The Declaration of Independence

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good. He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained, and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places, unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the meantime exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.

He has kept among us, in times of peace, Standing Armies, without the Consent of our legislatures.

He has affected to render the Military independent of and superior to the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation: For quartering large bodies of armed troops among us: For protecting them by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: For cutting off our Trade with all parts of the world: For imposing Taxes on us without our Consent: For depriving us in many cases of the benefits of Trial by Jury: For transporting us beyond Seas to be tried for pretended offenses: For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary govern-

ment, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: For taking away our Charters, abolishing our most valuable Laws and altering fundamentally the Forms of our Governments: For suspending our own Legislatures and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated Government here by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have petitioned for Redress in the most humble terms. Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have We been wanting in attention to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, THEREFORE, the Representatives of the United States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be, Free and Independent States: that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

Preamble

We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America

Articles

Article I

Section 1. Legislative Powers. All legislative powers herein granted shall be vested in a congress of the United States, which shall consist of a senate and house of representatives.

Section 2. House of Representatives, how constituted, power of impeachment. The house of representatives shall be composed of members chosen every second year by the people of the several states, and the electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislature.

No person shall be a representative who shall not have attained to the age of twenty-five years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state in which he shall be chosen.

Representatives and direct taxes shall be apportioned among the several states which may be included within this union, according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other person.* The actual enumeration shall be made within three years after the first meeting of the congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every thirty thousand, but each state

shall have at least one representative; and until such enumeration shall be made, the state of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

When vacancies happen in the representation from any state, the executive authority thereof shall issue writs of election to fill such vacancies.

The house of representatives shall choose their speaker and other officers; and shall have the sole power of impeachment.

**Note: Modified by Amendment XIV, Section 2.*

Section 3. The Senate, how constituted, impeachment trials.

The senate of the United States shall be composed of two senators from each state, chosen by the legislature thereof, for six years; and each senator shall have one vote.

Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year; and if vacancies happen by resignation, or otherwise, during the recess of the legislature of any state, the executive thereof may make temporary appointments until the next meeting of the legislature, which shall then fill such vacancies.*

No person shall be a senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state for which he shall be chosen.

The vice president of the United States shall be president of the senate, but shall have no vote, unless they be equally divided.

The senate shall choose their other officers, and also a president pro tempore, in the absence of the vice president, or when he shall exercise the office of president of the United States.

The senate shall have the sole power to try all impeachments. When sitting for that purpose, they shall be on oath or affirmation. When the president of the United States is tried, the chief justice shall preside: and no person shall be convicted without the concurrence of two-thirds of the members present.

Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under the United States: but the party convicted shall nevertheless be liable and subject to indictment, trial, judgment and punishment, according to law.

**Note:* Provisions changed by Amendment XVII.

Section 4. Election of senators and representatives. The times, places and manner of holding elections for senators and representatives, shall be prescribed in each state by the legislature thereof; but the congress may at any time by law make or alter such regulations, except as to the places of choosing senators.

The congress shall assemble at least once in every year, and such meeting shall be on the first Monday in December, unless they shall by law appoint a different day.*

**Note:* Provision changed by Amendment XX, Section 2.

Section 5. Quorum, journals, meetings, adjournments. Each house shall be the judge of the elections, returns and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members, in such manner, and under such penalties as each house may provide.

Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member.

Each house shall keep a journal of its proceedings, and from time to time publish the same, excepting such parts as may in their judgment require secrecy; and the yeas and nays of the members of either house on any question shall, at the desire of one-fifth of those present, be entered on the journal.

Neither house, during the session of congress, shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which the two houses shall be sitting.

Section 6. Compensation, privileges, disabilities. The senators and representatives shall receive a compensation for their services, to be ascertained by law, and paid out of the treasury of the United States. They shall in all cases, except treason, felony and breach of the peace, be privileged from arrest during their attendance at the

session of their respective houses, and in going to and returning from the same; and for any speech or debate in either house, they shall not be questioned in any other place.

No senator or representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States, which shall have been created, or the emoluments whereof shall have been increased during such time; and no person holding any office under the United States, shall be a member of either house during his continuance in office.

Section 7. Procedure in passing bills and resolutions. All bills for raising revenue shall originate in the house of representatives; but the senate may propose or concur with amendments as on other bills.

Every bill which shall have passed the house of representatives and the senate, shall, before it become a law, be presented to the president of the United States; if he approve he shall sign it, but if not he shall return it, with his objections to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If after such reconsideration two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and if approved by two-thirds of that house, it shall become a law. But in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house respectively. If any bill shall not be returned by the president within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law, in like manner as if he had signed it, unless the congress by their adjournment prevent its return, in which case it shall not be a law.

Every order, resolution, or vote to which the concurrence of the senate and house of representatives may be necessary (except on a question of adjournment) shall be presented to the president of the United States; and before the same shall take effect, shall be approved by him, or being disapproved by him, shall be repassed by two-thirds of the senate and house of representatives, according to the rules and limitations prescribed in the case of a bill.

Section 8. Powers of congress. The congress shall have power to lay and collect taxes, duties, imposts and excises, to pay the debts and provide for the common defense and general welfare of the

United States; but all duties, imposts and excises shall be uniform throughout the United States;

To borrow money on the credit of the United States;

To regulate commerce with foreign nations, and among the several states, and with the Indian tribes;

To provide for calling forth the militia to execute the laws of the union, suppress insurrections and repel invasions;

To provide for organizing, arming, and disciplining, the militia, and for governing such part of them as may be employed in the service of the United States, reserving to the states respectively, the appointment of the officers, and the authority of training the militia according to the discipline prescribed by congress;

To exercise exclusive legislation in all cases whatsoever, over such district (not exceeding ten miles square) as may, by cession of particular states, and the acceptance of congress, become the seat of the government of the United States, and to exercise like authority over all places purchased by the consent of the legislature of the state in which the same shall be, for the erection of forts, magazines, arsenals, dock yards, and other needful buildings; and

To make all laws which shall be necessary and proper for carrying into execution the foregoing powers, and all other powers vested by this Constitution in the government of the United States, or in any department or officer thereof.

Section 9. Limitations upon powers of congress. The migration or importation of such persons as any of the states now existing shall think proper to admit, shall not be prohibited by the congress prior to the year one thousand eight hundred and eight, but a tax or duty may be imposed on such importation, not exceeding ten dollars for each person.

The privilege of the writ of habeas corpus shall not be suspended, unless when in cases of rebellion or invasion the public safety may require it.

No bill of attainder or ex post facto law shall be passed.

No capitation, or other direct, tax shall be laid, unless in proportion to the census or enumeration hereinbefore directed to be taken.

No tax or duty shall be laid on articles exported from any state.

No preference shall be given by any regulation of commerce or revenue to the ports of one state over those of another nor shall vessels bound to, or from, one state, be obliged to enter, clear, or pay duties in another.

No money shall be drawn from the treasury, but in consequence of appropriations made by law; and a regular statement and account of the receipts and expenditures of all public money shall be published from time to time.

No title of nobility shall be granted by the United States: And no person holding any office of profit or trust under them, shall, without the consent of the congress, accept of any present, emolument, office, or title, of any kind whatever, from any king, prince, or foreign state.

Section 10. Restrictions upon powers of states. No state shall enter into any treaty, alliance, or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make any thing but gold and silver coin a tender in payment of debts; pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts, or grant any title of nobility.

No state shall, without the consent of the congress, lay any imposts or duties on imports or exports, except what may be absolutely necessary for executing its inspection laws: and the net produce of all

duties and imposts, laid by any state on imports or exports, shall be for the use of the treasury of the United States; and all such laws shall be subject to the revision and control of the congress.

No state shall, without the consent of congress, lay any duty of tonnage, keep troops, or ships of war in time of peace, enter into any agreement or compact with another state, or with a foreign power, or engage in war, unless actually invaded, or in such imminent danger as will not admit of delay.

Article II

Section 1. Executive power, election, qualifications of the president. The executive power shall be vested in a president of the United States of America. He shall hold his office during the term of four years, and, together with the vice president, chosen for the same term, be elected, as follows

Each state shall appoint, in such manner as the legislature thereof may direct, a number of electors, equal to the whole number of senators and representatives to which the state may be entitled in the congress: but no senator or representative, or person holding an office of trust or profit under the United States, shall be appointed an elector.

The electors shall meet in their respective states, and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same state with themselves. And they shall make a list of all the persons voted for, and of the number of votes for each; which list they shall sign and certify, and transmit sealed to the seat of the government of the United States, directed to the president of the senate. The president of the senate shall, in the presence of the senate and house of representatives, open all the certificates, and the votes shall then be counted. The person having the greatest number of votes shall be the president, if such number be a majority of the whole number of electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the house of representatives shall immediately choose by ballot one of them for president; and if no person have a majority, then from the five highest on the list the said house shall in like manner choose the president. But in choosing the president, the votes shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a

majority of all the states shall be necessary to a choice. In every case, after the choice of the president, the person having the greatest number of votes of the electors shall be the vice president. But if there should remain two or more who have equal votes, the senate shall choose from them by ballot the vice president.*

The congress may determine the time of choosing the electors, and the day on which they shall give their votes; which day shall be the same throughout the United States.

No person except a natural born citizen, or a citizen of the United States, at the time of the adoption of this Constitution, shall be eligible to the office of president; neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years, and been fourteen years a resident within the United States.

In case of the removal of the president from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the vice president, and the congress may by law provide for the case of removal, death, resignation or inability, both of the president and vice president, declaring what officer shall then act as president, and such officer shall act accordingly, until the disability be removed, or a president shall be elected.

The president shall, at stated times, receive for his services, a compensation, which shall neither be increased nor diminished during the period for which he shall have been elected, and he shall not receive within that period any other emolument from the United States, or any of them.

Before he enter on the execution of his office, he shall take the following oath or affirmation: "I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and will to the best of my ability, preserve, protect and defend the Constitution of the United States."

**Note: Provisions superseded by Amendment XII.*

Section 2. Powers of the president. The president shall be commander in chief of the army and navy of the United States, and of the militia of the several states, when called into the actual service of the United States; he may require the opinion, in writing, of the principal officer in each of the executive departments, upon any subject relating to the duties of their respective offices, and he shall have power to grant reprieves and pardons for offences against the United States, except in cases of impeachment.

He shall have power, by and with the advice and consent of the senate, to make treaties, provided two-thirds of the senators present concur; and he shall nominate, and by and with the advice and consent of the senate, shall appoint ambassadors, other public ministers and consuls, judges of the supreme court, and all other officers of the United States, whose appointments are not herein otherwise provided for, and which shall be established by law: but the congress may by law vest the appointment of such inferior officers, as they think proper in the president alone, in the courts of law, or in the heads of departments.

The president shall have power to fill up all vacancies that may happen during the recess of the senate, by granting commissions which shall expire at the end of their next session.

Section 3. Powers and duties of the president. He shall from time to time give to the congress information of the state of the union, and recommend to their consideration such measures as he shall judge necessary and expedient; he may, on extraordinary occasions, convene both houses, or either of them, and in case of disagreement between them, with respect to the time of adjournment, he may adjourn them to such time as he shall think proper; he shall receive ambassadors and other public ministers; he shall take care that the laws be faithfully executed, and shall commission all the officers of the United States.

Section 4. Impeachment. The president, vice president and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors.

Article III

Section 1. Judicial power, tenure of office. The judicial power of the United States, shall be vested in one supreme court, and in such inferior courts as the congress may from time to time ordain and establish. The judges, both of the supreme and inferior courts, shall hold their offices during good behavior, and shall, at stated times, receive for their services, a compensation, which shall not be diminished during their continuance in office.

Section 2. Jurisdiction. The judicial power shall extend to all cases, in law and equity, arising under this Constitution, the laws

of the United States, and treaties made, or which shall be made, under their authority; to all cases affecting ambassadors, other public ministers and consuls; to all cases of admiralty and maritime jurisdiction; to controversies to which the United States shall be a party; to controversies between two or more states; between a state and citizens of another state; between citizens of different states, between citizens of the same state claiming lands under grants of different states, and between a state, or the citizens thereof, and foreign states, citizens or subjects.*

In all cases affecting ambassadors, other public ministers and consuls, and those in which a state shall be party, the supreme court shall have original jurisdiction. In all the other cases before mentioned, the supreme court shall have appellate jurisdiction, both as to law and fact, with such exceptions, and under such regulations as the congress shall make.

The trial of all crimes, except in cases of impeachment, shall be by jury; and such trial shall be held in the state where the said crimes shall have been committed; but when not committed within any state, the trial shall be at such place or places as the congress may by law have directed.

**Note: Clause changed by Amendment XI.*

Section 3. Treason, proof and punishment. Treason against the United States, shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

The congress shall have power to declare the punishment of treason, but no attainder of treason shall work corruption of blood, or forfeiture except during the life of the person attainted.

Article IV

Section 1. Faith and credit among states. Full faith and credit shall be given in each state to the public acts, records, and judicial proceedings of every other state. And the congress may by general laws prescribe the manner in which such acts, records and proceedings shall be proved, and the effect thereof.

AN ACT to provide for the division of Dakota into two States and to enable the people of North Dakota, South Dakota, Montana, and Washington to form constitutions and State governments and to be admitted into the Union on an equal footing with the original States, and to make donations of public lands to such States.

(Approved February 22, 1889.) [25 U.S. Statutes at Large, c 180 p 676.]

[President's proclamation declaring Washington a state: 26 St. at Large, Proclamations, p 10, Nov. 11, 1889.]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the inhabitants of all that part of the area of the United States now constituting the Territories of Dakota, Montana, and Washington, as at present described, may become the States of North Dakota, South Dakota, Montana, and Washington, respectively, as hereinafter provided.

Section 2. The area comprising the Territory of Dakota shall, for the purposes of this act, be divided on the line of the seventh standard parallel produced due west to the western boundary of said Territory; and the delegates elected as hereinafter provided to the constitutional convention in districts north of said parallel shall assemble in convention, at the time prescribed in this act, at the city of Bismarck; and the delegates elected in districts south of said parallel shall, at the same time, assemble in convention at the city of Sioux Falls.

Section 3. That all persons who are qualified by the laws of said Territories to vote for representatives to the legislative assemblies thereof, are hereby authorized to vote for and choose delegates to form conventions in said proposed States; and the qualifications for delegates to such conventions shall be such as by the laws of said Territories respectively persons are required to possess to be eligible to the legislative assemblies thereof; and the aforesaid delegates to form said conventions shall be apportioned within the limits of the proposed States, in such districts as may be established as herein provided, in proportion to the population in each of said counties and districts, as near as may be, to be ascertained at the time of making said apportionments by the persons hereinafter authorized to make

the same, from the best information obtainable, in each of which districts three delegates shall be elected, but no elector shall vote for more than two persons for delegates to such conventions; that said apportionments shall be made by the governor, the chief-justice, and the secretary of said Territories; and the governors of said Territories shall, by proclamation, order an election of the delegates aforesaid in each of said proposed States, to be held on the Tuesday after the second Monday in May, eighteen hundred and eighty-nine, which proclamation shall be issued on the fifteenth day of April, eighteen hundred and eighty-nine; and such election shall be conducted, the returns made, the result ascertained, and the certificates to persons elected to such convention issued in the same manner as is prescribed by the laws of the said Territories regulating elections therein for Delegates to Congress; and the number of votes cast for delegates in each precinct shall also be returned. The number of delegates to said conventions respectively shall be seventy-five; and all persons resident in said proposed States, who are qualified voters of said Territories as herein provided, shall be entitled to vote upon the election of delegates, and under such rules and regulations as said conventions may prescribe, not in conflict with this act, upon the ratification or rejection of the constitutions.

Section 4. That the delegates to the conventions elected as provided for in this act shall meet at the seat of government of each of said Territories, except the delegates elected in South Dakota, who shall meet at the city of Sioux Falls, on the fourth day of July, eighteen hundred and eighty-nine, and, after organization, shall declare, on behalf of the people of said proposed States, that they adopt the Constitution of the United States; whereupon the said conventions shall be, and are hereby, authorized to form constitutions and States governments for said proposed states, respectively. The constitutions shall be republican in form, and make no distinction in civil or political rights on account of race or color, except as to Indians not taxed, and not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence. And said conventions shall provide, by ordinances irrevocable without the consent of the United States and the people of said States:

First. That perfect toleration of religious sentiment shall be secured and that no inhabitant of said States shall ever be molested in person or property on account of his or her mode of religious worship.

Second. That the people inhabiting said proposed States do agree and declare that they forever disclaim all right and title to the unappropriated public lands lying within the boundaries thereof, and to all lands lying within said limits owned or held by any Indian or Indian tribes; and that until the title thereto shall have been extinguished by the United States, the same shall be and remain subject to the disposition of the United States, and said Indian lands shall remain under the absolute jurisdiction and control of the Congress of the United States; that the lands belonging to citizens of the United States residing without the said States shall never be taxed at a higher rate than the lands belonging to residents thereof; that no taxes shall be imposed by the States on lands or property therein belonging to or which may hereafter be purchased by the United States or reserved for its use. But nothing herein, or in the ordinances herein provided for, shall preclude the said States from taxing as other lands are taxed any lands owned or held by any Indian who has severed his tribal relations, and has obtained from the United States or from any person a title thereto by patent or other grant, save and except such lands as have been or may be granted to any Indian or Indians under any act of Congress containing a provision exempting the lands thus granted from taxation; but said ordinances shall provide that all such lands shall be exempt from taxation by said States so long and to such extent as such act of Congress may prescribe.

Third. That the debts and liabilities of said Territories shall be assumed and paid by said States, respectively.

Fourth. That provision shall be made for the establishment and maintenance of systems of public schools, which shall be open to all the children of said States, and free from sectarian control.

Section 5. That the convention which shall assemble at Bismarck shall form a constitution and State government for a State to be known as North Dakota, and the convention which shall assemble at Sioux Falls shall form a constitution and State government for a State to be known as South Dakota: Provided, That at the election for delegates to the constitutional convention in South Dakota, as hereinbefore provided, each elector may have written or printed on his ballot the words "For the Sioux Falls constitution," or the words "Against the Sioux Falls constitution," and the votes on this question shall be returned and canvassed in the same manner as for the election provided for in section three of this act; and if a majority of all votes cast on this question shall be "for the Sioux Falls constitution"

it shall be the duty of the convention which may assemble at Sioux Falls, as herein provided, to resubmit to the people of South Dakota, for ratification or rejection at the election hereinafter provided for in this act, the constitution framed at Sioux Falls and adopted November third, eighteen hundred and eighty-five, and also the articles and propositions separately submitted at the election, including the question of locating the temporary seat of government, with such changes only as relate to the name and boundary of the proposed State, to the re-apportionment of the judicial and legislative districts, and such amendments as may be necessary in order to comply with the provisions of this act; and if a majority of the votes cast on the ratification or rejection of the constitution shall be for the constitution irrespective of the articles separately submitted, the State of South Dakota shall be admitted as a State in the Union under said constitution as hereinafter provided; but the archives, records, and books of the Territory of Dakota shall remain at Bismarck, the capital of North Dakota, until an agreement in reference thereto is reached by said States. But if at the election for delegates to the constitutional convention in South Dakota a majority of all the votes cast at that election shall be "against the Sioux Falls constitution", then and in that event it shall be the duty of the convention which will assemble at the city of Sioux Falls on the fourth day of July, eighteen hundred and eighty-nine, to proceed to form a constitution and State government as provided in this act the same as if that question had not been submitted to a vote of the people of South Dakota.

Section 6. It shall be the duty of the constitutional conventions of North Dakota and South Dakota to appoint a joint commission, to be composed of not less than three members of each convention, whose duty it shall be to assemble at Bismarck, the present seat of government of said Territory, and agree upon an equitable division of all property belonging to the Territory of Dakota, the disposition of all public records, and also adjust and agree upon the amount of the debts and liabilities of the Territory, which shall be assumed and paid by each of the proposed States of North Dakota and South Dakota; and the agreement reached respecting the Territorial debts and liabilities shall be incorporated in the respective constitutions, and each of said States shall obligate itself to pay its proportion of such debts and liabilities the same as if they had been created by such States respectively.

Section 7. approve or reject at the polls any act, item, section, or part of any bill, act, or law passed by the legislature.

(a) Initiative: The first power reserved by the people is the initiative. Every such petition shall include the full text of the measure so proposed. In the case of initiatives to the legislature and initiatives to the people, the number of valid signatures of legal voters required shall be equal to eight percent of the votes cast for the office of governor at the last gubernatorial election preceding the initial filing of the text of the initiative measure with the secretary of state.

If such petitions are filed not less than ten days before any regular session of the legislature, he shall certify the results within forty days of the filing. If certification is not complete by the date that the legislature convenes, he shall provisionally certify the measure pending final certification of the measure. Such initiative measures, whether certified or provisionally certified, shall take precedence over all other measures in the legislature except appropriation bills and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session. If any such initiative measures shall be enacted by the legislature it shall be subject to the referendum petition, or it may be enacted and referred by the legislature to the people for approval or rejection at the next regular election. The legislature may reject any measure so proposed by initiative petition and propose a different one dealing with the same subject, and in such event both measures shall be submitted by the secretary of state to the people for approval or rejection at the next ensuing regular general election. When conflicting measures are submitted to the people the ballots shall be so printed that a voter can express separately by making one cross (X) for each, two preferences, first, as between either measure and neither, and secondly, as between one and the other. If the majority of those voting on the first issue is for neither, both fail, but in that

case the votes on the second issue shall nevertheless be carefully counted and made public. If a majority voting on the first issue is for either, then the measure receiving a majority of the votes on the second issue shall be law.

(b) Referendum. The second power reserved by the people is the referendum, and it may be ordered on any act, bill, law, or any part thereof passed by the legislature, except such laws as may be necessary for the immediate preservation of the public peace, health or safety, support of the state government and its existing public institutions, either by petition signed by the required percentage of the legal voters, or by the legislature as other bills are enacted: *Provided*, That the legislature may not order a referendum on any initiative measure enacted by the legislature under the foregoing subsection (a). But such enactment may be amended or repealed at any general regular or special election by direct vote of the people thereon.

(d) The filing of a referendum petition against one or more items, sections, or parts of any act, law, or bill shall not delay the remainder of the measure from becoming operative. Referendum petitions against measures passed by the legislature shall be filed with the secretary of state not later than ninety days after the final adjournment of the session of the legislature which passed the measure on which the referendum is demanded. The veto power of the governor shall not extend to measures initiated by or referred to the people.

Any measure initiated by the people or referred to the people as herein provided shall take effect and become the law if it is approved by a majority of the votes cast thereon: *Provided*, That the vote cast upon such question or measure shall equal one-third of the total votes cast at such election and not otherwise. Such measure shall be in operation on and after the thirtieth day after the election at which it is approved. Reviser's note: Original section 4 was stricken by Amendment 14. It is set out following Art. 7 Section 1, above.

SECTION 5. TAXES, HOW LEVIED. No tax shall be levied except in pursuance of law; and every law imposing a tax shall state distinctly the object of the same to which only it shall be applied.

SECTION 6. TAXES, HOW PAID. All taxes levied and collected for state purposes shall be paid in money only into the state treasury.

SECTION 7. ANNUAL STATEMENT. An accurate statement of the receipts and expenditures of the public moneys shall be published annually in such manner as the legislature may provide.

SECTION 8. TAX TO COVER DEFICIENCIES. Whenever the expenses of any fiscal year shall exceed the income, the legislature may provide for levying a tax for the ensuing fiscal year, sufficient, with other sources of income, to pay the deficiency, as well as the estimated expenses of the ensuing fiscal year.

SECTION 11. TAXATION BASED ON ACTUAL USE. Nothing in this Article VII as amended shall prevent the legislature from providing, subject to such conditions as it may enact, that

the true and fair value in money (a) of farms, agricultural lands, standing timber and timberlands, and (b) of other open space lands which are used for recreation or for enjoyment of their scenic or natural beauty shall be based on the use to which such property is currently applied, and such values shall be used in computing the assessed valuation of such property in the same manner as the assessed valuation is computed for all property. [AMENDMENT 53, 1967 House Joint Resolution No. 1; see 1969 p 2976. Approved November 5, 1968.]

SECTION 12. BUDGET STABILIZATION ACCOUNT. (a) A budget stabilization account shall be established and maintained in the state treasury.

(b)(1) By June 30th of each fiscal year, an amount equal to one percent of the general state revenues for that fiscal year shall be transferred to the budget stabilization account. Nothing in this subsection (b) shall prevent the appropriation of additional amounts to the budget stabilization account.

(2) By June 30th of the second year of each fiscal biennium, three-quarters of any extraordinary revenue growth shall be transferred to the budget stabilization account. However, no transfer of extraordinary revenue growth under this subsection (b)(2) shall occur in a fiscal biennium following a fiscal biennium in which annual average state employment growth averaged less than one percent per fiscal year. "Extraordinary revenue growth" means the amount by which the growth in general state revenues for that fiscal biennium exceeds by one-third the average biennial percentage growth in general state revenues over the prior five fiscal biennia. In making this determination, the comparability of data shall be maintained by adjusting historical general state revenues to reflect statutory changes to the dedication of state revenues. The transfer under this subsection shall be made only to the extent that it exceeds the total transfers under (1) of this subsection for that fiscal biennium.

(c) Each fiscal quarter, the state economic and revenue forecast council appointed and authorized as provided by statute, or successor entity, shall estimate state employment growth for the current and next two fiscal years.

(d) Moneys may be withdrawn and appropriated from the budget stabilization account as follows:

(i) If the governor declares a state of emergency resulting from a catastrophic event that necessitates government action to protect life or public safety, then for that fiscal year moneys may be withdrawn and appropriated from the budget stabilization account, via separate legislation setting forth the nature of the emergency and containing an appropriation limited to the above-authorized purposes as contained in the declaration, by a favorable vote of a majority of the members elected to each house of the legislature.

(ii) If the employment growth forecast for any fiscal year is estimated to be less than one percent, then for that fiscal year moneys may be withdrawn and appropriated from the budget stabilization account by the favorable vote of a majority of the members elected to each house of the legislature.

(iii) Any amount may be withdrawn and appropriated from the budget stabilization account at any time by the favorable vote of at least three-fifths of the members of each house of the legislature.

(e) Amounts in the budget stabilization account may be invested as provided by law and retained in that account. When the balance in the budget stabilization account, including investment earnings, equals more than ten percent of the estimated general state revenues in that fiscal year, the legislature by the favorable vote of a majority of the members elected to each house of the legislature may withdraw and appropriate the balance to the extent that the balance exceeds ten percent of the estimated general state revenues. Appropriations under this subsection (e) may be made solely for deposit to the education construction fund.

(f) As used in this section, “general state revenues” has the meaning set forth in Article VIII, section 1 of the Constitution. Forecasts and estimates shall be made by the state economic and revenue forecast council appointed and authorized as provided by statute, or successor entity.

(g) The legislature shall enact appropriate laws to carry out the purposes of this section.

(h) This section takes effect July 1, 2008. [AMENDMENT 106, 2011 Senate Joint Resolution No. 8206, p 4281-4283. Approved November 8, 2011.]

ARTICLE VIII STATE, COUNTY, AND MUNICIPAL INDEBTEDNESS

SECTION 1. STATE DEBT. (a) The state may contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.

(b) The aggregate debt contracted by the state, as calculated by the treasurer at the time debt is contracted, shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than the applicable percentage limit of the arithmetic mean of its general state revenues for the six immediately preceding fiscal years as certified by the treasurer. The term “applicable percentage limit” means eight and one-half percent from July 1, 2014, through June 30, 2016; eight and one-quarter percent from July 1, 2016, through June 30, 2034; eight percent from July 1, 2034, and thereafter. The term “fiscal year” means that period of time commencing July 1 of any year and ending on June 30 of the following year.

(c) The term “general state revenues,” when used in this section, shall include all state money received in the treasury from each and every source, including moneys received from ad valorem taxes levied by the state and deposited in the general fund in each fiscal year, but not including: (1) Fees and other revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Moneys received from taxes levied for specific purposes and required to be deposited for those purposes into specified funds or accounts other than the general fund; and (6) Proceeds received from the sale of bonds or other evidences of indebtedness.

(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (g) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority. In addition, for the purpose of computing the amount required for payment of interest on outstanding debt under subsection (b) of this section and this subsection, "interest" shall be reduced by subtracting the amount scheduled to be received by the state as payments from the federal government in each year in respect of bonds, notes, or other evidences of indebtedness subject to this section.

(e) The state may pledge the full faith, credit, and taxing power of the state to guarantee the voter approved general obligation debt of school districts in the manner authorized by the legislature. (i) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

SECTION 2. COUNTY SEATS LOCATION AND REMOVAL. No county seat shall be removed unless three-fifths of the qualified electors of the county, voting on the proposition at a general election shall vote in favor of such removal, and three-fifths of all votes cast on the proposition shall be required to relocate a county seat. A proposition of removal shall not be submitted in the same county more than once in four years.

Governmental continuity during emergency periods: Art. 2 Section 42.

SECTION 3. NEW COUNTIES. No new counties shall be established which shall reduce any county to a population less than four thousand (4,000), nor shall a new county be formed containing a less population than two thousand (2,000). There shall be no territory stricken from any county unless a majority of the voters living in such territory shall petition therefor and then only under such other conditions as may be prescribed by a general law applicable to the whole state. Every county which shall be enlarged or created from territory taken from any other county or counties shall be liable for a just proportion of the existing debts and liabilities of the county or counties from which such territory shall be taken: *Provided*, That in such accounting neither county shall

be charged with any debt or liability then existing incurred in the purchase of any county property, or in the purchase or construction of any county buildings then in use, or under construction, which shall fall within and be retained by the county: *Provided further*; That this shall not be construed to affect the rights of creditors.

SECTION 4. COUNTY GOVERNMENT AND TOWNSHIP ORGANIZATION. The legislature shall establish a system of county government, which shall be uniform throughout the state except as hereinafter provided, and by general laws shall provide for township organization, under which any county may organize whenever a majority of the qualified electors of such county voting at a general election shall so determine; and whenever a county shall adopt township organization, the assessment and collection of the revenue shall be made, and the business of such county and the local affairs of the several townships therein, shall be managed and transacted in the manner prescribed by such general law.

Any county may frame a "Home Rule" charter for its own government subject to the Constitution and laws of this state, and for such purpose the legislative authority of such county may cause an election to be had, at which election there shall be chosen by the qualified voters of said county not less than fifteen (15) nor more than twenty-five (25) freeholders thereof, as determined by the legislative authority, who shall have been residents of said county for a period of at least five (5) years preceding their election and who are themselves qualified electors, whose duty it shall be to convene within thirty (30) days after their election and prepare and propose a charter for such county. Such proposed charter shall be submitted to the qualified electors of said county, and if a majority of such qualified electors voting thereon ratify the same, it shall become the charter of said county and shall become the organic law thereof, and supersede any existing charter, including amendments thereto, or any existing form of county government, and all special laws inconsistent with such charter. Said proposed charter shall be published in two (2) legal newspapers published in said county, at least once a week for four (4) consecutive weeks prior to the day of submitting the same to the electors for their approval as above provided. All elections in this section authorized shall only be had upon notice, which notice shall specify the object of calling such election and shall be given for at least ten (10) days before the day of election in all election districts of said county. Said elections

may be general or special elections and except as herein provided, shall be governed by the law regulating and controlling general or special elections in said county. Such charter may be amended by proposals therefor submitted by the legislative authority of said county to the electors thereof at any general election after notice of such submission published as above specified, and ratified by a majority of the qualified electors voting thereon. In submitting any such charter or amendment thereto, any alternate article or proposition may be presented for the choice of the voters and may be voted on separately without prejudice to others.

Any home rule charter proposed as herein provided, may provide for such county officers as may be deemed necessary to carry out and perform all county functions as provided by charter or by general law, and for their compensation, but shall not affect the election of the prosecuting attorney, the county superintendent of schools, the judges of the superior court, and the justices of the peace, or the jurisdiction of the courts.

Notwithstanding the foregoing provision for the calling of an election by the legislative authority of such county for the election of freeholders to frame a county charter, registered voters equal in number to ten (10) per centum of the voters of any such county voting at the last preceding general election, may at any time propose by petition the calling of an election of freeholders. The procedure for the nomination of qualified electors as candidates for said board of freeholders shall be prescribed by the legislative authority of the county, and the procedure for the framing of the charter and the submission of the charter as framed shall be the same as in the case of a board of freeholders chosen at an election initiated by the legislative authority of the county.

In calling for any election of freeholders as provided in this section, the legislative authority of the county shall apportion the number of freeholders to be elected in accordance with either the legislative districts or the county commissioner districts, if any,

within said county, the number of said freeholders to be elected from each of said districts to be in proportion to the population of said districts as nearly as may be.

Should the charter proposed receive the affirmative vote of the majority of the electors voting thereon, the legislative authority of the county shall immediately call such special election as may be provided for therein, if any, and the county government shall be established in accordance with the terms of said charter not more than six (6) months after the election at which the charter was adopted.

The terms of all elective officers, except the prosecuting attorney, the county superintendent of schools, the judges of the superior court, and the justices of the peace, who are in office at the time of the adoption of a Home Rule Charter shall terminate as provided in the charter. All appointive officers in office at the time the charter goes into effect, whose positions are not abolished thereby, shall continue until their successors shall have qualified.

After the adoption of such charter, such county shall continue to have all the rights, powers, privileges and benefits then possessed or thereafter conferred by general law. All the powers, authority and duties granted to and imposed on county officers by general law, except the prosecuting attorney, the county superintendent of schools, the judges of the superior court and the justices of the peace, shall be vested in the legislative authority of the county unless expressly vested in specific officers by the charter. The legislative authority may by resolution delegate any of its executive or administrative powers, authority or duties not expressly vested in specific officers by the charter, to any county officer or officers or county employee or employees.

The provisions of sections 5, 6, 7, and the first sentence of section 8 of this Article as amended shall not apply to counties in which the government has been established by charter adopted under the provisions hereof. The authority conferred on the board of county commissioners by Section 15 of Article II as amended, shall be exercised by the legislative authority of the county. And until the expiration of the term of office of the probate judges, such probate judges shall perform the duties now imposed upon them by the laws of the Territory. AMENDMENT 7

Article 2 was amended by striking all of sections 1 and 31, and inserting in lieu thereof as section 1 the following, so that the same shall read as follows:

Art. 2 Section 1 LEGISLATIVE POWERS, WHERE VESTED. The legislative authority of the state of Washington shall be vested in the legislature, consisting of a senate and house of representatives, which shall be called the legislature of the state of Washington, but the people reserve to themselves the power to propose bills, laws, and to enact or reject the same at the polls, independent of the legislature, and also reserve power, at their own option, to approve or reject at the polls any act, item, section or part of any bill, act or law passed by the legislature.

(a) Initiative: The first power reserved by the people is the initiative. *Ten per centum, but in no case more than fifty thousand, of the legal voters shall be required to propose any measure by such petition*, and every such petition shall include the full text of the measure so proposed. Initiative petitions shall be filed with the secretary of state not less than four months before the election at which they are to be voted upon, or not less than ten days before any regular session of the legislature. If filed at least four months before the election at which they are to be voted upon, he shall submit the same to the vote of the people at the said election. If such petitions are filed not less than ten days before any regular session of the legislature, he shall transmit the same to the legislature as soon as it convenes and organizes. Such initiative measure shall take precedence over all other measures in the legislature except appropriation bills and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session. If any such initiative measure shall be enacted by the legislature it shall be subject to the referendum petition, or it may be enacted and referred by the legislature to the people for approval or rejection at the next regular election. If it is rejected or if no action is taken upon it by the legislature before the end of such regular session, the secretary of state shall submit it to the people for approval or rejection at the next ensuing regular general election. The legislature may reject any measure so proposed by initiative

petition and propose a different one dealing with the same subject, and in such event both measures shall be submitted by the secretary of state to the people for approval or rejection at the next ensuing regular general election. When conflicting measures are submitted to the people the ballots shall be so printed that a voter can express separately by making one cross (X) for each, two preferences, first, as between either measure and neither, and secondly, as between one and the other. If the majority of those voting on the first issue is for neither, both fail, but in that case the votes on the second issue shall nevertheless be carefully counted and made public. If a majority voting on the first issue is for either, then the measure receiving a majority of the votes on the second issue shall be law.

Portion of subdivision (a) is superseded by Amendment 30.

(b) Referendum. The second power reserved by the people is the referendum, and it may be ordered on any act, bill, law, or any part thereof passed by the legislature, except such laws as may be necessary for the immediate preservation of the public peace, health or safety, support of the state government and its existing public institutions, either by petition signed by the required percentage of the legal voters, or by the legislature as other bills are enacted. Six per centum, but in no case more than thirty thousand, of the legal voters shall be required to sign and make a valid referendum petition.

Portion of subdivision (b) is superseded by Amendment 30.

(c) No act, law, or bill subject to referendum shall take effect until ninety days after the adjournment of the session at which it was enacted. No act, law, or bill approved by a majority of the electors voting thereon shall be amended or repealed by the legislature within a period of two years following such enactment. But such enactment may be amended or repealed at any general regular or special election by direct vote of the people thereon.

Subdivision (c) is superseded by Amendment 26.

(d) The filing of a referendum petition against one or more items, sections or parts of any act, law or bill shall not delay the remainder of the measure from becoming operative. Referendum petitions against measures passed by the legislature shall be filed with the secretary of state not later than ninety days after the final adjournment of the session of the legislature which passed the measure on which the referendum is demanded. The veto power of

the governor shall not extend to measures initiated by or referred to the people. All elections on measures referred to the people of the state shall be had at the biennial regular elections, except when the legislature shall order a special election. Any measure initiated by the people or referred to the people as herein provided shall take effect and become the law if it is approved by a majority of the votes cast thereon: *Provided*, That the vote cast upon such question or measure shall equal one-third of the total votes cast at such election and not otherwise. Such measure shall be in operation on and after the thirtieth day after the election at which it is approved. The style of all bills proposed by initiative petition shall be: "Be it enacted by the people of the State of Washington." This section shall not be construed to deprive any member of the legislature of the right to introduce any measure. *The whole number of electors who voted for governor at the regular gubernatorial election last preceding the filing of any petition for the initiative or for the referendum shall be the basis on which the number of legal voters necessary to sign such petition shall be counted.* All such petitions shall be filed with the secretary of state, who shall be guided by the general laws in submitting the same to the people until additional legislation shall especially provide therefor. This section is self-executing, but legislation may be enacted especially to facilitate its operation.

The legislature shall provide methods of publicity of all laws or parts of laws, and amendments to the constitution referred to the people with arguments for and against the laws and amendments so referred, so that each voter of the state shall receive the publication at least fifty days before the election at which they are to be voted upon. [1911 p 136 Section 1. Approved November, 1912.]

Last paragraph is superseded by Amendment 36.

Art. 2 Section 1 was later amended by Amendment 72.

The legislature shall pass the necessary laws to carry out the provisions of section thirty-three (33) of this article, and to facilitate its operation and effect without delay: *Provided*, That the authority hereby conferred upon the legislature shall not be construed to grant to the legislature any exclusive power of law-making nor in any way limit the initiative and referendum powers reserved by the people. The percentages required shall be, state officers, other than judges, senators and representatives, city officers of cities of the first class, school district boards in cities of the first class; county officers of counties of the first, second and third classes, twenty-five per cent. Whenever an attempt is made to take private property for a use alleged to be public, the question whether the contemplated use be really public shall be a

judicial question, and determined as such, without regard to any legislative assertion that the use is public: *Provided*, that the taking of private property by the state for land reclamation and settlement purposes is hereby declared to be for public use. Art. 28 Section 1 was later amended by Amendment 78.

Authorizing compensation increase during term: See Amendment 54.

AMENDMENT 21

Art. 11 Section 4 COUNTY GOVERNMENT AND TOWNSHIP ORGANIZATION. The legislature shall establish a system of county government, which shall be uniform throughout the state except as hereinafter provided, and by general laws shall provide for township organization, under which any county may organize whenever a majority of the qualified electors of such county voting at a general election shall so determine; and whenever a county shall adopt township organization, the assessment and collection of the revenue shall be made, and the business of such county and the local affairs of the several townships therein, shall be managed and transacted in the manner prescribed by such general law.

Any county may frame a "Home Rule" charter for its own government subject to the Constitution and laws of this state, and for such purpose the legislative authority of such county may cause an election to be had, at which election there shall be chosen by the qualified voters of said county not less than fifteen (15) nor more than twenty-five (25) freeholders thereof, as determined by the legislative authority, who shall have been residents of said county for

a period of at least five (5) years preceding their election and who are themselves qualified electors, whose duty it shall be to convene within thirty (30) days after their election and prepare and propose a charter for such county. Such proposed charter shall be submitted to the qualified electors of said county, and if a majority of such qualified electors voting thereon ratify the same, it shall become the charter of said county and shall become the organic law thereof, and supersede any existing charter, including amendments thereto, or any existing form of county government, and all special laws inconsistent with such charter. Said proposed charter shall be published in two (2) legal newspapers published in said county, at least once a week for four (4) consecutive weeks prior to the day of submitting the same to the electors for their approval as above provided. All elections in this section authorized shall only be had upon notice, which notice shall specify the object of calling such election and shall be given for at least ten (10) days before the day of election in all election districts of said county. Said elections may be general or special elections and except as herein provided, shall be governed by the law regulating and controlling general or special elections in said county. Such charter may be amended by proposals therefor submitted by the legislative authority of said county to the electors thereof at any general election after notice of such submission published as above specified, and ratified by a majority of the qualified electors voting thereon. In submitting any such charter or amendment thereto, any alternate article or proposition may be presented for the choice of the voters and may be voted on separately without prejudice to others.

Any home rule charter proposed as herein provided, may provide for such county officers as may be deemed necessary to carry out and perform all county functions as provided by charter or by general law, and for their compensation, but shall not affect the election of the prosecuting attorney, the county superintendent of schools, the judges of the superior court, and the justices of the peace, or the jurisdiction of the courts.

Notwithstanding the foregoing provision for the calling of an election by the legislative authority of such county for the election of freeholders to frame a county charter, registered voters equal in number to ten (10) per centum of the voters of any such county voting at the last preceding general election, may at any time propose by petition the calling of an election of freeholders. The petition shall be filed with the county auditor of the county at least

three (3) months before any general election and the proposal that a board of freeholders be elected for the purpose of framing a county charter shall be submitted to the vote of the people at said general election, and at the same election a board of freeholders of not less than fifteen (15) or more than twenty-five (25), as fixed in the petition calling for the election, shall be chosen to draft the new charter. The procedure for the nomination of qualified electors as candidates for said board of freeholders shall be prescribed by the legislative authority of the county, and the procedure for the framing of the charter and the submission of the charter as framed shall be the same as in the case of a board of freeholders chosen at an election initiated by the legislative authority of the county.

In calling for any election of freeholders as provided in this section, the legislative authority of the county shall apportion the number of freeholders to be elected in accordance with either the legislative districts or the county commissioner districts, if any, within said county, the number of said freeholders to be elected from each of said districts to be in proportion to the population of said districts as nearly as may be.

Should the charter proposed receive the affirmative vote of the majority of the electors voting thereon, the legislative authority of the county shall immediately call such special election as may be provided for therein, if any, and the county government shall be established in accordance with the terms of said charter not more than six (6) months after the election at which the charter was adopted.

The terms of all elective officers, except the prosecuting attorney, the county superintendent of schools, the judges of the superior court, and the justices of the peace, who are in office at the time of the adoption of a Home Rule Charter shall terminate as provided in the charter. All appointive officers in office at the time the charter goes into effect, whose positions are not abolished thereby, shall continue until their successors shall have qualified.

After the adoption of such charter, such county shall continue to have all the rights, powers, privileges and benefits then possessed or thereafter conferred by general law. All the powers, authority and duties granted to and imposed on county officers by general law, except the prosecuting attorney, the county superintendent of schools, the judges of the superior court and the justices of the peace, shall be vested in the legislative authority of the county unless expressly vested in specific officers by the

charter. The legislative authority may by resolution delegate any of its executive or administrative powers, authority or duties not expressly vested in specific officers by the charter, to any county officer or officers or county employee or employees.

The provisions of sections 5, 6, 7, and the first sentence of section 8 of this Article as amended shall not apply to counties in which the government has been established by charter adopted under the provisions hereof. The authority conferred on the board of county commissioners by Section 15 of Article II as amended, shall be exercised by the legislative authority of the county. [1947 Senate Joint Resolution No. 5, p 1372. Approved November 2, 1948.]

Art. 11 Section 16 COMBINED CITY AND COUNTY. The legislature shall, by general law, provide for the formation of combined city and county municipal corporations, and for the manner of determining the territorial limits thereof, each of which shall be known as a "city and county," and, when organized, shall contain a population of at least three hundred thousand (300,000) inhabitants. No such city and county shall be formed except by a majority vote of the qualified electors of the area proposed to be included therein and also by a majority vote of the qualified electors of the remainder of that county from which such area is to be taken. Any such city and county shall be permitted to frame a charter for its own government, and amend the same, in the manner provided for cities by section 10 of this article: *Provided, however;* That the first charter of such city and county shall be framed and adopted in a manner to be specified in the general law authorizing the formation of such corporations: *Provided further;* That every such charter shall designate the respective officers of such city and county who shall perform the duties imposed by law upon county officers. Every such city and county shall have and enjoy all rights, powers and privileges asserted in its charter, not inconsistent with general laws, and in addition thereto, such rights, powers and privileges as may be granted to it, or possessed and enjoyed by cities and counties of like population separately organized.

No county or county government existing outside the territorial limits of such county and city shall exercise any police, taxation or other powers within the territorial limits of such county and city, but all such powers shall be exercised by the city and county and the officers thereof, subject to such constitutional provisions and general laws as apply to either cities or counties: *Provided*, That the provisions of sections 2, 3, 4, 5, 6, 7, and 8 of this article shall not apply to any such city and county: *Provided further*, That the salary of any elective or appointive officer of a city and county shall not be changed after his election or appointment or during his term of office; nor shall the term of any such officer be extended beyond the period for which he is elected or appointed. In case an existing county is divided in the formation of a city and county, such city and county shall be liable for a just proportion of the existing debts or liabilities of the former county, and shall account for and pay the county remaining a just proportion of the value of any real estate or other property owned by the former county and taken over by the county and city, the method of determining such just proportion to be prescribed by general law, but such division shall not affect the rights of creditors. The officers of a city and county, their compensation, qualifications, term of office and manner of election or appointment shall be as provided for in its charter, subject to general laws and applicable constitutional provisions. [1947 House Joint Resolution No. 13, p 1386. Approved November 2, 1948.]

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: *Provided*, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, And provided further, That the provisions of this section shall also be subject to the limitations contained in Article VIII, section 6, of this Constitution;

(b) The aggregate debt contracted by the state shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than nine percent of the arithmetic mean of its general state revenues for the three immediately preceding fiscal years as certified by the treasurer. The term “fiscal year” means that period of time commencing July 1 of any year and ending on June 30 of the following year.

(c) The term “general state revenues” when used in this section, shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.

(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be

construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this Article, obligations guaranteed as provided for in subsection (f) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority.

Such funding or refunding shall not be deemed to be contracting debt by the state.

(f) Notwithstanding the limitation contained in subsection (b) of this section, the state may pledge its full faith, credit, and taxing power to guarantee the payment of any obligation payable from revenues received from any of the following sources: (1) Fees collected by the state as license fees for motor vehicles; (2) Excise taxes collected by the state on the sale, distribution or use of motor vehicle fuel; and (3) Interest on the permanent common school fund: *Provided*, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

(g) No money shall be paid from funds in custody of the treasurer with respect to any debt contracted after the effective date of this amendment by the Washington state building authority, the capitol committee, or any similar entity existing or operating for similar purposes pursuant to which such entity undertakes to

(h) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

(i) The full faith, credit, and taxing power of the state of Washington are pledged to the payment of the debt created on behalf of the state pursuant to this section and the legislature shall provide by appropriation for the payment of the interest upon and installments of principal of all such debt as the same falls due, but in any event, any court of record may compel such payment.

(k) Bonds, notes, or other obligations issued and sold by the state of Washington pursuant to and in conformity with this Article shall not be invalid for any irregularity or defect in the proceedings of the issuance or sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder thereof.

Art. 8 Section 3 SPECIAL INDEBTEDNESS, HOW AUTHORIZED. Except the debt specified in sections one and

two of this Article, no debts shall hereafter be contracted by, or on behalf of this state, unless such debt shall be authorized by law for some single work or object to be distinctly specified therein. Art. 2 Section 1 LEGISLATIVE POWERS, WHERE VESTED. The legislative authority of the state of Washington shall be vested in the legislature, consisting of a senate and house of representatives, which shall be called the legislature of the state of Washington, but the people reserve to themselves the power to propose bills, laws, and to enact or reject the same at the polls, independent of the legislature, and also reserve power, at their own option, to approve or reject at the polls any act, item, section, or part of any bill, act, or law passed by the legislature.

(a) Initiative: The first power reserved by the people is the initiative. Every such petition shall include the full text of the

measure so proposed. In the case of initiatives to the legislature and initiatives to the people, the number of valid signatures of legal voters required shall be equal to eight percent of the votes cast for the office of governor at the last gubernatorial election preceding the initial filing of the text of the initiative measure with the secretary of state.

Initiative petitions shall be filed with the secretary of state not less than four months before the election at which they are to be voted upon, or not less than ten days before any regular session of the legislature. If filed at least four months before the election at which they are to be voted upon, he shall submit the same to the vote of the people at the said election. If such petitions are filed not less than ten days before any regular session of the legislature, he shall certify the results within forty days of the filing. If certification is not complete by the date that the legislature convenes, he shall provisionally certify the measure pending final certification of the measure. Such initiative measures, whether certified or provisionally certified, shall take precedence over all other measures in the legislature except appropriation bills and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session. If any such initiative measures shall be enacted by the legislature it shall be subject to the referendum petition, or it may be enacted and referred by the legislature to the people for approval or rejection at the next regular election. If it is rejected or if no action is taken upon it by the legislature before the end of such regular session, the secretary of state shall submit it to the people for approval or rejection at the next ensuing regular general election. The legislature may reject any measure so proposed by initiative petition and propose a different one dealing with the same subject, and in such event both measures shall be submitted by the secretary of state to the people for approval or rejection at the next ensuing regular general election. When conflicting measures are submitted to the people the ballots shall be so printed that a voter can express separately by making one cross (X) for each, two preferences, first, as between either measure and neither, and secondly, as between one and the other. If the majority of those voting on the first issue is for neither, both fail, but in that case the votes on the second issue shall nevertheless be carefully counted and made public. If a majority voting on the first issue is for either,

then the measure receiving a majority of the votes on the second issue shall be law.

(b) Referendum. The second power reserved by the people is the referendum, and it may be ordered on any act, bill, law, or any part thereof passed by the legislature, except such laws as may be necessary for the immediate preservation of the public peace, health or safety, support of the state government and its existing public institutions, either by petition signed by the required percentage of the legal voters, or by the legislature as other bills are enacted: *Provided*, That the legislature may not order a referendum on any initiative measure enacted by the legislature under the foregoing subsection (a). The number of valid signatures of registered voters required on a petition for referendum of an act of the legislature or any part thereof, shall be equal to or exceeding four percent of the votes cast for the office of governor at the last gubernatorial election preceding the filing of the text of the referendum measure with the secretary of state.

(c) No act, law, or bill subject to referendum shall take effect until ninety days after the adjournment of the session at which it was enacted. No act, law, or bill approved by a majority of the electors voting thereon shall be amended or repealed by the legislature within a period of two years following such enactment: *Provided*, That any such act, law, or bill may be amended within two years after such enactment at any regular or special session of the legislature by a vote of two-thirds of all the members elected to each house with full compliance with section 12, Article III, of the Washington Constitution, and no amendatory law adopted in accordance with this provision shall be subject to referendum. But such enactment may be amended or repealed at any general regular or special election by direct vote of the people thereon.

(d) The filing of a referendum petition against one or more items, sections, or parts of any act, law, or bill shall not delay the remainder of the measure from becoming operative. Referendum petitions against measures passed by the legislature shall be filed with the secretary of state not later than ninety days after the final adjournment of the session of the legislature which passed the measure on which the referendum is demanded. The veto power of the governor shall not extend to measures initiated by or referred to the people. All elections on measures referred to the people of the state shall be had at the next succeeding regular general election following the filing of the measure with the secretary of state, except

when the legislature shall order a special election. Any measure initiated by the people or referred to the people as herein provided shall take effect and become the law if it is approved by a majority of the votes cast thereon: *Provided*, That the vote cast upon such question or measure shall equal one-third of the total votes cast at such election and not otherwise. Such measure shall be in operation on and after the thirtieth day after the election at which it is approved. The style of all bills proposed by initiative petition shall be: "Be it enacted by the people of the State of Washington." This section shall not be construed to deprive any member of the legislature of the right to introduce any measure. All such petitions shall be filed with the secretary of state, who shall be guided by the general laws in submitting the same to the people until additional legislation shall especially provide therefor. This section is self-executing, but legislation may be enacted especially to facilitate its operation.

(e) The legislature shall provide methods of publicity of all laws or parts of laws, and amendments to the Constitution referred to the people with arguments for and against the laws and amendments so referred. The secretary of state shall send one copy of the publication to each individual place of residence in the state and shall make such additional distribution as he shall determine necessary to reasonably assure that each voter will have an opportunity to study the measures prior to election. Art. 8 Section 1 STATE DEBT. (a) The state may contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.

(b) The aggregate debt contracted by the state shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than nine percent of the arithmetic mean of its general state revenues for the three immediately preceding fiscal years as certified by the treasurer. The term "fiscal year" means that period of time commencing July 1 of any year and ending on June 30 of the following year.

(c) The term "general state revenues" when used in this section, shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.

(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (g) of this section, principal of bond

anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority.

(e) The state may pledge the full faith, credit, and taxing power of the state to guarantee the voter approved general obligation debt of school districts in the manner authorized by the legislature. Any such guarantee does not remove the debt obligation of the school district and is not state debt.

(f) The state may, without limitation, fund or refund, at or prior to maturity, the whole or any part of any existing debt or of any debt hereafter contracted pursuant to section 1, section 2, or section 3 of this article, including any premium payable with respect thereto and interest thereon, or fund or refund, at or prior to maturity, the whole or any part of any indebtedness incurred or authorized prior to the effective date of this amendment by any entity of the type described in subsection (h) of this section, including any premium payable with respect thereto and any interest thereon. Such funding or refunding shall not be deemed to be contracting debt by the state.

(g) Notwithstanding the limitation contained in subsection (b) of this section, the state may pledge its full faith, credit, and taxing power to guarantee the payment of any obligation payable from revenues received from any of the following sources: (1) Fees collected by the state as license fees for motor vehicles; (2) Excise taxes collected by the state on the sale, distribution or use of motor vehicle fuel; and (3) Interest on the permanent common school fund: *Provided*, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

(h) No money shall be paid from funds in custody of the treasurer with respect to any debt contracted after the effective date of this amendment by the Washington state building authority, the capitol committee, or any similar entity existing or operating for similar purposes pursuant to which such entity undertakes to finance or provide a facility for use or occupancy by the state or any agency, department, or instrumentality thereof.

(i) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences

of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

(j) The full faith, credit, and taxing power of the state of Washington are pledged to the payment of the debt created on behalf of the state pursuant to this section and the legislature shall provide by appropriation for the payment of the interest upon and installments of principal of all such debt as the same falls due, but in any event, any court of record may compel such payment.

(k) Notwithstanding the limitations contained in subsection (b) of this section, the state may issue certificates of indebtedness in such sum or sums as may be necessary to meet temporary deficiencies of the treasury, to preserve the best interests of the state in the conduct of the various state institutions, departments, bureaus, and agencies during each fiscal year; such certificates may be issued only to provide for appropriations already made by the legislature and such certificates must be retired and the debt discharged other than by refunding within twelve months after the date of incurrence.

(l) Bonds, notes, or other obligations issued and sold by the state of Washington pursuant to and in conformity with this article shall not be invalid for any irregularity or defect in the proceedings of the issuance or sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder thereof. Art. 4 Section 7 EXCHANGE OF JUDGES - JUDGE PRO TEMPORE. The judge of any superior court may hold a superior court in any county at the request of the judge of the superior court thereof, and upon the request of the governor it shall be his or her duty to do so. A case in the superior court may be tried by a judge pro tempore either with the agreement of the parties if the judge pro tempore is a member of the bar, is agreed upon in writing by the parties litigant or their attorneys of record, and is approved by the court and sworn to try the case; or without the agreement of the parties if the judge pro tempore is a sitting elected judge and is acting as a judge pro tempore pursuant to supreme court rule. The supreme court rule must require assignments of judges pro tempore based on the judges' experience and must provide for the right, exercisable once during a case, to a change of judge pro tempore. Such right shall be in addition to any other right provided by law. However, if a previously elected judge of the superior court retires leaving a pending case in which the judge has made discretionary rulings, the judge is entitled to hear the pending case as a judge pro tempore without any written agreement. (b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the voters of the taxing district voting on the proposition to issue such bonds and to pay the principal and interest thereon by annual tax levies in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of voters voting on the proposition shall constitute not less than forty percent of the total number of

voters voting in such taxing district at the last preceding general election: *Provided*, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, And provided further, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort. [2002 House Joint Resolution No. 4220, p 2203. Approved November 5, 2002.]

(2) Whenever the commission receives a complaint against a judge or justice, or otherwise has reason to believe that a judge or justice should be admonished, reprimanded, censured, suspended, removed, or retired, the commission shall first investigate the complaint or belief and then conduct initial proceedings for the purpose of determining whether probable cause exists for conducting a public hearing or hearings to deal with the complaint or belief. The investigation and initial proceedings shall be confidential. Upon beginning an initial proceeding, the commission shall notify the judge or justice of the existence of and basis for the initial proceeding.

(3) Whenever the commission concludes, based on an initial proceeding, that there is probable cause to believe that a judge or justice has violated a rule of judicial conduct or that the judge or justice suffers from a disability which is permanent or likely

to become permanent and which seriously interferes with the performance of judicial duties, the commission shall conduct a public hearing or hearings and shall make public all those records of the initial proceeding that provide the basis for its conclusion. If the commission concludes that there is not probable cause, it shall notify the judge or justice of its conclusion.

(4) Upon the completion of the hearing or hearings, the commission in open session shall either dismiss the case, or shall admonish, reprimand, or censure the judge or justice, or shall censure the judge or justice and recommend to the supreme court the suspension or removal of the judge or justice, or shall recommend to the supreme court the retirement of the judge or justice. The commission may recommend retirement of a judge or justice for a disability which is permanent or likely to become permanent and which seriously interferes with the performance of judicial duties.

(5) Upon the recommendation of the commission, the supreme court may suspend, remove, or retire a judge or justice. The office of a judge or justice retired or removed by the supreme court becomes vacant, and that person is ineligible for judicial office until eligibility is reinstated by the supreme court. The salary of a removed judge or justice shall cease. The supreme court shall specify the effect upon salary when it suspends a judge or justice. The supreme court may not suspend, remove, or retire a judge or justice until the commission, after notice and hearing, recommends that action be taken, and the supreme court conducts a hearing, after notice, to review commission proceedings and findings against the judge or justice.

(6) Within thirty days after the commission admonishes, reprimands, or censures a judge or justice, the judge or justice shall have a right of appeal *de novo* to the supreme court.

(7) Any matter before the commission or supreme court may be disposed of by a stipulation entered into in a public proceeding. The stipulation shall be signed by the judge or justice and the commission or court. The stipulation may impose any terms and conditions deemed appropriate by the commission or court. A stipulation shall set forth all material facts relating to the proceeding and the conduct of the judge or justice.

(8) Whenever the commission adopts a recommendation that a judge or justice be removed, the judge or justice shall be suspended immediately, with salary, from his or her judicial position until a final determination is made by the supreme court.

(9) The legislature shall provide for commissioners' terms of office and compensation. The commission shall employ one or more investigative officers with appropriate professional training and experience. The investigative officers of the commission shall report directly to the commission. The commission shall also employ such administrative or other staff as are necessary to manage the affairs of the commission.

(10) The commission shall, to the extent that compliance does not conflict with this section, comply with laws of general applicability to state agencies with respect to rule-making procedures, and with respect to public notice of and attendance at commission proceedings other than initial proceedings. The commission shall establish rules of procedure for commission proceedings including due process and confidentiality of proceedings. [2005 Senate Joint Resolution No. 8207, pp 2799, 2800. Art. 7 Section 12 BUDGET STABILIZATION ACCOUNT. (a) A budget stabilization account shall be established and maintained in the state treasury.

(b) By June 30th of each fiscal year, an amount equal to one percent of the general state revenues for that fiscal year shall be transferred to the budget stabilization account. Nothing in this subsection (b) shall prevent the appropriation of additional amounts to the budget stabilization account.

(c) Each fiscal quarter, the state economic and revenue forecast council appointed and authorized as provided by statute, or successor entity, shall estimate state employment growth for the current and next two fiscal years.

(d) Moneys may be withdrawn and appropriated from the budget stabilization account as follows:

(i) If the governor declares a state of emergency resulting from a catastrophic event that necessitates government action to protect life or public safety, then for that fiscal year moneys may be withdrawn and appropriated from the budget stabilization account, via separate legislation setting forth the nature of the emergency and containing an appropriation limited to the above-authorized purposes as contained in the declaration, by a favorable vote of a majority of the members elected to each house of the legislature.

(ii) If the employment growth forecast for any fiscal year is estimated to be less than one percent, then for that fiscal year moneys may be withdrawn and appropriated from the budget stabilization account by the favorable vote of a majority of the members elected to each house of the legislature.

(iii) Any amount may be withdrawn and appropriated from the budget stabilization account at any time by the favorable vote of at least three-fifths of the members of each house of the legislature.

(e) Amounts in the budget stabilization account may be invested as provided by law and retained in that account. When the

balance in the budget stabilization account, including investment earnings, equals more than ten percent of the estimated general state revenues in that fiscal year, the legislature by the favorable vote of a majority of the members elected to each house of the legislature may withdraw and appropriate the balance to the extent that the balance exceeds ten percent of the estimated general state revenues. Appropriations under this subsection (e) may be made solely for deposit to the education construction fund.

(f) As used in this section, "general state revenues" has the meaning set forth in Article VIII, section 1 of the Constitution. Forecasts and estimates shall be made by the state economic and revenue forecast council appointed and authorized as provided by statute, or successor entity.

(g) The legislature shall enact appropriate laws to carry out the purposes of this section.

Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed one percent of the true and fair value of such property in money. Nothing herein shall prevent levies at the rates

now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only as follows:

Notwithstanding any other provision of this subsection, a proposition under this subsection to levy an additional tax for a school district shall be authorized by a majority of the voters voting on the proposition, regardless of the number of voters voting on the proposition;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by

majority of at least three-fifths of the voters of the taxing district voting on the proposition to issue such bonds and to pay the principal and interest thereon by annual tax levies in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of voters voting on the proposition shall constitute not less than forty percent of the total number of voters voting in such taxing district at the last preceding general election. Any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein. [2007 Substitute House Joint Resolution No. 4215, p 3145. Approved November 6, 2007.]

AMENDMENT 103

Art. 8 Section 1 STATE DEBT. (a) The state may contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.

(b) The aggregate debt contracted by the state shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than nine percent of the arithmetic mean of its general state revenues for the three immediately preceding fiscal years as certified by the treasurer. The term "fiscal year" means that period of time commencing July 1 of any year and ending on June 30 of the following year.

(c) The term "general state revenues" when used in this section, shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.

(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (g) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority. In addition,

for the purpose of computing the amount required for payment of interest on outstanding debt under subsection (b) of this section and this subsection, "interest" shall be reduced by subtracting the amount scheduled to be received by the state as payments from the federal government in each year in respect of bonds, notes, or other evidences of indebtedness subject to this section.

(e) The state may pledge the full faith, credit, and taxing power of the state to guarantee the voter approved general obligation debt of school districts in the manner authorized by the legislature. Any such guarantee does not remove the debt obligation of the school district and is not state debt.

(f) The state may, without limitation, fund or refund, at or prior to maturity, the whole or any part of any existing debt or of any debt hereafter contracted pursuant to section 1, section 2, or section 3 of this article, including any premium payable with respect thereto and interest thereon, or fund or refund, at or prior to maturity, the whole or any part of any indebtedness incurred or authorized prior to the effective date of this amendment by any entity of the type described in subsection (h) of this section, including any premium payable with respect thereto and any interest thereon. Such funding or refunding shall not be deemed to be contracting debt by the state.

(g) Notwithstanding the limitation contained in subsection (b) of this section, the state may pledge its full faith, credit, and taxing power to guarantee the payment of any obligation payable from revenues received from any of the following sources: (1) Fees collected by the state as license fees for motor vehicles; (2) Excise taxes collected by the state on the sale, distribution or use of motor vehicle fuel; and (3) Interest on the permanent common school fund: *Provided*, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

(h) No money shall be paid from funds in custody of the treasurer with respect to any debt contracted after the effective date of this amendment by the Washington state building authority, the capitol committee, or any similar entity existing or operating for similar purposes pursuant to which such entity undertakes to finance or provide a facility for use or occupancy by the state or any agency, department, or instrumentality thereof.

(i) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

(j) The full faith, credit, and taxing power of the state of Washington are pledged to the payment of the debt created on behalf of the state pursuant to this section and the legislature shall provide by appropriation for the payment of the interest upon and installments of principal of all such debt as the same falls due, but in any event, any court of record may compel such payment.

(k) Notwithstanding the limitations contained in subsection (b) of this section, the state may issue certificates of indebtedness in such sum or sums as may be necessary to meet temporary deficiencies of the treasury, to preserve the best interests of the state in the conduct of the various state institutions, departments, bureaus, and agencies during each fiscal year; such certificates may be issued only to provide for appropriations already made by the legislature and such certificates must be retired and the debt discharged other than by refunding within twelve months after the date of incurrence.

(l) Bonds, notes, or other obligations issued and sold by the state of Washington pursuant to and in conformity with this article shall not be invalid for any irregularity or defect in the proceedings of the issuance or sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder thereof. [2010 Senate Joint Resolution No. 8225, p 3129-3132. Approved November 2, 2010.]

Art. 8 Section 1 was later amended by Amendment 107.

AMENDMENT 104

Art. 1 Section 20 BAIL, WHEN AUTHORIZED. All persons charged with crime shall be bailable by sufficient sureties, except for capital offenses when the proof is evident, or the presumption great. Bail may be denied for offenses punishable by the possibility of life in prison upon a showing by clear and convincing evidence of a propensity for violence that creates a substantial likelihood of danger to the community or any persons, subject to such limitations as shall be determined by the legislature. AMENDMENT 105

Art. 6 Section 1A VOTER QUALIFICATIONS FOR PRESIDENTIAL ELECTIONS. [Repealed by 2011 Senate Joint Resolution No. 8205, p 4281. Approved November 8, 2011.]

Prior amendment of Art. 6 Section 1A, see Amendment 46.

AMENDMENT 106

Art. 7 Section 12 BUDGET STABILIZATION ACCOUNT. (a) A budget stabilization account shall be established and maintained in the state treasury.

(b)(1) By June 30th of each fiscal year, an amount equal to one percent of the general state revenues for that fiscal year shall be transferred to the budget stabilization account. Nothing in this subsection (b) shall prevent the appropriation of additional amounts to the budget stabilization account.

(2) By June 30th of the second year of each fiscal biennium, three-quarters of any extraordinary revenue growth shall be transferred to the budget stabilization account. However, no transfer of extraordinary revenue growth under this subsection (b) (2) shall occur in a fiscal biennium following a fiscal biennium in which annual average state employment growth averaged less than one percent per fiscal year. "Extraordinary revenue growth" means the amount by which the growth in general state revenues for that fiscal biennium exceeds by one-third the average biennial percentage growth in general state revenues over the prior five fiscal biennia. In making this determination, the comparability of data shall be maintained by adjusting historical general state revenues to reflect statutory changes to the dedication of state

revenues. The transfer under this subsection shall be made only to the extent that it exceeds the total transfers under (1) of this subsection for that fiscal biennium.

(c) Each fiscal quarter, the state economic and revenue forecast council appointed and authorized as provided by statute, or successor entity, shall estimate state employment growth for the current and next two fiscal years.

(d) Moneys may be withdrawn and appropriated from the budget stabilization account as follows:

(i) If the governor declares a state of emergency resulting from a catastrophic event that necessitates government action to protect life or public safety, then for that fiscal year moneys may be withdrawn and appropriated from the budget stabilization account, via separate legislation setting forth the nature of the emergency and containing an appropriation limited to the above-authorized purposes as contained in the declaration, by a favorable vote of a majority of the members elected to each house of the legislature.

(ii) If the employment growth forecast for any fiscal year is estimated to be less than one percent, then for that fiscal year moneys may be withdrawn and appropriated from the budget stabilization account by the favorable vote of a majority of the members elected to each house of the legislature.

(iii) Any amount may be withdrawn and appropriated from the budget stabilization account at any time by the favorable vote of at least three-fifths of the members of each house of the legislature.

(e) Amounts in the budget stabilization account may be invested as provided by law and retained in that account. When the balance in the budget stabilization account, including investment earnings, equals more than ten percent of the estimated general state revenues in that fiscal year, the legislature by the favorable vote of a majority of the members elected to each house of the legislature may withdraw and appropriate the balance to the extent that the balance exceeds ten percent of the estimated general state revenues. Appropriations under this subsection (e) may be made solely for deposit to the education construction fund.

(f) As used in this section, "general state revenues" has the meaning set forth in Article VIII, section 1 of the Constitution. Forecasts and estimates shall be made by the state economic and revenue forecast council appointed and authorized as provided by statute, or successor entity.

(g) The legislature shall enact appropriate laws to carry out the purposes of this section.

(h) This section takes effect July 1, 2008. [2011 Senate Joint Resolution No. 8206, p 4281-4283. Approved November 8, 2011.] Prior amendment of Art. 7 Section 12, see Amendment 99.

AMENDMENT 107

Art. 8 Section 1 STATE DEBT. (a) The state may contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.

(b) The aggregate debt contracted by the state, as calculated by the treasurer at the time debt is contracted, shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than the applicable percentage limit of the arithmetic mean of its general state revenues for the six immediately preceding fiscal years as certified by the treasurer. The term “applicable percentage limit” means eight and one-half percent from July 1, 2014, through June 30, 2016; eight and one-quarter percent from July 1, 2016, through June 30, 2034; eight percent from July 1, 2034, and thereafter. The term “fiscal year” means that period of time commencing July 1 of any year and ending on June 30 of the following year.

(c) The term “general state revenues,” when used in this section, shall include all state money received in the treasury from each and every source, including moneys received from ad valorem taxes levied by the state and deposited in the general fund in each fiscal year, but not including: (1) Fees and other revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Moneys received from taxes levied for specific purposes

and required to be deposited for those purposes into specified funds or accounts other than the general fund; and (6) Proceeds received from the sale of bonds or other evidences of indebtedness.

(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (g) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority. In addition, for the purpose of computing the amount required for payment of interest on outstanding debt under subsection (b) of this section and this subsection, "interest" shall be reduced by subtracting the amount scheduled to be received by the state as payments from the federal government in each year in respect of bonds, notes, or other evidences of indebtedness subject to this section.

(e) The state may pledge the full faith, credit, and taxing power of the state to guarantee the voter approved general obligation debt of school districts in the manner authorized by the legislature. Any such guarantee does not remove the debt obligation of the school district and is not state debt.

(f) The state may, without limitation, fund or refund, at or prior to maturity, the whole or any part of any existing debt or of any debt hereafter contracted pursuant to section 1, section 2, or section 3 of this article, including any premium payable with respect thereto and interest thereon, or fund or refund, at or prior to maturity, the whole or any part of any indebtedness incurred or authorized prior to the effective date of this amendment by any entity of the type described in subsection (h) of this section, including any premium payable with respect thereto and any

interest thereon. Such funding or refunding shall not be deemed to be contracting debt by the state.

(g) Notwithstanding the limitation contained in subsection (b) of this section, the state may pledge its full faith, credit, and taxing power to guarantee the payment of any obligation payable from revenues received from any of the following sources: (1) Fees collected by the state as license fees for motor vehicles; (2) Excise taxes collected by the state on the sale, distribution or use of motor vehicle fuel; and (3) Interest on the permanent common school fund: *Provided*, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

(h) No money shall be paid from funds in custody of the treasurer with respect to any debt contracted after the effective date of this amendment by the Washington state building authority, the capitol committee, or any similar entity existing or operating for similar purposes pursuant to which such entity undertakes to finance or provide a facility for use or occupancy by the state or any agency, department, or instrumentality thereof.

(i) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

(j) The full faith, credit, and taxing power of the state of Washington are pledged to the payment of the debt created on behalf of the state pursuant to this section and the legislature shall provide by appropriation for the payment of the interest upon and installments of principal of all such debt as the same falls due, but in any event, any court of record may compel such payment.

(k) Notwithstanding the limitations contained in subsection (b) of this section, the state may issue certificates of indebtedness in such sum or sums as may be necessary to meet temporary deficiencies of the treasury, to preserve the best interests of the state in the conduct of the various state institutions, departments, bureaus, and agencies during each fiscal year; such certificates may be issued only to provide for appropriations already made by the legislature and such certificates must be retired and the debt discharged other than by refunding within twelve months after the date of incurrence.

(l) Bonds, notes, or other obligations issued and sold by the state of Washington pursuant to and in conformity with this article shall not be invalid for any irregularity or defect in the proceedings of the issuance or sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder thereof. [2012 Engrossed Senate Joint Resolution No. 8221, p 2429-2432. Approved November 6, 2012.]

AMENDMENT 108

Art. 2 Section 43 REDISTRICTING. (1) In January of each year ending in one, a commission shall be established to provide for the redistricting of state legislative and congressional districts.

(2) The commission shall be composed of five members to be selected as follows: The legislative leader of the two largest political parties in each house of the legislature shall appoint one voting member to the commission by January 15th of each year ending in one. By January 31st of each year ending in one, the four appointed members, by an affirmative vote of at least three, shall appoint the remaining member. The fifth member of the commission, who shall be nonvoting, shall act as its chairperson. If any appointing authority fails to make the required appointment by the date established by this subsection, within five days after that date the supreme court shall make the required appointment.

(3) No elected official and no person elected to legislative district, county, or state political party office may serve on the commission. A commission member shall not have been an elected official and shall not have been an elected legislative district, county, or state political party officer within two years of his or her appointment to the commission. The provisions of this subsection do not apply to the office of precinct committee person.

(4) The legislature shall enact laws providing for the implementation of this section, to include additional qualifications for commissioners and additional standards to govern the commission. The legislature shall appropriate funds to enable the commission to carry out its duties.

(5) Each district shall contain a population, excluding nonresident military personnel, as nearly equal as practicable to the population of any other district. To the extent reasonable, each district shall contain contiguous territory, shall be compact and convenient, and shall be separated from adjoining districts by natural geographic barriers, artificial barriers, or political subdivision boundaries. The commission's plan shall not provide for a number of legislative districts different than that established by the legislature. The commission's plan shall not be drawn purposely to favor or discriminate against any political party or group.

(6) The commission shall complete redistricting as soon as possible following the federal decennial census, but no later than November 15th of each year ending in one. At least three of the voting members shall approve such a redistricting plan. If three of the voting members of the commission fail to approve a plan within the time limitations provided in this subsection, the supreme court shall adopt a plan by April 30th of the year ending in two in conformance with the standards set forth in subsection (5) of this section.

(7) The legislature may amend the redistricting plan but must do so by a two-thirds vote of the legislators elected or appointed to each house of the legislature. Any amendment must have passed both houses by the end of the thirtieth day of the first session convened after the commission has submitted its plan to the legislature. After that day, the plan, with any legislative amendments, constitutes the state districting law.

(8) The legislature shall enact laws providing for the reconvening of a commission for the purpose of modifying a districting law adopted under this section. Such reconvening requires a two-thirds vote of the legislators elected or appointed to each house of the legislature. The commission shall conform to the standards prescribed under subsection (5) of this section and any other standards or procedures that the legislature may provide by law. At least three of the voting members shall approve such a modification. Any modification adopted by the commission may be amended by a two-thirds vote of the legislators elected and

appointed to each house of the legislature. The state districting law shall include the modifications with amendments, if any.

(9) The legislature shall prescribe by law the terms of commission members and the method of filling vacancies on the commission.

(10) The supreme court has original jurisdiction to hear and decide all cases involving congressional and legislative redistricting.

(11) Legislative and congressional districts may not be changed or established except pursuant to this section. A districting plan and any legislative amendments to the plan are not subject to Article III, section 12 of this Constitution. [2016 Senate Joint Resolution No. 8210. Approved November 8, 2016.]

Prior amendment of Art. 2 Section 43, see Amendment 74.

AMENDMENT 109

Art. 2 Section 42 **GOVERNMENTAL CONTINUITY DURING EMERGENCY PERIODS.** The legislature, in order to insure continuity of state and local governmental operations in periods of emergency resulting from a catastrophic incident or enemy attack, shall have the power and the duty, immediately upon and after adoption of this amendment, to enact legislation providing for prompt and temporary succession to the powers and duties of public offices of whatever nature and whether filled by election or appointment, the incumbents and legal successors of which may become unavailable for carrying on the powers and duties of such offices; the legislature shall likewise enact such other measures as may be necessary and proper for insuring the continuity of governmental operations during such emergencies. Legislation enacted under the powers conferred by this amendment shall in all respects conform to the remainder of the Constitution: Provided, That if, in the judgment of the legislature at the time of the emergency, conformance to the provisions of the Constitution would be impracticable or would admit of undue delay, such legislation may depart during the period of emergency caused by a catastrophic incident or enemy attack only, from the following sections of the Constitution: Article 14, Sections 1 and 2, Seat of Government; Article 2, Sections 8, 15 (Amendments 13 and 32), and 22, Membership, Quorum of Legislature and Passage of Bills; Article 3, Section 10 (Amendment 6), Succession to Governorship:

Provided, That the legislature shall not depart from Section 10, Article III, as amended by Amendment 6, of the state Constitution relating to the Governor's office so long as any successor therein named is available and capable of assuming the powers and duties of such office as therein prescribed; Article 3, Section 13, Vacancies in State Offices; Article 11, Section 6, Vacancies in County Offices; Amendment 109 Article 11, Section 2, Seat of County Government; Article 3, Section 24, State Records. Sources of the Washington State Constitution

Preface

Dr. Arthur S. Beardsley

Law Librarian and Professor of Law
University of Washington

Member of the Seattle Bar

Washington has had two constitutional conventions. The first one convened at Walla Walla in June, 1878. It was a very small body composed of only fifteen men, but representative of the Territory's best intellect. Their labors continued over a period of forty days and produced a draft of a proposed constitution unequaled by that of any state. While the proceedings of this convention were never printed, they can be found in the columns of the Walla Walla Bulletin for that month and the original draft may be found in the office of the Secretary of State. The proceedings have been reprinted with notes by Dean John T. Condon and Professor Edmund Meany of the University of Washington. When presented to Congress, this constitution was rejected and statehood postponed for another eleven years.

Just prior to the convening on July 4th of the Constitutional Convention of 1889, Mr. W. Lair Hill, a prominent attorney both of Oregon and California, code writer of Oregon, former editor of the Portland, Oregon, Oregonian, a new resident of Seattle and soon to be the compiler of Washington's first state code, prepared, at the request of the Oregonian, the draft of a model state constitution. Copies were placed on the desks of the members of the Constitutional Convention of 1889 and were used as the working basis upon which to build the constitution for the new state of Washington. While it is difficult to measure the extent of its influence, it is evident that it was not small.

This second constitutional convention met in Olympia pursuant to an enabling act passed by Congress on February 22, 1889. It was in session until August 22, 1889. The membership of the convention consisted of seventy-five delegates chosen by the people of the Territory of Washington at an election held May 14, 1889, under Section 3 of the Enabling Act. They represented twenty-four nativities, partly as follows: Missouri 10, Ohio 8, New York 7, Illinois 7, Maine 6, Pennsylvania 4, Kentucky 4, Indiana 3, Michigan 3, Tennessee 2, and North Carolina, Massachusetts, Washington, Wisconsin, Connecticut, Iowa, Nebraska, and California each 1.

Judge John P. Hoyt was chosen as its president. The personnel of the convention included many very distinguished citizens including three future justices of the supreme court, a future governor, a future United States Senator, several future superior court judges. By occupations there were 22 lawyers, 15 farmers, 6 physicians, 5 merchants, 5 bankers, 4 stockmen, 3 teachers, 4 millmen and loggers, 1 preacher, 1 surveyor, 1 fisherman, and 1 engineer. Their average age was 45 years.

The constitution presented by these delegates was ratified by the people at an election held on October 1, 1889, and on November 11, 1889, in accordance with Section 8 of the Enabling Act, the President of the United States proclaimed the admission of the State of Washington into the Union.

Comparative Study of Articles

The Constitution of Washington was the result of a study of the constitutions of many states. The constitutions of Oregon and California influenced it the most; but a considerable number of its sections show similar and identical language taken from the constitutions of Wisconsin, Missouri, Colorado, and Indiana. A lesser number of sections show the influence of the constitutions of Illinois, Pennsylvania, Texas, and Ohio. Altogether provisions from twenty-three state constitutions were copied into the final draft.

The influence of the Hill model draft was extensive. Much of this draft came from Oregon, which in turn had been taken heavily from the constitution of Indiana. In addition to Oregon, Mr. Hill borrowed from California and Wisconsin. It is probable that the members of the constitutional convention used the Hill draft as a basis of their study and modified its provisions as they progressed

with the work. The proposed Constitution of 1878 was of much aid to them also. Even Mr. Hill copied from it in the preparation of his model draft.

A study of the various sections of the Constitution of Washington as finally adopted shows somewhat the following conclusions:

State Constitution or Proposed Draft	Identical Section	Similar Section
Hill	51	46
California	45	45
Oregon.....	23	37
Wisconsin.....	27	17
Proposed 1878.....	19	30
Indiana.....	7	10
Colorado.....	8	15
Missouri	3	18
Illinois	6	14
Pennsylvania	7	6
Texas	2	7
United States	7	17
Ohio.....	1	7

It should be noted, however, that there must be an overlapping of sections between states, as for example, certain sections as finally drafted might be the identical language of Hill, California, and Oregon; or a similarity of language of sections taken from Oregon, Indiana, and Wisconsin. The table clearly shows the relative influence of the constitutions and proposed drafts which are the sources of its provisions.

Article VII - Revenue and Taxation

Note: It is evident that the Committee on Revenue and Taxation studied very carefully the constitutions of many states as is shown by the fact that they have borrowed a sentence from one state and a part of a sentence from some other state. It is also difficult to understand why they did not choose a plan of classification for property, or to define property, or to provide for taxation of intangibles, when so many states' constitutions presented such examples and when other states preparing constitutions at the same time chose them.

Initiative petitions filed with the secretary of state not less than ten days before any regular session of the legislature shall take precedence over all other measures in the legislature except appropriation bills and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session. Upon certification from the secretary of state that an initiative to the legislature has received sufficient valid signatures, the secretary of state shall submit certified copies of the said initiative to the state senate and the house of representatives. Upon receipt of said initiative, each body of the legislature through its presiding officers shall refer the certified copies of the initiative to a proper committee.

Upon receipt of a committee report on an initiative to the legislature, each house shall treat the measure in the same manner as bills, memorials and resolutions, except that initiatives cannot be placed on the calendar for amendment. After the action of each body has been recorded on the final passage or any other action by resolution or otherwise which may refer the initiative to the people has been recorded, the president and secretary of the senate and the speaker and chief clerk of the house of representatives will certify, each for its own body, to the secretary of state the action taken. (Const., art. 2, sec. 1a.)

Conference Committee

Rule 17. (1) In every case of difference between the two houses, upon any subject of legislation, either house may request a conference and appoint a committee for that purpose, and the other house may grant the request for a conference and appoint a committee to confer. The presiding officer of each house shall appoint on each conference committee three members, selecting them so as to represent, in each case, the majority and minority positions to the extent possible as relates to the subject matter, and the majority and minority caucuses. The committees, at the earliest possible

hour, shall confer upon the differences between the two houses indicated by the amendment or amendments adopted in one house and rejected in the other.

(2) Conference committee deliberations shall be conducted in a manner consistent with the rules of the house of representatives and senate applicable to deliberations of standing committees.

(3) Public notice of a conference committee meeting shall be given by the secretary of the senate, for house bills, and the chief clerk of the house of representatives, for senate bills, prior to the convening of the meeting by distributing meeting notices via the legislature's email system.

(4) The papers shall be left with the conferees of the house of representatives if a senate bill, and with the conferees of the senate, if a house bill, and the holders of the papers shall first present the report of the committee to their house. Every report of a conference committee must be recommended by a majority of the conference committee members of each house. Conference committee reports must be recommended at a meeting duly convened by the chief clerk of the house of representatives for senate bills or the secretary of the senate for house bills.

Failure to Agree

Rule 18. In case of failure of the conferees to agree on matters directly at issue between the two houses, the committee may in addition consider new proposed items within the scope and object of the bill in conference. A report proposing new items shall include all amendments to the bill or resolution agreed upon by the conference committee. The proposed report may be in the form of a new bill or resolution and such report must be recommended by a majority of the members of the committee appointed from each house.

Report of Conference Committee, How Made Out - Whom Returned to

Rule 19. The conference committee shall submit the bill as amended together with three copies of its report to the house of representatives if a senate bill, and to the senate, if a house bill. A copy of the report shall be distributed to each member of the legislature at the time the report is received by this house. If this house acts to approve the

report and pass the bill as amended, it shall then transmit its action, the bill, and two copies of the report to the other house.

Adoption of Reports

Rule 20. No floor vote may be taken on any conference committee report without a distribution to all members of a summary of additions, changes, and deletions made by the conference committee that is sufficiently explicit to inform the members of the effect of said additions, changes, and deletions. The chief clerk of the house of representatives and the secretary of the senate shall distribute the reports to the members as soon as possible.

Each house shall have twenty-four hours from the time of proper receipt, by the chief clerk of the house of representatives and the secretary of the senate, and by distribution to the members before considering reports from a conference committee which has proposed new items within the scope and object of the bill in conference.

The foregoing provision relating to twenty-four hour intervals may be suspended by the senate or the house of representatives by two-thirds vote of the members present, and such suspension shall apply only to the house voting to suspend this provision.

The report must be voted upon in its entirety and cannot be amended. The report of a conference committee may be adopted by voice vote.

Passage of a bill as amended by conference report shall be by roll call and ayes and nays shall be entered on the journals of the respective house. Passage requires a constitutional majority in both houses, except in the case of constitutional amendments, which require a two-thirds vote.

Messages Between the Two Houses

Rule 21. Messages from the senate to the house of representatives shall be delivered by the secretary or the secretary's designee, and messages from the house of representatives to the senate shall be delivered by the chief clerk or the chief clerk's designee.

Final Action on Bills, How Communicated

Rule 23. Each house shall communicate its final action on any bill or resolution, or matter in which the other may be interested, in writing, signed by the secretary or clerk of the house from which such notice is sent.

Enrolled Bills - Presiding Officer to Sign

After a bill shall have passed both houses and all amendments have been engrossed therein, it shall be signed by the presiding officer of each house in open session, first in the house in which it originated. The secretary of the senate or the chief clerk of the house of representatives shall present the original bill to the governor for signature.

Disposition of Enrolled Bills

Rule 25. Whenever any bill shall have passed both houses, the house transmitting the bill in its final form to the governor shall also file with the secretary of state a copy of the bill together with the history of such bill up to the time of transmission to the governor.

Adjournment

Rule 26. Neither house shall adjourn for more than three days, nor to any place other than that in which they may be sitting, without the consent of the other. (Const., art. 2, sec. 11.)

Adjournment Sine Die

Rule 27. Adjournment sine die shall be made only by concurrent resolution.

Each House Judge of Its Own Membership

Rule 28. Each house of the legislature is the judge of the qualifications and election of its members, and shall try all contested elections of its members in such manner as it may direct. (Const., art. 2, sec. 8.)

Convening Special Legislative Sessions

Rule 29. The legislature may convene a special legislative session as follows:

(1) A resolution calling for convening a special legislative session shall set forth the date and time for convening the session, the duration of the session which shall not exceed thirty days, together

with the purpose or purposes for which such session is called. Members of the house of representatives or senate may present a proposed resolution for the convening of a special legislative session to the committee on rules of their respective houses.

(2) The authority to place a resolution convening a special legislative session before the legislature is vested in the committee on rules of the house of representatives and the committee on rules of the senate.

(3) Upon a majority vote of both the committee on rules of the house of representatives and the committee on rules of the senate in favor of a resolution convening a special legislative session, a vote of the house of representatives and senate shall be taken on such resolution.

(4) The chief clerk of the house of representatives and the secretary of the senate shall conduct the vote on the resolution by written ballot of the members of their respective houses under such procedures as may be ordered by the committee on rules of their house. The results of such vote shall be transmitted to the members of the legislature and shall be a public record and shall be entered upon the journal of the house of representatives and senate at the convening of the next legislative session.

Upon the organization of the senate the members shall elect one of their number as president pro tempore who shall have all the powers and authority and who shall discharge all the duties of lieutenant governor acting as president when the secretary of the senate receives notice that the lieutenant governor is unable to preside or is unable to confirm the lieutenant governor's availability within a reasonable time. Announcement of Vote

Rule 23. The announcement of all votes shall be made by the president.

Call of the Senate

Rule 24. Although a roll call is in progress, a call of the senate may be moved by three senators, and if carried by a majority of all present the secretary shall call the roll, after which the names of the absentees shall again be called. No senator shall impeach the motives of any other member or speak more than twice (except for explanation) during the consideration of any one question, on the same day or a second time without leave, when others who have not spoken desire the floor, but incidental and subsidiary questions arising during the debate shall not be considered the same question. A majority of the members present may further limit the number of times a member may speak on any question and may limit the length of time a member may speak but, unless a demand for the previous question has been sustained, a member shall not be denied the right to speak at least once on each question, nor shall a member be limited to less than two minutes on each question. In any event, the senator who presents the motion may open and close debate on the question.

Recognition by the President

Rule 30. When two or more senators rise at the same time to address the chair, the president shall name the one who shall speak first, giving preference, when practicable, to the mover or introducer of the subject under consideration. (See also Reed’s Rule 214.)

Call for Division of a Question

Rule 31. Any senator may call for a division of a question, which shall be divided if it embraces subjects so distinct that one being taken away a substantive proposition shall remain for the decision of the senate; but a motion to strike out and insert shall not be divided.

Point of Order – Decision Appealable

Rule 32. 1. Every decision of points of order by the president shall be subject to appeal by any senator, and discussion of a question of order shall be allowed. In all cases of appeal the question shall be: “Shall the decision of the president stand as the judgment of the senate?”

2. When a member appeals the decision of the presiding officer, the presiding officer may not preside over the appeal.

3. An appeal from the decision of the presiding officer is timely if brought before the body on the day the decision was made unless the decision affected a measure that is no longer in possession of the senate.

Question of Privilege

Rule 33. Any senator may rise to a question of privilege and explain a personal matter by leave of the president, but shall not discuss any pending question in such explanations, nor shall any question of personal privilege permit any senator to introduce any person or persons in the galleries. The president upon notice received may acknowledge the presence of any distinguished person or persons.

A question of privilege shall involve only subject matter which affects the particular senator personally and in a manner unique and peculiar to that senator.

Rule 34. Any senator or senators may protest against the action of the senate upon any question. Such protest may be entered upon the journal if it does not exceed 200 words. The senator protesting shall file the protest with the secretary of the senate within 48 hours following the action protested.

Adoption and Suspension of Rules

Rule 35. 1. The permanent senate rules adopted at the first regular session during a legislative biennium shall govern any session subsequently convened during the same legislative biennium. No permanent rule or order of the senate shall be rescinded or changed without a majority vote of the members of the senate, and one day's notice of the motion.

2. A permanent rule or order may be temporarily suspended for a special purpose by a vote of two-thirds of the members present unless otherwise specified herein. When the suspension of a rule is called, and after due notice from the president no objection is offered, the president may announce the rule suspended, and the senate may proceed accordingly. Motion for suspension of the rules shall not be debatable, except, the mover of the motion may

briefly explain the purpose of the motion and at the discretion of the president a rebuttal may be allowed.

3. For the purposes of this rule, one day's notice means written notice is provided to all members of the Senate by 5:00 p.m. the day prior to the amendment to the permanent rules being offered and the notice must include, at a minimum, a description of the change to be offered.

Previous Question

Rule 36. The previous question shall not be put unless demanded by three senators, and it shall then be in this form: "Shall the main question be now put?" When sustained by a majority of senators present it shall preclude all debate, except the senator who presents the motion may open and close debate on the question and the vote shall be immediately taken on the question or questions pending before the senate, and all incidental question or questions of order arising after the motion is made shall be decided whether on appeal or otherwise without debate.

Reconsideration

Rule 37. 1. After the final vote on any measure, before the adjournment of that day's session, any member who voted with the prevailing side may give notice of reconsideration unless a motion to immediately transmit the measure to the house has been decided in the affirmative. Such motion to reconsider shall be in order only under the order of motions of the day immediately following the day upon which such notice of reconsideration is given, and may be made by any member who voted with the prevailing side.

2. A motion to reconsider shall have precedence over every other motion, except a motion to adjourn; and when the senate adjourns while a motion to reconsider is pending or before passing the order of motions, the right to move a reconsideration shall continue to the next day of sitting. On and after the tenth day prior to adjournment sine die of any session, as determined pursuant to Article 2, Section 12, or concurrent resolution, or in the event that the measure is subject to a senate rule or resolution or a joint rule or concurrent resolution, which would preclude consideration on the next day of sitting a motion to reconsider shall only be in order on the same day upon which notice of reconsideration is given and may be made at any time that day. Motions to reconsider a vote upon amendments to any pending question may be made and decided at once.

Motion to Adjourn

Rule 38. Except when under call of the senate, a motion to adjourn shall always be in order. The name of the senator moving to adjourn and the time when the motion was made shall be entered upon the journal.

Yeas and Nays – When Must be Taken

Rule 39. The yeas and nays shall be taken when called for by one-sixth of all the senators present, and every senator within the bar of the senate shall vote unless excused by the unanimous vote of the members present, and the votes shall be entered upon the journal. (See also Art. 2, Sec. 21, State Constitution.)

When once begun the roll call may not be interrupted for any purpose other than to move a call of the senate. (See also Senate Rules 22 and 24.)

The committee requirements in Senate Rules 44 through 49 apply equally to standing subcommittees created under Senate Rule 41.

2. In addition to standing subcommittees created under Senate Rule 41, committee chairs may create subcommittees of the standing committee and designate subcommittee chairs thereof to study subjects within the jurisdiction of the standing committee. These subcommittees do not have executive action authority and are not considered standing subcommittees for purpose of senate rules. The committee chair shall approve the use of committee staff and equipment assigned to the subcommittee. Subcommittee activities shall further be subject to facilities and operations committee approval to the same extent as are the actions of the standing committee from which they derive their authority.

Subpoena Power

Rule 43. Any of the above referenced committees, including subcommittees thereof, or any special committees created by the senate, may have the powers of subpoena, the power to administer oaths, and the power to issue commissions for the examination of witnesses in accordance with the provisions of chapter 44.16 RCW. The committee chair shall file with the committee on rules, prior to issuance of any process, a statement of purpose setting forth the name or names of those subject to process. The rules committee shall consider every proposed issuance of process at a meeting of the rules committee immediately following the filing of the statement with the committee. The process shall not be issued prior to consideration by the rules committee. The process shall be limited to the named individuals and the committee on rules may overrule the service on an individual so named.

Duties of Committees

Rule 44. The several committees shall fully consider measures referred to them.

The committees shall acquaint themselves with the interest of the state specially represented by the committee, and from time to time present such bills and reports as in their judgment will advance the interests and promote the welfare of the people of the state: PROVIDED, That no executive action on bills may be taken during an interim.

Committee Rules

Rule 45. 1. At least five days' notice shall be given of all public hearings held by any committee other than the rules committee. Such notice shall contain the date, time and place of such hearing together with the title and number of each bill, or identification of the subject matter, to be considered at such hearing. By a majority vote of the committee members present at any committee meeting such notice may be dispensed with. The reason for such action shall be set forth in a written statement preserved in the records of the meeting.

2. No committee may hold a public hearing during a regular or extraordinary session on a proposal identified as a draft unless the draft has been made available to the public at least twenty-four hours prior to the hearing. This rule does not apply during the five days prior to any cutoff established by concurrent resolution nor does it apply to any measure exempted from the resolution.

3. During its consideration of or vote on any bill, resolution or memorial, the deliberations of any committee or subcommittee of the senate shall be open to the public. In case of any disturbance or disorderly conduct at any such deliberations, the chair shall order the sergeant at arms to suppress the same and may order the meeting closed to any person or persons creating such disturbance.

4. No committee shall amend a measure, adopt a substitute bill, or vote upon any measure or appointment absent a quorum. A committee may conduct a hearing absent a quorum. A majority of any committee shall constitute a quorum and committees shall be considered to have a quorum present unless the question is raised. Any question as to quorum not raised at the time of the committee action is deemed waived.

5. Bills reported to the senate from a standing committee must have a majority report, which shall be prepared upon a printed standing committee report form; shall be adopted at a regularly or specially called meeting during a legislative session and shall be signed by a majority of the committee; and shall carry only one of the following recommendations:

- a. Do pass;
- b. Do pass as amended;
- c. That a substitute bill be substituted therefor, and the substitute bill do pass; or
- d. Without recommendation.

In addition to one of the above-listed recommendations, a report may also recommend that a bill be referred to another committee.

6. A majority report of a committee must carry the signatures of a majority of the members of the committee. In the event a committee has a quorum pursuant to subsection 4 of this rule, subject to the limitation of subsection 12 of this rule, a majority of the members present may act on a measure, subject to obtaining the signatures of a majority of the members of the committee on the majority report.

7. Any measure, appointment, substitute bill, or amendment still within a committee's possession before it has been reported out to the full senate may be reconsidered to correct an error, change language, or otherwise accurately reflect the will of the committee in its majority and minority reports to the full senate. Any such reconsideration may be made at any time, by any member of the committee, provided that the committee has not yet reported the measure, appointment, substitute bill, or amendment out to the full senate. Any such reconsideration

made after a vote has been taken or signatures obtained will require a new vote and signature sheet. Any measure which does not receive a majority vote of the members present may be reconsidered at that meeting and may again be considered upon motion of any committee member if one day's notice of said motion is provided to all committee members. For purposes of this rule, a committee is deemed to have reported a measure, appointment, substitute bill, or amendment out when it has delivered its majority and minority reports to the senate workroom. After such delivery, the committee no longer has possession of the measure, appointment, substitute bill, or amendment and no further committee action, including reconsideration, may be taken.

8. Any member of the committee not concurring in the majority report may sign a minority report containing a recommendation of "do not pass" or "without recommendation," which shall be signed by those members of the committee subscribing thereto, and submitted with the majority report. Unless the signatory of a minority report expressly indicates a "do not pass" recommendation, the member's vote shall be deemed to be "without recommendation." In every case where a majority report form is circulated for signature, a minority report form shall also be circulated.

9. When a committee reports a substitute for an original bill with the recommendation that the substitute bill do pass, it shall be in order to read the substitute bill the first time and have the same ordered printed.

A motion for the substitution of the substitute bill for the original bill shall not be in order until the committee on rules places the original bill on the second reading calendar.

10. No vote in any committee shall be taken by secret ballot nor shall any committee have a policy of secrecy as to any vote on action taken in such committee.

11. All reports of standing committees must be on the secretary's desk one hour prior to convening of the session in order to be read at said session. During any special session of the legislature, this rule may be suspended by a majority vote.

12. When a standing committee is operated by cochair, the committee may not vote upon any measure or appointment without the consent of each cochair.

13. When a standing committee has a standing subcommittee established under Senate Rule 41, the chair of the committee may rerefer any measures referred to the committee to the standing subcommittee with the consent of the ranking member of the com-

mittee or, in the event of a dispute between the chair and ranking member, referral may occur with a majority vote of the committee.

Recalling Bills from Committees

Rule 48. Any standing committee or standing subcommittee of the senate may be relieved of further consideration of any bill, regardless of prior action of the committee, by a majority vote of the senators elected or appointed. The senate may then make such orderly disposition of the bill as they may direct by a majority vote of the members of the senate.

Bills Referred to Rules Committee

Rule 49. All bills reported by a committee to the senate shall then be referred to the committee on rules for second reading without action on the report unless otherwise ordered by the senate. (See also Senate Rules 63 and 64.) A bill may not be referred to the committee on rules for second reading unless a standing committee or subcommittee has held a public hearing on the bill. By a majority vote of the committee members present at any executive session, the public hearing requirement may be dispensed with when the committee is considering a bill whose companion has already been heard.

Rules Committee

Rule 50. The lieutenant governor shall be a voting member and the chair of the committee on rules. The president pro tempore shall be a voting member and the vice chair of the committee on rules. The committee on rules shall have charge of the daily second and third reading calendar of the senate and shall direct the secretary of the senate the order in which the bills shall be considered by the senate and the committee on rules shall have the authority to directly refer

any bill before them to any other standing committee. Such referral shall be reported out to the senate on the next day's business.

The order of consideration of bills on the second or third reading calendar will be set by the floor leader of the majority caucus. A majority of members present may vote to change the order.

The calendar, except in emergent situations, as determined by the committee on rules, shall be on the desks and in the offices of the senators each day and shall cover the bills for consideration on the next following day.

Employment Committee

Rule 51. The employment committee for committee staff shall consist of six members, three from the majority party and three from the minority party. The chair shall be appointed by the majority leader. All decisions shall be determined by majority vote. The committee shall operate within staffing, budget levels and guidelines as authorized and adopted by the facilities and operations committee.

The senate may at any time, by the vote of the majority of the members present, sit as a body for the purpose of taking testimony on any measure before the senate.

Appropriation Budget Bills

Rule 53. No biennial or supplemental omnibus operating budget, omnibus capital budget, or omnibus transportation budget bill may be acted upon in second reading until twenty-four hours after the bill has been placed on the second reading calendar by the rules committee. This rule does not apply to conference committee reports of biennial or supplemental omnibus budget bills, which are governed by joint rules. This rule may be suspended with a majority vote of those present within three days of sine die. The rules committee shall establish by separate motion the time at which a bill has been placed on the second reading calendar for purposes of this rule.

Section VI

Holdover members and members-elect to the senate may prefile bills with the secretary of the senate on any day commencing with the first Monday in December preceding any session year; or twenty days prior to any special session of the legislature. For any bill, joint resolution, or joint memorial that has been prefiled for a regular session, a member has until 2:00 p.m. of the day following introduction to add his or her name as a cosponsor.

To be considered during a regular session, a bill must be introduced at least ten days before final adjournment of the legislature, unless the legislature directs otherwise by a vote of two-thirds of all the members elected to each house, said vote to be taken by yeas and nays and entered upon the journal. The time limitation for

introduction of bills shall not apply to substitute bills reported by standing committees for bills pending before such committees and general appropriation and revenue bills. (See also Art. 2, Sec. 36, State Constitution.)

Amendatory Bills

Rule 57. Bills introduced in the senate intended to amend existing statutes shall have the words which are amendatory to such existing statutes underlined. Any matter to be deleted from the existing statutes shall be indicated by setting such matter forth in full, enclosed by double parentheses, and such deleted matter shall be lined out with hyphens. No bill shall be printed or acted upon until the provisions of this rule shall have been complied with.

Sections added by amendatory bill to an existing act, or chapter of the official code, need not be underlined but shall be designated "NEW SECTION" in upper case type and such designation shall be underlined. New enactments need not be underlined.

When statutes are being repealed, the Revised Code of Washington section number to be repealed, the section caption and the session law history, from the most current to the original, shall be cited.

Joint Resolutions and Memorials

Rule 58. Joint resolutions and joint memorials, up to the signing thereof by the president of the senate, shall be subject to the rules governing the course of bills.

Senate Concurrent Resolutions

Rule 59. Concurrent resolutions shall be subject to the rules governing the course of bills and may be adopted without a roll call. Concurrent resolutions authorizing investigations and authorizing the expenditure or allocation of any money must be adopted by roll call and the yeas and nays recorded in the journal. Concurrent resolutions are subject to final passage on the day of the first reading without regard to Senate Rules 62, 63, and 64.

Committee Bills

Rule 60. Committee bills introduced by a standing committee during a legislative session may be filed with the secretary of the senate and introduced, and the signature of each member of the committee shall be endorsed upon the cover of the original bill.

Committee bills shall be read the first time by title, ordered printed, and referred to the committee on rules for second reading.

Committee Reference

Rule 61. When a motion is made to refer a subject, and different committees are proposed, the question shall be taken in the following order:

FIRST: A standing committee.

SECOND: A select committee.

Reading of Bills

Rule 62. Every bill shall be read on three separate days unless the senate deems it expedient to suspend this rule. On and after the tenth day preceding adjournment sine die of any session, or three days prior to any cut-off date for consideration of bills, as determined pursuant to Article 2, Section 12 of the Constitution or concurrent resolution, or during any special session of the legislature, this rule may be suspended by a majority vote. (See also Senate Rules 59 and 64.)

First Reading

Rule 63. The first reading of a bill shall be by title only, unless a majority of the members present demand a reading in full.

After the first reading, bills shall be referred to an appropriate committee pursuant to Senate Rule 61.

Upon being reported back by committee, pursuant to Senate Rule 49, all bills shall be referred to the committee on rules for second reading, unless otherwise ordered by the senate.

A bill shall be reported back by the committee chair upon written petition therefor signed by a majority of its members. The petition shall designate the recommendation as provided in Senate Rule 45, Sub. 5.

No committee chair shall exercise a pocket veto of any bill.

Should there be a two-thirds majority report of the committee membership against the bill, a vote shall be immediately ordered for the indefinite postponement of the bill.

Second Reading/Amendments

Rule 64. Upon second reading, the bill shall be read section by section, in full, and be subject to amendment.

Any member may, if sustained by three members, remove a bill from the consent calendar as constituted by the committee on rules. A bill removed from the consent calendar shall take its place as the last bill on the second reading calendar.

No amendment shall be considered by the senate until it shall have been sent to the secretary's desk in writing and read by the secretary.

All amendments adopted on the second reading shall then be securely fastened to the original bill.

All amendments rejected by the senate shall be spread upon the journal, and the journal shall show the disposition of all amendments.

When no further amendments shall be offered, the president shall declare the bill has passed its second reading, and shall be referred to the committee on rules for third reading.

Third Reading

Rule 65. Bills on third reading shall be read in full by sections, and no amendment shall be entertained.

When a bill shall pass, it shall be certified to by the secretary, together with the vote upon final passage, noting the day of its passage thereon.

The vote must be taken by yeas and nays, the names of the senators voting for and against the same to be entered upon the journal and the majority of the members elected to the senate must be recorded thereon as voting in its favor to secure its passage by the senate.

Scope and Object of Bill Not to be Changed

Rule 66. No amendment to any bill shall be allowed which shall change the scope and object of the bill. (See also Art. 2, Sec. 38, State Constitution.) Substitute bills shall be considered amendments for the purposes of this rule. A point of order raising the question of scope and object may be raised at any time during consideration of an amendment prior to voting on the amendment. A proposed amendment to an unamended title-only bill shall be within the scope and object of the bill if the subject of the amendment fits within the language in the title.

Matters Related to Disagreement Between the Senate and House

Rule 67. When there is a disagreement between the senate and house on a measure before the senate, the senate may act upon the measure with the following motions which have priority in the following order:

- To concur
- To non-concur
- To recede
- To insist
- To adhere

These motions are in order as to any single amendment or to a series of amendments. (See Reed's Rules 247 through 254.)

A senate bill, passed by the house with amendment or amendments which shall change the scope and object of the bill, upon being received in the senate, shall be referred to an appropriate committee and shall take the same course as for original bills, unless a motion to ask the house to recede, to insist or to adhere is made prior to the measure being referred to committee.

Bills Committed for Special Amendment

Rule 68. A bill may be committed with or without special instructions to amend at any time before taking the final vote.

Confirmation of Gubernatorial Appointees

Rule 69. When the names of appointees to state offices are transmitted to the secretary of the senate for senate confirmation, the communication from the governor shall be recorded and referred to the appropriate standing committee.

The standing committee, or subcommittee, pursuant to Senate Rule 42, shall require each appointee referred to the committee for consideration to complete the standard questionnaire to be used to ascertain the appointee's general background and qualifications. The committee may also require the appointee to complete a supplemental questionnaire related specifically to the qualifications for the position to which he has been appointed.

Any hearing on a gubernatorial appointment, held by the standing committee, or subcommittees, pursuant to Senate Rule 42, shall be a public hearing. The appointee may be required to appear before the committee on request. When appearing, the appointee shall be required to testify under oath or affirmation. The chair of the committee or the presiding member shall administer the oath or affirmation in accordance with RCW 44.16. (See also Article 2, Sec. 6 of the State Constitution.)

Nothing in this rule shall be construed to prevent a standing committee, or subcommittee, pursuant to Senate Rule 42, upon a two-thirds vote of its members, from holding executive sessions when considering an appointment.

When the committee on rules presents the report of the standing committee before the senate, the question shall be the confirmation of the name proposed, and the roll shall then be called and the yeas and nays entered upon the journal. In the event a message is

received from the governor requesting return of an appointment or appointments to the office of the governor prior to confirmation, the senate shall vote upon the governor's request and the appointment or appointments shall be returned to the governor if the request is approved by a majority of the members elected or appointed. (Article 13 of the State Constitution.)

Emergency Resolution Authorized

Rule 70. 1. If the Facilities and Operations Committee determines through a majority vote that physically convening all members and staff in a single location presents a danger to the health or safety of the participants or is impractical because of a publicly declared statewide emergency or catastrophic incident under RCW 43.06.010, the senate shall adopt a resolution establishing the rules and procedures governing any special or regular legislative session.

2. For purposes of adopting the senate resolution required by this rule, some or all members may vote using a remote access program established by the Secretary of the Senate. The remote access program must provide a mechanism approved by the President of the Senate by which the President can verify a member's remote presence. Members are considered in attendance within the bar of the senate when using the remote access program, including for purposes of establishing quorum. To the extent practicable, a member participating remotely under this rule has the same privileges, rights, and responsibilities under the Senate Rules as if the member were physically present.

Section III – Committees

- Rule L Committee Procedures.

Section I General

Public Health Measures

A. (1) Senate members and employees must wear a mask in all Senate buildings. This requirement does not apply if the member or employee is in an office or room by themselves. While physically present on the Senate floor, members and employees must wear masks provided by the Senate.

(2) Members and employees will be provided with a self-screening health tool to assist them in determining whether it is

safe for them to be on campus. If a member or employee answers any of the self-screening questions in the affirmative, the member or employee should remain off campus and contact the human resource officer.

(3) For the duration of the 2021 legislative session, Senate buildings will be open to authorized members and staff only. Members of the capitol press corps will be permitted access to observe floor action with preapproval from the Secretary of the Senate. No member or employee may escort a member of the public into Senate buildings.

(4) All committee and floor proceedings will be broadcast to the public via streaming or televised platforms to ensure public access. (See Article II, Section 11 of the state Constitution.)

Filing of Bills

B. (1) Any member desiring to introduce a bill shall email the bill to the office of the code reviser by noon of the day before the convening of the session at which the bill is to be introduced. Only bills that have been emailed by a member or the member's legislative assistant may be considered for introduction.

(2) Sponsor sheets will be electronically available for introducing the bill. The member emailing the bill and corresponding sponsor sheet shall be considered the sponsor of the bill. The sponsoring member may designate one cosponsor of the bill by providing the cosponsor's name in the email and by including the cosponsor's name in the cc line of the email.

(3) Additional members may add themselves as cosponsors to the bill by emailing the Senate workroom by 5:00 p.m. of the day of its introduction.

(4) Agency and governor request legislation shall follow this process and the sponsoring member or member's legislative assistant must email such legislation to the office of the code reviser.

(5) The introduction of title-only bills is prohibited. For the purposes of this subsection, a title-only bill is a bill containing a title or short summary of the intended subject matter, without laying forth the full changes intended to any act or sections of law.

Electronic Signatures

C. Electronic or scanned signatures are authorized in place of any physical signatures that are otherwise required in order for a member to conduct legislative business.

Interpretation of Permanent Senate Rules

D. To the extent that a matter is not addressed in this Resolution, the Permanent Rules of the Senate adopted January 11, 2021, will govern. The President will interpret all rules and procedures to facilitate legislative business in a fair and efficient manner in light of the ongoing emergency and remote session.

Section II

Parliamentary Procedures

Physical Distancing Required

E. Senators voting on the Senate floor must maintain at least six feet of distance from one another.

Remote Voting

F. (1) Unless otherwise designated by the Facilities & Operations Committee, members will be required to vote remotely. Senate administration will make information technology provisions for members who wish to participate in floor action remotely from their offices or another isolated location on campus. Members who wish to vote remotely from their homes will be outfitted with necessary hardware and provided remote information technology support.

(2) During any roll call vote, members will record their vote using the remote voting system. The clerk will close electronic voting and announce each member's vote individually. The President will call on those members who are present but have not yet voted. The President will then provide members a final opportunity to be recognized and change their votes. The clerk will then announce the vote.

(3) If, during a roll call vote, a member's vote is unable to be taken, the member will be automatically excused. The member may request in writing that their vote be reflected in the Senate journal, though it will not count towards the final roll call.

(4) In accordance with Senate Rule 22, once begun, a roll call vote will not be interrupted because a member has connectivity issues. However, if a majority of members elected is no longer present due to connectivity issues, a majority of those still present may defer consideration of a bill, adjourn, or recess the Senate until a quorum can be reestablished.

Attendance and Quorum

G. A member of the Senate voting remotely is considered in attendance within the bar of the Senate if the member is participating in the session through a remote access program established by the Secretary of the Senate as provided in Senate Rule 70.

Floor Motions

H. Members are permitted to move a bill, resolution, or amendment; rise to a parliamentary inquiry; request a roll call vote; and rise to a point of order. The floor leaders of the majority and minority caucuses will make all other motions. A floor leader may yield to a member for a question of privilege.

Call of the Senate

I. A call of the Senate may be moved by the majority or minority floor leader and sustained by three Senators. If carried by a majority of those present, the Secretary shall call the roll, after which the names of the absentees shall again be called. The business of the Senate will be suspended until the absent senators are considered within the bar of the Senate for such action as the Senate may deem proper. A call of the Senate may not interrupt a roll call vote, and no penalties shall be sustained for members experiencing connectivity issues.

Referral of Bills to Committee

J. (1) Draft bill referrals will be electronically published by 8:00 p.m. the evening before any session to consider them. All objections or requests for rereferral must be communicated in writing by a member to the majority floor leader by 8:00 a.m. the day of convening.

(2) The Senate may relieve the Rules Committee of a bill with the consent of a majority of the Senate, provided that two hours' notice has been given to the President and all members of the Senate by the majority leader. The majority leader will consult with the President prior to giving such notice.

Consideration of Bills and Amendments

K. (1) The majority floor leader will provide draft orders of consideration for the Second Reading Calendar to the minority floor leader by 5:00 p.m. two days before scheduled floor action. Bills may be added to orders of consideration with the consent of the majority and minority floor leaders.

(2) Once a bill is listed on a draft order of consideration submitted to the minority floor leader, any amendments must be submitted electronically to the Secretary of the Senate for consideration by 8:00 p.m. the day before scheduled floor action to be in order.

(3) On and after the third day preceding adjournment *Sine Die* of any session, or two days prior to any cut-off date for consideration of bills, as determined pursuant to Article II, Section 12 of the state Constitution or concurrent resolution, or during any special session of the legislature, this rule may be suspended by a majority vote.

Section III Committees

Committee Procedures

L. (1) All committees will meet remotely. A member shall be considered in attendance at a committee hearing if the member is participating through a remote access program established by the Secretary of the Senate as provided in Senate Rule 70.

(2) All committees will rely upon and use the Electronic Bill Book. Committee staff should add all materials relating to hearings, work sessions, or executive sessions to the Electronic Bill Book as early as possible or when the material has been made public. Paper copies will not be provided to members.

(3) All committees will use the Committee Sign-In system used in the past by the public, which has been modified to allow universal remote testimony sign-in for all committee hearings. All committee members will be able to view the list of individuals who have signed in to testify on each bill. All testimony will be taken remotely or in writing. Members of the public wishing to testify may sign up remotely up to one hour before the committee is scheduled to meet.

(4) Chairs must publish the list of bills that may be considered for executive session by 4:00 p.m. two days preceding executive session. A chair with the consent of the ranking member has discretion to waive this deadline in extraordinary circumstances.

(5) Members must have amendment requests to nonpartisan committee staff by noon the day before scheduled executive action. Members should be considerate of staff and turn in amendment

requests earlier if they are long or complex, keeping in mind the final deadline for consideration of amendments.

(6) All amendments, including substitutes, must be sponsored by a committee member. All amendments and effect statements must be either drafted or reviewed, or both, by nonpartisan committee staff. To be eligible for consideration at an executive session, amendments must be released from confidentiality and posted to the Electronic Bill Book for committee members by 4:00 p.m. the day before the executive session or the amendments will be considered out of order. A chair with the consent of the ranking member has discretion to waive this deadline in extraordinary circumstances.

(7) Committee voting will be done through recorded roll call votes with the results transmitted to the Secretary of the Senate via electronic means. Members must be present and visible to be eligible to vote during the executive session. Voting will not be allowed “subject to signatures.”

(8) Electronic reports of standing committees must be received one hour prior to convening of the session in order to be read at said session. This requirement may be suspended by a majority of the Senate.

- (A) **DOORS TO BE CLOSED.** When call of the house has been ordered, the sergeant at arms shall close and lock the doors, and no member shall be allowed to leave the chamber: **PROVIDED,** That the rules committee shall be allowed to meet, upon request of the speaker, while the house stands at ease: **AND PROVIDED FURTHER,** That the speaker may permit members to use such portions of the fourth floor as may be properly secured.
- (B) **SERGEANT AT ARMS TO BRING IN THE ABSENTEES.** The clerk shall immediately call a roll of the members and note the absentees, whose names shall be read and entered upon the journal in such manner as to show who are excused and who are absent without leave.

The clerk shall furnish the sergeant at arms with a list of those who are absent without leave, and the sergeant at arms shall proceed to bring in such absentees; but arrests of members for absence shall not be made unless ordered by a majority of the members present.

- (C) **HOUSE UNDER CALL.** While the house is under a call, no business shall be transacted except to receive and act on the report of the sergeant at arms; and no other motion shall be in order except a motion to proceed with business under the call of the house, a motion to excuse absentees, or a motion to dispense with the call of the house. The motion to proceed with business under the call of the house and the motion to excuse absent members shall not be adopted unless a majority of the members elected vote in favor thereof. The motion to dispense with the call of the house may be adopted by a majority of the members present.

Appeal from Decision of Chair

Rule 23. The decision of the chair may be appealed from by any member, on which appeal no member shall speak more than once unless by leave of the house. In all cases of appeal, the question shall be: "Shall the decision of the chair stand as the judgment of the house?"

than eight (8) days remain for action on a bill, the Speaker may authorize a reduction of the five-day notice period when required by the circumstances, including but not limited to the time remaining for action on the bill, the nature of the subject, and the number of prior hearings on the subject.

- (B) **COMMITTEE QUORUM.** A majority of any committee shall constitute a quorum for the transaction of business.
- (C) **SESSION MEETINGS.** No committee shall sit while the house is in session without special leave of the speaker.

 - (2) A majority recommendation of a committee must be signed by a majority of the entire membership of the committee in a regularly called meeting before a bill, memorial, or resolution may be reported out: **PROVIDED,** That by motion under the eighth order of business, a majority of the members elected to the house may relieve a committee of a bill and place it on the second reading calendar.

Majority recommendations of a committee can only be “do pass,” “do pass as amended,” or that “the substitute bill be substituted therefor and that the substitute bill do pass.”
 - (3) Members of the committee not concurring in the majority report may prepare a written minority report containing a recommendation of “do not pass” or “without recommendation,” which shall be signed by those members of the committee subscribing thereto, and submitted with the majority report.

- (5) Every vote to report a bill out of committee shall be taken by the yeas and nays, and the names of the members voting for and against, as well as the names of members absent, shall be recorded on the committee report. Any member may call for a recorded vote, which shall include the names of absent members, on any substantive question before the committee. A copy of all recorded committee votes shall be kept by the chief clerk and shall be available for public inspection.
- (6) All bills having a direct appropriation shall be referred to the appropriate fiscal committee before their final passage.

- (9) A standing committee to which a bill was originally referred shall, prior to voting the bill out of committee, consider whether the bill authorizes rule-making powers or requires the exercise of rule-making powers and, if so, consider:
 - (a) The nature of the new rule-making powers; and
 - (b) To which agencies the new rule-making powers would be delegated and which agencies, if any, may have related rule-making powers.
- (10) Insofar as practicable, testimony in public hearings should be balanced between those in support of and in opposition to proposed legislation, with consideration given to providing an opportunity for members of the public to testify within available time.

Standing Committees - Expenses - Subpoena Power

Rule 26. Regardless of whether the legislature is in session, members of the house may receive from moneys appropriated for the legislature, reimbursement for necessary travel expenses, and payments in lieu of subsistence and lodging for conducting official business of the house.

The standing committees of the house may have the powers of subpoena, the power to administer oaths, and the power to issue commissions for the examination of witnesses in accordance with the provisions of chapter 44.16 RCW. Before a standing committee of the house may issue any process, the committee chairperson shall submit for approval of the executive rules committee a statement of purpose setting forth the name or names of those subject to process. The process shall not be issued prior to approval by the executive rules committee. The process shall be limited to the named individuals.

Vetoed Bills

Rule 27. Veto messages of the governor shall be read in the house and entered upon the journal. It shall then be in order to proceed to reconsider the bill, refer it, lay it on the table, or postpone its consideration to a day certain.

The merits of the bill may be debated before the vote is taken, but the vote on a vetoed bill cannot be reconsidered.

In case of a bill containing several sections or items, one or more of which has been objected to by the governor, each section or item so objected to shall be voted upon separately by the house. Action by the house upon all vetoed bills shall be endorsed upon the bill and certified by the speaker.

Vetoed bills originating in the house, which have not been passed notwithstanding the veto of the governor, shall remain in the custody of the officers of the house until the close of the term, after which they shall be filed with the secretary of state.

Suspension of Compensation

Rule 28. (1) Any member of the house of representatives convicted and sentenced for any felony punishable by death or by imprisonment in a Washington state penal institution shall, as of the time of sentencing, be denied the legislative salary for future service and be denied per diem, compensation for expenses, office space facilities, and assistance. Any member convicted of a felony and sentenced therefor under any federal law or the law of any other state shall, as of the time of sentencing, be similarly denied such salary, per diem, expenses, facilities, and assistance if either (a) such crime would also constitute a crime punishable under the laws of Washington by death or by imprisonment in a state penal institution, or (b) the conduct resulting in the conviction and sentencing

would also constitute a crime punishable under the laws of Washington by death or by imprisonment in a state penal institution.

(2) At any time, the house may vote by a constitutional majority to restore the salary, per diem, expenses, facilities, and assistance denied a member under subsection (1). If the conviction of a member is reversed, then the salary, per diem, and expense amounts denied the member since sentencing shall be forthwith paid, and the member shall thereafter have the rights and privileges of other members.

Smoking

Rule 29. Smoking of cigarettes, pipes, or cigars shall not be permitted at any public meeting of any committee of the house of representatives or within House facilities.

“No smoking” signs shall be posted so as to give notice of this rule.

Liquor

Rule 30. The House of Representatives shall strictly adhere to the liquor laws of the state of Washington, including provisions relating to banquet and special occasion permits. The proper permits must always be obtained before consumption of liquor in any house facility.

Parliamentary Rules

Rule 31. The rules of parliamentary practice comprised in Reed’s Parliamentary Rules shall govern all cases in which they are not inconsistent with the standing rules and orders of the house.

Standing Rules Amendment

Rule 32. Any standing rule may be rescinded or changed by a majority vote of the members elected: PROVIDED, That the proposed change or changes be submitted at least one day in advance in writing to the members together with notice of the consideration thereof. Any standing rule may be suspended temporarily by a two-thirds (2/3) vote of the members present except as provided in Rule 11.

Rules to Apply for Assembly

Rule 33. The permanent house rules adopted at the beginning of the term are to govern all acts of the house during the course of the term unless amended or repealed.

Legislative Publications

Rule 34. The House of Representatives directs the house executive rules committee to adopt procedures and guidelines to ensure that all legislative publications at public expense are for legitimate legislative purposes.

Appendix to House Rules

The House of Representatives of the sixty-seventh legislature acknowledges that the COVID-19 pandemic requires the adoption of extraordinary rules of procedure that protect the health of members, staff, and the public, and ensure transparency and openness in house proceedings.

Pursuant to Article II, section 9 of the state Constitution, the House of Representatives hereby adopts the following Appendix Rules A-1 through A-10 to govern its proceedings during the COVID-19 state of emergency.

Rule A-1. Reed's Parliamentary Rules and the Rules of the House of Representatives are hereby superseded to the extent they are inconsistent with the rules set forth in this appendix.

Remote Participation and Voting Authorized

Rule A-2. House members shall participate remotely in official house proceedings, including committee meetings and floor sessions, and when doing so, shall be considered present for purposes of a quorum and voting.

Members are encouraged to use computers provided by the house to participate in committee meetings and are encouraged to use the virtual background provided by the house in their video display. Members are required to use computers provided by the house to cast votes in remote floor sessions and are required to use the virtual background provided by the house for their video display.

Reasonable accommodations provided to a member due to a disability must include provisions necessary to facilitate participation in remote proceedings.

Rule A-3. Admittance to house facilities is permitted only as follows:

- (1) The speaker, the speaker pro tempore, the deputy speaker pro tempore, the minority leader, the majority floor leader, the minority floor leader, and staff essential to floor operations are permitted in the chamber during floor proceedings.
- (2) The executive rules committee may authorize additional members to be admitted to the chamber during floor proceedings.
- (3) Including the above referenced members, each caucus may designate 15 members to participate remotely from their assigned legislative offices. Each caucus must prioritize members with technological problems that preclude remote participation.
- (4) The executive rules committee may authorize additional members of the house to participate remotely from their assigned legislative offices upon a showing that technological problems preclude participation from the member's home or an alternate district location.
- (5) Staff may access house facilities only with prior approval of the chief clerk.
- (6) Any person permitted access to house facilities must comply with public health requirements both on and off campus, and any other restriction established by executive rules and/or the chief clerk.
- (7) The chief clerk shall continue to review public health data and guidance and periodically update the executive rules committee. The executive rules committee may modify provisions relating to admittance to house facilities as conditions warrant.

House Resolutions

Rule A-4. House resolutions are not subject to debate, except for resolutions necessary for the operation of the house, and resolutions commemorating Day of Remembrance, Martin Luther King Jr. Day, President's Day, and National Guard Day. Floor debate on commemorative resolutions is limited to 10 minutes for members of the majority caucus and 10 minutes for members of the minority caucus.

Members Right to Debate

Rule A-5. Any member who desires to speak may request to be recognized by use of the request to speak function in the remote floor activity system.

No member may speak longer than 10 minutes without consent of the house, PROVIDED, that on and after the fifth day prior to the day of adjournment Sine Die of any session, as determined by Article II, section 12 of the state Constitution or concurrent resolution, and on and after the fifth day prior to the day any bill must be reported from the house as established by concurrent resolution, no member may speak more than three minutes without consent of the house.

Amendments

Rule A-6. To facilitate the orderly consideration of legislation, the speaker, after consultation with the minority leader, may establish a deadline for submission of amendments.

Voting

Rule A-7. The speaker shall divide the house on all motions not requiring a recorded roll call vote. A member is not required to participate in a division vote.

All members present in the remote floor proceedings shall vote when the question is put on any motion requiring a recorded roll call vote. Before locking the roll call machine, the speaker shall call the name of any member not voting. If a member is unable to vote using the remote voting function, the member may vote orally. If a member is unable to vote using the remote voting function or orally, the rostrum staff shall contact the member by telephone and the member's vote may be taken by telephone to rostrum staff after the member answers security questions to verify the identity of the member. The rostrum staff will announce the vote of the member, which shall be recorded.

Any member who was unable to vote using the remote voting function, orally, or by telephone may require reconsideration of the vote on the same day the vote is taken or submit a statement for the journal within 48 hours indicating their intent to vote yea or nay.

Distribution of Materials

Rule A-8. Any requirement to distribute materials to members' desks is satisfied by distribution through electronic means.

Duties of Committees

Rule A-9. Every notice of a committee meeting shall include a web address for information about viewing and providing public testimony at committee meetings in lieu of a physical location.

Every member participating remotely in a committee meeting shall be considered present for purposes of quorum and roll call voting.

Only such bills as are included on the written notice of a committee meeting may be considered at that meeting.

Every report and recommendation shall be made by members of the committee during a regularly called meeting of the committee. No signatures are required.

Every vote to report a bill out of committee shall be taken by the yeas and nays, with nays specifying “do not pass” or “without recommendation.”

A member who is unable to vote on a bill in committee for technical reasons may submit a statement for the bill file indicating their intent to have voted aye, nay-do not pass, or nay-without recommendation. The statement must be submitted to the chief clerk on the same day the vote is taken.

A meeting shall be considered open to the public if an alternate and broadly accessible means for the public to view the meeting is available.

Term of Appendix Rules

Rule A-10. The rules in this appendix expire on the termination of the COVID-19 state of emergency, or when rescinded by the executive rules committee, whichever occurs first.

House Forms of Motions

Foreword

For the convenience of the members

Parliamentary rules are designed solely for the uniform, orderly and expeditious conduct of deliberative bodies. The parliamentary system is necessary to avoid confusion and chaos — a system which will permit an assemblage to accomplish in the best possible manner the work for which it has been called. In conducting the business of the House of Representatives, we have first, the Rules of the House which provide generally for organization and for the quick transaction of business necessary to a short session. Secondly, we have *Reed's Parliamentary Rules* which apply to all parliamentary questions not covered specifically by the House Rules.

Parliamentary procedure to many is a maze of intricate and entangling motions and the new member usually approaches the problem with apprehension, and occasionally, with an inferiority due to inexperience that requires time and study to overcome.

To assist the new members and to refresh the memories of the re-elected members, there follows a summary of the more commonly used motions, including the proper wording of these. A careful study of and frequent reference to this summary should enable the new members to “feel at home” on the floor and in the committee rooms of our distinguished House of Representatives.

Motions From the Floor

A member must rise and wait until recognized by the Speaker. Parliamentary practice DOES NOT permit a member to make a motion or to speak until given the floor by the presiding officer. Therefore, a motion is not in possession of the House and cannot be acted upon unless the maker has been recognized.

The following are examples of the proper form of motions and inquiries from the floor:

To Dispense With the Reading of the Journal

Madam/Mr. Speaker: * * * * I move that further reading of the journal be dispensed with, and that the journal of the preceding day's business be ordered approved.

To Adopt a Floor Resolution

Madam/Mr. Speaker: * * * * I move that the resolution be adopted.

Personal Privilege

Madam/Mr. Speaker: * * * * I rise to a point of personal privilege.

Point of Order

Madam/Mr. Speaker: * * * * I rise to a point of order.

Question of Consideration

Madam/Mr. Speaker: * * * * On that (motion, bill, resolution or amendment) I raise the Question of consideration.

Note: This question is not debatable. Sec. 110 - Reed's.

Parliamentary Inquiry

Madam/Mr. Speaker: * * * * I rise to a parliamentary inquiry. (What is the rule that governs this situation? What is the order of business? Under what order of business may I make a motion? Is the Representative from _____ speaking on the motion before the House? or, Are the remarks of the representative germane to the motion before the House? etc.)

Point of Information

Madam/Mr. Speaker: * * * * I rise to a point of information. (What are we voting on? What is the motion before the House? etc.)

To Ask a Member a Question

Madam/Mr. Speaker: * * * * Will the Representative from _____ yield to a question?

To Divide the Question

Madam/Mr. Speaker: * * * * I move that the question be divided: e.g. that the authorization of the special committee be acted on first, and that the expenditures authorized be acted on secondly.

To Adopt a Committee Report

Madam/Mr. Speaker: * * * * I move that the report of the committee on _____, on House Bill No. _____, be adopted.

To Order the Previous Question

Madam/Mr. Speaker: * * * * I move that the previous question be ordered.

Note: This motion is not debatable. A two-thirds vote of members present is required to order the previous question. If adopted, debate is closed except as provided in House Rule 19.

Note: This question is not debatable. Sec. 110 - Reed's.

To Demand a Roll Call on Any Motion

Madam/Mr. Speaker: * * * * I demand (an electric or oral) roll call on the motion.

Note: The Speaker will then ask if the demand is sustained, and if one-sixth of the members present rise, the demand will have been sustained.

To Indefinitely Postpone

Madam/Mr. Speaker: * * * * I move that House Bill No. _____ be indefinitely postponed.

Note: This motion opens the whole question to debate. Once a bill, memorial, joint or concurrent resolution has been indefinitely postponed, it can never again be acted on during the session.

To Lay On the Table

Madam/Mr. Speaker: * * * * I move that (the motion, the bill, the amendment) be laid on the table.

Note 1: This motion is not debatable. However, when a bill or proposition is laid on the table, the matter is only temporarily disposed of and under the proper order of business, a motion to take from the table may be made at any time.

Note 2: A motion to lay an amendment on the table carries the main question with it.

To Change the Order of Business

Madam/Mr. Speaker: * * * * I move that the House revert to the eighth order of business for the purpose of making a motion; or I move that the House revert to the fifth order of business for the purpose of receiving a standing committee report; or, I move that the House advance to the sixth order of business to consider second reading of bills.

Note: A majority vote of those present will carry the motion. House Rule 15(c).

To Appeal a Decision of the Speaker

Madam/Mr. Speaker: * * * * I appeal from the decision of the Speaker.

Note: All appeals are debatable EXCEPT an appeal after a member is called to order, which is decided without debate.

To Demand A Call of the House

Madam/Mr. Speaker: * * * I demand a Call of the House.

Note: The Speaker will then ask if the demand is sustained. If one-sixth of the members present rise, the demand is sustained and the Speaker will order the Sergeant at Arms to lock the doors. The Clerk will call the roll and the Sergeant at Arms will be instructed to bring in the absent members.

To Proceed With Business Under the Call

Madam/Mr. Speaker: * * * I move that the House proceed with business under the Call of the House; or, I move that the absent members be excused and that the House proceed with business under the Call of the House; or, I move that Representative(s) _____ be excused and that the House proceed with business under the call of the House.

To Dispense With the Call of the House

Madam/Mr. Speaker: * * * I move that further proceedings under the Call of the House be dispensed with.

Note: A motion to recess or to adjourn is never in order when the House is operating under a Call of the House.

To Advance a Bill to Second Reading

Madam/Mr. Speaker: * * * I move that the rules be suspended, that House Bill No. _____ be advanced to second reading, and read the second time in full.

Note: A motion to suspend the rules requires a two-thirds vote of those present to carry, except as provided in House Rule 11.

To Substitute a Bill

Madam/Mr. Speaker: * * * I move that Substitute House Bill No. _____ be Substituted for House Bill No. _____ and that Substitute House Bill No. _____ take its place on today's second reading calendar.

To Advance a Bill to Third Reading
