CHAPTER 2

[Initiative Measure No. 97]

HAZARDOUS WASTE CLEAN UP

AN ACT Relating to the environment; amending RCW 43.21B.310; adding a new chapter to Title 70 RCW; adding a new chapter to Title 82 RCW; adding a new section to chapter 70.105 RCW; adding a new section to chapter 70.105A RCW; adding a new section to chapter 90.48 RCW; creating new sections; repealing RCW 90.48.460; prescribing penalties; and providing an effective date.

Be it enacted by the People of the State of Washington:

NEW SECTION. Sec. 1. **DECLARATION OF POLICY.** (1) Each person has a fundamental and inalienable right to a healthful environment, and each person has a responsibility to preserve and enhance that right. The beneficial stewardship of the land, air, and waters of the state is a solemn obligation of the present generation for the benefit of future generations.

(2) A healthful environment is now threatened by the irresponsible use and disposal of hazardous substances. There are hundreds of hazardous waste sites in this state, and more will be created if current waste practices continue. Hazardous waste sites threaten the state's water resources, including those used for public drinking water. Many of our municipal landfills are current or potential hazardous waste sites and present serious threats to human health and environment. The costs of eliminating these threats in many cases are beyond the financial means of our local governments and ratepayers. The main purpose of this act is to raise sufficient funds to clean up all hazardous waste sites and to prevent the creation of future hazards due to improper disposal of toxic wastes into the state's land and waters.

(3) Many farmers and small business owners who have followed the law with respect to their uses of pesticides and other chemicals nonetheless may face devastating economic consequences because their uses have contaminated the environment or the water supplies of their neighbors. With a source of funds, the state may assist these farmers and business owners, as well as those persons who sustain damages, such as the loss of their drinking water supplies, as a result of the contamination.

(4) Because it is often difficult or impossible to allocate responsibility among persons liable for hazardous waste sites and because it is essential
