed by the Washington state association of counties and one appointed by the Washington association of county officials;

(f) A representative of a private foundation with an interest in the preservation of barns;

(g) A representative of a land trust that is experienced with easements; and

(h) At least one at-large member with appropriate expertise in barn architecture, architectural history, construction, engineering, or a related field.

(2) The director may invite representatives of federal agencies that have barn preservation programs or expertise to participate on the advisory board, who shall serve as ex-officio members.

(3) The director shall work to assure that the advisory board members are from diverse geographic regions of the state. The director may serve as chair, or appoint a person to serve as chair.

(4) The advisory board shall provide advice to the director regarding:

(a) The criteria for designation of heritage barns;

(b) The criteria for determining eligibility for grant funds including contracting provisions between the department and grant recipients. In developing this criteria, the department and the advisory board shall consult with the state attorney general; and

(c) The criteria for awarding grants for barn rehabilitation.

NINETY-FOURTH DAY, APRIL 11, 2007

(5) The advisory board shall examine regulatory issues that impose constraints on the ability to use heritage barns for contemporary economically productive purposes including building and land use codes.

(6) By December 1, 2010, the department shall provide a final report to appropriate committees of the legislature that summarizes the accomplishments of the program, addresses regulatory issues examined under subsection (5) of this section, and makes final recommendations.

(7) This section expires December 31, 2010.

NEW SECTION. Sec. 4. (1) The heritage barn preservation fund is created as an account in the state treasury. All receipts from appropriations and private sources must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to provide assistance to owners of heritage barns in Washington state in the stabilization and restoration of their barns so that these historic properties may continue to serve the community.

(2) The department shall minimize the amount of funds that are used for program administration, which shall include consultation with the department of general administration's barrier-free facilities program for input regarding accessibility for people with disabilities where public access to historic barns is permitted.

(3) The primary public benefit of funding through the heritage barn preservation program is the preservation and enhancement of significant historic properties that provide economic benefit to the state's citizens and enrich communities throughout the state.

If an additional evidentiary hearing is ordered and the court determines that there is reason to believe that there is a genuine issue about whether the vulnerable adult is unable to protect his or her person or estate in connection with the issues raised in the petition or order, the court may issue a temporary order for protection of the vulnerable adult pending a decision after the evidentiary hearing.

NINETY-FOURTH DAY, APRIL 11, 2007

(2) An evidentiary hearing on the issue of whether the vulnerable adult is unable, due to incapacity, undue influence, or duress, to protect his or her person or estate in connection with the issues raised in the petition or order, shall be held within fourteen days of entry of the temporary order for protection under subsection (1) of this section. If the court did not enter a temporary order for protection, the evidentiary hearing shall be held within fourteen days of the prior hearing on the petition. Notice of the time and place of the evidentiary hearing shall be personally served upon the vulnerable adult and the respondent not less than six court days before the hearing. When good faith attempts to personally serve the vulnerable adult and the respondent have been unsuccessful, the court shall permit service by mail, or by publication if the court determines that personal service and service by mail cannot be obtained. If timely service cannot be made, the court may set a new hearing date. A hearing under this subsection is not necessary if the vulnerable adult has been determined to be fully incapacitated over either the person or the estate, or both, under the guardianship laws, chapter 11.88 RCW. If a hearing is scheduled under this subsection, the protection order shall remain in effect pending the court's decision at the subsequent hearing.

(3) At the hearing scheduled by the court, the court shall give the vulnerable adult, the respondent, the petitioner, and in the court's discretion other interested persons, the opportunity to testify and submit relevant evidence.

(4) If the court determines that the vulnerable adult is capable of protecting his or her person or estate in connection with the issues raised in the petition, and the individual continues to object to the protection order, the court shall dismiss the order or may modify the order if agreed to by the vulnerable adult. If the court determines that the vulnerable adult is not capable of protecting his or her person or estate in connection with the issues raised in the petition or order, and that the individual continues to need protection, the court shall order relief consistent with RCW 74.34.130 as it deems necessary for the protection of the vulnerable adult. In the entry of any order that is inconsistent with the expressed wishes of the vulnerable adult, the court's order shall be governed by the legislative findings contained in RCW 74.34.005.

NEW SECTION. Sec. 10. A new section is added to chapter 74.34 RCW to read as follows:

Any vulnerable adult who has not been adjudicated fully incapacitated under chapter 11.88 RCW, or the vulnerable adult's guardian, at any time subsequent to entry of a permanent protection order under this chapter, may apply to the court for an order to modify or vacate the order. In a hearing on an application to dismiss or modify the protection order, the court shall grant such relief consistent with RCW 74.34.110 as it deems necessary for the protection of the vulnerable adult, including dismissal or modification of the protection order.

The President declared the question before the Senate to be the motion by Senator Rasmussen to not adopt the committee striking amendment by the Committee on Agriculture & Rural Economic Development to Engrossed House Bill No. 1648.

The motion by Senator Rasmussen carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Rasmussen moved that the following striking amendment by Senator Rasmussen and others be adopted:

2007 REGULAR SESSION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that agricultural activities are often subjected to nuisance lawsuits. The legislature also finds that such lawsuits hasten premature conversion of agricultural lands to other uses. The legislature further finds that agricultural activities must be able to adopt new technologies and diversify into new crops and products if the agricultural industry is to survive and agricultural lands are to be conserved. Therefore, the legislature intends to enhance the protection of agricultural activities from nuisance lawsuits, and to further the clear legislative directive of the state growth management act to maintain and enhance the agricultural industry and conserve productive agricultural lands.

Sec. 2. RCW 7.48.305 and 1992 c 151 s 1 and 1992 c 52 s 3 are each reenacted and amended to read as follows:

Notwithstanding any other provision of this chapter, agricultural activities conducted on farmland and forest practices, if consistent with good agricultural and forest practices and established prior to surrounding nonagricultural and nonforestry activities, are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity or practice has a substantial adverse effect on ~~((the))~~ public health and safety.

If those agricultural activities and forest practices are undertaken in conformity with all applicable laws and rules, ~~((the activities))~~ they are presumed to be good agricultural and forest practices not adversely affecting the public health and safety for purposes of this section and RCW 7.48.300. An agricultural activity that is in conformity with such laws and rules shall not be restricted as to the hours of the day or day or days of the week during which it may be conducted.

Nothing in this section shall affect or impair any right to sue for damages.

Sec. 3. RCW 7.48.310 and 1992 c 52 s 4 are each amended to read as follows:

As used in RCW 7.48.305:

(1) "Agricultural activity" means a condition or activity which occurs on a farm in connection with the commercial production of farm products and includes, but is not limited to, marketed produce at roadside stands or farm markets; noise; odors; dust; fumes; operation of machinery and irrigation pumps; movement, including, but not limited to, use of current county road ditches, streams, rivers, canals, and drains, and use of water for agricultural activities; ground and aerial application of seed, fertilizers, conditioners, and plant protection products; keeping of bees for production of agricultural or apicultural products; employment and use of labor; roadway movement of equipment and livestock; protection from damage by wildlife; prevention of trespass; construction and maintenance of buildings, fences, roads, bridges, ponds, drains, waterways, and similar features and maintenance of streambanks and watercourses; and conversion from one agricultural activity to another, including a change in the type of plant-related farm product being produced. The term includes use of new practices and equipment consistent with technological development within the agricultural industry.

(2) "Farm" means the land, buildings, freshwater ponds, freshwater culturing and growing facilities, and machinery used in the commercial production of farm products.

(3) "Farmland" means land or freshwater ponds devoted primarily to the production, for commercial purposes, of livestock, freshwater aquacultural, or other ~~((agricultural commodities))~~ farm products.

(4) "Farm product" means those plants and animals useful to humans and includes, but is not limited to, forages and sod crops, dairy and dairy products, poultry and poultry products, livestock, including breeding, grazing, and recreational equine use, fruits, vegetables, flowers, seeds, grasses, trees, freshwater fish and fish products, apiaries and apiary products, equine and

other similar products, or any other product which incorporates the use of food, feed, fiber, or fur.

(5) "Forest practice" means "forest practice" as defined in RCW 76.09.020."

MOTION

Senator Fairley moved that the following committee striking amendment by the Committee on Government Operations & Elections be not adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.070 and 2005 c 360 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall designate, as appropriate, a sufficient quantity of land needed for residential, commercial, and industrial uses. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to ~~((manage))~~ accommodate projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies a sufficient quantity of land suitable for meeting the existing and projected housing needs identified in (a) of this subsection, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population.

Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((+4))~~) (15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((+4))~~) (15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must

2007 REGULAR SESSION

include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the department of transportation's six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ~~((six-year))~~ ten-year improvement program developed by the department of transportation as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent

with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year plan required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, work force, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

Sec. 2. RCW 36.70A.090 and 1990 1st ex.s. c 17 s 9 are each amended to read as follows:

A comprehensive plan should provide for innovative land use management techniques, including, but not limited to, density bonuses, cluster housing, planned unit developments, mixed-use development, accessory dwelling units, and the transfer of development rights.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county and one or more of its cities, or two or more counties sharing a common border and their cities, may adopt countywide planning policies or multicounty planning policies establishing subregions in order to address housing and employment markets that cross jurisdictional boundaries. Policies adopted under this section may include, but are not limited to:

(a) Policies that reallocate among the counties and cities in the subregion the population growth established for each local government under RCW 36.70A.110;

(b) Policies that provide for a sufficient number of housing units to accommodate the existing housing needs and projected population growth in the subregion; and

(c) Policies that provide for sufficient land suitable for development to meet the needs for commercial and industrial growth in the subregion.

(2) The local governments within the subregion may use the countywide planning policies or multicounty planning policies, interlocal agreements under chapter 39.34 RCW, or any other appropriate mechanism to implement the policies established under subsection (1) of this section.

Sec. 4. RCW 36.70A.110 and 2004 c 206 s 1 are each amended to read as follows:

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

(1) In accordance with the requirements of this section, each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Counties planning under RCW 36.70A.040 with populations of at least one hundred seventy-five thousand must:

(a) Consult and cooperate with each city within an urban growth area proposed for modification prior to and concurrent with actions to modify the urban growth area within which the city or cities are located; and

(b) Report to the appropriate committees of the house of representatives and the senate by December 1, 2007, on the implementation of, and any impediments related to, the requirements of (a) of this subsection.

(4) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

~~((4))~~ (5) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

~~((5))~~ (6) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

~~((6))~~ (7) Each county shall include designations of urban growth areas in its comprehensive plan.

~~((7))~~ (8) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

NEW SECTION. Sec. 5. (1) Population in western Washington is growing and will continue to grow. Models indicate that the central Cascades region can expect a doubling of the population within the next one hundred years.

(2) The growth management act has used large lot zoning to discourage residential development of rural and resource lands. However, historical entitlement of smaller lots coupled with rapidly increasing real estate values have led to widespread development of nonurban lots of a variety of sizes, locations, and zoning categories. This problem is exacerbated by recent trends in the timber industry, resulting in ownership changes, accelerated harvesting regimes, and likely conversion of many properties to residential development in the near term. It is reasonable to assume that under a one hundred-year timeframe all nonurban lots are likely to be developed.

(3) The increase in nonurban development has disproportionate undesirable impacts to landscape and watershed integrity, environmental functions, economic viability of resource lands, and public costs.

(4) Additional approaches to managing rural growth are needed. Success will likely not come from a single strategy; rather, a multifaceted approach is required. Implementation of a region-wide or statewide transfer of development rights program could play a major role in finding a solution.

(5) The most important component in building a successful transfer of development rights program is creating adequate receiving area capacity. Accommodating dramatic population growth while meeting resource conservation goals over the next one hundred years will require greatly increasing receiving area capacity. It is a regional goal to direct growth to urban areas, and therefore it is a priority to develop this receiving capacity primarily in urban areas. In addition, the potential for additional receiving areas in appropriate nonurban areas is being explored concurrently.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county planning under RCW 36.70A.040 that meets the criteria in subsection (2) of this section may designate no more than one rural village in the rural area outside of limited areas of more intensive rural development established pursuant to RCW 36.70A.070(5)(d). For the purposes of this section,

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

"rural village" is defined as a compact, environmentally friendly rural development created using transfer of development rights. Rural villages will be located in the rural area, and shall coexist with traditional rural land uses such as farming and forestry. Rural villages are not urban growth, nor are they lands "characterized by urban growth" for purposes of citing adjacent or nearby lands as new urban growth areas pursuant to RCW 36.70A.110(2).

(2) Under this chapter, a county may designate a rural village in the rural area outside of limited areas of more intensive rural development established pursuant to RCW 36.70A.070(5)(d) as follows:

(a) Residential Development. The rural village may contain fifty to three hundred fifty dwelling units and may include single-family detached or attached housing, multifamily housing, and accessory dwelling units. The maximum allowable lot size for single-family detached units is seven thousand square feet within a rural village.

(b) Nonresidential Development. The rural village may include nonresidential development that is designed to serve the village population and nearby existing and projected rural residents.

(c) Development Right Transfers. All rural village nonresidential square footage or dwelling units that exceed base zoning shall require the transfer or purchase of development rights from designated land within the rural area or natural resource lands ("sending areas") as follows:

(i) For the purposes of this section, one transferable development right shall be allocated for each unrealized dwelling unit permitted by applicable development regulations, as calculated on a gross basis (allowed density x gross acreage of the property). In determining how these development rights transfer to the rural village, the county may consider local circumstances, but is encouraged to provide incentives to transfer or purchase development rights from existing nonconforming lots and authorize the transfer or purchase of development rights from larger properties that will provide landscape scale conservation benefits consistent with RCW 36.70A.011 and reduce transactions and acquisition costs helping to make the end product more affordable.

(ii) At least one-half of the development rights included in a rural village shall be transferred from the rural area, with any remainder coming from resource lands.

(iii) Each development right transferred from an existing rural lot nonconforming as to minimum lot size or density shall be given a 0.25 development rights bonus when used within a rural village.

(d) Conservation Easements. Development rights purchased or transferred from sending area properties shall be extinguished with conservation easements held jointly by a nonprofit organization and the relevant local government. The conservation easement shall permanently restrict development of the property, but shall allow for typical rural land uses, including agriculture and working forestry. A stewardship fund established by endowment, contractually established annual homeowners association fees, or a perpetual resale fee shall be created for the sending area property to ensure capacity for stewardship of conservation easement lands held in fee by the homeowners association of the rural village, and to monitor and enforce the conservation easement for all sending lands by the responsible parties.

(e) Siting Criteria. A county shall establish the criteria for siting a rural village in the rural element of its comprehensive plan. The criteria shall be in keeping with local circumstances, RCW 36.70A.070(5)(c), and favor sites with limited visual impacts, proximity to existing transportation networks, limited need for service improvements, affordability of housing in the rural village, and appropriate environmental characteristics.

(f) Designation. A rural village shall be designated in the rural element of the comprehensive plan. The regulations governing its development, including location of sending areas,

shall be included in the county's development regulations. The rural village must comply with all relevant development regulations, including critical areas regulations and transportation concurrency requirements. The county may adopt level of service or concurrency standards to address the consolidation of traffic that will result from a rural village.

(g) Boundaries. Clear boundaries shall be delineated for each rural village and shall not be expanded. Boundaries shall be buffered from surrounding land uses by physical barriers (e.g., river or undeveloped bluff) or a swath of permanently conserved land at least two hundred fifty feet wide. Boundary delineations shall maintain and integrate riparian buffers required under previous land use designation, or as required by existing critical areas designation, whichever is greater. A conservation easement restricting development in this buffer shall be held jointly by a nonprofit organization and the relevant local government.

(h) Public Services and Public Facilities.

(i) Public services and public facilities shall be limited to those necessary to serve the rural village and shall be provided in a manner that does not permit low-density sprawl. For the purposes of this section, "public services and public facilities" shall not include public schools or school facilities.

(ii) New or improved infrastructure necessary to serve the rural village shall be provided or applicable impact fees paid. New or improved infrastructure may be provided by the applicant, the county, or by a public-private partnership.

(iii) Transportation.

(A) Multimodal site planning shall be implemented and may include, but is not limited to, neighborhood circulators; bicycle paths; and park and ride, community vanpool, and carshare parking spaces.

(B) A pedestrian or nonmotorized transportation network of trails or walkways should connect residences to services and open space within and adjacent to the rural village. Walkways are pedestrian lanes that provide people with space to travel within the public right-of-way that is separated from roadway vehicles. They also provide places for children to walk, run, skate, ride bikes, and play. These facilities also improve mobility for pedestrians and provide access for all types of pedestrian travel. Walkways should be part of every new and renovated facility and every effort should be made to retrofit streets that currently do not have sidewalks. Walkways may be constructed of asphalt, crushed stone, or other materials if they are properly maintained and accessible as well as firm, stable, and slip-resistant.

(C) Road capacity exists to accommodate the projected needs of the village population and it shall meet county standards. Necessary roadway improvements may include safety enhancements, site access projects, signage revisions, and traffic facility flow and management tools.

(D) Counties shall develop innovative road standards for rural villages that are compatible with rural character and minimize impervious surfaces and storm water runoff.

(E) Rural villages are not to be gated communities. Legal instruments shall be recorded granting to the general public the right to access and utilize the transportation facilities described in (h)(iii)(A) through (D) of this subsection.

(iv) Water rights. A community water system shall be appropriately sized to serve the rural village and shall rely on existing water law to obtain adequate water rights. Such water system shall incorporate efficiency and conservation measures designed to reduce water usage.

(v) Wastewater treatment. Counties are encouraged to authorize innovative techniques for wastewater treatment in rural villages, including, but not limited to, membrane bioreactor systems. Greywater reuse for flushing, irrigation, and other appropriate uses should be authorized.

(vi) Storm water management. Counties should authorize innovative techniques for storm water management, including, but not limited to, bioswales and other natural storm water

NINETY-FOURTH DAY, APRIL 11, 2007

management systems and alternative uses for storm water that encourage water reuse, groundwater infiltration, or both.

(i) Open Space. The rural village shall contain community open space. Uses of this open space may include, but are not limited to, community gathering space, village green, park, or rural resource use. A portion of the open space must function as a village green or gathering place able to accommodate the population of the rural village.

(j) Green Building. All rural villages shall meet the national association of home builders gold level green building guidelines. Equivalent or more stringent green building standards may be substituted for this requirement (e.g., leadership in energy and environmental design, green globes, or other recognized green building standards).

(k) Native Vegetation. Disturbance of some native vegetation is likely unavoidable in the development of rural villages. However, maintaining forest cover and other native vegetation is important to the health of watersheds and the Puget Sound. Thus, to the maximum extent possible, clearing of native vegetation shall be avoided or mitigated.

(i) The disturbance of native plants and forest cover on the development site shall be minimized.

(ii) Disturbance of the development site shall be mitigated via on-site or off-site restoration or replanting of an area roughly equivalent in size to the cleared area via a fee paid to a qualified government or nonprofit land management organization.

(iii) Native plant species for landscaping of nonlawn areas of private residences shall be used. Public rights-of-way, street planting strips, and common areas shall be replanted with a regionally appropriate native plant community and structure.

(l) Design Standards. A county shall include in its development regulations design standards to protect the rural character of the area. At a minimum these design standards should address the following:

- (i) Utilities;
- (ii) Roadways and transportation;
- (iii) Visual impacts (e.g., protecting view sheds along roadways, ridgelines, hillsides, etc.); and
- (iv) Lighting and the preservation of dark skies.

(m) Notice on Title. Each county designating a rural village pilot project shall require that all plats, short plats, development permits, and building permits issued for development activities within a rural village demonstration project contain a notice that the subject property is located in a rural area where a variety of traditional rural activities may occur that may generate sights, sounds, and smells associated with farming, forestry, and other traditional rural uses. In addition, the notice for lands within a rural village demonstration project shall advise that services in rural areas are often limited and consist of rural governmental services rather than urban governmental services. The notice shall run with the land.

(3) A county may not issue groundwater well permits for any groundwater uses except stock-watering purposes, or agricultural industrial purposes allowed under RCW 90.44.050 on properties from which development rights have been sold or transferred (sending sites).

(4) Any county intending to designate a rural village demonstration project shall notify the department. The department shall ensure that a maximum of three demonstration projects may be established under this section. Any county choosing to withdraw a demonstration project shall notify the department and the department may accept an alternate project.

(5) The department shall report to the appropriate committees of the legislature annually on the progress of any rural villages established under this section. Additionally, the department shall prepare a final report to be submitted no later than December 1, 2012, on the efficacy of this section in accomplishing the purposes of RCW 36.70A.011. In preparing this report, the department shall consult with sending and receiving area landowners, project developers, builders, the

2007 REGULAR SESSION

county, and any other interested individuals or organizations. The report shall:

(a) Review the county adopted policies and regulations to enable rural village demonstration projects for consistency with the goals of section 5 of this act and RCW 36.70A.011;

(b) Provide pertinent information on the permitting and development of the rural village demonstration projects;

(c) Provide a project-specific analysis for each demonstration project looking at the effect of the rural village on the following:

(i) Rural population capacity including the impacts of the transfers from resource lands;

(ii) Land disturbance and impervious surfaces;

(iii) Water resources and watershed health; and

(iv) Wildlife habitat; and

(d) Recommend whether additional rural villages should be authorized and, if so, whether changes should be made to this section to foster the purposes of rural villages and rural lands as described in section 5 of this act, RCW 36.70A.011, and 36.70A.070(5).

(6) The authority of a county meeting the criteria of subsection (2) of this section to designate a rural village in its development regulations terminates on December 31, 2009, unless a county has notified the department, pursuant to subsection (4) of this section, of its intent to designate a rural village. Any rural village designated under this authority shall be available for the approved uses as long as the rural village is in compliance with the conditions of approval adopted by the county.

(7) This section applies to counties that are located within the Puget Sound regional council's planning area.

(8) This section is intended to further the purposes of RCW 36.70A.070(5)(c), and should in no way be interpreted to alter the requirements therein."

On page 1, line 2 of the title, after "growth;" strike the remainder of the title and insert "amending RCW 36.70A.070, 36.70A.090, and 36.70A.110; adding new sections to chapter 36.70A RCW; and creating a new section."

The President declared the question before the Senate to be the motion by Senator Fairley to not adopt the committee striking amendment by the Committee on Government Operations & Elections to Engrossed Substitute House Bill No. 1727.

The motion by Senator Fairley carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Fairley moved that the following striking amendment by Senator Fairley be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.70A.070 and 2005 c 360 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities,

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

building intensities, and estimates of future population growth. The land use element shall designate, as appropriate, a sufficient quantity of land needed for residential, commercial, and industrial uses. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to ~~((manage))~~ accommodate projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies a sufficient quantity of land suitable for meeting the existing and projected housing needs identified in (a) of this subsection, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

- (i) Containing or otherwise controlling rural development;
- (ii) Assuring visual compatibility of rural development with the surrounding rural area;
- (iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;
- (iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and
- (v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((+4))~~) (15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((+4))~~) (15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if

NINETY-FOURTH DAY, APRIL 11, 2007

limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the department of transportation's six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide

multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ((~~six-year~~) ten-year) improvement program developed by the department of transportation as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year plan required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) a summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, work force, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

Sec. 2. RCW 36.70A.090 and 1990 1st ex.s. c 17 s 9 are each amended to read as follows:

A comprehensive plan should provide for innovative land use management techniques, including, but not limited to, density bonuses, cluster housing, planned unit developments, mixed-use development, accessory dwelling units, and the transfer of development rights. Jurisdictions that are not subject to the requirements of RCW 43.63A.215 may provide for accessory dwelling units in their comprehensive plans and development regulations.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county and one or more of its cities, or two or more counties sharing a common border and their cities, may adopt countywide planning policies or multicounty planning policies establishing subregions in order to address housing and employment markets that cross jurisdictional boundaries. Policies adopted under this section may include, but are not limited to:

(a) Policies that reallocate among the counties and cities in the subregion the population growth established for each local government under RCW 36.70A.110;

(b) Policies that provide for a sufficient number of housing units to accommodate the existing housing needs and projected population growth in the subregion; and

(c) Policies that provide for sufficient land suitable for development to meet the needs for commercial and industrial growth in the subregion.

(2) The local governments within the subregion may use the countywide planning policies or multicounty planning policies, interlocal agreements under chapter 39.34 RCW, or any other appropriate mechanism to implement the policies established under subsection (1) of this section.

Sec. 4. RCW 36.70A.110 and 2004 c 206 s 1 are each amended to read as follows:

(1) In accordance with the requirements of this section, each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve.

An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Counties subject to RCW 36.70A.215 and counties east of the crest of the Cascade mountain range with a population greater than four hundred thousand must:

(a) Consult with cities within each urban growth area in the county about developing criteria and procedures that may improve the process of modifying or designating new urban growth areas;

(b) Upon request, consult with any city or cities within the county that abut an unincorporated urban growth area or areas about adopting consistent development standards with those of the city or cities located within or adjacent to the urban growth areas; and

(c) Submit a report to the appropriate committees of the house of representatives and the senate by December 1, 2007, summarizing findings and recommendations resulting from the consultations required in (a) and (b) of this subsection. The reports required in this subsection may be submitted by individual jurisdictions or jointly by participating jurisdictions.

(4) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

((4)) (5) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

((5)) (6) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only

occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

~~((6))~~ (7) Each county shall include designations of urban growth areas in its comprehensive plan.

~~((7))~~ (8) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

NEW SECTION. Sec. 5. (1) Population in western Washington is growing and will continue to grow. Models indicate that the central Cascades region can expect a doubling of the population within the next one hundred years.

(2) The growth management act has used large lot zoning to discourage residential development of rural and resource lands. However, historical entitlement of smaller lots coupled with rapidly increasing real estate values have led to widespread development of nonurban lots of a variety of sizes, locations, and zoning categories. This problem is exacerbated by recent trends in the timber industry, resulting in ownership changes, accelerated harvesting regimes, and likely conversion of many properties to residential development in the near term. It is reasonable to assume that under a one hundred-year timeframe all nonurban lots are likely to be developed.

(3) The increase in nonurban development has disproportionate undesirable impacts to landscape and watershed integrity, environmental functions, economic viability of resource lands, and public costs.

(4) The most important component in building a successful transfer of development rights program is creating adequate receiving area capacity. Accommodating dramatic population growth while meeting resource conservation goals over the next one hundred years will require greatly increasing receiving area capacity. It is a regional goal to direct growth to urban areas, and therefore it is a priority to develop this receiving capacity primarily in urban areas. In addition, the potential for additional receiving areas in appropriate nonurban areas is being explored concurrently.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county planning under RCW 36.70A.040 that meets the criteria in subsection (2) of this section may designate no more than one rural village in the rural area outside of limited areas of more intensive rural development established pursuant to RCW 36.70A.070(5)(d). For the purposes of this section, "rural village" is defined as a compact, environmentally friendly rural development created using transfer of development rights. Rural villages will be located in the rural area, and shall coexist with traditional rural land uses such as farming and forestry. Rural villages are not urban growth, nor are they lands "characterized by urban growth" for purposes of citing adjacent or nearby lands as new urban growth areas pursuant to RCW 36.70A.110(2).

(2) Under this chapter, a county may designate a rural village in the rural area outside of limited areas of more intensive rural development established pursuant to RCW 36.70A.070(5)(d) as follows:

(a) Residential Development. The rural village may contain fifty to two hundred dwelling units and may include single-family detached or attached housing, multifamily housing, and accessory dwelling units. The maximum allowable lot size for single-family detached units is seven thousand square feet within a rural village.

(b) Nonresidential Development. The rural village may include nonresidential development that is designed to serve the village population and nearby existing and projected rural residents.

2007 REGULAR SESSION

(c) Development Right Transfers. All rural village nonresidential square footage or dwelling units that exceed base zoning shall require the transfer or purchase of development rights from designated land within the rural area or natural resource lands ("sending areas") as follows:

(i) For the purposes of this section, one transferable development right shall be allocated for each unrealized dwelling unit permitted by applicable development regulations, as calculated on a gross basis (allowed density x gross acreage of the property). In determining how these development rights transfer to the rural village, the county may consider local circumstances, but is encouraged to provide incentives to transfer or purchase development rights from existing nonconforming lots and authorize the transfer or purchase of development rights from larger properties that will provide landscape scale conservation benefits consistent with RCW 36.70A.011 and reduce transactions and acquisition costs helping to make the end product more affordable.

(ii) At least one-half of the development rights included in a rural village shall be transferred from the rural area, with any remainder coming from resource lands.

(iii) Each development right transferred from an existing rural lot nonconforming as to minimum lot size or density shall be given a 0.25 development rights bonus when used within a rural village.

(d) Conservation Easements. Development rights purchased or transferred from sending area properties shall be extinguished with conservation easements held jointly by a nonprofit organization and the relevant local government. The conservation easement shall permanently restrict development of the property, but shall allow for typical rural land uses, including agriculture and working forestry. A stewardship fund established by endowment, contractually established annual homeowners association fees, or a perpetual resale fee shall be created for the sending area property to ensure capacity for stewardship of conservation easement lands held in fee by the homeowners association of the rural village, and to monitor and enforce the conservation easement for all sending lands by the responsible parties.

(e) Siting Criteria. A county shall establish the criteria for siting a rural village in the rural element of its comprehensive plan. The criteria shall be in keeping with local circumstances, RCW 36.70A.070(5)(c), and favor sites with limited visual impacts, proximity to existing transportation networks, limited need for service improvements, affordability of housing in the rural village, and appropriate environmental characteristics.

(f) Designation. A rural village shall be designated in the rural element of the comprehensive plan. The regulations governing its development, including location of sending areas, shall be included in the county's development regulations. The rural village must comply with all relevant development regulations, including critical areas regulations and transportation concurrency requirements. The county may adopt level of service or concurrency standards to address the consolidation of traffic that will result from a rural village.

(g) Boundaries. Clear boundaries shall be delineated for each rural village and shall not be expanded. Boundaries shall be buffered from surrounding land uses by physical barriers (e.g., river or undeveloped bluff) or a swath of permanently conserved land at least two hundred fifty feet wide. Boundary delineations shall maintain and integrate riparian buffers required under previous land use designation, or as required by existing critical areas designation, whichever is greater. A conservation easement restricting development in this buffer shall be held jointly by a nonprofit organization and the relevant local government.

(h) Public Services and Public Facilities.

(i) Public services and public facilities shall be limited to those necessary to serve the rural village and shall be provided in a manner that does not permit low-density sprawl. For the

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

purposes of this section, "public services and public facilities" shall not include public schools or school facilities.

(ii) New or improved infrastructure necessary to serve the rural village shall be provided or applicable impact fees paid. New or improved infrastructure may be provided by the applicant, the county, or by a public-private partnership.

(iii) Transportation.

(A) Multimodal site planning shall be implemented and may include, but is not limited to, neighborhood circulators; bicycle paths; and park and ride, community vanpool, and carshare parking spaces.

(B) A pedestrian or nonmotorized transportation network of trails or walkways should connect residences to services and open space within and adjacent to the rural village. Walkways are pedestrian lanes that provide people with space to travel within the public right-of-way that is separated from roadway vehicles. They also provide places for children to walk, run, skate, ride bikes, and play. These facilities also improve mobility for pedestrians and provide access for all types of pedestrian travel. Walkways should be part of every new and renovated facility and every effort should be made to retrofit streets that currently do not have sidewalks. Walkways may be constructed of asphalt, crushed stone, or other materials if they are properly maintained and accessible as well as firm, stable, and slip-resistant.

(C) Road capacity exists to accommodate the projected needs of the village population and it shall meet county standards. Necessary roadway improvements may include safety enhancements, site access projects, signage revisions, and traffic facility flow and management tools.

(D) Counties shall develop innovative road standards for rural villages that are compatible with rural character and minimize impervious surfaces and storm water runoff.

(E) Rural villages are not to be gated communities. Legal instruments shall be recorded granting to the general public the right to access and utilize the transportation facilities described in (h)(iii)(A) through (D) of this subsection.

(iv) Water rights. A community water system shall be appropriately sized to serve the rural village and shall rely on existing water law to obtain adequate water rights. Such water system shall incorporate efficiency and conservation measures designed to reduce water usage.

(v) Wastewater treatment. Counties are encouraged to authorize innovative techniques for wastewater treatment in rural villages, including, but not limited to, membrane bioreactor systems. Greywater reuse for flushing, irrigation, and other appropriate uses should be authorized.

(vi) Storm water management. Counties should authorize innovative techniques for storm water management, including, but not limited to, bioswales and other natural storm water management systems and alternative uses for storm water that encourage water reuse, groundwater infiltration, or both.

(i) Open Space. The rural village shall contain community open space. Uses of this open space may include, but are not limited to, community gathering space, village green, park, or rural resource use. A portion of the open space must function as a village green or gathering place able to accommodate the population of the rural village.

(j) Green Building. All rural villages shall meet the national association of home builders gold level green building guidelines. Equivalent or more stringent green building standards may be substituted for this requirement (e.g., leadership in energy and environmental design, green globes, or other recognized green building standards).

(k) Native Vegetation. Disturbance of some native vegetation is likely unavoidable in the development of rural villages. However, maintaining forest cover and other native vegetation is important to the health of watersheds and Puget Sound. Thus, to the maximum extent possible, clearing of native vegetation shall be avoided or mitigated.

(i) The disturbance of native plants and forest cover on the development site shall be minimized.

(ii) Disturbance of the development site shall be mitigated via on-site or off-site restoration or replanting of an area roughly equivalent in size to the cleared area via a fee paid to a qualified government or nonprofit land management organization.

(iii) Native plant species for landscaping of nonlawn areas of private residences shall be used. Public rights-of-way, street planting strips, and common areas shall be replanted with a regionally appropriate native plant community and structure.

(l) Design Standards. A county shall include in its development regulations design standards to protect the rural character of the area. At a minimum these design standards should address the following:

(i) Utilities;

(ii) Roadways and transportation;

(iii) Visual impacts (e.g., protecting view sheds along roadways, ridgelines, hillsides, etc.); and

(iv) Lighting and the preservation of dark skies.

(m) Notice on Title. Each county designating a rural village pilot project shall require that all plats, short plats, development permits, and building permits issued for development activities within a rural village demonstration project contain a notice that the subject property is located in a rural area where a variety of traditional rural activities may occur that may generate sights, sounds, and smells associated with farming, forestry, and other traditional rural uses. In addition, the notice for lands within a rural village demonstration project shall advise that services in rural areas are often limited and consist of rural governmental services rather than urban governmental services. The notice shall run with the land.

(3) Any county intending to designate a rural village demonstration project shall notify the department. The department shall ensure that a maximum of three demonstration projects may be established under this section. Any county choosing to withdraw a demonstration project shall notify the department and the department may accept an alternate project.

(4) The department shall report to the appropriate committees of the legislature annually on the progress of any rural villages established under this section. Additionally, the department shall prepare a final report to be submitted no later than December 1, 2012, on the efficacy of this section in accomplishing the purposes of RCW 36.70A.011. In preparing this report, the department shall consult with sending and receiving area landowners, project developers, builders, the county, and any other interested individuals or organizations. The report shall:

(a) Review the county adopted policies and regulations to enable rural village demonstration projects for consistency with the goals of section 5 of this act and RCW 36.70A.011;

(b) Provide pertinent information on the permitting and development of the rural village demonstration projects;

(c) Provide a project-specific analysis for each demonstration project looking at the effect of the rural village on the following:

(i) Rural population capacity including the impacts of the transfers from resource lands;

(ii) Land disturbance and impervious surfaces;

(iii) Water resources and watershed health; and

(iv) Wildlife habitat; and

(d) Recommend whether additional rural villages should be authorized and, if so, whether changes should be made to this section to foster the purposes of rural villages and rural lands as described in section 5 of this act, RCW 36.70A.011, and 36.70A.070(5).

(5) The authority of a county meeting the criteria of subsection (2) of this section to designate a rural village in its development regulations terminates on December 31, 2009, unless a county has notified the department, pursuant to subsection (3) of this section, of its intent to designate a rural village. Any rural village designated under this authority shall

NINETY-FOURTH DAY, APRIL 11, 2007

be available for the approved uses as long as the rural village is in compliance with the conditions of approval adopted by the county.

(6) This section applies to counties that are located within the Puget Sound regional council's planning area.

(7) This section is intended to further the purposes of RCW 36.70A.070(5)(c), and should in no way be interpreted to alter the requirements therein.

NEW SECTION. Sec. 7. If specific funding for the purposes of section 6 of this act, referencing section 6 of this act by bill or chapter number and section number, is not provided by June 30, 2007, in the omnibus appropriations act, section 6 of this act is null and void."

On page 1, line 2 of the title, after "growth;" strike the remainder of the title and insert "amending RCW 36.70A.070, 36.70A.090, and 36.70A.110; adding new sections to chapter 36.70A RCW; and creating new sections."

POINT OF ORDER

Senator Spanel: "Mr. President, I believe that sections 5 & 6 of the striking amendment exceed the scope and object of the bill. I have an explanation. Engrossed Substitute House Bill No. 1727 is a bill that amends existing Growth Management requirements to ensure sufficient land densities and are available to accommodate urban growth. Under the Growth Management Act growth is encouraged in urban areas where adequate public facilities and services exist or can be provided in an efficient manner. The bill seeks to ensure.....I just have a question, May I have a second? The amendment that was adopted was....That was put on the table.....?"

RULING BY THE PRESIDENT

President Owen: "The committee amendment was not adopted and then a striking amendment has been placed on the desk."

POINT OF ORDER

Senator Spanel: "Ok, I was just making sure that I was talking to the right thing. By requiring the land use and housing elements of comprehensive plans designate and identifies sufficient quantity of land needed for residential and commercial industrial use-all of which are urban growth issues; by allowing counties and cities that share a border to adopt planning policies that establish sub-regions that can urban growth among the sub-region and growth and provide for residential, commercial industrial development of sub region; and, three, by requiring certain counties to adopt development regulations for unincorporated territory within urban growth areas that are consistent with development regulations of the city or cities surrounding the area. The committee striking amendment introduces an entirely new rural concept to the growth Management Act. The amendment authorizes a rural village pilot project. A rural village is a rural development created using a transfer of development rights program. The amendment requires, specifies requirements of rural villages including requirements, related to the transfer of development rights. The siting of rural village or rural villages including and development regulations. Rural villages are specifically defined as not urban growth and they do not ensure sufficient land and densities available for residential, commercial industrial use. Because the underlying bill contemplates urban growth and the amendment authorizes a rural village pilot project that is completely unrelated urban growth, the amendment is outside the scope of the underlying bill."

Senator Swecker spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute House Bill No. 1727 was deferred and the bill held its place on the second reading calendar.

PARLIAMENTARY INQUIRY

Senator Benton: "This amendment that has just been scoped or, has just been objected to, is nineteen pages, nineteen page striking amendment. It was dropped on my desk literally forty-five seconds before the bill came up for discussion and I'd like to know; (a) how long the amendments been on the bar because I just got it? and (b) you know we have a rule that in order to publicly hear a bill we have to give a five day notice so the public knows what the content is going to be in the bill, but we have no such rule about amendments and we can get an amendment dropped on the desk here that's nineteen pages long. Again, we hear a two minute argument on it and no wonder your going to run into scope problems because I....."

REMARKS BY THE PRESIDENT

President Owen: "Senator Benton, what is you point of inquiry?"

PARLIAMENTARY INQUIRY

Senator Benton: "What is the rule on timeliness of amendments and how much time and is this..... are members entitled to caucus on a nineteen page amendment before they're asked to vote on it?"

REPLY BY THE PRESIDENT

President Owen: "Senator Benton, you raised two questions that the President can recall correctly. The first was, is there a rule relative to the time of amendment to be on the desk? The answer is no. Secondly, can you caucus on that? That is at the will of the body. You can ask for a caucus anytime you want and it's at the will of the body whether or not you go at ease or recess to caucus."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 1106, by House Committee on Appropriations (originally sponsored by Representatives Campbell, Chase, Hankins, Morrell, Appleton, Hudgins, McDermott and Wallace)

Requiring reporting of hospital-acquired infections in health care facilities.

The measure was read the second time.

MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Health & Long-Term Care be not adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that each year health care-associated infections affect two million Americans. These infections result in the unnecessary death of ninety thousand patients and costs the health care system 4.5 billion dollars. Hospitals should be implementing evidence-based measures to reduce hospital-acquired infections. The legislature further finds the public should have access to data on outcome measures regarding hospital-acquired infections. Data reporting should be consistent with national hospital reporting standards.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;

(ii) Beginning January 1, 2009, ventilator-associated pneumonia; and

(iii) Beginning January 1, 2010, surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft

(B) Total hip and knee replacement surgery; and

(C) Hysterectomy, abdominal and vaginal.

(b) Until required otherwise under (c) of this subsection, a hospital must routinely collect and submit the data required to be collected under (a) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention's national healthcare safety network, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

(c) Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;

(d) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at

NINETY-FOURTH DAY, APRIL 11, 2007

individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; and

(e) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals.

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section.

Sec. 3. RCW 70.41.200 and 2005 c 291 s 3 and 2005 c 33 s 7 are each reenacted and amended to read as follows:

(1) Every hospital shall maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The program shall include at least the following:

(a) The establishment of a quality improvement committee with the responsibility to review the services rendered in the hospital, both retrospectively and prospectively, in order to improve the quality of medical care of patients and to prevent medical malpractice. The committee shall oversee and coordinate the quality improvement and medical malpractice prevention program and shall ensure that information gathered pursuant to the program is used to review and to revise hospital policies and procedures;

(b) A medical staff privileges sanction procedure through which credentials, physical and mental capacity, and competence in delivering health care services are periodically reviewed as part of an evaluation of staff privileges;

(c) The periodic review of the credentials, physical and mental capacity, and competence in delivering health care services of all persons who are employed or associated with the hospital;

(d) A procedure for the prompt resolution of grievances by patients or their representatives related to accidents, injuries, treatment, and other events that may result in claims of medical malpractice;

2007 REGULAR SESSION

(e) The maintenance and continuous collection of information concerning the hospital's experience with negative health care outcomes and incidents injurious to patients including health care-associated infections as defined in section 2 of this act, patient grievances, professional liability premiums, settlements, awards, costs incurred by the hospital for patient injury prevention, and safety improvement activities;

(f) The maintenance of relevant and appropriate information gathered pursuant to (a) through (e) of this subsection concerning individual physicians within the physician's personnel or credential file maintained by the hospital;

(g) Education programs dealing with quality improvement, patient safety, medication errors, injury prevention, infection control, staff responsibility to report professional misconduct, the legal aspects of patient care, improved communication with patients, and causes of malpractice claims for staff personnel engaged in patient care activities; and

(h) Policies to ensure compliance with the reporting requirements of this section.

(2) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee shall not be subject to an action for civil damages or other relief as a result of such activity. Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (8) of this section is not subject to an action for civil damages or other relief as a result of the activity. For the purposes of this section, sharing information is presumed to be in substantial good faith. However, the presumption may be rebutted upon a showing of clear, cogent, and convincing evidence that the information shared was knowingly false or deliberately misleading.

(3) Information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee are not subject to review or disclosure, except as provided in this section, or discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by regulation of the department of health to be made regarding the care and treatment received.

(4) Each quality improvement committee shall, on at least a semiannual basis, report to the governing board of the hospital in which the committee is located. The report shall review the quality improvement activities conducted by the committee, and any actions taken as a result of those activities.

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

(5) The department of health shall adopt such rules as are deemed appropriate to effectuate the purposes of this section.

(6) The medical quality assurance commission or the board of osteopathic medicine and surgery, as appropriate, may review and audit the records of committee decisions in which a physician's privileges are terminated or restricted. Each hospital shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of a hospital to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(7) The department, the joint commission on accreditation of health care organizations, and any other accrediting organization may review and audit the records of a quality improvement committee or peer review committee in connection with their inspection and review of hospitals. Information so obtained shall not be subject to the discovery process, and confidentiality shall be respected as required by subsection (3) of this section. Each hospital shall produce and make accessible to the department the appropriate records and otherwise facilitate the review and audit.

(8) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or RCW 43.70.510, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. Information and documents disclosed by one coordinated quality improvement program to another coordinated quality improvement program or a peer review committee under RCW 4.24.250 and any information and documents created or maintained as a result of the sharing of information and documents shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section, RCW 18.20.390 (6) and (8), 74.42.640 (7) and (9), and 4.24.250.

(9) A hospital that operates a nursing home as defined in RCW 18.51.010 may conduct quality improvement activities for both the hospital and the nursing home through a quality improvement committee under this section, and such activities shall be subject to the provisions of subsections (2) through (8) of this section.

NINETY-FOURTH DAY, APRIL 11, 2007

2007 REGULAR SESSION

The President declared the question before the Senate to be the motion by Senator Keiser to not adopt the committee striking amendment by the Committee on Health & Long-Term Care to Second Substitute House Bill No. 1106.

The motion by Senator Keiser carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Keiser moved that the following striking amendment by Senators Keiser and Pflug be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that each year health care-associated infections affect two million Americans. These infections result in the unnecessary death of ninety thousand patients and costs the health care system 4.5 billion dollars. Hospitals should be implementing evidence-based measures to reduce hospital-acquired infections. The legislature further finds the public should have access to data on outcome measures regarding hospital-acquired infections. Data reporting should be consistent with national hospital reporting standards.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;

(ii) Beginning January 1, 2009, ventilator-associated pneumonia; and

(iii) Beginning January 1, 2010, surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft;

(B) Total hip and knee replacement surgery; and

(C) Hysterectomy, abdominal and vaginal.

(b) Until required otherwise under (c) of this subsection, a hospital must routinely collect and submit the data required to be collected under (a) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one

hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention's national healthcare safety network, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

(c) Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;

(d) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; and

(e) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to

review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals.

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section.

Sec. 3. RCW 70.41.200 and 2005 c 291 s 3 and 2005 c 33 s 7 are each reenacted and amended to read as follows:

(1) Every hospital shall maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The program shall include at least the following:

(a) The establishment of a quality improvement committee with the responsibility to review the services rendered in the hospital, both retrospectively and prospectively, in order to improve the quality of medical care of patients and to prevent medical malpractice. The committee shall oversee and coordinate the quality improvement and medical malpractice prevention program and shall ensure that information gathered pursuant to the program is used to review and to revise hospital policies and procedures;

(b) A medical staff privileges sanction procedure through which credentials, physical and mental capacity, and competence in delivering health care services are periodically reviewed as part of an evaluation of staff privileges;

(c) The periodic review of the credentials, physical and mental capacity, and competence in delivering health care services of all persons who are employed or associated with the hospital;

(d) A procedure for the prompt resolution of grievances by patients or their representatives related to accidents, injuries, treatment, and other events that may result in claims of medical malpractice;

(e) The maintenance and continuous collection of information concerning the hospital's experience with negative health care outcomes and incidents injurious to patients including health care-associated infections as defined in section 2 of this act, patient grievances, professional liability premiums, settlements, awards, costs incurred by the hospital for patient injury prevention, and safety improvement activities;

(f) The maintenance of relevant and appropriate information gathered pursuant to (a) through (e) of this subsection concerning individual physicians within the physician's personnel or credential file maintained by the hospital;

(g) Education programs dealing with quality improvement, patient safety, medication errors, injury prevention, infection control, staff responsibility to report professional misconduct, the legal aspects of patient care, improved communication with patients, and causes of malpractice claims for staff personnel engaged in patient care activities; and

(h) Policies to ensure compliance with the reporting requirements of this section.

(2) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee shall not be subject to an action for civil damages or other relief as a result of such activity. Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (8) of this section is not subject to an action for civil damages or other relief as a result of the activity. For the purposes of this section, sharing information is presumed to be

in substantial good faith. However, the presumption may be rebutted upon a showing of clear, cogent, and convincing evidence that the information shared was knowingly false or deliberately misleading.

(3) Information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee are not subject to review or disclosure, except as provided in this section, or discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by regulation of the department of health to be made regarding the care and treatment received.

(4) Each quality improvement committee shall, on at least a semiannual basis, report to the governing board of the hospital in which the committee is located. The report shall review the quality improvement activities conducted by the committee, and any actions taken as a result of those activities.

(5) The department of health shall adopt such rules as are deemed appropriate to effectuate the purposes of this section.

(6) The medical quality assurance commission or the board of osteopathic medicine and surgery, as appropriate, may review and audit the records of committee decisions in which a physician's privileges are terminated or restricted. Each hospital shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of a hospital to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(7) The department, the joint commission on accreditation of health care organizations, and any other accrediting organization may review and audit the records of a quality improvement committee or peer review committee in connection with their inspection and review of hospitals. Information so obtained shall not be subject to the discovery process, and confidentiality shall be respected as required by subsection (3) of this section. Each hospital shall produce and make accessible to the department the appropriate records and otherwise facilitate the review and audit.

(8) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or RCW 43.70.510, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care

services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. Information and documents disclosed by one coordinated quality improvement program to another coordinated quality improvement program or a peer review committee under RCW 4.24.250 and any information and documents created or maintained as a result of the sharing of information and documents shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section, RCW 18.20.390 (6) and (8), 74.42.640 (7) and (9), and 4.24.250.

(9) A hospital that operates a nursing home as defined in RCW 18.51.010 may conduct quality improvement activities for both the hospital and the nursing home through a quality improvement committee under this section, and such activities shall be subject to the provisions of subsections (2) through (8) of this section.

(10) Violation of this section shall not be considered negligence per se.

Sec. 4. RCW 42.56.360 and 2006 c 209 s 9 and 2006 c 8 s 112 are each reenacted and amended to read as follows:

(ii) If a request for such information is received, the submitting entity must be notified of the request. Within ten business days of receipt of the notice, the submitting entity shall provide a written statement of the continuing need for confidentiality, which shall be provided to the requester. Upon receipt of such notice, the department of health shall continue to treat information designated under this subsection (1)(d) as exempt from disclosure;

Sec. 3. RCW 29A.60.170 and 2003 c 111 s 1517 are each amended to read as follows:

(1) The counting center in a county using voting systems is under the direction of the county auditor and must be observed by one representative from each major political party, if representatives have been appointed by the respective major political parties and these representatives are present while the counting center is operating. The proceedings must be open to the public, but no persons except those employed and authorized by the county auditor may touch any ballot or ballot container or operate a vote tallying system.

(2) In counties in which ballots are not counted at the polling place, the official political party observers, upon mutual agreement, may request that a precinct be selected at random on receipt of the ballots from the polling place and that a manual count be made of the number of ballots and of the votes cast on any office or issue. The ballots for that precinct must then be counted by the vote tallying system, and this result will be compared to the results of the manual count. This may be done as many as three times during the tabulation of ballots on the day of the primary or election.

(3) In counties using poll-site ballot counting devices, the political party observers, upon mutual agreement, may choose as many as three precincts and request that a manual count be made of the number of ballots and the votes cast on any office or issue. The results of this count will be compared to the count of the precinct made by the poll-site ballot counting device. These selections must be made no later than thirty minutes after the close of the polls. The manual count must be completed within forty-eight hours after the close of the polls. The process must take place at a location designated by the county auditor for that purpose. The political party observers must receive timely notice of the time and location, and have the right to be present. However, the process must proceed as scheduled if the observers are unable to attend.

(4) In counties voting entirely by mail, a random check of the ballot counting equipment may be conducted upon mutual agreement of the political party observers or at the discretion of the county auditor. The random check procedures must be adopted by the county canvassing board prior to the processing of ballots. The random check process shall involve a comparison of a manual count to the machine count and may involve up to either three precincts or six batches depending on the ballot counting procedures in place in the county. (i) Each vote entitled to be cast may be voted for, voted against, or withheld for one or more candidates up to that number of candidates that is equal to the number of directors to be elected but without cumulating the votes, or a shareholder may indicate an abstention for one or more candidates;

(ii) To be elected, a candidate must have received the number, percentage, or level of votes specified in the bylaws; provided that holders of shares entitled to vote in the election and constituting a quorum are present at the meeting. A candidate who does not receive the number, percentage, or level of votes specified in the bylaws but who was a director at the time of the election shall continue to serve as a director for a term that shall terminate on the date that is the earlier of (A) the date specified in the bylaw, but not longer than ninety days from the date on which the voting results are determined pursuant to RCW 23B.07.300(2), or (B) the date on which an individual is selected by the board of directors to fill the office held by such director, which selection shall be deemed to constitute the filling of a vacancy by the board to which RCW 23B.08.100 applies;

(iii) A bylaw adopted pursuant to this section may provide that votes cast against and/or withheld as to a candidate are to be taken into account in determining whether the number, percentage, or level of votes required for election has been received. Unless the bylaw specifies otherwise, only votes cast are to be taken into account and a ballot marked "withheld" in respect to a share is deemed to be a vote cast. Unless the bylaws specify otherwise, shares otherwise present at the meeting but for which there is an abstention or as to which no authority or direction to vote in the election is given or specified, are not deemed to be votes cast in the election;

(iv) The board of directors may select any qualified individual to fill the office held by a director who did not receive the specified vote for election referenced in (c)(ii) of this subsection; and

(v) Unless the bylaw specifies otherwise, a bylaw adopted pursuant to this subsection (1) shall not apply to an election of directors by a voting group if (A) at the expiration of the time fixed under a provision requiring advance notification of director candidates, or (B) absent such a provision, at a time fixed by the board of directors which is not more than fourteen days before notice is given of the meeting at which the election is to occur, there are more candidates for election by the voting

An individual shall not be considered a candidate for purposes of this subsection (1)(c)(v) if the board of directors determines before the notice of meeting is given that such individual's candidacy does not create a bona fide election contest.

(2) A bylaw containing an election to be governed by this section may be repealed or amended:

(a) If originally adopted by the shareholders, only by the shareholders, unless the bylaw otherwise provides; or

(b) If adopted by the board of directors, by the board of directors or the shareholders."

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. HOUSE BILL NO. 1181, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

I wish the Journal to reflect that I mistakenly voted "Yes" on the final passage of Engrossed House Bill No. 1181, which increases fees charged for copies of vital records to fund certain forensic and death investigation activities. I consistently opposed fee increases this year and, had I not been distracted by discussions about Engrossed House Joint Resolution No. 4204 and eliminating the super majority requirement for school levies, I would have voted against Engrossed House Bill No. 1181.

However, a proposition to levy an additional tax for a school district may be submitted at the 2008 general election if the proposition has been submitted no more than three times in such fourteen-month period;

REMARKS BY SENATOR SHIN

Senator Shin: "I feel very honored and humble to stand before you to present this resolution. It's amazing how experience helps itself. Sixty years ago I was a little orphaned boy in the street corner begging for food to survive. During the Korean War one of those American soldiers took me as a house boy while we were in a combat situation. In the morning, you folks going to combat, in the evening some of you come back without an arm. Some of you come back without a leg, some of you never came back. I wonder why, stranger from foreign land, come to a country like Korea, given their lives and from then on my heart just wept for them. I was adopted by one of you. 1955, I came here. I got drafted in the Army. 1958, went to Fort Hood, Texas, taking basic training. There we made a commit and swear that we will only address name, rank and serial number at any circumstances. My unit second armor division, was sent to Germany during 1950 Lebanon crisis. Part of my unit's second armor division went in TDY to Lebanon crisis. I was one of them and then and there in the airfield I saw some of the bodies got killed and I wonder why but these kind of experience held me to appreciate those soldiers men and women in uniform even to devote your own lives in defense for freedom and defense of the country. This is why I bring you, this is a small resolution to honor our fallen soldiers in the Middle East. You heard the names. So far 3,653 soldiers died and from our state just adding one more, seventy-five as of today. I like to bear my testimony to you that their sacrifice is not in vain. I wish you'd join me in

honoring these families in the gallery and valiant men and women uniform. I'm getting so emotional I can not speak anymore but to express my heart-felt feeling. Mr. President, with you permission I'd like to read a letter from President Abraham Lincoln to Mrs. Lydia Bixby, 1864 whose son died in a combat situation.

'I feel how weak and fruitless must be any words of mine which should attempt to beguile you from the grief of a loss so overwhelming. But I cannot refrain from tendering to you the consolation that may be found in the thanks of the Republic they died to save. I pray that our Heavenly Father may assuage the anguish of your bereavement, and leave you only the cherished memory of the loved and lost, and the solemn pride that must be yours to have laid so costly a sacrifice upon the altar of freedom.'

And I join President Lincoln expressing sorrow, condolence and thank you for all the families who gave their lives in defense of freedom. Thank you Mr. President."

REMARKS BY SENATOR HOBBS

Senator Hobbs: "Mr. President, Specialist William Mayor was a great company clerk when I was the XO of the HHC 136 Infantry. He joined the Army late. He had a degree in Culinary Arts. You know, he really didn't want to be in the Army, he wanted to be a sous chef and I always relied on him on getting, finding what the men felt about the company and the company commander and myself and some of it wasn't very good. He told us how it was and he would put together trips for the company, Ski trips for the men. He'd cook for them. Before I transferred out of there to take on another assignment at Fort Benning, I had this pasta maker. Hand crank pasta maker my dad gave to me because he didn't want, I was never going to use it. I gave it to him, I said; 'Specialist you know, I admire your conviction to this company and the hard work you've done and I know that you want to get out of the Army and become a sous chef. I don't know why. That's a weird dream but you know if you want to follow it fine.' I gave him the pasta maker. He was so happy that he got that. We emailed each other. The unit First Armor Division got deployed to Iraq and I was at Fort Benning. He had told that he had gotten a contract to work for Hilton to be a sous chef and he was getting out. I found out that he got killed. He was doing a convoy operations and that's when I knew the reality of war. You know you're always trained for it as a soldier especially as an infantry officer. Then I got deployed to Iraq, did my mission, and one week before I was suppose to leave, one week before I was suppose to leave, we had a rocket attack and several rockets land, one between fifty and one-hundred yards away. Another great American hero, not from Washington State, Sergeant Cunningham, I didn't know it was Sergeant Cunningham but I had to go over there and do the blast analysis and walking up there you know debris was every where. And you see pictures of him and his family with the two children that he had and you find out Sergeant Cunningham was going to leave one week later just like me. We was going to be on the same plane and he, the unique thing about him, he served over twenty years. He was going to retire but because he had the dedication and loyalty and he believed in service. He wanted to be with his unit. Those are the type of men and women who are serving out there today, who are giving their lives. I want to thank you, Senator, for writing up this resolution. Thank you so much. You know, we watch on the news, stuff on there about Imus and sports, it's almost like we forget and they're just a number. It's not a number. Those are names. Those are fathers. Those are daughters, mothers. This is more than just a piece of paper and I hope we never forget. Thank you."

REMARKS BY SENATOR MCCASLIN

Senator McCaslin: "Thank you Mr. President. I hope I don't get as emotional as Senator Hobbs but Senator Shin asked me yesterday if I'd say a couple of words. I just want to tell you that my father was in World War I in the Navy. My older brother was in four years. He was two years in a 'tin can,' which was a destroyer in the Pacific. I served twenty-seven months but I remember World War II, many of you may not know it, but one they lost a son or a daughter, they would hang gold star in the window. There were three Sullivan brothers in World War II that were on the same ship and when it was destroyed by the Japanese. The services then changed their procedure allowing brothers to serve together but those are sad memories when we saw the gold star in the window. It was a terrible thing to lose a son or a daughter because nothing can compensate for it, not words or papers or resolutions but I thank Senator Shin bringing it forth. I just finished a book by Bradley, the 'Flags of our Fathers.' It's a horrible book about Iwo Jima and why we need to take the island. It tells us the story of twenty-two thousand Japanese not on the island but in the island. They had three stories underground. They dropped five-thousand, eight-hundred tons of bombs on that Island and when they started there was about four-hundred in campus and when they went under there was seven -hundred, in other words, the Japanese improved their position while we bombed them. I think they lost all twenty-two thousand and I think we lost fifteen or twenty thousand. War is hell. Unfortunately it's necessary some times. World War I, World War II, the Korean War, Vietnam War, he served in Iraq, we're losing men there. I hope we accomplish something. One of the things we've accomplished in I and II was our freedoms. I've lived in Australia and I've lived in India. This is the finest country in the world bar none. We are so fortunate to have our system of government and our freedoms. We should all appreciate them. Thank you Mr. President."

REMARKS BY SENATOR SWECKER

Senator Swecker: "Thank you Mr. President. Rising to speak in favor of the resolution, commending it's sponsor. So many families throughout the nation have lost loved ones in Iraq or Afghanistan since that war started. Many Washington families have lost loved ones as well-including some from my own legislative district. When I served in Vietnam, several of my buddies were lost in battle. I so remember the pain I felt when they were killed. I remember them as they were nearly forty years ago. I must remind myself that today they would in their late fifties or early sixties. They gave up a lot, but my memories of them are good. I hope this resolution helps us remember these men and women forty years from today. Thank you."

REMARKS BY SENATOR HAUGEN

Senator Haugen: "Thank you Mr. President. Well this last weekend we lost three sailors from Whidbey Island and with the permission of the body I would like to amend this resolution to add the two men from Oak Harbor who call Washington their home. It's Chief Petty Officer Gregory Billiter and Petty Officer First Class Joseph Adam McSween. They made the ultimate sacrifice and I know we can never be up to date anytime with what's happening but this happened this weekend. Their families and the community are in great sorrow and I think this would be one way to help."

REPLY BY THE PRESIDENT

President Owen: "If there are no objections, Senator, the names will be added."

REMARKS BY SENATOR Prentice

NINETY-FIFTH DAY, APRIL 12, 2007

2007 REGULAR SESSION

Senator Prentice: “Thank you Mr. President. Yes, sometimes these really do hit home. On the bottom line says, ‘Staff Sergeant Abraham George Twitchell from Yelm’ and he was the son of Mary Anne, my legislative assistant since 1992. I had known this young man. He was proud to be a Marine but I hate to think each time we read about these they’re names and statistics. I always think, having lost a son in the Vietnam war, and knowing how it truly just tears you apart. It’s something that I don’t talk about often because it does tear you apart and I would shedding tears if I did it much but knowing how many mothers asking how many wives, how many children, will not have that person home with them. They deserve to have a dad to grow up with and yes, I remember the five Sullivan brothers, because one of the things that they did not tell the family when they were out at sea on the ships, as people could hear them, one of them, yelling as the sharks were eating him. Some of these stories are so terrible and I remember at the end of World War II they told the servicemen don’t talk to the families, don’t tell them. They told us, don’t ask. I thought, of course, they don’t want us to know how absolutely terrible war is and that we can almost understand why some soldiers who were really decent people do brutal awful things and people would say they were always a decent person but war brutalizes everybody who’s near it. I would just say, if we really were aware of how terrible war is we would be very reluctant to enter into it. Thank you Senator Shin.”

REMARKS BY SENATOR FRANKLIN

Senator Franklin: “Thank you Mr. President and ladies and gentlemen of the Senate; rising to support this resolution and to thank the good Senator Shin for bringing it forward. Yes, war is terrible and as the good Senator McCaslin says, sometimes it’s necessary. I think with us here at home the greatest nation that we a lot of times here at home don’t really realize what is going on. Those who have served and are serving in order for us to have some measure of comfort, if you will, or sleep without fear that our shores are protected. How the present day, let’s go back, World War I, up until this day of Iraqi Freedom and those men and women who are serving there are doing a great job and we know when there is a war, lives are going to be lost. We’d hope that that would not happen. It’s painful. It’s painful to families, but our job here is to help them, to be of service to them, to do what we can in order to re-iterate them back and to bring them home and to provide for their needs. What upsets me is what they are coming back to now and the type of treatment that they are getting. When we look and see and read what had happened at Walter Reed that is no way to treat our returning veterans and I’m not saying it’s happening here but we have got to see that they get the services that they need to have. When I attend, and I visited cemeteries, it’s sad but there’s a proud moment. To go to Arlington, to visit the cemeteries in France, to go to Auburn, to go, eventually, to Eastern side of the Mountain and to be able to meditate and to say here, they have given their lives for our freedom and we must see that their families, their children receive the services they need. When I was actively practice at Madigan and I also cared for Vietnam casualties and they came in and I took care of them and were heart-felt moments also of injuries that they received. We can never say thank you enough to the families, to the spouses to all of those families who might have lost loved ones but we are here to try to help you and to support you and to those deceased veterans that each time we see their names in our Washingtonians and not only them but across the country that we will say that they gave their lives for our freedom and they would not have given their lives in vain. We will remember them. Thank you.”

REMARKS BY SENATOR CLEMENTS

Senator Clements: “Thank you Mr. President. Thank you Senator Shin. On this list are three people, these men that died in my district. One of the elected officials in town is Lance Corporal Sides, a dear friend of mine, and lost her family member. That was the first loss. Sergeant Yadir Gumercindo Reynoso, I never met his mother. His sister called one day and said that when he went to Iraq his mother cosigned on his cell phone with him and the young man had rung up quite a few thousand dollars in telephone bills. It took about a year with some help with some lobbyist here and the cell phone company but while this mother and family were grieving, there was great pressure on this poor family to pay a debt and the goodness of people they forgave it. And then here a few days ago this body decided to help Victoria Johnson. Major Allen Ricardo Johnson died and we gave a special recognition to her in Ways & Means and the death benefit was made whole. I don’t think Victoria would mind this comment, we talked about the personal tragedy but every night when she goes to bed she puts his cologne the pillow next to her. There is a memorial out here, where there’s a brick with my father and my wife’s father who was with Doolittle Raiders, thirty seconds over Tokyo plane number thirteen. He crash landed and spent months walking out of China and today as we celebrate those people who have fallen we have to hold in prayers those people that go off to war. I have a nephew today on his way to Iraq as a Marine. The great sacrifices that people have made and the sacrifices today the living are making. Today we honor both. I thank you Senator Shin.”

REMARKS BY SENATOR ROCKEFELLER

Senator Rockefeller: “Thank you Mr. President. Hearing these names here that were recited this morning so diverse and hearing the names of communities from which they came, the home towns of all of us, reminded me that these individuals are part of the fabric of our communities and we share their loss with their families and with their loved one and community towns people every where. That loss is embedded inside each of us as well. I think we can never repay the debt that we owe to these patriots or to their families but we can, as we love our country, cherish the memory of these gallant men and women and their families who endure the scars and wounds of war. We can cherish the fact that they were prepared to stand up in defense of freedom and in defense of each of us. Let us resolve today to demonstrate our continuing care and compassion and support for each of those family members as they endure the aftermath of this ultimate sacrifice. At the same time, let us also remember those who continue to serve in harms way, because they too deserve our love and support and I’m honored to join with Senator Shin in behalf of this resolution. Thank you.”

REMARKS BY SENATOR PARLETTE

Senator Parlette: “Thank you Mr. President. I rise in support of this resolution. There is a gentleman from my district, Marine Lance Caleb John Powers from Mansfield. I spoke at his memorial service two years ago. I spoke at his memorial service the day after I returned from visiting Japan because the city of Wenatchee has a sister city in Misawa, Japan and my husband were part of the delegation. That was a very moving experience for me because I was in Japan on my fifty-ninth birthday and my father, who will be eighty-four years old tomorrow, April 13th, served as a Marine in World War II and he was over seas at that time. I actually was born six days after World War II ended and my dad always told me how many points I was worth because he came a father he got to move up when he returned so he got home in November because he was a new father. But the experience that I will always remember when visiting Japan was

2007 REGULAR SESSION

riding down in that parade route in a jeep with my husband and a military officer and behind us was a Japanese van and in the streets were all the Japanese waving the American flag and the band was playing over, over and over 'Stars and Stripes Forever' and, all of a sudden, I thought about it because it was my birthday and that feeling of how lucky I was that my father came home. Also, the feeling that if only we can have world peace and let's remember those young men and women who are still fighting for our country and for others. They are fighting for world peace and all those freedoms we in the United States and only in some parts of the country have. Thank you Senator Shin for sponsoring this."

Senators Shin, Hobbs, McCaslin, Swecker, Haugen, Prentice, Franklin, Clements, Rockefeller and Parlette spoke in favor of adoption of the resolution.

The President declared the question before the Senate to be the adoption of Senate Resolution No. 8682.

The motion by Senator Shin carried and the resolution was adopted by voice vote.

INTRODUCTION OF SPECIAL GUESTS

The President welcomed the friends and families of service men and women and all the armed forces who were seated in the gallery.

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced First Gentleman, Mike Gregoire, who was seated at the rostrum.

The President welcome and introduced Washington State Department of Affairs, Director John Lee.

REMARKS BY COLONEL MICHAEL MCCAFFREE, COMMANDER, 81ST BRIGADE COMBAT TEAM

Colonel McCaffree: "Lieutenant Governor Owen, Senators, Mr. Gregoire, Mr. Lee, distinguished guests, Gold Star families, Soldiers, Sailors, Airmen and Marines. Thank you for inviting us here today to participate in this Senate Resolution honoring our fallen warriors from Washington State. As a soldier who spent more than thirteen months in Iraq with the 81st Brigade Combat Team of your Washington National Guard, I can say I know what it is like to lose friends and comrades in arms. Several of the names that were read this morning were soldiers that I knew and served with. I see other members of our 81st Brigade in the gallery, all veterans of combat in Iraq. I also see other members of Washington National Guard units, both Army and Air, as well as other soldiers, sailors, airmen, marines and veterans. The soldiers, sailors, airmen and Marines that are here today are all veterans of combat in many far flung as part of America's global war on terrorism. While we all know the pain of losing friends on the battle field, our experience does not compare to the pain and anguish of the Gold Star families that have lost their loved ones. I would like to especially acknowledge the Gold Star families that are here today in the gallery to witness this resolution recognizing our friends and their family members who gave their lives in service to our nation. The warriors that we recognize today represent many of America's best. They were men and women that were not content to sit idly by and wait for others to do the jobs that needed to be done for America, to help keep all of us free and safe. While there are many ways to serve America, the men and women we honor today agreed to actively contribute to America through service in our Military. None of them sought to give their lives but all knew that it was possible and believed that the risks of service to the nation were worth it. Those of us that continue to serve America through Military service believe the same way. On behalf of our Gold Star families and all the

Military services and components, I would like to thank Senator Shin for sponsoring this resolution. I would also like to thank the many other Senators that supported this resolution to honor our fallen warriors. We will remember them always. God Bless you all and thank you for your service."

REMARKS BY THE PRESIDENT

President Owen: "The President would like to make one final introduction and that is I would appreciate it very much if those people serving in the Military service that are with us today would stand and be recognized as well."

(1) In the event a traffic infraction is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. ~~((2))~~ For the purpose of this ~~(section)~~ subsection, a "traffic infraction based on a vehicle's identification" includes, but is not limited to, parking infractions, high-occupancy toll lane violations, and violations recorded by automated traffic safety cameras.

(2) In the event a parking infraction is issued by a private parking facility and is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the parking facility shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the parking facility by return mail:

For the purpose of this subsection, a "parking infraction based on a vehicle's identification" is limited to parking infractions occurring on a private parking facility's premises.

Sec. 2. RCW 46.63.160 and 2004 c 231 s 6 are each amended to read as follows:

A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(e) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(f) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. (2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.46.120, 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or

exceeds a speed limit in a school speed zone as detected by a speed measuring device."

MOTION

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 42.23.030 and 2006 c 121 s 1 are each amended to read as follows:

NINETY-FIFTH DAY, APRIL 12, 2007

2007 REGULAR SESSION

No municipal officer shall be beneficially interested, directly or indirectly, in any contract which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his or her office, or accept, directly or indirectly, any compensation, gratuity or reward in connection with such contract from any other person beneficially interested therein. This section shall not apply in the following cases:

(1) The furnishing of electrical, water or other utility services by a municipality engaged in the business of furnishing such services, at the same rates and on the same terms as are available to the public generally;

(2) The designation of public depositaries for municipal funds;

(3) The publication of legal notices required by law to be published by any municipality, upon competitive bidding or at rates not higher than prescribed by law for members of the general public;

(4) The designation of a school director as clerk or as both clerk and purchasing agent of a school district;

(5) The employment of any person by a municipality for unskilled day labor at wages not exceeding two hundred dollars in any calendar month. The exception provided in this subsection does not apply to a county with a population of one hundred twenty-five thousand or more, a city with a population of more than one thousand five hundred, an irrigation district encompassing more than fifty thousand acres, or a first class school district;

(6)(a) The letting of any other contract in which the total amount received under the contract or contracts by the municipal officer or the municipal officer's business does not exceed one thousand five hundred dollars in any calendar month.

(b) However, in the case of a particular officer of a second class city or town, or a noncharter optional code city, or a member of any county fair board in a county which has not established a county purchasing department pursuant to RCW 36.32.240, the total amount of such contract or contracts authorized in this subsection (6) may exceed one thousand five hundred dollars in any calendar month but shall not exceed eighteen thousand dollars in any calendar year.

(c)(i) In the case of a particular officer of a rural public hospital district, as defined in RCW 70.44.460, the total amount of such contract or contracts authorized in this subsection (6) may exceed one thousand five hundred dollars in any calendar month, but shall not exceed twenty-four thousand dollars in any calendar year.

(ii) At the beginning of each calendar year, beginning with the 2006 calendar year, the legislative authority of the rural public hospital district shall increase the calendar year limitation described in this subsection (6)(c) by an amount equal to the dollar amount for the previous calendar year multiplied by the change in the consumer price index as of the close of the twelve-month period ending December 31st of that previous calendar year. If the new dollar amount established under this subsection is not a multiple of ten dollars, the increase shall be rounded to the next lowest multiple of ten dollars. As used in this subsection, "consumer price index" means the consumer price index compiled by the bureau of labor statistics, United States department of labor for the state of Washington. If the bureau of labor statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used.

(d) The exceptions provided in this subsection (6) do not apply to:

(i) A sale or lease by the municipality as the seller or lessor (~~The exceptions provided in this subsection (6) also do not apply to~~);

(ii) The letting of any contract by a county with a population of one hundred twenty-five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing more than fifty thousand acres; or

(iii) Contracts for legal services, except for reimbursement of expenditures.

(e) The municipality shall maintain a list of all contracts that are awarded under this subsection (6). The list must be made available for public inspection and copying;

(7) The leasing by a port district as lessor of port district property to a municipal officer or to a contracting party in which a municipal officer may be beneficially interested, if in addition to all other legal requirements, a board of three disinterested appraisers and the superior court in the county where the property is situated finds that all terms and conditions of such lease are fair to the port district and are in the public interest. The appraisers must be appointed from members of the American Institute of Real Estate Appraisers by the presiding judge of the superior court;

(8) The letting of any employment contract for the driving of a school bus in a second class school district if the terms of such contract are commensurate with the pay plan or collective bargaining agreement operating in the district;

(9) The letting of an employment contract as a substitute teacher or substitute educational aide to an officer of a second class school district that has two hundred or fewer full-time equivalent students, if the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(10) The letting of any employment contract to the spouse of an officer of a school district, when such contract is solely for employment as a substitute teacher for the school district. This exception applies only if the terms of the contract are commensurate with the pay plan or collective bargaining agreement applicable to all district employees and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(11) The letting of any employment contract to the spouse of an officer of a school district if the spouse was under contract as a certificated or classified employee with the school district before the date in which the officer assumes office and the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district. However, in a second class school district that has less than two hundred full-time equivalent students enrolled at the start of the school year as defined in RCW 28A.150.040, the spouse is not required to be under contract as a certificated or classified employee before the date on which the officer assumes office;

(12) The authorization, approval, or ratification of any employment contract with the spouse of a public hospital district commissioner if: (a) The spouse was employed by the public hospital district before the date the commissioner was initially elected; (b) the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district for similar employees; (c) the interest of the commissioner is disclosed to the board of commissioners and noted in the official minutes or similar records of the public hospital district prior to the letting or continuation of the contract; and (d) and the commissioner does not vote on the authorization, approval, or ratification of the contract or any conditions in the contract.

A municipal officer may not vote in the authorization, approval, or ratification of a contract in which he or she is beneficially interested even though one of the exemptions allowing the awarding of such a contract applies. The interest of the municipal officer must be disclosed to the governing body of the municipality and noted in the official minutes or similar records of the municipality before the formation of the contract."

MOTION

Senator Shin moved that the following committee striking amendment by the Committee on Higher Education be adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. 2006 c 308 s 1 (uncodified) is amended to read as follows:

Part-time academic employees at community and technical colleges are currently eligible for full health care benefits beginning the second consecutive quarter of employment, at half-time or more of an academic workload, as defined in RCW 28B.50.489. They are also eligible for health benefits through the summer even if they receive no work at all that quarter, if they have worked half-time or more of an academic workload in each of the three ((of the four)) preceding quarters. However, workload fluctuations below these thresholds may result in the loss of employer contributions for health care benefits. It is the intent of the legislature to provide for continuous health care eligibility for part-time academic employees based on averaging workload gained during the two preceding academic years.

Sec. 2. RCW 41.05.053 and 2006 c 308 s 2 are each amended to read as follows:

(1) Part-time academic employees, as defined in RCW 28B.50.489, who have established eligibility as determined from the payroll records of the employing community or technical college districts, for employer contributions for benefits under this chapter and who have worked an average of half-time or more in each of the two preceding academic years, through employment at one or more community or technical college districts, are eligible for continuation of employer contributions for the subsequent summer quarter period including the break between summer and fall quarters.

(2) Once a part-time academic employee meets the criteria in subsection (1) of this section, the employee shall continue to receive uninterrupted employer contributions for benefits if the employee works at least ((three of the four)) two quarters of the academic year with an average academic workload of half-time or more for three quarters of the academic year. Benefits provided under this section cease ((at the end of the academic year)) if this criteria is not met. Continuous benefits shall be reinstated once the employee reestablishes eligibility under subsection (1) of this section ((and will be maintained as long as the employee works at least three of the four quarters of the academic year with an average academic workload of half-time or more)).

(3) As used in this section, "academic year" means summer, fall, winter, and spring quarters.

(4) This section does not modify rules in existence on June 7, 2006, adopted under this chapter regarding the initial establishment of eligibility for benefits.

(5) This section does not preclude individuals from being eligible for benefits under other laws or rules that may apply or for which they may be eligible.

(6) The employer must notify part-time academic employees of their potential right to benefits under this section.

(7) To be eligible for maintenance of benefits through averaging, part-time academic employees must notify their employers of their potential eligibility. The state board for community and technical colleges shall report back to the legislature by November 15, 2009, on the feasibility of eliminating the self-reporting requirement for employees."

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. (12) The court shall not grant any motion to seal records made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless it finds that:

(a) For class B offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in conviction. (d) The person has not been convicted of a class A or sex offense; and

(e) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of inquiry raised by Senator Honeyford that Engrossed Second Substitute House Bill 1359 takes a two-thirds vote on final passage under statutes enacted by Initiative 601 because it increases revenue, the President finds and rules as follows:

The President finds that determining whether a revenue measure takes a simple majority or a 2/3 vote is one of the most difficult rulings to make. In part, this is because the initiative was poorly written, and it does not clearly set forth definitions as to various categories of revenue. Therefore, the President must look to several sources of authority when making rulings, starting with the plain language of the law itself, court rulings if pertinent, and previous parliamentary rulings of this body.

The President believes that, although the law does allow for revenue increases, it is meant to limit these increases, and he has therefore endeavored to rule very narrowly in determining when a new revenue source is a fee, needing only a simple majority

NINETY-FIFTH DAY, APRIL 12, 2007

2007 REGULAR SESSION

vote, rather than a tax needing a 2/3 vote to pass. In previous rulings, the President has maintained that there needs to be a relationship, or nexus, between the source of the revenue and the purposes for which its proceeds may be used. The President acknowledges that this determination can be somewhat subjective and difficult to determine absolutely. The situation is complicated further by the need of the body to tie together complicated matters of policy with the complexities of budgeting, all while trying to work within the constraints of this initiative and the constantly evolving body of case law and parliamentary authority. With this in mind, the President suggests that there is a need for the Legislature to put into law certain definitions as to taxes and fees for the purpose of raising revenue.

In the case before us, the President takes note of a similar ruling in 2001 where an increase in recording fees for real estate documents was used to fund a specific program on low-income housing. The President must note again, at this point, that just calling something a specific program but using the revenue for a very broad purpose would be improperly gaming the law, and the President, as he has in the past, would rule such an action as being, in fact, a tax which would need a 2/3 vote for passage.

The bill before us raises revenue through an increase in the recording fees on real estate documents to fund a program to provide housing for the homeless. This is a classic example of walking the fine line between a fee and a tax, and a specific versus a broad purpose. The President is concerned that the entirety of the bill's language could allow the revenue raised to be used for multiple purposes, such as providing many very worthy yet additional services that may not be directly related to housing. Because this is all new law, it is unclear precisely how, in practice, all of the proceeds will ultimately be used. Nonetheless, the President believes that he must rely on past precedent and defer to stated intent rather than speculation. The President therefore finds, in keeping with a past ruling on this same subject, that the revenue source is sufficiently limited so as to be considered a fee for a dedicated purpose.

For these reasons, the measure will take only a simple majority for final passage, 25 votes."

The Senate resumed consideration of Engrossed Second Substitute House Bill No. 1359 which had been deferred on the previous day.

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 1488, by House Committee on Finance (originally sponsored by Representatives B. Sullivan, Upthegrove, Appleton, Dunshee, Hunt, Dickerson, VanDeWege, Campbell, Kessler, Eickmeyer, McCoy, Chase, Green, Sells, Kenney, Ericks, Roberts, Lantz, Goodman, Wood, Kagi, Moeller and Rolfes)

Enhancing the state's oil spill response program.

The measure was read the second time.

MOTION

Senator Spanel moved that the following striking amendment by Senators Spanel, Poulsen and Swecker be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the state's oil spill prevention and response programs perform essential services in protecting the environment and natural resource economy of Washington. Due to increased demand for services, the legislature finds that these programs have been expanded several times in the twenty years since the funding mechanisms for these programs were authorized, but the funding mechanisms for these programs have remained unchanged. Without additional funding, these programs face a structural funding deficit beginning in the 2007-2009 biennium. The legislature further finds that the current source of funding for these programs is derived from only one segment of activities that present oil spill risks in the state, and that there is a need for a comprehensive assessment of the sources of oil spill risks and potential funding mechanisms by which all sectors that are a source of oil spill risks may contribute to ensuring adequate funding for programs that prevent as well as prepare for and respond to oil spills.

(2) The legislature finds that the Strait of Juan de Fuca is a significant international avenue of waterborne commerce. Over five thousand transits by vessels greater than three hundred gross tons occur in the Strait each year. Reliable, safe vessel transits are vitally important to Washington state, the United States, and Canada. The legislature finds that comprehensive measures to prevent oil spills must be implemented in the Strait. The legislature further finds that stationing a response tug at the west entrance to the Strait is a critical component of such comprehensive measures, evidenced by the fact that the seasonal tug stationed at Neah Bay has conducted more than thirty assists since 1999. Because of the national significance of this waterway and the national interest in preventing oil spills there, the federal government should undertake to ensure that a year-round response tug is stationed at the west entrance to the Strait, either by providing sufficient federal funding for this purpose or to require through federal regulation that the commercial shipping interests benefiting from this service provide for a stationed tug. The legislature therefore directs the department of ecology to request that federal agencies with jurisdiction seek to require or fund the stationing of a response tug at such location, and seek reimbursement for the funding provided by the state for this purpose commencing with the fiscal year 2008 costs to the state.

NEW SECTION. Sec. 2. By September 1, 2008, the joint legislative audit and review committee shall examine the funding mechanism for the oil spill prevention and response programs. This study shall evaluate the state's oil spill prevention, preparedness, and response programs to compare the

sources of oil spill risk with the funding mechanism. The study shall include:

(1) A review of existing oil spill risk evaluations and qualitative models, including:

(a) Evaluations or models for a risk evaluation framework, considering such factors as volume of oil, time at sea, proximity to water, organizational readiness, and damage done; and

(b) Evaluations or models for risk allocation, assessing how much of the risk goes with the product and how much with where and how the product is handled and who is handling it;

(2) A review of empirical data related to actual spill numbers, spill volumes, spill locations, and other circumstances related to individual spills;

(3) Comparisons of the risk allocation to the actual funding contributed by sector; and

(4) Options to allocate the state's costs to the major risk categories, by sector."

(1) The sea grant program at the University of Washington shall, consistent with this section, commission a series of scientific research studies that examines the possible effects, including the cumulative effects, of the current prevalent geoduck aquaculture techniques and practices on the natural environment in and around Puget Sound, including the Strait of Juan de Fuca. The sea grant program shall use funding provided from the geoduck aquaculture research account created in

NINETY-FIFTH DAY, APRIL 12, 2007

2007 REGULAR SESSION

section 2 of this act to review existing literature, directly perform research identified as needed, or to enter into and manage contracts with scientific organizations or institutions to accomplish these results.

(2) Prior to entering into a contract with a scientific organization or institution, the sea grant program must:

(a) Analyze, through peer review, the credibility of the proposed party to the contract, including whether the party has credible experience and knowledge and has access to the facilities necessary to fully execute the research required by the contract; and

(b) Require that all proposed parties to a contract fully disclose any past, present, or planned future personal or professional connections with the shellfish industry or public interest groups.

(3) All research commissioned under this section must be subjected to a rigorous peer review process prior to being accepted and reported by the sea grant program.

(4) In prioritizing and directing research under this section, the sea grant program shall meet with the department of ecology at least annually and rely on guidance submitted by the department of ecology. The department of ecology shall convene the shellfish aquaculture regulatory committee created in section 4 of this act as necessary to serve as an oversight committee to formulate the guidance provided to the sea grant program. The objective of the oversight committee, and the resulting guidance provided to the sea grant program, is to ensure that the research required under this section satisfies the planning, permitting, and data management needs of the state, to assist in the prioritization of research given limited funding, and to help identify any research that is beneficial to complete other than what is listed in subsection (5) of this section.

(5) To satisfy the minimum requirements of subsection (1) of this section, the sea grant program shall review all scientific research that is existing or in progress that examines the possible effect of currently prevalent geoduck practices, on the natural environment, and prioritize and conduct new studies as needed, to measure and assess the following:

(a) The environmental effects of structures commonly used in the aquaculture industry to protect juvenile geoducks from predation;

(b) The environmental effects of commercial harvesting of geoducks from intertidal geoduck beds, focusing on current prevalent harvesting techniques, including a review of the recovery rates for benthic communities after harvest;

(c) The extent to which geoducks in standard aquaculture tracts alter the ecological characteristics of overlying waters while the tracts are submerged, including impacts on species diversity, and the abundance of other benthic organisms;

(d) Baseline information regarding naturally existing parasites and diseases in wild and cultured geoducks, including whether and to what extent commercial intertidal geoduck aquaculture practices impact the baseline;

(e) Genetic interactions between cultured and wild geoduck, including measurements of differences between cultured geoducks and wild geoducks in terms of genetics and reproductive status; and

(f) The impact of the use of sterile triploid geoducks and whether triploid animals diminish the genetic interactions between wild and cultured geoducks.

(6) If adequate funding is not made available for the completion of all research required under this section, the sea grant program shall consult with the shellfish aquaculture regulatory committee, via the department of ecology, to prioritize which of the enumerated research projects have the greatest cost/benefit ratio in terms of providing information important for regulatory decisions. The prioritization process may include the addition of any new studies that may be appropriate in addition to, or in place of, studies listed in this section.

(7) When appropriate, all research commissioned under this section must address localized and cumulative effects of geoduck aquaculture.

(8) The sea grant program and the University of Washington are prohibited from retaining greater than fifteen percent of any

funding provided to implement this section for administrative overhead or other deductions not directly associated with conducting the research required by this section.

(9) Individual commissioned contracts under this section may address single or multiple components listed for study under this section.

(10) All research commissioned under this section must be completed and the results reported to the appropriate committees of the legislature by December 1, 2013. In addition, the sea grant program shall provide the appropriate committees of the legislature with annual reports updating the status and progress of the ongoing studies that are completed in advance of the 2013 deadline.

2. **NEW SECTION. Sec. 3.** A new section is added to chapter 28B.20 RCW to read as follows:

The geoduck aquaculture research account is created in the custody of the state treasurer. All receipts from any legislative appropriations, the industry, or any other private or public source directed to the account must be deposited in the account. Expenditures from the account may only be used by the sea grant program for the geoduck research projects identified by section 1 of this act. Only the president of the University of Washington or the president's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 4. RCW 79.135.100 and 1984 c 221 s 10 are each amended to read as follows:

(1) If state-owned aquatic lands are used for aquaculture production or harvesting, rents and fees shall be established through competitive bidding or negotiation.

(2) The department is prohibited from offering leases that would permit the intertidal commercial aquaculture of geoducks on more than a total of twenty-three acres of state-owned aquatic lands until: (a) The department of ecology and the shellfish aquaculture regulatory committee have submitted a final report containing recommendations as required under section 4 of this act; and (b) the legislature has had at least one full legislative session to consider and act upon the recommendations. If the legislature does not take action limiting the department's authority to lease state-owned aquatic lands for geoduck aquaculture under (b) of this subsection, then the department may resume leasing property consistent with any applicable federal, state, and local guidelines or regulations.

(3) All rents and fees collected from leases of state-owned aquatic lands for purposes of geoduck aquaculture must be deposited into the geoduck aquaculture research account created under section 2 of this act.

(4) Any intertidal leases entered into by the department for geoduck aquaculture must be conditioned in such a way that: (a) The department can engage in monitoring of the environmental impacts of the lease's execution, without unreasonably diminishing the economic viability of the lease, and that the lease tracts are eligible to be made part of the studies conducted under section 1 of this act; and (b) any aquaculture equipment and materials used in the cultivation, protection, or harvest of geoducks be marked with the registration number of the aquatic farmer as required under RCW 77.115.040. The department must notify all abutting landowners of the intent of the department to lease the tidal and subtidal lands for the purposes of geoduck aquaculture. An intertidal lease entered into by the department for the purpose of geoduck aquaculture may not contain an automatic right of renewal.

Senator Keiser moved that the following committee striking amendment by the Committee on Ways & Means be not adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.47A.010 and 2006 c 255 s 1 are each amended to read as follows:

(1) The legislature finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs.

(2) The legislature intends, through establishment of a ~~((small employer))~~ health insurance partnership program, to remove economic barriers to health insurance coverage for low-wage employees of small employers by building on the private sector health benefit plan system and encouraging employer and

employee participation in employer-sponsored health benefit plan coverage.

Sec. 2. RCW 70.47A.020 and 2006 c 255 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means the administrator of the Washington state health care authority, established under chapter 41.05 RCW.

(2) "Board" means the health insurance partnership board established in section 4 of this act.

~~((3))~~ (3) "Eligible ~~((employee))~~ partnership participant" means an individual who:

(a) Is a resident of the state of Washington;

(b) Has family income ~~((less than))~~ that does not exceed two hundred percent of the federal poverty level, as determined annually by the federal department of health and human services; and

(c) Is employed by a participating small employer or is a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.

~~((3))~~ (4) "Health benefit plan" has the same meaning as defined in RCW 48.43.005 ~~((or any plan provided by a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 or by another benefit arrangement defined in the federal employee retirement income security act of 1974, as amended))~~.

~~((4))~~ (5) "Participating small employer" means a small employer that employs at least one eligible partnership participant and has entered into an agreement with the partnership for the partnership to offer and administer the small employer's group health benefit plan, as defined in federal law, Sec. 706 of ERISA (29 U.S.C. Sec. 1167), for enrollees in the plan.

~~((6))~~ (6) "Partnership" means the ~~((small employer))~~ health insurance partnership ~~((program))~~ established in RCW 70.47A.030.

~~((5))~~ (7) "Partnership participant" means an employee of a participating small employer, or a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.

~~((8))~~ (8) "Small employer" has the same meaning as defined in RCW 48.43.005.

~~((6))~~ (9) "Subsidy" or "premium subsidy" means payment or reimbursement to an eligible ~~((employee))~~ partnership participant toward the purchase of a health benefit plan, and may include a net billing arrangement with insurance carriers or a prospective or retrospective payment for health benefit plan premiums.

Sec. 3. RCW 70.47A.030 and 2006 c 255 s 3 are each amended to read as follows:

(1) To the extent funding is appropriated in the operating budget for this purpose, the ~~((small employer))~~ health insurance partnership ~~((program))~~ is established. The administrator shall be responsible for the implementation and operation of the ~~((small employer))~~ health insurance partnership ~~((program))~~, directly or by contract. The administrator shall offer premium subsidies to eligible ~~((employees))~~ partnership participants under RCW 70.47A.040.

(2) Consistent with policies adopted by the board under section 4 of this act, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership. Opportunities to publicize the program for outreach and education of small employers on the value of insurance shall explore the use of online employer guides. As a condition of participating in the partnership, a small employer must agree to establish a cafeteria plan under section 125 of the federal internal revenue code that will enable employees to use pretax dollars to pay their share of their health benefit plan

premium. The partnership shall provide technical assistance to small employers for this purpose;

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law. Neither the employer nor the partnership shall limit an employee's choice of coverage from among all the health benefit plans offered;

(c) Establish and manage a system for the partnership to be designated as the sponsor or administrator of a participating small employer health benefit plan and to undertake the obligations required of a plan administrator under federal law;

(d) Establish and manage a system of collecting and transmitting to the applicable carriers all premium payments or contributions made by or on behalf of partnership participants, including employer contributions, automatic payroll deductions for partnership participants, premium subsidy payments, and contributions from philanthropies;

(e) Establish and manage a system for determining eligibility for and making premium subsidy payments under this act;

(f) Establish a mechanism to apply a surcharge to all health benefit plans, which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans offered through the partnership and must be included in the premium for each health benefit plan. Surcharges may not be used to pay any premium assistance payments under this chapter;

(g) Design a schedule of premium subsidies that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members based on a benchmark health benefit plan designated by the board. The amount of an eligible partnership participant's premium subsidy shall be determined by applying a sliding scale subsidy schedule with the percentage of premium similar to that developed for subsidized basic health plan enrollees under RCW 70.47.060. The subsidy shall be applied to the employee's premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(3) The administrator may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.

NEW SECTION. Sec. 4. A new section is added to chapter 70.47A RCW to read as follows:

(1) The health insurance partnership board is hereby established. The governor shall appoint a nine-member board composed as follows:

- (a) Two representatives of small employers;
- (b) Two representatives of employees of small employers, one of whom shall represent low-wage employees;
- (c) Four employee health plan benefits specialists; and
- (d) The administrator.

(2) The governor shall appoint the initial members of the board to staggered terms not to exceed four years. Initial appointments shall be made on or before June 1, 2007. Members appointed thereafter shall serve two-year terms. Members of the board shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060. The board shall prescribe rules for the conduct of its business. The administrator shall be the chair of the board. Meetings of the board shall be at the call of the chair.

(3) The board may establish technical advisory committees or seek the advice of technical experts when necessary to execute the powers and duties included in this section.

(4) The board and employees of the board shall not be civilly or criminally liable and shall not have any penalty or cause of action of any nature arise against them for any action taken or not taken, including any discretionary decision or failure to make a discretionary decision, when the action or inaction is done in good faith and in the performance of the

powers and duties under this chapter. Nothing in this section prohibits legal actions against the board to enforce the board's statutory or contractual duties or obligations.

NEW SECTION. Sec. 5. A new section is added to chapter 70.47A RCW to read as follows:

(1) The health insurance partnership board shall:

(a) Develop policies for enrollment of small employers in the partnership, including minimum participation rules for small employer groups. The small employer shall determine the criteria for eligibility and enrollment in his or her plan and the terms and amounts of the employer's contributions to that plan, consistent with any minimum employer premium contribution level established by the board under (d) of this subsection;

(b) Designate health benefit plans that are currently offered in the small group market that will qualify for premium subsidy payments. At least four health benefit plans shall be chosen, with multiple deductible and point-of-service cost-sharing options. The health benefit plans shall range from catastrophic to comprehensive coverage, and one health benefit plan shall be a high deductible health plan. Every effort shall be made to include health benefit plans that include components to maximize the quality of care provided and result in improved health outcomes, such as preventive care, wellness incentives, chronic care management services, and provider network development and payment policies related to quality of care;

(c) Approve a mid-range benefit plan from those selected to be used as a benchmark plan for calculating premium subsidies;

(d) Determine whether there should be a minimum employer premium contribution on behalf of employees, and if so, how much;

(e) Determine appropriate health benefit plan rating methodologies. The methodologies shall be based on the small group adjusted community rate as defined in Title 48 RCW. The board shall evaluate the impact of applying the small group community rating with the partnership principle of allowing each employee to choose their health benefit plan, and consider options to reduce uncertainty for carriers and provide for efficient risk management of high-cost enrollees through risk adjustment, reinsurance, or other mechanisms;

(f) Conduct analyses and provide recommendations as requested by the legislature and the governor, with the assistance of staff from the health care authority and the office of the insurance commissioner.

(2) The board may authorize one or more limited health care service plans for dental care services to be offered by limited health care service contractors under RCW 48.44.035. However, such plan shall not qualify for subsidy payments.

(3) In fulfilling the requirements of this section, the board shall consult with small employers, the office of the insurance commissioner, members in good standing of the American academy of actuaries, health carriers, agents and brokers, and employees of small business.

Sec. 6. RCW 70.47A.040 and 2006 c 255 s 4 are each amended to read as follows:

~~((1))~~ Beginning ~~(July 1, 2007)~~ September 1, 2008, the administrator shall accept applications from eligible ~~((employees)) partnership participants~~, on behalf of themselves, their spouses, and their dependent children, to receive premium subsidies through the ~~((small employer)) health insurance partnership ((program))~~.

~~((2)) Premium subsidy payments may be provided to eligible employees if:~~

- ~~—(a) The eligible employee is employed by a small employer;~~
- ~~—(b) The actuarial value of the health benefit plan offered by the small employer is at least equivalent to that of the basic health plan benefit offered under chapter 70.47 RCW. The office of the insurance commissioner under Title 48 RCW shall certify those small employer health benefit plans that are at least actuarially equivalent to the basic health plan benefit; and~~
- ~~—(c) The small employer will pay at least forty percent of the monthly premium cost for health benefit plan coverage of the eligible employee.~~

~~(3) The amount of an eligible employee's premium subsidy shall be determined by applying the sliding scale subsidy schedule developed for subsidized basic health plan enrollees~~

under RCW 70.47.060 to the employee's premium obligation for his or her employer's health benefit plan:

~~(4) After an eligible individual has enrolled in the program, the program shall issue subsidies in an amount determined pursuant to subsection (3) of this section to either the eligible employee or to the carrier designated by the eligible employee.~~

~~(5) An eligible employee must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on premium subsidy accounts. The administrator may suspend or terminate an employee's participation in the program and seek repayment of any subsidy amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.)~~

Sec. 7. RCW 48.21.045 and 2004 c 244 s 1 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January

1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer

may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 8. RCW 48.44.023 and 2004 c 244 s 7 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. - (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 9. RCW 48.46.066 and 2004 c 244 s 9 are each amended to read as follows:

(1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization

from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan under this subsection shall clearly disclose all the covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health

benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

NEW SECTION. Sec. 10. On or before December 1, 2008, the health insurance partnership board shall submit a report to the governor and the legislature that includes an implementation plan to incorporate the individual and small group health insurance markets into the partnership program. In preparing the report, the board shall examine at least the following issues:

(1) The impact of these markets being incorporated into the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(2) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

(3) How the composition of the board should be modified to reflect the incorporation of the individual and small group markets in the partnership.

NEW SECTION. Sec. 11. On or before December 1, 2009, the health insurance partnership board shall submit a report and recommendations to the governor and the legislature regarding:

(1) The risks and benefits of additional markets participating in the partnership:

- (a) The report shall examine the following markets:
 - (i) Washington state health insurance pool under chapter 48.41 RCW;
 - (ii) Basic health plan under chapter 70.47 RCW;
 - (iii) Public employees' benefits board enrollees under chapter 41.05 RCW; and

(iv) Public school employees; and

(b) The report shall examine at least the following issues:

(i) The impact of these markets participating in the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(ii) Whether any distinction should be made in participation between active and retired employees enrolled in public employees' benefits board plans, giving consideration to the implicit subsidy that nonmedicare-eligible retirees currently benefit from by being pooled with active employees, and how medicare-eligible retirees would be affected;

(iii) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

(iv) If the board recommends the inclusion of additional markets, how the composition of the board should be modified to reflect the participation of these markets; and

(2) The risks and benefits of establishing a requirement that residents of the state of Washington age eighteen and over obtain and maintain affordable creditable coverage, as defined in the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg(c)). The report shall address the question of how a requirement that residents maintain coverage could be enforced in the state of Washington.

Sec. 12. RCW 70.47A.050 and 2006 c 255 s 5 are each amended to read as follows:

Enrollment in the (~~small employer~~) health insurance partnership (~~program~~) is not an entitlement and shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the administrator may freeze new enrollment in the program and establish a waiting list of eligible employees who shall receive subsidies only when sufficient funds are available.

Sec. 13. RCW 70.47A.060 and 2006 c 255 s 6 are each amended to read as follows:

The administrator shall adopt all rules necessary for the implementation and operation of the (~~small employer~~) health insurance partnership (~~program~~). As part of the rule development process, the administrator shall consult with small employers, carriers, employee organizations, and the office of the insurance commissioner under Title 48 RCW to determine an effective and efficient method for the payment of subsidies under this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW.

Sec. 14. RCW 70.47A.080 and 2006 c 255 s 8 are each amended to read as follows:

The (~~small employer~~) health insurance partnership (~~program~~) account is hereby established in the custody of the state treasurer. Any nongeneral fund--state funds collected for the (~~small employer~~) health insurance partnership (~~program~~) shall be deposited in the (~~small employer~~) health insurance partnership (~~program~~) account. Moneys in the account shall be used exclusively for the purposes of administering the (~~small employer~~) health insurance partnership (~~program~~), including payments to (~~participating managed health care systems~~) insurance carriers on behalf of (~~small employer~~) health insurance partnership enrollees. Only the administrator of the health care authority or his or her designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 15. (1) The office of the insurance commissioner shall contract for an independent study of health benefit mandates, rating requirements, and insurance statutes and rules to determine the impact on premiums and individuals' health if those statutes or rules were amended or repealed.

(2) The office of the insurance commissioner shall submit an interim report to the governor and appropriate committees of the legislature by December 1, 2007, and a final report by December 1, 2008.

NEW SECTION. Sec. 16. 2006 c 255 s 10 (uncodified) is repealed.**NEW SECTION. Sec. 17.** Sections 1 through 6 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2007.**NEW SECTION. The President declared the question before the Senate to be the motion by Senator Keiser to not adopt the committee striking amendment by the Committee on Ways & Means to Engrossed Second Substitute House Bill No. 1569.

The motion by Senator Keiser carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Keiser moved that the following striking amendment by Senators Keiser and Franklin be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 70.47A.010 and 2006 c 255 s 1 are each amended to read as follows:

(1) The legislature finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs.

(2) The legislature intends, through establishment of a (~~small employer~~) health insurance partnership program, to remove economic barriers to health insurance coverage for low-wage employees of small employers by building on the private sector health benefit plan system and encouraging employer and employee participation in employer-sponsored health benefit plan coverage.**Sec. 2.** RCW 70.47A.020 and 2006 c 255 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means the administrator of the Washington state health care authority, established under chapter 41.05 RCW.

(2) "Board" means the health insurance partnership board established in section 4 of this act.

(3) "Eligible (~~employee~~) partnership participant" means an individual who:

(a) Is a resident of the state of Washington;

(b) Has family income (~~less than~~) that does not exceed two hundred percent of the federal poverty level, as determined annually by the federal department of health and human services; and

(c) Is employed by a participating small employer or is a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.

~~((3))~~ (4) "Health benefit plan" has the same meaning as defined in RCW 48.43.005 ~~((or any plan provided by a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 or by another benefit arrangement defined in the federal employee retirement income security act of 1974, as amended)).~~

~~((4))~~ "Program" (5) "Participating small employer" means a small employer that employs at least one eligible partnership participant and has entered into an agreement with the partnership for the partnership to offer and administer the small employer's group health benefit plan, as defined in federal law, Sec. 706 of ERISA (29 U.S.C. Sec. 1167), for enrollees in the plan.

(6) "Partnership" means the ~~((small employer))~~ health insurance partnership ~~((program))~~ established in RCW 70.47A.030.

~~((5))~~ (7) "Partnership participant" means an employee of a participating small employer, or a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.

(8) "Small employer" has the same meaning as defined in RCW 48.43.005.

~~((6))~~ (9) "Subsidy" or "premium subsidy" means payment or reimbursement to an eligible ~~((employee))~~ partnership participant toward the purchase of a health benefit plan, and may include a net billing arrangement with insurance carriers or a prospective or retrospective payment for health benefit plan premiums.

Sec. 3. RCW 70.47A.030 and 2006 c 255 s 3 are each amended to read as follows:

(1) To the extent funding is appropriated in the operating budget for this purpose, the ~~((small employer))~~ health insurance partnership ~~((program))~~ is established. The administrator shall be responsible for the implementation and operation of the ~~((small employer))~~ health insurance partnership ~~((program))~~, directly or by contract. The administrator shall offer premium subsidies to eligible ~~((employees))~~ partnership participants under RCW 70.47A.040.

(2) Consistent with policies adopted by the board under section 4 of this act, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership. Opportunities to publicize the program for outreach and education of small employers on the value of insurance shall explore the use of online employer guides. As a condition of participating in the partnership, a small employer must agree to establish a cafeteria plan under section 125 of the federal internal revenue code that will enable employees to use pretax dollars to pay their share of their health benefit plan premium. The partnership shall provide technical assistance to small employers for this purpose;

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law. Neither the employer nor the partnership shall limit an employee's choice of coverage from among all the health benefit plans offered;

(c) Establish and manage a system for the partnership to be designated as the sponsor or administrator of a participating small employer health benefit plan and to undertake the obligations required of a plan administrator under federal law;

(d) Establish and manage a system of collecting and transmitting to the applicable carriers all premium payments or contributions made by or on behalf of partnership participants, including employer contributions, automatic payroll deductions for partnership participants, premium subsidy payments, and contributions from philanthropies;

(e) Establish and manage a system for determining eligibility for and making premium subsidy payments under this act;

(f) Establish a mechanism to apply a surcharge to all health benefit plans, which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans offered through the partnership and must be included in the premium for each health benefit plan. Surcharges may not be used to pay any premium assistance payments under this chapter;

(g) Design a schedule of premium subsidies that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members based on a benchmark health benefit plan designated by the board. The amount of an eligible partnership participant's premium subsidy shall be determined by applying a sliding scale subsidy schedule with the percentage of premium similar to that developed for subsidized basic health plan enrollees under RCW 70.47.060. The subsidy shall be applied to the employee's premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(3) The administrator may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.

NEW SECTION, Sec. 4. A new section is added to chapter 70.47A RCW to read as follows:

(1) The health insurance partnership board is hereby established. The governor shall appoint a nine-member board composed as follows:

(a) Two representatives of small employers;

(b) Two representatives of employees of small employers, one of whom shall represent low-wage employees;

(c) Four employee health plan benefits specialists; and

(d) The administrator.

(2) The governor shall appoint the initial members of the board to staggered terms not to exceed four years. Initial appointments shall be made on or before June 1, 2007. Members appointed thereafter shall serve two-year terms. Members of the board shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060. The board shall prescribe rules for the conduct of its business. The administrator shall be the chair of the board. Meetings of the board shall be at the call of the chair.

(3) The board may establish technical advisory committees or seek the advice of technical experts when necessary to execute the powers and duties included in this section.

(4) The board and employees of the board shall not be civilly or criminally liable and shall not have any penalty or cause of action of any nature arise against them for any action taken or not taken, including any discretionary decision or failure to make a discretionary decision, when the action or inaction is done in good faith and in the performance of the powers and duties under this chapter. Nothing in this section prohibits legal actions against the board to enforce the board's statutory or contractual duties or obligations.

NEW SECTION, Sec. 5. A new section is added to chapter 70.47A RCW to read as follows:

(1) The health insurance partnership board shall:

(a) Develop policies for enrollment of small employers in the partnership, including minimum participation rules for small employer groups. The small employer shall determine the criteria for eligibility and enrollment in his or her plan and the terms and amounts of the employer's contributions to that plan, consistent with any minimum employer premium contribution level established by the board under (d) of this subsection;

(b) Designate health benefit plans that are currently offered in the small group market that will qualify for premium subsidy payments. At least four health benefit plans shall be chosen, with multiple deductible and point-of-service cost-sharing options. The health benefit plans shall range from catastrophic to comprehensive coverage, and one health benefit plan shall be a high deductible health plan. Every effort shall be made to include health benefit plans that include components to maximize the quality of care provided and result in improved

2007 REGULAR SESSION

health outcomes, such as preventive care, wellness incentives, chronic care management services, and provider network development and payment policies related to quality of care;

(c) Approve a mid-range benefit plan from those selected to be used as a benchmark plan for calculating premium subsidies;

(d) Determine whether there should be a minimum employer premium contribution on behalf of employees, and if so, how much;

(e) Determine appropriate health benefit plan rating methodologies. The methodologies shall be based on the small group adjusted community rate as defined in Title 48 RCW. The board shall evaluate the impact of applying the small group community rating with the partnership principle of allowing each employee to choose their health benefit plan, and consider options to reduce uncertainty for carriers and provide for efficient risk management of high-cost enrollees through risk adjustment, reinsurance, or other mechanisms;

(f) Conduct analyses and provide recommendations as requested by the legislature and the governor, with the assistance of staff from the health care authority and the office of the insurance commissioner.

(2) The board may authorize one or more limited health care service plans for dental care services to be offered by limited health care service contractors under RCW 48.44.035. However, such plan shall not qualify for subsidy payments.

(3) In fulfilling the requirements of this section, the board shall consult with small employers, the office of the insurance commissioner, members in good standing of the American academy of actuaries, health carriers, agents and brokers, and employees of small business.

Sec. 6. RCW 70.47A.040 and 2006 c 255 s 4 are each amended to read as follows:

~~((+))~~ Beginning ~~((July 1, 2007))~~ September 1, 2008, the administrator shall accept applications from eligible ~~((employees))~~ partnership participants, on behalf of themselves, their spouses, and their dependent children, to receive premium subsidies through the ~~((small employer))~~ health insurance partnership ~~((program))~~.

~~((2))~~ Premium subsidy payments may be provided to eligible employees if:

~~—(a) The eligible employee is employed by a small employer;~~

~~—(b) The actuarial value of the health benefit plan offered by the small employer is at least equivalent to that of the basic health plan benefit offered under chapter 70.47 RCW. The office of the insurance commissioner under Title 48 RCW shall certify those small employer health benefit plans that are at least actuarially equivalent to the basic health plan benefit; and~~

~~—(c) The small employer will pay at least forty percent of the monthly premium cost for health benefit plan coverage of the eligible employee.~~

~~—(3) The amount of an eligible employee's premium subsidy shall be determined by applying the sliding scale subsidy schedule developed for subsidized basic health plan enrollees under RCW 70.47.060 to the employee's premium obligation for his or her employer's health benefit plan.~~

~~—(4) After an eligible individual has enrolled in the program, the program shall issue subsidies in an amount determined pursuant to subsection (3) of this section to either the eligible employee or to the carrier designated by the eligible employee.~~

~~—(5) An eligible employee must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on premium subsidy accounts. The administrator may suspend or terminate an employee's participation in the program and seek repayment of any subsidy amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.)~~

Sec. 7. RCW 48.21.045 and 2004 c 244 s 1 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of

benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 8. RCW 48.44.023 and 2004 c 244 s 7 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose

all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a

member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 9. RCW 48.46.066 and 2004 c 244 s 9 are each amended to read as follows:

(1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan under this subsection shall clearly disclose all the covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining

whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

NEW SECTION. Sec. 10. On or before December 1, 2008, the health insurance partnership board shall submit a report to the governor and the legislature that includes an implementation plan to incorporate the individual and small group health insurance markets into the partnership program. In preparing the report, the board shall examine at least the following issues:

(1) The impact of these markets being incorporated into the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(2) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

(3) How the composition of the board should be modified to reflect the incorporation of the individual and small group markets in the partnership.

NEW SECTION. Sec. 11. On or before December 1, 2009, the health insurance partnership board shall submit a report and recommendations to the governor and the legislature regarding:

(1) The risks and benefits of additional markets participating in the partnership:

(a) The report shall examine the following markets:

(i) Washington state health insurance pool under chapter 48.41 RCW;

(ii) Basic health plan under chapter 70.47 RCW;

(iii) Public employees' benefits board enrollees under chapter 41.05 RCW; and

(iv) Public school employees; and

(b) The report shall examine at least the following issues:

(i) The impact of these markets participating in the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(ii) Whether any distinction should be made in participation between active and retired employees enrolled in public employees' benefits board plans, giving consideration to the implicit subsidy that nonmedicare-eligible retirees currently benefit from by being pooled with active employees, and how medicare-eligible retirees would be affected;

(iii) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

(iv) If the board recommends the inclusion of additional markets, how the composition of the board should be modified to reflect the participation of these markets; and

(2) The risks and benefits of establishing a requirement that residents of the state of Washington age eighteen and over obtain and maintain affordable creditable coverage, as defined in

the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg(c)). The report shall address the question of how a requirement that residents maintain coverage could be enforced in the state of Washington.

Sec. 12. RCW 70.47A.050 and 2006 c 255 s 5 are each amended to read as follows:

Enrollment in the ~~((small employer))~~ health insurance partnership ~~((program))~~ is not an entitlement and shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the administrator may freeze new enrollment in the program and establish a waiting list of eligible employees who shall receive subsidies only when sufficient funds are available.

Sec. 13. RCW 70.47A.060 and 2006 c 255 s 6 are each amended to read as follows:

(5) An eligible employee must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on premium subsidy accounts. The administrator may suspend or terminate an employee's participation in the program and seek repayment of any subsidy amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.

PART I: FINDINGS AND INTENT

NEW SECTION. Sec. 101. LEGISLATIVE FINDINGS.

The legislature finds that:

(1) The people of Washington have expressed strong concerns about health care costs and access to needed health services. Even if currently insured, they are not confident that they will continue to have health insurance coverage in the future and feel that they are getting less, but spending more.

(2) Many employers, especially small employers, struggle

with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. In addition, small employers continue to invest a significant amount of their time in the health insurance business as they are the lone gateway to group coverage for their employees. This is time better served meeting their customers' needs and fulfilling the many demands and challenges of our ever-changing marketplace. Even after much research has been done by the employer to secure a health benefit plan that works for everyone, it is, too often, that some individuals are forced into a choice of health care coverage they would have never made on their own, if given that chance.

(3) Six hundred thousand Washingtonians are uninsured. Three-quarters work or have a working family member; two-thirds are low income; and one-half are young adults. Many are low-wage workers who are not offered, or eligible for, employer-sponsored coverage. Others struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while still others turn down their employer's offer of coverage due to its costs.

(4) Lack of portability remains a constant problem as thousands of Washington residents go uninsured every year simply because they are temporarily between jobs or their new job does not offer an affordable option for them. In addition, two-income earner families are punished by the system as they are forced to choose one employer's health insurance plan over another without a chance to collect premium contributions from both.

(5) Access to health insurance and other health care spending has resulted in improved health for many Washingtonians. Yet, we are not receiving as much value as we should for each health care dollar spent in Washington state. By failing to sufficiently focus our efforts on prevention and management of chronic diseases, such as diabetes, asthma, and heart disease, too many Washingtonians suffer from complications of their illnesses. By failing to make health insurance coverage affordable for low-wage workers and self-employed people, health problems that could be treated in a doctor's office are treated in the emergency room or hospital. By failing to focus on the most effective ways to maintain our health and treat disease, Washingtonians have not made lifestyle changes proven to improve health, nor do they receive the most effective care.

(6) There are very few incentives for young adults, nineteen through thirty years old, to purchase their own health coverage. Young, healthy adults are often quoted rates that are incongruent with their level of risk and do not make financial sense when they look at the cost benefit ratio. By failing to offer the right incentives for this population to enroll in a health insurance plan, we have created layers of problems such as increased uncompensated care and less preventative care being sought.

(7) The concept of a health insurance exchange has the potential for offering a strong value to Washington's health insurance market. It is necessary and advisable to fully consider the potential success and drawbacks of this concept through an interim study group of health policy stakeholders and legislators. The study's findings and recommendations will provide a template or guide for further consideration of health care market reform in Washington state.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT. The legislature intends, through the public/private partnership reflected in this act, to improve our current health care system so that:

(1) Health insurance coverage is more affordable for employers, employees, self-employed people, and other individuals;

(2) The process of choosing and purchasing health insurance coverage is well-informed, clearer, and simpler;

(3) Prevention, chronic care management, wellness, and improved quality of care are a fundamental part of our health care system;

(4) Administrative costs at every level are reduced;

(5) As a result of these changes, more people in Washington

2007 REGULAR SESSION

state have access to affordable health insurance coverage and health outcomes in Washington state are improved;

(6) More insurance coverage choices are available to all health consumers;

(7) Competition is increased between health plans based on quality, cost, and positive health outcomes;

(8) Employer incentives to keep an employee below twenty hours per week are diminished creating wider access to health insurance for part-time employees and thereby reducing state costs for subsidizing health care to low-wage and part-time workers;

(9) More workers and employers are able to take advantage of section 125 plans to gain tax preferred status for health care premium payments resulting in significantly reduced costs.

Members of the study group shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060. The study group shall prescribe rules for the conduct of its business. The study group shall choose a chair and a vice-chair from among its members. Meetings of the study group shall be at the call of the chair. Supporting staff to the study group shall be provided by the governor's office and/or the health care authority as deemed necessary.

NEW SECTION. Sec. 203. HEALTH INSURANCE EXCHANGE IMPLEMENTATION PLAN. On or before July 1, 2007, the health care authority shall commission a

comprehensive implementation study to be carried out by an independent firm in consultation with all government agencies and stakeholders affected by changes prescribed in this section. The firm designated for this task shall be provided all nonproprietary information necessary to complete its task in a timely fashion. The recommendations of the study shall be drafted in such a way as to provide a complete and comprehensive plan that will facilitate the expedient implementation of the exchange upon the study's conclusion. The implementation plan shall address the following issues in an actuarially sound and statistically significant manner using independent expertise from the public and private sector as is necessary to complete the task:

(1) The consolidation of markets in the exchange and its effect on consumers:

(a) The implementation plan shall assume the participation and consolidation of the following markets:

(i) Small group health insurance market;

(ii) Individual health insurance market;

(iii) Washington state health insurance pool under chapter 48.41 RCW;

(iv) Basic health plan under chapter 70.47 RCW;

(v) Public employees' benefits board enrollees under chapter 41.05 RCW;

(vi) Public school employees; and

(vii) Association health plans; and

(b) The report shall examine at least the following issues:

(i) The direct impact of these markets participating in the exchange on the consumer, with respect to the utilization of services and cost of health plans offered through the exchange;

(ii) Whether any distinction should be made in participation between active and retired employees enrolled in public employees' benefits board plans, giving consideration to the implicit subsidy that nonmedicare-eligible retirees currently benefit from by being pooled with active employees, and how medicare-eligible retirees would be affected;

(iii) Whether any special allowance or provision can be made for employees who are satisfied with their current insurance product that would assure them access to that same product within the exchange;

(iv) The process by which public or private self-funded plans can be modified in such a way to allow them participation as carriers in the exchange. This issue shall be evaluated with special attention paid to the feasibility of incorporating the uniform medical plan of the public employees' benefits board within the exchange to encourage competition between the public and private sector for better risk management, product design, and wellness activities while addressing the effect this would have on consumers and the market as a whole;

(v) The impact of applying the insurance regulations in RCW 48.43.015, 48.43.025, and 48.43.035, on access to health services and the cost of coverage for these markets;

(vi) If the exchange board should be modified in any way to adequately reflect the participation of these markets; and

(vii) Any additional areas of concern relating to carrier participation in the exchange and information necessary to effectively rate plans in a new risk environment.

(2) The risks and benefits of establishing a requirement that residents of the state of Washington age eighteen and over obtain and maintain affordable creditable coverage, as defined in the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg(c)). The report shall address the question of how a requirement that residents maintain coverage could be enforced in the state of Washington.

(3) The participation of categorically needy medicaid and state children's health insurance program enrollees in the exchange. The study shall examine the following issues:

(a) The impact on medicaid and state children's health insurance program enrollees participating in the exchange, with respect to the utilization of services and cost of health plans offered through the exchange;

(b) Whether any distinction should be made between adult and child enrollees;

(c) Opportunities to provide plan design flexibility through medicaid state plan amendments;

NINETY-FIFTH DAY, APRIL 12, 2007

(d) The need for a new section 1115 waiver from the federal government for moving a sizable portion of the medicaid and state children's health insurance program population into a defined contribution model;

(e) A study of other states that have attempted similar reforms involving a defined contribution model within their medicaid population and whether any ideas should be incorporated to facilitate the move of enrollees to the exchange;

(f) Whether any cost savings to the state would result from the incorporation of medicaid and state children's health insurance program enrollees to the exchange;

(g) The effect any such move would have on the premiums of current exchange enrollees;

(h) The capacity of participating carriers in the exchange to properly manage the care of medicaid and state children's health insurance program enrollees;

(i) The impact of expanded choice and cost sharing on medicaid enrollees; and

(j) What specific categories of categorically needy medicaid and state children's health insurance program enrollees, if any, should be excluded from participation in the exchange.

(4) A study of health benefit mandates and insurance statutes and rules to determine the impact on premiums and individuals' health if those statutes or rules were amended or repealed:

(a) The effect this would have on premium rates across the age and health risk spectrum;

(b) Whether adverse selection would occur between carriers and/or benefit plan types; and

(c) What the expected take-up rate of mandate/free plans would be among young adults and other age groups previously uninsured.

(5) Reforming the way health benefit plans are rated for different groups and the process by which they receive approval for market consumption. Possible changes to analyze include but should not be limited to:

(a) Expanding the adjusted community rating band to four hundred twenty-five percent for plans offered through the exchange;

(b) Changing the community rating formula to allow for certain percentage variations between age groups as opposed to one all-encompassing age rating band;

(c) Introducing a separate rating band for young adults between the ages of nineteen and thirty-four to allow for more affordable plans for this population;

(d) Changing the role of the office of insurance commissioner in approving rate submittals by allowing the American academy of actuaries to justify the rate and thus bypassing a costly administrative hurdle;

(e) Expediting the rate-approval process by which plans are able to enter the market by limiting all rate review that is within the acceptable range to thirty days or less; and

(f) Allowing additional rate adjustment flexibility for health insurance carriers and what the optimal range of discretion is for the consumers that purchase those products.

(6) The manner in which premium assistance should be provided to prospective enrollees of the exchange:

(a) What expectation for contribution, if any, should be placed on small and large employers whose employees apply for premium assistance through the exchange;

(b) How the previously negotiated and widely accepted small employer health insurance partnership can be incorporated into the exchange; and

(c) The most effective means for determining contribution levels and what, if any, benchmark plans should be used in such an evaluation.

(7) The most effective means of equitably transferring risk among and between carriers to ensure rampant competition, lower costs, and wider access to health insurance:

(a) An evaluation of risk transfer mechanisms should include a thorough consultation with the office of the insurance commissioner in order to incorporate any previous reports, studies, or other material published by the commissioner in dealing with the subject.

(b) The implementation plan shall fully consider the

following goals for risk transfer arrangements when evaluating the best approach:

(i) Reduction of insurer incentives to avoid risk;

(ii) Ability of insured individuals to find coverage easily and move among plans;

(iii) Incentives for the primary insurer to manage high costs effectively; and

(iv) Ability to stabilize a merged small group and individual health insurance market for carriers and consumers.

(c) A recommendation should be made as to the most effective way of phasing out the Washington state health insurance pool with concurrent implementation of a new risk transfer arrangement.

(8) The streamlined process by which brokers will be compensated for their involvement in bringing new enrollees to the exchange:

(a) What standard commission rate is deemed most appropriate and fair by the various agency and broker associations;

(b) How interaction between employer groups and brokers will be documented and compensated;

(c) How plan information will be shared between the exchange and broker community; and

(d) Other issues that are deemed worthy of addressing to ensure active participation from insurance brokers in the implementation of the exchange.

(9) New employer contribution strategies that will be utilized in the exchange. Strategies to be investigated for their risk and benefit to the employer and employee include:

(a) A set dollar amount or defined contribution;

(b) Pro rata contribution for part-time or seasonal employees based on hours worked;

(c) A percentage of premium contribution with or without a cap; and

(d) Other strategies as they are referred for further investigation and discussion by the exchange board or stakeholders.

(10) The interim study group shall submit a timeline and work plan for the study to the governor and appropriate committees of the legislature by August 1, 2007, to include a schedule of interim study group meetings, a schedule for stakeholder input, a detailed timeline of the study, the identity of the consulting actuarial firm, and any other information necessary to ensure the completion of a comprehensive health insurance exchange study. A final report with findings and recommendations related to each of the items in the study plan and recommendations for next steps shall be completed and submitted to the legislature and governor no later than January 1, 2008.

"PART I: FINDINGS AND INTENT

NEW SECTION. Sec. 101. LEGISLATIVE FINDINGS.

The legislature finds that:

(1) The people of Washington have expressed strong concerns about health care costs and access to needed health services. Even if currently insured, they are not confident that they will continue to have health insurance coverage in the future and feel that they are getting less, but spending more.

(2) Many employers, especially small employers, struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. In addition, small employers continue to invest a significant amount of their time in the health insurance business as they are the lone gateway to group coverage for their employees. This is time better served meeting their customers' needs and fulfilling the many demands and challenges of our ever-changing marketplace. Even after much research has been done by the employer to secure a health benefit plan that works for everyone, it is, too often, that some individuals are forced into a choice of health care coverage they would have never made on their own, if given that chance.

(3) Six hundred thousand Washingtonians are uninsured. Three-quarters work or have a working family member; two-thirds are low income; and one-half are young adults. Many are low-wage workers who are not offered, or eligible for, employer-sponsored coverage. Others struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while still others turn down their employer's offer of coverage due to its costs.

(4) Lack of portability remains a constant problem as thousands of Washington residents go uninsured every year simply because they are temporarily between jobs or their new job does not offer an affordable option for them. In addition, two-income earner families are punished by the system as they are forced to choose one employer's health insurance plan over another without a chance to collect premium contributions from both.

(5) Access to health insurance and other health care spending has resulted in improved health for many Washingtonians. Yet, we are not receiving as much value as we should for each health care dollar spent in Washington state. By failing to sufficiently focus our efforts on prevention and management of chronic diseases, such as diabetes, asthma, and

heart disease, too many Washingtonians suffer from complications of their illnesses. By failing to make health insurance coverage affordable for low-wage workers and self-employed people, health problems that could be treated in a doctor's office are treated in the emergency room or hospital. By failing to focus on the most effective ways to maintain our health and treat disease, Washingtonians have not made lifestyle changes proven to improve health, nor do they receive the most effective care.

(6) There are very few incentives for young adults, nineteen through thirty years old, to purchase their own health coverage. Young, healthy adults are often quoted rates that are incongruent with their level of risk and do not make financial sense when they look at the cost benefit ratio. By failing to offer the right incentives for this population to enroll in a health insurance plan, we have created layers of problems such as increased uncompensated care and less preventative care being sought.

(7) The concept of a health insurance exchange has the potential for offering a strong value to Washington's health insurance market. It is necessary and advisable to fully consider the potential success and drawbacks of this concept through an interim study group of health policy stakeholders and legislators. The study's findings and recommendations will provide a template or guide for further consideration of health care market reform in Washington state.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT. The legislature intends, through the public/private partnership reflected in this act, to improve our current health care system so that:

(1) Health insurance coverage is more affordable for employers, employees, self-employed people, and other individuals;

(2) The process of choosing and purchasing health insurance coverage is well-informed, clearer, and simpler;

(3) Prevention, chronic care management, wellness, and improved quality of care are a fundamental part of our health care system;

(4) Administrative costs at every level are reduced;

(5) As a result of these changes, more people in Washington state have access to affordable health insurance coverage and health outcomes in Washington state are improved;

(6) More insurance coverage choices are available to all health consumers;

(7) Competition is increased between health plans based on quality, cost, and positive health outcomes;

(8) Employer incentives to keep an employee below twenty hours per week are diminished creating wider access to health insurance for part-time employees and thereby reducing state costs for subsidizing health care to low-wage and part-time workers;

(9) More workers and employers are able to take advantage of section 125 plans to gain tax preferred status for health care premium payments resulting in significantly reduced costs.

NEW SECTION. Sec. 203. HEALTH INSURANCE EXCHANGE IMPLEMENTATION RECOMMENDATIONS. On or before July 1, 2007, the health care authority shall commission a comprehensive implementation study to be carried out by an independent firm in consultation with all government agencies and stakeholders affected by changes prescribed in this section. The firm designated for this task shall be provided all nonproprietary information necessary to complete its task in a timely fashion. The recommendations of the study shall be drafted in such a way as to provide a complete and comprehensive plan that will facilitate the expedient implementation of the exchange upon the study's conclusion. The implementation recommendations shall address the following issues in an actuarially sound and statistically significant manner using independent expertise from the public and private sector as is necessary to complete the task:

(1) The consolidation of markets in the exchange and its effect on consumers:

- (a) The implementation study shall examine the participation and consolidation of the following markets:
 - (i) Small group health insurance market;
 - (ii) Individual health insurance market;
 - (iii) Washington state health insurance pool under chapter 48.41 RCW;
 - (iv) Basic health plan under chapter 70.47 RCW;

(v) Public employees' benefits board enrollees under chapter 41.05 RCW;

- (vi) Public school employees; and
- (vii) Association health plans; and

(b) The report shall examine at least the following issues:

(i) The direct impact of these markets participating in the exchange on the consumer, with respect to the utilization of services and cost of health plans offered through the exchange;

(ii) Whether any distinction should be made in participation between active and retired employees enrolled in public employees' benefits board plans, giving consideration to the implicit subsidy that nonmedicare-eligible retirees currently benefit from by being pooled with active employees, and how medicare-eligible retirees would be affected;

(iii) Whether any special allowance or provision can be or needs to be made for employees who are satisfied with their current insurance product that would assure them access to that same product within the exchange;

(iv) The process by which public or private self-funded plans can be modified in such a way to allow them participation as carriers in the exchange. This issue shall be evaluated with special attention paid to the feasibility of incorporating the uniform medical plan of the public employees' benefits board within the exchange to encourage competition between the public and private sector for better risk management, product design, and wellness activities while addressing the effect this would have on consumers and the market as a whole;

(v) The impact of applying the insurance regulations in RCW 48.43.015, 48.43.025, and 48.43.035, on access to health services and the cost of coverage for these markets;

(vi) If the exchange board should be modified in any way to adequately reflect the participation of these markets; and

(vii) Any additional areas of concern relating to carrier participation in the exchange and information necessary to effectively rate plans in a new risk environment.

(2) The risks and benefits of establishing a requirement that residents of the state of Washington age eighteen and over obtain and maintain affordable creditable coverage, as defined in the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg(c)). The report shall address the question of how a requirement that residents maintain coverage could be enforced in the state of Washington.

(b) Whether any distinction should be made between adult and child enrollees;

(c) Opportunities to provide plan design flexibility through medicaid state plan amendments;

(d) The need for a new section 1115 waiver from the federal government for moving a sizable portion of the medicaid and state children's health insurance program population into a defined contribution model;

(e) A study of other states that have attempted similar reforms involving a defined contribution model within their medicaid population and whether any ideas should be incorporated to facilitate the move of enrollees to the exchange;

(f) Whether any cost savings to the state would result from the incorporation of medicaid and state children's health insurance program enrollees to the exchange;

(g) The effect any such move would have on the premiums of current exchange enrollees;

(h) The capacity of participating carriers in the exchange to properly manage the care of medicaid and state children's health insurance program enrollees;

NINETY-FIFTH DAY, APRIL 12, 2007

(c) What the expected take-up rate of mandate free plans would be among young adults and other age groups previously uninsured.

(5) Reforming the way health benefit plans are rated for different groups and the process by which they receive approval for market consumption. Possible changes to analyze include but should not be limited to:

(a) Expanding the adjusted community rating band to four hundred twenty-five percent for plans offered through the exchange;

(b) Changing the community rating formula to allow for certain percentage variations between age groups as opposed to one all-encompassing age rating band;

(c) Introducing a separate rating band for young adults between the ages of nineteen and thirty-four to allow for more affordable plans for this population;

(d) Changing the role of the office of insurance commissioner in approving rate submittals by allowing the American academy of actuaries to justify the rate and thus bypassing a costly administrative hurdle;

(e) Expediting the rate-approval process by which plans are able to enter the market by limiting all rate review that is within the acceptable range to thirty days or less; and

(f) Allowing additional rate adjustment flexibility for health insurance carriers and what the optimal range of discretion is for the consumers that purchase those products.

(6) The manner in which premium assistance should be provided to prospective enrollees of the exchange:

(a) What expectation for contribution, if any, should be placed on small and large employers whose employees apply for premium assistance through the exchange;

(b) How the previously negotiated and widely accepted small employer health insurance partnership can be incorporated into the exchange; and

(iii) Incentives for the primary insurer to manage high costs effectively; and

(iv) Ability to stabilize a merged small group and individual health insurance market for carriers and consumers.

(c) A recommendation should be made as to the most effective way of phasing out the Washington state health insurance pool with concurrent implementation of a new risk transfer arrangement.

(8) The streamlined process by which brokers will be compensated for their involvement in bringing new enrollees to the exchange:

(a) What standard commission rate is deemed most appropriate and fair by the various agency and broker associations;

(b) How interaction between employer groups and brokers will be documented and compensated;

(c) How plan information will be shared between the exchange and broker community; and

(d) Other issues that are deemed worthy of addressing to ensure active participation from insurance brokers in the implementation of the exchange.

(9) New employer contribution strategies that will be utilized in the exchange. Strategies to be investigated for their risk and benefit to the employer and employee include:

(a) A set dollar amount or defined contribution;

(b) Pro rata contribution for part-time or seasonal employees based on hours worked;

(c) A percentage of premium contribution with or without a cap; and

(d) Other strategies as they are referred for further investigation and discussion by the exchange board or stakeholders.

(10) The interim study group shall submit a timeline and work plan for the study to the governor and appropriate committees of the legislature by August 1, 2007, to include a schedule of interim study group meetings, a schedule for stakeholder input, a detailed timeline of the study, the identity of the consulting actuarial firm, and any other information necessary to ensure the completion of a comprehensive health insurance exchange study. A final report with findings and recommendations related to each of the items in the study plan and recommendations for next steps shall be completed and submitted to the legislature and governor no later than January 1, 2008.

(4) The authority may enter into contracts to issue, distribute, and administer grants that are necessary or proper to carry out

the requirements of this section.

Sec. 2. RCW 70.47A.040 and 2006 c 255 s 4 are each amended to read as follows:

Sec. 2. RCW 80.60.020 and 2006 c 201 s 2 are each amended to read as follows:

(1) An electric utility:

~~((+))~~ (a) Shall offer to make net metering available to eligible customers-generators on a first-come, first-served basis until the cumulative generating capacity of net metering systems equals 0.25 percent of the utility's peak demand during 1996. On January 1, 2014, the cumulative generating capacity available to net metering systems will equal 0.5 percent of the utility's peak demand during 1996. Not less than one-half of the utility's 1996 peak demand available for net metering systems shall be reserved for the cumulative generating capacity attributable to net metering systems that generate renewable energy;

~~((2))~~ (b) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

~~((b))~~ (ii) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

~~((3))~~ (c) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

~~((a))~~ (i) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

~~((b))~~ (ii) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

(2) If a production meter and software is required by the electric utility to provide meter aggregation under RCW 80.60.030(4), the customer-generator is responsible for the purchase of the production meter and software.

Sec. 3. RCW 80.60.030 and 2006 c 201 s 3 are each amended to read as follows:

Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with RCW 80.60.020; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

(4) If a customer-generator requests, an electric utility shall provide meter aggregation.

(a) For customer-generators participating in meter aggregation, kilowatt-hours credits earned by a net metering system during the billing period first shall be used to offset electricity supplied by the electric utility.

(b) Excess kilowatt-hours credits earned by the net metering system, during the same billing period, shall be credited equally by the electric utility to remaining meters located on all premises of a customer-generator at the designated rate of each meter.

(c) Meters so aggregated shall not change rate classes due to meter aggregation under this section.

(5) On April 30th of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator."

SECOND READING

HOUSE BILL NO. 1476, by Representatives Blake and Kretz

Modifying provisions with regard to nonsalmon charter licenses.

The measure was read the second time.

MOTION

Senator Hatfield moved that the following striking amendment by Senators Hatfield, Jacobsen, Morton and Prentice be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Seven rockfish stocks, including canary and yelloweye rockfish, have been designated under federal law by the national marine fisheries services as overfished on the west coast.

(b) The department of fish and wildlife has classified certain rockfish species within Puget Sound as critically depressed. These common species of rockfish have undergone dramatic declines in Puget Sound and the coast during the past three decades.

(c) The Pacific fishery management council and the department of fish and wildlife have eliminated the directed commercial fisheries and greatly reduced the recreational fishing opportunity for these species.

(d) Due to the interactions of these depleted stocks with the healthier ones, commercial and recreational fisheries have been severely constrained in recent years in order to rebuild the populations of these overfished rockfish. For many of these stocks there have been no recent stock assessments, or the current assessments are based on poor data. Improved survey information is essential for assessing abundance and to monitor progress toward rebuilding efforts on the coast and in Puget Sound.

(e) Department of fish and wildlife staff have been developing underwater robot technology or remote operated vehicles to scientifically estimate the abundance of rockfish populations in both the nearshore and in deep waters. These new assessment techniques, coupled with existing bottom trawl surveys, will be used to estimate current abundance and future recovery of rockfish populations along the coast of Washington and in Puget Sound.

(2) Therefore, the legislature intends to implement a targeted surcharge on commercial licenses issued by the department of fish and wildlife that provides for the retention or landing of ground fish, and a targeted surcharge on recreational saltwater fishing licenses. Funds derived from the surcharge will be used by the department of fish and wildlife solely for the purpose of conducting rockfish research and stock assessments.

NEW SECTION. Sec. 2. A new section is added to chapter 77.12 RCW to read as follows:

(1) The department is directed to develop and implement a rockfish research and stock assessment program. Using funds from the rockfish research account created in subsection (2) of this section, the department must conduct Puget Sound basin and coastal surveys with new and existing technology to estimate the current abundance and future recovery of rockfish populations and other groundfish species. The stock assessment must include an evaluation of the potential for marine fish enhancement. Beginning December 2008, and every two years thereafter, the department shall report to the appropriate committees of the legislature on the status of the stock assessment program.

(2) The rockfish research account is created in the custody of the state treasurer. All receipts from surcharges assessed on commercial and recreational fishing licenses for the purposes of

rockfish research must be deposited into the account. Expenditures from the account may be used only for rockfish research, including stock assessments. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 3. RCW 77.65.150 and 2006 c 186 s 1 are each amended to read as follows:

(1) The director shall issue the charter licenses and angler permits listed in this section according to the requirements of this title. The licenses and permits and their annual fees and surcharges are:

License or Permit	Annual Fee (RCW 77.95.090 Surcharge) (Section 2 of this act Surcharge)		Governing Section
	Resident	Nonresident	
(a) Nonsalmon charter	\$225 <u>(plus \$35 for section 2 of this act Surcharge)</u>	\$375 <u>(plus \$35 for section 2 of this act Surcharge)</u>	
(b) Salmon charter	\$380 (plus \$100) <u>(plus \$35 for section 2 of this act Surcharge)</u>	\$685 (plus \$100) <u>(plus \$35 for section 2 of this act Surcharge)</u>	RCW 77.70.050
(c) Salmon angler	\$ 0	\$ 0	RCW 77.70.060
(d) Salmon roe	\$ 95	\$ 95	RCW 77.65.350

(2) A salmon charter license designating a vessel is required to operate a charter boat from which persons may, for a fee, fish for salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 77.70.050.

(3) A nonsalmon charter license designating a vessel is required to operate a charter boat from which persons may, for a fee, fish for food fish other than salmon, albacore tuna, and shellfish.

(4)(a) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use in those state waters set forth in (b) of this subsection. "Charter boat" also means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use in offshore waters or in the waters of other states. The director may specify by rule when a vessel is a "charter boat" within this definition.

(b) A person may not operate a vessel from which persons may, for a fee, fish for food fish or shellfish in Puget Sound, Grays Harbor, Willapa Bay, Pacific Ocean waters, Lake Washington, or the Columbia river below the bridge at Longview unless the vessel is designated on a charter boat license.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not take on or discharge passengers for any purpose from any Washington port, the Washington shore, or a dock, landing, or other point in Washington. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge and a thirty-five dollar surcharge to be deposited in the rockfish research account created in section 2 of this act, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 4. RCW 77.65.210 and 2005 c 20 s 4 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a person may not use a commercial fishing vessel to deliver food fish or shellfish taken for commercial purposes in offshore waters to a port in the state without a nonlimited entry delivery license. As used in this section, "deliver" and "delivery" mean arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters. As used in this section, "food fish" does not include salmon. As used in this section, "shellfish" does not include ocean pink shrimp, coastal crab, or fish or shellfish taken under an emerging commercial fisheries license if taken from off-shore waters. The annual license fee for a nonlimited entry delivery license is one hundred ten dollars for residents

and two hundred dollars for nonresidents, and an additional thirty-five dollar surcharge for both residents and nonresidents to be deposited in the rockfish research account created in section 2 of this act.

(2) Holders of salmon troll fishery licenses issued under RCW 77.65.160, salmon delivery licenses issued under RCW 77.65.170, crab pot fishery licenses issued under RCW 77.65.220, food fish trawl--Non-Puget Sound fishery licenses, and emerging commercial fishery licenses issued under RCW 77.65.200, Dungeness crab--coastal fishery licenses, ocean pink shrimp delivery licenses, shrimp trawl--Non-Puget Sound fishery licenses, and emerging commercial fishery licenses issued under RCW 77.65.220 may deliver food fish or shellfish taken in offshore waters without a nonlimited entry delivery license.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Kline that Amendment 455 is beyond the scope and object of House Bill 1270, the President finds and rules as follows:

The underlying bill relates to removing limitations on the

time for repayment of specific consumer loans. The proposed amendment maintains this provision, but also adds language applicable to many types of loans—not simply consumer loans—relating to considering military status in making credit determinations. This language impermissibly expands the types of loans at issue and adds an entirely new subject not contemplated by the original measure.

For these reasons, the President finds that Amendment 455 is beyond the scope and object of the underlying bill, and Senator Kline's point is well-taken.

The Senate resumed consideration of House Bill No. 1270 which had been deferred earlier in the day.

The board may, by resolution adopted by unanimous vote, authorize any of its members to serve as volunteer firefighters without compensation. "Sec. 1. RCW 84.36.560 and 2001 1st sp.s. c 7 s 1 are each amended to read as follows:

(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for very low-income households or used to provide space for the placement of a mobile home for a very low-income household within a mobile home park is exempt from taxation if:

(a) The benefit of the exemption inures to the nonprofit entity;

(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a very low-income household; and

(c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the following sources:

(i) A federal or state housing program administered by the department of community, trade, and economic development; ~~((or))~~

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105; or

(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW.

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by very low-income households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing's or park's personal property as follows:

(a) A partial exemption shall be allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a very low-income household.

(b) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by very low-income households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit in a facility with ten units or fewer or mobile home lot in a mobile home park with ten lots or fewer was occupied by a very low-income household at the time the exemption was granted and the income of the household subsequently rises above fifty percent of the median income but remains at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements of a very low-income housing program ~~((administered by the department of community, trade, and economic development or the affordable housing levy under RCW 84.52.105))~~ listed in subsection (1) of this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently rerented, the income of the new household must be at or below fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property

is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for very low-income households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from(~~(~~

~~(i) A federal or state housing program administered by the department of community, trade, and economic development; or~~
~~(ii) An affordable housing levy authorized under RCW 84.52.105))~~ one or more of the sources listed in subsection (1)(c) of this section;

(b) The nonprofit entity has manifested its intent in writing to construct, remodel, or otherwise convert the property to housing for very low-income households; and

(c) Only the portion of property that will be used to provide housing or lots for very low-income households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. However, these payments shall not exceed the amount last levied as the annual tax of the city, county, or political subdivision upon the property prior to exemption.

(7) As used in this section:

(a) "Group home" means a single-family dwelling financed, in whole or in part, by ~~((the department of community, trade, and economic development or by an affordable housing levy under RCW 84.52.105))~~ one or more of the sources listed in subsection (1)(c) of this section. The residents of a group home shall not be considered to jointly constitute a household, but each resident shall be considered to be a separate household occupying a separate dwelling unit. The individual incomes of the residents shall not be aggregated for purposes of this exemption;

(b) "Mobile home lot" or "mobile home park" means the same as these terms are defined in RCW 59.20.030;

(c) "Occupied dwelling unit" means a living unit that is occupied by an individual or household as of December 31st of the first assessment year the rental housing becomes operational or is occupied by an individual or household on January 1st of each subsequent assessment year in which the claim for exemption is submitted. If the housing facility is comprised of three or fewer dwelling units and there are any unoccupied units on January 1st, the department shall base the amount of the exemption upon the number of occupied dwelling units as of December 31st of the first assessment year the rental housing becomes operational and on May 1st of each subsequent assessment year in which the claim for exemption is submitted;

(d) "Rental housing" means a residential housing facility or group home that is occupied but not owned by very low-income households;

(e) "Very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing is located and in effect as of January 1st of the year the application for exemption is submitted; and

(f) "Nonprofit entity" means a:

(i) Nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code;

housing authority created under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a general partner; or

(iii) Limited liability company where a nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code, a public corporation established under RCW 35.21.660, 35.21.670, or 35.21.730, a housing authority established under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a managing member.

Sec. 2. RCW 84.40.030 and 2001 c 187 s 17 are each amended to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. An assessment may not be determined by a method that assumes a land usage or highest and best use not permitted, for that property being appraised, under existing zoning or land use planning ordinances or statutes or other government restrictions. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property, as limited by law or ordinance. Consideration should be given to any agreement, between an owner of rental housing and any government agency, that restricts rental income, appreciation, and liquidity; and to the impact of government restrictions on operating expenses and on ownership rights in general of such housing. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection shall be the dominant factors in valuation. When provisions of this subsection are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the true and fair value of the land, exclusive of structures thereon shall be determined; also the true and fair value of structures thereon, but the valuation shall not exceed the true and fair value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded."

On page 1, line 2 of the title, after "taxation;" strike the remainder of the title and insert "and amending RCW 84.36.560 and 84.40.030."

The President declared the question before the Senate to be the motion by Senator Kilmer to not adopt the committee striking amendment by the Committee on Consumer Protection & Housing to House Bill No. 1450.

Senator Clements spoke in favor of adoption of the striking amendment.

Senator Keiser spoke against adoption of the striking amendment.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Clements to House Bill No. 2079.

The motion by Senator Clements failed and the striking amendment was not adopted by a rising voice vote.

MOTION

Senator Honeyford moved that the following striking amendment by Senators Benton, Clements, Holmquist and Schoesler be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that confusion exists regarding the rights and protections afforded to those paying agency shop fees and intends to clarify those rights by specifying limits on the uses of agency fees. The legislature further finds that the extraordinary power to compel payment for services is a power normally reserved only to public entities, and that its extension to private entities with nonpublic interests including campaign activities must be restricted to the purposes justifying its authorization by law. The legislature further finds that the United States constitutional protection against compelled speech preempts any statutory grant of power to compel payment for collective bargaining services, and interpretations of state law must always put protection from compelled speech before labor organization convenience. The legislature further finds that many labor organizations operate without relying on mandatory fees, and the inclusion of such mandatory fees in bargaining agreements and their protection under law is not necessary for the interests and rights of labor organizations. The legislature further finds that generally accepted accounting principles consider commingled funds to be from all sources, and that only a complete refund of agency fees would satisfy the requirements of the citizens' Initiative Measure No. 134.

Sec. 2. RCW 42.17.760 and 1993 c 2 s 16 are each amended to read as follows:

(1) A labor organization may not use agency shop fees paid by an individual who is not a member of the organization to make contributions or expenditures to influence an election or to operate a political committee, unless affirmatively authorized by the individual.

(2) Subject to other provisions of this chapter, labor organizations may use any fund or account from which payments or expenditures are made, and where agency shop fees are commingled, to make contributions or expenditures to influence an election or operate a political committee if all agency shop fees collected in the twelve months prior to the contribution or expenditure are returned to those who paid fees and did not affirmatively authorize these uses.

(3) For the purpose of this section:

(a) "Agency shop fees" means any funds received from someone who has not affirmatively joined a labor organization but supplied those funds pursuant to a collective bargaining agreement;

(b) "Affirmatively authorized" means that the agency fee payer signed a declaration within the twelve months prior to the expenditure indicating consent to use of the fees to influence an election;

(c) "Use agency shop fees" means to make any expenditure from agency shop fees or any funds commingled with agency shop fees including general treasury funds; and

(d) "Expenditures to influence an election" includes but is not limited to expenditures on staff who have duties including activities to affect elections or train other staff or volunteers to affect elections, expenditures on communication efforts internally or externally to advance or oppose one or more candidates or ballot measures, expenditures to identify voter preferences, expenditures to aid in voter turnout, expenditures on staff to aid in recruiting or training candidates, expenditures on staff or materials to prepare ballot measures or recall efforts, expenditures on staff or legal services to contest election results, and donations of funds to organizations or individuals who make expenditures to influence an election."

Renumber the sections consecutively and correct any internal references accordingly.

On page 1, line 1 of the title, after "fees"; strike the remainder of the title and insert "amending RCW 42.17.760; and creating a new section."

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Benton, Clements, Holmquist and Schoesler to House Bill No. 2097.

The motion by Senator Honeyford failed and the striking amendment was not adopted by voice vote.

MOTION

Senator Keiser moved that the rules be suspended, that House Bill No. 2079 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

Senator Benton objected to advance to third reading.

The President declared the question before the Senate to be the motion by Senator Keiser that House Bill No. 2079 be advanced to third reading and placed on final passage.

The motion by Senator Keiser carried and the bill was advanced to third reading and final passage.

POINT OF ORDER

Senator Swecker: "I believe that this bill is not properly before the body. The bill contains an emergency clause so circumventing the people's right to a referendum. The bill implements a new accounting scheme for the expenditure of non union fees. As this has nothing to do with the public peace, health or safety. I believe that this bill is not properly before the

NINETY-SIXTH DAY, APRIL 13, 2007

2007 REGULAR SESSION

body and I request a ruling thereon and in summation I'd like to say I think that acting on this bill in this manner at this time will open the door to litigation."

Senator Kohl-Welles spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: "Senator Swecker, the President believes that whether or not to include an emergency clause in a measure is a policy choice made by the body. Ultimately, the issue presented is one of law, not parliamentary procedure, and the President does not make legal determinations."

Senators Kohl-Welles, Kastama, Shin and Keiser spoke in favor of passage of the bill.

Senators Clements, Sheldon, Hargrove, Stevens, Benton, Carrell, Parlette and Holmquist spoke against passage of the bill.

POINT OF ORDER

Senator Holmquist: "Thank you Mr. President. I think that we're only allowed to speak on final passage once. I'm just inquiring to see if the current speaker has already spoke because I think she started....."

REPLY BY THE PRESIDENT

President Owen: "Well, she has but she 's the presenter of the motion so she can close debate. Senator Kohl-Welles."

POINT OF ORDER

Senator Clements: "My point is I'm not sure she made the motion."

REPLY BY THE PRESIDENT

President Owen: "She did not make the motion because she was off the floor. Senator Keiser made the motion, Senator Kohl-Welles is the chair of the committee and the practice of the Senate is to have the person who is the chair of the committee handle the bill so the President is honoring that precedence established by this body. Since she is the person who is handling the bill I interrupt that to be the presenter of the bill therefore she opens and closes debate."

POINT OF ORDER

Senator Clements: "Does that mean that the Senator from the fourteenth will not be able to say anything? I guess what I understand she was off the floor, I was on the floor. I guess the question is I'd like to close debate on the negative."

REPLY BY THE PRESIDENT

President Owen: "That is not permissible under your rules."

MOTION

Senator Eide demanded that the previous question be put.

The President declared that at least two additional senators joined the demand and the demand was sustained.

The President declared the question before the Senate to be the motion of Senator Eide, "Shall the main question be now put?"

The motion by Senator Eide that the previous question be put was sustained by voice vote.

The President declared the question before the Senate to be the final passage of House Bill No. 2079.

(5) The code reviser may edit and revise rules for publication, codification, and compilation, without changing the meaning of any such rule.

(6) When a rule, in whole or in part, is declared invalid and unconstitutional by a court of final appeal, the adopting agency shall give notice to that effect in the register. 2007 REGULAR SESSION

All other rules become effective upon the expiration of thirty days after the date of filing, unless a later date is required by statute or specified in the order of adoption.

(3) A rule may become effective immediately upon its filing with the code reviser or on any subsequent date earlier than that established by subsection (2) of this section, if the agency establishes that effective date in the adopting order and finds that:

(a) Such action is required by the state or federal Constitution, a statute, or court order;

(b) The rule only delays the effective date of another rule that is not yet effective; or

(c) The earlier effective date is necessary because of imminent peril to the public health, safety, or welfare.

The finding and a brief statement of the reasons therefor required by this subsection shall be made a part of the order adopting the rule.

(4) With respect to a rule made effective pursuant to subsection (3) of this section, each agency shall make reasonable efforts to make the effective date known to persons who may be affected by it.

SUBSTITUTE HOUSE BILL NO. 1965, by House Committee on Local Government (originally sponsored by Representatives Eddy and Curtis)

Authorizing major industrial development within industrial land banks.

The measure was read the second time.

MOTION

Senator Fairley moved that the following committee striking amendment by the Committee on Government Operations & Elections be adopted.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.70A.367 and 2004 c 208 s 1 are each amended to read as follows:

(1) In addition to the major industrial development allowed under RCW 36.70A.365, a county planning under RCW 36.70A.040 that meets the criteria in subsection ~~((10) or (11))~~ (5) of this section may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for designating a bank of no more than two master planned locations for major industrial activity outside urban growth areas.

(2) ~~((A master planned location for major industrial developments outside an urban growth area may be included in~~

NINETY-SIXTH DAY, APRIL 13, 2007

the urban industrial land bank for the county if criteria including, but not limited to, the following are met through the completion of a comprehensive planning process that ensures that:

—(a) Development regulations are adopted to ensure that urban growth will not occur in adjacent nonurban areas;

—(b) The master plan for the major industrial developments is consistent with the county's development regulations adopted for protection of critical areas;

—(c) An inventory of developable land has been conducted as provided in RCW 36.70A.365;

—(d) Provisions are established for determining the availability of alternate sites within urban growth areas and the long-term annexation feasibility of land sites outside of urban growth areas; and

—(e) Development regulations are adopted to require the industrial land bank site to be used primarily for locating industrial and manufacturing businesses and specify that the gross floor area of all commercial and service buildings or facilities locating within the industrial land bank shall not exceed ten percent of the total gross floor area of buildings or facilities in the industrial land bank. The commercial and service businesses operated within the ten percent gross floor area limit shall be necessary to the primary industrial or manufacturing businesses within the industrial land bank. The intent of this provision for commercial or service use is to meet the needs of employees, clients, customers, vendors, and others having business at the industrial site and as an adjunct to the industry to attract and retain a quality work force and to further other public objectives, such as trip reduction. Such uses would not be promoted to attract additional clientele from the surrounding area. The commercial and service businesses should be established concurrently with or subsequent to the industrial or manufacturing businesses.

—(3) The process for reviewing and approving proposals to authorize siting of specific major industrial developments within an approved industrial land bank must ensure through adopted development regulations that:

—(a) New infrastructure is provided for and/or applicable impact fees are paid;

—(b) Transit-oriented site planning and traffic demand management programs are implemented;

—(c) Buffers are provided between the major industrial development and adjacent nonurban areas;

—(d) Environmental protection including air and water quality has been addressed and provided for;

—(e) Provision is made to mitigate adverse impacts on designated agricultural lands, forest lands, and mineral resource lands; and

—(f) An interlocal agreement related to infrastructure cost sharing and revenue sharing between the county and interested cities is established.

—(4) In selecting master planned locations for inclusion in the urban industrial land bank, priority shall be given to locations that are adjacent to, or in close proximity to, an urban growth area.

—(5) Final approval of inclusion of a master planned location in an urban industrial land bank under subsection (2) of this section shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070, except that RCW 36.70A.130(2) does not apply so that inclusion or exclusion of master planned locations may be considered at any time. Approval of specific development proposals under subsection (3) of this section requires no further comprehensive plan amendment.

—(6) Once a master planned location has been included in an urban industrial land bank, manufacturing and industrial businesses that qualify as major industrial development under RCW 36.70A.365 may be located there.

—(7) Nothing in this section alters the requirements for a county to comply with chapter 43.21C RCW.

2007 REGULAR SESSION

—(8)(a) The authority of a county meeting the criteria of subsection (10) of this section to engage in the process of including or excluding master planned locations from an urban industrial land bank terminates on December 31, 2007. However, any location included in an urban industrial land bank on or before December 31, 2007, shall be available for major industrial development as long as the criteria of subsection (2) of this section are met. A county that has established or proposes to establish an industrial land bank pursuant to this section shall review the need for an industrial land bank within the county, including a review of the availability of land for industrial and manufacturing uses within the urban growth area, during the review and evaluation of comprehensive plans and development regulations required by RCW 36.70A.130.

—(b) The authority of a county meeting the criteria of subsection (11) of this section to engage in the process of including or excluding master planned locations from the urban industrial land bank terminates on December 31, 2002. However, any location included in the urban industrial land bank on December 31, 2002, shall be available for major industrial development as long as the criteria of subsection (2) of this section are met.

—(9)) A master planned location for major industrial developments may be approved through a two-step process: Designation of an industrial land bank area in the comprehensive plan; and subsequent approval of specific major industrial developments through a local master plan process described under subsection (3) of this section.

—(a) The comprehensive plan must identify locations suited to major industrial development due to proximity to transportation or resource assets. The plan must identify the maximum size of the industrial land bank area and any limitations on major industrial developments based on local limiting factors, but does not need to specify a particular parcel or parcels of property or identify any specific use or user except as limited by this section. In selecting locations for the industrial land bank area, priority must be given to locations that are adjacent to, or in close proximity to, an urban growth area.

—(b) The environmental review for amendment of the comprehensive plan must be at the programmatic level and, in addition to a threshold determination, must include:

—(i) An inventory of developable land as provided in RCW 36.70A.365; and

—(ii) An analysis of the availability of alternative sites within urban growth areas and the long-term annexation feasibility of sites outside of urban growth areas.

—(c) Final approval of an industrial land bank area under this section must be by amendment to the comprehensive plan adopted under RCW 36.70A.070, and the amendment is exempt from the limitation of RCW 36.70A.130(2) and may be considered at any time. Approval of a specific major industrial development within the industrial land bank area requires no further amendment of the comprehensive plan.

—(3) In concert with the designation of an industrial land bank area, a county shall also adopt development regulations for review and approval of specific major industrial developments through a master plan process. The regulations governing the master plan process shall ensure, at a minimum, that:

—(a) Urban growth will not occur in adjacent nonurban areas;

—(b) Development is consistent with the county's development regulations adopted for protection of critical areas;

—(c) Required infrastructure is identified and provided concurrent with development. Such infrastructure, however, may be phased in with development;

—(d) Transit-oriented site planning and demand management programs are specifically addressed as part of the master plan approval;

—(e) Provision is made for addressing environmental protection, including air and water quality, as part of the master plan approval;

NINETY-SIXTH DAY, APRIL 13, 2007

(f) The master plan approval includes a requirement that interlocal agreements between the county and service providers, including cities and special purpose districts providing facilities or services to the approved master plan, be in place at the time of master plan approval;

(g) A major industrial development is used primarily by industrial and manufacturing businesses, and that the gross floor area of all commercial and service buildings or facilities locating within the major industrial development does not exceed ten percent of the total gross floor area of buildings or facilities in the development. The intent of this provision for commercial or service use is to meet the needs of employees, clients, customers, vendors, and others having business at the industrial site, to attract and retain a quality workforce, and to further other public objectives, such as trip reduction. These uses may not be promoted to attract additional clientele from the surrounding area. Commercial and service businesses must be established concurrently with or subsequent to the industrial or manufacturing businesses;

(h) New infrastructure is provided for and/or applicable impact fees are paid to assure that adequate facilities are provided concurrently with the development. Infrastructure may be achieved in phases as development proceeds;

(i) Buffers are provided between the major industrial development and adjacent rural areas;

(j) Provision is made to mitigate adverse impacts on designated agricultural lands, forest lands, and mineral resource lands; and

(k) An open record public hearing is held before either the planning commission or hearing examiner with notice published at least thirty days before the hearing date and mailed to all property owners within one mile of the site.

(4) For the purposes of this section:

(a) "Major industrial development" means a master planned location suitable for manufacturing or industrial businesses that:
(i) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; (ii) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent; or (iii) requires a location with characteristics such as proximity to transportation facilities or related industries such that there is no suitable location in an urban growth area. The major industrial development may not be for the purpose of retail commercial development or multitenant office parks.

(b) "Industrial land bank" means up to two master planned locations, each consisting of a parcel or parcels of contiguous land, sufficiently large so as not to be readily available within the urban growth area of a city, or otherwise meeting the criteria contained in (a) of this subsection, suitable for manufacturing, industrial, or commercial businesses and designated by the county through the comprehensive planning process specifically for major industrial use.

~~((1+0))~~ (5) This section and the termination ~~((date))~~ provisions specified in subsection ~~((8)(a))~~ (6) of this section apply to a county that at the time the process is established under subsection (1) of this section:

(a) Has a population greater than two hundred fifty thousand and is part of a metropolitan area that includes a city in another state with a population greater than two hundred fifty thousand;

(b) Has a population greater than one hundred forty thousand and is adjacent to another country;

(c) Has a population greater than forty thousand but less than seventy-five thousand and has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and

(i) Is bordered by the Pacific Ocean;

(ii) Is located in the Interstate 5 or Interstate 90 corridor; or

(iii) Is bordered by Hood Canal;

(d) Is east of the Cascade divide; and

(i) Borders another state to the south; or

(ii) Is located wholly south of Interstate 90 and borders the Columbia river to the east; ~~((or))~~

(e) Has an average population density of less than one hundred persons per square mile as determined by the office of financial management, and is bordered by the Pacific Ocean and by Hood Canal~~((:))~~; or

~~((1+1)) This section and the termination date specified in subsection (8)(b) of this section apply to a county that at the time the process is established under subsection (1) of this section)~~ (f) Meets all of the following criteria:

~~((a))~~ (i) Has a population greater than forty thousand but fewer than eighty thousand;

~~((b))~~ (ii) Has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and

~~((c))~~ (iii) Is located in the Interstate 5 or Interstate 90 corridor.

~~((1+2))~~ (6) In order to identify and approve locations for industrial land banks, the county shall take action to designate one or more industrial land banks and adopt conforming regulations as provided by RCW 36.70A.367(2) on or before the last date to complete that county's next periodic review under RCW 36.70A.130(4). The authority to take action to designate a land bank area in the comprehensive plan expires if not acted upon by the county within the time frame provided in this section. Once a land bank area has been identified in the county's comprehensive plan, the authority of the county to process a master plan or site projects within an approved master plan does not expire.

(7) Any county seeking to designate an industrial land bank under this section must:

(a) Provide countywide notice, in conformity with RCW 36.70A.035, of the intent to designate an industrial land bank. Notice must be published in a newspaper or newspapers of general circulation reasonably likely to reach subscribers in all geographic areas of the county. Notice must be provided not less than thirty days prior to commencement of consideration by the county legislative body; and

(b) Make a written determination of the criteria and rationale used by the legislative body as the basis for siting an industrial land bank under this chapter.

(8) Any location included in an industrial land bank pursuant to section 2, chapter 289, Laws of 1998, section 1, chapter 402, Laws of 1997, and section 2, chapter 167, Laws of 1996 shall remain available for major industrial development according to this section as long as the ~~((criteria of subsection (2)))~~ requirements of this section continue to be satisfied."

Encouraging the use of cleaner energy.

The measure was read the second time.

MOTION

Senator Poulsen moved that the following committee striking amendment by the Committee on Ways & Means be not adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington's economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington's economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed.

**PART 1
INVESTING IN CLEAN AIR**

NEW SECTION. Sec. 101. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction shall implement a school bus replacement incentive program. As part of the program, the office shall fund up to ten percent of the cost of a new 2007 or later model year school bus that meets the 2007 federal motor vehicle emission control standards and is purchased by a school district by no later than June 30, 2009, provided that the new bus is replacing a 1994 or older school bus in the school district's fleet. Replacement of the oldest buses must be given highest priority.

(2) The office of the superintendent of public instruction shall ensure that buses being replaced through this program are surplus under RCW 28A.335.180. As part of the surplus process, school districts must provide written documentation to the office of the superintendent of public instruction demonstrating that buses being replaced are scrapped and not purchased for road use. The documentation must include bus make, model, year, vehicle identification number, engine make, engine serial number, and salvage yard receipts; and must demonstrate that the engine and body of the bus being replaced has been rendered unusable.

NINETY-SIXTH DAY, APRIL 13, 2007

(3) The office of the superintendent of public instruction may adopt any rules necessary for the implementation of this act.

Sec. 102. RCW 70.94.017 and 2005 c 295 s 5 are each amended to read as follows:

(1) Money deposited in the segregated subaccount of the air pollution control account under RCW 46.68.020(2) shall be distributed as follows:

(a) Eighty-five percent shall be distributed to air pollution control authorities created under this chapter. The money must be distributed in direct proportion with the amount of fees imposed under RCW 46.12.080, 46.12.170, and 46.12.181 that are collected within the boundaries of each authority. However, an amount in direct proportion with those fees collected in counties for which no air pollution control authority exists must be distributed to the department.

(b) The remaining fifteen percent shall be distributed to the department.

(2) Money distributed to air pollution control authorities and the department under subsection (1) of this section must be used as follows:

(a) Eighty-five percent of the money received by an air pollution control authority or the department is available on a priority basis to retrofit school buses with exhaust emission control devices or to provide funding for fueling infrastructure necessary to allow school bus fleets to use alternative, cleaner fuels. In addition, the director of ecology or the air pollution control officer may direct funding under this section for other publicly or privately owned diesel equipment if the director of ecology or the air pollution control officer finds that funding for other publicly or privately owned diesel equipment will provide public health benefits and further the purposes of this chapter.

(b) The remaining fifteen percent may be used by the air pollution control authority or department to reduce transportation-related air contaminant emissions and clean up air pollution, or reduce and monitor toxic air contaminants.

(3) Money in the air pollution control account may be spent by the department only after appropriation.

(4) This section expires July 1, 2020.

Sec. 103. RCW 53.08.040 and 1989 c 298 s 1 are each amended to read as follows:

(1) A district may improve its lands by dredging, filling, bulkheading, providing waterways or otherwise developing such lands for industrial and commercial purposes. A district may also acquire, construct, install, improve, and operate sewer and water utilities to serve its own property and other property owners under terms, conditions, and rates to be fixed and approved by the port commission. A district may also acquire, by purchase, construction, lease, or in any other manner, and may maintain and operate other facilities for the control or elimination of air, water, or other pollution, including, but not limited to, facilities for the treatment and/or disposal of industrial wastes, and may make such facilities available to others under terms, conditions and rates to be fixed and approved by the port commission. Such conditions and rates shall be sufficient to reimburse the port for all costs, including reasonable amortization of capital outlays caused by or incidental to providing such other pollution control facilities(~~(= PROVIDED, That)~~). However, no part of such costs of providing any pollution control facility to others shall be paid out of any tax revenues of the port(~~(= AND PROVIDED FURTHER, That)~~) and no port shall enter into an agreement or contract to provide sewer and/or water utilities or pollution control facilities if substantially similar utilities or facilities are available from another source (or sources) which is able and willing to provide such utilities or facilities on a reasonable and nondiscriminatory basis unless such other source (or sources) consents thereto.

(2) In the event that a port elects to make such other pollution control facilities available to others, it shall do so by lease, lease purchase agreement, or other agreement binding such user to

2007 REGULAR SESSION

pay for the use of said facilities for the full term of the revenue bonds issued by the port for the acquisition of said facilities, and said payments shall at least fully reimburse the port for all principal and interest paid by it on said bonds and for all operating or other costs, if any, incurred by the port in connection with said facilities(~~(= PROVIDED, That)~~). However, (~~That~~) where there is more than one user of any such facilities, each user shall be responsible for its pro rata share of such costs and payment of principal and interest. Any port intending to provide pollution control facilities to others shall first survey the port district to ascertain the potential users of such facilities and the extent of their needs. The port shall conduct a public hearing upon the proposal and shall give each potential user an opportunity to participate in the use of such facilities upon equal terms and conditions.

(3) "Pollution control facility," as used in this section and RCW 53.08.041, does not include air quality improvement equipment that provides emission reductions for engines, vehicles, and vessels.

PART 2 PUBLIC SECTOR FUEL USE

Sec. 201. RCW 43.19.642 and 2006 c 338 s 10 are each amended to read as follows:

(1) (~~All state agencies are encouraged to use a fuel blend of twenty percent biodiesel and eighty percent petroleum diesel for use in diesel-powered vehicles and equipment.~~)

(~~2~~) Effective June 1, 2006, for agencies complying with the ultra- low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(~~3~~) (2) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(~~4~~) (3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file (~~quarterly~~) biannual reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

NEW SECTION. **Sec. 202.** A new section is added to chapter 43.19 RCW to read as follows:

(1) Effective June 1, 2015, all state agencies and local government subdivisions of the state, to the extent determined practicable by the rules adopted by the department of community, trade, and economic development pursuant to section 204 of this act, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel.

(2) By no later than January 1, 2020, the annual fossil fuel usage by the state must be at least twenty-five percent below the annual usage for the year 2006.

(3) Except for cars owned or operated by the Washington state patrol, when tires on vehicles in the state's motor vehicle fleet are replaced, they must be replaced with tires that have the same or better rolling resistance as the original tires.

NEW SECTION. **Sec. 203.** A new section is added to chapter 43.19 RCW to read as follows:

(1) In order to allow the motor vehicle fuel needs of state and local government to be satisfied by Washington-produced biofuels as provided in RCW 43.19.642, the department of general administration as well as local governments may contract in advance and execute contracts with public or private producers, suppliers, or other parties, for the purchase of

(2) The department of general administration may combine the needs of local government agencies, including ports, special districts, school districts, and municipal corporations, for the purposes of executing contracts for biofuels and to secure a sufficient and stable supply of alternative fuels.

NEW SECTION. Sec. 204. By June 1, 2010, the department of community, trade, and economic development shall adopt rules to define practicability and clarify how state agencies and local government subdivisions will be evaluated in determining whether they have met the goals set out in section 202(1) of this act. At a minimum, the rules must address:

(1) Criteria for determining how the goal in section 202(1) of this act will be met by June 1, 2015;

(2) Factors considered to determine compliance with the goal in section 202(1) of this act, including but not limited to: The regional availability of fuels; vehicle costs; differences between types of vehicles, vessels, or equipment; the cost of program implementation; and cost differentials in different parts of the state; and

(3) A schedule for phased-in progress towards meeting the goal in section 202(1) of this act that may include different schedules for different fuel applications, different quantities of biofuels, or changes to the 2015 date.

NEW SECTION. Sec. 206. A new section is added to chapter 43.01 RCW to read as follows:

(1) It is in the state's interest and to the benefit of the people of the state to encourage the use of electrical vehicles in order to reduce emissions and provide the public with cleaner air. This section expressly authorizes the purchase of power at state expense to recharge privately and publicly owned plug-in electrical vehicles at state office locations where the vehicles are used for state business, are commute vehicles, or where the vehicles are at the state location for the purpose of conducting business with the state.

2007 REGULAR SESSION

(2) The director of the department of general administration shall provide reports to the governor and the appropriate committees of the legislature, as deemed necessary by the director, on the estimated amount of state-purchased electricity consumed by plug-in electrical vehicles if the director of general administration determines that the use has a significant cost to the state, and on the number of plug-in electric vehicles using state office locations.

NEW SECTION. Sec. 207. A new section is added to chapter 89.08 RCW to read as follows:

In addition to any other authority provided by law, conservation districts are authorized to enter into crop purchase contracts for a dedicated energy crop for the purposes of producing, selling, and distributing biodiesel produced from Washington state feedstocks, cellulosic ethanol, and cellulosic ethanol blend fuels.

NEW SECTION. Sec. 409. A new section is added to chapter 43.19 RCW to read as follows:

(1) During the biennium ending June 30, 2009, the department of general administration is authorized to purchase at least one hundred plug-in electric hybrid vehicles for state agency light duty vehicle uses, when commercially available at comparable life costs to other vehicles. The department of general administration shall assign these vehicles to departments and job functions that on average log the most miles driving light duty vehicles. The vehicles must bear a prominent designation as a plug-in electric hybrid vehicle. The department of general administration shall develop a purchasing contract under which state agencies and local governments may purchase plug-in electric hybrid vehicles.

(2) The use of hybrid vehicles shall include an economic analysis of the total life-cycle cost to the state over the vehicle's estimated useful life, including energy inputs into the production of the vehicle, fuel usage, and all related costs of selection, acquisition, operation, maintenance, and disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of the vehicle's estimated useful life.

(3) By December 31, 2009, the department of general administration shall provide a report to the transportation and energy committees of the senate and house of representatives on the acquisition of these vehicles and their operational and maintenance performance.

NEW SECTION. Sec. 410. (1) The office of Washington state climatologist is created.

(2) The office of Washington state climatologist consists of the director of the office, who is the state climatologist, and appropriate staff and administrative support as necessary to carry out the powers and duties of the office as enumerated in section 411 of this act.

(3) The director of the office of Washington state climatologist must be appointed jointly by the president of Washington State University and the president of the University of Washington. The office of Washington state climatologist is administered as determined jointly by these two presidents.

NEW SECTION. Sec. 411. The office of Washington state climatologist has the following powers and duties:

(1) To serve as a credible and expert source of climate and weather information for state and local decision makers and agencies working on drought, flooding, climate change, and other related issues;

(2) To gather and disseminate, and where practicable archive, in the most cost-effective manner possible, all climate

and weather information that is or could be of value to policy and decision makers in the state;

(3) To act as the representative of the state in all climatological and meteorological matters, both within and outside of the state, when requested by the legislative or executive branches of the state government;

(4) To prepare, publish, and disseminate climate summaries for those individuals, agencies, and organizations whose activities are related to the welfare of the state and are affected by climate and weather;

(5) To supply critical information for drought preparedness and emergency response as needed to implement the state's drought contingency response plan maintained by the department of ecology under RCW 43.83B.410, and to serve as a member of the state's drought water supply and emergency response committees as may be formed in response to a drought event;

(6) To conduct and report on studies of climate and weather phenomena of significant socioeconomic importance to the state; and

(7) To evaluate the significance of natural and man-made changes in important features of the climate affecting the state, and to report this information to those agencies and organizations in the state who are likely to be affected by these changes.

NEW SECTION. Sec. 412. (1) The legislature finds that:

(a) Washington is especially vulnerable to climate change because of the state's dependence on snow pack for summer stream flows and because the expected rise in sea levels threatens our coastal communities. Extreme weather, a warming Pacific Northwest, reduced snow pack, and sea level rise are four major ways that climate change is disrupting Washington's economy, environment, and communities;

(b) Washington's greenhouse gas emissions are continuing to increase, despite international scientific consensus that worldwide emissions must be reduced significantly below current levels to avert catastrophic climate change;

(c) Washington has been a leader in actions to reduce the increase of emissions, including the adoption of the nation's most stringent carbon dioxide mitigation program for new thermal electric generation facilities, a requirement for integrated resource planning by electric utilities to include life-cycle costs of carbon dioxide emissions, clean car standards, stronger appliance energy efficiency standards, increased production and use of renewable liquid fuels, and increased renewable energy sources by electrical utilities;

(d) Washington state's greenhouse gases are substantially caused by the transportation sector of the economy;

(e) Washington has participated with other Western states in designing regional approaches to reduce greenhouse gas emissions, and a regional cap and trade mechanism will be more effective than if implemented separately in each state;

(f) While these actions are significant, there is a need to assess the trend of emissions statewide over the next several decades, and to take sufficient actions so that Washington meets its responsibility to contribute to the global actions needed to reduce the impacts and the pace of global warming;

(g) Actions to reduce greenhouse gas emissions will spur technology development and increase efficiency, thus resulting in benefits to Washington's economy and businesses; and

(h) Numerous states and nations have adopted emission reduction goals to assist emission sources with planning for changes in practices and technologies.

(2) The legislature further finds that companies that generate greenhouse gas emissions or manufacture products that generate such emissions are purchasing carbon credits from landowners and from other companies in order to provide carbon credits. Companies that are purchasing carbon credits would benefit from a program to trade and to bank carbon credits. Washington forests are one of the most effective resources that can absorb carbon dioxide from the atmosphere. Forests, and other planted

NINETY-SIXTH DAY, APRIL 13, 2007

2007 REGULAR SESSION

lands and waters, provide carbon storage and mitigate greenhouse gas emissions. Washington contains the most productive forests in the world and both public and private landowners could benefit from a carbon storage trading and banking program. The legislature further finds that catastrophic forest fires are a major source of greenhouse gas emissions, and that federal and state forest land management should seek to manage forests to reduce the risk of such fires.

(3) The legislature intends by this act to establish goals for the statewide reduction in greenhouse gas emissions and reduction in petroleum use, and to adopt the governor's mechanism in Executive Order No. 07-02 to design and recommend a comprehensive set of measures to accomplish the goals. The legislature further intends by this act to authorize immediate actions in the electric power generation sector for the reduction of greenhouse gas emissions and to accelerate efficiency in the transportation sector.

NEW SECTION. Sec. 413. The following greenhouse gas emissions reduction and clean energy economy goals are established for Washington state:

(1) By 2020, reduce greenhouse gas emissions in the state to 1990 levels;

(2) By 2035, reduce greenhouse gas emissions in the state to twenty-five percent below 1990 levels;

(3) By 2050, the state will do its part to reach global climate stabilization levels by reducing emissions to fifty percent below 1990 levels or seventy percent below the state's expected emissions that year;

(4) By 2020, increase the number of clean energy sector jobs to twenty-five thousand from the eight thousand four hundred jobs the state had in 2004; and

(5) By 2020, reduce expenditures by twenty percent on fuel imported into the state by developing Washington resources and supporting efficient energy use.

NEW SECTION. Sec. 414. (1) Executive Order No. 07-02 shall provide the mechanisms for identifying the policies and strategies necessary to achieve the economic and emission reduction goals of section 413 of this act. Consistent with the Executive Order's directive to seek a healthier and more prosperous future for Washington state, agency and stakeholder representatives participating in the Washington climate change challenge shall also seek emission reduction policies and strategies that, to the maximum extent possible, minimize economic disruptions and protect jobs for Washington state workers, citizens, and businesses, while avoiding policies and strategies that would result in the transfer or outsourcing of economic advantages or jobs to other states, regions, or nations.

(2) In addition to the policies and strategies that the climate change stakeholder group shall develop for the governor and the legislature, the group shall:

(a) Identify economic and regulatory incentives to encourage the replacement of the highest emitting thermal electric plants in the state that have exceeded their expected useful life with newer technologies that have lower greenhouse gases emission levels to facilitate meeting the goals established in this section; and

(b) Identify methods to utilize indigenous resources, such as landfill gas, geothermal resources, and other assets that might reduce greenhouse gases emissions consistent with the purposes of this section.

NEW SECTION. Sec. 415. By December 31st of each even-numbered year beginning in 2010, the departments of ecology and community, trade, and economic development shall report to the governor and the appropriate committees of the senate and house of representatives the total greenhouse gas emissions for the preceding two years, and totals in each major source sector.

NEW SECTION. Sec. 416. (1) The legislature finds that:

(a) The United Nation's intergovernmental panel on climate change report, released February 2, 2007, states that evidence of the climate's warming "is unequivocal, as is now evident from

observations of increases in global average air and ocean temperatures, widespread melting of snow and ice, and rising global mean sea level";

(b) Global warming will have serious adverse consequences on the economy, health, and environment of Washington;

(c) During the last several years, the state has taken significant strides towards implementing an environmentally and economically sound energy policy through reliance on energy efficiency, conservation, and renewable energy resources in order to promote a sustainable energy future that ensures an adequate and reliable energy supply at reasonable and stable prices;

(d) The governor, in Executive Order No. 07-02, has called for the reduction of Washington's emission of greenhouse gases to 1990 levels by 2020;

(e) To the extent energy efficiency and renewable resources are unable to satisfy increasing energy and capacity needs, the state will rely on clean and efficient fossil fuel fired generation and will encourage the development of cost-effective, highly efficient, and environmentally sound supply resources to provide reliability and consistency with the state's energy priorities;

(f) It is vital to ensure all electric utilities internalize the significant and underrecognized cost of emissions and to reduce Washington's exposure to costs associated with future regulation of these emissions;

(g) A greenhouse gases emissions performance standard for new long-term financial commitments to electric generating resources will reduce potential exposure of Washington's consumers to future reliability problems in electricity supplies;

(h) The state of California recently enacted a law establishing a greenhouse gases emissions performance standard for electric utility procurement of baseload electric generation that is based on the emissions of a combined-cycle thermal electric generation facility fueled by natural gas;

(i) The legislature recognizes that state or federal legislation may be enacted and federal regulation may occur that would provide standards or programs that would preempt, make inconsistent, or render unnecessary emission standards or schedules established in this act; and

(j) The state of Washington has an obligation to provide clear guidance for the procurement of baseload electric generation to alleviate regulatory uncertainty while addressing risks that can affect the ability of electric utilities to make necessary and timely investments to ensure an adequate, reliable, and cost-effective supply of electricity.

(2) The legislature declares that:

(a) A greenhouse gases emissions performance standard for new long-term financial commitments for baseload electric generation should reduce financial risk to electric utilities and their customers from future pollution-control costs, without jeopardizing the state's commitment to lowest reasonable cost resources and the need to maintain a reliable regional electric system.

(b) A greenhouse gases emissions performance standard will complement the state's carbon dioxide mitigation policy for fossil-fueled thermal electric generation facilities under chapter 80.70 RCW.

(c) The need for long-term financial commitments for new baseload electric generation can be reduced over time through the deployment by electric utilities of technologies that improve the efficiency of electricity production, transmission, distribution, and consumption.

NEW SECTION. Sec. 417. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Attorney general" means the Washington state office of the attorney general.

(2) "Auditor" means: (a) The Washington state auditor's office or its designee for consumer-owned utilities under its jurisdiction; or (b) an independent auditor selected by a

(17) "Output-based methodology" means a greenhouse gases emissions performance standard that is expressed in pounds of greenhouse gases emitted per net megawatt-hour produced. For purposes of this subsection, "net" refers to the difference between the heat energy dedicated to power production and the electrical equivalent of useful thermal energy employed for purposes other than the generation of electricity.

(18) "Plant capacity factor" means the ratio of the electricity produced during a given time period, measured in kilowatt-hours, to the electricity the unit could have produced if it had been operated at its rated capacity during that period, expressed in kilowatt-hours.

"Upgrade" does not include routine or necessary maintenance, installation of emission control equipment, installation, replacement, or modification of equipment that improves the heat rate of the facility, or installation, replacement, or modification of equipment for the primary purpose of maintaining reliable generation output capability that does not increase the heat input or fuel usage as specified in generation air quality permits that are in effect on the effective date of this section but may result in incidental increases in generation capacity.

NEW SECTION. Sec. 418. (1) Beginning July 1, 2008, the greenhouse gases emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:

(a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(b) The rate of emissions of greenhouse gases for a commercially available combined-cycle natural gas thermal electric generation facility that provides baseload electric generation.

(2) Even if their actual emissions are higher than the greenhouse gas emissions performance standard, all baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section until the facilities are the subject of long-term financial commitments.

(3) All electric generating facilities or power plants powered by renewable resources, as defined in RCW 19.285.030, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section.

(4) All electric generating facilities or power plants, including cogeneration, that use either exclusively or in combination with a renewable resource, as defined in RCW 19.285.030, fuel that is a byproduct of pulping or wood manufacturing processes, including but not limited to bark, sawdust, and lignin in spent pulping liquors, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section.

(5) In determining the rate of emissions of greenhouse gases for baseload electric generation, the total emissions associated with producing electricity shall be included.

(6) The department shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for a cogeneration facility recognizes the total usable energy output of the process, and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy. In developing and implementing the greenhouse gases emissions performance standard, the department shall consider and act in a manner consistent with any rules adopted pursuant to the public utilities regulatory policy act of 1978 (16 U.S.C. Sec. 824a-3), as amended.

(7) Carbon dioxide emissions produced by baseload electric generation owned or contracted through a long-term financial commitment that are injected permanently in geological formations or that are permanently sequestered by other means approved by the department shall not be counted as emissions of the power plant in determining compliance with the greenhouse gases emissions performance standard.

(8) In adopting and implementing the greenhouse gases emissions performance standard, the department, in consultation with the commission, the Bonneville power administration, the western electricity coordination council, the energy facility site evaluation council, the department of community, trade, and economic development energy policy division, electric utilities,

NINETY-SIXTH DAY, APRIL 13, 2007

2007 REGULAR SESSION

public interest representatives, and consumer representatives shall consider the effects of the greenhouse gases emissions performance standard on system reliability and overall costs to electricity customers.

(9) In developing and implementing the greenhouse gases emissions performance standard, the department shall, with assistance of the commission, the department of community, trade, and economic development energy policy division, and electric utilities, and to the extent practicable, address long-term purchases of electricity from unspecified sources in a manner consistent with this chapter.

(10) The department shall adopt the greenhouse gases emissions performance standard by rule pursuant to chapter 34.05 RCW, the administrative procedure act. The department shall adopt rules to enforce the requirements of this section, and adopt procedures to verify the emissions of greenhouse gases from any baseload electric generation supplied directly or under a contract subject to the greenhouse gases emissions performance standard to ensure compliance with the standard. Enforcement of the greenhouse gases emissions performance standard must begin immediately upon the establishment of the standard.

(11) In adopting the rules for implementing this section, the department shall include criteria to be applied in evaluating the carbon sequestration plan. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient technical documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule; and

(e) Provisions for public notice and comment on the carbon sequestration plan.

(12)(a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse gases emissions performance standard, the department shall determine whether a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of the carbon sequestration plan with the department, consider the adequacy of the plan in its adjudicative proceedings conducted under RCW 80.50.090(3) and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

(13) A project under consideration by the energy facility site evaluation council before the adoption of rules in subsection (11) of this section is required to include all of the requirements of subsection (11) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process.

(14) The department shall adopt the rules necessary to implement this section by June 30, 2008.

NEW SECTION. Sec. 419. (1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 418 of this act.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30,

2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 418 of this act.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electrical company, the commission may provide a case-by-case exemption from the greenhouse gases emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall make a determination regarding the company's proposed decision to acquire electric generation or enter into a power purchase agreement for electricity that complies with the greenhouse gases emissions performance standard established under section 418 of this act, as to the need for the resource, and the appropriateness of the specific resource selected. The commission shall take into consideration factors such as the company's forecasted loads, need for energy, power plant technology, expected costs, and other associated investment decisions. In addition, the commission shall provide for recovery of the prudently incurred capital and operating cost of these resources and may impose such conditions as it finds necessary to ensure that rates are fair, just, reasonable, and sufficient, coincident with the in-service date of the project or the effective date of the power purchase agreement.

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with the long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and ends on the effective date of the final decision by the commission regarding recovery in rates of these deferred costs. Creation of such a deferral account does not by itself determine whether recovery of any or all of these costs is appropriate.

(7) In establishing rates for each electrical company regulated under chapter 80.28 RCW, the commission shall adopt policies allowing an additional return on investments to encourage meeting energy requirements through distributed generation as defined in RCW 19.285.030, and to accelerate efficiencies in electric transmission and distribution systems that increase reliability and reduce energy losses or otherwise increase the efficiency of energy delivery to end-use consumers. These policies shall include but are not limited to adding an increment of two percent to the rate of return on common equity permitted on an electrical company's other investments for prudently incurred investments in distributed generation, and in measures that improve, as measured in kilowatt-hour savings, the overall efficiency of transmission, distribution, and end-use consumption of electricity through energy efficiency technologies, including any device, instrument, machine, appliance, or process related to the transmission, distribution, and consumption of electricity to increase energy efficiency, including but not limited to smart grid technology, smart meters, and demand response technologies. The rate of return increment must be allowed for a period, at the commission's discretion, of at least seven but not more than thirty years after the investment is first placed in the rate base. Measures or projects encouraged under this section are those for which construction or installation is begun after July 1, 2007, and before January 1, 2017, and which, at the time they are placed in the rate base, are reasonably expected to save, produce, or generate energy at a

NINETY-SIXTH DAY, APRIL 13, 2007

total incremental system cost per unit of energy delivered to end use that is less than or equal to the incremental system cost per unit of energy delivered to end use from new baseload or peaking electric generation and that the electrical company could acquire to meet energy demand in the same time period.

(8) The commission shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under section 418 of this act.

(9) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(10) The commission shall adopt the rules necessary to implement this section by December 31, 2008.

NEW SECTION. Sec. 420. (1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 418 of this act.

(2) The governing board of a consumer-owned utility shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 418 of this act. No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under section 418 of this act.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse gases emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation pursuant to section 418 of this act, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

NEW SECTION. Sec. 421. A new section is added to chapter 43.19 RCW to read as follows:

(1) During the biennium ending June 30, 2009, the department of general administration is authorized to purchase at least one hundred plug-in electric hybrid vehicles for state agency light duty vehicle uses, when commercially available at comparable life costs to other vehicles. The department of general administration shall assign these vehicles to departments and job functions that on average log the most miles driving light duty vehicles. The vehicles must bear a prominent designation as a plug-in electric hybrid vehicle. The department of general administration shall develop a purchasing contract under which state agencies and local governments may purchase plug-in electric hybrid vehicles.

(2) Any agency that owns plug-in hybrid vehicles shall contribute data to an economic analysis of the total life-cycle cost to the state over the vehicle's estimated useful life, including energy inputs into the production of the vehicle, fuel usage, and all related costs of selection, acquisition, operation, maintenance, and disposal, as far as these costs can reasonably

be determined, minus the salvage value at the end of the vehicle's estimated useful life.

(3) By December 31, 2009, the department of general administration shall provide a report to the transportation and energy committees of the senate and house of representatives on the acquisition of these vehicles and their operational and maintenance performance.

NEW SECTION. Sec. 422. The legislature finds and declares that greenhouse gases offset contracts, credits, and other greenhouse gases mitigation efforts are a recognized utility purpose that confers a direct benefit on the utility's ratepayers. The legislature declares that this act is intended to reverse the result of *Okeson v. City of Seattle*, No. 77888-4 (January 18, 2007), by expressly granting municipal utilities and public utility districts the statutory authority to engage in mitigation activities to offset their utility's impact on the environment.

NEW SECTION. Sec. 423. A new section is added to chapter 35.92 RCW to read as follows:

(1) A city or town authorized to acquire and operate utilities for the purpose of furnishing the city or town and its inhabitants and other persons with electricity for lighting and other purposes may develop and make publicly available a plan to reduce its greenhouse gases emissions or achieve no-net emissions from all sources of greenhouse gases that the utility owns, leases, uses, contracts for, or otherwise controls.

(2) A city or town authorized to acquire and operate utilities for the purpose of furnishing the city or town and its inhabitants and other persons with electricity for lighting and other purposes may, as part of its utility operation, mitigate the environmental impacts, such as greenhouse gases emissions, of its operation and any power purchases. The mitigation may include, but is not limited to, those greenhouse gases mitigation mechanisms recognized by independent, qualified organizations with proven experience in emissions mitigation activities. Mitigation mechanisms may include the purchase, trade, and banking of greenhouse gases offsets or credits. If a state greenhouse gases registry is established, a utility that has purchased, traded, or banked greenhouse gases mitigation mechanisms under this section shall receive credit in the registry.

NEW SECTION. Sec. 424. A new section is added to chapter 54.16 RCW to read as follows:

(1) A public utility district may develop and make publicly available a plan for the district to reduce its greenhouse gases emissions or achieve no-net emissions from all sources of greenhouse gases that the district owns, leases, uses, contracts for, or otherwise controls.

(2) A public utility district may, as part of its utility operation, mitigate the environmental impacts, such as greenhouse gases emissions, of its operation and any power purchases. Mitigation may include, but is not limited to, those greenhouse gases mitigation mechanisms recognized by independent, qualified organizations with proven experience in emissions mitigation activities. Mitigation mechanisms may include the purchase, trade, and banking of greenhouse gases offsets or credits. If a state greenhouse gases registry is established, a public utility district that has purchased, traded, or banked greenhouse gases mitigation mechanisms under this section shall receive credit in the registry.

NEW SECTION. Sec. 425. A new section is added to chapter 82.16 RCW to read as follows:

(1) Subject to the limitations in this section, an eligible light and power business may claim a credit against the tax imposed under this chapter.

(2) The amount of credit is equal to two percent of the amount of qualifying investments made each fiscal year beginning July 1, 2007, in distributed generation, and in measures that improve, as measured in kilowatt-hour savings, the overall efficiency of transmission, distribution, and end-use consumption of electricity through energy efficiency technologies, including any device, instrument, machine, appliance, or process related to the transmission, distribution,

NINETY-SIXTH DAY, APRIL 13, 2007

2007 REGULAR SESSION

and consumption of electricity to increase energy efficiency, including but not limited to smart grid technology, smart meters, and demand response technologies.

(3) The credit may be claimed only after the qualifying investment has been made. The credit shall be claimed against taxes due for the same fiscal year in which the qualifying investment has been made. The credit for each reporting period shall not exceed the amount of tax otherwise due under this chapter for the reporting period. Credits earned for any fiscal year shall not be carried forward or backward and claimed against taxes due for prior or subsequent fiscal years. Refunds may not be granted in the place of a credit. Any unused credit expires.

(4) The total amount of credit that may be taken by an eligible light and power business for qualifying investments in a fiscal year is limited to its base credit plus any ratable portion of unused base credit as calculated by the department. The balance of base credits not used by other eligible light and power businesses may be ratably distributed to qualifying applicants under the formula in subsection (7)(a) of this section. The total credit shall be claimed against taxes due for the same fiscal year in which the qualifying investments are made.

(5) The total amount of credit, statewide, that may be taken in any fiscal year shall not exceed one million dollars.

(6) The department of community, trade, and economic development shall determine and certify to the department those investments made by an eligible light and power business that qualify for the credit under this section.

(7) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Base credit" means the maximum amount of credit against the tax imposed by this chapter that each eligible light and power business may take each fiscal year as calculated by the department. The base credit is equal to the proportionate share of in-state retail electricity revenues received by each eligible light and power business in the prior fiscal year that bears to the total amount of in-state retail electricity revenues received by all eligible light and power businesses in the prior fiscal year multiplied by one million dollars.

(b) "Eligible light and power business" means a municipal utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, or port district within which an industrial district has been established as authorized by Title 53 RCW, that is engaged in the business of distributing electricity to more than one retail electric customer in the state.

(c) "Qualifying investment" means investments in distributed generation, and those measures under subsection (2) of this section which, at the time they are placed in the rate base, are reasonably expected to save, produce, or generate energy at a total incremental system cost per unit of energy delivered to end use that is less than or equal to the incremental system cost per unit of energy delivered to end use from new baseload or peaking electric generation and that the eligible light and power business could acquire to meet energy demand in the same time period.

(8) This section expires July 1, 2037.

NEW SECTION. Sec. 426. For the purposes of sections 416 through 420 of this act, the department and the commission shall review the greenhouse gases emission performance standard established in this chapter to determine need, applicability, and effectiveness no less than every five years following the effective date of this section, or upon implementation of a federal or state law or rule regulating carbon dioxide emissions of electrical utilities, and report to the legislature.

MOTION

Senator Poulsen moved that the following striking amendment by Senator Poulsen be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington's economic security, environmental integrity, and public health.

NINETY-SIXTH DAY, APRIL 13, 2007

Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington's economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed.

PART 1 INVESTING IN CLEAN AIR

NEW SECTION. **Sec. 101.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction shall implement a school bus replacement incentive program. As part of the program, the office shall fund up to ten percent of the cost of a new 2007 or later model year school bus that meets the 2007 federal motor vehicle emission control standards and is purchased by a school district by no later than June 30, 2009, provided that the new bus is replacing a 1994 or older school bus in the school district's fleet. Replacement of the oldest buses must be given highest priority.

(2) The office of the superintendent of public instruction shall ensure that buses being replaced through this program are surplus under RCW 28A.335.180. As part of the surplus process, school districts must provide written documentation to the office of the superintendent of public instruction demonstrating that buses being replaced are scrapped and not purchased for road use. The documentation must include bus make, model, year, vehicle identification number, engine make, engine serial number, and salvage yard receipts; and must demonstrate that the engine and body of the bus being replaced has been rendered unusable.

(3) The office of the superintendent of public instruction may adopt any rules necessary for the implementation of this act.

Sec. 102. RCW 70.94.017 and 2005 c 295 s 5 are each amended to read as follows:

(1) Money deposited in the segregated subaccount of the air pollution control account under RCW 46.68.020(2) shall be distributed as follows:

(a) Eighty-five percent shall be distributed to air pollution control authorities created under this chapter. The money must be distributed in direct proportion with the amount of fees imposed under RCW 46.12.080, 46.12.170, and 46.12.181 that are collected within the boundaries of each authority. However, an amount in direct proportion with those fees collected in counties for which no air pollution control authority exists must be distributed to the department.

(b) The remaining fifteen percent shall be distributed to the department.

(2) Money distributed to air pollution control authorities and the department under subsection (1) of this section must be used as follows:

(a) Eighty-five percent of the money received by an air pollution control authority or the department is available on a priority basis to retrofit school buses with exhaust emission control devices or to provide funding for fueling infrastructure necessary to allow school bus fleets to use alternative, cleaner fuels. In addition, the director of ecology or the air pollution control officer may direct funding under this section for other publicly or privately owned diesel equipment if the director of ecology or the air pollution control officer finds that funding for other publicly or privately owned diesel equipment will provide public health benefits and further the purposes of this chapter.

(b) The remaining fifteen percent may be used by the air pollution control authority or department to reduce transportation-related air contaminant emissions and clean up air pollution, or reduce and monitor toxic air contaminants.

(3) Money in the air pollution control account may be spent by the department only after appropriation.

(4) This section expires July 1, 2020.

Sec. 103. RCW 53.08.040 and 1989 c 298 s 1 are each amended to read as follows:

(1) A district may improve its lands by dredging, filling, bulkheading, providing waterways or otherwise developing such lands for industrial and commercial purposes. A district may also acquire, construct, install, improve, and operate sewer and water utilities to serve its own property and other property owners under terms, conditions, and rates to be fixed and approved by the port commission. A district may also acquire, by purchase, construction, lease, or in any other manner, and may maintain and operate other facilities for the control or elimination of air, water, or other pollution, including, but not limited to, facilities for the treatment and/or disposal of industrial wastes, and may make such facilities available to others under terms, conditions and rates to be fixed and approved by the port commission. Such conditions and rates shall be sufficient to reimburse the port for all costs, including reasonable amortization of capital outlays caused by or incidental to providing such other pollution control facilities (~~PROVIDED, That~~). However, no part of such costs of providing any pollution control facility to others shall be paid out of any tax revenues of the port (~~AND PROVIDED FURTHER, That~~) and no port shall enter into an agreement or contract to provide sewer and/or water utilities or pollution control facilities if substantially similar utilities or facilities are available from another source (or sources) which is able and willing to provide such utilities or facilities on a reasonable and nondiscriminatory basis unless such other source (or sources) consents thereto.

(2) In the event that a port elects to make such other pollution control facilities available to others, it shall do so by lease, lease purchase agreement, or other agreement binding such user to pay for the use of said facilities for the full term of the revenue bonds issued by the port for the acquisition of said facilities, and said payments shall at least fully reimburse the port for all principal and interest paid by it on said bonds and for all operating or other costs, if any, incurred by the port in

NINETY-SIXTH DAY, APRIL 13, 2007

2007 REGULAR SESSION

connection with said facilities(~~(-PROVIDED,))~~. However, ~~((That))~~ where there is more than one user of any such facilities, each user shall be responsible for its pro rata share of such costs and payment of principal and interest. Any port intending to provide pollution control facilities to others shall first survey the port district to ascertain the potential users of such facilities and the extent of their needs. The port shall conduct a public hearing upon the proposal and shall give each potential user an opportunity to participate in the use of such facilities upon equal terms and conditions.

(3) "Pollution control facility," as used in this section and RCW 53.08.041, does not include air quality improvement equipment that provides emission reductions for engines, vehicles, and vessels.

**PART 2
PUBLIC SECTOR FUEL USE**

Sec. 201. RCW 43.19.642 and 2006 c 338 s 10 are each amended to read as follows:

~~(1) (All state agencies are encouraged to use a fuel blend of twenty percent biodiesel and eighty percent petroleum diesel for use in diesel-powered vehicles and equipment.~~

~~—(2))~~ Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

~~((3))~~ (2) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

~~((4))~~ (3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file ~~((quarterly))~~ biannual reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

NEW SECTION. Sec. 202. A new section is added to chapter 43.19 RCW to read as follows:

(1) Effective June 1, 2015, all state agencies and local government subdivisions of the state, to the extent determined practicable by the rules adopted by the department of community, trade, and economic development pursuant to section 204 of this act, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel.

(2) Except for cars owned or operated by the Washington state patrol, when tires on vehicles in the state's motor vehicle fleet are replaced, they must be replaced with tires that have the same or better rolling resistance as the original tires.

NEW SECTION. Sec. 203. A new section is added to chapter 43.19 RCW to read as follows:

(1) In order to allow the motor vehicle fuel needs of state and local government to be satisfied by Washington-produced biofuels as provided in this chapter, the department of general administration as well as local governments may contract in advance and execute contracts with public or private producers, suppliers, or other parties, for the purchase of appropriate biofuels, as that term is defined in RCW 15.110.010 (as recodified by this act), and biofuel blends. Contract provisions may address items including, but not limited to, fuel standards, price, and delivery date.

(2) The department of general administration may combine the needs of local government agencies, including ports, special districts, school districts, and municipal corporations, for the

purposes of executing contracts for biofuels and to secure a sufficient and stable supply of alternative fuels.

NEW SECTION. Sec. 204. By June 1, 2010, the department shall adopt rules to define practicability and clarify how state agencies and local government subdivisions will be evaluated in determining whether they have met the goals set out in section 202(1) of this act. At a minimum, the rules must address:

(1) Criteria for determining how the goal in section 202(1) of this act will be met by June 1, 2015;

(2) Factors considered to determine compliance with the goal in section 202(1) of this act, including but not limited to: The regional availability of fuels; vehicle costs; differences between types of vehicles, vessels, or equipment; the cost of program implementation; and cost differentials in different parts of the state; and

(3) A schedule for phased-in progress towards meeting the goal in section 202(1) of this act that may include different schedules for different fuel applications or different quantities of biofuels.

NEW SECTION. Sec. 205. The director of the department shall appoint a coordinator that is responsible for:

(1) Managing, directing, inventorying, and coordinating state efforts to promote, develop, and encourage a biofuels market in Washington;

(2) Developing, coordinating, and overseeing the implementation of a plan, or series of plans, for the production, transport, distribution, and delivery of biofuels produced predominantly from recycled products or Washington feedstocks;

(3) Working with the departments of transportation and general administration, and other applicable state and local governmental entities and the private sector, to ensure the development of biofuel fueling stations for use by state and local governmental motor vehicle fleets, and to provide greater availability of public biofuel fueling stations for use by state and local governmental motor vehicle fleets;

(4) Coordinating with the Western Washington University alternative automobile program for opportunities to support new Washington state technology for conversion of fossil fuel fleets to biofuel, hybrid, or alternative fuel propulsion;

(1) Any person proposing to drill a well or redrill an abandoned well for geothermal resources shall file with the department a written application for a permit to commence such drilling or redrilling on a form prescribed by the department accompanied by a permit fee of two hundred dollars. The department shall forward a duplicate copy to the department of ecology within ten days of filing.

(2) Upon receipt of a proper application relating to drilling or redrilling the department shall set a date, time, and place for a public hearing on the application, which hearing shall be in the county in which the drilling or redrilling is proposed to be made, and shall instruct the applicant to publish notices of such application and hearing by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the drilling or redrilling is proposed to be made and in such other appropriate information media as the department may direct.

(3) Any person proposing to drill a core hole for the purpose of gathering geothermal data, including but not restricted to heat flow, temperature gradients, and rock conductivity, shall be required to obtain a single permit for each (~~(geothermal area)~~) core hole according to subsection (1) of this section, (~~(except that no)~~) including a permit fee ((shall be required)) for each core hole, but no notice need be published, and no hearing need be held. Such core holes that penetrate more than seven hundred and fifty feet into bedrock shall be deemed geothermal test wells and subject to the payment of a permit fee and to the requirement in subsection (2) of this section for public notices and hearing. In the event geothermal energy is discovered in a core hole, the hole shall be deemed a geothermal well and subject to the permit fee, notices, and hearing. Such core holes as described by this subsection are subject to all other provisions of this chapter, including a bond or other security as specified in RCW (~~(79.76.130)~~) 78.60.130.

(4) All moneys paid to the department under this section shall be deposited with the state treasurer for credit to the general fund.

Sec. 2. RCW 78.60.100 and 1974 ex.s. c 43 s 10 are each amended to read as follows:

owner's or operator's written application to the department of natural resources and with the concurrence and approval of the department of ecology, jurisdiction over the well may be transferred to the department of ecology and, in such case, the well shall no longer be subject to the provisions of this chapter but shall be subject to any applicable laws and (~~(regulations))~~ rules relating to wells drilled for appropriation and use of ground waters. If an application is made to transfer jurisdiction, a copy of all logs, records, histories, and descriptions shall be provided to the department of ecology by the applicant.

Sec. 3. RCW 78.60.130 and 1974 ex.s. c 43 s 13 are each amended to read as follows:

Every operator who engages in the drilling, redrilling, or deepening of any well or core hole shall file with the department a reasonable bond or bonds with good and sufficient surety, or the equivalent thereof, acceptable to the department, conditioned on compliance with the provisions of this chapter and all rules and (~~(regulations and))~~ permit conditions adopted pursuant to this chapter. This performance bond shall be executed in favor of and approved by the department.

In lieu of a bond the operator may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account in a Washington bank on an assignment form prescribed by the department. The department, in its discretion, may accept a single surety or security arrangement covering more than one well or core hole.

Sec. 5. RCW 78.60.210 and 1974 ex.s. c 43 s 21 are each amended to read as follows:

Upon completion or plugging and abandonment of any well or core hole or upon the suspension of operations conducted with respect to any well or core hole for a period of at least six months, one paper and one electronic copy of ((the)) logs, including but not restricted to heat flow, temperature gradients, and rock conductivity logs, core ((record)), electric log, history, and all other logs and surveys that may have been run on the well, shall be filed with the department within thirty days after such completion, plugging and abandonment, or six months' suspension.

(1) The records of any owner or operator, when filed with the department as provided in this chapter, shall be confidential and shall be open to inspection only to personnel of the department for the purpose of carrying out the provisions of this chapter and to those authorized in writing by such owner or operator, until the expiration of a twenty-four month confidential period to begin at the date of commencement of production or of abandonment of the well or core hole. After expiration of the twenty-four month confidential period, the department shall ensure all logs and surveys that may have been

run on the well or core hole are preserved in an electronic data system and made available to the public.

(2) Such records shall in no case, except as provided in this chapter, be available as evidence in court proceedings. No officer, employee, or member of the department shall be allowed to give testimony as to the contents of such records, except as provided in this chapter for the review of a decision of the department or in any proceeding initiated for the enforcement of an order of the department, for the enforcement of a lien created by the enforcement of this chapter, or for use as evidence in criminal proceedings arising out of such records or the statements upon which they are based.

Sec. 7. RCW 43.30.490 and 2003 c 70 s 2 are each amended to read as follows:

(1) The department may enter into a written cost-reimbursement agreement with a permit or lease applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, ~~((and))~~ permit or lease processing, and monitoring for permit compliance. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement. ~~((An applicant for a lease issued under chapter 79.90 RCW may not enter into a cost-reimbursement agreement under this section for projects conducted under the lease.))~~

(2) The written cost-reimbursement agreement shall be negotiated with the permit or lease applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant or proponent shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit or lease. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits or leases, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff available to work on permits or leases not covered by cost-reimbursement agreements. The department may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement.

~~((3) The department may not enter into any new cost-reimbursement agreements on or after July 1, 2007. The department may continue to administer any cost-reimbursement agreement that was entered into before July 1, 2007, until the project is completed.))"~~
