authority development must conduct outreach and preliminary environmental review. It must include a robust community engagement process to refine the alignment for communities and businesses relevant to the ultra high-speed corridor between Portland, Oregon and Vancouver, British Columbia. It must also develop recommendations towards establishing the appropriate level of authorization to advance the development, including environmental analysis of an ultra high-speed ground transportation corridor.

(c) By June 30, 2020, the department shall provide to the governor and the transportation committees of the legislature an assessment of current laws in Washington, Oregon, and British Columbia related to an ultra high-speed ground transportation corridor, identify any laws, regulations, or agreements that need to be modified or passed in order to proceed with developing an ultra high-speed corridor, and summarize the results from the community engagement process. As applicable, the assessment should also be sent to the executive and legislative branches of government in the state of Oregon and appropriate government bodies in the province of British Columbia.

(2) The department is directed to continue to pursue efforts to reduce costs, increase ridership, and review Amtrak Cascades fares and fare schedules. Within thirty days of each annual cost/revenue reconciliation under the Amtrak service contract, the department shall report annual credits to the office of financial management and the legislative transportation committees. Annual credits from Amtrak to the department including, but not limited to, credits due to higher ridership, reduced level of service, and fare or fare schedule adjustments, must be used to offset corresponding amounts of the multimodal transportation account—state appropriation, which must be placed in reserve.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2019-1 as developed March 26, 2019, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor

vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2019-2 ALL PROJECTS as developed March 26, 2019, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to \$1,515,533,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to \$67,916,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(6) The transportation partnership account—state appropriation includes up to \$158,203,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(7) The Alaskan Way viaduct replacement project account—state appropriation includes up to \$77,951,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(8) \$90,464,000 of the transportation partnership account—state appropriation, \$7,006,000 of the motor vehicle account—private/local appropriation, \$3,383,000 of the transportation 2003 account (nickel account)—state appropriation, \$77,951,000 of the Alaskan Way viaduct replacement project account—state appropriation, and \$1,838,000 of the multimodal transportation account—state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (809936Z).

(9) \$3,000,000 of the multimodal transportation account—state appropriation is provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B).

(10) \$164,000,000 of the connecting Washington account—state appropriation is provided solely for the US 395 North Spokane Corridor project (M00800R).

(11) \$22,195,000 of the transportation partnership account—state appropriation, \$12,805,000 of the transportation 2003 account (nickel account)—state appropriation, and \$27,000,000 of the Interstate 405 express toll lanes operations account—state appropriation are provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the

project. The transportation partnership account—state appropriation and transportation 2003 account (nickel account)—state appropriation are a transfer or a reappropriation of a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project (8B11002) due to savings.

(12)(a) \$395,822,000 of the connecting Washington account—state appropriation and \$342,000 of the motor vehicle account—local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Recognizing that the department of transportation requires full possession of parcel number 1-23190 to complete the Montlake Phase of the West End project, the department is directed to:

(i) Work with the operator of the Montlake boulevard market located on parcel number 1-23190 to negotiate a lease allowing continued operations up to January 1, 2020. After that time, the department shall identify an area in the vicinity of the Montlake property for a temporary market or other food service to be provided during the period of project construction. Should the current operator elect not to participate in providing that temporary service, the department shall then develop an outreach plan with the city to solicit community input on the food services provided, and then advertise the opportunity to other potential vendors. Further, the department shall work with the city of Seattle and existing permit processes to facilitate vendor access to and use of the area in the vicinity of the Montlake property.

(ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(13) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(14) \$265,100,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the funding gap on the base project is closed, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(16) \$950,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) I-82 Yakima - Union Gap Economic Development Improvements (T21100R);

(ii) I-5 Federal Way - Triangle Vicinity Improvements (T20400R); or

(iii) SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) (NPARADI).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 of this act, the department shall prioritize advancing the following projects if expected reappropriations become available:

(i) SR 14/I-205 to SE 164th Ave - Auxiliary Lanes (L2000102);

(ii) SR 305 Construction - Safety Improvements (N30500R);

(iii) SR 14/Bingen Overpass (L2220062);

(iv) I-405/NE 132nd Interchange - Totem Lake (L1000110);

(v) US Hwy 2 Safety (N00200R); or

(vi) US-12/Walla Walla Corridor Improvements (T20900R).

(d) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(19) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are

managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(20) \$8,500,000 of the motor vehicle account—state appropriation is provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). The work of this project office should include, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. Within the amount provided in this subsection, the department must implement chapter . . . (Engrossed Substitute House Bill No. 1994) (projects of statewide significance), Laws of 2019. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts. The department shall reengage project stakeholders, and reevaluate the purpose and need and environmental permits by July 1, 2020. The department must have developed a finance plan by December 1, 2020, and have made significant progress towards beginning the supplemental environmental impact statement process by June 30, 2021. The department shall provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

(21) \$6,823,000 of the motor vehicle account—state appropriation, \$36,500,000 of the connecting Washington account—state appropriation, \$44,961,000 of the motor vehicle account—federal appropriation, and \$185,716,000 of the forward Washington account—state appropriation are provided solely for the Fish Passage Barrier project (OB14001) with the intent of fully complying with the court injunction by 2030. The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts.

(22) \$14,750,000 of the connecting Washington account—state appropriation and \$8,900,000 of the motor vehicle account—local appropriation are provided solely for the I-90/Barker to Harvard - Improve Interchanges & Local Roads project (L2000122). The connecting Washington appropriation may only be expended if the city of Liberty Lake agrees to cover any project costs above the \$18,000,000 of state appropriation provided for the total project in LEAP Transportation Document 2019-1 as developed March 26, 2019, Program - Highway Improvements (I).

(9)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance the SR 4/Abernathy Creek Br - Replace Bridge project (400411A).

(b) At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2019-2021 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

Until the legislature reconvenes to consider the 2020 supplemental omnibus transportation appropriations act, any unexpended 2017-2019 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents

(1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes,

carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, (~~2019~~) 2021.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project. During the 2017-2019 and the 2019-2021 fiscal (~~biennium~~) biennia, the legislature may direct the state treasurer to make transfers of moneys in the state route number 520 civil penalties account to the state route number 520 corridor account.

**Sec. 713.** RCW 41.45.0631 and 2009 c 561 s 7 are each amended to read as follows:

(1) The allocation of costs between the employer and members of the Washington state patrol retirement system shall be made only after the application of any minimum total contribution rate that may be in effect for the system under subsection (4) of this section. For benefit improvements effective on or after July 1, 2007, costs shall be shared equally by members and the employer, and any cap on member contributions shall be adjusted accordingly. The member contribution rate shall be based on the adjusted total contribution rate described in subsection (2) of this section. Beginning July 1, 2007, the required member contribution rate for members of the Washington state patrol retirement system shall be the lesser of the following: (a) One-half of the adjusted total contribution rate for the system; or (b) seven percent, plus fifty percent of the contribution rate increase caused by any benefit improvements effective on or after July 1, 2007.

(2) The employer shall continue to pay for all costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006, until such costs are fully paid. In order to avoid charging members for these costs, the total required contribution rate shall be adjusted to exclude these costs. The result of the adjustment shall be the adjusted total contribution rate that is to be used to calculate the required member contribution rate.

(3) The employer rate shall be the contribution rate required to cover all total system costs that are not covered by the member contribution rate.

(4) Beginning July 1, 2009, a minimum total contribution rate is established for the Washington state patrol retirement system. The total Washington state patrol retirement system contribution rate may exceed, but may not drop below, the established minimum total contribution rate. From July 1, 2009, through June 30, 2011, the minimum total contribution rate shall equal the total contribution rate required to fund fifty percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. Beginning July 1, 2011, the minimum total contribution rate shall equal the total

contribution rate required to fund seventy percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. This minimum rate, when applicable, shall be collected in addition to any contribution rate required to amortize any unfunded costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006.

(5) Upon completion of each biennial actuarial valuation, the state actuary shall review the appropriateness of this minimum total contribution rate and recommend to the council any adjustments as may be needed. Any changes adopted by the council shall be subject to revision by the legislature.

(6) The legislature recognizes the short-term volatility of projected employer contribution rates for the Washington state patrol retirement system and intends to phase-in the increase in contribution rates from the 2017-2019 biennium to the 2019-2021 biennium over three successive biennia. The phase-in shall be calculated by the state actuary and shall not result in an expected funding shortfall when measured over the entire phase-in period. Consistent with this intent, the legislature revises the basic employer contribution rate for the Washington state patrol retirement system from 22.13 percent to 17.5 percent during the 2019-2021 biennium. By June 30, 2020, the state actuary shall calculate and report to the council the expected change to the basic employer contribution rates for the 2021-2023 and 2023-2025 biennia that continue this phase-in.

The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(10) ~~((\$5,583,000 of the Alaskan Way viaduct replacement project account state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected proportional share of collecting toll~~

Due to the uncertainty of the new state route number 99 tunnel toll facility timeline, the legislature is holding the other tolled facilities' administrative cost shares constant for this biennium. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility commences and any previously incurred costs for start up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.~~

~~((11) \$1,849,000) \$849,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the costs associated with the sale of transponders for the opening of the new state route number 99 tunnel toll facility in Seattle. ((The office of financial management shall place \$510,000 of the amount provided in this subsection in unallotted status. The office of financial management may only release the funds to the department if it determines the transponder inventory will otherwise not be sufficient for facility ramp up.))~~

It is the intent of the legislature that if any portion of the labor system replacement project is leveraged in the future for the time, leave, and labor

distribution of any other agencies, the motor vehicle account will be reimbursed proportionally for the development of the system since amounts expended from the motor vehicle account must be used exclusively for highway purposes in conformance with Article II, section 40 of the state Constitution. This must be accomplished through a loan arrangement with the current interest rate under the terms set by the office of the state treasurer at the time the system is deployed to additional agencies. If the motor vehicle account is not reimbursed for future use of the system, it is further the intent of the legislature that reductions will be made to central service agency charges accordingly.

(b) The work group must consider, at a minimum, and make recommendations on the feasibility of electric or hybrid-electric flight given: Federal certification requirements; current and anticipated advancements to battery technology; infrastructure requirements and capacity impacts at primary airports; the need for and feasibility of industry incentives; the potential for public-private partnerships; impacts to revenues generated from aviation fuel sales; educational requirements for maintaining electric or hybrid-electric powered aircraft; homeland security checkpoint requirements; public acceptance of the technology; a cost comparison of fossil fuel and electric or hybrid-electric aircraft engines; emission reduction potential; and policy changes needed to facilitate electric or hybrid-electric powered aircraft use for commercial air travel in Washington state.

(c) The work group must report its findings and recommendations to the transportation committees of the legislature by June 30, 2019.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$300,000 of the motor vehicle account—state appropriation is provided solely for the completion of property value determinations for surplus properties to be sold. The value determinations must be completed by agency staff if available; otherwise, the agency may contract out for these services. The real estate services division of the department must recover the cost of its efforts from the sale of surplus property. Proceeds for surplus property sales must fund additional future sales, and the real estate services division shall prioritize staff resources to meet revenue assumptions for surplus property sales.

(2) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (2), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(3) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be

deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(5) \$75,000 of the multimodal transportation account—state appropriation is provided solely for the department to contract with the Puget Sound Clean Air Agency to conduct a study that identifies and evaluates opportunities to facilitate low-income utilization of electric vehicles. The study must include, but is not limited to, development and evaluation of an electric vehicle car-sharing program for low-income housing sites that is designed to maximize the use of electric vehicles by residents of these sites, and that must consider any infrastructure needs that will need to be met to support the use of electric vehicles at these sites. The department must provide a report detailing the findings of this study to the transportation committees of the legislature by December 1, 2018.

To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2015 as reported in the "Summary of Public Transportation - 2015" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) \$32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100.

(3)(a) \$10,702,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

(b) At least \$1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) \$24,107,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2018)~~) 2019-2 ALL PROJECTS as developed March (~~(S)~~) 26, (~~(2018)~~) 2019, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2017, and December 15, 2018, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2017-2019 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

Ridesharing may be integrated into grant proposals. The department shall prioritize grant proposals that focus on the Interstate 90, Interstate 5, state route number 167, or Interstate 405 corridor. The department shall offer competitive trip-reduction grants. The department shall report to the transportation committees of the legislature by December 1, 2018, on the pilot program's impacts to the transportation system and potential improvements to the CTR grant program.

(b) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to direct a pilot transit pass incentive program. Businesses and nonprofit organizations located in a county adjacent to Puget Sound with a population of more than seven hundred thousand that have never offered transit subsidies to employees are eligible to apply to the program for a fifty percent rebate on the cost of employee transit subsidies provided through the regional ORCA fare collection system. No single business or nonprofit organization may receive more than ten thousand dollars from the program.

(i) Businesses and nonprofit organizations may apply and be awarded funds prior to purchasing a transit subsidy, but the department may not provide reimbursement until proof of purchase or a contract has been provided to the department.

(ii) The department shall report to the transportation committees of the legislature on the impact of the program by June 30, 2019, and may adopt rules to administer the program; and

(c) \$30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County.

It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) \$2,000,000 of the multimodal transportation account—state appropriation is provided solely for transit coordination grants.

(10) \$250,000 of the multimodal transportation account—state appropriation is provided solely for King county for a pilot program to provide certain students in the Highline and Lake Washington school districts with an ORCA card during the summer. To be eligible for an ORCA card under this program, a student must also be in high school, be eligible for free and reduced-price lunches, and have a job or other responsibility during the summer. King county must provide a report to the department and the transportation committees of legislature by December 15, 2018, regarding: The annual student usage of the pilot program, available ridership data, the cost to expand the program to other King county school districts, the cost to expand the program to student populations other than high school or eligible for free and reduced-price lunches, opportunities for subsidized ORCA cards or local grant or matching funds, and any additional information that would help determine if the pilot program should be extended or expanded.

(11) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(12)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

(v) City of Seattle - Northgate Transit Center Pedestrian Bridge (G2000041).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(13) \$300,000 of the multimodal transportation account—state appropriation is provided solely for Pierce Transit to procure and install digital transit information technology at various transit centers, in order to provide transit riders with real-time arrival and departure information.

(13) \$7,769,000 of the transportation partnership account—state appropriation, \$6,744,000 of the transportation 2003 account (nickel account)—state appropriation, \$215,000 of the motor vehicle account—federal appropriation, and \$5,000,000 of the special category C account—state appropriation are provided solely for the US 395/North Spokane Corridor project (600010A). Any future savings on the project must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor project or any future phase of the project in 2017-2019.

(14) ((~~\$27,415,000~~)) \$4,220,000 of the transportation partnership account—state appropriation, \$16,000 of the motor vehicle account—local appropriation, and ((~~\$13,158,000~~)) \$353,000 of the transportation 2003 account (nickel account)—state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8B11002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must

stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C), the I-405 Renton to Bellevue project (M00900R), or the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) in the 2017-2019 fiscal biennium.

(15) \$4,960,000 of the transportation partnership account—state appropriation and \$3,000,000 of the Interstate 405 express toll lanes operations account—state appropriation are provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project. The transportation partnership account—state appropriation funding is a transfer or a reappropriation of a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project due to savings, and will start an additional phase of this I-405 project.

(16)(a) The SR 520 Bridge Replacement and HOV project (8B11003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, \$924,615,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) (~~(\$78,958,000)~~) \$49,353,000 of the transportation partnership account—state appropriation, \$12,296,000 of the motor vehicle account—federal appropriation, and (~~(\$232,000)~~) \$50,000 of the motor vehicle account—local appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (8B11003).

(c) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) Any advisory group that the department convenes during the 2017-2019 fiscal biennium must consider the interests of the entire state of Washington.

(19) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(20) (~~(\$93,651,000)~~) \$133,651,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(21)(a) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(b) The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound Gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by July 1, 2018. The department must submit a copy of the memorandum of understanding to the transportation committees of the legislature and report regularly on the status of the requirements outlined in this subsection (21)(b) and (c) of this subsection.

(c) During the course of developing the memorandum of understanding, the department must evaluate the project schedules to determine if there are any benefits to be gained by moving the project schedule forward. It is the legislature's intent that if the department identifies any savings after the funding gap on the base project is closed as part of the proposal to expedite the project, that these cost savings shall go toward construction of a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the funding gap on the base project is closed, the funds must be applied toward the completion of these two full single-point urban interchanges.

(d) For the SR 167/SR 509 Puget Sound Gateway project (M00600R) the department is strongly encouraged to work to relocate any significant businesses currently located within the planned path of the state route number 509/Interstate 5 under-crossing to a location within the Kent city limits. The department shall provide regular updates on

its progress to the joint transportation committee and affected stakeholders.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

(22) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(23)(a) (~~(\$2,000,000)~~) \$1,050,000 of the transportation partnership account—state appropriation and \$942,000 of the motor vehicle account—state appropriation are provided solely for the U.S. 2 Trestle IJR project (L1000158).

(b) Of the amounts provided in this subsection, \$942,000 of the motor vehicle account—state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle, covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

~~((a))~~ (c) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

~~((b))~~ (d) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

~~((c))~~ (e) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(24)(a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes.

(b) A final access solution for Mercer Island must consider the following criteria: Safety; operational effects on all users, including maintaining historic access to Interstate

90 provided from Mercer Island by Island Crest Way; enforcement requirements; and compliance with state and federal law.

(c) The department may not restrict by occupancy the westbound on-ramp from Island Crest Way until a final access solution that meets the criteria in (b) of this subsection has been reached.

(25) (~~(\$3,258,000)~~) \$3,222,000 of the Interstate 405 express toll lanes operations account—state appropriation is provided solely for the I-405 NB Hard Shoulder Running – SR 527 to I-5 project (L1000163).

(26) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(27) For the SR 526 Corridor Improvements project (N52600R), the department shall look holistically at the state route number 526 corridor from the state route number 526/Interstate 5 interchange at the east end to the southwest Everett industrial area and Boeing's west access road on the west end. The department, working with affected jurisdictions and stakeholders, shall select project elements that best maximize mobility and congestion relief in the corridor and draw from project elements identified in a practical solutions process.

(28)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) SR 20/Sharpes Corner Vicinity Intersection (L1000112);

(ii) I-5/Marvin Road/SR 510 Interchange (L1100110);

(iii) I-5/Northbound On-ramp at Bakerview (L2000119);

(iv) US 395/Ridgeline Intersection (L2000127);

(v) I-90/Eastside Restripe Shoulders (L2000201);

(vi) SR 240/Richland Corridor Improvements (L2000202);

(vii) SR 14/Bingen Overpass (L2220062);

(viii) US Hwy 2 Safety (N00200R);

(ix) SR 520/148th Ave NE Overlake Access Ramp (L1100101);

(x) SR 28/SR 285 North Wenatchee Area Improvements (L2000061);

(xi) I-5/Rebuild Chamber Way Interchange Improvements (L2000223);

(xii) SR 28 East Wenatchee Corridor Improvements (T10300R);

(xiii) SR 3 Freight Corridor (T30400R); or

(xiv) SR 510/Yelm Loop Phase 2 (T32700R).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(29) Within existing resources and in consultation with local communities, the department shall begin planning efforts, including traffic data collection, analysis and evaluation, scoping, and environmental review, for roundabouts at the intersection of state route number 900 and SE May Valley Road and at the intersection of state route number 169 and Cedar Grove Road SE.

(30) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system.

To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its direction to the department to lead the way in advancing the reuse and recycling of construction aggregate and recycled concrete materials whenever readily available, to use these recycled products when cost competitive, and to work with industry implementation partners to remove obstacles that unnecessarily preclude or inhibit their use and implement strategies for the reuse and recycling of construction aggregate and recycled concrete materials.

Specific steps and efforts made to achieve these objectives and accomplishments shall be included in the annual report to the legislature as required by RCW 70.95.807.

(31) Within existing resources, the department shall implement a safety solution after evaluating barrier and mitigation options on state route number 167 between the intersections with 50th Ave E and E 40th Street in Pierce county to prevent vehicles from leaving the roadway and entering private property below the grade of the highway.

(32) \$350,000 of the motor vehicle account—state appropriation is provided solely for implementation of

chapter 288 (Substitute Senate Bill No. 5806), Laws of 2017 (I-5 Columbia river bridge), listed as Replacement Bridge on Interstate 5 across the Columbia River project number (L2000259).

(33) For the SR 520 Seattle Corridor Improvements – West End project (M00400R), the legislature recognizes the department must acquire the entirety of parcel number 1-23190 for construction of the project. The department shall work with its design-build contractor to ensure to the maximum extent practicable that the building housing any grocery store or market currently located on parcel number 1-23190 will be preserved. The legislature recognizes the city of Seattle has requirements in the project area that the department must address and that those requirements may affect the use of parcel number 1-23190 and may affect the ability of the department to preserve any grocery store or market currently located on the property. The department shall meet and confer regularly with residents in the vicinity of the parcel regarding the status of the project and its effects on any grocery store or market currently located on the property. The legislature strongly encourages the city to utilize maximum flexibility in how the department meets the city's requirements and to be an equal partner in efforts to preserve any grocery store or market on parcel number 1-23190.

Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(4) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(5) The transportation 2003 account (nickel account)—state appropriation includes up to \$29,553,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

The land mobile radio project is subject to technical oversight by the office of the chief information officer. The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide quarterly reports to the technology services board on project progress.

(8) (~~(\$3,000,000)~~) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project.

(9) \$20,755,000 of the motor vehicle account—federal appropriation and \$844,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient. These funds must be used widely around the state of Washington. When practicable, the department shall pursue design-build contracts for these bridge projects to expedite delivery. (b) The department and the Washington state patrol shall jointly submit a prioritized list of weigh station projects to the office of financial management by October 1, 2017. Projects submitted must include estimated costs for preliminary engineering, rights-of-way, and construction

and must also consider the timing of any available funding for weigh station projects.

(12) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(15) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance the US 12/Wildcat Bridge Replacement project (L2000075). At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(16) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

			<u>\$424,088,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for

the projects and activities as listed in LEAP Transportation Document ((2018)) 2019-2 ALL PROJECTS as developed March ((5)) 26, ((2018)) 2019, Program - Washington State Ferries Capital Program (W) and is contingent upon the enactment of subsection (6) of this section.

(2) \$27,825,000 of the Puget Sound capital construction account—federal appropriation, (((\$44,485,000)) \$29,485,000 of the connecting Washington account—state appropriation, and \$1,483,000 of the Puget Sound capital construction account—state appropriation are provided solely for the Mukilteo ferry terminal (952515P). To the greatest extent practicable and within available resources, the department shall design the new terminal to be a net-zero energy building. To achieve this goal, the department shall evaluate using highly energy efficient equipment and systems, and the most appropriate renewable energy systems for the needs and location of the terminal. To the extent practicable, the department shall avoid the closure of, or disruption to, any existing public access walkways in the vicinity of the terminal project during construction. Of the amounts provided in this subsection, \$750,000 of the Puget Sound capital construction account—state appropriation is provided solely for additional photovoltaic panels for this project.

(3) \$94,671,000 of the Puget Sound capital construction account—federal appropriation, \$46,919,000 of the connecting Washington account—state appropriation, \$26,949,000 of the Puget Sound capital construction account—private/local appropriation, \$2,734,000 of the multimodal transportation account—state appropriation, \$511,000 of the Puget Sound capital construction account—state appropriation, and \$679,000 of the transportation 2003 (nickel account)—state appropriation are provided solely for the Seattle Terminal Replacement project (900010L).

(4) (((\$5,000,000)) \$7,100,000 of the Puget Sound capital construction account—state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(5) \$950,000 of the Puget Sound capital construction account—state appropriation is provided solely for life extension of the existing ticketing system and ORCA acceptance (998521A and 998521B). The ferry system shall work with Washington technology solutions and the tolling division on the development of a new, interoperable ticketing system.

(6)(a) The department shall, in consultation with the office of financial management, hire an independent planning consultant to assist with overall scope development of a new ferry system long-range plan, including incorporating the items listed in (b) of this subsection. The independent planning consultant must have experience in planning for other ferry systems.

(b) The department shall update the ferries division long-range plan by January 1, 2019. In reviewing the changing needs of the users of the ferry system and the associated funding opportunities and challenges, the department must include, but is not limited to, the following elements in the new long-range plan:

(i) Identify changes in the demographics of users of the system;

(ii) Review route timetables and propose adjustments that take into consideration ridership volume, vessel load times, proposed and current passenger-only ferry system ridership, and other operational needs;

(iii) Review vessel needs by route and propose a vessel replacement schedule, vessel retirement schedule, and estimated number of vessels needed. This analysis should also articulate a reserve vessel strategy;

(iv) Identify the characteristics most appropriate for replacement vessels, such as passenger and car-carrying capacity, while taking into consideration other cost-driving factors. These factors should include:

(A) Anticipated crewing requirements;

(B) Fuel type;

(C) Other operating and maintenance costs;

(v) Review vessel dry dock needs, consider potential impacts of the United States navy, and propose strategies to meet these needs;

(vi) Address the seismic vulnerability of the system and articulate emergency preparedness plans;

(vii) Evaluate leased and state-owned property locations for the ferry headquarters, to include an analysis of properties outside the downtown area of Seattle;

	<b>TOTAL</b>	<b>APPROPRIATION</b>
		<u>\$147,591,000</u>
		<u>\$124,238,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document (~~(2018)~~) 2019-2 ALL PROJECTS as developed March (~~(5)~~) 26, (~~(2018)~~) 2019, Program - Rail Program (Y).

(2) (~~(\$7,009,000)~~) \$5,000,000 of the transportation infrastructure account—state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. The department shall report annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued.

(3) \$7,017,000 of the multimodal transportation account—state appropriation and \$24,000 of the essential rail assistance account—state appropriation are provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(4) \$367,000 of the transportation infrastructure account—state appropriation and \$1,100,000 of the multimodal transportation account—state appropriation are provided solely to reimburse Highline Grain, LLC for approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects. The value of the public benefit of this project is expected to meet or exceed the cost of this

project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(5)(a) \$686,000 of the essential rail assistance account—state appropriation, \$422,000 of the multimodal transportation account—state appropriation, and \$21,000 of the transportation infrastructure account—state appropriation are provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).

(b) Expenditures from the essential rail assistance account—state in this subsection may not exceed the combined total of:

(i) Revenues and transfers deposited into the essential rail assistance account from leases and sale of property relating to the Palouse river and Coulee City railroad; and

(ii) Revenues transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2018, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(7) For projects funded as part of the 2015 connecting Washington transportation package identified on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance the South Kelso Railroad Crossing project (L1000147). At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(8) It is the intent of the legislature to encourage the department to pursue federal grant opportunities leveraging up to \$6,696,000 in connecting Washington programmed funds to be used as a state match to improve the state-owned Palouse river and Coulee City system. The amount listed in this subsection is not a commitment for future legislatures, but is the legislature's intent that future legislatures will work

to approve biennial appropriations up to a state match share not to exceed \$6,696,000 of a grant award.

(9) \$5,606,000 of the multimodal transportation account—state appropriation is provided solely as expenditure authority for any insurance proceeds received by the state for Passenger Rail Equipment Replacement (project 700010C). The department must use this expenditure authority only to purchase passenger rail equipment that has been competitively procured.

The appropriations in this section are subject to the following conditions and limitations:

The department may consider the special situations facing high-need areas, as defined by schools or project areas in which the percentage of the children eligible to receive free and reduced-price meals under the national school lunch program is equal to, or greater than, the state average as determined by the department, when evaluating project proposals against established funding criteria while ensuring continued compliance with federal eligibility requirements.

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2017, and December 1, 2018, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program. The report must include, but is not limited to, a list of projects selected and a brief description of each project's status.

(4) (~~(\$32,984,000)~~) \$23,701,000 of the multimodal transportation account—state appropriation is provided solely for bicycle and pedestrian projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(5) \$43,800,000 of the motor vehicle account—federal appropriation is provided solely for national highway freight network projects identified on the project list submitted in accordance with section 218(4)(b), chapter 14, Laws of 2016 on October 31, 2016. The department shall validate the projects on the list. Only tier one projects on the prioritized freight project list that are validated by the department may receive funding under this subsection. The department shall continue to work with the Washington state freight advisory committee to improve project screening and validation to support project prioritization and selection, including during the freight mobility plan update in 2017. The department may compete for funding under this

(8)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

**"NEW SECTION. Sec. 1.** The legislature declares that opioid use disorder is a public health crisis. State agencies must increase access to evidence-based opioid use disorder treatment services, promote coordination of services within the substance use disorder treatment and recovery support system, strengthen partnerships between opioid use disorder treatment providers and their allied community partners, expand the use of the Washington state prescription drug monitoring program, and support comprehensive school and community-based substance use prevention services.

This act leverages the direction provided by the Washington state interagency opioid working plan in order to address the opioid epidemic challenging communities throughout the state.

Agencies administering state purchased health care programs, as defined in RCW 41.05.011, shall coordinate activities to implement the provisions of this act and the Washington state interagency opioid working plan, explore opportunities to address the opioid epidemic, and provide status updates as directed by the joint legislative executive committee on health care oversight to promote legislative and executive coordination.

**Sec. 2.** 2005 c 70 s 1 (uncodified) is amended to read as follows:

The legislature finds that drug use among pregnant ~~((women))~~ individuals is a significant and growing concern statewide. ~~((The legislature further finds that methadone, although an effective alternative to other substance use treatments, can result in babies who are exposed to methadone while in utero being born addicted and facing the painful effects of withdrawal.))~~ Evidence-informed group prenatal care reduces preterm birth for infants, and increases maternal social cohesion and support during pregnancy and postpartum, which is good for maternal mental health.

It is the intent of the legislature to notify all pregnant ~~((mothers))~~ individuals who are receiving ~~((methadone treatment))~~ medication for the treatment of opioid use disorder of the risks and benefits ~~((methadone))~~ such medication could have on their baby during pregnancy through birth and to inform them of the potential need for the newborn baby to be ~~((taken care of))~~ treated in a hospital setting or in a specialized supportive environment designed specifically to address ~~((newborn addiction problems))~~ and manage neonatal opioid or other drug withdrawal syndromes.

(7) This section does not apply to practitioners licensed under chapter 18.92 RCW.

(8) The department shall review this section by March 31, 2026, and report to the appropriate committees of the legislature on whether this section should be retained, repealed, or amended.

**Sec. 18.** RCW 70.41.480 and 2015 c 234 s 1 are each amended to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment for opioid use disorder as appropriate. It is the

intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within fifteen miles by road ((e));

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy; or

(c) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient is at risk of opioid overdose and the prepackaged emergency medication being distributed is an opioid overdose reversal medication. The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed, distributed, or delivered pursuant to a prescription, collaborative drug therapy agreement, standing order, or protocol issued in accordance with this section. The individual or entity that dispenses, distributes, or delivers an opioid overdose reversal medication as authorized by this section must ensure that directions for use are provided.

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing

or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

~~((3))~~ (4) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

~~((4))~~ (5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency ~~((room))~~ department patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011~~((24))~~ (29).

(d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

**Sec. 19.** RCW 70.168.090 and 2010 c 52 s 5 are each amended to read as follows:

The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the health care data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related

(b) The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) The department must establish a statewide electronic emergency medical services data system and adopt rules requiring licensed ambulance and aid services to report and furnish patient encounter data to the electronic emergency medical services data system. The data system must be used to improve the availability and delivery of prehospital emergency medical services. The department must establish in rule the specific data elements of the data system and secure transport methods for data. The data collected must include data on suspected drug overdoses for the purposes of including, but not limited to, identifying individuals to engage substance use disorder peer professionals, patient navigators, outreach workers, and other professionals as appropriate to prevent further overdoses and to induct into treatment and provide other needed supports as may be available.

(3) In each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The systems quality assurance program may also evaluate emergency cardiac and stroke care delivery. The emergency medical services medical program director and all other health care providers and facilities who provide trauma and emergency cardiac and stroke care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

~~((3))~~ (4) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

~~((4))~~ (5) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from chapter 42.56 RCW, and are not subject to discovery by subpoena or admissible as evidence~~(-)~~ in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW

(1) The department shall establish and maintain a prescription monitoring program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the pharmacy quality assurance commission as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and overprescribing of controlled substances, and improving controlled substance prescribing practices with the intent of eventually establishing an electronic database available in real time to dispensers and prescribers of controlled substances. As much as possible, the department should establish a common database with

other states. This program's management and operations shall be funded entirely from the funds in the account established under RCW 74.09.215. Nothing in this chapter prohibits voluntary contributions from private individuals and business entities as defined under Title 23, 23B, 24, or 25 RCW to assist in funding the prescription monitoring program.

(2) Except as provided in subsection (4) of this section, each dispenser shall submit to the department by electronic means information regarding each prescription dispensed for a drug included under subsection (1) of this section. Drug prescriptions for more than one day use should be reported. The information submitted for each prescription shall include, but not be limited to:

- (a) Patient identifier;
- (b) Drug dispensed;
- (c) Date of dispensing;
- (d) Quantity dispensed;
- (e) Prescriber; and
- (f) Dispenser.

(3)(a) Until January 1, 2021, each dispenser shall submit the information in accordance with transmission methods established by the department, not later than one business day from the date of dispensing or at the interval required by the department in rule, whichever is sooner.

(b) Beginning January 1, 2021, each dispenser must submit the information as soon as readily available, but no later than one business day from the date of distributing, and in accordance with transmission methods established by the department.

(4) The data submission requirements of subsections (1) through (3) of this section do not apply to:

(a) Medications provided to patients receiving inpatient services provided at hospitals licensed under chapter 70.41 RCW; or patients of such hospitals receiving services at the clinics, day surgery areas, or other settings within the hospital's license where the medications are administered in single doses;

(b) Pharmacies operated by the department of corrections for the purpose of providing medications to offenders in department of corrections institutions who are receiving pharmaceutical services from a department of corrections pharmacy, except that the department of corrections must submit data related to each offender's current prescriptions for controlled substances upon the offender's release from a department of corrections institution; or

(c) Veterinarians licensed under chapter 18.92 RCW. The department, in collaboration with the veterinary board of governors, shall establish alternative data reporting requirements for veterinarians that allow veterinarians to report:

- (i) By either electronic or nonelectronic methods;

(ii) Only those data elements that are relevant to veterinary practices and necessary to accomplish the public protection goals of this chapter; and

(iii) No more frequently than once every three months and no less frequently than once every six months.

(5) The department shall continue to seek federal grants to support the activities described in chapter 259, Laws of 2007. The department may not require a practitioner or a pharmacist to pay a fee or tax specifically dedicated to the operation and management of the system.

**NEW SECTION. Sec. 22.** A new section is added to chapter 70.225 RCW to read as follows:

(1) In order to expand integration of prescription monitoring program data into certified electronic health record technologies, the department must collaborate with health professional and facility associations, vendors, and others to:

(a) Conduct an assessment of the current status of integration;

(b) Provide recommendations for improving integration among small and rural health care facilities, offices, and clinics;

(c) Comply with federal prescription drug monitoring program qualification requirements under 42 U.S.C. Sec. 1396w-3a to facilitate eligibility for federal grants and establish a program to provide financial assistance to small and rural health care facilities and clinics with integration as funding is available, especially under federal programs;

(d) Conduct security assessments of other commonly used platforms for integrating prescription monitoring program data with certified electronic health records for possible use in Washington; and

(e) Assess improvements to the prescription monitoring program to establish a modality to identify patients that do not wish to receive opioid medications in a manner that allows an ordering or prescribing physician to be able to use the prescription monitoring program to identify patients who do not wish to receive opioids or patients that have had an opioid-related overdose.

(2)(a) By January 1, 2021, a facility, entity, office, or provider group identified in RCW 70.225.040 with ten or more prescribers that is not a critical access hospital as defined in RCW 74.60.010 that uses a federally certified electronic health records system must demonstrate that the facility's or entity's federally certified electronic health record is able to fully integrate data to and from the prescription monitoring program using a mechanism approved by the department under subsection (3) of this section.

(b) The department must develop a waiver process for the requirements of (a) of this subsection for facilities, entities, offices, or provider groups due to economic hardship, technological limitations that are not reasonably in the control of the facility, entity, office, or provider group, or other exceptional circumstance demonstrated by the

facility, entity, office, or provider group. The waiver must be limited to one year or less, or for any other specified time frame set by the department.

(3) Electronic health record system vendors who are fully integrated with the prescription monitoring program in Washington state may not charge an ongoing fee or a fee based on the number of transactions or providers. Total costs of connection must not impose unreasonable costs on any facility, entity, office, or provider group using the electronic health record and must be consistent with current industry pricing structures. For the purposes of this subsection, "fully integrated" means that the electronic health records system must:

(a) Send information to the prescription monitoring program without provider intervention using a mechanism approved by the department;

(b) Make current information from the prescription monitoring program available to a provider within the workflow of the electronic health records system; and

(c) Make information available in a way that is unlikely to interfere with, prevent, or materially discourage access, exchange, or use of electronic health information, in accordance with the information blocking provisions of the federal twenty-first century cures act, P.L. 114-255.

**Sec. 23.** RCW 70.225.040 and 2017 c 297 s 9 are each amended to read as follows:

(ii) Providing quality improvement feedback to ((providers)) prescribers, including comparison of their respective data to aggregate data for ((providers)) prescribers with the same type of license and same specialty; and

(iii) Administration and enforcement of this chapter or chapter 69.50 RCW;

~~((k))~~ ((j)) Personnel of a test site that meet the standards under RCW 70.225.070 pursuant to an agreement between the test site and a person identified in (a) of this subsection to provide assistance in determining which medications are being used by an identified patient who is under the care of that person;

~~((l))~~ ((k)) A health care facility or entity for the purpose of providing medical or pharmaceutical care to the patients of the facility or entity, or for quality improvement purposes if((:

~~(ii) The provider group is a trading partner with the state's health information exchange;~~

~~(n))~~ (m) The local health officer of a local health jurisdiction for the purposes of patient follow-up and care coordination following a controlled substance overdose event. For the purposes of this subsection "local health officer" has the same meaning as in RCW 70.05.010; and

~~((o))~~ (n) The coordinated care electronic tracking program developed in response to section 213, chapter 7, Laws of 2012 2nd sp. sess., commonly referred to as the seven best practices in emergency medicine, for the purposes of providing:

(i) Prescription monitoring program data to emergency department personnel when the patient registers in the emergency department; and

(ii) Notice to local health officers who have made opioid-related overdose a notifiable condition under RCW 70.05.070 as authorized by rules adopted under RCW 43.20.050, providers, appropriate care coordination staff, and prescribers listed in the patient's prescription monitoring program record that the patient has experienced a controlled substance overdose event. The department shall determine the content and format of the notice in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and the notice may be modified as necessary to reflect current needs and best practices.

(4) The department shall, on at least a quarterly basis, and pursuant to a schedule determined by the department, provide a facility or entity identified under subsection (3)~~((+))~~ (k) of this section or a provider group identified under subsection (3)~~((m))~~ (l) of this section with facility or entity and individual prescriber information if the facility, entity, or provider group:

(a) Uses the information only for internal quality improvement and individual prescriber quality improvement feedback purposes and does not use the information as the sole basis for any medical staff sanction or adverse employment action; and

(b) Provides to the department a standardized list of current prescribers of the facility, entity, or provider group. The specific facility, entity, or provider group information

provided pursuant to this subsection and the requirements under this subsection must be determined by the department in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and may be modified as necessary to reflect current needs and best practices.

(5)(a) The department may publish or provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used directly or indirectly to identify individual patients, requestors, dispensers, prescribers, and persons who received prescriptions from dispensers. Direct and indirect patient identifiers may be provided for research that has been approved by the Washington state institutional review board and by the department through a data-sharing agreement.

(b)(i) The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state hospital association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement as specified in RCW 43.70.052(8) with the association. The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state medical association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement with the association.

(ii) The department may provide data including direct and indirect patient identifiers to the department of social and health services office of research and data analysis, the department of labor and industries, and the health care authority for research that has been approved by the Washington state institutional review board and, with a data-sharing agreement approved by the department, for public health purposes to improve the prevention or treatment of substance use disorders.

(iii) The department may provide a prescriber feedback report to the largest health professional association representing each of the prescribing professions. The health professional associations must distribute the feedback report to prescribers engaged in the professions represented by the associations for quality improvement purposes, so long as the reports contain no direct patient identifiers that could be used to identify individual patients, dispensers, and persons who received prescriptions from dispensers, and the association enters into a written data-sharing agreement with the department. However, reports may include indirect patient identifiers as agreed to by the department and the association in a written data-sharing agreement.

(c) For the purposes of this subsection~~((:))~~:

(i) "Indirect patient identifiers" means data that may include: Hospital or provider identifiers, a five-digit zip code, county, state, and country of resident; dates that include month and year; age in years; and race and ethnicity; but does not include the patient's first name; middle name; last name; social security number; control or medical record number; zip code plus four digits; dates that include day,

month, and year; or admission and discharge date in combination; and

(ii) "Prescribing professions" include:

(B) Osteopathic physicians and physician assistants;

(C) Podiatric physicians;

(D) Dentists; and

(E) Advanced registered nurse practitioners.

(6) The department may enter into agreements to exchange prescription monitoring program data with established prescription monitoring programs in other jurisdictions. Under these agreements, the department may share prescription monitoring system data containing direct and indirect patient identifiers with other jurisdictions through a clearinghouse or prescription monitoring program data exchange that meets federal health care information privacy requirements. Data the department receives from other jurisdictions must be retained, used, protected, and destroyed as provided by the agreements to the extent consistent with the laws in this state.

(7) Persons authorized in subsections (3)~~(, (4), and (5))~~ through (6) of this section to receive data in the prescription monitoring program from the department, acting in good faith, are immune from any civil, criminal, disciplinary, or administrative liability that might otherwise be incurred or imposed for acting under this chapter.

**Sec. 24.** RCW 71.24.011 and 1982 c 204 s 1 are each amended to read as follows:

This chapter may be known and cited as the community ~~(mental)~~ behavioral health services act.

NEW SECTION. **Sec. 25.** A new section is added to chapter 71.24 RCW to read as follows:

(1) Recognizing that treatment strategies and modalities for the treatment of individuals with opioid use disorder and their newborns continue to evolve, and that improved health outcomes are seen when birth parents and their infants are allowed to room together, the authority must provide recommendations to the office of financial management by October 1, 2019, to better support the care of individuals who have recently delivered and their newborns.

(2) These recommendations must support:

(a) Successful transition from the early postpartum and newborn period for the birth parent and infant to the next level of care;

(b) Reducing the risk of parental infant separation; and

(c) Increasing the chance of uninterrupted recovery of the parent and foster the development of positive parenting practices.

(3) The authority's recommendations must include:

(a) How these interventions could be supported in hospitals, birthing centers, or other appropriate sites of care and descriptions as to current barriers in providing these interventions;

(b) Estimates of the costs needed to support this enhanced set of services; and

(c) Mechanisms for funding the services.

**Sec. 26.** RCW 71.24.560 and 2017 c 297 s 11 are each amended to read as follows:

(1) All approved opioid treatment programs that provide services to ~~((women))~~ individuals who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant ~~((clients))~~ individuals concerning the ~~((possible addiction and health risks that their treatment may have on their baby))~~ effects opioid use and opioid use disorder medication may have on their baby, including the development of dependence and subsequent withdrawal. All pregnant ~~((clients))~~ individuals must also be advised of the risks to both themselves and their ~~((baby))~~ babies associated with ~~((not remaining on the))~~ discontinuing an opioid treatment program. The information must be provided to these ~~((clients))~~ individuals both verbally and in writing. The health education information provided to the pregnant ~~((clients))~~ individuals must include referral options for ~~((the substance exposed baby))~~ a baby who has been exposed to opioids in utero.

(2) The department shall adopt rules that require all opioid treatment programs to educate all pregnant ~~((women))~~ individuals in their program on the benefits and risks of medication-assisted treatment to ~~((their))~~ a developing fetus before they are ~~((provided))~~ prescribed these medications, as part of their treatment. The department shall also adopt rules requiring all opioid treatment programs to educate individuals who become pregnant about the risks to both the expecting parent and the fetus of not treating opioid use disorder. The department shall meet the requirements under this subsection within the appropriations provided for opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified opioid treatment programs.

(3) For pregnant individuals who participate in medicaid, the authority, through its managed care organizations, must ensure that pregnant individuals receive outreach related to opioid use disorder when identified as a person at risk.

**Sec. 27.** RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for

nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use

disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance ((abuse)) use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

**Sec. 28.** RCW 71.24.585 and 2017 c 297 s 12 are each amended to read as follows:

~~((The state of Washington declares that there is no fundamental right to medication assisted treatment for opioid use disorder.)) (1)(a) The state of Washington ((further)) declares that ((while medications used in the treatment of opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons with opioid use disorder. The state of Washington recognizes as evidence based for the management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. Medication assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention. Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed, follow up must be included in the treatment plan in order to work towards the goal of abstinence.)) substance use disorders are medical conditions. Substance use disorders should be treated in a manner similar to other medical conditions by using interventions that are supported by evidence, including medications approved by the federal food and drug administration for the treatment of opioid use disorder. It is also recognized that many individuals have multiple substance use disorders, as well as histories of trauma, developmental disabilities, or mental health conditions. As such, all individuals experiencing opioid use disorder should be offered evidence-supported treatments to include federal food and drug administration approved medications for the treatment of opioid use disorders and behavioral counseling and social supports to address them. For behavioral health agencies, an effective plan of treatment for most persons with opioid use disorder integrates access to medications and psychosocial counseling and should be consistent with the American society of addiction medicine patient placement criteria. Providers must inform patients with opioid use disorder or substance use disorder of options to access federal food and drug administration approved medications for the treatment of opioid use disorder or substance use disorder. Because some such medications are controlled substances in chapter 69.50 RCW, the state of Washington maintains the legal obligation and right to regulate the ((clinical)) uses of these medications in the treatment of opioid use disorder.~~

~~((Further,)) (b) The authority must work with other state agencies and stakeholders to develop value-based payment strategies to better support the ongoing care of persons with opioid and other substance use disorders.~~

~~(c) The department of corrections shall develop policies to prioritize services based on available grant funding and funds appropriated specifically for opioid use disorder treatment.~~

(2) The authority must promote the use of medication therapies and other evidence-based strategies to address the opioid epidemic in Washington state. Additionally, by January 1, 2020, the authority must prioritize state resources for the provision of treatment and recovery support services to inpatient and outpatient treatment settings that allow patients to start or maintain their use of medications for opioid use disorder while engaging in services.

(3) The state declares that the main goals of ((opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in opioid treatment programs require treatment for an extended period of time. Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including opioid use of program participants)) treatment for persons with opioid use disorder are the cessation of unprescribed opioid use, reduced morbidity, and restoration of the ability to lead a productive and fulfilling life.

(4) To achieve the goals in subsection (3) of this section, to promote public health and safety, and to promote the efficient and economic use of funding for the medicaid program under Title XIX of the social security act, the authority may seek, receive, and expend alternative sources of funding to support all aspects of the state's response to the opioid crisis.

(5) The authority must partner with the department of social and health services, the department of corrections, the department of health, the department of children, youth, and families, and any other agencies or entities the authority deems appropriate to develop a statewide approach to leveraging medicaid funding to treat opioid use disorder and provide emergency overdose treatment. Such alternative sources of funding may include:

(a) Seeking a section 1115 demonstration waiver from the federal centers for medicare and medicaid services to fund opioid treatment medications for persons eligible for medicaid at or during the time of incarceration and juvenile detention facilities; and

(b) Soliciting and receiving private funds, grants, and donations from any willing person or entity.

(6)(a) The authority shall work with the department of health to promote coordination between medication-assisted treatment prescribers, federally accredited opioid treatment programs, substance use disorder treatment facilities, and state-certified substance use disorder treatment agencies to:

(i) Increase patient choice in receiving medication and counseling;

(ii) Strengthen relationships between opioid use disorder providers;

(iii) Acknowledge and address the challenges presented for individuals needing treatment for multiple substance use disorders simultaneously; and

(iv) Study and review effective methods to identify and reach out to individuals with opioid use disorder who are at high risk of overdose and not involved in traditional systems of care, such as homeless individuals using syringe service programs, and connect such individuals to appropriate treatment.

(b) The authority must work with stakeholders to develop a set of recommendations to the governor and the legislature that:

**MESSAGE FROM THE SENATE**

April 25, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1195 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that passage of chapter 304, Laws of 2018 (Engrossed Substitute House Bill No. 2938) and chapter 111, Laws of 2018 (Substitute Senate Bill No. 5991) was an important step in achieving the goals of reforming campaign finance reporting and oversight, including simplifying the reporting and enforcement processes to promote administrative efficiencies. Much has been accomplished in the short time the public disclosure commission has implemented these new laws. However, some additional improvements were identified by the legislature, stakeholders, and the public disclosure commission, that are necessary to further implement these goals and the purpose of the state campaign finance law. Additional refinements to the law will help to ensure the public disclosure commission may continue to provide transparency of election campaign funding activities, meaningful guidance to participants in the political process, and enforcement that is timely, fair, and focused on improving compliance.

**Sec. 2.** RCW 42.17A.001 and 1975 1st ex.s. c 294 s 1 are each amended to read as follows:

It is hereby declared by the sovereign people to be the public policy of the state of Washington:

(1) That political campaign and lobbying contributions and expenditures be fully disclosed to the public and that secrecy is to be avoided.

(2) That the people have the right to expect from their elected representatives at all levels of government the utmost of integrity, honesty, and fairness in their dealings.

(3) That the people shall be assured that the private financial dealings of their public officials, and of candidates for those offices, present no conflict of interest between the public trust and private interest.

(4) That our representative form of government is founded on a belief that those entrusted with the offices of government have nothing to fear from full public disclosure of their financial and business holdings, provided those officials deal honestly and fairly with the people.

(5) That public confidence in government at all levels is essential and must be promoted by all possible means.

(6) That public confidence in government at all levels can best be sustained by assuring the people of the impartiality and honesty of the officials in all public transactions and decisions.

(7) That the concept of attempting to increase financial participation of individual contributors in political campaigns is encouraged by the passage of the Revenue Act of 1971 by the Congress of the United States, and in consequence thereof, it is desirable to have implementing legislation at the state level.

(8) That the concepts of disclosure and limitation of election campaign financing are established by the passage of the Federal Election Campaign Act of 1971 by the Congress of the United States, and in consequence thereof it is desirable to have implementing legislation at the state level.

(9) That small contributions by individual contributors are to be encouraged, and that not requiring the reporting of small contributions may tend to encourage such contributions.

(10) That the public's right to know of the financing of political campaigns and lobbying and the financial affairs of elected officials and candidates far outweighs any right that these matters remain secret and private.

(11) That, mindful of the right of individuals to privacy and of the desirability of the efficient administration of government, full access to information concerning the conduct of government on every level must be assured as a fundamental and necessary precondition to the sound governance of a free society.

The provisions of this chapter shall be liberally construed to promote complete disclosure of all information respecting the financing of political campaigns and lobbying, and the financial affairs of elected officials and candidates, and full access to public records so as to assure continuing public confidence of fairness of elections and governmental processes, and so as to assure that the public interest will be fully protected. In promoting such complete disclosure, however, this chapter shall be enforced so as to ~~((insure))~~ ensure that the information disclosed will not be misused for arbitrary and capricious purposes and to ~~((insure))~~ ensure that all persons reporting under this chapter will be protected from harassment and unfounded allegations based on information they have freely disclosed.

**Sec. 10.** RCW 42.17A.120 and 2010 c 204 s 304 are each amended to read as follows:

(1) The commission may suspend or modify any of the reporting requirements of this chapter if it finds that literal application of this chapter works a manifestly unreasonable hardship in a particular case and the suspension or modification will not frustrate the purposes of this chapter. The commission may suspend or modify reporting requirements only to the extent necessary to substantially relieve the hardship and only after a hearing is held and the suspension or modification receives approval ~~((from a majority of the commission. The commission shall act to suspend or modify any reporting requirements:~~

~~((a) Only if it determines that facts exist that are clear and convincing proof of the findings required under this section; and~~

~~((b) Only to the extent necessary to substantially relieve the hardship)).~~ A suspension or modification of the financial affairs reporting requirements in RCW 42.17A.710 may be approved for an elected official's term of office or for up to three years for an executive state officer. If a material change in the applicant's circumstances or relevant information occurs or has occurred, the applicant must request a modification at least one month prior to the next filing deadline rather than at the conclusion of the term.

(2) A manifestly unreasonable hardship exists if reporting the name of an entity required to be reported under RCW 42.17A.710(1)(g)(ii) would be likely to adversely affect the competitive position of any entity in which the person filing the report, or any member of ~~((his or her))~~ the person's immediate family, holds any office, directorship, general partnership interest, or an ownership interest of ten percent or more.

(3) Requests for ~~((renewals of))~~ reporting modifications may be heard in a brief adjudicative proceeding as set forth in RCW 34.05.482 through 34.05.494 and in accordance with the standards established in this section. ~~((No initial request may be heard in a brief~~

adjudicative proceeding. No request for renewal may be heard in a brief adjudicative proceeding if the initial request was granted more than three years previously or if the applicant is holding an office or position of employment different from the office or position held when the initial request was granted.) The commission, the commissioner chair acting as presiding officer, or another commissioner appointed by the chair to serve as presiding officer, may preside over a brief adjudicatory proceeding. If a modification is requested by a filer because of a concern for personal safety, the information submitted regarding that safety concern shall not be made public prior to, or at, the hearing on the request. Any information provided or prepared for the modification hearing shall remain exempt from public disclosure under this chapter and chapter 42.56 RCW to the extent it is determined at the hearing that disclosure of such information would present a personal safety risk to a reasonable person.

(4) If the commission, or presiding officer, grants a modification request, the commission or presiding officer may apply the modification retroactively to previously filed reports. In that event, previously reported information of the kind that is no longer being reported is confidential and exempt from public disclosure under this chapter and chapter 42.56 RCW.

(5) Any citizen has standing to bring an action in Thurston county superior court to contest the propriety of any order entered under this section within one year from the date of the entry of the order.

~~((5))~~ (6) The commission shall adopt rules governing the proceedings.

**Sec. 11.** RCW 42.17A.125 and 2011 c 60 s 21 are each amended to read as follows:

The new dollar amounts established by the commission under this section shall be rounded off to amounts as judged most convenient for public understanding and so as to be within ten percent of the target amount equal to the base amount provided in this chapter multiplied by the increase in the inflationary index since July 2008.~~

~~(2) The commission may revise,)~~ At least once every five years, but no more often than every two years, the commission must consider whether to revise the monetary contribution limits and reporting thresholds and ((reporting)) code values of this chapter. If the commission chooses to make revisions, the revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management, and may be rounded off to amounts as determined by the commission to be most accessible for public understanding. The revisions shall be guided by the change in the index for the period commencing with the month of December preceding the last revision and

concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter, reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials, the revisions shall equally affect all thresholds within each category. The revisions authorized by this subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold.

~~((3))~~ Revisions made in accordance with ~~((subsections (1) and (2) of))~~ this section shall be adopted as rules ~~((under))~~ in accordance with chapter 34.05 RCW.

**Sec. 12.** RCW 42.17A.135 and 2010 c 204 s 307 are each amended to read as follows:

The commission shall by rule prescribe the form of the petition. After the signatures are gathered, the petition shall be presented to the auditor or elections officer of the county, or counties, in which the political subdivision is located. The auditor or elections officer shall verify the signatures and certify to the commission that the petition contains no less than the required number of valid signatures. The commission, upon receipt of a valid petition, shall order every known affected person in the political subdivision to file the initially required statement and reports within fourteen days of the date of the order.

(3) The reporting provisions of this chapter apply in any exempt political subdivision that by ordinance, resolution, or other official action has petitioned the commission to make the provisions applicable to elected officials and candidates of the exempt political subdivision. A copy of the action shall be sent to the commission. If the commission finds the petition to be a valid action of the appropriate governing body or authority, the commission shall order every known affected person in the political subdivision to file the initially required statement and reports within fourteen days of the date of the order.

(4) The commission shall void any order issued by it pursuant to subsection (2) or (3) of this section when, at least four years after issuing the order, the commission is

presented a petition or official action so requesting from the affected political subdivision. Such petition or official action shall meet the respective requirements of subsection (2) or (3) of this section.

(5) Any petition for disclosure, ordinance, resolution, or official action of an agency petitioning the commission to void the exemption in RCW 42.17A.200(3) shall not be considered unless it has been filed with the commission:

(6) Any person exempted from reporting under this chapter may at (~~his or her~~) the person's option file the statement and reports.

(7) The reporting provisions of this chapter apply to a candidate in any political subdivision if the candidate receives or expects to receive five thousand dollars or more in contributions.

The provisions of this section do not apply to reports required to be delivered under RCW 42.17A.265 and 42.17A.625.

(2) When a report is filed electronically with the commission, it is deemed to have been received on the file transfer date. The commission shall notify the filer of receipt of the electronically filed report. Such notification may be sent by mail (~~(facsimile)~~) or (~~(electronic mail)~~) electronically. If the notification of receipt of the electronically filed report is not received by the filer, the filer may offer (~~his or her own~~) proof of sending the report, and such proof shall be treated as if it were a receipt sent by the commission. ~~(d) ((The treasurer may not close the continuing political committee's bank account before the political committee has dissolved.~~

~~(e))~~ Upon dissolution, the commission must issue an acknowledgment of dissolution, the duties of the treasurer shall cease, and there shall be no further obligations under this chapter. Dissolution does not absolve the candidate or board of the committee from responsibility for any future obligations resulting from the finding after dissolution of a violation committed prior to dissolution.

(5) The treasurer shall maintain books of account, current within five business days, that accurately reflect all contributions and expenditures. During the ten calendar days immediately preceding the date of any election that the committee has received any contributions or made any expenditures, the books of account shall be kept current within one business day and shall be open for public inspection in the same manner as provided for candidates and other political committees in RCW 42.17A.235(6).

(6) All reports filed pursuant to this section shall be certified as correct by the treasurer.

(c) Any other standards established by rule of the commission to prevent frustration of the purposes of this chapter.

(3) All funds received from a fund-raising activity that conforms with subsection (2) of this section must be deposited in the depository within five business days of receipt by the treasurer or deputy treasurer.

(1)(a) In addition to the information required under RCW 42.17A.205 and 42.17A.210, each candidate or political committee must file with the commission a report of all contributions received and expenditures made as a political committee on the next reporting date pursuant to the timeline established in this section.

(b) In addition to the information required under RCW ~~((42.17A.205))~~ 42.17A.207 and 42.17A.210, on the day an incidental committee files a statement of organization with the commission, each incidental committee must file with the commission a report of any election campaign expenditures under RCW 42.17A.240(6), as well as the source of the ten largest cumulative payments of ten thousand dollars or greater it received in the current calendar year from a single person, including any persons tied as the tenth largest source of payments it received, if any.

(2) Each treasurer of a candidate or political committee, or an incidental committee, required to file a statement of organization under this chapter, shall file with the commission a report, for each election in which a candidate ~~((or))~~, political committee, or incidental committee is participating, containing the information required by RCW 42.17A.240 at the following intervals:

(a) On the twenty-first day and the seventh day immediately preceding the date on which the election is held; and

(b) On the tenth day of the first full month after the election.

(3)(a) Each treasurer of a candidate or political committee shall file with the commission a report on the tenth day of each month during which the candidate or political committee is not participating in an election campaign, only if the committee has received a contribution or made an expenditure in the preceding calendar month and either the total contributions received or total expenditures made since the last such report exceed two hundred dollars.

~~((For an))~~ (b) Each incidental committee~~(s)~~ shall file with the commission a report on the tenth day of each month during which the incidental committee is not otherwise required to report under this section only if the committee has:

~~((A))~~ (i) Received a payment that would change the information required under RCW 42.17A.240(2)~~((or))~~ (d) as included in its last report; or

~~((B))~~ (ii) Made any election campaign expenditure reportable under RCW 42.17A.240(6) since its last report, and the total election campaign expenditures made since the last report exceed two hundred dollars.

(4) The report filed twenty-one days before the election shall report all contributions received and expenditures made as of the end of one business day before the date of the report. The report filed seven days before the election shall report all contributions received and expenditures made as of the end of one business day before the date of the report. Reports filed on the tenth day of the month shall report all contributions received and expenditures made from the closing date of the last report filed through the last day of the month preceding the date of the current report.

(5) For the period beginning the first day of the fourth month preceding the date of the special election, or for the period beginning the first day of the fifth month before the date of the general election, and ending on the date of that special or general election, each Monday the treasurer for a candidate or a political committee shall file with the commission a report of each bank deposit made during the previous seven calendar days. The report shall contain the name of each person contributing the funds and the amount contributed by each person. Each report shall be certified as correct by the treasurer.

(6)(a) The treasurer for a candidate or a political committee shall maintain books of account accurately reflecting all contributions and expenditures on a current basis within five business days of receipt or expenditure. During the ten calendar days immediately preceding the date of the election the books of account shall be kept current within one business day. As specified in the political committee's statement of organization filed under RCW 42.17A.205, the books of account must be open for public inspection by appointment at a place agreed upon by both the treasurer and the requestor, for inspections between 9:00 a.m. and 5:00 p.m. on any day from the tenth calendar day immediately before the election through the day immediately before the election, other than Saturday, Sunday, or a legal holiday. It is a violation of this chapter for a candidate or political committee to refuse to allow and keep an appointment for an inspection to be conducted during these authorized times and days. The appointment

must be allowed at an authorized time and day for such inspections that is within forty-eight hours of the time and day that is requested for the inspection. The treasurer may provide digital access or copies of the books of account in lieu of scheduling an appointment at a designated place for inspection. If the treasurer and requestor are unable to agree on a location and the treasurer has not provided digital access to the books of account, the default location for an appointment shall be a place of public accommodation selected by the treasurer within a reasonable distance from the treasurer's office.

(b) At the time of making the appointment, a person wishing to inspect the books of account must provide the treasurer the name and telephone number of the person wishing to inspect the books of account. The person inspecting the books of account must show photo identification before the inspection begins.

(c) A treasurer may refuse to show the books of account to any person who does not make an appointment or provide the required identification. The commission may issue limited rules to modify the requirements set forth in this section in consideration of other technology and best practices.

(9) All reports filed pursuant to subsection (1) or (2) of this section shall be certified as correct by the candidate and the treasurer.

(10) Where there is not a pending complaint concerning a report, it is not evidence of a violation of this section to submit an amended report within twenty-one days of filing an ~~((underlying))~~ initial report if:

(a) The report is accurately amended;

(b) The ~~((corrected))~~ amended report is filed more than thirty days before an election;

(c) The total aggregate dollar amount of the adjustment for the ~~((individual))~~ amended report is within three times the contribution limit per election or two hundred dollars, whichever is greater; and

(d) The committee reported all information that was available to it at the time of filing, or made a good-faith effort to do so, or if a refund of a contribution or expenditure is being reported.

(11)(a) When there is no outstanding debt or obligation, the campaign fund is closed, the campaign is concluded in all respects, and the political committee has ceased to function and intends to dissolve, the treasurer shall file a final report. Upon submitting a final report, the political committee so intending to dissolve must file notice

of intent to dissolve with the commission and the commission must post the notice on its web site.

(b) Any political committee may dissolve sixty days after it files its notice to dissolve, only if:

(i) The political committee does not make any expenditures other than those related to the dissolution process or engage in any political activity or any other activities that generate additional reporting requirements under this chapter after filing such notice;

(ii) No complaint or court action under this chapter is pending against the political committee; and

(iii) All penalties assessed by the commission or court order ~~((are))~~ have been paid by the political committee.

~~((9)))~~ (12) The commission must adopt rules for the dissolution of incidental committees.

(i) The court may enjoin any person to prevent the doing of any act herein prohibited, or to compel the performance of any act required herein.

(2) The commission may refer the following violations for criminal prosecution:

(a) A person who, with actual malice, violates a provision of this chapter is guilty of a misdemeanor under chapter 9.92 RCW;

(b) A person who, within a five-year period, with actual malice, violates three or more provisions of this chapter is guilty of a gross misdemeanor under chapter 9.92 RCW; and

(c) A person who, with actual malice, procures or offers any false or forged document to be filed, registered, or recorded with the commission under this chapter is guilty of a class C felony under chapter 9.94A RCW.

**Sec. 38.** RCW 42.17A.755 and 2018 c 304 s 13 are each amended to read as follows:

(1) The commission may initiate or respond to a complaint, request a technical correction, or otherwise resolve matters of compliance with this chapter, in accordance with this section. If a complaint is filed with or initiated by the commission, the commission must:

(a) Dismiss the complaint or otherwise resolve the matter in accordance with subsection (2) of this section, as appropriate under the circumstances after conducting a preliminary review;

(b) Initiate an investigation to determine whether ~~((an actual))~~ a violation has occurred, conduct hearings, and issue and enforce an appropriate order, in accordance with chapter 34.05 RCW and subsection (3) of this section; or

(c) Refer the matter to the attorney general, in accordance with subsection (4) of this section.

(2)(a) For complaints of ~~((remedial))~~ remediable violations or requests for technical corrections, the commission may, by rule, delegate authority to its executive director to resolve these matters in accordance with subsection (1)(a) of this section, provided the executive director consistently applies such authority.

(b) The commission shall, by rule, develop additional processes by which a respondent may agree by stipulation to any allegations and pay a penalty subject to a schedule of violations and penalties, unless waived by the commission as provided for in this section. Any stipulation must be referred to the commission for review. If approved or modified by the commission, agreed to by the parties, and the respondent complies with all requirements set forth in the stipulation, the matter is then considered resolved and no further action or review is allowed.

(3) If the commission initiates an investigation, an initial hearing must be held within ninety days of the complaint being filed. Following an investigation, in cases where it chooses to determine whether ~~((an actual))~~ a violation has occurred, the commission shall hold a hearing pursuant to the administrative procedure act, chapter 34.05 RCW. Any order that the commission issues under this section shall be pursuant to such a hearing.

(a) The person against whom an order is directed under this section shall be designated as the respondent. The order may require the respondent to cease and desist from the activity that constitutes a violation and in addition, or alternatively, may impose one or more of the remedies provided in RCW 42.17A.750(1) (b) through (h), or other requirements as the commission determines appropriate to effectuate the purposes of this chapter.

(b) The commission may assess a penalty in an amount not to exceed ten thousand dollars per violation, unless the parties stipulate otherwise. Any order that the commission issues under this section that imposes a financial penalty must be made pursuant to a hearing, held in accordance with the administrative procedure act, chapter 34.05 RCW.

(c) The commission has the authority to waive a penalty for a first-time ~~((actual))~~ violation. A second ~~((actual))~~ violation of the same requirement by the same person, regardless if the person or individual committed the ~~((actual))~~ violation for a different political committee or incidental committee, shall result in a penalty. Successive ~~((actual))~~ violations of the same requirement shall result in successively increased penalties. The commission may suspend any portion of an assessed penalty contingent on future compliance with this chapter. The commission must create a schedule to enhance penalties based on repeat ~~((actual))~~ violations by the person.

(d) Any order issued by the commission is subject to judicial review under the administrative procedure act, chapter 34.05 RCW. If the commission's order is not satisfied and no petition for review is filed within thirty days, the commission may petition a court of competent

jurisdiction of any county in which a petition for review could be filed under that jurisdiction, for an order of enforcement. Proceedings in connection with the commission's petition shall be in accordance with RCW 42.17A.760.

(4) In lieu of holding a hearing or issuing an order under this section, the commission may refer the matter to the attorney general consistent with this section, when the commission believes:

(a) Additional authority is needed to ensure full compliance with this chapter;

(b) An ~~((actual))~~ apparent violation potentially warrants a penalty greater than the commission's penalty authority; or

(c) The maximum penalty the commission is able to levy is not enough to address the severity of the violation.

(5) Prior to filing a citizen's action under RCW 42.17A.775, a person who has filed a complaint pursuant to this section must provide written notice to the attorney general if the commission does not, within 90 days of the complaint being filed with the commission, take action pursuant to subsection (1) of this section. A person must simultaneously provide a copy of the written notice to the commission.

**Sec. 39.** RCW 42.17A.765 and 2018 c 304 s 14 are each amended to read as follows:

~~(1)(a) ((Only after a matter is referred by the commission, under RCW 42.17A.755,))~~ The attorney general may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17A.750((-)) upon:

(i) Referral by the commission pursuant to RCW 42.17A.755(4);

(ii) Receipt of a notice provided in accordance with RCW 42.17A.755(5); or

(iii) Receipt of a notice of intent to commence a citizen's action, as provided under RCW 42.17A.775(3).

(b) Within forty-five days of receiving a referral from the commission or notice of the commission's failure to take action provided in accordance with RCW 42.17A.755(5), or within ten days of receiving a citizen's action notice, the attorney general must ((provide notice of his or her)) publish a decision whether to commence an action on the attorney general's office web site ~~((within forty five days of receiving the referral, which constitutes state action for purposes of this chapter))~~. Publication of the decision within the forty-five day period, or ten-day period, whichever is applicable, shall preclude a citizen's action pursuant to RCW 42.17A.775.

~~((b))~~ (c) The attorney general should use the enforcement powers in this section in a consistent manner that provides guidance in complying with the provisions of this chapter to candidates, political committees, or other individuals subject to the regulations of this chapter.

(2) The attorney general may investigate or cause to be investigated the activities of any person who there is reason to believe is or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, paper and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general requires the attendance of any person to obtain such information or produce the accounts, bills, receipts, books, papers, and documents that may be relevant or material to any investigation authorized under this chapter, ~~((he or she))~~ the attorney general shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. The order shall have the same force and effect as a subpoena, shall be effective statewide, and, upon application of the attorney general, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

**Sec. 40.** RCW 42.17A.775 and 2018 c 304 s 16 are each amended to read as follows:

(1) A person who has reason to believe that a provision of this chapter is being or has been violated may bring a citizen's action in the name of the state, in accordance with the procedures of this section.

(2) A citizen's action may be brought and prosecuted only if the person first has filed a complaint with the commission and:

(a) The commission has not taken action authorized under RCW 42.17A.755(1) within ninety days of the complaint being filed with the commission((- and)), and the person who initially filed the complaint with the commission provided written notice to the attorney general in accordance with RCW 42.17A.755(5) and the attorney general has not commenced an action, or published a decision whether to commence action pursuant to RCW 42.17A.765(1)(b), within forty-five days of receiving the notice;

(c) The person who initially filed the complaint with the commission has provided notice of a citizen's action in accordance with subsection (3) of this section and the commission or the attorney general has not commenced action within the ten days provided under subsection (3) of this section.

(3) To initiate the citizen's action, after meeting the requirements under subsection (2) (a) and (b) of this section, a person must notify the attorney general and the commission that ~~((he or she))~~ the person will commence a citizen's action within ten days if the commission does not take action authorized under RCW 42.17A.755(1), or ~~((if applicable,))~~ the attorney general does not commence an action or publish a decision whether to commence an action pursuant to RCW 42.17A.765(1)(b). The attorney general and the commission must notify the other of its decision whether to commence an action.

(4) The citizen's action must be commenced within two years after the date when the alleged violation occurred and may not be commenced against a committee or incidental committee before the end of such period if the committee or incidental committee has received an acknowledgment of dissolution.

(5) If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but he or she shall be entitled to be reimbursed by the state for reasonable costs and reasonable attorneys' fees the person incurred. In the case of a citizen's action that is dismissed and that the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all trial costs and reasonable attorneys' fees incurred by the defendant.

(2) Any fees and costs awarded pursuant to RCW 42.17A.775(5) may not be deposited into the public disclosure transparency account or reimbursed from the account or otherwise by the state. Payment and collection of any such fees and costs are the sole responsibility of the person commencing the action and the defendant.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other governmental entities.

Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state. ~~((The program in this subsection ceases to exist June 30, 2020.))~~

(3) The joint legislative audit and review committee must conduct a review of the attorney general's consultation program and the state archivist's training services created under section 4, chapter 303, Laws of 2017, and the local government competitive grant program created under this section. (c) At such time that all debt service from construction of the specialized regional archive facility located in eastern Washington has been paid, fifty percent of the surcharge authorized by this subsection shall be reverted to the centennial document preservation and modernization account as prescribed in RCW 36.22.170 and fifty percent of the surcharge authorized by this section shall be reverted to the state treasurer for deposit in the public records efficiency, preservation, and access account to serve the archives, records management, and digital data management needs of local government, except that the state treasurer shall not revert funds to the centennial document preservation and modernization account and to the public records efficiency, preservation, and access account if fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the Washington state heritage center.

WHEREAS, On February 25, 1963, the Beatles released their first record in the United States and almost missed out on stardom because an even bigger star, Greg Payne, was born on that same day; and

WHEREAS, Greg grew up in Olympia and is a proud Bear from Olympia High School; and

WHEREAS, In 1985, Greg took what was supposed to be a temporary job (just to tide him over until he got something good) as a driver, supply clerk, security guard, and bill room supervisor for the Washington State House of Representatives; and

WHEREAS, Greg met and, in 1988, married the wonderful Michele Dorian, a terrific woman of great humor and even greater patience, who has somehow managed to stay married to Greg all of these years, beating the odds and surely earning some kind of sainthood for her sheer stick-with-it-ness, and they eventually settled in Mason County; and

WHEREAS, Greg promised Michele that he would leave the House and go and get a real job many, many times, but he somehow kept getting talked into staying and ended up in the Chief Clerk's Office for over 22 years; and

WHEREAS, No one really knows what Greg did in the Chief Clerk's Office all those years, but, at the same time, no one can really imagine the Chief Clerk's Office working without him, as he has worked on everything from office coordination, computer support, data updating, proofreading legislative documents, and serving the public both in person and on the phone with his tireless work and inexhaustible supplies of state government knowledge and goodwill; and

WHEREAS, Greg and Michele have two children, a wonderful daughter named Katy and another equally wonderful daughter named Sammi, and they have virtually grown up around the legislature and probably don't even know that the hijinks their father gets up to aren't technically a part of any specific legislative business; and

WHEREAS, Greg is a never-ending source of jokes, puns, weird trivia, anecdotes, and informal histories about what happened back in the day, all of which proves surprisingly useful in the fast-paced and stressful legislative work environment; and

WHEREAS, Greg's absolute inability to resist a dare has gotten him into trouble but also into fun many times with details that cannot be mentioned in light of good taste and strict decorum rules; and

WHEREAS, Greg is always first in line to volunteer his time and talents to numerous legislative projects, teambuilding, and charitable events, fundraising for a variety of good causes and even helping to build a house with Habitat for Humanity, still finding time to help host the National Conference of State Legislatures at least three times in Seattle; and

WHEREAS, Greg is a great conversationalist, making small talk or engaging in humorous exchanges, philosophical discourse, or sports lectures with anyone, from babies to the state patrol to dignitaries to clergy to sports

stars, although always with the crucial ability to know which topics suit which audiences; and

WHEREAS, Greg can find funny monkey pictures to add and insert into any email on any subject, which is apropos to nothing, but he can, so why leave it out?; and

WHEREAS, In addition to knowing everything about how to do anything in the legislature, Greg also knows how to fix just about anything from eyeglasses to cars to cellphones and, if he can't fix it, he can at least break it worse; and

WHEREAS, Greg has been known to work miracles when providing meals for 98 hungry people working late, but is himself a picky eater, in particular refusing to eat food prepared in a home with cats because you just know that cat hair gets into everything; and

WHEREAS, Greg is such a Seahawks fan that this whole resolution could be just about that, but it's not, because we're not getting him started on that right now or he'll never get to retire; and

WHEREAS, Greg has always shown grace under fire, handling pressure with a smile and laugh that you cannot forget; and

WHEREAS, Seriously, Greg has many friends on both sides of the aisle and both sides of the rotunda and all four floors of the Legislative Building and beyond who appreciate him and will greatly miss him;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES, That Greg Payne be persuaded to change his mind and stay on for at least another decade or two; and

BE IT FURTHER RESOLVED, That, if his continued employment with the House of Representatives cannot be secured, he should leave with the grateful thanks of each and every member, as well as countless staff, all of whom would identify themselves not just as his colleagues, but also as his friends; and

BE IT FURTHER RESOLVED, That we wish Greg the best of times with his wonderful family and know that he will enjoy spending time with them at the lake, traveling the world, eating flat tacos from Jack in the Box, fixing and racing cars, boating, hiking, fishing, shrimping, crabbing, tinkering with things, and waging war against geese that befoul his lawn; and

BE IT FURTHER RESOLVED, That Greg will have the decency to return to us periodically so that, with this resolution, we do not say goodbye, but instead simply say see you later.

PRESENTED WITH HEARTFELT THANKS AND APPRECIATION ON THIS 26th DAY OF APRIL, 2019, ON BEHALF OF HOUSE OF REPRESENTATIVES.

Representative Pettigrew moved adoption of HOUSE RESOLUTION NO. 4639

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder

Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinary [disciplining]))~~ disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinary [disciplining]))~~ disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who

fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

- (i) An approved monitoring treatment program;
- (ii) The professional association operating the program;
- (iii) Members, employees, or agents of the program or association;
- (iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and
- (v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are

without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

(8) In the case of a person who is applying to be a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW, if the person is:

(a) Less than one year in recovery from a substance use disorder, the duration of time that the person may be required to participate in the voluntary substance abuse monitoring program may not exceed the amount of time necessary for the person to achieve one year in recovery; or

(b) At least one year in recovery from a substance use disorder, the person may not be required to participate in the substance abuse monitoring program.

These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW if:

(4) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such

**Sec. 80.** RCW 43.88.160 and 2015 3rd sp.s. c 1 s 303 and 2015 3rd sp.s. c 1 s 109 are each reenacted and amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate

unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

(i) For those agencies that the director determines internal audit is required, the agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both.

(ii) For those agencies that the director determines internal audit is not required, the agency head or authorized designee may establish and maintain internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both, but at a minimum must comply with policies as established by the director to assess the effectiveness of the agency's systems of internal controls and risk management processes;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now

existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The office of financial management and institutions of higher education as defined in RCW 28B.10.016 shall update the accounting procedures manual under subsection (1) of this section to include appropriate standards and procedures to allow institutions of higher education to report to the accounting system under subsection (1) of this section information of interest to the legislature. The office of financial management shall notify the fiscal committees of the legislature of these standards and procedures and any future updates. The standards and procedures must allow, at a minimum, institutions of higher education to report detail in the following areas:

(a) Spending and staffing levels for different types of faculty, including part-time and adjunct faculty;

(b) Spending by campus and department;

(c) Spending by degree program as defined by the classification of instructional programs;

(d) Tuition revenue by campus, student residency status, and tuition type;

(e) Revenue and spending for auxiliary activities such as housing, dining, and intercollegiate athletics;

(f) Spending and forgone revenue for financial aid and tuition waivers by award type;

(g) Spending on information technology consistent with the office of the chief information officer policies on technology business management; and

(h) Revenue and spending of student fees by type.

(6) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than equipment maintenance providers or as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of enterprise services but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment except that institutions of higher education as defined in RCW 28B.10.016 and the consolidated technology services agency created in RCW 43.105.006 may make payments in advance for equipment maintenance services to be performed up to sixty months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with rules issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

~~((6))~~ (7) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal

period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection ~~((6))~~ (7) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(g) Audit the information reported by institutions of higher education under section 79 of this act for completeness and accuracy.

In addition to the authority given to the state auditor in this subsection ~~((6))~~ (7), the state auditor is authorized to conduct performance audits identified in RCW 43.09.470. Nothing in this subsection ~~((6))~~ (7) shall limit, impede, or restrict the state auditor from conducting performance audits identified in RCW 43.09.470.

~~((7))~~ (8) The joint legislative audit and review committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in chapter 44.28 RCW as well as performance audits and program evaluations. To this end the joint committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

For purposes of this subsection, "gross amount reportable" means the total value of products, gross proceeds of sales, and gross income of the business, reportable to the department before application of any tax deductions.

(ii) If a person was not primarily engaged within this state in any combination of the activities described in subsection (2) of this section during the immediately preceding year, and the person is unsure whether the person will be subject to the workforce investment surcharge for the current calendar year until the close of the current calendar year, the person must, if necessary, file corrected returns with the department of revenue to pay any additional tax due under this section for the current calendar year. Payment of additional tax, along with corrected returns, is due and payable when the person's last return for the calendar year during which the tax liability accrued is due and payable. (b) The entire amount of gross income of the business received by a person pursuant to a contract under

(b) In no case will the combined surcharge imposed under this subsection (4) paid by all members of an affiliated group be less than four million dollars or more than seven million dollars annually.

(c) For persons subject to the surcharge imposed under this subsection (4) that report under one or more tax classifications, the surcharge applies only to business activities taxed under RCW 82.04.290(2).

(e) To aid in the effective administration of the surcharge in this subsection (4), the department may require persons believed to be engaging in advanced computing or affiliated with a person believed to be engaging in advanced computing to disclose whether they are a member of an affiliated group and, if so, to identify all other members of the affiliated group subject to the surcharge. If the department determines that a person, with intent to evade the surcharge under this subsection (4), failed to fully comply with this subsection (4)(e), the seven million dollar limitation in (b) of this subsection (4) does not apply to the person's affiliated group.

"NEW SECTION. Sec. 5. A new section is added to chapter 28A.150 RCW to read as follows:

Subject to amounts appropriated for this specific purpose, school districts shall receive additional funding for students that are eligible for safety net awards under RCW 28A.150.392. Additional funds allocated under this section shall be the difference between:

(1) The base allocation as defined in RCW 28A.150.390(3)(a), multiplied by the excess cost multiplier under RCW 28A.150.390(2)(b); and

(2) The safety net eligibility threshold designated by the office of the superintendent of public instruction in the annual special education safety net application.

NEW SECTION. Sec. 6. The legislature finds that professional development for certificated instructional staff and other school district employees is an important aspect of the state's program of basic education because it allows educators to grow as professionals and gain skills to better implement the instructional program. At the same time, the state finds that children learn best when their regular instructional program is provided consistently by the same instructors and is not unduly disrupted by substitute instructors or interruptions to the daily school schedule.

For these reasons, the legislature intends to provide funding for one day of professional development for certificated instructional staff as part of the state's program of basic education, to limit use of state-funded professional development to evenings, weekends, or days outside the regular school year.

Sec. 7. RCW 28A.150.200 and 2017 3rd sp.s. c 13 s 401 are each amended to read as follows:

(1) The program of basic education established under this chapter is deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution, which states that "It is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex," and is adopted pursuant to Article IX, section 2 of the state Constitution, which states that "The legislature shall provide for a general and uniform system of public schools."

(2) The legislature defines the program of basic education under this chapter as that which is necessary to provide the opportunity to develop the knowledge and skills necessary to meet the state-established high school graduation requirements that are intended to allow students to have the opportunity to graduate with a meaningful diploma that prepares them for postsecondary education, gainful employment, and citizenship. Basic education by necessity is an evolving program of instruction intended to reflect the changing educational opportunities that are

needed to equip students for their role as productive citizens and includes the following:

(a) The instructional program of basic education the minimum components of which are described in RCW 28A.150.220;

(b) The program of education provided by chapter 28A.190 RCW for students in residential schools as defined by RCW 28A.190.020 and for juveniles in detention facilities as identified by RCW 28A.190.010;

(c) The program of education provided by chapter 28A.193 RCW for individuals under the age of eighteen who are incarcerated in adult correctional facilities;

(d) Transportation and transportation services to and from school for eligible students as provided under RCW 28A.160.150 through 28A.160.180; and

(e) Statewide salary allocations necessary to hire and retain qualified staff for the state's statutory program of basic education, including allocations for professional development for certificated instructional staff under RCW 28A.150.415.

**Sec. 8.** RCW 28A.150.415 and 2017 3rd sp.s. c 13 s 105 are each amended to read as follows:

(1) Beginning with the 2018-19 school year, the legislature shall ~~((begin phasing in))~~ allocate state funding for professional learning days for state-funded certificated instructional staff. ((At a minimum)) Beginning with the 2019-20 school year, as part of the state's program of basic education, the state must ((allocate funding for:

~~((a)))~~ fund one professional learning day ((in the 2018-19 school year;

~~((b))~~ Two professional learning days in the 2019-20 school year; and

~~((c))~~ Three professional learning days in the 2020-21 school year)) for each full-time equivalent certificated instructional staff unit in the state's funding formulas.

(2) School districts must schedule state-funded professional development activities outside regular instructional time and the minimum instructional days and hours specified in RCW 28A.150.220(2). School districts may not use early-release or late-start days to provide state-funded professional development.

(3) School districts must use state professional development allocations under this section only for professional development for state-funded certificated instructional staff. Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days. Nothing in this section prevents the state from allocating funding for additional professional learning days as a supplement to basic education allocations.

~~((3))~~ (4) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434.

**Sec. 9.** RCW 28A.400.200 and 2018 c 266 s 205 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Through the 2017-18 school year, salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a baccalaureate degree and zero years of service;

(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service; and

(c) Beginning with the 2018-19 school year:

(i) Salaries for full-time certificated instructional staff must not be less than forty thousand dollars, to be adjusted for regional differences in the cost of hiring staff as specified in RCW 28A.150.410, and to be adjusted annually by the same inflationary measure as provided in RCW 28A.400.205;

(ii) Salaries for full-time certificated instructional staff with at least five years of experience must exceed by at least ten percent the value specified in (c)(i) of this subsection;

(iii) A district may not pay full-time certificated instructional staff a salary that exceeds ninety thousand dollars, subject to adjustment for regional differences in the cost of hiring staff as specified in RCW 28A.150.410. This maximum salary is adjusted annually by the inflationary measure in RCW 28A.400.205;

(iv) These minimum and maximum salaries apply to the services provided as part of the state's statutory program of basic education and exclude supplemental contracts for additional time, responsibility, or incentive pursuant to this section or for enrichment pursuant to RCW 28A.150.276;

(v) A district may pay a salary that exceeds this maximum salary by up to ten percent for full-time certificated instructional staff: Who are educational staff associates; who teach in the subjects of science, technology, engineering, or math; or who teach in the transitional bilingual instruction or special education programs.

(3)(a)(i) Through the 2017-18 school year the actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(ii) For the 2018-19 school year, salaries for certificated instructional staff are subject to the limitations in RCW 41.59.800.

(iii) Beginning with the 2019-20 school year, for purposes of subsection (4) of this section, RCW 28A.150.276, and 28A.505.100, each school district must annually identify the actual salary paid to each certificated

instructional staff for services rendered as part of the state's program of basic education.

(iv) Beginning with the 2019-20 school year, compensation for state-funded professional development must comply with RCW 28A.150.410 and 28A.150.415.

(b) Through the 2018-19 school year, fringe benefit contributions for certificated instructional staff shall be included as salary under (a)(i) of this subsection only to the extent that the district's actual average benefit contribution exceeds the amount of the insurance benefits allocation, less the amount remitted by districts to the health care authority for retiree subsidies, provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. A school district may not use state funds to provide employer contributions for such excess health benefits.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4)(a) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, or for incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts must be accounted for by a school district when the district is developing its four-year budget plan under RCW 28A.505.040.

(b) Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 1 of the state Constitution and RCW 28A.150.220.

(c)(i) Beginning September 1, 2019, supplemental contracts for certificated instructional staff are subject to the following additional restrictions: School districts may enter into supplemental contracts only for enrichment activities as defined in and subject to the limitations of RCW 28A.150.276.

(ii) For a supplemental contract, or portion of a supplemental contract, that is time-based, the hourly rate the district pays may not exceed the hourly rate provided to that same instructional staff for services under the basic

education salary identified under subsection (3)(a)(iii) of this section. For a supplemental contract, or portion of a supplemental contract that is not time-based, the contract must document the additional duties, responsibilities, or incentives that are being funded in the contract.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.400.350, 28A.400.275, and 28A.400.280.

**Sec. 10.** RCW 28A.413.060 and 2018 c 153 s 3 are each amended to read as follows:

(1) School districts must implement this section only in school years for which state funding is appropriated specifically for the purposes of this section and only for the number of days that are funded by the appropriation.

(2) School districts must provide a four-day fundamental course of study on the state standards of practice, as defined by the board, to paraeducators who have not completed the course, either in the district or in another district within the state. School districts must use best efforts to provide the fundamental course of study before the paraeducator begins to work with students and their families, and at a minimum by the deadlines provided in subsection (3) of this section.

(3) Except as provided in (b) of this subsection, school districts must provide the fundamental course of study required in subsection (2) of this section by the deadlines provided in (a) of this subsection:

(a)(i) For paraeducators hired on or before September 1st, by September 30th of that year, regardless of the size of the district; and

(ii) For paraeducators hired after September 1st:

(A) For districts with ten thousand or more students, within four months of the date of hire; and

(B) For districts with fewer than ten thousand students, no later than September 1st of the following year.

(b)(i) For paraeducators hired for the 2018-19 school year, by September 1, 2020; and

(ii) For paraeducators not hired for the 2018-19 school year, but hired for the 2019-20 school year, by September 1, 2021.

(4) School districts may collaborate with other school districts or educational service districts to meet the requirements of this section.

(5) School districts must schedule state-funded paraeducator professional development activities outside regular instructional time and the minimum instructional days and hours specified in RCW 28A.150.220(2).

**Sec. 11.** RCW 28A.150.260 and 2018 c 266 s 101 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under

RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, RCW 28A.150.415, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small

schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education	
average class size	
Grades K-3 .....	17.00
Grade 4.....	27.00
Grades 5-6.....	27.00
Grades 7-8.....	28.53
Grades 9-12.....	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science	
average class size	
Grades 9-12.....	19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time

equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size  
 Approved career and technical education offered at the middle school and high school level ..... 23.00  
 Skill center programs meeting the standards established by the office of the superintendent of public instruction ..... 20.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementary	Middle	High
Principals, assistant principals, and other certificated building-level administrators.....	1.253	1.353	1.880
Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs.....	0.663	0.519	0.523

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand annual average full-time equivalent students in grades K-12 as follows:

Staff per 1,000 K-12 students	
Technology.....	0.628
Facilities, maintenance, and grounds.....	1.813
Warehouse, laborers, and mechanics.....	0.332

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Per annual average

full-time equivalent student in grades K-12	
Technology .....	\$130.76
Utilities and insurance .....	\$355.30

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average full-time equivalent student in grades 9-12	
Technology .....	\$36.35
Curriculum and textbooks.....	\$39.02
Other supplies .....	\$77.28
Library materials.....	\$5.56
Instructional professional development for certificated and classified staff.....	\$6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall

be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in

extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

**Sec. 12.** RCW 28A.505.100 and 2017 3rd sp.s. c 13 s 603 are each amended to read as follows:

(1) The budget must set forth the estimated revenues from all sources for the ensuing fiscal year, the estimated revenues for the fiscal year current at the time of budget preparation, the actual revenues for the last completed fiscal year, and the reserved and unreserved fund balances for each

year. The estimated revenues from all sources for the ensuing fiscal year shall not include any revenue not anticipated to be available during that fiscal year. However, school districts, pursuant to RCW 28A.505.110, can be granted permission by the superintendent of public instruction to include as revenues in their budgets, receivables collectible in future fiscal years.

(2)(a) The budget must set forth by detailed items or classes the estimated expenditures for the ensuing fiscal year, the estimated expenditures for the fiscal year current at the time of budget preparation, and the actual expenditures for the last completed fiscal year.

(b) The budget must set forth:

(i) The state-funded basic education salary amounts, including state-funded professional development, locally funded salary amounts, total salary amounts, and full-time equivalency for each individual certificated instructional staff, certificated administrative staff, and classified staff; and

(ii) The high, low, and average annual salaries, which shall be displayed by job classification within each budget classification.

(3) In districts where negotiations have not been completed, the district may budget the salaries at the current year's rate and restrict fund balance for the amount of anticipated increase in salaries, so long as an explanation is attached to the budget on such restriction of fund balance.

Representative Corry moved the adoption of amendment (818) to the striking amendment (812):

On page 8, after line 33 of the striking amendment, insert the following:

"**Sec. 5.** RCW 28A.150.260 and 2018 c 266 s 101 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section

requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act. The minimum allocations for small schools identified in the omnibus appropriations act must provide at least one classified staff unit for each 2.5 certificated staff units allocated for small schools adjustments.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education

Grades K-3 .....	17.00
Grade 4.....	27.00
Grades 5-6.....	27.00
Grades 7-8.....	28.53
Grades 9-12.....	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science

Grades 9-12.....	19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical

Approved career and technical education offered at	

the middle school and high school level ..... 23.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average full-time equivalent student in grades 9-12	
Technology .....	\$36.35
Curriculum and textbooks.....	\$39.02
Other supplies .....	\$77.28
Library materials.....	\$5.56
Instructional professional development for certificated and classified staff.....	\$6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school means

a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the

percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050."

(2) ~~Through the 2017-18 school year, salary allocations for state funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.~~

(3) ~~Through the 2017-18 school year, no more than ninety college quarter hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:~~

Usual and customary duties include professional responsibilities, time and effort beyond the minimum instructional program hours specified in RCW 28A.150.220, and include but are not limited to the following services needed to support those minimum instructional hours: Direct instruction; preparation, planning, and coordination; meeting with and collaborating with parents, teachers, and other staff; and the evaluation of student learning.

(6) Beginning with the 2018-19 school year, state allocations for salaries for certificated instructional staff, certificated administrative staff, and classified staff must be adjusted for regional differences in the cost of hiring staff. Adjustments for regional differences must be specified in the omnibus appropriations act for each school year through at least school year 2022-23. For school years 2018-19 through school year 2022-23, the school district regionalization factors are based on the median single-family residential value of each school district and proximate school district median single-family residential value as described in RCW 28A.150.412.

**"NEW SECTION. Sec. 7.** The legislature finds that special education services are an essential part of basic education and are required to be provided by districts or public schools for every student who qualifies pursuant to state and federal law. The legislature finds that the thirteen and five-tenths percent cap on the percentage of special education students funded by the state is not consistent with the state's obligation to pay for basic education for every student. The legislature intends to provide additional state funding, remove funding limitations, and improve access to educational opportunities and outcomes for students enrolled in special education programs. The legislature intends to improve outcomes by providing resources and supports for students to be in the least restrictive environment as part of general education classrooms, offering services and therapies recommended by qualified professionals regardless of whether the district directly employs professionals for such therapeutic services, and training educators.

**Sec. 8.** RCW 28A.150.390 and 2018 c 266 s 102 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's resident special education annual average ~~((full-time equivalent basic education))~~ enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, multiplied ~~((by the district's funded enrollment percent, multiplied))~~ by the district's base allocation per full-time equivalent student, multiplied by ~~((0.9609))~~ 1.07.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

~~((c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.~~

~~(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or thirteen and five-tenths percent.)~~

**Sec. 9.** RCW 28A.150.392 and 2018 c 266 s 106 are each amended to read as follows:

(1)~~((a))~~ To the extent necessary, state funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

~~((b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.)~~

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state special education funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c)~~(i)~~ Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(ii) Differences in program costs attributable to a district's best practical efforts to provide services and accommodations included in an individualized education program or to meet goals for including students in the least restrictive environment are a legitimate basis for awards and are consistent with the legislature's intent.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues

from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e)~~(i)~~ The committee shall then consider the extraordinary high cost needs of one or more individual ~~((special education))~~ students with disabilities under the individuals with disabilities education act. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(ii) Differences in program costs attributable to a district's best practical efforts to provide services and accommodations included in an individualized education program or to meet goals for including students in the least restrictive environment are a legitimate basis for awards and are consistent with the legislature's intent.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual ~~((special education))~~ students with disabilities under the individuals with disabilities education act served in residential schools as defined in RCW 28A.190.020, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a program of secondary education ~~((for students enrolled in special education))~~.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is

streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(6) Beginning in fiscal year 2020, safety net appropriations provided in the omnibus operating appropriations act may not include federal funding thereby eliminating the federal expenditure ratio requirement for districts to expend three times the statewide average per pupil to qualify for state safety net awards. A state expenditure ratio requirement may be identified in the omnibus operating appropriations act but, if identified, it must be less than the federal expenditure ratio requirement.

The tax on vapor products must be imposed based on the volume of the solution as listed by the manufacturer.

(2)(a) The tax under this section must be collected at the time the distributor: (i) Brings, or causes to be brought, into this state from without the state vapor products for sale; (ii) makes, manufactures, fabricates, or stores vapor products in this state for sale in this state; (iii) ships or transports vapor products to retailers or consumers in this state; or (iv) handles for sale any vapor products that are within this state but upon which tax has not been imposed.

(2) To determine the funding for foundational public health services pursuant to subsection (1) of this section, the governmental public health system must work together to:

(a) Arrive at a mutually acceptable allocation and distribution of funds from the account using the process established in chapter 14, Laws of 2019; and (b) determine the best accountability measures to ensure efficient and effective use of funds, emphasizing use of shared services where appropriate.

**NEW SECTION. Sec. 105.** It is the intent and purpose of this chapter to levy a tax on all vapor products sold, used, consumed, handled, possessed, or distributed within this state. It is the further intent and purpose of this chapter to impose the tax only once on all vapor products in this state. Nothing in this chapter may be construed to exempt any person taxable under any other law or under any other tax imposed under this title.

**NEW SECTION. Sec. 106.** The tax imposed by section 102 of this act does not apply with respect to any vapor products which under the Constitution and laws of the United States may not be made the subject of taxation by this state.

**NEW SECTION. Sec. 107.** (1) Every distributor must keep at each place of business complete and accurate records for that place of business, including itemized invoices, of vapor products held, purchased, manufactured,

brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of vapor products made.

(2) These records must show the names and addresses of purchasers, the inventory of all vapor products, and other pertinent papers and documents relating to the purchase, sale, or disposition of vapor products. All invoices and other records required by this section to be kept must be preserved for a period of five years from the date of the invoices or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the vapor products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees are denied free access or are hindered or interfered with in making such examination, the registration certificate issued under RCW 82.32.030 of the distributor at such premises are subject to revocation by the department, and any licenses issued under chapter 70.345, 82.26, or 82.24 RCW are subject to suspension or revocation by the board.

(2) The retailer must keep at each retail outlet copies of complete, accurate, and legible invoices for that retail outlet or place of business. All invoices required to be kept under this section must be preserved for five years from the date of purchase.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any retail outlet without a search warrant, and inspect the premises for invoices required to be kept under this section and the vapor products contained in the retail outlet, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees are denied free access or are hindered or interfered with in making the inspection, the registration certificate issued under RCW 82.32.030 of the retailer at the premises is subject to revocation by the department, and any licenses issued under chapter 70.345, 82.26, or 82.24 RCW are subject to suspension or revocation by the board.

been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

**NEW SECTION. Sec. 111.** All of the provisions contained in chapter 82.32 RCW not inconsistent with the provisions of this chapter have full force and application with respect to taxes imposed under the provisions of this chapter.

**NEW SECTION. Sec. 112.** The department must authorize, as duly authorized agents, enforcement officers of the board to enforce provisions of this chapter. These officers are not employees of the department.

**NEW SECTION. Sec. 113.** (1) The department may by rule establish the invoice detail required under section 107 of this act for a distributor and for those invoices required to be provided to retailers under section 109 of this act.

(2) If a retailer fails to keep invoices as required under section 109 of this act, the retailer is liable for the tax owed on any uninvoiced vapor products but not penalties and interest, except as provided in subsection (3) of this section.

(3) If the department finds that the nonpayment of tax by the retailer was willful or if in the case of a second or plural nonpayment of tax by the retailer, penalties and

interest must be assessed in accordance with chapter 82.32 RCW.

**NEW SECTION. Sec. 114.** (1) No person may transport or cause to be transported in this state vapor products for sale other than: (a) A licensed distributor under chapter 70.345 RCW, or a manufacturer's representative authorized to sell or distribute vapor products in this state under chapter 70.345 RCW; (b) a licensed retailer under chapter 70.345 RCW; (c) a seller with a valid delivery sale license under chapter 70.345 RCW; or (d) a person who has given notice to the board in advance of the commencement of transportation.

(3) In any case where the department or the board, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting vapor products in violation of this section, the department, board, or peace officer is authorized to stop the vehicle and to inspect it for contraband vapor products.

(4) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

**NEW SECTION. Sec. 115.** The board must compile and maintain a current record of the names of all distributors, retailers, and delivery sales licenses under chapter 70.345 RCW and the status of their license or licenses. The information must be updated on a monthly basis and published on the board's official internet web site. This information is not subject to the confidentiality provisions of RCW 82.32.330 and must be disclosed to manufacturers, distributors, retailers, and the general public upon request.

**NEW SECTION. Sec. 116.** (1) No person engaged in or conducting business as a distributor or retailer in this state may:

(a) Make, use, or present or exhibit to the department or the board any invoice for any of the vapor products taxed under this chapter that bears an untrue date or falsely states the nature or quantity of the goods invoiced; or

(b) Fail to produce on demand of the department or the board all invoices of all the vapor products taxed under this chapter within five years prior to such demand unless the person can show by satisfactory proof that the nonproduction of the invoices was due to causes beyond the person's control.

(2)(a) No person, other than a licensed distributor, retailer or delivery sales licensee, or manufacturer's representative, may transport vapor products for sale in this state for which the taxes imposed under this chapter have not been paid unless:

(i) Notice of the transportation has been given as required under section 114 of this act;

(ii) The person transporting the vapor products actually possesses invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported; and

(iii) The vapor products are consigned to or purchased by a person in this state who is licensed under chapter 70.345 RCW.

(b) A violation of this subsection (2) is a gross misdemeanor.

(3) Any person licensed under chapter 70.345 RCW as a distributor, and any person licensed under chapter 70.345 RCW as a retailer, may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. A violation of this subsection (3) is a misdemeanor.

(4) The penalties provided in this section are in addition to any other penalties provided by law for violating the provisions of this chapter or the rules adopted under this chapter.

(5) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

**NEW SECTION. Sec. 117.** (1) A retailer that obtains vapor products from an unlicensed distributor or any other person that is not licensed under chapter 70.345 RCW must be licensed both as a retailer and a distributor and is liable for the tax imposed under section 102 of this act with respect to the vapor products acquired from the unlicensed person that are held for sale, handling, or distribution in this state. For the purposes of this subsection, "person" includes both persons defined in this act and any person immune from state taxation, such as the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country.

(2) Every distributor licensed under chapter 70.345 RCW may sell vapor products to retailers located in Washington only if the retailer has a current retailer's license under chapter 70.345 RCW.

**NEW SECTION. Sec. 118.** A manufacturer that has manufacturer's representatives who sell or distribute the manufacturer's vapor products in this state must provide the board a list of the names and addresses of all such representatives and must ensure that the list provided to the board is kept current. A manufacturer's representative is not authorized to distribute or sell vapor products in this state unless the manufacturer that hired the representative has a valid distributor's license under chapter 70.345 RCW and that manufacturer provides the board a current list of all of its manufacturer's representatives as required by this section. A manufacturer's representative must carry a copy of the distributor's license of the manufacturer that hired the representative at all times when selling or distributing the manufacturer's vapor products.

**NEW SECTION. Sec. 119.** (1) Any vapor products in the possession of a person selling vapor products in this state acting as a distributor or retailer and who is not licensed as required under chapter 70.345 RCW, or a person who is selling vapor products in violation of RCW 82.24.550(6), may be seized without a warrant by any agent of the department, agent of the board, or law enforcement officer of this state. Any vapor products seized under this subsection are deemed forfeited.

(2) Any vapor products in the possession of a person who is not a licensed distributor, delivery seller, manufacturer's representative, or retailer and who transports vapor products for sale without having provided notice to the board required under section 114 of this act, or without invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported may be seized and are subject to forfeiture.

(3) All conveyances, including aircraft, vehicles, or vessels that are used, or intended for use to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of vapor products under subsection (2) of this section, may be seized and are subject to forfeiture except:

(a) A conveyance used by any person as a common or contract carrier having in actual possession invoices or delivery tickets showing the true name and address of the consignor or seller, the true name of the consignee or purchaser, and the quantity and brands of the vapor products transported, unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(b) A conveyance subject to forfeiture under this section by reason of any act or omission of which the owner establishes to have been committed or omitted without his or her knowledge or consent; or

(c) A conveyance encumbered by a bona fide security interest if the secured party neither had knowledge of nor consented to the act or omission.

(4) Property subject to forfeiture under subsections (2) and (3) of this section may be seized by any agent of the department, the board, or law enforcement officer of this state upon process issued by any superior court or district court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search warrant or an inspection under an administrative inspection warrant; or

(b) The department, board, or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter and exigent circumstances exist making procurement of a search warrant impracticable.

(5) This section may not be construed to require the seizure of vapor products if the department's agent, board's agent, or law enforcement officer reasonably believes that

the vapor products are possessed for personal consumption by the person in possession of the vapor products.

(6) Any vapor products seized by a law enforcement officer must be turned over to the board as soon as practicable.

(7) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

**NEW SECTION. Sec. 120.** (1) In all cases of seizure of any vapor products made subject to forfeiture under this chapter, the department or board must proceed as provided in RCW 82.24.135.

(2) When vapor products are forfeited under this chapter, the department or board may:

(a) Retain the property for official use or upon application by any law enforcement agency of this state, another state, or the District of Columbia, or of the United States for the exclusive use of enforcing this chapter or the laws of any other state or the District of Columbia or of the United States; or

(b) Sell the vapor products at public auction to the highest bidder after due advertisement. Before delivering any of the goods to the successful bidder, the department or board must require the purchaser to pay the proper amount of any tax due. The proceeds of the sale must be first applied to the payment of all proper expenses of any investigation leading to the seizure and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs. The balance of the proceeds and all money must be deposited in the general fund of the state. Proper expenses of investigation include costs incurred by any law enforcement agency or any federal, state, or local agency.

(3) The department or the board may return any property seized under the provisions of this chapter when it is shown that there was no intention to violate the provisions of this chapter. When any property is returned under this section, the department or the board may return the property to the parties from whom they were seized if and when such parties have paid the proper amount of tax due under this chapter.

**NEW SECTION. Sec. 121.** When the department or the board has good reason to believe that any of the vapor products taxed under this chapter are being kept, sold, offered for sale, or given away in violation of the provisions of this chapter, it may make affidavit of facts describing the place or thing to be searched, before any judge of any court in this state, and the judge must issue a search warrant directed to the sheriff, any deputy, police officer, or duly authorized agent of the department or the board commanding him or her diligently to search any building, room in a building, place, or vehicle as may be designated in the affidavit and search warrant, and to seize the vapor products and hold them until disposed of by law.

**NEW SECTION. Sec. 122.** (1)(a) Where vapor products upon which the tax imposed by this chapter has been reported and paid are shipped or transported outside

this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

**NEW SECTION. Sec. 123.** (1) Preexisting inventories of vapor products are subject to the tax imposed in section 102 of this act. All retailers and other distributors must report the tax due under section 102 of this act on preexisting inventories of vapor products on a form, as prescribed by the department, on or before October 31, 2019, and the tax due on such preexisting inventories must be paid on or before January 31, 2020.

(2) Reports under subsection (1) of this section not filed with the department by October 31, 2019, are subject to a late filing penalty equal to the greater of two hundred fifty dollars or ten percent of the tax due under section 102 of this act on the taxpayer's preexisting inventories.

(3) The department must notify the taxpayer of the amount of tax due under section 102 of this act on preexisting inventories, which is subject to applicable penalties under RCW 82.32.090 (2) through (7) if unpaid after January 31, 2020. Amounts due in accordance with this section are not considered to be substantially underpaid for the purposes of RCW 82.32.090(2).

(4) Interest, at the rate provided in RCW 82.32.050(2), must be computed daily beginning February 1, 2020, on any remaining tax due under section 102 of this act on preexisting inventories until paid.

(5) A retailer required to comply with subsection (1) of this section is not required to obtain a distributor license as otherwise required under chapter 70.345 RCW as long as the retailer:

(a) Does not sell vapor products other than to ultimate consumers; and

(b) Does not meet the definition of "distributor" in section 101 of this act other than with respect to the sale of that retailer's preexisting inventory of vapor products.

(6) Taxes may not be collected under section 102 of this act from consumers with respect to any vapor products acquired before the effective date of this section.

(7) For purposes of this section, "preexisting inventory" means an inventory of vapor products located in this state as of the moment that section 102 of this act takes effect and held by a distributor for sale, handling, or distribution in this state.

(1) The licenses issuable under this chapter are as follows:

(a) A wholesaler's license.

The board may refrain from the issuance of any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesaler's license or retailer's license and for considering the denial, suspension, or revocation of any

such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW, the background check done under the authority of chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

(3) A license may not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the board. The board, upon finding that the licensee has failed to comply with any provision of this chapter or any rule adopted under this chapter, must, in the case of the first offense, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and, in the case of a second or further offense, must suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the board finds the licensee has

(5) Any person whose license or licenses have been revoked under this section may reapply to the board at the expiration of one year from the date of revocation of the license or licenses. The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter and the rules adopted under this chapter.

(6) A person whose license has been suspended or revoked may not sell cigarettes, vapor products, or tobacco products or permit cigarettes, vapor products, or tobacco products to be sold during the period of such suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form whatever.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior court of Thurston county. (3) A delivery sale licensee must provide notice on its mail order or internet sales forms of the minimum age required for the legal sale of vapor products in Washington state as provided by RCW ~~((70.345.140))~~ 26.28.080.

(4) A delivery sale licensee must not accept a purchase or order from any person without first obtaining the full name, birth date, and residential address of that person and verifying this information through an independently operated third-party database or aggregate of databases, which includes data from government sources, that are regularly used by government and businesses for the purpose of age and identity verification and authentication.

(5) A delivery sale licensee must accept payment only through a credit or debit card issued in the purchaser's own name. The licensee must verify that the card is issued to the same person identified through identity and age verification procedures in subsection (4) of this section.

(6) Before a delivery sale licensee delivers an initial purchase to any person, the licensee must verify the identity and delivery address of the purchaser by mailing or shipping to the purchaser a notice of sale and certification form confirming that the addressee is in fact the person placing the order. The purchaser must return the signed certification form to the licensee before the initial shipment of product. Certification forms are not required for repeat customers. In the alternative, before a seller delivers an initial purchase to any person, the seller must first obtain from the prospective customer an electronic certification, such as by email, that includes a declaration that, at a minimum, the prospective customer is over the minimum age required for the legal sale of a vapor product, and the credit or debit card used for payment has been issued in the purchaser's name.

(7) A delivery sale licensee must include on shipping documents a clear and conspicuous statement which includes, at a minimum, that the package contains vapor products, Washington law prohibits sales to those under the minimum age established by this chapter, and violations may result in sanctions to both the licensee and the purchaser.

(8) For purposes of this subsection (8), "vapor products" has the same meaning as provided in section 101 of this act.

(9) A person who knowingly violates this section is guilty of a class C felony, except that the maximum fine that may be imposed is five thousand dollars.

~~((9))~~ (10) In addition to or in lieu of any other civil or criminal remedy provided by law, a person who has violated this section is subject to a civil penalty of up to five thousand dollars for each violation. The attorney general,

acting in the name of the state, may seek recovery of the penalty in a civil action in superior court.

~~((10))~~ (11) The attorney general may seek an injunction in superior court to restrain a threatened or actual violation of this section and to compel compliance with this section.

~~((11))~~ (12) Any violation of this section is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and an unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Standing to bring an action to enforce RCW 19.86.020 for violation of this section lies solely with the attorney general. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive.

~~((12))~~ (13)(a) In any action brought under this section, the state is entitled to recover, in addition to other relief, the costs of investigation, expert witness fees, costs of the action, and reasonable attorneys' fees.

(b) If a court determines that a person has violated this section, the court shall order any profits, gain, gross receipts, or other benefit from the violation to be disgorged and paid to the state treasurer for deposit in the general fund.

~~((13))~~ (14) Unless otherwise expressly provided, the penalties or remedies, or both, under this section are in addition to any other penalties and remedies available under any other law of this state.

~~((14))~~ (15) A licensee who violates this section is subject to license suspension or revocation by the board.

~~((15))~~ (16) The board may adopt by rule additional requirements for mail or internet sales.

~~((16))~~ (17) The board must not adopt rules prohibiting internet sales.

#### **Part IV**

#### **Tribal Compacting**

**Sec. 401.** RCW 43.06.450 and 2001 c 235 s 1 are each amended to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes and vapor products. The legislature finds that these cigarette tax and vapor product tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax ~~((law))~~

and vapor product tax, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts ~~((shall))~~ have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998, by the state. Chapter 235, Laws of 2001 ~~((does))~~ and this act do not constitute a grant of taxing authority to any Indian tribe nor ~~((does it))~~ do they provide precedent for the taxation of non-Indians on fee land.

**NEW SECTION. Sec. 402.** A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into vapor product tax contracts concerning the sale of vapor products. All vapor product tax contracts must meet the requirements for vapor product tax contracts under this section.

(2) Vapor product tax contracts must be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, contracts may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(3) A vapor product tax contract with a tribe must provide for a tribal vapor product tax in lieu of all state vapor product taxes and state and local sales and use taxes on sales of vapor products in Indian country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Vapor product tax contracts must provide that retailers must purchase vapor products only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the vapor product tax contract, are certified to the state as having so agreed, and do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(5) Vapor product tax contracts must be for renewable periods of no more than eight years.

(6) Vapor product tax contracts must include provisions for compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of vapor products and food retailers is prohibited.

(8) The vapor product tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate vapor product tax contracts to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(10) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 506 of this act) and therefore the liquor and cannabis board is responsible for enforcement activities that come under the terms of chapter 82.--- RCW (the new chapter created in section 506 of this act).

(12) Each vapor product tax contract must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the contract so allow. A contract must provide for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract must include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(13) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development.

NEW SECTION. Sec. 403. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor is authorized to enter into vapor product tax contracts with federally recognized Indian tribes located within the geographical boundaries of the state of Washington. Each contract adopted under this section must provide that the tribal vapor product tax rate be one hundred percent of the state vapor product tax and state and local sales and use taxes. The tribal vapor product tax is in lieu of the state vapor product tax and state and local sales and use taxes, as provided in section 402(3) of this act.

(2) A vapor product tax contract under this section is subject to section 402 of this act.

NEW SECTION. Sec. 404. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into a vapor product tax agreement with the Puyallup Tribe of Indians concerning the sale of vapor products, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. The governor may delegate the authority to negotiate a vapor product tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(2) Any agreement must require the tribe to impose a tribal vapor product tax with a tax rate that is ninety percent of the state vapor product tax. This tribal tax is in lieu of the combined state and local sales and use taxes and the state vapor product tax, and as such these state taxes are not imposed during the term of the agreement on any transaction governed by the agreement. The tribal vapor product tax must increase or decrease at the time of any increase or decrease in the state vapor product tax so as to remain at a level that is ninety percent of the rate of the state vapor product tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all vapor products sales to the state. The funds must be transmitted to the state treasurer on a quarterly basis for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in section 402 of this act.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(5)(a) The agreement must include a provision to price and sell the vapor products so that the retail selling price is not less than the price paid by the retailer for the vapor products.

(b) The tribal tax is in addition to the retail selling price.

(c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax.

(d) If the tribe is acting as a distributor to tribal retailers, the retail selling price must not be less than the price the tribe paid for such vapor products plus the tribal tax.

(6)(a) The agreement must include provisions regarding enforcement and compliance by the tribe in regard to enrolled tribal members who sell vapor products and must describe the individual and joint responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(b) The agreement must include provisions for tax administration and compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor and cannabis board.

(7) The agreement must provide that retailers must purchase vapor products only from distributors or manufacturers licensed to do business in the state of Washington.

(8) The agreement must be for a renewable period of no more than eight years.

(9) The agreement must include provisions to resolve disputes using a nonjudicial process, such as mediation, and must include a dispute resolution protocol. The protocol must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the agreement should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the agreement so allow. An agreement must provide for termination of the agreement if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period.

(10) Information received by the state or open to state review under the terms of an agreement is subject to RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 506 of this act).

#### Findings

**NEW SECTION. Sec. 101.** (1) The legislature finds that the use of vapor inhalation products, such as e-cigarettes, e-devices, electronic nicotine delivery systems, and vape pens, has risen at an alarming rate both among adults and youth. The vaping epidemic has reversed decades of progress in reducing youth use of nicotine. Vapor products pose a serious public health risk because of the addictiveness of nicotine, the impact of nicotine on fetal development and adolescent brain development, the risk of liquid nicotine poisoning, and exposure to carcinogens and other toxic chemicals. Although these products have been documented as being interchangeably used by consumers with cigarettes or other tobacco products, and there is nicotine produced or derived from tobacco in the product intended for human consumption and absorption into the human body, the manufacturers, wholesalers, and retailers have not been paying the tax levied on tobacco products pursuant to chapter 82.26 RCW. The legislature intends to transition from no tobacco or cigarette tax having been paid on these products to adopting a specific tax rate for tobacco products classified as vapor products in this act. Adoption of this specific tax will resolve claims of nonpayment of tobacco product taxes pursuant to chapter 82.26 RCW. The legislature believes that vapor products containing nicotine have always been subject to taxation pursuant to chapter 82.26 RCW, and passage of this act may not be interpreted as an indication otherwise.

(2) Specifically, the legislature finds that:

(a) Vapor products are battery-operated devices with cartridges or refillable tanks that contain a mixture of various liquids, such as propylene glycol, glycerol, nicotine, and chemical flavorings. The devices atomize the liquid mixture, producing an aerosol that the user inhales and that bystanders can also breathe in when the user exhales into the air. The aerosol can contain harmful and potentially harmful

substances, including volatile organic compounds, ultrafine particles, cancer-causing chemicals, heavy metals, and flavoring such as diacetyl, which has been linked to a serious lung disease. Vapor products may also be used to deliver marijuana or other drugs;

(b) In 2016, the federal food and drug administration finalized a rule to extend its regulatory authority to all tobacco products, including e-cigarettes, to improve public health. The food and drug administration's regulatory authority over noncombustible tobacco products includes e-cigarette components and parts, such as e-liquids, cartridges, tank systems, and flavorings;

(c) Vapor products are heavily promoted as being far less costly than consuming the equivalent nicotine through cigarettes, with one industry estimate that vapor products are over eighty percent less expensive. Legislative testimony has indicated that refillable nicotine liquid and disposable e-cigarettes are as low as ten and twenty percent of the cost of a pack of cigarettes in Washington. For Washington residents, industry promotions note thousands of dollars in individual savings annually, compared to smoking cigarettes, due in part to consumers and retailers of vapor products not paying the taxes which the state places on cigarettes or other tobacco products;

(d) The sale and use of vapor products has rapidly increased over the past several years. The 2018 national youth tobacco survey found that use of e-cigarettes increased seventy-eight percent among high school students and forty-eight percent among middle school students from 2017 to 2018. Last year more than 3.6 million youth used e-cigarettes, making them the most commonly used tobacco products. The legislature finds that vapor products are heavily promoted to attract youth to purchase them, with concomitant addiction to nicotine. Research shows that most young e-cigarette and vapor product users also smoke cigarettes, and that the attraction and low cost availability of vapor products is mitigating the positive benefits from the decline in cigarette use among youth;

(e) In Washington, the 2018 healthy youth survey found that thirty percent of twelfth graders, twenty-one percent of tenth graders, and ten percent of eighth graders had used an e-cigarette in the past month. These rates are alarming because an overwhelming majority of smokers begin smoking and become addicted to nicotine as teenagers, and the equipment used may be sold and used interchangeably for marijuana and nicotine. State law now prohibits the sale of vapor products containing nicotine to persons under the age of twenty-one, but the availability of vapor products online and equipment sold separately at retail stores pose enforcement challenges;

(f) The low cost of e-cigarettes and nicotine liquids for vapor products, particularly compared to cigarettes, is a key factor in youth access and use. E-cigarettes are advertised as saving smokers thousands of dollars. One survey of adult users has shown that the low price of e-cigarettes compared to other tobacco products is a key reason for their use, and youth are even more sensitive to price than adults. Increasing the price of vapor products will provide parity with the price of other harmful substances.

Moreover, a price increase of vapor products will decrease youth access and addiction, just as raising taxes on cigarettes to discourage youth and adult smoking decreased youth access and addiction; and

(g) Public health infrastructure and enforcement to prevent youth access to tobacco, including vapor products, in Washington will benefit from the investment of tax revenues and fees established or increased by this act.

(3) The legislature finds, therefore, that this act is necessary to protect the public health, safety, and welfare by providing consumers with information about products that are potentially dangerous, providing support for programs that reduce youth access to addictive nicotine products, preventing nicotine poisonings of children, and providing support for many essential public health services and educational programs for which needs and cost are increased due to increased consumption of vapor products.

(5) The frequency of reporting and paying the tax imposed in this section must coincide with the seller's reporting frequency for purposes of the taxes imposed in chapters 82.04 and 82.08 RCW.

Further, vapor products possessed by persons under eighteen years of age are considered contraband and may be seized by a peace officer or enforcement officer of the board.

(4) The board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance.

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board must adopt rules regarding the regulation of the licenses. The board may refrain from the issuance of any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesaler's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW

9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, grant or refuse the wholesaler's license or retailer's license, subject to the provisions of RCW 82.24.550.

A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW, the background check done under the authority of chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

**Sec. 306.** RCW 82.24.550 and 2015 c 86 s 307 are each amended to read as follows:

The board may revoke or suspend the license or permit of any wholesale or retail cigarette dealer in the state upon sufficient cause appearing of the violation of this chapter or upon the failure of such licensee to comply with any of the provisions of this chapter.

(3) A license may not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the board. The board, upon finding that the licensee has failed to comply with any provision of this chapter or any rule adopted under this chapter, must, in the case of the first offense, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and, in the case of a second or further offense, must suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the board finds the licensee has been guilty of willful and persistent violations, it may revoke the license or licenses.

(4) Any licenses issued under chapter 82.26 or 70.345 RCW to a person whose license or licenses have been suspended or revoked under this section must also be

suspended or revoked during the period of suspension or revocation under this section.

(5) Any person whose license or licenses have been revoked under this section may reapply to the board at the expiration of one year from the date of revocation of the license or licenses. The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter and the rules adopted under this chapter.

(6) A person whose license has been suspended or revoked may not sell cigarettes, vapor products, or tobacco products or permit cigarettes, vapor products, or tobacco products to be sold during the period of such suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form whatever.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior court of Thurston county. The superior court must review the order or ruling of the board and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the board.

(8) If the board makes an initial decision to deny a license or renewal, or suspend or revoke a license, the applicant may request a hearing subject to the applicable provisions under Title 34 RCW.

(9) For purposes of this section~~(s)~~:

(a) "Tobacco products" has the same meaning as provided in RCW 82.26.010; and

(b) "Vapor products" has the same meaning as provided in section 201 of this act.

**Sec. 307.** RCW 82.26.060 and 2009 c 154 s 3 are each amended to read as follows:

(1) Every distributor ~~((shall))~~ must keep at each place of business complete and accurate records for that place of business, including itemized invoices, of tobacco products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of tobacco products made.

(2) These records ~~((shall))~~ must show the names and addresses of purchasers, the inventory of all tobacco products, and other pertinent papers and documents relating to the purchase, sale, or disposition of tobacco products. All invoices and other records required by this section to be kept ~~((shall))~~ must be preserved for a period of five years from the date of the invoices or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees, may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the

tobacco products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees, are denied free access or are hindered or interfered with in making such examination, the registration certificate issued under RCW 82.32.030 of the distributor at such premises ~~((shall be))~~ is subject to revocation, and any licenses issued under this chapter or chapter 82.24 or 70.345 RCW are subject to suspension or revocation, by the department or board.

**Sec. 308.** RCW 82.26.080 and 2005 c 180 s 5 are each amended to read as follows:

(1) Every retailer ~~((shall))~~ must procure itemized invoices of all tobacco products purchased. The invoices ~~((shall))~~ must show the seller's name and address, the date of purchase, and all prices and discounts.

(2) The retailer ~~((shall))~~ must keep at each retail outlet copies of complete, accurate, and legible invoices for that retail outlet or place of business. All invoices required to be kept under this section ~~((shall))~~ must be preserved for five years from the date of purchase.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any retail outlet without a search warrant, and inspect the premises for invoices required to be kept under this section and the tobacco products contained in the retail outlet, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees, are denied free access or are hindered or interfered with in making the inspection, the registration certificate issued under RCW 82.32.030 of the retailer at the premises is subject to revocation, and any licenses issued under this chapter or chapter 82.24 or 70.345 RCW are subject to suspension or revocation by the department.

**Sec. 309.** RCW 82.26.150 and 2013 c 144 s 52 are each amended to read as follows:

(1) The licenses issuable by the board under this chapter are as follows:

- (a) A distributor's license; and
- (b) A retailer's license.

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board may adopt rules regarding the regulation of the licenses. The board may refuse to issue any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a distributor's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within

the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, issue or refuse to issue the distributor's license or retailer's license, subject to the provisions of RCW 82.26.220.

(3) No person may qualify for a distributor's license or a retailer's license under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. If the applicant or licensee also has a license issued under chapter 66.24 ~~((or))~~, 82.24, or 70.345 RCW, the background check done under the authority of chapter 66.24, 70.345, or 82.24 RCW satisfies the requirements of this section.

(4) Each license issued under this chapter expires on the business license expiration date. The license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board adopted pursuant to this chapter.

(5) Each license and any other evidence of the license required under this chapter must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

**Sec. 310.** RCW 82.26.220 and 2015 c 86 s 308 are each amended to read as follows:

(1) The board must enforce this chapter. The board may adopt, amend, and repeal rules necessary to enforce this chapter.

(2) The department may adopt, amend, and repeal rules necessary to administer this chapter. The board may revoke or suspend the distributor's or retailer's license of any distributor or retailer of tobacco products in the state upon sufficient cause showing a violation of this chapter or upon the failure of the licensee to comply with any of the rules adopted under it.

(3) A license may not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the board. The board, upon finding that the licensee has failed to comply with any provision of this chapter or of any rule adopted under it, must, in the case of the first offense, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and in the case of a second or further offense, suspend the license or licenses for a period of not less than ninety consecutive business days but not more than twelve months, and in the event the board finds the licensee has been guilty of willful and persistent violations, it may revoke the license or licenses.

(4) Any licenses issued under chapter 82.24 or 70.345 RCW to a person whose license or licenses have been suspended or revoked under this section must also be suspended or revoked during the period of suspension or revocation under this section.

(5) Any person whose license or licenses have been revoked under this section may reapply to the board at the expiration of one year of the license or licenses. The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter and the rules adopted under it.

(6) A person whose license has been suspended or revoked may not sell tobacco products, vapor products, or cigarettes or permit tobacco products, vapor products, or cigarettes to be sold during the period of suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior court of Thurston county. The superior court must review the order or ruling of the board and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the board.

(8) If the board makes an initial decision to deny a license or renewal, or suspend or revoke a license, the applicant may request a hearing subject to the applicable provisions under Title 34 RCW.

**Sec. 311.** RCW 82.32.300 and 1997 c 420 s 9 are each amended to read as follows:

(1) The administration of this and chapters 82.04 through 82.27 RCW of this title is vested in the department ~~((of revenue which shall))~~, which must prescribe forms and rules of procedure for the determination of the taxable status of any person, for the making of returns and for the ascertainment, assessment and collection of taxes and penalties imposed thereunder.

(2) The department ~~((of revenue shall))~~ must make and publish rules and regulations, not inconsistent therewith, necessary to enforce provisions of this chapter and chapters 82.02 through 82.23B and 82.27 RCW, and the liquor ~~((control))~~ and cannabis board ~~((shall))~~ must make and publish rules necessary to enforce chapters 82.24 ~~((and))~~, 82.26 ~~((RCW))~~, and 82.--- RCW (the new chapter created in section 603 of this act), which ~~((shall have))~~ has the same force and effect as if specifically included therein, unless declared invalid by the judgment of a court of record not appealed from.

(3) The department may employ such clerks, specialists, and other assistants as are necessary. Salaries and compensation of such employees ~~((shall))~~ must be fixed by the department and ~~((shall be))~~ charged to the proper appropriation for the department.

(4) The department ~~((shall))~~ must exercise general supervision of the collection of taxes and, in the discharge of such duty, may institute and prosecute such suits or proceedings in the courts as may be necessary and proper.

#### Part IV

### Tribal Compacting

**Sec. 401.** RCW 43.06.450 and 2001 c 235 s 1 are each amended to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes and vapor products. The legislature finds that these cigarette tax and vapor product tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax ~~((law))~~ and vapor product tax, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts ~~((shall))~~ have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998, by the state. Chapter 235, Laws of 2001 ~~((does))~~ and this act do not constitute a grant of taxing authority to any Indian tribe nor ~~((does it))~~ do they provide precedent for the taxation of non-Indians on fee land.

**NEW SECTION. Sec. 402.** A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into vapor product tax contracts concerning the sale of vapor products. All vapor product tax contracts must meet the requirements for vapor product tax contracts under this section.

(2) Vapor product tax contracts must be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, contracts may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(3) A vapor product tax contract with a tribe must provide for a tribal vapor product tax in lieu of all state vapor product taxes and state and local sales and use taxes on sales of vapor products in Indian country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Vapor product tax contracts must provide that retailers must purchase vapor products only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the vapor product tax contract, are certified to the state as having so agreed, and do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(5) Vapor product tax contracts must be for renewable periods of no more than eight years.

(6) Vapor product tax contracts must include provisions for compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of vapor products and food retailers is prohibited.

(8) The vapor product tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate vapor product tax contracts to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(10) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 603 of this act) and therefore the liquor and cannabis board is responsible for enforcement activities that come under the terms of chapter 82.--- RCW (the new chapter created in section 603 of this act).

(12) Each vapor product tax contract must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the contract so allow. A contract must provide for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract must include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(13) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development.

(b) "Indian country" has the same meaning as provided in RCW 82.24.010.

(c) "Indian retailer" or "retailer" means:

(i) A retailer wholly owned and operated by an Indian tribe;

(ii) A business wholly owned and operated by a tribal member and licensed by the tribe; or

(d) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.

(e) "Vapor products" has the same meaning as provided in section 201 of this act.

**NEW SECTION. Sec. 403.** A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor is authorized to enter into vapor product tax contracts with federally recognized Indian tribes located within the geographical boundaries of the state of Washington. Each contract adopted under this section must provide that the tribal vapor product tax rate be one hundred percent of the state vapor product tax and state and local sales and use taxes. The tribal vapor product tax is in lieu of the state vapor product tax and state and local sales and use taxes, as provided in section 402(3) of this act.

(2) A vapor product tax contract under this section is subject to section 402 of this act and is separate from a cigarette tax contract subject to RCW 43.06.455 or 43.06.466.

**NEW SECTION. Sec. 404.** A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into a vapor product tax agreement with the Puyallup Tribe of Indians concerning the sale of vapor products, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. The governor may delegate the authority to negotiate a vapor product tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations. An agreement under this section is separate from an agreement under RCW 43.06.465.

(2) Any agreement must require the tribe to impose a tribal vapor product tax with a tax rate that is ninety percent of the state vapor product tax. This tribal tax is in lieu of the combined state and local sales and use taxes and the state vapor product tax, and as such these state taxes are not imposed during the term of the agreement on any transaction governed by the agreement. The tribal vapor product tax must increase or decrease at the time of any increase or decrease in the state vapor product tax so as to remain at a level that is ninety percent of the rate of the state vapor product tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all vapor products sales to the state. The funds must be transmitted to the state treasurer on a quarterly basis

for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in section 402 of this act.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(5)(a) The agreement must include a provision to price and sell the vapor products so that the retail selling price is not less than the price paid by the retailer for the vapor products.

(b) The tribal tax is in addition to the retail selling price.

(c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax.

(d) If the tribe is acting as a distributor to tribal retailers, the retail selling price must not be less than the price the tribe paid for such vapor products plus the tribal tax.

(6)(a) The agreement must include provisions regarding enforcement and compliance by the tribe in regard to enrolled tribal members who sell vapor products and must describe the individual and joint responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(b) The agreement must include provisions for tax administration and compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor and cannabis board.

(7) The agreement must provide that retailers must purchase vapor products only from distributors or manufacturers licensed to do business in the state of Washington.

(8) The agreement must be for a renewable period of no more than eight years.

(9) The agreement must include provisions to resolve disputes using a nonjudicial process, such as mediation, and must include a dispute resolution protocol. The protocol must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the agreement should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the agreement so allow. An agreement must provide for termination of the agreement if resolution of a dispute does not occur within twenty-four months from the time

notification of a violation has occurred. Intervening violations do not extend this time period.

(10) Information received by the state or open to state review under the terms of an agreement is subject to RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 603 of this act).

(12) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Indian country" has the same meaning as provided in RCW 82.24.010.

(b) "Indian retailer" or "retailer" means:

(d) "Vapor products" has the same meaning as provided in section 201 of this act.

**NEW SECTION. Sec. 405.** A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of vapor products by an Indian retailer during the effective period of a vapor product tax contract subject to section 403 of this act or a vapor product tax agreement under section 404 of this act.

(2) The definitions in section 402 of this act apply to this section.

**NEW SECTION. Sec. 406.** A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of vapor products sold by an Indian retailer during the effective period of a vapor product tax contract subject to section 403 of this act or a vapor product tax agreement under section 404 of this act.

(2) The definitions in section 402 of this act apply to this section.

**Sec. 407.** 2019 c 15 s 11 (uncodified) is amended to read as follows:

In recognition of the sovereign authority of tribal governments, the governor may seek government-to-government consultations with federally recognized Indian tribes regarding raising the minimum legal age of sale in compacts entered into pursuant to RCW 43.06.455, 43.06.465, ~~((and)) 43.06.466, and sections 402 through 404 of this act.~~ The office of the governor shall report to the
