**\*NEW SECTION.** Sec. 1. (1) A budget is hereby adopted and, subject to the provisions set forth in the following sections, the several amounts specified in the following sections, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for salaries, wages, and other expenses of the agencies and offices of the state and for other specified purposes for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989, except as otherwise provided, out of the several funds of the state hereinafter named.

(2) Unless the context clearly requires otherwise, the definitions in this section apply throughout this act.

(a) "Fiscal year 1988" or "FY 1988" means the fiscal year ending June 30, 1988.

(b) "Fiscal year 1989" or "FY 1989" means the fiscal year ending June 30, 1989.

(c) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose which is unnecessary to fulfill the specified purpose shall revert.

(d) "Revert" or "lapse" means the amount shall return to an unappropriated status.

(e) "FTE" means full time equivalent.

(3) Agencies receiving appropriations under this act shall not initiate any services that will require expenditure of state general fund moneys except as expressly authorized in this act unless the services were provided on March 1, 1987. Agencies may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act and, in the case of unanticipated unrestricted federal moneys, as long as an equal amount of appropriated state general fund moneys is placed in a reserve status. Unrestricted federal moneys shall be used, to the maximum extent permitted under federal law, to replace state general fund moneys appropriated under this act for the biennium ending June 30, 1989. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on explicitly defined projects or matched on a formula basis by state funds.

(4) The legislature intends to establish a contingency fund of \$100,000,000 in the 1988 legislative session through cost reductions and efficiencies in state government agencies. The Washington state commission for efficiency and accountability in government, established under Substitute House Bill No. 833, shall report to the legislature no later than December 31, 1987, with recommendations identifying savings in state government general funds. ## POINT OF INQUIRY

Senator Rasmussen: "Senator Kreidler, have these people received a raise this year? It seems to me that we gave some people a raise March 1--a five percent raise. Did these people get a five or a four percent, I think?"

Senator Kreidler: "Senator Rasmussen, the issue before us is the fact that the salary survey shows that they're seventeen percent behind as of July 1, 1987. We have a salary specification in here of six percent that would take place, three percent on January 1, 1988 and another three percent on January 1, 1989. It seems entirely appropriate, rather than allowing a small pittance to take place at the late date, that we at least allow it to take place at a more appropriate time."

Senator Rasmussen: "I was listening closely and I don't think you answered my question as to whether these people had already received a five percent raise this year? You don't know, Senator Kreidler?"

Senator Kreidler: "I am not sure when they received their last salary increase. What we are looking at is the fact that they are seventeen percent behind, Senator Rasmussen."

Senator Rasmussen: "I heard that."

Senator Kreidler: "That is the figure that's in front of us. I don't understand the direction your question takes. I have a feeling you know the answer to the question and you have a rhetorical reply which I won't deny you the opportunity to address us with at this time."

On page 102, line 32, strike "4,000,000" and insert "1,100,000"

On page 103, beginning on line 2, strike all material down to and including line 29 and insert the following:

"(1) The legislature finds that present owners of lands formerly lying beneath the navigable rivers of this state are unable to bring suit against Indian tribes which have asserted claims that the original title of the state to such lands is invalid. As a result, a cloud on title exists that has rendered it impossible for the present owners either to sell their property or to improve it.

(2)(a) The state may reinsure any company qualified to transact title insurance business in this state with respect to title insurance policies issued after the effective date of this subsection to any person, which guarantee or insure, in whole or in part, title to lands formerly lying beneath navigable rivers of this state against any claim of an ownership interest in or to such property derived from the claimant's status as a federally recognized Indian tribe or membership in such tribe. The additional reinsurance premium charged the insured shall not exceed a maximum of twenty-five percent more than the applicable rate shown on the schedule of premium rates then in effect for such title insurer.

(b) A reinsurance fund shall be created to enable the state risk manager to carry out the provisions of this subsection. Moneys appropriated in this section and all moneys received from premiums or other recoveries shall be deposited to the credit of the reinsurance fund. Payment of losses, settlements, judgments and any liabilities incurred by the state under this subsection shall be made from the fund. The risk manager may deposit, invest, or reinvest all or any part of the fund as public funds in a qualified investment depository as provided in chapter 39.50 RCW. Interest and benefits accruing from such deposits or investments shall be to the credit of the fund.

(c) In addition to the administration of this subsection, the risk manager may adopt such rules as may be needed to carry out the purposes of this subsection. The risk manager may adjust and pay losses, compromise, and settle claims, and pay the amount of any judgment rendered against the state in any suit or the amount of any settlement agreed upon in respect of any claim under insurance authorized by this subsection. The risk manager may fix, adjust, and change the amounts insured and, subject to the maximum additional rate provided in (a) of this subsection, may change the rates or premium provided for in this section.

(d) The risk manager may appoint and prescribe the duties of such number of experts in title insurance as the risk manager deems necessary under this subsection.

(e) This subsection shall take effect April 1, 1988.

(3) The department of community development is directed to conduct a study of the tax revenue and economic impact of Indian tribal claims on tidelands, former tidelands, and lands formerly lying beneath the navigable waters of this state. Such study shall assess, among other things, the direct and indirect impacts of such claims on employment in the state, investment in the state's economy, and tax revenues to the state and local governments. In addition, such study may propose alternative measures to alleviate the tax revenue and economic impacts identified above. The results of such study shall be submitted to the legislature in writing no later than December 1, 1987.

(4) The governor shall transfer \$100,000 of this appropriation to the department of community development to conduct the study required under subsection (3) of this section. The governor shall transfer the remainder of this appropriation to the department of general administration to carry out the purposes of subsection (2) of this section.

(5) This appropriation, and the reinsurance program created under this section, shall not be construed as an acknowledgment of any liability whatever on the part of the state with respect to tribal claims."

Debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, how much money does this provide?"

Senator Talmadge: "Senator, it provides 1.1 million dollars. \$100,000 to the Department of Community Development to do a study of the navigable river claims and also the shoreland and tideland claims that pertain to other Indian land claims. It also appropriates a million dollars for a reinsurance program, so that the state will reinsure the title of peoples' property so that people can freely transfer their property and sell it. The problem for those people in the Puyallup River Valley right now is that they can't transfer the property because nobody will insure the title, contrary to what Senator von Reichbauer displaying his knowledge of title insurance, might have said. The fact of the matter is that the people can't transfer the title of the property. This would permit them to do this by having the state reinsure the title."

Senator Rasmussen: "The title insurance that they have on their property now is good? The title insurance company will have to guarantee up to that amount that they already have?"

Senator Talmadge: "The state, in effect, would guarantee or reinsure the title insurance companies' assessment of the title to the property held by those people."

Further debate ensued.

The President declared the question before the Senate to be adoption of the amendments by Senator Talmadge to the amendment by Senators Owen and McDonald.

The motion by Senator Talmadge failed and the amendments to the amendment were not adopted on a rising vote.

#### POINT OF INQUIRY

Senator McDonald: "Senator Talmadge, I believe we had a few differences on whether this would be a good idea, the amendment that just failed, but I wanted to get on the record the fact that one of the concerns you raised about the admission

of any liability. It was certainly not my intent to admit any kind of guilt as far as the state and in what we have in the legislation here. As far as you, as chairman of the Judiciary Committee, I wonder if you would have any comments on that?"

Senator Talmadge: "Senator, one of the first things they teach in civil procedure in law school is that you never ask a question you don't know the answer to. The answer to your question is, I don't believe the state has any liability, but for your admission of liability in this budget bill. I think you have successfully admitted liability on the part of the state of Washington for Indian land claims in the Puyallup River Valley by virtue of the language found on page 103, lines 3 through 6, of this budget document that you put together. That is the reason I offered the amendment that was rejected. I don't believe you had liability until you started to work on the budget with this language of admission of liability contained therein."

STATEMENT FOR THE JOURNAL  
BY SENATOR BOTTIGER

Pursuant to Rule 34, I make this statement regarding the Indian Land Claims provisions of Engrossed Substitute House Bill No. 1221.

In my many years as a practicing attorney in our state, I have never found that the settlement of a lawsuit conferred liability on one party or another unless the settlement explicitly stated there was liability. Section 705 of Engrossed Substitute House Bill No. 1221 does not explicitly confer liability on any party involved in the land claims.

I, therefore, do not believe that the language found in Section 705 admits any liability on the part of our state government regarding the claims of the Puyallup Indian tribe. Section 705 does grant the Governor authority to settle land claims, but does not admit to any liability. I protest any implications of such liability which may have arisen during the debate regarding Section 705 of Engrossed Substitute House Bill No. 1221.

STATEMENT FOR THE JOURNAL  
BY SENATOR HAYNER  
Pursuant to Senate Rule 34

It is patently clear that the action of this body as expressed in Section 705 of Engrossed Substitute House Bill No. 1221, as amended by the Senate, can in no way effect the existence of legal responsibilities of the state of Washington which may or may not exist due to facts or relationships which exist or took place approximately one century prior to this action by this body.

Statements by members of this body to the contrary do not reflect the intent of the drafters of this language nor is it the intent of the Senate that the state of Washington assume any legal liability or responsibility for claims of any individual, organization or Indian tribe.

STATEMENT FOR THE JOURNAL  
FROM SENATOR GASPARD

Pursuant to Rule 34, I submit the following statement regarding the Indian Land Claims provisions of Engrossed Substitute House Bill No. 1221.

Honorable Marcus Gaspard  
State Senator, 25th District  
408-A Legislative Building  
Olympia, Washington 98504

RE: Appropriation to the Governor for Indian Claims

Dear Senator Gaspard:

The appropriation approved by the Senate on May 14, 1987, (Senate Amendment to ESHB 1221) provided in Section 705 a \$4,000,000 appropriation to the Governor (1) to seek to settle by June 30, 1988, claims of the Puyallup Indian Tribe to lands formerly lying beneath the Puyallup River; (2) if the claims are not settled, then after July 1, 1988, to offer to purchase such lands at a market value not influenced by the tribal claims; (3) to provide \$100,000 for the Department of Community Development to conduct a study of other Indian claims.

You indicated that during the course of the Senate debate on this measure some comments were made to the effect that this section could be construed as an admission by the state of Washington as to the validity of the claims and/or, if such claims are valid, an admission of liability by the state of Washington for the consequences of such tribal claims. I find nothing to support either conclusion in the language of this section.

What precipitates this legislative proposal is the existence of land claims being asserted by the Puyallup Tribe which have cast a pall over land titles; and this creates adverse effects on the state's economy in that area. There has been a court decision involving tribal claims to the old Puyallup riverbed. The Federal Court of Appeals, in Puyallup Indian Tribe v. Port of Tacoma, 717 F.2d 1251 (9th Cir. 1983), concluded that the tribal claims were superior to those of the Port of Tacoma with respect to approximately twelve acres of land which had previously formed part of the bed of the Puyallup River. The question was not presented and therefore the court did not rule upon the tribal claims viz. a viz. the state or other property owners.

We turn to the particular provision included in the appropriation act. First, the funds made available to settle the claims can include direct payment by the state to the Tribe. It is possible that the comments made in the Senate did not recognize that state funds can be transferred to Tribes without there being any consideration. The State Supreme Court held in Anderson v. O'Brien, 84 Wn.2d 64 (1974), that the state constitutional restrictions upon gifts in Article VIII, section 5, are not applicable to transactions between the state and Tribes. Thus, the authorization for the state to seek a settlement could include direct payments to the Tribe and is not an acknowledgement of any state legal responsibility to make such payments. Nor is this an acknowledgement by the state that the tribal claims might be held superior to other landowners of the remaining 88 acres of the old riverbed. Nor does this reflect any admission that the claims of the Tribe might be superior to those of the state for such lands, an issue not addressed in the Port of Tacoma case.

If no settlement is effectuated by June 30, 1988, then the state is under this provision to offer to purchase land from individuals and entities which now hold lands which were previously part of the riverbed of the Puyallup River. This purchase option is again not an admission of any liability by the state or acknowledgement that it is in any way responsible to current owners if Indian tribal claims are pursued and prevail.

The third element which calls for a study by the Office of Community Development is certainly no acknowledgement of any liability by the state by simply authorizing a study.

I trust the foregoing answers your inquiry. If there is a need for further information, I would be happy to supply the same.

Very truly yours,

EDWARD B. MACKIE, Chief Deputy Attorney General

WHEREAS, These employees who are not residents of these states impose no tax burden on the states through which they travel; and

WHEREAS, The employers of these nonresidents are common carriers which pay a substantial share of state and local taxes in the states in which they operate, such as fuel taxes and registration fees, and various other excise and property taxes, to cover the cost of governmental services from which they benefit while present in the state; and

#### APPOINTMENT OF CONFERENCE COMMITTEE

The President appointed as members of the Conference Committee on Engrossed Substitute House Bill No. 1221 and the Senate amendments thereon: Senators McDermott, McDonald and Hansen.

#### MOTION

On motion of Senator Bottiger, the Conference Committee appointments were confirmed.

#### PARLIAMENTARY INQUIRY

Senator Newhouse: "Mr. President, did you misread a name?"

#### REPLY BY THE PRESIDENT

President Cherberg: "No, sir. My job is to reflect as many areas of thought as possible to join a conference committee and you know that is the rule."

#### PERSONAL PRIVILEGE

Senator Newhouse: "Mr. President, a point of personal privilege. I must say that I think we have been subjected to the most severe double cross that I have seen in the halls of the Legislature. We were told that we were to have two conferees on the budget from the majority side of the budget. That has not happened. I would not like to challenge the action of the chair and I want to respect your long years in office, but I must say that that trust has been broken. You have put two from the minority side of the issue on the Conference Committee and the majority side has only one and I think that's a breach of trust."

#### REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President. Senator Newhouse, I know how strongly you feel on that, but that's just not accurate. Senator Hansen voted for the budget. The rules and the customs of the Senate require that there be two from the positive and one from the negative. You put up two names. I put up one. The Lieutenant Governor found that that did not cover the three, in effect, sections or factions of the Senate on this issue and selected a name from the third. The five Democrats that voted

for the budget selected one. He called me by phone and indicated that he was going to do that and that had been the precedence of the Senate.

"I've run into this problem twice this session where he did not appoint the name I sent up there, because he did not feel that matched the debate and the interest on the floor of the Senate. I am sorry you feel that way. The purpose of a Conference Committee is to bring all sides together, not just two sides."

#### MOTIONS

On motion of Senator Vognild, the Senate advanced to the seventh order of business.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5901, deferred on second reading, earlier today.

#### RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the inquiry raised by Senator Talmadge, the President finds that Substitute Senate Bill No. 5901 is a measure expanding the borrowing power of the Washington State Convention and Trade Center, increasing the leasing capacity of the Center's board, directing the Joint Select Committee on the Convention Center to consider alternative governance systems and appropriating \$63,040,000 to the board from the State Convention Center account.

"The President further finds that the borrowing is from excess balances in the state treasury and, therefore, is not a contracting of debt.

"The President, therefore, believes that Substitute Senate Bill No. 5901 does not require a favorable vote of three-fifths of the members elected to the Senate, but does require a constitutional majority of twenty-five votes."

#### MOTION

Senator Tanner moved that the following amendment be adopted:

## THIRD READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5086, by Committee on Ways and Means (originally sponsored by Senators Halsan, Talmadge, Moore, Stratton and Gaspard)

Revising provisions on community supervision.

## MOTIONS

On motion of Senator Halsan, the rules were suspended, Engrossed Second Substitute Senate Bill No. 5086 was returned to second reading and read the second time.

On motion of Senator Halsan, the following amendment by Senators Halsan, Talmadge, Nelson and Smitherman was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 3, chapter 137, Laws of 1981 as last amended by section 17, chapter 257, Laws of 1986 and RCW 9.94A.030 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Commission" means the sentencing guidelines commission.

(2) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(3) "Community custody" is that portion of an offender's community placement that represents the amount of early release time an offender earns in partial or total confinement.

(4) "Community placement" is a department of corrections program designed to intensely monitor offenders convicted of any sex offense or offense categorized as seriousness level VII or greater under RCW 9.94A.320, following transfer from partial or total confinement. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two depending on the amount of early release time an offender earns in partial or total confinement. Community placement shall not exceed one year following transfer from partial or total confinement to community custody or direct placement upon postrelease supervision from partial or total confinement. However, community custody may exceed one year in the case of a sex offender who completes his or her treatment program under RCW 9.94A.120(7)(b) before the expiration of the term of confinement.

(5) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender. For purposes of the interstate compact for out of state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

((4)) (6) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed pursuant to this chapter by a court. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5).

((5)) (7) "Confinement" means total or partial confinement as defined in this section.

((6)) (8) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

((7)) (9) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

((8)) (10) (a) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) "Criminal history" includes a defendant's prior convictions in juvenile court if: (i) the conviction was for an offense which is a felony and is criminal history as defined in RCW 13.40.020(6)(a); (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) with respect to prior juvenile class B and C felonies, the defendant was less than twenty-three years of age at the time the offense for which he or she is being sentenced was committed.

((9)) (11) "Department" means the department of corrections.

((10)) (12) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a fine or restitution. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

((11)) (13) "Drug offense" means any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.401(d)) or forged prescription for a controlled substance (RCW 69.50.403).

((12)) (14) "Escape" means escape in the first degree (RCW 9A.76.110), escape in the second degree (RCW 9A.76.120), wilful failure to return from furlough (RCW 72.66.060), or wilful failure to return from work release (RCW 72.65.070).

((13)) (15) "Felony traffic offense" means vehicular homicide (RCW 46.61.520), vehicular assault (RCW 46.61.522), or felony hit-and-run injury-accident (RCW 46.52.020(4)).

((14)) (16) "Fines" means the requirement that the offender pay a specific sum of money over a specific period of time to the court.

((15)) (17) (a) "First-time offender" means any person who is convicted of a felony not classified as a violent offense or a sex offense under this chapter, and except as provided in (b) of this subsection, who previously has never been convicted of a felony in this state, federal court, or another state, and who has never participated in a program of deferred prosecution for a felony offense.

(b) For purposes of (a) of this subsection, a juvenile adjudication for an offense committed before the age of fifteen years is not a previous felony conviction.

((16)) (18) "Nonviolent offense" means an offense which is not a violent offense.

((17)) (19) "Offender" means a person who has committed a felony established by state law and is eighteen years of age or older or is less than eighteen years of age but whose case

has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110. Throughout this chapter, the terms "offender" and "defendant" are used interchangeably.

((10)) (20) "Partial confinement" means confinement for no more than one year in a facility or institution operated or utilized under contract by the state or any other unit of government, for a substantial portion of each day with the balance of the day spent in the community.

(21) "Postrelease supervision" is that portion of an offender's community placement in excess of the amount of early release time an offender has earned in partial or total confinement which has been served in community custody. Community custody and postrelease supervision shall not exceed one year in the aggregate from the offender's release from partial or total confinement.

((19)) (22) "Restitution" means the requirement that the offender pay a specific sum of money over a specific period of time to the court as payment of damages. The sum may include both public and private costs. The imposition of a restitution order does not preclude civil redress.

((20)) (23) "Serious traffic offense" means driving while intoxicated (RCW 46.61.502), actual physical control while intoxicated (RCW 46.61.504), reckless driving (RCW 46.61.500), or hit-and-run an attended vehicle (RCW 46.52.020(5)).

((21)) (24) "Serious violent offense" is a subcategory of violent offense and means murder in the first degree, murder in the second degree, assault in the first degree, kidnapping in the first degree, or rape in the first degree, or an attempt, criminal solicitation, or criminal conspiracy to commit one of these felonies.

((22)) (25) "Sentence range" means the sentencing court's discretionary range in imposing a nonappealable sentence.

((23)) (26) "Sex offense" means a felony that is a violation of chapter 9A.44 RCW or RCW 9A.64.020 or 9.68A.090 or that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit such crimes.

((24)) (27) "Total confinement" means confinement inside the physical boundaries of a facility or institution operated or utilized under contract by the state or any other unit of government for twenty-four hours a day, or pursuant to RCW 72.64.050 and 72.64.060.

((25)) (28) "Victim" means any person who has sustained physical or financial injury to person or property as a direct result of the crime charged.

((26)) (29) "Violent offense" means:

(a) Any of the following felonies, as now existing or hereafter amended: Any felony defined under any law as a class A felony or an attempt to commit a class A felony, criminal solicitation or criminal conspiracy to commit a class A felony, manslaughter in the first degree, manslaughter in the second degree, indecent liberties if committed by forcible compulsion, rape in the second degree, kidnapping in the second degree, arson in the second degree, assault in the second degree, extortion in the first degree, robbery in the second degree, vehicular homicide, and vehicular assault;

(b) Any conviction for a felony offense in effect at any time prior to July 1, 1976, that is comparable to a felony classified as a violent offense in (a) of this subsection ((26)(a) of this section); and

(c) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a violent offense under (a) or (b) of this subsection ((26)(a) or (b) of this section).

Sec. 2. Section 12, chapter 137, Laws of 1981 as last amended by section 20, chapter 257, Laws of 1986 and by section 4, chapter 301, Laws of 1986 and RCW 9.94A.120 are each reenacted and amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (5), and (7) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than three years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum three year term except for the purpose of commitment to an inpatient treatment facility.

The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay a fine and/or accomplish some community service work.

(6) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or a fine. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7) (a) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.040 or RCW 9A.44.050 and has no prior convictions for a sex offense or any other felony sexual offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

After receipt of the reports, the court shall then determine whether the offender and the community will benefit from use of this special sexual offender sentencing alternative. If the court determines that both the offender and the community will benefit from use of this provision, the court shall then impose a sentence within the sentence range and, if this sentence is less than six years of confinement, the court may suspend the execution of the sentence and place the offender on community supervision for up to two years. As a condition of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment;

(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer ~~((of))~~ prior to any change in the offender's address or employment;

(iv) Report as directed to the court and a community corrections officer;

(v) Pay a fine, accomplish some community service work, or any combination thereof; ~~((or))~~

(vi) Make reparation to the victim for the cost of any counseling required as a result of the offender's crime; or

(vii) Refrain from committing violent offenses, offenses involving a deadly weapon, and any felony violation of the uniform controlled substances act.

If the offender violates these sentence conditions the court may revoke the suspension and order execution of the sentence. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(b) When an offender ~~((is convicted of))~~ commits any felony sexual offense on or after July 1, 1987, and is sentenced ~~((on or after July 1, 1987;))~~ to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

If the offender completes the treatment program before the expiration of his term of confinement, the department of corrections may request the court to convert the balance of confinement to community ~~((supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:~~

~~(i) Devote time to a specific employment or occupation;~~

~~(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender's address or employment;~~

~~(iii) Report as directed to the court and a community corrections officer;~~

~~(iv) Undergo available outpatient treatment)) custody with the same conditions as placed on the offender by the court at the original imposition of sentence pursuant to subsection (8)(b) of this section.~~

If the offender violates any of the terms of community ~~((supervision)) custody, the ((court)) department may order the offender to serve ((out the balance of his community supervision term in confinement in the custody of the department of corrections)) a maximum of sixty days for each violation in partial or total confinement not to exceed the total period of community placement.~~

Nothing in (b) of this subsection shall confer eligibility for such programs for offenders convicted and sentenced for a sexual offense committed prior to July 1, 1987.

After June 30, 1993, (b) of this subsection shall cease to have effect.

~~((c) Whenever a court sentences a person convicted of a sex offense committed after July 1, 1986, to a term of confinement of more than one year, including a sentence under (b) of this subsection, the court may also order, in addition to the other terms of the sentence, that the offender, upon release from confinement, serve up to two years of community supervision. The conditions of supervision shall be limited to:~~

~~(i) Crime-related provisions;~~

~~(ii) A requirement that the offender report to a community corrections officer at regular intervals; and~~

~~(iii) A requirement to remain within or without stated geographical boundaries.~~

~~The length and conditions of supervision shall be set by the court at the time of sentencing. However, within thirty days prior to release from confinement and throughout the period of supervision, the length and conditions of supervision may be modified by the sentencing court, upon motion of the department of corrections, the offender, or the prosecuting attorney. The period of supervision shall be tolled during any time the offender is in confinement for any reason. In no case may the period of supervision, in combination with the other terms of the offender's sentence, exceed the statutory maximum term for the offender's crime, as set forth in RCW 9A.20.021.~~

~~If the offender violates any condition of supervision, the sentencing court, after a hearing conducted in the same manner as provided for in RCW 9.94A.200, may order the offender to be confined for up to sixty days in the county jail at state expense from funds provided for this purpose to the department of corrections. Reimbursement rates for such purposes shall be established based on a formula determined by the office of financial management and reestablished each even-numbered year. An offender may be held in jail at state expense pending the hearing, and any time served while awaiting the hearing shall be credited against confinement imposed for a violation. Even after the period of supervision has expired, an offender may be confined for a violation occurring during the period of supervision. The court shall retain jurisdiction for the purpose of holding the violation hearing and imposing a sanction.))~~

~~(8)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for a sex offense, committed on or after July 1, 1987, or an offense categorized as seriousness level VII or greater under RCW 9.94A.320, committed on or after July 1, 1988, the court shall order that the offender shall be transferred from confinement to community custody when the offender is eligible for community custody status in lieu of earned early release time pursuant to RCW 9.94A.150(1), as computed by the department of corrections. An offender shall be released from community custody after serving the total sentence imposed by the court or one year, whichever is less, and shall thereafter be placed on postrelease supervision for the balance of the offender's community placement.~~

~~(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for a sex offense, committed on or after July 1, 1987, or an offense categorized as seriousness level VII or greater under RCW 9.94A.320, committed on or after July 1, 1988, unless a condition is waived by the court, the sentence shall include, in addition to the other terms of the sentence, the following conditions regarding the community custody program of the department of corrections:~~

~~(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;~~

~~(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;~~

~~(iii) The offender shall not consume or possess controlled substances; and~~

~~(iv) The offender shall pay community custody fees as determined by the department of corrections.~~

~~(c) The court may also order any of the following special conditions:~~

~~(i) The offender shall remain within, or outside of, a specified geographical boundary;~~

~~(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;~~

~~(iii) The offender shall participate in treatment or counseling services;~~

~~(iv) The offender shall not consume alcohol;~~

(v) The residence location and living arrangements of a sex offender shall be subject to the prior approval of the department of corrections; or

(vi) The offender shall comply with any crime-related prohibitions.

(d) Within thirty days prior to release from confinement and throughout the period of community placement, the conditions of supervision may be modified by the sentencing court, upon motion of the offender or the prosecuting attorney.

(9) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

~~((9))~~ (10) If a sentence imposed includes a fine or restitution, the sentence shall specify a reasonable manner and time in which the fine or restitution shall be paid. In any sentence under this chapter the court may also require the offender to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary (a) to pay court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required, (b) to make recoupment of the cost of defense attorney's fees if counsel is provided at public expense, (c) to contribute to a county or interlocal drug fund, and (d) to make such other payments as provided by law. All monetary payments shall be ordered paid by no later than ten years after the date of the ~~(judgment of conviction)~~ sentence. The offender's compliance with payment of monetary obligations shall be supervised by the department. The rate of payment shall be determined by the court or, in the absence of a rate determined by the court, the rate shall be set by the department.

An offender's default in the payment of restitution, fines, and other monetary obligations imposed under this chapter, or any installment thereof, may be collected by any means authorized by law for the enforcement of a judgment. Judgments for monetary obligations under this chapter are and may be made liens upon the property of the offender in the same manner and with like effect as judgments in civil actions.

~~((10))~~ (11) Except as provided under RCW 9.94A.140(1), a court may not impose a sentence providing for a term of confinement or community supervision which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

~~((11))~~ (12) All offenders sentenced to terms involving community supervision, community service, ~~(restitution, or fines)~~ or court imposed monetary obligations shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow implicitly the instructions of the secretary ~~(including)~~ related to reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, ~~(and)~~ notifying the community corrections officer ~~(of)~~ prior to any change in the offender's address or employment, refraining from committing violent offenses, offenses involving a deadly weapon, and any felony violation of the uniform controlled substances act, and such other instructions that allow for the monitoring of court-imposed conditions.

~~((12))~~ (13) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

~~((13))~~ (14) A departure from the standards in RCW 9.94A.400(1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210(2) through (6).

~~((14))~~ (15) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

Sec. 3. Section 15, chapter 137, Laws of 1981 as last amended by section 8, chapter 209, Laws of 1984 and RCW 9.94A.150 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except for persons convicted of a sex offense or an offense categorized as seriousness level VII or greater under RCW 9.94A.320, the terms of the sentence may be reduced by earned early release time in accordance with procedures developed and promulgated by the department. The earned early release time shall be for good behavior and good performance, as determined by the department. In no case shall the aggregate earned early release time exceed one-third of the sentence. Persons convicted of a sex offense or an offense categorized as seriousness level VII or greater under RCW 9.94A.320 may become eligible for community custody in lieu of earned early release time in accordance with the program developed and promulgated by the department;

(2) When a person convicted of a sex offense or an offense categorized as seriousness level VII or greater under RCW 9.94A.320 is eligible for transfer to community custody status in lieu of

earned early release time pursuant to RCW 9.94A.150(1), as computed by the department of corrections, the offender shall be transferred from confinement to community custody.

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers:

~~((3))~~ (4) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances:

~~((4))~~ ~~(If the sentence of confinement is in excess of twelve months but not in excess of three years:)~~ (5) No more than the final ~~((three))~~ six months of the sentence may be served in partial confinement designed to aid the qualified offender, as determined by the department of corrections, in finding work and reestablishing him or herself in the community ~~((If the sentence of confinement is in excess of three years, no more than the final six months of the sentence may be served in such partial confinement))~~:

~~((5))~~ (6) The governor may pardon any offender:

~~((6))~~ (7) The department of corrections may release an offender from confinement any time within ten days before a release date calculated under this section; and

~~((7))~~ (8) An offender may leave a correctional facility prior to completion of his sentence if the sentence has been reduced as provided in RCW 9.94A.160.

NEW SECTION. Sec. 4. A new section is added to chapter 9.94A RCW to read as follows:

If an offender violates any condition or requirement of community custody, the department may impose sanctions. If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before sanctions may be imposed. The department shall promulgate rules governing such hearing procedures and sanctions. Detention of an offender pursuant to section 5 of this act shall not be considered a sanction.

NEW SECTION. Sec. 5. A new section is added to chapter 9.94A RCW to read as follows:

(1) The secretary may issue warrants for the arrest of any offender who violates a condition of community custody. The arrest warrants shall authorize any law enforcement or peace officer or community corrections officer of this state or any other state where such offender may be located, to arrest the offender and place him or her in total confinement pending return to confinement in a state correctional institution. The department shall compensate the local jurisdiction at the office of financial management's adjudicated rate, in accordance with RCW 70.48.440. A community corrections officer, if he or she has reasonable cause to believe an offender in community custody has violated a condition of community custody, may suspend the person's community custody status and arrest or cause the arrest and detention in total confinement of the offender in a state facility, pending the determination of the secretary as to whether the violation has occurred. The community corrections officer shall report to the secretary all facts and circumstances and the reasons for the action of suspending community custody status.

(2) Inmates, as defined in RCW 72.09.020, who have been transferred to community custody and who are detained in a local correctional facility are the financial responsibility of the department of corrections. The community custody inmate shall be removed from the local correctional facility not later than eight days, excluding weekends and holidays, following admittance to the local correctional facility and notification that the inmate is available for movement to a state correctional institution. However, if good cause is shown, the department may negotiate with local correctional authorities for an additional period of detention.

NEW SECTION. Sec. 6. A new section is added to chapter 72.09 RCW to read as follows:

An offender in community custody who wilfully fails to report to the assigned community corrections officer at the time specified by the department of corrections shall be deemed an escapee and fugitive from justice, and upon conviction shall be guilty of a class C felony under chapter 9A.20 RCW.

Sec. 7. Section 7, chapter 136, Laws of 1981 and RCW 72.09.020 are each amended to read as follows:

For purposes of this chapter, "inmate" means any person committed to the custody of the department, including but not limited to persons residing in a correctional institution or facility and persons released on furlough ~~((or))~~, work release, or community custody.

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

If the offender violates any condition of postrelease supervision, a hearing may be conducted in the same manner as provided in RCW 9.94A.200. Jurisdiction shall be with the court of the county in which the offender was sentenced. However, the court may order a change of venue to the offender's county of residence or where the violation occurred, for the purpose of holding a violation hearing. The district courts shall have concurrent jurisdiction with the superior courts after a certified copy of the judgment and sentence is filed.

After the hearing, the court may order the offender to be confined for up to sixty days in the county jail, the first thirty of which shall be at state expense from funds provided for this purpose to the department of corrections, and the second thirty of which, together with costs of

indigent defense, shall be at county expense. Reasonable reimbursement rates for such purposes shall be established based on a formula determined by the office of financial management and reestablished each even-numbered year. An offender may be held in jail at state expense pending the hearing, and any time served while awaiting the hearing shall be credited against confinement imposed for a violation. Even after the period of supervision or conditions has expired, an offender may be confined for a violation occurring during the period of supervision or conditions if the petition to revoke is filed within the period of supervision or seven days thereafter. The court shall retain jurisdiction for the purpose of holding the violation hearing and imposing a sanction.

Sec. 9. Section 17, chapter 137, Laws of 1981 and RCW 9.94A.170 are each amended to read as follows:

(1) A term of confinement ordered in a sentence pursuant to this chapter shall be tolled by any period of time during which the offender has absented him or herself from ((supervision)) confinement without the prior approval of the entity in whose custody the offender has been placed.

(2) The period of community placement shall be tolled during any period of time the offender is in confinement for any reason. However, if an offender is detained pursuant to section 5 of this 1987 act and is later found not to have violated a condition or requirement of community placement, time spent in total confinement due to such detention shall not toll the period of community placement. The period of community placement shall be tolled by any period of time during which the offender has absented himself or herself from monitoring without prior approval of the entity under whose supervision the offender has been placed. For the period of a sentence during which an offender is placed in community placement, the date for the tolling of the sentence shall be established by the department of corrections.

(3) For confinement sentences, the date for the tolling of the sentence shall be established by the entity responsible for the confinement. For sentences involving supervision, the date for the tolling of the sentence shall be established by the court, based on reports from the entity responsible for the supervision.

**NEW SECTION, Sec. 10.** A new section is added to chapter 72.09 RCW to read as follows:

The state of Washington, the department, community corrections officers, their staff, and volunteers who assist community corrections officers in the community placement program are not liable for civil damages resulting from any act or omission in the rendering of community placement monitoring activities, other than acts or omissions constituting gross negligence or wilful or wanton misconduct. For purposes of this section, "volunteers" is defined according to RCW 51.12.035.

Sec. 11. Section 20, chapter 137, Laws of 1981 as amended by section 12, chapter 209, Laws of 1984 and RCW 9.94A.200 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the requirements or conditions of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed sixty days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community service obligation to total or partial confinement, or (iii) convert monetary obligations, except restitution and the crime victim penalty assessment, to community service hours at the rate of the state minimum wage for each hour of community service. Any time served in confinement awaiting a hearing on non-compliance shall be credited against any confinement order by the court. Any confinement served as a violation for committing new offenses shall be credited towards the confinement imposed for the new conviction and shall not exceed sixty days or the term of confinement for the new conviction; and

(c) If the court finds that the violation was not willful, the court may modify its previous order regarding payment of fines or other monetary payments and regarding community service obligations.

(3) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 12. Section 7, chapter 115, Laws of 1983 as last amended by section 25, chapter 257, Laws of 1986 and RCW 9.94A.360 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules, partially summarized in Table 3, RCW 9.94A.330, are as follows:

The offender score is the sum of points accrued under subsections (1) through ~~((1+4))~~ (15) of this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on

the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Except as provided in subsections (3) and (13) of this section, class A prior felony convictions shall always be included in the offender score. Class B prior felony convictions shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without being convicted of any felonies. Class C prior felony convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without being convicted of any felonies. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without being convicted of any serious traffic or felony traffic offenses. This subsection applies to both adult and juvenile prior convictions. Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law.

(3) Include class A juvenile felonies only if the offender was 15 or older at the time the juvenile offense was committed. Include class B and C juvenile felony convictions only if the offender was 15 or older at the time the juvenile offense was committed and the offender was less than 23 at the time the offense for which he or she is being sentenced was committed.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(a) Prior adult offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently whether those offenses shall be counted as one offense or as separate offenses, and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used;

(b) Juvenile prior convictions entered or sentenced on the same date shall count as one offense, the offense that yields the highest offender score; and

(c) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for Murder 1 or 2, Assault 1, Kidnaping 1, or Rape 1, count three points for prior adult and juvenile convictions for crimes in these categories, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 conviction, and one point for each prior juvenile Burglary 2 conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide; count one point for each adult, and 1/2 point for each juvenile, prior conviction for each other felony offense or serious traffic offense.

(12) If the present conviction is for a drug offense count two points for each adult prior felony drug offense conviction and one point for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for escape (Escape 1, RCW 9A.76.110; Escape 2, RCW 9A.76.120; Willful Failure to Return from Furlough, RCW 72.66.060; and Willful Failure to Return from Work Release, RCW 72.65.070), count only prior escape convictions in the offender score.

Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Burglary 2, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 conviction, and one point for each juvenile prior Burglary 2 conviction.

(15) If the present conviction is for an offense committed while the offender was under community placement or committed within one year following release from partial or total confinement or within one year following release from community placement pursuant to this chapter, count one point.

Sec. 13, Section 4, chapter 115, Laws of 1983 as last amended by section 24, chapter 257, Laws of 1986 and RCW 9.94A.330 are each amended to read as follows:

Sec. 14. Section 11, chapter 137, Laws of 1981 as last amended by section 34, chapter 257, Laws of 1986 and RCW 9.94A.110 are each amended to read as follows:

Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing. The court shall order the department to complete a presentence report for the purpose of offender management before imposing a sentence upon a defendant who has been convicted of a felony sex offense. The department shall give priority to presentence investigations for sex offenders. The court shall consider the presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

Sec. 15. Section 11, chapter 209, Laws of 1984 and RCW 9.94A.195 are each amended to read as follows:

If an offender violates any condition or requirement of a sentence, a community corrections officer may arrest or cause the arrest of the offender without a warrant, pending a determination by the court. If there is reasonable cause to believe that an offender has violated a condition or requirement of the sentence, an offender may be required to submit to a search and seizure of the offender's person, residence, automobile, or other personal property. A community corrections officer may also arrest an offender for any crime committed in his or her presence. The facts and circumstances of the conduct of the offender shall be reported by the community corrections officer, with recommendations, to the court.

If the community corrections officer has reasonable cause to believe that an offender has committed a violent offense, an offense involving a deadly weapon, or any felony violation of the uniform controlled substances act, the community corrections officer may arrest and detain or cause the arrest and detention of the offender for up to five working days in order to investigate the facts and circumstances. The department shall compensate the local jurisdiction at the office of financial management's adjudicated rate, in accordance with RCW 70.48.440.

If a community corrections officer arrests or causes the arrest of an offender under this section, the offender shall be confined and detained in the county jail of the county in which the offender was taken into custody, and the sheriff of that county shall receive and keep in the county jail, where room is available, all prisoners delivered to the jail by the community corrections officer, and such offenders shall not be released from custody on bail or personal recognizance, except upon approval of the court, pursuant to a written order.

Sec. 16. Section 9, chapter 115, Laws of 1983 as amended by section 21, chapter 209, Laws of 1984 and RCW 9.94A.380 are each amended to read as follows:

For sentences of nonviolent offenders for one year or less, the court shall consider and give priority to available alternatives to total confinement and shall state its reasons if they are not used.

These alternatives include the following sentence conditions that the court may order as substitutes for total confinement: (1) One day of partial confinement or eight hours of community service may be substituted for one day of total confinement; (2) the community service

conversion is limited to two hundred forty hours or thirty days. The conversion of total confinement to partial confinement may be applied to all sentences of one year or less, including those for violent offenses. Community service hours must be completed within the period of community supervision or a time period specified by the court, which shall not exceed twenty-four months, pursuant to a schedule determined by the department.

Sec. 17. Section 22, chapter 209, Laws of 1984 and RCW 9.94A.383 are each amended to read as follows:

On all sentences of confinement for one year or less the court may impose up to one year of community supervision. ~~((For confinement sentences, unless otherwise ordered by the court, the period of community supervision begins at the date of release from confinement. For non-confinement sentences, the period of community supervision begins at the date of entry of the judgment and sentence.))~~ An offender shall be on community supervision as of the date of sentencing. However, during the time for which the offender is in total or partial confinement pursuant to the sentence or a violation of a sentence, the period of community supervision shall toll.

Sec. 18. Section 11, chapter 115, Laws of 1983 as last amended by section 28, chapter 257, Laws of 1986 and RCW 9.94A.400 are each amended to read as follows:

(1) (a) Except as provided in (b) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.120 and 9.94A.390(2)(e) or any other provision of RCW 9.94A.390.

(b) Whenever a person is convicted of three or more serious violent offenses, as defined in RCW 9.94A.330, arising from separate and distinct criminal conduct, the sentence range for the offense with the highest seriousness level under RCW 9.94A.320 shall be determined using the offender's criminal history in the offender score and the sentence range for other serious violent offenses shall be determined by using an offender score of zero. The sentence range for any offenses that are not serious violent offenses shall be determined according to (a) of this subsection. All sentences imposed under (b) of this subsection shall be served consecutively to each other and concurrently with sentences imposed under (a) of this subsection.

(2) Whenever a person while under sentence of felony commits another felony and is sentenced to another term of imprisonment, the latter term shall not begin until expiration of all prior terms.

(3) Subject to subsections (1) and (2) of this section, whenever a person is sentenced for a felony that was committed while the person was not under sentence of a felony, the sentence shall run concurrently with any felony sentence which has been imposed by any court in this or another state or by a federal court subsequent to the commission of the crime being sentenced unless the court pronouncing the current sentence expressly orders that they be served consecutively.

(4) Whenever any person granted probation under RCW 9.95.210 or 9.92.060, or both, has the probationary sentence revoked and a prison sentence imposed, that sentence shall run consecutively to any sentence imposed pursuant to this chapter, unless the court pronouncing the subsequent sentence expressly orders that they be served concurrently.

(5) However, in the case of consecutive sentences, all periods of total confinement shall be served before any partial confinement, community service, community supervision, or any other requirement or conditions of any of the sentences. If two or more sentences that run consecutively include periods of community supervision, the aggregate of the community supervision period shall not exceed twenty-four months.

**NEW SECTION.** Sec. 19. Increased sanctions authorized by this act are applicable only to those persons committing offenses after the effective date of this act.

**NEW SECTION.** Sec. 20. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987."

## MOTION

On motion of Senator McDermott, the rules were suspended, Engrossed Second Substitute House Bill No. 477 was returned to second reading and read the second time.

## MOTIONS

On motion of Senator McDermott, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This chapter shall be known and may be cited as the health care access act of 1987.

NEW SECTION. Sec. 2. The legislature reserves the right to amend or repeal all or any part of this chapter at any time and there shall be no vested private right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter at any time.

NEW SECTION. Sec. 3. (1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.

(2) The purpose of this chapter is to provide necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for medicare with gross family income at or below two

hundred percent of the federal poverty guidelines who share in the cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.

NEW SECTION. Sec. 4. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, all under the age of sixty-five and not otherwise eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Subsidy" means the difference between the amount of periodic payment the administrator makes, from funds appropriated from the basic health plan trust account, to a managed health care system on behalf of an enrollee and the amount determined to be the enrollee's responsibility under section 8(2) of this act.

(6) "Premium" means a periodic payment, based upon gross family income and determined under section 8(2) of this act, which an enrollee makes to the plan as consideration for enrollment in the plan.

(7) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of enrollees in the plan and in that system.

NEW SECTION. Sec. 5. The basic health plan trust account is hereby established in the state treasury. All funds appropriated for this chapter shall be deposited in the basic health plan trust account and may be expended without further appropriation. Disbursements from other moneys in the account shall be made pursuant to appropriation and upon warrants drawn by the Washington basic health plan administrator. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. The earnings on any surplus balances in the basic health plan trust account shall be credited to the account, notwithstanding RCW 43.84.090. After January 1, 1988, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety percent of the amounts anticipated to accrue in the account during the fiscal period.

NEW SECTION. Sec. 6. (1) The Washington basic health plan is created as an independent agency of the state. The administrative head and appointing authority of the plan shall be the administrator who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The administrator shall appoint a medical director. The administrator, medical director, and up to five other employees shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the

administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law.

NEW SECTION. Sec. 7. The administrator may promulgate and adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.04 RCW.

NEW SECTION. Sec. 8. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the board deems appropriate.

(2) To design and implement a structure of periodic premiums due the board from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under section 12 of this act and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in section 10 of this act.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

(8) To receive periodic premiums from enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to section 13 of this act, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To require that prospective enrollees who may be eligible for categorically needy medical coverage under RCW 74.09.510 or whose income does not exceed the medically needy income level under RCW 74.09.700 apply for such coverage, but the administrator shall enroll the individuals in the plan pending the determination of eligibility under chapter 74.09 RCW.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the hospital commission, to minimize duplication of effort.

(13) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may

exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(14) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(15) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(16) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

**NEW SECTION, Sec. 9.** The benefits available under the plan shall be subject to RCW 48.21-.200 and shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury.

**NEW SECTION, Sec. 10.** On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in section 8(4) of this act.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system.

**NEW SECTION, Sec. 11.** Any enrollee whose premium payments to the plan are delinquent or who moves his or her residence out of an area served by the plan may be dropped from enrollment status. An enrollee whose premium is the responsibility of the department of social and health services under section 13 of this act may not be dropped solely because of nonpayment by the department. The administrator shall provide delinquent enrollees with advance written notice of their removal from the plan and shall provide for a hearing under chapters 34.04 and 34.12 RCW for any enrollee who contests the decision to drop the enrollee from the plan. Upon removal of an enrollee from the plan, the administrator shall promptly notify the managed health care system in which the enrollee has been enrolled, and shall not be responsible for payment for health care services provided to the enrollee (including, if applicable, members of the enrollee's family) after the date of notification. A managed health care system may contest the denial of payment for coverage of an enrollee through a hearing under chapters 34.04 and 34.12 RCW.

**NEW SECTION, Sec. 12.** Managed health care systems participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

Any contract between a hospital and a participating managed health care system under this chapter is subject to the requirements of RCW 70.39.140(1) regarding negotiated rates.

Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations

in the cost of providing the services through the various systems and in different areas of the state. In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(1) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(2) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(3) The administrator may then select one or more systems to provide the covered services within a local area; and

(4) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

**NEW SECTION, Sec. 13.** The department of social and health services shall make periodic payments to the administrator as an agent for the participating managed health care systems on behalf of any enrollee who is a recipient of medical assistance, medical care-limited casualty program, or medical care services under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act, but not to exceed the rate negotiated by the administrator with the participating managed health care system for the services covered by the plan, and no premium or copayment may be charged to such an enrollee. Any enrollee on whose behalf the department of social and health services makes payments to the administrator under this section and chapter 74.09 RCW may continue as an enrollee, making premium payments based on the enrollee's own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The administrator and the department of social and health services shall cooperatively adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW.

**NEW SECTION, Sec. 14.** In addition to the powers and duties specified in sections 6 and 8 of this act, the administrator has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or evaluate the performance of participating managed health care systems.

(2) With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

(3) With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance. Any activities of a health care service contractor pursuant to a contract with the administrator under this section shall be exempt from the provisions and requirements of Title 48 RCW.

**NEW SECTION, Sec. 15.** The activities and operations of the Washington basic health plan under this chapter, including those of managed health care systems to the extent of their participation in the plan, are exempt from the provisions and requirements of Title 48 RCW, except as provided in section 9 of this act.

**NEW SECTION, Sec. 16.** A new section is added to chapter 50.20 RCW to read as follows:

The commissioner shall notify any person filing a claim under this chapter who resides in a local area served by the Washington basic health plan of the availability of basic health care coverage to qualified enrollees in the Washington basic health plan under chapter 70.-- RCW (sections 1 through 15 of this act), unless the Washington basic health plan administrator has notified the commissioner of a closure of enrollment in the area. The commissioner shall maintain a supply of Washington basic health plan enrollment application forms, which shall be provided in reasonably necessary quantities by the administrator, in each appropriate employment service office for the use of persons wishing to apply for enrollment in the Washington basic health plan.

**NEW SECTION, Sec. 17.** A new section is added to chapter 51.28 RCW to read as follows:

The director shall notify persons receiving time-loss payments under this chapter of the availability of basic health care coverage to qualified enrollees under chapter 70.-- RCW (sections 1 through 15 of this act), unless the Washington basic health plan administrator has notified the director of closure of enrollment in the plan. The director shall maintain supplies of Washington basic health plan enrollment application forms in all field service offices where the

plan is available, which shall be provided in reasonably necessary quantities by the administrator for the use of persons wishing to apply for enrollment in the Washington basic health plan.

**NEW SECTION.** Sec. 18. A new section is added to chapter 74.04 RCW to read as follows:

The department shall notify any applicant for public assistance who resides in a local area served by the Washington basic health plan and is under sixty-five years of age of the availability of basic health care coverage to qualified enrollees in the Washington basic health plan under chapter 70.-- RCW (sections 1 through 15 of this act), unless the Washington basic health plan administrator has notified the department of a closure of enrollment in the area. The department shall maintain a supply of Washington basic health plan enrollment application forms, which shall be provided in reasonably necessary quantities by the administrator, in each appropriate community service office for the use of persons wishing to apply for enrollment in the Washington basic health plan.

**NEW SECTION.** Sec. 19. The Washington basic health plan administrator shall be appointed and commence operations as promptly as practicable after the effective date of this section. Not later than January 1, 1988, the administrator shall submit to the legislature a progress report including:

- (1) The schedule of covered basic health care services adopted under section 8 of this act;
- (2) A descriptive listing of managed health care systems expected to participate in the Washington basic health plan, along with an identification of prospective local areas for initial participation in the plan;
- (3) The approximate amount of funds estimated to be on deposit in the basic health plan trust account as of March 31 and June 30, 1988;
- (4) A description of the sliding fee schedule for enrollee premium payments and copayments adopted by the administrator under section 8 of this act;
- (5) An evaluation of the financial viability of rural hospitals and the availability of necessary health care services in such areas, based upon any contacts or negotiations either the administrator or staff may have had with providers in rural areas of the state, together with any specific recommendations they may wish to make;
- (6) Any proposals for statutory changes which the administrator deems necessary to implement the purposes of this chapter; and
- (7) Any other information which the administrator deems appropriate.

Not later than January 1, 1989, the administrator shall submit to the legislature a further progress report, updating its 1988 report, and covering the same items provided for therein, with projections based upon implementation of the plan to date. Further, the report shall include a description of the performance of the first managed health care systems included as eligible providers as provided in section 10 of this act. The administrator shall submit an annual report to the legislature by January 1 of each year thereafter.

**NEW SECTION.** Sec. 20. A new section is added to chapter 74.09 RCW to read as follows:

(1) The department of social and health services shall, to the extent that funds are specifically appropriated for this purpose, provide matching grants on a one-to-one state/local basis to hospitals that are designated by the hospital commission as meeting all of the following criteria:

- (a) Providing an amount of charity care equal to or greater than two hundred fifty percent of the state average;
- (b) A tertiary care center; and
- (c) Providing ten percent of the tertiary care to patients from outside the county in which the hospital is located.

(2) Grants shall be allocated to eligible hospitals based on the hospital's relative amount of charity care.

(3) Local matching funds shall be from a nonrate-setting revenue source as defined by the hospital commission.

(4) The department shall seek matching federal Title XIX medicaid funds pursuant to the "disproportionate share" provisions of the federal social security act. If necessary to obtain federal funds, the department may use the following provision in lieu of those set forth in subsections (1), (2), and (3) of this section: A hospital is eligible for a grant if it is designated by the hospital commission as having medical assistance charges exceeding twenty percent of the hospital's total rate-setting revenue during the preceding calendar year.

Sec. 21. Section 2, chapter 303, Laws of 1986 and RCW 74.09.522 are each amended to read as follows:

(1) For the purposes of this section, "managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under RCW 74.09.520 and rendered by licensed providers, on a prepaid capitated case management basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act.

(2) No later than July 1, ~~((1991))~~ 1989, the department of social and health services shall enter into agreements with managed health care systems to provide health care services to recipients of aid to families with dependent children under the following conditions:

(a) Agreements shall be made within one class A county in the eastern part of the state for at least ten thousand recipients; and one class AA county for at least fifteen thousand recipients in the western part of the state; and one first class county of at least five thousand recipients in the western part of the state;

(b) At least one of the agreements shall include enrollment of all recipients of aid to families with dependent children residing in a defined geographical area;

(c) ~~((The department shall, to the extent possible, ensure that recipients have a choice of systems in which to enroll and, if necessary and medically appropriate treatment for a recipient is not available from or through a participating managed health care system, the department shall exempt the recipient from any requirement to receive some or all of their medical services from such a system))~~ To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the department may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed six months: AND PROVIDED FURTHER, That the department shall not restrict a recipient's right to terminate enrollment in a system for cause;

(d) To the extent ~~((possible, the department shall ensure that participating managed health care systems do not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems))~~ that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except that this subsection (d) shall not apply to entities described in subparagraph (B) of section 1903(m) of Title XIX of the federal social security act;

(e) Prior to negotiating with any managed health care system, the department shall estimate, on an actuarially sound basis, the expected cost of providing the health care services expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different project areas. In negotiating with managed health care systems the department shall adopt a uniform procedure that includes at least request for proposals, including standards regarding the quality of services to be provided; and financial integrity of the responding system. The department may negotiate with respondents to the extent necessary to refine any proposals;

(f) The department shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The department shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the department may enter into prepaid capitation contracts that do not include inpatient care;

(h) The department shall define those circumstances under which a managed health care system is responsible for out-of-system services and assure that recipients shall not be charged for such services; and

(i) Nothing in this section prevents the department from entering into similar agreements in additional counties or for other groups of people eligible to receive services under chapter 74.09 RCW.

(3) The department shall seek to obtain a large number of contracts with providers of health services to medicaid recipients. The department shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate in the project as managed health care systems are seriously considered as providers in the project. The department shall coordinate these projects with the plans developed under chapter 70. — RCW (sections 1 through 15 of this 1987 act).

~~((3))~~ (4) The department shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

Sec. 22. Section 3, chapter 303, Laws of 1986 (uncodified) is amended to read as follows:

The department shall report to the legislature not later than January 1, ~~((1987))~~ 1988, on progress toward implementation of the requirements of ~~((this))~~ chapter 303, Laws of 1986, but shall not delay implementation on account of this reporting requirement.

POINT OF INQUIRY

Senator Deccio: "Senator McDermott, just for the record, this does not contain any of the medicaid language that the House, at one time, wanted in the bill?"

#### MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6016, and the same is herewith transmitted.

SHARON CASE, Assistant Chief Clerk

#### SIGNED BY THE PRESIDENT

The President signed:

SUBSTITUTE SENATE BILL NO. 6016.

There being no objection, the President advanced the Senate to the sixth order of business.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 6055, deferred on second reading earlier today.

#### POINT OF ORDER

Senator Gaspard: "Mr. President, a point of order. Would you rule if this bill is properly before us? It was my understanding that the cut-off resolution that was passed by both Houses--Senate Concurrent Resolution No. 8416 established both cut-off dates and subject matter to be considered, which would be items related to the budget or implementing the budget. I do not see how this bill is necessary for implementing the budget."

Further Debate ensued.

#### RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Gaspard, the President finds that Engrossed Substitute Senate Bill No. 6055 is a measure authorizing the Office of Financial Management to review and revise capital budget plans after July 1, 1987.

"The President further finds that Senate Concurrent Resolution No. 8416 states the purpose of this First Special Session to be 'exclusively for the consideration of budgets and matters necessary to implement budgets.'

"The President believes that Engrossed Substitute Senate Bill No. 6055 is not a matter necessary to implement budgets. Therefore, Engrossed Substitute Senate Bill No. 6055 is not properly before the Senate and the point of order is well taken."

ENGROSSED SUBSTITUTE SENATE BILL NO. 6055 was ruled out of order.

## MOTION

Senator Bender moved that the Senate do concur in the House amendment to Engrossed Substitute House Bill No. 6076.

Debate ensued.

## POINT OF INQUIRY

Senator Barr: "Senator Bender, how did it deal with the relocation for the Department of Licensing?"

Senator Bender: "Senator Barr, as I stated before, it doesn't address that at all. We took all of that language out which provided dollars for relocation."

## POINT OF INQUIRY

Senator Zimmerman: "Senator Bender, then that would save them some money--that relocation delay would save some dollars at least immediately? Would the amount required for category "C"--does that mean the projects will be split a little bit in terms of the one-hundred twenty-eight million?"

Senator Bender: "Actually, it doesn't really have too much impact on our category "C" programs. We can come back next session and take care of those few projects that might be slighted, I think, about four months. There are about ten to fifteen projects in that category "C" area, but we can come back and address that next session. It really continues our category "C" program through the next biennium."

The President declared the question before the Senate to be the motion by Senator Bender that the Senate do concur in the House amendment to Engrossed Substitute Senate Bill No. 6076.

The motion by Senator Bender carried and the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 6076.

## MOTIONS

## REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT:

MR. SPEAKER:

We, of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1221, revising the 1987-89 omnibus appropriations act, have had the same under consideration and report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill as follows:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION, Sec. 1.** (1) A budget is hereby adopted and, subject to the provisions set forth in the following sections, the several amounts specified in the following sections, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for salaries, wages, and other expenses of the agencies and offices of the state and for other specified purposes for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989, except as otherwise provided, out of the several funds of the state hereinafter named.

(2) Unless the context clearly requires otherwise, the definitions in this section apply throughout this act.

(a) "Fiscal year 1988" or "FY 1988" means the fiscal year ending June 30, 1988.

(b) "Fiscal year 1989" or "FY 1989" means the fiscal year ending June 30, 1989.

(c) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose which is unnecessary to fulfill the specified purpose shall revert.

(d) "Revert" or "lapse" means the amount shall return to an unappropriated status.

(e) "FTE" means full time equivalent.

**NEW SECTION, Sec. 2.** Agencies receiving appropriations under this act shall not initiate any services that will require expenditure of state general fund moneys except as expressly authorized in this act unless the services were provided on March 1, 1987. Agencies may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act and, in the case of unanticipated unrestricted federal moneys, as long as an equal amount of appropriated state general fund moneys is placed in a reserve status. Unrestricted federal moneys shall be used, to the maximum extent permitted under federal law, to replace state general fund moneys appropriated under this act for the biennium ending June 30, 1989. As used in this subsection, "unrestricted federal

moneys" includes block grants and other funds that federal law does not require to be spent on explicitly defined projects or matched on a formula basis by state funds.

**NEW SECTION, Sec. 3.** For agencies for which the governor has allotment authority, the office of financial management shall limit expenditures for personal services contracts, goods and services, travel, and furnishings and equipment so that total general fund—state expenditures for such agencies are \$18,000,000 less than the total of the general fund—state appropriations for such agencies.

## MOTIONS

## SENATE RESOLUTION 1987-8663

by Senators McDermott, Newhouse, West and Fleming

WHEREAS, Washington's accredited independent colleges represent a valuable resource to the residents of this state; and

WHEREAS, These independent institutions of higher education offer programs in localities not directly served by a resident public institution of higher learning; and

WHEREAS, Taking full advantage of these independent institutions would advance the educational opportunities of certain ethnic and economic classes of Washington residents who are underrepresented in the higher education institutions in this state; and

WHEREAS, Recent higher education enrollment data reveals these underrepresented ethnic and economic populations are significantly growing as a percentage of the state's K-12 enrollment population; and

WHEREAS, The independent colleges have an average student teacher ratio of sixteen to one offering an instructional environment which fosters academic success among minority and economically disadvantaged students;

NOW, THEREFORE, BE IT RESOLVED, By the Senate that the Higher Education Coordinating Board, in cooperation with the Office of Financial Management, shall explore the feasibility of an educational equal opportunity grant program solely for minority students and single parents choosing to attend a Washington four-year accredited independent institution; and

BE IT FURTHER RESOLVED, That the Board shall identify the cost effectiveness of providing an equal opportunity grant solely for those students selecting an independent college; and

BE IT FURTHER RESOLVED, That the Board, in cooperation with the Office of the Attorney General, shall determine approaches to providing the grant which would meet constitutional requirements; and

BE IT FURTHER RESOLVED, That the Board shall report its findings to the Senate along with its recommendations by November 1, 1987.

Debate ensued.

## POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, I am looking at one, two, three, the fourth resolve up on this resolution, 'That it be resolved that the Higher Education Coordinating Board, in cooperation with the Office of Financial Management, shall explore the feasibility of an educational equal opportunity grant program.' That part's fine, but then you go on to say, 'solely for minority students and single parents choosing to attend a Washington four-year accredited independent institution.' Are you sure that you wanted that discrimination in there?"

Senator McDermott: "Which is the discrimination, Senator Rasmussen?"

Senator Rasmussen: "Well, you are saying that the study shall be solely for minority students and single parents. I don't see why and, in fact, after I get your answer I will probably propose to offer an amendment."

Senator McDermott: "Senator Rasmussen, there are equal opportunity programs at the University of Washington and other schools. This is really an attempt to look at the same possibility in the private education sector as a way of being more effective fiscally--getting the most for your money."

Senator Rasmussen: "Well, it is very discriminatory if you are only going to study one side of the program. There are a lot of other people out there who probably want to attend the independent colleges, but it sounds like the Human Rights Commission criticizing the Supreme Court the way I'm talking, with their last decision that they were discriminatory. This would appear to be discriminatory too."

Senator McDermott: "Senator Rasmussen, we studied the effects on various groups all the time. I suppose anytime you make any kind of selection, it is in a sense, discriminatory, but in another sense you have to be specific when you put together a study, or you'd never get anything done. If you study the whole world, it's impossible to get it done, so we selected a group we thought needed to be looked at and did that."

Further debate ensued.

The President declared the question before the Senate to be adoption of Senate Resolution 1987-8663.

The motion by Senator McDermott carried and the resolution was adopted.

## PERSONAL PRIVILEGE

Senator Barr: "Mr. President, a point of personal privilege. I have distributed on your desks a little announcement about industrial development in which we are all very interested. I am especially very proud of all of the big projects that we talked about throughout the state over the last few years. It took little Pend Oreille County to bring it about and I want to also thank the members of this body and the Legislature for the part that they played in what will now be a \$250,000,000 newsprint plant in Pend Oreille County. They will be producing 180,000 tons of newsprint per year. That would be 500 tons a day and they will be employing 600 employees for the two years of construction and then 140 permanent employees and then, of course, the many, many ripple effects of supplying that kind of material. They are five of the major newspaper companies throughout the nation who have gone together with a Canadian firm who will manage it.

"Thank you for the opportunity to make this announcement and again say that CERB participated in this to quite some extent and the tax deferrals that we passed over the last years played a role in it. Had it not been for those kinds of actions by this Legislature, it would not have come about and so, thank you again for the opportunity to talk a little about this. This is the result of natural resources. I want you to really remember why these things come about. It is because of the natural use of our timber products and our natural resources. Thank you for the opportunity to say, 'Thank you to the Legislature' and announce a very important large development in the state of Washington. I hope we can have more."

## MOTION

At 1:45 p.m., on motion of Senator Vognild, the Senate was declared to be at ease.

The Senate was called to order at 2:02 p.m. by President Cherberg.

There being no objection, the President returned the Senate to the fourth order of business.

On page 59, beginning on line 36, strike everything through "6,773,000" on line 44

Renumber the remaining sections consecutively and correct any internal references accordingly.

Debate ensued.

#### POINT OF INQUIRY

Senator Pullen: "Senator Rasmussen, I seem to recall this issue coming up before in the past. If I recall correctly, officials of Evergreen State College had indicated they would not be asking for money for a gym. Is that correct?"

Senator Rasmussen: "That is correct, Senator Pullen. I think that's still their position out there, that they want it to be an educational institution. I would think you will find this request has come from some other place besides the heads of the college."

Senator Pullen: "Thank you. Well, if the officials at Evergreen State College don't want it, I don't know why we are appropriating money for it."

Further debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Rasmussen.

The motion by Senator Rasmussen failed and the amendment was not adopted.

#### MOTION

On motion of Senator Rasmussen, the following amendment was adopted:

On page 120, after line 12, insert the following:

"For the purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated herein.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way."

#### MOTION

Senator Smitherman moved that the following amendments by Senators Smitherman, Owen, Craswell and Vognild be considered simultaneously and adopted:

On page 40, line 9, strike "1,461,000" and insert "3,000,000."

On page 40, line 15, strike "3,500,000" and insert "5,039,000."

Debate ensued.

#### POINT OF INQUIRY

Senator Deccio: "Senator Smitherman, this comes as kind of a surprise. I didn't know we were still appropriating money to complete jail construction. Can you bring me up to date?"

Senator Smitherman: "Well, it's my understanding that what happened was that in the jail facility section of the capital budget, there was an allocation made, an appropriation made and what the attempt of that was, was to cover the problems for jail facilities throughout the state as determined by the Corrections Standards Board, but we didn't put enough money in it. This is simply to correct that error."

Senator Deccio: "Well, that is what you said a little while ago. As I said, I didn't know we were still appropriating money to take care of jails. This is still quite a surprise. Who requested this, if I may ask?"

Senator Smitherman: "The counties."

Further debate ensued.

The President declared the question before the Senate to be adoption of the amendments by Senators Smitherman, Owen, Craswell and Vognild.

The motion by Senator Smitherman carried and the amendments were adopted.

#### MOTION

Senator Benitz moved that the following amendment by Senators Benitz and Rasmussen be adopted:

#### ROLL CALL

The Secretary called the roll and the motion by Senator Benitz failed and the amendment was not adopted by the following vote: Yeas, 21; nays, 25; absent, 1; excused, 2.

**NEW SECTION, Sec. 914.** The sum of two hundred thousand dollars or as much thereof as may be necessary, is appropriated to the office of financial management from the state building construction account.

The appropriation in this section is subject to the following conditions and limitations:

The office of financial management shall conduct a study on improving the state's capital planning and budgeting process and shall submit a report to the state legislature by January 1, 1988, with appropriate recommendations, plans, and proposed legislation that would establish comprehensive capital planning guidelines and criteria by which state agencies would prepare their six-year capital plans and by which the office of financial management shall conduct reviews and revisions of agency capital budget plans, including lease and lease development projects. These guidelines shall provide for at least the following categories and criteria under which capital requests shall be grouped and evaluated:

(1) **NEW CAPITAL PURCHASE, LEASE, AND LEASE DEVELOPMENT REQUESTS:** The criteria for evaluating such requests should include changes in workload volumes, service levels,

resource requirements necessary to support changes in workload or service levels, and cost-benefit analysis to determine the feasibility of the request as well as the advantages of leasing versus purchasing and vice versa;

(2) REPLACEMENT OF EXISTING CAPITAL ASSETS: The criteria for evaluating such requests should include the alleviation of hazardous conditions in accordance with life-safety and building code requirements, and alleviation of the inability to maintain economically the asset as determined by appropriate cost and feasibility studies;

(3) MAJOR MAINTENANCE: The criteria for evaluating such requests should include, but not be limited to compliance with life-safety and building code requirements, energy conservation, alleviation of overcrowded space conditions, avoidance of waste and deterioration, and enhancements to working conditions;

(4) COMMUNITY AND ECONOMIC DEVELOPMENT (i.e. grants, subsidies, loans, and entitlements to local governments): The criteria for evaluating such requests should include quantifiable measurements for determining the extent to which the project or program meets the goals, objectives, or intent of its authorizing legislation;

(5) OTHER:

(a) Avoiding duplication or waste by coordinating program and project plans and schedules;

(b) Taking advantage of economies of scale by sharing program and project costs; and

(c) Advertising and awarding program and project funds or bids under one rather than multiple contract proposals."

#### MOTION

On motion of Senator Vognild, the rules were suspended, Reengrossed Substitute House Bill No. 621 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Pullen: "Senator Bottiger, what does this do to our bonding capacity? How much do we have left? I think that's a pretty important question that needs to be answered prior to voting on this. It looks to me like if we were right up against the limit before, we're probably exceeding it maybe with this appropriation."

Senator Bottiger: "Senator Pullen, the answer is very, very, very little. I've been yelping and harping about this same subject matter. There is a little bit left. If interest rates continue to go up and go back to where they were about four years ago, you won't be able to sell all the bonds you're authorizing, because that is built into the formula, how much interest you are going to pay. So, the answer is, very, very little, but the limit is there and they will have to stop selling bonds no matter what."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Reengrossed Substitute House Bill No. 621.

(a) Effective September 1, 1987, each school district is authorized to grant salary increases that increase the district's basic education certificated derived base salary to no more than the greater of: (i) The district's certificated derived base salary as shown on LEAP Document 10A increased by 2.1 percent; or (ii) \$17,615.

certificated derived base salary authorized under subsection (2)(a) of this section and the district's certificated derived base salary shown on LEAP Document 10A, and for incremental fringe benefits.

(b) \$58,069,000 is provided to increase funding for each basic education certificated staff unit allocated under section 104(2) of this act for the 1988-89 school year by an amount equal to the district's basic education certificated staff mix factor for the prior school year, determined using LEAP Document 1, multiplied by the difference between the district's maximum 1988-89 certificated derived base salary authorized under subsection (2)(b) of this section and the district's certificated derived base salary shown on LEAP Document 10A, and for incremental fringe benefits.

#### MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Bottiger moved to reconsider the vote by which the striking amendment by Senators Bottiger and Hayner was adopted May 18, 1987.

The President declared the question before the Senate to be the motion by Senator Bottiger to reconsider the vote by which the striking amendment by Senators Bottiger and Hayner to Reengrossed Second Substitute House Bill No. 455 was adopted.

The motion by Senator Bottiger carried and the Senate commenced reconsideration of the striking amendment.

#### MOTION

On motion of Senator Bottiger, the striking amendment by Senators Bottiger and Hayner was not adopted on reconsideration.

#### MOTION

Senator Gaspard moved that the following amendment by Senators Gaspard and Bottiger be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to establish the limitation on school district maintenance and operations levies at twenty percent, with ten percent to be equalized on a

state-wide basis. The legislature further intends to establish a modern school financing system for compensation of school staff and provide a class size reduction in grades kindergarten through three. The legislature intends to give the highest funding priority to strengthening support for existing school programs.

The legislature finds that providing for the adoption of a state-wide salary allocation schedule for certificated instructional staff will encourage recruitment and retention of able individuals to the teaching profession, and limit the administrative burden associated with implementing state teacher salary policies.

If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data.

(8) For the purposes of this section, "prior school year" shall mean the most recent school year completed prior to the year in which the levies are to be collected.

(9) For the purposes of this section, "current school year" shall mean the year immediately following the prior school year.

Such funds are not part of the district's basic education allocation. For the first distribution of local effort assistance funds provided under this section in calendar year 1989, state funds may be prorated according to the formula in this section.

(2) (a) "Prior tax collection year" shall mean the year immediately preceding the year in which the local effort assistance shall be allocated.

(b) The "state-wide average ten percent levy rate" shall mean ten percent of the total levy bases as defined in RCW 84.52.0531(4) summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.

(c) The "ten percent levy rate" of a district shall mean:

(i) Ten percent of the district's levy base as defined in RCW 84.52.0531(4), plus one-half of any amount computed under RCW 84.52.0531(3)(b) in the case of nonhigh school districts; divided by

(ii) The district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(d) "Eligible districts" shall mean those districts with a ten percent levy rate which exceeds the state-wide average ten percent levy rate.

(3) Allocation of state matching funds to eligible districts for local effort assistance shall be determined as follows:

(a) Funds raised by the district through maintenance and operation levies during that tax collection year shall be matched with state funds using the following ratio of state funds to levy funds: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; to (ii) the state-wide average ten percent levy rate.

(b) The maximum amount of state matching funds for which a district may be eligible in any tax collection year shall be ten percent of the district's levy base as defined in RCW 84.52.0531(4), multiplied by the following percentage: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; divided by (ii) the district's ten percent levy rate.

(4) Fifty-five percent of local effort assistance funds shall be distributed to qualifying districts during the applicable tax collection year on or before June 30 and forty-five percent shall be distributed on or before December 31 of any year.

Sec. 103. Section 3, chapter 325, Laws of 1977 ex. sess. as amended by section 1, chapter 133, Laws of 1986 and RCW 84.52.053 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by school districts, when authorized so to do by the electors of such school district in the manner ~~((set forth in))~~ and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state, as amended by Amendment ~~((59))~~ 79 and as thereafter amended, at a special or general election to be held in the year in which the levy is made or, in the case of a proposition authorizing two-year levies for maintenance and operation support of a school district ~~((-including but not limited to levies))~~ or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities ~~((and levies for the maintenance and operation of schools, for a period exceeding one year)), or both, at a special or general election to be held in the year in which the first annual levy is made: PROVIDED, That once additional tax levies have been authorized for maintenance and operation support of a school district for a two year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.~~

A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving

notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no".

PART II  
ENHANCING SCHOOL MANAGEMENT

Sec. 201. Section 2, chapter 46, Laws of 1973 as last amended by section 1, chapter 144, Laws of 1986 and RCW 28A.41.130 are each amended to read as follows:

From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.48.010 to each school district of the state operating a program approved by the state board of education an amount which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.02.300 and 28A.02.310, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full time equivalent student enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year shall be one hundred eighty half days of instruction, or the equivalent as provided in RCW 28A.58.754, as now or hereafter amended.

Basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.41.130 and 28A.41.140 to fund those program requirements identified in RCW 28A.58.754 in accordance with the formula and ratios provided in RCW 28A.41.140 and those amounts of dollars appropriated by the legislature to fund the salary requirements of sections 203 and 204 of this 1987 act.

Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district: PROVIDED, That for the purposes of this section, "classroom teacher" shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students: PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practicably meet the student/teacher ratio requirements of this section by virtue of a small number of students.

If a school district's basic education program fails to meet the basic education requirements enumerated in RCW 28A.41.130, 28A.41.140 and 28A.58.754, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured: PROVIDED, That the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 202. Section 14, chapter 244, Laws of 1969 ex. sess. as last amended by section 5, chapter 349, Laws of 1985 and RCW 28A.41.140 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

((+)) (a) Certificated instructional staff and their related costs;

((2)) (b) Certificated administrative staff and their related costs;

(c) Classified staff and their related costs;

((3)) (d) Nonsalary costs;

((4)) (e) Extraordinary costs of remote and necessary schools and small high schools, including costs of additional certificated and classified staff; and

((5)) (f) The attendance of students pursuant to RCW 28A.58.075 and 28A.58.245, each as now or hereafter amended, who do not reside within the servicing school district.

(2) (a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. ((Commencing with the 1988-89 school year, the formula adopted by the legislature shall reflect a ratio of not less than fifty certificated personnel to one thousand annual average full time equivalent students and one classified person to three certificated personnel.)) The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below reasonable or workable levels.

(b) The formula adopted by the legislature for the 1987-88 school year shall reflect the following ratios at a minimum: (i) Forty-eight certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(c) Commencing with the 1988-89 school year, the formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(d) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754 and section 203 of this 1987 act. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under chapter 28A.13 RCW. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(3) (a) Certificated instructional staff shall include those persons employed by a school district (~~in a teaching, instructional, educational staff associate, learning resources specialist, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent~~) who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

(4) Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.41 RCW to read as follows:

(1) For the purposes of this section and sections 204 and 205 of this act, "basic education certificated instructional staff" shall mean all full time equivalent certificated instructional staff in the following programs as defined for state-wide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) In the 1988-89 school year and thereafter, each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full time equivalent students.

NEW SECTION, Sec. 204. A new section is added to chapter 28A.41 RCW to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a state-wide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.41.140.

(2) The superintendent of public instruction shall calculate salary allocations for state funded basic education certificated instructional staff by determining the district average salary for basic education instructional staff using the salary allocation schedule established pursuant to this section. However, no district shall receive an allocation based upon an average basic education certificated instructional staff salary which is less than the average of the district's 1986-87 actual basic education certificated instructional staff salaries, as reported to the superintendent of public instruction prior to June 1, 1987, and the legislature may grant minimum salary increases on that base.

NEW SECTION, Sec. 205. A new section is added to chapter 28A.58 RCW to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and

(b) Salaries for certificated instructional staff with a masters degree shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a masters degree and zero years of service;

(3)(a) The actual average salary paid to basic education certificated instructional staff shall not exceed the district's average basic education certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to section 204 of this act.

(b) Fringe benefit contributions for basic education certificated instructional staff shall be included as salary under (a) of this subsection to the extent that the district's actual average benefit contribution exceeds the greater of: (i) The formula amount for insurance benefits provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable; or (ii) the actual average amount provided by the school district in the 1986-87 school year. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.58.096, or employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, additional responsibilities, or incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.67.074, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.58.450 through 28A.58.515. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 3 of the state Constitution.

Sec. 206. Section 3, chapter 16, Laws of 1981 and RCW 41.59.935 are each amended to read as follows:

Nothing in this chapter shall be construed to grant employers or employees the right to reach agreements regarding salary or compensation increases in excess of those authorized in accordance with (~~RCW 28A.58.095~~) sections 204 and 205 of this 1987 act.

Sec. 207. Section 2, chapter 143, Laws of 1986 and RCW 28A.02.325 are each amended to read as follows:

The board of directors of the school district shall make the final determination as to whether an employee suggestion award will be made and shall determine the nature and extent of the award. The award shall not be a regular or supplemental compensation program for all employees and the suggestion must, in fact, result in actual savings greater than the award amount. Any moneys which may be awarded to an employee as part of an employee suggestion program shall not be considered salary or compensation for the purposes of (~~RCW 28A.58.095~~) section 205 of this 1987 act or chapter 41.40 RCW.

Sec. 208. Section 5, chapter 278, Laws of 1984 as amended by section 1, chapter 197, Laws of 1987 and RCW 28A.03.425 are each amended to read as follows:

The office of the superintendent of public instruction, in consultation with the state board of education, shall prepare model curriculum programs and/or curriculum guidelines in three subject areas each year. These model curriculum programs or curriculum guidelines shall span all grade levels and shall include statements of expected learning outcomes, content, integration with other subject areas including guidelines for the application of vocational and applied courses to fulfill in whole or in part the courses required for graduation under RCW 28A.05.060, recommended instructional strategies, and suggested resources.

Certificated employees with expertise in the subject area under consideration shall be chosen by the superintendent of public instruction from each educational service district, from a list of persons suggested by their peers, to work with the staff of the superintendent of public instruction to prepare each model curriculum program or curriculum guidelines. Each participant shall be paid his or her regular salary by his or her district, and travel and per diem expenses by the superintendent of public instruction. The superintendent of public instruction shall make selections of additional experts in the subject area under consideration as are needed to provide technical assistance and to review and comment upon the model curriculum programs and/or curriculum guidelines before publication and shall be paid travel and per diem expenses by the superintendent of public instruction as necessary. The model curriculum programs and curriculum guidelines shall be made available to all districts. Participants developing model curriculum programs and/or curriculum guidelines may be used by school districts to provide training or technical assistance or both. After completion of the original development of model curriculum programs or curriculum guidelines, the office of the superintendent of public instruction shall schedule, at least every five years, a regular review and updating of programs and guidelines in each subject matter area. ~~((Any travel and per diem expenses provided to employees involved in the development of model programs or guidelines shall not be considered salary or compensation for purposes of the limitations established in RCW 28A.58.095.))~~

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, apparently there is some confusion as to which amendment goes first. Mr. President, I am going to wait for Senator Hayner to tell me whether she wants this amendment moved or not. This was a suggestion that Senator Hayner brought to me late yesterday afternoon after the bill had gone to code revising. Since that time, there is some indication that is not what was in mind. I drafted it up and sent it in. It changes 'reasonable and workable' to 'existing.' It pertains to the number of administrators in small districts. The staff tells me either version would work equally as well and if it is a comfort level amendment, it's fine if someone wants to move it."

REMARKS BY SENATOR HAYNER

Senator Hayner: "Mr. President, I move the adoption of the amendment. Mr. President, the amendment that I put on the bar, when we went back to our caucus, it was agreed that we would like to change it in the respect that we would bring it in line with the amendment that you have over there. Is it the Gaspard amendment? Well, is it the Bottiger amendment?"

MOTION

Senator Hayner moved that the following amendment by Senator Bottiger to the amendment by Senators Gaspard and Bottiger be adopted:

On page 11, line 25 of the striking amendment, strike "reasonable or workable" and insert "existing"

REMARKS BY SENATOR ZIMMERMAN

Senator Zimmerman: "Mr. President, it's called the Bottiger amendment, but I guess it's now the Bottiger, etc. amendment. So be it. I think this is a form of cooperation on both sides of the aisle. Simply, that I think this adds to the feeling that there's a little more comfort with the language of 'existing' rather than 'reasonable and workable.' Simply, that would tend to try to retain what is looked upon as the status quo to that extent as far as that particular line in the bill. I see no damage done by the change. I think it does strengthen it slightly. I would see no reason for not accepting and voting for this amendment."

The President declared the question before the Senate to be adoption of the amendment by Senator Bottiger to the amendment.

The motion by Senator Hayner carried and the amendment to the amendment was adopted.

MOTION

Senator Gaspard moved that the following amendments by Senators Gaspard and Bottiger to the amendment be considered simultaneously and adopted:

On page 19, line 29 of the striking amendment, strike "....." and insert "five million"

On page 19, line 33 of the striking amendment, strike " . . . . . percentage" and insert "twenty-three percent"

The President declared the question before the Senate to be adoption of the amendments by Senators Gaspard and Bottiger to the amendment.

The motion by Senator Gaspard carried and the amendments to the amendment were adopted.

MOTION

Senator Zimmerman moved that the following amendment to the amendment be adopted:

On page 16, line 10, after "incentives" insert "for performance"

Debate ensued.

Senators Bottiger, Vognild and Bauer demanded the previous question and the demand was sustained.

Senator Zimmerman closed debate on the amendment to the amendment.

Senator Saling demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Zimmerman to the amendment.

ROLL CALL

The Secretary called the roll and the motion by Senator Zimmerman failed and the amendment to the amendment was not adopted by the following vote: Yeas, 20; nays, 25; absent, 4.

Voting yea: Senators Anderson, Bailey, Barr, Benitz, Bluechel, Cantu, Craswell, Deccio, Hayner, McCaslin, McDonald, Metcalf, Nelson, Newhouse, Patterson, Rasmussen, Saling, von Reichbauer, West, Zimmerman - 20.

Voting nay: Senators Bauer, Bender, Bottiger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Halsan, Hansen, Kiskaddon, Kreidler, McDermott, Moore, Owen, Peterson, Rinehart, Smitherman, Stratton, Talmadge, Tanner, Vognild, Warnke, Williams, Wojahn - 25.

Absent: Senators Johnson, Lee, Pullen, Sellar - 4.

MOTION

On motion of Senator Bottiger, and there being no objection, further consideration of the amendment by Senators Gaspard and Bottiger, as amended, was deferred.

MOTION

Senator Hayner moved that the following amendments be considered simultaneously and adopted:

On page 1, line 11, after "basis," strike all the material down to and including "SCHOOLS" on line 22

On page 9, after line 6, strike the remainder of the bill and insert the following:

The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence.

## MESSAGE FROM THE HOUSE

May 21, 1987

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5901 with the following amendments, and the same are herewith transmitted.

SHARON CASE, Assistant Chief Clerk

On page 1, after line 5, strike all material through line 35 on page 4 and insert the following:

\*NEW SECTION. Sec. 1. (1) The director of financial management, in consultation with the chairpersons of the ways and means committees of the senate and house of representatives, may authorize temporary borrowing from the state treasury for the purpose of covering cash deficiencies in the state convention and trade center account resulting from project completion costs. Subject to the conditions and limitations provided in this section, lines of credit may be authorized at times and in amounts as the director of financial management determines are advisable to meet current and/or anticipated cash deficiencies. Each authorization shall distinctly specify the maximum amount of cash deficiency which may be incurred and the maximum time period during which the cash deficiency may continue. The total amount of borrowing outstanding at any time shall never exceed the lesser of:

(a) \$58,275,000; or

(b) An amount, as determined by the director of financial management from time to time, which is necessary to provide for payment of project completion costs.

(2) Unless the due date under this subsection is extended by statute, all amounts borrowed under the authority of this section shall be repaid to the state treasury by June 30, 1989, together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed. Borrowing may be authorized from any excess balances in the state treasury, except the agricultural permanent fund, the Millersylvania park permanent fund, the state university permanent fund, the normal school permanent fund, the permanent common school fund, and the scientific permanent fund.

(3) As used in this section, "project completion" means:

(a) All remaining development, construction, and administrative costs related to completion of the convention center; and

(b) Costs of the McKay building demolition, Eagles building rehabilitation, and construction of rentable retail space and an operable parking garage.

(4) It is the intent of the legislature that project completion costs be paid ultimately from the following sources:

(a) \$29,250,000 to be received by the corporation under an agreement and settlement with Industrial Indemnity Co.;

(b) \$1,070,000 to be received by the corporation as a contribution from the city of Seattle;

(c) \$20,000,000 to be received by the corporation under an anticipated agreement with a private developer;

(d) \$7,955,000 to be provided by a private developer for McKay building demolition, Eagles building rehabilitation, and construction of rentable retail space and an operable parking garage; and

(e) \$4,765,000 for contingencies and project reserves from additional general obligation bonds to be repaid from convention center revenue from the special excise tax under RCW 67.40.090.

(5) The borrowing authority provided in this section is in addition to the authority to borrow from the general fund to meet the bond retirement and interest requirements set forth in RCW 67.40.060. To the extent the specific conditions and limitations provided in this section conflict with the general conditions and limitations provided for temporary cash deficiencies in RCW 43.88.260 (section 7, chapter ... (SSB 5606), Laws of 1987), the specific conditions and limitations in this section shall govern.

Sec. 2. Section 2, chapter 34, Laws of 1982 as last amended by section 1, chapter 210, Laws of 1984 and RCW 67.40.020 are each amended to read as follows:

(1) The governor is authorized to form a public nonprofit corporation in the same manner as a private nonprofit corporation is formed under chapter 24.03 RCW. The public corporation shall be an instrumentality of the state and have all the powers and be subject to the same restrictions as are permitted or prescribed to private nonprofit corporations, but shall exercise those powers only for carrying out the purposes of this chapter and those purposes necessarily implied therefrom. The governor shall appoint a board of nine directors for the corporation who shall serve terms of six years, except that two of the original directors shall serve for two years and two of the original directors shall serve for four years. After January 1, 1991, at least one position on the board shall be filled by a member representing management in the hotel or motel industry subject to taxation under RCW 67.40.090. The directors may provide for the payment of their expenses. The corporation may cause a state convention and trade center with an overall size of approximately three hundred thousand square feet to be designed and constructed on a site in the city of Seattle. In acquiring, designing, and constructing the state convention and trade center, the corporation shall consider the recommendations and proposals issued on December 11, 1981, by the joint select committee on the state convention and trade center.

(2) The corporation may acquire and transfer real and personal property by lease, sublease, purchase, or sale, and further acquire property by condemnation of privately owned property or rights to and interests in such property pursuant to the procedure in chapter 8.04 RCW, or gift, accept grants, request the financing provided for in RCW 67.40.030, cause the state convention and trade center facilities to be constructed, and do whatever is necessary or appropriate to carry out those purposes. The corporation may enter into lease and sublease contracts for a term exceeding the fiscal period in which such lease and sublease contracts are made: PROVIDED, That such contracts are approved by the director of financial management in consultation with the chairpersons of the ways and means committees of the house of representatives and the senate. The terms of sale or lease of properties acquired by the corporation on February 9, 1987, pursuant to the property purchase and settlement agreement entered into by the corporation on June 12, 1986, excepting the McKay parcel which the corporation is contractually obligated to sell under that agreement, shall also be subject to the approval of the director of financial management in consultation with the chairpersons of the ways and means committees of the house of representatives and the senate, in order to allow the corporation flexibility to secure appropriate insurance by negotiation, the corporation is exempt from RCW 48.30.270. The corporation shall maintain, operate, promote, and manage the state convention and trade center.

(3) In order to allow the corporation flexibility in its personnel policies, the corporation is exempt from chapter 41.06 RCW, chapter 41.05 RCW, RCW 43.01.040 through 43.01.044, chapter 41.04 RCW and chapter 41.40 RCW.

Moneys in the account, including unanticipated revenues under RCW 43.79.270, may be spent only after appropriation by statute, and may be used only for operation and promotion of the center.

Subject to approval by the office of financial management under RCW 43.88.260 (section 7, chapter ... (SSB 5606), Laws of 1987), the corporation may expend moneys for operational purposes in excess of the ~~((amount appropriated for such purposes))~~ balance in the account, to the extent the corporation receives or will receive additional operating revenues.

~~((2) Seventy-five percent of the income from the investment of the corporation's funds deposited in the general fund pursuant to RCW 43.84.090 including interest earned thereon, before and after May 10, 1985, shall be credited against any future borrowings by the corporation from the general fund for debt service or otherwise at the time such funds are needed after July 1, 1987.))~~

(4) As used in this section, "operating revenues" does not include any moneys required to be deposited in the state convention and trade center account.

Sec. 4. Section 4, chapter 34, Laws of 1982 as last amended by section 66, chapter 57, Laws of 1985 and RCW 67.40.040 are each amended to read as follows:

(2) Seventy-five percent of the income from the investment of the corporation's funds deposited in the account, including interest earned thereon, before and after May 10, 1985, shall be credited against any future borrowings by the state convention and trade center corporation from the general fund for debt service or otherwise at the time such funds are needed after July 1, 1987.

(3) Moneys in the account, including unanticipated revenues under RCW 43.79.270, shall be used exclusively for the following purposes in the following priority:

PROVIDED, That no proceeds from the sale of bonds or earnings from the investment of the proceeds shall be used to fund subsection (4) or (8) of this section.

Sec. 5. Section 6, chapter 34, Laws of 1982 as amended by section 5, chapter 1, Laws of 1983 2nd ex. sess. and RCW 67.40.060 are each amended to read as follows:

The state general obligation bond retirement fund shall be used for the payment of the principal of and interest on the bonds authorized in RCW 67.40.030.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. Not less than thirty days prior to the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund an amount equal to the amount certified by the state finance committee to be due on that payment date. On each date on which any interest or principal and interest is due, the state treasurer shall cause an identical amount to be paid out of the state convention and trade center account, or state convention and trade center operations account, from the proceeds of the special excise tax imposed under RCW 67.40.090, operating revenues of the state convention and trade center, and bond proceeds and earnings on the investment of bond proceeds, for deposit in the general fund of the state treasury. Any deficiency in such transfer shall be made up as soon as special excise taxes are available for transfer and shall constitute a continuing obligation of the state convention and trade center account until all deficiencies are fully paid.

Bonds issued under RCW 67.40.030 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

Sec. 6. Section 9, chapter 34, Laws of 1982 and RCW 67.40.090 are each amended to read as follows:

Commencing April 1, 1982, there is imposed, and the department of revenue shall collect, in King county a special excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than sixty lodging units. It shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes rental or lease of real property and not a mere license to use or enjoy the same. The legislature on behalf of the state pledges to maintain and continue this tax until the bonds authorized by this chapter are fully redeemed, both principal and interest.

(1) The rate of the tax imposed under this section shall be:

~~((+))~~ (a) From April 1, 1982, through December 31, 1982, inclusive, three percent in the city of Seattle and two percent in King county outside the city of Seattle; and

~~((=))~~ (b) On and after January 1, 1983, five percent in the city of Seattle and two percent in King county outside the city of Seattle. The tax levied under this subsection (b) shall expire on the first day of the next calendar quarter after the director of financial management certifies that (i) the bonds issued pursuant to RCW 67.40.030 have been fully retired and (ii) all borrowings by the convention center for (A) bond retirement, and (B) operating expenses of the convention center incurred through June 30, 1992, have been repaid together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed.

(2) On and after October 1, 1993, in addition to the tax specified in subsection (1) of this section, there is levied a surtax for the purpose of reimbursing moneys borrowed to pay actual net operating deficits of the convention center incurred after June 30, 1992, as provided in this subsection. On or before October 1, 1993, and on or before October 1 of each succeeding year, the director of financial management shall certify the actual net operating deficit, if any, of the convention center for the prior fiscal year and shall determine the rate of surtax which, if imposed during the succeeding twelve months, will be sufficient to reimburse moneys borrowed for the actual net operating deficit of the convention center in the prior fiscal year plus any surtax deficiencies in prior years less any surtax surpluses in prior years. As used in this section, (a) "surtax deficiency" means any excess of (i) the convention center net operating deficit over (ii) receipts from the surtax imposed under this subsection to reimburse such deficit; and (b) "surtax surplus" means any excess of (i) receipts from a surtax imposed to reimburse a convention center net operating deficit over (ii) the convention center operating deficit which the surtax is intended to reimburse. The surtax so determined shall be effective, and shall be imposed and collected, beginning October 1 of each year for the succeeding twelve months: PROVIDED, That the surtax shall not exceed forty percent of the tax in effect under subsection (1) of this section in the city of Seattle and in King county outside the city of Seattle. The director of financial management shall determine the amount of the surtax based upon actual receipts from the tax provided for in RCW 67.40.090 during the last complete fiscal year. The surtax imposed on hotels and motels in King county outside the city of Seattle shall be forty percent of the surtax imposed on hotels and motels in the city of Seattle.

(3) The surcharge under subsection (2) of this section shall be forty percent of the tax in effect under subsection (1) of this section, effective on the day either of the following events occurs, whichever is earlier:

(a) A temporary or permanent injunction or order becomes effective which prohibits in whole or in part the collection of surtax at the rates specified in subsection (2) of this section; or

(b) A decision of a court in this state invalidating in whole or in part subsection (2) of this section.

The proceeds of the special excise tax shall be deposited in the state convention and trade center account. Chapter 82.32 RCW applies to the tax imposed under this section.

NEW SECTION, Sec. 7. A new section is added to chapter 67.28 RCW to read as follows:

No city imposing the tax authorized under RCW 67.28.180 may use the tax proceeds directly or indirectly to acquire, construct, operate, or maintain facilities or land intended to be used by a professional sports franchise if the county within which the city is located uses the proceeds of its tax imposed under RCW 67.28.180 to directly or indirectly acquire, construct, operate, or maintain a facility used by a professional sports franchise.

NEW SECTION, Sec. 8. A new section is added to chapter 67.40 RCW to read as follows:

(2) \$12,720,000 for McKay building demolition, Eagles building rehabilitation, construction of rentable retail space and an operable parking garage, and project reserves and contingency funds.

NEW SECTION. Sec. 10. Section 317, chapter ... (ESHB 1221), Laws of 1987 1st ex. sess., (uncodified) is repealed.

The state treasurer shall from time to time transfer from the state general fund, or such other funds as the state treasurer deems appropriate, to the state convention and trade center operations account such amounts as are necessary to fund appropriations from the account. All amounts borrowed under the authority of this section shall be repaid to the appropriate fund, together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed.

NEW SECTION. Sec. 12. \$9,320,000 or so much thereof as may be necessary, is appropriated from the state convention and trade center operations account to the state convention and trade center corporation, for the fiscal biennium ending June 30, 1989, for the purposes of operation and promotion of the center.

#### MOTION

Senator McDonald moved that the rules be suspended and Engrossed Substitute Senate Bill No. 5901 be returned to second reading.

#### POINT OF INQUIRY

Senator Cantu: "Senator McDonald, you've asked for a motion to roll the bill back to second reading for purpose of an amendment, as I understand it. Would you please explain the purpose of your motion?"

Senator McDonald: "Yes, Senator Cantu. Basically, the bill that is before us has a portion in it that is disallowing any entity from using the hotel/motel tax for professional sports arenas. This has to do with Bellevue versus Seattle and the Sonics' stadium. The purpose would be then to roll back to second reading and to take out

that portion. It's my feeling that the state really has no part in this debate. It's between the two municipalities and the sports franchise. That would be my purpose."

Further debate ensued.

#### POINT OF ORDER

Senator Rasmussen: "Mr. President, a point of order. It would seem to me from the little bit that I've heard of the discussion that the proposed bill contains more than one subject and would, therefore, be unconstitutional. I would hope the President would take a look at that. Maybe not rule it unconstitutional, but the fact that there are two subjects in there, not just financing the convention center, but prohibiting some other city from financing whatever they would like to out of the hotel/motel tax. The constitutional question is very grave. Besides, it's not providing for equal treatment of all municipalities."

#### REPLY BY THE PRESIDENT

President Cherberg: "Senator Rasmussen, as to the two subjects, the President would prefer to leave that to the Supreme Court."

The President declared the question before the Senate to be the motion by Senator McDonald to suspend the rules and return Engrossed Substitute Senate Bill No. 5901 to second reading.

The motion by Senator McDonald failed and Engrossed Substitute Senate Bill No. 5901 was not returned to second reading.

#### MOTION

Senator Bottiger moved that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 5901.

Debate ensued.

The President declared the question before the Senate to be the motion by Senator Bottiger that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 5901.

The motion by Senator Bottiger carried and the Senate concurred in the House amendments to Engrossed Substitute Senate Bill No. 5901.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 5901, as amended by the House.

#### POINT OF ORDER

Senator Rasmussen: "Mr. President, a point of order. My point of order is that Senator McCaslin has referred to me that it's also in our Senate rules that a bill cannot contain more than one subject which is something you could rule on, Mr. President, before we have the final vote."

#### REPLY BY THE PRESIDENT

President Cherberg: "The President is aware of that, Senator, but the President does not like to rule on constitutional questions."

#### ROLL CALL

The Secretary called the roll on final passage of Engrossed Substitute Senate Bill No. 5901, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 25; nays, 11; absent, 1; excused, 12.

Voting yea: Senators Bailey, Bender, Bluechel, Bottiger, Cantu, Conner, DeJarnatt, Fleming, Garrett, Halsan, Hansen, Hayner, Kiskaddon, Kreidler, McDonald, Nelson, Newhouse, Owen, Saling, Sellar, Smitherman, Stratton, von Reichbauer, Williams, Zimmerman - 25.

Voting nay: Senators Craswell, Gaspard, McCaslin, McDermott, Peterson, Rasmussen, Rinehart, Tanner, Vogt, Warnke, Wojahn - 11.

Absent: Senator Patterson - 1.

Excused: Senators Anderson, Barr, Bauer, Benitz, Deccio, Johnson, Lee, Metcalf, Moore, Pullen, Talmadge, West - 12.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5901, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

RESIGNATION OF SENATOR JIM McDERMOTT

June 19, 1987

The Honorable Booth Gardner  
Governor of the State of Washington  
Second Floor, Legislative Building  
Olympia, Washington 98504  
Dear Governor Gardner:

I am writing to inform you of my resignation from the Washington State Senate, effective 24 July 1987. This is not a decision at which I have arrived easily; rather, I have given it the most serious deliberation over the course of many months. The factors upon which my decision finally rests are personal considerations.

My years in elective office have yielded enormous satisfaction to me. I believe that public service is, indeed, "the highest calling," and I am genuinely grateful to the people of the 43rd Legislative District for the opportunity for service they granted me. Public life has taught me a great deal. I hope that I have made a meaningful contribution in return.

It has been a personal pleasure for me to work with you for the past two-and-a-half years, and I extend my very best wishes to you for the future.

Sincerely,

Jim McDermott, State Senator

## INTRODUCTION AND FIRST READING

SB 6078 by Senators Vognild, Hayner, Fleming and Sellar (by request of Governor Gardner and Department of Revenue)

AN ACT Relating to business and occupation taxation of multiple activities; amending RCW 82.04.440; creating new sections; and declaring an emergency.

## MOTIONS

On motion of Senator Vognild, the rules were suspended, Senate Bill No. 6078 was advanced to second reading and read the second time.

On motion of Senator Vognild, the rules were suspended, Senate Bill No. 6078 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

## REMARKS BY SENATOR GASPARD

Senator Gaspard: "On June 23, the United States Supreme Court ruled that the multiple activities exemption contained in Washington's business and occupation tax was unconstitutional. The bill before you today repairs the B&O tax system and returns it to firm constitutional ground.

"This bill is the result of a great deal of thought and study. After the United States Supreme Court ruling, a work group was formed to respond to the decision. The group was bipartisan, composed of two members of each caucus in the House and the Senate as well as two representatives of Governor Gardner.

"The group considered a number of solutions, such as the elimination of the multiple activities exemption, which would have doubled the tax on businesses that both manufacture and sell their products in Washington. The group also considered an apportioned gross receipts tax. In the end, the group unanimously recommended the double credit because it solves the constitutional problem identified by the United States Supreme Court with the least disruption to the present business and occupation tax system.

"The U. S. Supreme Court struck down the multiple activities exemption, because its benefits were limited exclusively to intrastate commerce. A business that both manufactured and sold products in Washington was subject to only one tax, either the wholesale or retail B&O tax. The multiple activities exemption shielded the business from the manufacturing tax on the products sold within the state. The multiple activities exemption did not apply however, to manufacturing businesses engaged in interstate commerce. If a business manufactured a product in Washington and sold it elsewhere, the business was potentially subject to two taxes--Washington's manufacturing tax and another state's selling tax. The U. S. Supreme Court concluded in June that this potential for double taxation of interstate commerce was discriminatory.

"The double credit eliminates this problem by extending the benefits of the multiple activities exemption to interstate commerce. Under this bill, intrastate commerce and interstate commerce will be treated in an identical manner as required by the U. S. Supreme Court.

"The idea of allowing a credit against Washington taxes for taxes paid to other states is not a new one. In 1985, the Legislature enacted a business and occupation tax credit, in anticipation of a ruling by the U. S. Supreme Court invalidating the multiple activities exemption. This bill simply extends the scope of the 1985 credit.

"Also, for many years Washington has allowed a credit against Washington use tax for sales taxes paid to other states. The analogy between the use tax credit and the double credit in this bill is especially apt. The U. S. Supreme Court supported its conclusion that the multiple activities exemption was discriminatory by comparing it to Washington's sales and use tax which allows a use tax credit for sales taxes paid to other states. The court concluded that in order to have a valid multiple activities exemption it is similarly necessary for Washington to allow a credit against Washington tax liability for taxes paid to other states. The double credit in this bill achieves that end.

"Specifically, the bill provides a credit against the wholesaling or retailing taxes for manufacturing taxes paid to Washington State and jurisdictions outside Washington. It also allows a credit against Washington manufacturing and extracting taxes for gross receipts taxes on wholesaling or retailing paid outside the state.

"In short, this bill responds to the United States Supreme Court decision and minimizes the state's fiscal and legal risk. It substantially improves the 1985 credit enacted by the Legislature and it does so in a way that does not adversely impact small manufacturers doing business in the state."

## POINT OF INQUIRY

Senator Deccio: "Senator Gaspard, this morning I asked the attorney from Bogel and Gates if we passed this bill if it would mean more litigation. His answer was, 'yes.' Mr. Wilkerson did not respond. I am just curious as to what your response would be."

Senator Gaspard: "Senator Deccio, it would be very difficult to anticipate what the attorneys will decide in this case. For the record and the question and answer, I would not want to make any definitive answer to that. I think that will be left for the Department of Revenue and the Attorney General's Office and the plaintiff's attorneys to make those decisions."

## REMARKS BY SENATOR McDONALD

Senator McDonald: "This bill has been criticized by some, because it only allows credit for the payment of certain gross receipts taxes in other jurisdictions. They argue that to be valid a credit must be allowed against a wider variety of taxes, even including income taxes paid to other jurisdictions.

"Their argument misconstrues the decision of the U. S. Supreme Court. In discussing the requirement for credits, the Supreme Court was clearly talking about credits for manufacturing and selling taxes paid to other states. Put another way, Washington must treat interstate businesses in the same manner as it treats intra-state businesses. Washington is not required to account for or allow a credit for completely different kinds of taxes paid in other jurisdictions.

"Again, the analogy to Washington's sales and use tax is apt. Washington allows a credit against its use tax for sales taxes paid to other states. We do not allow a credit against our use tax for income or property taxes paid to any other state--nor are we required to. The same principle applies to the double credit in this bill.

"In fact, other jurisdictions do have gross receipts taxes which may be credited against Washington's taxes under this bill. For example, a number of states impose gross receipts taxes, similar to Washington's extracting tax, on the severance of minerals, oil or gas. An oil company that pays a qualifying gross receipts tax on the severance of oil will be entitled to a credit against Washington's selling tax on the sale of that oil in this state."

"In conclusion, the work group and leadership have agreed to a proposal on a bipartisan basis. That proposal responds to the legal and fiscal concerns which were expressed upon receipt of the Supreme Court decision.

"I want to compliment all four caucuses and the Governor and his staff for putting forth a workable solution to this complicated problem."

On motion of Senator Vognild, the rules were suspended, Senate Bill No. 6084 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

## POINT OF ORDER

Senator Cantu: Mr. President, I rise on a point of order. Rule 1 of the Joint Rules, Conflict of Interest, Joint Rule 1 (a), subsection (1) Code of Ethics and Senate Rule 22, subsections (1) and (2) address the issue of a legislator voting on measures in which he or she may have a personal interest.

"The legislation we now have before us in Senate Bill No. 6084 could potentially uniquely affect the operation of my employer, the Boeing Company. The Senate and Joint Rules, relating to members voting, state that legislators who have what is defined as a conflict of interest regarding a measure before the body shall not vote on the measure. I am employed by the Boeing Company as an Engineering Supervisor. For the record, there are approximately a thousand supervisors in the same capacity in a workforce of approximately 100,000 employees.

"Pursuant to the rules of the Senate, Joint Rules and Reed's Parliamentary Rules--Rule 235, I hereby request a ruling regarding whether or not I should be excused from voting on Senate Bill No. 6084."

## RULING BY THE PRESIDENT

President Cherberg: "Senator Cantu, the Senate Rules and Joint Rules require that a legislator shall only be excused from voting when the interest is direct and the legislator has reason to believe or expect that a direct monetary gain or loss will be derived by reason of the legislator's official activity.

"Joint Rule 1 clearly states that a legislator does not have a personal interest which is in conflict with the proper discharge of legislative duties if no benefit or detriment accrues to the legislator as a member of a business, profession, occupation, or group, to a greater extent than any other member of such business, profession, occupation, or group.

"Therefore, the President rules that based upon the facts presented, you do not have a conflict of interest and you should not be excused from voting on Senate Bill No. 6084."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Senate Bill No. 6084.

**NEW SECTION.** Sec. 63. Persons seeking to purchase property and casualty insurance to cover losses stemming from hazardous substances have experienced major problems due to the lack of availability of such insurance. The legislature finds that the availability of this coverage is critical to the economy of the state of Washington and its unavailability threatens to weaken the economy of the state and undermine the financial stability of its citizens.

Unless the context requires otherwise, the definitions in this section apply throughout sections 65 through 67 of this act.

(1) "Association" means a joint underwriting association established under section 65 of this act.

(2) "Casualty insurance" means those types of insurance set forth in RCW 48.11.070 but does not include workers' compensation.

(3) "Commissioner" means the insurance commissioner of the state of Washington.

(4) "Hazardous substance coverage" means coverage for liability or property loss stemming from the use of hazardous substances as defined in section 2 of this act.

(5) "Property insurance" means those types of insurance set forth in RCW 48.11.040.

(6) "Insurer" means those persons set forth in RCW 48.01.050.

**NEW SECTION.** Sec. 65. A new section is added to chapter 48.22 RCW to read as follows:

If the commissioner finds that property and/or casualty insurance for hazardous substance coverage is not reasonably available in this state from insurers possessing certificates of authority to do business in this state, the commissioner may establish such joint underwriting associations as are necessary to provide such insurance through policies of insurance affording reasonable coverage.

**NEW SECTION.** Sec. 66. A new section is added to chapter 48.22 RCW to read as follows:

Any association established by the commissioner under section 65 of this act shall be comprised of all insurers possessing a certificate of authority permitting the sale in this state of any of the classes of property and/or casualty insurance to be provided by the association. Exclusion or withdrawal from an association may be permitted by the commissioner upon a demonstration by the insurer of hardship threatening the financial solvency of the insurer.

NEW SECTION, Sec. 67. A new section is added to chapter 48.22 RCW to read as follows:

Any plan of operation established by the commissioner under section 65 of this act shall be designed to permit an association to operate as close to a break-even point as is practical. The commissioner may require association members to pay, by reasonable assessments or fees, any costs or expenses of the association, to commence and continue operation, above the amount of premium received by the association.

NEW SECTION, Sec. 68. A new section is added to chapter 48.22 RCW to read as follows:

Any insurer with a certificate of authority to write property and casualty insurance in this state shall make available upon request coverage for property and liability damage resulting from hazardous substances. The commissioner shall adopt rules to implement this section."

Renumber the sections consecutively and correct internal references accordingly.

#### POINT OF INQUIRY

Senator Deccio: "A serious question, Senator Talmadge, this would be quite an undertaking for the Commissioner, have you checked with him to see whether or not they would be able to handle this sort of a chore?"

Senator Talmadge: "Senator Deccio, the Commissioner's Office has been made aware. You will note in the bill that it is not mandatory that he operate a joint underwriting authority, but rather it is discretionary with his office, and that is language that I think would be acceptable to the Insurance Commissioner. It may well be that there are some costs associated with it, but it is discretionary with the Commissioner, after making those specific findings."

Further debate ensued.

Senator Rasmussen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Talmadge.

#### ROLL CALL

MESSAGE FROM THE HOUSE

October 10, 1987

Mr. President:

The House has adopted SENATE CONCURRENT RESOLUTION BILL NO. 8422 and the same is herewith transmitted.

SHARON L. CASE, Assistant Chief Clerk

SIGNED BY THE PRESIDENT

The President signed:

SENATE CONCURRENT RESOLUTION NO. 8422.

There being no objection, the President advanced the Senate to the sixth order of business.

There being no objection, the Senate resumed consideration of Senate Bill No. 6085 and the pending amendment by Senator Bailey on page 4, line 15, deferred earlier today.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Senator Kreidler, the reason that I put this amendment up was for clarification of the liability of this issue. When we read in Section 4, subsection (3) (d) of this Act, farmers that apply pesticides or insecticides under proper facilities in a proper manner--they are exempt. Then we come on with this amendment and there is some question whether they are exempt or whether they are not. I know the committee discussed this, so could you--are they exempt or are they not?"

Senator Kreidler: "Thank you, Senator Bailey, my answer to that is it is true that the pesticide language in the definition of a release under Section 2, subsection (10) does not in any way affect the exemption from liability for persons under Section 4, (3) (d) of this bill."

MOTION

On motion of Senator Bailey and there being no objection, the amendment on page 4, line 15, was withdrawn.

MOTION

Senator Bailey moved that the following amendment be adopted:

On page 9, line 8, after "Producing" insert "or storing"

REMARKS BY SENATOR KREIDLER

Senator Kreidler: "Thank you, Mr. President. I rise to oppose the amendment and I do so on the grounds that fumigation or apple cold storage practices will not be stopped because of the passage of this bill. No additional liability is added to those who fumigate--grain elevators who use agricultural chemicals in the storage of apples. If we start opening up this bill to this change, I can assure you that innumerable other changes would be added to this particular bill--other little

pieces here, there and everywhere that you could possible imagine in this complex society in the state of Washington. I would urge you to reject this amendment and the following amendments that would, in effect, do the same type of specific types of exemption for certain areas.

"There has not been a problem, it isn't broke, let's not try and fix it now. Let's wait and have that opportunity in time to review and see, if indeed, it ever does occur. There is no change in current statute with the passage of this Act--no expansion of liability. I think that is the important bottom line to remember. By adopting this amendment, we are essentially trying to second guess that some day, somehow there might be a problem. It hasn't happened. Let's let this Act go into effect. If indeed, something ever did occur, we can address it at that time."

#### MOTION

On motion of Senator Newhouse, the remarks by Senator Kreidler on the amendment by Senator Bailey on page 9, line 8, will be spread upon the journal.

Debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Bailey.

The motion by Senator Bailey failed and the amendment was not adopted.

#### MOTION

Senator Bailey moved that the following amendments be considered simultaneously and adopted:

On page 9, line 10, after "plant;" strike "or"

On page 9, line 11, after "timber" insert "; or (v) noxious weed control authorized by the state or any county under chapter 17.10 RCW"

Debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Kreidler, if I understand this--Senator Bailey's amendment--this would include those public bodies serving on weed control for the county, etc. You have exempted 'producing any crops, farm animals, any other farm product, growing Christmas trees, growing any nursery plant or growing trees, including trees for the production of timber.' Now those were all of the people that were in there and helped you write the bill. Senator Bailey is only saying that these people who serve--and most of them are serving on a volunteer basis on these boards and things--that they should have--and clearly written in.

"Now, I rather object to the way we have been doing this. We're writing law here with you declaring the intent and somebody else saying 'well, that's the intent.' I see nothing wrong with the Bailey amendment. It is merely extending some assurance to these people that they have protection in accordance with federal law with the rules and regulations they have that they are granted the same protection.

"Now, I would like to have you explain why you protect certain other groups--and I know that they helped you write the bill. It is no joke, they did write the bill, but when someone else comes in with a reasonable amendment that says we should extend this protection--they don't get any money for doing it. It's a labor of love, but they should have that protection. I don't want any more of this 'intent' out here on what the 'intent' of the law is. You say it is a law, that's it. Everybody understands it. What your 'intent' is, I don't know. Your 'intent' is always good, I am sure.

"Explain why certain other groups are written in here and then you think it is terrible to give any protection to these groups that are working for their own--weed control, mosquito control and those other various bodies?"

Senator Kreidler: "Thank you, Mr. President, rising to what I think was a question. Specifically, there hasn't been a problem shown, there has never occurred a problem of seeing a Superfund established as a problem in this particular area of weed control. You can't imagine the number of uses of different types of chemicals, pesticides, any number of different types of material in our state society where any number of groups and organizations might rise to say, 'but what if.' I think the bottom line here is that we have to remember that there is no extension of liability with

this statute--absolutely none. And the second one is that there has not been a demonstrated problem that would indicate that we should be taking this step at this time. For those reasons, let's not start opening the flood gates and finding one group after another that say, 'what if, maybe.' For them someday, they might, under certain circumstances, find a problem. Believe me, we would be here for many Saturdays and many a week if we tried to open up those flood gates and try to define every single group that might, potentially under those circumstances, be affected. It is by far better to say, 'let's hold the line, let's wait and see if there is a problem' before we try to fix the problem."

Debate ensued.

The President declared the question before the Senate to be adoption of the amendments by Senator Bailey.

The motion by Senator Bailey failed and the amendments were not adopted.

#### MOTION

Senator Lee moved that the following amendment be adopted:

On page 9, following line 25, insert the following:

"(f) Any person who buries or interms or causes to bury or inter without negligence, human remains at a legally authorized site for burial or interment, in accordance with all applicable federal and state laws."

Debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Lee.

The motion by Senator Lee failed and the amendment was not adopted.

#### MOTION

Senator Lee moved that the following amendment be adopted:

On page 29, line 26, after "statute" insert "and not less than fifty percent of these moneys shall be expended for hazardous waste cleanup and public funding of remedial action"

Debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Lee.

The motion by Senator Lee failed and the amendment was not adopted.

#### MOTION

Senator Cantu moved that the following amendment be adopted:

On page 6, line 8, after "chapter," insert:

"All recommendations for future expenditures and reporting of past expenditures, both public and private, shall include an accounting which specifically details those amounts expended for each of the permissible activities listed in section 21, sub paragraph (3), (a) through (1), of this act. In addition, each activity, whether completed, ongoing or proposed, shall be accounted for by specific dollar allocation in accordance with those permissible expenditures listed in section 21, sub paragraph (3), (a) through (1) of this act."

Debate ensued.

Senator Rasmussen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Cantu.

Further debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Cantu, in regard to the remarks made by Senator Vognild, is it your intention that the money that is expended by the Department consists of public and private, but not what the private people themselves have put in?"

Senator Cantu: "The answer is yes, Senator Rasmussen. The amendment is against the toxic control interest. It is that section of the bill that says 'Moneys in the state toxic control account shall be used only to carry out the purposes of this chapter, including but not limited to.' If grants are being given, then I want accountability of those grants."

Senator Rasmussen: "In the way the Department handles the grant?"

Senator Cantu: "That is correct."

Further debate ensued.

## ROLL CALL

The Secretary called the roll and the amendment by Senator Cantu was not adopted by the following vote: Yeas, 18; nays, 24; excused, 7.

Voting yea: Senators Anderson, Bailey, Benitz, Bluechel, Cantu, Craswell, Deccio, Garrett, Johnson, Kiskaddon, Lee, McCaslin, McDonald, Pullen, Rasmussen, Talmadge, Tanner, West - 18.

Excused: Senators Hayner, Moore, Patterson, Saling, Stratton, von Reichbauer, Williams - 7.

## MOTION

On motion of Senator Vognild, the rules were suspended. Engrossed Senate Bill No. 6085 was advanced the third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

## POINT OF INQUIRY

Senator Zimmerman: "Senator Kreidler, I would like an elaboration of the intent of New Section 23 on page 31 that deals with existing agreements. Does this section mean that if a consent decree or order has been entered into before the effective date of this Act, that the provisions of this Act shall not be construed to amend such agreements?"

Senator Kreidler: "Senator Zimmerman, the answer to your question is yes. The provisions of this Act shall not be construed to amend such agreements."

Further debate ensued.

## POINT OF INQUIRY

Senator Bender: "Senator Kreidler, if a transporter had no knowledge of or no reason to know that he or she was transporting hazardous substances and those substances caused a release, would the transporter be liable under this bill?"

Senator Kreidler: "Yes, he could be, but in allocating the costs of cleanup between a transporter with no knowledge and the person from whom he received the substance, the court should make the person who had knowledge bear all the cleanup costs. Between the two parties, the Department should only seek costs from the person who gave the substance to the transporter."

## POINT OF INQUIRY

Senator Vognild: "Senator Kreidler, on page 8, in Section 4, subsection (3) (b) (i) of the bill, there is an exemption from liability for a person who purchased contaminated property if he or she made 'all appropriate inquiry' to determine whether there was contamination on it. Is it your understanding that 'all appropriate inquiry' means that an owner or purchaser of property must have made a 'reasonable' attempt to find out about contamination on the property?"

Senator Kreidler: "Yes, that is my understanding."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 6085.

## MOTION

On motion of Senator Zimmerman, Senator Craswell was excused.

## ROLL CALL

The Secretary called the roll on final passage of Engrossed Senate Bill No. 6085 and the bill passed the Senate by the following vote: Yeas, 32; nays, 9; excused, 8.

GOVERNOR'S MESSAGE ON SENATE BILL  
SIGNED AFTER ADJOURNMENT  
1987 THIRD SPECIAL SESSION

October 16, 1987

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON  
Ladies and Gentlemen:

I have the honor to advise you that on October 16, 1987, Governor Gardner approved the following Senate Bill entitled:

Senate Bill No. 6085

Relating to the environment.

Sincerely,  
Terry Sebring, Legal Counsel to the Governor

GOVERNOR'S MESSAGES ON SENATE BILLS  
VETOED AND PARTIALLY VETOED

1987 REGULAR AND FIRST SPECIAL SESSION

April 25, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 143 and 214, Senate Bill No. 5017, entitled:

"AN ACT Relating to conforming the statutes involving district courts to reflect modern terminology and practices."

Sections 143 and 214 are identical to sections 4 and 18 of Senate Bill No. 5015. Since I have signed Senate Bill No. 5015, sections 143 and 214 of this bill are duplicative.

With the exceptions of sections 143 and 214, Senate Bill No. 5017 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 18, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to a portion of section 10(6), Engrossed Second Substitute Senate Bill No. 5074 entitled:

"AN ACT Relating to mental health."

I support the revisions of the involuntary commitment procedures. They will provide a more comprehensive approach to the treatment of mentally-ill adults in intensive and less restrictive settings.

However, the last sentence of section 10(6) which reads "In the event of a revocation of a less restrictive alternative treatment, the subsequent treatment period may be no longer than fourteen days", will cause the subsequent treatment period after a revocation to be restricted.

State hospitals would be required to file a new ninety day petition for persons whose original involuntary treatment plan was revoked and who require care beyond the fourteen day period. This would create a significant workload. Additionally, it would require a duplicative hearing process by mandating that a hearing on the new treatment plan be held in addition to the hearing revoking the existing plan.

With the exception of a portion of section 10(6), Engrossed Second Substitute Senate Bill No. 5074 is approved.

Respectfully submitted,  
Booth Gardner, Governor

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5088, entitled:

"AN ACT Relating to custodial interference."

This bill would amend criminal provisions relating to custodial interference to include interference with visitation rights. First, while I believe non-custodial parents deserve fair treatment when their visitation rights are abused or denied, I am sensitive to those who are concerned that involving the police in settling non-violent visitation disputes is not the best approach. Police experience has shown that disputes over dates, times and conditions of child visitation are so common that any effort on behalf of the police to respond to calls for assistance in such disputes would very seriously affect police and sheriff department resources and ability to respond to life-threatening and criminal law situations. Police intervention should be reserved for when there are threats to the physical well-being of a child.

Secondly, there are remedies under existing law to protect "relatives", including parents, when their visitation rights are denied.

Third, Substitute House Bill No. 48, the Parenting Act, is intended to improve the way child custody is determined and will provide for an alternative dispute resolution process to settle parental disputes over such concerns as visitation. We need to give this new parenting/custody determination procedure in Substitute House Bill No. 48 a chance to work.

Substitute Senate Bill No. 5088 would also limit the current defense to a prosecution of custodial interference by adding several more conditions, all of which must be met. There are many who are concerned that this amendment narrows the defense to the degree that routine problems that cause a delay in delivering a child would subject parents to unnecessary criminal action. Furthermore, Substitute House Bill No. 48 provides for a civil action for custodial interference if either custodial or non-custodial parents interfere with custody or visitation.

For these reasons, I have vetoed Substitute Senate Bill No. 5088.

Respectfully submitted,  
Booth Gardner, Governor

May 11, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1(2), Substitute Senate Bill No. 5113, entitled:

"AN ACT Relating to motor vehicle passenger safety device usage."

Substitute Senate Bill No. 5113 in section 1(1) provides that any anticipated change in losses that may be attributed to usage of seatbelts, child restraints, and other lifesaving devices should be reflected in the credits or discounts provided by automobile insurers. I endorse this idea.

Section 1(2) involves a double amendment and duplication to Substitute House Bill No. 920, section 1(3) and is identical. I have therefore vetoed section 1(2) to avoid duplication in the statute.

With the exception of section 1(2), Substitute Senate Bill No. 5113 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 18, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 4, Substitute Senate Bill No. 5123 entitled:

"AN ACT Relating to highway advertising control."

Section 4 waives the restriction that on-premise signs of facilities advertised on highway information panels extend less than fifteen feet above the roof of the building when those signs are not visible from the rural primary system and scenic system. In addition, these sections allow the Department of Transportation to waive the height restriction on a case-by-case basis even when a sign is visible from the roadway.

The purposes of highway sign restrictions are both safety related and aesthetic. An excess of signs visible from a highway leads to motorist confusion and distracts the driver from full attention to traffic. For this reason, the federal government and the state have adopted standards for the design, placement and purposes of signs in order to minimize unnecessary clutter.

Furthermore, the state has adopted the scenic highway system to "attract visitors to this state by conserving the natural beauty of areas adjacent to the interstate system, and of scenic areas adjacent to state highways upon which they travel in great numbers, and to ensure that information in the specific interest of the traveling public is presented safely and effectively" (RCW 47.42.010). To that end, the Legislature has provided guidance to the Department of Transportation for determining which types of signs meet with statutory intent.

Section 4 of this bill attempts to provide the Department with flexibility to meet the needs of businesses located along the state's highway systems. However, by allowing unrestricted waivers from the statutory height requirements, we may eventually thwart the purposes of sign restrictions. Without statutory guidance, the Department of Transportation is left without grounds for denial of waivers and may be forced to grant all such requests. I do not believe this outcome was intended.

With the exception of section 4, Substitute Senate Bill No. 5123 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 11, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 11, 16, 21(6) and 21(9), Substitute Senate Bill No. 5124, entitled:

"AN ACT Relating to impoundment and disposition of unauthorized, abandoned, junk, and other vehicles."

Sections 11, 16, 21(6) and 21(9) conflict with amendments to RCW 46.61.567, 46.55.170, RCW 46.61.563 and RCW 46.61.567, respectively, contained in sections 744, 741, 743 and 744 of Substitute House Bill No. 454. These sections are not vetoed for their substance, but are vetoed to avoid confusion with Substitute House Bill No. 454. Substitute Senate Bill No. 5124 specifies certain duties to be carried out by the state commission on equipment. The state commission on equipment is abolished under Substitute House Bill No. 454 and the commission's responsibilities are transferred to the Washington State Patrol.

References are made to the state commission on equipment in sections 11 and 16 of Substitute Senate Bill No. 5124. Substitute House Bill No. 454 establishes the Legislature's clear intention that the Washington State Patrol, and not the state commission on equipment, carry out the responsibilities set forth in the above-referenced sections of Substitute Senate Bill No. 5124.

With the exception of sections 11, 16, 21(6) and 21(9), Substitute Senate Bill No. 5124 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 18, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Engrossed Substitute Senate Bill No. 5143, entitled:

"AN ACT Relating to exemption from public disclosure of the contents of public employment applications and the addresses and telephone numbers of natural persons."

This bill adds provisions to the public disclosure law to exempt from public inspection and copying applications for public employment, residential addresses and telephone numbers of employees and volunteers of a public agency, and residential addresses and telephone numbers of public utility customers. A separate section makes public employment and applications materials if the application is for an executive position.

I support the exemptions from disclosure for residential addresses and telephone numbers. Concerns have been raised regarding public safety where such information is available to the public. There appears to be no compelling public policy reason why this personal information should be generally available.

Under state law, personal information regarding public employees maintained in public agency files, is not disclosable if disclosure violates a right to privacy. Further, the Open Public Meetings Act (Chapter 42.30 RCW) allows public entities to evaluate qualifications of an applicant for public employment in an executive session, so long as the final hiring and salary setting is done in an open meeting. This bill would specifically exempt public employment applications,

resumes and other materials submitted from disclosure, unless the application is for an executive position.

Section 2 of the bill causes particular concern to me given the broad access to information about executive position job applicants. It would require disclosure of "all applications and resumes" of executive position applicants. Applications and resumes for this level of position by their nature must be very complete and thorough.

Most top executives are reluctant to jeopardize their present employment position and, more importantly, the relationships that go with that position, which would result from publicizing their application for another position. The disclosure requirement would seriously impact the size and, more importantly, the quality of the pool of applicants. I believe this is true of both the business world as well as the public sector world of executive employment.

I have vetoed section 2 because it will frustrate efforts by public elected and appointed officials and managers to recruit and hire the best at all levels of government. I remain committed to trying to attract the best people to public employment and feel this section would only frustrate the efforts of the many elected officials and managers who share this goal.

With the exception of section 2, Engrossed Substitute Senate Bill No. 5143 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 12, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Substitute Senate Bill No. 5206 entitled:

"AN ACT Relating to superior court judges."

Section 3 of this bill requires the office of the administrator for the courts to conduct a weighted caseload analysis of Superior and District Court judge positions. Duplicate language is contained in section 6 of Engrossed Substitute House Bill No. 217.

With the exception of section 3, Substitute Senate Bill No. 5206 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 18, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2(5) and 15(9), Engrossed Substitute Senate Bill No. 5299, entitled:

"AN ACT Relating to massage therapy."

This bill makes a number of changes to the statute relating to the licensing of massage businesses and massage therapists. Sections 2(5) and 15(9) would have the effect, if signed into law, of prohibiting cities and counties from licensing and regulating massage businesses. It is important that local governments are allowed to license and regulate all massage businesses.

While most massage practices provide a valuable and needed service, there is still a need for some local authority over these businesses. The personal contact involved in this type of business brings with it the opportunity for business fronts for criminal activity which require law enforcement attention. Local regulation provides involvement by local officials and citizens who become justifiably concerned about the character of their community.

With the exception of sections 2(5) and 15(9), Engrossed Substitute Senate Bill No. 5299 is approved.

Respectfully submitted,  
Booth Gardner, Governor

April 20, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 22, Senate Bill No. 5427, entitled:

"AN ACT Relating to simplifying and clarifying procedures of the department of ecology, local air pollution control authorities, and the pollution control hearings board."

Section 22 of this bill amends RCW 70.107.050 relating to noise pollution penalties. I have signed into law today Substitute Senate Bill No. 5389, entitled:

"AN ACT relating to noise control."

Signing both laws would constitute a double amendment to existing law and create confusion. For this reason, I have vetoed section 22.

With the exception of section 22, Senate Bill No. 5427 is approved.

Respectfully submitted,  
Booth Gardner, Governor

April 20, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5442, entitled:

"AN ACT Relating to forest fires."

This legislation would direct the Department of Natural Resources to do the following:

"Upon arriving at the scene of a forest fire, the employees or agents of the department shall have the first priority to attempt to extinguish the fire, and attempts to conduct a survey of contiguous property to ascertain the necessity to remove individuals or property from the area of the fire shall be secondary to that responsibility: PROVIDED, HOWEVER, That this requirement does not mean that individuals in immediate danger from the fire may not be assisted."

The legislation appears to be confusing in its direction to the Department of Natural Resources and inconsistent with the normal values we place upon preserving and protecting human life. On a practical level, fighting forest fires is a situational, fast-moving, and complicated job. It may be difficult to predict the speed or direction of a fire or fires, and it is not unusual for several fires to be burning simultaneously. Even though other entities probably have a statutory duty to protect human life, their resources can be very strained and the Department of Natural Resources should always help protect human life. I am sure that we would all feel remorse if this legislation were adopted and subsequently resulted in the loss of human life because our firefighting crews did not feel they should try to protect human life at least on the same level as fighting the forest fire.

Senate Bill No. 5442 is vetoed in its entirety.

Respectfully submitted,  
Booth Gardner, Governor

May 19, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith without my approval as to sections 117 through 122, 219, 221 through 224, 229 through 232, and 302, Engrossed Substitute Senate Bill No. 5479 entitled:

"AN ACT Relating to improving the educational system."

This measure was introduced at my request. Its provisions provide for enhanced teacher preparation standards and a pilot school program. These measures are intended to improve teaching to meet the needs of children who must live in the challenging economy of the 21st century.

A number of amendments which created new programs were added to this bill during the legislative process. While I believe most of these programs are meritorious, I am vetoing those for which the legislature provided no funding. Adding unfunded programs to substantive law gives false hope to those who would benefit from them. For this reason, I have vetoed sections which would have created a primary block education program (sections 117 through 122), a principals' academy (sections 219, 221 through 224), and an award program for teacher preparation (sections 229 through 232).

In addition, I vetoed section 302 which requires the Superintendent of Public Instruction to create a paperwork reduction task force. This provision duplicates paperwork reduction duties already existing in the Basic Education Act and, thus, contributes only a statutory requirement for a task force. I am confident that the Superintendent can meet his paperwork reduction responsibilities without this provision.

With the exception of sections 117 through 122, 219, 221 through 224, 229 through 232 and 302 which I have vetoed, Engrossed Substitute Senate Bill No. 5479 is approved.

Respectfully submitted,  
Booth Gardner, Governor

May 19, 1987

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 23, Second Substitute Senate Bill No. 5555, entitled:

"AN ACT Relating to state information technology."

Section 23 of this bill would require that a study of state budgets and expenditures for information systems be conducted by the legislative evaluation and accountability program administration. This study would be conducted over a period of two years, while the new Department of Information Services is being formed.

I believe that this section is unnecessary. The Legislature has the general oversight authority for state agencies and may undertake studies of state operations without implementing legislation.

Furthermore, this study would be taking place while a great many changes are made in the organization of state information systems, as required by the remainder of this bill. It may be more difficult to get accurate baseline data during this period than at other times. To ensure that the Legislature is fully informed about the development and operations of this new agency, I will be instructing its director to make periodic reports to appropriate legislative committees.

With the exception of section 23, Second Substitute Senate Bill No. 5555 is approved.

Respectfully submitted,  
Booth Gardner, Governor

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 10 and 14, Engrossed Senate Bill No. 5556, entitled:

"AN ACT Relating to flood control."

Section 10 is a technical amendment to a section of the code that was repealed by Senate Bill 5427, already signed into law. I have eliminated this section of the bill to avoid confusion.

Section 14 would allow the Department of Ecology to grant an exemption for certain towns from statutory prohibitions against some types of construction and

rehabilitation within designated floodways. Section 4 of the bill includes language that allows repairs, reconstruction and improvements to an existing structure. Since the state supplements the national flood insurance program, any exemptions from this prohibition that go beyond the examples allowed under section 4 would represent a needless risk of public funds.

With the exception of sections 10 and 14, Engrossed Senate Bill No. 5556 is approved.

Respectfully submitted,  
Booth Gardner, Governor

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 8, Engrossed Substitute Senate Bill No. 5570, entitled:

"AN ACT Relating to disposal of incinerator ash residues."

This legislation would exempt municipal solid waste incinerator ash residue from the state's hazardous waste law and create a new category of waste and a new regulatory procedure.

Section 8 of the bill would allow any aggrieved person to bring an action in law or equity to the pollution control hearings board related to this new regulatory process. Currently, the board only hears appeals from department orders, permits, penalties, and other decisions. The language of this section could potentially confer new jurisdiction by allowing persons who feel the department is not processing permits or adopting regulations pursuant to this bill as it should to seek relief from the board rather than through the state court system.

The intent of this section was to assure a route for citizen appeals. A route for citizen appeals of any department decision exists in section 10 of Senate Bill No. 5427, already signed into law. Thus, elimination of this section does not affect the ability of citizens to challenge the department's decisions. For this reason, I have vetoed section 8.

I am concerned that a wholesale exemption of a category of waste from the hazardous waste law could set a bad precedent and send an incorrect message by implying that the door is open for exempting other categories of hazardous waste. The toxicity of a waste, and thus, viable alternatives for its safe disposal should be determined on the basis of scientific tests. Because of these factors, I am signing this legislation reluctantly.

In developing the rules, regulations and policies necessary to implement Engrossed Substitute Senate Bill No. 5570, I am asking the Department of Ecology to give primary emphasis to the long-term protection of public health and environmental values. The Department also needs to develop effective disposal alternatives and address such issues as the risk of mixing fly and disposal ash, immobilizing ash and transportation.

With the exception of section 8, Engrossed Substitute Senate Bill No. 5570 is approved.

Respectfully submitted,  
Booth Gardner, Governor

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2(2)(g) and 12, Substitute Senate Bill No. 5606, entitled:

"AN ACT Relating to budget and accounting."

Section 2(2)(g) requires that the Governor's budget document display specific objects of expenditures for major programs. Current practice is to display all objects at the agency level, and selected objects at the program level.

By creating additional statutory requirements, the Legislature will increase the cost and size of what is already a 900-page document. Detailed object information is available from the Office of Financial Management; it is not necessary that this

same information be incorporated into the published budget. For these reasons, I am vetoing Section 2(2)(g).

Section 12 specifies that the bill will be effective on August 1, 1987, except for section 7, which is to take effect immediately.

The immediate implementation of section 7 is impractical. Section 7 places restrictions on fund and account deficiencies. The restrictions are complex and comprehensive. Additional time is required to fully implement the provisions of this section. Accordingly, I am vetoing section 12 so that the entire bill will become effective 90 days after the adjournment of the regular session.

With the exceptions of sections 2(2)(g) and 12, Substitute Senate Bill No. 5606 is approved.

Respectfully submitted,

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to two sections, Substitute Senate Bill No. 5608 entitled:

"AN ACT Relating to abused and injured animals."

The bill amends the cruelty to animals statutes to allow law enforcement officials to remove an animal for a medical examination to determine if the animal is neglected and in need of restoration. The bill also prescribes penalties for violations of these statutes.

Sections 4 and 5, amendments to the original bill, specifically allow dogs to be transported in the open bed of a pickup truck. Current statute allows this to occur but requires that the animal be suitably harnessed or otherwise protected from falling or being thrown from the vehicle. Testimony before the House pointed out that nationally every year over 100,000 dogs die after being thrown from pickup truck beds. In keeping with the intent of the bill to encourage humane treatment of animals, I am vetoing sections 4 and 5.

With the exception of sections 4 and 5, Substitute Senate Bill No. 5608 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 7 and 8, Engrossed Second Substitute Senate Bill No. 5659, entitled:

"AN ACT Relating to child protective services."

This bill is the result of a lot of hard work by legislators and citizens to improve protective services for the children of our state. However, Section 7, which amends RCW 13.34.190, would allow the Department of Social and Health Services to terminate parental custody in any case having dependency status with the department. Department of Social and Health Services does not seek this greater authority. This is a technical error that the Legislature did not intend to make. If passed, this section would result in all dependency cases being held until this language could be changed. Therefore, I have vetoed section 7 of Engrossed Second Substitute Senate Bill No. 5659 to preserve current law.

Section 8 of Engrossed Second Substitute Senate Bill No. 5659 amends RCW 26.44.010. It articulates the paramount goal of child protective services as being the safety of the child. However, the impact of this language is receiving vastly different interpretations by attorneys, child advocates and legislators.

It is clear that in the past year, child protective service workers have become increasingly aware of the need to put the welfare of the child above all other concerns. I feel confident that no matter what language is put in this section, those workers are putting the needs of children first. The confusion surrounding this language compels me to recommend that in the interim the interested parties come

together and agree on what the best standard is for guiding protective services in safeguarding the general welfare of children. For this reason, I have vetoed section 8 of Engrossed Second Substitute Senate Bill No. 5659.

With the exception of sections 7 and 8, Engrossed Second Substitute Senate Bill No. 5659 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1, 2, 3, 4 in part, and 12, Senate Bill No. 5739, entitled:

"AN ACT Relating to escrow."

This bill would eliminate in section 1, the \$200,000 fidelity bond requirement for officers and employees engaged in escrow transactions. The complete elimination of a fidelity bond requirement would unnecessarily expose the consumer to substantial losses resulting from any fraudulent or dishonest acts by escrow employees or officers. Even though these bonds presently do not run directly to the public, they provide a financial asset to the corporation which the public can sue. This is particularly important in that many of these escrow businesses are incorporated and the nature of the business does not require any substantial capital assets.

The errors and omissions policy alone, which is required in the amount of \$50,000, would not in many cases be in an amount enough to cover the average home sale transaction, nor by its terms would it cover fraud or dishonesty. The sale of a family residence is often the biggest financial transaction people are likely to be involved with and it is essential that adequate protection be available for those unfortunate cases where a loss results from fraud or dishonesty.

Sections 2, 3, 4 in part, and 12 are vetoed because they merely amend other sections of the chapter to reflect the change made in section 1 which deleted the fidelity bond requirement.

I note that the remaining amendments contained in this bill allow an association comprised of certificated escrow agents to organize a mutual corporation with the consent of the director, for the purpose of insuring or self-insuring against claims arising out of escrow transactions, upon a showing that insurance availability is cost-prohibitive or that such bond or policy is not reasonably available.

With the exception of sections 1, 2, 3, 4 in part, and 12, Senate Bill No. 5739 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to the second paragraph of section 1 and all of section 3, Engrossed Substitute Senate Bill No. 5801, entitled:

"AN ACT Relating to industrial insurance."

This bill would change the rules under which certain firefighters and law enforcement officers may qualify for workers' compensation benefits when they suffer from respiratory disease or have heart attacks. It stipulates that for those firefighters under the LEOFF II pension system, respiratory disease will be presumed to be job related, unless the employer can prove otherwise. It also changes the definition of injury for LEOFF II firefighters and police officers. They would no longer have to prove that a heart attack was due to unusual exertion on the job to qualify for workers' compensation.

I recognize the need to ease the burden of proof required for firefighters who contract respiratory diseases. The establishment of a rebuttable presumption that a respiratory disease is occupationally related for those employees will address a major problem for those who incur legitimate work place respiratory diseases.

However, I do not believe that it is appropriate to change the definition of injury, as proposed in the second paragraph of section 1 and affected in section 3, so that a heart attack is presumed to be job related. While the definition of injury has been the topic of considerable study and discussion for the past two years, there is no conclusive evidence to demonstrate that there is a higher incidence of job-related heart problems in firefighters and law enforcement officers than those in other professions.

With the exception of second paragraph of section 1 and all of section 3, Engrossed Substitute Senate Bill No. 5801 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Substitute Senate Bill No. 5846 entitled:

"AN ACT Relating to boating safety."

This measure would have the Parks and Recreation Commission undertake some additional duties with respect to boating safety on this state's waters.

I have vetoed section 2 which creates a new statutory advisory committee. After reviewing this matter, I find that the purposes and functions of this bill can be fulfilled without creating, in statute, an additional advisory body.

With the exception of section 2, Substitute Senate Bill No. 5846 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, with my approval as to section 5, Engrossed Substitute Senate Bill No. 5850, entitled:

"AN ACT Relating to traffic infractions."

Section 5 of the bill directs the Department of Licensing to suspend individuals with two or more "failures to appear" on their record. Substitute Senate Bill No. 5061, which I have already signed into law, contains a similar provision. It allows the arrest and conviction of a person with two or more charges of "failure to appear" on his or her driving record in any four-year period from a traffic infraction. It also grants the officer the authority to arrest the person on the spot after receiving radio verification of their driving record from the Department of Licensing.

We have addressed this issue in two different ways in two separate bills. In order to avoid confusion and additional administrative cost to the public and state, I have vetoed section 5. The provisions contained in Substitute Senate Bill No. 5061 will have a much greater impact on this problem without a negative fiscal impact.

With the exception of section 5, Engrossed Substitute Senate Bill No. 5850 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 5, Engrossed Substitute Senate Bill No. 5857, entitled:

"AN ACT Relating to the professional discipline of physicians."

I support this legislation which develops a rehabilitation program for health care professionals impaired by alcohol or drugs. Section 5, however, restricts the ability of the Department of Licensing to provide the best possible protection to the public. By limiting the use of the committee's records in legal proceedings, it would

prohibit the Medical Disciplinary Board from being able to use the records when a physician had failed to cooperate or complete a treatment program. This would pose an unnecessary threat to the consumer. Section 6, which I am leaving in the bill, does protect the physician from general public disclosure.

With the exception of section 5, Engrossed Substitute Senate Bill No. 5857 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 10, Engrossed Substitute Senate Bill No. 5901, entitled:

"An Act Relating to fiscal matters."

The main thrust of this legislation provides additional programmatic and budgetary authorities for the State Convention and Trade Center that are necessary to ensure the timely completion of its construction and its fiscally responsible operation. I support the intent and purpose of these sections of the bill.

As a technical matter, I am vetoing section 10 of this bill, which repeals section 317 -- an appropriation for convention center operations -- in Engrossed Substitute House Bill No. 1221, the 1987-89 biennial state budget bill. I am taking separate action to veto section 317 of Engrossed Substitute House Bill No. 1221. Thus, the more current appropriation language contained in this bill, Engrossed Substitute Senate Bill No. 5901, should and will go into effect.

As a separate issue, I have received certain requests to veto sections 7 and 8 of this bill. These sections impose additional conditions on the use of proceeds from two special purpose taxes which the Legislature previously has authorized the City of Bellevue to levy on hotel room sales. The conditions would prohibit the use of those proceeds to finance construction of a facility to house a professional sports team.

This issue arises, in part, as a legislative response to the City of Bellevue's current consideration of a plan to develop a major downtown civic complex, including possibly an arena that could be utilized in the future by the Seattle Supersonics professional basketball team. The Supersonics have several years remaining in their lease at the Seattle Center Coliseum, which is owned and managed by the City of Seattle. However, the Supersonics have recently expressed their potential interest in developing and utilizing a new arena somewhere in the Central Puget Sound region.

The City of Bellevue has not yet made a final decision on whether, or how, it will proceed to develop the project. However, the City would like, in the event that it decides to proceed, to be able to use its portion of state authorized hotel tax proceeds to help finance such a civic complex, including a possible arena. On the other hand, sections 7 and 8 of Engrossed Substitute Senate Bill No. 5901 are a clear statement from the Legislature that it is not appropriate for the proceeds from Bellevue's state-authorized hotel tax to be used to construct a public arena that becomes part of a competition among jurisdictions in the region to secure an existing professional sports franchise tenant.

The question has been raised as to whether prohibiting the City's use of hotel tax proceeds in this manner constitutes an unwarranted state intrusion into local government affairs. After careful consideration, I have concluded that sections 7 and 8 represent the Legislature's further clarification of its intent concerning the use of special purpose hotel tax revenues. I agree with that intent. Therefore, I am signing Engrossed Substitute Senate Bill No. 5901 leaving sections 7 and 8 intact.

I have reached my conclusions on the appropriateness of retaining sections 7 and 8 based on several considerations. First of all, it is the Legislature which authorizes these special purpose hotel taxes that local governments may levy. Further, one of the two special hotel taxes at issue is Bellevue's 2% levy, which is a credit against the state's 6.5% sales tax. In this case, the state is authorizing Bellevue to collect a local tax which would otherwise be revenue to the State General Fund. Also, the Legislature has modified the local authority to levy these taxes, or has

imposed new conditions on their use, frequently since original enactment twenty years ago. The most recent such change prior to this year was during the 1986 session. The Legislature then modified King County's authority to use proceeds from its 2% hotel tax, which is also a credit against the state sales tax, in order to provide subsidies in the Kingdome's leases with professional sports teams. Other new conditions were also imposed. In this later instance, the Legislature became highly sensitized to the issue of public subsidies to professional sports franchises through lease concessions in publicly-owned facilities.

I also have concerns about the potential impact a new taxpayer-financed arena would have on other existing taxpayer-financed facilities in the region. I also concur with the Sonics professional basketball team, whose officers have said that, should they decide they need a new facility, they would prefer to develop one as a totally private venture.

Bellevue officials have indicated that they may pursue construction of such a facility in spite of the prohibitions in sections 7 and 8 in Engrossed Substitute Senate Bill No. 5901. However, I am encouraged that discussions on this issue are involving public officials from throughout the region to consider the regional impact of such a decision. The parties at interest may need to bring this issue back before the Legislature next year.

With the exception of section 10, Engrossed Substitute Senate Bill No. 5901 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 18, Substitute Senate Bill No. 5911, entitled:

"AN ACT Relating to state government."

This bill establishes natural resource conservation areas and imposes a temporary surcharge of 0.06 percent on the state real estate excise tax, RCW 82.45, to fund acquisition of such areas. This surcharge is repealed effective July 1, 1989.

Additionally, the bill repeals the conveyance tax, RCW 82.20, on real estate property transfers and increases the state real estate excise tax rate by 0.21 percent as a replacement for the conveyance tax revenues. The present state real estate excise tax rate is 1.07 percent and would be increased to 1.34 percent by this bill, including the temporary natural resource conservation surcharge. The bill has an emergency clause and becomes effective on the Governor's signature.

Section 18 affects only sections 14 through 17, which repeal the conveyance tax and increase the rate of the real estate excise tax. If section 18 becomes law, it would require conveyance stamps on old instruments which have previously been processed but were held in escrow for recording at a future date. The loss of revenue by removing this section will be minimal compared to the time, effort and confusion it would create for the public and county treasurers by leaving the provision in the law. It would be very difficult to collect this increased tax on old deeds where the escrow had been figured on the rate in effect at the time the transaction took place, prior to the effective date of this bill.

With the exception of section 18, Substitute Senate Bill No. 5911 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill 5944, entitled:

"AN ACT Relating to certified public accountants."

This legislation eliminates the continuing education requirement for certified (nonlicensed) public accountants, and allows that category of accountants to use

the title of "Certified Public Accountant" or "CPA" if their activities do not require a CPA license.

The certified public accountant stature in our state historically has provided for a two-tier system, "certified" and "licensed". Under current law, only licensed CPAs are authorized to represent themselves to the public as a "CPAs". In 1986, the Legislature passed Chapter 295, Laws of 1986, which created an educational requirement for the "certificated" or nonlicensed CPAs.

This legislation removes the continuing education requirement only for the nonlicensed CPAs. Additionally it allows the same nonlicensed CPAs to represent themselves to the public as "CPAs" as long as they don't practice in subjects reserved for licensed CPAs.

The bill, as it is presently drafted, will confuse the public as far as who is or is not a CPA. Also it is not in the public interest to remove an educational requirement and at the same time allow the same people to hold themselves out as CPAs in their dealings with the public.

I would hope that the Legislature in future sessions would again address this issue to remove or clarify the differences in the two-tiered system regarding licensed and nonlicensed CPAs and to amend the statute in such a fashion that the public will not be confused by the differing categories of accountants who are able to use the title "CPA".

Substitute Senate Bill No. 5944 is vetoed in its entirety.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5956, entitled:

"AN ACT Relating to the taxation by a county of persons residing outside the state who are employed inside the county."

This bill would permit counties bordering Idaho to impose an excise tax on persons residing outside the state who are employed inside the county. The amount of the tax would be based on actual government service benefits received by such persons, and the revenues would be allocated to cities and towns. The proposed law would expire if Idaho exempts non-resident common carrier employees from Idaho income taxes.

In short, this bill retaliates against Idaho for taxing the incomes of railroad workers and truckers who pass through the state of Idaho in the course of their business.

I am vetoing this bill for three reasons: First, it is unneighborly for Washington to enact such a retaliatory tax without first engaging in good faith discussions to try to resolve the issue. Second, based on conversations with local government officials, this tax is unlikely to be imposed by Washington counties, even if this bill were to become law. And third, it is unlikely that the technical aspects of implementing such a tax would be feasible, should a county seek to impose the proposed tax.

I have talked with Governor Andrus, and we have agreed to work together to ensure that the issue of taxation of interstate common carrier workers does not become an issue of confrontation between our states. It is my understanding that the Idaho State Legislature has already enacted legislation exempting most interstate truckers from the tax in dispute, and they have expressed a willingness to work cooperatively on any remaining problems. Together we will seek fair tax treatment for Washington and Idaho residents and the elimination of any harassment level of taxation.

For these reasons, Senate Bill No. 5956 is vetoed.

To the Honorable, the Senate  
of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 6010, entitled:

"AN ACT Relating to to the disposal of hazardous waste pesticides."

Substitute Senate Bill No. 6010 directs the Department of Agriculture to set up the administrative structure necessary to implement a pesticide waste disposal program. For this purpose, the bill allows the department to become licensed as a hazardous waste generator.

Pesticide disposal is a growing problem for the agriculture industry of our state. Allowing the department to become licensed as a hazardous waste generator, however, causes the state to assume the long-term liability for the waste. The costs of this liability have not been well considered and could be substantial. It is also not clear that such an action is necessary or even useful in light of various regulations issued by the Environmental Protection Agency.

In addition, the Department of Energy has recently released the Agricultural Hazardous Waste Study which examines the problem of pesticide disposal. The study raises several issues that should be investigated before we design a state-wide collection program.

Finally, funding for all hazardous waste disposal programs has been severely reduced. Although there is funding for this program in the budget approved by the Legislature, I believe other factors cited above are more important and require a veto of Substitute Senate Bill No. 6010.

For these reasons, I have vetoed Substitute Senate Bill No. 6010.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 8(9), 9 and 10, Engrossed Substitute Senate Bill No. 6016, entitled:

"AN ACT Relating to transportation revenue and taxation."

Section 8(9), Page 12, Transfer of Excess Mass Transit funds

This section would require, beginning with the 1989-91 biennium, that unmatched local mass transit funds be transferred into the Puget Sound Ferry Operations Account. These unmatched funds have historically reverted to the General Fund. The June 30, 1989 sunset clause on the .1% MVET increase which is dedicated to ferry systems operations creates a need in the 1989-91 biennium for additional funding. Given the demands the operating budget places on the General Fund in future biennia, this transfer is not fiscally responsible.

Section 9 and 10, Page 12, Ferry System Fuel Tax Exemption

These sections exempt the ferry system from paying the fuel tax. This exemption has a biennial fiscal impact of \$1 million on the General Fund. The funding to pay the fuel tax is in the Department of Transportation 1987-89 budget.

With the exception of sections 8(9), 9 and 10, Engrossed Substitute Senate Bill No. 6016 is approved.

To the Honorable, the Senate

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 601, Substitute Senate Bill No. 6048, entitled:

"AN ACT Relating to mandatory arbitration."

Substitute Senate Bill No. 6048 makes a number of technical and substantive changes to the Tort Reform Act of 1986.

Section 601 requires the state Risk Manager to conduct or contract for a feasibility study on the cost and benefits of the State of Washington providing excess

liability and property insurance to political subdivisions of the state. No appropriation is provided for this study and the Risk Manager currently faces the possibility of budgetary reductions. In order to conduct the study, it would require an experienced actuary and such personnel are not available on staff.

Also, local governments currently have the opportunity of establishing joint cooperative self-insurance funds under the provisions of RCW 48.62. I would encourage them to pursue the possibilities of establishing excess coverage through such a mechanism in a joint cooperative effort.

With the exception of section 601 and the reference to it in section 1903, Substitute Senate Bill No. 6048 is approved.

To the Honorable, the Senate

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, Senate Bill No. 6053, entitled:

AN ACT Relating to educational service districts."

Section 1 of this bill would allow Educational Service Districts to borrow money to purchase real or personal property for their operations.

Educational Service Districts are not local entities and are not accountable to local constituencies. They are agencies with no guaranteed source of income or revenue with which to secure borrowed funds. The primary source of revenue for Educational Service Districts comes from local school district participation. School districts do have accountability to local constituencies. They also have the authority to borrow funds, and could do so cooperatively in support of Educational Service Districts, should such a need arise.

With the exception of section 1, Senate Bill No. 6053 is approved.

To the Honorable, the Senate  
of the State of Washington  
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 9(4), 10(4), 25(2) and 41, Engrossed Substitute Senate Bill No. 6076, entitled:

"AN ACT Relating to transportation appropriations."

Section 9(4), Page 3, Curbstone Program

This section, while not prescriptive, allows for expansion of the "Curbstone" program. The numbers and language are contradictory in that the amount identified for expansion erroneously includes the base, while expenditures are limited to funding source revenues, which would not be sufficient to support the specified expansion.

Section 10(4), Page 4, Public Safety and Education Account Transfer

This section transfers funds out of the Public Safety and Education Account into the Highway Safety Fund. In recent years, the legislature has expressed a desire for an open process in determining the levels of appropriations to various agencies from the Public Safety and Education Account. This transfer circumvents that process by dedicating a portion of the revenues accrued to the Public Safety and Education Account to the Highway Safety Fund. Also, the amount developed in the March, 1987, forecast is less than the amount appropriated, which appears to be unintended and could result in the account being over-extended.

Section 25(2), Page 11, Increased Appropriation for Highway Stores

This section allows the Department of Transportation's appropriation to be increased by an unspecified amount. This is in violation of Article 8, section 4 of the Constitution because it fails to distinctly specify the amount of the appropriation.

Section 41, Page 20, Service Fund Charges

This section puts caps on revolving fund payments by the Washington State Patrol, the Department of Licensing and the Department of Transportation. The section references assumed budgeted amounts for revolving funds which have not been established. This section creates an inconsistency relative to other state agencies in the matter of revolving fund charges.

With the exception of sections 9(4), 10(4), 25(2) and 41, Engrossed Substitute Senate Bill No. 6076 is approved.
