**THIRD READING****MESSAGE FROM THE SENATE**

April 16, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1224 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS.** The legislature finds that the state of Washington has substantial public interest in the following:

(1) The price and cost of prescription drugs. Washington state is a major purchaser through the department of corrections, the health care authority, and other entities acting on behalf of a state purchaser;

(2) Enacting this chapter to provide notice and disclosure of information relating to the cost and pricing of prescription drugs in order to provide accountability to the state for prescription drug pricing;

(3) Rising drug costs and consumer ability to access prescription drugs; and

(4) Containing prescription drug costs. It is essential to understand the drivers and impacts of these costs, as transparency is typically the first step toward cost containment and greater consumer access to needed prescription drugs.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aggregate retained rebate percentage" means the percentage of all rebates received by a pharmacy benefit manager from all pharmaceutical manufacturers which is not passed on to the pharmacy benefit manager's health carrier clients. An aggregate retained rebate percentage must be expressed without disclosing any identifying information regarding any health plan, prescription drug, or therapeutic class, and must be calculated by dividing:

(a) The aggregate dollar amount of all rebates that the pharmacy benefit manager received during the prior calendar year from all pharmaceutical manufacturers and did not pass through to the pharmacy benefit manager's health carrier clients; by

(b) The aggregate dollar amount of all rebates that the pharmacy benefit manager received during the prior calendar year from all pharmaceutical manufacturers.

(2) "Authority" means the health care authority.

(3) "Covered drug" means any prescription drug that:

(a) A covered manufacturer intends to introduce to the market at a wholesale acquisition cost of ten thousand dollars or more for a course of treatment lasting less than one month or a thirty-day supply, whichever period is longer; or

(b) Is currently on the market, is manufactured by a covered manufacturer, and has a wholesale acquisition cost of more than one hundred dollars for a course of treatment lasting less than one month or a thirty-day supply, and, taking into account only price increases that take effect after the effective date of this section, the manufacturer increases the wholesale acquisition cost at least:

(i) Twenty percent, including the proposed increase and the cumulative increase over one calendar year prior to the date of the proposed increase; or

(ii) Fifty percent, including the proposed increase and the cumulative increase over three calendar years prior to the date of the proposed increase.

(4) "Covered manufacturer" means a person, corporation, or other entity engaged in the manufacture of prescription drugs sold in or into Washington state. "Covered manufacturer" does not include a private label distributor or retail pharmacy that sells a drug under the retail pharmacy's store, or a prescription drug repackager.

(5) "Health care provider," "health plan," "health carrier," and "carrier" mean the same as in RCW 48.43.005.

(6) "Pharmacy benefit manager" means the same as in RCW 19.340.010.

(7) "Prescription drug" means a drug regulated under chapter 69.41 or 69.50 RCW, including generic, brand name, specialty drugs, and biological products that are prescribed for outpatient use and distributed in a retail setting.

(8) "Qualifying price increase" means a price increase described in subsection (3)(b) of this section.

(9) "Wholesale acquisition cost" or "price" means, with respect to a prescription drug, the manufacturer's list price for the drug to wholesalers or direct purchasers in the United States, excluding any discounts, rebates, or reductions in price, for the most recent month for which the information is available, as reported in wholesale price guides or other publications of prescription drug pricing.

**NEW SECTION. Sec. 3. HEALTH CARRIER REPORTING.** Beginning October 1, 2019, and on a yearly basis thereafter, a health carrier must submit to the authority the following prescription drug cost and utilization data for the previous calendar year for each health plan it offers in the state:

(1) The twenty-five prescription drugs most frequently prescribed by health care providers participating in the plan's network;

(2) The twenty-five costliest prescription drugs expressed as a percentage of total plan prescription drug spending, and the plan's total spending for each of these prescription drugs;

(3) The twenty-five drugs with the highest year-over-year increase in wholesale acquisition cost, excluding drugs made available for the first time that plan year, and the percentages of the increases for each of these prescription drugs;

(4) The portion of the premium that is attributable to each of the following categories of covered prescription drugs, after accounting for all rebates and discounts:

(a) Brand name drugs;

(b) Generic drugs; and

(c) Specialty drugs;

(5) The year-over-year increase, calculated on a per member, per month basis and expressed as a percentage, in the total annual cost of each category of covered drugs listed in subsection (4) of this section, after accounting for all rebates and discounts;

(6) A comparison, calculated on a per member, per month basis, of the year-over-year increase in the cost of covered drugs to the year-over-year increase in the costs of other contributors to premiums, after accounting for all rebates and discounts;

(8) A manufacturer must make available to patients and prescribing health care providers information concerning financial assistance programs offered to patients by the manufacturer.

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate Amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1224 and asked the Senate for a conference thereon. The Speaker (Representative Lovick presiding) appointed Representatives Robinson, Macri and Schmick as conferees.

#### MESSAGE FROM THE SENATE

April 16, 2019

MR. SPEAKER:

The Senate has passed ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1324, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 15.** The legislature finds that while many parts of the state are thriving economically, some rural and distressed communities have struggled to keep pace. These communities represent significant opportunity for economic growth and innovation. However, businesses and entrepreneurs often find it difficult to obtain the capital they need to expand and grow in these areas. Therefore, it is the intent of the legislature to study the creation of a program to incentivize private investments and job creation in rural and distressed communities while ensuring no loss of revenue to the state.

**NEW SECTION. Sec. 16.** (1) The Washington state institute for public policy must conduct a study on certain programs incentivizing private investment and job creation in rural and distressed communities. In conducting the study, the institute must:

(a) Conduct a fifty-state review on the structure and characteristics of certified capital company programs, new markets tax credit programs, rural jobs programs, and other similar economic development programs in other states; and

(b) Review any available research on these initiatives and, to the extent possible, describe the effects of each type of initiative on employment, earnings, property values, and job creation.

(2) The Washington state institute for public policy must submit a report on its findings to the appropriate committees of the legislature, in compliance with RCW 43.01.036, by July 1, 2020.

**NEW SECTION. Sec. 17.** (1) The legislature finds that the Washington state forest practices habitat conservation plan was approved in 2006 by the United States fish and wildlife service and the national oceanic and atmospheric administration's marine fisheries service. The legislature further finds that the conservation plan protects habitat of aquatic species, supports economically viable and healthy forests, and creates regulatory stability for landowners. The legislature further finds that funding for the adaptive management program and participation grants are required to implement the forest and fish agreement and meet the goals of the conservation plan. The legislature further finds that the surcharge on the timber products business and occupation tax rate was agreed to by the forest products industry, tribal leaders, and stakeholders as a way to provide funding and safeguard the future of the conservation plan. The legislature further finds that the forestry industry assumed significant financial obligation with the enactment of this conservation plan, in exchange for operational certainty under the endangered species act.

Therefore, the legislature concludes that the timber products business and occupation tax rate and the surcharge should continue until the expiration date of the forest and fish agreement, in 2056.

(2) The legislature finds that Washington has one of the strongest economies in the country. However, the local economies in some rural counties continue to struggle. The legislature further finds that the economic prosperity of our state must be shared by all of our communities. The legislature further finds that forest product sectors provide family-wage jobs in economically struggling areas of the state. The legislature further finds that in 2017 the Washington forest products industry, directly and indirectly, employed one hundred one thousand workers, earning 5.5 billion dollars in wages. Therefore, the legislature concludes that the forest products industries support our local rural economies and contribute towards the effort to lower unemployment rates across the state, especially in rural areas.

**Sec. 18.** RCW 82.04.260 and 2018 c 164 s 3 are each amended to read as follows:

This subsection (11)(e)(ii) only applies to the manufacturing or sale of commercial airplanes that are the basis of a siting of a significant commercial airplane manufacturing program in the state under RCW 82.32.850.

(12)(a) Until July 1, (~~2024~~) 2036, upon every person engaging within this state in the business of extracting timber or extracting for hire timber; as to such persons the amount of tax with respect to the business is, in the case of extractors, equal to the value of products, including by-products, extracted, or in the case of extractors for hire, equal to the gross income of the business, multiplied by the rate of 0.4235 percent from July 1, 2006, through June 30, 2007, and 0.2904 percent from July 1, 2007, through June 30, (~~2024~~) 2036.

(b) A person reporting under the tax rate provided in this subsection (14) must file a complete annual tax performance report with the department under RCW 82.32.534.

**Sec. 19.** RCW 82.04.261 and 2017 c 323 s 501 are each amended to read as follows:

Except as otherwise provided in this section, the surcharge is equal to 0.052 percent. The surcharge is added to the rates provided in RCW 82.04.260(12) (a), (b), (c), and (d). ~~((The surcharge and this section expire July 1, 2024.))~~

(2) All receipts from the surcharge imposed under this section must be deposited into the forest and fish support account created in RCW 76.09.405.

(3)(a) The surcharge imposed under this section is suspended if:

(i) Receipts from the surcharge total at least eight million dollars during any fiscal biennium; or

(ii) The office of financial management certifies to the department that the federal government has appropriated at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington for any federal fiscal year.

(b)(i) The suspension of the surcharge under (a)(i) of this subsection (3) takes effect on the first day of the calendar month that is at least thirty days after the end of the month during which the department determines that receipts from the surcharge total at least eight million dollars during the fiscal biennium. The surcharge is imposed again at the beginning of the following fiscal biennium.

(ii) The suspension of the surcharge under (a)(ii) of this subsection (3) takes effect on the later of the first day of October of any federal fiscal year for which the federal government appropriates at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the

geographical boundaries of the state of Washington, or the first day of a calendar month that is at least thirty days following the date that the office of financial management makes a certification to the department under subsection (5) of this section. The surcharge is imposed again on the first day of the following July.

(4)(a) If, by October 1st of any federal fiscal year, the office of financial management certifies to the department that the federal government has appropriated funds for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington but the amount of the appropriation is less than two million dollars, the department must adjust the surcharge in accordance with this subsection.

(b) The department must adjust the surcharge by an amount that the department estimates will cause the amount of funds deposited into the forest and fish support account for the state fiscal year that begins July 1st and that includes the beginning of the federal fiscal year for which the federal appropriation is made, to be reduced by twice the amount of the federal appropriation for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington.

(c) Any adjustment in the surcharge takes effect at the beginning of a calendar month that is at least thirty days after the date that the office of financial management makes the certification under subsection (5) of this section.

(d) The surcharge is imposed again at the rate provided in subsection (1) of this section on the first day of the following state fiscal year unless the surcharge is suspended under subsection (3) of this section or adjusted for that fiscal year under this subsection.

(e) Adjustments of the amount of the surcharge by the department are final and may not be used to challenge the validity of the surcharge imposed under this section.

(f) The department must provide timely notice to affected taxpayers of the suspension of the surcharge or an adjustment of the surcharge.

(5) The office of financial management must make the certification to the department as to the status of federal appropriations for tribal participation in forest and fish report-related activities.

(6) This section expires July 1, 2036.

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1324 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

April 15, 2019

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1326, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 22. This act may be known and cited as Jennifer and Michella's law.

NEW SECTION. Sec. 23. The legislature finds that the state of Washington has for decades routinely required collection of DNA biological samples from certain convicted offenders and persons required to register as sex and kidnapping offenders. The resulting DNA data has proven to be an invaluable component of forensic evidence analysis. Not only have DNA matches focused law enforcement efforts and resources on productive leads, assisted in the expeditious conviction of guilty persons, and provided identification of recidivist and cold case offenders, DNA analysis has also played a crucial role in absolving wrongly suspected and convicted persons and in providing resolution to those who have tragically suffered unimaginable harm.

In an effort to solve cold cases and unsolved crimes, to provide closure to victims and their family members, and to support efforts to exonerate the wrongly accused or convicted, the legislature finds that procedural improvements and measured expansions to the collection and analysis of lawfully obtained DNA biological samples are both appropriate and necessary.

Sec. 24. RCW 43.43.754 and 2017 c 272 s 4 are each amended to read as follows:

(1) A biological sample must be collected for purposes of DNA identification analysis from:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

(i) Assault in the fourth degree where domestic violence as defined in RCW 9.94A.030 was pleaded and proven (RCW 9A.36.041, 9.94A.030);

(ii) Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835);

(iii) Communication with a minor for immoral purposes (RCW 9.68A.090);

(iv) Custodial sexual misconduct in the second degree (RCW 9A.44.170);

(v) Failure to register ~~((RCW 9A.44.130 for persons convicted on or before June 10, 2010, and RCW 9A.44.132 for persons convicted after June 10, 2010))~~ chapter 9A.44 RCW);

(vi) Harassment (RCW 9A.46.020);

(vii) Patronizing a prostitute (RCW 9A.88.110);

(viii) Sexual misconduct with a minor in the second degree (RCW 9A.44.096);

(ix) Stalking (RCW 9A.46.110);

(x) Indecent exposure (RCW 9A.88.010);

(xi) Violation of a sexual assault protection order granted under chapter 7.90 RCW; and

(b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2)(a) A municipal jurisdiction may also submit any biological sample to the laboratory services bureau of the Washington state patrol for purposes of DNA identification analysis when:

(i) The sample was collected from a defendant upon conviction for a municipal offense where the underlying ordinance does not adopt the relevant state statute by reference but the offense is otherwise equivalent to an offense in subsection (1)(a) of this section;

(ii) The equivalent offense in subsection (1)(a) of this section was an offense for which collection of a biological sample was required under this section at the time of the conviction; and

(iii) The sample was collected on or after June 12, 2008, and before January 1, 2020.

(b) When submitting a biological sample under this subsection, the municipal jurisdiction must include a signed affidavit from the municipal prosecuting authority of the jurisdiction in which the conviction occurred specifying the state crime to which the municipal offense is equivalent.

(3) Law enforcement may submit to the forensic laboratory services bureau of the Washington state patrol, for purposes of DNA identification analysis, any lawfully obtained biological sample within its control from a deceased offender who was previously convicted of an

offense under subsection (1)(a) of this section, regardless of the date of conviction.

~~(4)~~ If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

~~((3))~~ (5) Biological samples shall be collected in the following manner:

(a) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility or a department of children, youth, and families facility, and ~~((do serve))~~ are serving a term of confinement in a city or county jail facility, the city or county jail facility shall be responsible for obtaining the biological samples.

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for(~~;~~

~~(i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do not serve a term of confinement in a city or county jail facility; and~~

~~((ii))~~ persons who are required to register under RCW 9A.44.130.

(c) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a department of ~~((social and health services))~~ children, youth, and families facility, the facility holding the person shall be responsible for obtaining the biological samples as part of the intake process. If the facility did not collect the biological sample during the intake process, then the facility shall collect the biological sample as soon as is practicable. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

~~((4))~~ (d) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are not immediately taken into the custody of a department of corrections facility, department of children, youth, and families facility, or a city or county jail facility, or who will not otherwise serve a term of confinement, the court shall order the person to report within one business day to provide the required biological sample as follows:

(i) For individuals sentenced to the jurisdiction of the department of corrections to report to a facility operated by the department of corrections;

(ii) For youth sentenced to the jurisdiction of the department of children, youth, and families to report to a

facility operated by the department of children, youth, and families; or

(iii) For individuals sentenced to the jurisdiction of a city or county to report to a county or city jail facility.

(6) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

~~((5))~~ (7) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under ~~((subsection (1) of))~~ this section, to the extent allowed by funding available for this purpose. ~~((The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030.))~~ Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

~~((6))~~ (8) This section applies to:

(a) All adults and juveniles to whom this section applied prior to June 12, 2008;

(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(i) Are convicted on or after June 12, 2008, of an offense listed in subsection (1)(a) of this section on the date of conviction; or

(d) All samples submitted under subsections (2) and (3) of this section.

~~((7))~~ (9) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

~~((8))~~ (10) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. No cause of action may be brought against the state based upon the analysis of a biological

sample authorized to be taken pursuant to a municipal ordinance if the conviction or adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including, but not limited to, posttrial or postfact-finding motions, appeals, or collateral attacks.

~~((9))~~ (11) A person commits the crime of refusal to provide DNA if the person ~~((has a duty to register under RCW 9A.44.130 and the person))~~ willfully refuses to comply with a legal request for a DNA sample as required under this section. The refusal to provide DNA is a gross misdemeanor.

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1326 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

April 15, 2019

MR. SPEAKER:

The Senate has passed ENGROSSED HOUSE BILL NO. 2020, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. The legislature finds that workplace harassment remains a persistent problem and there is an urgent need to address barriers that prevent people from reporting harassment. The United States equal employment opportunity commission select task force on the study of harassment in the workplace released a report in 2016 finding that ninety percent of individuals who experience harassment never take formal action, and noting that seventy-five percent of employees who spoke out against workplace mistreatment faced some sort of retaliation. The legislature finds that it is in the public interest for state employees to feel safe to report incidents of harassment when it occurs and to protect these employees from an increased risk of retaliation. The legislature finds that the release of the identities of employees who report or participate in harassment investigations increases the risk of retaliation, invades the privacy of a vulnerable population, and significantly reduces reporting of harassment. The legislature finds that if state government can make it easier for victims and witnesses of harassment to come forward and report harassment, harassment issues can be dealt with before they worsen or spread.

Sec. RCW 42.56.250 and 2018 c 109 s 17 are each amended to read as follows:

The following employment and licensing information is exempt from public inspection and copying under this chapter:

Records are exempt in their entirety while the investigation is active and ongoing. After the agency has notified the complaining employee of the outcome of the investigation, the records may be disclosed only if the names of complainants, other accusers, and witnesses are redacted, unless a complainant, other accuser, or witness has consented to the disclosure of his or her name. The employing agency must inform a complainant, other accuser, or witness that his or her name will be redacted from the investigation records unless he or she consents to disclosure;

(7) Criminal history records checks for board staff finalist candidates conducted pursuant to RCW 43.33A.025;

(8) ((Except as provided in RCW 47.64.220, salary and benefit information for maritime employees collected from private employers under RCW 47.64.220(1) and described in RCW 47.64.220(2);

The news media, as defined in RCW 5.68.010(5), shall have access to the photographs and full date of birth. For the purposes of this subsection, news media does not include any person or organization of persons in the custody of a criminal justice agency as defined in RCW 10.97.030;

((10)) (9) The global positioning system data that would indicate the location of the residence of a public employee or volunteer using the global positioning system recording device; and

Plans, specifications, plats, and reports prepared by the registrant shall be signed, dated, and stamped with said seal or facsimile thereof. Such signature and stamping shall constitute a certification by the registrant that the same was prepared by or under his or her direct supervision and that to his or her knowledge and belief the same was prepared in accordance with the requirements of the statute. It shall be unlawful for anyone to stamp or seal any document with said seal or facsimile thereof after the certificate of registrant named thereon has expired or been revoked, unless said certificate shall have been renewed or reissued.

Such notice shall be mailed at least thirty days before the end of December of each year. Renewal may be effected during the month of December by the payment of a fee determined by the ~~((director as provided in RCW 43.24.086))~~ board. In case any professional engineer and/or land surveyor registered under this chapter shall fail to pay the renewal fee hereinabove provided for, within ninety days from the date when the same shall become due, the renewal fee shall be the current fee plus an amount equal to one year's fee.

(2) Beginning July 1, 2007, the ~~((department of licensing))~~ board may not renew a certificate of registration for a land surveyor unless the registrant verifies to the board that he or she has completed at least fifteen hours of continuing professional development per year of the registration period. By July 1, 2006, the board shall adopt

rules governing continuing professional development for land surveyors that are generally patterned after the model rules of the national council of examiners for engineering and surveying.

**Sec. 12.** RCW 18.43.100 and 1991 c 19 s 7 are each amended to read as follows:

The board may, upon application and the payment of a fee determined by the ~~((director as provided in RCW 43.24.086))~~ board, issue a certificate without further examination as a professional engineer or land surveyor to any person who holds a certificate of qualification of registration issued to the applicant following examination by proper authority, of any state or territory or possession of the United States, the District of Columbia, or of any foreign country, provided: (1) That the applicant's qualifications meet the requirements of the chapter and the rules established by the board, and (2) that the applicant is in good standing with the licensing agency in said state, territory, possession, district, or foreign country.

**Sec. 13.** RCW 18.43.110 and 2002 c 86 s 226 are each amended to read as follows:

The complaint shall be in writing and shall be sworn to in writing by the person making the allegation. A registrant against whom a complaint was made must be immediately informed of such complaint by the board.

The board, for reasons it deems sufficient, may reissue a certificate of registration to any person whose certificate has been revoked or suspended, providing a majority of the board vote in favor of such issuance. A new certificate of registration to replace any certificate revoked, lost, destroyed, or mutilated may be issued, subject to the rules of the board, and a charge determined by the ~~((director as provided in RCW 43.24.086))~~ board shall be made for such issuance.

In addition to the imposition of disciplinary action under RCW 18.235.110 and 18.43.105, the board may refer violations of this chapter to the appropriate prosecuting attorney for charges under RCW 18.43.120.

### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1599 with the following amendment:

Strike everything after the enacting clause and insert the following:

#### "PART I

#### DECOUPLING STATEWIDE ASSESSMENTS FROM GRADUATION REQUIREMENTS AND MAKING OTHER MODIFICATIONS

NEW SECTION. Sec. 101. The legislature intends to continue providing students with the opportunity to access a challenging learning environment and a meaningful diploma that supports every student in achieving his or her individualized career and college goals.

In an ongoing effort to create an educational system focused on individualized student learning that is culturally responsive to the needs of our diverse student population, the legislature must provide a system that allows each student to work with his or her teachers, parents or guardians, and counselors to identify the best ways to demonstrate appropriate readiness in furtherance of the student's career and college goals.

The legislature further recognizes that student-focused graduation pathways must be adaptable and allow students to change pathways as their goals shift. While standardized tests may be a graduation pathway option chosen by some to demonstrate career and college readiness, students should have other rigorous and meaningful pathway options to select from when demonstrating their proficiencies. The legislature, therefore, intends to create a system of multiple graduation pathway options that enable students to support their individual goals for high school and beyond.

**Sec. 102.** RCW 28A.655.065 and 2017 3rd sp.s. c 31 s 2 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the statewide student assessment. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, and concluding with the graduating class of 2019, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school statewide student assessment. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school statewide student assessment, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the statewide student assessment.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments;

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances;

(c)(i) For the graduating classes of 2014, 2015, 2016, 2017, ~~(and)~~ 2018, 2019, and 2020, an expedited appeal process for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and the certificate of individual achievement for eligible students who have not met the state standard on the English language arts statewide student assessment, the mathematics high school statewide student assessment, or both. The student or the student's parent, guardian, or principal may initiate an appeal with the district and the district has the authority to determine which appeals are submitted to the superintendent of public instruction for review and approval. The superintendent of public instruction may only approve an appeal if it has been demonstrated that the student has the necessary skills and knowledge to meet the high school graduation standard and that the student has the skills necessary to successfully achieve the college or career goals established in his or her high school and beyond plan. Pathways for demonstrating the necessary skills and knowledge may include, but are not limited to:

(A) Successful completion of a college-level class in the relevant subject area;

(B) Admission to a higher education institution or career preparation program;

(C) Award of a scholarship for higher education; or

(D) Enlistment in a branch of the military.

(ii) A student in the class of 2014, 2015, 2016, or 2017 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district.

(iii) A student in the class of 2018 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district and has attempted at least one alternative assessment option as established in ~~((RCW 28A.655.065))~~ this section.

(6) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of

the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(7) The superintendent of public instruction shall adopt rules to implement this section.

(8) This section expires August 31, 2022.

**Sec. 103.** RCW 28A.230.090 and 2018 c 229 s 1 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and section 201 of this act and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and ~~((prepare))~~ inform course taking that is aligned with the student's goals for ~~((postsecondary))~~ education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who ~~((have not met the high school graduation standard))~~ are not on track to graduate, to enable them to ((meet the standard)) fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postsecondary transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)~~((iii))~~ (iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

~~((iv))~~ (v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including ~~((but not limited to))~~ eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies ~~((dual credit programs and the opportunities they create for students))~~ course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program; ~~((and))~~

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on ~~((unusual))~~ a student's circumstances ((and in accordance with)), provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific

impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) ~~((#))~~ Unless requested otherwise by the student and ~~((his or her))~~ the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course

requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

**Sec. 104.** RCW 28A.155.045 and 2007 c 354 s 3 are each amended to read as follows:

Beginning with the graduating class of 2008, and concluding with the graduating class of 2021, students served under this chapter, who are not appropriately ~~((assessed))~~ served by the ~~((high school Washington assessment system as defined in RCW 28A.655.061))~~ graduation pathway options established in section 201 of this act, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ~~((ways))~~ measures to demonstrate skills and abilities commensurate with their ~~((individual))~~ individualized education programs. The determination of whether the ~~((high school assessment system is))~~ graduation pathway options established in section 201 of this act or the multiple measures authorized in this section are appropriate shall be made by the student's ~~((individual))~~ individualized education program team. ~~((Except as provided in RCW 28A.655.061))~~ For ~~((these))~~ the students who use the multiple measures authorized by this section, the certificate of individual achievement is required for graduation from a public high school ~~((, but need not be the only requirement for graduation. The multiple measures ~~((shall))~~ that may be used to demonstrate skills and abilities of students under this section must be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction, in consultation with the state special education advisory council, shall develop the guidelines for determining ~~((which students should not be required to participate in the high school assessment system and))~~ ~~((assessments))~~ multiple measures to demonstrate skills and abilities under this section are appropriate to use and graduation pathways that might be added to those in section 201 of this act to support achievement of all students served under this chapter.

~~((When measures other than the high school assessment system as defined in RCW 28A.655.061 are used for high school graduation purposes, the student's high~~

school transcript shall note whether that student has earned a certificate of individual achievement.)

Nothing in this section shall be construed to deny a student the right to participation in the ~~((high school assessment system as defined in RCW 28A.655.061, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement))~~ graduation pathway options established in section 201 of this act.

This section expires August 31, 2024.

**Sec. 105.** RCW 28A.655.061 and 2017 3rd sp.s. c 31 s 1 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection ~~((10))~~ (9) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, and concluding with the graduating class of 2019, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 ~~((or 28A.655.061))~~, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the English language arts and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the high school graduation standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

~~(d) ((Beginning with the graduating class of 2020, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium to be administered in tenth grade shall earn a certificate of academic achievement.~~

~~(e))~~ If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection ~~((10))~~ (9) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

~~(4) ((Beginning with the graduating class of 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the~~

~~science essential academic learning requirements adopted by the superintendent of public instruction in 2013.~~

~~(5))~~ (5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

~~((6))~~ (5) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

~~((7))~~ (6) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

~~((8))~~ (7) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

~~((9))~~ (8) Opportunities to retake the assessment at least twice a year shall be available to each school district.

~~((10))~~ (9)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant

content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(iv)(A) ~~((Beginning))~~ In the 2018-19 school year, high school students who have not earned a certificate of academic achievement due to not meeting the high school graduation standard on the mathematics or English language arts assessment may take and pass a locally determined

course in the content area in which the student was not successful, and may use the passing score on a locally administered assessment tied to that course and approved under the provisions of this subsection ~~((10))~~ (9)(b)(iv), as an objective alternative assessment for demonstrating that the student has met or exceeded the high school graduation standard. High school transition courses and the assessments offered in association with high school transition courses shall be considered an approved locally determined course and assessment for demonstrating that the student met or exceeded the high school graduation standard. The course must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097. School districts shall record students' participation in locally determined courses under this section in the statewide individual data system.

(B) The office of the superintendent of public instruction shall develop a process by which local school districts can submit assessments for review and approval for use as objective alternative assessments for graduation as allowed by (b)(iv) of this subsection. This process shall establish means to determine whether a local school district-administered assessment is comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and is objective in its determination of student achievement of the state standards. The office of the superintendent of public instruction shall post on its agency web site a compiled list of local school district-administered assessments approved as objective alternative assessments, including the comparable scores on these assessments necessary to meet the standard.

(C) For the purpose of this section, "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must, in accordance with this section, satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to any institution of higher education as defined in RCW 28B.10.016.

(v) A student who completes a dual credit course in English language arts or mathematics in which the student earns college credit may use passage of the course as an objective alternative assessment under this section for demonstrating that the student has met or exceeded the high school graduation standard for the certificate of academic achievement.

~~((11))~~ (10) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall:

(a) Provide students who have not earned a certificate of academic achievement before the beginning of grade eleven with the opportunity to access interventions and academic supports, courses, or both, designed to enable students to meet the high school graduation standard. These interventions, supports, or courses must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097; and

(b) Prepare student learning plans and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the state assessment;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

(11) This section expires August 31, 2022.

**Sec. 106.** RCW 28A.155.170 and 2007 c 318 s 2 are each amended to read as follows:

(1) Beginning July 1, 2007, each school district that operates a high school shall establish a policy and procedures that permit any student who is receiving special education or related services under an individualized education program pursuant to state and federal law and who will continue to receive such services between the ages of eighteen and twenty-one to participate in the graduation ceremony and activities after four years of high school attendance with his or her age-appropriate peers and receive a certificate of attendance.

(2) Participation in a graduation ceremony and receipt of a certificate of attendance under this section does not preclude a student from continuing to receive special education and related services under an individualized education program beyond the graduation ceremony.

(3) A student's participation in a graduation ceremony and receipt of a certificate of attendance under this section shall not be construed as the student's receipt of ~~((either:~~

~~((a))~~ a high school diploma pursuant to RCW 28A.230.120(~~(; or~~

~~(b) A certificate of individual achievement pursuant to RCW 28A.155.045)).~~

**Sec. 107.** RCW 28A.180.100 and 2004 c 19 s 105 are each amended to read as follows:

The office of the superintendent of public instruction and the state board for community and technical colleges shall jointly develop a program plan to provide a continuing education option for students who are eligible for the state transitional bilingual instruction program and who need more time to develop language proficiency but who are more age-appropriately suited for a postsecondary learning environment than for a high school. ~~((In developing the plan, the superintendent of public instruction shall consider options to formally recognize the accomplishments of students in the state transitional bilingual instruction program who have completed the twelfth grade but have not earned a certificate of academic achievement.))~~ By December 1, 2004, the agencies shall report to the legislative education and fiscal committees with any recommendations for legislative action and any resources necessary to implement the plan.

**Sec. 108.** RCW 28A.195.010 and 2018 c 177 s 201 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

The administrative or executive authority of private schools or private school districts shall file each year with

the state board of education a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. The state board of education may request clarification or additional information. After review of the statement, the state board of education will notify schools or school districts of any concerns, deficiencies, and deviations which must be corrected. If there are any unresolved concerns, deficiencies, or deviations, the school or school district may request or the state board of education on its own initiative may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, ~~((obtain a certificate of academic achievement, or a certificate of individual achievement to graduate from high school,))~~ to ~~((master))~~ learn the ~~((essential academic))~~ state learning ~~((requirements))~~ standards, or to be assessed pursuant to RCW ~~((28A.655.061))~~ 28A.655.070. However, private schools may choose, on a voluntary basis, to have their students ~~((master))~~ learn these ~~((essential academic))~~ state learning ~~((requirements,))~~ standards or take the assessments ~~((, and obtain a certificate of academic achievement or a certificate of individual achievement)).~~ Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum instructional hour offerings, with a school-wide annual average total instructional hour offering of one thousand hours for students enrolled in grades one through twelve, and at least four hundred fifty hours for students enrolled in kindergarten.

(2) The school day shall be the same as defined in RCW 28A.150.203.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the state board of education reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certificated under chapter 28A.410 RCW;

(b) The planning by the certificated person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(c) The certificated person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certificated person; and

(e) The certificated employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. (8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) of this section provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

**Sec. 109.** RCW 28A.200.010 and 2004 c 19 s 107 are each amended to read as follows:

(1) Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

(a) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction. Each parent shall file the statement by September 15th of the school year or within two weeks of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the parent resides or the district that accepts the transfer, and the student shall be deemed a transfer student of the nonresident district. Parents may apply for transfer under RCW 28A.225.220;

(b) Ensure that test scores or annual academic progress assessments and immunization records, together with any other records that are kept relating to the instructional and educational activities provided, are forwarded to any other public or private school to which the child transfers. At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

(c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, ~~((master))~~ learn the ~~((essential-academic))~~ state learning ~~((requirements))~~ standards, ((to)) or take the assessments ~~((or to obtain a certificate of academic achievement or a certificate of individual achievement pursuant to RCW 28A.655.061 and 28A.155.045))~~ under RCW 28A.655.070. The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

(2) Failure of a parent to comply with the duties in this section shall be deemed a failure of such parent's child to attend school without valid justification under RCW 28A.225.020. Parents who do comply with the duties set forth in this section shall be presumed to be providing home-based instruction as set forth in RCW 28A.225.010(4).

**Sec. 110.** RCW 28A.230.122 and 2011 c 203 s 1 are each amended to read as follows:

(1) A student who fulfills the requirements specified in subsection (3) of this section toward completion of an international baccalaureate diploma programme is considered to have met the requirements of the graduation pathway option established in section 201(1)(b)(iv) of this act and to have satisfied state minimum requirements for graduation from a public high school, except that~~((:~~

~~((a))~~ ~~The provisions of RCW 28A.655.061 regarding the certificate of academic achievement or RCW 28A.155.045 regarding the certificate of individual achievement apply to students under this section; and~~

~~((b))~~ ~~the provisions of RCW 28A.230.170 regarding study of the United States Constitution and the Washington state Constitution apply to students under this section.~~

(2) School districts may require students under this section to complete local graduation requirements that are in addition to state minimum requirements before issuing a high school diploma under RCW 28A.230.120. However,

school districts are encouraged to waive local requirements as necessary to encourage students to pursue an international baccalaureate diploma.

(3) To receive a high school diploma under this section, a student must complete and pass all required international baccalaureate diploma programme courses as scored at the local level; pass all internal assessments as scored at the local level; successfully complete all required projects and products as scored at the local level; and complete the final examinations administered by the international baccalaureate organization in each of the required subjects under the diploma programme.

**Sec. 111.** RCW 28A.230.125 and 2014 c 102 s 3 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the four-year institutions as defined in RCW 28B.76.020, the state board for community and technical colleges, and the workforce training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

~~(2) ((The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement.~~

~~(3))~~ The standardized high school transcript may include a notation of whether the student has earned the Washington state seal of biliteracy established under RCW 28A.300.575.

**Sec. 112.** RCW 28A.305.130 and 2017 3rd sp.s. c 31 s 3 are each amended to read as follows:

The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b)(i)(A) Identify the scores students must achieve in order to meet the standard on the statewide student assessment, and the SAT or the ACT if used to demonstrate career and college readiness under section 201 of this act. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose;

(B) To permit the legislature to take any statutory action it deems warranted before modified or newly established scores are implemented, the board shall notify the education committees of the house of representatives and the senate of any scores that are modified or established under (b)(i)(A) of this subsection on or after July 28, 2019. The notifications required by this subsection (4)(b)(i)(B) must be provided by November 30th of the year preceding the beginning of the school year in which the modified or established scores will take effect;

(ii)((A)) The legislature intends to continue the implementation of chapter 22, Laws of 2013((;)) 2nd sp. sess. when the legislature expressed the intent for the state board of education to identify the student performance standard that demonstrates a student's career and college readiness for the eleventh grade consortium-developed assessments. Therefore, by December 1, 2018, the state board of education, in consultation with the superintendent of public instruction, must identify and report to the governor and the education policy and fiscal committees of the legislature on the equivalent student performance standard that a tenth grade student would need to achieve on

the state assessments to be on track to be career and college ready at the end of the student's high school experience;

~~((B) Nothing in this section prohibits the state board of education from identifying a college and career readiness score that is different from the score required for high school graduation purposes;))~~

(iii) The legislature shall be advised of the initial performance standards and any changes made to the elementary, middle, and high school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards for any grade level or subject, the superintendent of public instruction must recalculate the results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredite, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve. However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction.

The program shall provide early notification of graduation status and information on education opportunities including preapprenticeship programs that are available.

(2) Under the extended learning opportunities program and to the extent funds are available for that purpose, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. Districts are authorized to use basic education program funding to provide instruction to eligible students under RCW 28A.150.220~~((3))~~(5).

(3) Under the extended learning opportunities program, instructional services for eligible students can occur during the regular school day, evenings, on weekends, or at a time and location deemed appropriate by the school district, including the educational service district, in order to meet the needs of these students. Instructional services provided under this section do not include services offered at private schools. Instructional services can include, but are not limited to, the following:

(a) Individual or small group instruction;

**Sec. 114.** RCW 28A.320.208 and 2013 2nd sp.s. c 22 s 8 are each amended to read as follows:

(1) At the beginning of each school year, school districts must notify parents and guardians of enrolled students from eighth through twelfth grade about each student assessment required by the state, the minimum state-level graduation requirements, and any additional school district graduation requirements. The information may be provided when the student is enrolled, contained in the student or parent handbook, or posted on the school district's web site. The notification must include the following:

(a) When each assessment will be administered;

~~(b) ((Which assessments will be required for graduation and what options students have to meet graduation requirements if they do not pass a given assessment;~~

~~(e))~~ Whether the results of the assessment will be used for program placement or grade-level advancement;

**Sec. 115.** RCW 28A.600.310 and 2015 c 202 s 4 are each amended to read as follows:

(1)(a) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-

based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals~~((, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school,))~~ or to ~~((master))~~ learn the ~~((essential academic))~~ state learning ~~((requirements))~~ standards. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements.

Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

**Sec. 116.** RCW 28A.700.080 and 2008 c 170 s 301 are each amended to read as follows:

(1) Subject to funds appropriated for this purpose, targeted professional development programs, to be known as learning improvement days, are authorized to further the development of outstanding mathematics, science, and reading teaching and learning opportunities in the state of Washington. The intent of this section is to provide guidance for the learning improvement days in the omnibus appropriations act. The learning improvement days authorized in this section shall not be considered part of the definition of basic education.

(2) A school district is eligible to receive funding for learning improvement days that are limited to specific activities related to student learning that contribute to the following outcomes:

The superintendent of public instruction and the office of financial management shall collaborate on required report content and format.

**Sec. 118.** RCW 28A.655.068 and 2017 3rd sp.s. c 31 s 6 are each amended to read as follows:

(1) ~~((Beginning in the 2011-12 school year,))~~ The statewide high school assessment in science shall be ~~((an end of course))~~ a comprehensive assessment ((for biology)) that measures the state standards for the application of science and engineering practices, disciplinary core ideas, and crosscutting concepts in the domains of physical sciences, life sciences, ((in addition to systems, inquiry, and application as they pertain to life sciences)) Earth and space sciences, and engineering design.

~~(2)((a) The superintendent of public instruction may develop or adopt science end-of-course assessments or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.~~

~~(b))~~ The superintendent of public instruction shall develop or adopt a science assessment in accordance with RCW 28A.655.070(10) that is not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

~~((e) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.))~~

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the ~~((essential academic))~~ state learning ((requirements)) standards and statewide student assessments in science, including the high school assessment, according to the

multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

(4) The statewide high school assessment under this section shall be used to demonstrate that a student meets the state standards in the science content area of the statewide student assessment until a comprehensive science assessment is required under RCW 28A.655.061.

**Sec. 119.** RCW 28A.655.070 and 2018 c 177 s 401 are each amended to read as follows:

(1) The superintendent of public instruction shall develop ~~((essential academic))~~ state learning ((requirements)) standards that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the ~~((essential academic))~~ state learning ((requirements)) standards, as needed, based on the student learning goals in RCW 28A.150.210. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the ~~((essential academic))~~ state learning ((requirements)) standards; and

(b) Review and prioritize the ~~((essential academic))~~ state learning ((requirements)) standards and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3)(a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the ~~((essential academic))~~ state learning ((requirements)) standards identified in subsection (1) of this section. School districts shall administer the

assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year, and beginning with the graduating class of 2020, the assessments must be administered to students in the tenth grade. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

~~((iii) During the transition period specified in RCW 28A.655.061, the superintendent of public instruction shall use test items and other resources from the consortium assessment to develop and administer a tenth grade high school English language arts assessment, an end of course mathematics assessment to assess the standards common to algebra I and integrated mathematics I, and an end of course mathematics assessment to assess the standards common to geometry and integrated mathematics II.))~~

(d) The statewide academic assessment system must also include the Washington access to instruction and measurement assessment for students with significant cognitive challenges.

(4) If the superintendent proposes any modification to the ~~((essential academic))~~ state learning ((requirements)) standards or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the ~~((essential academic))~~ state learning ((requirements)) standards before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to

initiate appropriate educational support for students who have not mastered the ~~((essential academic))~~ state learning ((requirements)) standards at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the ~~((essential academic))~~ state learning ((requirements)) standards and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the ~~((essential academic))~~ state learning ((requirements)) standards, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall review available and appropriate options for competency-based assessments that meet the ~~((essential academic))~~ state learning ((requirements)) standards. In accordance with the review required by this subsection, the superintendent shall provide a report and recommendations to the education committees of the house of representatives and the senate by November 1, 2019.

(12) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(13) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(14) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

(15) The superintendent shall integrate financial education skills and content knowledge into the state learning standards pursuant to RCW 28A.300.460(2)(d).

(16)(a) The superintendent shall notify the state board of education in writing before initiating the development or revision of the ~~((essential academic))~~ state learning ((requirements)) standards under subsections (1) and (2) of this section. The notification must be provided to the state board of education in advance for review at a regularly scheduled or special board meeting and must include the following information:

(i) The subject matter of the ~~((essential academic))~~ state learning ((requirements)) standards;

(ii) The reason or reasons the superintendent is initiating the development or revision; and

(iii) The process and timeline that the superintendent intends to follow for the development or revision.

(b) The state board of education may provide a response to the superintendent's notification for consideration in the development or revision process in (a) of this subsection.

(c) Prior to adoption by the superintendent of any new or revised ~~((essential academic))~~ state learning ((requirements)) standards, the superintendent shall submit the proposed new or revised ~~((essential academic))~~ state learning ((requirements)) standards to the state board of education in advance in writing for review at a regularly scheduled or special board meeting. The state board of education may provide a response to the superintendent's proposal for consideration prior to final adoption.

(17) The state board of education may propose new or revised ~~((essential academic))~~ state learning ((requirements)) standards to the superintendent. The superintendent must respond to the state board of education's proposal in writing.

(3) The reports shall contain data regarding the different characteristics of schools, such as poverty levels, percent of English as a second language students, dropout rates, attendance, percent of students in special education, and student mobility so that districts and schools can learn from the improvement efforts of other schools and districts with similar characteristics.

(4) The reports shall contain student scores on mandated tests by comparable Washington schools of similar characteristics.

(5) The reports shall contain information on public school choice options available to students, including vocational education.

(6) The reports shall be posted on the superintendent of public instruction's internet web site.

(7) To protect the privacy of students, the results of schools and districts that test fewer than ten students in a grade level shall not be reported. In addition, in order to ensure that results are reported accurately, the superintendent of public instruction shall maintain the confidentiality of statewide data files until the superintendent determines that the data are complete and accurate.

(8) The superintendent of public instruction shall monitor the percentage and number of special education and limited English-proficient students exempted from taking the assessments by schools and school districts to ensure the exemptions are in compliance with exemption guidelines.

**Sec. 121.** RCW 28A.655.200 and 2009 c 539 s 1 are each amended to read as follows:

(1) The legislature intends to permit school districts to offer norm-referenced assessments, make diagnostic tools available to school districts, and provide funding for diagnostic assessments to enhance student learning at all grade levels and provide early intervention before the high school ~~((Washington assessment of student learning))~~ statewide student assessment.

(2) In addition to the diagnostic assessments provided under this section, school districts may, at their own expense, administer norm-referenced assessments to students.

(3) Subject to the availability of amounts appropriated for this purpose, the office of the superintendent of public instruction shall post on its web site for voluntary use by school districts, a guide of diagnostic assessments. The assessments in the guide, to the extent possible, shall include the characteristics listed in subsection (4) of this section.

To the greatest extent possible, the assessments shall be:

  - (d) Capable of measuring individual student growth over time and allowing student progress to be compared to other students across the country;
  - (e) Readily available to parents; and
  - (f) Cost-effective.
- (5) The office of the superintendent of public instruction shall offer training at statewide and regional staff development activities in:
- (a) The interpretation of diagnostic assessments; and

## PART II

### GRADUATION PATHWAY OPTIONS FOR THE GRADUATING CLASS OF 2020 AND SUBSEQUENT CLASSES

NEW SECTION. Sec. 201. A new section is added to chapter 28A.655 RCW to read as follows:

(1)(a) Beginning with the class of 2020, graduation from a public high school and the earning of a high school diploma must include the following:

(i) Satisfying the graduation requirements established by the state board of education under RCW

28A.230.090 and any graduation requirements established by the applicable public high school or school district;

(ii) Satisfying credit requirements for graduation;

(iii) Demonstrating career and college readiness through completion of the high school and beyond plan as required by RCW 28A.230.090; and

(iv) Meeting the requirements of at least one graduation pathway option established in this section. The pathway options established in this section are intended to provide a student with multiple pathways to graduating with a meaningful high school diploma that are tailored to the goals of the student. A student may choose to pursue one or more of the pathway options under (b) of this subsection, but any pathway option used by a student to demonstrate career and college readiness must be in alignment with the student's high school and beyond plan.

(b) The following graduation pathway options may be used to demonstrate career and college readiness in accordance with (a)(iv) of this subsection:

(i) Meet or exceed the graduation standard established by the state board of education under RCW 28A.305.130 on the statewide high school assessments in English language arts and mathematics as provided for under RCW 28A.655.070;

(ii) Complete and qualify for college credit in dual credit courses in English language arts and mathematics. For the purposes of this subsection, "dual credit course" means a course in which a student qualifies for college and high school credit in English language arts or mathematics upon successfully completing the course;

(iii) Earn high school credit in a high school transition course in English language arts and mathematics, an example of which includes a bridge to college course. For the purposes of this subsection (1)(b)(iii), "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to an institution of higher education as defined in RCW 28B.10.016;

(iv) Earn high school credit, with a C+ grade, or receiving a three or higher on the AP exam, or equivalent, in AP, international baccalaureate, or Cambridge international courses in English language arts and mathematics; or receiving a four or higher on international baccalaureate exams. For English language arts, successfully completing any of the following courses meets the standard: AP English language and composition literature, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics; or any of the international baccalaureate individuals and societies

courses. For mathematics, successfully completing any of the following courses meets the standard: AP statistics, computer science, computer science principles, or calculus; or any of the international baccalaureate mathematics courses;

(v) Meet or exceed the scores established by the state board of education for the mathematics portion and the reading, English, or writing portion of the SAT or ACT;

(vi) Meet any combination of at least one English language arts option and at least one mathematics option established in (b)(i) through (v) of this subsection (1);

(vii) Meet standard in the armed services vocational aptitude battery; and

(viii) Complete a sequence of career and technical education courses that are relevant to a student's postsecondary pathway, including those leading to workforce entry, state or nationally approved apprenticeships, or postsecondary education, and that meet either: The curriculum requirements of core plus programs for aerospace, maritime, health care, information technology, or construction and manufacturing; or the minimum criteria identified in RCW 28A.700.030. Nothing in this subsection (1)(b)(viii) requires a student to enroll in a preparatory course that is approved under RCW 28A.700.030 for the purposes of demonstrating career and college readiness under this section.

(2) While the legislature encourages school districts to make all pathway options established in this section available to their high school students, and to expand their pathway options until that goal is met, school districts have discretion in determining which pathway options under this section they will offer to students.

(3) The state board of education shall adopt rules to implement the graduation pathway options established in this section.

**NEW SECTION. Sec. 202.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) The superintendent of public instruction shall collect the following information from school districts: Which of the graduation pathways under section 201 of this act are available to students at each of the school districts; and the number of students using each graduation pathway for graduation purposes. This information shall be reported annually to the education committees of the legislature beginning January 10, 2021. To the extent feasible, data on student participation in each of the graduation pathways shall be disaggregated by race, ethnicity, gender, and receipt of free or reduced-price lunch.

(2) Beginning August 1, 2019, the state board of education shall conduct a survey of interested parties regarding what additional graduation pathways should be added to the existing graduation pathways identified in section 201 of this act and whether modifications should be made to any of the existing pathways. Interested parties shall include at a minimum: Representatives from the state board for community and technical colleges and four-year higher

education institutions; representatives from the apprenticeship and training council; associations representing business; members of the educational opportunity gap oversight and accountability committee; and associations representing educators, school board members, school administrators, superintendents, and parents. The state board of education shall provide a report to the education committees of the legislature by August 1, 2020, summarizing the information collected in the surveys.

(3) Using the data reported by the superintendent of public instruction under subsection (1) of this section, the state board of education shall survey a sampling of the school districts unable to provide all of the graduation pathways under section 201 of this act in order to identify the types of barriers to implementation school districts have. Using the survey results from this subsection and the survey results collected under subsection (2) of this section, the state board of education shall review the existing graduation pathways, suggested changes to those graduation pathways, and the options for additional graduation pathways, and shall provide a report to the education committees of the legislature by December 10, 2022, on the following:

(a) Recommendations on whether changes to the existing pathways should be made and what those changes should be;

(b) The barriers school districts have to offering all of the graduation pathways and recommendations for ways to eliminate or reduce those barriers for school districts;

(c) Whether all students have equitable access to all of the graduation pathways and, if not, recommendations for reducing the barriers students may have to accessing all of the graduation pathways; and

(d) Whether additional graduation pathways should be included and recommendations for what those pathways should be.

**NEW SECTION. Sec. 203.** A new section is added to chapter 28A.655 RCW to read as follows:

To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation in whichever graduation pathway the student chooses, each school district shall:

(1) Provide students who did not meet or exceed the standard on the high school assessments in English language arts or mathematics under RCW 28A.655.070, with the opportunity to access any combination of interventions, academic supports, or courses, that are designed to support students in meeting high school graduation requirements. These interventions, supports, and courses must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted under RCW 28A.230.097; and

(2) Prepare student learning plans and notify students and their parents or legal guardians as provided in

this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who are not on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the student learning plan into the primary language of the family. The student learning plan must include the following information as applicable:

- (a) The student's results on the state assessment;
- (b) If the student is in the transitional bilingual instruction program, the score on his or her Washington language proficiency test II;
- (c) Any credit deficiencies;
- (d) The student's attendance rates over the previous two years;
- (e) The student's progress toward meeting state and local graduation requirements;
- (f) The courses, competencies, and other steps the student needs to take to meet state academic standards and stay on track for graduation;
- (g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until age twenty-one;
- (h) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
- (i) Available programs offered through skill centers or community and technical colleges, including diploma options under RCW 28B.50.535.

### PART III

#### ESTABLISHING A MASTERY-BASED LEARNING WORK GROUP

NEW SECTION. Sec. 301. (1) By August 1, 2019, the state board of education shall convene a work group to inform the governor, the legislature, and the public about barriers to mastery-based learning in Washington state whereby:

- (a) Students advance upon demonstrated mastery of content;
- (b) Competencies include explicit, measurable, transferable learning objectives that empower students;

(a) Improvements in the high school and beyond plan as an essential tool for mastery-based learning;

(b) Development of mastery-based pathways to the earning of a high school diploma;

(c) The results of the competency-based pathways previously approved by the state board of education under RCW 28A.230.090 as a learning resource; and

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1692 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that state agency employees operate in unique work environments in which there is a higher level of transparency surrounding their daily work activities. The legislature finds that we must act to protect the health and safety of state employees, but even more so when employees become the victims of sexual harassment or stalking. The legislature finds that when a state agency employee is the target of sexual harassment or stalking, there is a significant risk to the employee's physical safety and well-being. The legislature finds that workplace safety is of paramount importance and that the state has an interest in protecting against the inappropriate use of public resources to carry out actions of sexual harassment or stalking.

**NEW SECTION. Sec. 2.** A new section is added to chapter 42.56 RCW to read as follows:

(1) Except by court order issued pursuant to subsection (3) of this section, an agency may not disclose as a response to a public records request made pursuant to this chapter records concerning an agency employee, as defined in subsection (5) of this section, if:

(a) The requestor is a person alleged in the claim of workplace sexual harassment or stalking to have harassed or stalked the agency employee who is named as the victim in the claim; and

(b) After conducting an investigation, the agency issued discipline resulting from the claim of workplace sexual harassment or stalking to the requestor described under (a) of this subsection.

(2)(a) When the requestor is someone other than a person described under subsection (1) of this section, the agency must immediately notify an agency employee upon receipt of a public records request for records concerning that agency employee if the agency conducted an

investigation of the claim of workplace sexual harassment or stalking involving the agency employee and the agency issued discipline resulting from the claim.

(b) Upon notice provided in accordance with (a) of this subsection, the agency employee may bring an action in a court of competent jurisdiction to enjoin the agency from disclosing the records. The agency employee shall immediately notify the agency upon filing an action under this subsection. Except for the five-day notification required under RCW 42.56.520, the time for the employing agency to process a request for records is suspended during the pendency of an action filed under this subsection. Upon notice of an action filed under this subsection, the agency may not disclose such records unless by an order issued in accordance with subsection (3) of this section, or if the action is dismissed without the court granting an injunction.

(3)(a) A court of competent jurisdiction, following sufficient notice to the employing agency, may order the release of some or all of the records described in subsections (1) and (2) of this section after finding that, in consideration of the totality of the circumstances, disclosure would not violate the right to privacy under RCW 42.56.050 for the agency employee. An agency that is ordered in accordance with this subsection to disclose records is not liable for penalties, attorneys' fees, or costs under RCW 42.56.550 if the agency has complied with this section.

(b) For the purposes of this section, it is presumed to be highly offensive to a reasonable person under RCW 42.56.050 to disclose, directly or indirectly, records concerning an agency employee who has made a claim of workplace sexual harassment or stalking with the agency, or is named as a victim in the claim, to persons alleged in the claim to have sexually harassed or stalked the agency employee named as the victim and where the agency issued discipline resulting from the claim after conducting an investigation. The presumption set out under this subsection may be rebutted upon showing of clear, cogent, and convincing evidence that disclosure of the requested record or information to persons alleged in the claim to have sexually harassed or stalked the agency employee named as the victim in the claim is not highly offensive.

(4) Nothing in this section restricts access to records described under subsections (1) and (2) of this section where the agency employee consents in writing to disclosure.

(5) For the purposes of this section:

(a) "Agency" means a state agency, including every state office, department, division, bureau, board, commission, or other state agency.

(b) "Agency employee" means a state agency employee who has made a claim of workplace sexual harassment or stalking with the employing agency, or is named as the victim in the claim.

(c) "Records concerning an agency employee" do not include work product created by the agency employee as part of his or her official duties.

**NEW SECTION. Sec. 3.** A new section is added to chapter 42.56 RCW to read as follows:

(1) Any person who requests and obtains a record concerning an agency employee, as described in section 2 of this act, is subject to civil liability if he or she uses the record or information in the record to harass, stalk, threaten, or intimidate that agency employee, or provides the record or information in the record to a person, knowing that the person intends to use it to harass, stalk, threaten, or intimidate that agency employee.

(2) Any person liable under subsection (1) of this section may be sued in superior court by any aggrieved party, or in the name of the state by the attorney general or the prosecuting authority of any political subdivision. The court may order an appropriate civil remedy. The plaintiff may recover up to one thousand dollars for each record used in violation of this section, as well as costs and reasonable attorneys' fees.

(3) For the purposes of this section:

(a) "Agency" means a state agency, including every state office, department, division, bureau, board, commission, or other state agency.

(b) "Agency employee" means a state agency employee who has made a claim of workplace sexual harassment or stalking with the employing agency, or is named as the victim in the claim.

(c) "Record concerning an agency employee" does not include work product created by the agency employee as part of his or her official duties.

**NEW SECTION. Sec. 4.** A new section is added to chapter 42.56 RCW to read as follows:

By January 1, 2020, the attorney general, in consultation with state agencies, shall create model policies for the implementation of this act.

**NEW SECTION. Sec. 5.** A new section is added to chapter 42.56 RCW to read as follows:

A state agency may not disclose lists of the names of agency employees, as defined under section 2 of this act, maintained by the agency in order to administer section 2 of this act.

**NEW SECTION. Sec. 6.** This act takes effect July 1, 2020."

On page 1, line 2 of the title, after "stalking;" strike the remainder of the title and insert "adding new sections to chapter 42.56 RCW; creating a new section; prescribing penalties; and providing an effective date."

and the same is herewith transmitted.

### MESSAGE FROM THE SENATE

March 29, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2049 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the purpose of this act is to improve the regulation of egg production and sales in order to protect the health and welfare of consumers, promote food safety, advance animal welfare, and protect against the negative fiscal effects on the state associated with the lack of effective regulation of egg production and sales.

**Sec. 2.** RCW 69.25.010 and 1975 1st ex.s. c 201 s 2 are each amended to read as follows:

Eggs and egg products are an important source of the state's total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of

consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or disposition of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare and destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is also essential to protect the health and welfare of consumers, promote food safety, advance animal welfare, and protect against the negative fiscal effects on the state associated with the lack of effective regulation of egg production and sales. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers.

**Sec. 3.** RCW 69.25.020 and 2013 c 144 s 44 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly otherwise requires.

(1) "Adulterated" applies to any egg or egg product under one or more of the following circumstances:

(a) If it bears or contains any poisonous or deleterious substance that may render it injurious to health; but in case the substance is not an added substance, such article is not considered adulterated under this clause if the quantity of such substance in or on such article does not ordinarily render it injurious to health;

(b) If it bears or contains any added poisonous or added deleterious substance (other than one which is: (i) A pesticide chemical in or on a raw agricultural commodity; (ii) a food additive; or (iii) a color additive) which may, in the judgment of the director, make such article unfit for human food;

(c) If it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical (~~(which is unsafe within the meaning of RCW 69.04.392, as enacted or hereafter amended)~~) that renders it adulterated within the meaning of RCW 15.130.200(2);

(d) If it bears or contains any food additive (~~(which is unsafe within the meaning of RCW 69.04.394, as enacted or hereafter amended)~~) that renders it adulterated within the meaning of RCW 15.130.200(2);

(e) If it bears or contains any color additive (~~(which is unsafe within the meaning of RCW 69.04.396)~~) that

renders it adulterated within the meaning of RCW 15.130.200(2); however, an article which is not otherwise deemed adulterated under (c), (d), or (e) of this subsection are nevertheless deemed adulterated if use of the pesticide chemical, food additive, or color additive, in or on such article, is prohibited by regulations of the director in official plants;

(f) If it consists in whole or in part of any filthy, putrid, or decomposed substance, or if it is otherwise unfit for human food;

(g) If it consists in whole or in part of any damaged egg or eggs to the extent that the egg meat or white is leaking, or it has been contacted by egg meat or white leaking from other eggs;

(h) If it has been prepared, packaged, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health;

(i) If it is an egg which has been subjected to incubation or the product of any egg which has been subjected to incubation;

(j) If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health;

(k) If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect (~~pursuant to RCW 69.04.394~~) under chapter 15.130 RCW; or

(l) If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

#### MESSAGE FROM THE SENATE

April 13, 2019

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2052 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 69.50.348 and 2013 c 3 s 11 are each amended to read as follows:

(1) On a schedule determined by the state liquor ~~((control))~~ and cannabis board, every licensed marijuana producer and processor must submit representative samples of marijuana, useable marijuana, or marijuana-infused products produced or processed by the licensee to an independent, third-party testing laboratory meeting the accreditation requirements established by the state liquor ~~((control))~~ and cannabis board, for inspection and testing to certify compliance with quality assurance and product standards adopted by the state liquor ~~((control))~~ and cannabis board under RCW 69.50.342. Any sample remaining after testing shall be destroyed by the laboratory or returned to the licensee submitting the sample.

(2) Licensees must submit the results of ~~((this))~~ inspection and testing for quality assurance and product standards required under subsection (1) of this section to the state liquor ~~((control))~~ and cannabis board on a form developed by the state liquor ~~((control))~~ and cannabis board.

(3) If a representative sample inspected and tested under this section does not meet the applicable quality assurance and product standards ~~((adopted))~~ established by

the state liquor ~~((control))~~ and cannabis board, the entire lot from which the sample was taken must be destroyed.

(4) The state liquor and cannabis board may adopt rules necessary to implement this section.

**Sec. 2.** RCW 69.50.348 and 2013 c 3 s 11 are each amended to read as follows:

(1) On a schedule determined by the state liquor ~~((control))~~ and cannabis board, every licensed marijuana producer and processor must submit representative samples of marijuana, useable marijuana, or marijuana-infused products produced or processed by the licensee to an independent, third-party testing laboratory meeting the accreditation requirements established by the state ~~((liquor control board))~~ department of ecology, for inspection and testing to certify compliance with quality assurance and product standards adopted by the state liquor ~~((control))~~ and cannabis board under RCW 69.50.342. Any sample remaining after testing shall be destroyed by the laboratory or returned to the licensee submitting the sample.

(2) Licensees must submit the results of ~~((this))~~ inspection and testing for quality assurance and product standards required under RCW 69.50.342 to the state liquor ~~((control))~~ and cannabis board on a form developed by the state liquor ~~((control))~~ and cannabis board.

The department of ecology must develop a fee schedule allocating the costs of the accreditation program among its accredited marijuana product testing laboratories. The department of ecology may establish a payment schedule requiring periodic installments of the annual fee. The fee schedule must be established in amounts to fully cover, but not exceed, the administrative and oversight costs. The department of ecology must review and update its fee schedule biennially. The costs of marijuana product testing laboratory accreditation are those incurred by the department of ecology in administering and enforcing the accreditation program. The costs may include, but are not limited to, the costs incurred in undertaking the following accreditation functions:

(i) Evaluating the protocols and procedures used by a laboratory;

(ii) Performing on-site audits;

(iii) Evaluating participation and successful completion of proficiency testing;

(iv) Determining the capability of a laboratory to produce accurate and reliable test results; and

(b) The state marijuana product testing laboratory accreditation program initial development costs must be fully paid from the dedicated marijuana account created in RCW 69.50.530.

(5) The department of ecology and the liquor and cannabis board must act cooperatively to ensure effective implementation and administration of this section.

(6) All fees collected under this section must be deposited in the dedicated marijuana account created in RCW 69.50.530.

(1)(a) The cannabis science task force is established with members as provided in this subsection.

(i) The directors, or the directors' appointees, of the departments of agriculture, health, ecology, and the liquor and cannabis board must each serve as members on the task force.

(ii) A majority of the four agency task force members will select additional members, as follows:

(A) Representatives with expertise in chemistry, microbiology, toxicology, public health, and/or food and agricultural testing methods from state and local agencies and tribal governments; and

(b) The cannabis science task force may reorganize the work groups or create additional work groups as necessary.

(3) Staff support for the cannabis science task force must be provided by the department.

(4) Reimbursement for members is subject to chapter 43.03 RCW.

(5) Expenses of the cannabis science task force must be paid by the department.

(8) Following development of findings and recommendations for laboratory quality standards for pesticides in plants for marijuana product testing laboratories, the task force must develop findings and recommendations for additional laboratory quality standards, including, but not limited to, heavy metals in and potency of marijuana products.

(a) The cannabis science task force must submit a report on the findings and recommendations for these additional standards to the relevant committees of the legislature by December 1, 2021.

(b) The report must include recommendations pertaining to the items listed in subsection (6)(a) through (f) of this section.

(9) The task force must hold its first meeting by September 1, 2019.

(10) This section expires December 31, 2022.

**NEW SECTION. Sec. 4.** A new section is added to chapter 69.50 RCW to read as follows:

The liquor and cannabis board may adopt rules that address the findings and recommendations in the task force reports provided under section 3 of this act.

**NEW SECTION. Sec. 5.** A new section is added to chapter 43.21A RCW to read as follows:

By July 1, 2024, the department must, in consultation with the liquor and cannabis board, adopt rules to implement section 2, chapter . . . , Laws of 2019 (section 2 of this act).

**Sec. 6.** RCW 69.50.345 and 2018 c 43 s 2 are each amended to read as follows:

The state liquor and cannabis board, subject to the provisions of this chapter, must adopt rules that establish the procedures and criteria necessary to implement the following:

(1) Licensing of marijuana producers, marijuana processors, and marijuana retailers, including prescribing forms and establishing application, reinstatement, and renewal fees.

(a) Application forms for marijuana producers must request the applicant to state whether the applicant intends to produce marijuana for sale by marijuana retailers holding medical marijuana endorsements and the amount of or percentage of canopy the applicant intends to commit to growing plants determined by the department under RCW 69.50.375 to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products sold to qualifying patients.

(b) The state liquor and cannabis board must reconsider and increase limits on the amount of square feet permitted to be in production on July 24, 2015, and increase the percentage of production space for those marijuana producers who intend to grow plants for marijuana retailers holding medical marijuana endorsements if the marijuana producer designates the increased production space to plants determined by the department under RCW 69.50.375 to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products to be sold to qualifying patients. If current marijuana producers do not use all the increased production space, the state liquor and cannabis board may reopen the license period for new marijuana producer license applicants but only to those marijuana producers who agree to grow plants for marijuana retailers holding medical marijuana endorsements. Priority in licensing must be given to marijuana producer license applicants who have an application pending on July 24, 2015, but who are not yet licensed and then to new marijuana producer license applicants. After January 1, 2017, any reconsideration of the limits on the amount of square feet permitted to be in production to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in RCW 69.51A.230;

(2) Determining, in consultation with the office of financial management, the maximum number of retail outlets that may be licensed in each county, taking into consideration:

- (a) Population distribution;
- (b) Security and safety issues;

(c) The provision of adequate access to licensed sources of marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(d) The number of retail outlets holding medical marijuana endorsements necessary to meet the medical needs of qualifying patients. The state liquor and cannabis

board must reconsider and increase the maximum number of retail outlets it established before July 24, 2015, and allow for a new license application period and a greater number of retail outlets to be permitted in order to accommodate the medical needs of qualifying patients and designated providers. After January 1, 2017, any reconsideration of the maximum number of retail outlets needed to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in RCW 69.51A.230;

(3) Determining the maximum quantity of marijuana a marijuana producer may have on the premises of a licensed location at any time without violating Washington state law;

(4) Determining the maximum quantities of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana processor may have on the premises of a licensed location at any time without violating Washington state law;

(5) Determining the maximum quantities of marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana retailer may have on the premises of a retail outlet at any time without violating Washington state law;

(6) In making the determinations required by this section, the state liquor and cannabis board shall take into consideration:

(a) Security and safety issues;

(b) The provision of adequate access to licensed sources of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(c) Economies of scale, and their impact on licensees' ability to both comply with regulatory requirements and undercut illegal market prices;

(7) Determining the nature, form, and capacity of all containers to be used by licensees to contain marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products, and their labeling requirements, to include but not be limited to:

(a) The business or trade name and Washington state unified business identifier number of the licensees that produced and processed the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(b) Lot numbers of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(c) THC concentration and CBD concentration of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(d) Medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(e) Language required by RCW 69.04.480;

(8) In consultation with the department of agriculture and the department, establishing classes of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products according to grade, condition, cannabinoid profile, THC concentration, CBD concentration, or other qualitative measurements deemed appropriate by the state liquor and cannabis board;

(9) Establishing reasonable time, place, and manner restrictions and requirements regarding advertising of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products that are not inconsistent with the provisions of this chapter, taking into consideration:

(a) Federal laws relating to marijuana that are applicable within Washington state;

(b) Minimizing exposure of people under twenty-one years of age to the advertising;

(c) The inclusion of medically and scientifically accurate information about the health and safety risks posed by marijuana use in the advertising; and

(d) Ensuring that retail outlets with medical marijuana endorsements may advertise themselves as medical retail outlets;

(10) Specifying and regulating the time and periods when, and the manner, methods, and means by which, licensees shall transport and deliver marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products within the state;

(11) In consultation with the department and the department of agriculture, ~~((establishing accreditation requirements for testing laboratories used by licensees to demonstrate compliance with standards adopted by the state liquor and cannabis board, and))~~ prescribing methods of producing, processing, and packaging marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products; conditions of sanitation; and standards of ingredients, quality, and identity of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, or sold by licensees;

(12) Specifying procedures for identifying, seizing, confiscating, destroying, and donating to law enforcement for training purposes all marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, labeled, or offered for sale in this state that do not conform in all respects to the standards prescribed by this chapter or the rules of the state liquor and cannabis board.

NEW SECTION. **Sec. 7.** Section 1 of this act expires July 1, 2024.

NEW SECTION. **Sec. 8.** Sections 2 and 6 of this act take effect July 1, 2024.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 3 of the title, after "force;" strike the remainder of the title and insert "amending RCW 69.50.348, 69.50.348, and 69.50.345; adding new sections to chapter 43.21A RCW; adding a new section to chapter 69.50 RCW; creating a new section; providing an effective date; and providing expiration dates."

and the same is herewith transmitted.

HOUSE BILL NO. 2052, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1379 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the public has the right to know who is contributing to election campaigns in Washington state and that campaign finance disclosure deters corruption, increases public confidence in Washington state elections, raises the level of debate, and strengthens our representative democracy.

The legislature finds that campaign finance disclosure is overwhelmingly supported by the citizens of Washington state as evidenced by the two initiatives that largely established Washington's current system. Both passed with more than seventy-two percent of the popular vote, as well as winning margins in every county in the state.

One of the cornerstones of Washington state's campaign finance disclosure laws is the requirement that political advertisements disclose the sponsor and the sponsor's top five donors. Many political action committees have avoided this important transparency requirement by funneling money from political action committee to political action committee so the top five donors listed are deceptive political action committee names rather than the real donors. The legislature finds that this practice, sometimes called "gray money" or "donor washing," undermines the intent of Washington state's campaign finance laws and impairs the transparency required for fair elections and a healthy democracy.

Therefore, the legislature intends to close this disclosure loophole, increase transparency and accountability, raise the level of discourse, deter corruption, and strengthen confidence in the election process by prohibiting political committees from receiving an overwhelming majority of their funds from one or a combination of political committees.

NEW SECTION. Sec. 2. A new section is added to chapter 42.17A RCW to read as follows:

(1) For any requirement to include the top five contributors under RCW 42.17A.320 or any other provision of this chapter, the sponsor must identify the five persons or entities making the largest contributions to the sponsor in excess of the threshold aggregate value to be considered an independent expenditure in an election for public office under RCW 42.17A.005(29)(a)(iv) reportable under this chapter during the twelve-month period preceding the date on which the advertisement is initially to be published or otherwise presented to the public.

(2) If one or more of the top five contributors identified under subsection (1) of this section is a political committee, the top three contributors to each of those

political committees during the same period must then be identified, and so on, until the individuals or entities other than political committees with the largest aggregate contributions to each political committee identified under subsection (1) of this section have also been identified. The sponsor must identify the three individuals or entities, not including political committees, who made the largest aggregate contributions to any political committee identified under subsection (1) of this section in excess of the threshold aggregate value to be considered an independent expenditure in an election for public office under RCW 42.17A.005(29)(a)(iv) reportable under this chapter during the same period, and the names of those individuals or entities must be displayed in the advertisement alongside the statement "Top Three Donors to PAC Contributors."

(3) Contributions to the sponsor or a political committee that are earmarked, tracked, and used for purposes other than the advertisement in question should not be counted in identifying the top five contributors under subsection (1) of this section or the top three contributors under subsection (2) of this section.

(4) The sponsor shall not be liable for a violation of this section that occurs because a contribution to any political committee identified under subsection (1) of this section has not been reported to the commission.

(5) The commission is authorized to adopt rules, as needed, to prevent ways to circumvent the purposes of the required disclosures in this section to inform voters about the individuals and entities sponsoring political advertisements.

**Sec. 3.** RCW 42.17A.320 and 2013 c 138 s 1 are each amended to read as follows:

(1) All written political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name and address. All radio and television political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name. The use of an assumed name for the sponsor of electioneering communications, independent expenditures, or political advertising shall be unlawful. For partisan office, if a candidate has expressed a party or independent preference on the declaration of candidacy, that party or independent designation shall be clearly identified in electioneering communications, independent expenditures, or political advertising.

(2) In addition to the information required by subsection (1) of this section, except as specifically addressed in subsections (4) and (5) of this section, all political advertising undertaken as an independent expenditure or an electioneering communication by a person or entity other than a bona fide political party must include as part of the communication:

(a) The statement: "No candidate authorized this ad. It is paid for by (name, address, city, state)";

(b) If the sponsor is a political committee, the statement: "Top Five Contributors," followed by a listing of the names of the five persons (~~(or entities)~~) making the

largest contributions (~~(in excess of seven hundred dollars reportable under this chapter during the twelve month period before the date of the advertisement or communication))~~ as determined by section 2(1) of this act; and if necessary, the statement "Top Three Donors to PAC Contributors," followed by a listing of the names of the three individuals or entities, other than political committees, making the largest aggregated contributions as determined by section 2(2) of this act; and

(c) If the sponsor is a political committee established, maintained, or controlled directly, or indirectly through the formation of one or more political committees, by an individual, corporation, union, association, or other entity, the full name of that individual or entity.

(3) The information required by subsections (1) and (2) of this section shall:

(a) Appear on the first page or fold of the written advertisement or communication in at least ten-point type, or in type at least ten percent of the largest size type used in a written advertisement or communication directed at more than one voter, such as a billboard or poster, whichever is larger;

(b) Not be subject to the half-tone or screening process; and

(c) Be set apart from any other printed matter. No text may be before, after, or immediately adjacent to the information required by subsections (1) and (2) of this section.

(4) In an independent expenditure or electioneering communication transmitted via television or other medium that includes a visual image, the following statement must either be clearly spoken, or appear in print and be visible for at least four seconds, appear in letters greater than four percent of the visual screen height on a solid black background on the entire bottom one-third of the television or visual display screen, or bottom one-fourth of the screen if the sponsor does not have or is otherwise not required to list its top five contributors, and have a reasonable color contrast with the background: "No candidate authorized this ad. Paid for by (name, city, state)." If the advertisement or communication is undertaken by a nonindividual other than a party organization, then the following notation must also be included: "Top Five Contributors" followed by a listing of the names of the five persons (~~(or entities)~~) making the largest aggregate contributions (~~(in excess of seven hundred dollars reportable under this chapter during the twelve-month period preceding the date on which the advertisement is initially published or otherwise presented to the public)~~) as determined by section 2(1) of this act; and if necessary, the statement "Top Three Donors to PAC Contributors," followed by a listing of the names of the three individuals or entities other than political committees making the largest aggregate contributions to political committees as determined by section 2(2) of this act. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(5) The following statement shall be clearly spoken in an independent expenditure or electioneering communication transmitted by a method that does not include a visual image: "No candidate authorized this ad. Paid for by (name, city, state)." If the independent expenditure or electioneering communication is undertaken by a nonindividual other than a party organization, then the following statement must also be included: "Top Five Contributors" followed by a listing of the names of the five persons (~~or entities~~) making the largest contributions (~~in excess of seven hundred dollars reportable under this chapter during the twelve month period preceding the date on which the advertisement is initially published or otherwise presented to the public~~) as determined by section 2(1) of this act; and if necessary, the statement "Top Three Donors to PAC Contributors," followed by a listing of the names of the three individuals or entities, other than political committees, making the largest aggregate contributions to political committees as determined by section 2(2) of this act. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(6) Political advertising costing one thousand dollars or more supporting or opposing ballot measures sponsored by a political committee must include the information on the (~~"Top Five Contributors" consistent with subsections (2), (4), and (5) of this section~~) top five contributors and top three contributors, other than political committees, as required by section 2 of this act. A series of political advertising sponsored by the same political committee, each of which is under one thousand dollars, must include the (~~"Top Five Contributors" information required by this section~~) top five contributors and top three contributors, other than political committees, as required by section 2 of this act once their cumulative value reaches one thousand dollars or more.

(7) Political yard signs are exempt from the requirements of this section that the sponsor's name and address, and (~~"Top Five Contributor" information~~) the top five contributors and top three PAC contributors as required by section 2 of this act, be listed on the advertising. In addition, the public disclosure commission shall, by rule, exempt from the identification requirements of this section forms of political advertising such as campaign buttons, balloons, pens, pencils, sky-writing, inscriptions, and other forms of advertising where identification is impractical.

(8) For the purposes of this section, "yard sign" means any outdoor sign with dimensions no greater than eight feet by four feet."

On page 1, line 2 of the title, after "committees;" strike the remainder of the title and insert "amending RCW 42.17A.320; adding a new section to chapter 42.17A RCW; and creating a new section."

and the same is herewith transmitted.

#### MESSAGE FROM THE SENATE

April 16, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1087 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that:

(1) Long-term care is not covered by medicare or other health insurance plans, and the few private long-term care insurance plans that exist are unaffordable for most people, leaving more than ninety percent of seniors uninsured for long-term care. The current market for long-term care insurance is broken: In 2002, there were one hundred two companies offering long-term care insurance coverage, but today that number is only twelve.

(2) The majority of people over sixty-five years of age will need long-term services and supports within their lifetimes. The senior population has doubled in Washington since 1980, to currently over one million, and will more than double again by 2040. Without access to insurance, seniors must rely on family care and spend their life savings down to poverty levels in order to access long-term care through medicaid. Middle class families are at the greatest risk because most have not saved enough to cover long-term care costs. When seniors reach the point of needing assistance with eating, dressing, and personal care, they must spend down to their last remaining two thousand dollars before they qualify for state assistance, leaving family members in jeopardy for their own future care needs. In Washington, more than eight hundred fifty thousand unpaid family caregivers provided care valued at eleven billion dollars in 2015. Furthermore, family caregivers who leave the workforce to provide unpaid long-term services and supports lose an average of three hundred thousand dollars in their own income and health and retirement benefits.

(3) Paying out-of-pocket for long-term care is expensive. In Washington, the average cost for medicaid in-home care is twenty-four thousand dollars per year and the average cost for nursing home care is sixty-five thousand dollars per year. These are costs that most seniors cannot afford.

(4) Seniors and the state will not be able to continue their reliance on family caregivers in the near future. Demographic shifts mean that fewer potential family caregivers will be available in the future. Today, there are around seven potential caregivers for each senior, but by 2030 that ratio will decrease to four potential caregivers for each senior.

(5) Long-term services and supports comprise approximately six percent of the state operating budget, and demand for these services will double by 2030 to over twelve percent. This will result in an additional six billion dollars in increased near-general fund costs for the state by 2030.

(6) An alternative funding mechanism for long-term care access in Washington state could relieve hardship on families and lessen the burden of medicaid on the state budget. In addition, an alternative funding mechanism could result in positive economic impact to our state through increased state competition and fewer Washingtonians leaving the workforce to provide unpaid care.

(7) The average aging and long-term supports administration medicaid consumer utilizes ninety-six hours of care per month. At current costs, a one hundred dollars per day benefit for three hundred sixty-five days would provide complete financial relief for the average in-home care consumer and substantial relief for the average facility care consumer for a full year or more.

(8) Under current caseload and demographic projections, an alternative funding mechanism for long-term care access could save the medicaid program eight hundred ninety-eight million dollars in the 2051-2053 biennium.

(9) As the state pursues an alternative funding mechanism for long-term care access, the state must continue its commitment to promoting choice in approved services and long-term care settings. Therefore, any alternative funding mechanism program should be structured such that:

(a) Individuals are able to use their benefits for long-term care services in the setting of their choice, whether in the home, a residential community-based setting, or a skilled nursing facility;

(b) The choice of provider types and approved services is the same or greater than currently available through Washington's publicly funded long-term services and supports;

(c) Transitions from private and public funding sources for consumers are seamless;

(d) Long-term care health status data is collected across all home and community-based settings; and

(e) Program design focuses on the need to provide meaningful assistance to middle class families.

(10) The creation of a long-term care insurance benefit of an established dollar amount per day for three hundred sixty-five days for all eligible Washington employees, paid through an employee payroll premium, is in the best interest of the state of Washington.

(ii) Eligible beneficiaries may combine benefit units to receive more approved services per day as long as the total number of lifetime benefit units has not been exceeded.

**NEW SECTION. Sec. 8.** (1) Benefits provided under this chapter shall be paid periodically and promptly to registered long-term services and supports providers.

(2) Qualified family members may be paid for approved personal care services in the same way as individual providers, through a licensed home care agency,

or through a third option if recommended by the commission and adopted by the department of social and health services.

**NEW SECTION. Sec. 9.** (1) Beginning January 1, 2022, the employment security department shall assess for each individual in employment with an employer a premium based on the amount of the individual's wages. The initial premium rate is fifty-eight hundredths of one percent of the individual's wages. Beginning January 1, 2024, and biennially thereafter, the premium rate shall be set by the pension funding council at a rate no greater than fifty-eight hundredths of one percent. In addition, the pension funding council must set the premium rate at the lowest amount necessary to maintain the actuarial solvency of the long-term services and supports trust account created in section 11 of this act in accordance with recognized insurance principles and designed to attempt to limit fluctuations in the premium rate. To facilitate the premium rate setting the office of the state actuary must perform a biennial actuarial audit and valuation of the fund and make recommendations to the pension funding council.

(2)(a) The employer must collect from the employees the premiums provided under this section through payroll deductions and remit the amounts collected to the employment security department.

(b) In collecting employee premiums through payroll deductions, the employer shall act as the agent of the employees and shall remit the amounts to the employment security department as required by this chapter.

(3) Nothing in this chapter requires any party to a collective bargaining agreement in existence on October 19, 2017, to reopen negotiations of the agreement or to apply any of the responsibilities under this chapter unless and until the existing agreement is reopened or renegotiated by the parties or expires.

(4)(a) Premiums shall be collected in the manner and at such intervals as provided in this chapter and directed by the employment security department.

(b) To the extent feasible, the employment security department shall use the premium assessment, collection, and reporting procedures in chapter 50A.04 RCW.

(5) The employment security department shall deposit all premiums collected in this section in the long-term services and supports trust account created in section 11 of this act.

(6) Premiums collected in this section are placed in the trust account for the individuals who become eligible for the program.

(7) If the premiums established in this section are increased, the legislature shall notify each qualified individual by mail that the person's premiums have been increased, describe the reason for increasing the premiums, and describe the plan for restoring the funds so that premiums are returned to fifty-eight hundredths of one percent of the individual's wages.

(8) An employee who demonstrates that the employee has long-term care insurance is exempt from the premium assessment in this section.

**NEW SECTION. Sec. 10.** (1) Beginning January 1, 2022, any self-employed person, including a sole proprietor, independent contractor, partner, or joint venturer, may elect coverage under this chapter. Those electing coverage under this subsection are responsible for payment of one hundred percent of all premiums assessed to an employee under section 9 of this act. The self-employed person must file a notice of election in writing with the employment security department, in the manner required by the employment security department in rule. ### MESSAGE FROM THE SENATE

April 11, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1216 with the following amendment:

On page 15, after line 25, insert the following:

**"NEW SECTION. Sec. 11.** INTENT. It is not the intent of the legislature to require school resource officers to work in schools. If a school district chooses to have a school resource officer program, it is the intent of the legislature to create statewide consistency for the minimum training requirements that school resource officers must receive and ensure that there is a clear agreement between the school district and local law enforcement agency in order to help establish effective partnerships that protect the health and safety of all students.

**NEW SECTION. Sec. 12.** A new section is added to chapter 28A.320 RCW to read as follows:

#### SCHOOL RESOURCE OFFICER PROGRAMS.

(1) If a school district chooses to have a school resource officer program, the school district must confirm that every school resource officer has received training on the following topics:

(a) Constitutional and civil rights of children in schools, including state law governing search and interrogation of youth in schools;

(b) Child and adolescent development;

(c) Trauma-informed approaches to working with youth;

(d) Recognizing and responding to youth mental health issues;

(e) Educational rights of students with disabilities, the relationship of disability to behavior, and best practices for interacting with students with disabilities;

(f) Collateral consequences of arrest, referral for prosecution, and court involvement;

(g) Resources available in the community that serve as alternatives to arrest and prosecution and pathways for youth to access services without court or criminal justice involvement;

(h) Local and national disparities in the use of force and arrests of children;

(i) De-escalation techniques when working with youth or groups of youth;

(j) State law regarding restraint and isolation in schools, including RCW 28A.600.485;

(k) Bias free policing and cultural competency, including best practices for interacting with students from

particular backgrounds, including English learners, LGBTQ, and immigrants; and

(1) The federal family educational rights and privacy act (20 U.S.C. Sec. 1232g) requirements including limits on access to and dissemination of student records for noneducational purposes.

(2) School districts that have a school resource officer program must annually review and adopt an agreement with the local law enforcement agency using a process that involves parents, students, and community members. At a minimum, the agreement must incorporate the following elements:

(a) A clear statement regarding school resource officer duties and responsibilities related to student behavior and discipline that:

(i) Prohibits a school resource officer from becoming involved in formal school discipline situations that are the responsibility of school administrators;

(ii) Acknowledges the role of a school resource officer as a teacher, informal counselor, and law enforcement officer; and

(iii) Recognizes that a trained school resource officer knows when to informally interact with students to reinforce school rules and when to enforce the law;

(b) School district policy and procedure for teachers that clarify the circumstances under which teachers and school administrators may ask an officer to intervene with a student;

(c) Annual collection and reporting of data regarding calls for law enforcement service and the outcome of each call, including student arrest and referral for prosecution, disaggregated by school, offense type, race, gender, age, and students who have an individualized education program or plan developed under section 504 of the federal rehabilitation act of 1973;

(d) A process for families to file complaints with the school and local law enforcement agency related to school resource officers and a process for investigating and responding to complaints; and

(e) Confirmation that the school resource officers have received the training required under subsection (1) of this section.

(3) School districts that choose to have a school resource officer program must comply with the requirements in subsection (2) of this section by the beginning of the 2020-21 school year.

(4) For the purposes of this section, "school resource officer" means a commissioned law enforcement officer in the state of Washington with sworn authority to make arrests, deployed in community-oriented policing, and assigned by the employing police department or sheriff's office to work in schools to address crime and disorder problems, gangs, and drug activities affecting or occurring in or around K-12 schools. School resource officers should focus on keeping students out of the criminal justice system

**SCHOOL RESOURCE OFFICER TRAINING MATERIALS AND GRANTS.**

(1) Subject to the availability of amounts appropriated for this specific purpose, by January 1, 2020, the state school safety center, established in section 2 of this act, in collaboration with the school safety and student well-being advisory committee, established in section 4 of this act, and law enforcement entities interested in providing training to school resource officers, shall identify and make publicly available training materials that are consistent with the requirements in section 12 of this act.

(2)(a) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction must establish and implement a grant program to fund training for school resource officers as described in section 12 of this act. Eligible grantees include school districts, educational service districts, law enforcement agencies, and law enforcement training organizations. Training under this section may be developed by schools in partnership with local law enforcement and organizations that have expertise in topics such as juvenile brain development; restorative practices or restorative justice; social-emotional learning; civil rights; and student rights, including free speech and search and seizure. This training may be provided by the criminal justice training commission.

(b) By December 1st of each year the program is funded, the office of the superintendent of public instruction must submit an annual report to the governor and appropriate committees of the legislature on the program."

### MESSAGE FROM THE SENATE

April 11, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1225 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 10.99.030 and 2016 c 136 s 5 are each amended to read as follows:

(1) ~~(All training relating to the handling of domestic violence complaints by law enforcement officers shall stress enforcement of criminal laws in domestic situations, availability of community resources, and protection of the victim. Law enforcement agencies and community organizations with expertise in the issue of domestic violence shall cooperate in all aspects of such training.~~

(2) ~~The criminal justice training commission shall implement by January 1, 1997, a course of instruction for the~~

~~training of law enforcement officers in Washington in the handling of domestic violence complaints. The basic law enforcement curriculum of the criminal justice training commission shall include at least twenty hours of basic training instruction on the law enforcement response to domestic violence. The course of instruction, the learning and performance objectives, and the standards for the training shall be developed by the commission and focus on enforcing the criminal laws, safety of the victim, and holding the perpetrator accountable for the violence. The curriculum shall include training on the extent and prevalence of domestic violence, the importance of criminal justice intervention, techniques for responding to incidents that minimize the likelihood of officer injury and that promote victim safety, investigation and interviewing skills, evidence gathering and report writing, assistance to and services for victims and children, verification and enforcement of court orders, liability, and any additional provisions that are necessary to carry out the intention of this subsection.~~

~~(3) The criminal justice training commission shall develop and update annually an in-service training program to familiarize law enforcement officers with the domestic violence laws. The program shall include techniques for handling incidents of domestic violence that minimize the likelihood of injury to the officer and that promote the safety of all parties. The commission shall make the training program available to all law enforcement agencies in the state.~~

~~(4) Development of the training in subsections (2) and (3) of this section shall be conducted in conjunction with agencies having a primary responsibility for serving victims of domestic violence with emergency shelter and other services, and representatives to the statewide organization providing training and education to these organizations and to the general public.~~

~~(5))~~ The primary duty of peace officers, when responding to a domestic violence situation, is to enforce the laws allegedly violated and to protect the complaining party.

~~((6))~~ (2)(a) When a peace officer responds to a domestic violence call and has probable cause to believe that a crime has been committed, the peace officer shall exercise arrest powers with reference to the criteria in RCW 10.31.100. The officer shall notify the victim of the victim's right to initiate a criminal proceeding in all cases where the officer has not exercised arrest powers or decided to initiate criminal proceedings by citation or otherwise. The parties in such cases shall also be advised of the importance of preserving evidence.

(b) A peace officer responding to a domestic violence call shall take a complete offense report including the officer's disposition of the case.

~~((7))~~ (3)(a) A peace officer who responds to a domestic violence call and has probable cause to believe that a crime has been committed shall:

(i) Seize all firearms and ammunition the peace officer has reasonable grounds to believe were used or threatened to be used in the commission of the offense;

(ii) Seize all firearms in plain sight or discovered pursuant to a lawful search; and

(iii) Request consent to take temporary custody of any other firearms and ammunition to which the alleged abuser has access until a judicial officer has heard the matter.

(b) The peace officer shall separate the parties and then inquire of the victim: (i) If there are any firearms or ammunition in the home that are owned or possessed by either party; (ii) if the alleged abuser has access to any other firearms located off-site; and (iii) whether the alleged abuser has an active concealed pistol license, so that there is a complete record for future court proceedings. The inquiry should make clear to the victim that the peace officer is not asking only about whether a firearm was used at the time of the incident but also under other circumstances, such as whether the alleged abuser has kept a firearm in plain sight in a manner that is coercive, has threatened use of firearms in the past, or has additional firearms in a vehicle or other location. Law enforcement personnel may use a pictorial display of common firearms to assist the victim in identifying firearms.

(c) The peace officer shall document all information about firearms and concealed pistol licenses in the incident report. The incident report must be coded to indicate the presence of or access to firearms so that personal recognizance screeners, prosecutors, and judicial officers address the heightened risk to victim, family, and peace officer safety due to the alleged abuser's access to firearms.

(d) A law enforcement agency shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of any firearm or ammunition seized under this subsection to the owner or individual from who the firearm or ammunition was obtained.

(4) When a peace officer responds to a domestic violence call, the officer shall advise victims of all reasonable means to prevent further abuse, including advising each person of the availability of a shelter or other services in the community, and giving each person immediate notice of the legal rights and remedies available. The notice shall include handing each person a copy of the following statement:

"IF YOU ARE THE VICTIM OF DOMESTIC VIOLENCE, you can ask the city or county prosecuting attorney to file a criminal complaint. You also have the right to file a petition in superior, district, or municipal court requesting an order for protection from domestic abuse which could include any of the following: (a) An order restraining your abuser from further acts of abuse; (b) an order directing your abuser to leave your household; (c) an order preventing your abuser from entering your residence, school, business, or place of employment; (d) an order awarding you or the other parent custody of or visitation with your minor child or children; ~~(and)~~ (e) an order restraining your abuser from molesting or interfering with minor children

in your custody; and (f) an order requiring your abuser to turn in any firearms and concealed pistol license in the abuser's possession or control to law enforcement and prohibiting the abuser from possessing or accessing firearms or a concealed pistol license for the duration of the civil order.

The forms you need to obtain a protection order are available in any municipal, district, or superior court.

Information about shelters and alternatives to domestic violence is available from a statewide twenty-four-hour toll-free hotline at (include appropriate phone number). The battered women's shelter and other resources in your area are . . . . (include local information)"

~~((8))~~ (5) The peace officer may offer, arrange, or facilitate transportation for the victim to a hospital for treatment of injuries or to a place of safety or shelter.

~~((9))~~ The law enforcement agency shall forward the offense report to the appropriate prosecutor within ten days of making such report if there is probable cause to believe that an offense has been committed, unless the case is under active investigation. Upon receiving the offense report, the prosecuting agency may, in its discretion, choose not to file the information as a domestic violence offense, if the offense was committed against a sibling, parent, stepparent, or grandparent.

~~(10)~~ Each law enforcement agency shall make as soon as practicable a written record and shall maintain records of all incidents of domestic violence reported to it.

~~(11)~~ Records kept pursuant to subsections (6) and (10) of this section shall be made identifiable by means of a departmental code for domestic violence.

~~(12)~~ Commencing January 1, 1994, records of incidents of domestic violence shall be submitted, in accordance with procedures described in this subsection, to the Washington association of sheriffs and police chiefs by all law enforcement agencies. The Washington criminal justice training commission shall amend its contract for collection of statewide crime data with the Washington association of sheriffs and police chiefs:

(a) To include a table, in the annual report of crime in Washington produced by the Washington association of sheriffs and police chiefs pursuant to the contract, showing the total number of actual offenses and the number and percent of the offenses that are domestic violence incidents for the following crimes: (i) Criminal homicide, with subtotals for murder and nonnegligent homicide and manslaughter by negligence; (ii) forcible rape, with subtotals for rape by force and attempted forcible rape; (iii) robbery, with subtotals for firearm, knife or cutting instrument, or other dangerous weapon, and strongarm robbery; (iv) assault, with subtotals for firearm, knife or cutting instrument, other dangerous weapon, hands, feet, aggravated, and other nonaggravated assaults; (v) burglary, with subtotals for forcible entry, nonforcible unlawful entry,

~~and attempted forcible entry; (vi) larceny theft, except motor vehicle theft; (vii) motor vehicle theft, with subtotals for autos, trucks and buses, and other vehicles; (viii) arson; and (ix) violations of the provisions of a protection order or no-contact order restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, provided that specific appropriations are subsequently made for the collection and compilation of data regarding violations of protection orders or no-contact orders;~~

~~(b) To require that the table shall continue to be prepared and contained in the annual report of crime in Washington until that time as comparable or more detailed information about domestic violence incidents is available through the Washington state incident based reporting system and the information is prepared and contained in the annual report of crime in Washington; and~~

~~(c) To require that, in consultation with interested persons, the Washington association of sheriffs and police chiefs prepare and disseminate procedures to all law enforcement agencies in the state as to how the agencies shall code and report domestic violence incidents to the Washington association of sheriffs and police chiefs;))~~

(6) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages arising out of the seizure or lack of seizure of a firearm, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith.

**NEW SECTION. Sec. 2.** A new section is added to chapter 10.99 RCW to read as follows:

(1) All training relating to the handling of domestic violence complaints by law enforcement officers must stress enforcement of criminal laws in domestic situations, availability of community resources, and protection of the victim. Law enforcement agencies and community organizations with expertise in the issue of domestic violence shall cooperate in all aspects of such training.

The commission shall make the training program available to all law enforcement agencies in the state.

(4) Development of the training in subsections (2) and (3) of this section must be conducted in conjunction with agencies having a primary responsibility for serving victims of domestic violence with emergency shelter and other services, and representatives to the statewide organization providing training and education to these organizations and to the general public.

**NEW SECTION. Sec. 3.** A new section is added to chapter 10.99 RCW to read as follows:

(1) A law enforcement agency shall forward the offense report regarding any incident of domestic violence to the appropriate prosecutor within ten days of making such report if there is probable cause to believe that an offense has been committed, unless the case is under active investigation. Upon receiving the offense report, the prosecuting agency may, in its discretion, choose not to file the information as a domestic violence offense, if the offense was committed against a sibling, parent, stepparent, or grandparent.

(2) Each law enforcement agency shall make as soon as practicable a written record and shall maintain records of all incidents of domestic violence reported to it.

(3) Records kept pursuant to RCW 10.99.030 and this section must be made identifiable by means of a departmental code for domestic violence.

(4) Commencing on the effective date of this section, records of incidents of domestic violence must be submitted, in accordance with procedures described in this subsection, to the Washington association of sheriffs and police chiefs by all law enforcement agencies. The criminal justice training commission shall amend its contract for collection of statewide crime data with the Washington association of sheriffs and police chiefs:

(a) To include a table, in the annual report of crime in Washington produced by the Washington association of sheriffs and police chiefs pursuant to the contract, showing the total number of actual offenses and the number and percent of the offenses that are domestic violence incidents for the following crimes: (i) Criminal homicide, with subtotals for murder and nonnegligent homicide and manslaughter by negligence; (ii) forcible rape, with subtotals for rape by force and attempted forcible rape; (iii) robbery, with subtotals for firearm, knife or cutting instrument, or other dangerous weapon, and strongarm robbery; (iv)

(b) To require that the table shall continue to be prepared and contained in the annual report of crime in Washington until that time as comparable or more detailed information about domestic violence incidents is available through the Washington state incident-based reporting system and the information is prepared and contained in the annual report of crime in Washington; and

(c) To require that, in consultation with interested persons, the Washington association of sheriffs and police chiefs prepare and disseminate procedures to all law enforcement agencies in the state as to how the agencies shall code and report domestic violence incidents to the Washington association of sheriffs and police chiefs.

**Sec. 4.** RCW 10.99.040 and 2015 c 287 s 9 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by

telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the defendant to surrender, and prohibit the person from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(c) The no-contact order shall also be issued in writing as soon as possible, and shall state that it may be extended as provided in subsection (3) of this section. By January 1, 2011, the administrative office of the courts shall develop a pattern form for all no-contact orders issued under this chapter. A no-contact order issued under this chapter must substantially comply with the pattern form developed by the administrative office of the courts.

(3)(a) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order even if the defendant fails to appear at arraignment. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

(b) In issuing the order, the court shall consider all information documented in the incident report concerning the person's possession of and access to firearms and whether law enforcement took temporary custody of firearms at the time of the arrest. The court may as a condition of release prohibit the defendant from possessing or accessing firearms and order the defendant to immediately surrender all firearms and any concealed pistol license to a law enforcement agency upon release.

(c) If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring as defined in RCW 9.94A.030. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2), (3), or (7) of this section is punishable under RCW 26.50.110.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.

(6) Whenever a no-contact order is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

(7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.

**Sec. 5.** RCW 9.41.345 and 2018 c 226 s 1 are each amended to read as follows:

(1) Before a law enforcement agency returns a privately owned firearm, the law enforcement agency must:

(a) Confirm that the individual to whom the firearm will be returned is the individual from whom the firearm was obtained or an authorized representative of that person;

(b) Confirm that the individual to whom the firearm will be returned is eligible to possess a firearm pursuant to RCW 9.41.040;

(c) Ensure that the firearm is not otherwise required to be held in custody or otherwise prohibited from being released; and

(d) Ensure that twenty-four hours have elapsed from the time the firearm was obtained by law enforcement, unless the firearm was seized in connection with a domestic violence call pursuant to RCW 10.99.030, in which case the law enforcement agency must ensure that five business days have elapsed from the time the firearm was obtained.

(2)(a) Once the requirements in subsections (1) and (3) of this section have been met, a law enforcement agency must release a firearm to the individual from whom it was obtained or an authorized representative of that person upon request without unnecessary delay.

(b)(i) If a firearm cannot be returned because it is required to be held in custody or is otherwise prohibited from being released, a law enforcement agency must provide written notice to the individual from whom it was obtained within five business days of the individual requesting return of his or her firearm and specify the reason the firearm must be held in custody.

(ii) Notification may be made via email, text message, mail service, or personal service. For methods other than personal service, service shall be considered complete once the notification is sent.

(3) If a family or household member has requested to be notified pursuant to RCW 9.41.340, a law enforcement agency must:

(a) Provide notice to the family or household member within one business day of verifying that the requirements in subsection (1) of this section have been met; and

(b) Hold the firearm in custody for seventy-two hours from the time notification has been provided.

(4)(a) A law enforcement agency may not return a concealed pistol license that has been surrendered to or impounded by the law enforcement agency for any reason to the licensee until the law enforcement agency determines the licensee is eligible to possess a firearm under state and federal law and meets the other eligibility requirements for a concealed pistol license under RCW 9.41.070.

(b) A law enforcement agency must release a concealed pistol license to the licensee without unnecessary delay, and in no case longer than five business days, after the law enforcement agency determines the requirements of (a) of this subsection have been met.

(5) The provisions of chapter 130, Laws of 2015 and subsection (4) of this section shall not apply to circumstances where a law enforcement officer has momentarily obtained a firearm or concealed pistol license from an individual and would otherwise immediately return the firearm or concealed pistol license to the individual during the same interaction.

**NEW SECTION. Sec. 6.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 4 of the title, after "officers;" strike the remainder of the title and insert "amending RCW 10.99.030, 10.99.040, and 9.41.345; and adding new sections to chapter 10.99 RCW."

The Senate has passed HOUSE BILL NO. 1462 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 59.18.200 and 2008 c 113 s 4 are each amended to read as follows:

(1)(a) When premises are rented for an indefinite time, with monthly or other periodic rent reserved, such tenancy shall be construed to be a tenancy from month to month, or from period to period on which rent is payable, and shall be terminated by written notice of twenty days or more, preceding the end of any of the months or periods of tenancy, given by either party to the other.

(b) Any tenant who is a member of the armed forces, including the national guard and armed forces reserves, or that tenant's spouse or dependent, may terminate a rental agreement with less than twenty days' notice if the tenant receives reassignment or deployment orders that do not allow a twenty-day notice.

(2)(a) Whenever a landlord plans to change to a policy of excluding children, the landlord shall give a written notice to a tenant at least ninety days before termination of the tenancy to effectuate such change in policy. Such ninety-day notice shall be in lieu of the notice required by subsection (1) of this section. However, if after giving the ninety-day notice the change in policy is delayed, the notice requirements of subsection (1) of this section shall apply unless waived by the tenant.

(b) Whenever a landlord plans to change any apartment or apartments to a condominium form of ownership, the landlord shall provide a written notice to a tenant at least one hundred twenty days before termination of the tenancy, in compliance with RCW 64.34.440(1), to effectuate such change. The one hundred twenty-day notice is in lieu of the notice required in subsection (1) of this section. However, if after providing the one hundred twenty-day notice the change to a condominium form of ownership is delayed, the notice requirements in subsection (1) of this section apply unless waived by the tenant.

(c)(i) Whenever a landlord plans to demolish or substantially rehabilitate premises or plans a change of use of premises, the landlord shall provide a written notice to a tenant at least one hundred twenty days before termination of the tenancy. This subsection (2)(c)(i) does not apply to jurisdictions that have created a relocation assistance program under RCW 59.18.440 and otherwise provide one hundred twenty days' notice.

(ii) For purposes of this subsection (2)(c):

(A) "Assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(B) "Change of use" means: (I) Conversion of any premises from a residential use to a nonresidential use that results in the displacement of an existing tenant; (II) conversion from one type of residential use to another type of residential use that results in the displacement of an existing tenant, such as conversion to a retirement home, emergency shelter, or transient hotel; or (III) conversion following removal of use restrictions from an assisted housing development that results in the displacement of an existing tenant: PROVIDED, That displacement of an existing tenant in order that the owner or a member of the owner's immediate family may occupy the premises does not constitute a change of use.

(C) "Demolish" means the destruction of premises or the relocation of premises to another site that results in the displacement of an existing tenant.

(b) Require that the party ~~((~~to~~))~~ immediately surrender any concealed pistol license issued under RCW 9.41.070;

(c) Prohibit the party from accessing, obtaining, or possessing ~~((~~to~~))~~ any firearms or other dangerous weapons;

(d) Prohibit the party from obtaining or possessing a concealed pistol license.

(2) Any court when entering an order authorized under chapter 7.92 RCW, RCW 7.90.090, 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, ~~((26.26.130))~~ 26.26B.020, 26.50.060, 26.50.070, or 26.26.590 may, upon a showing by a preponderance of the evidence but not by clear and convincing evidence, that a party has: Used, displayed, or threatened to use a firearm or other dangerous weapon in a felony, or ~~((previously committed any offense that makes him or her))~~ is ineligible to possess a firearm under the provisions of RCW 9.41.040:

(a) Require that the party ~~((~~to~~))~~ immediately surrender ~~((any))~~ all firearms ~~((~~or~~))~~ and other dangerous weapons;

(c) Prohibit the party from accessing, obtaining, or possessing ~~((~~to~~))~~ any firearms or other dangerous weapons;

(d) Prohibit the party from obtaining or possessing a concealed pistol license.

(3) During any period of time that the person is subject to a court order issued under chapter 7.90, 7.92, 9A.46, 10.14, 10.99, 26.09, 26.10, ~~((26.26))~~ 26.26B, or 26.50 RCW that:

(a) Was issued after a hearing of which the person received actual notice, and at which the person had an opportunity to participate;

(b) Restrains the person from harassing, stalking, or threatening an intimate partner of the person or child of the intimate partner or person, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child; and

(c)(i) Includes a finding that the person represents a credible threat to the physical safety of the intimate partner or child; and

(ii) By its terms, explicitly prohibits the use, attempted use, or threatened use of physical force against the intimate partner or child that would reasonably be expected to cause bodily injury, the court shall:

(A) Require that the party ~~((~~to~~))~~ immediately surrender ~~((any))~~ all firearms ~~((~~or~~))~~ and other dangerous weapons;

(B) Require that the party ~~((~~to~~))~~ immediately surrender a concealed pistol license issued under RCW 9.41.070;

(C) Prohibit the party from accessing, obtaining, or possessing ~~((~~to~~))~~ any firearms or other dangerous weapons; and

(D) Prohibit the party from obtaining or possessing a concealed pistol license.

(4) The court may order temporary surrender of ~~((#))~~ all firearms ((#)) and other dangerous weapons, and any concealed pistol license, without notice to the other party if it finds, on the basis of the moving affidavit or other evidence, that irreparable injury could result if an order is not issued until the time for response has elapsed.

(5) In addition to the provisions of subsections (1), (2), and (4) of this section, the court may enter an order requiring a party to comply with the provisions in subsection (1) of this section if it finds that the possession of a firearm or other dangerous weapon by any party presents a serious and imminent threat to public health or safety, or to the health or safety of any individual.

(6) The requirements of subsections (1), (2), and (5) of this section may be for a period of time less than the duration of the order.

(7) The court may require the party to surrender ~~((any))~~ all firearms ((#)) and other dangerous weapons in his or her immediate possession or control or subject to his or her immediate possession or control, and any concealed pistol license issued under RCW 9.41.070, to the ~~((sheriff of the county having jurisdiction of the proceeding, the chief of police of the municipality having jurisdiction, or to the restrained or enjoined party's counsel or to any person designated by the court))~~ local law enforcement agency. Law enforcement officers shall use law enforcement databases to assist in locating the respondent in situations where the protected person does not know where the respondent lives or where there is evidence that the respondent is trying to evade service.

(8) If the court enters a protection order, restraining order, or no-contact order that includes an order to surrender firearms, dangerous weapons, and any concealed pistol license under this section, the order must be served by a law enforcement officer.

NEW SECTION. Sec. 2. A new section is added to chapter 9.41 RCW to read as follows:

(1) Because of the heightened risk of lethality to petitioners when respondents to protection orders become aware of court involvement and continue to have access to firearms, and the frequency of noncompliance with court orders prohibiting possession of firearms, law enforcement and judicial processes must emphasize swift and certain compliance with court orders prohibiting access, possession, and ownership of firearms.

(2) A law enforcement officer serving a protection order, no-contact order, or restraining order that includes an order to surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall inform the respondent that the order is effective upon service and the respondent must immediately surrender all firearms and dangerous weapons in his or her custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for

such firearms, dangerous weapons, and concealed pistol license. The law enforcement officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. Alternatively, if personal service is not required because the respondent was present at the hearing at which the order was entered, the respondent must immediately surrender all firearms, dangerous weapons, and any concealed pistol license in a safe manner to the control of the local law enforcement agency on the day of the hearing at which the respondent was present.

(3) At the time of surrender, a law enforcement officer taking possession of firearms, dangerous weapons, and any concealed pistol license shall issue a receipt identifying all firearms, dangerous weapons, and any concealed pistol license that have been surrendered and provide a copy of the receipt to the respondent. The law enforcement agency shall file the original receipt with the court within twenty-four hours after service of the order and retain a copy of the receipt, electronically whenever electronic filing is available.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms or dangerous weapons as required by an order issued under RCW 9.41.800, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms and dangerous weapons in their possession, custody, or control. If probable cause exists, the court shall issue a warrant describing the firearms or dangerous weapons and authorizing a search of the locations where the firearms and dangerous weapons are reasonably believed to be and the seizure of all firearms and dangerous weapons discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms or dangerous weapons surrendered pursuant to this section, and the person is determined by the law enforcement agency to be the lawful owner of the firearm or dangerous weapon, the firearm or dangerous weapon shall be returned to the lawful owner, provided that:

(a) The firearm or dangerous weapon is removed from the respondent's access, custody, control, or possession and the lawful owner agrees by written document signed under penalty of perjury to store the firearm or dangerous weapon in a manner such that the respondent does not have access to or control of the firearm or dangerous weapon;

(b) The firearm or dangerous weapon is not otherwise unlawfully possessed by the owner; and

(c) The requirements of RCW 9.41.345 are met.

(6) Courts shall develop procedures to verify timely and complete compliance with orders to surrender weapons under RCW 9.41.800, including compliance review hearings to be held as soon as possible upon receipt from law enforcement of proof of service. A compliance review hearing is not required if the court can otherwise enter findings on the record or enter written findings that the proof of surrender or declaration of nonsurrender attested to by the

person subject to the order, along with verification from law enforcement and any other relevant evidence, makes a sufficient showing that the person has timely and completely surrendered all firearms and dangerous weapons in their custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070, to a law enforcement agency. If the court does not have a sufficient record before it on which to make such a finding, the court must set a review hearing to occur as soon as possible at which the respondent must be present and provide testimony to the court under oath verifying compliance with the court's order.

(7) All law enforcement agencies must have policies and procedures to provide for the acceptance, storage, and return of firearms, dangerous weapons, and concealed pistol licenses that a court requires must be surrendered under RCW 9.41.800. A law enforcement agency holding any firearm or concealed pistol license that has been surrendered under RCW 9.41.800 shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of the firearm or concealed pistol license to the owner or individual from whom it was obtained.

(8) The administrative office of the courts shall create a statewide pattern form to assist the courts in ensuring timely and complete compliance in a consistent manner with orders issued under this chapter. The administrative office of the courts shall report annually on the number of orders issued under this chapter by each court, the degree of compliance, and the number of firearms obtained, and may make recommendations regarding additional procedures to enhance compliance and victim safety.

**Sec. 3.** RCW 9.41.040 and 2018 c 234 s 1 are each amended to read as follows:

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes when committed by one family or household member against another, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking,

reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 26.50.060, 26.50.070, 26.50.130, or 10.99.040);

(ii) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of harassment when committed by one family or household member against another, committed on or after June 7, 2018;

(iii) During any period of time that the person is subject to a court order issued under chapter 7.90, 7.92, 9A.46, 10.14, 10.99, 26.09, 26.10, ~~((26.26))~~ 26.26B, or 26.50 RCW that:

(A) Was issued after a hearing of which the person received actual notice, and at which the person had an opportunity to participate;

(B) Restrains the person from harassing, stalking, or threatening ~~((an intimate partner of))~~ the person protected under the order or child of the ~~((intimate partner))~~ person or protected person, or engaging in other conduct that would place ~~((an intimate partner))~~ the protected person in reasonable fear of bodily injury to the ~~((partner))~~ protected person or child; and

(C)(I) Includes a finding that the person represents a credible threat to the physical safety of the ~~((intimate partner))~~ protected person or child~~((s))~~ and ~~((H))~~ by its terms~~((s))~~ explicitly prohibits the use, attempted use, or threatened use of physical force against the ~~((intimate partner))~~ protected person or child that would reasonably be expected to cause bodily injury; or

(II) Includes an order under RCW 9.41.800 requiring the person to surrender all firearms and prohibiting the person from accessing, obtaining, or possessing firearms;

(iv) After having previously been involuntarily committed for mental health treatment under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(v) If the person is under eighteen years of age, except as provided in RCW 9.41.042; and/or

(vi) If the person is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense as defined in RCW 9.41.010.

(b) (a)(iii) of this subsection does not apply to a sexual assault protection order under chapter 7.90 RCW if the order has been modified pursuant to RCW 7.90.170 to remove any restrictions on firearm purchase, transfer, or possession.

(c) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a

juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-fact-finding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4)(a) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(i) Under RCW 9.41.047; and/or

(ii)(A) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(B) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(b) An individual may petition a court of record to have his or her right to possess a firearm restored under (a) of this subsection (4) only at:

(i) The court of record that ordered the petitioner's prohibition on possession of a firearm; or

(ii) The superior court in the county in which the petitioner resides.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265, unless the offense is the juvenile's first offense in violation of this section and has not committed an offense while armed with a firearm, an unlawful possession of a firearm offense, or an offense in violation of chapter 66.44, 69.52, 69.41, or 69.50 RCW.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

~~((8) For purposes of this section, "intimate partner" includes: A spouse, a domestic partner, a former spouse, a former domestic partner, a person with whom the restrained person has a child in common, or a person with whom the restrained person has cohabitated or is cohabitating as part of a dating relationship.))~~

**Sec. 4.** RCW 7.90.090 and 2006 c 138 s 10 are each amended to read as follows:

(1)(a) If the court finds by a preponderance of the evidence that the petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent, the court shall issue a sexual assault protection order; provided that the petitioner must also satisfy the requirements of RCW 7.90.110 for ex parte temporary orders or RCW 7.90.120 for final orders.

(b) The petitioner shall not be denied a sexual assault protection order because the petitioner or the respondent is a minor or because the petitioner did not report the assault to law enforcement. The court, when determining whether or not to issue a sexual assault protection order, may not require proof of physical injury on the person of the victim or proof

that the petitioner has reported the sexual assault to law enforcement. Modification and extension of prior sexual assault protection orders shall be in accordance with this chapter.

(2) The court may provide relief as follows:

(a) Restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(b) Exclude the respondent from the petitioner's residence, workplace, or school, or from the day care or school of a child, if the victim is a child;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

(d) Order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(3) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(4) In cases where the petitioner and the respondent are under the age of eighteen and attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen protected by the order. In the event the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

~~((4))~~ (5) Denial of a remedy may not be based, in whole or in part, on evidence that:

(a) The respondent was voluntarily intoxicated;

(b) The petitioner was voluntarily intoxicated; or

(c) The petitioner engaged in limited consensual sexual touching.

~~((5))~~ (6) Monetary damages are not recoverable as a remedy.

~~((6))~~ (7) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

**Sec. 5.** RCW 7.90.110 and 2007 c 212 s 3 are each amended to read as follows:

(1) An ex parte temporary sexual assault protection order shall issue if the petitioner satisfies the requirements of this subsection by a preponderance of the evidence. The petitioner shall establish that:

(a) The petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent; and

(b) There is good cause to grant the remedy, regardless of the lack of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

(2) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(3) If the respondent appears in court for this hearing for an ex parte temporary order, he or she may elect to file a general appearance and testify under oath. Any resulting order may be an ex parte temporary order, governed by this section.

~~((3))~~ (4) If the court declines to issue an ex parte temporary sexual assault protection order, the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte temporary order shall be filed with the court.

~~((4))~~ (5) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

**Sec. 6.** RCW 7.90.140 and 2013 c 74 s 5 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party. If the order includes a requirement under RCW 9.41.800 for the immediate surrender of all firearms, dangerous weapons, and any concealed pistol license, the order must be served by a law enforcement officer.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter electronically forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter

shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

(7) If the court previously entered an order allowing service of the notice of hearing and temporary order of protection by publication under RCW 7.90.052 or service by mail under RCW 7.90.053, the court may permit service by publication or service by mail of the order of protection issued under this chapter. Service by publication must comply with the requirements of RCW 7.90.052 and service by mail must comply with the requirements of RCW 7.90.053. The court order must state whether the court permitted service by publication or service by mail.

**Sec. 7.** RCW 7.92.100 and 2013 c 84 s 10 are each amended to read as follows:

(1)(a) If the court finds by a preponderance of the evidence that the petitioner has been a victim of stalking conduct by the respondent, the court shall issue a stalking protection order.

(b) The petitioner shall not be denied a stalking protection order because the petitioner or the respondent is a minor or because the petitioner did not report the stalking conduct to law enforcement. The court, when determining whether or not to issue a stalking protection order, may not require proof of the respondent's intentions regarding the acts alleged by the petitioner. Modification and extension of prior stalking protection orders shall be in accordance with this chapter.

(2) The court may provide relief as follows:

(a) Restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(b) Exclude the respondent from the petitioner's residence, workplace, or school, or from the day care, workplace, or school of the petitioner's minor children;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location;

(d) Prohibit the respondent from keeping the petitioner and/or the petitioner's minor children under surveillance, to include electronic surveillance;

(e) Order any other injunctive relief as necessary or appropriate for the protection of the petitioner, to include a mental health and/or chemical dependency evaluation; and

(f) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including reasonable attorneys' fees.

(3) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(4) Unless otherwise stated in the order, when a person is petitioning on behalf of a minor child or vulnerable adult, the relief authorized in this section shall apply only for the protection of the victim, and not the petitioner.

~~((4))~~ (5) In cases where the petitioner and the respondent attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person protected by the order. In the event the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

**Sec. 8.** RCW 7.92.120 and 2013 c 84 s 12 are each amended to read as follows:

(1) Where it appears from the petition and any additional evidence that the respondent has engaged in stalking conduct and that irreparable injury could result if an order is not issued immediately without prior notice, the court may grant an ex parte temporary order for protection, pending a full hearing and grant such injunctive relief as it deems proper, including the relief as specified under RCW 7.92.100 (2)(a) through (d) and (4).

(2) Irreparable injury under this section includes, but is not limited to, situations in which the respondent has recently threatened the petitioner with bodily injury or has engaged in acts of stalking conduct against the petitioner.

(3) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(4) The court shall hold an ex parte hearing in person or by telephone on the day the petition is filed or on the following judicial day.

~~((4))~~ (5) An ex parte temporary stalking protection order shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication or mail. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication or by mail is permitted. Unless the court has permitted service by publication or mail, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

~~((5))~~ (6) Any order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

~~((6))~~ (7) If the court declines to issue an ex parte temporary stalking protection order, the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte temporary order shall be filed with the court.

~~((7))~~ (8) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

**Sec. 9.** RCW 7.92.150 and 2013 c 84 s 15 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6), (7), or (8) of this section. If the respondent is a minor, the respondent's parent or legal custodian shall also be personally served.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party. If the order includes a requirement under RCW 9.41.800 for the immediate surrender of all firearms, dangerous weapons, and any concealed pistol license, the order must be served by a law enforcement officer.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter electronically forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

(7) If the respondent was not personally served with the petition, notice of hearing, and ex parte order before the hearing, the court shall reset the hearing for twenty-four days from the date of entry of the order and may order service by publication instead of personal service under the following circumstances:

(a) The sheriff or municipal officer or private process server files an affidavit stating that the officer or private process server was unable to complete personal service upon the respondent. The affidavit must describe the number and types of attempts the officer or private process server made to complete service;

(b) The petitioner files an affidavit stating that the petitioner believes that the respondent is hiding from the server to avoid service. The petitioner's affidavit must state the reasons for the belief that the respondent is avoiding service;

(c) The server has deposited a copy of the petition, notice of hearing, and the ex parte order of protection in the post office, directed to the respondent at the respondent's last known address, unless the server states that the server does not know the respondent's address;

(d) The court finds reasonable grounds exist to believe that the respondent is concealing himself or herself to avoid service, and that further attempts to personally serve the respondent would be futile or unduly burdensome;

(e) The court shall reissue the temporary order of protection not to exceed another twenty-four days from the date of reissuing the ex parte protection order and order to provide service by publication; and

(f) The publication shall be made in a newspaper of general circulation in the county where the petition was brought and in the county of the last known address of the respondent once a week for three consecutive weeks. The newspaper selected must be one of the three most widely circulated papers in the county. The publication of summons shall not be made until the court orders service by publication under this section. Service of the summons shall be considered complete when the publication has been made for three consecutive weeks. The summons must be signed by the petitioner. The summons shall contain the date of the first publication, and shall require the respondent upon whom service by publication is desired, to appear and answer the petition on the date set for the hearing. The summons shall also contain a brief statement of the reason for the petition and a summary of the provisions under the ex parte order. The summons shall be essentially in the following form:

In the . . . . . court of the state of Washington for the county of . . . . .

....., Petitioner  
 vs. No. ....  
 ....., Respondent

The state of Washington to .....  
 (respondent):

You are hereby summoned to appear on the ... day  
 of ....., 20..., at ... a.m./p.m., and respond to the  
 petition. If you fail to respond, an order of protection will  
 be issued against you pursuant to the provisions of the  
 stalking protection order act, chapter 7.92 RCW, for a  
 minimum of one year from the date you are required to  
 appear. A temporary order of protection has been issued  
 against you, restraining you from the following: (Insert a  
 brief statement of the provisions of the ex parte order.) A  
 copy of the petition, notice of hearing, and ex parte order  
 has been filed with the clerk of this court.

.....  
 Petitioner .....

(8) In circumstances justifying service by  
 publication under subsection (7) of this section, if the serving  
 party files an affidavit stating facts from which the court  
 determines that service by mail is just as likely to give actual  
 notice as service by publication and that the serving party is  
 unable to afford the cost of service by publication, the court  
 may order that service be made by mail. Such service shall  
 be made by any person over eighteen years of age, who is  
 competent to be a witness, other than a party, by mailing  
 copies of the order and other process to the party to be served  
 at his or her last known address or any other address  
 determined by the court to be appropriate. Two copies shall  
 be mailed, postage prepaid, one by ordinary first-class mail  
 and the other by a form of mail requiring a signed receipt  
 showing when and to whom it was delivered. The envelopes  
 must bear the return address of the sender.

(a) Proof of service under this section shall be  
 consistent with court rules for civil proceedings.

(b) Service under this section may be used in the  
 same manner and shall have the same jurisdictional effect as  
 service by publication for purposes of this chapter. Service  
 shall be deemed complete upon the mailing of two copies as  
 prescribed in this section.

**Sec. 10.** RCW 7.92.190 and 2013 c 84 s 19 are each  
 amended to read as follows:

(1) Upon application with notice to all parties and  
 after a hearing, the court may modify the terms of an existing  
 stalking protection order.

(2) A respondent's motion to modify or terminate an  
 existing stalking protection order must include a declaration  
 setting forth facts supporting the requested order for  
 termination or modification. The nonmoving parties to the  
 proceeding may file opposing declarations. The court shall

deny the motion unless it finds that adequate cause for  
 hearing the motion is established by the declarations. If the  
 court finds that the respondent established adequate cause,  
 the court shall set a date for hearing the respondent's motion.

(3) The court may not terminate or modify an  
 existing stalking protection order unless the respondent  
 proves by a preponderance of the evidence that there has  
 been a substantial change in circumstances such that the  
 respondent will not resume acts of stalking conduct against  
 the petitioner or those persons protected by the protection  
 order if the order is terminated or modified. The petitioner  
 bears no burden of proving that he or she has a current  
 reasonable fear of harm by the respondent.

(4) A respondent may file a motion to terminate or  
 modify an order no more than once in every twelve-month  
 period that the order is in effect, starting from the date of the  
 order and continuing through any renewal.

(5) A court may require the respondent to pay the  
 petitioner for costs incurred in responding to a motion to  
 terminate or modify a stalking protection order, including  
 reasonable attorneys' fees.

~~((5))~~ (6) In any situation where an order is  
 terminated or modified before its expiration date, the clerk  
 of the court shall forward on or before the next judicial day  
 a true copy of the modified order or the termination order to  
 the appropriate law enforcement agency specified in the  
 modified or termination order. Upon receipt of the order, the  
 law enforcement agency shall promptly enter it in the  
 computer-based criminal intelligence information system, or  
 if the order is terminated, remove the order from the  
 computer-based criminal intelligence information system.

**Sec. 11.** RCW 10.14.080 and 2011 c 307 s 3 are  
 each amended to read as follows:

(1) Upon filing a petition for a civil antiharassment  
 protection order under this chapter, the petitioner may obtain  
 an ex parte temporary antiharassment protection order. An  
 ex parte temporary antiharassment protection order may be  
 granted with or without notice upon the filing of an affidavit  
 which, to the satisfaction of the court, shows reasonable  
 proof of unlawful harassment of the petitioner by the  
 respondent and that great or irreparable harm will result to  
 the petitioner if the temporary antiharassment protection  
 order is not granted. If the court declines to issue an ex parte  
 temporary antiharassment protection order, the court shall  
 state the particular reasons for the court's denial. The court's  
 denial of a motion for an ex parte temporary order shall be  
 filed with the court.

(2) An ex parte temporary antiharassment protection  
 order shall be effective for a fixed period not to exceed  
 fourteen days or twenty-four days if the court has permitted  
 service by publication under RCW 10.14.085. The ex parte  
 order may be reissued. A full hearing, as provided in this  
 chapter, shall be set for not later than fourteen days from the  
 issuance of the temporary order or not later than twenty-four  
 days if service by publication is permitted. Except as  
 provided in RCW 10.14.070 and 10.14.085, the respondent  
 shall be personally served with a copy of the ex parte order

along with a copy of the petition and notice of the date set for the hearing. The ex parte order and notice of hearing shall include at a minimum the date and time of the hearing set by the court to determine if the temporary order should be made effective for one year or more, and notice that if the respondent should fail to appear or otherwise not respond, an order for protection will be issued against the respondent pursuant to the provisions of this chapter, for a minimum of one year from the date of the hearing. The notice shall also include a brief statement of the provisions of the ex parte order and notify the respondent that a copy of the ex parte order and notice of hearing has been filed with the clerk of the court.

(3) At the hearing, if the court finds by a preponderance of the evidence that unlawful harassment exists, a civil antiharassment protection order shall issue prohibiting such unlawful harassment.

(4) An order issued under this chapter shall be effective for not more than one year unless the court finds that the respondent is likely to resume unlawful harassment of the petitioner when the order expires. If so, the court may enter an order for a fixed time exceeding one year or may enter a permanent antiharassment protection order. The court shall not enter an order that is effective for more than one year if the order restrains the respondent from contacting the respondent's minor children. This limitation is not applicable to civil antiharassment protection orders issued under chapter 26.09, 26.10, or ~~((26.26))~~ 26.26B RCW. If the petitioner seeks relief for a period longer than one year on behalf of the respondent's minor children, the court shall advise the petitioner that the petitioner may apply for renewal of the order as provided in this chapter or if appropriate may seek relief pursuant to chapter 26.09 or 26.10 RCW.

(5) At any time within the three months before the expiration of the order, the petitioner may apply for a renewal of the order by filing a petition for renewal. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal, the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 10.14.085, personal service shall be made upon the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided by RCW 10.14.085. If the court permits service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in this section. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume harassment of the petitioner when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in subsection (4) of this section.

(6) The court, in granting an ex parte temporary antiharassment protection order or a civil antiharassment

protection order, shall have broad discretion to grant such relief as the court deems proper, including an order:

(a) Restraining the respondent from making any attempts to contact the petitioner;

(b) Restraining the respondent from making any attempts to keep the petitioner under surveillance; and

(c) Requiring the respondent to stay a stated distance from the petitioner's residence and workplace(~~(; and~~

~~(d) Considering the provisions of RCW 9.41.800)).~~

(7) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(8) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order(~~(;))~~ shall not prohibit the respondent from exercising constitutionally protected free speech. Nothing in this section prohibits the petitioner from utilizing other civil or criminal remedies to restrain conduct or communications not otherwise constitutionally protected.

~~((8))~~ (9) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order(~~(;))~~ shall not prohibit the respondent from the use or enjoyment of real property to which the respondent has a cognizable claim unless that order is issued under chapter 26.09 RCW or under a separate action commenced with a summons and complaint to determine title or possession of real property.

~~((9))~~ (10) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order(~~(;))~~ shall not limit the respondent's right to care, control, or custody of the respondent's minor child, unless that order is issued under chapter 13.32A, 26.09, 26.10, or ~~((26.26))~~ 26.26B RCW.

~~((10))~~ (11) A petitioner may not obtain an ex parte temporary antiharassment protection order against a respondent if the petitioner has previously obtained two such ex parte orders against the same respondent but has failed to obtain the issuance of a civil antiharassment protection order unless good cause for such failure can be shown.

~~((11))~~ (12) The court order shall specify the date an order issued pursuant to subsections (4) and (5) of this section expires if any. The court order shall also state whether the court issued the protection order following personal service or service by publication and whether the court has approved service by publication of an order issued under this section.

**Sec. 12.** RCW 10.14.100 and 2002 c 117 s 3 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsections (5) and (7) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party. If the order includes a requirement under RCW 9.41.800 for the immediate surrender of all firearms, dangerous weapons, and any concealed pistol license, the order must be served by a law enforcement officer.

(3) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner.

(4) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary. The court's order, entered after a hearing, need not be served on a respondent who fails to appear before the court, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court's satisfaction that the respondent has previously been personally served with the temporary order.

(6) Except in cases where the petitioner has fees waived under RCW 10.14.055 or is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

(7) If the court previously entered an order allowing service by publication of the notice of hearing and temporary order of protection pursuant to RCW 10.14.085, the court may permit service by publication of the order of protection issued under RCW 10.14.080. Service by publication must comply with the requirements of RCW 10.14.085.

**Sec. 13.** RCW 10.14.180 and 1987 c 280 s 18 are each amended to read as follows:

Upon application with notice to all parties and after a hearing, the court may modify the terms of an existing order under this chapter. A respondent may file a motion to terminate or modify an order no more than once in every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewal. In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified order or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the law enforcement information system.

**Sec. 14.** RCW 26.50.070 and 2018 c 22 s 9 are each amended to read as follows:

(1) Where an application under this section alleges that irreparable injury could result from domestic violence if an order is not issued immediately without prior notice to the respondent, the court may grant an ex parte temporary order for protection, pending a full hearing, and grant relief as the court deems proper, including an order:

(a) Restraining any party from committing acts of domestic violence;

(b) Restraining any party from going onto the grounds of or entering the dwelling that the parties share, from the residence, workplace, or school of the other, or from the day care or school of a child until further order of the court;

(c) Prohibiting any party from knowingly coming within, or knowingly remaining within, a specified distance from a specified location;

(d) Restraining any party from interfering with the other's custody of the minor children or from removing the children from the jurisdiction of the court;

(e) Restraining any party from having any contact with the victim of domestic violence or the victim's children or members of the victim's household; and

(f) ~~((Considering the provisions of RCW 9.41.800; and~~

~~(g))~~ Restraining the respondent from harassing, following, keeping under physical or electronic surveillance, cyberstalking as defined in RCW 9.61.260, and using telephonic, audiovisual, or other electronic means to monitor the actions, location, or communication of a victim of domestic violence, the victim's children, or members of the victim's household. For the purposes of this subsection, "communication" includes both "wire communication" and "electronic communication" as defined in RCW 9.73.260.

(2) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(3) Irreparable injury under this section includes but is not limited to situations in which the respondent has recently threatened petitioner with bodily injury or has engaged in acts of domestic violence against the petitioner.

~~((3))~~ (4) The court shall hold an ex parte hearing in person or by telephone on the day the petition is filed or on the following judicial day.

~~((4))~~ (5) An ex parte temporary order for protection shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 26.50.085 or by mail under RCW 26.50.123. The ex parte temporary order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the ex parte temporary order or not later than twenty-four days if service by publication or by mail is permitted. Except as provided in RCW 26.50.050, 26.50.085, and 26.50.123, the respondent shall be personally served with a copy of the ex parte

temporary order along with a copy of the petition and notice of the date set for the hearing.

~~((5))~~ (6) Any order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

~~((6))~~ (7) If the court declines to issue an ex parte temporary order for protection the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte temporary order ~~((f))~~ for protection shall be filed with the court.

**Sec. 15.** RCW 26.50.090 and 1995 c 246 s 10 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsections (6) and (8) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party. If the order includes a requirement under RCW 9.41.800 for the immediate surrender of all firearms, dangerous weapons, and any concealed pistol license, the order must be served by a law enforcement officer.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter electronically forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

(7) Municipal police departments serving documents as required under this chapter may collect from respondents ordered to pay fees under RCW 26.50.060 the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

(8) If the court previously entered an order allowing service of the notice of hearing and temporary order of protection by publication pursuant to RCW 26.50.085 or by mail pursuant to RCW 26.50.123, the court may permit service by publication or by mail of the order of protection

issued under RCW 26.50.060. Service by publication must comply with the requirements of RCW 26.50.085 and service by mail must comply with the requirements of RCW 26.50.123. The court order must state whether the court permitted service by publication or by mail.

**Sec. 16.** RCW 26.50.130 and 2011 c 137 s 2 are each amended to read as follows:

(1) Upon a motion with notice to all parties and after a hearing, the court may modify the terms of an existing order for protection or may terminate an existing order for protection.

(2) A respondent's motion to modify or terminate an order for protection that is permanent or issued for a fixed period exceeding two years must include a declaration setting forth facts supporting the requested order for termination or modification. The motion and declaration must be served according to subsection ~~((7))~~ (8) of this section. The nonmoving parties to the proceeding may file opposing declarations. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the respondent established adequate cause, the court shall set a date for hearing the respondent's motion.

(3)(a) The court may not terminate an order for protection that is permanent or issued for a fixed period exceeding two years upon a motion of the respondent unless the respondent proves by a preponderance of the evidence that there has been a substantial change in circumstances such that the respondent is not likely to resume acts of domestic violence against the petitioner or those persons protected by the protection order if the order is terminated. In a motion by the respondent for termination of an order for protection that is permanent or issued for a fixed period exceeding two years, the petitioner bears no burden of proving that he or she has a current reasonable fear of imminent harm by the respondent.

(b) For the purposes of this subsection, a court shall determine whether there has been a "substantial change in circumstances" by considering only factors which address whether the respondent is likely to commit future acts of domestic violence against the petitioner or those persons protected by the protection order.

(c) In determining whether there has been a substantial change in circumstances the court may consider the following unweighted factors, and no inference is to be drawn from the order in which the factors are listed:

(i) Whether the respondent has committed or threatened domestic violence, sexual assault, stalking, or other violent acts since the protection order was entered;

(ii) Whether the respondent has violated the terms of the protection order, and the time that has passed since the entry of the order;

(iii) Whether the respondent has exhibited suicidal ideation or attempts since the protection order was entered;

(iv) Whether the respondent has been convicted of criminal activity since the protection order was entered;

(v) Whether the respondent has either acknowledged responsibility for the acts of domestic violence that resulted in entry of the protection order or successfully completed domestic violence perpetrator treatment or counseling since the protection order was entered;

(vi) Whether the respondent has a continuing involvement with drug or alcohol abuse, if such abuse was a factor in the protection order;

(vii) Whether the petitioner consents to terminating the protection order, provided that consent is given voluntarily and knowingly;

(viii) Whether the respondent or petitioner has relocated to an area more distant from the other party, giving due consideration to the fact that acts of domestic violence may be committed from any distance;

(ix) Other factors relating to a substantial change in circumstances.

(d) In determining whether there has been a substantial change in circumstances, the court may not base its determination solely on: (i) The fact that time has passed without a violation of the order; or (ii) the fact that the respondent or petitioner has relocated to an area more distant from the other party.

(e) Regardless of whether there is a substantial change in circumstances, the court may decline to terminate a protection order if it finds that the acts of domestic violence that resulted in the issuance of the protection order were of such severity that the order should not be terminated.

(4) The court may not modify an order for protection that is permanent or issued for a fixed period exceeding two years upon a motion of the respondent unless the respondent proves by a preponderance of the evidence that the requested modification is warranted. If the requested modification would reduce the duration of the protection order or would eliminate provisions in the protection order restraining the respondent from harassing, stalking, threatening, or committing other acts of domestic violence against the petitioner or the petitioner's children or family or household members or other persons protected by the order, the court shall consider the factors in subsection (3)(c) of this section in determining whether the protection order should be modified. Upon a motion by the respondent for modification of an order for protection that is permanent or issued for a fixed period exceeding two years, the petitioner bears no burden of proving that he or she has a current reasonable fear of imminent harm by the respondent.

(5) A respondent may file a motion to terminate or modify an order no more than once in every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewal.

(6) Upon a motion by a petitioner, the court may modify or terminate an existing order for protection. The court shall hear the motion without an adequate cause hearing.

~~((6))~~ (7) A court may require the respondent to pay court costs and service fees, as established by the county or municipality incurring the expense and to pay the petitioner for costs incurred in responding to a motion to terminate or modify a protection order, including reasonable attorneys' fees.

~~((7))~~ (8) Except as provided in RCW 26.50.085 and 26.50.123, a motion to modify or terminate an order for protection must be personally served on the nonmoving party not less than five court days prior to the hearing.

(a) If a moving party seeks to modify or terminate an order for protection that is permanent or issued for a fixed period exceeding two years, the sheriff of the county or the peace officers of the municipality in which the nonmoving party resides or a licensed process server shall serve the nonmoving party personally except when a petitioner is the moving party and elects to have the nonmoving party served by a private party. If the order includes a requirement under RCW 9.41.800 for the immediate surrender of all firearms, dangerous weapons, and any concealed pistol license, the order must be served by a law enforcement officer.

(b) If the sheriff, municipal peace officer, or licensed process server cannot complete service upon the nonmoving party within ten days, the sheriff, municipal peace officer, or licensed process server shall notify the moving party. The moving party shall provide information sufficient to permit notification by the sheriff, municipal peace officer, or licensed process server.

(c) If timely personal service cannot be made, the court shall set a new hearing date and shall either require an additional attempt at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or service by mail as provided in RCW 26.50.123.

(d) The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or by mail unless the moving party requests additional time to attempt personal service.

(e) If the court permits service by publication or by mail, the court shall set the hearing date not later than twenty-four days from the date of the order permitting service by publication or by mail.

~~((8))~~ (9) Municipal police departments serving documents as required under this chapter may recover from a respondent ordered to pay fees under subsection ~~((6))~~ (7) of this section the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

(10) ~~((9))~~ In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the law enforcement information system.

**Sec. 17.** RCW 26.09.060 and 2008 c 6 s 1009 are each amended to read as follows:

(1) In a proceeding for:

(a) Dissolution of marriage or domestic partnership, legal separation, or a declaration of invalidity; or

(b) Disposition of property or liabilities, maintenance, or support following dissolution of the marriage or the domestic partnership by a court which lacked personal jurisdiction over the absent spouse or absent domestic partner; either party may move for temporary maintenance or for temporary support of children entitled to support. The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amounts requested.

(2) As a part of a motion for temporary maintenance or support or by independent motion accompanied by affidavit, either party may request the court to issue a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any person from:

(a) Transferring, removing, encumbering, concealing, or in any way disposing of any property except in the usual course of business or for the necessities of life, and, if so restrained or enjoined, requiring him or her to notify the moving party of any proposed extraordinary expenditures made after the order is issued;

(b) Molesting or disturbing the peace of the other party or of any child;

(c) Going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child upon a showing of the necessity therefor;

(d) Knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

(e) Removing a child from the jurisdiction of the court.

(3) Either party may request a domestic violence protection order under chapter 26.50 RCW or an antiharassment protection order under chapter 10.14 RCW on a temporary basis. Ex parte orders issued under this subsection shall be effective for a fixed period not to exceed fourteen days, or upon court order, not to exceed twenty-four days if necessary to ensure that all temporary motions in the case can be heard at the same time.

(4) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(5) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(6) The court may issue a temporary restraining order or preliminary injunction and an order for temporary maintenance or support in such amounts and on such terms as are just and proper in the circumstances. The court may in its discretion waive the filing of the bond or the posting of security.

(8) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. (d) May be entered in a proceeding for the modification of an existing decree.

(11) Delinquent support payments accrued under an order for temporary support remain collectible and are not extinguished when a final decree is entered unless the decree contains specific language to the contrary. A support debt under a temporary order owed to the state for public assistance expenditures shall not be extinguished by the final decree if:

(a) The obligor was given notice of the state's interest under chapter 74.20A RCW; or

(1) In a proceeding under this chapter either party may file a motion for temporary support of children entitled to support. The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amount requested.

(2) In a proceeding under this chapter either party may file a motion for a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any person from:

Ex parte orders issued under this subsection shall be effective for a fixed period not to exceed fourteen days, or upon court order, not to exceed twenty-four days if necessary to ensure that all temporary motions in the case can be heard at the same time.

(4) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the respondent to surrender, and prohibit the respondent from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(5) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(8) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. The order is fully enforceable in any county in the state.

(9) If a restraining order issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

(d) May be entered in a proceeding for the modification of an existing order.

(11) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount

### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1874 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.34.010 and 2018 c 201 s 5001 are each amended to read as follows:

It is the purpose of this chapter to assure that minors in need of mental health care and treatment receive an appropriate continuum of culturally relevant care and treatment, including prevention and early intervention, self-directed care, parent-directed care, and involuntary treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the authority and the department that provide mental health services to minors shall jointly plan and deliver those services.

It is also the purpose of this chapter to protect the rights of ~~((minors))~~ adolescents to confidentiality and to independently seek services for mental health and substance use disorders. Mental health and chemical dependency professionals shall guard against needless hospitalization and deprivations of liberty ((and to)), enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment ~~((The mental health care and treatment providers shall)),~~ and encourage the use of voluntary services ~~((and)).~~ Mental health and chemical dependency professionals shall, whenever clinically appropriate, ~~((the providers shall))~~ offer less restrictive alternatives to inpatient treatment. Additionally, all mental health care and treatment providers shall assure that minors' parents are given an opportunity to participate in the treatment decisions for their minor children. The mental health care and treatment providers shall, to the extent possible, offer services that involve minors' parents or family.

It is also the purpose of this chapter to assure the ability of parents to exercise reasonable, compassionate care and control of their minor children when there is a medical necessity for treatment and without the requirement of filing a petition under this chapter, including the ability to request and receive medically necessary treatment for their adolescent children without the consent of the adolescent.

**Sec. 2.** RCW 71.34.020 and 2018 c 201 s 5002 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alcoholism" means a disease, characterized by a dependency on alcoholic beverages, loss of control over the amount and circumstances of use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruption of social or economic functioning.

(2) "Approved substance use disorder treatment program" means a program for minors with substance use disorders provided by a treatment program licensed or certified by the department of health as meeting standards adopted under chapter 71.24 RCW.

(3) "Authority" means the Washington state health care authority.

(a) Alcoholism;

(6) "Child psychiatrist" means a person having a license as a physician and surgeon in this state, who has had graduate training in child psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and who is board eligible or board certified in child psychiatry.

(7) "Children's mental health specialist" means:

(a) A mental health professional who has completed a minimum of one hundred actual hours, not quarter or semester hours, of specialized training devoted to the study of child development and the treatment of children; and

(b) A mental health professional who has the equivalent of one year of full-time experience in the treatment of children under the supervision of a children's mental health specialist.

(8) "Commitment" means a determination by a judge or court commissioner, made after a commitment hearing, that the minor is in need of inpatient diagnosis, evaluation, or treatment or that the minor is in need of less restrictive alternative treatment.

(9) "Department" means the department of social and health services.

(10) "Designated crisis responder" means a person designated by a behavioral health organization to perform the duties specified in this chapter.

(11) "Director" means the director of the authority.

(12) "Drug addiction" means a disease, characterized by a dependency on psychoactive chemicals, loss of control over the amount and circumstances of use,

symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruption of social or economic functioning.

(13) "Evaluation and treatment facility" means a public or private facility or unit that is licensed or certified by the department of health to provide emergency, inpatient, residential, or outpatient mental health evaluation and treatment services for minors. A physically separate and separately-operated portion of a state hospital may be designated as an evaluation and treatment facility for minors. A facility which is part of or operated by the state or federal agency does not require licensure or certification. No correctional institution or facility, juvenile court detention facility, or jail may be an evaluation and treatment facility within the meaning of this chapter.

(14) "Evaluation and treatment program" means the total system of services and facilities coordinated and approved by a county or combination of counties for the evaluation and treatment of minors under this chapter.

(15) "Gravely disabled minor" means a minor who, as a result of a mental disorder, or as a result of the use of alcohol or other psychoactive chemicals, is in danger of serious physical harm resulting from a failure to provide for his or her essential human needs of health or safety, or manifests severe deterioration in routine functioning evidenced by repeated and escalating loss of cognitive or volitional control over his or her actions and is not receiving such care as is essential for his or her health or safety.

(16) "Inpatient treatment" means twenty-four-hour-per-day mental health care provided within a general hospital, psychiatric hospital, residential treatment facility licensed or certified by the department of health as an evaluation and treatment facility for minors, secure detoxification facility for minors, or approved substance use disorder treatment program for minors.

(17) "Intoxicated minor" means a minor whose mental or physical functioning is substantially impaired as a result of the use of alcohol or other psychoactive chemicals.

(19) "Likelihood of serious harm" means either: (a) A substantial risk that physical harm will be inflicted by an individual upon his or her own person, as evidenced by threats or attempts to commit suicide or inflict physical harm on oneself; (b) a substantial risk that physical harm will be inflicted by an individual upon another, as evidenced by behavior which has caused such harm or which places another person or persons in reasonable fear of sustaining such harm; or (c) a substantial risk that physical harm will be inflicted by an individual upon the property of others, as evidenced by behavior which has caused substantial loss or damage to the property of others.

(20) "Medical necessity" for inpatient care means a requested service which is reasonably calculated to: (a)

Diagnose, correct, cure, or alleviate a mental disorder or substance use disorder; or (b) prevent the progression of a substance use disorder that endangers life or causes suffering and pain, or results in illness or infirmity or threatens to cause or aggravate a handicap, or causes physical deformity or malfunction, and there is no adequate less restrictive alternative available.

(21) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The presence of alcohol abuse, drug abuse, juvenile criminal history, antisocial behavior, or intellectual disabilities alone is insufficient to justify a finding of "mental disorder" within the meaning of this section.

(22) "Mental health professional" means a psychiatrist, psychiatric advanced registered nurse practitioner, physician assistant working with a supervising psychiatrist, psychologist, psychiatric nurse, ~~((or))~~ social worker, and such other mental health professionals as ~~((may be))~~ defined by rules adopted by the secretary of the department of health under this chapter.

(b) For purposes of family-initiated treatment under RCW 71.34.600 through 71.34.670, "parent" also includes a person to whom a parent defined in (a) of this subsection has given a signed authorization to make health care decisions for the adolescent, a stepparent who is involved in caring for the adolescent, a kinship caregiver who is involved in caring for the adolescent, or another relative who is responsible for the health care of the adolescent, who may be required to provide a declaration under penalty of perjury stating that he or she is a relative responsible for the health care of the adolescent pursuant to RCW 9A.72.085. If a dispute arises between individuals authorized to act as a parent for the purpose of RCW 71.34.600 through 71.34.670, the disagreement must be resolved according to the priority established under RCW 7.70.065(2)(a).

(26) "Private agency" means any person, partnership, corporation, or association that is not a public agency, whether or not financed in whole or in part by public funds, that constitutes an evaluation and treatment facility or private institution, or hospital, or approved substance use disorder treatment program, that is conducted for, or includes a distinct unit, floor, or ward conducted for, the care

(31) "Psychologist" means a person licensed as a psychologist under chapter 18.83 RCW.

(32) "Public agency" means any evaluation and treatment facility or institution, or hospital, or approved substance use disorder treatment program that is conducted for, or includes a distinct unit, floor, or ward conducted for, the care and treatment of persons with mental illness, substance use disorders, or both mental illness and substance use disorders if the agency is operated directly by federal, state, county, or municipal government, or a combination of such governments.

(34) "Secretary" means the secretary of the department or secretary's designee.

(35) "Secure detoxification facility" means a facility operated by either a public or private agency or by the program of an agency that:

(a) Provides for intoxicated minors:

(i) Evaluation and assessment, provided by certified chemical dependency professionals;

(ii) Acute or subacute detoxification services; and

(iii) Discharge assistance provided by certified chemical dependency professionals, including facilitating transitions to appropriate voluntary or involuntary inpatient services or to less restrictive alternatives as appropriate for the minor;

With regard to voluntary patients, "start of initial detention" means the time at which the minor gives notice of intent to leave under the provisions of this chapter.

(38) "Substance use disorder" means a cluster of cognitive, behavioral, and physiological symptoms indicating that an individual continues using the substance despite significant substance-related problems. The diagnosis of a substance use disorder is based on a pathological pattern of behaviors related to the use of the substances.

(39) "Adolescent" means a minor thirteen years of age or older.

(40) "Kinship caregiver" has the same meaning as in RCW 74.13.031(19)(a).

**Sec. 3.** RCW 71.34.500 and 2016 sp.s. c 29 s 261 are each amended to read as follows:

(1) ~~((A minor thirteen years or older))~~ An adolescent may admit himself or herself to an evaluation and treatment facility for inpatient mental health treatment or an approved substance use disorder treatment program for inpatient substance use disorder treatment without parental consent. The admission shall occur only if the professional person in charge of the facility concurs with the need for inpatient treatment. Parental authorization, or authorization from a person who may consent on behalf of the minor pursuant to RCW 7.70.065, is required for inpatient treatment of a minor under the age of thirteen.

(2) When, in the judgment of the professional person in charge of an evaluation and treatment facility or approved substance use disorder treatment program, there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder or substance use disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to the facility.

(3) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months. The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

**Sec. 4.** RCW 71.34.510 and 1998 c 296 s 15 are each amended to read as follows:

(1) The ~~((administrator))~~ professional person in charge of ~~((the))~~ an evaluation and treatment facility shall provide notice to the parent~~((s))~~ of ~~((a minor))~~ an adolescent when the ~~((minor))~~ adolescent is voluntarily admitted to inpatient treatment under RCW 71.34.500 solely for mental health treatment and not for substance use disorder treatment, unless the professional person has a compelling reason to believe that such disclosure would be detrimental to the adolescent or contact cannot be made, in which case the professional person must document the reasons in the adolescent's medical record.

(2) The professional person in charge of an evaluation and treatment facility or an approved substance use disorder treatment program shall provide notice to the parent of an adolescent voluntarily admitted to inpatient treatment under RCW 71.34.500 for substance use disorder treatment only if: (a) The adolescent provides written consent to the disclosure of the fact of admission and such other substance use disorder treatment information in the notice; or (b) permitted by federal law.

(3) If the professional person withholds notice to a parent under subsection (1) of this section, or such notice cannot be provided, the professional person in charge of the facility must consult the information that the Washington state patrol makes publicly available under RCW 43.43.510(2) at least once every eight hours for the first seventy-two hours of treatment and once every twenty-four hours thereafter while the adolescent continues to receive inpatient services and until the time that the professional person contacts a parent of the adolescent. If the adolescent is publicly listed as missing, the professional person must immediately notify the department of children, youth, and families of its contact with the youth listed as missing. The notification must include a description of the adolescent's physical and emotional condition.

(4) The notice required under subsections (1) and (2) of this section shall be in the form most likely to reach the parent within twenty-four hours of the ~~((minor's))~~ adolescent's voluntary admission and shall advise the parent: ~~((+))~~ (a) That the ~~((minor))~~ adolescent has been admitted to inpatient treatment; ~~((2))~~ (b) of the location and telephone number of the facility providing such treatment; ~~((3))~~ (c) of the name of a professional person on the staff of the facility providing treatment who is designated to discuss the ~~((minor's))~~ adolescent's need for inpatient treatment with the parent; and ~~((4))~~ (d) of the medical necessity for admission. Notification efforts under subsections (1) and (2) of this section shall begin as soon as reasonably practicable, considering the adolescent's immediate medical needs.

**Sec. 5.** RCW 71.34.520 and 2016 sp.s. c 29 s 262 are each amended to read as follows:

(1) Any ~~((minor thirteen years or older))~~ adolescent voluntarily admitted to an evaluation and treatment facility or approved substance use disorder treatment program under RCW 71.34.500 may give notice of intent to leave at any time. The notice need not follow any specific form so long as it is written and the intent of the ~~((minor))~~ adolescent can be discerned.

(2) The staff member receiving the notice shall date it immediately ~~(and)~~ and record its existence in the ~~((minor's))~~ adolescent's clinical record ~~(and send)~~.

(a) If the evaluation and treatment facility is providing the adolescent solely with mental health treatment and not substance use disorder treatment, copies of ~~((#))~~ the notice must be sent to the ~~((minor's))~~ adolescent's attorney, if any, the designated crisis responders, and the parent.

(b) If the evaluation and treatment facility or substance use disorder treatment program is providing the adolescent with substance use disorder treatment, copies of the notice must be sent to the adolescent's attorney, if any, the designated crisis responders, and the parent only if: (i) The adolescent provides written consent to the disclosure of the adolescent's notice of intent to leave and such other substance use disorder information; or (ii) permitted by federal law.

(3) The professional person shall discharge the ~~((minor, thirteen years or older,))~~ adolescent from the facility by the second judicial day following receipt of the ~~((minor's))~~ adolescent's notice of intent to leave.

**Sec. 6.** RCW 71.34.530 and 2006 c 93 s 4 are each amended to read as follows:

Any ~~((minor thirteen years or older))~~ adolescent may request and receive outpatient treatment without the consent of the ~~((minor's))~~ adolescent's parent. Parental authorization, or authorization from a person who may consent on behalf of the minor pursuant to RCW 7.70.065, is required for outpatient treatment of a minor under the age of thirteen.

**Sec. 7.** RCW 71.34.600 and 2018 c 201 s 5013 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her ~~((minor))~~ adolescent child to:

(a) An evaluation and treatment facility or an inpatient facility licensed under chapter 70.41, 71.12, or 72.23 RCW and request that the professional person examine the ~~((minor))~~ adolescent to determine whether the ~~((minor))~~ adolescent has a mental disorder and is in need of inpatient treatment; or

(b) A secure detoxification facility or approved substance use disorder treatment program and request that a substance use disorder assessment be conducted by a professional person to determine whether the ~~((minor))~~ adolescent has a substance use disorder and is in need of inpatient treatment.

(2) The consent of the ~~((minor))~~ adolescent is not required for admission, evaluation, and treatment if ~~((the parent brings the minor to the facility))~~ a parent provides consent.

(3) An appropriately trained professional person may evaluate whether the ~~((minor))~~ adolescent has a mental disorder or has a substance use disorder. The evaluation shall be completed within twenty-four hours of the time the

~~((minor))~~ adolescent was brought to the facility, unless the professional person determines that the condition of the ~~((minor))~~ adolescent necessitates additional time for evaluation. In no event shall ~~((a minor))~~ an adolescent be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the ~~((minor))~~ adolescent to receive inpatient treatment, the ~~((minor))~~ adolescent may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the ~~((minor's))~~ adolescent's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the authority if the ~~((child))~~ adolescent is held solely for mental health and not substance use disorder treatment and of the date of admission. If the adolescent is held for substance use disorder treatment only, the professional person shall provide notice to the authority which redacts all patient identifying information about the adolescent unless: (a) The adolescent provides written consent to the disclosure of the fact of admission and such other substance use disorder treatment information in the notice; or (b) permitted by federal law.

(4) No provider is obligated to provide treatment to ~~((a minor))~~ an adolescent under the provisions of this section except that no provider may refuse to treat ~~((a minor))~~ an adolescent under the provisions of this section solely on the basis that the ~~((minor))~~ adolescent has not consented to the treatment. No provider may admit ~~((a minor))~~ an adolescent to treatment under this section unless it is medically necessary.

(5) No ~~((minor))~~ adolescent receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.610, the professional person shall notify the ~~((minor))~~ adolescent of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" means "professional person" as defined in RCW 71.05.020.

**Sec. 8.** RCW 71.34.610 and 2018 c 201 s 5014 are each amended to read as follows:

(1) The authority shall assure that, for any ~~((minor))~~ adolescent admitted to inpatient treatment under RCW 71.34.600, a review is conducted by a physician or other mental health professional who is employed by the authority, or an agency under contract with the authority, and who neither has a financial interest in continued inpatient treatment of the ~~((minor))~~ adolescent nor is affiliated with the facility providing the treatment. The physician or other mental health professional shall conduct the review not less than seven nor more than fourteen days following the date the ~~((minor))~~ adolescent was brought to the facility under RCW 71.34.600 to determine whether it is a medical necessity to continue the ~~((minor's))~~ adolescent's treatment on an inpatient basis.

(2) In making a determination under subsection (1) of this section, the authority shall consider the opinion of the treatment provider, the safety of the ~~((minor))~~ adolescent, and the likelihood the ~~((minor's))~~ adolescent's mental health will deteriorate if released from inpatient treatment. The authority shall consult with the parent in advance of making its determination.

(3) If, after any review conducted by the authority under this section, the authority determines it is no longer a medical necessity for ~~((a minor))~~ an adolescent to receive inpatient treatment, the authority shall immediately notify the parents and the facility. The facility shall release the ~~((minor))~~ adolescent to the parents within twenty-four hours of receiving notice. If the professional person in charge and the parent believe that it is a medical necessity for the ~~((minor))~~ adolescent to remain in inpatient treatment, the ~~((minor))~~ adolescent shall be released to the parent on the second judicial day following the authority's determination in order to allow the parent time to file an at-risk youth petition under chapter 13.32A RCW. If the authority determines it is a medical necessity for the ~~((minor))~~ adolescent to receive outpatient treatment and the ~~((minor))~~ adolescent declines to obtain such treatment, such refusal shall be grounds for the parent to file an at-risk youth petition.

(4) If the evaluation conducted under RCW 71.34.600 is done by the authority, the reviews required by subsection (1) of this section shall be done by contract with an independent agency.

(5) The authority may, subject to available funds, contract with other governmental agencies to conduct the reviews under this section. The authority may seek reimbursement from the parents, their insurance, or medicaid for the expense of any review conducted by an agency under contract.

(6) In addition to the review required under this section, the authority may periodically determine and redetermine the medical necessity of treatment for purposes of payment with public funds.

**Sec. 9.** RCW 71.34.620 and 1998 c 296 s 19 are each amended to read as follows:

Following the review conducted under RCW 71.34.610, ~~((a minor child))~~ an adolescent may petition the superior court for his or her release from the facility. The petition may be filed not sooner than five days following the review. The court shall release the ~~((minor))~~ adolescent unless it finds, upon a preponderance of the evidence, that it is a medical necessity for the ~~((minor))~~ adolescent to remain at the facility.

**Sec. 10.** RCW 71.34.630 and 2018 c 201 s 5015 are each amended to read as follows:

If the ~~((minor))~~ adolescent is not released as a result of the petition filed under RCW 71.34.620, he or she shall be released not later than thirty days following the later of:

(1) The date of the authority's determination under RCW

71.34.610(2); or (2) the filing of a petition for judicial review under RCW 71.34.620, unless a professional person or the designated crisis responder initiates proceedings under this chapter.

**Sec. 11.** RCW 71.34.640 and 2018 c 201 s 5016 are each amended to read as follows:

The authority shall randomly select and review the information on ~~((children))~~ adolescents who are admitted to inpatient treatment on application of the ~~((child's))~~ adolescent's parent regardless of the source of payment, if any, subject to the limitations under RCW 71.34.600(3). The review shall determine whether the ~~((children))~~ adolescents reviewed were appropriately admitted into treatment based on an objective evaluation of the ~~((child's))~~ adolescent's condition and the outcome of the ~~((child's))~~ adolescent's treatment.

**Sec. 12.** RCW 71.34.650 and 2016 sp.s. c 29 s 265 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her ~~((minor))~~ adolescent child to:

(b) A provider of outpatient substance use disorder treatment and request that an appropriately trained professional person examine the ~~((minor))~~ adolescent to determine whether the ~~((minor))~~ adolescent has a substance use disorder and is in need of outpatient treatment.

(2) The consent of the ~~((minor))~~ adolescent is not required for evaluation if ~~((the parent brings the minor to the provider))~~ a parent provides consent.

(3) The professional person may evaluate whether the ~~((minor))~~ adolescent has a mental disorder or substance use disorder and is in need of outpatient treatment.

(4) If a determination is made by a professional person under this section that an adolescent is in need of outpatient mental health or substance use disorder treatment, a parent of an adolescent may request and receive such outpatient treatment for his or her adolescent without the consent of the adolescent for up to twelve outpatient sessions occurring within a three-month period.

(5) Following the treatment periods under subsection (4) of this section, an adolescent must provide his or her consent for further treatment with that specific professional person.

(6) If a determination is made by a professional person under this section that an adolescent is in need of treatment in a less restrictive setting, including partial hospitalization or intensive outpatient treatment, a parent of an adolescent may request and receive such treatment for his or her adolescent without the consent of the adolescent.

(a) A professional person providing solely mental health treatment to an adolescent under this subsection (6) must convene a treatment review at least every thirty days after treatment begins that includes the adolescent, parent, and other treatment team members as appropriate to determine whether continued care under this subsection is medically necessary.

(b) A professional person providing solely mental health treatment to an adolescent under this subsection (6) shall provide notification of the adolescent's treatment to an independent reviewer at the authority within twenty-four hours of the adolescent's first receipt of treatment under this subsection. At least every forty-five days after the adolescent's first receipt of treatment under this subsection, the authority shall conduct a review to determine whether the current level of treatment is medically necessary.

(c) A professional person providing substance use disorder treatment under this subsection (6) shall convene a treatment review under (a) of this subsection and provide the notification of the adolescent's receipt of treatment to an independent reviewer at the authority as described in (b) of this subsection only if: (i) The adolescent provides written consent to the disclosure of substance use disorder treatment information including the fact of his or her receipt of such treatment; or (ii) permitted by federal law.

(7) Any ~~((minor))~~ adolescent admitted to inpatient treatment under RCW 71.34.500 or 71.34.600 shall be discharged immediately from inpatient treatment upon written request of the parent.

**Sec. 14.** RCW 71.34.700 and 2016 sp.s. c 29 s 267 are each amended to read as follows:

(1) If ~~((a minor, thirteen years or older,))~~ an adolescent is brought to an evaluation and treatment facility or hospital emergency room for immediate mental health services, the professional person in charge of the facility shall evaluate the ~~((minor's))~~ adolescent's mental condition, determine whether the ~~((minor))~~ adolescent suffers from a mental disorder, and whether the ~~((minor))~~ adolescent is in need of immediate inpatient treatment.

(2) If ~~((a minor, thirteen years or older,))~~ an adolescent is brought to a secure detoxification facility with available space, or a hospital emergency room for immediate

substance use disorder treatment, the professional person in charge of the facility shall evaluate the ~~((minor's))~~ adolescent's condition, determine whether the ~~((minor))~~ adolescent suffers from a substance use disorder, and whether the ~~((minor))~~ adolescent is in need of immediate inpatient treatment.

(3) If it is determined under subsection (1) or (2) of this section that the ~~((minor))~~ adolescent suffers from a mental disorder or substance use disorder, inpatient treatment is required, the ~~((minor))~~ adolescent is unwilling to consent to voluntary admission, and the professional person believes that the ~~((minor))~~ adolescent meets the criteria for initial detention set forth herein, the facility may detain or arrange for the detention of the ~~((minor))~~ adolescent for up to twelve hours in order to enable a designated crisis responder to evaluate the ~~((minor))~~ adolescent and commence initial detention proceedings under the provisions of this chapter.

**Sec. 15.** RCW 71.34.700 and 2016 sp.s. c 29 s 268 are each amended to read as follows:

(3) At the time of initial detention, the designated crisis responder shall advise the ~~((minor))~~ adolescent both orally and in writing that if admitted to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the ~~((minor's))~~ adolescent's provisional acceptance to determine whether probable cause exists to commit the ~~((minor))~~ adolescent for further treatment.

**NEW SECTION. Sec. 18.** A new section is added to chapter 70.02 RCW to read as follows:

(1)(a) When an adolescent voluntarily consents to his or her own mental health treatment under RCW 71.34.500 or 71.34.530, a mental health professional shall not proactively exercise his or her discretion under RCW 70.02.240 to release information or records related to solely mental health services received by the adolescent to a parent of the adolescent, beyond any notification required under RCW 71.34.510, unless the adolescent states a clear desire to do so which is documented by the mental health professional, except in situations concerning an imminent threat to the health and safety of the adolescent or others, or as otherwise may be required by law.

(b) In the event a mental health professional discloses information or releases records, or both, that relate solely to mental health services of an adolescent, to a parent

pursuant to RCW 70.02.240(3), the mental health professional must provide notice of this disclosure to the adolescent and the adolescent must have a reasonable opportunity to express any concerns about this disclosure to the mental health professional prior to the disclosure of the information or records related solely to mental health services. The mental health professional shall document any objections to disclosure in the adolescent's medical record if the mental health professional subsequently discloses information or records related solely to mental health services over the objection of the adolescent.

(2) When an adolescent receives a mental health evaluation or treatment at the direction of a parent under RCW 71.34.600 through 71.34.670, the mental health professional is encouraged to exercise his or her discretion under RCW 70.02.240 to proactively release to the parent such information and records related to solely mental health services received by the adolescent, excluding psychotherapy notes, that are necessary to assist the parent in understanding the nature of the evaluation or treatment and in supporting their child. Such information includes:

- (a) Diagnosis;
- (b) Treatment plan and progress in treatment;
- (c) Recommended medications, including risks, benefits, side effects, typical efficacy, dose, and schedule;
- (d) Psychoeducation about the child's mental health;
- (e) Referrals to community resources;
- (f) Coaching on parenting or behavioral management strategies; and
- (g) Crisis prevention planning and safety planning.

(3) If, after receiving a request from a parent for release of mental health treatment information relating to an adolescent, the mental health professional determines that disclosure of information or records related solely to mental health services pursuant to RCW 70.02.240(3) would be detrimental to the adolescent and declines to disclose such information or records, the mental health professional shall document the reasons for the lack of disclosure in the adolescent's medical record.

(4) Information or records about an adolescent's substance use disorder evaluation or treatment may be provided to a parent without the written consent of the adolescent only if permitted by federal law. A mental health professional or chemical dependency professional providing substance use disorder evaluation or treatment to an adolescent may seek the written consent of the adolescent to provide substance use disorder treatment information or records to a parent when the mental health professional or chemical dependency professional determines that both seeking the written consent and sharing the substance use disorder treatment information or records of the adolescent would not be detrimental to the adolescent.

(5) A mental health professional providing inpatient or outpatient mental health evaluation or treatment is not civilly liable for the decision to disclose information or records related to solely mental health services or not

disclose such information or records so long as the decision was reached in good faith and without gross negligence.

(6) A chemical dependency professional or mental health professional providing inpatient or outpatient substance use disorder evaluation or treatment is not civilly liable for the decision to disclose information or records related to substance use disorder treatment information with the written consent of the adolescent or to not disclose such information or records to a parent without an adolescent's consent pursuant to this section so long as the decision was reached in good faith and without gross negligence.

(7) For purposes of this section, "adolescent" means a minor thirteen years of age or older.

The disclosure must be made by the professional person in charge of the public or private agency or his or her designee and must include the dates of commitment, admission, discharge, or release, authorized or unauthorized absence from the agency's facility, and only any other information that is pertinent to the threat or harassment. (3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter

9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined

in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly weapon enhancements and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b), and/or (c) of this section, or both, all deadly weapon enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section:

(a) Eighteen months for offenses committed under RCW 69.50.401(2) (a) or (b) or 69.50.410;

(b) Fifteen months for offenses committed under RCW 69.50.401(2) (c), (d), or (e);

(c) Twelve months for offenses committed under RCW 69.50.4013.

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

(6) An additional twenty-four months shall be added to the standard sentence range for any ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW 69.50.435 or 9.94A.827. All enhancements under this subsection shall run consecutively to all other sentencing provisions, for all offenses sentenced under this chapter.

(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

Notwithstanding any other provision of law, all impaired driving enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other impaired driving enhancements, for all offenses sentenced under this chapter.

An offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c).

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be

added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(i) Two years for any felony defined under the law as a class A felony or with a statutory maximum sentence of at least twenty years, or both;

(ii) Eighteen months for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both;

(iii) One year for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both;

(iv) If the offender is being sentenced for any sexual motivation enhancements under (a)(i), (ii), and/or (iii) of this subsection and the offender has previously been sentenced for any sexual motivation enhancements on or after July 1, 2006, under (a)(i), (ii), and/or (iii) of this subsection, all sexual motivation enhancements under this subsection shall be twice the amount of the enhancement listed;

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the one-year enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to engage the victim in the sexual conduct in return for a fee, an additional one-year enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

(12) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.831.

(13) An additional twelve months shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.520 or for vehicular assault committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.522, or for any felony driving under the influence (RCW 46.61.502(6)) or felony physical control under the influence (RCW 46.61.504(6)) for each child passenger under the age of

sixteen who is an occupant in the defendant's vehicle. These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other minor child enhancements, for all offenses sentenced under this chapter. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(14) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832.

**Sec. 4.** RCW 9.94A.729 and 2015 c 134 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2)(a) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(b) An offender whose sentence includes any impaired driving enhancements under RCW 9.94A.533(7), minor child enhancements under RCW 9.94A.533(13), or both, shall not receive any good time credits or earned release time for any portion of his or her sentence that results from those enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or 10.95.035, the offender may not receive any earned early release time during the minimum term of confinement imposed by the court; for any remaining portion of the sentence served by the offender, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728~~((5))~~ (1)(c);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

**Sec. 5.** RCW 10.21.055 and 2016 c 203 s 16 are each amended to read as follows:

(1)(a) When any person charged with a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, in which the person has a prior offense as defined in RCW 46.61.5055 and the current offense involves alcohol, is released from custody at arraignment or trial on bail or personal recognizance, the court authorizing the release shall require, as a condition of release that person comply with one of the following four requirements:

(i) Have a functioning ignition interlock device installed on all motor vehicles operated by the person, with proof of installation filed with the court by the person or the certified interlock provider within five business days of the date of release from custody or as soon thereafter as determined by the court based on availability within the jurisdiction; or

(ii) Comply with 24/7 sobriety program monitoring, as defined in RCW 36.28A.330; or

(iii) Have an ignition interlock device on all motor vehicles operated by the person pursuant to (a)(i) of this subsection and submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c); or

(iv) Have an ignition interlock device on all motor vehicles operated by the person and that such person agrees not to operate any motor vehicle without an ignition interlock device as required by the court. Under this subsection (1)(a)(iv), the person must file a sworn statement with the court upon release at arraignment that states the person will not operate any motor vehicle without an ignition interlock device while the ignition interlock restriction is imposed by the court. Such person must also submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c).

(b) The court shall immediately notify the department of licensing when an ignition interlock restriction is imposed~~((+ (i)))~~ as a condition of release ~~((pursuant to (a) of this subsection;))~~ or ~~((ii))~~ after conviction in instances where a person is charged with, or convicted of, a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522~~((, and the offense involves alcohol))~~. If the court imposes an ignition interlock restriction, the department of licensing shall attach or imprint a notation on the driving record of any person restricted under this section stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device.

(2)(a) Upon acquittal or dismissal of all pending or current charges relating to a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, or equivalent local ordinance, the court shall authorize removal of the ignition interlock device and lift any requirement to comply with electronic alcohol/drug monitoring imposed under subsection (1) of this section. Nothing in this section limits

the authority of the court or department under RCW 46.20.720.

(b) If the court authorizes removal of an ignition interlock device imposed under this section, the court shall immediately notify the department of licensing regarding the lifting of the ignition interlock restriction and the department of licensing shall release any attachment, imprint, or notation on such person's driving record relating to the ignition interlock requirement imposed under this section.

(3) When an ignition interlock restriction imposed as a condition of release is canceled, the court shall provide a defendant with a written order confirming release of the restriction. The written order shall serve as proof of release of the restriction until which time the department of licensing updates the driving record.

**Sec. 6.** RCW 38.52.430 and 2012 c 183 s 6 are each amended to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, RCW 46.61.504; (3) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; ~~((3))~~ (4) use of a vessel while under the influence of alcohol or drugs, RCW 79A.60.040; ~~((4))~~ (5) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or ~~((5))~~ (6) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied. Following a conviction of an offense listed in this section, and prior to sentencing, the prosecution may present to the court information setting forth the expenses incurred by the public agency for its emergency response to the incident. Upon a finding by the court that the expenses are reasonable, the court shall order the defendant to reimburse the public agency. The cost reimbursement shall be included in the sentencing order as an additional monetary obligation of the defendant and may not be substituted for any other fine or cost required or allowed by statute. The court may establish a payment schedule for the payment of the cost reimbursement, separate from any payment schedule imposed for other fines and costs. All payments for the cost reimbursement must be remitted directly to the public agency or agencies that incurred the cost associated with the emergency response.

In no event shall a person's liability under this section for the expense of an emergency response exceed two thousand five hundred dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

**Sec. 7.** RCW 46.20.245 and 2005 c 288 s 1 are each amended to read as follows:

(1) Whenever the department proposes to withhold the driving privilege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this chapter or other law, the department must give notice to the person in writing by posting in the United States mail, appropriately addressed, postage prepaid, or by personal service. Notice by mail is given upon deposit in the United States mail. Notice given under this subsection must specify the date upon which the driving privilege is to be withheld which shall not be less than forty-five days after the original notice is given.

(2) For persons subject to suspension, revocation, or denial of a driver's license who are eligible for full credit under RCW 46.61.5055(9)(b)(ii), the notice in subsection (1) of this section must also notify the person of the obligation to complete the requirements under RCW 46.20.311 and pay the probationary license fee under RCW 46.20.355 by the date specified in the notice in order to avoid license suspension.

(3) Within fifteen days after notice has been given to a person under subsection (1) of this section, the person may request in writing an administrative review before the department. If the request is mailed, it must be postmarked within fifteen days after the date the department has given notice. If a person fails to request an administrative review within fifteen days after the date the department gives notice, the person is considered to have defaulted and loses his or her right to an administrative review unless the department finds good cause for a request after the fifteen-day period.

(a) An administrative review under this subsection shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

(b) The only issues to be addressed in the administrative review are:

(i) Whether the records relied on by the department identify the correct person; and

(ii) Whether the information transmitted from the court or other reporting agency or entity regarding the person accurately describes the action taken by the court or other reporting agency or entity.

(c) For the purposes of this section, the notice received from a court or other reporting agency or entity,

regardless of form or format, is prima facie evidence that the information from the court or other reporting agency or entity regarding the person is accurate. A person requesting administrative review has the burden of showing by a preponderance of the evidence that the person is not subject to the withholding of the driving privilege.

(d) The action subject to the notification requirements of subsection (1) of this section shall be stayed during the administrative review process.

(e) Judicial review of a department order affirming the action subject to the notification requirements of subsection (1) of this section after an administrative review shall be available in the same manner as provided in RCW 46.20.308~~((9))~~ (8). The department shall certify its record to the court within thirty days after service upon the department of the petition for judicial review. The action subject to the notification requirements of subsection (1) of this section shall not automatically be stayed during the judicial review. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury.

~~((3))~~ (4) The department may adopt rules that are considered necessary or convenient by the department for purposes of administering this section, including, but not limited to, rules regarding expedited procedures for issuing orders and expedited notice procedures.

~~((4))~~ (5) This section does not apply where an opportunity for an informal settlement, driver improvement interview, or formal hearing is otherwise provided by law or rule of the department.

**Sec. 8.** RCW 46.20.3101 and 2016 c 203 s 18 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within seven years, or for a first refusal where there has been one or more previous incidents within seven years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.08 or more, or that the THC concentration of the person's blood was 5.00 or more:

(a) For a first incident within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, suspension for ninety days, unless the person successfully completes or is enrolled in a pretrial 24/7 sobriety program;

(b) For a second or subsequent incident within seven years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.02 or more, or that the THC concentration of the person's blood was above 0.00:

(a) For a first incident within seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

(4) The department shall grant credit on a day-for-day basis for ~~((any portion of))~~ a suspension, revocation, or denial ~~((already served))~~ imposed under this section for any portion of a suspension, revocation, or denial ((imposed)) already served under RCW 46.61.5055 arising out of the same incident. If a person has already served a suspension, revocation, or denial under RCW 46.61.5055 for a period equal to or greater than the period imposed under this section, the department shall provide notice of full credit, shall provide for no further suspension or revocation under this section, and shall impose no additional reissue fees for this credit.

**Sec. 9.** RCW 46.20.355 and 1998 c 209 s 3 and 1998 c 41 s 5 are each reenacted and amended to read as follows:

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW 10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon reinstatement or reissuance of a driver's license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate a motor vehicle in the state of Washington, except as

otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) If a person is eligible for full credit under RCW 46.61.5055(9)(b)(ii) and, by the date specified in the notice issued under RCW 46.20.245, has completed the requirements under RCW 46.20.311 and paid the fee under subsection (5) of this section, the department shall issue a probationary license on the date specified in the notice with no further action required of the person.

(5) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the fifty dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

~~((5))~~ (6) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies.

**Sec. 10.** RCW 46.20.720 and 2017 c 336 s 5 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while ~~((a))~~ one or more passengers under the age of sixteen ~~((was))~~ were in the vehicle shall be extended for an additional ~~((six-month))~~ period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by one hundred eighty days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of ~~((0.025))~~ 0.020 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than ~~((0.025))~~ 0.020, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates,

other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twentyone dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

**Sec. 11.** RCW 46.20.740 and 2015 2nd sp.s. c 3 s 4 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a

functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e).

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

**Sec. 12.** RCW 46.20.750 and 2015 2nd sp.s. c 3 s 6 are each amended to read as follows:

(1) A person who is restricted to the use of a vehicle equipped with an ignition interlock device is guilty of a gross misdemeanor if the restricted driver:

(a) Tamper with the device by modifying, detaching, disconnecting, or otherwise disabling it to allow the restricted driver to operate the vehicle;

(b) Uses or requests another person to use a filter or other device to circumvent the ignition interlock or to start or operate the vehicle to allow the restricted driver to operate the vehicle;

(c) Has, directs, authorizes, or requests another person to tamper with the device by modifying, detaching, disconnecting, or otherwise disabling it to allow the restricted driver to operate the vehicle; or

(d) Has, allows, directs, authorizes, or requests another person to blow or otherwise exhale into the device in order to circumvent the device to allow the restricted driver to operate the vehicle.

(2) A person who knowingly assists another person who is restricted to the use of a vehicle equipped with an ignition interlock device to circumvent the device or to start and operate that vehicle is guilty of a gross misdemeanor. The provisions of this subsection do not apply if the starting of a motor vehicle, or the request to start a motor vehicle, equipped with an ignition interlock device is done for the purpose of safety or mechanical repair of the device or the

vehicle and the person subject to the court order does not operate the vehicle.

(3) Any sentence imposed for a violation of subsection (1) of this section shall be served consecutively with any sentence imposed under RCW 46.20.740, 46.61.502, 46.61.504, 46.61.5055, 46.61.520(1)(a), or 46.61.522(1)(b).

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver's license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or

maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street;

(j) Upon determining that a person restricted to use of only a motor vehicle equipped with a functioning ignition interlock device is operating a motor vehicle that is not equipped with such a device in violation of RCW 46.20.740(2).

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)((a)) (b)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

(1) Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving. Violation of the provisions of this section is a gross misdemeanor punishable by imprisonment for up to three hundred sixty-four days and by a fine of not more than five thousand dollars.

(2)(a) Subject to (b) of this subsection, the license or permit to drive or any nonresident privilege of any person convicted of reckless driving shall be suspended by the department for not less than thirty days.

(b) When a reckless driving conviction is a result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, the department shall grant credit on a day-for-day basis for any

portion of a suspension, revocation, or denial already served under an administrative action arising out of the same incident. In the case of a person whose day-for-day credit is for a period equal to or greater than the period of suspension required under this section, the department shall provide notice of full credit, shall provide for no further suspension under this section, and shall impose no additional reissue fees for this credit. During any period of suspension, revocation, or denial due to a conviction for reckless driving as the result of a charge originally filed as a violation of RCW 46.61.502 or 46.61.504, any person who has obtained an ignition interlock driver's license under RCW 46.20.385 may continue to drive a motor vehicle pursuant to the provision of the ignition interlock driver's license without obtaining a separate temporary restricted driver's license under RCW 46.20.391.

(b) A person convicted of reckless driving shall be required, under RCW 46.20.720, to install an ignition interlock device on all vehicles operated by the person if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug or RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug.

**Sec. 15.** RCW 46.61.503 and 2015 2nd sp.s. c 3 s 14 are each amended to read as follows:

(1) Notwithstanding any other provision of this title, a person is guilty of driving or being in physical control of a motor vehicle after consuming alcohol or marijuana if the person operates or is in physical control of a motor vehicle within this state and the person:

(a) Is under the age of twenty-one; and

(b) Has, within two hours after operating or being in physical control of the motor vehicle, either:

(i) An alcohol concentration of at least 0.02 but less than the concentration specified in RCW 46.61.502, as shown by analysis of the person's breath or blood made under RCW 46.61.506; or

(ii) A THC concentration above 0.00 but less than the concentration specified in RCW 46.61.502, as shown by analysis of the person's blood made under RCW 46.61.506.

(2) It is an affirmative defense to a violation of subsection (1) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol or marijuana after the time of driving or being in physical control and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol or THC concentration

to be in violation of subsection (1) of this section within two hours after driving or being in physical control. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the earlier of: (a) Seven days prior to trial; or (b) the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(3) No person may be convicted under this section for being in physical control of a motor vehicle and it is an affirmative defense to any action pursuant to RCW 46.20.308 to suspend, revoke, or deny the privilege to drive, if, prior to being pursued by a law enforcement officer, the person has moved the vehicle safely off the roadway as described in RCW 46.61.504(2).

(4) Analyses of blood or breath samples obtained more than two hours after the alleged driving or being in physical control may be used as evidence that within two hours of the alleged driving or being in physical control, a person had an alcohol or THC concentration in violation of subsection (1) of this section.

(5) A violation of this section is a misdemeanor.

**Sec. 16.** RCW 46.61.504 and 2017 c 335 s 2 are each amended to read as follows:

(c) While the person is under the influence of or affected by intoxicating liquor or any drug; or

(d) While the person is under the combined influence of or affected by intoxicating liquor and any drug.

(2)(a) The fact that a person charged with a violation of this section is or has been entitled to use a drug under the laws of this state does not constitute a defense against any charge of violating this section. No person may be convicted under this section and it is an affirmative defense to any action pursuant to RCW 46.20.308 to suspend, revoke, or deny the privilege to drive if, prior to being pursued by a law enforcement officer, the person has moved the vehicle safely off the roadway. Whether the vehicle is safely off the roadway is a fact specific determination for the trier of fact unless the vehicle is parked in an area designated for through traffic or in a place where motor vehicle traffic or parking is prohibited.

(b) For purposes of (a)(i) of this subsection, the requirement that the suspected impaired person is not in the

driver's seat of the vehicle does not apply to an individual who has current approved disability parking privileges from the department.

(3)(a) It is an affirmative defense to a violation of subsection (1)(a) of this section which the defendant must prove by a preponderance of the evidence that the defendant consumed a sufficient quantity of alcohol after the time of being in actual physical control of the vehicle and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after being in such control. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(b) It is an affirmative defense to a violation of subsection (1)(b) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of marijuana after the time of being in actual physical control of the vehicle and before the administration of an analysis of the person's blood to cause the defendant's THC concentration to be 5.00 or more within two hours after being in control of the vehicle. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(4)(a) Analyses of blood or breath samples obtained more than two hours after the alleged being in actual physical control of a vehicle may be used as evidence that within two hours of the alleged being in such control, a person had an alcohol concentration of 0.08 or more in violation of subsection (1)(a) of this section, and in any case in which the analysis shows an alcohol concentration above 0.00 may be used as evidence that a person was under the influence of or affected by intoxicating liquor or any drug in violation of subsection (1)(c) or (d) of this section.

(b) Analyses of blood samples obtained more than two hours after the alleged being in actual physical control of a vehicle may be used as evidence that within two hours of the alleged being in control of the vehicle, a person had a THC concentration of 5.00 or more in violation of subsection (1)(b) of this section, and in any case in which the analysis shows a THC concentration above 0.00 may be used as evidence that a person was under the influence of or affected by marijuana in violation of subsection (1)(c) or (d) of this section.

(5) Except as provided in subsection (6) of this section, a violation of this section is a gross misdemeanor.

(6) It is a class C felony punishable under chapter 9.94A RCW, or chapter 13.40 RCW if the person is a juvenile, if:

(a) The person has three or more prior offenses within ~~((ten))~~ fifteen years as defined in RCW 46.61.5055; or

(b) The person has ever previously been convicted of:

(i) Vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a);

(ii) Vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b);

(iii) An out-of-state offense comparable to the offense specified in (b)(i) or (ii) of this subsection; or

(iv) A violation of this subsection (6) or RCW 46.61.502(6).

**Sec. 17.** RCW 46.61.5055 and 2018 c 201 s 9009 are each amended to read as follows:

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

(d) While the person is under the combined influence of or affected by intoxicating liquor, marijuana, and any drug.

(2) The fact that a person charged with a violation of this section is or has been entitled to use a drug under the laws of this state shall not constitute a defense against a charge of violating this section.

(3)(a) It is an affirmative defense to a violation of subsection (1)(a) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the

omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(b) It is an affirmative defense to a violation of subsection (1)(b) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of marijuana after the time of driving and before the administration of an analysis of the person's blood to cause the defendant's THC concentration to be 5.00 or more within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(4)(a) Analyses of blood or breath samples obtained more than two hours after the alleged driving may be used as evidence that within two hours of the alleged driving, a person had an alcohol concentration of 0.08 or more in violation of subsection (1)(a) of this section, and in any case in which the analysis shows an alcohol concentration above 0.00 may be used as evidence that a person was under the influence of or affected by intoxicating liquor or any drug in violation of subsection (1)(c) or (d) of this section.

(b) Analyses of blood samples obtained more than two hours after the alleged driving may be used as evidence that within two hours of the alleged driving, a person had a THC concentration of 5.00 or more in violation of subsection (1)(b) of this section, and in any case in which the analysis shows a THC concentration above 0.00 may be used as evidence that a person was under the influence of or affected by marijuana in violation of subsection (1)(c) or (d) of this section.

(5) Except as provided in subsection (6) of this section, a violation of this section is a gross misdemeanor.

(6) It is a class B felony punishable under chapter 9.94A RCW, or chapter 13.40 RCW if the person is a juvenile, if:

(a) The person has three or more prior offenses within ~~(ten)~~ fifteen years as defined in RCW 46.61.5055; or

(b) The person has ever previously been convicted of:

(i) Vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a);

(ii) Vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b);

(iv) A violation of this subsection (6) or RCW 46.61.504(6).

**Sec. 20.** RCW 9.94A.525 and 2017 c 272 s 3 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony

conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior

escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW ((~~9A.44.130 or~~) 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW ((~~9A.44.130 or~~) 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order RCW 26.50.110, felony Harassment (RCW 9A.46.020(2)(b)), felony Stalking (RCW 9A.46.110(5)(b)), Burglary 1 (RCW 9A.52.020), Kidnapping 1 (RCW 9A.40.020), Kidnapping 2 (RCW 9A.40.030), Unlawful imprisonment (RCW 9A.40.040), Robbery 1 (RCW

9A.56.200), Robbery 2 (RCW 9A.56.210), Assault 1 (RCW 9A.36.011), Assault 2 (RCW 9A.36.021), Assault 3 (RCW 9A.36.031), Arson 1 (RCW 9A.48.020), or Arson 2 (RCW 9A.48.030);

(b) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after July 23, 2017, for any of the following offenses: Assault of a child in the first degree, RCW 9A.36.120; Assault of a child in the second degree, RCW 9A.36.130; Assault of a child in the third degree, RCW 9A.36.140; Criminal Mistreatment in the first degree, RCW 9A.42.020; or Criminal Mistreatment in the second degree, RCW 9A.42.030;

(c) Count one point for each second and subsequent juvenile conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for the offenses listed in (a) of this subsection; and

(d) Count one point for each adult prior conviction for a repetitive domestic violence offense as defined in RCW 9.94A.030, where domestic violence as defined in RCW 9.94A.030, was pleaded and proven after August 1, 2011.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

**Sec. 21.** RCW 46.20.311 and 2016 c 203 s 12 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and

participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred (~~forty~~) seventy-five dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or

renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars.

**Sec. 22.** RCW 46.20.385 and 2017 c 336 s 4 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of

administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

**NEW SECTION. Sec. 23.** (1) Within existing resources, the Washington association of sheriffs and police chiefs shall review current laws and regulations regarding the sentencing structure for impaired driving offenses in an effort to reduce fatalities from individuals driving under the influence. The review must include looking at lookback periods, number of previous offenses, and other possible recommendations to reduce these fatalities. The Washington association of sheriffs and police chiefs shall provide its recommendations to the governor and appropriate committees of the legislature by December 1, 2019.

(2) This section expires June 30, 2020.

~~((e))~~ (f) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction. Sec. 7101 et seq., according to the requirements provided in RCW 9.96.070 for each respective conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Every person convicted of a misdemeanor marijuana offense, who was twenty-one years of age or older at the time of the offense, may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. A misdemeanor marijuana offense includes, but is not limited to: Any offense under RCW 69.50.4014, from July 1, 2004, onward, and its predecessor statutes, including RCW 69.50.401(e), from March 21, 1979, to July 1, 2004, and RCW 69.50.401(d), from May 21, 1971, to March 21, 1979, and any offense under an equivalent municipal ordinance. (6)(a) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a

~~((6))~~ (7) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

~~((7))~~ (8) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter.

(9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification

to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10)(a) The department shall not require a certificate of need for a hospice agency if:

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care

ENGROSSED HOUSE BILL NO. 1465, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1564 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 74.46.561 and 2017 c 286 s 2 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing

care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the ~~((RS means))~~ RSM means rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility (~~RS means~~) RSMMeans construction index value per square foot (~~for Washington state~~). The department may use updated (~~RS means~~) RSMMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average (~~FRV [fair rental value]~~) fair rental value rate is not less than ten dollars and eighty cents (~~ppd [per patient day]~~) per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average (~~CMS [centers for medicare and medicaid services]~~) centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure (~~QM~~) point determinants of eighty (~~QM~~) quality measure points, sixty (~~QM~~) quality measure points, forty (~~QM~~) quality measure points, and twenty (~~QM~~) quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and

the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average ~~((CMS [centers for medicare and medicaid services]))~~ centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient ~~((CMS [centers for medicare and medicaid services]))~~ centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average ~~((CMS [centers for medicare and medicaid services]))~~ centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the

percentage increase after rebasing and the average rate of inflation.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.46 RCW to read as follows:

Services provided by or through facilities of the Indian health service or facilities operated by a tribe or tribal organization pursuant to 42 C.F.R. Part 136 may be paid at the applicable rates published in the federal register or at a cost-based rate applicable to such types of facilities as approved by the centers for medicare and medicaid services and may be exempted from the rate determination set forth in this chapter. The department may enact emergency rules to implement this section.

Within the three-month grace period, any violation of the new or amended rule must result in a warning only. After expiration of the three-month grace period, any violation of the new or amended rule subjects the tenant to termination of the tenancy as authorized under RCW 59.20.080(1)(a).

**Sec. 3.** RCW 59.20.060 and 2012 c 213 s 1 are each amended to read as follows:

(1) Any mobile home space tenancy regardless of the term, shall be based upon a written rental agreement, signed by the parties, which shall contain:

(a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant. Additional charges that occur less frequently than monthly shall be itemized in a billing to the tenant;

(b) Reasonable rules for guest parking which shall be clearly stated;

(c) The rules and regulations of the park;

(d) The name and address of the person who is the landlord, and if such person does not reside in the state there shall also be designated by name and address a person who resides in the county where the mobile home park is located who is authorized to act as agent for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered the agent;

(e) The name and address of any party who has a secured interest in the mobile home, manufactured home, or park model;

(f) A forwarding address of the tenant or the name and address of a person who would likely know the whereabouts of the tenant in the event of an emergency or an abandonment of the mobile home, manufactured home, or park model;

(g)(i) A covenant by the landlord that, except for acts or events beyond the control of the landlord, the mobile home park will not be converted to a land use that will prevent the space that is the subject of the lease from continuing to be used for its intended use for a period of three years after the beginning of the term of the rental agreement;

(ii) A rental agreement may, in the alternative, contain a statement that: "The park may be sold or otherwise transferred at any time with the result that subsequent owners may close the mobile home park, or that the landlord may close the park at any time after the required closure notice as provided in RCW 59.20.080." The covenant or statement required by this subsection must: (A) Appear in print that is in bold face and is larger than the other text of the rental agreement; (B) be set off by means of a box, blank space, or comparable visual device; and (C) be located directly above the tenant's signature on the rental agreement(-);

(h) A copy of a closure notice, as required in RCW 59.20.080, if such notice is in effect;

(i) The terms and conditions under which any deposit or portion thereof may be withheld by the landlord upon termination of the rental agreement if any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a rental agreement;

~~((j))~~ (j) A listing of the utilities, services, and facilities which will be available to the tenant during the tenancy and the nature of the fees, if any, to be charged together with a statement that, in the event any utilities are to be charged independent of the rent during the term of the rental agreement, the landlord agrees to decrease the amount of the rent charged proportionately;

~~((k))~~ (k) A written description, picture, plan, or map of the boundaries of a mobile home space sufficient to inform the tenant of the exact location of the tenant's space in relation to other tenants' spaces;

~~((l))~~ (l) A written description, picture, plan, or map of the location of the tenant's responsibility for utility hook-ups, consistent with RCW 59.20.130(6);

~~((h))~~ (m) A statement of the current zoning of the land on which the mobile home park is located; ~~((and~~

~~((m))~~ (n) A statement of the expiration date of any conditional use, temporary use, or other land use permit subject to a fixed expiration date that is necessary for the continued use of the land as a mobile home park; and

(o) A written statement containing accurate historical information regarding the past five years' rental amount charged for the lot or space.

(2) Any rental agreement executed between the landlord and tenant shall not contain any provision:

(a) Which allows the landlord to charge a fee for guest parking unless a violation of the rules for guest parking occurs: PROVIDED, That a fee may be charged for guest parking which covers an extended period of time as defined in the rental agreement;

(b) Which authorizes the towing or impounding of a vehicle except upon notice to the owner thereof or the tenant whose guest is the owner of the vehicle;

(c) Which allows the landlord to alter the due date for rent payment or increase the rent: (i) During the term of the rental agreement if the term is less than ~~((one))~~ two years, or (ii) more frequently than annually if the initial term is for ~~((one))~~ two years or more: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year: PROVIDED FURTHER, That a rental agreement for a term exceeding ~~((one))~~ two years may provide for annual increases in rent in specified amounts or by a formula specified in such agreement. Any rent increase authorized under this subsection (2)(c) that occurs within the closure notice period pursuant to RCW 59.20.080(1)(e) may not be more than one percentage point above the United States consumer price index for all urban consumers, housing component, published by the United States bureau of labor statistics in the periodical "Monthly Labor Review and Handbook of Labor Statistics" as established annually by the department of commerce;

(d) By which the tenant agrees to waive or forego rights or remedies under this chapter;

(e) Allowing the landlord to charge an "entrance fee" or an "exit fee." However, an entrance fee may be charged as part of a continuing care contract as defined in RCW 70.38.025;

(f) Which allows the landlord to charge a fee for guests: PROVIDED, That a landlord may establish rules charging for guests who remain on the premises for more than fifteen days in any sixty-day period;

(g) By which the tenant agrees to waive or forego homestead rights provided by chapter 6.13 RCW. This subsection shall not prohibit such waiver after a default in

rent so long as such waiver is in writing signed by the husband and wife or by an unmarried claimant and in consideration of the landlord's agreement not to terminate the tenancy for a period of time specified in the waiver if the landlord would be otherwise entitled to terminate the tenancy under this chapter; or

(h) By which, at the time the rental agreement is entered into, the landlord and tenant agree to the selection of a particular arbitrator.

(3) Any provision prohibited under this section that is included in a rental agreement is unenforceable.

**Sec. 4.** RCW 59.20.070 and 2012 c 213 s 2 are each amended to read as follows:

A landlord shall not:

(1) Deny any tenant the right to sell such tenant's mobile home, manufactured home, or park model within a park, or prohibit, in any manner, any tenant from posting on the tenant's manufactured/mobile home or park model, or on the rented mobile home lot, a commercially reasonable "for sale" sign or any similar sign designed to advertise the sale of the manufactured/mobile home or park model. In addition, a landlord shall not require the removal of the mobile home, manufactured home, or park model from the park because of the sale thereof. Requirements for the transfer of the rental agreement are in RCW 59.20.073. Nothing in this subsection prohibits a landlord from enforcing reasonable rules or restrictions regarding the placement of "for sale" signs on the tenant's manufactured/mobile home or park model, or on the rented mobile home lot, if (a) the main purpose of the rules or restrictions is to protect the safety of park tenants or residents and (b) the rules or restrictions comply with RCW 59.20.045. The landlord may restrict the number of "for sale" signs on the lot to two and may restrict the size of the signs to conform to those in common use by home sale businesses;

(2) Restrict the tenant's freedom of choice in purchasing goods or services but may reserve the right to approve or disapprove any exterior structural improvements on a mobile home space: PROVIDED, That door-to-door solicitation in the mobile home park may be restricted in the rental agreement. Door-to-door solicitation does not include public officials, housing and low-income assistance organizations, or candidates for public office meeting or distributing information to tenants in accordance with subsection (3) or (4) of this section;

(3) Prohibit the distribution of information or meetings by tenants of the mobile home park to discuss mobile home living and affairs, including political caucuses or forums for or speeches of public officials or candidates for public office, meetings with housing and low-income assistance organizations, or meetings of organizations that represent the interest of tenants in the park, held in a tenant's home or any of the park community or recreation halls if these halls are open for the use of the tenants, conducted at reasonable times and in an orderly manner on the premises, nor penalize any tenant for participation in such activities;

(4) Prohibit a public official, housing and low-income assistance organization, or candidate for public office from meeting with or distributing information to tenants in their individual mobile homes, manufactured homes, or park models, nor penalize any tenant for participating in these meetings or receiving this information;

(5) Evict a tenant, terminate a rental agreement, decline to renew a rental agreement, increase rental or other tenant obligations, decrease services, or modify park rules in retaliation for any of the following actions on the part of a tenant taken in good faith:

(a) Filing a complaint with any federal, state, county, or municipal governmental authority relating to any alleged violation by the landlord of an applicable statute, regulation, or ordinance;

(b) Requesting the landlord to comply with the provision of this chapter or other applicable statute, regulation, or ordinance of the state, county, or municipality;

(c) Filing suit against the landlord for any reason;

(d) Participation or membership in any homeowners association or group;

(6) Charge to any tenant a utility fee in excess of actual utility costs or intentionally cause termination or interruption of any tenant's utility services, including water, heat, electricity, or gas, except when an interruption of a reasonable duration is required to make necessary repairs;

(7) Remove or exclude a tenant from the premises unless this chapter is complied with or the exclusion or removal is under an appropriate court order; or

(8) Prevent the entry or require the removal of a mobile home, manufactured home, or park model for the sole reason that the mobile home has reached a certain age. Nothing in this subsection shall limit a ~~((landlord's))~~ landlord's right to exclude or expel a mobile home, manufactured home, or park model for any other reason, including but not limited to, failure to comply with fire, safety, and other provisions of local ordinances and state laws relating to mobile homes, manufactured homes, and park models, as long as the action conforms to this chapter or any other relevant statutory provision.

**Sec. 5.** RCW 59.20.073 and 2012 c 213 s 3 are each amended to read as follows:

(1) Any rental agreement shall be assignable by the tenant to any person to whom he or she sells or transfers title to the mobile home, manufactured home, or park model.

(2) A tenant who sells a mobile home, manufactured home, or park model within a park shall notify the landlord in writing of the date of the intended sale and transfer of the rental agreement at least fifteen days in advance of such intended transfer and shall notify the buyer in writing of the provisions of this section. The tenant shall verify in writing to the landlord payment of all taxes, rent, and reasonable expenses due on the mobile home, manufactured home, or park model and mobile home lot. The tenant shall notify the

buyer of all taxes, rent, and reasonable expenses due on the manufactured/mobile home or park model and the mobile home lot.

(3) ~~((The landlord shall notify the selling tenant, in writing, of a refusal to permit transfer of the rental agreement at least seven days in advance of such intended transfer.))~~ At least seven days in advance of such intended transfer, the landlord shall:

(a) Notify the selling tenant, in writing, of a refusal to permit transfer of the rental agreement; or

(b) If the landlord approves of the transfer, provide the buyer with copies of the written rental agreement, the rules and regulations, and all other documents related to the tenancy. A landlord may not accept payment for rent or deposit from the buyer until the landlord has provided the buyer with these copies.

(4) The landlord may require the mobile home, manufactured home, or park model to meet applicable fire and safety standards if a state or local agency responsible for the enforcement of fire and safety standards has issued a notice of violation of those standards to the tenant and those violations remain uncorrected. Upon correction of the violation to the satisfaction of the state or local agency responsible for the enforcement of that notice of violation, the landlord's refusal to permit the transfer is deemed withdrawn.

(5) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, and any disapproval shall be in writing. Consent to an assignment shall not be unreasonably withheld.

(6) Failure to notify the landlord in writing, as required under subsection (2) of this section; or failure of the new tenant to make a good faith attempt to arrange an interview with the landlord to discuss assignment of the rental agreement; or failure of the current or new tenant to obtain written approval of the landlord for assignment of the rental agreement, shall be grounds for disapproval of such transfer.

**Sec. 6.** RCW 59.20.080 and 2012 c 213 s 4 are each amended to read as follows:

(1) A landlord shall not terminate or fail to renew a tenancy of a tenant or the occupancy of an occupant, of whatever duration except for one or more of the following reasons:

(a) In accordance with RCW 59.20.045(6), substantial violation, or repeated or periodic violations, of an enforceable rule of the mobile home park as established by the landlord at the inception of or during the tenancy ~~((or as assumed subsequently with the consent of the tenant))~~ or for violation of the tenant's duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises

within ~~((fifteen))~~ twenty days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a "material change" in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon ~~((five))~~ fourteen days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes, manufactured homes, or park models or mobile home, manufactured homes, or park model living within a reasonable time after the tenant's receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park including, but not limited to, closure of the mobile home park or conversion to a use other than for mobile homes, manufactured homes, or park models or conversion of the mobile home park to a mobile home park cooperative or mobile home park subdivision. The landlord shall give the tenants twelve months' notice in advance of the effective date of such change. The closure notice requirement does not apply if:

(i) The mobile home park or manufactured housing community has been acquired for or is under imminent threat of condemnation;

(ii) The mobile home park or manufactured housing community is sold to an organization comprised of park or community tenants, to a nonprofit organization, to a local government, or to a housing authority for the purpose of preserving the park or community; or

(iii) The landlord compensates the tenants for the loss of their homes at their assessed value, as determined by the county assessor as of the date the closure notice is issued, at any point during the closure notice period and prior to a change of use or sale of the property. At such time as the compensation is paid, the tenant shall be given written notice of at least ninety days in which to vacate, and the tenant shall continue to pay rent for as much time as he or she remains in the mobile home park or manufactured housing community;

(f) Engaging in "criminal activity." "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants. A park owner seeking to evict a tenant or occupant under this subsection need not produce evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of criminal activity constitutes sufficient grounds, but not the only grounds, for an eviction under this subsection. Notification of the seizure of illegal drugs under RCW

59.20.155 is evidence of criminal activity and is grounds for an eviction under this subsection. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction of the sex offender under this subsection. If criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action;

(g) The tenant's application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent;

(h) If the landlord serves a tenant three ~~((fifteen-day))~~ twenty-day notices, each of which was valid under (a) of this subsection at the time of service, within a twelve-month period to comply or vacate for failure to comply with the material terms of the rental agreement or an enforceable park rule, other than failure to pay rent by the due date. The applicable twelve-month period shall commence on the date of the first violation;

(i) Failure of the tenant to comply with obligations imposed upon tenants by applicable provisions of municipal, county, and state codes, statutes, ordinances, and regulations, including this chapter. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(j) The tenant engages in disorderly or substantially annoying conduct upon the park premises that results in the destruction of the rights of others to the peaceful enjoyment and use of the premises. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(k) The tenant creates a nuisance that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to cease the conduct that constitutes a nuisance immediately. The notice must describe the nuisance and state (i) what the tenant must do to cease the nuisance and (ii) that failure to cease the conduct will result in termination of the tenancy and that the tenant shall vacate the premises in five days;

(l) Any other substantial just cause that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to comply immediately. The notice must describe the harm caused by the tenant, describe what the tenant must do to comply and to discontinue the harm, and state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days; or

(m) Failure to pay rent by the due date provided for in the rental agreement three or more times in a twelve-month period, commencing with the date of the first violation, after service of a ~~((five-day))~~ fourteen-day notice to comply or vacate.

(2) Within five days of a notice of eviction as required by subsection (1)(a) of this section, the landlord and tenant shall submit any dispute to mediation. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section. It is a defense to an eviction under subsection (1)(a) of this section that a landlord did not participate in the mediation process in good faith.

(3) Except for a tenant evicted under subsection (1)(c) or (f) of this section, a tenant evicted from a mobile home park under this section shall be allowed one hundred twenty days within which to sell the tenant's mobile home, manufactured home, or park model in place within the mobile home park: PROVIDED, That the tenant remains current in the payment of rent incurred after eviction, and pays any past due rent, reasonable attorneys' fees and court costs at the time the rental agreement is assigned. The provisions of RCW 59.20.073 regarding transfer of rental agreements apply.

(4) Chapters 59.12 and 59.18 RCW govern the eviction of recreational vehicles, as defined in RCW 59.20.030, from mobile home parks. This chapter governs the eviction of mobile homes, manufactured homes, park models, and recreational vehicles used as a primary residence from a mobile home park.

NEW SECTION. Sec. 7. A new section is added to chapter 59.20 RCW to read as follows:

Any landlord who has complied with the notice requirements under RCW 59.20.080(1)(e) may provide a short-term rental agreement for a recreational vehicle for any mobile home lot or space that is vacant at the time of or becomes vacant after the notice of closure or conversion is provided. The rental agreement term for such recreational vehicles must be for no longer than the date on which the mobile home park is officially closed. Any short-term rental agreement provided under this section is not subject to the provisions of this chapter. For purposes of this section, a "recreational vehicle" does not mean a park model.

**Sec. 8.** RCW 59.20.210 and 2013 c 23 s 117 are each amended to read as follows:

(1)(a) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by RCW 59.20.130, and notice of the defect is given to the landlord pursuant to RCW 59.20.200, the tenant may submit to the landlord or the landlord's designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed, from responsible persons capable of performing such repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to RCW 59.20.200.

(b) Upon receipt of any such bids, the landlord shall provide the tenant with a copy of the notice regarding the manufactured/mobile home dispute resolution program that the attorney general is required to produce pursuant to RCW 59.30.030(3)(a) and that landlords are required to post pursuant to RCW 59.30.030(3)(b)(i).

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon the completion of the repair and an opportunity for inspection by the landlord or the landlord's designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home space in any calendar year. When, however, the landlord is required to begin remedying the defective condition within thirty days under RCW 59.20.200, the tenant cannot contract for repairs for at least fifteen days following receipt of bids by the landlord. The total costs of repairs deducted by the tenant in any calendar year under this subsection shall not exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home space.

(3) Two or more tenants shall not collectively initiate remedies under this section. Remedial action under this section shall not be initiated for conditions in the design or construction existing in a mobile home park before June 7, 1984.

(4) The provisions of this section shall not:

(a) Create a relationship of employer and employee between landlord and tenant; or

(b) Create liability under the worker's compensation act; or

(c) Constitute the tenant as an agent of the landlord for the purposes of mechanics' and material suppliers' liens under chapter 60.04 RCW.

(5) Any repair work performed under this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or rule. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

(6) Nothing in this section shall prevent the tenant from agreeing with the landlord to undertake the repairs in return for cash payment or a reasonable reduction in rent, the agreement to be between the parties, and this agreement does not alter the landlord's obligations under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 59.20 RCW to read as follows:

(1) A court may order an unlawful detainer action to be of limited dissemination for one or more persons if: (a) The court finds that the plaintiff's case was sufficiently without basis in fact or law; (b) the tenancy was reinstated by the court; or (c) other good cause exists for limiting

dissemination of the unlawful detainer action in accordance with court rule GR 15.

(2) An order to limit dissemination of an unlawful detainer action must be in writing.

(3) When an order for limited dissemination of an unlawful detainer action has been entered with respect to a person, a tenant screening service provider must not: (a) Disclose the existence of that unlawful detainer action in a tenant screening report pertaining to the person for whom dissemination has been limited, or (b) use the unlawful detainer action as a factor in determining any score or recommendation to be included in a tenant screening report pertaining to the person for whom dissemination has been limited.

**Sec. 10.** RCW 59.21.030 and 2006 c 296 s 1 are each amended to read as follows:

### MESSAGE FROM THE SENATE

April 15, 2019

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1195, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 2.** The legislature finds that passage of chapter 304, Laws of 2018 (Engrossed Substitute House Bill No. 2938) and chapter 111, Laws of 2018 (Substitute Senate Bill No. 5991) was an important step in achieving the goals of reforming campaign finance reporting and oversight, including simplifying the reporting and enforcement processes to promote administrative efficiencies. Much has been accomplished in the short time the public disclosure commission has implemented these new laws. However, some additional improvements were identified by the legislature, stakeholders, and the public disclosure commission, that are necessary to further implement these goals and the purpose of the state campaign finance law. Additional refinements to the law will help to ensure the public disclosure commission may continue to provide transparency of election campaign funding activities, meaningful guidance to participants in the political process, and enforcement that is timely, fair, and focused on improving compliance.

**Sec. 3.** RCW 42.17A.001 and 1975 1st ex.s. c 294 s 1 are each amended to read as follows:

It is hereby declared by the sovereign people to be the public policy of the state of Washington:

(1) That political campaign and lobbying contributions and expenditures be fully disclosed to the public and that secrecy is to be avoided.

(2) That the people have the right to expect from their elected representatives at all levels of government the utmost of integrity, honesty, and fairness in their dealings.

(3) That the people shall be assured that the private financial dealings of their public officials, and of candidates for those offices, present no conflict of interest between the public trust and private interest.

(4) That our representative form of government is founded on a belief that those entrusted with the offices of government have nothing to fear from full public disclosure of their financial and business holdings, provided those officials deal honestly and fairly with the people.

(5) That public confidence in government at all levels is essential and must be promoted by all possible means.

(6) That public confidence in government at all levels can best be sustained by assuring the people of the impartiality and honesty of the officials in all public transactions and decisions.

(7) That the concept of attempting to increase financial participation of individual contributors in political campaigns is encouraged by the passage of the Revenue Act of 1971 by the Congress of the United States, and in consequence thereof, it is desirable to have implementing legislation at the state level.

(8) That the concepts of disclosure and limitation of election campaign financing are established by the passage of the Federal Election Campaign Act of 1971 by the Congress of the United States, and in consequence thereof it is desirable to have implementing legislation at the state level.

(9) That small contributions by individual contributors are to be encouraged, and that not requiring the reporting of small contributions may tend to encourage such contributions.

(10) That the public's right to know of the financing of political campaigns and lobbying and the financial affairs of elected officials and candidates far outweighs any right that these matters remain secret and private.

(11) That, mindful of the right of individuals to privacy and of the desirability of the efficient administration of government, full access to information concerning the conduct of government on every level must be assured as a fundamental and necessary precondition to the sound governance of a free society.

The provisions of this chapter shall be liberally construed to promote complete disclosure of all information respecting the financing of political campaigns and lobbying, and the financial affairs of elected officials and candidates, and full access to public records so as to assure continuing public confidence of fairness of elections and governmental processes, and so as to assure that the public interest will be fully protected. In promoting such complete disclosure, however, this chapter shall be enforced so as to ~~((insure))~~ ensure that the information disclosed will not be misused for arbitrary and capricious purposes and to ~~((insure))~~ ensure that all persons reporting under this chapter will be protected from harassment and unfounded allegations based on information they have freely disclosed.

Any information provided or prepared for the modification hearing shall remain exempt from public disclosure under this chapter and chapter 42.56 RCW to the extent it is determined at the hearing that disclosure of such information would present a personal safety risk to a reasonable person.

(4) If the commission, or presiding officer, grants a modification request, the commission or presiding officer may apply the modification retroactively to previously filed reports. In that event, previously reported information of the kind that is no longer being reported is confidential and exempt from public disclosure under this chapter and chapter 42.56 RCW.

If the commission chooses to make revisions, the revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management, and may be rounded off to amounts as determined by the commission to be most accessible for public understanding. The revisions shall be guided by the change in the index for the period commencing with the month of December preceding the last revision and concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter, reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials, the revisions shall equally affect all thresholds within each category. (3) The reporting provisions of this chapter apply in any exempt political subdivision that by ordinance, resolution, or other official action has petitioned the commission to make the provisions applicable to elected officials and candidates of the exempt political subdivision. (5) The treasurer shall maintain books of account, current within five business days, that accurately reflect all contributions and expenditures. During the ten calendar days immediately preceding the date of any election that the committee has received any contributions or made any expenditures, the books of account shall be kept current within one business day and shall be open for public inspection in the same manner as provided for candidates and other political committees in RCW 42.17A.235(6).

(2) Each treasurer of a candidate or political committee, or an incidental committee, required to file a statement of organization under this chapter, shall file with the commission a report, for each election in which a candidate ~~((or))~~, political committee, or incidental committee is participating, containing the information required by RCW 42.17A.240 at the following intervals:

(1) In addition to the penalties in subsection (2) of this section, and any other remedies provided by law, one or more of the following civil remedies and sanctions may be imposed by court order in addition to any other remedies provided by law:

(a) If the court finds that the violation of any provision of this chapter by any candidate (~~(or political)~~), committee, or incidental committee probably affected the outcome of any election, the result of that election may be held void and a special election held within sixty days of the finding. Any action to void an election shall be commenced within one year of the date of the election in question. It is intended that this remedy be imposed freely in all appropriate cases to protect the right of the electorate to an informed and knowledgeable vote.

(b) If any lobbyist or sponsor of any grass roots lobbying campaign violates any of the provisions of this chapter, (~~(his or her)~~) the lobbyist's or sponsor's registration may be revoked or suspended and (~~(he or she)~~) the lobbyist or sponsor may be enjoined from receiving compensation or making expenditures for lobbying. The imposition of a sanction shall not excuse the lobbyist from filing statements and reports required by this chapter.

(c) A person who violates any of the provisions of this chapter may be subject to a civil penalty of not more than ten thousand dollars for each violation. However, a person or entity who violates RCW 42.17A.405 may be subject to a civil penalty of ten thousand dollars or three times the amount of the contribution illegally made or accepted, whichever is greater.

(d) When assessing a civil penalty, the court may consider the nature of the violation and any relevant circumstances, including the following factors:

(i) The respondent's compliance history, including whether the noncompliance was isolated or limited in nature, indicative of systematic or ongoing problems, or part of a pattern of violations by the respondent, resulted from a

knowing or intentional effort to conceal, deceive or mislead, or from collusive behavior, or in the case of a political committee or other entity, part of a pattern of violations by the respondent's officers, staff, principal decision makers, consultants, or sponsoring organization;

(ii) The impact on the public, including whether the noncompliance deprived the public of timely or accurate information during a time-sensitive period or otherwise had a significant or material impact on the public;

(iii) Experience with campaign finance law and procedures or the financing, staffing, or size of the respondent's campaign or organization;

(iv) The amount of financial activity by the respondent during the statement period or election cycle;

(v) Whether the late or unreported activity was within three times the contribution limit per election, including in proportion to the total amount of expenditures by the respondent in the campaign or statement period;

(vi) Whether the respondent or any person benefited politically or economically from the noncompliance;

(vii) Whether there was a personal emergency or illness of the respondent or member of ~~((his or her))~~ the respondent's immediate family;

(viii) Whether other emergencies such as fire, flood, or utility failure prevented filing;

(ix) Whether there was commission staff or equipment error, including technical problems at the commission that prevented or delayed electronic filing;

(x) The respondent's demonstrated good-faith uncertainty concerning commission staff guidance or instructions;

(xi) Whether the respondent is a first-time filer;

(xii) Good faith efforts to comply, including consultation with commission staff prior to initiation of enforcement action and cooperation with commission staff during enforcement action and a demonstrated wish to acknowledge and take responsibility for the violation;

(xiii) Penalties imposed in factually similar cases; and

(xiv) Other factors relevant to the particular case.

(e) A person who fails to file a properly completed statement or report within the time required by this chapter may be subject to a civil penalty of ten dollars per day for each day each delinquency continues.

(f) Each state agency director who knowingly fails to file statements required by RCW 42.17A.635 shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars per statement. These penalties are in addition to any other civil remedies or sanctions imposed on the agency.

(g) A person who fails to report a contribution or expenditure as required by this chapter may be subject to a

civil penalty equivalent to the amount not reported as required.

(h) Any state agency official, officer, or employee who is responsible for or knowingly directs or expends public funds in violation of RCW 42.17A.635 (2) or (3) may be subject to personal liability in the form of a civil penalty in an amount that is at least equivalent to the amount of public funds expended in the violation.

(i) The court may enjoin any person to prevent the doing of any act herein prohibited, or to compel the performance of any act required herein.

(2) The commission may refer the following violations for criminal prosecution:

(a) A person who, with actual malice, violates a provision of this chapter is guilty of a misdemeanor under chapter 9.92 RCW;

(b) A person who, within a five-year period, with actual malice, violates three or more provisions of this chapter is guilty of a gross misdemeanor under chapter 9.92 RCW; and

(c) A person who, with actual malice, procures or offers any false or forged document to be filed, registered, or recorded with the commission under this chapter is guilty of a class C felony under chapter 9.94A RCW.

**Sec. 39.** RCW 42.17A.755 and 2018 c 304 s 13 are each amended to read as follows:

(1) The commission may initiate or respond to a complaint, request a technical correction, or otherwise resolve matters of compliance with this chapter, in accordance with this section. If a complaint is filed with or initiated by the commission, the commission must:

(a) Dismiss the complaint or otherwise resolve the matter in accordance with subsection (2) of this section, as appropriate under the circumstances after conducting a preliminary review;

(b) Initiate an investigation to determine whether ~~((an actual))~~ a violation has occurred, conduct hearings, and issue and enforce an appropriate order, in accordance with chapter 34.05 RCW and subsection (3) of this section; or

(c) Refer the matter to the attorney general, in accordance with subsection (4) of this section.

(2)(a) For complaints of ~~((remedial))~~ remediable violations or requests for technical corrections, the commission may, by rule, delegate authority to its executive director to resolve these matters in accordance with subsection (1)(a) of this section, provided the executive director consistently applies such authority.

(b) The commission shall, by rule, develop additional processes by which a respondent may agree by stipulation to any allegations and pay a penalty subject to a schedule of violations and penalties, unless waived by the commission as provided for in this section. Any stipulation must be referred to the commission for review. If approved

or modified by the commission, agreed to by the parties, and the respondent complies with all requirements set forth in the stipulation, the matter is then considered resolved and no further action or review is allowed.

(3) If the commission initiates an investigation, an initial hearing must be held within ninety days of the complaint being filed. Following an investigation, in cases where it chooses to determine whether ~~((an actual))~~ a violation has occurred, the commission shall hold a hearing pursuant to the administrative procedure act, chapter 34.05 RCW. Any order that the commission issues under this section shall be pursuant to such a hearing.

(a) The person against whom an order is directed under this section shall be designated as the respondent. The order may require the respondent to cease and desist from the activity that constitutes a violation and in addition, or alternatively, may impose one or more of the remedies provided in RCW 42.17A.750(1) (b) through (h), or other requirements as the commission determines appropriate to effectuate the purposes of this chapter.

(b) The commission may assess a penalty in an amount not to exceed ten thousand dollars per violation, unless the parties stipulate otherwise. Any order that the commission issues under this section that imposes a financial penalty must be made pursuant to a hearing, held in accordance with the administrative procedure act, chapter 34.05 RCW.

(c) The commission has the authority to waive a penalty for a first-time ~~((actual))~~ violation. A second ~~((actual))~~ violation of the same requirement by the same person, regardless if the person or individual committed the ~~((actual))~~ violation for a different political committee or incidental committee, shall result in a penalty. Successive ~~((actual))~~ violations of the same requirement shall result in successively increased penalties. The commission may suspend any portion of an assessed penalty contingent on future compliance with this chapter. The commission must create a schedule to enhance penalties based on repeat ~~((actual))~~ violations by the person.

(d) Any order issued by the commission is subject to judicial review under the administrative procedure act, chapter 34.05 RCW. If the commission's order is not satisfied and no petition for review is filed within thirty days, the commission may petition a court of competent jurisdiction of any county in which a petition for review could be filed under that jurisdiction, for an order of enforcement. Proceedings in connection with the commission's petition shall be in accordance with RCW 42.17A.760.

(4) In lieu of holding a hearing or issuing an order under this section, the commission may refer the matter to the attorney general consistent with this section, when the commission believes:

(a) Additional authority is needed to ensure full compliance with this chapter;

(b) An ~~((actual))~~ apparent violation potentially warrants a penalty greater than the commission's penalty authority; or

(c) The maximum penalty the commission is able to levy is not enough to address the severity of the violation.

(5) Prior to filing a citizen's action under RCW 42.17A.775, a person who has filed a complaint pursuant to this section must provide written notice to the attorney general if the commission does not, within 90 days of the complaint being filed with the commission, take action pursuant to subsection (1) of this section. A person must simultaneously provide a copy of the written notice to the commission.

**Sec. 40.** RCW 42.17A.765 and 2018 c 304 s 14 are each amended to read as follows:

~~(1)(a) ((Only after a matter is referred by the commission, under RCW 42.17A.755,))~~ The attorney general may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17A.750((-)) upon:

(i) Referral by the commission pursuant to RCW 42.17A.755(4);

(ii) Receipt of a notice provided in accordance with RCW 42.17A.755(5); or

(iii) Receipt of a notice of intent to commence a citizen's action, as provided under RCW 42.17A.775(3).

(b) Within forty-five days of receiving a referral from the commission or notice of the commission's failure to take action provided in accordance with RCW 42.17A.755(5), or within ten days of receiving a citizen's action notice, the attorney general must ((provide notice of his or her)) publish a decision whether to commence an action on the attorney general's office web site ((within forty five days of receiving the referral, which constitutes state action for purposes of this chapter)). Publication of the decision within the forty-five day period, or ten-day period, whichever is applicable, shall preclude a citizen's action pursuant to RCW 42.17A.775.

~~((b))~~ (c) The attorney general should use the enforcement powers in this section in a consistent manner that provides guidance in complying with the provisions of this chapter to candidates, political committees, or other individuals subject to the regulations of this chapter.

(2) The attorney general may investigate or cause to be investigated the activities of any person who there is reason to believe is or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, paper and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general requires the attendance of any person to obtain such information or produce the accounts, bills, receipts, books, papers, and documents that may be relevant or material to any investigation authorized under this chapter, ~~((he or she))~~ the attorney general shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. The order shall have the same force and effect as a subpoena, shall be effective statewide, and, upon application of the attorney general, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

**Sec. 41.** RCW 42.17A.775 and 2018 c 304 s 16 are each amended to read as follows:

(1) A person who has reason to believe that a provision of this chapter is being or has been violated may bring a citizen's action in the name of the state, in accordance with the procedures of this section.

(2) A citizen's action may be brought and prosecuted only if the person first has filed a complaint with the commission and:

(a) The commission has not taken action authorized under RCW 42.17A.755(1) within ninety days of the complaint being filed with the commission~~((and))~~, and the person who initially filed the complaint with the commission provided written notice to the attorney general in accordance with RCW 42.17A.755(5) and the attorney general has not commenced an action, or published a decision whether to commence action pursuant to RCW 42.17A.765(1)(b), within forty-five days of receiving the notice;

(b) For matters referred to the attorney general within ninety days of the commission receiving the complaint, the attorney general has not commenced an action, or published a decision whether to commence an action pursuant to RCW 42.17A.765(1)(b), within forty-five days of receiving referral from the commission; and

(c) The person who initially filed the complaint with the commission has provided notice of a citizen's action in accordance with subsection (3) of this section and the commission or the attorney general has not commenced action within the ten days provided under subsection (3) of this section.

(3) To initiate the citizen's action, after meeting the requirements under subsection (2) (a) and (b) of this section, a person must notify the attorney general and the commission that ~~((he or she))~~ the person will commence a

citizen's action within ten days if the commission does not take action authorized under RCW 42.17A.755(1), or~~((if applicable,))~~ the attorney general does not commence an action or publish a decision whether to commence an action pursuant to RCW 42.17A.765(1)(b). The attorney general and the commission must notify the other of its decision whether to commence an action.

(4) The citizen's action must be commenced within two years after the date when the alleged violation occurred and may not be commenced against a committee or incidental committee before the end of such period if the committee or incidental committee has received an acknowledgment of dissolution.

(5) If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, ~~((but he or she shall be entitled to be reimbursed by the state))~~ except for reasonable costs and reasonable attorneys' fees ~~((the person incurred))~~ awarded by the court, if any, which shall be paid by the defendant. In the case of a citizen's action that is dismissed and that the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all trial costs and reasonable attorneys' fees incurred by the defendant.

**Sec. 42.** RCW 42.17A.785 and 2018 c 304 s 18 are each amended to read as follows:

(1) The public disclosure transparency account is created in the state treasury. All receipts from penalties, sanctions, or other remedies collected pursuant to enforcement actions ~~((or))~~, settlements, judgments, or otherwise under this chapter, including any fees or costs awarded to the state, must be deposited into the account. Moneys in the account may be spent only after appropriation. Moneys in the account may be used only for the implementation of chapter 304, Laws of 2018 and duties under this chapter, and may not be used to supplant general fund appropriations to the commission.

(2) Any fees and costs awarded pursuant to RCW 42.17A.775(5) may not be deposited into the public disclosure transparency account or reimbursed from the account or otherwise by the state. Payment and collection of any such fees and costs are the sole responsibility of the person commencing the action and the defendant.

The legislature finds that increasing the rate of adoption of electric vehicles and vessels and other clean alternative fuel vehicles will help to reduce harmful air pollution from exhaust emissions, including greenhouse gas emissions, in the state. The legislature also finds that an increased reliance on greener transit options will help to further reduce harmful air pollution from exhaust emissions. The legislature further finds that support for clean alternative fuel infrastructure can help to increase adoption of green transportation in the state, as noted in a 2015 joint transportation committee report. It is therefore the legislature's intent to drive green vehicle and vessel adoption and increased green transit use by: (1) Establishing and extending tax incentive programs for alternative fuel vehicles and related infrastructure, including for commercial vehicles; (2) providing funding for a capital grant program to assist transit authorities in reducing the carbon output of their fleets; (3) increasing public and private electric utilities' ability to invest in electric vehicle charging infrastructure; (4) establishing a technical assistance program for public agencies within the Washington State University's energy program; (5) funding a pilot program to test methods for facilitating access to alternative fuel vehicles and alternative fuel vehicle infrastructure by low-income residents of the state; (6) funding a study to examine opportunities to provide financing assistance to lower-income residents of the state who would like to purchase an electric vehicle; and (7) establishing a tax incentive program for certain electric vessels.

**Sec. 2.** RCW 28B.30.903 and 2010 c 37 s 1 are each amended to read as follows:

(1) The Washington State University extension energy program shall provide information, technical assistance, and consultation on physical plant operation, maintenance, and construction issues to state and local governments, tribal governments, and nonprofit organizations through its plant operations support program. The Washington State University extension energy program may not enter into facilities design or construction contracts on behalf of state or local government agencies, tribal governments, or nonprofit organizations. The plant operations support program created in this section must be funded by voluntary subscription charges, service fees, and other funding acquired by or provided to Washington State University for such purposes.

(2) Subject to the availability of amounts appropriated for this specific purpose, the Washington State University extension energy program shall establish and administer a technical assistance and education program focused on the use of alternative fuel vehicles. Education and

assistance may be provided to public agencies, including local governments and other state political subdivisions.

**Sec. 3.** RCW 46.17.323 and 2015 3rd sp.s. c 44 s 203 are each amended to read as follows:

(1) Before accepting an application for an annual vehicle registration renewal for a vehicle that both (a) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (b) is capable of traveling at least thirty miles using only battery power, the department, county auditor or other agent, or subagent appointed by the director must require the applicant to pay a one hundred dollar fee in addition to any other fees and taxes required by law. The one hundred dollar fee is due only at the time of annual registration renewal.

(2) This section only applies to a vehicle that is designed to have the capability to drive at a speed of more than thirty-five miles per hour.

(3)(a) Except as provided in (c) of this subsection, the fee under this section is imposed to provide funds to mitigate the impact of vehicles on state roads and highways and for the purpose of evaluating the feasibility of transitioning from a revenue collection system based on fuel taxes to a road user assessment system, and is separate and distinct from other vehicle license fees. Except as provided in (c) of this subsection, proceeds from the fee in subsection (1) of this section must be used for highway purposes, and must be deposited in the motor vehicle fund created in RCW 46.68.070, subject to (b) of this subsection.

(b) Except as provided in (c) of this subsection, if in any year the amount of proceeds from the fee collected under subsection (1) of this section exceeds one million dollars, the excess amount over one million dollars must be deposited as follows:

(i) Seventy percent to the motor vehicle fund created in RCW 46.68.070;

(ii) Fifteen percent to the transportation improvement account created in RCW 47.26.084; and

(iii) Fifteen percent to the rural arterial trust account created in RCW 36.79.020.

(c) Beginning August 1, 2019, until August 1, 2024, all proceeds from the fee in subsection (1) of this section must be deposited in the electric vehicle account created in RCW 82.44.200.

(4)(a) In addition to the fee established in subsection (1) of this section, before accepting an application for an annual vehicle registration renewal for a vehicle that both (i) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (ii) is capable of traveling at least thirty miles using only battery power, the department, county auditor or other agent, or subagent appointed by the director must require the applicant to pay a ~~(fifty)~~ one hundred dollar fee until August 1, 2029. Beginning August 1, 2029, the additional fee established in this subsection is reduced to fifty dollars.

(b) The fee required under (a) of this subsection must be ~~((distributed as follows:~~

~~(i) The first one million dollars raised by the fee must be deposited into the multimodal transportation account created in RCW 47.66.070; and~~

~~(ii) Any remaining amounts must be))~~ deposited into the ~~((motor vehicle fund))~~ electric vehicle account created in RCW ~~((46.68.070))~~ 82.44.200.

(5) This section applies to annual vehicle registration renewals until the effective date of enacted legislation that imposes a vehicle miles traveled fee or tax.

**Sec. 4.** RCW 47.04.350 and 2015 3rd sp.s. c 44 s 403 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department's public-private partnership office must develop and maintain a ~~((pilot))~~ program to support the deployment of ~~((electric))~~ clean alternative fuel vehicle charging and refueling infrastructure that is supported by private financing.

(2) The department must define corridors in which bidders may propose to install electric vehicle charging infrastructure or hydrogen fueling stations, and may update these corridors over time as needed. Alternatively, a bidder may propose a corridor in which the bidder proposes to install electric vehicle infrastructure or hydrogen fueling stations if the department has adopted rules allowing such a proposal and establishing guidelines for how such a proposal will be considered.

(3)(a) For bid proposals under this section, the department must require the following:

(i) Bidders must have private sector partners contributing to the project who stand to gain indirect value from development of the project, such as motor vehicle manufacturers, retail stores, or tourism stakeholders;

(ii) Bidders must demonstrate that the proposed project will be valuable to ~~((electric))~~ clean alternative fuel vehicle drivers and will address an existing gap in the state's ~~((electric vehicle charging station))~~ low carbon transportation infrastructure;

(iii) Projects must be expected to be profitable and sustainable for the owner-operator and the private partner; and

(iv) Bidders must specify how the project captures the indirect value of charging or refueling station deployment to the private partner.

(b) The department may adopt rules that require any other criteria for a successful project.

(4) In evaluating proposals under this section, the department may use the electric vehicle financial analysis tool that was developed in the joint transportation committee's study into financing electric vehicle charging station infrastructure.

(5)(a) After selecting a successful proposer under this section, the department may provide a loan or grant to the proposer.

(b) Grants and loans issued under this subsection must be funded from the electric vehicle (~~charging infrastructure~~) account created in RCW 82.44.200.

(c) Any project selected for support under this section is eligible for only one grant or loan as a part of the (~~pilot~~) program.

(6) The department may conduct preliminary workshops with potential bidders and other potential private sector partners to determine the best method of designing and maintaining the (~~pilot~~) program, discuss how to develop and maintain the partnerships among the private sector partners that may receive indirect value, and any other issues relating to the implementation and administration of this section. The department should consider regional workshops to engage potential business partners from across the state.

(7) The department must adopt rules to implement and administer this section.

**Sec. 5.** 2019 c ... (SHB 1512) s 1 (uncodified) is amended to read as follows:

The legislature finds that:

(1) Programs for the electrification of transportation have the potential to allow electric utilities to optimize the use of electric grid infrastructure, improve the management of electric loads, and better manage the integration of variable renewable energy resources. Depending upon each utility's unique circumstances, electrification of transportation programs may provide cost-effective energy efficiency, through more efficient use of energy resources, and more efficient use of the electric delivery system. Electrification of transportation may result in cost savings and benefits for all ratepayers.

(2) State policy can achieve the greatest return on investment in reducing greenhouse gas emissions and improving air quality by expediting the transition to alternative fuel vehicles, including electric vehicles. Potential benefits associated with electrification of transportation include the monetization of environmental attributes associated with carbon reduction in the transportation sector.

(3) Legislative clarity is important for utilities to offer programs and services, including incentives, in the electrification of transportation for their customers. It is the intent of the legislature to allow all utilities to support transportation electrification to further the state's policy goals and achieve parity among all electric utilities, so each electric utility, depending on its unique circumstances, can determine its appropriate role in the development of electrification of transportation infrastructure.

**Sec. 6.** RCW 80.28.--- and 2019 c ... (SHB 1512) s 4 are each amended to read as follows:

(1) An electric utility regulated by the utilities and transportation commission under this chapter may submit to the commission an electrification of transportation plan that deploys electric vehicle supply equipment or provides other electric transportation programs, services, or incentives to support electrification of transportation (~~(- provided that such electric vehicle supply equipment, programs, or services may not increase costs to customers in excess of one quarter of one percent above the benefits of electric transportation to all customers over a period consistent with the utility's planning horizon under its most recent integrated resource plan)~~). The plans should align to a period consistent with either the utility's planning horizon under its most recent integrated resource plan or the time frame of the actions contemplated in the plan, and may include:

(a) Any programs that the utility is proposing contemporaneously with the plan filing or anticipates later in the plan period;

(b) Anticipated benefits of transportation electrification, based on a forecast of electric transportation in the utilities' service territory; and

(c) Anticipated costs of programs, subject to the restrictions in RCW 80.28.360.

(2) In reviewing an electrification of transportation plan under subsection (1) of this section, the commission may consider the following: (a) The applicability of multiple options for electrification of transportation across all customer classes; (b) the impact of electrification on the utility's load, and whether demand response or other load management opportunities, including direct load control and dynamic pricing, are operationally appropriate; (c) system reliability and distribution system efficiencies; (d) interoperability concerns, including the interoperability of hardware and software systems in electrification of transportation proposals; and (e) the benefits and costs of the planned actions (~~(- and (f) the overall customer experience)~~).

(3) The commission must issue an acknowledgment of an electrification of transportation plan within six months of the submittal of the plan. The commission may establish by rule the requirements for preparation and submission of an electrification of transportation plan. An electric utility may submit a plan under this section before or during rule-making proceedings.

**Sec. 7.** RCW 80.28.360 and 2019 c ... (SHB 1512) s 5 are each amended to read as follows:

(1) In establishing rates for each electrical company regulated under this title, the commission may allow an incentive rate of return on investment through December 31, 2030, on capital expenditures for electric vehicle supply equipment that is deployed for the benefit of ratepayers, provided that the capital expenditures of the utilities' programs or plans in section 6(1) of this act do not increase (~~(costs to ratepayers)~~) the annual retail revenue requirement of the utility, after accounting for the benefits of transportation electrification in each year of the plan, in excess of one-quarter of one percent. The commission must consider and may adopt other policies to improve access to

and promote fair competition in the provision of electric vehicle supply equipment.

(2) An incentive rate of return on investment under this section may be allowed only if the company chooses to pursue capital investment in electric vehicle supply equipment on a fully regulated basis similar to other capital investments behind a customer's meter. In the case of an incentive rate of return on investment allowed under this section, an increment of up to two percent must be added to the rate of return on common equity allowed on the company's other investments.

(3) The incentive rate of return on investment authorized in subsection (2) of this section applies only to projects which have been installed after July 1, 2015.

(4) The incentive rate of return on investment increment pursuant to this section may be earned only for a period up to the depreciable life of the electric vehicle supply equipment as defined in the depreciation schedules developed by the company and submitted to the commission for review. When the capital investment has fully depreciated, an electrical company may gift the electric vehicle supply equipment to the owner of the property on which it is located.

(5) By December 31, 2017, the commission must report to the appropriate committees of the legislature with regard to the use of any incentives allowed under this section, the quantifiable impacts of the incentives on actual electric vehicle deployment, and any recommendations to the legislature about utility participation in the electric vehicle market.

**NEW SECTION. Sec. 8.** This section is the tax preference performance statement for the tax preferences contained in sections 9 through 15, chapter . . . , Laws of 2019 (sections 9 through 15 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of clean alternative fuel vehicles in Washington. It is the legislature's intent to establish and extend tax incentive programs for alternative fuel vehicles and related infrastructure by: (a) Reinstating the sales and use tax exemption on certain clean alternative fuel vehicles in order to reduce the price charged to customers for clean alternative fuel vehicles; (b) extending the business and occupation and public utility tax credit for clean alternative fuel commercial vehicles and expanding it to include clean alternative fuel infrastructure; (c) extending the sales and use tax exemption for electric vehicle batteries, fuel cells, and infrastructure and expanding it to include the electric battery and fuel cell components of electric buses and zero emissions buses; and (d) extending the leasehold excise tax

exemption to tenants of public lands for battery and fuel cell electric vehicle infrastructure.

(3) To measure the effectiveness of the tax preferences in sections 9 through 15, chapter . . . , Laws of 2019 (sections 9 through 15 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of clean alternative fuel vehicles titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

**Sec. 9.** RCW 82.04.4496 and 2017 c 116 s 1 are each amended to read as follows:

(1)(a)(i) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter according to the gross vehicle weight rating of the vehicle and the incremental cost of the vehicle purchased above the purchase price of a comparable conventionally fueled vehicle. The credit is limited, as set forth in the table below, to the lesser of the incremental cost amount or the maximum credit amount per vehicle purchased, and subject to a maximum annual credit amount per vehicle class.

Gross Vehicle Weight	Incremental Cost Amount	Maximum Credit Amount Per Vehicle	Maximum Annual Credit Per Vehicle Class
Up to 14,000 pounds	<del>((50%))</del> 75% of incremental cost	\$25,000	\$2,000,000
14,001 to 26,500 pounds	<del>((50%))</del> 75% of incremental cost	\$50,000	\$2,000,000
Above 26,500 pounds	<del>((50%))</del> 75% of incremental cost	\$100,000	\$2,000,000

(ii) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter for up to fifty percent of the cost to purchase alternative fuel vehicle infrastructure, tangible personal property that will become a component of alternative fuel vehicle infrastructure, and installation and construction of alternative fuel vehicle infrastructure, but excluding the cost of property acquisition and site improvement related to the installation of alternative fuel vehicle infrastructure. The

credit is subject to a maximum annual credit amount of two million dollars.

(b) On September 1st of each year, any unused credits from any ~~((weight class))~~ category identified in ~~((the table in))~~ (a) of this subsection must be made available to applicants applying for credits under any other ~~((weight class listed))~~ category identified in (a) of this subsection, subject to the maximum annual and total credit amounts identified in this subsection. The credit established in this section and RCW 82.16.0496 is subject to a maximum annual credit amount of six million dollars, and a maximum total credit amount of thirty-two and one-half million dollars since the credit became available on July 15, 2015.

(c) The credit provided in ~~(a)(i)~~ of this subsection ~~((+))~~ is available for the lease of a vehicle. The credit amount for a leased vehicle is equal to the credit in ~~(a)(i)~~ of this subsection ~~((+))~~ multiplied by the lease reduction factor. The person claiming the credit for a leased vehicle must be the lessee as identified in the lease contract.

(2) A person who is taxable under this chapter is allowed, subject to the maximum annual credit per ~~((vehicle class))~~ category in subsection (1)(a) of this section, a credit against the tax imposed in this chapter for the lesser of twenty-five thousand dollars or ~~((thirty))~~ fifty percent of the costs of converting a commercial vehicle to be principally powered by a clean alternative fuel with a United States environmental protection agency certified conversion.

(3) The total credits under subsection (1)(a)(i) of this section may not exceed the lesser of two hundred fifty thousand dollars or twenty-five vehicles per person per calendar year.

(4) A person may not receive credit under this section for amounts claimed as credits under chapter 82.16 RCW.

(5) Credits are available on a first-in-time basis.

(a) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section, and RCW 82.16.0496, during any calendar year to exceed six million dollars. The department must provide notification on its web site monthly on the amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide annual limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(b) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed beginning July 15, 2015, under this section and RCW 82.16.0496 to exceed thirty-two and one-half million dollars. The department must provide notification on its web site monthly on the total amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(6) For the purposes of the limits provided in this section, a credit must be counted against such limits for the calendar year in which the credit is earned.

(7) To claim a credit under this section a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. No refunds may be granted for credits under this section.

(8) To claim a credit under this section, the person applying must:

(a) Complete an application for the credit which must include:

(i) The name, business address, and tax identification number of the applicant;

(ii) A quote or unexecuted copy of the purchase requisition or order for the vehicle, infrastructure, infrastructure components, infrastructure construction, or infrastructure installation;

(vi) Any other information deemed necessary by the department to support administration or reporting of the program.

(9) A person applying for credit under subsection (8) of this section may apply for multiple vehicles on the same application, but the application must include the required information for each vehicle included in the application. A separate application is required for infrastructure-related items, but all infrastructure-related items at a single location may be included in a single application provided the required information for each infrastructure-related item is included in the application.

(10) To administer the credits, the department must, at a minimum:

(a) Provide notification on its web site monthly of the amount of credits that have been applied for, claimed, and the amount remaining before the statewide annual limit ~~((is))~~ and total limit are reached;

(b) Within fifteen days of receipt of the application, notify persons applying of the availability of tax credits in the year in which the vehicles or infrastructure applied for are anticipated to be delivered, constructed, or installed;

(c) Within fifteen days of receipt of the notice of intent to claim the tax credit, notify the applicant of the approval, denial, or missing information in their notice; and

(d) Within fifteen days of receipt of final documentation, review the documentation and notify the person applying of the acceptance of their final documentation.

(11) If a person fails to supply the information as required in subsection (8) of this section, the department must deny the application.

(12)(a) Taxpayers are only eligible for a credit under this section based on:

(i) Sales or leases of new commercial vehicles and qualifying used commercial vehicles with propulsion units that are principally powered by a clean alternative fuel; ~~((or))~~

(ii) Costs to modify a commercial vehicle, including sales of tangible personal property incorporated into the vehicle and labor or service expenses incurred in modifying the vehicle, to be principally powered by a clean alternative fuel; or

(iii) Sales of alternative fuel vehicle infrastructure or infrastructure components, or the cost of construction or installation of alternative fuel vehicle infrastructure.

(b) A credit is earned when the purchaser or the lessee takes receipt of the qualifying commercial vehicle or infrastructure-related item, the vehicle conversion is complete, or the construction or installation of the infrastructure is complete.

(13) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year.

(14)(a) Beginning November 25, 2015, and on the 25th of February, May, August, and November of each year thereafter, the department must notify the state treasurer of the amount of credits taken under this section as reported on returns filed with the department during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(b) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must transfer a sum equal to the dollar amount of the credit provided under this section from the multimodal transportation account to the general fund.

(15) The department must conduct outreach to interested parties to obtain input on how best to streamline the application process required for the credit made available in this section and RCW 82.16.0496 to further adoption of alternative fuel technologies in commercial vehicle fleets, and must incorporate the findings resulting from this outreach effort into the rules and practices it adopts to implement and administer this section and RCW 82.16.0496 to the extent permitted under law.

(16) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Alternative fuel vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support a clean alternative fuel vehicle.

(b) "Auto transportation company" means any corporation or person owning, controlling, operating, or managing any motor propelled vehicle, used in the business of transporting persons for compensation over public highways within the state of Washington, between fixed points or over a regular route. All commercial vehicles that provide transportation to passengers must be operated by an auto transportation company.

~~((d))~~ (e) "Gross capitalized cost" means the agreed upon value of the commercial vehicle and including any other items a person pays over the lease term that are included in such cost.

~~((e))~~ (f) "Lease reduction factor" means the vehicle gross capitalized cost less the residual value, divided by the gross capitalized cost.

~~((f))~~ (g) "Qualifying used commercial vehicle" means vehicles that:

(i) Have an odometer reading of less than four hundred fifty thousand miles;

(iv) Are being sold for the first time after modification.

~~((g))~~ (h) "Residual value" means the lease-end value of the vehicle as determined by the lessor, at the end of the lease term included in the lease contract.

~~((16))~~ (17) Credits may be earned under this section from January 1, 2016, ~~((through January 1, 2021))~~ until the maximum total credit amount in subsection (1)(b) of this section is reached, except for credits for leased vehicles, which may be earned from July 1, 2016, ~~((through January 1, 2021))~~ until the maximum total credit amount in subsection (1)(b) of this section is reached.

~~((17) Credits earned under this section may not be used after January 1, 2022.~~

~~(18) This section expires January 1, 2022.)~~

NEW SECTION. Sec. 10. A new section is added to chapter 82.08 RCW to read as follows:

(1) Beginning with sales made or lease agreements signed on or after the qualification period start date:

(a) The tax levied by RCW 82.08.020 does not apply as provided in (b) of this subsection to sales or leases of new or used passenger cars, light duty trucks, and medium duty passenger vehicles that:

(i) Are exclusively powered by a clean alternative fuel; or

(ii) Use at least one method of propulsion that is capable of being reenergized by an external source of electricity and are capable of traveling at least thirty miles using only battery power; and

(iii)(A) Have a vehicle selling price plus trade-in property of like kind for purchased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed thirty thousand dollars; or

(B) Have a fair market value at the inception of the lease for leased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed thirty thousand dollars;

(b)(i) The exemption in this section is applicable for up to the amounts specified in (b)(ii) or (iii) of this subsection of:

(A) The total amount of the vehicle's selling price, for sales made; or

(B) The total lease payments made plus any additional selling price of the leased vehicle if the original lessee purchases the leased vehicle before the qualification period end date, for lease agreements signed.

(ii) Based on the purchase date or the date the lease agreement was signed of the vehicle if the vehicle is a new vehicle at the time of the purchase date or the date the lease agreement was signed:

(A) From the qualification period start date until July 31, 2021, the maximum amount eligible under (b)(i) of this subsection is thirty-two thousand dollars;

(B) From August 1, 2021, until July 31, 2023, the maximum amount eligible under (b)(i) of this subsection is twenty-four thousand dollars;

(C) From August 1, 2023, until July 31, 2025, the maximum amount eligible under (b)(i) of this subsection is sixteen thousand dollars.

(iii) If the vehicle is a used vehicle at the time of the purchase date or the date the lease agreement was signed, the

maximum amount eligible under (b)(i) of this subsection is sixteen thousand dollars.

(2) The seller must keep records necessary for the department to verify eligibility under this section. A person claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information must be provided in a form and manner prescribed by the department.

(3)(a) The department of licensing must maintain and publish a list of all vehicle models that meet the qualifying criteria in subsection (1)(a)(i) or (ii) of this section and section 11(1)(a)(i) or (ii) of this act until the expiration date of this section, and is authorized to issue final rulings on vehicle model qualification for these criteria. A seller is not responsible for repayment of the tax exemption under this section and section 11 of this act for a vehicle if the department of licensing's published list of qualifying vehicle models on the purchase date or the date the lease agreement was signed includes the vehicle model and the department of licensing subsequently removes the vehicle model from the published list, provided the vehicle meets the applicable qualifying criterion under subsection (1)(a)(iii) of this section and section 11(1)(a)(iii) of this act.

(b) The department of revenue retains responsibility for determining whether a vehicle meets the applicable qualifying criterion under subsection (1)(a)(iii) of this section and section 11(1)(a)(iii) of this act.

Sec. 18.** (1) Subject to the availability of amounts appropriated for this specific purpose, the department of commerce must conduct a study to identify opportunities to reduce barriers to battery and fuel cell electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance. The study must include an assessment of opportunities to work with nonprofit lenders to facilitate vehicle purchases through the use of loan-loss reserves and rate buy downs by qualified borrowers purchasing battery and fuel cell electric vehicles that are eligible for the tax exemptions under sections 10 and 11 of this act, and may address additional financing assistance opportunities identified. The study must focus on potential borrowers who are at or below eighty percent of the state median household income. The study may also address any additional opportunities identified to increase electric vehicle adoption by lower income residents of the state.

(2) The department of commerce must provide a report detailing the findings of this study to the

**"Sec. 1.** RCW 43.371.005 and 2014 c 223 s 9 are each amended to read as follows:

The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that ~~((purchase))~~ are involved in health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the ~~((office))~~ authority pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

**Sec. 2.** RCW 43.371.010 and 2015 c 246 s 1 are each reenacted and amended to read as follows:

(b) It corrects data found to be in error within a reasonable amount of time; and

(c) The report otherwise complies with this chapter.

#### MESSAGE FROM THE SENATE

April 22, 2019

Mr. Speaker:

The Senate receded from its amendment(s) to ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1324, and under suspension of the rules returned ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1324 to second reading for purpose of amendment(s). The Senate further adopted amendment 1324-S3.E AMS VAND S4387.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 2.** The legislature finds that while many parts of the state are thriving economically, some rural and distressed communities have struggled to keep pace. These communities represent significant opportunity for economic growth and innovation. However, businesses and entrepreneurs often find it difficult to obtain the capital they need to expand and grow in these areas. Therefore, it is the intent of the legislature to study the creation of a program to incentivize private investments and job creation in rural and distressed communities while ensuring no loss of revenue to the state.

**NEW SECTION. Sec. 3.** (1) The Washington state institute for public policy must conduct a study on certain programs incentivizing private investment and job creation

in rural and distressed communities. In conducting the study, the institute must:

(a) Conduct a fifty-state review on the structure and characteristics of certified capital company programs, new markets tax credit programs, rural jobs programs, and other similar economic development programs in other states; and

(b) Review any available research on these initiatives and, to the extent possible, describe the effects of each type of initiative on employment, earnings, property values, and job creation.

(2) The Washington state institute for public policy must submit a report on its findings to the appropriate committees of the legislature, in compliance with RCW 43.01.036, by July 1, 2020.

**NEW SECTION. Sec. 4.** (1) The legislature finds that the Washington state forest practices habitat conservation plan was approved in 2006 by the United States fish and wildlife service and the national oceanic and atmospheric administration's marine fisheries service. The legislature further finds that the conservation plan protects habitat of aquatic species, supports economically viable and healthy forests, and creates regulatory stability for landowners. The legislature further finds that funding for the adaptive management program and participation grants are required to implement the forest and fish agreement and meet the goals of the conservation plan. The legislature further finds that the surcharge on the timber products business and occupation tax rate was agreed to by the forest products industry, tribal leaders, and stakeholders as a way to provide funding and safeguard the future of the conservation plan. The legislature further finds that the forestry industry assumed significant financial obligation with the enactment of this conservation plan, in exchange for operational certainty under the endangered species act. Therefore, the legislature concludes that the timber products business and occupation tax rate and the surcharge should continue until the expiration date of the forest and fish agreement, in 2056.

(2) The legislature finds that Washington has one of the strongest economies in the country. However, the local economies in some rural counties continue to struggle. The legislature further finds that the economic prosperity of our state must be shared by all of our communities. The legislature further finds that forest product sectors provide family-wage jobs in economically struggling areas of the state. The legislature further finds that in 2017 the Washington forest products industry, directly and indirectly, employed one hundred one thousand workers, earning 5.5 billion dollars in wages. Therefore, the legislature concludes that the forest products industries support our local rural economies and contribute towards the effort to lower unemployment rates across the state, especially in rural areas.

~~(f) The department must provide timely notice to affected taxpayers of the suspension of the surcharge or an adjustment of the surcharge.~~

~~(5) The office of financial management must make the certification to the department as to the status of federal appropriations for tribal participation in forest and fish report related activities.)~~

(4) This section expires July 1, 2045.

**MESSAGE FROM THE SENATE**

April 17, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1593 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28B.20 RCW to read as follows:

The legislature finds that there is a need for services for individuals with behavioral health needs, and there is a shortage of behavioral health workers in Washington state. The legislature further finds that there is a need for a trained

workforce that is experienced in fully integrated care and able to address a full range of needs, including primary care, mental health, substance use disorder, and suicide prevention, in all health care specialties. The legislature further finds that there is a need to support rural and otherwise underserved communities around the state with timely telepsychiatry specialty consultation.

The legislature further finds that the University of Washington school of medicine department of psychiatry and behavioral sciences is a nationally competitive program and has the expertise to establish innovative clinical inpatient and outpatient care for individuals with behavioral health needs while at the same time training the next generation of behavioral health providers, including primary care professionals, in inpatient and outpatient settings. The legislature further finds that the University of Washington school of medicine department of psychiatry and behavioral sciences, along with the University of Washington schools of nursing, social work, pharmacy, public health, the department of psychology, and other relevant disciplines, are especially well-situated to take on the task of developing this transformational service-oriented programming.

Therefore, the legislature intends to partner with the University of Washington to develop plans for the creation of the University of Washington behavioral health innovation and integration campus to increase access to behavioral health services in the state. Planning for the campus should also include capacity to provide inpatient care for up to one hundred fifty individuals who receive extended inpatient psychiatric care at western state hospital under the state's involuntary treatment act, chapter 71.05 RCW.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28B.20 RCW to read as follows:

(1) A behavioral health innovation and integration campus is created within the University of Washington school of medicine. The campus must include inpatient treatment capacity and focus on inpatient and outpatient care for individuals with behavioral health needs while training a behavioral health provider workforce. The training must include an interdisciplinary curriculum and programs that support and encourage professionals to work in teams. The training must use current best practices, including best practices in suicide prevention, must encourage innovation of future best practices in order to provide behavioral health care across the entire spectrum of health care providers, and must be culturally appropriate, including training specifically appropriate for providing care to federally recognized tribes and tribal members.

(2) The siting and design for the new campus should take into account local community needs and resources, with attention to diversity and cultural competence, a focus on training and supporting the next generation of health care providers, and close coordination with existing local and regional programs, clinics, and resources.

**NEW SECTION. **MESSAGE FROM THE SENATE**

April 17, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1767 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** A new section is added to chapter 36.28A RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs, in consultation with the law enforcement assisted diversion national support bureau, shall develop and implement a grant program aimed at supporting local initiatives to properly identify criminal justice system-involved persons with substance use disorders and other behavioral health needs and engage those persons with therapeutic interventions and other services, the efficacy of which have been demonstrated by experience, peer-reviewed research, or which are credible promising practices, prior to or at the time of jail booking, or while in custody.

(2) Grants must be awarded to local jurisdictions based on locally developed proposals to establish or expand existing programs. The lead proposing agency may be a law enforcement agency, other local government entity, tribal government entity, tribal organization, urban Indian organization, or a nonprofit community-based organization. All proposals must include governing involvement from community-based organizations, local government, and law enforcement, and must also demonstrate engagement of law enforcement, prosecutors, civil rights advocates, public health experts, harm reduction practitioners, organizations led by and representing individuals with past justice system involvement, and public safety advocates. A peer review panel appointed by the Washington association of sheriffs and police chiefs in consultation with the law enforcement assisted diversion national support bureau, integrated managed care organizations and behavioral health organizations must review the grant applications. The peer review panel must include experts in harm reduction and civil rights experts.

(3)(a) Programs preferred for the award of grant funding are those that have a prebooking diversion focus and demonstrate how they will impact one or more of the expected outcomes of the grant program. Preferred programs must contain one or both of the following components:

(i) Employment of tools and strategies to accurately identify individuals with substance use disorders and other

behavioral health needs who are known to commit law violations, at or prior to the point of arrest, and immediately engage those individuals with appropriate community-based care and support services that have been proven to be effective for marginalized populations by experience or peer-reviewed research or that are credible promising practices; and

(ii) Capacity to receive ongoing referrals to the same community-based care approach for persons with substance use disorders and other behavioral health needs encountered in jail, with an emphasis on securing the release of those individuals whenever possible consistent with public safety and relevant court rules.

(b) Proposals targeting prebooking diversion may use funds to identify and refer persons who are encountered in jail to community-based services.

(4) Up to twenty-five percent of the total funds appropriated for the grant program may be allocated to proposals containing any of the following components:

(a) Utilization of case manager and peer support services for persons with substance use disorders and other behavioral health needs who are incarcerated in jails;

(b) Specialized training for jail staff relating to incarcerated individuals with substance use disorders and other behavioral health needs;

(c) Comprehensive jail reentry programming for incarcerated persons with substance use disorders and other behavioral health needs; and

(d) Other innovative interventions targeted specifically at persons with substance use disorders and other behavioral health needs who are brought to jail for booking or are incarcerated in jails.

(5) Proposals must provide a plan for tracking client engagement and describe how they will impact one or more of the expected outcomes of the grant program. Grant recipients must agree to comply with any data collection and reporting requirements that are established by the Washington association of sheriffs and police chiefs in consultation with the law enforcement assisted diversion national support bureau. Grant recipients whose proposals include prebooking diversion programs must engage with the law enforcement assisted diversion national support bureau for technical assistance regarding best practices for prebooking diversion programs, and regarding establishment of an evaluation plan. Subject to appropriated funding, grant awards will be eligible for annual renewal conditioned upon the recipient's demonstration that the funded program is operating in alignment with the requirements for the grant program.

(6) The Washington association of sheriffs and police chiefs must ensure that grants awarded under this program are separate and distinct from grants awarded pursuant to RCW 36.28A.440. Grant funds may not be used to fulfill minimum medical and treatment services that jails or community mental health agencies are legally required to provide.

(7) Once the Washington association of sheriffs and police chiefs, after consultation with the law enforcement assisted diversion national support bureau, certifies that a selected applicant satisfies the proposal criteria, the grant funds will be distributed. To the extent possible, grant awards should be geographically distributed on both the east and west sides of the crest of the Cascade mountain range. Grant applications that include local matching funds may be prioritized. Grant recipients must be selected no later than March 1, 2020.

(8)(a) The grant program under this section must be managed to achieve expected outcomes which are measurable and may be used in the future to evaluate the performance of grant recipients and hold them accountable for the use of funding. The initial expected outcomes defined for the grant program include:

- (i) To reduce arrests, time spent in custody, and/or recidivism for clients served by the program;
- (ii) To increase access to and utilization of nonemergency community behavioral health services;
- (iii) To reduce utilization of emergency services;
- (iv) To increase resilience, stability, and well-being for clients served; and
- (v) To reduce costs for the justice system compared to processing cases as usual through the justice system.

(b) Programs which apply for and are awarded grant funding may focus on a subset of these outcomes and may target a segment of an outcome, such as reducing time spent in custody but not arrests. The Washington association of sheriffs and police chiefs, in consultation with the law enforcement assisted diversion national support bureau, must develop a plan, timetable, and budget by December 1, 2019, to transition the grant program into a performance-based contracting format and to establish an evidence-based evaluation framework. The plan may include making reasonable modifications to the initial expected outcomes for use in grant contracts. Delivery of the plan to the governor and appropriate committees of the legislature may be combined with the annual report provided in subsection (9) of this section. The research and data division of the department of social and health services and Washington institute for public policy must provide technical support and consultation to support plan development as requested.

(9) The Washington association of sheriffs and police chiefs must submit an annual report regarding the grant program to the governor and appropriate committees of the legislature by December 1st of each year the program is funded. The report must be submitted in compliance with RCW 43.01.036. The report must include information on grant recipients, use of funds, and outcomes and other feedback from the grant recipients. In preparing the report, the Washington association of sheriffs and police chiefs may consult with the law enforcement assisted diversion national support bureau.

(10) Nothing in this section prohibits the Washington association of sheriffs and police chiefs from

soliciting or accepting private funds to support the program created in this section.

(11) No civil liability may be imposed by any court on the state or its officers or employees, an appointed or elected official, public employee, public agency as defined in RCW 4.24.470, combination of units of government and its employees as provided in RCW 36.28A.010, nonprofit community-based organization, tribal government entity, tribal organization, or urban Indian organization based on the administration of this grant program or activities carried out within the purview of a grant received under this program except upon proof of bad faith or gross negligence.

NEW SECTION. **Sec. 2.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "processes;" strike the remainder of the title and insert "adding a new section to chapter 36.28A RCW; and creating a new section."

and the same is herewith transmitted.

Any person voluntarily admitted for inpatient treatment to any public or private agency shall orally be advised of the right to immediate discharge, and further advised of such rights in writing as are secured to them pursuant to this chapter and their rights of access to attorneys, courts, and other legal redress. Their condition and status shall be reviewed at least once each one hundred eighty days for evaluation as to the need for further treatment or possible discharge, at which time they shall again be advised of their right to discharge upon request.

(2) If the professional staff of any public or private agency or hospital regards a person voluntarily admitted who

requests discharge as presenting, as a result of a mental disorder or substance use disorder, an imminent likelihood of serious harm, or is gravely disabled, they may detain such person for sufficient time to notify the designated crisis responder of such person's condition to enable the designated crisis responder to authorize such person being further held in custody or transported to an evaluation and treatment center, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program pursuant to the provisions of this chapter, which shall in ordinary circumstances be no later than the next judicial day.

(3) If a person is brought to the emergency room of a public or private agency or hospital for observation or treatment, the person refuses voluntary admission, and the professional staff of the public or private agency or hospital regard such person as presenting as a result of a mental disorder or substance use disorder an imminent likelihood of serious harm, or as presenting an imminent danger because of grave disability, they may detain such person for sufficient time to notify the designated crisis responder of such person's condition to enable the designated crisis responder to authorize such person being further held in custody or transported to an evaluation treatment center, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program pursuant to the conditions in this chapter, but which time shall be no more than six hours from the time the professional staff notify the designated crisis responder of the need for evaluation, not counting time periods prior to medical clearance.

(4) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated crisis responder has totally disregarded the requirements of this section.

**Sec. 4.** RCW 71.05.150 and 2018 c 291 s 4 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, substance use disorder, or both presents a likelihood of serious harm or is gravely disabled, or that a person is in need of assisted outpatient behavioral health treatment; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or involuntary outpatient treatment, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention under this section or a petition for involuntary outpatient behavioral health treatment under RCW 71.05.148. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis

stabilization unit, triage facility, or approved substance use disorder treatment program.

(2)(a) An order to detain a person with a mental disorder to a designated evaluation and treatment facility, or to detain a person with a substance use disorder to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, for not more than a seventy-two-hour evaluation and treatment period may be issued by a judge of the superior court upon request of a designated crisis responder, subject to (d) of this subsection, whenever it appears to the satisfaction of a judge of the superior court:

(i) That there is probable cause to support the petition; and

(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(d) A court may not issue an order to detain a person to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program, and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

**Sec. 5.** RCW 71.05.150 and 2018 c 291 s 5 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, substance use disorder, or both presents a likelihood of serious harm or is gravely disabled, or that a person is in need of assisted outpatient behavioral health treatment; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or involuntary outpatient treatment, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention under this section or a petition for involuntary outpatient behavioral health treatment under RCW 71.05.148. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, triage facility, or approved substance use disorder treatment program.

(2)(a) An order to detain a person with a mental disorder to a designated evaluation and treatment facility, or to detain a person with a substance use disorder to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, for not more than a seventy-two-hour evaluation and treatment period may be issued by a judge of the superior court upon request of a designated crisis responder whenever it appears to the satisfaction of a judge of the superior court:

(i) That there is probable cause to support the petition; and

(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a

notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program, and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

**Sec. 6.** RCW 71.05.153 and 2016 sp.s. c 29 s 212 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(2) When a designated crisis responder receives information alleging that a person, as the result of substance use disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken, into emergency custody in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance

use disorder treatment program for not more than seventy-two hours as described in RCW 71.05.180, if a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program is available and has adequate space for the person.

(3)(a) Subject to (b) of this subsection, a peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, approved substance use disorder treatment program, or the emergency department of a local hospital under the following circumstances:

(b) A peace officer's delivery of a person, based on a substance use disorder, to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program is subject to the availability of a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(4) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, triage facility that has elected to operate as an involuntary facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program by peace officers pursuant to subsection (3) of this section may be held by the facility for a period of up to twelve hours, not counting time periods prior to medical clearance.

(5) Within three hours after arrival, not counting time periods prior to medical clearance, the person must be examined by a mental health professional. Within twelve hours of notice of the need for evaluation, not counting time periods prior to medical clearance, the designated crisis responder must determine whether the individual meets detention criteria. If the individual is detained, the designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the mental health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(6) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated mental health professional has totally disregarded the requirements of this section.

**Sec. 7.** RCW 71.05.153 and 2016 sp.s. c 29 s 213 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(2) When a designated crisis responder receives information alleging that a person, as the result of substance use disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken, into emergency custody in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, approved substance use disorder treatment program, or the emergency department of a local hospital under the following circumstances:

(a) Pursuant to subsection (1) or (2) of this section;  
or

(b) When he or she has reasonable cause to believe that such person is suffering from a mental disorder or substance use disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

If the individual is detained, the designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence

service on the designated attorney for the detained person. If the individual is released to the community, the mental health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(6) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated mental health professional has totally disregarded the requirements of this section.

**Sec. 8.** RCW 71.05.210 and 2017 3rd sp.s. c 14 s 15 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program, or, if detained to a secure ~~((detoxification))~~ withdrawal management and

stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement; however, a person may only be referred to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

**Sec. 9.** RCW 71.05.210 and 2017 3rd sp.s. c 14 s 16 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a

voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program, or, if detained to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement.

(3) An evaluation and treatment center, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

**Sec. 10.** RCW 71.05.220 and 2016 sp.s. c 29 s 229 are each amended to read as follows:

At the time a person is involuntarily admitted to an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program, the professional person in charge or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court.

**Sec. 11.** RCW 71.05.240 and 2018 c 291 s 7 and 2018 c 201 s 3009 are each reenacted and amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may

also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure ~~((detoxification))~~ withdrawal management and stabilization facility or an approved substance use disorder treatment program. A court may only enter a commitment order based on a substance use disorder if there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days.

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as

required by RCW 71.05.310. If the commitment is for mental health treatment, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

**Sec. 12.** RCW 71.05.240 and 2018 c 291 s 8 and 2018 c 201 s 3010 are each reenacted and amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure ~~((detoxification))~~ withdrawal management and stabilization facility or an approved substance use disorder treatment program.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not

present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days.

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

**Sec. 13.** RCW 71.05.360 and 2017 3rd sp.s. c 14 s 20 are each amended to read as follows:

(1)(a) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter, which shall be prominently posted in the facility, and shall retain all rights not denied him or her under this chapter except as chapter 9.41 RCW may limit the right of a person to purchase or possess a firearm or to qualify for a concealed pistol license if the person is committed under RCW 71.05.240 or 71.05.320 for mental health treatment.

(b) No person shall be presumed incompetent as a consequence of receiving an evaluation or voluntary or involuntary treatment for a mental disorder or substance use disorder, under this chapter or any prior laws of this state dealing with mental illness or substance use disorders. (4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person qualified to provide such services.

(5) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, personal representative, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(b) The person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney that the mental health professional has designated pursuant to this chapter;

(c) The person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) The person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) The person has the right to refuse psychiatric medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(6) When proceedings are initiated under RCW 71.05.153, no later than twelve hours after such person is admitted to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program the personnel of the facility or the designated crisis responder shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on the designated attorney.

(7) The judicial hearing described in subsection (5) of this section is hereby authorized, and shall be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

(8) At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

(a) To present evidence on his or her behalf;

(b) To cross-examine witnesses who testify against him or her;

(c) To be proceeded against by the rules of evidence;

(d) To remain silent;

(e) To view and copy all petitions and reports in the court file.

(9) Privileges between patients and physicians, physician assistants, psychologists, or psychiatric advanced registered nurse practitioners are deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(10) Insofar as danger to the person or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights:

(a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(b) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(c) To have access to individual storage space for his or her private use;

(d) To have visitors at reasonable times;

(e) To have reasonable access to a telephone, both to make and receive confidential calls, consistent with an effective treatment program;

(f) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(g) To discuss treatment plans and decisions with professional persons;

(h) Not to consent to the administration of antipsychotic medications and not to thereafter be administered antipsychotic medications unless ordered by a court under RCW 71.05.217 or pursuant to an administrative hearing under RCW 71.05.215;

(i) Not to consent to the performance of electroconvulsant therapy or surgery, except emergency lifesaving surgery, unless ordered by a court under RCW 71.05.217;

(j) Not to have psychosurgery performed on him or her under any circumstances;

(k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue.

(11) Every person involuntarily detained shall immediately be informed of his or her right to a hearing to review the legality of his or her detention and of his or her right to counsel, by the professional person in charge of the facility providing evaluation and treatment, or his or her designee, and, when appropriate, by the court. If the person so elects, the court shall immediately appoint an attorney to assist him or her.

(12) A person challenging his or her detention or his or her attorney shall have the right to designate and have the court appoint a reasonably available independent physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person to examine the person detained, the results of which examination may be used in the proceeding. The person shall, if he or she is financially able, bear the cost of such expert examination, otherwise such expert examination shall be at public expense.

(13) Nothing contained in this chapter shall prohibit the patient from petitioning by writ of habeas corpus for release.

(14) Nothing in this chapter shall prohibit a person committed on or prior to January 1, 1974, from exercising a right available to him or her at or prior to January 1, 1974, for obtaining release from confinement.

(15) Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or an active condition of supervision by the department of corrections.

**Sec. 14.** RCW 71.05.590 and 2018 c 291 s 9 and 2018 c 201 s 3026 are each reenacted and amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order. The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure ~~((detoxification))~~ withdrawal management and stabilization facility with available space or an approved substance use disorder treatment program with available space if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an

agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initiate initial inpatient detention procedures under subsection (6) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) Except as provided in subsection (6) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment and has adequate space. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection (6) of this section, a person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally

ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection (6) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program under this subsection unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

(6)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to seventy-two hours, excluding weekends and holidays, pending a court hearing. If the

person is not detained, the hearing must be scheduled within seventy-two hours of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the seventy-two hour period, the court must find that the person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

(d) A court may not issue an order to detain a person for inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder program under this subsection unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

**Sec. 15.** RCW 71.05.590 and 2018 c 291 s 10 and 2018 c 201 s 3027 are each reenacted and amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order. The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initial inpatient detention procedures under subsection (6) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) Except as provided in subsection (6) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to

provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection (6) of this section, a person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection (6) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified

under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

(6)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to seventy-two hours, excluding weekends and holidays, pending a court hearing. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the seventy-two hour period, the court must find that the person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

(d) A court may not issue an order to detain a person for inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder program under this subsection unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

**Sec. 16.** RCW 71.05.760 and 2018 c 201 s 3035 are each amended to read as follows:

(1)(a) By April 1, 2018, the authority, by rule, must combine the functions of a designated mental health professional and designated chemical dependency specialist by establishing a designated crisis responder who is

authorized to conduct investigations, detain persons up to seventy-two hours to the proper facility, and carry out the other functions identified in this chapter and chapter 71.34 RCW. The behavioral health organizations shall provide training to the designated crisis responders as required by the authority.

(b)(i) To qualify as a designated crisis responder, a person must have received chemical dependency training as determined by the department and be a:

(A) Psychiatrist, psychologist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or social worker;

(B) Person who is licensed by the department as a mental health counselor or mental health counselor associate, or marriage and family therapist or marriage and family therapist associate;

(C) Person with a master's degree or further advanced degree in counseling or one of the social sciences from an accredited college or university and who have, in addition, at least two years of experience in direct treatment of persons with mental illness or emotional disturbance, such experience gained under the direction of a mental health professional;

(D) Person who meets the waiver criteria of RCW 71.24.260, which waiver was granted before 1986;

(E) Person who had an approved waiver to perform the duties of a mental health professional that was requested by the regional support network and granted by the department of social and health services before July 1, 2001; or

(F) Person who has been granted an exception of the minimum requirements of a mental health professional by the department consistent with rules adopted by the secretary.

(ii) Training must include chemical dependency training specific to the duties of a designated crisis responder, including diagnosis of substance abuse and dependence and assessment of risk associated with substance use.

(c) The authority must develop a transition process for any person who has been designated as a designated mental health professional or a designated chemical dependency specialist before April 1, 2018, to be converted to a designated crisis responder. The behavioral health organizations shall provide training, as required by the authority, to persons converting to designated crisis responders, which must include both mental health and chemical dependency training applicable to the designated crisis responder role.

(2)(a) The authority must ensure that at least one sixteen-bed secure ~~((detoxification))~~ withdrawal management and stabilization facility is operational by April 1, 2018, and that at least two sixteen-bed secure ~~((detoxification))~~ withdrawal management and stabilization facilities are operational by April 1, 2019.

(b) If, at any time during the implementation of secure ~~((detoxification))~~ withdrawal management and stabilization facility capacity, federal funding becomes unavailable for federal match for services provided in secure ~~((detoxification))~~ withdrawal management and stabilization facilities, then the authority must cease any expansion of secure ~~((detoxification))~~ withdrawal management and stabilization facilities until further direction is provided by the legislature.

**Sec. 17.** RCW 71.05.190 and 2016 sp.s. c 29 s 220 are each amended to read as follows:

If the person is not approved for admission by a facility providing seventy-two hour evaluation and treatment, and the individual has not been arrested, the facility shall furnish transportation, if not otherwise available, for the person to his or her place of residence or other appropriate place. If the individual has been arrested, the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program shall detain the individual for not more than eight hours at the request of the peace officer. The facility shall make reasonable attempts to contact the requesting peace officer during this time to inform the peace officer that the person is not approved for admission in order to enable a peace officer to return to the facility and take the individual back into custody.

**Sec. 18.** RCW 71.05.180 and 2016 sp.s. c 29 s 219 are each amended to read as follows:

If the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admits the person, it may detain him or her for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance as set forth in RCW 71.05.170. The computation of such seventy-two hour period shall exclude Saturdays, Sundays and holidays.

**Sec. 19.** RCW 71.05.160 and 2016 sp.s. c 29 s 217 are each amended to read as follows:

Any facility receiving a person pursuant to RCW 71.05.150 or 71.05.153 shall require the designated crisis responder to prepare a petition for initial detention stating the circumstances under which the person's condition was made known and stating that there is evidence, as a result of his or her personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm, or that he or she is gravely disabled, and stating the specific facts known to him or her as a result of his or her personal observation or investigation, upon which he or she bases the belief that such person should be detained for the purposes and under the authority of this chapter.

If a person is involuntarily placed in an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal

management and stabilization facility, or approved substance use disorder treatment program pursuant to RCW 71.05.150 or 71.05.153, on the next judicial day following the initial detention, the designated crisis responder shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention.

**Sec. 20.** RCW 71.05.157 and 2016 sp.s. c 29 s 216 are each amended to read as follows:

(1) When a designated crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated crisis responder and the department of corrections of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated crisis responder detains a person under this chapter, the designated crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated crisis responder to provide offender supervision.

(6) No jail or state correctional facility may be considered a less restrictive alternative to an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program.

**Sec. 21.** RCW 71.05.148 and 2018 c 291 s 3 are each amended to read as follows:

This section establishes a process for initial evaluation and filing of a petition for assisted outpatient behavioral health treatment, but however does not preclude the filing of a petition for assisted outpatient behavioral

health treatment following a period of inpatient detention in appropriate circumstances:

(1) The designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at a mental health facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program.

(2) The designated crisis responder must investigate and evaluate the specific facts alleged and the reliability or credibility of any person providing information. The designated crisis responder may spend up to forty-eight hours to complete the investigation, provided that the person may not be held for investigation for any period except as authorized by RCW 71.05.050 or 71.05.153.

(3) If the designated crisis responder finds that the person is in need of assisted outpatient behavioral health treatment, they may file a petition requesting the court to enter an order for up to ninety days ~~((or))~~ of less restrictive alternative treatment. The petition must include:

(a) A statement of the circumstances under which the person's condition was made known and stating that there is evidence, as a result of the designated crisis responder's personal observation or investigation, that the person is in need of assisted outpatient behavioral health treatment, and stating the specific facts known as a result of personal observation or investigation, upon which the designated crisis responder bases this belief;

(b) The declaration of additional witnesses, if any, supporting the petition for assisted outpatient behavioral health treatment;

(c) A designation of retained counsel for the person or, if counsel is appointed, the name, business address, and telephone number of the attorney appointed to represent the person;

(d) The name of an agency or facility which agreed to assume the responsibility of providing less restrictive alternative treatment if the petition is granted by the court;

(e) A summons to appear in court at a specific time and place within five judicial days for a probable cause hearing, except as provided in subsection (4) of this section.

(4) If the person is in the custody of jail or prison at the time of the investigation, a petition for assisted outpatient behavioral health treatment may be used to facilitate continuity of care after release from custody or the diversion of criminal charges as follows:

(a) If the petition is filed in anticipation of the person's release from custody, the summons may be for a date up to five judicial days following the person's anticipated release date, provided that a clear time and place for the hearing is provided; or

(b) The hearing may be held prior to the person's release from custody, provided that (i) the filing of the petition does not extend the time the person would otherwise spend in the custody of jail or prison; (ii) the charges or

The designated crisis responder shall file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The designated crisis responder shall commence service of the petition for initial detention and notice of the initial detention on the minor's parent and the minor's attorney as soon as possible following the initial detention.

(3) At the time of initial detention, the designated crisis responder shall advise the minor both orally and in writing that if admitted to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the minor's provisional acceptance to determine whether probable cause exists to commit the minor for further treatment.

The minor shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the minor is indigent.

(4) Whenever the designated crisis responder petitions for detention of a minor under this chapter, an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. Within twenty-four hours of the minor's arrival, the facility must evaluate the minor's condition and either admit or release the minor in accordance with this chapter.

(5) If a minor is not approved for admission by the inpatient evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program, the facility shall make such recommendations and referrals for further care and treatment of the minor as necessary.

**Sec. 34.** RCW 71.34.720 and 2018 c 201 s 5017 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist, for minors admitted as a result of a mental disorder, or by a chemical dependency professional, for minors admitted as a result of a substance use disorder, as to the child's mental condition and by a physician, physician assistant, or psychiatric advanced registered nurse practitioner as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement; however a minor may only be referred to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and that has adequate space for the minor.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

**Sec. 35.** RCW 71.34.720 and 2018 c 201 s 5018 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist, for minors admitted as a result of a mental disorder, or by a chemical dependency professional, for minors admitted as a result of a substance use disorder, as to the child's mental condition and by a physician, physician assistant, or psychiatric advanced registered nurse practitioner as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

**Sec. 36.** RCW 71.34.730 and 2016 sp.s. c 29 s 273 and 2016 c 155 s 20 are each reenacted and amended to read as follows:

(1) The professional person in charge of an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program where a minor has been admitted involuntarily for the initial seventy-two hour treatment period under this chapter may petition to

have a minor committed to an evaluation and treatment facility or, in the case of a minor with a substance use disorder, to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program for fourteen-day diagnosis, evaluation, and treatment.

If the professional person in charge of the facility does not petition to have the minor committed, the parent who has custody of the minor may seek review of that decision in court. The parent shall file notice with the court and provide a copy of the treatment and evaluation facility's report.

(2) A petition for commitment of a minor under this section shall be filed with the superior court in the county where the minor is residing or being detained.

(a) A petition for a fourteen-day commitment shall be signed by:

(ii) One physician, physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional.

(b) If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner. The person signing the petition must have examined the minor, and the petition must contain the following:

~~((A))~~ (i) The name and address of the petitioner;

~~((B))~~ (ii) The name of the minor alleged to meet the criteria for fourteen-day commitment;

~~((E))~~ (v) A statement that the minor has been advised of the need for voluntary treatment but has been unwilling or unable to consent to necessary treatment;

~~((F))~~ (vi) If the petition is for mental health treatment, a statement that the minor has been advised of the loss of firearm rights if involuntarily committed;

~~((G))~~ (vii) A statement recommending the appropriate facility or facilities to provide the necessary treatment; and

~~((H))~~ (viii) A statement concerning whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

~~((b))~~ (c) A copy of the petition shall be personally delivered to the minor by the petitioner or petitioner's designee. A copy of the petition shall be sent to the minor's attorney and the minor's parent.

**Sec. 37.** RCW 71.34.740 and 2016 sp.s. c 29 s 274 are each amended to read as follows:

(1) A commitment hearing shall be held within seventy-two hours of the minor's admission, excluding Saturday, Sunday, and holidays, unless a continuance is requested by the minor or the minor's attorney.

(2) The commitment hearing shall be conducted at the superior court or an appropriate place at the facility in which the minor is being detained.

(3) At the commitment hearing, the evidence in support of the petition shall be presented by the county prosecutor.

(4) The minor shall be present at the commitment hearing unless the minor, with the assistance of the minor's attorney, waives the right to be present at the hearing.

(5) If the parents are opposed to the petition, they may be represented at the hearing and shall be entitled to court-appointed counsel if they are indigent.

(6) At the commitment hearing, the minor shall have the following rights:

(a) To be represented by an attorney;

(b) To present evidence on his or her own behalf;

(c) To question persons testifying in support of the petition.

(7) If the hearing is for commitment for mental health treatment, the court at the time of the commitment hearing and before an order of commitment is entered shall inform the minor both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.34.730 will result in the loss of his or her firearm rights if the minor is subsequently detained for involuntary treatment under this section.

(8) If the minor has received medication within twenty-four hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(9) Rules of evidence shall not apply in fourteen-day commitment hearings.

(10) For a fourteen-day commitment, the court must find by a preponderance of the evidence that:

(a) The minor has a mental disorder or substance use disorder and presents a likelihood of serious harm or is gravely disabled;

(b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and

treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program to which continued inpatient care is sought or is in need of less restrictive alternative treatment found to be in the best interests of the minor;

(c) The minor is unwilling or unable in good faith to consent to voluntary treatment; and

(d) If commitment is for a substance use disorder, there is an available secure ((~~detoxification~~)) withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the minor.

(11) If the court finds that the minor meets the criteria for a fourteen-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. If the court determines that the minor does not meet the criteria for a fourteen-day commitment, the minor shall be released.

(12) Nothing in this section prohibits the professional person in charge of the facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. The release may be subject to reasonable conditions if appropriate.

Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(13) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for one hundred eighty-day commitment is pending before the court.

**Sec. 38.** RCW 71.34.740 and 2016 sp.s. c 29 s 275 are each amended to read as follows:

(5) If the parents are opposed to the petition, they may be represented at the hearing and shall be entitled to court-appointed counsel if they are indigent.

(6) At the commitment hearing, the minor shall have the following rights:

(a) To be represented by an attorney;

(b) To present evidence on his or her own behalf;

(c) To question persons testifying in support of the petition.

(7) If the hearing is for commitment for mental health treatment, the court at the time of the commitment hearing and before an order of commitment is entered shall inform the minor both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.34.730 will result in the loss of his or her firearm rights if the minor is subsequently detained for involuntary treatment under this section.

(8) If the minor has received medication within twenty-four hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(9) Rules of evidence shall not apply in fourteen-day commitment hearings.

(10) For a fourteen-day commitment, the court must find by a preponderance of the evidence that:

(a) The minor has a mental disorder or substance use disorder and presents a likelihood of serious harm or is gravely disabled;

(b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program to which continued inpatient care is sought or is in need of less restrictive alternative treatment found to be in the best interests of the minor; and

(c) The minor is unwilling or unable in good faith to consent to voluntary treatment.

(11) If the court finds that the minor meets the criteria for a fourteen-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. If the court determines that the minor does not meet the criteria for a fourteen-day commitment, the minor shall be released.

(12) Nothing in this section prohibits the professional person in charge of the facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. The release may be subject to reasonable conditions if appropriate.

Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(13) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for one hundred eighty-day commitment is pending before the court.

**Sec. 39.** RCW 71.34.750 and 2016 sp.s. c 29 s 276 and 2016 c 155 s 21 are each reenacted and amended to read as follows:

(1) At any time during the minor's period of fourteen-day commitment, the professional person in charge may petition the court for an order requiring the minor to undergo an additional one hundred eighty-day period of treatment. The evidence in support of the petition shall be presented by the county prosecutor unless the petition is filed by the professional person in charge of a state-operated facility in which case the evidence shall be presented by the attorney general.

(2) The petition for one hundred eighty-day commitment shall contain the following:

(a) The name and address of the petitioner or petitioners;

(b) The name of the minor alleged to meet the criteria for one hundred eighty-day commitment;

(c) A statement that the petitioner is the professional person in charge of the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program responsible for the treatment of the minor;

(d) The date of the fourteen-day commitment order; and

(e) A summary of the facts supporting the petition.

(3) The petition shall be supported by accompanying affidavits signed by: (a) Two examining physicians, one of whom shall be a child psychiatrist, or two psychiatric advanced registered nurse practitioners, one of whom shall be a child and adolescent or family psychiatric advanced registered nurse practitioner. If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner, or two physician assistants, one of whom must be supervised by a child psychiatrist; (b) one children's mental health specialist and either an examining physician, physician assistant, or a psychiatric advanced registered nurse practitioner; or (c) two among an examining physician, physician assistant, and a psychiatric advanced registered nurse practitioner, one of which needs to be a child psychiatrist ~~((-))~~, a physician assistant supervised by a child psychiatrist, or a child and adolescent psychiatric nurse practitioner. The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition shall

be provided to such persons at least twenty-four hours prior to the hearing.

(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment:

(a) The court must find by clear, cogent, and convincing evidence that the minor:

(i) Is suffering from a mental disorder or substance use disorder;

(ii) Presents a likelihood of serious harm or is gravely disabled; and

(iii) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(b) If commitment is for a substance use disorder, the court must find that there is an available approved substance use disorder treatment program that has adequate space for the minor.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed to the custody of the secretary for further inpatient mental health treatment, to an approved substance use disorder treatment program for further substance use disorder treatment, or to a private treatment and evaluation facility for inpatient mental health or substance use disorder treatment if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order.

**Sec. 40.** RCW 71.34.750 and 2016 sp.s. c 29 s 277 are each amended to read as follows:

(1) At any time during the minor's period of fourteen-day commitment, the professional person in charge may petition the court for an order requiring the minor to undergo an additional one hundred eighty-day period of treatment. facility in which case the evidence shall be presented by the attorney general.

(2) The petition for one hundred eighty-day commitment shall contain the following:

(a) The name and address of the petitioner or petitioners;

(b) The name of the minor alleged to meet the criteria for one hundred eighty-day commitment;

(c) A statement that the petitioner is the professional person in charge of the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program responsible for the treatment of the minor;

(d) The date of the fourteen-day commitment order; and

The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. (5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment, the court must find by clear, cogent, and convincing evidence that the minor:

(a) Is suffering from a mental disorder or substance use disorder;

(b) Presents a likelihood of serious harm or is gravely disabled; and

(c) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed to the custody of the secretary for further inpatient mental health treatment, to an approved substance use disorder treatment program for further substance use disorder treatment, or to a private treatment and evaluation facility for inpatient mental health or substance use disorder treatment if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order.

**Sec. 41.** RCW 71.34.780 and 2018 c 201 s 5020 are each amended to read as follows:

(1) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor, if committed for mental health treatment, be taken into custody and transported to an inpatient evaluation and treatment facility or, if committed for substance use disorder treatment, be taken into custody and transported to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the minor.

(2) The designated crisis responder or the director or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service

the minor shall be informed of the right to a hearing and to representation by an attorney. The designated crisis responder or the director or secretary, as appropriate, may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director or secretary, as appropriate, with the court in the county ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or, subject to subsection (4) of this section, whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions.

(4) A court may not order the return of a minor to inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available with adequate space for the minor.

**Sec. 42.** RCW 71.34.780 and 2018 c 201 s 5021 are each amended to read as follows:

(1) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor, if committed for mental health treatment, be taken into custody and transported to an inpatient evaluation and treatment facility or, if committed for substance use disorder treatment, be taken into custody

and transported to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program.

(2) The designated crisis responder or the director or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The designated crisis responder or the director or secretary, as appropriate, may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director or secretary, as appropriate, with the court in the county ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions.

**Sec. 43.** RCW 18.130.175 and 2006 c 99 s 7 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs

under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinary [disciplining]))~~ disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinary [disciplining]))~~ disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by

the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

- (i) An approved monitoring treatment program;
- (ii) The professional association operating the program;
- (iii) Members, employees, or agents of the program or association;
- (iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and
- (v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

(8) In the case of a person who is applying to be an agency affiliated counselor registered under chapter 18.19 RCW and practices or intends to practice as a peer counselor in an agency, as defined in RCW 18.19.020, if the person is:

(a) Less than one year in recovery from a substance use disorder, the duration of time that the person may be required to participate in the voluntary substance abuse monitoring program may not exceed the amount of time necessary for the person to achieve one year in recovery; or

(b) At least one year in recovery from a substance use disorder, the person may not be required to participate in the substance abuse monitoring program.

**Sec. 44.** RCW 43.43.842 and 2014 c 88 s 1 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall make the disclosures in writing, sign, and swear to the contents under penalty of perjury. The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation, and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(c) The offense was theft in the third degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(d) The offense was theft in the second degree, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(e) The offense was forgery, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(f) The department of social and health services reviewed the employee's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002, and determined that such employee could remain in a position covered by this section; or

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as an agency affiliated counselor registered under chapter 18.19 RCW practicing as a peer counselor in an agency or facility if:

(a) At least one year has passed between the applicant's most recent conviction for an offense set forth in subsection (2) of this section and the date of application for employment;

(b) The offense was committed as a result of the person's substance use or untreated mental health symptoms; and

(c) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from mental health challenges.

(4) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

**NEW SECTION. Sec. 45.** A new section is added to chapter 18.19 RCW to read as follows:

The department may not automatically deny an applicant for registration under this chapter for a position as an agency affiliated counselor practicing as a peer counselor in an agency or facility based on a conviction history consisting of convictions for simple assault, assault in the fourth degree, prostitution, theft in the third degree, theft in the second degree, or forgery, the same offenses as they may

be renamed, or substantially equivalent offenses committed in other states or jurisdictions if:

(1) At least one year has passed between the applicant's most recent conviction for an offense set forth in this section and the date of application for employment;

(2) The offense was committed as a result of the person's substance use or untreated mental health symptoms; and

(3) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from mental health challenges.

**Sec. 46.** RCW 18.130.055 and 2016 c 81 s 12 are each amended to read as follows:

(1) The disciplining authority may deny an application for licensure or grant a license with conditions if the applicant:

(a) Has had his or her license to practice any health care profession suspended, revoked, or restricted, by competent authority in any state, federal, or foreign jurisdiction;

(b) Has committed any act defined as unprofessional conduct for a license holder under RCW 18.130.180, except as provided in RCW 9.97.020;

(c) Has been convicted or is subject to current prosecution or pending charges of a crime involving moral turpitude or a crime identified in RCW 43.43.830, except as provided in RCW 9.97.020 and section 45 of this act. For purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the prosecution or sentence has been deferred or suspended. At the request of an applicant for an original license whose conviction is under appeal, the disciplining authority may defer decision upon the application during the pendency of such a prosecution or appeal;

(d) Fails to prove that he or she is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), or the rules adopted by the disciplining authority; or

(e) Is not able to practice with reasonable skill and safety to consumers by reason of any mental or physical condition.

(i) The disciplining authority may require the applicant, at his or her own expense, to submit to a mental, physical, or psychological examination by one or more licensed health professionals designated by the disciplining authority. The disciplining authority shall provide written notice of its requirement for a mental or physical examination that includes a statement of the specific conduct, event, or circumstances justifying an examination and a statement of the nature, purpose, scope, and content of the intended examination. If the applicant fails to submit to the examination or provide the results of the examination or

any required waivers, the disciplining authority may deny the application.

(ii) An applicant governed by this chapter is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and further to have waived all objections to the admissibility or use of the examining health professional's testimony or examination reports by the disciplining authority on the grounds that the testimony or reports constitute privileged communications.

(2) The provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to a decision to deny a license under this section.

(3) The disciplining authority shall give written notice to the applicant of the decision to deny a license or grant a license with conditions in response to an application for a license. The notice must state the grounds and factual basis for the action and be served upon the applicant.

(4) A license applicant who is aggrieved by the decision to deny the license or grant the license with conditions has the right to an adjudicative proceeding. The application for adjudicative proceeding must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, and be served on and received by the department within twenty-eight days of the decision. The license applicant has the burden to establish, by a preponderance of evidence, that the license applicant is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), and the rules adopted by the disciplining authority.

**Sec. 47.** RCW 18.19.210 and 2013 c 338 s 6 are each amended to read as follows:

(1)(a) An applicant for registration as an agency affiliated counselor who applies to the department within ~~((seven))~~ thirty days of employment by an agency may work as an agency affiliated counselor ~~((for up to sixty days))~~ while the application is processed. The applicant must ~~((stop working on the sixtieth day of employment if the registration has not been granted for any reason))~~ provide required documentation within reasonable time limits established by the department, and if the applicant does not do so, the applicant must stop working.

(b) The applicant may not provide unsupervised counseling prior to completion of a criminal background check performed by either the employer or the secretary. For purposes of this subsection, "unsupervised" means the supervisor is not physically present at the location where the counseling occurs.

(2) Agency affiliated counselors shall notify the department if they are either no longer employed by the agency identified on their application or are now employed with another agency, or both. Agency affiliated counselors may not engage in the practice of counseling unless they are currently affiliated with an agency.

**NEW SECTION. Sec. 48.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the Washington state health care authority.

(2) "Peer support services" means services authorized under RCW 71.24.385 which are delivered by individuals who have common life experiences with the people they are serving.

**NEW SECTION. Sec. 49.** (1) The authority shall administer a peer counselor certification program to support the delivery of peer support services in Washington state.

(2) By July 1, 2019, the authority shall incorporate education and training for substance use disorder peers in its peer counselor certification program.

(3) By July 1, 2019, the authority must include reimbursement for peer support services by substance use disorder peers in its behavioral health capitation rates and allow for federal matching funds, consistent with the directive enacted in section 213(5)(ss), chapter 299, Laws of 2018 (ESSB 6032).

**NEW SECTION. Sec. 50.** To ensure an adequate workforce of peer counselors, the authority must approve entities to perform specialized peer training for peer counselor certification using the state curriculum upon request if the entity meets qualifications to perform the training as determined by the authority.

**NEW SECTION. Sec. 51.** (1) The authority shall cooperate with the department of health to complete the sunrise review required under section 52 of this act.

(2) This section expires June 30, 2021.

**NEW SECTION. Sec. 52.** (1) The department of health shall conduct a sunrise review under chapter 18.120 RCW to evaluate transfer of the peer support counselor certification program under this chapter to the department of health with modifications to allow the program to become a license or certification under the oversight of the department of health subject to oversight, structure, discipline, and continuing education requirements typical of other programs related to behavioral health administered by the department of health. The plan for modification of the program must allow for grandfathering of current individuals who hold the peer support counselor certification. The sunrise review must evaluate the effect of these modifications on professionalism, portability, scope of practice, approved practice locations, workforce, bidirectional integration, and appropriate deployment of peer support services throughout the health system.

(2) The department of health shall conduct a sunrise review under chapter 18.120 RCW to evaluate the need for creation of an advanced peer support specialist credential to

provide a license to perform peer support services in the areas of mental health, substance use disorders, and forensic behavioral health. The requirements for this credential must be accessible to persons in recovery and:

(a) Integrate with and complement the attributes of the peer counselor certification program administered by the Washington state health care authority under section 48 of this act;

(b) Provide education, experience, and training requirements that are more stringent than the requirements for the peer counselor certification program but less extensive than the requirements for licensure or certification under other credentials related to behavioral health which are administered by the department of health;

(c) Provide oversight, structure, discipline, and continuing education requirements typical for other professional licenses and certifications;

(d) Allow advanced peer support specialists to maximize the scope of practice suitable to their skills, lived experience, education, and training;

(e) Allow advanced peer support specialists to practice and receive reimbursement in behavioral health capitation rates in the full range of settings in which clients receive behavioral health services which are appropriate for their participation;

(f) Provide a path for career progression to more advanced credentials for those who are interested in pursuing them; and

(g) Incorporate consideration of common barriers to certification and licensure related to criminal history and recovery from behavioral health disorders experienced by peers and accommodate applicants who have these lived experiences to the greatest extent consistent with prudence and client safety.

(3) This section expires June 30, 2021.

**NEW SECTION. Sec. 53.** Sections 48 through 52 of this act constitute a new chapter in Title 70 RCW.

**NEW SECTION. Sec. 54.** Sections 48 through 53 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2019.

**NEW SECTION. Sec. 55.** Sections 4, 6, 8, 11, 14, 30, 32, 34, 37, 39, and 41 of this act expire July 1, 2026.

**NEW SECTION. Sec. 56.** Sections 5, 7, 9, 12, 15, 31, 33, 35, 38, 40, and 42 of this act take effect July 1, 2026."

The Senate further adopted amendment 1923-S2.E AMS PALU S4355.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 57. A new section is added to chapter 36.70A RCW to read as follows:

(1) A city planning pursuant to RCW 36.70A.040 is encouraged to take the following actions in order to increase its residential building capacity:

(a) Authorize development in one or more areas of not fewer than five hundred acres that include at least one train station served by commuter rail or light rail with an average of at least fifty residential units per acre that require no more than an average of one on-site parking space per two bedrooms in the portions of multifamily zones that are located within the areas;

(b) Authorize development in one or more areas of not fewer than five hundred acres in cities with a population greater than forty thousand or not fewer than two hundred fifty acres in cities with a population less than forty thousand that include at least one bus stop served by scheduled bus service of at least four times per hour for twelve or more hours per day with an average of at least twenty-five residential units per acre that require no more than an average of one on-site parking space per two bedrooms in portions of the multifamily zones that are located within the areas;

(c) Authorize at least one duplex, triplex, or courtyard apartment on each parcel in one or more zoning districts that permit single-family residences unless a city documents a specific infrastructure of physical constraint that would make this requirement unfeasible for a particular parcel;

(d) Authorize cluster zoning or lot size averaging in all zoning districts that permit single-family residences;

(e) Authorize attached accessory dwelling units on all parcels containing single-family homes where the lot is at least three thousand two hundred square feet in size, and permit both attached and detached accessory dwelling units on all parcels containing single-family homes, provided lots

are at least four thousand three hundred fifty-six square feet in size. Qualifying city ordinances or regulations may not provide for on-site parking requirements, owner occupancy requirements, or square footage limitations below one thousand square feet for the accessory dwelling unit, and must not prohibit the separate rental or sale of accessory dwelling units and the primary residence. Cities must set applicable impact fees at no more than the projected impact of the accessory dwelling unit. To allow local flexibility, other than these factors, accessory dwelling units may be subject to such regulations, conditions, procedures, and limitations as determined by the local legislative authority, and must follow all applicable state and federal laws and local ordinances;

(f) Adopt a subarea plan pursuant to RCW 43.21C.420;

(g) Adopt a planned action pursuant to RCW 43.21C.440(1)(b)(ii), except that an environmental impact statement pursuant to RCW 43.21C.030 is not required for such an action;

(h) Adopt increases in categorical exemptions pursuant to RCW 43.21C.229 for residential or mixed-use development;

(i) Adopt a form-based code in one or more zoning districts that permit residential uses. "Form-based code" means a land development regulation that uses physical form, rather than separation of use, as the organizing principle for the code;

(j) Authorize a duplex on each corner lot within all zoning districts that permit single-family residences;

(k) Allow for the division or redivision of land into the maximum number of lots through the short subdivision process provided in chapter 58.17 RCW; and

(l) Authorize a minimum net density of six dwelling units per acre in all residential zones, where the residential development capacity will increase within the city.

(2) A city planning pursuant to RCW 36.70A.040 may adopt a housing action plan as described in this subsection. The goal of any such housing plan must be to encourage construction of additional affordable and market rate housing in a greater variety of housing types and at prices that are accessible to a greater variety of incomes, including strategies aimed at the for-profit single-family home market. A housing action plan may utilize data compiled pursuant to section 3 of this act. The housing action plan should:

(a) Quantify existing and projected housing needs for all income levels, including extremely low-income households, with documentation of housing and household characteristics, and cost-burdened households;

(b) Develop strategies to increase the supply of housing, and variety of housing types, needed to serve the housing needs identified in (a) of this subsection;

(c) Analyze population and employment trends, with documentation of projections;

(d) Consider strategies to minimize displacement of low-income residents resulting from redevelopment;

(e) Review and evaluate the current housing element adopted pursuant to RCW 36.70A.070, including an evaluation of success in attaining planned housing types and units, achievement of goals and policies, and implementation of the schedule of programs and actions;

(f) Provide for participation and input from community members, community groups, local builders, local realtors, nonprofit housing advocates, and local religious groups; and

(g) Include a schedule of programs and actions to implement the recommendations of the housing action plan.

(3) If adopted by April 1, 2021, ordinances, amendments to development regulations, and other nonproject actions taken by a city to implement the actions specified in subsection (1) of this section, with the exception of the action specified in subsection (1)(f) of this section, are not subject to administrative or judicial appeal under chapter 43.21C RCW.

(4) Any action taken by a city prior to April 1, 2021, to amend their comprehensive plan, or adopt or amend ordinances or development regulations, solely to enact provisions under subsection (1) of this section is not subject to legal challenge under this chapter.

(5) In taking action under subsection (1) of this section, cities are encouraged to utilize strategies that increase residential building capacity in areas with frequent transit service and with the transportation and utility infrastructure that supports the additional residential building capacity.

(6) A city with a population over twenty thousand that is planning to take at least two actions under subsection (1) of this section, and that action will occur between the effective date of this section and April 1, 2021, is eligible to apply to the department for planning grant assistance of up to one hundred thousand dollars, subject to the availability of funds appropriated for that purpose. The department shall develop grant criteria to ensure that grant funds awarded are proportionate to the level of effort proposed by a city, and the potential increase in housing supply or regulatory streamlining that could be achieved. Funding may be provided in advance of, and to support, adoption of policies or ordinances consistent with this section. A city can request, and the department may award, more than one hundred thousand dollars for applications that demonstrate extraordinary potential to increase housing supply or regulatory streamlining.

(7) A city seeking to develop a housing action plan under subsection (2) of this section is eligible to apply to the department for up to one hundred thousand dollars.

(8) The department shall establish grant award amounts under subsections (6) and (7) of this section based on the expected number of cities that will seek grant assistance, to ensure that all cities can receive some level of grant support. If funding capacity allows, the department may consider accepting and funding applications from cities

with a population of less than twenty thousand if the actions proposed in the application will create a significant amount of housing capacity or regulatory streamlining and are consistent with the actions in this section.

(9) In implementing this act, cities are encouraged to prioritize the creation of affordable, inclusive neighborhoods and to consider the risk of residential displacement, particularly in neighborhoods with communities at high risk of displacement.

**Sec. 58.** RCW 36.70A.030 and 2017 3rd sp.s. c 18 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(19) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth.

When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

(24) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(25) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(26) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(27) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay, paired with on-site or off-site voluntary services designed to support a person living with a disability to be a successful tenant in a

housing arrangement, improve the resident's health status, and connect residents of the housing with community-based health care, treatment, and employment services.

(28) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

**NEW SECTION. Sec. 59.** A new section is added to chapter 36.70A RCW to read as follows:

The Washington center for real estate research at the University of Washington shall produce a report every two years that compiles housing supply and affordability metrics for each city planning under RCW 36.70A.040 with a population of ten thousand or more. The initial report, completed by October 15, 2020, must be a compilation of objective criteria relating to development regulations, zoning, income, housing and rental prices, housing affordability programs, and other metrics relevant to assessing housing supply and affordability for all income segments, including the percentage of cost-burdened households, of each city subject to the report required by this section. The report completed by October 15, 2022, must also include data relating to actions taken by cities under this act. The report completed by October 15, 2024, must also include relevant data relating to buildable lands reports prepared under RCW 36.70A.215, where applicable, and updates to comprehensive plans under this chapter. The Washington center for real estate research shall collaborate with the Washington housing finance commission and the office of financial management to develop the metrics compiled in the report. The report must be submitted, consistent with RCW 43.01.036, to the standing committees of the legislature with jurisdiction over housing issues and this chapter.

**NEW SECTION. Sec. 60.** A new section is added to chapter 43.21C RCW to read as follows:

If adopted by April 1, 2021, amendments to development regulations and other nonproject actions taken by a city to implement section 1 (1) or (4) of this act, with the exception of the action specified in section 1(1)(f) of this act, are not subject to administrative or judicial appeals under this chapter.

**NEW SECTION. Sec. 61.** A new section is added to chapter 36.70A RCW to read as follows:

In counties and cities planning under RCW 36.70A.040, minimum residential parking requirements mandated by municipal zoning ordinances for housing units constructed after July 1, 2019, are subject to the following requirements:

(1) For housing units that are affordable to very low-income or extremely low-income individuals and that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for very low-income or extremely low-income individuals. The covenant must address price restrictions and household income limits and policies if the property is converted to a use other than for low-income housing. A city may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit.

(2) For housing units that are specifically for seniors or people with disabilities, that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, a city may not impose minimum residential parking requirements for the residents of such housing units, subject to the exceptions provided in this subsection. A city may establish parking requirements for staff and visitors of such housing units. A city may establish a requirement for the provision of one or more parking space per bedroom if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for seniors or people with disabilities.

**NEW SECTION. Sec. 62.** A new section is added to chapter 43.21C RCW to read as follows:

(1) A project action pertaining to residential, multifamily, or mixed use development evaluated under this chapter by a city or town planning under RCW 36.70A.040 is exempt from appeals under this chapter on the basis of the evaluation of or impacts to transportation elements of the environment, so long as the project does not present significant adverse impacts to the state-owned transportation system as determined by the department of transportation and the project is:

(a)(i) Consistent with a locally adopted transportation plan; or

(ii) Consistent with the transportation element of a comprehensive plan; and

(b)(i) A project for which traffic or parking impact fees are imposed pursuant to RCW 82.02.050 through 82.02.090; or

(ii) A project for which traffic or parking impacts are expressly mitigated by an ordinance, or ordinances, of general application adopted by the city or town.

(2) For purposes of this section, "impacts to transportation elements of the environment" include impacts to transportation systems; vehicular traffic; waterborne, rail, and air traffic; parking; movement or circulation of people or goods; and traffic hazards.

**Sec. 63.** RCW 43.21C.420 and 2010 c 153 s 2 are each amended to read as follows:

(1) Cities with a population greater than five thousand, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within specified subareas of the cities, that are either:

(a) Areas designated as mixed-use or urban centers in a land use or transportation plan adopted by a regional transportation planning organization; or

(b) Areas within one-half mile of a major transit stop that are zoned to have an average minimum density of fifteen dwelling units or more per gross acre.

(2) Cities located on the east side of the Cascade mountains and located in a county with a population of two hundred thirty thousand or less, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within the mixed-use or urban centers. The optional elements of their comprehensive plans and optional development regulations must enhance pedestrian, bicycle, transit, or other nonvehicular transportation methods.

(3) A major transit stop is defined as:

(a) A stop on a high capacity transportation service funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing fixed route service at intervals of at least thirty minutes during the peak hours of operation.

(4)(a) A city that elects to adopt such an optional comprehensive plan element and optional development regulations shall prepare a nonproject environmental impact statement, pursuant to RCW 43.21C.030, assessing and disclosing the probable significant adverse environmental impacts of the optional comprehensive plan element and

development regulations and of future development that is consistent with the plan and regulations.

(b) At least one community meeting must be held on the proposed subarea plan before the scoping notice for such a nonproject environmental impact statement is issued. Notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all property owners of record within the subarea to be studied, to all property owners within one hundred fifty feet of the boundaries of such a subarea, to all affected federally recognized tribal governments whose ceded area is within one-half mile of the boundaries of the subarea, and to agencies with jurisdiction over the future development anticipated within the subarea.

~~(c) ((In cities with over five hundred thousand residents, notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all small businesses as defined in RCW 19.85.020, and to all community preservation and development authorities established under chapter 43.167 RCW, located within the subarea to be studied or within one hundred fifty feet of the boundaries of such subarea. The process for community involvement must have the goal of fair treatment and meaningful involvement of all people with respect to the development and implementation of the subarea planning process.~~

~~(d))~~ The notice of the community meeting must include general illustrations and descriptions of buildings generally representative of the maximum building envelope that will be allowed under the proposed plan and indicate that future appeals of proposed developments that are consistent with the plan will be limited. Notice of the community meeting must include signs located on major travel routes in the subarea. If the building envelope increases during the process, another notice complying with the requirements of this section must be issued before the next public involvement opportunity.

~~((e))~~ (d) Any person that has standing to appeal the adoption of this subarea plan or the implementing regulations under RCW 36.70A.280 has standing to bring an appeal of the nonproject environmental impact statement required by this subsection.

~~((f) Cities with over five hundred thousand residents shall prepare a study that accompanies or is appended to the nonproject environmental impact statement, but must not be part of that statement, that analyzes the extent to which the proposed subarea plan may result in the displacement or fragmentation of existing businesses, existing residents, including people living with poverty, families with children, and intergenerational households, or cultural groups within the proposed subarea plan. The city shall also discuss the results of the analysis at the community meeting.~~

~~(g))~~ (e) As an incentive for development authorized under this section, a city shall consider establishing a transfer of development rights program in consultation with the county where the city is located, that conserves county-

designated agricultural and forestland of long-term commercial significance. If the city decides not to establish a transfer of development rights program, the city must state in the record the reasons for not adopting the program. The city's decision not to establish a transfer of development rights program is not subject to appeal. Nothing in this subsection (4)~~((e))~~ (e) may be used as a basis to challenge the optional comprehensive plan or subarea plan policies authorized under this section.

(5)(a) Until July 1, ~~((2018))~~ 2029, a proposed development that meets the criteria of (b) of this subsection may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed the following time frames:

(i) Nineteen years from the date of issuance of the final environmental impact statement, for projects that are consistent with an optional element adopted by a city as of the effective date of this section; or

(ii) Ten years from the date of issuance of the final environmental impact statement, for projects that are consistent with an optional element adopted by a city after the effective date of this section.

(b) A proposed development may not be challenged, consistent with the timelines established in (a) of this subsection, so long as the development:

(i) Is consistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) or (2) of this section;

(ii) Sets aside or requires the occupancy of at least ten percent of the dwelling units, or a greater percentage as determined by city development regulations, within the development for low-income households at a sale price or rental amount that is considered affordable by a city's housing programs. This subsection (5)(b)(ii) applies only to projects that are consistent with an optional element adopted by a city pursuant to this section after the effective date of this section; and ~~((that))~~

(iii) Is environmentally reviewed under subsection (4) of this section ~~((may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed ten years from the date of issuance of the final environmental impact statement))~~.

~~((b))~~ (c) After July 1, ~~((2018))~~ 2029, the immunity from appeals under this chapter of any application that vests or will vest under this subsection or the ability to vest under this subsection is still valid, provided that the final subarea environmental impact statement is issued by July 1, ~~((2018))~~ 2029. After July 1, ~~((2018))~~ 2029, a city may continue to collect reimbursement fees under subsection (6) of this section for the proportionate share of a subarea

environmental impact statement issued prior to July 1, ~~((2018))~~ 2029.

(6) It is recognized that a city that prepares a nonproject environmental impact statement under subsection (4) of this section must endure a substantial financial burden. A city may recover or apply for a grant or loan to prospectively cover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under subsection (4) of this section through access to financial assistance under RCW 36.70A.490 or funding from private sources. In addition, a city is authorized to recover a portion of its reasonable expenses of preparation of such a nonproject environmental impact statement by the assessment of reasonable and proportionate fees upon subsequent development that is consistent with the plan and development regulations adopted under subsection (5) of this section, as long as the development makes use of and benefits ~~((from))~~ from, as described in subsection (5) of this section, ~~((from))~~ the nonproject environmental impact statement prepared by the city. Any assessment fees collected from subsequent development may be used to reimburse funding received from private sources. In order to collect such fees, the city must enact an ordinance that sets forth objective standards for determining how the fees to be imposed upon each development will be proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental impact statement. Any disagreement about the reasonableness or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development. The fee assessed by the city may be paid with the written stipulation "paid under protest" and if the city provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeal process.

(7) If a proposed development is inconsistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) of this section, the city shall require additional environmental review in accordance with this chapter.

**Sec. 64.** RCW 36.70A.490 and 2012 1st sp.s. c 1 s 309 are each amended to read as follows:

The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be spent only after appropriation. Moneys in the fund shall be used to make grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, ~~((or))~~ 36.70A.500, section 1 of this act, for costs associated with section 3 of this act, and to cover costs associated with the adoption of optional elements of comprehensive plans consistent with RCW 43.21C.420. Any payment of either principal or interest, or both, derived from loans made from this fund must be deposited into the fund.

**NEW SECTION. Sec. 65.** A new section is added to chapter 35.21 RCW to read as follows:

A city may not prohibit permanent supportive housing in areas where multifamily housing is permitted.

**NEW SECTION. Sec. 66.** A new section is added to chapter 35A.21 RCW to read as follows:

A code city may not prohibit permanent supportive housing in areas where multifamily housing is permitted.

**NEW SECTION. Sec. 67.** A new section is added to chapter 36.22 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a surcharge of two dollars and fifty cents shall be charged by the county auditor for each document recorded, which will be in addition to any other charge or surcharge allowed by law. The auditor shall remit the funds to the state treasurer to be deposited and used as follows:

(a) Through June 30, 2024, funds must be deposited into the growth management planning and environmental review fund created in RCW 36.70A.490 to be used first for grants for costs associated with section 1 of this act and for costs associated with section 3 of this act, and thereafter for any allowable use of the fund.

(b) Beginning July 1, 2024, sufficient funds must be deposited into the growth management planning and environmental review fund created in RCW 36.70A.490 for costs associated with section 3 of this act, and the remainder deposited into the home security fund account created in RCW 43.185C.060 to be used for maintenance and operation costs of: (i) Permanent supportive housing and (ii) affordable housing for very low-income and extremely low-income households. Funds may only be expended in cities that have taken action under section 1 of this act.

(2) The surcharge imposed in this section does not apply to: (a) Assignments or substitutions of previously recorded deeds of trust; (b) documents recording a birth, marriage, divorce, or death; (c) any recorded documents otherwise exempted from a recording fee or additional surcharges under state law; (d) marriage licenses issued by the county auditor; or (e) documents recording a federal, state, county, or city lien or satisfaction of lien.

(3) For purposes of this section, the terms "permanent supportive housing," "affordable housing," "very low-income households," and "extremely low-income households" have the same meaning as provided in RCW 36.70A.030.

**NEW SECTION. Sec. 68.** Section 11 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2019."

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2067 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.12.635 and 2016 c 80 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of chapter 42.56 RCW, the name or address of an individual vehicle or vessel owner shall not be released by the department, county auditor, or agency or firm authorized by the department except under the following circumstances:

(a) The requesting party is a business entity that requests the information for use in the course of business;

(b) The request is a written request that is signed by the person requesting disclosure that contains the full legal name and address of the requesting party, that specifies the purpose for which the information will be used; and

(c) The requesting party enters into a disclosure agreement with the department in which the party promises that the party will use the information only for the purpose stated in the request for the information; and that the party does not intend to use, or facilitate the use of, the information for the purpose of making any unsolicited business contact with a person named in the disclosed information. The term "unsolicited business contact" means a contact that is intended to result in, or promote, the sale of any goods or services to a person named in the disclosed information. The term does not apply to situations where the requesting party and such person have been involved in a business transaction prior to the date of the disclosure request and where the request is made in connection with the transaction.

(2) Where both a mailing address and residence address are recorded on the vehicle or vessel record and are different, only the mailing address will be disclosed. Both addresses will be disclosed in response to requests for disclosure from courts, law enforcement agencies, or government entities with enforcement, investigative, or taxing authority and only for use in the normal course of conducting their business.

(3) The disclosing entity shall retain the request for disclosure for three years.

(4)(a) Whenever the disclosing entity grants a request for information under this section by an attorney or private investigator, the disclosing entity shall provide notice to the vehicle or vessel owner, to whom the information applies, that the request has been granted. The notice must only include: (i) That the disclosing entity has disclosed the vehicle or vessel owner's name and address pursuant to a request made under this section; (ii) the date that the disclosure was made; and (iii) that the vehicle or vessel owner has five days from receipt of the notice to

contact the disclosing entity to determine the occupation of the requesting party.

(b) Except as provided in (c) of this subsection, the only information about the requesting party that the disclosing entity may disclose in response to a request made by a vehicle or vessel owner under (a) of this subsection is whether the requesting party was an attorney or private investigator. The request by the vehicle or vessel owner must be submitted to the disclosing entity within five days of receipt of the original notice.

(c) In the case of a vehicle or vessel owner who submits to the disclosing entity a copy of a valid court order restricting another person from contacting the vehicle or vessel owner or his or her family or household member, the disclosing entity shall provide the vehicle or vessel owner with the name and address of the requesting party.

(5) Any person who is furnished vehicle or vessel owner information under this section shall be responsible for assuring that the information furnished is not used for a purpose contrary to the agreement between the person and the department.

(6) This section shall not apply to requests for information by governmental entities or requests that may be granted under any other provision of this title expressly authorizing the disclosure of the names or addresses of vehicle or vessel owners. Requests from law enforcement officers for vessel record information must be granted. The disclosure agreement with law enforcement entities must provide that law enforcement may redisclose a vessel owner's name or address when trying to locate the owner of or otherwise deal with a vessel that has become a hazard.

(7) The department shall disclose vessel records for any vessel owned by a governmental entity upon request.

(8) This section shall not apply to title history information under RCW 19.118.170.

(9) The department shall charge a fee of two dollars for each record returned pursuant to a request made by a business entity under subsection (1) of this section and deposit the fee into the highway safety account.

(10) The department, county auditor, or agency or firm authorized by the department shall not release the name, any address, vehicle make, vehicle model, vehicle year, vehicle identification number, vessel make and model, vessel model year, hull identification number, vessel document number, vessel registration number, vessel decal number, or license plate number associated with an individual vehicle or vessel owner who is a participant in the address confidentiality program under chapter 40.24 RCW except as allowed in subsection (6) of this section and RCW 40.24.075.

**NEW SECTION. Sec. 2.** A new section is added to chapter 40.24 RCW to read as follows:

The department of licensing, county auditors, or agencies or firms authorized by the department of licensing may not disclose the name, any address, vehicle make,

vehicle model, vehicle year, vehicle identification number, vessel make and model, vessel model year, hull identification number, vessel document number, vessel registration number, vessel decal number, or license plate number associated with a program participant under the disclosure authority provided in RCW 46.12.635 except as allowed in RCW 46.12.635(6) or if provided with a court order as allowed in RCW 40.24.075.

**Sec. 3.** RCW 40.24.030 and 2011 c 64 s 2 are each amended to read as follows:

(1)(a) An adult person, a parent or guardian acting on behalf of a minor, or a guardian acting on behalf of an incapacitated person, as defined in RCW 11.88.010, and (b) any criminal justice participant as defined in RCW 9A.46.020 who is a target for threats or harassment prohibited under RCW 9A.46.020(2)(b) (iii) or (iv), and any family members residing with him or her, may apply to the secretary of state to have an address designated by the secretary of state serve as the person's address or the address of the minor or incapacitated person. The secretary of state shall approve an application if it is filed in the manner and on the form prescribed by the secretary of state and if it contains:

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1139 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS—INTENT.** (1) The legislature finds that discrete efforts are being made at state and local levels to address the educator shortage, but these efforts need to be streamlined and performed in concert, in order to enhance the effect of these recruitment and retention strategies.

(2) The legislature also reaffirms that excellent, effective educators and educator leaders are essential to the state's ongoing efforts to establish a world-class, globally competitive education system. As acknowledged in Engrossed Substitute House Bill No. 2261 (chapter 548, Laws of 2009), "Teachers, principals, and administrators must be provided with access to the opportunities they need to gain the knowledge and skills that will enable them to be increasingly successful in their classroom and schools. A system that clearly defines, supports, measures, and

recognizes effective teaching and leadership is one of the most important investments to be made."

(3) Therefore, the legislature intends to seize the challenges presented by the educator workforce shortage in Washington to build the capacity of the education system to attract, retain, support, and sustain successful educators through:

- (a) Intentional recruitment strategies;
- (b) Expanding educator training programs;
- (c) Focused financial incentives, assistance, and supports;
- (d) Responsive and responsible retention strategies; and
- (e) Deeper systems evaluation.

### PART I

#### RECRUITMENT—CHARACTERISTICS OF INDIVIDUALS

**NEW SECTION. Sec. 101. FINDINGS—INTENT.** (1) The legislature finds that effective educators who share their love of learning inspire students to enter into the education profession. The legislature further finds that every category and level of educator should support and inspire the next generation into careers in education.

(2) The legislature finds that a comprehensive effort is needed to repair the disjointed system for attracting persons into certificated educator professions. The legislature acknowledges that Washington is facing a short-term recruitment problem with the immediate need to fill classroom vacancies, but recognizes that it must also solve its long-term recruitment problem by creating a pipeline of interested persons entering into, and remaining in, the educator workforce.

(3) Therefore, the legislature intends to support a multipronged grow-your-own initiative to develop persons from the community, which includes programs that target middle and high school students, paraeducators, military personnel, and career changers who are subject matter experts, and that supports these persons to become educators. The initiative includes:

- (a) Improvements to existing programs and activities, including the recruiting Washington teachers program, the high school career and technical education course called careers in education, and the alternative route teacher certification programs; and
- (b) Development and implementation of additional programs and activities, including the coordination of existing resources that attract persons with needed skills and abilities, improving standards of practice, and reviewing barriers to recruitment.

### REGIONAL RECRUITERS

**NEW SECTION. Sec. 102.** A new section is added to chapter 28A.310 RCW to read as follows:

(1) For the purpose of this section, "educator" means a paraeducator, teacher, principal, administrator, superintendent, school counselor, school psychologist, school social worker, school nurse, school physical therapist, school occupational therapist, or school speech-language pathologist or audiologist.

(2) An educational service district may employ a person whose duties are to provide to local school districts the following services related to educator recruitment:

(a) Serve as a liaison between local school districts and educator preparation programs, between their region and other regions in the state, and between the local school districts and agencies that may be helpful in educator recruitment efforts, including the office of the superintendent of public instruction, the Washington professional educator standards board, the paraeducator board, the student achievement council, the state board for community and technical colleges, the state department of veterans affairs, the state military department, and the workforce training and education coordinating board;

(b) Encourage and support local school districts to develop or expand a recruiting Washington teachers program under RCW 28A.415.370, a career and technical education careers in education program, or an alternative route teacher certification program under chapter 28A.660 RCW;

(c) Provide outreach to community members who may be interested in becoming educators, including high school and college students, subject matter experts, and former military personnel and their spouses;

(d) Support persons interested in becoming educators by providing resources and assistance with navigating transition points on the path to a career in education; and

(e) Provide resources and technical assistance to local school districts on best hiring processes and practices.

(3) A person employed to provide the services described in subsection (2) of this section must be reflective of, and have an understanding of, the local community.

**NEW SECTION. Sec. 103.** A new section is added to chapter 28A.630 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction must administer the regional educator recruitment program. Grant awards of up to one hundred thousand dollars each must be awarded to the three educational service districts whose school districts have the least access to alternative route teacher certification programs under chapter 28A.660 RCW.

(b) Beginning September 1, 2019, the educational service districts in the program must employ a person with the duties and characteristics specified in section 102 of this

act. The educational service districts in the program must collaborate with the office of the superintendent of public instruction and the Washington association of educational service districts to prepare the report required in (c) of this subsection.

(c) By December 1, 2021, and in compliance with RCW 43.01.036, the office of the superintendent of public instruction, in collaboration with the Washington association of educational service districts, must evaluate the program and submit a report to the appropriate committees of the legislature. At a minimum, the report must: Summarize the activities of the educational service districts in the program with regard to educator recruitment, including the activities described in section 102 of this act, in comparison to the educator recruitment activities of the educational service districts not participating in the program; include any relevant outcome data that is available; and recommend whether the program should be modified, expanded to all educational service districts, or discontinued.

(2) This section expires July 1, 2022.

**PART II**

**FINANCIAL INCENTIVES, ASSISTANCE, AND SUPPORTS**

**NEW SECTION. Sec. 201. FINDINGS—INTENT.** (1) The legislature finds that financial incentives, assistance, and supports are essential to recruit and retain persons into educator positions within the public common school system. In order to have the most impact, these incentives, assistance, and supports must be related explicitly and directly to the legislature's objectives for recruiting and retaining an educator workforce that will best serve diverse student populations, as well as meet the state's short-term and long-term educator workforce needs.

(2) Therefore, the legislature intends to:

(a) Promote effective incentives, assistance, and supports;

(b) Remove barriers and disincentives; and

(c) Enhance and encourage capacity-building for and coordination between educator preparation programs and the public common school system, especially in underserved areas.

(3) The legislature finds that conditional scholarship and loan repayment programs are effective tools to attract persons into the profession of education and to encourage future teachers to seek certifications in shortage areas. Therefore, the legislature intends to utilize conditional scholarships to recruit candidates to meet targeted needs in education and to assist with keeping new educators in the profession during the early years of their career. The legislature recognizes that the state need grant does not meet the needs of many qualified students, so conditional scholarships are intended to be provided in a "last dollar in" model. The legislature also intends for loan repayment programs to help retain certificated educators who are already working in the public common schools.

(4) The legislature finds that the location and characteristics of a student teacher's field placement are strong predictors of where the teacher takes his or her first job. Therefore, the legislature intends to encourage the appropriate placement of student teachers, especially in high-need subject and geographic areas. In addition, the legislature intends to continue providing grants for student teachers at Title I public common schools.

#### FIELD PLACEMENTS

**Sec. 202.** RCW 28B.10.033 and 2016 c 233 s 10 are each amended to read as follows:

##### FIELD PLACEMENT PLANS.

(1) ~~((By July 1, 2018,)) (a) Each ((institution of higher education with a)) Washington professional educator standards board-approved teacher preparation program, including an alternative route teacher certification program, must develop a plan describing how the ~~((institution of higher education))~~ program will partner with school districts in the general geographic region of the ~~((school, or where its programs are offered,))~~ program regarding field placement of ((resident)) student teachers. The plans must be developed in collaboration with school districts desiring to partner with the ~~((institutions of higher education))~~ programs, and may include use of unexpended federal or state funds to support residencies and mentoring for students who are likely to continue teaching in the district in which they have a supervised ~~((student teaching residency))~~ field placement.~~

(b) Beginning July 1, 2020, the following goals must be considered when developing the plans required under this section:

(i) Field placement of student teachers should be targeted to high-need subject areas, including special education and English learner, and high-need geographic areas, including Title I and rural schools; and

(ii) Student teacher mentors should be highly effective as evidenced by the mentors having received level 3 or above on both criteria 3 (recognizing individual student learning needs and developing strategies to address those needs) and criteria 6 (using multiple student data elements to modify instruction and improve student learning) on their most recent comprehensive performance evaluation under RCW 28A.405.100. Student teacher mentors should also have received or be concurrently receiving professional development in mentoring skills.

(2) The plans required under subsection (1) of this section must be submitted to the Washington professional educator standards board and updated ((at least biennially)) by July 1st every even-numbered year.

(3) The Washington professional educator standards board shall post the plans and updates required under this section on its web site.

**NEW SECTION. Sec. 203.** A new section is added to chapter 28A.410 RCW to read as follows:

##### FIELD PLACEMENT PLANS.

Each Washington professional educator standards board-approved teacher preparation program, including an alternative route teacher certification program, must develop a plan regarding field placement of student teachers in accordance with RCW 28B.10.033.

**NEW SECTION. Sec. 204.** A new section is added to chapter 28A.630 RCW to read as follows:

The report must include policy recommendations to encourage or require the Washington professional educator standards board-approved teacher preparation programs to develop relationships with, and provide supervisory support for field placements of student teachers in, school districts that are not in the general geographic area of an approved teacher preparation program.

**NEW SECTION. Sec. 205.** A new section is added to chapter 28B.10 RCW to read as follows:

##### REMOTE SUPERVISION TECHNOLOGY.

(1) Subject to the availability of amounts appropriated for this specific purpose, Central Washington University shall acquire the necessary audiovisual technology and equipment for university faculty to remotely supervise student teachers in ten schools.

(2) A school selected for the purposes of remote supervision of student teachers under this section must be a rural public school that currently is unable to have student teachers from Central Washington University's teacher preparation program due to its geographic location.

(iii) Recommendations for modifying the grant program.

(b) The education data center must collaborate with the office to provide the data needed for the report required under this section.

(4) The office shall establish rules for administering the grants under this section.

(1) To the extent funds are appropriated, the Washington state principal internship support program is created beginning in the 1994-95 school year. The purpose of the program is to provide funds to school districts to provide partial release time for district employees who are in a principal preparation program to complete an internship

~~The superintendent of public instruction shall allocate any remaining unfilled positions and unspent funds among the educational service districts that have qualified candidates but not enough positions for them.~~

### TEACHER PREPARATION PROGRAM EXPANSION

NEW SECTION. Sec. 231. EXPAND ENROLLMENTS IN HIGH-NEED SUBJECTS AND LOCATIONS. The legislature recognizes the important role of teacher preparation programs in addressing the shortages in the educator career continuum. Through the omnibus appropriations act, the legislature intends to prioritize the

expansion of teacher preparation program enrollments in high-need subjects and high-need locations within the state, taking into consideration the community and technical colleges' capacity to contribute to teacher preparation.

### PART III

#### RETENTION STRATEGIES

NEW SECTION. Sec. 301. FINDINGS—INTENT. (1) The legislature finds that the most successful education systems have robust, well-prepared educators and educator leaders, with ample and relevant mentoring and professional learning opportunities appropriate to their roles and career aspirations. Further, the legislature finds that cultivating a public common school system that focuses on the growth of educator knowledge, skills, and dispositions to help students perform at high levels not only supports better professional practice, but results in greater professional satisfaction for educators.

(2) The legislature finds that excessively rigid policies have had the unintended consequence of preventing qualified and effective educators from remaining in the common schools. Barriers to educator retention, such as lack of induction and mentoring for beginning educators, a complicated and burdensome certification system, and frequent comprehensive performance evaluation requirements must be addressed. The legislature acknowledges that a substantial step towards reducing the barriers of complicated and burdensome certification requirements was taken in chapter 26, Laws of 2017 by creating a flexible option for renewing teacher and administrator certificates. However, continued legislative review and refinement of the link between certification programs, effective pedagogy, and professional satisfaction is necessary to strengthen educator retention efforts.

(3) Further efforts can also focus on the improvement of working conditions within schools and school districts. The legislature acknowledges that the demands on educators must be balanced with an encouragement of their excitement for the profession. The legislature intends to expand upon successful educator induction and mentoring programs such as the beginning educator support team program, and to streamline the teacher and principal evaluation program requirements for the highest performing educators.

(c) A goal to provide ~~((beginning teachers))~~ program participants from underrepresented populations with a mentor who has strong ties to underrepresented populations;

(d) Ongoing professional development ~~((for beginning educators that is))~~ designed to meet ~~((their))~~ the unique needs of each program participant for supplemental training and skill development;

(e) Initial and ongoing professional development for mentors;

(f) Release time for mentors and ~~((their designated educators))~~ program participants to work together, as well as time for ~~((educators))~~ program participants to observe accomplished peers; ~~((and))~~

(g) To the extent possible, a school or classroom assignment that is appropriate for a beginning principal, beginning educational staff associate, or beginning teacher;

(h) Nonevaluative observations with written feedback for program participants;

(i) Support in understanding and participating in the state and district evaluation process and using the instructional framework, leadership framework, or both, to promote growth;

(j) Adherence to research-based standards for beginning educator induction developed by the office of the superintendent of public instruction; and

(k) A program evaluation that identifies program strengths and gaps using ~~((a standard evaluation tool provided from the office of the superintendent of public instruction that measures increased knowledge, skills))~~ the standards for beginning educator induction, the retention of beginning educators, and positive impact on student ((learning)) growth for program participants.

(6) ~~((Subject to the availability of amounts appropriated for this specific purpose,))~~ The beginning educator support team program components under subsection ~~((3))~~ (5) of this section may be provided for continuous improvement coaching to support educators on probation under RCW 28A.405.100.

## EVALUATIONS

**Sec. 303.** RCW 28A.405.100 and 2012 c 35 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, the superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom

teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

(b) Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) ~~((Pursuant to the implementation schedule established in subsection (7)(c) of this section,))~~ Every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish ~~((revised))~~ evaluative criteria and a four-level rating system for all certificated classroom teachers.

(b) The minimum criteria shall include: (i) Centering instruction on high expectations for student achievement; (ii) demonstrating effective teaching practices; (iii) recognizing individual student learning needs and developing strategies to address those needs; (iv) providing clear and intentional focus on subject matter content and curriculum; (v) fostering and managing a safe, positive learning environment; (vi) using multiple student data elements to modify instruction and improve student learning; (vii) communicating and collaborating with parents and the school community; and (viii) exhibiting collaborative and collegial practices focused on improving instructional practice and student learning. Student growth data must be a substantial factor in evaluating the ~~((summative))~~ performance of certificated classroom teachers for at least three of the evaluation criteria listed in this subsection.

(c) The four-level rating system used to evaluate the certificated classroom teacher must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. The ~~((summative))~~ performance ratings shall be as follows: Level 1 - unsatisfactory; level 2 - basic; level 3 - proficient; and level 4 - distinguished. A classroom teacher shall receive one of the four ~~((summative))~~ performance ratings for each of the minimum criteria in (b) of this subsection and one of the four ~~((summative))~~ performance ratings for the evaluation as a whole, which shall be the comprehensive ~~((summative evaluation))~~ performance rating. ~~((By December 1, 2012,))~~ The superintendent of public instruction must adopt rules prescribing a common method for calculating the comprehensive ~~((summative evaluation))~~ performance rating for each of the preferred instructional frameworks, including for a focused performance evaluation under subsection (12) of this section, giving appropriate weight to

the indicators evaluated under each criteria and maximizing rater agreement among the frameworks.

(d) ~~((By December 1, 2012,))~~ The superintendent of public instruction shall adopt rules that provide descriptors for each of the ~~((summative))~~ performance ratings ~~((based on the development work of pilot school districts under subsection (7) of this section. Any subsequent changes to the descriptors by the superintendent may only be))~~ with updates to the rules made following consultation with ~~((a group broadly reflective of the parties represented))~~ the steering committee described in subsection (7)(a)(i) of this section.

(e) ~~((By September 1, 2012,))~~ The superintendent of public instruction shall identify up to three preferred instructional frameworks that support the ~~((revised))~~ four-level rating evaluation system. The instructional frameworks shall be research-based and establish definitions or rubrics for each of the four ~~((summative))~~ performance ratings for each evaluation criteria. Each school district must adopt one of the preferred instructional frameworks and post the selection on the district's web site. The superintendent of public instruction shall establish a process for approving minor modifications or adaptations to a preferred instructional framework that may be proposed by a school district.

(f) Student growth data that is relevant to the teacher and subject matter must be a factor in the evaluation process and must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. Student growth data elements may include the teacher's performance as a member of a grade-level, subject matter, or other instructional team within a school when the use of this data is relevant and appropriate. Student growth data elements may also include the teacher's performance as a member of the overall instructional team of a school when use of this data is relevant and appropriate. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(g) Student input may also be included in the evaluation process.

(3)(a) Except as provided in subsection (11) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, "employees" means classroom teachers and certificated support personnel except where otherwise specified.

(4)(a) At any time after October 15th, an employee whose work is not judged satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. For classroom teachers who ~~((have been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(e) of this section))~~ are required to be on the four-level rating evaluation system, the following comprehensive ~~((summative evaluation))~~ performance ratings based on the evaluation criteria in subsection (2)(b) of this section mean a classroom teacher's work is not judged satisfactory:

(i) Level 1; or

(ii) Level 2 if the classroom teacher is a continuing contract employee under RCW 28A.405.210 with more than five years of teaching experience and if the level 2 comprehensive ~~((summative evaluation))~~ performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.

(b) During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. Days may be added if deemed necessary to complete a program for improvement and evaluate the probationer's performance, as long as the probationary period is concluded before May 15th of the same school year. The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive ~~((summative evaluation))~~ performance rating as of May 15th of less than level 2. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency. Should the evaluator not authorize such additional evaluator, the probationer may request that an additional certificated employee evaluator become part of the probationary process and this request must be implemented by including an additional experienced evaluator assigned by the educational service district in which the school district is located and selected from a list of evaluation specialists compiled by the

educational service district. Such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. If a procedural error occurs in the implementation of a program for improvement, the error does not invalidate the probationer's plan for improvement or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance. The probationer must be removed from probation if he or she has demonstrated improvement to the satisfaction of the evaluator in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her program for improvement. A classroom teacher who ~~((has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(e) of this section))~~ is required to be on the four-level rating evaluation system must be removed from probation if he or she has demonstrated improvement that results in a new comprehensive ~~((summative evaluation))~~ performance rating of level 2 or above for a provisional employee or a continuing contract employee with five or fewer years of experience, or of level 3 or above for a continuing contract employee with more than five years of experience. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer constitutes grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

(c) When a continuing contract employee with five or more years of experience receives a comprehensive ~~((summative evaluation))~~ performance rating below level 2 for two consecutive years, the school district shall, within ten days of the completion of the second ~~((summative))~~ comprehensive ~~((comprehensive summative))~~ performance evaluation or May 15th, whichever occurs first, implement the employee notification of discharge as provided in RCW 28A.405.300.

(d) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and program for improvement, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. In the case of a classroom teacher who ~~((has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(e) of this section))~~ is required to be on the four-level rating evaluation system, the teacher may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year immediately following the completion of a probationary period that does not result in the required comprehensive ~~((summative evaluation))~~ performance ratings specified in (b) of this subsection. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

~~(6)(a) ((Pursuant to the implementation schedule established by subsection (7)(b) of this section,))~~ Every board of directors shall establish ~~((revised))~~ evaluative criteria and a four-level rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school culture that promotes the ongoing improvement of learning and teaching for students and staff; (ii) demonstrating commitment to closing the achievement gap; (iii) providing for school safety; (iv) leading the development, implementation, and evaluation of a data-driven plan for increasing student achievement, including the use of multiple student data elements; (v) assisting instructional staff with alignment of curriculum, instruction, and assessment with state and local district learning goals; (vi) monitoring, assisting, and evaluating effective instruction and assessment practices; (vii) managing both staff and fiscal resources to support student achievement and legal responsibilities; and (viii) partnering with the school community to promote student learning. Student growth data must be a substantial factor in evaluating the ~~((summative))~~ performance of the principal for at least three of the evaluation criteria listed in this subsection.

(c) The four-level rating system used to evaluate the principal must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. The ~~((summative))~~ performance ratings shall be as follows: Level 1 - unsatisfactory; level 2 - basic; level 3 - proficient; and level 4 - distinguished. A principal shall receive one of the four ~~((summative))~~ performance ratings for each of the minimum criteria in (b) of this subsection and one of the four ~~((summative))~~ performance ratings for the evaluation as a whole, which shall be the comprehensive ~~((summative evaluation))~~ performance rating.

~~(d) ((By December 1, 2012,))~~ The superintendent of public instruction shall adopt rules that provide descriptors for each of the ~~((summative))~~ performance ratings, ~~((based on the development work of pilot school districts under subsection (7) of this section. Any subsequent changes to the descriptors by the superintendent may only be))~~ with updates to the rules made following consultation with ((a group broadly reflective of the parties represented)) the steering committee described in subsection (7)(a)(i) of this section.

~~(e) ((By September 1, 2012,))~~ The superintendent of public instruction shall identify up to three preferred leadership frameworks that support the ~~((revised))~~ four-level rating evaluation system. The leadership frameworks shall be research-based and establish definitions or rubrics for each of the four performance ratings for each evaluation criteria. Each school district shall adopt one of the preferred leadership frameworks and post the selection on the district's web site. The superintendent of public instruction shall establish a process for approving minor modifications or adaptations to a preferred leadership framework that may be proposed by a school district.

(f) Student growth data that is relevant to the principal must be a factor in the evaluation process and must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(g) Input from building staff may also be included in the evaluation process.

~~(h) ((For principals who have been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(e) of this section,))~~ The following comprehensive ~~((summative evaluation))~~ performance ratings mean a principal's work is not judged satisfactory:

(i) Level 1; or

(ii) Level 2 if the principal has more than five years of experience in the principal role and if the level 2 comprehensive ~~((summative evaluation))~~ performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.

~~(7)(a) ((The superintendent of public instruction, in collaboration with state associations representing teachers, principals, administrators, school board members, and parents, to be known as the steering committee, shall create models for implementing the evaluation system criteria, student growth tools, professional development programs, and evaluator training for certificated classroom teachers and principals. Human resources specialists, professional development experts, and assessment experts must also be consulted. Due to the diversity of teaching assignments and the many developmental levels of students, classroom teachers and principals must be prominently represented in this work. The models must be available for use in the 2011-12 school year.~~

~~(b) A new certificated classroom teacher evaluation system that implements the provisions of subsection (2) of this section and a new principal evaluation system that implements the provisions of subsection (6) of this section shall be phased in beginning with the 2010-11 school year by districts identified in (d) of this subsection and implemented in all school districts beginning with the 2013-14 school year.~~

~~(c) Each school district board of directors shall adopt a schedule for implementation of the revised evaluation systems that transitions a portion of classroom teachers and~~

principals in the district to the revised evaluation systems each year beginning no later than the 2013-14 school year, until all classroom teachers and principals are being evaluated under the revised evaluation systems no later than the 2015-16 school year. A school district is not precluded from completing the transition of all classroom teachers and principals to the revised evaluation systems before the 2015-16 school year. The schedule adopted under this subsection (7)(c) must provide that the following employees are transitioned to the revised evaluation systems beginning in the 2013-14 school year:

(i) Classroom teachers who are provisional employees under RCW 28A.405.220;

(ii) Classroom teachers who are on probation under subsection (4) of this section;

(iii) Principals in the first three consecutive school years of employment as a principal;

(iv) Principals whose work is not judged satisfactory in their most recent evaluation; and

(v) Principals previously employed as a principal by another school district in the state of Washington for three or more consecutive school years and in the first full year as a principal in the school district.

(d) A set of school districts shall be selected by the superintendent of public instruction to participate in a collaborative process resulting in the development and piloting of new certificated classroom teacher and principal evaluation systems during the 2010-11 and 2011-12 school years. These school districts must be selected based on: (i) The agreement of the local associations representing classroom teachers and principals to collaborate with the district in this developmental work and (ii) the agreement to participate in the full range of development and implementation activities, including: Development of rubrics for the evaluation criteria and ratings in subsections (2) and (6) of this section; identification of or development of appropriate multiple measures of student growth in subsections (2) and (6) of this section; development of appropriate evaluation system forms; participation in professional development for principals and classroom teachers regarding the content of the new evaluation system; participation in evaluator training; and participation in activities to evaluate the effectiveness of the new systems and support programs. The school districts must submit to the office of the superintendent of public instruction data that is used in evaluations and all district collected student achievement, aptitude, and growth data regardless of whether the data is used in evaluations. If the data is not available electronically, the district may submit it in nonelectronic form. The superintendent of public instruction must analyze the districts' use of student data in evaluations, including examining the extent that student data is not used or is underutilized. The superintendent of public instruction must also consult with participating districts and stakeholders, recommend appropriate changes, and address statewide implementation issues. The superintendent of public instruction shall report evaluation system implementation status, evaluation data, and recommendations to appropriate committees of the

legislature and governor by July 1, 2011, and at the conclusion of the development phase by July 1, 2012. In the July 1, 2011, report, the superintendent shall include recommendations for whether a single statewide evaluation model should be adopted, whether modified versions developed by school districts should be subject to state approval, and what the criteria would be for determining if a school district's evaluation model meets or exceeds a statewide model. The report shall also identify challenges posed by requiring a state approval process.

(e)(i) The steering committee in subsection (7)(a) of this section and the pilot school districts in subsection (7)(d) of this section shall continue to examine implementation issues and refine tools for the new certificated classroom teacher evaluation system in subsection (2) of this section and the new principal evaluation system in subsection (6) of this section during the 2013-14 through 2015-16 implementation phase.

(ii) Particular attention shall be given to the following issues:

(A) Developing a report for the legislature and governor, due by December 1, 2013, of best practices and recommendations regarding how teacher and principal evaluations and other appropriate elements shall inform school district human resource and personnel practices. The legislature and governor are provided the opportunity to review the report and recommendations during the 2014 legislative session;

(B) Taking the new teacher and principal evaluation systems to scale and the use of best practices for statewide implementation;

(C) Providing guidance regarding the use of student growth data to assure it is used responsibly and with integrity;

(D) Refining evaluation system management tools, professional development programs, and evaluator training programs with an emphasis on developing rater reliability;

(E) Reviewing emerging research regarding teacher and principal evaluation systems and the development and implementation of evaluation systems in other states;

(F) Reviewing the impact that variable demographic characteristics of students and schools have on the objectivity, reliability, validity, and availability of student growth data; and

(G) Developing recommendations regarding how teacher evaluations could inform state policies regarding the criteria for a teacher to obtain continuing contract status under RCW 28A.405.210. In developing these recommendations the experiences of school districts and teachers during the evaluation transition phase must be considered. Recommendations must be reported by July 1, 2016, to the legislature and the governor.

(iii) To support the tasks in (e)(ii) of this subsection, the superintendent of public instruction may contract with an independent research organization with expertise in educator

~~evaluations and knowledge of the revised evaluation systems being implemented under this section.~~

~~(iv)) (i) The steering committee is composed of the following participants: State associations representing teachers, principals, administrators, school board members, and parents.~~

~~(ii) The superintendent of public instruction, in collaboration with the steering committee, shall periodically examine implementation issues and refine tools for the teacher and principal four-level rating evaluation systems, including professional learning that addresses issues of equity through the lens of the selected instructional and leadership frameworks.~~

~~(b) The superintendent of public instruction shall monitor the statewide implementation of ((revised)) teacher and principal four-level rating evaluation systems using data reported under RCW 28A.150.230 as well as periodic input from focus groups of administrators, principals, and teachers.~~

~~((v) The superintendent of public instruction shall submit reports detailing findings, emergent issues or trends, recommendations from the steering committee, and pilot school districts, and other recommendations, to enhance implementation and continuous improvement of the revised evaluation systems to appropriate committees of the legislature and the governor beginning July 1, 2013, and each July 1st thereafter for each year of the school district implementation transition period concluding with a report on December 1, 2016.)~~

(8)(a) Beginning with the 2015-16 school year, evaluation results for certificated classroom teachers and principals must be used as one of multiple factors in making human resource and personnel decisions. Human resource decisions include, but are not limited to: Staff assignment, including the consideration of an agreement to an assignment by an appropriate teacher, principal, and superintendent; and reduction in force. Nothing in this section limits the ability to collectively bargain how the multiple factors shall be used in making human resource or personnel decisions, with the exception that evaluation results must be a factor.

(b) The office of the superintendent of public instruction must, in accordance with RCW 43.01.036, report to the legislature and the governor regarding the school district implementation of the provisions of (a) of this subsection by December 1, ~~((2017)) 2019, and December 1, 2020.~~

(9) Each certificated classroom teacher and certificated support personnel shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

(10) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated classroom teachers and certificated support

personnel or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

(11) After a certificated classroom teacher ~~((or)) who is not required to be on the four-level rating evaluation system or a~~ certificated support personnel has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) or (2) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) or (2) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. A locally bargained short-form evaluation emphasizing professional growth must provide that the professional growth activity conducted by the certificated classroom teacher be specifically linked to one or more of the certificated classroom teacher evaluation criteria. However, the evaluation process set forth in subsection (1) or (2) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) or (2) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) or (2) of this section may be used as a basis for determining that an employee's work is not satisfactory under subsection (1) or (2) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise. ~~((The provisions of this subsection apply to certificated classroom teachers only until the teacher has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section.))~~

(12) ~~((A))~~ Certificated classroom teachers and principals who ~~((have been transitioned to the revised evaluation systems pursuant to the district implementation schedule adopted under subsection (7)(c) of this section))~~ are required to be on the four-level rating evaluation system must receive annual performance evaluations as provided in this subsection~~((:))~~ (12).

(a) ~~((All classroom teachers and principals shall receive a comprehensive summative evaluation at least once every four years.))~~ A comprehensive ~~((summative))~~ performance evaluation assesses all eight evaluation criteria and all criteria contribute to the comprehensive ~~((summative evaluation))~~ performance rating. Classroom teachers and principals must receive a comprehensive performance evaluation according to the schedule specified in (b) of this subsection.

(b)(i) Except as otherwise provided in this subsection (12)(b), classroom teachers and principals must receive a comprehensive performance evaluation at least once every six years.

~~((b))~~ (ii) The following ~~((categories))~~ types of classroom teachers and principals ~~((shall))~~ must receive an annual comprehensive ~~((summative))~~ performance evaluation:

~~((i))~~ (A) A classroom teacher~~((s))~~ who ~~((are))~~ is a provisional employee~~((s))~~ under RCW 28A.405.220;

~~((ii))~~ (B) A principal~~((s))~~ in the first three consecutive school years of employment as a principal;

~~((iii))~~ (C) A principal~~((s))~~ previously employed as a principal by another school district in the state of Washington for three or more consecutive school years and in the first full year as a principal in the school district; and

~~((iv-Any))~~ (D) A classroom teacher or principal who received a comprehensive ~~((summative evaluation))~~ performance rating of level 1 or level 2 in the previous school year.

(c)(i) In the years when a comprehensive ~~((summative))~~ performance evaluation is not required, classroom teachers and principals who received a comprehensive ~~((summative evaluation))~~ performance rating of level 3 or above in ~~((the previous school year))~~ their previous comprehensive performance evaluation are required to complete a focused performance evaluation. A focused performance evaluation includes an assessment of one of the eight criteria selected for a performance rating plus professional growth activities specifically linked to the selected criteria.

(ii) The selected criteria must be approved by the teacher's or principal's evaluator and may have been identified in a previous comprehensive ~~((summative))~~ performance evaluation as benefiting from additional attention. A group of teachers may focus on the same evaluation criteria and share professional growth activities. A group of principals may focus on the same evaluation criteria and share professional growth activities.

(iii) The evaluator must assign a ~~((comprehensive summative evaluation))~~ performance rating for the focused performance evaluation using the methodology adopted by the superintendent of public instruction for the instructional or leadership framework being used.

(iv) A teacher or principal may be transferred from a focused performance evaluation to a comprehensive ~~((summative))~~ performance evaluation at the request of the teacher or principal, or at the direction of the teacher's or principal's evaluator.

(v) Due to the importance of instructional leadership and assuring rater agreement among evaluators, particularly those evaluating teacher performance, school districts are encouraged to conduct comprehensive ~~((summative))~~ performance evaluations of principals ~~((performance))~~ on an annual basis.

(vi) A classroom teacher or principal may apply the focused performance evaluation professional growth activities toward the professional growth plan for ~~((professional))~~ certificate renewal as required by the Washington professional educator standards board.

(13) Each school district is encouraged to acknowledge and recognize classroom teachers and principals who have attained level 4 - distinguished performance ratings.

**Sec. 304.** RCW 28A.410.278 and 2012 c 35 s 4 are each amended to read as follows:

#### REDUCING TRAINING REQUIREMENTS.

(1)~~((a))~~ After August 31, 2013, candidates for a residency principal certificate must have demonstrated knowledge of teacher evaluation research and Washington's evaluation requirements and successfully completed opportunities to practice teacher evaluation skills.

~~((b))~~ (2) At a minimum, principal preparation programs must address the following knowledge and skills related to evaluations under RCW 28A.405.100:

~~((i))~~ (a) Examination of ~~((Washington))~~ teacher and principal evaluation criteria, and ~~((four-tiered performance))~~ four-level rating evaluation system, and the preferred instructional and leadership frameworks used to describe the evaluation criteria;

~~((ii))~~ (b) Classroom observations;

~~((iii))~~ (c) The use of student growth data and multiple measures of performance;

~~((iv))~~ (d) Evaluation conferencing;

~~((v))~~ (e) Development of classroom teacher and principal support plans resulting from an evaluation; and

~~((vi))~~ (f) Use of an online tool to manage the collection of observation notes, teacher and principal-submitted materials, and other information related to the conduct of the evaluation.

~~((2) Beginning September 1, 2016, the professional educator standards board shall incorporate in service training or continuing education on the revised teacher and principal evaluation systems under RCW 28A.405.100 as a requirement for renewal of continuing or professional level certificates, including requiring knowledge and competencies in teacher and principal evaluation systems as an aspect of professional growth plans used for certificate renewal.)~~

#### MICROCREDENTIALS

NEW SECTION. Sec. 305. A new section is added to chapter 28A.630 RCW to read as follows:

(1) By October 31, 2019, and in compliance with RCW 43.01.036, the Washington professional educator standards board must report to the appropriate committees of

the legislature on the results of the three microcredential pilot grant programs the board conducted during the 2018-19 academic year. #### PATHWAYS FOR EDUCATORS—THE COLLABORATIVE

NEW SECTION. Sec. 401. FINDINGS—INTENT. (1) The legislature finds that additional time and resources are necessary to establish a comprehensive and coordinated long-term vision that addresses Washington's demands for an excellent, effective educator workforce. The legislature recognizes that such an undertaking requires focused efforts to develop meaningful policy options to expand the current and future workforce supply.

(2) Therefore, the legislature intends to establish a professional educator collaborative, including a variety of stakeholders, to make recommendations on how to improve and strengthen state policies, programs, and pathways that

lead to highly effective educators at each level of the public common school system.

**NEW SECTION. Sec. 402.** A new section is added to chapter 28A.410 RCW to read as follows:

(1) For the purpose of this section, "educator" means a paraeducator, teacher, principal, administrator, superintendent, school counselor, school psychologist, school social worker, school nurse, school physical therapist, school occupational therapist, or school speech-language pathologist or audiologist. "Educator" includes persons who hold, or have held, certificates as authorized by rule of the Washington professional educator standards board.

(2)(a) The professional educator collaborative is established to make recommendations on how to improve and strengthen state policies, programs, and pathways that lead to highly effective educators at each level of the public school system.

(b) The collaborative shall examine issues related to educator recruitment, certification, retention, professional learning and development, leadership, and evaluation for effectiveness. The examination must consider what barriers and deterrents hinder the recruitment and retention of professional educators, including those from underrepresented populations. The collaborative shall also consider what incentives and supports could be provided at each stage of an educator's career to produce a more effective educational system. Specifically, the collaborative must review the following issues:

(i) Educator recruitment, including the role of school districts, community and technical colleges, preparation programs, and communities, and the efficacy of financial incentives and other types of support on recruitment;

(ii) Educator preparation, including traditional and alternative route program design and content, the role of community and technical colleges, field experience duration and quality, the efficacy of financial assistance and incentives, such as apprenticeship models or other methods of providing compensation to working candidates, on program completion, school district and community connections, and the need for and efficacy of academic and social support for students;

(iii) Educator certificate types and tiers, including requirements for an initial or first-tier certificate, requirements for advanced certificates, and requirements that are transferable between certificate types;

(v) Educator evaluation, including comparison to educator certificate renewal requirements to determine inconsistent or duplicative requirements or efforts,

implementation issues and tool refinement, and relationship with educator compensation;

(vi) Educator certificate reciprocity;

(vii) Professional learning and development opportunities, particularly for mid-career teachers;

(viii) Leadership in the education system, including best practices of high quality leaders, training for principals and administrators, and identifying and developing teachers as leaders; and

(ix) Systems monitoring, including collection of outcomes data on educator production, employment, and retention, and the value in a cost-benefit analysis of state recruitment and retention activities.

(3)(a) The members of the collaborative must include representatives of the following organizations:

(i) The two largest caucuses of the senate and the house of representatives, appointed by the president of the senate and the speaker of the house of representatives, respectively;

(c) The collaborative shall choose its chair or cochairs from among its members.

(d) The voting members of the collaborative, where appropriate, may consult with stakeholders, including representatives of other educator associations, or ask stakeholders to establish an advisory committee. Members of such an advisory committee are not entitled to expense reimbursement.

(e) The voting members of the collaborative must consult with the student achievement council's office of student financial assistance on issues related to financial incentives, assistance, and supports.

(4)(a) Staff support for the collaborative must be provided by the Washington professional educator standards

board, and from other state agencies, including the office of the superintendent of public instruction, if requested by the collaborative.

(b) The Washington professional educator standards board must convene the initial meeting of the collaborative within sixty days of the effective date of this section.

(5) The collaborative must contract with a nonprofit, nonpartisan institute that conducts independent, high quality research to improve education policy and practice and that works with policymakers, researchers, educators, and others to advance evidence-based policies that support equitable learning for each child for the purpose of consultation and guidance on meeting agendas and materials development, meeting facilitation, documenting collaborative discussions and recommendations, locating and summarizing useful policy and research documents, and drafting required reports.

(6) Legislative members of the collaborative are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7)(a) By November 1, 2020, and in compliance with RCW 43.01.036, the collaborative shall submit a preliminary report to the education committees of the legislature that makes recommendations on the educator certificate types, tiers, and renewal issues described in subsection (2) of this section. The report must also describe the activities of the collaborative to date, and include any preliminary recommendations agreed to by the collaborative on other issues described in subsection (2) of this section.

(b) By November 1, 2021, and in compliance with RCW 43.01.036, the collaborative shall submit a final report to the education committees of the legislature that describes the activities of the collaborative since the preliminary report and makes recommendations on each issue described in subsection (2) of this section, including the fiscal implications of each recommendation at the state and local level. The report must also describe the expected efficiencies achieved by implementing the recommended comprehensive and coordinated system.

(8) This section expires July 1, 2022.

**NEW SECTION. Sec. 403.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

**NEW SECTION. Sec. 404.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

#### MESSAGE FROM THE SENATE

April 17, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1893 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28B.50 RCW to read as follows:

(1)(a) Subject to availability of amounts appropriated for this specific purpose, the emergency assistance grant program is established to provide students of community and technical colleges monetary aid to assist students experiencing unforeseen emergencies or situations that affect the student's ability to attend classes.

(b) The college board shall administer the competitive grant program in accordance with this section.

(2) The college board shall establish eligibility criteria for community and technical colleges to apply for grants under the grant program. At a minimum, to be eligible for a grant, a community or technical college must:

(a) Demonstrate the need for grant funds. Demonstrating need may include producing demographic data on student income levels, the number of students experiencing food insecurity or homelessness, the number of students who meet the definition of "needy student" under RCW 28B.92.030, the number of students accessing the college's food pantry, if one is available, and other information specific to the student population;

(b) Ensure that students' access to emergency aid funds will be as low barrier as possible and will not require the student to have to fill out the free application for federal student aid to receive emergency funds. However, the

college must require the student to request assistance in writing;

(c) Allow flexibility in which students may apply for emergency aid funds. Students who may not meet the definition of "needy student" but who may be experiencing emergency situations must be able to apply for emergency aid funds; and

(d) Indicate how the college will prioritize the disbursement of emergency aid funds.

(3) In selecting grant recipients, the college board must consider a community or technical college's demonstration of need and the resources and programs already in existence at the college.

(4) A community or technical college shall use grant funds to provide students emergency aid in the form of monetary grants to assist the student in, for example, purchasing food, paying utilities or rent, paying for transportation, child care, or other goods or services that the student needs in order to continue to attend classes. Emergency aid under the grant program is considered a grant and a student is not required to reimburse the community or technical college.

(5) The college board must begin accepting applications for the grant program by December 1, 2019.

(6) The college board shall submit a report to the appropriate committees of the legislature beginning December 1, 2020, and each December 1st thereafter. At a minimum, the report must:

(a) Identify the community and technical colleges receiving grants and the amounts of the grants; and

(b) Summarize how the community and technical colleges distributed funds to students, and provide the number of students, the amounts, and the emergency conditions for which funds were granted.

**NEW SECTION. Sec. 2.** (1) The legislature finds that students who receive supplemental nutrition assistance program benefits in the form of an electronic benefit transfer card cannot use these benefits to purchase food items from on-campus food retail establishments at institutions of higher education. On-campus food retail establishments or point-of-sale locations such as cafeterias, bookstores, and cafes do not qualify as retail food stores under the federal food and nutrition act of 2008 because these on-campus food retail establishments either do not sell enough categories of staple foods or do not gross over fifty percent of their total sales from staple foods.

(2) The legislature recognizes that students perform better in classes when they are well-nourished, yet finds that students who receive supplemental nutrition assistance program benefits have to travel off campus to use their benefits at a participating vendor, incurring extra travel costs, reducing study time, and causing unnecessary stress.

(3) The legislature finds that this limitation on the use of supplemental nutrition assistance program benefits is

a barrier that prevents public and private institutions of higher education from providing equal access to food retail establishments on campuses to all students, faculty, and staff regardless of economic status. The legislature recognizes that eliminating this barrier is vital to assuring equal access to every aspect of Washington's public and private institutions of higher education.

(4) The legislature intends to have the department of social and health services request a waiver from the United States department of agriculture to allow students to use their electronic benefit transfer card at on-campus food retail establishments at Washington's public and private institutions of higher education.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.20A RCW to read as follows:

(1) The department shall, in consultation with the state board for community and technical colleges and the student achievement council, seek all necessary exemptions and waivers from and amendments to federal statutes, rules, and regulations, as set forth in this section. These exemptions and waiver requests shall seek to authorize Washington's public and private institutions of higher education to accept supplemental nutrition assistance program benefits in the form of an electronic benefit transfer card at the institutions' on-campus food retail establishments.

(2) The department shall report to the appropriate legislative committees quarterly on the efforts to secure the federal changes to permit full implementation of this act at the earliest possible date.

(3) In the event that the department is not able to obtain the necessary exemptions, waivers, or amendments referred to in subsection (1) of this section before January 1, 2020, this section expires on that date and has no further force or effect.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.20A RCW to read as follows:

(1)(a) For the purposes of community and technical college students' eligibility for the Washington basic food program, the department shall, in consultation with the state board for community and technical colleges, identify educational programs at the community and technical colleges that would meet the requirements of state-approved employment and training programs.

(b) In identifying educational programs, the department must consider science, technology, engineering, and mathematics programs and must be as inclusive as possible of other programs.

(c) The department shall maintain and regularly update a list of identified programs in accordance with 7 C.F.R. Sec. 273.5(b)(11), which provides that a student is eligible for an exemption from eligibility rules if the student's attendance can be described as part of a program to increase the student's employability.

(d) For the purposes of this section, and to the extent allowed by federal law, a student shall be anticipating participation through a work-study program if he or she can reasonably expect or foresee being assigned work-study employment. For the purposes of this subsection: "Anticipation participation" means a student has received approval of work-study as part of a financial aid package and has yet to receive notice from the institution of higher education that he or she has been denied participation in work-study; and "work-study" means the program created in chapter 28B.12 RCW.

(e) The department shall coordinate with the state board of community and technical colleges and the Washington state student achievement council to identify options that could confer categorical eligibility for students who receive state need grants that are funded through temporary assistance for needy families federal or state maintenance of effort dollars. By January 1, 2020, the department must provide a report to the appropriate committees of the legislature that identifies federal assistance options for state need grant recipients.

(2) If the United States department of agriculture requires federal approval of what constitutes state-approved employment and training programs for the purposes of basic food eligibility, the department shall seek federal approval.

**NEW SECTION. Sec. 5.** A new section is added to chapter 28B.92 RCW to read as follows:

(1) Each institution of higher education shall provide written notification to every student eligible for the state need grant or state work-study program of possible eligibility for the supplemental nutrition assistance program. The written notification must include information on how to apply for the supplemental nutrition assistance program.

(2) In the event the department of social and health services is not able to obtain the necessary exemptions, waivers, or amendments referred to in section 3 of this act before January 1, 2020, this section expires on that date and has no further force and effect.

**NEW SECTION. Sec. 6.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

**NEW SECTION. Sec. 7.** The department of social and health services must provide written notice of the expiration date of section 3 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department.

**NEW SECTION. Sec. 8.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 3 of the title, after "enrolled;" strike the remainder of the title and insert "adding a new section to chapter 28B.50 RCW; adding new sections to chapter 43.20A RCW; adding a new section to chapter 28B.92 RCW; creating new sections; and providing contingent expiration dates."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1893, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

April 17, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2097 with the following amendment:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** (1) It is the legislature's intent to support full recovery of gray wolves in Washington state in accordance with the department of fish and wildlife's 2011 wolf recovery and management plan and state law. It is also the legislature's intent to support the livestock industry and rural lifestyles and ensure that state agencies and residents have the tools necessary to support coexistence with wolves.

(2) The wolf plan requires that the department of fish and wildlife conduct a review of the effectiveness of the plan's implementation every five years. The legislature finds that because the regional recovery goals have been exceeded in the eastern Washington recovery region, but not yet in other regions, it is timely for the department of fish and wildlife to conduct a periodic status review and recommend to the state fish and wildlife commission whether a change in status is warranted.

(3) Furthermore, the legislature recognizes that management of wolf-livestock conflict is key to both wolf recovery and public acceptance of wolves in rural areas and that as the wolf population grows, and even after it achieves recovery, stable and adequate funding for nonlethal wolf deterrence will be needed to support livestock producers and the livestock industry and minimize the need for lethal removal of wolves. As such, it is the intent of the legislature, regardless of the listing status of gray wolves, to continue to sufficiently fund nonlethal deterrents for minimizing depredation of livestock by wolves. Proactive deterrence and community collaboration, as set forth in RCW 16.76.020, are necessary to reduce conflict between wolves and livestock and will be important for maintaining the economic viability of the livestock industry, the state's wolf populations, and public acceptance of wolves in northeast Washington after wolves have recovered and have been delisted.

(4) Further, the legislature intends to expand funding and personnel resources in the department of fish and wildlife for similar nonlethal deterrent efforts to mitigate conflicts statewide, as wolves recover in the remainder of the state beyond northeast Washington.

**NEW SECTION. Sec. 2.** A new section is added to chapter 77.12 RCW to read as follows:

The department shall implement conflict mitigation guidelines that distinguish between wolf recovery regions, identified in the 2011 wolf conservation and management plan, that are at or above the regional recovery objective and wolf recovery regions that are below the regional recovery objective. In developing conflict management guidelines, the department shall consider the provisions of its 2011 wolf recovery and management plan, and all regional plans must include proactive nonlethal deterrents regardless of listing status.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.36 RCW to read as follows:

The department shall maintain sufficient staff resources in Ferry and Stevens counties for response to wolf-livestock conflict on an ongoing basis and for coordination with livestock producers on the continued implementation of proactive nonlethal deterrents.

**Sec. 4.** RCW 16.76.020 and 2017 c 257 s 3 are each amended to read as follows:

(1) The northeast Washington wolf-livestock management grant is created within the department. Funds from the grant program must be used only for the deployment of nonlethal deterrence resources in any Washington county east of the crest of the Cascade mountain range that shares a border with Canada, including human presence, and locally owned and deliberately located equipment and tools.

(2)(a) A four-member advisory board is established to advise the department on the expenditure of the northeast Washington wolf-livestock management grant funds. Advisory board members must be knowledgeable about wolf depredation issues, and have a special interest in the use of nonlethal wolf management techniques. Board members are unpaid, are not state employees, and are not eligible for reimbursement for subsistence, lodging, or travel expenses incurred in the performance of their duties as board members. The director must appoint each member to the board for a term of two years. Board members may be reappointed for subsequent two-year terms. The following board members must be appointed by the director in consultation with each applicable conservation district and the legislators in the legislative district encompassing each county:

(i) One Ferry county conservation district board member or staff member;

(ii) One Stevens county conservation district board member or staff member;

(iii) One Pend Oreille conservation district board member or staff member; and

(iv) One Okanogan conservation district board member or staff member.

(b) If no board member or staff member qualifies under this section, the director must appoint a resident of the applicable county to serve on the board.

(c) Board members may not:

(i) Directly benefit, in whole or in part, from any contract entered into or grant awarded under this section; or

(ii) Directly accept any compensation, gratuity, or reward in connection with such a contract from any other person with a beneficial interest in the contract.

(3) The board must help direct funding for the deployment of nonlethal deterrence resources, including human presence, and locally owned and deliberately located equipment and tools. Funds may only be distributed to nonprofit community-based collaborative organizations that have advisory boards that include personnel from relevant agencies including, but not limited to, the United States forest service and the Washington department of fish and wildlife (~~(, or to individuals that are willing to receive technical assistance from the same agencies)~~).

(4) To ensure accountability and efficient use of funds between agencies involved in wolf-livestock management, the department must maintain a list of grants awarded under this section and at least annually share the list with the department of fish and wildlife.

**NEW SECTION. Sec. 5.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "recovery;" strike the remainder of the title and insert "amending RCW 16.76.020; adding a new section to chapter 77.12 RCW; adding a new section to chapter 77.36 RCW; and creating new sections."

and the same is herewith transmitted.

Brad Hendrickson, Secretary

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.60.810 and 2015 3rd sp.s. c 14 s 3 are each amended to read as follows:

(1) The department shall use a modified request for proposals process when purchasing new auto ferries, except for new 144-auto ferries purchased through an option on a contract executed before July 6, 2015, whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (3) of this section.

(2) Throughout the three phases described in subsection (3) of this section, the department shall employ an independent owner's representative to serve as a third-party intermediary between the department and the proposers, and subsequently the successful proposer. However, this representative shall serve only during the development and construction of the first vessel constructed as part of a new class of vessels developed after July 6, 2015. The independent owner's representative shall:

(a) Serve as the department's primary advocate and communicator with the proposers and successful proposer;

(b) Perform project quality oversight;

(c) Manage any change order requests;

(d) Ensure that the contract is adhered to and the department's best interests are considered in all decisions; and

(e) Possess knowledge of and experience with inland waterways, Puget Sound vessel operations, the propulsion system of the new vessels, and Washington state ferries operations.

(3) The definitions in this subsection apply throughout RCW 47.60.812 through 47.60.822.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries.

(4) The department may modify an existing option contract executed prior to July 6, 2015, to allow for the purchase of up to five additional 144-auto ferries, for a total of nine 144-auto ferries. The department must execute a new modification to an existing option contract for each of the additional five ferries.

NEW SECTION. Sec. 2. A new section is added to chapter 47.60 RCW to read as follows:

(1) To increase small business participation in ferry vessel procurement, the Washington state department of transportation's office of equal opportunity shall develop and monitor a state small business enterprise enforceable goals

program. Pursuant to this program, the office shall establish contract goals for ferry vessel procurement. The contract goal is defined as a percentage of the contract award amount that the prime contractor must meet by subcontracting with small business enterprises. The enforceable goal for all ferry vessel procurement contracts will be set by the office. Prime contractors unable to meet the enforceable goal must submit evidence of good faith efforts to meet the contract goal to the small business enterprise enforceable goals program.

(2) Small business enterprises intending to benefit from the small business enterprise enforceable goals program established in subsection (1) of this section must meet the definition of "small business" in RCW 39.26.010. Prime contractors will enter all subcontractor payments into the office's diversity management and compliance system. The office of equal opportunity shall monitor program performance.

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.

(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) Fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

(6) The commission may not raise fares until the fare rules contain pricing policies developed under RCW 47.60.290, or September 1, 2009, whichever is later.

(7) The commission shall impose a vessel replacement surcharge of twenty-five cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares. This surcharge must be clearly indicated to ferry passengers and drivers and, if possible, on the fare media itself.

(8) Beginning May 1, 2020, the commission shall impose an additional vessel replacement surcharge in an amount sufficient to fund twenty-five year debt service on one 144-auto hybrid vessel taking into account funds provided in chapter . . . (HB 1789), Laws of 2019 or chapter . . . (SSB 5419), Laws of 2019. The department of transportation shall provide to the commission vessel and debt service cost estimates. Information on vessels constructed or purchased with revenue from the surcharges must be publicly posted including, but not limited to, the commission web site.

(9) The vessel replacement surcharges imposed in this section may only be used for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of new ferry vessels."

**MESSAGE FROM THE SENATE**

April 24, 2019

MR. SPEAKER:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696 to second reading for purpose of amendment(s). The Senate further adopted amendment 1696-S.E AMS KEIS S4376.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 49.58.005 and 2018 c 116 s 1 are each amended to read as follows:

(1) The legislature finds that despite existing equal pay laws, there continues to be a gap in wages and advancement opportunities among workers in Washington, especially women. Income disparities limit the ability of women to provide for their families, leading to higher rates of poverty among women and children. The legislature finds that in order to promote fairness among workers, employees must be compensated equitably. Further, policies that encourage retaliation or discipline towards workers who discuss or inquire about compensation prevent workers from moving forward.

(2) The legislature intends to update the existing Washington state equal pay act, not modified since 1943, to address income disparities, employer discrimination, and retaliation practices, and to reflect the equal status of all workers in Washington state.

(3) The legislature finds that:

(a) The long-held business practice of inquiring about salary history has contributed to persistent earning inequalities;

(b) Historically, women have been offered lower initial pay than men for the same jobs even where their levels of education and experience are the same or comparable; and

(c) Lower starting salaries translate into lower pay, less family income, and more children and families in poverty.

(4) The legislature therefore intends to follow multiple other states and take the additional step towards gender equality by prohibiting an employer from seeking the

wage or salary history of an applicant for employment in certain circumstances. Further, the legislature intends to require an employer to provide wage and salary information to applicants and employees.

**NEW SECTION. Sec. 2.** A new section is added to chapter 49.58 RCW to read as follows:

(1) An employer may not:

(a) Seek the wage or salary history of an applicant for employment from the applicant or a current or former employer; or

(b) Require that an applicant's prior wage or salary history meet certain criteria, except as provided in subsection (2) of this section.

(2) An employer may confirm an applicant's wage or salary history:

(a) If the applicant has voluntarily disclosed the applicant's wage or salary history; or

(b) After the employer has negotiated and made an offer of employment with compensation to the applicant.

(3) An individual is entitled to the remedies in RCW 49.58.060 and 49.58.070 for violations of this section. Recovery of any wages and interest must be calculated from the first date wages were owed to the employee.

**NEW SECTION. Sec. 3.** A new section is added to chapter 49.58 RCW to read as follows:

(1) Upon request of an applicant for employment after the employer has initially offered the applicant the position, the employer must provide the minimum wage or salary for the position for which the applicant is applying.

(2) Upon request of an employee offered an internal transfer to a new position or promotion, the employer must provide the wage scale or salary range for the employee's new position.

(3) If no wage scale or salary range exists, the employer must provide the minimum wage or salary expectation set by the employer prior to posting the position, making a position transfer, or making the promotion.

(4) This section only applies to employers with fifteen or more employees.

(5) An individual is entitled to the remedies in RCW 49.58.060 and 49.58.070 for violations of this section. Recovery of any wages and interest must be calculated from the first date wages were owed to the employee.

**NEW SECTION. Sec. 4.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 5.** A new section is added to chapter 49.58 RCW to read as follows:

This chapter may be known and cited as the Washington equal pay and opportunities act."

On page 1, line 1 of the title, after "information;" strike the remainder of the title and insert "amending RCW 49.58.005; and adding new sections to chapter 49.58 RCW."

and the same is herewith transmitted.

(1) A court created under chapter 3.30, 3.46, 3.50, or 35.20 RCW may create a youth court. The youth court shall have concurrent jurisdiction over traffic ~~((and))~~ infractions, transit infractions, and civil infractions alleged to have been committed by juveniles age ~~((sixteen or))~~ twelve through seventeen. The court may refer a juvenile to the youth court upon request of any party or upon its own motion. (2) To be referred to a youth court pursuant to this chapter, a juvenile:

~~(a) ((May not have had a prior traffic or transit infraction referred to a youth court;~~

(1) A youth court agreement shall be a contract between a juvenile accused of a traffic ~~((or))~~ infraction, transit infraction, or civil infraction and a court whereby the juvenile agrees to fulfill certain conditions imposed by a youth court in lieu of a determination that a traffic ~~((or))~~ infraction, transit infraction, or civil infraction occurred. Such agreements may be entered into only after the law enforcement authority has determined that probable cause exists to believe that a traffic ~~((or))~~ infraction, transit infraction, or civil infraction has been committed and that the juvenile committed it. A youth court agreement shall be reduced to writing and signed by the court and the youth accepting the terms of the agreement. Such agreements shall be entered into as expeditiously as possible.

(2) Conditions imposed on a juvenile by a youth court shall be limited to one or more of the following:

(a) Community service not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(c) A monetary penalty, not to exceed one hundred dollars. All monetary penalties assessed and collected under this section shall be deposited and distributed in the same manner as costs, fines, forfeitures, and penalties are assessed and collected under RCW 2.68.040, 3.46.120, 3.50.100, 3.62.020, 3.62.040, 35.20.220, and 46.63.110(7), regardless of the juvenile's successful or unsuccessful completion of the youth court agreement;

(10) If a monetary penalty required by a youth court agreement cannot reasonably be paid due to a lack of financial resources of the youth, the court may convert any or all of the monetary penalty into community service. The modification of the youth court agreement shall be in writing and signed by the juvenile and the court. The number of hours of community service in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1224, concerning prescription drug cost transparency, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted.

and that the bill do pass as recommended by the Conference Committee:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the state of Washington has substantial public interest in the following:

(2) Enacting this chapter to provide notice and disclosure of information relating to the cost and pricing of prescription drugs in order to provide accountability to the state for prescription drug pricing;

(3) Rising drug costs and consumer ability to access prescription drugs; and

(4) Containing prescription drug costs. It is essential to understand the drivers and impacts of these costs, as transparency is typically the first step toward cost containment and greater consumer access to needed prescription drugs.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Covered drug" means any prescription drug that:

(a) A covered manufacturer intends to introduce to the market at a wholesale acquisition cost of ten thousand dollars or more for a course of treatment lasting less than one month or a thirty-day supply, whichever period is longer; or

(b) Is currently on the market, is manufactured by a covered manufacturer, and has a wholesale acquisition cost of more than one hundred dollars for a course of treatment lasting less than one month or a thirty-day supply, and, taking into account only price increases that take effect after the effective date of this section, the manufacturer increases the wholesale acquisition cost at least:

(i) Twenty percent, including the proposed increase and the cumulative increase over one calendar year prior to the date of the proposed increase; or

(ii) Fifty percent, including the proposed increase and the cumulative increase over three calendar years prior to the date of the proposed increase.

(3) "Covered manufacturer" means a person, corporation, or other entity engaged in the manufacture of prescription drugs sold in or into Washington state. "Covered manufacturer" does not include a private label distributor or retail pharmacy that sells a drug under the retail pharmacy's store, or a prescription drug repackager.

(4) "Health care provider," "health plan," "health carrier," and "carrier" mean the same as in RCW 48.43.005.

(5) "Pharmacy benefit manager" means the same as in RCW 19.340.010.

(6) "Pharmacy services administrative organization" means an entity that contracts with a pharmacy to act as the pharmacy's agent with respect to matters involving a pharmacy benefit manager, third-party payor, or other entities, including negotiating, executing, or administering contracts with the pharmacy benefit manager, third-party payor, or other entities and provides administrative services to pharmacies.

(7) "Prescription drug" means a drug regulated under chapter 69.41 or 69.50 RCW, including generic, brand name,

specialty drugs, and biological products that are prescribed for outpatient use and distributed in a retail setting.

(8) "Qualifying price increase" means a price increase described in subsection (2)(b) of this section.

(9) "Wholesale acquisition cost" or "price" means, with respect to a prescription drug, the manufacturer's list price for the drug to wholesalers or direct purchasers in the United States, excluding any discounts, rebates, or reductions in price, for the most recent month for which the information is available, as reported in wholesale price guides or other publications of prescription drug pricing.

NEW SECTION. Sec. 3. HEALTH CARRIER REPORTING. Beginning October 1, 2019, and on a yearly basis thereafter, a health carrier must submit to the authority the following prescription drug cost and utilization data for the previous calendar year for each health plan it offers in the state:

(1) The twenty-five prescription drugs most frequently prescribed by health care providers participating in the plan's network;

(2) The twenty-five costliest prescription drugs expressed as a percentage of total plan prescription drug spending, and the plan's total spending for each of these prescription drugs;

(3) The twenty-five drugs with the highest year-over-year increase in wholesale acquisition cost, excluding drugs made available for the first time that plan year, and the percentages of the increases for each of these prescription drugs;

(4) The portion of the premium that is attributable to each of the following categories of covered prescription drugs, after accounting for all rebates and discounts:

(a) Brand name drugs;

(b) Generic drugs; and

(c) Specialty drugs;

(5) The year-over-year increase, calculated on a per member, per month basis and expressed as a percentage, in the total annual cost of each category of covered drugs listed in subsection (4) of this section, after accounting for all rebates and discounts;

(6) A comparison, calculated on a per member, per month basis, of the year-over-year increase in the cost of covered drugs to the year-over-year increase in the costs of other contributors to premiums, after accounting for all rebates and discounts;

(c) Actual total reimbursement amounts for each drug the pharmacy benefit manager pays retail pharmacies after all direct and indirect administrative and other fees that have been retrospectively charged to the pharmacies are applied;

(d) The negotiated price health plans pay the pharmacy benefit manager for each drug on the pharmacy benefit manager's formularies;

(e) The amount, terms, and conditions relating to copayments, reimbursement options, and other payments or fees associated with a prescription drug benefit plan;

(a) The wholesale acquisition cost of the drug at the time of acquisition and in the calendar year prior to acquisition; and

Sarah Bannister, Deputy Secretary

There being no objection, the House reverted to the sixth order of business.

### SECOND READING

**SECOND SUBSTITUTE SENATE BILL NO. 5602, by Senate Committee on Ways & Means (originally sponsored by Randall, Wilson, C., Nguyen, Das, Saldaña, Cleveland, Takko, Kuderer, Hasegawa, Rolfes, Van De Wege, Keiser, Hunt, Wellman, Billig, Dhingra, Conway, Pedersen, Frockt, Salomon, Palumbo, Darneille, McCoy, Liias, Mullet and Carlyle)**

**Eliminating barriers to reproductive health care for all.**

Representative Macri moved the adoption of the striking amendment (779):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds and declares:

(1) It is the public policy of this state to provide the maximum access to reproductive health care and reproductive health care coverage for all people in Washington state.

(2) In 2018, the legislature passed Substitute Senate Bill No. 6219. Along with reproductive health care coverage requirements, the bill mandated a literature review of barriers to reproductive health care. As documented by the report submitted to the legislature on January 1, 2019, young people, immigrants, people living in rural communities, transgender and gender nonconforming people, and people of color still face significant barriers to getting the reproductive health care they need.

(3) Washingtonians who are transgender and gender nonconforming have important reproductive health care needs as well. These needs go unmet when, in the process of seeking care, transgender and gender nonconforming people are stigmatized or are denied critical health services because of their gender identity or expression.

(4) The literature review mandated by Substitute Senate Bill No. 6219 found that, "[a]ccording to 2015 U.S. Transgender Survey data, thirty-two percent of transgender respondents in Washington State reported that in the previous year they did not see a doctor when needed because they could not afford it."

(5) Existing state law should be enhanced to ensure greater coverage of and timely access to reproductive health care for the benefit of all Washingtonians, regardless of gender identity or expression.

(6) Because stigma is also a key barrier to access to reproductive health care, all Washingtonians, regardless of gender identity, should be free from discrimination in the provision of health care services, health care plan coverage, and in access to publicly funded health coverage.

(7) All people should have access to robust reproductive health services to maintain and improve their reproductive health.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

(1) In the provision of reproductive health care services through programs under this chapter, the authority, managed care plans, and providers that administer or deliver such services may not discriminate in the delivery of a service provided through a program of the authority based on the covered person's gender identity or expression.

(2) The authority and any managed care plans delivering or administering services purchased or contracted for by the authority, may not issue automatic initial denials of coverage for reproductive health care services that are ordinarily or exclusively available to individuals of one gender, based on the fact that the individual's gender assigned at birth, gender identity, or gender otherwise recorded in one or more government-issued documents, is different from the one to which such health services are ordinarily or exclusively available.

(3) Denials as described in subsection (2) of this section are prohibited discrimination under chapter 49.60 RCW.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Gender expression" means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's gender assigned at birth.

(b) "Gender identity" means a person's internal sense of the person's own gender, regardless of the person's gender assigned at birth.

(c) "Reproductive health care services" means any medical services or treatments, including pharmaceutical and preventive care service or treatments, directly involved in the reproductive system and its processes, functions, and organs involved in reproduction, in all stages of life. Reproductive health care services does not include infertility treatment.

(d) "Reproductive system" includes, but is not limited to: Genitals, gonads, the uterus, ovaries, fallopian tubes, and breasts.

(5) This section must not be construed to authorize discrimination on the basis of a covered person's gender identity or expression in the administration of any other medical assistance programs administered by the authority.

**Sec. 3.** RCW 48.43.072 and 2018 c 119 s 2 are each amended to read as follows:

(1) A health plan (~~issued or renewed on or after January 1, 2019,~~) or student health plan, including student health plans deemed by the insurance commissioner to have a short-term limited purpose or duration or to be guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, shall provide coverage for:

(a) All contraceptive drugs, devices, and other products, approved by the federal food and drug administration, including over-the-counter contraceptive drugs, devices, and products, approved by the federal food and drug administration. This includes condoms, regardless of the gender or sexual orientation of the covered person, and regardless of whether they are to be used for contraception or exclusively for the prevention of sexually transmitted infections;

(b) Voluntary sterilization procedures;

(c) The consultations, examinations, procedures, and medical services that are necessary to prescribe, dispense, insert, deliver, distribute, administer, or remove the drugs, devices, and other products or services in (a) and (b) of this subsection((-);

(d) The following preventive services:

(i) Screening for physical, mental, sexual, and reproductive health care needs that arise from a sexual assault; and

(ii) Well-person preventive visits;

(e) Medically necessary services and prescription medications for the treatment of physical, mental, sexual, and reproductive health care needs that arise from a sexual assault; and

(f) The following reproductive health-related over-the-counter drugs and products approved by the federal food and drug administration: Prenatal vitamins for pregnant persons; and breast pumps for covered persons expecting the birth or adoption of a child.

(2) The coverage required by subsection (1) of this section:

(a) May not require copayments, deductibles, or other forms of cost sharing((-);

(i) Except for:

(A) The medically necessary services and prescription medications required by subsection (1)(e) of this section; and

(B) The drugs and products in subsection (1)(f) of this section; or

(ii) Unless the health plan is offered as a qualifying health plan for a health savings account. For such a qualifying health plan, the carrier must establish the plan's cost sharing for the coverage required by subsection (1) of this section at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from ((his or her)) the enrollee's health savings account under internal revenue service laws and regulations; and

(b) May not require a prescription to trigger coverage of over-the-counter contraceptive drugs, devices, and products, approved by the federal food and drug administration, except those reproductive health related drugs and products as set forth in subsection (1)(f) of this section.

(3) A health carrier may not deny the coverage required in subsection (1) of this section because an enrollee changed ((his or her)) the enrollee's contraceptive method within a twelve-month period.

(4) Except as otherwise authorized under this section, a health benefit plan may not impose any restrictions or delays on the coverage required under this section, such as medical management techniques that limit enrollee choice in accessing the full range of contraceptive drugs, devices, or other products, approved by the federal food and drug administration.

(5) Benefits provided under this section must be extended to all enrollees, enrolled spouses, and enrolled dependents.

(6) This section may not be construed to allow for denial of care on the basis of race, color, national origin, sex, sexual orientation, gender expression or identity, marital status, age, citizenship, immigration status, or disability.

(7) A health plan or student health plan, including student health plans deemed by the insurance commissioner to have a short-term limited purpose or duration or to be guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, issued or renewed on or after January 1, 2021, may not issue automatic initial denials of coverage for reproductive health care services that are ordinarily or exclusively available to individuals of one gender, based on the fact that the individual's gender assigned at birth, gender identity, or gender otherwise recorded in one or more government-issued documents, is different from the one to which such health services are ordinarily or exclusively available.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Gender expression" means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's gender assigned at birth.

(b) "Gender identity" means a person's internal sense of the person's own gender, regardless of the person's gender assigned at birth.

(c) "Reproductive health care services" means any medical services or treatments, including pharmaceutical and preventive care service or treatments, directly involved in the reproductive system and its processes, functions, and organs involved in reproduction, in all stages of life. Reproductive health care services does not include infertility treatment.

(d) "Reproductive system" includes, but is not limited to: Genitals, gonads, the uterus, ovaries, fallopian tubes, and breasts.

(e) "Well-person preventive visits" means the preventive annual visits recommended by the federal health resources and services administration women's preventive services guidelines, with the understanding that those visits

must be covered for women, and when medically appropriate, for transgender, nonbinary, and intersex individuals.

(9) This section may not be construed to authorize discrimination on the basis of gender identity or expression, or perceived gender identity or expression, in the provision of nonreproductive health care services.

(10) The commissioner, under RCW 48.30.300, and the human rights commission, under chapter 49.60 RCW shall share enforcement authority over complaints of discrimination under this section as set forth in RCW 49.60.178.

(11) The commissioner may adopt rules to implement this section.

**NEW SECTION. Sec. 4.** A new section is added to chapter 48.43 RCW to read as follows:

(1) The legislature intends to codify the state's current practice of requiring health carriers to bill enrollees with a single invoice and to segregate into a separate account the premium attributable to abortion services for which federal funding is prohibited. Washington has achieved full compliance with section 1303 of the federal patient protection and affordable care act by requiring health carriers to submit a single invoice to enrollees and to segregate into a separate account the premium amounts attributable to coverage of abortion services for which federal funding is prohibited. Further, section 1303 states that the act does not preempt or otherwise have any effect on state laws regarding the prohibition of, or requirement of, coverage, funding, or procedural requirements on abortions.

(2) In accordance with RCW 48.43.073 related to requirements for coverage and funding of abortion services, an issuer offering a qualified health plan must:

(a) Bill enrollees and collect payment through a single invoice that includes all benefits and services covered by the qualified health plan; and

(b) Include in the segregation plan required under applicable federal and state law a certification that the issuer's billing and payment processes meet the requirements of this section.

**NEW SECTION. Sec. 5.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void.

**NEW SECTION. Sec. 6.** This act may be known and cited as the reproductive health care access for all act.

**NEW SECTION. Sec. 7.** (1) Section 2 of this act takes effect January 1, 2020.

(2) Section 3 of this act takes effect January 1, 2021.

**NEW SECTION. Sec. 8.** Section 4 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."
