CHAPTER 401

[Substitute House Bill No. 786]

SCHOOLS—EDUCATIONAL OUTCOMES

AN ACT Relating to encouragement and measurement of innovative programs by school districts; creating new sections; making an appropriation; and providing expiration dates.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature recognizes its obligation to the taxpayers of the state of Washington to ensure efficiency and accountability in the common school system established under Article IX, section 1 of the state Constitution. The legislature further recognizes the importance and value of continually seeking ways in which to shape provisions of state statutes and regulations to enhance the development of local educational delivery systems characterized by diversity and centered around students' individual educational needs and learning styles.

The legislature finds that an appropriate next step in exploring ways to grant districts greater flexibility and control over the development of the process and content of local educational programs, while honoring legal requirements and respecting citizens' demands for accountability, is to investigate the development and field testing of the use of educational outcomes and measures of educational outcomes.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 1 through 10 of this act.

(1) "Goals" or "state goals" means the goals adopted by the state board of education relating to those skills considered to be important for students to develop and acquire through the common school system, and in particular shall include goals addressing the following:
