MESSAGE FROM THE HOUSE

April 13, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5659, with the following amendment: 5659-S2.E AMH ENGR H3529.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 2. FINDINGS AND DECLARATIONS.** The legislature finds that, although family and medical leave laws have assisted individuals to balance the demands of the workplace with their family responsibilities, more needs to be done to achieve the goals of parent-child bonding, workforce stability, and economic security. In particular, the legislature finds that many individuals do not have access to family and medical leave laws, and those who do may not be in a financial position to take family and medical leave that is unpaid, and that employer-paid benefits meet only a relatively small part of this need. The legislature declares it to be in the public interest to establish a program that: (1) Allows parents to bond with a newborn or newly placed child; (2) provides limited and additional income support for a reasonable period while an individual is away from work on family and medical leave; (3) reduces the impact on state income support programs by increasing an individual's ability to provide caregiving services for a child while maintaining an employment relationship; and (4) establishes a wage replacement benefit to be coordinated with current state and federal family and medical leave laws.

NEW SECTION. **Sec. 3. DEFINITIONS.** The definitions in this section apply throughout this act unless the context clearly requires otherwise.

(1) "Application year" means the twelve-month period beginning on the first day of the calendar week in which an individual files an application for family and medical leave insurance benefits and, thereafter, the twelve-month period beginning with the first day of the calendar week in which the individual next files an application for family and medical leave insurance benefits after the expiration of the individual's last preceding application year.

(2) "Calendar quarter" means the same as in RCW 50.04.050.

(3) "Child" means the same as in RCW 49.78.020.

(4) "Employer" means: (a) The same as in RCW 50.04.080; and (b) the state and its political subdivisions.

(5) "Employment" means the same as in RCW 50.04.100.

(6) "Family and medical leave" means leave for the birth or placement of a child as defined in RCW 49.78.020 and described in RCW 49.78.220(1) (a) or (b).

(7) "Family and medical leave insurance benefits" means the benefits payable under section 3 of this act.

ONE-HUNDREDTH FIRST DAY, APRIL 18, 2007

the individual's qualifying year in which total wages were highest.

NEW SECTION. Sec. 4. BENEFITS. (1) Beginning October 1, 2009, family and medical leave insurance benefits are payable to an individual during a period in which the individual is unable to perform his or her regular or customary work because he or she is on family and medical leave if the individual has been employed for at least six hundred eighty hours in employment during the individual's qualifying year.

(2) The maximum number of weeks during which family and medical leave insurance benefits are payable in an application year is five weeks. However, benefits are not payable during a waiting period consisting of the first seven calendar days of family and medical leave.

(3) The amount of family and medical leave insurance benefits shall be determined as follows:

(a) The weekly benefit shall be two hundred fifty dollars per week for an individual who at the time of beginning family and medical leave was regularly working thirty-five hours or more per week.

(b) For an individual who was regularly working thirty-five hours or more per week at the time of beginning family and medical leave and is on family and medical leave for less than thirty-five hours but at least eight hours in a week, the weekly benefit shall be .025 times the maximum weekly benefit times the number of hours of family and medical leave taken in the week.

(c) For an individual who was regularly working less than thirty-five hours per week at the time of beginning family and medical leave, there shall be a prorated schedule for a weekly benefit amount and a minimum number of hours of family and medical leave that must be taken in a week for benefits to be payable. The prorated schedule shall be based on the amounts and the calculations specified under (a) and (b) of this subsection.

NEW SECTION. Sec. 5. NO CONTINUING ENTITLEMENT OR CONTRACTUAL RIGHT. This act does not create a continuing entitlement or contractual right. The legislature reserves the right to amend or repeal all or part of this act at any time, and a benefit or other right granted under this act exists subject to the legislature's power to amend or repeal this act. There is no vested private right of any kind against such amendment or repeal.

NEW SECTION. Sec. 6. LEAVE AND EMPLOYMENT PROTECTION. (1) Beginning October 1, 2009, during a period in which an individual receives family and medical leave insurance benefits or earns waiting period credits under this act, the individual is entitled to family and medical leave and, at the established ending date of leave, to be restored to a position of employment with the employer from whom leave was taken.

(2) The individual entitled to leave under this section shall be restored to a position of employment in the same manner as an employee entitled to leave under chapter 49.78 RCW is restored to a position of employment, as specified in RCW 49.78.280.

2007 REGULAR SESSION

(b) An employer may require that leave taken under this act be taken concurrently or otherwise coordinated with leave allowed under the terms of a collective bargaining agreement or employer policy, as applicable, for the birth or placement of a child. The employer must give individuals in its employ written notice of this requirement.

(2)(a) This act does not diminish an employer's obligation to comply with a collective bargaining agreement or employer policy, as applicable, that provides greater leave for the birth or placement of a child.

(b) An individual's right to leave under this act may not be diminished by a collective bargaining agreement entered into or renewed or an employer policy adopted or retained after the effective date of this section. Any agreement by an individual to waive his or her rights under this act is void as against public policy.

NEW SECTION. Sec. 8. ADMINISTRATIVE COSTS. Beginning July 1, 2011, the costs of administering this act may not exceed ten percent of the total costs of family and medical leave insurance benefits.

(3) Balance system safety and convenience through all phases of a project to accommodate all users of the transportation system to safely, reliably, and efficiently provide mobility to people and goods;

(4) Develop strategies to gradually reduce the per capita vehicle miles traveled based on consideration of a range of reduction methods;

(5) Consider efficiency tools, including high-occupancy vehicle and high-occupancy toll lanes, corridor-specific and systemwide pricing strategies, active traffic management, commute trip reduction, and other demand management tools;

(6) Promote integrated multimodal planning; and

(7) Consider engineers and architects to design environmentally sustainable, context-sensitive transportation systems.

Sec. 7. RCW 47.05.030 and 2006 c 334 s 45 are each amended to read as follows:

(1) The ~~((transportation commission))~~ office of financial management shall ~~((develop))~~ propose a comprehensive ten-year investment program ~~((specifying program objectives and performance measures))~~ for the preservation and improvement programs defined in this section, consistent with the policy goals described under RCW 47.01.012 (as recodified by this act). The ~~((adopted))~~ proposed ten-year investment program must be forwarded as a recommendation ~~((to))~~ by the ~~((governor and))~~ office of financial management to the legislature, and ~~((is subject to the approval of the legislature in the biennial transportation budget act. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. ~~(2)) (3) The improvement program consists of investments needed to address identified deficiencies on the state highway system to ((increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate)) meet the goals established in RCW 47.01.012 (as recodified by this act).~~

Sec. 8. RCW 47.05.035 and 2006 c 334 s 46 are each amended to read as follows:

(1) The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

~~((3) In developing program objectives and performance measures, the department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.~~

~~(4) The department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:~~

~~(a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;~~

~~(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;~~

~~(c) The continuity of future transportation development with those improvements previously programmed; and~~

~~(d) The availability of dedicated funds for a specific type of work.~~

~~(5) The department shall consider the findings in this section in the development of the ten-year investment program.)~~

Sec. 9. RCW 47.06.020 and 1993 c 446 s 2 are each amended to read as follows:

The specific role of the department in transportation planning ((shall) must be, consistent with the policy goals described under RCW 47.01.012 (as recodified by this act): (1) Ongoing coordination and development of statewide transportation policies that guide all Washington transportation providers; (2) ongoing development of a statewide multimodal

transportation plan that includes both state-owned and state-interest facilities and services; (3) coordinating the state high-capacity transportation planning and regional transportation planning programs; ~~((and))~~ (4) conducting special transportation planning studies that impact state transportation facilities or relate to transportation facilities and services of statewide significance; and (5) assisting the transportation commission in the development of the statewide transportation plan required under RCW 47.01.071(4). Specific requirements for each of these state transportation planning components are described in this chapter.

Sec. 10. RCW 47.06.050 and 2002 c 5 s 413 are each amended to read as follows:

The state-owned facilities component of the statewide multimodal transportation plan shall consist of:

(1) The state highway system plan, which identifies program and financing needs and recommends specific and financially realistic improvements to preserve the structural integrity of the state highway system, ensure acceptable operating conditions, and provide for enhanced access to scenic, recreational, and cultural resources. The state highway system plan shall contain the following elements:

(a) A system preservation element, which shall establish structural preservation objectives for the state highway system including bridges, identify current and future structural deficiencies based upon analysis of current conditions and projected future deterioration, and recommend program funding levels and specific actions necessary to preserve the structural integrity of the state highway system consistent with adopted objectives. Lowest life cycle cost methodologies must be used in developing a pavement management system. This element shall serve as the basis for the preservation component of the six-year highway program and the two-year biennial budget request to the legislature;

(b) A highway maintenance element, establishing service levels for highway maintenance on state-owned highways ~~((that meet benchmarks established by the transportation commission))~~. The highway maintenance element must include an estimate of costs for achieving those service levels over twenty years. This element will serve as the basis for the maintenance component of the six-year highway program and the two-year biennial budget request to the legislature;

(c) A capacity and operational improvement element, which shall establish operational objectives, including safety considerations, for moving people and goods on the state highway system, identify current and future capacity, operational, and safety deficiencies, and recommend program funding levels and specific improvements and strategies necessary to achieve the operational objectives. In developing capacity and operational improvement plans the department shall first assess strategies to enhance the operational efficiency of the existing system before recommending system expansion. Strategies to enhance the operational efficiencies include but are not limited to access management, transportation system management, demand management, and high-occupancy vehicle facilities. The capacity and operational improvement element must conform to the state implementation plan for air quality and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and shall serve as the basis for the capacity and operational improvement portions of the six-year highway program and the two-year biennial budget request to the legislature;

(d) A scenic and recreational highways element, which shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and recommend a variety of management strategies to protect, preserve, and enhance these resources. The department, affected counties, cities, and towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element;

ONE-HUNDREDTH FIRST DAY, APRIL 18, 2007

2007 REGULAR SESSION

(e) A paths and trails element, which shall identify the needs of nonmotorized transportation modes on the state transportation systems and provide the basis for the investment of state transportation funds in paths and trails, including funding provided under chapter 47.30 RCW.

(2) The state ferry system plan, which shall guide capital and operating investments in the state ferry system. The plan shall establish service objectives for state ferry routes, forecast travel demand for the various markets served in the system, develop strategies for ferry system investment that consider regional and statewide vehicle and passenger needs, support local land use plans, and assure that ferry services are fully integrated with other transportation services. The plan must provide for maintenance of capital assets. The plan must also provide for preservation of capital assets based on lowest life cycle cost methodologies. The plan shall assess the role of private ferries operating under the authority of the utilities and transportation commission and shall coordinate ferry system capital and operational plans with these private operations. The ferry system plan must be consistent with the regional transportation plans for areas served by the state ferry system, and shall be developed in conjunction with the ferry advisory committees.

Sec. 11. RCW 47.06.140 and 1998 c 171 s 7 are each amended to read as follows:

The legislature declares the following transportation facilities and services to be of statewide significance: Highways of statewide significance as designated by the legislature under chapter 47.05 RCW, the interstate highway system, interregional state principal arterials including ferry connections that serve statewide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, and high-capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of statewide significance in the statewide multimodal transportation plan. Improvements to facilities and services of statewide significance identified in the statewide multimodal transportation plan, or to highways of statewide significance designated by the legislature under chapter 47.05 RCW, are essential state public facilities under RCW 36.70A.200.

The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of statewide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of statewide significance. In establishing level of service standards for state highways and state ferry routes of statewide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities.

Sec. 12. RCW 35.95A.120 and 2003 c 147 s 14 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee,

as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority's initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue service five-year spend down schedule if an independent financial advisor recommends such an approach is financially advisable. Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner's claims are deemed valid by the city prosecutor, within ten days of the petitioner's filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority retention and a negative vote on the measure results in the authority's dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in RCW ((29.13.010)) 29A.04.321 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

(2) A city transportation authority is dissolved and terminated if all of the following events occur before or after the effective date of this section:

(a) A majority of the qualified electors voting at a regular or special election determine that new public monorail transportation facilities must not be built;

(b) The governing body of the authority adopts a resolution and publishes a notice of the proposed dissolution at least once every week for three consecutive weeks in a newspaper of general circulation published in the authority area. The resolution and notice must:

(i) Describe information that must be included in a notice of claim against the authority including, but not limited to, any claims for refunds of special motor vehicle excise tax levied under RCW 35.95A.080 and collected by or on behalf of the authority;

(ii) Provide a mailing address where a notice of claim may be sent;

(iii) State the deadline, which must be at least ninety days from the date of the third publication, by which the authority must receive a notice of claim; and

(iv) State that a claim will be barred if a notice of claim is not received by the deadline;

(c) The authority resolves all claims timely made under (b) of this subsection; and

(d) The governing body adopts a resolution (i) finding that the conditions of (a) through (c) of this subsection have been met and (ii) dissolving and terminating the authority.

(3) A claim against a city transportation authority is barred if (a) a claimant does not deliver a notice of claim to the authority by the deadline stated in subsection (2)(b)(iii) of this section or (b) a claimant whose claim was rejected by the authority does

not commence a proceeding to enforce the claim within sixty days from receipt of the rejection notice. For purposes of this subsection, "claim" includes, but is not limited to, any right to payment, whether liquidated, unliquidated, fixed, contingent, matured, unmatured, disputed, undisputed, legal, equitable, secured, or unsecured, or the right to an equitable remedy for breach of performance if the breach gives rise to a right to payment, whether or not the right to an equitable remedy is fixed, contingent, matured, unmatured, disputed, undisputed, secured, or unsecured, including, but not limited to, any claim for a refund of special motor vehicle excise tax levied under RCW 35.95A.080 and collected by or on behalf of the authority.

(4) The governing body of the authority may transfer any net assets to one or more other political subdivisions with instructions as to their use or disposition. The governing body shall authorize this transfer in the resolution that dissolves and terminates the authority under subsection (2)(d) of this section.

(5) Upon the dissolution and termination of the authority, the former officers, directors, employees, and agents of the authority shall be immune from personal liability in connection with any claims brought against them arising from or relating to their service to the authority, and any claim brought against any of them is barred.

(6) Upon satisfaction of the conditions set forth in subsection (2)(a) and (b) of this section, the terms of all members of the governing body of the city transportation authority, whether elected or appointed, who are serving as of the date of the adoption of the resolution described in subsection (2)(b) of this section, shall be extended, and incumbent governing body members shall remain in office until dissolution of the authority, notwithstanding any provision of any law to the contrary.

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:

(1) RCW 47.01.370 (Review of performance and outcome measures of transportation-related agencies--Definition) and 2006 c 334 s 44;

Beginning on page 3, line 19, strike all of section 5 and insert the following:

"NEW SECTION. Sec. 5. A new section is added to chapter 23B.10 RCW to read as follows:

(1) Unless the articles of incorporation (a) specifically prohibit the adoption of a bylaw pursuant to this section, (b) alter the vote specified in RCW 23B.07.280(2), or (c) allow for or do not exclude cumulative voting, a public company may elect in its bylaws to be governed in the election of directors as follows:

(i) Each vote entitled to be cast may be voted for, voted against, or withheld for one or more candidates up to that number of candidates that is equal to the number of directors to be elected but without cumulating the votes, or a shareholder may indicate an abstention for one or more candidates;

(ii) To be elected, a candidate must have received the number, percentage, or level of votes specified in the bylaws; provided that holders of shares entitled to vote in the election and constituting a quorum are present at the meeting. Except in a contested election as provided in (c)(v) of this subsection, a candidate who does not receive the number, percentage, or level of votes specified in the bylaws but who was a director at the time of the election shall continue to serve as a director for a term that shall terminate on the date that is the earlier of (A) the date specified in the bylaw, but not longer than ninety days from the date on which the voting results are determined pursuant to section 6(2) of this act, or (B) the date on which an individual is selected by the board of directors to fill the office held by such director, which selection shall be deemed to constitute the filling of a vacancy by the board to which RCW 23B.08.100 applies;

(iii) A bylaw adopted pursuant to this section may provide that votes cast against and/or withheld as to a candidate are to be taken into account in determining whether the number, percentage, or level of votes required for election has been received. Unless the bylaw specifies otherwise, only votes cast are to be taken into account and a ballot marked "withheld" in respect to a share is deemed to be a vote cast. Authorizing a statewide program for comprehensive dropout prevention, intervention, and retrieval.

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following striking amendment by Senators McAuliffe and Tom be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is the intent of the legislature that increasing academic success and increasing graduation rates be dual goals for the K-12 system. The legislature finds that only seventy-four percent of the class of 2005 graduated on time. Students of color, students living in poverty, students in foster care, students in the juvenile justice system, students who are homeless, students for whom English is not their primary language, and students with disabilities have lower graduation rates than the average. The legislature further finds that students who drop out experience more frequent occurrences of early pregnancy, delinquency, substance abuse, and mental health issues, and have greater need of publicly funded health and social services. The legislature further finds that helping all students be successful in school requires active participation in coordinating services from schools, parents, and other stakeholders and agencies in the local community. The legislature finds that existing resources to vulnerable youth are used more efficiently and effectively when there is significant coordination across local and state entities. The legislature further finds that efficiency and accountability of the K-12 system would be improved by creating a dropout prevention and intervention grant program that implements research-based and emerging best practices and evaluates results.

NEW SECTION. Sec. 2. Subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall create a grant program and award grants to local partnerships of schools, families, and communities to begin the phase in of a statewide comprehensive

dropout prevention, intervention, and retrieval system. This program shall be known as the building bridges program.

(1) For purposes of sections 2 through 7 of this act, a "building bridges program" means a local partnership of schools, families, and communities that provides all of the following programs or activities:

(a) A system that identifies individual students at risk of dropping out from middle through high school based on local predictive data, including state assessment data starting in the fourth grade, and provides timely interventions for such students and for dropouts, including a plan for educational success as already required by the student learning plan as defined under RCW 28A.655.061. Students identified shall include foster care youth, youth involved in the juvenile justice system, and students receiving special education services under chapter 28A.155 RCW;

(b) Coaches or mentors for students as necessary;

(c) Staff responsible for coordination of community partners that provide a seamless continuum of academic and nonacademic support in schools and communities;

(d) Retrieval or reentry activities; and

(e) Alternative educational programming, including, but not limited to, career and technical education exploratory and preparatory programs and online learning opportunities.

(2) One of the grants awarded under this section shall be for a two-year demonstration project focusing on providing fifth through twelfth grade students with a program that utilizes technology and is integrated with state standards, basic academics, cross-cultural exposures, and age-appropriate preemployment training. The project shall:

(a) Establish programs in two western Washington and one eastern Washington urban areas;

(b) Identify at-risk students in each of the distinct communities and populations and implement strategies to close the achievement gap;

(c) Collect and report data on participant characteristics and outcomes of the project, including the characteristics and outcomes specified under section 3(1)(e) of this act; and

(d) Submit a report to the legislature by December 1, 2009.

NEW SECTION. Sec. 3. (1) The office of the superintendent of public instruction shall:

(a) Identify criteria for grants and evaluate proposals for funding in consultation with the workforce training and education coordinating board;

(b) Develop and monitor requirements for grant recipients to:

(i) Identify students who both fail the Washington assessment of student learning and drop out of school;

(ii) Identify their own strengths and gaps in services provided to youth;

(iii) Set their own local goals for program outcomes;

(iv) Use research-based and emerging best practices that lead to positive outcomes in implementing the building bridges program; and

(v) Coordinate an outreach campaign to bring public and private organizations together and to provide information about the building bridges program to the local community;

(c) In setting the requirements under (b) of this subsection, encourage creativity and provide for flexibility in implementing the local building bridges program;

(d) Identify and disseminate successful practices;

(e) Develop requirements for grant recipients to collect and report data, including, but not limited to:

(i) The number of and demographics of students served including, but not limited to, information regarding a student's race and ethnicity, a student's household income, a student's housing status, whether a student is a foster youth or youth involved in the juvenile justice system, whether a student is disabled, and the primary language spoken at a student's home;

(ii) Washington assessment of student learning scores;

(iii) Dropout rates;

2007 REGULAR SESSION

- (iv) On-time graduation rates;
- (v) Extended graduation rates;
- (vi) Credentials obtained;
- (vii) Absenteeism rates;
- (viii) Truancy rates; and
- (ix) Credit retrieval;

(f) Contract with a third party to evaluate the infrastructure and implementation of the partnership including the leveraging of outside resources that relate to the goal of the partnership. The third-party contractor shall also evaluate the performance and effectiveness of the partnerships relative to the type of entity, as identified in section 4 of this act, serving as the lead agency for the partnership; and

- (g) Report to the legislature by December 1, 2008.

(2) In performing its duties under this section, the office of the superintendent of public instruction is encouraged to consult with the work group identified in section 7 of this act.

NEW SECTION. Sec. 4. In awarding the grants under section 2 of this act, the office of the superintendent of public instruction shall prioritize schools or districts with dropout rates above the statewide average and shall attempt to award building bridges program grants to different geographic regions of the state. Eligible recipients shall be one of the following entities acting as a lead agency for the local partnership: A school district, a tribal school, an area workforce development council, an educational service district, an accredited institution of higher education, a vocational skills center, a federally recognized tribe, a community organization, or a nonprofit 501(c)(3) corporation. If the recipient is not a school district, at least one school district must be identified within the partnership. The superintendent of public instruction shall ensure that grants are distributed proportionately between school districts and other recipients. This requirement may be waived if the superintendent of public instruction finds that the quality of the programs or applications from these entities does not warrant the awarding of the grants proportionately.

NEW SECTION. Sec. 5. To be eligible for a grant under section 2 of this act, grant applicants shall:

(1) Build or demonstrate a commitment to building a broad-based partnership of schools, families, and community members to provide an effective and efficient building bridges program. The partnership shall consider an effective model for school-community partnerships and include local membership from, but not limited to, school districts, tribal schools, secondary career and technical education programs, skill centers that serve the local community, an educational service district, the area workforce development council, accredited institutions of higher education, tribes or other cultural organizations, the parent teacher association, the juvenile court, prosecutors and defenders, the local health department, health care agencies, public transportation agencies, local division representatives of the department of social and health services, businesses, city or county government agencies, civic organizations, and appropriate youth-serving community-based organizations. Interested parents and students shall be actively included whenever possible;

(2) Demonstrate how the grant will enhance any dropout prevention and intervention programs and services already in place in the district;

(3) Provide a twenty-five percent match that may include in-kind resources from within the partnership;

(a) Provide technical assistance to local partnerships established under a grant awarded under section 2 of this act in collecting and using performance data; and

(b) At the request of a local partnership established under a grant awarded under section 2 of this act, provide assistance in the development of a functional sustainability plan, including the identification of potential funding sources for future operation.

(2) Local partnerships established under a grant awarded under section 2 of this act may contract with an educational service district, workforce development council, or a private agency for specialized training in such areas as cultural competency, identifying diverse learning styles, and intervention strategies for students at risk of dropping out of school.

NEW SECTION. Sec. 7. (1) The office of the superintendent of public instruction shall establish a state-level work group that includes K-12 and state agencies that work with youth who have dropped out or are at risk of dropping out of school. The state-level leadership group shall consist of one representative from each of the following agencies and organizations: The workforce training and education coordinating board; career and technical education including skill centers; relevant divisions of the department of social and health services; the juvenile courts; the Washington association of prosecuting attorneys; the Washington state office of public defense; the employment security department; accredited institutions of higher education; the educational service districts; the area workforce development councils; parent and educator associations; the department of health; local school districts; agencies or organizations that provide services to special education students; community organizations serving youth; federally recognized tribes and urban tribal centers; each of the major political caucuses of the senate and house of representatives; and the minority commissions.

(2) To assist and enhance the work of the building bridges programs established in section 5 of this act, the state-level work group shall:

(3) The work group shall report to the legislature and the governor on an annual basis beginning December 1, 2007, with recommendations for implementing emerging best practices, needed additional resources, and eliminating barriers.

NEW SECTION. Sec. 8. (1) During the 2007-2009 biennium, school districts that contract with eligible alternative educational service providers to provide education programs, including GED preparation, that generate course credits towards high school graduation, for students who are at risk of dropping out of school, or who have dropped out of school, may continue to use allocations under RCW 28A.150.250 to fund contracts with those providers. For purposes of this section, "eligible alternative educational service providers" includes community and technical colleges and community-based organizations that meet all state requirements for receiving state K-12 formula allocations. Students attending these programs will be considered full-time equivalent students if they are enrolled in programming totaling at least twenty-five hours per week. The work group shall develop recommendations and submit a report to the appropriate legislative committees by December 1, 2009.

NEW SECTION. Sec. 9. Sections 2 through 7 of this act are each added to chapter 28A.175 RCW.

NEW SECTION. Sec. 10. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void."

(1) The governor shall, with the assistance of the governor's salmon recovery office, ((shall)) during the time it is constituted, maintain and revise, as appropriate, a statewide salmon recovery strategy.

(2) The governor and the salmon recovery office shall be guided by the following considerations in maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) ((Beginning on September 1, 2000,)) If the strategy ((shall be)) is updated ((through)), an active and thorough public involvement process, including early and meaningful opportunity for public comment, must be utilized. In obtaining public comment, the governor's salmon recovery office shall ((hold public meetings)) work with regional salmon recovery organizations throughout the state and shall encourage regional and local recovery planning efforts to ((similarly)) ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

Sec. 7. RCW 43.41.270 and 2001 c 227 s 2 are each amended to read as follows:

(1) The office of financial management shall assist natural resource-related agencies in developing outcome-focused performance measures for administering natural resource-related and environmentally based grant and loan programs. These performance measures are to be used in determining grant eligibility, for program management and performance assessment.

(2) The office of financial management and the governor's salmon recovery office, during the time it is constituted, shall assist natural resource-related agencies in developing recommendations for a monitoring program to measure outcome-focused performance measures required by this section. The recommendations must be consistent with the framework and coordinated monitoring strategy developed by the monitoring oversight committee established in RCW 77.85.210.

ONE-HUNDREDTH FIRST DAY, APRIL 18, 2007

2007 REGULAR SESSION

(3) Natural resource agencies shall consult with grant or loan recipients including local governments, tribes, nongovernmental organizations, and other interested parties, and report to the office of financial management on the implementation of this section. ~~((The office of financial management shall report to the appropriate legislative committees of the legislature on the agencies' implementation of this section, including any necessary changes in current law, and funding requirements by July 31, 2002. Natural resource agencies shall assist the office of financial management in preparing the report, including complying with time frames for submitting information established by the office of financial management.))~~

(4) For purposes of this section, "natural resource-related agencies" include the department of ecology, the department of natural resources, the department of fish and wildlife, the state conservation commission, the interagency committee for outdoor recreation, the salmon recovery funding board, and the public works board within the department of community, trade, and economic development.

(5) For purposes of this section, "natural resource-related environmentally based grant and loan programs" includes the conservation reserve enhancement program; dairy nutrient management grants under chapter 90.64 RCW; state conservation commission water quality grants under chapter 89.08 RCW; coordinated prevention grants, public participation grants, and remedial action grants under RCW 70.105D.070; water pollution control facilities financing under chapter 70.146 RCW; aquatic lands enhancement grants under RCW ~~((79.24.580))~~ 79.105.150; habitat grants under the Washington wildlife and recreation program under RCW 79A.15.040; salmon recovery grants under chapter 77.85 RCW; and the public ~~((works))~~ works trust fund program under chapter 43.155 RCW. The term also includes programs administered by the department of fish and wildlife related to protection or recovery of fish stocks which are funded with moneys from the capital budget.

NEW SECTION. Sec. 8. A new section is added to chapter 77.85 RCW to read as follows:

(1) The legislature finds that pursuant to chapter 298, Laws of 2001, and acting upon recommendations of the state's independent science panel, the monitoring oversight committee developed recommendations for a comprehensive statewide strategy for monitoring watershed health, with a focus upon salmon recovery, entitled *The Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery*. The legislature further finds that funding to begin implementing the strategy and action plan was provided in the 2003-2005 biennial budget, and that executive order 04-03 was issued to coordinate state agency implementation activities. It is therefore the purpose of this section to adopt the strategy and action plan and to provide guidance to ensure that the coordination activities directed by executive order 04-03 are effectively carried out.

(2) The forum on monitoring salmon recovery and watershed health is created. The governor shall appoint a person with experience and expertise in natural resources and environmental quality monitoring to chair the forum. The chair shall serve four-year terms and may serve successive terms. The forum shall include representatives of the following state agencies and regional entities that have responsibilities related to monitoring of salmon recovery and watershed health:

- (a) Department of ecology;
- (b) Salmon recovery funding board;
- (c) Salmon recovery office;
- (d) Department of fish and wildlife;
- (e) Department of natural resources;
- (f) Puget Sound action team, or a successor state agency;
- (g) Conservation commission;
- (h) Department of agriculture;
- (i) Department of transportation; and

(j) Each of the regional salmon recovery organizations.

(3) The forum on monitoring salmon recovery and watershed health shall provide a multiagency venue for coordinating technical and policy issues and actions related to monitoring salmon recovery and watershed health.

(4) The forum on monitoring salmon recovery and watershed health shall recommend a set of measures for use by the governor's salmon recovery office in the state of the salmon report to convey results and progress on salmon recovery and watershed health in ways that are easily understood by the general public.

(5) The forum on monitoring salmon recovery and watershed health shall invite the participation of federal, tribal, regional, and local agencies and entities that carry out salmon recovery and watershed health monitoring, and work toward coordination and standardization of measures used.

(6) The forum on monitoring salmon recovery and watershed health shall periodically report to the governor and the appropriate standing committees of the senate and house of representatives on the forum's activities and recommendations for improving monitoring programs by state agencies, coordinating with the governor's salmon recovery office biennial report as required by RCW 77.85.020.

(7) The forum shall review pilot monitoring programs including those that integrate (a) data collection, management, and access; and (b) information regarding habitat projects and project management.

(8) The forum on monitoring salmon recovery and watershed health shall review and make recommendations to the office of financial management and the appropriate legislative committees on agency budget requests related to monitoring salmon recovery and watershed health. These recommendations must be made no later than September 15th of each year. The goal of this review is to prioritize and integrate budget requests across agencies.

(9) This section expires June 30, 2015.

NEW SECTION. Sec. 9. Section 3 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 30, 2007."

MESSAGE FROM THE HOUSE

April 17, 2007

MR. PRESIDENT:

Under suspension of rules ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5627 was returned to second reading for purpose of an amendment: 5627-S2.E AMH HAIG H3553.1, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The state's definition of basic education and the corresponding funding formulas must be regularly updated in order to keep pace with evolving educational practices and increasing state and federal requirements and to ensure that all schools have the resources they need to help give all students the opportunity to be fully prepared to compete in a global economy. The work of Washington learns steering committee and the K-12 advisory committee provides a valuable starting point from which to evaluate the current educational system and develop a unique, transparent, and stable educational funding system for Washington that supports the goals and the vision of a world-class learner-focused K-12 educational system that were established in the final Washington learns report.

This act is intended to make provision for some significant steps towards a new basic education funding system and establishes a joint task force to address the details and next steps beyond the 2007-2009 biennium that will be necessary to implement a new comprehensive K-12 finance formula or formulas that will provide Washington schools with stable and adequate funding as the expectations for the K-12 system continue to evolve.

NEW SECTION. Sec. 2. (1) The joint task force on basic education finance established under this section, with research support from the Washington state institute for public policy, shall review the definition of basic education and all current basic education funding formulas, develop options for a new funding structure and all necessary formulas, and propose a new definition of basic education that is realigned with the new expectations of the state's education system as established in the November 2006 final report of the Washington learns steering committee and the basic education provisions established in chapter 28A.150 RCW.

(2) The joint task force on basic education finance shall consist of fourteen members:

(a) A chair of the task force with experience with Washington finance issues including knowledge of the K-12 funding formulas, appointed by the governor;

(b) Eight legislators, with two members from each of the two largest caucuses of the senate appointed by the president of the senate and two members from each of the two largest

caucuses of the house of representatives appointed by the speaker of the house of representatives;

(c) A representative of the governor's office or the office of financial management, designated by the governor;

(d) The superintendent of public instruction or the superintendent's designee; and

(e) Three individuals with significant experience with Washington K-12 finance issues, including the use and application of the current basic education funding formulas, appointed by the governor. Each of the two largest caucuses of the house of representatives and the senate may submit names to the governor for consideration.

(3) In conducting research directed by the task force and developing options for consideration by the task force, the Washington state institute for public policy shall consult with stakeholders and experts in the field. The institute may also request assistance from the legislative evaluation and accountability program committee, the office of the superintendent of public instruction, the office of financial management, the house office of program research, and senate committee services.

(4) In developing recommendations, the joint task force shall review and build upon the following:

(a) Reports related to K-12 finance produced at the request of or as a result of the Washington learns study, including reports completed for or by the K-12 advisory committee;

(b) High-quality studies that are available; and

(c) Research and evaluation of the cost-benefits of various K-12 programs and services developed by the institute as directed by the legislature in section 607(15), chapter 372, Laws of 2006.

(5) The Washington state institute for public policy shall provide the following reports to the joint task force:

(a) An initial report by September 15, 2007, proposing an initial plan of action, reporting dates, timelines for fulfilling the requirements of section 3 of this act, and an initial timeline for a phased-in implementation of a new funding system that does not exceed six years;

(b) A second report by December 1, 2007, including implementing legislation as necessary, for at least two but no more than four options for allocating school employee compensation. One of the options must be a redirection and prioritization within existing resources based on research-proven education programs. The report must also include a projection of the expected effect of the investment made under the new funding structure. The second report shall also include a finalized timeline and plan for addressing the remaining components of a new funding system; and

(c) A final report with at least two but no more than four options for revising the remaining K-12 funding structure, including implementing legislation as necessary, and a timeline for phasing in full adoption of the new funding structure. The final report shall be submitted to the joint task force by September 15, 2008. One of the options must be a redirection and prioritization within existing resources based on research-proven education programs. The final report must also include a projection of the expected effect of the investment made under the new funding structure.

NEW SECTION. Sec. 3. (1) The funding structure alternatives developed by the joint task force under section 2 of this act shall take into consideration the legislative priorities in this section, to the maximum extent possible and as appropriate to each formula.

(2) The funding structure should reflect the most effective instructional strategies and service delivery models and be based on research-proven education programs and activities with demonstrated cost benefits. In reviewing the possible strategies and models to include in the funding structure the task force shall, at a minimum, consider the following issues:

(a) Professional development for all staff;

2007 REGULAR SESSION

(b) Whether the compensation system for instructional staff shall include pay for performance, knowledge, and skills elements; regional cost-of-living elements; elements to recognize assignments that are difficult; recognition for the professional teaching level certificate in the salary allocation model; and a plan to implement the pay structure;

(c) Voluntary all-day kindergarten;

(d) Optimum class size, including different class sizes based on grade level and ways to reduce class size;

(e) Focused instructional support for students and schools;

(f) Extended school day and school year options; and

(g) Health and safety requirements.

(3) The recommendations should provide maximum transparency of the state's educational funding system in order to better help parents, citizens, and school personnel in Washington understand how their school system is funded.

(4) The funding structure should be linked to accountability for student outcomes and performance.

NEW SECTION. **Sec. 4.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

The President welcomed and introduced the Shifty Sailors of Whidbey Island who performed at the bar of the Senate in commemoration of the previous days Senate Resolution No. 8689.

REPLY BY THE PRESIDENT

President Owen: "Senator Mary Margaret Haugen, the President can't help but notice but there be no wenches in the group."

PERSONAL PRIVILEGE

Senator Eide: "Well, I would like to thank the good Senator from the Tenth District for bringing down the Shifty Sailors. What a pleasant delight, and I noticed that the good Senator from District Twenty-Two was actually singing along. I don't know if anyone else noticed that but I sure did. I was hoping that you were mentioning your CD because I'd love to purchase one of them. I just wanted to say that this was fun. Thank you Senator Haugen for bringing them down."

REMARKS BY THE PRESIDENT

President Owen: "The President would also like to note that Vernon and Carl Olson, who are in the group, their father who was the Sergeant at Arms in 1949, Mr. George Olson, for the Senate."

PERSONAL PRIVILEGE

Senator Haugen: "Well, I've often told this group I have the beautiful district in the state and some of the finest artist and now you see I have the finest singing group. This is an outstanding group of men who really do give of themselves to not only provide the pleasure that we've all experienced but also to provide experiences for young people. I think it's important to point at times, particularly after session like this, that we have a little time to stop and think about how music does effect our soles. You know, actually the maritime music actually started because the men on the ships were working hard and by singing it helped them. I think that this few moments that we've had here this morning will help us finish the job we have to do and we will return home safely to our shores. Mr. President, I might want to point out we Mike Murphy, our State Treasurer-who I like to think is our sailor in the process-I think he's had his sailing ship for twenty-eight years, something like that. He's going to go sailing off pretty soon. He might want to go with these guys. Mr. President, I think maybe next year we ought to have a state shanty song because this year we did the Washington tall ship as our state tall ship. Maybe we ought to have a shanty song that can be sang on that ship as she sails around the world representing us. Thank you very much, I appreciate this opportunity to share a bit of Whidbey Island with you."

REMARKS BY THE PRESIDENT

President Owen: "Thank you Senator for bringing the group to our attention. Thank you gentlemen, excellent."

Strike everything after the enacting clause and insert the following:

"**Sec. 5.** RCW 28B.92.080 and 2004 c 275 s 39 are each amended to read as follows:

For a student to be eligible for a state need grant a student must:

(1) Be a "needy student" or "disadvantaged student" as determined by the board in accordance with RCW 28B.92.030 (3) and (4).

(2) Have been domiciled within the state of Washington for at least one year.

(3) Be enrolled or accepted for enrollment on at least a half-time basis at an institution of higher education in Washington as defined in RCW 28B.92.030(1).

(4) Until June 30, 2011, to the extent funds are specifically appropriated for this purpose, and subject to any terms and conditions specified in the omnibus appropriations act, be enrolled or accepted for enrollment for at least three quarter credits or the equivalent semester credits at an institution of higher education in Washington as defined in RCW 28B.92.030(1).

(5) Have complied with all the rules and regulations adopted by the board for the administration of this chapter.

Sec. 6. RCW 28B.92.060 and 2005 c 93 s 3 are each amended to read as follows:

In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the board, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The board shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

(a) Financial need as determined by the amount of the family contribution; and

(b) Other considerations, such as whether the student is a former foster youth.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant.

(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate

degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

(4) In computing financial need, the board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half-time shall not be used in computing financial need.

(5)(a) A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a program that leads to a degree or certificate.

(b) An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is enrolled on a less-than-full-time basis, as long as funds are available.

(c) An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a state need grant from that institution;

(ii) The student completes the required free application for federal student aid;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(6) As used in this section, "former foster youth" means a person who is at least eighteen years of age, but not more than twenty-four years of age, who was a dependent of the department of social and health services at the time he or she attained the age of eighteen.

NEW SECTION. Sec. 7. A new section is added to chapter 28B.92 RCW to read as follows:

Institutions of higher education are encouraged to review their policies and procedures regarding financial aid for students taking a less-than-half-time course load, and to implement policies and procedures providing students taking a less-than-half-time course load with the same access to institutional aid, including tuition waivers, as provided to students enrolled half time or more.

Sec. 8. RCW 28B.15.820 and 2004 c 275 s 66 are each amended to read as follows:

(1) Each institution of higher education, including technical colleges, shall deposit a minimum of three and one-half percent of revenues collected from tuition and services and activities fees in an institutional financial aid fund that is hereby created and which shall be held locally. Moneys in the fund shall be used only for the following purposes: (a) To make guaranteed long-term loans to eligible students as provided in subsections (3) through (8) of this section; (b) to make short-term loans as provided in subsection (9) of this section; or (c) to provide financial aid to needy students as provided in subsection (10) of this section.

(2) An "eligible student" for the purposes of subsections (3) through (8) and (10) of this section is a student registered for at least ~~((3x))~~ three credit hours or the equivalent, who is eligible

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

for resident tuition and fee rates as defined in RCW 28B.15.012 and 28B.15.013, and who is a "needy student" as defined in RCW 28B.92.030.

(3) The amount of the guaranteed long-term loans made under this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program.

(4) Before approving a guaranteed long-term loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of guaranteed long-term loans made under this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of guaranteed long-term loans under this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of guaranteed long-term loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges and shall be conducted under procedures adopted by the state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, that are paid by or on behalf of borrowers of funds under subsections (3) through (8) of this section, shall be deposited in each institution's financial aid fund and shall be used to cover the costs of making the guaranteed long-term loans under this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan principal. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be deposited in the institution's financial aid fund.

(7) The governing boards of the state universities, the regional universities, and The Evergreen State College, and the state board for community and technical colleges, on behalf of the community colleges and technical colleges, shall each adopt necessary rules and regulations to implement this section.

(8) First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term loans, not to exceed one year, may be made from the institutional financial aid fund to students enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional financial aid fund that are not used in making long-term or short-term loans may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee scholarship or grant programs. These funds shall be used in addition to and not to replace institutional funds that would otherwise support these locally-administered financial aid programs. First priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study. Second priority in the use of these funds shall be given to needy single parents, to assist these students with their educational expenses, including expenses associated with child care and transportation.

NEW SECTION. **Sec. 9.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void."

PERSONAL PRIVILEGE

Senator Oemig: "Mr. President, democracy is often easier to enjoy when it is to participate in and protect. We inherited a great democracy and those who shaped it were not perfect. It would be easier to point out their mistakes than to live up to their example. Our American tradition, our inherited tradition is to aim high and we're bound to make mistakes. We've made plenty. History is filled with them, the Gulf of Tonkin, Iran-Contra, but it's with action that we fix our mistakes. When people are honestly mistaken and they learn the truth they either to cease to be mistaken or cease to be honest. If we do not act to correct our mistakes, our children will inherit them. We cannot restore the lives lost in Iraq or the lost limbs or the lives shattered but we can act. Our Commander-in-Chief can be relieved of duty. The truth has surfaced. He abused our proud traditions and brought us torture, while telling us we don't torture. He violated our proud traditions and spied on American citizens, while telling us we don't spy and he made claims about aluminum tubes and yellow cake that the evidence did not support. The truth has surfaced, do we cease to be mistaken or do we cease to be honest. I would never trust this President with the life of my son. How can I trust him with the lives of my neighbors' kids. How many more lives will this President sacrifice from Washington State? Six since he convened in January. For the soldiers that are going to die next month and next year to avert more death and to prevent handing out more Gold Stars to mothers. We must end this war. The Commander-in-Chief must be relieved of duty. The framers of our constitution gave us the tools of impeachment and conviction. We must not be afraid to use these tools."

REMARKS BY THE PRESIDENT

President Owen: "The President will remind the gallery that we're very pleased and privileged to have you with us today to observe this process but, we have very strict rules of decorum and protocol in this chamber. We would ask that you respect those rules and protocol and decorum in this chamber and not respond to the remarks made by the people who are speaking. Thank you very much."

PERSONAL PRIVILEGE

Senator Swecker: "Thank you Mr. President. We find ourselves on the floor of the Senate today hearing speeches about war and peace and perhaps of even impeaching a President. That's something new for me and probably even new for those who have been here for a long, long time. The reason it's new is because that's not what we were elected to do. I'm not saying these issues aren't important. They are, I know that first hand. As many of you probably know, I'm a veteran of the

Vietnam War. While I was there I earned the Purple Heart, the Bronze Star and more than twenty air medals. As a veteran, I can tell you that people decided to volunteer to serve their country, they do this for variety of reasons, patriotism, educational opportunities, family tradition, belief in a cause but once they get into combat that all goes away and they share one thing in common. The desire to see the war end. They don't like the isolation, the loneliness, the crummy food and, especially, getting shot at. But what keeps them engaged and what makes many of them sign up to go back? It's their deep desire for freedom on the part of the people they are there to serve. The desire for freedom for them outweighs all else. There's no better example of this than Valley Forge. Think about the despair, the disease, the death that the Constitutional Army suffered during that winter of destiny for this nation. Yet, it was the desire for freedom that caused them to endure and go forward. I've been in combat and I've seen the eyes of the people that I was there to help. You can't turn away. Their faces stay with you. You see the suffering and you realize you can help them and help the people back home. We all want peace but peace at the price of freedom is failure. That's what I believe and whether it's our policy as a nation is something that we do need to decide but the debate on this issue should not be occurring in the State Legislature. It should, Mr. President and is occurring in Congress. These are issues of foreign policy. This is an area outside the jurisdiction of this body. People in our district did not elect us to solve national problems. They elected us to solve the unique problems and challenges facing Washington State. This year the Senate Republicans have been talking about a symbolic women named 'Betuc.' Budget, Education, Transportation, Health Care and Crime, those are the issues that are important to her and those are the issues that this body should be dealing with. Solving the problems of this state and local issues is a commitment we must keep. We all understand that people fill strongly about these issues but let's focus on the things we were elected to do and leave the matters of national security up to our colleagues in the other Washington. Thank you Mr. President."

REPLY BY THE PRESIDENT

President Owen: "Senator Kline, before you state your personal privilege, the President would like to remind the members of a couple of things. One is that a point of personal privilege is not a place where you may debate issues. It is a place where you may express yourself on issues that are personally and matters unique and pertinent to that Senator. Because the President believes that this is an issue that is very personal to several members of this body, he's exercising some discretion to allowing for these presentations to be made, but please recognize this is not a point for you to debate an issue and you are also limited to the three minute rule that has been in effect for the remainder of the session."

PERSONAL PRIVILEGE

Senator Kline: "Thank you Mr. President. I'd like to respond to both of the recent speakers....."

REPLY BY THE PRESIDENT

President Owen: "Senator Kline, the President would remind you that this is not a point for you to respond to the previous speakers."

PERSONAL PRIVILEGE

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

Senator Kline: "I'd like to express my own feelings of the issue currently before us. Some forty years ago, I was a young student, I took part in anti-war demonstrations of a member of a group called Students for Democratic Society. We engaged in a very robust, public debate about a matter that was the most important our country was facing, the war in Vietnam. Still to this day, there's a anti-war poster that I resurrected from my basement, after some forty years, about the march of October 1967 that's on my office wall now. Little old, a little tattered, a little musty but unfortunately still relevant. Like so many naive twenty-year olds I thought that we had learned a lesson and that we would remember the lesson. Not to engage in foreign wars that are not in our national interest. Not to spend so much of our national treasure, the lives of our youth and ultimately our national dignity on something that had no real interest to United States. I thought the lesson would be learned. I had certainly learned it. I've been very dismayed in these last four years at the slow process of forgetting, of an administration that in secrecy and with an intent, I believe to deceive large numbers of people, played upon popular fears of weapons of mass destruction of biological or nuclear weapons that could be used and took the attack on this country as the excuse to launch a war, not the war in Afghanistan, which was a very legitimate response, but a diversion of our troops to a country which they had no reason to be Iraq. I thought we had remembered and yet it's the popular response, not blaming this administration or our brothers and sisters in Congress but ourselves. It is we who vote. It is our national fear that it can be so easily played upon. It is our acquiescence to this administration. There will always be evil. It is our fault for tolerating so much and saying so little."

REMARKS BY THE PRESIDENT

President Owen: "Senator Kline, your time is up."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

This information may be transmitted within a specified time of not less than two business days to the applicable law enforcement agency electronically, by facsimile transmission, or by modem or similar device, or by delivery of computer disk subject to the requirements of, and approval by, the chief of police or the county's chief law enforcement officer.

(2) If the scrap metal business has good cause to believe that any nonferrous metal property or commercial metal property in his or her possession has been previously lost or stolen, the scrap metal business shall promptly report that fact to the applicable commissioned law enforcement officer of the state, the chief of police, or the county's chief law enforcement officer, together with the name of the owner, if known, and the date when and the name of the person from whom it was received.

applicable law enforcement agency up to a maximum of ten business days.

(2) A commissioned law enforcement officer of the state or any of its political subdivisions shall not place on hold any item of nonferrous metal property or commercial metal property unless that law enforcement agency reasonably suspects that the property is a lost or stolen item. NEW SECTION. Sec. 7. UNLAWFUL VIOLATIONS. It is a gross misdemeanor under chapter 9A.20 RCW for:

(1) Any person to deliberately remove, alter, or obliterate any manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon an item of nonferrous metal property or commercial metal property in order to deceive a scrap metal business;

(2) Any scrap metal business to enter into a transaction to purchase or receive any nonferrous metal property or commercial metal property where the manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon the property have been deliberately and conspicuously removed, altered, or obliterated;

(3) Any person to knowingly make, cause, or allow to be made any false entry or misstatement of any material matter in any book, record, or writing required to be kept under this chapter;

(4) Any scrap metal business to enter into a transaction to purchase or receive nonferrous metal property or commercial metal property from any person under the age of eighteen years or any person who is discernibly under the influence of intoxicating liquor or drugs;

(5) Any scrap metal business to enter into a transaction to purchase or receive nonferrous metal property or commercial metal property with anyone whom the scrap metal business has been informed by a law enforcement agency to have been convicted of a crime involving drugs, burglary, robbery, theft, or possession of or receiving stolen property, manufacturing, delivering, or possessing with intent to deliver methamphetamine, or possession of ephedrine or any of its salts or isomers or salts of isomers, pseudoephedrine or any of its salts or isomers or salts of isomers, or anhydrous ammonia with intent to manufacture methamphetamine within the past ten years whether the person is acting in his or her own behalf or as the agent of another;

(6) Any person to sign the declaration required under section 2 of this act knowing that the nonferrous metal property subject to the transaction is stolen. The signature of a person on the declaration required under section 2 of this act constitutes evidence of intent to defraud a scrap metal business if that person is found to have known that the nonferrous metal property subject to the transaction was stolen;

(7) Any scrap metal business to possess commercial metal property that was not lawfully purchased or received under the requirements of this chapter; or

(8) Any scrap metal business to engage in a series of transactions valued at less than thirty dollars with the same seller for the purposes of avoiding the requirements of section 3(4) of this act.

NEW SECTION. Sec. 8. CIVIL PENALTIES. (1) Each violation of the requirements of this chapter that are not subject to the criminal penalties under section 7 of this act shall be punishable, upon conviction, by a fine of not more than one thousand dollars.

(2) Within two years of being convicted of a violation of any of the requirements of this chapter that are not subject to the

criminal penalties under section 7 of this act, each subsequent violation shall be punishable, upon conviction, by a fine of not more than two thousand dollars.

NEW SECTION. Sec. 9. EXEMPTIONS. The provisions of this chapter do not apply to transactions conducted by the following:

(1) Motor vehicle dealers licensed under chapter 46.70 RCW;

(2) Vehicle wreckers or hulk haulers licensed under chapter 46.79 or 46.80 RCW;

(3) Persons in the business of operating an automotive repair facility as defined under RCW 46.71.011; and

(4) Persons in the business of buying or selling empty food and beverage containers, including metal food and beverage containers.

Sec. 10. RCW 9.94A.535 and 2005 c 68 s 3 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(p) The offense involved an invasion of the victim's privacy.

(q) The defendant demonstrated or displayed an egregious lack of remorse.

(r) The offense involved a destructive and foreseeable impact on persons other than the victim.

(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.

(t) The defendant committed the current offense shortly after being released from incarceration.

(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.

(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(w) The defendant committed the offense against a victim who was acting as a good samaritan.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property or nonferrous metal property, as defined in section 1 of this act.

NEW SECTION. Sec. 11. Sections 1 through 9 of this act constitute a new chapter in Title 19 RCW.

NEW SECTION. Sec. 12. RCW 9.91.110 (Metal buyers--Records of purchases--Penalty) and 1971 ex.s. c 302 s 18 are each repealed.

NEW SECTION. Sec. 13. Captions used in this act are not any part of the law.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

ELEMENTS OF A CHILDREN'S MENTAL HEALTH SYSTEM. (1) It is the goal of the legislature that, by 2012, the children's mental health system in Washington state include the following elements:

(a) A continuum of services from early identification, intervention, and prevention through crisis intervention and inpatient treatment, including peer support and parent mentoring services;

(b) Equity in access to services for similarly situated children, including children with co-occurring disorders;

(c) Developmentally appropriate, high quality, and culturally competent services available statewide;

(d) Treatment of each child in the context of his or her family and other persons that are a source of support and stability in his or her life;

(e) A sufficient supply of qualified and culturally competent children's mental health providers;

(f) Use of developmentally appropriate evidence-based and research-based practices;

(g) Integrated and flexible services to meet the needs of children who, due to mental illness or emotional or behavioral disturbance, are at risk of out-of-home placement or involved with multiple child-serving systems.

(2) The effectiveness of the children's mental health system shall be determined through the use of outcome-based performance measures. The department and the evidence-based practice institute established in section 7 of this act, in consultation with parents, caregivers, youth, regional support networks, mental health services providers, health plans, primary care providers, tribes, and others, shall develop outcome-based performance measures such as:

(a) Decreased emergency room utilization;

(b) Decreased psychiatric hospitalization;

(c) Lessening of symptoms, as measured by commonly used assessment tools;

(d) Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, when necessary;

(e) Decreased runaways from home or residential placements;

(f) Decreased rates of chemical dependency;

(g) Decreased involvement with the juvenile justice system;

(h) Improved school attendance and performance;

(i) Reductions in school or child care suspensions or expulsions;

(j) Reductions in use of prescribed medication where cognitive behavioral therapies are indicated;

(k) Improved rates of high school graduation and employment; and

(l) Decreased use of mental health services upon reaching adulthood for mental disorders other than those that require ongoing treatment to maintain stability.

Performance measure reporting for children's mental health services should be integrated into existing performance measurement and reporting systems developed and implemented under chapter 71.24 RCW.

NEW SECTION. Sec. 4. REGIONAL SUPPORT NETWORK SERVICES--CHILDREN'S ACCESS TO CARE STANDARDS AND BENEFIT PACKAGE. As part of the system transformation initiative, the department of social and health services shall undertake the following activities related specifically to children's mental health services:

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(1) The development of recommended revisions to the access to care standards for children. The recommended revisions shall reflect the policies and principles set out in RCW 71.36.005, 71.36.010, and section 3 of this act, and recognize that early identification, intervention and prevention services, and brief intervention services may be provided outside of the regional support network system. Revised access to care standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 (26) and (27) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. The department shall ensure that services included in the children's mental health benefit package reflect the policies and principles included in RCW 71.36.005 and section 3 of this act, to the extent allowable under medicaid, Title XIX of the federal social security act. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer supports, and community support services. This effort shall include a review of other states' efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

NEW SECTION. Sec. 5. A new section is added to chapter 74.09 RCW to read as follows:

IMPROVING MEDICATION MANAGEMENT AND CARE COORDINATION. (1)(a) The department, in consultation with the evidence-based practice institute established in section 7 of this act, shall develop and implement policies to improve prescribing practices for treatment of emotional or behavioral disturbances in children, improve the quality of children's mental health therapy through increased use of evidence-based and research-based practices and reduced variation in practice, improve communication and care coordination between primary care and mental health providers, and prioritize care in the family home or care which integrates the family where out-of-home placement is required.

(b) The department shall identify those children with emotional or behavioral disturbances who may be at high risk due to off-label use of prescription medication, use of multiple medications, high medication dosage, or lack of coordination among multiple prescribing providers, and establish one or more mechanisms to evaluate the appropriateness of the medication these children are using, including but not limited to obtaining second opinions from experts in child psychiatry.

(c) The department shall review the psychotropic medications of all children under five and establish one or more mechanisms to evaluate the appropriateness of the medication these children are using, including but not limited to obtaining second opinions from experts in child psychiatry.

(d) The department shall track prescriptive practices with respect to psychotropic medications with the goal of reducing the use of medication.

(e) The department shall encourage the use of cognitive behavioral therapies and other treatments which are empirically supported or evidence-based, in addition to or in the place of prescription medication where appropriate.

(2) The department shall convene a representative group of regional support networks, community mental health centers,

and managed health care systems contracting with the department under RCW 74.09.522 to:

(a) Establish mechanisms and develop contract language that ensures increased coordination of and access to medicaid mental health benefits available to children and their families, including ensuring access to services that are identified as a result of a developmental screen administered through early periodic screening, diagnosis, and treatment;

(b) Define managed health care system and regional support network contractual performance standards that track access to and utilization of services; and

(c) Set standards for reducing the number of children that are prescribed antipsychotic drugs and receive no outpatient mental health services with their medication.

(3) The department shall submit a report on progress and any findings under this section to the legislature by January 1, 2009.

NEW SECTION. Sec. 6. A new section is added to chapter 71.36 RCW to read as follows:

MEDICAID ELIGIBLE CHILDREN IN TEMPORARY JUVENILE DETENTION. The department shall explore the feasibility of obtaining a medicaid state plan amendment to allow the state to receive medicaid matching funds for health services provided to medicaid enrolled youth who are temporarily placed in a juvenile detention facility. Temporary placement shall be defined as until adjudication or up to sixty continuous days, whichever occurs first.

NEW SECTION. Sec. 7. A new section is added to chapter 71.24 RCW to read as follows:

CHILDREN'S MENTAL HEALTH PROVIDERS. (1) The department shall provide flexibility in provider contracting to regional support networks for children's mental health services. Beginning with 2007-2009 biennium contracts, regional support network contracts shall authorize regional support networks to allow and encourage licensed community mental health centers to subcontract with individual licensed mental health professionals when necessary to meet the need for an adequate, culturally competent, and qualified children's mental health provider network.

(2) To the extent that funds are specifically appropriated for this purpose or that nonstate funds are available, a children's mental health evidence-based practice institute shall be established at the University of Washington division of public behavioral health and justice policy. The institute shall closely collaborate with entities currently engaged in evaluating and promoting the use of evidence-based, research-based, promising, or consensus-based practices in children's mental health treatment, including but not limited to the University of Washington department of psychiatry and behavioral sciences, children's hospital and regional medical center, the University of Washington school of nursing, the University of Washington school of social work, and the Washington state institute for public policy. To ensure that funds appropriated are used to the greatest extent possible for their intended purpose, the University of Washington's indirect costs of administration shall not exceed ten percent of appropriated funding. The institute shall:

(a) Improve the implementation of evidence-based and research-based practices by providing sustained and effective training and consultation to licensed children's mental health providers and child-serving agencies who are implementing evidence-based or researched-based practices for treatment of children's emotional or behavioral disorders, or who are interested in adapting these practices to better serve ethnically or culturally diverse children. Efforts under this subsection should include a focus on appropriate oversight of implementation of evidence-based practices to ensure fidelity to these practices and thereby achieve positive outcomes;

(b) Continue the successful implementation of the "partnerships for success" model by consulting with communities so they may select, implement, and continually evaluate the success of evidence-based practices that are

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

relevant to the needs of children, youth, and families in their community;

(c) Partner with youth, family members, family advocacy, and culturally competent provider organizations to develop a series of information sessions, literature, and on-line resources for families to become informed and engaged in evidence-based and research-based practices;

(d) Participate in the identification of outcome-based performance measures under section 3(2) of this act and partner in a statewide effort to implement statewide outcomes monitoring and quality improvement processes; and

(e) Serve as a statewide resource to the department and other entities on child and adolescent evidence-based, research-based, promising, or consensus-based practices for children's mental health treatment, maintaining a working knowledge through ongoing review of academic and professional literature, and knowledge of other evidence-based practice implementation efforts in Washington and other states.

(3) To the extent that funds are specifically appropriated for this purpose, the department in collaboration with the evidence-based practice institute shall implement a pilot program to support primary care providers in the assessment and provision of appropriate diagnosis and treatment of children with mental and behavioral health disorders and track outcomes of this program. The program shall be designed to promote more accurate diagnoses and treatment through timely case consultation between primary care providers and child psychiatric specialists, and focused educational learning collaboratives with primary care providers.

NEW SECTION. Sec. 8. A new section is added to chapter 74.09 RCW to read as follows:

(1) The department shall adopt rules and policies providing that when youth who were enrolled in a medical assistance program immediately prior to confinement are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with county juvenile court administrators and regional support networks, shall establish procedures for coordination between department field offices, juvenile rehabilitation administration institutions, and county juvenile courts that result in prompt reinstatement of eligibility and speedy eligibility determinations for youth who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services' applications on behalf of confined youth in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined youth and, to the extent practicable, completion of the review before the youth is released; and

(c) Mechanisms for providing medical assistance services' identity cards to youth eligible for medical assistance services immediately upon their release from confinement.

(3) For purposes of this section, "confined" or "confinement" means detained in a facility operated by or under contract with the department of social and health services, juvenile rehabilitation administration, or detained in a juvenile detention facility operated under chapter 13.04 RCW.

(4) The department shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined youth who is likely to be eligible for a medical assistance program.

NEW SECTION. Sec. 9. Educational service district boards may partner with regional support networks to respond to a request for proposal for operation of a wraparound model site under this act and, if selected, may contract for the provision of services to coordinate care and facilitate the delivery of services and other supports under a wraparound model.

NEW SECTION. Sec. 10. WRAPAROUND MODEL OF INTEGRATED CHILDREN'S MENTAL HEALTH SERVICES

DELIVERY. To the extent funds are specifically appropriated for this purpose, the department of social and health services shall contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four regional support network regions in Washington state in which wraparound programs are not currently operating, and in up to two regional support network regions in which wraparound programs are currently operating. Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with regional support networks, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

(a) The regional support network agree to use its medicaid revenues to fund services included in the existing regional support network's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522; and

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in section 7 of this act shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

(6) The evidence-based practice institute shall provide a report and recommendations to the appropriate committees of the legislature by December 1, 2010.

2007 REGULAR SESSION

SUBSTITUTE HOUSE BILL NO. 1333, by House Committee on Early Learning & Children's Services (originally sponsored by Representatives Hinkle, Kagi and Walsh)

Concerning child welfare protections.

The measure was read the second time.

MOTION

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Stevens be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.34.138 and 2005 c 512 s 3 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement

of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

~~((c))~~ (d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

Sec. 2. RCW 13.34.130 and 2003 c 227 s 3 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for ~~((placement))~~ supervision of the child's placement. The department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court (i) with a relative as defined in RCW 74.15.020(2)(a), (ii) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW, or ~~((in a home not required to be licensed pursuant to chapter 74.15 RCW))~~ (iii) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: ~~((+))~~ (A) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and ~~((+))~~ (B) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(5) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court."

reinstatement of parental rights, the juvenile court shall order that a hearing on the merits of the petition be held.

(5) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, the child's attorney, and the child. The court shall also order the department to give prior notice of any hearing to the child's former parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(6) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:

(a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(b) The age and maturity of the child, and the ability of the child to express his or her preference;

(c) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and

(d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(7) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

The department shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.

(b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.

(c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(9) The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

(10) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 for the time period from the date of termination of parental rights to the date parental rights are reinstated.

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of

the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether restraining orders, or orders expelling an allegedly abusive parent from the home, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. However, the court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

((2)) (5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

((a)) (i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

((b)) (ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

((c)) (B) The release of such child would present a serious threat of substantial harm to such child; or

((d)) (C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, and the child was initially placed with a relative pursuant to RCW 13.34.060(1), the court shall order continued placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the

parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. ~~(The court shall enter a finding as to whether RCW 13.34.060(2) and subsections (1) and (2) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.~~

~~(3))~~ If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

~~(4))~~ (8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

~~((5))~~ (b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 7. RCW 13.34.130 and 2003 c 227 s 3 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (i) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and (ii) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

~~((5))~~ (6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

Sec. 8. RCW 13.34.136 and 2004 c 146 s 1 are each amended to read as follows:

(1) ~~(Whenever a child is ordered removed from the child's home,)~~ A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency ~~(charged with his or her care shall provide the court with)~~ supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the supervising agency's proposed permanency plan must be provided to the supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will

take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

~~((2))~~ (3) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

~~((3))~~ (5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 9. RCW 13.34.138 and 2005 c 512 s 3 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first ~~(-at a)~~. The purpose of the hearing ~~((in which it))~~ shall be ~~((determined))~~ to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145 ~~((3))~~ (1)(a) or 13.34.134. ~~((The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.))~~

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) ~~((Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered))~~ Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

~~(vi) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;~~

~~((iii)) (vii) Whether ((the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and)) preference has been given to placement with the child's relatives;~~

~~((iii)) Whether there is a continuing need for placement and whether the placement is appropriate;~~

~~(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;~~

~~(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;~~

~~((vi)) (viii) Whether both in-state and, where appropriate, out-of-state placements have been considered;~~

~~(ix) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;~~

~~((vii)) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and~~

~~((iii)) (x) Whether terms of visitation need to be modified;~~

~~(xi) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;~~

~~(xii) Whether any additional court orders need to be made to move the case toward permanency; and~~

~~(xiii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.~~

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

~~((2))~~ (3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

~~((3))~~ (4) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

~~(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.~~

~~(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.~~

~~(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.~~

~~(d) For purposes related to permanency planning:~~

~~(iii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.~~

~~(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.~~

~~(3)) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.~~

~~(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.~~

~~((4)) (b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in ((subsection (3) of)) this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.~~

~~((5)) (c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. ~~(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.~~

~~((6)) (3) At the permanency planning hearing, the court shall ((enter findings as required by RCW 13.34.138 and shall review the permanency plan prepared by the agency)) conduct the following inquiry:~~

~~(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.~~

~~(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:~~

~~(i) The continuing necessity for, and the safety and appropriateness of, the placement;~~

~~(ii) The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any;~~

~~(iii) The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;~~

~~(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;~~

The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.~~

PERSONAL PRIVILEGE

Senator Franklin: "Thank you Mr. President. Ladies and gentlemen of the Senate, each session about this time I take the opportunity to have a moment of reflection about what has taken place during the session, why we are here and the opportunity to be a public servant, to serve those who elected and sent me to represent them, as well as the people of the State of Washington and to have the honor to be able to work with colleagues. Mr. President, ladies and gentlemen of the Senate, it is indeed an honor and a privilege and to serve in public service, is a great thing to do. During this past year as all of my colleagues and everyone know, I reached that August number to join my colleague across the aisle, to be an octogenarian. Now there are two of us, he's not alone and each one of you had a part in that. I would say that we are family in Olympia and I appreciate that and all who contributed to that. And too, if you'll allow me, Mr. President, as a high school student and one who pushes for education and for learning and to look at really what we are all about and what takes place as we move and have a journey through life. There is a great speech. One that for all time, that we learned as students in my school, in the south and, of course, we were great historians. If you'll allow me, Mr. President, I would like to read it because it is one that, as I for a short time this morning had the opportunity just to watch the debate of what was taking place in our national capitol in regards to the vote for Washington D.C. citizens who have been trying for many years to have representation in the Congress and that debate is on. But, this is the Gettysburg Address and it's one of those great speeches of all times much as the one that MLK, Dr. King, did in Washington D.C. I think it is something that is for all times and it says:

"Four score and seven years ago our fathers brought forth, upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met here on a great battlefield of that war. we have come to dedicate a portion of it as a final resting place for those who here gave their lives that this nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we can not dedicate we can not consecrate...we can not hallow this ground. The brave men,

living and dead, who struggled here, have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to unfinished work which they who fought here have thus far so nobly advanced on. It is rather for us to be here dedicated to the great task remaining before us – that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that this government of the people, by the people, for the people, shall not perish from the earth."

The Gettysburg Address. Each time you go to Arlington and see those crosses and as we look around the chambers and we see the flags here and when you visit those cemeteries on foreign lands and even here at home, you know what has taken place. What is taken place now much as I would say in the Gettysburg Address, we then what has happened will not let our present troops, we will not let our present men and women who are serving gallantly, who then, who we owe much to, that we can we, in these chambers, this afternoon to pass bills, to work on policy that their work will not be in vain. So, again my colleagues, ladies and gentlemen of the Senate, Mr. President, this is indeed a proud moment to be a public servant, to be an octogenarian and to then also continue and I look forward to continue working to perhaps when I'm ninety. Thank you."

MESSAGE FROM THE HOUSE

April 18, 2007

MR. PRESIDENT:

Under suspension of rules SECOND SUBSTITUTE SENATE BILL NO. 5470 was returned to second reading for purpose of an amendment: 5470-S2 AMH LANT TANG 065, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"PART I - Intent

Sec. 101. RCW 26.09.002 and 1987 c 460 s 2 are each amended to read as follows:

Parents have the responsibility to make decisions and perform other parental functions necessary for the care and growth of their minor children. In any proceeding between parents under this chapter, the best interests of the child shall be the standard by which the court determines and allocates the parties' parental responsibilities. The state recognizes the fundamental importance of the parent-child relationship to the welfare of the child, and that the relationship between the child and each parent should be fostered unless inconsistent with the child's best interests. Residential time and financial support are equally important components of parenting arrangements. The best interests of the child are served by a parenting arrangement that best maintains a child's emotional growth, health and stability, and physical care. Further, the best interest of the child is ordinarily served when the existing pattern of interaction between a parent and child is altered only to the extent necessitated by the changed relationship of the parents or as required to protect the child from physical, mental, or emotional harm.

NEW SECTION. Sec. 102. A new section is added to chapter 26.09 RCW to read as follows:

The legislature reaffirms the intent of the current law as expressed in RCW 26.09.002. However, after review, the legislature finds that there are certain components of the existing law which do not support the original legislative intent. In order to better implement the existing legislative intent the legislature finds that incentives for parties to reduce family conflict and additional alternative dispute resolution options can assist in reducing the number of contested trials. Furthermore, the legislature finds that the identification of domestic violence as defined in RCW 26.50.010 and the treatment needs of the parties to dissolutions are necessary to improve outcomes for children. When judicial officers have the discretion to tailor individualized resolutions, the legislative intent expressed in RCW 26.09.002 can more readily be achieved. Judicial officers should have the discretion and flexibility to assess each case based on the merits of the individual cases before them.

PART II - Family Court Provisions

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(c) If a parent has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 RCW or under an

2007 REGULAR SESSION

analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent's child except contact that occurs outside that person's presence.

(d) There is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(ii) RCW 9A.44.073;

(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;

(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;

(v) RCW 9A.44.083;

(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;

(vii) RCW 9A.44.100;

(viii) Any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(e) There is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises residential time in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent's child except for contact that occurs outside of the convicted or adjudicated person's presence:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(ii) RCW 9A.44.073;

(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;

(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;

(v) RCW 9A.44.083;

(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;

(vii) RCW 9A.44.100;

(viii) Any predecessor or antecedent statute for the offenses listed in (e)(i) through (vii) of this subsection;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (e)(i) through (vii) of this subsection.

(f) The presumption established in (d) of this subsection may be rebutted only after a written finding that:

(i) If the child was not the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (B) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest, and (C) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(g) The presumption established in (e) of this subsection may be rebutted only after a written finding that:

(i) If the child was not the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child's best interest, and (C) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(h) If the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have residential time with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(i) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(j) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(k) A court shall not order unsupervised contact between the offending parent and a child of the offending parent who was

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

sexually abused by that parent. A court may order unsupervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised residential time has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of residential time between the parent and the child, and after consideration of evidence of the offending parent's compliance with community supervision requirements, if any. If the offending parent was not ordered by a court to participate in treatment for sex offenders, then the parent shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the offender has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child.

(l) A court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised residential time has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of residential time between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the adjudicated juvenile's compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(m)(i) The limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting residential time. The limitations shall also be reasonably calculated to provide for the safety of the parent who may be at risk of physical, sexual, or emotional abuse or harm that could result if the parent has contact with the parent requesting residential time. The limitations the court may impose include, but are not limited to: Supervised contact between the child and the parent or completion of relevant counseling or treatment. If the court expressly finds based on the evidence that limitations on the residential time with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting residential time, the court shall restrain the parent requesting residential time from all contact with the child.

(ii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a

dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender's presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) If the court limits residential time under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(n) If the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's or other person's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection, or if the court expressly finds that the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) A parent's involvement or conduct may have an adverse effect on the child's best interests, and the court may preclude or limit any provisions of the parenting plan, if any of the following factors exist:

(a) A parent's neglect or substantial nonperformance of parenting functions;

(b) A long-term emotional or physical impairment which interferes with the parent's performance of parenting functions as defined in RCW 26.09.004;

(c) A long-term impairment resulting from drug, alcohol, or other substance abuse that interferes with the performance of parenting functions;

(d) The absence or substantial impairment of emotional ties between the parent and the child;

(e) The abusive use of conflict by the parent which creates the danger of serious damage to the child's psychological development;

(f) A parent has withheld from the other parent access to the child for a protracted period without good cause; or

(g) Such other factors or conduct as the court expressly finds adverse to the best interests of the child.

(4) In cases involving allegations of limiting factors under subsection (2)(a)(ii) and (iii) of this section, both parties shall be screened to determine the appropriateness of a comprehensive assessment regarding the impact of the limiting factor on the child and the parties.

(5) In entering a permanent parenting plan, the court shall not draw any presumptions from the provisions of the temporary parenting plan.

~~((5))~~ (6) In determining whether any of the conduct described in this section has occurred, the court shall apply the civil rules of evidence, proof, and procedure.

~~((6))~~ (7) For the purposes of this section, a parent's child means that parent's natural child, adopted child, or stepchild.

NEW SECTION. Sec. 304. A new section is added to chapter 26.09 RCW to read as follows:

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

Before entering a permanent parenting plan, the court shall determine the existence of any information and proceedings relevant to the placement of the child that are available in the judicial information system and databases.

Sec. 305. RCW 26.12.177 and 2005 c 282 s 30 are each amended to read as follows:

(1) All guardians ad litem and investigators appointed under this title must comply with the training requirements established under RCW 2.56.030(15), prior to their appointment in cases under Title 26 RCW, except that volunteer guardians ad litem or court-appointed special advocates may comply with alternative training requirements approved by the administrative office of the courts that meet or exceed the statewide requirements. In cases involving allegations of limiting factors under RCW 26.09.191, the guardians ad litem and investigators appointed under this title must have additional relevant training under RCW 2.56.030(15) and as recommended under section 306 of this act, when it is available.

(2)(a) Each guardian ad litem program for compensated guardians ad litem shall establish a rotational registry system for the appointment of guardians ad litem and investigators under this title. If a judicial district does not have a program the court shall establish the rotational registry system. Guardians ad litem and investigators under this title shall be selected from the registry except in exceptional circumstances as determined and documented by the court. The parties may make a joint recommendation for the appointment of a guardian ad litem from the registry.

(b) In judicial districts with a population over one hundred thousand, a list of three names shall be selected from the registry and given to the parties along with the background information as specified in RCW 26.12.175(3), including their hourly rate for services. Each party may, within three judicial days, strike one name from the list. If more than one name remains on the list, the court shall make the appointment from the names on the list. In the event all three names are stricken the person whose name appears next on the registry shall be appointed.

(c) If a party reasonably believes that the appointed guardian ad litem lacks the necessary expertise for the proceeding, charges an hourly rate higher than what is reasonable for the particular proceeding, or has a conflict of interest, the party may, within three judicial days from the appointment, move for substitution of the appointed guardian ad litem by filing a motion with the court.

(d) Under this section, within either registry referred to in (a) of this subsection, a subregistry may be created that consists of guardians ad litem under contract with the department of social and health services' division of child support. Guardians ad litem on such a subregistry shall be selected and appointed in state-initiated paternity cases only.

(e) The superior court shall remove any person from the guardian ad litem registry who misrepresents his or her qualifications pursuant to a grievance procedure established by the court.

(3) The rotational registry system shall not apply to court-appointed special advocate programs.

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(2) Parties and witnesses who require literacy assistance shall be referred to the multipurpose service centers established in chapter 28B.04 RCW.

(3) In matters involving guardian ad litem, the court shall specify the hourly rate the guardian ad litem may charge for his or her services, and shall specify the maximum amount the guardian ad litem may charge without additional review. Counties may, and to the extent state funding is provided therefor counties shall, provide indigent parties with guardian ad litem services at a reduced or waived fee.

(4) Parties may request to participate by telephone or interactive videoconference. The court may allow telephonic or interactive videoconference participation of one or more parties at any proceeding in its discretion. The court may also allow telephonic or interactive videoconference participation of witnesses.

(5) In cases involving domestic violence or child abuse, if residential time is ordered, the court may:

(a) Order exchange of a child to occur in a protected setting;

(b) Order residential time supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the supervisor is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor if the court determines, after a hearing, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child. If the court allows a family or household member to supervise residential time, the court shall establish conditions to be followed during residential time.

(6) In cases in which the court finds that the parties do not have a satisfactory history of cooperation or there is a high level of parental conflict, the court may order the parties to use supervised visitation and safe exchange centers or alternative safe locations to facilitate the exercise of residential time.

PART V - Mediation

Sec. 501. RCW 26.09.015 and 2005 c 172 s 17 are each amended to read as follows:

(1) In any proceeding under this chapter, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child's close and continuing contact with both parents after the marriage is dissolved. The mediator shall use his or her best efforts to effect a settlement of the dispute.

(2)(a) Each superior court may make available a mediator. The court shall use the most cost-effective mediation services that are readily available unless there is good cause to access alternative providers. The mediator may be a member of the professional staff of a family court or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court is not required to institute a family court.

(b) In any proceeding involving issues relating to residential time or other matters governed by a parenting plan, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. Counties may, and to the extent state funding is provided therefor counties shall, provide both predecree and postdecree mediation at reduced or waived fee to the parties within one year of the filing of the dissolution petition.

(3)(a) Mediation proceedings under this chapter shall be governed in all respects by chapter 7.07 RCW, except as follows:

(i) Mediation communications in postdecree mediations mandated by a parenting plan are admissible in subsequent proceedings for the limited purpose of proving:

(A) Abuse, neglect, abandonment, exploitation, or unlawful harassment as defined in RCW 9A.46.020(1), of a child;

(B) Abuse or unlawful harassment as defined in RCW 9A.46.020(1), of a family or household member as defined in RCW 26.50.010(2); or

(C) That a parent used or frustrated the dispute resolution process without good reason for purposes of RCW 26.09.184(3)(d).

(ii) If a postdecree mediation-arbitration proceeding is required pursuant to a parenting plan and the same person acts as both mediator and arbitrator, mediation communications in the mediation phase of such a proceeding may be admitted during the arbitration phase, and shall be admissible in the judicial review of such a proceeding under RCW 26.09.184(3)(e) to the extent necessary for such review to be effective.

(b) None of the exceptions under (a)(i) and (ii) of this subsection shall subject a mediator to compulsory process to testify except by court order for good cause shown, taking into consideration the need for the mediator's testimony and the interest in the mediator maintaining an appearance of impartiality. If a mediation communication is not privileged under (a)(i) of this subsection or that portion of (a)(ii) of this subsection pertaining to judicial review, only the portion of the communication necessary for the application of the exception may be admitted, and such admission of evidence shall not render any other mediation communication discoverable or admissible except as may be provided in chapter 7.07 RCW.

(4) The mediator shall assess the needs and interests of the child or children involved in the controversy and may interview the child or children if the mediator deems such interview appropriate or necessary.

(5) Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

PART VI - Residential Time

Sec. 601. RCW 26.09.184 and 1991 c 367 s 7 are each amended to read as follows:

(1) OBJECTIVES. The objectives of the permanent parenting plan are to:

(a) Provide for the child's physical care;

(b) Maintain the child's emotional stability;

(c) Provide for the child's changing needs as the child grows and matures, in a way that minimizes the need for future modifications to the permanent parenting plan;

(d) Set forth the authority and responsibilities of each parent with respect to the child, consistent with the criteria in RCW 26.09.187 and 26.09.191;

(e) Minimize the child's exposure to harmful parental conflict;

(f) Encourage the parents, where appropriate under RCW 26.09.187 and 26.09.191, to meet their responsibilities to their minor children through agreements in the permanent parenting plan, rather than by relying on judicial intervention; and

(g) To otherwise protect the best interests of the child consistent with RCW 26.09.002.

(2) CONTENTS OF THE PERMANENT PARENTING PLAN. The permanent parenting plan shall contain provisions for resolution of future disputes between the parents, allocation of decision-making authority, and residential provisions for the child.

(3) CONSIDERATION IN ESTABLISHING THE PERMANENT PARENTING PLAN. In establishing a permanent parenting plan, the court may consider the cultural heritage and religious beliefs of a child.

(4) DISPUTE RESOLUTION. A process for resolving disputes, other than court action, shall be provided unless precluded or limited by RCW 26.09.187 or 26.09.191. A dispute resolution process may include counseling, mediation, or arbitration by a specified individual or agency, or court action. In the dispute resolution process:

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(a) Preference shall be given to carrying out the parenting plan;

(b) The parents shall use the designated process to resolve disputes relating to implementation of the plan, except those related to financial support, unless an emergency exists;

(c) A written record shall be prepared of any agreement reached in counseling or mediation and of each arbitration award and shall be provided to each party;

(d) If the court finds that a parent has used or frustrated the dispute resolution process without good reason, the court shall award attorneys' fees and financial sanctions to the prevailing parent;

(e) The parties have the right of review from the dispute resolution process to the superior court; and

(f) The provisions of (a) through (e) of this subsection shall be set forth in the decree.

~~((4))~~ (5) ALLOCATION OF DECISION-MAKING AUTHORITY.

(a) The plan shall allocate decision-making authority to one or both parties regarding the children's education, health care, and religious upbringing. The parties may incorporate an agreement related to the care and growth of the child in these specified areas, or in other areas, into their plan, consistent with the criteria in RCW 26.09.187 and 26.09.191. Regardless of the allocation of decision-making in the parenting plan, either parent may make emergency decisions affecting the health or safety of the child.

(b) Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent.

(c) When mutual decision making is designated but cannot be achieved, the parties shall make a good-faith effort to resolve the issue through the dispute resolution process.

~~((5))~~ (6) RESIDENTIAL PROVISIONS FOR THE CHILD. The plan shall include a residential schedule which designates in which parent's home each minor child shall reside on given days of the year, including provision for holidays, birthdays of family members, vacations, and other special occasions, consistent with the criteria in RCW 26.09.187 and 26.09.191.

~~((6))~~ (7) PARENTS' OBLIGATION UNAFFECTED. If a parent fails to comply with a provision of a parenting plan or a child support order, the other parent's obligations under the parenting plan or the child support order are not affected. Failure to comply with a provision in a parenting plan or a child support order may result in a finding of contempt of court, under RCW 26.09.160.

~~((7))~~ (8) PROVISIONS TO BE SET FORTH IN PERMANENT PARENTING PLAN. The permanent parenting plan shall set forth the provisions of subsections ~~((3))~~ (4)(a) through (c), ~~((4))~~ (5)(b) and (c), and ~~((6))~~ (7) of this section.

Sec. 602. RCW 26.09.015 and 2005 c 172 s 17 are each amended to read as follows:

(1) In any proceeding under this chapter, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child's close and continuing contact with both parents after the marriage is dissolved. The mediator shall use his or her best efforts to effect a settlement of the dispute.

(2) Each superior court may make available a mediator. The mediator may be a member of the professional staff of a family court or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court is not required to institute a family court.

(3)(a) Mediation proceedings under this chapter shall be governed in all respects by chapter 7.07 RCW, except as follows:

(i) Mediation communications in postdecree mediations mandated by a parenting plan are admissible in subsequent proceedings for the limited purpose of proving:

(A) Abuse, neglect, abandonment, exploitation, or unlawful harassment as defined in RCW 9A.46.020(1), of a child;

(B) Abuse or unlawful harassment as defined in RCW 9A.46.020(1), of a family or household member as defined in RCW 26.50.010(2); or

(C) That a parent used or frustrated the dispute resolution process without good reason for purposes of RCW 26.09.184~~((3))~~ (4)(d).

(ii) If a postdecree mediation-arbitration proceeding is required pursuant to a parenting plan and the same person acts as both mediator and arbitrator, mediation communications in the mediation phase of such a proceeding may be admitted during the arbitration phase, and shall be admissible in the judicial review of such a proceeding under RCW 26.09.184~~((3))~~ (4)(e) to the extent necessary for such review to be effective.

(b) None of the exceptions under (a)(i) and (ii) of this subsection shall subject a mediator to compulsory process to testify except by court order for good cause shown, taking into consideration the need for the mediator's testimony and the interest in the mediator maintaining an appearance of impartiality. If a mediation communication is not privileged under (a)(i) of this subsection or that portion of (a)(ii) of this subsection pertaining to judicial review, only the portion of the communication necessary for the application of the exception may be admitted, and such admission of evidence shall not render any other mediation communication discoverable or admissible except as may be provided in chapter 7.07 RCW.

(4) The mediator shall assess the needs and interests of the child or children involved in the controversy and may interview the child or children if the mediator deems such interview appropriate or necessary.

(5) Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

Sec. 603. RCW 26.09.187 and 1989 c 375 s 10 are each amended to read as follows:

(1) DISPUTE RESOLUTION PROCESS. The court shall not order a dispute resolution process, except court action, when it finds that any limiting factor under RCW 26.09.191 applies, or when it finds that either parent is unable to afford the cost of the proposed dispute resolution process. If a dispute resolution process is not precluded or limited, then in designating such a process the court shall consider all relevant factors, including:

(a) Differences between the parents that would substantially inhibit their effective participation in any designated process;

(b) The parents' wishes or agreements and, if the parents have entered into agreements, whether the agreements were made knowingly and voluntarily; and

(c) Differences in the parents' financial circumstances that may affect their ability to participate fully in a given dispute resolution process.

(2) ALLOCATION OF DECISION-MAKING AUTHORITY.

(a) AGREEMENTS BETWEEN THE PARTIES. The court shall approve agreements of the parties allocating decision-making authority, or specifying rules in the areas listed in RCW 26.09.184~~((4))~~ (5)(a), when it finds that:

(i) The agreement is consistent with any limitations on a parent's decision-making authority mandated by RCW 26.09.191; and

(ii) The agreement is knowing and voluntary.

(b) SOLE DECISION-MAKING AUTHORITY. The court shall order sole decision-making to one parent when it finds that:

(i) A limitation on the other parent's decision-making authority is mandated by RCW 26.09.191;

(ii) Both parents are opposed to mutual decision making;

(iii) One parent is opposed to mutual decision making, and such opposition is reasonable based on the criteria in (c) of this subsection;

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(c) **MUTUAL DECISION-MAKING AUTHORITY.** Except as provided in (a) and (b) of this subsection, the court shall consider the following criteria in allocating decision-making authority:

- (i) The existence of a limitation under RCW 26.09.191;
- (ii) The history of participation of each parent in decision making in each of the areas in RCW 26.09.184(~~((4))~~) (5)(a);
- (iii) Whether the parents have a demonstrated ability and desire to cooperate with one another in decision making in each of the areas in RCW 26.09.184(~~((4))~~) (5)(a); and
- (iv) The parents' geographic proximity to one another, to the extent that it affects their ability to make timely mutual decisions.

(3) **RESIDENTIAL PROVISIONS.**

(a) The court shall make residential provisions for each child which encourage each parent to maintain a loving, stable, and nurturing relationship with the child, consistent with the child's developmental level and the family's social and economic circumstances. The child's residential schedule shall be consistent with RCW 26.09.191. Where the limitations of RCW 26.09.191 are not dispositive of the child's residential schedule, the court shall consider the following factors:

- (i) The relative strength, nature, and stability of the child's relationship with each parent(~~(including whether a parent has taken greater responsibility for performing parenting functions relating to the daily needs of the child)~~);
- (ii) The agreements of the parties, provided they were entered into knowingly and voluntarily;
- (iii) Each parent's past and potential for future performance of parenting functions as defined in RCW 26.09.004(3), including whether a parent has taken greater responsibility for performing parenting functions relating to the daily needs of the child;
- (iv) The emotional needs and developmental level of the child;
- (v) The child's relationship with siblings and with other significant adults, as well as the child's involvement with his or her physical surroundings, school, or other significant activities;
- (vi) The wishes of the parents and the wishes of a child who is sufficiently mature to express reasoned and independent preferences as to his or her residential schedule; and
- (vii) Each parent's employment schedule, and shall make accommodations consistent with those schedules.

Factor (i) shall be given the greatest weight.

(b) Where the limitations of RCW 26.09.191 are not dispositive, the court may order that a child frequently alternate his or her residence between the households of the parents for brief and substantially equal intervals of time ((only if the court finds the following:

- ~~— (i) No limitation exists under RCW 26.09.191;~~
- ~~— (ii)(A) The parties have agreed to such provisions and the agreement was knowingly and voluntarily entered into; or~~
- ~~— (B) The parties have a satisfactory history of cooperation and shared performance of parenting functions; the parties are available to each other, especially in geographic proximity, to the extent necessary to ensure their ability to share performance of the parenting functions; and~~
- ~~— (iii) The provisions are in the best interests of the child)) if such provision is in the best interests of the child. In determining whether such an arrangement is in the best interests of the child, the court may consider the parties geographic proximity to the extent necessary to ensure the ability to share performance of the parenting functions.~~

(c) For any child, residential provisions may contain any reasonable terms or conditions that facilitate the orderly and meaningful exercise of residential time by a parent, including but not limited to requirements of reasonable notice when residential time will not occur.

Sec. 604. RCW 26.09.197 and 1987 c 460 s 14 are each amended to read as follows:

After considering the affidavit required by RCW 26.09.194(1) and other relevant evidence presented, the court shall make a temporary parenting plan that is in the best interest

of the child. In making this determination, the court shall give particular consideration to:

(1) ~~((Which parent has taken greater responsibility during the last twelve months for performing parenting functions relating to the daily needs of the child)) The relative strength, nature, and stability of the child's relationship with each parent; and~~

(2) Which parenting arrangements will cause the least disruption to the child's emotional stability while the action is pending.

The court shall also consider the factors used to determine residential provisions in the permanent parenting plan.

MESSAGE FROM THE HOUSE

April 18, 2007

MR. PRESIDENT:

Under suspension of rules SECOND SUBSTITUTE SENATE BILL NO. 5790 was returned to second reading for purpose of an amendment: 5790-S2 AMH QUAL H3582.1, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that student access to programs offered at skill centers can help prepare them for careers, apprenticeships, and postsecondary education. The legislature further finds that current limits on how school districts and skill centers report full-time equivalent students and the time students are served provide a disincentive for school districts to send their students to skill centers. The legislature further finds that there are barriers to providing access to students in rural and remote areas but that there are opportunities to do so with satellite and branch campus programs, distance and online learning programs, and collaboration with higher education, business, and labor. The legislature further finds that skill centers provide opportunities for dropout prevention and retrieval programs by offering programs that accommodate students' work schedules and provide credit retrieval opportunities. The legislature further finds that implementing the recommendations from the study by the workforce training and education coordinating board will enhance skill center programs and student access to those programs.

NEW SECTION. Sec. 2. A skill center is a regional career and technical education partnership established to provide access to comprehensive industry-defined career and technical programs of study that prepare students for careers, employment, apprenticeships, and postsecondary education. A skill center is operated by a host school district and governed by an administrative council in accordance with a cooperative agreement.

NEW SECTION. Sec. 3. Beginning in the 2007-08 school year and thereafter, students attending skill centers shall be funded for all classes at the skill center and the sending districts, up to one and six-tenths full-time equivalents or as determined in the omnibus appropriations act. The office of the superintendent of public instruction shall develop procedures to ensure that the school district and the skill center report no student for more than one and six-tenths full-time equivalent students combining both their high school enrollment and skill center enrollment. Additionally, the office of the superintendent of public instruction shall develop procedures for determining the appropriate share of the full-time equivalent enrollment count between the resident high school and skill center.

NEW SECTION. Sec. 4. (1) The office of the superintendent of public instruction shall review and revise the guidelines for skill centers to encourage skill center programs. The superintendent, in cooperation with the workforce training and education coordinating board, skill center directors, and the Washington association for career and technical education, shall review and revise the existing skill centers' policy guidelines and create and adopt rules governing skill centers as follows:

(a) The threshold enrollment at a skill center shall be revised so that a skill center program need not have a minimum of seventy percent of its students enrolled on the skill center core campus in order to facilitate serving rural students through expansion of skill center programs by means of satellite programs or branch campuses;

(b) The developmental planning for branch campuses shall be encouraged. Underserved rural areas or high-density areas may partner with an existing skill center to create satellite programs or a branch campus. Once a branch campus reaches sufficient enrollment to become self-sustaining, it may become a separate skill center or remain an extension of the founding skill center; and

(c) Satellite and branch campus programs shall be encouraged to address high-demand fields.

(2) Rules adopted under this section shall allow for innovative models of satellite and branch campus programs, and such programs shall not be limited to those housed in physical buildings.

(3) The superintendent of public instruction shall develop and deliver a ten-year capital plan for legislative review before implementation.

ONE-HUNDRED SECOND DAY, APRIL 19, 2007

2007 REGULAR SESSION

(4) Subject to available funding, the superintendent shall:

(a) Conduct approved feasibility studies for serving noncooperative rural and high-density area students in their geographic areas; and

(b) Develop a statewide master plan that identifies standards and resources needed to create a technology infrastructure for connecting all skill centers to the K-20 network.

NEW SECTION. Sec. 5. Subject to available funding, skill centers shall provide access to late afternoon and evening sessions and summer school programs, to rural and high-density area students aligned with regionally identified high-demand occupations. When possible, the programs shall be specifically targeted for credit retrieval, dropout prevention and intervention for at-risk students, and retrieval of dropouts. Skill centers that receive funding for these activities must participate in an evaluation that is designed to quantify results and identify best practices, collaborate with local community partners in providing a comprehensive program, and provide matching funds.

NEW SECTION. Sec. 6. (1) The superintendent of public instruction shall establish and support skill centers of excellence in key economic sectors of regional significance. The superintendent shall broker the development of skill centers of excellence and identify their roles in developing curriculum and methodologies for reporting skill center course equivalencies for purposes of high school graduation.

(2) Once the skill centers of excellence are established, the superintendent of public instruction shall develop and seek funding for a running start for career and technical education grant program to develop and implement career and technical programs of study targeted to regionally determined high-demand occupations. Grant recipients should be partnerships of skill centers of excellence, community college centers of excellence, tech-prep programs, industry advisory committees, area workforce development councils, and skill panels in the related industry. Grant recipients should be expected to develop and assist in the replication of model career and technical education programs of study. The career and technical education programs of study developed should be consistent with the expectations in the applicable federal law.

NEW SECTION. Sec. 7. The superintendent of public instruction shall assign at least one full-time equivalent staff position within the office of the superintendent of public instruction to serve as the director of skill centers.

Sec. 8. RCW 84.52.068 and 2005 c 514 s 1104 are each amended to read as follows:

(1) A portion of the proceeds of the state property tax levy shall be deposited into the student achievement fund as provided in this section.

(2)(a) The amount of the deposit shall be based upon the average number of full-time equivalent students in the school districts during the previous school year as reported to the office of the superintendent of public instruction by August 31st of the previous school year.

(b) For the 2004-2005 through 2007-2008 school years, an annual amount equal to two hundred fifty-four dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(c) For the 2008-2009 school year, an annual amount equal to two hundred sixty-five dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(d) For the 2009-2010 school year, an annual amount equal to two hundred seventy-seven dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(e) For the 2010-2011 school year and each year thereafter, an annual amount equal to two hundred seventy-eight dollars per full-time equivalent student in all school districts shall be deposited in the student achievement fund.

(f) The school district annual amounts shall be deposited based on the monthly apportionment schedule as defined in RCW 28A.510.250. The office of the superintendent of public

instruction shall notify the department of the monthly amounts to be deposited into the student achievement fund to meet the apportionment schedule. The superintendent of public instruction shall ensure that moneys generated by skill center students is returned to skill centers.

NEW SECTION. Sec. 9. Sections 2 through 7 of this act constitute a new chapter in Title 28A RCW." and the same are herewith transmitted.

PERSONAL PRIVILEGE

Senator Regala: "Thank you Mr. President. Well, today all of our desks are adorned with an American Flag and you might notice that mine's at half staff. Several people have asked me why that is and so I wanted to explain. Mr. President, when I was born our nation and indeed the entire world was at war. Everyone was aware of that war and the sacrifices that would be required. Most had a family member serving in one of the two fronts and almost every family was faced with rationing's, I don't know how many here remember food stamps. I actually, were stamps, I actually have some that I've saved, and having to make the adjustments that their lives would have to be changed through this war. During the Vietnam war far fewer people experienced the sacrifices that are required. Although all had an opinion about that war, most were personally detached from the pain. As a young wife, with a husband on the front lines my baby daughter and I and other members of our family did experience first hand the agony and the uncertainty of having someone at war. Now we are engaged in another war and the debate about it is fierce, Yet, far fewer people are experiencing the personal toll of being at war means and so my flag is at half staff to honor those who will never come home. Those who will come back maimed or injured, either physically or mentally, those whose lives will never be the same. I also have my flag at half staff, Mr. President, in honor of those Iraqis who have died, whose families have been torn apart, whose country is in turmoil and for both of our countries and for the region which face an uncertain future due to the physical cost of war, the devastation of war and the instability that has been created in so many lives. I also rise Mr. President to ask for a moment of silent reflection about the toll that war takes on both our present and our future

(iii) A farmer as defined in RCW 82.04.213, who does not meet the definition of "eligible farmer" in (b)(i) or (ii) of this subsection, and who did not engage in farming for the entire ((calendar)) tax year immediately preceding the year in which application for exemption under this section is ((made and who did not engage in farming in any other year)) submitted to the department, because the farmer is either new to farming or newly returned to farming; or

(iv) Property with a useful life of less than one year.

((f)) (i) "Replacement parts" means those parts that replace an existing part, or which are essential to maintain the working condition, of a piece of qualifying farm machinery or equipment. ((However, "replacement parts" shall not include paint, fuel, oil, grease, hydraulic fluids, antifreeze, and similar items))

(ii) Paint, fuel, oil, hydraulic fluids, antifreeze, and similar items are not replacement parts except when installed, incorporated, or placed in qualifying farm machinery and equipment during the course of installing replacement parts as defined in (f)(i) of this subsection or making repairs as described in subsection (1)(c) of this section.

(g) "Tax year" means the period for which a person files its federal income tax return, irrespective of whether the period represents a calendar year, fiscal year, or some other consecutive twelve-month period. If a person is not required to file a federal income tax return, "tax year" means a calendar year.

(b) If the requirements in (a)(i) and (ii) of this subsection (2) are met, the exemption provided in subsection (1)(b) or (c) of this section applies to the separately itemized charge for labor and services described in subsection (1)(b) or (c) of this section.

(3) The definitions and recordkeeping requirements in RCW 82.08.855, other than the exemption certificate requirement, apply to this section.

(4) If a person is an eligible farmer as defined in RCW 82.08.855(4)(b)(iii) who cannot prove income because the person is new to farming or newly returned to farming, the exemption under this section will apply only if one of the conditions in RCW 82.08.855(3)(d)(i)(A) or (B) is met. If the conditions are not met, any taxes for which an exemption under this section was claimed and interest on such taxes must be paid. Amounts due under this subsection shall be in accordance with RCW 82.08.855(3)(d)(ii), except that the due date for payment is January 31st of the year immediately following the first full tax year in which the person engaged in business as a farmer.

(5) Except as provided in subsection (4) of this section, the department shall not assess the tax imposed under this chapter against a person who no longer qualifies as an eligible farmer with respect to the use of any articles or services exempt under subsection (1) of this section, if the person was an eligible farmer when the person first put the articles or services to use in this state."

The methodology shall take into account the

anticipated demand and need for services by school districts in each tier and the size of those school districts. The methodology shall also reflect a higher priority and greater need for support and resources for schools and districts in tier three;

(b) Develop guidelines for educational service districts in administering grants, developing district improvement agreements, and implementing intensive intervention and support services. The guidelines shall not require all educational service districts to follow the same procedures in all circumstances, but shall ensure general equity for school districts across the state in how the districts may access resources under the initiative and the activities and services that are provided by the educational service districts;

(c) Identify the schools and school districts eligible for tier three intensive intervention and support, based on low student performance in mathematics and science. The superintendent shall consider whether the school has the capacity to feasibly integrate additional resources with any existing state or federal improvement funds. To the maximum extent possible, the identification of and the intensive intervention services provided to tier three schools and districts shall align with the accountability plan developed by the state board of education; and

(d) In collaboration with the educational service districts, develop guidelines and a common reporting format for collecting data and information about the activities and outcomes under the initiative and designate one or more common diagnostic assessments for districts to use in reporting and monitoring student achievement.

(2)(a) If funds are appropriated, resources for the mathematics, science, and targeted secondary reading improvement initiative shall be provided through the office of the superintendent of public instruction and educational service districts to schools and school districts based on a tiered support system. The legislature's intent is that resources from the mathematics, science, and targeted secondary reading improvement initiative are provided over a four-year period.

(b) Tier one: Initiative grants. School districts may apply on a competitive basis to their educational service district for grants to support activities to improve mathematics, science, and secondary reading instruction. A district may contract with the educational service district for services, use the grant for district-initiated activities, or both. Tier one districts must demonstrate how district resources and resources from public-private partnerships shall be used to leverage the grant funds. Tier one grant recipients must identify measurable outcomes from the activities supported by the grant and report results in a prescribed format, including student achievement data from designated diagnostic assessments.

(c) Tier two: Improvement agreements. School districts may work with the office of the superintendent of public instruction and educational service districts to plan, develop, and implement a mathematics, science, and targeted secondary reading improvement initiative tailored to the needs of the district. The office of the superintendent of public instruction, the educational service district, and the school district shall develop a joint agreement that identifies the services and support to be provided by the educational service district, the activities to be conducted by the district using improvement agreement funds, and the expected measurable outcomes from the activities. Recipients of funds under a tier two improvement agreement must report results of the activities supported by the agreement in a prescribed format, including student achievement data from designated diagnostic assessments.

(d) Tier three: Intensive intervention and support. School districts and schools with low student performance in mathematics, science, and/or secondary reading as identified by the superintendent of public instruction under subsection (1) of this section are eligible for intensive intervention and support coordinated by the office of the superintendent of public instruction and/or the educational service district. School

2007 REGULAR SESSION

districts or individual schools may receive tier three support. Recipients of funds under tier three support must:

(i) Participate in an audit of the mathematics, science, and secondary reading instructional delivery system, including policies and practices, curriculum alignment, teacher pedagogy and content knowledge, and assessment of overall climate and practice compared to best practices;

(ii) Develop, with assistance from the educational service district, a school or district intervention plan that focuses on areas of highest need and provides intensive professional development in those areas;

(iii) Participate in professional development using the services of a technical assistance team that includes a trained and experienced facilitator and mathematics, science, or reading instructional coaches to provide job-embedded professional development; and

(iv) Identify measurable outcomes from the activities supported by the grant and report results in a prescribed format, including student achievement data from designated diagnostic assessments.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.415 RCW to read as follows:

MATH, SCIENCE, AND TARGETED SECONDARY READING INITIATIVE. (1) Educational service districts shall coordinate with the superintendent of public instruction to develop and maintain the capacity to provide administrative, professional development, technical assistance, and intervention services under the mathematics, science, and targeted secondary reading improvement initiative to support school districts as required under section 5 of this act, including:

(a) Administering, reviewing, and monitoring grants for tier one grant recipients and providing contracted services;

(b) Developing, administering, and monitoring tier two improvement agreements and providing support and services under the terms of the agreements; and

(c) Coordinating and providing the intensive intervention and support for tier three schools and districts, including the instructional audit, intervention plan, and intervention team.

The amount of base year adjustment determined by the department is final.

(32) "State property tax allocation revenue" means those tax revenues derived from the imposition of property taxes levied by the state for the support of common schools under RCW 84.52.065 on the property tax allocation revenue value.

(33) "Real property" has the same meaning as in RCW 84.04.090 and also includes any privately owned improvements located on publicly owned land that are subject to property taxation.

Sec. 6. RCW 39.102.110 and 2006 c 181 s 301 are each amended to read as follows:

(1) A sponsoring local government or participating local government that has received approval by the board to use local infrastructure financing may use annually its local excise tax allocation revenues to finance public improvements in the revenue development area financed in whole or in part by local infrastructure financing. The use of local excise tax allocation revenues dedicated by participating local governments must cease ~~((when such allocation revenues are no longer necessary or obligated to pay bonds issued to finance the public improvements in the revenue development area))~~ on the date specified in the written agreement required in RCW 39.102.080(1), or if no date is specified then the date when the local tax under RCW 82.14.475 expires. Sec. 7. RCW 39.102.120 and 2006 c 181 s 302 are each amended to read as follows:

(1) Commencing in the second calendar year following ~~((the passage of the ordinance creating a revenue development area and authorizing the use of local infrastructure financing))~~ board approval of a revenue development area, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the revenue development area as follows:

(a) Each participating taxing district and the sponsoring local government shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the property tax allocation revenue base value for that local infrastructure financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The sponsoring local government shall receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revenue development area. However, if there is no property tax allocation revenue value, the sponsoring local government shall not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revenue development area for collection that year in proportion to their regular tax levy rates for collection that year. (2) The county assessor shall allocate any increase in the assessed value of real property occurring in the revenue development area to the property tax allocation revenue value and property tax allocation revenue base value as appropriate. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in a revenue development area, and the associated distribution to the sponsoring local government of receipts from regular property taxes that are imposed on the property tax allocation revenue value, must cease when property tax allocation revenues are no longer ~~((necessary or))~~ obligated to pay the costs of the public improvements. Any excess local property tax allocation revenues derived from regular property taxes and earnings on these tax allocation revenues, remaining at the time the allocation of tax receipts terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revenue development area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revenue development area of portions of the local regular property taxes levied by or for each taxing district upon the property tax allocation revenue value within that revenue development area is declared to be a public purpose of and benefit to each such taxing district.

(5) The allocation of local property tax allocation revenues pursuant to this section shall not affect or be deemed to affect the rate of taxes levied by or within any taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

(6) This section does not apply to those revenue development areas that include any part of an increment area created under chapter 39.89 RCW.

(1) A sponsoring local government, and any cosponsoring local government, that has been approved by the board to use local infrastructure financing may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the sponsoring local government or cosponsoring local government. The rate of tax shall not exceed the rate provided in RCW 82.08.020(1), less the aggregate rates of any other local sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes imposed under chapters 82.08 and 82.12 RCW. The rate of tax may be changed only on the first day of a fiscal year as needed. Notice of rate changes must be provided to the department on the first day of March to be effective on July 1st of the next fiscal year.

(2) The tax authorized under subsection (1) of this section shall be credited against the state taxes imposed under chapter 82.08 or 82.12 RCW. The department shall perform the collection of such taxes on behalf of the sponsoring local government or cosponsoring local government at no cost to the sponsoring local government or cosponsoring local government and shall remit the taxes as provided in RCW 82.14.060.

~~(b) ((The requirement to receive local property tax allocation revenues under (a) of this subsection is waived if the revenue development area coincides with or is contained entirely within the boundaries of an increment area adopted by a local government under the authority of chapter 39.89 RCW for the purposes of utilizing community revitalization financing.~~

~~—(c)) The tax imposed under this section shall expire when the bonds issued under the authority of RCW 39.102.150 are retired, but not more than twenty-five years after the tax is first imposed.~~

(4) An ordinance adopted by the legislative authority of a sponsoring local government or cosponsoring local government imposing a tax under this section shall provide that:

(a) The tax shall first be imposed on the first day of a fiscal year;

(b) The cumulative amount of tax received by the sponsoring local government, and any cosponsoring local government, in any fiscal year shall not exceed the amount of the state contribution;

(c) The tax shall cease to be distributed for the remainder of any fiscal year in which either:

(i) The amount of tax received by the sponsoring local government, and any cosponsoring local government, equals the amount of the state contribution;

(ii) The amount of revenue from taxes imposed under this section by all sponsoring and cosponsoring local governments equals the annual state contribution limit; or

(iii) The amount of tax received by the sponsoring local government equals the amount of project award granted in the approval notice described in RCW 39.102.040;

~~(d) ((Except when the requirement to receive local property tax allocation revenues is waived as provided in subsection (3)(b) of this section;)) Neither the local excise tax allocation revenues nor the local property tax allocation revenues ((and be)) may constitute more than eighty percent of the total local funds as described in RCW 39.102.020(29)(c). This requirement applies beginning January 1st of the fifth calendar year after the calendar year in which the sponsoring local government begins allocating local excise tax allocation revenues under RCW 39.102.110;~~

(5) If a county and city cosponsor a revenue development area, the combined rates of the city and county tax shall not exceed the rate provided in RCW 82.08.020(1), less the aggregate rates of any other local sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes imposed under chapters 82.08 and 82.12 RCW. The combined amount of distributions received by both the city and county may not exceed the state contribution.

(6) The department shall determine the amount of tax receipts distributed to each sponsoring local government, and any cosponsoring local government, imposing sales and use tax under this section and shall advise a sponsoring or cosponsoring local government when tax distributions for the fiscal year equal the amount of state contribution for that fiscal year as provided in subsection (8) of this section. Determinations by the department of the amount of tax distributions attributable to each sponsoring or cosponsoring local government are final and shall not be used to challenge the validity of any tax imposed

under this section. The department shall remit any tax receipts in excess of the amounts specified in subsection (4)(c) of this section to the state treasurer who shall deposit the money in the general fund.

(7) If a sponsoring or cosponsoring local government fails to comply with RCW 39.102.140, no tax may be distributed in the subsequent fiscal year until such time as the sponsoring or cosponsoring local government complies and the department calculates the state contribution amount for such fiscal year.

(8) Each year, the amount of taxes approved by the department for distribution to a sponsoring or cosponsoring local government in the next fiscal year shall be equal to the state contribution and shall be no more than the total local funds as described in RCW 39.102.020(29)(c). The department shall consider information from reports described in RCW 39.102.140 when determining the amount of state contributions for each fiscal year. A sponsoring or cosponsoring local government shall not receive, in any fiscal year, more revenues from taxes imposed under the authority of this section than the amount approved annually by the department. The department shall not approve the receipt of more distributions of sales and use tax under this section to a sponsoring or cosponsoring local government than is authorized under subsection (4) of this section.

~~(9) The amount of tax distributions received from taxes imposed under the authority of this section by all sponsoring and cosponsoring local governments is limited annually to not more than ((five)) seven million five hundred thousand dollars. ((The tax distributions shall be available to the sponsoring local government, and any cosponsoring local government, imposing a tax under this section only as long as the sponsoring local government has outstanding indebtedness under RCW 39.102.150.))~~

(10) The definitions in RCW 39.102.020 apply to this section unless the context clearly requires otherwise.

(11) If a sponsoring local government is a federally recognized Indian tribe, the distribution of the sales and use tax authorized under this section shall be authorized through an interlocal agreement pursuant to chapter 39.34 RCW.

~~(12) Subject to section 14 of this act, the tax imposed under the authority of this section may be applied either to provide for the payment of debt service on bonds issued under RCW 39.102.150 by the sponsoring local government or to pay public improvement costs on a pay-as-you-go basis, or both.~~

~~(13) The tax imposed under the authority of this section shall cease to be imposed if the sponsoring local government or cosponsoring local government fails to issue bonds under the authority of RCW 39.102.150 by June 30th of the fifth fiscal year in which the local tax authorized under this section is imposed.~~

2007 REGULAR SESSION

incarceration has proven to be expensive to taxpayers. Incarceration is a necessary consequence for some offenders, however, the vast majority of those offenders will eventually return to their communities. Many of these former offenders will not have had the opportunity to address the deficiencies that may have contributed to their criminal behavior. Persons who do not have basic literacy and job skills, or who are ill-equipped to make the behavioral changes necessary to successfully function in the community, have a high risk of reoffense. Recidivism represents serious costs to victims, both financial and nonmonetary in nature, and also burdens state and local governments with those offenders who recycle through the criminal justice system.

The legislature believes that recidivism can be reduced and a substantial cost savings can be realized by utilizing evidence-based, research-based, and promising programs to address offender deficits, developing and better coordinating the reentry efforts of state and local governments and local communities. Research shows that if quality assurances are adhered to, implementing an optimal portfolio of evidence-based programming options for offenders who are willing to take advantage of such programs can have a notable impact on recidivism.

While the legislature recognizes that recidivism cannot be eliminated and that a significant number of offenders are unwilling or unable to work to develop the tools necessary to successfully reintegrate into society, the interests of the public overall are better served by better preparing offenders while incarcerated, and continuing those efforts for those recently released from prison or jail, for successful, productive, and healthy transitions to their communities. Educational, employment, and treatment opportunities should be designed to address individual deficits and ideally give offenders the ability to function in society. In order to foster reintegration, this act recognizes the importance of a strong partnership between the department of corrections, local governments, law enforcement, social service providers, and interested members of communities across our state.

PART I - COMMUNITY TRANSITION COORDINATION NETWORKS

NEW SECTION. Sec. 101. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) A "community transition coordination network" is a system of coordination that facilitates partnerships between supervision and service providers. It is anticipated that an offender who is released to the community will be able to utilize a community transition coordination network to be connected directly to the supervision and/or services needed for successful reentry.

(2) "Evidence-based" means a program or practice that has had multiple-site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective in reducing recidivism for the population.

(3) An "individual reentry plan" means the plan to prepare an offender for release into the community. A reentry plan is developed collaboratively between the supervising authority and the offender and based on an assessment of the offender using a standardized and comprehensive tool to identify the offenders' risks and needs. An individual reentry plan describes actions that should occur to prepare individual offenders for release from jail or prison and specifies the supervision and/or services he or she will experience in the community, taking into account no contact provisions of the judgment and sentence. An individual reentry plan should be updated throughout the period of an offender's incarceration and supervision to be relevant to the offender's current needs and risks.

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

(4) "Local community policing and supervision programs" include probation, work release, jails, and other programs operated by local police, courts, or local correctional agencies.

(5) "Promising practice" means a practice that presents, based on preliminary information, potential for becoming a research-based or consensus-based practice.

(6) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(7) "Supervising authority" means the agency or entity that has the responsibility for supervising an offender.

NEW SECTION. Sec. 102. (1) Each county or group of counties shall conduct an inventory of the services and resources available in the county or group of counties to assist offenders in reentering the community.

(2) In conducting its inventory, the county or group of counties should consult with the following:

(a) The department of corrections, including community corrections officers;

(b) The department of social and health services in applicable program areas;

(c) Representatives from county human services departments and, where applicable, multicounty regional support networks;

(d) Local public health jurisdictions;

(e) City and county law enforcement;

(f) Local probation/supervision programs;

(g) Local community and technical colleges;

(h) The local workforce center operated under the statewide workforce investment system;

(b) An indication of the availability of community representatives or volunteers to assist the offender with his or her transition.

(4) No later than January 1, 2008, each county or group of counties shall present its inventory to the policy advisory committee convened in section 103(8) of this act.

NEW SECTION. Sec. 103. (1) The department of community, trade, and economic development shall establish a community transition coordination network pilot program for the purpose of awarding grants to counties or groups of counties for implementing coordinated reentry efforts for offenders returning to the community. Grant awards are subject to the availability of amounts appropriated for this specific purpose.

(2) By September 1, 2007, the Washington state institute for public policy shall, in consultation with the department of community, trade, and economic development, develop criteria for the counties in conducting its evaluation as directed by subsection (6)(c) of this section.

(3) Effective February 1, 2008, any county or group of counties may apply for participation in the community transition coordination network pilot program by submitting a proposal for a community transition coordination network.

(4) A proposal for a community transition coordination network initiated under this section must be collaborative in nature and must seek locally appropriate evidence-based or

2007 REGULAR SESSION

research-based solutions and promising practices utilizing the participation of public and private entities or programs to support successful, community-based offender reentry.

(5) In developing a proposal for a community transition coordination network, counties or groups of counties and the department of corrections shall collaborate in addressing:

(ii) A proposal for developing and/or maintaining an individual reentry plan for offenders;

(iii) Connecting offenders to services and resources that meet the offender's needs as identified in his or her individual reentry plan including the identification of community representatives or volunteers that may assist the offender with his or her transition; and

(iv) The communication of assessment information, individual reentry plans, and service information between parties involved with offender's reentry;

(b) Mechanisms to provide information to former offenders regarding services available to them in the community regardless of the length of time since the offender's release and regardless of whether the offender was released from prison or jail. Mechanisms shall, at a minimum, provide for:

(i) Maintenance of the information gathered in section 102 of this act regarding services currently existing within the community that are available to offenders; and

(ii) Coordination of access to existing services with community providers and provision of information to offenders regarding how to access the various type of services and resources that are available in the community; and

(c) An evaluation of the county's or group of counties' readiness to implement a community transition coordination network including the social service needs of offenders in general, capacity of local facilities and resources to meet offenders' needs, and the cost to implement and maintain a community transition coordination network for the duration of the pilot project.

(7) The department of community, trade, and economic development shall review county applications for funding through the community transition coordination network pilot program and, no later than April 1, 2008, shall select up to four counties or groups of counties. In selecting pilot counties or regions, the department shall consider the extent to which the proposal:

(a) Addresses the requirements set out in subsection (6) of this section;

(b) Proposes effective partnerships and coordination between local community policing and supervision programs, social service and treatment providers, and the department of corrections' community justice center, if a center is located in the county or region;

The advisory committee shall meet no less than annually to receive status reports on the implementation of community transition coordination networks, review annual reports and the pilot project evaluations submitted pursuant to section 105 of this act, and identify evidence-based, research-based, and promising practices for other counties seeking to establish community transition coordination networks.

(9) Pilot networks established under this section shall extend for a period of four fiscal years, beginning July 1, 2008, and ending June 30, 2012.

(10) This section expires June 30, 2013.

NEW SECTION. Sec. 104. (1) Nothing in section 103 of this act is intended to shift the supervising responsibility or sanctioning authority from one government entity to another or give a community transition coordination network oversight responsibility for those activities or allow imposition of civil liability where none existed previously.

(2) An individual reentry plan may not be used as the basis of liability against local government entities, or its officers or employees.

NEW SECTION. Sec. 105. (1) It is the intent of the legislature to provide funding for this project.

(2) This section expires June 30, 2013.

NEW SECTION. Sec. 107. ~~NEW SECTION. Sec. 109. Sections 101 through 107 of this act constitute a new chapter in Title 72 RCW.~~

PART II - INDIVIDUAL REENTRY PLAN

NEW SECTION. Sec. 201. Individual reentry plans are intended to be a tool for the department of corrections to identify the needs of an offender. Individual reentry plans are meant to assist the department in targeting programming and services to offenders with the greatest need and to the extent that those services are funded and available. The state cannot meet every need that may have contributed to every offender's criminal proclivities. Further, an individual reentry plan, and the programming resulting from that plan, are not a guarantee that an offender will not recidivate. Rather, the legislature intends that by identifying offender needs and offering programs that have been proven to reduce the likelihood of reoffense, the state will benefit by an overall reduction in recidivism.

Sec. 202. RCW 72.09.015 and 2004 c 167 s 6 are each amended to read as follows:

(i) Evaluate the offender's needs and, to the extent possible, connect the offender with existing services and resources that meet those needs; and

(ii) Connect the offender with a community justice center and/or community transition coordination network in the area in which the offender will be residing once released from the correctional system if one exists.

(b) If the department recommends partial confinement in an offender's individual reentry plan, the department shall maximize the period of partial confinement for the offender as allowed pursuant to RCW 9.94A.728 to facilitate the offender's transition to the community.

(7) The department shall establish mechanisms for sharing information from individual reentry plans to those persons involved with the offender's treatment, programming, and reentry, when deemed appropriate. When feasible, this information shall be shared electronically.

(8)(a) In determining the county of discharge for an offender released to community custody or community placement, the department may not approve a residence location that is not in the offender's county of origin unless it is determined by the department that the offender's return to his or her county of origin would be inappropriate considering any court-ordered condition of the offender's sentence, victim safety concerns, negative influences on the offender in the community, or the location of family or other sponsoring persons or organizations that will support the offender.

(b) If the offender is not returned to his or her county of origin, the department shall provide the law and justice council of the county in which the offender is placed with a written explanation.

(c) For purposes of this section, the offender's county of origin means the county of the offender's first felony conviction in Washington.

(9) Nothing in this section creates a vested right in programming, education, or other services.

PART III - PARTIAL CONFINEMENT AND SUPERVISION

NEW SECTION. Sec. 301. (1) The legislature intends that Washington's work release centers be transformed into residential reentry centers with the capacity to provide or connect offenders with the full range of reentry services to achieve measurable outcomes. The Washington state institute for public policy shall conduct a comprehensive analysis and evaluation of residential reentry centers and work release facilities to identify evidence-based, research-based, and promising practices or programs for the state of Washington and the necessary performance measures that show the greatest quality, effectiveness, and efficiency of the program on key outcomes. The research should include an examination of reentry and work release practices in both urban and rural areas and both inside and outside of the state of Washington. The institute should identify what services or combination of services should be provided to participants of residential reentry centers and the length of time services should be provided to optimize the successful transition of an offender back into society.

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

(2) By May 1, 2008, the secretary of the department of corrections, or the secretary's designee, shall convene and chair a work group to review current laws and policy regarding work release.

(3) In addition to the secretary of the department of corrections, the following shall be members of the work group: A representative appointed by the governor, a community corrections officer, a representative of the Washington association of prosecuting attorneys, a representative of the superior court judges association, a member selected by the Washington association of sheriffs and police chiefs, a representative from the Washington state association of counties, a representative from the association of Washington cities, a representative from contract work release facilities in the state, a representative from state-run work release facilities in the state, a representative from a nonprofit organization that works with former offenders who have completed a work release program, a crime victims' advocate, and a representative from the department of community, trade, and economic development. The secretary may designate a person to serve in his or her place. Members of the work group shall serve without compensation.

(4) In conducting its review, the work group must review and make recommendations for changes to corrections law and policies to ensure that:

(a) Work release facilities are transformed into residential reentry centers so that participants are provided with a combination of reentry services that conform to evidence-based, research-based, or promising practices as identified by the institute;

(b) Residential reentry centers lead to meaningful employment for offenders participating in the program;

(c) A plan is identified to ensure that residential reentry centers are distributed throughout the state;

(d) Residential reentry centers are of a size consistent with evidence-based, research-based, or promising practices and appropriate to the community in which they are located;

(e) Communities are given meaningful avenues for ongoing consultation regarding the establishment and operation of residential reentry centers in their area;

(f) Victim and community safety concerns are given priority when determining appropriate placement in residential reentry centers for individual offenders;

(g) Eligibility time to participate in residential reentry centers is sufficient to make it a meaningful experience for offenders; and

(h) Programs have the necessary performance measures needed to effectively monitor the quality, effectiveness, and efficiency of the programs.

(5) To the extent practicable, the institute shall cooperate with the work group.

(6)(a) The institute shall report its results and recommendations to the governor and the legislature no later than November 15, 2007.

(b) The department of corrections shall report the results and recommendations of the work group to the governor and the legislature no later than November 15, 2008.

NEW SECTION. Sec. 302. A new section is added to chapter 72.09 RCW to read as follows:

(1) The department shall continue to establish community justice centers throughout the state for the purpose of providing comprehensive services and monitoring for offenders who are reentering the community.

(2) For the purposes of this chapter, "community justice center" is defined as a nonresidential facility staffed primarily by the department in which recently released offenders may access services necessary to improve their successful reentry into the community. Such services may include but are not limited to, those listed in the individual reentry plan, mental health, chemical dependency, sex offender treatment, anger

management, parenting education, financial literacy, housing assistance, and employment assistance.

(3) At a minimum, the community justice center shall include:

(a) A violator program to allow the department to utilize a range of available sanctions for offenders who violate conditions of their supervision;

(b) An employment opportunity program to assist an offender in finding employment; and

(c) Resources for connecting offenders with services such as treatment, transportation, training, family reunification, and community services.

(4) In addition to any other programs or services offered by a community justice center, the department shall designate a transition coordinator to facilitate connections between the former offender and the community. The department may designate transition coordination services to be provided by a community transition coordination network pursuant to section 103 of this act if one has been established in the community where the community justice center is located and the department has entered into a memorandum of understanding with the county to share resources.

(5) The transition coordinator shall provide information to former offenders regarding services available to them in the community regardless of the length of time since the offender's release from the correctional facility. The transition coordinator shall, at a minimum, be responsible for the following:

(a) Gathering and maintaining information regarding services currently existing within the community that are available to offenders including, but not limited to:

(i) Programs offered through the department of social and health services, the department of health, the department of licensing, housing authorities, local community and technical colleges, other state or federal entities which provide public benefits, and nonprofit entities;

(ii) Services such as housing assistance, employment assistance, education, vocational training, parent education, financial literacy, treatment for substance abuse, mental health, anger management, and any other service or program that will assist the former offender to successfully transition into the community;

(b) Coordinating access to the existing services with the community providers and provide offenders with information regarding how to access the various type of services and resources that are available in the community.

(6)(a) A minimum of six community justice centers shall be operational by December 1, 2009. The six community justice centers include those in operation on the effective date of this section.

(b) By December 1, 2011, the department shall establish a minimum of three additional community justice centers within the state.

(7) In locating new centers, the department shall:

(a) Give priority to the counties with the largest population of offenders who were under the jurisdiction of the department of corrections and that do not already have a community justice center;

(b) Ensure that at least two centers are operational in eastern Washington; and

(c) Comply with section 303 of this act and all applicable zoning laws and regulations.

(8) Before beginning the siting or opening of the new community justice center, the department shall:

(a) Notify the city, if applicable, and the county within which the community justice center is proposed. Such notice shall occur at least sixty days prior to selecting a specific location to provide the services listed in this section;

(b) Consult with the community providers listed in subsection (5) of this section to determine if they have the capacity to provide services to offenders through the community justice center; and

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

(c) Give due consideration to all comments received in response to the notice of the start of site selection and consultation with community providers.

(9) The department shall make efforts to enter into memoranda of understanding or agreements with the local community policing and supervision programs as defined in section 101 of this act in which the community justice center is located to address:

(a) Efficiencies that may be gained by sharing space or resources in the provision of reentry services to offenders, including services provided through a community transition coordination network established pursuant to section 103 of this act if a network has been established in the county;

(b) Mechanisms for communication of information about offenders, including the feasibility of shared access to databases;

(c) Partnerships to establish neighborhood corrections initiatives between the department of corrections and local police to supervise offenders.

(i) A neighborhood corrections initiative includes shared mechanisms to facilitate supervision of offenders which may include activities such as joint emphasis patrols to monitor high-risk offenders, service of bench and secretary warrants and detainers, joint field visits, connecting offenders with services, and, where appropriate, directing offenders into sanction alternatives in lieu of incarceration.

(ii) The agreement must address:

(A) The roles and responsibilities of police officers and corrections staff participating in the partnership; and

(B) The amount of corrections staff and police officer time that will be dedicated to partnership efforts.

NEW SECTION. Sec. 303. A new section is added to chapter 72.09 RCW to read as follows:

(1) No later than July 1, 2007, and every biennium thereafter starting with the biennium beginning July 1, 2009, the department shall prepare a list of counties and rural multicounty geographic areas in which work release facilities, community justice centers and other community-based correctional facilities are anticipated to be sited during the next three fiscal years and transmit the list to the office of financial management and the counties on the list. The list may be updated as needed.

(2) In preparing the list, the department shall make substantial efforts to provide for the equitable distribution of work release, community justice centers, or other community-based correctional facilities among counties. The department shall give great weight to the following factors in determining equitable distribution:

(a) The locations of existing residential facilities owned or operated by, or operated under contract with, the department in each county;

(b) The number and proportion of adult offenders sentenced to the custody or supervision of the department by the courts of the county or rural multicounty geographic area; and

(c) The number of adult registered sex offenders classified as level II or III and adult sex offenders registered per thousand persons residing in the county.

(3) For purposes of this section, "equitable distribution" means siting or locating work release, community justice centers, or other community-based correctional facilities in a manner that reasonably reflects the proportion of offenders sentenced to the custody or supervision of the department by the courts of each county or rural multicounty geographic area designated by the department, and, to the extent practicable, the proportion of offenders residing in particular jurisdictions or communities within such counties or rural multicounty geographic areas. Equitable distribution is a policy goal, not a basis for any legal challenge to the siting, construction, occupancy, or operation of any facility anywhere in the state.

Sec. 304. RCW 9.94A.728 and 2004 c 176 s 6 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall

leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. (a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence. 2007 REGULAR SESSION

(E) Has not committed a new felony after the effective date of this section while under community supervision, community placement, or community custody.

(iii) For purposes of determining an offender's eligibility under this subsection (1)(b), the department shall perform a risk assessment of every offender committed to a correctional facility operated by the department who has no current or prior conviction for a sex offense, a violent offense, a crime against persons as defined in RCW 9.94A.411, a felony that is domestic violence as defined in RCW 10.99.020, a violation of RCW 9A.52.025 (residential burglary), a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine, or a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor). (c) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community placement or community custody terms eligible for release to community custody status in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(d) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody or community placement;

(e) If the department denies transfer to community custody status in lieu of earned early release pursuant to (d) of this subsection, the department may transfer an offender to partial confinement in lieu of earned early release up to three months. The three months in partial confinement is in addition to that

portion of the offender's term of confinement that may be served in partial confinement as provided in this section;

(f) An offender serving a term of confinement imposed under RCW 9.94A.670(4)(a) is not eligible for earned release credits under this section;

(i) The offender has a medical condition that is serious enough to require costly care or treatment;

(ii) The offender poses a low risk to the community because he or she is physically incapacitated due to age or the medical condition; and

(iii) Granting the extraordinary medical placement will result in a cost savings to the state.

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.

(c) The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender's medical equipment or results in the loss of funding for the offender's medical care. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time;

(5) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

(6) No more than the final six months of the ((sentence)) offender's term of confinement may be served in partial confinement designed to aid the offender in finding work and reestablishing himself or herself in the community. This is in addition to that period of earned early release time that may be exchanged for partial confinement pursuant to subsection (2)(e) of this section;

(7) The governor may pardon any offender;

(8) The department may release an offender from confinement any time within ten days before a release date calculated under this section; and

(1) If an offender violates any condition or requirement of community custody, the department may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection ((2)) (3) of this section.

(2) If an offender has not completed his or her maximum term of total confinement and is subject to a third violation hearing for any violation of community custody and is found to have committed the violation, the department shall return the

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

offender to total confinement in a state correctional facility to serve up to the remaining portion of his or her sentence, unless it is determined that returning the offender to a state correctional facility would substantially interfere with the offender's ability to maintain necessary community supports or to participate in necessary treatment or programming and would substantially increase the offender's likelihood of reoffending.

(3)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.670 who violates any condition of community custody, the department may impose a sanction of up to sixty days' confinement in a local correctional facility for each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanctions imposed.

(b) For a sex offender sentenced to a term of community custody under RCW 9.94A.710 who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in a local correctional facility for each violation.

(c) For an offender sentenced to a term of community custody under RCW 9.94A.505(2)(b), 9.94A.650, or 9.94A.715, or under RCW 9.94A.545, for a crime committed on or after July 1, 2000, who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(d) For an offender sentenced to a term of community placement under RCW 9.94A.705 who violates any condition of community placement after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

((3)) (4) If an offender has been arrested for a new felony offense while under community supervision, community custody, or community placement, the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier. Nothing in this subsection shall be construed as to permit the department to hold an offender past his or her maximum term of total confinement if the offender has not completed the maximum term of total confinement or to permit the department to hold an offender past the offender's term of community supervision, community custody, or community placement.

(5) The department shall be financially responsible for any portion of the sanctions authorized by this section that are served in a local correctional facility as the result of action by the department.

(6) If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter

34.05 RCW. The department shall develop hearing procedures and a structure of graduated sanctions.

((4)) (7) The hearing procedures required under subsection ((3)) (6) of this section shall be developed by rule and include the following:

(a) Hearing officers shall report through a chain of command separate from that of community corrections officers;

(b) The department shall provide the offender with written notice of the violation, the evidence relied upon, and the reasons the particular sanction was imposed. The notice shall include a statement of the rights specified in this subsection, and the offender's right to file a personal restraint petition under court rules after the final decision of the department;

(c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within fifteen working days, but not less than twenty-four hours, after notice of the violation. For offenders in total confinement, the hearing shall be held within five working days, but not less than twenty-four hours, after notice of the violation;

(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; and (v) question witnesses who appear and testify; and

(e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community.

((5)) (8) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

((6)) (9) The department shall work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. Between January 1, 2006, and December 31, 2006, the department shall endeavor to place at least one hundred low-risk community custody violators on the electronic monitoring program per day if there are at least that many low-risk offenders who qualify for the electronic monitoring program.

((7)) (10) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees shall be immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

PART IV - EDUCATION

NEW SECTION. Sec. 401. Research and practice show that long-term success in helping offenders prepare for economic self-sufficiency requires strategies that address their education and employment needs. Recent research suggests that a solid academic foundation and employment- and career-focused programs can be cost-effective in reducing the likelihood of reoffense. To this end, the legislature intends that the state strive to provide every inmate with basic academic skills as well as educational and vocational training designed to meet the assessed needs of the offender.

Nonetheless, it is vital that offenders engaged in educational or vocational training contribute to their own success. An offender should financially contribute to his or her education, particularly postsecondary educational pursuits. The legislature intends to provide more flexibility for offenders in obtaining postsecondary education by allowing third parties to make contributions to the offender's education without mandatory deductions and by creating a loan program. In developing the loan program, the department is encouraged to adopt rules and standards similar to those that apply to students in noninstitutional settings for issues such as applying for a loan, maintaining accountability, and accruing interest on the loan obligation.

Sec. 402. RCW 72.09.460 and 2004 c 167 s 5 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted ~~((under subsection (4) of))~~ as specifically provided in this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(2) The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

~~((2) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.))~~

(3)(a) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

- ~~((a))~~ (i) Achievement of basic academic skills through obtaining a high school diploma or its equivalent ~~((and))~~;
- (ii) Achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

~~((b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and~~

- ~~(c) Other work and education programs as appropriate.~~
- (4) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work

programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(5) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate's education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate's entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors: (i) Additional work and education programs necessary for compliance with an offender's individual reentry plan under section 203 of this act with the exception of postsecondary education degree programs as provided in section 403 of this act; and

(iv) Other appropriate vocational, work, or education programs that are not necessary for compliance with an offender's individual reentry plan under section 203 of this act with the exception of postsecondary education degree programs as provided in section 403 of this act.

(b) If programming is provided pursuant to (a)(i) through (iii) of this subsection, the department shall pay the cost of such programming, including but not limited to books, materials, supplies, and postage costs related to correspondence courses.

(c) If programming is provided pursuant to (a)(iv) of this subsection, inmates shall be required to pay all or a portion of the costs, including books, fees, and tuition, for participation in any vocational, work, or education program as provided in department policies. Department policies shall include a formula for determining how much an offender shall be required to pay. The formula shall include steps which correlate to an offender average monthly income or average available balance in a personal inmate savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of costs and tuition for any programming provided pursuant to (a)(iv) of this subsection on behalf of an inmate. Such payments shall not be subject to any of the deductions as provided in this chapter.

(d) The department may accept any and all donations and grants of money, equipment, supplies, materials, and services

from any third party, including but not limited to nonprofit entities, and may receive, utilize, and dispose of same to complete the purposes of this section.

(e) Any funds collected by the department under (c) and (d) of this subsection and subsections (8) and (9) of this section shall be used solely for the creation, maintenance, or expansion of inmate educational and vocational programs.

(4) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(5)(a) In addition to the policies set forth in this section, the department shall consider the following factors in establishing criteria for assessing the inclusion of education and work programs in an inmate's individual reentry plan and in placing inmates in education and work programs:

(i) An inmate's release date and custody level. An inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date, except that inmates with a release date of more than one hundred twenty months in the future shall not comprise more than ten percent of inmates participating in a new class I correctional industry not in existence on June 10, 2004;

(ii) An inmate's education history and basic academic skills;

(iii) An inmate's work history and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs;

((c) Performance and goals.) (b) The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals(;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate's work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate's work program.

Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(c) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

~~(i) Shall not be required to participate in education programming; and~~

~~(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.~~

~~If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.~~

~~(6) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate's ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.~~

~~(7) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates' preparedness for available work programs and job opportunities for which inmates may qualify upon release.~~

~~(8) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.~~

~~(9) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess. the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release).~~

(6) Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(7) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a health condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all inmates with temporary disabilities to ensure the earliest possible entry or reentry by inmates into available programming.

(8) The department shall establish policies requiring an offender to pay all or a portion of the costs and tuition for any vocational training or postsecondary education program if the offender previously abandoned coursework related to education or vocational training without excuse as defined in rule by the department. Department policies shall include a formula for determining how much an offender shall be required to pay. The formula shall include steps which correlate to an offender average monthly income or average available balance in a

2007 REGULAR SESSION

personal inmate savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of costs and tuition for any program on behalf of an inmate under this subsection. Such payments shall not be subject to any of the deductions as provided in this chapter.

(9) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release, sentenced to death under chapter 10.95 RCW, or subject to the provisions of 8 U.S.C. Sec. 1227:

(a) Shall not be required to participate in education programming except as may be necessary for the maintenance of discipline and security;

(b) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers;

(c) May participate in prevocational or vocational training that may be necessary to participate in a work program;

(d) Shall be subject to the applicable provisions of this chapter relating to inmate financial responsibility for programming except the postsecondary education degree loan program as provided in section 403(3) of this act.

NEW SECTION. Sec. 403. A new section is added to chapter 72.09 RCW to read as follows:

(1) The department shall, if funds are appropriated for the specific purpose, implement postsecondary education degree programs within state correctional institutions, including the state correctional institution with the largest population of female inmates. The department shall consider for inclusion in any postsecondary education degree program, any postsecondary education degree program from an accredited community college, college, or university that is part of an associate of arts, baccalaureate, masters of arts, or other graduate degree program.

(2) Except as provided in subsection (4) of this section, inmates shall be required to pay the costs for participation in any postsecondary education degree programs established under this subsection, including books, fees, tuition, or any other appropriate ancillary costs, by one or more of the following means:

(a) The inmate who is participating in the postsecondary education degree program shall, during confinement, provide the required payment or payments to the department;

(b) A third party shall provide the required payment or payments directly to the department on behalf of an inmate, and such payments shall not be subject to any of the deductions as provided in this chapter; or

(3) The department shall, if funds are appropriated for the specific purpose, establish by rule a postsecondary education degree loan program for inmates seeking to participate in available associate or two-year postsecondary education degree programs to prepare the inmate for employment. The department shall establish a process for awarding loans to inmates, including an application process and criteria for awarding loans. The department shall collect repayment as provided in RCW 72.09.450(4). A third party may pay directly to the department all or a portion of any loan on behalf of an inmate. Such payments shall not be subject to any of the deductions as provided in this chapter. Inmates under RCW 72.09.460(9) are not eligible to participate in the postsecondary education degree loan program.

(4) The department may accept any and all donations and grants of money, equipment, supplies, materials, and services from any third party, including but not limited to nonprofit

Sec. 404. RCW 72.09.480 and 2003 c 271 s 3 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(6) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate's postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

Sec. 405. RCW 72.09.450 and 1996 c 277 s 1 are each amended to read as follows:

(3) The department shall record as a debt any costs assessed by a court against an inmate plaintiff where the state is providing defense pursuant to chapter 4.92 RCW. (5) In order to maximize the cost-efficient collection of unpaid offender debt existing after the period of an offender's incarceration, the department is authorized to use the following nonexclusive options: (a) Use the collection services available through the department of general administration, or (b) notwithstanding any provision of chapter 41.06 RCW, contract with collection agencies for collection of the debts. The costs for general administration or collection agency services shall be paid by the debtor. Any contract with a collection agency shall only be awarded after competitive bidding. Factors the department shall consider in awarding a collection contract include but are not limited to a collection agency's history and reputation in the community; and the agency's access to a local database that may increase the efficiency of its collections. The servicing of an unpaid obligation to the department does not constitute assignment of a debt, and no contract with a collection agency may remove the department's control over unpaid obligations owed to the department.

NEW SECTION. Sec. 406. (1) The department of corrections and the state board for community and technical colleges, in cooperation with the unions representing academic employees in corrections education programs, shall investigate and review methods to optimize educational and vocational programming opportunities to meet the needs of each offender as identified in his or her individual reentry plan while an offender is under the jurisdiction of the department.

(2) In conducting its review, the department and state board shall consider and make recommendations regarding:

(a) Technological advances which could serve to expand educational programs and vocational training including, but not limited to, distance learning, satellite instruction, videotape usage, computer aided instruction, and flexible scheduling and also considering the infrastructure, resources, and security that would be needed to implement the program or training. These advances shall be assessed for their ability to provide the most cost-efficient and effective programming for offenders;

(b) Methods to ensure that educational programs and vocational training are relevant to enhance the employability of offenders upon release; and

(c) Long-term methods for maintaining channels of communication between the department, state board administration, academic employees, and students.

(3) The department and state board shall report to the governor and the legislature no later than July 1, 2008.

NEW SECTION. Sec. 407. (1) The Washington state institute for public policy shall conduct a comprehensive analysis and evaluation of evidence-based, research-based, and promising correctional education programs and the extent to which Washington's programs are in accord with these practices. On or before October 1, 2007, the department of corrections and the department of licensing shall enter into an agreement establishing expedited procedures to assist offenders in obtaining a driver's license or identification card upon their release from a department of corrections' institution.

NEW SECTION. Sec. 502. (1) The director of the department of licensing, or the director's designee, shall, within

2007 REGULAR SESSION

existing resources, convene and chair a work group to review and recommend changes to occupational licensing laws and policies to encourage the employment of individuals with criminal convictions while ensuring the safety of the public.

(2) In addition to the director of the department of licensing, the following shall be members of the work group: A representative from the employment security department, a representative from the department of corrections, a representative from the Washington state association of prosecuting attorneys, and up to five members appointed by the governor from state agencies that issue occupational licenses. The department shall also invite participation from victim service agencies, the state board for community and technical colleges, association of Washington business, nonprofit organizations providing workforce training to released offenders, and legislative staff who provide support to the human services and human services and corrections committees. Members of the work group shall serve without compensation.

(3) In conducting its review, the work group must:

(a) Review approaches used by other states and jurisdictions for awarding occupational licenses to those with criminal convictions;

(b) Develop a process and standards by which the department of licensing and licensing agencies will determine whether a criminal conviction renders an applicant an unsuitable candidate for a license or whether a conviction warrants revocation or suspension of a license previously granted;

(c) Develop guidelines for potential applicants that reflect the most common or well-known categories of crimes and their relation to specific license types;

(d) Establish mechanisms for making information regarding the process and guidelines easily accessible to potential applicants with criminal histories.

(4) The department of licensing shall present a report of its findings and recommendations to the governor and the appropriate committees of the legislature, including any proposed legislation, by November 15, 2008.

(5) This section expires December 15, 2008.

PART VI - HOUSING

NEW SECTION. Sec. 601. The legislature finds that, in order to improve the safety of our communities, more housing needs to be made available to offenders returning to the community. The legislature intends to increase the housing available to offenders by providing that landlords who rent to offenders shall be immune from civil liability for damages that may result from the criminal conduct of the tenant.

NEW SECTION. Sec. 602. A new section is added to chapter 59.18 RCW to read as follows:

A landlord who rents to an offender is not liable for civil damages arising from the criminal conduct of the tenant. In order for a landlord to be protected from liability as provided under this section, a landlord must:

(1) Disclose to residents of the property that he or she rents or has a policy of renting to offenders; and

(2) Take steps to report or halt criminal activity if the landlord has actual knowledge of criminal activity on the landlord's premises.

NEW SECTION. Sec. 603. A new section is added to chapter 35.82 RCW to read as follows:

The legislature recognizes that stable, habitable, and supportive housing is a critical factor that increases a previously incarcerated individual's access to treatment and services as well as the likelihood of success in the community. Housing authorities are therefore encouraged to formulate rental policies that are not unduly burdensome to previously incarcerated individuals attempting to reenter the community, particularly when the individual's family may already reside in government subsidized housing.

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

NEW SECTION. Sec. 604. A new section is added to chapter 43.185C RCW to read as follows:

(1) The department of community, trade, and economic development shall establish a pilot program to provide grants to eligible organizations, as described in RCW 43.185.060, to provide transitional housing assistance to offenders who are reentering the community and are in need of housing.

(2) There shall be a minimum of two pilot programs established in two counties. The pilot programs shall be selected through a request for proposal process and in consultation with the department of corrections. The department shall select the pilot sites by January 1, 2008.

(3) The pilot program shall:

(a) Be operated in collaboration with the community justice center existing in the location of the pilot site;

(b) Offer transitional supportive housing that includes individual support and mentoring available on an ongoing basis, life skills training, and close working relationships with community justice centers and community corrections officers. Supportive housing services can be provided directly by the housing operator, or in partnership with community-based organizations;

(c) In providing assistance, give priority to offenders who are designated as high risk or high needs as well as those determined not to have a viable release plan by the department of corrections;

(d) Optimize available funding by utilizing cost-effective community-based shared housing arrangements or other noninstitutional living arrangements; and

(e) Provide housing assistance for a period of time not to exceed twelve months for a participating offender.

(4) The department may also use up to twenty percent of the funding appropriated in the operating budget for this section to support the development of additional supportive housing resources for offenders who are reentering the community.

(5) The department shall:

(a) Collaborate with the department of corrections in developing criteria to determine who will qualify for housing assistance; and

(b) Gather data, and report to the legislature by November 1, 2008, on the number of offenders seeking housing, the number of offenders eligible for housing, the number of offenders who receive the housing, and the number of offenders who commit new crimes while residing in the housing to the extent information is available.

(6) The department of corrections shall collaborate with organizations receiving grant funds to:

(a) Help identify appropriate housing solutions in the community for offenders;

(b) Where possible, facilitate an offender's application for housing prior to discharge;

(c) Identify enhancements to training provided to offenders prior to discharge that may assist an offender in effectively transitioning to the community;

(d) Maintain communication between the organization receiving grant funds, the housing provider, and corrections staff supervising the offender; and

(e) Assist the offender in accessing resources and services available through the department of corrections and a community justice center.

(7) The state, department of community, trade, and economic development, department of corrections, local governments, local housing authorities, eligible organizations as described in RCW 43.185.060, and their employees are not liable for civil damages arising from the criminal conduct of an offender solely due to the placement of an offender in housing provided under this section or the provision of housing assistance.

(8) Nothing in this section allows placement of an offender into housing without an analysis of the risk the offender may pose to that particular community or other residents.

Sec. 605. RCW 72.09.111 and 2004 c 167 s 7 are each amended to read as follows:

(1) The secretary shall deduct taxes and legal financial obligations from the gross wages, gratuities, or workers' compensation benefits payable directly to the inmate under chapter 51.32 RCW, of each inmate working in correctional industries work programs, or otherwise receiving such wages, gratuities, or benefits. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages, gratuities, and benefits. PERSONAL PRIVILEGE

Senator Prentice: "Thank you Mr. President. A couple of days ago the US Supreme Court struck a ban on partial birth abortion. Some people rejoiced and thought it was the right thing to do but I think I would like to relate to you something that I witnessed when I was a student nurse in a catholic hospital in Arizona. I was a student so, obviously, it was over fifty years ago but I've never forgotten it. I was in the delivery room and there was a woman who couldn't have a baby. It was a baby that had hydrocephalus, which is too much fluid on the brain. It was a breech delivery so the body was already out. So, what had to happen was something had to be, they had to make it able so that could come through the birth canal. The doctor had to stick a needle into the baby's brain and withdraw some of the fluid and at the end the head had to be crushed. Now, for years when I have been asked how I stand on this issue, I've always said, 'This is a decision that should be made by a woman together with her physician within her values.' This should not ever be a political decision and that is just what happened. I think we need to watch out for this kind of erosion of everyone's rights."

When Senator Hargrove and I first talked about me not being here after this session he commented, 'Oh, I'm going to have write a resolution; and I said, 'You will not do something like that. That would be so embarrassing; but I'm going to frame this. It's really special. I'm going to miss everyone. Not crying wasn't even an option for me cause I do it really well. PERSONAL PRIVILEGE

Senator Fraser: "My point of personal privilege relates to a gentleman I've known for many, many years who is an employee of the Senate and who I have learned, to my sadness, is going to be probably sad for me, happy for him-he's going to retire. This is Dick Milligan who lives in my district. I first met him years ago when he was a photographer with the Olympian newspaper and he has also been a photographer for the Aberdeen Daily World and he has been a freelance photographer and, I didn't realize, he also was a Marine Corps photographer, cameraman and film editor. He was a presidential support photographer, served in Vietnam, trained combat photographer, supervised photo labs and retired as a Master Sergeant. So, we've had an exceptionally capable, experienced photographer taking pictures of all of our action but not only our action but he has recorded through his photographs a lot of the history of the legislative process and, a particular note, the history of the restoration of the Legislative Building following the Nisqually Earthquake. He's been with the Senate full-time for many years and I think we all have appreciated his skill, his patience, his good cheer. He's always helping us out with one more shot. We wish him and his family well in their retirement."

PERSONAL PRIVILEGE

Senator McCaslin: "If I can go back to 1952 after I was working on my Master's and I got a job offer from Kaiser with \$325 a month by the way, I thought I was in hog heaven. Anyway, I worked as a trainee in the employment office and in safety office. Believe it or not, my boss's name was Dick Milligan, and of course, when I got to Olympia I discovered that here's Dick Milligan son and I'm telling you that Dick the photographer is just as nice as Dick the safety supervisor. I was very happy to work for Dick and I'm so proud to know Dick Milligan the photographer. He's done a tremendous job and we're going to miss him. Thank you for all your hard work, Dick."

ONE-HUNDRED THIRD DAY, APRIL 20, 2007
PERSONAL PRIVILEGE

Senator Honeyford: "I've had the privilege of riding with Dick, even though we made the wrong turn once and went quite a ways. He accompanied us on a tour and did a lot of photographs and I've always appreciated his good positive attitude and the good pictures he's taken and we're certainly going to miss you Dick. Wish you well on your second or third retirement. Thank you."

PERSONAL PRIVILEGE

Senator Eide: "Well, I have to also stand up and say, 'Dick thank you so much for all of your hard years of great picture taking! This gentlemen, you call him in a moments notice and it seems like even during the lunch hour he's down here taking the pictures. He too went on a tour with me. We had some good fond memories of a duck, if I recall correctly, wasn't it at the mint shop? It's just good to be able to call and say, 'Will you come on down?' and he says, 'Absolutely.' He's never said no and just all the years taking great pictures and my mom, I remember when my mom and sister came down and he's saying, 'Now 'smile, now smile.' My mother would not smile to save her soul that day for some reason but we managed to finally get one out of her. I wanted to say thank you very much for all the years of hard and great picture taking Dick. You will be missed."

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

The President declared the question before the Senate to be motion by Senator Spanel that the Senate recede from its position in the Senate amendment(s) to Engrossed Substitute House Bill No. 2358.

The motion by Senator Spanel carried and the Senate receded from its position in the Senate amendment(s) to Engrossed Substitute House Bill No. 2358.

MOTION

On motion of Senator Spanel, the rules were suspended and Engrossed Substitute House Bill No. 2358 was returned to second reading for the purposes of amendment.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2358, by House Committee on Transportation (originally sponsored by Representatives Rolfes, Strow, Appleton, Seaquist, VanDeWege, Lantz, Flannigan, Roberts, Cody, Green, Eickmeyer, Jarrett and Kessler)

Regarding state ferries.

The measure was read the second time.

MOTION

Senator Spanel moved that the following striking amendment by Senators Spanel and Haugen be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds from the 2006 Washington state ferries financing study that the state has limited information on state ferry users and markets. Accurate user and market information is vital in order to find ways to maximize the ferry systems' current capacity and to make the most efficient use of citizens' tax dollars. Therefore, it is the intent of the legislature that Washington state ferries be given the tools necessary to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars. Furthermore, it is the intent of the legislature that the department of transportation adopt adaptive management practices in its operating and capital programs so as to keep the costs of the Washington state ferries system as low as possible while continuously improving the quality and timeliness of service.

Sec. 2. RCW 47.06.140 and 1998 c 171 s 7 are each amended to read as follows:

(1) The legislature declares the following transportation facilities and services to be of statewide significance: The interstate highway system, interregional state principal arterials including ferry connections that serve statewide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities

2007 REGULAR SESSION

and services that are related solely to marine activities affecting international and interstate trade, and high-capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of statewide significance in the statewide multimodal plan. Improvements to facilities and services of statewide significance identified in the statewide multimodal plan are essential state public facilities under RCW 36.70A.200.

(2) The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of statewide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of statewide significance. In establishing level of service standards for state highways and state ferry routes of statewide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities. When setting the level of service standards under this section for state ferry routes, the department may allow for a standard that is adjustable for seasonality.

NEW SECTION. Sec. 3. A new section is added to chapter 47.60 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means a systematic process for continually improving management policies and practices by learning from the outcomes of operational programs.

(2) "Capital plan" means the state ferry system plan developed by the department as described in RCW 47.06.050(2) and adopted by the commission.

(3) "Capital project" has the same meaning as used in budget instructions developed by the office of financial management.

(4) "Commission" means the transportation commission created in RCW 47.01.051.

(5) "Improvement project" has the same meaning as in the budget instructions developed by the office of financial management. If the budget instructions do not define improvement project, then it has the same meaning as "program project" in the budget instructions. If a project meets both the improvement project and preservation project definitions in this section it must be defined as an improvement project. New vessel acquisitions must be defined as improvement projects.

(6) "Life-cycle cost model" means that portion of a capital asset inventory system which, among other things, is used to estimate future preservation needs.

(7) "Maintenance cost" has the same meaning as used in budget instructions developed by the office of financial management.

(8) "Preservation project" has the same meaning as used in budget instructions developed by the office of financial management.

(9) "Route" means all ferry sailings from one location to another, such as the Seattle to Bainbridge route or the Port Townsend to Keystone route.

(10) "Sailing" means an individual ferry sailing for a specific route, such as the 5:00 p.m. sailing from Seattle to Bremerton.

(11) "Travel shed" means one or more ferry routes with distinct characteristics as determined by the department.

NEW SECTION. Sec. 4. A new section is added to chapter 47.60 RCW to read as follows:

(1) The commission shall, with the involvement of the department, conduct a survey to gather data on ferry users to help inform level of service, operational, pricing, planning, and

investment decisions. The survey must include, but is not limited to:

- (a) Recreational use;
- (b) Walk-on customer use;
- (c) Vehicle customer use;
- (d) Freight and goods movement demand; and
- (e) Reactions to potential operational strategies and pricing policies described under section 7 of this act and RCW 47.60.290.

(2) The commission shall develop the survey after providing an opportunity for ferry advisory committees to offer input.

(3) The survey must be updated at least every two years and maintained to support the development and implementation of adaptive management of ferry services.

Sec. 5. RCW 47.60.290 and 1983 c 3 s 136 are each amended to read as follows:

((Subject to the provisions of RCW 47.60.326;)) (1) The department ((is hereby authorized and directed to)) shall annually review ((tariffs and charges as)) fares and pricing policies applicable to the operation of the Washington state ferries ((for the purpose of establishing a more fair and equitable tariff to be charged passengers, vehicles, and commodities on the routes of the Washington state ferries)).

(2) Beginning in 2008, the department shall develop fare and pricing policy proposals that must:

(a) Recognize that each travel shed is unique, and might not have the same farebox recovery rate and the same pricing policies;

(b) Use data from the current survey conducted under section 4 of this act;

(c) Be developed with input from affected ferry users by public hearing and by review with the affected ferry advisory committees, in addition to the data gathered from the survey conducted in section 4 of this act;

(d) Generate the amount of revenue required by the biennial transportation budget;

(e) Consider the impacts on users, capacity, and local communities; and

(f) Keep fare schedules as simple as possible.

(3) While developing fare and pricing policy proposals, the department must consider the following:

(a) Options for using pricing to level vehicle peak demand; and

(b) Options for using pricing to increase off-peak ridership.

NEW SECTION. Sec. 6. A new section is added to chapter 47.60 RCW to read as follows:

(1) The commission shall adopt fares and pricing policies by rule, under chapter 34.05 RCW, according to the following schedule:

(a) Each year the department shall provide the commission a report of its review of fares and pricing policies, with recommendations for the revision of fares and pricing policies for the ensuing year;

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.

(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

(5) Fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

Regarding shellfish. Revised for 2nd Substitute: Regarding shellfish aquaculture.

The measure was read the second time.

MOTION

Senator Rockefeller moved that the following striking amendment by Senator Rockefeller and others be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.20 RCW to read as follows:

(1) The sea grant program at the University of Washington shall, consistent with this section, commission a series of scientific research studies that examines the possible effects, including the cumulative effects, of the current prevalent geoduck aquaculture techniques and practices on the natural environment in and around Puget Sound, including the Strait of Juan de Fuca. The sea grant program shall use funding provided from the geoduck aquaculture research account created in section 2 of this act to review existing literature, directly perform research identified as needed, or to enter into and manage contracts with scientific organizations or institutions to accomplish these results.

(2) Prior to entering into a contract with a scientific organization or institution, the sea grant program must:

(a) Analyze, through peer review, the credibility of the proposed party to the contract, including whether the party has credible experience and knowledge and has access to the

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

facilities necessary to fully execute the research required by the contract; and

(b) Require that all proposed parties to a contract fully disclose any past, present, or planned future personal or professional connections with the shellfish industry or public interest groups.

(3) All research commissioned under this section must be subjected to a rigorous peer review process prior to being accepted and reported by the sea grant program.

(4) In prioritizing and directing research under this section, the sea grant program shall meet with the department of ecology at least annually and rely on guidance submitted by the department of ecology. The department of ecology shall convene the shellfish aquaculture regulatory committee created in section 4 of this act as necessary to serve as an oversight committee to formulate the guidance provided to the sea grant program. The objective of the oversight committee, and the resulting guidance provided to the sea grant program, is to ensure that the research required under this section satisfies the planning, permitting, and data management needs of the state, to assist in the prioritization of research given limited funding, and to help identify any research that is beneficial to complete other than what is listed in subsection (5) of this section.

(5) To satisfy the minimum requirements of subsection (1) of this section, the sea grant program shall review all scientific research that is existing or in progress that examines the possible effect of currently prevalent geoduck practices, on the natural environment, and prioritize and conduct new studies as needed, to measure and assess the following:

(a) The environmental effects of structures commonly used in the aquaculture industry to protect juvenile geoducks from predation;

(b) The environmental effects of commercial harvesting of geoducks from intertidal geoduck beds, focusing on current prevalent harvesting techniques, including a review of the recovery rates for benthic communities after harvest;

(c) The extent to which geoducks in standard aquaculture tracts alter the ecological characteristics of overlying waters while the tracts are submerged, including impacts on species diversity, and the abundance of other benthic organisms;

(d) Baseline information regarding naturally existing parasites and diseases in wild and cultured geoducks, including whether and to what extent commercial intertidal geoduck aquaculture practices impact the baseline;

(e) Genetic interactions between cultured and wild geoduck, including measurements of differences between cultured geoducks and wild geoducks in terms of genetics and reproductive status; and

(f) The impact of the use of sterile triploid geoducks and whether triploid animals diminish the genetic interactions between wild and cultured geoducks.

(6) If adequate funding is not made available for the completion of all research required under this section, the sea grant program shall consult with the shellfish aquaculture regulatory committee, via the department of ecology, to prioritize which of the enumerated research projects have the greatest cost/benefit ratio in terms of providing information important for regulatory decisions; however, the study identified in subsection (5)(b) of this section shall receive top priority. The prioritization process may include the addition of any new studies that may be appropriate in addition to, or in place of, studies listed in this section.

(7) When appropriate, all research commissioned under this section must address localized and cumulative effects of geoduck aquaculture.

(8) The sea grant program and the University of Washington are prohibited from retaining greater than fifteen percent of any funding provided to implement this section for administrative overhead or other deductions not directly associated with conducting the research required by this section.

2007 REGULAR SESSION

(9) Individual commissioned contracts under this section may address single or multiple components listed for study under this section.

(10) All research commissioned under this section must be completed and the results reported to the appropriate committees of the legislature by December 1, 2013. In addition, the sea grant program shall provide the appropriate committees of the legislature with annual reports updating the status and progress of the ongoing studies that are completed in advance of the 2013 deadline.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.20 RCW to read as follows:

The geoduck aquaculture research account is created in the custody of the state treasurer. All receipts from any legislative appropriations, the aquaculture industry, or any other private or public source directed to the account must be deposited in the account. Expenditures from the account may only be used by the sea grant program for the geoduck research projects identified by section 1 of this act. Only the president of the University of Washington or the president's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 3. RCW 79.135.100 and 1984 c 221 s 10 are each amended to read as follows:

(1) If state-owned aquatic lands are used for aquaculture production or harvesting, rents and fees shall be established through competitive bidding or negotiation.

(2) After an initial twenty-three acres are leased, the department is prohibited from offering leases that would permit the intertidal commercial aquaculture of geoducks on more than fifteen acres of state-owned aquatic lands a year until December 1, 2014.

(3) Any intertidal leases entered into by the department for geoduck aquaculture must be conditioned in such a way that the department can engage in monitoring of the environmental impacts of the lease's execution, without unreasonably diminishing the economic viability of the lease, and that the lease tracts are eligible to be made part of the studies conducted under section 1 of this act.

(4) The department must notify all abutting landowners and any landowner within three hundred feet of the lands to be leased of the intent of the department to lease any intertidal lands for the purposes of geoduck aquaculture.

NEW SECTION. Sec. 4. (1) The shellfish aquaculture regulatory committee is established to, consistent with this section, serve as an advisory body to the department of ecology on regulatory processes and approvals for all current and new shellfish aquaculture activities, and the activities conducted pursuant to RCW 90.58.060, as the activities relate to shellfish. The shellfish aquaculture regulatory committee is advisory in nature, and no vote or action of the committee may overrule existing statutes, regulations, or local ordinances.

(2) The shellfish aquaculture regulatory committee shall develop recommendations as to:

(a) A regulatory system or permit process for all current and new shellfish aquaculture projects and activities that integrates all applicable existing local, state, and federal regulations and is efficient both for the regulators and the regulated; and

(b) Appropriate guidelines for geoduck aquaculture operations to be included in shoreline master programs under section 5 of this act. When developing the recommendations for guidelines under this subsection, the committee must examine the following:

(i) Methods for quantifying and reducing marine litter; and

(ii) Possible landowner notification policies and requirements for establishing new geoduck aquaculture farms.

(3)(a) The members of the shellfish aquaculture regulatory committee shall be appointed by the director of the department of ecology as follows:

(v) One representative each from the following state agencies: The department of ecology, the department of fish and wildlife, the department of agriculture, and the department of natural resources.

(b) In addition to the other participants listed in this subsection, the governor shall invite the full participation of two tribal governments, at least one of which is located within the drainage of the Puget Sound.

(4) The department of ecology shall provide administrative and clerical assistance to the shellfish aquaculture regulatory committee and all agencies listed in subsection (3) of this section shall provide technical assistance.

(5) Nonagency members of the shellfish aquaculture regulatory committee will not be compensated, but are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(6) Any participation by a Native American tribe on the shellfish aquaculture regulatory committee shall not, under any circumstances, be viewed as an admission by the tribe that any of its activities, or those of its members, are subject to any of the statutes, regulations, ordinances, standards, or permit systems reviewed, considered, or proposed by the committee.

(7) The shellfish aquaculture regulatory committee is authorized to form technical advisory panels as needed and appoint to them members not on the shellfish aquaculture regulatory committee.

(8) The department of ecology shall report the recommendations and findings of the shellfish aquaculture regulatory committee to the appropriate committees of the legislature by December 1, 2007, with a further report, if necessary, by December 1, 2008.

MESSAGE FROM THE HOUSE

April 10, 2007

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5372, with the following amendment: 5372-S.E AMH UPTH H3493.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The legislature finds that:

(a) Puget Sound, including Hood Canal, and the waters that flow to it are a national treasure and a unique resource. Residents enjoy a way of life centered around these waters that depends upon clean and healthy marine and freshwater resources.

(b) Puget Sound is in serious decline, and Hood Canal is in a serious crisis. This decline is indicated by loss of and damage to critical habitat, rapid decline in species populations, increases in aquatic nuisance species, numerous toxics contaminated sites, urbanization and attendant storm water drainage, closure of beaches to shellfish harvest due to disease risks, low-dissolved oxygen levels causing death of marine life, and other phenomena. If left unchecked, these conditions will worsen.

(c) Puget Sound must be restored and protected in a more coherent and effective manner. The current system is highly fragmented. Immediate and concerted action is necessary by all levels of government working with the public, nongovernmental organizations, and the private sector to ensure a thriving natural system that exists in harmony with a vibrant economy.

(d) Leadership, accountability, government transparency, thoughtful and responsible spending of public funds, and public involvement will be integral to the success of efforts to restore and protect Puget Sound.

(2) The legislature therefore creates a new Puget Sound partnership to coordinate and lead the effort to restore and protect Puget Sound, and intends that all governmental entities, including federal and state agencies, tribes, cities, counties, ports, and special purpose districts, support and help implement the partnership's restoration efforts. The legislature further intends that the partnership will:

(a) Define a strategic action agenda prioritizing necessary actions, both basin-wide and within specific areas, and creating an approach that addresses all of the complex connections

2007 REGULAR SESSION

among the land, water, web of species, and human needs. The action agenda will be based on science and include clear, measurable goals for the recovery of Puget Sound by 2020;

(b) Determine accountability for performance, oversee the efficiency and effectiveness of money spent, educate and engage the public, and track and report results to the legislature, the governor, and the public;

(c) Not have regulatory authority, nor authority to transfer the responsibility for, or implementation of, any state regulatory program, unless otherwise specifically authorized by the legislature.

(3) It is the goal of the state that the health of Puget Sound be restored by 2020.

Sec. 2. RCW 90.71.010 and 1996 c 138 s 2 are each amended to read as follows:

The participating groups should work to identify the applicable local plan elements, projects, and programs, together with estimated budget, timelines, and proposed funding sources, that are suitable for adoption into the action agenda. This may include a prioritization among plan elements, projects, and programs.

(5) The partnership may provide assistance to watershed groups in those action areas that are developing and implementing programs included within the action agenda, and to improve coordination among the groups to improve and accelerate the implementation of the action agenda.

(6) The executive director, working with the board, shall also compile and assess ecosystem scale management, restoration, and protection plans for the Puget Sound basin.

(a) At a minimum, the compilation shall include the Puget Sound nearshore estuary project, clean-up plans for contaminated aquatic lands and shorelands, aquatic land management plans, state resource management plans, habitat conservation plans, and recovery plans for salmon, orca, and other species in Puget Sound that are listed under the federal endangered species act.

(b) The board should work to identify and assess applicable ecosystem scale plan elements, projects, and programs, together with estimated budget, timelines, and proposed funding sources, that are suitable for adoption into the action agenda.

(c) When the board identifies conflicts or disputes among ecosystem scale projects or programs, the board may convene the agency managers in an attempt to reconcile the conflicts with the objective of advancing the protection and recovery of Puget Sound.

(a) Provide to the partnership by June 1st of each even-numbered year their estimates of the actions and the budget resources needed for the forthcoming biennium to implement their portion of the action agenda; and

(b) Work with the partnership in the development of biennial budget requests to achieve consistency with the action agenda to be submitted to the governor for consideration in the governor's biennial budget request. The agencies shall seek the concurrence of the partnership in the proposed funding levels and sources included in this proposed budget.

(2) If a state agency submits an amount different from that developed in subsection (1)(a) of this section as part of its biennial budget request, the partnership and state agency shall jointly identify the differences and the reasons for these differences and present this information to the office of financial management by October 1st of each even-numbered year.

NEW SECTION. Sec. 15. FUNDING FROM PARTNERSHIP--ACCOUNTABILITY. (1) Any funding made available directly to the partnership from the Puget Sound recovery account created in section 23 of this act and used by the partnership for loans, grants, or funding transfers to other entities shall be prioritized according to the action agenda developed pursuant to section 13 of this act.

(2) The partnership shall condition, with interagency agreements, any grants or funding transfers to other entities from the Puget Sound recovery account to ensure accountability in the expenditure of the funds and to ensure that the funds are used by the recipient entity in the manner determined by the partnership to be the most consistent with the priorities of the action agenda. Any conditions placed on federal funding under this section shall incorporate and be consistent with requirements under signed agreements between the entity and the federal government.

(3) If the partnership finds that the provided funding was not used as instructed in the interagency agreement, the partnership may suspend or further condition future funding to the recipient entity.

(4) The partnership shall require any entity that receives funds for implementing the action agenda to publicly disclose and account for expenditure of those funds.

NEW SECTION. Sec. 16. IMPLEMENTATION--FISCAL ACCOUNTABILITY. (1) The legislature intends that fiscal incentives and disincentives be used as accountability measures designed to achieve consistency with the action agenda by:

(a) Ensuring that projects and activities in conflict with the action agenda are not funded;

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

(b) Aligning environmental investments with strategic priorities of the action agenda; and

(c) Using state grant and loan programs to encourage consistency with the action agenda.

(2) The council shall adopt measures to ensure that funds appropriated for implementation of the action agenda and identified by proviso or specifically referenced in the omnibus appropriations act pursuant to RCW 43.88.030(1)(g) are expended in a manner that will achieve the intended results. In developing such performance measures, the council shall establish criteria for the expenditure of the funds consistent with the responsibilities and timelines under the action agenda, and require reporting and tracking of funds expended. The council may adopt other measures, such as requiring interagency agreements regarding the expenditure of provided or specifically referenced Puget Sound funds.

(3) The partnership shall work with other state agencies providing grant and loan funds or other financial assistance for projects and activities that impact the health of the Puget Sound ecosystem under chapters 43.155, 70.105D, 70.146, 77.85, 79.105, 79A.15, 89.08, and 90.50A RCW to, within the authorities of the programs, develop consistent funding criteria that prohibits funding projects and activities that are in conflict with the action agenda.

(4) The partnership shall develop a process and criteria by which entities that consistently achieve outstanding progress in implementing the action agenda are designated as Puget Sound partners. State agencies shall work with the partnership to revise their grant, loan, or other financial assistance allocation criteria to create a preference for entities designated as Puget Sound partners for funds allocated to the Puget Sound basin, pursuant to RCW 43.155.070, 70.105D.070, 70.146.070, 77.85.130, 79.105.150, 79A.15.040, 89.08.520, and 90.50A.040. This process shall be developed on a timeline that takes into consideration state grant and loan funding cycles.

(5) Any entity that receives state funds to implement actions required in the action agenda shall report biennially to the council on progress in completing the action and whether expected results have been achieved within the time frames specified in the action agenda.

NEW SECTION. Sec. 17. ACCOUNTABILITY FOR IMPLEMENTATION. (1) The council is accountable for achieving the action agenda. The legislature intends that all governmental entities within Puget Sound will exercise their existing authorities to implement the applicable provisions of the action agenda.

(2) The partnership shall involve the public and implementing entities to develop standards and processes by which the partnership will determine whether implementing entities are taking actions consistent with the action agenda and achieving the outcomes identified in the action agenda. Among these measures, the council may hold management conferences with implementing entities to review and assess performance in undertaking implementation strategies with a particular focus on compliance with and enforcement of existing laws. Where the council identifies an inconsistency with the action agenda, the council shall offer support and assistance to the entity with the objective of remedying the inconsistency. The results of the conferences shall be included in the state of the Sound report required under section 19 of this act.

(3) In the event the council determines that an entity is in substantial noncompliance with the action agenda, it shall provide notice of this finding and supporting information to the entity. The council or executive director shall thereafter meet and confer with the entity to discuss the finding and, if appropriate, develop a corrective action plan. If no agreement is reached, the council shall hold a public meeting to present its findings and the proposed corrective action plan. If the entity is a state agency, the meeting shall include representatives of the governor's office and office of financial management. If the entity is a local government, the meeting shall be held in the

2007 REGULAR SESSION

jurisdiction and electoral representatives from the jurisdictions shall be invited to attend. If, after this process, the council finds that substantial noncompliance continues, the council shall issue written findings and document its conclusions. The council may recommend to the governor that the entity be ineligible for state financial assistance until the substantial noncompliance is remedied. Instances of noncompliance shall be included in the state of the Sound report required under section 19 of this act.

(4) The council shall provide a forum for addressing and resolving problems, conflicts, or a substantial lack of progress in a specific area that it has identified in the implementation of the action agenda, or that citizens or implementing entities bring to the council. The council may use conflict resolution mechanisms such as but not limited to, technical and financial assistance, facilitated discussions, and mediation to resolve the conflict. Where the parties and the council are unable to resolve the conflict, and the conflict significantly impairs the implementation of the action agenda, the council shall provide its analysis of the conflict and recommendations resolution to the governor, the legislature, and to those entities with jurisdictional authority to resolve the conflict.

(5) When the council or an implementing entity identifies a statute, rule, ordinance or policy that conflicts with or is an impediment to the implementation of the action agenda, or identifies a deficiency in existing statutory authority to accomplish an element of the action agenda, the council shall review the matter with the implementing entities involved. The council shall evaluate the merits of the conflict, impediment, or deficiency, and make recommendations to the legislature, governor, agency, local government or other appropriate entity for addressing and resolving the conflict.

(6) The council may make recommendations to the governor and appropriate committees of the senate and house of representatives for local or state administrative or legislative actions to address barriers it has identified to successfully implementing the action agenda.

NEW SECTION. Sec. 18. LIMITATIONS ON AUTHORITY. (1) The partnership shall not have regulatory authority nor authority to transfer the responsibility for, or implementation of, any state regulatory program, unless otherwise specifically authorized by the legislature.

(2) The action agenda may not create a legally enforceable duty to review or approve permits, or to adopt plans or regulations. The action agenda may not authorize the adoption of rules under chapter 34.05 RCW creating a legally enforceable duty applicable to the review or approval of permits or to the adoption of plans or regulations. No action of the partnership may alter the forest practices rules adopted pursuant to chapter 76.09 RCW, or any associated habitat conservation plan. Any changes in forest practices identified by the processes established in this chapter as necessary to fully recover the health of Puget Sound by 2020 may only be realized through the processes established in RCW 76.09.370 and other designated processes established in Title 76 RCW. Nothing in this subsection or subsection (1) of this section limits the accountability provisions of this chapter.

(3) Nothing in this chapter limits or alters the existing legal authority of local governments, nor does it create a legally enforceable duty upon local governments. When a local government proposes to take an action inconsistent with the action agenda, it shall inform the council and identify the reasons for taking the action. If a local government chooses to take an action inconsistent with the action agenda or chooses not to take action required by the action agenda, it will be subject to the accountability measures in this chapter which can be used at the discretion of the council.

NEW SECTION. Sec. 19. REPORTS. (1) By September 1st of each even-numbered year beginning in 2008, the council shall provide to the governor and the appropriate fiscal committees of the senate and house of representatives its recommendations for the funding necessary to implement the

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

action agenda in the succeeding biennium. The recommendations shall:

(4)(a) The council shall review state programs that fund facilities and activities that may contribute to action agenda implementation. By November 1, 2009, the council shall provide initial recommendations regarding program changes to the governor and appropriate fiscal and policy committees of the senate and house of representatives. By November 1, 2010, the council shall provide final recommendations regarding program changes, including proposed legislation to implement the recommendation, to the governor and appropriate fiscal and policy committees of the senate and house of representatives.

(b) The review in this subsection shall be conducted with the active assistance and collaboration of the agencies administering these programs, and in consultation with local governments and other entities receiving funding from these programs:

- (i) The water quality account, chapter 70.146 RCW;

(c) The council's review shall include but not be limited to:

(i) Determining the level of funding and types of projects and activities funded through the programs that contribute to implementation of the action agenda;

(ii) Evaluating the procedures and criteria in each program for determining which projects and activities to fund, and their relationship to the goals and priorities of the action agenda;

(iii) Assessing methods for ensuring that the goals and priorities of the action agenda are given priority when program funding decisions are made regarding water quality-related projects and activities in the Puget Sound basin and habitat-related projects and activities in the Puget Sound basin;

(iv) Modifying funding criteria so that projects, programs, and activities that are inconsistent with the action agenda are ineligible for funding;

(v) Assessing ways to incorporate a strategic funding approach for the action agenda within the outcome-focused performance measures required by RCW 43.41.270 in administering natural resource-related and environmentally based grant and loan programs.

NEW SECTION. Sec. 20. BASIN-WIDE RESTORATION PROGRESS. By December 1, 2010, and subject to available funding, the Washington academy of sciences shall conduct an assessment of basin-wide restoration progress. The assessment shall include, but not be limited to, a determination of the extent to which implementation of the action agenda is making progress toward the action agenda goals, and a determination of whether the environmental indicators and benchmarks included in the action agenda accurately measure and reflect progress toward the action agenda goals.

NEW SECTION. Sec. 21. PERFORMANCE AUDIT. (1) The joint legislative audit and review committee shall conduct two performance audits of the partnership, with the first audit to be completed by December 1, 2011, and the second to be completed by December 1, 2016.

(2) The audit shall include but not be limited to:

(b) A determination of the efficiency and effectiveness of the partnership's oversight of action agenda implementation, based upon the achievement of the objectives as measured by the established environmental indicators and benchmarks; and

(c) Any recommendations for improvements in the partnership's performance and structure, and to provide accountability for action agenda results by action entities.

(3) The partnership may use the audits as the basis for developing changes to the action agenda, and may submit any recommendations requiring legislative policy or budgetary action to the governor and to the appropriate committees of the senate and house of representatives.

Sec. 22. RCW 90.71.060 and 1996 c 138 s 7 are each amended to read as follows:

~~and other public and private interests, the action team shall develop and track quantifiable performance measures that can be used by the governor and the legislature to assess the effectiveness over time of programs and actions initiated under the plan to improve and protect Puget Sound water quality and biological resources. The performance measures shall be developed by June 30, 1997. The performance measures shall include, but not be limited to a methodology to track the progress of: Fish and wildlife habitat; sites with sediment contamination; wetlands; shellfish beds; and other key indicators of Puget Sound health. State agencies shall assist the action team in the development and tracking of these performance measures. The performance measures may be limited to a selected geographic area).~~

NEW SECTION. Sec. 23. PUGET SOUND RECOVERY ACCOUNT. The Puget Sound recovery account is created in the state treasury. To the account shall be deposited such funds as the legislature directs or appropriates to the account. Federal grants, gifts, or other financial assistance received by the Puget Sound partnership and other state agencies from nonstate sources for the specific purpose of recovering Puget Sound may be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the protection and recovery of Puget Sound.

Sec. 24. RCW 43.155.070 and 2001 c 131 s 5 are each amended to read as follows:

(1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(3) In considering awarding loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

2007 REGULAR SESSION

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a grant or loan under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a grant or loan.

Entities that are not eligible to be a Puget Sound partner due to geographic location, composition, exclusion from the scope of the Puget Sound action agenda developed by the Puget Sound partnership under section 13 of this act, or for any other reason, shall not be given less preferential treatment than Puget Sound partners.

Sec. 36. RCW 77.85.130 and 2005 c 309 s 8, 2005 c 271 s 1, and 2005 c 257 s 3 are each reenacted and amended to read as follows:

(1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 77.85.060;

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHAP), and any comparable science-based assessment when available;

(iii) Will benefit listed species and other fish species;

(iv) Will preserve high quality salmonid habitat; ~~((and))~~

(v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding;

(vi) Are, except as provided in section 37 of this act, sponsored by an entity that is a Puget Sound partner, as defined in RCW 90.71.010; and

(vii) Are projects referenced in the action agenda developed by the Puget Sound partnership under section 13 of this act.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;

(ii) Have the greatest matched or in-kind funding;

(iii) Will be implemented by a sponsor with a successful record of project implementation; ~~((and))~~

(iv) Involve members of the veterans conservation corps established in RCW 43.60A.150; and

(v) Are part of a regionwide list developed by lead entities.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) The board shall establish criteria for determining when block grants may be made to a lead entity. The board may provide block grants to the lead entity to implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

(5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

(6) The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

(7) Property acquired or improved by a project sponsor may be conveyed to a federal agency if: (a) The agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated; or (b) the board approves: (i) Changes in the terms of the grant or loan, and the revision or removal of binding deed of right instruments; and (ii) a memorandum of understanding or similar document ensuring that the facility or property will retain, to the extent feasible, adequate habitat

protections; and (c) the appropriate legislative authority of the county or city with jurisdiction over the project area approves the transfer and provides notification to the board.

(8) After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under section 13 of this act.

The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance in this state.

2007 REGULAR SESSION

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds that this problem and various contributors to the problem were documented in the May 2004 *Preliminary Assessment and Corrective Action Plan* published by the state agency known as the Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature also finds numerous public, private, and community organizations are working to provide public education and identify potential solutions. The legislature recognizes that, while some information and research is now available and some potential solutions have been identified, more research and analysis is needed to fully develop a program to address Hood Canal's low-dissolved oxygen concentrations.

(4) The legislature finds a need exists for the state to take action to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds establishing an aquatic rehabilitation zone for Hood Canal will serve as a statutory framework for future regulations and programs directed at recovery of this important aquatic resource.

(5) The legislature therefore intends to establish an aquatic rehabilitation zone for Hood Canal as the framework to address Hood Canal's low-dissolved oxygen concentrations. The legislature also intends to incorporate provisions in the new statutory chapter creating the designation as solutions are identified regarding this problem.

(7) The local management board and the Puget Sound ~~((action team))~~ partnership each may receive and disburse funding for projects, studies, and activities related to Hood Canal's low-dissolved oxygen concentrations. The Puget Sound ~~((action team))~~ partnership and the local management board shall jointly coordinate a process to prioritize projects, studies, and activities for which the Puget Sound ~~((action team))~~ partnership receives state funding specifically allocated for Hood Canal corrective actions to implement this section. The local management board and the Puget Sound ~~((action team))~~ partnership shall establish criteria for funding these projects, studies, and activities based upon their likely value in addressing and resolving Hood Canal's low-dissolved oxygen concentrations. Final approval for projects under this section requires the consent of both the Puget Sound ~~((action team))~~ partnership and the local management board. Projects under this section must be comanaged by the Puget Sound ~~((action team))~~ partnership and the local management board. Nothing in this section prohibits any federal, tribal, state, or local agencies, universities, or nonprofit organizations from receiving funding for specific projects that may assist in the rehabilitation of Hood Canal.

(8) The local management board may hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to local governments about potential regulations and the development of programs and incentives upon request, pay all necessary expenses, and choose a fiduciary agent.

2007 REGULAR SESSION

Sec. 55. RCW 90.48.260 and 2003 c 325 s 7 are each amended to read as follows:

The department of ecology is hereby designated as the State Water Pollution Control Agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound ~~((water quality authority))~~ partnership, created in section 3 of this act. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture's adoption or issuance of animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted herein include, among others, and notwithstanding any other provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a comprehensive state point source waste discharge or pollution discharge elimination permit program which will enable the department to qualify for full participation in any national waste discharge or pollution discharge elimination permit system and will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington subject to the provisions of RCW 90.48.262(2). Program elements authorized herein may include, but are not limited to: (a) Effluent treatment and limitation requirements together with timing requirements related thereto; (b) applicable receiving water quality standards requirements; (c) requirements of standards of performance for new sources; (d) pretreatment requirements; (e) termination and modification of permits for cause; (f) requirements for public notices and opportunities for public hearings; (g) appropriate relationships with the secretary of the army in the administration of his responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his duties, and with other governmental officials under the federal clean water act; (h) requirements for inspection, monitoring, entry, and reporting; (i) enforcement of the program through penalties, emergency powers, and criminal sanctions; (j) a continuing planning process; and (k) user charges.

(2) The power to establish and administer state programs in a manner which will insure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

The governor shall have authority to perform those actions required of him or her by the federal clean water act.

Sec. 56. RCW 79A.60.520 and 1999 c 249 s 1507 are each amended to read as follows:

The commission, in consultation with the departments of ecology, fish and wildlife, natural resources, social and health services, and the Puget Sound ~~((action team))~~ partnership shall

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

conduct a literature search and analyze pertinent studies to identify areas which are polluted or environmentally sensitive within the state's waters. Based on this review the commission shall designate appropriate areas as polluted or environmentally sensitive, for the purposes of chapter 393, Laws of 1989 only.

Sec. 57. RCW 79A.60.510 and 1999 c 249 s 1506 are each amended to read as follows:

The legislature finds that the waters of Washington state provide a unique and valuable recreational resource to large and growing numbers of boaters. Proper stewardship of, and respect for, these waters requires that, while enjoying them for their scenic and recreational benefits, boaters must exercise care to assure that such activities do not contribute to the despoliation of these waters, and that watercraft be operated in a safe and responsible manner. The legislature has specifically addressed the topic of access to clean and safe waterways by requiring the 1987 boating safety study and by establishing the Puget Sound ~~((action team))~~ partnership.

The legislature finds that there is a need to educate Washington's boating community about safe and responsible actions on our waters and to increase the level and visibility of the enforcement of boating laws. To address the incidence of fatalities and injuries due to recreational boating on our state's waters, local and state efforts directed towards safe boating must be stimulated. To provide for safe waterways and public enjoyment, portions of the watercraft excise tax and boat registration fees should be made available for boating safety and other boating recreation purposes.

In recognition of the need for clean waterways, and in keeping with the Puget Sound ~~((action team's))~~ partnership's water quality work plan, the legislature finds that adequate opportunities for responsible disposal of boat sewage must be made available. There is hereby established a five-year initiative to install sewage pumpout or sewage dump stations at appropriate marinas.

To assure the use of these sewage facilities, a boater environmental education program must accompany the five-year initiative and continue to educate boaters about boat wastes and aquatic resources.

The legislature also finds that, in light of the increasing numbers of boaters utilizing state waterways, a program to acquire and develop sufficient waterway access facilities for boaters must be undertaken.

To support boating safety, environmental protection and education, and public access to our waterways, the legislature declares that a portion of the income from boating-related activities, as specified in RCW 82.49.030 and 88.02.040, should support these efforts.

Sec. 58. RCW 79.105.500 and 2005 c 155 s 158 are each amended to read as follows:

The legislature finds that the department provides, manages, and monitors aquatic land dredged material disposal sites on state-owned aquatic lands for materials dredged from rivers, harbors, and shipping lanes. These disposal sites are approved through a cooperative planning process by the departments of natural resources and ecology, the United States army corps of engineers, and the United States environmental protection agency in cooperation with the Puget Sound ~~((action team))~~ partnership. These disposal sites are essential to the commerce and well-being of the citizens of the state of Washington. Management and environmental monitoring of these sites are necessary to protect environmental quality and to assure appropriate use of state-owned aquatic lands. The creation of an aquatic land dredged material disposal site account is a reasonable means to enable and facilitate proper management and environmental monitoring of these disposal sites.

Sec. 59. RCW 77.60.130 and 2000 c 149 s 1 are each amended to read as follows:

(1) The aquatic nuisance species committee is created for the purpose of fostering state, federal, tribal, and private cooperation on aquatic nuisance species issues. The mission of

2007 REGULAR SESSION

the committee is to minimize the unauthorized or accidental introduction of nonnative aquatic species and give special emphasis to preventing the introduction and spread of aquatic nuisance species. The term "aquatic nuisance species" means a nonnative aquatic plant or animal species that threatens the diversity or abundance of native species, the ecological stability of infested waters, or commercial, agricultural, or recreational activities dependent on such waters.

(2) The committee consists of representatives from each of the following state agencies: Department of fish and wildlife, department of ecology, department of agriculture, department of health, department of natural resources, Puget Sound ~~((water quality action team))~~ partnership, state patrol, state noxious weed control board, and Washington sea grant program. (b) Make recommendations to the legislature on statutory provisions for classifying and regulating aquatic nuisance species;

(d) Coordinate education, research, regulatory authorities, monitoring and control programs, and participate in regional and national efforts regarding aquatic nuisance species;

(e) Consult with representatives from industries and other activities that may serve as a pathway for the introduction of aquatic nuisance species to develop practical strategies that will minimize the risk of new introductions; and

(f) Prepare a biennial report to the legislature with the first report due by December 1, 2001, making recommendations for better accomplishing the purposes of this chapter, and listing the accomplishments of this chapter to date.

(4) The committee shall accomplish its duties through the authority and cooperation of its member agencies. Implementation of all plans and programs developed by the committee shall be through the member agencies and other cooperating organizations.

Sec. 60. RCW 70.146.070 and 1999 c 164 s 603 are each amended to read as follows:

"Sec. 1. RCW 28A.300.285 and 2002 c 207 s 2 are each amended to read as follows:

(1) By August 1, 2003, each school district shall adopt or amend if necessary a policy, within the scope of its authority, that prohibits the harassment, intimidation, or bullying of any student. It is the responsibility of each school district to share this policy with parents or guardians, students, volunteers, and school employees.

(2) "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

(b) Has the effect of substantially interfering with a student's education; or

(c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or

(d) Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying.

(3) The policy should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, or bullying.

(5) The Washington state school directors association, with the assistance of the office of the superintendent of public instruction, shall convene an advisory committee to develop a model policy prohibiting acts of harassment, intimidation, or bullying that are conducted via electronic means by a student while on school grounds and during the school day. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site. The school directors association and the advisory committee shall develop sample materials for school districts to disseminate, which shall also include information on responsible and safe internet use as well as what options are available if a student is being bullied via electronic means, including but not limited to, reporting threats to local police and when to involve school officials, the internet service provider, or phone service provider. The school directors association shall submit the model policy and sample materials, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy and sample materials on its web site by January 1, 2008. Each school district board of directors shall establish its own policy by August 1, 2008.

MESSAGE FROM THE HOUSE

April 18, 2007

MR. PRESIDENT:

Under suspension of rules ENGROSSED SUBSTITUTE SENATE BILL NO. 5317 was returned to second reading for purpose of an amendment: 5317-S.E AMH KAGI H3583.1, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.215.005 and 2006 c 265 s 101 are each amended to read as follows:

(1) The legislature recognizes that:

(a) Parents are their children's first and most important teachers and decision makers;

(b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children's readiness to succeed in school and life;

(c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports life-long learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that the early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly

impact the child's intellectual, social, and emotional development.

(3) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;

(d) To provide tools to promote the hiring of suitable providers of child care by:

(i) Providing parents with access to information regarding child care providers;

(ii) Providing parents with child care licensing action histories regarding child care providers; and

(iii) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law;

(e) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;

~~((f))~~ (f) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and

~~((f))~~ (g) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

(4) This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law.

Sec. 2. RCW 43.215.010 and 2006 c 265 s 102 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agency" means any person, firm, partnership, association, corporation, or facility that provides child care and early learning services outside a child's own home and includes the following irrespective of whether there is compensation to the agency:

(a) "Child day care center" means an agency that regularly provides child day care and early learning services for a group of children for periods of less than twenty-four hours;

(b) "Early learning" includes but is not limited to programs and services for child care; state, federal, private, and nonprofit preschool; child care subsidies; child care resource and referral; parental education and support; and training and professional development for early learning professionals;

(c) "Family day care provider" means a child day care provider who regularly provides child day care and early learning services for not more than twelve children in the provider's home in the family living quarters;

(d) "Service provider" means the entity that operates a community facility.

(2) "Agency" does not include the following:

(a) Persons related to the child in the following ways:

(i) Any blood relative, including those of half-blood, and including first cousins, nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great;

(ii) Stepfather, stepmother, stepbrother, and stepsister;

(iii) A person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law; or

(iv) Spouses of any persons named in (i), (ii), or (iii) of this subsection (2)(a), even after the marriage is terminated;

(b) Persons who are legal guardians of the child;

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

(c) Persons who care for a neighbor's or friend's child or children, with or without compensation, where the person providing care for periods of less than twenty-four hours does not conduct such activity on an ongoing, regularly scheduled basis for the purpose of engaging in business, which includes, but is not limited to, advertising such care;

(d) Parents on a mutually cooperative basis exchange care of one another's children;

(l) An agency that offers early learning and support services, such as parent education, and does not provide child care services on a regular basis.

(3) "Applicant" means a person who requests or seeks employment in an agency.

~~((4))~~ (4) "Department" means the department of early learning.

~~((4))~~ (5) "Director" means the director of the department.

~~((5))~~ (6) "Employer" means a person or business that engages the services of one or more people, especially for wages or salary to work in an agency.

It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter(~~;~~

~~—(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;~~

In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The director shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children. MOTION

Senator Hargrove moved that the following striking amendment by Senator Hargrove and others be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 13.34 RCW to read as follows:

(1) A child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances:

(a) The child was previously found to be a dependent child under this chapter;

(b) The child's parent's rights were terminated in a proceeding under this chapter;

(c) The child has not achieved his or her permanency plan within three years of a final order of termination, or if the final order was appealed, within three years of exhaustion of any right to appeal the order terminating parental rights; and

(d) Absent good cause, the child must be at least twelve years old at the time the petition is filed.

(2) A child seeking to petition under this section shall be provided counsel at no cost to the child.

(3) The petition must be signed by the child in the absence of a showing of good cause as to why the child could not do so.

(4) If, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, it appears that the best interests of the child may be served by reinstatement of parental rights, the juvenile court shall order that a hearing on the merits of the petition be held.

(5) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, the child's attorney, and the child. The court shall also order the department to give prior notice of any hearing to the child's former parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(6) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:

(a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(b) The age and maturity of the child, and the ability of the child to express his or her preference;

(c) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and

(d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(7) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

(8)(a) If the court conditionally grants the petition under subsection (6) of this section, the case will be continued for six months. During this period, the child shall be placed in the custody of the parent. The department shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.

(b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.

(c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(9) The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

(10) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 for the time period from the date of termination of parental rights to the date parental rights are reinstated.

(11) A proceeding to reinstate parental rights is a separate action from the termination of parental rights proceeding and does not vacate the original termination of parental rights. An order granted under this section reinstates the parental rights to the child. This reinstatement is a recognition that the situation

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

of the parent and child have changed since the time of the termination of parental rights and reunification is now appropriate.

(12) This section is retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

Sec. 2. RCW 13.34.200 and 2003 c 227 s 7 are each amended to read as follows:

(1) Upon the termination of parental rights pursuant to RCW 13.34.180, all rights, powers, privileges, immunities, duties, and obligations, including any rights to custody, control, visitation, or support existing between the child and parent shall be severed and terminated and the parent shall have no standing to appear at any further legal proceedings concerning the child, except as provided in section 1 of this act: PROVIDED, That any support obligation existing prior to the effective date of the order terminating parental rights shall not be severed or terminated. The rights of one parent may be terminated without affecting the rights of the other parent and the order shall so state.

(2) An order terminating the parent and child relationship shall not disentitle a child to any benefit due the child from any third person, agency, state, or the United States, nor shall any action under this chapter be deemed to affect any rights and benefits that an Indian child derives from the child's descent from a member of a federally recognized Indian tribe.

(3) An order terminating the parent-child relationship shall include a statement addressing the status of the child's sibling relationships and the nature and extent of sibling placement, contact, or visits.

Sec. 3. RCW 13.34.060 and 2002 c 52 s 4 are each amended to read as follows:

(1) A child taken into custody pursuant to RCW 13.34.050 or 26.44.050 shall be immediately placed in shelter care. A child taken by a relative of the child in violation of RCW 9A.40.060 or 9A.40.070 shall be placed in shelter care only when permitted under RCW 13.34.055. No child may be held longer than seventy-two hours, excluding Saturdays, Sundays, and holidays, after such child is taken into custody unless a court order has been entered for continued shelter care. In no case may a child who is taken into custody pursuant to RCW 13.34.055, 13.34.050, or 26.44.050 be detained in a secure detention facility.

~~((a))~~ (2) Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered, priority placement for a child in shelter care, pending a court hearing, shall be with any person described in RCW 74.15.020(2)(a) or 13.34.130(1)(b). The person must be willing and available to care for the child and be able to meet any special needs of the child and the court must find that such placement is in the best interests of the child. The person must be willing to facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court. If a child is not initially placed with a relative or other suitable person requested by the parent pursuant to this section, the supervising agency shall make an effort within available resources to place the child with a relative or other suitable person requested by the parent on the next business day after the child is taken into custody. The supervising agency shall document its effort to place the child with a relative or other suitable person requested by the parent pursuant to this section. Nothing within this subsection ~~((1)(a))~~ (2) establishes an entitlement to services or a right to a particular placement.

~~((b))~~ (3) Whenever a child is taken into custody pursuant to this section, the supervising agency may authorize evaluations of the child's physical or emotional condition, routine medical and dental examination and care, and all necessary emergency care. ~~(In no case may a child who is taken into custody pursuant to RCW 13.34.055, 13.34.050, or 26.44.050 be detained in a secure detention facility. No child may be held longer than seventy-two hours, excluding Saturdays, Sundays~~

The child and his or her parent, guardian, or custodian shall be informed that they have a right to a shelter care hearing. The court shall hold a shelter care hearing within seventy-two hours after the child is taken into custody, excluding Saturdays, Sundays, and holidays. If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary.~~

~~—(2) Whenever a child is taken into custody by child protective services pursuant to a court order issued under RCW 13.34.050 or when child protective services is notified that a child has been taken into custody pursuant to RCW 26.44.050 or 26.44.056, child protective services shall make reasonable efforts to inform the parents, guardian, or legal custodian of the fact that the child has been taken into custody, the reasons why the child was taken into custody, and their legal rights under this title as soon as possible and in no event shall notice be provided more than twenty-four hours after the child has been taken into custody or twenty-four hours after child protective services has been notified that the child has been taken into custody. If the initial notification is provided by a means other than writing, child protective services shall make reasonable efforts to also provide written notification.)~~

Sec. 4. RCW 13.34.062 and 2004 c 147 s 2 are each amended to read as follows:

(1)(a) Whenever a child is taken into custody by child protective services pursuant to a court order issued under RCW 13.34.050 or when child protective services is notified that a child has been taken into custody pursuant to RCW 26.44.050 or 26.44.056, child protective services shall make reasonable efforts to inform the parent, guardian, or legal custodian of the fact that the child has been taken into custody, the reasons why the child was taken into custody, and their legal rights under this title, including the right to a shelter care hearing, as soon as possible. (b) In no event shall the notice required by this section be provided to the parent, guardian, or legal custodian more than twenty-four hours after the child has been taken into custody or twenty-four hours after child protective services has been notified that the child has been taken into custody.

(b) The written notice of custody and rights required by (RCW 13.34.060) this section shall be in substantially the following form:

All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. 2007 REGULAR SESSION

~~(5)(a) A shelter care order issued pursuant to RCW 13.34.065 shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.~~

~~(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days prior to the fact-finding hearing.~~

~~(c) The court may order a conference or meeting as an alternative to the case conference required under RCW 13.34.067 so long as the conference or meeting ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.~~

~~(6) A shelter care order issued pursuant to RCW 13.34.065 may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.~~

The clerk shall notify all other parties of the hearing by any reasonable means.)~~

Sec. 5. RCW 13.34.065 and 2001 c 332 s 3 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The ((juvenile court probation counselor)) department of social and health services shall submit a recommendation to the court as to the further need for shelter care ((unless the petition has been filed by the department, in which case the recommendation shall be submitted by the department)) in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether restraining orders, or orders expelling an allegedly abusive parent from the home, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. However, the court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

~~((2))~~ (5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

~~((a))~~ (i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

~~((b))~~ (ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

2007 REGULAR SESSION

~~((iii))~~ (B) The release of such child would present a serious threat of substantial harm to such child; or

~~((iii))~~ (C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, and the child was initially placed with a relative pursuant to RCW 13.34.060(1), the court shall order continued placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. ~~((The court shall enter a finding as to whether RCW 13.34.060(2) and subsections (1) and (2) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.~~

~~((3))~~ If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be

placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

~~(b)(i)~~ An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

~~(ii)~~ The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

~~((4))~~ ~~(8)(a)~~ If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

~~((5))~~ ~~(b)~~ If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 6. RCW 13.34.130 and 2003 c 227 s 3 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (i) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and (ii) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court

shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

~~(5)~~ If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

~~((5))~~ ~~(6)~~ If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

Sec. 7. RCW 13.34.136 and 2004 c 146 s 1 are each amended to read as follows:

~~(1) ((Whenever a child is ordered removed from the child's home,))~~ A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

~~(2) The agency ((charged with his or her care shall provide the court with))~~ supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the supervising agency's proposed permanency plan must be provided to the supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed.

However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

~~((2))~~ (3) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

~~((3))~~ (5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 8. RCW 13.34.138 and 2005 c 512 s 3 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first ~~(, at a)~~. The purpose of the hearing ((in which it)) shall be ((determined)) to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145 ~~((3))~~ (1)(a) or 13.34.134. ~~((The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.))~~

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal.

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

~~(i) (Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered))~~ Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. ~~If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;~~

~~(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;~~

~~(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;~~

~~(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;~~

~~(v) Whether there is a continuing need for placement;~~

~~(vi) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;~~

~~((ii)) (vii) Whether ((the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and)) preference has been given to placement with the child's relatives;~~

~~((iii) Whether there is a continuing need for placement and whether the placement is appropriate;~~

~~(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;~~

~~(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;~~

~~(vi)) (viii) Whether both in-state and, where appropriate, out-of-state placements have been considered;~~

~~(ix) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;~~

~~((vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and~~

~~(viii)) (x) Whether terms of visitation need to be modified;~~

~~(xi) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;~~

~~(xii) Whether any additional court orders need to be made to move the case toward permanency; and~~

~~(xiii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.~~

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

~~((2)) (3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:~~

~~(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and~~

~~(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.~~

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

2007 REGULAR SESSION

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

~~((3)) (4) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.~~

~~((4)) (5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).~~

Sec. 9. RCW 13.34.145 and 2003 c 227 s 6 are each amended to read as follows:

(1) ~~(A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.~~

~~(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.~~

~~(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.~~

~~(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.~~

~~(d) For purposes related to permanency planning:~~

~~(i) "Guardianship" means a dependency guardianship, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.~~

~~(iii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.~~

~~(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or~~

her financial, personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

~~(3))~~ The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

~~(a)~~ A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

~~((4))~~ (b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in ~~((subsection (3) of))~~ this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.

~~((5))~~ (c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. ~~(2)~~ No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

~~((6))~~ (3) At the permanency planning hearing, the court shall ~~(enter findings as required by RCW 13.34.138 and shall review the permanency plan prepared by the agency)~~ conduct the following inquiry:

~~(a)~~ If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

~~(b)~~ In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

~~(i)~~ The continuing necessity for, and the safety and appropriateness of, the placement;

~~(ii)~~ The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

~~(iii)~~ The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;

~~(iv)~~ The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

~~(v)~~ The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

~~(vi)~~ If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including

any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

~~(A)~~ Being returned safely to his or her home;

~~(B)~~ Having a petition for the involuntary termination of parental rights filed on behalf of the child;

~~(C)~~ Being placed for adoption;

~~(D)~~ Being placed with a guardian;

~~(E)~~ Being placed in the home of a fit and willing relative of the child; or

~~(F)~~ Being placed in some other alternative permanent placement, including independent living or long-term foster care.

~~(c)(i)~~ If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care.

~~(ii)~~ The permanency plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.

~~(iii)~~ The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

~~(d)~~ If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 and 13.34.138. ~~((If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. ~~(4)~~ In all cases, at the permanency planning hearing, the court shall:

~~(ii)~~ Modify the permanency plan, and order implementation of the modified plan; and

~~(b)(i)~~ Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

~~(ii)~~ Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

~~((7))~~ (5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

~~(6)~~ Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

~~(7)~~ If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

~~(8)~~ The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and

(b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

~~(10) ((Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.~~

~~—((11) Except as provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.138, until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.~~

~~—((12)) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.~~

~~—((13))~~ (11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

~~—((14))~~ (12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 10. RCW 74.13.031 and 2006 c 266 s 1 and 2006 c 221 s 3 are each reenacted and amended to read as follows:

If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

At least one member shall represent the adoption community.

(10)(a) Have authority to provide continued foster care or group care as needed to participate in or complete a high school or vocational school program.

(b)(i) Beginning in 2006, the department has the authority to allow up to fifty youth reaching age eighteen to continue in foster care or group care as needed to participate in or complete a posthigh school academic or vocational program, and to receive necessary support and transition services.

(ii) In 2007 and 2008, the department has the authority to allow up to fifty additional youth per year reaching age eighteen to remain in foster care or group care as provided in (b)(i) of this subsection.

(iii) A youth who remains eligible for such placement and services pursuant to department rules may continue in foster care or group care until the youth reaches his or her twenty-first birthday. Eligibility requirements shall include active enrollment in a posthigh school academic or vocational program and maintenance of a 2.0 grade point average.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

twenty shall not be referred to the division of child support unless required by federal law.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

MESSAGE FROM THE HOUSE

April 19, 2007

MR. PRESIDENT:

Under suspension of rules SUBSTITUTE SENATE BILL NO. 5830 was returned to second reading for purpose of an amendment: 5830-S AMH KAGI H3590.2, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.121 RCW to read as follows:

The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

NEW SECTION. Sec. 2. A new section is added to chapter 43.121 RCW to read as follows:

The definitions in this section apply throughout sections 1 through 4 of this act unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

NEW SECTION. Sec. 3. A new section is added to chapter 43.121 RCW to read as follows:

(1) Within available funds, the children's trust of Washington shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

(2) The children's trust of Washington shall develop a plan with the department of social and health services, the department of health, the department of early learning, and the family policy council to coordinate or consolidate home visitation services for children and families and report to the appropriate committees of the legislature by December 1, 2007, with their recommendations for implementation of the plan.

NEW SECTION. Sec. 4. A new section is added to chapter 43.121 RCW to read as follows:

To recognize the focus on home visitation services, the Washington council for the prevention of child abuse and neglect is hereby renamed the children's trust of Washington. All references to the Washington council for the prevention of child abuse and neglect in the Revised Code of Washington shall be construed to mean the children's trust of Washington.

This act is also intended to provide clarification to law enforcement and to all participants in the judicial system.

Sec. 2. RCW 69.51A.005 and 1999 c 2 s 2 are each amended to read as follows:

The people of Washington state find that some patients with terminal or debilitating illnesses, under their physician's care, may benefit from the medical use of marijuana. Some of the illnesses for which marijuana appears to be beneficial include chemotherapy-related nausea and vomiting in cancer patients; AIDS wasting syndrome; severe muscle spasms associated with multiple sclerosis and other spasticity disorders; epilepsy; acute or chronic glaucoma; and some forms of intractable pain.

The people find that humanitarian compassion necessitates that the decision to authorize the medical use of marijuana by patients with terminal or debilitating illnesses is a personal,

PARLIAMENTARY INQUIRY

Senator Schoesler: "Thank you Mr. President. I believe that the committee amendment offered is beyond the scope and object of the underlying bill."

REPLY BY THE PRESIDENT

President Owen: "Senator the only thing that we're working on is the substitute to the senate bill. Are you raising the point on the substitute. There are no amendments."

REMARKS BY SENATOR SCHOESLER

Senator Schoesler: "I will delay my inquiry."

Senator Eide: "Part of it that I'm questioning this because this is a title only. How does that work when there hasn't been....?"

REPLY BY THE PRESIDENT

President Owen: "The President really can't rule until he has an opportunity to look at both, at what we're talking about. I'm sorry."

PARLIAMENTARY INQUIRY

Senator Schoesler: "Is the amendment on the bar?"

REPLY BY THE PRESIDENT

President Owen: "There is no amendment."

PARLIAMENTARY INQUIRY

Senator Schoesler: "There were committee amendments, am I correct?"

REPLY BY THE PRESIDENT

President Owen: "There are no committee amendments. The only amendment is the substitute."

POINT OF ORDER

Senator Schoesler: "Ok Mr. President. I would offer it to the substitute then. Thank you Mr. President. The substance of the bill consists of the following single sentence. 'This act shall be known as the state government act of 2007.' This is sum the total of the bill. There's absolutely no policy change or expressed in the bill and no substantive law is modified. By contrast, the committee amendment creates community preservation and development authorities. It directs that the authorities be governed by a board of directors, details the duties of the authority it creates a new account in the state treasury. The one sentence in the underlying bill makes no mention of community preservation and development authorities nor any other policy or program. Mr. President, Rule 66 provides that no amendment to any bill shall be allowed which shall change the scope and object of the bill. I find no exemptions for title only bills. For these reasons, I believe the amendment offered is outside the scope and object of the underlying bill and I respectfully request a ruling on this matter."

Senator Brown spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Substitute Senate Bill No. 6156 was deferred and the bill held its place on the second reading calendar.

SECOND READING

(b) Operations component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(13) Effective July 1, 2001, medicaid rates shall continue to be revised downward in all components, in accordance with department rules, for facilities converting banked beds to active service under chapter 70.38 RCW, by using the facility's increased licensed bed capacity to recalculate minimum occupancy for rate setting. However, for facilities other than essential community providers which bank beds under chapter 70.38 RCW, after May 25, 2001, medicaid rates shall be revised upward, in accordance with department rules, in direct care, therapy care, support services, and variable return components only, by using the facility's decreased licensed bed capacity to recalculate minimum occupancy for rate setting, but no upward revision shall be made to operations, property, or financing allowance component rates. The direct care component rate allocation shall be adjusted, without using the minimum occupancy assumption, for facilities that convert banked beds to active service, under chapter 70.38 RCW, beginning on July 1, 2006.

(14) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation.

Sec. 3. RCW 74.46.506 and 2006 c 258 s 6 are each amended to read as follows:

(1) The direct care component rate allocation corresponds to the provision of nursing care for one resident of a nursing facility for one day, including direct care supplies. Therapy services and supplies, which correspond to the therapy care component rate, shall be excluded. The direct care component rate includes elements of case mix determined consistent with the principles of this section and other applicable provisions of this chapter.

(2) Beginning October 1, 1998, the department shall determine and update quarterly for each nursing facility serving medicaid residents a facility-specific per-resident day direct care component rate allocation, to be effective on the first day of each calendar quarter. In determining direct care component rates the department shall utilize, as specified in this section, minimum data set resident assessment data for each resident of the facility, as transmitted to, and if necessary corrected by, the department in the resident assessment instrument format approved by federal authorities for use in this state.

(3) The department may question the accuracy of assessment data for any resident and utilize corrected or substitute information, however derived, in determining direct care component rates. The department is authorized to impose civil fines and to take adverse rate actions against a contractor, as specified by the department in rule, in order to obtain compliance with resident assessment and data transmission requirements and to ensure accuracy.

(4) Cost report data used in setting direct care component rate allocations shall be ~~((1996, 1999, and 2003))~~ for rate periods as specified in RCW 74.46.431(4)(a).

(5) Beginning October 1, 1998, the department shall rebase each nursing facility's direct care component rate allocation as described in RCW 74.46.431, adjust its direct care component rate allocation for economic trends and conditions as described

in RCW 74.46.431, and update its medicaid average case mix index, consistent with the following:

(a) Reduce total direct care costs reported by each nursing facility for the applicable cost report period specified in RCW 74.46.431(4)(a) to reflect any department adjustments, and to eliminate reported resident therapy costs and adjustments, in order to derive the facility's total allowable direct care cost;

(b) Divide each facility's total allowable direct care cost by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy of eighty-five percent; that is, the greater of actual or imputed occupancy at eighty-five percent of licensed beds, to derive the facility's allowable direct care cost per resident day. However, effective July 1, 2006, each facility's allowable direct care costs shall be divided by its adjusted resident days without application of a minimum occupancy assumption;

(c) Adjust the facility's per resident day direct care cost by the applicable factor specified in RCW 74.46.431(4) ~~((b), (c), and (d))~~ to derive its adjusted allowable direct care cost per resident day;

(d) Divide each facility's adjusted allowable direct care cost per resident day by the facility average case mix index for the applicable quarters specified by RCW 74.46.501(7)(b) to derive the facility's allowable direct care cost per case mix unit;

(e) Effective for July 1, 2001, rate setting, divide nursing facilities into at least two and, if applicable, three peer groups: Those located in nonurban counties; those located in high labor-cost counties, if any; and those located in other urban counties;

(f) Array separately the allowable direct care cost per case mix unit for all facilities in nonurban counties; for all facilities in high labor-cost counties, if applicable; and for all facilities in other urban counties, and determine the median allowable direct care cost per case mix unit for each peer group;

(g) Except as provided in (i) of this subsection, from October 1, 1998, through June 30, 2000, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than eighty-five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to eighty-five percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred fifteen percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred fifteen percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between eighty-five and one hundred fifteen percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(h) Except as provided in (i) of this subsection, from July 1, 2000, through June 30, 2006, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than ninety percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred ten percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between ninety and one hundred ten percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(i)(i) Between October 1, 1998, and June 30, 2000, the department shall compare each facility's direct care component rate allocation calculated under (g) of this subsection with the facility's nursing services component rate in effect on September 30, 1998, less therapy costs, plus any exceptional care offsets as reported on the cost report, adjusted for economic trends and conditions as provided in RCW 74.46.431. A facility shall receive the higher of the two rates.

(ii) Between July 1, 2000, and June 30, 2002, the department shall compare each facility's direct care component rate allocation calculated under (h) of this subsection with the facility's direct care component rate in effect on June 30, 2000. A facility shall receive the higher of the two rates. Between July 1, 2001, and June 30, 2002, if during any quarter a facility whose rate paid under (h) of this subsection is greater than either the direct care rate in effect on June 30, 2000, or than that facility's allowable direct care cost per case mix unit calculated in (d) of this subsection multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c), the facility shall be paid in that and each subsequent quarter pursuant to (h) of this subsection and shall not be entitled to the greater of the two rates.

(iii) Between July 1, 2002, and June 30, 2006, all direct care component rate allocations shall be as determined under (h) of this subsection.

(iv) Effective July 1, 2006, for all providers, except vital local providers as defined in this chapter, all direct care component rate allocations shall be as determined under (j) of this subsection.

(v) Effective July 1, 2006, through June 30, 2007, for vital local providers, as defined in this chapter, direct care component rate allocations shall be determined as follows:

(A) The department shall calculate:

(I) The sum of each facility's July 1, 2006, direct care component rate allocation calculated under (j) of this subsection and July 1, 2006, operations component rate calculated under RCW 74.46.521; and

(II) The sum of each facility's June 30, 2006, direct care and operations component rates.

(B) If the sum calculated under (i)(v)(A)(I) of this subsection is less than the sum calculated under (i)(v)(A)(II) of this subsection, the facility shall have a direct care component rate allocation equal to the facility's June 30, 2006, direct care component rate allocation.

(C) If the sum calculated under (i)(v)(A)(I) of this subsection is greater than or equal to the sum calculated under (i)(v)(A)(II) of this subsection, the facility's direct care component rate shall be calculated under (j) of this subsection;

(j) Except as provided in (i) of this subsection, from July 1, 2006, forward, and for all future rate setting, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is greater than one hundred twelve percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred twelve percent of the peer group median, and shall have a direct care component

rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is less than or equal to one hundred twelve percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c).

(6) The direct care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(7) Costs related to payments resulting from increases in direct care component rates, granted under authority of RCW 74.46.508(1) for a facility's exceptional care residents, shall be offset against the facility's examined, allowable direct care costs, for each report year or partial period such increases are paid. Such reductions in allowable direct care costs shall be for rate setting, settlement, and other purposes deemed appropriate by the department.

Sec. 4. RCW 74.46.511 and 2001 1st sp. c. 8 s 11 are each amended to read as follows:

(1) The therapy care component rate allocation corresponds to the provision of medicaid one-on-one therapy provided by a qualified therapist as defined in this chapter, including therapy supplies and therapy consultation, for one day for one medicaid resident of a nursing facility. The therapy care component rate allocation for October 1, 1998, through June 30, 2001, shall be based on adjusted therapy costs and days from calendar year 1996. The therapy component rate allocation for July 1, 2001, through June 30, ~~((2004))~~ 2007, shall be based on adjusted therapy costs and days from calendar year 1999. Effective July 1, 2007, the therapy care component rate allocation shall be based on adjusted therapy costs and days as described in RCW 74.46.431(5). The therapy care component rate shall be adjusted for economic trends and conditions as specified in RCW 74.46.431(5)~~((b))~~, and shall be determined in accordance with this section.

(2) In rebasing, as provided in RCW 74.46.431(5)(a), the department shall take from the cost reports of facilities the following reported information:

(a) Direct one-on-one therapy charges for all residents by payer including charges for supplies;

(b) The total units or modules of therapy care for all residents by type of therapy provided, for example, speech or physical. A unit or module of therapy care is considered to be fifteen minutes of one-on-one therapy provided by a qualified therapist or support personnel; and

(c) Therapy consulting expenses for all residents.

(3) The department shall determine for all residents the total cost per unit of therapy for each type of therapy by dividing the total adjusted one-on-one therapy expense for each type by the total units provided for that therapy type.

(4) The department shall divide medicaid nursing facilities in this state into two peer groups:

(a) Those facilities located within urban counties; and

(b) Those located within nonurban counties.

The department shall array the facilities in each peer group from highest to lowest based on their total cost per unit of therapy for each therapy type. The department shall determine the median total cost per unit of therapy for each therapy type and add ten percent of median total cost per unit of therapy. The cost per unit of therapy for each therapy type at a nursing facility shall be the lesser of its cost per unit of therapy for each therapy type or the median total cost per unit plus ten percent for each therapy type for its peer group.

(5) The department shall calculate each nursing facility's therapy care component rate allocation as follows:

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

2007 REGULAR SESSION

(a) To determine the allowable total therapy cost for each therapy type, the allowable cost per unit of therapy for each type of therapy shall be multiplied by the total therapy units for each type of therapy;

(b) The medicaid allowable one-on-one therapy expense shall be calculated taking the allowable total therapy cost for each therapy type times the medicaid percent of total therapy charges for each therapy type;

(c) The medicaid allowable one-on-one therapy expense for each therapy type shall be divided by total adjusted medicaid days to arrive at the medicaid one-on-one therapy cost per patient day for each therapy type;

(d) The medicaid one-on-one therapy cost per patient day for each therapy type shall be multiplied by total adjusted patient days for all residents to calculate the total allowable one-on-one therapy expense. The lesser of the total allowable therapy consultant expense for the therapy type or a reasonable percentage of allowable therapy consultant expense for each therapy type, as established in rule by the department, shall be added to the total allowable one-on-one therapy expense to determine the total allowable therapy cost for each therapy type;

(e) The allowable therapy cost for each therapy type shall be added together, the sum of which shall be the total allowable therapy expense for the nursing facility;

(f) The total allowable therapy expense will be divided by the greater of adjusted total patient days from the cost report on which the therapy expenses were reported, or patient days at eighty-five percent occupancy of licensed beds. The outcome shall be the nursing facility's therapy care component rate allocation.

(6) The therapy care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(7) The therapy care component rate shall be suspended for medicaid residents in qualified nursing facilities designated by the department who are receiving therapy paid by the department outside the facility daily rate under RCW 74.46.508(2).

Sec. 5. RCW 74.46.521 and 2006 c 258 s 7 are each amended to read as follows:

(1) The operations component rate allocation corresponds to the general operation of a nursing facility for one resident for one day, including but not limited to management, administration, utilities, office supplies, accounting and bookkeeping, minor building maintenance, minor equipment repairs and replacements, and other supplies and services, exclusive of direct care, therapy care, support services, property, financing allowance, and variable return.

(2) Except as provided in subsection (4) of this section, beginning October 1, 1998, the department shall determine each medicaid nursing facility's operations component rate allocation using cost report data specified by RCW 74.46.431(7)(a). Effective July 1, 2002, operations component rates for all facilities except essential community providers shall be based upon a minimum occupancy of ninety percent of licensed beds, and no operations component rate shall be revised in response to beds banked on or after May 25, 2001, under chapter 70.38 RCW.

(3) Except as provided in subsection (4) of this section, to determine each facility's operations component rate the department shall:

(a) Array facilities' adjusted general operations costs per adjusted resident day, as determined by dividing each facility's total allowable operations cost by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy of ninety percent; that is, the greater of actual or imputed occupancy at ninety percent of licensed beds, for each facility from facilities' cost reports from the applicable report year, for facilities located within urban counties and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility's operations component rate at the lower of:

(i) The facility's per resident day adjusted operations costs from the applicable cost report period adjusted if necessary to a minimum occupancy of eighty-five percent of licensed beds before July 1, 2002, and ninety percent effective July 1, 2002; or

(c) Adjust each facility's operations component rate for economic trends and conditions as provided in RCW 74.46.431(7)(b).

(4)(a) Effective July 1, 2006, through June 30, 2007, for any facility whose direct care component rate allocation is set equal to its June 30, 2006, direct care component rate allocation, as provided in RCW 74.46.506(5)((+)), the facility's operations component rate allocation shall also be set equal to the facility's June 30, 2006, operations component rate allocation.

(b) The operations component rate allocation for facilities whose operations component rate is set equal to their June 30, 2006, operations component rate, shall be adjusted for economic trends and conditions as provided in RCW 74.46.431(7)(b).

(5) The operations component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(b) Facilities whose combined adjusted costs per adjusted resident day in the direct care, support services, therapy, and operations cost centers were greater than the combined per resident day reimbursement rates for these cost centers in either calendar years 2004 or 2005.

For those facilities that meet the conditions in this subsection, the "hold harmless" provision shall ensure that for the July 1, 2007, through June 30, 2008, rate-setting period and for the July 1, 2008, through June 30, 2009, rate-setting period, the department shall set each facility's component rates in direct care, support services, therapy, and operations to the facility's June 30, 2007, rate, less the quality maintenance fee, adjusted for economic trends and conditions specified in the 2007-2009 biennial appropriations act.

TOTAL APPROPRIATION . \$3,075,006,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2007-1, Highway Improvement Program (I) as developed April 20, 2007. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(2) The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) Within the amounts provided in this section, \$1,991,000 of the transportation partnership account--state appropriation, \$1,656,000 of the motor vehicle account--federal appropriation,

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

and \$8,343,000 of the transportation 2003 account (nickel account)--state appropriation are for project 109040T as identified in the LEAP transportation document in subsection (1) of this section: I-90/Two Way Transit-Transit and HOV Improvements - Stage 1. Expenditure of the funds on construction is contingent upon revising the access plan for Mercer Island traffic such that Mercer Island traffic will have access to the outer roadway high occupancy vehicle (HOV) lanes during the period of operation of such lanes following the removal of Mercer Island traffic from the center roadway and prior to conversion of the outer roadway HOV lanes to high occupancy toll (HOT) lanes. Sound transit may only have access to the center lanes when alternative R8A is complete.

(4) The Tacoma Narrows toll bridge account--state appropriation includes up to \$131,016,000 in proceeds from the sale of bonds authorized by RCW 47.10.843.

(5) The funding described in this section includes \$8,095,541 of the transportation 2003 account (nickel account)--state appropriation and \$237,241 of the motor vehicle account--private/local appropriation, which are for the SR 519 project. The total project is expected to cost no more than \$74,400,000 including \$11,950,000 in contributions from project partners.

(6) To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets. The directive shall also include direction on the coordination and selection of visual and aesthetic options with local communities. The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. If practicable, the department should begin work on the pilot projects while the directive is being developed. One pilot project shall be located in Clark county on a significant capacity improvement project. The second pilot project shall be located in urban King county, which shall be on a corridor highway project through mixed land use areas that is nearing or under construction. The department shall provide a written report to the standing transportation committees of the legislature on the findings of the Clark county pilot project by January 2009, and the King county pilot project by January 2010. Based on results of the pilot projects, the department shall update its design manual, environmental procedures, or other appropriate documents to incorporate the directive.

(7) Funding allocated for mitigation costs is provided solely for the purpose of project impact mitigation, and shall not be used to develop or otherwise participate in the environmental assessment process.

(8) If the "Green Highway" provisions of Engrossed Second Substitute House Bill No. 1303 (cleaner energy) are enacted, the department shall erect signs on the interstate highways included in those provisions noting that these interstates have been designated "Washington Green Highways."

(9) If on the I-405/I-90 to SE 8th Street Widening project the department finds that there is an alternative investment to preserve reliable rail accessibility to major manufacturing sites within the I-405 corridor that are less expensive than replacing the Wilburton Tunnel, the department may enter into the necessary agreements to implement that alternative provided that costs remain within the approved project budget.

(10) The department should consider using mitigation banking on appropriate projects whenever possible, without

2007 REGULAR SESSION

increasing the cost to projects. The department should consider using the advanced environmental mitigation revolving account (AEMRA) for corridor and watershed based mitigation opportunities, in addition to project specific mitigation. However, the department shall not use agricultural lands of long-term commercial significance, as that term is used under chapter 36.70A RCW, for mitigation banking.

(11) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P, including, but not limited to, the SR 518, SR 519, SR 520, and Alaskan Way Viaduct projects.

(12) \$250,000 of the motor vehicle account--state appropriation is provided solely for an inland pacific hub study to develop an inland corridor for the movement of freight and goods to and through eastern Washington; and \$500,000 of the motor vehicle account--state appropriation is provided solely for the SR3/SR16 corridor study to plan and prioritize state and local improvements needed over the next 10-20 years to support safety, capacity development, and economic development within the corridor.

Funding provided at a programmatic level for transportation partnership account and transportation 2003 account (nickel account) projects relating to bridge rail, guard rail, fish passage barrier removal, and roadside safety projects should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. Other projects may be reported on a programmatic basis. The department shall work with the office of financial management and the transportation committees of the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information systems (TEIS).

(14) The department shall apply for the competitive portion of federal transit administration funds for eligible transit-related costs of the SR 520 bridge replacement and HOV project. The federal funds described in this subsection shall not include those federal transit administration funds distributed by formula.

(15) Funding provided by this act for the Alaskan Way Viaduct project shall not be spent for preliminary engineering, design, right-of-way acquisition, or construction on the project if completion of the project would more likely than not reduce the capacity of the facility. Capacity shall be measured by including the consideration of the efficient movement of people and goods on the facility.

(16) The governor shall convene a collaborative process involving key leaders to determine the final project design for the Alaskan Way Viaduct.

(a) The process shall be guided by the following common principles: Public safety must be maintained; the final project shall meet both capacity and mobility needs; and taxpayer dollars must be spent responsibly.

(b) The state's project expenditures shall not exceed \$2,800,000,000.

(c) A final design decision shall be made by December 31, 2008.

(17) During the 2007-09 biennium, the department shall proceed with a series of projects on the Alaskan Way Viaduct that are common to any design alternative. Those projects include relocation of two electrical transmission lines, Battery Street tunnel upgrades, seismic upgrades from Lenora to the Battery Street tunnel, viaduct removal from Holgate to King

Street, and development of transit enhancements and other improvements to mitigate congestion during construction.

(18) The entire freight congestion relief account--state appropriation is contingent upon the enactment during the 2007-2009 fiscal biennium of a bill, resulting from the study established in Substitute Senate Bill No. 5207, that makes available funding to support project expenditures funded from the freight congestion relief account created in Substitute Senate Bill No. 5207. If such a funding bill is not enacted by June 30, 2009, the entire freight congestion relief account--state appropriation shall lapse.

(19) The transportation 2003 account (nickel account)--state appropriation includes up to \$874,610,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

(20) The transportation partnership account--state appropriation includes up to \$900,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(22) \$4,500,000 of the motor vehicle account--federal appropriation is provided solely for cost increases on the SR 304/Bremerton tunnel project.

(23) \$3,000,000 of the motor vehicle account--state appropriation is provided solely for initial design and right of way work on a new southbound SR 509 to eastbound SR 518 freeway-to-freeway elevated ramp.

(24) \$500,000 of the motor vehicle account--federal appropriation to the SR 543/I-5 to Canadian border project is provided solely for retaining wall facia improvements.

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. Executive Order number 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions that issue grants or loans for capital projects shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 602. INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state

operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in LEAP Transportation Document 2007-1, which consists of a list of specific projects by fund source and amount over a sixteen year period. Current biennium funding for each project is a line item appropriation, while the outer year funding allocations represent a sixteen year balanced plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 (nickel) account projects on the LEAP lists referenced in this act. For the 2007-09 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, transportation partnership account appropriations, or multimodal transportation account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

ONE-HUNDRED THIRD DAY, APRIL 20, 2007

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur to projects not identified on the applicable project list; and

(f) Transfers may not be made while the legislature is in session.

(2) At the time the department submits a request to transfer funds under this section a copy of the request shall be submitted to the transportation committees of the legislature.

(1) A person may pilot any vessel subject to this chapter on waters covered by this chapter only if licensed to pilot such vessels on such waters under this chapter.

When the board determines that the demand for pilots requires entry of an applicant into the training program it shall issue a training license to that applicant, but under no circumstances may an applicant be issued a training license more than four years after taking the written entry examination. The training license authorizes the trainee to do such actions as are specified in the training program.

After the completion of the training program the board shall evaluate the trainee's performance and knowledge. The board, as it deems appropriate, may then issue a pilot license, delay the issuance of the pilot license, deny the issuance of the pilot license, or require further training and evaluation.

The fees established under this subsection may be increased in excess of the fiscal growth factor as provided in RCW 43.135.055 through the fiscal year ending June 30, 2009. The fees must be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(7) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or applicant is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a licensed pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims. The office of financial management will coordinate and manage the inventory and the valuation. Given the magnitude of the investments in the Puget Sound region, particular emphasis shall be given to reviewing the resources allocated and corresponding workloads with respect to the urban corridors region and the northwest region. Based on the results of this study, the department shall submit recommendations by December 1, 2006, to the legislature and the office of financial management regarding reallocating resources and revising regional boundaries within the department, as appropriate, in order to better coincide allocated resources with designated regional boundaries.

(8) \$750,000 of the multimodal transportation account--state appropriation is provided solely for implementing Engrossed Substitute House Bill No. 2871. If Engrossed Substitute House Bill No. 2871 is not enacted by June 30, 2006, the amount provided in this subsection shall lapse. The regional transportation commission's duties to develop, complete, and submit a governance proposal to the 2007 legislature are highly time sensitive. As a result, the legislature finds that competitive bidding is not cost-effective or appropriate for personal service contracts entered into by the commission, and that the director of the office of financial management should, by the director's authority under RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of chapter 39.29 RCW.

(9) \$2,300,000 of the transportation partnership account--state appropriation is provided solely for the costs of the regional transportation investment district (RTID) and department of transportation project oversight. The department shall provide support from its urban corridors region to assist in preparing project costs, expenditure plans, and modeling. The department shall not deduct a management reserve, nor charge management or overhead fees. These funds are provided as a loan to the RTID and shall be repaid to the state motor vehicle account within one year following the certification of the election results related to the RTID.

(10) \$100,000 of the motor vehicle account--state appropriation is provided solely to the department in accordance with RCW 46.68.110(2) and 46.68.120(3) and shall be used by the department solely to conduct an analysis of expanding the transportation concurrency requirements prescribed under the growth management act, chapter 36.70A RCW, to include development impacts on level of service standards applicable to state-owned transportation facilities, including state highways and state ferry routes. The objective of the analysis is to determine how to ensure that jurisdictional divisions do not defeat growth management act concurrency goals. The department shall convene a committee to oversee the analysis, with the committee comprised of, at a minimum, four members of the transportation committees of the legislature, four members of the appropriate land use committees of the legislature, and one member each from the association of Washington cities and

the Washington state association of counties, or a designee thereof. The completed study, including recommendations, must be submitted to the appropriate standing committees of the legislature, and to the office of financial management, by December 1, 2006.

(11) The department of transportation, the Washington state economic revenue forecast council, and the office of financial management shall review and adopt a method of forecasting motor vehicle and special fuel prices, revenue, and the amount of consumption that has an increased rate of accuracy as compared to the existing method. The three agencies shall submit a report to the transportation committees of the legislature by December 1, 2006, outlining the methods researched and the criteria utilized to select and adopt the new fuel forecasting method.

(12) \$150,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) \$5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2003 as reported in the "Summary of Public Transportation - 2003" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. The first \$450,000 provided to King county shall be used as follows:

(i) \$320,000 shall be used to provide electric buses, instead of diesel buses, for service on Capital Hill in Seattle, Washington through June 30, 2007;

(ii) \$130,000 shall be used to provide training for blind individuals traveling through Rainier Valley and the greater Seattle area. The training is to include destination training and retraining due to the expected closure of the downtown bus tunnel and training on how to use the Sound Transit light rail system.

(2) Funds are provided for the rural mobility grant program as follows:

(a) \$7,000,000 of the multimodal transportation account--state appropriation is provided solely for grants for those transit systems serving small cities and rural areas as identified in the Summary of Public Transportation - 2003 published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) \$7,000,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural

mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(3) \$8,900,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; no operating costs for public transit agencies are eligible for funding under this grant program. No additional employees may be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. Additional criteria for selecting grants must include leveraging funds other than state funds.

(4) \$3,000,000 of the multimodal transportation account--state appropriation is provided solely for the city of Seattle for the Seattle streetcar project on South Lake Union.

(5) \$1,200,000 of the multimodal transportation account--state appropriation is provided solely for the implementation of Engrossed Substitute House Bill No. 2124. If Engrossed Substitute House Bill No. 2124 is not enacted by June 30, 2005, the amount provided in this subsection shall lapse.

The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, shall be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. When funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout, the department shall expeditiously extend new grant awards to qualified alternative projects identified on the list.

(b) Pursuant to the grant program established in RCW 47.66.030, the department shall issue a call for projects and/or service proposals. Applications must be received by the department by November 1, 2005, and November 1, 2006. REPORT OF THE CONFERENCE REPORT
 Engrossed Second Substitute Senate Bill No. 5930

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Second Substitute Senate Bill No. 5930, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"USE STATE PURCHASING TO IMPROVE HEALTH CARE QUALITY

NEW SECTION. Sec. 1. (1) The health care authority and the department of social and health services shall, by September 1, 2007, develop a five-year plan to change reimbursement within their health care programs to:

- (a) Reward quality health outcomes rather than simply paying for the receipt of particular services or procedures;
- (b) Pay for care that reflects patient preference and is of proven value;
- (c) Require the use of evidence-based standards of care where available;
- (d) Tie provider rate increases to measurable improvements in access to quality care;
- (e) Direct enrollees to quality care systems;
- (f) Better support primary care and provide a medical home to all enrollees through reimbursement policies that create incentives for providers to enter and remain in primary care practice and that address disparities in payment between specialty procedures and primary care services; and
- (g) Pay for e-mail consultations, telemedicine, and telehealth where doing so reduces the overall cost of care.

(2) In developing any component of the plan that links payment to health care provider performance, the authority and the department shall work in collaboration with the department of health, health carriers, local public health jurisdictions, physicians and other health care providers, the Puget Sound health alliance, and other purchasers.

(3) The plan shall (a) identify any existing barriers and opportunities to support implementation, including needed changes to state or federal law; (b) identify the goals the plan is intended to achieve and how progress toward those goals will be measured; and (c) be submitted to the governor and the legislature upon completion. The agencies shall report to the legislature by September 1, 2007. Any component of the plan that links payment to health care provider performance must be submitted to the legislature for consideration prior to implementation by the department or the authority.

NEW SECTION. Sec. 2. A new section is added to chapter 41.05 RCW to read as follows:

(1) The legislature finds that there is growing evidence that, for preference-sensitive care involving elective surgery, patient-practitioner communication is improved through the use of high-quality decision aids that detail the benefits, harms, and uncertainty of available treatment options. Improved communication leads to more fully informed patient decisions. The legislature intends to increase the extent to which patients make genuinely informed, preference-based treatment decisions, by promoting public/private collaborative efforts to broaden the development, certification, use, and evaluation of effective decision aids and by recognition of shared decision making and patient decision aids in the state's laws on informed consent.

(2) The health care authority shall implement a shared decision-making demonstration project. The demonstration project shall be conducted at one or more multispecialty group practice sites providing state purchased health care in the state of Washington, and may include other practice sites providing

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

state purchased health care. The demonstration project shall include the following elements:

(a) Incorporation into clinical practice of one or more decision aids for one or more identified preference-sensitive care areas combined with ongoing training and support of involved practitioners and practice teams, preferably at sites with necessary supportive health information technology;

(b) An evaluation of the impact of the use of shared decision making with decision aids, including the use of preference-sensitive health care services selected for the demonstration project and expenditures for those services, the impact on patients, including patient understanding of the treatment options presented and concordance between patient values and the care received, and patient and practitioner satisfaction with the shared decision-making process; and

(c) As a condition of participating in the demonstration project, a participating practice site must bear the cost of selecting, purchasing, and incorporating the chosen decision aids into clinical practice.

(3) The health care authority may solicit and accept funding and in-kind contributions to support the demonstration and evaluation, and may scale the evaluation to fall within resulting resource parameters.

Sec. 3. RCW 7.70.060 and 1975-'76 2nd ex.s. c 56 s 11 are each amended to read as follows:

(1) If a patient while legally competent, or his or her representative if he or she is not competent, signs a consent form which sets forth the following, the signed consent form shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by a preponderance of the evidence:

((+)) (a) A description, in language the patient could reasonably be expected to understand, of:

((+)) (i) The nature and character of the proposed treatment;

((+)) (ii) The anticipated results of the proposed treatment;

((+)) (iii) The recognized possible alternative forms of treatment; and

((+)) (iv) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment and in the recognized possible alternative forms of treatment, including nontreatment;

((+)) (b) Or as an alternative, a statement that the patient elects not to be informed of the elements set forth in (a) of this subsection ((+) of this section).

(2) If a patient while legally competent, or his or her representative if he or she is not competent, signs an acknowledgement of shared decision making as described in this section, such acknowledgement shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by clear and convincing evidence. An acknowledgement of shared decision making shall include:

(a) A statement that the patient, or his or her representative, and the health care provider have engaged in shared decision making as an alternative means of meeting the informed consent requirements set forth by laws, accreditation standards, and other mandates;

(b) A brief description of the services that the patient and provider jointly have agreed will be furnished;

SUSTAINABILITY AND ACCESS TO PUBLIC PROGRAMS

NEW SECTION. Sec. 23. (1) The department of social and health services shall develop a series of options that require federal waivers and state plan amendments to expand coverage and leverage federal and state resources for the state's basic

health program, for the medical assistance program, as codified at Title XIX of the federal social security act, and the state's children's health insurance program, as codified at Title XXI of the federal social security act. The department shall propose options including but not limited to:

(a) Offering alternative benefit designs to promote high quality care, improve health outcomes, and encourage cost-effective treatment options and redirect savings to finance additional coverage;

(b) Creation of a health opportunity account demonstration program for individuals eligible for transitional medical benefits. When a participant in the health opportunity account demonstration program satisfies his or her deductible, the benefits provided shall be those included in the medicaid benefit package in effect during the period of the demonstration program; and

(c) Promoting private health insurance plans and premium subsidies to purchase employer-sponsored insurance wherever possible, including federal approval to expand the department's employer-sponsored insurance premium assistance program to enrollees covered through the state's children's health insurance program.

(2) Prior to submitting requests for federal waivers or state plan amendments, the department shall consult with and seek input from stakeholders and other interested parties.

(3) The department of social and health services, in collaboration with the Washington state health care authority, shall ensure that enrollees are not simultaneously enrolled in the state's basic health program and the medical assistance program or the state's children's health insurance program to ensure coverage for the maximum number of people within available funds.

NEW SECTION. Sec. 24. A new section is added to chapter 48.43 RCW to read as follows:

When the department of social and health services determines that it is cost-effective to enroll a person eligible for medical assistance under chapter 74.09 RCW in an employer-sponsored health plan, a carrier shall permit the enrollment of the person in the health plan for which he or she is otherwise eligible without regard to any open enrollment period restrictions.

REINSURANCE

NEW SECTION. Sec. 25. (1) The office of financial management, in collaboration with the office of the insurance commissioner, shall evaluate options and design a state-supported reinsurance program to address the impact of high cost enrollees in the individual and small group health insurance markets, and submit an interim report to the governor and the legislature by December 1, 2007, and a final report, including implementing legislation and supporting information, including financing options, by September 1, 2008. In designing the program, the office of financial management shall:

(a) Estimate the quantitative impact on premium savings, premium stability over time and across groups of enrollees, individual and employer take-up, number of uninsured, and government costs associated with a government-funded stop-loss insurance program, including distinguishing between one-time premium savings and savings in subsequent years. In evaluating the various reinsurance models, evaluate and consider (i) the reduction in total health care costs to the state and private sector, and (ii) the reduction in individual premiums paid by employers, employees, and individuals;

(b) Identify all relevant design issues and alternative options for each issue. At a minimum, the evaluation shall examine (i) a reinsurance corridor of ten thousand dollars to ninety thousand dollars, and a reimbursement of ninety percent; (ii) the impacts of providing reinsurance for all small group products or a subset of products; and (iii) the applicability of a chronic care program such as the approach used by the department of labor and

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

industries with the centers of occupational health and education. Where quantitative impacts cannot be estimated, the office of financial management shall assess qualitative impacts of design issues and their options, including potential disincentives for reducing premiums, achieving premium stability, sustaining/increasing take-up, decreasing the number of uninsured, and managing government's stop-loss insurance costs;

(c) Identify market and regulatory changes needed to maximize the chance of the program achieving its policy goals, including how the program will relate to other coverage programs and markets. Design efforts shall coordinate with other design efforts targeting small group programs that may be directed by the legislature, as well as other approaches examining alternatives to managing risk;

(d) Address conditions under which overall expenditures could increase as a result of a government-funded stop-loss program and options to mitigate those conditions, such as passive versus aggressive use of disease and care management programs by insurers;

(e) Determine whether the Washington state health insurance pool should be retained, and if so, develop options for additional sources of funding;

(f) Evaluate, and quantify where possible, the behavioral responses of insurers to the program including impacts on insurer premiums and practices for settling legal disputes around large claims; and

(g) Provide alternatives for transitioning from the status quo and, where applicable, alternatives for phasing in some design elements, such as threshold or corridor levels, to balance government costs and premium savings.

(2) Within funds specifically appropriated for this purpose, the office of financial management may contract with actuaries and other experts as necessary to meet the requirements of this section.

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or

2007 REGULAR SESSION

for the private room if medically necessary, ~~((but limited to))~~ including no less than a total of one hundred eighty inpatient days in a calendar year, and ~~((limited to))~~ no less than thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(n) Maternity care services;

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

~~((4))~~ (5) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

~~((5))~~ (6) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. ~~((The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however,))~~ No limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

~~((6))~~ (7) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an

individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection ~~((7))~~ (8) of this section.

~~((7))~~ (8)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

~~((8))~~ (9) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

(10) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate. The pool may encourage the use of shared decision making and certified decision aids for preference-sensitive care areas.

Sec. 27. RCW 48.41.160 and 1987 c 431 s 16 are each amended to read as follows:

~~(1) (A pool policy offered under this chapter shall contain provisions under which the pool is obligated to renew the policy until the day on which the individual in whose name the policy is issued first becomes eligible for medicare coverage. At that time, coverage of dependents shall terminate if such dependents are eligible for coverage under a different health plan. Dependents who become eligible for medicare prior to the individual in whose name the policy is issued, shall receive benefits in accordance with RCW 48.41.150) On or before December 31, 2007, the pool shall cancel all existing pool policies and replace them with policies that are identical to the existing policies except for the inclusion of a provision providing for a guarantee of the continuity of coverage consistent with this section. As a means to minimize the number of policy changes for enrollees, replacement policies provided under this subsection also may include the plan modifications authorized in RCW 48.41.100, 48.41.110, and 48.41.120.~~

~~(2) A pool policy shall contain a guarantee of the individual's right to continued coverage, subject to the provisions of subsections (4) and (5) of this section.~~

~~(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or nonrenewing a policy for:~~

- ~~(a) Nonpayment of premium;~~
- ~~(b) Violation of published policies of the pool;~~
- ~~(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medical supplement plan, or a medicare supplement plan or other similar~~

plan offered by a carrier pursuant to federal laws and regulations;

(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the pool;

(f) Covered persons materially breaching the pool policy; or

(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace or discontinue a plan under this subsection (4) until it has completed an evaluation of the impact of replacing the plan upon:

- (i) The cost and quality of care to pool enrollees;
- (ii) Pool financing and enrollment;
- (iii) The board's ability to offer comprehensive and other plans to its enrollees;
- (iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

~~((3))~~ (6) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

Sec. 28. RCW 48.41.200 and 2000 c 79 s 17 are each amended to read as follows:

(1) The pool shall determine the standard risk rate by calculating the average individual standard rate charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state. In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage in the individual market.

(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be as follows:

(a) Maximum rates for a pool indemnity health plan shall be one hundred fifty percent of the rate calculated under subsection (1) of this section;

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

2007 REGULAR SESSION

(b) Maximum rates for a pool care management plan shall be one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(c) Maximum rates for a person eligible for pool coverage pursuant to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-three day period immediately prior to the date of application for pool coverage in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005, where such coverage was continuous for at least eighteen months, shall be:

(i) For a pool indemnity health plan, one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(ii) For a pool care management plan, one hundred ten percent of the rate calculated under subsection (1) of this section.

(3)(a) Subject to (b) and (c) of this subsection:

(i) The rate for any person (~~(aged fifty to sixty-four)~~) whose current gross family income is less than two hundred fifty-one percent of the federal poverty level shall be reduced by thirty percent from what it would otherwise be;

(ii) The rate for any person (~~(aged fifty to sixty-four)~~) whose current gross family income is more than two hundred fifty but less than three hundred one percent of the federal poverty level shall be reduced by fifteen percent from what it would otherwise be;

(iii) The rate for any person who has been enrolled in the pool for more than thirty-six months shall be reduced by five percent from what it would otherwise be.

(b) In no event shall the rate for any person be less than one hundred ten percent of the rate calculated under subsection (1) of this section.

(c) Rate reductions under (a)(i) and (ii) of this subsection shall be available only to the extent that funds are specifically appropriated for this purpose in the omnibus appropriations act.

Sec. 29. RCW 48.41.037 and 2000 c 79 s 36 are each amended to read as follows:

The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from this account shall be used to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Whether the assessment has reached the threshold of seventy cents per insured person per month shall be determined by dividing the total aggregate amount of assessment by the proportion of total assessed members. Thus, stop loss members shall be counted as one-tenth of a whole member in the denominator given that is the amount they are assessed proportionately relative to a fully insured medical member.

Sec. 30. RCW 48.41.100 and 2001 c 196 s 3 are each amended to read as follows:

(1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out ~~(one)~~ two million dollars in benefits;

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under

subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool. (4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted, including examining the eight percent eligibility threshold, eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007.

Sec. 31. RCW 48.41.120 and 2000 c 79 s 14 are each amended to read as follows:

(1) Subject to the limitation provided in subsection (3) of this section, ~~((a))~~ the comprehensive pool policy offered ((in accordance with)) under RCW 48.41.110((3)) (4) shall impose a deductible as provided in this subsection. Deductibles of five hundred dollars and one thousand dollars on a per person per calendar year basis shall initially be offered. The board may authorize deductibles in other amounts. The deductible shall be applied to the first five hundred dollars, one thousand dollars, or other authorized amount of eligible expenses incurred by the covered person.

(2) Subject to the limitations provided in subsection (3) of this section, a mandatory coinsurance requirement shall be imposed ~~at ((the))~~ a rate ~~((of))~~ not to exceed twenty percent of eligible expenses in excess of the mandatory deductible and which supports the efficient delivery of high quality health care services for the medical conditions of pool enrollees.

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

~~((†))~~ (iv) Who resides in an area of the state served by a managed health care system participating in the plan;

~~((†))~~ (v) Whose gross family income at the time of enrollment does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and

~~((†))~~ (vi) Who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan~~(:)~~;

(b) An individual who meets the requirements in (a)(i) through (iv) and (vi) of this subsection and who is a foster parent licensed under chapter 74.15 RCW and whose gross family income at the time of enrollment does not exceed three hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and

(c) To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, (~~"subsidized enrollee" also means~~) an individual, or an individual's spouse or dependent children, who meets the requirements in (a)(i) through ~~((†))~~ (iv) and ~~((†))~~ (vi) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(7) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who is accepted for enrollment by the administrator as provided in RCW 48.43.018, either because the potential enrollee cannot be required to complete the standard health questionnaire under RCW 48.43.018, or, based upon the results of the standard health questionnaire, the potential enrollee would not qualify for coverage under the Washington state health insurance pool; (d) who resides in an area of the state served by a managed health care system participating in the plan; ~~((†))~~ (e) who chooses to obtain basic health care coverage from a particular managed health care system; and ~~((†))~~ (f) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(8) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(9) "Premium" means a periodic payment, (~~based upon gross family income~~) which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee, a nonsubsidized enrollee, or a health coverage tax credit eligible enrollee.

(10) "Rate" means the amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees in the plan and in that system.

Sec. 36. RCW 70.47.060 and 2006 c 343 s 9 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination

2007 REGULAR SESSION

of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from subsidized enrollees under RCW 70.47.020(6)(b). Premiums due for foster parents with gross family income up to two hundred percent of the federal poverty level shall be set at the minimum premium amount charged to enrollees with income below sixty-five percent of the federal poverty level. Premiums due for foster parents with gross family income between two hundred percent and three hundred percent of the federal poverty level shall not exceed one hundred dollars per month.

(c) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

~~((†))~~ (d) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

~~((†))~~ (e) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

~~((e))~~ (f) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize

2007 REGULAR SESSION

periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to give priority to members of the Washington national guard and reserves who served in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation Noble Eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

2007 REGULAR SESSION

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

(20) To give priority in enrollment to persons who disenrolled from the program in order to enroll in medicaid, and subsequently became ineligible for medicaid coverage.

Sec. 37. RCW 48.43.018 and 2004 c 244 s 3 are each amended to read as follows:

(1) Except as provided in (a) through (e) of this subsection, a health carrier may require any person applying for an individual health benefit plan and the health care authority shall require any person applying for nonsubsidized enrollment in the basic health plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's or a basic health plan managed care system's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage or for basic health plan nonsubsidized enrollment is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the

standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan ~~((and, but for the number of persons employed by his or her employer, would have qualified for))~~ or enrollment in the basic health plan as a nonsubsidized enrollee following disenrollment from a health plan that is exempt from continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) ((Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and ~~(ii))~~ The person had at least twenty-four months of continuous group coverage including church plans immediately prior to ((the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage ~~(f))~~ disenrollment; (ii) application is made no more than ninety days prior to the date of ((a qualifying event)) disenrollment; and (iii) the effective date of the individual coverage applied for is the date of ((the qualifying event)) disenrollment, or within ninety days thereafter.

(f) If a person is seeking an individual health benefit plan, completion of the standard health questionnaire shall not be a condition of coverage if: (i) The person had at least twenty-four months of continuous basic health plan coverage under chapter 70.47 RCW immediately prior to disenrollment; and (ii) application for coverage is made within ninety days of disenrollment from the basic health plan. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous basic health plan coverage if application is made no more than ninety days prior to the date of disenrollment and the effective date of the individual coverage applied for is the date of disenrollment, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan and the health care authority, as administrator of basic health plan nonsubsidized coverage, shall not accept the person's application for enrollment as a nonsubsidized enrollee; and

(b) Within fifteen business days of receipt of a completed application, the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage, whichever entity administered the standard health questionnaire, shall accept the person for enrollment if he or she resides within the carrier's or the basic health plan's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 38. RCW 43.70.670 and 2003 c 274 s 2 are each amended to read as follows:

(1) "Human immunodeficiency virus insurance program," as used in this section, means a program that provides health insurance coverage for individuals with human immunodeficiency virus, as defined in RCW 70.24.017(7), who are not eligible for medical assistance programs from the department of social and health services as defined in RCW 74.09.010(8) and meet eligibility requirements established by the department of health.

(2) The department of health may pay for health insurance coverage on behalf of persons with human immunodeficiency virus, who meet department eligibility requirements, and who are eligible for "continuation coverage" as provided by the federal consolidated omnibus budget reconciliation act of 1985, group health insurance policies, or individual policies. ~~((The number of insurance policies supported by this program in the Washington state health insurance pool as defined in RCW 48.41.030(18) shall not grow beyond the July 1, 2003, level.))~~

PREVENTION AND HEALTH PROMOTION

NEW SECTION. Sec. 39. (1) The Washington state health care authority, the department of social and health services, the department of labor and industries, and the department of health shall, by September 1, 2007, develop a five-year plan to integrate disease and accident prevention and health promotion into state purchased health programs that they administer by:

(a) Structuring benefits and reimbursements to promote healthy choices and disease and accident prevention;

(b) Encouraging enrollees in state health programs to complete a health assessment, and providing appropriate follow up;

(c) Reimbursing for cost-effective prevention activities; and

(d) Developing prevention and health promotion contracting standards for state programs that contract with health carriers.

2007 REGULAR SESSION

(2) The plan shall: (a) Identify any existing barriers and opportunities to support implementation, including needed changes to state or federal law; (b) identify the goals the plan is intended to achieve and how progress towards those goals will be measured and reported; and (c) be submitted to the governor and the legislature upon completion.

Sec. 40. RCW 41.05.540 and 2005 c 360 s 8 are each amended to read as follows:

(1) The health care authority, in coordination with ~~((the department of personnel,))~~ the department of health, health plans participating in public employees' benefits board programs, and the University of Washington's center for health promotion, ~~((may create a worksite health promotion program to develop and implement initiatives designed to increase physical activity and promote improved self-care and engagement in health care decision-making among state employees.))~~

~~((2) The health care authority shall report to the governor and the legislature by December 1, 2006, on progress in implementing, and evaluating the results of, the worksite health promotion program)) shall establish and maintain a state employee health program focused on reducing the health risks and improving the health status of state employees, dependents, and retirees enrolled in the public employees' benefits board. The program shall use public and private sector best practices to achieve goals of measurable health outcomes, measurable productivity improvements, positive impact on the cost of medical care, and positive return on investment. The program shall establish standards for health promotion and disease prevention activities, and develop a mechanism to update standards as evidence-based research brings new information and best practices forward.~~

~~((2) The state employee health program shall:~~

~~((a) Provide technical assistance and other services as needed to wellness staff in all state agencies and institutions of higher education;~~

~~((b) Develop effective communication tools and ongoing training for wellness staff;~~

~~((c) Contract with outside vendors for evaluation of program goals;~~

~~((d) Strongly encourage the widespread completion of online health assessment tools for all state employees, dependents, and retirees. The health assessment tool must be voluntary and confidential. Health assessment data and claims data shall be used to:~~

~~((3) The health care authority shall report to the legislature in December 2008 and December 2010 on outcome goals for the employee health program.~~

NEW SECTION. Sec. 41. A new section is added to chapter 41.05 RCW to read as follows:

(1) The health care authority through the state employee health program shall implement a state employee health demonstration project. The agencies selected must: (a) Show a high rate of health risk assessment completion; (b) document an infrastructure capable of implementing employee health programs using current and emerging best practices; (c) show evidence of senior management support; and (d) together employ a total of no more than eight thousand employees who are enrolled in health plans of the public employees' benefits board. Demonstration project agencies shall operate employee health programs for their employees in collaboration with the state employee health program.

(2) Agency demonstration project employee health programs:

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

2007 REGULAR SESSION

(a) Shall include but are not limited to the following key elements: Outreach to all staff with efforts made to reach the largest percentage of employees possible; awareness-building information that promotes health; motivational opportunities that encourage employees to improve their health; behavior change opportunities that demonstrate and support behavior change; and tools to improve employee health care decisions;

(c) Shall initiate and maintain employee health programs using current and emerging best practices in the field of health promotion;

(d) May offer employees such incentives as cash for completing health risk assessments, free preventive screenings, training in behavior change tools, improved nutritional standards on agency campuses, bike racks, walking maps, on-site weight reduction programs, and regular communication to promote personal health awareness.

(3) The state employee health program shall evaluate each of the four programs separately and compare outcomes for each of them with the entire state employee population to assess effectiveness of the programs. Specifically, the program shall measure at least the following outcomes in the demonstration population: The reduction in the percent of the population that is overweight or obese, the reduction in risk factors related to diabetes, the reduction in risk factors related to absenteeism, the reduction in tobacco consumption, the reduction in high blood pressure and high cholesterol, and the increase in appropriate use of preventive health services. The state employee health program shall report to the legislature in December 2008 and December 2010 on the demonstration project.

(4) This section expires June 30, 2011.

PRESCRIPTION MONITORING PROGRAM

NEW SECTION. Sec. 42. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Controlled substance" has the meaning provided in RCW 69.50.101.

(2) "Department" means the department of health.

(3) "Patient" means the person or animal who is the ultimate user of a drug for whom a prescription is issued or for whom a drug is dispensed.

(4) "Dispenser" means a practitioner or pharmacy that delivers a Schedule II, III, IV, or V controlled substance to the ultimate user, but does not include:

(a) A practitioner or other authorized person who administers, as defined in RCW 69.41.010, a controlled substance; or

(b) A licensed wholesale distributor or manufacturer, as defined in chapter 18.64 RCW, of a controlled substance.

NEW SECTION. Sec. 43. (1) When sufficient funding is provided for such purpose through federal or private grants, or is appropriated by the legislature, the department shall establish and maintain a prescription monitoring program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the board of pharmacy as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and over-prescribing of controlled substances, and improving controlled substance prescribing practices with the intent of eventually establishing an electronic database available in real time to dispensers and prescribers of control substances. As much as possible, the department should establish a common database with other states.

(2) Except as provided in subsection (4) of this section, each dispenser shall submit to the department by electronic means

information regarding each prescription dispensed for a drug included under subsection (1) of this section. Drug prescriptions for more than immediate one day use should be reported. The information submitted for each prescription shall include, but not be limited to:

- (a) Patient identifier;
- (b) Drug dispensed;
- (c) Date of dispensing;
- (d) Quantity dispensed;
- (e) Prescriber; and
- (f) Dispenser.

(3) Each dispenser shall submit the information in accordance with transmission methods established by the department.

(4) The data submission requirements of this section do not apply to:

(a) Medications provided to patients receiving inpatient services provided at hospitals licensed under chapter 70.41 RCW; or patients of such hospitals receiving services at the clinics, day surgery areas, or other settings within the hospital's license where the medications are administered in single doses; or

(b) Pharmacies operated by the department of corrections for the purpose of providing medications to offenders in department of corrections institutions who are receiving pharmaceutical services from a department of corrections pharmacy, except that the department of corrections must submit data related to each offender's current prescriptions for controlled substances upon the offender's release from a department of corrections institution.

(5) The department shall seek federal grants to support the activities described in this act. The department may not require a practitioner or a pharmacist to pay a fee or tax specifically dedicated to the operation of the system.

NEW SECTION. Sec. 44. To the extent that funding is provided for such purpose through federal or private grants, or is appropriated by the legislature, the health care authority shall study the feasibility of enhancing the prescription monitoring program established in section 43 of this act in order to improve the quality of state purchased health services by reducing legend drug abuse, reducing duplicative and overprescribing of legend drugs, and improving legend drug prescribing practices. The study shall address the steps necessary to expand the program to allow those who prescribe or dispense prescription drugs to perform a web-based inquiry and obtain real time information regarding the legend drug utilization history of persons for whom they are providing medical or pharmaceutical care when such persons are receiving health services through state purchased health care programs.

In addition, the office shall facilitate access to health care data collected by public and private organizations as needed to conduct its planning responsibilities.

(2) The office shall:

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

2007 REGULAR SESSION

(a) Conduct strategic health planning activities related to the preparation of the strategy, as specified in this chapter;

(b) Develop a computerized system for accessing, analyzing, and disseminating data relevant to strategic health planning responsibilities. The office may contract with an organization to create the computerized system capable of meeting the needs of the office;

(c) Maintain access to deidentified data collected and stored by any public and private organizations as necessary to support its planning responsibilities, including state-purchased health care program data, hospital discharge data, and private efforts to collect utilization and claims-related data. The office is authorized to enter into any data sharing agreements and contractual arrangements necessary to obtain data or to distribute data. Among the sources of deidentified data that the office may access are any databases established pursuant to the recommendations of the health information infrastructure advisory board established by chapter 261, Laws of 2005. The office may store limited data sets as necessary to support its activities. Unless specifically authorized, the office shall not collect data directly from the records of health care providers and health care facilities, but shall make use of databases that have already collected such information; and

(d) Conduct research and analysis or arrange for research and analysis projects to be conducted by public or private organizations to further the purposes of the strategy.

(3) The office shall establish a technical advisory committee to assist in the development of the strategy. Members of the committee shall include health economists, health planners, representatives of government and nongovernment health care purchasers, representatives of state agencies that use or regulate entities with an interest in health planning, representatives of acute care facilities, representatives of long-term care facilities, representatives of community-based long-term care providers, representatives of health care providers, a representative of one or more federally recognized Indian tribes, and representatives of health care consumers. The committee shall include members with experience in the provision of health services to rural communities.

NEW SECTION. Sec. 52. (1) The office, in consultation with the technical advisory committee established under section 51 of this act, shall develop a statewide health resources strategy. The strategy shall establish statewide health planning policies and goals related to the availability of health care facilities and services, quality of care, and cost of care. The strategy shall identify needs according to geographic regions suitable for comprehensive health planning as designated by the office.

(2) The development of the strategy shall consider the following general goals and principles:

(a) That excess capacity of health services and facilities place considerable economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance purchasers, carriers, and taxpayers; and

(b) That the development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care, as well as projections of need for health facilities and services, are essential to effective strategic health planning.

(3) The strategy, with public input by health service areas, shall include:

(a) A health system assessment and objectives component that:

(i) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs; and

(ii) Identifies key policy objectives for the state health system related to access to care, health outcomes, quality, and cost-effectiveness;

(b) A health care facilities and services plan that shall assess the demand for health care facilities and services to inform state

health planning efforts and direct certificate of need determinations, for those facilities and services subject to certificate of need as provided in chapter 70.38 RCW. The plan shall include:

(i) An inventory of each geographic region's existing health care facilities and services;

(ii) Projections of need for each category of health care facility and service, including those subject to certificate of need;

(iii) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, standards, and methods relevant to the certificate of need review process; and

(iv) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region;

(c) A health care data resource plan that identifies data elements necessary to properly conduct planning activities and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall inventory existing data resources, both public and private, that store and disclose information relevant to the health planning process, including information necessary to conduct certificate of need activities pursuant to chapter 70.38 RCW. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor and the appropriate committees of the senate and house of representatives by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment.

NEW SECTION. Sec. 53. The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need.

NEW SECTION. Sec. 54. (1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence.

Sec. 55. RCW 70.38.015 and 1989 1st ex.s. c 9 s 601 are each amended to read as follows:

It is declared to be the public policy of this state:

(1) That strategic health planning ((to)) efforts must be supported by appropriately tailored regulatory activities that can effectuate the goals and principles of the statewide health resources strategy developed pursuant to chapter 43-- RCW (sections 50 through 54 of this act). The implementation of the strategy can promote, maintain, and assure the health of all citizens in the state, ((to)) provide accessible health services, health manpower, health facilities, and other resources while controlling ((excessive)) increases in costs, and ((to)) recognize prevention as a high priority in health programs((is essential to the health, safety, and welfare of the people of the state. Health planning should be responsive to changing health and social needs and conditions)). Involvement in health planning from both consumers and providers throughout the state should be encouraged;

(2) ~~(That the development of health services and resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities and without unnecessary duplication or fragmentation))~~ That the certificate of need program is a component of a health planning regulatory process that is consistent with the statewide health resources strategy and public policy goals that are clearly articulated and regularly updated;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition; and

(5) That health planning should be concerned with public health and health care financing, access, and quality, recognizing their close interrelationship and emphasizing cost control of health services, including cost-effectiveness and cost-benefit analysis.

NEW SECTION. Sec. 56. (1) For the purposes of this section and RCW 70.38.015 and 70.38.135, "statewide health resource strategy" or "strategy" means the statewide health resource strategy developed by the office of financial

management pursuant to chapter 43-- RCW (sections 50 through 54 of this act).

(2) Effective January 1, 2010, for those facilities and services covered by the certificate of need programs, certificate of need determinations must be consistent with the statewide health resources strategy developed pursuant to section 52 of this act, including any health planning policies and goals identified in the statewide health resources strategy in effect at the time of application. The department may waive specific terms of the strategy if the applicant demonstrates that consistency with those terms will create an undue burden on the population that a particular project would serve, or in emergency circumstances which pose a threat to public health.

Sec. 57. RCW 70.38.135 and 1989 1st ex.s. c 9 s 607 are each amended to read as follows:

(2) Make or cause to be made such on-site surveys of health care or medical facilities as may be necessary for the administration of the certificate of need program;

(3) Upon review of recommendations, if any, from the board of health or the office of financial management as contained in the Washington health resources strategy:

(a) Promulgate rules under which health care facilities providers doing business within the state shall submit to the department such data related to health and health care as the department finds necessary to the performance of its functions under this chapter;

(b) Promulgate rules pertaining to the maintenance and operation of medical facilities which receive federal assistance under the provisions of Title XVI;

(c) Promulgate rules in implementation of the provisions of this chapter, including the establishment of procedures for public hearings for predecisions and post-decisions on applications for certificate of need;

(d) Promulgate rules providing circumstances and procedures of expedited certificate of need review if there has not been a significant change in existing health facilities of the same type or in the need for such health facilities and services;

(4) Grant allocated state funds to qualified entities, as defined by the department, to fund not more than seventy-five percent of the costs of regional planning activities, excluding costs related to review of applications for certificates of need, provided for in this chapter or approved by the department; and

(5) Contract with and provide reasonable reimbursement for qualified entities to assist in determinations of certificates of need.

HEALTH INSURANCE PARTNERSHIP

Sec. 58. RCW 70.47A.030 and 2006 c 255 s 3 are each amended to read as follows:

(1) To the extent funding is appropriated in the operating budget for this purpose, the ~~((small employer))~~ health insurance partnership ~~((program))~~ is established. The administrator shall be responsible for the implementation and operation of the ~~((small employer))~~ health insurance partnership ~~((program))~~, directly or by contract. The administrator shall offer premium subsidies to eligible ~~((employees))~~ partnership participants under RCW 70.47A.040.

(2) Consistent with policies adopted by the board under section 59 of this act, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership. Opportunities to publicize the program for

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

outreach and education of small employers on the value of insurance shall explore the use of online employer guides. As a condition of participating in the partnership, a small employer must agree to establish a cafeteria plan under section 125 of the federal internal revenue code that will enable employees to use pretax dollars to pay their share of their health benefit plan premium. The partnership shall provide technical assistance to small employers for this purpose;

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law. Neither the employer nor the partnership shall limit an employee's choice of coverage from among all the health benefit plans offered;

(c) Establish and manage a system for the partnership to be designated as the sponsor or administrator of a participating small employer health benefit plan and to undertake the obligations required of a plan administrator under federal law;

(d) Establish and manage a system of collecting and transmitting to the applicable carriers all premium payments or contributions made by or on behalf of partnership participants, including employer contributions, automatic payroll deductions for partnership participants, premium subsidy payments, and contributions from philanthropies;

(e) Establish and manage a system for determining eligibility for and making premium subsidy payments under this act;

(f) Establish a mechanism to apply a surcharge to all health benefit plans, which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans offered through the partnership and must be included in the premium for each health benefit plan. Surcharges may not be used to pay any premium assistance payments under this chapter;

(g) Design a schedule of premium subsidies that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members based on a benchmark health benefit plan designated by the board. The amount of an eligible partnership participant's premium subsidy shall be determined by applying a sliding scale subsidy schedule with the percentage of premium similar to that developed for subsidized basic health plan enrollees under RCW 70.47.060. The subsidy shall be applied to the employee's premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(3) The administrator may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.

NEW SECTION. Sec. 59. A new section is added to chapter 70.47A RCW to read as follows:

- (c) Four employee health plan benefits specialists; and
- (d) The administrator.

(2) The governor shall appoint the initial members of the board to staggered terms not to exceed four years. Initial appointments shall be made on or before June 1, 2007. Members appointed thereafter shall serve two-year terms. Members of the board shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060. The board shall prescribe rules for the conduct of its business. The administrator shall be chair of the board. Meetings of the board shall be at the call of the chair.

2007 REGULAR SESSION

(3) The board may establish technical advisory committees or seek the advice of technical experts when necessary to execute the powers and duties included in this section.

(4) The board and employees of the board shall not be civilly or criminally liable and shall not have any penalty or cause of action of any nature arise against them for any action taken or not taken, including any discretionary decision or failure to make a discretionary decision, when the action or inaction is done in good faith and in the performance of the powers and duties under this chapter. Nothing in this section prohibits legal actions against the board to enforce the board's statutory or contractual duties or obligations.

PUBLIC HEALTH

NEW SECTION. Sec. 60. A new section is added to chapter 43.70 RCW to read as follows:

(1) Protecting the public's health across the state is a fundamental responsibility of the state. With any new state funding of the public health system as appropriated for the purposes of sections 60 through 65 of this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. A transparent process that shows the impact of increased public health spending on performance measures related to the health outcomes in subsection (2) of this section is of great value to the state and its residents. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

(2) Subject to the availability of amounts appropriated for the purposes of sections 60 through 65 of this act, distributions to local health jurisdictions shall deliver the following outcomes:

- (a) Create a disease response system capable of responding at all times;
- (b) Stop the increase in, and reduce, sexually transmitted disease rates;
- (c) Reduce vaccine preventable diseases;
- (d) Build capacity to quickly contain disease outbreaks;
- (e) Decrease childhood and adult obesity and types I and II diabetes rates, and resulting kidney failure and dialysis;
- (f) Increase childhood immunization rates;
- (g) Improve birth outcomes and decrease child abuse;
- (h) Reduce animal-to-human disease rates; and
- (i) Monitor and protect drinking water across jurisdictional boundaries.

(3) Benchmarks for these outcomes shall be drawn from the national healthy people 2010 goals, other reliable data sets, and any subsequent national goals.

NEW SECTION. Sec. 61. A new section is added to chapter 43.70 RCW to read as follows:

The definitions in this section apply throughout sections 60 through 65 of this act unless the context clearly requires otherwise.

(1) "Core public health functions of statewide significance" or "public health functions" means health services that:

(a) Address: Communicable disease prevention and response; preparation for, and response to, public health emergencies caused by pandemic disease, earthquake, flood, or terrorism; prevention and management of chronic diseases and disabilities; promotion of healthy families and the development of children; assessment of local health conditions, risks, and trends, and evaluation of the effectiveness of intervention efforts; and environmental health concerns;

(b) Promote uniformity in the public health activities conducted by all local health jurisdictions in the public health system, increase the overall strength of the public health system, or apply to broad public health efforts; and

(c) If left neglected or inadequately addressed, are reasonably likely to have a significant adverse impact on counties beyond the borders of the local health jurisdiction.

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

(2) "Local health jurisdiction" or "jurisdiction" means a county board of health organized under chapter 70.05 RCW, a health district organized under chapter 70.46 RCW, or a combined city and county health department organized under chapter 70.08 RCW.

NEW SECTION. Sec. 62. A new section is added to chapter 43.70 RCW to read as follows:

(1) The department shall accomplish the tasks included in subsection (2) of this section by utilizing the expertise of varied interests, as provided in this subsection.

(a) In addition to the perspectives of local health jurisdictions, the state board of health, the Washington health foundation, and department staff that are currently engaged in development of the public health services improvement plan under RCW 43.70.520, the secretary shall actively engage:

(i) Individuals or entities with expertise in the development of performance measures, accountability and systems management, such as the University of Washington school of public health and community medicine, and experts in the development of evidence-based medical guidelines or public health practice guidelines; and

(ii) Individuals or entities who will be impacted by performance measures developed under this section and have relevant expertise, such as community clinics, public health nurses, large employers, tribal health providers, family planning providers, and physicians.

(b) In developing the performance measures, consideration shall be given to levels of performance necessary to promote uniformity in core public health functions of statewide significance among all local health jurisdictions, best scientific evidence, national standards of performance, and innovations in public health practice. The performance measures shall be developed to meet the goals and outcomes in section 60 of this act. The office of the state auditor shall provide advice and consultation to the committee to assist in the development of effective performance measures and health status indicators.

(c) On or before November 1, 2007, the experts assembled under this section shall provide recommendations to the secretary related to the activities and services that qualify as core public health functions of statewide significance and performance measures. The secretary shall provide written justification for any departure from the recommendations.

(2) By January 1, 2008, the department shall:

(a) Adopt a prioritized list of activities and services performed by local health jurisdictions that qualify as core public health functions of statewide significance as defined in section 61 of this act; and

(b) Adopt appropriate performance measures with the intent of improving health status indicators applicable to the core public health functions of statewide significance that local health jurisdictions must provide.

(3) The secretary may revise the list of activities and the performance measures in future years as appropriate. Prior to modifying either the list or the performance measures, the secretary must provide a written explanation of the rationale for such changes.

(4) The department and the local health jurisdictions shall abide by the prioritized list of activities and services and the performance measures developed pursuant to this section.

(5) The department, in consultation with representatives of county governments, shall provide local jurisdictions with financial incentives to encourage and increase local investments in core public health functions. The local jurisdictions shall not supplant existing local funding with such state-incented resources.

NEW SECTION. Sec. 63. A new section is added to chapter 43.70 RCW to read as follows:

Beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds to local health jurisdictions under sections 60 through 65 of this act and the use of those funds. The initial report must

2007 REGULAR SESSION

discuss the performance measures adopted by the secretary and any impact the funding in this act has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time.

Sec. 64. RCW 43.70.520 and 1993 c 492 s 467 are each amended to read as follows:

(1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system. The legislature further finds that public health nurses and nursing services are an essential part of our public health system, delivering evidence-based care and providing core services including prevention of illness, injury, or disability; the promotion of health; and maintenance of the health of populations.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances:

(i) Enumeration of communities not meeting those standards;

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services.

NEW SECTION. Sec. 65. A new section is added to chapter 43.70 RCW to read as follows:

(1) Each local health jurisdiction shall submit to the secretary such data as the secretary determines is necessary to allow the secretary to assess whether the local health jurisdiction has used the funds in a manner consistent with achieving the performance measures in section 62 of this act.

(2) If the secretary determines that the data submitted demonstrates that the local health jurisdiction is not spending the funds in a manner consistent with achieving the performance measures, the secretary shall:

(a) Provide a report to the governor identifying the local health jurisdiction and the specific items that the secretary identified as inconsistent with achieving the performance measures; and

(b) Require that the local health jurisdiction submit a plan of correction to the secretary within sixty days of receiving notice from the secretary, which explains the measures that the jurisdiction will take to resume spending funds in a manner consistent with achieving the performance measures. The secretary shall provide technical assistance to the local health jurisdiction to support the jurisdiction in successfully completing the activities included in the plan of correction.

(3) Upon a determination by the secretary that a local health jurisdiction that had previously been identified as not spending the funds in a manner consistent with achieving the performance measures has resumed consistency, the secretary shall notify the governor that the jurisdiction has returned to consistent status.

(4) Any local health jurisdiction that has not resumed spending funds in a manner consistent with achieving the performance measures within one year of the secretary reporting the jurisdiction to the governor shall be precluded from receiving any funds appropriated for the purposes of sections 60 through 65 of this act. Funds may resume once the local health jurisdiction has demonstrated to the satisfaction of the secretary that it has returned to consistent status.

Sec. 66. RCW 70.48.130 and 1993 c 409 s 1 are each amended to read as follows:

It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the department of social and health services, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

Payment for emergency or necessary health care shall be by the governing unit, except that the department of social and health services shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the department, if the confined person is eligible under the department's medical care programs as authorized

under chapter 74.09 RCW. After payment by the department, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the department for similar services provided under Title XIX Medicaid, unless additional resources are obtained from the confined person.

As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the department, the governing unit, and any provider of health care services.

The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the department's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government (~~whose law enforcement officers~~) that initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

There shall be no right of reimbursement to the governing unit from units of government (~~whose law enforcement officers~~) that initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

NEW SECTION. Sec. 67. The following acts or parts of acts are each repealed:

(1) RCW 70.38.919 (Effective date--State health plan--1989 1st ex.s. c 9) and 1989 1st ex.s. c 9 s 610; and

(2) 2006 c 255 s 10 (uncodified).

NEW SECTION. Sec. 68. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 69. Sections 42 through 48 of this act constitute a new chapter in Title 70 RCW.

Correct the title.

And the bill do pass as recommended by the conference committee.

Signed by Senators Franklin and Keiser; Representatives Cody and Morrell.

MOTION

Senator Keiser moved that the Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 5930 be adopted.

POINT OF ORDER

Senator Schoesler: "Thank you Mr. President. Before us we have a very substantive public policy issue. I believe that the conference committee is not properly before us and I have some arguments on this. Mr. President, Joint Rule 20 provides that no floor vote may be taken on any conference committee report without a distribution to all members of a summary of additions, changes and deletions made by the conference committee with a reference in each instance to the page and line number or numbers in the report containing said actions, additions, changes or deletions. The clerk and secretary shall place a report on the members as soon as possible. We have no summary on our desk and therefore we can not know what exactly what we are voting on. I am objecting at my first opportunity and I believe there's a continuing violation of Joint Rule 20. For these reasons, I believe the conference committee report offered is not properly before us and I respectfully request a ruling on this matter."

Senator Keiser spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: "In ruling on the point of order raised by Senator Schoesler, the President will note that he believes that the members did receive the opportunity to review the summary. However, the summary is not totally complete. It's not

necessary for each member to be handed this, in the President's opinion, on the floor of the Senate but to have the opportunity to have had it provided to them-for instance, in caucus. However, in looking at the report that was provided and looking at the very specific rule, there's one thing missing. That's the line item. If you can correct that and provide it to the members, the line item of the additions or deletions, then that will satisfy the rule and the point of order will be moot at that point. At this point, the point is well taken."

PARLIAMENTARY INQUIRY

Senator Eide: "Regarding the line item, are you talking the line item on the summary?"

REPLY BY THE PRESIDENT

President Owen: "The rule provides, if you read the rule, that you are to provide a summary of the changes, additions, deletions and the line item that is line number, not line item, line number, the page and line number. This has the section. It doesn't have, specifically, the page and the line number. So, therefore, being very technical, this does not meet that criteria."

PARLIAMENTARY INQUIRY

Senator Eide: "Ok, if I may, Mr. President just to make it very clear. We have the bill before us on the floor. We have the summary. We just need to change that one item you're speaking of and then we can bring the bill back before us?"

RULING BY THE PRESIDENT

President Owen: "That is, the rule specifically says, 'no floor vote may be taken on any conference committee report without a distribution to all members of a summary of additions, changes and deletions made by the conference committee with a reference in each instance to the page and line number or numbers in the report containing said additions, changes or deletions.' That is your rule."

POINT OF ORDER

Senator Schoesler: "On your ruling Mr. President? Mr. President, you mentioned the requirements to satisfy the rules. The question I have before you is that the comparison sheet you have referenced did not include Engrossed Substitute Senate Bill No. 5930 as a Senate version as a comparison to compare those changes. Would it require it to match up there as well?"

REPLY BY THE PRESIDENT

President Owen: "Senator Schoesler, the comparison we have has both the Senate bill and the House striker. You will be provided with that when it is done and when you are provided with that that will meet the requirement of the rule."

PERSONAL PRIVILEGE

Senator Keiser: "I would like to extend my appreciation and thanks to the staff who are busily working off the chamber floor to provide the detail that's been requested on this important bill. Particular, Health & Long Term Care Committee Staff, Mich'l Needham and Rhoda Donkin and caucus staff David Hanig, for work, I guess I'd say, above and beyond what we were

ONE-HUNDRED FOURTH DAY, APRIL 21, 2007

expecting. I want to really extend my thanks and appreciation. Thank you.”

PERSONAL PRIVILEGE

Senator Pflug: “I also wanted to add Jonnell Anderson to that list and express my thanks as well. Then I would also have a point of inquiry, Mr. President.”

POINT OF ORDER

Senator Pflug: “Thank you Mr. President, I believe that the conference committee report is not properly before us and I have some arguments to offer on this Mr. President. Thank you, Mr. President. Joint Rule 17, sub 2 provides that the conference committee delegations shall be conducted in a manner consistent with Senate Rule 45, sub 3. The Senate Rule provides in part during any consideration of a measure the deliberations must be open to the public. The conference committee on Senate Bill No. 5930 did not comply with this requirement. Per Joint Rule 17, sub 3, notice was provided to the public that the conference committee would convene at 4 p.m. on Thursday, April 19. When I arrived at the conference meeting at 4 p.m., the deliberations had been completed, the conference committee report had been printed based on those deliberations and the majority members were in the process of signing the report. I immediately expressed my objections to the members of the committee but this is my first opportunity to register an official objection as there is no chair person in a conference committee. During my comments at the conference committee I was consistently met with responses such as, ‘The Governor would not accept that’. Well, I wouldn’t accept that. Well, we couldn’t agree to that. Making it clear that deliberations had taken place and decisions come to in private prior to the conference committee. The conference rules and the Senate and Joint Rules are adopted to protect the integrity of the process and the open deliberations are crucial to the integrity of our process. We don’t allow decisions of such importance to be made in secret. For these reasons I believe the conference committee report is offered not properly before us and I respectfully request a ruling on this matter.”

Senator Keiser spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Pflug as to whether or not the conference committee report on this measure is properly before us and in compliance with applicable rules, the President finds and rules as follows:

While the President understands that the Senator may be frustrated with the limited opportunity she had to participate in the deliberations on this matter, the President finds that the conference committee did comply with both Joint and Senate Rules, and is therefore, properly before us.”

PERSONAL PRIVILEGE

Senator Franklin: “Thank you Mr. President. I just would like to make a statement in order to clarify some items which was brought up by the Senator from the 6th District. As a part of that conference committee, I was a conferee. The discussion that took place around the table. I need to do this in order and also behalf of the staff that was there that the Senator asks specific questions as it related to items set, are in Engrossed Second

2007 REGULAR SESSION

Substitute Senate Bill No. 5930, specific questions as to what was in the bill, what was taken out, and the staff answered specifically where and where it could be found and pointed where those items could be found that the Senator asked about. So, there was debate and the discussion around the table, asked to the different questions and the questions were openly answered and, of course, she was shown where to find the answers to the questions and what was in the bill. So I need to really clarify that, as a conferee, because before I got the opportunity to stand up and respond then, I didn’t have that time and I need to clarify that.”

The President declared the question before the Senate to be the motion by Senator Keiser that the Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 5930 be adopted.

The motion by Senator Keiser carried and the Report of the Conference Committee was adopted by voice vote.

MOTION

On motion of Senator Brandland, Senator Parlette was excused.

MOTION

On motion of Senator Regala, Senators Marr and Prentice were excused.

Senators Keiser and Franklin spoke in favor of passage of the bill.

Senators Holmquist, Carrell, Pflug and Brandland spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Second Substitute Senate Bill No. 5930, as recommended by the Conference Committee.

The Secretary called the roll on the final passage of Engrossed Second Substitute Senate Bill No. 5930, as recommended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 31; Nays, 17; Absent, 0; Excused, 1.

MR. PRESIDENT:

The House grants the request of Senate for a conference on ENGROSSED SUBSTITUTE SENATE BILL NO. 5339. The Speaker has appointed the following members as Conferees:

Representatives: Simpson, Rolfes, and Curtis. and the same is herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Schoesler that the proposed substitute is beyond the scope and object of Senate Bill 6156, the President finds and rules as follows:

The underlying bill falls into the category of what is commonly known as a title-only bill. These are measures which are introduced without any substantive provisions, but instead contain only generalized language which may be replaced by more specific provisions at a later date. It is fair to say that they are used as a tactic for meeting or even getting around applicable legislative deadlines. Whatever the Constitutional and legal challenges posed by such measures may be, the President must decide the parliamentary propriety of such measures, at least as raised by this scope and object challenge.

The President believes this is a matter of first impression. In the 31 years the President has served in various capacities, he is unaware of this matter ever having been raised. Likewise, a review of years of past precedent of this body reveals no instance where this specific issue has been raised or decided. As a result, the President must provide a thorough rationale both in deciding this particular point and in providing guidance for the body as to future practice.

Applying traditional scope and object analysis to a title-only measure is of limited utility, and it quickly becomes problematic. On the one hand, because there is no substantive language in the bill, it can be argued that almost any subject matter could be properly included except as limited by the title itself, in which case, of course, this language would be proper and within the scope and object of the bill. Such an argument is tenuous, however, because this body has never relied solely on titles in determining scope and object. On the other hand, another argument, and one which is in keeping with past precedent, is to restrict the subject matter to that set forth in the underlying bill, as limited as that may be. Under such an analysis, the proposed substitute before us would be outside the scope and object of the underlying bill.

The President believes, however, that he has a duty to this body to ensure that it is able to conduct and complete its business, and that it is not unreasonable for the body to rely on its past practices when this has been the unchallenged tradition for as long as the President can recall. Accordingly, the President rules that the body may so substitute language which is germane to the overall subject expressed in title-only bills for the remainder of this Session.

In so holding, the President recognizes that this ruling may not perfectly harmonize past rulings with respect to scope and object, but the President believes the greater equities weigh in favor of deferring to past practice. It may be that the body finds it desirable to change its rules for future sessions, or to be more specific as to title-only bills for the future, or even abandon the practice altogether. However the body chooses to order its business for future sessions, the President encourages the body to be cognizant of the limited latitude granted the practice for this Session only.

For these reasons, the President finds that the substitute bill may be considered, but cautions the body as to its use of title-only measures in future Sessions."

MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

The Senate resumed consideration of Substitute Senate Bill No. 6156 which had been deferred earlier in the day..

PARLIAMENTARY INQUIRY

April 6, 2007

Senator Kastama: "At this point do I move Substitute Senate Bill and have it substituted for Senate Bill...?"

REPLY BY THE PRESIDENT

President Owen: "It's already been substituted Senator. At this point, if you so desire, it would be to advance it to third reading and final passage."

MOTION

On motion of Senator Kastama, the rules were suspended, Substitute Senate Bill No. 6156 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Kastama spoke in favor of passage of the bill.
Senator Zarelli spoke against passage of the bill.

POINT OF INQUIRY

Senator Schoesler: "Would the gentleman from the Twenty-Fifth District yield to a question? Senator, we have a large complex budget document on our desks that we're all studying carefully before we adjourn Sine Die. Within this budget, is there any funds specifically for this project or any other project that this bill would pertain to?"

Senator Kastama: "Mr. President, I would like to respond to that. To my knowledge that there is in fact, in fact I have in this piece of legislation it says they can receive state funds. As to, so to answer that question I believe that you are affirmative."

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 6156.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6156 and the bill passed the Senate by the following vote: Yeas, 31; Nays, 16; Absent, 1; Excused, 1.

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5269, with the following amendment: 5269-S.E AMH ORMS KERR 078

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Teaching first peoples' languages, cultures, and oral tribal traditions is a critical factor in fostering successful educational experiences and promoting cultural sensitivity for all students. Experience shows that such teaching dramatically raises student achievement and that the effect is particularly strong for Native American students;

(2) Native American students have the highest high school dropout rate among all groups of students. Less than one-fourth of Native American students in the class of 2008 are on track to graduate based on the results of the Washington assessment of student learning. Positive and supportive educational experiences are critical for the success of Native American students;

(3) The sole expertise of sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington in the transmission of their indigenous languages, heritage, cultural knowledge, histories, customs, and traditions should be honored;

(4) Government-to-government collaboration between the state and the sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington serves to implement the spirit of the 1989 centennial accord and other similar government-to-government agreements, including the 2004 accord between the federally recognized Indian tribes with treaty reserved rights in the state of Washington;

(5) Establishing a first peoples' language, culture, and oral tribal traditions teacher certification program both achieves educational objectives and models effective government-to-government relationships;

(6) Establishing a first peoples' language, culture, and oral tribal traditions certification program implements the following policy objectives of the federal Native American languages act of 1990 (P.L. 101-477) in a tangible way:

(a) To preserve, protect, and promote the rights and freedom of Native Americans to use, practice, and develop Native American languages;

(b) To allow exceptions to teacher certification requirements for federal programs and programs funded in whole or in part by the federal government, for instruction in Native American languages when such teacher certification requirements hinder the employment of qualified teachers who teach in Native American languages, and to encourage state and territorial governments to make similar exceptions;

(c) To encourage and support the use of Native American languages as a medium of instruction in order to encourage and support Native American language survival, educational opportunity, increased student success and performance, increased student awareness and knowledge of their culture and history, and increased student and community pride;

(d) To encourage state and local education programs to work with Native American parents, educators, Indian tribes, and other Native American governing bodies in the implementation of programs to put this policy into effect; and

(e) To encourage all institutions of elementary, secondary, and higher education, where appropriate, to include Native American languages in the curriculum in the same manner as foreign languages and to grant proficiency in Native American

languages the same full academic credit as proficiency in foreign languages;

(7) Establishing a first peoples' language, culture, and oral tribal traditions certification program is consistent with the intent of presidential executive order number 13336 from 2004, entitled "American Indian and Alaska native education," to assist students in meeting the challenging student academic standards of the no child left behind act of 2001 (P.L. 107-110) in a manner that is consistent with tribal traditions, languages, and cultures.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:

(1) The Washington state first peoples' language, culture, and oral tribal traditions teacher certification program is established. The professional educator standards board shall adopt rules to implement the program in collaboration with the sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington, including the tribal leader congress on education and the first peoples' language and culture committee. The collaboration required under this section shall be defined by a protocol for cogovernance in first peoples' language, culture, and oral tribal traditions education developed by the professional educator standards board, the office of the superintendent of public instruction, and the sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington.

(2) Any sovereign tribal government whose traditional lands and territories lie within the borders of the state of Washington may participate individually on a government-to-government basis in the program.

(3) Under the first peoples' language, culture, and oral tribal traditions teacher certification program:

(a) Only a participating sovereign tribal government may certify individuals who meet the tribe's criteria for certification as a teacher in the Washington state first peoples' language, culture, and oral tribal traditions teacher certification program. Tribal law enforcement agencies and the Washington state patrol shall enter into government to government negotiations regarding the exchange of background information on applicants for certification. The office of the superintendent of public instruction shall not authorize or accept a certificate or endorsement in Washington state first peoples' language, culture, and oral tribal traditions without certification from a participating sovereign tribal government and without conducting a record check of an individual applying for certification as required under RCW 28A.410.010;

(b) For each teacher to be certified in the program, the participating sovereign tribal government shall submit information and documentation necessary for the issuance of a state certificate, as defined by rule, to the office of the superintendent of public instruction;

(c) A Washington state first peoples' language, culture, and oral tribal traditions teacher certificate serves as a subject area endorsement in first peoples' language, culture, and oral tribal traditions. The holder of a Washington state first peoples' language, culture, and oral tribal traditions teacher certificate who does not also hold an initial, residency, continuing, or professional teaching certificate authorized by the professional educator standards board may be assigned to teach only the languages, cultures, and oral tribal traditions designated on the certificate and no other subject;

I believe that are at least three tribes that has not signed the Centennial Accords. So, how are we going to have government to government relations with those three tribes?"

Senator McAuliffe: "Thank you Senator Honeyford. I can get back to you with the answer to that question. Currently, you must understand, that if we do not have an accord signed, that is true, this is a sovereign nation and we could not require them to form government-to-government relations. You are correct in that. However, I want you to know that with all good faith we are moving forward and making sure that we do have understandings about those tribes who belong to the accord and who will have background checks on their tribes and tribal lands and be able to share that with us. That is the walk we are taking right now. Currently we have teachers in our schools that are now teaching. This is a good thing to do. This is a first great step."
