AN ACT Relating to the licensing of general agents; and amending RCW 48.05.310.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 48.05.310 and 1982 c 181 s 17 are each amended to read as follows:

(1) An insurer appointing any person as its general agent or manager to represent it as such in this state shall file notice of the appointment with the commissioner on forms prescribed and furnished by the commissioner.

(2) Any such general agent or manager shall have such authority, consistent with this code, as may be conferred by the insurer. A general agent resident in this state and licensed, as in this section provided, may exercise the powers conferred by this code upon agents licensed for the kinds of insurance which the general agent is authorized to transact for the insurer so appointing him.

(3) Any such general agent may accept applications for insurance from licensed agents who are not appointed by the insurer of such general agent where the risk involved is placed in a nonstandard or specialty market of an authorized insurer as defined by regulation of the commissioner. Such nonstandard or specialty business shall not be bound by any agent not appointed by the insurer. A general agent may supply such licensed, nonappointed agent with material to write nonstandard or specialty insurance business including, but not limited to, applications for insurance, underwriting criteria, and rates. A general agent shall not provide any licensed, nonappointed agent with indicia of authority to bind an insurance risk and the general agent and nonappointed agent shall provide written disclaimers of binding authority to an applicant or prospective insured in such form as prescribed by the commissioner.

(4) The appointment of a resident general agent shall not be effective unless the person so appointed is licensed as the general agent of such insurer by the commissioner upon application and payment of the fee therefor as provided in RCW 48.14.010.

(5) ~~(Every such license shall expire as at close of business on the thirty-first day of March next following the date of issue, and may be renewed for an additional year upon application and payment of the fee therefor)~~ A general agent's license and its renewal shall be in accordance with chapter 48.17 RCW as applicable to agents and brokers.

(6) The commissioner may deny, suspend, or revoke any such license for any cause specified in RCW 48.17.530 and in the manner provided in RCW 48.17.540.

Passed the Senate April 23, 1995.  
Passed the House April 22, 1995.

[Senate Bill 5544]

**OCEAN RESOURCES MANAGEMENT—EXTENSION OF LIMITATION  
ON OIL AND GAS EXPLORATION**

AN ACT Relating to ocean resources; and amending RCW 43.143.010.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 43.143.010 and 1989 1st ex.s. c 2 s 9 are each amended to read as follows:

(1) The purpose of this chapter is to articulate policies and establish guidelines for the exercise of state and local management authority over Washington's coastal waters, seabed, and shorelines.

(2) There shall be no leasing of Washington's tidal or submerged lands extending from mean high tide seaward three miles along the Washington coast from Cape Flattery south to Cape Disappointment, nor in Grays Harbor, Willapa Bay, and the Columbia river downstream from the Longview bridge, for purposes of oil or gas exploration, development, or production until at least July 1, ~~((+995))~~ 2000. During the ~~((+995))~~ 2000 legislative session, the legislature shall determine whether the moratorium on leasing should be extended past July 1, ~~((+995))~~ 2000. This determination shall be based on the information available at that time, including the analysis described in RCW 43.143.040. If the legislature does not extend the moratorium on leasing, the moratorium will end on July 1, ~~((+995))~~ 2000. At any time that oil or gas leasing, exploration, and development are allowed to occur, these activities shall be required to meet or exceed the standards and criteria contained in RCW 43.143.030.

(3) When conflicts arise among uses and activities, priority shall be given to resource uses and activities that will not adversely impact renewable resources over uses which are likely to have an adverse impact on renewable resources.

(4) It is the policy of the state of Washington to actively encourage the conservation of liquid fossil fuels, and to explore available methods of encouraging such conservation.

(5) It is not currently the intent of the legislature to include recreational uses or currently existing commercial uses involving fishing or other renewable marine or ocean resources within the uses and activities which must meet the planning and review criteria set forth in RCW 43.143.030. It is not the intent of the legislature, however, to permanently exclude these uses from the requirements of RCW 43.143.030. If information becomes available which indicates that such uses should reasonably be covered by the requirements of RCW 43.143.030, the permitting government or agency may require compliance with

those requirements, and appeals of that decision shall be handled through the established appeals procedure for that permit or approval.

(6) The state shall participate in federal ocean and marine resource decisions to the fullest extent possible to ensure that the decisions are consistent with the state's policy concerning the use of those resources.

Passed the Senate April 23, 1995.

Passed the House April 12, 1995.

Approved by the Governor May 11, 1995.

Filed in Office of Secretary of State May 11, 1995.

### LODGING TAX—EASTERN WASHINGTON CITIES AND COUNTIES

AN ACT Relating to the excise taxation of lodging; and adding a new section to chapter 67.28 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. **Sec. 1.** A new section is added to chapter 67.28 RCW to read as follows:

(1) The legislative body of any city meeting the criteria in subsection (2) or (3) of this section may impose a special excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, not to exceed the rate specified in the subsection. For the purposes of this tax, it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or to enjoy the same.

(2)(a) In a county east of the crest of the Cascade mountains with a population of at least fifty-five thousand but less than sixty-two thousand:

(i) A city with a population of at least three thousand but less than four thousand may impose a tax under this section not to exceed three percent.

(ii) A city with a population of at least one thousand eight hundred but less than two thousand five hundred may impose a tax under this section not to exceed three percent.

(b) All taxes levied and collected under this subsection (2) shall be credited to a special fund in the treasury of the city collecting the tax. Such taxes shall only be used for tourism promotion.

(3)(a) In a county east of the crest of the Cascade mountains with a population of at least fifty-five thousand but less than sixty-two thousand, a city with a population of at least twenty-two thousand but less than twenty-eight thousand may impose a tax under this section not to exceed two percent.

(b) In a county east of the crest of the Cascade mountains with a population of at least twenty-eight thousand but less than thirty-three thousand, a city with a population of at least three thousand but less than six thousand may impose a tax under this section not to exceed two percent.

(c) All taxes levied and collected under this subsection (3) shall be credited to a special fund in the treasury of the city collecting the tax. Such taxes shall only be used for tourism promotion, and for the design, expansion, and construction of public facilities related to tourism promotion.

(4) The taxes authorized in this section are in addition to any other taxes authorized by law.

(5) Any seller, as defined in RCW 82.08.010, who is required to collect any tax under this section shall pay over such tax to the city as provided in RCW 67.28.200. The deduction from state taxes under RCW 67.28.190 does not apply to the taxes imposed under this section.

Approved by the Governor May 11, 1995.

Filed in Office of Secretary of State May 11, 1995.

**CHAPTER 341**

[Engrossed Substitute Senate Bill 5597]

**COSTS FOR COPYING PUBLIC RECORDS**

AN ACT Relating to the costs of copying public records; amending RCW 42.17.260 and 42.17.300; and adding a new section to chapter 42.17 RCW.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 42.17.260 and 1992 c 139 s 3 are each amended to read as follows:

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection (6) of this section, RCW 42.17.310, 42.17.315, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by RCW 42.17.310 and 42.17.315, an agency shall delete identifying details in a manner consistent with RCW 42.17.310 and 42.17.315 when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010(1) and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010(8) that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010(14) that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall

continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if—

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency shall establish, maintain, and make available for public inspection and copying a statement of the actual per page cost or other costs, if any, that it charges for providing photocopies of public records and a statement of the factors and manner used to determine the actual per page cost or other costs, if any.

(a) In determining the actual per page cost for providing photocopies of public records, an agency may include all costs directly incident to copying such public records including the actual cost of the paper and the per page cost for use of agency copying equipment. In determining other actual costs for providing photocopies of public records, an agency may include all costs directly incident to shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used.

(b) In determining the actual per page cost or other costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and mail the requested public records may be included in an agency's costs.

(8) An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.

(9) This chapter shall not be construed as giving authority to any agency to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor:

PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the Administrative Procedure Act.

**Sec. 2.** RCW 42.17.300 and 1973 c 1 s 30 are each amended to read as follows:

No fee shall be charged for the inspection of public records. No fee shall be charged for locating public documents and making them available for copying. Agencies may impose a reasonable charge for providing copies of public records and for the use by any person of agency equipment to copy public records, which charges shall not exceed the amount necessary to reimburse the agency for its actual costs directly incident to such copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page.

**NEW SECTION. Sec. 3.** A new section is added to chapter 42.17 RCW under the subchapter heading "public records" to read as follows:

The provisions of RCW 42.17.260 (7) and (8) and 42.17.300 that establish or allow agencies to establish the costs charged for photocopies of public records do not supersede other statutory provisions, other than in this chapter, authorizing or governing fees for copying public records.

Passed the Senate April 21, 1995.

Passed the House April 7, 1995.

Approved by the Governor May 11, 1995.

Filed in Office of Secretary of State May 11, 1995.

## CHAPTER 342

[Substitute Senate Bill 5606]

### RECLAIMED WATER USE

AN ACT Relating to water conservation and the reclamation and direct beneficial use of wastewater; amending RCW 90.46.005, 90.46.010, and 90.46.050; adding new sections to chapter 90.46 RCW; creating a new section; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 90.46.005 and 1992 c 204 s 1 are each amended to read as follows:

The legislature finds that by encouraging the use of reclaimed water while assuring the health and safety of all Washington citizens and the protection of its environment, the state of Washington will continue to use water in the best interests of present and future generations.

To facilitate the ~~((opportunity to))~~ use of reclaimed water as soon as is practicable, the legislature encourages the cooperative efforts of the public and private sectors and the use of pilot projects to effectuate the goals of this chapter. The legislature further directs the department of health and the department of ecology to coordinate efforts towards developing an efficient and streamlined process for creating and implementing processes for the use of reclaimed water.

It is hereby declared that the people of the state of Washington have a primary interest in the development of facilities to provide reclaimed water to replace potable water in nonpotable applications, to supplement existing surface and ground water supplies, and to assist in meeting the future water requirements of the state.

The legislature further finds and declares that the utilization of reclaimed water by local communities for domestic, agricultural, industrial, recreational, and fish and wildlife habitat creation and enhancement purposes, including wetland enhancement, will contribute to the peace, health, safety, and welfare of the people of the state of Washington. To the extent reclaimed water is appropriate for beneficial uses, it should be so used to preserve potable water for drinking purposes. Use of reclaimed water constitutes the development of new basic water supplies needed for future generations.

The legislature further finds and declares that the use of reclaimed water is not inconsistent with the policy of antidegradation of state waters announced in other state statutes, including the water pollution control act, chapter 90.48 RCW and the water resources act, chapter 90.54 RCW.

The legislature finds that other states, including California, Florida, and Arizona, have successfully used reclaimed water to supplement existing water supplies without threatening existing resources or public health.

It is the intent of the legislature that the department of ecology and the department of health undertake the necessary steps to encourage the development of water reclamation facilities so that reclaimed water may be made available to help meet the growing water requirements of the state.

The legislature further finds and declares that reclaimed water facilities are water pollution control facilities as defined in chapter 70.146 RCW and are eligible for financial assistance as provided in chapter 70.146 RCW.

Sec. 2. RCW 90.46.010 and 1992 c 204 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Greywater" means ~~((sewage))~~ wastewater having the consistency and strength of residential domestic type wastewater. Greywater includes wastewater from sinks, showers, and laundry fixtures, but does not include toilet or urinal waters.

(2) "Land application" means application of treated effluent for purposes of irrigation or landscape enhancement for residential, business, and governmental purposes.

(3) "Person" means any state, individual, public or private corporation, political subdivision, governmental subdivision, governmental agency, municipality, copartnership, association, firm, trust estate, or any other legal entity whatever.

(4) "Reclaimed water" means effluent derived in any part from sewage from a wastewater treatment system that has been adequately and reliably treated, so that as a result of that treatment, it is suitable for a direct beneficial use or a controlled use that would not otherwise occur and is no longer considered wastewater.

(5) "Sewage" means water-carried human wastes, including kitchen, bath, and laundry waste from residences, buildings, industrial and commercial establishments, or other places, together with such ground water infiltration, surface waters, or industrial wastewater as may be present.

(6) "User" means any person who uses reclaimed water.

(7) "Wastewater" means water and wastes discharged from homes, businesses, and industry to the sewer system.

(8) "Direct beneficial use" means the use of reclaimed water, that has been transported from the point of production to the point of use without an intervening discharge to the waters of the state, for a beneficial purpose.

(9) "Direct recharge" means the controlled subsurface addition of water directly to the ground water basin that results in the replenishment of ground water.

(10) "Ground water recharge criteria" means the contaminant criteria found in the drinking water quality standards adopted by the state board of health pursuant to chapter 43.20 RCW and the department of health pursuant to chapter 70.119A RCW.

(11) "Planned ground water recharge project" means any reclaimed water project designed for the purpose of recharging ground water, via direct recharge or surface spreading.

(12) "Reclamation criteria" means the criteria set forth in the water reclamation and reuse interim standards and subsequent revisions adopted by the department of ecology and the department of health.

(13) "Streamflow augmentation" means the discharge of reclaimed water to rivers and streams of the state or other surface water bodies, but not wetlands.

(14) "Surface spreading" means the controlled application of water to the ground surface for the purpose of replenishing ground water.

(15) "Wetland or wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted to life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas.

(16) "Created wetlands" means a wetland intentionally created from a nonwetland site to produce or replace natural habitat.

**NEW SECTION.** Sec. 3. A new section is added to chapter 90.46 RCW to read as follows:

(1) Reclaimed water may be beneficially used for surface spreading provided the reclaimed water meets the ground water recharge criteria as measured in ground water beneath or down gradient of the recharge project site, and has been incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) If the state ground water recharge criteria as defined by RCW 90.46.010 do not contain a standard for a constituent or contaminant, the department of ecology shall establish a discharge limit consistent with the goals of this chapter.

**NEW SECTION.** Sec. 4. A new section is added to chapter 90.46 RCW to read as follows:

(1) Reclaimed water may be beneficially used for discharge into created wetlands provided the reclaimed water meets the class A reclaimed water standard as defined in the reclamation criteria, and the discharge is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Reclaimed water that does not meet the class A reclaimed water standard may be beneficially used for discharge into created wetlands where the department of ecology has specifically authorized such use at such lower standard in conjunction with a pilot project designated pursuant to this chapter, the purpose of which is to test and implement the use of created wetlands for advanced treatment.

**NEW SECTION.** Sec. 5. A new section is added to chapter 90.46 RCW to read as follows:

Reclaimed water intended for beneficial reuse may be discharged for streamflow augmentation provided the reclaimed water meets the requirements of the federal water pollution control act, chapter 90.48 RCW, and is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

**NEW SECTION.** Sec. 6. A new section is added to chapter 90.46 RCW to read as follows:

The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before December 31, 1996, for direct recharge using reclaimed water. The standards shall address both water quality considerations and avoidance of property damage from excessive recharge.

**NEW SECTION.** Sec. 7. A new section is added to chapter 90.46 RCW to read as follows:

The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before June 30, 1996, for discharge of reclaimed water to wetlands.

NEW SECTION. **Sec. 8.** A new section is added to chapter 90.46 RCW to read as follows:

On or before December 31, 1995, the department of ecology and department of health shall, in consultation with local interested parties, jointly review and, if required, propose amendments to chapter 372-32 WAC to resolve conflicts between the development of reclaimed water projects in the Puget Sound region and chapter 372-32 RCW.

**Sec. 9.** RCW 90.46.050 and 1992 c 204 s 6 are each amended to read as follows:

~~((1))~~ The department of health shall, before ~~((May 1, 1992))~~ July 1, 1995, form an advisory committee, in coordination with the department of ecology and the department of agriculture, which will provide technical assistance in the development of standards, procedures, and guidelines required by this chapter. Such committee shall be composed of individuals from the public water and wastewater utilities, landscaping enhancement industry, commercial and industrial application community, and any other persons deemed technically helpful by the department of health.

~~((2) The department of health shall report to the joint select committee on water resource policy by December 1, 1992, on the fee structure which has been recommended under RCW 90.46.030(3) and review fees authorized under RCW 90.46.040(3).))~~

NEW SECTION. **Sec. 10.** This act shall not be construed as affecting any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections.

NEW SECTION. **Sec. 11.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

For the purposes of this section "surplus" shall include capital surplus, reflecting the amounts paid in excess of the par or stated value of capital stock, or amounts contributed to the bank other than for capital stock, and (~~amounts transferred to surplus from~~) undivided profits (~~pursuant to resolution of the board of directors~~).

The term "person" shall include an individual, sole proprietor, partnership, joint venture, association, trust, estate, business trust, corporation, sovereign government or agency, instrumentality, or political subdivision thereof, or any similar entity or organization.

Within thirty days of the receipt of this application, the director shall determine whether the activity is closely related to the business of banking, whether the public convenience and advantage will be promoted, whether the activity is apt to create an unsafe or unsound practice by the bank and whether the applicant is capable of performing such an activity. If the director finds the activity to be closely related to the business of banking and the bank is otherwise qualified, he or she shall forthwith inform the applicant that the activity is authorized. If the director determines that such activity is not closely related to the business of banking or the bank is not otherwise qualified,

he or she shall forthwith inform the applicant in writing. The applicant shall have the right to appeal from an unfavorable determination in accordance with the procedures of the Administrative Procedure Act, chapter 34.05 RCW. Provided, however, that such other business activities shall also have been determined by the board of governors of the federal reserve system or by the United States congress to be closely related to the business of banking.))~~ Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a bank has under the laws of this state, a bank shall have the powers and authorities conferred as of August 31, 1994, upon federally chartered bank doing business in this state. As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

The restrictions, limitations, and requirements applicable to specific powers or authorities of federally chartered banks shall apply to banks exercising those powers or authorities permitted under this subsection but only insofar as the restrictions, limitations, and requirements relate to exercising the powers or authorities granted banks solely under this subsection.

**NEW SECTION.** Sec. 1. The legislature recognizes by this act that the growth management act is a fundamental building block of regulatory reform. The state and local governments have invested considerable resources in an act that should serve as the integrating framework for all other land-use related laws. The growth management act provides the means to effectively combine certainty for development decisions, reasonable environmental protection, long-range planning for cost-effective infrastructure, and orderly growth and development.

**PART I - GROWTH MANAGEMENT ACT**

**NEW SECTION.** Sec. 101. The legislature finds that during project review, a county or city planning under RCW 36.70A.040 is likely to discover the need to make various improvements in comprehensive plans and development regulations. There is no current requirement or process for applicants, citizens, or agency staff to ensure that these improvements are considered in the plan review process. The legislature also finds that in the past environmental review and permitting of proposed projects have been used to reopen and make land use planning decisions that should have been made through the comprehensive planning process, in part because agency staff and hearing examiners have not been able to ensure consideration of all issues in the local planning process. The legislature further finds that, while plans and regulations should be improved and refined over time, it is unfair to penalize applicants that have submitted permit applications that meet current requirements. It is the intent of the legislature in enacting section 102 of this act to establish a means by which cities and counties will docket suggested plan or development regulation amendments and ensure their consideration during the planning process.

**NEW SECTION.** Sec. 102. A new section is added to chapter 36.70A RCW to read as follows:

(1) Project review, which shall be conducted pursuant to the provisions of chapter 36.— RCW (the new chapter created in section 431 of this act), shall be used to make individual project decisions, not land use planning decisions. If,

during project review, a county or city planning under RCW 36.70A.040 identifies deficiencies in plans or regulations:

(a) The permitting process shall not be used as a comprehensive planning process;

(b) Project review shall continue; and

(c) The identified deficiencies shall be docketed for possible future plan or development regulation amendments.

(2) Each county and city planning under RCW 36.70A.040 shall include in its development regulations a procedure for any interested person, including applicants, citizens, hearing examiners, and staff of other agencies, to suggest plan or development regulation amendments. The suggested amendments shall be docketed and considered on at least an annual basis, consistent with the provisions of RCW 36.70A.130.

(3) For purposes of this section, a deficiency in a comprehensive plan or development regulation refers to the absence of required or potentially desirable contents of a comprehensive plan or development regulation. It does not refer to whether a development regulation addresses a project's probable specific adverse environmental impacts which the permitting agency could mitigate in the normal project review process.

(4) For purposes of this section, docketing refers to compiling and maintaining a list of suggested changes to the comprehensive plan or development regulations in a manner that will ensure such suggested changes will be considered by the county or city and will be available for review by the public.

*\*Sec. 103. RCW 36.70A.030 and 1994 c 307 s 2 and 1994 c 257 s 5 are each reenacted and amended to read as follows:*

*Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.*

*(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.*

*(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.*

*(3) "City" means any city or town, including a code city.*

*(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.*

*(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.*

(6) "Department" means the department of community, trade, and economic development.

~~(7) ((For purposes of RCW 36.70A.065 and 36.70A.440, "development permit application" means any application for a development proposal for a use that could be permitted under a plan adopted pursuant to this chapter and is consistent with the underlying land use and zoning, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses or other applications pertaining to land uses, but shall not include rezones, proposed amendments to comprehensive plans or the adoption or amendment of development regulations.~~

~~(8))~~ (8)) "Development regulations" means ~~((any))~~ the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in section 402 of this act, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

~~((9))~~ (8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

~~((10))~~ (9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((11))~~ (10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((12))~~ (11) "Minerals" include gravel, sand, and valuable metallic substances.

~~((13))~~ (12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((14))~~ (13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((13))~~ (14) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of such land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((16))~~ (15) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((17))~~ (16) "Urban governmental services" include those governmental services historically and typically delivered by cities, and include storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with nonurban areas.

~~((18))~~ (17) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. ~~((However,))~~ Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands~~(, if permitted by the county or city).~~

NEW SECTION. Sec. 104. A new section is added to chapter 36.70A RCW to read as follows:

(1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city's comprehensive plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city's development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

**NEW SECTION.** Sec. 105. A new section is added to chapter 36.70A RCW to read as follows:

(1) In designating and protecting critical areas under this chapter, counties and cities shall include the best available science in developing policies and development regulations to protect the functions and values of critical areas. In addition, counties and cities shall give special consideration to conservation or protection measures necessary to preserve or enhance anadromous fisheries.

(2) If it determines that advice from scientific or other experts is necessary or will be of substantial assistance in reaching its decision, a growth management hearings board may retain scientific or other expert advice to assist in reviewing a petition under RCW 36.70A.290 that involves critical areas.

**Sec. 106.** RCW 36.70A.130 and 1990 1st ex.s. c 17 s 13 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; and

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW.

(b) All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth

occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period.

**Sec. 107.** RCW 36.70A.140 and 1990 1st ex.s. c 17 s 14 are each amended to read as follows:

Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish and broadly disseminate to the public a public participation program identifying procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. In enacting legislation in response to the board's decision pursuant to RCW 36.70A.300 declaring part or all of a comprehensive plan or development regulation invalid, the county or city shall provide for public participation that is appropriate and effective under the circumstances presented by the board's order. Errors in exact compliance with the established program and procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the program and procedures is observed.

**Sec. 108.** RCW 36.70A.280 and 1994 c 249 s 31 are each amended to read as follows:

(1) A growth management hearings board shall hear and determine only those petitions alleging either:

(a) That a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by the state, a county or city that plans under this chapter, a person who has either appeared before the county or city regarding the matter on which a review is being requested or is certified by the governor within sixty days of filing the request with the board, or a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by a board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection". None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

**Sec. 109.** RCW 36.70A.290 and 1994 c 257 s 2 and 1994 c 249 s 26 are each reenacted and amended to read as follows:

(1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(a) Except as provided in (c) of this subsection, the date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

(c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government's shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government

publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

**Sec. 110.** RCW 36.70A.300 and 1991 sp.s. c 32 s 11 are each amended to read as follows:

(1) The board shall issue a final order within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to plans, development regulations, and amendments thereto, adopted under RCW 36.70A.040 or chapter 90.58 RCW. In the final order, the board shall either: (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs; or (b) find that the state agency, county, or city is not in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, in which case the board shall remand the matter to the affected state agency, county, or city and specify a reasonable time not in excess of one hundred eighty days within which the state agency, county, or city shall comply with the requirements of this chapter.

(2) A finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand, unless the board's final order also:

(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board's order; and

(b) Subject any development application that would otherwise vest after the date of the board's order to the local ordinance or resolution that both is enacted

in response to the order of remand and determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this chapter.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to ((Thurston county)) superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board.

**Sec. 111.** RCW 36.70A.320 and 1991 sp.s. c 32 s 13 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption. In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter.

(2) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW.

**Sec. 112.** RCW 36.70A.330 and 1991 sp.s. c 32 s 14 are each amended to read as follows:

(1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board((, on its own motion or motion of the petitioner,)) shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, city, or county. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board.

(3) If the board finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may

recommend to the governor that the sanctions authorized by this chapter be imposed.

(4) The board shall also reconsider its final order and decide:

(a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or

(b) If no determination of invalidity has been made whether one now should be made under the standards in RCW 36.70A.300(2).

The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

**Sec. 113.** RCW 34.05.514 and 1994 c 257 s 23 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section (~~and RCW 36.70A.300(3)~~), proceedings for review under this chapter shall be instituted by filing a petition in the superior court, at the petitioner's option, for (a) Thurston county, (b) the county of the petitioner's residence or principal place of business, or (c) in any county where the property owned by the petitioner and affected by the contested decision is located.

(2) For proceedings involving institutions of higher education, the petition shall be filed either in the county in which the principal office of the institution involved is located or in the county of a branch campus if the action involves such branch.

**NEW SECTION.** **Sec. 114.** (1) The legislature finds that:

(a) As of the effective date of this section, twenty-nine counties and two hundred eight cities are conducting comprehensive planning under the growth management act, chapter 36.70A RCW, which together comprise over ninety percent of the state's population;

(b) Comprehensive plans for many of the jurisdictions were due by July 1, 1994, and the remaining jurisdictions must complete plans under due dates ranging from October 1994 to September 1997;

(c) Concurrently with these comprehensive planning activities, local governments must conduct several other planning requirements under the growth management act, such as the adoption of capital facilities plans, urban growth areas, and development regulations;

(d) Local governments must also comply with the state environmental policy act, chapter 43.21C RCW, in the development of comprehensive plans and development regulations;

(e) The combined activities of comprehensive planning and the state environmental policy act present a serious fiscal burden upon local governments; and

(f) Detailed environmental analysis integrated with comprehensive plans, subarea plans, and development regulations will facilitate planning for and

managing growth, allow greater protection of the environment, and benefit both the general public and private property owners.

(2) In order to provide financial assistance to cities and counties planning under chapter 36.70A RCW and to improve the usefulness of plans and integrated environmental analyses, the legislature has created the fund described in section 115 of this act.

**NEW SECTION.** Sec. 115. A new section is added to chapter 36.70A RCW to read as follows:

The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be spent only after appropriation. Moneys in the fund shall be used to make grants to local governments for the purposes set forth in section 202 of this act, RCW 43.21C.031, or section 116 of this act.

**NEW SECTION.** Sec. 116. A new section is added to chapter 36.70A RCW to read as follows:

(1) The department of community, trade, and economic development shall provide management services for the fund created by section 115 of this act. The department by rule shall establish procedures for fund management.

(2) A grant may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant shall be provided to assist a county or city in paying for the cost of preparing a detailed environmental impact statement that is integrated with a comprehensive plan or subarea plan and development regulations.

(3) In order to qualify for a grant, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW that is integrated with a comprehensive plan or subarea plan and development regulations;

(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by subsequent applicants for development permits within the geographic area analyzed in the plan;

(c) Include mechanisms in the plan to monitor the consequences of growth as it occurs in the plan area and provide ongoing data to update the plan and environmental analysis;

(d) Be making substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and

(e) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

(b) Comprehensive and subarea plan proposals that are designed to identify and monitor system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

(c) Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans;

(d) Programs for effective citizen and neighborhood involvement that contribute to greater certainty that planning decisions will be implemented; and

(e) Plans that identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

## PART II - STATE ENVIRONMENTAL POLICY ACT

NEW SECTION. **Sec. 201.** (1) The legislature finds in adopting section 202 of this act that:

(a) Comprehensive plans and development regulations adopted by counties, cities, and towns under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal government have addressed a wide range of environmental subjects and impacts. These plans, regulations, rules, and laws often provide environmental analysis and mitigation measures for project actions without the need for an environmental impact statement or further project mitigation.

(b) Existing plans, regulations, rules, or laws provide environmental analysis and measures that avoid or otherwise mitigate the probable specific adverse environmental impacts of proposed projects should be integrated with, and should not be duplicated by, environmental review under chapter 43.21C RCW.

(c) Proposed projects should continue to receive environmental review, which should be conducted in a manner that is integrated with and does not duplicate other requirements. Project-level environmental review should be used to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by government agencies and the public on compliance with applicable environmental laws and plans, including mitigation for specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures.

(d) When a project permit application is filed, an agency should analyze the proposal's environmental impacts, as required by applicable regulations and the environmental review process required by this chapter, in one project review process. The project review process should include land use, environmental, public, and governmental review, as provided by the applicable regulations and the rules adopted under this chapter, so that documents prepared under different requirements can be reviewed together by the public and other agencies. This project review will provide an agency with the information necessary to make a decision on the proposed project.

(e) Through this project review process: (i) If the applicable regulations require studies that adequately analyze all of the project's specific probable adverse environmental impacts, additional studies under this chapter will not be necessary on those impacts; (ii) if the applicable regulations require measures that adequately address such environmental impacts, additional measures would likewise not be required under this chapter; and (iii) if the applicable regulations do not adequately analyze or address a proposal's specific probable adverse environmental impacts, this chapter provides the authority and procedures for additional review.

(2) The legislature intends that a primary role of environmental review under chapter 43.21C RCW is to focus on the gaps and overlaps that may exist in applicable laws and requirements related to a proposed action. The review of project actions conducted by counties, cities, and towns planning under RCW 36.70A.040 should integrate environmental review with project review. Chapter 43.21C RCW should not be used as a substitute for other land use planning and environmental requirements.

NEW SECTION. Sec. 202. A new section is added to chapter 43.21C RCW to read as follows:

(1) If the requirements of subsection (2) of this section are satisfied, a county, city, or town reviewing a project action may determine that the requirements for environmental analysis, protection, and mitigation measures in the county, city, or town's development regulations and comprehensive plans adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws and rules provide adequate analysis of and mitigation for the specific adverse environmental impacts of the project action to which the requirements apply.

(2) A county, city, or town may make the determination provided for in subsection (1) of this section if:

(a) In the course of project review, including any required environmental analysis, the local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, or other local, state, or federal rules or laws; and

(b) The local government bases or conditions its approval on compliance with these requirements or mitigation measures.

(3) If a county, city, or town's comprehensive plans, subarea plans, and development regulations adequately address a project's probable specific adverse environmental impacts, as determined under subsections (1) and (2) of this section, the county, city, or town shall not impose additional mitigation under this chapter during project review. Project review shall be integrated with environmental analysis under this chapter.

(4) A comprehensive plan, subarea plan, or development regulation shall be considered to adequately address an impact if the county, city, or town, through the planning and environmental review process under chapter 36.70A RCW and this chapter, has identified the specific adverse environmental impacts and:

(a) The impacts have been avoided or otherwise mitigated; or

(b) The legislative body of the county, city, or town has designated as acceptable certain levels of service, land use designations, development standards, or other land use planning required or allowed by chapter 36.70A RCW.

(5) In deciding whether a specific adverse environmental impact has been addressed by an existing rule or law of another agency with jurisdiction with environmental expertise with regard to a specific environmental impact, the county, city, or town shall consult orally or in writing with that agency and may expressly defer to that agency. In making this deferral, the county, city, or town shall base or condition its project approval on compliance with these other existing rules or laws.

(6) Nothing in this section limits the authority of an agency in its review or mitigation of a project to adopt or otherwise rely on environmental analyses and requirements under other laws, as provided by this chapter.

(7) This section shall apply only to a county, city, or town planning under RCW 36.70A.040.

**Sec. 203.** RCW 43.21C.031 and 1983 c 117 s 1 are each amended to read as follows:

(1) An environmental impact statement (the detailed statement required by RCW 43.21C.030(2)(c)) shall be prepared on proposals for legislation and other major actions having a probable significant, adverse environmental impact. The environmental impact statement may be combined with the recommendation or report on the proposal or issued as a separate document. The substantive decisions or recommendations shall be clearly identifiable in the combined document. Actions categorically exempt under RCW 43.21C.110(1)(a) do not require environmental review or the preparation of an environmental impact statement under this chapter. In a county, city, or town planning under RCW 36.70A.040, a planned action, as provided for in subsection (2) of this section, does not require a threshold determination or the preparation of an environmental impact statement under this chapter, but is subject to environmental review and mitigation as provided in this chapter.

An environmental impact statement is required to analyze only those probable adverse environmental impacts which are significant. Beneficial environmental impacts may be discussed. The responsible official shall consult with agencies and the public to identify such impacts and limit the scope of an environmental impact statement. The subjects listed in RCW 43.21C.030(2)(c) need not be treated as separate sections of an environmental impact statement. Discussions of significant short-term and long-term environmental impacts, significant irrevocable commitments of natural resources, significant alternatives including mitigation measures, and significant environmental impacts which cannot be mitigated should be consolidated or included, as applicable, in those sections of an environmental impact statement where the responsible official decides they logically belong.

(2)(a) For purposes of this section, a planned action means one or more types of project action that:

(i) Are designated planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(ii) Have had the significant impacts adequately addressed in an environmental impact statement prepared in conjunction with (A) a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or (B) a fully contained community, a master planned resort, a master planned development, or a phased project;

(iii) Are subsequent or implementing projects for the proposals listed in (a)(ii) of this subsection;

(iv) Are located within an urban growth area, as defined in RCW 36.70A.030;

(v) Are not essential public facilities as defined in RCW 36.70A.200; and

(vi) Are consistent with a comprehensive plan adopted under chapter 36.70A RCW.

(b) A county, city, or town shall limit planned actions to certain types of development or to specific geographical areas that are less extensive than the jurisdictional boundaries of the county, city, or town and may limit a planned action to a time period identified in the environmental impact statement or the ordinance or resolution adopted under this subsection.

Sec. 204. RCW 43.21C.075 and 1994 c 253 s 4 are each amended to read as follows:

(1) Because a major purpose of this chapter is to combine environmental considerations with public decisions, any appeal brought under this chapter shall be linked to a specific governmental action. The State Environmental Policy Act provides a basis for challenging whether governmental action is in compliance with the substantive and procedural provisions of this chapter. The State Environmental Policy Act is not intended to create a cause of action unrelated to a specific governmental action.

(2) Unless otherwise provided by this section:

(a) Appeals under this chapter shall be of the governmental action together with its accompanying environmental determinations.

(b) Appeals of environmental determinations made (or lacking) under this chapter shall be commenced within the time required to appeal the governmental action which is subject to environmental review.

(3) If an agency has a procedure for appeals of agency environmental determinations made under this chapter, such procedure:

(a) Shall not allow more than one agency appeal proceeding on a procedural determination (the adequacy of a determination of significance/nonsignificance or of a final environmental impact statement)~~((consistent with any state statutory requirements for appeals to local legislative bodies))~~. The appeal proceeding on a determination of significance~~((nonsignificance))~~ may occur before the agency's final decision on a proposed action. The appeal proceeding on a determination of nonsignificance may occur before the agency's final decision on a proposed action only if the appeal is heard at a proceeding where the hearing body or officer will render a final recommendation or decision on the proposed underlying governmental action. Such ~~((an))~~ appeals shall also be allowed for a determination of significance/nonsignificance which may be issued by the agency after supplemental review;

(b) Shall consolidate an appeal of procedural issues and of substantive determinations made under this chapter (such as a decision to require particular mitigation measures or to deny a proposal) with a hearing or appeal on the underlying governmental action by providing for a single simultaneous ~~((appeal of an))~~ hearing before one hearing officer or body to consider the agency decision on a proposal and any environmental determinations made under this chapter, with the exception of the ~~((threshold determination))~~ appeal, if any, of a determination of significance as provided in (a) of this subsection or an appeal to the local legislative authority under RCW 43.21C.060 or other applicable state statutes;

(c) Shall provide for the preparation of a record for use in any subsequent appeal proceedings, and shall provide for any subsequent appeal proceedings to be conducted on the record, consistent with other applicable law. An adequate record consists of findings and conclusions, testimony under oath, and taped or written transcript. An electronically recorded transcript will suffice for purposes of review under this subsection; and

(d) Shall provide that procedural determinations made by the responsible official shall be entitled to substantial weight.

(4) If a person aggrieved by an agency action has the right to judicial appeal and if an agency has an appeal procedure, such person shall, prior to seeking any judicial review, use such agency procedure if any such procedure is available, unless expressly provided otherwise by state statute.

(5) ~~((RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter.))~~ Some statutes and ordinances contain time periods for challenging

governmental actions which are subject to review under this chapter, such as various local land use approvals (the "underlying governmental action"). RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter. This ~~((section))~~ subsection does not modify any such time periods. ~~((This section governs when a judicial appeal must be brought under this chapter where a "notice of action" is used, and/or where there is another time period which is required by statute or ordinance for challenging the underlying governmental action.))~~ In this subsection, the term "appeal" refers to a judicial appeal only.

(a) If there is a time period for appealing the underlying governmental action, appeals under this chapter shall be commenced within ~~((thirty days))~~ such time period. The agency shall give official notice stating the date and place for commencing an appeal. ~~((If there is an agency proceeding under subsection (3) of this section, the appellant shall, prior to commencing a judicial appeal, submit to the responsible official a notice of intent to commence a judicial appeal. This notice of intent shall be given within the time period for commencing a judicial appeal on the underlying governmental action.))~~

(b) If there is no time period for appealing the underlying governmental action, and a notice of action under RCW 43.21C.080 ((may be used. If a notice of action)) is used, ((judicial)) appeals shall be commenced within the time period specified by RCW 43.21C.080((, unless there is a time period for appealing the underlying governmental action in which case (a) of this subsection shall apply.

~~((e) Notwithstanding RCW 43.21C.080(1), if there is a time period for appealing the underlying governmental action, a notice of action may be published within such time period)).~~

(6)(a) Judicial review under subsection (5) of this section of an appeal decision made by an agency under ((RCW 43.21C.075(5))) subsection (3) of this section shall be on the record, consistent with other applicable law.

(b) A taped or written transcript may be used. If a taped transcript is to be reviewed, a record shall identify the location on the taped transcript of testimony and evidence to be reviewed. Parties are encouraged to designate only those portions of the testimony necessary to present the issues raised on review, but if a party alleges that a finding of fact is not supported by evidence, the party should include in the record all evidence relevant to the disputed finding. Any other party may designate additional portions of the taped transcript relating to issues raised on review. A party may provide a written transcript of portions of the testimony at the party's own expense or apply to that court for an order requiring the party seeking review to pay for additional portions of the written transcript.

(c) Judicial review under this chapter shall without exception be of the governmental action together with its accompanying environmental determinations.

(7) Jurisdiction over the review of determinations under this chapter in an appeal before an agency or superior court shall upon consent of the parties be transferred in whole or part to the shorelines hearings board. The shorelines hearings board shall hear the matter and sign the final order expeditiously. The superior court shall certify the final order of the shorelines hearings board and said certified final order may only be appealed to an appellate court. In the case of an appeal under this chapter regarding a project or other matter that is also the subject of an appeal to the shorelines hearings board under chapter 90.58 RCW, the shorelines hearings board shall have sole jurisdiction over both the appeal under this section and the appeal under chapter 90.58 RCW, shall consider them together, and shall issue a final order within one hundred eighty days as provided in RCW 90.58.180.

(8) For purposes of this section and RCW 43.21C.080, the words "action", "decision", and "determination" mean substantive agency action including any accompanying procedural determinations under this chapter (except where the word "action" means "appeal" in RCW 43.21C.080(2) (~~and (3)~~)). The word "action" in this section and RCW 43.21C.080 does not mean a procedural determination by itself made under this chapter. The word "determination" includes any environmental document required by this chapter and state or local implementing rules. The word "agency" refers to any state or local unit of government. Except as provided in subsection (5) of this section, the word "appeal" refers to administrative, legislative, or judicial appeals.

(9) The court in its discretion may award reasonable attorney's fees of up to one thousand dollars in the aggregate to the prevailing party, including a governmental agency, on issues arising out of this chapter if the court makes specific findings that the legal position of a party is frivolous and without reasonable basis.

**Sec. 205.** RCW 43.21C.080 and 1977 ex.s. c 278 s 1 are each amended to read as follows:

(1) Notice of any action taken by a governmental agency may be publicized by the acting governmental agency, the applicant for, or the proponent of such action, in substantially the form as set forth in (~~subsection (3) of this section and in the following manner~~) rules adopted under RCW 43.21C.110:

(a) By publishing notice on the same day of each week for two consecutive weeks in a legal newspaper of general circulation in the area where the property which is the subject of the action is located;

(b) By filing notice of such action with the department of ecology at its main office in Olympia prior to the date of the last newspaper publication; and

(c) Except for those actions which are of a nonproject nature, by one of the following methods which shall be accomplished prior to the date of (~~last~~) first newspaper publication;

(i) Mailing to the latest recorded real property owners, as shown by the records of the county treasurer, who share a common boundary line with the

property upon which the project is proposed through United States mail, first class, postage prepaid.

(ii) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed.

(2)(a) Except as otherwise provided in RCW 43.21C.075(5)(a), any action to set aside, enjoin, review, or otherwise challenge any such governmental action or subsequent governmental action for which notice is given as provided in subsection (1) of this section on grounds of noncompliance with the provisions of this chapter shall be commenced within ~~((thirty))~~ twenty-one days from the date of last newspaper publication of the notice pursuant to subsection (1) of this section, or be barred~~((: PROVIDED, HOWEVER, That the time period within which an action shall be commenced shall be ninety days (i) for projects to be performed by a governmental agency or to be performed under government contract, or (ii) for thermal power plant projects: PROVIDED FURTHER, That))~~.

(b) Any subsequent governmental action on the proposal for which notice has been given as provided in subsection (1) of this section shall not be set aside, enjoined, reviewed, or otherwise challenged on grounds of noncompliance with the provisions of RCW 43.21C.030(2) (a) through (h) unless there has been a substantial change in the proposal between the time of the first governmental action and the subsequent governmental action that is likely to have adverse environmental impacts beyond the range of impacts previously analyzed, or unless the action now being considered was identified in an earlier detailed statement or declaration of nonsignificance as being one which would require further environmental evaluation.

~~((b) Any action to challenge a subsequent governmental action based upon any provisions of this chapter shall be commenced within thirty days from the date of last newspaper publication of the subsequent governmental action except (i) for projects to be performed by a governmental agency or to be performed under governmental contract, or (ii) for thermal power plant projects which shall be challenged within ninety days from the date of last newspaper publication of the subsequent governmental action, or be barred.~~

(3) The form for such notice of action shall be issued by the department of ecology and shall be made available by the governmental agency taking an action subject to being publicized pursuant to this section, by the county auditor, and/or the city clerk to the project applicant or proposer. The form of such notice shall be substantially as follows:

**NOTICE OF ACTION BY**

Sec. 206. RCW 43.21C.110 and 1983 c 117 s 7 are each amended to read as follows:

It shall be the duty and function of the department of ecology(~~(which may utilize proposed rules developed by the environmental policy commission))~~):

(1) To adopt and amend thereafter rules of interpretation and implementation of this chapter (~~((the state environmental policy act of 1971))~~), subject to the requirements of chapter 34.05 RCW, for the purpose of providing uniform rules and guidelines to all branches of government including state agencies, political subdivisions, public and municipal corporations, and counties. The proposed rules shall be subject to full public hearings requirements associated with rule promulgation. Suggestions for modifications of the proposed rules shall be considered on their merits, and the department shall have the authority and responsibility for full and appropriate independent promulgation and adoption of rules, assuring consistency with this chapter as amended and with the preservation of protections afforded by this chapter. The rule making powers authorized in this section shall include, but shall not be limited to, the following phases of

interpretation and implementation of this chapter (~~((the state environmental policy act of 1971))~~):

(a) Categories of governmental actions which are not to be considered as potential major actions significantly affecting the quality of the environment, including categories pertaining to applications for water right permits pursuant to chapters 90.03 and 90.44 RCW. The types of actions included as categorical exemptions in the rules shall be limited to those types which are not major actions significantly affecting the quality of the environment. The rules shall provide for certain circumstances where actions which potentially are categorically exempt require environmental review. An action that is categorically exempt under the rules adopted by the department may not be conditioned or denied under this chapter.

(b) Rules for criteria and procedures applicable to the determination of when an act of a branch of government is a major action significantly affecting the quality of the environment for which a detailed statement is required to be prepared pursuant to RCW 43.21C.030.

(c) Rules and procedures applicable to the preparation of detailed statements and other environmental documents, including but not limited to rules for timing of environmental review, obtaining comments, data and other information, and providing for and determining areas of public participation which shall include the scope and review of draft environmental impact statements.

(d) Scope of coverage and contents of detailed statements assuring that such statements are simple, uniform, and as short as practicable; statements are required to analyze only reasonable alternatives and probable adverse environmental impacts which are significant, and may analyze beneficial impacts.

(e) Rules and procedures for public notification of actions taken and documents prepared.

(f) Definition of terms relevant to the implementation of this chapter including the establishment of a list of elements of the environment. Analysis of environmental considerations under RCW 43.21C.030(2) may be required only for those subjects listed as elements of the environment (or portions thereof). The list of elements of the environment shall consist of the "natural" and "built" environment. The elements of the built environment shall consist of public services and utilities (such as water, sewer, schools, fire and police protection), transportation, environmental health (such as explosive materials and toxic waste), and land and shoreline use (including housing, and a description of the relationships with land use and shoreline plans and designations, including population).

(g) Rules for determining the obligations and powers under this chapter of two or more branches of government involved in the same project significantly affecting the quality of the environment.

(h) Methods to assure adequate public awareness of the preparation and issuance of detailed statements required by RCW 43.21C.030(2)(c).

(i) To prepare rules for projects setting forth the time limits within which the governmental entity responsible for the action shall comply with the provisions of this chapter.

(j) Rules for utilization of a detailed statement for more than one action and rules improving environmental analysis of nonproject proposals and encouraging better interagency coordination and integration between this chapter and other environmental laws.

(k) Rules relating to actions which shall be exempt from the provisions of this chapter in situations of emergency.

(l) Rules relating to the use of environmental documents in planning and decision making and the implementation of the substantive policies and requirements of this chapter, including procedures for appeals under this chapter.

(m) Rules and procedures that provide for the integration of environmental review with project review as provided in section 202 of this act. The rules and procedures shall be jointly developed with the department of community, trade, and economic development and shall be applicable to the preparation of environmental documents for actions in counties, cities, and towns planning under RCW 36.70A.040. The rules and procedures shall also include criteria to analyze the consistency of project actions, including planned actions under RCW 43.21C.031(2), with development regulations adopted under chapter 36.70A RCW, or in the absence of applicable development regulations, the appropriate elements of a comprehensive plan or subarea plan adopted under chapter 36.70A RCW. Ordinances or procedures adopted by a county, city, or town to implement the provisions of section 202 of this act prior to the effective date of rules adopted under this subsection (1)(m) shall continue to be effective until the adoption of any new or revised ordinances or procedures that may be required. If any revisions are required as a result of rules adopted under this subsection (1)(m), those revisions shall be made within the time limits specified in RCW 43.21C.120.

(2) In exercising its powers, functions, and duties under this section, the department may:

(a) Consult with the state agencies and with representatives of science, industry, agriculture, labor, conservation organizations, state and local governments and other groups, as it deems advisable; and

(b) Utilize, to the fullest extent possible, the services, facilities, and information (including statistical information) of public and private agencies, organizations, and individuals, in order to avoid duplication of effort and expense, overlap, or conflict with similar activities authorized by law and performed by established agencies.

(3) Rules adopted pursuant to this section shall be subject to the review procedures of chapter 34.05 RCW ((34.05.538 and 34.05.240)).

**Sec. 207.** RCW 43.21C.900 and 1971 ex.s. c 109 s 7 are each amended to read as follows:

This chapter shall be known and may be cited as the "State Environmental Policy Act (~~of 1974~~)" or "SEPA".

### PART III - SHORELINE MANAGEMENT ACT

**Sec. 301.** RCW 90.58.020 and 1992 c 105 s 1 are each amended to read as follows:

The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefor, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.

It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of state-wide significance. The department, in adopting guidelines for shorelines of state-wide significance, and local government, in developing master programs for shorelines of state-wide significance, shall give preference to uses in the following order of preference which:

- (1) Recognize and protect the state-wide interest over local interest;
- (2) Preserve the natural character of the shoreline;
- (3) Result in long term over short term benefit;
- (4) Protect the resources and ecology of the shoreline;
- (5) Increase public access to publicly owned areas of the shorelines;
- (6) Increase recreational opportunities for the public in the shoreline;

(7) Provide for any other element as defined in RCW 90.58.100 deemed appropriate or necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent with the overall best interest of the state and the people generally. To this end uses shall be preferred which are consistent with control of pollution and prevention of damage to the natural environment, or are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the shorelines of the state, in those limited instances when authorized, shall be given priority for single family residences and their appurtenant structures, ports, shoreline recreational uses including but not limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the state, industrial and commercial developments which are particularly dependent on their location on or use of the shorelines of the state and other development that will provide an opportunity for substantial numbers of the people to enjoy the shorelines of the state. Alterations of the natural condition of the shorelines and ~~((wetlands))~~ shorelands of the state shall be recognized by the department. Shorelines and ~~((wetlands))~~ shorelands of the state shall be appropriately classified and these classifications shall be revised when circumstances warrant regardless of whether the change in circumstances occurs through man-made causes or natural causes. Any areas resulting from alterations of the natural condition of the shorelines and ~~((wetlands))~~ shorelands of the state no longer meeting the definition of "shorelines of the state" shall not be subject to the provisions of chapter 90.58 RCW.

Permitted uses in the shorelines of the state shall be designed and conducted in a manner to minimize, insofar as practical, any resultant damage to the ecology and environment of the shoreline area and any interference with the public's use of the water.

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of state-wide significance.

(2) Before adopting or amending guidelines under this section, the department shall provide an opportunity for public review and comment as follows:

(a) The department shall mail copies of the proposal to all cities, counties, and federally recognized Indian tribes, and to any other person who has requested a copy, and shall publish the proposed guidelines in the Washington state register. Comments shall be submitted in writing to the department within sixty days from ((receipt of such proposed guidelines, local governments shall submit to the department in writing proposed changes, if any, and comments upon the proposed guidelines.

Notice of ((such)) the hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state. If an amendment to the guidelines addresses an issue limited to one geographic area, the number and location of hearings may be adjusted consistent with the intent of this subsection to assure all parties a reasonable opportunity to comment on the proposed amendment. The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

(c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

((5) Within ninety days following such public hearings, the department at a public hearing to be held in Olympia shall adopt guidelines.)) (3) The department may propose amendments to the guidelines not more than once each year. ((If approval is denied, the department shall state within ninety days from the date of submission in detail the precise facts upon which that decision is based, and shall submit to the local government suggested modifications to the program to make it consistent with said policy and guidelines. The local government shall have ninety days after it receives recommendations from the department to make modifications designed to eliminate the inconsistencies and to resubmit the program to the department for approval. ~~(2) As to)) (4) The department shall approve those segments of the master program relating to shorelines of state-wide significance ((the department shall have full authority following review and evaluation of the submission by local government to develop and adopt an alternative to the local government's proposal if in the department's opinion the program submitted does not)) only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the state-wide interest. ((If the submission by local government is not approved, the department shall suggest modifications to the local government within ninety days from receipt of the submission. The local government shall have ninety days after it receives said modifications to consider the same and resubmit a master program to the department. Thereafter, the department shall adopt the resubmitted program or, if the department determines that said program does not provide for optimum implementation, it may develop and adopt an alternative as hereinbefore provided.)) If the department does not approve a segment of a local government master program relating to a shoreline of state-wide significance, the department may develop and by rule adopt an alternative to the local government's proposal.~~

~~((3))~~ (5) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(6) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program.

Sec. 307. RCW 90.58.100 and 1992 c 105 s 2 are each amended to read as follows:

(1) The master programs provided for in this chapter, when adopted ~~((and))~~ or approved by the department ~~((as appropriate))~~ shall constitute use regulations for the various shorelines of the state. (a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts;

(b) Consult with and obtain the comments of any federal, state, regional, or local agency having any special expertise with respect to any environmental impact;

(c) Consider all plans, studies, surveys, inventories, and systems of classification made or being made by federal, state, regional, or local agencies, by private individuals, or by organizations dealing with pertinent shorelines of the state;

(d) Conduct or support such further research, studies, surveys, and interviews as are deemed necessary;

(e) Utilize all available information regarding hydrology, geography, topography, ecology, economics, and other pertinent data;

(f) Employ, when feasible, all appropriate, modern scientific data processing and computer techniques to store, index, analyze, and manage the information gathered.

(2) The master programs shall include, when appropriate, the following:

(a) An economic development element for the location and design of industries, transportation facilities, port facilities, tourist facilities, commerce and other developments that are particularly dependent on their location on or use of the shorelines of the state;

(b) A public access element making provision for public access to publicly owned areas;

(c) A recreational element for the preservation and enlargement of recreational opportunities, including but not limited to parks, tidelands, beaches, and recreational areas;

(d) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other public utilities and facilities, all correlated with the shoreline use element;

(e) A use element which considers the proposed general distribution and general location and extent of the use on shorelines and adjacent land areas for housing, business, industry, transportation, agriculture, natural resources, recreation, education, public buildings and grounds, and other categories of public and private uses of the land;

(f) A conservation element for the preservation of natural resources, including but not limited to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;

(g) An historic, cultural, scientific, and educational element for the protection and restoration of buildings, sites, and areas having historic, cultural, scientific, or educational values;

(h) An element that gives consideration to the state-wide interest in the prevention and minimization of flood damages; and

(i) Any other element deemed appropriate or necessary to effectuate the policy of this chapter.

(3) The master programs shall include such map or maps, descriptive text, diagrams and charts, or other descriptive material as are necessary to provide for ease of understanding.

(4) Master programs will reflect that state-owned shorelines of the state are particularly adapted to providing wilderness beaches, ecological study areas, and other recreational activities for the public and will give appropriate special consideration to same.

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

(6) Each master program shall contain standards governing the protection of single family residences and appurtenant structures against damage or loss due to shoreline erosion. The standards shall govern the issuance of substantial development permits for shoreline protection, including structural methods such as construction of bulkheads, and nonstructural methods of protection. The

standards shall provide for methods which achieve effective and timely protection against loss or damage to single family residences and appurtenant structures due to shoreline erosion. The standards shall provide a preference for permit issuance for measures to protect single family residences occupied prior to January 1, 1992, where the proposed measure is designed to minimize harm to the shoreline natural environment.

**Sec. 308.** RCW 90.58.120 and 1989 c 175 s 182 are each amended to read as follows:

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent

with the applicable master program and ~~((the provisions of))~~ this chapter ~~((90.58 RCW))~~.

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or

adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within ~~((thirty))~~ twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW~~((the permittee))~~. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction ~~((may begin))~~ pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would ~~((not))~~ involve a significant, irreversible damaging of the environment, the court ~~((may allow))~~ shall prohibit the permittee ~~((to begin))~~ from commencing the construction pursuant to the approved or revised permit ~~((as the court deems appropriate. The court may require the permittee to post bonds, in the name of the local government that issued the permit, sufficient to remove the substantial development or to restore the environment if the permit is ultimately disapproved by the courts, or to alter the substantial development if the alteration is ultimately ordered by the courts))~~ until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) ~~((If a permit is granted by the local government and the granting of the permit is appealed directly to the superior court for judicial review pursuant to the proviso in RCW 90.58.180(1), the permittee may request the court to remand the appeal to the shorelines hearings board, in which case the appeal shall be so remanded and construction pursuant to such a permit shall be governed by the provisions of subsection (b) of this subsection or may otherwise begin after review proceedings before the hearings board are terminated if judicial review is not thereafter requested pursuant to chapter 34.05 RCW;~~

~~((d))~~ If the permit is for a substantial development meeting the requirements of subsection ~~((43))~~ (11) of this section, construction pursuant to that permit may not begin or be authorized until ~~((thirty))~~ twenty-one days from the date the ~~((final order))~~ permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), or (c)~~(c) or (d))~~ of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any ~~((ruling))~~ decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. With regard to a permit other than a permit governed by subsection ~~((42))~~ (10) of this section, "date of filing" as used herein means the date of actual receipt by the department. With regard to a permit for a variance or a conditional use, "date of filing" means the date a decision of the department rendered on the permit pursuant to subsection ~~((42))~~ (10) of this section is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) ~~((A permit shall not be required for any development on shorelines of the state included within a preliminary or final plat approved by the applicable state agency or local government before April 1, 1971, if:~~

~~(a) The final plat was approved after April 13, 1961, or the preliminary plat was approved after April 30, 1969; and~~

~~(b) The development is completed within two years after June 1, 1971.~~

~~(11) The applicable state agency or local government is authorized to approve a final plat with respect to shorelines of the state included within a~~

~~preliminary plat approved after April 30, 1969, and before April 1, 1971; PROVIDED, That any substantial development within the platted shorelines of the state is authorized by a permit granted pursuant to this section, or does not require a permit as provided in subsection (10) of this section, or does not require a permit because of substantial development occurred before June 1, 1971.~~

~~(12))~~ Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

~~((13))~~ (11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state.

**Sec. 310.** RCW 90.58.180 and 1994 c 253 s 3 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a ~~((request for the same))~~ petition for review within ~~((thirty))~~ twenty-one days of the date of filing as defined in RCW 90.58.140(6).

~~((Concurrently with))~~ Within seven days of the filing of any ((request)) petition for review with the board as provided in this section pertaining to a final ((order)) decision of a local government, the ((requestor)) petitioner shall ((file a copy)) serve copies of ((his or her request with)) the petition on the department and the office of the attorney general. ((If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after

~~its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor. The failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor.))~~ The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the ~~((request))~~ petition for review filed pursuant to this section. The shorelines hearings board shall ~~((initially))~~ schedule review proceedings on ~~((such requests))~~ the petition for review without regard as to whether ~~((such requests have or have not been certified or as to whether))~~ the period for the department or the attorney general to intervene has or has not expired~~((, unless such review is to begin within thirty days of such scheduling. If at the end of the thirty day period for certification neither the department nor the attorney general has certified a request for review, the hearings board shall remove the request from its review schedule))~~.

(2) The department or the attorney general may obtain review of any final ~~((order))~~ decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written ~~((request))~~ petition with the shorelines hearings board and the appropriate local government within ~~((thirty))~~ twenty-one days from the date the final ~~((order))~~ decision was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

~~((A local government may appeal to the shorelines hearings board))~~ Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

~~((If the board))~~ (5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

- (a) Is clearly erroneous in light of the policy of this chapter; or
- (b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
- (c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department (~~(by the local government)~~) during public review and comment; or

(e) Was not adopted in accordance with required procedures~~(+)~~.

(6) If the board makes a determination under subsection (5) (a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision. (~~Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect.~~

~~(5) Rules, regulations, and guidelines)~~ (7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to ((RCW 34.05.570(2). No review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection (4) of this section and the petition for court review is)) chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within ((three months)) thirty days after the date of final decision by the shorelines hearings board.

**Sec. 311.** RCW 90.58.190 and 1989 c 175 s 184 are each amended to read as follows:

~~(1) ((The department and each local government shall periodically review any master programs under its jurisdiction and make such adjustments thereto as are necessary. Any adjustments proposed by a local government to its master program shall be forwarded to the department for review. The department shall approve, reject, or propose modification to the adjustment. If the department either rejects or proposes modification to the master program adjustment, it shall provide substantive written comments as to why the proposal is being rejected or modified.)) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(4) is governed by RCW 34.05.510 through 34.05.598.~~

(2)(a) The department's decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board with jurisdiction over the local government. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment for compliance with the requirements of this chapter and chapter 36.70A RCW, the policy of RCW 90.58.020 and the

applicable guidelines, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of state-wide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

~~((Any local government aggrieved by))~~ (3)(a) The department's decision to approve, reject, or modify a proposed master program or master program ((adjustment may appeal the department's decision)) amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department's written notice to the local government of the department's decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program ((adjustment)) amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government's ((adjustment)) master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of state-wide significance, the shorelines hearings board shall uphold the decision by the department unless ((a local government shall)) the board determines, by clear and convincing evidence ((and argument, persuade the board)) that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program ((adjustment)) amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to ((the)) superior court ((of Thurston county)) as provided in chapter 34.05 RCW.

~~((3))~~ (4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program ((adjustment)) amendment,

provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program (~~adjustment~~) amendment.

**Sec. 312.** RCW 34.05.461 and 1989 c 175 s 19 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section:

(a) If the presiding officer is the agency head or one or more members of the agency head, the presiding officer may enter an initial order if further review is available within the agency, or a final order if further review is not available;

(b) If the presiding officer is a person designated by the agency to make the final decision and enter the final order, the presiding officer shall enter a final order; and

(c) If the presiding officer is one or more administrative law judges, the presiding officer shall enter an initial order.

(2) With respect to agencies exempt from chapter 34.12 RCW or an institution of higher education, the presiding officer shall transmit a full and complete record of the proceedings, including such comments upon demeanor of witnesses as the presiding officer deems relevant, to each agency official who is to enter a final or initial order after considering the record and evidence so transmitted.

(3) Initial and final orders shall include a statement of findings and conclusions, and the reasons and basis therefor, on all the material issues of fact, law, or discretion presented on the record, including the remedy or sanction and, if applicable, the action taken on a petition for a stay of effectiveness. Any findings based substantially on credibility of evidence or demeanor of witnesses shall be so identified. Findings set forth in language that is essentially a repetition or paraphrase of the relevant provision of law shall be accompanied by a concise and explicit statement of the underlying evidence of record to support the findings. The order shall also include a statement of the available procedures and time limits for seeking reconsideration or other administrative relief. An initial order shall include a statement of any circumstances under which the initial order, without further notice, may become a final order.

(4) Findings of fact shall be based exclusively on the evidence of record in the adjudicative proceeding and on matters officially noticed in that proceeding. Findings shall be based on the kind of evidence on which reasonably prudent persons are accustomed to rely in the conduct of their affairs. Findings may be based on such evidence even if it would be inadmissible in a civil trial. However, the presiding officer shall not base a finding exclusively on such inadmissible evidence unless the presiding officer determines that doing so would not unduly abridge the parties' opportunities to confront witnesses and rebut evidence. The basis for this determination shall appear in the order.

(5) Where it bears on the issues presented, the agency's experience, technical competency, and specialized knowledge may be used in the evaluation of evidence.

(6) If a person serving or designated to serve as presiding officer becomes unavailable for any reason before entry of the order, a substitute presiding officer shall be appointed as provided in RCW 34.05.425. The substitute presiding officer shall use any existing record and may conduct any further proceedings appropriate in the interests of justice.

(7) The presiding officer may allow the parties a designated time after conclusion of the hearing for the submission of memos, briefs, or proposed findings.

(8)(a) Except as otherwise provided in (b) of this subsection, initial or final orders shall be served in writing within ninety days after conclusion of the hearing or after submission of memos, briefs, or proposed findings in accordance with subsection (7) of this section unless this period is waived or extended for good cause shown.

(b) This subsection does not apply to the final order of the shorelines hearings board on appeal under RCW 90.58.180(3).

(9) The presiding officer shall cause copies of the order to be served on each party and the agency.

NEW SECTION. Sec. 313. RCW 90.58.145 and 1979 ex.s. c 84 s 4 are each repealed.

#### **PART IV - LOCAL PERMIT PROCESS**

NEW SECTION. Sec. 401. The legislature finds and declares the following:

(1) As the number of environmental laws and development regulations has increased for land uses and development, so has the number of required local land use permits, each with its own separate approval process.

(2) The increasing number of local and state land use permits and separate environmental review processes required by agencies has generated continuing potential for conflict, overlap, and duplication between the various permit and review processes.

(3) This regulatory burden has significantly added to the cost and time needed to obtain local and state land use permits and has made it difficult for the public to know how and when to provide timely comments on land use proposals that require multiple permits and have separate environmental review processes.

NEW SECTION. Sec. 402. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Closed record appeal" means an administrative appeal on the record to a local government body or officer, including the legislative body, following an open record hearing on a project permit application when the appeal is on the record with no or limited new evidence or information allowed to be submitted and only appeal argument allowed.

(2) "Local government" means a county, city, or town.

(3) "Open record hearing" means a hearing, conducted by a single hearing body or officer authorized by the local government to conduct such hearings, that creates the local government's record through testimony and submission of evidence and information, under procedures prescribed by the local government by ordinance or resolution. An open record hearing may be held prior to a local government's decision on a project permit to be known as an "open record predecision hearing." An open record hearing may be held on an appeal, to be known as an "open record appeal hearing," if no open record predecision hearing has been held on the project permit.

(4) "Project permit" or "project permit application" means any land use or environmental permit or license required from a local government for a project action, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses, shoreline substantial development permits, site plan review, permits or approvals required by critical area ordinances, site-specific rezones authorized by a comprehensive plan or subarea plan, but excluding the adoption or amendment of a comprehensive plan, subarea plan, or development regulations except as otherwise specifically included in this subsection.

(5) "Public meeting" means an informal meeting, hearing, workshop, or other public gathering of people to obtain comments from the public or other agencies on a proposed project permit prior to the local government's decision. A public meeting may include, but is not limited to, a design review or architectural control board meeting, a special review district or community council meeting, or a scoping meeting on a draft environmental impact statement. A public meeting does not include an open record hearing. The proceedings at a public meeting may be recorded and a report or recommendation may be included in the local government's project permit application file.

**NEW SECTION. Sec. 403.** In enacting sections 404 and 405 of this act, the legislature intends to establish a mechanism for implementing the provisions of chapter 36.70A RCW regarding compliance, conformity, and consistency of proposed projects with adopted comprehensive plans and development regulations. In order to achieve this purpose the legislature finds that:

(1) Given the extensive investment that public agencies and a broad spectrum of the public are making and will continue to make in comprehensive plans and development regulations for their communities, it is essential that project review start from the fundamental land use planning choices made in these plans and regulations. If the applicable regulations or plans identify the type of land use, specify residential density in urban growth areas, and identify and provide for funding of public facilities needed to serve the proposed development and site, these decisions at a minimum provide the foundation for further project review unless there is a question of code interpretation. The project review process, including the environmental review process under chapter 43.21C RCW and the consideration of consistency, should start from this point

and should not reanalyze these land use planning decisions in making a permit decision.

(2) Comprehensive plans and development regulations adopted by local governments under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal government have addressed a wide range of environmental subjects and impacts. These provisions typically require environmental studies and contain specific standards to address various impacts associated with a proposed development, such as building size and location, drainage, transportation requirements, and protection of critical areas. When a permitting agency applies these existing requirements to a proposed project, some or all of a project's potential environmental impacts will be avoided or otherwise mitigated. Through the integrated project review process described in subsection (1) of this section, the local government will determine whether existing requirements, including the applicable regulations or plans, adequately analyze and address a project's environmental impacts. Section 202 of this act provides that project review should not require additional studies or mitigation under chapter 43.21C RCW where existing regulations have adequately addressed a proposed project's probable specific adverse environmental impacts.

(3) Given the hundreds of jurisdictions and agencies in the state and the numerous communities and applicants affected by development regulations and comprehensive plans adopted under chapter 36.70A RCW, it is essential to establish a uniform framework for considering the consistency of a proposed project with the applicable regulations or plan. Consistency should be determined in the project review process by considering four factors found in applicable regulations or plans: The type of land use allowed; the level of development allowed, such as units per acre or other measures of density; infrastructure, such as the adequacy of public facilities and services to serve the proposed project; and the character of the proposed development, such as compliance with specific development standards. This uniform approach corresponds to existing project review practices and will not place a burden on applicants or local government. The legislature intends that this approach should be largely a matter of checking compliance with existing requirements for most projects, which are simple or routine, while more complex projects may require more analysis. Sections 202 and 404 of this act establish this uniform framework and also direct state agencies to consult with local government and the public to develop a better format than the current environmental checklist to meet this objective.

(4) When an applicant applies for a project permit, consistency between the proposed project and applicable regulations or plan should be determined through a project review process that integrates land use and environmental impact analysis, so that governmental and public review of the proposed project as required by this chapter, by development regulations under chapter 36.70A RCW, and by the environmental process under chapter 43.21C RCW run concurrently and not separately.

(5) Sections 404 and 405 of this act address three related needs with respect to how the project review process should address consistency between a proposed project and the applicable regulations or plan:

(a) A uniform framework for the meaning of consistency;

(b) An emphasis on relying on existing requirements and adopted standards, with the use of supplemental authority as specified by chapter 43.21C RCW to the extent that existing requirements do not adequately address a project's specific probable adverse environmental impacts; and

(c) The identification of three basic land use planning choices made in applicable regulations or plans that, at a minimum, serve as a foundation for project review and that should not be reanalyzed during project permitting.

**NEW SECTION.** **Sec. 404.** (1) Fundamental land use planning choices made in adopted comprehensive plans and development regulations shall serve as the foundation for project review. The review of a proposed project's consistency with applicable development regulations, or in the absence of applicable regulations the adopted comprehensive plan, under section 405 of this act shall incorporate the determinations under this section.

(2) During project review, a local government or any subsequent reviewing body shall determine whether the items listed in this subsection are defined in the development regulations applicable to the proposed project or, in the absence of applicable regulations the adopted comprehensive plan. At a minimum, such applicable regulations or plans shall be determinative of the:

(a) Type of land use permitted at the site, including uses that may be allowed under certain circumstances, such as planned unit developments and conditional and special uses, if the criteria for their approval have been satisfied;

(b) Density of residential development in urban growth areas; and

(c) Availability and adequacy of public facilities identified in the comprehensive plan, if the plan or development regulations provide for funding of these facilities as required by chapter 36.70A RCW.

(3) During project review, the local government or any subsequent reviewing body shall not reexamine alternatives to or hear appeals on the items identified in subsection (2) of this section, except for issues of code interpretation. As part of its project review process, a local government shall provide a procedure for obtaining a code interpretation as provided in section 415 of this act.

(4) Pursuant to section 202 of this act, a local government may determine that the requirements for environmental analysis and mitigation measures in development regulations and other applicable laws provide adequate mitigation for some or all of the project's specific adverse environmental impacts to which the requirements apply.

(5) Nothing in this section limits the authority of a permitting agency to approve, condition, or deny a project as provided in its development regulations adopted under chapter 36.70A RCW and in its policies adopted under RCW 43.21C.060. Project review shall be used to identify specific project design and conditions relating to the character of development, such as the details of site

plans, curb cuts, drainage swales, transportation demand management, the payment of impact fees, or other measures to mitigate a proposal's probable adverse environmental impacts, if applicable.

(6) Subsections (1) through (4) of this section apply only to local governments planning under RCW 36.70A.040.

**NEW SECTION.** Sec. 405. (1) A proposed project's consistency with a local government's development regulations adopted under chapter 36.70A RCW, or, in the absence of applicable development regulations, the appropriate elements of the comprehensive plan or subarea plan adopted under chapter 36.70A RCW shall be determined by consideration of:

- (a) The type of land use;
- (b) The level of development, such as units per acre or other measures of density;
- (c) Infrastructure, including public facilities and services needed to serve the development; and
- (d) The character of the development, such as development standards.

(2) In determining consistency, the determinations made pursuant to section 404(2) of this act shall be controlling.

(3) For purposes of this section, the term "consistency" shall include all terms used in this chapter and chapter 36.70A RCW to refer to performance in accordance with this chapter and chapter 36.70A RCW, including but not limited to compliance, conformity, and consistency.

(4) Nothing in this section requires documentation, dictates an agency's procedures for considering consistency, or limits a unit of government from asking more specific or related questions with respect to any of the four main categories listed in subsection (1) (a) through (d) of this section.

**NEW SECTION.** Sec. 406. Not later than March 31, 1996, each local government shall provide by ordinance or resolution for review of project permit applications to achieve the following objectives:

(1) Combine the environmental review process, both procedural and substantive, with the procedure for review of project permits; and

(2) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, provide for no more than one open record hearing and one closed record appeal.

**NEW SECTION.** Sec. 407. Not later than March 31, 1996, each local government planning under RCW 36.70A.040 shall establish by ordinance or resolution an integrated and consolidated project permit process that may be included in its development regulations. In addition to the elements required by section 406 of this act, the process shall include the following elements:

(1) A determination of completeness to the applicant as required by RCW 36.70A.440 (as recodified by this act);

(2) A notice of application to the public and agencies with jurisdiction as required by section 415 of this act;

(3) Except as provided in section 418 of this act, an optional consolidated project permit review process as provided in section 416 of this act. The review process shall provide for no more than one consolidated open record hearing and one closed record appeal. If an open record predecision hearing is provided prior to the decision on a project permit, the process shall not allow a subsequent open record appeal hearing;

(4) Provision allowing for any public meeting or required open record hearing to be combined with any public meeting or open record hearing that may be held on the project by another local, state, regional, federal, or other agency, in accordance with provisions of sections 413 and 415 of this act;

(5) A single report stating all the decisions made as of the date of the report on all project permits included in the consolidated permit process that do not require an open record predecision hearing and any recommendations on project permits that do not require an open record predecision hearing. The report shall state any mitigation required or proposed under the development regulations or the agency's authority under RCW 43.21C.060. The report may be the local permit. If a threshold determination other than a determination of significance has not been issued previously by the local government, the report shall include or append this determination.

(6) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, if a local government elects to provide an appeal of its threshold determinations or project permit decisions, the local government shall provide for no more than one consolidated open record hearing on such appeal. The local government need not provide for any further appeal and may provide an appeal for some but not all project permit decisions. If an appeal is provided after the open record hearing, it shall be a closed record appeal before a single decision-making body or officer;

(7) A notice of decision as required by section 417 of this act and issued within the time period provided in RCW 36.70A.065 (as recodified by this act) and section 413 of this act;

(8) Completion of project review by the local government, including environmental review and public review and any appeals to the local government, within any applicable time periods under section 413 of this act; and

(9) Any other provisions not inconsistent with the requirements of this chapter or chapter 43.21C RCW.

Sec. 408. RCW 36.70A.440 and 1994 c 257 s 4 are each amended to read as follows:

~~((Each city and county))~~ (1) Within twenty-eight days after receiving a project permit application, a local government planning pursuant to RCW 36.70A.040 shall ~~((, within twenty working days of receiving a development permit application as defined in RCW 36.70A.030(7),))~~ mail or provide in person a written ~~((notice))~~ determination to the applicant, stating either:

(a) That the application is complete; or

(b) That the application is incomplete and what is necessary to make the application complete.

To the extent known by the ~~((city or county))~~ local government, the ~~((notice))~~ local government shall identify other agencies of local, state, or federal governments that may have jurisdiction over some aspect of the application.

(2) A project permit application is complete for purposes of this section when it meets the procedural submission requirements of the local government and is sufficient for continued processing even though additional information may be required or project modifications may be undertaken subsequently. The determination of completeness shall not preclude the local government from requesting additional information or studies either at the time of the notice of completeness or subsequently if new information is required or substantial changes in the proposed action occur.

(3) The determination of completeness may include the following as optional information:

(a) A preliminary determination of those development regulations that will be used for project mitigation;

(b) A preliminary determination of consistency, as provided under section 405 of this act; or

(c) Other information the local government chooses to include.

(4)(a) An application shall be deemed complete under this section if the local government does not provide a written determination to the applicant that the application is incomplete as provided in subsection (1)(b) of this section.

(b) Within fourteen days after an applicant has submitted to a local government additional information identified by the local government as being necessary for a complete application, the local government shall notify the applicant whether the application is complete or what additional information is necessary.

**Sec. 409.** RCW 36.70A.065 and 1994 c 257 s 3 are each amended to read as follows:

Development regulations adopted pursuant to RCW 36.70A.040 shall establish time periods consistent with section 413 of this act for local government actions on specific ~~((development))~~ project permit applications and provide timely and predictable procedures to determine whether a completed ~~((development))~~ project permit application meets the requirements of those development regulations. Such development regulations shall specify the contents of a completed ~~((development))~~ project permit application necessary for the application of such time periods and procedures.

**Sec. 410.** RCW 36.70A.065 and 1994 c 257 s 3 are each amended to read as follows:

Development regulations adopted pursuant to RCW 36.70A.040 shall establish time periods for local government actions on specific ~~((development))~~ project permit applications and provide timely and predictable procedures to

determine whether a completed (~~(development)~~) project permit application meets the requirements of those development regulations. Such development regulations shall specify the contents of a completed (~~(development)~~) project permit application necessary for the application of such time periods and procedures.

NEW SECTION. **Sec. 411.** The amendments to RCW 36.70A.065 contained in section 409 of this act shall expire July 1, 1998.

NEW SECTION. **Sec. 412.** Section 410 of this act shall take effect July 1, 1998.

NEW SECTION. **Sec. 413.** (1) Except as otherwise provided in subsection (2) of this section, a local government planning under RCW 36.70A.040 shall issue its notice of final decision on a project permit application within one hundred twenty days after the local government notifies the applicant that the application is complete, as provided in RCW 36.70A.440 (as recodified by this act). In determining the number of days that have elapsed after the local government has notified the applicant that the application is complete, the following periods shall be excluded:

(a)(i) Any period during which the applicant has been requested by the local government to correct plans, perform required studies, or provide additional required information. The period shall be calculated from the date the local government notifies the applicant of the need for additional information until the earlier of the date the local government determines whether the additional information satisfies the request for information or fourteen days after the date the information has been provided to the local government.

(ii) If the local government determines that the information submitted by the applicant under (a)(i) of this subsection is insufficient, it shall notify the applicant of the deficiencies and the procedures under (a)(i) of this subsection shall apply as if a new request for studies had been made;

(b) Any period during which an environmental impact statement is being prepared following a determination of significance pursuant to chapter 43.21C RCW, if the local government by ordinance or resolution has established time periods for completion of environmental impact statements, or if the local government and the applicant in writing agree to a time period for completion of an environmental impact statement;

(c) Any period for administrative appeals of project permits, if an open record appeal hearing or a closed record appeal, or both, are allowed. The local government by ordinance or resolution shall establish a time period to consider and decide such appeals. The time period shall not exceed: (i) Ninety days for an open record appeal hearing; and (ii) sixty days for a closed record appeal. The parties to an appeal may agree to extend these time periods; and

(d) Any extension of time mutually agreed upon by the applicant and the local government.

(2) The time limits established by subsection (1) of this section do not apply if a project permit application:

(a) Requires an amendment to the comprehensive plan or a development regulation;

(b) Requires approval of a new fully contained community as provided in RCW 36.70A.350, a master planned resort as provided in RCW 36.70A.360, or the siting of an essential public facility as provided in RCW 36.70A.200; or

(c) Is substantially revised by the applicant, in which case the time period shall start from the date at which the revised project application is determined to be complete under RCW 36.70A.440 (as recodified by this act).

(3) If the local government is unable to issue its final decision within the time limits provided for in this section, it shall provide written notice of this fact to the project applicant. The notice shall include a statement of reasons why the time limits have not been met and an estimated date for issuance of the notice of final decision.

(4) This section shall apply to project permit applications filed on or after April 1, 1996.

**NEW SECTION. Sec. 414.** A local government may require the applicant for a project permit to designate a single person or entity to receive determinations and notices required by this chapter.

**NEW SECTION. Sec. 415.** (1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a determination of significance under chapter 43.21C RCW concurrently with the notice of application, the notice of application shall be combined with the determination of significance and scoping notice. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70A.440 (as recodified by this act) and include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70A.440 (as recodified by this act) or section 413 of this act;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the

notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in section 405 of this act; and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and

(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless a public comment period or an open record predecision hearing is required.

(6) A local government shall integrate the permit procedures in this section with environmental review under chapter 43.21C RCW as follows:

(a) Except for a determination of significance, the local government may not issue its threshold determination, or issue a decision or a recommendation on a project permit until the expiration of the public comment period on the notice of application.

(b) If an open record predecision hearing is required and the local government's threshold determination requires public notice under chapter 43.21C RCW, the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.

(c) Comments shall be as specific as possible.

(7) A local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency provided that the hearing is held within the geographic boundary of the local government. Hearings shall be combined if requested by an applicant, as long as the joint hearing can be held within the time periods specified in section 413 of this act or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;

(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and

(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision, combined with any environmental determinations, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations.

**NEW SECTION. Sec. 416.** (1) Each local government planning under RCW 36.70A.040 shall establish a permit review process that provides for the integrated and consolidated review and decision on two or more project permits relating to a proposed project action, including a single application review and approval process covering all project permits requested by an applicant for all or part of a project action and a designated permit coordinator. If an applicant elects the consolidated permit review process, the determination of completeness, notice of application, and notice of final decision must include all project permits being reviewed through the consolidated permit review process.

(2) Consolidated permit review may provide different procedures for different categories of project permits, but if a project action requires project permits from more than one category, the local government shall provide for consolidated permit review with a single open record hearing and no more than one closed record appeal as provided in section 407 of this act. Each local government shall determine which project permits are subject to an open record hearing and a closed record appeal. Examples of categories of project permits include but are not limited to:

(a) Proposals that are categorically exempt from chapter 43.21C RCW, such as construction permits, that do not require environmental review or public notice;

(b) Permits that require environmental review, but no open record predecision hearing; and

(c) Permits that require a threshold determination and an open record predecision hearing and may provide for a closed record appeal to a hearing body or officer or to the local government legislative body.

(3) A local government may provide by ordinance or resolution for the same or a different decision maker or hearing body or officer for different categories of project permits. In the case of consolidated project permit review, the local government shall specify which decision makers shall make the decision or recommendation, conduct the hearing, or decide the appeal to ensure that consolidated permit review occurs as provided in this section. The consolidated permit review may combine an open record predecision hearing on one or more permits with an open record appeal hearing on other permits. In such cases, the local government by ordinance or resolution shall specify which project permits, if any, shall be subject to a closed record appeal.

**NEW SECTION. Sec. 417.** A local government planning under RCW 36.70A.040 shall provide a notice of decision that also includes a statement of any threshold determination made under chapter 43.21C RCW and the procedures for administrative appeal, if any. The notice of decision may be a copy of the report or decision on the project permit application. The notice shall be provided to the applicant and to any person who, prior to the rendering of the decision, requested notice of the decision or submitted substantive comments on the application. The local government shall provide for notice of its decision as provided in section 415(4) of this act.

**NEW SECTION. Sec. 418.** (1) A local government by ordinance or resolution may exclude the following project permits from the provisions of RCW 36.70A.440 (as recodified by this act), 36.70A.065 (as recodified by this act), and sections 407, 413, and 415 through 417 of this act: Landmark designations, street vacations, or other approvals relating to the use of public areas or facilities, or other project permits, whether administrative or quasi-judicial, that the local government by ordinance or resolution has determined present special circumstances that warrant a review process different from that provided in RCW 36.70A.440 (as recodified by this act), 36.70A.065 (as recodified by this act), and sections 407, 413, and 415 through 417 of this act.

(2) A local government by ordinance or resolution also may exclude the following project permits from the provisions of sections 407 and 415 through 417 of this act: Lot line or boundary adjustments and building and other construction permits, or similar administrative approvals, categorically exempt from environmental review under chapter 43.21C RCW, or for which environmental review has been completed in connection with other project permits.

**NEW SECTION. Sec. 419.** A local government not planning under RCW 36.70A.040 may incorporate some or all of the provisions of sections 407, 413, and 415 through 417 of this act and RCW 36.70A.065 and 36.70A.440 (as recodified by this act) into its procedures for review of project permits or other project actions.

**NEW SECTION. Sec. 420.** (1) Each local government is encouraged to adopt further project review provisions to provide prompt, coordinated review and ensure accountability to applicants and the public, including expedited review for project permit applications for projects that are consistent with adopted development regulations and within the capacity of system-wide infrastructure improvements.

(2) Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution.

(3) Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

(4) Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a project permit issued by a local government.

**NEW SECTION. Sec. 421.** A new section is added to chapter 64.40 RCW to read as follows:

A local government is not liable for damages under this chapter due to the local government's failure to make a final decision within the time limits established in section 413 of this act.

ninety days after the application and supporting documentation are complete. The applicant may request an additional thirty days for the threshold determination. The governmental entity responsible for making the threshold determination shall by rule, resolution, or ordinance adopt standards, consistent with rules adopted by the department to implement this chapter, for determining when an application and supporting documentation are complete.

(2) This section shall not apply to a city, town, or county that:

(a) By ordinance adopted prior to April 1, 1992, has adopted procedures to integrate permit and land use decisions with the requirements of this chapter; or

(b) Is planning under RCW 36.70A.040 and is subject to the requirements of section 413 of this act.

Every decision or recommendation made under this section shall be in writing and shall include findings of fact and conclusions to support the decision or recommendation.

A record of all public meetings and public hearings shall be kept by the appropriate city, town or county authority and shall be open to public inspection.

Sole authority to approve final plats, and to adopt or amend platting ordinances shall reside in the legislative bodies.

**Sec. 429.** RCW 58.17.330 and 1994 c 257 s 6 are each amended to read as follows:

(1) As an alternative to those provisions of this chapter requiring a planning commission to hear and issue recommendations for plat approval, the county or city legislative body may adopt a hearing examiner system and shall specify by ordinance the legal effect of the decisions made by the examiner. ~~((Except as provided in subsection (2) of this section,))~~ The legal effect of such decisions shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative body;

(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body; or

(c) The decision may be given the effect of a final decision of the legislative body.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

~~(2) ((The legislative body shall specify the legal effect of a hearing examiner's procedural determination under the state environmental policy act, as defined in RCW 43.21C.075(3)(a). It may have the effect under subsection (1) (a) or (b) of this section, or may be given the effect of a final decision of the legislative body.~~

~~(3))~~ Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Each final decision of a hearing examiner, unless a longer period is mutually agreed to by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings.

NEW SECTION. Sec. 430. The department of community, trade, and economic development shall provide training and technical assistance to counties and cities to assist them in fulfilling the requirements of chapter 36.— RCW (the new chapter created in section 431 of this act).

NEW SECTION. Sec. 431. Sections 401, 402, 404 through 407, 413 through 420, and 502 through 506 of this act shall constitute a new chapter in Title 36 RCW.

NEW SECTION. Sec. 432. RCW 36.70A.065 and 36.70A.440 are recodified as sections within the new chapter created in section 431 of this act.

NEW SECTION. Sec. 433. Sections 413 and 421 of this act shall expire June 30, 1998. The provisions of sections 413 and 421 of this act shall apply to project permit applications determined to be complete pursuant to RCW 36.70A.440 (as recodified by this act) on or before June 30, 1998.

**PART V - DEVELOPMENT AGREEMENTS**

**NEW SECTION. Sec. 501.** The legislature finds that the lack of certainty in the approval of development projects can result in a waste of public and private resources, escalate housing costs for consumers and discourage the commitment to comprehensive planning which would make maximum efficient use of resources at the least economic cost to the public. Assurance to a development project applicant that upon government approval the project may proceed in accordance with existing policies and regulations, and subject to conditions of approval, all as set forth in a development agreement, will strengthen the public planning process, encourage private participation and comprehensive planning, and reduce the economic costs of development. Further, the lack of public facilities and services is a serious impediment to development of new housing and commercial uses. Project applicants and local governments may include provisions and agreements whereby applicants are reimbursed over time for financing public facilities. It is the intent of the legislature by sections 502 through 506 of this act to allow local governments and owners and developers of real property to enter into development agreements.

**NEW SECTION. Sec. 502.** (1) A local government may enter into a development agreement with a person having ownership or control of real property within its jurisdiction. A city may enter into a development agreement for real property outside its boundaries as part of a proposed annexation or a service agreement. A development agreement must set forth the development standards and other provisions that shall apply to and govern and vest the development, use, and mitigation of the development of the real property for the duration specified in the agreement. A development agreement shall be consistent with applicable development regulations adopted by a local government planning under chapter 36.70A RCW.

(2) Sections 501 through 504 of this act do not affect the validity of a contract rezone, concomitant agreement, annexation agreement, or other agreement in existence on the effective date of sections 501 through 504 of this act, or adopted under separate authority, that includes some or all of the development standards provided in subsection (3) of this section.

(3) For the purposes of this section, "development standards" includes, but is not limited to:

(a) Project elements such as permitted uses, residential densities, and nonresidential densities and intensities or building sizes;

(b) The amount and payment of impact fees imposed or agreed to in accordance with any applicable provisions of state law, any reimbursement provisions, other financial contributions by the property owner, inspection fees, or dedications;

(c) Mitigation measures, development conditions, and other requirements under chapter 43.21C RCW;

- (d) Design standards such as maximum heights, setbacks, drainage and water quality requirements, landscaping, and other development features;
- (e) Affordable housing;
- (f) Parks and open space preservation;
- (g) Phasing;
- (h) Review procedures and standards for implementing decisions;
- (i) A build-out or vesting period for applicable standards; and
- (j) Any other appropriate development requirement or procedure.

(4) The execution of a development agreement is a proper exercise of county and city police power and contract authority. A development agreement may obligate a party to fund or provide services, infrastructure, or other facilities. A development agreement shall reserve authority to impose new or different regulations to the extent required by a serious threat to public health and safety.

**NEW SECTION. Sec. 503.** Unless amended or terminated, a development agreement is enforceable during its term by a party to the agreement. A development agreement and the development standards in the agreement govern during the term of the agreement, or for all or that part of the build-out period specified in the agreement, and may not be subject to an amendment to a zoning ordinance or development standard or regulation or a new zoning ordinance or development standard or regulation adopted after the effective date of the agreement. A permit or approval issued by the county or city after the execution of the development agreement must be consistent with the development agreement.

**NEW SECTION. Sec. 504.** A development agreement shall be recorded with the real property records of the county in which the property is located. During the term of the development agreement, the agreement is binding on the parties and their successors, including a city that assumes jurisdiction through incorporation or annexation of the area covering the property covered by the development agreement.

**NEW SECTION. Sec. 505.** A county or city shall only approve a development agreement by ordinance or resolution after a public hearing. The county or city legislative body or a planning commission, hearing examiner, or other body designated by the legislative body to conduct the public hearing may conduct the hearing. If the development agreement relates to a project permit application, the provisions of chapter 36.— RCW (sections 701 through 715 of this act) shall apply to the appeal of the decision on the development agreement.

**NEW SECTION. Sec. 506.** Nothing in sections 501 through 505 of this act is intended to authorize local governments to impose impact fees, inspection fees, or dedications or to require any other financial contributions or mitigation measures except as expressly authorized by other applicable provisions of state law.

**PART VI - STATE PERMIT COORDINATION**

**NEW SECTION.** Sec. 601. The legislature hereby finds and declares:

(1) Washington's environmental protection programs have established strict standards to reduce pollution and protect the public health and safety and the environment. The single-purpose programs instituted to achieve these standards have been successful in many respects, and have produced significant gains in protecting Washington's environment in the face of substantial population growth.

(2) Continued progress to achieve the environmental standards in the face of continued population growth will require greater coordination between the single-purpose environmental programs and more efficient operation of these programs overall. Pollution must be prevented and controlled and not simply transferred to another media or another place. This goal can only be achieved by maintaining the current environmental protection standards and by greater integration of the existing programs.

(3) As the number of environmental laws and regulations have grown in Washington, so have the number of permits required of business and government. This regulatory burden has significantly added to the cost and time needed to obtain essential permits in Washington. The increasing number of individual permits and permit authorities has generated the continuing potential for conflict, overlap, and duplication between the various state, local, and federal permits.

(4) The purpose of this chapter is to institute new, efficient procedures that will assist businesses and public agencies in complying with the environmental quality laws in an expedited fashion, without reducing protection of public health and safety and the environment.

(5) Those procedures need to provide a permit process that promotes effective dialogue and ensures ease in the transfer and clarification of technical information, while preventing duplication. It is necessary that the procedures establish a process for preliminary and ongoing meetings between the applicant, the coordinating permit agency, and the participating permit agencies, but do not preclude the applicant or participating permit agencies from individually coordinating with each other.

(6) It is necessary, to the maximum extent practicable, that the procedures established in this chapter ensure that the coordinated permit agency process and applicable permit requirements and criteria are integrated and run concurrently, rather than consecutively.

(7) It is necessary to provide a reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that apply to any given proposal.

(8) It is the intent of this chapter to provide an optional process by which a project proponent may obtain active coordination of all applicable regulatory and land-use permitting procedures. This process is not to replace individual laws, or diminish the substantive decision-making role of individual jurisdictions.

Rather it is to provide predictability, administrative consolidation, and, where possible, consolidation of appeal processes.

(9) It is also the intent of this chapter to provide consolidated, effective, and easier opportunities for members of the public to receive information and present their views about proposed projects.

**NEW SECTION.** Sec. 602. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Center" means the permit assistance center established in the commission by section 603 of this act.

(2) "Coordinating permit agency" means the permit agency that has the greatest overall jurisdiction over a project.

(3) "Department" means the department of ecology.

(4) "Participating permit agency" means a permit agency, other than the coordinating permit agency, that is responsible for the issuance of a permit for a project.

(5) "Permit" means any license, certificate, registration, permit, or other form of authorization required by a permit agency to engage in a particular activity.

(6) "Permit agency" means:

(a) The department of ecology, an air pollution control authority, the department of natural resources, the department of fish and wildlife, and the department of health; and

(b) Any other state or federal agency or county, city, or town that participates at the request of the permit applicant and upon the agency's agreement to be subject to this chapter.

(7) "Project" means an activity, the conduct of which requires permits from one or more permit agencies.

**NEW SECTION.** Sec. 603. The permit assistance center is established within the department. The center shall:

(1) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. The center shall coordinate with the business assistance center in providing and maintaining this information to applicants and others. To the extent possible, the handbook shall include relevant federal and tribal laws. A state agency or local government shall provide a reasonable number of copies of application forms, statutes, ordinances, rules, handbooks, and other informational material requested by the center and shall otherwise fully cooperate with the center. The center shall seek the cooperation of relevant federal agencies and tribal governments;

(2) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;

(3) Work closely and cooperatively with the business license center and the business assistance center in providing efficient and nonduplicative service to the public;

(4) Seek the assignment of employees from the permit agencies listed under section 602(6)(a) of this act to serve on a rotating basis in staffing the center; and

(5) Provide an annual report to the legislature on potential conflicts and perceived inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing committees of the house of representatives and senate by December 1, 1996.

**NEW SECTION.** Sec. 604. (1) Not later than January 1, 1996, the center shall establish by rule an administrative process for the designation of a coordinating permit agency for a project.

(2) The administrative process shall consist of the establishment of guidelines for designating the coordinating permit agency for a project. If a permit agency is the lead agency for purposes of chapter 43.21C RCW, that permit agency shall be the coordinating permit agency. In other cases, the guidelines shall require that at least the following factors be considered in determining which permit agency has the greatest overall jurisdiction over the project:

(a) The types of facilities or activities that make up the project;

(b) The types of public health and safety and environmental concerns that should be considered in issuing permits for the project;

(c) The environmental medium that may be affected by the project, the extent of those potential effects, and the environmental protection measures that may be taken to prevent the occurrence of, or to mitigate, those potential effects;

(d) The regulatory activity that is of greatest importance in preventing or mitigating the effects that the project may have on public health and safety or the environment; and

(e) The statutory and regulatory requirements that apply to the project and the complexity of those requirements.

**NEW SECTION.** Sec. 605. Upon the request of a project applicant, the center shall appoint a project facilitator to assist the applicant in determining which regulatory requirements, processes, and permits may be required for development and operation of the proposed project. The project facilitator shall provide the information to the applicant and explain the options available to the applicant in obtaining the required permits. If the applicant requests, the center shall designate a coordinating permit agency as provided in section 606 of this act.

**NEW SECTION.** Sec. 606. (1) A permit applicant who requests the designation of a coordinating permit agency shall provide the center with a description of the project, a preliminary list of the permits that the project may require, the identity of any public agency that has been designated the lead agency for the project pursuant to chapter 43.21C RCW, and the identity of the participating permit agencies. The center may request any information from the permit applicant that is necessary to make the designation under this section, and

may convene a scoping meeting of the likely coordinating permit agency and participating permit agencies in order to make that designation.

(2) The coordinating permit agency shall serve as the main point of contact for the permit applicant with regard to the coordinated permit process for the project and shall manage the procedural aspects of that processing consistent with existing laws governing the coordinating permit agency and participating permit agencies, and with the procedures agreed to by those agencies in accordance with section 607 of this act. In carrying out these responsibilities, the coordinating permit agency shall ensure that the permit applicant has all the information needed to apply for all the component permits that are incorporated in the coordinated permit process for the project, coordinate the review of those permits by the respective participating permit agencies, ensure that timely permit decisions are made by the participating permit agencies, and assist in resolving any conflict or inconsistency among the permit requirements and conditions that are to be imposed by the participating permit agencies with regard to the project. The coordinating permit agency shall keep in contact with the applicant as well as other permit agencies in order to assure that the process is progressing as scheduled. The coordinating permit agency shall also make contact, at least once, with any local jurisdiction that is responsible for issuing a permit for the project if the local jurisdiction has not agreed to be a participating permit agency as provided in section 602(6) of this act.

(3) This chapter shall not be construed to limit or abridge the powers and duties granted to a participating permit agency under the law that authorizes or requires the agency to issue a permit for a project. Each participating permit agency shall retain its authority to make all decisions on all nonprocedural matters with regard to the respective component permit that is within its scope of its responsibility, including, but not limited to, the determination of permit application completeness, permit approval or approval with conditions, or permit denial. The coordinating permit agency may not substitute its judgment for that of a participating permit agency on any such nonprocedural matters.

**NEW SECTION. Sec. 607.** (1) Within twenty-one days of the date that the coordinating permit agency is designated, it shall convene a meeting with the permit applicant for the project and the participating permit agencies. The meeting agenda shall include at least all of the following matters:

- (a) A determination of the permits that are required for the project;
- (b) A review of the permit application forms and other application requirements of the agencies that are participating in the coordinated permit process;
- (c)(i) A determination of the timelines that will be used by the coordinating permit agency and each participating permit agency to make permit decisions, including the time periods required to determine if the permit applications are complete, to review the application or applications, and to process the component permits. In the development of this timeline, full attention shall be given to achieving the maximum efficiencies possible through concurrent studies,

consolidated applications, hearings, and comment periods. Except as provided in (c)(ii) of this subsection, the timelines established under this subsection, with the assent of the coordinating permit agency and each participating permit agency, shall commit the coordinating permit agency and each participating permit agency to act on the component permit within time periods that are different than those required by other applicable provisions of law.

(ii) An accelerated time period for the consideration of a permit application may not be set if that accelerated time period would be inconsistent with, or in conflict with, any time period or series of time periods set by statute for that consideration, or with any statute, rule, or regulation, or adopted state policy, standard, or guideline that requires any of the following:

(A) Other agencies, interested persons, federally recognized Indian tribes, or the public to be given adequate notice of the application;

(B) Other agencies to be given a role in, or be allowed to participate in, the decision to approve or disapprove the application; or

(C) Interested persons or the public to be provided the opportunity to challenge, comment on, or otherwise voice their concerns regarding the application;

(d) The scheduling of any public hearings that are required to issue permits for the project and a determination of the feasibility of coordinating or consolidating any of those required public hearings; and

(e) A discussion of fee arrangements for the coordinated permit process, including an estimate of the costs allowed under section 610 of this act and the billing schedule.

(2) Each agency shall send at least one representative qualified to make decisions concerning the applicability and timelines associated with all permits administered by that jurisdiction. At the request of the applicant, the coordinating permit agency shall notify any relevant federal agency or federally recognized tribe of the date of the meeting and invite that agency's participation in the process.

(3) If a permit agency or the applicant foresees, at any time, that it will be unable to meet its obligations under the agreement, it shall notify the coordinating permit agency of the problem. The coordinating permit agency shall notify the participating permit agencies and the applicant and, upon agreement of all parties, adjust the schedule, or, if necessary, schedule another work plan meeting.

(4) The coordinating permit agency may request any information from the applicant that is necessary to comply with its obligations under this section, consistent with the timelines set pursuant to this section.

(5) A summary of the decisions made under this section shall be made available for public review upon the filing of the coordinated permit process application or permit applications.

**NEW SECTION.** Sec. 608. (1) The permit applicant may withdraw from the coordinated permit process by submitting to the coordinating permit agency a written request that the process be terminated. Upon receipt of the request, the

coordinating permit agency shall notify the center and each participating permit agency that a coordinated permit process is no longer applicable to the project.

(2) The permit applicant may submit a written request to the coordinating permit agency that the permit applicant wishes a participating permit agency to withdraw from participation on the basis of a reasonable belief that the issuance of the coordinated permit process would be accelerated if the participating permit agency withdraws. In that event, the participating permit agency shall withdraw from participation if the coordinating permit agency approves the request.

**NEW SECTION. Sec. 609.** The coordinating permit agency shall ensure that the participating permit agencies make all the permit decisions that are necessary for the incorporation of the permits into the coordinated permit process and act on the component permits within the time periods established pursuant to section 607 of this act.

**NEW SECTION. Sec. 610.** (1) The coordinating permit agency may enter into a written agreement with the applicant to recover from the applicant the reasonable costs incurred by the coordinating permit agency in carrying out the requirements of this chapter.

(2) The coordinating permit agency may recover only the costs of performing those coordinated permit services and shall be negotiated with the permit applicant in the meeting required pursuant to section 607 of this act. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

**NEW SECTION. Sec. 611.** A petition by the permit applicant for review of an agency action in issuing, denying, or amending a permit, or any portion of a coordinating permit agency permit, shall be submitted by the permit applicant to the coordinating permit agency or the participating permit agency having jurisdiction over that permit and shall be processed in accordance with the procedures of that permit agency. Within thirty days of receiving the petition, the coordinating permit agency shall notify the other environmental agencies participating in the original coordinated permit process.

**NEW SECTION. Sec. 612.** If an applicant petitions for a significant amendment or modification to a coordinated permit process application or any of its component permit applications, the coordinating permit agency shall reconvene a meeting of the participating permit agencies, conducted in accordance with section 607 of this act.

**NEW SECTION. Sec. 613.** If an applicant fails to provide information required for the processing of the component permit applications for a coordinated permit process or for the designation of a coordinating permit agency, the time requirements of this chapter shall be held in abeyance until such time as the information is provided.

**NEW SECTION. Sec. 614.** (1) The center, by rule, shall establish an expedited appeals process by which a petitioner or applicant may appeal any

failure by a permit agency to take timely action on the issuance or denial of a permit in accordance with the time limits established under this chapter.

(2) If the center finds that the time limits under appeal have been violated without good cause, it shall establish a date certain by which the permit agency shall act on the permit application with adequate provision for the requirements of section 607(1)(c)(ii) (A) through (C) of this act, and provide for the full reimbursement of any filing or permit processing fees paid by the applicant to the permit agency for the permit application under appeal.

**NEW SECTION.** Sec. 615. Nothing in this chapter affects the jurisdiction of the energy facility site evaluation council as provided in chapter 80.50 RCW.

**NEW SECTION.** Sec. 616. By December 1, 1997, the center shall submit a report to the appropriate committees of both houses of the legislature detailing the following information:

(1) The number of instances in which a coordinating permit agency has been requested and used, and the disposition of those cases;

(2) The amount of time elapsed between an initial request by a permit applicant for a coordinated permit process and the ultimate approval or disapproval of the permits included in the process; and

(3) The number of instances in which the expedited appeals process was requested, and the disposition of those cases.

**NEW SECTION.** Sec. 617. A new section is added to chapter 43.131 RCW to read as follows:

The permit assistance center and its powers and duties shall be terminated June 30, 1999, as provided in section 618 of this act.

**NEW SECTION.** Sec. 618. A new section is added to chapter 43.131 RCW to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2000:

**NEW SECTION. Sec. 620.** Sections 601 through 616 of this act shall constitute a new chapter in Title 90 RCW.

## PART VII - APPEALS

**NEW SECTION. Sec. 701.** This chapter may be known and cited as the land use petition act.

**NEW SECTION. Sec. 702.** The purpose of this chapter is to reform the process for judicial review of land use decisions made by local jurisdictions, by establishing uniform, expedited appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely judicial review.

**NEW SECTION. Sec. 703.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Land use decision" means a final determination by a local jurisdiction's body or officer with the highest level of authority to make the determination, including those with authority to hear appeals, on:

(a) An application for a project permit or other governmental approval required by law before real property may be improved, developed, modified, sold, transferred, or used, but excluding applications for permits or approvals to use, vacate, or transfer streets, parks, and similar types of public property; excluding applications for legislative approvals such as area-wide rezones and annexations; and excluding applications for business licenses;

(b) An interpretative or declaratory decision regarding the application to a specific property of zoning or other ordinances or rules regulating the improvement, development, modification, maintenance, or use of real property; and

(c) The enforcement by a local jurisdiction of ordinances regulating the improvement, development, modification, maintenance, or use of real property. However, when a local jurisdiction is required by law to enforce the ordinances in a court of limited jurisdiction, a petition may not be brought under this chapter.

(2) "Local jurisdiction" means a county, city, or incorporated town.

(3) "Person" means an individual, partnership, corporation, association, public or private organization, or governmental entity or agency.

**NEW SECTION. Sec. 704.** (1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:

(a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

**NEW SECTION. Sec. 705.** (1) Proceedings for review under this chapter shall be commenced by filing a land use petition in superior court.

(2) A land use petition is barred, and the court may not grant review, unless the petition is timely filed with the court and timely served on the following persons who shall be parties to the review of the land use petition:

(a) The local jurisdiction, which for purposes of the petition shall be the jurisdiction's corporate entity and not an individual decision maker or department;

(b) Each of the following persons if the person is not the petitioner:

(i) Each person identified by name and address in the local jurisdiction's written decision as an applicant for the permit or approval at issue; and

(ii) Each person identified by name and address in the local jurisdiction's written decision as an owner of the property at issue;

(c) If no person is identified in a written decision as provided in (b) of this subsection, each person identified by name and address as a taxpayer for the property at issue in the records of the county assessor, based upon the description of the property in the application; and

(d) Each person named in the written decision who filed an appeal to a local jurisdiction quasi-judicial decision maker regarding the land use decision at issue, unless the person has abandoned the appeal or the person's claims were dismissed before the quasi-judicial decision was rendered. Persons who later intervened or joined in the appeal are not required to be made parties under this subsection.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance of the land use decision.

(4) For the purposes of this section, the date on which a land use decision is issued is:

(a) Three days after a written decision is mailed by the local jurisdiction or, if not mailed, the date on which the local jurisdiction provides notice that a written decision is publicly available;

(b) If the land use decision is made by ordinance or resolution by a legislative body sitting in a quasi-judicial capacity, the date the body passes the ordinance or resolution; or

(c) If neither (a) nor (b) of this subsection applies, the date the decision is entered into the public record.

(5) Service on the local jurisdiction must be by delivery of a copy of the petition to the persons identified by or pursuant to RCW 4.28.080 to receive service of process. Service on other parties must be in accordance with the superior court civil rules or by first class mail to:

(a) The address stated in the written decision of the local jurisdiction for each person made a party under subsection (2)(b) of this section;

(b) The address stated in the records of the county assessor for each person made a party under subsection (2)(c) of this section; and

(c) The address stated in the appeal to the quasi-judicial decision maker for each person made a party under subsection (2)(d) of this section.

(6) Service by mail is effective on the date of mailing and proof of service shall be by affidavit or declaration under penalty of perjury.

**NEW SECTION. Sec. 706.** If the applicant for the land use approval is not the owner of the real property at issue, and if the owner is not accurately identified in the records referred to in section 705(2) (b) and (c) of this act, the applicant shall be responsible for promptly securing the joinder of the owners. In addition, within fourteen days after service each party initially named by the petitioner shall disclose to the other parties the name and address of any person whom such party knows may be needed for just adjudication of the petition, and the petitioner shall promptly name and serve any such person whom the petitioner agrees may be needed for just adjudication. If such a person is named and served before the initial hearing, leave of court for the joinder is not required, and the petitioner shall provide the newly joined party with copies of the pleadings filed before the party's joinder. Failure by the petitioner to name or serve, within the time required by section 705(3) of this act, persons who are needed for just adjudication but who are not identified in the records referred to in section 705(2)(b) of this act, or in section 705(2)(c) of this act if applicable, shall not deprive the court of jurisdiction to hear the land use petition.

**NEW SECTION. Sec. 707.** Standing to bring a land use petition under this chapter is limited to the following persons:

(1) The applicant and the owner of property to which the land use decision is directed;

(2) Another person aggrieved or adversely affected by the land use decision, or who would be aggrieved or adversely affected by a reversal or modification of the land use decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The land use decision has prejudiced or is likely to prejudice that person;

(b) That person's asserted interests are among those that the local jurisdiction was required to consider when it made the land use decision;

(c) A judgment in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the land use decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law.

**NEW SECTION. Sec. 708.** A land use petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner's attorney, if any;

(3) The name and mailing address of the local jurisdiction whose land use decision is at issue;

(4) Identification of the decision-making body or officer, together with a duplicate copy of the decision, or, if not a written decision, a summary or brief description of it;

(5) Identification of each person to be made a party under section 705(2) (b) through (d) of this act;

(6) Facts demonstrating that the petitioner has standing to seek judicial review under section 707 of this act;

(7) A separate and concise statement of each error alleged to have been committed;

(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and

(9) A request for relief, specifying the type and extent of relief requested.

**NEW SECTION. Sec. 709.** (1) Within seven days after the petition is served on the parties identified in section 705(2) of this act, the petitioner shall note, according to the local rules of superior court, an initial hearing on jurisdictional and preliminary matters. This initial hearing shall be set no sooner than thirty-five days and no later than fifty days after the petition is served on the parties identified in section 705(2) of this act.

(2) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner. Where confirmation of motions is required, each party shall be responsible for confirming its own motions.

(3) The defenses of lack of standing, untimely filing or service of the petition, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the court allows discovery on such issues.

(4) The petitioner shall move the court for an order at the initial hearing that sets the date on which the record must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and sets a date for the hearing or trial on the merits.

(5) The parties may waive the initial hearing by scheduling with the court a date for the hearing or trial on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (3) and (4) of this section.

(6) A party need not file an answer to the petition.

**NEW SECTION. Sec. 710.** The court shall provide expedited review of petitions filed under this chapter. The matter must be set for hearing within sixty days of the date set for submitting the local jurisdiction's record, absent a showing of good cause for a different date or a stipulation of the parties.

**NEW SECTION. Sec. 711.** (1) A petitioner or other party may request the court to stay or suspend an action by the local jurisdiction or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) A court may grant a stay only if the court finds that:

(a) The party requesting the stay is likely to prevail on the merits;

(b) Without the stay the party requesting it will suffer irreparable harm;

(c) The grant of a stay will not substantially harm other parties to the proceedings; and

(d) The request for the stay is timely in light of the circumstances of the case.

(3) The court may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

**NEW SECTION. Sec. 712.** (1) Within forty-five days after entry of an order to submit the record, or within such a further time as the court allows or as the parties agree, the local jurisdiction shall submit to the court a certified copy of the record for judicial review of the land use decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the court, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the court.

(3) The petitioner shall pay the local jurisdiction the cost of preparing the record before the local jurisdiction submits the record to the court. Failure by the petitioner to timely pay the local jurisdiction relieves the local jurisdiction of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the court shall equitably assess the cost of preparing the record among the parties. In assessing costs the court shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

**NEW SECTION. Sec. 713.** (1) When the land use decision being reviewed was made by a quasi-judicial body or officer who made factual determinations in support of the decision and the parties to the quasi-judicial proceeding had an opportunity consistent with due process to make a record on the factual issues, judicial review of factual issues and the conclusions drawn from the factual issues shall be confined to the record created by the quasi-judicial body or officer, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the record may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the land use decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to the quasi-judicial proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the land use decision.

(3) For land use decisions other than those described in subsection (1) of this section, the record for judicial review may be supplemented by evidence of material facts that were not made part of the local jurisdiction's record.

(4) The court may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5) The parties may not conduct pretrial discovery except with the prior permission of the court, which may be sought by motion at any time after service of the petition. The court shall not grant permission unless the party requesting it makes a prima facie showing of need. The court shall strictly limit discovery to what is necessary for equitable and timely review of the issues that are raised under subsections (2) and (3) of this section. If the court allows the record to be supplemented, the court shall require the parties to disclose before the hearing or trial on the merits the specific evidence they intend to offer. If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties and the court shall take such request into account in fashioning an equitable discovery order under this section.

**NEW SECTION. Sec. 714.** (1) The superior court, acting without a jury, shall review the record and such supplemental evidence as is permitted under section 713 of this act. The court may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the land use decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The land use decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by a local jurisdiction with expertise;

(c) The land use decision is not supported by evidence that is substantial when viewed in light of the whole record before the court;

(d) The land use decision is a clearly erroneous application of the law to the facts;

(e) The land use decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The land use decision violates the constitutional rights of the party seeking relief.

(2) In order to grant relief under this chapter, it is not necessary for the court to find that the local jurisdiction engaged in arbitrary and capricious conduct. A grant of relief by itself may not be deemed to establish liability for monetary damages or compensation.

**NEW SECTION. Sec. 715.** The court may affirm or reverse the land use decision under review or remand it for modification or further proceedings. If the decision is remanded for modification or further proceedings, the court may

make such an order as it finds necessary to preserve the interests of the parties and the public, pending further proceedings or action by the local jurisdiction.

**Sec. 716.** RCW 7.16.360 and 1989 c 175 s 38 are each amended to read as follows:

This chapter does not apply to state agency action reviewable under chapter 34.05 P.C., or to land use decisions of local jurisdictions reviewable under chapter 36.— RCW (sections 701 through 715 of this act).

**Sec. 717.** RCW 58.17.180 and 1983 c 121 s 5 are each amended to read as follows:

Any decision approving or disapproving any plat shall be reviewable (~~for unlawful, arbitrary, capricious or corrupt action or nonaction by writ of review before the superior court of the county in which such matter is pending. Standing to bring the action is limited to the following parties:~~

~~(1) The applicant or owner of the property on which the subdivision is proposed;~~

~~(2) Any property owner entitled to special notice under RCW 58.17.090;~~

~~(3) Any property owner who deems himself aggrieved thereby and who will suffer direct and substantial impacts from the proposed subdivision.~~

~~Application for a writ of review shall be made to the court within thirty days from any decision so to be reviewed. The cost of transcription of all records ordered certified by the court for such review shall be borne by the appellant)) under chapter 36.— RCW (sections 701 through 715 of this act).~~

**NEW SECTION. Sec. 718.** A new section is added to chapter 4.84 RCW to read as follows:

(1) Notwithstanding any other provisions of this chapter, reasonable attorneys' fees and costs shall be awarded to the prevailing party or substantially prevailing party on appeal before the court of appeals or the supreme court of a decision by a county, city, or town to issue, condition, or deny a development permit involving a site-specific rezone, zoning, plat, conditional use, variance, shoreline permit, building permit, site plan, or similar land use approval or decision. The court shall award and determine the amount of reasonable attorneys' fees and costs under this section if:

(a) The prevailing party on appeal was the prevailing or substantially prevailing party before the county, city, or town, or in a decision involving a substantial development permit under chapter 90.58 RCW, the prevailing party on appeal was the prevailing party or the substantially prevailing party before the shoreline hearings board; and

(b) The prevailing party on appeal was the prevailing party or substantially prevailing party in all prior judicial proceedings.

(2) In addition to the prevailing party under subsection (1) of this section, the county, city, or town whose decision is on appeal is considered a prevailing party if its decision is upheld at superior court and on appeal.

NEW SECTION. **Sec. 719.** Sections 701 through 715 of this act shall constitute a new chapter in Title 36 RCW.

#### **PART VIII - STUDY**

NEW SECTION. **Sec. 801.** The land use study commission is hereby established. The commission's goal shall be the integration and consolidation of the state's land use and environmental laws into a single, manageable statute. In fulfilling its responsibilities, the commission shall evaluate the effectiveness of the growth management act, the state environmental policy act, the shoreline management act, and other state land use, planning, environmental, and permitting statutes in achieving their stated goals.

NEW SECTION. **Sec. 802.** The commission shall consist of not more than fourteen members. Eleven members of the commission shall be appointed by the governor. Membership shall reflect the interests of business, agriculture, labor, the environment, neighborhood groups, other citizens, the legislature, cities, counties, and federally recognized Indian tribes. Members shall have substantial experience in matters relating to land use and environmental planning and regulation, and shall have the ability to work toward cooperative solutions among diverse interests. The director of the department of community, trade, and economic development, or the director's designee, shall be a member and shall serve as chair of the commission. The director of the department of ecology, or the director's designee, and the secretary of the department of transportation, or the secretary's designee, shall also be members of the commission. Staff for the commission shall be provided by the department of community, trade, and economic development, with additional staff to be provided by other state agencies and the legislature, as may be required. State agencies shall provide the commission with information and assistance as needed.

NEW SECTION. **Sec. 803.** The commission shall convene commencing June 1, 1995, and shall complete its work by June 30, 1998. The commission shall submit a report to the governor and the legislature stating its findings, conclusions, and recommendations not later than November 1 of each year. The commission shall submit its final report to the governor and the legislature not later than November 1, 1997.

NEW SECTION. **Sec. 804.** The commission shall:

(1) Consider the effectiveness of state and local government efforts to consolidate and integrate the growth management act, the state environmental policy act, the shoreline management act, and other land use, planning, environmental, and permitting laws.

(2) Identify the revisions and modifications needed in state land use, planning, and environmental law and practice to adequately plan for growth and achieve economically and environmentally sustainable development, to adequately assess environmental impacts of comprehensive plans, development

regulations, and growth, and to reduce the time and cost of obtaining project permits.

(3) Draft a consolidated land use procedure, following these guidelines:

(a) Conduct land use planning through the comprehensive planning process under chapter 36.70A RCW rather than through review of individual projects;

(b) Involve diverse sectors of the public in the planning process. Early and informal environmental analysis should be incorporated into planning and decision making;

(c) Recognize that different questions need to be answered and different levels of detail applied at each planning phase, from the initial development of plan concepts or plan elements to implementation programs;

(d) Integrate and combine to the fullest extent possible the processes, analysis, and documents currently required under chapters 36.70A and 43.21C RCW, so that subsequent plan decisions and subsequent implementation will incorporate measures to promote the environmental, economic, and other goals and to mitigate undesirable or unintended adverse impacts on a community's quality of life;

(e) Focus environmental review and the level of detail needed for different stages of plan and project decisions on the environmental considerations most relevant to that stage of the process;

(f) Avoid duplicating review that has occurred for plan decisions when specific projects are proposed;

(g) Use environmental review on projects to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by agencies, tribes, and the public on compliance with applicable environmental laws and plans, including mitigation for site specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures;

(h) Maintain or improve the quality of environmental analysis both for plan and for project decisions, while integrating these analyses with improved state and local planning and permitting processes;

(i) Examine existing land use and environmental permits for necessity and utility. To the extent possible, existing permits should be combined into fewer permits, assuring that the values and principles intended to be protected by those permits remain protected; and.

(j) Consolidate local government appeal processes to allow a single appeal of permits at local government levels, a single state level administrative appeal, and a final judicial appeal.

(4) Monitor instances state-wide of the vesting of project permit applications during the period that an appeal is pending before a growth management hearings board, as authorized under RCW 36.70A.300. The commission shall also review the extent to which such vesting results in the approval of projects that are

inconsistent with a comprehensive plan or development regulation provision ultimately found to be in compliance with a board's order or remand. The commission shall analyze the impact of such approvals on ensuring the attainment of the goals and policies of chapter 36.70A RCW, and make recommendations to the governor and the legislature on statutory changes to address any adverse impacts from the provisions of RCW 36.70A.300. The commission shall provide an initial report on its findings and recommendations by November 1, 1995, and submit its further findings and recommendations subsequently in the reports required under section 803 of this act.

(5) Monitor local government consolidated permit procedures and the effectiveness of the timelines established by section 413 of this act. The commission shall include in its report submitted to the governor and the legislature on November 1, 1997, its recommendation about what timelines, if any, should be imposed on the local government consolidated permit process required by chapter 36.— RCW (the new chapter created in section 431 of this act).

(6) Evaluate funding mechanisms that will enable local governments to pay for and recover the costs of conducting integrated planning and environmental analysis. The commission shall include its conclusions in its first report to the legislature on November 1, 1995, and include any recommended statutory changes.

(7) Study, in cooperation with the state board for registration of professional engineers and the state building code council, ways in which state agencies and local governments could authorize professionals with appropriate qualifications to certify a project's compliance with certain state and local land use and environmental requirements. The commission shall report to the legislature on measures necessary to implement such a system of professional certification.

These guidelines are intended to guide the work of the commission, without limiting its charge to integrate and consolidate Washington's land use and environmental laws into a single, manageable statutory framework.

**NEW SECTION. Sec. 805.** Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

**NEW SECTION. Sec. 806.** Sections 801 through 805 of this act shall expire June 30, 1998.

#### **PART IX - MISCELLANEOUS**

**NEW SECTION. Sec. 901.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 902.** Part headings and the table of contents as used in this act do not constitute any part of the law.

**\*NEW SECTION.** *Sec. 903. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act shall be null and void.*

*\*Sec. 903 was vetoed. See message at end of chapter.*

**NEW SECTION.** *Sec. 904. Sections 801 through 806 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1995.*

Passed the House April 23, 1995.

Passed the Senate April 11, 1995.

Approved by the Governor May 15, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 15, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 103, 302, and 903, Engrossed Substitute House Bill No. 1724 entitled:

"AN ACT Relating to implementing the recommendations of the governor's task force on regulatory reform on integrating growth management planning and environmental review;"

This is a landmark piece of legislation. The result of eighteen months of work by the Governor's Task Force on Regulatory Reform, it represents a remarkable consensus of business, environmental, labor, neighborhood, and governmental interests. This measure is an example of real regulatory reform. It provides for consolidated and streamlined procedures, encourages more efficient use of both private and public resources, provides for better planning which leads to greater certainty, and maintains and enhances the quality of life in our state.

Sections 103 and 302 amend RCW 36.70A.030 and 90.58.030 respectively. These same sections are amended by Engrossed Senate Bill No. 5776. The amendments to these sections in the Senate bill are identical to the amendments included in Engrossed Substitute House Bill No. 1724, with the exception that Engrossed Senate Bill No. 5776 includes an exemption for inadvertent wetlands created as a result of road construction. The language included in Engrossed Senate Bill No. 5776 is preferable to and fully effectuates the changes included in sections 103 and 302 of Engrossed Substitute House Bill No. 1724.

Section 903 provides that this bill will not become law if by June 30, 1995 the legislature fails to enact a budget and reference the bill by number in that budget. Although I do not doubt the legislature will adopt a budget and provide funding, such a provision places this legislation at unnecessary risk.

For these reasons, I have vetoed sections 103, 302, and 903 of Engrossed Substitute House Bill No. 1724.

With the exception of sections 103, 302, and 903, Engrossed Substitute House Bill No. 1724 is approved."

## WORLD WAR II MEMORIAL

AN ACT Relating to recognition of World War II veterans; creating a new section; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature intends to remember the thousands of men and women from Washington state who served in World War II. This year, nineteen hundred and ninety-five, marks the fiftieth anniversary of the end of World War II and yet there is no monument on the state capitol campus to specifically recognize the dedication of the men and women of this state who served or were wounded, killed, or missing in action during World War II. These brave people should be recognized for their dedication to freedom and bravery that brought a victorious end to the war. The legislature pledges strong support for a war memorial on the state capitol campus to honor all those who served in the armed forces during World War II.

**NEW SECTION.** Sec. 2. (1) The sum of fifty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1997, from the state general fund to the department of veterans affairs for the purpose of erecting a monument on the state capitol campus to honor and thank all who served during World War II.

(2) Prior to expending the appropriation the department of veterans affairs shall convene an advisory committee to make recommendations to the department on the type, size, and cost of the memorial and recommend a site on the capitol campus, subject to approval of the state capitol committee, for the memorial. The advisory committee shall consist of eleven members: Two from the house of representatives, one from each caucus; two from the senate, one from each caucus; one member appointed by the governor; and six public members representing veterans or veteran organizations. Members of the advisory committee shall not be compensated or reimbursed for any expenses incurred by attending advisory committee meetings.

## VIETNAM VETERANS—TUITION EXEMPTIONS

AN ACT Relating to tuition exemptions for veterans; and amending RCW 28B.15.620.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 28B.15.620 and 1994 c 208 s 1 are each amended to read as follows:

(1) The legislature finds that military and naval veterans who have served their country in wars on foreign soil have risked their own lives to defend both the lives of all Americans and the freedoms that define and distinguish our nation. The legislature also finds that veterans of the Vietnam conflict suffered during and after the war as the country anguished over its involvement in the conflict. It is the intent of the legislature to honor Vietnam veterans for the public service they have provided to their country. It is the further intent of the legislature that, for eligible Vietnam veterans, colleges and universities waive tuition and fee increases that have occurred since October 1, 1977.

(2) Subject to the limitations of RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges may exempt veterans of the Vietnam conflict who have served in the southeast Asia theater of operations from the payment of all or a portion of any increase in tuition and fees that occur after October 1, 1977, if the veteran qualifies as a resident student under RCW 28B.15.012(~~(, was enrolled in state institutions of higher education on or before May 7, 1990, and meets the requirements of subsection (2) of this section)~~).

~~((2) Beginning with the fall academic term of 1994, veterans receiving the exemption under subsection (1) of this section must meet these additional requirements:~~

~~(a) Remain continuously enrolled for seven or more quarter credits per academic term or their equivalent, except summer term and not including community service courses;~~

~~(b) Have an adjusted gross family income as most recently reported to the internal revenue service that does not exceed Washington state's median family income as established by the federal bureau of the census; and~~

~~(c) Have exhausted all entitlement to federal vocational or educational benefits conferred by virtue of their military service.)~~

(3) For the purposes of this section, "veterans of the Vietnam conflict" shall be those persons who have been on active federal service as a member of the armed military or ~~((naval))~~ naval forces of the United States between a period commencing August 5, 1964, and ending on May 7, 1975.

(4) This section shall expire June 30, ~~((1997))~~ 1999.

[Substitute House Bill 1123]

### OFFICE OF WASHINGTON STATE TRADE REPRESENTATIVE

AN ACT Relating to international trade; adding a new chapter to Title 43 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. (1) The legislature finds that:

(a) The expansion of international trade is vital to the overall growth of Washington's economy;

(b) On a per capita basis, Washington state is the most international trade dependent state in the nation;

(c) The north american free trade agreement (NAFTA) and the general agreement on tariffs and trade (GATT) highlight the increased importance of international trade opportunities to the United States and the state of Washington;

(d) The passage of NAFTA and GATT will have a major impact on the state's agriculture, aerospace, computer software, and textiles and apparel sectors;

(e) There is a need to strengthen and coordinate the state's activities in promoting and developing its agricultural, manufacturing, and service industries overseas, especially for small and medium-sized businesses, and minority and women-owned business enterprises; and

(f) The importance of having a coherent vision for advancing Washington state's interest in the global economy has rarely been so consequential as it is now.

(2) The legislature declares that the purpose of the office of the Washington state trade representative is to strengthen and expand the state's activities in marketing its goods and services overseas.

**NEW SECTION.** Sec. 2. The office of the Washington state trade representative is created under the office of the governor. The office shall serve as the state's official liaison with foreign governments on trade matters.

The office of the Washington state trade representative may accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this section. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW.

Passed the House April 19, 1995.

Passed the Senate April 12, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, Substitute House Bill No. 1123 entitled:

"AN ACT Relating to international trade;"

I strongly support the efforts reflected in Substitute House Bill No. 1123 to enhance the position of Washington State in international trade. Our economy depends more on international trade than does any other state in the Union. Our economic future will be made in international markets, the source of many of the high wage jobs we now enjoy and will see more of in our future.

Last year, I established the position of state trade representative as a way of increasing the visibility of international trade in the state and the visibility of the state in international markets. I have been impressed with efforts so far and continue to believe that the position of state trade representative is a valuable and important component to increasing the visibility and focus of the state's trade efforts. As a result, I am pleased to establish the Office of State Trade Representative in statute.

However, section 3 of Substitute House Bill No. 1123 raises concerns. The section can be interpreted to establish a new agency for international trade. The state trade representative should not operate as a separate agency but should serve as an arm of the Governor's office, working collaboratively with the Department of Community, Trade and Economic Development and the Department of Agriculture to develop and implement a broad and unified trade strategy in concert with the trade community of our state.

The state trade representative must be the lead advocate on international trade issues that affect the enterprises and citizens of the state. Advocating the state's interests in federal, foreign, bilateral and multilateral forums, the state trade representative must work to focus state efforts on international trade, investment and tourism. The state trade representative must work closely with the wide community of interests in the state concerned with trade ensuring that their concerns are heard and that their broad expertise is utilized to benefit the state.

I am committed to ensuring that the state trade representative carries out this vision. In the near future, after consultation with legislators, affected state agencies, and the trade community, I will sign an executive order articulating the role of the state trade representative in greater detail.

For these reasons, I have vetoed section 3 of Substitute House Bill No. 1123.

With the exception of section 3, Substitute House Bill No. 1123 is approved."

(b) The court may not suspend payment of all or part of the fee unless it finds that the person does not have the ability to pay.

(c) When a minor has been adjudicated a juvenile offender for an offense which, if committed by an adult, would constitute a violation of RCW 9.68A.100 or a comparable county or municipal ordinance, the court shall assess the fee under (a) of this subsection. The court may not suspend payment of all or part of the fee unless it finds that the minor does not have the ability to pay the fee.

(2) The fee assessed under subsection (1) of this section shall be collected by the clerk of the court and distributed each month to the state treasurer for deposit in the prostitution prevention and intervention account under section 11 of this act for the purpose of funding prostitution prevention and intervention activities.

**NEW SECTION. Sec. 13.** A new section is added to chapter 9A.88 RCW to read as follows:

(1)(a) In addition to penalties set forth in RCW 9A.88.010, 9A.88.030, and 9A.88.090, a person who is either convicted or given a deferred sentence or a deferred prosecution as a result of an arrest for violating RCW 9A.88.010, 9A.88.030, 9A.88.090, or comparable county or municipal ordinances shall be assessed a fifty dollar fee.

(b) In addition to penalties set forth in RCW 9A.88.110, a person who is either convicted or given a deferred sentence or a deferred prosecution as a result of an arrest for violating RCW 9A.88.110 or a comparable county or municipal ordinance shall be assessed a one hundred fifty dollar fee.

The court may not suspend payment of all or part of the fee unless it finds that the minor does not have the ability to pay the fee.

(4) Any fee assessed under this section shall be collected by the clerk of the court and distributed each month to the state treasurer for deposit in the prostitution prevention and intervention account under section 11 of this act for the purpose of funding prostitution prevention and intervention activities.

**NEW SECTION. Sec. 14.** The amendments to RCW 35.21.692, 35A.82.025, and 36.32.122 contained in sections 4 through 6 of this act shall expire July 1, 1997.

Passed the House April 20, 1995.

Passed the Senate April 13, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 4, 5, and 6, Substitute House Bill No. 1387 entitled:

"AN ACT Relating to massage practitioners;"

Substitute House Bill No. 1387 establishes stiff penalties for massage practitioners engaged in prostitution and will enable local law enforcement and the state to crack down on abuses.

Sections 4, 5, and 6 would prohibit cities and counties from imposing a higher business license on massage therapists than on other business professionals. Although I support this objective, these sections also restrict local governments utilizing professional licensing from raising revenue above the cost of administration of the licensing function. Eliminating this revenue source would result in a significant loss of revenue needed to defray on-going related costs borne by cities and counties.

For this reason, I am vetoing sections 4, 5, and 6 of Substitute House Bill No. 1387.

With the exception of sections 4, 5, and 6, Substitute House Bill No. 1387 is approved."

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** **Sec. 1.** (1) Except as provided in subsection (4) of this section for the initial registration of an instrument or device, no weighing or measuring instrument or device may be used for commercial purposes in the state unless its commercial use is registered annually. If its commercial use is within a city that has a city sealer and a weights and measures program as provided by RCW 19.94.280, the commercial use of the instrument or device shall be registered with the city if the city has adopted fees pursuant to subsection (2) of this section. If its commercial use is outside of such a city, the commercial use of the instrument or device shall be registered with the department.

(2) A city with such a sealer and program may establish an annual fee for registering the commercial use of such a weighing or measuring instrument or device with the city. The annual fee shall not exceed the fee established in RCW 19.94.175 for registering the use of a similar instrument or device with the department. Fees upon weighing or measuring instruments or devices within the jurisdiction of the city that are collected under this subsection by city sealers shall be deposited into the general fund, or other account, of the city as directed by the governing body of the city.

(3) Registrations with the department are accomplished as part of the master license system under chapter 19.02 RCW. Payment of the registration fee for a weighing or measuring instrument or device under the master license system constitutes the registration required by this section.

(4) The fees established by or under RCW 19.94.175 for registering a weighing or measuring instrument or device shall be paid to the department of licensing concurrently with an application for a master license or with the annual renewal of a master license under chapter 19.02 RCW. A weighing or measuring instrument or device shall be initially registered with the state at the time the owner applies for a master license for a new business or at the first renewal of the license that occurs after the instrument or device is first placed into commercial use. However, the use of an instrument or device that is in commercial use on the effective date of this act shall be initially registered at the time the first renewal of the master license of the owner of the instrument or device is due following the effective date of this act. The department of licensing shall remit to the department of agriculture all fees collected under this provision less reasonable collection expenses.

(5) Each city charging registration fees under this section shall notify the department of agriculture at the time such fees are adopted and whenever changes in the fees are adopted.

**NEW SECTION. Sec. 2.** (1) Except as provided in subsection (3) of this section and RCW 19.94.190(1)(d), the department shall test and inspect each biennium a sufficient number of weighing and measuring instruments and devices to ensure that the provisions of this chapter are enforced.

(2) The department may issue an official seal of approval for each weighing or measuring instrument or device that has been tested and inspected and found to be correct.

(3) Except as provided in RCW 19.94.216, this section does not apply to weighing or measuring instruments or devices located in an area of the state that is within a city that has a city sealer and a weights and measures program pursuant to RCW 19.94.280 unless the city sealer does not possess the equipment necessary to test and inspect the weighing or measuring instrument or device.

**Sec. 3.** RCW 19.94.005 and 1992 c 237 s 1 are each amended to read as follows:

~~(e))~~ The establishment of exemptions from the ~~((sealing or))~~ marking ~~((inspection and testing))~~ or tagging requirements of RCW 19.94.250 with respect to weighing or measuring instruments or devices of such character or size that such ~~((sealing or))~~ marking or tagging would be inappropriate, impracticable, or damaging to the apparatus in question;

~~((f))~~ (e) The establishment of exemptions from the inspection and testing requirements of ~~((RCW 19.94.165))~~ section 2 of this act with respect to classes of weighing or measuring instruments or devices found to be of such character that periodic inspection and testing is unnecessary to ensure continued accuracy; ~~(and~~

~~(g))~~ (f) The establishment of inspection and approval techniques, if any, to be used with respect to classes of weighing or measuring instruments or devices that are designed specifically to be used commercially only once and then discarded, or are uniformly mass-produced by means of a mold or die and are not individually adjustable; and

(g) The establishment of inspection and testing procedures to be used for classes of weighing or measuring instruments or devices found to be few in number, highly complex, and of such character that differential or special inspection and testing is necessary, including railroad track scales. The department's procedures shall include requirements for the provision, maintenance, and transport of any weight or measure necessary for the inspection and testing at no expense to the state.

(2) These rules shall also include specifications and tolerances for the acceptable range of accuracy required of weighing or measuring instruments or devices and shall be designed to eliminate from use, without prejudice to weighing or measuring instruments or devices that conform as closely as practicable to official specifications and tolerances, those (a) that are of such construction that they are faulty, that is, that are not reasonably permanent in their adjustment or will not repeat their indications correctly, or (b) that facilitate the perpetration of fraud.

**Sec. 10.** RCW 19.94.216 and 1992 c 237 s 12 are each amended to read as follows:

The department shall:

(1) Biennially inspect and test the secondary weights and measures standards of any city for which the appointment of a city sealer is provided by this chapter and shall issue an official seal of approval for same when found to be correct. The department shall, by rule, establish a reasonable fee for ~~((such))~~ this and any other inspection and testing services performed by the department's metrology laboratory. Each such fee shall recover at least seventy-five percent of the laboratory's costs incurred in performing the service governed by the fee on or before June 30, 1998. The fees established under this subsection may be increased in excess of the fiscal growth factor as provided in RCW 43.135.055 for the fiscal year ending 1996, 1997, and 1998. For fiscal year 1999 and

thereafter, the fees established under this subsection may not be increased by an amount greater than the fiscal growth factor as provided in RCW 43.135.055.

(2) Biennially inspect~~((;))~~ and test~~((, and, if found to be correct, issue an official seal of approval for))~~ any weighing or measuring instrument or device used in an agency or institution to which moneys are appropriated by the legislature or of the federal government and shall report any findings in writing to the executive officer of the agency or institution concerned. The department shall collect a reasonable fee, to be set by rule, for testing any such weighing or measuring instrument or device.

~~((3) Inspect, test, and, if found to be correct, issue a seal of approval for classes of weighing or measuring instruments or devices found to be few in number, highly complex, and of such character that differential inspection and testing frequency is necessary including, but not limited to, railroad track scales and grain elevator scales. The department shall develop rules regarding the inspection and testing procedures to be used for such weighing or measuring instruments or devices which shall include requirements for the provision, maintenance, and transport of any weight or measure standard necessary for inspection and testing at no expense to the state. The department may collect a reasonable fee, to be set by rule, for inspecting and testing any such weighing and measuring instruments or devices. This fee shall not be unduly burdensome and shall cover, to the extent possible, the direct costs of performing such service:))~~

Sec. 11. RCW 19.94.250 and 1992 c 237 s 16 are each amended to read as follows:

(1) ~~((The director or a city sealer shall, from time to time, inspect any weighing or measuring instrument or device, except those weighing or measuring instruments or devices exempted under the authority of RCW 19.94.190, to determine if it is correct:))~~ If the director or a city sealer discovers upon inspection that a weighing or measuring instrument or device is "incorrect," but in his or her best judgment is susceptible of satisfactory repair, he or she shall reject and mark or tag as rejected any such weighing or measuring instrument or device.

(2) The director or a city sealer may reject or seize any weighing or measuring instrument or device found to be incorrect that, in his or her best judgment, is not susceptible of satisfactory repair.

(3) Weighing or measuring instruments or devices that have been rejected under subsection (1) of this section may be confiscated and may be destroyed by the director or a city sealer if not corrected as required by RCW 19.94.255 or if used or disposed of contrary to the requirements of that section.

(4) The director or a city sealer shall permit the use of an incorrect weighing or measuring instrument or device, pending repairs, if the device is incorrect to the economic benefit of the consumer and the consumer is not the seller. However, if the director or city sealer finds such an error, the director or city

sealer shall notify the owner of the instrument or device, or the owner's representative at the business location, regarding the error.

Sec. 12. RCW 19.94.255 and 1992 c 237 s 17 are each amended to read as follows:

(1) Weighing or measuring instruments or devices that have been rejected under the authority of the director or a city sealer shall remain subject to the control of the rejecting authority until such time as suitable repair or disposition thereof has been made as required by this section.

(2) The owner of any weighing or measuring instrument or device that has been marked or tagged as rejected by the director or a city sealer shall cause the same to be made correct within thirty days or such longer period as may be authorized by the rejecting authority. In lieu of correction, the owner of such weighing and measuring instrument or device may dispose of the same, but only in the manner specifically authorized by the rejecting authority.

(3) Weighing and measuring instruments or devices that have been rejected shall not again be used commercially until they have been ~~((officially))~~ reexamined and ~~((, if))~~ found to be correct ~~((, had an official seal of approval placed upon or issued for such weighing or measuring instrument or device by the rejecting authority))~~ by the department, city sealer, or a service agent registered with the department.

(4) If a weighing or measuring instrument or device marked or tagged as rejected is placed back into commercial service by a service agent registered with the department, the agent shall provide a signed certification to the owner or operator of the instrument or device so indicating and shall report to the rejecting authority as provided by rule under RCW 19.94.190(1)(c).

Sec. 13. RCW 19.94.280 and 1992 c 237 s 20 are each amended to read as follows:

(1) There may be a city sealer in every city and such deputies as may be required by ordinance of each such city to administer and enforce the provisions of this chapter.

(2) Each city electing to have a city sealer shall adopt rules for the appointment and removal of the city sealer and any deputies required by local ordinance. The rules for appointment of a city sealer and any deputies must include provisions for the advice and consent of the local governing body of such city and, as necessary, any provisions for local civil service laws and regulations.

~~(3) ((A city sealer shall adopt the fee amounts established by the director pursuant to RCW 19.94.165. No city shall adopt or charge an inspection, testing, or licensing fee or any other fee upon a weighing or measuring instrument or device that is in excess of the fee amount adopted under RCW 19.94.165.~~

### MODEL TOXICS CONTROL ACT—CLEANUP STANDARDS

AN ACT Relating to the authority of the state for cleanup standards under the model toxics control act; creating new sections; and providing an expiration date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. **Sec. 1.** (1) The department of ecology shall establish a policy advisory committee to provide advice to the legislature and the department on administrative and legislative actions to more effectively implement the model toxics control act, chapter 70.105D RCW. The committee shall consist of the following members:

(a) Four legislative members selected as provided in subsection (2) of this section;

(b) Four representatives of citizen and environmental organizations;

(c) Four representatives of business, including two representatives of small business and two representatives of large business;

(d) One representative of counties;

(e) One representative of cities;

(f) One representative of ports;

(g) One member of the scientific advisory board created under RCW 70.105D.030(4);

(h) One representative of an environmental consulting firm engaged in the remediation of contaminated sites;

(i) Not more than three additional members selected by the department from recommendations provided by the committee; and

(j) The directors of the departments of ecology and health or their designees.

(2) The president of the senate and the speaker of the house of representatives may each appoint one member from each major caucus in the senate and the house of representatives, respectively, to serve as members of the committee.

(3) In making appointments under subsection (1) (b), (c), (d), (e), (f), (g), and (h) of this section, the department shall select from the lists of recommendations submitted by recognized regional or state-wide organizations representing the interests of that category.

(4) The initial meeting of the committee shall be scheduled no later than August 1, 1995. At the initial meeting the members shall select a presiding officer and adopt procedures for carrying out their duties under sections 2 and 3 of this act. In conducting its review the committee shall, wherever possible, operate on a consensus basis and, when consensus is not possible to achieve, the

committee should encourage the development of recommendations that are broadly supported within the committee. Where consensus is not achieved, other views within the committee shall be included in any reports required by sections 2 and 3 this act.

(5) The committee may divide itself into subcommittees. The committee should seek input from people who are interested in its work and who will, in the committee's view, bring experience or technical or interdisciplinary insight to a thoughtful consideration of the issues before the committee.

(6) The department shall provide staffing and other assistance to the committee, including facilitators from within or outside of state government if requested. Such assistance shall include information in response to reasonable requests from the committee, provided that the information is not protected by attorney-client privilege.

(7) Legislative members of the committee shall be reimbursed for travel expenses as provided in RCW 44.04.120. If other members would not be able to participate in the committee's activities because of travel expenses or other financial limitations on the ability to participate fully, the department shall certify the members as entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(8) At the initial meeting attended by a committee member, the member shall identify the nature of his or her interest in the outcome of matters before the committee. This information shall include the type of organization to which the member belongs and the general nature of the membership and/or business interest of that organization. Thereafter, a committee member shall disclose any potential conflicts of interest or bias that subsequently arise or of which the committee member subsequently becomes aware. A member shall refrain from participating in any matter that the member for any reason cannot act fairly, objectively, and in the public interest with regard to that matter.

**NEW SECTION. Sec. 2.** (1) The policy advisory committee shall review, provide advice, and develop recommendations on the following subjects, at a minimum:

(a) Clean-up standards and clean-up levels, including the use of site-specific risk assessment;

(b) Policies, rules, and procedures, including the use of cost, current and future land use, and other criteria in the selection of clean-up remedies;

(c) How the department carries out the clean-up program in practice, including training, and accountability for clean-up decisions and their implementation;

(d) Improving the clean-up process to provide additional incentives to potentially liable parties to fully and expeditiously fund cleanups;

(e) The need for adoption of and recommended levels for ecologically based clean-up standards; and

(f) A review of the effectiveness of independent cleanups.

(2) The committee shall begin meeting no later than August 1, 1995, to review the model toxics control act and its implementation to date. The committee is encouraged to submit recommendations on policies of state-wide or regional significance to the department at any point during its review. The committee shall submit a preliminary report not later than December 15, 1995, to the appropriate legislative committees, that identifies priority questions and issues that the committee intends to address. The preliminary report shall identify the schedule and approach planned for analyzing these priority issues. The committee shall develop a procedure to allow other interested parties to propose additional questions and issues for review. Any questions and issues the committee chooses to address shall be of regional or state-wide significance. It is not the intent that this committee become engaged in site-specific clean-up decisions at pilot projects or any other sites.

(3) The committee shall submit a final report to the department and the appropriate legislative committees not later than December 15, 1996, on the priority issues it has identified for review. In addition to action recommendations, the final report may identify issues and priorities for further study, including a recommendation as to whether the committee should continue in existence.

(4) The department shall assist the committee's review under this section by preparing case studies of a variety of site cleanups involving differing contaminants, quantities of contaminants, media affected, populations exposed, present and future land and resource uses, and other factors. The committee shall seek input from the affected community, potentially liable persons involved in the cleanup and other participants in the clean-up process at the site and include this input in the information included on the case study. The case studies, along with the other information gathered in the review, shall be used by the committee to provide advice and develop recommendations on the questions and issues addressed by the committee.

NEW SECTION. Sec. 3. (1) Not later than October 1, 1995, the policy advisory committee shall select two pilot projects from a list of proposed pilot project sites provided by the department. The purpose of the pilot projects is to evaluate alternative methods for accomplishing faster, less-expensive, and an equally protective degree of cleanup at complex sites, within the framework provided by the model toxics control act and the rules adopted under the model toxics control act. Pilot projects shall comply with the model toxics control act and the rules adopted under the model toxics control act. Public participation in the clean-up process for these sites shall be as provided in such rules. In order to be eligible for a pilot project, a site shall be conducting remedial actions under an order, agreed order, or consent decree under the model toxics control act and there shall not be significant opposition from the public potentially affected by the site. In addition, the following criteria shall be used by the department and the committee when recommending and selecting a site as a pilot project site:

(a) The presence of multiple parties at the site and the willingness of these persons to participate in a pilot project;

(b) The source of contamination at the site. Sites contaminated as a result of current or past industrial activities shall be given a preference over other sites;

(c) The stage of cleanup at the site. Sites that are in the process of preparing or for which there is recently completed a remedial investigation/feasibility study shall be given preference over other sites; and

(d) The degree of community support for selecting a site as a pilot project site. To determine the degree of community support, the department shall first consult with interested community and environmental groups. Thereafter, before proposing a site as a pilot project the department shall issue a public notice identifying the site and seeking public comment on the potential for the site to be a pilot project site.

(2) In the pilot projects the department shall include with the remedial investigation/feasibility study required under the model toxics control act any additional or alternative risk assessments or other analyses that potentially liable persons may wish to prepare at their expense for the purpose of exploration of improved methods to accomplish cleanup under the model toxics control act. The department shall provide technical assistance to identify an appropriate scope for such supplemental analyses, so that the analyses may prove useful in considering improvements to existing practices, policies, rules, and procedures. The department may establish a reasonable schedule for the preparation of any supplemental analyses. The preparation and evaluation of any supplemental analyses shall not result in a delay in remedial actions at the pilot sites. The analyses shall be included in the remedial investigation/feasibility study regardless of whether the department fully concurred in their scope. The department may simultaneously prepare or commission its own supplemental analyses at its own expense, as distinct from department-conducted or department-commissioned or contracted technical review of supplemental analyses prepared by potentially liable persons, which shall remain subject to cost recovery under the model toxics control act.

(3) In consultation with the potentially liable persons and affected public for each site, the department's site managers shall to the fullest extent possible use the administrative principles set forth, for both the clean-up process and for clean-up standards, as well as other flexible tools available in the rules adopted under the model toxics control act.

(4) In order to avoid misunderstanding and promote constructive dialogue, the public participation plan for each site shall be designed or revised to educate and involve the public on the nature of the pilot project, the specific issues being explored at the site, and the purpose and scope of any alternative or supplemental analyses.

(5) The department shall prepare a report on each pilot project highlighting any policy issues raised as a result of the pilot project and providing a copy of the remedial investigation/feasibility study and any supplemental analyses and

public comments received for each pilot project to the policy advisory committee. The report shall be submitted to the committee within ninety days after the comment period ends on the remedial investigation/feasibility study for that site. The department shall also keep the committee informed about decisions made regarding the pilot project sites and progress made in implementation of cleanup at these sites. The intent is for the committee to use the information acquired from the pilot projects to supplement other information used in developing policy recommendations under section 2 of this act. The department shall submit a status report to the policy advisory committee no later than March 31, 1996, including an estimated schedule for reporting on each pilot project.

(6) Nothing in this act shall be construed to prevent or limit the department from fully employing all procedures and standards available under the model toxics control act or the rules adopted to implement the model toxics control act with respect to any site, whether or not it is being considered as a possible pilot project under this section.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 5. This act shall expire January 15, 1997.

Passed the House April 20, 1995.

Passed the Senate April 14, 1995.

Approved by the Governor May 16, 1995.

At least ten days before the effective date of any change in an operator's fee schedule, the registered tow truck operator shall file the revised fee schedule with the department.

(2) Towing contracts with private property owners shall be in written form and state the hours of authorization to impound, the persons empowered to authorize the impounds, and the present charge of a private impound for the classes of tow trucks to be used in the impound, and must be retained in the files of the registered tow truck operator for three years.

However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernable.

Personal belongings, with the exception of those items of personal property that are registered or titled with the department, shall not be sold at auction to fulfill a lien against the vehicle.

(4) All personal belongings, with the exception of those items of personal property that are registered or titled with the department, not claimed before the auction shall be turned over to the local law enforcement agency to which the initial notification of impoundment was given. Such personal belongings shall be disposed of pursuant to chapter 63.32 or 63.40 RCW.

(1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator's possession after the ninety-six hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fifteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle's or other property's owners.

Sec. 6. RCW 46.55.110 and 1989 c 111 s 10 are each amended to read as follows:

(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the (~~vehicle~~) owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

Sec. 7. RCW 46.55.120 and 1993 c 121 s 3 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer's bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine

the issues involving all impoundments including those authorized by the state or its agents. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. If the hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The district court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made

by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 8. RCW 46.55.140 and 1992 c 200 s 1 are each amended to read as follows:

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of (~~three~~) five hundred dollars (~~less~~) after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars (~~less~~) after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the seller's report as provided for by RCW 46.12.101 and has timely and properly filed the seller's report is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed seller's report shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter.

**Sec. 9.** RCW 46.20.435 and 1985 c 391 s 1 are each amended to read as follows:

(1) Upon determining that a person is operating a motor vehicle without a valid driver's license in violation of RCW 46.20.021 or with a license that has been expired for ninety days or more, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420, a law enforcement officer may immediately impound the vehicle that the person is operating.

(2) ~~((If the driver of the vehicle is the owner of the vehicle,))~~ The officer shall not release the vehicle impounded under subsection (1) of this section until the owner of the vehicle:

(a) Establishes that any penalties, fines, or forfeitures owed by the ~~((person driving))~~ registered owner of the vehicle ~~((when it))~~ that was impounded have been satisfied; and

(b) Pays the reasonable costs of such impoundment and storage.

~~(3) ((If the driver of the vehicle is not the owner of the vehicle, the driver shall be responsible for any penalties, fines, or forfeitures owed or due and for the costs of impoundment and storage. The vehicle shall be released to the owner immediately upon proof of such ownership.~~

~~(4))~~ Whenever a vehicle has been impounded by a law enforcement officer, the officer shall immediately serve upon the driver of the impounded vehicle a notice informing the recipient of his or her right to a hearing in the district court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing or the amount of towing and storage charges. A request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district court within ten days of the date of the impound. If the hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the driver is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

~~((5))~~ (4)(a) The district court, within five days after the request for a hearing, shall notify the driver in writing of the hearing date and time.

(b) At the hearing, the person requesting the hearing may produce any relevant evidence to show that the impoundment was not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the driver was responsible for any penalties, fines, or forfeitures owed or due at the time of the impoundment, and whether they have been satisfied.

(d) A certified transcript or abstract of the driving record of the driver, as maintained by the department, is admissible in evidence in any hearing and is prima facie evidence of the status of the driving privilege of the person named in it at the time of the impoundment and whether there were penalties, fines, or forfeitures due and owing by the person named in it at the time the impoundment occurred.

Sec. 10. RCW 46.61.625 and 1965 ex.s. c 155 s 73 are each amended to read as follows:

(1) No person or persons shall occupy any trailer while it is being moved upon a public highway, except a person occupying a proper position for steering a trailer designed to be steered from a rear-end position.

(2) No person or persons may occupy a vehicle while it is being towed by a tow truck as defined in RCW 46.55.010(8).

[Engrossed House Bill 2033]

### CLEAN AIR ACT—AIRCRAFT FIRE TRAINING EXEMPTION

AN ACT Relating to an exemption to the Washington clean air act for fire training; and amending RCW 70.94.650 and 70.94.775.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 70.94.650 and 1994 c 28 s 2 are each amended to read as follows:

- (1) Any person who proposes to set fires in the course of:
  - (a) Weed abatement((:));

(b) Instruction in methods of fire fighting, except training to fight structural fires as provided in RCW 52.12.150 or training to fight aircraft crash rescue fires as provided in subsection (5) of this section, and except forest fire training((?));  
or

(c) Agricultural activities,  
shall obtain a permit from an air pollution control authority, the department of ecology, or a local entity delegated permitting authority under RCW 70.94.654. General permit criteria of state-wide applicability shall be established by the department, by rule, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both. All permits shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise in which the applicant is engaged, or both. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses, or other approvals required by any other law. An application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, weed abatement or development of physiological conditions conducive to increased crop yield, shall be acted upon within seven days from the date such application is filed. The department of ecology and local air authorities shall provide convenient methods for issuance and oversight of agricultural burning permits. The department and local air authorities shall, through agreement, work with counties and cities to provide convenient methods for granting permission for agricultural burning, including telephone, facsimile transmission, issuance from local city or county offices, or other methods.

(2) Permit fees shall be assessed for burning under this section and shall be collected by the department of ecology, the appropriate local air authority, or a local entity delegated permitting authority pursuant to RCW 70.94.654 at the time the permit is issued. All fees collected shall be deposited in the air pollution control account created in RCW 70.94.015, except for that portion of the fee necessary to cover local costs of administering a permit issued under this section. Fees shall be set by rule by the permitting agency at the level determined by the task force created by subsection (4) of this section, but shall not exceed two dollars and fifty cents per acre to be burned. After fees are established by rule, any increases in such fees shall be limited to annual inflation adjustments as determined by the state office of the economic and revenue forecast council.

(3) Conservation districts and the Washington State University agricultural extension program in conjunction with the department shall develop public

education material for the agricultural community identifying the health and environmental effects of agricultural outdoor burning and providing technical assistance in alternatives to agricultural outdoor burning.

(4) An agricultural burning practices and research task force shall be established under the direction of the department. The task force shall be composed of a representative from the department who shall serve as chair; one representative of eastern Washington local air authorities; three representatives of the agricultural community from different agricultural pursuits; one representative of the department of agriculture; two representatives from universities or colleges knowledgeable in agricultural issues; one representative of the public health or medical community; and one representative of the conservation districts. The task force shall identify best management practices for reducing air contaminant emissions from agricultural activities and provide such information to the department and local air authorities. The task force shall determine the level of fees to be assessed by the permitting agency pursuant to subsection (2) of this section, based upon the level necessary to cover the costs of administering and enforcing the permit programs, to provide funds for research into alternative methods to reduce emissions from such burning, and to the extent possible be consistent with fees charged for such burning permits in neighboring states. The fee level shall provide, to the extent possible, for lesser fees for permittees who use best management practices to minimize air contaminant emissions. The task force shall identify research needs related to minimizing emissions from agricultural burning and alternatives to such burning. Further, the task force shall make recommendations to the department on priorities for spending funds provided through this chapter for research into alternative methods to reduce emissions from agricultural burning.

(5) A permit is not required under this section, or under RCW 70.94.743 through 70.94.780, from an air pollution control authority, the department, or any local entity with delegated permit authority, for aircraft crash rescue fire training activities meeting the following conditions:

(a) Fire fighters participating in the training fires must be limited to those who provide fire fighting support to an airport that is either certified by the federal aviation administration or operated in support of military or governmental activities;

(b) The fire training may not be conducted during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715 for the area where training is to be conducted;

(c) The number of training fires allowed per year without a permit shall be the minimum number necessary to meet federal aviation administration or other federal safety requirements; and

(d) Prior to the commencement of the aircraft fire training, the organization conducting training shall notify both the: (i) Local fire district or fire department; and (ii) air pollution control authority, department of ecology, or local

entity delegated permitting authority under RCW 70.94.654, having jurisdiction within the area where training is to be conducted.

Aircraft crash rescue fire training activities conducted in compliance with this subsection are not subject to the prohibition, in RCW 70.94.775(1), of outdoor fires containing petroleum products.

(6) Subsection (5) of this section shall expire on the earlier of the following dates: (a) July 1, 1998; or (b) the date upon which the North Bend fire training center is fully operational for aircraft crash rescue fire training activities.

**Sec. 2.** RCW 70.94.775 and 1991 c 199 s 410 are each amended to read as follows:

Except as provided in RCW 70.94.650(5), no person shall cause or allow any outdoor fire:

(1) Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation that normally emits dense smoke or obnoxious odors. Agricultural heating devices that otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;

(2) During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715 or impaired air quality condition as defined in RCW 70.94.473.

Passed the House April 20, 1995.

Passed the Senate April 14, 1995.

Approved by the Governor May 16, 1995.

Filed in Office of Secretary of State May 16, 1995.

## CHAPTER 363

[House Bill 2063]

### PUBLIC WORKS ASSISTANCE PROGRAM—ACCELERATED CONSTRUCTION UNDER

AN ACT Relating to accelerating the implementation of projects currently eligible for funding under the public works assistance program; amending RCW 43.155.070; adding a new section to chapter 43.155 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** The legislature finds that there continues to exist a great need for capital projects to plan, acquire, design, construct, and repair local government streets, roads, bridges, water systems, and storm and sanitary sewage systems. It is the purpose of this act to accelerate the construction of these projects under the public works assistance program.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.155 RCW to read as follows:

(1) The board may make low-interest or interest-free loans to local governments for preconstruction activities on public works projects before the legislature approves the construction phase of the project. Preconstruction activities include design, engineering, bid-document preparation, environmental

studies, right of way acquisition, and other preliminary phases of public works projects as determined by the board. The purpose of the loans authorized in this section is to accelerate the completion of public works projects by allowing preconstruction activities to be performed before the approval of the construction phase of the project by the legislature.

(2) Projects receiving loans for preconstruction activities under this section must be evaluated using the priority process and factors in RCW 43.155.070(2). The receipt of a loan for preconstruction activities does not ensure the receipt of a construction loan for the project under this chapter. Construction loans for projects receiving a loan for preconstruction activities under this section are subject to legislative approval under RCW 43.155.070 (4) and (5). The board shall adopt a single application process for local governments seeking both a loan for preconstruction activities under this section and a construction loan for the project.

(3) Preconstruction activity loans under this section may be made only from those funds specifically appropriated from the public works assistance account for such a purpose by the legislature.

**Sec. 3.** RCW 43.155.070 and 1993 c 39 s 1 are each amended to read as follows:

(1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs;

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors; and

(d) A county, city, or town that is required or chooses to plan under RCW 36.70A.040 must have adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, and must have adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(h) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the ~~((chairs of the ways and means))~~ appropriate fiscal committees of the senate and house of representatives a description of the ~~((emergency))~~ loans made under RCW 43.155.065, section 2 of this act, and subsection (7) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsection ~~((s-4) and))~~ (5) of this section ~~((do))~~ does not apply to loans made ~~((for emergency public works projects))~~ under RCW 43.155.065, section 2 of this act, and subsection (7) of this section.

(7)(a) Loans made for the purpose of capital facilities plans shall be exempted from subsection ~~((s (4) and))~~ (5) of this section. In no case shall the total amount of funds utilized for capital facilities plans and emergency loans exceed the limitation in RCW 43.155.065.

(b) For the purposes of this section "capital facilities plans" means those plans required by the growth management act, chapter 36.70A RCW, and plans required by the public works board for local governments not subject to the growth management act.

Passed the House March 13, 1995.

Passed the Senate April 12, 1995.

Approved by the Governor May 16, 1995.

Filed in Office of Secretary of State May 16, 1995.

## CHAPTER 364

[Engrossed Substitute House Bill 2090]

### GASOHOL.—TAXATION OF

AN ACT Relating to taxation of gasohol; amending 1994 c 225 s 3 (unmodified); reenacting and amending RCW 82.36.2251; adding a new section to chapter 225, Laws of 1994; creating new sections; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. A new section to read as follows is added to chapter 225, Laws of 1994, as section 1.5 thereof, to appear between sections 1 and 2, if that act is submitted to a vote of the people under the operation of section 3 thereof:

The gasohol exemption and credit was created in 1980 to help in-state producers of alcohol. The legislature finds that, for the following reasons, the gasohol exemption and credit granted to motor fuel distributors is not in the best interest of the citizens of the state of Washington:

(1) The federal Clean Air Act requires the use of gasohol or other oxygenated fuels in King, Pierce, Snohomish, Clark, and Spokane counties during fall and winter months, thereby diminishing the need to provide incentives to alcohol producers;

(2) The federal government also provides a fuel tax exemption of up to 5.4 cents per gallon of gasohol;

(3) If continued, the state exemption will cost the state about thirty million dollars per year, the equivalent of a one-cent gasoline tax;

(4) Only three of the seventeen alcohol producers certified to benefit from the exemption in 1993 are located in Washington;

(5) Over ninety percent of the alcohol qualifying for the exemption is provided by out-of-state firms, including several from outside the country;

(6) Gas tax revenue lost because of the exemption is badly needed for state, city, and county transportation projects.

NEW SECTION. **Sec. 2.** For the reasons enumerated in section 1 of this act, the legislature repealed the tax exemption and credit benefiting gasohol producers by passing ESHB 2326 in 1994. The legislature's position is that section 1 of ESHB 2326, which is the portion of the bill that repealed the tax exemption enjoyed by foreign and domestic companies producing gasohol, is not subject to the requirements of section 13, chapter 2, Laws of 1994 (commonly known as section 13 of I-601) because, among other reasons, existing law RCW 43.135.020(2) excludes highway trust fund revenue from its provisions.

The legislature hereby provides a refund system to be used in lieu of the gasohol tax exemption and credit. Refunds will be disbursed only if an appellate or supreme court of this state invalidates section 1 of ESHB 2326 and the people reject the measure at the November general election.

**Sec. 3.** RCW 82.36.2251 and 1993 c 268 s 2 are each reenacted and amended to read as follows:

(1) In lieu of the former tax exemption and credit, a distributor is eligible for a refund of the motor fuel tax paid under this chapter on alcohol of any proof that is sold in this state for use as fuel in motor vehicles, farm implements and machines, or implements of husbandry ((is exempt from the motor vehicle fuel tax under this chapter)) if such alcohol was manufactured by a company that has been verified by the department as having sold less than eight million gallons of alcohol for use as motor fuel in the prior calendar year.

(2) In addition, a tax ~~((credit))~~ refund of sixty percent of the tax rate imposed by RCW 82.36.025 shall be given for every gallon of alcohol receiving ~~((the exemption))~~ a refund under subsection (1) of this section and used in an alcohol-gasoline blend which contains at least nine and one-half percent or more by volume of alcohol: PROVIDED, That in no case may the tax ((credit)) refund claimed be greater than the tax due on the gasoline portion of the blended fuel: AND PROVIDED FURTHER, That no refunds may be issued to distributors who fail to remit taxes owed under this chapter.

(3) Any tax refunds provided under this section must be made from the gasohol exemption holding account, created under RCW 46.68.090(1)(I). The tax exemption refund will be based upon the difference between the amount of tax collected on the original taxable sale invoice and the rebilled taxable sale invoice that reflects the alcohol that is exempt from the motor fuel tax.

(4) This section shall expire on December 31, 1999.

**Sec. 4.** 1994 c 225 s 3 (uncodified) is amended to read as follows:

(1) If a court enters a final order invalidating or remanding section 1, chapter 225, Laws of 1994 on the grounds that it does not comply with section 13, chapter 2, Laws of 1994, it is the intent of the legislature that ~~((this measure))~~ chapter 225, Laws of 1994 as amended be submitted to the people for their adoption, ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

(2) If a court remands this act for a vote of the people, the ballot title shall be substantially as follows: "Shall the alcohol fuel tax exemption given to fuel distributors be eliminated?"

(3) If the voters approve the repeal as provided in section 1 of this act, the repeal shall be made retroactive to May 1, 1994.

NEW SECTION. Sec. 5. No refunds authorized under this act shall be provided until 1994 c 225 is rejected by the people at the next November general election. Any funds received as taxes paid subject to refunds authorized in section 3 of this act shall be deposited in the gasohol exemption holding account. The department of licensing is authorized to issue refunds after 1994 c 225 has been rejected by the people at the next November general election.

NEW SECTION. Sec. 6. If section 1, chapter 225, Laws of 1994 is upheld by order of the court of appeals or the supreme court of this state, this act is null and void.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately, except for section 3 of this act, which takes effect July 1, 1995.

Passed the House April 13, 1995.

Passed the Senate April 14, 1995.

Approved by the Governor May 16, 1995.

Filed in Office of Secretary of State May 16, 1995.

AN ACT Relating to the deposit of interest earnings from agricultural funds and accounts; reenacting and amending RCW 43.79A.040; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 43.79A.040 and 1993 sp.s. c 8 s 2 and 1993 c 500 s 5 are each reenacted and amended to read as follows:

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The agricultural local fund, the American Indian scholarship endowment fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the rural rehabilitation account, and the self-insurance revolving fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer's service fund pursuant to RCW 43.08.190.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

AN ACT Relating to forest products; amending RCW 76.48.020, 76.48.030, 76.48.040, 76.48.050, 76.48.060, 76.48.070, 76.48.075, 76.48.096, 76.48.098, 76.48.100, 76.48.110, 76.48.120, and 76.48.130; adding new sections to chapter 76.48 RCW; and repealing RCW 76.48.092.

Be it enacted by the Legislature of the State of Washington:

The original permit shall be retained in the office of the county sheriff validating the permit. In the event a single land ownership is situated in two or more counties, a specialized forest product permit shall be completed as to the land situated in each county. While engaged in harvesting of specialized forest products, permittees, or their agents or employees, must have readily available at each harvest site a valid permit or true copy of the permit.

(6) If, (~~pursuant to~~) under official inquiry, investigation, or other authorized proceeding regarding specialized forest products not covered by a valid specialized forest products permit or other acceptable document, the inspecting law enforcement officer has probable cause to believe that the specialized forest products were harvested in this state or wrongfully obtained in another state or province, the officer may take into custody and detain, for a reasonable time, the specialized forest products, all supporting documents, invoices, and bills of lading, and the vehicle in which the products were transported until the true origin of the specialized forest products can be determined.

The law enforcement officer shall provide reasonable protection for the specialized forest products involved during the period of litigation or he or she shall dispose of ~~((such))~~ the specialized forest products at the discretion or order of the court before which the arrested person is ordered to appear.

Upon any disposition of the case by the court, the court shall make a reasonable effort to return the specialized forest products to ~~((their))~~ its rightful owner or pay the proceeds of any sale of specialized forest products less any reasonable expenses of ~~((such))~~ the sale to the rightful owner. If for any reason, the proceeds of ~~((such))~~ the sale cannot be disposed of to the rightful owner, ~~((such))~~ the proceeds, less the reasonable expenses of the sale, shall be paid to the treasurer of the county in which the violation occurred. The county treasurer shall deposit the same in the county general fund. The return of the specialized forest products or the payment of the proceeds of any sale of products seized to the owner shall not preclude the court from imposing any fine or penalty upon the violator for the violation of the provisions of this chapter.

## CHAPTER 367

[Engrossed Second Substitute Senate Bill 5064]

### REGIONAL FISHERIES ENHANCEMENT PROGRAM—REVISIONS

AN ACT Relating to regional fisheries enhancement program; amending RCW 75.50.110, 75.50.120, and 75.08.230; reenacting and amending RCW 75.50.100; adding new sections to chapter 75.50 RCW; adding a new section to chapter 90.58 RCW; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** A new section is added to chapter 75.50 RCW to read as follows:

The legislature finds that:

(1) Regional enhancement groups are a valuable resource for anadromous fish recovery. They improve critical fish habitat and directly contribute to anadromous fish populations through fish restoration technology.

(2) Due to a decrease in recreational and commercial salmon license sales, regional enhancement groups are receiving fewer financial resources at a time when recovery efforts are needed most.

(3) To maintain regional enhancement groups as an effective enhancement resource, technical assets of state agencies must be coordinated and utilized to maximize the financial resources of regional enhancement groups and overall fish recovery efforts.

**NEW SECTION. Sec. 2.** A new section is added to chapter 75.50 RCW to read as follows:

The department's habitat division shall work with cities, counties, and regional fisheries enhancement groups to develop a program to identify and expedite the removal of human-made or caused impediments to anadromous fish passage. A priority shall be given to projects that immediately increase access to available and improved spawning and rearing habitat for depressed, threatened, and endangered stocks. The department may contract with cities and counties to assist in the identification and removal of impediments to anadromous fish passage.

A report on the progress of impediment identification and removal and the need for any additional legislative action shall be submitted to the senate and the house of representatives natural resources committees no later than January 1, 1996.

**NEW SECTION.** Sec. 3. A new section is added to chapter 75.50 RCW to read as follows:

To maximize available state resources, the department and the department of transportation shall work in partnership with the regional fisheries enhancement group advisory board to identify cooperative projects to eliminate fish passage barriers caused by state roads and highways. The advisory board may provide input to the department to aid in identifying priority barrier removal projects that can be accomplished with the assistance of regional fisheries enhancement groups. The department of transportation shall provide engineering and other technical services to assist regional fisheries enhancement groups with fish passage barrier removal projects, provided that the barrier removal projects have been identified as a priority by the department of fish and wildlife and the department of transportation has received an appropriation to continue the fish barrier removal program.

**\*NEW SECTION.** Sec. 4. A new section is added to chapter 90.58 RCW to read as follows:

*A regional fisheries enhancement group or cooperative group project that is primarily designed to improve fish habitat or fish passage; has been approved by the department of fish and wildlife; has been given or is qualified to be given a hydraulic permit; and has been determined by local government to not substantially affect other concerns of this chapter is exempt from the permitting requirements of this chapter. A letter of exemption must be obtained from the local government, which shall be provided in a timely manner.*

\*Sec. 4 was vetoed. See message at end of chapter.

Sec. 5. RCW 75.50.110 and 1990 c 58 s 4 are each amended to read as follows:

(1) A regional fisheries enhancement group advisory board is established to make recommendations to the director. ~~((The advisory board shall make recommendations regarding regional enhancement group rearing project proposals and funding of those proposals.))~~ The members shall be appointed by the director

and consist of two commercial fishing representatives, two recreational fishing representatives, and three at-large positions. At least two of the advisory board members shall be members of a regional fisheries enhancement group. Advisory board members shall serve three-year terms. The advisory board membership shall include two members serving ex officio to be nominated, one through the Northwest Indian fisheries commission, and one through the Columbia river intertribal fish commission. The department shall invite the advisory board to comment and provide input into all relevant policy initiatives, including, but not limited to, wild stock, hatcheries, and habitat restoration efforts.

(2) Members shall not be compensated but shall receive reimbursement for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(3) The department may use account funds to provide agency assistance to the groups, to provide professional, administrative or clerical services to the advisory board, or to implement the training and technical services plan as developed by the advisory board pursuant to section 6 of this act. The level of account funds used by the department shall be determined by the director after review ~~(and)~~ of recommendation by the regional fisheries enhancement group advisory board and shall not exceed twenty percent of annual contributions to the account.

NEW SECTION. Sec. 6. A new section is added to chapter 75.50 RCW to read as follows:

(1) The regional fisheries enhancement group advisory board shall:

(a) Assess the training and technical assistance needs of the regional fisheries enhancement groups;

(b) Develop a training and technical assistance services plan in order to provide timely, topical technical assistance and training services to regional fisheries enhancement groups. The information clearinghouse service may include periodical news and informational bulletins;

(ii) An ongoing program in order to provide direct, on-site technical assistance and services to regional fisheries enhancement groups. (d) Make recommendations to the director regarding regional enhancement group project proposals and funding of those proposals; and

(e) Establish criteria for the redistribution of unspent project funds for any regional enhancement group that has a year ending balance exceeding one hundred thousand dollars.

(2) The regional fisheries enhancement group advisory board may:

(a) Facilitate resolution of disputes between regional fisheries enhancement groups and the department;

(b) Promote community and governmental partnerships that enhance the salmon resource and habitat;

The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.*

*A surcharge of one dollar shall be collected on each recreational personal use food fish license sold in the state. A surcharge of one hundred dollars shall be collected on each commercial salmon fishery license, each salmon delivery license, and each salmon charter license sold in the state. The department shall study methods for collecting and making available, an annual list, including names and addresses, of all persons who obtain recreational and commercial salmon fishing licenses. This list may be used to assist formation of the regional fisheries enhancement groups and allow the broadest participation of license holders in enhancement efforts. Passed the Senate April 18, 1995.

Passed the House April 10, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 4, 8, and 9, Engrossed Second Substitute Senate Bill No. 5064 entitled:

"AN ACT Relating to regional fisheries enhancement program;"

Engrossed Second Substitute Senate Bill No. 5064 makes changes to funding and assistance provided to regional fisheries enhancement groups. It will provide additional needed revenue to these groups by transferring funds from the sale of eggs and carcasses from state operated hatcheries to the regional enhancement group account.

Section 4 exempts regional fisheries enhancement groups and fish and wildlife cooperative fish habitat and fish passage projects from the state Shorelines Management Act. This language is substantially equivalent to that contained in Substitute Senate Bill No. 5155. Because Substitute Senate Bill No. 5155 provided this same exemption to all public groups, including regional fisheries enhancement groups, this section is unnecessary.

Section 8 of Engrossed Second Substitute Senate Bill No. 5064 requires the revenue from the sales of eggs and carcasses authorized under section 9 to be deposited into the regional fisheries enhancement group account. Section 9 directs the Department of Fish and Wildlife to establish a program that will allow each of the twelve regional fisheries enhancement groups to sell eggs and carcasses from fish returning to their group project. The revenue from these sales is deposited into the regional fisheries enhancement group account for reallocation to the group or groups sponsoring the project.

The Department of Fish and Wildlife is authorized under present law to sell eggs and carcasses from group projects. The revenue from these sales goes to the regional fisheries enhancement group account for reallocation to the group or groups sponsoring the project. Allowing each of the groups to individually undertake sales would make accountability more difficult and potentially jeopardize the department's present ability to dispose of carcasses from state owned facilities.

I am directing the Department of Fish and Wildlife to work with the regional fisheries enhancement groups to assure an appropriate level of income from the sales of eggs and carcasses and to assure distribution of those funds to these groups.

For these reasons, I have vetoed sections 4, 8, and 9 of Engrossed Second Substitute Senate Bill No. 5064

With the exception of sections 4, 8, and 9, Engrossed Second Substitute Senate Bill No. 5064 is approved."

### LIBRARY CAPITAL FACILITY AREAS

AN ACT Relating to library facilities; adding a new section to chapter 36.32 RCW; adding a new chapter to Title 27 RCW; and repealing RCW 27.14.010, 27.14.015, 27.14.020, 27.14.030, 27.14.035, 27.14.040, and 27.14.050.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** **Sec. 1.** The legislature finds that it is in the interests of the people of the state of Washington to be able to establish library capital facility areas as quasi-municipal corporations and independent taxing units existing within the boundaries of existing rural county library districts, rural intercounty library districts, rural partial-county library districts, or island library districts, for the purpose of financing the construction of capital library facilities.

**NEW SECTION.** **Sec. 2.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Library district" means rural county library district, rural intercounty library district, rural partial-county library district, or island library district.

(2) "Library capital facility area" means a quasi-municipal corporation and independent taxing authority within the meaning of Article VII, section I of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, created by a county legislative authority of one or

several counties. A library capital facility area may include all or a portion of a city or town.

(3) "Library capital facilities" includes both real and personal property including, but not limited to, land, buildings, site improvements, equipment, furnishings, collections, and all necessary costs related to acquisition, financing, design, construction, equipping, and remodeling.

**NEW SECTION. Sec. 3.** Upon receipt of a completed written request to both establish a library capital facilities area and submit a ballot proposition under section 6 of this act to finance library capital facilities, that is signed by a majority of the members of the board of trustees of a library district or board of trustees of a city or town library, the county legislative authority or county legislative authorities for the county or counties in which a proposed library capital facility area is to be established shall submit separate ballot propositions to voters to authorize establishing the proposed library capital facilities area and authorizing the library capital facilities area, if established, to finance library capital facilities by issuing general indebtedness and imposing excess levies to retire the indebtedness. The ballot propositions may only be submitted to voters at a general election. Approval of the ballot proposition to create a library capital facilities area shall be by a simple majority vote.

A completed request submitted under this section shall include: (1) A description of the boundaries of the library capital facility area; and (2) a copy of the resolution of the legislative authority of each city or town, and board of trustees of each library district, with territory included within the proposed library capital facilities area indicating both: (a) Its approval of the creation of the proposed library capital facilities area; and (b) agreement on how election costs will be paid for submitting ballot propositions to voters that authorize the library capital facilities area to incur general indebtedness and impose excess levies to retire the general indebtedness.

**NEW SECTION. Sec. 4.** The governing body of the library capital facility area shall be three members of the county legislative authority from each county in which the library capital facility area is located. In counties that have more than three members of their legislative body, the three members who shall serve on the governing body of the library capital facility area shall be chosen by the full membership of the county legislative authority. Where the library capital facility area is located in more than one county, a county may be represented by less than three members by mutual agreement of the legislative authorities of the participating counties.

**NEW SECTION. Sec. 5.** A library capital facilities area may construct, acquire, maintain, and remodel library capital facilities and the governing body of the library capital facility area may, by interlocal agreement or otherwise, contract with a county, city, town, or library district to design, administer the construction of, operate, or maintain a library capital facility financed pursuant to this chapter. Legal title to library capital facilities acquired or constructed

pursuant to this chapter may be transferred, acquired, or held by the library capital facility area or by a county, city, town, or library district in which the facility is located.

**NEW SECTION.** Sec. 6. (1) A library capital facility area may contract indebtedness or borrow money to finance library capital facilities and may issue general obligation bonds for such purpose not exceeding an amount, together with any existing indebtedness of the library capital facility area, equal to one and one-quarter percent of the value of the taxable property in the district and impose excess property tax levies to retire the general indebtedness as provided in RCW 39.36.050 if a ballot proposition authorizing both the indebtedness and excess levies is approved by at least three-fifths of the voters of the library capital facility area voting on the proposition, and the total number of voters voting on the proposition constitutes not less than forty percent of the total number of voters in the library capital facility area voting at the last preceding general election. The term "value of the taxable property" has the meaning set forth in RCW 39.36.015. Such a proposition may only be submitted to voters at a general election and may be submitted to voters at the same election as the election when the ballot proposition authorizing the establishing of the library capital facilities district is submitted.

(2) A library capital facility area may accept gifts or grants of money or property of any kind for the same purposes for which it is authorized to borrow money in subsection (1) of this section.

**NEW SECTION.** Sec. 7. (1) A library capital facility area may be dissolved by a majority vote of the governing body when all obligations under any general obligation bonds issued by the library capital facility area have been discharged and any other contractual obligations of the library capital facility area have either been discharged or assumed by another governmental entity.

(2) A library capital facility area shall be dissolved by the governing body if the first two ballot propositions under section 6 of this act that are submitted to voters are not approved.

**NEW SECTION.** Sec. 8. A new section is added to chapter 36.32 RCW to read as follows:

A county legislative authority may establish a library capital facility area pursuant to chapter 27.— RCW (sections 1 through 7 of this act).

The legislature finds that fire protection services at the state level are provided by different, independent state agencies. It is the intent of the legislature to consolidate fire protection services into a single state agency and to create a state board with the responsibility of (1) establishing a comprehensive state policy regarding fire protection services and (2) advising the ~~((director of community, trade, and economic development))~~ chief of the Washington state patrol and the director of fire protection on matters relating to their duties under state law. It is also the intent of the legislature that the fire protection services program created herein will assist local fire protection agencies in program development without encroaching upon their historic autonomy. It is the further intent of the legislature that the fire protection services program be implemented incrementally to assure a smooth transition, to build local, regional, and state capacity, and to avoid undue burdens on jurisdictions with limited resources.

Sec. 62. RCW 74.15.050 and 1986 c 266 s 123 are each amended to read as follows:

The ~~((director of community development))~~ chief of the Washington state patrol, through the director of fire protection, shall have the power and it shall be his or her duty:

(1) In consultation with the children's services advisory committee and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt recognized minimum standard requirements pertaining to each category of agency established pursuant to chapter 74.15 RCW and RCW 74.13.031, except foster-family homes and child-placing agencies, necessary to protect all persons residing therein from fire hazards;

(3) To make a periodic review of requirements under RCW 74.15.030~~((6))~~ (7) and to adopt necessary changes after consultation as required in subsection (1) of this section;

(4) To issue to applicants for licenses hereunder, other than foster-family homes or child-placing agencies, who comply with the requirements, a certificate of compliance, a copy of which shall be presented to the department of social

**Sec. 63.** RCW 74.15.080 and 1989 1st ex.s. c 9 s 266 are each amended to read as follows:

All agencies subject to chapter 74.15 RCW and RCW 74.13.031 shall accord the department of social and health services, the secretary of health, the (~~director of community development~~) chief of the Washington state patrol, and the director of fire protection, or their designees, the right of entrance and the privilege of access to and inspection of records for the purpose of determining whether or not there is compliance with the provisions of chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted thereunder.

**NEW SECTION.** **Sec. 64.** A new section is added to chapter 43.10 RCW to read as follows:

(1) The legislature finds that provisions for information systems relating to statistics and reporting for fire prevention, suppression, and damage control do not adequately address the needs of ongoing investigations of fire incidents where the cause is suspected or determined to be the result of negligence or otherwise suggestive of some criminal activity, particularly that of arson. It is the intent of the legislature to establish an information and reporting system designed specifically to assist state and local officers in conducting such investigations and, where substantiated, to undertake prosecution of individuals suspected of such activities.

(2)(a) In addition to the information provided by local officials about the cause, origin, and extent of loss in fires under chapter 48.48 RCW, there is hereby created the state arson investigation information system in the Washington state patrol.

(b) The chief of the Washington state patrol shall develop the arson investigation information system in consultation with representatives of the various state and local officials charged with investigating fires resulting from suspicious or criminal activities under chapter 48.48 RCW and of the insurance industry.

(d) All insurers required to report claim information under the provisions of chapter 48.50 RCW shall cooperate fully with any requests from the chief of the Washington state patrol in developing and maintaining the arson investigation information system. The confidentiality provisions of that chapter shall be fully enforced.

**Sec. 65.** RCW 52.12.031 and 1986 c 311 s 1 are each amended to read as follows:

Any fire protection district organized under this title may:

(6) Perform building and property inspections that the district deems necessary to provide fire prevention services and pre-fire planning within the district and any area that the district serves by contract in accordance with RCW 19.27.110: **PROVIDED**, That codes used by the district for building and property inspections shall be limited to the applicable codes adopted by the state, county, city, or town that has jurisdiction over the area in which the property is located. A copy of inspection reports prepared by the district shall be furnished by the district to the appropriate state, county, city, or town that has jurisdiction over the area in which the property is located: **PROVIDED**, That nothing in this subsection shall be construed to grant code enforcement authority to a district.

This subsection shall not be construed as imposing liability on any governmental jurisdiction;

(7) Determine the origin and cause of fires occurring within the district and any area the district serves by contract. In exercising the authority conferred by this subsection, the fire protection district and its authorized representatives shall comply with the provisions of RCW 48.48.060;

(8) Perform acts consistent with this title and not otherwise prohibited by law.

**NEW SECTION.** Sec. 66. NEW SECTION. Sec. 71. RCW 48.48.120 and 1947 c 79 s .33.12 are each repealed.

NEW SECTION. Sec. 72. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995.

Passed the Senate March 8, 1995.

Passed the House April 5, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 11 and 12, Engrossed Substitute Senate Bill No. 5093 entitled:

"AN ACT Relating to fire protection;"

Section 11 of Engrossed Substitute Senate Bill No. 5093 establishes the Chief of the State Patrol as responsible for declaring fire mobilizations under the Washington Fire Mobilization Plan (plan). As stated in the plan, this action is the responsibility of the state emergency management program.

Because the emergency management program has responsibility for compensating local jurisdictions under the plan and because the existing policy regarding the mobilization decision was developed after extensive discussion with representatives of affected fire and emergency management organizations, I believe that the state emergency management program should maintain control of the decision to mobilize fire resources. I expect that the emergency management program and the fire services program will continue to work together, following a mobilization decision, to ensure that resources are used in an effective and coordinated manner. Section 12 references the Chief of the State Patrol exercising mobilization authority and is, therefore, properly vetoed as a result of my action on section 11.

For these reasons, I have vetoed sections 11 and 12 of Engrossed Substitute Senate Bill No. 5093.

With the exception of sections 11 and 12, Engrossed Substitute Senate Bill No. 5093 is approved."

## CHAPTER 371

[Engrossed Substitute Senate Bill 5121]

### AGRICULTURAL SAFETY STANDARDS

AN ACT Relating to agricultural safety standards; adding new sections to chapter 49.17 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that:

(1) The state's highly productive and efficient agricultural sector is composed predominately of family-owned and managed farms and an industrious and efficient work force;

(2) A reasonable level of safety regulations is needed to protect workers;

(3) The smaller but highly efficient farming operations would benefit from safety rules that are easily referenced and agriculture-specific to the extent possible; and

(4) There should be lead time between the adoption of agriculture safety rules and their effective date in order to allow the department of labor and industries to provide training, education, and enhanced consultation services to family-owned and managed farms.

**NEW SECTION.** Sec. 2. A new section is added to chapter 49.17 RCW to read as follows:

(1)(a) Except as provided in (b) of this subsection, no rules adopted under this chapter amending or establishing agricultural safety standards shall take effect during the period beginning January 1, 1995, and ending January 15, 1996. This subsection applies, but is not limited to applying, to a rule adopted before January 1, 1995, but with an effective date which is during the period beginning January 1, 1995, and ending January 15, 1996, and to provisions of rules adopted prior to January 1, 1995, which provisions are to become effective during the period beginning January 1, 1995, and ending January 15, 1996.

(b) Subsection (1)(a) of this section does not apply to: Provisions of rules that were in effect before January 1, 1995; emergency rules adopted under RCW 34.05.350; or revisions to chapter 296-306 WAC regarding rollover protective structures that were adopted in 1994 and effective March 1, 1995, and that are additionally revised to refer to the variance process available under this chapter.

(2) The rules for agricultural safety adopted under this chapter must:

(a) Establish, for agricultural employers, an agriculture safety standard that includes agriculture-specific rules and specific references to the general industry safety standard adopted under chapter 49.17 RCW; and

(b) Exempt agricultural employers from the general industry safety standard adopted under chapter 49.17 RCW for all rules not specifically referenced in the agriculture safety standard.

(3) The department shall publish in one volume all of the occupational safety rules that apply to agricultural employers and shall make this volume available to all agricultural employers before January 15, 1996. This volume must be available in both English and Spanish.

(4) The department shall provide training, education, and enhanced consultation services concerning its agricultural safety rules to agricultural employers before the rules' effective dates. The training, education, and consultation must continue throughout the winter of 1995-1996. Training and education programs must be provided throughout the state and must be coordinated with agricultural associations in order to meet their members' needs.

(5) The department shall provide, for informational purposes, a list of commercially available rollover protective structures for tractors used in agricultural operations manufactured before October 25, 1976. The list must include the name and address of the manufacturer and the approximate price of the structure. Included with the list shall be a statement indicating that an employer may apply for a variance from the rules requiring rollover protective structures under this chapter and that variances may be granted in appropriate circumstances on a case-by-case basis. The statement shall also provide examples of circumstances under which a variance may be granted. The list and statement shall be generally available to the agricultural community before the department may take any action to enforce rules requiring rollover protective structures for tractors used in agricultural operations manufactured before October 25, 1976.

**\*NEW SECTION.** *Sec. 3. A new section is added to chapter 49.17 RCW to read as follows:*

*Other than rules published under section 2(3) of this act, the director may adopt, in accordance with chapter 34.05 RCW, rules concerning agriculture safety, other than emergency rules, only:*

*(1) As specifically required by federal law, and only to the extent specifically required; or*

*(2) As specifically authorized by statute enacted after the effective date of this section.*

*\*Sec. 3 was vetoed. See message at end of chapter.*

**NEW SECTION.** *Sec. 4. Section 2(1) of this act is remedial in nature and applies to rules and provisions of rules regarding agricultural safety that would take effect after December 31, 1994.*

Passed the Senate April 21, 1995.

Passed the House April 20, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, Engrossed Substitute Senate Bill No. 5121 entitled:

"AN ACT Relating to agricultural safety standards;"

Engrossed Substitute Senate Bill No. 5121 is very good legislation which makes a number of changes related to agricultural safety standards. It provides equal treatment for farm workers in the area of workplace safety standards and provides technical assistance for agricultural employers.

However, section 3 of this bill prohibits the adoption of additional safety rules by the Department of Labor and Industries (L&I) unless those rules are mandated by federal law, or are specifically authorized by the legislature. I believe this section represents an unwise change in policy and creates a situation where agricultural workers do not receive protections equal to those of other workers. The federal Occupational Safety and Health Act of 1970 (OSHA) establishes minimum safety standards that states must meet or exceed for all workers. Section 3 would establish OSHA rules not as a minimum standard, as is the case for other workers, but as a maximum standard for farm worker safety.

Farm workers are an integral part of the state's labor force. They are entitled to the same respect and safe working conditions enjoyed by all other workers. By restricting rule making activities, section 3 undermines the worker protective policy embodied in the Washington Industrial Safety and Health Act. In addition, it would unnecessarily inhibit L&I from taking action to simplify rules, improve current practices, lessen regulatory burdens, respond to changes in agricultural technology or techniques, and respond to issues brought forth by industry.

For these reasons, I am vetoing section 3 of Engrossed Substitute Senate Bill No. 5121.

With the exception of section 3, Engrossed Substitute Senate Bill No. 5121 is approved."

## CHAPTER 372

[Second Substitute Senate Bill 5157]

### CHINOOK AND COHO SALMON—EXTERNAL MARKING OF HATCHERY-PRODUCED FISH

AN ACT Relating to conspicuous external marking of hatchery produced chinook salmon and coho salmon; amending RCW 82.27.010; adding new sections to Title 75 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature declares that the state has a vital interest in the continuation of recreational fisheries for chinook salmon and coho salmon in mixed stock areas, and that the harvest of hatchery origin salmon should be encouraged while wild salmon should be afforded additional protection when required. A program of selective harvest shall be developed utilizing hatchery salmon that are externally marked in a conspicuous manner, regulations that promote the unharmed release of unmarked fish, when and where appropri-

ate, and a public information program that educates the public about the need to protect depressed stocks of wild salmon.

The legislature further declares that the establishment of other incentives for commercial fishing and fish processing in Washington will complement the program of selective harvest in mixed stock fisheries anticipated by this legislation.

**NEW SECTION. Sec. 2.** The department shall mark appropriate coho salmon that are released from department operated hatcheries and rearing ponds in such a manner that the fish are externally recognizable as hatchery origin salmon by fishers for the purpose of maximized catch while sustaining wild and hatchery reproduction.

The department shall mark all appropriate chinook salmon targeted for contribution to the Washington catch that are released from department operated hatcheries and rearing ponds in such a manner that the fish are externally recognizable as hatchery origin salmon by fishers.

The goal of the marking program is the annual marking by June 30, 1997, of all appropriate hatchery origin chinook and coho salmon produced by the department with marking to begin with the 1994 Puget Sound coho brood. The department may experiment with different methods for marking hatchery salmon with the primary objective of maximum survival of hatchery marked fish, maximum contribution to fisheries, and minimum cost consistent with the other goals.

The department shall coordinate with other entities that are producing hatchery chinook and coho salmon for release into public waters to enable the broadest application of the marking program to all hatchery produced chinook and coho salmon. The ultimate goal of the program is the coast-wide marking of appropriate hatchery origin chinook and coho salmon, and the protection of all wild chinook and coho salmon, where appropriate.

**NEW SECTION. Sec. 3.** The department shall adopt rules to control the mixed stock chinook and coho fisheries of the state so as to sustain healthy stocks of wild salmon, allow the maximum survival of wild salmon, allow for spatially separated fisheries that target on hatchery stocks, foster the best techniques for releasing wild chinook and coho salmon, and contribute to the economic viability of the fishing businesses of the state.

**Sec. 4.** RCW 82.27.010 and 1985 c 413 s 1 are each amended to read as follows:

As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Enhanced food fish" includes all species of food fish, except all species of tuna, mackerel, and jack; shellfish(±); and anadromous game fish, including byproducts and parts thereof, originating within the territorial and adjacent waters of Washington and salmon originating from within the territorial and adjacent waters of Oregon, Washington, and British Columbia, and all troll-caught

Chinook salmon originating from within the territorial and adjacent waters of southeast Alaska. As used in this subsection, "adjacent" waters of Oregon, Washington, and Alaska are those comprising the United States fish conservation zone; "adjacent" waters of British Columbia are those comprising the Canadian two hundred mile exclusive economic zone; and "southeast Alaska" means that portion of Alaska south and east of Cape Suckling to the Canadian border. For purposes of this chapter, point of origination is established by a document which identifies the product and state or province in which it originates, including, but not limited to fish tickets, bills of lading, invoices, or other documentation required to be kept by governmental agencies.

(2) "Commercial" means related to or connected with buying, selling, bartering, or processing.

(3) "Possession" means the control of enhanced food fish by the owner and includes both actual and constructive possession. Constructive possession occurs when the person has legal ownership but not actual possession of the enhanced food fish.

(4) "Anadromous game fish" means steelhead trout and anadromous cutthroat trout and Dolly Varden char and includes byproducts and also parts of anadromous game fish, whether fresh, frozen, canned, or otherwise.

(5) "Landed" means the act of physically placing enhanced food fish (a) on a tender in the territorial waters of Washington; or (b) on any land within or without the state of Washington including wharves, piers, or any such extensions therefrom.

**NEW SECTION.** Sec. 5. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act shall be null and void.

**NEW SECTION.** Sec. 6. Sections 1 through 3 of this act are each added to Title 75 RCW.

Passed the House April 20, 1995.

Approved by the Governor May 16, 1995.

[Engrossed Substitute Senate Bill 5190]

### TATTOOING OF MINORS

AN ACT Relating to tattooing of minors; adding a new section to chapter 26.28 RCW; and prescribing penalties.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. A new section is added to chapter 26.28 RCW to read as follows:

Every person who applies a tattoo to any minor under the age of eighteen is guilty of a misdemeanor. It is not a defense to a violation of this section that the person applying the tattoo did not know the minor's age unless the person applying the tattoo establishes by a preponderance of the evidence that he or she made a reasonable, bona fide attempt to ascertain the true age of the minor by requiring production of a driver's license or other picture identification card or paper and did not rely solely on the oral allegations or apparent age of the minor.

For the purposes of this section, "tattoo" includes any permanent marking or coloring of the skin with any pigment, ink, or dye, or any procedure that leaves a visible scar on the skin. Medical procedures performed by a licensed physician are exempted from this section.

Sec. 38. RCW 15.53.9018 and 1982 c 177 s 3 are each amended to read as follows:

~~(1) ((On or after June 30, 1984,))~~ Except as provided in subsection (4) of this section, each initial distributor of a commercial feed in this state shall pay to the department an inspection fee on all commercial feed sold by such person during the year. The fee shall be not less than four cents nor more than ((fourteen)) twelve cents per ton as prescribed by the director by rule: PROVIDED, That such fees shall be used for routine enforcement ((of RCW 15.53.9022 and for analysis for contaminants only when the department has reasonable cause to believe any lot of feed or any feed ingredient is adulterated)) and administration of this chapter and rules adopted under this chapter.

~~(2) ((In computing the tonnage on which the inspection fee must be paid, sales of: (a) Commercial feed to other feed registrants;))~~ An inspection fee is not required for: (a) Commercial feed distributed by a person having proof that inspection fees have been paid by his or her supplier (manufacturer); (b) commercial feed in packages weighing less than ten pounds; (c) commercial feed for shipment to points outside this state; (d) food processing byproducts from fruit, vegetable, or potato processing plants, freezing or dehydrating facilities, or juice or jelly preserving plants; and (e) ((unmixed seed, whole or processed, made directly from the entire seed; (f) unground hay, straw, stover, silage, cobs;

The exemption for byproducts provided by this subsection does not apply to byproducts or products of sugar refineries or to materials used in the preparation of pet foods)).~~

(3) Tonnage will be reported and inspection fees will be paid on (a) byproducts or products of sugar refineries; (b) materials used in the preparation of pet foods and specialty pet food.

(4) When more than one distributor is involved in the distribution of a commercial feed, the ((last registrant or)) initial distributor ((who distributes to a nonregistrant (dealer or consumer))) is responsible for reporting the tonnage and paying the inspection fee, unless ((the reporting and paying of fees have been made by a prior distributor of the feed)) this sale or transaction is made to an exempt buyer.

~~((4))~~ (5) Each person made responsible by this chapter for the payment of inspection fees for commercial feed sold in this state shall file a report with the department on January 1st and July 1st of each year showing the number of tons of such commercial feed sold during the six calendar months immediately preceding the date the report is due. The proper inspection fee shall be remitted with the report. The person required to file the report and pay the fee shall have a thirty-day period of grace immediately following the day the report and payment are due to file the report, and pay the fee. Upon permission of the department, an annual statement under oath may be filed by any person distributing within the state less than one hundred tons for each six-month period during any year, and upon filing such statement such person shall pay the inspection fee at the rate provided for in subsection (1) of this section. The minimum inspection fee shall be twelve dollars and fifty cents for each six-month reporting period or twenty-five dollars if reporting annually.

~~((5) Each distributor shall keep such reasonable and practical records as may be necessary or required by the department to indicate accurately the tonnage of commercial feed distributed in this state, and the department has the right to examine such records to verify statements of tonnage. Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided herein constitutes a violation of this chapter, and may result in the issuance of an order for "withdrawal from distribution" on any commercial feed being subsequently distributed.~~

~~(6) Inspection fees which are due and owing and have not been remitted to the department within thirty days following the due date shall have a collection fee of ten percent, but not less than ten dollars, added to the amount due when payment is finally made. The assessment of this collection fee shall not prevent the department from taking other actions as provided for in this chapter.~~

~~(7))~~ (6) For the purpose of determining accurate tonnage of commercial feed distributed in this state or to identify or verify semiannual tonnage reports,

the department may require each registrant or licensee, or both, to maintain records or file additional reports.

(7) The department may examine at reasonable times the records maintained under this section. Records shall be maintained in usable condition by the registrant or licensee for a period of two years unless by rule this retention period is extended.

(8) The registrant or licensee shall maintain records required under this section and submit these records to the department upon request.

(9) Any person responsible for reporting tonnage or paying inspection fees who fails to do so before the thirty-first day following the last day of each reporting period, shall pay a penalty equal to fifteen percent of the inspection fee due or fifty dollars, whichever is greater. The penalty, together with any delinquent inspection fee is due before the forty-first day following the last day of each reporting period. The department may cancel registration of a registrant or may revoke a license of a licensee who fails to pay the penalty and delinquent inspection fees within that time period. The applicant or licensee may request a hearing as authorized under chapter 34.05 RCW.

(10) The report required by subsection ~~((4))~~ (5) of this section shall not be a public record, and it is a misdemeanor for any person to divulge any information given in such report which would reveal the business operation of the person making the report: PROVIDED, That nothing contained in this subsection shall be construed to prevent or make unlawful the use of information concerning the business operation of a person if any action, suit, or proceeding instituted under the authority of this chapter, including any civil action for collection of unpaid inspection fees, which action is hereby authorized and which shall be as an action at law in the name of the director of the department.

(5) If it is, or it bears or contains any color additive which is unsafe within the meaning of section 706 of the Federal Food, Drug, and Cosmetic Act; or

In adopting such rules, the department shall adopt the current good manufacturing practice regulations for type A medicated articles and type B and type C medicated feeds established under authority of the Federal Food, Drug, and Cosmetic Act, unless the department determines that they are not appropriate to the conditions that exist in this state;

In the adopting of such ~~((regulations))~~ rules the department may consider commonly accepted definitions such as those issued by nationally recognized associations or groups of feed control officials;
- (5) If any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;
- (6) If its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling.

**Sec. 41.** RCW 15.53.9024 and 1965 ex.s. c 31 s 9 are each amended to read as follows:

~~(1) ((It shall be the duty of the department to sample, inspect, make analysis of, and test commercial feed distributed within this state at such time and place and to such an extent as it may deem necessary to determine whether such feeds are in compliance with the provisions of this chapter. The department is authorized to stop any commercial vehicle transporting feed on the public highways and direct it to the nearest scales approved by the department to check weights of feeds being delivered. The department is also authorized, upon presentation of proper identification, to enter any distributor's premises including any vehicle of transport at all reasonable times in order to have access to commercial feed and to records relating to their distribution. This includes the determining of the weight of packages and bulk shipments.~~

~~(2) The methods of sampling and analysis shall be those adopted by the department from officially recognized sources.~~

(3)) For the purpose of enforcement of this chapter, and in order to determine whether its provisions have been complied with, including whether an operation is subject to such provisions, inspectors duly designated by the director, upon presenting appropriate credentials, and a written notice to the owner, operator, or agent in charge, are authorized (a) to enter, during normal business hours, a factory, warehouse, or establishment within the state in which

commercial feeds are manufactured, processed, packed, or held for distribution, or to enter a vehicle being used to transport or hold such feeds; and (b) to inspect at reasonable times and within reasonable limits and in a reasonable manner, such factory, warehouse, establishment, or vehicle and all pertinent equipment, finished and unfinished materials, containers, and labeling. The inspection may include the verification of only such records, and production and control procedures as may be necessary to determine compliance with the current good manufacturing practice regulations established under RCW 15.53.902(9) and rules adopted under good manufacturing practices for feeds to include nonmedicated feeds.

(2) A separate notice shall be given for each such inspection, but a notice is not required for each entry made during the period covered by the inspection. Each such inspection shall be commenced and completed with reasonable promptness. Upon completion of the inspection, the person in charge of the facility or vehicle shall be so notified.

(3) If the inspector or employee making such inspection of a factory, warehouse, or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises, he or she shall give to the owner, operator, or agent in charge, a receipt describing the samples obtained.

(4) If the owner of a factory, warehouse, or establishment described in subsection (1) of this section, or his or her agent, refuses to admit the director or his or her agent to inspect in accordance with subsections (1) and (2) of this section, the director or his or her agent is authorized to obtain from any court of competent jurisdiction a warrant directing such owner or his or her agent to submit the premises described in the warrant to inspection.

(5) For the enforcement of this chapter, the director or his or her duly assigned agent is authorized to enter upon any public or private premises including any vehicle of transport during regular business hours to have access to, and to obtain samples, and to examine records relating to distribution of commercial feeds.

(6) Sampling and analysis shall be conducted in accordance with methods published by the association of official analytical chemists, or in accordance with other generally recognized methods.

(7) The results of all analyses of official samples shall be forwarded by the department to the person named on the label and to the purchaser, if known. If the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded and upon request within thirty days following the receipt of the analysis, the department shall furnish to the registrant or licensee a portion of the sample concerned. If referee analysis is requested, a portion of the official sample shall be furnished by the department and shall be sent directly to an independent lab agreed to by all parties.

(8) The department, in determining for administrative purposes whether a feed is deficient in any component, shall be guided solely by the official sample

as defined in RCW 15.53.901(~~((43))~~) (20) and obtained and analyzed as provided for in this section.

~~((4) When the inspection and analysis of an official sample has been made the results of analysis shall be forwarded by the department to the distributor and to the purchaser if known. (2) Any lot of commercial feed not in compliance with the provisions and (~~(regulations)~~) rules is subject to seizure on complaint of the department to a court of competent jurisdiction in the area in which the commercial feed is located. If the court finds the commercial feed to be in violation of this chapter and orders the condemnation of the commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the state. The court shall first give the claimant an opportunity to apply to the court for release of the commercial feed or for permission to process or relabel the commercial feed to bring it into compliance with this chapter.

**NEW SECTION.** **Sec. 61.** A new section is added to chapter 43.23 RCW to read as follows:

For purposes of this chapter:

- (1) "Department" means department of agriculture;

**NEW SECTION.** **Sec. 62.** A new section is added to chapter 43.23 RCW to read as follows:

Except as otherwise specified by law, the director or his or her designee has the authority to retain collection agencies licensed under chapter 19.16 RCW for the purposes of collecting unpaid penalties, assessments, and other debts owed to the department.

The director or his or her designee may also collect as costs moneys paid to the collection agency as charges, or in the case of credit cards or financial

**NEW SECTION. Sec. 63.** A new section is added to chapter 43.23 RCW to read as follows:

In the event any person fails to pay the department the full amount of such assessment or such other sum on or before the date due, the department may, and is hereby authorized to, add to such unpaid assessment or other sum an amount not exceeding ten percent of the same to defray the cost of enforcing the collecting of the same. **Sec. 66.** RCW 15.58.070 and 1994 c 46 s 1 are each amended to read as follows:

dollars for each additional pesticide registered. In addition, the department may establish by rule a registration fee not to exceed ten dollars for each registered product labeled and intended for home and garden use only.

(2) The revenue generated by the pesticide registration fees shall be deposited in the agricultural local fund to support the activities of the pesticide program within the department. The revenue generated by the home and garden use only fees shall be deposited in the agriculture—local fund, to be used to assist in funding activities of the pesticide incident reporting and tracking review panel.

(3) All pesticide registrations expire on December 31st of each year. A registrant may elect to register a pesticide for a two-year period by prepaying for a second year at the time of registration.

~~((3))~~ (5) Any registration approved by the director and in effect on the 31st day of December for which a renewal application has been made and the proper fee paid, continues in full force and effect until the director notifies the applicant that the registration has been renewed, or otherwise denied in accord with the provision of RCW 15.58.110.

NEW SECTION. Sec. 67. A new section is added to chapter 15.58 RCW to read as follows:

All license fees collected under this chapter shall be paid to the director for use exclusively in the enforcement of this chapter.

NEW SECTION. Sec. 68. RCW 15.58.410 and 1971 ex.s. c 190 s 41 are each repealed.

Sec. 69. RCW 16.24.130 and 1975 1st ex.s. c 7 s 16 are each amended to read as follows:

The brand inspector shall cause to be published once in a newspaper published in the county where the animal was found, a notice of the impounding.

The notice shall state:

(1) A description of the animal, including brand, tattoo or other identifying characteristics;

(2) When and where found;

(3) Where impounded; and

(4) That if unclaimed, the animal will be sold at a public livestock market sale or other public sale, and the date of such sale: PROVIDED, That if no newspaper shall be published in such county, copies of the notice shall be posted at four commonly frequented places therein.

If the animal is marked with a brand or tattoo which is registered with the director of agriculture, the brand inspector, on or before the date of publication or posting, shall send a copy of the notice to the owner of record by registered mail.

**Sec. 70.** RCW 16.24.150 and 1975 1st ex.s. c 7 s 17 are each amended to read as follows:

If no person shall claim the animal within ten days after the date of publication or posting of the notice, it shall be sold at the next succeeding public livestock market sale to be held at the sales yard where impounded, provided that in the director's discretion the department of agriculture may otherwise cause the animal to be sold at public sale.

The legislature intends this to be a clarification of existing law; therefore, this section shall have retroactive effect as of December 1, 1994.

**Sec. 71.** RCW 15.76.140 and 1965 ex.s. c 32 s 1 are each amended to read as follows:

(1) Before any agricultural fair may become eligible for state allocations it must have conducted two successful consecutive annual fairs immediately preceding application for such allocations, and have its application therefor approved by the director.

(2) Beginning January 1, 1994, and until June 30, 1997, the director may waive this requirement for an agricultural fair that through itself or its predecessor sponsoring organization has successfully operated at least two years as a county fair, has received a funding allocation as a county fair under this act for those two years, and that reorganizes as an area fair.

**NEW SECTION. Sec. 72.** The legislature finds that in Washington, the loss of state lands from productive use due to infestation by noxious weeds is a major public concern.

It is the intent of the legislature that serious and fundamental policy direction be given to state agencies to:

(1) Ensure that state lands set an example of excellence in noxious weed control and eradication on state lands;

(2) Halt the spread of noxious weeds from state to private lands;

(3) Recognize that state agencies are ultimately responsible for noxious weed control on state land, regardless of type, timing, or amount of use;

(4) Recognize that the public is not well served by the spread of noxious weeds on state lands, in part, because of the decrease in wildlife habitat and loss of land productivity.

The legislature further finds that biological control agents represent one of the only cost-effective control measures for existing, widespread noxious weed

infestations. Members of the genus *Centaurea*, commonly referred to as knapweeds, currently infest and destroy the productivity of hundreds of thousands of acres in Washington.

**NEW SECTION.** Sec. 73. The state noxious weed control board shall develop a study to determine the cost of controlling weeds on state-owned or managed lands, included along state-owned rights of way. The board may conduct the study, or may contract with either public or private agencies to conduct and complete the study. The departments of natural resources, transportation, and fish and wildlife, and the parks and recreation commission shall cooperate with the weed board or the contractor in the study.

As part of the study, the state noxious weed control board shall identify those weed species that are practical to control and should be controlled. The board shall also identify the impacts and estimate the costs of not controlling these weeds. The board may exclude from the study those weeds that, due to high cost or impracticality, cannot be controlled on private lands. The board shall develop a prioritized list of weeds that are practical to control and that should be controlled on state-owned and managed lands.

**NEW SECTION.** Sec. 74. The state noxious weed control board shall study alternative funding mechanisms for Washington's noxious weed control program. The departments of natural resources, transportation, and fish and wildlife, and the parks and recreation commission shall cooperate with the weed board in the study. As part of the study, the state noxious weed control board shall identify the impacts and costs of each alternative. Funding alternatives shall address weed control needs of private citizens, local governments, county weed boards, state agencies, the state noxious weed control board, and federal agencies.

**NEW SECTION.** Sec. 75. A new section is added to chapter 17.10 RCW to read as follows:

All state agencies shall control noxious weeds on lands they own, lease, or otherwise control. Agencies shall develop plans to control noxious weeds in accordance with standards in this chapter. All state agencies' lands must comply with this chapter, regardless of noxious weed control efforts on adjacent lands. County noxious weed control boards shall assist landowners to meet and exceed the standards on state lands.

**NEW SECTION.** Sec. 76. (1) The standing committee on agriculture and agricultural trade and development of the senate and the standing committee on agriculture and ecology of the house of representatives shall jointly study land leasing practices of state agencies in regard to weed control and report their findings to the legislature in 1996.

(2) State agencies shall list noxious weed control projects in their respective jurisdictions in order of priority, along with their plans to control these infestations, and shall submit the lists and plans to the legislative committees

identified in subsection (1) of this section before the beginning of the 1996 regular session of the legislature.

**Sec. 77.** RCW 17.10.240 and 1987 c 438 s 31 are each amended to read as follows:

The activated county noxious weed control board of each county shall annually submit a budget to the county legislative authority for the operating cost of the county's weed program for the ensuing fiscal year: PROVIDED, That if the board finds the budget approved by the legislative authority is insufficient for an effective county noxious weed control program it shall petition the county legislative authority to hold a hearing as provided in RCW 17.10.890. Control of weeds is a special benefit to the lands within any such section. Funding for the budget shall be derived from ~~((either or both))~~ any or all of the following:

(1) The county legislative authority may, in lieu of a tax, levy an assessment against the land for this purpose. Prior to the levying of an assessment the county noxious weed control board shall hold a public hearing at which it shall gather information to serve as a basis for classification and shall then classify the lands into suitable classifications, including but not limited to dry lands, range lands, irrigated lands, nonuse lands, forest lands, or federal lands. The board shall develop and forward to the county legislative authority, as a proposed level of assessment for each class, such an amount as shall seem just. The assessment rate shall be either uniform per acre in its respective class or a flat rate per parcel rate plus a uniform rate per acre: PROVIDED, That if no special benefits should be found to accrue to a class of land, a zero assessment may be levied. The legislative authority, upon receipt of the proposed levels of assessment from the board, after a hearing, shall accept, modify, or refer back to the board for its reconsideration all or any portion of the proposed levels of assessment. The findings by the county legislative authority of such special benefits, when so declared by resolution and spread upon the minutes of said authority shall be conclusive as to whether or not the same constitutes a special benefit to the lands within the section. The amount of such assessment shall constitute a lien against the property. The county legislative authority may by resolution or ordinance require that notice of the lien be sent to each owner of property for which the assessment has not been paid by the date it was due and that each such lien created shall be collected by the treasurer in the same manner as delinquent real property tax, if within thirty days from the date the owner is sent notice of the lien, including the amount thereof, the lien remains unpaid and an appeal has not been made pursuant to RCW 17.10.180. Liens treated as delinquent taxes shall bear interest at the rate of twelve percent per annum and such interest shall accrue as of the date notice of the lien is sent to the owner: PROVIDED FURTHER, That any collections for such lien shall not be considered as tax; or

(2) The county legislative authority may appropriate money from the county general fund necessary for the administration of the county noxious weed control program. In addition the county legislative authority may make emergency appropriations as it deems necessary for the implementation of this chapter.

(3) Forest lands used solely for the planting, growing, or harvesting of trees and which are typified, except during a single period of five years following clear-cut logging, by canopies so dense as to prohibit growth of an understory may be subject to an annual noxious weed assessment levied by a county legislative authority that shall not exceed one-tenth of the weighted average per acre noxious weed assessment levied on all other lands in unincorporated areas within the county that are subject to the weed assessment. This assessment shall be computed in accordance with the formula in subsection (4) of this section.

(4) The calculation of the "weighted average per acre noxious weed assessment" shall be a ratio expressed as follows: (a) The numerator shall be the total amount of funds estimated to be collected from the per acre assessment on all lands except (i) forest lands as identified in subsection (3) of this section, (ii) lands exempt from the noxious weed assessment, and (iii) lands located in an incorporated area. (b) The denominator shall be the total acreage from which funds in (a) of this subsection are collected. For lands of less than one acre in size, the denominator calculation may be based on the following assumptions: (i) Unimproved lands shall be calculated as being one-half acre in size on the average, and (ii) improved lands shall be calculated as being one-third acre in size on the average. The county legislative authority may choose to calculate the denominator for lands of less than one acre in size using other assumptions about average parcel size based on local information.

(5) For those counties that levy a per parcel assessment to help fund noxious weed control programs, the per parcel assessment on forest lands as defined in subsection (3) of this section shall not exceed one-tenth of the per parcel assessment on nonforest lands.

**NEW SECTION. Sec. 78.** The sum of thirty thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund for the biennium ending June 30, 1997, to Washington State University for the use of the cooperative extension service in the selection, testing, and production of biological control agents for knapweed species on the state noxious weed list adopted under RCW 17.10.080, with the intent of improving field availability of these agents.

**NEW SECTION. Sec. 79.** The sum of twenty thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund for the biennium ending June 30, 1997, to the state noxious weed control board to study, or contract for a study, on the cost of controlling weeds on state-owned or managed lands.

**NEW SECTION. Sec. 80.** Sections 8 through 19 of this act shall constitute a new chapter in Title 69 RCW.

**NEW SECTION. Sec. 81.** Sections 1 through 47, 50 through 53, and 59 through 68 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 30, 1995.

**NEW SECTION. Sec. 82.** Sections 69, 70, and 72 through 79 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

## CHAPTER 375

[Second Substitute Senate Bill 5387]

### TAXATION OF NEW AND REHABILITATED MULTIPLE-UNIT DWELLINGS IN URBAN CENTERS

AN ACT Relating to taxation of new and rehabilitated multiple-unit housing in urban centers; and adding a new chapter to Title 84 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** The legislature finds:

(1) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, and livable places to live were available;

(2) That the development of additional and desirable residential units in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

(3) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking sufficient residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities within urban centers through a tax incentive as provided by this chapter.

**NEW SECTION. Sec. 2.** It is the purpose of this chapter to encourage increased residential opportunities in cities that are required to plan or choose to plan under the growth management act within urban centers where the legislative body of the affected city has found there is insufficient housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities within these urban centers. To achieve these purposes, this chapter provides for special

valuations for eligible improvements associated with multiunit housing in residentially deficient urban centers.

**NEW SECTION. Sec. 3.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means a city or town with a population of at least one hundred fifty thousand located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(8) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.

(9) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(10) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

***\*NEW SECTION. Sec. 4. The provisions of this chapter relating to special valuation apply only to locally designated residential targeted areas of those cities planning under the growth management act.***

**\*Sec. 4 was vetoed. See message at end of chapter.**

**NEW SECTION. Sec. 5.** (1) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, for ten successive years beginning January 1 of the year immediately following the calendar year after issuance of the certificate of tax exemption eligibility. However, the exemption does not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(2) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(3) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

**NEW SECTION. Sec. 6.** An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. In the case of existing occupied multifamily development, the multifamily housing must also provide for a minimum of four additional multifamily units. Existing multifamily vacant housing that has been vacant for twelve months or more does not have to provide additional multifamily units;

(4) New construction multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application;

(5) Property proposed to be rehabilitated must be vacant at least twelve months before submitting an application and fail to comply with one or more

standards of the applicable state or local building or housing codes on or after the effective date of this section; and

(6) The applicant must enter into a contract with the city approved by the governing body under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority.

**NEW SECTION. Sec. 7.** (1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing to meet the needs of the public who would be likely to live in the urban center, if the desirable, attractive, and livable places to live were available; and

(c) The providing of additional housing opportunity in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority shall give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority shall adopt standards and guidelines to be utilized in considering applications and making the determinations required under section 9 of this act. The standards and guidelines must establish basic requirements for both new construction and rehabilitation including application process and procedures. These guidelines may include the following:

(a) Requirements that address demolition of existing structures and site utilization; and

(b) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing

surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

**NEW SECTION.** Sec. 8. An owner of property seeking tax incentives under this chapter must complete the following procedures:

(1) In the case of rehabilitation or where demolition or new construction is required, the owner shall secure from the governing authority or duly authorized agent, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building and housing codes;

(2) In the case of new and rehabilitated multifamily housing, the owner shall apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including the floor plan of units and other information requested;

(c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(3) The applicant must verify the application by oath or affirmation; and

(4) The application must be made on or before April 1 of each year, and must be accompanied by the application fee, if any, required under section 10 of this act. The governing authority may permit the applicant to revise an application before final action by the governing authority.

**NEW SECTION.** Sec. 9. The duly authorized administrative official or committee of the city may approve the application if it finds that:

(1) A minimum of four new units are being constructed or in the case of occupied rehabilitation or conversion a minimum of four additional multifamily units are being developed;

(2) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(3) The owner has complied with all standards and guidelines adopted by the city under this chapter; and

(4) The site is located in a residential targeted area of an urban center that has been designated by the governing authority in accordance with procedures and guidelines indicated in section 7 of this act.

**NEW SECTION.** Sec. 10. (1) The governing authority or an administrative official or commission authorized by the governing authority shall approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city shall issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in section 8 of this act.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission shall state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority will be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's decision. The decision of the governing body in denying or approving the application is final.

**NEW SECTION. Sec. 11.** The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee must be paid at the time the application for limited exemption is filed. If the application is approved, the governing authority shall pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority may retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

**NEW SECTION. Sec. 12.** (1) Upon completion of rehabilitation or new construction for which an application for limited exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner shall file with the city the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city shall determine whether the work completed is consistent with the application and the

contract approved by the governing authority and is qualified for limited exemption under this chapter. The city shall also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for limited exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city determines that improvements were constructed consistent with the application and other applicable requirements and the owner's property is qualified for limited exemption under this chapter, the city shall file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city shall notify the applicant that a certificate of tax exemption is not going to be filed if the representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements; or

(c) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city to the owner of the decision being challenged.

**NEW SECTION.** Sec. 13. Thirty days after the anniversary of the date of the certificate of tax exemption and each year for a period of ten years, the owner of the rehabilitated or newly constructed property shall file with a designated agent of the city an annual report indicating the following:

(1) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the twelve months ending with the anniversary date;

(2) A certification by the owner that the property has not changed use since the date of the certificate approved by the city; and

(3) A description of changes or improvements constructed after issuance of the certificate of tax exemption.

**NEW SECTION. Sec. 14.** (1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from date of issuance of the certificate of tax exemption. If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination

to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

**NEW SECTION. Sec. 15.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 16.** Sections 1 through 15 of this act shall constitute a new chapter in Title 84 RCW.

Passed the Senate April 19, 1995.

Passed the House April 13, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 4, Second Substitute Senate Bill No. 5387 entitled:

"AN ACT Relating to taxation of new and rehabilitated multiple-unit housing in urban centers;"

Second Substitute Senate Bill No. 5387 represents an attempt to increase the availability of residential housing in urban areas.

I have concerns with this bill. No provision is included to prevent the erosion of low-income housing as property owners seek the benefit of the special valuation and build new housing or renovate existing housing stocks. Neither is any attempt made to mitigate the impact on low-income tenants who must relocate if their current residence is renovated.

It is clearly the intent of the legislature to provide local governments flexibility in determining specific building requirements to address the public interest in a number of areas related to real estate use and urban development. It is hard to imagine, given the history of the discussions which led to this legislation, that the legislature intended to ignore the pressing need to maintain the state's supply of low-income housing. In signing this bill, it is my expectation that local jurisdictions ensure that the amount of low-income housing is not eroded and that low-income tenants do not bear the burden of relocating when a property owner enjoys the benefit of the special valuation created by this law.

Section 4 of Second Substitute Senate Bill No. 5387 restates limitations contained in separate sections of the bill. Section 4 limits the use of the special valuations authorized under the act to applicants within locally designated residential targeted areas of cities planning under the Growth Management Act. Section 3(1) limits the definition of a city to a city or town of 150,000 population planning under the Growth Management Act. Section 6(1) requires applicants for the special valuation to be located in a residential targeted area designated by a city. Because the limitations in section 4 are addressed elsewhere, this provision is unnecessary.

For this reason, I have vetoed section 4 of Second Substitute Senate Bill No. 5387.

With the exception of section 4, Second Substitute Senate Bill No. 5387 is approved."

## CHAPTER 376

[Engrossed Second Substitute Senate Bill 5448]

### PUBLIC WATER SYSTEMS REGULATION

AN ACT Relating to public water systems; amending RCW 70.116.060, 70.119A.060, 70.119.020, 70.119.030, 70.116.050, 70.119A.040, 70.119A.130, 43.155.050, 70.116.070, 56.08.200, and 57.08.180; reenacting and amending RCW 80.04.110; adding new sections to chapter 70.119A RCW; creating a new section; prescribing penalties; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Protection of the state's water resources, and utilization of such resources for provision of public water supplies, requires more efficient and effective management than is currently provided under state law;

(2) The provision of public water supplies to the people of the state should be undertaken in a manner that is consistent with the planning principles of the growth management act and the comprehensive plans adopted by local governments under the growth management act;

(3) Small water systems have inherent difficulties with proper planning, operation, financing, management and maintenance. The ability of such systems to provide safe and reliable supplies to their customers on a long-term basis needs to be assured through proper management and training of operators;

(4) New water quality standards and operational requirements for public water systems will soon generate higher rates for the customers of those systems, which may be difficult for customers to afford to pay. It is in the best interest of the people of this state that small systems maintain themselves in a financially viable condition;

(5) The drinking water 2000 task force has recommended maintaining a strong and properly funded state-wide drinking water program, retaining primary

responsibility for administering the federal safe drinking water act in Washington. The task force has further recommended delegation of as many water system regulatory functions as possible to local governments, with provision of adequate resources and elimination of barriers to such delegation. In order to achieve these objectives, the state shall provide adequate funding from both general state funds and funding directly from the regulated water system;

(6) The public health services improvement plan recommends that the principal public health functions in Washington, including regulation of public water systems, should be fully funded by state revenues and undertaken by local jurisdictions with the capacity to perform them; and

(7) State government, local governments, water suppliers, and other interested parties should work for continuing economic growth of the state by maximizing the use of existing water supply management alternatives, including regional water systems, satellite management, and coordinated water system development.

Sec. 2. RCW 70.116.060 and 1977 ex.s. c 142 s 6 are each amended to read as follows:

(1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall review the coordinated water system plan and, to the extent the plan is consistent with the requirements of this chapter and regulations adopted hereunder, shall approve the plan, provided that the secretary shall not approve those portions of a coordinated water system plan ((which)) that fail to meet the requirements for future service area boundaries until any boundary dispute is resolved as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the ((secretary)) local legislative authority determines that existing purveyors are unable to provide the service in a timely and reasonable manner, pursuant to guidelines developed by the secretary. An existing purveyor is unable to provide the service in a timely manner if the water cannot be provided to an applicant for water within one hundred twenty days unless specified otherwise by the local legislative authority. If such a determination is made, the ((secretary may)) local legislative authority shall require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area. The service area boundaries in the coordinated plan for the affected utilities shall be revised to reflect the decision of the local legislative authority.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: PROVIDED, That service connections shall not be considered expansions.

(5) The affected legislative authorities may develop and utilize a mechanism for addressing disputes that arise in the implementation of the coordinated water system plan after the plan has been approved by the secretary.

(6) After adoption of the initial coordinated water system plan, the local legislative authority or the secretary may determine that the plan should be updated or revised. The legislative authority may initiate an update at any time, but the secretary may initiate an update no more frequently than once every five years. The update may encompass all or a portion of the plan, with the scope of the update to be determined by the secretary and the legislative authority. The process for the update shall be the one prescribed in RCW 70.116.050.

(7) The provisions of subsection (3) of this section shall not apply in any county for which a coordinated water system plan has not been approved under subsection (2) of this section.

(8) If the secretary initiates an update or revision of a coordinated water system plan, the state shall pay for the cost of updating or revising the plan.

**Sec. 3.** RCW 70.119A.060 and 1991 c 304 s 4 are each amended to read as follows:

(1) In order to assure safe and reliable public drinking water and to protect the public health, public water systems shall:

- (a) Protect the water sources used for drinking water;
- (b) Provide treatment adequate to assure that the public health is protected;
- (c) Provide and effectively operate and maintain public water system facilities;
- (d) Plan for future growth and assure the availability of safe and reliable drinking water;
- (e) Provide the department with the current names, addresses, and telephone numbers of the owners, operators, and emergency contact persons for the system, including any changes to this information, and provide to users the name and twenty-four hour telephone number of an emergency contact person; and

(f) Take whatever investigative or corrective action is necessary to assure that a safe and reliable drinking water supply is continuously available to users.

(2) No new public water system may be approved or created unless: (a) It is owned or operated by a satellite system management agency established under RCW 70.116.134 and the satellite system management system complies with financial viability requirements of the department; or (b) a satellite management system is not available and it is determined that the new system has sufficient management and financial resources to provide safe and reliable service. The approval of any new system that is not owned by a satellite system management agency shall be conditioned upon future management or ownership by a satellite

system management agency, if such management or ownership can be made with reasonable economy and efficiency, or upon periodic review of the system's operational history to determine its ability to meet the department's financial viability and other operating requirements. The department and local health jurisdictions shall enforce this requirement under authority provided under this chapter, chapter 70.116, or 70.05 RCW, or other authority governing the approval of new water systems by the department or a local jurisdiction.

(3) The department and local health jurisdictions shall carry out the rules and regulations of the state board of health adopted pursuant to RCW 43.20.050(2)(a) and other rules adopted by the department relating to public water systems.

NEW SECTION. Sec. 4. A new section is added to chapter 70.119A RCW to read as follows:

The department shall create a water supply advisory committee. Membership on the committee shall reflect a broad range of interests in the regulation of public water supplies, including water utilities of all sizes, local governments, business groups, special purpose districts, local health jurisdictions, other state and federal agencies, financial institutions, environmental organizations, the legislature, and other groups substantially affected by the department's role in implementing state and federal requirements for public water systems. Members shall be appointed for fixed terms of no less than two years, and may be reappointed. Any members of an existing advisory committee to the drinking water program may remain as members of the water supply advisory committee. The committee shall provide advice to the department on the organization, functions, service delivery methods, and funding of the drinking water program. The committee shall also review the adequacy and necessity of the current and prospective funding for the drinking water program, and the results of the committees' review shall be forwarded to the department for inclusion in a report to the appropriate standing committees of the legislature no later than November 1, 1996. The report shall include a discussion of the extent to which the drinking water program has progressed toward achieving the objectives of the public health improvement plan, and an assessment of any changes to the program necessitated by modifications to the federal safe drinking water act.

\*Sec. 5 was vetoed. See message at end of chapter.

Sec. 6. RCW 70.119.030 and 1991 c 305 s 3 are each amended to read as follows:

(1) A public water system shall have a certified operator if:

(a) ~~((The system serves one hundred or more services in use at any one time))~~ It is a group A water system; or

(b) It is a ~~((group A))~~ public water system using a surface water source or a ground water source under the direct influence of surface water.

(2) The certified operators shall be in charge of the technical direction of a water system's operation, or an operating shift of such a system, or a major segment of a system necessary for monitoring or improving the quality of water. The operator shall be certified as provided in RCW 70.119.050.

(3) A certified operator may provide required services to more than one system or to a group of systems. The amount of time that a certified operator shall be required to be present at any given system shall be based upon the time required to properly operate and maintain the public water system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

(4) The department shall, in establishing by rule or otherwise the requirements for public water systems with fewer than one hundred connections, phase in such requirements in order to assure that (a) an adequate number of certified operators are available to serve the additional systems, (b) the systems have adequate notice and time to plan for securing the services of a certified operator, (c) the department has the additional data and other administrative capacity, (d) adequate training is available to certify additional operators as necessary, and (e) any additional requirements under federal law are satisfied. The department shall not require a certified operator for a system with fewer than one hundred connections unless that system is determined by the department to be in significant noncompliance with monitoring, or water quality standards which would put the public health at risk, as defined by the department by rule, or has, or is required to have, water treatment facilities other than simple disinfection.

(5) Any examination required by the department as a prerequisite for the issuance of a certificate under this chapter shall be offered in each region where the department has a regional office.

(6) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis.

Sec. 7. RCW 70.116.050 and 1977 ex.s. c 142 s 5 are each amended to read as follows:

(1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they(~~(a) Were in existence as of September 21, 1977; and (b))~~) have no plans for water service beyond their existing service area(~~and (c) meet minimum quality and pressure design criteria established by the state board of health~~); PROVIDED FURTHER, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being. Decisions of the committee shall be by majority vote of those present at meetings of the committee.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.05 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(f) Include satellite system management requirements consistent with RCW 70.116.134.

(g) Include policies and procedures that generally address failing water systems for which counties may become responsible under RCW 43.70.195.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) The committee established in RCW 70.116.040 may develop and utilize a mechanism for addressing disputes that arise in the development of the coordinated water system plan.

(7) Prior to the submission of a coordinated water system plan to the secretary for approval ((of the design of the proposed facilities)) pursuant to RCW 70.116.060, ((the plan shall be reviewed for consistency with subsection (4) of this section by)) the legislative authorities of the counties in which the critical water supply service area is located shall hold a public hearing thereon and shall determine the plan's consistency with subsection (4) of this section. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval.

(8) Any county legislative authority may adopt an abbreviated plan for the provision of water supplies within its boundaries that includes provisions for service area boundaries, minimum design criteria, and review process. The elements of the abbreviated plan shall conform to the criteria established by the department under subsection (4) of this section and shall otherwise be consistent with other adopted land use and resource plans. The county legislative authority may, in lieu of the committee required under RCW 70.116.040, and the procedures authorized in this section, utilize an advisory committee that is representative of the water utilities and local governments within its jurisdiction

to assist in the preparation of the abbreviated plan, which may be adopted by resolution and submitted to the secretary for approval. Purveyors within the boundaries covered by the abbreviated plan need not develop a water system plan, except to the extent required by the secretary or state board of health under other authority. Any abbreviated plan adopted by a county legislative authority pursuant to this subsection shall be subject to the same provisions contained in RCW 70.116.060 for coordinated water system plans that are approved by the secretary.

Sec. 8. RCW 70.119A.040 and 1993 c 305 s 2 are each amended to read as follows:

(1)(a) In addition to or as an alternative to any other penalty or action allowed by law, a person who violates a law or rule regulating public water systems and administered by the department of health is subject to a penalty of not more than five thousand dollars per day for every such violation, or, in the case of a violation that has been determined to be a public health emergency, a penalty of not more than ten thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation.

(b) In addition, a person who constructs, modifies, or expands a public water system or who commences the construction, modification, or expansion of a public water system without first obtaining the required departmental approval is subject to penalties of not more than five thousand dollars per service connection, or, in the case of a system serving a transient population, a penalty of not more than four hundred dollars per person based on the highest average daily population the system serves or is anticipated to serve may be imposed. The total penalty that may be imposed pursuant to this subsection (1)(b) is five hundred thousand dollars. For the purpose of computing the penalty under this subsection, a service connection shall include any new service connection actually constructed, any anticipated service connection the system has been designed to serve, and, in the case of a system modification not involving expansions, each existing service connection that benefits or would benefit from the modification.

(c) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing to the person against whom the civil penalty is assessed and shall describe the violation. The notice shall be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (3) of this section.

(3) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules of the department or board of health.

(4) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served and such reasonable attorney's fees as are incurred in securing the final administrative order.

(5) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorney's fees for the cost of the attorney general's office in representing the department.

(6) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the public water system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(7) A judgment entered under subsection (5) or (6) of this section shall have the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(8) All penalties imposed under this section shall be payable to the state treasury and credited to the ~~((general fund))~~ safe drinking water account, and shall be used by the department to provide training and technical assistance to system owners and operators.

(9) Except in cases of public health emergencies, the department may not impose monetary penalties under this section unless a prior effort has been made to resolve the violation informally.

Sec. 9. RCW 70.119A.130 and 1991 c 304 s 7 are each amended to read as follows:

~~((Until July 1, 1996, local governments shall be prohibited from administering a separate operating permit requirement for public water systems. After July~~

~~4, 1996,))~~ Local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department.

**NEW SECTION. Sec. 10.** A new section is added to chapter 70.119A RCW to read as follows:

A drinking water assistance account is created in the state treasury. The purpose of the account is to allow the state to take advantage of any federal funds that become available for safe drinking water. Expenditures from the account may only be made by the secretary or the public works board after appropriation. Moneys in the account may only be used to assist water systems to provide safe drinking water through a program administered through the department of health and the public works board. Money may be placed in the account from the proceeds of bonds when authorized by the legislature, transfers from other state funds or accounts, federal capitalization grants or other financial assistance, all repayments of moneys borrowed from the account, all interest payments made by borrowers from the account or otherwise earned on the account, or any other lawful source. Expenditures from the account may only be made by the secretary or the public works board after appropriation. Moneys in the account may only be used to assist local governments and water systems to provide safe and reliable drinking water and to administer the program.

**Sec. 11.** RCW 43.155.050 and 1993 sp.s. c 24 s 921 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. During the 1993-95 fiscal biennium, moneys in the public works assistance account may be appropriated for flood control assistance including grants under chapter 86.26 RCW. To the extent that moneys in the public works assistance account are not appropriated during the 1993-95 fiscal biennium for public works or flood control assistance, the legislature may direct their transfer to the state general fund. In awarding grants under chapter 86.26 RCW, the department of ecology shall give strong preference to local governments that have: (1) Implemented, or are in the process of implementing, an ordinance that establishes a flood plain policy that is substantially more stringent than minimum federal requirements; (2) completed a comprehensive flood control plan meeting the requirements of

RCW 86.12.200; or (3) constructed, or are in the process of constructing, a system of overtopping dikes or levees that allow public access.

**Sec. 12.** RCW 80.04.110 and 1991 c 134 s 1 and 1991 c 100 s 2 are each reenacted and amended to read as follows:

(1) Complaint may be made by the commission of its own motion or by any person or corporation, chamber of commerce, board of trade, or any commercial, mercantile, agricultural or manufacturing society, or any body politic or municipal corporation, or by the public counsel section of the office of the attorney general, or its successor, by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any public service corporation in violation, or claimed to be in violation, of any provision of law or of any order or rule of the commission: **PROVIDED**, That no complaint shall be entertained by the commission except upon its own motion, as to the reasonableness of the schedule of the rates or charges of any gas company, electrical company, water company, or telecommunications company, unless the same be signed by the mayor, council or commission of the city or town in which the company complained of is engaged in business, or not less than twenty-five consumers or purchasers of such gas, electricity, water or telecommunications service, or at least twenty-five percent of the consumers or purchasers of the company's service: **PROVIDED, FURTHER**, That when two or more public service corporations, (meaning to exclude municipal and other public corporations) are engaged in competition in any locality or localities in the state, either may make complaint against the other or others that the rates, charges, rules, regulations or practices of such other or others with or in respect to which the complainant is in competition, are unreasonable, unremunerative, discriminatory, illegal, unfair or intending or tending to oppress the complainant, to stifle competition, or to create or encourage the creation of monopoly, and upon such complaint or upon complaint of the commission upon its own motion, the commission shall have power, after notice and hearing as in other cases, to, by its order, subject to appeal as in other cases, correct the abuse complained of by establishing such uniform rates, charges, rules, regulations or practices in lieu of those complained of, to be observed by all of such competing public service corporations in the locality or localities specified as shall be found reasonable, remunerative, nondiscriminatory, legal, and fair or tending to prevent oppression or monopoly or to encourage competition, and upon any such hearing it shall be proper for the commission to take into consideration the rates, charges, rules, regulations and practices of the public service corporation or corporations complained of in any other locality or localities in the state.

(2) All matters upon which complaint may be founded may be joined in one hearing, and no motion shall be entertained against a complaint for misjoinder of complaints or grievances or misjoinder of parties; and in any review of the courts of orders of the commission the same rule shall apply and pertain with regard to the joinder of complaints and parties as herein provided: **PROVIDED**, All grievances to be inquired into shall be plainly set forth in the complaint. No

complaint shall be dismissed because of the absence of direct damage to the complainant.

(3) Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the person or corporation complained of, which shall be accompanied by a notice fixing the time when and place where a hearing will be had upon such complaint. The time fixed for such hearing shall not be less than ten days after the date of the service of such notice and complaint, excepting as herein provided. The commission shall enter its final order with respect to a complaint filed by any entity or person other than the commission within ten months from the date of filing of the complaint, unless the date is extended for cause. Rules of practice and procedure not otherwise provided for in this title may be prescribed by the commission. Such rules may include the requirement that a complainant use informal processes before filing a formal complaint.

(4) The commission shall, as appropriate, audit a nonmunicipal water system upon receipt of an administrative order from the department, or the city or county in which the water system is located, finding that the water delivered by a system does not meet state board of health standards adopted under RCW 43.20.050(2)(a) or standards adopted under chapters 70.116 and 70.119A RCW, and the results of the audit shall be provided to the requesting department, city, or county. However, the number of nonmunicipal water systems referred to the commission in any one calendar year shall not exceed twenty percent of the water companies subject to commission regulation as defined in RCW 80.04.010.

Every nonmunicipal water system referred to the commission for audit under this section shall pay to the commission an audit fee in an amount, based on the system's twelve-month audited period, equal to the fee required to be paid by regulated companies under RCW 80.24.010.

(5) Any customer or purchaser of service from a water system or company that is subject to commission regulation may file a complaint with the commission if he or she has reason to believe that the water delivered by the system to the customer does not meet state drinking water standards under chapter 43.20 or 70.116 RCW. The commission shall investigate such a complaint, and shall request that the state department of health or local health department of the county in which the system is located test the water for compliance with state drinking water standards, and provide the results of such testing to the commission. The commission may decide not to investigate the complaint if it determines that the complaint has been filed in bad faith, or for the purpose of harassment of the water system or company, or for other reasons has no substantial merit. The water system or company shall bear the expense for the testing. After the commission has received the complaint from the customer and during the pendency of the commission investigation, the water system or company shall not take any steps to terminate service to the customer or to collect any amounts alleged to be owed to the company by the customer. The commission may issue an order or take any other action to ensure that no such

steps are taken by the system or company. The customer may, at the customer's option and expense, obtain a water quality test by a licensed or otherwise qualified water testing laboratory, of the water delivered to the customer by the water system or company, and provide the results of such a test to the commission. If the commission determines that the water does not meet state drinking water standards, it shall exercise its authority over the system or company as provided in this title, and may, where appropriate, order a refund to the customer on a pro rata basis for the substandard water delivered to the customer, and shall order reimbursement to the customer for the cost incurred by the customer, if any, in obtaining a water quality test.

**Sec. 13.** RCW 70.116.070 and 1977 ex.s. c 142 s 7 are each amended to read as follows:

(1) The proposed service area boundaries of public water systems within the critical water supply service area that are required to submit water system plans under this chapter shall be ((determined by written agreement among the purveyors and with the approval of the appropriate legislative authority. Failure of the legislative authority to file with the secretary objections to the proposed service area boundaries within sixty days of receipt of the proposed boundary agreement may be construed as approval of the agreement)) identified in the system's plan. The local legislative authority, or its planning department or other designee, shall review the proposed boundaries to determine whether the proposed boundaries of one or more systems overlap. The boundaries determined by the local legislative authority not to overlap shall be incorporated into the coordinated water system plan. Where any overlap exists, the local legislative authority may attempt to resolve the conflict through procedures established under RCW 70.116.060(5).

(2) ((If no service area boundary agreement has been established within a reasonable period of time, or if the legislative authority has filed with the secretary objections in writing as provided in subsection (1) of this section)) Any final decision by a local legislative authority regarding overlapping service areas, or any unresolved disputes regarding service area boundaries, may be appealed or referred to the secretary in writing for resolution. After receipt of an appeal or referral, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor ((providing service in the critical water supply service area)) involved in the dispute, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being.

**Sec. 14.** RCW 56.08.200 and 1991 c 190 s 1 are each amended to read as follows:

It is unlawful and a misdemeanor to make, or cause to be made, or to maintain any (~~sewer~~) connection with any sewer or water system of any sewer district, or with any sewer or water system which is connected directly or indirectly with any sewer or water system of any sewer district without having permission from the sewer district.

**Sec. 15.** RCW 57.08.180 and 1991 c 190 s 5 are each amended to read as follows:

It is unlawful and a misdemeanor to make, or cause to be made, or to maintain any (~~sewer~~) connection with any sewer or water system of any water district, or with any sewer or water system which is connected directly or indirectly with any sewer or water system of any water district without having permission from the water district.

***\*NEW SECTION. Sec. 16. A new section is added to chapter 70.119A RCW to read as follows:***

*An individual well serving a group domestic use shall be allowed to provide water service connections for up to a number equal to the approved maximum daily withdrawal amount for the well as determined by the water right divided by four hundred. The department may approve a greater number of service connections based on a factor of less than four hundred gallons per day delivered to each residence.*

\*Sec. 16 was vetoed. See message at end of chapter.

**NEW SECTION. Sec. 17.** Section 9 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995.

Passed the Senate April 23, 1995.

Passed the House April 23, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 5 and 16, Engrossed Second Substitute Senate Bill No. 5448 entitled:

"AN ACT Relating to public water systems;"

I praise the hard work and commitment of the legislature in passing Engrossed Second Substitute Senate Bill No. 5448 as well as the Drinking Water 2000 Task Force for their recommendations to the legislature to assure that Washington residents continue to have access to safe drinking water.

This bill makes a number of statutory changes to improve operation and management of small drinking water systems, to clarify coordinated water system planning processes and responsibilities, and to enhance local government decision-making regarding water systems — a critical component of local land use planning.

Section 5 of Engrossed Second Substitute Senate Bill No. 5448 attempts to exclude water systems of two, three, or four connections from all state or local regulations. However, the statute amended by this section does not affect the regulatory authority of state or local jurisdictions over these small systems and, therefore, provides incomplete and unclear policy direction.

Section 16 of Engrossed Second Substitute Senate Bill No. 5448 would double the number of connections that can be made to a 5,000 gallon per day exempt well from 6 to 12. The 6 connections now allowed are based on the Department of Health's (DOH) water system sizing criteria. DOH is in the process of reviewing sizing criteria to more accurately reflect the needs of specific water system designs. Arbitrarily increasing the number of connections from 6 to 12 circumvents the process already underway and may have unintended impacts on public water systems.

For these reasons, I am vetoing sections 5 and 16 of Engrossed Second Substitute Senate Bill No. 5448.

With the exception of sections 5 and 16, Engrossed Second Substitute Senate Bill No. 5448 is approved."

[Substitute Senate Bill 5567]

### PRESERVATION OF SINGLE-FAMILY RESIDENTIAL NEIGHBORHOODS

AN ACT Relating to providing for the preservation of single-family residential neighborhoods; and amending RCW 36.70A.070.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element (~~(recognizing)~~ ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis

of existing and projected housing needs; (b) includes a statement of goals, policies, ~~((and))~~ objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

Passed the Senate March 8, 1995.

Passed the House April 22, 1995.

Approved by the Governor May 16, 1995.

Filed in Office of Secretary of State May 16, 1995.

## CHAPTER 378

[Engrossed Substitute Senate Bill 5616]

### WATERSHED RESTORATION PROJECTS—STREAMLINED PERMITTING PROCESS

AN ACT Relating to watershed restoration projects; adding new sections to chapter 89.08 RCW; adding a new section to chapter 35.63 RCW; adding a new section to chapter 35A.63 RCW; adding a new section to chapter 36.70 RCW; adding a new section to chapter 36.70A RCW; adding a new section to chapter 43.21C RCW; adding a new section to chapter 43.30 RCW; adding a new section to chapter 75.20 RCW; adding a new section to chapter 90.48 RCW; and adding a new section to chapter 90.58 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature declares that it is the goal of the state of Washington to preserve and restore the natural resources of the state and, in particular, fish and wildlife and their habitat. It is further the policy of the state insofar as possible to utilize the volunteer organizations who have demonstrated their commitment to these goals.

To this end, it is the intent of the legislature to minimize the expense and delays caused by unnecessary bureaucratic process in securing permits for projects that preserve or restore native fish and wildlife habitat.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout sections 1 through 7 of this act.

(1) "Watershed restoration plan" means a plan, developed or sponsored by the department of fish and wildlife, the department of ecology, the department of natural resources, the department of transportation, a federally recognized Indian tribe acting within and pursuant to its authority, a city, a county, or a conservation district, that provides a general program and implementation measures or actions for the preservation, restoration, re-creation, or enhancement of the natural resources, character, and ecology of a stream, stream segment, drainage area, or watershed, and for which agency and public review has been conducted pursuant to chapter 43.21C RCW, the state environmental policy act. If the implementation measures or actions would have a probable significant, adverse environmental impact, a detailed statement under RCW 43.21C.031 must be prepared on the plan.

(2) "Watershed restoration project" means a public or private project authorized by the sponsor of a watershed restoration plan that implements the plan or a part of the plan and consists of one or more of the following activities:

(a) A project that involves less than ten miles of streamreach, in which less than twenty-five cubic yards of sand, gravel, or soil is removed, imported, disturbed, or discharged, and in which no existing vegetation is removed except as minimally necessary to facilitate additional plantings;

(b) A project for the restoration of an eroded or unstable stream bank that employs the principles of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(c) A project primarily designed to improve fish and wildlife habitat, remove or reduce impediments to migration of fish, or enhance the fishery resource available for use by all of the citizens of the state, provided that any structure other than a bridge or culvert or instream habitat enhancement structure associated with the project is less than two hundred square feet in floor area and is located above the ordinary high water mark of the stream.

**NEW SECTION.** Sec. 3. By January 1, 1996, the Washington conservation commission shall develop, in consultation with other state agencies, tribes, and local governments, a consolidated application process for permits for a watershed

restoration project developed by an agency or sponsored by an agency on behalf of a volunteer organization. The consolidated process shall include a single permit application form for use by all responsible state and local agencies. The commission shall encourage use of the consolidated permit application process by any federal agency responsible for issuance of related permits. The permit application forms to be consolidated shall include, at a minimum, applications for: (1) Approvals related to water quality standards under chapter 90.48 RCW; (2) hydraulic project approvals under chapter 75.20 RCW; and (3) Section 401 water quality certifications under 33 U.S.C. Sec. 1341 and chapter 90.48 RCW.

**NEW SECTION.** Sec. 4. Each agency of the state and unit of local government that claims jurisdiction or the right to require permits, other approvals, or fees as a condition of allowing a watershed restoration project to proceed shall designate an office or official as a designated recipient of project applications and shall inform the conservation commission of the designation.

**NEW SECTION.** Sec. 5. All agencies of the state and local governments shall accept the single application developed under section 3 of this act. Unless the procedures under section 6 of this act are invoked, the application shall be processed without charge and permit decisions shall be issued within forty-five days of receipt of a complete application.

**NEW SECTION.** Sec. 6. The applicant or any state agency, tribe, or local government with permit processing responsibility may request that the permit assistance center created by chapter . . . , Laws of 1995 (House Bill No. 1724) appoint a project facilitator to develop in consultation with the applicant and permit agencies a coordinated process for permit decisions on the application. The process may incorporate procedures for coordinating state permits under chapter . . . , Laws of 1995 (House Bill No. 1724). The center shall adopt a target of completing permit decisions within forty-five days of receipt of a complete application.

If House Bill No. 1724 is not enacted by June 30, 1995, this section shall be null and void.

**NEW SECTION.** Sec. 7. State agencies, tribes, and local governments responsible for permits or other approvals of watershed restoration projects as defined in section 2 of this act may develop general permits or permits by rule to address some or all projects required by an approved watershed restoration plan, or for types of watershed restoration projects. Nothing in this act precludes local governments, state agencies, and tribes from working out other cooperative permitting agreements outside the procedures of this act.

**NEW SECTION.** Sec. 8. A new section is added to chapter 35.63 RCW to read as follows:

A permit required under this chapter for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act.

**NEW SECTION. Sec. 9.** A new section is added to chapter 35A.63 RCW to read as follows:

A permit required under this chapter for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act.

**NEW SECTION. Sec. 10.** A new section is added to chapter 36.70 RCW to read as follows:

A permit required under this chapter for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act.

**NEW SECTION. Sec. 11.** A new section is added to chapter 36.70A RCW to read as follows:

A permit required under this chapter for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act.

**NEW SECTION. Sec. 12.** A new section is added to chapter 43.21C RCW to read as follows:

Decisions pertaining to watershed restoration projects as defined in section 2 of this act are not subject to the requirements of RCW 43.21C.030(2)(c).

**NEW SECTION. Sec. 13.** A new section is added to chapter 43.30 RCW to read as follows:

A permit required by the department for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act.

**NEW SECTION. Sec. 14.** A new section is added to chapter 75.20 RCW to read as follows:

A hydraulic project approval required by the department for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act.

**NEW SECTION. Sec. 15.** A new section is added to chapter 90.48 RCW to read as follows:

A permit, certification, or other approval required by the department for a watershed restoration project as defined in section 2 of this act shall be processed in compliance with sections 1 through 7 of this act. Public review of proposed watershed restoration projects may be shortened or waived by the department.

**NEW SECTION. Sec. 16.** A new section is added to chapter 90.58 RCW to read as follows:

Watershed restoration projects as defined in section 2 of this act are exempt from the requirement to obtain a substantial development permit. Local government shall review the projects for consistency with the locally adopted shoreline master program in an expeditious manner and shall issue its decision along with any conditions within forty-five days of receiving a complete

consolidated application form from the applicant. No fee may be charged for accepting and processing applications for watershed restoration projects as used in this section.

**NEW SECTION.** Sec. 17. Sections 1 through 7 of this act are each added to chapter 89.08 RCW.

Passed the Senate April 21, 1995.

## CHAPTER 379

[Senate Bill 5652]

### WELFARE FRAUD

AN ACT Relating to welfare fraud; amending RCW 74.08.290 and 74.04.062; adding a new section to chapter 74.08 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that welfare fraud damages the state's ability to use its limited resources to help those in need who legitimately qualify for assistance. In addition, it affects the credibility and integrity of the system, promoting disdain for the law.

Persons convicted of committing such fraud should be barred, for a period of time, from receiving additional public assistance.

**Sec. 2.** RCW 74.08.290 and 1959 c 26 s 74.08.290 are each amended to read as follows:

The department is hereby authorized to suspend temporarily the public assistance granted to any person for any period during which such person is not in need thereof.

If a recipient is convicted of any crime or offense, and punished by imprisonment, no payment shall be made during the period of imprisonment.

If a recipient is convicted of unlawful practices under RCW 74.08.331, no payment shall be made for a period to be determined by the court, but in no event less than six months upon the first conviction and no less than twelve months for a second or subsequent violation. This suspension of public assistance shall apply regardless of whether the recipient is subject to complete or partial confinement upon conviction, or incurs some lesser penalty.

**\*Sec. 3.** RCW 74.04.062 and 1973 c 152 s 2 are each amended to read as follows:

*Upon written request of a person who has been properly identified as an officer of the law with a felony arrest warrant or a properly identified United States immigration official with a warrant for an illegal alien the department shall disclose to such officer the current address and location of the person properly described in the warrant. However, this rule does not restrict in any*

**manner whatsoever the disclosure of address and location information by the department pursuant to its implementation of the federal "systematic alien verification for entitlements" program or pursuant to section 4 of this act.**

\*Sec. 3 was vetoed. See message at end of chapter.

**\*NEW SECTION. Sec. 4.** *A new section is added to chapter 74.08 RCW to read as follows:*

*The department shall implement the federal "systematic alien verification for entitlements" program, the "SAVE" program. The department shall:*

*(1) Coordinate with other state agencies, including but not limited to the employment security department, to ensure that persons receiving federal or state funds are eligible in terms of citizenship and residency status;*

*(2) Post at every community service office a sign letting applicants and recipients know that illegal aliens will be reported to the United States immigration and naturalization service and that the systematic alien verification for entitlements program is in use in the office; and*

*(3) Systematically use all processes available to verify eligibility in terms of the citizenship and residency status of applicants and recipients for public assistance.*

\*Sec. 4 was vetoed. See message at end of chapter.

**\*NEW SECTION. Sec. 5.** *The department shall have the SAVE program in full force and effect by September 30, 1995, and report to the fiscal committees of the house of representatives and senate by December 1, 1995, regarding the progress of implementation and outcomes by region of the program.*

\*Sec. 5 was vetoed. See message at end of chapter.

Passed the Senate April 23, 1995.

Passed the House April 23, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 3, 4, and 5, Senate Bill No. 5652 entitled:

"AN ACT Relating to welfare fraud;"

Senate Bill No. 5652 addresses the issue of welfare fraud and provides that persons convicted under RCW 74.08.331 will be ineligible to receive public assistance for a specified period. Sections 3, 4, and 5 require the Department of Social and Health Services (DSHS) to reinstate the Systematic Alien Verification for Entitlement (SAVE) program. DSHS's past experience with this program has established that it is an inefficient and costly method of identifying fraudulent applications for assistance. Furthermore, the federal government has, through several agencies, come to the same conclusion: the SAVE program costs about twice as much as is saved. This has been verified by the General Accounting Office and DSHS. Washington is one of many states that has decided this program is ineffective.

This state is in no way supportive of granting benefits to illegal immigrants who are not eligible for assistance. DSHS currently has effective mechanisms in place to identify fraud of this kind. Elaborate systems exist throughout interagency agreements with the

Social Security Administration and the Immigration and Naturalization Service which double check immigration status to ensure recipients are eligible for service. The SAVE program will not serve to enhance those efforts.

For these reasons, I have vetoed sections 3, 4, and 5 of Senate Bill No. 5652.

With the exception of sections 3, 4, and 5, Senate Bill No. 5652 is approved."

## CHAPTER 380

[Senate Bill 5655]

### RAIL FREIGHT SERVICE PROGRAM

AN ACT Relating to rail freight service; amending RCW 47.76.200, 47.76.210, 47.76.220, 47.76.230, 47.76.240, 47.76.250, 47.76.270, and 47.76.280; adding a new section to chapter 47.76 RCW; and repealing RCW 47.76.260.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 47.76.200 and 1993 c 224 s 1 are each amended to read as follows:

The legislature finds that a balanced multimodal transportation system is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. The state's freight rail system((s are)), including branch lines, mainlines, rail corridors, terminals, yards, and equipment, is an important element((s)) of this multimodal system. Washington's economy relies heavily upon the freight rail system to ensure movement of the state's agricultural, chemical, and natural resources and manufactured products to local, national, and international markets and thereby contributes to the economic vitality of the state.

Since 1970, Washington has lost ((nearly)) over one-third of its ((five thousand two hundred)) rail miles to abandonment and bankruptcies((leaving approximately three thousand four hundred rail miles.

Abandonment of rail lines and rail freight service)). The combination of rail abandonments and rail system capacity constraints may alter the delivery to market of many commodities. In addition, the resultant motor vehicle freight traffic increases the burden on state highways and county roads. In many cases, the cost of maintaining and upgrading the state highways and county roads exceeds the cost of maintaining rail freight service. Thus, the economy of the state will be best served by a policy of maintaining and encouraging a healthy rail freight system by creating ((a)) mechanisms ((which keeps)) that keep rail freight lines operating if the benefits of the service outweigh the cost.

Recognizing the implications of this trend for freight mobility and the state's economic future, the legislature ((believes)) finds that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system within the state.

**Sec. 2.** RCW 47.76.210 and 1990 c 43 s 2 are each amended to read as follows:

The Washington state department of transportation shall implement a state freight rail program ((for rail coordination, planning, and technical assistance))

that supports the freight rail service objectives identified in the state's multimodal transportation plan required under chapter 47.06 RCW. The support may be in the form of projects and strategies that support branch lines and light-density lines, provide access to ports, maintain adequate mainline capacity, and preserve or restore rail corridors and infrastructure.

Sec. 3. RCW 47.76.220 and 1993 c 224 s 2 are each amended to read as follows:

(1) The department of transportation shall prepare and periodically update a state rail plan, the objective of which is to identify, evaluate, and encourage essential rail services. The plan shall:

(a) Identify and evaluate mainline capacity issues;

(b) Identify and evaluate port-to-rail access and congestion issues;

(c) Identify and evaluate those rail freight lines that may be abandoned or have recently been abandoned;

~~((b))~~ (d) Quantify the costs and benefits of maintaining rail service on those lines that are likely to be abandoned; ~~((a))~~

~~((e))~~ (e) Establish priorities for determining which rail lines should receive state support. The priorities should include the anticipated benefits to the state and local economy, the anticipated cost of road and highway improvements necessitated by the abandonment or capacity constraints of the rail line, the likelihood the rail line receiving funding can meet operating costs from freight charges, surcharges on rail traffic, and other funds authorized to be raised by a county or port district, and the impact of abandonment or capacity constraints on changes in energy utilization and air pollution;

(f) Identify and describe the state's rail system;

(g) Prepare a state freight rail system map;

(h) Identify and evaluate rail commodity flows and traffic types;

(i) Identify lines and corridors that have been rail banked or preserved; and

(j) Identify and evaluate other issues affecting the state's rail traffic.

(2) The state rail plan may be prepared in conjunction with the rail plan prepared by the department pursuant to the federal Railroad Revitalization and Regulatory Reform Act.

Sec. 4. RCW 47.76.230 and 1990 c 43 s 3 are each amended to read as follows:

(1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for intrastate rates, service, and safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers shall be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) ~~((Abandonment))~~ Rail project cost-benefit analyses~~((to include the public and private costs and benefits of maintaining the service, providing alternative service including necessary road improvement costs, or of taking no action))~~ conducted in accordance with methodologies recommended by the Federal Railroad Administration;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation and/or rail service assistance.

(4) With funding authorized by the legislature, the department of transportation, in collaboration with the department of community, trade, and economic development, and local economic development agencies, and other interested public and private organizations, shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. ~~((The following agencies and jurisdictions shall be involved in the process:~~

~~(a) The state departments of community development and trade and economic development;~~

~~(b) Local jurisdictions and local economic development agencies; and~~

~~(c) Other interested public and private organizations.))~~

Sec. 5. RCW 47.76.240 and 1993 c 224 s 3 are each amended to read as follows:

The state, counties, local communities, ports, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines ~~((which))~~ that provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

State funding for rail service ~~((or)),~~ rail preservation, and corridor preservation projects must benefit the state's interests~~((, which include)).~~ The state's interest is served by reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety~~((, and)).~~ State funding for projects is contingent upon appropriate local jurisdiction and private sector participation and cooperation. Before spending state moneys on projects the department shall seek federal, local, and private funding and participation to the greatest extent possible.

(1) The department of transportation shall continue to monitor the status of the state's ~~((high density line system))~~ mainline and branchline common carrier railroads and preserved rail corridors through the state rail plan and various

analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in interstate commerce commission proceedings on abandonments, when necessary, to protect the state's interest.

(3) ~~((As conditions warrant, the following criteria shall be used for identifying the state's essential rail system:~~

~~(a) Established regional and short line carriers excluding private operations which are not common carriers;~~

~~(b) Former state project lines, which are lines that have been studied and have received funds from the state and federal governments;~~

~~(c) Lines serving major agricultural and forest product areas or terminals, with such terminals generally being within a fifty-mile radius of producing areas, and sites associated with commodities shipped by rail;~~

~~(d) Lines serving ports, seaports, and navigable river ports;~~

~~(e) Lines serving power plants or energy resources;~~

~~(f) Lines used for passenger service;~~

~~(g) Mainlines connecting to the national and Canadian rail systems;~~

~~(h) Major intermodal service points or hubs; and~~

~~(i) The military's strategic rail network))~~ The department of transportation,

in consultation with the Washington state freight rail policy advisory committee, shall establish criteria for evaluating rail projects and corridors of significance to the state.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance.

Sec. 6. RCW 47.76.250 and 1993 c 224 s 4 are each amended to read as follows:

(1) The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, and port districts for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving ~~((branch))~~ rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of ((transloading)) loading facilities to increase business on light density lines or to mitigate the impacts of abandonment; ((or

~~((d))~~ (e) Preservation, including operation, of ~~((viable))~~ light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights of way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights of way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right of way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right of way may be or has been abandoned; and

(iii) The right of way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right of way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

~~((3))~~ (5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

~~((4))~~ (6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

~~((5))~~ (7) If rail lines or rail rights of way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights of way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or until compensation has been made to the underlying fee title holder or reversionary rights holder.

~~((6) Projects should be prioritized on the basis))~~ (8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the level of local financial commitment to the project as well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extend practicable.

~~((7))~~ (9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

~~((8))~~ (10) The state shall maintain a contingent interest in ~~((a line))~~ any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state's interest without permission from the department.

(11) Moneys distributed under this chapter should be provided as loans wherever practicable. For improvements on or to privately owned railroads, railroad property, or other private property, moneys distributed shall be provided solely as loans.

Sec. 7. RCW 47.76.270 and 1993 c 224 s 6 are each amended to read as follows:

(1) The essential rail banking account is ~~((created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes specified in this section.~~

(2) Moneys in the account may be used by the department to:

(a) Acquire rail rights of way;

(b) Provide funding to cities, port districts, counties, and county rail districts to acquire rail rights of way; or

~~(c) Provide for essential corridor maintenance including drainage management and fire and weed control when necessary.~~

~~(3) Use of the moneys pursuant to subsection (2) of this section shall be for rights of way that meet the following criteria:~~

~~(a) The right of way has been identified and evaluated in the state rail plan prepared pursuant to this chapter;~~

~~(b) The right of way may be or has been abandoned; and~~

~~(c) The right of way has potential for future rail service. The department of transportation shall immediately report any expenditure of essential rail banking account funds on rail banking projects to the legislative transportation committee. The report shall include a description of the project, the project's rank in relation to other potential projects, the amount of funds expended, the terms and parties to the transaction, and any other information that the legislative transportation committee may require.~~

~~(4) The department may also expend funds from the receipt of a donation of funds sufficient to cover the property acquisition and management costs. The department may receive donations of funds for this purpose, which shall be conditioned upon, and made in consideration for the repurchase rights contained in RCW 47.76.280.~~

~~(5) The department or the participating local jurisdiction shall be responsible for maintaining the right of way, including provisions for drainage management, for fire and weed control, and for liability associated with ownership.~~

~~(6) Nothing in this section and in RCW 47.76.260 and 47.76.250 shall be interpreted or applied so as to impair the reversionary rights of abutting landowners, if any, without just compensation.~~

~~(7) The department shall develop guidelines for expenditure of essential rail banking funds in the best interest of the state.~~

~~(8) Moneys loaned under this section must be repaid to the state by the city, port district, county, or county rail district. The repayment must occur within a period not longer than fifteen years, as set by the department, of the distribution of the moneys and deposited in the essential rail banking account. The repayment schedule and rate of interest, if any, must be set at the time of the distribution of the moneys.~~

~~(9) The state shall maintain a contingent interest in any property that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, and associated elements for salvage, or use the line in any other manner subordinating the state's interest without permission from the department)) merged into the essential rail assistance account created under RCW 47.76.250. Any appropriations made to the essential rail banking account are transferred to the essential rail assistance account, and are subject to the restrictions of that account.~~

Sec. 8. RCW 47.76.280 and 1993 c 224 s 7 are each amended to read as follows:

The department may sell or lease property acquired under this chapter to a county rail district established under chapter 36.60 RCW, a county, a port district, or any other public or private entity authorized to operate rail service. Any public or private entity (~~which~~) that originally donated funds to the department under this chapter shall receive credit against the purchase price for the amount donated to the department, less management costs, in the event such public or private entity purchases the property from the department.

If no county rail district, county, port district, or other public or private entity authorized to operate rail service purchases or leases the property within six years after its acquisition by the department, the department may sell or lease such property in the manner provided in RCW 47.76.290. Failing this, the department may sell or convey all such property in the manner provided in RCW 47.76.300 or 47.76.320.

**\*NEW SECTION.** Sec. 9. A new section is added to chapter 47.76 RCW to read as follows:

*The department of transportation shall convene a Washington state freight rail policy advisory committee from time to time as necessary to accomplish the purposes of this chapter. The committee shall consist of representatives from large and small railroads, agriculture, rural regional transportation planning organizations, urban metropolitan planning organizations, select department of transportation regions, the transportation commission, port districts, cities, counties, organized rail labor, and other parties with an interest in the vitality of freight rail. The purpose of this committee will be to provide policy direction and program oversight.*

\*Sec. 9 was vetoed. See message at end of chapter.

**NEW SECTION. Sec. 10.** RCW 47.76.260 and 1993 c 224 s 5 & 1990 c 43 s 5 are each repealed.

Passed the Senate April 23, 1995.

Passed the House April 22, 1995.

Approved by the Governor May 16, 1995, with the exception of exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 9, Senate Bill No. 5655 entitled:

"AN ACT Relating to rail freight service;"

Senate Bill No. 5655 makes several substantive changes in existing statutes improving the laws that govern the role the state will play in the preservation and development of the freight rail system. This issue is important to a state like Washington which has an increasing economic reliance on rail systems.

However, section 9 of Senate Bill No. 5655 creates a new advisory group to be known as the Freight Rail Policy Advisory Committee. Avoiding the unnecessary creation of such committees has been and remains a goal of this administration. Indeed, according to the law passed just a year ago, it is also legislative policy to curtail the proliferation of these groups. Under the law, we must ask, "Could the work of the board or commission be done by an ad hoc committee?" Since the work of the Freight Rail Policy Advisory Committee could be done by a group appointed by and operated under existing authorities of the Department of Transportation, there is no reason to unnecessarily mandate this committee in statute.

Since it is important that the Department of Transportation seek guidance from interested parties as it exercises the authorities granted in this bill, I have sought and have received assurances from the department that they will create and will work with an ad hoc committee of this nature.

For this reason, I have vetoed section 9 of Senate Bill No. 5655.

With the exception of section 9, Senate Bill No. 5655 is approved."

## CHAPTER 381

[Engrossed Senate Bill 5770]

### UNEMPLOYMENT INSURANCE CLAIMANT PROFILING

AN ACT Relating to unemployment insurance claimant profiling; amending RCW 50.20.010 and 50.20.043; adding a new section to chapter 50.20 RCW; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 50.20.010 and 1981 c 35 s 3 are each amended to read as follows:

An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week in his or her eligibility period only if the commissioner finds that:

(1) He or she has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to

individuals attached to regular jobs and as to such other types of cases or situations with respect to which (~~he or she~~) the commissioner finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(2) He or she has filed an application for an initial determination and made a claim for waiting period credit or for benefits in accordance with the provisions of this title;

(3) He or she is able to work, and is available for work in any trade, occupation, profession, or business for which he or she is reasonably fitted. To be available for work an individual must be ready, able, and willing, immediately to accept any suitable work which may be offered to him or her and must be actively seeking work pursuant to customary trade practices and through other methods when so directed by the commissioner or (~~his~~) the commissioner's agents;

(4) He or she has been unemployed for a waiting period of one week; (~~and~~)

(5) He or she participates in reemployment services if the individual has been referred to reemployment services pursuant to the profiling system established by the commissioner under section 2 of this act, unless the commissioner determines that:

(a) The individual has completed such services; or

(b) There is justifiable cause for the claimant's failure to participate in such services; and

(6) As to weeks beginning after March 31, 1981, which fall within an extended benefit period as defined in RCW 50.22.010(~~(1), as now or hereafter amended~~), the individual meets the terms and conditions of RCW 50.22.020(~~(7 as now or hereafter amended~~)) with respect to benefits claimed in excess of twenty-six times the individual's weekly benefit amount.

An individual's eligibility period for regular benefits shall be coincident to his or her established benefit year. An individual's eligibility period for additional or extended benefits shall be the periods prescribed elsewhere in this title for such benefits.

NEW SECTION. Sec. 2. A new section is added to chapter 50.20 RCW to read as follows:

(1) The commissioner shall establish and use a profiling system for new claimants for regular compensation under this title that identifies permanently separated workers who are likely to exhaust regular compensation and will need job search assistance services to make a successful transition to new employment. The profiling system shall use a combination of individual characteristics and labor market information to assign each individual a unique probability of benefit exhaustion. Individuals identified as likely to exhaust benefits shall be referred to reemployment services, such as job search assistance services, to the extent such services are available at public expense.

(2) The profiling system shall include collection and review of follow-up information relating to the services received by individuals under this section and the employment outcomes for the individuals following receipt of the services. The information shall be used in making profiling identifications.

(3) In carrying out reviews of individuals receiving services, the department may contract with public or private entities and may disclose information or records necessary to permit contracting entities to assist in the operation and management of department functions. Any information or records disclosed to public or private entities shall be used solely for the purposes for which the information was disclosed and the entity shall be bound by the same rules of privacy and confidentiality as department employees. The misuse or unauthorized disclosure of information or records deemed private and confidential under chapter 50.13 RCW by any person or organization to which access is permitted by this section shall subject the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

*\*Sec. 3. RCW 50.20.043 and 1985 c 40 s 1 are each amended to read as follows:*

(1) No otherwise eligible individual shall be denied benefits for any week because the individual is in training with the approval of the commissioner, nor shall such individual be denied benefits with respect to any week in which the individual is satisfactorily progressing in a training program with the approval of the commissioner by reason of the application of RCW 50.20.010(3), 50.20.015, 50.20.080, or 50.22.020(1) relating to availability for work and active search for work, or failure to apply for or refusal to accept suitable work.

(2) An individual shall be considered to be in training with the approval of the commissioner if the individual is one who:

(a)(i) The commissioner determines to be a dislocated worker as defined by RCW 50.04.075; or

(ii) Fits the department's profile of unemployed workers who are likely to exhaust their benefits; and ~~((who))~~

(b) Is satisfactorily progressing in a training program approved by the commissioner ~~((shall be considered to be in training with the approval of the commissioner)).~~

(3) At the time of filing for an initial determination, individuals determined to be dislocated workers as defined in RCW 50.04.075 or who fit the department's profile of unemployed workers who are likely to exhaust their benefits shall be provided with information concerning the opportunity, if the

individual is otherwise eligible, to receive benefits while satisfactorily progressing in training approved by the commissioner.

\*Sec. 3 was vetoed. See message at end of chapter.

NEW SECTION. Sec. 4. The commissioner may adopt rules as necessary to implement the 1995 c . . . ss 1 and 3 (sections 1 and 3 of this act) amendments to RCW 50.20.010 and 50.20.043 and section 2 of this act, including but not limited to definitions, eligibility standards, program review criteria and procedures, and provisions necessary to comply with applicable federal laws and regulations that are a condition to receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 5. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 23, 1995.

Passed the House April 23, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, Engrossed Senate Bill No. 5770 entitled:

"AN ACT Relating to unemployment insurance claimant profiling;"

Engrossed Senate Bill No. 5770 provides the Department of Employment Security the authority to implement a federally mandated worker profiling system to identify long-term unemployed individuals and to refer them to re-employment services.

Section 3 of the bill contains language restricting training to certain classes of workers. According to the Attorney General, this change puts at risk the current training of some workers. This consequence was unforeseen and unintended when the bill was passed.

Section 3 also instructs the department to inform eligible individuals that they may receive benefits while they satisfactorily progress in training that has been approved by the commissioner of the department. This is a positive change. I will, by separate instrument, direct the department to comply with this provision.

For these reasons, I am vetoing section 3 of Engrossed Senate Bill No. 5770.

With the exception of section 3, Engrossed Senate Bill No. 5770 is approved."

Any of the costs set forth in this section may be excluded from the cost and expense to be assessed against the property in such local improvement district and may be paid from any other moneys available therefor if the legislative body of the city or town so designates by ordinance at any time.

**Sec. 2.** RCW 43.21B.160 and 1990 c 65 s 5 are each amended to read as follows:

In all appeals (~~(involving a formal hearing)~~), the hearings board shall have all powers relating to administration of oaths, issuance of subpoenas, and taking of depositions as are granted to agencies in chapter 34.05 RCW, the Administrative Procedure Act. The hearings board, and each member thereof, shall be subject to all duties imposed upon, and shall have all powers granted to, an agency by those provisions of chapter 34.05 RCW relating to adjudicative proceedings. In the case of appeals within the jurisdiction of the hearings board, the hearings board, or any member thereof, may obtain such assistance, including the making of field investigations, from the staff of the director as the hearings board, or any member thereof, may deem necessary or appropriate. Any communication, oral or written, from the staff of the director to the hearings board shall be presented only in an open hearing.

**Sec. 3.** RCW 43.21B.170 and 1970 ex.s. c 62 s 47 are each amended to read as follows:

All proceedings(~~(including both formal and informal hearings)~~) before the hearings board or any of its members shall be conducted in accordance with such rules of practice and procedure as the hearings board may prescribe. The hearings board shall publish such rules and arrange for the reasonable distribution thereof.

**Sec. 4.** RCW 43.21B.190 and 1994 c 253 s 7 are each amended to read as follows:

Within thirty days after the final decision and order of the hearings board upon such an appeal has been communicated to the interested parties, such interested party aggrieved by the decision and order of the hearings board may appeal to the superior court. (~~(In all appeals involving a decision or an order of the hearings board after an informal hearing, the petition shall be filed in the superior court for the county of the petitioner's residence or principal place of business, or in the absence of a residence or principal place of business, for Thurston county. Such appeal may be perfected by filing with the clerk of the superior court a notice of appeal, and by serving a copy thereof by mail, or personally on the director, the air pollution control boards or authorities, established pursuant to chapter 70.94 RCW or on the board as the case may be. The hearings board shall serve upon the appealing party, the director, the air pollution control board or authorities established pursuant to chapter 70.94 RCW, or the board, as the case may be, and on any other party appearing at the hearings board's proceeding, and file with the clerk of the court before trial, a certified copy of the hearings board's decision and order. Appellate review of a decision of the superior court may be sought as in other civil cases. No bond shall be required on appeals to the superior court or on review by the supreme court unless specifically required by the judge of the superior court.)~~)

Sec. 5. RCW 34.05.518 and 1988 c 288 s 503 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

~~((1))~~ (a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

~~((2))~~ (b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

~~((3))~~ (c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

~~((4))~~ (d) The appellate court's determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent state-wide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section.

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The

application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

Sec. 6. RCW 34.05.522 and 1988 c 288 s 504 are each amended to read as follows:

The court of appeals may refuse to accept direct review of a case (~~certified~~) pursuant to RCW 34.05.518 if it finds that the case does not meet the applicable standard in RCW 34.05.518(2) or (5). Rules of Appellate Procedure 2.3 do not apply in this instance. The refusal to accept such review is not subject to further appellate review, notwithstanding anything in Rule 13.3 of the Rules of Appellate Procedure to the contrary.

Sec. 7. RCW 75.20.140 and 1989 c 175 s 161 are each amended to read as follows:

~~(1) ((In all appeals over which the hydraulic appeals board has jurisdiction, a party taking an appeal may elect either a formal or informal hearing. Such election shall be made according to the rules of practice and procedure to be adopted by the hydraulic appeals board. In the event that appeals are taken from the same decision, order, or determination, by different parties and only one of such parties elects a formal hearing, a formal hearing shall be granted.~~

~~(2))~~ (2) In all appeals, the hydraulic appeals board shall have all powers relating to administration of oaths, issuance of subpoenas, and taking of depositions, but such powers shall be exercised in conformity with chapter 34.05 RCW.

~~((3))~~ (2) In all appeals (~~involving a formal hearing~~), the hydraulic appeals board, and each member thereof, shall be subject to all duties imposed upon and shall have all powers granted to, an agency by those provisions of chapter 34.05 RCW relating to adjudicative proceedings.

~~((4))~~ (3) All proceedings (~~including both formal and informal hearings~~) before the hydraulic appeals board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may prescribe. Such rules shall be published and distributed.

~~((5))~~ (4) Judicial review of a decision of the hydraulic appeals board ~~((shall be de novo except when the decision has been rendered pursuant to the formal hearing, in which event judicial review))~~ may be obtained only pursuant to RCW 34.05.510 through 34.05.598.

NEW SECTION. Sec. 8. The following acts or parts of acts are each repealed:

- (1) RCW 43.21B.140 and 1987 c 109 s 30 & 1970 ex.s. c 62 s 44; and
- (2) RCW 43.21B.150 and 1990 c 65 s 4, 1974 ex.s. c 69 s 2, & 1970 ex.s. c 62 s 45.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) "Department" means the department of community, trade, and economic development.

(7) ~~((For purposes of RCW 36.70A.065 and 36.70A.440, "development permit application" means any application for a development proposal for a use that could be permitted under a plan adopted pursuant to this chapter and is consistent with the underlying land use and zoning, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses or other applications pertaining to land uses, but shall not include rezones, proposed amendments to comprehensive plans or the adoption or amendment of development regulations.~~

~~(8))~~ "Development regulations" means ~~((any))~~ the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances,

and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in section 402, chapter . . . (Engrossed Substitute House Bill No. 1724), Laws of 1995, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

~~((9))~~ (8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

~~((10))~~ (9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((11))~~ (10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((12))~~ (11) "Minerals" include gravel, sand, and valuable metallic substances.

~~((13))~~ (12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((14))~~ (13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((15))~~ (14) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of such land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((16))~~ (15) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((47))~~ (16) "Urban governmental services" include those governmental services historically and typically delivered by cities, and include storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with nonurban areas.

~~((48))~~ (17) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. ~~((However,))~~ Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands ~~((if permitted by the county or city)).~~

**Sec. 10.** RCW 90.58.030 and 1987 c 474 s 1 are each amended to read as follows:

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the

line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of state-wide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated (~~wetlands~~) shorelands, together with the lands underlying them; except (i) shorelines of state-wide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of state-wide significance" means the following shorelines of the state:

(i) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;

(A) Nisqually Delta—from DeWolf Bight to Tatsolo Point,

(B) Birch Bay—from Point Whitehorn to Birch Point,

(C) Hood Canal—from Tala Point to Foulweather Bluff,

(D) Skagit Bay and adjacent area—from Brown Point to Yokeko Point, and

(E) Padilla Bay—from March Point to William Point;

(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;

(iv) Those lakes, whether natural, artificial, or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;

(v) Those natural rivers or segments thereof as follows:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(vi) Those (~~wetlands~~) shorelands associated with (i), (ii), (iv), and (v) of this subsection (2)(e);

(f) "~~(Wetlands)~~ Shorelands" or "~~(wetland)~~ shoreland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all

(~~marshes, bogs, swamps,~~) wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology(~~(-PROVIDED-That)~~). Any county or city may determine that portion of a one-hundred-year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom;

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;

(h) "Wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. (e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds two thousand five hundred dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state; except that the following shall not be considered substantial developments for the purpose of this chapter:

(i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;

(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or

(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person's name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport disabled persons who have been determined eligible for special parking privileges provided under this section. If another vehicle is acquired by the disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another

vehicle is not acquired by the disabled person, the removed plate shall be immediately surrendered to the director.

(4) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. The director may issue a second temporary placard during that period if requested by the person who is temporarily disabled. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the disabled person's physician. The parking placard of a disabled person shall be renewed, when required by the director, by satisfactory proof of the right to continued use of the privileges.

(5) Additional fees shall not be charged for the issuance of the special placards. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the special license plate or placard required under this section. A local jurisdiction providing on-street parking places reserved for physically disabled persons may impose by ordinance time restrictions on the use of these parking places.

(8) The ~~((portion of a))~~ penalty imposed under subsection (7) of this section ~~((that is retained by a local jurisdiction under RCW 3.46.120, 3.50.100, 3.62.020, 3.62.040, or 35.20.220))~~ shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(9) It is a misdemeanor for any person to willfully obtain a special license plate or placard in a manner other than that established under this section.

**Sec. 2.** RCW 46.08.150 and 1961 c 12 s 46.08.150 are each amended to read as follows:

The director of general administration shall have power to devise and promulgate rules and regulations for the control of vehicular and pedestrian traffic and the parking of motor vehicles on the state capitol grounds. However, the monetary penalty for parking a motor vehicle without a valid special license plate or placard in a parking place reserved for physically disabled persons shall

AN ACT Relating to convention and trade centers; amending RCW 67.28.182, 67.28.240, 67.40.020, 67.40.040, 67.40.045, and 67.40.090; reenacting and amending RCW 67.28.180; adding new sections to chapter 67.40 RCW; repealing RCW 67.28.250; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** **Sec. 1.** (1) The governing body of a city, while not required by legislative mandate to do so, may, after July 1, 1995, by resolution or ordinance for the purposes authorized under sections 5 and 7 of this act, fix and impose a sales tax on the charge for rooms to be used for lodging by transients in accordance with the terms of chapter . . . , Laws of 1995 (this act). Such tax shall be collected from those persons who are taxable by the state under RCW 67.40.090, but only those taxable persons located within the boundaries of the city imposing the tax. The rate of such tax imposed by a city shall be two percent of the charge for rooms to be used for lodging by transients. Any such tax imposed under this section shall not be collected prior to January 1, 2000. The tax authorized under this section shall be levied and collected in the same manner as those taxes authorized under chapter 82.14 RCW. Penalties, receipts, abatements, refunds, and all other similar matters relating to the tax shall be as provided in chapter 82.08 RCW.

(2) The tax levied under this section shall remain in effect and not be modified for that period for which the principal and interest obligations of state bonds issued to finance the expansion of the state convention and trade center under RCW 67.40.030 remain outstanding.

(3) As used in this section, the term "city" means a municipality that has within its boundaries a convention and trade facility as defined in RCW 67.40.020.

**NEW SECTION.** **Sec. 2.** When remitting sales tax receipts to the state under RCW 82.14.050, the city treasurer, or its designee, shall at the same time remit the sales taxes collected under section 1 of this act for the municipality. The sum so collected and paid over on behalf of the municipality shall be credited against the amount of the tax otherwise due to the state from those same taxpayers under RCW 82.08.020(1).

**NEW SECTION.** Sec. 3. (1) The cities shall contract, prior to the effective date of a resolution or ordinance imposing a sales tax under section 1 of this act, the administration and collection of the local option sales tax to the state department of revenue at no cost to the municipality. The tax authorized by chapter . . . , Laws of 1995 (this act) which is collected by the department of revenue shall be deposited by the state into the account created under RCW 67.40.040 in the state treasury.

(2) The sales tax authorized under section 1 of this act shall be due and payable in the same manner as those taxes authorized under RCW 82.14.030.

**NEW SECTION.** Sec. 4. The state sales tax on construction performed under section 5 of this act collected by the department of revenue under chapter 82.08 RCW shall be deposited by the state into the account created under RCW 67.40.040 in the state treasury.

**NEW SECTION.** Sec. 5. All taxes levied and collected under section 1 of this act shall be credited to the state convention and trade center account in the state treasury and used solely by the corporation formed under RCW 67.40.020 for the purpose of paying all or any part of the cost associated with: The financing, design, acquisition, construction, equipping, operating, maintaining, and reequipping of convention center facilities related to the expansion recommended by the convention center expansion and city facilities task force created under section 148, chapter 6, Laws of 1994 sp. sess.; the acquisition, construction, and relocation costs of replacement housing; and the repayment of loans and advances from the state, including loans authorized previously under this chapter, or to pay or secure the payment of all or part of the principal of or interest on any state bonds issued for purposes authorized under this chapter.

**NEW SECTION.** Sec. 6. Upon the effective date of this act, the corporation may proceed with preliminary design and planning activities, environmental studies, and real estate appraisals for convention center improvements. No other expenditures may be made in support of the expansion project recommended by the convention center expansion and city facilities task force created under section 148, chapter 6, Laws of 1994 sp. sess. prior to acceptance by the board of directors of the corporation of an irrevocable commitment for funding from public or private participants consistent with the expansion development study task force recommendations report dated December 1994.

**NEW SECTION.** Sec. 7. (1) Moneys received from any tax imposed under section 1 of this act shall be used for the purpose of providing funds to the corporation for the costs associated with paying all or any part of the cost associated with: The financing, design, acquisition, construction, equipping, operating, maintaining, and reequipping of convention center facilities; the acquisition, construction, and relocation costs of replacement housing; and repayment of loans and advances from the state, including loans authorized previously under this chapter, or to pay or secure the payment of all or part of

the principal of or interest on any state bonds issued for purposes authorized under this chapter.

(2) If any of the revenue from any local sales tax authorized under section 1 of this act shall have been encumbered or pledged by the state to secure the payment of any state bonds as authorized under RCW 67.40.030, then as long as that agreement or pledge shall be in effect, the legislature shall not withdraw from the municipality the authority to levy and collect the tax or the tax credit authorized under sections 1 and 2 of this act.

**Sec. 8.** RCW 67.28.180 and 1991 c 363 s 139 and 1991 c 336 s 1 are each reenacted and amended to read as follows:

(2) Any levy authorized by this section shall be subject to the following:

(a) Any county ordinance or resolution adopted pursuant to this section shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax for the full amount of any city tax imposed pursuant to this section upon the same taxable event.

A county is exempt under

this subsection in respect to city revenue or general obligation bonds issued after April 1, 1991, only if such bonds mature before January 1, 2013.

The stadium restaurant authorized by this subsection (2)(b) shall be operated by a private concessionaire under a contract with the county.

(c) No city within a county exempt under subsection (2)(b) of this section may levy the tax authorized by this section so long as said county is so exempt: PROVIDED, That in the event that any city in such county has levied the tax authorized by this section and has, prior to June 26, 1975, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such city may levy the tax so long as ~~((and to the extent that))~~ the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through 67.28.160.

(4) In order to ensure consistent treatment of bonds authorized under RCW 67.40.030 with applicable provisions of the Internal Revenue Code of 1986, as amended, and notwithstanding RCW 43.84.092, investment earnings on bond proceeds deposited in the state convention and trade center account in the state treasury shall be retained in the account, and shall be expended by the corporation for the purposes authorized under chapter . . . , Laws of 1995 (this act) and in a manner consistent with applicable provisions of the Internal Revenue Code of 1986, as amended.

Subject to the conditions and limitations provided in this section, lines of credit may be authorized at times and in amounts as the director of financial management determines are advisable to meet current and/or anticipated cash deficiencies. Each authorization shall distinctly specify the maximum amount of cash deficiency which may be incurred and the maximum time period during which the cash deficiency may continue. The total amount of borrowing outstanding at any time shall never exceed the lesser of:

(a) \$58,275,000; or

(3) As used in this section, "project completion" means:

(a) All remaining development, construction, and administrative costs related to completion of the convention center; and

(b) Costs of the McKay building demolition, Eagles building rehabilitation, development of low-income housing, and construction of rentable retail space and an operable parking garage.

(4) It is the intent of the legislature that project completion costs be paid ultimately from the following sources:

(b) \$1,070,000 to be received by the corporation as a contribution from the city of Seattle;

(5) The borrowing authority provided in this section is in addition to the authority to borrow from the general fund to meet the bond retirement and interest requirements set forth in RCW 67.40.060. To the extent the specific conditions and limitations provided in this section conflict with the general conditions and limitations provided for temporary cash deficiencies in RCW 43.88.260 (section 7, chapter 502, Laws of 1987), the specific conditions and limitations in this section shall govern.

(b) One member from each of the following: (i) Forest protection industry; (ii) food processors; (iii) agricultural chemical industry; and (iv) professional pesticide applicators. One member shall be appointed for each such segment of the industry and shall be nominated by a state-wide, private association of that segment of the industry. The representative of the agricultural chemical industry shall be involved in the manufacture of agricultural crop protection products.

The following shall be ex officio, nonvoting members of the commission: The coordinator of the interregional project number four at Washington State University; the director of the department of ecology or the director's designee; the director of the department of agriculture or the director's designee; the director of the department of labor and industries or the director's designee, and the secretary of the department of health or the secretary's designee.

(2) Each voting member of the commission shall serve a term of three years. However, the first appointments in the first year shall be made by the governor for one, two, and three-year terms so that, in subsequent years, approximately one-third of the voting members shall be appointed each year. The governor shall assign the initial one, two, and three-year terms to members by lot. A vacancy shall be filled by appointment for the unexpired term in the same manner provided for an appointment to the full term. No member of the commission may be removed by the governor during his or her term of office unless for cause of incapacity, incompetence, neglect of duty, or malfeasance in office. Each member of the commission shall receive travel expenses in accordance with RCW 43.03.050 and 43.03.060 for attending meetings of the commission and for performing special duties, in the way of official commission business, specifically assigned to the person by the commission. The voting members of the commission serve without compensation from the state other than such travel expenses.

(3) Nominations for the initial appointments to the commission under subsection (1) of this section shall be submitted by September 1, 1995. The governor shall make initial appointments to the commission by October 15, 1995.

(4) The commission shall elect a chair from among its voting members each calendar year. After its original organizational meeting, the commission shall meet at the call of the chair. A majority of the voting members of the commission constitutes a quorum and an official action of the commission may be taken by a majority vote of the voting members.

The (~~director of community development~~) adjutant general shall adopt and distribute a standard form of contract for use by local organizations in understanding and carrying out said mutual aid arrangements.

(2) The (~~director of community development~~) adjutant general and the director of each local organization for emergency management may, subject to the approval of the governor, enter into mutual aid arrangements with emergency management agencies or organizations in other states for reciprocal emergency management aid and assistance in case of disaster too great to be dealt with unassisted. All such arrangements shall be pursuant to either of the compacts contained in subsection (2) (a) or (b) of this section.

(a) The legislature recognizes that the compact language contained in this subsection is inadequate to meet many forms of emergencies. For this reason, after June 7, 1984, the state may not enter into any additional compacts under this subsection (2)(a).

#### INTERSTATE CIVIL DEFENSE AND DISASTER COMPACT

The contracting States solemnly agree:

Article 1. The purpose of this compact is to provide mutual aid among the States in meeting any emergency or disaster from enemy attack or other cause (natural or otherwise) including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full and effective utilization of the resources of the respective States, including such resources as may be available from the United States Government or any other source, are essential to the safety, care and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the States that are parties hereto. The Directors of Civil Defense (Emergency Services) of all party States shall constitute a committee to formulate plans and take all necessary steps for the implementation of this compact.

Article 2. It shall be the duty of each party State to formulate civil defense plans and programs for application within such State. There shall be frequent consultation between the representatives of the States and with the United States Government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs the party States shall so far

as possible provide and follow uniform standards, practices and rules and regulations including:

(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services;

(b) Blackouts and practice blackouts, air raid drills, mobilization of civil defense forces and other tests and exercises;

(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;

(d) The effective screening or extinguishing of all lights and lighting devices and appliances;

(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;

(f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party State;

(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during, and subsequent to drills or attacks;

(h) The safety of public meetings or gatherings; and

(i) Mobile support units.

Article 3. Any party State requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the State rendering aid may withhold resources to the extent necessary to provide reasonable protection for such State. Each party State shall extend to the civil defense forces of any other party State, while operating within its State limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving State), duties, rights, privileges and immunities as if they were performing their duties in the State in which normally employed or rendering services. Civil defense forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the State receiving assistance.

Article 4. Whenever any person holds a license, certificate or other permit issued by any State evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party State to meet an emergency or disaster and such State shall give due recognition to such license, certificate or other permit as if issued in the State in which aid is rendered.

Article 5. No party State or its officers or employees rendering aid in another State pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

Article 6. Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that appropriate among other States party hereto, this instrument contains elements of a broad base common to all States, and nothing herein contained shall preclude any State from entering into supplementary agreements with another State or States. Such supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies.

Article 7. Each party State shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that State and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such State.

Article 8. Any party State rendering aid in another State pursuant to this compact shall be reimbursed by the party State receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding State may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party State without charge or cost; and provided further that any two or more party States may enter into supplementary agreements establishing a different allocation of costs as among those States. The United States Government may relieve the party State receiving aid from any liability and reimburse the party State supplying civil defense forces for the compensation paid to and the transportation, subsistence and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the State and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment or facilities so utilized or consumed.

Article 9. Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party States and the various local civil defense areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party State receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care and like items. Such expenditures shall be reimbursed by the party State of which the evacuees are residents, or by the United States Government

under plans approved by it. After the termination of the emergency or disaster the party State of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

Article 10. This compact shall be available to any State, territory or possession of the United States, and the District of Columbia. The term "State" may also include any neighboring foreign country or province or state thereof.

Article 11. The committee established pursuant to Article 1 of this compact may request the Civil Defense Agency of the United States Government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States Government may attend meetings of such committee.

Article 12. This compact shall become operative immediately upon its ratification by any State as between it and any other State or States so ratifying and shall be subject to approval by Congress unless prior Congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party States and with the Civil Defense Agency and other appropriate agencies of the United States Government.

Article 13. This compact shall continue in force and remain binding on each party State until the legislature or the Governor of such party State takes action to withdraw therefrom. Such action shall not be effective until 30 days after notice thereof has been sent by the Governor of the party State desiring to withdraw to the Governors of all other party States.

Article 14. This compact shall be construed to effectuate the purposes stated in Article 1 hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be effected thereby.

Article 15. (a) This Article shall be in effect only as among those states which have enacted it into law or in which the Governors have adopted it pursuant to constitutional or statutory authority sufficient to give it the force of law as part of this compact. Nothing contained in this Article or in any supplementary agreement made in implementation thereof shall be construed to abridge, impair or supersede any other provision of this compact or any obligation undertaken by a State pursuant thereto, except that if its terms so provide, a supplementary agreement in implementation of this Article may modify, expand or add to any such obligation as among the parties to the supplementary agreement.

(b) In addition to the occurrences, circumstances and subject matters to which preceding articles of this compact make it applicable, this compact and the authorizations, entitlements and procedures thereof shall apply to:

I. Searches for and rescue of person who are lost, marooned, or otherwise in danger.

2. Action useful in coping with disasters arising from any cause or designed to increase the capability to cope with any such disasters.

3. Incidents, or the imminence thereof, which endanger the health or safety of the public and which require the use of special equipment, trained personnel or personnel in larger numbers than are locally available in order to reduce, counteract or remove the danger.

4. The giving and receiving of aid by subdivisions of party States.

5. Exercises, drills or other training or practice activities designed to aid personnel to prepare for, cope with or prevent any disaster or other emergency to which this compact applies.

(c) Except as expressly limited by this compact or a supplementary agreement in force pursuant thereto, any aid authorized by this compact or such supplementary agreement may be furnished by any agency of a party State, a subdivision of such State, or by a joint agency providing such aid shall be entitled to reimbursement therefor to the same extent and in the same manner as a State. The personnel of such a joint agency, when rendering aid pursuant to this compact shall have the same rights, authority and immunity as personnel of party States.

(d) Nothing in this Article shall be construed to exclude from the coverage of Articles 1-15 of this compact any matter which, in the absence of this Article, could reasonably be construed to be covered thereby.

(b) The compact language contained in this subsection (2)(b) is intended to deal comprehensively with emergencies requiring assistance from other states.

### INTERSTATE MUTUAL AID COMPACT

#### Purpose

The purpose of this Compact is to provide voluntary assistance among participating states in responding to any disaster or imminent disaster, that over extends the ability of local and state governments to reduce, counteract or remove the danger. Assistance may include, but not be limited to, rescue, fire, police, medical, communication, transportation services and facilities to cope with problems which require use of special equipment, trained personnel or personnel in large numbers not locally available.

#### Authorization

Article I, Section 10 of the Constitution of the United States permits a state to enter into an agreement or compact with another state, subject to the consent of Congress. Congress, through enactment of Title 50 U.S.C. Sections 2281(g), 2283 and the Executive Department, by issuance of Executive Orders No. 10186 of December 1, 1950, encourages the states to enter into emergency, disaster and civil defense mutual aid agreements or pacts.

#### Implementation

It is agreed by participating states that the following conditions will guide implementation of the Compact:

1. Participating states through their designated officials are authorized to request and to receive assistance from a participating state. Requests will be granted only if the requesting state is committed to the mitigation of the emergency, and other resources are not immediately available.

2. Requests for assistance may be verbal or in writing. If the request is made by other than written communication, it shall be confirmed in writing as soon as practical after the request. A written request shall provide an itemization of equipment and operators, types of expertist, personnel or other resources needed. Each request must be signed by an authorized official.

3. Personnel and equipment of the aiding party made available to the requesting party shall, whenever possible, remain under the control and direction of the aiding party. The activities of personnel and equipment of the aiding party must be coordinated by the requesting party.

4. An aiding state shall have the right to withdraw some or all of their personnel and/or equipment whenever the personnel or equipment are needed by that state. Notice of intention to withdraw should be communicated to the requesting party as soon as possible.

#### General Fiscal Provisions

The state government of the requesting party shall reimburse the state government of the aiding party. It is understood that reimbursement shall be made as soon as possible after the receipt by the requesting party of an itemized voucher requesting reimbursement of costs.

1. Any party rendering aid pursuant to this Agreement shall be reimbursed by the state receiving such aid for any damage to, loss of, or expense incurred in the operation of any equipment used in responding to a request for aid, and for the cost incurred in connection with such requests.

2. Any state rendering aid pursuant to this Agreement shall be reimbursed by the state receiving such aid for the cost of payment of compensation and death benefits to injured officers, agents, or employees and their dependents or representatives in the event such officers, agents, or employees sustain injuries or are killed while rendering aid pursuant to this arrangement, provided that such payments are made in the same manner and on the same terms as if the injury or death were sustained within such state.

#### Privileges and Immunities

1. All privileges and immunities from liability, exemptions from law, ordinances, rules, all pension, relief disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees when performing their respective functions within the territorial limits of their respective political subdivisions, shall apply to them to the same degree and extent while engaged in the performance of any of their functions and duties extra-territorially under the provisions of this Agreement.

2. All privileges and immunities from liability, exemptions from law, ordinances, and rules, workers' compensation and other benefits which apply to

duly enrolled or registered volunteers when performing their respective functions at the request of their state and within its territorial limits, shall apply to the same degree and extent while performing their functions extra-territorially under the provisions of this Agreement. Volunteers may include, but not be limited to, physicians, surgeons, nurses, dentists, structural engineers, and trained search and rescue volunteers.

3. The signatory states, their political subdivisions, municipal corporations and other public agencies shall hold harmless the corresponding entities and personnel thereof from the other state with respect to the acts and omissions of its own agents and employees that occur while providing assistance pursuant to the common plan.

4. Nothing in this arrangement shall be construed as repealing or impairing any existing Interstate Mutual Aid Agreements.

5. Upon enactment of this Agreement by two or more states, and by January 1, annually thereafter, the participating states will exchange with each other the names of officials designated to request and/or provide services under this arrangement. In accordance with the cooperative nature of this arrangement, it shall be permissible and desirable for the parties to exchange operational procedures to be followed in requesting assistance and reimbursing expenses.

6. This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

7. This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. An actual withdrawal shall not take effect until the thirtieth consecutive day after the notice provided in the statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal.

**Sec. 4.** RCW 38.52.420 and 1994 c 264 s 11 are each amended to read as follows:

(f) Develop policies and procedures for the augmentation of emergency services and agency spill response personnel through the use of volunteers: PROVIDED, That no contingency plan may require the use of volunteers by a responding responsible party without that party's consent.

Sec. 5. RCW 38.54.010 and 1992 c 117 s 9 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

When mobilization is declared and authorized as provided in this chapter, all fire fighting resources except those of the host fire protection authorities, i.e.

incident jurisdiction, shall be deemed as mobilized under this chapter, including those that responded earlier under existing mutual aid or other agreement. All nonhost fire protection authorities providing fire fighting resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter from the time of the mobilization declaration.

If possible, mutual aid agreements should be without stated limitations as to resources available, time, or area. Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost fire protection authority for reimbursement of expenses incurred in providing fire fighting resources for mobilization.

Sec. 7. RCW 38.54.050 and 1992 c 117 s 13 are each amended to read as follows:

The parents or guardians of the juvenile may sign for a probation bond on behalf of the juvenile or deposit cash or other collateral in lieu of a bond if approved by the court.

A disposition outside the standard range shall be determined and shall be comprised of confinement or community supervision including posting a probation bond or a combination thereof. When a judge finds a manifest

injustice and imposes a sentence of confinement exceeding 30 days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range.

Sec. 4. RCW 13.40.040 and 1979 c 155 s 57 are each amended to read as follows:

(1) A juvenile may be taken into custody:

(a) Pursuant to a court order if a complaint is filed with the court alleging, and the court finds probable cause to believe, that the juvenile has committed an offense or has violated terms of a disposition order or release order; or

(b) Without a court order, by a law enforcement officer if grounds exist for the arrest of an adult in identical circumstances. Admission to, and continued custody in, a court detention facility shall be governed by subsection (2) of this section; or

(c) Pursuant to a court order that the juvenile be held as a material witness; or

(d) Where the secretary or the secretary's designee has suspended the parole of a juvenile offender.

(2) A juvenile may not be held in detention unless there is probable cause to believe that:

(a) The juvenile has committed an offense or has violated the terms of a disposition order; and

(i) The juvenile will likely fail to appear for further proceedings; or

(ii) Detention is required to protect the juvenile from himself or herself; or

(iii) The juvenile is a threat to community safety; or

(iv) The juvenile will intimidate witnesses or otherwise unlawfully interfere with the administration of justice; or

A court authorizing such a release shall issue an order containing a statement of conditions imposed upon the juvenile and shall set the date of his or her next court appearance. The court shall advise the juvenile of any conditions specified in the order and may at any time amend such an order in order to impose additional or different conditions of release upon the juvenile or to return the juvenile to custody for failing to conform to the conditions imposed. In addition to requiring the juvenile to appear at the next court date, the court may condition the probation bond on the juvenile's compliance with conditions of release. The juvenile's parent or guardian may notify the court that

the juvenile has failed to conform to the conditions of release or the provisions in the probation bond. If the parent notifies the court of the juvenile's failure to comply with the probation bond, the court shall notify the surety. As provided in the terms of the bond, the surety shall provide notice to the court of the offender's noncompliance. Failure to appear on the date scheduled by the court pursuant to this section shall constitute the crime of bail jumping.

(2) Notice of the detention hearing, stating the time, place, and purpose of the hearing, and stating the right to counsel, shall be given to the parent, guardian, or custodian if such person can be found and shall also be given to the juvenile if over twelve years of age.

(3) At the commencement of the detention hearing, the court shall advise the parties of their rights under this chapter and shall appoint counsel as specified in this chapter.

(4) The court shall, based upon the allegations in the information, determine whether the case is properly before it or whether the case should be treated as a diversion case under RCW 13.40.080. If the case is not properly before the court the juvenile shall be ordered released.

(5) Notwithstanding a determination that the case is properly before the court and that probable cause exists, a juvenile shall at the detention hearing be ordered released on the juvenile's personal recognizance pending further hearing unless the court finds detention is necessary under RCW 13.40.040 as now or hereafter amended.

(6) If detention is not necessary under RCW 13.40.040, as now or hereafter amended, the court shall impose the most appropriate of the following conditions or, if necessary, any combination of the following conditions:

(a) Place the juvenile in the custody of a designated person agreeing to supervise such juvenile;

(b) Place restrictions on the travel of the juvenile during the period of release;

(c) Require the juvenile to report regularly to and remain under the supervision of the juvenile court;

(d) Impose any condition other than detention deemed reasonably necessary to assure appearance as required; ~~((e))~~

(e) Require that the juvenile return to detention during specified hours; or

(f) Require the juvenile to post a probation bond set by the court under terms and conditions as provided in RCW 13.40.040(4).

(7) If the parent, guardian, or custodian of the juvenile in detention is available, the court shall consult with them prior to a determination to further detain or release the juvenile or treat the case as a diversion case under RCW 13.40.080.

**Sec. 6.** RCW 13.40.125 and 1994 1st sp.s. c 7 s 545 are each amended to read as follows:

(1) Upon motion at least fourteen days before commencement of trial, the juvenile court has the power, after consulting the juvenile's custodial parent or parents or guardian and with the consent of the juvenile, to continue the case for adjudication for a period not to exceed one year from the date ~~((of entry of the plea or finding of guilt))~~ the motion is granted. The court may continue the case for an additional one-year period for good cause.

(2) Any juvenile granted a deferral of adjudication under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution, as provided in RCW 13.40.190 shall also be a condition of community supervision under this section.

(3) Upon full compliance with ~~((such))~~ conditions of supervision, the court shall dismiss the case with prejudice.

(4) If the juvenile fails to comply with the terms of supervision, the court shall enter an order of adjudication and proceed to disposition. The juvenile's lack of compliance shall be determined by the judge upon written motion by the prosecutor or the juvenile's juvenile court community supervision counselor. A parent who signed for a probation bond or deposited cash may notify the counselor if the juvenile fails to comply with the bond or conditions of supervision. The counselor shall notify the court and surety. A surety shall notify the court of the juvenile's failure to comply with the probation bond. The state shall bear the burden to prove by a preponderance of the evidence that the juvenile has failed to comply with the terms of community supervision.

(5) If the juvenile agrees to a deferral of adjudication, the juvenile shall waive all rights:

(a) To a speedy trial and disposition;

(b) To call and confront witnesses; and

(c) To a hearing on the record. The adjudicatory hearing shall be limited to a reading of the court's record.

(6) A juvenile is not eligible for a deferred adjudication if:

(a) The juvenile's current offense is a sex or violent offense;

(b) The juvenile's criminal history includes any felony;

(c) The juvenile has a prior deferred adjudication; or

(d) The juvenile has had more than two diversions.

**Sec. 7.** RCW 13.40.160 and 1994 sp.s. c 7 s 523 are each amended to read as follows:

(1) When the respondent is found to be a serious offender, the court shall commit the offender to the department for the standard range of disposition for the offense, as indicated in option A of schedule D-3, RCW 13.40.0357 except as provided in subsections (5) and (6) of this section.

If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option B of schedule D-3, RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(2) Where the respondent is found to be a minor or first offender, the court shall order that the respondent serve a term of community supervision as indicated in option A or option B of schedule D-I, RCW 13.40.0357 except as provided in subsections (5) and (6) of this section. If the court determines that a disposition of community supervision would effectuate a manifest injustice the court may impose another disposition under option C of schedule D-I, RCW 13.40.0357. Except as provided in subsection (5) of this section, a disposition other than a community supervision may be imposed only after the court enters reasons upon which it bases its conclusions that imposition of community supervision would effectuate a manifest injustice. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

Except for disposition of community supervision or a disposition imposed pursuant to subsection (5) of this section, a disposition may be appealed as provided in RCW 13.40.230 by the state or the respondent. A disposition of community supervision or a disposition imposed pursuant to subsection (5) of this section may not be appealed under RCW 13.40.230.

(3) Where a respondent is found to have committed an offense for which the respondent declined to enter into a diversion agreement, the court shall impose a term of community supervision limited to the conditions allowed in a diversion agreement as provided in RCW 13.40.080(2).

(4) If a respondent is found to be a middle offender:

(a) The court shall impose a determinate disposition within the standard range(s) for such offense, as indicated in option A of schedule D-2, RCW 13.40.0357 except as provided in subsections (5) and (6) of this section(~~PROVIDED, That~~). If the standard range includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement; or

(b) If the middle offender has less than 110 points, the court shall impose a ((disposition under (a) of this subsection, which shall be suspended, and shall impose a)) determinate disposition of community supervision and/or up to thirty days confinement, as indicated in option B of schedule D-2, RCW 13.40.0357 in which case, if confinement has been imposed, the court shall state either aggravating or mitigating factors as set forth in RCW 13.40.150. If the middle offender has 110 points or more, the court may impose a disposition under option A and may suspend the disposition on the condition that the offender serve up to thirty days of confinement and follow all conditions of community supervision. If the offender violates any condition of the disposition including conditions of a probation bond, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspension and order execution of the ((sentence)) disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(c) Only if the court concludes, and enters reasons for its conclusions, that disposition as provided in subsection (4) (a) or (b) of this section would effectuate a manifest injustice, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

(d) A disposition pursuant to subsection (4)(c) of this section is appealable under RCW 13.40.230 by the state or the respondent. A disposition pursuant to subsection (4) (a) or (b) of this section is not appealable under RCW 13.40.230.

(5) When a serious, middle, or minor first offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a)(i) Frequency and type of contact between the offender and therapist;
- (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (iv) Anticipated length of treatment; and
- (v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, and the court may suspend the execution of the disposition and place the offender on community supervision for up to two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

- (b)(i) Devote time to a specific education, employment, or occupation;
- (ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;
- (iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;
- (iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

- (v) Report as directed to the court and a probation counselor;
- (vi) Pay all court-ordered legal financial obligations, perform community service, or any combination thereof; ~~((e))~~
- (vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense; or
- (viii) Comply with the conditions of any court-ordered probation bond.

The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (5), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (5) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days' confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days' confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(e) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(8) Except as provided for in subsection (4)(b) or (5) of this section or RCW 13.40.125, the court shall not suspend or defer the imposition or the execution of the disposition.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

**Sec. 8.** RCW 13.40.200 and 1986 c 288 s 5 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, penalty assessments, or confinement of less than thirty days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent's appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay a fine, penalty assessments, or restitution or to perform community service hours, as required by the court, it shall be the respondent's burden to show that he or she did not have the means and could not reasonably have acquired the means to pay the fine, penalty assessments, or restitution or perform community service.

(3)(a) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to thirty days' confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed thirty days' confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

(b) If the violation of the terms of the order under (a) of this subsection is failure to pay fines, penalty assessments, complete community service, or make restitution, the term of confinement imposed under (a) of this subsection shall be assessed at a rate of one day of confinement for each twenty-five dollars or eight hours owed.

(4) If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community service. The number of hours of community service in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines

collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.

(5) When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in section 1 of this act.

NEW SECTION. Sec. 9. A new section is added to chapter 13.40 RCW to read as follows:

When a juvenile charged with an offense posts a probation bond or deposits cash or posts other collateral in lieu of a bond, ten dollars of the total amount required to be posted as bail shall be paid in cash as a nonrefundable bail fee. The bail fee shall be distributed to the county for costs associated with implementing chapter . . . , Laws of 1995 (this act).

(5) A public facilities district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued.

Sec. 2. RCW 36.100.020 and 1989 1st ex.s. c 8 s 2 are each amended to read as follows:

A public facilities district may impose charges and fees for the use of its facilities, and may accept and expend or use gifts, grants, and donations. ~~((The taxes that are provided for in this chapter may only be imposed for such purposes.))~~

Sec. 4. RCW 36.100.040 and 1989 1st ex.s. c 8 s 4 are each amended to read as follows:

A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than forty lodging units. However, if a public facilities district has not imposed such an excise tax prior to December 31, 1995, the public facilities district may only impose the excise tax if a ballot proposition authorizing the imposition of the tax has been approved by a simple majority vote of voters of the public facilities district voting on the proposition.

The rate of the tax shall not exceed two percent and the proceeds of the tax shall only be used for the acquisition, design, ~~((and))~~ construction, remodeling, maintenance, equipping, reequipping, repairing, and operation of ~~((sports and entertainment))~~ its public facilities. A facilities district additionally may issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the public facilities district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in this chapter.

(2) General obligation bonds may be issued with a maturity of up to thirty years, and shall be issued and sold in accordance with the provisions of chapter 39.46 RCW.

(3) The general obligation bonds may be payable from the operating revenues of the public facilities district in addition to the tax receipts of the district.

(4) The excise tax imposed pursuant to RCW 36.100.040 shall terminate upon final payment of all bonded indebtedness for ~~((the sports and entertainment facility))~~ its public facilities.

**Sec. 6.** RCW 82.14.048 and 1991 c 207 s 1 are each amended to read as follows:

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. The rate of tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

**NEW SECTION.** **Sec. 7.** The treasurer of the county in which a public facilities district is located shall be the ex officio treasurer of the district.

**NEW SECTION.** **Sec. 8.** The board of directors of the public facilities district shall adopt a resolution that may be amended from time to time that shall establish the basic requirements governing methods and amounts of reimbursement payable to such district officials and employees for travel and other business expenses incurred on behalf of the district. The resolution shall, among

other things, establish procedures for approving such expenses; the form of the travel and expense voucher; and requirements governing the use of credit cards issued in the name of the district. The resolution may also establish procedures for payment of per diem to board members. The state auditor shall, as provided by general law, cooperate with the public facilities district in establishing adequate procedures for regulating and auditing the reimbursement of all such expenses.

**NEW SECTION.** Sec. 9. The board of directors of the public facilities district may authorize payment of actual and necessary expenses of officers and employees for lodging, meals, and travel-related costs incurred in attending meetings or conferences on behalf of the public facilities district and strictly in the public interest and for public purposes. Costs of defense or judgment or settlement against the person shall not be paid in a case where the court has found that the person was not acting in good faith or within the scope of employment with or duties for the public facilities district.

**NEW SECTION.** Sec. 13. The board of directors of the public facilities district shall have authority to authorize the expenditure of funds for the public purposes of preparing and distributing information to the general public and

(9) Contributions governed by this section include, but are not limited to, contributions made or received indirectly through a third party or entity whether the contributions are or are not reported to the commission as earmarked contributions under RCW 42.17.135.

**Sec. 5.** RCW 42.17.132 and 1993 c 2 s 25 are each amended to read as follows:

~~((During the twelve month period preceding the expiration of a state legislator's term in office, no incumbent to that office may mail to a constituent at public expense a letter, newsletter, brochure, or other piece of literature that is not in direct response to that constituent's request for a response or for information. However,))~~

During the twelve-month period preceding the last day for certification of the election results for a state legislator's election to office, the legislator may not mail to a constituent at public expense a letter, newsletter, brochure, or other piece of literature except as provided in this section.

The legislator may mail one mailing ((mailed within)) no later than thirty days after the start of a regular legislative session and one mailing ((mailed within)) no later than sixty days after the end of a regular legislative session of identical newsletters to constituents ((are permitted)).

The legislator may mail an individual letter to an individual constituent who (1) has contacted the legislator regarding the subject matter of the letter during the legislator's current term of office; or (2) holds a governmental office with jurisdiction over the subject matter of the letter.

A violation of this section constitutes use of the facilities of a public office for the purpose of assisting a campaign under RCW ((42.17.130)) 42.52.180.

The house of representatives and senate shall specifically limit expenditures per member for the total cost of mailings, including but not limited to production costs, printing costs, and postage.

Each lobbyist shall at the time he or she registers submit to the commission a recent photograph of himself or herself of a size and format as determined by rule of the commission, together with the name of the lobbyist's employer, the length of his or her employment as a lobbyist before the legislature, a brief biographical description, and any other information he or she may wish to submit not to exceed fifty words in length. Such photograph and information shall be published at least ((annually)) biennially in a booklet form by the commission for distribution to legislators and the public.

Sec. 7. RCW 42.17.190 and 1986 c 239 s 1 are each amended to read as follows:

~~(1) (Every legislator and every committee of the legislature shall file with the commission quarterly reports listing the names, addresses, and salaries of all persons employed by the person or committee making the filing for the purpose of aiding in the preparation or enactment of legislation or the performance of legislative duties of such legislator or committee during the preceding quarter. The reports shall be made in the form and the manner prescribed by the commission and shall be filed between the first and tenth days of each calendar quarter. PROVIDED, That the information required by this subsection may be supplied, insofar as it is available, by the chief clerk of the house of representatives or by the secretary of the senate on a form prepared by the commission.))~~  
The house of representatives and the senate shall report annually: The total budget; the portion of the total attributed to staff; and the number of full-time and part-time staff positions by assignment, with dollar figures as well as number of positions.

(2) Unless authorized by subsection (3) of this section or otherwise expressly authorized by law, no public funds may be used directly or indirectly for lobbying: PROVIDED, This does not prevent officers or employees of an agency from communicating with a member of the legislature on the request of

that member; or communicating to the legislature, through the proper official channels, requests for legislative action or appropriations which are deemed necessary for the efficient conduct of the public business or actually made in the proper performance of their official duties: PROVIDED FURTHER, That this subsection does not apply to the legislative branch.

(3) Any agency, not otherwise expressly authorized by law, may expend public funds for lobbying, but such lobbying activity shall be limited to (a) providing information or communicating on matters pertaining to official agency business to any elected official or officer or employee of any agency or (b) advocating the official position or interests of the agency to any elected official or officer or employee of any agency: PROVIDED, That public funds may not be expended as a direct or indirect gift or campaign contribution to any elected official or officer or employee of any agency. For the purposes of this subsection, the term "gift" means a voluntary transfer of any thing of value without consideration of equal or greater value, but does not include informational material transferred for the sole purpose of informing the recipient about matters pertaining to official agency business(~~(- PROVIDED FURTHER, That)~~). This section does not permit the printing of a state publication which has been otherwise prohibited by law.

(4) No elective official or any employee of his or her office or any person appointed to or employed by any public office or agency may use or authorize the use of any of the facilities of a public office or agency, directly or indirectly, in any effort to support or oppose an initiative to the legislature. "Facilities of a public office or agency" has the same meaning as in RCW 42.17.130 and 42.52.180. The provisions of this subsection shall not apply to the following activities:

(a) Action taken at an open public meeting by members of an elected legislative body to express a collective decision, or to actually vote upon a motion, proposal, resolution, order, or ordinance, or to support or oppose an initiative to the legislature so long as (i) any required notice of the meeting includes the title and number of the initiative to the legislature, and (ii) members of the legislative body or members of the public are afforded an approximately equal opportunity for the expression of an opposing view;

(b) A statement by an elected official in support of or in opposition to any initiative to the legislature at an open press conference or in response to a specific inquiry;

(c) Activities which are part of the normal and regular conduct of the office or agency;

(d) Activities conducted regarding an initiative to the legislature that would be permitted under RCW 42.17.130 and 42.52.180 if conducted regarding other ballot measures.

(5) Each state agency, county, city, town, municipal corporation, quasi-municipal corporation, or special purpose district which expends public funds for lobbying shall file with the commission, except as exempted by (d) of this

subsection, quarterly statements providing the following information for the quarter just completed:

- (a) The name of the agency filing the statement;
- (b) The name, title, and job description and salary of each elected official, officer, or employee who lobbied, a general description of the nature of the lobbying, and the proportionate amount of time spent on the lobbying;
- (c) A listing of expenditures incurred by the agency for lobbying including but not limited to travel, consultant or other special contractual services, and brochures and other publications, the principal purpose of which is to influence legislation;
- (d) For purposes of this subsection the term "lobbying" does not include:
  - (i) Requests for appropriations by a state agency to the office of financial management pursuant to chapter 43.88 RCW nor requests by the office of financial management to the legislature for appropriations other than its own agency budget requests;
  - (ii) Recommendations or reports to the legislature in response to a legislative request expressly requesting or directing a specific study, recommendation, or report by an agency on a particular subject;
  - (iii) Official reports including recommendations submitted to the legislature on an annual or biennial basis by a state agency as required by law;
  - (iv) Requests, recommendations, or other communication between or within state agencies or between or within local agencies;
  - (v) Any other lobbying to the extent that it includes:
    - (A) Telephone conversations or preparation of written correspondence;
    - (B) In-person lobbying on behalf of an agency of no more than four days or parts thereof during any three-month period by officers or employees of that agency and in-person lobbying by any elected official of such agency on behalf of such agency or in connection with the powers, duties, or compensation of such official: PROVIDED, That the total expenditures of nonpublic funds made in connection with such lobbying for or on behalf of any one or more members of the legislature or state elected officials or public officers or employees of the state of Washington do not exceed fifteen dollars for any three-month period: PROVIDED FURTHER, That the exemption under this subsection is in addition to the exemption provided in (A) of this subsection;
    - (C) Preparation or adoption of policy positions.

The statements shall be in the form and the manner prescribed by the commission and shall be filed within one month after the end of the quarter covered by the report.

(6) In lieu of reporting under subsection (5) of this section any county, city, town, municipal corporation, quasi municipal corporation, or special purpose district may determine and so notify the public disclosure commission, that elected officials, officers, or employees who on behalf of any such local agency engage in lobbying reportable under subsection (5) of this section shall register and report such reportable lobbying in the same manner as a lobbyist who is

required to register and report under RCW 42.17.150 and 42.17.170. Each such local agency shall report as a lobbyist employer pursuant to RCW 42.17.180.

(7) The provisions of this section do not relieve any elected official or officer or employee of an agency from complying with other provisions of this chapter, if such elected official, officer, or employee is not otherwise exempted.

(8) The purpose of this section is to require each state agency and certain local agencies to report the identities of those persons who lobby on behalf of the agency for compensation, together with certain separately identifiable and measurable expenditures of an agency's funds for that purpose. This section shall be reasonably construed to accomplish that purpose and not to require any agency to report any of its general overhead cost or any other costs which relate only indirectly or incidentally to lobbying or which are equally attributable to or inseparable from nonlobbying activities of the agency.

The public disclosure commission may adopt rules clarifying and implementing this legislative interpretation and policy.

**Sec. 8.** RCW 42.17.240 and 1993 c 2 s 31 are each amended to read as follows:

(5) No individual may be required to file more than once in any calendar year.

(6) Each statement of financial affairs filed under this section shall be sworn as to its truth and accuracy.

(7) Every elected official and every executive state officer shall file with their statement of financial affairs a statement certifying that they have read and are familiar with RCW 42.17.130 or 42.52.180, whichever is applicable.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(b) Make available for public inspection and copying all indexes maintained for agency use.

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the Administrative Procedure Act.

**Sec. 12.** RCW 42.17.280 and 1973 c 1 s 28 are each amended to read as follows:

Public records shall be available for inspection and copying during the customary office hours of the agency, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives: PROVIDED, That if the ~~((agency))~~ entity does not have customary office hours of at least thirty hours per week, the public records shall be available from nine o'clock a.m. to noon and from one o'clock p.m. to four o'clock p.m. Monday through Friday, excluding legal holidays, unless the person making the request and the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives or its representative agree on a different time.

**Sec. 13.** RCW 42.17.290 and 1992 c 139 s 4 are each amended to read as follows:

Agencies shall adopt and enforce reasonable rules and regulations, and the office of the secretary of the senate and the office of the chief clerk of the house of representatives shall adopt reasonable procedures allowing for the time, resource, and personnel constraints associated with legislative sessions, consonant with the intent of this chapter to provide full public access to public records, to protect public records from damage or disorganization, and to prevent excessive interference with other essential functions of the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives. Such rules and regulations shall provide for the fullest assistance to inquirers and the most timely possible action on requests for information. Nothing in this section shall relieve agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives from honoring requests received by mail for copies of identifiable public records.

If a public record request is made at a time when such record exists but is scheduled for destruction in the near future, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives shall retain possession of the record, and may not destroy or erase the record until the request is resolved.

**Sec. 14.** RCW 42.17.300 and 1973 c 1 s 30 are each amended to read as follows:

No fee shall be charged for the inspection of public records. ~~((Agencies may impose))~~ Δ reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs incident to such copying.

**Sec. 15.** RCW 42.17.320 and 1992 c 139 s 6 are each amended to read as follows:

Responses to requests for public records shall be made promptly by agencies, the office of the secretary of the senate, and the office of the chief

clerk of the house of representatives. Within five business days of receiving a public record request, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives must respond by either (1) providing the record; (2) acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and providing a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request; or (3) denying the public record request. Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request. In acknowledging receipt of a public record request that is unclear, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives may ask the requestor to clarify what information the requestor is seeking. If the requestor fails to clarify the request, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives need not respond to it. Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies, the office of the secretary of the senate and the office of the chief clerk of the house of representatives shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action or final action by the office of the secretary of the senate or the office of the chief clerk of the house of representatives for the purposes of judicial review.

**NEW SECTION. Sec. 16.** A new section is added to chapter 42.17 RCW, to be codified after RCW 42.17.340, to read as follows:

The procedures in RCW 42.17.340 govern denials of an opportunity to inspect or copy a public record by the office of the secretary of the senate or the office of the chief clerk of the house of representatives.

**Sec. 17.** RCW 42.17.370 and 1994 c 40 s 3 are each amended to read as follows:

The commission is empowered to:

(1) Adopt, promulgate, amend, and rescind suitable administrative rules to carry out the policies and purposes of this chapter, which rules shall be adopted under chapter 34.05 RCW. Any rule relating to campaign finance, political advertising, or related forms that would otherwise take effect after June 30th of a general election year shall take effect no earlier than the day following the general election in that year;

(2) Appoint and set, within the limits established by the committee on agency officials' salaries under RCW 43.03.028, the compensation of an

executive director who shall perform such duties and have such powers as the commission may prescribe and delegate to implement and enforce this chapter efficiently and effectively. The commission shall not delegate its authority to adopt, amend, or rescind rules nor shall it delegate authority to determine whether an actual violation of this chapter has occurred or to assess penalties for such violations;

(3) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter, including reports and statistics concerning campaign financing, lobbying, financial interests of elected officials, and enforcement of this chapter;

(4) Make from time to time, on its own motion, audits and field investigations;

(5) Make public the time and date of any formal hearing set to determine whether a violation has occurred, the question or questions to be considered, and the results thereof;

(6) Administer oaths and affirmations, issue subpoenas, and compel attendance, take evidence and require the production of any books, papers, correspondence, memorandums, or other records relevant or material for the purpose of any investigation authorized under this chapter, or any other proceeding under this chapter;

(7) Adopt and promulgate a code of fair campaign practices;

(8) Relieve, by rule, candidates or political committees of obligations to comply with the provisions of this chapter relating to election campaigns, if they have not received contributions nor made expenditures in connection with any election campaign of more than one thousand dollars;

(9) Adopt rules prescribing reasonable requirements for keeping accounts of and reporting on a quarterly basis costs incurred by state agencies, counties, cities, and other municipalities and political subdivisions in preparing, publishing, and distributing legislative information. The term "legislative information," for the purposes of this subsection, means books, pamphlets, reports, and other materials prepared, published, or distributed at substantial cost, a substantial purpose of which is to influence the passage or defeat of any legislation. The state auditor in his or her regular examination of each agency under chapter 43.09 RCW shall review the rules, accounts, and reports and make appropriate findings, comments, and recommendations in his or her examination reports concerning those agencies;

(10) After hearing, by order approved and ratified by a majority of the membership of the commission, suspend or modify any of the reporting requirements of this chapter in a particular case if it finds that literal application of this chapter works a manifestly unreasonable hardship and if it also finds that the suspension or modification will not frustrate the purposes of the chapter. The commission shall find that a manifestly unreasonable hardship exists if reporting the name of an entity required to be reported under RCW 42.17.241(1)(g)(ii) would be likely to adversely affect the competitive position of any entity in

which the person filing the report or any member of his or her immediate family holds any office, directorship, general partnership interest, or an ownership interest of ten percent or more. Any suspension or modification shall be only to the extent necessary to substantially relieve the hardship. The commission shall act to suspend or modify any reporting requirements only if it determines that facts exist that are clear and convincing proof of the findings required under this section. Requests for renewals of reporting modifications may be heard in a brief adjudicative proceeding as set forth in RCW 34.05.482 through 34.05.494 and in accordance with the standards established in this section. No initial request may be heard in a brief adjudicative proceeding and no request for renewal may be heard in a brief adjudicative proceeding if the initial request was granted more than three years previously or if the applicant is holding an office or position of employment different from the office or position held when the initial request was granted. The commission shall adopt administrative rules governing the proceedings. Any citizen has standing to bring an action in Thurston county superior court to contest the propriety of any order entered under this section within one year from the date of the entry of the order; and

(11) Revise, at least once every five years but no more often than every two years, the monetary reporting thresholds and reporting code values of this chapter. The revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the period commencing with the month of December preceding the last revision and concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter (reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials), the revisions shall equally affect all thresholds within each category. Revisions shall be adopted as rules under chapter 34.05 RCW. The first revision authorized by this subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold through December 1985;

(12) Develop and provide to filers a system for certification of reports required under this chapter which are transmitted by facsimile or electronically to the commission. Implementation of the program is contingent on the availability of funds.

**Sec. 18.** RCW 42.17.420 and 1983 c 176 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, when any application, report, statement, notice, or payment required to be made under the provisions of this chapter has been deposited postpaid in the United States mail properly addressed, it shall be deemed to have been received on the date of mailing. It shall be presumed that the date shown by the post office cancellation mark on the envelope is the date of mailing. The provisions of this section do

not apply to reports required to be delivered under RCW 42.17.105 and 42.17.175.

(2) When a report is filed electronically with the commission, it is deemed to have been received on the file transfer date. Electronic filing may be used for purposes of filing the special reports required to be delivered under RCW 42.17.105 and 42.17.175.

**Sec. 19.** RCW 42.17.510 and 1993 c 2 s 22 are each amended to read as follows:

(1) All written political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name and address. All radio and television political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name. The use of an assumed name shall be unlawful. The party with which a candidate files shall be clearly identified in political advertising for partisan office.

(2) In addition to the materials required by subsection (1) of this section, all political advertising undertaken as an independent expenditure by a person or entity other than a party organization must include the following statement on the communication "NOTICE TO VOTERS (Required by law): This advertisement is not authorized or approved by any candidate. It is paid for by (name, address, city, state)." If the advertisement undertaken as an independent expenditure is undertaken by a nonindividual other than a party organization, then the following notation must also be included: "Top Five Contributors," followed by a listing of the names of the five persons or entities making the largest contributions reportable under this chapter during the twelve-month period before the date of the advertisement.

(3) The statements and listings of contributors required by subsections (1) and (2) of this section shall:

(a) Appear on ~~((each))~~ the first page or fold of the written communication in at least ten-point type, or in type at least ten percent of the largest size type used in a written communication directed at more than one voter, such as a billboard or poster, whichever is larger;

(b) Not be subject to the half-tone or screening process;

(c) Be ~~((in a printed or drawn box))~~ set apart from any other printed matter; and

(d) Be clearly spoken on any broadcast advertisement.

(4) Political yard signs are exempt from the requirement of subsections (1) and (2) of this section that the name and address of the sponsor of political advertising be listed on the advertising. In addition, the public disclosure commission shall, by rule, exempt from the identification requirements of subsections (1) and (2) of this section forms of political advertising such as campaign buttons, balloons, pens, pencils, sky-writing, inscriptions, and other forms of advertising where identification is impractical.

(5) For the purposes of this section, "yard sign" means any outdoor sign with dimensions no greater than eight feet by four feet.

**Sec. 20.** RCW 42.17.640 and 1993 c 2 s 4 are each amended to read as follows:

(1) No person, other than a bona fide political party or a caucus (~~(of the state legislature)~~) political committee, may make contributions to a candidate for a state legislative office that in the aggregate exceed five hundred dollars or to a candidate for a state office other than a state legislative office that in the aggregate exceed one thousand dollars for each election in which the candidate is on the ballot or appears as a write-in candidate. Contributions made with respect to a primary may not be made after the date of the primary. Contributions made with respect to a general election may not be made after the final day of the applicable election cycle.

(2) No person, other than a bona fide political party or a caucus (~~(of the state legislature)~~) political committee, may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the state official, during a recall campaign that in the aggregate exceed five hundred dollars if for a state legislative office or one thousand dollars if for a state office other than a state legislative office.

(3)(a) Notwithstanding subsection (1) of this section, no bona fide political party or caucus (~~(of the state legislature)~~) political committee may make contributions to a candidate during an election cycle that in the aggregate exceed (i) fifty cents multiplied by the number of eligible registered voters in the jurisdiction from which the candidate is elected if the contributor is a caucus (~~(of the state legislature)~~) political committee or the governing body of a state organization, or (ii) twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No candidate may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed twenty-five cents times the number of registered voters in the jurisdiction from which the candidate is elected.

(4)(a) Notwithstanding subsection (2) of this section, no bona fide political party or caucus (~~(of the state legislature)~~) political committee may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the state official, during a recall campaign that in the aggregate exceed (i) fifty cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a caucus (~~(of the state legislature of {or})~~) political committee or the governing body of a state organization, or (ii) twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(5) For purposes of determining contribution limits under subsections (3) and (4) of this section, the number of eligible registered voters in a jurisdiction is the number at the time of the most recent general election in the jurisdiction.

(6) Notwithstanding subsections (1) through (4) of this section, no person other than an individual, bona fide political party, or caucus ((of the state legislature)) political committee may make contributions reportable under this chapter to a caucus ((of the state legislature)) political committee that in the aggregate exceed five hundred dollars in a calendar year or to a bona fide political party that in the aggregate exceed two thousand five hundred dollars in a calendar year. This subsection does not apply to loans made in the ordinary course of business.

~~((6))~~ (7) For the purposes of RCW 42.17.640 through 42.17.790, a contribution to the authorized political committee of a candidate, or of a state official against whom recall charges have been filed, is considered to be a contribution to the candidate or state official.

~~((7))~~ (8) A contribution received within the twelve-month period after a recall election concerning a state office is considered to be a contribution during that recall campaign if the contribution is used to pay a debt or obligation incurred to influence the outcome of that recall campaign.

~~((8))~~ (9) The contributions allowed by subsection (2) of this section are in addition to those allowed by subsection (1) of this section, and the contributions allowed by subsection (4) of this section are in addition to those allowed by subsection (3) of this section.

~~((9))~~ (10) RCW 42.17.640 through 42.17.790 apply to a special election conducted to fill a vacancy in a state office. However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

~~((10))~~ (11) Notwithstanding the other subsections of this section, no corporation or business entity not doing business in Washington state, no labor union with fewer than ten members who reside in Washington state, and no political committee that has not received contributions of ten dollars or more from at least ten persons registered to vote in Washington state during the preceding one hundred eighty days may make contributions reportable under this chapter to a candidate, to a state official against whom recall charges have been

filed, or to a political committee having the expectation of making expenditures in support of the recall of the official. This subsection does not apply to loans made in the ordinary course of business.

~~((11))~~ (12) Notwithstanding the other subsections of this section, no county central committee or legislative district committee may make contributions reportable under this chapter to a candidate, state official against whom recall charges have been filed, or political committee having the expectation of making expenditures in support of the recall of a state official if the county central committee or legislative district committee is outside of the jurisdiction entitled to elect the candidate or recall the state official.

~~((12))~~ (13) No person may accept contributions that exceed the contribution limitations provided in this section.

(14) The following contributions are exempt from the contribution limits of this section:

A person (~~(or entity)~~) may not solicit from a candidate for public office, political committee, political party, or other person (~~(or entity)~~) money or other property as a condition or consideration for an endorsement, article, or other communication in the news media promoting or opposing a candidate for public office, political committee, or political party.

(1) Except as provided in subsection (2) of this section, a candidate for public office or the candidate's political committee may not use or permit the use of contributions, whether or not surplus, solicited for or received by the candidate for public office or the candidate's political committee to further the candidacy of the individual for an office other than the office designated on the statement of organization. A contribution solicited for or received on behalf of the candidate for public office is considered solicited or received for the candidacy for which the individual is then a candidate if the contribution is solicited or received before the general elections for which the candidate for public office is a nominee or is unopposed.

(2) With the written approval of the contributor, a candidate for public office or the candidate's political committee may use or permit the use of contributions, whether or not surplus, solicited for or received by the candidate for public office or the candidate's political committee from that contributor to further the candidacy of the individual for an office other than the office designated on the statement of organization. If the contributor does not approve the use of his or her contribution to further the candidacy of the individual for an office other than the office designated on the statement of organization at the time of the contribution, the contribution must be considered surplus funds and disposed of in accordance with RCW 42.17.095.

**Sec. 28.** RCW 42.17.100 and 1989 c 280 s 10 are each amended to read as follows:

**INTERNAL POLITICAL COMMUNICATIONS—INDEPENDENT EXPENDITURE.** (1) For the purposes of this section and RCW 42.17.550 the term "independent (~~(campaign)~~) expenditure" means any expenditure that is made in support of or in opposition to any candidate or ballot proposition and is not

otherwise required to be reported pursuant to RCW 42.17.060, 42.17.080, or 42.17.090. "Independent expenditure" does not include: An internal political communication primarily limited to the contributors to a political party organization or political action committee, or the officers, management staff, and stockholders of a corporation or similar enterprise, or the members of a labor organization or other membership organization; or the rendering of personal services of the sort commonly performed by volunteer campaign workers, or incidental expenses personally incurred by volunteer campaign workers not in excess of fifty dollars personally paid for by the worker. "Volunteer services," for the purposes of this section, means services or labor for which the individual is not compensated by any person.

(2) Within five days after the date of making an independent ((~~campaign~~)) expenditure that by itself or when added to all other such independent ((~~campaign~~)) expenditures made during the same election campaign by the same person equals one hundred dollars or more, or within five days after the date of making an independent ((~~campaign~~)) expenditure for which no reasonable estimate of monetary value is practicable, whichever occurs first, the person who made the independent ((~~campaign~~)) expenditure shall file with the commission and the county elections officer of the county of residence for the candidate supported or opposed by the independent ((~~campaign~~)) expenditure (or in the case of an expenditure made in support of or in opposition to a local ballot proposition, the county of residence for the person making the expenditure) an initial report of all independent ((~~campaign~~)) expenditures made during the campaign prior to and including such date.

(3) At the following intervals each person who is required to file an initial report pursuant to subsection (2) of this section shall file with the commission and the county elections officer of the county of residence for the candidate supported or opposed by the independent ((~~campaign~~)) expenditure (or in the case of an expenditure made in support of or in opposition to a ballot proposition, the county of residence for the person making the expenditure) a further report of the independent ((~~campaign~~)) expenditures made since the date of the last report:

(a) On the twenty-first day and the seventh day preceding the date on which the election is held; and

(b) On the tenth day of the first month after the election; and

(c) On the tenth day of each month in which no other reports are required to be filed pursuant to this section. However, the further reports required by this subsection (3) shall only be filed if the reporting person has made an independent ((~~campaign~~)) expenditure since the date of the last previous report filed.

The report filed pursuant to paragraph (a) of this subsection (3) shall be the final report, and upon submitting such final report the duties of the reporting person shall cease, and there shall be no obligation to make any further reports.

(4) All reports filed pursuant to this section shall be certified as correct by the reporting person.

(5) Each report required by subsections (2) and (3) of this section shall disclose for the period beginning at the end of the period for the last previous report filed or, in the case of an initial report, beginning at the time of the first independent (~~campaign~~) expenditure, and ending not more than one business day before the date the report is due:

(a) The name and address of the person filing the report;

(b) The name and address of each person to whom an independent (~~campaign~~) expenditure was made in the aggregate amount of more than fifty dollars, and the amount, date, and purpose of each such expenditure. If no reasonable estimate of the monetary value of a particular independent (~~campaign~~) expenditure is practicable, it is sufficient to report instead a precise description of services, property, or rights furnished through the expenditure and where appropriate to attach a copy of the item produced or distributed by the expenditure;

(c) The total sum of all independent (~~campaign~~) expenditures made during the campaign to date; and

(d) Such other information as shall be required by the commission by rule in conformance with the policies and purposes of this chapter.

Sec. 29. RCW 42.17.125 and 1993 c 2 s 21 are each amended to read as follows:

**TECHNICAL CORRECTIONS.** Contributions received and reported in accordance with RCW 42.17.060 through 42.17.090 may only be transferred to the personal account of a candidate, or of a treasurer or other individual or expended for such individual's personal use under the following circumstances:

(1) Reimbursement for or loans to cover lost earnings incurred as a result of campaigning or services performed for the political committee. Such lost earnings shall be verifiable as unpaid salary, or when the individual is not salaried, as an amount not to exceed income received by the individual for services rendered during an appropriate, corresponding time period. All lost earnings incurred shall be documented and a record thereof shall be maintained by the individual or the individual's political committee. The political committee shall include a copy of such record when its expenditure for such reimbursement is reported pursuant to RCW 42.17.090.

(2) Reimbursement for direct out-of-pocket election campaign and postelection campaign related expenses made by the individual. To receive reimbursement from the political committee, the individual shall provide the political committee with written documentation as to the amount, date, and description of each expense, and the political committee shall include a copy of such information when its expenditure for such reimbursement is reported pursuant to RCW 42.17.090.

(3) Repayment of loans made by the individual to political committees, which repayment shall be reported pursuant to RCW 42.17.090. However, contributions may not be used to reimburse a candidate for loans totaling more

than three thousand dollars made by the candidate to the candidate's own ((authorized)) political committee or campaign.

**Sec. 30.** RCW 42.52.180 and 1994 c 154 s 118 are each amended to read as follows:

(1) No state officer or state employee may use or authorize the use of facilities of an agency, directly or indirectly, for the purpose of assisting a campaign for election of a person to an office or for the promotion of or opposition to a ballot proposition. Knowing acquiescence by a person with authority to direct, control, or influence the actions of the state officer or state employee using public resources in violation of this section constitutes a violation of this section. Passed the Senate April 23, 1995.

Passed the House April 21, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 3 and 21, Engrossed Substitute Senate Bill No. 5684 entitled:

"AN ACT Relating to public disclosure;"

Engrossed Substitute Senate Bill No. 5684 makes many important and necessary changes to our public disclosure and campaign practices laws which I strongly support. It incorporates most of the recommendations of the Public Disclosure Commission's (PDC) request legislation. It also enacts many of the campaign practices recommendations of the Commission on Ethics and Campaign Practices that were introduced at my request in Substitute Senate Bill No. 5576. The legislature is to be commended for making significant improvements in this complex and controversial area of law designed to protect the public's right to know.

However, I do not believe section 3 of Engrossed Substitute Senate Bill No. 5684 to be consistent with the underlying principles of openness and full disclosure of political campaign financing. Section 3 would prevent the PDC from requiring the reporting of additional information about contributors, other than their names, addresses, and the amount and date of their contribution. The apparent purpose of this provision is to protect the privacy of contributors.

The PDC currently has clear and specific statutory authority to require additional contributor information in conformance with the policies and purposes of this law. Consistent with this authority, the PDC, by rule, has required the reporting of the occupation and the name and address of the employer for larger contributors — those who contribute \$100 or more. This additional reporting requirement is designed to disclose possible patterns of coordinated contributions to candidates and to ballot measures by large organizations or businesses who may attempt to circumvent contribution limits.

Employer and occupational information is critical to identifying and disclosing these patterns and to detecting violations of the "anti-laundering" laws of our state. Section 3 would close a major avenue for disclosure of vital information about who influences elections. I believe that the public's right to information about elections and who influences those elections outweighs the purported need to protect the privacy of individual contributors.

Section 21 of Engrossed Substitute Senate Bill No. 5684 modifies RCW 42.17.680 which is designed to protect the rights of employees from political pressure on the job. Current law specifically prohibits employers or labor organizations from discriminating against workers for failure to contribute to or support or oppose a candidate, ballot proposition, political party, or political committee. This protects employees from being forced to promote an employer's political agenda. Additional current language, that would be removed by section 21, prohibits discrimination for "in any way supporting or opposing" a candidate, ballot proposition, political party, or political committee. This language provides protections for workers to act on their own political beliefs.

This specific provision is the subject of ongoing litigation regarding whether or not employers may be prevented from mandating the political neutrality of their employees in cases where the nature of their jobs require it. Moreover, section 21 did not receive full and open debate in the legislature before the bill was passed. I am, therefore, reluctant to approve any changes in this very sensitive and controversial law until its implications have been more thoroughly and more openly explored in legislative and judicial forums.

For these reasons, I am vetoing sections 3 and 21 of Engrossed Substitute Senate Bill No. 5684.

With the exception of sections 3 and 21, Engrossed Substitute Senate Bill No. 5684 is approved."

No city may receive more than fifty percent of any moneys distributed under this subsection (a) but, if a city distribution is reduced as a result of

exceeding the fifty percent limitation, the amount not distributed shall be distributed under (b) of this subsection.

(b) The remainder of the moneys, including any moneys not distributed in subsection (2)(a) of this section, shall be distributed to all cities eligible under subsection (2) of this section ratably based on population as last determined by the office of financial management.

(6) Moneys distributed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

**Sec. 13.** RCW 82.14.330 and 1994 c 273 s 22 are each amended to read as follows:

Moneys shall be distributed under this subsection (1)(a) ratably based on population as last determined by the office of financial management, but no city may receive more than one dollar per capita. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement

Moneys distributed under this subsection shall be distributed to those cities that submit funding requests under this subsection to the department of community, trade, and economic development based on criteria developed under RCW 82.14.335. Allocation of funds shall be in proportion to the population of qualified jurisdictions, but the distribution to a city shall not exceed the amount of funds requested. Cities shall submit requests for program funding to the department of community, trade, and economic development by November 1 of each year for funding the following year. The department shall certify to the

state treasurer the cities eligible for funding under this subsection and the amount of each allocation.

Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

If a city is found by the state auditor to have expended funds received under this subsection in a manner that does not comply with the criteria under which the moneys were received, the city shall be ineligible to receive future distributions under this subsection until the use of the moneys are justified to the satisfaction of the director or are repaid to the state general fund. The director may allow noncomplying use of moneys received under this subsection upon a showing of hardship or other emergent need.

### **INTERSTATE CIVIL DEFENSE AND DISASTER COMPACT**

*The contracting States solemnly agree:*

*Article 1. The purpose of this compact is to provide mutual aid among the States in meeting any emergency or disaster from enemy attack or other cause (natural or otherwise) including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full and effective utilization of the resources of the respective States, including such resources as may be available from the United States Government or any other source, are essential to the safety, care and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the States that are parties hereto. The Directors of Civil Defense (Emergency Services) of all party States shall constitute a committee to formulate plans and take all necessary steps for the implementation of this compact.*

*Article 2. It shall be the duty of each party State to formulate civil defense plans and programs for application within such State. There shall be frequent consultation between the representatives of the States and with the United States Government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs the party States shall so far as possible provide and follow uniform standards, practices and rules and regulations including:*

*(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services;*

*(b) Blackouts and practice blackouts, air raid drills, mobilization of civil defense forces and other tests and exercises;*

*(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;*

*(d) The effective screening or extinguishing of all lights and lighting devices and appliances;*

*(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;*

*(f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party State;*

*(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during, and subsequent to drills or attacks;*

*(h) The safety of public meetings or gatherings; and*

*(i) Mobile support units.*

*Article 3. Any party State requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the State rendering aid may withhold resources to the extent necessary to provide reasonable protection for such State. Each party State shall extend to the civil defense forces of any other party State, while operating within its State limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving State), duties, rights, privileges and immunities as if they were performing their duties in the State in which normally employed or rendering services. Civil defense forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the State receiving assistance.*

*Article 4. Whenever any person holds a license, certificate or other permit issued by any State evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party State to meet an emergency or disaster and such State shall give due recognition to such license, certificate or other permit as if issued in the State in which aid is rendered.*

*Article 5. No party State or its officers or employees rendering aid in another State pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.*

*Article 6. Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that appropriate among other States party hereto, this instrument contains elements of a broad base common to all States, and nothing herein contained shall preclude any State from entering into supplementary agreements with another State or States. Such supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies.*

*Article 7. Each party State shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that State*

*and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such State.*

*Article 8. Any party State rendering aid in another State pursuant to this compact shall be reimbursed by the party State receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding State may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party State without charge or cost; and provided further that any two or more party States may enter into supplementary agreements establishing a different allocation of costs as among those States. The United States Government may relieve the party State receiving aid from any liability and reimburse the party State supplying civil defense forces for the compensation paid to and the transportation, subsistence and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the State and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment or facilities so utilized or consumed.*

*Article 9. Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party States and the various local civil defense areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party State receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care and like items. Such expenditures shall be reimbursed by the party State of which the evacuees are residents, or by the United States Government under plans approved by it. After the termination of the emergency or disaster the party State of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.*

*Article 10. This compact shall be available to any State, territory or possession of the United States, and the District of Columbia. The term "State" may also include any neighboring foreign country or province or state thereof.*

*Article 11. The committee established pursuant to Article I of this compact may request the Civil Defense Agency of the United States Govern-*

*ment to act as an informational and coordinating body under this compact, and representatives of such agency of the United States Government may attend meetings of such committee.*

*Article 12. This compact shall become operative immediately upon its ratification by any State as between it and any other State or States so ratifying and shall be subject to approval by Congress unless prior Congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party States and with the Civil Defense Agency and other appropriate agencies of the United States Government.*

*Article 13. This compact shall continue in force and remain binding on each party State until the legislature or the Governor of such party State takes action to withdraw therefrom. Such action shall not be effective until 30 days after notice thereof has been sent by the Governor of the party State desiring to withdraw to the Governors of all other party States.*

*Article 14. This compact shall be construed to effectuate the purposes stated in Article 1 hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be effected thereby.*

*Article 15. (a) This Article shall be in effect only as among those states which have enacted it into law or in which the Governors have adopted it pursuant to constitutional or statutory authority sufficient to give it the force of law as part of this compact. Nothing contained in this Article or in any supplementary agreement made in implementation thereof shall be construed to abridge, impair or supersede any other provision of this compact or any obligation undertaken by a State pursuant thereto, except that if its terms so provide, a supplementary agreement in implementation of this Article may modify, expand or add to any such obligation as among the parties to the supplementary agreement.*

*(b) In addition to the occurrences, circumstances and subject matters to which preceding articles of this compact make it applicable, this compact and the authorizations, entitlements and procedures thereof shall apply to:*

*1. Searches for and rescue of person who are lost, marooned, or otherwise in danger.*

*2. Action useful in coping with disasters arising from any cause or designed to increase the capability to cope with any such disasters.*

*3. Incidents, or the imminence thereof, which endanger the health or safety of the public and which require the use of special equipment, trained personnel or personnel in larger numbers than are locally available in order to reduce, counteract or remove the danger.*

*4. The giving and receiving of aid by subdivisions of party States.*

5. *Exercises, drills or other training or practice activities designed to aid personnel to prepare for, cope with or prevent any disaster or other emergency to which this compact applies.*

(c) *Except as expressly limited by this compact or a supplementary agreement in force pursuant thereto, any aid authorized by this compact or such supplementary agreement may be furnished by any agency of a party State, a subdivision of such State, or by a joint agency providing such aid shall be entitled to reimbursement therefor to the same extent and in the same manner as a State. The personnel of such a joint agency, when rendering aid pursuant to this compact shall have the same rights, authority and immunity as personnel of party States.*

(d) *Nothing in this Article shall be construed to exclude from the coverage of Articles 1-15 of this compact any matter which, in the absence of this Article, could reasonably be construed to be covered thereby.*

(b) *The compact language contained in this subsection (2)(b) is intended to deal comprehensively with emergencies requiring assistance from other states.*

## **INTERSTATE MUTUAL AID COMPACT**

### **Purpose**

*The purpose of this Compact is to provide voluntary assistance among participating states in responding to any disaster or imminent disaster, that over extends the ability of local and state governments to reduce, counteract or remove the danger. Assistance may include, but not be limited to, rescue, fire, police, medical, communication, transportation services and facilities to cope with problems which require use of special equipment, trained personnel or personnel in large numbers not locally available.*

### **Authorization**

*Article 1, Section 10 of the Constitution of the United States permits a state to enter into an agreement or compact with another state, subject to the consent of Congress. Congress, through enactment of Title 50 U.S.C. Sections 2281(g), 2283 and the Executive Department, by issuance of Executive Orders No. 10186 of December 1, 1950, encourages the states to enter into emergency, disaster and civil defense mutual aid agreements or pacts.*

### **Implementation**

*It is agreed by participating states that the following conditions will guide implementation of the Compact:*

1. *Participating states through their designated officials are authorized to request and to receive assistance from a participating state. Requests will be granted only if the requesting state is committed to the mitigation of the emergency, and other resources are not immediately available.*

2. *Requests for assistance may be verbal or in writing. If the request is made by other than written communication, it shall be confirmed in writing as*

soon as practical after the request. A written request shall provide an itemization of equipment and operators, types of expertise, personnel or other resources needed. Each request must be signed by an authorized official.

3. Personnel and equipment of the aiding party made available to the requesting party shall, whenever possible, remain under the control and direction of the aiding party. The activities of personnel and equipment of the aiding party must be coordinated by the requesting party.

4. An aiding state shall have the right to withdraw some or all of their personnel and/or equipment whenever the personnel or equipment are needed by that state. Notice of intention to withdraw should be communicated to the requesting party as soon as possible.

#### *General Fiscal Provisions*

The state government of the requesting party shall reimburse the state government of the aiding party. It is understood that reimbursement shall be made as soon as possible after the receipt by the requesting party of an itemized voucher requesting reimbursement of costs.

1. Any party rendering aid pursuant to this Agreement shall be reimbursed by the state receiving such aid for any damage to, loss of, or expense incurred in the operation of any equipment used in responding to a request for aid, and for the cost incurred in connection with such requests.

2. Any state rendering aid pursuant to this Agreement shall be reimbursed by the state receiving such aid for the cost of payment of compensation and death benefits to injured officers, agents, or employees and their dependents or representatives in the event such officers, agents, or employees sustain injuries or are killed while rendering aid pursuant to this arrangement, provided that such payments are made in the same manner and on the same terms as if the injury or death were sustained within such state.

#### *Privileges and Immunities*

1. All privileges and immunities from liability, exemptions from law, ordinances, rules, all pension, relief disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees when performing their respective functions within the territorial limits of their respective political subdivisions, shall apply to them to the same degree and extent while engaged in the performance of any of their functions and duties extra-territorially under the provisions of this Agreement.

2. All privileges and immunities from liability, exemptions from law, ordinances, and rules, workers' compensation and other benefits which apply to duly enrolled or registered volunteers when performing their respective functions at the request of their state and within its territorial limits, shall apply to the same degree and extent while performing their functions extra-territorially under the provisions of this Agreement. Volunteers may include, but not be limited to, physicians, surgeons, nurses, dentists, structural engineers, and trained search and rescue volunteers.

3. *The signatory states, their political subdivisions, municipal corporations and other public agencies shall hold harmless the corresponding entities and personnel thereof from the other state with respect to the acts and omissions of its own agents and employees that occur while providing assistance pursuant to the common plan.*

4. *Nothing in this arrangement shall be construed as repealing or impairing any existing Interstate Mutual Aid Agreements.*

5. *Upon enactment of this Agreement by two or more states, and by January 1, annually thereafter, the participating states will exchange with each other the names of officials designated to request and/or provide services under this arrangement. In accordance with the cooperative nature of this arrangement, it shall be permissible and desirable for the parties to exchange operational procedures to be followed in requesting assistance and reimbursing expenses.*

6. *This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.*

7. *This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. An actual withdrawal shall not take effect until the thirtieth consecutive day after the notice provided in the statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal.*

Furthermore, the director may make agreements with the United States government, state agencies, or private inspection organizations to implement the development and enforcement of applicable provisions of this chapter and the National Manufactured Housing Construction and Safety Standards Act of 1974 (800 Stat. 700; 42 U.S.C. The legislature recognizes that the state patrol, the office of the administrator for the courts, the sheriffs' and police chiefs' association, the department of social and health services, the department of community, trade, and economic development, the sentencing guidelines commission, the department of corrections, and the superintendent of public instruction each have comprehensive data and analysis capabilities that have contributed greatly to our current understanding of crime and violence, and their causes.

The legislature finds, however, that a single health-oriented agency must be designated to provide consistent guidelines to all these groups regarding the way in which their data systems collect this important data. It is not the intent of the legislature by RCW 43.70.545 to transfer data collection requirements from existing agencies or to require the addition of major new data systems. It is rather the intent to make only the minimum required changes in existing data systems to increase compatibility and comparability, reduce duplication, and to increase the usefulness of data collected by these agencies in developing more accurate descriptions of violence.

(1) A district providing utility service for residential space heating shall not terminate such utility service between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community, trade, and economic development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;

(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(f) Agrees to pay the moneys owed even if he or she moves.

(2) The utility shall:

(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

(b) Assist the customer in fulfilling the requirements under this section;

(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this section. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and

(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(3) All districts providing utility service for residential space heating shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(4) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter.

**Sec. 145.** RCW 54.52.010 and 1985 c 6 s 20 are each amended to read as follows:

All such funds shall be used solely to supplement assistance to low-income residential customers of the district in paying their electricity bills. assistance to a district's low-income customers as a result of voluntary contributions shall not reduce the amount of assistance for which the district's customers are eligible under the federally funded energy assistance programs administered by the grantee of the department of community, trade, and economic development within the district's service area. The grantee or charitable organization shall provide the district with a quarterly report on January 15th, April 15th, July 15th, and October 15th which includes information concerning the total amount of funds received from the district, the names of all recipients of assistance from these funds, the amount received by each recipient, and the amount of funds received from the district currently on hand and available for future low-income assistance.

The grantee or charitable organization shall provide the district with a quarterly report on January 15th, April 15th, July 15th, and October 15th which includes information concerning the total amount of funds received from the district, the names of all recipients of assistance from these funds, the amount received by each recipient, and the amount of funds received from the district currently on hand and available for future low-income assistance.

**Sec. 149.** RCW 57.46.010 and 1993 c 45 s 5 are each amended to read as follows:

Where possible the water district will be paid on behalf of the customer by the grantee or the charitable organization. When direct vendor payment is not feasible, a check will be issued jointly payable to the customer and the water district. The availability of funds for assistance to a district's low-income customers as a result of voluntary contributions shall not reduce the amount of assistance for which the district's customers are eligible under the federally funded energy assistance programs administered by the grantee of the department of community, trade, and economic development within the district's service area. **Sec. 151.** RCW 59.18.440 and 1990 1st ex.s. c 17 s 49 are each amended to read as follows:

(1) Any city, town, county, or municipal corporation that is required to develop a comprehensive plan under RCW 36.70A.040(1) is authorized to require, after reasonable notice to the public and a public hearing, property owners to provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, county, or municipal corporation may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter,

upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, "assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, "low-income tenants" means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community, trade, and economic development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the jurisdiction imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

- (a) Actual physical moving costs and expenses;
- (b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;
- (c) Utility connection fees and deposits; and
- (d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, county, or municipal corporation may make future annual adjustments to the maximum amount of relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, county, or municipal corporation authorized to require relocation assistance under subsection (1) of this section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under RCW 82.46.010.

(5) A city, town, county, or municipal corporation requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. **Sec. 154.** RCW 59.22.010 and 1987 c 482 s 1 are each amended to read as follows:

(1) The legislature finds:

(a) That manufactured housing and mobile home parks provide a source of low-cost housing to the low income, elderly, poor and infirmed, without which they could not afford private housing; but rising costs of mobile home park development and operation, as well as turnover in ownership, has resulted in mobile home park living becoming unaffordable to the low income, elderly, poor and infirmed, resulting in increased numbers of homeless persons, and persons who must look to public housing and public programs, increasing the burden on the state to meet the housing needs of its residents;

(b) That state government can play a vital role in addressing the problems confronted by mobile home park residents by providing assistance which makes it possible for mobile home park residents to acquire the mobile home parks in which they reside and convert them to resident ownership; and

(c) That to accomplish this purpose, information and technical support shall be made available through the department (~~(of community development)~~).

(2) Therefore, it is the intent of the legislature, in order to maintain low-cost housing in mobile home parks to benefit the low income, elderly, poor and infirmed, to encourage and facilitate the conversion of mobile home parks to resident ownership, to protect low-income mobile home park residents from both physical and economic displacement, to obtain a high level of private financing for mobile home park conversions, and to help establish acceptance for resident-owned mobile home parks in the private market.

(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of two cents per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products

immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of three cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. (6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the ((state)) oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than twenty-five million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than fifteen million dollars.

(11) The office of marine safety, the department of revenue, and the department of community, trade, and economic development shall study tax credits for taxpayers employing vessels with the best achievable technology and the best available protection to reduce the risk of oil spills to the navigable waters of the state and submit the study to the appropriate standing committees of the legislature by December 1, 1992.

The report shall contain information concerning the number of deferral certificates granted, the amount of sales tax deferred, the number of jobs created and other information useful in measuring such effects. Reports shall be submitted by January 1, 1986, and by January 1 of each year through 1999.

**Sec. 216.** RCW 88.12.275 and 1986 c 217 s 11 are each amended to read as follows:

(5) If an insurance company cancels or refuses to renew insurance for a registrant during the period of registration, the insurance company shall notify the department of licensing in writing of the termination of coverage and its effective date not less than thirty days before the effective date of termination.

(a) Upon receipt of an insurance company termination notice, the department of licensing shall send written notice to the registrant that on the effective date of termination the department of licensing will suspend the registration unless proof of insurance as required by this section is filed with the department of licensing before the effective date of the termination.

(b) If an insurance company fails to give notice of coverage termination, this failure shall not have the effect of continuing the coverage.

(c) The department of licensing may suspend or revoke registration under this section if the registrant fails to maintain in full force and effect the insurance required by this section.

(6) The state of Washington shall be immune from any civil action arising from a registration under this section.

**NEW SECTION.** **Sec. 219.** The 1995 amendments to RCW 43.63A.465 (section 74 of this act) shall expire and be of no force and effect on January 1 in any year following the failure of the United States department of housing and

urban development to reimburse the state for the duties described in chapter 124, Laws of 1993.

**NEW SECTION.** Sec. 220. RCW 41.06.089 is decodified.

Passed the House January 27, 1995.

Passed the Senate April 7, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1-6, 11, 19, 22-24, 42, 46-53, 73, 118, 119, 125-141, 143, 152, 153, 164, 165, 169-187, 195, 198, 201, 205, 206, and 217, Engrossed House Bill No. 1014 entitled:

"AN ACT Relating to obsolete references;"

Engrossed House Bill No. 1014 is an important effort to clarify the Revised Code of Washington (RCW) following the merger of the authorities of the former departments of Community Development and Trade and Economic Development into the new Department of Community, Trade, and Economic Development. It is necessary to update the RCW to reflect this change.

However, a number of sections in the bill conflict with changes in numerous other bills already enacted by the 1995 Legislature and signed into law. I am, therefore, vetoing these sections to provide technical clarification and to ensure that the intent of the most recent legislation is reflected in law.

For these reasons, I have vetoed sections 1-6, 11, 19, 22-24, 42, 46-53, 73, 118, 119, 125-141, 143, 152, 153, 164, 165, 169-187, 195, 198, 201, 205, 206, and 217 of Engrossed House Bill No. 1014.

With the exception of sections 1-6, 11, 19, 22-24, 42, 46-53, 73, 118, 119, 125-141, 143, 152, 153, 164, 165, 169-187, 195, 198, 201, 205, 206, and 217, Engrossed House Bill No. 1014 is approved."

## CHAPTER 400

[Engrossed House Bill 1305]

### GROWTH MANAGEMENT ACT—REVISIONS

AN ACT Relating to growth management; amending RCW 36.70A.040, 36.70A.110, and 36.70A.070; adding a new section to chapter 36.70A RCW; creating a new section; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 36.70A.040 and 1993 sp.s. c 6 s 1 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and, until the effective date of this section, has had its population increase by more than ten percent in the previous ten years or, on or after the effective date of this section, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the

county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (h) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

**Sec. 2.** RCW 36.70A.110 and 1994 c 249 s 27 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the ~~((population))~~ growth management ~~((planning))~~ population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, ~~((and))~~ second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in

designated new fully contained communities as defined by RCW 36.70A.350.  
~~((Further, it is))~~

~~(4)~~ In general, cities are the units of local government most appropriate  
~~((that))~~ to provide urban ~~((government))~~ governmental services ~~((be provided by~~  
~~cities, and))~~. In general, it is not appropriate that urban ~~((government))~~  
governmental services ~~((should not))~~ be ~~((provided))~~ extended to or expanded in  
rural areas except in those limited circumstances shown to be necessary to  
protect basic public health and safety and the environment and when such  
services are financially supportable at rural densities and do not permit urban  
development.

~~((4))~~ (5) On or before October 1, 1993, each county that was initially  
 required to plan under RCW 36.70A.040(1) shall adopt development regulations  
 designating interim urban growth areas under this chapter. Within three years  
 and three months of the date the county legislative authority of a county adopts  
 its resolution of intention or of certification by the office of financial manage-  
 ment, all other counties that are required or choose to plan under RCW  
 36.70A.040 shall adopt development regulations designating interim urban  
 growth areas under this chapter. Adoption of the interim urban growth areas  
 may only occur after public notice; public hearing; and compliance with the state  
 environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such  
 action may be appealed to the appropriate growth management hearings board  
 under RCW 36.70A.280. Final urban growth areas shall be adopted at the time  
 of comprehensive plan adoption under this chapter.

~~((5))~~ (6) Each county shall include designations of urban growth areas in  
 its comprehensive plan.

**Sec. 3.** RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to  
 read as follows:

The comprehensive plan of a county or city that is required or chooses to  
 plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text  
 covering objectives, principles, and standards used to develop the comprehensive  
 plan. The plan shall be an internally consistent document and all elements shall  
 be consistent with the future land use map. A comprehensive plan shall be  
 adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each  
 of the following:

(1) A land use element designating the proposed general distribution and  
 general location and extent of the uses of land, where appropriate, for agriculture,  
 timber production, housing, commerce, industry, recreation, open spaces, public  
 utilities, public facilities, and other land uses. The land use element shall include  
 population densities, building intensities, and estimates of future population  
 growth. The land use element shall provide for protection of the quality and  
 quantity of ground water used for public water supplies. Where applicable, the  
 land use element shall review drainage, flooding, and storm water run-off in the  
 area and nearby jurisdictions and provide guidance for corrective actions to

mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit appropriate land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and uses and may also provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural uses not characterized by urban growth.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

**NEW SECTION.** Sec. 4. A comprehensive plan adopted or amended before the effective date of this act shall be considered to be in compliance with RCW 36.70A.070 or 36.70A.110, as in effect before their amendment by this act, if the comprehensive plan is in compliance with RCW 36.70A.070 and 36.70A.110 as amended by this act. This section shall not be construed to alter the relationship between a county-wide planning policy and comprehensive plans as specified under RCW 36.70A.210.

As to any appeal relating to compliance with RCW 36.70A.070 or 36.70A.110 pending before a growth management hearings board on the effective date of this act, the board may take up to an additional ninety days to resolve such appeal. By mutual agreement of all parties to the appeal, this additional ninety-day period may be extended.

**\*NEW SECTION.** *Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:*

*Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county, city, or town shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in RCW 78.44.031, shall be established as an allowed use in local development regulations.*

*The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.*

*Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.*

*The county-wide need and proximity provisions of this section do not apply to metals mining and milling operations as defined in RCW 78.56.020.*

*For the purposes of this section, "long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.*

\*Sec. 5 was vetoed. See message at end of chapter.

**NEW SECTION.** *Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.*

Passed the House April 20, 1995.

Passed the Senate April 14, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 5, Engrossed House Bill No. 1305 entitled:

"AN ACT Relating to growth management;"

Many of the provisions of Engrossed House Bill No. 1305 are the product of long and difficult negotiations between affected parties. I am impressed with these efforts to

resolve a range of problems that have developed since the implementation of the Growth Management Act (GMA).

The GMA is an important foundation for land use planning in the state. It is appropriate that the legislature fine-tune the GMA to solve practical problems that develop as local communities work to implement important guidelines.

Engrossed House Bill No. 1305 restates a key principle: local governments have broad discretion and a wide variety of choices to make in implementing growth management. However, local discretion is not unlimited. Local governments must also address statewide planning goals and provisions.

Section 5 of this bill presents difficult problems. This provision responds to the growing shortage of sand and gravel and to land use conflicts over surface mining. While I am mindful of the need for local governments to make hard choices up front when siting needed facilities, the language in this provision takes too much authority from local governments. Most importantly, section 5 stands to impair the ability of local governments to determine whether or not to permit mining facilities and to impair the authority of local governments to condition those permits.

This issue will continue to be a legislative and a court concern until local governments and the industry again work to negotiate their differences either on a statewide or regional basis. I strongly encourage local governments and industry representatives to resolve their differences in order to meet the need for additional facilities without encroaching on the land use authority of local governments.

For these reasons, I have vetoed section 5 of Engrossed House Bill No. 1305.

With the exception of section 5, Engrossed House Bill No. 1305 is approved."

## CHAPTER 401

[Engrossed Substitute Senate Bill 5244]

### DEPENDENT CHILDREN—AID TO FAMILIES WITH DEPENDENT CHILDREN

AN ACT Relating to the definition of "dependent child" for purposes of aid to families with dependent children; amending RCW 74.12.010; adding new sections to chapter 74.12 RCW; adding a new section to chapter 74.20A RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

*\*Sec. 1. RCW 74.12.010 and 1992 c 136 s 2 are each amended to read as follows:*

*For the purposes of the administration of aid to families with dependent children assistance, the term "dependent child" means any child in need under the age of eighteen years who has been deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of the parent, and who is living with a relative as specified under federal aid to families with dependent children program requirements, in a place of residence maintained by one or more of such relatives as his or their homes.*

*Neither the definition of "dependent child" under this section nor any other provision under this chapter shall limit the requirements of the department to provide notification to parents under section 2 of this act or limit the right of a responsible parent to be excused from providing support for a dependent child under sections 4 and 5 of this act.*

*The term a "dependent child" shall, notwithstanding the foregoing, also include a child who would meet such requirements except for his removal from*

*the home of a relative specified above as a result of a judicial determination that continuation therein would be contrary to the welfare of such child, for whose placement and care the state department of social and health services or the county office is responsible, and who has been placed in a licensed or approved child care institution or foster home as a result of such determination and who: (1) Was receiving an aid to families with dependent children grant for the month in which court proceedings leading to such determination were initiated; or (2) would have received aid to families with dependent children for such month if application had been made therefor; or (3) in the case of a child who had been living with a specified relative within six months prior to the month in which such proceedings were initiated, would have received aid to families with dependent children for such month if in such month he had been living with such a relative and application had been made therefor, as authorized by the Social Security Act: PROVIDED, That to the extent authorized by the legislature in the biennial appropriations act and to the extent that matching funds are available from the federal government, aid to families with dependent children assistance shall be available to any child in need who has been deprived of parental support or care by reason of the unemployment of a parent or stepparent liable under this chapter for support of the child.*

*"Aid to families with dependent children" means money payments, services, and remedial care with respect to a dependent child or dependent children and the needy parent or relative with whom the child lives and may include another parent or stepparent of the dependent child if living with the parent and if the child is a dependent child by reason of the physical or mental incapacity or unemployment of a parent or stepparent liable under this chapter for the support of such child.*

\*Sec. 1 was vetoed. See message at end of chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 74.12 RCW to read as follows:

(1) Whenever the department receives an application for assistance on behalf of a child under this chapter and an employee of the department has reason to believe that the child has suffered abuse or neglect, the employee shall cause a report to be made as provided under chapter 26.44 RCW.

(2) Whenever the department approves an application for assistance on behalf of a child under this chapter, the department shall make a reasonable effort to determine whether the child is living with a parent of the child. Whenever the child is living in the home of a relative other than a parent of the child, the department shall make reasonable efforts to notify the parent with whom the child has most recently resided that an application for assistance on behalf of the child has been approved by the department and shall advise the parent of his or her rights under sections 2 through 5 of this act, unless good cause exists not to do so based on a substantiated claim that the parent has abused or neglected the child.

(3) Upon written request of the parent, the department shall notify the parent of the address and location of the child, unless there is a current investigation or pending case involving abuse or neglect by the parent under chapter 13.34 RCW.

(4) The department shall notify and advise the parent of the provisions of the family reconciliation act under chapter 13.32A RCW.

**NEW SECTION.** Sec. 3. A new section is added to chapter 74.12 RCW to read as follows:

The department shall make reasonable efforts to notify the parent under section 2(2) of this act as soon as reasonably possible, but no later than seven days after approval of the application by the department.

**\*NEW SECTION.** Sec. 4. A new section is added to chapter 74.12 RCW to read as follows:

*A parent may be excused from providing support for a dependent child receiving assistance as provided under section 5 of this act.*

\*Sec. 4 was vetoed. See message at end of chapter.

**\*NEW SECTION.** Sec. 5. A new section is added to chapter 74.20A RCW to read as follows:

*(1) For the purpose of this title or Title 26 RCW, a responsible parent shall be excused from providing support for a dependent child receiving public assistance, if the responsible parent is the legal custodian of the child and the parent meets the requirements under this section. The responsible parent shall only be excused for any period during which the parent meets the requirements. In order to be excused, the responsible parent must establish:*

*(a) He or she is the legal custodian of the child;*

*(b) When there is a question or dispute regarding the parent having legal custody of the child, a court or administrative tribunal of competent jurisdiction has entered an order providing legal and physical custody of the child to the responsible parent;*

*(c) When a custody order is required under (b) of this subsection, the custody order has not been modified, superseded, or dismissed;*

*(d) The child receiving public assistance left the home of the responsible parent without that parent's consent and there is no current investigation, pending case, or court order involving abuse or neglect by the parent under chapter 13.34 RCW; and*

*(e) Within a reasonable time after the child's absence from the home, he or she has exerted reasonable efforts to regain physical custody of the child.*

*(2) The department shall adopt rules to implement the requirements of this section.*

\*Sec. 5 was vetoed. See message at end of chapter.

**\*NEW SECTION.** Sec. 6. *By October 1, 1995, the department shall request the governor to seek congressional action on any federal legislation that may be necessary to implement any sections of this act. By October 1, 1995, the department shall request the governor to seek federal agency action*

*on any federal regulation that may require a federal waiver. By January 1 of each year, the department shall report to the legislature on the status of its efforts to obtain any federal statutory or regulatory waivers provided in this section. If all federal statutory or regulatory waivers necessary to fully implement this act have not been obtained, the department shall report the extent to which this act can be implemented without receipt of such waivers. The reporting requirement under this section shall terminate upon a report from the department that all waivers necessary to implement this act have been obtained.*

\*Sec. 6 was vetoed. See message at end of chapter.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the Senate April 23, 1995.

Passed the House April 23, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1, 4, 5, and 6, Engrossed Substitute Senate Bill No. 5244 entitled:

"AN ACT Relating to the definition of "dependent child" for purposes of aid to families with dependent children;"

The primary goal of Engrossed Substitute Senate Bill No. 5244 is to provide information and support to parents whose children have chosen to leave home. Letting parents know, in appropriate situations, that their child is safe, living with a relative, and receiving public assistance benefits is an important improvement to children's services. It is equally important to let these parents know that family reconciliation services are available. This policy is parallel to the provisions which encourage parental notification contained in Engrossed Second Substitute Senate Bill No. 5439 (the Becca Bill), previously enacted into law, and to the Runaway Hotline which facilitates family reconciliation through the provision of information about services available to families.

However, this bill also relieves parents, whose child has left home without their permission, from the obligation to financially support that child if the child is receiving Aid to Families with Dependent Children (AFDC). The state of Washington expects all parents to provide their children with care, support, and guidance. This obligation extends to cases where circumstances are such that a child leaves the parental home, moves in with a relative, and receives AFDC. There is no justification for requiring the taxpayer to support these children and not look to their parents for a contribution to this cost.

For this reason, I am vetoing sections 1, 4, 5, and 6 of Engrossed Substitute Senate Bill No. 5244.

With the exception of sections 1, 4, 5, and 6, Engrossed Substitute Senate Bill No. 5244 is approved."

## CHAPTER 402

[Engrossed Second Substitute Senate Bill 5632]

## FLOOD DAMAGE REDUCTION

AN ACT Relating to flood damage reduction; amending RCW 36.70A.060, 36.70A.070, 36.70A.170, 43.21C.020, 75.20.100, 75.20.103, 75.20.130, 79.90.150, 79.90.300, 85.38.200, 86.15.030, 86.15.050, 86.15.160, 86.26.105, 90.58.180, 86.12.200, 90.58.030, and 47.28.140; adding new sections to chapter 75.20 RCW; adding a new section to chapter 79.90 RCW; adding a new section to chapter 43.17 RCW; adding a new section to chapter 86.26 RCW; creating new sections; repealing RCW 79.90.325; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** **Sec. 1.** The legislature finds that river and stream systems can threaten public and private property during flood events. River systems react in different ways: When some rivers flood, they scour; others fill in by sediment deposition. The legislature further finds that when placing or removing organic debris in a river that scours, it may be appropriate to place more debris for fish habitat; if it is a river that deposits sediments and tends to fill in then it may be appropriate to remove deposits to create some deeper pools and a better flow pattern, that will help fish habitat as well as lessen flood danger. The legislature therefore declares that reducing flood damage through the use of structural and nonstructural projects is in the public interest and that it is the duty of the state to assist in funding flood control projects. Structural and nonstructural projects include but are not limited to: Streambank stabilization, river channel maintenance, land use restrictions, land buy-outs, flood easements, and emergency notification. The legislature further declares that counties be given the flexibility to make those decisions that are best for their particular rivers, rather than prescribe or constrain local government to the point where they cannot manage their different types of rivers. The legislature further declares that local governments should coordinate flood planning and flood projects so that the projects do not cause flooding in other areas. Counties and cities are encouraged to coordinate using watershed planning areas to provide consistent planning throughout a water's course.

**Sec. 2.** RCW 36.70A.060 and 1991 sp.s. c 32 s 21 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of

minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

(5) All development regulations developed under this section shall be consistent with the comprehensive flood control management plan adopted by the county under RCW 86.26.105.

**Sec. 3.** RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map, and the comprehensive flood control management plan adopted by the county under RCW 86.26.105. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the

area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

**Sec. 4.** RCW 36.70A.170 and 1990 1st ex.s. c 17 s 17 are each amended to read as follows:

(1) On or before September 1, 1991, each county, and each city, shall designate where appropriate:

(a) Agricultural lands that are not already characterized by urban growth and that have long-term significance for the commercial production of food or other agricultural products;

(b) Forest lands that are not already characterized by urban growth and that have long-term significance for the commercial production of timber;

(c) Mineral resource lands that are not already characterized by urban growth and that have long-term significance for the extraction of minerals; and

(d) Critical areas.

(2) In making the designations required by this section, counties and cities shall consider the guidelines established pursuant to RCW 36.70A.050, and shall make such designations so that they are consistent with the comprehensive flood control management plan adopted by the county under RCW 86.26.105.

Sec. 5. RCW 43.21C.020 and 1971 ex.s. c 109 s 2 are each amended to read as follows:

(1) The legislature, recognizing that ~~((man))~~ people depend~~((s))~~ on ~~((his))~~ their biological and physical surroundings for food, shelter, and other needs, and for cultural enrichment as well~~((t))~~, and recognizing further the profound impact of ~~((man's))~~ human activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource utilization and exploitation, and new and expanding technological advances, and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of ~~((man))~~ people, declares that it is the continuing policy of the state of Washington, in cooperation with federal and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to: (a) Foster and promote the general welfare; (b) ~~((t))~~ create and maintain conditions under which ~~((man))~~ people and nature can exist in productive harmony; and (c) fulfill the social, economic, and other requirements of present and future generations of Washington citizens.

(2) In order to carry out the policy set forth in this chapter, it is the continuing responsibility of the state of Washington and all agencies of the state to use all practicable means, consistent with other essential considerations of state policy, to improve and coordinate plans, functions, programs, and resources to the end that the state and its citizens may:

(a) Fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(b) Assure for all people of Washington safe, healthful, productive, and aesthetically and culturally pleasing surroundings;

(c) Attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(d) Preserve important historic, cultural, and natural aspects of our national heritage;

(e) Maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(f) Achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; ~~((and))~~

(g) Enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources; and

(h) Provide for the prevention, minimization, and repair of flood damage as defined in RCW 86.16.120.

(3) The legislature recognizes that each person has a fundamental and inalienable right to a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

**\*NEW SECTION.** *Sec. 6. A new section is added to chapter 75.20 RCW to read as follows:*

*Unless the context clearly requires otherwise, the definitions in this section apply to RCW 75.20.100, 75.20.103, and 75.20.130.*

(1) *"Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by humans.*

(2) *"Commercial" means any facility or building used for commerce, including those used for agricultural or industrial purposes.*

(3) *"Emergency" means an immediate threat to life, public land, or private property, or an immediate threat of serious environmental degradation.*

(4) *"Streambank stabilization" includes but is not limited to log and debris removal; bank protection including riprap, jetties, and groins; gravel removal; and erosion control.*

(5) *"To construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.*

*\*Sec. 6 was vetoed. See message at end of chapter.*

**\*NEW SECTION.** *Sec. 7. A new section is added to chapter 75.20 RCW to read as follows:*

*The permitting department may impose the following conditions on persons applying under RCW 75.20.100 or 75.20.103:*

(1) *The permittee shall establish an excavation line. "Excavation line" means a line on the dry bed, parallel to the water's edge unless otherwise stated, that changes with water level fluctuations.*

(2) *The permittee may not remove bed material from the water side of the excavation line.*

(3) *The permittee shall begin excavating at the excavation line and proceed toward the bank, perpendicular to the alignment of the watercourse.*

(4) *The permittee shall keep the maximum distance of excavation toward the bank from the excavation line approximately equal throughout the excavation zone. "Excavation zone" means the area between the excavation line and the bank.*

(5) *The permittee shall identify the excavation zone with boundary markers.*

(6) *The permittee shall maintain a minimum one-half percent gradient upward from the excavation line in the excavation zone.*

(7) *The permittee shall ensure that the excavation zone is free of pits or potholes.*

(8) *The permittee shall not stockpile or spoil excavated materials within the ordinary high water line except from June 15 to October 15.*

(9) *The permittee may not allow any equipment within the wetted perimeter of the watercourse without specific permission.*

(10) *The permittee shall dispose of debris in the excavation zone so it does not reenter the watercourse.*

(11) *The permittee may not perform gravel washing or crushing operations below the ordinary high water line.*

(12) *The permittee shall be allowed to remove only that amount of rock, sand, gravel, or silt which is naturally replenished on an annual basis, except in instances where a lapse in material removal has occurred. If such lapse has occurred, then an amount of material equivalent to the amount estimated to have accumulated since the last material removal operation, including debris and vegetation, may be removed.*

*\*Sec. 7 was vetoed. See message at end of chapter.*

*\*Sec. 8. RCW 75.20.100 and 1993 sp.s. c 2 s 30 are each amended to read as follows:*

*(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department as to the adequacy of the means proposed for the protection of fish life. The department may not limit, condition, or otherwise affect the amount, timing, or delivery method of water diverted under chapter 90.03 RCW after the water leaves the stream channel and before it is returned to the stream. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 (~~and 75.20.1002~~), the department shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if ((~~1~~)) (a) after ten*

working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; ~~((2))~~ (b) the site is physically inaccessible for inspection; or ~~((3))~~ (c) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned.

(2) In making a decision as to whether fish life is protected, the department of fish and wildlife shall determine if a project as proposed or modified:

(a) Presents no substantial risk to fish life and provides fish habitat productivity equivalent to preproject conditions at the project site within two years of the project's completion; or

(b)(i) Protects a residential, commercial, industrial, or public facility or structure that is likely to incur significant flood damage during the next flood season if the project is not completed; and (ii) lessens the loss of fish life or habitat as compared to a project resulting from an emergency request under this section.

The department with jurisdiction shall approve a project if it determines that the project meets either (a) or (b) of this subsection.

(3) Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

((For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

~~The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.)~~

*(4) In case of an emergency arising from weather or stream flow conditions or other natural conditions, upon request the department, through its authorized representatives, shall ~~((issue))~~ grant immediately ~~((upon request))~~, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or ~~((to protect))~~ protecting property threatened by the stream or a change in the stream flow without ~~((the necessity of obtaining))~~ requiring a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.*

*(5) This section shall not apply to the repair of an existing flood control project if the project is determined by the county to be:*

*(a) Consistent with a currently approved comprehensive flood control management plan; and*

*(b) Necessary to avoid flood damage during the next flood season.*

*(6) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.*

\*Sec. 8 was vetoed. See message at end of chapter.

\*Sec. 9. RCW 75.20.103 and 1993 sp.s. c 2 s 32 are each amended to read as follows:

*(1) In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization or flood damage reduction to protect farm and agricultural land as defined in RCW 84.34.020, and when such ~~((diversion or streambank stabilization))~~ hydraulic project will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department as to the adequacy of the means proposed for the protection of fish life. The department may not limit, condition, or otherwise affect the amount, timing, or delivery method of water diverted under chapter 90.03 RCW*

after the water leaves the stream channel and before it is returned to the stream. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 ((and 75.20.1002)), the department shall grant or deny the approval within forty-five calendar days of the receipt of a complete application ((and notice of compliance with any applicable requirements of the state environmental policy act,)) made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail.

(2) A complete application for an approval shall:

(a) Contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life; and

(b) Not be required to include notice of compliance with any applicable requirements of the state environmental policy act. Final approval of a project may not be granted until any applicable requirements of the state environmental policy act have been satisfied.

(3) The forty-five day requirement shall be suspended if ((+));

(a) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; ((2))

(b) The site is physically inaccessible for inspection; ((or (3)))

(c) After forty-four days of receipt of a complete application, a notice of compliance with the state environmental policy act has not been issued; or

(d) The applicant requests delay.

(4) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(5) In making a decision as to whether fish life is protected, the department shall determine if a project as proposed or modified:

(a) Presents no substantial risk to fish life and provides fish habitat productivity equivalent to preproject conditions at the project site within two years of the project's completion; or

(b)(i) Protects a residential, commercial, industrial, or public facility or structure that is likely to incur significant flood damage during the next flood season if the project is not completed; and (ii) lessens the loss of fish life or habitat as compared to a project resulting from an emergency request under this section.

The department shall approve a project if it determines that the project meets either (a) or (b) of this subsection.

(6) An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for

*periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.*

*(7) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.*

*(8) The department may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.*

*(9) A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.*

*(10) If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.*

*(11) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing*

within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency.

~~((For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.))~~

(12) This section shall not apply to a project involving the repair of an existing flood control facility if the project is determined by the county to be:

(a) Consistent with a previously approved comprehensive flood control management plan; and

(b) Necessary to avoid flood damage during the next flood season.

\*Sec. 9 was vetoed. See message at end of chapter.

\*Sec. 10. RCW 75.20.130 and 1993 sp.s. c 2 s 37 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

**(c) If a review proceeding authorized in (a) of this subsection finds for the aggrieved permit applicant, the applicant may be awarded any legal and engineering costs involved in challenging the permit decision.**

\*Sec. 10 was vetoed. See message at end of chapter.

**NEW SECTION.** **Sec. 11.** A new section is added to chapter 79.90 RCW to read as follows:

(1) Use or modification, or both, of any river system must involve basic hydraulic principles, as well as harmonize as much as possible with existing aquatic ecosystems, and human needs.

(2) The department, commissioner, and board shall:

(a) Give priority consideration to the preservation of the streamway environment with special attention given to preservation of those areas considered aesthetically or environmentally unique for stream segments with a naturally unconfined channel;

(b) Encourage bank and island stabilization programs which rely mainly on natural vegetative systems as holding elements;

(c) Encourage research to develop alternative methods of channel control, utilizing natural systems of stabilization;

(d) Recognize natural plant and animal communities and other features that provide an ecological balance to a streamway in evaluating competing human uses and require protection from significant human impact; and

(e) Recognize that hydraulic conditions may require the installation of riprap or other similar measure to further protect natural systems of stabilization.

(3) No person may remove normal stream depositions of logs, uprooted tree snags, and stumps which abut on shorelands and do not intrude on the navigational channel or reduce flow, or adversely redirect a river course, and are not harmful to life and property without the department's permission but the department must consider the need to protect the resultant dependent aquatic systems.

(4) No person may fill indentations such as mudholes, eddies, pools, and aeration drops without permission of the department.

(5) The department may permit river channel relocations only when an overriding public benefit can be shown. Filling, grading, lagooning, or dredging which would result in substantial detriment to navigable waters by reason of erosion, sedimentation, or impairment of fish and aquatic life are not authorized.

(6) No person may remove sand and gravel below the wetted perimeter of navigable rivers unless authorized by a hydraulics permit issued by either the department of fisheries or department of wildlife under RCW 75.20.100 and 75.20.103. These removals may be authorized for maintenance and improvement of navigational channels or for creating backwater channels for fish rearing or improvement of the flow capacity of the channels.

(7) The department may allow sand and gravel removals above the wetted perimeter of a navigable river which are not harmful to public health and safety when any or all of the following situations exist:

- (a) The removal is designed to create or improve a feature such as a pond, wetland, or other habitat valuable for fish and wildlife;
  - (b) The removal provides recreational benefits;
  - (c) The removal will aid in reducing a detrimental accumulation of aggregates in downstream lakes, reservoirs, and river beds;
  - (d) The removal will aid in reducing damage to private or public land and property abutting a navigable river; or
  - (e) The removal will contribute to increased flood protection for private or public land.
- (8) The department may not allow sand and gravel removals above the wetted perimeter of a navigable river when:
- (a) The location of such material is below a dam and has inadequate supplementary feeding of gravel or sand;
  - (b) Removal will cause unstable hydraulic conditions detrimental to fish, wildlife, public health, and safety; or
  - (c) Removal will impact esthetics of nearby recreational facilities.
- (9) No person may perform bank dumping or junk revetment on aquatic lands.
- (10) The department shall condition sand and gravel removal leases to allow removal of only that amount which is naturally replenished on an annual basis, except in instances where a lapse in material removal has occurred. If such a lapse has occurred, then an amount of material equivalent to the amount estimated to have accumulated since the last material removal operation, including debris and vegetation, may be removed if consistent with the county comprehensive flood control management plan.

**Sec. 12.** RCW 79.90.150 and 1991 c 337 s 1 are each amended to read as follows:

When gravel, rock, sand, silt or other material from any aquatic lands is removed by any public agency or under public contract for channel or harbor improvement, or flood control, use of such material may be authorized by the department of natural resources for a public purpose on land owned or leased by the state or any municipality, county, or public corporation: PROVIDED, That when no public land site is available for deposit of such material, its deposit on private land with the landowner's permission is authorized and may be designated by the department of natural resources to be for a public purpose. Prior to removal and use, the state agency, municipality, county, or public corporation contemplating or arranging such use shall first obtain written permission from the department of natural resources. No payment of royalty shall be required for such gravel, rock, sand, silt, or other material used for such public purpose, but a charge will be made if such material is subsequently sold or used for some other purpose: PROVIDED, That the department may authorize such public agency or private landowner to dispose of such material without charge when necessary to implement disposal of material. No charge shall be required for any use of the material obtained under the provisions of this

chapter when used solely on an authorized site. No charge shall be required for any use of the material obtained under the provisions of this chapter if the material is used for public purposes by local governments. No charge may be required for removal or use of such material if the removal of the material is determined by the county engineer or equivalent position to be for flood control purposes. Public purposes include, but are not limited to, construction and maintenance of roads, dikes, and levies. Nothing in this section shall repeal or modify the provisions of RCW 75.20.100 or eliminate the necessity of obtaining a permit for such removal from other state or federal agencies as otherwise required by law.

**Sec. 13.** RCW 79.90.300 and 1991 c 322 s 26 are each amended to read as follows:

(1) The department of natural resources, upon application by any person or when determined by the department to be in the best interest of the state, may enter into a contract or lease providing for the removal and sale of rock, gravel, sand, and silt, or other valuable materials located within or upon beds of navigable waters, or upon any tidelands or shorelands belonging to the state and providing for payment to be made therefor by such royalty as the department may fix, by negotiation, by sealed bid, or at public auction. If application is made for the purchase of any valuable material situated within or upon aquatic lands the department shall inspect and appraise the value of the material in the application. The department may reduce or eliminate royalties in areas prone to flooding. The department may include a provision in contracts for the removal of rock, gravel, sand, or silt that allows for payment to be made as the material is sold.

(2) The department shall actively seek to encourage through permit requirements and adjusted fees the removal of accumulated materials from rivers and streams where there is a flood damage reduction benefit. The department shall develop policies to accomplish this goal.

**Sec. 14.** RCW 85.38.200 and 1986 c 278 s 8 are each amended to read as follows:

(1) Territory that is (~~contiguously located~~) adjoining or in close proximity to a special district may be annexed by the special district as provided in this section under the petition and election, resolution and election, or direct petition method of annexation.

(2) An annexation under the election method may be initiated by the filing of a petition requesting the action that is signed by at least ten owners of property in the area proposed to be annexed or the adoption of a resolution requesting such action by the governing body of the special district. The petitions shall be filed with the governing body of the special district that is requested to annex the territory. An election to authorize an annexation initiated under the petition and election method may be held only if the governing body approves the annexation. An annexation under either election method shall be

authorized if the voters of the area proposed to be annexed approve a ballot proposition favoring the annexation by a simple majority vote. The annexation shall be effective when results of an election so favoring the annexation are certified by the county auditor or auditors. The election, notice of the election, and eligibility to vote at the election shall be as provided for the creation of a special district.

(3) An annexation under the direct petition method of annexation may be accomplished if the owners of a majority of the acreage proposed to be annexed sign a petition requesting the annexation, and the governing body of the special district approves the annexation. The petition shall be filed with the governing body of the special district. The annexation shall be effective when the governing body approves the annexation.

(4) Whenever a special district annexes territory under this section, the exclusive method by which the special district measures and imposes special assessments upon real property within the entire enlarged area shall be as set forth in RCW 85.38.150 through 85.38.170.

**Sec. 15.** RCW 86.15.030 and 1969 ex.s. c 195 s 2 are each amended to read as follows:

Upon receipt of a petition asking that a zone be created, or upon motion of the board, the board shall adopt a resolution which shall describe the boundaries of such proposed zone; describe in general terms the flood control needs or requirements within the zone; set a date for public hearing upon the creation of such zone, which shall be not more than thirty days after the adoption of such resolution. Notice of such hearing and publication shall be had in the manner provided in RCW 36.32.120(7).

At the hearing scheduled upon the resolution, the board shall permit all interested parties to be heard. Thereafter, the board may reject the resolution or it may modify the boundaries of such zone and make such other corrections or additions to the resolutions as they deem necessary to the accomplishment of the purpose of this chapter: **PROVIDED**, That if the boundaries of such zone are enlarged, the board shall hold an additional hearing following publication and notice of such new boundaries: **PROVIDED FURTHER**, That the boundaries of any zone shall generally follow the boundaries of the watershed area affected: **PROVIDED FURTHER**, That the immediately preceding proviso shall in no way limit or be construed to prohibit the formation of a county-wide flood control zone district authorized to be created by RCW 86.15.025.

Within ~~((ten))~~ thirty days after final hearing on a resolution, the board shall issue its ~~((order))~~ ordinance creating the flood control zone district.

**Sec. 16.** RCW 86.15.050 and 1961 c 153 s 5 are each amended to read as follows:

The board ~~((of county commissioners of each county))~~ shall be ex officio, by virtue of their office, supervisors of the zones created in each county. The

supervisors of the district shall conduct the business of the flood control zone district according to the regular rules and procedures that it adopts.

**Sec. 17.** RCW 86.15.160 and 1986 c 278 s 60 are each amended to read as follows:

For the purposes of this chapter the supervisors may authorize:

(1) An annual excess ad valorem tax levy within any zone or participating zones when authorized by the voters of the zone or participating zones under RCW 84.52.052 and 84.52.054;

(2) An assessment upon property, including state property, specially benefited by flood control improvements or storm water control improvements imposed under chapter 86.09 RCW;

(3) Within any zone or participating zones an annual ad valorem property tax levy of not to exceed fifty cents per thousand dollars of assessed value when the levy will not take dollar rates that other taxing districts may lawfully claim and that will not cause the combined levies to exceed the constitutional and/or statutory limitations, and the additional levy, or any portion thereof, may also be made when dollar rates of other taxing units is released therefor by agreement with the other taxing units from their authorized levies under chapter 39.67 RCW;

(4) A charge, under RCW 36.89.080 through 36.89.100, for the furnishing of service to those who are receiving or will receive benefits from storm water control facilities ~~((and))~~ or who are contributing to an increase in surface water runoff. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state and state property, shall be liable for the charges to the same extent a private person and privately owned property is liable for the charges, and in setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(5) The creation of local improvement districts and utility local improvement districts, the issuance of improvement district bonds and warrants, and the imposition, collection, and enforcement of special assessments on all property, including any state-owned or other publicly-owned property, specially benefited from improvements in the same manner as provided for counties by chapter 36.94 RCW.

**Sec. 18.** RCW 86.26.105 and 1986 c 46 s 5 are each amended to read as follows:

~~((A comprehensive flood control management plan shall determine the need for flood control work, consider alternatives to in-stream flood control work, identify and consider potential impacts of in-stream flood control work on the state's in-stream resources, and identify the river's meander belt or floodway.))~~  
A comprehensive flood control management plan shall be completed and adopted ~~((within at least three years of the certification that it is being prepared, as provided in RCW 86.26.050))~~ by any county that has experienced at least two

presidentially declared flood disasters within the most recent ten-year period by December 31, 1999, or within two years of a second presidentially declared flood disaster.

If ((after this three year period has elapsed)), by December 31, 1999, or by the end of the two-year period following a second presidentially declared flood disaster such a comprehensive flood control plan has not been completed and adopted, grants for flood control maintenance projects shall not be made to the county or municipal corporations in the county until a comprehensive flood control plan is completed and adopted by the appropriate local authority. These limitations on grants shall not preclude allocations for emergency purposes made pursuant to RCW 86.26.060, however priority consideration for emergency assistance shall be given to those counties required to plan under this section who have completed their plans.

*\*Sec. 19. RCW 90.58.180 and 1994 c 253 s 3 are each amended to read as follows:*

*(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a request for the same within thirty days of the date of filing as defined in RCW 90.58.140(6).*

*Concurrently with the filing of any request for review with the board as provided in this section pertaining to a final order of a local government, the requestor shall file a copy of his or her request with the department and the attorney general. If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor. The failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the request for review filed pursuant to this section. The shorelines hearings board shall initially schedule review proceedings on such requests for review without regard as to whether such requests have or have not been certified or as to whether the period for the department or the attorney general to intervene has or has not expired, unless such review is to begin within thirty days of such scheduling. If at the end of the thirty day period for certification neither the department nor the attorney general has certified a request for review, the hearings board shall remove the request from its review schedule.*

*(2) The department or the attorney general may obtain review of any final order granting a permit, or granting or denying an application for a permit issued by a local government by filing a written request with the shorelines*

hearings board and the appropriate local government within thirty days from the date the final order was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW.

(4) If the review proceedings authorized in subsection (1) of this section find for the requestor, and if the requestor is the permit applicant, the requestor may be awarded any legal and engineering costs involved in challenging the permit decision.

(5) A local government may appeal to the shorelines hearings board any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

If the board determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter; or

(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or

(c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department by the local government; or

(e) Was not adopted in accordance with required procedures;

the board shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government, a new rule, regulation, or guideline. Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect.

~~((5))~~ (6) Rules, regulations, and guidelines shall be subject to review in superior court, if authorized pursuant to RCW 34.05.570(2). No review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection ~~((4))~~ (5) of this section and the petition for court review is filed within three months after the date of final decision by the shorelines hearings board.

\*Sec. 19 was vetoed. See message at end of chapter.

\*NEW SECTION. Sec. 20. A new section is added to chapter 43.17 RCW to read as follows:

Each appropriate agency shall actively seek to encourage through permit requirements the removal of accumulated materials from rivers and streams where there is a measurable flood damage reduction benefit. Each agency shall develop policies to accomplish this goal. Policies should consider the

*benefits of a designed, open-channel hydraulic engineering criteria to facilitate the natural downstream movement of detrimental material.*

\*Sec. 20 was vetoed. See message at end of chapter.

Sec. 21. RCW 86.12.200 and 1991 c 322 s 3 are each amended to read as follows:

The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a ~~((cost/benefit))~~ cost-benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b) establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying and considering alternatives to in-stream flood control work; (d) the impact of in-stream flood control work on the state's in-stream resources; (e) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; ~~((and (e)))~~ (f) identifying areas where a river may migrate into a new channel and developing options to prevent the creation of the new channel; (g) identifying practices that will avoid long-term accretion of sediments; and (h) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters, or the intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood insurance program that have

been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to chapter 86.16 RCW and RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it (~~may~~) must incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW.

**Sec. 22.** RCW 90.58.030 and 1987 c 474 s 1 are each amended to read as follows:

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of state-wide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated wetlands, together with the lands underlying them; except (i) shorelines of state-wide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of state-wide significance" means the following shorelines of the state:

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative

ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state.

(3) Procedural terms:

(a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;

(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds two thousand five hundred dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state; except that the following shall not be considered substantial developments for the purpose of this chapter:

(i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;

(ii) Improvements to dikes and levees if the improvement is determined by a county to be consistent with a comprehensive flood control management plan developed under chapter 86.26 RCW;

(iii) Construction of the normal protective bulkhead common to single family residences;

~~((iii))~~ (iv) Emergency construction necessary to protect property from damage by the elements;

~~((iv))~~ (v) Construction and practices normal or necessary for farming, irrigation, and ranching activities, including agricultural service roads and utilities on wetlands, and the construction and maintenance of irrigation structures including but not limited to head gates, pumping facilities, and irrigation channels: PROVIDED, That a feedlot of any size, all processing plants, other activities of a commercial nature, alteration of the contour of the wetlands by leveling or filling other than that which results from normal cultivation, shall not be considered normal or necessary farming or ranching activities. A feedlot shall be an enclosure or facility used or capable of being used for feeding livestock

hay, grain, silage, or other livestock feed, but shall not include land for growing crops or vegetation for livestock feeding and/or grazing, nor shall it include normal livestock wintering operations;

**Sec. 23.** RCW 47.28.140 and 1991 c 322 s 29 are each amended to read as follows:

When in the opinion of the governing authorities representing the department and any agency, instrumentality, municipal corporation, or political subdivision of the state of Washington, any highway, road, or street will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving, or maintaining, or by the establishment adjacent to, under, upon, within, or above any portion of any such highway, road, or street of an urban public transportation system, by either the department or any agency, instrumentality, municipal corporation, or political subdivision of the

state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the cost thereof, including necessary engineering assistance, which costs and expenses shall be reimbursed by the party whose responsibility it was to do or perform the work or improvement in the first instance. The work may be done by either day labor or contract, and the cooperative agreement between the parties shall provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from ~~((any project that assists in preventing or minimizing flood damages as defined in RCW 86.16.120 or from))~~ the construction of any public works project, including any urban public transportation system, the department may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipal corporation, or political subdivision on the basis of benefits received, but such payment shall be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of the particular public works project.

In the case of a special benefit or improvement to a state highway derived from a project that assists in preventing or reducing flood damages as defined in RCW 86.16.120, the department shall contribute to the cost of the benefit or improvement by making direct payment to the particular state department, agency, instrumentality, municipal corporation, or political subdivision on the basis of contribution to the problem or benefits received. The department may make payment only after an agreement has been entered into between the department and the appropriate state or local government entity. The department shall contribute costs on the basis of benefits received.

**NEW SECTION.** Sec. 24. A new section is added to chapter 86.26 RCW to read as follows:

A flood protection project is work necessary to preserve, restore, or improve either natural or human-made stream banks or flood control facilities that repair or prevent flood damage as defined in RCW 86.16.120 including but not limited to damage by erosion, stream flow, sheet runoff, or other damages by the sea or other bodies of water.

**NEW SECTION.** Sec. 25. The department of transportation shall provide to the respective counties an inventory of all state highways and bridges, that are located in federal emergency management agency-designated flood plains, and are located within each county with two or more presidentially declared flood disasters within the most recent ten-year period. The department of transportation shall provide any available flood plain information to assist the counties as they prepare the county comprehensive flood control management plan. The department shall provide input and cooperate with the counties in identifying any state roads or bridges that may cause a constriction to the natural flow of flood waters. The department shall also assist the counties in identifying state roads

that, either by themselves or in conjunction with levees or other structures in the flood plain, may potentially entrap floodwaters in areas originally intended to be floodproofed. The county comprehensive flood control management plan should identify flooding events that pose a serious threat to critical transportation facilities in the form of damage to a roadway or to a bridge, or closure to the roadway or bridge during times of a flooding emergency.

**NEW SECTION.** Sec. 26. A new section is added to chapter 75.20 RCW to read as follows:

By December 31, 1996, the departments of fish and wildlife, natural resources, and ecology shall jointly develop a memorandum of understanding to facilitate the consideration of projects that will aid in the minimization or prevention of flood damage as defined in RCW 86.16.120. To reduce the duplication of information required by a project's permits, the departments must provide in their memorandum procedures to share data to the extent practicable among themselves and with other agencies that may be involved in approving or denying a permit application. The departments' memorandum must provide a plan to implement a comprehensive permit process that is streamlined and easily understandable to permit applicants.

**NEW SECTION.** Sec. 27. RCW 79.90.325 and 1984 c 212 s 10 are each repealed.

**NEW SECTION.** Sec. 28. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act is null and void.

***\*NEW SECTION.*** Sec. 29. *This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.*

\*Sec. 29 was vetoed. See message at end of chapter.

Passed the Senate March 14, 1995.

Passed the House April 20, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 6, 7, 8, 9, 10, 19, 20, and 29, Engrossed Second Substitute Senate Bill No. 5632 entitled:

"AN ACT Relating to flood damage reduction;"

Engrossed Second Substitute Senate Bill No. 5632 makes changes to the way local governments and state agencies are to plan for and to prevent flooding. The intent and much of the content of the bill is laudable. We do need to work together to reduce the likelihood of damage from future floods. I commend the members of the legislature for their hard work on this difficult task.

I am concerned, however, that this bill removes or significantly weakens many protections for our environment in favor of allowing nearly unfettered dredging and

diking of our rivers. Instead, we must take a balanced approach that includes adapting our land use practices to reduce flood damage.

Section 6 adds definitions to the hydraulic code which is a primary tool for protecting fish habitat. These changes would have the effect of limiting the application of the code and would cause confusion to the applications. It could also make it harder to deal with real emergencies.

Section 7 places portions of the hydraulic code rules in statute with changes that would be detrimental to fish habitat, including changing the minimum gradient required in hydraulic excavations. This change reduces flexibility of the Department of Fish and Wildlife and decreases the opportunities to work with permittees to consider site specific conditions.

Sections 8 and 9 amend the hydraulic code and require the Department of Fish and Wildlife to approve a hydraulic application if the project protects a structure that is likely to incur significant flood damage during the next flood season. Approval is also mandated if the project provides fish habitat productivity equivalent to pre-project conditions within two years. This requirement places an unreasonable burden on the Department of Fish and Wildlife to predict future floods. It could also place certain fish runs at grave risk.

The overall effect of sections 6, 7, 8, and 9 would be to reduce the effectiveness of the Department of Fish and Wildlife in working with permittees to ensure that instream projects do little harm to fish habitat. At a time when we have so much to do to restore and protect salmon runs in our state, it is inappropriate to further limit one of the few tools we have to protect salmon habitat. I believe strongly that the Department of Fish and Wildlife should continue to extend the utmost cooperation to permit applicants, especially for projects to reduce flood damage. I am directing the Department of Fish and Wildlife, along with my staff, to review the permitting process and to suggest ways to make the hydraulic code more user-friendly.

Sections 10 and 19 award legal and engineering costs to aggrieved permit applicants but not to others who might appeal a permitting decision. An applicant might want to raise a flood control dike with the effect of shifting floodwater to a landowner downstream. That downstream landowner should have the same possibility of being awarded costs upon successful appeal as the permit applicant. Sections 901-904 of Engrossed Substitute House Bill No. 1010 allow a broader range of individuals to recover up to \$25,000 of the cost of appealing an agency action — including permit decisions.

Section 20 directs "each appropriate agency" to encourage the removal of gravel where there is a flood damage reduction benefit. The same agencies are to "consider the benefits of a designed, open-channel hydraulic engineering criteria to facilitate the natural downstream movement of detrimental material." This directive is contrary to agencies' missions elsewhere in statute, such as protecting fish and wildlife and conserving shorelines.

Section 29 is an emergency clause providing that this bill take effect immediately upon my signing. This legislation addresses issues of overwhelming importance to the people of this state. Preventing this bill from being subject to a referendum under Article II, section 1 (b) of the state Constitution unnecessarily denies the people of this state their power, at their own option, to approve or reject this bill at the polls.

For these reasons, I have vetoed sections 6, 7, 8, 9, 10, 19, 20, and 29 of Engrossed Second Substitute Senate Bill No. 5632.

With the exception of sections 6, 7, 8, 9, 10, 19, 20, and 29, Engrossed Second Substitute Senate Bill No. 5632 is approved."

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) One of its fundamental responsibilities, to the benefit of all the citizens of the state, is the protection of public health and safety, including health and safety in the workplace, and the preservation of the extraordinary natural environment with which Washington is endowed;

(b) Essential to this mission is the delegation of authority to state agencies to implement the policies established by the legislature; and that the adoption of administrative rules by these agencies helps assure that these policies are clearly understood, fairly applied, and uniformly enforced;

(c) Despite its importance, Washington's regulatory system must not impose excessive, unreasonable, or unnecessary obligations; to do so serves only to discredit government, makes enforcement of essential regulations more difficult, and detrimentally affects the economy of the state and the well-being of our citizens.

(2) The legislature therefore enacts chapter . . . , Laws of 1995 (this act), to be known as the regulatory reform act of 1995, to ensure that the citizens and environment of this state receive the highest level of protection, in an effective and efficient manner, without stifling legitimate activities and responsible economic growth. To that end, it is the intent of the legislature, in the adoption of this act, that:

(a) Unless otherwise authorized, substantial policy decisions affecting the public be made by those directly accountable to the public, namely the legislature, and that state agencies not use their administrative authority to create or amend regulatory programs;

(b) When an agency is authorized to adopt rules imposing obligations on the public, that it do so responsibly: The rules it adopts should be justified and reasonable, with the agency having determined, based on common sense criteria established by the legislature, that the obligations imposed are truly in the public interest;

(c) Governments at all levels better coordinate their regulatory efforts to avoid confusing and frustrating the public with overlapping or contradictory requirements;

(d) The public respect the process whereby administrative rules are adopted, whether or not they agree with the result: Members of the public affected by administrative rules must have the opportunity for a meaningful role in their development; the bases for agency action must be legitimate and clearly articulated;

(e) Members of the public have adequate opportunity to challenge administrative rules with which they have legitimate concerns through meaningful review of the rule by the executive, the legislature, and the judiciary. While it is the intent of the legislature that upon judicial review of a rule, a court should not substitute its judgment for that of an administrative agency, the court should determine whether the agency decision making was rigorous and deliberative; whether the agency reached its result through a process of reason; and whether the agency took a hard look at the rule before its adoption;

(f) In order to achieve greater compliance with administrative rules at less cost, that a cooperative partnership exist between agencies and regulated parties that emphasizes education and assistance before the imposition of penalties; and

(g) Workplace safety and health in this state not be diminished, whether provided by constitution, by statute, or by rule.

(2) In fulfilling the requirements of section 201(1)(g)(ii) of this act, the department shall consider: (a) The differences between the proposed rule and the corresponding provisions of the federal clean air act; (b) the air quality problem that the proposed rule would address, including the sources of the problem and any factors that make the problem different in the state or in a part of the state than in other parts of the United States; and (c) the effect of the proposed rule in eliminating the problem or reducing its severity. This section shall not be interpreted to impede efforts to streamline or simplify federal air regulations that are developed with participation of the public and regulated entities.

**NEW SECTION. Sec. 118.** A new section is added to chapter 34.05 RCW under the subchapter heading Part III to read as follows:

For rules implementing statutes enacted after the effective date of this section, an agency may not rely solely on the section of law stating a statute's intent or purpose, or on the enabling provisions of the statute establishing the agency, or on any combination of such provisions, for its statutory authority to adopt the rule. An agency may use the statement of intent or purpose or the agency enabling provisions to interpret ambiguities in a statute's other provisions.

**\*NEW SECTION. Sec. 119.** A new section is added to chapter 34.05 RCW under the subchapter heading Part III to read as follows:

***Section 118 of this act does not apply to: The commissioner of public lands, the department of social and health services, the department of ecology, the department of agriculture, the department of health, the department of revenue, the department of licensing, the department of labor and industries, the employment security department, the forest practices board, the fish and wildlife commission, and the office of the insurance commissioner.***

**PART II**  
**RULE-MAKING CRITERIA**

**NEW SECTION. Sec. 201.** A new section is added to chapter 34.05 RCW under the subchapter heading Part III to read as follows:

(1) Before adopting a rule described in subsection (5) of this section, an agency shall:

(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;

(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;

(c) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;

(d) Determine, after considering alternative versions of the rule and the analysis required under (b) and (c) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;

(e) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;

(f) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;

(g) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:

(i) A state statute that explicitly allows the agency to differ from federal standards; or

(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; and

(h) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter.

(2) In making its determinations pursuant to subsection (1) (b) through (g) of this section, the agency shall place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.

(3) Before adopting rules described in subsection (5) of this section, an agency shall place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan shall describe how the agency intends to:

(a) Implement and enforce the rule, including a description of the resources the agency intends to use;

(b) Inform and educate affected persons about the rule;

(c) Promote and assist voluntary compliance; and

(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.

(4) After adopting a rule described in subsection (5) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency shall do all of the following:

(a) Provide to the business assistance center a list citing by reference the other federal and state laws that regulate the same activity or subject matter;

(b) Coordinate implementation and enforcement of the rule with the other federal and state entities regulating the same activity or subject matter by making every effort to do one or more of the following:

(i) Deferring to the other entity;

(ii) Designating a lead agency; or

(iii) Entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement.

If the agency is unable to comply with this subsection (4)(b), the agency shall report to the legislature pursuant to (c) of this subsection;

(c) Report to the joint administrative rules review committee:

(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and

(5)(a) Except as provided in (b) of this subsection, this section applies to:

(i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 75.20 RCW; and

(ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320.

(b) This section does not apply to:

(i) Emergency rules adopted under RCW 34.05.350;

(ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;

(iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of state-wide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards,

if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;

(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

(v) Rules the content of which is explicitly and specifically dictated by statute; or

(vi) Rules that set or adjust fees or rates pursuant to legislative standards.

(c) For purposes of this subsection:

(i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.

(ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.

(iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.

(d) In the notice of proposed rule making under RCW 34.05.320, an agency shall state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.

(6) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report shall document:

(a) The rules proposed to which this section applied and to the extent possible, how compliance with this section affected the substance of the rule, if any, that the agency ultimately adopted;

(b) The costs incurred by state agencies in complying with this section;

(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;

(d) The extent to which this section has adversely affected the capacity of agencies to fulfill their legislatively prescribed mission;

(e) The extent to which this section has improved the acceptability of state rules to those regulated; and

(f) Any other information considered by the office of financial management to be useful in evaluating the effect of this section.

(e) Specifies the process by which interested parties can effectively participate in the ~~((formulation of the))~~ decision to adopt a new rule and formulation of a proposed rule before its publication.

The statement of ~~((intent))~~ inquiry shall be filed with the code reviser for publication in the state register at least thirty days before the date the agency files notice of proposed rule making under RCW 34.05.320 and shall be sent to any party that has requested receipt of the agency's statements of ~~((intent))~~ inquiry.

~~(v) Agreeing on a reasonable time period during which the agency will be bound to the rule resulting from the negotiations without substantive amendment; and~~

~~(vi) Providing a mechanism by which one or more parties may withdraw from the process or the negotiations may be terminated if it appears that consensus cannot be reached on a draft rule that accommodates the needs of the agency, interested parties, and the general public and conforms to the legislative intent of the statute that the rule is intended to implement)) by which representatives of an agency and of the interests that are affected by a subject of rule making, including, where appropriate, county and city representatives, seek to reach consensus on the terms of the proposed rule and on the process by which it is negotiated; and~~

(3)(a) An agency must make a determination whether negotiated rule making, pilot rule making, or another process for generating participation from interested parties prior to development of the rule is appropriate.

(b) An agency must include a written justification in the rule-making file if an opportunity for interested parties to participate in the rule-making process prior to publication of the proposed rule has not been provided.

(4) This section does not apply to:

(a) Emergency rules adopted under RCW 34.05.350;

(b) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;

(1) At least twenty days before the rule-making hearing at which the agency receives public comment regarding adoption of a rule, the agency shall cause notice of the hearing to be published in the state register. The publication constitutes the proposal of a rule. The notice shall include all of the following:

(3) No later than three days after its publication in the state register, the agency shall cause a copy of the notice of proposed rule adoption to be mailed to each person ~~((who)),~~ city, and county that has made a request to the agency for a mailed copy of such notices. An agency may charge for the actual cost of providing ~~((individual))~~ a requesting party mailed copies of these notices.

(4) In addition to the notice required by subsections (1) and (2) of this section, an institution of higher education shall cause the notice to be published in the campus or standard newspaper of the institution at least seven days before the rule-making hearing.

Sec. 303. RCW 34.05.313 and 1993 c 202 s 4 are each amended to read as follows:

~~((H;))~~ (1) During the development of a rule or after its adoption, an agency ~~((determines that implementation may produce unreasonable economic, procedural, or technical burdens, agencies are encouraged to))~~ may develop methods for measuring or testing the feasibility of ~~((compliance))~~ complying with or administering the rule ~~((, including the use of voluntary pilot study groups))~~ and for identifying simple, efficient, and economical alternatives for achieving the goal of the rule. ~~((Measuring and testing methods should emphasize))~~ A pilot project shall include public notice, participation by ~~((persons who have a recognized interest in or are significantly affected by the adoption of the proposed rule))~~ volunteers who are or will be subject to the rule, a high level of involvement from agency management, ~~((consensus on issues and procedures among participants in the pilot group, assurance of fairness, and))~~ reasonable completion dates, and a process by which one or more parties may withdraw from the process or the process may be terminated ~~((if consensus cannot be reached on the rule)).~~ Volunteers who agree to test a rule and attempt to meet the requirements of the draft rule, to report periodically to the proposing agency on the extent of their ability to meet the requirements of the draft rule, and to make recommendations for improving the draft rule shall not be obligated to comply fully with the rule being tested nor be subject to any enforcement action or other sanction for failing to comply with the requirements of the draft rule.

(2) An agency conducting a pilot rule project authorized under subsection (1) of this section may waive one or more provisions of agency rules otherwise applicable to participants in such a pilot project if the agency first determines that such a waiver is in the public interest and necessary to conduct the project. Such a waiver may be only for a stated period of time, not to exceed the duration of the project.

(3) The findings of the pilot project should be widely shared and, where appropriate, adopted as amendments to the rule.

(4) If an agency conducts a pilot rule project in lieu of meeting the requirements of the regulatory fairness act, chapter 19.85 RCW, the agency shall ensure the following conditions are met:

(a) If over ten small businesses are affected, there shall be at least ten small businesses in the test group and at least one-half of the volunteers participating in the pilot test group shall be small businesses.

(b)(i) If there are at least one hundred businesses affected, the participation by small businesses in the test group shall be as follows:

(A) Not less than twenty percent of the small businesses must employ twenty-six to fifty employees;

(B) Not less than twenty percent of the small businesses must employ eleven to twenty-six employees, and

(C) Not less than twenty percent of the small businesses must employ zero to ten employees.

(ii) If there do not exist a sufficient number of small businesses in each size category set forth in (b)(i) of this subsection willing to participate in the pilot project to meet the minimum requirements of that subsection, then the agency must comply with this section to the maximum extent practicable.

(c) The agency may not terminate the pilot project before completion.

(d) Before filing the notice of proposed rule making pursuant to RCW 34.05.320, the agency must prepare a report of the pilot rule project that includes:

(i) A description of the difficulties small businesses had in complying with the pilot rule;

(ii) A list of the recommended revisions to the rule to make compliance with the rule easier or to reduce the cost of compliance with the rule by the small businesses participating in the pilot rule project;

(iii) A written statement explaining the options it considered to resolve each of the difficulties described and a statement explaining its reasons for not including a recommendation by the pilot test group to revise the rule; and

(iv) If the agency was unable to meet the requirements set forth in (b)(i) of this subsection, a written explanation of why it was unable to do so and the steps the agency took to include small businesses in the pilot project.

**Sec. 304.** RCW 34.05.325 and 1994 c 249 s 7 are each amended to read as follows:

(1) The agency shall make a good faith effort to insure that the information on the proposed rule published pursuant to RCW 34.05.320 accurately reflects the rule to be presented and considered at the oral hearing on the rule. Written comment about a proposed rule, including supporting data, shall be accepted by an agency if received no later than the time and date specified in the notice, or such later time and date established at the rule-making hearing.

(2) The agency shall provide an opportunity for oral comment to be received by the agency in a rule-making hearing.

(3) If the agency possesses equipment capable of receiving telefacsimile transmissions or recorded telephonic communications, the agency may provide in its notice of hearing filed under RCW 34.05.320 that interested parties may comment on proposed rules by these means. If the agency chooses to receive comments by these means, the notice of hearing shall provide instructions for making such comments, including, but not limited to, appropriate telephone numbers to be used; the date and time by which comments must be received; required methods to verify the receipt and authenticity of the comments; and any limitations on the number of pages for telefacsimile transmission comments and on the minutes of tape recorded comments. The agency shall accept comments

received by these means for inclusion in the official record if the comments are made in accordance with the agency's instructions.

(4) The agency head, a member of the agency head, or a presiding officer designated by the agency head shall preside at the rule-making hearing. Rule-making hearings shall be open to the public. The agency shall cause a record to be made of the hearing by stenographic, mechanical, or electronic means. Unless the agency head presides or is present at substantially all the hearings, the presiding official shall prepare a memorandum for consideration by the agency head, summarizing the contents of the presentations made at the rule-making hearing. The summarizing memorandum is a public document and shall be made available to any person in accordance with chapter 42.17 RCW.

(5) Rule-making hearings are legislative in character and shall be reasonably conducted by the presiding official to afford interested persons the opportunity to present comment. Rule-making hearings may be continued to a later time and place established on the record without publication of further notice under RCW 34.05.320.

(6) ~~((Before the adoption of a final rule))~~ (a) Before it files an adopted rule with the code reviser, an agency shall prepare a ~~((written summary of))~~ concise explanatory statement of the rule:

(i) Identifying the agency's reasons for adopting the rule;

(ii) Describing differences between the text of the proposed rule as published in the register and the text of the rule as adopted, other than editing changes, stating the reasons for differences; and

(iii) Summarizing all comments received regarding the proposed rule, and ~~((a substantive response))~~ responding to the comments by category or subject matter, indicating how the final rule reflects agency consideration of the comments, or why it fails to do so.

(b) The agency shall provide the ~~((written summary and response))~~ concise explanatory statement to any person upon request or from whom the agency received comment.

NEW SECTION. Sec. 305. RCW 34.05.355 and 1994 c 249 s 8 & 1988 c 288 s 310 are each repealed.

#### PART IV REGULATORY FAIRNESS ACT

NEW SECTION. Sec. 401. A new section is added to chapter 19.85 RCW to read as follows:

(1) Unless an agency receives a written objection to the expedited repeal of a rule, this chapter does not apply to a rule proposed for expedited repeal pursuant to section 701 of this act. If an agency receives a written objection to expedited repeal of the rule, this chapter applies to the rule-making proceeding.

(2) This chapter does not apply to the adoption of a rule described in RCW 34.05.310(4).

(3) An agency is not required to prepare a separate small business economic impact statement under RCW 19.85.040 if it prepared an analysis under section 201 of this act that meets the requirements of a small business economic impact statement, and if the agency reduced the costs imposed by the rule on small business to the extent required by RCW 19.85.030(3). The portion of the analysis that meets the requirements of RCW 19.85.040 shall be filed with the code reviser and provided to any person requesting it in lieu of a separate small business economic impact statement.

**Sec. 402.** RCW 19.85.030 and 1994 c 249 s 11 are each amended to read as follows:

~~(1) ((In the adoption of any rule pursuant to RCW 34.05.320 that will impose more than minor costs on more than twenty percent of all industries, or more than ten percent of any one industry, the adopting agency:~~

~~(a) Shall reduce the economic impact of the rule on small business by doing one or more of the following when it is legal and feasible in meeting the stated objective of the statutes which are the basis of the proposed rule:~~

~~(i) Establish differing compliance or reporting requirements or timetables for small businesses;~~

~~(ii) Clarify, consolidate, or simplify the compliance and reporting requirements under the rule for small businesses;~~

~~(iii) Establish performance rather than design standards;~~

~~(iv) Exempt small businesses from any or all requirements of the rule;~~

~~(v) Reduce or modify fine schedules for noncompliance; and~~

~~(vi) Other mitigation techniques;~~

~~(b) Before filing notice of a proposed rule, shall prepare a small business economic impact statement in accordance with RCW 19.85.040 and file notice of how the person can obtain the statement with the code reviser as part of the notice required under RCW 34.05.320.~~

~~(2) If requested to do so by a majority vote of the joint administrative rules review committee within thirty days after notice of the proposed rule is published in the state register, an agency shall prepare a small business economic impact statement on the proposed rule before adoption of the rule. Upon completion, an agency shall provide a copy of the small business economic impact statement to any person requesting it.~~

(3)) In the adoption of a rule under chapter 34.05 RCW, an agency shall prepare a small business economic impact statement: (a) If the proposed rule will impose more than minor costs on businesses in an industry; or (b) if requested to do so by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320. However, if the agency has completed the pilot rule process as defined by RCW 34.05.313 before filing the notice of a proposed rule, the agency is not required to prepare a small business economic impact statement.

An agency shall prepare the small business economic impact statement in accordance with RCW 19.85.040, and file it with the code reviser along with the notice required under RCW 34.05.320. An agency shall file a statement prepared at the request of the joint administrative rules review committee with the code reviser upon its completion before the adoption of the rule. An agency shall provide a copy of the small business economic impact statement to any person requesting it.

An agency may request assistance from the business assistance center in the preparation of the small business economic impact statement.

~~((+))~~ (2) The business assistance center shall develop guidelines to assist agencies in determining whether a proposed rule will impose more than minor costs on businesses in an industry and therefore require preparation of a small business economic impact statement. The business assistance center may review an agency determination that a proposed rule will not impose such costs, and shall advise the joint administrative rules review committee on disputes involving agency determinations under this section.

(3) Based upon the extent of disproportionate impact on small business identified in the statement prepared under RCW 19.85.040, the agency shall, where legal and feasible in meeting the stated objectives of the statutes upon which the rule is based, reduce the costs imposed by the rule on small businesses. Methods to reduce the costs on small businesses may include:

- (a) Reducing, modifying, or eliminating substantive regulatory requirements;
- (b) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;
- (c) Reducing the frequency of inspections;
- (d) Delaying compliance timetables;
- (e) Reducing or modifying fine schedules for noncompliance; or
- (f) Any other mitigation techniques.

**Sec. 403.** RCW 19.85.040 and 1994 c 249 s 12 are each amended to read as follows:

(1) A small business economic impact statement must include a brief description of the reporting, recordkeeping, and other compliance requirements of the proposed rule, and the kinds of professional services that a small business is likely to need in order to comply with such requirements. It shall analyze the costs of compliance for businesses required to comply with the proposed rule adopted pursuant to RCW 34.05.320, including costs of equipment, supplies, labor, and increased administrative costs. It shall consider, based on input received, whether compliance with the rule will cause businesses to lose sales or revenue. To determine whether the proposed rule will have a disproportionate impact on small businesses, the impact statement must compare the cost of compliance for small business with the cost of compliance for the ten percent of businesses that are the largest businesses required to comply with the proposed rules using one or more of the following as a basis for comparing costs:

- (a) Cost per employee;

- (b) Cost per hour of labor; or
- (c) Cost per one hundred dollars of sales.

(2) A small business economic impact statement must also include:

(a) A statement of the steps taken by the agency to reduce the costs of the rule on small businesses as required by RCW 19.85.030(~~((+))~~) (3), or reasonable justification for not doing so, addressing the options listed in RCW 19.85.030(~~((+))~~) (3);

(b) A description of how the agency will involve small businesses in the development of the rule; and

(c) A list of industries that will be required to comply with the rule. However, this subsection (2)(c) shall not be construed to preclude application of the rule to any business or industry to which it would otherwise apply.

(3) To obtain information for purposes of this section, an agency may survey a representative sample of affected businesses or trade associations and should, whenever possible, appoint a committee under RCW 34.05.310(2) to assist in the accurate assessment of the costs of a proposed rule, and the means to reduce the costs imposed on small business.

**NEW SECTION. Sec. 404.** A new section is added to chapter 19.85 RCW to read as follows:

Unless so requested by a majority vote of the joint administrative rules review committee under RCW 19.85.030, an agency is not required to comply with this chapter when adopting any rule solely for the purpose of conformity or compliance, or both, with federal statute or regulations. In lieu of the statement required under RCW 19.85.030, the agency shall file a statement citing, with specificity, the federal statute or regulation with which the rule is being adopted to conform or comply, and describing the consequences to the state if the rule is not adopted.

**NEW SECTION. Sec. 405.** RCW 19.85.060 and 1989 c 374 s 5 are each repealed.

## PART V STRENGTHENED LEGISLATIVE OVERSIGHT

**NEW SECTION. Sec. 501.** A new section is added to chapter 34.05 RCW under the subchapter heading Part VI to read as follows:

The joint administrative rules review committee shall not render a decision on a rule unless a quorum is present. A quorum shall consist of at least five members of the committee. Once a quorum is established, a majority of the quorum may render any decision except a suspension recommendation. A recommendation to suspend a rule under RCW 34.05.640 shall require a majority vote of the entire membership of the rules review committee.

**NEW SECTION. Sec. 502.** A new section is added to chapter 34.05 RCW under the subchapter heading Part VI to read as follows:

(1) Any person may petition the rules review committee for a review of that rule. Within thirty days of the receipt of the petition, the rules review committee shall acknowledge receipt of the petition and describe any initial action taken. *\*Sec. 504. RCW 34.05.660 and 1988 c 288 s 606 are each amended to read as follows:*

*(1) Except as provided in subsection (2) of this section, it is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of objection required by RCW 34.05.630(2) and 34.05.640(2) in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.*

*(2) If the joint administrative rules review committee recommends to the governor that an existing rule be suspended because it does not conform with the intent of the legislature, the recommendation shall establish a rebuttable presumption in any proceeding challenging the validity of the rule that the rule is invalid. The burden of demonstrating the rule's validity is then on the adopting agency.*

*\*Sec. 504 was vetoed. See message at end of chapter.*

**NEW SECTION. Sec. 505.** A new section is added to chapter 34.05 RCW under the subchapter heading Part VI to read as follows:

**NEW SECTION. Sec. 507.** A new section is added to chapter 34.05 RCW under the subchapter heading Part VI to read as follows:

In case of the failure on the part of any person to comply with any subpoena issued in behalf of the rules review committee, or on the refusal of any witness to testify to any matters regarding which he or she may be lawfully interrogated, it is the duty of the superior court of any county, or of the judge thereof, on application of the committee, to compel obedience by proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued from the court or a refusal to testify in the court.

**Sec. 508.** RCW 42.40.010 and 1982 c 208 s 1 are each amended to read as follows:

It is the policy of the legislature that employees should be encouraged to disclose, to the extent not expressly prohibited by law, improper governmental actions, and it is the intent of the legislature to protect the rights of state employees making these disclosures. It is also the policy of the legislature that employees should be encouraged to identify rules warranting review or provide information to the rules review committee, and it is the intent of the legislature to protect the rights of these employees.

**Sec. 509.** RCW 42.40.020 and 1992 c 118 s 1 are each amended to read as follows:

As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

(2) "Employee" means any individual employed or holding office in any department or agency of state government.

**Sec. 510.** RCW 42.40.030 and 1989 c 284 s 2 are each amended to read as follows:

(1) An employee shall not directly or indirectly use or attempt to use the employee's official authority or influence for the purpose of intimidating, threatening, coercing, commanding, influencing, or attempting to intimidate, threaten, coerce, command, or influence any individual for the purpose of interfering with the right of the individual to: (a) Disclose to the auditor (or representative thereof) information concerning improper governmental action; or (b) identify rules warranting review or provide information to the rules review committee.

**PART VI  
TECHNICAL ASSISTANCE**

**NEW SECTION. Sec. 601.** The legislature finds that, due to the volume and complexity of laws and rules it is appropriate for regulatory agencies to adopt programs and policies that encourage voluntary compliance by those affected by specific rules. The legislature recognizes that a cooperative partnership between agencies and regulated parties that emphasizes education and assistance before the imposition of penalties will achieve greater compliance with laws and rules and that most individuals and businesses who are subject to regulation will attempt to comply with the law, particularly if they are given sufficient information. In this context, enforcement should assure that the majority of a regulated community that complies with the law are not placed at a competitive disadvantage and that a continuing failure to comply that is within the control of a party who has received technical assistance is considered by an agency when it determines the amount of any civil penalty that is issued.

**NEW SECTION. Sec. 602.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Civil penalty" means a monetary penalty administratively issued by a regulatory agency for noncompliance with state or federal law or rules. The term does not include any criminal penalty, damage assessments, wages, premiums, or taxes owed, or interest or late fees on any existing obligation.

(2) "Regulatory agency" means an agency as defined in RCW 34.05.010 that has the authority to issue civil penalties. The term does not include the state patrol or any institution of higher education as defined in RCW 28B.10.016.

(3) "Technical assistance" includes:

- (a) Information on the laws, rules, and compliance methods and technologies applicable to the regulatory agency's programs;
- (b) Information on methods to avoid compliance problems;
- (c) Assistance in applying for permits; and
- (d) Information on the mission, goals, and objectives of the program.

**NEW SECTION. Sec. 603.** All regulatory agencies shall develop programs to encourage voluntary compliance by providing technical assistance consistent with statutory requirements. The programs shall include but are not limited to technical assistance visits, printed information, information and assistance by telephone, training meetings, and other appropriate methods to provide technical assistance. In addition, all regulatory agencies shall provide upon request a list of organizations, including private companies, that provide technical assistance. This list shall be compiled by the agencies from information submitted by the organizations and shall not constitute an endorsement by an agency of any organization.

**NEW SECTION. Sec. 604.** (1) For the purposes of this chapter, a technical assistance visit is a visit by a regulatory agency to a facility, business, or other location that:

(a) Has been requested or is voluntarily accepted; and  
(b) Is declared by the regulatory agency at the beginning of the visit to be a technical assistance visit.

(2) A technical assistance visit also includes a consultative visit pursuant to RCW 49.17.250.

(3) During a technical assistance visit, or within a reasonable time thereafter, a regulatory agency shall inform the owner or operator of the facility of any violations of law or agency rules identified by the agency as follows:

(a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;

(b) A statement of what is required to achieve compliance;

(c) The date by which the agency requires compliance to be achieved;

(d) Notice of the means to contact any technical assistance services provided by the agency or others; and

(e) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the agency.

**NEW SECTION. Sec. 605.** The owner and operator shall be given a reasonable period of time to correct violations identified during a technical assistance visit before any civil penalty provided for by law is imposed for those violations. A regulatory agency may revisit a facility, business, or other location after a technical assistance visit and a reasonable period of time has passed to correct violations identified by the agency in writing and issue civil penalties as provided for by law for any uncorrected violations.

**NEW SECTION. Sec. 606.** A regulatory agency that observes a violation during a technical assistance visit may issue a civil penalty as provided for by law if: (1) The individual or business has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule or has been given previous notice of the same or similar type of violation of the same statute or rule; or (2) the issue involves sales taxes due to the state and the individual or business is not remitting previously collected sales taxes to the state; or (3) the violation has a probability of placing a person in danger of death or bodily harm, has a probability of causing more than minor environmental harm, or has a probability of causing physical damage to the property of another in an amount exceeding one thousand dollars.

**NEW SECTION. Sec. 607.** (1) If in the course of any site inspection or visit that is not a technical assistance visit, the department of ecology becomes aware of conditions that are not in compliance with applicable laws and rules enforced by the department and are not subject to civil penalties as provided for in section 608 of this act, the department may issue a notice of correction to the responsible party that shall include:

(a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;

(b) A statement of what is required to achieve compliance;

(c) The date by which the department requires compliance to be achieved;  
(d) Notice of the means to contact any technical assistance services provided by the department or others; and

(e) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the department.

(2) A notice of correction is not a formal enforcement action, is not subject to appeal, and is a public record.

(3) If the department issues a notice of correction, it shall not issue a civil penalty for the violations identified in the notice of correction unless the responsible party fails to comply with the notice.

**NEW SECTION. Sec. 608.** The department of ecology may issue a civil penalty provided for by law without first issuing a notice of correction if: (1) The person has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule or has been given previous notice of the same or similar type of violation of the same statute or rule; or (2) compliance is not achieved by the date established by the department in a previously issued notice of correction, if the department has responded to any request for review of such date by reaffirming the original date or establishing a new date; or (3) the violation has a probability of placing a person in danger of death or bodily harm, has a probability of causing more than minor environmental harm, or has a probability of causing physical damage to the property of another in an amount exceeding one thousand dollars.

**NEW SECTION. Sec. 609.** The provisions of sections 607 and 608 of this act affecting civil penalties issued by the department of ecology shall not apply to civil penalties for negligent discharge of oil as authorized under RCW 90.56.330 or to civil penalties as authorized under RCW 90.03.600 for unlawful use of water in violation of RCW 90.03.250 or 90.44.050.

**NEW SECTION. Sec. 610.** (1) Following a consultative visit pursuant to RCW 49.17.250, the department of labor and industries shall issue a report to the employer that the employer shall make available to its employees. The report shall contain:

(a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;

(b) A statement of what is required to achieve compliance;

(c) The date by which the department requires compliance to be achieved;

(d) Notice of means to contact technical assistance services provided by the department; and

(e) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the department.

(2) Following a compliance inspection pursuant to RCW 49.17.120, the department of labor and industries shall issue a citation for violations of industrial safety and health standards. The citation shall not assess a penalty if the violations:

- (a) Are determined not to be of a serious nature;
- (b) Have not been previously cited;
- (c) Are not willful; and
- (d) Do not have a mandatory penalty under chapter 49.17 RCW.

**NEW SECTION. Sec. 611.** (1) If in the course of any inspection or visit that is not a technical assistance visit, the department of agriculture, fish and wildlife, health, licensing, or natural resources becomes aware of conditions that are not in compliance with applicable laws and rules enforced by the department and are not subject to civil penalties as provided for in section 612 of this act, the department may issue a notice of correction to the responsible party that shall include:

- (a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;
- (b) A statement of what is required to achieve compliance;
- (c) The date by which the department requires compliance to be achieved;
- (d) Notice of the means to contact any technical assistance services provided by the department or others; and
- (e) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the department.

(2) A notice of correction is not a formal enforcement action, is not subject to appeal, and is a public record.

(3) If the department issues a notice of correction, it shall not issue a civil penalty for the violations identified in the notice of correction unless the responsible party fails to comply with the notice.

**NEW SECTION. Sec. 612.** The department of agriculture, fish and wildlife, health, licensing, or natural resources may issue a civil penalty provided for by law without first issuing a notice of correction if: (1) The person has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule or has been given previous notice of the same or similar type of violation of the same statute or rule; or (2) compliance is not achieved by the date established by the department in a previously issued notice of correction, if the department has responded to any request for review of such date by reaffirming the original date or establishing a new date; (3) the violation has a probability of placing a person in danger of death or bodily harm, has a probability of causing more than minor environmental harm, or has a probability of causing physical damage to the property of another in an amount exceeding one thousand dollars; or (4) the violation was committed by a business that employed fifty or more employees on at least one day in each of the preceding twelve months. In addition, the department of fish and wildlife may issue a civil penalty provided for by law without first issuing a notice of correction for a violation of any rule dealing with seasons, catch or bag limits, gear types, or geographical areas for fish or wildlife removal, reporting, or disposal.

NEW SECTION. **Sec. 613.** The date for compliance established by the department of ecology, labor and industries, agriculture, fish and wildlife, health, licensing, or natural resources pursuant to section 607, 610, or 611 of this act respectively shall provide for a reasonable time to achieve compliance. Any person receiving a notice of correction pursuant to section 607 or 611 of this act or a report or citation pursuant to section 610 of this act may request an extension of time to achieve compliance for good cause from the issuing department. Requests shall be submitted to the issuing department and responded to by the issuing department in writing in accordance with procedures specified by the issuing department in the notice, report, or citation.

NEW SECTION. **Sec. 614.** The departments of revenue and labor and industries and the employment security department shall undertake an educational program directed at those who have the most difficulty in determining their tax or premium liability. The departments may rely on information from internal data, trade associations, and businesses to determine which entities should be selected. The educational programs may include, but not be limited to, targeted informational fact sheets, self-audits, or workshops, and may be presented individually by the agency or in conjunction with other agencies.

NEW SECTION. **Sec. 615.** The department of revenue, the department of labor and industries in respect to its duties in Title 51 RCW, and the employment security department shall develop and administer a pilot voluntary audit program. Voluntary audits can be requested by businesses from any of these agencies according to guidelines established by each agency. No penalty assessments may be made against participants in such a program except when the agency determines that either a good faith effort has not been made by the taxpayer or premium payer to comply with the law or that the taxpayer has failed to remit previously collected sales taxes to the state. The persons conducting the voluntary audit shall provide the business undergoing the voluntary audit an audit report that describes errors or omissions found and future reporting instructions. This program does not relieve a business from past or future tax or premium obligations.

NEW SECTION. **Sec. 616.** The departments of revenue and labor and industries and the employment security department shall each review the penalties it issues related to taxes or premiums to determine if they are consistent and provide for waivers in appropriate circumstances. Each department shall report the results of its review to the legislature no later than December 1, 1995.

NEW SECTION. **Sec. 617.** Nothing in this chapter obligates a regulatory agency to conduct a technical assistance visit. The state and officers or employees of the state shall not be liable for damages to a person to the extent that liability is asserted to arise from providing technical assistance, or if liability is asserted to arise from the failure of the state or officers or employees of the state to provide technical assistance. This chapter does not limit the authority of any regulatory agency to take any enforcement action, other than a civil penalty,

authorized by law. This chapter shall not limit a regulatory agency's authority to issue a civil penalty as authorized by law based upon a person's failure to comply with specific terms and conditions of any permit or license issued by the agency to that person.

**NEW SECTION.** **Sec. 618.** Agency rules, guidelines, and procedures necessary to implement sections 601 through 615, 617, and 619 through 621 of this act shall be established and implemented expeditiously and not later than July 1, 1996.

**NEW SECTION.** **Sec. 619.** If a regulatory agency determines any part of this chapter to be in conflict with federal law or program requirements, in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, or in conflict with the requirements for eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this chapter shall be inoperative solely to the extent of the conflict. Any rules under this chapter shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

**NEW SECTION.** **Sec. 620.** If notified by responsible federal officials of any conflict of this chapter with federal law or program requirements or with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the regulatory agency notified of the conflict shall actively seek to resolve the conflict. If the agency determines that the conflict cannot be resolved without loss of benefits or authority to the state, the agency shall notify the governor, the president of the senate, and the speaker of the house of representatives in writing within thirty days of making that determination.

**NEW SECTION.** **Sec. 621.** (1) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state regulatory agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of sections 601 through 615, 617, and 619 through 621 of this act on the regulatory system in this state. The report shall document:

(a) Technical assistance, including but not limited to technical assistance visits, provided by state regulatory agencies consistent with this chapter;

(b) Any rules adopted, guidelines developed, or training conducted to implement this chapter;

(c) Any changes in the appropriation, allocation, or expenditure of regulatory agency resources to implement this chapter;

(d) Any legal action against state regulatory agencies for any alleged failure to comply with this chapter, the costs to the state of the action, and the result;

(e) The extent to which this chapter has resulted in either an increase or decrease in regulatory agency use of civil penalties;

(f) The extent to which this chapter has contributed to any change in voluntary compliance with state statutes or rules;

(g) The extent to which this chapter has improved the acceptability or effectiveness of state regulatory procedures; and

(h) Any other information considered by the office of financial management to be useful in evaluating the effect of this chapter.

(2) This section shall expire June 30, 2000.

(1) Except as provided in sections 607 through 609 and 617 of this act, the department of ecology may assess a civil penalty for a violation of this chapter or rules or orders of the department adopted or issued pursuant to it.

(2) There shall be three categories of violations: Minor, serious, and major.

(a) A minor violation is a violation that does not seriously threaten public health, safety, and the environment. Minor violations include, but are not limited to:

(b) The penalty for a serious violation shall be not less than five hundred dollars and not more than five thousand dollars.

(c) The penalty for a major violation shall be not less than five thousand dollars and not more than ten thousand dollars.

(4) In determining the appropriate penalty under subsection (3) of this section the department shall consider whether the person:

Subject to legislative appropriation, the penalties may be spent only for purposes related to the restoration and enhancement of ground water resources in the state.

**Sec. 629.** RCW 49.17.180 and 1991 c 108 s 1 are each amended to read as follows:

(1) Except as provided in section 610 of this act, any employer who willfully or repeatedly violates the requirements of RCW 49.17.060, of any safety or health standard promulgated under the authority of this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or 49.17.090 may be assessed a civil penalty not to exceed seventy thousand dollars for each violation. A minimum penalty of five thousand dollars shall be assessed for a willful violation.

(2) Any employer who has received a citation for a serious violation of the requirements of RCW 49.17.060, of any safety or health standard promulgated under the authority of this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or 49.17.090 as determined in accordance with subsection (6) of this section, shall be assessed a civil penalty not to exceed seven thousand dollars for each such violation.

(3) Any employer who has received a citation for a violation of the requirements of RCW 49.17.060, of any safety or health standard promulgated under this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or 49.17.090, where such violation is specifically determined not to be of a serious nature as provided in subsection (6) of this section, may be assessed a civil penalty not to exceed seven thousand dollars for each such violation, unless such violation is determined to be de minimis.

(4) Any employer who fails to correct a violation for which a citation has been issued under RCW 49.17.120 or 49.17.130 within the period permitted for its correction, which period shall not begin to run until the date of the final order of the board of industrial insurance appeals in the case of any review proceedings under this chapter initiated by the employer in good faith and not solely for delay or avoidance of penalties, may be assessed a civil penalty of not more than seven thousand dollars for each day during which such failure or violation continues.

(5) Any employer who violates any of the posting requirements of this chapter, or any of the posting requirements of rules promulgated by the department pursuant to this chapter related to employee or employee representative's rights to notice, including but not limited to those employee rights to notice set forth in RCW 49.17.080, 49.17.090, 49.17.120, 49.17.130, 49.17.220(1) and 49.17.240(2), shall be assessed a penalty not to exceed seven

thousand dollars for each such violation. Any employer who violates any of the posting requirements for the posting of informational, educational, or training materials under the authority of RCW 49.17.050(7), may be assessed a penalty not to exceed seven thousand dollars for each such violation.

(6) For the purposes of this section, a serious violation shall be deemed to exist in a work place if there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations, or processes which have been adopted or are in use in such work place, unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation.

(7) The director, or his authorized representatives, shall have authority to assess all civil penalties provided in this section, giving due consideration to the appropriateness of the penalty with respect to the number of affected employees of the employer being charged, the gravity of the violation, the size of the employer's business, the good faith of the employer, and the history of previous violations.

(8) Civil penalties imposed under this chapter shall be paid to the director for deposit in the supplemental pension fund established by RCW 51.44.033. Civil penalties may be recovered in a civil action in the name of the department brought in the superior court of the county where the violation is alleged to have occurred, or the department may utilize the procedures for collection of civil penalties as set forth in RCW 51.48.120 through 51.48.150.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and

subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

(3) Any person incurring any penalty under this section may appeal the penalty to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the director or the director's representative setting forth the disposition of the application. ## PART VII RULES REVIEW

**NEW SECTION. Sec. 701.** A new section is added to chapter 34.05 RCW under the subchapter heading Part III to read as follows:

(1) Not later than June 30th of each year, each agency shall submit to the code reviser, according to procedures and time lines established by the code reviser, rules that it determines should be repealed by the expedited repeal procedures provided for in this section. An agency shall file a copy of a preproposal notice of inquiry, as provided in RCW 34.05.310(1), that identifies the rule as one that is proposed for expedited repeal.

(2) An agency may propose the expedited repeal of rules meeting one or more of the following criteria:

(a) The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;

(b) The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;

(c) The rule is no longer necessary because of changed circumstances; or

(d) Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

(3) The agency shall also send a copy of the preproposal notice of inquiry to any person who has requested notification of copies of proposals for the expedited repeal of rules or of agency rule making. The preproposal notice of inquiry shall include a statement that any person who objects to the repeal of the rule must file a written objection to the repeal within thirty days after the preproposal notice of inquiry is published. The notice of inquiry shall also include an explanation of the reasons the agency believes the expedited repeal of the rule is appropriate.

(4) The code reviser shall publish all rules proposed for expedited repeal in a separate section of a regular edition of the Washington state register or in a special edition of the Washington state register. The publication shall be not later than July 31st of each year, or in the first register published after that date.

(5) Any person may file a written objection to the expedited repeal of a rule. The notice shall be filed with the agency rules coordinator within thirty days

after the notice of inquiry has been published in the Washington state register. The written objection need not state any reason for objecting to the expedited repeal of the rule.

(6) If no written objections to the expedited repeal of a rule are filed with the agency within thirty days after the preproposal notice of inquiry is published, the agency may enter an order repealing the rule without further notice or an opportunity for a public hearing. The order shall be published in the manner required by this chapter for any other order of the agency adopting, amending, or repealing a rule. If a written objection to the expedited repeal of the rule is filed with the agency within thirty days after the notice of inquiry has been published, the preproposal notice of inquiry published pursuant to this section shall be considered a preproposal notice of inquiry for the purposes of RCW 34.05.310(1) and the agency may initiate rule adoption proceedings in accordance with the provisions of this chapter.

**Sec. 702.** RCW 34.05.230 and 1988 c 288 s 203 are each amended to read as follows:

(1) If the adoption of rules is not feasible and practicable, an agency is encouraged to advise the public of its current opinions, approaches, and likely courses of action by means of interpretive or policy statements. Current interpretive and policy statements are advisory only. An agency is encouraged to convert long-standing interpretive and policy statements into rules.

(2) A person may petition an agency requesting the conversion of interpretive and policy statements into rules. Upon submission, the agency shall notify the joint administrative rules review committee of the petition. Within sixty days after submission of a petition, the agency shall either deny the petition in writing, stating its reasons for the denial, or initiate rule-making proceedings in accordance with this chapter.

(3) Each agency shall maintain a roster of interested persons, consisting of persons who have requested in writing to be notified of all interpretive and policy statements issued by that agency. Each agency shall update the roster once each year and eliminate persons who do not indicate a desire to continue on the roster. Whenever an agency issues an interpretive or policy statement, it shall send a copy of the statement to each person listed on the roster. The agency may charge a nominal fee to the interested person for this service.

**Sec. 703.** RCW 34.05.330 and 1988 c 288 s 305 are each amended to read as follows:

(1) Any person may petition an agency requesting the adoption, amendment, or repeal of any rule. ~~((Each agency may))~~ The office of financial management shall prescribe by rule the ~~((form))~~ format for such petitions and the procedure for their submission, consideration, and disposition and provide a standard form that may be used to petition any agency. Within sixty days after submission of a petition, the agency shall ~~((+))~~ either (a) deny the petition in writing, stating (i) its reasons for the denial, specifically addressing the concerns raised by the

petitioner, and, where appropriate, (ii) the alternative means by which it will address the concerns raised by the petitioner, or ((2)) (b) initiate rule-making proceedings in accordance with this chapter.

(2) If an agency denies a petition to repeal or amend a rule submitted under subsection (1) of this section, the petitioner, within thirty days of the denial, may appeal the denial to the governor. The governor shall immediately file notice of the appeal with the code reviser for publication in the Washington state register. Within forty-five days after receiving the appeal, the governor shall either (a) deny the petition in writing, stating (i) his or her reasons for the denial, specifically addressing the concerns raised by the petitioner, and, (ii) where appropriate, the alternative means by which he or she will address the concerns raised by the petitioner; (b) for agencies listed in RCW 43.17.010, direct the agency to initiate rule-making proceedings in accordance with this chapter; or (c) for agencies not listed in RCW 43.17.010, recommend that the agency initiate rule-making proceedings in accordance with this chapter. The governor's response to the appeal shall be published in the Washington state register and copies shall be submitted to the chief clerk of the house of representatives and the secretary of the senate.

(3) In petitioning for repeal or amendment of a rule under this section, a person is encouraged to address, among other concerns:

(a) Whether the rule is authorized;

(b) Whether the rule is needed;

(c) Whether the rule conflicts with or duplicates other federal, state, or local laws;

(d) Whether alternatives to the rule exist that will serve the same purpose at less cost;

(e) Whether the rule applies differently to public and private entities;

(f) Whether the rule serves the purposes for which it was adopted;

(g) Whether the costs imposed by the rule are unreasonable;

(h) Whether the rule is clearly and simply stated; and

(i) Whether the rule is different than a federal law applicable to the same activity or subject matter without adequate justification.

(4) The business assistance center and the office of financial management shall coordinate efforts among agencies to inform the public about the existence of this rules review process.

(5) The office of financial management shall initiate the rule making required by subsection (1) of this section by September 1, 1995.

(a) The number adopted, proposed for adoption, and withdrawn;

- (b) The number adopted as emergency rules;
  - (c) The number adopted in order to comply with federal statute, with federal rules or standards, and with recently enacted state statutes;

  - (i) The number adopted using negotiated rule making, pilot rule making, or other alternative rule-making mechanisms.
- (2) For purposes of the report required by this section, each Washington State Register filing section shall be considered as a separate rule. The code reviser may adopt rules necessary to implement this section. To the maximum extent practicable, the code reviser shall use information supplied on forms provided by state agencies pursuant to chapter 34.05 RCW to prepare the report required by this section.

## PART VIII JUDICIAL REVIEW

**Sec. 801.** RCW 34.05.370 and 1994 c 249 s 2 are each amended to read as follows:

(1) Each agency shall maintain an official rule-making file for each rule that it (a) proposes by publication in the state register, or (b) adopts. The file and materials incorporated by reference shall be available for public inspection.

(2) The agency rule-making file shall contain all of the following:

(a) Copies of all publications in the state register with respect to the rule or the proceeding upon which the rule is based;

(b) Copies of any portions of the agency's public rule-making docket containing entries relating to the rule or the proceeding on which the rule is based;

(c) All written petitions, requests, submissions, and comments received by the agency and all other written material regarded by the agency as important to adoption of the rule or the proceeding on which the rule is based;

(d) Any official transcript of oral presentations made in the proceeding on which the rule is based or, if not transcribed, any tape recording or stenographic record of them, and any memorandum prepared by a presiding official summarizing the contents of those presentations;

~~(e) ((The concise explanatory statement required by RCW 34.05.355;~~

~~(f))~~ All petitions for exceptions to, amendment of, or repeal or suspension of, the rule;

~~((g))~~ ~~(f)~~ Citations to data, factual information, studies, or reports on which the agency relies in the adoption of the rule, indicating where such data, factual information, studies, or reports are available for review by the public, but this

subsection (2)(f) does not require the agency to include in the rule-making file any data, factual information, studies, or reports gathered pursuant to chapter 19.85 RCW that can be identified to a particular business;

~~((#))~~ (g) The ~~(written summary and response)~~ concise explanatory statement required by RCW 34.05.325(6); and

~~((#))~~ (h) Any other material placed in the file by the agency.

(3) Internal agency documents are exempt from inclusion in the rule-making file under subsection (2) of this section to the extent they constitute preliminary drafts, notes, recommendations, and intra-agency memoranda in which opinions are expressed or policies formulated or recommended, except that a specific document is not exempt from inclusion when it is publicly cited by an agency in connection with its decision.

(4) Upon judicial review, the file required by this section constitutes the official agency rule-making file with respect to that rule. Unless otherwise required by another provision of law, the official agency rule-making file need not be the exclusive basis for agency action on that rule.

**Sec. 802.** RCW 34.05.570 and 1989 c 175 s 27 are each amended to read as follows:

(1) Generally. Except to the extent that this chapter or another statute provides otherwise:

(a) The burden of demonstrating the invalidity of agency action is on the party asserting invalidity;

(b) The validity of agency action shall be determined in accordance with the standards of review provided in this section, as applied to the agency action at the time it was taken;

(c) The court shall make a separate and distinct ruling on each material issue on which the court's decision is based; and

(d) The court shall grant relief only if it determines that a person seeking judicial relief has been substantially prejudiced by the action complained of.

(2) Review of rules. (a) A rule may be reviewed by petition for declaratory judgment filed pursuant to this subsection or in the context of any other review proceeding under this section. In an action challenging the validity of a rule, the agency shall be made a party to the proceeding.

(b) The validity of any rule may be determined upon petition for a declaratory judgment addressed to the superior court of Thurston county, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair the legal rights or privileges of the petitioner. The declaratory judgment order may be entered whether or not the petitioner has first requested the agency to pass upon the validity of the rule in question.

(c) In a proceeding involving review of a rule, the court shall declare the rule invalid only if it finds that: ~~((#))~~ The rule violates constitutional provisions((#)); the rule exceeds the statutory authority of the agency((#)); the rule was adopted without compliance with statutory rule-making procedures((#) or could not

conceivably have been the product of a rational decision-maker)); or the rule is arbitrary and capricious.

(3) Review of agency orders in adjudicative proceedings. The court shall grant relief from an agency order in an adjudicative proceeding only if it determines that:

(a) The order, or the statute or rule on which the order is based, is in violation of constitutional provisions on its face or as applied;

(b) The order is outside the statutory authority or jurisdiction of the agency conferred by any provision of law;

(c) The agency has engaged in unlawful procedure or decision-making process, or has failed to follow a prescribed procedure;

(d) The agency has erroneously interpreted or applied the law;

(e) The order is not supported by evidence that is substantial when viewed in light of the whole record before the court, which includes the agency record for judicial review, supplemented by any additional evidence received by the court under this chapter;

(f) The agency has not decided all issues requiring resolution by the agency;

(g) A motion for disqualification under RCW 34.05.425 or 34.12.050 was made and was improperly denied or, if no motion was made, facts are shown to support the grant of such a motion that were not known and were not reasonably discoverable by the challenging party at the appropriate time for making such a motion;

(h) The order is inconsistent with a rule of the agency unless the agency explains the inconsistency by stating facts and reasons to demonstrate a rational basis for inconsistency; or

(i) The order is arbitrary or capricious.

(4) Review of other agency action.

(a) All agency action not reviewable under subsection (2) or (3) of this section shall be reviewed under this subsection.

(b) A person whose rights are violated by an agency's failure to perform a duty that is required by law to be performed may file a petition for review pursuant to RCW 34.05.514, seeking an order pursuant to this subsection requiring performance. Within twenty days after service of the petition for review, the agency shall file and serve an answer to the petition, made in the same manner as an answer to a complaint in a civil action. The court may hear evidence, pursuant to RCW 34.05.562, on material issues of fact raised by the petition and answer.

(c) Relief for persons aggrieved by the performance of an agency action, including the exercise of discretion, or an action under (b) of this subsection can be granted only if the court determines that the action is:

(i) Unconstitutional;

(ii) Outside the statutory authority of the agency or the authority conferred by a provision of law;

(iii) Arbitrary or capricious; or

(iv) Taken by persons who were not properly constituted as agency officials lawfully entitled to take such action.

**Sec. 803.** RCW 34.05.534 and 1988 c 288 s 507 are each amended to read as follows:

A person may file a petition for judicial review under this chapter only after exhausting all administrative remedies available within the agency whose action is being challenged, or available within any other agency authorized to exercise administrative review, except:

(1) A petitioner for judicial review of a rule need not have participated in the rule-making proceeding upon which that rule is based, ~~((or))~~ have petitioned for its amendment or repeal, or have appealed a petition for amendment or repeal to the governor;

(2) A petitioner for judicial review need not exhaust administrative remedies to the extent that this chapter or any other statute states that exhaustion is not required; or

(3) The court may relieve a petitioner of the requirement to exhaust any or all administrative remedies upon a showing that:

(a) The remedies would be patently inadequate;

(b) The exhaustion of remedies would be futile; or

(c) The grave irreparable harm that would result from having to exhaust administrative remedies would clearly outweigh the public policy requiring exhaustion of administrative remedies.

## PART IX

### EQUAL ACCESS TO JUSTICE

NEW SECTION. **Sec. 901.** The legislature finds that certain individuals, smaller partnerships, smaller corporations, and other organizations may be deterred from seeking review of or defending against an unreasonable agency action because of the expense involved in securing the vindication of their rights in administrative proceedings. The legislature further finds that because of the greater resources and expertise of the state of Washington, individuals, smaller partnerships, smaller corporations, and other organizations are often deterred from seeking review of or defending against state agency actions because of the costs for attorneys, expert witnesses, and other costs. The legislature therefore adopts this equal access to justice act to ensure that these parties have a greater opportunity to defend themselves from inappropriate state agency actions and to protect their rights.

NEW SECTION. **Sec. 902.** A new section is added to chapter 4.84 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 902 through 904 of this act.

(1) "Agency" means any state board, commission, department, institution of higher education, or officer, authorized by law to make rules or to conduct

adjudicative proceedings, except those in the legislative or judicial branches, the governor, or the attorney general except to the extent otherwise required by law.

(2) "Agency action" means agency action as defined by chapter 34.05 RCW.

(3) "Fees and other expenses" includes the reasonable expenses of expert witnesses, the reasonable cost of a study, analysis, engineering report, test, or project that is found by the court to be necessary for the preparation of the party's case, and reasonable attorneys' fees. Reasonable attorneys' fees shall be based on the prevailing market rates for the kind and quality of services furnished, except that (a) no expert witness shall be compensated at a rate in excess of the highest rates of compensation for expert witnesses paid by the state of Washington, and (b) attorneys' fees shall not be awarded in excess of one hundred fifty dollars per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceedings involved, justifies a higher fee.

(4) "Judicial review" means a judicial review as defined by chapter 34.05 RCW.

(5) "Qualified party" means (a) an individual whose net worth did not exceed one million dollars at the time the initial petition for judicial review was filed or (b) a sole owner of an unincorporated business, or a partnership, corporation, association, or organization whose net worth did not exceed five million dollars at the time the initial petition for judicial review was filed, except that an organization described in section 501(c)(3) of the federal internal revenue code of 1954 as exempt from taxation under section 501(a) of the code and a cooperative association as defined in section 15(a) of the agricultural marketing act (12 U.S.C. 1141j(a)), may be a party regardless of the net worth of such organization or cooperative association.

**NEW SECTION.** **Sec. 903.** A new section is added to chapter 4.84 RCW to read as follows:

(1) Except as otherwise specifically provided by statute, a court shall award a qualified party that prevails in a judicial review of an agency action fees and other expenses, including reasonable attorneys' fees, unless the court finds that the agency action was substantially justified or that circumstances make an award unjust. A qualified party shall be considered to have prevailed if the qualified party obtained relief on a significant issue that achieves some benefit that the qualified party sought.

(2) The amount awarded a qualified party under subsection (1) of this section shall not exceed twenty-five thousand dollars. Subsection (1) of this section shall not apply unless all parties challenging the agency action are qualified parties. If two or more qualified parties join in an action, the award in total shall not exceed twenty-five thousand dollars. The court, in its discretion, may reduce the amount to be awarded pursuant to subsection (1) of this section, or deny any award, to the extent that a qualified party during the course of the proceedings engaged in conduct that unduly or unreasonably protracted the final resolution of the matter in controversy.

**NEW SECTION. Sec. 904.** A new section is added to chapter 4.84 RCW to read as follows:

Fees and other expenses awarded under sections 902 and 903 of this act shall be paid by the agency over which the party prevails from operating funds appropriated to the agency within sixty days. Agencies paying fees and other expenses pursuant to sections 902 and 903 of this act shall report all payments to the office of financial management within five days of paying the fees and other expenses. Fees and other expenses awarded by the court shall be subject to the provisions of chapter 39.76 RCW and shall be deemed payable on the date the court announces the award.

**NEW SECTION. Sec. 905.** A new section is added to chapter 43.88 RCW to read as follows:

The office of financial management shall report annually to the legislature on the amount of fees and other expenses awarded during the preceding fiscal year pursuant to sections 902 through 904 of this act. The report shall describe the number, nature, and amount of the awards, the claims involved in the controversy, and other relevant information that may aid the legislature in evaluating the scope and impact of the awards.

## PART X BUSINESS LICENSE INFORMATION

**NEW SECTION. Sec. 1001.** The master license system of the department of licensing is a proven, progressive program for one-stop state licensing. This flexible system should be expanded into a state-wide shared data base to facilitate combined licensing processes at local, state, and federal levels as a benefit to the business community through improved customer service.

In order to achieve this goal the department of licensing should expand the license information management system, offered by the master license system, to include local and federal licensing requirements, making this information readily accessible at appropriate locations throughout the state. In addition, the department should develop a pilot program expanding the capabilities of the master licensing system to local and federal levels in an efficient manner; and provide access to the expanded master licensing system for all jurisdictions within the state of Washington.

**NEW SECTION. Sec. 1002.** (1) The department shall solicit advice and recommendations for planning and establishing policy for a combined licensing pilot project and license information management system. Advice and assistance shall be solicited from:

(2) Analysis of the costs and benefits, as well as funding sources, staffing levels, and technological issues involved in completing the project; and

(3) A computer prototype for demonstration of the new license information system to interested jurisdictions.

**NEW SECTION. Sec. 1004.** By December 31, 1995, the department of licensing, with advice and recommendations provided in section 1002 of this act, shall develop a plan for a pilot combined licensing program. The plan shall include:

(1) The scope and phases of the project, listing areas of responsibility for each phase;

(2) Analysis of the costs and benefits, as well as funding sources, staffing levels, and technological issues involved in completing the project;

(3) The use of the state unified business identifier as the key number for identifying persons and businesses, for licensing purposes, throughout local, state and, if appropriate, federal levels of government;

(4) Steps leading to the expansion of the department's master license automated system, to be used for combined licensing processes at selected local service jurisdictions;

(5) Development of common technology for information dissemination, access, and delivery at appropriate service locations through the master license system, including remote field input of master business application information;

(6) Adoption of the state's master business application to become the standard for all registration or licensing applications used at local and state levels, and federal levels where appropriate; and

(4) Provide the ability for local jurisdictions to access, store, and update the license requirements data of their own jurisdiction; and

(5) Provide training to all organizations providing services using the master license information management system.

**NEW SECTION. Sec. 1006.** A new section is added to chapter 19.02 RCW to read as follows:

(1) By June 30, 1997, the department shall have a pilot combined licensing project fully operational in at least two cities within the state of Washington, with at least one city west of the Cascade mountains and at least one city east of the Cascade mountains.

(2) By January 31, 1997, the department shall make an interim report to the legislature on the progress of the pilot combined licensing project.

(3) By January 31, 1998, the department shall have evaluated the pilot combined licensing project and reported to the legislature with a plan for transition of the pilot project into an ongoing program. The transition plan shall include cost, funding sources, and staffing needs for the ongoing program.

(4) Upon approval and continued funding of the transition plan by the legislature under this section, the master license system shall implement a transition from the pilot program to the ongoing program.

Passed the House April 18, 1995.

Passed the Senate April 14, 1995.

Approved by the Governor May 16, 1995, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 16, 1995.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 110, 112, 113, 114, 115, 116, 119, and 504, Engrossed Substitute House Bill No. 1010 entitled:

"AN ACT Relating to regulatory reform;"

Over the last few years, the issue of regulatory reform has generated spirited discussion and debate. I have come to the conclusion that, like beauty, regulatory reform is really in the eye of the beholder. While there is widespread agreement about the problems, there is less clarity regarding solutions. This bill represents a path to regulatory reform that I believe will make significant changes in the regulatory climate. We all must embark upon this path in a spirit of cooperation and with the firm resolve to work together to successfully implement this legislation. Everyone who is concerned with these issues must have a place at the table: the regulated community, state agencies, local governments, the environmental community, labor, and interested citizens groups. Without this cooperative spirit, it will be impossible to implement significant, long-term change.

On August 9, 1993, I signed Executive Order 93-06. The executive order directed state agencies to initiate sever efforts to coordinate among themselves and to provide better and more useful information to the public. I stated three goals for regulatory reform in the executive order. They are:

- To institute immediate management improvements in state regulatory functions, reducing inefficiencies, conflicts, and delays.
- To develop long-term solutions to complex regulatory issues that, if left unresolved, could impede the orderly growth and sustained economic development of the state.
- To ensure that any regulatory reform solutions designed to support economic benefits to the state also ensure continued protection of the environment, the health, and the safety of our citizens.

The Executive Order also created the Governor's Task Force on Regulatory Reform, composed of representatives from a cross-section of state citizens and interest groups. The task force established three subcommittees to address the major issue areas set forth in the executive order and made its interim recommendation in its December, 1993 report. The task force made its final recommendations in December, 1994.

Although this bill was not originally based on the task force recommendations, in its final form it has adopted many elements consistent with those recommendations, and I would like to applaud the legislature for incorporating those recommendations.

I want to focus first on the very significant positive steps in regulatory reform that are included in this bill. This bill represents what I hope will be meaningful change in the regulatory environment. At the same time, I believe that it meets the goals I set out when I established the task force: to establish long-term solutions to complex regulatory issues and to ensure that regulatory reform solutions ensure continued protection of the environment, the health, and the safety of our citizens.

I am signing the provisions of section 201 establishing new rule adoption criteria. These criteria were developed by the task force. The application of these criteria to the significant legislative rules of nine major agencies will result in detailed analyses of important factors in agency rulemaking. There are several changes made from the task force recommendations. The task force would have applied these criteria to a limited set of rules for a small number of agencies. It also established a sunset date to assure that the legislature would review these criteria and would determine their effectiveness. This bill expands both the rules and the agencies which must comply with these procedures. There is no sunset on these criteria, but I am hopeful that the legislature will evaluate the impact of these criteria over time. The Office of Financial Management will be reviewing and reporting to the governor and to the legislature on the impact of this section which will allow us to monitor its effects. I also have some reservations regarding the impact of this section in that these procedures may not result in better rules, but only in more litigation. However, I think we must go ahead and implement this section and all work together to make sure that this process does result in better rulemaking—not more delay and confusion.
